

## **Valkyrie 4171**

### Chapter 4171

This is an incredible number.

It is important to know that in the secret realm of the Tiangong headquarters, one million contribution points are enough to exchange for an ordinary earthly treasure soldier.

More than 120 million contribution points are enough to redeem more than one hundred pieces of earthly treasures. This is definitely an astonishing number.

What's more, these more than one hundred pieces of earthly treasures are only Qin Chen's four-day harvest, and they are enough to make countless powerful people in the universe jealous.

But Qin Chen didn't care too much.

"I have some Tianzun treasures on my body. A Tianzun treasure is worth at least tens of millions of contribution points, or even more. With more than 100 million contribution points, I am afraid that I can only exchange for one or two Tianzun treasures. Device."

If others hear Qin Chen, they will definitely go crazy.

Only one or two Tianzun treasures can be exchanged. Do you know how rare the Tianzun treasures are? This is also a work in the sky, the holy place of refiners, Tianzun almost has a Tianzun treasure in his hand, but in some small clans in the outside world, even if some Tianzun spends tens of thousands of years, they may not be able to get a Tianzun treasure of their own. .

"However, this day's work has been established for hundreds of millions of years. There will naturally be some treasures in the treasure hall, but I can go and see if there are any good things that suit me."

Qin Chen's heart moved.

"Qin Chen!"

And at this moment, a call suddenly came from outside the mansion, it was the Lord of Mantra and Lord Yaoguang.

"Hehe, what do you want?"

Qin Chen smiled.

Whoosh!

Qin Chen came outside the mansion instantly.

"Qin Chen, you succeeded in the challenge? Now the entire Tiangong headquarters secrets are crazy." Zhenyan Dizun looked at Qin Chen excitedly. He didn't expect Qin Chen to challenge successfully. There were more than 1,500 games. A defeat.

Moreover, he never expected that Qin Chen had time origin in him.

"But Qin Chen, you are still a bit reckless? You shouldn't expose the origin of time." Zhenyan said with a sigh: "A treasure like the origin of time is enough to make even the most powerful people move. You exposed this thing, surely Will be watched by the tens of thousands of races, and walking in the universe in the future will be a lot of trouble.

"Actually, even if you lose to those half-step Tianzun elders, you won't actually lose many contribution points. As far as I know, the half-step Tianzun elder who challenged you should have only 21 people, even if you lose 21 million. You should still earn the contribution points."

Zhen Yan Dizun shook his head and sighed, wondering why Qin Chen wanted so much.

The 21 million contribution points are naturally a sky-high price for him, and even for some ordinary earthly elders, they may not be able to earn in a lifetime, but compared to the origin of time, Qin Chen is still too reckless.

"Haha, it doesn't matter."

Qin Chen smiled.

"Let's go, I have earned contribution points this time, and go to the Treasure Hall together, don't you want to go too? Just pick some treasures that suit me." Qin Chen flew away first.

The True Words and the Yaoguang immediately followed Qin Chen.

"By the way, Qin Chen, how many contribution points did you earn this time?" Zhenyan asked curiously: "Now the outside world estimates that the contribution points you earned this time are probably hundreds of millions."

"Almost, a little over 100 million, which is fine." Qin Chen said casually.

hiss!

The Lord of Mantra and Lord Yaoguang couldn't help being stunned.

A little over 100 million, okay?

God, this is a huge sum of money, okay?

Now that the whole day is working, there is no one who can contribute more points than Qin Chen except for the eighth deputy hall master.

The three Qin Chen flew towards the Treasure Hall, and countless elders also felt this scene on the Island of God of Craftsman.

Today, Qin Chen has long become a celebrity who works in heaven, and his every move naturally arouses the attention of countless people.

"Qin Chen has left the mansion."

"Where is he going?"

"Mandarin Earth Sovereign and Yaoguang Sovereign also followed, this direction seems to be...the treasure hall."

"In this challenge, it is said that Qin Chen made hundreds of millions of dollars. This is a huge sum of money, enough to exchange for the Heavenly Venerable Treasure."

"Heavenly Venerable Treasure, this is my dream, and Qin Chen did it in four days."

"What's the matter? For more than 100 million miles, there are 100,000 contribution points that I have contributed."

"Do you think there is no mine?"

Seeing Qin Chen going to the Treasure Hall, many elders and deacons were heartbroken. This was their contribution point. As a result, Qin Chen cut the leeks and all became Qin Chen's.

"Ugh."

The elders all lamented.

The speed at which Qin Chen makes money is too abnormal.

However, they were also convinced, because Qin Chen got the contribution points based on his own ability. If you have the ability, you should go too.

"Hall of Treasure, I don't know what treasure this child will exchange for? The above asked me to find a chance to kill this Qin Chen and take away the origin of time, but in this headquarters secret realm, how can it be so easy to do it, otherwise even kill this Qin Chen, this seat himself is over, and must find an extremely secret place."

In the floating palace in the pillar of fire to the sky, a cold gaze stared at Qin Chen, emitting a faint cold light.

"Where can I find it?"

He was thinking.

The Treasure Hall, located in the pillar of fire in the sky.

This is the safest place for Tianjiao, and Tianzun is difficult to enter. Naturally, it is also the safest place in the secret realm of Tianjiao headquarters.

If you want to enter the Pillar of Fire, you must go through approval. Generally, elders and deacons can't enter rashly, otherwise they will be killed directly.

However, Qin Chen was the serving deputy hall master, and both the True Words and the Yaoguang had a chance to enter it to select treasures. The colorful flames formed by the Tongtian extremely fire pillar would naturally not attack them.

After a while, Qin Chen had already arrived in front of the sky-reaching pole fire pillar.

The power of the billowing flames surged, and Qin Chen felt that once this sky-reaching extremely fire pillar broke out, the terrifying power released would definitely burn himself.

Qin Chen and the three people took out their identity tokens one after another, and suddenly a flame wrapped around the token, and then backed away. At the same time, a gap appeared in the flames in front of Qin Chen and the three people.

"The hidden treasure hall is in the depths of this colorful flame, Qin Chen, go, let's go in."

Zhenyan said excitedly, he was here for the first time.

Qin Chen nodded, before leaving, he frowned and looked at the sky above his head, where several magnificent palaces were suspended.

It is the palace of the deputy hall master.

Qin Chen keenly felt that some eyes seemed to be staring at him.

"Some deputy hall masters who care about themselves? Or are they... Demon spies?"

Qin Chen's heart moved slightly, and his heart sneered.

"Qin Chen, what are you looking at?" Seeing that Qin Chen hadn't come in, he couldn't help but wonder.

"It's nothing."

Qin Chen smiled and shook his head, and then followed the two of Mantra Master and Yaoguang Master into the flames and disappeared.

Chapter 4172 Treasure Hall

Entering the endless flame channel, a simple palace appeared before Qin Chen's eyes.

It is vast, profound and simple.

An overbearing breath rushed forward, oppressing Qin Chen.

This is an extremely magnificent palace. When you look up, the entire palace rises to the sky, surrounded by colorful flames, like a magic palace in ancient chaos.

Above the palace, there is a huge plaque, on which there are three big characters.

"Treasure Hall!"

boom!

Qin Chen's gaze fell on, and a breath that seemed to come from ancient times came straight forward, making Qin Chen's breath choke.

"What a strong breath!"

Qin Chen sucked in air.

Qin Chen's current vision has long been extraordinary. After experiencing the Vientiane God Store, Qin Chen is no less inferior to some top powerhouses, but in terms of knowledge of the history of some ten thousand peoples, it is not as good as some old antiques.

But for the appraisal of treasures alone, Qin Chen is by no means weaker than Tianzun.

And the hidden treasure hall in front of me stood majestic, and the four big characters on it seemed to contain the most profound principles of the universe, and a terrifying force of rules came down and enveloped everything.

This force was too strong, so strong that even if Qin Chen burst out his full combat power, he was afraid that he would not be able to damage the palace even a bit.

What's more terrifying is that the three characters of this treasure hall contain the power of special chaotic rules, and I don't know who is the strong one who wrote these three characters.

"It's worthy of being the treasure house of heaven's work. Who can take away the treasures in such a palace?"

The breath of this palace made Qin Chen's heart palpitating. It can be seen that even if a strong Tianzun came, he was afraid that he would not be able to break through the hidden treasure hall and take away the treasures in it.

