

Valkyrie Domination

Valkyrie Domination #Chapter 41 – 50

: Tit for tat - Read Valkyrie Domination Chapter 41: Tit for tat

Chapter 41

"Qin Chen, it's the turn of the students who have not awakened the bloodline to receive the baptism of the bloodline, why are you still sitting still? Are you trying to get through?"

Qin Fen stood up abruptly, and shouted at Qin Chen under the eyes of all eyes. His heart was very happy, haha, Qin Chen was definitely afraid of not being able to awaken his blood, so he didn't dare to go up. The more he was afraid, the more he would have to pierce him.

Qin Fen yelled, and immediately focused everyone's attention on Qin Chen's body.

"Qin Chen, what's wrong with you?" Lin Tian asked Qin Chen with a worried expression.

Zhang Ying stood up and shouted angrily: "Qin Fen, what nonsense are you talking about, Shao Chen is just not ready yet, what are you worried about, hum, it's really the emperor that the **** is not in a hurry."

"Zhang Ying, what are you, dare to talk to me like this." Qin Fen glanced at Zhang Ying disdainfully, and laughed loudly: "Not ready yet, haha, look at the stage, everyone is ready. Could it be that he is not ready? I think he has no confidence in awakening the blood, and wants to get through it, huh, fortunately, my Qin family has already expelled this trash girl. Otherwise, seeing that he is sixteen, he has no blood. Awakening, it's a shame to my Qin family. If Qin Chen, I were you, I would have no face to live in this world, I would have died long ago."

"Huh, the Qin family has already expelled Qin Chen?" Many high-ranking officials present immediately caught a trace of information from Qin Fen's words.

"What nonsense are you talking about? People like you die first." Zhang Ying trembled with anger.

"Zhang Ying, don't talk nonsense with him." Qin Chen sat in the stands silently, ignoring Qin Fen's yelling, his expression calmly, as if watching a beaming clown.

Not far away, Qin Yuechi looked at Qin Chen worriedly, her hands tightly tangled together, and she was heartbroken when she saw Qin Chen who was questioned.

"Qin Chen, you are on the roster, so you won't come on stage for me." An academy instructor who performed the awakening ceremony suddenly glanced at the list of flowers in his hand, came to Qin Chen a few steps, and said in a bad tone.

This person has triangular eyes and sharp-mouthed monkey cheeks. He looks very wretched, and his cold eyes are like a blade, falling on Qin Chen fiercely, seeming to be angry at him for disrupting the order of the assessment.

"Madam, this is the instructor Gou Xu we bought. With him, Qin Chen's blood awakening ceremony today will definitely not succeed." Qin Yong immediately attached to Madam Zhao's ear and said.

Madam Zhao smiled yinly, and squinted her eyes and said, "Okay, let's wait for a good show." As she glanced at Qin Yuechi, who was slightly pale under her eyes, she said with pride in her heart: "Little bitch, I still have one. With a dignified appearance, I will see how you cry later, hahahaha."

On the high platform.

Lingwu King Xiao Zhan and Dean Chu Weichen frowned slightly.

Vice President Ge Hong, who was in charge of the presiding, saw this scene and immediately stood up and said in a deep voice, "Qin Chen, why don't you accept the baptism of blood?"

He had also heard about Qin Chen, and he had also understood that this student practiced very hard, and Ge Hong still admired it in his heart. As an academy, he would definitely not want to give up any student, but after all, the school rules are the rules of the court, if Qin Chen had not awakened his blood for three consecutive years, he had no choice but to expel him.

Under the eyes of everyone, Qin Chen slowly stood up and said calmly: "Associate Dean Ge, it's not that the students don't want to participate in the blood awakening, but the blood of the students has been awakened."

Qin Chen's words shocked everyone.

"Haha, your blood has been awakened?" Qin Fen seemed to have heard some funny joke. After being stunned, he laughed unscrupulously and said with contempt: "Qin Chen, you have even this way to get through. Say a lie, if you can awaken your blood, wouldn't the sows be able to climb the tree." He arched his hand to Vice Dean Ge: "Master Vice Dean, according to the students, such a treacherous person, The college should be expelled directly, so why give him another chance."

Qin Fen's proposal attracted the approval of a group of people.

"Yes, for this kind of student, the college might as well just expel it directly."

"It is unforgivable to lie in front of the deans and adults."

"If you don't even have the most basic integrity, how can you become a disciple of my Star Academy."

Wei Zhen and Wei Zhen and a group of people roared in the audience, looking at Qin Chen with contempt. They didn't dare to ask Qin Chen's troubles directly, but if such an opportunity to beat the dog in the water was not seized, it would be too wasteful. .

At this time, everyone on the stage looked at Qin Fen who was sneered repeatedly, and couldn't help but think to himself: They all said that Qin Chen's mother and son were not being seen in Qin's house.

"Qin Chen, do you know what is the crime of deceiving the academy? Associate Dean Ge, next proposes that Qin Chen be exempted from the test and expelled from the academy."

Gou Xu was also overjoyed in his heart. He accepted Madam Zhao's benefit. The purpose was to make Qin Chen fail the examination. Who knew that Qin Chen didn't obey the academy's arrangements. Wouldn't it be more convenient if he could be expelled directly?

Ge Hong glanced at Gou Xu displeasably, and the students just made a fuss. As the instructor of the academy, Gou Xu mixed up something.

"Qin Chen, you said you have awakened your blood, is there evidence?" Ge Hong said solemnly.

Qin Chen frowned, but he forgot that his bloodline awakening had not been verified by the bloodline master of the bloodline holy land, so he had to say: "No, the students awakened by themselves..."

"Hahaha, wake up on your own." Before Qin Chen could finish speaking, Qin Fen was already holding his belly and laughed, his body arched, his tears were about to come out, and he laughed and said with a sneer: Whoever awakens the bloodline, who is not the famous genius of the Kingdom, you can awaken the bloodline by yourself even if you are a trash, it makes people laugh out loud, haha, hahaha."

There was a buzzing discussion on the court, and many people looked at Qin Chen with pity. In their opinion, Qin Chen was definitely afraid that he would not be able to awaken his blood, and wanted to get through.

Alas, Qin Batian, the dignified king of martial arts, how could there be such a grandson.

"There is no evidence, but he pretended to have awakened his blood. Associate Dean, this matter is already very clear, and I think that Qin Chen's heart is not right, and he should be expelled from the academy directly to behave like you." Gou Xu sternly said.

Qin Chen glanced at Gou Xu. It seemed that he had never offended this person, right? Why is this person targeting himself everywhere?

He didn't bother to look at the other person, and said to Ge Hong, "Associate Dean Ge, bloodline testing is very simple. Only the college arranges a bloodliner to verify it, and you know if the student has awakened bloodline!"

Qin Chen's calm and composed appearance shocked many people present. Could it be that this person really awakened his blood? After all, such lies can be easily dismantled.

Gou Xu's heart sank too, could it be that this kid really awakened his blood? Although the probability of this incident is low, it is not impossible. He hurriedly said, "Associate Dean, now is the time of the year-end exam, how can Qin Chen disrupt the process of the exam because of this one? Yes, even if it is to be verified, the subordinates believe that it should be verified at the bloodline awakening ceremony."

Chapter 42

After thinking about it, Ge Hong said in a deep voice: "Okay, Qin Chen, since you said that you have awakened your bloodline, then you can join the bloodline awakening ceremony. As long as you have any bloodline breath revealed during the baptism, you will be considered to have passed the assessment. But if you have not awakened your blood, but disrupted the order of the year-end exam, the old man will definitely expel you in public."

Ge Hong's tone was stern, and his voice was like Hong Zhong.

Qin Chen arched his hands and said, "Yes!"

Qin Fen watched Qin Chen walk into the square, and couldn't help but sneer: "Vice President Ge is really kind. Qin Chen clearly wants to get through the trap, but even gives him a chance. It would be strange if this waste can awaken the blood. "

Qin Chen paused, then turned his head and said: "Qin Fen, you keep saying that I want to get through by fooling around, dare to make a bet with me?"

"Bet, what bet?"

"If I have not awakened my blood, and the baptism is over, I will leave it to you, but if I have awakened my blood, I will not be like you. As long as you are in this square, learn a few dog barks and shout that you are an idiot. ?"

"Huh, you are an idiot!"

"Why, don't you dare?" Qin Chen said with a smile.

"Will I dare?" Qin Chen's smile immediately angered Qin Fen. He quietly glanced at Gou Xu, his heart calmed down instantly, and sneered: "Since you must die, then I will fulfill you."

