[Chapter 4101: Venerable Fenghui](#)

With Qin Chen's current cultivation base, coupled with his formation skills, naturally he would not be trapped by the formation of the work camp this day.

Although Tiangong's formation is strong, it can pass through all methods, and this is not the headquarters of Tiangong at all. Although the formation of the big formation is strong, it can't stop him.

It is impossible for Tianzun to sit in the camp in the outer area, because the formation here is only blocking the pinnacle Earthzun master.

Walking up this sacred mountain step by step, there were strange textures at the foot, and the surging ground fire gave Qin Chen a lot of gains.

"There is....."

Jingle bells!

In the distance, there was a sound of percussions, and Qin Chen looked around and found a deep underground pit. There are many masters digging for mineral veins here.

"Who dare to break into the forbidden area of my work camp!" With a shout, I saw a man shot down from the front. He looked extremely young. He was dressed in strong suits and looked impressive, with a rolling Venerable. The force surged. Qin Chen glanced at the past and felt that this person should have only a ten-thousand-year cultivation base, but his aura has reached the realm of human respect, and he still has a ray of flame on his body. This is obviously a disciple of Tianjiao, and should be a core disciple. ,otherwise

It is impossible for him to cultivate to the realm of venerable in ten thousand years, and he can be regarded as a top person.

"Are you a craftsman for Tianzuo?" Qin Chen said with a smile.

"Hmph, I am Fenghui Venerable, and the core saint child of Heaven's Work!" This Venerable Fenghui said proudly, and then stared at Qin Chen, looking like I was very tall, but there was coldness in his eyes. The color.

"That's right!" Qin Chen's heart moved. Since he is the core saint child, he is considered a high-level figure, and he must know where Qianxue and the others are.

"You should have a half-step venerable from the heavens in your work camp. One of them is Ji Wuxue. I don't know where it is?" Qin Chen asked.

"Why are you asking this?" This Venerable Fenghui instantly showed a vigilant color, and a cold light burst into his eyes, "Which force are you a spy?"

"I'm actually a disciple of Tianzuo, and Ji Wuxue is my friend." Qin Chen smiled. "Huh, I said that those guys from the heavens are not good things. Now I have found a handle. You don't have the breath of my daily work camp. How did you break into my daily work camp? For forbidden land, explain quickly.

Venerable Fenghui shouted sharply.

Qin Chen frowned.

Venerable Fenghui seemed to know Ji Wuxue and the others, but what did he mean by this?

"I am indeed a Tianzuo disciple, please tell me about the leader here." Qin Chen said.

This Venerable Fenghui is only a human respect, and it hasn't been long since the breakthrough, so his status in this camp is not very high.

In such a big camp, generally the real people are the strongest masters of the pinnacle, and the human respect is not enough.

Venerable Fenghui suddenly sneered at him. He was really cheeky. At this time, he still pretended to be calm, so he really deceived?

"What are you, you deserve to see Elder Yehe, and you will catch it!" He shouted, booming, and shot directly to suppress Qin Chen.

Suddenly, the power of the billowing venerable loomed over, and the mighty power was against the sky, sweeping towards Qin Chen.

Qin Chen frowned, this guy has too much temper, right?

boom!

When Qin Chen took the shot, the power of the venerable on his body was also diffused, and instantly resisted the attack of the venerable Fenghui, but he did not make a ruthless hand. After all, this was just a misunderstanding, and the other party was also a disciple of Heavenly Work.

"what?"

Venerable Fenghui's face changed drastically. He was also the Venerable Realm who had only broken through this Vientiane God Tibetan experience. He thought he was invincible, but he didn't expect that he would be resisted by a boy who looked so young.

This is too scary. "Well, those Ji Wuxue people really have ulterior motives. You are so young, and you are already in the realm of human respect. It must be Ji Wuxue and those **** who secretly gave you the benefits of my work, holding my god. The benefits of work, funding outsiders,

Eat inside and out, be bold. "

boom!

When the wind returned to the body, a sky-reaching flame burned, and a simple pill furnace appeared in his hand. As soon as the pill furnace appeared, it quickly rotated and turned into a mountain, suppressing Qin Chen. .

"Bringing you back is the evidence that Ji Wuxue's group of **** colluded with outsiders." The Fenghui sage shouted angrily.

Qin Chen's eyes suddenly became cold, and this person repeatedly said that Ji Wuxue and the others were obviously at odds with Ji Wuxue and the others.

However, his words were too ugly. Ruyue and Qianxue came with Wuxue, and Qingqiu Ziyi was among them, and Qin Chen's heart was filled with anger.

boom!

Qin Chen made a move. This time, he slightly displayed a trace of strength, and immediately blasted the pill furnace out, and then slapped it out, trying to teach the other party a lesson.

Snapped!

Qin Chen slapped Venerable Fenghui on the face, and immediately flew him out.

What about the disciples who work in Heaven, dare to be rude to Qianxue and others, no one can do it.

boom!

Venerable Fenghui was rushed into the rocks aside, embarrassed, he turned over and got up, holding his cheek with his right hand, showing a frightened and angry expression.

What a character he is, the core saint son of Heavenly Work, and he is a strong man, he was slapped and slapped and slapped, and he was hit by a person who looked so young, which made him extremely frightened.

"You, you are so courageous, dare to go wild in my day work camp, looking for death!" He roared, while sending out a signal to move the soldiers.

Qin Chen said coldly: "Young people, less arrogance, more humility, there are so many people in this world who are stronger than you, you must be in awe, otherwise you don't know how to die." This is really true. His advice, how vast the universe is, and the strong are like clouds. After experiencing this crisis of life and death, Qin Chen has more insights and respect for people. He is only the first step in the long march of thousands of miles. Don't be low-key on the battlefield of ten thousand races. What about Ze?

Don't know.

At the time, Xidoruo and Jueshan Venerable were all killed by him in the realm of Human Venerable, because they were too arrogant and high-profile.

If this kid is still so horrible if he goes out, once he meets someone with a strong and strong background, he will definitely be dead.

How could Venerable Fenghui listen? He only knew that he had suffered a great humiliation, his eyes glared at Qin Chen, but he did not immediately refute it, because he knew that the man in front of him could not provoke him. Once he fought, he felt Qin Chen. Terrible.

But it doesn't matter, reinforcements will be here soon. Sure enough, in an instant, with a bang, a terrible breath was suppressed from the top of the mountain.

[Chapter 4102: Elder Gu Xu](#)

Only after a while, a long howling sound came, and a cyan figure was already flying by.

This is a middle-aged man wearing a pitch-black battle armor. He is enveloped in a hideous battle armor. In his pupils, the rolling heaven and earth flow regularly, exuding an aura of endless majesty. There seems to be a huge furnace in his body, which is terrible. Breath.

Boom!

As soon as he landed, his eyes fixed on Qin Chen, his pupils condensed suddenly, a light flashed quietly in the depths of his eyes, and then quickly disappeared, returning to ordinaryness.

He concealed this light so well, how could he hide it from Qin Chen.

"strange."

A trace of doubt passed in Qin Chen's heart.

"Meet Elder Gu Xu." Venerable Fenghui saw the visitor and hurriedly saluted him respectfully.

Gu Xu Dizun nodded slightly, then looked towards Fenghui Dizun and said coldly, "What's the matter?"

"This person is not a disciple of my daily work, but he broke into the forbidden place of my daily work, and also shot at me." Venerable Fenghui hurriedly complained.

This Gu Xu Dizun is the elder of Tiangong, one of the deputy commanders in the camp of Tiangong, even if he is put outside, he is also very famous. It is absolutely nothing to suppress Qin Chen.

Gu Xu Dizun snorted, and then he looked at Qin Chen directly, and said lightly: "Give you a chance to excuse, why do you want to break into my forbidden place? How did you come in?"

Venerable Fenghui widened his eyes, revealing an unbelievable color. Why did Gu Xu Dizun suddenly speak so easily? He remembered that Gu Xu Dizun had always been extremely irritable before, and he just started to do it.

Is this still Gu Xu Dizun?

Qin Chen's eyes flashed, "I came in as soon as I wanted to come in. Why, do I have to get your consent? What's more, where is the word forbidden?"

"You..." Venerable Fenghui was murderous, staring at Qin Chen angrily. This is too arrogant, so dare to speak to the strong heavenly work, where does this person come from?

"If you offend Gu Xu Dizun, this son will definitely die." Fenghui Dizun roared in his heart.

He could already predict Qin Chen's miserable end.

"boom!"

