

Valkyrie 4201

[Chapter 4201: Fifth floor](#)

This is the power that can enhance the treasure of the Heavenly Sovereign, blending into the body, making Qin Chen's body grow like a treasure.

"The Art of Patching the Sky!"

Qin Chen suddenly had a glimmer of insight in his heart, he was replenishing the sky, and everything could be replenished, so why couldn't his physical body?

Yes, it is the technique of patching the sky.

At this moment, Qin Chen suddenly.

Patching Heaven Palace is the top refining power in the ancient universe.

It is one of the top forces that constitute the ancient craftsman's work. So, does this ancient tower standing in the secret realm of ancient craftsman's work have anything to do with the ancient Butian Palace?

Qin Chen didn't know, but this was definitely a breakthrough, or a possibility.

Therefore, at this moment, Qin Chen felt that the process of his body absorbing the power of creation was somewhat similar to the process of patching up the sky, treating his physical body as a treasure and repairing it.

But is the body a treasure?

Qin Chen thought.

In a sense, the flesh is completely different from the treasure. The flesh is the flesh, and the treasure is the treasure. However, if the sky patching technique can repair the universe, the world, and the earth as some kind of utensil, then the flesh is Treasure, what's the accident?

Rumble!

In Qin Chen's body, the power of creation poured in, continuously strengthening Qin Chen's body.

This kind of strengthening is extremely special, not from the cultivation base, but from a certain realm.

Turning the physical body into the universe was what Qin Chen was already doing when he was practicing the special technique on the Nirvana Crystal Tablet, but now, the power of this creation is repairing Qin Chen's "universe".

Moreover, along with Qin Chen's technique of patching the sky, this force was perfectly combined with Qin Chen's physical body, without any stagnation.

Time continues.

Qin Chen was completely immersed in the perfect cycle formed in his body, and the power of creation was constantly expanding Qin Chen's body.

"Unbelievable."

"Damn, this kid directly absorbs the power of creation. Isn't he also a chaotic **** and demon? Can't be born again?"

Honghuang Ancestor Dragon and Blood River Saint Ancestor were stunned, and what Qin Chen did and where they had exceeded their expectations.

What made them even more depressed was that the power of creation that Qin Chen absorbed seemed to be more than theirs?

by.

Does this still make sense?

one day.

Two days...

Three days passed in a blink of an eye.

Rumble!

Suddenly, a series of misty and terrible halos burst out around Qin Chen's body, and endless evil spirits surged through the entire Gu Yu Pagoda.

A wave of evil spirits turned into a whirlpool and appeared in Qin Chen's body.

"this is....."

The Honghuang Ancestor Dragon and Blood River Saint Ancestor suddenly awakened, and looked at them in astonishment.

I saw the endless evil spirit, like a rolling tide, instantly poured into Qin Chen's body.

Qin Chen was filled with a power that made his heart palpitating, one by one was shocked to the ground, and his expression was shocked.

puff!

Qin Chen's eyes opened suddenly when the endless breath entered the body.

call!

Between heaven and earth, that amazing evil spirit also disappeared.

"Absorbed to the extreme."

Qin Chen opened his eyes. At this moment, the cells in his physical body looked like stars.

His physical body is really like the universe, and every cell is like a star.

Unfortunately, the power of good fortune was absorbed too little.

Qin Chen looked up.

Between the heaven and the earth, the surging force of good fortune made Qin Chen's eyes flicker.

In Guyu Pagoda, there is still a lot of power of good fortune, but Qin Chen also encountered the same problem as the great ancestor dragon and others, that is, unable to absorb the power of good fortune.

It seems that, like Honghuang Zulong, he can absorb to the extreme.

boom!

At this moment, Qin Chen stood up and suddenly felt that the oppressive force of the fourth floor of the Gu Yu Pagoda had obviously weakened a lot.

This is natural. Having absorbed so much evil spirit, the oppression of this evil spirit will naturally weaken a lot.

Moreover, what surprises Qin Chen is that after absorbing so much creative power, his own cultivation level has grown faintly.

This... surprised him.

Qin Chen's cultivation level only broke through the realm of the earthly respect a few days ago, and he could reach the mid-term peak of the earthly respect.

At this point, it is extremely difficult to improve.

The most important thing is perception, the understanding of power.

Secondly, there are a lot of resources that need to be consumed.

However, after absorbing the power of this creation, Qin Chen clearly felt that his cultivation level had fluctuated slightly.

What does this show?

It means that as long as he has sufficient resources, his cultivation level can be directly improved.

This... incredible.

Qin Chen was overjoyed.

For other sages, the resources for cultivation are too difficult to obtain.

But Qin Chen's chaotic world contains a large piece of chaotic origins that he obtained from the Vientiane God Store. These chaotic origins are enough to raise his cultivation base to a higher level.

What Qin Chen lacks is the perception of Dao, which is a solid foundation.

But now, the power of this creation has instantly improved his foundation, and his upper limit has been raised again.

As long as there are resources, Qin Chen's cultivation level can be improved.

Where can I find such an opportunity?

"However, it's not enough."

Qin Chen's eyes flickered, and he could feel that although his cultivation level had improved a little, he hadn't improved too much, and he was afraid that he would be a little far away from the later stage of the earthly master.

It seems that more power of creation needs to be absorbed.

Qin Chen looked up.

"Go to the next floor."

Soon, Qin Chen's made a decision.

As long as he constantly absorbs the power of creation, Qin Chen will be able to continuously improve his cultivation base.

Now, the Mozu has been eyeing him, and even sacrificed Daojue Tianzun to kill him. If he hadn't been prepared, he would inevitably encounter some danger.

Only by continuously improving one's own strength, can he not fear the demon's secret calculations.

"boom!"

Right now, Qin Chen headed towards the fifth floor.

outside world.

Outside the Guyu Tower.

The three deputy hall masters are here firmly.

This time guarding here are the ancient craftsman Tianzun, the absolute weapon Tianzun, and the blood cymbal Tianzun.

At this moment, the three of them suddenly raised their heads and looked at that Gu Yu Pagoda in doubt.

"Just now, did Gu Yuta shake a bit?" Ancient Craftsman Tianzun frowned.

"Do you feel it too?"

Absolute Qi Tianzun also said solemnly.

The three deputy hall masters glanced at each other, and they all saw a trace of dignity in each other's eyes.

This also made them understand. It seems that their previous feelings were correct. This Gu Yuta did shake again just now.

Now, three days have passed.

After three days of guarding, in fact, the few major deputy hall masters who worked in the day were not idle, and had already investigated a lot.

First of all, they can be sure that Daojue Tianzun is indeed missing.

Secondly, in the previous investigation, the two Tianzun powerhouses who had left Tianjiao have been summoned and contacted, and it has been determined that these two people have indeed left the secret realm of the headquarters and are not here.

As a result, the target has shrunk a lot.

In addition, in the past three days, many strong people have been left from the ancient Yu Pagoda one after another. As the number of people in the ancient Yu Pagoda continues to decrease, their goals are constantly shrinking.

[Chapter 4202: Late Earth Zun](#)

However, with the investigation these days, the mystery has become deeper and deeper.

Because they didn't find out who was the second person to fight with Daojue Tianzun at all?

It is only possible to fight against the Heavenly Sovereign of Daojue.

However, the Tianzun in the work of heaven is there, there is no news and nothing, then, who is the one who fought with Daojue Tianzun?

At this moment, I felt the vibration of Gu Yuta again.

The Absolute Qi Tianzun was speechless, and he said solemnly, "I don't know when Lord Shen Gong Tianzun will come back."

For the present plan, only Shen Gong Tianzun can investigate another person.

Because only he has the right to view the identity token on the Guyu Tower.

Although most of the elders in Guyu Pagoda have already left, there are still some elders who have not come out one after another and are still inside.

I thought that Gu Yuta, who had finally rioted once, was completely unable to refine tools in it this time, but the strong men who worked for many days were very angry.

"Master Shen Gong Tianzun seems to be dealing with an extremely important matter. I have received a reply from him, but it is only a few words." Ancient craftsman Tianzun shook his head.

Jue Qi Tianzun sighed and said, "I don't know what the Lord Shengong Tianzun is up to. Even the spies appeared in the Guyu Tower, he didn't have time to come back."

This is what many deputy hall masters have been speechless in these three days.

In three days, through unremitting efforts, they had actually contacted Shen Gong Tianzun.

However, after learning about the situation here, Shen Gong Tian Zun actually came back with some difficult and obscure information, telling them that he could not rush back in a short time, and they needed to guard the secret realm of the headquarters of Hao Tian. Never show up again. Happening.

Then, the message was broken.

It seems that the place where Shengong Tianzun is located is extremely far away, even a special secret realm.