"Haha, Qin Chen, don't you know that. Although the Treasure Hall is a place to collect the treasures of my work, but in ancient times, the Treasure Hall itself was a supreme treasure, the top supreme treasure, even the most powerful, I don't want to break it easily, so it will be used as a treasure house."

Honestly respected the smiling way.

"What? Treasure?"

Qin Chen squinted his eyes and looked carefully, and he could vaguely see that this palace turned out to be a treasure, not an ordinary palace.

hiss!

This is great.

"Hey, how is it, you can't see it at first," said with a real smile.

In front of Qin Chen, he only had this sense of superiority, at least he knew more about Heavenly Work than Qin Chen.

Anyway, he used to be a strong man in the sky, and he has practiced here for many years.

"Master, what's so proud of, this treasure is not yours." Venerable Yaoguang felt the pride of Shining Earth, and couldn't help but speak.

His face suddenly collapsed, and he directly gave Master Yaoguang a violent shudder, "Don't talk if you don't know how to speak."

It's really bad luck.

You are not allowed to be proud of your master?

Thinking that Qin Chen, who was rescued by the Eastern Heaven Realm he had gone to back then, Qin Chen was far above him in the blink of an eye. He could only find some sense of existence in this kind of thing, and the depression in his heart could be imagined.

"Master, why are you hitting me?" Venerable Yaoguang said depressedly, and suddenly he didn't dare to speak when he saw the murderous gaze of Mantra Dizun.

"It is indeed a treasure."

Qin Chen watched for a long time before nodding his head. This treasure was too powerful. Qin Chen had a feeling that it had surpassed the realm of Tianzun's treasure, and it was even more terrifying than the Devourer Demon previously displayed by Demon Tianzun.

"Could it be, supreme treasure?"

Qin Chen thoughtfully.

"If you can put away this palace, wouldn't you be able to get all the treasures in this hidden treasure hall?" Qin Chen muttered.

Zhen Yan Di Zun smiled and said: "Qin Chen, you think too much. The rumor of this palace is handed down by ancient craftsmen. It is said that even Lord Tian Zun was not capable of complete refining, so he kept it here and used it as a treasure hall. I am afraid that even the ordinary supreme will not be able to refine it."

"Oh?"

Qin Chen's heart moved, is it so powerful?

Tian Gong Shen Gong Tian Zun is at least the pinnacle Tian Zun powerhouse, and more importantly, he is also a refiner, even he can't refine the treasure, indeed extraordinary.

Supreme treasure.

Qin Chen confirmed that this hidden treasure hall was at least a supreme treasure.

Shenyan Dizun continued with a smile: "However, the Treasure Hall is not the strongest among the many treasures in the secret realm of my daily work headquarters. It can only be ranked second."

"Only second?"

Qin Chen was shocked.

Venerable Yaoguang also looked over.

"Yes, in my daily work, there is also a nine-story pagoda called Guyu Pagoda. That Guyu Pagoda contains the evil spirit and various powers of opening up the cosmos chaos. It is one of the top trials of my daily work. It's rumored that Guyu Pagoda has been standing in this space since the ancient craftsman's time. Now it is the holy place of my work. If the master of the treasure hall can still try to refine, then Guyu Pagoda is Even Master Tianzun Shen Gong couldn't shake it."

"Gu Yuta?!"

Qin Chen shakes, is it so powerful?

Venerable Yaoguang continued: "Master, where is the ancient Yuta? Why is it called the holy place of my heavenly work."

Zhen Yan Di Zun smiled and said: "This Gu Yu Pagoda is also in this Tong Tian Ji Fire Pillar, but unlike the Treasure Hall, which requires the Tong Tian Ji Fire Pillar to protect, Gu Yu Pagoda doesn't need it, because it is rumored that even the Supreme can't shake it."

"As for why it has become a sacred place for heavenly work, it is because this ancient Yu Pagoda is born with the power of creation when the universe was opened. Refining tools in it is more than several times easier than the outside world. I work with many elders and deacons if they want to. When you want to break through, you will enter this ancient Yu Pagoda for refining, but this ancient Yu Pagoda is extremely dangerous, and there is even a risk of falling. It is a double-edged sword."

Awesome!

Can it make refining easier than many times, so abnormal?

Venerable Yaoguang hurriedly said: "Master, what is the danger in this ancient tower, and how can I enter it?"

Zhenyan Dizun smiled awkwardly, "I don't know what is the danger, because I have never entered. If I want to enter, in addition to the serving deputy hall master, it must be approved, and it needs to consume contribution points. I want to line up to enter Guyu Tower. There are too many people in, you can't enter if you want to."

Venerable Yaoguang said silently: "So you have never been in, Master."

His face changed, and he slammed Venerable Yaoguang with a thud, "Master will still lie to you."

"Gu Yuta?"

Qin Chen was slightly curious.

Even the Supreme can't shake the treasure, he is very knowledgeable.

However, the most urgent thing is to enter the treasure hall to select treasures.

"Let's go!"

The three Qin Chen went straight to the treasure hall.

The gate of the Treasure Hall is closed all year round and will be opened only after the application is made.

#### [Chapter 4173: Sure enough, there is a price difference](#)

The Qin Chen and the three had already registered, so when the Qin Chen and the others approached, the door of the Treasure Hidden Palace slowly opened with a bang, and the bronze door with a width of tens of thousands of meters was completely opened.

The three of Qin Chen stepped inside.

This is the reason why Qin Chen and the three people have applied. If an outsider enters forcibly, they will be instantly wiped out by the treasure hall.

Boom!

When the three of Qin Chen entered, the gate of the palace closed again.

"This is the place to get the treasures in the work of heaven." Qin Chen looked at the entire treasure hall. The treasure hall was very wide, with only a huge stone platform about a hundred meters in diameter in the center.

"Yaoguang, go up first."

"It's Master."

Venerable Yaoguang walked to the stone platform first.

Suddenly.

An invisible light fell on Venerable Yaoguang.

At the same time, Venerable Yaoguang seemed to be stunned, and waves surged out of his body.

After a while.

Hum!

The stone platform shone slightly, and the next moment, a pitch-black warhammer appeared on the stone platform.

"this is....."

Qin Chen looked over.

The shape of this warhammer is simple, with ancient runes engraved on it. Some of them are not like weapons, but like hammers for refining weapons.

Obviously, this is a treasure of a refining tool, although it also has the function of fighting, to a large extent, its power is not strong compared to other treasures, it can only be regarded as ordinary.

Venerable Yaoguang picked up the warhammer, but his face showed joy.

Qin Chen nodded. It seemed that Venerable Yaoguang was not redeeming the treasures to enhance his strength, but the treasures used for refining. Next, Venerable Yaoguang would retreat and improve his refining level.

"Master, it's you."

Venerable Yaoguang put away the warhammer and returned.

Zhenyan Dizun stepped forward, and a sacred soldier quickly appeared in his hand and placed it on the stone platform.

"Master, you are..." Venerable Yaoguang was surprised.

Mantra respectfully said: "This hidden treasure hall can not only get treasures, but also exchange treasures. The hidden treasure hall will determine the value of the treasures you take out, which can be exchanged for contribution points."

"And this function?"

Venerable Yaoguang was excited, "Master, why didn't you say it earlier."

"It's useless to say it earlier. The Treasure Hall is only interested in human-level treasures, and the holy soldiers will never see it. After all, this is the secret realm of the Tiangong headquarters, so it is useless to tell you." Shook his head.

Qin Chen looked at it, and sure enough, the treasures that Mantra Respect had brought out were some human treasures, but many of them were broken and some were damaged. It was obviously his spoils over the years.

These precious soldiers were placed on the stone platform, a light flashed, and these precious soldiers disappeared.

Immediately afterwards, I saw a white light enveloped the Mantra Goddess. The Mantra Goddess in the white light seemed to be operating something. After a while, the stone platform lit up with white light again, and a treasure similar to a compass appeared on the stone platform. Put away.

This is obviously an earthly treasure.

Qin Chen glanced at it. This compass should be a treasure of some kind of formation.

"Qin Chen, Venerable Yaoguang and I have already selected, so we will go out first."

After Zhen Yan Di Zun selected the treasures, he immediately pulled Venerable Yaoguang back out, did not stop, and did not see what Qin Chen would exchange.

Treasure is the trump card of a strong man. Qin Chen got so many contribution points and no one didn't want to know what they would redeem. If they stood here, they would only cause trouble, so he left if he was very interesting.

