

Valkyrie 4151

[Chapter 4151: Showdown](#)

A storm suddenly set off, and countless refiners who worked throughout the day boiled, like a hurricane, instantly spreading throughout the island of the heavenly craftsman, causing an uproar. It should be noted that the secret realm of Tiangong Headquarters has not had such a big event for a long time. Although in the duel arena, sometimes elders and deacons often engage in closed battles in order to improve themselves, but they are just discussions between each other.

What topicality is there.

Now, Elder Long Yuan took the initiative to challenge the new acting deputy hall master in order to respond. Such a thing is much more exciting than the discussion between the two elders.

Even if the two half-step Tianzun fights against each other, it won't make everyone so excited.

Elder Longyuan, a veteran elder who works for days.

Qin Chen, an external saint son of Tiangong, made great achievements inexplicably, and then was taken to the headquarters of Tiangong, and was also named as the acting deputy hall master somehow, which attracted the discomfort of countless elders.

The actions of Elder Long Yuan were actually acting for the many elders present.

How explosive this news was, it was transmitted through the entire Craftsman God Island almost instantly. As long as the elder Tiangong who was not in retreat, many of them quickly learned about it.

"What? Elder Long Yuan challenged the new acting deputy hall master Qin Chen? Fighting on the battle arena on the island of God of Craftsman?"

"What a joke!"

"Elder Longyuan is a veteran elder. Although he has never stepped into the realm of the Heavenly Sovereign, he still has the combat power of the Peak Earth Sovereign. Ordinary Peak Earth Sovereign is not his opponent, so Qin Chen is too reckless!"

"Hehe, it's not that Qin Chen is reckless, it's that Elder Longyuan is on his head, can Qin Chen not agree? If he doesn't agree, we will be laughed at by the strong man who works throughout the day, he is the acting deputy master. It became a joke."

"Don't say that the acting deputy hall master is a joke, even if he really has the ability to break through the heaven in the future and become the real deputy hall master, this will be a stain in his life."

"So, he can only agree."

"No wonder... I was forced to do this."

"Forced? You don't know it yet. Qin Chen not only accepted the challenge of Elder Long Yuan, but also actively said that he would point out all the elders present, and each would have to make a bet of 1 million contribution points. Look at him as crazy."

"One million contribution points? Isn't that the price of a treasure? This kid is too arrogant, lunatic, really lunatic!"

"Reckless!"

"arrogant!"

"Arrogant!"

After hearing this, the elder Tiangong who was originally upset that Qin Chen became the acting deputy hall master felt that Qin Chen, a genius, had gone crazy and overconfident!

To tell the truth, they still knew about Qin Chen, the earthly superior.

For an external saint child, it is almost impossible to reach the realm without natural resources to cultivate, but Qin Chen has reached it and was appointed as the acting deputy hall master.

Regardless of the reason for the appointment, Tiangong elders still admire Shengong Tianzun, and believe that Shengong Tianzun will never make such an appointment for no reason. This kid must be something extraordinary.

However, no matter how extraordinary, it is impossible to be the opponent of Elder Long Yuan.

This son is definitely a genius, but he is also definitely an overconfident, extremely arrogant, reckless, and arrogant genius.

Top geniuses, they work too much every day, who hasn't seen them, let alone seen them, who can become elders of the day, who is an ordinary person? Which is not a character who has gone through countless experiences and countless fights.

In other words, when you were young, which of the elders present was not a Tianjiao person?

But Qin Chen did such a thing, and this moment made their sense of Qin Chen worse.

A deputy deputy palace master who had no position at all made them feel disdainful and angry more than a cowardly deputy deputy palace master.

People are self-knowledge. Even if Elder Long Yuan's challenge cannot be rejected, Qin Chen has many ways to reduce the impact of this matter, but he has made the most arrogant and ridiculous decision.

"After this battle, he will be sober."

"Too underestimate our daily work, and to underestimate the strength of our craftsmen."

"It's a pity that this kid might have to pay a lot of treasures in order to clarify his position!"

"One million contribution points, seeking a dead end."

Many elders looked coldly, thinking that Qin Chen's death was more than guilty.

Whoosh! Whoosh! Whoosh!

In the sky, a group of strong men flew by, and the breath that radiated from it was earth-shaking.

Qin Chen was naturally in the crowd, and flew behind Elder Long Yuan. He was the vanguard. By his side, the Shining Divine and Yaoguang Venerable were both worried and bitter.

Because they also felt that Qin Chen was too reckless. "Qin Chen, you were too reckless just now..." Mantra said with an anxious expression on his face: "Elder Long Yuan is a veteran elder with strong strength. Although you are extraordinary, you defeated Elder Gu Xu, but Long Yuan The strength of the elders is still ancient

Above Elder Xu, even if you can stop it, it will be dangerous, that's all..."

"With your strength, even if you are not as good as the elder Longyuan, you should be able to keep your face and not lose the face of the acting deputy hall master, but you have to point all the elders and make a bet. This..."

Zhenyan Dizun was speechless, he couldn't understand Qin Chen's Sao operation at all.

With Qin Chen's strength, it is obvious that he can keep his face, but it must be De Lang. Isn't this asking for trouble?

"What happened to the gambling appointment? I just came to work in the secret realm of the headquarters, and I just lacked contribution points. I heard that the contribution points in the secret realm of the work headquarters this day are very valuable, and it is not bad to earn some contribution points by the way." Qin Chen smiled and said. , Do not care.

Is this something to earn contribution points?

The truth is speechless, almost crazy.

Qin Chen hasn't figured it out yet, even if you want to earn contribution points, you have to be sure of this, but like you, not only will you not earn contribution points, but you will lose face. It is really...

"Don't worry, watch it carefully. Go back and prepare to celebrate. I hope you can earn a little more this time. Then I will go to the treasure hall to exchange some treasures with you." Qin Chen said with a smile.

Mantra Dizun was completely unable to say a word.

Don't worry, but how can you make them feel relieved.

During the conversation, the group soon came to the duel arena.

Look away.

This is a ring in the center of the clearing of the Island of the God of Craftsman. It is surrounded by mountains and is very quiet. Surrounded by rays of light, it rises around and is extremely powerful.

The arena is very big, it is said to be an arena, but it is actually a huge fighting space. Once you enter it, you will be in a vast space, and you don't have to worry about being unable to use your hands and feet.

Huh! Elder Long Yuan's figure shook, and he landed directly on the ring, looking at Qin Chen with a hint of provocation.

[Chapter 4152: Take all](#)

"Acting Deputy Hall Master Qin, come up."

Elder Long Yuan looked at Qin Chen with a smile, but the eagles flashed in his eyes, ha ha, as long as Qin Chen's reputation was broken, his mission would be considered complete, and at that time, there would be some rewards from above.

And he will also show off among the many elders who work in the sky.

Both fame and fortune.

It's cool to think about it.

Therefore, he stared at Qin Chen, his fighting spirit was boiling, and he couldn't wait to do it.

Although he didn't know why the Demon Race was so concerned about an external Saint Child, no matter what the opponent had, in his opinion, it was not difficult to win Qin Chen.

A newly promoted earthly respect, no matter how talented, how strong can it be?

"Elder Long Yuan seems to have forgotten one thing?" Qin Chen also fell down and said with a smile.

"what's up?"

"Should I pay the appearance fee of one million contribution points first?" Qin Chen smiled at Elder Long Yuan, "I'm afraid I won't be able to get it after the guidance is over."

"Haha, are you afraid that I will fall for the bill?" Elder Long Yuan said with disdain.

"Naturally, I won't repay the bill, just because Ben Shao's instructions have always been very honest. I am afraid that after the challenge, Elder Long Yuan will not be able to pay, that would be bad."

Everyone was dumbfounded, and then speechless, Qin Chen is too arrogant, what does he mean? Could it be that he would beat Elder Longyuan in the arena without the ability to contribute points?

"Arrogant."

The anger surged in Elder Long Yuan's body, he was really angry, and he would give Qin Chen some color after he was prepared. "One million contribution points." Elder Long Yuan came to the one-person-high black stone pillar in the formation on the side of the ring. On the black stone pillar, there was a card slot, and an identity jade slip appeared in his hand. In that card slot, and then quickly

Clicked on it a few times.

