[Chapter 4191: Fourth floor](#)

Do what you think.

"Shoot!"

With a thought, Qin Chen immediately bombarded the sand of the devil and shot it at Daojue Tianzun.

"Block!"

Daojue Tianzun was soaked in blood, he hurriedly slashed out, resisting the attack of the sand of the devil.

But at the moment when the magic knife in his hand blocked the sand of the devil.

Whoosh!

From the sand of the demon, a cold demon energy swept out, making a jealous smile, rushing towards the Forbidden Mirror on his body, swish, directly into the Forbidden Mirror on his chest in.

What is this?

Daojue Tianzun was shocked, how could he seem to see a powerful demon clan rushing out of the sand of the devil, what kind of ghost is that?

Why does Qin Chen have the means of the Demon Race?

Without waiting for the suspicion in his heart to fall.

The next moment, Daojue Tianzun's face changed drastically.

boom!

The forbidden sky mirror in his body, at this moment, the devilish energy bloomed, and it flew out of his body with a bang, broke free of his control and left his body directly.

What the hell?

Why does a good Forbidden Sky Mirror get out of your control?

Daojue Tianzun was shocked in his heart, because this Forbidden Sky Mirror was the strongest treasure he relied on now. If he lost the Forbidden Sky Mirror, he would immediately fall into crisis, and he would not even have a chance to escape.

Come back to me.

Daojue Tianzun raised his hand in anger, grabbed the shot towards the Forbidden Sky Mirror, booming, the power of the rolling darkness accompanied by the power of the Heavenly Lord, wanted to take back the Forbidden Sky Mirror.

In the Forbidden Sky Mirror, the soul of the Lord of the Abyss has already occupied the Forbidden Sky Mirror. As the Abyssal Demon Clan, entering this Forbidden Sky Mirror, the Lord of the Abyss is like a fish in water.

Even if the Heavenly Forbidden Mirror was branded with the soul of Daojue Tianzun, the Lord of Abyss Demon was once a powerhouse of the Peak Heavenly Lord, and immediately regained certain control of the Heavenly Forbidden Mirror.

"Jie Jie Jie, it is not that easy to regain the Forbidden Sky Mirror."

Rumble!

The power of the terrifying realm was released from the Forbidden Sky Mirror, and then it blocked the capture of the once "master" of Daojue Tianzun.

The two forces collide and cancel each other out.

"Damn it!"

Daojue Tianzun changed his color, and when he was so embarrassed that he wanted to make a strong move, he saw a golden river that instantly enveloped him.

Wanjianhe.

boom!

The golden sword wave is soaring, blocking all the space around Daojue Tianzun.

not good!

Daojue Tianzun was shocked and angry.

At this moment, he has fallen into a dilemma.

If he runs directly regardless of the Forbidden Sky Mirror, then even if he can break out of the Wanjian River, he will soon be caught up.

But if he fights for the Forbidden Sky Mirror, once Wan Jianhe, who has not completely closed at this moment, completely wraps him up, he will also fall into crisis.

There is no escape.

There is no escape.

Daojue Tianzun was in a dilemma instantly.

But Daojue Tianzun was furious and hesitated in his heart, but Qin Chen would not give him a chance to think.

"The origin of time!"

In Qin Chen's body, a force of time flowed out. It was the origin of time. It was spurred by Qin Chen instantly. The power of time between the world and the earth instantly suffocated the position. The time passing between the world and the earth also suddenly stopped. .

It's over.

Daojue Tianzun's heart sank completely.

boom!

At the moment when time was stagnant, the billowing golden sword wave completely wrapped him, and at the same time, Qin Chen's giant star hand had already fallen down.

puff!

The invincible Daojue Tianzun was caught and photographed by Qin Chen like a chicken.

"No, I can resist."

Daojue Tianzun roared, still wanting to resist, with a bang, the Forbidden Sky Mirror was directly suppressed, and the Lord of the Abyss urged the Forbidden Sky Mirror to directly kill Daojue Tianzun below.

The Lord of the Deep Demon scolded in his heart: I finally showed up in front of the master once, you give me obediently.

Forbidden Sky Mirror, Wan Jianhe, the two forces suppressed, Daojue Tianzun was dizzy, and instantly his will was chaotic.

Devil Sands, suppress!

The billowing sand of the devil came and turned into the fourth power, enveloping the Daojue Tianzun.

No matter how strong Daojue Tianzun was, he was still dizzy at this moment, his soul was shaking, his will sinking, and he lost his ability to resist in an instant.

Close!

Qin Chen urged the power of the universe to make jade discs, and with a swift sound the Daojue Tianzun was brought into the chaotic world.

"Honghuang Ancestral Dragon, Blood River Saint Ancestor, this fellow will be handed over to you."

Qin Chen shouted sharply.

"Hey, kid Qin Chen, leave it to us."

The Great Ancestral Dragon and the Saint Ancestor of the Blood River laughed strangely, and the two great primordial spirits directly suppressed them, trapping the still struggling Daojue Tianzun, and together with the power of the chaotic world, they suppressed him to death.

call!

Finally held this guy.

Qin Chen wiped the sweat from his forehead.

So hanging!

A Tianzun was indeed too difficult to capture, and almost made a mistake.

"Hurry up!"

Qin Chen glanced at the back, booming, and in the distance, a series of terrible auras were surging, and they were all elders who worked in heaven.

And in it, Qin Chen also vaguely felt the power of Tianzun level.

Is the powerhouse of the deputy hall master level.

Qin Chen's face changed slightly, and he didn't leave. Once he waited for the arrival of the other deputy hall masters, he couldn't explain clearly.

It is true that he can expose Daojue Tianzun and the others to prove their innocence, but the secrets in him will also be kept.

This was not what Qin Chen wanted.

Moreover, for some reason, Qin Chen always had a faint feeling that the top spy in Heaven's Work should be more than Daojue Tianzun.

In other words, what if there is really more than one?

Anyway, leave here first, if you need to be exposed, then take the initiative to expose yourself, at least be prepared.

Qin Chen looked up.

Glanced around.

Now, Qin Chen has three choices.

One, go back, so that you will definitely encounter the strong who came from the third layer.

The second one is to run to the second floor, so there is a certain chance of exposure.

The third one, run to the fourth floor.

Qin Chen is considered one of the first strong men to enter the ancient Yu Pagoda. The Heavenly Sovereign of Sabre should be regarded as ambushing here first. Therefore, the fourth floor now, not to mention whether the strong one can enter, even if it can enter, it should No Deputy Hall Master is on the fourth floor.

Moreover, the environment on the fourth floor is better than the deputy hall master level, and you should also be careful not to search wantonly.

Unless the God of God comes, the fourth layer should be considered the safest at present.

And if the Heavenly Lord of Divine Workers arrives, Qin Chen will be relieved, because Heavenly Lord of Divine Workers should know him the most. This guy is extremely mysterious, and he seems to have secretly pushed him to work in the secret realm of the headquarters.

This is an old yin ratio.

Therefore, Qin Chen didn't worry much.

After several thoughts, Qin Chen immediately concluded that it was the safest to enter the fourth floor.

Go, go to the fourth floor.

Whoosh!

Qin Chen's figure shook at the moment, and flew directly towards the fourth floor of Gu Yu Pagoda, disappearing here.

And it didn't take long before Qin Chen left here.

Boom boom boom!

A series of terrible auras struck in an instant and descended on this world.

[Chapter 4192: Got serious](#)

As Qin Chen left here, the entire Gu Yu Pagoda was about to come.

boom!

Not long after Qin Chen left, waves of powerful aura swept over, and a powerful person hurried over.

The first one to come was a strong man in a gray robe. As soon as he fell down, he looked around coldly.

If Qin Chen were here, he would immediately recognize that this person was the general Tianzun who was one of the four deputy hall masters who had introduced him.

After the arrival of the Coming Heavenly Lord, the Void continued to have a frightening atmosphere.

Ancient Craftsman Tianzun, Wending Tianzun, Zuo Tong Tianzun, Absolute Weapon Tianzun...

The five half-step Vice-Hall Lord Tianzun, came here at the fastest speed, and they were all top powerhouses.

After the five incumbent deputy hall masters, all the top elders also arrived. There were half-step Tianzun elders and many peak earthly strong ones. The breath shook the heaven and the earth. The depths of the entire third layer were impulsive.

A breath of aura pierced through the sky and the earth, causing the power of the surrounding rules to burst continuously.

Daojue Tianzun was previously severely injured and suppressed here.

