Chapter 4231 Void Saint Demon Ancestor

"I....."

Xing Jiang Tianzun's face suddenly turned pale.

"It's no wonder that when we urged the big formation, we felt the power of blocking."

"Coming, it turned out to be you."

Zuo Tong Tianzun and others were angry and shouted sharply.

Shen Gong Tianzun will directly suppress Tianzun, and will not give him a chance to defend him, "Well, you guys, all go away, and restore the peace of the secret realm of the headquarters as soon as possible. Also, the damaged places will also start to repair."

Shengong Tianzun's voice fell, and wow, over the secret realm of Tiangong's headquarters, the equipment flame formed by the passing sky pole flame pillars that had previously disappeared, once again recovered, floating the sky, monitoring everything in Tiangong.

"Qin Chen, come here."

Afterwards, Shen Gong Tianzun glanced at Qin Chen with a smile, and immediately swept towards the palace next to Qin Chen.

Qin Chen's eyes flickered, and immediately followed.

Entering this palace, in the courtyard, the flowing water is gurgling, and there are cascading mountains everywhere, and Tianzun Shen Gong is actually built in this mansion, in a small world space.

Looking for a pavilion, Tianzun Shengong sat down and raised his hand. Some quilts appeared on the stone table. Then, a pot of tea appeared in Tianzun Shengong's hands and poured it into a teacup.

"Come on, try our Wankong tea. This tea is brewed from the chaotic cosmos tea leaves. It is very rare. I don't want to eat it in this seat. It's cheaper for you kid today."

Shen Gong Tianzun waved his hand and said with a smile.

Qin Chen was not welcome, and sat down directly. As a result, he drank the teacup. Suddenly, Qin Chen felt as if his soul had been washed, and there was a sense of transparency flowing all over his body. Out of the shell, the sense of invigoration soaring into the sky.

Rumble!

In Qin Chen's mind, his luck was trembling and rules were surging, as if he had seen the opening of the universe and the beginning of everything.

"This tea..."

Qin Chen was shocked, this tea was indeed extraordinary.

Putting down the tea cup, Qin Chen arched his hands and said, "I thank Shengong Tianzun for helping me."

"Thank you, if there is anything to thank, it should be this seat. If it weren't for you, how could this seat catch such a big fish, the ancient space beast race, huh, this race has been neutral for so many years. The demons."

Shen Gong Tianzun's eyes burst out with evil spirits, and Qin Chen seemed to see the sea of blood and the eternal glory, and instantly turned into a killing god.

The strong breath caused Qin Chen to change color, and his soul was greatly oppressed.

Shen Gong Tianzun woke up, and only then did it reflect Qin Chen's presence, and immediately reduced his breath, smiled and said, "Sorry, I'm lost."

Qin Chen sweated coldly.

by!

Who knows if you are really gaffe

This god-worker Tianzun is so abnormal that he has been hiding beside his mansion, and it is indeed an old Yinbi.

Such a character, Qin Chen did not dare to look down upon him.

"Master Shen Gong Tianzun was joking." Qin Chen said with a light smile.

Well, what you say is what it is, I am too lazy to argue with you.

Shengong Tianzun looked at Qin Chen as if looking at a long-awaited girl. With this look, Qin Chen felt a little hairy in his heart. At this time Shengong Tianzun smiled and said: "When did you find me there? ?"

"Master Shen Gong Tianzun was joking, how could the kid discover your existence?" Qin Chen hurriedly said.

Shen Gong Tianzun smiled: "We are discerning people, don't you need to pretend? This seat has been protecting you by your mansion for so many days, how disrespectful you are to a bodyguard?"

"bodyguard?"

Qin Chen was speechless.

But he was also surprised: "Master Tianzun, you have been protecting me?"

"if not?"

Shen Gong Tianzun said indifferently: "My idle egg hurts, I don't want to live in my palace, come to live by your mansion?"

"If you haven't been living next door to you, you are suddenly in danger. If I am in another place, how can I have time to rescue you? This time it is the Xugu Supreme who invaded directly from the outside,

but if there are some auxiliary halls Lord, what about the strong lurking directly in the body? This is not impossible."

Shengong Tianzun shook his head and said, "The Demon Race is still not willing to be cruel. If you give up a small world and let a deputy hall master carry it, another supreme lurking in the small world suddenly bursts out and instantly appears in the island of God of Craftsman. If you don't sit next to you, you will definitely not have time to make a move immediately. You are afraid that you have fallen or been controlled by your soul."

"Controlled by the soul?" Qin Chen raised his eyebrows.

With your own soul, can you be controlled by others?

Although he is only the pinnacle of the earth, but if he wants the soul to control him, I am afraid that it will be difficult for the supreme to do it easily. If it was that easy, the Honghuang Zulong would have given him the soul.

"I know your soul is very strong." Shengong Tianzun smiled at Qin Chen and shook his head. "But, don't be afraid of 10,000, just in case, in the universe, the strong are like clouds, and the ancient space beasts are like a clan. They possess the supernatural powers of space, but there are also some races who are good at them, such as the holy demon ancestors of the holy demon clan. The soul illusion he displays, even some supreme ones may have followed his way."

"Void Saint Demon Ancestor? Soul illusion?" Qin Chen was secretly surprised.

"Yes, once you fall into his soul illusion, you can also sense the origin of the universe, sense the laws of the heavens, and you can also practice... The laws and perceptions cultivated in it are completely true." Shen Gong Tianzun smiled and looked at Qin. Chen, "Of course, once you break away from the illusion, you will realize that you have not changed, but your will and memory have changed a little. He can simulate all the changes in the universe, and it is impossible to pry into it."

"In that illusion, time is completely controlled by him. Once you fall into his illusion, you may spend ten thousand years or even longer in the soul illusion in an instant." Shen Gong Tianzun said: "So, no matter how strong your soul is Because it confuses time, then your soul trusts it, and cannot even distinguish reality from illusion, and is under his control."

Qin Chen was surprised.

Can you practice the law in the illusion? Moreover, it can change time, which is terrible.

If it takes a long time to confuse reality and illusion, it is really possible to be confused.

However, I have a world of chaos. As long as I can't perceive the world of chaos, I can know whether it is a soul or an illusion. The Void Sage Demon Ancestor can never even simulate the world of chaos.

Qin Chen secretly said.

"I have observed you for a long time. If you don't tell me, I also know that you should have doubted it when you got the Wanjian River in the Treasure Hall."

Shen Gong Tianzun chuckled.

Qin Chen smiled: "That's right."

He did doubt it at that time, but at that time, he was just skeptical, really some speculation, some affirmation, it was when he got the eye of good fortune and saw the terrible road in the secret realm of Tiangong headquarters.

At that time, in addition to the many top powerhouses in Heavenly Work, Qin Chen clearly saw a top avenue that surpassed the powerhouses such as ancient craftsman Tianzun.

The power of this great avenue was extremely secretive, but it was still caught by Qin Chen's eyes of good fortune.

Chapter 4232-Orthodox Inheritance

However, at that time, Qin Chen only slightly suspected the Heavenly Sovereign of Shengong, because of external rumors, the Heavenly Sovereign of Shengong was only a peak deity and had not broken through countless years.

Qin Chen has also seen the pinnacle Tianzun, such as the Demon Tianzun, but compared to the avenue that the God-Working Tianzun bloomed before, Qin Chen felt that the avenue of the Shen-Working Tianzun was a bit too strong.

Therefore, Qin Chen wondered if there were other strong players.

For example, there is a prestigious name in the Tiangong universe, is there really no stronger master besides Shen Gong Tianzun?

Another example is that Heavenly Work is so important. The craftsmanship of the year was invaded by demons, attacked strongly, and instantly destroyed without precautions. Isn't the Human Alliance afraid of Heavenly Work being attacked again?

So Qin Chen also had some doubts whether it was another strong person.

It wasn't until Xugu Supreme invaded that Qin Chen secretly released the Eye of Creation again, and he sensed the terrifying power of heaven beside his mansion, and Qin Chen didn't panic at all.

This God-worker Tianzun actually lurked by his side, swaying in front of his eyes from time to time, and keeping everyone in the dark, this guy is too sinister.

But after experiencing this time, Qin Chen couldn't help but secretly warn.

This demon clan was too strong to destroy his own heart. He was willing to expose a deputy hall master and asked the space ancient beast clan to do it on himself. If it weren't for the god-worker Tianzun, he would be cold.

Of course, if he hadn't seen something by himself, he wouldn't dare to take such a risk.

Shen Gong Tianzun chuckled and said: "I knew this Demon Race would take action against you. I didn't expect it would attract a supreme powerhouse. Moreover, I took advantage of the situation and wiped out the demon spies in my daily work. The lurking of these days it's not in vain. It's a pity that it just killed a Xugu Supreme, if it kills a Demon Supreme, it's a big profit."