Suddenly, the black stone pillar lit up, and a line of text appeared on it.

"Well, one million contribution points have already entered this supervision pillar. Now you can rest assured?"

Putting away the identity jade slip, Elder Long Yuan's face was pale.

This is the pillar of supervision.

The challenge ring was originally an arena for the many deacons and elders in the secret realm of the headquarters to challenge. There are also many elders who will have some gambling fights against each other. This kind of equipment is naturally equipped.

Qin Chen nodded.

"Then come up, this elder is still waiting for the guidance of Deputy Hall Master Qin." Elder Long Yuan gritted his teeth and said, biting the two words very hard.

"What's the hurry?" Qin Chen smiled and said to the many elders present: "Which elder below still needs the guidance of the acting deputy hall master? Please draw the contribution points in advance, the province will be troublesome, I But I've said it in advance, I won't come up now, turn back to this agent

The deputy hall master has the right to refuse. "

"Damn, arrogant."

"Too arrogant."

Many elders looked gloomy, and they thought that Qin Chen had just spoken casually before. Who knew that he had actually spoken, causing many elders to look unhappy.

How many years have they seen such an arrogant guy?

"Is this Qin Chen really so confident?"

"He is not afraid that he will be innocent?"

In the main hall of discussion, the Vice-Hallmasters such as Absolute Weapon Tianzun, Xingjiang Tianzun, and Wending Tianzun were all dumbfounded, a little speechless, and their faces were extremely ugly, because they could not understand Qin Chen's operations.

Even the ancient craftsman Tianzun was speechless, and I had never seen Qin Chen so arrogant along the way before, how come he changed his personality as soon as he arrived in the secret realm of the headquarters.

Fortunately, it is in the secret realm of the headquarters. If it is outside, this kind of guy will definitely be beaten to death.

"I come."

"Huh, I'm coming too."

"One million contribution points, our respectable acting deputy hall master, I see what you will pay for it."

A famous elder stepped forward and set a gambling agreement on the supervision stone pillar. These elders, all with extraordinary aura, were almost at the same level as Elder Longyuan, with a sneer.

In many years, I have never seen such a arrogant guy.

Thirteen!

In the end, including Elder Longyuan, a total of 13 elders stepped forward and scored one million contribution points.

At this moment, the number of deacons and elders around the decisive battle ring has far exceeded the previous ones, but the number of challengers has been directly reduced from over thirty to thirteen.

Among them, the elders were wary by nature and had a slight suspicion of Qin Chen, so they were unwilling to take the risk of one million contribution points, but most elders felt that this was unnecessary.

Because they all believed that as long as Elder Longyuan's first battle, Qin Chen would be completely defeated, and it would be impossible for other elders to come to power at all, so why did they bother?

"Almost there, 13 elders, 13 million contribution points."

Qin Chen squinted his eyes and looked at the elders who came to the stage to make a gambling agreement. Among the thirteen people, three were spies of the demons he knew.

Three, yes, thirteen, early 20%.

This number is already high. Although the Mozu has a lot of spies in Tiangong, there are too many strong people in the secret realm of Tiangong headquarters, which has been deposited for hundreds of millions of years. This is an astonishing number. Many of them have not left the headquarters for countless years. Secret realm,

I have been confined here, falling asleep, or practicing hard, continuing my last life.

The probability of them being instigated by the demons is very low. Therefore, no matter how many demon spies, compared to the entire headquarters secrets, they are actually not many, but many of them, in order to obtain the rewards and merits of the demon clan, they will inevitably not be quiet in the headquarters secrets. They often try to occupy heaven.

An important position in the work.

And Qin Chen's actions were to make things worse and to alarm these demon spies.

"I know three of the thirteen people, so among the remaining ten, are there any spies from the Demon Race, and how many?"

Qin Chen murmured and sneered in his heart.

No matter what, these thirteen elders who dared to challenge him had already been sentenced to death by Qin Chen, and they were focused on the target.

"Wow!"

Qin Chen flew straight to the arena, Zhenyan Dizun stretched out his hand, trying to say something, and finally sighed and stopped.

This was Qin Chen's decision, and he couldn't change anything, they could only support Qin Chen silently.

Patter.

Qin Chen landed on the arena, did not rush into the battle space, but came to the supervision stone pillar and inserted his own acting deputy hall master identity token.

At the same time, he quickly lit the test pillar.

At the next moment, the elder who had initiated a bet on Qin Chen before, the identity tokens were shaken, and he received the message from the duel ring.

"He took the battle."

"Mine is also in battle."

"What, mine is also engaged." In an instant, all 13 elders, including Elder Long Yuan, received a message that Qin Chen was engaged.

[Chapter 4153: Fist](#)

what?

Many people were shocked and looked at Qin Chen in amazement.

Qin Chen actually confirmed all the challenge information before the battle started. Is this guy crazy? madman!

The gambling agreement can be withdrawn as long as it is not confirmed, but once confirmed, it will be recognized by Tian's work rules, which is inevitable.

In other words, if Qin Chen fights Elder Long Yuan first, as long as he loses, he will only lose one Elder Long Yuan at most. Although the remaining twelve people have made a bet, but Qin Chen hasn't confirmed it, they don't have to. Acknowledge and refuse directly.

There will be no punishment.

This is the rule. But now, Qin Chen has directly confirmed all thirteen elders. This also means that even if Qin Chen loses the challenge of Elder Longyuan, the remaining elders cannot avoid the challenge. If he abandons the station, he will also have to pay. The remaining twelve elders each

One million contribution points per person.

Win without fighting.

"Mad, really crazy."

"I knew it, I also made a bet, and it would be worth a million contribution points."

"Where does this guy come from?"

Many elders sucked in air-conditioning, their eyes were cold, but they were also confused and shocked.

Before, no matter how arrogant and overbearing Qin Chen was, he was just talking about it casually. It could not be true, it could be denied, and at most he would lose face.

But now, all the gambling agreements have been supervised by Tianjiao's headquarters, and they cannot be retreated.

How can there be such an idiot?

All of a sudden, the eyes of some elders who looked at Qin Chen changed a little, because they didn't think there would be such an idiot in this world. Could this kid really have any trump cards?

Of course, most of the elders were angry, because they regarded this as a humiliation by Qin Chen to them.

"It's ridiculous, taking his own future as a bet, such a person is also worthy of acting as deputy hall master?"

"The deputy hall master who works for me, who is not the calm one, in the battle between the human race and the demons, sitting in the center, providing a lot of resources and magic weapons, how can he do it willfully?"

"Tian work is very critical and important to the human race war. Therefore, the high-level work in my day must have the possibility of being calm."

"But this kid..."

Many people present had worse sense of Qin Chen.

The vice-president of Tiangong is in charge of many affairs of Tiangong. More importantly, he needs to be stable and confident.

And Qin Chen's behavior was more like a young and energetic, reckless, angry.

If such a person were to become the deputy master of their Heavenly Work, wouldn't they bring Heavenly Work into the abyss of destruction?

How can it work?

Suddenly, the elders who had been reluctant and somewhat neutral towards Qin Chen were completely disappointed with Qin Chen at this moment, and expressed doubts about Shen Gong Tianzun's decision.

Could it be that the Lord Lord is really old?

Qin Chen naturally ignored the changes in the mentality of the people around him. He shook his figure and went straight to the arena. He felt a force of space attack, and Qin Chen instantly entered a vast battle space.

From the outside, Qin Chen and Longyuan elders are suspended above the ring of thousands of miles surrounded by giant mountains, but in fact, Qin Chen and Longyuan elders are located in a special battle space, which is extremely vast.

In the void, Qin Chen and Elder Longyuan face each other far away.

"Hahaha, the acting deputy hall master deserves to be the acting deputy hall master, and he directly accepted the thirteen gambling agreement, which the elder admires." Elder Long Yuan said with a smile, his eyes narrowed and his demeanor.