"Haha, there are so many people watching, Second Young Master Qin, don't break your promise." Qin Chen smiled coldly and walked onto the square.

After Qin Chen's tossing, the whole year-end assessment suddenly became interesting, and the two children of the Qin family actually pinched them in public, and the kings and suns nobles present felt a subtle aura from it.

"You, stand here." Gou Xu brought Qin Chen to a piece of white crystal and snorted coldly.

At this time, in the center of the square, more than one hundred students who had never awakened their blood were gathered, and each student was holding a white crystal in his hand.

"Awakening baptism, start!"

A blood instructor from the Star Academy stood in the middle of the square, shouting loudly.

Then, above the entire square, a misty white glow suddenly rose up, and a sacred breath suddenly passed.

The Bloodline Awakening of the Star Academy at the end of the year was jointly organized by the Star Academy and the Wangdu Bloodline Holy Land. The Bloodline Holy Land sent a full five Tier 1 bloodline masters to participate in the awakening ceremony.

"Wow!"

The powerful guiding force enveloped the entire square, and the white crystals in the hands of many students were lit one after another, and every student was shrouded in white light.

On the stand, Qin Yuechi's hand suddenly clenched, staring at Qin Chen nervously.

It's not just her, almost more than half of the people on the scene at the moment, their eyes are on Qin Chen.

Along with the circulation of the powerful bloodline power, Qin Chen's body was shrouded in white light, but the slightest bloodline power was not revealed.

"Haha, I said, Qin Chen is a lie, right?" Qin Fen suddenly laughed.

Everyone frowned, but did not say anything.

The awakening ceremony has just begun, and it doesn't say everything.

Suddenly, a tiger roar sounded in the field. A phantom tiger phantom appeared on the crystal in the hands of a student who was about twelve years old and a little immature. The red tiger roared to the sky, emitting a red halo, and that The fusion of teenagers makes people dazzling.

"Someone has awakened their blood. It is Gao Hong from the elementary class, the second son of Deputy Commander Gao of the Royal City Guard."

"Red Tiger bloodline, Gao Hong was only twelve years old, and he awakened the second-ranked Red Tiger bloodline, and his future is boundless!"

At the age of twelve, he was awakened from the second-grade bloodline, and he was a genius in Daqi, and the future was bright.

"Haha, I will have a banquet in the mansion tonight. If you are free, please come and enjoy your face in the mansion."

Deputy Commander Gao sat on the stand, smiling from ear to ear, and arched his hands to the surroundings.

"Hehe, I awakened the second-grade bloodline at the age of twelve, and it is much stronger than some waste." Qin Fen laughed repeatedly, constantly mocking Qin Chen.

"Om!"

On the square, the white crystal in front of a famous student lit up.

Red orange yellow green blue blue purple!

The colorful colors are gorgeous, and many different bloodlines are presented in front of everyone, what a spectacular scene.

Among them, most people are awakened from the first-class bloodline, and a small number are awakened from the second-class bloodline.

If someone takes a closer look, they will find that most of those awakened from the second-grade bloodline are the children of the royal capital nobles, and the commoner children are almost all the first-grade bloodline.

At this time, the awakened bloodline students accounted for about half of the field. Every awakened bloodline student was excited and inexplicable. After all, only the awakened bloodline could truly enter the ranks of warriors.

As for those students who have not awakened the bloodline, although they are a bit disappointed, they are not particularly disappointed. After all, for most students, the awakening of the bloodline is a matter of time. It is only a matter of time.

Seeing that the awakening baptism is about to end, but the white crystal in front of Qin Chen is still very calm, and there is no blood in his body.

If by the end of the baptism, he still shows bloodless air, then the self-awakening bloodline he mentioned earlier is completely false.

"Haha, I just said that this kid is obviously a lie." Qin Fen laughed arrogantly, and said excitedly to the students around the stands.

"Hmph, deceiving the academy is a very heinous crime." The students around Qin Fen also sneered again and again.

"Qin Fen, shut up, Young Chen will definitely awaken his blood." Lin Tian and Zhang Ying blushed with ragged necks and angrily said.

Qin Fen glanced at the two men savagely, a glimmer of cold light flashed in his eyes, and snorted coldly: "If you two interrupted Ben Shao repeatedly, you will look good in the future."

At this time, a student beside him grinned and said: "Qin Fen, don't worry, the next round will be Wu Bi, I don't believe that these two people will be so lucky, and neither of them will fall into our hands?!"

Another student frowned and said: "If you are afraid, you are afraid, they can't even pass the first round of assessment."

"This is a problem, but it's okay. There are many opportunities to teach them later."

"Hahaha." The other students around Qin Fen laughed together, staring at Lin Tian and Zhang Ying, both of them unkindly.

On the high platform, Zhao Feng showed excitement, his eyes fixed on Qin Yuechi, with a big smile in his heart, Qin Yuechi, look at your precious son, what a waste.

Dean Chu Weichen frowned slightly, and Qin Chenruo was really expelled from the Star Academy. His dean also had no light on his face.

Qin Yuechi looked at Qin Chen affectionately, and at the white crystal that was still in front of Qin Chen, her clenched hands slowly let go.

There was a sense of kindness in her eyes, and a sharp light flashed in the depths of her eyes, and she muttered: "Po Tian, our boy, if there is really no talent for martial arts, let him live a life of ordinary."

She also had illusions at the beginning, hoping that her child could create miracles, but in the final analysis, the miracles did not appear.

On the square, Qin Chen felt the white crystal in his hand expressionlessly, and suddenly sneered in his heart.

From the first moment he touched the crystal in his hand, he found that the awakening crystal in his hand was clearly a dead crystal.

What evil Zhao Feng!

Chapter 43 Dead Crystal

Although the dead crystal can also generate baptismal light, it cannot stimulate the blood in the warrior's body. In other words, it is impossible for any warrior to awaken his blood through this crystal. At the same time, even the warrior who has awakened the blood can't Through this crystal, his own blood is revealed.

Combining the previous situation, Qin Chen immediately realized that this Gou Xu had been bought by Zhao Feng.

With a venomous heart, Zhao Fengming had already expelled himself and his mother from the family, but he didn't want to let him go. It was too much.

"Hmph, I just want to prevent myself from releasing the bleeding breath with just a piece of dead crystal. That would be too small for me." As the baptism was about to end, Qin Chen suddenly smiled at Gou Xu.

At this time, many people's eyes were focused on Qin Chen, seeing that the baptism was nearing the end, Qin Chen still did not reveal his blood, couldn't help shaking his head and sighing, and immediately saw Qin Chen smile inexplicably.

then--

Hum!

A azure blue light suddenly burst out from the crystal in Qin Chen's hand. The light was very weak at first, but in the blink of an eye, it became dazzling. The dazzling blue light almost turned into a scorching sun, stabbing many people. Do not open your eyes.

Crackling!

A lot of thunder light circulated above the blue crystal, bursting out an astonishing breath.

"Wow!"

At this moment, the audience was in an uproar, and everyone was stunned.

"My God, he really awakened?"

"At the end of the awakening ceremony, I was awakened."

"What kind of blood is this? It's too dazzling."

"The power of thunder is a rare bloodline!"

At this moment, everyone on the court was sluggish, and fell into a shock.

Almost everyone thought that Qin Chen couldn't awaken the bloodline at all, but they didn't expect that at the last moment when the bloodline awakening ceremony ended, Qin Chen revealed the bloodline aura, and instantly shocked everyone.

Among them, the most shocked were the people of Gou Xu, each of them staring wide-eyed, as if he had seen a ghost.

"Impossible, how could he awaken the blood, I obviously made hands and feet on his crystal, how..."

Gou Xu stared at his eyes like a dead fish, and his mind burst into confusion.

Qin Fen, who was still laughing before, as if swallowing a dead fly, his eyes widened, showing a look of surprise.

how can that be?

Zhao Fengfeng opened his eyes angrily, looked at Qin Yong, and said angrily: "Qin Yong, what is going on?"

Qin Fen was full of cold sweat, and couldn't stop rubbing it, and said tremblingly: "Madam, the subordinates don't know, Na Gou Xuming promised his subordinates and promised to make a ticket, but..."

"But what?" Zhao Feng gritted his teeth, his face was gloomy and terrifying, and said murderously: "You can't even do such a small thing. Why do you want you?!"

"Madam, please be merciful, ma'am be merciful!" Qin Yong hurriedly said in panic.

Qin Yuechi looked at Qin Chen, who was lingering in blue light, two lines of clear tears rolled down from the corners of his eyes. He was extremely happy, and muttered: "Po Tian, have you seen it? Our child has awakened his blood, and he did it."

