[Chapter 4091: Demon God](#)

Supreme class, who would it be?

Qin Chen was also terrified.

In this way, the dangerous aura he felt before was passed by the supreme-level powerhouse. Is this a supreme-level powerhouse who wants to kill him?

Qin Chen's cold hair stood up.

Although he had broken through to the mid-term peak Earth-zun realm and was able to fight against Tianzun, the supreme powerhouse was too powerful, far from what he could resist now.

Not to mention the supreme, even if it is a peak heavenly sovereign like Jinlin, Qin Chen is afraid that it will be extremely difficult to be an opponent, and his life will be in danger.

"escape!"

Qin Chen's mind turned sharply, his speed increased to the extreme.

Jinlong Tianzun also flew quickly.

It should be noted that according to the rules of various races, the supreme-level powerhouses cannot intervene in the battles of the ten thousand races. Once they intervene, it is very likely to trigger a top-level war in the universe.

This is an unspoken rule among the various races.

But now, there are even supreme-level powerhouses fighting in the endless void on the battlefield of ten thousand races, why?

Looking at what happened on the battlefield of the ten thousand races, only the closing of the Vientiane God Store and Long Chen's killing of the Molten Flame Heavenly Sovereign and the Falling Star Heavenly Sovereign might provoke the Supreme Powers.

Although I don't know the reason, Jinlong Tianzun has a faint feeling that the supreme level master in the endless sky is more than 50% likely to come for Long Chen, a true dragon clan by his side.

hiss!

Jinlong Tianzun just thought that his scalp was numb and his whole body was cold.

Who is this supreme shot? Human or demons? Has the ancestors come?

Jinlong Tianzun was upset for a while.

Aside, Qin Chen also thought about it.

Boom!

Above the endless sky, there was a faint vibration and roar.

"Master, is the ancestor."

In the chaotic world, the Lord of the Abyss suddenly said in a deep voice.

"Ancestor? Ancestor Yuanmo?" Qin Chen was startled.

"Yes, it's the ancestor, the ancestor is making the shot."

The Lord of Abyss Demon said condensedly, he is the son of the ancestor of Abyss Demon, he is also the heir of the ancestor of Abyss, and he is naturally very familiar with the power of the ancestor of Abyss.

"It turned out to be him!"

Qin Chen felt a chill in his heart. He never thought that his actions would provoke the ancestor of the Abyss Demon. Could it be because he killed the Molten Flame Heavenly Venerate?

wrong!

If only the Molten Flame Heavenly Sovereign is afraid that it may not be able to provoke the ancestors of the Abyssal Demon by himself, after all, this is very likely to trigger a war of thousands of races, has the ancestor of the Abyss already seen through his identity?

Qin Chen's heart sank.

If the ancestor of the Abyssal Demon really sees through his identity, it will be in trouble.

But, who is this other one who is fighting against the ancestor of the Abyss?

A trace of excitement suddenly emerged in Qin Chen's heart, and he suddenly raised his head.

"Father?"

All Qin Chen could think of was his father. He thought of the Yuanmo ancestor shooting himself in the course of time, and it was his father who blocked the opponent.

wrong!

If it were his father, how could he not feel the power of thunder, but now, the thunder bloodline in his body did not fluctuate at all, unlike his father.

Who is it if it's not a father? Is it true dragon ancestor?

If the ancestor of the Abyssal Demon knows his identity, he only needs to inform the ancestor of true dragon of his human identity, fearing that the ancestor of true dragon will not stand out for himself, right?

Qin Chen was in a mess and could only fly at full speed.

But suddenly, the Jinlong Tianzun in front of him stopped.

Qin Chen also stopped suddenly.

In the void ahead, an extremely terrifying demon aura hung in the void, blocking the path of the two.

Demon master!

Jinlong Tianzun and Qin Chen looked at each other, their eyes solemn.

"Hmph, I didn't expect the two to discover the existence of this Tianzun." In the void, a master of the demon clan who burned with the devil qi from the sky came out. Around him, there were several powerful experts exuding terrible aura. The breath of a group of people is extremely terrifying. As soon as it escapes, it immediately turns the Golden Dragon into the sky.

The breath on Zun and Qin Chen's body was suppressed.

"The patriarch of the spirit demon clan-the demon god!"

Jinlong Tianzun's breath became heavy instantly.

Jinlong Tianzun and Qin Chen stared at the head of the Tianzun.

Demon Tianzun, the patriarch of the demon clan's first-line race, the peak Tianzun.

As the first-line race of the demon race, the status of the demon clan is not weaker than the status of the Star God Palace in the human race. The strength of the demon **** is also the existence of the top level of many gods.

"Master, be careful, this person is the pinnacle of heaven."

The Lord of the Abyss said in a deep voice.

The pinnacle of heaven? !

Qin Chen's heart sank completely. No wonder the Demon Clan had never been a master before, and it was unexpected that he was lying in ambush here, and he was still a peak heavenly expert like Demon Tianzun.

"Ancestor of Abyss Demon, you are so calculating."

In the endless void, the battle between Xiaoyao Supreme and the ancestor of the Abyssal Demon also sensed the scene below, his eyes suddenly became cold, and he spoke with a cold voice. "Hahaha, Xiaoyao Supreme, when the ancestor shot, it has been estimated to be blocked by you, so the real dark hand of the ancestor is the demon Tianzun. Using the power of the demon Tianzun to kill these two people is definitely not Difficult things." Yuanmo ancestor said with a grinning smile.

: "Xiaoyao Zhizun, you lost this round, the Supreme can't enter the battlefield of ten thousand races, you won't break the rules too? Haha."

The ancestor of the deep demon laughed wildly: "Unfortunately, your Jinlin has left after drinking the Demon Race Heavenly Sovereign, even if you tell it to rush now, it will not be in a hurry."

"Hmph, Yuanmo ancestor, your treacherous trick will not succeed." Xiaoyao Supreme Killer went on.

"Xiaoyao, your opponent is me."

The ancestor of the Yuanmo haunted the sky, and instantly blocked Xiaoyao Supreme, and the two sides fought again.

Ten thousand races on the battlefield.

Demon Tianzun looked at Jinlong Tianzun with cold eyes, and said coldly: "Jinlong Tianzun, my goal is the true dragon clan next to you, if you leave, this Tianzun can let you have a way out."

"Huh, fight if you want!"

Jinlong Tianzun shouted angrily, but his eyes were extremely solemn, and his heart sank completely.

He can be fearless of the Molten Heavenly Sovereign and the Falling Star Heavenly Sovereign, but in the face of the Demon Heavenly Sovereign and the patriarch of the Spirit Demon Clan, the Peak Heavenly Sovereign, his heart still cannot help beating wildly.

This is not a fear, but a strong threat felt.

The demon Tianzun's eyes were cold, and he sketched out with a sneer: "Since you want to die, the Tianzun will fulfill you."

Wow!

Suddenly, endless magical lights shrouded the entire world in an instant, and powerful restraints enveloped everywhere. It is the horrible rule of the pinnacle of heaven, and it is also the unique domain of the lingmo family, the realm of lingmo.

"When you encounter this Tianzun, don't even think about escaping. The Tianzun who can escape from the realm of the genie has not yet been born." The demon Tianzun instantly turned into a towering demon shadow that reached a height of ten thousand feet, rumbling.

"Long Chen, now, we are in trouble." Jinlong Tianzun looked at it from a distance, but did not dare to be careless, his expression solemn.

[Chapter 4092: Only war](#)

Because...the demon Tianzun's reputation is outside. It is absolutely the top in the ranks of Tianzun in terms of strength and status. This is the patriarch and ancestor-level figure of a top clan. At this level, it is extremely difficult to be at the same level. Master

Beheaded, in the previous war of ten thousand races, several peak heavens of the Human Race Alliance besieged him, but they still failed to behead him, and created his endless prestige.

At this level, unless the Supreme takes action, it is difficult to be killed.

Although he is the same heavenly sovereign, Jinlong Tianzun prides himself on being a strong one among the heavenly ones, but he knows very well that there is still a huge gap between himself and the demon heavenly sovereign.

"Devil Tianzun, is the patriarch of the spirit demon clan?" Qin Chen's eyes were cold, and there was a strong war intent burning in his eyes: "Senior Golden Dragon Tianzun, you go, this is my own business, let me face it alone. ."

Qin Chen opened his mouth and said, he knew that the opponent's target was himself, and if these powerful people were blended in by the Golden Dragon Heavenly Sovereign, they would most likely fall.

"Haha, what are you talking about? I'm a real dragon, but there is no ugly." Jinlong Tianzun laughed and boomed, the golden river surrounded his body, and the fighting spirit was boiling.