To be honest, he was also surprised by Qin Chen's actions, and he didn't know what the other party was going to do.

However, this is better, isn't it? Let this kid never stand up.

"Stop talking nonsense, this acting deputy hall master is very busy, let's just start the duel." Qin Chen said lightly, frowning, and said casually, without paying attention to Elder Long Yuan at all.

Elder Long Yuan's face sank, but immediately smiled again.

No way, he has to maintain his demeanor, after all, he is a senior at any rate. "Since the deputy deputy hall master wants to start a duel so much, it is good to start directly. In fact, the duel has already begun from the moment you enter this ring space. However, it is said that the 'agent deputy hall master' is Enter the duel for the first time

Space, I can give you time to familiarize yourself with the environment first..."

Elder Long Yuan talked freely.

just.....

His voice was not over.

boom!

Void riots, the endless venerable aura permeated, the elder Longyuan only felt an incomparably terrifying power of the venerable surging, the power of the venerable, like a dragon, soaring for nine days, and like a beast, roaring the valley, Shaking the void.

In an instant, he had already come to him.

Huh!

Afterimages filled, in front of Elder Long Yuan, a figure appeared, as if spanning a distance of void, and then, a fist shining with the power of terrible rules suddenly appeared in front of Elder Long Yuan.

It's Qin Chen.

Familiar with your big-headed ghost, Qin Chen has long seen that Elder Long Yuan is unhappy, and just waits to do it. This Elder Long Yuan hasn't made a fortune, really think I am afraid of you, right?

Kill you directly.

"Not good!" On this side, Elder Long Yuan was shocked. He never thought that Qin Chen's attack was so violent, so fast, so fast that he could hardly react, that terrible power restrained him. He made his mind shake for a moment, finished

Can't move at all.

He wanted to dodge, but he couldn't dodge it at all, because a horrible aura suppressed him, the void oscillated, and the void all over his body was completely imprisoned. With a bang, all eyes were in full view, and Qin Chen slammed his fist against Elder Long Yuan's cheek. Elder Long Yuan only felt as if an ancient fierce beast had hit him severely, and his eyes were black. , With a bang, the whole body

The weight hit the hard ring.

The lights flickered, and the internal organs in Elder Long Yuan seemed to burst, and the whole person was stunned, lying on the ground like a dead dog, with gold stars in his eyes.

what's the situation?

In the distance, outside the ring in the middle of the endless mountain range, countless elders were suspended in the air, each with their eyes wide open, the boss with an open mouth, and the boss, as if he could stuff a goose egg, and the corners of his eyes shook violently.

what happened?

Why all of a sudden, Qin Chen blasted out a punch, and then Elder Long Yuan was blasted out like a dead dog?

Qin Chen's movements were too fast, like lightning, like thunder, so fast that they could hardly react, Elder Long Yuan was already lying on the ground.

How could this Elder Long Yuan be so stupid, he didn't defend himself before, and didn't fight back? These elders were in the outside world, naturally they saw more than Elder Long Yuan, and they responded very quickly. They saw Qin Chen attending the presence of Elder Long Yuan and blasting him out, but they never expected. Elder Long Yuan was just like a fool, he didn't resist at all.

[Chapter 4154: Don't be in a daze](#)

How did they know that it was not that Elder Long Yuan did not resist, but that he could not resist completely.

"You!" In the ring space, Elder Long Yuan was dizzy, half of his face bulged under a punch, and his eyes turned black. However, after all, he is a veteran of the pinnacle, and he is still at a very fast speed. I woke up and remembered the scene before,

Suddenly furious.

He is numb.

He was actually beaten in the face under all eyes.

The old face is shameless.

"Qin Chen, you..."

He was trembling with anger, and he almost didn't spit out a mouthful of old blood, hitting people without slapping his face, Qin Chen was too much.

Boom!

On his body, the power of the rolling avenue roared, and the terrible heaven and earth rules rose up, and he was really angry. Previously, he didn't know Qin Chen's strength at all, so although he had raised his spirits, he was still a little careless. Now with a move, he instantly understood that Qin Chen's strength was far beyond his imagination. If you hang around again

, It must be dangerous.

So this time, he directly urged his peak Earth Zun origin, and the power of the billowing great road swept out like a vast ocean, turning into a vast river.

"Boy, your turn will be unlucky next."

Elder Long Yuan roared in his heart, and the terrible power was gathered, and he was just about to rise up to make a move, but he didn't wait for him to make a move.

boom!

The void oscillated, and the power of the space in front of him rolled and vibrated like a tsunami. The next moment, a figure suddenly appeared in front of him.

It's Qin Chen!

Qin Chen urged the Thousand-Year Light, the speed was too fast, like lightning, so fast that Elder Longyuan had no time to react.

"Elder Long Yuan is indeed a veteran elder, with amazing defensive power, take me another punch."

Qin Chen shouted loudly, the sound was thunderous, but in his eyes, there was a sharp, sharp end, and a trace of drama.

space bound.

The endless space collapsed, and Elder Longyuan felt that the void around him suddenly shrank, and it was like countless neutron stars oppressed from all sides, and the suppressed Elder Longyuan could not move.

Immediately afterwards, Qin Chen's fist struck and slammed on the bridge of Elder Long Yuan's horrified nose.

puff!

Blood splattered. This time, Elder Longyuan's entire nose was exploded, and his face was dripping with blood. This look was too miserable. The whole person was blown out with a bang. The light of the rules flickered on his body, and the road was almost hit. Collapsed.

"what!"

Elder Long Yuan screamed, it was so painful, an extremely terrifying pressure quickly poured into the bridge of his nose, shaking his mind, and Elder Long Yuan felt that his head would be exploded.

At this moment, his mind seemed to be buzzing with a hundred big bells, his mind was about to explode, and his whole body was dragged out on the ring fiercely, ploughing a trace. Fortunately, this arena is

extremely strong. In addition to being built with the core of the big mysterious iron in the universe, it is also equipped with countless terrible defense restrictions and formations. Otherwise, even a star can be the elder of Longyuan. Body burst

In the distance, many elders watched this scene stupidly, dumbfounded.

Elder Long Yuan is also a pinnacle master, why not resist?

"Is Elder Long Yuan stupid? Didn't resist twice?"

Some elders murmured, unable to understand.

No matter how fast Qin Chen is, with the strength of Elder Longyuan, he won't be able to react to the reaction, right? Moreover, they can see clearly from the outside world, Elder Long Yuan is completely capable of responding!

But he was just as stupid as he was, and let Qin Chen bounce up. This punch was too miserable. Elder Long Yuan's face was just like a brocade, red, black, blue, purple, and colorful. what.

"This...this..." Zhenyan Dizun and Yaoguang were also dumbfounded. They were the two who knew Qin Chen's strength best, but in their opinion, Qin Chen's strength was better than Gu Xu. , Even above the elder Yehe, but the strong is not

It's too much, how can it be such that Elder Long Yuan can't fully react?

The two people were totally confused.

On the ring.

"Elder Longyuan, don't be in a daze."

Qin Chen said with a smile, Boom, his figure was like electricity, and he burst out at the elder Longyuan.

"I....."

Elder Long Yuan exclaimed in anger, frightened, and hurriedly stood up.

Who is in a daze, I can't react at all.

Sure enough, when Qin Chen approached, Elder Long Yuan instantly sensed a terrible spatial force bound and pressed against him. Suddenly, he was as if he was being squeezed from all directions by countless mountains, unable to move again. Up.

"My day..."

Elder Long Yuan had only time to blurt out, and he was thrown out by Qin Chen again with a slap. His body rolled in the void thousands of times, and then fell heavily to the ground. The sound of his bones was broken. Passed it out.

"what!"

Elder Long Yuan vomited blood, his appearance was too miserable, he could hardly see what he looked like, his face was swollen and swollen like steamed bread.

"Haha, I understand, Elder Long Yuan wanted to wait for me to give instructions, so he kept his hand on purpose. Elder Long Yuan is selfless, and I admire him."

Qin Chen said with a smile, and quickly stepped forward and sneered.

Bang bang bang!

