[Chapter 4161: Eight Vice-Hall Masters](#)

Qin Chen didn't come to practice at all when he came to work in the secret realm of the headquarters this day.

It is aimed at the demons.

The ancestor of the abyss demon has been making trouble for him, and Qin Chen naturally can't keep defending. Of course, he does not dare to directly trouble the ancestor of the abyss demon, but it is okay to get rid of your arrangement in the sky work first. Right?

Days work? It was a force that the ancestors of the Abyss Demon desperately wanted to capture. It was a thorn in his eyes and a thorn in his flesh, otherwise he wouldn't have arranged so many spies here.

The manpower, material resources, and financial resources required to arrange a spy must be an astronomical figure. Moreover, the ancestor of Yuanmo arranging so many spies here must have his major plan and purpose.

What Qin Chen had to do was to find out all the spies that the Demon Race had arranged here, and then uproot them, leaving the Demon Race's countless thousands of years of painstaking efforts to nothing.

And if you want to find out all the spies, these half-step Tianzun can't be missed.

Half-step Tianzun is an outstanding person below Tianzun. The demons will not be unprepared, and Qin Chen knows very well that for the elders, the difficulty of developing half-step Tianzun spies may not be more difficult than the elders.

Because no half-step Tianzun does not want to become a Tianzun giant, but it is too difficult to become a Tianzun giant, not just resources, but also various opportunities.

With the power of darkness, the ancestor of Yuanmo would definitely be able to promise more to these Banbu Tianzun. After these years, if he said that Banbu Tianzun had not been seduced and rebelled, Qin Chen would really not believe it.

"All it takes is for them to come here."

Qin Chen sneered and flew back all the way.

In the process of Qin Chen flying by, in the distance, in many palaces, a figure of a statue also filled out.

There were a lot of deacons and elders who went to the ring area to watch Qin Chen before, but compared to the elders in the secret realm of the Tiangong headquarters, they were actually only a very subtle part.

But Qin Chen's bold words and lofty ambitions seduce all these strong men hidden in the secret realm of Tiangong's headquarters.

At this time, these faintly escaping figures also felt Qin Chen flying by. They had just received the news before finally coming out of the retreat.

"Shenzhen Dizun? This should be the new acting deputy hall master Qin Chen who defeated thirteen elders in a row in the ring area and earned 13 million contribution points. Want to challenge the all-day working deacon and elder?"

"It looks so young, but it's really crazy."

"The young people nowadays don't know how to be fearless. They dare to challenge all the elders, even half-step Tianzun, without knowing where the courage comes from."

The deacons and elders with different breaths all looked over.

"He is a newcomer, a figure of Earthly Sovereign, who only relies on his body's cultivation base and law to realize that magical powers and secrets are impossible to defeat Banbu Tianzun. If he dares to challenge Banbu Tianzun, he must rely on it, for fear of some strange encounters in his body..."

"I heard that he once came out of the forbidden area of the ancient Tongtian sword pavilion alive, I am afraid that he has obtained some extraordinary methods in the Tongtian sword pavilion."

"Tongtian sword pavilion? No wonder, this is a top power in the ancient times, no weaker than our craftsmen."

Countless messages are being passed between the elders and deacons, and many people have learned a lot about Qin Chen.

Many people showed fear towards Qin Chen, but there were also many elders eager to try. Of course, many elders were still very angry.

"Even if he has the inheritance of Tongtian Sword Pavilion, it would be too arrogant to dare to challenge all of us."

"Regardless of whether it is arrogant or not, as Qin Chen said, this is indeed an opportunity. If we don't even dare to challenge with one hundred thousand contribution points, then what energy do we have in our lives?"

"challenge!"

"Haha, I'm also here to challenge. It's very interesting to play against the top Tianjiao who has been designated as the acting deputy hall master by Master Tianzun."

"Suppress the respected cultivation base to challenge me to wait for all the deacons. It's a big tone. I want to ravage the acting deputy hall master."

"Hmph, we are all the pinnacles who respect the arrogance of heaven, I don't believe that he can suppress all the deacons who work in the whole day even when he suppresses his cultivation."

At this moment, the entire secret realm of the Tiangong headquarters was sensational, and countless strong men who had received the news came to their senses from the retreat and exchanged one after another.

Conference hall.

The ancient craftsman Tianzun was speechless.

This guy is really a **** cudgel. Didn't he see it when he was in the base camp of the Ten Thousand Races Battlefield? Because, as the deputy head of the hall, the ancient craftsman Tianzun can feel some movement in the heavenly work. If the original heavenly work is like a sleeping lion, then now the entire secret world of the headquarters is agitated. Lion

, Wake up.

"Interesting, use one person to fight all the deacons and elders of the entire Tiangong, including the half-step Tianzun. Now our Tiangong headquarters has a sensation everywhere in the secret realm." There is a deputy hall master speechless.

"How many years has it been? Our headquarters secrets haven't been so lively? I feel that some of the elders who have been sleeping for a long time have awakened."

"Hehe, lively, very interesting."

In addition to the ancient craftsman Tianzun, several other deputy hall masters also appeared, with a terrifying aura lingering on their bodies, shocking nine heavens and ten earth, and said with a chuckle.

A group of silhouettes projected down from the palace of the Tongtian Polar Fire Pillar, and came to the working and discussion hall of this day.

"That kid's engagement made me feel a little itch, and I want to go up and have a match." A figure wearing a red robe, like a figure shrouded in chaos, smiled.

"Nonsense, ten times the odds, who doesn't want to go up, isn't it for nothing?" Another deputy hall master in a black robe laughed.

"There is courage and domineering, and I don't know where Master Tianzun got this kid from, this appointment is absolutely absolute."

"It's still domineering, why doesn't he even challenge the Deputy Hall Master?"

There was also a cold snort from the deputy hall master, his expression ugly.

The ancient craftsman Tianzun looked strangely at the many exchanged deputy hall masters.

The deputy hall masters are all heavenly figures, and they are usually people who are in secret cultivation and retreat. If there is nothing major, they are simply too lazy. Who wants to manage this mess, who doesn't want to improve their cultivation.

Therefore, on weekdays, there are usually two or three vice-lords in the discussion hall. When there are a little more, five or six will be up to the sky. However, this is usually the time to discuss important matters of heaven and work.

But thinking of this time, Qin Chen's engagement almost blasted out the eight deputy chiefs.

This made the ancient craftsman Tianzun extremely stunned, and could only make a bitter secret, Qin Chen, this kid is too much to toss.

And when the deputy hall masters were talking about Qin Chen.

Huh! Qin Chen had returned to his palace with a few people of Zhen Yan Di Zun.

[Chapter 4162: Never refuse](#)

"Qin Chen, you are really too reckless like this."

The mantra is still chattering.

No way, his little heart can't stand it.

"Haha, Zhen Yan Di Zun, don't say it, this young man has his own idea." Qin Chen smiled: "Isn't there any opinion if you haven't seen your disciple?"

Venerable Yaoguang heard this, bitter melon on the side.

He didn't have any opinions, but he didn't dare to have opinions. After all, he is now the one with the lowest status. How can he be qualified to give opinions.

However, even if he was qualified to propose, he would not make any dissuasion. Compared with Master's True Words, he had been in contact with Qin Chen for longer and knew more about Qin Chen.

Qin Chen is a very assertive person and has never been aimless. In Guanghan Mansion, Qin Chen walked out of a small area, established Chendi Pavilion, and finally smashed to the territory of Guanghan Mansion, rising all the way. It has always been determined and then moved.

Including later going to the Southern Heaven Realm, unifying the Southern Heaven Realm, and destroying Yaomie Mansion, Qin Chen's every move gave Venerable Yaoguang a surprise.

In his opinion, although Qin Chen's actions this time shocked him, he believes that Qin Chen must have his own purpose in doing this. No matter what, he only needs to support Qin Chen.

Zhenyan Dizun silently knocked Venerable Yaoguang's head, "You Muyu's head, you are saying something."

"Master, don't persuade you, you can't persuade Qin Chen." Venerable Yaoguang said silently, "Moreover, Qin Chen must have his purpose in doing this."

