

Valkyrie 4301

[Chapter 4301: Spike Heaven](#)

The other party not only didn't answer, but also insulted Ruyue. Qin Chen didn't even bother to say half a word of nonsense. He wanted to talk about reasoning when he was in a mood. At this time, where was he in the mood to reason with others? Since he dared to scold Ru Yue, then he would kill.

Wan Jianhe was directly released by Qin Chen, and at the same time, the origin of time was urged by Qin Chen. Qin Chen did not even think about keeping his hands. While the origin of time was urged, the ancestral dragon and blood river sage in the chaotic world Zu also yelled.

"Kid Qin Chen, let me go out and kill this guy."

"My lord, let your subordinates kill for you."

Honghuang Ancestor Dragon and Blood River Saint Ancestor both screamed frantically.

In the eyes of others, it is the old man of the Tianzun-class powerhouse. In the eyes of the Hongwei Ancestor Dragon and the Blood River Saint Ancestor, it is a big piece of fat. Whoever eats it can restore more strength.

"dead!"

Hearing the two roaring so loudly, Qin Chen's heart moved, and an opening was immediately released in the Chaos World. Since the Great Ancestor Dragon and the Holy Ancestor of Blood River are going to fight, Qin Chen will naturally not be satisfied with the two.

Anyway, apart from the Ji Xinyi he is carrying, there is no other strong person here, and there is no need to worry about the Honghuang Ancestral Dragon and the Blood River Saint Ancestor being exposed.

Of course, Qin Chen did not directly release the two, but just opened a hole in the chaotic world.

boom! boom!

One with the ancient dragon aura, and with the two powers of monstrous blood, instantly poured out from Qin Chen's body.

It was vaguely visible that a roaring dragon and a vast ocean of blood swept out, even surpassing the speed of Qin Chen Wanjianhe's display, and took the lead to pounce on this Ji Family Tianzun old man.

The surrounding void has been confined by Qin Chen's space rules, coupled with the origin of time, and the avenue of this world suddenly solidified for a moment.

The old man's expression was shocked, and his face instantly showed horror. He hurriedly urged the long knife in his hand and slashed towards Qin Chen to resist.

It just didn't wait for him to attack.

An ancient dragon energy and blood energy had already arrived, and immediately enveloped him. The speed was so fast that it made people too late to react.

"What kind of ghost is this?" For an instant, a strong sense of fear appeared in the old man's heart. What made him feel even more terrified was that the moment these two forces came, Ji Jiagu inside his body. The power of the family bloodline was trembling violently and was completely suppressed.

Come, there is no way to motivate and move at all.

The power of the ancient Ji family is an extremely terrifying power to other human forces.

But to the Primordial Ancestor Dragon and Blood River Saint Ancestor, it is nothing but some power inherited from the chaotic creatures of their ancient times.

On the power of Chaos, they are the real ancestors.

Therefore, when the power of the great ancestor dragon and the blood river sacred ancestor instantly wrapped the Ji family old man, everything was over.

"what!"

The old man of the Ji family let out a scream, and the strength of the ancient Ji family in his body was swallowed up in an instant. At this time, the Wan Jianhe that Qin Chen displayed finally enveloped the opponent.

Boom!

The vast Jianhe River was like a vast ocean, instantly wrapping the Ji family old man, strangling it to pieces.

A Tianzun fell so easily.

The billowing blood was swallowed by the Blood River Saint Ancestor, and the power of the great avenues, the power of the rules, and even the power of the soul in his body were swallowed up by the Primordial Ancestor Dragon.

"Hey, bring something back to give the demon boy a taste."

Honghuang Zulong laughed, and then with a bang, the dragon energy and blood energy disappeared instantly.

On the side, Ji Xinyi was completely dumbfounded, her figure trembled, and there was endless fear in her eyes.

died.

How did the grandfather of her Ji family, a strong Tianzun, die?

At this moment, the fear in Ji Xinyi's heart is indescribable. Although Qin Chen killed the Kuanglei Tianzun before, he also experienced a great battle before he killed the Thunder God Sect Master?

As far as Ji Xinyi understood, the strength of the Ji family in front of him was definitely not under the Thunder God Sect Master. He was an older generation powerhouse in their Ji family, but he had little life, and he was sitting here to death.

Ji Xinyi didn't think that this grandma could kill Qin Chen, but only wanted to put Qin Chen into a dangerous situation, so she could seize the opportunity to escape here, as long as she entered the depths of the prison mountain, she might not be able to escape Qin Chen's pursuit.

But she didn't expect that the grandpa who was hoped by her would not even be able to sustain a few breaths and fell straight on the spot.