Qin Chen walked to the front of the stone platform after the truthful earth and Yaoguang had left.

As long as the treasure is placed in the stone platform, the treasure hall will conduct a careful inspection of the treasure through the stone platform.

Qin Chen flipped his hand, and a magic weapon appeared in his hand.

This is an earth-zun sword and treasure soldier, obtained by an earth-zun master he previously killed in the Vientiane God Store.

Qin Chen put the treasure on the stone platform.

Suddenly, a white light lit up.

A line of words unexpectedly appeared in front of Qin Chen.

"Earth-zun war knife treasure, worth 1.5 million contribution points, can it be sold?"

"no!"

Qin Chen took back the earth-zun treasure. He was only testing its value. This earth-zun treasure was probably relatively common among the earth-zun treasures, but it was not the lowest grade.

According to Qin Chen's knowledge, in this hidden treasure hall, the weakest piece of earth-sovereign treasure is worth about one million contribution points, and there are almost no earth-sovereign treasures with less than one million contribution points.

The price of 1.5 million is not very high.

"Look at the price difference in this treasure hall first."

Qin Chen murmured.

The treasure of this place is worth 1.5 million contribution points if it is sold, but if the purchase is definitely more than this price, Qin Chen needs to understand the market here before making a decision.

After all, although Qin Chen didn't use these treasures for the time being, there were still so many people in the Chendi Pavilion, and they might not be needed.

Seeing Qin Chen put away the treasure, the treasure hall did nothing, only a line of words appeared in front of Qin Chen.

"Can you exchange treasures."

"Yes!"

This time Qin Chen chose yes.

Hum!

Qin Chen felt a white light enveloped him. The next moment, a flower appeared in front of him, and he seemed to be in a vast starry sky, surrounded by endless stars.

"This....."

Qin Chen was shocked. This hidden treasure hall actually had such an effect. No wonder that when Venerable Yaoguang and Mantra Earth were exchanging treasures before, they seemed a little stunned. It is very likely that although they are still in front of the stone platform, their consciousness has already entered. In this emptiness.

"This is the detailed form for the various treasure exchanges in the Treasure Hall of Heavenly Work."

A clear voice reverberated in the void, and at the same time, a dimly huge gray form suddenly appeared in the air, and there were four huge categories on the form.

Weapon, defense, auxiliary, special!

Qin Chen looked up at the huge gray form in midair.

"Weapon." Qin Chen said.

Wow!

The changes in the form in front of me instantly became the form of weapons. At the same time, the weapons were divided into three categories.

The human treasure, the earth treasure, the heaven treasure.

The three levels are very clear.

"The treasure of the earth."

Qin Chen directly clicked on the earth-zun treasures. Immediately, countless earth-zun treasures were suspended in the void. According to their levels, they were divided into top-level earth-zun treasures, high-level earth-zun treasures, intermediate-level earth-zun treasures, and low-level earth-zun Treasure.

Qin Chen chose the low-level earthly treasures as a category, and immediately there were countless earth-level earthly treasures, and they were once again divided into many categories.

Such as swords, guns, swords, etc...

The prices of these treasures are also presented one by one.

Qin Chen clicked on the knives again, and many knives appeared, floating the entire starry sky. Among these knives, Qin Chen saw a piece close to the earth-zun sword he had taken out earlier. Baobing.

"Two million contribution points."

Sure enough, there is a price difference.

Qin Chen thoughtfully.

Chapter 4174 Wan Jianhe

Qin Chen thoughtfully.

The same multi-level Di Zun Baobing requires two million contribution points to purchase, but only one and a half million will be given for sale, which is about 25% loss.

This is not a small number.

"However, work day is not greedy."

Although it lost 25% of its value, Qin Chen didn't think it was unfair, but thought it was very reasonable.

Because, after some powerful people in Rutian work get the treasures they don't use, if they keep it, it's difficult to improve their strength. They can only put it aside, but they can exchange it out, but they can choose the treasures that suit them. .

This in itself is a kind of resource exchange. Exchange what you don't need into what you need. This is generally difficult to do in other races and other forces. It can only be traded privately, which is very risky.

But in the day work, the price can be estimated perfectly, and only a handling fee of about 20% is charged, which is actually quite reasonable.

After exiting the form directly, Qin Chen started to choose again. Naturally, he would not really choose a treasure from the earth, but it must also be a treasure from the sky.

Qin Chen directly opened the weapons and sword Tianzun treasures.

Immediately, Qin Chen could see the void surrounding the three sharp sword phantoms very intuitively.

There are actually three swords and treasures of the Tianzun level in this treasure hall.

Qin Chen looked carefully.

These three have different prices. The cheapest one is an ancient blue sword, worth 40 million contribution points.

The most expensive is a black ancient sword, worth 76 million contribution points.

Immediately afterwards, Qin Chen chose several other categories.

After a while, Qin Chen had figured out the price of the Tianzun device.

The cheapest Celestial Device is about 30 million contribution points. This is already the cheapest Celestial Device. Qin Chen has never seen a cheaper Celestial Device, and the more expensive Celestial Device is as high as hundreds of millions.

In addition, in addition to weapons in this treasure hall, there are also many materials, including some materials for refining weapons and refining drugs, which will appear here.

Special resources are diverse.

There are even some strange original treasures of various races, all of which are bought by Tianjiao from the powerful people of various races on the battlefield of ten thousand races.

Tiangong does not only refine weapons for the ten thousand races. If the ten thousand races want weapons, they naturally need to buy them from Tiangong, and naturally sell some of the treasures they get.

Qin Chen watched carefully for more than an hour, and he had a general understanding.

"I have the Vast Sky Divine Armor. According to the Demon Heavenly Venerable, the Vast Sky Divine Armor is at least the Peak Heavenly Venerable artifact. Therefore, I don't need it for defense.

Qin Chen directly abandoned the defensive treasure.

After all, with the Haotian Divine Armor, Qin Chen no longer needs other defensive treasures, and defensive treasures have always been the most expensive of many types of treasures. Treasures of the same level will generally be more expensive than attacking ones. 50%.

"Weapons are enough. When in a human state, I can use the mysterious rust sword. Even if the soul powerhouse among them does not make a move, the mysterious rust sword itself is not inferior to the general heavenly treasure. As for the real dragon Status, let alone, dragon claws are a sharp weapon, and I got the hand of the star of the fallen star."

"As for the supply of the source, I have the power of the chaotic source in the jade plate of the universe for good fortune to supply the Venerable. I don't need the supply of precious resources at all."

"In the auxiliary or special category, you can choose the treasure that suits you. After all, in terms of physical condition, I still have to be careful when encountering Tianzun."

Qin Chen said silently.

Make a decision and then move.

Naturally, Qin Chen would not directly exchange it stupidly. After all, any Heavenly Sovereign Treasure, easily worth tens of millions of contribution points, was extremely valuable.

After searching for a long time, Qin Chen finally opened the special kind of treasure, but at this look, Qin Chen couldn't help but be speechless.

too expensive.

In this special category, there are many treasures, and there are more treasures than some weapons. For example, some flying palaces can be regarded as auxiliary or special categories. There are also some strange things that are helpful to the soul, including the sea of the sea. Rubik's cube and so on, in fact, belong to a special category.

Among the special types, there are seals, seal formations, and some domains, even life-saving treasures.

There are too many things here, even if Qin Chen's world of good fortune jade disc is placed here, it will definitely be classified into a special category.

However, what left Qin Chen speechless was the special price.

Ordinary Tianzun treasure weapons, the cheap ones are basically 30 to 40 million yuan, and there are a lot of them, the more expensive ones are 50 to 60 million, and then the 70 to 80 million to hundreds of millions.

Although the defensive type is a bit more expensive, it usually starts at 50 or 60 million.

But for this special category, there are very few 50 to 60 million, many start with 70 to 80 million, and many even exceed 100 million.

"Really expensive."

Qin Chen looked at his more than 120 million contribution points. Before that, he thought it was a huge sum of money. Now it seems that when it comes to the Tianzun Treasures, it is actually not a lot.

"Let's take a look first, now the promotion of the physical body, the soul, and many types does not improve me much. Treasures, not to choose the most expensive, but to choose the most suitable."

Qin Chen watched carefully, passing one by one.

suddenly.....

"what!"

His eyes locked on a treasure, the name of this treasure was very strange, it was Wan Jianhe.

What puzzled Qin Chen was that the appearance of this treasure was actually a sword.