"Purpose, I know he has a purpose. He wants to earn more contribution points and obtain more resources. However, it is enough for some deacons and elders to challenge. Let those half-step Tianzun also challenge..."

The more you speak the truth, the more anxious you are.

"Do you know the strength of the half-step Tianzun in the secret realm of the headquarters? If you lose one, this is 10 million contribution points. Even if you win a hundred elders, you lose one half-step Tianzun. This is not white. Do you work hard?"

"I mean, first finish challenging the deacons and elders. In this way, if you lose less and lose more, you will definitely earn a lot of money. Then, depending on the situation, you can decide not to challenge Banbu Tianzun. If you are not sure, Just close the challenge channel. Isn't this a big profit?"

"But now that Qin Chen is like this, I'm afraid that the half-step Tianzun who has received the news will pick up money for nothing. Qin Chen is afraid that even the previous 13 million contribution points will be exported. That is too bad. But it's not easy to earn 13 million contribution points."

Shiningly respects the heartache, the more I speak, the more anxious my heart is, as if it was me who was losing.

Venerable Yaoguang suddenly looked at his master silently.

He always thought that Master's dissuasion was because he was afraid that Qin Chen would offend too many deacons and elders in Tian's work, and he was daring, because he was afraid that Qin Chen would lose his contribution.

"and many more!"

Seeing what Jin Yan Di Zun wanted to say, Qin Chen suddenly raised his hand because he felt that a lot of information had been received in the identity token.

"This is an invitation to fight, let me see how many there are."

Qin Chen took out his identity token and sensed his entry.

On the side, the gods of earth and Yaoguang opened their eyes, clenched their fists, more nervous than Qin Chen himself.

"Huh?" Qin Chen stared.

Among them, the information about the battle is constantly pouring in. This identity token is not only Qin Chen's proxy deputy hall master token, but also a treasure of communication. As long as Qin Chen opens his authority, anyone in the secret realm of the headquarters will Can communicate and communicate with Qin Chen directly through identity tokens, including but not limited to engagements, transactions, etc.

At this time, Qin Chen kept receiving messages in the column of the appointment, and there was already a lot of information about the appointment.

"How many?"

He asked truthfully.

"Currently it is fifty-six."

"Fifty-six?"

"Fortunately, well, not too much." Zhenyan said with a sigh of relief.

"No, it's sixty-seven."

"Oh, this time it's eighty-nine."

It's just that the tone of Zhen Yan Di Zun hasn't finished yet, and the number Qin Chen reported has changed again.

This speed is too abnormal, right?

Jin Yan Di Zun was dumbfounded in an instant, only a few breathing time? Actually changed from fifty-six to eighty-nine, which is too fast, right?

If Zhenyan Dizun could see the message in Qin Chen's identity token, he would find that the number of engagements was still increasing, and it had already exceeded three digits.

"One hundred and three."

"One hundred twenty-five."

"One hundred and fifty-seven."

This speed has not decreased because it exceeds three digits, but is increasing.

There are many masters in the secret realm of Tiangong Headquarters. After all, they are all the powerhouses gathered by Tiangong for countless years. Moreover, Qin Chen also opened up the challenge at the deacon level. This number is huge. The deacons in the secret realm of Tiangong headquarters are at least better than the elders. More than ten times more.

"Oh, more than two hundred."

"Huh, it's more than three hundred."

Qin Chen reported a number every once in a while, making the truthful heart frightened.

"Qin Chen, listen to me." Zhenyan Dizun hurriedly said: "In this way, you choose to pick up the deacon and the elder first. If there is a half-step Tianzun who challenges you, you should pause for a while and wait..."

Without waiting for Mantra Dizun to finish speaking, Qin Chen has put away his identity token: "Okay."

"All right?"

Honestly stared.

"Well, it's too slow to accept one portion at a time. I just accept it all. If there are more later, I will accept it all later." Qin Chen said.

Accept all?

Zhenyan Dizun was completely speechless, and he dared to say what he said, Qin Chen didn't listen to a word.

And in some palaces where Tianwu worked, the deacons and elders who gave Qin Chen a war message gathered together in twos and threes and discussed each other.

"You said, Qin Chen will really accept our challenge? It is estimated that there are hundreds of invitations to him, and I know a lot."

"Since he has said, he should not break his promise, but with so many challenges, it is estimated that he will agree one by one, and then challenge one by one. He should first accept some weak ones, and if he meets the strong later, he may not stop. for sure."

"Hey, he accepted my engagement." Suddenly someone exclaimed.

"Haha, you are lucky, you should be a deacon, so he accepted it sooner, because the threat to him by the deacon is not big, I am an elder, I am afraid it will be a few days later... uh, he also accepted mine. "

"No, mine also accepted."

"It seems mine too."

Suddenly, many deacons and elders in this palace were startled.

Not only in this palace, but in other palaces, many elders and deacons also exclaimed.

I saw every palace, a large number of powerful people were looking at their tokens, and they all received a reply.

Agree to fight!

This surprised many deacons and elders who exchanged information with each other.

This Qin Chen was afraid that it was the same as what he said. Those who came would not refuse and accepted all the engagements.

[Chapter 4163: Over a thousand games](#)

"This kid, accepting all the challenges, what exactly does he want to do?"

Inside the Tongtianji Fire Pillar, in the dark palace, a figure lurking in the gloom whispered, and there was a color of doubt in his eyes.

"However, no matter what, the ancestors must be notified of this matter, and I can use the lurkers to challenge Qin Chen, truly recognize Qin Chen's strength, and prepare for the future."

This black figure exuded a terrifying breath of Heavenly Honor, whispered.

This is a demon spy who is lurking in the Heavenly Work. The serving deputy chief of the palace is naturally alarmed by Qin Chen's actions. It can be said that in today's Heavenly Work, almost no one has heard of Qin Chen. Name.

"Huh, in order to make a little contribution, I actually challenged the masters in the secret realm of Tiangong's headquarters. Isn't this afraid of being completely exposed? Idiot!"

From this person's point of view, Qin Chen's behavior is too idiotic.

The most important thing for a strong man is to hide himself. How can someone like Qin Chen completely expose his strength?

And in a palace in the secret realm of the headquarters.

"Heh, this Qin Chen can really toss, I want to see what the **** is this kid doing, contribution points, shouldn't it be just a cover?"

This figure murmured, showing a thoughtful expression.

Qin Chen naturally didn't know all of this.

Early the next morning, Zhenyan Dizun and Yaoguang could not wait to knock on Qin Chen's palace gate.

"Qin Chen, how many games are there in total?"

Venerable Mantra said nervously, looking at Qin Chen eagerly.

When he left Qin Chen's palace yesterday, Qin Chen received more than 700 challenges. Today, almost everyone who should challenge Qin Chen will challenge Qin Chen. Therefore, the True Words are also very curious, Qin. How many challenges did Chen have in total?

Qin Chen was speechless, this mantra respected, he was more anxious than himself.

"Let me see....."

"Well."

Qin Chen looked surprised.

"How much?" Shiningly respected and couldn't wait to come up.

Qin Chen said: "One thousand three hundred and sixty-seven games."

"what?"

Both the True Words and the Yaoguang both sucked air-conditioning. Damn, over a thousand games, have all the powerhouses in the secret realm of the headquarters challenge Qin Chen?

Qin Chen didn't have any shock. Almost all the top craftsmen in the secret realm of the Tiangong headquarters have gathered here for countless years. The more than one thousand people are afraid that they are only part of the secret realm of the headquarters.

The real powerhouses in the secret realm of the headquarters must be more than the number of more than a thousand. Apart from anything else, Qin Chen saw countless towers just because of the number of palaces here.

"According to the list of demon spies I got from Yu Devil, the seven elder-level spies and the eighteen deacon-level spies are on the challenger list. So, my move is indeed effective. In order to find out my strength, the demon spies wanted to challenge me by taking advantage of this opportunity."

Qin Chen smiled.

Based on the results he summarized, Qin Chen understood in an instant that these spies had not received the news of their true dragon clan status from the ancestors of the Abyssal Demon, otherwise these spies elders and deacons would never challenge themselves, because of this. It is a loser.

