Chapter 4211

Qin Chen coldly looked at everyone in the audience, especially the few deputy hall masters and Tianzun who were present, and revealed a secret.

boom!

Suddenly, the audience was in an uproar, suddenly boiling.

As long as you enter the Guyu Pagoda, you can identify whether there are any spies and such things?

Many people have a suspicious look on their faces.

It was not that they suspected Qin Chen, but the matter itself was a little nonsense.

The demon spies are lurking in the heavenly work, and they are extremely hidden. In fact, the high-level personnel in the heavenly work have some vague understanding.

In fact, it is not only the work of heaven, but also other human powers, such as Star God Palace, Dayu God Mountain, Void God Temple and other forces, actually have demon spies lurking, but more or less.

As for the power of some ordinary humans, let alone, the holy demons among the demons can impersonate humans with their souls and cannot be detected at all. If they are replaced by human flesh, they can even make the gods unable to detect their true souls. The breath lurks directly in the major forces.

Not only the human race, monster race and other forces, but also the spies of the demons lurking.

The forces such as Tianzuo are still good, because even if the power such as Saint Demon Race is lurking, they can't hide the gaze of the Supreme, and Tianzuo also has some means to identify the Demon Race.

Therefore, in order to sneak into the Heavenly Work and other forces, the method adopted by the Mozu is to confuse the Heavenly Work itself to the strong, secretly win over and then control it.

Naturally strong human race will not be deceived, but the demon race has many methods, often using various methods.

For example, when some strong men are practicing on the battlefield of ten thousand races, they put the opponent in danger of life and death, and then directly come forward to subdue them. In the face of the threat of life and death, there may be some strong men who will surrender to them.

In addition, the demons also use various temptations to confuse the human race, such as power, treasures, charms, etc., countless.

There is only a thousand days to be a thief, there is no reason to guard against thieves every day.

In these countless tens of thousands of years, the demons have naturally penetrated a lot of the major forces of the human race, and naturally there are many spies in the work of the day.

However, Master Shengong Tianzun also tried to find demon spies, but the demon spies were extremely hidden. Master Shengong Tianzun could only find out some sporadic demon spies by various means.

But now, Qin Chen said that as long as he entered the Guyu Pagoda, he would be able to identify the identities of all the spies of the Demon Race, which made everyone not shocked or shocked.

The ancient craftsman Tianzun changed his color, looked at Qin Chen solemnly, and said solemnly: "Qin Chen, what are you saying is true?"

Qin Chen nodded, "Naturally, it is true. I have the means to use the evil spirit in the Gu Yu Tower to identify the spies of the Demon Race. Otherwise, why do you think I would doubt Elder Black Feather, and why I can lie in the ambush of Daojue Tianzun? See through the opponent and kill the opponent? Naturally because I had doubts."

"Little dust, have you suspected?"

Honestly respected in astonishment.

Qin Chen nodded and said: "Yes, after entering Gu Yu Pagoda, I doubted Elder Black Feather's purpose, so when they entered the third floor, they distracted you, in fact, I was afraid that you would also fall into danger. I want to know what their purpose is."

Qin Chen shook his head, "Who ever thought that their purpose was to lead me to the ambush of Daojue Tianzun. Fortunately, I was prepared to attack Daojue Tianzun secretly and had to expose his identity after he was seriously injured. Otherwise, I am afraid it will be unpredictable."

The other deputy hall masters frowned.

According to what Qin Chen said, he had long suspected Elder Black Feather and the others, secretly attacked Daojue Tianzun and severely injured him before beheading him.

With that said, everyone felt a bit more acceptable.

If Qin Chen said that he was facing the enemy and beheading Daojue Tianzun, it would be difficult for them to accept it.

After all, many of them dare not say that they can be better than Daojue Tianzun. Qin Chen can kill Daojue Tianzun even when he receives an ambush. Doesn't it mean that they are not Qin Chen's opponents?

People are always unwilling to accept what they don't want to accept.

Asking Tianzun frowned and said: "You clearly saw through Elder Black Feather and the others, knowing that Daojue Tianzun is in ambush, as long as the news is spread, I will wait for Elder Black Feather and them to be captured and see through their identities. Naturally, isn't it safe?"

Qin Chen sneered: "I only doubted Elder Black Feather and them at the time, but I didn't know that Daojue Tianzun would be a spy and would act on me. Therefore, knowing that Elder Black Feather is not my opponent, I would like to know them. The purpose is to lure the enemy to go deeper. Who knows that Daojue Tianzun was drawn out. By that time, it will be too late for me to send a message, so I can only attack and kill him."

"Well, even if what you said is true, why did you escape after killing Daojue Tianzun? At that time, Tianzun Ancient Craftsman and Tianzun Zotong happened to arrive. If you stay where you are, wouldn't

you be able to clean yourself immediately? Why is it unnecessary to run away?" Wending Tianzun asked with a frown.

Suddenly, everyone looked over.

This is where many deputy hall masters most doubted.

Qin Chen could stay in place. As long as Daojue Tianzun and Heiyu elders did have the aura of the demon or the power of darkness, Qin Chen would naturally clear the suspicion, but Qin Chen chose to escape.

This cannot be explained at all.

Qin Chen snorted coldly: "Hmph, this is just wishful thinking of Er Waiting now when it is safe. I was ambushed by Daojue Tianzun. In this case, it was hard to kill the opponent, but I was also badly injured at the time and was unable to fight back. , And at the same time I felt other powerful auras coming. How did I know that it was the ancient craftsman Tianzun and the others? What should I do if it is the spies of the Demon Race?"

Qin Chen sneered at ancient craftsman Tianzun and the others, "Who can guarantee that there are no demon spies among you? So my first thought was to leave first, heal the wounds, and then make other choices. Everyone, in this situation, I'm afraid you will make the same decision as me?"

Suddenly, the audience was silent.

Indeed, from an afterthought, they felt that Qin Chen should not run.

But if they were replaced by them, they had just been attacked by the deputy head of the heavenly work and a group of elders. After the battle was over and they were seriously injured, there were other breaths that could threaten them, without knowing whether they were friends or enemies. , Who dares to stay in place?

If it were them, they would leave first, and then consider the long-term.

"For more than three months, I have been healing my wounds. It was not until not long ago that the healing ended. Later, I calculated that Master Tianzun should have returned, and then I came out. Who knows..."

Qin Chen shook his head, a little helpless, and then sneered again: "If I were a spy and had left Guyu Tower as soon as that day, there might be a chance to escape. How could I wait until this time when the overall situation is settled and come out again?"

Chapter 4212

Qin Chen's words fell, and everyone in the audience was silent. I have to say that what Qin Chen said did have some truth.

Several deputy hall masters glanced at each other, their eyes flickering, and they were hesitant.

Qin Chen snorted coldly: "Why, I'm all up to this point, don't you still believe me? As long as you follow me into the Guyu Pagoda, you will know whether what I said is true or false. Are you afraid of what?"

"inappropriate."

At this moment, Wending Tianzun shook his head and said, "This son is unidentified at this moment. He said that he attacked and killed Daojue Tianzun in a sneak attack. How could Daojue Tianzun be so easy to attack and kill? Even if he attacked, how could he hurt Daojue Tianzun? If he had some arrangement in the ancient Yu Pagoda, he wanted to lead me in, it would be dangerous..."

Qin Chen sneered and looked at Wending Tianzun: "There are so many deputy hall masters, are you still afraid of me?"

Asking Tianzun shook his head and said: "I'm not afraid of you. I'm just worried. After you entered the ancient Yu Pagoda, you suddenly fled. In the ancient Yu Pagoda, the evil spirit surged and you can't see your eyes. If you let you run away again, it will be troublesome. I want to find you again, it's hard to get into the sky."

As soon as these words were said, Xing Jiang Tianzun and the others flashed a trace of worry and nodded and said, "Yes, there is indeed such a possibility. It is your strategy to slow down."

"Funny." Qin Chen was annoyed. Are these deputy hall masters all idiots? I said it so obvious.

Blood Qi Tianzun also said: "Actually, the words of the aspiring Tianzun and the walking general Tianzun are right. You said that you attacked and severely wounded the sword to kill the Tianzun. However, with your cultivation base, I can hardly believe it. His own strength has sneaked into Daojue Tianzun. Therefore, your identity as a spy of the Demon Race is still questionable. How can I agree to let you enter the Guyu Tower?"