Moreover, when Qin Chen took the shot before, he also displayed a certain terrible aura, which directly suppressed her soul. In that aura, Ji Xinyi even heard voices faintly.

At this moment, Ji Xinyi looked at Qin Chen's gaze as if looking at a devil, full of endless fear.

"Hmph, don't think about running away, today, if you can't find Ruyue and Wuxue, I can guarantee that your death is absolutely miserable that you can't imagine."

Qin Chen snorted to Ji Xinyi, and shook his figure before rushing into the depths of Ji's prison mountain.

This time, no one came to stop Qin Chen. Qin Chen flickered and saw a stone stele on the edge of the mountain. Two words were written on the stele: "Prison Mountain."

These two exuded a cold breath, making Qin Chen feel uncomfortable for a while.

"Are Ruyue and Wuxue detained in this place?"

Qin Chen's heart was cold, and a palm slammed on the Prison Mountain Stone Tablet. With a bang, he smashed the Prison Mountain Stone Tablet, and then he threw the holding Ji Xinyi at it. On the ground.

Ji Xinyi's delicate body smashed on the broken gravel of the prison mountain stone stele, and suddenly there was a huge pain, and blood was even smashed in many places.

At this moment, Ji Xinyi's exposed white skin is more, and the seductive spring is looming, giving people a stronger visual conflict in this dark and cold prison mountain. But Qin Chen didn't even have the mood to look at the other person. He just said coldly: "Ji Xinyi, tell me, where exactly are Ruyue and Wuxue imprisoned? Give you three breaths of time. If you don't tell me, then I Blast your body,

Pull your soul out, burn day and night, endure endless pain. "

"I said, I said." At this moment, Ji Xinyi has no courage to argue with Qin Chen, and said in horror: "There are many restrictions in the prison mountain. I know how to go. I will take you to Ji Ruyue and Ji Wu now. Where the snow is."

"well."

Qin Chen picked up Ji Xinyi, and immediately under the leadership of Ji Xinyi, swept toward the depths of the prison mountain. And as soon as he entered the prison mountain, Qin Chen felt that the place became more and more gloomy, even Qin Chen's soul felt a cold wind whistling.

[Chapter 4302: Violently strike](#)

Not only that, there was also an aura that Qin Chen couldn't tell, and the mottled and messy aura cut away from his spiritual sense, making him feel uncomfortable.

Some soul-burning flames invaded his spiritual consciousness from time to time, making Qin Chen feel that if he stayed here for a long time, his soul sea would definitely be seriously damaged.

Qin Chen's consciousness swept into the prison mountain, and he immediately felt countless restrictions in the prison mountain. Some of these restrictions were obvious, some were hidden, and some were natural hidden restrictions.

And these prohibitions are very powerful, even with Qin Chen's prohibition repair base, it takes a lot of time to crack.

But under the leadership of Ji Xinyi, Qin Chen went all the way in, and soon came to a cold place.

Here are places like prisons. Qin Chen's spiritual sense saw that there were corpses, and some bones were buried here. The breath of these white bones is not weak. Obviously, they were some experts who were not weak in their lives. However, they died here abruptly, and before they died, they obviously suffered endless pain because their bones were mottled. very

There are countless scratches on the wall.

The bans in these dungeons are relatively simple, but all the people held here can only endure the terrible yin fire here, resist the cold mottled aura, and have no power to break the ban. Qin Chen's face was blue, and his heart was extremely cold. This Ji family was known as the ancient family, but it did all bad things behind it, because on these corpses, Qin Chen clearly felt that some people were not from the Ji family at all, but were obviously other human races. ,very

Even the strong of other races.

This is obviously a private prison of the Ji family.

Thinking of Ji Ruyue and Ji Wuxue being imprisoned in such a place, Qin Chen's anger became stronger and more intolerable.

"The front is where Ji Ruyue is being held."

Ji Xinyi felt the murderous aura on Qin Chen's body, and said with fear, hurriedly and cautiously.

"Ru Yue and Wuxue are both imprisoned here?" Qin Chenhan said. "No, this is just Ji Ruyue." Ji Xinyi tremblingly said: "This is actually just the periphery of Prison Mountain. Because Ji Ruyue is going to be sent to the Xiao family, the ancestors and others will not let Ji Ruyue suffer many injuries, but are just detained on the periphery. To show punishment,

But Ji Wuxue was imprisoned in the core area, which is more painful..."

Qin Chen's face was ugly, and his heart became even colder. This was only the periphery. How terrible would Wuxue's pain be?

