

## Valkyrie 411

### Chapter 411

Whoosh whoosh!

A large number of silhouettes flew by, rushing towards the open space below the ancient city, one by one, fearing to go late, no place.

"You follow me, don't be washed away."

Xiao Zhan looked solemn and warned Qin Chen and others.

This time the Five Nations Grand Tournament is unusual. There are strong foreigners coming, so you must be very careful in doing things, otherwise it will be easy to happen.

at this time.

When the ancient southern capital appeared, on a plain hundreds of miles away from the ancient wind city, a black streamer that flew by at high speed stopped abruptly, staring at the ancient southern capital ahead.

This is a man wearing a black cloak, with cold eyes and narrow eyes.

"Is this the ancient southern capital of the Five Kingdoms? It's really magnificent! Humph, that kid must be the genius of the Five Kingdoms with such a cultivation base. I don't believe that he will not participate in the greatest prosperity of the Five Kingdoms in five years."

A cold voice came from the cloaked population, and the cloaked man disappeared on the plain with a flash of figure.

The other side.

Outside the ancient city.

The mighty flow of people carried forward, and after a while, everyone had arrived on the open space below the ancient city.

This open space has been cleaned a long time ago, and there is even a high platform around it, which was built by the major forces decades ago.

The five powers and the powers of the major forces have long been experienced, and they occupy the most advantageous positions.

Among them, Wei Tianming of the Liang Kingdom led the geniuses of the Liang Kingdom to occupy a certain position, and then the powerful sects of the Great Wei Kingdom, the Great Zhao Kingdom, the Great Song Kingdom, and the Ling Tianzong all followed closely, occupying other positions. .

"Let's come here."

Xiao Zhan yelled and swooped up a high platform.

This piece of high platform is located directly in front of the suspended ancient city, and the line of sight is excellent. Looking around, the ancient wind city is also very clear in the distance, and a large number of warriors can be seen rushing from that direction.

"This area has always been occupied by our great Qi country. You should rest here first. Although the ancient southern capital has already appeared, there is still some time before it really arrives. You should adjust your status first."

Xiao Zhan warned.

At this time, after the six major forces occupy their respective positions, there are still some vacancies on the high platform, which are not occupied by no one, which has attracted the rest of the major forces of the five countries, one after another.

These high platforms do not have much effect in fighting for a place in the ancient southern capital, but they can get in touch with the ancient southern capital's breath, cleanse the body and mind, and improve the martial arts comprehension. At the same time, they are also a symbol of identity and status.

Basically, the power that can stand on a high platform represents the top combat power of the five countries.

And based on past experience, no more than ten forces can stand on it.

"This year, no one from the Guixian faction is coming, which means there is an extra position. Let's go, we will occupy one in the Blackstone country."

"The people from the sword king's door follow me."

"We, Chi Xiaoguo, stood on a high platform in the last session. Naturally, we cannot fall behind in this session."

Whoosh whoosh!

The rest of the forces that are more confident in their own strength shouted and jumped forward.

"Our Guixian faction hasn't come on stage yet, do you dare to move?"

Boom!

It's just that they didn't wait for them to skim on the high platform. Suddenly, a cold grinning sound rang, and then, whoosh, whoosh, swept from a distance to a horrible figure in black robes. These figures, like electricity, seem to be magical. Surpassed the other major forces, fell on the high platform in one fell swoop, occupying a favorable position.

"this is....."

"Guixian faction? Didn't the Guixian faction hear that it was destroyed by the Great Qi State?"

"Where do so many masters come from?"

The crowd was taken aback. They looked up and saw a group of strong men wearing black cloaks on the high platform. The faces of these strong men were covered by the hats. They couldn't see the specific appearance, but the breath that came out was extremely cold and heart palpitating.

Around these people, there are a group of young disciples, all wearing sect robes of the Guixian faction, and their auras are extraordinary, which makes people afraid to underestimate them.

In addition, among the disciples, there was a middle-aged man who did not hide his face. When he came up, he glared at the location of Daqi and Wei, and a ray of hatred flashed through his eyes.

"It's Elder Hu Zongnan of the Guixian Sect."

"Are these people really strong in the Guixian faction?"

"However, Sect Master Nian Shuo of the Guixian Sect is said to have all been killed. Even the many disciples, deacons and elders who infiltrated the Kingdom of Qi were all annihilated by the army \*\*\*\* Qin Batian. There are some people who remain, who are all shrimp soldiers and crabs, old, weak, sick, and disabled. How come so many powerful people suddenly appear?"

"Yes, I heard that Sect Master Nian Shuo of the Guixian Sect led many powerful people of the Guixian Sect and sneaked into the capital of the Daqi King. He wanted to kill Qin Feng and Qin Chen, but he was killed by the Daqi Kingdom. At the same time, Nian Shuo He also wanted to unite with the Great Wei State and attack the Great Qi State from the border. The result was discovered by Qin Batian, the Great Qi State Army God, early. After the death of Nian Shuo and others, the Great Qi State powerhouse suddenly took action to encircle and suppress many elders and disciples of the Guixian faction. There are very few people who escaped alive. Where are so many geniuses and strong people?"

The crowd was in an uproar, extremely puzzled.

Although the group of people in black on the stage remained silent, there was a palpitation aura permeating just standing there. This kind of aura was by no means as simple as an ordinary Xuan-level martial artist.

And the Guixian Sect disciples led by Hu Zongnan are also very impressive. The weakest of them seems to be in the late stage of the sky, which is shocking and incomprehensible.

"Hu Zongnan, what the \*\*\*\* is going on?"

Liangguo Wei Tianming, as the host of the five northwestern countries, immediately took a step forward and asked.

Attracted the eyes of countless people, staring at the ghost fairy faction.

They also want to know where this group of people came from.

Hu Zongnan glanced at Wei Tianming and said faintly: "Wei Tianming, these are the Supreme Elders of my Guixian Sect. They live in seclusion in my Guixian Sect's residence all the year round. Not long ago, my Guixian Sect's sovereign was brutally defeated by the Great Qi State. Assassination, after the elders of the Supreme Master knew about it, they broke through the barrier. There is no problem, right?"

"You are the Supreme Elder of the Guixian Sect? How come the old man has never heard of it before, why not take off the hat and have a look. Also, where did the group of disciples around you come from? The old man remembers your Guixian Sect. There seems to be no such group of talented disciples, right?"

"Wei Tianming, are you suspicious of my Guixian faction?" Hu Zongnan smiled coldly, took out a token in his hand, and said: "This is the order of the master of my Guixian faction, and several elders know about me. The school's disaster has already allowed Zai to succeed the Guixian Sect as the sect leader. As for other things, it is my Guixian Sect's sect, which seems to be beyond the control of Daliang Country. As for these disciples, it is my Guixian Sect in Nian. I picked out the geniuses who were secretly trained by the Supreme Elders when I was young. Now, the rest of the geniuses of the Guixian faction have all been framed and killed by the Great Qi and Wei states. It is reasonable to have them replace them."

Wei Tianming frowned and wanted to say something, but in the end he still did not speak.

Even if he suspects that the origins of these people in black are unknown, Hu Zongnan is the elder of the Guixian Sect after all, and he has the suzerain order, and inherited the position of the Sect Master of the Guixian Sect. As he said, the Guixian Sect's own business, he Wei Tianming I can't manage it, and I'm not qualified to manage it.

"Brother Hu, you said that the Great State of Wei framed you a genius of the Ghost Fairy School. Is there any misunderstanding in this?"

Wei Chicheng, the first master of the Great Wei State, couldn't help but speak.

Chapter 412: Overbearing and Arrogant

"Wei Chi Cheng, less pretense there."

Looking at Yu Chi Cheng coldly, Hu Zongnan's eyes burst out with a strong resentment and murderous intent. This kind of murderous intent is even higher than that of the people of Qi.

"At the beginning, my Guixian faction united with your Great Wei State to ambush and pressure the borders of Daqi State. As a result, our Guixian faction elders and geniuses were exposed and were besieged and suppressed by the great powers of Great Qi State. Instead of rescue, your Great Wei State After knowing the news of the suzerain's death, we imprisoned the elders and geniuses of our Guixian faction who were lucky enough to escape, and wanted to annex my Guixian faction, huh, our Guixian faction was really blind at the beginning, and actually believed in you the white-eyed wolf of Great Wei, you Don't worry, this hatred, we Guixian faction will definitely avenge it."

Gritting his teeth, Hu Zong's southern character Zhuji, contains murderous intent.

hiss!

The crowd took a breath and exploded in an uproar.

They only heard that Nian Shuo and the others went to the King's Capital of Daqi and were ambushed and killed by the Kingdom of Daqi, but they didn't know that there was such a conflict between the Guixian faction and the Kingdom of Wei.

Can't help but look at the Great Wei Kingdom, with a look of contempt in the eyes.