A magnificent murderous intent rushed out of Gu Xu Dizun's body instantly, his eyes became extremely cold, and in an instant, a vast flame aura filled the world of the work camp.

"what is this?"

"what happened?"

"Is there a strong man fighting on Vulcan Mountain?"

"It's the flame field under the command of Gu Xu Dizun's deputy."

The mighty flames swept away, and everyone in the Heavenly Work Camp felt the terrifying power of this world, and everyone was shocked and looked over in amazement.

"Haha, this is going to be unlucky." Venerable Fenghui said excitedly in his heart, his eyes fiery.

"Young man, tell me how you entered the Heavenly Work Camp, where it came from, and which human force you are. Otherwise, I won't blame this seat for being polite." Gu Xu Dizun said coldly.

What?

Venerable Fenghui was instantly dumbfounded, what's the matter? Why doesn't Gu Xu Dizun still do it? The anxiety in his heart, why is Gu Xu Dizun's temper completely different from his previous temper?

"Elder Gu Xu, asked so many what to do, and he directly suppressed it, trespassing into the forbidden place of my daily work, the crime deserves ten thousand deaths." Venerable Fenghui roared. "Shut up." Elder Gu Xu coldly glanced at Venerable Fenghui, then he screamed. The look in his eyes immediately made Venerable Fenghui stop talking. He looked at Gu Xu Dizun in disbelief. Xudi Zun is of their faction, so it will be

So scolded him for Qin Chen.

Gu Xu Dizun stared at Qin Chen.

Qin Chen suddenly smiled, "I am also a Tianzuo disciple."

After speaking, a token appeared in Qin Chen's hand instantly, which was the token of the Son of Heaven.

Gu Xu Dizun was startled and frowned: "Holy Son Token, you are my Heavenly Son of Heavenly Work? This deity, as an elder of Heavenly Work elder, seems to have never seen you before, whether in the headquarters or in the Ten Thousand Race Battlefield camp.

boom!

Seeing the Heavenly Work Saint Child token in Qin Chen's hand, the terrifying flame field released by Elder Gu Xu instantly converged, and suddenly entered his body.

Qin Chen said: "The disciple has not yet reported to the Tiangong headquarters, so it is normal for Elder Gu Xu to never see me."

"No wonder." Elder Gu Xu nodded, his breath receded, and the expression on his face instantly became warm. Upon seeing this, Venerable Fenghui hurriedly said: "Elder Gu Xu, even if this person is a disciple of my day job, but he will not report to the future camp. According to the truth, this person should not have a token to enter the camp, but he rushed in. Forbidden land, must have ulterior motives, and

Or, there are people he colluded with in this camp. Those guys took the resources of my daily work but used them to train this person. Otherwise, this person is so young how to break through the realm of the sage, the subordinates proposed..." "Shut up." Gu Xu Dizun once again scolded Fenghui Venerable,

and said coldly: "Since this person is a disciple of my daily work, he is his own person. As for accidentally breaking into the forbidden area is just a small matter, this elder believes in Venerable Mantra. Should not be

That kind of person. "

A gleam of light flashed deep in Qin Chen's eyes.

"Elder Gu Xu knows that the disciple is under the command of Venerable Mantra?" Qin Chen suddenly smiled. Elder Gu Xu was taken aback, and immediately said with a smile: "Although there are thousands of holy sons who work in heaven, but you are so young as a master of venerables, and those who have never come to work in heaven and registered are only those under the command of venerable mantra. A few people. This time the Vientiane God Treasure opened, and Venerable Mantra rejected all the opinions and sent several foreign disciples under his command into the sub-secret realm of the Vientiane God Treasure. As a result, these people all broke through the realm of the Venerable and have already provoked I've come to work for the high-level attention, so you speak

, I know it. "

"Go, how about going with me to see Elder Yehe?" Elder Gu Xu invited.

"Elder Lao Guxu!"

Qin Chen said with a smile.

Whizzing.

Suddenly, under the leadership of Elder Gu Xu, Venerable Qin Chen and Fenghui flew towards the top of the forbidden mountain peak. As he flew away, Qin Chen glanced at the veins not far away, as if he had seen something. There was a hint of surprise in it.

"Elder Gu Xu, who are the miners in this vein?" Qin Chen questioned. "Haha, these miners are all slaves that I worked to surrender on this ten thousand race battlefield. They were all imprisoned from ten thousand races. They were specially placed in my day work camp for mining. You may not know this vein of mine. It's from the Human Alliance

Important treasures. Nowadays, a large part of the weapons in the Human Race Alliance are transported from the mine veins on the battlefield of the ten thousand races and built. It is a strategic location. "

"However, in addition to some slaves, there are also people from the casual repair alliance who can apply to come to mine veins, but they are relatively free." Elder Gu Xu smiled. Qin Chen nodded.

[Chapter 4103: Passionate elder](#)

Elder Gu Xu introduced, while falling down with Qin Chen on the top of the mountain.

Jingle bells!

The entire mountain is actually a holy place for refining weapons. The refining divisions who have worked for countless days build weapons here, and they are continuously transported to the battlefield of ten thousand races and handed over to the various forces of the Human Race Alliance. Of course, it is

not free. Any force that wants to obtain these weapons needs to spend money to buy them, but whether it is other human forces or other human alliance races such as monsters, they are not particularly good at forging weapons.

To them, they are already extremely happy to buy the weapons of Heavenly Work.

The weapons of Heavenly Work are extremely rare on the battlefield of ten thousand races, and they are hard to find. They are strategic materials. Some of the top sacred weapons and precious weapons of the venerable will even be scattered in the black market for auction, which is extraordinary.

Several people descended on the Huoshen Mountain, and some refiners saw Elder Gu Xu and all saluted them. After all, the status of the earthly respect was extraordinary.

"The breath here is indeed different." Qin Chen looked around, there were some places he couldn't see through, and he was secretly shocked. It was worthy of heaven's work, the holy place for refining tools, and the magnificent construction of a camp. The refiners here are all above the holy master, the top masters, the holy master, is the weakest level to enter the battlefield of the ten thousand races, it is impossible to enter the battlefield of the ten thousand races without reaching the holy master, but the refinery of the general holy master level Teacher, it's just doing some

The work of refining the veins, the real refining tools, are all top-level peak holy master refining masters, or Venerable level refining masters.

Any piece of Venerable's treasure unearthed can arouse attention.

"Are Ruyue and the others in this camp now?" Qin Chen closed his eyes and calculated, but he did not calculate any aura of Ruyue and the others.

"You mean Ji Ruyue, Ji Wuxue, and You Qianxue, right?" Elder Gu Xu laughed and said, "They are not here. This time, the Vientiane God is hidden, they have gained amazing gains, and they seem to be taken. Go back to the Tiangong headquarters for training."

Elder Gu Xu said.

"So, Ruyue and the others are not in this camp?" Although Qin Chen had been prepared, he was slightly disappointed.

"However, Venerable Mantra and his disciples are here." Elder Gu Xu said with a smile.

Venerable Mantra and his disciples?

Qin Chen instantly understood that it should be the Holy Lord of Yaoguang.

During the conversation, Elder Gu Xu had taken Qin Chen into a palace on the top of the mountain.

Stepping into the palace, Qin Chen saw a magnificent figure sitting on the top of the hall. This person exuded a terrifying aura, his eyes opened and closed like the sun and the moon, staring at him.

"Elder Yehe!"

Elder Gu Xu hurried forward to salute respectfully. Qin Chen immediately understood that this person should be the elder Yehe who is the leader of Heavenly Work in this camp. Elder Yehe is a powerful person of the pinnacle, and to the former Qin Chen, that person is like a god. , But for Qin Chen now

In terms of it, it's nothing.

"Qin Chen has met Elder Yehe."

Qin Chen arched his hands.

"Qin Chen?"

Whoosh!

At this time, a figure quickly flew from outside the main hall. It was Venerable Mantra. Behind him was the Holy Lord of Light.

"Sure enough it is you."

When Venerable Mantra saw Qin Chen, his expression was excited, but immediately, an incredible light burst into his eyes.

"You... have broken through the sage?"

Venerable Mantra sucked in air.

Holy Master Yaoguang also looked surprised.

Today's Holy Lord of Yaoguang, the aura on his body is rolling, and he has stepped into the realm of the half-step noble, but there is still some distance from the noble.

And Venerable Mantra is still the pinnacle of human respect, but the aura is stronger, but there is still some distance from the realm of earth respect.

Earth Sovereign, for Venerable Mantra, this is not so easy to break through.

But it was Qin Chen that shocked them.

Venerable Mantra squinted his eyes and looked at Qin Chen carefully. The aura on Qin Chen's body was too strong, and even he felt a strong aura of shock.