"It seems that I have to seize this opportunity to figure out all the spies early."

Whoosh!

Qin Chen flew directly out of his mansion and swept towards the duel arena.

"Qin Chen... actually laughed just now."

Zhenyan Dizun's expression was dull, when it was all time, he actually laughed out.

Duel arena.

Qin Chen entered in an instant and inserted the identity token. At the same time, he sent messages to the more than 1,000 challengers and the challenge began.

"This is the beginning?"

"Then Qin Chen is already in the duel arena, whoever rushes to challenge first."

"Go, go over and take a look."

Suddenly, the secret realm of the entire Tiangong headquarters was boiling, and countless strong men who initiated challenges rushed to the duel arena.

After they arrived, they found that the duel arena, unlike yesterday, had already been covered with a misty array of light.

"It seems that Qin Chen doesn't want other people to see the duel process."

"Yes, if you open up the duel process, then all his magical powers, moves, and methods will be seen through, and the winning rate will become lower and lower."

"Haha, but does he think that by turning on the masking mode of the ring, he will not reveal his strength? It's useless. With everyone's challenges, his strength and methods will inevitably continue to circulate, and sooner or later he will be taken. Clearly."

"go!"

Under the eyes of everyone, the first challenger had already entered the duel ring first and disappeared.

Above the ring.

Qin Chen was suspended in the air and his body was indifferent. In his perception, there was information from the supervision stone pillar. It was obvious that someone had entered the ring and opened the challenge.

Immediately afterwards, a deacon wearing a silver robe and exuding the aura of pinnacle respect appeared in front of Qin Chen.

There was a smile on Qin Chen's face: "The first of 1,367 games."

This silver-robed deacon looked at Qin Chen, arched his hand to Qin Chen, and said in a deep voice, "Acting Deputy Palace Master Qin, you said that it will limit cultivation."

"Don't worry, I won't break my promise."

Qin Chen smiled, and a series of sword auras lingered around him, and it was indeed a sword aura of the pinnacle level of respect.

The deacon of the pinnacle respected a sigh of relief, his eyes became fierce, and his fighting spirit rose to the sky.

At the pinnacle level of human respect, he has never been afraid of anyone. At the same level, he boasts that he can completely withstand Qin Chen's attacks.

"Chang!"

A silver spear appeared in his hand.

"You are lucky, because you are the first opponent in this ring challenge." Qin Chen smiled.

"The first one?" The silver-robed deacon also smiled.

boom!

A terrible aura rose from the silver-robed deacon, and the entire void suddenly trembled.

The power of countless people's peaks was crazily condensed and gathered in the body of this silver-robed deacon.

"Your 500,000 contribution points are mine."

Deacon Yinpao screamed and rushed towards Qin Chen like lightning.

If he knew that Qin Chen had once killed the pinnacle earthly respect in the realm of human respect, he would never think so.

The silver spear, like lightning, traversed the world and appeared in front of Qin Chen instantly.

"defeat!"

A sharp drink, like thunder.

However, before his silver spear hit Qin Chen.

boom!

A bright sword light suddenly lit up between heaven and earth.

"what is that....."

The silver-robed deacon's eyes widened. He could feel that the sword light was only at the pinnacle level of human respect, but the violent aura made him unable to move in an instant. He could only watch this sword aura and slashed towards him instantly. Yourself.

Only after a short while.

"Do not."

Deacon Yinpao's eyes were full of disbelief and anger. He didn't want to believe that at the same level, he was not an enemy of Qin Chen's move.

puff!

His figure was directly shocked and flew out, and then disappeared into the ring.

"The first one is not a spy from the demons."

Qin Chen murmured.

[Chapter 4164: 100 games](#)

One move, defeat a deacon.

Qin Chen looked calm.

The first one is not a spy.

As for the fifty thousand contribution points obtained, for Qin Chen, it is dispensable.

What he pays the most attention to is the spies of the demons.

Qin Chen squinted his eyes, which contained endless killing intent. The Demon Race targeted him repeatedly, and naturally wanted to give the Demon Race some color.

Otherwise, should he really be bullied?

"A total of 1,367 games, even if each one takes a quarter of an hour, twelve hours a day, it will take a full half a month to challenge. If one takes five minutes, it would be close to five days."

In five days, if something happens and someone gives up the challenge, then his plan will fail.

"Strive to complete all challenges as quickly as possible."

Qin Chen narrowed his eyes and said.

Therefore, he will defeat the deacon in one move, and he will use the shortest time to complete all the challenges.

Outside the ring.

After the Yinpao Deacon entered, many people in the outside world were waiting.

"The one who went in earlier was Venerable Kas."

"Venerable Cass is the pinnacle of humanity, with extraordinary strength. As the Deputy Vice-Hall Master Qin has said, if you face a powerful deacon, you will be reduced to the same level of cultivation as the opponent."

"With the strength of Venerable Cass, the strong at the same level are not afraid at all, the deputy hall master Qin is too big."

"Hehe, look at it, there should be a result within half an hour."

A group of people talked there and made calculations.

If Qin Chen used his full strength, defeating Venerable Cass would definitely be a matter of minutes. However, after lowering the cultivation base to the same level, many experts thought that Venerable Cass would still hope to win.

And just when they were talking about it.

suddenly.....

Hum!

The ring formation in front opened, and a figure flew out from it.

It is Venerable Kas.

"So fast?"

Many people are stunned? How long has this passed? In less than two or three minutes, Venerable Cass actually came out.

"Venerable Kas, why did you come out? What happened inside?"

"Could it be that Deputy Palace Master Qin cancelled the duel?"

Many strong people were stunned, thinking that Qin Chen might have changed his mind, frowning one by one.

On the field, no one suspected that the duel was over because it was too fast, just in the blink of an eye.

"No, I lost, let's go in for the next challenge."

Venerable Kas said in a low tone, his face ugly.

It was too embarrassing.

"Lost?"

Many elders suddenly sucked in air-conditioning, and looked at each other.

How can this be? Too fast, right?

Are you kidding me?

It takes some time to kill a chicken. How can it take a quarter of an hour to defeat a deacon?

"Could it be that Qin Chen didn't keep his promise and restrict his cultivation?"

Suddenly, everyone thought of a possibility and their colors changed.

This is illegal.

"No, the deputy palace master Qin restricted his own cultivation base, which is no better than me, but I lost."

Venerable Kas shook his head.

Although he couldn't believe that he was defeated in an instant, at least, he was also a deacon of Heavenly Work, and he couldn't do things that were the pinnacle of human respect and slander others.

He was convinced of the defeat.

It was just his words that shocked the many powerful people present.

Qin Chen defeated Venerable Cass in a moment while restricting his cultivation. This... felt terrifying no matter how he thought about it.

Suddenly, many powerful people around came forward, trying to get some information about Qin Chen from Venerable Cass.

"Want to know, go in and challenge yourself."

Venerable Kas didn't say a word, his face was pale, and he turned and left.

Nightmare!

The battle with Qin Chen was like a nightmare to him, and it also made him understand his own position.

Tianjiao?

ridiculous!

In the past, he had been living in his own fantastic fantasy, but now, Qin Chen broke his fantasy and let him know that he was not really a big deal.

"go!"

After Venerable Cass left, the second strong immediately entered the duel arena.

Qin Chen still stood on the ring.

He looked at the second opponent that appeared in the distance, and said lightly: "Second, hurry up and start directly."

Qin Chen didn't give the opponent a chance to speak or react at all, and directly urged the sword energy to blast into the opponent's body, sensing the strength in the opponent's body.

There is no power of darkness.

boom!

After two moves, the second opponent lost.

The battle continues.

Then there is the third one.

the fourth!

Many strong men just entered, and no one else said a few words, this man came out again, so fast, as if he had gone in and wandered.

Seeing the deacons and elders who went in one by one and came out in embarrassment one after another, many people looked confused.

too fast.

This is only half an hour, and within an hour, 25 deacons and elders have already lost. The time consumed by one elder and deacon is not even three minutes on average.

Is this too fast?