Therefore, here, the atmosphere of the avenue and the power of the rules are incomparably chaotic. The arrival of these powerful people will stir the whole world like waves and chaos.

"Everyone, be careful, don't spoil the situation here."

The five incumbent deputy hall masters arrived here, just took a look, suddenly his expression changed, and he hurriedly shouted.

They can see that there has just been a big battle here.

Moreover, the level of combat is extremely terrifying, absolutely comparable to their level, immediately making them vigilant.

There is a top-level powerhouse fighting in the ancient Yuta, and it is the deputy hall master-level Tianzun powerhouse. What happened?

The five gods did not say a word.

The complexions were extremely solemn.

As the deputy hall master, they all know that fighting is not allowed in the ancient Yu Pagoda. Once life and death battle occurs, if there is a deputy hall master level in it, if there is no legitimate reason, you will be severely punished by Lord Tianzun. He was punished, confined, and deprived of his status as deputy hall master.

This is the iron law in the secret realm of Tiangong headquarters.

Ancient Yu Pagoda, Treasure Hall, Tongtian Polar Fire Pillar, and Heritage Site.

These four places are the most core places of Heaven's Work, and the deputy hall masters can't be wild at will. Even if they fight on the Island of the God of Craftsman and destroy countless palaces, they are not serious in these four places.

But now, here has just definitely experienced a battle at the Tianzun level, which made the ancient craftsman Tianzun and the others shocked, their colors changed and their hearts were heavy.

problem occurs.

Something happened.

No special things, no one dares to do it here.

The ancient craftsman Tianzun waved his hand, hum, and suddenly a burst of light swept out, covering the world, preventing many elders from entering, for fear that they would destroy the battlefield.

As for Xing Jiang Tianzun and waiting for several big Tianzuns, he quickly came to this battlefield and began to perceive carefully.

In the ancient Yu Pagoda, evil spirits rioted.

Here, located in the depths of the third floor of Guyu Tower, where the evil spirit is the strongest, the terrifying evil spirits are constantly surging, covering everyone's perception.

However, the ancient craftsman Tianzun and others are strong Tianzun after all, and they are quite familiar with Guyu Pagoda, and they still feel some clues.

For a long time, the ancient craftsman Tianzun said solemnly: "It's a battle at the Tianzun level, and more than one person."

General Tianzun also nodded: "The battle is fierce, and the battle time is not short."

"Who is it? Why didn't we perceive it before, the battle is so fast, from the moment we perceive the breath to the arrival, but only for a moment, the battle is over?" Zuo Tong Tianzun also had cold eyes, hum, his left Eyes shine with the light of the rules of the road, analyze everything around.

The five heavenly veterans looked solemn, their eyes were cold, and their hearts were heavy.

The battle between the two Heavenly Venerates was more serious than they thought.

"Are the three deputy hall masters left? Or other Tianzun masters in the work of heaven?"

The ancient craftsman Tianzun looked up: "Ma uploads an order to the remaining three deputy hall masters and you Tianzun, and see where they are."

In fact, there is no need for the ancient craftsman Tianzun to speak before someone has already sent a message.

In the work of heaven, there are not many Tianzuns. Except for some old antiques who have closed themselves, sat in a deadlock, and have never been born, there are only a few who are really walking outside, except for the eight deputy masters.

And those who can enter Guyu Pagoda must be internal staff who work in heaven, which is easy to find.

While passing the news, the ancient craftsman Tianzun continued to search for traces of the battlefield with the other four deputy masters.

A group of people are very solemn.

Constantly observe, detect and track.

In the distance, elders and other powerful men continued to approach one after another, their expressions were very solemn, and they were talking in secret.

Although they had never entered the battlefield, they figured out something after watching for a long time.

Here, it seems that a top-level battle has just taken place, and it is at the Tianzun level.

This shocked and shocked many elders.

I don't know what happened, I only know that the matter is serious.

At this moment, Zuo Tong Tianzun suddenly changed color and said, his pupils reflected in a void, and said in amazement: "Everyone, come here, there is the power of darkness left."

"what?"

"The power of darkness?"

Ancient Craftsman Tianzun and the others were shocked, one by one, they flew up, looking in the direction where Zuo Tong Tianzun was staring.

There, there was indeed a faint trace of strange darkness remaining.

As the deputy master of the Heavenly Work, they have all dealt with masters of the Demon Race, and they naturally know the characteristics of the Demon Race's dark power. Although this residual aura is extremely weak, it is very similar to the dark power.

No, it should be said that it is the power of darkness.

Mozu!

The five gods looked at each other, their eyes were shocked, and they looked at each other instantly.

This matter actually involves the Mozu.

In the Guyu Tower, he actually entered the spy of the Demon Race.

The ancient craftsman Tianzun snorted, "Immediately evacuate everyone and tell them to back away."

He looked serious, and things were in trouble.

Originally, I thought it was the Tianzun in the secret realm of the headquarters who broke the rules here. This was just a matter of punishment, but who had thought that the demons were involved.

The matter suddenly became serious.

Once anything involves the Demon Race, it must be no trivial matter. What's more, the Demon Race spies have also entered the depths of Guyu Tower. If some of the people who fought before have cultivated the power of darkness, doesn't it mean that there is a Tianzun in the secret realm of the Tiangong Headquarters The strong are the spies of the demons?

This matter is more than ten times more serious than simply fighting in Guyu Tower.

Ancient craftsman Tianzun said solemnly: "This matter must be reported to Lord Tianzun."

"It is inevitable to report to Master Tianzun, but the most urgent thing is to figure out who is doing it here and not let the other party run away."

"This person should still be in the Guyu Pagoda. Moreover, we came from the outer area before. In this case, this person should still be in the depths of the third floor, or go to the second and fourth floors. ."

The five heavenly respects looked at each other with solemn expressions.

Chapter 4193 catch a turtle in the urn

The faces of the five gods were heavy.

They found the traces of the battle here, and also the traces of the power of darkness. All of this pointed in one direction, the demon spy.

This caused the ancient craftsman Tianzun and others to breathe in air-conditioning.

There are demon spies among the top ranks of Tiangong. They don't know, they have heard about it. This time the ancient craftsman Tianzun rushed back from the battlefield of ten thousand races because he found spies of the demon in the Tiangong camp. the reason.

But the ancient craftsman Tianzun never expected that among the Tianzun powerhouses in the secret realm of the headquarters, there would be traces of demon spies, which made him change color.

Tianzun, represents the deputy hall master level.

This is already the real top figure of Tianjiao. It can be said that he is under one person and above 10,000 people.

Except for Master Tianzun, the Vice-Hallmaster can travel unimpeded and enjoy a noble status in the secret realm of Tiangong headquarters.

He didn't understand why there were betrayals at this level.

Going to cultivate that dark power.

Is strength really that touching?

A group of people kept investigating.

Soon, someone raised his head, it was the Absolute Qi Tianzun: "Someone on my side has already responded."

"Someone on my side also replied."

The five great celestial beings gathered together, and the five of them came together. At least for the time being, the five of them seemed to be safe, at least not the powerful celestial beings who had previously fought, and could be trusted temporarily.

"Among the three remaining deputy hall masters, the Blood Qi Tianzun and Zheng Tianzun have all responded to the news. They are not in the Guyu Pagoda, but Daojue Tianzun has not returned me for the time being."

"The other Tianzuns on my side have also responded to messages, saying that they are not in Guyu Tower."

"I also have no news from Daojue Tianzun."

Asking Tianzun, Jangjiang Tianzun and others, summarize the news one by one.

"Very good." The ancient craftsman Tianzun raised his head, his eyes cold and stern: "The matter here is very serious. I hope everyone will keep it secret for the time being. Don't say anything. I will reply to you guys and say that they are not in Guyu Tower. I have registered here. Someone is sent to guard the entrance of Guyu Tower. As long as the strong Tianzun leaves, I will definitely get news from here."

"I sent someone too."

Absolute Qi Tianzun is burly and sneered.

"me too."

Coming Tianzun also said solemnly.

The five gods looked at each other, trust and vigilance in their eyes.

When they have reached their status, they have confidants and subordinates. It is still very easy to send a few people to guard the gate of Guyu Pagoda and tell who is going out.

When this kind of thing occurs, no one dares to say that others are completely trustworthy, everyone is doubtful and needs to be vigilant.

Ancient Craftsman Tianzun glanced at the others, and suddenly smiled: "Very well, since everyone has arrangements, it would be even better. We arrange our own, and we will send messages to Master Shen Gong Tianzun, under mutual supervision. , As long as anyone tells a lie, it will be revealed immediately."