Lingwu King Xiao Zhan smiled and said to Chu Weichen: "Dean Chu, Tianxing Academy is indeed the first academy in the Great Qi State, and the students are still as good as ever."

Chu Weichen smiled, hehe said: "Lingwu King absurdly praised it."

But inwardly, he was quite happy. If Qin Chen was really expelled from the academy, his dean's face was also blank, but fortunately, he finally lived up to his expectations.

However, the blood aura on Qin Chen's body always felt a little familiar, as if he had seen it somewhere not long ago.

Xiao Zhan, Chu Weichen and others had such a feeling in their hearts, but they couldn't remember where they had felt them before, so they shook their heads, thinking it was their own illusion.

Qin Chen condensed the light of the bloodline, and a bloodline master had already recorded the bloodline level, and said loudly: Elementary class student Qin Chen, fifteen years old, awakened thunder light bloodline, first rank!

When Qin Chen stepped off the platform, Lin Tian and Zhang Ying immediately shouted excitedly: "Haha, little dust, you finally succeeded."

"I just said that with the talent of less dust, how can you not be able to awaken your blood."

"Leiguang bloodline, this is a rare bloodline, Qin Fen, what else can you say now."

Qin Fen recovered from the shock and snorted coldly, "Huh, but awakened a most trash first-grade bloodline, what's so good to be happy about."

After Qin Fen said this, he felt cold all over, and saw many students around him staring at him. Most of them awakened only from the first-grade blood.

Qin Chen said lightly: "Qin Fen, don't forget our previous agreement."

Qin Fen's face changed, and his figure moved backwards.

"Haha, Qin Fen, you don't want to go wrong, do you?" Zhang Ying sneered loudly: "So many people have heard the bet between you and Shao Chen, including the dean and the strongest in the capital. If you fall back on the bill, you have to think about the consequences."

Qin Fen's heart sank as he looked at the gazes of many students around him, and the gazes of the powerful and powerful in the capital.

The warrior promises a daughter, if he really breaks his promise, in the future in the royal capital, I am afraid that no one will be able to value him.

Gou Xu glared fiercely, Qin Fen had to learn a few dog barks in full view, and then shouted in shame, "I am an idiot," causing laughter around him.

"Hahaha, Qin Fen, I didn't expect you to be a little self-aware and know that you are an idiot, haha." Lin Tian and Zhang Ying laughed.

"You wait for me." Qin Fen gritted his teeth, his face flushed, and under the laughter of everyone, he wanted to find a place to drill down.

For the dignitaries of the royal capital, this is just an episode of the big entrance examination of the Star Academy, everyone just smiled and didn't care about it.

After the awakening baptism, it was Wu Kao's contest.

There are three rounds of Wu Kao.

The first round: strength assessment.

The second round: screening battle.

The third round: ring battle.

There are a total of thousands of disciples taking part in the year-end exams, and if the comparisons pass one by one, the comparison will last for a few days.

Therefore, in the first round of power assessment and the second round of screening battles, some powerful disciples were quickly selected to enter the final arena.

And only students who pass the power and screening battle can participate in the final round of Wubi.

Soon, Wu Kao began.

The first round: strength assessment.

On the square, there are twenty powerful bows of amazing weight, each of which is fifty stones.

Fifty meters away, there is also a row of stainless steel targets.

In this first round of assessment, students are required to pull a fifty-stone strong bow and hit a steel target in the distance. Only when the arrow is on the target can count.

Soon, the first group of twenty students came to the stage.

Every student looked serious, and picked up a strong bow one after another. The heavy texture made everyone afraid to give birth to a small heart.

Chapter 44-Strength Assessment

"Keng!"

Many students put their arrows on their bows. This arrow was made of fine steel. The true energy in the body began to revolve. The right eye was aimed at the bullseye in the distance.

"Drink!"

A calm, dark-skinned teenager, exhaled and shouted, and along with the big drink, the bowstring tanned with the strong muscles of blood beasts was suddenly pulled apart, in a half moon shape.

"collapse!"

He pulled the bowstring to the extreme, and with a sudden release of his right hand, the black iron arrow swept out like a phantom.

The young man huffed his breath and stared expectantly at the iron arrow hitting the iron target. With a clink, the iron sword left only a dent on the iron target. He exhausted his strength, threw it out, and landed. On the ground in front of the iron target.

A look of disappointment appeared in the young boy's eyes, he fisted angrily, lowered his strong bow, and left with a sigh.

Everyone has only one chance, and if he fails, he will be eliminated.

Jingle bells!

At this time, there was one after another sound of gold and iron fighting on the stage, and only 20 students shot their own iron arrows, but most of them, although they hit the target, failed to keep the iron arrows in the target. Was eliminated.

There were also some people who couldn't hit the target at all, and the iron arrow glided past the target. There were even a small number of people who couldn't even draw the strong bow, and don't even talk about shooting the iron arrow.

In the end, only three of the first group of twenty people succeeded in hitting the target and the arrow did not fall.

The iron arrow of one of them only pierced the target for half a minute, and the whole iron arrow was bent sixty degrees, almost falling off.

But luckily, he got stuck on the target.

The three successful people waved their fists excitedly, and walked off the ring triumphantly.

"Only three people passed the first batch. It seems that the difficulty of the first round is not low."

"That said, a powerful bow of fifty stones is equivalent to the power of five horses. In other words, at least students who are mid-level human level or above can pull the bow to the extreme, not to mention, there are iron arrows and iron targets. The average human-level mid-term students may not be able to succeed."

"The Tianxing Academy is worthy of being the first academy in the kingdom. Although this round is a simple power assessment, it is not just power, but also the students' eyesight, accuracy, and power control."

"Haha, it's interesting."

The high-ranking officials and powerful kings sitting on the stage began to discuss at this time, one by one with great interest.

Soon the second batch of students took the stage.

The quality of this batch was obviously better than the previous batch, and four students stayed.

Next, batch by batch, the speed is very fast, and there are about three or four people left in each batch.

Soon, it was Qin Fen's turn to take the stage.

"Huh." Qin Fen glanced at Qin Chen coldly, showing a provocative look. He was suffocated in his heart, and he quickly stepped onto the stage. The first one picked up the strong bow, and with a slight effort, the strong bow was held. It is very easy to draw to the full moon shape.

then--

"collapse!"

The bowstring quivered, and the black iron arrow shot out like a flash of lightning. The speed was staggering, with a clanging sound. The iron arrow pierced into the bullseye, penetrated the five-centimeter-thick iron target, and stuck on the iron target. Zhu's arrow swayed uncontrollably.

"Wow!"

Exclamation came from the students.

"It's too powerful. One arrow penetrates the bullseye. How powerful is this?"

"As expected of a student in the advanced class, is Qin Fen only one step away from entering the prefecture level?"

"Such strength and accuracy are rare in advanced classes."

Sitting above Lingwu King Xiao Zhan nodded slightly and said, "Is this the one with the highest strength I have seen so far? The Qin family is indeed a strong player in the military."

Chu Weichen smiled and said: "Qin Fen's talent is indeed okay, but he is not surprisingly beautiful. His big brother is amazing." A sigh flashed in his eyes.

"Are you talking about Qin Feng, the proud man in the royal capital?"

"It's him, the old man still remembers that it took him only two years. He entered the prefecture level at the age of fourteen. He successfully graduated from the academy and joined the military.

Xiao Zhan's gaze flashed and said, "This son is indeed a personal character. The king still remembers seeing this son at the palace banquet. He is a magnificent figure."

"Oh." He sighed suddenly: "It's a pity that this son is over, otherwise the task that your majesty has given to this king will be completed. Now, a headache!"

Chu Weichen's eyes flashed, and he smiled bitterly: "Your Majesty's task is indeed not easy. Let's watch it first, and hope that it will satisfy you in the end."

On the court, other people also talked about it.

Although Qin Fen had been deflated in front of Qin Chen, Qin Fen's strength was revealed at this time, and many people were immediately surprised.

"Long gave birth to nine sons, each is different. The Qin family has geniuses like Qin Feng and Qin Fen, but there is also Qin Chen, an illegitimate son. This is really..."

Everyone had a playful look. Although Qin Chen had previously proved that he had awakened his blood, no one thought that Qin Chen could be compared with Qin Fen.

"Okay, this is my Fen'er, haha, okay." Zhao Feng patted the corner of the chair excitedly and smiled, then glanced at Qin Yuechi coldly, and sneered: "How can Qin Chen wake up? , In the final analysis is still a waste."

"You three, pray that you better not fall into my hands." Qin Fen stepped off the stage, staring at the three Qin Chen coldly, and said with a grinning smile.