"I don't know where Lord Shen Gong Tianzun is?"

When Xue Qi Tianzun looked over, he also sighed.

When such a major event happened, the divine worker Tianzun, who was the master of the heavenly work, did not come back, so that they suddenly lost their backbone and did not know what to do.

Ancient Craftsman Tianzun shook his head and said: "Don't think about it so much. Since Master Tianzun Shen Gong said so, there must be his reason. We only need to hold on for him."

Absolute Qi Tianzun nodded, "Master Shengong Tianzun originally spent a lot of energy with Xiaoyao Supreme in order to repair the heavens, and then fell asleep for many years. In these years, Master Shengong Tianzun has rarely been in the secret realm of the headquarters, and has always treated him with Xiaoyao Supreme. Together, maybe, we are planning something extremely important to our human race."

Xueqi Tianzun also said: "Master Shen Gong Tianzun should have more important things to do, then we will take care of this family for him."

Although Shengong Tianzun's words were unclear, the three deputy hall masters present did not have any dissatisfaction.

Even the other deputy hall masters, as well as the strong Tianzun, would not have any dissatisfaction.

Because they all know that Godgong Tianzun will not come back. There are absolutely other reasons. Even things like Tianzun spies cannot be driven back. So what Godgong Tianzun is doing now must be related to the overall situation of the human race and is more important than this. Things.

They can only wait.

And while they waited.

The fifth floor of Guyu Tower.

A figure emerged.

It's Qin Chen!

After absorbing the power of the fourth layer of creation, Qin Chen was finally able to withstand the evil spirits of the fourth layer and came to the fifth layer.

As soon as he came up, Qin Chen felt a terrible pressure suppressed instantly, making him unable to breathe.

"The evil spirit of the fifth layer is really terrible?"

Qin Chen was shocked.

This fifth level of evil spirits is much stronger than the fourth level. No wonder, it is rumored that apart from Shen Gong Tianzun, almost no one of the other deputy hall masters can go to this fifth level.

Qin Chen could feel that if he hadn't gotten a transformation in the fourth level, once he entered the fifth level, he would not be able to bear it, and the physical collapse on the spot might not be impossible.

"Such oppressive force is almost equivalent to the late Tianzun."

Qin Chen took a deep breath.

He can feel that if he wants to come to this world, he must at least be a powerful person at the late Tianzun level.

In exchange, the Golden Dragon Heavenly Sovereign came, fearing that it might collapse.

"Such a strong creative power, see if we can absorb it again."

As soon as he entered the fifth level, the ancestral dragon could not wait to appear, absorbing the power of creation between heaven and earth.

Suddenly, a wave of creation power began to pour into this little dragon's body.

The Honghuang Ancestral Dragon was immediately ecstatic, "It is possible, hahaha, the original ancestor can absorb the power of creation again, quack quack, beautiful female dragons, the ancestor is here.

Immediately, he began to frantically absorb the power of creation around him, and continue to grow himself.

Qin Chen's eyes flashed, and his heart moved when he saw the great ancestor dragon absorbing the power of creation.

As he expected.

After the power of creation of the fourth layer cannot be absorbed, it can be absorbed again after entering the fifth layer, but I don't know how much the power of creation of this fifth layer can absorb, and when is the limit.

Immediately, Qin Chen released the Primordial Ancestral Dragon, the Saint Ancestor of the Blood River, and the Lord of Abyss Demon, and he absorbed them again.

However, for the Lord of Abyss, Qin Chen's request was only to absorb some of the power of creation, and the main body of the body was still condensed by the flesh of the demon race such as the Molten Heavenly Venerate under the blessing of the Demon Tree of the Ten Thousand Realms. Otherwise, if they were like the Primordial Ancestral Dragon, they could only condense The mini body is in trouble.

Qin Chen sat down cross-legged.

The rolling force of creation poured into his body again.

boom!

Every cell in Qin Chen's physical body rose again.

This time, while absorbing the power of creation, Qin Chen also frantically absorbed the origin of the chaos in the world of chaos. This made Qin Chen's earth-sovereign aura, accompanied by the absorption of the power of creation, also slowly increased.

one day!

Two days!

Three days!

On the fifth day, Boom, a terrifying breath filled Qin Chen's body.

The late Earth Zun.

Qin Chen opened his eyes.

Incredible.

In less than ten days before and after, he actually broke through from the peak of the mid-Earth Zun to the late-Earth Zun in one fell swoop, which is incredible.

"The power of this creation is really extraordinary. It's a pity that it can't be absorbed unlimitedly. If it can be absorbed unlimitedly, how far can my cultivation level rise?"

Qin Chen looked at the sky and earth, his eyes were shocked.

"However, it is still not at the limit, and we can continue to absorb it."

Qin Chen closed his eyes and continued to absorb in the fifth layer.

now.

outside world.

Nearly ten days passed.

Through constant contact, more and more elders have come out of Guyu Tower.

The number of people, from the original more than 1,000 in Guyu Pagoda, gradually became only a few dozen.

Although I don't know who are there, but through communication with each other, many goals can be set.

The ancient craftsman Tianzun and them are also investigating one by one.

"Master Tianzun, the ancient craftsman, the deputy hall master Qin has not yet come out."

When investigating the truth, the truth was worried.

[Chapter 4203: Guess the truth](#)

"What, Qin Chen's deputy hall master is still in the Gu Yu Pagoda?"

As soon as this statement came out, the ancient craftsman Tianzun and others changed their colors.

The name of the person, the shadow of the tree.

The numerous disturbances that Qin Chen had caused when he came to the secret realm of the Tiangong Headquarters, none of the deputy hall masters was unaware, and they were all remembered in his heart.

Now that Qin Chen was still in the Guyu Pagoda, the eyes of the ancient craftsman Tianzun and others moved.

Several deputy hall masters glanced at each other, and there was a gleam in their eyes.

These days, they have racked their brains in order to investigate the other strong man who fought against Daojue Tianzun.

Although Lord Shen Gong Tianzun never came back, they would naturally not stop investigating the spies.

However, with the investigation, they became more and more confused.

Because, apart from Daojue Tianzun, they couldn't imagine any other Tianzun in the secret realm of Tiangong's headquarters would be in Guyu Pagoda.

But at this moment, as soon as Qin Chen's news appeared, everyone was discolored.

"Could it be him?"

Several deputy hall masters glanced at each other, and they all saw the speculation in each other's eyes.

Without him, it is because there is no other goal.

After investigation, there were no other Tianzuns in the Heavenly Work except the five ancient craftsmen Tianzun who arrived at Guyu Pagoda. The other Tianzuns at that time were all outside the Guyu Pagoda.

However, fighting against Daojuku Tianzun does exist.

Couldn't it be some other half-step Tianzun and the pinnacle earth-zun elders fighting against the Daojue Tianzun?

The gap between each other is too great, it is impossible.

Now, the appearance of Qin Chen has caused a move in the hearts of several deputy hall masters. Not long ago, Qin Chen defeated more than 1,500 elders and deacons with one person's power. It was still in his ears. If it was Qin Chen, maybe There is really such a possibility of fighting Daojue Tianzun.

At least, it's more reliable.

Ancient craftsman Tianzun said solemnly: "Qin Chen's deputy hallmaster is also in Guyu Pagoda? When did he go to Guyu Pagoda? You can tell me about it."

The ancient craftsman Tianzun looked serious, and asked about Mantra, the other deputy hall masters also stared at him.

Suddenly, Zhenyan Dizun felt a strong breath suppressed, making his breathing difficult.

The serious expressions of the chief deputy hall masters also made him instantly feel the seriousness of the matter.

Immediately, Mantra Divine Venerable didn't dare to conceal it, and he sent Elder Black Feather and others to greet Qin Chen to the Gu Yu Pagoda.

Because, he also vaguely inquired about something that Daojue Tianzun was related to the spies of the Demon Race. This worries him, is there something wrong with Qin Chen?

Will not.

Zhenyan Dizun couldn't believe it in his heart, but as Qin Chen hadn't come out until now, his heart was completely anxious, and he could only tell it all.

"Elder Black Feather are they here?"

hiss!

After hearing the words of the mantra, the ancient craftsman Tianzun and others' eyes suddenly condensed, especially after knowing that Qin Chen went to the third level of the ancient Yu Pagoda under the leadership of the elders of Black Feather, the ancient craftsman Tianzun's heart was even more shocked. .

Because the battle broke out deep in the third layer.

"Quickly, who else took Qin Chen to Gu Yu Pagoda at that time?"

Ancient Craftsman Tianzun said anxiously.

The other deputy hall masters also looked at it, because they vaguely felt that they seemed to have found part of the truth.

"There are Elder Longyuan and Elder Tiangu..."

The many elders who were about to come at that time truly spoke out one by one.