Thinking of this, Qin Chen couldn't help but rushed directly into this dungeon.

As soon as he entered, Qin Chen urged the power of the soul to explore, and at the same time shouted: "Ru Yue, are you here?"

Rao is Qin Chen's powerful soul, but the power of urging the soul here still suffered countless yin fires, and these yin fires burned Qin Chen's soul faintly. Stronger than Qin Chen, all so, how can ordinary strong people stand here? In addition to the burning of the yin fire, those cold mottled auras directly made people's cultivation base drop straight. If they were imprisoned here for one day, their cultivation base would drop for one day. But still

Decline in torment.

It can be said that the people imprisoned in this place, even the pinnacle god, will undoubtedly die as long as it is a long time.

"Kiritsu, where are you?"

Qin Chen flew quickly here, searching everywhere. In order to find Ruyue as soon as possible, Qin Chen didn't care that his soul was burned by the fire, and even more unscrupulously released it.

It was just that with the spread of the power of his soul, this dungeon was empty and there was no trace of Yueyue at all.

Kisaragi is not here at all.

Qin Chen's expression suddenly changed.

boom!

He grabbed Ji Xinyi and photographed him in front of him. A pair of cold eyes stared at Ji Xinyi, and they kept getting closer, even the tip of his nose had to touch the tip of Ji Xinyi's nose. The cold chill suppressed Ji Ruyue. .

"You lie to me, Kisaragi is not here at all."

Qin Chenhan said, "Say, where is Ruyue?"

"I don't know." Ji Xinyi was about to cry in horror. "She must be imprisoned here. I saw it with my own eyes. It must be here."

Ji Xinyi's heart was full of fear.

"Kid Qin Chen, there is indeed no Juyue here, but the restrictions inside seem to be broken."

At this time, Honghuang Zulong said.

He is a chaotic creature, but his perception here is much stronger than Qin Chen.

"Prohibition?"

Qin Chen's figure flickered, and instantly went deeper. Sure enough, the restriction that led to the deeper part of the prison mountain was destroyed.

"Where is it inside?"

Qin Chen shouted sharply at Ji Xinyi.

"It is the core area of Hell Mountain, where the power of Yinhuo is the most terrifying. That is where people who commit capital crimes will be imprisoned, and the suffering will be stronger. Ji Wuxue will be imprisoned in the core area."

Qin Chen's face suddenly changed slightly.

Could it be that Ruyue has entered a more core place?

It's really possible, with Ruyue's character, how could it be possible to watch Ji Wuxue suffer alone?

boom!

Qin Chen rushed directly into the core area.

Suddenly, a terrible burning power lingered on him, and he burned his soul.

In the core area, it is more painful than the periphery.

"what!"

As soon as Ji Xinyi, who was already injured, came here, she uttered a scream and struggled in pain. The yin fire here hurt her like never before.

"Kiritsu, no snow!"

Qin Chen never stopped Ji Xinyi at all, just drank anxiously here, and at the same time, his soul was madly swept away regardless of the flames.

Look for two people.

What made Qin Chen's heart sinking was that near this core area, he unexpectedly did not find Wuxue and Ruyue.

how come. Qin Chen was very anxious. If Ruyue really broke the restriction and entered the core area, according to the truth, they would either escape. Of course, with the means of the Ji family, they could not escape at all, but even if they could not escape, they would not leave too. Far, how

Could it not be nearby?

But when Qin Chen was anxious, looking for the disappearing Ruyue and Wuxue.

At the main hall of the Ji family.

Shen Gong Tianzun alone blocked the scene of many powerful people in the Ji family, shocking everyone present.

Just when Ji Tianyao and others were furious.

suddenly--

Rumble!

Behind the Ji family mansion, where the Prison Mountain is located, the fall of the old old man of the Ji Family Tianzun instantly triggered the collapse of the avenue, and a powerful movement passed from the location of the Prison Mountain.

"No, it's Ji Xin!"

Ji Tianyao's eyes filled with anger.

Originally, Ji Tianyao saw the terrifying strength of Shen Gong Tianzun, and tried to continue to dissuade him, but when he saw Ji Xin's fall, he was completely crazy.

"kill!"

boom!

Ji Tianyao was completely crazy. In his body, the power of the ancient clan surged, directly burning the power of his peak Heavenly Sovereign, and fighting together.

Behind him, the other Heavenly Venerables of the Ji family were also crazy, and they all rose to the sky.

And at the moment Ji Tianyao shot, among the crowd, Shen Gong Tianzun and Dayu Mountain Lord looked at each other, and their eyes showed a touch of determination.

