Chapter 4181 Primitive Universe

In that case, could it be that the demon spies set some kind of trap in Guyu Tower?

But what is the trap?

Elder Black Feather and the others in front of them couldn't bring themselves the slightest threat, unless it was the Vice-Hallmaster of the Heavenly Venerable level that they could kill themselves.

Could it be that the top Mozu spies at work this day are about to take action?

Immediately, Qin Chen became interested.

Qin Chen couldn't help but smiled and said, "I'm a little interested when I heard Elder Heiyu say this. Let's go, this Guyu Pagoda is so magical, why don't I wait for a trip together? The acting deputy hall master came to this headquarters secret. I haven't entered this ancient Yuta before, but I am quite interested."

Suddenly, everyone was dumbfounded.

This.....

Elder Black Feather, they look at me, I look at you, they are all a little confused.

They hadn't even spoken yet, Qin Chen actually took the initiative to propose it. Isn't it too smooth?

It went so well that they couldn't believe it.

In fact, Elder Black Feather and the others are going to talk to Qin Chen more about the peculiarities of Guyu Pagoda and the magic of refining tools in Guyu Pagoda. Qin Chen is also a refining master and will naturally act, and then they will invite them. , Let Qin Chen enter the Guyu Tower.

They were even prepared for Qin Chen's rejection.

But now? They hadn't spoken yet, Qin Chen agreed directly.

It made them a little unbelievable for a while.

"Why, isn't Elder Black Feather happy?" Qin Chen couldn't help but ask with confusion when he saw Elder Black Feather and the others frowned.

"No, no..."

Elder Hei Yu hurriedly waved his hand and said: "The old man just didn't expect Vice Palace Master Qin to be so resolute, saying that he was going to go, but he didn't react for a while."

"So, I almost thought Elder Black Feather was unhappy." Qin Chen said with a smile, but his eyes were very meaningful.

Elder Black Feather hurriedly smiled and said, "How come!"

But there was hairy in his heart. For some reason, he always felt that Qin Chen's smile was a bit evil, as if it contained something.

"In that case, let's go."

Qin Chen said to leave, and Elder Black Feather and others hurriedly led the way.

Several elders were extremely enthusiastic, talking and laughing while secretly transmitting their voices.

"Elder Black Feather, is this too easy?"

"Yes, it's too simple."

Many people were speechless, feeling that Qin Chen was too easy to fool, and disrupted their previous careful preparations.

Whoosh whoosh!

A group of people flew to Guyu Tower.

Gu Yu Pagoda, located in the Tongtianji Fire Pillar, was the nine-story pagoda that Qin Chen had seen before.

This thing is much more majestic than the ancient sacred tower that Qin Chen used for the appraisal of the heavenly work disciples at the time. Around that ancient yu tower, there is an inexplicable nebula surrounding it, and a special breath permeates out. The ancient yu tower is connected to the celestial fire pillar. The colorful flames can't approach.

Guyu Tower, thousands of miles high, is rumored to have stood in this time and space since the craftsmanship was established hundreds of millions of years ago. It has swallowed the endless energy of the void for countless years, and the surging energy has formed this special void domain. It was later established as the headquarters of Tiangong.

It can be said that the formation of the secret realm of the Tiangong headquarters is largely due to Guyu Pagoda.

Guyu Tower is divided into nine floors.

The higher the rumors, the stronger the evil spirit.

However, there is not much distinction within the tower, but it is said that most elders can only survive on the first three floors, and the fourth floor can hardly survive. Only the deputy hall master level can survive on the fourth floor.

On the fifth floor and above, only the god-workers Tianzun had entered in the entire day's work, and no one else had entered.

Qin Chen and the others entered the Tongtian Polar Fire Pillar and soon came to Gu Yuta.

The ancient Guyu Pagoda is black in its entirety, and it is impossible to test what material it is cast. It has not been damaged by the craftsmen who have experienced the invasion and destruction of the demons. It is said that... the supreme Supreme cannot destroy the Guyu Pagoda in the slightest.

The horrible evil spirit is bred in the ancient Yu Tower. This evil spirit is extremely special. It can be integrated into the materials and magic weapons to reduce the difficulty of refining and is particularly effective for the refiner.

Most of the contribution points of the many elders of Tianjiao were spent on the entrance ticket of Guyu Tower, which was refined.

"This is Guyu Tower?"

These were all the news Qin Chen heard before, but when he really came to the ancient Yu Pagoda, Qin Chen couldn't help being completely shocked.

The Guyu Pagoda in front of you is vast and boundless, towering over the sky.

When Qin Chen approached, all of a sudden, the prehistoric ancestor dragon in the jade dish of Universe Good Fortune woke up.

"This breath..."

Honghuang Zulong looked at the Gu Yu Tower outside in surprise.

Qin Chen continued: "Senior Honghuang Ancestral Dragon, what did you find?"

Rumor has it that in order to ruin the work of heaven, many top powerhouses of the Mozu once attacked Guyuta, but even the supreme-level powerhouse could not shake Guyuta.

Later, Xiaoyao Supreme appeared, and the human race gradually became stronger from a weak state. Xiaoyao Supreme was also an instrument refiner. When he first entered the realm of Supreme, he naturally entered the Guyu Pagoda and tried to control the Guyu Pagoda.

However, he did not succeed in those years.

Laid down the unshakable reputation of Guyu Tower.

Even among the tens of thousands of races in the entire universe, Guyu Pagoda is famous.

After all, there are not many treasures that even the Supreme can't shake, which has been passed down since ancient times.

And the number of floors where Xiaoyao Supreme broke into Guyu Pagoda is naturally a question that many elders of Tianzhu are willing to speculate.

Some people say that Xiaoyao Supreme has only reached the seventh floor.

It is also said that Xiaoyao Supreme has reached the ninth floor.

No matter which level he reached, it was true that he never shook Gu Yuta.

However, it was tried when Xiaoyao Supreme had just entered the realm of Supreme, but since that time, Xiaoyao Supreme has not tried again, even if it has grown to become the top leader of the human race, after the peak of the strongest, Never come again.

This also caused many people to have other guesses. Some people guessed that Xiaoyao Supreme was not unable to shake Guyu Pagoda, but because he already had the Treasure Wild Heaven Pagoda, he deliberately didn't refine the Guyu Pagoda.

But no matter what, Guyu Pagoda still stands in the secret realm of this headquarters, which has not changed for hundreds of millions of years.

At this moment, the actions of the great ancestor dragon naturally made Qin Chen excited. Did the great ancestor dragon find anything?

"This thing has the breath of the primitive universe."

Hong Huang Zulong said solemnly.

"Huh, really."

The Blood River Saint Ancestor also regained consciousness, and looked at the Gu Yu Pagoda outside in surprise. The special power formed by the vast nebula surrounding the tower made him feel extremely cordial.

"The breath of the primitive universe?"

Qin Chen frowned.

"Yes, the universe we are now in is the universe world formed after the original universe was opened and continuously expanded, and the original universe is the origin of the universe that was conceived in the universe before the universe was formed."

"Essence continues to grow, and after the world is opened up, a whole new universe is gestated."

Honghuang Zulong explained.

[Chapter 4182: Space sea](#)

"Cosmic Sea?"

This is a new term that puzzled Qin Chen. Honghuang Zulong rubbed his brows: "Forget that you are just an earthly respecter. Cosmic Sea should have never heard of it. This is the case. Do you think this world is vast? In your opinion, the whole world, countless people The faces are all located in this universe,

And the universe is all the regions of this world? "

Qin Chen frowned, "Isn't it?"

"Then I ask you, what is outside the universe? The universe always has an end, so what about outside the universe?"

Qin Chen was startled, yes, what is outside the universe? The universe has an end. Although the universe is vast, it cannot be infinite. If it can come to an end, what is outside the universe? Is it an endless void? Honghuang Zulong said: "Outside the universe, there is the universe sea, like an ocean, and the primitive universe is the treasure bred in this sea. The primitive universe exploded and expanded continuously, forming the current universe world. Expand again

, Is also a part of this universe. "

Qin Chen frowned and said, "So, the universe is not the only one in this world. Are there other forces outside the universe?"

"This is natural, but it's just that I don't know exactly which forces are there."

"Not sure?" Qin Chen was puzzled. "Ahem, to be honest, we are the unborn spirits that contain the chaotic atmosphere of the primitive universe. When the primitive universe was opened up and expanded infinitely, it was the time when the rules of the universe were the strongest suppression. It is very difficult to leave the universe, as strong as me. Wait

also the same. However, no matter how strong the pressure is, some people can break free from the constraints of the universe and come out of the universe. That's why there is the concept of the universe. "

Qin Chen was speechless: "You have never seen it before."

The great ancestor dragon suddenly became ashamed and angry: "The ancestor still lied to you? Then I ask you, if there is no universe, the dark forces you have been talking about now are invading, where does the dark forces come from?"

