### [Chapter 4121: Shocked Gu Xu](#)

"Gu Xu, why is it you? What happened to you?" When several people in black saw this, their expressions suddenly sank, and the leader of them opened his eyes and burst into cold light.

Because Gu Xu obviously had serious injuries on his body, his aura was empty, and he had not recovered yet.

"Several people, I exposed." Elder Gu Xu said directly.

"What? What is going on?"

The cloaked men stood up suddenly.

Gu Xu, an elder of Heavenly Work, a top-level master of Earthly Master, is considered to be a top spy who sneaked into Heavenly Work for the Demon Race, a spy with a higher status than Elder Gu Xu, not there, but not many. .

They are the liaisons for the Mozu to place in the work of heaven. As the top power in the human race, the holy land of refining tools, the position of work of the heaven is extraordinary. The exposure of Gu Xu makes them not surprised.

boom!

These cloaked people suddenly looked around, for fear of what tail Gu Xu would bring.

"Everyone, I managed to escape. This matter is a long story..."

Elder Gu Xu immediately told what had happened to the work of heaven. After these people heard Qin Chen's name, their eyes burst into light.

"You said that Qin Chen saw you through?"

These demons masters were shocked. They are responsible for contacting the agents of Tiangong. In addition to getting some top-level resources from Tiangong for the new tasks assigned to them by the ancestors of Natural Abyss Demon a few years ago, they also need to pay attention to one person at all times, that is, a person named Qin. Dusty

child.

Although they didn't understand why Lord Mozu asked them to stare at a disciple of Tianzuo, they naturally did not dare to neglect the command of Mozu.

"This matter must be reported to Lord Demon Ancestor." Several demon masters said solemnly.

"That's right." One of the demon masters stared at Elder Gu Xu, "Are you sure no one is following you?"

Gu Xu nodded and said: "Don't worry, you guys, I'm very careful along the way, I will never..."

Before he finished his words, suddenly the space shook, and a majestic force came down, and everyone was shocked: "Who!"

"Of course it's me!?" A vast breath descended on the entire space. Boom, a figure directly tore through the space barrier, appeared in this space, and condensed into Qin Chen's body: "Unexpectedly, this present There is such a hidden space deep in the Yuan Chamber of Commerce,

Haha, Elder Gu Xu, long time no see. "

Qin Chen looked at Gu Xu with a smile.

"It's you, Qin Chen..."

Elder Gu Xu was shocked: "Could it be that the man who worked in heaven killed him?"

"You don't have to be nervous, I'm the only one."

Qin Chen sat down in the middle of this space with a smile, and looked at the few people on the court, he could feel that the strongest of these Demon Race people was only half a step Tianzun.

As long as there is no Tianzun, Qin Chen has no fear at all, and the average half-step Tianzun can bring him no threat in the slightest. "Huh, you're the only one?" The terrifying aura of the leading demon master instantly permeated, covering the entire Linyuan Chamber of Commerce. He suddenly realized that there was indeed only Qin Chen here, and there was no other master who worked in heaven. Was shocked

.

Qin Chen dared to break in alone?

"You can actually find my space!" The leader of the Demon Race master said coldly. He felt a huge threat and suddenly slashed it with a palm.

Qin Chen smiled slightly, played the Origin Supernatural Power, Tuantuan Origin Rules, trapped the opponent, and with a bang, the demon master suddenly stepped back two steps, his face changed.

"what?"

Elder Gu Xu is discolored, is this Qin Chen so strong? What is the confidence to break in alone? "You are Qin Chen? Good boy, no wonder you dare to break in. There are indeed two things, but you are the top most wanted criminal of my demons. As long as you catch you, I can get infinite benefits and rewards. Find no place

Time-consuming. "

The leader of the demon clan suddenly got a shock. He looked at Qin Chen's face and suddenly became enthusiastic. His eyes were sharp, as if he had caught a prey.

"Your strength is indeed not weak, but unfortunately, if you are outside, it may be difficult to take you down, blame it, you have to break into the territory of this seat and trap him."

The leader of the Demon Race screamed, woaaa, and suddenly, there was an astonishing whining sound from the depths of the entire space, and terrible lights rose up, covering the world.

"Kill! Kill him!"

Elder Gu Xu suddenly roared, rumbling, and the billowing power in his body rose.

It was Qin Chen in front of him that caused him to expose himself, and he was full of killing intent.

However, before he could finish his words, the whole voice dwindled, and he made a hoarse voice, like a drake pinched by his throat.

Qin Chen didn't know what was happening, he had disappeared out of thin air, reached his side, grabbed his throat with a big hand, and lifted him out of thin air.

This powerful top-level master of the earth is struggling with his legs in the air, constantly displaying various magical powers, but he cannot escape.

"No, it's impossible!"

Elder Gu Xu was terrified, because he found that the power in his body could not be activated at all, and a mysterious dark power blocked his power.

How can this be?

He was shocked. Although he was seriously injured, his injuries have recovered a bit these days. How could he be captured so easily? The speed Qin Chen showed now was far more terrifying than working in the Heavenly Work Camp before.

What shocked him even more was that the dark power in his body actually blocked his power.

"Could it be..."

Combined with Qin Chen's appearance here, a frightening possibility appeared in his mind.

"You are the one who saved me... No, that's not..."

"Haha." Qin Chen smiled suddenly, "Elder Gu Xu, are you pretty smart? Yes, I am the 'Elder Tianxing' who saved you."

Qin Chen said with a smile.

"Impossible, then why do you have the power of darkness..." Elder Gu Xu said in anger.

"The power of darkness?" Several masters of the Demon Race looked over in amazement.

"You don't need to know this, first put it away for this seat." The power of the venerable emerged from Qin Chen's body, enveloping Elder Gu Xu, and he was about to be included in the Chaos World.

"stop!"

Boom!

The leader of the demon clan roared, how could it be possible to watch Qin Chen subdue Elder Gu Xu, his voice carried arrogant power, and directly killed Qin Chen's body, an incomparable magic light penetrated through it.

"It's up to you!" Qin Chen didn't even turn his head. A piece of scale armor appeared in his body. It was really the black scale armor shield that was obtained in the Vientiane God Store, exuding a lawless breath.

boom! The attack of the leader of the demon clan hit the black scale armor, and the black scale armor moved a bit, and the quaint lines on it sent a strong divine light to protect Qin Chen from being invaded.

#### [Chapter 4122: Feathering Ascend Demon Fist](#)

"Even my shield can't be destroyed. It's a joke to want to prevent me from killing people." Qin Chen sneered and roared. In his body, a dark black hole appeared, and the billowing swallowing force swept Elder Gu Xu, Gu Xu. The elder roared in fright and tried to struggle, but he couldn't resist this terrible swallowing force, and was swallowed instantly.

It went in and disappeared.

"Next it is your turn."

Swallowing Elder Gu Xu in one fell swoop, Qin Chen did not stay, but flickered and appeared directly next to one of the men in black.

"Die me." Qin Chen stuck out his hand.

"Looking for death!" The black-clothed man of the demon race was an earth-sovereign master. His complexion changed wildly, and between his shaking hands, he shot out ten thousand magic lights, and the laws of the magic road shook and exploded in it, destroying a space.

But Qin Chen grabbed it with a big hand, flickering and twisting, a series of chaotic true dragon hills appeared, cutting the opponent's magic light to smash, and the magic way laws all collapsed and disintegrated. The chaotic true dragon energy did not exhaust, and penetrated this demon clan. Master's body.

Click, click!

The master of the demon clan let out a sharp scream, and was pinched to death by Qin Chen, unable to move.

A demon earth statue in the peak period, in the palm of Qin Chen's hand, was like a chicken, unable to move. The people watching such a scene were stunned and they were about to go crazy.

What kind of evildoer is this?

"The origin of the demons, explode to me."

The master of the Demon Race was horrified in his heart, and roared out loud. In his body, the billowing Demon Race's origin was surging crazily, trying to break free from Qin Chen's bondage, exploding himself and breaking free from Qin Chen's bondage. But how could Qin Chen give him a chance? The Qi of the Chaos True Dragon in his body gushed out, immediately enveloping him, and then severely suppressed the source of his body. Then, Qin Chen grabbed his hand and a \*\*\*\* hole appeared in his body.

The demon master sucked it in and disappeared.

Almost in the blink of an eye, Qin Chen even captured two masters. ? The other black-clothed people of the demon race who were present all stepped back and were shocked by Qin Chen's brutality. Some even had scalp numb, and there was an urge to escape, but there was a barrier in the void. Appeared and prevented them from tearing

Escape from the void.