Many deputy hall masters nodded, which is also their concern.

Qin Chen said that he attacked Daojue Tianzun sneakily, and after severely wounding him, he was then beheaded, but they couldn't imagine how Qin Chen, such an acting deputy hall master, could sneak Daojue Tianzun.

Even if Qin Chen won more than 1,500 in the martial arts competition, in the eyes of everyone, it was completely impossible to be the opponent of Daojue Tianzun.

"Humph."

When Qin Chen saw this, his eyes were angry.

Hum!

In Qin Chen's body, a vast sword aura was released, and in an instant, the terrifying sword mood, centered on Qin Chen, suddenly swept away.

"Qin Chen, what are you doing?"

"Presumptuous, stop?"

"Stop him."

Boom boom boom boom!

The infinite sword aura bloomed, and suddenly, all the strong vice hall masters present changed color, and they suddenly burst into the power of Heavenly Sovereign in one of them who had been prepared.

Rumble!

The Wang Yang-like aura of Heavenly Venerable instantly settled in Qin Chen grandly, pressed down, and murderous aura surged. As long as Qin Chen made any rash actions, thunder would inevitably strike and suppress Qin Chen here.

Fortunately, Qin Chen's body surged with sword energy, but he only held it back, restrained in front of him, and kept shaking.

"The deputy hall masters are nervous, don't you doubt why I succeeded in attacking Daojue Tianzun? Think that I am an earth-zun, besides being a spy of the demon race, there is absolutely no possibility to kill Daojue Tianzun. What I showed was why I was able to sneak attack on Daojue Tianzun."

Qin Chen said this.

The other deputy hall masters were stunned, and when they looked at it, Qin Chen raised his hand and a golden small sword suddenly appeared in front of everyone.

"this is....."

Everyone was startled.

How does this thing look so familiar?

Suddenly, Zheng Tianzun stared, and said in shock: "I remember, this thing is..."

boom!

Before his words fell, the golden little sword suddenly burst out infinite sword energy, dense golden sword energy, surging crazily, instantly turned into a vast river, the river is vast, enveloping Qin Chen, a panic-like sky The breath suppressed the world, surging crazily.

"Roar!"

In the long river, nine golden alien beasts roared and galloped, staring at the many deputy hall masters in front of them, murderously.

The terrible light of sword light swept out, holding it without sending it, but only the momentum forced many elders and deacons far away, backing one after another, not daring to stare at the power of the sword river, as if the sword river only With a slight movement, they can be strangled into powder and into nothingness.

"Wan Jianhe!"

A shocked voice sounded from the crowd.

"Wanjianhe is indeed Wanjianhe."

"Treasure of Heaven, worth 100 million contribution points, domain treasure in the treasure hall."

"Although the exchange value of this item is not high, it is the top treasure in the treasure hall. For countless years, no one has met its conditions and exchanged it. Unexpectedly, it was controlled by Qin Chen."

"What a powerful breath."

The crowd was in an uproar, everyone looked at Qin Chen in amazement, with shocked faces.

The same goes for many deputy hall masters.

Wan Jianhe, they didn't want to exchange it before, but even their deputy hall masters, the Heavenly Venerate powerhouse, couldn't meet Wan Jianhe's conditions, and it was unexpected that Qin Chen would have met.

"Swordsman genius, there is no one in the world."

"How could it be possible that Tianzun couldn't move Wan Jianhe, how can Qin Chen move?"

"I remember, Tongtian sword pavilion, Qin Chen once entered the remains of the Tongtian sword pavilion and got the inheritance of the Tongtian sword pavilion. The reason why Wan Jianhe is extremely difficult to move is because it requires an astonishing understanding of kendo and the artistic conception of kendo. Is it because This one."

"It's no wonder that Tongtian Sword Pavilion is the top kendo power of the ancient human race. It is as famous as a craftsman. It is more powerful than my daily work. I don't know how much. If Qin Chen really arrives in the heritage of Tongtian Sword Pavilion, he can spur Wanjian River. That's over."

Many deputy hall masters were unbelievable at first, but after thinking that Qin Chen had inherited the Tongtian sword pavilion, they all suddenly realized.

It's really possible.

"Everyone, do you still have doubts? With this Wan Jianhe, and the origin of time I have, if you attack Daojue Tianzun, do you think you can't seriously hurt Daojue Tianzun?" Qin Chen said proudly.

silence.

There was silence.

Before, they did doubt Qin Chen because of this, but now Qin Chen revealed Wan Jianhe, and everyone woke up instantly.

Wan Jianhe is the top treasure of Heavenly Sovereign, with infinite power. Of course, Qin Chen's cultivation base is too low. Simply relying on Wan Jianhe may not be able to bring much damage to Daojue Tianzun. However, if the opponent urges the origin of time again, Coupled with a sneak attack, it may not be impossible.

Imagine carefully, if they were standing in the position of Daojue Tianzun, and without doubts about Qin Chen, the other party suddenly urged the origin of time, Wan Jianhe sneaked an attack, maybe it was really possible that he would have caught his way.

Chapter 4213

Qin Chen looked at the shocked people coldly, and said lightly: "Do you have any doubts now?"

The audience was silent, and many deputy hall masters frowned, but they didn't say a word, still in the shock of Wan Jianhe.

Putting away Wan Jianhe, Qin Chen said coldly: "Actually, I suspect that among you, there are still spies of the Demon Race. Therefore, I deliberately emphasized that I should see Lord Shen Gong Tianzun, so that I can identify the spies of the Demon Race. Tell out his secret, find out the spies of the demons in the work of heaven."

"However, you have to imprison me. Now Master Tianzun is absent. In order to protect myself, I can only tell this secret. As long as you follow me into the Guyu Pagoda, you will know whether what I said is true or false."

Qin Chen stared at the deputy hall masters: "At the scene, there are seven deputy hall masters, three heavenly veterans, and countless elders and deacons. With so many of you, are you still afraid that Qin Chen won't succeed?"

"Or in other words, among you, there are spies of the Demon Race, so they are obstructed in every possible way?"

This statement came out.

Many deputy hall masters looked at each other, and their hearts jumped.

There are demons spies among them?

What a joke.

"Humph, what are you talking about?" General Tianzun snorted coldly.

"If not, why should you be nervous?" Qin Chen snorted coldly.

Many deputy hall masters frowned.

At this moment, the ancient craftsman Tianzun suddenly frowned, as if he had sensed something. Soon, he walked out of the crowd and stood in front of the crowd.

"Everyone." Ancient craftsman Tianzun's eyes were deep: "I feel that what Qin Chen said has some truth. We are so many powerful people, are we afraid that Qin Chen won't be able to run away, so let him try. He can really find the spies of the demons and prove himself innocent."

The eyes of the deputy hall master present flashed.

Perhaps this is indeed a way.

"But if he escapes in Guyu Tower..." Xing Jiang Tianzun hurriedly said.

"It's very simple." The ancient craftsman Tianzun looked around: "We have seven deputy hall masters and three great elders at the scene. You can start the lottery and let the three Tianzun enter the Guyu Tower and arrange the formation. Then, The remaining three Celestial Masters and Qin Chen entered

the Guyu Pagoda together, and the remaining four Celestial Masters were guarding outside, waiting to exchange information. If there is an accident, they can also come in."

"In this way, I'm afraid that Qin Chen can escape or not?" Ancient Craftsman Tianzun said lightly.

Everyone meditated, and first let the three heavenly venerables arrange them inside, and then the other three heavenly venerables brought Qin Chen into it together. In this case, if Qin Chen could escape, then they would just die.

This is indeed a way.

"I agree."

"Then... I agree too."

A famous deputy palace master agreed, and if they disagreed again, they would inevitably not be suspected of identity.

Immediately, ten Tianzuns made a lottery.

The first to enter it is the Heavenly Venerable Blood Qi, the Heavenly Venerable Walking, and the Heavenly Venerable Wind Erosion.

"In that case, I waited for three people, and then went in first."

The three blood Qi Tianzun inserted tokens, and immediately entered the Guyu Tower at the same time, proving their innocence.

After Banzhuxiang, a message from the three of them came from the Gu Yu Pagoda. They had set up a trapped formation and could bring Qin Chen into it.

"go!"

The second group of three people are the ancient craftsman Tianzun, Zuo Tong Tianzun, and Wending Tianzun.

"I want to see how you can identify the spies of the demons."

Asking Tianzun coldly.

"hateful."