It shocked him.

What adventure did Qin Chen get?

Back in Guanghan Mansion, Qin Chen was no more than a half-step Venerable. He suggested that Qin Chen and others come to the battlefield of ten thousand races. Unexpectedly, how long has passed since then, Qin Chen's breath is actually much more terrifying than him, which shocked him. .

Worthy of being a disciple of Master Tianzun's attention.

"Vientiane God Zang!"

Venerable Mantra instantly understood that a breakthrough like Qin Chen's would be impossible if there is no adventure, and ordinary adventures can't make Qin Chen have such a huge breakthrough, only the Vientiane God Store.

Venerable Mantra couldn't help but smile, Qin Chen really had a way. At the beginning he was unwilling to act with the Heavenly Work camp. Venerable Mantra was also worried that Qin Chen would not have enough resources or would encounter danger. Now it seems that he was too naive, and Qin Chen not only had an adventure, Broke through the realm of the venerable

, And it is very likely to enter the Vientiane God Store. However, the places in the Vientiane God Store are quite scarce. They have many disciples and masters like clouds. Even in his capacity, Ji Wuxue and the others can only enter the secondary secret realm. Unexpectedly, Qin Chen got the entry on his own. Vientiane God's possessions

grid.

"Less dust!"

Holy Master Yaoguang also stepped forward, very excited.

"My Minister." Qin Chen said with a smile.

Back in Guanghan Mansion, the Holy Lord of Yaoguang was the Minister of Heavenly Work and sheltered him for some time.

"Little Chen, don't call me Minister, I'm panicking!" Holy Master Yaoguang hurriedly said. In front of Qin Chen, he is absolutely afraid to be an adult, and he is also considered a member of Chendi Pavilion. member.

"Are you Qin Chen?"

Elder Yehe stared at Qin Chen and smiled. He had heard of Qin Chen's name, and at the same time, he felt a breath from Qin Chen that he could not see through.

This kid in front of you is evil.

He also knew that Lord Tianzun had paid attention to this kid, and there was a huge disturbance in the heavens at the beginning, but seeing it today is indeed extraordinary.

"This line of Venerable Mantra, I am afraid that it will rise." Elder Yehe glanced at Venerable Mantra, Venerable Mantra line, working in heaven can only be regarded as ordinary, without the protection of masters of the heavenly level, but this Once, Venerable Mantra recommended several top geniuses to enter the battlefield of ten thousand races.

Attention from the headquarters, if it can grow, it will be extraordinary.

As the leader of the Heavenly Work Camp, Elder Yehe was so busy with his business that he naturally couldn't accompany Qin Chen all the time. After the two parties exchanged greetings, they let Venerable Mantra receive him.

On the contrary, Elder Gu Xu was very enthusiastic about him, and invited Qin Chen to sit in his place, leaving Venerable Fenghui depressed by the side.

Back at the place of Venerable Mantra, Qin Chen began to inquire about Qian Xue and the others. This time, after Qianxue and the others opened in Vientiane Shenzang, they also gained a lot and got the attention of the headquarters. Ruyue and Qianxue were taken directly from the Tiangong headquarters camp to the headquarters to practice under the arrangement of the headquarters. Did not return to this camp.

[Chapter 4104: Practice space](#)

Although he was prepared, after knowing that Qianxue and the others were not there, Qin Chen was still a little disappointed.

However, after knowing that Qianxue and the others had broken through the realm of nobles, Qin Chen was still quite happy.

"More than that." Venerable Mantra suddenly smiled and said: "I also heard that You Qianxue and the others seem to have been spotted by a certain high-level figure in the Human Race, and they will be accepted as disciples."

"High-ranking humans?"

Ye Xuan wondered, when he reached the realm of Venerable, he was considered to be a high-level human being, who was the high-level figure in Venerable Mantra?

Ordinary people are completely disqualified to accept the venerable as disciples.

"I am not very clear about the specifics. I only know that this time You Qianxue and the others were taken back to the Tiangong headquarters. There is a reason for the Lord Tianzun." Venerable Mantra said.

Tianzun?

Qin Chen thoughtfully. Next, Qin Chen asked about the specific situation of Tian's work, and then learned about the situation of Tian's work in the big camp on the battlefield of ten thousand races. Although Qin Chen asked about this, he did not know why. Qin Chen can be regarded as a day job

Insiders, what should be said, Venerable Mantra is to tell everything in detail.

Among them, Qin Chen paid more attention to the matter of Tianzuo's mining veins on the battlefield of ten thousand races, and the sale of weapons. His knowledge was more detailed, which made Venerable Mantra a little puzzled. Why did Qin Chen ask so clearly.

"What do you think of Elder Gu Xu?" At this moment, Qin Chen asked suddenly. Venerable Mantra frowned: "Qin Chen, why did you ask this suddenly? Elder Gu Xu is also a very qualified person in the heavenly work. He is also diligent and conscientious. He can't see anything, except for his temper. The method is relatively harsh

Besides, the reputation is pretty good. "

"Oh?"

Qin Chen nodded, and then said to Venerable Mantra: "Senior Mantra, you take me to your practice space."

"Qin Chen, now you are a Venerable, you are compared to my predecessors." Venerable Mantra smiled and said, "Do you want to practice? Come with me."

Boom!

Venerable Mantra's voice fell, and instantly took Qin Chen and Holy Master Yaoguang into the interior of his main hall, across layers of space, and suddenly came into a secret space.

In this space, there are array patterns everywhere, blocking everything, forming an independent spatial force.

The power of the rolling Venerable circulates in this space. "This is where I usually practice in retreat." Venerable Mantra smiled and said, "In the depths of this space, there is a sacred vein of Venerable I have buried, but at my entire level, it is already very good to absorb the aura of Venerable's sacred vein. It is difficult to improve the cultivation base, break through

How difficult it is to respect the earth requires a lot of insights. "

"But Qin Chen, if you want to practice, it should be enough."

Venerable Mantra smiled and said: "Then I and the Holy Master Yaoguang will leave first."

"Hehe, why be so anxious." Qin Chen suddenly smiled and stopped the two of them. "Actually, it is not me who wants to cultivate, it is you."

"we?"

Venerable Mantra and Holy Master Yaoguang were taken aback, what did Qin Chen mean? Qin Chen smiled, and Tianjiao was considered one of the top human forces. Qianxue and the others had also received the benefits of Tianjiao. What's more, Venerable Mantra and Holy Master Yaoguang were kind to them, and now their strength is advancing by leaps and bounds. It's okay

Give them a hand.

For example, you can integrate some of the powers of the venerable oneself into the bodies of the two, so that they can break through the realm, just like Tu Moyu and Lingyuan.

Moreover, if he wants to develop in the heavens, he must also train some team. From the perspective of outsiders, he belongs to the line of Venerable Mantra, so Qin Chen is naturally happy to enhance Venerable Mantra's strength.

Huh!

There was a flash of light in Qin Chen's hands, and two fruits had appeared in his hands.

"The Fruit of Chaos."

Seeing these two fruits exuding the aura of billowing chaos, the eyes of Venerable Mantra and Holy Master Yaoguang suddenly rounded.

Damn, this is the fruit of chaos, one of the most treasures on the battlefield of ten thousand races, where did Qin Chen come from? And got two at once. No, I heard that this time there was a tree of chaos in the Vientiane God's Treasury. Could it be that Qin Chen got the Chaos Fruit from the Vientiane God's Treasure? Hiss, I heard that in order to fight for the Chaos Fruit, even the masters of the earth-sovereign have fallen, how did Qin Chen fight for it, and

Got two more at once?

Venerable Mantra and Holy Master Yaoguang both looked at Qin Chen in shock. They all knew the rarity of the Chaos Fruit. Could it be that Qin Chen wanted to give them the Chaos Fruit?

Holy Master Yaoguang's breathing became short.

He is now a Half-Step Venerable. If he can obtain a Chaos Fruit, there is absolutely no problem in breaking through the Venerable Realm. This will be a huge temptation for him.

The Venerable can enter the top ranks of Heavenly Work, with a completely different position, so he is not excited. And Venerable Mantra is also a little excited. He is a master at the pinnacle of Human Venerable. Although the fruits of chaos cannot easily break through, the chaotic aura contained in the ancient universe can also make him have amazing transformations.

Even if you can't break through the realm of the earthly respect, you can go further and lay a more solid foundation for breaking through the earthly respect in the future.

The only trouble is that Chaos Fruit has many attributes, it is best to refine it into a pill, if it is swallowed directly, there will be some problems.