The masses of barriers had the aura of chaos on them. They were barriers formed by the origin of chaos. After Qin Chen displayed them, the earthly deity couldn't escape at all. He could only catch turtles in his urn. "Damn it!" Seeing this scene, the leader of the Demon Race, with a spring thunder in his tongue, jumped up, his hands intertwined with complex handprints, a force that shook the world, bred in his hands: "I will let you see and see. , The supreme school of my feather demon clan, Yu

Huasheng Moquan! "

Boom!

Countless reckless demon air currents swirled around him, and at the same time, those air currents formed the appearance of the devil crane, the devil dragon, and the devil scorpion. The dragon roars for nine days and the dragons and cranes contend, all of which will ascend to the demon world and become the demon clan.

"Kill all for me, the devil will kill everything!" He blasted out with a punch, and the infinite demon aura suddenly came under pressure, and the whole person and the world became one. The rules of the demon world circulated on his head, forming an iron fist to control punishment and judgment , The remaining demon masters all roared, urging this Fang Da

Array, rumbling, magic power enveloped, the leader of the demons who united their power, all shot together.

"Kill, this is the stunning masterpiece of the Feather Demon Land Sovereign. It can penetrate the eternity, break the future, and the magic power comes to the world, unmatched!"

"Joined to kill him, broke into the secret space of my demons, and must not let him cast out alive."

"Feather Demon Land Sovereign is a half-step Heavenly Sovereign, invincible in the world. Together, we are a humanoid kid who can't escape and die. This person is the most wanted criminal of the ancestor of the deep demon. I captured him. Our race is among the demons. The status is bound to have amazing changes."

"Kill this evildoer and rescue the Mighty Demon Earth Lord and Heavenly Work Elder Gu Xu. They should be sealed in a mysterious space."

The remaining masters of the Demon Race screamed one after another, urging the big formation one by one, combining their own strength, and killing them. "Feathering Ascendant Fist? I will send you ascendant! The power of chaos, the air of the true dragon! The supreme sword river!" Qin Chen faced the demon leader's half-step Tianzun's prestige, and suddenly his body fell. Flash, dragon scales appeared on his body, like a real dragon descending

The primordial aura was permeated, and a series of sword auras appeared all over him, turning into a vast river of sword power, striding towards this demon prince, like a king over the world.

How terrible is the power of the true dragon?

At this moment, no one can describe the damage caused by Qin Chen's blow.

Wow!

The supreme sword river swept!

The demon clan leader's feathering demon fist, an inch of explosion, the demon energy was blasted backwards, turned into a ball of rules itself, the robe on the body was turned into ashes, the demon energy swept into the river of sword energy Among.

Before Qin Chen's power bombarded his body, his aura evaporated his robes of human respect to the world, causing him to reveal a thick demon body covered by black magic feathers.

"True Dragon Sword Qi? Who are you?" Yu Mo Di Zun, this world-famous figure, finally showed fear. His body began to explode during the devilish backlash, even the texture of the magic feather on his skin. , All began to collapse one by one, the eyes, nose, and mouth were all showing the magic blood, Qiqiao flowed

Blood is not what it looks like.

His devil feathers also burned, turning into a bald body, and the whole person did not have the previous sullen demon temperament.

"True Dragon Sword River!"

Qin Chen's supreme sword river finally descended on him.

There is no language to describe, nor does he have any assassin that can withstand the power of True Dragon Sword River.

His body was cut into countless wounds in an instant, blood dripping and banging, the whole person was almost strangled to pieces.

Just a blow!

Qin Chen shot out the True Dragon Jianhe, and he cultivated the impossibility into a half-step Celestial Power. This time, the leader of the Feather Demon Clan joined with Elder Gu Xu, cut into a black chicken, dripping with blood. The body without the skin will be twisted into nothingness.

True Dragon Jianhe, even if it is a true Tianzun, I am afraid that he will have to be afraid.

No one can imagine how tragic this scene is. The remaining black-clothed people of the Demon Race were stunned and couldn't believe their eyes. They knew the horror of the Feather Demon Earth Lord, half-step Tianzun's great power, Tianzun was not born, almost the pinnacle of combat power, and He will soon be able to cultivate

The true Tianzun in the legend. The Feather Demon Race is a fairly powerful race among the Demon Races, with a strong foundation. The Feathering Demon Fist is an inexperienced masterpiece. It is understood by the ancient demon of the Feather Demon Race. Coming out, like the devil's Tianjiao ascending to the devil world, with the supreme demon power, all things will surrender under that demon power and dare not move.

#### [Chapter 4123: Still not kneel down](#)

However, at this moment in front of Qin Chen, this unique school was almost like a child's play. It was instantly defeated, and even the aftermath was not left.

The remaining demons masters were shocked and stunned at first, and in the next moment, all of them screamed hysterically, completely losing confidence in themselves.

Also, facing a punch can strangle the Feather Demon Earth Sovereign, the Half Step Heaven Sovereign, into nothingness, how they are not surprised, how can they not be shocked.

Elder Gu Xu was imprisoned in the Chaos World by Qin Chen at this moment, and he could also see this scene from the outside world. His eyes were dull. The terrifying aftermath did not involve him, but he deeply felt the blow. terrible.

"how is this possible?"

He roared in his heart, Qin Chen's strength now displayed was much more terrifying than when he was in the Heavenly Work Camp. How could it be so terrifying?

"Qin Chen, what kind of martial arts are you! Longwei? Why do you have Longwei in your human race? I'm not reconciled! Absolutely not reconciled! Flesh derived, exalted magic pill! Reunited flesh!" He was almost strangled to pieces The unwilling voice of Yu Demon Dizun roared and shook. At the same time, a black pill appeared on his body. This pill was shaped like a demon \*\*\*\* and exuded a terrifying magic power like a demon god.

It is a venerable magic pill.

"Fresh Rebirth Demon Pill?" Qin Chen realized the efficacy of this pill when he saw it. According to rumors, it was a terrifying pill condensed from the blood demon flower, a top elixir of the Demon Race. , Contains the supreme magic power, can inspire the original blood qi, blood

The flesh is reborn, the will is reunited. "Huh! I want to take the magic pill to reconcile the physical body and restore it to the peak state. How is it possible? I won't give you this opportunity. This exalted demon pill also has some effects on me. Bring it to me, magic

The sand of the spirit. "This kind of flesh and blood rebirth magic pill has extraordinary power, can activate the potential of flesh and blood, and stimulate the original source. It can not only be used to treat injuries, but also can be used in breakthroughs. It can make Half-step Tianzun's physical body more terrifying, and the success rate of impacting Tianzun is even higher. High, this shows

However, it was prepared by the other party to break through the realm of Heavenly Sovereign, any one is extremely precious.

The vast demon sand swept out, instantly enveloping the feather demon earth, the demon sand turned into a river of demon patriarchs, and immediately imprisoned the feather demon earth, and gave the flesh and blood rebirth magic pill in his hand. Suddenly crowded out.

As soon as Qin Chen moved, the magic pill exuding powerful medicinal power reached his hand, and with a shake of his right hand, this magic pill had already entered the chaotic world.

"What? Demon Sands, you...you...you..."

After being robbed of the flesh and blood rebirth demon pill, that Demon Land Lord looked furious and completely violent, but at the same time looked at Qin Chen in shock, unbelievable that Qin Chen could display the sand of the devil.

"I remember, the true dragon clan...Long Chen, are you that Long Chen?!"

The body of Yu Mo Dizun trembled, and suddenly thought of a possibility, his whole body trembled. Because, the sand of the demon is very cherished, and at the same time it is the core treasure of the demon. It has never been heard that humans can be urged, but just recently, it is rumored that a true dragon master, Long Chen, has entered the Vientiane God's Treasury. From the Deep Soul Land of the Deep Demon Race

Zun took away the sand of the devil and was able to spur it.

And this Long Chen, it was a shocking event on the Ten Thousand Clan battlefield not long ago, and even killed the top powerhouse of Molten Flame Heaven.

Now, seeing Qin Chen displaying the sand of the devil, and seeing the dragon scales appearing on Qin Chen's body, and the mighty power of the true dragon, Venerable Yu Devil Land was shocked and angry. What monster?

"Ah, fight it."

He roared, his eyes were blood-red, and an original burning breath was conveyed from his body, which was crazy and dangerous.

boom!

In an instant, he was reborn again, and his beheaded \*\*\*\* body condensed at once and turned into a devilish qi soaring into the sky, wearing a robe of the demon god, majestic and invincible, and gazing at the sky.

"The feather demon ascends to heaven, ten thousand demons make a pilgrimage, the demon world is shaking, the gods and demons bow their heads!"

