[Chapter 4221: Ancient Beast](#)

"Om..."

But at this moment, a terrifying breath suddenly came down, covering this universe, a powerful idea penetrated the endless void and reached this desolate space.

Well!

The existence of this terrifying ancient beast suddenly raised its head and looked at the endless universe and stars.

In the void, a vast figure appeared vaguely, like a demon god, descending on this world, that figure, towering to the sky, even bigger than the stars.

The surrounding space is slightly distorted.

"The ancestor of the deep monster!" The huge ancient beast stood up and said in a deep voice. The rumbling spatial fluctuations blocked this world and bound everything, making this world completely under the control of this ancient beast, even the rules of the universe. Force infiltrates, will receive a certain amount of nutrition

.

Extremely strong. That vast figure is exactly the ancestor of the abyss. At this moment, the ancestor of the abyss has a pair of eyes suspended in the void of the endless icy universe, staring at this ancient beast, and chuckles: "Xugu, you have a trace of ancient primordial chaos. Supreme level of beast blood

The strong, even the peak Tianzun-level leaders of some powerful races in the universe are terrified when they see you, and they are even interested in observing this fragile civilization fighting among the ants. "

The ancestor of the Abyssal Demon rumbling loudly, the voice reverberated in the universe, conveying how many miles, but the strange thing was that the two primitive races fighting on the barren star could not be heard at all.

"Hehe, I wanted to see it, so I saw it, what about the ants, who did not come up from the ants, compared to the intrigue between your races, these primitive ants are much more interesting."

The faint aura of the huge prehistoric ancient beast permeated out, and suddenly, on the star, the two big races fighting together, both looked up at the sky in amazement. Because they felt that their place of heaven and earth suddenly seemed to be plunged into the dark night, and they felt like the end of the world. The top two of these two races, the strongest in the mortal realm, also looked scared, their strength Strongest, sense

The most received, the soul is trembling, like bursting. "Look, these poor little guys, like frogs at the bottom of a well, don't know how big the sky is. They walk horizontally and horizontally among their own stars, but because of the oppression of the stars, they have never entered the universe in their entire life, thinking that they are the best in the world. Strong

The big ones have existed, for the sake of dominance, fighting each other madly, how pathetic and pitiful..." Xugu Supreme said indifferently: "Do you think my destiny is similar to these little guys, trapped in this universe, Following the cycle of life and death in the universe, there is no transcendence, the universe is annihilated, we are all annihilated, what kind of race, what future is just

It's empty, but fighting each other endlessly, isn't it the same sadness? "

The ancestor of Yuanmo frowned and snorted coldly. This imaginary supreme, always likes to take detours, saying that the ancient beasts are well-developed flesh and simple mind, but this old thing thinks a lot. "What's so sad? With the strength of the ancestor, one day, the ancestor will detach from this universe and enter the universe. The destiny of our race will no longer be controlled by this universe. The universe will be destroyed, and our race will still exist. You... the goal of cooperating with my demons

Isn't that why? "

The ancestor of the deep demon sneered: "As long as my demon tribe wins and go straight to transcendence, then, in the universe, there will be your space ancient beast tribe."

The Primordial Ancient Beast glanced lightly at the ancestor of the Abyss Demon: "I hope you can fulfill your promise, let's say, this is the desert of the universe, you dignified demon ancestor, why did the clone come here? You won't come to chat with me, right? ?"

"Naturally, something is going on." The ancestor of the deep demon trembles, and the surrounding is void, vaguely: "I ask you to kill a little guy."

"Strong strength?" The ancient beast said.

"A little fellow of the Earthly Sovereign Human Race named Qin Chen." Yuan Mo ancestor said. "Qin Chen?" The ancient beast sneered and looked at the ancestor of the Yuanmo: "I seem to have heard of this name. It seems to be a disciple of the human heavenly work. You seem to have sent the venerable to the human heaven to chase and kill him. I was killed by him, well, one

A trance, decades have passed, this son was just a holy lord at the beginning, right? Is it actually an earthly respect now? "

"This is the person."

The ancestor of the deep demon nodded and frowned. He couldn't think that the Xugu Supreme had been entrenched in the desert of the universe these years, and he still cared about these things.

But think about it, to be able to live to this age, to control the existence of a clan, and to have a lot of nerves, there is still some understanding of what is happening in the universe, I am afraid that someone from the space ancient beast clan will collect this for him. Wait for information.

"This person is special?" The ancient beast said. "It's really special. In a short time, can it be special to break through from the realm of the holy master to the realm of the earthly respect?" The ancestor of Yuanmo said lightly: "This person has the origin of time, so he can break through in such a short time. Given time, I'm afraid he will become

The second is Xiaoyao Supreme. "

"The origin of time? It's interesting. No wonder you will come over. As for becoming the second Xiaoyao Supreme, I'm afraid you think too much..." The Ancient Beast said lightly: "Say, where is this person now?"

The ancestor of Yuanmo said: "In the territory of the human race, the secret realm of Tiangong headquarters."

"The Secret Realm of Tianwork Headquarters?!!!" The ancient beast was no longer calm and natural before, his eyes widened, and the black light faintly flickered, "Magic Ancestor, I don't care about killing a human Tianjiao for you. After all, my family has already been with yours. Cooperation, with my means, there are countless ways to make it disappear

. "But, this person is in the territory of the human race, and it is still in the secret realm of the Tiangong headquarters, you let me break into it and kill this person, do you know the difficulty? The secret realm of the headquarters was once the place where the ancient craftsmen made it, as long as the god-worked Tianzun urged Tongtianji

Pillars of fire and other means would entangle me even for a moment, once the Human Race Xiaoyao Supreme Power arrived, I would be in danger. "

The ancient beast exasperated. "I have clear information. Shen Gong Tianzun is not in the secret realm of the headquarters now. With your strength, it is not difficult to kill an earth zun. No one in the work can stop you, and I will order everything My demon spies cooperate with you, and then

Coupled with your attainments in space, when the strong human race discovers, you will definitely be able to leave. "Yuan Mo ancestor said.

The wild ancient beast's eyes were cold: "But my clan will also be exposed. Is it worth it?"

"It's worth it." Yuanmo ancestor said: "Don't forget, this was an agreement when you and I cooperated. You will make a shot for my demons."

The ancient beast was silent for a moment. In the end, he said solemnly: "Okay, I promise you, tell me his detailed information, and I have two requirements. First, once I encounter danger, I will leave directly and the task will be abandoned directly. Second, after the event is over, I need to observe the dark origin of the dark race."

[Chapter 4222: Lurking in](#)

"Dark Origin?"

The ancestor of the deep demon narrowed his eyes: "It seems that you are also trying to find opportunities for detachment." "That is nature." The ancient beast snorted coldly, "Although there is still some distance from that detachment in my realm, but , There is still some time before the destruction of this universe. I may not be able to wait. The source of darkness is the power from the universe.

, Watching it, shouldn't it be too much, right? "

"Yes, I promised you." Yuan Mo ancestor said coldly: "But I need you to set off now. Within half a month, I want news of that kid's fall."

"Okay, I'm going now, I know you are impatient to wait." The ancient beast said.

When the voice fell, he looked at the barren star, "Little guys, after watching you for thousands of years, it's time to end."

"Om!" The ancient beast suddenly opened his mouth. The hundreds of millions of creatures on the barren stars were all horrified to see a huge head suddenly appeared outside the sky, and the giant beast like a **** opened its hideous mouth and turned towards them. This star is fierce

Then he took a bite.

"Do not....."

All the powerhouses on this star roared in horror, and when the eyes went dark, they completely lost consciousness.

boom! The wild ancient beast swallowed this wild ancient star into its mouth, and directly smashed it, rumbling, and the terrible power in the star exploded, but this wild ancient beast just snorted, all the creatures, star fragments, all Swallowed by it,

It seems to be swallowed by a black hole, disappearing.

Immediately!

Wow!

A wave of spatial fluctuations suddenly flashed, and the prehistoric ancient beast entrenched on the dead star disappeared instantly.

"Hmph, Qin Chen, this time you have the power to reach the sky, and you can't escape death. The one who protected you last time is impossible to reappear now. Just wait for death."

The ancestor of Yuanmo sneered.

Wow!

In the next moment, the ancestor of the abyss also completely dissipated, and the surrounding time and space also shook slightly, and then completely returned to normal, as if nothing had happened.

At this moment, Qin Chen naturally didn't know what was happening here.

In the secret realm of Tiangong's headquarters, after three days of rest, Qin Chen started looking for spies again.

This day.