Everyone knows that among the Five Kingdoms, the real enemy of Daqi is actually Dawei, and Dawei used the Guixian Party to pay for Daqi. After being exposed, instead of rescue, he fell into trouble and wanted to annex the ghosts and immortals. This kind of behavior is really disgusting and disgusting.

While the crowd was noisy, some other forces took advantage of the opportunity to grab the high platform one after another.

After a fight, three other forces stood on the high platform and occupied one position.

After these big forces occupy the high platform, they all showed excitement.

However, Xiao Zhan and others did not have any joy in this, but their eyes were solemn.

Because so far, the major forces of the Dawei Dynasty have not yet arrived.

"Hahaha!"

Sure enough, as soon as the worry arose, a burst of laughter echoed across the world.

"Is it busy here?"

In the distant sky, a group of mighty and powerful men suddenly appeared, rushing toward the high platform.

This group of people, with extraordinary momentum, has not yet arrived, and there is a suffocating aura that rushes toward their faces, causing many powers of the five countries to retreat one after another, not daring to look at them, and give way to a passage.

"Is this the genius of the Dawei Dynasty?"

"What a terrible breath."

"Look at the leader, the real power of his body, is it the legendary Wuzong strong?"

The crowd was in an uproar and exploded in an instant.

The news that the powerful genius came from the Dawei Dynasty has actually been passed on in Ancient Wind City, but most people have only seen some ordinary Dawei Dynasty geniuses, the real Dawei Dynasty powerhouse, but never Have seen.

As soon as they met now, there was a suffocating coercion that enveloped them.

"Is this high platform the place to welcome the ancient southern capital? Not bad!" An old man, followed by a group of geniuses, glanced at the high platform in front of him, smiled slightly, "Go, let's go up."

Whoosh!

This group of people rushed straight to the high platform in front, knowing nothing of the powerful five nations who were already standing on the high platform.

"you guys....."

The place he was rushing was exactly the position occupied by the Black Stone Kingdom. Upon seeing this, the Black Stone Kingdom powerhouse, his face changed, and he couldn't help leading his disciples and wanted to resist.

"In front of the old man, it's ridiculous to want to do something."

The old man's eyes were indifferent, and he didn't put the power of the Black Stone Kingdom in his eyes at all. With a wave of his hand, an invisible terrorist force swept through, and suddenly a group of powerful people in the Black Stone Kingdom flew out and fell embarrassed from the high platform.

With one blow, all the disciples of the Blackstone Kingdom were swept away, and the old man led the genius under his command and fell on the high platform originally occupied by the Blackstone Kingdom.

hiss!

A series of air-conditioning sounds sounded one after another. At this moment, all the powers of the five nations were shocked, and their faces were frightened and angry.

It was not luck that Blackstone Nation could occupy a position, but it was also a result of contention. However, in front of this group of people, the strongest of Blackstone City was almost fragile and vulnerable and was not an enemy at all.

Deeply shocked every warrior of the five countries.

"Hahaha, go, we also occupy a position."

"This high platform, at first glance, is the best location. The ants of the five countries are not qualified to stand on it."

"Hey, come down to me."

With the old man's jade in front, the many powerful geniuses of the Dawei Dynasty, all roaring and chanting, followed the high platform one after another.

Puff!

Boom!

The sound of the hand-to-hand rang out instantly, and the forces of the five countries that had barely stood up before were blasted down instantly, with anger, roars, and shouts one after another.

"Haha, this location is good, we want it."

One of the forces set the target in the position of Great Zhao Kingdom and ransacked

"Damn it, this is the land of our five countries, your Excellency does not respect us too much, right?"

The number one master of the Great Zhao Kingdom, a middle-aged man holding a spear, was furious when he saw this.

"respect?"

The force sneered, looking high up, as if the dragon was looking down on the ants, and sneered: "The so-called respect is placed on the same level of strength. In my opinion, the five nations are just barbarian ants. How can you talk about respect?"

"Do you really think I have no one in the five countries?"

The first master of the Great Zhao Kingdom looked furious, and the spear in his hand suddenly stirred, evolving into a dark shadow of the gun, and finally forming a black dragon, roaring and rushing towards the old man.

"The black dragon breaks the sky!"

Boom!

The black gun shadow, wrapped in endless coercion, galloped out.

"Hahaha, is this the strength of your five-nation powerhouse? Too weak?"

The old man sneered and raised his big hand, like a high sky, covering the sky and obscuring the sun, rolling down at will, with a bang, the next moment, the black dragon transformed by the gun shadow burst to pieces, the first master of the Great Zhao Kingdom vomited blood and flew upside down, embarrassed Falling from the high platform.

The old man came to the high platform, his body was shocked, and a wild and domineering energy swept through, and all the geniuses of the Great Zhao Kingdom flew out.

Afterwards, the geniuses of the old man's forces fell one after another, occupying a position, sneering at the corner of his mouth, looking at the eyes of the people of the five countries below, full of mockery.

hiss!

The audience was silent and silent.

Only the sound of inhaling air-conditioning, one after another.

The number one master of the Great Zhao Kingdom, one of the five great powers, is not the enemy of this old man?

At this moment, a deep sense of powerlessness arose in the hearts of all five nations.

Strong, too strong.

Compared with the strong of the Dawei Dynasty, the strong of the Five Kingdoms is vulnerable to a single blow. There is no doubt that this old man is definitely the strong of the fifth-order Wuzong level. Among the five countries, except for the Liang Kingdom Wei Tianming is Aside from Wuzong, there is not even a Wuzong strong, how to fight?

Suppressing his anger, Wei Tianming said coldly: "Your Excellency, this ancient southern capital is originally the relics of my Five Kingdoms. Your Dawei Dynasty wants to get a share of it. My Five Kingdoms also agreed, but your move is a bit too much. Right?"

"Excessive?" The old man sneered and glanced at Wei Tianming: "If I am really going too far, it will be more than just driving your disciples from the Five Kingdoms. Although this ancient southern capital remains in your five countries, the so-called treasures are home to the virtuous. Therefore, the old man is also in accordance with the law of heaven. If you are not convinced by the five countries, you can take action and drive the old man off the high platform. The old man will not say anything, how?"

#### Chapter 413

"Hahaha, what nonsense Lu Lao and them, this land of five countries, the martial artist is vulnerable, looking at it, there is not even a Wuzong, and it is worthy to negotiate terms with us? If there is no agreement with the mainland, I will wait for this place. Clearing the field, driving out all the disciples from the five countries, and now giving them a chance to compete is already considered kind."

"That's right, in my opinion, these wastes of the Five Nations are not qualified to stay here. Keep them here. I don't know how to be grateful. They are still chirping, which is really hateful."

"What masters, strong ones, in the eyes of this seat, are just a group of larger ants, and they are worthy to negotiate terms with us?"

"It makes people laugh out loud."

The many geniuses of the Dawei Dynasty ridiculed and laughed again and again, and they were full of disdain in their words, and they did not put the people of the five countries in their eyes.

That kind of posture and expression made all the people of the five countries angry and felt a deep shame.

The ancient southern capital was originally the remains of the five kingdoms. These people from the mighty dynasty came forward. In order to avoid conflict, the five kingdoms had already agreed to their request and allowed them to enter the ancient southern capital.

Unexpectedly, in the eyes of the other party, the actions of the Five Nations were dismissive at all. Instead, they continued to allow the people of the Five Nations to be qualified to enter the ancient southern capital, as if they had become a charity.

This kind of reversal of black and white, and the unclear right or wrong, makes people feel aggrieved and full of anger.

"unacceptable."

"This ancient southern capital was originally the remains of our five countries, but now it has become their charity."

"It's really hateful."

People of the five countries are all suffocated, their teeth are clenched, and their hearts are burning with anger and cannot be restrained.

Even Qin Chen felt too much, his eyes were cold.

In Tianwu Continent, it is true that the strong are respected, and the weak have no right to speak.

But in many cases, some real powerhouses can at least maintain their grace and peace on the surface.

But the people of this mighty dynasty didn't put the Five Kingdoms in their eyes at all. The attitude and expression made any normal person of the Five Kingdoms unbearable. The contempt from the bones was deeply painful. Everyone's heart.

"Why, not convinced? If you are not convinced, you can come up. If you can repel the old man, the old man will naturally give way."

The old man, known as Lu Lao, smiled contemptuously, looking down at the people below, like an emperor looking down on his courtiers.

It drew a lot of laughter from the powerful dynasties.

"In my opinion, all of you from the Five Nations, it is better to roll down obediently."

"This place is not something you can come up."

"The humble people should stay down, look up at me and wait."

"Stay here, it will only be embarrassing."

Many powerful dynasties on the high platform said with a chuckle, of course.

"hateful."

The people in the five countries below were very sad and angry, and burned with anger.

However, no one came forward.

Even the number one master of the Great Zhao Kingdom, Li Lanfeng, and the peak powerhouse in the late stage of the Profound Rank, are not enemies of the old man's one move.

"Hahaha, don't talk nonsense with them, and get rid of all the people from the other five countries."