After this has not been included, how does Qin Chen fight when he inserts his identity card and conducts contribution point transactions?

When the news spread, the secret realm of Tianjiao's headquarters was exploded, causing a sensation.

"What? Even Elder Nine Swords was defeated?"

"Elder Gu Yue only persisted for three minutes?"

"Hi! This..."

At the beginning, the deacons and elders who lost in rapid succession were ridiculed by others after the news went out, but with a famous strong man who entered and quickly came out, everyone's face changed.

Neither the deacon nor the elder, in Qin Chen's hands, barely lasted five minutes.

Moreover, after these elders and deacons lost the duel, facing the inquiries from the crowd, almost none of them had the face to answer.

Can you have a face?

After being solved by a junior with a few tricks and spreading it out, where do you put your old face?

Moreover, Qin Chen fought too fast, because Qin Chen had an endless source of chaos in his body, and every time he defeated his opponent, he was not injured at all, causing Qin Chen to hardly need much rest time.

Challenge, challenge, challenge.

One hundred consecutive battles in one breath, the closer it took three hours, then Qin Chen temporarily stopped fighting and decided to rest.

"One hundred games in less than three hours, including rest, one hundred games is exactly three hours, twenty-four hours a day, that's four hundred games."

"A total of more than 1,300 challenges, never sleep, and strive to get it done in three days."

Qin Chen thought of a divine rainbow in his pupils.

In fact, every battle is compensated for the real time spent, but at the beginning of every battle, others have to enter the ring first, insert their ID cards, and then leave. This takes a lot of time.

And every battle starts, some elders and deacons still like nonsense.

Fortunately, Qin Chen is generally too lazy to say that he can complete a hundred games in less than three hours.

[Chapter 4165: Stimulated](#)

In these hundred games, Qin Chen found six spies.

Three of them were unknown to Qin Chen at the beginning.

This made Qin Chen smile.

No matter what, as long as you can find the spy, everything is worth it.

It's just that there are six spies out of a hundred strong men, which makes Qin Chen's heart heavy. What did the divine worker Tianzun who worked that day eat? Let Tian Jiao actually sneak into so many spies.

Although Qin Chen had also inquired about it before, the reason why there are so many spies in Tianjiao is because Shengong Tianzun and Xiaoyao Zhizun fell into a deep sleep after repairing the heavens, and they have not managed Tianjiao for many thousands of years. , This led to the constant infiltration of Mozu spies in the work of heaven.

For hundreds of millions of years, Mozu has never given up the idea of conquering heaven.

"Fine, I'll work harder myself, and sweep the **** for this God-worker Tianzun."

Qin Chen stood up.

The rest is over and the challenge continues.

Of course, don't look at Qin Chen's simple beheading of opponents, but in fact, fighting against every strong man can also make Qin Chen quite rewarding.

There are no ordinary people who can become deacons and elders of heavenly work. Everyone cultivates a different way and has a different understanding of martial arts. For Qin Chen, who has not lived for a long time, these are also a kind of experience and a kind of gain. .

A process to enhance the civilization and strength of the Book of Origin.

At this time, the outside world had also received news that Qin Chen had begun the challenge again.

"Hi, how long has this passed?"

Before Qin Chen closed the challenge, many people knew that this was because Qin Chen needed to rest. After all, one hundred battles were not a small number, and even if the source of the Lord was strong, it would be depleted.

What's more, maybe a strong man would hurt this Qin Chen, so the rest period would be longer, after all, healing was not a trivial matter.

But no one thought that Qin Chen would have started the challenge again after only a short rest.

A quarter of an hour.

It was only a quarter of an hour before and after, and there was not enough time for a cup of hot tea. Is this Qin Chen still not human? Even the Barbarians of the Monster Race are not so diligent, right.

"I come!"

boom!

Immediately, there were elders who rushed to enter the duel arena.

The battle begins.

Three minutes later, the elder exited in embarrassment.

Many people are speechless, and this devilish rhythm has begun again.

After more than two hours, Qin Chen rested again.

Two hundred games.

Winning streak.

Many elders are crazy, and every strong one comes out, they will ask about the result of the duel, hoping to see the difference.

But in the end let them down, winning streak, winning streak, or winning streak.

Later, as long as it was over within three to five minutes, everyone didn't bother to ask again, because almost all were defeated, without exception.

In the second one hundred games, seven spies were found.

After a while, Qin Chen opened the third challenge.

This continues.

Qin Chen's contribution points also continued to soar at a very rapid rate, leaving countless strong men stunned.

Many elders and deacons regretted this time, regretting that they should not challenge Qin Chen, because so far, no one can get any contribution points from Qin Chen.

Unfortunately, they sent a challenge message, and Qin Chen had already engaged in the battle, they could not go back.

Even if you don't fight, you will be deemed to have given up automatically, and you will deduct your contribution points.

Anyway, you will lose contribution points. Instead of giving up, you should challenge and experience it.

At least so far, no one has been seriously injured by Qin Chen's shots. In other words, Qin Chen has been restraining himself, and many people also said that the battle with Qin Chen has made them feel a lot.

Four hundred and fifty games, a complete victory!

One day later.

The result of Qin Chen's challenge appeared, and the audience was silent.

In a whole day, four hundred and fifty battles were fought, and none of them were defeated. This result left many people speechless and crazy.

However, the challenge continues.

Two days later.

Nine hundred wins.

Three days later!

One thousand two hundred and fifty wins.

For three full days, Qin Chen challenged 1,250 consecutive games and won.

"The Deputy Palace Master Qin is too abnormal. Three days, more than 1,200 games, are you crazy?"

"Are my elders and deacons so unbearable that I can't win even one?"

"Shame, absolute shame."

Many elders and deacons were shocked from the beginning, but now it is unbelievable.

"Don't worry, so far, there has not been a half-step Tianzun level powerhouse to challenge."

"Yes, if Tianzun takes half a step, he will definitely stop Qin Chen."

Almost Qin Chen was discussing in the secret realm of the Tiangong headquarters.

Excited!

These inheritors have seen Qin Chen win more than 1,000 games, and have not heard of a failure so far. Why does this make these elders and deacons embarrassing?

After this battle, Qin Chen can be regarded as completely conquering countless powerful people in the secret realm of the headquarters, and they have taken it! In the absence of any external conditions, they played in the duel arena for more than a thousand games for three consecutive days, without a single defeat, they were convinced.

Even Qin Chen was completely convinced as the acting deputy hall master, no one would refuse.

If you dare to say that the other party is not qualified to act as the deputy deputy hall master, you can go up if you have the ability.

In the quaint palace in the secret realm of Tiangong headquarters.

"This Qin Chen is really unbelievable. As expected, he was appointed as the acting deputy head of the palace, and the strong man who was also favored by Lord Demon Ancestor, indeed deserves a reputation!

A strong man with icy eyes exudes endless terrifying killing intent.

"Kill him, Lord Demon Ancestor will definitely give me a lot of rewards, otherwise, let him continue to grow and become the Heavenly Lord, that is a sure thing."

"If you want to kill him then, it will be more difficult!"

"However, it is not a trivial matter to deal with Qin Chen. It is easy to expose yourself. This matter must be reported to Lord Demon Ancestor."

"And before that, we must figure out the true strength of Qin Chen."

The black figure exudes a murderous intent.

And in another magnificent palace.

A strong man was also hiding in the darkness, and when he heard the news, he smiled.

What are you calculating?

The fourth day.

The challenge continues.

For three consecutive days, Qin Chen only had more than a hundred challenges left, but because the challenges of these three days were too sensational, it once again alerted some strong players.

Qin Chen's identity token once again received some challenges.

This also caused Qin Chen to accept the challenge from 1,367 to 1,521.

"Some people were blown up again, very good, hope not to let me down."

Qin Chen whispered.

In three days, one hundred and two hundred and fifty duels, Qin Chen identified a total of 79 spies from the Mozu.

This result made Qin Chen's heart heavy.

Chapter 4166 Elder Black Feather

Not to mention that the ratio of 79 people to more than 1,200 people is not high, but this is the base camp of Heavenly Work, and everyone who can practice here is the core of Heavenly Work.

