

Valkyrie 4141

[Chapter 4141: No need to introduce](#)

"Haha, Vice-Hall Master Qin, don't think too much. As Ancient Master Tianzun said, acting deputy hall-master is not something they can appoint. This must be the order of Master Tianzun, and Master Tianzun, is the founder of my daily work

Man, since he has spoken, there will never be any problems. "Shen Yan Di Zun is very open. Looking back at the time, even Lord Jinlin Tianzun of the Monster Race personally went to the Eastern Heaven Realm to fight for Qin Chen. Combining the relationship between Jin Lin Tianzun and Lord Tianzun, it seems that this son is afraid it will be early. Has already entered Master Tianzun

Faye.

That being the case, what am I still worried about? Originally, I didn't have a big backing for working in Heaven. I didn't expect that for a moment, after I got close to Qin Chen, there was actually a backing close to the level of the serving deputy hall master.

Hey, it's cool to think about it.

Zhenyan Dizun was completely impressed by Qin Chen now.

The three of them flew over the island of the God of Craftsman, and soon found a place among the locations of the island of God of Craftsman given by the ancient master of craftsman. This location is located among undulating mountain ranges, and the mountains on the God of Craftsman Island are actually formed by some formations on the whole continent of God of Craftsman. The location Qin Chen chose is surrounded by many mountains. , Apparently located in the Takumi Island

Some core places in the pattern.

"Here, it is the core place of the land of craftsman **** continent, the top-tier refinery land. With so many formation patterns passing by, there are amazing gains for both cultivation and understanding of refinement methods."

After finding the correct location, Qin Chen directly began to build a residence.

"Condensation!"

Qin Chen raised his hand, and suddenly, the power of the venerable between heaven and earth surged, and a mansion was condensed by Qin Chen in an instant, countless mountains and rocks surged, and the rules of everything evolved. This courtyard seemed to appear out of thin air, a little bit evolved between heaven and earth. .

Some landscapes have appeared, and in just a moment of effort, a courtyard mansion has appeared in the world.

This is a huge courtyard with majestic squares. Inside the courtyard is a path paved with cobblestones. There are various flowers beside it, and there is a pond of water beside it.

These various flowers are top sacred medicines, and there are even venerable elixir, and this pool of water turned out to be some chaotic water.

There is a stone bridge on the water of the Chaos Pool, and there are pavilions and pavilions around it, and the white walls and black tiles are dim.

Arrays of light flickered, and countless array patterns appeared around the entire mansion. These array patterns were placed by Qin Chen and combined with the array patterns of the God of Craftsman Island itself, covering countless bright rays of light like a fairyland.

"This....."

The True Words of Earth and the Honorable Yaoguang were still on the side selected by Qin Chen, preparing to build a palace with great pains, but when he saw Qin Chen's residence, he blinked his eyes, and the power of their venerables swept away naturally and clearly. Chu, "Really, really..." Qin Chen's method scared people to death. The completion of this palace made them instantly feel that this palace itself should be located here, full of natural aura, and extremely dangerous. Someone rushed into it, fearing that they would

It was directly attacked and killed by the terrifying force of the formation.

There are also the many elixir, the water of chaos, which shocks people.

The Mantra Earth Sovereign and Yaoguang Sovereign also started to take action and established their respective palaces. Soon, three palaces rose up.

In this mountain range, there are not many palaces, only a few palaces in the nearby hills.

After the mansion was completed, Qin Chen did not enter the mansion for the first time. He had other things to do.

"Vice Hall Master Qin, you are going to prepare next..." Zhen Yan Di Zun looked at Qin Chen.

"Truly respect seniors, don't call me Deputy Palace Master Qin." Qin Chen said with a smile.

"Haha, then, I'll call you Qin Chen from now on, and you call my seniors, just call me Zhenyan Di Zun, after all, I will rely on you in the future." Jin Yan Zun smiled and said: "You are Ready to go to the land of inheritance, or?"

"Land of inheritance?" "This is a place of inheritance of refiners in the secret realm of my headquarters. Basically, if you can enter the secret realm of headquarters, you will have an opportunity to accept the inheritance. Such an opportunity is very rare and will wait for me to practice. There are some unique improvements in the device, so I and

Yaoguang was going to go to the place of inheritance first, and then go back to the treasure hall to select treasures. "

"Actually, after obtaining the inheritance of the refining tool, it will also be of great benefit to our selection of treasures."

"How about, together?"

Honestly respects the invitation.

"Actually, I'm going to ask a few people from my Chendi Pavilion!" Qin Chen said. "You mean Ji Wuxue and the others." Shiningly smiled, "Actually, I have already sent a message to a few old friends just now and have already helped me inquire about them. After all, Wuxue and the others are still the ten thousand clan I brought from the East Heaven Realm. On the battlefield, although Wuxue and the others were taken to the Tiangong headquarters, the stars outside are also the headquarters, and the secret realm of the headquarters is also the headquarters. If you want to find news about them, my friends also need some time. You are unfamiliar here. , Probably not better than those of my friends

Find out more quickly, it is better to wait for the end of the inheritance, and I will notify you as soon as there is news. "

"Also."

The secret realm of the headquarters is too vast. Although Qin Chen is the acting deputy hall master now, he has no clue at all if he wants to inquire about Ji Wuxue and the others.

"In that case, let's go to the place of inheritance first."

Qin Chen was also very interested in the inheritance of the secret realm of the headquarters.

Whoosh whoosh.

When Qin Chen and the three were about to leave here, from a palace not far away, suddenly flew out a strong man who was wearing armor and covered in a layer of armor. He could barely see his face. .

This person is obviously also the craftsman in the secret realm of this headquarters, and he should have come out after feeling the movement of Qin Chen and the others building the palace.

"Rookie?"

A pair of eye pupils of this powerful man in full body armor instantly fell on Qin Chen's three people. The dark eyes behind the masks burst into light, causing the power of the chaotic origin in Qin Chen to move.

Ok?

Qin Chen looked over in an instant, and was slightly startled in his heart. The breath on this person was like mist, which made people unable to distinguish the depth, but instinctively made Qin Chen feel a little vigilant.

"This friend, in Xia Zhen Yan Di Zun, we will be neighbors in the future..." Shin Yan Di Zun immediately smiled and said, this person lives nearby, everyone is considered a neighbor. There are many powerful people working in heaven. For some powerful people who act externally, Jin Yan Di Zun almost knows them, but there are many refiners, and Jin Zhu Zun has never seen them, especially in the secret realm of this headquarters. Refining master, mantra respect

It is normal not to know.

Almost all those who can live here are some earthly respectable craftsmen.

Ordinary Venerables cannot live in the secret realm of the headquarters for long.

"Shen Yan Di Zun? Huh, the three of you don't need to introduce it, I already know." The armored strong man's eyes fell on Qin Chen, his pupils looked at Qin Chen as if he was carefully examining and scanning. Exuding a strong hostility.

[Chapter 4142: Place of inheritance](#)

The eyes of the strong man covered in armor fell on Qin Chen with an inexplicable meaning. "If I'm right, this is Qin Chen, who has just been appointed as the Deputy Vice-Hall Master, right? Hehe, really young, too young to believe. However, a little Heavenly Son, don't know. Where is the ability to be directly

It is ridiculous to appoint the deputy chief of the palace. "

The strong man in armor said coldly, his voice harsh, as if his nails rubbed against glass.

Zhenyan Dizun's face changed slightly, and his brows frowned. It seemed that this neighbor was very unfriendly.

Qin Chen frowned slightly.

"Young man, do it for yourself, the acting deputy master of my day job is not so good."

The voice fell, and the strong figure in the armor screamed, disappeared, and returned to his palace.

"Qin Chen, it looks like...this headquarters secret is very dissatisfied with your decision to act as the deputy deputy hall master." Zhen Yan Di Zun came to Qin Chen and frowned.

"Hehe, let them be dissatisfied, Qin Chen, why don't you need others to approve it."

Qin Chen looked indifferent, as if he didn't care at all, "Let's go, go to the place of inheritance."

"Uh!"

Venerable Mantra and Venerable Yaoguang looked at each other and blinked. Qin Chen was really free and easy, and he didn't care at all. They laughed bitterly, and immediately followed Qin Chen, disappeared and left, heading to the place of inheritance.