With a long scream, there is still a powerful dynasty who has not climbed on the high platform, flying up, and laughing wildly, swept away on the high platform with a scornful gesture.

The opponent that this person found this time was the Guixian faction, and he wanted a hand to sweep away all the Guixian faction.

Hu Zongnan's expression changed, and he suddenly looked at the leading men in black.

The faces of these people in black remained unchanged, as if a few black rocks were standing there, but it was the group of black-clothed disciples who sneered.

Seeing that the attack of the strong man was about to fall, one of the black-clothed men suddenly moved. With his palm over, a large black handprint, like a mountain, crushed and crushed the opponent's. The attack even shook the powerhouse of the mighty dynasty and flew out like a cannonball.

what?

Everyone on the court instantly changed their expressions, and each of them was shocked. What happened, the powerhouse of the Dawei Dynasty was actually knocked into the air.

"Damn it, impossible!"

The powerful dynasty who was shocked furiously uttered an unbelievable expression. His face instantly became blood red, his eyes were angry, like flames burning, his whole body swept with energy, and he rushed up again.

"Boom!"

His whole body burned with blood-colored light, and in an instant, the whole figure seemed to become a flame war god, and the cultivation base of the fifth-order sect in the early stage was revealed in an instant.

Before he arrived, his terrifying aura had already descended, like a mountain, crushing everyone in the Guixian faction.

"Is this the strength of Tier 5 Wuzong?"

"It's terrible, so terrible."

The people of the Five Kingdoms are indifferent, although the opponent is not targeting them, but the pressure of this unconsciously dissipated breath is enough to make the real power in their bodies work hard and have difficulty breathing.

"You group of untouchables, if you had been obedient just now, this sect might not do anything to you, but now, this sect wants you to kneel here and know what regret is!"

The ferocious anger sounded, the powerful man of the mighty dynasty, with a ferocious face, violent blue veins on his forehead, was severely suppressed with a palm.

The man in black of the Guixian faction remained unchanged, turned his right hand up and patted it with a light palm.

Boom!

A thunderbolt blasted out of thin air, an astonishing palm power, and annihilated everything. I saw the flame storm blasted by the powerful dynasty, instantly disintegrating, how did the whole person come, how did it fly out, and smashed into it with a bang. Smoke and dust flew up in the ground below.

The man in black shook the power of the powerful dynasty with a palm, but his expression remained unchanged, his figure retreated, and he returned to the team.

From beginning to end, he didn't say a word.

hiss!

The crowd sounded one after another sucking in cold air, everyone was stunned, their expressions were shocked, and they looked at the scene in front of them silly.

Where does this Guixian send so many masters?

At this moment, everyone's heart was shaking, and it was hard to believe their eyes.

The master of the Dawei Dynasty shook off with a palm, such a cultivation base, at least in the fifth-order Wuzong realm.

However, there is almost no Wuzong strong in the entire five northwestern countries. Where did the Guixian faction find so many strong ones?

It completely subverted everyone's cognition.

Qin Chen's pupils shrank suddenly when the Great Qi Kingdom was located, and said secretly: Although the aura on this person's body is very cold and similar to the practice of the Guixian Sect, it is completely different in nature and is definitely not a ghost. The fairy pie.

Not only the people of the Five Kingdoms, but the other powerful dynasties, all looked shocked at this time and stared at it.

Their eyes were cold, staring coldly at the few people of the Guixian faction, their eyes sharp, like a sharp blade, about to pierce the hearts of the few people.

"Your Mightiness....."

As soon as his body moved, one of the strong men of the Dawei Dynasty smiled coldly, just about to speak, and suddenly seemed to sense something, he stopped, and turned his head to look into the distance.

I saw the plain in the distance, three powerful breaths rose, and three teams slowly appeared, walking towards this place slowly.

Upon seeing this, all the powers of the Dawei Dynasty suddenly changed their eyes, and their expressions were extremely solemn.

Chapter 414 Imperial Heart City

At this moment, the former arrogant and domineering powerful dynasties were all silent, staring at these three forces in the distance, their faces solemn, jealous, and even vaguely nervous.

The people of the Five Kingdoms couldn't help but look up, secretly suspicious and guessing: Who on earth can make the power of the Dawei Dynasty so nervous, like a mouse seeing a cat.

In sight.

The speed of these three forces does not seem to be fast, and they tend to go hand in hand, restraining each other.

What makes people suspicious is that the opponent seems to be slow, but in the blink of an eye, he has already arrived in the clearing, as if ignoring the distance between the two.

Simultaneously!

A palpitating breath permeated, and everyone present only felt a terrifying force, suppressing the spread, making their breathing difficult, and they couldn't help but give way.

At this time, everyone had already seen the faces of the three forces.

What shocked everyone was that these three forces were all young people in their early twenties.

The person headed on the left is a young man in white robe holding a jade fan. He has a long and narrow body, wearing a lun scarf on his head.

The strange thing is that his face is also like that white jade, and there is a layer of jade light on his skin, gleaming dazzling light, and his pupils are even more elegant and profound, giving people an unspeakable bookishness.

However, the aura on his body was extremely cold. Before people approached, a chill was released between the heaven and the earth, which made people tremble involuntarily.

Turning his head, the head of the three forces was a handsome young man in mysterious clothes with eagle-like eyes, open and indifferent.

What is peculiar is that his whole body skin has a metallic luster, and even his clothes and hair have been assimilated by the metal, exuding a cold gold and iron breath.

Behind him, several powerful men followed, with a very low posture, like slaves.

The person on the right is a young man wearing a purple martial robes. His appearance is also extremely beautiful, but he has an invisible domineering spirit, as if all things in this world are under his control.

Behind this person, there are several young people of the same age, men and women, with extraordinary strengths. In addition, there are two old men guarding them. The two old men, with indifferent eyes and coercive will. , Not weaker than anyone present.

"It's Master Leng Shu, Young Master Dixin, and Sect Master Liu Xian!"

"I have long heard that these three great arrogances have all come to the land of the five countries, but I didn't expect them to be true."

"Hey, with them, we want to compete for the top three, there is almost no possibility!"

When these three forces arrived, all the warriors of the Dawei Dynasty who arrived first were all silent, afraid to speak, and there was a deep jealousy in their eyes.

Even the tall and overbearing figures they had shown before in front of the people of the Five Kingdoms were invisibly weaker, like a brawny man who deliberately buckled his waist, not daring to be too dazzling, for fear of suffering. note.

"Hehe, it seems that it is not too late for the young ones to come, and it seems that the ancient Nandu has not completely arrived yet."

As soon as the young man in Xuanyi came to the open space, he chuckled and glanced at the high platform.

"There is actually a high platform here, is it for Ben Shao? Yes, not bad!"

The young man nodded, his body was vertical, and he swept toward the high platform. The place he flew was impartial, and it was the place where the old Lu Lao was extremely arrogant before the people of the Five Nations.

"hiss!"

Upon seeing this, Old Lu took a breath of air, and a deep horror appeared between his brows.

"Quickly, Young Master Emperor Dixin has taken a fancy to this place, hurry and follow me."

No need to talk nonsense about the young man in Xuanyi, Lu Lao was frightened, and hurriedly led his disciples down from the high platform, for fear that he would slow down and arouse the anger of the other party.

At the same time, he said: "In the next day, Lugu Luzhen, the young master of the Emperor Heart can appreciate the high platform, it is the honor of the next, I hope the young master of the Emperor Heart will accept it."

He was trembling, as if the opponent had occupied his high platform, but still gave him face and flattered.

However, what he said, instead of satisfying the young man in Xuanyi, he slightly frowned.

Upon seeing this, an old man behind the young man of Xuan Yi immediately walked out, looking blankly at the old Lu below, coldly said: "Lu Zhen, are you wrong? How can my young master occupy you? s position?"

"Yes... It's a faux pas. There was no one on the high platform before. It was the Young Master of Emperor Heart, who owned it by himself, and was not allowed by anyone!"

Hearing this, Mr. Lu was almost crying, making himself scornful, even wanting to curry favor with the young master of God's heart, and the young master of Emperor's heart. Is he able to favor him?

It can be seen that his face turned pale with fright, his forehead was covered with cold sweat, his voice was trembling, his eyes were frightened, and he almost knelt down on the spot.

And the previous arrogant domineering, the gap is too big.

"The previous thing, thinking about your unintentional mistakes, let it go, but if you dare to talk nonsense, don't blame my imperial heart city for not being affectionate, and wipe your Tianlu Valley line from the Dawei Dynasty and become a pile of ruins. "

The old man snorted and said nothing more.

Old Lu was relieved and nodded again and again, "Yes...Yes, I would like to thank the young master of the Emperor Heart for his great kindness, and I will remember it in my heart."

As he spoke, he bowed back, his robe was already soaked in cold sweat.

Seeing this, the people of the five countries are all happy. It was this old deer just now. He utterly scorned the five countries. He didn't expect to be taught in the blink of an eye. It was really happy.