More importantly, among the 79 people, the elders occupy the majority.

"According to the truth, deacons are easier to subdue than elders. Therefore, the probability of deacons being spies should be higher than that of elders. However, in actual challenges, the elders are more spies. Obviously, the demon's strategy is to give more. The elders are rewarded by the power of darkness, and many deacons are not qualified for the power of darkness."

Qin Chen squinted his eyes.

This also shows that, despite the fact that only 79 spies are perceived among these more than 1,000 people, there are still some who have taken refuge in the demons but have not been given the power of darkness. Among these people, the vast majority are deacons.

In other words, the number of spies definitely exceeds seventy-nine.

"Very well, when I finish the challenge, I will kill all these spies."

Qin Chen made up his mind to start the challenge again.

This is already the fourth day of the challenge.

call!

A figure exuding a vast aura flew.

This is a strong man with a fierce murderous look in his eyes and a black long spear. Scary spear shadows surround him, erupting into the sky.

"It's Elder Black Feather!"

"That's his half-step heavenly weapon, the Black Feather Sharp Spear, and he even challenged it."

"Ten million contribution points, who doesn't want it? Elder Black Feather makes a move, Qin Chen is in danger."

"Elder Black Feather is a half-step Tianzun level powerhouse. Maybe he can really defeat Qin Chen."

Outside, many people saw Elder Black Feather flying by, and they all looked excited.

Elder Black Feather, half-step Tianzun elder, on the fourth day, after more than a thousand games, finally half-step Tianzun elder arrived.

Among the various discussions, Elder Black Feather ignored the discussions of others around him and went straight into the ring.

Haughty and withdrawn.

Half-step Tianzun, this is almost second only to the incumbent deputy hall master and some sleeping old antiques in the secret realm of Tiangong's headquarters. He has this proud qualification.

In the ring, Elder Black Feather set aside one million contribution points, and then came to Qin Chen.

"Qin Chen!"

The Elder Black Feather looked at Qin Chen with a smile, but he was of the cold type, so the smile on his face felt very cold.

Qin Chen's heart moved.

Half-step Tianzun.

Finally half a step Tianzun shot.

To be honest, what Qin Chen most wants to fight against is the half-step Tianzun in the secret realm of the headquarters, because the half-step Tianzun is only one step away from the level of the Tianzun, but it is also the most difficult step to cross. This also causes many half-step Tianzun to get stuck. This state is tens of thousands, 100,000 years, or even hundreds of thousands of years.

But the power of darkness of the demon race can improve the strength of these half-step celestials who can't enter the realm of celestial dignity, giving them more hope to enter the realm of celestial dignity.

Powerful at this level are also the easiest to be bewitched by the demons.

As long as the Demon Race confuses the powerhouses of this level, once they break through the realm of Tianzun, they are very likely to become the new incumbent deputy hall master of Tiangong, which is also the most rewarding.

"Very well, let me see if you are a ghost or a human being."

boom!

Before the black feather elder could speak, the sword aura on Qin Chen's body suddenly surged, and the sword auras turned into fishes, swimming wildly in the void, and these sword auras quickly gathered together. , Finally condensed into a vast river of sword energy.

In the long river of sword qi, the power of the billowing chaos surging out, crashing, the billowing river swept toward the elder Black Feather.

"Ok?"

Elder Black Feather's eyes condensed, and he boomed. The black spear in his hand suddenly crossed in front of him. The runes flashed on the black spear, and there was a terrible heavenly aura permeating him. He pointed at Qin Chen from a distance and turned into a black dragon, rushing towards Qin Chen.

expensive!

The black flood dragon roared, trembling in the void, bursting out a terrible murderous intent to collapse the space, blocking this world, and in the shadow of the gun, there was a unique sealing power that enveloped Qin Chen.

"This is to block me, if it can block me, there will indeed be some trouble."

Qin Chen squinted his eyes and instantly felt the other party's purpose.

"Haha, Deputy Chief Qin said that you are unmatched. Today, let me Black Feather to end your winning streak."

Elder Black Feather yelled, black power entangled from his body, and quickly wrapped around the black spear. Deep in his eyes, a fierce light flashed away, and the black spear instantly penetrated the void. , With a boom, in an instant, it burst into front of Qin Chen and fell down.

"go with!"

Elder Black Feather screamed, and the spear in his hand pierced forward a little bit desperately, and the black silk thread turned into dense light, covering Qin Chen.

Qin Chen seemed to be completely trapped, unable to move at all.

It succeeded.

Elder Kuroba was surprised.

"Time rules!"

But at the moment when the black spear was about to stab Qin Chen, Qin Chen's body suddenly filled with a breath of time. The flow of time between heaven and earth seemed to slow down in an instant, and the spear in Elder Black Feather's hand seemed to penetrate in an instant. In a quagmire, it's just so hard to move.

"What? Time rules? How could it be so powerful?"

Elder Hei Yu looked horrified, and the time rules were very strong, but he must not allow Qin Chen, a powerful earthly superior, to completely imprison his actions.

With the slowing down of the time flow, Qin Chen broke free from the blockade of Elder Black Feather in an instant, and the black threads seemed to slow down several times, chasing Qin Chen, but Qin Chen easily avoided it.

boom!

A river of swords came in mighty, and under the acceleration of the power of time, it instantly blasted on Elder Black Feather, blasting him out with a pop.

"I, lost?"

Elder Black Feather steadied his figure, his eyes were unbelievable, and at the same time his figure had been rejected by the big formation.

Qin Chen looked at the leaving figure of Elder Hei Yu with gloomy eyes.

Demon spies!

Qin Chen felt a faint dark power in this black feather elder, and it was obvious that the other party was a spy of the Demon Race.

The first half-step Tianzun was actually a spy of the Demon Race, which made Qin Chen feel happy.

"Kid Qin Chen, if you burst out with all your strength, you can easily kill him, why waste time like this."

In the jade disc of good fortune in the universe, Honghuang Zulong is a bit speechless.

In his opinion, Qin Chen was a waste of time.

"You do not understand."

Qin Chen shook his head, his eyes stern, he waited for the next challenger to enter.

Outside the ring, when Elder Black Feather left with a green face, everyone knew the result of this duel, which caused a sensation.

Elder Black Feather is defeated?

The secret realm of Tianjiao headquarters is a sensation.

At this time, after Elder Black Feather returned to his palace, an invisible light and shadow emerged in front of him.

"how is it?"

This is a figure in the deep darkness, asking coldly.

Chapter 4167 Black Projection

"grown ups!"

Seeing this black projection, Elder Black Feather hurriedly knelt on one knee with a respectful look.

"I am defeated, and there is no resistance." Elder Black Feather said bitterly.

"You also lost? There is no resistance? How could it be?" Shocked from the black projection eyes.

In his opinion, Elder Black Feather is a half-step Tianzun, with a cultivation base that can reach the sky. No matter how strong Qin Chen is, he has a very high winning rate. But now, Elder Black Feather has lost, and he said he has no resistance. This made the black figure couldn't believe it.

"Tell me about the process of your previous battle." The black figure squinted and said in a deep voice.

Immediately, Elder Black Feather told the story of the previous battle. Because the battle was very fast, the whole process was only a moment.

The black figure's eyes flickered with an obscure look, and he said in a deep voice, "You mean, the other party uses the time rule to block the time between heaven and earth, which slows down your attack infinitely, and finally escapes your magical power blockade. Will defeat you?"

The black figure blinked in his eyes, a little unbelievable.

Time rules, the top rules of the world.

Everyone knows that the universe is the universe in all directions, and the universe has always been the universe.

The rules of space and time are the top rules and avenues in this universe.

However, no matter how strong the avenue is, it also needs realm to support it.

Qin Chen is just a land respecter. Even if he controls the time rules, he can affect the time flow of Elder Black Feather's body, but at most it only delays the attack of Elder Black Feather, and even the extent of this delay will inevitably be very weak.

Unless it is some kind of time supernatural power.

But in the previous story of Elder Black Feather, Qin Chen used the time rules, and the terrible rules of the road descended, and the time flow in the ring area he was in was all affected. Even the magical powers and attacks he displayed were like deep mire. It's hard to move.