They didn't know that Qin Chen really didn't care about these guys, his position, why he cares about others' thoughts.

And when Qin Chen and the others went to the place of inheritance, many elders had already arrived at the discussion hall one after another, asking ancient craftsman Tianzun and other deputy hall masters to give an answer.

Faced with the doubts of many powerful experts in the secret realm of the headquarters, the ancient craftsman Tianzun only informed that Master Qin Chen's decision to act as the deputy hall master came from the master of the hall and dismissed everyone.

This makes many elders extremely depressed.

The Lord Hallmaster's decision is naturally not something they can change, but many elders also have blinking eyes and think of other ways.

Acting Deputy Hall Master, hehe, although there is an order from the Hall Master, but this position is not for anyone to sit.

If you want to become the acting deputy hall master, you have to pass them first.

Naturally, Qin Chen didn't know this. At this moment, he had come to the inheritance of the secret realm of the headquarters.

"Go!" The inheritance of the secret realm of the headquarters is a hidden void. It is located on the other side of the Tongtian pole fire pillar. There is a vast nebula. Qin Chen, the True Words, and the Yaoguang stepped out one step and just entered this area. Nebula, the figure has disappeared

see.

Qin Chen felt a change in his eyes. Before he could see the surrounding scenery, he felt a terrible pressure enveloped.

"Boom!"

A terrible coercion was suppressed and enveloped the Qin Chen trio. This coercion was very special. It was not a powerful coercion, but a soul pressure, coming down.

"This is..." Qin Chen saw the surroundings clearly, surrounded by a void, and black mist around the void.

And in this black fog, there is a dark portal.

There was a meteorite suspended in front of this portal. On the meteorite was a strong man wearing purple armor and exuding a vast aura. This old man was exuding a vague breath of heaven, who turned out to be a heavenly statue.

However, this Tianzun's breath has been very decayed, and I don't know how long he has survived. He is so old, half of his feet are almost into the tomb, and Shouyuan has come to the end of time.

In his hand, he is carving a wood sculpture. This wood sculpture is an eagle. The sculpture is lifelike. In the process of carving, the charm of the silk road is permeated and vivid. The whole wood sculpture seems to be transformed into a living being, rising up into the sky. .

This person is the strong man who guards this place of inheritance. The old man sensed that someone was coming, and immediately opened his eyes and looked at Qin Chen and the gods of the earth and the gods of Yaoguang. He was surprised at first, and then smiled and said, "The three of you are Qin Chen, Zhenyan and Yaoguang who have just arrived in the secret realm of the headquarters. Right? I've already picked up

When it comes to the news of your appointment, you are eligible to enter the land of inheritance once, but it is unexpected that the first thing you will do after being appointed is to enter the land of inheritance, which seems to be teachable. "

"I have seen seniors." Zhenyan Dizun hurriedly said respectfully. This is a strong guarding the inheritance. The masters who can guard here are all top people who work in heaven.

"I am Lingfeng Tianzun, just how old you are. Now you are half-footed into the coffin. What's the point of being a predecessor." Ling Feng Tianzun said lightly. "You are Lord Lingfeng Tianzun? Are you still alive?" Jin Yan Dizun shook his whole body and blurted out, but even if he knew that he had failed to speak, his figure could not help but bend deeper, and Qin Chen and Lord Yaoguang on the side also saluted. Just full of doubts

Confused. At this time, a mantra voice came from my mind: "Qin Chen, Yao Guang, this Lingfeng Tianzun is my veteran Tianzun, and is the same generation as Master Tianzun, but it is rumored that he was in the battle of the ancient heavens for The guardian craftsman fought to the death and was seriously injured. The Heavenly Lord was damaged and could no longer continue to fight. He closed the secret realm of the headquarters and devoted himself to researching the art of instrument and Dao. As early as many years ago, it was rumored that he was dead. Live, guard this place of inheritance..."

"

Shenyan Dizun's eyes are full of shock, and his posture is even lower. This is the true predecessor of Tianjiao.

Qin Chen was also surprised.

Who was in the ancient Celestial War? He perceives the other party, and sure enough, although the other person's body is dissipated, the heavenly aura is very weak. This is the result of the damage to the Tianzun's origin. At the same time, the fire of his life is extremely weak, like a candle, in the dark

It's dying.

Obviously, the other party has come to the end of life, and there is not much time to live.

"Hehe, I'm still alive, but it's not long before I die." This Ling Feng Tianzun was free and easy, and his eyes fell on Qin Chen: "Acting Deputy Hall Master, I never thought that Lord Tianzun actually gave you such a position. "

Ling Feng Tianzun shook his head slightly.

The appointment and dismissal of the acting deputy hall master will naturally notify everyone in the secret realm of Tiangong's headquarters. How would Ling Feng Tianzun know.

"Senior Ling Feng Tianzun also feels wrong?" Qin Chen said lightly. "Haha, young man, I didn't think it was wrong." Ling Feng Tianzun laughed loudly: "Acting deputy hall master, but only a post. When he was young, the old man didn't have a job before, and what did he care about? Besides, that's Master Tianzun

The command. "Ling Feng Tianzun stared at Qin Chen, "Since the Lord Tianzun made such a decision, your Excellency must be extraordinary, but I still hope you remember that my work is a refining tool, if you want to become a real one. The deputy hall master must be able to descend on the refining device.

"

[Chapter 4143: Terrible heritage](#)

"Fortunately, you came to the place of inheritance the first time. It seems that you still have some pursuit for the refining equipment."

Ling Feng Tianzun said with satisfaction.

Qin Chen blinked, while the Formation Eyes and Yaoguang both bowed their heads in embarrassment.

Keke, have a pursuit of refining together? They only came to this place of inheritance just to pick something more suitable for them when they would go to the treasure hall to pick treasures.

Ling Feng Tianzun was afraid that he had misunderstood something. "This is the place of inheritance of my daily work." Ling Feng Tianzun sat on the meteorite, smiling at the three Qin Chen, "This place is not actually established by my daily work, but a place of refining inheritance made by ancient craftsmen. Master Tianzun and I waited to die

The battle was retained. Here, you can feel the way of refining tools made by ancient craftsmen, but as for how much you can feel, it depends on the understanding of each of you. "

"See the portal behind me and the black fog?"

Ling Feng Tianzun pointed to the rear.

Qin Chen and Zhenyan Dizun both nodded their heads and looked at the surroundings. The void in this area was too weird. The power of the nobleman and the power of the soul could not be detected, and the surroundings were covered by black mist, and only a portal could see them.

"Enter the portal and accept the inheritance." Ling Feng Tianzun said, "You three enter separately, don't be in the same place."

Boom!

Immediately, the portal roared and slowly opened a gap.

"Yes." Qin Chen, Venerable Mantra, Venerable Yaoguang nodded in response.

Then the three of them entered the portal one after another. As soon as Qin Chen flew into the portal, an incredible force acted on his whole body. Even if Qin Chen's will surpassed most of the heavenly masters, he could not resist this mysterious force. There was no resistance... Qin Chen was stupid. Standing in the air,

At the same time he looked up at the sky.

"Sneez!" A vast power of heaven appeared in the dark sky, and these powers of heaven were constantly surging, quickly condensing into the secret pattern of law. I saw a number of rules and secret patterns appearing, and countless rules and secret patterns started from the most basic, and they began to demonstrate in front of Qin Chen's eyes, step by step from the basics, and interpret all insights. Rear , More and more rules and secret patterns emerged, and the surrounding rules and secret patterns were entwined, forming a beautiful world of rules.

This dark scene, starting from the simplest rule secret pattern, a little more complicated and expanded, began to change into a whole world.

But Qin Chen was completely immersed in it, even his thinking was stagnant, the secret pattern in front of him was very clear at first, but gradually, it began to become blurred.

wrong!

wake!

wake up!

Qin Chen roared and boomed, this vague feeling dissipated.

"Huh?" Qin Chen regained consciousness. "What." A layer of cold sweat appeared on Qin Chen's back and forehead in an instant. This was frightening. He actually remembered the scene clearly, remembering that he entered this strange world, and was controlled by the invisible force before going back. See the fusion method between heaven and earth

The mysterious scene.

He felt that his soul was about to fall asleep before waking himself up.

"How long have I been confused?"

Qin Chen was shocked, re-sensing time, and instantly shocked.