"The ancestor of Ji Tianyao, Tianjiao is a human force, but he is doing evil in Ji's family. As a human force, I help justice and don't allow Tianjiao to insult the Ji family. I wait and come to help you."

Accompanied by the harsh shout of the Star God Palace Master.

Boom!

In the crowd, the Star God Palace Lord and Dayu Mountain Lord, the two great powers of Heavenly Sovereign, suddenly shot, and forcefully killed the Heavenly Sovereign of God. Rush!

[Chapter 4303: Zhou Tianxingchen](#)

At this moment, in the entire Ji family mansion, two terrifying auras soared into the sky, like two oceans, instantly drowning everything in front of them.

"That is....."

Many Tianzun powerhouses of human forces present showed horror and astonishment in their eyes.

God, what did they see, the Star God Palace Master and Dayu Mountain Master actually also shot, and, at the moment Ji Tianyao shot, they all violently attacked, and at the same time killed Shen Gong Tianzun.

Under everyone's eyes, everyone saw the Star God Palace Master instantly transformed into a star giant. On his body, the stars were shining brightly, and in his eyes, there seemed to be vast stars destroying, falling, and rising into the sky.

On the other side, the Daewoo sacred mountain was also violent, and mountain patterns appeared on his body. At this moment, the Daewoo Mountain Lord seemed to have transformed into an ancient sacred mountain, standing on top of the universe.

The two of them, each of the ancestors of the top heavenly powers in the universe, and figures of the pinnacle of the heavenly sovereign, who had been famous for many years, all shot together. Such a scene stunned everyone present.

Are the Star God Palace Lord and Dayu Mountain Lord crazy?

Many people were shocked and could not imagine that today, it was a private grievance between Tian Jiao and Ji's family. Shen Gong Tianzun blocked Ji Tianyao and the others, and could barely say that it was the deputy palace master Qin Chen who worked for Tian.

But what about the Lord of the Star Palace and the Lord of Dayu Mountain?

Star God Palace and Dayu Shenshan are both the top powers of the human race, and they have never heard of how many private grievances He Tianzuo has, but now they have taken the initiative to attack, saying that they want to uphold justice for the Ji family.

The fairness of hosting a fart. Everyone who can be on the scene is the powerhouse of the top powers of the various human races. How can they not understand the purpose of the Star God Palace Master and the Dayu Mountain Master. They clearly want to take advantage of the Ji family and Shen Gong Tianzun's battle to seize the opportunity to fight Shen Gong Tianzun kills here

in.

Could it be true that what Qin Chen said before was true, that the Star God Palace and Dayu Shenshan had been secretly targeting the Son of Heaven and the powerhouse over the years?

hiss!

As soon as this thought came out, many people breathed in cold air, feeling endless shock in their hearts.

Perhaps, it is true.

Otherwise, how could the Star God Palace Master and Dayu Mountain Master act on Shen Gong Tianzun, just because Qin Chen killed the two major forces of Tianjiao?

This is simply not enough.

The confrontation between big forces cannot be explained clearly in a few words, and it must be related to many deep-seated things.

As for what the two said to be fair for the Ji family, it was just a pure excuse.

For a time, various thoughts surged in the minds of many powerful people, and even the Xiao family, Ye family and Jiang family of the ancient clan were stunned.

Terran, something big is about to happen.

Although everyone didn't understand the reasons why the Star God Palace Master and Dayu Mountain Master made the move, everyone knew that once the god-worker Tianzun died, the human race would inevitably cause great turmoil.

Shen Gong Tianzun, as the heavenly work hall master, controls the treasures and equipment of the various races and major forces of the Human Race Alliance. His status is extraordinary. His fall, unlike the Kuang Lei Tianzun, will inevitably cause a big storm.

Boom!

And when everyone's hearts were frightened, shocked, and trembling, the Star God Palace Lord and Dayu Mountain Lord had already rushed to the sky and united with the ancestor Ji Tianyao.

The vast aura soared to the sky, and instantly blasted towards the heavenly sovereign of Shengong. At this moment, the heaven and the earth were dimmed, eternal dying, and unspeakable power swept away, and instantly enveloped the heavenly Lord of Shengong.

"Star God Palace Lord, Dayu Mountain Lord, you are so brave, dare to take action against this seat."

The always calm Divine Worker Tianzun's expression finally changed at this moment, roaring, and the six top Tianzun treasures in his hands danced together, forming a terrible Tianzun treasure defense in front of him.

Block it!

Boom!

The aura that frightened the heavens resounded, and the whole world was roaring. Below, the Ji Family Hall was completely shattered. Within a thousand miles, the earth fell, like the end of the day.