This has exceeded the limit of the time rule that the general respect can display.

"Are you sure that Qin Chen's time rules affect all of you, including your soul? Senses?" The black figure suddenly frowned.

"Yes, sir, the subordinates have a feeling that the time rule Qin Chen used is not just a rule of sentiment, but more like..." Elder Hei Yu frowned and muttered: "Like a This kind of road, a kind of origin, affects not only my attacks, but also the circulation of power, the evolution of rules and even the fluctuation of the soul."

"hiss."

Hearing this, the black figure inhaled a cold breath, and a divine rainbow burst out of its pupils: "I understand."

"The origin of time, this kid has the origin of time."

"The origin of time?" Elder Black Feather was shocked.

"Yes." The black figure's eyes showed greed and excitement: "The time rule is the top rule between heaven and earth. Although it is extremely difficult to master, it is not that no one understands a trace of power. After all, the top level is strong. Everyone can perceive the existence of the long river of time and the power of time."

"But..." the black figure said solemnly: "The so-called perception of the power of time is just a simple rule of time. The rule fragments, the world exists, it is not difficult to feel it, but the previous Qin Chen affected your time rule. It can no longer be called a rule, but the Tao, the Tao of Time."

"This is a complete avenue, and only when you master the avenue of time can you truly control time."

"But with that Qin Chen's strength, how can he control the Dao of Time? Even Tianzun can only perceive the embryonic form of the Dao of Time, unless he has the origin of time."

The black figure's heart instantly heated up.

The origin of time, this is one of the most mysterious, vast and powerful origins in the world.

Such treasures, let alone his tempting, even the supreme strong will be tempted and will not ignore it.

"It's no wonder that Qin Chen can rise in just a few short years. It is rumored that people who have the origin of time can even use the power of time to arrange a large array of time flow. In that large array, the outside day may even have been spent inside. Half a month, a month, or even longer."

As a top-level refiner of Tiangong, this black figure has naturally heard of the layout of the Time Array, and has seen such records in some distant classical books made by the craftsmen of Tiangong's predecessor.

Originally, he still wondered why Qin Chen was only a half-step venerable when he was in the human celestial realm. Why could he break through to the earthly venerable realm in such a short period of time and possess such terrifying strength.

Now, he finally understood the reason.

That is the origin of time.

With the origin of time, coupled with sufficient opportunities and resources, it is possible to directly break through the realm of earthly respect in such a short time.

No wonder...

The black figure suddenly appeared.

Elder Hei Feather raised his head and looked at the black figure. He also had a longing for the origin of time. Treasures such as the origin of time could not only make one person realize. If Qin Chen was killed, they would also hope to absorb the origin of time and control the time. Tao.

Elder Hei Yu hesitated and couldn't help but said: "My lord, I don't know how the above decided to deal with that Qin Chen?"

He could feel the heat in the black figure's heart, and he couldn't help but sigh slightly, no matter how he was going to deal with that Qin Chen, the origin of time, he was afraid that he would not have his share.

"This, you don't have to worry too much, you just need to hide your identity, remember, don't act rashly." The black figure said, his body disappeared instantly.

When Elder Black Feather saw the other person leaving, his expression was uncertain.

The origin of time.

He also longed for what he could get. With such treasures, would he still be afraid that he would not be able to break through the realm of Heavenly Venerable?

However, in the end, he suppressed the greed in his heart.

Some things are not something he can covet.

On top of the showdown ring.

The battles continued.

Many powerful men gathered in the void near the Duel Mountain Range, staring at the arena in the distance.

When the last challenger walked out of the ring in embarrassment, finally, a proud figure followed out of the ring.

It's Qin Chen!

In a moment, the secret realm of the headquarters of the work day that was concerned about here was boiling.

Four days.

One thousand five hundred and twenty-one battles.

Win!

This is a miracle.

"Look, that is Qin Chen, the new acting deputy hall master."

"Too young, no wonder it will cause controversy, but the strength is also terrifying. As far as I know, almost none of the players who challenged him won."

"So far, I haven't heard of anyone who has defeated him. I have never made three moves in his hands."

"I lost with two moves."

"It is said that someone has counted the number of people who entered the battle in the first battle. Until just now, there were a total of 1,521 battles. However, no news of a victory came out."

Shocked voices reverberated in the mountains, causing a sensation.

Chapter 4168-Forbidden Sky Mirror

Qin Chen challenged the many powerhouses in Tianjia and won them all. This was a miracle and caused a sensation.

Moreover, according to the investigation, among these strong men, there are still many half-step gods.

Twenty-one.

Someone has counted that a total of 21 half-step Tianzun entered the battle arena to fight with Qin Chen. This is an amazing number. Although there must be half a half-step Tianzun hidden and not shot, but 21 half-step Tianzun has no one. All the wins were defeated by Qin Chen, which caused much discussion.

Of course, the most shocking thing was the news that came from those Ban Bu Tian Zun.

That is, when Qin Chen defeated these half-step Tianzun, he urged the origin of time.

The origin of time, this is the top treasure in the world.

Whoosh!

Under all eyes, Qin Chen flew past the sky, ignoring the many powerful men, and went straight to his palace.

"The origin of time, it's no wonder that this person has improved so quickly and his strength is so terrifying."

"With the origin of time, you can control the time avenue, but it is invincible at the same level, and they are as strong as the elders of Black Feather.

"Although I don't know how much Qin Chen's perception of the origin of time, and how much he controls the Dao of Time, this time origin alone is enough to make it difficult for him to find an opponent in the realm of Earthly Sovereign."

A group of people looked at Qin Chen leaving with envy.

Yes, just envy.

Fortunately, Qin Chen is a disciple of Tianzuo. If he is in the outside world and knows that other people have the origin of time, it will inevitably lead to fierce competition. Even Tianzun will covet, fight, and even the Supreme will be moved.

But after this battle, Qin Chen can be regarded as countless powerhouses who have completely conquered the secret realm of the headquarters. After they have taken it, without the blessing of any external treasures, they defeated all the half-step Tianzun with the cultivation of the earthly respect.

They all accepted Qin Chen's appointment as the acting deputy hall master!

Back in the palace, Qin Chen finally breathed a sigh of relief.

Four consecutive days of war, fifteen hundred and twenty-one battles, without a break, as strong as Qin Chen and a little tired.

However, this exhaustion does not come from the body, but the soul.

"Kid Qin Chen, you are too unwilling to expose the origin of time in this way. A good thing like the origin of time, even I am heartened, you are making yourself trouble."

Among the jade discs of good fortune in the universe, Honghuang Zulong speaks.

With the current strength of Qin Chen, if he wants to defeat some half-step Tianzun, he does not need to expose the origin of time, even if he does not urge the chaotic dragon soul in his body, he does not become a real dragon, and only depends on the chaotic power in Qin Chen's body. Enough to defeat those half-step Tianzun.

What Qin Chen did, made Honghuang Zulong a little bit confused.

The source of time is too precious. Exposing it to unnecessary situations is just making trouble for yourself.

Qin Chen shook his head and said in a deep voice, "You don't understand."

Yes, Honghuang Zulong does not understand.

The purpose of Qin Chen's battle against all the powerhouses is not to plunder and contribute, but to find the spies of the Demon Race.

"One hundred and thirteen, among them, seven are half-step Tianzun."

Qin Chen felt heavy in his heart.

This is the demon spies he found in the battle. There are more than one hundred of them. Moreover, among the 21 half-step gods, seven are spies of the demons, one-third of the number. The ratio is too high.

And Qin Chen knew that this was definitely not all, there should be more among the deacons.

This, Qin Chen is certain.

In addition, Qin Chen's gaze is not those who are staring at them, there are also these people who are above them.

Incumbent deputy hall master.

Heavenly strong.

These agents are the biggest hidden danger of the work base for the misfortune. If they are not found, even if Qin Chen clears out all the more than 100 agents he has found, he will only complete half of the cleaning task at most.

"My bait has been laid. Time is the root of it. Such a good bait, don't let me down."