No one is sure that there are no Demon spies among them. Although they all trust each other, the necessary methods are still available.

The others also nodded.

This arrangement is very good.

The ancient craftsman Tianzun said solemnly: "If you guard the entrance and exit of Guyu Tower, you don't have to worry that the person who did it before will escape. In such a short period of time, no matter how fast he is, it is impossible to go down two floors without evading our perception. , Leaving Guyu Pagoda, so people who fought before must still be in Guyu Pagoda."

"This is catching turtles in the urn."

While talking, the ancient craftsman Tianzun looked at the four great Tianzun, and said in a deep voice: "At the same time, since the five of us are here, it is an excellent opportunity. It is the most effective time to investigate the truth while it just happened. ."

"If we are here waiting for Master Tianzun's reply, I am afraid that we don't know how much time it will take. During this time, we'd better use what we can to investigate who is the strongest Tianzun who fought here before."

"So I propose that the five of us form a temporary investigation committee to exchange information with each other, and we must figure out the truth as quickly as possible. Any of you have opinions."

The ancient craftsman Tianzun looked at the others coldly.

The other four gods also stared at each other.

His eyes flickered.

As the ancient craftsman Tianzun said, now is the best opportunity to investigate the truth. When something happens, it is the easiest time to find out the truth within one or two hours after it happened. Once this period of time has passed, it is enough for the other party to use various means to cover their own behavior.

If one of the five people is right, that person will be doubted by others.

"I agree." Xing Jiang Tianzun said.

Asking Tianzun nodded: "I agree too."

Jue Qi Tianzun's eyes were cold: "Count me."

Zuo Tong Tianzun was still investigating the scene, without any slack, just nodded, expressing his opinion.

"Very well, everyone agrees."

The ancient craftsman Tianzun nodded and said: "Then what we need to investigate now is to investigate and reply to our message, saying whether the strong Tianzun who are not in the ancient Yu Pagoda are really as they said, not in Gu Yu. In the tower."

"We each contacted each other's subordinates and formed a five-person investigation team. These five people urged each other to make inquiries together. How about?"

The ancient craftsman Tianzun proposed again.

Everyone nodded.

This is using the elimination method.

Those Tianzun who replied that they were not in the ancient Yu Pagoda, to a certain extent, have actually been cleared of suspicion, because in such a short time, there is no time to leave the ancient Yu Pagoda.

However, it's not that you said you were not there, the ancient craftsman Tianzun believed them, and they still need to investigate.

If the investigation reveals that a certain Tianzun is clearly in Guyu Pagoda, but says that he is not there, then he will have the greatest suspicion.

Why are you lying?

This method of the ancient craftsman Tianzun is directed at the core, so that no one can refute it.

"The five of us each arrange a subordinate, and this subordinate, it is best to choose from the elders on the scene, so as not to have the possibility of secretly preparing."

Then, the ancient craftsman Tianzun suggested again. Then, he pointed to an elder who was blocked outside the scene and ordered: "Elder Lingyun, you are my special envoy."

The elder who was called was stunned, because he didn't know what happened inside, but he still respectfully said, "Observe."

Elder Lingyun is a disciple of the ancient craftsman Tianzun, and is worthy of the trust of the ancient craftsman Tianzun.

Of course, the ancient craftsman Tianzun is not afraid of this elder Lingyun being infiltrated by the demons.

Because the other four deputy hall masters will also arrange for the elders to act together, which can be regarded as mutual supervision, even if he does not know people and points a demon spy, can't the other four deputy hall masters also point to a demon spy?

I have to say that the treatment of the ancient craftsman Tianzun made the other four deputy hall masters wonder after they understood it.

[Chapter 4194: Old antique](#)

At the critical moment, the ancient craftsman Tianzun does have two hands, no wonder the master Tianzun Shen Gong will be arranged to sit on the battlefield of ten thousand races.

In a short period of time, I came up with such subtle methods.

Immediately, the remaining four Tianzuns all ordered an elder. The five elders received the order from the five deputy hall masters and left Guyu Pagoda directly, and began to visit the various Tianzun powerhouses to investigate their positions.

The most urgent thing to investigate first is the Blood Qi Tianzun and Zheng Tianzun. These are the remaining two deputy hall masters who are answering. They are in their respective deputy hall master palaces and can be easily detected.

Seeing that the five elders were spotted by the ancient craftsman Tianzun in the big formation, they quickly left. The other elders present all whispered and talked secretly.

They all guessed vaguely what happened, but at this time, their elders were completely unqualified to participate.

And some of the spies and elders of the demons were also anxious at the moment, trying to find out some news, but the ancient master Tianzun blocked the news very well.

Even the five elders who were arranged to go out knew only to follow orders to investigate, but did not know the specific reasons.

For a time, the entire Guyu Pagoda was panicked.

The news also passed on the Guyu Pagoda. Outside the Guyu Pagoda, on the Island of the God of Craftsman, there were ups and downs.

In the depths of the third layer, in the big formation, the ancient craftsman Tianzun and several people calmed down instead.

"Okay, the person who arranged the investigation, then now is the prospecting scene, and the person who fought before has been found."

The ancient craftsman Tianzun glanced at the four Tianzun present, and suddenly smiled: "In such a short time, that person avoided our perception. Obviously, the moment the fluctuation escaped was the first time to escape. Under the circumstances, the opponent definitely doesn't have much time to clean the battlefield. I can't find a clue after waiting for so many people, right?"

The other Tianzuns all looked at each other.

"Who said no clue was found."

At this time, Zuo Tong Tianzun let out a cold snort.

Everyone looked at him one after another.

Zuo Tong Tianzun's left eye, at this moment, bursts of extremely strange divine rainbows, haunting the world.

This is his talent and supernatural powers. It can see through the circulation of the avenue, the rules work, and the rumors. The left eye of Zuo Tong Tianzun has cultivated a top pupil technique inherited from ancient times, and he can see many extraordinary things. This is also his Zuo Tong Tianzun. The origin of the name.

Seeing everyone looking over, Zuo Tong Tianzun sneered and said: "I have been curious, Gu Yu Pagoda is violent, and when I received the news, I entered the Gu Yu Pagoda the first time. Later, I felt the fluctuations and came the first time. According to the truth, if there is a strong opponent fighting, the opponent cannot end the battle so quickly and escape in time, but now I can see it."

Zuo Tong Tianzun said solemnly: "When we arrived, the other party should have been fighting for a while."

"You perceive the void here carefully." Zuo Tong Tianzun pointed to the void behind him, "There is also the void over there, which is actually a bit solidified. If I am not mistaken, someone should have sealed the void here with treasures. So that there is no fluctuation in their battle."

"Blocked the void?"

The other gods were all surprised.

They already know that the one who is fighting here is a strong Tianzun, who can block the battle of the Tianzun. What kind of treasure is this?

"At least it is the top treasure of Tianzun, and it is forbidden." Ancient craftsman Tianzun let out a sigh, his eyes flickering.

"Yes."

Zuo Tong Tianzun nodded: "And when we perceive the fluctuations, we have actually fought for a while. If I guess wrong, the reason we can perceive the fluctuations is because the two sides have won and lost, and some of them have lost. Started to escape, which broke the blockade, and then passed the fluctuations."

Everyone nodded.

This is very possible.

Otherwise, I can't explain all this.

"And I don't know if you feel it, there is a vague atmosphere of swordsmanship remaining here." Zuo Tong Tianzun said.

Gujiang Tianzun and the others condensed their eyes.

Daojue Tianzun!

Everyone was shocked.

"Daojue Tianzun didn't reply before, could it be him?" General Tianzun said solemnly.

Other people also changed color.

"It's possible." Absolute Qi Tianzun said coldly: "But it's only possible. Whether it really is him or not has yet to be investigated."

Daojue Tianzun was the only Vice-Hallmaster who did not reply, and it was also the first person who doubted it.

The ancient craftsman Tianzun said in a deep voice: "Don't think too much about it for the time being. Even if the one who fought here is really Daojue Tianzun, he may not be the spy of the demons. It is possible that he found the spies of the demons and fought against."

This made everyone nod.

Everything is still uncertain.

The ancientsmith Tianzun and others kept investigating, and after a long time, they stopped.

So far, they can only detect these, and there is no new progress. Moreover, the evil spirit here is getting stronger and stronger, and the previous traces also disappear and become rarer.