Shen Gong Tianzun shook his head, obviously still somewhat regretful.

Replace the Xugu Supreme with the Supreme of the Demon Race. For example, a guy like the Void Sage Demon Ancestor would be better, and that would be more profitable.

Qin Chen was speechless, this god-worker Tianzun was too greedy, and now trapped a supreme powerhouse, it was not enough.

Qin Chen still had doubts in his heart. He looked at Shengong Tianzun, frowning and said, "Master Shengong Tianzun, then, are you hiding because of me?"

"if not?"

Shen Gong Tianzun said with a chuckle: "Although I also know that the Demon Race wants to break through my daily work, who knows when he will attack? Ten years, a hundred years, a thousand years, ten thousand years? Or a million years? Have so much time to wait for him here? But knowing that you are coming, I and Xiaoyao Supreme immediately thought of this idea. We couldn't think of a wonderful achievement. A Supreme, how can we capture it so easily in a normal battle? ."

"and many more....."

Qin Chen hurriedly interrupted: "Master Tianzun Shen Gong, do you know that I am coming, and then make a plan with Master Xiaoyao?"

"Of course." Shengong Tianzun looked at Qin Chen with a smile: "Actually, I told you to come to the Secret Realm of the headquarters, or I deliberately informed the ancient craftsman Tianzun, that the ancestor of the deep demon just attacked you on the battlefield of ten thousand races and lost After the demon **** of the spirit demon clan, with the temper of the ancestor of the deep demon, how can he swallow this breath, he would definitely think of other ways, so Xiaozhi and I came up with such a way."

"Unexpectedly, you are really awesome. As a bait, it is very good to catch such a big fish directly."

Fuck!

Qin Chen was speechless, dare to be sentimental, the other party had already planned everything. Before he came to the secret realm of work this day, this place was a fire pit, waiting for him to jump down.

And, in that case, Shengong Tianzun should also know his identity as a true dragon clan?

Otherwise, he wouldn't know about the devil Tianzun.

"Does the ancient craftsman Tianzun know?" Qin Chen said solemnly, he still had doubts.

"He? He knows a little bit, but he just obeyed my orders. He should have no idea about the plan."

Shen Gong Tianzun held his chin: "For example, choosing locations for your palaces is approved. The best one is on your current mansion. So after giving those few points, I will Knowing that you will definitely choose this best place, so I lived in the palace next to you early and waited for you."

"How is it? My performance is pretty good, right?" Shen Gong Tianzun triumphed: "You have been a bodyguard for so many days, you should thank me again."

"Thanks... Shengong Tianzun." Qin Chen continued, gritting his teeth.

Damn, I was designed early, shameless.

Divine Work Tianzun overturned Qin Chen's original imagination of him. He thought that he was a righteous and awe-inspiring strong man, but now he saw that he was better than old.

However, no matter what, although Shen Gong Tianzun calculated himself, he has always been guarding his side, and, in this headquarters secret realm, he has gained a lot and repays gratitude.

"You are the one I have been most optimistic about in the long years since I took charge of Tiangong. Your potential is stronger than any other Tianzun." Shengong Tianzun looked at Qin Chen with a smile, "I hope you will grow and grow to be comparable. At the realm of Tianzun. At that time, I can give you the identity of the Lord of Heavenly Work, and I can be at ease."

"Hallmaster?" Qin Chen was startled, God Gong Tianzun actually wanted to pass the hall master to him?

This is the Master of Heavenly Work, with an extraordinary status, and with the current strength of God Worker Tianzun, he can still stand and work for countless years. There is no need to worry, and there is no need to say so clearly.

Moreover, there are so many deputy hall masters in Tianjiao, so there is no need to say it in such a hurry, right?

A strong man like Shen Gong Tian Zun has one thing to say, one spit and one nail. Now that he has said it, it is impossible to break his promise.

Shen Gong Tianzun smiled and said: "Don't be nervous, don't have to refuse. I am not passing it to you now, but waiting for you to break through Tianzun. Your current strength is still too weak to bear the hope of growing heaven's work."

"Besides, if I didn't guess wrong, you should have the inheritance of Patching Heaven Palace, right?"

Shen Gong Tianzun squinted at Qin Chen.

Qin Chen was shocked.

"Don't be nervous." Shengong Tianzun smiled, "Butian Temple is actually the predecessor of ancient craftsman's work. In other words, ancient craftsman's work is an alliance set up by Tiantian Temple. The inheritance of Tiantian Temple is also in the human race. Where the Guanghan Palace of the Celestial Realm is located, in fact, the Patching Palace is the orthodox craftsman.

Qin Chen was surprised that this god-worker Tianzun knew even this.

"You should have also heard that I was the fire-burning boy under the ancestors of a craftsman. I know a lot about it. I don't want to get the inheritance of the Patchian Palace, but I am not qualified to get it. The fire-burning boy, although I survived. , I inherited the legacy of my ancestors, but I have been looking for a true inheritor.

"Knowing that you can control the trace of Gu Yuta's evil spirit, I will understand that you are most likely to have the inheritance of Patching Heaven."

[Chapter 4233: Several eras of the universe](#)

Shen Gong Tianzun stared at Qin Chen, "Because he wants to control the ancient Yu Pagoda, he must use the sky patching technique of the Mending Heaven Palace. Only the patching sky technique can control the ancient Yu Pagoda. Other than that, there is no way."

That's it.

Qin Chen was shocked, no wonder he could control a trace of the evil spirit in the ancient Yu tower because of the sky patching technique.

But it was also true. Even if I used all kinds of methods, I lacked a little bit. It was not until I used the sky patching technique that I finally completely gathered the evil spirit in the ancient Yu Pagoda. Now I think about it, it is indeed the case.

Qin Chen shook his head, "But even if I can control Gu Yu Pagoda, there is no need to pass on the position of the Palace Master to me, right?"

He still doesn't understand, it has nothing to do with Shen Gong Tian Zun passing the position of Tian Gong Hall Master to him, right?

"Haha." Shengong Tianzun smiled and looked at Qin Chen: "Do you know, what is the purpose of the ancient craftsmanship?"

Qin Chen frowned: "Isn't it a holy place for the refiners to contact all the refiners in the world?"

He wondered, is there any problem with this?

In his view, Tianzhuo, like the artifact hall on the Tianwu Continent, is just a holy place for refiners.

"You can say that, but this is only one of them, and it is also the most superficial purpose." Shen Gong Tianzun shook his head and said: "You don't understand, now my day job is indeed a holy place for refining masters, gathering some refining tools of the human race. The teacher has become a sacred place, but ancient craftsmanship, or in other words, the ancient Tiantian Palace, is not the case."

Shen Gong Tianzun looked at Qin Chen solemnly: "Mending the sky, repairing the sky, the position of the ancient Tiantian Palace in the heavens is extremely detached, even no less than the ancient heavenly court, he has a special position and role."

"Gu Tianting?"

Qin Chen was puzzled.

He has heard this term too many times.

Shen Gong Tianzun chuckled, "That's right, you shouldn't have heard of it, I'll talk to you."

Shengong Tianzun is righteous, "In ancient times, the cosmos was born, chaos was permeated, all things began, and the ten thousand races appeared on the scene. The earliest era of the universe was the era of chaos. At that time, the universe was full of chaos gods and demons, and primordial spirits were fighting each other. , In the universe, human races, or ten thousand races, are just ants."

"At that time, along with the expansion of the universe, some races were born, and the chaos gods and demons also gave birth to descendants, transformed into many races, called ten thousand races."

"However, the bloodline of the descendants of the ten thousand races is still far inferior to the chaotic gods and demons and the primordial beings. In that era, the ten thousand races were bullied."

"In that era, the ethnic groups with the background of powerful chaos gods and demons were powerful. The ancestral witch race, the chaos race, etc., the human race, the demons, and the demons all existed as if they were enslaved."

"However, the potential of the ten thousand races is too great. With the passage of hundreds of millions of years, the rise of ten thousand races will raging against the universe, and the powerful of the ten thousand races will become the top power in this universe, plus the end of the chaotic creatures. , The top races of the ten thousand races, such as the human race, the monster race, the ancient giants, the starry sky race, the sea race, and even the demons, etc., established the ancient heavenly court, which is known as the ten thousand race council in history, and the battle with the chaos gods and demons. Two eras."

"But later, the chaotic creatures came to an end, and the ten thousand races rose completely. Among them, the human race, the demons, the demons and other forces became more and more terrifying. Finally, after the chaos gods and demons disappeared for countless years, the human race, the demons and other forces , Separated from each other and formed an era of multi-ethnic struggle for supremacy, which can be regarded as the ancient era."