Qin Chen was startled.

Really, it is said that the dark forces have invaded. Could it be that the dark forces came from outside the universe?

Probably.

Qin Chen had an idea. Hong Huang Zulong said: "We are just a remnant soul, and we don't know what the universe is like outside this universe. However, according to theory, the universe today is at least an adult universe, and even possibly is

The universe in the last years does not suppress the creatures in the universe so much. Perhaps, I will be able to enter the universe soon. "

"But no matter what, your current cultivation base is far from enough. Even the Heavenly Dao can't completely suppress it, so don't think about it. You can't break free from the constraints of the universe."

Honghuang Zulong said proudly.

Qin Chen: "..."

I just questioned you, you will die if you don't Tsundere, Tsundere Dragon.

"Then why is the suppression of the universe smaller now? Isn't the universe stronger as the future goes, isn't the suppression greater?" Qin Chen didn't bother to pay attention to the prestigious ancestors of the ancestors, and said again.

"The bigger the universe is in the future? Are you sure?" Hong Huang Zulong shook his head and said: "You can only say that the universe is larger in the future, but the stronger you say, the benevolent sees

benevolence, and the wise sees wisdom." "The simplest one. For example, we are the primordial beings, as well as some chaotic creatures. They were born when the universe opened up, the heavens and the earth opened up, the cosmos first grew, and the chaos formed. In the early days, in the opening up of the universe, nature gave birth to nothingness.

Counting the strong, such as three thousand gods and demons, such as some of the primordial beings like us, are the weakest when they are born, and the weakest have the supreme level you now call, and the number is outrageous. "In that era, there were countless sages. Then I ask you, how many sacreds are in this universe now?" "Honghuang Zulong said: "According to your theory, the universe is constantly growing, it should be stronger and stronger, and the number of Supremes should be more and more, but in fact

Although I have never seen this universe before, I can feel that there are a lot of supreme in this universe, but it is by no means as many as we did in the past, let alone being born at the supreme level. "

Qin Chen was stunned.

indeed.

Although Qin Chen didn't know how many supreme powerhouses there are in the universe today, each race naturally has some, but it should still be incomparable with the Primordial Chaos Age described by Chaos Ancestral Dragon. "Because, the more the universe grows, the larger it becomes, and the power of the rules of the universe will continue to become thinner. Until a certain day, the universe expands to its limit. With a bang, it either explodes or shrinks and collapses. The specific situation, I also Not sure,

We have only heard that the universe has a lifespan, not infinite expansion. "In the process of the expansion of the universe, the rules are thin, and there are fewer strong men born naturally. This is easy to understand. Of course, the same is true. Perhaps the difficulty of leaving the universe in this era has decreased. Maybe it will be after the original ancestor has a physical body. Can break free of the universe

Bondage, it's not necessarily when you enter the universe. "Honghuang Zulong stood up proudly again: "So, although the ancestor told you that the ancient three thousand gods and demons and other powerful people are all in the supreme realm, the supreme of that era was oppressed by the supreme rules of the universe and the supreme of this era. are different

, Maybe, once the ancestor came out, it might not be able to sweep the universe, quack. "

Qin Chen sweated coldly.

Can this great ancestor dragon die without being arrogant?

How big a dragon is, there is only one soul left, and he is still obsessed with that all day long. However, Qin Chen also understands that if what Honghuang Ancestral Dragon said is true and is suppressed by the supreme rules of the universe, it was extremely difficult for Honghuang Ancestral Dragons to leave the universe and enter the universe, then they want to enter the universe with their current cultivation. It is also

impossible.

It's just that according to what the Honghuang Zulong said, the oppression of the universe has become smaller now. Then, today's supreme and powerful people do not know whether they can leave this universe?

Or, it needs more strength, such as-detachment!

Detached?

Suddenly, Qin Chen was startled.

The word detachment, Qin Chen even heard the ancestors of the Tongtian Jiange and other powerful people say it several times, but has never understood its meaning, and now, he has a faint feeling.

While Qin Chen was communicating with Honghuang Ancestral Dragon, Elder Black Feather and others had already brought Qin Chen to the front of Gu Yu Pagoda.

In front of Guyu Pagoda, there is a simple gate, but in front of the gate, it is empty. There is no one, only a stone pillar into which an identity token can be inserted.

"Deputy Hall Master Qin, here is the entrance of Guyu Pagoda. When I want to enter Guyu Pagoda, I only need to insert an identity token."

As he said, Elder Hei Yu waved his hand and motioned to Qin Chen to come forward.

"Is there no one to guard this Gu Yu Pagoda?" Qin Chen wondered.

"Haha, a place like Gu Yu Pagoda, located in the pillar of fire in the sky-reaching pole, naturally doesn't need anyone to guard it. Isn't it afraid of being stolen by someone?" Elder Black Feather suddenly smiled.

Qin Chen suddenly.

That's right, there is no one to guard the treasure hall, but there is a heavenly guardian in front of the place of inheritance.

Qin Chen stepped forward immediately, preparing to insert the identity card.

suddenly.....

boom! The whole Guyu Tower shook violently.

Chapter 4183 the power of creation

Rumble!

At the moment Qin Chen approached, the entire Gu Yu Pagoda seemed to vibrate suddenly. Suddenly, an endless and terrifying aura came under pressure, and all the strong men present were shaken back and forth.

Even the colorful flames formed by the Tongtianji Fire Pillar not far away were surging crazily at this moment.

"what happened?"

"Gu Yuta shook."

"Could this be..."

Suddenly, the movement here caused a sensation in the entire God of Craftsman Island. Qin Chen was located in the sky-reaching pole of fire. He looked at the God of Craftsman Island below, and suddenly saw that the Island of Craftsman was flying out. A group of figures, among countless palaces, there are figures surging out, looking at here.

"this is....."

Qin Chen looked at Gu Yuta in shock, what happened? Before he moved, the ancient Yu Pagoda shook. Could it be that he was the pride of the sky, and could actually provoke this ancient Yu Pagoda that even the Supreme could not shake?

"It's the eruption of evil spirits."

"The evil spirit broke out in the Gu Yu Tower."

"The evil spirit once every 10,000 years actually broke out in advance this time."

Elder Black Feather and the others exclaimed one after another, with a look of ecstasy, as if they were extremely excited.

In the distance, in the pillar of fire of the sky-reaching pole, there are elders who are refining tools in it.

The colorfulness of the Tongtianji Fire Pillar is not far from here, and in a short time, a figure of a statue has landed, all of them are elders who are refining tools. At this moment, even the refining tools have stopped and they are excited.

"Elder Black Feather? Acting Deputy Hall Master Qin?"

When an elder saw Elder Heiyu and Qin Chen, he nodded slightly and looked excited. At the same time, an elder didn't hesitate to insert his ID card, swish, and disappeared into Gu Yu Tower.

The elders acted one after another.

"Vice-Hall Master Qin, it's a suffocation riot, once every 10,000 years, every suffocation riot, the suffocation in Guyu Tower will be very strong, and the difficulty of refining will be reduced again. Faster, you don't enter again. All the elders are coming in."

Elder Black Feather hurried forward.

But my heart is very excited.

"My lord finally moved."

Seeing that the elders entered the Guyu Pagoda first, Elder Kuroyu and the others were relieved. The adults' actions were too timely. If they waited for them to enter the Guyu Pagoda, the evil spirits rioted again, then the elders who entered in advance were still affected. The risk of doubt.

But now, the evil spirit riots, countless elders are coming, and some elders have entered first, even if Qin Chen turned his head and died, the risk of elder Heiyu and others will be much smaller after investigation.

Qin Chen no longer hesitated, and immediately stepped forward and inserted the identity token. One hundred thousand contribution points were immediately deducted from it. At the same time, a strong force of attraction attracted Qin Chen into the gate of the ancient Yu Pagoda.

With a brush, Qin Chen disappeared.

"Let's go in too."

A cold light burst into the eyes of Elder Black Feather, and hurried forward, a group of people inserted identity tokens one after another, and they all entered the Guyu Pagoda.

At this moment, Qin Chen was already inside the ancient Yu Pagoda. This was a gray world. In the void world, there were countless gray whirlwinds roaring like beasts.

And in this gray whirlwind, there is a special force. When Qin Chen entered, the jade disc of great fortune in his body immediately vibrated, and the jade disc of great fortune that had already turned into a chaotic world surged violently at this time. Actually absorbed a certain kind of special power in the void.

Could this be the power of evil spirits mentioned by Elder Black Feather?

The power that can shake the chaotic world is bound to be no small thing.

While Qin Chen was thinking about it, Elder Black Feather and others also appeared in front of Qin Chen.