If it weren't for the terrifying ancient Chaos Formation that the entire Ji family had arranged, with just one blow, the ancient Ji family's mansion would be completely destroyed and turned to ashes.

Rumble!

Several terrible forces collided, and the body of Shen Gong Tianzun kept retreating in the void.

step!

Two steps!

Three steps!

With every step back, the void was stepped on and exploded, and the power of the Heavenly Sovereign who continued to explode through his body seemed to explode on the spot. However, to everyone's shock and horror, the six top-level heavenly treasures in front of Shengong Tianzun continued to circulate, and his whole body, at the same time, a few pieces of heavenly treasures appeared again, turning them into a piece. Tianzun Treasure Array,

Guarding himself, under the impact, he firmly resisted.

"hiss!"

This was blocked, everyone was dumbfounded, and their eyes were almost bursting. In the eyes of everyone, the three highest peaks of the Star God Palace Master shot together, no matter how strong

the Heavenly Master is, he will definitely die, but no one thought that although the Heavenly Master is invincible, he can rely on the many things he has Heavenly treasure, unexpectedly

Resisted.

At this moment, Tianzun Shengong had nearly ten treasures suspended in front of him, each of which could be called a top-level Tianzun treasure, among which there was even a pinnacle Tianzun treasure, exuding endless aura.

Previously, it was these heavenly treasures that withstood a blow from the three powerhouses of the Star God Palace Master.

Sure enough, the local tyrants are different.

Everyone's eyes were round.

Under normal circumstances, God Gong Tianzun must die, but he forcibly carried it with a treasure.

At this moment, even the ancient Patriarch Xiao's eyes flickered, showing greed.

The top treasures of Tianzun are too rare. Even if it is their Xiao family, who has been in charge of the ancient world for many years, there are actually not a few in the clan. Now, Shengong Tianzun has taken out a full ten years at once. shock?

I even want to have an urge to shoot in person.

However, he still restrained.

Heavenly work has an extraordinary status. If God-worked Tianzun dies, the heavens will inevitably be shaken, and God-worked Tianzun will still die in his ancient world. If his Xiao family does it, it will inevitably cause big trouble.

The Star God Palace Master and Dayu Mountain Master saw a sudden blow by themselves, but they failed to kill Shen Gong Tianzun, their expressions suddenly changed slightly.

This god-worker Tianzun was more terrifying and difficult than he thought.

The two looked at each other, their eyes flashing. "Hahaha, ancestor Ji, Shen Gong Tianzun is bold and reckless, letting the strong Tian work kill your Ji family disciple. This action has violated the agreement of the major forces within my human race. Our Star God Palace is the top human race power. Must be fair and kill

. "

The Palace Master of the Star God yelled, and in the shaking roar, there were stars in his hand instantly, and every star was condensed to the extreme, as if it could blast the heavens, and the stars revolved, a full 360 Ten, showing the technique of the week.

Hum! These three hundred and sixty stars revolved and turned into a cage, instantly sealing off the heavens and the earth, suppressing Tianzun Shen Gong.

[Chapter 4304: Frightened](#)

When these three hundred and sixty stars formed a terrifying sea of stars and were suppressed, all the strong on the scene felt an unstoppable breath, and their eyes showed horror.

"This is the Three Hundred and Sixty Weeks Sky Star Sea God Orb, the peak heavenly treasure of the Star God Palace Lord."

"Palace Master Star God has even displayed these treasures, is this going to forcefully kill the gods of heaven?"

Many powerhouses are inhaling air-conditioning. As a famous powerhouse, everyone naturally knows the methods of the Star God Palace Master, and these 360 Star Sea God Orbs are the famous treasures of the Star God Palace Master. It is possible to use it when

And when the Lord of the Star Palace displayed the stars of the heavens.

Daewoo Mountain Master also moved. "Hahaha, I am Daewoo Mountain, and I am the most unused to bully people. Shengong Tianzun relies on his strength and has many treasures. In the ancient world, he oppresses the ancient Ji family. The law of heaven is difficult to tolerate. How can you allow it to be like this

things happen. "

The Daewoo Mountain Master screamed, shaking for nine days.

In an instant, in his body, ancient mountain peaks appeared, and the phantom shadows of the mountain peaks were constantly superimposed on each other, and finally a mountain with a height of hundreds of millions of feet appeared in the hands of Mountain Master Dayu.

As soon as this mountain became solid, the eternal divine light erupted, and the mountain pattern surging, suppressing hundreds of millions of worlds, slammed away against Shen Gong Tianzun.

