

## Valkyrie 4251

### Chapter 4251 Ji Clan Conference

"You..." Ji Tiandao looked at these people, and was annoyed in his heart: "What this line, that line, back then, the ancient world contended for hegemony, and the fight for hegemony with the Xiao family was the result of discussions with everyone in my Ji family. The family was defeated. In order to allow our Ji family to pass on, that line deliberately proposed that the Ji family be divided into two factions, and let my faction massacre them, just to attract the attention and hatred of the Xiao family, so that I can wait for this line to be preserved and let the family bloodline can be passed down, but in fact, it was our faction who had the strongest demand to attack the Xiao family back then."

"For the sake of the family inheritance, I waited to help the Xiao family to slaughter that bloodline, causing that bloodline to be almost completely destroyed. Now, it is hard to pass down the two of them. How can I wait for them to actively dedicate them to the Xiao family? ."

"Everyone, do you still have a conscience?"

Ji Tiandao shouted angrily.

"presumptuous."

"Ji Tiandao, what are you talking nonsense?"

"To shut up."

Suddenly, everyone changed color and shouted angrily.

This is almost a secret of the Ji family. Today's younger generation of the Ji family, and even several big families in the ancient world, only know that the Ji family was split in the past, and another line of ambitions is the chief culprit that caused their Ji family to fall into this situation. The culprit, but what they didn't know was that it was their line that really wanted to do this, and that line was just for the inheritance of the Ji family and sacrificed actively.

If this matter spreads out, the Ji family will definitely encounter the Xiao family's targeting and fall into crisis again.

"Elder Ji Tiandao, Ji Wuxue and Ji Ruyue first entered my Ji's house, and you interceded and gave resources to it. But you must not mention what you said earlier, otherwise, you will not blame the ruthless family rules. ."

Ji Tian Qi Han said.

"Ancestor."

Ji Tiandao looked at Ji Tianyao.

"God, shut up, don't mention this matter again."

Ji Tianyao also said coldly.

"Ugh."

Ji Tiandao sighed and sat down sadly.

What kind of Ji family has become the Ji family today?

"Ancestor."

Ji Tianqi looked at Ji Tianyao.

Ji Tianyao pondered for a moment and nodded: "It is so, just follow what Tianqi did. Back then, that line did sacrifice a lot for my Ji family. Now, my Ji family is in trouble. If that line knows, I'm afraid I will take the initiative to sacrifice. In that case, let Ji Ruyue make some contributions to my Ji family."

"Yes, ancestor." Ji Tianqi was overjoyed immediately.

"Ancestor." Ji Tiandao changed color and hurriedly said, "Although Ji Ruyue is a disciple of my Ji family, she has also joined Tianjiao. If you let Tianjiao know..."

"Ji Tiandao, I think your brain is burnt, right?" Ji Tianqi snorted coldly, with a gloomy look: "Ji Ruyue is not even a refiner. What he joined is only the periphery of Tianjiao, a peripheral disciple, and What status, how can Tianjiao help him? Besides..."

"Even if Ji Ruyue is the core disciple of Tiangong, she is my Ji family disciple first, and then the Tiangong disciple. That day's work has an extraordinary status in the human race, but the major forces and races of the human race need their daily work. That's all. As an ancient clan of my family, how can my Ji family care about the treasure of Heaven's Work? If so, why bother with the view of Heaven's Work."

Ji Tianqi was very disdainful.

The work of heaven is an ancient force of the Human race, but the Ji family is an ancient clan, and has a high self-esteem and naturally does not care about the work of heaven.

"But Tianzun Shengong has an extraordinary cultivation base, and it has nothing to do with Xiaoyao Supreme..." Ji Tiandao said solemnly: "You are afraid of offending the Xiao family, aren't you afraid to offend Tianzun Shengong?"

"Hahaha." Ji Tianqi sneered: "What status does the god-worker Tianzun make for Ji Ruyue? What's more, even if he turns out for Ji Ruyue, the god-worker Tianzun is only Tianzun, but a piece of Xiaoyao Supreme. Dog, what are you afraid of? As for that Xiaoyao Supreme, huh, a low-level human race that soars up from the lower realm. I think my ancient race is inherited from the ancient Chaos family. If you can unify the ancient world, you will be the co-master of the human race in the future. , Why bother with that happy and supreme view."

The ancient tribe is inherited from ancient times. In fact, the ancient tribe itself is a human race, but they claim that they have extraordinary bloodlines, so they call themselves the ancient tribe and have always regarded themselves very high.

Xiaoyao is supreme. Among the ordinary forces of the Human Race, it is said that he is a human being.

However, in the eyes of some ancient human forces, such as the ancients, Xiaoyao Supreme is just ascending from the lower realm, and these ancient human forces simply look down on it.

Human race is their human race, heaven, and their heaven. Why do outsiders need to intervene?

It's just that Xiaoyao Supreme has the power to reach the sky, and the Human Race also needs him to fight against the demons, so some ancient forces did not say anything. In fact, some ancient families, such as the old antique in the ancient Xiao's family, are quite respectful of Xiaoyao Supreme. dissatisfied.

I just didn't dare to do it.

"Okay, this matter is set here. There is no need to discuss it anymore. I will bring Ji Ruyue, Ji Xinyi and others immediately to hold a clan convention, first deprive Ji Xinyi of the status of saintess, and then bestow it on Ji Ruyue and declare the whole clan ."

Ji Tianyao said solemnly.

"Yes, ancestor."

Ji Tianqi was overjoyed immediately.

Ji Tiandao sighed inwardly, but did not speak any more.

Now, the Patriarch Ji Tianqi is determined to protect Ji Xinyi. Even Ji Tianyao's ancestor agreed, and the other elders also agreed. What can he say?

Although he is the Celestial Elder, he has no chance of resisting people like the Patriarch and Patriarch.

"The Xiao family needs my Ji family's saint this time, and it's not that they will not be compensated at all. They still don't dare to completely froze with my Ji family, but our strength is not as good as the Xiao family, and we can't offend the Xiao family. Ji Nan'an, you go back and negotiate with the Xiao family. It is okay to ask the saint of the Ji family, but you can't give no benefit at all." Ji Tianyao said in a deep voice.

"Yes, ancestor." Elder Ji Nan'an quickly replied.

Ji Tiandao sighed weakly again.

At this time, the depths of the Ji family mansion.

Ruyue was cultivating, and when she returned to Ji's house this time, she felt a sense of crisis inexplicably, so she could only constantly improve her strength.

"Miss Ruyue, the Patriarch wants you to go to the Council." At this moment, a loud voice sounded outside the door, a maid of Ruyue, said.

"It's so late, what's the matter?"

Ji Ruyue frowned.

"Miss, I don't know, but the ancestors are here, there should be something important." The maid said neither humble nor overbearing.

This maid was rationed to Ji Ruyue by the Ji family. She said she was taking care of Ji Ruyue's daily life, but she actually had a hint of surveillance.

Although she didn't know what was happening, Ji Ruyue stood up and walked outside.

Chapter 4252

The Ji Family Discussion Hall.

Ji Tianqi, the head of the Ji family, was in the front of the conference hall. There were six middle-aged people in the two rows of seats next to them, all of whom were some of the top elders of the Ji family.

At the same time, a disciple of the famous Ji family also came one after another.

Those who can come to this conference hall are not ordinary people, at least they are the venerables, the outstanding ones in the Ji family.

When Ji Ruyue entered the conference hall, she immediately felt that many people's eyes fell on her. This look had many meanings, which made Ji Ruyue's heart slightly stunned.

At this conference, it seems that there is no good intentions.

As soon as Ji Ruyue came in, someone led her and stood in the middle of the hall.

Ji Ruyue is more vigilant in her heart. What status is she in the Ji family? She couldn't be more clear. The reason why she can be called a young lady is that in addition to her own extraordinary talent, there is also Ji Wuxue's business in the Ji family for more than three hundred years.

But no matter what, she is just a foreign disciple, He De, how can he stand in the middle of the hall where so many Ji family powerhouses are discussed.

"Kiritsu, come up."

Above the hall, an old man with a gray beard said, looking at Ji Ruyue, there was a look of appreciation in his eyes.

"Ru Yue, the ancestor called you, but I haven't come forward to meet him." Ji Tianqi snorted coldly.

"Ji Ruyue, I have seen the ancestor."

Ji Ruyue hurried forward, taking a breath of air in her heart, turning out to be the ancestor of the Ji family.

Rumor has it that Ji Tianqi, the Patriarch of the Ji Family, is already a late-stage Tianzun with extraordinary strength, and Ji Tianyao, the ancestor of the Ji Family, far surpasses Ji Tianqi, and is the most promising powerhouse of the Ji Family.