"Vice Hall Master Qin, why are you still at the entrance? Now the evil spirit is rioting. The higher you go, the stronger the evil spirit and the better the effect. I know that there is a place where the evil spirit is very strong. It's better to go together."

Elder Black Feather hurriedly said.

Qin Chen glanced at Elder Hei Yu, sneered in his heart, can't wait so soon?

Excited on his face, he said, "If that's the case, what are you waiting for, Elder Kuroba will lead the way."

"Well."

A gleam of joy flashed in the eyes of Elder Black Feather, it was too easy, how could it feel that Qin Chen was moved by himself.

Whoosh whoosh.

A group of people, under the leadership of the elder Black Feather, kept rushing towards the depths of Guyu Tower.

Sure enough, the deeper you go, the stronger this evil spirit is, and the more that special power.

While analyzing this special power, Qin Chen was thinking about the evil riot in his heart.

If this evil spirit riot was natural, then it would be fine, but if it was brought out by a demon spy, it would be a bit interesting.

Mainly, the time when the evil spirit erupted was too coincidental, and Qin Chen had to doubt it.

Whoosh!

Qin Chen flew over, and along the way, the power of evil spirits turned into various appearances, including beasts, human figures, and even skeletons.

These beasts, human figures, are extremely lifelike, and their strength is extraordinary, but with Elder Black Feather and them, there is no need for Qin Chen to do anything, he just needs to follow along.

"Let me try it too!"

Qin Chen seized the opportunity and smashed a beast phantom with a fist. Suddenly, a special force lingered out of it, and Qin Chen felt a sense of opening up the world.

"Little Qin Chen, this Gu Yu Pagoda definitely comes from the Primitive Universe. These evil auras are somewhat like the power of creation..."

In the chaotic world at this time, Honghuang Ancestral Dragon said with a trembling voice, obviously feeling extremely excited.

"The power of creation?"

"Yes, the heavens and the earth are born, all things grow, and the universe is created. In the early days of the opening of the universe, it was this power that gave birth to the sun, moon, stars, mountains, rivers, and even all creatures, so those who work on this day will say they practice here. It is easy to make, and the power of creation is the most unique force in the primitive universe. If you blend this force to refining, you will naturally get twice the result with half the effort."

Hong Huang Zulong said solemnly.

Its voice was obviously a little excited, "Where is this ancient Yuta? It's not uncommon. It can contain the power of creation. I am afraid that even I will not be able to preserve this power. This is what happened when the original universe broke out. How could the power of birth be captured and preserved until now..."

Honghuang Zulong and Blood River Saint Ancestor were surprised again and again, and obviously couldn't believe some of them.

While meditating, Qin Chen kept going deep into the ancient Yu Pagoda, booming and booming. The higher the ancient Yu Pagoda, the more violent his evil spirit became.

Qin Chen pierced through two barriers one after another, and went directly to the third floor under the leadership of Elder Black Feather. Moreover, Elder Black Feather seemed to have taken out a map and continued to deepen. Gradually, there were few people and the endless void except There is no one left.

"Sure enough, the evil spirit here is much stronger, but the danger of these evil spirits is also much greater."

Qin Chen smiled and said, "Where is the place you are talking about? Do you want to go deeper?"

At this point, ordinary people are absolutely inaccessible. Even if it is an earthly respect, an ordinary earthly respector can hardly withstand the evil spirit here, so before entering the third level, Qin Chen has already put the mantra to the earthly respect. It was dispensed.

At this time, Qin Chen looked at Elder Hei Yu with a smile, and the scalp numb of several people who looked at Elder Hei Yu was inexplicably numb.

"boom!"

But at this moment, all of a sudden, the endless power of this world rose, and a special power instantly enveloped Qin Chen and everyone present.

A figure slowly walked out from the depths of this evil spirit.

[Chapter 4184: Bad brain](#)

"who?"

Qin Chen suddenly turned his head, and the others also turned their heads to look over.

In this endless void, a figure shrouded in darkness came out. Wearing a cloak, this person was exuding a terrifying breath of the heavenly sovereign. The powerful rules that represented the power of the heavenly sovereign were in his The whole body lingers, oppressing everyone present.

However, his face was obscured, and he couldn't see his true face at all.

Tianzun!

Everyone can tell at a glance that this person is a strong Tianzun, and only Tianzun can release the breath of his body.

Elder Kuroba and the others took a deep breath, and each of them was ecstatic.

"It's an adult."

In fact, even though the elders of Black Feather and the others obeyed the orders from above, because the identities of the demon clan's spies working in heaven are secret, the elders of Black Feather do not even know that the deputy head of the above them is the eighth chief. Which one of the deputy hall masters.

They had seen each other before when they were alone, but they didn't know the identity of each other. They didn't expect to see each other in this ancient tower today.

Elder Heiyu and their hearts were excited and shocked, but their eyes looked at Qin Chen one by one, the power of the venerable within their bodies had already slowly flowed, and they had to make a strong move only when the adults gave an order.

"It turned out to be the serving Deputy Hall Master. I don't know who the senior is among the eight serving Deputy Hall Masters? This seat Qin Chen is one of the newly appointed Deputy Hall Masters. I wonder if you have heard of it."

When this sudden change was born, Qin Chen was startled at first, but then there was a smile on his face. The tightness of the whole person quickly eased, and he walked forward with a smile, and smiled at the black figure. , Still saying hello.

"Is this guy an idiot?"

At this moment, Elder Black Feather and the others were a little dizzy.

They all knew that the cloak Tianzun in front of them was their superior, and ordered them to lead Qin Chen into this place to behead the demon traitor who would kill Qin Chen.

The other party did not show his face and just walked out so strangely. Any strong person should be more vigilant and careful, but what about Qin Chen? He stepped forward with a careless grin, without any vigilance at all, this...

How did this guy cultivate to this level?

Elder Black Feather and others are a little speechless, and even more sad.

Damn, such an unsuspecting idiot can get the origin of time, and his strength is as strong as that. He has worked so hard, and even spent so many thousands of years of painstaking cultivation in order to promote himself to the ancient powerhouse who is willing to take refuge in the demons. Exist, it's not the opponent at all, did he live on a dog at all ages?

Not to mention that Elder Black Feather and the others were speechless, then the Heavenly Forbidden Mirror was arranged here, and the powerful person who was going to launch a powerful attack on Qin Chen the first time was also stunned.

"This kid, your brain seems a little awkward?"

Originally, he was going to attack Qin Chen forcefully at the first time, but now, seeing Qin Chen walking unsuspectingly, his heart moved instantly.

This...maybe an opportunity.

It should be noted that Qin Chen has the origin of time. These treasures are too special to confine time and are extremely terrifying to be used in battle and escape. In addition to Qin Chen's impressive record, he has lost more than 1,500 people in a row. , Including many Ban Bu Tian Zun.

No matter how strong the half-step Tianzun was, it would be difficult to stop a few rounds in Qin Chen's hands. This also made the demon clan's spy deputy hall master extremely vigilant, although he claimed that his strength was completely higher than Qin Chen, and he would not kill him. It is difficult, but he is not sure in his heart if he wants to do this quietly.

If in the process of killing Qin Chen, let the other party escape, or alarm other serving deputy hall masters who entered Gu Yu Pagoda because of the evil spirit riot, then it would be troublesome.

For this reason, the Mozu even sent treasures such as the Forbidden Sky Mirror.

However, this person is still a little nervous.

After all, this is the secret realm of Tiangong's headquarters, once the matter of killing Qin Chen is exposed, he will undoubtedly die.

It can be said that the work assigned to him by the Demon Race this time has reached his limit. If the Demon Race had not sent the Forbidden Sky Mirror, he would not have been killed for the Demon Race.

He has taken refuge in the demons, but it does not mean that he is willing to work for the demons.

But now, seeing Qin Chen coming unsuspectingly, this person suddenly moved in his heart and laughed.

"Acting deputy hall master? When does my work day have an acting deputy hall master? How does the old man know?"

The power of Tianzun in the body converged and suppressed, and the cloaked man walked towards Qin Chen with doubts.

"Hehe, I am the newly appointed deputy hall master, so seniors have been cultivating in this ancient Yu Pagoda, and have never been out? If so, I have never heard of me, after all, the eighth deputy director of the work day Among the hall masters, I have only seen the four heavenly venerables, such as ancient craftsman, unique weapon, line general, and aspiration. Senior should be one of the remaining four heavenly venerables." Qin Chen said with a smile.

Then, Qin Chen looked at the stunned elder Heiyu and them, and saw that the elder Heiyu and the others were still in place, and they immediately shouted: "Elder Heiyu, why are you so stunned? Why don't you come and introduce the person in front of you? What kind of person is Senior? It hasn't been long since I came here to work, and many seniors don't know him."

"Oh, Vice-Hall Master Qin, I will be here soon."