Jue Qi Tianzun was so angry that he couldn't get in, and his luck was too bad.

At the moment, the three Heavenly Lords led Qin Chen into the Gu Yu Pagoda.

As soon as they entered the Guyu Pagoda, the six heavenly venerables were ready to defend Qin Chen.

Qin Chen looked at the six people who were waiting, and couldn't help smiling: "You don't need to be so nervous, saying that I am not a spy of the demon, naturally not."

However, Zuo Tong Tianzun and the others did not relax and brought Qin Chen into the trapped formation. Although this trapped formation was temporarily arranged, its power was also extremely

terrifying. If it was them, they might not be able to break it in an instant. , And with this time, they could completely stop Qin Chen.

"Now let's talk about it, how do you identify the spies of the Demon Race?" Zuo Tong Tianzun stood up and said, "Why not start with me?"

He squinted his eyes and stared at Qin Chen with a vigilant expression.

The other deputy hall masters were also curious as to how Qin Chen recognized it.

Qin Chen glanced at Zuo Tong Tianzun, smiled and shook his head, "Hehe, don't worry, Zuo Tong Deputy Hall Master, you will come to the final test. Let's start with the elders and deacons. Let the elders outside Come in with the deacon one by one, I have my own way."

Start with the elders and deacons first?

Everyone frowned.

Ancient craftsman Tianzun said lightly: "Just do what Qin Chen said."

"Okay, I want to see what medicine you sell in the gourd."

Asking Tianzun to look at Qin Chen, the more unhappy he said with disdain.

At this time, they could only follow Qin Chen's suggestions.

Immediately, the first elder was brought in by Qin Chen.

The elder looked a little worried, entered the trapped formation, and looked at Qin Chen nervously.

Qin Chen smiled and said, "If you are not the spy of the Demon Race, don't be nervous."

Qin Chen's voice fell, with a hand on his head, and six other Heavenly Venerables. This elder was not good at resisting, so he could only obey Qin Chen's instructions.

Hum!

The power of evil spirit in the Gu Yu Pagoda quietly surged, and it was actually lingering above the elder's head under Qin Chen's urging.

"hiss!"

The six deputy hall masters all took a breath, and the eyes of the ancient craftsman Tianzun and others burst into light.

Qin Chen could really urge the evil spirit in this ancient Yu Pagoda?

The power of evil spirits in the Guyu Tower is extremely special. Even if they are they, they can't move it at all. At most they are trying to blend into it during the refining, but they can't be actively controlled. They are all passively absorbed.

But now, that evil spirit, under the urge of Qin Chen, really lingered over the elder's head, making them not shocked.

Everyone stared at it.

But Qin Chen looked calm. He could absorb the power of creation. Although he couldn't absorb it now, there was still no problem in inducing a trace.

"Well, this person is not a spy from the Demon Race."

After a while, Qin Chen nodded and said.

"No?"

Asking Tianzun frowned.

"Change to the next one."

Qin Chen said.

The other deputy hall master nodded and immediately let the next elder in.

"Neither is this!"

Qin Chen felt for a moment and said again.

The third one is still not.

The fourth is still not.

The same is true for the fifth.

Suddenly, the six deputy hall masters present frowned. This Qin Chen didn't fool them, right?

"None of them, then who is it?" Wending Tianzun was annoyed: "Everyone, I don't think there is any need to accompany him to continue playing. Just suppress them, why bother?"

"What is the urgency?" Qin Chen glanced at him with disdain.

In fact, Qin Chen couldn't identify the demon spy through his evil spirits, only to prove his innocence and deliberate means.

[Chapter 4214: Blew decisively](#)

"Don't you think that heavenly work is a spy?" Qin Chen retorted.

It was Qin Chen's purpose, to directly identify the spies who had been fighting with him before, so that he could prove his innocence, otherwise he would have verified the six deputy masters.

But who knows how many of them are not spies after they are called in, how can Qin Chen see through each other?

What Qin Chen can recognize is nothing more than the one he fought against him in the ring. The so-called Guyu Pagoda inspection is just doing scene work to increase the credibility.

"Ask the Vice-Hall Master to be safe and restless, and give him more time." Ancient Craftsman Tianzun said.

Zuo Tong Tianzun and others also nodded.

Then, the elders below, continue to come in.

"Ok?"

As soon as this elder came in, Qin Chen's heart suddenly moved.

Because this person was exactly an elder who had fought against each other and proved to be a spy of the Demon Race.

This elder looked around with a nervous expression and slowly came to Qin Chen.

The previous elders also had the same expression, but no one doubted it.

Qin Chen sneered in his heart, "Pretend, continue to pretend. I originally wanted to see through you later, but for the sake of my innocence, I am sorry."

A force of evil spirit lingered on the elder's head, and at the same time, Qin Chen used the power of creation to cover, and the power of the dark king's blood in his hand quietly moved, quietly submerging into the other's head.

"Ok?"

Zuo Tong Tianzun's gaze suddenly flashed, and in a vague way, he felt a hint of darkness.

Just before he could speak, Qin Chen took a step back abruptly and said sharply, "Everyone, this person is a spy of the Demon Race."

Several deputy hall masters looked over in shock.

"No, I'm not...Vice-Hall Masters, I'm not... Qin Chen, what do you want to do with your blood? I think you are the spy of the Demon Race."

The elder paled suddenly, then looked at Qin Chen angrily and roared.

However, before his voice fell, a power of darkness suddenly swept out of his body, and the whole body was enveloped by the power of darkness, sweeping all directions.

I fuck!

The elder was stunned instantly, what's going on? I obviously didn't urge the power of darkness, why did this power of darkness suddenly explode by itself?

"The power of darkness?"

Zuo Tong Tianzun and others were shocked and angry.

Qin Chen sneered, sorry, you didn't urge the power of darkness, I can only take the initiative to make the power of darkness in your body explode, who wants me to prove my innocence.

And this elder also reacted instantly, this is not the time to be stunned.

"go!"

He looked furious, and was about to rush towards the exit of Gu Yu Tower for the first time.

"Death."

Zuo Tong Tianzun reacted the fastest, booming, with his big hand sticking out, the pitch-black palm suppressed at him like the sky, the elder roared and hurriedly resisted.

However, how could he withstand Zuo Tong Tianzun's capture, his strength, but the pinnacle Earth Zun, even with the power of darkness, is at most equivalent to half a step Tianzun, and was instantly captured by Zuo Tong Tianzun. , Kneeling on the ground, unable to move.

"No, I'm not a spy of the Demon Race, let me go, it's you, it's you who framed me." The elder roared at Qin Chen.

However, no one can trust him. The power of darkness on this person clearly shows his identity as a spy of the demons.

Outside of the formation, the few elders who passed the examination before were dumbfounded.

This.....

It is unbelievable that the demon spy was actually identified.

However, in the crowd, there were also suspicions looking at Qin Chen, because if Qin Chen himself was a spy of the demons, it would not rule out the possibility that Qin Chen framed him.

Qin Chen frowned and said coldly: "Everyone, I have found the spies of the Demon Race. What are you going to do with me? If you don't believe me, you can search for his space objects, maybe you can find some evidence. Not necessarily."

Zuo Tong Tianzun immediately found all the objects in the space from him, directly blasted the spiritual mark, and entered it to investigate.

Under normal circumstances, the deputy hall master cannot inquire about the storage space of the elders at all. Let alone the elders, the deacons are not good. Everyone has their own secrets. This is normal.

But now it is a special situation, and Zuo Tong Tianzun will naturally not comply.

After searching for a while, suddenly, the left pupil Tianzun's eyes condensed.

From this person's storage space, Zuo Tong Tianzun found a communication array. This communication array was simple and complex, with the breath of the Demon Race lingering on it, and it was obviously a thing of the Demon Race.

When the elder saw this, his face suddenly changed.

"What else do you want to explain?"

Zuo Tong Tianzun shouted angrily.

If it's just a coincidence, it's fine, but if two coincidences are together, how can we not be sure of the identity of the spy of the other Demon Race?

"No, I am not....."

This elder still has to quibble.

Zuo Tong Tianzun snorted coldly, and a terrifying soul power suddenly struck the elder.

"Zuo Tong Tianzun, what are you going to do?"

The other deputy hall masters all changed color.

Zuo Tong Tianzun actually wanted to search for the other's soul.