The sword weapon was actually placed in a special category.

Qin Chen became interested.

Moreover, the price of this Wanjianhe is extremely terrifying, as high as 100 million.

This is much more expensive than the three-handed sword-like Tianzun treasure before.

And this Wan Jianhe's data is not written with weapons, but with domain formations!

Qin Chen immediately lit this Wanjian River.

Wow!

As soon as Qin Chen's hand touched this golden long sword phantom, the golden long sword phantom suddenly exploded, and a picture suddenly appeared in the vast starry sky all over his body, and suddenly appeared in the vast starry sky. With the densely packed sword shadows, these sword shadows turned into mighty golden waters that filled the square, and a wide and endless golden river rushed.

And the golden river, which turned out to be a small sword with the thickness of a thumb, turned into a vast river.

And in this river, there are ten powerful sword bodies exuding a frightening atmosphere, one big and nine small.

Around the ten-handed sword body, surrounded by weak golden small swords, a group of golden monsters roared.

These ten strange beasts... vaguely, wandering in the endless golden river, exuding an amazing breath.

Chapter 4175-Unparalleled Power

"Wan Jianhe is a pure realm-like magical treasure. It is composed of a Tianzun precious weapon and nine Tianzun sharp swords, as well as nine thousand and nine hundred and ninety-nine small swords. Each small sword, can be incarnate completely, with the core Tianzun sharp sword as the center of the formation, the nine-handed Tianzun sharp sword is formed as the formation eye, and the nine thousand nine hundred and ninety-nine small swords are formed as the formation pattern. Ability, if the enemy's strength is weak, he can directly annihilate his opponent by relying on Wan Jianhe, and if the enemy is strong, he can also block the opponent in the Stars Jianhe Domain."

An indifferent voice sounded in the treasure hall.

"Because it is a sword-body formation-type domain treasure, it can be used by a strong person who must practice both the way of the sword and the way of the formation. Moreover, because it contains domain-type functions, it must be mastered in the laws of space. Combining Wanjianhe, the power increases, one is indispensable, and if one is missing, most of the power is lost. Perfectly activated, it can reach the power of the top heavenly treasure."

"Other cultivators are not suitable for using Wanjian River and cannot be exchanged." After the indifferent voice, he returned to calm.

Top Tianzun treasure?

Qin Chen sucked in air. He already knew how terrifying the peak Heavenly Venerable artifact was. It was the Demon Devourer level of the Demon Heavenly Venerable, or similar to the Haotian Divine Armor. It won't kill instantly.

As for the top-level Heavenly Venerable Treasure, it should be a little bit worse than the Peak Heavenly Venerable Treasure.

Are these treasures worth 100 million contribution points?

Is it too cheap?

Qin Chen was a little confused.

Because he felt that in the river of ten thousand swords, just the sword body of the main formation heart is already a high-level heavenly treasure. Although the remaining nine sharp swords are only built, they are also at the heavenly-level. Thousands of small swords are also formed by Tianzun.

Such a treasure can be combined into a top-level Tianzun treasure, even if it is priced at one billion yuan, Qin Chen will not be too surprised.

But now, it only needs 100 million to buy it?

"This Wan Jianhe, I am afraid it is extremely suitable for me."

At this moment, Qin Chen was excited.

The swordsman is strong, the formation is strong, and he controls the top-level space rules. All the conditions are met by himself.

It is tailor-made.

Moreover, Qin Chen was already good at using the True Qi Sword River, even when he was transformed into a true dragon clan, he was also good at using the True Dragon Sword River. However, these sword rivers were all caused by the chaotic power of Qin Chen's body and the laws of kendo. Transformation is not an entity. It doesn't matter if the strength is weaker than Qin Chen, but once facing the strong Tianzun, it is not very good.

Now, if you have Wanjianhe, how powerful will it be if you combine your chaotic aura and the law of swordsmanship?

Qin Chen was short of breath thinking about it.

This Wanjian River is very similar to the Wanlin River transformed by the Ten Thousand Scale Armor of the Golden Dragon Heavenly Venerable, but it is definitely stronger than Wanlin River.

"Wan Jianhe!"

Qin Chen's eyes fell on the Wanjian River.

"elected!"

"Wan Jianhe, need 100 million contribution points, Qin Chen, do you want to exchange it?"

"exchange!"

Qin Chen did not hesitate at all.

"Boom!"

The white light on the stone platform lit up, and the speed of light up was very slow. It was much slower than when they were selected by Mantra Respect before, and followed by a treasure slowly flying up, it was a simple golden handle. The small sword is suspended above the stone platform.

This golden little sword flew directly towards Qin Chen, Qin Chen stretched out his hand and held it in his palm.

"Wan Jianhe...in your hand." A trace of soul power penetrated into Qin Chen's palm, and the soul imprint was imprinted in it. I saw this golden little sword floating in front of Qin Chen, blooming with light.

Immediately afterwards, white light appeared, and Qin Chen appeared in the vast void again.

"The exchange of Wanjianhe requires verification. If it cannot be activated, it cannot be taken away."

A cold voice sounded.

Qin Chen's heart moved, there is actually this process, and there is no such process to respect them before.

Immediately, Qin Chen was stunned again.

Treasures like Wanjianhe are only worth 100 million contribution points. The other eight serving deputy hall masters may not be able to buy them. The reason why they can be kept until now is obviously because of the establishment of the treasure hall.

Tiangong Treasure Hall can provide treasures to its subordinates, but it is definitely not for Tiangong's disciples to sell it casually. Although the treasures here are priced at a small contribution point, in fact, the outside world is still in droves.

Especially the top treasures are definitely not measurable in value.

"Alright!"

Qin Chen closed his eyes and instantly moved this Wan Jianhe.

"Wow..." In the endless void, the golden little sword burst into the sky, and the sword light burst out from it.

Qin Chen felt that there was a terrifying formation in Wan Jianhe's body.

These sword bodies are not simply combined together, but through formations, and if you want to mobilize the sword bodies, you must activate this formation. If you have no special understanding in the

formations, Taoism, runes, etc., even the general It's impossible for Wan Jianhe to act, Wan Jianhe is just a small sword, how can it be against the enemy?

No wonder...you must be an array mage.

"Om!"

Qin Chen's eyes were cold and sharp, and the power of the venerable surged into the Wanjian River frantically, and a trace of chaos permeated out. Today's Qin Chen cultivation base is too weak, and the power of the respect may not be able to completely urge Wanjian River. Movement must contain the power of chaos.

In an instant, the formation inside Wan Jianhe was suddenly moved by Qin Chen.

boom!

With Qin Chen as the center, a mighty golden sword immediately appeared in the world with a radius of thousands of miles. I saw the golden sword floating in the void, densely packed and endless.

One large, nine small, ten-handed sword bodies, suspended in the endless small sword body, did not move as before.

Qin Chen understood in an instant that just knowing the formation method can spur the formation in the Wanjian River. It is useless to activate this Wanjian River. These small swords are not completely activated by the formation. The formation is only an auxiliary, core. It is the rules of kendo.

If it weren't for a strong man who mastered the top-level kendo rules, even if he activated the formation and activated the Wanjianhe, he would not be able to control the Wanjianhe attack.

"interesting!"

Qin Chen smiled.

"The sword is coming!"

Buzzing buzzing...

In his body, a terrifying sword aura shot out instantly, and a terrifying sword intent suddenly poured into this endless sword shadow.

Wow!

In an instant, the countless sword bodies that were originally suspended there were urged instantly, and they began to rush, turning into a vast golden river, surrounding them.

Countless sword lights swim in this golden river like competition... Qin Chen is standing in the middle of this endless river.

"Sword field!"

"The power of the formation!"

"The power of space!"

"coincide!"

boom!

The power is increasing even more. The entire huge golden river rushes in mid-air and is extremely powerful. The monster composed of nine-headed sword body roars and bursts out endless murderous aura. Moreover, the spatial aura exuded by the golden river, Under the combination of the sword body, a vast area was instantly formed, blocking the void.

#### [Chapter 4176: Fantasy Charm](#)

At this moment.

Qin Chen was suspended in this void, and the billowing golden river surrounded him, turning into a vast ocean, covering a radius of thousands of miles.

Qin Chen instantly felt that the void within a radius of a thousand miles was completely under his control.

Awesome!

Qin Chen exclaimed.

In fact, those who are strong in the earth already have a so-called more powerful domain, which is a kind of suppression of the avenue, forming a space for their own battle.