The fire source secret realm void where countless refining stars are located outside the secret of the Tiangong headquarters.

Hum!

An all-black ancient beast stood in the void, surrounded by black air currents, and the black air currents enveloped his body, only a pair of black faint eyes could vaguely see.

He was lurking among the countless faces and stars, his breath was dormant, and the surrounding void seemed to be completely hidden, so that the fire of annihilation in the fire source secret realm, including the countless faces and stars, had never discovered its existence.

It is the Xugu Supreme of the Space Ancient Orcs. From receiving the order of the ancestor of the deep demon to coming to the fire source secret realm outside the secret of the Human Race's Tianwork Headquarters, only ten days of work, Xu Gu Zhizun arrived. This speed is even faster than the supreme powers of other races such as Ten Thousand Bone Supreme. , Much faster

Here is the terrifying space supernatural power of the space ancient beast clan.

A pair of icy eyes stared at a void in the distance, which was empty there, but Xu Gu Supreme knew that that void was the secret realm of Tiangong's core headquarters. "The Mozu is really a good method. For so many years, so many spies have lurked in the secret realm of the Human Race's headquarters, and almost all the secrets and institutions in the Human Race's work have been discovered. Human Race, How to and Mozu

Contest. "

Xu Gu Zhizun sneered.

The space ancient beast clan has been neutral for countless thousands of years, but it is still in his hands to cooperate with the demons.

There are two main points.

First, the demons and the dark race have cooperation. When they reach the realm of Xugu Supreme, everything else is vain. Only strength and detachment are the only things they pursue.

The dark people come from the universe outside this universe. Their understanding of the universe far exceeds the ten thousand peoples in this universe. Only by cooperating with them can they learn more about the universe and it is easier to snoop into the secrets of detachment. .

Second, the space ancient beasts also feel that after the demon clan has lurked for countless tens of thousands of years, the next ten thousand clan battle, the demon clan will have a greater probability of success.

It now appears that his choice is correct.

Even the Secret Realm of the Heavenly Work Headquarters, which is extremely important in the Human Alliance, is responsible for the refining of many racial treasures in the Human Alliance. So many spies have been infiltrated by the Demon Race, which shows how far the Demon Race has penetrated.

If it weren't for the peripheral fire source secret realm, space vortex and some restrictions and other information provided by the demon spies in the secret realm of the Tiangong headquarters, it would be better than him, and it would be impossible to enter quietly.

Here, after all, it is a site made by ancient craftsmen, and it is by no means that easy to break into.

"Human Qin Chen?"

"Let the ancestor of the deep demon invite this ancestor, the supreme powerhouse, to kill you, you should be proud."

While approaching the entrance to the secret realm of the headquarters silently, Xu Gu Supreme converged his breath while sending out a message.

"As soon as you enter it, kill the kid first, and then leave with one hit."

Xu Gu Supreme silently said, while calculating the transmission of the message, calculating the time of entry.

This is the internal response of the demon spies.

now.

Entrance to the secret realm of Tiangong headquarters.

The two deputy hall masters are watching here.

It is the two aspiring Tianzun and Zhengtianzun. Under normal circumstances, the secret realm of Tiangong Headquarters does not require additional guards, and only special instructions are required to enter. If people who have not registered, even if they use special instructions to break in rashly, they will be attacked by the Sky Tower Fire Pillar.

Safety.

But now, after all, it is a critical period, so the Tiangong Headquarters Secret Realm decided to send two deputy hall masters to sit at the entrance, just in case there are special circumstances.

Artisan Island.

After Qin Chen found out more demon spies, he returned to his mansion to rest again.

Qin Chen's mansion is very special, with pavilions and pavilions, Qin Chen is sitting in the lounge in his mansion, feeling the atmosphere of the universe. Qin Chen likes this quiet day of cultivation very much, but Qin Chen also knows...It seems to be very safe to work in heaven, but in fact, after he starts to see through the spies of the Demon Race, the news will inevitably be the first time. Pass to the Mozu

, At the same time triggering a reaction from the Mozu.

And the longer the time delay, the more anxious the demons will become. After all, watching the spies that have been difficult to develop for many years and being swept away by themselves, how could the ancestors of the deep demons bear it?

Will definitely find a way to start. The secret realm of work on this day seems to be safe, but after all, it is not truly risk-free. In ancient times, this was the headquarters of craftsmen. Such a powerful craftsmanship fell apart under the sudden attack of the demons. Destroyed, Shen Gong Tian Zun had to establish Tian Gong on the ruins made by craftsmen.

[Chapter 4223: Enemy attack](#)

But today's work is still much worse than that of ancient craftsmen. Even the craftsmen of the Mozu can successfully attack, how can they care about the secrets of the work headquarters?

Therefore, Qin Chen prevented himself from being attacked, wearing the Haotian Divine Armor at all times, and his perception was improved to the extreme.

The purpose is for the demons to have a chance to save their lives when they do not know when or where to launch an attack.

More importantly, Master Tianzun is not currently working. If Master Tianzun is there, his chances of saving his life will at least improve.

"Hope, I guessed right." Qin Chen said silently. He raised his head and opened the eyes of creation. Suddenly, countless great powers surged in the heavenly work, representing a famous strong man.

The power of these great avenues is extremely familiar. Qin Chen has seen it many times these days. Those vast auras of great avenues are of the Heavenly Sovereign level and should be the Seventh Vice-Hallmaster.

At this moment, the seven deputy hall masters, two of them are guarding outside the Guyu Tower, three of them are located around their mansion, watching or monitoring themselves, and two of them are watching the entrance of the secret realm of the headquarters.

This is an arrangement that has been identified long ago.

It was as calm as ever, but for some reason, Qin Chen felt a creepy and dangerous feeling in his heart.

"what happened?"

Qin Chen stood up suddenly, and then frowned. Why did he feel such palpitations? Are there too many spies selected these days? Worried about the revenge of the demons.

However, if the demons want to break into the secret realm of Tiangong's headquarters, they must enter the token. They simply want to break in from the outside world, even if the supreme powerhouse will not do it for a while.

The secret realm of Tiangong Headquarters is related to the safety of the treasures of the Terran Alliance. It is an important strategic facility. There are dense restrictions on the outside world and it is by no means easy to break into.

As strong as the supreme, it takes time to forcibly attack, and it will inevitably alarm other strong players.

In addition, the secret realm of the Tiangong headquarters is now under lockdown, and no one outside will have tokens issued. Therefore, relying on tokens to enter from the outside is also eliminated, unless there is a demon spy to let the opponent enter from the inside.

Demon spies?

Qin Chen raised his head and looked at the entrance to the secret realm of the headquarters. Although he could not see clearly, he knew that there were two deputy hall masters sitting there, and the elders could not leave the Island of Craftsman, and there was no possibility of opening the entrance.

Unless it is the deputy master, and the deputy master who happens to guard the door.

But the Demon Race has already lost the Heavenly Sovereign of Saber Jue before, will it be so cruel? Do the spies of the deputy hall master really still exist?

Qin Chen's thoughts turned, but at this moment...

"Ask Tianzun, what are you doing?"

A roar of anger suddenly resounded across the world.

Qin Chen raised his head quickly and looked towards the sky, he vaguely felt something was wrong.

Is that? Zhengtianzun's roar.

next moment.....

boom!

At the entrance of the secret realm of Tiangong's headquarters, where the vast colorful flames swept through the entrance that was shrouded in the pillar of Tongtianji, a figure surrounded by endless black aura suddenly appeared.

This figure was extremely large, like a sacred mountain of ancient times, suddenly appeared in the secret realm of the headquarters, covering the sky and the sun, and under the dark atmosphere, it was impossible to see the face of this huge figure, only a pair of eyes were vaguely seen.

What kind of eyes are like two rounds of stars, floating in the sky, erupting a murderous aura that explodes through the sky. When they appear, those eyes will look at the Island of the God of Craftsman from a distance, as if they have penetrated the endless fire pillar of the sky, staring at them instantly. Live all the strong on the island of the craftsman god.

not good!

Qin Chen felt a shudder just seeing these eyes.

That shudder from the soul... instantly made Qin Chen understand that this kind of powerlessness was something he had never had before facing the Demon Heavenly Sovereign, and now his strength has increased by at least a little bit compared to when he faced the Demon Heavenly Sovereign before. More than doubled.

However, if Qin Chen still had the courage to resist when facing the devil Tianzun, then under these eyes, Qin Chen's soul was trembling and freezing.

"Supreme, is the supreme strong!"

Qin Chen understood immediately.

boom!