Elder Hei Feather and the others were shocked, they almost couldn't help but make a move, hurriedly stabilized their minds, and quickly walked towards Qin Chen, glanced at the man in the cloak opposite, and a trace of killing intent passed quietly in the depths of their eyes.

If someone looks from the outside at this moment, you can see that the direction where Elder Black Feather and them came up is very purposeful and seemingly random, but vaguely, they surrounded Qin Chen with the cloak man walking in front of him. Fighting broke out, no matter which direction Qin Chen broke through, someone would stop him.

"This idiot, I'm afraid he doesn't know that he has entered the urn, and he will die soon."

The corner of Elder Hei Yu's mouth sneered, and Elder Long Yuan and others quickly came to Qin Chen's side.

"Elder Black Feather, do you know this senior?"

Qin Chen said with a smile when Elder Hei Yu came.

"This..." Elder Black Feather's expression was a little dazed. To tell the truth, the face of the Lord Tianzun on the opposite side was obscured by the aura, and he really couldn't recognize which Deputy Hall Master the other party was.

Qin Chen frowned, "Why, don't you know Elder Black Feather?"

Elder Hei Yu was taken aback and thought he was going to be exposed, but then Qin Chen smiled and said, "I forgot, this senior is covered by breath, no wonder you can't recognize it, right..."

Qin Chen looked at the man in the cloak who was about to walk in front of him, and said with a smile: "This is the first time for this seat to come to this ancient Yu Pagoda. Senior should have been in this ancient Yu Pagoda for a long time. Just now, Gu Yu Pagoda suddenly happened in advance. The evil spirit riot, I don't know the cause of the predecessor?"

[Chapter 4185: Scared me](#)

Qin Chen looked at the other party, as if speaking defenselessly.

The cloaked man Tianzun smiled, "This deputy hall master has been in Guyu Pagoda for nearly a hundred years, but he has been studying the way of refining tools, but I don't know the reason for the suffocation here."

"So you don't know."

Qin Chen shook his head in loss, and then pointed at the faint imprisoning power around him, smiling, "Then what about the imprisoning force around here? It should have been released by the predecessor before? I waited here to be good. Suddenly, a force of imprisonment swept over. Could it be that I accidentally broke into the senior's training ground, if so, then I'm sorry for waiting."

The cloak man Tianzun thought a move. He knew what Qin Chen was talking about was the power of the Forbidden Sky Mirror. At this time, he had already arrived in front of Qin Chen, only a few steps away from Qin Chen. He turned his head and looked over and said with a smile: "Oh, you mean this power."

boom!

As soon as he raised his hand, a more powerful imprisonment force swept over, and Elder Black Feather and the others only felt that their bodies sank, and the power of the half-step Tianzun in their bodies became difficult to operate.

The cloaked man Tianzun continued to smile and said: "This is the deputy hall master who is practicing here. I am afraid of being disturbed. Therefore, you have laid a large imprisonment formation. You have rushed in, so you will be wrapped by the large formation, but it is no problem. The deputy hall master can withdraw at any time. I don't know how the deputy hall master Qin is in this formation? Why not give pointers to the formation of the deputy hall master?"

As the cloak man Tianzun said, he drew the power of the forbidden sky mirror. Suddenly, the confinement power between the heaven and the earth became more and more terrifying. An invisible power blocked the void and enveloped Qin Chen.

This strength is getting stronger and stronger, and the elders of Black Feather even feel that they cannot breathe.

"This idiot..."

Feeling the strength of the surrounding imprisonment is getting stronger and stronger, but Qin Chen thought it was the cloaked man Tianzun who demonstrated the formation in front of them. Elder Black Feather was completely speechless.

This is too idiotic, doesn't he know that the other party is imprisoning your power? Even if it is a pig, you should be a little wary, right? Do you really think that you will be completely safe in the secret realm of the working headquarters this day, and will not encounter the slightest danger at all?

At this moment, Elder Black Feather and others have thoroughly understood that Qin Chen seems to be powerful, but he is actually a complete greenhouse baby. It is estimated that he is lucky and has never encountered any desperate situation. In this case, he Not at all vigilant.

How did he cultivate to this level?

The cloak man Tianzun was also a little dumbfounded. Qin Chen actually watched him increase the power of the Forbidden Sky Mirror without any reaction. He couldn't help but ecstatic. As long as he waited for 10% of the Forbidden Sky Mirror space domain, no matter how much movement he made, He was also enough to kill Qin Chen and destroy the corpse before the other deputy hall masters arrived.

"It's such a strong oppressive force, the predecessor's formation imprisonment skills are really strong."

Qin Chen felt the pressure of his surroundings, his eyes gleamed, and at the same time he showed excitement.

boom!

A terrifying sage aura suddenly rose from Qin Chen, and he slammed into the void ahead.

This action immediately shocked Elder Black Feather and the others, almost thinking that Qin Chen had noticed the clue, and almost shot nervously.

But seeing Qin Chen hit the void with a fist, the void did not move, Qin Chen couldn't help but exclaimed: "Senior's formation is too strong. What formation is this? It can completely block the fluctuations of my noble power. , Let me try another method."

Huh!

In Qin Chen's hand, a simple sharp sword appeared. As soon as this sharp sword appeared in Qin Chen's hands, countless sword auras condensed in an instant and gathered in the simple sword in Qin Chen's right hand.

Elder Kuroba and they all breathed a sigh of relief.

Scared me.

I thought this kid had discovered something.

It turned out that I just wanted to test the formation skills of the adults.

What an idiot. At this time, I was still testing the adult's formation imprisonment, and I wanted to test it a second time without success.

What a poor boy, I'm afraid I don't know that I'm dying.

Elder Hei Yu and the others looked at Qin Chen with pity.

At the beginning, they didn't know that the cloaked man Tianzun had already come to the front, why didn't he take the action immediately, but now they felt the more terrifying imprisonment power around them, they completely understood that this is your lord to completely imprison Qin Chen. Here, he is not given any chance to escape, it is ridiculous that Qin Chen is in a crisis and still doesn't know it.

Funny and sad!

Elder Black Feather and several people raised their heads, and at this moment, on the mysterious Rust Sword in Qin Chen's hand, a vast sword aura rose up. This sword aura contained terrifying power to break through the air, which made Elder Black Feather and the others amazed. No matter what, this son is indeed extraordinary in strength, especially his kendo attainments.

"cut!"

Qin Chen held the mysterious rust sword in his hand and shouted. Suddenly, the sword's energy burst into the sky, and he slashed at the sky with a sharp sword, seeming to test the power of the imprisonment.

By his side, the cloaked man Tianzun's gaze flashed, only waiting for Qin Chen's shot down, the moment when the old power was exhausted and the new power was not born, he shot Qin Chen.

But at this moment.

The cold light burst in Qin Chen's eyes, and the mysterious rust sword that slashed into the sky turned around and suddenly pierced towards the cloaked man Tianzun who was beside him.

what?

At this moment, all the strong are discolored.

"Qin Chen, what do you want to do?"

Elder Black Feather they roared in surprise.

And the cloaked man Tianzun also changed wildly, hurriedly backed up, and at the same time, he burst into a terrible breath of Tianzun, and shouted, "What do you want to..."

In an instant, everyone reacted. Even when Qin Chen took the lead, the cloaked man Tianzun reacted. In an instant, countless strengths of the Tianzun gathered and formed a terrifying defense against Qin Chen, the Black Feather elder, etc. Many strong men also swooped toward Qin Chen.

Although Qin Chen was in trouble suddenly, their speed was not slow, each of them had experienced many battles.

"The origin of time!"

Seeing that the cloaked man Tianzun's defense was about to take shape, at this critical moment.

boom!

On Qin Chen, a breath of time erupted instantly, and the flow of time between heaven and earth seemed to have stagnated for an instant.

Elder Black Feather and the others said in an instant, their figure frozen in the void, as if they were still.

But the cloaked man Tianzun's face changed wildly.

Because the timing of Qin Chen urging the origin of time was too good, it was at the moment when his defense was formed, and at that moment, Qin Chen's mysterious rust sword had already been cut.

"cut!"

Rumble!

The terrible sword energy pierced the sky, instantly tearing the cloaked man Tianzun's defenses, and at the moment of his death, it instantly pierced into his flesh.

At this moment, the imprisonment of the origin of time also disappeared instantly.

"kill!"

Elder Black Feather and the others roared in an instant and slayed frantically.

[Chapter 4186: Stubborn](#)

Elder Black Feather and the others were extremely furious, and they shot strongly one by one.

Boom boom boom!

I saw a series of powerful streamers, containing various sword energy, sword energy, and fist energy, like a series of meteors falling from the sky, and bombarding Qin Chen powerfully.

"Haotian Divine Armor!"

Qin Chen's eyes were cold, and a divine armor appeared in his body. It was the Haotian divine armor. The primitive and dark divine armor covered Qin Chen's body, instantly setting off Qin Chen like a war god.