Qin Chen was moved. He knew that Jinlong Tianzun didn't need to take risks with him. If he stayed, the possibility of falling was too great. The Demon Race came prepared.

But Jinlong Tianzun still stayed.

At this moment, Qin Chen actually had a sense of belonging to the True Dragon Clan. He wanted to tell the Golden Dragon Tianzun that he was not the True Dragon Clan, but in the end he didn't say it because he knew that there was no point in saying anything at this time.

Only fight!

There was a raging flame burning in Qin Chen's eyes, staring at the six terrifying figures in the distance, the other five strong men, Qin Chen had completely ignored it at this moment, he only stared at the devil Tianzun.

"I didn't escape!" Demon Tianzun said.

"Why do you need to escape?" Qin Chen sneered staring at his opponent.

"Hahaha..." Demon Tianzun laughed loudly, "Interesting, you deserve to be able to provoke almost every race in the universe to kill you, at least, you are very bold and arrogant, but unfortunately, in front of me, the more arrogant, the faster you die." Demon Tianzun suddenly stretched out an arm-shaped tentacle in his body, and a demon-flag-like Tianzun treasure appeared in his abrupt hand. At the same time, he stretched out another void arm in his hand. A magic flag-like treasure also appeared at the same time, these two

The treasures are all lacquer black, and a ghost of the demon **** is engraved on the devil flag, radiating the devilish energy of the sky.

"My pair of supreme treasures, named Devourer, are the best among the treasures of the Peak Heavenly Venerable." Demon Tianzun said. "The highest quality among the treasures of the highest heaven?" Qin Chen understood that the treasures of the same level of the gods also have high and low points. The treasures of the gods used by the demon gods... can be regarded as the best of the treasures of the gods, just from the treasures used. Device, you can also see its status

force.

The other five powerful demons on the scene scattered all around, watching from a distance, they didn't make a sound or mix.

They extremely believe in the strength of the Demon God!

"Dying under my devourer is your blessing, death!" The demon Tianzun's voice just sounded, and he moved in an instant. The demon Tianzun was only a thousand miles away from Qin Chen and the others during the conversation. At this moment, the devil Tianzun moved. ...I saw a black phantom across the sky instantly, directly forcing Qin Chen and Jin

Long Tianzun.

boom! Countless magical shadows appeared on the two magic flags instantly, these magical shadows turned into hideous monsters, rumbling, countless monsters gathered together, forming a ghost-like phantom that can reach the sky, towards Qin Chen Swallowed with the Golden Dragon

Come.

"Devil Tianzun, let me learn your power."

Golden Dragon Tianzun roared and stepped out, booming, in his body, the golden dragon energy billowed into the sky, the golden ten thousand scales river suspended all over his body, and at the same time, the war hammer in his hand appeared.

"Wow!"

The warhammer was raised. Suddenly a shadow of a warhammer appeared in the surrounding time and space. Each shadow of the warhammer was as wide as tens of thousands of kilometers, like a world. I saw countless shadows of the giant hammer blooming with golden light, which was madly driven by the golden dragon. Extreme, even body

The origins within were all aroused, booming, countless hammer shadows scattered in all directions of the void, under these countless warhammer phantoms, every place where the extremely condensed battlefield space was oppressed began to snap. Cracked open.

"what!"

Jinlong Tianzun roared.

now! Countless warhammer phantoms, each phantom is tens of thousands of kilometers away. For a time, in the endless space, the Golden Dragon Heavenly Lord who raised the warhammer is like the core of this universe. When the original dragon energy in his body burns to the extreme, He has a hideous and strong face

The powerful right arm swung forward, and the warhammer swung out!

Immediately that day, countless phantoms of the warhammer tens of thousands of kilometers away quickly gathered into the warhammer in his hand, causing the entire warhammer to bloom with an extremely dazzling golden light.

The demon flag of Demon Tianzun also swept down.

"boom!"

Void trembles.

Click! The phantom of the warhammer blasted by the Golden Dragon Tianzun made a cracking sound at this moment, and the eyes of the Golden Dragon Tianzun were horrified, and the endless phantom of the warhammer burst into pieces. Then, the Wanlinhe surrounding him also smashed. , Countless scales toss

Fei, his whole body flew out heavily, and the void layers were broken, with a bang, a dent appeared on the body of the Golden Dragon Heavenly Venerable, and he spouted a bit of blood, and fell to the ground.

The light of the warhammer in his hand dimmed quickly, and the aura on it seemed to be a lot weaker, and on the other side, the attack of the demon Tianzun was also stopped, kicking, backing three steps in a row.

It was quiet.

Qin Chen was shocked. He knew the strength of the Golden Dragon Heavenly Venerable. He was definitely a master of the Heavenly Venerables. They were all able to resist against the five great Heavenly Venerables, but now...

With one blow, with just one blow, he was seriously injured.

Demon Tianzun is terrible, just like the same pitch-black demon mountain, and people can't breathe far away.

The appearance of Demon Tianzun was actually noticed by some nearby powerhouses. Perceiving this scene, it was all silent and shocked, and it was even harder to believe it.

Demon Tianzun, the patriarch of the demon clan, the first-line race of the demon clan, is truly a top-level powerhouse by the fight, and he is well-known.

"Well, one of the three killer moves that can stop me from Devouring the Demon, the True Dragon Clan is indeed well-deserved." Standing in the void, the demon Tianzun stands proudly like a demon, with an absolute dominance: "Unfortunately, I want to be with this Fight against each other... it's still far away."

The devil Tianzun also marveled at the strength of the Golden Dragon Tianzun. After all, the Golden Dragon Tianzun was at most a mid-term Tianzun in the realm of the Tianzun.

Being able to block a blow is already extremely impressive.

"Next, it's your turn." Demon Tianzun's gaze fell on Qin Chen. After all, the goal of his trip was Qin Chen. He was not interested in killing Jinlong Tianzun.

[Chapter 4093: Fighting the pinnacle](#)

Devil Tianzun stared at Qin Chen, and then walked over step by step. Devilish energy spread under his feet. Wherever he went, he became a devilish heaven.

Between the heavens and the earth, the magical energy is boiling, strands of magical energy are falling down like a nebula. These magical energy may seem as light as a vellus hair, but in fact each strand is as heavy as a magic mountain, capable of breaking the sky of the universe, penetrating the past, the present and the future.

Demon Tianzun walked towards Qin Chen step by step, with arrogance in his eyes, high above him, like a king gazing at his courtiers.

Although Qin Chen was strong, slaying the Molten Flame Heavenly Venerable and Starfall Heavenly Venerable with all his strength, but in the eyes of Demon Spirit Heavenly Venerable, he only looked at a junior and a descendant.

"boom!"

Demon Tianzun walked towards Qin Chen, and saw a black phantom across the sky instantly, forcing it directly towards Qin Chen.

"bring it on."

A mysterious rust sword suddenly appeared in Qin Chen's hand.

"Old guy, after devouring so much, it's time to wake up, and it's time to come out and work hard."

The appearance of the ancestor of the deep demon made Qin Chen instantly understand that he was very likely to have been exposed. In this case, he didn't care about being exposed. He directly displayed the mysterious rust sword, urging it, and turning it into a step. The streamer rushed away.

"Jianhe!"

boom!

Qin Chen's entire body of the real dragon skyrocketed to tens of thousands of feet first, and then released the endless chaotic origin aura, the real dragon phantom exuding the horror origin aura appeared between the heaven and the earth, the dragon's might spread, and the sky collapsed.

The boundless true dragon sword aura appeared in Qin Chen's body. The evil sword ring and virtual mirage bracers urged the power of the true dragon to the extreme. The innocent dragon sword aura transformed into hundreds of thousands, all of which crazily poured into Qin Chen's hands. Above the mysterious rust sword.

Wow!

The sword aura soared into the sky, and the mysterious rust sword in Qin Chen's hand suddenly lit up, and a dark and deep aura permeated from the sword body, exuding a sharp meaning that penetrated everything in the world.

"Cut!" Qin Chen directly used his strongest trick, and the burning original aura rushed into the mysterious rust sword in his hand, rushing... the mysterious rust sword burst into the sky with black sword aura, and slashed towards the demon Tianzun. Produced directly under the terrifying sword light

The twisted vortex shreds the surrounding space.

The power is so powerful that the five powerful demons in the distance are all discolored.

And the two demon flags held by the demon Tianzun were like thunderbolts in an instant-boom! Two black streamers swiftly swiftly, turning into a majestic shadow of the devil, and bombarding the mysterious rust sword at the same time, the powerful power collides...The void of this battlefield of all races collapsed directly into a dark black hole. , Billowing empty

Particles rushed into it frantically, like the mouth of a demon that swallows everything

boom!