There are nearly ten elders in total.

All of them are well-known in the secret realm of Tiangong headquarters.

The other deputy hall masters immediately looked at the ancient craftsman Tianzun, with expectations in their eyes.

"No, none of the elders mentioned by Mantra Dizun has ever appeared in Guyu Pagoda." The ancient craftsman Tianzun shook his head, his eyes gloomy and terrifying.

"Never come out?"

"how is this possible?"

"Now that most of the elders in Guyu Pagoda have already left, haven't any of these nearly ten elders come out?"

One of the vice hall masters changed color.

If there are a few that have not come out, it can be justified.

But now, more than ten days later, the thousands of elders and deacons who entered the Guyu Pagoda for the first time have already left more than 90%. I am afraid that there are only dozens of people left who never came out. Unexpectedly, an elder who went in with Qin Chen never came out.

This has to make people vigilant.

"Other than that, what else do you know?" Ancient Craftsman Tianzun stared at Mantra Dizun.

Seeing the expressions of the deputy hall masters, my heart sank, and a trace of badness emerged.

Little dust, shouldn't something really happen?

He shook his head and said anxiously: "Nothing."

The ancient craftsman Tianzun took a deep breath and said in a deep voice, "Okay, you stay in your mansion first. Don't leave without my order."

"Yes." Shiningly nodded.

The ancient craftsman Tianzun looked at each other and left here together.

Coming to the outside world, the faces of the deputy hall masters were all very heavy.

"If the truth is true, this matter must be related to the spies of the Demon Race."

"Yes, otherwise, how could it be so coincidental, that Qin Chen and many elders never came out?"

Asking Tianzun and going to Tianzun both Dao.

The ancient craftsman Tianzun said solemnly, "Don't jump to conclusions first, what the mantras are said may not be true. You still need to investigate, and immediately ask other elders who enter the Guyu Tower to see if anyone has seen all this."

Immediately, a group of people returned to the Guyu Pagoda, and at the same time they also sent an investigation.

This kind of thing is too serious to be partial.

Soon, the results were investigated.

At that time, many elders had seen Elder Black Feather and they brought Qin Chen, Zhenyan Dizun and others into Guyu Pagoda.

Qin Chen's reputation in the Tiangong headquarters' cheats is too great, and any of his actions will attract attention. Therefore, before Elder Black Feather brought Elder Long Yuan to come to Qin Chen to apologize, it has attracted the attention of many people.

After investigating, naturally there is no difficulty.

Moreover, in the Guyu Pagoda, some elders also saw the scene where the Mantra Earth Zun was separated from Elder Black Feather and Qin Chen, and the Elder Black Feather took Qin Chen and them to the third floor of the Ancient Yu Pagoda.

The gathering of all the news caused a complete chill in the hearts of the chief deputy hall masters.

"It is now certain that the one who fought Daojue Tianzun is most likely to be the elder Qin Chen and Heiyu, and the possibility is as high as 70% or more."

Ancient craftsman Tianzun said solemnly.

"Really that Qin Chen? Is it possible?"

"Yes, even though Qin Chen has defeated many Half-Step Heavenly Sovereigns, but he is only an Earth Sovereign, how can he fight Daojue Heavenly Sovereign?"

"The fighting aura we felt at that time was very powerful, unlike a battle between an earth-zun and Daojue Tianzun."

The other deputy hall masters were a little skeptical.

[Chapter 4204: They are not important](#)

It's incredible.

Although Qin Chen is strong, but he can't compete with Heavenly Sovereign, how can he fight Daojue Tianzun? It is not in line with common sense to make such a big disturbance.

The ancient craftsman Tianzun shook his head: "When all the possibilities are eliminated, the most unlikely possibility is the truth."

As soon as this remark came out, the chief deputy hall master was silent.

Indeed, based on the situation and information investigated, there is no other possibility except the whole possibility.

"I also felt strange at the time. At the battle scene, apart from the aura of Daojue Tianzun and the other person, there seemed to be other auras. From this point of view, it should be Elder Black Feather and them."

At this moment, Zuo Tong Tianzun said in a deep voice, his eyes flickering cold.

His talent and supernatural powers made him see more.

"So, there were really other people present at the time?"

The other deputy hall masters sucked in air.

"But why did Daojue Tianzun want to attack that Qin Chen? Could it be that Qin Chen was a spy of the Demon Race? When Daojue Tianzun found out, the war broke out in the end? This is not logical."

There are still doubts about the deputy hall master.

"Besides, what role do Elder Heiyu play? Is it Daojue Tianzun's group, or is it deliberately involved in Qin Chen's side?"

"Also, if someone survives, why did that person disappear? Don't he know that if he stays in this ancient tower, he will be exposed sooner or later?"

The deputy hall masters present frowned.

The ancient craftsman Tianzun took a deep breath and said in a deep voice, "You don't have to guess, if it is Qin Chen who is fighting against Daojue Tianzun, then there are only two possibilities for this matter."

Everyone looked over.

Ancient craftsman Tianzun squinted his eyes and said, "The first possibility is that Qin Chen is a spy of the Demon Race."

"Some deputy hall masters may not know that this Qin Chen is the external saint son whom Shen Gong Tianzun personally pays attention to. The reason why he can enter the secret realm of the headquarters this time is because he found it in the Tiangong camp on the battlefield of ten thousand races. Only the secret agents of the Demon Race who are extremely hidden will they come to the secret realm of the headquarters and be canonized as the acting deputy hall master by the master Tianzun."

"If that Qin Chen is really a spy of the Demon Race, then it is logical that he can find the spies of the Demon Race in the Ten Thousand Race Battlefield Day Work Camp,? This is a scheme of the Demon Race, a dead plan to expose part of his spies, let Qin Chen broke into our working headquarters and executed another hidden plan."

"It's a pity that I was discovered by Daojue Tianzun for some reason. There was a battle between the two sides. In the end, Qin Chen sealed or beheaded Daojue Tianzun, and then hid in the ancient Yu Pagoda. This is one of them."

Coming Tianzun said solemnly: "You said that Qin Chen sealed or killed Daojue Tianzun, is this... possible?"

The other deputy hall masters also nodded.

An earthly respecter, can control a powerful person like Daojue Tianzun?

It's impossible to think about it.

The ancient craftsman Tianzun sneered: "Under normal circumstances, it is impossible, but the result has already come out. If Qin Chen is really a spy of the demons, it is impossible, it is possible."

"Yes, if Qin Chen is indeed the spy of the Demon Race, what the ancient craftsman Tianzun said is the result, because if the sword-jue Tianzun wins, it is impossible to hide it, only that Qin Chen is the spy and kills the sword-jue Tianzun. Only then will he hide in the Guyu Tower." Zuo Tong Tianzun said.

hiss!

Suddenly, all the deputy hall masters on the field inhaled air-conditioning.

Shen Gong Tianzun's newly appointed deputy hall master Qin is actually a spy of the demons? Just thinking about it, it was a little shaken.

"Of course, this is only one of the possibilities." Ancient craftsman Tianzun looked coldly: "There is a second possibility, Daojue Tianzun is a spy of the Demon Race."

"If this is the case, then, if Qin Chen discovered the spies of the Demon Clan in the Heavenly Work Camp, he would definitely receive the attention of the Demon Clan. Perhaps everyone also knows some of Qin Chen's deeds. This person was in the realm of the Holy Master. The Venerable Demon Race who was sent by the ancestors of the Abyssal Demon was chased and killed in the Void Tide Sea. He was obviously the mortal of the Demon Race. Now he has destroyed the Demon Race's strategy on the battlefield of the Ten Thousand Races. Naturally, I can't wait to kill him. ."

"Daojue Tianzun may be the executioner, but who knows, that Qin Chen's strength surpassed the Daojue Tianzun's expectations, and a battle between the two sides attracted us."

"This is the second possibility."

The other deputy hall masters changed their colors.

Daojue Tianzun is a spy of the demons?

Daojue Tianzun, as the deputy head of the heavenly work, has been in friendship with them for tens of thousands of years, and many people shudder when thinking that such a strong man is actually a spy of the demon clan.

There was resistance in the subconscious, and I couldn't believe it.

"In addition to these two possibilities, there may be a third, but the probability of the third possibility should be less than 10%, almost impossible."

The ancient craftsman Tianzun squinted, "And in the two previous possibilities, each other's possibilities are half and half."

"If that Qin Chen is really the spy of the Demon Race, the Demon Race is really a good calculation. When that Qin Chen was in the realm of the Holy Lord, the Demon Race sent the Demon Lord to chase and kill this person, and he was killed in the Void Tide Sea. The mysterious powerhouse kills, in order to plant this hidden child, the demons are afraid that they have been planning for many years, and even use bitter tricks."