The avatar of the Demon Feather Demon became the demon master of the world, punched again, and rolled out, all around him, a phantom of ten thousand demons appeared, and he actually made a pilgrimage to him. At the same time, a \*\*\*\* and demon also lowered noble beside him. Head.

Under this fist, the space oscillated, and the magic array that wrapped the entire space was driven, turning into a core force, as if it could penetrate the universe, and blasted towards Qin Chen.

At the same time, this Demon Land Sovereign shook his body, and while blasting this life-long punch, he turned around and left, actually trying to escape from here.

Because he suspected that Qin Chen was an existence he could not provoke at all.

"Huh!?" Qin Chen stayed still, covered with a layer of pitch black armor, and stepped forward: "I want to work hard. You probably guessed the identity of this seat. You think this seat will give you desperately. Will give you a chance to escape? Kneel down and completely surrender to me

, Otherwise, I will destroy you, even being a ghost is impossible. "

While talking, Qin Chen urged the true dragon sword aura, and the endless stream of chaotic sword aura turned into a sky-reaching giant sword, and the fist aimed at Yu Devil Landsun fell.

Boom!

Qin Chen's whole body was full of spirits, the wind and clouds rotated outside his body, and the universe derives from his body. He descended into the world like a heavenly god, with the chaotic aura soaring to the sky, and he actually had a somewhat terrifying taste of the mighty power of heaven.

Click! Click!

But Yu Demon Di Zun's unique move was suddenly smashed by the true dragon sword aura. The whole person was bound by this void, unable to move, and knelt down a little bit, but he still refused to kneel. In a desperate fight.

"Don't kneel down yet?"

Qin Chen strode forward, with a sneer on his face, showing a repressive trend. With dragons and tigers stepping, countless spaces appeared around his body, flashing lights and lights, and he flipped it with his big hands, turning into an invisible chaotic air, and the cover was pressed against the feather demon. The body of the Earth Zun.

boom!

Yu Mo Di Zun knelt on the spot, the ground shook the mountain, a half-step Tian Zun Qi loves you to follow, just like this, kneeling in front of Qin Chen, humiliated, his eyes of hatred, fixed on Qin Chen, full of infinity Hatred.

With a big hand, Qin Chen grabbed the body of the Lord Yu Demon, the billowing true dragon sword aura caused the Lord Yu Demon to scream on the spot.

"Qin Chen, if you kill me, the Demon Race will retaliate against you, Lord Demon Ancestor will come to kill you personally, and the work of the day will not save you." Yu Demon Dizun shouted. "Huh, the ancestor of the Abyss Demon? It seems that it hasn't been done before, but I won't kill you first, you can keep it." Qin Chen grabbed it, and a dark black hole appeared in his body immediately. The Demon Land Sovereign swallowed in abruptly, and income into the Chaos World.

[Chapter 4124: Soul seal](#)

The invincible Feather Demon Land Sovereign, the half-step Heavenly Sovereign might have been abolished in this way, Qin Chen now sealed him, and later he will inquire about everything he wants to know from him.

Now that Qianxue and the others are working in heaven, Qin Chen has to consider their safety. There are too many spies during their work in heaven. How can Qin Chen feel relieved if he is not there?

Moreover, this is also a great gift Qin Chen prepared for Tian Zun Shen Gong Tian Zun.

"Wait for me to pack everything here and to torture this Demon Demon Yu carefully. He should be the leader of this group of connected people. He should know some secrets in the heavenly work."? Sealed the Demon Yu Demon, Qin Chen Mengyi Turning around, facing the remaining few trembling Mozu powerhouses, he smiled slightly: "Everyone, do you surrender yourself or let me do it? Of course, if you let me do it, I will take you

We swallowed up like Feather Demon Earth Lord, first let you endure endless pain, and then let you surrender. "

"You! Who are you?"

"Devil, you are a devil!"

Several demons were trembling with anger. "Hahaha, demon? I'm very happy to be called a demon by your demons." Qin Chen's eyes were cold, and he was never merciful to the enemy. "As for my identity, haven't you guessed it? That's right, I Long Chen

. "Hearing Qin Chen's self-declaration of his identity, those Demon Race Masters were inexplicably horrified. The devil, it is really this devil. This is a terrifying demon that even Lord Molten Flame Heavenly Master can swallow. The battlefield is uploaded, they are like

Why don't you know.

One of the demon masters looked horrified and roared: "Let's rush out!"

boom!

As soon as his voice fell, the whole person was suddenly distorted by a punch, his bones shattered, falling to the ground like a rag bag, his flesh squirming, and even the origin of the earthly statue was almost shattered by the blow.

It is simply not clear how Qin Chen made the move.

"Swallow it for me." Qin Chen raised his hand and swallowed the demon earth respecter again, fierce and suffocating.

Elder Gu Xu and the others in the Chaos World saw this scene, couldn't help their legs trembling, almost incontinent, they could scare a top earthly master into this, showing how cruel the shock Qin Chen gave him.

Puff!

A Demon Race Earth Sovereign knelt down, and Elder Gu Xu knew him, he was called the Evil Yuan Earth Sovereign, and he was a strong man of the Evil Demon Race, and he was also a deputy commander here, the pinnacle Earth Sovereign master.

But now, he actually knelt down.

"Forgive me, Qin Chen ancestor, forgive me, I have worked so hard to cultivate to the earthly respect. It is not easy, so please forgive me. I am willing to be your slave and sign an eternal contract forever." He pleaded bitterly. .

"Evil Demon, what are you doing?"

Several other demon masters roared.

"Hahaha, yes, the person who knows the current affairs is a good man, and if you sign a contract with you, forget it, but since you surrender and surrender, then I will not kill you. Let's enter the small world of this seat first."

As soon as Qin Chen raised his head, the terrifying black hole swallowed power. This evil demon earth-sover didn't dare to resist, and was instantly swallowed and sealed by Qin Chen.

"Haha, this evil demon earth respect has taken refuge in this seat, how about you!"

Qin Chen turned around and said lightly to the remaining four demons.

"If you want us to be your slaves, never reconciled. If you fight, you will blow yourself up!"

At the moment, a master of the Demon Race Earth Sovereign roared wildly, his whole body swelled, and he exploded unexpectedly, charging towards Qin Chen. "Want to explode? Where is it so easy, if I want you to die, you will die, if you want you to live, you must live!" Qin Chen grabbed it with one hand, and the terrifying palm of his hand kept expanding, and the power of the Primal Chaos was tight. Tightly bound, actually oppress the opponent's blew

Going down, grasping on the palm of your hand.

"Ah! I can't control my own life and death." This demon earth respect is going crazy.

"I don't bother to talk with you!"

Qin Chen waved his hand again, and the remaining three people, all imprisoned, screamed one by one, and were instantly sucked into the chaotic world by Qin Chen.

"Finally resolved. Fortunately, I didn't disturb the other people." Qin Chen glanced at the empty hidden space, his spiritual power filled out, and found that no one in the Linyuan Chamber of Commerce had noticed anything here. Qin started the battle. Chen used his own chaotic origin to block this space, resulting in nothing

People noticed.

In the next moment, Qin Chen's figure shook and disappeared.

In the chaotic world.

Qin Chen appeared suddenly.

"where is this place?"

As soon as Qin Chen appeared here, Elder Gu Xu, Yu Mo Di Zun and others appeared in front of Qin Chen, frightened one by one.

Because they feel that they and the universe have lost their perception, as if they have entered a whole new world.

"You don't need to know what place is here, you just need to know, from now on, if I want you to live, you can live, and if I want you to die, you must die."

Qin Chen said coldly.

"Don't think about it."

Feather Demon Landsun roared, but before his roar was over, he was severely pressed on the ground by a force. Well, a terrible flame appeared in his body, instantly burning his flesh.

"Ah!" Yu Demon Dizun let out a stern scream, and there was a sharp pain in his soul, like being cut by thousands of swords. This kind of pain made him crazy, and Qin Chen stepped forward. In front of him, he said coldly: "Remember, the reason why you are still alive

, Because I still want you to live, otherwise, I will make you unable to survive or die. "

The other demons were terrified, and Elder Gu Xu shivered.

"Kid Qin Chen, just a bunch of ants, what do you bring back for? He also called my ancestor over, do you want him to fight his teeth?"

At this moment, a quack of excitement sounded, and rumbling, the Blood River Saint Ancestor and the Great Desolate Ancestral Dragon appeared at the same time and descended.

The wild atmosphere of the origin of the universe made Elder Gu Xu and the others terrified.

What kind of monster is that?