During the roar, Qin Chen flew out heavily, wow, spouting a mouthful of blood, he was injured.

A terrible impact force crazily entered Qin Chen's body, and the dragon scales on his true dragon's body were shattered, bloody, and extremely embarrassed.

Rumble!

Qin Chen's body almost disintegrated on the spot.

"So strong!"

Qin Chen was frightened, the strength of this demon goddess was much stronger than that of molten flame goddess. They were both gods, and they were hardly above the same level.

If Haotian Divine Armor had not resisted most of the impact, Qin Chen's physical body would be shattered and wiped out with just this blow.

"Is this the terrifying power of the pinnacle Tianzun?" Qin Chen was horrified, and there was severe pain from all over his body, and every cell seemed to be shattered.

"Hey, block it. It's interesting. Then pick me up again." In the distance, Demon Tianzun narrowed his eyes and looked at Qin Chen, with a little surprise in his eyes, and then he smiled, with a bright smile, "No wonder It's kind of interesting that you can kill the Molten Flame Celestial Lord. I knocked you a little bit. You are the first one I have encountered that can stop this day.

Respect the attacking non-celestial deity, by this alone, you are enough to rank among the top powerhouses in the universe. "

"However, the next move will not be so lucky."

The voice of Demon Tianzun directly penetrated into Qin Chen's mind.

The Demon Tianzun moved again.

Quietly, the black magic shadow rushed towards Qin Chen. "Boom!" Together with the two magic flags, the surrounding world suddenly became dark, forming a dark world, like a miniature universe, surrounded by countless demonic energy, covering the universe, as if forming an independent

In the small world, Qin Chen is trapped.

"Small world?" Qin Chen was shocked.

It's like a small world, but there are some differences. In this world, the demon Tianzun seems to have become the master of this world.

"boom!"

Carrying the endless power of the dark world, the two magic flags are like two worlds, directly smashing at Qin Chen, sealing the void of Qin Chen's body.

"Break it for me!" Qin Chen gritted his teeth and greeted him with a low growl. The mysterious rust sword in his hand pierced fiercely, and the true dragon way merged with the six reincarnation sword arts.

The power of the billowing soul was urged by Qin Chen and merged into the mysterious rust sword. A dazzling black light burst out of the mysterious rust sword. Moreover, the chaotic green lotus in Qin Chen's mind was also driven, the fire of the billowing green lotus Diffuse,

Bang!

Qin Chen felt a shock all over his body, and the strong impact impacted on the Haotian Divine Armor, which was weakened by more than half by the Haotian Divine Armor, but the remaining half of the impact caused Qin Chen to fly upside down in embarrassment.

boom!

All the internal organs in Qin Chen's body broke apart directly, "cough cough", Qin Chen vomited blood heavily, visceral fragments fell in his mouth, and the dragon scales all over his body were shattered. This look was too miserable, and there was nothing in his body intact. local.

"what!"

Qin Chen roared and stood up, his mind was dizzy, half of his body was numb, and his bones were broken.

Is this the pinnacle god? It's too strong to resist.

why? Why is God targeting me so much. Qin Chen roared in his heart. At the previous moment, he really felt the breath of death. It was a realm overriding. There was no bells and whistles. The pinnacle of heaven and the pressure of the pinnacle of heaven directly shattered all his defenses and attacks.

Into his body.

If it weren't for the Haotian Divine Armor, if his physical body had been upgraded through mysterious techniques, if it hadn't been for his sacred body was invincible, he would definitely fall in the previous blow.

boom!

The coercion of the billowing spirit demons permeated this small world, and even the chaotic green lotus fire could not exert its power.

Qin Chen spit out a mouthful of blood, and looked at Devil Tianzun ferociously.

"The dead thing, don't you still show off your power? If you don't make a move, I will die." Qin Chen said coldly to the mysterious Rusty Sword. He could feel that although the mysterious rust sword was activated, the soul consciousness in it did not wake up and did not help him kill the enemy. He knew clearly how strong the soul in that mysterious rust sword was. Suppress the existence of the dark kings together with the sword ancestor of the Tongtian sword pavilion.

[Chapter 4094: The figure in the thunder](#)

"Human race boy, you will die if this goes on."

"My lord, let us help you."

"Master, let me go out and fight against one."

The Primordial Ancestral Dragon, the Saint Ancestor of the Blood River, and the Lord of the Abyssal Demon all said together, with endless fighting spirit emerging in their hearts.

They all knew that now they and Qin Chen were completely connected, and Qin Chen died, and they could not escape the result of being suppressed or even swallowed.

With their current state, the supreme and powerful can manipulate them.

"Huh? Blocked again?"

The complexions of the five powerful demons not far away changed, and they continued to resist the attack of the demon Tianzun. This real dragon kid was indeed extraordinary, at least it would be impossible for them to do this.

Devil Tianzun's eyes also narrowed, and his gaze fell on Qin Chen's Haotian Divine Armor.

"The two top-level moves that can block me, it seems that the armor on your body is at least the Peak Heavenly Venerable Treasure, otherwise it won't be able to persist until now.

Qin Chen just glanced at Demon Tianzun from a distance.

Pinnacle Tianzun treasure?

Qin Chen didn't know what level his Haotian Divine Armor was, but he did block most of the attacks from Demon Heavenly Sovereign.

"Also, the weapons in your hands are extraordinary."

Demon Tianzun stared at the mysterious rust sword in Qin Chen's hand.

Then, a cold light flashed in his eyes, and he laughed: "You are qualified to pick me up again, my trick." Demon Tianzun said.

boom!

The devilish energy billowing in his body rose up and quickly spread.

The five powerful demons in the distance also held their breath.

"Look, Demon Tianzun's trick."

"I can see it again." "Years ago, Demon Tianzun relied on this trick. In the battlefield of ten thousand races, a single move caused one Tianzun to fall, and many Tianzun were scared to flee." The five of them quietly. Transmission, I am looking forward to it, after all, a pinnacle god's trick is not

It will not be used at important moments. When the Demon Tianzun said that he wanted to perform his own tricks, the five powerful Demon Race experts knew that the Demon Tianzun was really angry. With

the identity, status and strength of the Demon Tianzun, he wanted to kill the opponent. Enough time to kill slowly

other side.

But Demon Tianzun wanted to use his own real tricks, which showed that Demon Tianzun was very angry. With his strength and status, it was already a shame that he could not kill Qin Chen with two moves.

The same starting style. When the two demon flags of the Demon Tianzun were together, the surrounding ten thousand races battlefield environment fell into the dark night again, and the endless night was filled with a strong dark demon energy, followed by a diametrically opposite force appeared on his demon flag. , Blooming vast mill

The magic flag of light, that magic flag is dazzling black, extremely dazzling.

This is a peculiar feeling, this magic flag is blooming with black light, yes, it is the light of darkness.

Like a black hole, swallowing everything.

Wow!

The billowing dark demon energy was suppressed and swallowed everything. Just looking at the black light breath made people feel palpable and irresistible.

Click!

In the distance, Jinlong Tianzun's body was frightened and trembling under this breath, and the dragon scales on his body made a harsh sound.

His face suddenly changed.

He could feel that this trick could definitely kill himself, and it would definitely kill Qin Chen.

"Devil Tianzun, if you dare to kill my true dragon tribe, my true dragon tribe ancestor will never let you go." Jinlong Tianzun roared.

"True Dragon Ancestor?"

Demon Tianzun laughed. The true dragon ancestor is indeed very strong, but can he still dare to go to the devil to kill him? If the true dragon ancestor rushed to the land of the demon world, then let him have no return.

boom!

Demon Tianzun stepped out, and the two demon flags were instantly blurred, and an extremely dazzling black river pierced through the dark night. The weird black river flowing like a black hole, seemingly slow, had already reached Qin Chen.

"Boom!" The seemingly slow black river made Qin Chen seem to be facing a rushing tsunami.

"broken!"

When Qin Chen faced the black river, a trace of despair and fear emerged in his heart. He strongly expelled such negative emotions. This was not a soul attack, but the kind of despair given by a deep and terrifying attack. feel.

Of course, Qin Chen's soul was extremely powerful, he immediately awoke from this attack, drove away the negative emotions, shook the mysterious rust sword in his hands, and pierced fiercely again...boom, a sword, the world collapsed.

"Boom boom boom!" The dark river madly impacted on the mysterious rust sword. The huge mysterious rust sword pierced out extremely firmly, resisting the impact of the river.

Klang Klang!

The dark river slammed into Qin Chen, ah, in an instant, Qin Chen's body cracked, his cells shattered, and his soul was in shock.

"Can't die, I can't die, stop me!"

Qin Chen roared and roared, standing still like a rock in the black river, the origin in his body quickly melted away.