"Qin Chen, you are..." The two looked at Qin Chen with disbelief. Suddenly, Venerable Mantra shook his head: "Qin Chen, I probably understand what you mean, but this chaotic fruit is too precious, Yaoguang He is a half-step Venerable, and one chaos fruit can enter the state of Venerable.

It's nothing for you to give him. You should keep the one for yourself. I am old and my potential is far less than you young people. Chaos Fruit, you need it more than I do. "

Venerable Mantra's eyes are clear and from the heart.

It is true that a chaos fruit can bring him closer to the realm of the earthly respect, but after all, he can't directly break through, it is better to leave it to Qin Chen and the others, there will be infinite possibilities in the future.

"It doesn't matter. Actually, I have eaten Chaos Fruit." Qin Chen smiled.

"Even if you have eaten it, you can leave it to You Qianxue and the others. They need it more than me." Venerable Mantra shook his head.

"It's just a chaotic fruit, and it's not a big deal."

Qin Chen laughed, "Venerable Mantra, Holy Master Yaoguang, don't resist."

When the voice fell, the chaotic energy in Qin Chen surged and banged, and the chaotic fruit in his hand exploded. The billowing chaotic aura was turned into an extremely pure force by Qin Chen, and it instantly flooded into Venerable Mantra and Yaoguang. Inside the holy body.

Chaos Fruit is best refined into a pill to have no side effects, but Qin Chen's refining method is more direct. The billowing chaotic origin power entered the two bodies, and the two only felt a terrible origin power flowing in their bodies, and the two suddenly roared.

[Chapter 4105: Shame me](#)

"Boom!"

On the body of Yaoguang Holy Master, an aura of a nobleman rose to the sky, and he was about to directly enter the realm of nobleman.

Venerable Mantra is also filled with chaos, and he has gained a lot of benefits.

"not enough!"

Qin Chen's eyes flashed, and in the chaotic world, some of the origins of the earthly deities killed by him in the Vientiane Divine Treasure were instantly blasted into the bodies of Venerable Mantra and Holy Master Yaoguang.

this is.....

The eyes of the two of them went round.

Holy Master Yaoguang is okay. After all, he is not even a sage. What Qin Chen instilled is only the origin and rules of some human respect levels, and occasionally some subtle earthly respect level origins.

But what was instilled in Venerable Mantra was some of the essence of the peak earthly respect, which was a great supplement for such a peak person like Venerable Mantra.

What's more, there is also the origin of the chaos that Qin Chen hid from the God of Vientiane.

"what!"

The two of them suddenly uttered a sound of pain, and the tumbling Primordial Origin of Chaos and Venerable Origin poured into the two of them, quickly changing the structure of their origins, and the aura of their bodies rose madly in a vague manner.

Rumble!

Venerable Terror's breath came, and the Holy Lord of Light took the lead to break through to the realm of Venerable, and his body was rapidly rising and transformed.

A venerable man was born.

If people from other top races in the universe see this scene, they will definitely be shocked.

A venerable person, no matter it is placed in any force, he is not a small person. It takes countless years and a lot of resources to get a breakthrough.

But here in Qin Chen, a venerable person was born in an instant, which made people not shocked.

However, this is also because there are too many treasures in Qin Chen's body. Whether it is the origin of chaos or the fruit of chaos, they are all good things that Heavenly Venerables and even the Supremes must covet. It couldn't be easier to improve your strength. Of course, this is also because Qin Chen is not like Xiaoyao Zhizun. He focuses on the entire ethnic group. Behind it is a top-level big clan. It is too difficult to improve the strength of a big clan. But like Qin Chen, he just improves a single person. Some people

Strength, in fact, is not too difficult.

The billowing earth-sovereign origin and chaotic origins entered the bodies of the two of them. After the divine lord broke through, the earth-sovereign shackles in the body of Mantra Venerable also smashed instantly, and were directly broken.

An expansive earth-sovereign aura permeated, shocking the world, and at the same time an invisible domain space permeated, which is the own domain that earth-sovereign can master.

"I... broke through the realm of earthly respect?"

Venerable Mantra felt the breath on his body in disbelief, and he was dumbfounded.

How many years is this his dream? Hundreds of thousands of years, right? He has broken through the realm of the nobleman for hundreds of thousands of years. During these hundreds of thousands of years, he has been working hard to improve his cultivation and trying to break through the realm of the nobleman. However, because of some hidden injuries in his youth, he has been unable to span

Entering the realm of Di Zun, he was even a little desperate.

This is why he gave up Chaos Fruit.

Because he is afraid of waste.

His potential has almost been exhausted.

But now, he has actually stepped into the realm of the earthly respect, the realm has broken through, the aura on his body has instantly transformed, and his physical body has also been changed, a kind of billowing vitality flowing in his body, making him full of power again.

"you....."

Venerable Mantra looked at Qin Chen in amazement, his expression agitated, and he couldn't express his gratitude.

However, after he looked at Qin Chen, he was even more shocked.

Because he couldn't see Qin Chen's cultivation level before, but he was not surprised. He just thought that Qin Chen used a certain technique to cover himself, blocking his perception.

But now, after breaking through the realm of the respected earth, he found that he still couldn't see Qin Chen's cultivation base. On the contrary, the mist on Qin Chen's body became more and more dense and mysterious.

Combined with the terrifying source of respect that Qin Chen blasted into his body.

Venerable Mantra suddenly took a cold breath, and he faintly understood that Qin Chen in front of him had not only made a breakthrough in the Vientiane God Treasure, but also obtained an opportunity, it was even more terrifying than he had imagined.

This is no longer a half-step Venerable who needed his own protection, but has grown into a giant.

Even Venerable Mantra had a feeling that Qin Chen in front of him was probably more terrifying than the elder Zun Yehe, who was sitting in the camp at the peak of Tianwork.

As soon as this thought came out, Venerable Mantra suddenly did not dare to continue thinking about it.

"Qin Chen..."

Venerable Mantra was so excited that he wanted to say something, but he couldn't say a word. He just bowed to bow on one knee.

But before he bowed down and bowed, a terrible force had already supported him, no matter how hard the Venerable Mantra's cultivation base was, he could not kneel down.

"Haha, Master Mantra, seniors don't have to be polite. If today's world is in danger, I do this in the hope that seniors will have a better development in the work of heaven, work for the heavens, for our human race, for the whole universe, and for the benefit of the whole universe. ."

Venerable Mantra smiled bitterly.

"No matter, the old man will take advantage of it. With your strength, your achievements in heaven's work are far surpassing me, so don't call my seniors, or you will break me."

The Holy Lord of Yaoguang was on the side, still in the mist.

"Venerable Yaoguang, I am afraid that I will continue to stabilize my cultivation base. I am quite interested in the Heavenly Work Mineral Vein, so it's better to take me around."

Qin Chen smiled at the Holy Master Yaoguang and immediately changed his words.

"it is good."

Holy Master Yaoguang suppressed the excitement in his heart, and led Qin Chen to leave this cultivation space instantly.

"This son is extraordinary."

Zhenyan Dizun looked at Qin Chen's leaving back, and couldn't help being shocked. It's no wonder that Lord Tianzun would have ordered himself to go to the human world to rescue Qin Chen. Only a few years later, Qin Chen has been so terrifying.

"Back then, Jinlin Tianzun accompanied me to the Human Race Heaven Realm. I thought he was trying to repair the origin of the Heaven Realm. Now it seems that I am afraid..."

Zhenyan Dizun had some doubts that the purpose of Jinlin Tianzun's journey to the heaven was for Qin Chen.

Day work in the veins.

Holy Master Yaoguang took Qin Chen into the depths of the mine.

At this moment, he was still excited and unable to calm down.

Although he had a lot of curiosity, he was very curious and didn't ask. With his intelligence, he also vaguely felt that Qin Chen had always been curious about this big camp.

If it was before, he would still ask, now, he only needs to obey Qin Chen's instructions.

In a palace on Huoshen Mountain.

Venerable Gu Xu Dizun sat in the hall, and before him, Venerable Fenghui saluted respectfully.

"Elder Gu Xu, then Qin Chen followed Venerable Mantra back to his palace and stayed there for a while, and now followed the Holy Master Yaoguang to the mine vein." Venerable Fenghui said respectfully. He had a lot of eyes and ears throughout the work camp, as long as Qin Chen didn't deliberately hide it, he could know Qin Chen's whereabouts.

[Chapter 4106: Vein situation](#)

"Mineral vein area? What is he going there for?" Gu Xu Dizun frowned and looked at the eagle bird.