A real dragon covering the sky appeared, and beside him was a \*\*\*\* shadow that reached the sky, towering majestically and standing upright on the ground. The breath was terrifying, more terrifying than any strong man they had ever seen.

"These guys, I still have use. The reason why I called you over is because I sensed that there is a terrible seal in their bodies, and I want to use your hands to break this seal."

"seal?"

Honghuang Ancestral Dragon looked over attentively, "Hey, really, deep in their souls, there is a horrible aura dormant. No wonder you didn't directly enslave them. Once this horrible aura is disturbed, these guys are afraid that they will immediately disappear." This is why Qin Chen did not directly enslave him.

[Chapter 4125: Magic soul curse](#)

Qin Chen knew that they had special powers inside them. This kind of power was very terrifying, and direct enslavement would directly trigger backlash, causing them to fly away.

Even Elder Gu Xu also had this power in his body. Otherwise, Qin Chen would have enslaved Elder Gu Xu long ago, and asked him about everything about the spies of Heaven and the Demon Race.

At the realm of the venerable, the source has already transcended the heavenly realm of the heavens, and it is not so easy to enslave.

"My lord, let me have a look." The blood river ancestor stepped forward, and a \*\*\*\* power instantly filled the bodies of several people. After a while, the blood river ancestor narrowed his eyes and said: "My lord, their bodies There should be more than one force, but the fusion of two weird forces. This

Although the power is not much, it is extremely terrifying. It is deeply imprinted in the depths of their souls and combined with their destiny. It is a means of prohibition, and it is not trivial. Moreover, this power should come from the demons. "

"By the way, kid Qin Chen, isn't the Deep Demon Clan guy also there? Maybe he knows something." Honghuang Zulong said suddenly.

Qin Chen's heart moved, yes, the Lord of Yuanmo might know something, and immediately, Qin Chen waved his right hand, and suddenly, the Lord of Yuanmo appeared here out of thin air.

"Master." The Lord of Yuanmo knelt down to Qin Chen with a respectful look.

"This... what a strong Abyss Demon Clan aura?"

Feeling the strength of the master of the Abyss, Yu Demon Landsun was going crazy, what did he see, a master of the Abyss, calling Qin Chen the master?

"Lord of the Abyss, you are the heir of the Abyss, and you know many secrets of the Abyss, so take a look at the restrictions in the souls of these people." Qin Chen said.

"Yes, Master." The Lord of Abyss Demon stepped forward.

Heir of the Deep Demon Race? Lord of the Abyss?

Suddenly, Yu Demon Di Zun seemed to think of something? The look was shocked: "You are the Lord of the Abyssal Demon Race? How could it be possible that you are already dead?"

The Lord of the Abyss is the son of the current leader of the Demon Race, the ancestor of the Abyss. Rumor has it that he has fallen many years ago. How could he appear here and become Qin Chen's servant?

If this spreads out, the entire demons will cause a sensation. The Lord of the Abyssal Demon didn't speak, and a wave of Abyssal Demon's power quickly merged into the bodies of these people. After a while, he raised his head and said: "Master, these people have the top-level restrictions of my Abyssal Demon Clan. The soul curse, the person who was planted the soul curse

, Unable to betray the demons, once any secret is revealed, the soul will instantly disappear, and the gods and demons will be hard to save. "

"Devil Soul Curse? Is it possible to crack it?" Qin Chen frowned. "The magic soul curse, ordinary people can't plant it at all. Only by using my demon clan holy weapon, the demon soul source device, can it be planted, and it is a terrifying power that can be planted by a supreme master. If the subordinates are in their heyday, there may be a trace of it. The possibility of cracking,

But now... the Demon Soul Source Tool is the Demon Clan's sacred tool, and the subordinates cannot disobey its power. "

The Lord of Abyss Demon shook his head, and suddenly he was taken aback.

"wrong!"

The Lord of Abyss Demon looked at the Demon Tree of Ten Thousand Realms, "If the Demon Tree of Ten Thousand Realms helps, maybe there is such a possibility."

The Demon Soul Source Artifact is a sacred weapon of the Demon Race, but the Ten Thousand Realm Demon Tree is the ancestor tree of the Demon Race. With the Ten Thousand Realm Demon Tree, perhaps the power of the Demon Soul Origin Tool can be restrained.

Immediately, Qin Chen brought the Feather Demon Earth Lord and others to the Ten Thousand Realms Demon Tree in an instant.

"boom!"

At the reminder of the Lord of the Abyss, Qin Chen urged the Demon Tree of the Ten Thousand Realms, and the power of the Demon Tree of the Thousand Realms immediately enveloped these masters of the Demon Race.

At the same time, the right hand of the Lord of the Abyss had already suppressed the head of one of the demons.

"Two seniors, please help me." The Lord of Abyss Demon said, and immediately the Primordial Ancestor Dragon and Blood River Saint Ancestor exuded two chaotic auras, which enveloped the demon earth respect.

"Do not....."

The eye pupils of this Demon Race Earth Sovereign showed horror.

Hum!

In the body of the Lord of the Abyss, an invisible force permeated out, and instantly entered the body of the demon earthly master.

"what!"

Suddenly, terrible soul lights lit up on this demon earth venerable. The master of the abyss had serious eyes, and the power of the soul in his body had penetrated into the soul sea of the earth vengeance, preparing to leave his own. brand. But at the moment when the power of the soul of the Lord of the Abyss entered the soul sea of the opponent, suddenly, a dark forbidden rune appeared in his soul sea, and the forbidden rune exuded an endless terrifying breath. Start resisting the abyss

The power of the lord.

"Hmph, Ten Thousand Realms Demon Tree, the power of the Abyss Demon, break it." The Lord of the Abyss shouted angrily. With the blessing of the Primordial Ancestral Dragon, the Holy Ancestor of the Blood River, and the Ten Thousand Realms Demon Tree, the power in his soul was a little bit. The suppression of this pitch black ban, suddenly, this pitch black ban was suppressed a little bit, and the power in it was suppressed by the Abyss Demon.

The master of decomposition.

"Successful?" Qin Chen's heart moved, his eyes revealed.

Seeing that this pitch black prohibition was about to be suppressed a little bit, before Qin Chen breathed a sigh of relief, suddenly, a strange dark force rose during the pitch black prohibition, and he was about to immediately counterattack the Lord of the Abyss.

Boom!

This power of darkness was very terrifying, as strong as the Lord of Abyss Demon, and could not resist it for a while, but was approached by this power of darkness a little bit, and actually wanted to enter his soul.

"The power of darkness?"

Qin Chen was shocked. He shook his body and appeared directly next to the Lord of Abyss Demon. With a cold snort, his right hand was pressed against the head of the Demon Clan's Earth Venerable, which also represented the dark power of the Dark Royal Clan. Qin Chen's power instantly arrived.

Block.

This dark power was resisted, and he obviously knew that he could not defeat the master of the abyss demon, and instantly reintegrated with the power of the forbidden abyss demon clan, and penetrated into the soul sea of this demon earth venerable.

next moment.

boom!

The Demon Race Earth Lord screamed, and his soul sea exploded and shattered on the spot.

Suddenly this person's soul flew away, and the origin began to collapse.

"died?"

Qin Chen's eyes were cold, showing cold light. These spies really contain terrible prohibitions. Once these guys are enslaved by external forces and cannot resist, they will explode on their own, causing the spirits of these demons to fly away. This is obviously for these guys.

It is impossible to tell the secrets in their hearts.

"hateful."

Qin Chen knew that there would be such a result for a long time, and deliberately ingested these people into the chaotic world for enslavement. Unexpectedly, the result was still the same.

"the host."

The Lord of the Abyss looked at Qin Chen with a solemn expression: "This is not an ordinary Demon Soul Curse. The power of darkness is also incorporated into it. The two powers are perfectly integrated, so..." The Lord of the Abyss was worried because of him. Did not complete Qin Chen's mission.

#### [Chapter 4126: I cooperate](#)

"It's okay, this guy's origin, you put it away first and use it with your body."

Qin Chen hummed coldly, without the slightest anger, because he had predicted the result earlier, "If one fails, then the next one. I don't believe it. With a few of us, we can't suppress this little magic soul curse. ."

Qin Chen also knew that if this Demon Soul Curse were so easy to solve, then the spies of the Demon Race could not hide so deeply.

"Thank you, Master."

The Lord of Abyss Demon even said.

"Take a short break and try the next one right away. There are six more for us to try."

Qin Chen looked at the remaining five Demon Race Earth Sovereign and Gu Xu Earth Sovereign, and suddenly these five Demon Race Earth Sovereign and Gu Xu Earth Sovereign were terrified.