But at the same time, he was deeply shocked and worried for that Emperor Heart Young Master.

These three forces that came last are undoubtedly extremely terrifying forces even in the Dawei Dynasty. Otherwise, the many powerful geniuses of the Dawei Dynasty would not have such performance.

Now that this group of people come, will there be hope for the geniuses of their five nations?

Can not help being deeply anxious.

As everyone knows, Lu Lao was also trembling in his heart, breathed a sigh of relief, and consciously took his life back.

The Tianlu Valley where he was located, looking at the entire Dawei Dynasty Xuanzhou, also belonged to a strong strength, but at most it was in the middle reaches.

But at this moment, the five northwestern countries gathered the three powers of Xuanzhou's three great arrogances.

They are Tianheng Academy, Dixin City, and Liuxianzong.

Among them, Emperor Heart City is a very terrifying city in Xuanzhou. Even in the Dawei Dynasty, it has a great reputation. In the entire Xuanzhou, it is second only to Xuanzhou, the capital of Xuanzhou.

Emperor Heart Young Master Di Tianyi is the son of the City Lord of Emperor Heart City. Such an identity is much stronger than other Tianlu Valley.

It can be said that these three powers surpassed many other powers on the scene, and the ten Heavenly Deer Valleys could not withstand a blow from Emperor Heart City.

Therefore.

Old Lu didn't dare to be arrogant in front of Di Tianyi, and the other party wanted to obliterate him, it was a matter of minutes.

It is even certain that even if he was innocently obliterated by Di Tianyi, after receiving the news from the Tianlu Valley where he was located, he would not stand up for him, but trembled and wanted to go to the Emperor Heart City to plead guilty.

otherwise.

It's hard to escape the disaster of Mie Zong!

How dare he be arrogant in front of each other?

Chapter 415

With the arrival of the three great arrogances of Xuanzhou of the Dawei Dynasty, the atmosphere on the court instantly became extremely weird. Whether it was the powerhouses of the five countries or the major forces of the Dawei Dynasty, they were silent, and no one dared to speak.

Especially when Tianlugu was warned, people have a clear understanding of the strength of the three great arrogances.

Whoosh whoosh!

After Emperor Xin Young Master Di Tianyi occupied the side of the high platform, Master Leng Wushuang and Liuxian Zongzi Hua Tiandu also rushed to the high platform closest to them.

Among them, Master Leng Shu focused on the high platform occupied by a certain force of the Dawei Dynasty, while Liu Xianzong focused on the high platform where the Great Song Kingdom was located.

"Let's go down."

With the lessons learned from Tianlu Valley, these two forces, even though they were extremely unwilling in their hearts, took the initiative to take the high platform for the first time.

Since then, the Dawei Dynasty and the major forces of the five countries have all gathered.

After Leng Wushuang and Hua Tiandu skidded on the high platform, they didn't say a word, just staring at the constantly clear Gunandu above their heads, their eyes twinkling, and they never looked at anyone around them.

It seems that in their eyes, except for their three great arrogances and the ancient Nandu above their heads, no one else is even qualified to let them take a look.

On the contrary, it was that Emperor Xin Young Master Di Tianyi, standing on the high platform, looking around.

"Haha, I heard that in the five northwestern countries of yours, two people named You Qianxue and Qin Chen wounded my Dawei Dynasty in Tingfengxuan not long ago. Which two are they? Let this young man stand and see. One glance."

Di Tianyi looked around and suddenly said indifferently.

As soon as he said this, the audience was silent for an instant.

Qin Chen and You Qianxue were listening to Fengxuan, and the things that repelled Wu Yao and other geniuses of the mighty dynasty had long been spread throughout Ancient Wind City under the spread of some good people.

For the warriors of the five northwestern countries, this is an extremely glorious thing. Naturally, it was spread and spread, but unexpectedly, it attracted the attention of this Emperor Heart Young Master.

Thinking of the appearance of the old Tianlugulu from the Dawei dynasty, I still remember it. Now if Qin Chen and You Qianxue were stared at by such a guy, how good would they be?

Suddenly couldn't help but squeeze a cold sweat for the two of them, looking at them.

"Qin Chen?"

At this time, in the crowd, a man in a cloak had just squeezed into the crowd and was searching for something. After hearing the name, he suddenly got a shock and looked in the direction pointed by Wu Yao and others.

At this look, the cloak man's cold eyes almost did not emit fire.

"Okay, this kid is really in this ancient southern capital. It really makes me easy to find."

His eyes were angry, and a strong murderous intent was aroused in his heart. He wanted to pounce on the spot and cut Qin Chen alive.

but.

After seeing Di Tianyi and the others on the high platform, he hesitated, but he had to forcibly suppress the idea of capturing Qin Chen.

"Damn, why are the people from Tianheng Academy, Liuxianzong, and Dixin City also here? With them, once the old man takes action, he will definitely expose himself. At that time, he will definitely cause a lot of trouble. Damn, damn. "

The man in the cloak was extremely depressed.

"Finally, wait a minute, since this person is here and won't run away, let him live a little longer."

In the end, the cloak man had no choice but to make a decision.

"Without these three powers, the old man would definitely want this kid to get rid of cramps for the first time to relieve my hatred."

Even so, he was extremely unwilling in his heart, holding back his resentment.

at this time.

The atmosphere on the court became more solemn.

Under everyone's gaze, You Qianxue's eyes flickered, but she did not speak.

But Qin Chen was even more expressionless, turning a blind eye.

For a while, the scene was extremely silent, and no one dared to expose the location of Qin Chen and You Qianxue.

In the face of this situation, the warriors of the five northwestern countries can be said to be the same haters.

"Young Master Dixin, these are these two people." At this moment, a cold drink rang, but Wu Yao and several people in the audience quickly stood up.

The few of them saw the Emperor Heart Young Master stand out for themselves, all of them were shocked, and hurriedly pointed out Qin Chen and You Qianxue in the crowd, with a ray of hatred in their eyes.

"You two, have you heard that Young Master Emperor Dixin is asking you something, how dare you be disrespectful to Young Master Emperor Dixin?"

Wu Yao coldly drank, with a passionate expression, no more embarrassment before.

"Hmph, how dare you ignore the command of the young master of Emperor Heart, do you really think they are someone else?"

"The humble untouchables, don't come out yet, listen to the dispatch of the young master of Emperor Heart."

"Too presumptuous."

Several people roared again and again, flaunted their might, and were full of spirits.

These days, the news that they were defeated by Qin Chen and You Qianxue was widely chanted in Ancient Wind City, making them, among the many geniuses of the Dawei Dynasty, unable to lift their heads, and their hearts were naturally full of resentment towards them.

Now that there is a chance to retaliate, how can I not be positive.

"Oh, it's them?"

Young Master Dixin looked at You Qianxue and Qin Chen. After seeing You Qianxue, his eyes lit up: "Tsk tsk, what a beauty."

At this time, You Qianxue stood proudly on the high platform where Ling Tianzong was located, dressed in a white dress, floating like an immortal, that kind of posture, really like a nine-day fairy wishing to return by the wind, it was amazing.

Such beauty and temperament, even in the Dawei Dynasty, can be called stunning.

Suddenly everyone in the Dawei Dynasty was amazed. Unexpectedly, in these five countries, there are such stunning women?

"Emperor Heart Young Master, this woman is the daughter of the top sect Ling Tianzong of the five northwestern countries. It is said that she has understood the sword intent at the age of sixteen. Now she is only eighteen and is already a genius at the peak of the late stage of the heavens. If you like it, you can accept it as a maid, and let her wait on the young master's side, adding fragrance to the young master's red sleeves, which is a fine matter."

Wu Yao hurriedly flattered.

Hearing this, Ling Tianzong's face changed drastically, and he hurriedly stepped forward: "Emperor Heart Young Master, the little girl does not understand world affairs, and does not understand accidents. She collided with several geniuses of the Dawei Dynasty. Please forgive me. For the Sect Master Ling Tian, I would like to make amends for the geniuses of the Dawei Dynasty who were injured by the little girl, and only ask the little master to let the little girl go."

The power of Young Master Dixin is not that You endless has not seen it. If You Qianxue is really attracted by this son, how will it end well? Nature will never allow this to happen.

"Huh, old Piff, what do you mean? How would we care about your compensation? Your daughter served as a maid for the young master of Emperor Xin. That is the blessing of your Ling Tianzong's eight lifetime cultivation. You dare to shirk. Young Master Heart is in your eyes?"

Those few Dawei Dynasty geniuses who were defeated by You Qianxue showed cold light in their eyes, and said with a sneer, utterly punishing the heart, obviously not pushing Ling Tianzong into the fire pit, and refused to give up.

Hearing this, You Wu-endi was nervous in his heart, and his eyes were apprehensive, but he didn't dare to say anything, but nervously looked towards Liuxianzong.