Qin Chen ignored his provocation, never even glanced at him.

"Hmph, see how long you can play, I'm afraid you won't even pass the first round of strength assessment." Qin Fen snorted and returned to the team.

"Little dust, it's our turn soon." Lin Tian and Zhang Ying both looked a little nervous.

Qin Chen patted the shoulders of the two of them, and said, "Don't be nervous, with your two cultivation bases, you can pass the first round without any problems. The only thing to note is that the iron arrow is relatively poorly balanced. The moment it shoots, It's better to hit the arrow with the strength, and use the arrow to drive the arrow body to shoot into the target in one fell swoop.

"Yeah." Lin Tian and Zhang Ying nodded heavily.

Sure enough, for the next batch, it was two people's turn.

The two took a deep breath and stepped to the high platform.

Stepping, standing back, and abdomen in, the two followed Qin Chen's guidance, watching the nose, watching the heart, and forcefully pulled the strong bow to the extreme, and the true energy in the middle stage of the human level surged like a tide.

"collapse!"

"collapse!"

There was a sound of sharp arrows breaking through the air, and two iron arrows pierced into the bullseye one after another, and the tail of the arrow trembled, but the tip of the arrow remained motionless, as solid as a rock.

"Successful."

The two looked at each other and waved strongly.

"Hey, aren't Lin Tian and Zhang Ying in the junior class? When will this power break through in the mid-level?"

A student familiar with the two said in surprise.

"These two guys dare to enter the next round. Interesting, hehe, interesting." Qin Fen and several students around him looked at each other, and there was a hint of excitement and hideousness in their eyes.

"With less dust, we succeeded."

Back to Qin Chen, Lin Tian and Zhang Yingwu were excited.

"Nice work." Qin Chen smiled slightly, thoughtful in his heart.

Lin Tian and Zhang Ying's savvy is very good. Just now, they randomly reminded them, but they didn't expect them to use them directly in the process of archery. Not everyone can have such savvy.

Next, it was finally Qin Chen's turn to take the stage.

Chapter 45 Qin Chen Takes Action

Next, it was Qin Chen's turn to take the stage.

Lin Tian and Zhang Ying cheered up and said: "Less dust, come on, let's break into the Wubi competition together."

Qin Chen smiled slightly.

"call!"

He gently came to the stage and stood steady with twenty people, his face calm.

Holding the fifty-stone strong bow in his hand, Qin Chen lifted his arrow up the bow, and pulled the strong bow into a half moon shape.

"Haha, just pulled it for half a month, the waste is really waste."

"Such an intensity can't pass the assessment at all."

"Hey, you can't say that. Maybe he did it deliberately, for fear of passing the assessment and meeting us in the next round."

"It makes sense, hehe, coward."

Qin Fen and several students around him ridiculed unscrupulously.

In another place where the student was, Li Qingfeng asked unexpectedly: "Wei Zhen, it is really him that you want me to teach?"

"Qin Chen's strength is definitely more than that." Wei Zhen frowned and stared at Qin Chen, his face doubting.

He knew very clearly that Qin Chen's strength was more than this, and it was impossible for him to pull the fifty-stone strong bow.

But now...

Could it be that he was really afraid of Qin Fen, and didn't even dare to pass the first round of assessment?

When everyone is in doubt.

"collapse!"

Qin Chen had released the bowstring and shot the iron arrow.

Black iron arrow, lightning flashes!

"puff!"

Surprisingly, the iron arrow that only opened for half a month actually hit the bullseye, one-third of the arrow, pierced into the iron target, and stuck firmly.

At this time Qin Chen had put down his iron bow and returned to the team.

"I'm going, this Qin Chen's luck is too good, the arrow just pierced one-third of the bullseye, and almost fell off!"

"Half a month, can you pass the assessment even if it is half a month? This..."

"What the **** is going on? I pulled it into a full moon earlier, and the iron arrows fell off. Qin Chen only pulled it into a half moon, why..."

"If I'm lucky, I have to vomit blood. It's unfair."

A group of students yelled angrily. Qin Chen's luck was also too good. Before they pulled into the full moon, many people didn't have enough strength. After the iron arrow pierced the iron target, it still fell.

But now, Qin Chen left the iron arrow on the target in just half a month. In contrast, many people vomit blood in depression.

"What a subtle control, this is not easy." Everyone was talking about it. On the high platform, Lingwu King Xiao Zhan's originally laid-back expression suddenly became solemn, and a sharp light suddenly shot from his sharp eyes.

"It's not easy." Dean Chu Weichen aside, with the same dignified gaze, carefully staring at the target for a long time, the more he looked at it, the more frightened.

"You can see it too?" Xiao Zhan said solemnly.

Chu Weichen shocked: "To shoot an iron arrow weighing ten kilograms into an iron target, generally speaking, at least five horses of power is required, that is, to pull the iron bow into a full moon, but Qin Chen just did that one. The arrow shoots only 30 stones, which is the power of three horses, but it cleverly shoots into the iron target. The reason is the rotating force attached to the arrow. This rotating force makes The penetrating power of the iron arrow doubled before it pierced into the iron target, but..."

Chu Weichen frowned and said, "Given his age and cultivation level, he shouldn't be able to do this, right? I can't believe it. He shot it intentionally. Isn't it blind?"

"If he really shot it out intentionally, then this child's power control has probably reached an extremely astonishing level. There are probably not many of the Earth-level pinnacle warriors who can achieve this."

"Interesting, it's getting more and more interesting." Xiao Zhan suddenly laughed, "Your Majesty gave me such a difficult task. I was worried that it would not be completed. Now it seems that there are always surprises."

"You won't just choose him?"

"It's not easy to say now, let's continue to read it for now." Xiao Zhan smiled slightly.

Not far away, Lord Kang smiled and said, "Master Liang, Qin Chen's luck is really good."

Although Lord Kang was also a top-notch master, he still couldn't directly see the clues like Lingwu King Xiao Zhan and the others.

"It's not bad." Liang Yu smiled, but said with a wry smile in his heart: Not bad.

Others don't know it, but he is extremely sure that Qin Chen's previous arrow was definitely not luck, but what he did intentionally. As for how to do it, even Liang Yu himself was confused, but it did not hinder him. The judgment in his mind.

Qin Fen was the most excited at this time.

"Hahaha, good, great. I didn't expect Qin Chen to pass the first round. It's great. The next round, the next round must let him meet me. I want him to know what Called regret!" Qin Fen shouted hysterically, praying constantly, looking forward to meeting Qin Chen in the next round.

Qin Chen's assessment only caused a small wave, and it passed quickly.

Next, the assessment continues.

Finally it was Li Qingfeng's turn to play.

He was personable, with a smile at the corner of his mouth, and barely exerted much effort, he had already pulled the strong bow down the full moon, and the bow made a groan, as if he could not bear his power.

"call out!"

The black iron arrow, wrapped in a terrifying force, with a bang, directly shot a hole in the five-centimeter-thick iron target. The arrow body went out of the square without any reduction, and was guarded at the back. A mentor hurriedly grabbed his hands, and this did not hurt the crowd behind him.

Putting down the iron bow, Li Qingfeng slid gently and returned to the high platform.

"Wow!"

There was a cry of exclamation from the crowd, and the five-centimeter-thick iron target was shot directly through, which is simply going against the sky.

"Prefecture level, I heard that Li Qingfeng has already broken through prefecture level."

"My God, isn't he the default number one in the big exam?"

"It's really more popular than people. It's also a student, why is the gap so big."

Everyone looked at Li Qingfeng's eyes differently. At the prefecture level, they could already graduate directly from the Star Academy. From this point of view, there is no suspense at all in the year-end exam this time. Who will be the final challenger? Is his opponent?

"Huh, Sao Bao!"

Qin Fen, Wei Zhen and other senior class disciples saw Li Qingfeng's arrogant appearance, and their hearts were extremely depressed. Originally everyone was on

the same starting line, but Li Qingfeng has now surpassed them, and naturally became angry.

"This Li Qingfeng is also good." Lingwu King Xiao Zhan smiled and nodded. The seventeen-year-old prefecture level is definitely a genius.

Next, the assessment continues.

When Zhao Lingshan shot her own arrow, Xiao Zhan's eyes lit up.

Zhao Lingshan didn't reveal all of her strength, just shot an iron arrow into the target, but Xiao Zhan's eyesight showed Zhao Lingshan's cultivation skills at a glance.

"Another prefecture level, the key is that he is only sixteen years old, haha, okay, okay." Xiao Zhan smiled excitedly.