At least according to the information she inquired from Ji's family, the strength of the ancestors of the Ji family is definitely on the same level as the god-worker Tianzun, who is the highest existence in Tianzun, and is expected to reach the level of the supreme realm.

Even if Ji Ruyue broke through the realm of human respect, in front of Ji Tianyao, it was far from enough.

The ancestor summoned, Ji Ruyue did not have a surprise in her heart, but was even more awe-inspiring. What did the ancestor greet herself inexplicably? Could it be because I broke through the realm of the venerable and admired myself, the young genius of Ji family?

No, it's impossible!

In the past few years in the heavens, Ji Ruyue has long been not the innocent woman she used to be. She knows very well that even if she is really terrifying in talent and appreciated by her ancestors, she will only be in a small meeting. It's not like it is now, not only the top-level Tianzun elders have arrived, but there are even a bunch of middle-level earthly strong ones.

Ji Ruyue looked around while saluting. She was looking for grandpa Ji Wuxue. With grandpa's understanding of Ji's family, she might be able to give her some tips.

However, Ji Ruyue secretly swept for a long time without seeing Ji Wuxue's figure, and her heart sank completely.

Ji Wuxue is already a pinnacle person and a strong person, and also considered the top arrogant of the Ji family. He is the pillar of the rising generation, but he is not there?

Above the conference hall.

Ji Ruyue was wary in her heart, but Ji Tianyao was admiring Ji Ruyue, "Yes, not bad, it is worth a few days from my Ji family, Lan Xinhui is of quality and good fortune."

Ji Tianyao couldn't help but sigh with emotion.

Standing there, Ji Ruyue immediately became a dazzling jewel of the Ji family. I have to say that in terms of appearance, Ji Ruyue is like a bright full moon, so anyone can see it and feel a kind of purity. , Gentle temperament.

Moreover, she stood proudly here, her breath was extraordinary, outstanding, and compared to Ji Tianqi's daughter, now Ji Xinyi, the saint of the Ji family, did not let her go.

unfortunately.

Ji Tianyao also sighed in his heart.

He had also heard that when Ji Ruyue came to Ji's house back then, he was nothing more than a small earth saint. After only ten years have passed, now he is already a venerable one.

It's really vicissitudes of life.

Such a talent seems to be stronger than that of Ji Wuxue, which makes one dare not underestimate it.

If it is possible, Ji Tianyao also wants to continue to train Ji Ruyue to become a Tianzun in the future. I am afraid that there will be no big problems. By then, his Ji family will also be able to get a top powerhouse.

But a pity.

For today's Ji family, even a Celestial Venerable can't change the status of today's Ji family. Under the oppression of the Xiao family, his Ji family can only linger and rest.

Contribute this Ji Ruyue.

"father."

"Ancestor!"

At this moment, a clear voice suddenly resounded, and then, a woman with extraordinary temperament walked out of the crowd.

Seeing this person, the Ji family disciples present all saluted and looked respectful.

"Oh? Sister Ru Yue is here too?"

As soon as the woman came up, she glanced at Ji Ruyue, with a hint of discomfort in her eyes, and she couldn't help but snorted.

This person is the daughter of Ji Tianqi, the head of the Ji family, and now Ji Xinyi, the saint of the Ji family.

Ji Xinyi was the first genius of the Ji family. When Ji Ruyue first came in, she took good care of Ji Ruyue and even gave some pointers.

However, as Ji Ruyue's strength not only improved, but also showed amazing talent, Ji Xinyi's kindness disappeared, and his dissatisfaction with Ji Ruyue became more and more.

Especially when Ji Ruyue as a foreign disciple attracted the attention of many young talents of the Ji family, it made Ji Xinyi extremely hostile.

In her opinion, she was the first genius of the Ji family, and Ji Ruyue was just an outsider, who dared to compete with her for the first genius of the Ji family.

"Haha, Xinyi, you are here, just so, stand aside, today, the ancestors have important things to tell."

Ji Tianqi smiled and said something.

Ji Xinyi stood aside immediately.

"Well, since my Ji family is almost all here, today, my Ji family has an important thing to announce." Ji Tianyao looked at everyone present.

"Ji Xinyi has always been the saint of my Ji family. This is because Xinyi showed amazing talent back then. It also represents the future of my Ji family. In my Ji family, the saint woman and son have always been extremely important. The status is unique, and of course the obligation is also unique."

As Ji Tianyao said, suddenly, some whispers below.

What did the ancestor suddenly mention about the saint?

In the presence, some high-level officials had actually heard something about the Xiao family, and couldn't help but sink in their hearts. Could it be that what they heard was true?

I heard Ji Tianyao continue to say: "However, for countless years, the holy son and holy daughter of the Ji family were born under the command of a few people like me. This also greatly limited the development of my Ji family. Therefore, after I waited A decision was made... Tianqi, you are the head of the Patriarch, so let's do it.

"It's the ancestor." Ji Tianqi stood up.

Chapter 4253

I heard Ji Tiandao say loudly: "Now the sage of the Ji family is my daughter Ji Xinyi of Ji Tianqi. This is because my Ji Tianqi is a virtuous person who never avoids relatives, and it is also because my Ji family's younger generation does not have It can be compared with Xin Yi, but now my Ji family is not what it used to be. A new genius has appeared. After careful consideration, I will wait for the decision to abolish Ji Xinyi's status as a saint and appoint Ji Ruyue. For the sage of the Ji family."

This remark fell, and suddenly, the entire conference hall was shaken, and everyone was in an uproar, and there was a lot of discussion.

Abolish the identity of Ji Xinyi as a saint and appoint Ji Ruyue as a saint? This...what is the family doing?

Could it be that.....

At this moment, everyone thought of a rumor.

For a while, everyone's expressions became weird and looked at Ji Ruyue with pity.

If this rumor is true.

Then Ji Ruyue became a saint, not only was it not a reward from the family, but the family pushed her into hell.

"Father, what are you doing? Why do you want to deprive me of my status as a saint, and instead let this outsider serve as the saint of my Ji family, what is so good about this guy?"

When Ji Xinyi heard the order, an expression of incomparable anger and shame suddenly appeared on his face, and he couldn't help being extremely angry.

"Xin Yi, shut up, obedient, it's not your turn to speak here." Ji Tianqi's face changed slightly and he snorted coldly.

"Father, am I right? This Ji Ruyue is just an outsider. Why should she be a saint? And I also heard that this Ji Ruyue still has a friend in the heavens, huh, can't you wait? What qualifications does a chaste person have to be a saint?"

"To shut up!"

Ji Tianqi was furious and came to Ji Xinyi's side and couldn't help but secretly transmit a few words.

Ji Xinyi's face suddenly showed a hint of astonishment, looked at Ji Tianqi in disbelief, and said in shock: "Father, what are you saying is true?"

Ji Tianqi looked ugly, quietly nodded, and sternly shouted: "Xin Yi, what else do you disagree with?"

"Father, the daughter has nothing to dissatisfaction, and the daughter agrees with the family decision."  
Ji Xinyi sneered, and looked at Ji Ruyue coldly, with a hint of joy in her eyes.

"Ancestor, Patriarch..."

Ji Ruyue changed color and hurried forward, preparing to refuse.

Although she didn't know why the Patriarch suddenly appointed herself as a saint, she was not an idiot. Judging from the performance of the people around, this was definitely not a good thing.

Just before she could say anything, Ji Tianqi smiled and said: "Ji Yue, this is the family's love for you, you have to work hard, don't disappoint the family's high expectations of you."

Then, Ji Tianqi said loudly to everyone present: "Since no one has any opinions, then this matter is settled. From now on, Ji Ruyue will be the saint of my Ji family. All of you will see Ji Ruyue, You have to have a right attitude, you know?"

The court was silent, no one dared to have any opinions, and they all sighed in their hearts. At this point, everyone knew the purpose of the Patriarch and the Patriarch, and only this foreigner Ji Ruyue had no idea what happened. I thought I got a good name.

Ji Tianqi nodded, smiled and just prepared to speak, suddenly...

"I reject."

A cold voice sounded, and someone suddenly broke in from outside the conference hall and said sharply.

It is Ji Ruxue.

"Ancestor, Patriarch, Ruyue has only been in Ji's house for a few years. Regardless of her status or strength, it shouldn't be her turn to assume the position of saint, and the Patriarch and Patriarch should be taken back."

Ji Wuxue stepped forward and suddenly said coldly.

"Grandpa Grandpa..."