Zuo Tong Tianzun said solemnly.

In order to lay a **** of the Holy Master, and actually break a Venerable, the demon clan's methods are indeed decisive.

The other deputy hall masters also nodded.

In their subconscious mind, they all think that the first possible possibility is higher.

It's not that they have opinions about Qin Chen, but Daojue Tianzun is too familiar with them. They can't imagine that such a deputy hall master in the secret realm of Tianwork's headquarters, a high-level figure of Tianwork, is actually a spy of the Demon Race.

"Besides, what about Elder Black Feather and them? What role did they play in this matter?" At this time, Blood Qi Tianzun asked in confusion.

"They are not important." Ancient Craftsman Tianzun shook his head, "Because this is only my guess at the moment, although in the narration of Mantra Earthzun, that Qin Chen entered the Guyu Pagoda, a big reason is the driving force of Elder Black Feather, but They are only secondary in this matter."

"Possibly, they just got involved inadvertently, or maybe they were bewitched by the Daojue Tianzun, of course it is also possible, they are also spies of the Demon Race, these are variables, the only thing we have to do now is to guard Guyu Tower , To find out the truth, whether it is Daojue Tianzun coming out or Qin Chen coming out, you must never let them leave the secret realm of the headquarters."

The words of ancient craftsman Tianzun made many people nod their heads.

For the present plan, this can only be done, and everything will be revealed when Lord Shen Gong Tianzun returns.

At the moment, the three deputy hall masters continued to sit in the Guyu Tower and guard the gate. at this time.

Naturally, Qin Chen didn't know everything about the outside world, nor did he know that he was suspected by Heavenly Work. He had absorbed enough power of creation from the fifth floor, and once again entered the sixth floor of Gu Yu Pagoda.

Chapter 4205 Eye Of Creation

Boom!

The rolling force of creation was suppressed again.

Entering the sixth level, Qin Chen instantly felt a terrifying force of creation pouring out, and that vast evil aura caused Qin Chen's body to appear cracks.

"So strong."

Even if Qin Chen had absorbed enough evil spirits from the first five layers, once he entered the sixth layer, Qin Chen still felt a strong crisis.

Click.

Cracks appeared in his physical body on the spot, and blood spattered.

Qin Chen felt that if he had not absorbed enough power of creation and condensed it into the flesh, and replaced it with a late-stage Venerable, his flesh would collapse and his soul would be dissipated on the spot.

Perhaps, only the pinnacle Tianzun has the power to resist the creation here.

Of course, it is only a slight possibility.

"In that case, Lord Shen Gong Tianzun can only come to this level at most?"

Qin Chen looked around.

Each level of Gu Yu Tower's improvement was too great, which made him change color and looked deeper into the sixth floor.

If it's the seventh floor, isn't it possible that only the Supreme can handle it?

Very likely.

The seventh floor is definitely a huge improvement for the sixth floor.

"It doesn't matter, now that you are on the sixth floor, let's first absorb the power of creation here."

Rumble!

Qin Chen sat cross-legged and once again absorbed the power of creation.

The power of creation poured into his body and began to continuously improve his body power.

As the strands of creational power entered his body, Qin Chen instantly felt that there was an inexplicable Qi flowing in his body.

These auras circulated in his body, and then continuously gathered in Qin Chen's soul.

"this is....."

Qin Chen was shocked.

This power of creation can not only enhance his physical body, but it can also strengthen his soul?
and.

What surprised Qin Chen was that the special aura formed by the power of creation at this level, while strengthening his soul, gradually gathered a trace of power that escaped from his forehead.

Between the eyebrows.

There was a tingling feeling immediately.

"what is this?"

Qin Chen was surprised.

However, he didn't take it to heart, just constantly absorbing the power of creation here.

Billowing creation power poured into his body, Qin Chen was also absorbing the power of the Primordial Chaos, and his cultivation level was also improving again.

one day!

Ten days!

A month!

Three months!

This time, Qin Chen practiced here for a full three months.

Boom!

On this day, when Qin Chen could no longer absorb the power of creation.

Hum!

Above his eyebrows, an eye suddenly condensed.

wrong.

It wasn't the eyes that really grew on the center of the eyebrows, but in Qin Chen's perception, a soul eye quietly emerged from the center of the eyebrows.

This eye of the soul is extremely vague, very emptiness, and if it is looming, it is just a phantom.

"I actually condensed an eye."

Qin Chen was shocked.

What the **** is this?

Qin Chen was shocked, and asked Honghuang Ancestor Dragon and Blood River Saint Ancestor.

When the Honghuang Ancestral Dragon and the Blood River Saint Ancestor saw this, they couldn't help being stunned.

The power of creation converges between the eyebrows to form eyes?

Have you never heard of this?

"No, is it the legendary eye of creation?"

Suddenly, Honghuang Zulong and Blood River Saint Ancestor looked at each other, and couldn't help but let out a horror.

"The Eye of Creation?"

"What it is?"

Qin Chen was puzzled.

Honghuang Ancestral Dragon shook his head: "I don't know this, but I have heard that the eye of creation is a special kind of magical power, a magical power recognized by creation. It can see through all falsehoods and reach the essence, even. Seeing through the true meaning of this universe, any strong man in the universe has nowhere to hide before the eyes of creation."

"It is rumored that only people born in the chaos can condense the eye of creation. However, in the ancient chaos era, even if so many primordial creatures and chaotic gods and demons were born, there were few who condense the eye of creation, just in the legend. "

The great ancestor dragon shook their heads, unconsciously what Qin Chen could condense was the eye of creation.

"The eye of creation?"

Qin Chen squinted his eyes, sounding very awesome.

I have to say that these eyes really have something like that.

"open!"

Qin Chen's attention focused on the soul eye at the center of his forehead, trying to open it.

Suddenly, a mysterious aura surged out of Qin Chen.

On the side, Honghuang Ancestor Dragon and Blood River Saint Ancestor were a little horrified.

Will it really condense the eye of creation? I always felt that there was a special power in Qin Chen, and even them throbbed.

But this is too incredible.

But thinking that Qin Chen could absorb the power of creation that the chaotic creatures could only absorb, the Primordial Ancestor Dragon and Blood River Saint Ancestor were a little dazed.

There are too many strange things on Qin Chen, and he can't judge by common sense.

now.

Six-story ancient tower.

Qin Chen urged his eyes frantically, he urged all his strength to open these eyes.

However, these eyes did not move at all.

"No."

"There must be a way."

Qin Chen settled down.

The art of patching the sky!

His eyes flashed.

In the heritage of Patching Heaven Palace, the technique of patching the sky can patch up everything in the sky, even the heavens and the universe.

However, if he can't even see the origin of the universe, how can he fix it?

Isn't this eye of creation complementary to the sky patching technique?

It's really possible.

Qin Chen's heart moved, urging the technique of patching the sky.

Inexplicable.

In Qin Chen's body, the absorbed force of creation condensed to the center of his eyebrows, and gathered in the eyes of the invisible soul.

At the next moment, Qin Chen only felt his eyebrows move.

boom!

The invisible eye between Qin Chen's eyebrows suddenly opened.

Rumble!

In an instant, Qin Chen's vision changed astonishingly.

He looked at the void, the power of the turbid evil spirits before, at this moment, vaguely presented a road.

He looked at the Great Ancestor Dragon and Blood River Saint Ancestor again, and instantly, above their heads, saw a dragon-shaped phantom and **** light!

This dragon-shaped phantom and **** light, high above, extremely powerful, like a scorching sun, extremely dazzling.

True Dragon Avenue, Blood River Avenue!

This time, Qin Chen saw very clearly.

At this moment, Qin Chen seemed to see the true meaning between heaven and earth.

The prehistoric ancestor dragon and the blood river sacred ancestor are very small, and it is extremely difficult to detect under the evil spirit of this ancient Yuta.

But at this moment, Qin Chen opened the eyes of the soul, and the two people's avenue was suspended in the sky, even if there was no power of blood and blood, the terrible surging of the avenue still made Qin Chen clearly feel it.

He stared at the sky blankly, and then suddenly let the Lord of Abyss Demon appear.

boom!

Suddenly, in the sky, the way of the abyssal demon appeared, and the devilish energy was soaring. Compared with the real dragon avenue and the blood river avenue of the ancient ancestor dragon and the blood river sacred ancestor, it was a lot smaller, but it was still extremely clear and the demon energy was rolling. , Flooding the sky, much clearer than watching the Lord of Abyss Demon.

"This this....."

Qin Chen's expression was astonished, completely dull.

Actually, he can directly see through the avenues connected to the strong and the strength of the avenues.

[Chapter 4206: Prying the avenue](#)

At this moment, Qin Chen was shocked and his expression was shocked.

This... is too bad.