Cang Dang!

The attacks of Elder Black Feather and others fell crazily on Qin Chen, each of them seemed to be able to smash the sky and explode the stars, but when they fell on Qin Chen, it was like a stone sinking into the sea. These attacks could not break Qin Chen's defenses of the gods. Annihilated instantly.

what?

Elder Black Feather and the others looked frantically surprised, one by one completely unexpected that this would be the result.

"cut!"

Cang!

At the critical moment, the cloaked man Tianzun finally resisted Qin Chen's attack, with a boom, a blade of light burst out of his body, and bounced out of his body that was pierced by Qin Chen. The dark magic knife shook Qin Chen's sharp sword attack.

At the same time, a force of imprisonment swept across the world, slamming Qin Chen away, and the cloaked man Tianzun seized the opportunity to breathe and suddenly cut it out.

boom!

The light of the sword ascended, traversing hundreds of millions of years of immemorial age, as if the ancient gods and demons cut through the sky, directly bombarding Qin Chen.

"dead!"

The cloaked man Tianzun looked terrifying, frightened and angry. At this moment, he was really angry. No matter how idiot he was, he already understood at this moment that Qin Chen's previous look like an idiot was basically acting with him. Approaching myself in secret, looking for an opportunity to take action, in vain, thinking that this person is too idiot, in fact, it is me who is idiot.

Tangtang Tianzun was actually deceived by a kid, how not angry in his heart.

However, he didn't understand why the other party was determined that he would take action against him. They were both high-level employees and strictly prohibited fighting for life. How did he doubt himself?

The cloak man Tianzun don't understand?

"Deputy Vice-Hall Master Qin, what do you mean? Why do you kill this Vice-Hall? You and I are both high-level employees of Tianzuo. If you do this, are you not afraid of Master Tianzun's sanctions? Or, you have no purpose? No matter what, Today, the deputy hall master will take you down first, and leave it to Lord Tianzun to be the master."

The cloaked man Tianzun sent out a powerful divine mind in a knife.

This sword, like the emperor ascending to the throne, is invincible, panic, vast, and countless powerful evil spirits. Under the power of this sword, all collapsed. Even this world seemed to shake, but it was forbidden. Under the confinement of the celestial mirror, it could not be transmitted at all.

The cloak man Tianzun slashed out with an astonishing momentum, but on the opposite side, Qin Chen didn't evade, but a sneer was drawn out of the corner of his mouth, and he went up to him.

Creak!

collapse!

The battle sword blasted Qin Chen with a sky-shattering roar, and the fierce sword aura continued to blast on Qin Chen like a vast ocean. Each path contained the power of bursting stars, capable of exploding the world and destroying mountains and rivers.

However, Qin Chen didn't move at all, with black light circulating on his body, he was the Haotian Divine Armor, urging him with all his strength under the aura of chaos.

Then, Qin Chen took a sudden step forward, all the energy in his body disappeared cleanly, a cruel smile appeared on his face, he cut out with a sword, and the six ways of reincarnation sword art appeared in the air, so he took that Dao Tongtian Dao Qi was directly hit and shattered.

"You...what strength is this?!"

The cloaked man Tianzun was shocked, and stepped back.

"Hahaha, is your Excellency still hiding at this time? Demon spy! Hmph, ambushing here is indeed a bit new, well, I also found a treasure to block the void. It seems that you have also made a lot of preparations, but unfortunately, There are too many people who want to kill Ben Shao? Which green onion are you? Didn't the high-level Demon Race who ordered you tell the past that Ben Shao is not afraid of Tianzun?"

"There are a few of you who betrayed the human race and took refuge in the demons. You really think that the young master doesn't know? Haha, the young master is going to follow you to see who is the high-level person behind you?"

Qin Chen stood fiercely, his whole body exploded, like a god, standing proudly in the void.

"What demon spy? I can't understand what you mean?"

"Qin Chen, you are spitting blood, I am waiting to see you have a painful assassin on the Vice-Hall Master, so I have no choice but to make a move."

"Qin Chen, get caught quickly. It is a big taboo of my daily work to strike at the same door. If you do this, don't you fear Master Tianzun's punishment?"

Elder Black Feather and others looked furious, their hearts shook wildly, and they screamed wildly.

The cloaked man Tianzun was also shocked. What does this person mean, does he recognize his identity as a spy of the demon race?

How can this be?

Even if Qin Chen made a sudden move before, the cloaked man Tianzun only thought that the opponent had sensed the hostility, so he made the move in advance, but never expected that the other party would know his identity. What is going on?

Could it be that Master Tianzun suspected them?

The cloak man Tianzun trembled, and a shocked thought emerged in his heart.

He didn't believe that Qin Chen, a newcomer to the secret realm of Tiangong's headquarters, would find out their identity. The only possibility was that Master Tianzun doubted his identity and deliberately let Qin Chen enter the secret realm of Tiangong's headquarters, and then Attract them to shoot.

If so.

Are the other deputy hall masters and Lord Shen Gong Tianzun nearby?

At this moment, Tianzun Man in the cloak was terrified and frightened.

"Nonsense, I now suspect that you are the spy of the Demon Race, take it for me, and leave it to Lord Tianzun for processing."

boom!

The cloak man Tianzun roared and stepped forward. The terrible Tianzun aura surged on his body. Suddenly, the terrible imprisoning power condensed crazily between the heavens and the earth. Like glass, Qin Chen squeezed crazily.

"Ming is stubborn, let me see, the Lord is the deputy hall master."

Qin Chen stepped out and killed the cloaked man Tianzun.

With a bang, the chaotic aura in Qin Chen's body instantly became extremely tall, his tall and lofty body stood upright like a sacred mountain of ancient times, above the sharp sword, countless regular storms were spinning, and a sword was cut boldly. Out.

In the depths of this ancient Yuta, no one can escape quickly.

Especially with the imprisonment of the Forbidden Sky Mirror. This world of heaven and earth has been completely imprisoned, and the rules of space cannot be moved. This Forbidden Sky Mirror is nothing more than the Deep Sea Rubik's Cube of the Sea Clan, and it is a peerless treasure.

Even the Forbidden Sky Mirror erupted to the extreme, and even the power of time could be confined.

The cloak man Tianzun lured Qin Chen here to prevent him from escaping. But now, not only has Qin Chen been imprisoned, but also everyone present.

[Chapter 4187: Thoroughly exposed](#)

Click!

The void was split by Qin Chen with a sword, making a harsh cracking sound. Qin Chen suddenly felt that a terrifying force of restraint was used to continuously oppress him, and the force of the sword on the mysterious rust sword was also suppress strongly.

"It's useless, boy, in my realm, you must die."

The cloak man Tianzun has a hideous face, he has already felt it, Qin Chen's defense is extremely terrifying, it is the armor on his body, the defense is extremely amazing, but in terms of cultivation, the other party is just an earthly respect, how is his opponent? ?

"Do you think that I can win if the sneak attack hurts? It's ridiculous, you have lost the power of time origin, and your attack can't break the defense of the deputy palace master."

The cloak man Tianzun took a step forward, the sword was shining, and the power of the heavens lingered out of his body, instantly rushing into the sword, and the sky-shattering light burst from the sword.

"cut!"

The terrifying blade light is compressed in this space between the heavens and the earth, and the outside world can't catch it. It is hidden by the power of the forbidden sky mirror, but it is surprisingly strong. With the blessing of the power of the forbidden sky mirror, it seems to be able to cut away the world and violently. Qin Chen.

The cloak man Tianzun didn't know whether the strong like Tianzun were really lurking here. At this moment, he could only take Qin Chen first to gain a certain opportunity.

"kill!"

Not far away, Elder Black Feather and others also madly killed.

"Young Master Ben can't hurt you? Can't you?"

Seeing the light of the sword under the blessing of the Forbidden Mirror, it was like a sword that opened the sky, but Qin Chen's face showed a hint of sarcasm.

"Om!"

In front of him, a small golden sword appeared in an instant. This small golden sword was very small at first, but in an instant, it skyrocketed, crashing, and the golden sword shadow filled the sky. In an instant, it turned into a golden strip. In the vast Jianhe River, ten terrifying monsters appeared, roared, turned into a river, and swept out.

Wow!

The void that was originally imprisoned by the Forbidden Sky Mirror was instantly flooded with another force, a special domain force, swept out.

It is Wanjianhe!

The top heavenly treasure that Qin Chen exchanged from the Treasure Hall.

As soon as this Wan Jianhe appeared, it immediately shattered the power of the Forbidden Sky Mirror, which instantly weakened the imprisonment power of Qin Chen's body. Qin Chen stood proudly in the middle of the vast sword river. The Mantian Sword River turned into a sword to reach the sky, slashing towards the cloaked man Tianzun.