He had a friendship with Elder Li, who stayed in Xianzong, when he was young. The son of Elder Li, Li Kunyun, seemed to be very interested in the little girl. At this time, helpless, he didn't know who he could turn to, so he could only look to other side.

Trying to ask for help!

Chapter 416

However, Elder Li did not respond to his gaze.

On the contrary, Li Kunyun couldn't help but raise his head, as if he wanted to say something, but sensing his father's gaze, he immediately lowered his head and did not dare to speak.

Although they are disciples of Liuxianzong, one is only the outer sect elder, Li Kunyun himself, but also an inner disciple, not the core genius like Hua Tiandu. In Liuxianzong, there is not much right to speak.

If the opponent is another power, interceding will also be interceding, but who is the young master Di Tianyi of Emperor Heart City? The only son of the city lord of Emperor Heart City, the treasure in the hand of Emperor Heart City, this person has always been perverse and moody. If he goes crazy, he can do anything.

How dare to risk yourself?

Seeing Elder Li facing his cry for help, turning a blind eye, You Wu-endan couldn't help but sink in his heart.

"Hehe, your idea is good." Di Tianyi said with a smile.

Appreciated by Di Tianyi, Wu Yao's faces were even more joyful, and they even flattered: "The young master of Emperor Xin, Qin Chen is also very extraordinary, younger than You Qianxue, and his cultivation level is also extremely terrifying. , Seems to be one of the most heaven-defying geniuses in these five countries for a hundred years. If he recruits this person to his command and becomes a servant, he can barely match the God-hearted Young Master!"

"Oh?" As soon as Di Tian came, he looked at Qin Chen, his eyes flashed, and smiled: "Such a young Tian-level late-stage powerhouse is extraordinary."

"That is, that is!" Wu Yao nodded and bowed, not to mention how flattering they were.

"Have you two heard me? Would you like to be my maid and entourage, and be my maid and bend?" Di Tianyi squinted at Qin Chen and You Qianxue and said indifferently.

You, would you like to be my maid and entourage?

Di Tianyi stood high, as if the emperor was facing his two courtiers.

As soon as the words came out, the whole audience was shaken and silent.

How would You Qianxue and Qin Chen choose?

Even if the person involved is not himself, the people of the five countries present all secretly squeezed a cold sweat.

The young master of the Emperor Heart City of the Dawei Dynasty, a moody person, if he disobeys his request, no one knows what he will do.

However, Qin Chen and You Qianxue, in the five northwestern countries, who is not a figure in the world, would they be willing to serve as entourage and maid?

But at this time, besides agreeing, can they have other choices?

"Do you want me to be your follower?"

Just in this dead silence, when everyone didn't even dare to breathe, Qin Chen, who had never moved at all, suddenly raised his head, and a cold voice passed over this quiet open space.

"That's right." Di Tian nodded and smiled, "Are you willing, or not?"

Di Tianyi gave two answers, two answers that are extremely difficult in the eyes of ordinary people.

No matter how you answered it, it was extremely difficult and faced a huge test.

At this moment, countless people's eyes focused on Qin Chen, wanting to see how he would answer.

Under all eyes.

Qin Chen looked up, looked at the other party, and then uttered three words flatly: "Are you worthy?"

Boom!

It seemed that there was a bolt from the blue sky, exploding out of thin air, everyone was shocked.

In an instant.

Above the entire open space, it seemed that there was a cold wind blowing, like an ice blade with a handle, it was cold and biting on the people.

Are you worthy?

No one expected that Qin Chen would answer in this way, especially the warriors of the Dawei Dynasty, almost all of them were shocked, their eyes were dull, and they looked at Qin Chen shockedly, and their brains completely crashed.

Does he know what he is talking about?

This is Di Tian Yi, the young master Di Tian Yi, let alone these five countries, even the powerhouses of the powerful dynasties, they dare not say that to Di Tian Yi, is this guy crazy?

Even if you are looking for death, there is no need to say that, right?

This is to bring the five northwestern countries into desperation.

Leaving Xianzong's place, Li Kunyun also raised his head, looking at Qin Chen in amazement, his mouth opened wide, and he was dumbfounded.

Qin Chen's boldness, it's not that he hasn't learned anything before, and he dares to let go of his words when facing himself.

But what he is facing now is the Young Master Di Tianyi of Emperor Heart, and he even dared to speak like that, really... those who don't know are not afraid!

At this moment, Li Kunyun's resentment towards Qin Chen was not as deep as it was at the beginning.

This guy is a lunatic at all. If he resents such a lunatic, doesn't he also become an idiot?

Even since arriving on the high platform, they have been staring at the immortal sect Hua Tiandu and Leng Wushuang, the master of Leng Shu, who were in the ancient southern capital. At this moment, they couldn't help but bow their heads and glance at Qin Chen.

Obviously, he was surprised by the arrogance and boldness of this disciple from the Five Nations.

Among the crowd, there was probably only the man in the cloak, and he was not shocked by this answer.

"This Di Tianyi is really an idiot, and he doesn't look at who that kid is. This person has such a high level of cultivation that even the old man dares to plot, will he be scared by your little young master?"

Seeing everyone dumbfounded, the man in the cloak was extremely happy. It seemed that he was far more stunned by this guy.

"Qin Chen is right, are you worthy?"

When everyone was shocked, another clear and icy voice sounded. Everyone even turned their heads and saw You Qianxue, who also walked out of the crowd with cold eyes.

She was indifferent, holding the hilt in her hand, and using her actions to prove her answer.

"Qianxue."

You Wujin's face changed drastically and she said anxiously.

But You Qianxue's expression remained the same, but her eyes were colder.

Crazy, crazy!

In the hearts of everyone in the Dawei Dynasty, they only felt that the worldview collapsed, almost all of them looked silly.

But in the hearts of the Five Kingdoms warriors, at this moment, there was an unprecedented passion and passion, and they couldn't help clenching their hands.

Who dares to say that there is no one in the five countries?

Everyone was shocked, but Wu Yao and the others were almost shocked at the moment.

"Bold, dare to speak to Young Master Emperor Heart, you are so bold!"

"Lawlessness, too rampant."

"Boy, do you know what you are talking about? Kneel down quickly and plead with the Emperor Emperor Young Master."

One by one hurriedly roared.

"Humph!"

The black-clothed old man beside Di Tianyi also snorted and took a step forward.

In an instant, the world changed color, and an invisible force confined the void, full of killing.

Obviously, as long as Di Tian gave an order, he would violently move.

"Uncle Quan!"

Di Tian raised his hand and stopped the black-clothed old man, suddenly laughing out of his uncertain face.

"Hahaha, it's interesting, it's really interesting."

Amid the laughter, his figure suddenly moved.

boom!

Like a thunderstorm, it turned into a cold blade, instead of pounced on Qin Chen and You Qianxue, but instead pounced on the few Wu Yao below. In the blink of an eye, they appeared in front of Wu Yao and raised their hands suddenly. .

"Young Master Emperor Heart, you..."

Wu Yao's expressions were horrified, and they didn't know what was going on. Before they could react, they were rushed into their bodies by a terrifying force.

"Do not!"

The next moment, a few people screamed, their bodies burst open suddenly, turned into countless rain of blood, and scattered all over the ground.

The black shadow flashed, and everyone hadn't reacted yet, Di Tianyi had already returned to the high platform.

Gently wipe the palm of your hand, the posture is strange.

It's creepy!

Chapter 417

Seeing this sudden scene, everyone was shocked.

Di Tianyi didn't act on Qin Chen and You Qianxue, but instead killed Wu Yao of the Dawei Dynasty. This...

Everyone was almost stunned, completely unaware of what happened.

On the high platform, Di Tianyi indifferently looked at the bodies of Wu Yao and several people below, and snorted coldly: "A bunch of trash, losing my Xuanzhou face, still jumping up and down here, shameless, don't kill you, etc. How can I revive me? Xuanzhou's prestige is worthy of death."

In Di Tianyi's view, Wu Yao and several people actually lost to the people of the five northwestern countries, making the Dawei Dynasty a laughing stock of the five countries, and without shame, they are still jumping up and down. Such people should naturally be killed.

"Shao Ben remembers, these people should be from Xuanzhou Tianmen Mansion and Spirit Sword Sect. If Tianmen Mansion and Spirit Sword Sect are not convinced, you can come to Emperor Heart City to find Ben Shao, and Ben Shao will have fun with them. ."

Di Tianyi said indifferently while scanning the many powerful dynasties indifferently.

Everyone smiled bitterly, and the corners of their mouth twitched. This Emperor Tianyi is indeed arrogant and kills people at will. He also asked Tianmen Mansion and Spirit Sword Sect to go to Emperor Heart City to find him if they were not convinced. Now, where would you dare to find you again?

"As for you two..." Then, Di Tianyi looked at Qin Chen and You Qianxue again with an indifferent smile: "You ruin the reputation of my Dawei dynasty, Ben Shao can give you another chance and choose to surrender to me immediately. This young master can leave the blame for the past, otherwise... I have no choice but to kill the two, just because of the prestige of my powerful dynasty."