"Not sure." Venerable Fenghui shook his head.

"Did he find any clues?" Gu Xu Dizun was puzzled: "No, if you find any clues, it shouldn't be him going to the vein area. Is there any flaw in what I ordered you to do?"

Gu Xu Dizun looked towards the Venerable Fenghui. "Please don't worry, Elder Gu Xu, I'm very careful about what you tell me to do, and no one will know." Venerable Fenghui said with a smile: "The disciple has been here for so many years, so Qin Chen has just arrived. I also want to see the flaws, impossible. "

"That's good." Gu Xu Dizun's eyes flashed: "Let me keep an eye on that Qin Chen, no matter what his purpose is, you must know his whereabouts and movements."

"Elder Gu Xu, that Qin Chen is just a holy son, needs so much attention?" Venerable Fenghui was a little confused.

"Hmph, what do you know, just listen to my orders." Gu Xu Dizun muttered, "This time, I'm afraid I will make a great contribution."

Vein area.

Qin Chen entered the depths of the mineral vein area under the leadership of the Lord Yaoguang.

Jingle bells.

Many 10,000-nation powerhouses are mining.

Many of these 10,000-clan powerhouses are slaves, from the universe and 10,000-clan, they are not restricted, they are inconvenient to move, and there are still disciples who work in detention.

In addition, there are some racial masters who have a good relationship with the human race, and strong casual cultivators.

Among them are the Holy Lord and even the Venerable. It's almost a fantasy for the venerable to come to mine, but it's not a big deal here, because it's extremely difficult for the average venerable to obtain the precious treasure, even the weakest person's treasure. Device, it also needs a Venerable

It takes a lot of resources, even after a life-and-death struggle.

However, in this work camp, if a Venerable Sanxiu can mine a certain amount and make a certain contribution to work, he can purchase the treasures of the Venerable at a certain price.

Limited to one piece, and it is the weakest person's treasure.

Even so, many casual cultivators came over.

However, the treatment of these casual practitioners and slaves is naturally different, except for the need to impose restrictions during mining to prevent private mineral veins, other times. Come and go freely, you just need to accumulate credit points.

The Holy Master of Yaoguang is a master of Heavenly Work, Venerable Half-Step, and a disciple of Venerable Mantra. It is still unimpeded in this vein area. After entering the vein area, the disciples who worked for many days saw him and saluted him.

It's just why, they always feel that the aura on the body of the Lord of the Light today is somewhat different.

"Qin Chen, what are you looking for?"

Entering the vein area, Qin Chen kept flying across the area, seeming to be looking for something.

This made the Lord of Yaoguang very curious.

Suddenly, Qin Chen stopped.

Holy Master Yaoguang also stopped, and when he looked up, he saw a group of miners in the casual repair camp, resting there, and some of them were masters.

Seeing the Holy Lord of Yaoguang, these people nodded and saluted. It was obvious that some of them were venerable, but they were quite respectful when they saw the disciples of Tianzuo.

However, Holy Master Yaoguang clearly felt that after seeing Qin Chen's pupils, several of the masters of San Xiu showed a hint of shock and excitement.

If it hadn't been for the Holy Master of Light to break through the realm of the venerable, he would never perceive this kind of emotional change.

"Go, find a secret place in this vein." Qin Chen said, turning around and leaving.

Although the Lord Yaoguang was puzzled, he still came to the mineral vein and found a safe place.

It wasn't long before Qin Chen and the others stayed.

in the dark.

Whoosh whoosh!

A few figures came quietly.

These figures exuded a terrifying aura, and they came to this space in an instant.

These are the masters of several demon races, and one of them is already a master master, and the other three are also close to the master, exuding a terrifying aura, a total of four people.

The Holy Master of Yaoguang suddenly became vigilant, and the four strong monsters suddenly appeared, even if he also broke through to the realm of human respect, his eyes were fixed.

"metropolitan!"

The four veterans of the monster race came, and after seeing Qin Chen, they all showed extremely excited expressions, and they hurriedly bowed on one knee to salute.

"metropolitan?"

Holy Master Yaoguang looked at Qin Chen in astonishment.

"You guys get up," Qin Chen said with a smile, "Liger and Tiger Demon Lord, I didn't expect to see you in these years, you really broke through the realm of venerable, but you three, you have to work hard."

The people here are not others, but the lion tiger demon master, golden blood penguin, blue elephant king and silver eye wolf king of the ten thousand clan.

"Sect Master, why are you here?"

The lion tiger demon master said excitedly, even if he broke through the realm of the nobleman, he still respected Qin Chen, and at the same time, after feeling the breath of Qin Chen, his heart was even more shocked.

"I was originally a disciple of Heavenly Work, so I will naturally be here, but you, why are you here?" Qin Chen asked unexpectedly.

Qin Chen was not surprised that the liger demon lord broke through the realm of the venerable. After all, when he was in the southern heaven, the liger demon lord was already the top half-step venerable in the southern heaven.

It's normal to break through the Venerable.

As for the remaining four of the Five Great Demon Lords, they were weaker than the Liger Demon Lord at first, and now they are all only one step away from the Venerable, but their presence in this vein area made Qin Chen a little surprised.

Although the Ten Thousand Clan sect he belongs to is not a big background, Ji Wuxue and the others also know their identities. With Ji Wuxue and the others working in the sky, the Liger Demon Lord does not need to mine here.

Even for the treasures of the venerable, with Ji Wuxue and the others, they can find a way through the Holy Lord of Light.

The Liger Demon Lord suddenly glanced at the Yaoguang Holy Master.

"It's okay, he is his own, you just say so."

This action made Qin Chen instantly realize that the Liger Demon Lord should have something unspeakable.

"Master Ji Wuxue asked us to come here to mine." Liger demon said.

"Ji Wuxue?"

Qin Chen was taken aback, and then thoughtfully: "Is he asking you to investigate the production of this vein here?"

"My lord, how do you know?"

The Liger Demon Lord said in astonishment.

"Did your investigation reveal anything?" Qin Chen's eyes were cold.

"There are some situations."

The Liger Demon Lord hurriedly took out a piece of jade slip.

"This is the clues we have been investigating here for such a long time, and we have investigated from the various potholes. We were originally going to report Master Ji Wuxue. Who knew Master Ji Wuxue had left."

The Liger Demon Lord said respectfully. As a result, the jade slip and Qin Chen's mental power instantly penetrated into it and felt it.

[Chapter 4107: Transport task](#)

From the side, the Holy Lord of Light looked over curiously.

What is in this jade slip? Why did Ji Wuxue let these monsters lurking in this ore vein area, to investigate in the form of mining?

At the beginning, Ji Wuxue did ask for some information about the production of this vein from him, but did not tell him the purpose.

"Is there anything tricky in this vein?"

In the astonishment of Holy Master Yaoguang, Qin Chen threw the jade slip to Holy Master Yaoguang, "Look at it for yourself, Ji Wuxue is really keen, and I don't know how to be safe when I ran over to practice."

Qin Chen shook his head. When he was in Tianwu Continent, Ji Wuxue was extremely shrewd and clever, otherwise after his fall, he would not be the first person to suspect Shangguan Xier and Feng Shaoyu, and even broke into death alone. Canyon to find self

already.

Holy Master Yaoguang glanced at the information in the jade slip, and was immediately shocked.

"This... are you sure that the data here is correct?" Holy Master Yaoguang looked at the Liger Demon Lord and the others.

The Liger Demon Lord said indifferently: "These are the data I obtained after waiting for a long time to lurch here, so it is naturally correct."

"Impossible, just say this amethyst. I work at the Daying Refining Department. The amount of amethyst that I can get every year is about 500,000 cubic meters. But you say that the amethyst unearthed every year is at least One million cubic meters, where does this data come from?"

Although the Lord of Light does not control the mineral veins, his vein is the department for refining amethyst. Therefore, he is very clear about the annual output of amethyst and cannot be wrong. The liger demon said: "These data can't be wrong. They are all my daily observations. Amethyst mine, I have specially made statistics. According to our estimation, this vein, every mine tunnel, can be unearthed in one month. Ten thousand cubic amethyst mines, ten per year

More than 10,000 square meters, after smelting, 10,000 square meters of amethyst ore can give birth to one hundred square meters of core amethyst. The entire vein area, amethyst ore veins have tens of thousands of mine channels, so one million square meters of amethyst can be smelted every year. "

"what?"

Holy Master Yaoguang frowned, there was definitely something wrong with it.

If the Liger Demon Lord was right, where did the remaining 500,000 square meters go?

"Which one in the big camp is the person in charge of this vein?" Qin Chen looked at Holy Master Yaoguang.