And after Qin Chen urged the True Dragon Sword Qi, or when the True Qi Sword River formed a vast river of Sword Qi, it would also form a terrifying sword river field, enveloping all the powerhouses located in this area.

However, the intensity of this field is not high.

Because neither the Long River of Sword Qi nor the River of True Dragon Sword are actually entities, but the terrifying realm formed by Qin Chen's perception of the rules and the avenue.

Perhaps, when facing a strong earth-sovereign, Qin Chen's true dragon sword aura can completely kill the opponent, but at the level of the heaven-sovereign, the ultimate move condensed by the power of the pure-sovereign and the power of rules is not enough. used.

Because there is no entity. Now, when Qin Chen has completely integrated the Qi of Chaos and the rules of kendo into this Wanjian River, Qin Chen instantly felt invincible. He vaguely felt that as long as he was enveloped by his Wanjian River, even if he is the strong man,

It is extremely difficult to break free.

"Hahaha!" Qin Chen was delighted. At this moment, he finally understood why the Golden Dragon Tianzun was able to fight against the falling star Tianzun and the Molten Tianzun alone without falling into the wind, even facing the Gushan Tianzun, the Spirit Bone Tianzun, and the Deep Sea. When Tianzun and other strong men besieged, all

Can persist for a long time.

It is precisely because of Wanlinhe's domain function that it blocks the space and forms a terrible physical defense. If it is replaced by a real dragon sword river, it will definitely not have such a good effect.

As for the Wanjian River that Qin Chen has now, in Qin Chen's feelings, once it is urged to the extreme, it is afraid that it will not be weaker than the Wanlin River of the Golden Dragon Heavenly Venerable. No, it should be only strong or not weak.

It's just that the current radius of a thousand miles is still a bit smaller.

"diffusion!"

Qin Chen squinted his eyes and urged this Wan Jianhe with all his strength.

Rumble!

I saw the infinite sword light burst out instantly, and the golden sword shadows filled crazily, like a golden ball continuously expanding outward.

Three thousand miles!

Six thousand miles!

Nine thousand miles!

Ten thousand miles!

When Wan Jianhe was urged to reach a radius of 10,000 miles, Qin Chen felt that he had finally reached his limit.

"Can't continue to expand." Qin Chen stopped urging. In fact, if Qin Chen still wants to expand, he is not completely unable to do it. However, when he reaches this range, his power has begun to weaken. The \*\*\*\* will be weakened to a very low state,

It's just a waste of power.

"Are you around ten thousand miles?"

"enough!"

Qin Chen was silent in his heart.

"My current state is enough to have enough means to face the strongest person."

Qin Chen smiled and nodded to himself, "If I combine my many other methods to fully urge this Wan Jianhe's power, it will probably take a little time to annihilate ordinary Tianzun experts, and even trap middle-level Tianzun experts. "

"Wei Neng Gather!"

I saw the energy of the entire golden river quickly converge in the nine alien beasts, and the nine alien beasts also became extremely powerful.

"It can completely injure the middle-class Celestial powers, multiple injuries several times, plus some other methods of mine, maybe there is a chance to kill the opponent.

This made Qin Chen very satisfied.

With one more method, Qin Chen was naturally delighted.

"Come!"

Wow!

Qin Chen smiled slightly, and the billowing golden sword energy instantly converged, and was completely converged into his body by Qin Chen, and disappeared.

"The exchanger can fully urge Wan Jianhe to make the exchange successful."

At this time, an indifferent voice sounded, and Qin Chen felt that there always seemed to be a force suppressing this Wanjian River before, but at this moment it had quietly disappeared, and this Wanjian River finally belonged to him completely.

Otherwise, even if this Wan Jianhe had been branded by his own soul and fell into his own hands, he would never be able to take it out of this hidden treasure hall.

"That power just now was the power of this hidden treasure hall?"

Qin Chen thoughtfully.

Look up at the endless void.

"Supreme Treasure?"

It should be.

Qin Chen was originally curious about the level of this hidden treasure hall, but at this moment, he fully understood that this hidden treasure hall was at least a supreme treasure.

Otherwise, this Wanjianhe itself is the top treasure of Heavenly Sovereign. Even if the Treasure Hall is a treasure of the Peak Heavenly Sovereign, it is completely impossible to suppress being collected by others from Wanjianhe and not being taken out, unless it is the Supreme Treasure. may.

Should have thought of it long ago.

Qin Chen looked around, his eyes glowing hot.

Supreme treasure!

If this thing was obtained by myself, wouldn't I just post it?

Think about the good things in your body, the Universe Jade Plate must be more than the supreme treasure, after all, it is a chaotic world, and even the supreme treasure is not comparable to it. This is a priceless treasure.

Even the Demon Ancestor did not necessarily have a chaotic world in them.

It's just that the Universe Jade Disc has no attack effect and can only assist.

In addition, the mysterious rust sword does not know what level it is.

Now Qin Chen had vaguely understood that this mysterious rust sword was very likely to be the magic weapon of the strong sword demon sealed in it, and the strong sword demon was about the same level as the ancestor of the Tongtian Sword Pavilion.

Pinnacle Supreme? Or half-step detachment?

Qin Chen didn't know, because until now, he hadn't figured out what kind of realm the so-called transcendence is, the realm above the supreme? Or is it just a statement?

But no matter what, if the mysterious rust sword is really the magic weapon of that ancient sword demon, it is at least a supreme treasure in its heyday, there is no doubt about it.

In addition, the other treasures Qin Chen didn't know their level either.

In short, it is very strong.

But this treasure hall must also be very strong.

"Look at what the remaining 20 million contribution points can be exchanged for."

Qin Chen's gaze fell on the form in front of him again.

With 20 million contribution points, there is no need to think about some Tianzun treasures. What Qin Chen is thinking now is to see if he can find some special materials.

Search in the special category again.

Suddenly, a blue dream crystal appeared in Qin Chen's sight.

"Fantasy Charm!"

"Special materials from the universe and stars, top crafting treasures, which can be refined into various treasures. They contain baptismal magic energy and purify the soul. Wearing them all the year round makes themselves more dreamy and close to dreams. ."

"Value, 20 million contribution points." Seeing this dreamy charm, Qin Chen suddenly appeared in a dreamlike figure.

Chapter 4177 Treasure Owner

Sisi!

Qin Chen's eyes were moist.

I don't know what is going on with Sisi, how is it in the Demon Realm?

At the beginning of the heaven trial, Sisi was taken away by the demon princess Lian Xinluo. There was no news. Qin Chen vaguely knew that Sisi should have gone to the demon clan, but Qin Chen didn't know where he was.

He arranged for Qin Mo to enter the Demon Realm in order to explore the traces of the Demon Race and find the traces of Sisi.

However, there is no audio.

The Demon Realm is so far away that it cuts off the perception between him and the clone Qin Mo, but with Lingyuan, they can both rise in the wind and water of the Demon Realm, and the clone naturally won't be surprised.

Moreover, after breaking through the earthly respect, Qin Chen could already faintly feel the breath of the clone Qin Mo.

Even Qin Chen could feel that the breath of the clone was still very strong.

"Sisi!"

Qin Chen murmured.

I don't know if the clone has inquired about Sisi's news, he also told Lingyuan and the others to inquire, but so far, there is no news.

Thinking of Sisi at this moment, Qin Chen's soul was palpitating, and his mind was trembling. A kind of intense pain filled Qin Chen's body.

Since Sisi left, Qin Chen has never forgotten the miss for Sisi. Is she okay in the Demon Realm?

With Yisisi's character, she would never give up easily. In order to see herself, even in purgatory, she would survive hard.

"Devil world!"

Whether it is for Sisi, to rescue Shangguan Wan'er, or to defeat the Demon Race, he has to go to the Demon Realm.

"exchange."

Qin Chen regained consciousness, and directly exchanged for this fantasy charm crystal.

Although this is only a piece of material, a material worth 20 million is actually more terrifying than some Tianzun treasures worth tens of millions. If such a thing can be refined into a treasure, it must be of extraordinary value.

"Sisi, I will place my thoughts of you on this fantasy charm crystal, refine it into a treasure, and personally give it to you at that time."

Qin Chen whispered.

After exchanging the two treasures, Qin Chen's contribution points were finally consumed.

Picking up the Fantasy Charm from the stone platform, Qin Chen was about to turn around and leave the Treasure Hall. Suddenly, his mind moved.