With this eye, who can stop his prying eyes, as long as he urges the eye of creation, he will definitely be able to see the avenues of some powerful people.

In other words, the so-called strong have nowhere to hide in front of him.

What a supernatural power is this? unimaginable.

If Qin Chen had this eye of creation long ago, then on the battlefield of ten thousand races, it was definitely not that easy for many powerful men to intercept him.

Even this emptiness of the Eye of Soul, with only such a function, was enough to make Qin Chen excited and shocked.

Honghuang Zulong saw Qin Chen looking at him excitedly, and couldn't help but frown, "Kid Qin Chen, what are you looking at?"

Qin Chen said: "The avenue, the avenue of the three of you, one is boiling with dragon energy, one is surging into the sky, and another is surging with devil energy."

Look at our avenue.

"Are you bragging?"

Hong Huang Zulong doesn't believe it, you are but the pinnacle, can you see through our avenue?

What a joke.

However, being so stared at by Qin Chen, Hong Huang Zulong always felt a little frustrated.

Qin Chen said: "Don't talk nonsense, I am indeed looking at your avenue, now, you go a little further, cover up your avenue, and restrain your breath."

Qin Chen wanted to test how strong his creation eye was.

Is it really what I imagined.

Hong Huang Zulong looked at Qin Chen suspiciously, with a strange expression in his eyes, this kid, can he really see through his avenue?

Just go!

When the primordial ancestor dragon moved, a real dragon phantom instantly disappeared in the evil spirit, while the blood river ancestor and the master of the abyssal demon looked at each other, and quickly left, diving into the evil spirit.

However, the three of them are either with Feng Qin Chen as the master and planting the soul mark, or they have signed a contract with Qin Chen, and they are connected to each other, even if they are separated from the evil spirit and do not urge the eye of creation, Qin Chen can also clearly feel their presence.

Therefore, for accuracy, Qin Chen directly shielded the soul connection between each other.

At the same time, the eye of creation was closed.

A strong sense of weakness emerged from Qin Chen's mind.

"This eye of creation...a lot of wear and tear."

Qin Chen took a deep breath. It was only after opening for a while, he actually had a sense of exhaustion. If the opening was too long, perhaps his soul would collapse.

Secretly vigilant in his heart, Qin Chen began to probe the surroundings.

The soul induction was shielded, and the eye of creation was closed. In the ancient Yu Pagoda full of evil spirits, Qin Chen looked around, there was a strong evil spirit surging everywhere, but he could not see half of the figure.

He lost the position of the trio of Honghuang Zulong.

Immediately afterwards, Qin Chen urged his power of perception.

Hum!

The invisible power of perception diffused out of this ancient tower.

The evil spirit in this ancient Yu Pagoda is strong, as strong as Qin Chen's perception, and can only perceive an area a few hundred meters around, and then a chaos.

Gained nothing.

Here, Qin Chen couldn't distinguish the location of other people at all.

This is also the reason why ancient craftsman Tianzun and many other deputy hall masters did not enter Guyu Tower to look for Daojue Tianzun and Qin Chen.

In the ancient Yu Pagoda, the gods of the strong Tianzun can't perceive how far. It is as difficult as climbing to the sky to find someone in this vast ancient Yu Pagoda. Instead of spending time searching, it is better to catch a turtle in the urn.

Immediately afterwards, Qin Chen began to use the technique of patching the sky and opened his creation eyes.

Hum!

The eyes of the invisible soul opened, and the world before him instantly became different.

Roads, rules, lingering between heaven and earth, yes, he saw it, saw the power in the ancient tower, and saw the roads and rules.

The avenues and rules, like a net, cover this world and are the foundation of the operation of the universe.

Immediately afterwards, Qin Chen opened his creation eyes wide and looked around.

All around, evil spirits surged, and all kinds of avenues and rules obstructed Qin Chen's prying eyes.

This is much more difficult than watching the Great Wild Ancestral Dragon here before, and this time, the Great Wild Ancestral Dragon and the others deliberately constricted their aura, covering their avenues, making it more difficult for Qin Chen to see.

However, it was useless.

Qin Chen raised his head and saw somewhere on the left, there was a faint **** light floating in the void. Although this **** light didn't seem very arrogant, but staring at the past carefully, it gave Qin Chen a feeling of palpitation. .

Blood River Saint Ancestor.

On the side of the blood shadow of the Blood River Saint Ancestor, Qin Chen also saw the power of a real dragon, which was also much weaker than before. It seemed that he had deliberately hidden it, but even the way of the real dragon was hidden afterwards. , Still giving Qin Chen a feeling of throbbing.

It is a prehistoric ancestral dragon.

He didn't find the position of the Lord of Abyss Demon.

Qin Chen turned his head and searched. Finally, on the right side, he saw the power of the Dao of the Demon Race dormant. It was also quite powerful, but weaker than the Dao of the Great Ancestor Dragon and the Blood River Saint Ancestor.

"Sure enough!"

Qin Chen was ecstatic.

It should be understood that this place is in Guyu Pagoda, covered by endless evil spirits. In this case, Qin Chen can still distinguish the three people who have converged on the main road. Then when they reach the outside world, how can ordinary people avoid Qin Chen's snooping?

"Kid Qin Chen, are you ready? Didn't you say that you can see through our avenue? Do you know where we are now?"

From a distance, the voice of the great ancestor dragon came, misty and void, as if from all directions.

This is the method of the great ancestor dragon, testing Qin Chen.

This kid actually said that he could see through our avenue, a lie?

The avenue is illusory, and even the great ancestor dragon dare not say that he can see the avenue of other powerful people. At most, he can perceive other people's breath. Qin Chen said that he could see it, and he would not believe it.

I didn't see it. After hiding a little now, Qin Chen couldn't perceive it.

However, before the thoughts in the heart of Honghuang Zulong fell.

From a distance, Qin Chen's laughter came: "Hong Huang Zulong, you and Blood River Saint Ancestor are on my left. The two should be together, and the Lord of Abyss is on the right."

The eyes of Honghuang Zulong suddenly stared.

"Damn, really?"

He was shocked, because he was indeed with the Blood River Saint Ancestor.

Whoosh!

He moved quickly and said to the ancestor of the blood river: "Old blood river, don't follow me."

However, as soon as he moved, Qin Chen smiled and said, "You are now moving to the right, well, you are with the Lord of the Abyss."

"Hehe, now it's left again."

No matter how the ancestral dragon moved, Qin Chen could clearly tell his location.

This shocked Honghuang Ancestral Dragon, because in this ancient Yu Pagoda, even he couldn't feel Qin Chen's location, Qin Chen could actually tell his location clearly.

"I don't believe it anymore."

"boom!"

The great ancestor dragon instantly converged on the avenue, and even hibernated his own breath completely, disconnected from the heaven and earth, and put himself into a state of chaos.

[Chapter 4207: Time to go out](#)

In this chaotic state, the strength of the great ancestor dragon will be greatly reduced, and even one percent of its own strength will not be released if it cannot activate the Dao.

far away.

Qin Chen frowned suddenly.

Because, in his perception, the avenue on the head of the ancient dragon has completely disappeared, no matter how he opened the eye of creation, he could not find the other side's existence.

"Honghuang Zulong, what methods did you use? Why did your avenue disappear?"

Qin Chen shouted.

"This....."

far away.

Honghuang Zulong was shocked physically and mentally, and his face was shocked.

This...this...this...

It's actually true.

Qin Chen could really feel the existence of his great road.

Before, although Qin Chen repeatedly reported his position, he still had some doubts. After all, Qin Chen signed a contract with him, and there was a certain connection between the two. Qin Chen might be able to perceive his position through the power of the contract. exist.

As for the Holy Ancestor of the Blood River and the Lord of the Abyss, let alone the Lord of the Abyss, the Lord of the Abyss was even planted with a soul mark by Qin Chen, unable to avoid Qin Chen's soul capture.

But now, he really believed it. Because he had only condensed the aura of the Dao, cut off the connection with the Dao, and plunged himself into a state of chaos. If Qin Chen had used the power of the contract to perceive his position, no matter how he cut the connection with the Dao, Qin Chenyi

The old can perceive him.

But now, after he cut off the avenue, Qin Chen unexpectedly discovered this.

This shows that Qin Chen is definitely not searching for his position through the power of a contract. call!

After a while, the trio of Honghuang Zulong appeared in front of Qin Chen again.

Only when he looked at Qin Chen again, Honghuang Zulong's eyes were a little shocked.

The eye of creation, is the legend true?

It's too abnormal to see through the origin of the universe and the road to move.

In the age of chaos, there is a saying that once the eye of creation is condensed, there will be no more secrets in Dao cultivation.