"It's Venerable Fenghui." Holy Master Yaoguang, "The vein of Venerable Fenghui controls the production of mineral veins. If these data are true, there are so few mineral veins, it is very likely..."

Speaking of this, Holy Master Yaoguang's eyes condensed. "Isn't it possible? Amethyst is a strategic material of the Human Alliance. My job is to be the top crafting force of the Human Race to obtain the qualification to mine amethyst mine. In fact, only half of the industry here is ours. The remaining half belong

The Human Alliance, this is why other forces acquiesce in my daily work to mine veins. "If half of the amethyst veins are missing, they can't be sold. As long as they are sold openly, even in the black market, they will be noticed by our Human Alliance and found out, so the Venerable Fenghui will even get them. Amethyst is also impossible

Can be sold. "

Holy Master Yaoguang shook his head: "Furthermore, Venerable Fenghui was only half-step Venerable not long ago. Where did he come from the way to eat this batch of goods? Besides, the vein area is also very complicated, even if he can do tricks, It's hard to be afraid."

The wind returns to the Lord?

Qin Chen thoughtfully, "Venerable Fenghui can't do it, but what about his superiors?"

"You mean Elder Gu Xu?"

Holy Master Yaoguang frowned: "Elder Gu Xu is in charge of camp resource planning. If he is willing, there is indeed a slight chance of greedy amethyst, but I also said that he has no way to sell it."

"What if it circulates within other races?" Qin Chen sneered. "It's also unlikely." Holy Master Yaoguang shook his head, "Such a large amount of amethyst can only be eaten by some top big clans, but the demons and other forces in the Human Race Alliance should not dare to do so, because once discovered, That's like tearing the face

Pi will be suppressed by the human race. "Although the status of the major races in the Human Race Alliance is equal, but in fact, our Human Race still has some advantages because of the freedom and supremacy. It is impossible for the Monster Race to offend our Human Race for this area of amethyst vein, let alone ,

Without our work, it would be difficult for them to build the treasures of the Venerable. "

Qin Chen said lightly: "I didn't say it was sold to the Human Race Alliance."

Holy Master Yaoguang was startled, and immediately said in shock: "You mean the Demon Race, it's impossible... Elder Gu Xu, they are crazy."

It is impossible to believe that the Gu Xu elders will collude with the demons when the Holy Lord of Light is killed.

What is the guilt?

"It's not necessarily."

Qin Chen suddenly showed a sneer, and said to the Liger Demon Lord: "You give me the specific information you have observed in the vein area, including how long the docking will take and the rules of each delivery."

"Master Ji Wuxue told us to do it a long time ago, and we all have it here." Liger Demon said.

Qin Chen nodded and said to Holy Master Yaoguang: "I need all the travel information about Venerable Fenghui and Elder Gu Xu."

"This...maybe from Teacher Mantra." Holy Master Yaoguang said.

"Then go to the mantra and go."

Huh!

Qin Chen flickered and disappeared here.

After a while, Qin Chen found the Zhenyan Dizun, and when he told him something in the vein area, the Zhenyan Dizun was immediately shocked.

He also extremely did not believe that Venerable Fenghui and Elder Gu Xu would do such a thing.

However, given that the matter was too serious, he still gave some information to Qin Chen.

"Interesting." Looking at the information, Qin Chen smiled. Elder Gu Xu's status is too high. There is not much information on the Mantra Goddess, and he cannot easily investigate it. However, he still has some records of Venerable Fenghui. It can be seen that the other party will go out every time to experience. Or go out

Transport treasure soldiers.

If it were normal, it would be no different, but now that it fell into Qin Chen's eyes, he immediately felt a little weird.

Generally speaking, Tianjiao transports precious soldiers or materials every six months. After all, the weapons that are waiting for Tianjiao on the battlefield of the ten thousand races, and some are sent to the headquarters for refining.

For specific days, you need to wait for the refining of amethyst by this vein of Mantra Respect, and there is a period of change of about half a month.

Originally, the delivery of the amethyst stone this time was about half a month later, but the Shining Grounds Zun temporarily moved this date forward.

Three days later, that is the date of the next delivery of materials, the line of Venerable Mantra will urgently have a batch of materials to be shipped out. There is no need to allocate. Venerable Mantra and their line are refined. As for the task of transportation, it will be arranged by the coordinating Elder Gu Xu. Venerable Fenghui will also follow the team every time.

[Chapter 4108: Ancient Sound Transmission Treasure](#)

At night, the Huoshenshan Palace in Tianwork Camp was quiet.

Fenghui was quiet outside the palace where the venerable was.

In the void, a figure suddenly appeared here, the power of the space was permeated and melted into the darkness, making it impossible to notice.

The soul power was released, covering the entire building complex silently, and no matter what happened, Qin Chen could not escape Qin Chen's perception.

In a hidden void in the palace, Venerable Fenghui picked up a simple sound transmission device and was talking.

"This time I'm still in the old place. I want a Venerable Sage Vein and ten chaos spar stones. And this time, the senior management of my day's work meets the people behind you and discusses major issues."

The other side was silent for a while, and asked, "The top management of Tianjiao wants to meet? Huh, according to the agreement, we only need to trade, not to meet. What is the big deal?"

"You don't have to worry about it, just notify the people behind you." Feng Hui said the Venerable.

"Why did you advance so much this time? Moreover, your asking price is five Chaos Spars more than last time." The voice said. "I don't know this. It's not a good thing for you. You can get 3 million cubic meters of amethyst and 500,000 cubic meters of fire feather mine in five months. You make a lot of money. As for the price increase, This time there is 100,000 cubic meters of Hei Yao mine, enough

It's worth five chaotic spars. "

"Hei Yao mine? Hey hey." The voice before showed a gloomy color, "Yes."

"Don't worry, after working together for so long, you won't lose you, and I said above, this time, there is a big news to tell you that the value is against the sky. Compared with it, this transaction is not counted. what."

"Okay, then happy cooperation."

The voice on the other side disappeared, and Venerable Fenghui turned off the sound transmission device.

"My lord said that all the proceeds from this transaction belong to me. With the Holy Veins of the Venerable and the ten chaos spar, my realm can reach a higher level and my combat effectiveness will be stronger. When that happens, huh, Qin Chen, I must be ashamed."

"is it?".

A voice came from outside the palace.

"who?"

Venerable Fenghui was shocked.

Boom!

The Tiangong Palace was made of special metal and was very hard. But at this time, a roar sounded, and the whole palace was exploded like tofu. This hidden void also exploded in an instant and was broken into.

Whoosh whoosh!

And the roaring sound here also instantly shocked countless masters present, thinking that something major had happened, and terrible auras came.

Huh!

In a hidden space.

A figure flew out, it was Qin Chen, and behind Qin Chen, the Holy Lord of Light and Earth Zun of Mantra flew in with a cold expression.

"Qin Chen, you..."

Venerable Fenghui was horrified to death.

"It's me, I didn't expect you to collude with other races and sell mineral veins privately." Qin Chen said coldly.

"What evidence do you have?"

Venerable Fenghui recovered, and said gloomily.

"Hahaha, come here, everyone, Venerable Fenghui used his position to collude with foreign races and transport strategic materials. I have now seen through." Qin Chen Longlong said, the whole day's work camp was alarmed.

"Qin Chen, dare you!"

Venerable Fenghui was extremely angry.

"Didn't you say that I have no evidence? Since I have no evidence, what are you afraid of?" Qin Chen asked back.

"Huh! Do you dare to frame me, I will make you pay the price." Venerable Fenghui said viciously.

In a short while, a group of figures appeared, all of the top powerhouses in the Heavenly Work Camp. Elder Yehe and Gu Xu Dizun all came over, and descended on this world one by one.

Seeing this scene, Gu Xu Dizun's face changed slightly.

Whoosh, he flew forward.

"Qin Chen, you are so courageous, you broke into the palace of Venerable Fenghui late at night, do you want to be an enemy of Heaven?"

Gu Xudi said in a cold voice, without the gentleness of the previous two days.

"Did you not hear what I said? Venerable Fenghui colluded with foreign races and sold strategic materials. What is the crime?"

"Do you have any evidence?"

Huh! Qin Chen made a sudden move, and the attack was very fierce. With a flick of his finger, a sword qi slashed out. The speed was so fast that it was almost too late for people to react. When the sword light flashed by, Feng Hui Venerable's palm was directly covered. Cut off, blood gushing, stretch out a hand

Sucking, Venerable Fenghui's palm was photographed, and the storage ring spirit above fell on Qin Chen's hand.