This majestic figure appeared, and the entire secret realm of Tiangong headquarters, the Island of the God of Craftsman was shrouded in a horrible atmosphere. Boom, the pillar of fire in the sky violent, and colorful flames swept toward this terrifying figure like a vast ocean.

"what happened?"

On the Island of the God of Craftsman, among countless palaces, a number of elders and deacons flew out one after another. Originally, the secret realm of Tiangong Headquarters was under martial law, but at this moment, these elders and deacons did not care too much and flew off one after another. Come out, look terrified.

Then, they saw a majestic and boundless figure, instantly colliding with the colorful flames of the torrent-like pillar of fire.

Boom!

The sky broke and the earth broke, and the secret realm of the entire Tiangong headquarters roared. The colorful flames of the pillar of fire that could obliterate the Tianzun strong collided with the towering figure, and suddenly burst, and the billowing flames seemed to be shielded by an invisible force. Penetrate into the body of this towering figure.

There seems to be a layer of space film on the surface of this towering figure, which blocks the power of the sky-reaching pole fire pillar. Only a small part of the colorful flame blasts on the opponent through the power of space, but it only consumes the power of the towering figure's body surface and cannot bring fatality. s damage.

"Supreme."

"It's the Supreme!"

The countless elders and deacons in the secret realm of the Tiangong Headquarters roared in horror, and the terrible supreme power poured out, like a vast ocean covering the world, the void of the world seemed to be imprisoned, and it would become the territory of this majestic figure.

Hum!

However, in the secret realm of Tiangong Headquarters, a series of forbidden lights bloomed, and a vast array of patterns rose up, the Island of the God of Craftsman, countless secret realms, the palace of the eight deputy hall masters, a series of lights rose, oppressing the towering figure.

"Huh? What a powerful formation?"

This majestic figure is no one else, it is the Xugu Supreme of the Space Ancient Beast clan. At this moment, it feels the oppressive force of the rolling formation, and its eyes are solemn.

This formation method actually suppressed his majestic power, which was a bit interesting.

"This should be a large array inherited from ancient craftsmanship, and it should be of the supreme level. Unfortunately, in ancient times, the demons invaded the craftsman's work and destroyed the craftsman's work in one fell swoop. The inheritance of the craftsman's array has also been destroyed.

It's just some broken lines, it should have been repaired by Tiangong's divine worker Tianzun, and want to trap the original ancestor?"

Xu Gu supreme sneered. If a craftsman in his heyday made a big formation, he would naturally not be careless, but this is just a broken formation, and it cannot cause fatal damage to him.

Chapter 4224 Xu Ancient Supreme

"The enemy attack is the virtual ancient supreme of the space ancient beast race, and the aspiring heaven is the spy of the demons!"

At this time, Zheng Tianzun was covered in blood, and roared in anger. While roaring, he madly retreated into the pillar of the sky-reaching pole, his expression frightened.

"The Xugu Supreme of the Space Ancient Orcs?!"

"Qingding Tianzun is a spy of the demons?"

This rumbling roar resounded in the secret realm of Tiangong headquarters, stunned everyone present.

There is a strong person who breaks into the secret realm of the Heavenly Work Headquarters and kills them, and is he a supreme powerhouse?

A trace of anger, fear, and everyone's heart instantly.

Whoosh whoosh!

From all parts of the secret realm of the Tiangong headquarters, a terrible breath of Tianzun rose, and the remaining five deputy hall masters, as well as some Tianzun lurking in the Tiangong, appeared for the first time.

The terrifying breath of Tianzun is permeated, ancient craftsman Tianzun, Absolute Weapon Tianzun, Xingjiang Tianzun, Blood Qi Tianzun, Zuotong Tianzun, the five great Tianzun-level powerhouses appear instantly, and, like the Lingfeng Tianzun in the inherited secret realm, and the previous three Tianzuns The Supreme Elder also appeared for the first time.

They were all furious looking at everything in front of them, their hearts were cold, the Xugu Supreme of the Space Ancient Beast clan actually broke into the secret realm of the headquarters, a crisis, a big crisis.

"Noisy."

Xu Gu Zhizun coldly swept? Zheng Tianzun glanced, did not make a move, but said to the awaiting Tianzun on the side: "Quickly tell the ancestor, the location of Qin Chen."

"The Island of Craftsman God!"

Asking Tianzun to levitate next to Xugu Supreme, with cold eyes, raised his hand to Qin Chen's mansion on the Island of God of Craftsman, and instantly pointed to Qin Chen.

Asking Tianzun has been exposed at this moment, and naturally heed the orders of Xugu Supreme. Even, this Xugu Supreme was also put in by him when he opened the entrance. Unfortunately, Zheng Tianzun

reacted too quickly and found that he couldn't stop it and withdrew immediately. Otherwise, This person had previously died.

"I saw it."

With the command of Aspiring Tianzun, Xu Gu Zhizun instantly saw his first goal of this trip-Qin Chen!

Hum!

A pair of pupils, like dark stars, immediately met Qin Chen.

boom!

What kind of pupils were those. In the depths of the eyes, Qin Chen saw the endless destruction of stars, the formation of void, and the powerful pressure, even if it was across the sky-reaching pole fire pillar, Qin Chen suffocated.

"Sure enough."

Xu Gu Zhizun sneered, and stepped forward. The boundless colorful flames burned on him crazily, but they couldn't bring fatal damage to Xu Gu Zhi.

The Heavenly Journey Fire Pillar is strong, but it is only aimed at the Heavenly Venerable Powers. Even the Pinnacle Heavenly Venerable under the attack of the Heavenly Judge Fire Pillar may not be too catastrophic, but the one in front of him is not the Heavenly Venerable, but the ancient space beast clan. The ancestor of the space-level supreme Xugu supreme.

Where he is, is the king of space, the terrifying power of the sky-reaching pole fire pillar can't bring him fatal damage at all.

boom!

Xu Gu Supreme stepped out in one step, and quickly approached the God of Craftsman Island below under the obstruction of the Sky-reaching Extreme Fire Pillar.

"not good."

At this moment, the ancient craftsman Tianzun and others all had scalp tingling.

The Heavenly Pole Fire Pillar they rely on the most can't stop each other, supreme, is it really so strong?

"Everyone, don't panic, start the big formation to stop Xugu Supreme."

The ancient craftsman Tianzun hurriedly roared.

Boom boom boom boom...

Many Tianzun powerhouses immediately released their own terrifying aura. In an instant, an ocean-like aura was madly released. In the secret realm of the Tiangong headquarters, a series of patterns instantly soared to the sky, covering the world of God of Craftsman Island, trying Stop Xugu Supreme.

The powerhouse at the deputy hall master level can naturally spur some large formations in the secret realm of Tiangong headquarters, and have certain control rights.

In the Tongtianji Fire Pillar, the bloody? Zhengtianzun also tried to bless the Tongtianji Fire Pillar to prevent Xugu Supreme.

But it's useless.

"Hahaha, I want to trap my ancestor, it's too whimsical."

Venerable Xugu suddenly opened his huge mouth, and that huge mouth was like a black hole, containing endless void, and he slammed into the formation pattern that formed quickly in front of him.

Hearing a click, rumbling, countless array patterns quickly burst, making a crackling sound.

The exploding space fragments, the power of flames, and the power of formation patterns were swallowed by this Void Ancient Supreme and sucked into the body like a black hole.

A family of space ancient beasts, the body contains outer space, which can swallow everything.

Roar!

Xu Gu supreme roared, like an angry dragon suppressing it downwards, no matter whether it was the sky-reaching pole fire pillar or the headquarters secret formation pattern, he could not stop his footsteps.

"Damn it!"

The ancient craftsman Tianzun and the others were shocked, roaring in their hearts, and angry in their eyes.

Is this a supreme powerhouse?

The strength is too strong, under a single blow, they can't resist.

"Stop him."

The ancient craftsman Tianzun roared and roared, he had already seen that the target of the Xugu Supreme was Qin Chen, this was to kill Qin Chen.

Qin Chen was indeed the target of the Demon Race.

However, the ancient craftsman Tianzun and the others can no longer take care of that much, not to mention that Qin Chen himself is his disciple of the work of heaven. Even if it is not, they cannot let the Xugu Supreme blast through the barrier of the God of Craftsman Island. Broken, countless powerful people in the entire day's work will become the supreme Chinese food for this Xugu supreme.

Therefore, the ancient craftsman Tianzun and the others fought, one by one, the power of Tianzun burned, and the ancient big formation in the secret realm of the Tiangong headquarters was madly urged.