"Sir, calm down and have something to say."

Xiao Zhan's expression changed, and he hurriedly spoke, trying to come forward to beg, but was stopped by Qin Chen.

"Master Xiao Zhan, why bother to ask him? It's ridiculous to talk about He Wei's name in a dynasty, not to mention that this person is a fake fox, and he is also a sneer." Qin Chen sneered.

He hadn't heard of this powerful dynasty in his previous life, and it was not a great power to think about, let alone a state and city under this dynasty, actually talking about prestige here.

"What are you talking about?" Di Tian suddenly shot a sharp light in his eyes.

"Am I wrong? Your Excellency relies on your extraordinary status, so you are here to show off your power. Do you think they are afraid of you personally? Wrong, they are afraid of your emperor heart young master status, if not what emperor you are Young Master Heart, with strong protection by your side, you dare to act so recklessly, Qin can guarantee that within an hour, you will be a cripple, and you are still talking about prestige here, don't you think it is ridiculous?"

Boom!

Qin Chen's words immediately caused an uproar.

Crazy crazy, this guy is crazy.

They have never heard of someone who dared to speak to the young master of Emperor Dixin like this, and said that Emperor Tianyi relied on his identity to show off his strength and power. Doesn't this guy know the truth of the misfortune?

It is true that everyone's fear of Di Tianyi is more due to his status as the Young Master of the Emperor Heart, but no one dared to deny that Di Tian has reached the peak of the late stage of the Xuan-level in his first year of cultivation, and died in him. There are countless warriors in hand, and the reputation of the three great arrogances is not caused by a fame, but by fists.

"Haha, it's interesting, Di Tianyi, did you hear that? I will use my identity to show off his power in the future."

Leng Wushuang, Master Leng Shu, couldn't keep calm anymore and laughed.

"Even the humble people of the Five Nations dare to laugh at you, Di Tianyi, you can mix it up."

Hua Tiandu also spoke with mockery.

The three great arrogances of Xuanzhou competed against each other, and naturally looked at each other extremely unpleasantly. There was such a good opportunity to strike Di Tianyi, how could they let it go.

Di Tian's face was cold and ridiculed by others, he naturally wouldn't care about it, but how could he be ridiculed by Hua Tiandu and others?

Suddenly, the anger was gathered on Qin Chen, and his whole body was full of murderous intent.

Just about to start, I saw Qin Chen disdainfully looked at Hua Tiandu, "Your Excellency, is it noble? In the eyes of this young master, it is even more unbearable for you to stay in Xianzong. Let's say you stay in Xianzong's Li Kunyun, not long ago. You Qianxue stalked, pursued desperately, and even threatened me repeatedly. When the young master of the Emperor Heart just drank You Qianxue coldly, this Li Kunyun acted as a tortoise with her head shrunk and she did not know where to hide. This shows that, It's not a problem for you to stay as a disciple of the Immortal Sect.

Puff!

Li Kunyun's eyes went dark, almost spitting out old blood.

I was so unlucky that I could be shot while lying down, with a panic expression in his eyes, and hurriedly explained: "Big brother, that's not the case, this kid is spitting blood."

"I'm bloody? In Gufeng City, who threatened me? Let me leave You Qianxue, otherwise I will be good-looking? Tsk, some people, all the way from Ling Tianzong to Gufeng City, follow You Qianxue like a pug, pursuing all the way, I didn't expect to forget it so soon. I don't know if I should say that you are ignorant, or that the nobles forget more things?"

"Oh, that's right." Qin Chen seemed to have thought of something, and looked at Hua Feiwu among the Liuxianzong crowd. "You were there at the time, and you were dismissive of me from the Five Nations. I guess you wouldn't forget it?"

Hua Feiwu's face was gloomy and did not speak.

"you....."

Li Kunyun was so angry that he vomited blood, his forehead violently blue veins, his figure shook, he rushed towards Qin Chen, and roared, "I killed you."

boom!

His whole body was full of murderous intent, and the silver fan in his hand swayed, and a fan shadow suddenly rushed out, cutting the void, wanting to cut Qin Chen off.

However, the shadow of the fan had not arrived yet, suddenly a fist shadow swept over, with a bang, the shadow of the fan instantly exploded, and even Li Kunyun flew upside down.

Everyone hurriedly turned their heads and looked around, and when they saw who the shot was, they were all dumbfounded.

Di Tianyi turned out to be the shot.

I saw Di Tian blasting Li Kunyun one by one, he couldn't help clapping his palms, dancing with his hands, haha laughed: "Boy, there is still such a thing? Hahaha, it's interesting, leaving Xianzong are all bullying and hardworking soft guys. Okay, that's great, but you don't know. Actually, the biggest softie of the immortal Sect is Huatiandu. It's not as good as a saying. If there are seniors, there will naturally be seniors, haha, hahaha."

Di Tianyi, who had been full of contempt for Qin Chen before, had an expression of appreciation and nodded frequently.

"Li Kunyun, what is going on?" Hua Tiandu sneered at Li Kunyun.

Li Kunyun sweated profusely and stammered: "Big brother, this is all a misunderstanding."

Li Kunyun's father, Elder Li, even said, "Tiandu, this kid is talking nonsense at all. How could Kun Yun do such a thing?"

"Really?" Hua Tiandu snorted coldly: "Please also ask Elder Li to take care of his son. After so long, he still stays at the half-step Profound Realm. With such idle time, it is better to concentrate on cultivation and break through soon. The fourth-order Xuan-level, also saved me to stay in Xianzong, and I was embarrassed outside."

Hua Tiandu, if Qin Chen said all nonsense, Junior Sister Hua Feiwu would not have such an expression.

"Yes."

Elder Li was angry, but he didn't dare to say a word. Although he was the elder of the outer sect, his status in the sect could not be compared with Hua Tiandu. He could only give Qin Chen a vicious look.

After scolding Li Kunyun and Elder Li, Hua Tiandu coldly looked at Qin Chen, his eyes narrowed: "Boy, do you know what crime you should blame for ruining my reputation and leaving Xianzong? Today, I will kill you!"

The terrifying murderous intent, like a storm, came in an instant and swept Qin Chen.

Chapter 418 Black Slave

One move, kill Niansheng.

The audience was full of murderous intent.

"What should be the crime?"

Qin Chen sneered, without a trace of fear: "What do you think you are staying in Xianzong? The dynasty hegemony? Or the empire's dignitaries? I also rationed Ben Shao to convict him? But only a small sect under the dynasty, I am not afraid that the wind will flash his tongue."

Everyone shook wildly.

This Qin Chen is really crazy. He has offended Ditian for nothing, and actually offended Hua Tiandu. Where is his confidence?

Even if he doesn't want his life, he has to think about his country!

"Do you think that Di Tianyi can keep you?"

Hua Tiandu's eyes were cold, and there was no action. There was invisible pressure between the world and the earth. Not to mention the powers of the five countries. Even the geniuses and powers of the Dawei Dynasty, under this pressure, they are all Difficulty breathing, real power stagnation.

It is worthy of being one of Xuanzhou's three great arrogances. Although he has never reached the fifth-order clan level, his gestures contain amazing majesty, which makes people look at the discoloration, and the demeanor of the strong.

Everyone was speechless, Qin Chen wouldn't really pin his hopes on Di Tianyi, right?

Although Di Tianyi blocked Li Kunyun's blow for him earlier, it was only to embarrass Liu Xianzong. If Hua Tiandu really desperately wanted to kill Qin Chen, Di Tianyi would never fight with Hua for this little thing. Tiandu fights hard.

How can Geshitianjiao be so easy to use?

The most frightened people were Xiao Zhan and others from the Great Qi Kingdom. They looked at Qin Chen suspiciously. In their understanding, Qin Chen didn't seem to be a reckless person. Why did it happen so often in front of Di Tianyi and Hua Tiandu? Strong?

Could it be... Qin Yuechi didn't leave the Five Kingdoms?

Xiao Zhan was full of spirits, and there was only this reason that could explain why Qin Chen was so happy and not afraid.

Although I don't know how strong Qin Yuechi's cultivation base is, Qin Yuechi, who can kill the Guixian Sect Nian Shuo casually and make it difficult to escape, is definitely not an ordinary fifth-order Wuzong.

"Di Tianyi? Why does this young man need Di Tianyi protection, as long as you dare to kill me, naturally some people will take action for the young man, and the black slaves are not the protector of the young man."

Qin Chen gave a faint smile, and suddenly turned his head to look at a certain part of the crowd below.

Black slave?

Everyone followed Qin Chen's gaze and stared at the past, wanting to see how sacred the black slave who protects Qin Chen's law was, even Hua Tiandu dared to target it.

Under the gaze of everyone, in the crowd, a man in black wearing a cloak appeared in front of everyone, because the cloak concealed his face at all.