After a while, the five elders returned.

"Several Vice-Hall Masters, after our investigation, the Xueqi Vice-Hall Master and Zheng Tianzun are indeed in their palaces, and several other Tianzuns are also there. Among them are two Tianzun adults. Leaving the secret realm of the headquarters, but all have confirmed, only Daojue Tianzun, who is currently missing." The five elders bowed and reported the result.

"Only Daojue Tianzun?"

The ancient craftsman Tianzun and the others frowned. In this way, the Daojue Tianzun who fought here before has not run away.

However, only one was found out, but what about the other Tianzun?

It is impossible for Daojue Tianzun to fight himself here alone, right?

Or, is it an old guy who is in retreat, is not afraid of lifespan consumption, Dao disappeared, and left his retreat?

The ancient craftsman Tianzun put his finger against his chin.

This is troublesome.

If you want to investigate the old antiques, it is not something they can send someone to solve. It is only possible for the master Tianzun of God to come forward.

Moreover, those old antiques are all sitting dead, they are actually the ones who are about to die soon. They use various special methods to seal themselves up and extend their life. Once they wake up, it is likely to cause their life to disappear completely. , And soon fell.

They cannot take this risk.

The five elders continued: "Also, the deputy hall master of Blood Qi, the master and deputy hall masters, and several elders of Tianzun have also received news that they are outside the Guyu Pagoda. I am waiting to abide by the orders of the elders and let them wait outside. , Several adults need to go out to explain in person, otherwise, they are afraid that they will just break in."

"okay, I get it."

Ancient craftsman Tianzun nodded.

The reason why Xueqi Tianzun and the others did not come in was for fear that they would destroy the evidence after they came in.

[Chapter 4195: Tell the ancestors](#)

"In addition to our investigation, the only thing that can clarify the truth is Guyuta's entry and exit records. Although we are sure that the other party will not be able to leave Guyuta during our arrival, we do not rule out the possibility that one in ten thousand. , Gu Yuta's entry and exit records must be kept pure."

The ancient craftsman Tianzun looked at the other four Tianzuns, "What we have to do now is to jointly seal this area, keep the evidence, and then go to see the Vice-Hall Master Xueqi and the others, explain the reason clearly, and prohibit the entrance and exit of Guyu Tower. Pass the news to Master Tianzun, and listen to the command of Master Tianzun. What do you think?"

Zuo Tong Tianzun nodded: "Yes."

Jue Qi Tianzun said: "Agree."

The other two gods also agreed.

At the moment, several people blocked the scene, and after setting up a large array, they left quickly.

Guyu Pagoda is too vast. It is too difficult to find people here. The best way is to guard it at the entrance and exit.

After a while, the ancient craftsman Tianzun and others came to the entrance of Guyu Pagoda, and they also saw Xueqi Tianzun and others.

A demon spy of the Tianzun level worked in the Guyu Pagoda. Among them, it was very likely that there was Daojue Tianzun. As soon as this news came out, it was like thunder that shocked Xueqi Tianzun and the others.

Blood Qi Tianzun and the others are also at the rank of deputy hall masters, and naturally have the right to know all this, and the ancient craftsman Tianzun will naturally not hide from them.

? Zheng Tianzun, his face was shaking: "You mean, Daojue Tianzun is a spy of the demon race?"

"No, we didn't say that." The ancient craftsman Tianzun shook his head. "We are only 80% sure. Among the strong men fighting in the ancient Yuta, one is Daojue Tianzun. However, he is a spy of the demon clan, or a demon. We can't find out which of the spies fought against."

Zheng Tianzun breathed a sigh of relief, "I said, how could Daojue Tianzun be a spy of the Demon Race? This... the news is amazing."

The other deputy hall masters also nodded, feeling a little unbelievable.

After all, friends who have been with each other for countless years don't want to doubt each other.

At this time, Wending Tianzun suddenly sighed, "Actually, I suspect that Daojue Tianzun is not a spy of the Demon Race."

Why?

Everyone looked over.

Asking Tianzun said: "Now what we imagine is that a strong man of ours has discovered another spy of the demon. The two sides clashed in Guyu Tower. No matter who our strong is, if he survives, it doesn't matter. Whether the demon spy has been condemned, he will definitely stay and wait for me to wait so that we can jointly capture the demon spy. This is the best way."

Everyone nodded.

Indeed, if they find the spies of the Demon Race, whether they have defeated or been defeated by the opponent, they will find a way to contact the other deputy hall masters and capture the spies together.

However, no one of them received the news, so the other one might be bigger.

That is, the Tianzun who discovered the spies of the Demon Race was likely to be defeated and possibly killed. After the spies of the Demon Race discovered that they had arrived, they immediately left, hid them, and tried to hide their identity.

Otherwise, it is impossible to explain all this.

And if Daojue Tianzun is the spy of the Demon Race, then after receiving their subpoenas, he should admit that he is in Guyu Tower and appear in the first time, pretending to be attracted by the fluctuations like them, so that it is possible to clean up some parts. Suspect.

But now, there is no news of Daojue Tianzun, no trace.

Once Master Tianzun returns and finds out his entry and exit records in Guyu Pagoda, as long as others are in Guyu Pagoda, there will be no reason to distinguish oneself.

Daojue Tianzun is really a spy of the demons, it is impossible to be such an idiot.

In fact, every Tianzun present knows this truth very well.

Of course, there are other possibilities.

"So, our plan is that from now on, anyone who leaves Guyu Pagoda will be investigated." After talking about the specific things, the ancient craftsman Tianzun said his decision.

Blood Qi Tianzun and the others exchanged for a while, but couldn't find a better way, so they nodded one after another.

This is the best way.

In fact, there is a better way, and that is to directly retrieve the entry and exit records of Guyu Tower.

It's a pity that the entry and exit records of Guyu Tower can only be retrieved by Master Shen Gong Tianzun, and none of them, the deputy hall master, can call it.

All in all, only waiting for Master Shen Gong Tianzun's reply.

Next, outside Guyu Pagoda, there are three deputy hall masters at all times, while the other deputy masters leave temporarily. After a period of time, they will perform shifts, and Guyu Pagoda has a record of only leaving and not entering, investigating any strong person who leaves.

However, because of the Guyu Pagoda riot, the number of strong people who entered the Guyu Pagoda during this period is no less than a thousand, and it is extremely difficult to investigate the truth.

When people were in panic in the secret realm of the work headquarters throughout the day.

In a magnificent palace, a dark figure took out a formation, and at this time it quietly passed something to the outside world for verification.

at this time.

Devildom.

The magic mountain of the sky stands tall, and a magnificent palace stands between the sky and the earth.

"what?"

"Dao Jue Tianzun, what on earth did this idiot do? Killing that trivial Qin Chen shocked the entire day's work? And the direct whereabouts is unknown. This seat gave him the Forbidden Sky Mirror. Is he a waste?"

Boom!

In this palace, a towering figure roared, like thunder shaking, rumbling roaring, the whole hall was blasting, demonic energy soaring into the sky.

After he started, a dark figure emerged, trembling in this breath, afraid to move.

"Where did you get the news?" the towering figure roared.

"My lord, it's another strong man from Tiangong who was contacted by his subordinates. The secret message passed out. He didn't realize that Tianzun was also a member of my clan. It was just because of such a big event in the secret realm of Tiangong's headquarters that he came here specially. Verify with subordinates." The black figure hurriedly said.

"Huh, huh!"

The towering figure looked frightened, there were stars destroyed in a pair of magic eyes, and said coldly: "Have you contacted the Daojue Tianzun?"

The black figure trembled: "The subordinates contacted, but there is no news."

"Idiot, waste."

The towering figure roared, "Tell me the information you know."

"Yes....."

The black figure spoke immediately.

"In other words, those people who work hard are not sure that Daojue Tianzun is a spy?" The towering figure said solemnly.

"Yes." The black figure nodded: "However, Daojue Tianzun has been suspected, and before this happened, Daojue Tianzun had told me that he was going to do something to Qin Chen in Guyu Tower, and this happened. My subordinates suspect that Daojue Tianzun might have missed it, otherwise it would be impossible to hear nothing."

"Missing? This idiot, even with the Forbidden Sky Mirror, even fumbled?"

The towering figure roared for a long time before calming down: "No, I have to report this matter to the ancestor."

He felt that the trouble was big. Whether it was the loss of a deputy hallmaster-level spy or the Forbidden Sky Mirror, he had to notify the ancestor, otherwise, the ancestor would have taken his skin off.