In this large formation, they can only control part of the formation eyes, and the real control is in the hands of Shentong Tianzun, but it does not prevent them from being able to activate it to protect the island of the craftsman.

Hum!

The terrifying array of light turned into a sky-locking array pattern, entwined to confine the Xugu Supreme.

"I have already sent out the message, the secret realm of Tiangong's headquarters has been attacked, hold on, there will definitely be strong human races coming to rescue." Ancient craftsman Tianzun said in anger.

Moreover, at this moment, deep in the secret realm of Tiangong's headquarters, a series of ancient auras have also risen. It is some old antique Tianzun strong who are sitting dead, feeling the crisis of Tiangong, and want to wake up.

"Wow!"

A chain like a heavenly path crazily entangles the Xugu Supreme.

"It's useless."

Xugu Supreme Longlong said, he swung his claws, and immediately the void in front of him was completely solidified, and the avenue of space rules burst out, and the chains that trapped them were constantly cracking.

However, the ancient craftsman Tianzun was not afraid of death, because they all knew that once the God of Craftsman Island was breached, not only Qin Chen would die, they would also have to die, and the whole day's work would be done.

"Everyone, don't follow me to urge the big formation."

The ancient craftsman Tianzun vomited blood, roared, and his life was beginning to burn.

In the secret realm of Tiangong Headquarters, countless elders and deacons showed horror and began to sit cross-legged, unleashing the power of human and earthly respect from themselves, blending into the island of God of Craftsman, and urging the ancient formation in the Island of God of Craftsman.

[Chapter 4225: Destruction](#)

How many strong are there in the secret realm of Tianjiao headquarters? It was vast and mighty, although the human and earth-sovereign powerhouses were in front of the supreme, they were like ants, and they could be annihilated by raising their hands, but they couldn't hold back many people.

Thousands of powerful men, all burning the power of the venerable, suddenly made the great formation on the island of the **** of craftsmanship become more and more terrifying, and the formations of the formations passed through the sky, really like a copper wall and an iron wall.

"trouble."

Venerable Xugu frowned, thinking that he could easily kill that Qin Chen when he entered the headquarters secret realm, but he couldn't expect that in this headquarters secret realm, besides the sky-reaching pole fire pillar, this ancient great formation was actually repaired so much.

However, this broken array obviously couldn't help him.

"boom!"

In the body of Xugu Supreme, infinite black power rose up. This was the power of space.

Space talent and supernatural power of the space ancient beast clan.

Wow!

The black space talent supernatural power surging, those chain chains that bound the Xugu Supreme, instantly collapsed, and at the same time, the chain power that envelops the Xugu Supreme, it seems to be the force of an invisible space. Wrapped in general, it is impossible to approach Xugu Supreme.

He must fight quickly, otherwise he will be in danger once the strong human race arrives.

"Ask!"

Xu Gu Zhizun coldly looked at Wending Tianzun.

"Subordinates understand."

There is no need to say more about Xugu Supreme, Wending Tianzun has already urged the Vice Palace Master's palace where he is located. Boom, waves of light in the Vice Palace Master's palace are surging, but it is not helping Ancient Craftsman Tianzun to block Xugu Supreme. , But preventing the ancient craftsman Tianzun from interfering with the formation of the big formation.

"Damn it."

The ancient craftsman Tianzun and the others changed color.

boom!

The huge body of Xugu Supreme felt the weakened restraint power, and instantly rushed to the God of Craftsman Island below.

Rumble!

The sky and the earth were roaring, and countless array patterns could not stop his actions under the interference of Wending Tianzun.

"Ah...Why do you ask Tianzun?"

Zuo Tong Tianzun stared at Wending Tianzun and roared.

He didn't understand why, as a Tianzun-level powerhouse, as a deputy hall master-level figure, why would he take refuge in the demons.

Jueqi Tianzun and others were also extremely furious.

Asking Tianzun is actually interfering with their urging formation, which is hateful.

There are eight main hall masters, each of them controls the big formation. At the beginning, Master Shen Gong Tianzun only gave them a way to control the big formation. However, the real core of this big formation is still in the hands of Master Shen Gong Tianzun. , Their eight main hall masters can't control the entire array at all, and everyone can only spur their own eyes.

But now, as a traitor, Wending Tianzun urged the big formation in the opposite direction, and immediately caused the whole big formation to be consumed by each other, which interfered with the formation of the big formation.

"Hahaha, kill this kid first, then kill you."

Xugu Supreme laughed loudly, and finally broke free from the shackles of the pillar of Tongtianji's fire. His cold eyes stared down, and the dark claws, like the sky, caught Qin Chen below.

"not good."

"Qin Chen, be careful."

"Hurry up..."

A group of strong men was furious, and the ancient craftsman Tianzun and others looked at Qin Chen in amazement. How could the supreme strike be blocked?

boom!

The majestic and boundless claws of the Xugu Supreme blasted down on the restrictions and formations on the Island of the God of Artisan. Suddenly, the entire formation shook with a burst of light and frantically resisted.

"Block, unstoppable, we all have to finish."

The ancient craftsman Tianzun roared, and the five main hall masters frantically urged his Tianzun power to bless the great formation on the Island of Craftsman God.

"It must be blocked, it must be possible."

Zuo Tong Tianzun and the others roared. Although the great formation of the God of Artisan Island had been broken, it was after all the top-level formation in the ancient world. Even if the Xu Gu Supreme was strong, it could not be broken in a short time.

However, when they burned the power of the Celestial Lord to spur this large formation, suddenly, there was a trace of chaos in the large formation.

Boom!

The entire formation was shattered in an instant, and was breached in an instant.

The towering claws caught Qin Chen instantly.

"No, why did the big array break so quickly?"

Zuo Tong Tianzun's expressions were horrified, and despair appeared in everyone's eyes, not only for Qin Chen, but also for themselves.

When Qin Chen died, they must die too.

"Qin Chen, run away."

"Get away."

In the distance, Zuo Tong Tianzun and the others saw with horror that Qin Chen seemed stupid in the face of Xugu Supreme's attack, and he didn't move anymore, with no intention of resisting.

Don't run at this time, waiting to find death?

Run, although you may not be able to run away, but there is still hope to live, if you don't resist, you will definitely die.

However, Qin Chen did nothing.

In the palace, Qin Chen stared coldly at the huge palm of his hand.

This force was so strong that Qin Chen didn't even use Wan Jianhe to resist.

Wanjianhe, the top heavenly treasure.

However, no matter how strong Wan Jianhe was, it was impossible to resist the supreme attack.

Click!

The terrible space constraints envelop Qin Chen and block all Qin Chen's space.

"Kid Qin Chen, don't you hurry to hide."

"Let us out, let us resist, there is still a chance."

In the chaotic world, Honghuang Ancestor Dragon and Blood River Saint Ancestor shouted, and they were completely stunned.

What is Qin Chen doing?

To die?

Qin Chen squinted his eyes, and there was madness and hideousness in his eyes, "Don't worry, you can't avoid it anyway, now it's up to my guess."

"Guess? What guess?"

Honghuang Zulong and they are all startled.

But I can't think about it too much, because the attack of Xu Gu Supreme has already come down.

"Haha, is this the kid that the Demon Ancestor wants to kill? I was shocked."

"dead!"

Xu Gu Zhizun, with one claw, his mission on this trip is about to be completed.

Wow!

When an invisible attack comes, Qin Chen will be swallowed by endless space power!

But at this moment...

Bang! ! ! Bang! ! ! Bang! ! ! Bang! ! ! Bang! ! ! Bang! ! !

A thousand meters above Qin Chen, a huge crack suddenly appeared out of thin air!

Wrong, not a crack.

It's the collision of time and space between two parties!

Only the space around Qin Chen where he was standing was completely controlled, the terrifying power of the space released by the Void Ancient Supreme had been completely imprisoned, a figure had appeared in front of Qin Chen at some point, and this One side of the world was already under the control of this black figure, one above and the other below, the forces of the two parties hit a kilometer above Qin Chen.

Worse than the collision of stars!

Two invisible spaces collide with each other, and two powerful ideas control their respective spaces...As the space collides, cracks sometimes appear.

Buzzing!

On the Island of the God of Craftsman that had been blasted by the original large formation, a series of ancient powers quickly rose up, and the destroyed large formation instantly gathered again.

[Chapter 4226: God work comes](#)

"What!" All the strong in the secret realm of Tiangong's headquarters were sluggish, and didn't understand what happened, but the strong such as ancient craftsman Tianzun was the deputy hall master after all, and he was still at the Tianzun level, and he felt absolute control in an instant Power to put them on

The control of the Secret Realm Array at the Tiangong headquarters was completely deprived of it.

this is.....