In the vast void, Elder Longyuan was like a sandbag, bombarded by Qin Chen frantically, every blow was solid and heavy, and he let out a thunderous explosion.

In just a few moments of effort, Elder Long Yuan was no longer in human form.

Outside the ring, the other elders were already stunned. How could this be a duel? It was simply a devastation.

The key thing they don't understand is why Elder Long Yuan didn't resist from beginning to end, even if he deliberately wanted to give the opponent a little bit of brilliance, it would not be the case.

At the beginning, many elders really thought that Elder Long Yuan was letting Qin Chen want to humiliate Qin Chen better.

But gradually, they were puzzled, because if the fight continued, Elder Long Yuan was about to be beaten to death, why not fight back?

In the distance, in the conference hall.

Gujiang Tianzun and others' eyes burst into divine rainbows, watching this scene.

There was shock in each of his eyes.

Because, with their strength, they can naturally see the clues.

"Space rules."

"This kid's spatial rules are so terrible, can they restrain Elder Long Yuan?"

Their eyes were solemn and each breathed in cold air.

Because, they all could see that at the moment Qin Chen took the shot, terrible spatial rules surged, restraining Elder Long Yuan, making him unable to move and could only let Qin Chen bombard him.

But Elder Longyuan is the highest respect. If a Tianzun did this, everyone would naturally not be surprised. Instead, they felt that they deserved it. Tianzun's coercion is unmatched. Only by the terrifying coercion can suppress the pinnacle earth-zun, but Qin Chen is just an earth-zun That's it, how is it done?

[Chapter 4155: Skin trauma](#)

At this moment, several deputy hall masters all shook, their eyes lingering.

Because they all saw Qin Chen's extraordinaryness, it's no wonder that Lord Shen Gong Tianzun could be appointed as the deputy head of the palace, and just this trick made them change color.

"You can't let that kid go down anymore. If you go down, Elder Long Yuan will be beaten to death."

The Absolute Qi Tianzun changed color, his eyes sank, and his figure was about to shake. However, on the side, Xing Jiang Tianzun stopped him, and said lightly: "Absolute Weapon Tianzun, this is a duel in the arena. I am not qualified to stop it. Unless Elder Long Yuan concedes or Qin Chen takes the initiative to give up, I will do it directly. I'm afraid it's broken

The rules of the duel ring have changed. "

"But if this continues, isn't Elder Long Yuan dangerous?" Absolute Qi Tianzun's eyes were gloomy and his tone was cold.

"I don't think it's so exaggerated. As the acting deputy head of the palace, Qin Chen shouldn't even have this sense of measure." Ancient Craftsman Tianzun said suddenly.

On the arena, Elder Long Yuan had been beaten beyond recognition.

He bleeds from seven orifices, and his appearance is as miserable as he is, and he is almost incomplete.

Qin Chen sneered in his heart.

This elder Long Yuan is looking for death by himself, no wonder he, he can even kill Tianzun, Long Yuan elder is not only a pinnacle earth-zun, and dare to trouble him, is this not seeking his own death?

If it were outside, Qin Chen would have killed him directly, but in the secret realm of the working headquarters, Qin Chen would naturally not do that.

Although he knew that the other party was a spy of the Demon Race, Qin Chen didn't want to reveal their identities for the time being, so as not to startle the snake. Moreover, after this challenge, Qin Chen also understood one thing, that is, among the ten thousand races, everybody who knew that he was the true dragon clan Long Chen, at least, these demon spies didn't know this at all. , Although he didn't know the old monster

Why didn't Zu tell them this news, but for Qin Chen, it was undoubtedly good news.

boom!

Elder Long Yuan was blasted out again, lying on the ground, unable to move.

Outside the ring, many elders have scalp numb.

by!

Even if they are idiots now, they can see that Elder Long Yuan is trying to make each other, but is unable to fight back under Qin Chen's attack.

hiss!

Is this Qin Chen so terrible?

On the ring, Qin Chen approached Elder Longyuan step by step. "I don't know how Elder Long Yuan feels about this acting deputy hall master's guidance?" Qin Chen said with a smile as he walked, "As a veteran elder, he does have strength, strong avenues, and profound rules. Test, the only

The weakness is that the reaction is too slow. "

Qin Chen knelt down and slapped Elder Long Yuan in the face, which made his eyes spit fire.

"Therefore, this acting deputy hall master made a move before, and I hope that Elder Longyuan can improve his reaction speed while cultivating the source of the venerable in the future, so as not to be too touchy in the battle. This is a big weakness."

Qin Chen hated iron but not steel.

"Slow response, your sister."

Elder Long Yuan's eyes were cold and resentful. This time, he was completely lost.

"Well, the challenge is over, Elder Long Yuan walks slowly and does not send it off."

Qin Chen raised his foot and was about to kick Elder Long Yuan out.

suddenly.

"Roar!"

"Dragon Heart Fire!!!"

At this moment, Elder Long Yuan suddenly let out a burst of shouts, and a flame that skyrocketed out of his body suddenly, this flame swept out like a vast ocean, burning the void, and instantly enveloped Qin Chen.

"Hahaha, hahaha..."

Elder Long Yuan laughed presumptuously. This is his dragon heart fire, and it is also his life flame that he has cultivated for many years. The power is terrible and can burn the void.

"not good."

Outside the ring.

Mantra Respect Discoloration? Generally, flame is one of the strongest methods for refiners. It is impossible to become a top refiner without a strong flame. Therefore, the flame of every refiner is their best. One of the strong attacks.

Qin Chen is in danger. Just when Zhen Yan Di Zun was frightened, he saw a figure slowly walking out of the flames, Qin Chen had a smile on his face, the terrible Dragon Heart Fire did not hurt him at all, but was A trace of terror surged around him

A look of fear.

It feared Qin Chen.

"Hehe, Elder Longyuan not only reacts too slowly, but the natal flame in his body is also too weak, so he needs to practice hard."

With a kick, Elder Long Yuan was kicked out with a bang, rushed out of the duel ring in embarrassment, fell to the ground, unable to move.

Suddenly.

An elder flew up, helped him up, and then sucked in air-conditioning.

Elder Long Yuan has almost no human form, and in his body, many meridians are broken, bones are shattered, and his internal organs are broken, and his appearance is extremely miserable.

I am afraid that it is impossible to recover without a period of recuperation.

"Don't worry, it's just some skin trauma. The original source is not damaged. There is no serious problem." Qin Chen said lightly to everyone.

Naturally, he would not be so stupid to kill Elder Longyuan here.

"By the way, who else is going to take action next? Please come up as soon as possible. The acting deputy hall master hurry up and give him some guidance."

Standing on the ring, Qin Chen said with a smile to the elders outside.

silence.

There was silence.

In the void outside the ring, many elders were suspended, and the remaining twelve elders who had made a bet with Qin Chen before had their scalp numb and looked at each other, completely wondering what to do?

The previous weird battle made them completely afraid to move at will.

This is so scary.

It was a ravaged, who would dare to rush up.

For a while, all the elders present had their eyes solemn and felt bad.

Too.

Shen Gong Tianzun, what kind of character is that? Is it unintentional to seal Qin Chen as the acting deputy hall master?

Now, they all know that Qin Chen in front of them is indeed extraordinary.

Among other things, just being so young, with such a cultivation base, and so easily defeating Elder Long Yuan, it can show that this person's future is unlimited.

"What? The Secret Realm elders of the dignified work headquarters, aren't they all spoilers, right? He said he would come on stage to accept instructions?"

Qin Chen said with a smile, his tone cold.

This voice fell into the ears of many elders, and suddenly felt very harsh.

"Damn it, this kid..."

Many elders gritted their teeth.

This guy is so outrageous, doesn't he know how to converge?

Isn't it enough to ravage Elder Longyuan in full view? Do you have to continue to challenge?

Many people feel uncomfortable.

Although Qin Chen's displayed strength and talent shocked them, they were still very unhappy with Qin Chen, especially unhappy.

"Tsk tusk, it seems that the elders who challenged me are indeed scumbags, alas..."

Qin Chen shook his head.

I swarmed up before, why, now that I know the trouble, nothing happened? Is there such a good thing?