This soul search technique is extremely evil. If the opponent is just a holy lord, he can easily search for the soul, but now the opponent is an earth-zun elder, even with the powerful soul of Zuo Tong Tianzun. Once the soul is searched, this person is light. He becomes an idiot, but his soul collapses and he is killed on the spot.

Such behavior is not allowed at all.

Zuo Tong Tianzun coldly snorted: "Everyone, what are you still hesitating about? Don't all follow me. Now, either this Qin Chen is a spy, or the elder is a spy. Only the soul searcher can know who. That's the spy."

The other deputy hall masters hesitated for a moment.

"what!"

This elder roared suddenly, and the power of darkness suddenly surged.

Rumble!

Without waiting for Zuo Tong Tianzun to search for his soul, he actually blew himself up, and his body exploded directly.

This elder at the top of the earthly respect, without hesitation, blew himself up.

A pinnacle earth-zun, facing the soul search, without any hesitation, blew himself up without hesitation, a powerful shock wave swept away, and the terrifying roar instantly enveloped the entire ancient Yuta tower.

Even outside Gu Yu Pagoda, someone felt a slight vibration.

"Elder Zhennan!"

The endless explosion dissipated, and Zuo Tong Tianzun looked gloomy and roared. In front of him, it was the terrible light emitted by the sleepy array, which blocked most of the elder's explosive impact, and left Zuo Tong Tianzun unscathed.

However, the anger in Zuo Tong Tianzun's heart could not be extinguished.

This elder blew himself up without hesitation, and completely confirmed his identity as a spy of the Demon Race. If he was not a spy, why did he blow himself up?

If he doesn't blow himself up, the six deputy hall masters joined forces, and maybe he might still survive after the soul search.

But blew up and there was nothing left.

"Spirit, **** spy of Demon Race." Zuo Tong Tianzun roared.

Chapter 4215 Demon Ancestor Demon Ancestor

The fluctuations in Guyu Tower were also transmitted to the outside world, allowing other elders and deputy hall masters to perceive it.

Soon, the messages of inquiry came out.

Outside, the Heavenly Weapon and the others who guarded here also received a message from Zuo Tong Tianzun and the others.

Suddenly, all the faces changed drastically.

Demon spies.

Qin Chen actually found the spies of the Demon Race.

The elder Zhennan is a spy of the demon clan, not only exposed the dark power of the demon clan, but also discovered the communication formation of the demon clan's contact, and even more so when searching for the soul, he would rather blow himself up than prove his innocence.

"Then what Qin Chen said turned out to be true?"

Outside, the remaining Heavenly Venerable Absolute Weapon, Zheng Tianzun, and the other two great heavenly veterans all showed shock and amazement.

Immediately, many elders from the outside world also knew the news that Elder Zhennan was a spy of the demons, and they were in an uproar and made an instant sensation.

One stone stirred up a thousand waves.

There was an uproar in the secret realm of the work headquarters throughout the day.

"Everyone, can this prove my innocence?" Qin Chen looked at everyone lightly.

"No, I can't explain yet." Zuo Tong Tian Zunhan said.

"This can only prove that this person is a spy of the Demon Race, but it can't prove that you are not. If you are too, your status must be higher than that of the elders of Zhennan. Otherwise, why did he blow himself up, perhaps, just to protect you."

Zuo Tong Tianzun said.

Suddenly, everyone changed color.

Indeed, it is really possible.

If Qin Chen was also a spy of the demons, he could indeed devise a bitter trick to prove his innocence.

Therefore, even if the elder Zhennan is a spy, Qin Chen cannot be sure that he is not a spy.

"by."

Qin Chen was speechless. Brother, you can answer this, so how can I prove myself?

"According to you, I must be a spy of the demons?"

Qin Chen said coldly.

Fuck, what does this mean.

Zuo Tong Tianzun said in a deep voice: "Naturally, it may not be necessary. However, just a spy of the demon clan does not represent your innocence. Didn't you say that you can find all the spies? If we can find all the spies, then we will trust you."

"You are ruthless."

Qin Chen was speechless.

However, this is really a way.

If the elder of Zhennan blew himself up, if it was to protect Qin Chen, then it was obvious that Qin Chen's position was higher than that of the elder of Zhennan.

But no matter how high the status is, for the demon spies, they have to weigh the value.

If Qin Chen is a spy, it is indeed more valuable than a single elder of the southern town.

But compared to the spies in the whole day's work, Qin Chen's status is not comparable. If all spies are sacrificed and Qin Chen is protected, then the gains outweigh the losses.

The purpose of Zuo Tong Tianzun's doing this is to prevent Qin Chen from being a spy, and the other party uses a bitter trick to cover it, but if Qin Chen can find all the spies, then it will naturally prove that Qin Chen is innocent.

Even if Qin Chen is still a spy by then, with sufficient precautions, Qin Chen's role will be infinitely weakened, until the return of Shen Gong Tianzun, then Qin Chen will naturally have nowhere to hide.

I have to say that this idea of Zuo Tong Tianzun is really too vicious.

However, it is also extremely effective.

Even Qin Chen rolled his eyes a little, and could come up with such a cruel idea. The possibility that Zuo Tong Tianzun was a spy of the Demon Race was also reduced in Qin Chen's heart.

Because he is cruel to the demons.

"Okay, then I'll look for it."

Qin Chen was speechless.

However, Qin Chen didn't think that finding a spy would prove his innocence. Anyway, he started to find one, but he could find more, it didn't make a difference.

It just so happened that when the more than a hundred spies that challenged him before, they all found out.

At the moment, Qin Chen continued to verify.

An elder came in, and half an hour later, when the fifth one came, the second spy was found again.

boom!

This elder did not blow himself up, but under Zuo Tong Tianzun's soul search, a dark force suddenly erupted in the other's soul sea, which directly annihilated the elder's soul. It was a suicidal action, and also let Everyone found nothing.

Another one died.

Next, Qin Chen continued to search.

The third.

the fourth.

the fifth.....

In one day, Qin Chen found out thirteen.

The news broke and the whole day was a sensation.

It was shocking.

In one day, thirteen spies were found.

Moreover, a total of less than a hundred elders and deacons were tested, and the spread of such news made everyone discolored.

After finding out the thirteen spies, Zuo Tong Tianzun and the others looked at Qin Chen's expressions, and they also became kinder, no matter what, Qin Chen was indeed constantly finding spies.

It's a pity that these spies can't search for souls at all. They have the power of darkness in their minds, and they will explode directly, making Zuo Tong Tianzun and the others angry.

Next, Qin Chen continued to investigate.

In addition, in the secret realm of the Tiangong headquarters, all elders and deacons had to be tested.

For three days, Qin Chen found a total of 31 spies.

And Qin Chen was also very tired. He had to mobilize the power of creation once without a test. It was very laborious. Besides, he also had to mobilize the power of the Dark King's blood.

However, every time he urges the Dark King's blood, he must be extremely cautious, and he can't let many deputy hall masters realize that it is from him. Tired can be.

So after three days, Qin Chen asked to take a day off and continue the test on the fourth day.

Ancient Craftsman Tianzun and the others discussed and agreed, and at the moment, there are several deputy hall masters guarding here, and other deputy hall masters will also be shifted.

now.

Within the territory of the demons.

This is a vast void of demons, with demonic energy soaring into the sky, like purgatory.

In this purgatory, many magic stars are suspended, and the endless demon energy emanating from these magic stars turns into a vast river of magic, winding and flowing.

In the magic river, all kinds of visions manifested, there are stretches of mountains, vast rivers, there are floating stars, and visions are everywhere.

Among them, in the middle of the Demon River, there is a huge magic star, and on the magic star, a huge black figure that stretches across the entire star appears.

With every breath of this black figure, the magic river with a diameter of more than tens of thousands of miles will be filled with black magic energy, endless magic energy shoots, and every breath will cause a party to scream in the void, countless mountains are destroyed, and the magic river is cut off. , The magic star exploded, the magic energy was flying... Fortunately, there were no other creatures in the entire magic energy purgatory void.

"Mozu Mozu..."

At this moment, a sound of horror suddenly spread. In the distance, a towering figure flew in frantically, looking anxious.

"Who interrupted my deep sleep."

The rumbling voice of the ancestor of the abyss resounded throughout time and space, and only a few of the magic stars in the endless magic river were directly squeezed out, and a towering dark figure stood up on the huge magic star, exuding an endless terrifying aura. , He spoke casually, and the roar that broke out could shake the sky.

The ancestor of the deep demon was extremely angry.