"At that time, the powers of the ten thousand races were like clouds. Various races appeared in turn. The monster race, the zerg race, the underworld, the bone race and other races also topped the ten thousand race list. However, it often didn't take long for them to be seen by others. The races joined forces to fight down, and the last second overlord power of this era is the demons, as for the last overlord power, it is my human race."

Shen Gong Tianzun chuckled, "In the recent ancient times, or the post-ten thousand race era, our human race has completely risen, and we have become the sovereign of all races with the world."

"Then, in this era, you also know that the demons colluded with the dark forces, secretly conquered many races, suddenly attacked the killer, and opened a new battle. In the end, the heavens collapsed, the universe was damaged, and the two races of humans and demons stood together. , No one can do nothing."

"This is a new era."

Qin Chen nodded. It turned out that the universe has gone through so many times. Even the Primordial Ancestor Dragon and Blood River Saint Ancestor didn't know these things, because these two guys should have disappeared before the establishment of the ancient heaven.

The era they are in is the most glorious era of chaotic creatures, and they are unparalleled.

Shengong Tianzun continued: "But Patching Heaven Palace was a force that had its embryonic form in the Primordial Chaos and Desolate Era, and was a force that gathered great achievements in the ancient heavenly court. At that time, the ancient heavenly court gathered all the tribes, how powerful, all tribes

obeyed the parliament of all tribes. , Following the rules of the ancient heavenly court, only Butiangong will not. Butiangong is extremely mysterious and a unique force."

"hiss."

Qin Chen sucked in air-conditioning, "Is Patching Heaven so strong?"

He thought that the creator of the craftsmanship was the Mending Temple, and Mending Temple should only exist in the so-called Ancient Heavenly Court, but he never thought that it had such a high status.

"Do you know why Butian Palace is so detached?" Shengong Tianzun asked with a smile.

Qin Chen shook his head.

"Because of the supreme rule of the universe!"

Shen Gong Tianzun murmured: "The purpose of the ancient heavenly court and the Council of Ten Thousand Races is to unite the ten thousand tribes and develop their forces, while the purpose of Patching Heaven is to maintain the operation of the supreme law of the universe. Therefore, Patching Heaven is favored by the origin of the universe. The supreme rule of the universe is welcome."

"You should know that the Holy Lord is favored by the heavens. Every time a Venerable appears between the heavens and the earth, the power of the universe will be stronger. The Venerable, surpassing the heavens, will be affected by the heavens when any one is born. Oppression overrides the rules of heaven."

"But the so-called overriding rules are just some ordinary rules. The Lord will still be oppressed by the Supreme Rule of the universe, especially the Supreme."

Shen Gong Tianzun sighed and stared at the sky: "If you don't enter the Supreme, you won't know how much the Supreme Rule under the guidance of the Origin of the Universe oppresses the Supreme. If the Supreme is only a slight oppression to the Origin of the Universe, then the Supreme, It is a competitor to the origin of the universe, and the origin of the universe will never allow the Supreme to continue to grow stronger."

"Of course, in the Supreme Realm, the origin of the universe can only use the Supreme Rules to oppress the Supreme, but it can't help the Supreme. And any supreme has only one idea, and that is detachment, detachment from this universe, only true detachment goes out. In order to be completely free from the suppression of the supreme rules of the universe."

[Chapter 4234: Irresponsible](#)

"However, if the Supreme Realm can still be regarded as a competitor to the origin of the universe, then detachment is the enemy of the origin of the universe. Therefore, the universe will never allow the Supreme to reach the realm of detachment."

"Anyone born in detachment will greatly deplete the power of the origin of the universe and the life of the universe. Because the birth of the Supreme, the cosmic power that needs to be absorbed is too strong." Shengong Tianzun looked at Qin Chen: "You may not know. In fact, in the history of countless epochs in the universe for hundreds of millions of years, the number of supreme powerhouses is

extremely large, not to mention, it is only the chaotic era, the chaos gods and demons, the primordial creatures that were born

, Are extremely powerful. For example, the three thousand Chaos Gods and Demons who are representative of the Chaos Gods and Demons are all supreme. Moreover, the supreme of that era is much stronger than the current supreme. "That is an unimaginable era." "Shen Gong Tianzun shook his head: "Apart from these chaotic creatures, how many powerful men have been born in the universe for hundreds of millions of years?" Hundreds of millions, so perhaps the number of supreme among the ten thousand races is not that many, but in

In the entire universe these countless epochs and years, the number of supreme beings is actually quite a lot, or even extremely large. "

"However, among them, there are only a handful of detached ones. They are even heard in legends, and I don't know whether they are true or false. However, there are always strong people who take this step and impact the transcendence realm, causing damage to the origin of the universe."

Shen Gong Tianzun said with emotion: "The purpose of Patching Heaven Palace is to maintain the origin of the universe, maintain the operation of the universe's supreme rules, and repair the universe."

"Butiangong's true identity is the spokesperson of the origin of the universe."

Qin Chen was shocked.

He never expected that Butian Palace still had such an identity.

The spokesperson of the origin of the universe? Maintain the operation of the supreme rules of the universe?

Think about it, it's a bit exaggerated.

Qin Chen questioned: "According to you, aren't all the supreme beings enemies of Mending Heaven Palace?"

"You can say that, but you can't say that." Shengong Tianzun laughed: "In the beginning, the purpose of Patching Heaven Palace was indeed like this. To maintain the origin of the universe, Patching Heaven Palace can receive the favor of the origin of the universe and is not subject to the supreme rules of the universe. suppress."

"Think about it, other supreme will be suppressed by the universe, but you will not fill the heavens, what advantage will it be?"

Qin Chen nodded. Indeed, the Supreme was suppressed by the Supreme Rule of the Universe. If the Supreme of Miantian Palace was not suppressed, how powerful would it be? "Unfortunately, no matter how strong the origin of the universe is, it cannot stop the determination of the rise of the ten thousand races. Who is the peak at the end of the martial arts? Who doesn't want to go to the highest place and take a look at what the scenery between the world and the earth will be like? Power, you can protect

Zhengbu Tiangong's supremacy, do not want to be that detachment? "Shen Gong Tianzun said with a smile.

Qin Chen was stunned.

I am afraid that everyone wants to go further.

"It is rumored that in ancient times, there was a palace lord of Butian Palace, enjoying the favor of the origin of the universe, but secretly comprehending the supreme rules of the universe, blinding the origin of the universe, trying to break through and detachment, and then being discovered by the origin of the universe, directly suppressing and killing." Fighting is of far-reaching significance." Shen Gong Tianzun chuckles: "Later, the purpose of Patching Heaven Palace became to repair the origin of the universe, and to suppress alien forces from outside the universe. As for the strong in the universe, Patching Heaven Palace will not do anything. , The universe

The source will only suppress it by itself. "

"You mean, the power in the universe?" Qin Chen looked over.

"Oh?" Shen Gong Celestial Clan smiled and looked at Qin Chen: "Have you heard of the Universe Sea? It seems that you know a lot." Shen Gong Tianzun nodded, "Indeed, there will always be forces in the Universe Sea infiltrate. In this universe, some are items and some are strong. As long as they enter, they belong to a different kind of power and they will damage the origin of the universe. Therefore, the purpose of Patching Heaven has become

To repel forces outside the universe. "

"For example-today's dark forces, if it weren't for the mending palace, the dark forces wouldn't be so easy to invade."

Shengong Tianzun shook his head, "However, these are old things, no matter what, this Gu Yu Pagoda, if it is not the inheritance of Butian Palace, ordinary people can easily not control it. As for you..."

Shengong Tianzun looked at Qin Chen: "You The strength is good, but the cultivation base is still weak. Now you should control a bit of evil aura. When you break through the realm of Heavenly Sovereign, you may be able to control the Treasure Hall the same as me back then.

The power of controlling a trace of ancient Yuta. "Of course, this is only possible...As far as I know, Guyu Pagoda is extremely extraordinary and extremely dangerous. Even if you really go to the inheritance of Butian Palace, you may not be able to control it. If you fall inside, eh , It should be very likely

, Then I will continue to find new descendants, if you can succeed, I will pass on the Lord of the Palace to you. "

"By then, you will have the ability to defend this secret headquarters. As for now, you are still far away. If it is handed over to you, it may not necessarily be destroyed by the demons when you turn around."

Qin Chen: "... "Don't think that the Lord of Heavenly Work is a good thing. This is a headache. The Human Alliance is extremely dependent on Heavenly Work. This stuff is unlucky for anyone who sells it, if I'm not the ancestor. My subordinates don't bother to build any day to work, if not for this day

Work has bound me for so many years, and I am afraid I can break through the supreme realm sooner. "

"So..." Shengong Tianzun looked at Qin Chen: "You should break through quickly. It's better to break through tomorrow. In this way, I can also take off the burden and go free."