This is the famous treasure of Daewoo Mountain Lord, the pinnacle heavenly treasure-the universe ten thousand mountains!

The Star God Palace Master and the Dayu Mountain Master joined forces to instantly display their strongest treasures, and the peak of the heavens in the body burned, so terrifying, and directly shocked the heavens.

"No, go back."

Around, many powerful people have retreated far in the previous battle, but at this moment, their expressions have changed drastically, and they have retreated crazily. Even the top celestial powers such as the Void God Hall Master, also quickly retreated with Ouyang Chen, his eyes Amazed.

The Star God Palace Lord and Dayu Mountain Lord didn't give Shen Gong Tianzun a chance to speak at all, they wanted to kill each other directly here without leaving the other a chance to escape.

"You..." The ancestor Ji Tianyao himself was dumbfounded, looking at the Star God Palace Master and Dayu Mountain Master in disbelief.

Obviously Shen Gong Tianzun targeted their Ji family and killed their Ji family disciples. Why did the Star God Palace Master and Dayu Mountain Master be more angry than their Ji family, and couldn't wait to kill Shen Gong Tianzun?

So that he was a little confused for a moment.

"Ancestor Ji Tianyao, what are you waiting for? With such a chance, do you still want Tianjiao to kill more of your Ji family disciples before you are willing to stand up for your Ji family disciples?"

The Star God Palace Lord and Dayu Mountain Lord saw that Ji Tianyao didn't make any move, they shouted angrily.

"kill!"

The ancestor Ji Tianyao woke up in his heart and suddenly became fierce.

Why did Guan Xing Shen Palace Master and Dayu Mountain Master do it? Shen Gong Tianzun previously blocked them, and let Tian Gong's disciples run wild in his Ji house, **** it.

Take this opportunity, in the name of Masahime family.

With a roar, the ancestor Ji Tianyao also knew that this was an opportunity, and the power of the ancient clan that rolled on his body instantly bloomed.

Roar!

Vaguely, everyone seemed to see a misty chaotic ancient beast appeared above Ji Tianyao's ancestor, like a bird, blooming with divine feathers, rising into the sky.

"kill!"

"kill!"

"kill!"

Ji Tianqi, Ji Nan'an and many other celestials of the Ji family also roared together. Under the leadership of Ji Tianyao's three peak celestial masters, a total of six or seven celestial venerables all shot together.

boom!

A colorful rainbow of light rose up into the sky, crushing the vicissitudes of the universe, and united with the attacks of Daewoo Mountain Master and Star God Palace Master, killing God Gong Tianzun.

The world changes color.

Xiao Wujin and the others retreated in anger. This blow was too terrifying. The three great heavenly masters all shot together. Who can stop such a mighty power?

Shen Gong Tianzun, it's over!

This is the only thought in everyone's mind.

No matter how strong Godgong Tianzun is, it is impossible to withstand such a terrible attack. At this moment, many powerful people are ready to move, their hearts flashing, pondering whether to take advantage of the moment when Shengong Tianzun is falling, snatching such a treasure or two?

Are these ten top heavenly treasures?

Grab any of them is enough to raise the strength of their forces to a level.

Suddenly, everyone's eyes were fiery, staring at the divine worker Tianzun in the void.

However, when their eyes fell on Shen Gong Tianzun, everyone was stunned.

Faced with the combined attacks of the Star God Palace Lord, Dayu Mountain Lord, Ji Tianyao Old Ancestor and many other powerful men, the face of the regressed Shengong Tianzun who had been bombarded before did not show any panic on his face. Instead, he quietly sketched out a mocking smile

.

Wow!

Under the gaze of everyone's eyes, Shen Gong Tianzun actually put away all the top Tianzun treasures directly, leaving only one person completely alone.

The corner of his mouth smiled, with coldness and indifference. "Star God Palace Lord, Dayu Mountain Lord, you two are so brave, you dare to kill this seat, very good, since your Star God Palace and Dayu Shenshan violate the human prohibition, there is nothing to say, this seat is today Extinguished your two powers, as a human

Family killing. "

The rumbling voice of Shen Gong Tianzun echoed the ancient world.

This left many people stunned,

Is this God-worker Tianzun crazy?

At this time, it turned out to be profitable.

However, their thoughts have not yet fallen.

Boom boom boom!

At this moment, Shen Gong Tianzun's body was filled with terrible aura.

A breath that suffocated everyone pervaded.

If the former Shengong Tianzun stood proudly in the sky above Ji's house and gave people the feeling of a huge mountain rising straight up to the sky, then now, Shengong Tianzun feels like a **** standing proudly between the heavens and the earth. , Unmatched.