How long has passed since, I was awakened again.

Chapter 4216 Strong Family Gathering

The ancestor of Yuanmo was angry and roared.

boom!

The monstrous magic flame is boiling.

In the distance, that towering figure squabbled on the ground hurriedly and respectfully.

The angry breath of the ancestor of the deep demon directly bombarded him, shaking him in his body, and vomiting blood on the spot.

But this majestic figure did not dare to move, but trembled.

At the same time, he yelled in horror: "Master Demon Ancestor, the big thing is not good, the big thing is not good."

His expression was nervous, and he was obviously shocked.

This made the ancestors of the Abyssal Demon sink. What happened to make his subordinates so nervous, he would rather wake himself up, be punished, and do such things.

"Let's talk about it, what happened?"

The ancestor of Yuanmo stared at him and said with a cold voice.

He also knew that if the other party had nothing to do, it was impossible to wake him up.

"Master Demon Ancestor, it is Qin Chen."

The towering figure hurriedly said.

"It's him again?" The ancestor of the deep demon looked at the towering figure with Bingham, and said in a deep voice: "Didn't you let all the people who work in the sky be lurking, huh, even if that kid sees through Daojue Tianzun, What can you do? Tell me, what tricks did he come up with? The previous information, or he hadn't come out in the ancient Yu Pagoda, has he come out now?"

"No, Lord Demon Ancestor, it's not right, yes, that Qin Chen has indeed come out of the Gu Yu Pagoda." The towering figure looked anxious and spoke a little bit upside down.

"Trash one."

boom!

The terrifying aura of the ancestor of the deep demon directly suppressed him, his expression was angry, and he couldn't argue, "What is it and it is not, you can tell me clearly, what happened to Qin Chen? Just like you, what happened to the ancestor? Give the Abyss Demon Race to your command? It's all waste."

The anger of the ancestor of Yuanmo.

This majestic figure finally awakened a little at this time. He recovered and hurriedly said: "Old ancestor, I mean that Qin Chen did come out of Guyu Tower, but he is searching everywhere for my demon to work in heaven. My spies, the spies I worked for in just three days, more than 30 people have been identified."

what?

boom!

On the ancestor of the deep demon, a terrifying aura like a vast ocean suddenly swept out, and the eyes of the demon **** stared at the towering figure, full of anger.

"More than 30 agents of the Mozu working in the sky have been found out? What's the matter? Didn't the ancestor tell you to tell those guys not to do anything? Did you... give another idiotic order? "

The ancestor of the deep demon was furious.

The number of Mozu spies in the heavenly work is indeed extremely large, but no matter how many spies, more than 30 people have been found. This is definitely a shocking number.

It is even equivalent to the number of demon spies that have been cleared in these tens of thousands of years.

The first thought of the ancestor of the deep demon was that he gave another idiotic order, which was discovered by the man who worked in heaven.

"No subordinate, it's Qin Chen..."

The towering figure hurriedly defended: "The information that his subordinates got from Heaven's Work is like this..."

Immediately, the towering figure told the ancestor of the Yuanmo in all the information he had obtained from the work of heaven.

"What? Using Gu Yuta's evil spirits, can we distinguish the spies of our Demon Race? How is it possible?"

The eyes of the ancestor of the deep demons were shocked.

He felt incredible.

"Guyu Pagoda is a treasure made by ancient craftsmen. It contains the power of ancient creation in the legend. It has been inherited from the present. Even the gods of the gods cannot control it. It can only be used to refine treasure soldiers. How can Qin Chen The one that motivated the evil spirit?"

The ancestor of Yuanmo muttered.

"The power of creation?"

Next, the towering figure looked astonished. Obviously, he didn't understand what the power of creation was mentioned by the ancestor of the deep demon. However, he had also heard of such treasures as Guyu Pagoda. It seems that the ancestor is facing Guyu Pagoda, obviously It is to understand something.

Seeing that the ancestor of the deep demon frowned: "That Qin Chen can't be cultivated to the realm of the earthly respect, it is impossible to control the ancient Yu Pagoda. Moreover, even if he really induced the ancient Yu Pagoda, he has never heard of the power of creation. I can recognize the power of darkness."

Compared with the towering figure, the ancestor of Yuanmo knew much more than him.

Therefore, the ancestor of Yuanmo also felt a lot of doubts.

"Then Qin Chen is very likely to be the successor of that one. In ancient times, this person once intervened in the confrontation between our human and demons. He seemed to have some forces with the Jizong, Tongtian Sword Pavilion, and Craftsman. What's the secret?"

The gaze of the ancestor of Yuanmo became deeper and deeper.

In the eyes of the ten thousand people outside, his demons still have the upper hand on the battlefield of ten thousand people.

However, the ancestor of the Abyssal Demon, who is a player in the game, knows very well that since the rise of the Human Race Xiaoyao Supreme, the human race has risen again since the defeat after the war in ancient times.

Now, Qin Chen's rise reminded him of some unpleasant experiences in the rise of Xiaoyao Supreme.

"Then kid, how did you use Gu Yuta to discover my spy from the Demon Race?"

If the ancestor of the deep demon had hair, it would have been shaved off.

Confused.

However, no matter how doubtful it is, what happened in the work of heaven is real.

In three days, more than 30 spies were found. If this continues, it won't be long before the spies of his demon clan in the heavenly work will have nowhere to hide. The demon clan's layout for countless thousands of years will also fall short.

Can't just wait and die.

A cold light burst into the eyes of the ancestor of the deep demon.

"For me, immediately notify the leaders of the Bone Race, the Zerg Race, and the Ghost Race to come and discuss."

Longlong said the ancestor of the deep demon.

The towering figure was shocked and hurriedly said: "Yes!"

Inform the three powerhouses of the Bone Race, Zer Race, and Ghost Race, what is the ancestor doing? Do you want to go to war with the human race?

He didn't dare to neglect, and knew that the matter was urgent, and soon delivered the news.

And at the moment.

At the work headquarters, one day later, Qin Chen started looking for spies again.

A famous elder and deacon were arranged to enter the Guyu Pagoda for investigation.

This time, three days passed.

Qin Chen once again found out twenty-five Mozu spies.

But three days later, Qin Chen asked to rest again.

In seven days, a total of nearly sixty spies were found, and the work was shaken.

The seven Vice-Hall Masters such as Ancient Craftsman Tianzun and Zuo Tong Tianzun, at this time also couldn't care what the Shengong Tianzun was dealing with, and kept passing on the matter to Shengong Tianzun.

It should be noted that in only seven days, nearly sixty demon spies have been identified. Moreover, the number of elders and deacons who have passed the test is only close to one third. If all tests are completed, how many will there be? Demon spies?

Chapter 4217 Ten Thousand Bone Supreme

No one dared to imagine.

For a time, the secrets of the Tiangong headquarters were rumbling. This large-scale detection made the remaining seven hall masters look alert, and no one dared to deal with such things.

They can only be at ease when the godly work Tianzun returns.

Fortunately, under their constant communication, Shen Gong Tianzun finally received the news, and after hearing the news, he was shocked.

He immediately said that if he was given another three months, he would definitely return to the secret realm of the headquarters within three months.

It was really such a thing that was too big, even if Shen Gong Tianzun had something important, it couldn't be ignored, and he would definitely rush back as soon as possible.

Hearing the news of Shen Gong Tianzun, Zuo Tong Tianzun and they all breathed a sigh of relief.

The pressure is too great.

Regardless of whether they are the deputy hall masters, such a big thing, they can't be the master.

Now that they finally knew that Master Tianzun was coming back, they all breathed a sigh of relief. Although it would take about three months, they all found the feeling of mastery.

"Three months. As long as you wait for three months, Lord Shen Gong Tianzun will return. By then, we will all be relaxed."

In the discussion hall, the seven deputy hall masters were relieved.

"However, before the return of Master Tianzun, I propose that Tianjiao shall implement martial law, and no one shall go out. Martial law will also be implemented in the secret realm of the headquarters." Ancient craftsman Tianzun said solemnly.

This is just in case.

In three days, nearly sixty Mozu spies were found. Once this news reaches the Mozu, it will definitely cause a shock. Who knows what the Mozu will do.

"Besides, I propose that the news of the Godgong Tianzun's three-month return, except for the seven of us, does not need to be told. Even other Tianzuns are tight-lipped." The ancient craftsman Tianzun scanned everyone.

"This....."