Zuo Tong Tianzun and they are all excited.

They looked at that black figure in an instant, this black figure, completely covered in armor, completely covered in armor, could not see any face at all.

It was the strong man covered in armor who lived in the palace near Qin Chen.

But at this moment, he was soaring above the Island of the God of Craftsman, exuding a terrible aura, reactivated the formation of the Island of the God of Craftsman, and resisted the attack of Xugu Supreme.

Who is it, who is it?

Everyone's hearts were violently shaken and extremely excited.

"really."

Seeing this figure, Qin Chen's eyes condensed, and a sneer was drawn at the corner of his mouth.

Finally, is it still my guess?

"Xugu Supreme, you are so brave to break into the secret realm of heaven and work." This figure came out with an icy voice, and its breath completely confronted Xugu Supreme. That breath completely suffocated Zuo Tong Tianzun and others. This makes everyone sober, this is another top powerhouse, and, at least, unlimited access

Nearly supreme top powerhouse.

Only these characters can have such a powerful oppression against Tianzun.

However, when will there be such a strong man in the secret realm of Tianjiao's headquarters? Could it be that which sleeping old antique strongman has awakened?

"Your Excellency?"

Xu Gu Supreme's eyes were solemn, staring down.

"Hahaha, you don't even know this seat when you break into the secret of my working headquarters?"

"boom!"

The armor on the black figure disappeared in an instant, and a strong man with a sneer at the corner of his mouth appeared. Seeing this strong man, all the strong men who were present at the scene were shocked.

"Master Tianzun?"

"Hallmaster?"

All the strong at work throughout the day are stunned.

Isn't God-worker Tianzun not working in heaven? how come?

"He is the God of God?"

Qin Chen was speechless. This guy, who lived near him from the very beginning of building the palace, was actually the God of God.

If it weren't for the eye of creation, I'm afraid I wouldn't be able to see it at all.

No wonder that when I first saw this person, I felt a strong shock.

"Shen Gong Tianzun, are you there?" Xu Gu Zhizun was frightened when he saw Shen Gong Tianzun, and his heart sank instantly.

"Xu Gu Zhizun, since it's here, stay."

Shen Gong Tianzun coldly drank and waved abruptly.

Shattering...The colorful flames at the top of the sky are truly violent. This is the first time Qin Chen has seen the pillars of the heavens so violent. The flames formed by the pillars of the endless flames of the pillars of the heavens are like the ocean moments in the sky. Collapse, rumbling...

The endless flames rushed directly below, rushing to the lofty figure below.

The lofty figure did not move at all, but roared: "Shen Gong Tianzun, what about you, dare you to stop me?"

"Xugu Zhizun, this is my place to work!"

Shen Gong Tianzun's stern face looked towards the sky, and his voice passed through the time and space he controlled to the time and space of Xu Gu Zhi: "Xu Gu Zhi, surrender to my work, and I will leave you a way out." "Haha, great. The tone of voice, little Tianzun, dare to be so arrogant in front of me, hum, some other guys are afraid of your daily work, I never cared about the ancient supreme, I can go wherever I want, who can Stop me

? I want to kill this Qin Chen today, you can't stop it, kill! "

Accompanied by the roar of the towering figure in the sky, the space under his control was directly pressed downwards again.

Although Xu Gu Zhizun was shocked in his heart that Shen Gong Tianzun had returned, he still launched an offensive. As long as he kills Qin Chen, his mission will be completed, and he doesn't care about the others.

In such a short period of time, other strong humans could not catch up. He had enough time to escape. This was his confidence as a space ancient beast.

Boom!

The space under his control is under pressure, and the power seems to be stronger than before.

"Boom!" Shen Gong Tianzun looked up, and the power of the formation he controlled also directly rushed... Boom! boom! boom! At the same time that the two forces collided, the endless sky-reaching pole of fire finally came under the pressure, and the countless flames became extremely small and extremely small, and all gathered together to form a red pillar of light. , Silent

At this point, the space controlled by Xugu Supreme seemed to have been tailored to reveal a spatial gully.

"Tongtian Jihuo Pillar is really powerful." Qin Chen looked up, exclaiming secretly, "That part of the space is completely controlled by the Xugu Supreme, and the law follows the rules, and the rules of the universe have retreated! This is stronger than the rules of the Tianzun. Many, but in front of the pillar of fire in the sky, it was actually torn

Cracked. "

"However, this is also the Tianzun Polar Fire Pillar controlled by Shengong Tianzun, which is completely different from the previous ones controlled by Ancient Craftsman Tianzun."

In the hands of different people, Tianzun Ancient Craftsman and Tianzun Shengong, the power of Tongtianji Fire Pillar is also completely different.

The red beam of light was silent and bombarded downward.

Wherever he passed, a dark space ravine continued to extend to Xugu Supreme.

"Ha!" Xu Gu Supreme suddenly raised his head, black mist filled. "Tongtianji Fire Pillar wants to hurt me too? Get out of here!!!" Xugu Supreme roared, and with his roar, the armor that caused the space tremor suddenly appeared, this is the mysterious armor stained with golden blood. Armor fits in the void

For every inch of Gu Zhizun's body, as soon as the armor appeared, a dark void of about ten meters appeared around him.

The red beam of light blasted down!

This blood-stained armor directly resisted!

"Boom, boom, boom..."

It seems that the space is bursting inch by inch, like countless firecrackers. For a time, all the surrounding space controlled by Xugu Supreme completely collapses into a stream of particles, but the part of the space controlled by Shengong Tianzun is very stable and undisturbed by it. .

Qin Chen saw the hideous figure of Xugu Supreme through the particle stream, and saw that under this impact, the Xugu Supreme fell slightly, and the red light beam instantly collapsed.

"Haha, my space **** armor body! No one can kill me in the vertical and horizontal jade bracelets...what is your god-worker Tianzun? Haha..." Accompanied by the arrogant roar, "the square space is all broken to me !"

boom! The towering figure suddenly fell downward, and saw a vague right foot slamming directly downward! This ancient supreme claw appeared primitive armor, which was obviously one of the parts of the armor of the space god, the primitive claw armor

A... Just step on it downwards, and the space was completely distorted and instantly shattered.

Bang bang bang! The space controlled by Shen Gong Tianzun was also shattered every inch, and there was no way to stop this foot!

Chapter 4227 Six Treasures

"Xu Gu Zhizun, you are too presumptuous." Shen Gong Tianzun roared, his face suddenly turned dark, "Do you really think that the secret realm of my daily work headquarters is your wild place?"

"Hahaha, Heavenly Master of God, you are the one who is rampant and unrestrained. Very good. Since you are here, the ancestor will kill you together today." Xu Gu supreme rumbled with a bang, and the Island of Craftsman God reunited. The large array trembles violently, with a roar and crackling sound.

The supreme Xugu, the supreme powerhouse of the space ancient beasts, has boundless strength.

Although the ancient formation on the Island of God of Craftsman has been restored a lot under the repair of the God of God, but it is broken after all, with the strength of the God of God of God, only a small part of it can be repaired.

Now, although this small part is fully recovered under the urging of Shen Gong Tian Zun, how can it withstand the impact of Xu Gu Zhi Zun.

The Space God Armor on the Xugu Supreme is the top treasure of his clan, combined with the space divine power of the Xugu Supreme, instantly tearing the boundless array.

boom!

Below, the island of the craftsman was roaring, and many palaces blasted directly under the impact. Many deacons who were only in the realm of human respect fell to the ground, vomiting blood, and looked at the sky in horror.

The majesty of supreme, terrible.

Just the escaping breath made them unbearable for the strong and powerful, crawling on the ground, trembling.

As the same, why is there so much difference?

Qin Chen was quite calm.

The respect of the person is only the first level of the realm of the venerable, and the supreme is the limit of the venerable.

It's like the gap between Fansheng and the strong man, one as small as dust, and the other as vast as the ocean.

"Master Tianzun Shen Gong."

"Hall Master!"

Around, the ancient craftsman Tianzun and others roared and hurriedly stepped forward to help.

"All back."

Shengong Tianzun screamed and banged, and the invisible power came, and the ancient craftsman Tianzun and others were shaken back.

"Xugu Supreme, do you really think you are invincible?"

Afterwards, Shen Gong Tianzun looked savagely at the top, his face was angry, and he rushed directly up with a roar. A phantom of arms appeared on his body. A total of six arms appeared between the sky and the earth. On each arm, a **** appeared. Soldiers.