Qin Chen squinted his eyes and said, the origin of time was the bait he deliberately released, and he believed that the other party would not remain unmoved.

Whoosh!

Qin Chen went straight to the training room deep in the palace and began to retreat.

Although more than 1,500 battles ended in just four days, they also gave Qin Chen great gains.

Every elder and deacon who worked in the sky had extraordinary strength, and everyone had his own way, which gave Qin Chen a lot of tips.

Every avenue gave Qin Chen a harvest.

Rumble!

A series of powerful Dao powers lingered around Qin Chen, poured into his Book of Origins, and turned into civilizations in the Book of Origins.

A dazzling light burst out from the book of origin, and various civilizations flashed.

The naked eye can feel that these civilizations are slowly improving.

Devildom.

The magic mountain of the sky stands tall, and a magnificent palace stands between the sky and the earth.

"The origin of time?"

A dark figure appeared in suspension, exuding an aura of suppression.

"My lord, do you want to inform ancestors about this matter?"

Below this figure, a figure evacuating devilish energy respectfully asked.

The towering black figure said coldly: "No, the ancestor said, in a short time, you don't need to disturb him, no matter how strong Qin Chen is, it will not threaten the ancestor. The ancestor's gaze should be there. Xiaoyao Supreme is outside this universe."

"Then we next..."

"Om!"

He saw this majestic figure suddenly raising his hand, and booming, a black mirror appeared in his hand.

Looking at the black mirror, the figure kneeling on the ground showed a look of surprise, "This is... Forbidden Mirror? Sir, do you mean..."

"Send this Forbidden Sky Mirror to the secret realm of Tiangong Headquarters, and hand it to the person you contacted, so that he can seize the opportunity to kill that kid. With this Forbidden Sky Mirror, it is enough to cover his breath in a short time. You won't be discovered by Tianjiao's Tongtianji Fire Pillar, and if you kill that kid, Tianjiao won't find it was his hand."

The towering figure squinted his eyes, "That kid, but the realm of Earthly Sovereign is already invincible in the same realm. If you let him step into the realm of Heavenly Sovereign, it will be completely troublesome. With the origin of time, he becomes the hope of Heavenly Sovereign. It is higher than any half-step Tianzun. Quickly, make a plan and report it to me. I must hurry to kill this human."

"Yes." This powerful demon clan said respectfully, and at the same time his figure transformed, he turned into a human being, with the same breath as the human clan.

"Go." The Forbidden Mirror in the hands of the towering figure fell into the hands of this human figure. boom.

The humanoid demons were directly moved out of this time and space, and beyond the time and space controlled by the towering powerhouse, the human demons teleported and disappeared.

"Qin Chen, since Lord Demon Ancestor gave me the task of paying attention to you, then this seat will definitely satisfy Lord Demon Ancestor."

This majestic figure stood in front of the palace, and the dark eyes were constantly surging with terrifying killing intent, rumbling, and the world of this demon world roared violently under this killing intent.

Chapter 4169 Nine Life Cat Clan

In the depths of the endless universe, there is a vast starry sky. In these starry sky, countless stars bloom with misty light, just like an illusion.

In the endless starlight, there is a majestic palace, the whole body is constructed by the core of the stars, indestructible.

This is where the Star Palace is located.

"Master Star!"

In the deepest part of the Star Palace, a top powerhouse fell and said respectfully to the inside.

"Why wake me up?"

A starlight figure appeared here.

"My Star Lord, there is news from the inner workings of my Star God Palace in the Heavenly Work. The Star Lord once asked me to wait for Qin Chen to enter the secret realm of the Heavenly Work Headquarters, and was named the Deputy Vice-Hall Master. Not long ago There are more than 1,500

strong people working with Zhantian, and none of them have failed. It is rumored that he has the origin of time in his body."

"Qin Chen? This name is almost forgotten by me... it's the kid who got the inheritance in Tongtian Sword Pavilion..."

Terrible starlight surged from the figure of the star master.

"This kid's strength has increased so much, the origin of time, this seat has long known that there is a secret hidden in his body, unknowingly, has it increased to this level?"

The Star God Palace Master murmured, the starlight condensed eyes were cold, containing killing intent.

"Master Star, what should we do?"

The Star God Palace expert asked.

"How to do it? Nothing is needed. In the secret realm of Tiangong Headquarters, we can't use our hands and feet at all. My Star God Palace has just fallen from the Falling Star Celestial Venerable, and the ten thousand races have lost everything on the battlefield. The loss is heavy, and we can no longer lose it. Go down, you only need to stare at him. If that kid leaves the secret realm of the headquarters, you can report to me. As for other things, you wait!"

"Waiting?"

"Hahaha, the Demon Race will not let any human genius grow up. Look, the Demon Race will definitely do it."

boom!

The endless starlight shattered, and the figure of the Star God Palace Master disappeared instantly.

At the same time, the forces of the Human Race's Void Temple, Dayu Shenshan, etc. have all received such news.

Although the secret realm of Tiangong's headquarters is very secretive, Tiangong's development for so many years, the same human forces, the information between each other is extremely acquainted, there are few secrets in this universe, plus Qin Chen's troubles it's really too big, and it's naturally spread throughout the universe.

In the extremely remote starry sky of the universe, in the depths of the universe.

In the void, black ripples rippling outwards in circles. At the core of the endless black ripples, there is a huge black skull throne. Only the top of the throne's backrest has forty-nine black alien skulls, this huge throne. The height is about thousands of kilometers, and the whole body is made of pitch black.

If you look at this black throne with your eyes, but you seem to see an endless ocean of blood, the blood is condensed to the extreme, it is black.

The forty-nine black skulls inlaid on the backrest seemed to be howling souls all the time.

The throne is located in the endless black rippling core that covers hundreds of millions of kilometers of void, and beyond the core is a vast sea of black bones.

"the host."

At the end of the black ripples, there is a black skeleton alien beast covered with ferocious thorns in pitch black, crawling there, but the sound is directly transmitted into the endless ripples, "The news comes from a certain channel of the human race. A top powerhouse named Qin Chen appeared in the game. The human Qin Chen fought more than 1,500 battles in the secret realm of the Heavenly Work Headquarters. He challenged all the deacons, elders, and even half-step Tianzun in the Heavenly Work Headquarters. , In the end all won, no one lost."

"And there are rumors that this person has the origin of time, and was only a holy master a few years ago. It is certain that a top genius has appeared in the human race, and it can be predicted that he has now been appointed to the human race. The acting deputy hall master has a very high probability of becoming Tianzun in the future. Once Tianzun is achieved, relying on his time origin, it is very likely to become the top existence in Tianzun."

"Human genius...huh..." An icy snort came from the black throne. As soon as this snort rang, the time and space of the calm side suddenly trembled. Before, there were only endless black ripples, but at this moment it was set off. There were black waves, like endless black angry dragons chasing and wandering in the void.

Boom boom boom!

The countless seas of bones in the distance boiled.

"First, the True Dragons came out of a top genius. In the battlefield of the ten thousand races, I used the earth to repair the spiritual bones of my bone race. I didn't expect that a top genius with the origin of time has appeared in the human race. Is the greatest prosperity of the First Era coming?"

"Humans have produced peerless geniuses, and they will become peerless powerhouses in the near future. The most anxious thing is not our bone race, but the demons."

"Haha...Let's see, this time my Bone Race suffered a heavy loss in the Ten Thousand Races battlefield, but the Demon Race will not let go of this Human Race. The assassination of this peerless genius of humans is about to begin."

"The Demon, it is impossible to let the Human Race have another Freedom Supreme. Look at it, this human will inevitably die under the assassination of the Human Race. It really makes me look forward to it. Haha, it is best that both the Demon Race and the Human Race have suffered heavy losses. , In this way, my Bone Race can get more opportunities, kill, fight, hahaha!"

The laughter in the black throne reverberates in time and space.

At the end of the black wave, the strong bone clan who was covered in ferocious thorns prostrated, disappeared out of thin air and left.

The monster race, one of the top races in the universe.

The demon race, like the human race, spread all over the universe, but, like the human race, the demon race established a demon world in a certain core of the universe.