"Ling Wu Wang, this is the daughter of Lord Kang, she is very talented, and the awakened is the third-grade bloodline." Chu Weichen smiled.

"Well, with such a few people, at least the task ordered by your majesty is barely eye-catching." A stone fell in his heart, and Xiao Zhan couldn't help feeling very good.

Chapter 46

In the end, the first round of assessment was over, and a total of more than 200 people passed the assessment.

Here is the screening battle.

"I'm here to announce the rules of the screening war." Deputy Dean Ge Hong leaped forward and landed on the stage, Hong said: "The screening war is divided into ten groups with more than 20 people in each group. Everyone will determine the scope. There will be a melee inside, leaving the three who persisted until the last. These three will enter the final arena and participate in the final ranking competition. In other words, the key to the screening battle is to see who can last the longest. If you persist to the end, you can enter the next round."

"However, in the screening battle, it is strictly forbidden to use more vs. less, and secondly, it is strictly forbidden to cheat each other. Once the 30 breaths cannot tell the outcome, the opponent must be reselected to prevent cheating."

At the same time that Ge Hong announced, several college instructors flew to the square and drew ten white circles, each of which was ten meters in diameter.

"The white circle in front of you is the arena of the screening battle. The academy will randomly select places. Now students who hear their names, please go to their respective circles."

"Circle One, Wu Feng."

"Zheng Luo."

"Zhou Qian."

"..."

The students who were called by their names immediately entered the first white circle under the command of the instructor.

Then, they looked nervously at the teacher who read the name, and prayed secretly in their hearts.

The rules of the screening battle seem simple, but they are very fair. The students who can stay in each group are definitely the most powerful students, so everyone prays that their group will not encounter any ruthless hands.

"Less dust."

Lin Tian and Zhang Ying were sweating on their nervous palms.

"Relax, with your two cultivation bases, you may not be able to stick to the next round. Even if you can't make it through, you must remember that for a martial artist, confidence is the most important. Win or lose in the game is irrelevant. Growth in the battle is the difference between the strong and the weak." Qin Chen warned.

Lin Tian and Zhang Ying nodded and said, "We know."

For some reason, the two of them listened to Qin Chen's words, their inner worries disappeared instantly, and there was no previous tension. They just clenched their fists and secretly gathered energy.

"Circle three, Li Qingfeng."

Li Qingfeng was assigned to the third circle. When he was called, the original players on the third circle sighed.

"Oh my god, Li Qingfeng was actually assigned to our number three, is there a way to survive in our group?"

"In addition to Li Qingfeng, Zhou Qiang is also in our group. He is also a veteran late-stage peak martial artist and an awakener of the second-rank bloodline."

"It seems that our three teams are the death teams."

During the discussion, Li Qingfeng stepped into the circle expressionlessly, his expression calm, as if he was holding the winning ticket, and instantly became the center of the entire number three circle. No one dared to approach him within two meters.

Next, the screening continues.

Lin Tian was assigned to the fourth circle.

"Little dust, Zhang Ying, I've passed." He smiled confidently at the two and stepped into circle 4.

Immediately, Zhang Ying was also called into the fifth circle.

Only Qin Chen remained.

"Hmph, boy, when you meet me, I will see if you can still be so calm." Qin Fen had been staring at Qin Chen coldly, his eyes were fierce and resentful, and he snorted coldly.

However, Qin Fen's wish was not fulfilled, he was called into the seventh circle, and Qin Chen was still in the audience.

"Damn it." Qin Fen almost vomited blood in depression.

"Qin Fen, don't worry, none of us have been called out yet. There is a high probability of arranging with that Qin Chen. When the time comes, our brothers will teach that kid for you, hehehe."

Several people around Qin Fen said with a grinning grin, looking at Qin Chen with mischievous eyes, like a cat watching a mouse.

"Okay, let me ask you a few. Remember, you must get rid of that kid if you have a chance." A sharp look flashed in Qin Fen's eyes.

"What?" The people around Qin Fen were slightly startled and frowned, "Qin Fen, are you serious? Qin Chen is a member of your Qin family. If you abolish him, don't your Qin family look for us desperately?"

"Hmph, Qin Chen was expelled by my Qin family not long ago, and now he is not a child of my Qin family, how can my Qin family look for you desperately? Besides, at the end of the year, I have no eyes on my hands and feet. , No one dared to say anything,

blame it, but Qin Chen's cultivation base is too low, and he doesn't know how profound he is, so he has to participate in the competition." Qin Fen said with a grim look.

"That's okay." The few people around Qin Fen licked their tongues and abolished the son of the Qin family. Just thinking about this is exciting.

In the excitement of everyone, the next three groups of students also arranged to end.

"Haha, it's actually the two of us and Qin Chen in a group."

In the end, Qin Chen was assigned to the eighth group. At the same time, two senior class students beside Qin Fen, Li Ping and Zhou Nan, were also assigned.

Li Ping and Zhou Nan seemed to have won the lottery, and they were so excited.

"Whizzing."

When they stepped into the eighth circle, the two stared at Qin Chen not far away with a faint sneer at the corners of their mouths, and said to each other: "We two, who do you think is better for Qin Chen? Ha? Haha."

Seeing everyone entering the circle, Deputy Dean Ge Hong, who was in charge of hosting, took a deep breath and said, "The screening begins."

boom! boom! boom!

Almost at the same time that Ge Hong's voice fell, the students who had been in it for a long time shot up, and immediately rushed to the opponent he had found.

In an instant, the mighty infuriating energy was like a volcanic eruption, blasting on the vast square, and in an instant, more than a dozen people were blasted out of the circle and fell below the ring.

The most dazzling one is not Li Qingfeng.

In the circle on the 9th, a dark-skinned young man wearing a strong blue robe, while Ge Hong was speaking, he used his palm as a knife and slashed several people to his side. He heard only a boom, and the terrifying innocence gathered. Cheng Wang Yang struck out violently, and flew several people, including a senior disciple, instantly forming a vacuum zone around him.

"what?"

"Who is this person?"

"What a terrible palm."

"This person is really angry, condensed but not dispersed. He is definitely a master at the prefecture level."

"I recognized him. This man is called Wang Qiming. He is a disciple of the advanced class, a commoner student, and he is known as a knife idiot. He holds a knife all the time to practice knives at the back of the academy. It is said that he holds a knife while sleeping. That's why I got the title of Dao Fool, I didn't expect it to break through the ground level."

"This year-end exam is interesting."

The crowd kept talking.

On the high platform, Lingwu King Xiao Zhan looked at Wang Qiming, squinted his eyes and said: "This kid...with his palm as a knife, he can really display the artistic conception of the sword technique. It's kind of interesting."

Dean Chu Weichen doubted: "I haven't paid attention to this person before. It seems that I don't know enough about the students, but the top three in this test should be Li Qingfeng, Zhao Lingshan and Wang Qiming. I don't know which Lingwu King looks better?"

Chapter 47

"It's hard to say that Li Qingfeng is vigorous, Zhao Lingshan is introverted and reserved, Wang Qiming is domineering and brave, and the three of them have similar cultivation bases. If you want to ask who is the strongest, it depends on who has the stronger reaction and cards. For the future, I'd better look at Wang Qiming."

"Wang Qiming?" Chu Weichen was puzzled.

After all, Wang Qiming is the child of a commoner, with insufficient background.

Suddenly, Chu Weichen thought of the origins of Xiao Zhan. He heard that the Lingwu King, known as the God of War of the Great Qi Kingdom, was a commoner when he was young. Only by relying on his own efforts, has he grown into the top powerhouse of the Great Qi Kingdom step by step, and he suddenly rises. .

"By the way, Qin Chen is also good, but his cultivation base is a little lower." Xiao Zhan suddenly said at this time.

"Qin Chen?"

Chu Weichen almost forgot about Qin Chen, and cast his eyes on the square.

At this time, half of the people have been eliminated, and the scene has entered an extremely hot stage.

Number eight circle.

A disciple of the senior class stood beside Qin Chen from the beginning, and immediately fought Qin Chen against him the moment the battle began.

boom! boom! boom!

This person was wearing a fiery red martial arts robe. When he shot his hand, the wind of his fists was violent, and there was a scorching wave swept across, emitting a shocking roar, and his fist swept across the range, a monstrous momentum swept across, no one dared to approach.

Surprisingly, Qin Chen, who was in the center of Yanlang, stood still, with his hands across his chest, like a large shield, easily blocking the opponent's Yanlang attack, as if such an impact had no effect on him. .

"what!"

Xiao Zhan and Chu Weichen cried out in surprise, Qin Chen's cultivation level seemed not as simple as it seemed on the surface.