One percent!

Two percent!

Three percent!

The origin in Qin Chen's body was fading quickly, dissipating a lot every moment.

"My origin is passing quickly, and my breath of life is fading."

Qin Chen was extremely frightened. If this goes on, he will die. He has already activated the mysterious rust sword and activated the Haotian Divine Armor. Even in this case, his life and the origin of the Venerable are still constantly passing away. .

How to do?

Qin Chen was frightened and furious, did he really want to release the ancestral dragon and others? Unleash the magic tree of the world? Release everything?

But he had a feeling that the prehistoric ancestors in the soul state were not necessarily the opponents of this demon Tianzun, and the soul state was easily suppressed.

Boom boom boom!

The billowing dark river hit Qin Chen.

Qin Chen was shocked, he didn't know, Demon Tianzun was even more shocked. "What!" The demon Tianzun, who has been very calm, was truly shocked. Now he is already at the top of the Tianzun realm. The tricks he performed seem to be simple, but he has actually urged the power of the demon clan to the extreme. Gather in

It's terrible with one move.

This trick!

It was enough to obliterate the vast majority of the gods, and even the strong like the golden dragon gods would have to die, but they couldn't kill this true dragon kid for a while.

How terrible is the true dragon young man that the ancestor ordered him to kill?

"Huh, I still have to die."

boom!

In the eyes of Demon Tianzun, a trace of magic light burst out, covering the world.

The dark river became more turbulent.

Click!

Cracks began to appear in Qin Chen's body, and the origin and life aura declined more rapidly.

"Master, let me out."

"grown ups!"

The Lord of Abyss Demon both shouted anxiously.

"Fight!"

There was madness in Qin Chen's eyes, and his body began to release the blood of thunder.

But at this moment, a terrifying coercion filled the sky, and endless thunderclouds began to condense in the sky of the ten thousand race battlefield.

boom! A vast thundercloud appeared above the sky on the battlefield of ten thousand races, and a figure emerged from the thundercloud.

[Chapter 4095: My dust](#)

A thundercloud suddenly appeared in the sky on the battlefield of the Ten Thousand Clan. This thundercloud was very similar to the one that appeared when Qin Chen broke through before.

"what is that?"

Demon Tianzun frowned and raised his head, and a vast figure appeared in the endless void. It was a graceful figure, just like the most perfect existence in the world.

"That is....."

Qin Chen also raised his head. For some reason, when he saw this figure, his heart suddenly jumped, his heart throbbed, and his eyes showed an extremely excited expression.

This figure was very familiar, and inexplicably, Qin Chen's eyes were moist, and tears rolled down.

Qin Chen's soul throbs, this is a kind of power originating from the origin rising up.

This figure of a woman just appeared between the heaven and the earth, shocking the eternity, and when it appeared, it suppressed the aura of the demon god.

"It's his woman, how could she appear here?!"

In the endless dark ruins above the battlefield of tens of thousands of races, the face of the ancestor of the deep demons changed, and there was coldness in his eyes.

"Hahaha, the ancestor of the deep demon, it seems that the heavens will fail your wish."

Xiaoyao Supreme laughed.

"Xiaoyao Supreme, if you cooperate with them, you are seeking skin with tigers." Yuanmo ancestor roared.

"Hmph, you don't need to say more, at least their purpose is not to destroy this universe, not to slaughter the creatures of all races." Xiaoyao Supreme sneered: "You should consider the life and death of your demons."

In the endless thunder on the battlefield of ten thousand races, that wonderful woman suddenly shot.

Boom!

This graceful figure suddenly raised his hand, and a terrifying aura blasted from the sky, and fell down instantly, crushing towards the demon Tianzun.

What kind of power is this?

It's almost going to penetrate through God and suppress eternal life! The woman stretched out her right hand, like cutting onion roots, slender hands, flowing rhyme, filled with the breath of supreme rules, violently suppressed, shocked everyone, it is hard to imagine how strong this woman would be once she shot with all her strength, boundless and boundless ,

Overwhelming ancient and modern, such a person!

boom!

In an instant, the vast black river displayed by the demon Tianzun exploded, and the boundless supreme aura permeated, covering one world and covering it.

boom!

Demon Tianzun flew upside down, looking at the figure of the woman shining brightly in anger, with a solemn expression in his eyes.

Strong!

Very strong!

This is the intuition of a strong man, making him instantly feel that the strength of the person in front of him is extremely terrifying.

The invisible power of the Xiaguang diffused from the woman, covering the world in an instant, forming a unique world domain, isolating all eyes from the outside world.

"Ok?"

Above the infinite sky, including Xiaoyao Supreme and Yuanmo ancestor, their eyes were cut off, and they couldn't perceive the existence of that side of the small world.

"Hahaha, Yuanmo ancestor, your subordinates are afraid they will be unlucky." Xiaoyao Supreme smiled.

"Hmph, don't be too happy too early." The ancestor of Yuanmo gritted his teeth and was annoyed, but he also knew that his own arrangement might be hanging up.

Ten Thousand Races Battlefield.

In the small world.

Qin Chen stared at the woman in front of him, with inexplicable excitement in his heart. Demon Tianzun looked at each other coldly. By his side, the five masters of the Demon Race also approached, sternly looking at the woman in front of him: "Your Excellency? Why stop the grievances between my Demon Race and the True Dragon Race? Family can let the past go

,otherwise....."

Murderous intent surged in the demon Tianzun, and it was the ancestor's order to kill Qin Chen. Although he was a little jealous of the breath of the woman in front of him, it was impossible to retreat.

"Devil?"

The blooming sun lightly glanced at the demon Tianzun, but did not pay attention to it, but just cast her gaze on the golden dragon Tianzun not far away.

"True Dragon?" The woman quickly raised her hand, crashing, and an invisible colorful light pattern permeated the Golden Dragon Tianzun quickly, visible to the naked eye, the original wounds on the Golden Dragon Tianzun quickly healed, this supernatural power sees Stunned

.

"Impossible!" The eyes of the demon Tianzun became more solemn, and the Jinlong Tianzun was also a strong Tianzun anyway, and it was impossible to heal the wounds on his body so easily, but the woman in front of her raised her hand and healed the wounds on the Jinlong Tianzun. , Which only shows

One possibility is that the energy aura displayed by this woman must be above the Golden Dragon Heavenly Venerable, and far above this.

Jinlong Tianzun also stared at each other blankly, shocked in his heart, this kind of healing power is simply abnormal.

"True Dragon Clan, you can leave." The Xiaguang woman said to Jinlong Tianzun.

"Senior." Jinlong Tianzun's expression suddenly changed, "This is my true dragon..."

"Don't worry, he will be fine. He is so famous for your true dragon clan, so naturally you have to go to your true dragon clan to ask for something, but now, you can leave first..."

boom!

The Xiaguang woman raised her hand, and Jinlong Tianzun was instantly excluded from this world. When he recovered, he had already appeared outside this small world.

Jinlong Tianzun changed his color and glanced at the small world in front of him in shock, a misty aura shrouded in front of him, but his Tianzun divine consciousness couldn't penetrate it at all.

What power is this? Jinlong Tianzun's heart palpitations, the woman in front of him feels very weird, the power she exerts is extremely strong, it feels like supreme, but there is no supreme feeling at all, as if it is quite incompatible with this universe.

.

"go."

Jinlong Tianzun hesitated for a moment, without any hesitation, turned around and left here.

He knew that it would be useless to stay here with his current self. He could only return to the True Dragon Ancestor Land first, and inform the ancestors and patriarchs of the things here, and let them decide.

In the small world.

Demon Tianzun saw that Jinlong Tianzun was rejected from here, his eyes didn't flash. His target was Qin Chen, and Jinlong Tianzun was not among his prey.

"Sir, why don't you sign up?"

The power of the demon race on the demon Tianzun was surging, and the vast demon energy swept away like an ocean, with murderous aura.

The Xiaguang woman's ignorance of him made him angry.

But the Xiaguang woman completely ignored the anger of Demon Tianzun, just turned around, her body shone, her eyes fell on Qin Chen, conveying a touch of tenderness.

As if the mother saw her child.

The endless glow gradually dissipated, revealing the true face of the woman.

"Mother!"

Tears rolled out of Qin Chen's eyes, and the woman in front of him was his mother, Qin Yuechi.

In Tianwu Continent, Qin Yuechi, the daughter of Dingwu King Qin Batian, mother of Qin Chen.

"Chen'er." Qin Yuechi looked at Qin Chen with a smile, her eyes full of doting, and tears of excitement flowed in her eyes, but she forcibly resisted not crying, and her body trembled with excitement.

[Chapter 4096: Kill with one sword](#)

How many years has it been?