? Zhengtianzun frowned slightly.

"This is to prevent Master Shen Gong Tianzun's whereabouts from being known by the Demon Race, a necessary move." Ancient Craftsman Tianzun stared at everyone.

"Never mind."

"agree."

Now that it is for this reason, naturally no one disagrees.

Immediately, working all day, began to take strict care.

Considering the special circumstances, although many elders and deacons expressed their incomprehension at first, in the end everyone agreed to the plan.

Gu Yu Tower.

Qin Chen was tired enough.

Nearly sixty Mozu spies were found, and the attitude of the Seven Vice-Hallmasters toward him has changed a lot, but they also did not relax their vigilance against him.

"Qin Chen, don't have psychological pressure. Master Shen Gong Tianzun will return in three months, and your innocence will naturally be washed away at that time." Ancient Craftsman Tianzun said with squinting eyes.

Qin Chen was overjoyed in his heart, and within three months, he could afford to wait.

"No problem, but this time, I may have to rest for two more days."

No way, the power of creation for this first time is too scarce. Every time Qin Chen urges the power of creation, it wears a lot, not to mention, under the eyelids of so many powerful people, he has repeatedly urged the power of the Dark King's blood. , The risk is not small.

"No problem, you can even go back to your mansion to rest." Ancient craftsman Tianzun smiled.

Qin Chen immediately took a deep look at Ancient Craftsman Tianzun, "Then thank you Master Ancient Craftsman Tianzun."

The ancient craftsman Tianzun said lightly: "You don't have to thank me, the other deputy hall masters have also agreed. At least, so far, it is more likely that you are not a spy of the demons."

"But." The ancient craftsman Tianzun said again: "When you are resting in your mansion, I will wait for the seven deputy hall masters and will take turns to guard the outside of your mansion to prevent any accidents. You will not refuse this. Right?"

Qin Chen smiled: "Do I have the right to refuse again?"

"No." Zuo Tongtian said coldly.

"That's not enough."

Qin Chen spread his hands, making it as if he could refuse, so he had to build a false democracy?

Asking Tianzun smiled and said: "You don't need to be too depressed. Three months will pass soon. What's more, I'm waiting to protect you. You've been tired lately and I'll know that, as long as you three All the elders and deacons can be tested within a month. You are my dearest baby now, so how can we be willing to surprise you."

Qin Chen mocked: "Okay, for my good, I know everything."

They all came out, pretending to be a big girl.

Good for me?

Really, I didn't know it was watching me?

Forget it, I'm too lazy to argue with you.

"I applied for it."

On that day, Qin Chen left Gu Yu Pagoda and returned directly to his residence.

He raised his head and stared at the sky.

The eye of creation moves.

Hum!

Suddenly, all kinds of avenues crisscrossed the sky above the island of God of Craftsman.

Qin Chen watched carefully, and closed the eye of creation until the loss of the power of creation was too much to bear.

At the corner of his mouth, a slight sneer was outlined.

Interesting, so interesting.

I want to see, what the **** are you going to do?

At this moment.

The vast universe, a starry sky.

Here is a lonely universe, filled with heavy dead air everywhere, like a dead water, without the slightest breath of life.

It can be said that here is a void that has long since withered and died. Normally, no one will pass by.

But today.

boom!

boom!

boom!

Three terrifying auras suddenly descended on this world. These are three majestic and boundless figures. Everyone is like a god, with endless terrifying aura surging from his body. Where these three people pass is a dead-water starry sky. Crazy retreat, unable to get close to them at all.

Even where they stand, the rules of that universe are controlled by them, as if they have become the gods of this world.

Among them, one person is full of bones, sitting on a bone throne. It is the leader of the bone clan. Wherever he goes, the void of his body is twisted into a whirlpool, as if it has become a domain of death.

The other person was standing on a nest made up of countless ugly pitch-black bugs. The nest was tens of thousands of kilometers long, so majestic and boundless, it made people feel chills at first glance.

As for the third one, it was a dark shadow, which seemed to be between the matter and the soul, faintly, but exuding an icy breath that even freezes the universe.

"Ten Thousand Bone Supreme, I didn't expect you to be here too!"

"Insect King, you are not here too."

"The devil ancestor is summoned, how dare I wait to come."

These three powerhouses stared at each other and said.

These three people are all strong in the top races of the bones, zerg, and ghosts in the universe, and they can be regarded as the three big races under the command of the demons.

Other races, although there are many strong ones, compared to the Zerg, Bone Race, and Ghost Race, their overall strength is a bit inferior.

"I don't know what the devil ancestor summoned me this time."

The three powerhouses have solemn expressions in their eyes.

[Chapter 4218: Thankless](#)

The demon ancestor summons, such things are not common, and they often happen only when big things happen.

And when the three were talking.

boom!

Suddenly, between the heaven and the earth, a terrible magic light swept over, rumbling, like a vast ocean of magic power, pouring down, vast and unparalleled, and instantly enveloped the world.

Suddenly, whether it was the bones of Ten Thousand Bone Supreme, the mother's nest of the Insect Emperor, or the ghost mythical creature of the Evil Ghost Supreme, they were all quickly oppressed and rumbling.

The face of the three powerhouses has changed slightly.

This is, the Demon Ancestor has come.

Amidst the vast demon power, a phantom of the demon ancestor that reached the sky came down, and it was the ancestor of the abyss demon.

"I have seen the Demon Ancestor."

The three powerhouses all bowed and saluted.

Today's three major races all rely on the demons, so naturally they dare not stray in front of the demons.

"Very well, you are all here."

The ancestor of the deep demon descended, instantly forming a demon seat under him, and then sat on it, the three powerful men all leaned sideways below to show respect.

"I don't know what the devil ancestor called me to wait." The three strong men all bowed.

"Okay." The ancestor of the deep demon scanned the three of them, and then rumblingly said, "I am calling you to come today for Qin Chen who is working in heaven. I wonder if you can hear about it."

"Qin Chen?"

The three powerhouses are all startled, one by one.

What do they think the devil's ancestor is calling is for a disciple in the work of heaven, which surprised them.

Let alone a disciple of Tianzuo, even if it is the entire Tianzuo, it may not be worth the three of them to come together and let the ancestor personally call.

Unless it is a general attack on the Heavenly Work of the Human Race, or the beheading of the God-worked Tianzun, it is worth their intervention.

However, despite the doubts in his heart, there was not the slightest color on his face.

The three of them respectfully said: "The Demon Ancestor, did you say that it was the kid who was rumored to have the origin of time and defeated more than a thousand experts in the secret realm of the Tiangong headquarters?"

"It's him."

The demon ancestor nodded, "The little guy named Qin Chen who has emerged from the human race in the work of heaven has improved very quickly, and the origin of this person is extraordinary, not as simple as you think."

The eyes of the three powerhouses condensed, making it difficult for the Demon Ancestor to say, it is certainly not easy.

The three powerhouses suddenly became puzzled and curious about what Qin Chen was capable of and what origin.

"This time, I summoned three people because they are excluding my spies from the Demon Race. This person can control part of Guyuta's power and identify my spies from the Demon Race."

what.

Guyu Tower?

The hearts of the three powerhouses rolled up the stormy sea.

They wouldn't care about Qin Chen alone, but when it came to Gu Yuta, they were shocked.

Guyu Pagoda, the top treasure in the universe, has spread from ancient times to the present, even if it is made by ancient craftsmen, it is extremely mysterious.

Rumor has it that in ancient times, no one could control it. In modern times, for countless tens of thousands of years, Tianzun Shengong, and even Xiaoyao Supreme of the human race, tried to control this ancient Yuta. However, they failed to succeed. The speculation of the ten thousand races.

Everyone guessed that this thing might even be a treasure beyond the supreme realm.

Otherwise, how can it be impossible to control with the power of Xiaoyao Supreme.

As the leaders of the ten thousand races and the top powerhouses, they naturally know more than ordinary people. Once they control such treasures, they will inevitably cross the universe and be invincible.

In fact, all races coveted this thing very much, but this thing is in the secret realm of Tiangong Headquarters, within the territory of Human Race, no one dares to act rashly.

In fact, as early as hundreds of millions of years ago, when the Mozu attacked the ancient artisan headquarters, they tried to take away the ancient Yuta, but they failed.

Now, how can they not be shocked to say that a young disciple who works hard can control Gu Yuta?

"Master Demon Ancestor, is this true?"