"What? Three days have passed?"

Qin Chen was shocked and shocked. He was just a daze, and three days had passed. During these three days, his thinking seemed to have stagnated and he couldn't move at all.

I can only watch the formation of the heaven and earth secret patterns in front of me.

too frightening!

If it weren't for Qin Chen's terrifying strength, the power of the soul was comparable to the top heavenly sovereign, he had obtained the origin of chaos, and had a unique understanding of the nature of heaven, he would have been completely immersed in it until his thinking was completely blurred. "It's incredible, my soul is so strong, and the chaotic green lotus fire sits on the ground, even the pinnacle of heaven, I am afraid that it will not be able to directly obscure my will, but the mysterious power in this place of inheritance has controlled it. Me, this... this

simply....."

Qin Chen felt the terrible place of this heritage.

"Yes."

"This is a place of inheritance made by ancient craftsmen. It may not only be me, even those Tianzun, I am afraid it is possible to come here. The mysterious power here can control Tianzun, and naturally it will control me. This is normal."

"What power is this?" Qin Chen was still thinking.

However, he also knew that this was because this place of inheritance was not hostile to him, otherwise, the Chaos Qinglian Fire and the many forces in his body would never let him fall into that state.

But now, before being completely confused, Qin Chen used his terrifying strength to force himself to wake up.

In the sky, the vast mystery pattern is still evolving, gradually becoming clear, extremely deep and vast, as if a world is slowly forming.

"this is....."

Qin Chen looked up, and he realized that the inheritance had not ended. Before that, it was just the beginning of the inheritance. If his will had not been held firmly and he had become confused from the hazy state, then his inheritance would have ended.

And now, the inheritance continues.

"That is... the formation of the world?"

Rumble!

In front of him, that vast secret pattern appeared, constantly evolving, as if a world was slowly forming. No, it means that a world is forming. It is extremely clear, because Qin Chen is the owner of the chaotic world. He has clearly felt the formation of the chaotic world. He naturally knows all this in front of him and the formation of the chaotic world in his body.

, It turns out to be very similar.

No, even more advanced.

But what does the refining device have to do with the evolution world?

Qin Chen frowned, watched carefully, constantly branding his mind. Qin Chen originally thought that the refining inheritance of this inheritance place would teach some knowledge about how to refining, but he did not, but directly showed the formation of countless rules and secret patterns, countless secret patterns continue to be produced, becoming more and more complex, as A world

, Born slowly.

"This secret pattern seems to have the same effect as the inheritance of the secret pattern of Butian Temple, but it is more complicated, while the secret pattern of Butian Temple is more essential and points to the core."

Qin Chen stared carefully, and suddenly saw something, shaking his mind.

In fact, when Qin Chen was in this state, he also learned a lot.

Butian Temple and the craftsman's work are actually in the same era, and both are the products of ancient times and the ancient Tianting period.

However, there are also differences between the two.

Among them, the craftsmanship is an alliance, an official organization, which is a combination of ancient refining forces, and some are similar to the forces on the Tianwu continent. Butiangong is a top crafting force in ancient times. It belongs to craftsmen, but it is also one of the top masters of craftsmanship.

[Chapter 4144: A thousand years of dreams](#)

It can be said that if in ancient times, all kendo forces, like the Tongtian sword pavilion and other kendo forces, formed an alliance to establish the so-called sword pavilion, then the sword pavilion was crafted by craftsmen, and the mending palace was similar to the Tongtian sword pavilion.

It is no wonder that the place of inheritance in this craftsman's work is somewhat similar to the secret pattern of Miantian Temple. The secret pattern of Miantian Temple represents the foundation of the secret pattern.

The inheritance pattern in this craftsman's work evolved into the formation of the world.

That mysterious force surged, and a magnificent world was slowly forming between heaven and earth.

This made Qin Chen dumbfounded, because the craftsman inherited, not ordinary refining tools, but abruptly created a world in front of the inheritor.

What refining tool is more terrifying than creating the world?

If you can create even a world, then why don't you worry about refining a weapon?

Just like the purpose of Patching Heaven Palace, all things in the heavens and earth can be refined, and the heavens can be destroyed or repaired like divine soldiers.

Qin Chen's heart was shaken.

It is said that after the heavens were broken, Xiaoyao Supreme and Tiangong Tianzun repaired the heavens, and the heavens were restored. Perhaps, they used this ability to create the world!

Qin Chen opened his eyes and stared carefully, completely immersed in it. Although there is a chaotic world in his body, he has witnessed the formation of the chaotic world, but the formation of the chaotic world evolved naturally after obtaining the source of chaos and other things, and Qin Chen led the way. Although he experienced all this personally, he was nuclear

The formation of the heart is not controlled by oneself.

It's as if you watered a fruit tree and produced fruit. This fruit was cultivated by you, but you don't actually know how the fruit is formed.

For another example, a woman conceived in October and gave birth to a baby. The baby was born by that woman, but as a mother, she did not know how the baby was born.

And the formation of the chaotic world, if it is said that Qin Chen experienced the feeling of being a mother for a while, and gave birth to a baby.

Then the inheritance made by this craftsman is from the cell, from the source of DNA and chromosomes, to inform him of the formation of life, sperm, egg, formation of fertilized eggs, reattachment to the body, etc....tell him one by one, in more detail.

With the passage of time, that vast world took shape, causing Qin Chen to sink completely.

In a strange illusion. In that illusion, the mystery of the formation of the world was constantly exposed to Qin Chen from the most subtle angle, tearing up all the profound things formed by the changes of the universe, and explaining it inch by inch, too detailed, as if it were creative. The strongest

Pour the mystery into your mind!

This is much better and clearer than watching the formation of a chaotic world.

It also allowed Qin Chen to give more improvement and help to the control and development of the Chaos World in the future.

Gradually, a complete world was formed.

However, this evolution is not over yet. Gradually, something is born in this world.

"what is that?"

Qin Chen opened his eyes wide. It was some kind of single-celled creature.

life!

This turned out to be the original birth of life.

After the formation of the world, between heaven and earth, some single-celled creatures began to emerge gradually. These creatures began to evolve, and they began to show Qin Chen the birth of life...

hiss!

To create life, this is the realm of 'God'.

Is it also possible to refining tools?

Qin Chen was really shocked. He urged himself crazily to perceive everything and stare at it.

However, when his will reached the critical moment of life creation, he began to gradually blur.

This has exceeded the limit of his perception.

"Life creation, this human craftsman made..."

In the chaotic world, Honghuang Ancestral Dragon seemed to sense all this, and said in shock. This made Qin Chen an instant sound in the fire world hidden in the Vientiane God. On the steps, there were countless chaotic creatures. These creatures seemed to be real, lifelike, in the narration of the predecessor of the ancient dragon. ,This seems to be

The path taken by a certain top existence in the Chaos Era is a realm forbidden by gods.

But in the end, that existence failed, and he created lifelike chaotic creatures, but those were not real creatures.

Today, in the inheritance of the top craftsmen of this human race, the ancient strong humans have also touched this forbidden zone of gods. At this moment, the surrounding mysterious power is extremely terrifying, and has reached the point where the peak Tianzun can't bear it. However, Qin Chen has seen

the birth of the chaotic world, the chaotic creatures in the fire world, and the practice of patching the sky.

Let him stick to this step.

However, Qin Chen couldn't hold on anymore.

He stared at the formation of that piece of the world in the dark world, countless creatures, began to be born...

This is the profound meaning that the ancient human refining craftsmen have understood, but have they succeeded?

Has it really created life?

Qin Chen didn't know, he was still watching, his soul surged crazily, insisting on desperately, but...

I don't know how long it took... Qin Chen was completely desolate, his will completely dissipated, and everything in front of him suddenly disappeared.

When Qin Chen woke up again, a terrible repulsive force struck, causing Qin Chen's body to tumble and flew backwards, flew directly out of the portal of the land of inheritance, and came to the outside world.

"Too, it's incredible."

Qin Chen was shocked and flew out, but he was completely caught in the shock weaving mane, with endless shock in his eyes, "If, if I can hold on for a while, it would be fine."

He has even seen the birth of life.

Can human beings really create life?

he does not know.

But at least, if he persists, he will be able to see further behind and understand more.

However, his cultivation base and refinement attainments were still too low, and he never persisted to the back.