"What is this? Wan Jianhe? You exchanged Wan Jianhe from the Treasure Hall? Impossible, even if you exchange Wan Jianhe, how could you be able to move it?" Tianzun Man in the cloak almost got the eyeballs from the eye sockets. Fell out of it.

Others don't know the mystery of this heavenly treasure, but he knows it clearly.

Wanjianhe is the top treasure in the treasure hall. Although the exchange price is not expensive, it is extremely difficult to activate. It has been in the treasure hall for thousands of years. There are actually many kendo masters in the secret realm of the Tiangong headquarters. Tianzun also has such a statue, but it cannot be exchanged because of the inability to activate this Wanjian River.

But Qin Chen, just a land respecter, was able to spur Wan Jianhe, so that he was not frightened or shocked.

boom!

The mighty golden river directly enveloped the blade light he had cut out, crushing it crazily, and the terrifying power of the Celestial Lord contained in the blade light continued to weaken, and shattered instantly with a bang.

At the same time, in the Wanjian River, a few sword lights rolled out, slashing at Elder Black Feather and others like lightning.

These sword lights, although only tributaries of the Wanjian River, swept across the sky, the waves were as powerful as a mountain, and countless powerful energies were shattered. They bombed the elders of the black feathers and directly took all of them. Attack, all broke.

"It's Wan Jianhe!"

"No, this son actually exchanged Wan Jianhe."

"how is this possible?"

"My lord, save me."

Elder Black Feather and others can't bear the pressure of Wanjianhe. Wanjianhe is a legendary treasure in the Treasure Hall. They have naturally heard of it, and they have seen it, but they can't exchange it. Now they see it, the soul is scattered.

boom!

The sword river surged, and the defensive armor of the black feather elders and others were directly shattered, and blood spurted one by one, almost torn to pieces under the sweep of several tributaries of the sword river.

"Do not!"

"The power of darkness!"

Boom boom boom!

At the critical moment, Elder Black Feather and others could no longer hold back, facing the threat of death, they directly displayed the power of darkness.

In an instant!

The power of darkness rose one after another, causing the aura of Elder Black Feather and others to suddenly increase.

"Is it not a spy from the Demon Race? The power of darkness, huh, finally can't help it?"

Qin Chen sneered and urged Wan Jianhe to wrap around Elder Heiyu and the others. He had already expected this. Therefore, he did not panic at all. The golden sword river contained the power of thunderous judgment.

puff!

Elder Black Feather and the others, directly spouted a mouthful of blood, one by one tried to get close to the cloaked man Tianzun, but they couldn't get close at all, vomiting blood was blown out.

Their strength is too far from Qin Chen, even with the blessing of the power of darkness, they are not Qin Chen's opponents at all.

Many elders fell to the ground like dead fish, dying, no longer able to resist.

"Humph."

Qin Chen ignored these people and did not launch an attack again. Instead, he turned around and looked at the cloaked man Tianzun.

"What else do you have to say now?" Qin Chen sneered, his eyes were cold, no matter how he disdain, the opponent is a real Heavenly Venerable, the strength is not weaker than the Starfalling Heavenly Venerable, and this People do not know what kind of treasure it is that can confine the void and conceal all power. If it weren't for Wan Jianhe to form a new domain and confront that force, Qin Chen alone would be a little tricky.

The cloak man Tianzun let out a stern laugh: "Boy, this seat has been lurking for many years, and it has fallen short. Who are you? You want to abolish this seat, wishful thinking!"

The cloaked man Tianzun suddenly roared, and a magical light burst out from his body, and an ancient mirror with magical energy was shot out from his heart, covering his whole body, and countless breaths suddenly burst out.

The Wan Jian River surrounding Qin Chen's body was quickly suppressed by this force and shook constantly.

It is forbidden sky mirror.

boom!

The cloaked man Tianzun, the power of darkness on his body rose up. He knew that Elder Black Feather and the others exposed, even if they were to quibble themselves, once they were confronted by Qin Chen, they would be questioned and investigated by Lord Tianzun, and he could not hide. So, he directly exposed the power of darkness.

For the present, he can only gamble.

Master Gaming Tianzun and the other deputy hall masters didn't know everything here, so after he killed Qin Chen, he could escape here for the first time and escape the catastrophe.

It's just that countless years of dormancy are in vain.

But beyond that, he has no choice.

"You must fight quickly to kill this kid."

The cloak man Tianzun stared at Qin Chen ferociously, the power of darkness surged and murderous aura was soaring.

Chapter 4188 Fight Against Heavenly Sovereign Treasure

The cloaked man Tianzun actually directly urged the Forbidden Sky Mirror to suppress Qin Chen's Wan Jianhe.

"What kind of treasure is this? Peak Heavenly Sovereign Supreme Treasure?!" Qin Chen's heart condensed, and he was able to suppress his Wanjian River. This treasure was too exaggerated.

No, this thing shouldn't be the Peak Heavenly Sovereign Supreme Treasure, just like its own Wanjianhe, it is the top Heavenly Sovereign Supreme Treasure.

Qin Chen stared carefully and finally saw the clues.

There are two reasons why the Forbidden Sky Mirror can suppress Wan Jianhe.

The first one is that the cloaked man Tianzun is the real Tianzun, containing the power of the Tianzun, and he is only the earthzun. Although he has the power of chaos, he has not reached the sentiment of the Tianzun after all, and there is a gap with the Tianzun.

As for the Heavenly Sovereign Supreme Treasure, only those who are strong in the Heavenly Sovereign can truly release its power. This is not to say casually. There are still many problems with the power of the Earthly Sovereign who want to spur the Heavenly Sovereign Treasure. Wan Jianhe, change to another Earth Zun to come, let alone Earth Zun, even half a step Tian Zun, it is impossible to spur Wan Jian River even a bit.

This is one of them.

The second reason is that the Forbidden Sky Mirror is a special imprisoned treasure.

"This thing can confine the void. Some of the deep-sea cubes are similar to the marine clan's. It is a kind of special forbidden treasure. Even my time origin can be suppressed. In addition to the blocking effect, my Wanjian River also has attacks and Defensive effect. In addition, this thing contains some magic energy. Obviously, this thing can fully release its power under the impetus of the power of darkness. Combining the two, it can naturally do something to my Wanjian River. suppress."

Qin Chen's heart turned and he instantly saw the clue.

"No matter what means you use, you never want to escape from this seat."

boom!

Inside Qin Chen, the billowing chaos aura surged, and contained a trace of the power of the chaos origin. In a short time, the golden light of Wanjianhe burst around Qin Chen's body, and the aura suddenly rose, billions of sword auras collided with the forbidden void madly, Making a harsh crackling sound.

"Qin Chen, it was either you or I died today."

The eyes of the cloak man Tianzun showed a fierce light, his body shook, he stepped out, and a ghost of the magic knife appeared in his palm, and it was condensed into the true shape of the sword light, and

the sword aura was released. Between the violent gallops, like the blade of a sword descending, there are thick blade laws on all sides.

Every sword law is extremely large and terrifying, and the sword law shows the highest aura, very condensed, in which countless sword intent penetrates, making the sword law have a way to transform the world into a handle. The momentum of the sword.

This cloaked man Tianzun is a powerful swordsman. The sword represents dominance and power.

"It's Daojue Tianzun!"

"Vice Hall Master Daojue!"

At this moment, seeing the cloaked man Tianzun burst out with such mighty power, where he lay dying, the elder Black Feather and others who could not move, exclaimed in their hearts.

There are many powerful swordsmanships in the work of the day, even among the eight deputy chiefs, there are no few powerful ones who can use the swordsmanship rules, but there is only one who can use such terrible swordsmanship methods like this person.

That is the Daojue Tianzun among the eight deputy hall masters.

"Daojue Tianzun?"

Qin Chen's gaze flashed. Although he had never seen all eight Tianzuo's celestial beings, he also knew the name and method of fame of every serving deputy hall master in Tiangzu's, and Daojue Tianzun was named after the sword. The person in front of him is most likely Daojue Tianzun.

"I thought it was one of the Heavenly Venerable Absolute Weapon, the Heavenly Venerable Avenger, the Heavenly Venerable General, and the Heavenly Venerable Ancient Craftsman. Unexpectedly, it was the Heavenly Venerable Sabre?"

Qin Chen frowned.

Originally, he thought that Tianzuo's spy at the rank of deputy hall master was one of the Absolute Weapon Tianzun he had seen at the beginning. Who knew that it was the Daojue Tianzun who had never appeared before. It was beyond Qin Chen's expectations.

"boom!"

The cloak man Tianzun drew the power of darkness and urged the Forbidden Sky Mirror to the extreme. At the same time, the rules of the sword were condensed, cutting the sky and the earth, and brazenly slashing towards Qin Chen, and at the moment when the sword light fell, this sword-conscious Tianzun In the body, there was also a dark star-like ball blasted out.