If this is true, then Qin Chen's next step into the realm of Heavenly Sovereign, and even the realm of Supreme Sovereign, will become ten times, a hundred times easier than ordinary Venerables.

Because when the eyes of creation are opened, one can understand the nature of cultivation in this world.

Close the eyes of creation.

Qin Chen was also a little weak.

This time, Qin Chen felt extremely tired when urging the Eye of Creation.

This made him understand that although the eye of creation was strong, it was not opened casually, and it would even consume the power of creation in his body.

After taking a break, Qin Chen began to communicate with Honghuang Zulong. Only then did he realize that Honghuang Zulong had cut off his connection with Dao.

"It seems that the Eye of Creation is not omnipotent." Qin Chen shook his head.

As long as the other party cuts off the connection between himself and the avenue, the prying eyes of the Eye of Creation can be shielded. Obviously, this is a weakness of the Eye of Creation.

Hong Huang Zulong heard the words and suddenly looked strange: "Qin Chen, do you know what it means to cut off the power of the Great Dao? It means that I can't stimulate my own power of the Great Dao in a short time. My strength will be ten times that. Even a hundred times weaker..." "That's me, I deliberately cut off the power of the Dao in order to test. In the real universe, no strong will cut off the power of the Dao at will, because in this way, it will mean that he cannot run the Dao's power. Power, and unable to spy on the existence of other people
, is tantamount to a blind man with his eyes open. "

"Which idiot would do such a thing?"

Aside, the Blood River Saint Ancestor and the Lord of Abyss Demon also nodded.

Disconnecting the power of the Great Dao can indeed block Qin Chen's prying eyes, but whoever would do this for the normal strong, isn't this looking for death? For example, Qin Chen asked him to cut off the power of kendo, and lost the power of kendo. Once the crisis comes, he can't even move Wan Jianhe. If he encounters a strong man like Daojue Tianzun, he will not react in time. In the case of the other party

The knife can kill him.

The stronger the person, the less he will cut off his power, unless it is an extremely special situation.

Hear the words.

Qin Chen's heart moved, so to speak, the eye of creation was still as powerful as he had imagined.

At least, with this magical power, it will be extremely difficult for any strong person to sneak attack him.

It can even be said that it is almost impossible.

"Go, let's go to the seventh floor and take a look."

After resting for a while, Qin Chen immediately went to the seventh floor.

The evil spirit of the sixth layer has been absorbed by Qin Chen to the extreme. In the first six layers, Qin Chen condensed the eye of creation. But Qin Chen felt that his own eye of creation was just a rudiment, and not yet a real eye of creation. At least, he can only peer into the universe at the moment, and it is far from what the ancient ancestor dragon said can see through the origin of the universe. Great distance

from.

Perhaps, only after entering the seventh level, it is possible to continue to enhance the eye of creation.

After a while, Qin Chen found the entrance to the seventh floor.

The Eye of Creation opened, and Qin Chen spied the past.

Rumble!

In the seventh layer, the power of terrifying evil spirits condensed, and Qin Chen seemed to see a roaring world, and the power of destruction filled everything.

too strong.

Qin Chen changed color.

He has a feeling that if he breaks in rashly, he will most likely die.

If the sixth floor is really as Qin Chen guessed, only the pinnacle Tianzun can hold it, then this seventh layer, Qin Chen has a feeling that only the supreme can hold the evil spirit in it.

However, Qin Chen still wanted to try.

He is different from other people, he can absorb the power of creation, maybe he can survive in this seventh layer.

Thinking of this, Qin Chen immediately stepped into the seventh floor entrance.

Huh!

As soon as Qin Chen entered, a terrifying force of evil spirit suddenly fell.

boom!

It was too strong. As soon as the power of this evil spirit fell on Qin Chen, Qin Chen's whole body bones burst into pieces, and his body could not absorb such a terrifying force of creation. The flesh and blood collapsed and exploded directly.

"Retreat!"

Qin Chen was furious, backed frantically, and immediately returned to the sixth floor.

But even so, he still had his bones torn apart, his whole body was dripping with blood, half of his body was exploded, and his bones stubble was extremely miserable.

"Kid Qin Chen, are you okay?"

Honghuang Zulong hurriedly appeared, said worriedly.

"I'm fine." Qin Chen shook his head.

so close.

There was an exclamation in his heart.

If he hadn't been prepared, if he had not experienced the baptism of the power of creation in his physical body, and had been replaced by someone else, even the pinnacle of heaven, he would inevitably fall instantly, with no bones left.

It seems that the seventh floor can't be reached.

Qin Chen sighed.

He thought that he had a chance to enter the seventh floor, and now it seems that he is still a bit worse.

In the next few days, Qin Chen began to heal his injuries, and only a few days later did his injuries completely healed.

Time to go out.

Qin Chen glanced at the seventh-level passage. Since he couldn't go, he could only go back.

Don't know, what's going on outside now?

No matter what, it's time to go out and face it. With a flicker, Qin Chen flew down in an instant, towards the exit of Gu Yu Tower.

[Chapter 4208: introduce](#)

at this time!

Outside the Guyu Tower.

? Zheng Tianzun, Zuo Tong Tianzun, Absolute Weapon Tianzun, the three deputy hall masters are sitting here.

More than three months have passed since the last meeting, and now in Gu Yu Pagoda, almost all the elders and deacons have left, and there are very few strong ones who have never left.

And every elder and deacon who left from Guyu Tower will be investigated and questioned, and they are not allowed to leave the secret realm of Tiangong headquarters at will.

The secret realm of the entire Tianjiao headquarters has long been strictly guarded.

Since Master Tianzun of Shengong had not returned, then their deputy hall masters had the responsibility to guard the secret realm of the headquarters before Master Tianzun returned, and would not be allowed to discover the previous situation again.

However, as time passed, the other powerhouses in the secret realm of the Tiangong Headquarters also basically knew some things, secretly shocked one by one, and strictly followed the orders of many deputy hall masters.

The secret realm of Tiangong headquarters has been under total martial law.

At the gate of Guyu Tower.

This time is? Zhengtianzun's three deputy hall masters are sitting here. As the first scene of the incident, the top management of Tianjiao did not weaken the supervision here. It is necessary to ask someone to come out of the Guyu Pagoda, the first time they were discovered and controlled. .

The three Zhengtianzun, with very serious expressions, cross-legged at the door of Guyu Tower.

As the Vice-Hall Master, they manage all kinds of things every day, have a lot of affairs, and need to concentrate on hard cultivation. They never thought that one day they would guard at the gate of this ancient Yu Tower.

"Have you felt it? The ancient Yu Pagoda seemed to have another shock."

Suddenly, Zheng Tianzun opened his eyes and said in a deep voice. Jue Qi Tianzun looked over, his face solemn: "You feel it too? It should be the evil spirit riot inside. This Guyu Tower's evil spirit riot occurs

only once in ten thousand years, and each lasts only three or two years. It is my job. Sheng of many strong

Banquet, I did not expect this time..."

Jueqi Tianzun shook his head.

? Zheng Tianzun and Zuo Tong Tianzun also sighed.

The Guyu Tower riot, once in 10,000 years, is very precious, but this time, it is not possible to refine weapons in it.

Only when the truth comes to light, or the return of Shen Gong Tianzun, may it be possible to open it again. "I don't know who is Daojue Tianzun and that Qin Chen, who is the spy of the Demon Race, no matter who it is, why has he stayed in this ancient Yu Pagoda for so long, and he hasn't come out?" Hiding inside, you can get through

Is it? "

"Huh, it's just lingering, as long as Master Tianzun returns, it is not inevitable to die." Zheng Tianzun said solemnly.

Zuo Tong Tianzun's eyes were faint, and his tone was cold, "All demon spies, **** it."

When they communicate.

Gu Yu Tower.

Qin Chen went all the way down.

At the same time, Qin Chen was also spying on the power of the avenues of other strong people in this ancient Yu Pagoda.

Sure enough, as Qin Chen had expected, the other strong people in the ancient Yu Pagoda were rarely seen.

"The Gu Yuta riot should be a flourishing age in the secret realm of Tiangong's headquarters. There should be countless powerful people gathering here, but now it is empty. It seems that things here are still exposed."

Qin Chen's complexion condensed. Although he was prepared, there was also a hint of luck. Now that the things in the Gu Yu Pagoda were exposed, he knew at random that he knew that the secret realm of the Tiangong Headquarters was probably under martial law.

Such a major event, I am afraid that Lord Shen Gong Tianzun has also returned.

Nothing.

Anyway, Daojue Tianzun has been found, and it is not nothing. It just so happens that Qin Chen also needs to use Shengong Tianzun to understand Qianxue's movements.

At the exit of Gu Yu Tower, Qin Chen stepped forward.

Outside the Guyu Tower.

The three Zhengtianzun are still chatting.