In fact, what Qin Chen didn't know was that the scene he saw was beyond the reach of Tianzun.

"I, I... I'll be fine if I come again a few times."

Qin Chen's heart throbbed, completely forgotten, and he was completely immersed in his previous perception.

He sat cross-legged, closed his eyes, and recalled everything before.

Scenes are extremely clear.

call!

I don't know how long it took before Qin Chen let out a sigh of relief before opening his eyes.

In front of him, Heavenly Venerable Lingfeng, Earthly Venerable Mantra, and Venerable Yaoguang all blinked at Qin Chen.

"What's wrong with me?"

Qin Chen was stunned and looked at the three of them.

"Three months, you have been feeling for three months." Zhenyan Dizun couldn't help saying.

"what?"

Qin Chen himself was shocked, and when he recovered, three months had passed. However, this was only in reality. Qin Chen clearly remembered that in that inheritance, and even in that perception, he had experienced the formation of a world, and that vast number of years would last for thousands or thousands of years.

[Chapter 4145: Open your eyes](#)

Yimeng wakes up, I don't know what year it is.

But that is in the inheritance. In the inheritance, it is the soul-level acceptance of the sentiment, the unrestricted lengthening of the thinking, and sometimes one second, even life and death.

Although Qin Chen had only passed three months from the outside world, in fact Qin Chen felt like he had gone through tens of thousands of years of hard cultivation.

call!

Qin Chen's eyes sparkled with a sigh of foul air.

"In three months, you are the one I have seen and the longest time to understand." Ling Feng Tianzun looked at Qin Chen with a different look.

"Three months, is it long?" Qin Chen asked. "Long." Ling Feng Tianzun nodded, "Normal and earthly respect, basically it takes one or two days, and it can reach ten days. They are all abnormalities in earthly respect. Tianzun may be longer. , But the longest one, only one month,

The longer the comprehension time, the higher the point the inheritance has brought to you, and the higher you need to spend more time to comprehend. "

Ling Feng Tianzun looked at Qin Chen with a complicated expression.

"Deputy Hall Master Qin, I only felt it for a day before I became sober."

"My three days!"

Venerable Yaoguang and Venerable Mantra.

"Of course, it's not that the longer the better. Sometimes, if your refining skills are too low, the time for comprehension will be longer." Ling Feng Tianzun said suddenly, with a hint of pity in his eyes.

"Why is this?" "The place of inheritance is the ancient craftsmanship. How it was formed, even the Lord Tianzun does not know." Ling Feng Tianzun said, "Every time you pass on, you will understand the

operation of the law and the formation of heaven and earth. , The higher your refinement attainments and realm, the deeper you can see. For example, if you are just a refiner at the human respect level, then you can see that the human respect breaks through the rule level of the earth respect level. .Similarly, if you are just a pinnacle holy master refiner, you can see

, Is the rule level for the pinnacle holy master to move towards the human respect level. "

"And the higher the inheritor's refining attainments, the higher the level he can see. After coming out of the land of inheritance, the longer the perception time will naturally be." "Other than that, if it's your refining attainments. It is relatively low, so any change in the rules in it is an extremely important perception for you, and because your refining level is too poor, the time required for perception will be longer after transmission.

Long, because you need more time to understand what you see. "

Ling Feng Tianzun looked at Qin Chen with a strange expression.

The perception time is long, either the refining talent is too high, or the refining talent is too low.

Qin Chen, an Earth Venerable, has been comprehending for three full months, and even Tian Zun can only perceive him for one month. Can it be said that Qin Chen is too talented for refining? Is his refining talent higher than Tianzun?

It's impossible to think about it.

This is also the reason why Ling Feng Tianzun's look is weird. In his opinion, Qin Chen can feel it for three months, maybe because there are not many beginners in refining tools.

Can this happen?

Venerable Mantra Earth and Venerable Yaoguang blinked and looked at Qin Chen, wondering whether Qin Chen's three months was because of too high or too low attainments. To be too high, Qin Chen's strength is indeed far superior to them, but they all know that before the ten thousand clan battlefield and his party, Qin Chen is only a half-step Tianzun, although his strength is advancing by leaps and bounds, is it possible that he is also a master Can progress by leaps and bounds

?

They didn't know that Qin Chen thought that with the chaos world and the sky patching technique, what he could naturally see was longer than them, which had nothing to do with the refining method.

"However, you don't have to be discouraged. There are many holy places in the Secret Realm Refining Artifacts in the headquarters of my work day. Master Tianzun can appoint you as the acting deputy head of the refining. ."

Ling Feng Tianzun said to Qin Chen that he had already given Qin Chen the label of a very low refining level.

"There is also a little trick. After you go out, you can try a lot of refining tools. It may remind you of what you saw in this place of inheritance and deepen your impression." Ling Feng Tianzun reminded.

Is there such a way?

Shiningly respects eyes brightly.

"Thank you Lingfeng Tianzun." Mantra Dizun and others shook their hands.

At the same time, Qin Chen also wondered, "When can we come back to accept the inheritance?"

This place of inheritance, he did not see the end, if his attainments improve in the future, Qin Chen believes he can see more. "The place of inheritance is very special. You will have a chance to accept the inheritance for free when you enter the headquarters of Tianwork. Besides, if you want to enter again, you need contribution points. Unless you have made a great contribution to Tianwork, it is impossible to enter easily. First

The second time, as for the specific contribution, you should know when you go back and understand. "

"Does it make a great contribution to Tianwork?"

Nodded truthfully.

"Okay, go ahead."

After Ling Feng Tianzun had said so much, he was a little tired, closed his eyes, obviously he was going to fall asleep again.

Had it not been for the news that Qin Chen had been appointed as the acting deputy hall master, he would not have said so much in ordinary times.

"I'm waiting to leave."

The True Words and the Yaoguang respectfully salute, but before leaving, Qin Chen suddenly glanced at the wooden sculpture in the hands of Ling Feng Tianzun.

"The wood carving in the hands of Senior Ling Feng Tianzun is quite agile, I don't know if I can take a closer look." Qin Chen suddenly smiled.

"Wood carving?" Ling Feng Tianzun was stunned. This Qin Chen was really daring. He actually dared to ask for the wood carving in his hand to watch. This wood carving, although he carved it casually, represented his expertise in refining tools. Achievements and hesitation, he is thinking hard

Qin Chen's path, I'm afraid I won't be able to see it at all, I'm afraid that he thinks this wood carving is just a little thing and hobby of him.

"Why, your Excellency is also interested?" Ling Feng Tianzun casually threw it to Qin Chen to see what the other party's purpose was. "Lifelike, brilliant workmanship." Qin Chen took the woodcarving, looked at it carefully, and exclaimed in amazement. Then, he suddenly raised his sword with his right hand and turned it into a sharp blade, and suddenly tapped twice on the woodcarving's eyes. Then he gave it back to Ling

Fengtianzun.

"Senior Ling Feng Tianzun, goodbye."

Qin Chen's voice fell, and he immediately turned and left, rushing into the void together with the Mantra Earth and Yaoguang.

Huh!

Was sent away. Only Ling Feng Tianzun sitting on the meteorite remained in the void. Seeing Qin Chen and the three disappeared, he said to himself: "Acting Deputy Hall Master? What kind of medicine is sold in the Hall Master Gourd that actually made such a young man? One of the boys is acting as the deputy vice-president,

eccentric?" Ling Feng Tianzun frowned. Suddenly, he was taken aback and hurriedly lowered his head. He saw an inexplicable breath flowing above the lifelike wooden sculpture in his hand. Upon closer inspection, he saw the eyes of the eagle wooden sculpture. In the middle, the power of chaos suddenly surging out, ah, this eagle actually opened his eyes.

[Chapter 4146: Good means](#)

Yo!

With a long cry, the eagle spread its wings, and the woodcarving really turned into an eagle, rising into the sky and hovering in the void.

"Come back!" Ling Feng Tianzun was shocked, used the rules, took the eagle into his hand, and found that the power of the rules on the eagle was flowing, lifelike, as if psychic, and there was chaos in those eyes. Dissipation, this is a special rule

Force, evolve life.

"Carving wood for the finishing touch, transforming into a living being, sigh...this refinement accomplishment."