Ji Ruyue was excited.

Ji Wuxue looked at Ruyue and said through the sound transmission: "Ruyue, don't promise to be a saint when you go. This is the family's harm to you. The Xiao family in the ancient world asked Ji family to marry the saint to the head of the Xiao family. After the saint, it will inevitably become the family's tribute to the Xiao family."

"what?"

When Ji Ruyue changed color, she finally understood the Ji family's plan.

"The position of the saint is ashamed of the moon, but I forgive him for rejection." Ji Ruyue hurriedly said in a deep voice.

"Presumptuous." Ji Tianqi roared, his face changed drastically, "Ji Wuxue, what do you want to do? Do you want to rebel against clan orders? And Ji Ruyue, the Patriarch made you a saint for your own good, you didn't feel power."

"Ji Tianqi Patriarch." Ji Wuxue shouted angrily, staring at Ji Tianqi with a cold voice: "You let Ruyue be the saint, really for Ruyue's good? Huh, it is nothing that the Xiao family wants the Ji family saint to marry his Xiao family, you If you are reluctant to part with your daughter, let Ru Yue go. I ask you, do you still have a conscience?"

"Presumptuous, come, take this guy down."

Ji Tianqi roared.

"boom!"

As soon as his voice fell, a few strong family members exuding a strong aura had already walked up and came to suppress Ji Wuxue fiercely.

They are all strong.

This is to capture Ji Wuxue directly, without giving him a chance to resist.

"Old ancestor." Ji Wuxue roared, and the billowing aura suddenly filled his body, booming, the terrifying force of death flowed, and the soul sea kept shaking, faintly as if there was a roar of heaven, a ray of light rose into the sky, The powerful momentum spread out all around.

Bang bang bang!

These powerful earthly masters were suppressed by Wuxue's aura, and they withdrew one by one, slamming against the meeting hall, their expressions changed slightly.

All the Ji family powerhouses present showed incredible colors, Ji Wuxue was just a pinnacle human being, and the aura that radiated from his body actually repelled several earthly strong people, which made everyone feel unbelievable.

There is a huge gap between the human respect and the earth respect. Even the pinnacle human respect is far from an opponent of an ordinary earth respect. But now, the aura from Ji Wuxue's body has caused many of the strong earth respecters present to change color and breathe It's a little difficult.

"Ji Wuxue, you are so bold."

Ji Tianqi was furious, booming, and a terrible breath rose into the sky. Ji Tianqi stuck out his big hand, like a curtain of sky, coming to suppress Ji Wuxue, and fell on Ji Wuxue's body fiercely.

"what!"

Ji Wuxue roared, but, after all, he was only a peak person, no matter how strong his cultivation base, no matter how talented he was, it was impossible to be the opponent of Ji Tianqi this late stage god.

With a bang, Ji Wuxue was suppressed on the ground, vomiting blood.

However, he raised his head, looked at Ji Tianyao decisively, and shouted loudly: "Ancestor, Ji Ruyue cannot be a saint. She already has a husband and cannot be a saint."

"Grandpa Grandpa."

Ji Ruyue's face also showed anger, booming, Ji Ruyue hurried forward, a terrible breath burst out of her body, turned into an invisible force of rules, and blasted towards Ji Tianqi.

[Chapter 4254: I reject](#)

"Bold."

Ji Tianqi was furious, booming, a terrible divine light burst out of the body's aura, and bright rays of light burst out from his body. With a single brush, it swept across Ji Ruyue's body.

boom.

Ji Ruyue was directly shaken out, vomiting blood.

"You all turned upside down, right? This is the Ji family, not the place where you went wild."

Ji Tianqi shouted angrily.

"Boom!"

The owner of the family was furious, the world shook, Ji Wuxue and Ji Ruyue were suppressed, but the two of them did not compromise, and they all looked at the sky proudly.

"I refuse, I don't want to be a saint."

Ji Ruyue said every word, every word shocked the sky.

boom!

On her body, a terrible aura rose up, and actually stood up little by little under Ji Tianqi's breath.

"what!"

Ji Wuxue also roared, her breath boiled, and in her body, it seemed as if a \*\*\*\*\* bloomed, towering majestically, with boundless death aura.

This scene shocked everyone.

Ji Wuxue and Ji Ruyue were just two respecters, they were actually fighting against Ji Tianqi's Patriarch, and the aura that emanated from them made many of the earthly respects discolored, which caused an uproar in the entire conference hall.

Everyone looked at Ji Wuxue and Ji Ruyue in disbelief.

It's no wonder that these two people have improved so quickly, and their talents are simply discolored.

"Ancestor."

Ji Tiandao also hurriedly stood up, ready to speak.

"To shut up!"

Ji Tianqi roared, Ji Tiandao had been speaking for Ji Wuxue and Ji Ruyue, how could he make Ji Tiandao speak, and the resistance of Ji Wuxue and Ji Ruyue also made his Patriarch's face instantly dull and cold in his heart.

boom!

An aura of Heavenly Venerable like a vast ocean swept out of Ji Tianqi's body, and hit Ji Wuxue and Ji Ruyue fiercely. With a bang, Ji Wuxue and Ji Ruyue were shocked and flew out.

The two of them were imprisoned by the power of Heavenly Sovereign one after another, and they were dripping with blood instantly, lying on the hall in embarrassment.

Desolate and miserable.

However, the eyes of the two of them were still cold and determined, staring ahead, looking at Ji Tianqi, with indomitable expression.

"It's just the opposite."

Ji Tianqi was furious and arched his hands, "The ancestors, Ji Wuxue and Ji Ruyue are lawless, violating the clan rules, and their subordinates proposed to imprison these two people in the prison mountain and accept punishment in order to impersonate you."

Imprisoned mountain?

Suddenly, everyone on the court changed color.

Hell Mountain is the place where the Ji family punishes the family members. There is extremely terrible, and the people who enter it are extremely miserable.

"Ancestor, no."

Ji Tiandao hurriedly said.

"Ancestor, these two people violated the clan rules so much. If we don't discipline, what is the face of my Ji family? Didn't the disciples in the clan commit more than one?" Ji Tianqi shouted.

"Ji Wuxue, Ji Ruyue, you two know your fault."

Ji Tianyao looked at the two indifferently.

"The disciple is right." Ji Wuxue raised her head and said: "Old ancestor, Ruyue already has a husband. Her husband is the son of Heavenly Work Saint and has an extraordinary status. If she knew that Ruyue was sent to the Xiao family, she would not give up. "

Ji Ruyue also resolutely said: "A disciple should never be a saint." "Presumptuous, it's just too presumptuous, ancestor, listen." Ji Tianqi laughed furiously: "Not willing to give up, just a small heavenly work saint. , What can you not give up, Ji Wuxue, I think you have spent time at Ji's house

Long, I forgot my duty. "

"Don't say it's the Son of Heavenly Work, even if the Lord of Heavenly Work is coming, what can you do? Patriarch, these two people are lawless, please order to be taken to prison mountain."

Ji Tianqi said loudly. Ji Tianyao looked at the two of them, shook his head slightly, and then sighed lightly, "You don't even know it, nothing else, come here, take Ji Wuxue and Ji Ruyue into the prison mountain, and put this Ji Wuxue into the core area of the prison mountain. Ji Ruyue is on the periphery, only

You promised that you can only be released if you admit your mistakes. I want to see if you two will have the confidence to refuse. "

"Yes."

Ji Tianqi was overjoyed and immediately arranged for someone to detain the two of them.

"It's all gone." Ji Tianyao said. Immediately, everyone on the field left one after another. Soon, only a few Tianzun-level elders, Ji Tianyao and Ji Tianqi were left.

"Tian Qi, immediately send a message to the external human forces, my ancient family Ji family, ready to compete in martial arts to recruit son-in-law." Ji Tianyao said.

"Recruiting son-in-law?" Ji Tianqi was taken aback. "Now that it's like this, Xin Yi is afraid that people will be discussed, and if you offend Tian's work, my Ji family will also have trouble. I am going to recruit Xin Yi, mainly the top human forces, and can send disciples. Come, if you can get

You can become my Ji's son-in-law with a heart. "

Ji Tianqi's heart moved: "Ancestor, do you mean to use Xinyi to unite with other human forces to relieve the oppression of the Xiao family?" "Yes, just by offering Ji Ruyue, I'm afraid the Xiao family will still treat me It's not reliable for other families of the ancient clan. Only by marrying with the top human clan from outside, can it be possible to fight against the Xiao family. Now that Xin Yi is making such a fuss, he has to replace the family.