According to the rules, the guardian in front of the Guyu Pagoda will be rotated once every half a month. The rotation sequence is random. The seven deputy hall masters will take turns to exchange, so as to avoid new accidents.

For a month, for these Vice-Hallmaster level experts, it was just a blink of an eye, and they didn't bother to cultivate hard. It was so hard to have such a chance and chat with each other.

Exchange their own experiences.

More than three months have passed. If the people inside are going to come out, I'm afraid they have already come out. They haven't come out yet. Obviously they are planning to keep hiding inside.

Just thinking.

Huh!

Suddenly, a ray of light flickered at the entrance of Guyu Tower, and the next moment, a figure appeared outside of Guyu Tower out of thin air.

"Huh, are there still elders who haven't come out?"

Zuo Tong Tianzun and others looked at it at will. These days, almost all the elders and deacons have left the Guyu Pagoda. How come there are still elders who have not left?

At this look, Zuo Tong Tianzun and the others are puzzled, how can this person come out so young, and it seems that they have never seen it before?

"Qin Chen, it was Qin Chen who came out."

The Absolute Qi Tianzun had seen Qin Chen with his own eyes, and he was the first to react this time, and he immediately shouted, his expression shocked.

boom!

In the hands of Absolute Weapon Heavenly Sovereign, a blood-colored spear that pierced the sky appeared. The **** light filled the spear, and the whole person was like a war god. The powerful Heavenly Sovereign's power permeated Qin Chen instantly.

"What? Qin Chen?"

Zuo Tong Tianzun and Zheng Tianzun, the two deputy hall masters changed their colors and boomed. At the same time, two equally terrifying powers of the heavens poured out, wrapping Qin Chen like a vast ocean.

boom!

The breath of the three great heavenly venerations was suppressed, and Qin Chen was immediately sealed in this world, wrapped like an iron bucket.

Immediately afterwards, a message was quickly transmitted by Zuo Tong Tianzun.

Then, the three major heavenly veterans stared at Qin Chen, with cold eyes.

Surrounded by the three deputy hall masters, Qin Chen touched his nose. To be honest, he had expected Tiantou to move, but he did not expect to be so fierce as he came out, he was surrounded by the three heavenly masters.

Moreover, it is still such a general posture as if facing an enemy.

is it necessary?

"Vice-Hall Master Absolute Weapon, long time no see, don't come unharmed, who are these two? How about introducing them?" Qin Chen said with a smile, with a relaxed attitude.

If Qin Chen is not afraid of the strong Tianzun before entering the Ancient Yu Pagoda, but being surrounded by the three deputy hall masters, there will still be some pressure. However, during the more than three months of Guyu Pagoda, Qin Chen absorbed the power of creation, and his cultivation made a breakthrough in the later stage of the Earth Zun, and went straight to the peak state of the latter stage. The strength was increased several times compared to before entering the Guyu Pagoda. The oppression of the three deputy masters

, It is a bit more calm.

Ok?

But Qin Chen's calmness fell into the eyes of the three deputy hall masters, but he was a little dignified and composed.

This son is extraordinary!

This was the first thought that came to the minds of Zuo Tong Tianzun and Zheng Tianzun.

Although the two deputy hall masters had heard of Qin Chen, they had never seen it. Upon seeing it this time, they immediately reached such a conclusion in their hearts. It is indeed the person who stirred up the situation in the secret realm of the headquarters.

[Chapter 4209: Nine Tianzun](#)

How can ordinary earthly respects be so casual and indifferent under the breath of the three heavenly respects?

Unheard of, unseen.

? Zheng Tianzun and Zuo Tong Tianzun looked at each other, both surprised.

Boom boom boom!

And at the moment when the three deputy hall masters surrounded Qin Chen, in the palace above the Tongtianji Fire Pillar in the distance, strong auras descended one after another.

The ancient craftsman Tianzun, the aspiring Tianzun, the walking general Tianzun, the blood cymbal Tianzun.

The four main deputy hall masters descended at the same time.

In addition, there were three strong Tianzun experts that Qin Chen had never seen before. They also appeared outside the Gu Yu Tower. They were all old men with a gloomy spirit, but the blood on their bodies was like a bullfighting soaring into the sky.

They paid attention to Gu Yuta all the time, and arrived here as soon as they heard from Zuo Tong.

The nine great heavenly masters gathered.

Qin Chen's eyes narrowed.

The background of Tian's work really exceeded his expectations.

After the death of a Daojue Tianzun, there were nine great Tianzuns, and that did not include the Lingfeng Tianzun, who had guarded the land of inheritance and did not appear here.

In addition, there must be some old antiques in the work of heaven that have never been born.

It's no wonder that Tianjiao can become the top force of the human race, sitting on one side, and prestigious.

Qin Chen was looking at the Nine Heavenly Venerables, and the Nine Heavenly Venerables were also looking at Qin Chen.

Except for the ancient craftsman Tianzun who has seen Qin Chen, the other strong men have never seen it before. At this moment, they are all shocked: "This is Qin Chen?"

too young.

If the aura on them is dull, then the aura on Qin Chen's body is the rising sun. The sun at 7 or 8 o'clock in the morning has just risen, and the vitality is unlimited.

Many people were surprised, because in their imagination, there was a high probability of living out of Gu Yu Pagoda, it should be Daojue Tianzun, Qin Chen should be the ambush.

But the result surprised them all.

Qin Chen's gaze swept across the Nine Heavenly Sovereigns, and he couldn't help frowning.

The nine heavenly veterans have strong auras, and the weakest ones are not inferior to the star-falling heavenly elders and the molten flaming elders.

The strong ones are at the level of Golden Dragon Heavenly Sovereign.

Even the breath of two people is even stronger.

However, no one can reach the level of Demon God.

This caused Qin Chen's brows to frown, isn't it right, didn't Shen Gong Tianzun come back?

This... doesn't make sense.

If such a big event happened, wouldn't his founder who worked all day come? So irresponsible?

Among the crowd, the ancient craftsman Tianzun stepped forward and came to Qin Chen, and said in a deep voice: "Qin Chen, I think you should know the reason why we are here, what happened in the ancient Yu Pagoda before?"

Ancient craftsman Tianzun stared at Qin Chen with serious eyes.

Other Tianzun also saw it, although it was Qin Chen who came out that was beyond their expectation, but at present, it is still not sure whether Qin Chen's identity is a spy of the Demon Clan, so naturally he cannot be underestimated.

"Old Master Tianzun, I have a suggestion that no matter what Qin Chen's status is, he should be captured first to prevent accidents."

At this time, Xing Jiang Tianzun suddenly said in a deep voice.

"Reconsideration."

"I think so."

Blood Qi Tianzun, asking Tianzun, all spoke.

Everyone is at a loss now, and the top priority is to hold Qin Chen first to prevent accidents.

Suddenly, the other great celestial lords all looked over with a deep aura. So far, I don't know any information, and it's not clear who the demon spy is Qin Chen or Daojue Tianzun. Therefore, in order to prevent any accidents, many people think that Qin Chen should be captured. Should be no

Wrong idea.

boom!

Suddenly, many Heavenly Lords stepped forward and surrounded Qin Chen, and the nine Heavenly Lords joined forces, and even Qin Chen changed color.

Although he is strong, he is not confident enough in the face of the nine heavenly veterans.

What's more, this is the scope of the Sky-Through-Act Fire Pillar. Once fighting, if the Sky-Through Fire Pillar locks him, then he is bound to be dangerous.

"Qin Chen cannot be a spy."

In the distance, the Lord of Mantra and Lord Yaoguang had arrived and hurriedly shouted loudly when they saw this. Zhenyan Dizun saluted the ancient craftsman Tianzun and the others, and said anxiously: "All the deputy hall masters, the deputy hall master Qin was working in the general secret realm of heaven, and he has seen through the conspiracy of the demons. The adults bestowed the status of acting deputy hall master

, How could he be a spy. "

"Yeah, in the heavens behind the human base camp, the Venerable Demon Race once chased and killed Qin Chen in the Void Tide Sea, but was taken into the depths of the Void Sea by Qin Chen and beheaded

by a mysterious existence. If Qin Chen is a spy, and How could it be possible to kill the spies of the demons."

Venerable Yaoguang also eagerly shouted.

In the distance, a group of elders and deacons also surrounded them, floating in the sky, staring at Qin Chen in front of the Gu Yu Pagoda, his complexion changed. The ancient craftsman Tianzun stared at Qin Chen and said, "Qin Chen, although you are the acting deputy head of the palace, but this Gu Yu Pagoda's evil spirit riot, a special battle occurred in the Gu Yu Pagoda, I suspect that you are related to the battle, all, you need you To cooperate with our investigation, you

Anything to say? "

Qin Chen glanced at the crowd and said lightly, "Where is Lord Shen Gong Tianzun? I want to see him?"