Ling Feng Tianzun perceives it carefully, and immediately takes a breath. Under Qin Chen's random movement, this wooden sculpture seems to have activated the spiritual intelligence in the body, and a breath of life appears on this wooden sculpture.

"No, this is not the incarnation of real creatures, but the use of clever refining methods to activate the vitality of the rules in the wood carving, so that it can absorb the aura of the heavens and the earth, and nurture the spiritual wisdom, so that it can produce its own spirit in the future."

"Dian Mu Cheng Ling."

Ling Feng Tianzun looked astonished. This wood carving was carved by him. In fact, as the most veteran powerhouse of Tiangong, his refinement skills are absolutely in the forefront of Tiangong, and he has reached a level of perfection. To the point.

And this wood carving, although he did it casually, actually contains the essence of his life's refining tools. The lifelike and vivid carving, the kind of temperament that is like an incarnation of a living being, is actually what he gave this wood carving.

The most proud thing of a refiner is that the spirit of the weapon can be bred in the magical weapons that they have trained. This is their greatest pursuit in their lives. It's just that, after all, this wood

carving was carved by him at will. The method is naturally good, but because of the ordinary materials, if you want to breed the spirit of the instrument, you can wait for difficulties, let alone breed the spirit of the instrument, want to truly give birth to the treasure. Wisdom is by no means idle

.

But before Qin Chen, only the subsequent processing, caused his wood carving to begin to nurture a trace of wisdom. Although he was still far away from the spirit of the instrument, this method was magical and completely shocked Ling Feng Tianzun.

At this moment, Ling Feng Tianzun understood in an instant that only Qin Chen, who has the cultivation base of the earth respect, may not be strong in refining techniques, but this kind of finishing touch and the perception of the place of inheritance are already in him. on.

Turn your hands for clouds and cover your hands for rain.

This is Qin Chen's method.

"Unbelievable, it's no wonder that the lord of the hall will appoint him as the acting deputy hall master."

Ling Feng Tianzun was shocked and smiled bitterly at the same time.

ridiculous! He originally thought that Qin Chen could perceive for three months in this inheritance place because of his weak refining skills, but now he understands that the other party has pruned into the most core level of the inheritance place, and he has Feeling for so long

Enlightenment.

For a time, Ling Feng Tianzun's heart was mixed.

After a long time, he sighed, then smiled.

"Hall Master, Lord, you still have a scheming plan. I am really old. It seems that this world will be young in the future."

Under Ling Feng Tianzun's comprehension, his heart seemed to move. Holding the wooden sculpture in his hand, if he felt something, he immediately fell into a deep sleep, but in his mind, a bright light flashed, another world.

Beyond the heritage.

"Qin Chen, what did you do to the wood carving of Lord Ling Feng Tianzun?"

Truthfully respect the doubts.

"Hehe, it's nothing, just give a little bit to Senior Ling Feng Tianzun." Qin Chen smiled.

He could feel what Ling Feng Tianzun wanted to do. It happened that he had seen the chaotic creatures in the fire world, felt the evolution of life in the land of inheritance, and had some gains, so he gave Ling Feng Tianzun a little bit.

As to whether Ling Feng Tianzun could feel it, Qin Chen couldn't be the master. "Sitting in the place of inheritance, handed down from ancient craftsmen, he seems to be an old man. This Lingfeng Tianzun

should not be a spy. According to the information I have obtained, the demon spy holds great powers in the work of heaven, has an extraordinary identity, and the eighth top positions. Auxiliary hall

One of the lord? "

Qin Chen thought in his heart.

"Go, go back to your residence first."

The three Qin Chen flew to their palace.

now.

Within the territory of the demons.

This is a vast void of demons, with demonic energy soaring into the sky, like purgatory.

In this purgatory, many magic stars are suspended, and the endless demon energy emanating from these magic stars turns into a vast river of magic, winding and flowing.

In the magic river, all kinds of visions manifested, there are stretches of mountains, vast rivers, there are floating stars, and visions are everywhere.

Among them, in the middle of the Demon River, there is a huge magic star, and on the magic star, a huge black figure that stretches across the entire star appears.

"Hoo..." "Hoo..."

"Hoo..." "Hoo..."

It's like breathing. With every breath of this black figure, the magic river with a diameter of more than tens of thousands of miles will be filled with black magic energy, endless magic energy shoots, and every breath will cause a party to scream in the void, countless mountains are destroyed, and the magic river is cut off. Magic star burst

, Demon Qi is flying... Fortunately, there are no other creatures in the entire Demon Qi Purgatory Void. "It interrupted my deep sleep." A rumbling voice resounded throughout time and space, and only a few of the magic stars in the endless magic river were directly squeezed out, and a towering black figure stood up and emitted from the huge magic star. Out endless

The breath of fear, he spoke casually, and the roar that broke out could shake the sky. In the distance, at the end of the Demon River, a strong man with endless magic power, creeping at the end of the Demon River, this is a strong man like a demon god, but in front of this majestic figure, he crawls respectfully and respectfully said: " Master Mozu, the total working day

News from my demon envoy in the secret realm, my lord, Qin Chen, the human race you are concerned about, appeared in the secret realm of the Tiangong headquarters, and was appointed by Tiangong Tianzun as the deputy deputy head of Tiangong. "

The strong said respectfully.

The terrifying figure above the demon star turned out to be the ancestor of the abyss demon.

"That kid, went to the secret realm of Tiangong headquarters?"

The ancestor of Yuanmo whispered, his eyes flashed with cold light: "Interesting."

He sneered.

However, this was also in his expectation.

"Xiaoyao supreme thing, what is this doing? Find an heir for Tiangong? Huh, didn't he know that there was also someone from the Demon Race at work that day?"

The eyes of the ancestor of the deep demon flickered. "No, even if he knows it, I am afraid there is only this way. After all, if Qin Chen stays on the battlefield of the ten thousand races, he is afraid that he will be killed by my demons sooner or later. , It's quite safe

all. "There is also the pillar of fire guarded by the sky-reaching pole. The ordinary Tianzun will die if he enters. Only the peak Tianzun will have a chance to breathe. After a breath, he will also be trapped. Is pie

Send me the supreme of the Demon Race. "

"Savvy enough, good method." Yuanmo ancestor sneered.

[Chapter 4147: Mozu Command](#)

The secret realm of the Tiangong headquarters is extremely dangerous. As the ancestor of the demons, would he not know? In the past, he also attacked the secret realm of Tiangong's headquarters many times. Although a lot of it was destroyed, there are still some top treasures passed down. This also caused Shengong Tianzun to build a forbidden place that originally belonged to craftsmen.

The secret realm of the headquarters where the entire day's work is located.

"If you rush to send a strong person, you are afraid that it will be dangerous. The pinnacle of heaven is very likely to fall into it. Unless it is the supreme level, it can retreat safely. It seems that for the time being, it can only let the little Qin Chen develop in it. ."

The ancestor of the Demon Race had a gloomy look, and he naturally knew the terrifying realm of the Tiangong Headquarters. Even if he wanted to kill Qin Chen, he still had to make a decision. "This time on the battlefield of Ten Thousand Races, my Demon Race has fallen to the Demon Celestial Venerable. It can be said that the loss is not small. It is not a small price to kill that kid in the secret realm of the Tiangong Headquarters. , It's not worth it." Yuan Mo

The ancestor's deep eyes flashed with cold light, and he was also thinking about how to solve this human arrogance.

This son will definitely become one of the pillars of Human Race in the future.

The ancestor of the deep demon once entered the long river of fate to calculate Qin Chen. He was quite sure that if Qin Chen continued to grow, it would inevitably become one of the great troubles for the demon clan.

Moreover, he had a faint feeling that Qin Chen stepped into the realm of Tianzun, fearing that the probability was not small.

As for becoming the supreme... but it is a big hurdle.

No matter who wants to break through from Tianzun to Supreme, it is a big hurdle.

Like Tianzun Shengong, the founder of Tiangong, he was already a Venerable in ancient times, and later became Tianzun, trapped in the last step of infinite years.

Like the Jinlin under the command of Xiaoyao Supreme, with extraordinary talents, he has always been trapped at the peak of Tianzun. Although it can be called invincible at the realm of Tianzun, it is not a threat to the ancestor of Abyss Demon.

Qin Chen is dazzling.