A series of tyrannical perceptions swept in an instant, including the top powerhouses of the three major forces on the high platform.

As soon as the perception was swept away, everyone's pupils suddenly shrank, because they were unable to detect the cloaked man's cultivation.

Even the three powers who are the top powers have their eyes dignified and can avoid their perception. This person is above the cultivation level and will never be too far behind them. Moreover, there must be a certain secret method in the cultivation. Hide the breath on the body.

"Tiandu, this person is not easy."

With a low voice, the leader of Liuxianzong said in a deep voice in Hua Tiandu's ear, his eyes solemn.

Hua Tiandu's eyes were cold, and he did not expect that among these five countries, there would be such a Wuzong powerhouse who guarded this young man. It was completely unexpected. Didn't it mean that even Wuzong was rare among these five countries?

Staring at countless lights, the cloaked man almost vomited blood in the crowd.

"How did this \*\*\*\* kid know I'm here?"

He was hiding in the crowd just now, and his expression was silent. Even the people of the three major forces in Xuanzhou had never discovered him. Unexpectedly, Qin Chen pointed out his location at a glance, making his thoughts that he was planning to hide in a low-key manner instantly shattered.

What made the cloak man about to explode was that Qin Chen actually nicknamed him a black slave, which was simply too much.

"calm down!"

Short of breath, the man in the cloak was so angry at this moment that he couldn't wait to jump on the high platform on the spot, and instantly smashed Qin Chen.

However, he can only think about it in his mind.

Once attacked Qin Chen, not only would his strength be exposed, even the Qinglian Demon Fire would be exposed to everyone. At that time, even if he won the Qinglian Demon Fire, there would be endless troubles.

Therefore, no matter what, he couldn't let Qin Chen be beheaded by Hua Tiandu, exposing the existence of Qinglian Demon Fire.

"Humph!"

With a cold snort, an invisible cold aura suddenly diffused from him. This aura seemed to come from the Jiuyou Hell, full of coldness.

hiss!

Inhaling the sound of air-conditioning, one after another, all the martial artists standing around the cloaked people turned pale, one by one backed away, as if he had seen a ghost.

"What a terrifying evil spirit."

"This person is at least a strong man in the middle of the clan class, even more."

"It's no wonder that Qin Chen is confident, and there is such a strong man standing behind him."

"In the middle stage of Tier 5 Wuzong, once the anger rises, the masters of the three major forces on the scene will not be able to please. After all, this is not Xuanzhou. Their base camp. Once the three major arrogances have any difference, even if the three major forces of Xuanzhou kill this What's the use of the land of five countries?"

On the high platform, Qin Chen smiled.

He knew the reason for this cloaked man's cold snort. On the surface, he was standing for himself, but in fact, it was a warning to himself.

But Qin Chen knew that even if the man in the cloak tried desperately for the Qinglian Demon Fire on him, he would not let him die in Hua Tiandu's hands.

With this person, Huatiandu didn't dare to do anything at all.

"Hahaha, Hua Tiandu, didn't you just say that you will kill this kid? Why is there no movement? Don't worry, I will definitely not stop you this time. If you want to do it, just hurry up and stay in Xianzong. Zongzi, it's not like talking is nothing, right?"

When Ditian saw this, he couldn't help laughing and mocking.

Hua Tiandu snorted coldly, and his murderous intentions converged. Unexpectedly, behind this kid, there was such a strong man hidden. The purpose of this trip was for this ancient southern capital, and besides, there were Di Tianyi and Leng Wushuang watching closely. , I can only let this kid go for the time being, and then make a decision after the inheritance of Gunan has passed.

Thinking of this, Hua Tiandu smiled coldly: "Hua Tiandu, do you still care about me? Just now, this kid, you said that you are not worthy of letting him surrender. Why, the young master of the dignified heart was so insulted that he was indifferent? "

Di Tianyi laughed and said: "You don't know anything about this, this young man, most disdain those guys who are greedy for life and fear of death, but admire the warriors who would rather die than surrender. This is a talent in the late stage of cultivation. If you dare to disobey Ben Shao's majesty, and Ben Shao admires it in his heart, how can he care about this defiance? It's you who were insulted as bullying and fearful of hardship, it seems that there is no indication at all."

"Oh, I understand." As if thinking of something, Di Tian appeared in a daze: "I forgot, you stayed in Xianzong, all of them are bullies and fears of hardship. Now this son, showing a certain strength, naturally makes Your Hua Tiandu is jealous, so you don't dare to start, ha ha, the analysis just now is really brilliant, and my Di Tianyi admires him a little."

The two of you came and went, mocking each other, but the rest of the people present were suddenly stunned.

Qin Chen's life and death crisis seemed to disappear all at once.

Chapter 419

After this entanglement, Hua Tiandu and Di Tianyi, but no one mentioned to punish Qin Chen, it seems that all this just now was just a joke.

Many geniuses in the Dawei Dynasty secretly marveled.

A young man from Five Nations was able to take his life back from the young master of Emperor Xin and Zongzi Liuxian. Not to mention his cultivation level, these methods alone are enough to cause concern.

Perhaps in the eyes of outsiders, the reason why Emperor Dixin's Young Master and Liuxian Zongzi let Qin Chen go was because of the mysterious cloak man, but some people who understood their inner feelings knew that with the power of Emperor Heart City and Liuxianzong, Didn't care about a Wuzong powerhouse at all. What's more, Qin Chen skillfully used the contradiction between the two, as well as this ancient southern capital and the upcoming opportunity to turn himself into peace.

And in this atmosphere, a moment later.

Boom!

The ancient Nandu on the top of everyone's head suddenly shook, and a terrifying aura suddenly passed.

It can be seen by naked eyes that the ancient southern capital city is full of terrifying black light, and the bizarre scene is constantly shining. That magnificent city, slowly sinking under the eyes of everyone, is greeted by everyone.

"It's opened. The ancient southern capital, once every five years, has finally opened."

In the murmur, the entire ancient southern capital city thundered under the eyes of the people and completely landed on the plain.

This is an extremely primitive city, exuding a mighty atmosphere, as if it has experienced the baptism of endless years, leaving a trace of vicissitudes and ancient times.

Looking around, I saw that in the middle of the ancient city, there was a magnificent arena, towering high. The ring was made of no material, and there were mottled traces on it, as if it had experienced endless killings, and only glorious legends remained.

"Is this the Ancient Southern Capital Arena? According to the rumors of these five countries, only those who have won the top ten in the ring and recognized by the ancient Southern Capital's relic consciousness can be qualified for inheritance."

A disciple of the Dawei Dynasty murmured to himself.

From the larger Dawei Dynasty, the ruins that these disciples have entered are not rare, but the ruins like this ancient city come down, the ring-like ruins, but in the Dawei Dynasty, have never heard of it.

"Remains of the ancient southern capital, let the old man take a look, whether these relics from the Five Kingdoms are really as powerful as rumors, and are they worthy of my mighty dynasty genius? Fight for this!"

At this moment, there was a sneer among the Dawei Dynasty crowd, and then, a top powerhouse standing in front of a certain power shook his body and rushed towards the ancient city.

He is in the shape of electricity, with his hands spread out, soaring into the sky, majestic and majestic.

When the major forces of the five northwestern countries saw this, they were all taken aback, and then sneered at the corners of their mouths.

Seeing that the powerful dynasty is about to enter the ancient southern capital city, a mysterious force suddenly rises from the ancient city, quietly not passing the body of the powerful dynasty, just listen to the bang With a sound, the powerful dynasty had time to react in the future, and his body suddenly burst in the void, and even the screams were made in time, and instantly turned into blood mist and disappeared in smoke.

Dead, dead...

A Wuzong strong man fell like this, making all the people of the powerful dynasty condensed.

Among the five nations, some people sneered: "The ancient southern capital has not yet been opened, so this person wants to rush into it. I really don't know how high the world is.

The relics of the ancient southern capital also have a history of nearly a hundred years in the five countries, and the people of the five countries naturally know them very well.

Before it was opened, it was impossible to enter it.

Otherwise, no matter what the cultivation level is, it will explode and die.

Hearing that, all the previous turbulent powerful dynasties were cold in their hearts, and they dared not make any rash actions. They stared at the people of the five countries and watched their actions.

Hum!

After a while, above the ancient city, a thick light radiated, enveloping the entire city. Among them, colorful rays of light rose and flowed continuously, like the aurora, which shocked and intoxicated people.

"The Gunandu barrier has appeared, and the second round of the Big Competition has finally begun."

"Only warriors who have broken through the colorful barriers of the ancient southern capital and passed the examination of the ancient southern capital are eligible to enter the center of the ring and compete for luck."

"This time, so many geniuses from the prestigious dynasty have gathered. I don't know how many people in my five countries will eventually be able to break into this ring for a big match."

Among the five nations, whispers came in bursts.

Whoosh whoosh!