Although even knowing that the Demon Ancestor can't talk nonsense, the three powerhouses are still shocked.

"Naturally it is true."

The ancestor of Yuanmog glanced at the three powerhouses indifferently, "However, the control I'm talking about is not a complete control, but only a tiny bit of power."

"But even so, it is no trivial matter, and the origin of this child is not as simple as you think."

"More importantly..." the ancestor of the deep demon said solemnly: "This person has been in the secret realm of the Tiangong headquarters, and the ancestor suspects that if he is allowed to continue this way, the human race will have another **** like The powerful existence of Gong Tian Zun may one day in the future even become a character like Xiaoyao Zhi Zun... In the future, it will be difficult for us to kill him and must be eradicated as soon as possible."

hiss!

Suddenly, there were countless air-conditioned sounds on the court.

Who are the three powerhouses? The leaders of the three major races were all taken aback by the words of the ancestor of the Abyss Demon.

To become a Xiaoyao supreme existence, the ancestors paid too much attention to this person, right?

Who is Xiaoyao Supreme? This is the existence that rescues the human race from being oppressed, and even rises again.

If there is another master like Xiaoyao Supreme in the human race, then the situation on the battlefield of ten thousand races will definitely change dramatically.

"As the Master Demon Ancestor said, of course it must be eradicated as soon as possible." Zerg Clan Insect Sovereign looked cold, "How to eradicate? That is the core of Heaven's work! Human family's sphere of influence, if you want to kill this person, you must at least send the peak of heaven, But if Tianzun Tianzun breaks into the secret realm of the working headquarters that day, he will inevitably be attacked by the fire pillar of Tiangongtongtian, then..."

The Zerg Zerg King did not go on, but everyone knew what he meant.

The work of heaven is terrible, and even the three major races know how many gods have been refined for the Human Race for hundreds of millions of years of work that day? Has long been regarded as a thorn in the eye and a thorn in the flesh by the demons.

But he still survived well, naturally because it was extremely difficult to attack.

Shengong Tianzun itself is the pinnacle Tianzun, no matter how strong the peak Tianzun enters it, no matter how strong the peak Tianzun enters it, it will fall inside.

Suddenly, the three powerhouses all changed color.

The purpose of the ancestors of the deep demons, wouldn't it be that they wanted their three major forces to send the pinnacle Celestial Lord to join forces to attack Heavenly Work, right?

How can this work.

The pinnacle Heavenly Sovereign, as far as any race is concerned, is the top combat power, the fall of one is a huge loss, how can he be willing to do such risky things.

"Ancestor, working that day was very dangerous. In order to protect the secret realm of its headquarters, the human race itself was in a dangerous situation. If it rashly sends a strong person to it, I am afraid it will be thankless."

"Yes, ancestors, although Shengong Tianzun is only the peak Tianzun, but he has cultivated and reached the peak. He has been a top Tianzun powerhouse countless thousands of years ago. In addition, the secret of the Tiangong headquarters is its base camp. I am afraid that I will wait. No matter how many Pinnacle Heavenly Sovereigns are sent there, they will not escape death."

[Chapter 4219: More than 80%](#)

"In the secret realm of the working headquarters that day, Shengong Tianzun should be invincible at the pinnacle Tianzun realm."

Ten thousand bones supreme, evil ghost supreme, all hurriedly said.

It's not that they are afraid of work, but that their three major races are far from the Demon Race. If they lose all of them, they will inevitably feel heartache.

"Humph."

The ancestor of the deep demon snorted coldly, and suddenly, the terrible demonic energy surged on the court.

"Everyone is panicking, why do you want to shirk it before the ancestor has finished speaking?"

The ancestor of Yuanmo coldly looked at the three powerhouses, he still didn't know the purpose of these three powerhouses, naturally he didn't want to lose the powerhouses in the clan.

The three powerhouses hurriedly said: "Master Demon Ancestor, I didn't mean that."

"Don't worry." The ancestor of the Yuanmo snorted coldly, "The god-worker Tianzun who worked that day was not in Tian-work. Now there are only seven deputy hall masters who are in Tian-work!"

Shen Gong Tianzun is there?

The three powerhouses are all startled.

"Master Demon Ancestor, are you sure about this information?"

In the work of heaven, the most daunting thing is the Heavenly Master of Divine Workers, who is the peak heavenly master. The many secrets and cards in the whole work of heaven are controlled by him. As for the other heavenly masters, they are not so afraid.

In fact, the three major races are naturally aware of some information about Tianwu.

For example, Treasures such as the Heavenly Pole Fire Pillar only accept the control of Shen Gong Tian Zun. Although the other deputy hall masters have certain control rights, they are extremely weak. The Tong Tian Ji Fire Pillar should operate automatically when Shen Gong Tian Zun is absent. It is not being controlled by a certain deputy hall master.

But even so, the three powerhouses still hesitate.

Because they doubt whether the information of the ancestors of the abyss is correct.

In case one is incorrect, it is deadly.

The ancestor of Yuanmo coldly snorted: "Naturally correct. Our clan has high-level spies in the secret realm of the Heavenly Work Headquarters. They are deputy hall masters and have more intelligence than you think."

The three powerhouses were shocked, a spy at the deputy hall master level?

They also know that the Demon Race has been operating in the Human Race for many years, and they didn't expect that there were even Deputy Hallmaster level spies. The penetration of the Demon Race was terrible.

At this moment, what came out of the hearts of the three powerhouses was not only the fear of the Demon Clan, but also a little vigilance. The Demon Clan could arrange for sub-Hallmaster level spies in the secret realm of the enemy's Human Race headquarters. What about the clan?

When this idea came out, the three powerhouses were shocked.

I am afraid that their every move has long been under the supervision of the ancestors of the deep demons.

The cold aura surging from the evil ghost supreme body, he pondered for a moment, and said: "Master Demon Ancestor, if it is the news sent back by the deputy hallmaster level spy, it does have a certain degree of credibility, but it is not suspected that this is a human race. One of his tricks."

"Yes, those guys from the human race are extremely cunning, especially those Xiaoyao Supreme and the others, who are despicable and shameless, and acted by means. If they already know that there are demon spies among the deputy hall masters, they will deliberately release false news to lead us. It is not impossible for the strong from all races to enter."

The Zerg King also said.

The Bone Race Ten Thousand Bone Supreme also said solemnly: "Master Demon Ancestor, it's not that I'm greedy for life and fear of death, but I can't reject the possibility mentioned by Evil Ghost Supreme and Insect Emperor."

The ancestor of Yuanmo coldly snorted: "I don't know what you said, but I'm sure that the probability that Shengong Tianzun is not in the secret realm of Tianwork headquarters is at least 80 to 90%."

Immediately, the ancestor of the Abyssal Demon informed the three of what had happened the day before.

The three powerhouses suddenly sucked in air-conditioning. Unexpectedly, the Demon Race had already acted before that, and also lost the Daojue Tianzun, such a day-to-day deputy palace master.

And when such a major event happened, for a full three months, Tianzun Shen Gong never came back, and only let the other Vice-Hall Masters of Tian Jiao deal with it and block Tian Jia. This was indeed unreasonable.

Normally, for example, in their clan, spies of the Tianzun level appeared, and even the most top treasures in the clan such as Gu Yuta were affected. No matter where they were, they would rush back as soon as possible.

If you fail to rush back, you must be in some dangerous situation that you cannot leave, or in a special environment.

It wasn't until the news that the demon spies continued to reveal that Godgong Tianzun sent a message for three months to return. So, Godgong Tianzun was really not in the secret realm of Tiangong headquarters.

As a result, as long as Shengong Tianzun is not present, the danger of the secret realm of Tiangong's headquarters is reduced by at least 70 to 80%.

wrong!

Suddenly, the three powerhouses were shocked again, and couldn't help looking at the ancestor of the Abyss Demon.

Now that the spy knife that the demon clan controls, Jue Tianzun, has been exposed, then who has returned the following news?

The three powerhouses are all extremely intelligent people, and they understood in an instant that there is definitely more than one deputy hallmaster-level spy of the Demon Race working in the sky. After the death of Daojue Tianzun, there are other deputy hallmasters who relay messages back.

Damn, this demons is also terrible.

For a time, the three powerhouses were shocked.

There are only eight deputy palace masters in Tianwork, but the Mozu has developed at least two deputy palace masters. These methods are terrible.

Over the years, how many races and forces have the demons infiltrated?