Qin Chen couldn't remember.

several years?

Decades?

Hundreds of years?

Even... a thousand years!

In the small world and the chaotic world, Qin Chen didn't know how long he had passed, but he never forgot about his mother.

For so many years, he has been looking for his mother's traces. Since he left Daqi, he has never seen his mother again. Among the five kingdoms, he inquired about his mother. In the land of a hundred dynasties, he searched all over the North Heaven. He searched hard.

Even the entire Tianwu Continent.

But the mother never heard from her.

Later in the years, he seemed to have learned some information, but it was like a flower in a mirror in the water.

Now, he finally saw his mother again.

"Mother?"

Demon Tianzun looked at Qin Chen and Qin Yuechi in astonishment. Qin Chen was clearly a member of the True Dragon tribe, but although the woman did not know what race she was, she looked the same as the Human tribe. How did a humanoid tribe give birth to a true dragon tribe?

When he was shocked, he saw Qin Chen's original true dragon body rapidly changing, shrinking a little bit, and finally turned into a young human youth.

Fierce!

Edge!

This young race just stood here, like a sharp sword out of its sheath, going up to the sky and cutting the sky.

Terran?

Demon Tianzun was shocked, he? The five powerful demons around him were also startled.

Damn, what's the situation? Isn't they a true dragon master? How come you suddenly become a human race?

At this time, they also thoroughly felt Qin Chen's realm.

Suddenly more shocked.

The mid-term peak of Earth Zun.

Without the cover of external forces such as the Primordial Primordial Chaos, Qin Chen's cultivation base was clearly revealed. The mid-term peak of the earthly respect turned out to be the mid-term peak of the earthly respect.

His eyes became serious in an instant. He finally knows why the ancestor sent himself a patriarch of the spirit demon clan to ambush this kid. A young man of the mid-earth peak human race can kill the strong heavenly master, and even survive his own attack. This is definitely a miracle

.

If such a genius allows him to grow up, the power of the human race will surely increase.

Seeing Qin Chen, Demon Spirit Tianzun couldn't help but think of a person, a person who made the Demon Race gritted his teeth.

Happy supreme.

It was just a human race that soared up from the lower plane. When it soared to the human world, it was just a small holy realm. At that time, the Abyssal Demon Race had already broken through the Human Race Alliance and exploded both the Human Race and the Heaven Realm. Although both the Human Race and the Demon Race suffered heavy losses, the Demon Race was also repelled by the Human Race. However, the Human Race base camp was destroyed. The Demon Race only needed Retreat and rejuvenate

When the soil returns, it can occupy the entire universe and become the first force in the entire universe. At that time, the top powers of the human race had been destroyed seven or eighty-eight. Just when the demons thought they could easily occupy the universe, Xiaoyao Supreme appeared, constantly rising, pushing all the way, and finally becoming a leader of the human race, becoming a demons. of

The enemy.

As for Qin Chen in front of him, the shock of Demon Tianzun was even more terrifying than Xiaoyao Supreme.

Let him survive, after hundreds of thousands of years, the human race is afraid that there will be one more supreme powerhouse.

"Mother, why are you here?" On the other side, Qin Chen looked at Qin Yuechi excitedly. He had never thought that he would meet his mother in this way.

"Chen'er."

Qin Yuechi came to Qin Chen and gently held up his face, firm and sharp, with a sharp axe.

"My Chen'er has finally grown up." Qin Yuechi gently hugged Qin Chen into her arms and muttered.

"What mother kiss Chen'er, look for death."

Demon Tianzun was angry. He originally wanted to drink away the woman in front of him, but now he finally understands that he can't get back from the opponent at all by yelling, there is only one battle.

boom!

The demon flag in the hand of Demon Tianzun surged again, and the billowing demon energy swept across this small world, and this world gradually became dark and turned into a vast river of darkness.

One shot is a trick to kill the woman in white.

"Mother, be careful."

Qin Chen's figure flickered and appeared in front of Qin Yuechi, with a sense of war in his body, urging the chaotic world.

Whoever dares to touch his mother, he will fight the other side desperately, and the Devil Tianzun will not do either.

Qin Yuechi smiled, Chen'er was still the Chen'er who was protecting herself in the Great Qi State and not letting herself suffer.

With a flash of her figure, she appeared in front of Qin Chen, with a calm posture, calmly looking at the black river that swept over, and said lightly: "Chen'er, since there are people who don't have long eyes always bothering us, then Let the mother kill them first."

Qin Yuechi raised his hand.

Hum!

The mysterious Rust Sword in Qin Chen's hand was suddenly pulled by an invisible force, and it instantly appeared in Qin Yuechi's hand.

As soon as Qin Yuechi raised his hand, her mysterious rust sword was taken by her.

"Be careful, mother." Qin Chen said hurriedly, reminding Qin Yuechi that this mysterious rust sword is very weird and can devour the soul. If it is invaded, he is afraid that his mother will have an accident.

But the next moment, his voice stopped abruptly.

Because the cold breath on the mysterious rust sword in Qin Yuechi's hand suddenly became extremely docile, as if a mouse had met a cat.

Too well-behaved, it was the first time he saw such a well-behaved aura from this mysterious rust sword.

"Chen'er, see clearly how the mother made the sword."

The voice fell.

The sword in Qin Yuechi's hand moved.

Wow!

Suddenly, sword lights appeared in the world. These sword lights were extremely simple and simple, but they seemed to contain the power of heaven, and they gathered in Qin Yuechi's hands.

Wow! The splendid sword light condenses to form an incomparably simple sword light, but when this sword light comes out, it seems that the heavens of the universe are completely integrated into it. One sword, breaking ten thousand magic, is such an ordinary sword energy, giving people the feeling Like a sword

After going, the world will be penetrated.

boom! Silently, the sword light directly collided with the black river of the Demon Tianzun. The next moment, the black river spurred by the Demon Tianzun was divided into two. Then, there was a click, as if some light flashed, the Demon Tianzun The eyebrows appeared instantly

A black line.

Puff!

Devil Tianzun's eyebrows suddenly splashed with blood, he stared forward blankly, his eyes hollow.

"Master Devil Tianzun."

Behind him, the five powerful demons exclaimed in unison.

However, the Demon Tianzun did not respond, the boundless devilish energy disappeared instantly, and the body of the Demon Tianzun was slowly dissipating.

He is going to disappear.

The five powerhouses of the Mozu were all shocked.

And Qin Chen watched this scene dully, what did he see? The head of the spirit demon clan, the devil Tianzun was killed by the sword?

"Damn!"

In the chaotic world, the Primordial Ancestor Dragon and Blood River Saint Ancestor are also sluggish.

"This is the mistress?"

Damn it! This is too strong!

[Chapter 4097: Dung beetle](#)

Honghuang Ancestral Dragon and Blood River Saint Ancestor looked dumbfounded, as for the Lord of Abyss Demon, they were also completely dumbfounded.

It was dangerous, and everyone was about to desperately. In the blink of an eye, the mistress arrived and killed the devil Tianzun with a sword. These methods were simply against the sky.

In the chaotic world, Honghuang Ancestral Dragon and Blood River Saint Ancestor looked at each other, only one word appeared in their eyes: Strong!

"Mother is very strong!"

"Very strong, very strong!"

Both of them nodded their heads. For a pinnacle Heavenly Sovereign like Demon Heavenly Sovereign, it is very difficult to kill even an ordinary Supreme Sovereign. It can be suppressed with one move, but it is too difficult to kill with one move.

But Qin Yuechi did it.

"But the shape of this mistress is very special, it seems that I can't feel the cultivation base." Honghuang Zulong said.

"Yes, I can't feel the cultivation base." Blood River Saint Ancestor also nodded.

"It's no wonder that adults have such a talent, it seems that their genes are unusual." Honghuang Zulong said again.

"Nonsense, it's definitely not ordinary." Blood River Saint Ancestor nodded again.

"I don't know who the adult's father is?" Honghuang Zulong wondered.

"Definitely also a peerless powerhouse." said the Blood River Saint Ancestor.

The Lord of the Deep Demon looked at him, a little startled, these two guys, how about the double song? But after hearing the words of Hong Huang Zulong and Blood River Saint Ancestor, he couldn't help but say: "The master father is indeed very strong."

Huh!

The Great Ancestor Dragon and the Saint Ancestor of the Blood River looked over together, their eyes were stunned: "Have you seen?" The Lord of Abyss Demon smiled bitterly: "I was suppressed by the master's father in a lower plane for countless years, oh , I forgot to say, when I was suppressed, I was stronger than this demon god, my cultivation is also the peak god, no, it should be considered

Half-step supreme, but was directly suppressed by the master's father. Fortunately, because I was the heir of the deep demon clan, I contained the origin of the demon clan and could not easily be destroyed, so I could live to this day. "

Honghuang Ancestor Dragon and Blood River Saint Ancestor blinked, "Are you sure?"