In the next moment, a sharp sound of breaking through the sky sounded. In an instant, the five-nation geniuses on the high platform all moved in an instant, rushing towards the colorful rainbow of light.

boom!

The first person to rush in was a genius from the Liang Kingdom. This person was in his twenties, dressed in a green robe, and was extremely fast. In the blink of an eye, he broke through the colorful barriers and rushed into the rainbow, with almost no figure. pause.

"It is the first genius of the Liang Kingdom."

"Fast speed."

The crowd exclaimed, Liang Guoyu's style of writing had broken through the profound level two years ago, and was also the second place in the last Grand Tournament of Ancient Southern Metropolis. Five years later, everyone has no idea how terrifying this person has become, but secretly, But gave it the title of the first genius of the five countries.

It's just that under the brilliance of Tianjiao of the Dawei Dynasty, Yuwenfeng was so low-key that everyone didn't think of this person for a while.

Now that Gunan is all open, showing his strong cultivation base, everyone is paying attention.

After Yuwenfeng, many geniuses who had prepared for the Five Kingdoms followed suit one after another, waved their fists one by one, broke through the colorful lights, and rushed into the glow.

"Oh? Unexpectedly, among these five countries, there is such a genius, hehe, it's interesting."

Noting the Yuwenfeng Xuan-level cultivation base, among the geniuses of the Dawei Dynasty, many people have smiles at the corners of their mouths and are slightly interested.

Able to break through the mysterious level before the age of twenty-four, in the Dawei Dynasty, he is considered a good genius, and Yu Wenfeng has entered the mysterious level two years ago, and his talent is no less than a lot. Ordinary Dawei Dynasty genius.

but.

It's just interested.

The twenty-four-year-old Xuan-level genius, in the Dawei Dynasty, although not bad, can only be regarded as the midstream, not the top.

What's more, what a genius really competes should be each other's combat power, not the superficial cultivation.

"It seems that this ancient Nandu ruins is really open, let's go too."

With the geniuses of the Five Kingdoms exploring the way ahead, the geniuses of the Dawei Dynasty also jumped up and swept toward the colorful light.

Among them, Hua Tiandu, Di Tianyi, and Leng Wushuang are the three great arrogances, flying in the forefront, and the rest of the great dynasty geniuses are all ranked behind, no one dares to overstep.

"Wow."

When the three of Di Tianyi, Leng Wushuang, and Hua Tiandu touched the colorful rainbow, the colorful rainbow seemed to separate on their own initiative, splitting a gap, allowing the three to enter.

Chapter 420

This scene immediately caused everyone to exclaim.

"What happened just now? Why didn't the three of Huatiandu take any action, and the colorful lights took the initiative to open a channel?"

"Yes, doesn't this colorful light know that the cultivation base of the three is extraordinary, so it automatically opened up a channel?"

"Impossible. The colorful lights are a barrier to the ancient southern capital. They will only test whether they meet the qualifications to enter the ancient southern capital. It is impossible to have any idea of opening the door."

All the people of the Five Kingdoms were dumbfounded, and didn't understand what happened.

Even Xiao Zhan and others were dumbfounded, knowing that in the hundred-year history of Gunan Capital's assessment, such a thing has never happened.

"What a three big arrogance, the use of true power is so extreme, it is no wonder that many geniuses of this powerful dynasty will be so in awe." Qin Chen nodded.

Among the Five Kingdoms, only he understood. It was not that the colorful light saw the three people automatically turn on, but the three of them released their own energy when they entered the colorful light, using true power to form an urgent destruction in front of the body. The invisible coercion of force turned on the colorful light and rushed into it under the sweep of coercion.

This is a very clever means of controlling true power, representing that the three people's comprehension of true power has reached a level of proficiency, able to display it at will, change arbitrarily, and without restriction.

Just looking at it from a distance, it has formed such a special effect that the people of the five countries thought it was the ancient southern capital, and took the initiative to open the channel, which was shocked.

therefore.

When the exclamation of the people of the Five Kingdoms came to the ears of many powerful people in this powerful dynasty, it suddenly seemed extremely funny.

"Hahaha, these people from the Five Kingdoms are so funny. It is clear that the young master of Emperor Heart used their true power to break through the colorful lights, but they thought it was Gunan who took the initiative to open the passage. It really is humble."

"I can't say that to them. These five countries are located in the middle of the mainland. They can be described as frogs at the bottom of the well. I don't know how big the sky is, and I can't understand the use of such advanced true power. It is also normal."

"Yes, we also have to hold a tolerant mentality for this class of people, and there can be no discrimination."

"Yes, yes, we are here this time, it can be regarded as giving them a long experience."

"Haha, hahaha!"

Many powerhouses in the Dawei Dynasty almost laughed, laughed one by one, and opened their mouths with yin and yang strangely. That kind of supremacy made people of the five nations feel ashamed and clenched their teeth.

boom!

At this time, in the Dawei Dynasty, a profound genius just came into contact with the colorful light, and suddenly let out a scream, an invisible force swept across his body, the whole person burst open suddenly and turned into blood mist, There is no bones left.

This scene immediately attracted the attention of everyone, especially the power that was there that day, the eyes condensed, and the eyes were frightened.

"Huh, this person is over twenty-four years old. Calculated by birth date, once he is over twenty-four years old, any genius who wants to enter the ancient southern capital will be twisted into nothingness by the power of this colorful light. law."

"In the dignified and powerful dynasty, there are disciples who want to be fooled. I really don't know what they think."

"Over twenty-four years old, and claiming to be a young genius? Think too much!"

I was ridiculed again and again, and my heart had long been suffocated. Finally, I had the opportunity to ridicule the other party. Many warriors of the five countries did not seize the opportunity, and they spoke one after another, and their words were full of ridicule.

"what are you saying?"

The powerful man who was there that day had cold eyes, and suddenly turned his head to look, his eyes burst with murderous intent.

The audience was silent for a moment, and the ridicule stopped abruptly.

"Untouchables are untouchables. Unless there is an agreement on the mainland, they are not allowed to slaughter people of the lower ranks. The old man is here today to slaughter all the untouchables of the five countries."

The old man drank coldly, with a strong threat in his tone.

"you....."

"hateful!"

People from the five nations on the field all clenched their fists in anger, but they dared not speak.

Although the opponent is arrogant, but with amazing strength, he really wants to get angry and kill a large area. Among the five countries, I am afraid that no one can stop the opponent.

Can only swallow.

At this time, there were already no fewer than hundreds of disciples who had entered the Seven Rainbow Light in Ancient Southern Capital.

"Let's go too."

On the high platform on the side of the Great Qi Kingdom, Qin Chen did not leave, and until then, they flew over.

Whoosh whoosh!

Among the many disciples of the Great Qi Kingdom, Qin Chen flew in the forefront, the first one to approach the Colorful Light.

"What kind of relic is this ancient southern capital? The colorful light in front of you is not the power of the formation, but it can identify the cultivation base and age of the martial artist, and what kind of power is it?"

Approaching the colorful light, Qin Chen didn't urge the true energy in his body, but wanted to carefully perceive the power in the colorful light.

boom!

But what he didn't expect was that without urging his true energy, his body slammed into the colorful lights, as if hitting a wall, and was blocked by the colorful lights.

On the other hand, the four princes Zhao Wei, Princess Zi Xun, Zhao Lingshan, Wang Qiming and others were really enraged on their bodies, breaking through the colorful lights and entering the ancient southern capital.

"puff!"

This sudden scene made many powerful dynasties who pay attention to Qin Chen almost laughed.

Immediately afterwards, one by one held their lower abdomen and laughed out loud, almost rolling on the ground.

What did they see? The young man who was angry at the young master of Emperor Xin and Zongzi Liuxian just now didn't even break the colorful light, and almost didn't break his head.

"Hahaha, this guy is called Qin Chen, he was so arrogant just now, I thought he was a character, but I didn't expect that even this ancient Nandu barrier could not be broken."

"Yeah, according to my observations, as long as the martial artist is above the heaven level, he can break through the colorful barrier. It's good for this guy to be directly blocked outside. Puff, is this a genius of the Five Kingdoms?"

"No way, I'm going to die, too funny, hahaha, the Five Nations didn't send this guy to come funny, right?"

The crowd exploded, everyone laughed, tears almost streaming down.

Even Di Tianyi and the others who had entered the colorful light first couldn't help turning their heads and frowning slightly.

what happened? Although the aura on Qin Chen's body is not very powerful, it has at least reached the late stage of the heavenly rank. According to observations, as long as the cultivation base reaches the heavenly rank under the age of 24, he can break through the colorful barrier. ...

All were confused and could not understand.

"Qin Chen..."

Zi Xun and Zhao Lingshan also hurriedly stopped and turned to look.

"It's okay, I just studied this colorful barrier."

Qin Chen smiled bitterly, and he didn't expect that this effect would be caused after reducing his true energy.

Qin Chen's words immediately drew laughter from many powerful men in the Dawei Dynasty.