"Qin Chen, you actually cut off my palm, I want to kill you."

Venerable Fenghui never expected Qin Chen to be so fierce. Without evidence, he cut off his palm without hesitation, and suddenly roared bitterly.

Many of the venerables on the side changed their colors, looking at Qin Chen with unhappy expressions.

"Qin Chen!"

Elder Yehe also sneered. Venerable Fenghui, who was the core disciple of Tianjiao, was cut off by Qin Chen's arm directly. This was too arrogant. For a while, Elder Yehe also moved with killing intent.

"you wanna die."

A sharp light flashed in Gu Xu Dizun's eyes, rumbling, his figure walked out, and endless murderous intent surged through his body.

"Don't you want evidence, I'll give it to you now." Horrible soul power poured into the storage ring, and without any effort, Qin Chen easily broke the soul mark of Venerable Fenghui on the storage ring.

"Not good!" Venerable Fenghui suddenly changed color, and the connection between himself and the storage ring disappeared.

Qin Chen's soul power invaded it, and after searching it, Qin Chen quickly took out a sound transmission treasure.

"Ancient sound transmission treasure!"

Many venerables blurted out.

Many people looked towards Venerable Fenghui, frowning and said, "Venerable Fenghui, where did you come from this ancient sound transmission artifact?" On this sound transmission treasure, the formations are complicated. The value of these treasures is extraordinary. These treasures come from ancient times and are extremely precious. The value varies according to the distance of the transmission, but even the ordinary ancient sound transmission treasures are also worth one.

Pieces of treasure.

Because using this kind of sound transmission treasure to transmit sound is almost impossible to be discovered, and its refining method has long been lost, even if there are no elders of the earth, let alone the wind.

Venerable Fenghui endured the pain, gritted his teeth and said: "Is it weird that I have a sound transmission device? Everyone has an adventure. I got this sound transmission device in a ruin."

"quibble."

The power of Venerable Qin Chen rushed into the sound transmission treasure and used the technique of patching the sky. Suddenly, the treasure gradually dissipated a faint light, and the wind returned to the Venerable and a cold voice came out.

"This time I'm still in the old place. I want a Venerable Sage Vein and ten chaos spar stones. And this time, the senior management of my day's work meets the people behind you and discusses major issues."

"The top executives of Tianjiao need to meet? Huh, according to the agreement, we only need to trade, not to meet. What is the big deal?"

"You don't need to worry about it, just notify the people behind you."

"Why did you advance so much this time? And, your asking price is five Chaos Spars more than last time." "I don't know this. Isn't it a good thing for you? You can get three hundred in five months. Wanfang's amethyst and 500,000 cubic meters of Fire Feather Mine, you make a lot of money. As for the price increase, this time there is 100,000 cubic meters of Hei Yao mine, enough

It's worth five chaotic spars. "

"Hei Yao mine? Hehehe."

"Don't worry, after working together for so long, I won't lose you, and as I said above, this time, there is a big news to tell you that the value is against the sky. Compared with it, this transaction is not counted. what."

"Okay, then happy cooperation."

...

The words of Fenghui and the other party came from the sound transmission treasure, very clear. In an instant, everyone's faces changed.

[Chapter 4109: Tensions](#)

"Will you urge this sound transmission device? Let the previous call pass through?"

Venerable Fenghui's eyes protruded, bloodshot spread.

"How do you still want to quibble now?" The activation of this ancient sound transmission treasure is indeed very complicated and requires special techniques, but under Qin Chen's sky patching technique, any structure will be analyzed. After all, this legend In addition to being rare and ancient, the internal structure

It's not that complicated.

"Venerable Fenghui, what is going on? How can you trade amethyst?"

Zhenyan Dizun and the Holy Lord of Yaoguang were extremely angry, their eyes were blood red, and Elder Yehe's eyes were cold. This kind of thing happened in the Heavenly Work Camp under his control, and he was also responsible and would be punished by the headquarters.

"ancient....."

Venerable Fenghui was panicked and hurriedly looked at Gu Xu Di Zun not far away.

"boom!"

Gu Xu Dizun's figure suddenly moved, rumbling, and the terrifying breath of Dizun swept across.

The phantom flashed, Gu Xu Dizun slapped his palm on the forehead of Venerable Fenghui, and exploded Venerable Fenghui's head on the spot. The flesh and blood evaporated, and the power of the terrifying earthzun permeated, directly returning Feng to the soul of Venerable Fenghui. Are all strangled.

Before Venerable Fenghui's head exploded, Qin Chen clearly saw an incredible look in Venerable Fenghui's eyes, as if he couldn't believe that Venerable Gu Xu would kill him. Because, at any rate, he is also a strong human being, a leader in heavenly work, if he had been prepared for a long time, even if the strength of Gu Xu Di Zun was stronger than him, he would not be able to blast him so easily with a single palm. All because he has no defense at all

Bei Gu Xu Di Zun. Not only the Fenghui Venerable can't believe it, even the True Words of Earthly Sovereign and the Holy Lord of Yaoguang can't believe it, because Guxu Earthly Sovereign has no power to kill Fenghui Venerable. Normally, Fenghui Zun is required. The person was escorted to the Tiangong headquarters for trial by elders

ask.

"Gu Xu Dizun, what do you mean?"

Zhenyan Dizun was frightened and questioned, the other elders also looked ugly, even the elder Yehe's eyes sank, and his heart was frightened.

A core saint son of human respect level has fallen, and this time he cannot escape the punishment from the headquarters. Qin Chen sneered on his face. Although he was also surprised that Gu Xu Di Zun was so cruel, but with his strength, if he wanted to make a move before, he might still be able to save Feng and return to the Venerable. It was just that he was too lazy. After all, this Will expose him too much

Force, exposure time rules. Gu Xu Dizun said with an icy expression: "Venerable Fenghui colluded with aliens and stole the strategic resources of the human alliance. The crime deserves a million deaths. My job is one of the pillars of the human race. If you let me know who dares to eat inside and out and collude with aliens, I will Committed suicide

, Mantra respect, do you have an opinion if I kill him? "Of course I have opinions. First, Venerable Fenghui is the core saint of my Heavenly Work. After breaking through the realm of Venerable, he is at least a high-level deacon. Even if he is colluding with other races, he must be brought back to the Heavenly Work headquarters for processing. , Second, how he colluded with the aliens, there will definitely be all channels and some contact methods, these I have not asked about these, third, he once said with the colluding counterparty, this time I have a senior manager to discuss with the other party , Can be called high level by Venerable Fenghui,

At least he was an elder of the earthly respect level, not to mention that he called your last name before he died. "

Venerable Mantra looked straight at Gu Xu Di Zun. Before Qin Chen told him that Fenghui Venerable and Gu Xu Dizun might collude with other races, he still couldn't believe it, but now, he has to suspect that there is Gu Xu Dizun in it, because Gu Xu The deity's behavior is too weird

.

"Hmph, he was just caught by Qin Chen, with a guilty conscience, and wanted to seek my help. After all, you all know that Venerable Fenghui is my subordinate, and I am also responsible for his collusion with other races." Speaking of this, Gu Xu Dizun's expression was gloomy, and he glanced at Qin Chen: "But I

am very puzzled, even if Fenghui Venerable colluded with foreign races, how did your Excellency know? Although I arrived later, your Excellency just arrived at my day work camp. Can catch it

Venerable Fenghui talking with the alien race can still activate this sound transmission device. Shouldn't I explain it? "

Everyone looked at Qin Chen one after another.

Indeed, this is a bit weird.

"Gu Xu Dizun, if you want to throw the pot on me, it's better to answer the previous question first."

Qin Chen took a step forward.

"Yes, Elder Gu Xu, explain it." Venerable Mantra also stepped forward. With swords drawn on the field, everyone present frowned. Gu Xu Dizun is the elder of Tiangong, second only to the elder Yehe, the top powerhouse, in this camp, he is in charge of mining veins, and he has a background in the headquarters of Tiangong. Great power

It's also strong. Although it was really too much before, most people don't dare to challenge him.

Venerable Mantra and Qin Chen were so close to Elder Gu Xu, causing everyone to sweat.

In the eyes of many people, Gu Xu Dizun is a cruel figure, with iron and blood, compared with the mantra, regardless of background, strength, and authority, he is more than a bit stronger.

The two sides confronted each other, and the swords were drawn.

Many elders looked at Elder Yehe, who was in charge of this large camp, and he had to come forward. Elder Yehe also had a terrible headache. Although Gu Xu Dizun was inferior to him, his background in heavenly work was too deep. Although he had done too much before, there was not enough evidence, so he did not dare to take it lightly. Take down the opponent, if you are not careful,

Will be backlashed by the opponent.