Qin Chen was speechless, is this god-worker Tianzun so unreliable, so irresponsible?

What's more, this thing is such a headache, it is not necessary for me.

"Well, what else do you have to ask." Shen Gong Tianzun looked at Qin Chen with a smile.

Qin Chen was silent for a moment, digested what Shen Gong Tianzun had said before, and then said: "I want to know where Qian Xue and Ru Yue have gone!"

Qin Chen looked up, this was what he wanted to know most.

Obviously, they came to the secret realm of the working headquarters this day, but they were looking for a long time, but they were not here, which made Qin Chen quite worried.

"..."

Shen Gong Tianzun looked at Qin Chen speechlessly, "As soon as I come up and ask a woman, don't you have anything else to ask first? For example, when did I break through to the supreme, and how did I break through?"

Qin Chen sweats coldly, who really wants to know about you.

"Sad." Shengong Tianzun shook his head, "It's in vain that I have protected you for so long, man, there really isn't a good thing."

Fuck!

Qin Chen suddenly felt that his goose bumps had risen.

Damn, aren't you a man? "Haha, just kidding." Seeing Qin Chen's green face, Shen Gong Tianzun laughed: "A few of them, indeed, are not in the secret realm of our headquarters, and they went to different places."

Chapter 4235 Ancient Race

Sure enough, he was not in the secret realm of Tiangong headquarters.

Qin Chen looked up at Shen Gong Tianzun, "Where did they go?"

Shen Gong Tianzun smiled and said: "It seems that you want to ask whom."

Qin Chen had a headache, this god-worker Tianzun was really cheap.

If it weren't for the opponent, Qin Chen would want to hit someone.

Seeing Qin Chen's depressed expression, Shen Gong Tianzun smiled: "Haha, okay, I won't tease you anymore. You are really boring. I thought you were different from others, but now it seems that you are also a wood. "

After that, Shen Gong Tianzun smiled and said: "At the beginning, there were only four people who were taken to the secret realm of Tiangong's headquarters. Let me think, which four are they?"

Qin Chen's eyelids jumped wildly, and his murderous aura almost overflowed.

"Don't get excited, remember it." Shengong Tianzun said with a smile: "They are You Qianxue, Ji Ruyue, Ji Wuxue, and another named Qingqiu Ziyi. In other words, although the Nine Tails are good, the man and the beast are good. Make a difference, just relax."

Qin Chen was speechless, and he didn't even bother to get angry. He could see that this god-worker Tianzun was strong in strength and high in status, but he was a bitch, too speechless. Such a person could actually become this. The founder of Tianjiao, the top powerhouse of Terran.

How did you do it?

No wonder he was just a fire-burning boy with a craftsman as an ancestor, and I don't know how the craftsman as an ancestor can withstand such a silly talk.

Shen Gong Tianzun smiled and said: "Let's talk about You Qianxue first, well, this person has a good talent, and was taken by Xiaoyao Supreme."

Qin Chen's eyelids twitched.

"Wait...Look at what I said, don't get excited, I haven't finished speaking yet, I was taken by the lady of Xiaoyao Supreme." Shen Gong Tianzun added with a smile.

In the chaotic world, Honghuang Zulong said speechlessly: "Kid Qin Chen, this is the top powerhouse of your current human race, the founder of what day job? Why is it so cheap? It's comparable to what your Dragon Lord has."

"To shut up."

Qin Chen spoke angrily, then looked at Shengong Tianzun, "A woman of Xiaoyao Supreme?"

"Hmm." Shengong Tianzun nodded: "It is the palace lord of the Moon God Palace, Yaoyue Supreme, that Yaoyue Supreme and Xiaoyao Supreme soared to the lower planes together. Today, it is also one of the top forces of my human race, but she rarely comes forward. , So there are not many people who have seen her in the universe. I work every day, and it can be regarded as a good cooperation with the Moon God Palace. You Qianxue, this person is very talented and rare. He was favored by Yaoyue Supreme and brought the Moon God back. The palace is gone."

Qin Chen's face was ugly, and it was a good thing that Qianxue was taken away by Yaoyue Supreme, but in this way, it became difficult for him to see him.

"How can I meet her?"

Qin Chen said solemnly.

"I can't see it." Shen Gong Tianzun shook his head, "I can't easily enter a place like Moon God Palace. There are women inside. How can you, a big man, enter?"

Seeing Qin Chen's ugly face, Shen Gong Tian Zun said again: "Furthermore, Yao Yue Zhi Zun will admire You Qianxue. This is an opportunity. If You Qian Xue can get Yao Yue Zhi Zun's inheritance, it is better than staying in my day to work. There are too many, you have to care, and you should also care about Ji Ruyue."

"What happened to Ru Yue?"

Qin Chen suddenly changed color.

"She is a member of the Ji family, and Ji Wuxue was forcibly summoned halfway by the Ji family strong, Ji family...hehe." Shengong Tianzun sneered, his eyes cold.

"What's wrong with the Ji family?" Qin Chen looked over, and he felt a strong breath from Shen Gong Tianzun.

Shen Gong Tianzun sneered: "Ji family, but an extraordinary force, in the ancient times, it should be called the Ji clan, and it is a member of the ancient clan."

"Ancient race is the name of a race containing ancient chaotic bloodlines. In today's universe, there are very few races with chaotic bloodlines among the ten thousand races, and this Ji family is one of them. However, because the Ji family has more of them. Human blood, therefore, is considered part of my human race." Shen Gong Tianzun squinted, "In the past, Ji family fought against the Xiao family of the ancient race in order to fight for control of the ancient race. They were defeated and almost wiped out. In 2017, I finally survived, but unfortunately, the position is still unstable, and even the risk has always existed."

"Then Ji Ruyue was taken back to Ji's house. I'm afraid that Ji's family has other thoughts."

Shen Gong Tianzun looked at Qin Chen.

"What's your mind?" Qin Chen frowned.

Shen Gong Tianzun smiled slightly: "I think Ji Ruyue has extraordinary strength and talent cultivation. You said that such a character appears in a family. What will the family head do to let the family pass on?"

Qin Chen's eyes were cold, "Marriage?"

In an instant, a terrible breath filled Qin Chen's body, booming, and suddenly murderous.

In fact, after encountering Ji Wuxue in the Southern Heaven Realm, Qin Chen had already felt that the Ji family where Ji Wuxue was located was very strict and very strict on them, but they also provided many resources.

In fact, Ji Wuxue and the ancestors of the Ji family inherited from the Tianwu Continent, although they have blood inheritance with the current Ji family, they do not have much contact, not even a family member.

If the Ji family dared to do anything wrong with Ruyue and the others, Qin Chen would never forgive them.

boom!

In an instant, Qin Chen stood up suddenly, murderously, his eyes bursting with hideous cold light.

"Master Tianzun, please tell me the location of Ji's house." Qin Chenhan said.

At this moment, endless killing intent filled, with a bang, the table in front of Qin Chen shattered.

Shen Gong Tianzun waved his hand, and another stone table was formed instantly, and he said silently: "I just said that there is such a possibility. You don't need to be so excited, right?"

"Furthermore, it's up to you to go to that Ji's house, haha, it's not me who will hit you, I'm afraid I can get in, but I can't get the material." Shen Gong Tianzun said with a smile.

"The Ji family is very strong?" Qin Chen asked intently.

"Of course strong, well, their ancestors are now a pinnacle god, a very strong kind." Shen Gong Tianzun said.

The pinnacle of heaven?

Qin Chen changed color, if such a strong person broke into it by himself, it would be really dangerous.

Although Qin Chen's strength is strong now, he dare not say to challenge the pinnacle Tianzun, not to mention that the Shengong Tianzun is very strong, that strength is definitely extraordinary.

"Doesn't there still be Master Tianzun here?" Qin Chen said suddenly.

Shen Gong Tianzun was shocked: "What does this matter have to do with me?"

"Master Shen Gong Tianzun, Ruyue is also a peripheral member of Tianjiao, do you just watch him being taken away by the Ji family? And still forcibly taken halfway? This obviously doesn't put you in the eye. "

Qin Chen hurriedly said: "Obviously, in the eyes of the Ji family, they don't like our work at all. No, maybe the Ji family doesn't know that you have broken through the supreme realm, and you think you're Tianzun. That's why it doesn't take you seriously."

[Chapter 4236: Who is a dog](#)

Qin Chen looked at Tianzun Shen Gong with an appearance of the same hatred and hatred: "I work hard and stand for hundreds of millions of years. I am one of the top forces in the Human Race Alliance. All races must obtain magic weapons from my heaven work."