Chapter 4196 the demon ancestor who exploded lungs

This majestic figure did not dare to hide it, and hurried to the place of the ancestor of the Abyss Demon.

Daojue Tianzun may fall, and the Forbidden Sky Mirror disappears. No matter which is the case, it is extremely important. It must be reported to the ancestor of the abyss demon as soon as possible, otherwise the news will be known after the ancestor of the abyss demon leaves. He can't escape punishment.

boom!

This figure walked vastly in the void of the Demon Realm, traversed the voids, and entered into a void like purgatory.

In this purgatory, many magic stars are suspended, and the endless demon energy emanating from these magic stars turns into a vast river of magic, winding and flowing.

In the magic river, all kinds of visions manifested, there are stretches of mountains, vast rivers, there are floating stars, and visions are everywhere.

After this majestic figure came here, it respectfully crawled at the end of the magic river in the distance, trembling in shape, and at the same time, sent a message, anxiously waiting.

boom!

The void exploded. As soon as his message was transmitted, the endless river of magic bursts open directly. The entire river of magic was rumbling and shaking. A black figure rose directly from the largest magic star, with eyes like pupils. Two rounds of black holes swallow everything.

"What are you talking about? You actually arranged Daojue Tianzun to target that Qin Chen, and gave the Forbidden Mirror, are you an idiot?"

The moment the black figure stood up, he spoke coldly, angrily.

Cang Dang!

The demon space exploded, and the terrifying murderous aura lingered around, and slammed into the strong demon clan who was crawling there. Suddenly, the strong demon clan snorted, his demon energy surged, and the whole person was almost exploded. Come.

Devil blood dripping.

"Idiot, waste..."

The ancestor of the deep demon roared and furiously.

That towering figure crawling there was also a top tycoon in the Demon Race, in charge of the affairs of the Abyss Demon Race, but at this moment, it was trembling, and the soul was strongly suppressed and trembled.

"Have you forgotten the instructions given to you by your ancestor? Asked you to mobilize the spies in the secret realm of the Tiangong Headquarters to target Qin Chen and stop Qin Chen. When did you order privately to kill Qin Chen? "

The anger of the ancestor of the deep demon, on the battlefield of ten thousand races, he suffered a little trauma. He had just recovered from a deep sleep, but he was awakened one after another, and he also learned such a news, which made him not furious.

A deputy hallmaster-level spy, it was how much effort he spent to instigate rebellion. It will be of great use in the future. If it falls suddenly now, the loss will be too great.

The ancestor of Yuanmo let out a vent, then stared at the towering figure in front of him, and said coldly: "Let's talk, what is the specific situation?"

The towering figure trembled: "Yes, ancestor, at that time you asked your subordinates to pay attention to Qin Chen's affairs, and you let the gaps in Tian's work stop Qin Chen, so your subordinates asked some of the spies in Tian's work to target That Qin Chen's identity raised some questions."

"Who knows, that Qin Chen openly challenged the strong in the secret realm of the Tiangong headquarters. As a result, more than 1,500 elders and deacons challenged that Qin Chen during the entire Tiangong."

"The subordinates were overjoyed immediately. I thought that Qin Chen would lose face because of this, but who knows..."

The ancestor of the deep demon suddenly became dizzy and interrupted the opponent directly, and angrily said: "I asked you to stop that Qin Chen. That's how you handled it. Let our spies all challenge that Qin Chen. Are you an idiot?"

"Just because of our spies in the Heavenly Work, let alone the elders and deacons, even if the Deputy Head of the Heavenly Work, they may not be able to take down Qin Chen, idiots, all of them are idiots, let alone, then More than 1,500 elders and deacons must have lost. On the contrary, they have contributed to Qin Chen's reputation, didn't they?"

The ancestor of Yuanmo cursed.

The towering figure was startled, this, I haven't said the result yet, how did the ancestor know?

"Hmph, then, you arrange Daojue Tianzun to assassinate that Qin Chen? This is your strategy? Your strategy? Can you use your brain, are you a pig? No, you are not even a pig."

Others don't know Qin Chen's strength, how can he not know, using force to target Qin Chen, it must be death.

"I asked you to stop Qin Chen from other aspects. For example, our Demon Race has been operating in TianWork for so many years. We have already made a huge hole in TianWork. As long as our Demon Race is in TianWork headquarters. The strong in the secret realm secretly stirred up emotions, resisted that Qin Chen, and resisted the decision of the God-worker Tianzun. Gradually, it will naturally arouse the dissatisfaction of many strong people in the work of heaven, and then Qin Chen will also be unable to do anything in the work of heaven."

"Even, this will be an opportunity to strike at the reputation of Tianzuo Shen Gong. Doesn't Tian Jiao claim to be a holy place for refining? Apart from transcendence, every insider is a master refining. Then Qin Chen is also a master refining. "

"In addition, even though Qin Chen is the Son of Heavenly Work, but it is the first time to go to the secret realm of Heavenly Work Headquarters, and he bestows the position of Deputy Vice-Hallmaster with him. I am afraid that he may be dissatisfied with his qualifications and qualifications There are not a few people. As long as we secretly let everyone consciously resist Qin Chen, then Qin Chen will be unable to do anything in the sky."

"And you... idiot, let someone challenge that Qin Chen, do you know the strength of that Qin Chen? Humph, the death of the demon goddess is related to that Qin Chen, idiot, trash, let a group of goddesses challenge that Qin Chen, isn't this a gift for people and prestige?"

The more I think about it, the more angry the ancestor of the deep monster becomes.

Angry.

A good situation turned out to be like this.

Originally, even if the disciples of his demon clan in the heavenly work didn't do anything, Qin Chen was afraid that it would be difficult to end well, but who knew that his subordinates made their own opinions and let people challenge Qin Chen.

With Qin Chen's strength, isn't it easy?

In this way, not only was the goal not achieved, but Qin Chen was righteous.

Idiot, waste.

How could there be such a thing under his command.

The ancestor of Yuanmo almost didn't blow his lungs.

"The death of Demon Tianzun is actually related to that Qin Chen?" The towering figure was startled. Not long ago, the fall of Demon Tianzun was a major event for his Demon Clan, which shocked many people, but as far as he knew, The death of Demon Tianzun was due to a secret mission on the battlefield of ten thousand races.

The specific content of this task, even if few people among the demons know about it, but according to his understanding, it is very likely to be related to the true dragons who made a big noise in the battlefield of ten thousand races not long ago.

How does it matter to Qin Chen who worked that day?

However, since the ancestor said so, there will be no falsehoods, can it be said that Qin Chen's strength is already so strong that even the devil Tianzun is in danger.

This made him suddenly startled.

Chapter 4197 the fourth floor of Guyu Tower

"My ancestor..." The towering figure had a bitter expression. He had known that Qin Chen was so powerful that he would never let Daojue Tianzun send him to death.

The ancestor of Yuanmo stared at the towering figure, "So, after getting that Qin Chen defeated more than 1,500 elders and deacons, you ordered Daojue Tianzun to do it?"

The towering figure hurriedly explained: "The ancestor, in fact, is not just because the opponent defeated more than a thousand disciples, but that Qin Chen, in the challenge, displayed the origin of time and defeated many Banbu Tianzun. That's why the subordinates made this decision."

"The origin of time is not trivial. It is one of the origins of heaven and earth. The subordinates thought that if the subordinates can seize it and dedicate it to the ancestors, you will be able to take it a step further, so..."

The ancestor of Yuanmo suddenly frowned: "Are you saying that Qin Chen displayed the origin of time when he played against the working master of Zhan Tian?"

The towering figure nodded and said, "Yes, otherwise the subordinates would not make such a decision."

The ancestor of the deep demon suddenly burst out of the eyes, and said in a cold voice: "That kid, it was on purpose."

"What?" The towering figure was stunned.

The eyes of the ancestor of Yuanmo were extremely cold.

He knew very well that with Qin Chen's strength, he could defeat those Half-Step Heavenly Venerables without revealing the origin of time at all, but he just displayed the origin of time, why?

Could it be that he knew that there were demon spies in his work, so he did so deliberately?

If that's the case, this kid is too damned.

"The origin of time."

The ancestor of Yuanmo whispered.

At this moment, he thought of the Lord of Abyss Demon who had broken the halberd in the lower realm.

If the Lord of Abyss Demon is still alive, how good would it be?

The Lord of the Abyss is his descendant, and the next patriarch of the Abyss is considered to be the one who takes over his banner.