Boom!

As soon as the ball blasted out, it exploded with an astonishing aura. The texture on it was simple and simple, and contained many organs. In the squeaking sound, it turned into an embryo, smashed down towards Qin Chen, and the void was shocked.

It turned out to be another heavenly treasure.

The three Heavenly Venerable Treasures simultaneously shot Qin Chen. This cloaked man Tianzun was obviously desperate to kill Qin Chen, not giving Qin Chen the slightest chance to escape.

"Hahaha."

The cloaked man Tianzun laughed wildly, his eyes were ferocious, and he didn't believe that Qin Chen could block it.

"If you don't see the coffin, you won't cry!" Qin Chen couldn't help but smile coldly as he watched the cloaked man Tianzun mobilize many Tianzun treasures and killed him.

"Heavenly treasure, do you think you only have one?"

Qin Chen sneered, but there was no weakness in his hand. He displayed his assassin, the Primordial Chaos urged, the Wanjian River surged, and the dense golden torrent instantly rushed out. At the same time, Qin Chen's right hand suddenly lit up. Starlight, the magical powers of origin were condensed in his palm.

"Heaven, earth and stars, all in my hand, the way of origin, eternal creation!"

Qin Chen took a step, and a new origin appeared behind him. In this origin, countless stars containing the true meaning of the Great Dao were born. The countless powers of his whole body turned into dazzling stars, enveloped the fields, and converged to Qin Chen. In his hand, on Qin Chen's right hand, a starlight glove appeared at some point, as if it were made of billions of stars.

It is the hand of the stars.

This thing was obtained by Qin Chen from Starfall Heavenly Sovereign, and it has become his treasure.

"Quick battle and quick decision, God Emperor Totem!"

Qin Chen spurred the Origin God Fist while spurring the hand of the stars, incarnate into billions of stars, covering the world.

"This is the Hand of the Stars... the treasure of the Starfall Heavenly Sovereign of the Star God Palace, how can you have the Hand of the Stars?" Tianzun the cloak man screamed in anger, and recognized the treasure in Qin Chen's hand with a shocked expression on his face.

Qin Chen blasted out with a punch, and Xingchen's palm instantly resisted the black artifact Heavenly Sovereign Supreme Treasure, while Wan Jianhe resisted the slaying sword light of the cloaked man Heavenly Sovereign. The Heavenly Sovereign weapon collided, and the heavens and the earth rumbling directly, and Qin Chen's body was chaotic. The original source surged, and instantly poured into this cloaked man Tianzun.

puff!

The cloak man Tianzun sprayed out another mouthful of blood, and his body retreated.

However, his gaze is still furious, if he remembers correctly, the Starfalling Heavenly Sovereign of the Star God Palace seems to have fallen into the ancient chin secret realm on the battlefield of ten

thousand races not long ago, and was killed by a young earthly sage of the true dragon race. The hand of the stars also fell into the opponent's hands, but now, why did it appear in Qin Chen's hands.

"True Dragon Race Earth Sovereign Powerhouse?"

The cloak man Tianzun looked at Qin Chen suddenly, thinking of a possibility that frightened him.

[Chapter 4189: Detonate King's Blood](#)

Could it be...

At this moment, the cloaked man Tianzun thought of a frightening possibility, a possibility that made him tremble and frightened him.

He looked at Qin Chen in horror, his face changed drastically, and he trembled: "You...you are Long Chen? Long Chen of the true dragon clan?"

How can this be?

Why did the strong of the True Dragon clan appear in the secret realm of the Tiangong Headquarters? But if the opponent was not Long Chen of the True Dragon clan, why would Qin Chen have the hand of the stars in front of him.

As the words of the cloaked man Tianzun fell, in the distance, he fell to the ground in embarrassment, dying, and the immobile Elder Black Feather and the others all looked at Qin Chen in horror, one by one exclaiming in shock, exclaimed: "What, he is Long Chen from the True Dragon Race?"

The name of the person, the shadow of the tree.

The prestige of Long Chen of the True Dragon clan has been quickly passed on in the universe along with the battle of the ten thousand clan battlefield.

Acquired the true dragon dust of the chaos treasure in the Secret Realm of the Vientiane Gods. In the secret realm of the ancient chin, he used the earth to cultivate as an opponent to the great powers. Then, under the cooperation of the real dragon golden dragon, he fought wildly against the demons. , Star God Palace, Dayu God Mountain, Sea Clan, Bone Race, and many other Tianzun powerhouses, and beheaded the Demon Race Molten Tianzun and Star God Palace Falling Star Tianzun.

Famous shocking universe.

At this moment, hearing the words of the cloaked man Tianzun, the elder Kuroyu and the others were shocked and sweated.

With a smile on Qin Chen's face, billions of stars gathered in his hand. His whole body, the Wanjian River was surging, and the golden river obscured the heaven and the earth, rushing like a long river of years, and combined with the billions of stars to form a pair In an unforgettable picture, Qin Chen smiled lightly: "What Long Chen, this seat doesn't understand what you said? Do you think this seat is like a true dragon?"

Tianzun of the cloak was startled.

This.....

Indeed, although Qin Chen in front of him bloomed with an extremely terrifying aura, the chaotic flow of the opponent's body had nothing to do with the true dragon clan. He could still distinguish a true dragon clan from a human clan.

But Qin Chen is not the Long Chen of the True Dragon clan, so why does he possess the hand of the stars? Didn't it mean that two top-level earth-sovereign powerhouses suddenly appeared in this space?

How can this be.

The probability of two consecutive appearances of the heavenly arrogant who can fight against the heavenly elders in the realm of the earth-zun is even rarer than the birth of two heavenly elders.

"I care about you."

The cloak man Tianzun suddenly roared.

When is it all, he is still thinking about it.

The most urgent thing is to kill that Qin Chen. Only by killing him will he have a chance to live; otherwise, he will not escape death.

"Sky Forbidden Mirror!" He roared again, the Demon Race's Sky Forbidden Mirror Heavenly Sovereign Supreme Treasure, once again exerted its power, countless magic lights burst out from his heart, and condensed into a mirror world in his hand.

boom!

A heavy force of darkness rolled out of his body, and the breath of the cloaked man Tianzun was rapidly rising.

Roar!

Suddenly, the mask on the face of the cloaked man Tianzun shattered, revealing a hideous face. On that face, traces of dark threads crazily gathered, turning his whole person into a demon.

"Daojue Tianzun."

"Sure enough, it is the Deputy Hall Master Daojue."

Elder Heiyu and the others were shocked when they saw this face, and prayed secretly one by one, the Vice-Hall Master Sabre-Sense must kill Qin Chen. Only by killing Qin Chen can all of them become angry.

boom!

The power of darkness is gushing, with the domineering force of suppressing all forces. If it is not for the ancient Yuta, but the power of darkness is exposed to the outside of the universe, it will inevitably lead to the suppression of the rules of the universe.

But in Guyu Tower, it seems to have entered an independent space, and under the blessing of the forbidden sky mirror, it is not suppressed.

Daojue Tianzun was like a demon god, his body shook, rumbling, and the many golden rivers that entangled him were instantly shaken away. At the same time, he held a magic knife and slashed at Qin Chen abruptly, roaring: "Boy, give me death. ."

Hum!

On his chest, the Forbidden Sky Mirror burst into light, covering all the power of darkness. He burned the power of Heavenly Venerable and urged the power of darkness to the extreme, killing Qin Chen in an instant.

boom!

The magic light knife intent containing the power of darkness fell, the heavens and the earth roared, and the ten thousand realms shook, directly tore open the mighty Wanjian River, breaking Qin Chen into pieces and turning the ten thousand realms into ashes.

"The power of darkness is really strong?"

Qin Chen's eyes narrowed.

Originally, the strength of Daojue Tianzun should be at the same level as the Molten Flame Tianzun and Starfall Tianzun. It may be slightly stronger, but it is also limited. Qin Chen has obtained many treasures such as Wanjianhe and Xingchen Hand. Under the circumstances, it is reasonable to suppress Daojue Tianzun.

But at this moment, the aura on Daojue Tianzun's body climbed crazily, and the surging of the power of darkness caused his power to suddenly rise to a level similar to that of the Golden Dragon Tianzun, and even, under the blessing of the Forbidden Mirror, Even the Golden Dragon Heavenly Venerable, at this moment may not dare to fight the Daojue Heavenly Venerable.

No wonder there are so many powerful people in this world who are deceived by the demon race and willing to become the spies of the demon race. In the early stage and middle stage of the Tianzun, it is only a small state, but it takes countless years of hard work by the Tianzun to achieve It is possible that after crossing this threshold, many people with low talents have exhausted all their potential when breaking through the Heavenly Venerable, and they can only stay in the early stage of the Heavenly Venerable for hundreds of millions of years.