"I come!"

A roar sounded, and finally, one of the elders couldn't help it. He yelled, walked out of the crowd, and quickly swept into the ring. He was murderous, looking at Qin Chen angrily, so angry.

[Chapter 4156: Retreat](#)

"It's Elder Tianmang."

"Elder Tianmang is not as good as Elder Longyuan in refining, but in terms of strength, it is stronger than Elder Tianmang."

"It goes without saying that the elder Tianmang cultivates the hegemonic body, controls the hegemonic rules, and enters the refining weapon with the hegemonic rules, so the treasures he refines are all of the combat power system."

"I don't know if Elder Tianmang can pose a threat to Qin Chen."

Many elders looked over attentively, nervous.

Elder Long Yuan lost too badly and was simply devastated, which made many people present less confident in Elder Tianmang.

boom!

As soon as the elder Tianmang stepped onto the ring, a warhammer appeared in his hand. On the warhammer, the **** pattern bloomed, and a domineering and terrifying aura that shook the world and the earth permeated.

"Deputy Vice-Hall Master Qin, can you fight me fairly." Elder Tianmang held a warhammer in his hand, arrogantly soaring, and said coldly.

"A fair fight? How to be fair?" Qin Chen smiled. "Confront with real strength instead of using certain means." Elder Tianmang narrowed his eyes and said. Previously, Qin Chen's method of defeating Elder Longyuan was too weird, although he also sensed a terrible space rule, but He can't imagine

, Qin Chen, a young earth-sovereign, can suppress the elder Longyuan unable to move, it must be some treasure on his body.

"Haha."

Qin Chen smiled. "It seems that Elder Tianmang didn't accept it before. It doesn't matter. As you wish, you will not use any treasures except for the soldiers. This acting deputy hall master will fight you." Qin Chen banged instantly, and every cell in his body was completely complete. Began to burn, the breath soared,

The power skyrocketed instantly.

An equally overbearing aura surged from Qin Chen.

Boom!

The earth shook.

At this moment, Qin Chen is like the same overbearing and incomparable powerful man, looking down at the elder Tianmang, that kind of dominance and sharpness makes all the elders discolored.

This time, Qin Chen didn't use the space rules to suppress the opponent, instead, he displayed his domineering aura and confronted the elder Tianmang with the same dominance.

It is true that Qin Chen did not practice as much as Elder Tianmang. He was too young. However, the distress Qin Chen experienced far surpassed many elders. Have they experienced various pursuits? Have you ever suffered various deprivations?

Fighting all the way from the lower planes, the risks Qin Chen experienced were no weaker than anyone.

He, one day, will hit the demon world, rescue Sisi, defeat the ancestor of the deep demon, and let the heavens truly unify.

This is his belief.

At this moment, Qin Chen was like a host, and burst into shock.

"So strong."

Elder Tianmang inhaled, feeling the domineering aura on Qin Chen's body, his color really changed. Isn't this young man in front of him rumored to be an external son of Heavenly Work? He comes from a small place in the heavens, but why is the aura on his body so domineering and fierce? This kind of aura is definitely not growing from a greenhouse, but going through killings.

It was born after the baptism of blood and fire.

"Very well, Acting Vice-Hall Master Qin, I will also let you know that our old things are not easy to mess with."

Elder Tianmang clenched the warhammer tightly with a solemn expression. He knew that Qin Chen was very strong, so when he shot it, it was the strongest move.

Suddenly, a vast warhammer rushed out. This warhammer seemed to be able to explode the sky, its momentum was too strong.

Cang Dang!

However, Qin Chen made a move. His palm reached the sky, and the divine light bloomed like a pillar of heaven. Above the five fingers, a series of rules were entangled. The evil sword ring appeared, and the strong evil spirit condensed into a terrible palm power. , Swept out.

Boom!

With the terrifying power exploding, Qin Chen directly supported Elder Tianmang's warhammer, and Elder Tianman felt a terrible impact, quickly permeating into his body.

puff!

The body of the elder Tianmang vibrated, and a mouthful of blood spurted out, no matter how he urged the warhammer, the warhammer held by Qin Chen could not fall down.

how is this possible?

He was shocked.

Outside the ring, many other elders were also shocked, staring at Qin Chen.

This time, Qin Chen did not use any special methods, but forcibly used his physical body to resist the attack of Elder Tianmang.

This son is extraordinary.

At this moment, what Elder Tianmang didn't know was that the moment Qin Chen's power blasted into his body, Qin Chen quietly used the power of the Dark King's blood in his body.

There is no power of darkness in Elder Tianmang's body.

If Elder Tianmang had the power of darkness in his body, it would be impossible not to sense it with Qin Chen's blood power of the Dark King.

Of course, Qin Chen did not dare to be too obvious, because he only knew that the deputy hall master in the secret realm of Tiangong's headquarters must be staring at him at this moment. Once the opponent perceives the power of the Dark King's blood, it will be troublesome. .

Therefore, Qin Chen's power of the Dark King's blood was only fleeting.

But this is enough.

The probability of Elder Tianmang being a spy of the Demon Race instantly dropped to less than 20%.

Qin Chen gave the other party a label. As long as he reaches the level of the earth-sovereign, Qin Chen does not believe that the opponent will not be rewarded with the power of darkness after taking refuge in the demon clan. Even Elder Gu Xu has the power of darkness in his body. The possibility of spies, Has been reduced to a very low level.

On the ring.

"Fail." Qin Chen yelled coldly, and the power of chaos in his body instantly reached a terrifying situation.

"Boom!"

The domineering power on Qin Chen's body was even more violent, and the warhammer wielded by the elder Tianmang in his hand was like an ancient sacred mountain oppressing this time and space.

Rumble!

Space tremors.

Bang!

The elder Tianmang was flew out in an instant, and another blood spurted out. He knelt on one knee in embarrassment, his body shook, and the power of the venerable was almost dissipated.

Qin Chensheng!

On the ring, Elder Tianmang looked up at Qin Chen in shock, with loss in his eyes.

Domineering rules are the root of his pride, but he didn't expect that Qin Chen could not help but be suppressed by Qin Chen instead.

He was defeated, and he was convinced.

"You do it."

Elder Tianmang said to Qin Chen in a deep voice, looking like death at home.

He was defeated and naturally had to bear the consequences.

"Retreat!"

Qin Chen said lightly.

Elder Tianmang suddenly raised his head and looked at Qin Chen in astonishment. The tragic end of Elder Long Yuan had made him plan to bear the blow after he was suppressed and defeated by Qin Chen, but he did not expect that Qin Chen would let him go.

"you....."

He was shocked.

"Why, do you still want to fight with me?" Qin Chen looked at him lightly: "You, you are overbearing, you have not changed enough, and you are just too easy to pass, think about it."

Qin Chen said something casually.

"Thank you, Deputy Hall Master Qin." Elder Tianmang shook his body, thoughtfully, but he didn't dare to stay, bowed his hands to Qin Chen respectfully, and then quickly left the ring.

[Chapter 4157: Can challenge](#)

Outside the ring.

The others looked at the Elder Tianmang who was retreating all over, all in disbelief.

Has Qin Chen changed his temper? How could Elder Tianmang come out safely?

In the meeting hall.

The ancient craftsman Tianzun smiled and said, "It seems that Qin Chen is still somewhat measured."

The others asked Tianzun and the others, their eyes were uncertain, but their expressions eased a lot.

"The remaining eleven elders, come up one by one, I, someone from Qin, doesn't want others to say that they are acting deputy hall masters who cheat and contribute points. He said that he will give you directions, so naturally he won't be silly."

"Perhaps, you are very dissatisfied with me, the acting deputy hall master, but you are you, and I am me. My aim is that people do not offend me.

"who is the next?"

Just when everyone thought that Qin Chen was about to end the challenge, they heard Qin Chen whisper again to the remaining elders. With the precedent of Elder Tianmang ahead, the expressions of the remaining 11 elders immediately eased a lot. They looked at each other, and one of the elders with a beard rushed to the ring and said loudly, "Since Deputy Chief of Qin

I spoke, then I'll be the next one. "

Boom!