They are swords, guns, swords, halberds and clubs!

The six great weapons, each of them, burst out with the aura of Heavenly Supreme Limitation.

"Peak Tianzun Treasure Soldier."

"And six!"

At this moment, Qin Chen's eyes were round.

Rely on!

Too overbearing, too arrogant, right?

It's not that Qin Chen has never seen the treasure of the pinnacle Heavenly Sovereign. The Demon Heavenly Sovereign has it, but it can't conceal Qin Chen's shock at the moment.

Peak Tianzun treasures, every piece, for any peak Tianzun, is a thing against the sky, but at this moment, it appears on Shen Gong Tianzun alone, which is too tyrant.

The founder of Tianjiao, so proud?

boom!

Shen Gong Tian Zun has six arms, each holding a treasure, the six magic soldiers dance, forming three black air currents, three white air currents, combined with each other, forming a complex yin and yang Tai Chi diagram !

Yin Yang Tai Chi Chart! Go up!

That spatial claw, swing down!

boom!

The two have just come into contact, the Xugu Supreme possesses the space **** armor, the supreme cultivation base, the six gods of the gods, are also the peak heaven treasures, and the six peaks are superimposed...

Rumble!

The entire Island of the God of Craftsman shook violently, the secret realm of Tiangong's headquarters was shaking violently, countless palaces were shattered, and many people and earth sages retreated madly.

However, blocked.

Shengong Tianzun used the six pinnacle Tianzun treasures, combined with the ancient great formation of God Island of Craftsman, to withstand the terrible attack of Xugu Supreme.

"Xu Gu Zhizun, get out, otherwise my human race will never die with you, and we will flatten your space ancient beast race!" Shengong Tianzun's six arms swung out one after another, completely forming a complex Yin Yang Tai Chi diagram, and six treasure soldiers attacked They are superimposed on each other to assist each other...Xuguo Supreme Claws stepped on one after another!

The Quartet space controlled by them was trembling.

Qin Chen was aware of the tremors in the surrounding space, which made him change color. Ancient Craftsman Tianzun and others also changed color. Many powerful people even wanted to leave here, but the space of Craftsman God Island controlled by Shen Gong Tianzun was still It's safe, once you escape from this island of craftsmanship, it will be dangerous.

What's more, the two powerhouses are at war at this moment, making the secret space of Tiangong's headquarters vibrate, and it is fundamentally unstable. The ordinary Tianzun is involved in it, and his life is in danger.

boom!

When the endless attack fell, Shen Gong Tianzun snorted, his figure retreated, and his breath fluctuated.

"Master Tianzun Shen Gong."

Ancient Craftsman Tianzun and others shouted in horror, looking worried.

Sir, can he stop it?

Opposite, but the ancient supreme, ancestor-level figure of the space ancient beast clan.

"Hahaha, flatten my space ancient beast clan? It depends on your divine work Tianzun?" There is void disillusionment in the eyes of Xugu Supreme.

Originally, he missed a hit and saw Shen Gong Tianzun appearing. In fact, he had a vague retreat in his heart. After all, this is a human territory. If he is surrounded by human powers, it will be troublesome.

But at this moment, seeing Shen Gong Tianzun's embarrassed figure and the six pinnacle Tianzun treasures in his hands, a greed in his heart suddenly rose.

Working day, too rich.

A pinnacle Celestial Venerable unexpectedly took out the six pinnacle Celestial Treasures at hand. This was simply richer than his entire space ancient beast clan. At this moment, Xugu Supreme's thoughts flickered, and greed emerged.

If Tianzun Divine Worker was not there, it would be just right, he killed Qin Chen.

But now the gods of the gods are here, if he can kill the gods of the gods, then...

Thinking of Shengong Tianzun as the founder of Tiangong, and the treasures he possessed, Xu Gu Zhizun's heart suddenly became hot. Killing Shengong Tianzun alone would be more rewarding than destroying a clan.

Even if he can eliminate the entire sky work and scrape away the treasures here, his space ancient beast clan will be fully armed and give birth to an unknown number of powerhouses, whose strength will definitely be more than doubled.

opportunity.

Great opportunity!

Thunder attacked, killing Shen Gong Tianzun and that Qin Chen, a pinnacle Tianzun, how could he be able to withstand his attack?

For an instant, it was just an electric light flint, but a thousand thoughts flashed in the mind of Xugu Supreme.

"kill!"

boom!

On Xugu Supreme, the infinite space aura rose, and on the space **** armor, the power of the space was permeated, instantly blocking this world.

"not good!"

When the ancient craftsman Tianzun and others saw this, they changed their colors.

This Xugu Supreme missed a hit, and he didn't even leave, and sealed the void of the secret realm of Tiangong's headquarters. What is he going to do?

For an instant, dignity emerged in everyone's hearts.

[Chapter 4228: Who said I am Tianzun](#)

"Boom!"

Xu Gu Supreme was infinitely huge, instantly transforming into a dark behemoth, and once again slaughtered at the divine worker Tianzun below.

"Xu Gu Zhi, you don't even leave, don't blame me, Tong Tian Ji Fire Pillar!" Shen Gong Tian Zun's expression changed drastically, and he hurriedly roared. The 'Tong Tian Ji Fire Pillar' that had been only part of the colorful flames attacking suddenly began to shrink. It should be noted that the Tongtianji Fire Pillar is the treasure of the town hall, covering tens of thousands of miles.

At this moment, it was completely closed in an instant.

Countless colorful flames became the size of rice grains, and then condensed into a colorful halberd.

The aura from this colorful divine halberd far surpassed the six peak heavenly treasures, and there was a vaguely supreme aura permeating.

It can be called a half-step supreme treasure.

"cut!"

The colorful divine halberd was slashed down, and Shen Gong Tianzun himself also held the six pinnacle Tianzun treasures to kill again...

At the same time, the entire secret realm was a violent sensation, with countless bursts of light rising, covering everything.

"Abominable Divine Worker Tianzun, you can't stop me!" Xugu Supreme roared coldly. While resisting the colorful divine halberd that the 'Tongtianji Fire Pillar' had turned into, he also resisted the attack by the six peak Heavenly Supreme Treasures of Shen Gong Tianzun. Suddenly he was in a hurry, and he was attacked several times in succession, and the supreme aura was somewhat depleted.

However, it is harmless.

"You are forcing me!"

"Humph!"

Xu Gu Zhizun raised his head and roared, and the surrounding space instantly cracked. Even Shen Gong Tianzun was forced to retreat violently, and the Colorful Divine Halberd couldn't approach for a while.

For a time...

Shengong Tianzun and Colorful Divine Halberd were unable to get close, and the monstrous power dissipated by Xugu Supreme... was so strong that it made Qin Chen who looked below stunned.

Because the legendary supreme powerhouse is bound by the supreme rules of the universe, the real combat power shown should be stronger than that of the peak heaven, but logically it should not be so strong.

Rumor has it that when you reach the Supreme Realm, you have already practiced to the extreme, and even the rules of the universe can be suppressed. Therefore, once the Supreme Power erupts with the strongest combat power in the universe, it will be suppressed by the Supreme Rules of the universe.

Prevent the supreme realm from rising.

But now, the terrifying strength displayed by the Xugu Supreme has shocked Qin Chen. Isn't this just a step stronger than the pinnacle Tianzun, this is simply a thousand miles stronger.

It's too ridiculous.

Can't get close to the gods and the top treasures?

"Xu Gu Zhizun, this is the secret realm of my Tianzhu headquarters, how dare you come to chaos!" Shen Gong Tianzun suddenly exclaimed.

"drink!"

Xugu Supreme was so powerful that he completely ignored the colorful divine halberd, and directly swung his huge claws directly down, at this moment...

Wow!

Suddenly a golden chain appeared in the void, and the golden chain that emerged from the void was directly tied to the arm of the Xugu Supreme, making the claw of the Xugu Supreme unable to fall.

what?

Xu Gu Zhizun was surprised.

boom!

He exploded with a terrifying spatial aura, trying to break free from the **** of the golden chain, but the chain made a creaking sound, and the light of golden runes continued to bloom, and the Xugu Supreme couldn't break free for a while.

"Impossible!!!" Xu Gu Supreme was shocked.

What kind of treasure is this?

With his cultivation base, ordinary treasures can't lock him at all, even the strongest peak Heavenly Sovereign Treasures are the same, just like the Sky-Through Extreme Fire Pillar, it is famous in the outside world, and it has reached the extreme of the Peak Heavenly Sovereign Treasure, infinite. Close to the supreme treasure.