"My disciples who work every day go out, not to mention being respected by thousands of people, but at least they should be respected, but this Ji family works so well to the sky. If I am the goddess, maybe I will shrink back, but you, the gods Already a supreme powerhouse, can we just let the Ji family ruin our reputation for work?"

"No matter if you can't bear it, at least I can't bear outsiders to insult me like a disciple."

Qin Chen was filled with righteous anger and murderous.

"Okay, stop..."

Shen Gong Tianzun hurriedly interrupted, and then let this kid continue to talk, and soon he will become the unscrupulous palace master.

"Give you a chance to persuade me to stand up for you." Shen Gong Tianzun looked at Qin Chen, his eyes narrowed with a smile.

"If you don't get ahead, I will save it by myself. Moreover, I don't want to be the master of the job this day. You can find another palace master when you look back." Qin Chen said.

"you....."

Shen Gong Tianzun's face was pale, staring at Qin Chen coldly.

boom!

Suddenly, Qin Chen was pressed by a terrible breath, almost unable to move.

However, Qin Chen's eyes were very cold and sharp, and very calm.

moment.

Shen Gong Tianzun smiled: "Interesting, OK, I promise you."

Shen Gong Tian Zun's eyes also became a little cold: "The Ji family, without saying hello to this seat, they took away the disciples under this seat, ha ha, it seems that my God Gong Tian Zun has been a good old man for so many years, this Ji family I don't take my daily work in the eyes at all. If you really respect my daily work, even if you take away a dog, you have to say no to the owner."

Qin Chen suddenly looked over with an angry look.

Fuck!

Who is the dog?

This guy is too cheap, if it weren't for Qin Chen's opponent, he would have liked to slap him out.

"Are you scolding me in your heart?" Shen Gong Tianzun frowned and looked at Qin Chen: "I am a metaphor, don't you understand it? Do you want me to help you?"

"Master Tianzun Shen Gong, just say it." Qin Chen said hurriedly.

"It's pretty much the same." Shengong Tianzun smiled and nodded, and then looked at Qin Chen: "However, before this, I need you to do two things. After that, I will accompany you to Ji's house."

"what's up?"

"The first thing is to find the remaining spies in the work of the day. I know that you are not identified by Gu Yuta's evil spirit. There must be other ways. No matter what method is used, I want you to find out all of them in two hours. spy."

Qin Chen frowned, "I can't find all the spies, I can only find out what I can find, but basically, it's already inseparable."

To find the spy, it is necessary to use the power of darkness to perceive the other party, and Qin Chen cannot reveal this at present.

"also may."

Shen Gong Tianzun nodded.

"What about the second thing?" Qin Chen asked.

"Let's talk about it after you find the spy, the faster the better, and no more than two hours at most, I will let the ancient craftsman Tianzun cooperate with you." Shen Gong Tianzun said.

"One hour is enough."

Qin Chen's voice fell, and he stood up suddenly, and then said to Shen Gong Tianzun, "There is also the whereabouts of Qingqiu Ziyi, your lord, you haven't told me."

"Hehe, I thought you had forgotten it. Sure enough, Yaozu is used to warm the bed, and its importance is lower." Shengong Tianzun said, throwing out a jade slip: "This is what Qingqiu Ziyi left behind. Video, you can watch it yourself."

The corner of Qin Chen's mouth twitched and wanted to tell him that it was not like this, but after thinking about it, he decided to forget it.

The **** worker Tianzun couldn't explain it, he just wanted to think about it.

At the moment, Qin Chen's figure flickered and left the mansion directly.

"Interesting, is that one's descendant?"

Shen Gong Tianzun looked at Qin Chen's leaving back and couldn't help but laughed, "Oh, it's much more interesting than the old men like the old craftsmen. Those old things can't be jokes, Old Antique, Old Antique."

Shook his head, Shen Gong Tianzun smiled, not knowing what he was thinking.

At this moment, Tianjiao headquarters is in the secret world.

Qin Chen has already sent a list of the ancient craftsman Tianzun and the others. It is precisely the many spies discovered among the more than 1,500 strong heavenly workers who challenged him at the beginning. Now that the three deputy hall masters have been captured, these spies are naturally also. You can catch it all in one go.

In addition, Qin Chen also asked the ancient craftsman Tianzun and the others to arrange a formation in the ancient Yu Pagoda, so that the remaining strong men who had not challenged him would enter the ancient Yu Pagoda and be tested by him.

After getting Qin Chen's list, the ancient craftsman Tianzun and others who were sorting out the secret realm of Tiangong's headquarters were all taken aback.

Immediately, the ancient craftsman Tianzun and the others dispatched one after another, and immediately began to arrest people.

Those Demon spies who had not been discovered before were already in panic at this moment, and there was still a trace of luck in their hearts, and they wanted to try to get through, but when the ancient craftsman Tianzun came to arrest people, everyone changed their colors.

boom!

These demon spies knew that they were exposed, and they were ready to resist. However, without the protection of the powerful assistant masters such as Wending Tianzun and Xingjiang Tianzun, how could they be the opponents of the ancient craftsman Tianzun and the remaining five deputy hall masters? He took action and imprisoned a famous demon spy one after another.

The remaining Mozu spies also changed color when they heard that they were about to enter Gu Yu Tower to be tested by Qin Chen.

They don't know the whole story, they only know that all the spies of the Mozu in the Heavenly Work have been exposed because of Qin Chen, and they don't even need Qin Chen to detect them. All the spies tried to escape from the secret realm of Tianhe's headquarters. Grabbing and suppressing one after another.

As for the rest of the people, Qin Chen also used the power of darkness to perceive it for more than an hour, and he found out a few lucky ones.

In this way, in the entire Tiangong headquarters secret realm, nearly two hundred demon spies were found within more than an hour, which shocked the ancient craftsman Tianzun and others.

This amount is simply discolored.

However, after this battle, the Demon Race has set up countless rounds in the Heavenly Work, and it was also broken open by Qin Chen and Shen Gong Tianzun. Even if there are demon spies in the Heavenly Work today, there are only a few of them. Some trivial characters who are not rewarded by the power of darkness are naturally not afraid.

When all the spies were suppressed.

boom!

Shen Gong Tianzun suddenly appeared above the Island of the God of Craftsman.

"Qin Chen, the five deputy hall masters, come here."

Shen Gong Tianzun rumbling.

Suddenly, the eyes of countless powerhouses gathered on the entire Artisan Island, the entire headquarters secret realm, and they were extremely excited.

It's Master Tianzun, what is he going to do?

Although the secret realm of Tiangong's headquarters was tragically attacked this time, the news that Shengong Tianzun broke through to the supreme still made everyone excited and wept with excitement.

Chapter 4237-Acting Palace Master

Although the Heavenly Work has suffered heavy losses this time, the three deputy hall masters may fall, or be captured and imprisoned by Master Tianzun, but the demon spies have been swept away during the Heavenly Work, and today's Heavenly Work is not burdened and relaxed.

Whoosh whoosh!

A few figures passed by, Qin Chen, Ancient Craftsman Tianzun and others rushed to pay respectful salute to Shen Gong Tianzun.

"I have seen the Lord of the Palace."

Shen Gong Tianzun nodded, and then rumbling toward the headquarters secret realm: "In view of the performance of Qin Chen's acting deputy hall master in this battle, this seat is here to give an order. From today onwards, Qin Chen will be the official deputy hall of my heavenly work. Lord, and, acting as the head of the temple, if this seat is not present, everyone can follow the instructions of this person."

what?

boom!

The whole day's work was a sensation, completely in an uproar, and shocked.

Everyone didn't have any opinions about Qin Chen being appointed as the deputy hall master of Heavenly Work. This time, the three deputy hall masters were vacant. With Qin Chen's strength and current reputation, it would be no problem to become the deputy hall master.

But the acting palace master changed everyone's color.

"Hall Master, this..."

Many people said one after another.

In particular, the five deputy hall masters all looked at Qin Chen with dignified eyes. Acting as the hall master, Master Shen Gong Tianzun, is this going to pass the hall master to Qin Chen? Is this cultivating heirs?

They had to think this way. In the history of Heavenly Work, there has never been the position of acting as the master of the palace, and there has never been a precedent for the deputy palace master as the acting palace master.

Shengong Tianzun is not in the secret realm of the headquarters all the year round, and the eight deputy hall masters have always discussed the major affairs of the headquarters, but now, the appearance of the deputy hall master immediately makes Qin Chen's position above their deputy hall masters.

Even the deputy hall master must obey the instructions of the deputy hall master.

Why?