As soon as this elder came up, a terrible breath broke out.

"Hehe, let's start over there, and finish earlier, and I will feel at ease sooner." Qin Chen said lightly.

The elder's expression was blue and white, but he also knew Qin Chen's strength was extraordinary, so he didn't dare to be careless.

"kill!"

With the harsh scream, a terrible breath suddenly rose into the sky, and the entire space trembled.

"Very good." Qin Chen's eyes lit up and boomed, and the aura of his whole body skyrocketed, and a series of terrible sword auras lingered, and he displayed the six reincarnation sword arts of the Tongtian sword pavilion.

Countless sword lights gathered frantically, and then condensed into a huge sword aura in Qin Chen's hands. The sword aura skyrocketed and slashed down against the elder beard.

Accompanied by sharp drink and void shock.

Only a few seconds later.

After fighting dozens of times, this elder was completely suppressed by Qin Chen.

"Too strong." The elder Hu's body was stiff, and he felt the sword aura that could penetrate him at any time, shocked and unbelievable.

He didn't want to believe that he would lose to Qin Chen so easily, and there was no resistance at all. If Qin Chen hadn't kept his hand, the opponent's sword energy would have penetrated his body long ago.

"Go down."

Qin Chen put away his sword energy and said lightly.

Another one without the power of darkness in his body.

Qin Chen secretly said in his heart.

His previous goal of establishing power has been achieved, and his purpose of continuing to challenge those elders is no longer to establish power, but to perceive the power of darkness in these people.

This is the easiest way for Qin Chen to distinguish the spies in the secret realm of Tiangong's headquarters.

These demon spies didn't know that Qin Chen possessed the Dark King's blood in his body. As long as he fought against him and let Qin Chen's power blast into their bodies, no matter how deep or strong they hid the power of darkness, they couldn't hide. Passing Qin Chen's perception.

This is something that even Tianzuo's divine worker Tianzun can't do.

This is Qin Chen's unique ability.

"Thank you for your mercy, acting deputy chief of Qin."

This elder was trembling and stepped down respectfully.

Then, the fourth elder came up.

the fifth place.

Sixth place.

In just half an hour, the remaining twelve elders who had previously made a bet with Qin Chen were defeated by Qin Chen, and none of them won.

Some of them were defeated by a few tricks, and some persisted longer, but the result was the same, which shocked countless elders on the field. After this battle, all the elders are sober. Why can Qin Chen become the acting deputy head of the palace? Although he is not the Celestial Lord now, but with Qin Chen's talent, thousands of years, tens of thousands of years, even a hundred thousand years later, The probability of becoming Tianzun

, Much higher than their elders.

Especially Qin Chen didn't hit any of the next twelve elders, and even gave them some pointers in some aspects, which allowed them to get a lot of gains and gained the favor of many elders.

Originally, all the elders present were extremely dissatisfied with Qin Chen, and they were all angrily, but after just this hour, half of them had changed their attitude towards Qin Chen.

Although most of the remaining elders were still dissatisfied with Qin Chen's becoming the acting deputy hall master, the hostility was not so deep anymore.

"Four!"

Seeing the thirteen defeated elders, Qin Chen's eyes flickered.

In addition to the three demon spies he had known for a long time, such as Elder Long Yuan, during the battle, he determined that an elder was a spy because he sensed the power of darkness from the opponent's body.

This method is really effective.

Qin Chen's heart moved.

At the beginning, he was still having a headache. What method should he use to find out the spies one by one in his daily work, he could not think of this challenge, but it made him gain.

This method is feasible.

Whoosh!

Qin Chen came to the supervision stone pillar in front of the ring, inserted his identity token, and suddenly, 13 million contribution points entered his identity token.

This made the eyes of many elders around him red.

Thirteen million.

This contribution point is too easy to earn.

It should be noted that they worked so hard to refine a human-respected treasure using the materials given by the work of heaven to get the reward of 20,000 or 30,000 contribution points, and only refining a earth-respect treasure can get two or three million contributions. Point reward.

The contribution points accumulated by many elders throughout their lives are only a few million, after all, they also have various consumption points.

But who would have thought that Qin Chen directly earned 13 million contribution points when he came up.

This.....

Almost can choose some good broken Tianzun treasures.

Many elders are bitter, this person is more annoying than others.

Even the ancient craftsman Tianzun and other deputy hall masters in the discussion hall also looked strange and a little envious.

Thirteen million contribution points, in exchange for their deputy hall masters, I am afraid that it will take a long time to earn.

"Hehe, 13 million contribution points, they all say that it is very difficult to get the contribution points in the work of the day. Now it seems that it is easy." Qin Chen smiled.

This left many elders speechless.

This.....

It's too much beating.

Many elders who had changed their attitudes towards Qin Chen were so angry that they almost didn't vomit blood.

"Qin Chen."

Seeing the end of the battle with truth, they stepped forward.

"The acting deputy hall master has changed his mind now." Qin Chen walked out of the ring space, prevented the Shining God from coming up, and suddenly smiled at the many elders on the field: "All the elders in the secret realm of the work headquarters, anyone who wants to accept All the instructions of the deputy hall master of this agent can be transmitted through the Tiangong headquarters

News, challenge me directly! "The words fell, and the audience was in an uproar.

[Chapter 4158: One to ten](#)

What else does Qin Chen want to do?

Challenge again?

Many people expressed surprise, looking at Qin Chen one by one, not understanding Qin Chen's thoughts.

Because, Qin Chen clearly said before, that it is out of date. If you want to challenge, you must make a bet beforehand, otherwise you will not accept any challenge later.

He also said that he was short on time and did not have so much time to accompany them.

How long has this passed? Has this changed your mind? Thinking of continuing to challenge?

"Qin Chen, you are..."

At this moment, the **** of truth and the holy master of Yaoguang were also astonished, and hurriedly stepped forward, with anxious expression on their faces.

What's the matter?

After all, everyone has improved Qin Chen's senses, my eldest young master, can you stop having other moths at this time. Facing everyone's doubts, Qin Chen said immediately, "Ahem, you don't have to be excited. The reason why this deputy vice-president changed his mind is actually for the future development of my work. The main thing is to see

Come out, all the elders present have extraordinary accomplishments in each refiner. "

"However, after careful research and understanding by the acting deputy hall master, you seem to have entered some misunderstandings on the way of martial arts, so your own strength is not so outstanding." "It is true that my daily work disciples and others. The race is different from the other forces of the human race. It only needs a single heart to refine the weapon. The way of martial arts can only be regarded as the details, but the real cosmos is in danger, when the ten thousand races fight

, Others don't care if you are a refiner or not, they will only attack you more crazily. "Qin Chen sighed, with a distressed look, "Think of the craftsman's work from the predecessor of my day job, what? So brilliant, but the demons are messing with the universe, and the first goal is to include our craftsmen's work. So, to promote your elders Combat level, already

It has become one of the most urgent things in my daily work. "Of course, considering that Master Tianzun Shen Gong is too busy, and the deputy hall masters need to sit down for my daily work, and there is not much time, then I, the acting deputy hall master, will reluctantly take the lead and make some contributions, and I am willing to accept yours. Invite

Everyone solve the puzzles in the battle. "

Qin Chen was righteous and awe-inspiring, with that expression as if he was thinking about everyone present, without any selfishness.

However, when he said this again, he frequently looked at the identity token in his hand.

This makes many people look weird, one by one very weird.

Who do you fool with?

Are you so kind? Such righteous words, ghosts don't believe me. If you were so kind, Elder Long Yuan would not have looked that miserable before. Among the many elders present, none of them had been cultivating for tens of thousands of years. Everyone felt like a mirror in their hearts. How could they be deceived by Qin Chen's words like this little Mao Tou? Recalling Qin Chen's frequent look at the identity token before, Seems to count down

In the scene of the contribution points, a thought came to mind.

This.....

Isn't this Qin Chen accepting 13 gambling deals and getting 13 million contribution points, thinking that contribution points are very profitable, and want to earn more contribution points from them?