The Lord of Abyss Demon was taken aback, "Two big brothers, is there anything wrong?"

Honghuang Zulong said: "The grown-up's mother is so strong, are you sure you can survive in the hands of the grown-up father? Look at the mistress's strength, kill the demon Tianzun in seconds, even if you are the half-step supreme, the adult father should not Can't you die?"

Blood River Saint Ancestor nodded: "I also think, now I seriously doubt that the reason why you didn't die is not that the adult's father could not kill you, but that you still have use value."

Honghuang Zulong said without pity: "It goes without saying that it must be the adult's father who trains the team for the adults, you know, seeing you I thought of a creature in the mortal world, a bit like you."

Blood River Saint Ancestor and Abyssal Demon Lord looked over and curiously asked: "What mortal world creature?" "Shiki Lang!" Honghuang Ancestral Dragon said, "Have you heard of Shiki Lang? It is said that Shiki Lang knew when his child was young. Finding **** everywhere, and then pushing it into a **** ball, this is not his hobby, but to leave food for his offspring,

After your baby is born, you can have something to eat. "

As the Lord of Abyss Demon Clan, his face was originally pitch black, but Saint Ancestor of Blood River felt that the opponent was as red as his own.

"Senior Ancestral Dragon." The Lord of the Abyss suppressed his anger and said, "You are a big brother, but you can't compare me to a shit-shell man? This is too insulting to me."

Honghuang Zulong rolled his eyes and said: "You have misunderstood. In fact, in this metaphor, you are not a shit-shell man."

The Lord of Abyss Demon breathed a sigh of relief, this predecessor of the great and wild Ancestral Dragon was still quite understanding of human relationships, and gave himself a step down.

"You should be a **** ball!"

puff!

The next words of the great ancestor dragon almost made the Lord of the Abyss almost vomit blood.

"Hahaha." The ancestor of the blood river laughed suddenly, almost laughing: "Old stuff, when have you become so humorous?"

"Am I not humorous before?" Honghuang Zulong glanced at the blood river ancestor with disdain: "In the past, those old female dragons were cute and listened to my jokes, hey, what a pity..."

Honghuang Zulong said and glanced at his right hand. He was trapped in Vientiane God for so many years, and he really suffered.

Ten Thousand Races Battlefield.

"mother!"

Qin Chen also looked at Qin Yuechi in disbelief.

"Master Devil Tianzun."

The remaining five powerful demons all changed color and roared one after another, with fear in their eyes, but they all rushed up frantically.

Rumble!

Suddenly, a billowing devilish energy swept out of the world, shaking the earth.

They took action, because they knew that they were trapped in this world, and they couldn't escape unless they killed the woman in front of them.

Five people joined forces to seek a chance for life.

boom!

The eternal magic light penetrates nine heavens and ten earths, and the five great powers all shot together. This scene is very terrible. If the demon **** walks out of the eternal emptiness, he wants to prop up the heavens and the earth, take control of everything, and the billowing magic light turns into a huge ocean, wrapping it to Qin Yuechi and Qin dust.

These five powerhouses are very strong and have extraordinary strengths. When they stood behind Demon Tianzun earlier, they felt like they were just five followers, but when they shot, they were shocked, and even Qin Chen's aura was a little changed.

The demons are worthy of being the top race in the universe, and there are too many strong ones.

puff! However, Qin Yuechi's expression was very calm. Facing the vast ocean of magic, there was no wave in his eyes. It was just that when the black ocean swept over, he raised his hand again and took out the sword. In her hands

The mysterious rust sword burst out suddenly, the sword gleamed like a sea, cutting off the ocean, and the black devilish ocean in front of him was instantly divided and torn apart.

Puff puff puff puff puff!

In the next moment, black lines appeared at the center of the eyebrows of the five powerful demons, blood spurted out, and the expressions of the five were dull. Their souls were shattered under this sword, and their bodies fell on the spot.

Wow!

Their bodies gradually dissipated, the magic source collapsed, the source merged into the heaven and the earth, and returned to the universe and heaven.

With one sword, the five powerhouses fell on the spot.

"Chang!"

Qin Yuechi shook the mysterious rust sword, and the sword body trembled, as if warning the cold soul in it. Suddenly, the mysterious rust sword became more restrained, cleverly like a quail.

"If you dare to treat me wrong again, I will let you go soulless."

Qin Yuechi said calmly, like a mother who spoils her child, but makes the sky rumbling and the sky trembles. This is the unity of all laws.

"Chen'er, hold this sword!"

Qin Yuechi handed the sword to Qin Chen. Qin Chen took the sword and found out that although the mysterious rust sword was still fierce and cold, it was a lot better, as if he was afraid of being beaten.

"Mother, do you know the soul in this sword?" Qin Chen questioned.

Qin Yuechi whispered: "I don't know, but I know the existence inside, and I also know that he has always wanted to take you away."

"Does Tianwu Continent know?" Qin Chen said in astonishment. Qin Yuechi hesitated and nodded.

[Chapter 4098: A clone](#)

Qin Chen was speechless. It turned out that when his mother was in the Great Qi Kingdom, she knew that the mysterious rust sword in her hand was extraordinary, but her mother had hidden it so deeply that he could not even see through it.

Thinking of this, Qin Chen suddenly had a lot of doubts in his heart.

Qin Yuechi said: "It's okay to tell you, this sword has sealed an ancient swordsman powerhouse, this person has a famous name in this universe in ancient times-the sword demon!"

"Sword Demon?"

Qin Chen whispered.

Qin Yuechi said: "This person used to be the top swordsman in this universe. He challenged all the swordsman masters and swordsmen in the universe all the way. No one is the enemy, except for the sword ancestor of the ancient Tongtian sword pavilion.

"However, because he is so obsessed with swords, he went the wrong way."

Qin Chen frowned: "Wrong way?"

"The final result is that he is crazy. In order to improve the swordsmanship cultivation, he violently killed the powerful men of the ten thousand races, killing the entire corpse of the universe across the wild, and all the races want to kill him." Qin Yuechi said.

Qin Chen was shocked.

Is it so crazy?

All races killed will kill him.

"Later, he was not satisfied with killing the powerhouses of the ten thousand races. He wanted to challenge the heavenly laws of the universe and the supreme rules of the universe." Qin Yuechi said again.

"Challenge the supreme rule of the universe?" Qin Chen was stunned. Can the supreme rule of the universe also be challenged?

As if knowing Qin Chen's doubts, Qin Yuechi explained: "The supreme rule of the universe can indeed be challenged. You should know that after the supreme, there is another realm, for transcendence..."

"It's just a little heard." Qin Chen was startled, is there really such a state? He also only heard Jianzu mention it when he was buried in the sword abyss.

In the chaotic world, Honghuang Zulong and the others stopped arguing. They all pricked their ears and listened carefully. They seemed to have heard something extraordinary and their eyes glowed. According to their insights, how can they not know the transcendence, but this realm is extremely

difficult to reach even in ancient times. It is the goal of almost all ancient creatures. It is rumored that reaching transcendence can truly surpass the universe, even the highest rules.

Unable to suppress, the universe can no longer restrain you at all. This is something that any creature in this universe wants to do, but it can't do it. Even the Primordial Ancestor Dragon and Blood River Saint Ancestor only vaguely touched this realm in ancient times. There is still a distance from true transcendence. Otherwise, , They will not be

Trapped in the Vientiane God.

Beyond the realm, not bound by the rules of the universe. Qin Yuechi said: "You should know that the realm of the venerable can surpass the universe and heaven, but surpass the heaven and return to heaven. It is just surpassing some ordinary cosmic rules, but it is still suppressed by the supreme rules of the universe. The situation in the universe, and the sword demon wants to do

It is to challenge the supreme rules of the universe and kill the origin of the universe. "

Qin Chen: "..."

Killing the origin of the universe, this is really a lunatic, no wonder it is called a sword demon.

"Then what?" Qin Chen asked.

"Then he was suppressed by your father." Qin Yuechi said.

Qin Chen: "..."

Honghuang Zulong: "..."

Blood River Saint Ancestor: "..."

The Lord of the Abyss blinked his eyes, is he really a "dung ball"? Qin Yuechi warned: "I know you have always wanted to control this sword, but because of what this sword has done in the past, it hurts the heavens and harmony. If it is a last resort, do not urge the soul inside. If the supreme rules of the universe perceive his existence, Will be

Repel. "

"Of course, the power of this sword is also extraordinary, and it can help you at critical moments."