She has made some contributions, but her son-in-law can be chosen by her. She is not satisfied, and she does not need to. However, we must find a force that can help my Ji family. "

"Yes."

Ji Tianqi hurriedly said, "I'm afraid Xinyi she..."

"This is your business. I have given her enough choice. She doesn't agree to it. Just go and advise." Ji Tianyao said.

"Yes, ancestor."

At the moment, Ji Tianqi retreated, and a group of people left.

And the recruitment of the first beauty of the Ji family also quickly spread through the universe.

now.

Behind the Ji family land, there is a dark prison mountain, which is a place dedicated to imprisoning some of the wrong people of the Ji family. In the middle of this prison mountain, there is a very low flat mountain bag, and a narrow and dark trail leads to this The deepest part of the mountain bag. The mountain bag of Hell Mountain is where the Ji family is closed to the sinners, because inside the mountain bag will be burned by the yin fire all the time, and because of the heaven and earth road, the universe is lacking, there is no way to resist this yin fire burning

, The only way is to endure suffering.

The people trapped inside can only watch as their souls are getting weaker and weaker, and the soul sea and the origin of the Venerable are shrinking, and in the end, they can only be destroyed.

You die, but before you die, you have to endure endless pain, the pain of burning the soul, which is not something ordinary strong people can bear.

This can be regarded as one of the most vicious prisons of the ancients.

At this time in the prison mountain, Ji Ruyue's eye circles were a little red. She knew that Ji Wuxue was affected by her and was now locked in the core of the prison mountain. "I'm sorry, Grandpa Grandpa, Ruyue made you tired." Ji Ruyue looked at Ji Wuxue who was suffering from deep in the prison mountain, and whispered outside. She saw Ji Wuxue being tortured like this, and she felt really uncomfortable. pole.

Chapter -Slayer

Ji Wuxue heard Ji Ruyue's sad voice, but didn't care at all. Instead, she laughed loudly: "Ruyue, don't be sad, it's not your fault, grandpa didn't protect you, ah..."

While talking, Ji Wuxue suddenly roared in pain.

"Grandpa Grandpa, what's the matter with you?" Ji Ruyue hurriedly panicked.

"It's okay, cough cough, what are you worried about, this bit of pain doesn't bother me. I think at the beginning, your grandfather could not be cultivated by Emperor Wu, and fell into Death Canyon and endured the erosion of death. At that time, your grandfather would be fine. What is the shameful punishment of this mere Hell Mountain?"

Ji Wuxue sneered and said, "It just so happens that I am only one step away from the realm of the earthly respect. This yin fire should be a special method left by my Ji family in ancient times. Using this yin fire can just consolidate my cultivation. , So that I can break through to the realm of earthly respect."

Ji Ruyue smiled bitterly. She knew that this was just Ji Wuxue making her happy. This dark fire was where the Ji family punished the strong Ji family. Even those Tianzun elders who made mistakes would come here and be forced to accept Punishment, Ji Wuxue is just a pinnacle.

When Ji Wuxue heard Ji Ruyue's silence, she couldn't help but smiled and said, "Do you think I was talking to you for fun? In fact, this prison mountain was indeed left by the Ji family in ancient times. Rumor has it that there is the Ji family here. The top power, maybe your grandfather is here, and you can gain a lot, hahaha."

Ji Wuxue laughed loudly.

"Grandpa Grandpa, you..."

Ji Ruyue was bitter, and then, Ji Ruyue's eyes were determined, hum, an invisible force emerged, and it was killing the restriction of entering the depths of the prison mountain.

"Ru Yue, what are you doing?" Ji Wuxue said with a change of color.

"Since this matter started because of Ruyue, Ruyue will never watch Grandpa Grandpa you suffer alone. Ruyue is willing to bear this dark punishment with Grandpa Grandpa." Ji Ruyue resolutely said, she wants to kill the outside world. The inner barrier enters the core area of Hell Mountain and is burned by the fire.

"Are you crazy?" Ji Wuxue said with a change of color.

"Hehe, anyway, the Ji family is going to let me marry the head of the Xiao family. I will definitely not agree to it. At that time, I would rather die than marry the Xiao family. Now why the Ji family doesn't let me Entering the core area and accepting the yin fire burns, it is nothing more than afraid that I will have some accident. No one of them will explain it to the Xiao family. If this is the case, then I have nothing to consider."

Ji Ruyue's eyes were determined.

Since following Qin Chen, Ji Ruyue has rarely made such a decision, but when she was in Tianwu Continent, she was actually an extremely strong person, with a resolute and decisive personality, and never hesitated in the face of life and death. And greed of life and fear of death.

Ji Wuxue shook her head and said: "You can actually not do this, and I believe that Qin Chen will definitely come to you, as long as we can persist."

Ji Ruyue said bitterly: "I hope he won't find me. You have also seen how the Ji family treats us? Qin Chen is just a holy son of heaven, not to mention whether he can find the Ji family, even if he If he really comes to the ancient world, the Ji family will not let him go. If he comes, he will only be suppressed by the Ji family."

Ji Wuxue was silent.

Yes, Qin Chen is strong, but how can he beat the Ji family? The Ji family is an ancient clan in the ancient world. Although it is the weakest of the four great families in the ancient world, once it is placed in the human race, it is also one of the top forces.

Unless Qin Chen can find a high-level man in the job.

However, even if one finds a high-level deputy hall master at the Tianzun level, he still has to look at the Ji Family's expression. Above such a major event, the Ji Family may not care about Tian's work.

Apart from other things, Ji Tianyao, the ancestor of the Ji family, is a master of Tianyao. He is a peak Tianzun strong. He is at the same level as Tiangong Shengong Tianzun. How can he be afraid of working in the sky?

This is why the Ji family dared to treat them this way.

"Huh, Ji Wuxue, I am not afraid of the sky and the earth. I have experienced countless lives and deaths in my life. If the fish die and the net breaks, I will fight them. Even if I die, I will never let them marry you to the Xiao family. ."

Ji Wuxue said with a cold voice, Boom, he urged the power of the venerable, and even started to consume the restraining power.

It's okay to share the joys and sorrows. Maybe Ji Ruyue entered the core area and was burned by the yin fire. It was extremely embarrassed. It would make the Ji family arouse the dissatisfaction of the Xiao family. Since the Ji family did such things to them, then he too It would never make the Ji family feel better.

But when Ji Ruxue and Ji Ruyue were struggling in the Jijia prison mountain.

Ancient world.

The Ji family's recruitment of son-in-law is also like a gust of wind, spreading throughout the universe.

boom!

Instantly alarmed the entire human force.

The Ji family belonged to the ancient clan of the ancient world. In ancient times, it was one of the top forces of the human race. Although it was defeated by the Xiao family in the fight for power in the ancient world, the camel who died was more than a horse. Great, today's Ji family is still a powerful force in the human race.

Especially the identity of their ancient race has also attracted the attention of many human forces.

For a time, many human forces have been moved.

Star Palace.

Hum!

A terrible breath rose up and took control of the eternal universe.

The boundless starlight is dazzling, a vast figure floating in the star palace.

"I have seen Master Star Lord."

A group of strong men in the Star God Palace saluted respectfully.

"The ancient family Ji family recruits son-in-law, it is interesting." The star master sketched a smile on his face. "It seems that the Ji family's situation in the ancient world is very bad, but this matter is an opportunity for my Star God Palace."

"Master Star Lord, what do you mean?" In the Star God Palace, many powerful men raised their heads.

"Falling Star Tianzun, fallen on the battlefield of ten thousand races, rumors, even the aura of the ancestors of the deep demon and the supreme Xiaoyao once appeared in the outer starry sky outside the battlefield of ten thousand races. Now the undercurrent of the ten thousand races in the universe is surging. , To become the real top power, always one step behind."

The star's eyes were cold.

Supreme is too difficult to surpass. If you want to become Supreme, the oppression of the universe and heaven is too strong and stronger than him. For countless years, it seems to have touched the threshold of Supreme, but it has never been able to cross it.

Now, he has reached a critical point, practicing against the sky, and retreating if he doesn't advance.

If he cannot enter the supreme state in this era, then he will stay in this state completely, unable to make any further progress.

"If you don't reach the supreme, you will never be the decision-making layer of the human race."

The Star God Palace Lord looked up, squinting his eyes.

The ancient family of Ji family has the ancient chaotic bloodline. Although it is a human race, it is inherited from ancient times. The Ji family's bloodline is very likely to have a significant improvement in breaking through the supreme.

The ancients, who have been able to stand the human race for so many years, naturally have extraordinary things, which are extremely coveted by the Star God Palace Lord.