As soon as this thought came out, many elders' faces changed.

Fuck, is there such a person in this world?

Qin Chen looked at the elders and saw that the elders had weird faces. He seemed to think of some other places. He couldn't help but immediately said: "Elders, don't think too much, the acting deputy hall master really has no selfish intentions. I do it for everyone. it is good."

"You think, as the acting deputy hall master, I would like to give pointers to my colleagues. Isn't that a logical thing?"

For everyone?

Many people have weird faces, and ghosts believe you, the yellow-haired boy, you are very bad. Besides, let's talk about the challenges of Elder Long Yuan and the others. If Qin Chen didn't ask to make a bet first, even if the other elders were to challenge Qin Chen, they would definitely see Long after Elder Long Yuan was defeated. The miserable defeat of the elder Yuan

In the picture, I am afraid that among the remaining twelve elders, if three or two dared to step forward, they would have reached the sky.

How can you fight thirteen at once, earn 13 million contribution points at once.

It is said that many old guys live and get older, the more bad water in their stomachs. I think that although Qin Chen is young, there is more bad water in his stomach than those old things.

"Acting Deputy Hall Master Qin, I don't know what you said about the fight, do you need to contribute points?" An elder asked at this time.

"Ahem, this is naturally necessary. After all, the deputy hall master has been so hard to instruct you that you can't do your work in vain, right?" Qin Chen smiled.

Damn, you know!

Many elders shook their heads and looked contemptuous at Qin Chen. They had seen through Qin Chen's purpose, and changed their minds entirely to deceive them of their contribution.

It's so grand-sounding.

Is this a million contribution points? A valuable piece of treasure.

It is important to know which contribution point is not earned by the deacons and elders in the work of heaven.

As a result, you lose one million in one challenge. Who can hold it?

Originally, many people's attitudes towards Qin Chen have changed a lot, but now they are completely upset. This acting deputy palace master is very bad.

"Acting Deputy Palace Master Qin, bid farewell."

"Goodbye, goodbye."

Many elders turned their heads and left, not too lazy to stay here.

This is really a cash machine on the spot.

Seeing the anger of many elders on the field, they turned their heads and left, Qin Chen was speechless.

To be honest, he did have the purpose of earning contribution points, but more often, he still used this method to find out the spies in the secret realm of the work headquarters.

"You elders stay."

Qin Chen spoke immediately. When many elders heard the words, they stopped and turned their heads to see what Qin Chen had to say.

"Ahem, everyone, I think you are misunderstood. If you want to make an appointment with the deputy hall master, you really need to contribute points, but this is really the deputy hall master who wants to point you."

Hearing that, many elders continue to turn around, believing you are a big ghost.

No matter what you are talking about, you don't want to challenge them when you kill them. With the strength Qin Chen has shown before, this is not meat buns beating dogs, is there no return?

This is because they feel that their contribution points are too good to earn, do you want to earn more? Qin Chen stood on the arena, and Yizheng said: "In order to prove the intention of the deputy hall master, challenge the contribution points that I need to spend and the contribution points I get after winning, after the deputy hall master's adjustments, they will all be adjusted to One hundred thousand and one million,

In other words, if you elders want to challenge me, they only need to submit one hundred thousand contribution points. However, if you win me, you can get one million contribution points. "

hiss. Suddenly, many elders on the field were in an uproar, and they sucked in air-conditioning.

[Chapter 4159: No scam](#)

One to ten.

This is something they did not expect.

All of a sudden, the whole ring area was talking.

"Even if it's one to ten, it doesn't make sense, right? With the strength shown by the deputy vice palace master Qin, even if it's one to one hundred, who can get this contribution point?"

At this time some elder sneered.

This moment provoked the approval of many people.

Indeed, with Qin Chen's previous strength, will the many elders present who can defeat him? Even the top elders like Longyuan and Tianman couldn't take Qin Chen, so how could they do it?

"Ha ha."

At this moment, Qin Chen smiled, but his smile was disdainful.

He stared at the elder coldly, and sneered: "This elder, according to you? What kind of gambling conditions should be set by the deputy hall master? Could it be that I need to self-destruct my cultivation level for you to challenge? Ridiculous ..."

Qin Chen stared proudly, standing on this arena, watching the many elders present, a terrifying aura swept out from Qin Chen, like the overlord, descending.

Boom!

Void trembles, the world is roaring, as if shocked by Qin Chen's breath.

"Where did the elders think the strength of the acting deputy hall master came from? Do they directly come up when they practice cultivation in this secret realm of the headquarters and absorb some resources?"

Qin Chen sneered, standing high, looking at the many elders present, as if looking at a group of ants, this expression made many elders very upset.

However, Qin Chen did not constrain, and the look in his eyes and the expression of disdain made many elders angry. However, Qin Chen glanced at the many elders around his eyes and sneered: "My deeds should have been heard by many elders present. Yes, the acting deputy hall master is indeed from outside the heavenly work, from a member of the human heaven and east heaven. Xiaotianyu

."

"I don't think you are ignorant of the current situation in the human race's heaven realm. The heavens are damaged and the origin is broken. It is extremely difficult for even the venerable to breed. It can only be regarded as the seed cultivation ground for my human race."

"But what?" Qin Chen took a step forward, with awe-inspiring killing intent, his eyes blooming like stars: "Although this constellation is from that small heaven, the killings experienced along the way are countless. Saint chased and killed, when earth was holy, was chased and killed by heaven

The main chase. "

"Even... when in the realm of the holy master, in that void tide sea, he was still chased and killed by the demons of the demon race."

"I haven't practiced for a long time, but the battles and life and death I have experienced are more than those of the elders present." Qin Chen stared at everyone present: "I know that all the elders present can become heavenly jobs. The elders and the people of the earth are all extraordinary and have experienced life and death, but I believe that no one is more terrifying than the enemy I have encountered.

Tongtian sword pavilion burial sword abyss, this seat, as the saint master, destroys the plan of the demon ancestors, can escape from the place where even the demon ancestors have died, even the demon ancestors are searching for my news, to kill me, Have you ever experienced it? "

Suddenly.

Silence on the court!

Many elders sucked in air-conditioning, horrified in their hearts, even the ancestors of the deep demons were chasing and killing this Qin Chen?

Is there such a thing?

For a time, many elders looked at each other and talked secretly.

To tell the truth, many of them have heard about the news that Qin Chen was chased by the demon in the realm of the holy master, and many people have heard of what happened in the void tide sea and in the void sea. And Qin Chen entered the forbidden area of the Tongtian Sword Pavilion and came out alive. At that time, it caused a sensation in the human heaven realm, because the heavenly work Yeguang, the Star God Palace, and the Dayu Shenshan all have fallen into it, and there are also in the secret realm of the Tiangong headquarters

Some rumors.

But no one had expected that Qin Chen would destroy the plan of the ancestor of the Abyss in the Tongtian Sword Pavilion forbidden ground, and even the ancestor of the Abyss would kill him.

The news fell.

Suddenly it dropped a heavy bomb, and it shook.

In the vast mountains and around the ring, some elders had a glimmer of cold light in their eyes, including three other demon spies who had been identified by Qin Chen before.

That's it.

They are all stunned.

These spies are lurking in the secret realm of the headquarters. When they received an order from the Demon Race to inquire about Qin Chen's news, they had doubts about why a small external Saint Child would attract the Demon Race's attention.

Now, they finally understood that this kid had actually ruined the plan of the demon master demon ancestor. Tongtian Sword Pavilion, the top power of the ancient human race, is not inferior to ancient craftsmen, and how ambitious is the plan of the demon ancestor to target the forbidden land of the Tongtian sword pavilion? It must be extraordinary. If it was really destroyed by Qin Chen, it would be no wonder

Master Mozu would be so angry.

On the ring. Qin Chen looked at these somewhat shocked deacons and elders, and sneered: "I have gone through all this and escaped from the death **** countless times before I am where I am today. I don't know why Lord Shen Gong Tianzun appointed me as deputy deputy. Lord, but I

It can be said without hesitation that I can withstand this title. "

"And now? You actually dare not challenge me or even accept the advice of this seat for the sake of a mere 100,000 contribution points?"