Since this hidden treasure hall is a treasure made by ancient craftsmen, and at least a supreme treasure, can you refine it?

"Or, let's try to see if we can also accept this hidden treasure hall?"

Qin Chen's heart moved, he quietly glanced at the void around him, touching the stone platform with his right hand, an invisible soul power has quietly diffused out.

Qin Chen could see that even if this stone platform was not the core of the Treasure Treasure Hall, it was also one of the important components.

Hum!

The power of the soul was permeated, and Qin Chen's perception entered the stone platform, and he felt a terrible aura in an instant. In the depths of the hidden treasure hall inside the stone platform, it contained the core restrictions and formations of the hidden treasure hall.

What only appeared before Qin Chen's eyes was a dark void.

Hey, I clearly feel that there are powerful restrictions and formations in it. Why is it that you can't feel it after you come in?

Qin Chen was speechless.

No matter what, try it out.

Anyway, I said before that, Heavenly Work has two major treasures, one is the ancient Yu Pagoda, which cannot be shaken forever, and the other is the hidden treasure hall. The God-worker Tianzun only controls a bit, and has not been completely refined.

Can only be used as a treasure house.

Since it has not been completely refined, it obviously shows that this treasure hall is not yet Godgong Tianzun's. If it is refined by oneself and exerts the full power of the treasure hall, this is also a contribution to the work of heaven.

Ok.

It makes sense.

Qin Chen said this in his heart, while a powerful soul force suddenly poured into the endless void deep in the treasure hall.

Although it was a pitch-black void and could not see anything, Qin Chen clearly felt that the prohibition and formation pattern must be inside, so he rushed in and talked about it.

In the face of good things, you always have to be hard-headed. If you have the courage to do it, you will definitely lose your part in hesitation.

Boom!

When the power of Qin Chen's soul rushed into the depths of the dark void, a series of terrible restrictions and formation patterns appeared in front of Qin Chen's eyes, which were the core restrictions of this hidden treasure hall.

Incomparably vast and powerful.

Qin Chen widened his eyes, "I really found it?"

But before he tried to control these restrictions and formation patterns, with a bang, in this hidden treasure hall, a terrible coercion rose up, and instantly emerged from the restrictions and formation patterns, instinctively bounced towards Qin Chen.

puff!

Qin Chen's soul power was directly shattered under the terrible pressure that appeared suddenly, and the whole person stepped back a few steps, his face pale, the blood surged in his body, and almost no blood came out.

"So strong!"

There was a trace of panic in Qin Chen's eyes, too strong,? The soul aura that appeared suddenly was far more terrifying than countless powerful people Qin Chen had seen. This was definitely a very terrifying powerhouse. The soul brand left behind, just an instinctive rebound, shattered Qin Chen's soul brand.

Terrible terrible.

Qin Chen's face was pale.

Fuck!

Isn't it said that this hidden treasure hall is an unowned thing? Even Master Tianzun Shen Gong couldn't refining, he just controlled one of the functions, how could he be backlashed by such a powerful force?

Qin Chen could see clearly and clearly, this powerful soul power was clearly branded in the depths of the hidden treasure hall, and he had completely controlled the hidden treasure hall.

The other party didn't intentionally shoot at himself, but because Qin Chen's soul imprint rushed into it, it was equivalent to forcibly plundering the treasures that had been refined by humans. This soul power instinctive backlash.

Without even thinking about it, Qin Chen knew who this soul imprint was. Can anyone else control this hidden treasure hall besides the work of Shen Gong Tian Zun Tian?

Fake news kills people.

Slipped away.

Qin Chen turned around and left, and left the Treasure Treasure Hall for the first time. With a bang, the door of the Treasure Hall fell, and Qin Chen could not.

Don't you stay here to eat if you don't run?

If this hidden treasure hall has really been refined by Master Shen Gong Tianzun, then his actions must have been sensed by Master Shen Gong Tianzun after the backlash just now. If you don't run away, do you have to get personal stolen goods?

Shame, shame.

I can't admit it, I can't admit it even if I die.

Whoosh!

Qin Chen turned into a streamer, and in the blink of an eye, he left the Treasure Treasure Hall and flew towards his palace.

"Look, it's Qin Chen."

"It took so long to come out of the treasure hall. How many good things have been exchanged?"

"Do you think Qin Chen will exchange the Heavenly Venerable Treasure?"

"Then you need to talk about it, the contribution points he earned this time are at least hundreds of millions. Buying a Tianzun treasure is absolutely nothing to say."

"I don't know what he exchanged."

Seeing that Qin Chen appeared on the Island of Craftsman God, many perceived deacons and elders were whispering, full of envy.

However, there were also pairs of cold eyes staring at Qin Chen, hostile, after Qin Chen returned to his residence, these figures quietly gathered together.

#### [Chapter 4178: No answer](#)

These figures are all at the level of elders, among them, there are even half-step Tianzun powerhouses.

Elder Long Yuan was among them.

These elders have entered a relatively magnificent palace.

"Elder Black Feather."

"I have seen Elder Black Feather."

After entering the palace, these elders respectfully saluted a strong man who welcomed the elders in the palace.

It is Elder Kuroba.

"You are here just right."

Elder Black Feather glanced at a few elders, and immediately led everyone to a secret space deep in the palace.

Hum!

When these figures gathered in this palace, suddenly, a black projection appeared in this palace.

"grown ups."

Seeing this black figure, the group of people immediately knelt down respectfully.

"Everyone, get up."

The black projection sounded deep.

Elder Kuroba and others stood up.

Although the place where the black projection was established is the palace of the elder Kuroba, no one knows the identity of this black projection and the elders. They only know that there is a deputy hall master in the heavenly work as their leader. Directing their lurking in the sky work.

In fact, the several elders present only knew each other's identities during a collaboration, and they also knew that in addition to a few of them, there were some demon spies in the daily work, and the number was quite large.

The Mozu used countless years of work in the sky and spent a lot of money to arrange so many spies and keep them secret. The Mozu has achieved the ultimate.

It has been a long time since the last time the black projection summoned a few of them. This time the upper head suddenly summoned them, and something big must happen.

"Then what is Qin Chen doing now?" The black projection asked lightly.

Elder Black Feather's hearts stunned.

It really was because of Qin Chen.

Qin Chen was making a lot of trouble in the sky, obviously, he must have been eyed by the demons.

Sir, are you going to do it?

Elder Heiyu immediately respectfully said: "My lord, that Qin Chen has just returned from the hidden treasure hall, and now he is back in his palace. As for what he is doing, I don't know what he is doing. They entered the Treasure Treasure Hall together, and the Shining Earth Zun came out soon, but Qin Chen stayed in the Treasure Treasure Hall for a long time and didn't know what he had exchanged.

The black projection smiled coldly: "What can I exchange? According to my statistics, this person's contribution points are about 120 million or so. Basically, he can exchange most of the heavenly treasures. If you enter the treasure hall, you will inevitably choose Tianzun. Treasures, I just don't know whether to choose defense or attack, or both."

The eyes of Elder Black Feather and others suddenly showed a fiery color.

One hundred and twenty million contribution points, this can basically exchange about two Tianzun treasures, two Tianzun treasures, they don't have one yet, let alone their elders, even if they are black Elder Yu, a half-step Tianzun like this, didn't have a Tianzun treasure on his body.

The black projection seemed to know the thoughts of these people, and smiled coldly: "Don't worry, right now, these heavenly treasures are not this kid."

"My lord, what are you..."

Elder Kuroba and the others were surprised.

"Yes, I have received news from that group, asking us to solve this Qin Chen." Black projection said.

Elder Black Feather and the others sank in their hearts, and instantly felt a little bit of a bad thing.

The adults don't want them to shoot, right?

Elder Hei Yu suddenly said: "My lord, you have to think twice, Qin Chen has the origin of time, and his strength is extraordinary. Even if I wait for all the shots, I am afraid that it will not be Qin Chen's opponent, and once we do it, it will definitely be exposed and attract. The attack and kill of the pillar of fire."

Elder Black Feather, they were terrified.

Because they were really afraid that the black projection would let them make a move, didn't they know Qin Chen's strength, wouldn't they let them make a move? Not to mention that even if they really ambushed and killed Qin Chen, it would have been completely exposed, and if they acted in the secret realm of the headquarters, they would definitely die.

The black projection snorted coldly, "Huh, what are you nervous about, I didn't say let you do it."