Devil, this guy is really a devil.

To use them as a test to crack the magic soul curse in their souls is simply inhumane.

While the Lord of Abyss Demon was resting, Qin Chen, Honghuang Ancestral Dragon and Saint Ancestor of the Blood River were analyzing the magic soul curse between them.

Although the previous cracking failed, Qin Chen and the others also had some understanding of the Demon Soul Curse, and they knew a certain operating principle. With the strength of the Primordial Ancestor Dragon and Blood River Saint Ancestor, they could naturally see some clues. "This magic soul curse should be embedded in the soul and perfectly integrated with the soul sea of these demons. When it destroys itself, it can crush the soul of the parasite, and then cause the entire soul sea to collapse. If it is, we can

At the time of its destruction, protecting the soul sea of the demon veteran might be able to prevent the effect of this demon soul curse. "

After discussing for a long time, Honghuang Zulong and Blood River Saint Ancestor came up with a method.

"Okay, then try again."

Qin Chen lifted his hand, and immediately another Demon Clan's Earth Venerable was picked up by Qin Chen.

"No, please, let me go, I don't want to die." This Demon Race Earth Sovereign was terrified. As an Earth Sovereign master, according to the truth, they should not be so afraid of death, but Qin Chen did this. The method of the experiment will inevitably make them terrified. They are like fish on the cutting board, and Qin Chen

They are the chefs, thinking about how to cut the dishes.

The dignified Demon Race Earth Sovereign, no matter where it is, is a prestigious existence, but now, everyone is terrified.

But how could Qin Chen give the opponent a chance to survive? Without waiting for the opponent to speak, the chaos world spurred him, and a chaotic origin enveloped the opponent, and Qin Chen's soul power had already penetrated in again.

This time, Qin Chen urged the power of the rules of the chaos world to the extreme, using the power of control in the chaos world to limit the soul sea of the demon earth respect.

As Qin Chen and the others started, the power of the Demon Soul Curse rose in the mind of this Demon Race Earth Sovereign. After sensing an invasion, the Demon Soul Curse also burst out for the first time.

"Suppression!"

Qin Chen yelled coldly. The power of the Ten Thousand Worlds Demon Tree and the Chaos World infiltrated at the same time, and then the soul power of Qin Chen and the Lord of Yuanmos. Suddenly, the power of the two combined with the power of the magic soul generator and the power of darkness. Collide together.

Boom!

The two terrifying forces collided, and at this time, the power of the blood river ancestor and the prehistoric ancestor dragon quickly entered the soul sea of this demon earth vener, trying to protect the soul origin of this demon earth vener.

After discovering that the power of the demon soul source device and the power of darkness were unable to counteract Qin Chen and the master of Yuan Demon, they immediately withdrew to detonate the soul origin of the demon clan earth venerable.

"Stop him."

Qin Chen yelled, the power of darkness and the power of soul surged, and the Lord of the Abyss also urged his own power of the deep demon, and immediately consumed the power of the magic soul and darkness little by little. At the same time, the great ancestor dragon and The Blood River Saint Ancestor also blocked it. However, the power of this magic soul curse was too weird. Under the front and back flanking, it was still allowed to withdraw from the soul source, only to consume half of its power, and the remaining power of the magic soul curse entered the magic once again. The soul of the tribe

Detonate directly after the source.

boom!

The sea of souls of this demon earth zun was surging, and his soul flew away and died on the spot.

"Damn it, failed again."

Qin Chen's eyes were cold.

Two are already dead.

"Come again, I don't believe it anymore."

Qin Chenhan said.

The Great Ancestral Dragon, the Saint Ancestor of the Blood River, and the Lord of Abyss Demon also had ugly faces. With so many of them working together, they still failed, and their faces suddenly became a little uncomfortable.

But they can't be blamed.

Because this Demon Soul Curse took the upper hand, it was already dormant in the origin of the opponent's soul sea, but what Qin Chen and the others did was to disintegrate from the outside, and the difficulty was naturally extraordinary.

Moreover, what Qin Chen and the others had to do was not only to break the demon soul curse, but also to protect the soul origin of the demon clan, the difficulty was increased ten times, more than a hundred times.

The third Demon Earth Zun was pulled over, his face was already desperate. This time, Qin Chen even urged the origin of the Chaos Qinglian Fire and Thunder, trying to stop the power of the magic soul curse. The power of Thunder within Qin Chen's body has a special suppression of the power of darkness, and the Chaos Qinglian Fire is even more powerful. Incomparably, this time they almost

The power of the Demon Soul Curse was destroyed, but in the end, a trace of the power of the Demon Soul Curse was returned to the origin of the soul, and the soul of the Demon Race Earth Venerable was scattered on the spot, and once again died.

It failed again.

"Come again."

After resting for a while, Qin Chen said again that he didn't believe in evil anymore.

The fourth demon earth zun was taken by him.

"I said, what do you want to know, I will tell you directly, don't search for my soul, you must want to know the spies of Tianjiao, I know some here, let me tell you, Tianjiao camp has two spies. Yes....."

This Demon Race Earth Sovereign was terrified and stunned. Before Qin Chen suppressed his Demon Soul Curse, he wanted to say what he knew, but he hadn't said a word yet.

suddenly.

His expression was dull, and his whole person collapsed to the ground instantly, losing his breath.

At the moment he was about to tell the secret, the Demon Soul Curse in his soul sea was directly detonated, and his soul was scattered on the spot.

Qin Chen's face was ugly, this guy was really useless, didn't he know that even if he didn't search for his soul, this magic soul curse would never allow them to tell any secrets?

It is impossible for Qin Chen to get any news before solving the Devil Soul Curse.

At this moment, only Elder Gu Xu, Feather Demon Earth Venerable, and Evil Demon Earth Venerable were left on the field, and their expressions were all frightened and trembling.

"Next, it's you."

Qin Chen raised his hand, and the Evil Demon Land Sovereign was captured in an instant.

"No, don't kill me, I'm willing to surrender you." The evil demon elder said in a panic. He had already taken refuge in Qin Chen before, so why should he suffer such a crime.

"It's not impossible to survive. As long as you can protect your soul sea, as long as you cooperate, it may not be impossible."

Qin Chen warned.

"Cooperate, I cooperate."

This demonic earthly respect nodded repeatedly, just like a quail, and at the same time, a trace of determination flashed in his eyes, and he tried to survive.

boom! Qin Chen took a deep breath and shot again, the power of the terrifying soul directly penetrated into the opponent's mind.

[Chapter 4127: Successfully lifted](#)

Rumble!

Qin Chen's soul power swept down like an ocean. This time, he did not act rashly, but gradually began to disperse his soul power into the opponent's soul sea.

Lurking in the Soul Sea, but it did not immediately erupt.

Of course, in order to prevent the Demon Soul Curse at the origin of the soul from discovering clues, Qin Chen infiltrated the power of the Ten Thousand Realm Demon Tree into the body of this evil demon earthly master.

Is growing his soul.

That's right.

What Qin Chen is doing now is actually to let this evil demon earth respect absorb the power of the Devil Tree of Ten Thousand Realms, and let him increase his soul power. In the process of upgrading, gradually the power of the Demon Tree of Ten Thousand Realms has entered. All corners of his soul sea.

And this Ten Thousand Worlds Demon Tree has been controlled by Qin Chen, and it is natural that Qin Chen's soul power can quietly enter every corner of the soul sea of this evil demon.

During the whole process, Qin Chen was cautious and used the power of the rules in the chaos world to deceive, so that the magic soul curse in the soul source did not perceive that there was actually a force that had quietly entered the soul sea of the evil demon earth. And when the soul power of the Ten Thousand Realms Devil Tree and Qin Chen completely entered the soul sea, Qin Chen cast a wink at the Lord of the Abyss, and the Lord of the Abyss instantly moved his soul power into the soul. The soul sea of the evil demon,

Began to slowly approach the soul origin of the evil demon Earth Zun.

The body of the evil demon Dizun froze instantly, and cold sweat came out of his forehead.

The whole person is extremely nervous.

This is a matter of life and death.

boom! When the power of the soul of the Lord of the Abyss was about to approach the origin of the soul of the Evil Demon Earthzun, the Demon Soul Curse was finally activated, and a black soul restraint rose up in an instant. This black restraint exuded a cold aura and directly attacked the soul of the evil demon. the Lord

Soul power.

"Do it."

Qin Chen suddenly yelled.

Suddenly, a terrifying chaotic green lotus power surged out, booming, flames blooming, and instantly descended on the soul sea of the Evil Demon Earth Sovereign. Immediately afterwards, countless thunder powers surged out, crackling, and thunder light surged.