Chapter 4256 Refining Treasure

If you can marry the ancient Ji family, maybe you can seize the opportunity to break through the shackles.

"Fine, it's been a long time since there has been no activity, so let's go there in person this time."

The Star God Palace Master chuckled, boomed, and walked out of the void at once, thousands of stars condensed and gathered on him, forming a star robe.

At this moment, in the Star God Palace, the stars are shining, like a vast ocean, sweeping the world.

All the strong in the Star God Palace knelt down.

In the Star God Palace, the Lord of the Star God Palace is like the God-worker Tianzun who works in the sky, and is an irresistible existence.

"Where is Rui Er?" The Master of the Star God Palace said.

"Grandpa Grandpa."

A young man who looked quite young, but with the power of a terrifying sage, walked out.

"Let's go, this time, it's your chance. My Young Master of the Star God Palace can marry the wife of the ancient Ji family, which is famous for the universe."

boom!

The Star God Palace Master raised his hand, instantly rolled up this young man with extraordinary momentum, stepped into the void in an instant, and then disappeared.

Daewoo sacred mountain.

The gloomy and low mountains, floating in the sky, are extremely deep. These mountains are so vast that they stretch beyond the sky. The peaks are huge compared to the stars.

And in the deepest part of the Dayu Divine Mountain, there was a deep breath.

The news of the ancient Ji family's recruitment of sons-in-law naturally also passed on to Daewoo Shenshan, attracting discussions from many deputy owners of Daewoo Shenshan.

And just when these deputy mountain masters were discussing.

boom!

Suddenly, in the depths of the Daewoo sacred mountain, thunder was thundering, and a terrible aura suddenly rose into the sky. From the depths of the Daewoo sacred mountain, a towering figure instantly appeared.

"I wait, I have seen Lord Shanzhu."

Many deputy mountain owners of Dayu Shenshan hurriedly saluted respectfully, with respectful expressions in their eyes.

The deputy mountain master, who has been in seclusion for many years, unexpectedly came out of the mountain.

At the beginning, even the Gushan Tian respected the injury and returned, and the mountain lord of Dayu Shenshan never appeared, but today he has left the customs.

"Where is Lord Shaoshan?"

This majestic figure, like a \*\*\*\* or devil, surging with the rules of the road, like a mountain, unmatched.

"Meet the mountain master."

A young Venerable hurriedly saluted.

"Go, let me go to the ancient world."

boom!

This majestic figure rolled up the young venerable, stepped forward in one step, and disappeared instantly.

Not only the Star Palace and the Dayu Mountain, the Void Temple, the Kungpeng Valley, the Skywalking Sect, and the Heavenly City, the top human race forces have all dispatched to the ancient world.

Qin Chen naturally didn't know what happened in the ancient world.

He was completely immersed in the ocean of refining tools. For the first time, he discovered that refining tools turned out to be such an interesting thing.

Refining tools is a process of understanding everything, and it is also a process of cultivation.

On the Tianwu Continent, Qin Chen used to be the top crafting master, but after coming to the heavens, Qin Chen dedicated himself to improving his strength. Although he had obtained the inheritance of Tianwu Temple, the time for real crafting was extremely scarce.

Now that he was once again immersed in the sea of refining tools, he suddenly had a feeling of returning to the martial arts domain of the Tianwu Continent. Back then, he was completely immersed in the bloodline, the formation, the alchemy and the refining tools.

Refining tools is a kind of practice. During the refining process, Qin Chen obtained not only a magic weapon, but also the evolution and transformation of all things.

Even the process of refining tools gave him a deeper understanding of the realm of the nobleman, and his realm was consolidated.

Rumble!

Many materials are constantly changing in Qin Chen's hands.

In Qin Chen's hands, the evolutionary warhammer, Dangdang, the flames turned into a furnace of heaven and earth, in the past few days, Qin Chen continued to build weapons, piece by piece of valuable treasures by him.

In the beginning, Qin Chen was only refining the treasures of human beings.

It wasn't that he could not refine the earthly treasures, but that after getting the knowledge of the divine worker Tianzun, Qin Chen clearly understood that the refiners were not the higher the refinement, the better.

With Qin Chen's current strength, coupled with the technique of patching the sky, only enough powerful materials are needed, and it is not difficult to refine the earthly treasure.

However, these don't mean that Qin Chen has completely mastered the refining of human treasures.

Change some ordinary materials, change a refining technique, Qin Chen will inevitably fail, even refining scraps.

And what Qin Chen is doing now is to use some of the most common venerable materials to refine human venerable artifacts without using the technique of patching the sky.

This is very difficult.

Even Qin Chen kept making mistakes and failures at the beginning.

However, under the guidance of Shengong Tianzun, Qin Chen's refining power became higher and higher.

At the beginning, Qin Chen could only refine the most basic human respect treasures. Gradually, Qin Chen was able to refine middle-grade human respect treasures. Later, even with basic human respect materials, Qin Chen It can also be refined to produce the best human treasure.

Only after this point did Shen Gong Tianzun let Qin Chen continue to refine the earthly treasures.

In the blink of an eye, several years have passed under the time flow of the Treasure Hall.

Today, Qin Chen has been able to refine the earthly treasures at his fingertips, and he is not using the technique of patching the sky.

At this point, Shen Gong Tianzun was also quite shocked, marveling at Qin Chen's accomplishments in refining tools.

"Well, you now have a complete grasp of the various basic refining techniques, and have completely integrated into your own perception."

On this day, Shen Gong Tianzun suddenly stopped Qin Chen's refining and said with a smile.

"Hall Master, I still have some distance from refining the Heavenly Sovereign Treasure, but my disciple can be sure that it won't be long before I can refine the Heavenly Sovereign Treasure."

Although Qin Chen's cultivation was only at the level of the heavenly sovereign, his true strength was generally not his opponent, and relying on the technique of patching the sky, Qin Chen could even refine the most basic heavenly sovereign.

This is a heavenly treasure, any heavenly treasure is of great value in the universe. If it can be sold in the black market of the dark universe, it will definitely cause madness.

However, Qin Chen was not triumphant, the technique of patching the sky was too peculiar, and refining the heavenly treasure by the technique of patching the sky was not very capable.

What Qin Chen wanted was to use ordinary refining techniques, coupled with ordinary Tianzun materials, to refine the Tianzun treasure, so that Qin Chen would be satisfied.

It's just that Qin Chen, an earth-sovereign, wants to refine the heaven-sovereign treasure and spread it out, which will surely shake the universe.

Shen Gong Tianzun smiled slightly and said: "I believe you will be able to refine the Tianzun treasure soon, but the time is almost up. I just received an interesting news not long ago. I think I should tell you this news. ."

"what news?"

Qin Chen wondered, what news is more worthy of Shen Gong Tianzun's attention than his refining Tianzun treasure?

Chapter 4257

"It's a news about the ancient Ji family." Shen Gong Tianzun said with a smile.

Qin Chen stood up suddenly, his expression suddenly tense: "What news?"

He knew that Shen Gong Tianzun would never aimlessly.

Wouldn't it be that there is something wrong with Kisaragi and Wuxue?

Qin Chen's heart suddenly became tense.

Shen Gong Tianzun chuckled and said: "I received a news not long ago that the Ji Family of the Ancient Realm released a news that they are ready to compete among the major forces of the Human Race to recruit relatives. Any young and promising person among the top Human Race forces can go there. The ancient Ji family, they will marry an outstanding woman from the younger generation of their Ji family to each other."

While talking, Shen Gong Tianzun looked at Qin Chen with a smile.

At this moment, Qin Chen's expression was completely gloomy, and he said solemnly: "Hall Master, does the Ji family say that they are going to use martial arts to recruit relatives?"

"This Ji family didn't say it clearly, but the Ji family said that this person is the outstanding one among the younger generation of his Ji family. He has broken through the realm of nobles at a young age, with extraordinary talent and beautiful appearance." Shen Gong Tianzun smiled and said, "I thought about it, but thought of someone."

Qin Chen's heart had completely sunk, and he was married. He didn't need to think about it at all, it was definitely like the moon.

Ruyue only broke through the realm of venerable not long ago, and was forcibly taken away from heaven by the Ji family. If it weren't for Ruyue, who else could there be?

This Ji family is so bold.

Qin Chen wanted to rush to Ji's house immediately, but he had to remain calm, and instead said to Shengong Tianzun, "Master Shengong Tianzun, the Ji family is so brave, this is not to take you seriously. Inside!"

"Oh? Why doesn't the Ji family put me in the eyes?" Shen Gong Tianzun laughed.