Of course, God-worked Tianzun has a deep reputation in Tian's work, and no one will ask this question. However, no matter what, these blessed hall masters, and even many Tianzuns and elders, will have such doubts and dissatisfaction.

"Do you have any different opinions?"

Shen Gong Tianzun lightly looked at the five deputy hall masters, and glanced at all the powerhouses present.

"I have no objection."

Suddenly, the five main deputy hall masters and countless strong men bowed their heads.

After breaking through the supreme, the majesty of Shen Gong Tianzun is even greater, who dares to refute it.

Moreover, the acting hall master should act as the hall master, anyway, Lord Shen Gong Tianzun is still there.

On the side, Qin Chen was speechless. He would rather not have the acting palace master, Godgong Tianzun was racking him on top of the goods.

In this position, whoever sits is uncomfortable.

"Besides, now I work hard, and there are still two vacancies for the deputy hall masters. Well, whoever of you wants to take up the position, perform well."

"At the same time, given that the crisis has not yet been thoroughly contacted, no one is allowed to leave the secret realm of the headquarters, or even enter the scope of the pole of fire. Once inside, the pole of fire will be killed."

The voice fell, Shen Gong Tianzun raised his hand.

boom!

The colorful flames formed by the Tongtianji Fire Pillar instantly surged, drowning everything, covering the sky, even the Vice-Hall Master's Palace, the Treasure Hall, etc. were covered, not to mention the entrance, completely flooded by the flame.

Anyone who breaks into it is as strong as Tianzun and will fall.

Because of the previous matter, everyone did not have any opinions.

Now the spies of the Demon Race know that the Lord and the Lord must have to deal with some of them, at most, they have been closed for a while.

Shen Gong Tianzun finished speaking, and took Qin Chen's five people to his palace quickly.

The palace of Shengong Tianzun is located at the top of the Tongtianji Fire Pillar, towering majestic and overbearing.

The five deputy hall masters were puzzled in their hearts, not knowing the purpose of Shen Gong Tianzun bringing them.

Falling down in the palace, Shen Gong Tianzun said lightly: "You six, follow my orders and follow me out."

"Out?"

Everyone is discolored. At this time, when the secret realm of Tiangong's headquarters is panicking, where is Lord Shengong Tianzun going to take them?

"My lord, are we going here?" Ancient Craftsman Tianzun was puzzled.

Zuo Tong Tianzun and others also looked at it.

"Space ancient beasts." Shengong Tianzun sneered.

what?

They all changed color.

Shen Gong Tianzun's eyes are cold: "The news that Xu Gu Zhizun was suppressed should not be returned to the Demon Race. Today, the Demon Race are still waiting for news here? But now, the spies of the Demon Race have been swept away by me. Once it's empty, it will take some time for the demons to get news, enough for us to do something with the space ancient beasts."

"The space ancient beasts, secretly colluding with the demons, it's time to kill."

Divine Worker Tianzun is murderous: "Xu Gu Supreme dared to attack my heaven work, so there should be preparations for the fall of the race. This attack, I will wait for Thunder Action, and this seat will only take you six. Now the space ancient beast clan has lost Xu Gu. Supreme, the seven of us should be enough."

hiss.

Although they had some preparations, after hearing the words of Shen Gong Tian Zun, the ancient craftsman Tian Zun and the others still breathed in air-conditioning.

This is a clan of space ancient beasts.

Although Xugu Supreme has been suppressed, the Space Ancient Beast clan is also an extremely powerful race among the ten thousand races. Among them, there is also a pinnacle heavenly sovereign, and at least a few heavenly sovereigns, with extraordinary strength.

Just listen to Shen Gong Tianzun coldly saying: "My Human Race has been defending these years, and it's time to take the initiative to attack once. What's more, if I can't wait to make a move, the news will be sent back to the Demon Race, this space ancient beast family will definitely be accepted by the Demon Race. , To become the help of the Demon Race, this kind of enemy's actions will naturally not work."

"Furthermore, I have to kill chickens and warriors every day, so that other races and forces will never dare to do anything to my daily work."

boom!

Shen Gong Tianzun's body was full of killing intent, and his eyes were cold.

Qin Chen finally saw the aura of a powerful man from Shen Gong Tianzun.

As long as you get angry, this god-worker Tianzun is still good.

"I'll wait, listen to the orders of the Lord Hallmaster."

The ancient craftsman Tianzun and the others looked at each other, and both were murderous and saluted respectfully.

"well."

Shen Gong Tianzun nodded, "This time, none of us will be alarmed. In the secret realm of the headquarters, there is Lingfeng Tianzun and they are sitting in town. I will make a quick decision. Starting from this palace, no one will notice."

Hum!

Shen Gong Tianzun raised his hand, and suddenly, a dark entrance appeared in the palace void.

Everyone was surprised. They couldn't think of more than one entrance to the secret realm of the headquarters, and there was also an entrance in the palace master's palace.

Huh!

Under the leadership of Shen Gong Tianzun, several people instantly entered the black hole. The next moment, the light flashed, and everyone had already appeared in the outside world.

"This is the fire source secret realm!"

Feeling the power of the surrounding flames, the ancient craftsman Tianzun and the others were surprised.

"The ancient space beasts have a long way to go. At your speed, I am afraid that it will take an unknown amount of time to arrive. Moreover, the source of the fire is secretly outside the country, and there is a possibility that there will be demon spies."

Huh!

Shen Gong Tianzun raised his hand, and a palace suddenly appeared here.

It is the treasure hall.

The ancient craftsman Tianzun and the others were shocked, and the lord of the palace brought out the hidden treasure hall.

"This thing is also a flying treasure. You can escape the demon's detection when you enter the treasure hall."

Ancient craftsman Tianzun and others entered the treasure hall one after another.

At the next moment, Shen Gong Tianzun urged the hidden treasure hall, and the space fluctuated for a moment, and everyone disappeared.

[Chapter 4238: Too fast](#)

In the fire source secret realm outside the secret of Tiangong's headquarters, a space power flashed through, and Shen Gong Tianzun and others had disappeared.

In the Secret Realm of Fire Source, on top of the refining stars, many external disciples who work hard are urging the power of the stars to refine the magic weapons.

Among them, on many stars, occasionally disciples would inadvertently raise their heads and look in a certain direction in the void while refining.

There is the entrance to the secret realm of Tiangong headquarters.

"According to the information, Master Xugu Supreme should have entered the secret realm of the Tiangong headquarters, why is there no movement at all?"

These days, the disciples who work on the refining device frown, but they can't see any difference on their faces, and they even talk and laugh happily with other disciples in general.

However, they are actually the secret spies of the Demon Race, the spies of the Demon Race on the refining stars in the secret realm of the fire source outside the Tiangong headquarters.

Because the secret realm of the Tiangong headquarters is completely closed, no news can be transmitted, and they can only observe with naked eyes to check whether there is any change in the secret realm of the Tiangong headquarters.

However, they waited silently, but never saw any fluctuations.

Not only them, but in the vast and lonely starry sky beyond the fire source secret realm, and on some barren planets, there are also some strong men who are secretly staring at the secret realm of Tiangong headquarters, silently waiting for news.

now.

Demon territory.

The ancestor of Yuanmo squinted his eyes and looked at the towering figure kneeling in front of him, and said in a deep voice, "Xu Gu Zhizun, hasn't any news come yet?"

The towering figure respectfully said: "Hui ancestor, there is no news yet. The last time the news came back, or half a day ago, Xugu Supreme informed him that he had sneaked into the fire source secret realm, and then there was no news. ."

"Is there any news coming back from some of the spies on the crafting star in the secret of the fire source and our people in the secret of the headquarters that day?" Yuanmo ancestor frowned.

For some reason, he felt a little palpitations inexplicably, as if something bad was about to happen.

"Back to my ancestors, the wind is calm, and there is no news at all."

The towering figure said again: "According to the previous information, the secret realm of the Tiangong headquarters is now very tightly sealed, and even the entrance must be taken care of by the two deputy hall masters, and the secret realm of the Tiangong headquarters now has seven deputy hall masters. Maybe our people have not yet had their turn to take care of the entrance secret realm, so Xugu Supreme probably hasn't found a chance to do it yet."

The ancestor of Yuanmo nodded: "It is possible, what about other forces in the human realm?"

"According to the information returned by the Bone Race, Zerg Race, etc., the human race is peaceful, and there has not been any abnormality for the time being." The towering figure said.

The ancestor of Yuanmo nodded his head and breathed a sigh of relief. It seemed that he had been worrying too much.

Moreover, even if he did not succeed, he could still retreat with Xu Gu's supreme means and supernatural powers. The only pity was that he might have to lose a deputy hall master level spy.

But if you can kill that Qin Chen and destroy Heaven's Work, everything is worth it.