And the Primordial Ancestor Dragon and Blood River Saint Ancestor also moved, the power of the rolling blood enveloping the evil demon Earth Zun, the terrifying soul power of the Primordial Ancestor Dragon came, sealing the soul sea.

The combination of many powers instantly prevented the power of the magic soul curse from the soul source.

Boom!

Feeling something wrong with the Demon Soul Curse, he immediately backed away, trying to return to the soul's origin, causing the soul to explode, but Qin Chen's eyes were cold, the power of thunder surged wildly, combined with the power of darkness, and it confronted the Demon Curse. This time, Qin Chen had previous experience. The power of the billowing thunder continued to consume the power of the dark power, while the chaotic green lotus fire prevented the demon soul curse from returning, while the prehistoric ancestor dragon and the blood river saint ancestor consumed the demon soul. The power of the curse, as for Qin Chen

The power of one's own soul and the power of the Ten Thousand Realms Demon Tree protect the soul origin of the evil demon earth.

Everyone is extremely crazy, and the evil spirit respects himself to protect himself.

Everyone joins forces.

at last.

The power in the magic soul curse was weakening a little bit, and disappeared at the moment when he was about to return to the soul of the evil spirit earth.

call!

Everyone heaved a sigh of relief, almost limp there.

"Successful."

Qin Chen's eyes were filled with surprise, and the whole person was extremely cheerful.

And the evil demon Earth Zun was completely limp there, dripping with cold sweat.

He survived.

At this time, the power of the Demon Soul Curse had completely disappeared from the soul origin of the Evil Demon Earth Lord.

"Next, it will be the Feather Demon Earth Lord."

Qin Chen looked at the frightened Yu Devil Earth Lord, with a hint of coldness in his eyes: "Want to live or die, it's all up to you."

Yu Mo Dizun's face changed and he said nothing.

After resting for a while, Qin Chen took the photo of Feather Demon Earth Zun.

"It seems that you are ready."

Qin Chen smiled slightly. He already knows the choice of Feather Demon Earth Lord. If this Feather Demon Earth Lord wants to die, as long as he deliberately tells some secrets he knows, the Demon Soul Curse in his body will immediately burst, even in this chaotic world. Qin Chen couldn't stop

The eruption of the magic soul curse.

But this Demon Land Lord did not do this, obviously, he wanted to live.

Can live, who wants to die? The ants still survive, let alone a half-step Tianzun.

Boom!

The Demon Soul Curse in the soul of this Demon Land Sovereign is more terrifying, but with so much experience before, Qin Chen is even more familiar this time.

A few hours later, the Demon Soul Curse in Yu Devil Earth Venerable was completely decomposed by Qin Chen and the others, and absorbed into his own body.

Finally, it is Elder Gu Xu.

Elder Gu Xu actually had a Demon Soul Curse in his body, which made Qin Chen think about the spies of Heaven's work.

The Demon Soul Curse disappeared, and the three of them looked at Qin Chen in horror, wondering what Qin Chen would do with him.

"Lord of the deep demon, these two demon races, you are enslaved, as for the elder Gu Xu, the saint ancestor of the blood river, you control it!"

Qin Chen said. The realm of the venerable is extremely difficult to enslave. If you want to enslave others, it will consume the soul source, and there are too many enslaved people, and the soul of the other party will also bring some interference to himself. Therefore, unless necessary, Qin Chen will not easily Enslave him

People, at most, use the Magic Tree of Ten Thousand Worlds to manipulate other people.

Like a member of the Demon Race, Qin Chen would only let his subordinates enslaved him.

The Lord of Abyss Demon obeyed his orders, and the people enslaved by Lord of Abyss Demon were naturally his subordinates.

In fact, unless necessary, the masters of the ten thousand races will not easily enslave others. Each soul seal is the origin of the soul. Too much enslaved, the more the origin of the soul is consumed.

Even people like the ancestor of the deep demon, in order to control some important people, will only plant the devil soul curse, but will not cast the soul mark.

Yu Mo Di Zun and the others were suddenly terrified, "It is impossible to enslave us."

"My lord, I am willing to obey the orders of the adults, I am willing to sign the contract, and I ask the adults to be merciful." The evil demon said in fear.

Being enslaved, for them, it's better than death.

Yu Devil Earth Zun even blew himself up on the spot. At that time, in the chaotic world, he didn't even have the ability to blow himself up.

"Yes, master."

The Lord of the Abyssal Demon said, a vast soul power permeated out, and it instantly poured into the soul sea of the Evil Demon and Feather Demon, and planted his own soul mark.

Immediately afterwards, the Blood River Saint Ancestor also planted a blood mark in Elder Gu Xu's body.

With this blood mark, Elder Gu Xu's life and death are completely controlled by the blood river ancestor.

"Now, tell me what you all know."

Qin Chen narrowed his eyes and said.

"Yes, Master." As his voice fell, Yu Mo Di Zun and the others suddenly said everything they knew.

## [Chapter 4128: Good calculation](#)

Linyuan Chamber of Commerce is indeed a branch of the Mozu here.

However, the predecessor of Linyuan Chamber of Commerce was not the power of the Demon Race, but the forces of the Human Race Alliance, so it was possible to establish a huge Linyuan Chamber of Commerce here. The founder of Linyuan Chamber of Commerce is not some top-level races such as Human Race and Monster Race, but a relatively special race, the Nuhai Race. This Nuhai Race is not huge in itself, but just a small race. Contained talent

Supernatural powers can allow them to identify many treasures, and even the treasures of all races. Relying on this method, the Linyuan Chamber of Commerce has gradually developed. However, the Nuhai Clan is very aware of their own disadvantages, because the background is not strong, so no matter how they develop here, they will not be able to grow into a competitive human race.

The chamber of commerce of the top races of human forces such as Yaozu.

Therefore, the Naihai tribe tried their best to unite some small races, and took the initiative to trade with top races such as the human race and the monster race to give up the bulk of the profits and provide them with strong protection.

Gradually, the Linyuan Chamber of Commerce developed. They, like the white gloves of top races such as Human Race and Monster Race, coupled with their special talents and supernatural powers, began to develop into the Demon League.

Originally, it was extremely difficult to develop business in the two rival alliances, and no power was willing to see such a power.

But who knows that the Linyuan Chamber of Commerce's transactions in the Demon Alliance are quite smooth. They first entered from small forces such as the Zerg, and a little bit, they actually opened up the channels for the Demon Race. And because of their special magical powers, they can identify the treasures of the Demon Race. In addition, the Linyuan Chamber of Commerce is more obedient, and with countless years of development, some relationships and connections have been established between the Human Race and the Demon Race, so the Linyuan Chamber of Commerce gradually Became a

A chamber of commerce that can secretly trade in the two major forces of the Demon Alliance and the Human Alliance.

This led to the rapid development of Linyuan Chamber of Commerce.

After countless years of operation on the battlefield of 10,000 races, Linyuan Chamber of Commerce finally became one of the top chambers of commerce in this area.

But what Linyuan Chamber of Commerce didn't know was that in order to open up the channel with the Human Race, the Demon Race had secretly observed many forces, trying to support some puppets in the Human Race Alliance, and the Linyuan Chamber of Commerce was also the object of the Demon Race's observation.

When the Linyuan Chamber of Commerce tried to open up the channel of the Demon Clan, the Demon Clan secretly made it easy. This made the Linyuan Chamber of Commerce very smoothly opened up the channel between the two major forces, and the Linyuan Chamber of Commerce developed rapidly. And when the Linyuan Chamber of Commerce has developed to a certain level, the Mozu finally took action. They set a trap to attract the president of the Linyuan Chamber of Commerce and the Nahai Clan to enter, and finally, enslaved the president of the Linyuan Chamber of Commerce in a certain secret realm. Linyuan Chamber of Commerce will be completely closed

In the bag, under the control of the demon clan.

The president of the Linyuan Chamber of Commerce did not realize that their Linyuan Chamber of Commerce could rise, but the Demon Race had been secretly supporting it. Otherwise, how could it be so big?

The reason why the Mozu chose the Linyuan Chamber of Commerce is also because the Linyuan Chamber of Commerce was established by the small clan Nahai Clan. Some of the top forces in the Human Alliance rarely carry out compulsory testing of foreigners, which also led to the Linyuan Chamber of Commerce being able to stand safely. . Moreover, although the Demon Race has enslaved some of the upper level of the Chamber of Commerce through the President of the Linyuan Chamber of Commerce, the Demon Race did not intervene in the middle and lower levels of the Chamber of Commerce, and they did not even know that their president was under the control of the Demon Race. Middle and lower one

I thought that I was a force of the Human Race Alliance, and although they would make some transactions with the Demon Race, these transactions were only secret channels through which the two major forces of Human and Demons acquiesced to each other.