However, no matter how strong it is, it is not a supreme treasure, and it cannot cause much damage to him.

But now, this golden chain actually locked him, and even his spatial power could not dodge.

Could it be...

Supreme treasure?

At this moment, Xu Gu Zhizun was frightened.

boom!

He danced his claws frantically, trying to break free of the golden chain, but at this moment, another green chain stretched out from the void, directly tied to the other arm of Xugu Supreme, and a water-blue chain also stretched out of the void. Out, a scarlet chain also stretched out of the void...

I saw a chain of chains born in the void, each chain was silent and shackled to the Xugu Supreme.

"Damn it!" Xu Gu supreme roared angrily, he felt the power in his body, under the shackles of this chain, was hugely oppressed.

"Get me started."

Xu Gu Supreme snarled, his limbs vigorously and blasted, and the void in all directions exploded directly, and the countless chains rattled and clashed, and he pulled out of the endless void in an instant.

Everyone saw that the chain connecting these chains turned out to be an extremely magnificent palace.

This palace was suspended in the void of the secret realm of the Tiangong headquarters, covering the sky and the sun, and it was extremely magnificent.

"this is....."

All the powerhouses in the secret realm of Tiangong Headquarters were stunned and recognized the origin of this magnificent palace.

Qin Chen also widened his eyes.

Treasure Hall.

This explosion shot countless chains, and the one who locked Xu Gu Zhizun turned out to be the treasure hall where he had previously entered the treasure selection.

In the work of heaven, there are three treasures that are well known.

The first is the Pillar of Fire, which guards the secret realm of the Heavenly Work Headquarters. The Heavenly Sovereign cannot be crossed and will fall into it. The reputation is the most prominent and the people who know it most.

Second, Guyu Pagoda, a special fetish made by ancient craftsmen, is beyond the control of Shengong Tianzun and Xiaoyao Zhizun. It has been standing in the secret realm of the Tiangong headquarters for hundreds of millions of years, and has never been controlled by anyone.

Third, the Treasure Hall, the Treasure Hall of Heavenly Work, must be above the Heavenly Pole Fire Pillar and below the Ancient Yu Pagoda. It is rumored that it is a top treasure made by ancient craftsmen.

To be sure, this thing is a supreme treasure, but for hundreds of millions of years, Shengong Tianzun has been unable to refine it because of its cultivation base, and can only control its extremely subtle functions, so it is placed in the Tiangong headquarters. In the secret realm, as a treasure.

But now, Shen Gong Tianzun actually urged this hidden treasure hall.

"How is it possible? This thing is a supreme treasure. How can you be a peak heavenly venerable?" Xugu supreme roared, unbelievable, booming, he exploded, trying to break free from these chain locks. Trapped him tightly.

The ancient craftsman Tianzun and the others were also dumbfounded. When did Master Shengong Tianzun completely control the hidden treasure hall?

Even they don't know this secret.

"really."

Only Qin Chen's eyes flashed.

At the beginning, he felt that something was wrong with this hidden treasure hall, and he had some guesses in his heart.

"Hahaha, Xugu Supreme, who said this seat is the pinnacle of heaven?"

Infinite chains bound Xu Gu Zhizun, Shen Gong Tian Zun laughed, and at the same time, the breath of Shen Gong Tian Zun's body began to increase crazily.

[Chapter 4229: You are supreme](#)

Boom boom boom!

At this moment, on the Island of the God of Craftsman, a terrible aura permeated.

If the original Godgong Tianzun stood proudly above the Island of the God of Craftsman, and it felt like a huge mountain rising straight up to the sky, then now, the Godgong Tianzun feels like a statue standing proudly between the sky and the earth. The gods are unmatched.

The terrible breath erupted, and the highest rules of the universe were suppressed. The God of Craftsman Island, which was trembling and roaring, gradually stabilized.

"Supreme."

Ancient Craftsman Tianzun and the others sucked in air, and looked at Shen Gong Tianzun in disbelief.

This is the breath that only the supreme powerhouse can burst out.

Master Shen Gong Tianzun, when did you break through to the Supreme?

Today's Shengong Tianzun is familiar and strange to people.

"Are you supreme?"

Xu Gu Zhizun stared at Shen Gong Tianzun, his eyes flashed with anger, and his heart suddenly sank.

God-worked Tianzun is supreme. When is this happening?

Xu Gu Zhizun was suddenly shocked, and what made him even more shocked was that the news of Shengong Tianzun's breakthrough to the Supreme was never known. Moreover, even if he attacked the secret realm of the Tiangong headquarters before, he did not take action until he was gone. Click to kill Qin Chen, and this god-worker Tianzun suddenly broke out.

What even shocked Xugu Supreme was that before the eruption of Shengong Tianzun, he could not see the true strength of Shengong Tianzun.

How did the other party do it?

In an instant, a strong sense of crisis emerged in the heart of Xu Gu Supreme.

Danger, danger!

This is a strong emergence in his heart.

"go!"

At this moment, Xu Gu Supreme had only one thought in his heart, and that was to go. The Supreme Strength suddenly burst out of Shen Gong Tian Zun, which made him suddenly wake up, and there was definitely a conspiracy in it.

I seem to have stepped into a trap.

boom!

At this moment, the terrible aura erupted on Xugu Supreme, and he couldn't care about anything else, surrounded by the power of space, the space **** armor on his body trembled crazily, and the space runes flickered, repelling the chains on his body a little bit.

"Haha, even though I can't be the Supreme?"

Shen Gong Tianzun chuckled. At this moment, he no longer had the previous ferociousness and panic. Step by step, he urged the hidden treasure hall, and countless chains broke through the air, blocking everything, and the sky-reaching pillar of fire became endless again. The sea of fire swept down.

"Shen Gong Tianzun, you sinister villain."

Xu Gu Supreme roared, "You, can't hold me down."

"I am the space!"

Xu Gu Supreme roared, the whole person turned into a virtual reality, as if it had become a part of the space, the chain seemed to be unable to lock him.

This is the innate magical power of the ancient space beast clan. Once it is used, this world will become the world of their ancient space beast clan, which can isolate all attacks.

"What a magical space supernatural power."

Below, Qin Chen was concentrating, he was extremely terrifying in the space, but facing the magical power of Xugu Supreme, it gave Qin Chen a completely incomprehensible feeling.

"Hehe, come as you want, leave as you want? Have you asked me?"

Hum!

Throughout the secret realm of Tiangong Headquarters, an invisible formation pattern rose up, crashing, and the formation pattern surged like a prison that trapped the sky, blocking the world.

"Let you have a taste, this ancient craftsman made a great array of Wan'e. Back then, Zeng Zhen killed a clan of demon supreme. Although this seat has only secretly repaired 50 or 60% in these years, it is enough!"

boom!

Countless great formations ascended, more than a hundred times stronger than the great formations urged by the ancient craftsmen Tianzun before?

The square space, instantly solidified, like colored glaze.

Suddenly, the aura on Xugu Supreme's body quickly weakened.

The aura on his body began to weaken, weaken, and even weakened to the point that he still showed his body, unable to break free from the chains of the hidden treasure hall.

"Damn, Shen Gong Tianzun, this is the secret realm of Tiangong headquarters, if it is outside... you are not my opponent at all!" Xu Gu Supreme looked down and shouted angrily.

"But here is my day job, you broke in yourself!"

Shen Gong Tianzun sneered and looked at the top, "In the secret realm of my Tianzhu headquarters, Xu Gu Zhizun, you have to follow my rules. Here, you Xu Gu Zhizun don't want to escape."

Xu Gu Supreme stared down.

Shen Gong Tianzun looked at the top.

The two are far away.

"Really." Xu Gu supreme smiled angrily, "Then let you see the magical powers of my space ancient beast clan."

"Space shuttle!"

Xugu Supreme roared.

Hum!

In this world, the space suddenly burst, Xu Gu Supreme's whole person turned into a stream of light, and the power of the Supreme was burning, his whole person instantly merged with the surrounding void, and the chain that locked him quickly became It faded, and it started to fall off.

This is the confidence that Xugu Supreme dared to come here, his space ancient beast clan is not afraid of being blocked.

"Shen Gong Tianzun, you can't hold me back, one day, I will repay today's hatred." Xu Gu Zhizun roared.

"Little guy." Xu Gu Zhizun turned his head and glanced at Qin Chen on the Island of the God of Craftsman, his eyes stern, "Good luck!"

boom!

The Xugu Supreme slammed into the sky, at an astonishing speed, and directly broke through the obstacles of the sky-reaching pole fire pillar, crashing, and countless chains dancing, but at this moment it was like losing a goal.