But under the blessing of the power of darkness, it can instantly cross this realm, how can people not be moved?

Any Tianzun is an existence that has lived for many thousands of years, and the desire for strength is above all for them.

boom!

At this time, Daojue Tianzun, under the blessing of the power of darkness, madly attacked Qin Chen. The light of the knife was like the dark night, covering the sky and strangling Qin Chen completely.

Seeing Daojue Tianzun's hideous face and crazy killer moves in front of him, Qin Chen stared at Bingbing, shook his head and sighed: "There is nothing wrong with pursuing power, but the fault lies in it. You cannot become a slave to power.

"The power of darkness, is it amazing?"

"burst!"

Suddenly, Qin Chen flashed through his eyes, and a trace of the power of the dark royal family quietly disappeared in his body, and then he let out a stern shout.

next moment!

"what!"

The power of darkness in Daojue Tianzun suddenly rioted. With a boom, a hole was directly punched in his chest, and the power of darkness exploded frantically.

"What? Ah? What is going on?"

Daojue Tianzun roared and roared, his face was angry and shocked, and his eyes were frightened.

In his body, the power of darkness continued to dissipate, and his chest was exploded, dripping with blood, unable to control the violent power of darkness.

"Sure enough, it works!"

Qin Chen murmured.

It was he who detonated the power of the dark royal family that he had pierced into Daojue Tianzun's body at the beginning.

[Chapter 4190: unexpected surprise](#)

Previously, Qin Chen pretended not to see through the opponent, and stabbed the sword into the body of Daojue Tianzun. In fact, he knew that such an attack could not cause fatal damage to a Tianzun. The reason why he did this was actually to destroy that trace The power of the Dark King's blood blasted into Daojue Tianzun's body.

Because of the cold and cold aura of the mysterious Rust Sword, when the power of the Dark King's blood entered the body of Daojue Tianzun, he quietly hibernated, knowing that the opponent had activated the power of darkness, and then detonated.

The power of darkness in Daojue Tianzun's body instantly exploded.

Daojue Tianzun looked at Qin Chen in anger. At this moment, the power of darkness in his body was completely violent, and he couldn't help but roared, "What did you do to me?"

Qin Chen's eyes were cold, and the whole murderer went out, taking advantage of the moment when the dark power in Daojue Tianzun's body rioted, Wan Jianhe moved.

Wow!

In the vast river of swords, the terrifying strange beast roared, rushing towards the sword to Jue Tianzun.

Until now, Daojue Tianzun was extremely weak.

At this moment, Qin Chen cut out with a sword.

With a click.

In the middle of Daojue Tianzun's body, it blasted a crack in Daojue Tianzun's body.

"No, let's go!"

Daojue Tianzun was furious. He knew that it was impossible for him to kill Qin Chen. There was only one thought in his mind, and that was to escape. Only when he escaped from here, there is a ray of life.

But how could Qin Chen leave him.

Wow!

From Qin Chen's body, a long black river surged out, clashed, and directly wrapped around Daojue Tianzun.

It is the sand of the demon.

Like a long rope, the sand of the devil was quickly tied to the Daojue Tianzun. The Daojue Tianzun was frightened and angry, urging the forbidden sky mirror, blocking the **** of the Wanjian River and the sand of the devil, and fleeing to the depths of the ancient Yuta.

Daojue Tianzun did not flee to the outside of Guyu Pagoda, but fled to the depths of Guyu Pagoda, trying to use the evil spirit in Guyu Pagoda to stop Qin Chen.

"This Daojue Tianzun does have some means."

Qin Chen's eyes were cold. At this time, most people thought of fleeing Guyu Tower and leaving the secret realm of Tiangong Headquarters, but this Daojue Tianzun fled to the depths of Guyu Tower instead.

Seeing that Daojue Tianzun was about to flee, the dying elder Black Feather and the others were all in horror. When Daojue Tianzun fled, their elders would undoubtedly die.

"Humph."

As soon as Qin Chen raised his hand, a force of restraint loomed over, and quickly captured Elder Black Feather and others. The power of the chaos stirred, Elder Black Feather and others had no resistance at all, and they were directly brought to him by Qin Chen. Among the jade discs of good fortune.

Immediately afterwards, Qin Chen turned into a streamer and quickly approached Daojue Tianzun.

Cang Dang.

And as soon as the two moved, the aura here was instantly exposed, alarming many strong men who were cultivating on the third floor of Guyu Tower.

"what happened?"

"It's so powerful, it seems someone is fighting."

"What? Really, this breath, hiss, seems to be the power of the heavenly sovereign, who is fighting at the depths of the third floor of the ancient Yu Tower?"

In the third floor of the ancient Yu Pagoda, many powerful people changed their colors, felt the breath, their eyes were shocked, and they all looked up at Qin Chen's location.

There, evil spirits surged, and there seemed to be a wave of terrible rules.

This breath is too strong, at least at the level of Tianzun, not Tianzun, unable to create such a terrifying scene.

Which idiot is it?

Guyu Pagoda is the top treasure of Heavenly Work.

Among them, only cultivation and refining are allowed, but fighting is not allowed.

Although Guyu Pagoda will not be damaged, but who knows what kind of consequences will be caused, if some changes are caused to Guyu Pagoda, who will be responsible?

Damage to Guyu Pagoda is second, because no one thinks that it can damage Guyu Pagoda, which is something Tianzun can't shake.

However, in the unlikely event that Guyu Pagoda is closed and the disciples who will be working in the future cannot come in, who will bear the responsibility?

Therefore, large-scale battles are not allowed in Guyu Pagoda, which is an iron law of heaven's work.

It is now that someone has destroyed it.

"Go, go over and take a look."

Boom boom boom!

A group of figures quickly swept toward the depths of the roar of battle.

"trouble."

Qin Chen stared fiercely at the swiftly fleeing Daojue Tianzun.

This guy is really difficult.

Of course, it was also because Qin Chen's own strength was not strong.

"I am only in the realm of earthly respect, if it is in the realm of heavenly respect, suppressing this sword-conscious heavenly respect, I am afraid it will be effortless."

"But now, this Daojue Tianzun wants to escape with all his heart. It's really a bit troublesome. After all, he still has that weird mirror-like treasure in his hand."

That anger in Qin Chen's heart.

Because of the existence of the Forbidden Sky Mirror, Qin Chen's Wan Jianhe couldn't block the opponent at all, otherwise, relying on Wan Jianhe to trap the opponent, even if the opponent is Tianzun, it would be difficult to escape.

But now, it's a bit difficult.

Qin Chen turned his head.

He already felt that because of the escape, the Forbidden Sky Mirror could no longer block all the breath. In the distance, some strong men who worked hard had arrived.

"You must fight quickly, and when others arrive, take down Daojue Tianzun."

Qin Chen narrowed his eyes.

He can't believe in people who work in heaven.

There are too many spies at work, who knows what moths will come out?

"It seems that Senior Honghuang Ancestral Dragon must help them out."

Rumble!

Qin Chen's power of chaos blasted into the chaotic world instantly, alarming the Primordial Ancestral Dragon, the Holy Ancestor of the Blood River, and the Lord of the Abyssal Demon. At the same time, it opened up the perception authority of the Universe Jade Plate, allowing them to be able to Perceive everything in the outside world.

"Lord of the Deep Demon, the treasure in the hands of Heavenly Sovereign Sabre is the treasure of your Demon Race. Do you know what it is? Can you control it?"

Qin Chen said to the Lord of Abyss Demon in the Jade Plate of Universe Good Fortune.

Daojue Tianzun's strongest thing is still the magic mirror treasure. This thing is the treasure of the demon clan at first glance. If it can control this forbidden sky mirror, then Daojue Tianzun will definitely lose its support.

The Lord of the Abyssal Demon took a look and immediately said: "Master, that is the Forbidden Sky Mirror. It is the treasure of my Demon Race. This thing can seal a world and shield the avenue. Although it is controlled by the Heavenly Sword Sovereign, but if it is Let the souls of his subordinates enter this Forbidden Sky Mirror, which is enough to control the Forbidden Sky Mirror, and this Daojue Tianzun will lose control of the Forbidden Sky Mirror for a certain period of time."

"well."

Qin Chen was overjoyed, but he didn't expect such an unexpected surprise.

The Lord of Abyss Demon could actually control this Forbidden Sky Mirror. He had known it earlier, and let the Lord of Abyss Demon take action earlier.

However, Qin Chen also knew that before reaching this point, even if he knew, he wouldn't let the Lord of Abyss Demon attack.

After all, the Lord of Abyss Demon is a powerful demon. Once he takes the shot, no matter how he conceals it, he will leave behind the aura of the demon. Daojue Tianzun dare not let the master of Heaven work discover his spy identity. Qin Chen does not have many The secret cannot be easily explained.