This also resulted in the Linyuan Chamber of Commerce never being exposed.

"This demons is really good calculation."

Qin Chen couldn't help but marvel at hearing the demons' control of Linyuan Chamber of Commerce.

The demon's methods are indeed extraordinary.

They did not directly send their own people to sneak into hostile forces and then develop, because the possibility of exposure is too great.

Instead, they secretly observe some ordinary forces in the Human Race Alliance, and they will not rashly control the high level of some of the top races in the Human Race Alliance, which is also very risky. Instead, they observe the forces established by some ordinary small races. Moreover, after selecting the target, secretly help these small races to improve their strength. When they have grown into a considerable power and have established enough relationships in the Human Race Alliance, they will then close the net and control them.

. Moreover, the control of the demons is not to take the entire power into the bag, but to directly control a few key figures in this power, plus the Linyuan Chamber of Commerce itself will conduct transactions between the two powers of humans and demons. In this way, expose

The possibilities are naturally incomparable.

As for the president of the Linyuan Chamber of Commerce and some high-level officials, on the surface, they used to enter various secret realms to practice and take risks. In fact, these people are in the hands of the demons and carry out remote control. In this way, even if someone suspects the Linyuan Chamber of Commerce, forcibly breaks into here, and investigates the current senior leaders of the Linyuan Chamber of Commerce, they will find that these people have not taken refuge in the Demon Clan. From top to bottom, there are actually only extremely critical things. Several people,

The people of the demons.

"It is indeed very deep." Qin Chen sighed.

If he hadn't come here with Elder Gu Xu secretly this time, he wouldn't have discovered that the Linyuan Chamber of Commerce was actually the Demon Race that had been secretly supporting.

In fact, even Elder Gu Xu didn't know that Linyuan Chamber of Commerce was actually a member of the Demon Race. He thought at best that this space was a secret cultivation space that the Demon Race secretly purchased in the Linyuan Chamber of Commerce.

Immediately afterwards, Qin Chen asked for some news about Tian's work. In the human race, the demons have many hidden forces, and the functions of different forces are also different. The main purpose of the Linyuan Chamber of Commerce is to contact the demon spies in the Tiangong, and the mines produced by the Tiangong, the holy soldiers, and secretly. Trading to the demons

In force.

In this day work camp, they have a total of four spies. Among them, in addition to Elder Gu Xu, Venerable Fenghui, and Elder Tianxing, there is also Venerable Ershi.

However, apart from Elder Gu Xu and Elder Tianxing who can contact the Linyuan Chamber of Commerce, Venerable Fenghui and Venerable Ershi are just lower-level personnel. They obeyed the instructions of Elder Gu Xu and Elder Tianxing, and did not know this. .

This left Qin Chen speechless, and there were four spies in one day job camp, this... No wonder Shen Gong Tianzun was so worried about his day job.

"By the way, apart from the demon spies in this large camp, who is the biggest spy in the Tiangong headquarters?"

Qin Chen asked. Because from the mouth of Elder Gu Xu, he learned that Tianzuo, a deputy hall master, was actually a member of the Demon Race.

#### [Chapter 4129: The Vice-Hall Lord arrives](#)

"I won't know this later."

Yu Mo Dizun shook his head.

"You also don't know?"

Qin Chen frowned. "We are only responsible for the personnel of Tiangong in this ten thousand race battlefield area. In addition to this big camp, Tiangong has five refining camps on the ten thousand race battlefield. Among them are my demons. Here It's a list. As for the headquarter of Tiangong,

If you came to work in Tiangong Camp, there are records, but I don't know what's left in the headquarters. "

"However, as far as I know, there is a Vice-Hallmaster in the Tiangong Headquarters who belongs to my Demon Race, but the level of the Vice-Hallmaster is not something I can schedule. I don't know who it is. Zu is personally responsible."

Yu Demon respected Tao, and at the same time took out a jade slip.

Qin Chen took the jade slip, his soul power penetrated into it, and he immediately sensed the many lists inside.

"hiss!"

Qin Chen sucked air-conditioning. Damn, there were 23 people in it, among them, there were 8 elders, and the remaining noble figures were 15 people.

It should be noted that the Saint-Master-level figures will not be included in the list at all, because they are only peripheral personnel. The records here are all at the level of noble and above, which makes Qin Chen speechless. The eight elders, elders, are all masters of the earth-sovereign, no matter which force they are in, they are all top-level figures. There are some small clans without the heaven-sovereign. Spies at work

There are a full eight of them, making Qin Chen speechless.

Day work is almost like a den of thieves.

"This... is too much."

Qin Chen was speechless.

"Back to the master, because Tianjiao is very important in my demons sequence. Although Tianjiao is only one of the top powers in the human race, it is because Tianjiao is the top refining power of the human race and has sufficient resources." "Secondly, Tiangong Tianzun, the founder of Tianjiao, was inherited from the work of ancient craftsmen, and was the first strong human race to support and follow Xiaoyao Supreme. Therefore, the ancestor of the Yuanmo paid great attention to Tianwork. Lord, also

It was the ancestors who instigated the rebellion himself, and for countless years, so many personnel have been developed. "

Yu Mo Di Zun explained.

"In that case, if you want to get rid of the spies of Tianjiao, you must find the biggest deputy palace lord tiger in Tianjiao?" Qin Chen squinted.

What Yu Demon Dizun said was justified.

With the Vice-Hallmaster, it is naturally not too difficult to develop spies, and if it has been developing for so many years, it will naturally form an extremely large force.

What's more, there is also the Linyuan Chamber of Commerce and other external support.

This is called collusion between inside and outside.

Putting away the jade slip, Qin Chen's eyes flickered.

"Master, what are you going to do?"

The Lord of Abyss Demon asked.

Qin Chen looked at Elder Gu Xu, then looked at Yu Demon Earth Lord, "It seems that I can only discuss it in the long term."

"Let's go back to work camp."

Qin Chen said.

"That Demon Land respect them..."

"Let them continue lurking here, the people of the Yuanmo clan don't know that this place is exposed. As for Elder Gu Xu, first lurch and let me think about it."

Qin Chen's mind moved slightly.

Although he already had a list in his hand, as long as the hidden Vice-Hallmaster was not exposed, even if these people were pulled out, it would not help.

On the contrary, we will be able to find some clues.

"Go, go back!"

Qin Chen immediately released the Feather Demon Earth Sovereign and the Evil Demon Earth Sovereign, and at the same time obtained a brand-new ancient messaging treasure to use for transmission.

After a while, Qin Chen left the Linyuan Chamber of Commerce and quickly disappeared.

As for the fall of the other Demon Race Earth Sovereigns, as long as the Yu Demon Earth Sovereigns don't tell them, naturally no one knows.

A day later, Qin Chen returned to Tiangong Camp.

"Qin Chen, you finally came back."

Upon returning, Venerable Mantra greeted him with an anxious expression.

"What happened?" Qin Chen asked in confusion.

"The deputy hall master of the headquarters has arrived yesterday. I want to see you on the spot. Who knows that you are not here." Venerable Mantra said.

"So fast?"

Qin Chen was also taken aback.

The Tiangong headquarters is extremely far away from the battlefield of ten thousand races, how could it be there in such a short time?

"Which Deputy Hall Master is it?"

Qin Chen's eyes flashed. After learning that one of the deputy hall masters in Heaven's Work was a spy of the Demon Race, Qin Chen looked at everyone as spies now, and it was indeed strange that the other party arrived so quickly. "It's the ancient craftsman Tianzun." Said the mantra: "The ancient craftsman Tianzun is the veteran Tianzun I worked for. He sits on the battlefield of ten thousand races, but sits in the core area. After learning the news here, come the first time, So just such a short time

Come here. "

"Is it him?" Qin Chen's heart moved. He remembers that in the ancient chin secret realm, he and the Golden Dragon Heavenly Sovereign were surrounded by the Ten Thousands of Heavenly Sovereigns. The Jinlin Heavenly Sovereign came to drink the Demon God's Heavenly Sovereign, and it was because of the Tianzun Ancient Craftsman Tianzun that the Human Race came forward that the other human forces of the Human Race did not have the Heavenly Sovereigns. Keep on

Do it yourself.

The ancient craftsman Tianzun himself was on the battlefield of ten thousand races, no wonder he was able to arrive so quickly.

"Why, do you know ancient craftsman Tianzun?" Mantra Venerable wondered.