Also surprised were Li Ping and Zhou Nan.

"Zhou Nan, give this Qin Chen to me first."

With a punch, Li Ping grinned and flew towards Qin Chen, and at the same time he sternly shouted at the student in the fiery red robe: "Boy, get out of here now, and give Qin Chen to me. "

"Huh, it depends on whether you have this ability."

The flame-red martial arts student snorted coldly, his eyes showed suffocation, and he abandoned Qin Chen and blasted towards Li Ping with a punch.

"The flame snake bursts into a roll!"

boom!

A fiery red wave of fists rushed to the sky, like a fiery red flame snake, opening a huge and hideous mouth, biting towards Li Ping.

"act recklessly."

Li Ping shouted angrily, the pale blue surging true energy exploded fiercely.

Hearing a bang, the pale blue fist blasted Yan Snake's head to pieces in an instant, and then the terrifying fist swept through everything like a bamboo, and finally slammed into the chest of the fiery red martial arts student.

"Crack!"

There was the sound of broken bones in the chest, and the flame-red martial arts student spouted a mouthful of blood, flew out with horror, and fell heavily outside the circle.

With a punch to his opponent, Li Ping fell in front of Qin Chen, grinning and said: "Boy, kneel down to beg me, I can consider giving you a decent way to die, otherwise, I will let you know what life is better than death. ."

A light cyan qi lingered around this person, and the sharp qi was like a sharp blade, cutting open the surrounding air, exuding a heart-pounding sharp qi.

Li Ping looked at Qin Chen arrogantly, with a full-fledged, high-profile look.

Qin Chen sneered. In this world, no one has ever dared to talk to him like this. All the people who dared to talk to him in the past are dead.

Facing the arrogant Li Ping, Qin Chen returned him with only one word: "Go!"

"Boy, you are looking for death." Li Ping was furious, his true energy erupted fiercely, his eyes were like eagle doves, he flew up, his hands were in front of him, and turned into sharp palms toward Qin Chen. Absolutely cut down, unparalleled in might, it is eye-catching.

"A good person is improper. If you want to be Qin Fen's dog, take my punch and I will spare your life."

Facing the fierce Li Ping, Qin Chen's expressionless face, a sharp light flashed in his eyes, his right hand behind his back suddenly stretched across his chest, as firm as a rock, motionless.

"court death!"

Li Ping was furious, trembling with anger, and booming, the innocent energy in the later stage of the human level was mobilized to the extreme. A cyan goshawk, howling proudly for nine days, like an eagle hitting the sky, fiercely rushed towards Qin Chen.

"Yingxiang nine days!"

The strong energy evacuated the void and made a violent whine. The stabbing person's ears were painful, and the sharp energy was invincible, as if to cut the entire arena in two.

All the disciples within the range of nearly ten feet retreated in horror, for fear of being affected by the aftermath of the two fighting.

Such an overbearing palm strength made everyone's expressions change drastically. This Li Ping deserves to be a disciple of the advanced class.

Only Qin Chen was expressionless and coldly watched Li Ping rush down fiercely, without even blinking his eyes during the whole process, until the opponent's palms were about to smash his chest, and then he punched out. .

"Basic Boxing-Fuhu Boxing!"

"Roar!"

As if there was a tiger roar, faintly resounding across the square, everyone's eyes widened and stunned.

What Qin Chen displayed was actually the basic fist technique Fuhuquan that a martial artist would use during the condensing period. My God, is he looking for death?

Before the shock in the heart was over, everyone saw that the next moment Qin Chen's right fist and Li Ping's palms bombarded together, suddenly, the energy was maddening, and the strong energy was like fireworks blooming and exploded. Provoked a violent explosion.

A fierce tiger was awe-inspiring, like a tiger king descending the mountain, and instantly pounced on the blue goshawk. The goshawk let out a scream and was bitten by the tiger, and was instantly torn to pieces.

puff!

How did Li Ping come, how did he retreat, he saw his sleeves burst in his hands, and there was a crackling bone cracking sound in his arms. The blood spurted out from all around his arms like a fountain, and he couldn't stop it.

He opened his mouth and spouted a mouthful of blood, his face was blown out in amazement, his eyes were dazed, he didn't even know what happened.

"With this level of cultivation, you also want me to die?"

With a cold smile, a cold light flashed in Qin Chen's eyes. He didn't want to let him go so easily. He kicked his feet on the ground, his figure was like a phantom, and instantly caught up with Li Ping who flew out.

"you....."

Li Pingluo was horrified, her eyes widened, and she wanted to counterattack, but when he was out of control, he couldn't react at all. He could only watch Qin Chen's right leg struck by lightning, like a dragon coming out of the pool, kicking **** his chest. on.

"boom!"

"Wow!"

Opening his mouth spouted a miserable mouth. Accompanied by the clear sound of bone fragmentation, Li Ping's whole body flew out of the circle like a cannonball, and immediately hit the square heavily, rubbing the ground and flying out again. Duo Mi finally stopped, his body was bloody, he passed out into a coma, knowing his life or death.

Quiet!

Deathly silence!

The audience was silent, everyone looked at Qin Chen in shock, his mouth widened and his eyes rounded.

Chapter 48

In the shock of everyone, Qin Chen patted his hands lightly, as if he had only done a trivial thing, and then sneered at Zhou Nan not far away, "I'm the one who taught me the lesson earlier, right? Let me see. , What kind of strength do you have, dare to teach me a lesson."

Everyone looked at Zhou Nan, and they all remembered that Zhou Nan and Li Ping were indeed together before, and they said they would teach Qin Chen.

Zhou Nan's face changed slightly, swallowing, and pretending to be calm, "Huh, do you think I am Li Ping's trash? You want to stand on my body, you have found the wrong person, I advise you not to make mistakes."

"Haha, self-defeating?" Qin Chen couldn't help but sneer: "If you find me, then it's nothing. If I find you, it's self-defeating. Hehe, you are really giving yourself face, don't talk nonsense, and can take it. I won't die with one punch, and I will spare you a dog's life."

Huh!

When the words fell, Qin Chen turned into a phantom, and suddenly shot towards Zhou Nan.

"Roar!"

A roaring sound resounded across the square, like a dragon roaring and a tiger roaring, shaking the nine heavens. At this time, Qin Chen was like a tiger descending from the mountain, and the majesty of the king of beasts was undoubtedly revealed.

That strong power caused Zhou Nan's face to change drastically, his scalp numb, and he was about to retreat subconsciously.

"No, if I retire today, then I will definitely become a laughing stock in the royal capital. I can't hold my head up in this life. Li Ping was defeated by that kid, it must have been careless and didn't use all my strength. Such a consequence, as long as Zhou Nan is serious, would I be afraid of him? What's more, I am not even better than Li Ping than defense."

As soon as his eyes rolled, Zhou Nan's various thoughts revolved, and finally he made up his mind and shouted sharply.

"Tieyi Gong!"

Zhou Nan's body was energized to the extreme, and there was a buzzing sound, and there was a layer of emptiness gray-brown light lingering around him, as if he was wearing an additional piece of emptiness clothing.

This martial skill is exactly the yellow-level superior defensive martial skill that Zhou Nan has practiced in the academy-iron clothing skill.

"Iron Clothes" was added, Zhou Nan's self-confidence was greatly increased, his eyes showed savage air, and his fists slammed forward.

"Barbarian King Fighting!"

boom!

Two horrible fists swept forward, and the air in front was instantly exploded, as if two air bombs were exploded out of thin air, and the astonishing strength swept towards Qin Chen like a hurricane.

The same Huang-level superior martial arts, Barbarian King Domineering, like Barbarian King coming to life, dominating the world, the terrifying air current enveloped Qin Chen, as if it could explode a hill.

In the terrifying Qi Jin, Qin Chen's face remained unchanged, his eyes swept across the airflow in front of him, his hands suddenly became claw-shaped, he slammed into his fist Jin, and then moved to both sides.

"Boom!"

"Stab it!"

Qin Chen's horrible boxing strength was divided into two pieces and crushed to pieces. Under Zhou Nan's horrified gaze, his whole body was exposed.

"Not good..." Zhou Nan's face changed drastically, his figure retreated violently, trying to avoid Qin Chen's attack.

But how could Qin Chen give him a chance, exerting a slight force under his feet, his speed skyrocketed, and he suddenly appeared in front of Zhou Nan, just slammed a punch so straight and blasted out.

"Basic boxing-Taizu Changquan!"

The innocent fist swept everything like a broken bamboo.