The demon world is vast and boundless, with many territories.

These territories are occupied by the top races of the major monster races, such as the Jinwu tribe, the imperial tomb tribe, and the Sirius tribe.

Among them, a vast mountain range is the territory of the cat tribe.

Under the cat tribe, there are also many small tribes, such as the Yu cat tribe, the civet cat, and the Jiu Ming cat tribe. They were originally scattered cat tribes. Under the union of the Jiu Ming cat tribe, they were integrated together millions of years ago. Finally became a top race in Yaozu.

The cat family, like crystals.

In the base camp of the cat tribe, the majestic palaces cast by countless crystals envelop an area of thousands of miles. In this crystal palaces, magnificent treasures, star cores, etc., are like ornaments, inlaid everywhere.

In the palace group, there are strong cat tribes, and the territory of the nine lives cat tribe is at the core of the palace group.

And in the most magnificent palace at the core, a **** cat is lying on the soft throne. Around the **** cat, there are many beauties of cat clan, each with a hot body. The clothing is revealing.

But each exudes a terrifying aura, and is the top powerhouse of the Demon Race.

"Sir Cat King, our clan has received a message from the human clan, which may be of interest to you."

A cat family woman said with a smile, walking on a catwalk, her tail was long, shaking, full of seduction.

[Chapter 4170: Ready to cheat](#)

The **** cat looked up and looked lazily at the approaching Venerable Catwoman, holding a thick animal leg in her hand, and her mouth filled with oil.

Beside it, there is a woman from the Nine Lives Cat Race, looking hostilely at the charming woman who walks.

If Qin Chen is here, he will be stunned, because the black cat sitting on the throne is the **** cat. I don't know when he came to the domain of the demon cat clan from the human heaven realm, and he also sat in this representative cat clan's top power Above the throne of identity.

"Tarot, stop. If you have any news, just stop and say."

The Jiu Ming Cat Clan woman beside the **** cat was the Jiu Ming Demon Venerable who had rescued Qin Chen before, but at this time she looked at the cat clan woman who came up with a vigilant expression.

"Gluck, Nine Lives, you are too domineering, you alone dominate Senior Cat Sovereign, how do you know that Sovereign Cat doesn't like me talking to his ear?" The charming cat demon said torturingly. Her body exudes a terrifying aura of Ruo Ruo Wu, who is obviously a strong Tianzun.

"Hmph, Senior Cat Sovereign is the demon world I brought back, I naturally know the needs of Senior Cat Sovereign." Jiu Ming Demon Venerable snorted coldly.

Tarot Tianzun smiled and said: "What you brought back to the Demon Realm, but you are lucky. You happened to pass the Human Heaven Realm at the beginning. Only when you met Senior Cat Sovereign can you get some favors. Adults like Senior Cat Sovereign, Three Thousand Beauties in Harem That's all normal. Besides, you have been with Senior Cat Sovereign for so long, and you have broken through from the peak of respect to the half-step Tianzun. Now, you are even expected to enter the realm of Tianzun, and you have enjoyed enough. Being trembling among the demon race, for the sake of the race, you shouldn't dominate the predecessors of the cat king, the rain and dew are the right way."

This Tarot Tianzun speaks so blatantly that she can't tell that he is the strong Tianzun of the cat clan at all. His smart eyes seem to be able to speak, tempting the **** cat. It seems that as long as the **** cat orders, she will let it go. The **** cat picks just fine.

"That's right, I don't have too little time for contact with Senior Cat Sovereign, and I'm thinking about when I can talk about life and ideals with Senior Cat Sovereign."

"Senior Cat King, I have a few good things here. When you have time, Senior, we can take a look alone."

"Senior Cat Sovereign, the origin of my civet clan contains aura. You can absorb more, Senior Cat Sovereign. Maybe your cultivation will recover faster. Why not go to the civet clan's bedroom tonight?"

Under the main hall, a beautiful cat clan stared at the **** cat with bright eyes, and kept secretly sending off.

The key is that the breath of these cat clan beauties is unfathomable, as vast as the starry sky, and they are all of the Celestial level.

The **** cat has actually become the emperor of this cat family.

If Qin Chen were to see this scene, he would definitely complain, no wonder the **** cat would be reluctant to think about it. In this cat tribe's territory, it was like entering a beauty den, enough to make people forget to return.

"It's OK, don't talk about it. When the emperor's strength recovers, I will pamper you. This is trouble."

The **** cat waved his hand, then looked at the Tarot Tianzun, and said: "Let's talk about it, what is it, you said this emperor would be interested?"

Tarot Tianzun smiled and said: "It's the news of Qin Chen from the human race that you asked us to inquire."

"Qin Chen?"

The **** cat suddenly sat up, and a faint divine light bloomed in a pair of eyes, as if directly piercing the hearts of the cats below.

"What's wrong with that kid?" The **** cat frowned.

Tarot Tianzun respectfully said: "This person has entered the secret realm of Tiangong's headquarters. It is said that he will fight against more than 1,500 strong people in the secret realm of Tianwork's headquarters, including many half-step Tianzu. With the origin of time in his body, only by relying on the origin of time can he easily defeat those half-step Tianzun."

The origin of time?

The other Cat Clan Tianzun surrounding them all showed shock.

This is the jewel in the universe, a good thing that all races are eye-catching.

The **** cat is very calm: "Isn't it normal for the kid to have a source of time on him, huh, the emperor still didn't like the source of time in the lower realm at the beginning, so it was let him."

Many cat clan beauties looked at the **** cat in shock. At this time, the **** cat turned to Qin Chen?

hiss!

Senior Cat King is too generous.

The **** cat also moved in his heart. Did kid Qin Chen improve quickly? Can even Half-step Tianzun be defeated? But also, Qin Chen possesses a jade disc of good fortune from the universe, coupled with treasures such as the Devil Tree of Ten Thousand Worlds, the power of adjudication, and the origin of time, it can be understood that the improvement is faster.

What's more, Qin Chen is still the successor of that one.

However, once the origin of time is exposed, it will inevitably be targeted by the tens of thousands, which is not a good thing.

"wrong."

Suddenly, the **** cat frowned and sat up: "You mean, he exposed the origin of time in the duel?"

Tarot Tianzun nodded and looked at the **** cat in doubt.

"The duel is very important? Someone forced that kid?" the **** cat asked.

"It's not. I heard that Qin Chen provoked this challenge on the initiative. He wants to give advice to the deacon and elder of Tianjiao."

"It's interesting to provoked it." Big Black Cat's eyes flashed, thoughtfully.

"Senior Cat Sovereign, the human race Qin Chen you are following is too reckless. In order to earn some contribution points from the day's work, he exposed the origin of time. Doesn't he know that this thing and all races will be moved? To trouble yourself for nothing."

"Now, I am afraid that the eyes of the ten thousand races will pay attention to him. Once he leaves the secret realm of the Tiangong headquarters, it will be difficult to move."

Many beautiful cat people smiled.

Jiu Ming Yao Zun was also shocked, and hurriedly said, "Senior Cat Emperor, do you want to send him a message?"

"Notify him? What do you know?" The **** cat sneered.

"The kid is better than anyone else, and he takes the initiative to expose the origin of time. Is this preparing to cheat others?"

The **** cat's eyeballs gurgled wildly. He knew Qin Chen too well. He actually exposed the origin of time on his own initiative without a life and death crisis. He must have his plan.

The other cat clan Tianzun were all stunned. Then Qin Chen actively exposed the origin of time. This... is not possible, right?

Anyone can hide such treasures, which idiot will take the initiative to expose?

The **** cat didn't have time to pay attention to the thoughts of these cat clan powerhouses, his eyes rolled, and he muttered: "Kid Qin Chen, what the **** is going on? To pit someone, did such a big price come out?"

Secret Realm of TianWork Headquarters.

Naturally, Qin Chen didn't know that the **** cat was living a lavish life in the cat clan, nor did he know his origin of time, which had already caused a sensation in the entire universe.

"One hundred and twenty-five million contribution points."

In the palace, Qin Chen counted the contribution points in his identity token, his mind moved slightly.