However, Qin Chen is still only in the realm of Earthly Sovereign. Although his Earthly Sovereign realm can kill even ordinary Heavenly Sovereigns, it is still far behind the Peak Heavenly Sovereign.

For a Qin Chen, it is not worthwhile for the ancestors of the deep demon to lose at least one peak Tianzun master to go to the secret realm of the Tiangong headquarters to kill the opponent. This time, the loss of the Demon Tianzun on the battlefield of the ten thousand races has already made him quite distressed. At his level, ordinary Tianzun like the Molten Flame Tianzun is simply inconspicuous, and the loss will not be too distressed, but For Demon Tianzun like this

The existence of the top powerhouse of the spirit demon clan, Pinnacle Tianzun, is still a little concerned.

"Wait..." "Our clan is lurking in the secret realm of the Tiangong headquarters, and can fully know all the news about Qin Chen. As long as Qin Chen leaves the secret realm of the Tiangong headquarters, he can be killed. It must be so reckless, after all, that's heaven

Secret realm of working headquarters. "What's more, he? He is still only the Earth Venerable. Although the Earth Venerable can kill the Heavenly Venerable, there are certainly many secrets in him, but it will take many years for him to break through the Heavenly Venerable. Of course, with the strength of that kid, once he breaks through, I'm afraid it will be a golden scale

The troubles of Tianzun and Shengong Tianzun were even greater than those of those two guys. "The ancestor of the deep demon secretly said: "After all, he is the descendant of that one. "

"If that happens, the ten thousand races will be in trouble on the battlefield, which is a big threat."

As far as the hostile race is concerned, Qin Chen really wants to break through the Heavenly Venerable, and before the two tribes decide to start another ten thousand clan battle, it is probably more trouble than some supreme ones.

Because the Supreme cannot interfere in the battlefield of ten thousand races.

But Tianzun can fight on the battlefield of ten thousand races, Qin Chen really wants to break through Tianzun and aggressively target his demons on the battlefield of ten thousand races, fearing that it will

cause his demon race's territory to continue to shrink, and the backbone of the team will be seriously damaged.

"It is a hurdle to reach Tianzun." "Qin Chen wants to break through. It is not that simple. Xiaoyao Zhizun asked him to return to the secret realm of Tiangong headquarters. I am afraid that he also wants him to experience some inheritance, but it will not succeed in a short time. "Although the ancestor of Yuanmo paid great attention to Qin Chen, Qin

Chenli is still a long way away from becoming a threat: "Wait first, so that the people in the secret realm of the Tiangong headquarters can impede it. The first priority is the dark forces."

The Yuanmo ancestor's thoughts fell, and immediately sneered.

"This God-worker Tianzun, in order to please that one, and to give this Qin Chen enough experience, he directly appointed him as the acting deputy hall master. Haha, it gave me some opportunities."

The ancestor of Yuanmo sneered. "The group of crafting masters in the work of heaven are all stubborn. They are not afraid of the heavens, the earth is not afraid, and no one accepts them. They only care about their own face. Now knowing that Qin Chen has become the acting deputy hall master, how can he survive?" Yuan The demon ancestor sneered, in the intelligence,

He also learned about the situation in the secret realm of Tiangong's headquarters.

The group of old crafting masters, as he had expected, were all angry and couldn't help it.

"Just add more oil and vinegar, hehe."

Thinking of this, the ancestor of Yuanmo immediately began to issue some orders.

Although he would not send a master to kill Qin Chen, his demons have been deployed in the secret realm of the Tiangong headquarters for so many years, naturally there are many dark hands, and they can make certain decisions against Qin Chen.

"Hey, kid, just wait for you to be scorched."

When the order was given, the ancestor of the Abyssal Demon grinned and fell asleep again after a while.

After he was struck by Qin Yuechi's sword over the battlefield of the Ten Thousand Clan, although he retreated all over his body, he also suffered some minor injuries and naturally needed to repair himself.

He has more important things to do.

As for Qin Chen, he only occupies a small corner in his heart. After all, his opponent is the leader of Xiaoyao Supreme.

Secret Realm of Tiangong Headquarters. In a magnificent palace, a figure with a face hidden in the darkness received a message. This message was extremely secretive. As soon as the power of the terrifying breath swept through the consciousness, it instantly vanished into nothingness.

.

"An order from the ancestor of the deep monster, Qin Chen?"

This dark figure whispered, and the whole void was shaking.

"It's just a small person. Not only is Shen Gong Tianzun appointed him as the deputy hall master, but now even the ancestor of the Abyss Demon sends a message personally to let me take action and destroy the future of Qin Chen. It is interesting."

This dark figure exudes a cold light in the eyes. "Well, I've been lurking here for these years, but I'm not doing anything else, but I can move around and have fun, haha, Qin Chen, the deputy hall master, you just wait, blame it, you don't recognize it. For his own positioning, he must let Shen Gong Tianzun put himself on the fire and be content with himself."

[Chapter 4148: Challenge you](#)

This black shadow voice fell, quietly disappearing into the void, disappearing.

At the same time, some messages quietly passed out in the secret realm of Tiangong's headquarters, and passed to the hands of some people in the secret realm of Tiangong's headquarters.

Qin Chen naturally didn't know that the ancestor of Yuanmo had already taken action against him.

After leaving the place of inheritance, he and Zhenyan Dizun went straight to their palace.

But along the way, Qin Chen frowned slightly.

Because, starting from leaving the place of inheritance, along the way, a lot of divine knowledge swept over and landed on him. That divine knowledge is very sharp, all with the taste of inspection.

Even these people are discussing something in secret.

Along the way, as long as Qin Chen and the others met, they would all give them pointers.

"Qin Chen, it seems that we have been working celebrities all day?" Zhenyan said with a smile, but there was a trace of solemnity in his eyes.

After all, being pointed out by so many people, many elders in the secret realm of the work headquarters that day are his predecessors, can he be under pressure?

"Master, you are too good at putting gold on your face. The one who became famous is Qin Chen. What does it have to do with you?"

Venerable Yaoguang made a merciless blow.

"Cough cough." Zhenyan Dizun was speechless, "I said disciple, can you give your master some face?"

"Don't bother." Qin Chen was calm and contented, he naturally wouldn't care about these guys' instructions.

The group of three quickly returned to their palace.

"Ok?"

However, Qin Chen frowned slightly as he approached his palace.

Mantra Dizun also stopped his figure, his face in shock.

I saw a lot of people surrounded outside their palace. Some of them were dressed in deacon robes and some were dressed in elders' clothes. Each exuded a terrifying aura, like a vast ocean of venerable aura, in this world. Dissipate.

"Qin Chen...this..." Zhen Yan said in astonishment.

With so many people surrounded here, I have to say that it has given a lot of pressure to respect the truth.

Not to mention Venerable Yaoguang, after all, he is just a junior.

"Look, then Qin Chen is here."

"Which is Qin Chen?"

"It's the youngest one in the middle. Next to them are Venerable Mantra and Holy Master Yaoguang."

"Huh, that's him? It's really young. They say that Qin Chen is extremely young. From now on, it seems that it is true that such a young guy was appointed as the acting deputy hall master. What do those high-level officials think?"

Seeing Qin Chen and others coming over, there was a commotion on the court and there was a lot of discussion. Many people stared at Qin Chen, but their eyes were not very friendly.

"Are you Qin Chen?"

Among the crowd, an old man walked out, and before Qin Chen and the others returned to their residence, they had already stopped in front of the three of them, staring at Qin Chen.

This old man, wearing a pharmacist robe, has an extraordinary temperament, and his cultivation level is like a pinnacle earthly respect, his eyes twinkling, staring at Qin Chen disdainfully.

His posture is high, like a senior looking down on a junior. "Qin Chen, this is Elder Longyuan. I am an old elder who works for me." Zhenyan Dizun hurriedly communicated to Qin Chen, telling Qin Chen the identity of the other party. This is really an old antique who works very early. Is already an elder-level figure, in

When Shinkan Dizun was only a junior, he heard the other party lecture.

If it is usually true and respectable to meet, it will naturally be quite happy, but today, the person who came is not good.

"Elder Longyuan..."

Zhen Yan Di Zunsheng was afraid that Qin Chen would say something wrong, so he hurried forward, bowed first, and then said a few good words.

However, before he could speak, the other party had already made a cold voice.