When Zhou Nan reacted, Qin Chen's right fist had already hit his True Qi iron garment.

"boom!"

The iron clothing condensed by the true energy was fragile and fragile, and instantly fell apart, and the strong fist shook Zhou Nan's internal organs upside down, and he was unhappy.

After the iron fist smashed the infuriating shield, the castration continued, and accompanied by the sound of dragons and tigers, it slammed into Zhou Nan's chest.

"I'll fight it for you!" Zhou Nan roared, not evasive. Knowing the crisis, he embraced Qin Chen with his fists, eyes wide open, and rushed towards Qin Chen's head frantically.

This is to exchange wounds for wounds and burn jade and stone.

"Huh, ridiculous!"

A sneer flashed in Qin Chen's eyes, and his right fist threw fiercely.

"Boom!"

A dull roar resounded across the square, and with the sound of a crisp bone cracking in his ears, Zhou Nan's chest muscles sank an inch, wow blood spurted out, and the whole person was thrown out like a broken kite.

At this time, his desperate attack was one foot away from Qin Chen's head.

"I want to burn with my jade at such a speed of punching? It's too slow." The voice of Jiuyou haunted his mind. Before Zhou Nan could fall to the ground, Yu Guang caught a shadow and shot it like a sharp sword. Flying upside down, a strong wind swept his back.

"Do not."

Zhou Nan yelled in horror. At this time, his heart was full of regret. There was only one thought in his mind, that is, why did he want to provoke the evil star Qin Chen, and why didn't he run in the first place?

puff!

The next moment, a huge force kicked his back fiercely, and his body was like a rag bag, instantly rushing into the high sky, and then falling heavily.

"Boom!"

Amidst the sounds that made everyone's scalp numb, Zhou Nan slammed Li Ping's side hard, and also passed out.

"call!"

Qin Chen let out a sigh of relief. When he was in the middle stage of the human level, he could teach Wei Zhen, who was the peak of the latter stage of the human level. Now that he broke through the latter stage, how could Li Ping and Zhou Nan, two ordinary students of the latter stage of the human level, be the same? His opponent? If it hadn't been for the consideration that this was the year-end exam for the Star Academy, Qin Chen would have abolished both of them.

"Wow!"

At this time, all the students in the eighth circle retreated in horror, looking at Qin Chen in shock, as if they were looking at a monster.

Even the instructors on the court were stunned.

"Li Ping and Zhou Nan will not be beaten to death, will they?"

Suddenly, I don't know who said a word in shock.

"not good!"

The tutors on the square came back to their senses, whoosh, whoosh, the two instructors hurriedly came to Li Ping and Zhou Nan, helped them up, and breathed a sigh of relief.

Although Li Ping and Zhou Nan looked miserable, fortunately, they were not life-threatening.

Soon, the two of them were pulled down for treatment by the instructor of the Star Academy.

The entire square broke out with a shocking noise.

"The two senior class disciples are not the enemy of his tricks. When did Qin Chen become so powerful?"

"If I remember correctly, Qin Chen was still on the academy's martial arts stage more than a month ago. He was severely injured by Wei Zhen from the junior class and almost died. Why did he not see him for more than a month? His cultivation level improved. So fast?"

"Hey, this Qin Chen is terrible, the awakened bloodline was already surprising enough before, I didn't expect it now..."

"Tsk tusk, it seems that no one in the college will dare to abuse him casually in the future."

All the students present were all talking and shocked. If they were someone else, they would definitely not be so surprised, but the other party was Qin Chen, who was too late to awaken his blood and was almost expelled from the academy, so everything is different. .

Chapter 49

"Chen'er!"

Below the square, Qin Yuechi burst into tears and was extremely excited.

"Snapped!"

Zhao Feng missed his hand and crushed the corner of the chair beside him, making his teeth tremble with anger.

"Qin Chen, how can you trash?"

Qin Fen was also taken aback by the scene on the 8th circle. He roared, staring at Qin Chen savagely, and a terrifying cold light shot from his eyes.

"Qin Fen, it seems that your dog failed to fulfill your wishes!" Qin Chen sneered.

"Qin Chen, you are arrogant now, and if you have a kind, you have prayed that you will not fall into my hands, otherwise I will let you know what life is better than death."

Qin Fen was furious with anger, Qi Qiao was in smoke, he roared and punched out, the student who was fighting with him was blown out instantly, vomiting blood.

"Hehe, it's interesting, no wonder Wei Zhen attaches so much importance to him."

In the third circle, Li Qingfeng glanced at Qin Chen faintly, with a sneer at the corner of his mouth.

"boom!"

His body shook, and a student closest to him was shocked and flew out of the circle in an instant, fell to the ground in embarrassment, with a dazed expression, without knowing how he was eliminated.

With Qin Chen's stimulation, the battle on the entire field suddenly became fierce.

Boom boom boom boom!

The fierce roar was endless, and the true energy swept across the field, as if there were fireworks blooming continuously, which was extremely gorgeous.

In the eighth circle, everyone was far away from Qin Chen, and no one dared to provoke him again.

"Hehe, this Qin Chen is really not easy."

"It's nothing to defeat Li Ping and Zhou Nan. What's difficult is that he used Fuhu Boxing and Taizu Changquan. These two sets of boxing methods are only the most basic boxing methods in Tianwu Continent. They belong to the entry level, but they defeated the Huang level. The other Barbarian King Tyrant Fist and Goshawk Fist, it can be seen that this person's understanding in martial arts has reached a very astonishing level."

"The future is worth looking forward to."

Lingwu King Xiao Zhan and Chu Weichen's eyes were bright, and they smiled and said to each other.

At this time, the situation on the court has gradually become clear.

The three students in the circle number one, number three, number six, number nine, and number ten have been selected.

Next, three students from several other circles were also selected.

In the fourth lap, although Lin Tian persisted to the end, his cultivation level was still a little worse after all. He was eliminated at the last moment and missed the third round of the ring.

In the end, only circle No. 5 remains.

There was no particularly strong player nor particularly weak player on the fifth circle, so the competition was the fiercest. At this time, there were still six players left.

Zhang Ying was also among them, fighting with a senior class student in the late human level. By this time, Zhang Ying had almost exhausted his body. He saw his footsteps floating in the air, and he could lose at any time, if it were not his opponent. I also suffered a little injury, otherwise it would be difficult to persist until now.

Even so, Zhang Ying is always in crisis and will soon be defeated.

At this moment, the players of another group of fighting took the lead in choosing the winner.

There were only five people left on the court.

"Okay, please stop."

Ge Hong yelled and said: "You five, don't have to fight, all of you will enter the next round."

Everyone was taken aback.

Ge Hong explained: "In the third round, there are 32 contestants in the arena, and the winner will enter the next round. There will be five battles and the first place will be determined."

Everyone suddenly realized that there were thirty-two players, that is, there was a group. Five people had to be selected to make up the number.

What a good luck.

Many people looked at the people in the fifth group with jealousy, especially after seeing Zhang Ying's cultivation level was only in the middle of the human level, they were even more depressed and almost vomiting blood.

In this second round, no one knows how many advanced class students in the late human level were eliminated. Such a mid-human level student can even make it to the last round, which is really a shame.

"Now, you have half an hour to rest, heal your injuries, recuperate, and prepare for the next round of arena matches." After Ge Hong finished speaking, he returned to the host stage.

"Little dust, I have entered the third round." Zhang Ying came to Qin Chen and said in disbelief, the excitement in her heart could not be suppressed.

"Zhang Ying, congratulations." Lin Tian walked over and said with a smile.

"Luck, I'm just luck." Zhang Ying touched the back of her head and said awkwardly: "It might be the same for you."

"This is not luck." Qin Chen said with a smile: "Zhang Ying, Lin Tian, you all have to remember that sometimes luck is also a kind of strength. You can really live to the end and become the top power in the mainland. , Will not be the one with bad luck."

Lin Tian and Zhang Ying were taken aback, both thoughtful.

There was a lot of discussion around the square at this time.

"Do you think who can win the next round of the ring?"

"Hehe, let me say, either Li Qingfeng or Wang Qiming."

"Also, Zhao Lingshan is not bad. Unexpectedly, the goddess also broke through the ground level."

"I also support Princess Lingshan, hehe."

"A group of mindless guys. Although Princess Lingshan is strong, he is still a female generation. How can he compare with Xiaohouye Li Qingfeng?"

"Who said that the female generation can't be compared with men, isn't your mother a woman!"

"Boy, you say it again?"

"Hmph, what can I say ten times, I'm afraid you won't succeed!"

"Some kind of big exam is over, see you behind the college!"

"See you, who is afraid of whom!"