The breath that held the nine heavens and ten earth, covering the eternal sky, directly suppressed it.

Boom!

At this moment, even the supreme rule of the universe was rumbling and was quickly suppressed.

boom!

In the next moment, the attacks of powerful men such as the Star God Palace Lord, Dayu Mountain Lord, Ji Tianyao, and others had already blatantly landed on Shen Gong Tianzun.

The earth-shaking roar resounded in an instant, and the terrifying power broke out in an instant.

The world dimmed in an instant, as if it was plunged into the dark night. The next moment, the night dissipated, and the dazzling light flooded the world.

Between the heavens and the earth, the gods and gods stood proud, no matter how many powerful people such as the Star God Palace Master attacked, they remained motionless and could not cause him the slightest harm.

This is impossible!

Everyone sucked in air-conditioning, their eyes bursting.

"Supreme!"

No one was horrified. At this moment, in everyone's mind, a terrifying thought rose up, looking at Shen Gong Tianzun in disbelief.

Supreme, absolutely Supreme.

Only the supreme can burst out such a terrifying aura, suppress the supreme rule of the universe, without fear of the full blow of the three top peaks.

However, when did Shen Gong Tianzun break through the supreme?

Never heard of it.

"You are... the Supreme?" The Star God Palace Master, Dayu Mountain Master, and Ji Family's many powerful people, their eyes flashed with anger and fright.

[Chapter 4305: Hua Shen Dan](#)

God-worked Tianzun is supreme, when is this happening?

No, it's impossible!

For an instant, the Star God Palace Lord, Dayu Mountain Lord and others felt chills, and endless fear emerged.

How could Tianzun Shen Gong be supreme?

They are the strongest powers of the top heavenly powers, who don't want to break through the shackles of the heavenly sovereign and step into the supreme realm, but, for hundreds of millions of years, few have successfully broken through.

Desperate to make people collapse.

But now, the aura that erupted from Shen Gong Tianzun, suppressed their souls trembling, what is this not supreme?

Except for the supreme, no matter how strong the sky is, it is impossible for them to have such a huge shock.

Not only were they shocked, but on the side, Xiao Wujin, Patriarch Ye, Patriarch Jiang, Hallmaster of the Void God, Master of Kunpeng Valley, and others also had numb scalp, and their cold hairs were standing up. They all were shocked and could not wait to yell up to the sky.

day!

Shen Gong Tianzun's hiding is too deep.

Obviously, as a supreme, but only showing the strength of the Tianzun level, it is no wonder that I have been so calm and confident here before, it turned out to be a breakthrough.

In vain, they were still excited before, thinking that Shen Gong Tianzun would be beheaded, and even had the urge to go up and grab the treasure.

Fortunately, they were not taken away by their interests, and because they were afraid of punishment from the Human Race Council, they did not act hastily.

Thinking of this, many people present only felt that a cold sweat came out of their backs, and it felt like a ghost has been shut down.

"No... impossible!"

kill!

The Lord Daewoo roared, and once again urged the mountains of the universe, his eyes were fierce, and he didn't believe that the **** of work had broken through the realm of supreme.

The secret method must be some kind of secret method.

"Palace Master of the Star God, Patriarch Ji, kill with me, this mountain master doesn't believe it, this divine work Tianzun really has broken through the supreme, if he breaks through, why hide it, it will spread throughout the universe long ago."

The Lord Daewoo roared, and the mountains of the universe came again with a bang, as if it could explode the sky.

"act recklessly."

Indifferent chuckles echoed between the heavens and the earth, and you saw the god-worker Tianzun standing proudly in the sky, his eyes were cold, and before Daewoo Mountain Master's Universe Wanzhong Mountain was reinvigorated, his big hand suddenly lifted up and out forcefully. With a bang, it was as if the heavens and the earth had collapsed, and the supreme rules of the universe were suppressed under the blow of the gods of heaven and earth. The huge palm seemed to be able to hold the heavens and the earth, the cover was pressed down, and the peak of the mountain lord of Dayu was instantly Tian Zun Zhi

Treasure Universe Wanzhongshan was captured and photographed in his hands.

Catch with bare hands!

"No, you are looking for death..."

Mountain Lord Dayu's expression became more and more ferocious. On his forehead, mountain patterns appeared, and a dark pill suddenly appeared in his hand.

Peak Tianzun pill, transforming **** pill.

Swallowing this pill into his abdomen, the aura in Daewoo Mountain Master broke out again.

"That's... God-Transforming Pill, is Daewoo Mountain Lord crazy?"