"Always monitor the movements within the territory of Heavenly Work,? Also, the Space Ancient Beast clan will also send someone to guard. If there is any abnormality, immediately inform me." Yuanmo ancestor said.

"Yes, ancestor."

The towering figure respectfully replied, then bowed, and carefully retreated.

What the ancestor of Yuanmo didn't know was that while he was waiting for the news of Xugu Supreme, Shen Gong Tianzun had already taken Qin Chen's six people and quickly left the human race to go to the space ancient beast clan.

The space ancient beasts are very mysterious, located in a special cosmic secret realm, where the power of space surges, and the general strong break into it, and it will easily be annihilated.

But for Shengong Tianzun, the location of the ancient space beasts is no secret.

In the endless void, a huge palace is flying quickly.

boom!

The palace shuttles in the turbulent spatial current, so fast that the surrounding scenery is no longer visible at all, but it turns into a stream of spatial particles.

In the palace.

Qin Chen and others were shocked to feel the passing of the surrounding space.

fast!

The speed is too fast.

This hidden treasure hall is indeed a supreme treasure. When it turned into a flying treasure, the speed was so fast that it shocked Qin Chen inexplicably. Compared to Qin Chen's speed, it was somehow faster, a hundred times? Still a thousand times? even more.

This made Qin Chen feel awe-inspiring and became more vigilant.

"Compared to the speed, I should not be inferior to most of the heavenly venerables now. At most, I am a bit worse than the peak celestial elders such as the devil celestial elder, but I also have the hope of fleeing. It's troublesome, especially this guy also has the supreme treasure of flying class."

Qin Chen was speechless.

Not afraid of the supreme being strong, but the supreme has treasures.

In terms of strength, Shengong Tianzun, a newly promoted Supreme, how can he be the opponent of Xugu Supreme?

What's more, Xu Gu Zhizun is also the ancestor of the space ancient beast family, possessing special space magical powers.

If it's scary, I'm afraid, Shengong Tianzun has a supreme treasure.

This hidden treasure hall is no trivial matter. Not only can it contain everything, but it also has the means to trap people. Now, it can be turned into the top treasure of flying.

I am afraid that such a speed is considered top level among the supreme.

Relying on the speed of the Treasure Hall, if you encounter a strong man like Shen Gong Tian Zun, unless you have any special means, no matter how you escape, you will not be able to escape Shen Gong Tian Zun's pursuit.

"? Zheng Tianzun, how is your injury?"

In the Treasure Hidden Hall, Tianzun Shengong looks towards Zhengtianzun.

"Thank you for the Lord's concern, my injury is no longer a problem." Zhengtianzun hurriedly said.

"well."

Shen Gong Tianzun nodded, "I will talk about the specific situation of the meeting."

"The ancient space beast clan, the ancient ancient beast clan, are powerful, and the ten thousand clan list is among the top 100 clan, it is precisely because of the Xuguo Supreme, but in addition to the Xuguo Supreme, there are still many strong people in the space ancient beast clan. ."

"Among them, the respect of the earth and the respect of the people, let alone. The reason why the space ancient beasts are strong is because their offspring are born, and the children are in the state of the earth sage. Even if they do not practice, they simply absorb the power of space. He is also the Holy Master, and it's not difficult to cultivate and become a venerable one."

Aside, Qin Chen sucked in air.

Ancient Orcs in this space, so terrifying?

Is the holy land at birth? Thinking about the lower planes of the Tianwu Continent, Qin Chen was speechless. As long as it was not a source continent, such as the Alien Demon Continent, Qin Chen was speechless.

But what about the space ancient orcs? They were the holy land at birth, but fortunately, Lao Yuan and the others were not here, otherwise they would definitely be angry.

The gap is too big.

The ancient craftsman Tianzun was not surprised. As Tiangong Tianzun, they still have some basic understanding of the space ancient beasts.

Chapter 4239 Fox Family Ancestral Land

"Fortunately, the space ancient beasts are a small race, and their fertility rate is extremely low, um, because the stronger the gene, the harder it is to give birth to the next generation. It's just the law of

the universe and whether they have a life between husband and wife. It doesn't matter." Shen Gong Tianzun said.

Qin Chen was speechless and glanced at Gong Tianzun.

Just listen to the divine worker Tianzun continue: "Today's ancient space beasts, although the Xugu Supreme has fallen, there are still some strong Tianzun, as for the earth and humans, there are also some. The entire space ancient beast race is about Nearly one hundred thousand, and there are about a thousand strong people above the venerable."

hiss!

Qin Chen's heart was shaken again, a small clan of only one hundred thousand people, there are thousands of nobles, no wonder it became a top 100 race.

The strength of a race depends not only on the number of races, but also on the number of top powerhouses. Even if a race has tens of billions and hundreds of billions of people, if there is no venerable, then it will not even enter the Ten Thousand Races list. Ants, pigs, and even slave races.

The universe is so cruel.

"We don't need to care about these ordinary venerables. The only thing we need to pay attention to is the strong celestial beings. According to my estimation, there are about seven or eight strong celestial beings of the space ancient beast clan."

"And the strongest among them is the patriarch of the Space Ancient Beast clan, the descendant of the Void Ancient Supreme, the Void Heavenly Venerable, this person is the peak heavenly Venerable powerhouse, with extraordinary strength, when the time comes, I will solve the Void Heavenly Venerable."

Shen Gong Tianzun looked at Qin Chen and the others: "The role of the six of you is to block other space ancient beasts. Don't let them escape. After I suppress Void Tianzun, I will come to support you. As long as space ancient beasts If all the Celestials of a clan are destroyed, then the space ancient beast clan will also be destroyed."

"have you understood?"

"Yes, Lord Hall." Ancient Craftsman Tianzun and the others respectfully said.

Qin Chen's heart was also full of enthusiasm. It was the first time that he participated in such a battle, attacking a strong clan, and was the top 100 strong clan in the universe. This was the first time Qin Chen had encountered it.

The ancient craftsman Tianzun said: "Hall Master, we have to be careful of the demons to rescue."

The ancient craftsman Tianzun said solemnly: "The space ancient beasts have taken refuge in the demons, and there may be masters of the demons in their tribe."

Shen Gong Tianzun chuckled: "Don't worry, it's not possible. The old Xuguo Sovereign is very vigilant. Although he has taken refuge in the demons, he should have a cooperative relationship with the demons. They will not allow the demons to enter. , And the demons don't dare to station nearby easily,

and at most monitor them from afar, otherwise, once discovered by my human race, the secret refuge of the space ancient beasts to the demons will inevitably leak out."

"That's why I said this is our chance."

Everyone nodded, and Zuo Tong Tianzun also said: "I'm not worried about the demons stationed there, I'm just worried, if they want to escape, what should they do? The space ancient beasts have a very strong escape method."

Everyone was concentrating.

The Lord of the Hall dealt with the Void Heavenly Venerable, it was absolutely no problem, but they were dealing with other Heavenly Venerables, both of which were Heavenly Venerables. They wanted to stop the Heavenly Venerable of the Space Ancient Beasts, and it was still very difficult.

"If you let them run away, what would I do with so many people?" Shen Gong Tianzun said coldly: "What I want is to catch it all in one go."

Everyone looked solemn.

The difficulty is still very high.

"Don't worry, when the battle begins, I will lay down a large formation. You can do whatever you want. With the five of you, it is okay to stop a few big celestial beings in a short time. As for Qin Chen, you go to deal with those other venerables, and you must not let them run. Up."

"Yes." Qin Chen nodded.

"Okay, let's just say so much. You should rest first and recharge your energy. Three days later, we will be able to reach the territory of the ancient space beast clan."

God works Tianzun Tao.

Qin Chen and the others left immediately.

In three days, it would take three days for Tianzun Shengong to control the hidden treasure hall. The distance between the space ancient beast clan is really far. If Qin Chen flies by himself, it may not be possible to reach it in three or five years.

In the treasure hall.

At this moment, Qin Chen found a secret place and sat cross-legged.

He didn't have the time to take out the jade slip that Godgong Tianzun gave him.

Hum!

The power of the venerable surging, the figure of Qingqiu Ziyi emerged in front of Qin Chen.

"Little Chen, when I saw this image, I should have returned to the territory of the Nine-Tailed Fairy Fox Clan. Please forgive me for leaving without saying goodbye."

Qingqiu Ziyi's figure is ethereal, she who has broken through the venerable, has a transcendent temperament, and is more and more full of temptation and ambiguity.

Those eyes looked at Qin Chen with a charming look, enough to make ordinary people sink into it, unable to extricate themselves.

With Qingqiu Ziyi's narration, Qin Chen also understood the reason why Qingqiu Ziyi left.