"Think about it, if Ji Ruyue is the one who recruits relatives in the Ji family's martial arts contest, and Ji Ruyue is a disciple of Tianjiao, if the Ji family wants to recruit for Ruyue's martial arts, how can it not be through your Heavenly Work Hall Master? Put you in the eyes or what?"

Shen Gong Tianzun glanced at Qin Chen with a smile, how could he not understand Qin Chen's purpose.

"Hehe." Shengong Tianzun suddenly sneered, but his smile was very cold, "The ancient world does not take my daily work in its eyes, it is no longer a day or two, let alone my daily work, other human forces, They have always ignored it, but don't worry, I said to accompany you to Ji's house, and I will naturally accompany you. I just want to see what the \*\*\*\* is going on with this Ji family."

boom!

The Treasure Hall continued to break through the sky and quickly disappeared into the sky.

About three days later.

Shengong Tianzun has already appeared in a vanity starry sky with Qin Chen.

In the void in front of him, there was a terrible breath lingering, like a barren world, full of tyranny and killing.

At this moment, before this world, many strong people have been surrounded.

These are from the major forces of the human race, but they are all gathered here, discussing, and looking angry.

Suddenly, these people saw Shen Gong Tianzun and Qin Chen appear, one by one, they looked at them one after another. After seeing who they were, these people's expressions changed drastically, and one by one backed away.

Tian Zun Shen Gong Tian Zun.

Many people here are breathing air-conditioning.

The name of the person, the shadow of the tree, and the god-worked Tianzun still have great prestige in the human race, and even in the ten thousand races, they are all famous.

However, it was unexpected that the Ji family recruited son-in-law, and even Shen Gong Tianzun appeared in person.

"Hehe, there seem to be many people who want to marry the ancient Ji family?"

Shen Gong Tianzun glanced at the many powerful human races present, and said with a chuckle, "These are some powerful humans of my human race. Look at that, they belong to the Heavenly City, and that, they belong to the Supreme Valley. , But, compared to my day job, it's still a lot worse."

Qin Chen glanced at it, and sure enough, these so-called powerful Heavenly Venerates were just ordinary Heavenly Venerates, and they were basically at the rank of Vice-Hall Masters of Heavenly Work, and they were still inferior to leaders of various races such as Demon Heavenly Venerate and Void Heavenly Venerate Far away.

Hearing the god-workers Tianzun nakedly saying that they are not as good as Tian, the faces of these Tianzuns showed shame.

However, this is also true. The same forces of Heavenly Sovereign, they are too far apart from Heavenly Sovereign, and the strongest of them is nothing but Heavenly Sovereign, and in Heavenly Sovereignty alone, there are no less than ten.

"You are all here to participate in the Ji family martial arts competition to recruit relatives? Why are you all here?" Shen Gong Tianzun said with a light smile.

"Tianzun Huishen, this ancient world person, don't let me wait in." One of the Tianzun said in a deep voice.

"Oh?"

Shen Gong Tianzun showed a curious look: "It's not the message from the Ji family of the ancient world to compete for martial arts? Why not let you enter the ancient world?"

"This..." These powerful men glanced at each other, gritted their teeth and said: "The person who guards the entrance of the ancient world said that now the ancient world is not the master of the Ji

family. The Ji family recruits son-in-law to the Ji family, but it is not allowed. If you enter the ancient world, if you dare to forcibly break in, you will offend them, so I wait..."

"Interesting." Shengong Tianzun smiled and squinted his eyes to look forward. "It seems that the Ji family is in the ancient world and has a very bad life. The news of the martial arts contest was sent out, and the guests were blocked outside. Interesting, interesting."

Shen Gong Tianzun said, and immediately walked towards the void ahead with Qin Chen.

Many strong human races present all gathered around and looked over.

Stepping into the void, Shen Gong Tianzun smiled at Qin Chen and said, "This is the entrance to the ancient world, come with me."

Shen Gong Tianzun took Qin Chen out in an instant, stepping into the nothingness ahead.

"who?"

Suddenly, a cold voice sounded, and then in front of the two of them, there appeared a series of strange void fluctuations, and the two venerables stopped here.

These two people exude a strange aura, somewhat similar to the power of chaos.

"Kid Qin Chen, these two guys seem to have the aura of chaotic creatures in their bodies?" The Primordial Ancestor Dragon and Blood River Saint Ancestor in the Chaos World said in surprise.

At this time, Shen Gong Tianzun smiled at Qin Chen and said, "These two are people from the ancient world."

While talking, Tianzun Shengong stepped out and said lightly: "This man, Tiangong Shengong, was invited by the Ji family to come to the ancient world to participate in the Ji family's martial arts contest."

"Tianzuo Tianzun?"

The two ancient realm powerhouses looked at each other, with a trace of dignity in their eyes, but they still stopped in front and said: "I have seen Shengong Tianzun, but please come back, the Ji family recruits son-in-law, yes Regarding the Ji family, the ancient world is the land of my ancient clan. When I receive the news, it is forbidden for anyone who is not from my ancient clan to enter the ancient world. I also ask Shen Gong Tianzun to forgive me and retreat quickly."

The two blocked.

Seeing that Tianzun Shen Gong was also blocked, many powerful people in the outside world couldn't help but breathe in air-conditioning. This ancient world is crazy.

"Are you two blocking me?" Shen Gong Tianzun smiled, with a gentle smile, as if there was no dissatisfaction at all.

Chapter 4258

The two looked at each other, and one of them said: "Don't dare, I'm just waiting to execute the order above, so please go back, don't make me wait."

"Yes." The other person also chuckled, "Shen Gong Tianzun, you are the Lord of Heavenly Work, a great figure of the human race, how can I not dare to stop you, but, my ancient world gave an order, and I wait for the little ones. I can only shut the door. I believe Master Tianzun should know the difficulties of us as subordinates, and the Master of Heavenly Work will not embarrass us two little people, right?"

The two of them were neither humble nor overbearing, and chuckled at Shen Gong Tianzun.

Said it was a small person, but still blocked the entrance, without any intention of retreating.

Moreover, although the expressions of these two people are still respectful, they are just showing from the eyebrows, but there is a trace of randomness.

The ancient world is not allowed to enter.

In their view, no one can enter without an order from above, and the same is true of natural work.

"In that case, there is no room for accommodation?" Shen Gong Tianzun said with a smile, amiable.

One of them laughed and said, "Holy Master of God, you also know the rules of our ancient world. There is no way. Although the ancient world is also a human race, but my ancient world has rarely mixed with other human forces, so please also Please come back, please."

"Actually, if you weren't the Lord of Heavenly Work, I won't say so much. For those guys, I will drive them out immediately, but I still have respect for the Lord of Heavenly Work."

The other person also smiled.

Very casual, as if speaking to a person of the same level.

Without him, in the eyes of others, Tiangong's Divine Worker Tianzun is very strong, and he is the maker of the treasures of the major powers of the Human Race Alliance, and he has a good relationship with the major forces.

But as far as the ancient tribe of the ancient world is concerned, my ancient tribe has its own inheritance, and it doesn't need you to work hard to refine treasures. It has already given you a lot of face to speak politely with you for so long.

But in the final analysis, it is still two words.

No entry allowed.

In the distance, people from other forces, such as Tongtian City, all sucked in air-conditioning.

Damn it.

This ancient world is really kind, and even Shen Gong Tianzun doesn't sell face and doesn't give in. It's really overbearing.

Although Tianzun Shengong is only a figure of Heavenly Lord, he is also the Lord of Heavenly Work at any rate, in charge of the top refining power of the Human Race, and has no relationship with the top leader of the Human Race, Xiaoyaozhi.

Now the ancient clan of the ancient world dared to stop even the god-worker Tianzun, then they were stopped before, and it was not a shame.

No way, the ancients are so awesome, saying they are human forces, but they have never sold the face of other human forces.

"Ha ha."

Qin Chen had been watching from the side before, but now he laughed, "Master Tianzun, it seems that your face is in the ancient world, so it's not bad?"

As soon as he said this, everyone around him was dumbfounded and looked over.

Who is this kid?

Dare to talk to Shen Gong Tianzun like this?

Looking carefully at Qin Chen, the aura of the nobleman on Qin Chen's body made them all change color, so young, they are already noblemen, it seems that they should be some top genius in the work of heaven?

Could it be that Shen Gong Tianzun brought him to participate in the Ji family martial arts competition?

But this is too arrogant? As a Tianzuo disciple, he actually ridiculed his boss directly in this situation. I have never seen such a person.

Shen Gong Tianzun was too lazy to pay attention to Qin Chen, but smiled at the two of them: "But what if I have to enter today?"