Seeing Elder Yehe not speaking, the other elders came to understand.

"Elder Gu Xu, Venerable Mantra, if you have something to say, why get angry." An elder came out to mediate.

"Yeah, if there is something, everyone sits down and talks about it. They can't agree, and there is no need to have conflicts about the Fenghui Venerable who colluded with the family."

Another elder also stepped forward.

Venerable Mantra frowned slightly, although Qin Chen made him understand that Elder Gu Xu must have a problem, but he has just broken through the earth, and is afraid that he is not the opponent of Elder Gu Xu. Without the support of Elder Yehe, their side will be in danger. .

Venerable Mantra could not help but look at Qin Chen, he must be based on Qin Chen's decision. Qin Chen didn't even look at the other elders present, and sneered, "Everyone has seen it just now. Elder Gu

Xu eagerly killed Venerable Fenghui. He must want to hide something. Venerable Fenghui called out before his death. Gu's eyes also look at Gu Xuchang

Old, you can't fail to notice. What's more, Venerable Fenghui also said that there is a high-level person in Tianjiao who will contact the other party. Elder Gu Xu is the head of Venerable Fenghui. This high-level person is very likely to be him, otherwise, is it still impossible for you? "

Qin Chen looked at the other elders, and even fell on the elder Yehe. He didn't know if the other elders had problems, but Elder Gu Xu must have problems.

[Chapter 4110: Fight](#)

He allowed Elder Gu Xu to kill Venerable Fenghui. In addition to not wanting to expose too much power when he came up, he also heard the voice of Venerable Fenghui before, and knew that Venerable Fenghui didn't know. Many, even if it's left alive, I'm afraid

I don't know the specific content, and the value is not great.

"This!"

To be honest, many elders also doubted Gu Xu Dizun, but it was a pity that they didn't dare to act rashly until the moment things came to light. After all, except for Elder Yehe, no one else could suppress Gu Xu Dizun. Besides, the backstage of Gu Xu Dizun is too hard. In fact, many elders planned to sit down and talk, then secretly send people to work in heaven, and let the people above come down to investigate. Unfortunately, Qin Chen and Venerable Mantra are better than them. Imaginary is more killing

Angry, don't give up. Gu Xu Dizun stared at Qin Chen with cold eyes, and burst into cold light: "Huh, what are you, a holy son, and there is no holy son who has been to the headquarters to report. I am the deputy commander of this large camp. Elder, what qualifications do you have to question me?"

"

"Really, then I am an internal deacon in Tianjiao, can I question you?" Venerable Mantra took a step forward.

Is Venerable Mantra crazy?

Many people were shocked. Venerable Mantra is only a pinnacle of humanity. He actually dared to call Ban Gu Xu Di Zun, really...

"Hahaha, Lord Mantra, you have colluded with this Qin Chen, so bold and reckless, now I doubt whether there is any conspiracy by you? Do you want to frame me and seize power? What qualifications do you have."

Gu Xu Dizun was full of vigor, and the entire void air became extremely heavy, as if being pressured by neutron heavy water, the void rumbled.

"As long as I am a disciple of Heavenly Work, I can question you." Venerable Mantra shouted angrily.

"Hahaha, elders, so to speak, I ask to capture this Qin Chen. I suspect that he is also in collusion with a foreign race. This is because he bites the dog with Venerable Fenghui. My reason is simple, because he stared at him as soon as he came up. To return to the Lord, and to be able

Enough to activate the sound transmission treasure. "

Many elders looked at each other.

"Elder Gu Xu, forgive us for not complying."

The other elders are not fools. Although they do not approve of the actions of Venerable Mantra and Qin Chen, they can still feel that Elder Gu Xu's problem should be even greater.

"Humph!"

Gu Xu Dizun was a bit angry. Although he didn't think that other elders would take the initiative to capture Qin Chen, everyone refused so simply that he felt cold in his heart and became irritated, and he also wondered how Qin Chen knew the secret.

"I still said that, Venerable Fenghui betrayed Tian's work. I have no problem with killing him. If you think I have a problem, let the above investigate me."

Gu Xu Dizun turned around and left. He made great contributions to Heavenly Work and had a deep background. He didn't think Tian Work would do anything to him just because he killed Fenghui Venerable.

"Ha ha!"

With a chuckle, Qin Chen's breath rose sharply, and the air was like the void of neutron heavy water. Because this sharp breath appeared, it was instantly cut into thousands of strands. In that moment, a terrifying sword force penetrated the body. Out, cover to Gu Xu Dizun.

"Elders, do you really let him go?" Qin Chen glanced across the crowd and fell on Elder Yehe.

Elder Ye He had a headache, this Qin Chen was really troublesome.

"Boy, you are looking for death."

Elder Gu Xu was angry, "It's just a saint son who has just broken through, and where did the courage and this seat take action."

Elder Gu Xu shouted angrily, murderous spirit surged in his heart, booming, his figure was like a phantom, and he suddenly attacked Qin Chen, booming, with his right hand sticking out, like a curtain of sky, covering the sky and the sun.

The coercion of the earthly deity diffused and enveloped the world.

"Elder Gu Xu, you are too much!"

Venerable Mantra shouted angrily, stepped forward, stepped forward, and blasted Elder Gu Xu with a punch.

"Venerable Mantra, you are looking for death by yourself."

Elder Gu Xu sneered, the pinnacle person, also wants to be an enemy of himself?

Bang!

Gu Xu Dizun turned his back and slapped him with a palm, full of energy, and the void instantly twisted, bursting towards him.

Boom!

The entire void was torn apart, and the terrifying Venerable might swept across it.

In the dense smoke and dust, many elders showed shock and backed up one after another. Elder Yehe's face sank and he shouted, "Stop."

He changed his color, stepped forward, and wanted to intervene. A Venerable Fenghui had already died before. If Venerable Mantra was also beheaded by Gu Xudi Zun, it would be troublesome. He couldn't explain to the Heavenly Work Headquarters.

"A fight broke out."

Many of the elders present are a little bit weird.

"Do you think Elder Gu Xu has any problems?" An elder asked.

The other elder pondered for a moment and said, "There is indeed a problem."

But some elders said, "Regardless of whether there is a problem or not, it is not Venerable Mantra who can punish them. Didn't you see that even Elder Yehe didn't speak?"

"What's going on with Venerable Mantra this time? I challenged Elder Gu Xu. Isn't this looking for death?"

"I didn't expect that Venerable Mantra would fight Elder Gu Xu."

"Elder Gu Xu is unfathomable. Venerable Mantra is a bit reckless in doing this, and it is likely to make himself unlucky."

"Let's take a look first. Elder Yehe is here, so it won't cause trouble? But we also have spies who collude with alien races in our camp, which is really unexpected."

Boom boom boom!

The Vulcan Mountain in the night sky suddenly flashed with dazzling brilliance, flashing one after another, like the day, and like a strange and strange world.

Many disciples on the Vulcan Mountain were alarmed and looked over.

The roar and rumble, violent energy swept through, and before Elder Yehe took a shot, he saw Venerable Mantra and Elder Gu Xu separated instantly, and the horrible energy colliding between the two erupted with heaven-defying killing intent.

"Venerable Mantra, I didn't expect you to break through to the realm of Earthly Venerable. No wonder you dare to challenge me."

The rumble of anger sounded, the roar of Elder Gu Xu.

what?

Venerable Mantra has broken through to the realm of earthly respect?

When did this happen?

Many people were surprised, because they didn't know the breakthrough of Mantra Venerable, which shocked them.

It's a big deal to break through the peak of the human respect to the respect of the earth. The position of the elder in the headquarters of the heavenly work can be granted to the respect of the earth, which is no small matter.

Elder Yehe was also surprised, a little surprised.

"Huh, Lord Mantra, even if you break through the earth, you are not qualified to fight with me. I don't know how high the sky is. Today, this elder will let you know that your so-called breakthrough is vulnerable to this elder, and the sky is set on fire."

boom!

Gu Xu Dizun's body erupted in black and red melting inflammation, and the billowing flame burned, burning the night sky into a red color. The Venerable Heavenly Work has extraordinary strengths. Many of them are master craftsmen. Gu Xu Di Zun is one of the best. Almost everyone controls terrible flames. The flames of Elder Gu Xu contain the power of earth fire on the battlefield of ten thousand races. , Is his all year round

Sitting here, the terrible magical powers that I have learned. The terrible flame swept directly towards the Venerable Mantra.