Many students are arguing about who can get the first place, and even angry.

The vast majority of the students were optimistic about Li Qingfeng, and most of them were girls, all of them idiots.

There are also some people who are optimistic about Zhao Lingshan. These people are all boys. As one of the four beauties of Daqi, Zhao Lingshan is naturally very popular.

Of course, there are not a few who are optimistic about Wang Qiming, but most of them are the children of common people.

These three are the undisputed top three choices.

In the square, someone even secretly took the handicap.

Bet Li Qingfeng and pay 1.3.

Bet Zhao Lingshan and pay 1.5.

Betting on Wang Qiming pays 1.7%.

Qin Chen is also among them, the odds are one to ten.

Although Qin Chen showed amazing strength before, it shocked everyone, but after all, his background was not deep, and he had not broken through the prefecture level. Many people felt that he was only in the top ten, and he was able to break into the top ten. It's amazing, it's almost impossible to get the first place.

But even so, there are still people on the court very upset.

It is Zhao Feng.

"Qin Chen, this kid, has such a deep scheming. He didn't expect to hide his strength until he left the Qin family. It was because I underestimated him before."

Zhao Feng gritted his teeth, with a strong murderous intent in his eyes, and turned his head and said, "Qin Yong, please explain, this third round of the arena, no matter what Na Gou Xu uses, I must have Qin Chen face Fen'er and let Fen'er. If you can't do it, tell him that if Gou Xu can't do it, you can't get the money from my Qin family!"

Zhao Feng's expression was distorted, like a cold poisonous snake.

Chapter 50

"Yes, ma'am." Qin Yong quietly stepped back.

When the time is up, Ge Hong stood up and said loudly: "The final round of the college entrance examination at the end of the year of the Star Academy has officially begun. The rules are the same as before. It is strictly forbidden to injure people deliberately or cause death. Heavy punishment."

After speaking, Ge Hong glanced at the several host instructors on the square.

A tutor immediately stepped forward and said: "Now the first round of competition will begin."

He stretched his hand into a wooden box. Inside was a pile of wooden plaques engraved with the student's name. He drew out two randomly and said loudly: "In the first game, Zuo Guang played against Li Feng."

Whoosh! Whoosh!

Immediately two students jumped into the center of the square. One of them used a knife, and the other used a hand. Under the order of the instructor, the two quickly fought into a group, fighting in the field to get you and me. , Extremely intense.

The competition does not restrict the use of weapons by the contestants. The one-handed swordsmanship of the sword test forced the other student to retreat continuously, but the other student did not show weakness. During the retreat, he kept looking for opportunities, wearing gloves. The palms are rolling like waves, keeping the water that protects him from leaking.

Both of them were in the late stage of the human level, and they didn't give in to each other, and quickly fought sixty or seventy moves.

"Cloak knife technique!"

"Split the corpse!"

The two did not want to get entangled, and each performed their own skills, the light of the sword collided with the wind of the palm, making a violent roar.

boom!

The left light with the knife technique is slightly better, the knife light splits the opponent's palm, leaving a knife mark on the opponent's chest robe, with blood oozing out.

Unwilling to fail, Li Feng wanted to resist. Zuo Guang took advantage of the situation. He slashed the back of his sword on his chest, causing the opponent to fly upside down, spouting blood, and didn't get up for a long time.

"Zuo Guangsheng!"

Accompanied by the instructor's loud shout, the first group of competitions got the results.

Soon the second group of players took the stage.

The player in this round was named Chen Shaoqing, and he was so unlucky that he actually met Li Qingfeng, the favorite to win the championship.

"Give yourself up."

Li Qingfeng came to the stage and said lightly, there was a sense of wind and light, and he didn't even see the other person.

"Li Qingfeng, although you are strong, Chen Shaoqing, I also want to learn."

Chen Shaoqing was angered by the other's attitude, and with a roar, the whole person turned into a hurricane and rushed towards Li Qingfeng.

"King Kong glared!"

Wow!

The air burst in an instant, with a violent roar, Chen Shaoqing embraced his arms like iron balls, and rushed out like a mountain.

boom!

The next moment, how did he rush out, how did he fly back, the crisp bone sound rang through everyone's ears, Chen Shaoqing fell to the ground embarrassedly, twisted his hands and coughed up blood.

"Li Qingfeng wins!"

In the sound of the instructor's pronouncement, Li Qingfeng leaped slightly and returned to the stage, never seeing Chen Shaoqing in the whole process.

"Chen Shaoqing is really looking for death. He didn't admit defeat when he met Li Qingfeng."

"Although they are both senior class students, the gap between the two is too great to be reasonable."

"When a student in the ordinary advanced class meets Li Qingfeng, he can't stop him."

As everyone discussed, the instructor picked out the next round of contestants.

Game after game, it went on quickly.

There are stalemates and fierce ones, but there are also standing points.

Learning from Chen Shaoqing's experience, a player met Wang Qiming and directly abstained depressed and gave up.

But no one made fun of him on the court. Wang Qiming was one of the three masters who had broken through the early stage of the prefecture level. Even the students at the peak of the later stage of the human level were not his opponents. Ordinary students didn't have to compare them at all.

The eighth round.

"In the next game, Xiong Tao will face Qin Chen."

Qin Chen's expression was indifferent when he heard the instructor yell his name, and stepped onto the stage.

Xiong Tao's face is ugly. He is a student who just entered the advanced class this year. Although he is in the late human level, he is not a veteran late human level student. When he becomes a disciple of any advanced class, he is confident, but he is When Qin Chen arrived, he immediately felt pressure.

"Qin Chen, don't think that you are great after defeating Li Ping and Zhou Nan. The advanced class students have different martial arts skills, and their strengths are different." As soon as Xiong Tao took the stage, he coldly snorted and said to himself Refresh and bold.

"Have you said enough? Let's start when you say enough!"

Qin Chen could see at a glance that the other party had already stage fright in his heart, and he deliberately said so much nonsense, just to cheer himself up, his body was vertical, the qi in his body was running, and he directly blasted out.

The punch was plain and unremarkable, and it didn't make people feel the slightest sharpness.

"Haha, he dare to look down upon me, it's great."

Xiong Tao was overjoyed, and the zhenqi in his body ran to the extreme, and he blasted out with a punch.

"The king carries the tripod!"

Boom!

As if there was a thunderbolt on a sunny day, the air in front of him made a thunderous roar and exploded instantly.

"Look at me, let me go down!"

Xiong Tao was born with great power. He only had ten horsepower in the late stage of the ordinary human. He had fifteen horsepower. He seized the opportunity of Qin Chen to underestimate him and exhausted his entire strength to knock Qin Chen off the ring.

puff!

When the two fists collided, Xiong Tao's expression of surprise suddenly changed. His pupils shrank suddenly, and he felt a huge force invade his whole body, and a groaning sound came from his arm.

The next moment, his body involuntarily flew out, spouting blood in the air.

In the audience, everyone was shocked, thinking that the two sides would be entangled for a while, but one move would tell the winner.

There was surprise and disbelief on Qin Yuechi's face. I didn't expect Qin Chen's cultivation base to be so strong, but Zhao Feng and Qi Wang snorted coldly, their faces blue.

Qin Fen coldly snorted in the lower seat, "Let you be arrogant for a while, and when you meet me below, you will regret that you have persisted until this round."

Qin Chen's match only surprised everyone, but it was not too shocked. After all, Qin Chen had already demonstrated sufficient strength by defeating Li Ping and Zhou Nan.

"Hehe, Master Liang, Qin Chen that you are optimistic about is really different. I heard that this person was only a warrior in the early human level more than a month ago. I didn't expect that in just over a month, he would break through to the late human level. Moreover, he is also extremely strong in martial arts. I estimate that this person is expected to break into the top ten this time."

Lord Kang knew that Liang Yu was very optimistic about Qin Chen, and immediately smiled and praised him.

Liang Yu's brows trembled, and he glanced at Lord Kang, but said nothing.

top ten?

I underestimated Qin Chen. For some reason, Liang Yu had a very firm feeling in his heart, that is, he really wanted to fight, and Li Qingfeng and the others might not be Qin Chen's opponents.

Next, the game continues.

Originally the most eye-catching match was Zhao Lingshan's, but what was disappointing was that with Li Qingfeng and Wang Qiming in front, the selected student gave up directly after taking the stage, which made people scream disappointed.

Thirteen rounds in the blink of an eye.

"In the thirteenth game, Qin Fen played against Zhang Ying."

Zhang Ying's face suddenly changed.

"How could it be him?" Lin Tian on the side also changed his face.