"Sir, do you want to do it yourself?"

Elder Kuroba surprised them.

Elder Heiyu immediately said again: "My lord, you can indeed kill that Qin Chen with your hands, but it will inevitably be exposed under the envelope of the pillar of fire. Once the pillar of fire on the sky becomes powerful, you are afraid..."

The sky-reaching pole fire pillar is extremely terrifying, and Tianzun is unstoppable.

This is the foundation of the secret realm of Tiangong headquarters.

Although they knew that the black projection in front of them was very likely to be one of the eight deputy hall masters, even if a powerful person like the eight deputy hall masters took action and was locked by the pillar of Tongtianji fire, they would inevitably die.

This is almost an unsolvable answer.

"Who said that this seat is going to shoot within the scope of this sky-reaching pole fire pillar?"

Even if the black figure in front of him was just a projection, everyone felt the sneer in the black projection.

"My lord, what do you mean?"

Elder Black Feather, they were all stunned, didn't they make a shot under the scope of the Pillar of Fire? is it possible?

The entire secret realm of the Tiangong Headquarters was in the enveloped area of the Sky-Through Extreme Fire Pillar, and there was nothing wrong with it.

One of the elders frowned and said, "My lord, do you mean to let this Qin Chen leave the secret realm of the headquarters before doing it?"

The black projection sneered: "Where's your brain? Although the headquarters secrets are all shrouded under the control of the Heavenly Fire Pillar, there must be some places that cannot be penetrated by the Heavenly Fire Pillar."

"Guyu Tower!"

Hearing this, Elder Black Feather suddenly exclaimed.

"You still have some brains."

"My lord, do you want to do something against Qin Chen in the Gu Yu Pagoda?"

Elder Kuroba and the others sucked in air-conditioning, but immediately their eyes condensed.

This is really ok.

Gu Yu Tower!

It is the top treasure in the secret realm of the Tiangong headquarters. It has been standing in the secret realm of the headquarters for thousands of years. This ancient tower is divided into nine floors. Each floor is a vast space, layered on top of each other, containing terrible evil spirits. Power.

Because refining in Guyu Pagoda, the refining perception and speed will be greatly improved, so in Guyu Pagoda, there are many refining masters who work for many days at all times to practice and refine.

And because of the vastness of Guyu Pagoda, no one can shake it from ancient times to the present, and even Master Shen Gong Tianzun can't control it. This also makes everything happening in Guyu Pagoda that no one can actually monitor or even connect to the Celestial Fire Pillar Feel. "

If the black projection were shot in the ancient Yu Pagoda, it would really be possible to kill Qin Chen, and it would not attract the attention of Tongtian Jihuo, and no one would know who the murderer was.

The only trouble is that Qin Chen's strength is too strong. If Qin Chen falls in the ancient Yu Pagoda, then all the deputy hall masters who enter the ancient Yu Pagoda during that time will be paid attention to, and then the black projection is very likely to be investigated afterwards. Under exposure.

[Chapter 4179: No audio](#)

"I don't know what the adults need us to do."

Elder Black Feather bowed.

"Seduce, seduce that Qin Chen into the Bone Ancient Yu Pagoda, as long as he enters the ancient Yu Pagoda and lead it to the area where I am, he will die."

The black projection said.

"Seduce Qin Chen into Guyu Tower?"

Elder Black Feather and the others looked at each other, there was hesitation in their eyes.

The black projection looked at the elders who looked suspicious and flickering in front of them, and couldn't help but sneer.

"I know what you are thinking about. It's nothing more than entering the Guyu Pagoda, although you can avoid the shield of the Sky-Tongji Fire Pillar, but you can't hide your whereabouts. After all, everyone who enters the Guyu Pagoda must be registered, as long as Qin Chen falls in the ancient Yu Pagoda, Heavenly Work will inevitably be furious, and even the Lord of the Heavenly Master of Divine Work will be alarmed.

"At that time, everyone will be investigated, especially you elders who encouraged Qin Chen to enter the ancient Yu Pagoda. This is the primary goal, and what you are afraid of is being discerned by the master of God."

silence!

There was silence on the court.

Everyone lowered their heads, but no one spoke.

In fact, this is exactly their worry. Their purpose for the efficiency of the demons was to improve themselves, and later they were drawn into the abyss a little bit. In fact, many people were not like taking refuge in the demons at first, but by being surrounded by them. The people were bewitched and gradually fell into the conspiracy of the demons. When they came back to their senses, they were already too deep, and they couldn't do it anymore.

Therefore, they can only serve the demons.

But this does not mean that they are willing to dedicate their lives to the demons.

Qin Chen's appointment as the acting deputy hall master is enough to see his position in the eyes of the hall master. Once Qin Chen really falls in the ancient Yu Pagoda, his entire day's work will surely be shaken.

These people have not been discovered for so many years, but they are not completely sure, under the eyelids of the furious Master Tianzun, they escaped the disaster.

"This point has already been thought of by this seat. Don't worry, this seat has its own way."

Everyone looked up.

The adults said he has a way? What is the solution?

"This seat can provoke the evil spirit riot in Guyu Tower." The black projection said solemnly.

what?

Elder Kuroba and others looked up in shock.

Sick riot?

The hearts of several people seemed to be rolled up by stormy waves.

Why can Guyu Tower become a holy place in the secret realm of Tiangong headquarters? The place of top-notch refining is precisely because it contains a special evil force.

This power of evil spirits allows them to use the smallest amount of power to refine treasures that surpass their own abilities when refining tools.

However, it is very difficult to induce evil spirits, and it has always been a problem.

However, Guyu Pagoda will have a suffocation riot every 10,000 years or so. When the suffocation riots, it is the easiest time to refining weapons. Therefore, at that time, all the refining masters in the secret realm of the headquarters did not sit dead. Will all pour into the Guyu Tower for refining.

The last evil spirit riot seemed to be more than nine thousand years ago, in fact, this time the evil spirit riot is also fast, in fact, many refiners are waiting to prepare.

However, no one knows when the suffocation riot, and can only wait patiently. It is rumored that only the lord of the sacred qi can simply control the time of the suffocation riot, but it consumes a lot of money, and the gain is not worth the loss, because once this suffocation riot advances, the next one will be postponed, so Tianjiao has not interfered with Gu Yuta's evil riots for many thousands of years.

Now, this black projection actually said that it could cause a violent riot.

Once what he said is true, as long as the evil spirit riot is triggered, then all the strong in Tiangong will enter Guyu Pagoda. At that time, if Qin Chen falls among so many elders and deacons in Guyu Pagoda, even if Master Shengong Tianzun is capable, it is impossible to find them from all the elders and deacons.

Moreover, even if it was the Gu Yu Pagoda that they brought Qin Chen into, there would be no problem with their motives when the evil spirit rioted.

"My lord, can you really control the evil riot?"

Elder Black Feather trembled, because, in the entire history of the work of heaven, apart from the master Tianzun, no strong person could do this. Which black projection is in front of him?

"Huh, just use the treasure to provoke it in advance, it's not really controllable." The black projection said lightly.

Elder Hei Yu frowned and said: "However, once the evil spirit riots, I am afraid that many deputy hall masters will enter Guyu Pagoda, sir, by that time, even if you can kill that Qin Chen, I am afraid that other deputy hall masters will find out."

"This seat has its own way, you don't need to worry about this, just do it directly."

The voice fell, and the black projection instantly disappeared in the hall.

Elder Black Feather looked at each other.

"What to do?" An elder whispered.

"What can I do?" Elder Black Feather snorted coldly, "Naturally do it according to the orders of the adults."

They have become traitors, how can they resist this black projection order?

A few people discussed in secret for a while, and a group of people left the palace immediately, rushing towards Qin Chen's residence.

In Qin Chen's mansion.

The truth is here.

"Shen Yan Di Zun, are you sure that Master Tian Zun, the God of the Treasure Hall, is not refined?"

Qin Chen looked at Zhen Yan Di Zun with a murderous expression.

This time it was a shame.

He secretly tried to control the things in the hidden treasure hall. As the master of the hidden treasure hall, Tianzun Shen Gong could definitely feel that Qin Chen, an acting deputy hall master, actually tried to plunder his treasure. I am afraid it would be embarrassing to see him next time.

Zhenyan Dizun smiled bitterly and said: "As far as I know, the refining of the treasure hall is extremely difficult. Master Tianzun only has a trace of the function of the treasure hall. This is well known to everyone, and the ancient craftsman Tianzun last time Your lord said it accidentally."