He has an astonishing talent, and he is considered a younger generation among the demons, but his strength has improved by leaps and bounds. Before the ancients disappeared, he was already the pinnacle of heaven.

If he could live to the present, with the talent of the Lord of Abyss, I am afraid that he would already be a supreme-level figure.

It's a pity that in order to fight for the origin of time and explore the source continent of the lower realm, the Lord of the Abyss entered the lower realm, and then all the information was received. It was not until later that he knew that it was the one who did it.

However, although the Lord of Abyss Demon was suppressed by that one, he was still the pinnacle of heaven after all, and possessed the power of the origin of the demon in his body. In a place like the lower realm, whether it was the ancestor of the demon or that one, his power was It is impossible to penetrate too much power, it is impossible to kill the Lord of the Abyss, the greatest possibility is suppression.

"Perhaps, Mo Ye is still alive."

The ancestor of Yuanmo whispered, his eyes showing longing.

If the Lord of Abyss Demon is still alive, then he is afraid that he will be much more relaxed and can devote himself to cultivation.

At least, with the character of the Lord of the Abyss, it is certain that he will not be like the idiot in front of him, giving him the task and messing up like this.

"My Demon Ye, are you still alive? If you are alive, the ancestor I will definitely rescue you and regain control of this demon world." The ancestor of the deep demon roared in his heart.

At the same time, his mind returned to reality again.

Qin Chen exposed the origin of time, making him instantly alert.

Because Qin Chen's actions were so strange that he couldn't understand it. Once a treasure like the origin of time was exposed, the heavens would shake, and the cosmos would all stare at him. Could it be to attract the spies of his demons?

For a time, the ancestor of Yuanmo had countless thoughts in his mind, and said in a deep voice, "Tell me all of your subsequent actions."

"Yes." The towering figure immediately gave Daojue Tianzun the Forbidden Mirror in order to close the source of time, and how did Daojue Tianzun provoke Gu Yu Pagoda and decide to kill Qin Chen in Gu Yu Pagoda, and then there is no news. The matter was spoken out.

After hearing all this, the ancestor of Yuanmo sighed: "Don't contact Daojue Tianzun, this person is probably already dead."

The towering figure was shocked: "What?"

The ancestor of Yuanmo coldly glanced at him, "From now on, stop contacting Daojue Tianzun."

Although Daojue Tianzun is strong, after all, it is only not much better than Molten Flame Tianzun and the others. Qin Chen can kill the Molten Flame Tianzun and the Falling Star Tianzun, and naturally he can also kill the Daojue Tianzun.

What's more, the ancestor of Yuanmo affirmed that Qin Chen exposed the origin of time because he did it deliberately.

They were calculated by Qin Chen.

I knew that he shouldn't give the decision right to the person in front of him, it was his decision-making mistake.

"Follow my orders and deliver the information immediately. From now on, my spies in the heavenly work of the demons will immediately be silent. Without the orders of the ancestors, they must not do anything." The ancestor of the abyss demon immediately ordered.

"Yes." Although the towering figure was shocked, it still respectfully said.

"Hope, this matter has nothing to do with Shen Gong Tianzun."

The ancestor of Yuanmo narrowed his eyes. It was not Qin Chen that he was worried about, but that this matter was arranged by Shengong Tianzun. If so, it would be troublesome. It means Shengong Tianzun has noticed the spies in the secret realm of Tiangong headquarters. , It's time to start.

"Years of planning must never fail."

The arrangement in the work of heaven was laid by the ancestors of the deep demon who spent countless thousands of years of hard work. Now the exposure of Daojue Tianzun is already a huge loss. If it is exposed again, it will be completely over.

At least, they still have the power to fight back now.

The ancestor of Yuanmo pondered for a long time, and suddenly shook his head.

It should not be arranged by Shen Gong Tianzun.

According to the information he learned, there is not much connection between Shen Gong Tianzun and Qin Chen. All this should be only Qin Chen's own arrangement. Otherwise, it can be handled more quietly, unlike now. In this way, there are so many flaws.

As long as it is not arranged by Shen Gong Tianzun, it is fine.

The ancestor of the deep demon said immediately, "From now on, let everyone keep silent and don't expose yourself. If Daojue Tianzun is still alive, you must not expose yourself to rescue. At the same time, monitor all the actions of Qin Chen. I want that Qin The ancestor can receive every move of Chen."

The towering figure hurriedly lowered his head: "Yes."

"Besides, all news directed at Qin Chen must now be sent to the ancestor, and you must not make any decisions."

The ancestor of Yuanmo said in a deep voice, he always felt that something was wrong with the secret realm of the Heavenly Work Headquarters, and his healing plan had to be lined up in the back, because the day-to-day work had consumed too much effort on him, and he could never fail. .

And when the ancestor of the deep demon assigned tasks to the spies in the secret realm of the Tiangong headquarters.

Gu Yu Tower.

The fourth floor.

Qin Chen had already reached the depths of the fourth floor of this ancient Yu Pagoda.

Rumble!

Between the world and the earth, a series of terrible evil spirits swept over, these evil spirits turned into a vast ocean, and they madly bombarded Qin Chen.

Chapter 4198-Condensed Body

puff!

A mouthful of blood spurted out, making Qin Chen's expression shocked.

These evil auras are too terrifying. No wonder that even Tianzun can't easily enter the fourth floor. Qin Chen has a feeling that if he rushes into deeper, even the fifth floor, he will definitely fall here.

Fortunately, Qin Chen at this moment has entered the deepest part of the fourth layer, and is not afraid that others will catch up.

"I don't know how the outside world is going. With my current physical strength, the general Tianzun can't match it. Moreover, the ancient Yu Pagoda seems to be extremely vast and full of evil spirits. The Vice-Hallmaster level figures have to be careful when they come here. , It should be safer."

Qin Chen settled down.

He hurriedly entered the fourth floor before, just to avoid being tracked by the heavenly workers, and didn't want to expose himself for the time being. Now he is here, it is much safer.

It now appears that this place should be safe enough.

At this moment, Qin Chen stood in this vast and evil place, looking up at the sky.

After entering this Guyu Pagoda, he hasn't taken a good look at this place. Before, from the first floor to the third floor, he has been on the way under the leadership of Elder Black Feather. Although he has some understanding of Guyu Pagoda, he doesn't actually deep.

Now, I can understand it carefully. This Gu Yu Pagoda has been standing in the secret realm of Tiangong's headquarters for hundreds of millions of years. Even Shengong Tianzun can't control it, and it must be extraordinary.

"The power of creation, such a strong power of creation, kid Qin Chen, have you sent it? Now we have sent it."

Among the jade discs of good fortune in the universe, Honghuang Zulong was very excited, feeling the evil spirit between heaven and earth, and jumped up with excitement.

"Is it so worthy of joy?"

Qin Chen raised his head and vaguely felt that strong oppressive force. Here, the road was muddy, filled with strong oppression and wild aura, bursting extremely, as if there was no scene before the sky opened, and people felt depressed.

Honghuang Zulong heard Qin Chen's words, and suddenly jumped up: "What do you know, the power of creation is the opening of the primitive universe. The power generated when the heavens and the earth are born is the beginning of all things. This is even more powerful than the origin of chaos. This thing, especially for us primordial beings, this thing is simply a tonic."

The primordial ancestor dragon kept jumping in the chaotic world, and said to the ancestor of the blood river: "Old blood river, you tell him what the power of creation is."

"Condense the flesh." The ancestor of the blood river respectfully said: "My lord, I wait for the unborn souls, like the chaos gods and demons, are born from chaos, but chaos does not represent nothingness, just like a drop of river water, seemingly pure, seemingly Transparent, but it contains countless microorganisms. For those microorganisms, that drop of water is their heaven and chaos."

"This universe is also the primitive universe, full of chaos. That chaos is the heaven of our primordial beings and chaotic gods and demons. However, pure chaos cannot give birth to creatures. The real core is the power of creation."

"If the power of chaos is the cradle that allows us to parasitize, then the power of creation is the food that allows us to thrive. The Vientiane God Store retains the environment of the primitive universe and can make me and Honghuang The ancestral dragon is immortal and continues to live for hundreds of millions of years, but it cannot bring us back to the flesh, but the power of creation can do this."

Following the narration of the ancestor of the blood river and the ancestor of the blood river, Qin Chen finally understood the terrible power of this creation, which could allow the ancestor of the blood river and the ancestor of the blood river to reshape their bodies.

This.....

It's too scary.