Coming Tianzun said solemnly: "Master Tianzun Shen Gong has something important to deal with, and he hasn't returned to the secret realm of the headquarters for the time being, so I hope you can cooperate."

Sure enough, he didn't come back.

Qin Chen sighed.

His brows frowned slightly, feeling a little strange that Tianzun Shen Gong didn't come back for such major events.

However, he is naturally unwilling to be captured, so he will inevitably be taken care of and lose his freedom. Qin Chen said lightly: "I know what you want to know. Since all the deputy hall masters are here, then the deputy deputy master will just say it. The deputy deputy palace master was in the Gu Yu Pagoda. The design of the elders and others broke into the knife

In the ambush of Jue Tianzun, he wanted to kill the deputy deputy hall master. Fortunately, the deputy deputy palace master had long been suspicious, and he found it in time to escape. "

what?

As soon as this statement came out, the audience was shocked.

Everyone looked at Qin Chen in disbelief.

The fact that there was an agent of the Demon Race was their guess, because he felt the aura of the power of darkness, and Qin Chen's words directly verified this, and named the identity of the agent of the Daojue Tianzun Demon Race, so everyone was not shocked.

Coming Tianzun frowned and said, "You said that Tianzun Daojue and Elder Black Feather are spies of the demons. They ambushed you. Do you have any evidence?"

Qin Chen shook his head and said, "I don't have any evidence to prove that they are spies, but what I have said is true."

In fact, Daojue Tianzun, Black Feather Elder and others were suppressed by Qin Chen in the Chaos World, but Qin Chen could not release them. Once released, the Chaos World would be exposed.

This is more tempting than the origin of time. Back when Qin Chen killed Daojue Tianzun and felt the aura of the strong, the reason why he left for the first time was to not expose what was on his body, how could he actively expose it at this time.

[Chapter 4210: Identify spies](#)

Traveling Tianzun frowned: "There is no evidence? That's just your empty words. Do you know that Daojue Tianzun is the deputy head of the secret realm of my Tianwork headquarters. If it is just because of your word, he will be convicted. ,how is this possible."

Xueqi Tianzun also said: "Yes, Qin Chen, you are also the acting deputy hall master. You should know that I will convict Daojue Tianzun when I can't listen to your one-sided words." Zuo Tong Tianzun said: "No matter what. The truth is of great importance. For the time being, I can only wrong you. Don't worry, if you are innocent, I will not do anything to you. As long as the divine worker returns and finds out the truth, I will naturally let you go.

. "

Qin Chen frowned.

"When does this have to wait?" Qin Chen said solemnly.

Asking Tianzun said in a deep voice: "Or wait until Daojue Tianzun and Elder Black Feather also appear from Guyu Tower, and you stand up to the truth. If you can prove that you are innocent, you will naturally let you go."

"Qin Chen, since you are a Tianzuo disciple, you should naturally know that there is nothing we can do about it. I hope you can forgive me."

Many deputy hall masters said one after another.

Qin Chen is an unstable factor, no matter whether he is innocent or not, it is impossible to let him leave.

Qin Chen's face suddenly showed anxiety.

"This is impossible."

He yelled.

boom!

Suddenly, a few terrible breaths suppressed all around.

Many deputy hall masters stepped forward together, staring at Qin Chen, sternly: "Qin Chen, don't be obsessed with understanding, if you are innocent, I will naturally not do anything to you, unless you are a spy of the demons, all That's why you are so anxious." At this time, the ancient craftsman Tianzun stepped forward and sighed: "Qin Chen, if you have evidence, it's fine, but you don't have evidence. It can be guaranteed that they will not treat you, but will temporarily

It was under house arrest. "Weding Tianzun said in a low voice: "Qin Chen, don't resist, otherwise I will really do it. Now Master Shen Gong Tianzun has something important to deal with, and I don't know when I will return, but you don't have to worry too much. Tianzun appeared from the Guyu Tower,

You will be treated the same as you, and you will be imprisoned. If you can go to court and find the real spy, I will naturally let you go. "

Qin Chen was speechless.

Waiting for Daojue Tianzun to come out and confront him?

What's a joke, Daojue Tianzun is in his chaotic world, how can he come out to confront him.

In this way, we can only wait for Shen Gong Tianzun to return.

But when will Shen Gong Tianzun come back?

Qin Chen thought that after more than three months of such a major event, Tianzun Shengong should have returned long ago, but who knows, the other party has other things to deal with, when will this be waiting?

Moreover, Qin Chen is not sure that there are no spies of the Demon Race among the strong in front of him. He must be imprisoned to limit his strength. If the Demon Race has other backhands, once he is blocked, it will be dangerous. .

Once the Demon Race starts the plan of death, and would rather die another Tianzun powerhouse against him, don't he need to die?

Hum!

At this time, Qin Chen quietly urged the Eye of Creation, staring at the secret realm of Tiangong headquarters.

boom!

Suddenly, between the heaven and the earth, there were huge avenues surging, all of them were the avenues of some powerful heavenly masters, and the large number made Qin Chen's discoloration change and he sucked in air.

It is inevitably impossible to break out.

wrong.

That is.....

Suddenly, Qin Chen raised his head and looked at the sky above the God of Craftsman Island, and couldn't help but take a breath. Above the God of Craftsman Island, a vast avenue surged, carrying a suffocating pressure, and it was incredible.

This road gave Qin Chen an extremely familiar feeling, as if he had seen it somewhere.

"Could it be that....."

Suddenly, Qin Chen's heart was shocked, and suddenly he thought of a possibility, his heart was like a stormy sea.

Fuck!

A thought surged in Qin Chen's mind.

"No? Is it..."

Qin Chen's eyes flickered, and countless thoughts turned in his mind for a moment.

"Qin Chen, do you want me to wait for it, or do you want to catch it?" Xing Jiang Tianzun stepped forward, his eyes cold and sharp.

Other deputy hall masters also approached.

The Gods of Earth and Yaoguang were anxious in their hearts, but they had nothing to do. With their identities, they couldn't say a word at this time. Qin Chen sighed, "Everyone, what I have said are facts, and there is no need to deceive everyone. Moreover, I cannot promise to be imprisoned. As for what you said about waiting for the return of Daojue Tianzun, it is even more nonsense, they A few, forever Can't get out. "

Asking Tianzun's face changed and frowned, "What do you mean?"

The other deputy hall masters were also shocked.

"Both Daojue Tianzun and Heiyu elders are dead, so naturally they won't return." Qin Chen shook his head.

what?

As soon as this remark came out, it was like a bolt from the blue, everyone was shocked, and all of them changed wildly.

Daojue Tianzun is dead, how is this possible?

"How did he die?" Zuo Tong Tianzun said solemnly.

"Tianzun Daojue and Elder Black Feather, they designed an ambush with me, naturally I killed them."

Cang!

A battle sword suddenly appeared in Qin Chen's hand. This battle sword was murderous, and it was Daojue Tianzun's battle sword.

"How could Daojue Tianzun's Tianzun treasure be in this kid's hands?"

"How is this possible, is Daojue Tianzun really beheaded by this kid?"

Many deputy hall masters are crazy.

Tianzun treasures are the personal treasures of every Tianzun. Unless it is a special situation, it is impossible to discard it.

But now, the treasure of Daojue Tianzun actually appeared in Qin Chen's hands. Could it be that Daojue Tianzun was really killed by this guy?

All of a sudden, many deputy hall masters changed their colors, and one by one they brought out the gods. Suddenly, the world changed color, and the terrifying power of Tianzun rushed to Qin Chen and suppressed him.

Qin Chen took out Daojue Tianzun's Tianzun treasure, not only failed to clear his suspicion, but made many deputy hall masters present more suspicious of him.

Because they couldn't believe that Daojue Tianzun could be killed with Qin Chen's strength, and Qin Chen said that Daojue Tianzun was in ambush.

Unless he is a spy of the demons, there is a chance.

"Qin Chen, take it with your hands, or don't blame me for waiting."

Zuo Tong Tianzun stepped forward, and in the pupils of his eyes, there was a faint cold light blooming, and aside, the enlightening Tianzun, the walking general Tianzun, the blood Qi Tianzun and others were also moving forward coldly.

"No matter, I originally wanted to wait until Master Shen Gong Tianzun returned to tell this secret, but to prove my innocence, now I can only reveal it in advance."

Qin Chen raised his head and said solemnly: "Actually, I have a way to identify the identity of the spy of the Demon Race." Everyone frowned and looked over, and they saw Qin Chen Hong said: "As long as I enter the Guyu Pagoda, I can identify the work of heaven. Are everyone in the demons spies, including everyone in the room."