Qin Chen nodded, "It seems that the use of this sword needs to be more careful for the time being. Qin Yuechi said: "Also, you have a lot of foreign objects on your body. Before, your cultivation level was too low, so you need the blessing of foreign objects. Realm, you need to be vigilant at all times. Don't let yourself develop the habit of relying on foreign objects without knowing it.

By relying on foreign objects, you will ignore your own development. Over time, you will find that you are useless except for foreign objects. "

Qin Chen nodded, "Yes, mother."

Depend on foreign objects!

Although he has always reminded himself not to rely on foreign objects, many times, some bad habits are cultivated unknowingly. This is the most terrifying.

"Like the sword before the mother, do you understand it?" Qin Yuechi said.

"It seems to understand, it seems that there is none." Qin Chen frowned. The sword used by his mother before was very simple, but it was very strong, without special scary rules, but it seemed to be able to cut everything in the universe.

"In fact, kendo is like being a human being." Qin Yuechi said: "Many strong men in the world want to become strong, they must travel the world, travel through thousands of mountains and rivers, have seen the world, and have experienced birth, aging, sickness and death before they can gain epiphany. In martial arts, there have been leaps and bounds in some aspects, and there are new

Understanding. "

"The rules are the same."

"The rules of heaven and earth were born for the movement of the world, and the supreme law of the universe is the same. If you stick to various sword moves, various rules, and various powers, you will indulge in your limitations and can't get out."

"What do you think the purpose of the sword move is for?" Qin Yuechi asked.

"The purpose of the sword move?" Qin Chen murmured.

"Kill the enemy." Qin Yuechi said: "The sword is to kill the enemy. As long as you are sincere, as long as you move towards this goal, the process is not important."

Qin Chen was silent.

Suddenly I felt that what my mother said was reasonable.

"Boom!"

At this moment, this ten thousand race battlefield trembled violently, and a terrible aura lingered and suppressed in the sky, as if Tian Gong was furious and was about to tear Qin Yuechi's small world.

"Ancestor of Abyss Demon!"

Qin Yuechi suddenly looked up at the sky, her eyes cold.

In the sky, there was a roar and a terrible stare.

"Chen'er, mother is leaving."

Qin Yuechi lowered her head and said, stroking Qin Chen's face.

"Mother, you have to go..."

Qin Chen was stunned. Why did my mother leave just now.

Qin Yuechi smiled bitterly, "Chen'er, don't blame mother, mother came here only as a clone. After killing the demon Tianzun and other people, it would not have been possible for them to last too long. Sooner or later, they would dissipate."

This is just a clone of the mother?

Qin Chen changed color.

Honghuang Zulong was surprised: "It's no wonder that there is something wrong with the mistress's breath. It turned out to be just a clone."

"Mother, where is your body? My child is going to find you." "Chen'er, don't come to me, the place where my mother is, is not where you can come now. If you come, you will die. Don't worry. , Mother and your father are fine, I know you have a lot of doubts in your heart, but what we do is for

You, Chen'er, mother hope you can grow up healthy and happy, but? Yes, your life is destined to be extraordinary. "

Qin Yuechi's voice fell, and the light on his body had gradually dimmed.

"Remember, Human Race Xiaoyao Supreme can be trusted. When enough, he will tell you something."

Qin Yuechi looked up.

boom! In the body, a vast aura rose up, and the whole person turned into a sharp sword, instantly soaring into the sky, slashing towards the endless sky above the battlefield of ten thousand races.

[Chapter 4099: Hide east](#)

boom!

Seeing this small world, it shattered directly, and Qin Yuechi turned into an imaginary sword light, slashing directly above the infinite horizon.

"That is....."

Qin Chen raised his head and saw the vast Starry Sky of the Ten Thousand Races Battlefield, a pair of cold eyes opened, staring down with endless magic power.

Is the ancestor of the abyss demon.

"The ancestor of the deep demon, in the long river of years, you once wanted to stop me. This time, you are also the enemy of blocking."

Qin Yuechi drank coldly, with a cold voice, like a flying fairy from the sky, violently cutting out, amazed the eternal sky.

"Huh, is it you?"

The ancestor of the deep demon snorted coldly, "I knew that you should have been killed in the first place. You should kill my disciple of the demon clan, you deserve a million death, a clone, break me."

Boom!

Above the endless sky, a vast palm formed a terrifying magical hand, as if it could turn the sky and the earth over, and the endless stars revolved in this palm, swallowing everything.

"Boom!"

I saw the power of the Demon's Palm swallowing the sky, and the endless darkness swallowed this sun-like sword light, like a faint candle being swallowed by the endless darkness, and there was no shock in the darkness.

"Mother."

Qin Chen exclaimed and shed tears. Although it was only a clone, Qin Chen's heart was full of anger and grief when he saw that his mother was captured by the ancestor of the deep demon.

"This is the ancestor of the current demon race. He dared to take action against the mistress. He was bold and lawless. When the ancestor resumes his cultivation, he must be taught severely to relieve his hatred." The blood river ancestor said angrily.

"The mistress is so strong, she wouldn't be annihilated so easily, right?"

Honghuang Zulong frowned.

His voice just fell, booming, and suddenly, above the dark magic power hand, violently rolled, bursts of explosions continued to be heard in it, and then, in the endless darkness, a sharp sword light lit up.

"Mother!" Qin Chen was excited.

boom!

The sword light pierced the sky in a flash, and instantly penetrated this dark magic power hand, submerged in the endless darkness, and suddenly an angry roar came from the endless darkness.

It was the roar of the ancestor of the deep demon.

"Chen'er."

Vaguely, Qin Chen saw the illusory figure of Qin Yuechi in the chaotic atmosphere above the endless sky. He glanced at him in the starry sky and disappeared with a bang.

call!

Qin Chen raised his hand, and instantly incorporated the remaining origin and power of the demon Tianzun and the five great demon clan powerhouses into the Universe Good Fortune Jade Plate. The whole figure flickered and disappeared suddenly.

In the endless market.

The ancestor of the Abyssal Demon looked a little embarrassed at the moment, his body was surging with devilish energy, but soon, the endless devilish energy covered him, and the breath of his body was restored.

"Hmph, that **** woman..." The ancestor of the deep demon became a little angry.

"Hahaha, Yuanmo ancestor, why, do you still want to fight?" Xiaoyao Supreme sneered and said: "If you do something on the battlefield of ten thousand races, I don't mind fully opening the battlefield of ten thousand races, you demon should not be ready yet, right?" Xiaoyao supreme, don't be proud of you, today's affairs, will not be so easy to give up, do you think you can protect this kid forever?" Yuanmo ancestor sneered, his eyes flashed, as if thinking of something, revealing Yin Compassionate light: "This little

Son, sooner or later, I will cast myself in the net. "

The body shape shook, the ancestor of the deep demon disappeared instantly, and the billowing demon energy retreated into the endless void, disappearing.

Seeing the Yuanmo ancestor disappeared, Xiaoyao Supreme breathed a sigh of relief. If it was not necessary, he did not want to continue fighting with the Yuanmo ancestor. He couldn't know the strength of the Yuanmo ancestor. What had been revealed before was nothing but a catch.

At their level, if it were not for life and death, it would never be possible to reveal their full strength. "Young man, the one who has given you so much attention and love, I also want to know, what will happen to your future? Looking forward to the day when you can stand in front of me." Xiaoyao Supreme murmured, With a bang, his body shook,

Dissipate and disappear.

After the Yuanmo ancestor and Xiaoyao Supreme left, the entire ten thousand race battlefield was instantly quiet.

Since then, after the Vientiane God is hidden, all parts of the battlefield have restored calm.

"Senior Demon Ancestor Luohu, how is it?"

In a corner of the Ten Thousand Clan battlefield, Mo Li and Chiyan Demon Lord climbed out cautiously: "The ancestor of the Abyss Demon really left?"

"Don't worry, this guy has already left. Fortunately, the ancestor has absorbed a lot of devil energy and recovered some power, otherwise the ancestor was afraid that he would be discovered just now."

Luohu Demon Ancestor was also a little frightened: "This is the ancestor of the Demon Race and the leader of the Human Race today? It's incredible, why is this strength so abnormal?"

"Senior Luohu Demon Ancestor, are they strong?"

"Peak Supreme, what do you say, you know, the three thousand gods and demons that came in the ancient times are basically in the supreme state, and it is only a handful of them that can reach the level of the two guys just now." Luohu Demon Ancestor was a little speechless. I thought I had come out, it should have swept the world, unmatched, how did you start hiding? Is this guy I trust poisonous? It seems that after being with him, I have been hiding

Tibet is up, this fate is a bit weird.