The two ancient realm powerhouses suddenly changed their colors and said in a deep voice: "Please also Godgong Master Tianzun not to embarrass me. If your Excellency has to break in, I know that the ancient world will not stop."

"Then I really want to see how I can't give up."

Come on, Shen Gong Tianzun took Qin Chen and walked straight towards the entrance of the ancient world.

"Stop."

boom!

A terrifying breath of venerable erupted from these two people.

The power of the venerable with a special breath permeated.

The two looked at Shengong Tianzun with anger. This Shengong Tianzun was so arrogant that he didn't give him the ancient interface at all.

"Want to do it?" Shengong Tianzun sneered: "But two little sages, who gave you the courage to block this seat? Qin Chen, this time it is for you to find a wife. If these two people block, You solve it."

With that, Shen Gong Tianzun walked forward.

"Stop."

When these two venerables raised their hands, a spot of light spilled out. At the same time, a breath of venerables stretched out frantically to stop them.

The people around retreated one after another, even some Celestial Venerables also retreated. Although these two people are only Venerables, they are people of the ancient race after all, and they should not be offended easily.

The dots of light swept away like stars in the night sky, turning into circles of ripples, blocking Shengong Tianzun and Qin Chen. These ripples were magnificent and magnificent under the urge of the two venerables. Even with a trace of chaos, it blasted over like the sky.

Although the two of them knew that they were not the opponents of Shen Gong Tianzun, they did not hesitate to shoot.

Divine Work Tianzun did not move at all, just two little sages, how could he bully the little with a big deal? Just glanced at Qin Chen on the side.

Qin Chen was indifferent in his heart. These two venerables were not weak in strength. Although they were only strong human beings, they contained terrible chaotic aura. They were afraid that even some earthly venerations would not dare to be light-hearted.

But how could Qin Chen put these two people in his eyes, raising his hand just blasted out several rules.  
boom!

In the void, the avenue manifested, like a long river, and instantly turned into a huge ocean, directly blasting at the two of them.

The surrounding space seemed to be imprisoned at this moment, and the regular aura of bone-eroding spread out like a hurricane. The many powerful men watching the battle suddenly felt a terrible aura of oppression, and could not help but secretly startled. Which genius is this day work? Have such strength?

The space around the two respected persons and Qin Chen seemed to be completely imprisoned, the countless light ignition sand also seemed to be frozen in the void, instantly slowed down, and then stood still, and the void around them also completely collapsed. Open.

"Crack!"

The void exploded, and the light spots in the sky slowly fell like fallen leaves that lost their lives.

The two venerables of the ancient world were completely sluggish, and the sky light fell, and the two only felt a terrible shock wave sweeping over, and they were directly blown out with a bang.

At the same time, the two spit out a mouthful of blood, and fell into the void in embarrassment. The venerable aura on their bodies fluctuated violently, clutching their chests and looking at Qin Chen in anger.

With one move, the two of them were actually blown away. What magical powers did the other show?

"Go away, Master Tianzun of my family, you can stop it? The ancestors of the ancients of the ancient world did not personally come to greet you, it is already for you, huh."

With a cold snort, Qin Chen immediately came to Shengong Tianzun, and respectfully said: "Your Lord, please."

Chapter 4259

Shen Gong Tianzun nodded, and immediately took Qin Chen into the ancient world with a hum, disappearing instantly.

"hateful."

Only then did the two ancient world veterans stand up embarrassedly, their expressions frightened.

Under the gaze of everyone, his ancient world was forcibly broken into it. If this news were to be released, the ancient world would lose face.

"Send the news to adults and them immediately."

The eyes of these two people flickered, and the news was sent out for the first time.

Hmph, dare to forcefully break into the ancient world, so that you can break in, but can't get out.

The two men cursed secretly in their hearts.

Then, the two raised their heads to look at the many powerful human beings who were stunned by the divine worker Tianzun's intrusion into the ancient realm, and the cold voice angrily shouted: "What's so beautiful, retreat quickly, don't you want to be the enemy of my ancient realm? ?"

The strong people of the human race are angry, and this ancient family is still so arrogant after being beaten by someone.

However, even so, they did not dare to learn from God's work Tianzun to deal with these ancient people. Shengong Tianzun was not afraid, but they did not have the courage.

In the ancient world.

Shengong Tianzun took Qin Chen into the ancient world, and what greeted the two of them was a lush, lush world, like a primitive mountain forest.

The huge ancient trees towered to the sky, and I don't know how many years they have been. In the huge forest, there is a vaguely terrifying wild animal aura permeating, and a faint chaotic aura lingers in the void.

"Hey, kid Qin Chen, there is a faint atmosphere of chaos in this place, which is quite suitable for our unborn spirits to live in."

At this time, Honghuang Zulong said in surprise.

Qin Chen also felt that here, there was a faint aura of chaos, and there was a place of chaos similar to that in the Vientiane God Store, but it was much weaker than the chaotic aura there.

"The location of the Ji family, as far as I know, should be in the direction of the ancient world."

Entering the ancient world, Shen Gong Tianzun glanced at a void in the distance, smiled suddenly, and then quickly left with Qin Chen.

Somewhere in secret, an outline old man suddenly sneered: "It's interesting!"

Behind the rickety old man was a middle-aged man. Although this old man seemed to be rickety, he stood there like a wild beast, as if he could burst out horrible murderous intent at any time.

Both of them have a small "Xiao" painted on their left chests.

Obviously, this is the strongest Xiao family among the four ancient clans, and it is also the leader of the ancient clans today.

The Xiao family, after competing with several ancient tribes back then, had the last laugh and became the most powerful force in the ancient world today. Compared with the other three ancient tribes, the Xiao family was much stronger and could crush it. The other three groups.

"Elder, let's just let the people who worked that day?" The middle-aged man's face was gloomy: "It's a work day, so majestic. It's wild in my ancient world. Elder, why not take them down? , And dare to challenge my Xiao family, knowing nothing about life and death."

The rickety old man shook his head: "It's not as simple as you think. It's a good job. It has a good relationship with Xiaoyao Supreme. Now that it's the Ji family's invitation to martial arts to recruit relatives, it's okay for me to intercept the ordinary forces. There will be some trouble."

"What can be the trouble? In my ancient world, how about Tianxue?" The middle-aged man snorted coldly: "That God-worker Tianzun has only inherited some of the blessings of ancient craftsmen, and has shown great power. For countless years, it has always been only a pinnacle. Tianzun is nothing but what is there to be afraid of? What's more, I heard that Tianzun was just a fire-burning boy of the craftsman as the ancestor, right?"

The rickety old man squinted his eyes and said: "Do you think it is so easy to be a fire-burning boy? How can you be an ordinary person if you can be a craftsman and the ancestor of the fire-burning boy? However, the work of heaven is indeed not justified, but the Ji family is out of it. With a single hand, he was actually preparing to marry with external forces from the Human Race."

"Elder, if you want me to see, this Ji family must have a different mind. After being suppressed for so many years, they didn't even know the peace and came out with a martial arts contest to recruit son-in-law. This clearly wanted to unite with the outside world and fight against my Xiao family. In my opinion, this Ji family was destroyed directly."

The middle-aged man from the Xiao family said solemnly.

The rickety old man shook his head: "The Ji family is not so easy to destroy. Now, the tens of thousands of races are fighting, how can the Ji family be one of the forces of the human race. If my Xiao family is destroyed at will, it will attract criticism, not to mention, the ancient world is not My Xiao family, Ye family, Jiang family, although I respect my Xiao family for the time being, I'm afraid I don't want to overthrow my Xiao family. I can only wait and wait for a chance."

"Let's go."

The rickety old man said, "Call back the two people guarding the entrance of the ancient world, it is no longer necessary."

The middle-aged man changed his color slightly: "Elder, won't more forces enter the ancient world? Then the Ji family's conspiracy will succeed. Why don't you send another clan master to the entrance and block People from all other forces."

"No need." The rickety old man shook his head: "It would be fine if you did this before. Now, the people who work in the sky have come in. The ordinary human forces outside are okay. Other top human forces with the same reputation as the sky work know, even if it's rushing, and it's rushing in. How can it fall behind the work of heaven."

The middle-aged man's face sank, but he didn't even notice.

The two left quickly.

Outside the ancient world.

When the two guarding veterans received the news, they couldn't help changing their colors.

The senior in the clan actually let the two of them retreat?

Damn, why is this?

Could it be that the two of them were bullied by the heavenly workers for nothing?

Angrily in their hearts, the two of them were helpless, because this was the order of the elder, the two of them could only turn and leave.