Allowing his mind to stabilize, the three powerhouses took a deep breath and respectfully said: "I don't know how the Master Demon Ancestor wants me to cooperate?"

If God Worker Tianzun is not there, it is really a good opportunity to sneak attack on Heavenly Work.

Moreover, Shengong Tianzun has always been mixed with Xiaoyao Supreme, and Shengong Tianzun does not work in Tian, so Xiaoyao Supreme may not be in the territory of Human Race.

War is an intelligence war, and if they can be sure of the position of Xiaoyao, they will be fearless.

The ancestor of the deep demon said in a deep voice: "Don't worry, this time, I am not going to send the Peak Heavenly Sovereign. Although the Divine Worker Heavenly Sovereign is not there, just relying on the Great Vice-Hallmasters, even relying on the Heavenly Pole Fire Pillar may not be able to leave the Peak Heavenly Sovereign character , But there are still some risks. The probability of killing that Qin Chen is only about 60%. This time, what I want is 100% success."

The sneak attack on Qin Chen on the battlefield of the Ten Thousand Races failed, and he lost a Demon Heavenly Sovereign, which has already annoyed the ancestor of the Abyssal Demon. This time, he would naturally not make such a mistake again.

"Could it be... Master Demon Ancestor wants me to wait for the shot?"

The complexion of the three powerhouses suddenly changed.

"Master Demon Ancestor, never do it."

"Master Mozu, it's not that I'm not willing to take action, but I've been watched by the human race long ago, and that human race is definitely not a powerful person, there are other top-level powerhouses. If I rush in Within the human race, it is bound to be dangerous."

"If I wait for the fall, the race I am waiting for will inevitably be difficult to escape."

The three powerhouses hurriedly refused.

What a joke.

Let them break into the human realm? They didn't dare to kill them.

Chapter 4220 Space Ancient Orcs

Today's human race is not the time when it was just breached that year. The rise of Xiaoyao Supreme has allowed the human race to regain a firm foothold. They are stronger than their supreme powerhouses, and they never dare to break into the human race at will.

It's not that they are afraid of Human Race.

In the battlefield of ten thousand races, or other regions, they are not afraid of any strong human race, and together, even Xiaoyao Supreme dare to fight a few tricks.

But this does not mean that they dare to enter the territory of the human race.

That is the human base camp.

Who will enter other people's base camp if it's okay?

Instead of being that Xiaoyao Supreme, I am afraid that I would not dare to break into the Demon Realm, and break into the base camp of his Zerg, Ghost, or Bone Race.

This risk is too high.

It is not in their interest at all.

"Idiot, I will naturally not let you take action." The ancestor of the deep demon yelled angrily: "What do you think in your mind, the Human Race Alliance will definitely monitor your whereabouts, if you move, the Human Race will know it, fearing it is fundamental It has been discovered without entering the territory of Human Race."

Wan Gu Zhizun and they patted their chests, anyway, it was not for us to go to the human race to die.

The Zerg King was puzzled: "Master Demon Ancestor, since you are not going to send us, and you don't want to let the pinnacle Tianzun go, who else can do it?"

"Naturally, it is a force that is not monitored by the human race, such as... the ancient space beast!" The ancestor of the Yuanmo said in a deep voice: "The ancient space beast ancestor Xugu Zhizun is the supreme strong, and the space ancient beasts It has always been neutral. In ancient times, he had also joined hands with the Human Race. If the Xu Gu Supreme is dispatched, the Human Race will not doubt."

"Space Ancient Beasts?" They were astonished: "Ke Xu Gu Supreme will agree? This old thing has always been extremely cunning, so you can't move it easily."

"Hmph, the ancient space beasts, in fact, have already made some kind of transaction with our demons, and have established an alliance with my demons secretly, so naturally they can ask for it." The ancestor of Yuanmo believes himself.

"hiss!"

The others looked over in amazement.

The space ancient orcs have actually taken refuge in the demons.

The space ancient orcs are a powerful race among the ten thousand races. Because there are the supreme powerhouses, ten thousand races dare not want to go, but the space ancient orcs, like the true dragon tribe and many other races, have always been neutral and take a neutral route. .

The main reason is that this race is different from the monster race, the zerg race, and the bone race. It has a very large number and an extremely small number of people. It is not the so-called top race, but the kind of strong race with few numbers.

Unexpectedly, he had secretly cooperated with the Mozu.

"This time, I'd rather expose the ancient space beasts, but also kill that Qin Chen, and even destroy the secret realm of the Heavenly Work Headquarters." The ancestor of the Yuanmog showed a grinning smile, "With the knowledge of the ancient space, even if the human is strong The person gets the news the first time, and he has enough time to leave."

The ancestor of the Yuanmo was full of breasts, and his eyes were cold.

This time, he would rather expose the relationship between the demons and the space ancient beasts, and send a supreme to kill Qin Chen.

Then Qin Chen, this time will definitely not have the good luck of the ten thousand race battlefield, this time, he will not escape.

If a supreme shot cannot kill that Qin Chen, the ancestor of Yuanmo would not believe it.

"Then Master Demon, what do I need to do?"

The three powerhouses asked.

They also feel that if the Vulture Ancient Supreme takes action, this time it must be stable. The strength of the old thing still has one hand in the universe. The key is that the Space Ancient Orcs are not only powerful, but the spatial methods are even more terrible. They are not afraid of being stronger by the Humans. Surrounded by.

"There are two things you need to do."

The ancestor of the deep demon said: "First, one person gave me a top-level heavenly treasure. Although the ancient space beast had a deal with my demon, the ancestor could not directly order him. Please move him. You must ask for the treasure. "

"A top-level heavenly treasure?"

The three powerhouses looked at each other, nodded and said, "I'm willing to take it out."

Although the three top-level Tianzun treasures are expensive, it would not be a loss if they could ask the Xugu Supreme to go to the secret realm of Tiangong's headquarters.

"Very good." The ancestor of the deep demon nodded, "Secondly, I need your three tribes to make some slight movements to attract the attention of the strong human races, but it should not be too obvious, lest they think of the work of heaven. Of course The most important thing is that once Venerable Xugu takes action, after exposure, you need to take action immediately to prevent some strong humans from going to the rescue and give Venerable Xugu enough time."

This is the greatest purpose of the ancestor of the deep demon.

Because he can't move himself.

When he moves, it is easy to be detected by the Human Race Xiaoyao Supreme. Once Xiaoyao Supreme has noticed his actions, this person's cunning and treacherousness will surely see through his conspiracy.

"it is good."

They nodded.

This request is not too much, they are members of the Demon League, if they do not agree to this request, the ancestor of the abyss will definitely attack them.

"I don't know when Master Demon Ancestor is going to do it, and I'll be ready to wait." Zerg Insect Emperor said.

"Within half a month." The ancestor of Yuanmo flashed his eyes.

"So fast?"

The three powerhouses all took a breath.

This is too fast.

"Enough, half a month, enough time for me to invite Xugu Supreme, at his speed, half a month has been able to break into the secret realm of Tiangong's headquarters. And as you said, the three from Shengong Tianzun Monthly news, who knows whether it is true or false, if there is a false element, the other party will rush back to work in a month. Although Xu Gu Zhizun is not afraid, it will inevitably be blocked, and it will be troublesome to make a mistake."

"Half a month." The ancestor of the Yuanmo sneered: "In just half a month, I forgive that God-worker Tianzun has no time to rush back. It is a thunder battle."

The three powerhouses took a deep breath, and they all felt that the ancestors of the abyss demons would have the will.

"Then I'll wait and get ready immediately."

At the moment, the three powerhouses disappeared instantly, and this starry sky also restored its previous tranquility.

Who knows... The three great beings of the three major races in the universe have talked here.

Deep in the universe, on a certain planet of life.

"kill!"

A group of primitive creatures that can't distinguish what race are fighting frantically.

These primitive creatures have animal forms as well as human forms. The strongest among each other is nothing more than a mortal realm, a large army of tens of millions, fighting together.

Their weapons are very primitive. It can be seen that the races on this planet of life are not powerful. It seems that they have just been conceived for tens of thousands of years, and have not yet fully integrated into the universe. Even, they think that this world and the holy realm are already The **** is the strongest.

This is a battle of races.

And at this moment, on a dead star a million miles away on this planet, a huge ancient beast is entrenched there, a pair of indifferent eyes staring at the life planet at that moment in the distance, seemingly interested Appreciating the fight between the two new races.