"The truth is, you should retreat to me. There is nothing to do with you. Huh, are you an old man who works for me? It's ridiculous to follow such an acting deputy master, how can this person? Let you saddle up and down?"

This elder Long Yuan said with disdain, his eyes were cold, and he couldn't say a word of truth.

"Elder Longyuan?"

Qin Chen smiled.

interesting.

Veteran elder? Old man who works for the day?

However, Qin Chen just learned from the mouth of Yu Demon Land Lord that this elder Longyuan was one of the spies of the Demon Race.

Are the demons unable to hold back so quickly?

"Elder Longyuan, you have said that, Qin Chen's deputy deputy head of the palace is appointed by a high-level person. As for me, I just obey the high-level order and learn from Qin Chen. How can I take the lead?" Zhenyan respected his face. Ugly. "Shen Yan Di Zun, don't have to say more." Qin Chen laughed suddenly. He prevented the Zhen Yan Di Zun from continuing to speak. He glanced at everyone present, then looked at Elder Long Yuan, and said with a smile: "It turned out to be Elder Long Yuan. Why, you are looking for me, the acting deputy hall master

Something? However, you don't seem to know the difference between superiority and inferiority, should an elder be more respectful in front of me, the acting deputy hall master. "

As soon as this statement came out, there was an uproar on the court, and many deacons and elders glared.

This was Elder Long Yuan, an old man who worked in heaven, Qin Chen was so arrogant, it was too much.

Originally, they were quite hostile to Qin Chen, but now they were even more angry.

If it hadn't been for the work rules one day, in the outside world, I would have done it long ago.

"Hahaha... is there a difference between superiority and inferiority? The old man has been working as an elder in Heaven for many years, and this is the first time he has seen such an arrogant young man like Your Excellency." Yes, but just appointed

Yes, this elder didn't approve it. A small earthly respecter wanted to become the acting deputy hall master? ridiculous. "

Qin Chen smiled slightly and said faintly: "This acting deputy hall master is a high-level canonization, not appointed by the young master himself. If Elder Long Yuan has any opinions, he can go to the ancient craftsman Tianzun and the others, or the Shengong Tianzun. The hall master is also fine." "Hahaha, where do I have any comments? Congratulations." Elder Long Yuan laughed loudly. "It is rumored that the deputy hall master Qin used to be the external saint of my daily work. I have been here, as a holy son, can directly become my heaven

The deputy master of the work agent must be extraordinary in strength and extraordinary..."

This seems flattering, but it sounds harsh.

Many elders present felt uncomfortable after hearing it... Because Qin Chen had indeed become the Deputy Vice-Hall Master directly from a Saint Child, something that hadn't been heard in many years.

"I am happy to learn that your Excellency has become the acting deputy hall master. I am very happy. I have one more future deputy hall master and one more pillar for my daily work."

"Thanks." Qin Chen said.

Elder Long Yuan grinned and grinned with his fangs: "Your Excellency is so young to be the deputy head of the palace, it must be extraordinary."

"I'm here!" Elder Long Yuan stared at Qin Chen, "One is to congratulate you, and the other... is to challenge you, the Deputy Vice-Hallmaster!"

[Chapter 4149: Forced palace](#)

"Since the acting deputy hall master can be recognized by the adults, the strength must be extraordinary. I don't know, dare the acting deputy hall master dare to accept the challenge of this elder? I want to come to be the acting deputy hall master and the strength should be very happy to let I wait to see

Your Excellency, right? "

Elder Long Yuan looked at Qin Chen with a smile, but his eyes were cold, like a blade, rushing straight into the sky, blooming a divine rainbow.

He is pushing the palace.

challenge?

As soon as this remark came out, the mantra respected suddenly changed color.

"Qin Chen..." Zhenyan Dizun hurriedly looked at Qin Chen. Elder Longyuan is a veteran elder who has already achieved the existence of the pinnacle of the earth. He has extraordinary strength and is stronger than Elder Gu Xu, at least Yehe. One level of elders, even in seniority

, Elder Yehe is not weaker at all.

He wants to challenge Qin Chen. If he loses, he will lose face, but if he wins, Qin Chen will be in trouble.

Acting Vice-Hallmaster, Tianjiao is second only to the eighth incumbent Vice-Hallmaster level. The candidate for the future Vice-Hallmaster, once Qin Chen loses to Elder Longyuan, who is willing to recognize his status as the Deputy Vice-Hallmaster?

An acting deputy hall master who can't even defeat an elder, who will listen?

This is an arrogant scheme that made Qin Chen lose face in the secret realm of the Tiangong headquarters. "Haha, what, didn't the acting deputy hall master agree? Or, the acting deputy hall

master is scared?" Elder Long Yuan squinted his eyes and said with a smile: "I should think more about it. Status, that must be my job

The top powerhouse, you say yes. "Haha, naturally, Elder Long Yuan has worked hard and made great contributions. He has worked in Tianhe for so many years and made great contributions, but after so many years, Elder Long Yuan has not been able to become the deputy head of Tianhe, but Qin Chen has become. This clearly illustrates this

People must have their own extraordinary things, and it is still possible to give pointers to Elder Long Yuan. "

"With the prestige of Lord Hallmaster, naturally he will not make wrong choices. He can let this Qin Chen act as the deputy deputy hall master, indicating that the deputy deputy hall master must be extraordinary. Now it depends on whether the deputy deputy hall master is willing to give instructions. Elder Long Yuan is here." "So? I have always been united and friendly in my daily work. Elder Long Yuan has made so many contributions to my daily work. He has worked so hard. Now I invite the Deputy Deputy Hall Master to give pointers. Why would you refuse?

The acting deputy hall master. "

There was a sneer, ridicule, and playful abuse, and it sounded in the crowd, all booing.

Among these people, some were deliberately arranged, some were dissatisfied with Qin Chen himself, and more, it was not too big to watch the excitement.

After all, let an external saint child who has never been to the secret realm of the headquarters directly become the acting deputy hall master, and no one is happy to change it.

You said that it's nothing more than to become an elder. Everyone can accept it anyway. Acting Vice-Hallmaster, who is second only to the eighth major serving Vice-Hallmaster. Why?

In terms of merit, status, and strength, in the secret realm of Tianjiao's headquarters, how many old and powerful people who have made a lot of contributions to Tianjiao have not enjoyed this treatment. An outside kid, on what basis.

For a time, the whole scene was discussing.

The conference hall in the center of the island of Takumi.

The ancient master Tianzun and some of the deputy hall masters who were present had also received the news long ago, staring one by one, passing through the layers of void, and landed at Qin Chen's residence.

"The ancient craftsman Tianzun, this is the person you brought, why, don't you go and get out of the siege?" The burly-bodied Tianzun Tianzun looked at this farce, and said with a smile.

"I waited for the deputy hall master who was just appointed, but was surrounded by a group of elders and passed it to the ears of the hall master, right?" Wending Tianzun frowned. "What's wrong? Elder Long Yuan and they all have worked hard. Now that they see outsiders directly becoming the deputy hall masters, they will naturally have some fluctuations in interest, so why not make them crazy?" Xing Jiang Tianzun said indifferently: "Long Source elders

I can also be regarded as an old man who works every day, and I should have a sense of measure. Besides, I am also a little curious about this command of Lord Tianzun. I want to know what is special about this kid, don't you want to know? "

Several deputy hall masters all had their eyes flickering and each had their own thoughts.

"Ancient craftsman Tianzun?"

The Absolute Weapon Tianzun looked at the ancient craftsman Tianzun with a smile, but there was a different look in his eyes. The ancient craftsman Tianzun frowned, and said lightly, "Don't use words to provoke me. What is it to me? I brought Qin Chen back, but the order was given by Lord Tianzun. If you are If you have any doubts, just go to Master Tianzun,

I still have business, so I won't be with me "

After the ancient craftsman Tianzun finished speaking, he turned and left.

"This ancient craftsman..."

The other deputy hall masters all had their eyes flickering, but they all understood the attitude of the ancient craftsman. As long as he didn't make a move, they would naturally not care.

So what can Qin Chen have?

They are also looking forward to it.

Above the mansion, Elder Long Yuan looked at Qin Chen with a venomous look in his eyes.

"Why, don't you agree?"

Elder Long Yuan said lightly, licking his tongue.