In fact, Qin Chen has been thinking of ways to reconsolidate the ancestors of the Primordial Ancestral Dragon and the Holy Ancestor of the Blood River. These are the top powerhouses of the ancient times. If they can reconsolidate their bodies, then his subordinates can really get the two. A big thug, even if he meets the ancestor of the Abyss Demon, he will not be afraid.

If you dare to move him, let Honghuang Ancestral Dragon and the others take action directly, and see that the ancestor of Abyss Demon still dares to be arrogant.

Originally, Qin Chen's idea was to go to the True Dragon Sacred Land to see if there could be a way to condense the body of the prehistoric Ancestral Dragon. Unexpectedly, there was an unexpected surprise in this ancient tower.

"Are you sure?" He said intently, this is a big deal.

"My lord, we are sure that the power of creation is very special, let alone us, even the deep demon kid can accelerate the condensing of the physical body, he was under the ten thousand world demon tree, swallowing the origin of countless demon powers, it is still very difficult to reconsolidate the physical body, but if there is the power of creation, it will be different. It can definitely greatly reduce the speed at which he condenses the physical body, and his future will also become different."

This is the power of creation born from the primitive universe, the root of the birth of the Chaos Gods and Demons and the Primordial Spirit. If the Lord of the Abyss can absorb it, it will naturally be of great benefit.

"In that case, I will let you out and try."

Qin Chen didn't have much to do with the power of creation for the time being. With a heart move, he immediately released the Primordial Ancestral Dragon and Blood River Saint Ancestor.

boom!

Suddenly, a phantom of Chaos Ancestral Dragon appeared in this world, as well as a towering blood shadow.

"Condensation!"

Rumble!

I heard the sacred ancestors of the great ancestor dragon and the blood river scream, and in an instant, the power of the entire fourth layer of evil spirits shook violently, which shocked Qin Chen, and saw the special nature of this evil spirit. Strands of strength were condensed, and quickly turned into a thumb-sized dragon-shaped phantom, as well as the blood-colored person of Lord Slap, appearing in front of Qin Chen.

"this is....."

Qin Chen was shocked, and he was really successful.

Although the dragon-shaped phantom and the scarlet villain in front of me are small, they are completely incomparable with the monstrous dragons and blood shadows that I saw in the Vientiane God Treasure, but when they were in the Vientiane God Treasure, they were just the ancestor dragon. And the power of the soul of the ancestor of the blood river.

But the little dragon with the thumb and the scarlet villain in front of him gave Qin Chen a real physical feeling.

This shocked Qin Chen's heart inexplicably, could it be possible that the power of this creation could really condense into a physical body?

"Condensation!"

In the void, the Primordial Ancestor Dragon and Blood River Saint Ancestor were also very excited. This is a flesh body, and they actually condensed into a flesh body, one by one urging the strength of the whole body, trying to absorb the power of the fourth layer of creation.

But the next moment, they changed color.

Because, after they condensed a thumb-sized dragon-shaped phantom and a blood-colored person, the two immediately discovered that no matter how they absorbed the power of the evil spirit between the world and the earth, they had never strengthened themselves. They had always been in such a small form.

"Impossible, why can't the power of creation here be absorbed?"

"It's over, this physical body is condensed, but it can only be so small, what's up?"

In the next moment, Qin Chen heard the terrified voices of Hong Huang Zulong and Blood River Saint Ancestor.

[Chapter 4199: Joy begets sadness](#)

Qin Chen saw the anxious appearance of Honghuang Zulong and Blood River Saint Ancestor, and hurriedly asked, "What happened?"

"My lord, we seem to be happy and sad."

Blood River Saint Ancestor said tremblingly.

Honghuang Ancestral Dragon also trembles and said: "What's the matter, why do we really condense the physical body, but can not continue to grow? Is it because the power of creation has run out?"

"No, no, obviously there is still a lot of power in creation between heaven and earth, why can't it be absorbed?"

Hong Huang Zulong was crying anxiously.

After listening for a long time, Qin Chen gradually understood that the Primordial Ancestral Dragon and Blood River Saint Ancestor had indeed absorbed a large amount of power of creation, and also condensed their bodies.

However, after they condensed the physical body, they could no longer absorb the power of creation.

All of them were dumbfounded.

"In that case, you two can only maintain such a small state?"

Qin Chen asked in a puzzled way, looking at the miniature sacred ancestor dragon and blood river saint ancestor, he was also a little dazed.

This is so, is this the brother of Xiaoyi and Xiaohuo?

"But it's pretty cute." Qin Chen smiled.

Hong Huang Ancestral Dragon wanted to cry without tears, and his anxious eyes were red: "Qin Chen, can you stop joking at this time, you are really anxious to die of the original ancestor. Damn, the original ancestor has become so small, how can he walk outside in the future?" What if I let other female dragons see me and call me little brother?"

puff!

Qin Chen almost vomited blood and said I was joking? Are you serious?

When you are so young, the first thing is not to figure out how to break free, but how to pick up girls.

You...this heart is too big.

Qin Chen said solemnly: "You should observe carefully to see if it can't be absorbed at all. What is the reason?"

"I observed, but it just couldn't be absorbed. I don't know the reason. It seems that the force of creation that poured in before seems to have been stopped suddenly."

"Blocked?"

Qin Chen frowned, who stopped it?

The Primordial Ancestral Dragon and the Holy Ancestor of the Blood River are either primordial beings or chaotic gods and demons. Who can stop them from absorbing power?

Although they had gone to the flesh, the power of their souls was so powerful that even the old fellows like the ancestors of the Abyss might not be able to suppress them.

Qin Chen is not guessing.

After all, the Primordial Ancestral Dragon and the Saint Ancestor of the Blood River are both in the Chaos World. Qin Chen still knows how strong the souls of the two are. The sea of souls, like the ocean, was contaminated when Qin Chen was in the realm of the venerable. The last trace was almost dead, and it was still an ancient book.

If it weren't for the ancient book, Qin Chen was afraid that his soul would have disappeared long ago.

look up!

Qin Chen stared at the sky.

Suddenly my heart moved.

He got it.

"I understand." Qin Chen said suddenly.

The little dragon transformed by the great ancestor dragon and the blood shadow transformed by the ancestor of the blood river looked over at the same time.

Qin Chen squinted, "It should be this ancient Yu Pagoda that prevents you from absorbing the power of creation."

Guyu Tower?

The two creatures are shocked?

Think about it, it's really possible.

Apart from this Guyu Tower, what else can stop them? The power of creation is real, but they just can't absorb it. It's not this ancient tower, what else can it be?

After all, this Guyu Pagoda is extremely mysterious and rumored that even Master Shen Gong Tianzun has not been able to refine it for millions of years, and even Xiaoyao Supreme has not been able to control it.

Apart from this Guyu Pagoda, I am afraid that there is no other possibility.

But even thinking of this, Qin Chen was still shocked.

What is the origin of this Guyu Tower?

How powerful are the Great Ancestor Dragon and the Holy Ancestor of the Blood River? He knew very well that in the ancient times, he was definitely a powerhouse at the peak supreme level, because in the age of the ancestor dragon and the others, it was difficult to get rid of it, so even if it was three thousand chaos gods and demons, the top was only peak supreme.

It can be said that it is the pinnacle supreme, compared to this age, it is much more terrifying.

After all, the group of gods and demons came out of the chaos, without any means, it is impossible to think about it.

If you put it in the modern era, maybe everyone can be detached.

It's just that the **** of the primitive universe in the Chaos Period was too strong, and they could never get out of this step.

And now, this ancient Yuta can prevent the Primordial Ancestor Dragon and Blood River Saint Ancestor from absorbing the power of creation.

Is this Guyu Tower a level thing?

Supreme treasure?

Or is it... stronger?

Qin Chen's eyes flickered, and he thought a lot at this moment.

If so, then everything can be understood.

"You two, take a look, is your strength affected?"

Qin Chen said solemnly.

The Honghuang Ancestral Dragon and the Blood River Saint Ancestor have studied for a long time, and said bitterly: "The soul power has no effect, and there is no change at all in the chaotic world. However, if you want to appear in the outside world, you can only rely on this physical body, but, so. The small physical body, even if the power of creation is concentrated, the strength is afraid..."

Hong Huang Zulong and Blood River Saint Ancestor are depressed.

Originally, seeing the power of creation was ecstatic, thinking that he could restore the peak strength of the previous life, but now, the physical body has recovered, but the strength is only a little bit left, which is really a bit depressed.