"sad!"

"Sigh!"

"ridiculous!"

Qin Chen glanced at the crowd with contempt: "If the secret realm of Tiangong's headquarters is only raising such a group of gangsters, to be honest, I, the acting deputy hall master, would not bother to be."

"Such an opportunity is not easy to grasp. Would you like me to give you one million contribution points alone? That elder, please answer me."

Qin Chen stared at the elder in the crowd, his eyes sharp, like a heavenly sword.

Everyone felt an extremely oppressive breath rushing in, and many elders had difficulty breathing under Qin Chen's eyes, and even felt unmatched pressure.

"I....."

The elder's heart trembled, cold sweat fell on his forehead. His heart was restless, restless, and uneasy. Qin Chen's pressure made him feel a heavy mountain. He is also considered a veteran man. He has never imagined that he would be unable to be under the eyes of such a young venerable. look up

.

Around, many eyes stared at him, and many elders looked at him.

This made him even more panicked, his mouth was dry, he didn't know what to say, and he wanted to find a place to sew it down.

I am so stupid, why did you say that before.

"Looked up."

A thunderous voice rang in his ears, it was Qin Chen.

"Look up and look at me." Qin Chen yelled, his eyes sharp, like a **** of murder. "Remember, you are the elder of my daily work, the high-level person of my daily work, the core person, and when placed outside, they are all princes-like existences. No matter who you face, you must raise your head, even if it is the demon ancestor. If he targets you, just **** him

Yes, I believe that I work every day and there is no such thing. "Qin Chen shouted angrily, with a thunderous voice.

[Chapter 4160: Ask for trouble](#)

Many elders were shocked.

Days work.

There is no such thing!

"Looked up!"

Many elders made a low voice.

The elder shook his body, his eyes were crazy, and he didn't know where the courage came from. He gritted his teeth and suddenly raised his head, looking at Qin Chen ferociously.

However, when his eyes and Qin Chen's eyes touched, the pressure in his heart still followed, and there was an urge to turn his head.

"well."

Qin Chen smiled and looked at him faintly, "Now, you tell me, you know that you are not my opponent, dare you to challenge me?" Qin Chen's eyes were torch, and his spirit burst out, and he shouted: "It costs 100,000 contribution points, go Challenge someone who you think is by no means an opponent to bet on the gain of one million? You accept the guidance, to feel the gap between yourself and others, to make a

This transformation, you-- dare? "

Qin Chen yelled, staring at him firmly.

"I....."

The elder's apple was rolling. Under everyone's eyes, he gritted his teeth, as if there was endless anger in his heart to vent, and roared: "I...challenge you!"

"Why not dare!"

boom!

In his body, there seemed to be an eruption of anger, and a hearty feeling burst out of his heart instantly. In an instant, the power of the rolling avenue surged on his body, and the breath of the whole person suddenly increased a lot.

"Transformation."

"Elder Gu E has changed like this."

"Do you feel it, he has the great aura on his body, it is more rounded, and he is one step closer to touching the realm of the heavenly sovereign."

All the deacons and elders present were shocked and shocked.

At their level, the improvement of their cultivation level is not a matter of overnight, nor can they break through with just a few resources. It requires a variety of epiphanies.

But under the pressure of Qin Chen, the elder Gu E, whose cultivation level had been stagnant for hundreds of thousands of years, unexpectedly transformed, got a slight improvement, broke a bottleneck, and shocked and excited many people.

Wow.

Everyone looked at Qin Chen, their eyes excited.

If Qin Chen can really give them some advice and give them a little bit of cultivation, then what is one hundred thousand contribution points?

For many elders, one million contribution points is an astronomical number, but one hundred thousand contribution points can be taken out by even the poorest elders.

Use one hundred thousand to bet a million-level gain and a transformation of oneself.

It's worth it.

far away.

In the meeting hall.

The ancient master Tianzun and other deputy hall masters all looked shocked and watched this scene in shock.

A few words mobilized the emotions of an elder, and even allowed Elder Gu E to break through the bottleneck that has been imprisoned for many years. These methods are as powerful as they are also extremely shocking.

This son is extraordinary.

At this moment, these deputy hall masters all felt the heat in the hearts of the deacons and elders present, and the majestic passion in their hearts.

For many years, there hasn't been such an atmosphere in the secret realm of headquarters.

Qin Chen was like a catfish, instantly muddling the water in the secret realm of the Tiangong headquarters.

"well."

On the ring, Qin Chen looked at Elder Gu E: "I, waiting for you to make a bet for me, waiting for your challenge."

"And you."

Qin Chen raised his head and stared at all the elders and deacons present, "Each of you is qualified to challenge me. I am waiting for you, including all the deacons in the secret realm of the headquarters."

Qin Chen looked at some of the people present. There were not only the elders in the secret realm of the headquarters, but also the people who studied here like Venerable Yaoguang.

"To challenge me at the deacon level, only 50,000 contribution points are required. Moreover, this seat can guarantee that the cultivation will be reduced to the realm of human respect. As long as you can defeat me, you will get 500,000 contribution points."

"Besides, there are some half-step Tianzun."

Qin Chen suddenly raised his head and said sternly: "Tell the half-step Tianzun in the secret realm of the headquarters, this seat also welcomes them to challenge, but their challenge gold is one million, and the return is 10 million."

"If he dares to come, I'll bet."

"Shenzhen Earth, Honorable Yaoguang, let's go."

When the words fell, Qin Chen didn't know his head either. He took the mantras and the Yaoguang and left in an instant, disappearing.

boom!

After Qin Chen left, the secret realm of the headquarters exploded like a big earthquake.

Everyone is talking, all excited.

Everyone was shocked by Qin Chen's bold words.

Especially Qin Chen's last words, welcome Banbu Tianzun to challenge?

hiss!

Arrogant!

overbearing!

confidence!

That kind of momentum shocked the countless deacons and elders present. Because they can all feel that Qin Chen's cultivation is actually only the earth-sovereign. Although the previously defeated elders of Longyuan and Tianmang are strong, they are only the pinnacle earth-sovereign. They only vaguely touch the realm of the sky-sovereign, but they enter the distance. Half a day

There is still a gap in respect.

But Qin Chen?

But he dared to directly invite the half-step Tianzun who worked throughout the sky.

Madman, what a madman. You know, which half-step Tianzun in the secret realm of Tiangong's headquarters is not dedicated to cultivating, trying to find the first-line opportunity to become Tianzun. Even if they heard about the appointment of Qin Chen's deputy deputy palace master, although they were disdainful, they did not Will come out

.

Because they do not make sense.

On the contrary, it will make their situation even lower. Of course, if they are angry, even these peak earth elders are so upset that Qin Chen has become the acting deputy hall master, and they are even more upset in their hearts.

It's just because of the face.

But now, Qin Chen actually took the initiative to provoke, and let the elders tell them, is this Qin Chen really invincible?

This is a lunatic.

However, after experiencing all this of Elder Gu E, they were so crazy about Qin Chen, instead of having too much hostility.

Perhaps it was because of this madness that Qin Chen became the acting deputy head of the secret realm of the Tiangong headquarters.

I just don't know if this guy really provokes Ban Bu Tianzun, if he has so many contributions to compensate.

A half-step Tianzun's 10 million contribution points, a few are tens of millions, I am afraid that it is not enough to bankrupt the family.

"Qin Chen, you..."

On the way back to the palace, the gods of earth and Yaoguang were also anxious, and their faces were speechless.

Qin Chen had already retired completely, why did he have to provoke those half-step Tianzun. "Qin Chen, although you defeated the elders of Longyuan, you don't know that my daily work has been passed down for so many years. There are not one or two half-step Tianzun in the secret realm of the headquarters. Your words will inevitably be passed on to them. In the ears, when they

I will definitely find you. "

Shiningly clutching his hair, he almost grabbed his scalp.

He is anxious.

"Hehe, I'm not afraid that they will come up, but I am afraid that they will not come up." Qin Chen's eyes flashed, but there was a hint of deep meaning in Qin Chen's eyes.