As soon as these two people left, the other forces present were stunned.

What's the matter?

Why did the two strong men of the ancient race who had stopped them before retreat?

Could it be that the ancient world has opened up?

After hesitating, powerful people flew forward and went straight into the ancient world.

No one stopped, enter directly.

The ancient world is really open.

Suddenly, a famous expert was overjoyed, entered the ancient world one after another, and flew towards the Ji family.

"Boom!"

And when these people entered the ancient world, a starlight condensed in the distance, and the power of the vast stars swept across the world like a vast ocean, and descended instantly.

"It's the Master of the Star God Palace."

"Hi, Star God Palace also sent someone here?"

Seeing people coming, many strong people change color.

The Star God Palace, the top heavenly powers, was much stronger than their sky-passing cities.

So many people here?

Seeing many human forces outside the ancient world, the star master frowned.

"Haha, Palace Master Star God, you came so fast."

Boom!

Another roar sounded, and a vast sacred mountain appeared in the sky in the distance, and a towering figure stood above the phantom of the sacred mountain, bursting out an endless and magnificent breath.

It is the Lord of Daewoo Shenshan Mountain.

Chapter 4260

"hiss."

Suddenly, countless people changed color, and after the arrival of the god-worker Tianzun, the top powers in the human race actually arrived one after another.

These human forces, who were surprised by their ability to enter the ancient world, sighed.

Heavenly work has come, the Star God Palace has come, and Dayu Shenshan has also come, can they still have their share of ordinary heavenly powers?

I'm afraid it's not enough to pull out all the female geniuses of the Ji family.

"I don't know how many sons-in-law the Ji family wants to recruit this time. If there are seven or eight, then we still have a chance."

The powerful master murmured.

"Seven eight? You think too much, right?" Other powerful people on the side were speechless, "Falling, it's coming, just take it to see the excitement."

Groups of masters entered one after another, and Dayu Shenshan and Xingshen Palace, also chatting and laughing with each other, entered the ancient world and went to Ji's house.

Ancient world.

The sky is vast and boundless.

The entry of many top powers of the human race made the originally deep ancient world instantly become lively.

"Everyone, after entering the ancient world, you must not do anything wantonly. Even if you encounter ancient beasts, you have to avoid the edge for a while, don't offend the ancients, you know?"

There are strong warnings.

The ancient world is very special. It is the stronghold of the ancient race. It contains special chaotic power. In the ancient world, the fighting power of the ancient race will get a certain degree of amplitude. In addition, the ancient world can be regarded as the top power of the entire human race. One of them, these human forces who come to participate in the martial arts contest to recruit relatives naturally do not want to cause trouble.

It's okay for them to be obedient, and the ancients have no reason to take action against them. Otherwise, they will be punished by many top humans. However, if they cause some trouble here, such as slaughtering some ancient beasts, then they will not. It's easy to say, it is equivalent to giving the ancients a name for hands-on.

Therefore, many human forces entering this place are very careful.

"Hmph, these human forces are really cautious."

At this moment, in a hidden place in the ancient world, a few people were staring coldly.

These people are all wearing ancient clothes, but they are embroidered with the words "Ye" and "Jiang" on their necklines. They are the Ye family and Jiang family, one of the other four ancient tribes in the ancient world.

There are a huge number of ancient tribes in the ancient world. There are probably dozens or hundreds of them that have been passed down from the ancient world. However, for hundreds of millions of years, the ancient tribes have also been consumed and fallen a lot. In today's ancient world, the number of ancient tribes is about only left. more than ten.

Among them, Xiao, Ye, Jiang, and Ji are the four ancient tribes, the strong are like clouds, even the weakest Ji family, there are also peak heavenly superiors, ordinary heavenly ones, and there are no fewer than five or six.

As for the other small ancient tribes, the weak, even only the earth-zun, the human-zun, and the strong, are equivalent to ordinary heaven-zun forces such as Tongtian City, and there are one or two not very strong heavens.

These little ancient tribes basically depended on the Xiao family for survival.

The Ye Family and the Jiang Family have basically obeyed the orders of the Xiao Family since they failed in the ancient struggle for supremacy, but they are not the kind of surrender and attachment. The Xiao Family is similar to the leader of the ancient race, while the Ye Family and the Jiang Family belong to ally.

For countless years, the Ye family and the Jiang family have been suppressed, and life is also very difficult. Although they are much more comfortable than the Ji family, they also want to overthrow the rule of the Xiao family.

However, the Xiao family is too strong, and now the ancient clan is basically headed by the Xiao family, they dare not resist.

But this time, it was interesting.

The Ji family was openly contested to recruit son-in-law, and it was against all the top forces in the human race, which made Ye family and Jiang family moved.

"The Ji family is not an idiot, let's see what the Ji family is going to do."

The Ye Family and Jiang Family's strong men looked at each other and sketched smiles.

Ji family territory.

It was already lively at the moment.

The Ji family had already made all preparations, waiting for the arrival of the major forces of the human race.

"Ji Wuming, what happened to all the major forces of the Human Race?" Ji Tianyao asked in a deep voice at the gate of the Ji family palace.

"Going back to the ancestors, are all on the way? I received the news before I waited that the Xiao family had sent Venerables to guard at the gates of the ancient world to prevent people from entering. Later, it was the Heavenly Work and Divine Workers who came to repel Xiao. The two venerables of the family forcibly broke into the ancient world. Later, for some reason, the people of the Xiao family voluntarily retreated, and the major forces of the human race were able to enter." An old Ji family respectfully said.

"Shen Gong Tianzun?" Ji Tianyao changed color: "He is here too?"

Thinking of Ji Ruyue and Ji Wuxue imprisoned in Prison Mountain, Ji Tianyao had to feel guilty.

"Old ancestor, this god-worker Tianzun is afraid that he is also here to recruit his son-in-law. What kind of work? When I heard my Ji family recruiting son-in-law, didn't he come eagerly?" Ji Tianqi sneered: "But well, Shengong Tianzun's trouble, it did a favor to my Ji family."

"But then Ji Wuxue and Ji Ruyue...If they ask..." Ji Wuming said carefully.

"Huh, what are you afraid of? Just say that Ji Wuxue and Ji Ruyue are not in my Ji's house. They went out to perform their tasks. Then Godgong Tianzun can force others to fail? Besides, when my Ji's recruit succeeds, Marrying with other top powers of the human race, I am afraid that I will not work for the two disciples that day and dare to offend my Ji family and other top powers." Ji Tianqi said lightly.

"Ancestor, the strong man who works in heaven is here."

At this moment, a loud cry sounded.

"It's really fast here. Come, let me go out to meet you." Ji Tianyao said solemnly, and then turned to look at Ji Wuming: "Tell me to order that no one in my Ji family can talk about the relationship with Ji until the end of the recruitment News about Wuxue and Ji Ruyue will be dealt with by the offender's family law."

"Yes."

Ji Wuming saluted and hurriedly turned and left.

"Hahaha, Lord Shen Gong Tianzun is famous, and Megatron Universe. I am waiting for the late arrival, and hope to forgive me."

As soon as Shengong Tianzun and Qin Chen arrived at the door of Ji's house, a loud voice sounded, and then, from Ji's house, several powerful men with extraordinary aura instantly emerged.

The leader has a gray beard, and the Qi Zun's qi billowing on his body soars to the sky, so thick that he will almost cover the sky.

"Peak Tianzun."

Qin Chen's eyes narrowed.

It was Ji Tianyao, and behind Ji Tianyao, there were Ji Tianqi, Ji Tiandao and other powerful masters.

It is not grand.

"This Ji family, it's a big show."

Qin Chen couldn't help but nodded. He had to say that the strength of the Ji family was a bit strong. The leader of Ji Tianyao, at first glance, was the peak Heavenly Venerate powerhouse, and the aura on his body was not inferior to the Void Heavenly Venerate of the Space Ancient Beast clan.

This is definitely a top-level Tianzun powerhouse.

And the Patriarch Ji Tianqi behind Ji Tianyao is also the late Tianzun, and his momentum is unstoppable.

Such a top power was actually ranked the weakest among the four ancient tribes in the ancient world, which made Qin Chen awe-inspiring. There were indeed things in this ancient tribe, no wonder it could be so detached.

"Hahaha, I took the liberty to come here and didn't disturb ancestor Ji Tianyao, right?"

Shen Gong Tianzun said with a smile, did not reveal his supreme aura at all, but in front of Ji Tianyao, he was very gentle, and even preferred his aura to be suppressed.

"This old yin ratio."

Qin Chen glanced at Gong Tianzun, a little speechless.