It turned out that Qingqiu Ziyi met a member of their Nine-Tailed Fairy Fox Clan while in the copy of the Vientiane God Tibetan on the battlefield of ten thousand races, and also learned about the current situation of the Nine-Tailed Fairy Fox family.

That's all right, the key is that the ancestral land of the nine-tailed fairy fox family has suddenly undergone some changes in the recent period.

The ancestral land of the Nine-Tailed Fairy Fox family, inherited from ancient times, is the true birthplace of the Nine-Tailed Fairy Fox family. It is very mysterious. Only the strong of the Nine-Tailed Fairy Fox family can enter its ancestral land. Otherwise, even the monsters Supreme, can't forcibly break in either.

And this ancestral change is very special, requiring a powerful person at the venerable level, and a powerful person with the pure blood of the nine-tailed fairy fox to enter.

The current strongmen of the Nine-Tailed Fairy Fox family have all tried to contact the ancestral land that has changed, but none of them can pass the ancestral land test.

Therefore, after seeing Qingqiu Ziyi and understanding the origin of Qingqiu Ziyi, the strong of this clan immediately invited Qingqiu Ziyi to the Nine-Tailed Fairy Fox clan to see if he could enter the ancestral land.

At least, Qingqiu Ziyi's bloodline now far surpasses any powerhouse of the Nine-Tailed Fairy Fox family, and is the purest bloodline.

Qingqiu Ziyi also felt some summons in the dark, so she listened to the invitation of the powerful nine-tailed fairy fox family and returned to her ancestral land.

She said that no matter what the result is, she will come back because she is always a member of Chendi Pavilion and Ten Thousand Clan.

"Nine-tailed fairy foxes."

Qin Chen murmured.

At this moment, he thought about Sisi.

Sisi, back then also got the inheritance of the Nine-Tailed Fairy Fox, now, where is Sisi?

Devil?

Qin Chen's heart was throbbing, and he also wanted to go to the Demon Realm to find Sisi, but now he dare not act rashly.

The Demon Realm is too dangerous, and Qin Chen will go to the Demon Realm only after he is sure enough.

Otherwise, it is tantamount to death.

Fortunately, the Eye of Creation now gave Qin Chen some hope.

Relying on the eye of creation, Qin Chen was able to observe the traces of all strong men and prevent them from being attacked.

"In this battle against the ancient space beasts, try it out." Qin Chen put away the jade slip and muttered.

Chapter 4240 Void Tianzun

Three days, fleeting.

With the galloping of Shen Gong Tianzun, soon a vast void appeared in front of Qin Chen and the others.

"Here is the territory of the ancient space beast clan."

God works Tianzun Tao.

"where?"

Qin Chen and the others came out of the Treasure Treasure Hall one after another. They looked up, but they were empty. In front of them was a vast starry sky, barren and dead, but they couldn't even see the shadow of an ancient space beast.

"Haha, the ancient space beasts are hidden in a space secret. You can't see it by looking at it. You must pass through a wormhole to enter their secret realm, something similar to the secret realm of our headquarters. "

Shen Gong Tianzun smiled lightly: "Come with me."

Whoosh!

He led six people and quickly swept toward a dead planet ahead.

This planet is extremely huge, suspended in the universe, without the slightest breath of life, and there are pitted ruins everywhere, obviously a barren planet.

Even the earth fire in the core of the star has been extinguished. This is a dead star, cold and dead.

The seven Qin Chen fell on the death star, and Tianzun Shen Gong immediately took the six along a deep cave to reach the almost underground core of the planet.

In front of him, a wormhole vortex actually appeared, which shocked Qin Chen and the others.

This wormhole whirlpool hadn't fluctuated at all, and if Shen Gong Tianzun had not brought them here, they wouldn't even be able to observe it.

"This is the wormhole. Through it, you can reach the ancient beast clan in space." Shen Gong Tianzun said.

"Let's go." Qin Chen was also full of anticipation, looking at a spatial vortex in front of him. The spatial vortex was only tens of meters in diameter and had always existed steadily.

Shengong Tianzun led Qin Chen's six people one after another and flew into the space vortex.

Wow!

This is a vast starry sky, with dense space vortices in the starry sky, each space vortex is small, only tens of meters in diameter! But there are too many...they are densely packed, with no end in sight, almost surrounding the starry sky. And in the center of this starry sky surrounded by countless spatial vortices, is a towering mountain range.

Seven Shengong Tianzun simultaneously emerged from a spatial vortex.

"This..." Qin Chen stared at the scene in shock. Numerous spatial vortices scattered in the starry sky, as if flowers were surrounding the huge mountain range.

Black mountains!

This is an extremely huge mountain range of hundreds of millions of miles, a huge mountain range that can be compared to the mysterious island of God of Craftsman in the Tiangong headquarters.

This dark mountain range is suspended.

Vaguely able to sense a powerful aura, and even occasionally see some figures of the ancient space beasts flying in it.

Shen Gong Tianzun exudes terrible spatial power, covering the tracks of several people.

"Here is the nest of the ancient space beasts." Shen Gong Tianzun said.

Qin Chen couldn't help but feel how this God-worker Tianzun was familiar with this place.

"His Lord, this ancient space beast has such a vast line, how can you know where the strong men of their clan are?"

Zuo Tong Tianzun frowned, he opened his left eye, and an invisible force immediately diffused out, but the sky above the mountain range seemed to be covered by a special spatial barrier, and it was impossible to see the situation.

To shoot, the thunder must be dispatched, and the key points must be identified at the first time. Otherwise, if the space ancient beasts are allowed to react and run wildly, some people will inevitably escape.

"It's okay." Shengong Tianzun smiled and looked at Qin Chen, "Qin Chen, you should know, where are Xukong Tianzun, right?"

Ancient Craftsman Tianzun and they all looked over in amazement, Qin Chen knew? what happened?

Qin Chen was cursing in his heart. He knew that this god-worker Tianzun should guess that he had the Eye of Creation, and even if he didn't, he should have other means.

Qin Chen didn't answer, just urged the Eye of Creation and opened it suddenly.

Look forward.

In the void, he seemed to see ancient beasts roaring, and roads surging in the void!

At the end of the mountain range, Qin Chen seemed to see a dark ancient beast, roaring at the world!

"Void Tianzun?"

Qin Chen's heart moved slightly, this is the most powerful aura, it must be Void Heavenly Sovereign undoubtedly, indeed powerful.

With the eyes of creation opened, it is most suitable to observe the enemy's situation!

Unless those strong people are used to hiding the power of their great powers, otherwise, they can't hide the eyes of his creation. Under normal circumstances, a deity, unless he sleeps completely and seals himself, otherwise, who will give the power of the regular heavens Received?

Nobody can see it anyway.

At this moment, Qin Chen quickly swept across the entire space of the ancient beast clan mountain range, the huge regular avenue, six in total!

Like the six-pointed star, the stars hold the moon, located in the vast mountain range!

And the Void Tianzun was at the head of the six-pointed star.

After that, several other regular avenues spread around.

As for the middle position, it is the habitat of the space ancient beast clan. Perhaps, when Xu Gu Supreme is alive, he will live in the middle position of this six-pointed star.

In addition to the six celestial beings, there are many other great powers here, which are undoubtedly much smaller, and these should be some human and earthly sages.

Before, Tianzun Shen Gong said that there were thousands of people, and he never exaggerated it.

Qin Chen scanned them one by one, "The six positions represent the six strong heavenly masters. Their positions are..."

Qin Chen came out one by one.

The ancient craftsman Tianzun was shocked, what's the matter? Qin Chen really knows?

Six Tianzun!

Shen Gong Tianzun smiled: "As I thought, in this case, we are one by one. According to the original plan, we can solve the battle in three minutes. Can it be done?"

The crowd looked at him and inhaled.

In three minutes!

"What? Can't it?" Shen Gong Tianzun smiled.

"I will do my best." Ancient Craftsman Tianzun and others respectfully said.

"Okay, keep it quiet, don't scare people." Shen Gong Tianzun said.

When the voice fell, a group of people immediately flew toward the vast mountain range.

The seven powerhouses, hidden by the aura of Shen Gong Tianzun, silently lurked over the space ancient beast clan.

So strong!

Qin Chen was shocked, the concealing technique of Shengong Tianzun was too powerful, there were countless spaces in this void, but the Lord Shengong Tianzun didn't even touch it and was shocked.

Quietly, the seven powerhouses were already lurking above the space ancient beast clan. Looking down, you can see some ferocious space ancient beasts in the mountains, fighting each other and practicing.

Below, in a mountain cave deep in the mountains, an ancient space beast Tianzun suddenly opened his eyes.

The huge body floated in the air instantly, with some horror, what's the situation?

Suddenly feel a little dangerous!