It doesn't matter whether Qin Chen agrees or not. If he agrees, he will directly suppress Qin Chen, making him faceless. If he refuses to agree, hehe, Qin Chen is such a newly appointed deputy palace master, who will care in the future?

silence.

The open-air square was very quiet, and countless elders looked at Qin Chen with different eyes.

Feel the gaze of countless people, or hostility, or arrogance, or anger.

In front of everyone.

Qin Chen smiled suddenly.

It made me seem to have to become the acting deputy hall master.

Originally, Qin Chen was extremely indifferent to the position of acting deputy hall master, but now these guys' actions made Qin Chen a little unhappy.

Moreover, Qin Chen also understood that this should be done by someone from the Demon Race.

Can't you hold back so much?

"Haha, challenge?" Qin Chen laughed, "I don't know where Elder Long Yuan wants to challenge?"
"Naturally on this craftsman island arena." Elder Long Yuan licked his lower lip, his deep eyes filled. It's a smile: "Maybe the acting deputy hall master still doesn't know that although my daily work is a place for refining tools, there is also a pair of battle arenas on the island of my craftsman god.

It can be used by many powerful players in the secret realm of our headquarters to fight against, among which there are restrictions to prevent outside interference. "

Elder Long Yuan grinned: "You don't need to find a reason, the acting deputy hall master just needs to tell me, dare you!"

"If you're scared, you can refuse." "But I think the acting deputy palace master is a peerless genius who works by Chuantian, and he shouldn't let me down." Elder Long Yuan stared at Qin Chen, "Reject...or accept?"

[Chapter 4150: Million contribution points](#)

The entire void was extremely silent, and countless elders were watching and listening carefully.

Qin Chen, the newly appointed acting deputy hall master.

In fact, everyone knows that Qin Chen is very young, and Elder Long Yuan's so-called instructions and challenges are actually to destroy Qin Chen's face.

No one in the room is an idiot, everyone understands it, so in the eyes of outsiders, Qin Chen can refuse it, and even if Qin Chen is afraid and dare not, then the elders present will also understand.

However, even if it is understood, as long as Qin Chen refuses, then no one will care about the position of Qin Chen's acting deputy hall master.

No one would care about his orders for an acting deputy hall master who couldn't even accept the challenge of the elders.

Qin Chen suddenly smiled under everyone's eyes.

"Since Elder Long Yuan insists on Ben Shao to give him pointers, as the acting Deputy Hall Master, Ben Shao, if he refuses, it is really impossible to justify."

The countless deacons and elders who were present suddenly became a little excited and excited.

"Have you accepted?" Elder Long Yuan's eyes were full of excitement, and his fighting spirit was overwhelming. "Haha, let alone you, Elder Longyuan, even if all the elders on the scene want to challenge me, I want the acting deputy hall master to give them some pointers and show them the way, I Qin Chen will not refuse , After all, it's my responsibility

And obligations, everyone said so! "

Qin Chen looked at all the elders present with a smile, and his voice was loud, resounding throughout the island of God of Craftsman.

proudly.

High above.

His eyes really looked like a deputy hall master, looking down at these elders, to give pointers to these deacons and elders, as if they were looking at their juniors.

"Arrogant!"

"Arrogant!"

This made countless deacons and elders angry. These words were too arrogant. What did Qin Chen mean?

Really treat them as juniors?

The True Words of Earth and Yaoguang were also shocked, Qin Chen...

Even the ancient craftsman Tianzun and others who had been watching silently in the discussion hall in the distance were shocked.

This Qin Chen is not too low-key, not to mention that he provoked Elder Long Yuan, but he took the initiative to provoke so many deacons and elders.

"Hehe, this kid, really has the confidence."

"Is he going to challenge all the elders present?"

The Heavenly Venerable Absolute and the Heavenly Venerable Walking, they all smiled, but their smiles were very cold.

Qin Chen was so mad that they were a little unhappy.

After all, Qin Chen's appointment was a bit uncomfortable for them.

"Haha, very good, in that case, come with me over there." Elder Long Yuan said to Qin Chen, turning around to go to the secret ring arena.

"Wait a minute."

Qin Chen spoke suddenly.

Elder Long Yuan stopped and turned his head: "Why, regret it?"

The corner of his mouth outlines a playful sneer. "Tell the subordinates, what can I regret, but, you have also seen, the acting deputy hall master is actually very busy, in case the elder Longyuan is finished pointing you, the other elders will continue to let me point, I I can't stop doing it instantly,

Did you just point you? "So, in addition to Elder Longyuan, there are also those who need the guidance of the deputy hall master. You can say it right away to avoid trouble again. Explain in advance. It is out of date. If this challenge is over, Who else wants this generation

If the deputy hall master Li pointed, the deputy deputy hall master didn't bother to pay attention. "

Qin Chen said with a smile.

"you....."

"Arrogant, just too arrogant."

"Who does he think of himself?"

Countless elders were furious and thunderous.

Originally, these elders of them put aside their work and did not do it. They came here because they were dissatisfied with Qin Chen. Now that Qin Chen is so provocative, how can they bear it?

"This elder also wants to challenge Qin's Deputy Deputy Hallmaster."

"Hehe, this elder has lived for more than 100,000 years, and it is the first time to see a young man so arrogant, or it has been a long time since he has received instructions. This elder also wants to liven up his bones."

"Huh, the stinky kid, this elder also wants to accept a challenge."

A group of elders stood up one after another, their eyes were cold, and said with a cold voice.

For a while, the atmosphere was extremely solemn, and the complexions of the True Words and Yaoguang were greatly changed.

Qin Chen angered the crowd.

Looking at it roughly, there are at least thirty elders who have stood out.

This is because there are many elders who have not been able to appear here, otherwise, if Qin Chen's words are spread out, the entire Artisan Island will be overturned. "Oh, yes, forgot one thing." Qin Chen smiled suddenly: "The deputy hall master is also very busy. Naturally, he will not give you free guidance. If you want the deputy hall master to give pointers, every time Need to pay one million contribution points, if you lose, this agent

The deputy hall master compensated him for one million contribution points, and if he won, this one million contribution points would be the instruction cost of the acting deputy hall master. "

"what?"

"One million contribution points?"

"Is this guy crazy?"

Many elders were shocked and in an uproar.

One million contribution points, no more, no less, it happens to be the price of an earthly treasure in the secret realm of Tiangong headquarters.

A piece of earth-sovereign treasure, this is also in the work of heaven, many elders have been in countless years, and each is worth a lot of money. If it is some ordinary earth-sovereign from the outside, I am afraid that it may not be able to do it.

"Qin Chen..."

Zhenyan Dizun's face changed, and he hurriedly wanted to remind that there were more than 30 elders. If he lost, wouldn't Qin Chen have to pay more than 30 pieces of Dizun treasures?

Can he afford it?

Although he knows that Qin Chen's strength is extraordinary, Shinto Dizun has only seen Qin Chen suppress Elder Gu Xu in the Heavenly Work Camp, but among the elders present, there are not a few who are stronger than Elder Gu Xu. Those who dare to come forward, who is the weak? But Qin Chen waved his hand and said to many elders: "You elders are all outstanding people in my daily work. You can't even get a million contribution points, right? Also, you don't have to worry about this deputy deputy. The lord can't afford to pay, the young master is good

There are a lot of things, and, as the acting deputy hall master, he won't rely on you. "

"Alright, Elder Longyuan, lead the way!"

Qin Chen smiled at Elder Long Yuan.

"This Qin Chen..."

Elder Long Yuan's heart sank. For some reason, at this moment, he actually had a feeling of retreating.

"This kid, what kind of medicine is sold in the gourd?"

At this point, Elder Long Yuan could not shrink back naturally.

"Haha, well, the acting deputy hall master is really domineering." Elder Long Yuan laughed, "Come with me."

His figure shook, and instantly led Qin Chen towards the ring.

Qin Chen followed closely, and the True Words and Yaoguang gritted their teeth and hurriedly followed.

boom!

Suddenly, when the news was passed on the Island of Craftsman God, the countless powerhouses of the whole Island of Craftsman were boiling.

Many elders who were in retreat couldn't help it any longer. They left the gate one after another, flew out, and hurriedly came. For a time, the island of Craftsman God, which had been silent for countless years, was instantly lively.