Qin Chen frowned.

Isn't it possible that in the whole day's work, no one knows about the treasure hall being refined by the gods.

In that case, do you know a great secret?

"By the way, you said that you had something to do with me before, what is it?" Qin Chen asked.

Honestly, he said solemnly: "You didn't let me investigate Ji Wuxue and the others..."

Qin Chen suddenly shot a sharp glow in his pupils, and hurriedly said, "You have news from them?"

It has been several days since he came to the secret realm of Tiangong's headquarters. He has been thinking about Qianxue and Ruyue, but until now, there is no news from them.

Zhenyan Dizun's face was ugly, and he said solemnly: "No, I have asked, Ji Wuxue and the others are not in the secret realm of the headquarters."

"Not here?" Qin Chen was startled and frowned: "How could it be possible that after they had returned to the camp of the Tiangong Ten Thousand Race Battlefield, they went to the headquarters of Tiangong, why were they not here? Could it be that, Are they above the stars outside the headquarters secret?"

Not in the secret realm of the headquarters, there is only one possibility.

"No, not outside the headquarters secret."

Mantra respects a very positive way.

## [Chapter 4180: Steal or steal](#)

Feeling Qin Chen's ugly face, he replied honestly: "I also used the relationship to investigate the secret outside of the headquarters, but there is no news of Ji Wuxue and the others."

boom!

Qin Chen stood up suddenly, and a terrible murderous aura surged from him, like a huge ocean swept across, shocking the world.

Pedal.

Zhenyan Dizun's face was shocked, and he looked at Qin Chen in amazement.

At this moment, Qin Chen was full of murderous aura, and a pair of cold murderous intent bloomed in his eyes.

I was frightened and angry.

what happened? what the \*\*\*\* is it?

It was clearly stated that Wuxue and the others had gone to the Tiangong headquarters, but when they arrived, Zhenyan Dizun could not find Wuxue and them at all, which made Qin Chen's murderous intent flow in his heart.

Qin Chen's eyes flickered, and various thoughts surged in his heart, "Could it be that they were retreating in a secret realm or somewhere, so you could not find out?"

Zhen Yan Di Zun swallowed under Qin Chen's intimidating gaze, and hurriedly said: "Don't worry, although I haven't been able to find Ji Wuxue where they are now, but I have inquired, they have indeed come to the headquarters secret. But soon left again."

Qin Chen was stunned, and the aura of nine heavens and ten earths on his body suddenly converged.

"Leave, what's the matter?"

Zhenyan Dizun breathed a sigh of relief, and said, "I don't know the details, but it is said that this order was made by Master Tianzun Shen Gong himself. It seems to have brought You Qianxue and Ji Ruyue to another force and accepted the inheritance. ."

"Another power inheritance?"

Qin Chen was even more puzzled: "Which power?"

The Tiangong headquarters is so powerful that even the strong Tianzun can learn a lot here. Why does Shen Gong Tianzun send them to other forces? With Qianxue's cultivation base, wouldn't Shen Gong Tianzun care so much?

What is his purpose?

The warning sign in Qin Chen's heart rose, and he could feel that this divine worker Tianzun seemed to have been paying attention to himself.

From the time I returned to the Tiangong headquarters, it seemed that it had been arranged.

This was what Qin Chen felt after practicing the way of fate.

"If I knew which power, I would have told you." Jinyan Dizun hurriedly said: "However, the ancient craftsman Tianzun may know some, you can ask him, according to what I have found, which one they went to The power is extremely mysterious."

"An ancient craftsman Tianzun?"

Qin Chen thought, "Well, I will go to the palace of the ancient craftsman Tianzun."

As soon as Qin Chen was about to leave, Qin Chen stopped, a sneer at the corner of his mouth.

He raised his head, his gaze seemed to penetrate the mansion, looking outside the mansion.

"Interesting, why did they come? The demon spies, finally can't help but want to do it?"

Qin Chen, who had just stood up, immediately sat down, but a trace of abuse flashed deep in his eyes.

Zhen Yan Di Zun saw that Qin Chen was still angrily before, and was about to leave, and suddenly sat down again, wondering in his heart, when he heard a loud voice ringing outside Qin Chen's residence.

"Hei Yu, come to visit the Deputy Hall Master Qin, I wonder if the Deputy Hall Master Qin is there?"

The rumbling voice resounded, attracting the attention of many powerful people from outside.

"It's Elder Black Feather, why did he come to Qin Chen?"

"It should be Elder Long Yuan and them next to him?"

"Elder Long Yuan refused to accept the Deputy Hall Master Qin at first, but he was severely taught by the Deputy Hall Master Qin. I am afraid that the injury has not been healed for a long time? Why did you come here again?"

"Is it because I want to find my place? Impossible? Although Elder Black Feather is a half-step Celestial Venerable, he has also challenged Qin Chen at the beginning, but was defeated by Qin Chen for a while. How can he take his humiliation again?"

In the distance, some elders sensed the movement here, and left their palace one after another, talking.

Outside Qin Chen's mansion, he saw Elder Black Feather with Elder Long Yuan and many other powerful men floating in mid-air with respectful expressions.

There was a palace beside Qin Chen. At this time, a person flew out from that palace, wearing armor. It was the neighbor who was extremely disdainful to Qin Chen when Qin Chen built the mansion. He saw Hei Yu at this moment. When the elders came, their eyes were very unpleasant, obviously because others disturbed him.

"Hahaha, it turned out to be Elder Black Feather, what brought you here?"

Qin Chen flew out with a smile, squinted, and then saw Elder Long Yuan, his face suddenly became gloomy.

"Elder Longyuan, don't come here unharmed." Qin Chen said coldly.

Elder Long Yuan shivered, and hurriedly said to Qin Chen: "Qin acting deputy hall master, the old man had sinned before, and I hope that the deputy hall master Qin will forgive him."

Elder Hei Yu also smiled and said: "The deputy chief of Qin, the old man admired the battle not long ago, and later learned about the matter of Elder Longyuan and the deputy deputy chief of Qin, the former elder Longyuan specially came to the old man to intercede here. , The old man thought, everyone is a day-to-day disciple, and the enemy should be settled but not settled, so they come forward and become a middleman."

Elder Long Yuan also hurriedly said: "Exactly, the old man opposed Qin's deputy hall master at the beginning, because he didn't know the strength of Qin's deputy hall master, so he took the liberty, and hoped that Qin's deputy hall master would spare the old man."

The other elders who followed also interceded one after another with sincere attitudes.

People who didn't know really thought that this group of people was talking about peace, but Qin Chen knew the identity of this group of people long ago. They were all spies of the Demon Race, and they acted together. Obviously, they all had ulterior motives.

"In that case, come in and talk."

Qin Chen said lightly, then turned and flew towards his residence.

When Elder Black Feather and the others saw this, all eyes were filled with ecstasy.

Qin Chen actually let them in, which is a good start.

"Haha, since that's the case, let's visit the residence of the Deputy Vice-Hall Master Qin."

Elder Kuroba smiled and walked in with a group of people.

"Deputy Hall Master Qin, your mansion is really extraordinary. Compared with the palaces that we build casually, it has a lot more charm."

Elder Black Feather flew in the mansion and said with a smile, a group of people soon fell down.

"The young master is only acting as the deputy hall master, not the deputy hall master." Qin Chen waved his hand.

"Similarly, with the strength of Qin's acting deputy hall master, it is not easy to become the deputy hall master."

Elder Black Feather smiled.

Qin Chen sneered in his heart, doing nothing to be courteous, and stealing if he was rape, he wanted to see what kind of medicine was sold in the gourd like Elder Black Feather.

After the two parties talked for a while, Elder Black Feather smiled and said: "It hasn't been long since Vice-Hallmaster Qin came to the secret realm of the headquarters, and this is the first time he came to the secret realm of the headquarters. Let me introduce the Lord."

While talking, Elder Heiyu introduced some stories about the secret realm of the headquarters, and Qin Chen just listened with a smile.

While talking, Elder Black Feather mentioned Guyu Pagoda, introducing the extraordinary and special of Guyu Pagoda.

Qin Chen listened with a smile, and added a few words from time to time, but his heart became colder.

He had already heard that the apparent purpose of this elder Black Feather was obviously Gu Yuta.

Do you want to enter Guyu Pagoda?