"Oh, no, I just heard the name of the ancient craftsman Tianzun." Qin Chen smiled and said: "Let's go, take me to see the ancient craftsman Tianzun."

After a while, under the leadership of Venerable Mantra, Qin Chen came to the palace on the top of Vulcan Mountain.

At this moment, sitting in the front of the palace was not Elder Yehe, but a gray-bearded old man, who was the ancient craftsman Tianzun Qin Chen had seen.

This person is just sitting here, the void of the whole body seems to be constantly folding, countless rays of light are all swallowed by him, the ancient craftsman Tianzun is like a black hole, swallowing all the power around him, and even the rules of heaven cannot approach him. body.

"You are Qin Chen?" The ancient craftsman Tianzun stared at Qin Chen, booming, Qin Chen instantly saw countless auras circulating, eternal ups and downs, an unprecedented terrifying coercion, suppressed on him, and the world seemed to collapse suddenly. , Ready to enter destruction

.

If the general earth-zun was under this gaze, his body would definitely become empty and could not bear it.

But Qin Chen remained unmoved, only saluting the ancient craftsman Tianzun respectfully: "Tianwork disciple Qin Chen has seen the ancient craftsman Tianzun." In his body, the sky patching technique operates to cover himself, and the aura of chaos origin is restrained. , Evolved the mysterious power of covering the sky, and built himself into a normal master of the earth, the power of origin and the power of the six reincarnation sword arts inherited from the Tongtian sword pavilion

Surging, the whole person is like a sharp sword.

Sharp!

Strong!

"Qin Chen, where have you been in the past two days? Master Tianzun, an ancient craftsman, came here yesterday, but he didn't see you. You are convicted."

A venerable said coldly. Qin Chen turned his head and looked over, it was actually Venerable Na Eshi.

[Chapter 4130: Quit](#)

Qin Chen sneered.

This Venerable Ershi is really a leap. If Qin Chen doesn't know that this guy is one of the spies of the Demon Race, Qin Chen even thinks that Venerable Ershi is extremely upright.

"What are you, do you need to pass you where you are going?" Qin Chen ignored Venerable Ershi and sneered directly.

"you....."

Venerable Ershi was trembling with anger, and he never thought that Qin Chen would say such things to himself. This kid didn't know how to respect seniors. "Isn't it?" Qin Chen said lightly: "This seat, although I am a disciple of Heavenly Work, but it is not your subordinate. As for where I go, it is my personal business. I have the right to go anywhere. As for neglecting the ancient master Tianzun,

It's just because I didn't know that Lord Ancient Craftsman Tianzun would come so soon, otherwise, I would definitely be there to greet him. "

"It's you, as soon as you came up, you scolded me in front of the ancient master Tianzun, wanting to directly condemn me, what do you mean?" Qin Chen squinted his eyes and looked at Venerable Eshi: "Don't say anything else. , It is said that Venerable Fenghui and Elder Gu Xu are spies of the Demon Race, this seat discovered, as to why the seat disappeared for these two days, I also tried to track the Elder Gu Xu and capture the Elder Gu Xu directly. But you After escaping, Elder Gu Xu stayed here with peace of mind. Instead, he deliberately wanted to condemn me. This made me a little suspicious. Is the disappearance of Elder Gu Xu related to you? Could it be that you too?

One of the spies of the demons? "

Qin Chen sneered again and again.

"You... \*\*\*\* mouth." Venerable Ershi did not expect that when he just wanted to behave in front of the ancient craftsman Tianzun, Qin Chen would be able to label himself as a spy of the Demon Race, in fact, because of Qin Chen. What he did, he really had to challenge the ancient craftsman Tianzun

The thought of distracting him, but never expected that Qin Chen would be so cruel. "Isn't it?" Qin Chen sneered: "You and I have no old grudges, and no conflicts of interest. What's more, I also found the demon spy for Heaven's work. According to the truth, you should be grateful to me, but the facts are not the case. , Not only do you not appreciate this seat,

Instead, he directly framed me, so how can I not doubt it? "

"Master Tianzun Ancient Craftsman, don't listen to this kid's nonsense. Your subordinates just think that this person knows Master Tianzun Ancient Craftsman you are here, but doesn't wait here, but disappears strangely, so..."

Venerable Ershi was extremely flustered, and said tremblingly.

He is really nervous.

Because, Qin Chen in front of him didn't know what was going on. He just said his true identity without saying it.

He really wants to investigate, but he can't stand it.

A group of people looked at the ancient craftsman Tianzun tremblingly.

I saw the ancient craftsman Tianzun, expressionless, not knowing what he was thinking, suddenly he burst into laughter. "Hahaha, I said Qin Chen, you are sharp and domineering, righteousness is Lingran, when I saw it today, it really is so, yes, I can't think that there is such a celestial arrogant figure in my daily work. Although this deputy hall master heard it before, he still didn't believe it. Sure enough

False pass. "

The ancient craftsman Tianzun laughed and stood up suddenly.

Boom! As soon as the ancient craftsman Tianzun stood up, the whole palace immediately seemed to tremble. The sky and the earth shook. If you look closely, you will find that the ancient craftsman Tianzun's robes seem to have countless phantoms, and you can faintly see countless phantoms on the robes. Cosmic heaven, can

In the blink of an eye, the robe is still a robe, seemingly illusory, making it difficult to see through.

The ancient craftsman Tianzun just stood up, and at this moment everyone felt that he was bigger and more magnificent than the void of this ten thousand race battlefield.

Everyone was overwhelmed by the terrifying will of Heaven, and their hearts were shaken.

Qin Chen also deliberately showed shock, as if shocked by the aura of ancient craftsman Tianzun.

After all, in front of him, the top master who sits on the battlefield of Ten Thousand Races with his own power, the deputy head of the palace, is very powerful.

Qin Chen couldn't be too prominent, no matter how defying the sky was, otherwise, the opponent would be able to see the problem at a glance.

Judging from the fact that the demon \*\*\*\* of the spirit demon clan did not know Qin Chen's true identity, the ancestor of the abyss demon did not arbitrarily inform the outside world of his identity, so even if the ancient craftsman god's clan is a spy, he should not know that he is a true dragon clan dragon. Dust things.

"I dare not be a disciple." Qin Chen shook his body and woke up from the terrifying aura of the ancient craftsman Tianzun. He was 'stunned' by the strong aura of the ancient craftsman Tianzun, and even respectfully saluted. "Good will." Ancient craftsman Tianzun nodded slightly, but he seemed to be talking: "Actually, although you have never been to my Tianzhu headquarters, Ben Tianzun has already heard of your name, and even heard that you are I work for the younger generation son

Among them, the Tianjiao who is most likely to grow into the top power of my day job in the future, seeing it today is really extraordinary. "

"Master Tianzun, the ancient craftsman, has heard of the disciple?" Qin Chen showed a 'flattered' appearance. "Yes, it's mainly because you got the approval of the Tongtian Sword Pavilion in the Southern Heaven Realm. You came out alive and mastered the many sword intents of the Tongtian Sword Pavilion. Got your name.

"

The ancient craftsman Tianzun smiled: "Tongtian Sword Pavilion is the number one kendo power of the ancient human race. The person who can inherit the Tongtian Sword Pavilion is definitely not an unknown person."

"Of course, there will be people at the Tiangong headquarters paying attention to you."

"Even, some people think that you will become one of the mainstays of my daily work and the future."

"Of course, more people still think you are too young, and at that time you were just the pinnacle holy master. Venerable Mantra went to the human world and wanted to bring you to the battlefield of ten thousand races to cultivate. In fact, this is also my natural work.

The result of many high-level discussions. "It's just that the main hall master didn't expect that after you entered the battlefield of the ten thousand races, you didn't actually work with me. Instead, you went alone and broke through to the realm of the earthly respect. And once the heaven work camp, you also made such a thing. Something big happened, really make this

Tianzun was surprised. "

Ancient Craftsman Tianzun looked at Qin Chen with a smile in his eyes.

"There is still such a thing?" Qin Chen was shocked, but he didn't know this.

"Thank you, Vice-Hall Master for your appreciation." Qin Chen bowed. "There is nothing to thank, these are the results of your own hard work." Gujiang Tianzun smiled and said, "This time, you have seen through the identity of Elder Gu Xu and Fenghui, and saved the loss for my daily work. Day work will definitely not treat you badly,

Pack up, after I have investigated the situation here, you will go back to the working headquarters with me. "

"Okay, all of you step back."

The ancient craftsman Tianzun said lightly: "Elder Yehe, if you stay, I have something else."

"Yes!" The others present immediately retreated.