Xu Gu Supreme was about to disappear into the secret realm of Tiangong headquarters.

"Xugu, since it's here, why not leave a comment?"

A chuckle suddenly echoed in this world.

"Wow!"

Above the sky of work, a ghost suddenly appeared.

When this phantom appeared, it was shaken forever.

This phantom could not see his face. At this moment, he suddenly raised his hand.

Suddenly, a black shadow appeared in the time and space around, and each black shadow was as wide as hundreds of millions of kilometers, like a world. I saw thousands of black shadows scattered in various directions, such as up, down, left, and right, and gathered together in an instant. , Under this black shadow, every place where the extremely condensed space was oppressed began to crack apart.

now!

Countless shadows, every phantom is hundreds of millions of kilometers away. For a time, in the endless space, the powerful phantom who raised his hand and condensed countless shadows is like the core of the universe, and then he is powerful. His arms swung out towards the front, countless ghosts swung out!

Suddenly, countless phantoms condensed in an instant, turning into a huge palm, and that palm emitted an extremely dazzling black light.

"Xiaoyao Supreme!"

The palm of the hand fell, and Xu Gu Supreme let out a terrifying roar.

next moment.....

boom!

Originally escaped into the void and almost disappeared, Xu Gu Supreme was blasted out of the void by this palm, his huge body retreated frantically, blood spurted wildly with his mouth open, and the space symbols on his body flickered, and the space **** armor creaked. The sound of fragmentation.

puff!

Xu Gu Supreme vomited blood and flew upside down.

Wow!

Countless chains came madly and bound him again.

[Chapter 4230: Still installing](#)

"Xiaoyao Supreme, you are here..."

Xu Gu Zhizun was furious.

At this moment, he finally woke up, he should have stepped into a trap, a trap aimed at him.

Happy supreme?

Qin Chen and the others raised their heads one after another. This name was too strong and resounded throughout the universe. They were the top powerhouses in the universe, including the ancient craftsman Tianzun and others. They also looked up in amazement.

However, Qin Chen and the others only saw a phantom, a phantom standing proud of the universe. They couldn't see the real face, but they could feel the terrifying aura on this figure.

"hateful."

Xu Gu supreme roared, bang, bang, his body was filled with terrible spatial force, trying to break through the shackles of the hidden treasure hall.

"Boom!" In the void, Xiaoyao Supreme suddenly raised his hand again, hum, the power of the terrifying space condensed, Qin Chen immediately felt that the supreme rules of this universe seemed to be condensed under the control of Xiaoyao Supreme, Xugu Supreme completely suppressed

Down.

"Do not!"

The Xugu Supreme roared and was suppressed a little bit, the light of the space on his body flickered, was completely sealed, and could no longer move.

"Xiaoyao Supreme, you set such a trap for your ancestor, and your ancestor refuses to accept it."

Xugu Supreme roared.

"Hahaha, set a trap for you?" Shen Gong Tianzun suddenly laughed.

Xu Gu Zhizun was angry, "Shen Gong Tianzun, what do you mean?"

Shen Gong Tianzun chuckled: "Xu Gu Zhi, keep your eyes open and take a good look, this is just a clone of Xiaoyao Supreme. It suppresses you, and is worthy of Xiaoyao Supreme to set a trap? Xu Gu Zhi, you look too high at yourself."

"What? Doppelganger?"

Not only the Xugu Supreme was shocked, but they all raised their heads in amazement. The Xiaoyao Supreme in front of them was just a clone.

Xugu Supreme opened his eyes wide, and the terrifying divine light bloomed in his eyes, and he suddenly appeared astonished: "Really..."

Qin Chen was also frantic.

It's so strong, it's just a clone, it actually suppressed the Xugu Supreme, how strong is this Xiaoyao Supreme body? Shen Gong Tianzun chuckled: "This time this seat is hidden here, just to catch some big fish of the demon race, but I can't think of you, Xu Gu Zhi, the space ancient beast has to come up to bite the bait, how can anyone blame it? , You are so idiot, you actually believed in the old man

According to the ancestor, there are so many powerful races under his demon clan, the supreme-level powerhouse, and you are not the only one. Why send the space ancient beast clan you just took refuge in? Don't you need to think about it? "

"I....."

Xu Gu Zhizun was shocked, could it be that this was really deliberate by the ancestor of the deep demon. wrong.

My space ancient beast clan has already taken refuge in the demon clan, what is the purpose of the ancestor of the deep demon? As if he knew the doubts in Xugu Supreme's heart, Shen Gong Tianzun lightly smiled and said: "You may be wondering, what is the purpose of the ancestor of the deep demon? You are also the Supreme Power? Why does he do this? You ancient beast head, is it Still don't understand?

As long as you are killed, your space ancient beast clan will completely become a vassal of the demon clan and become a demon clan trend. "

"No... impossible!"

Xu Gu Zhizun was furious.

His children and grandchildren are still in the nest. If he falls, then it is really possible that he will be suppressed by the demons and driven by the demons.

"Nothing is impossible." Shen Gong Tianzun chuckles: "But don't worry, my human race will never let your space ancient beasts drive this kind of thing for the demons."

Xu Gu Zhizun expressed hope in his heart, is it possible that the human race wants to save his space ancient beast race?

"If the human race is willing to save my space ancient beast race, my ancestor can consider cooperating with your human race."

Xu Gu Zhizun hurriedly shouted.

There is nothing to be embarrassed about surrendering to this kind of thing. "Hehe." Shengong Tianzun glanced at Xugu Supreme with a smile: "You think too much, I mean... the human race will destroy your space ancient beast clan, right away, the space ancient beast clan will be in the universe. Become a history, since your space is ancient

When the beast clan is destroyed, it is naturally impossible to be enslaved by the demons. "

"you....."

Xu Gu supreme roared and banged, spurred by the terrifying space within his body, his eyes were extremely bloody, but no matter how hard he struggled, it was of no avail.

Shen Gong Tianzun smiled and looked at the sky, "Xiaoyao Supreme, this Xugu Supreme, I will leave it to you, but unfortunately, this time I didn't catch the Demon's Supreme. It's a shame."

Above the sky, the phantom like a god, waved his hand suddenly, with a bang, and suddenly, the terrifying palm fell, instantly capturing the sealed Xugu Supreme, and taking it into his hand.

Then, the ghost looked down.

Qin Chen was shocked, and he could feel that Xiaoyao Supreme's gaze fell on him.

"interesting."

A whisper came from Xiaoyao Supreme's mouth, and the next moment, bang, Xiaoyao Supreme's phantom stepped out in one step, and a terrible spatial restraint suddenly came from this world, and then completely disappeared.

The secret realm of Tiangong's headquarters, which was originally violent, immediately restored its calm.

"This....."

The audience was silent, and everyone was shaking.

boom!

Over the secret realm of Tiangong's headquarters, Wending Tianzun looked frightened at this moment, and he was about to flee here after shaking his body. Shengong Tianzun sneered, his eyes were cold, and when he raised his hand, the chain burst out from the hidden treasure hall. This is a supreme treasure that even the Xugu Supreme can restrain, and the aspiring Tianzun is like an ant. , Was instantly bound,

Then pulled into the treasure hall and disappeared.

"I have seen the Lord of the Palace."

"I've seen Master Tianzun, Shen Gong."

In the distance, ancient craftsman Tianzun and other famous Tianzun stepped forward in an instant, saluting respectfully, all excited.

Master Shen Gong Tianzun actually broke through the realm of supreme,? Unbelievable.

They were very excited, which is a great thing for Tianjiao.

Shengong Tianzun breaks through the supreme, and Tiangong's future strength will have a huge improvement and qualitative change.

"It's free of courtesy."

Shen Gong Tianzun raised his hand, but the words did not fall, suddenly, he stuck out his hand.

"what!"

Among the several deputy hall masters, Xing Jiang Tianzun screamed in horror and was suddenly taken into his hands by Shen Gong Tianzun.

"Hall Master."

Ancient Craftsman Tianzun and the others changed color and exclaimed, not knowing what happened.

"Hall Master, why are you?"

General Tianzun said in horror. "Haha, are you still pretending by this time?" Shen Gong Tianzun sneered: "The Xugu Supreme entered the secret realm of the headquarters. The reason why I didn't make the first move is to see that besides Avenger, I was working. There are also those spies and generals. Before that Xugu Supreme attacked the Island of the God of Craftsman, it was you who interfered with the ancient craftsman and others, and the Great Formation of the Island of the God of Craftsman was instantly destroyed, right?"