"I said, before the ancestor parasitized you, the two of you always hid like this?" Luohu Demon Ancestor asked curiously. "Ahem, how is it possible, Senior Luohu Demon Ancestor, before you parasitized, we

were all present among the various races in a fair manner. The reason why you hide in Tibet now is entirely for you, Senior, after all, Senior, before you regain your strength. , Can't

Easily exposed to the ten thousand races. "Mo Li hurriedly said.

"is it?"

Luohu Demon Ancestor always feels weird, as if there is something wrong.

However, now he finally understands that Mo Li and Chi Yan Demon Lord are so speechless to Qin Chen, that kid can survive in the hands of the supreme, this is too abnormal, the mysterious woman who appeared last gave him The breath is very scary.

The outside world is terrible, and it is still safe in Vientiane God.

Luohu Demon Ancestor is guilty.

"go."

Mo Li and Chi Yan Demon Lord didn't dare to stay here any longer, their figures flickered and disappeared instantly.

On the other side, after flying by for a long time, Qin Chen finally left this heaven and came to another area of the ten thousand race battlefield.

For such a long time, Qin Chen had not felt the crisis, and then realized that he should be really safe.

Since then, the entire ten thousand race battlefield has calmed down.

call!

Qin Chen changed his appearance and restored his human face. The identity of the True Dragon clan is too special. After so many experiences, everything Qin Chen has done will definitely be passed down in the universe, even if it can cause landslides and tsunami-like earthquakes in the heavens and even in the worlds! Countless races will pass

Reciting Qin Chen's fame, among the heavens, the name of the true dragon genius will shock everyone. ? This identity is temporarily unusable on the battlefield of ten thousand races, it is too eye-catching.

[Chapter 4100: Day work camp](#)

Having restored the appearance of the human race, Qin Chen did not leave the ten thousand race battlefield for the first time. Although the ancestor of the Abyss Demon has left, who knows whether the ancestor of the Abyss is on the battlefield of ten thousand races, at least, through this battle, Qin Chen has learned that the ancestor of the Abyss has already known his identity , And resist Xia Yuan for yourself

The demon ancestor's is most likely the leader of the human race, Xiaoyao Supreme.

This is easy to guess. First of all, Qin Chen also perceives the figure above the endless sky, and secondly, there are only some leaders of the top races who can withstand the ancestors of the Abyss Demon.

Perhaps the real dragon ancestor also has a slight possibility, but if the real dragon ancestor makes a move, the ancestors of the wild ancestor dragon will not fail to sense it.

Then only Xiaoyao Supreme is the most likely.

Moreover, before my mother left, she once said that Human Race Xiaoyao Supreme is credible, so that Xiaoyao Supreme should also know his identity.

"Xiaoyao Supreme."

Qin Chen murmured. To learn about his mother and father, Qin Chen needs to find Xiaoyao Supreme, and the other party must know where the two are, but it is not easy to find Xiaoyao Supreme.

Qin Chen wanted to find Xiaoyao Supreme. There were two ways. The first was to find the Jinlin of the Yaozu. Jinlin Tianzun was once under the command of Xiaoyao Supreme. If you find Jinlin Tianzun, you might know the location of Xiaoyao Supreme. . Secondly, Tianzuo, the president of Tianzuo, found out from the ancient sacred pagoda that Qin Chen knew that the creator of Tianzuo repaired the heavens together with Xiaoyao Zhizun, and then fell asleep in the depths of time and space. Now Xiaoyao Zhizun wakes up and works that day.

It is very possible that Tianzun will also wake up.

That being the case, if you find Tianzuo's founder Tianzun, you can find Xiaoyao Supreme.

"It just so happens that Qianxue and the others are also working in the sky. This time, the Vientiane God Store,? They should have entered the sub-secret realm of the Vientiane God Store. I don't know what the harvest will be."

Qin Chen's eyes moved.

In the chaotic world, he suppressed the origins of some top powerhouses such as Molten Flame Heavenly Venerable, Starfall Heavenly Venerable, and Demon Heavenly Venerable.

With Wuxue's talents, it is not difficult to break through the human respect, but it is not easy to break through the earth respect, and it takes too many resources and so on. "Regardless of whether Wuxue and the others have broken through the realm of the gods, as long as I smelt the origins of the star-falling gods and inject them into their bodies, it will be enough to greatly increase their origins, and it will be easy to break through the gods, and even feel a trace of the power of the gods.

not necessarily. "Qin Chen knows deeply that although his current strength is not weak enough to fight Tianzun, it is absolutely impossible to walk in the universe by himself. Any race will have a large number of helpers. He established Chendi Pavilion at the beginning. The purpose of

Yes, the same is true.

"In that case, I will return to work first. I almost forgot. I am still the son of Heavenly Work." Qin Chen took out the map when he thought of it. When Venerable Mantra came to heaven, he invited Qin Chen and the others went to work in the big camp on the battlefield of ten thousand races, but they were rejected by Qin Chen. If Wuxue and they are still on the battlefield of ten thousand races, they should

In this camp that should work in the sky.

Qin Chen set off immediately.

There is still some distance from the big camp of work here.

However, with Qin Chen's current strength, hurrying is naturally not a problem, and in some battlefield camps, there are still teleportation formations. You can use the teleportation formations, leaving a lot of time.

Almost a few days later, Qin Chen had already arrived at the Ten Thousand Clan battlefield location where the big camp was located. When they came here, Qin Chen couldn't help feeling full of emotions. It belonged to Tianwork's relatively remote camp. It belonged to the outer camp area of Tianwork. It was not the headquarters. After all, Qin Chen and the others came out of the heavens back then, and they were all peak sage majors. For, not

Will be arranged in the headquarters camp.

Only how many years have passed, Qin Chen has not only broken through the realm of the nobleman, but has even entered the realm of the mid-term earthly respect, which is no longer what it used to be.

If Qin Chen, who had just entered the battlefield of ten thousand races, was only a young genius, then Qin Chen is now a giant on the battlefield of ten thousand races.

In the chaotic world, Honghuang Zulong and the others also knew Qin Chen's actions, and couldn't help but feel a little depressed.

"Obviously I said that I would take me to find the mother dragon. This is back to human territory. I should miss my daughter-in-law. Alas, it seems that my happiness can only depend on my double dragon claws. How long will I have to endure? ?"

Honghuang Zulong was a little depressed.

"Don't worry, I will go to the real dragon ancestral land sooner or later."

Along the way, the great ancestor dragon kept pushing, and Qin Chen was speechless.

This is simply talkative. After a few more days, Qin Chen finally came to the territory of this ten thousand race battlefield human race. When he arrived, he was much closer to the Tianguo camp. There were not only the outer camps of Tianguo, but also the Star God Palace and Dayu Shenshan. , Void Temple, etc.

The camps of other ethnic forces are scattered and watchful of each other.

"Star Palace, Dayu Shenshan."

Qin Chen snorted coldly and took them sooner or later.

But now, Qin Chen naturally won't cause trouble again.

Here, the team is bustling with camps all over the place. The outermost part is actually where the casual repair camp is located. After the casual repair camp, you can see the location of the Tiangong camp.

Heavenly Work Camp is located at the core of this ten thousand race battlefield. It has a strong atmosphere of heaven and earth and is very suitable for cultivation, but when you look from a distance, you find that there are ruins everywhere. That's because the Ten Thousand Races Battlefield has existed for thousands of years. This is a key position on the periphery of the Ten Thousand Races Battlefield. For countless years, the Human Race Alliance and the Demon Race Alliance have competed with each other for the right to rule here, and they have changed hands back and forth. Times

In addition, there is a very rare mineral vein here, which is enough for the people of Tianzhuo to refine the crafts. Over the years, Tianzhuo Camp has also been mining veins here for countless years.

Nature is a ruin.

From a distance, Qin Chen saw a dark high mountain in the distance. On this high mountain, a billowing ground fire was burning, emitting astonishing heat.

"This should be a sacred mountain of refining tools."

Qin Chen said with emotion that Tianjiao is different from ordinary human forces. Ordinary human forces can conquer the Quartet. As the top weapon refining force of Human race, Tianjiao also assumes the task of refining weapons.

"Will Ru Yue and Qianxue be here?"

Qin Chen was excited and approached this sacred mountain.

Hum! On the periphery of the sacred mountain, there are a series of formations enveloped, exuding a horrible atmosphere. This is a large formation of venerables. Even the elders cannot easily break in. Once entered rashly, they will be affected by the terrifying power of the fire on the battlefield Lore, smelt into ashes

.

"This formation is a bit interesting." Qin Chen smiled and didn't stop, but went directly into it. Suddenly, the billowing formation lingered, but after shining rays of light on Qin Chen, he quickly retreated. .