"Then you can't abandon this physical body?" Qin Chen frowned.

He could feel that the power of Honghuang Ancestral Dragon and Blood River Saint Ancestor was indeed not very strong.

It seems that even oneself can be killed?

"It is indeed possible to explode the physical body, but, because this is the physical body condensed by the force of creation, if we explode, it will damage our soul to a certain extent, and, after all, this is the cohesion of the force of creation..."

Honghuang Zulong hesitated and said.

This is reluctant.

After all, the physical body condensed by the power of creation still has many benefits, at least, don't worry about the soul that doesn't fit them.

A suitable physical body is harder to find than anything else.

Qin Chen thought for a while, "Forget it, before you find a suitable body for you, it is not bad for you to use these two bodies. Anyway, you two can also come out. Unlike before, in the chaotic world, only Can release some soul power, and help me fight."

Qin Chen thought about a good place.

As long as Honghuang Ancestral Dragon and Blood River Saint Ancestor can leave the Chaos World, they can take action on their behalf. It is better than not being able to leave. At least encounter the Demon

Tianzun again. It is obvious that these two guys in the Chaos World are there, but they are not strong. Can't get out.

"Although the two of you are weak, at least you should also have the strength of the Heavenly Venerate level?"

Qin Chen stared at the Great Ancestor Dragon and Blood River Saint Ancestor, "Well, Tianzun still has the strength."

Even if they are just two people the size of a thumb, their breath is comparable to Tianzun.

"Although it's not very good, but if it blew up, it should be quite powerful? It can threaten some powerful people." Qin Chen nodded.

puff!

Hong Huang Zulong was so angry that he was about to vomit blood. His dignified Long Zu was actually despised by Qin Chen, and Qin Chen thought of blowing himself up to threaten other powerful men?

This is too miserable, right?

Chapter 4200 the body opens the sky

"Fine, nothing."

In the end, Honghuang Ancestor Dragon and Blood River Saint Ancestor can only shake their heads.

Anyhow, having a physical body, although it is a little smaller, can also come out, it is better than staying in the chaotic world.

call!

Next, Qin Chen sat down cross-legged in the fourth layer of space.

Begin to absorb the power of creation between heaven and earth.

This power of creation is so miraculous, can you absorb it?

Qin Chen mobilized the power of the venerable in his body.

Strands of evil spirits surged around his body, but they could not be absorbed by his body.

"Can't absorb it?"

Qin Chen frowned.

"Boy, this power of creation generally needs the existence conceived in the chaos to absorb."

Upon seeing this, the great ancestor dragon wailed on the side, "How can you absorb this little human race? If your body is destroyed and there is only one soul left, you can try to condense it, but now, according to your human race The physical body is afraid that it will not be absorbed at all."

"is it?"

Qin Chen frowned and looked up at the sky.

Before entering Guyu Tower.

He also knew that, indeed, the evil spirit in this ancient Yu Pagoda seemed to be only used to refine treasures, and he had never heard of any working elder that could absorb it.

"Is it a refiner?"

Qin Chen took out the mysterious rust sword and began to urge the mysterious rust sword.

Hum!

Suddenly, Qin Chen immediately felt that the special force in the surrounding evil spirits was aroused, and began to be slowly absorbed by the mysterious rust sword.

It's really ok.

Qin Chen stared at the past carefully and analyzed the power of creation, only to see that it was an extremely turbid but special power.

If we say that the power of the rules between heaven and earth has a beginning and an end, neatly.

Then the power of creation was like a hodgepodge, mixed together, containing various special powers, as strong as Qin Chen, and could not tell what the power of creation was. It seemed very muddy and messy.

Qin Chen possesses the origin of chaos and is quite familiar with the power of chaos.

But the power of creation is more peculiar than the power of chaos.

The mysterious rust sword absorbed the power of creation for a while, and suddenly stopped, as if it could no longer be absorbed.

Staring carefully at the mysterious rust sword, Qin Chen found that the mysterious rust sword seemed to have become more shiny, but after looking closely, he couldn't find anything special.

"Try others."

Next, Qin Chen took out the many treasures on his body and began to absorb the power of creation, not to mention that as long as it was a treasure, it could be absorbed, but it was more or less.

Even Qin Chen's Chaos World and Chaos Qinglian Fire can absorb the power of creation, even the Haotian Divine Armor.

It's a pity that the oppression of this evil spirit directly targets the human body, even if it is the Haotian Divine Armor, it cannot be stopped, it is very peculiar.

After a long time, Qin Chen let out a breath.

After watching for so long, he finally saw some clues.

First of all, this creation is very powerful.

However, it is also very messy and muddy.

Perhaps, it is not muddy, but it is the case in itself, just as before the opening of heaven and earth, there are many messy powers, maybe when the opening of heaven and earth, the power is like this.

This also makes it impossible for ordinary human bodies to absorb such power at all, unless it is a treasure, which does not care about the chaotic power of chaos, or it is a pure soul body like the Primordial Ancestral Dragon and the Holy Ancestor of the Blood River.

Of course, the Primordial Ancestral Dragon and the Saint Ancestor of the Blood River are still different. Both were born from chaos and fit with the Heavenly Sage, the power of creation.

"If so, can my physical body withstand the power of creation and form the scene of the Kaitian period, can it be absorbed?"

Qin Chen's heart moved slightly.

"It's better to give it a try."

Immediately, Qin Chen sat cross-legged and began to close his eyes and rest his mind.

"call!"

"Suck!"

Qin Chen took a deep breath, and a terrifying gust of wind suddenly surged around him, and then a chaotic aura filled Qin Chen's body.

This is Qin Chen's opening day when he simulates the birth of the Chaos World.

He regards himself as a chaotic world and wants to open the sky. After opening the sky, he naturally needs to absorb the power of creation to melt his body.

This was the way Qin Chen thought of when he absorbed the power of creation from the chaotic world.

At this moment.

Qin Chen regarded himself as a chaotic universe, and moved on.

Sure enough, after feeling this power, the force of creation in the evil spirits between heaven and earth quickly surrounded Qin Chen's physical body surface, seeming to be attracted, but it was always hovering and never entered Qin Chen's physical body.

"No, it's worse."

"What's worse?"

Qin Chen continued to outline in his heart, different powers rose in his body.

Nine Star God Emperor Jue!

God Emperor Totem!

The power of ruling!

The power of the dark king's blood!

Get the power of the special gene in the Netherworld Tablet in the Nether Galaxy!

The everlasting power of the chaotic green lotus fire!

boom!

When various powers were confused and fused together, a kind of unspoken power grew in the depths of Qin Chen's body.

laugh!

laugh!

At the same time, strange powers began to form on Qin Chen, turning into misty black lights, and these black lights began to penetrate into Qin Chen's body little by little.

"Kid Qin Chen, this is..."

"My lord, he..."

Hong Huang Zulong and Blood River Saint Ancestor both looked at Qin Chen in shock. What happened to Qin Chen? It is absorbing the power of creation between heaven and earth.

How can this be?

However, the great ancestor dragon and the others clearly felt that within Qin Chen's body, the power of creation began to merge, and then entered all parts of his body.

boom!

Every cell in Qin Chen's body fluctuated in an instant, and this power followed every cell in Qin Chen's body, quickly permeating Qin Chen's whole body, forming a perfect whole, and then in Qin Chen's body, following Breathing, flowing slowly.

The power of creation is extraordinary. At this moment, this can only absorb so little of the power of creation by the refiner, and it has been integrated into Qin Chen's body, into his cells, and into every gene.

Every cell of Qin Chen seemed to form a universe, naturally opening the sky.

"Sure enough, it's amazing, so shocking!"

Bits of energy, following every cell in Qin Chen's body, began to open up Qin Chen's physical body, continuously expanding Qin Chen's power.

In ancient times, this universe was just an inconspicuous primitive universe in the universe. After the sky was opened, a vast universe was formed, and hundreds of millions of creatures were born.

At this moment, Qin Chen's cells were also opening the sky.

It seems that Qin Chen's body has become a whole universe.

"Crack!"

The musculoskeletal body of Qin Chen burst into a roar.

"This... is amazing!"

"It's amazing, it's wonderful."

Qin Chen closed his eyes, shocked in his heart, his physical body reached this point, in the realm of Earthly Sovereign, comparable to the power of Heavenly Sovereign, and was extremely abnormal.

But at this moment, after Qin Chen's physical body had absorbed the power of creation, it was slowly rising at a speed visible to the naked eye.