"The God-Transforming Pill is a medicine for the Peak Heavenly Sovereign. Even if it is taken by the Peak Heavenly Sovereign powerhouse, its cultivation will instantly double. However, it has great side effects and is very likely to damage the Heavenly Sovereign origin. A pill that will damage 800."

In the distance, Patriarch Xiao, Hallmaster of the Void God and others were shocked, only thinking that Lord Dayu was crazy.

After swallowing the God-Transforming Pill, even if he could repel the Heavenly Master, the source of the Heavenly Master in his body was damaged. If he wants to break through the Supreme Realm in the future, it will be even more difficult.

But at this time, Daewoo Mountain Master could no longer manage that much.

"Palace Master of the Star God, Patriarch Ji, what are you waiting for? This god-worker Tianzun hides his strength, and he has deliberately set up a trap to trap me and wait. If he wants to get lucky, he can't escape death."

The Lord of Dayu roared, and in his eyes, many shadows of mountains appeared, and a majestic sacred mountain that was vertical and horizontal was looming from his body, and it was connected with the cosmic mountains that was captured by the gods.

Rumble!

The Ten Thousand Mountain Supreme Treasure in the universe, which was captured and captured by the God of God, trembled violently. It was actually trying to break free from the God of God of God and burst out the breath of crossing the heavens.

"kill!"

On the side, the Star God Palace Lord was also crazy and furious.

Boom!

Heavy starlight burst out from the body of the Star God Palace Master. He and Dayu Mountain Master previously seized the opportunity and suddenly attacked Shen Gong Tian Zun, fearing that he had completely offended Shen Gong Tian Zun.

It would be okay if the Godgong Tianzun was just the pinnacle Tianzun, even if he escaped, it was nothing.

But now, Tianzun Shengong actually broke through the realm of supreme, deliberately hiding his strength, today, if he hadn't beheaded Tianzun Shengong, then he would be unlucky to turn around? It must be his Star God Palace.

How could he pin his hopes on the benevolence of Shen Gong Tianzun.

"dead!"

In the main body of the Star God Palace, there seemed to be hundreds of millions of stars bursting out, and the 360 Star Sea God Orbs burst out with dazzling light, turning into a large array of Zhoutian stars, suppressed again.

How about Supreme? It didn't take long for this god-worker Tianzun to break through, and the combination of their great powers might not be hopeless.

On the side, Old Ancestor Ji gritted his teeth, desperate.

"why?!"

He roared, and there was endless regret in his heart.

He hates it.

Knowing that Shen Gong Tianzun is the supreme powerhouse, why did his Ji family deliberately toss so much?

As long as Ruyue promises to Qin Chen, and makes Ruyue identify with his Ji family and marry Tianjiao, should he worry about the Xiao family? There is a supreme support, even if the Xiao family wants to target his Ji family, they are afraid that they will be powerless and can't suppress it.

But such a good thing was ruined by him, he hated it.

hiss!

In the world, at this moment, many powerful men stood far away and looked over in horror. They all knew that the Star God Palace Master and Dayu Mountain Master had begun to fight desperately now, because if they didn't fight hard, they would definitely die back.

With the help of the pinnacle Celestial Supreme Treasures, the two peak Celestial Powers can fight the Divine Worker Tian Zun who should have just broken through the Supreme Realm in desperate circumstances?

Many people are curious, looking forward to it, watching with wide eyes.

Above the sky, Shengong Tianzun's mouth outlines a sneer.

"It's ridiculous, if you seek a dead end, then I will fulfill you."

Shen Gong Tianzun's eyes were indifferent, and he stepped out, booming, and the sky was shaking, a strong breath suddenly rose from his body, and quickly condensed into his right hand.

"Suppression!"

The surging power of the supreme surging, the peak Tianzun Supreme Treasure Universe Wanzhong Mountain, which had been constantly trembling under the urging of the Daewoo Mountain Master, tried to break through the **** of the heavenly master of the gods and was suddenly continuously suppressed.

A series of terrible restraining powers poured into the cosmic mountains, and Mountain Master Dayu suddenly felt horrified that his control of the cosmic mountains was lost a little bit.

"This is impossible!"

The Lord Daewoo roared, his eyes were frightened, and his thoughts were gray. After taking the God-Transforming Pill, he not only failed to urge the Universe Wanzhong Mountain to break through the defenses of Shengong Tianzun, but gradually lost the control of his strongest treasure. Supreme, is it really that strong?

[Chapter 4306: Rebellious Human Race Council](#)

In the desperation of Daewoo Mountain Lord, Shen Gong Tianzun sneered at the corner of his mouth.

"Nothing is impossible!" His eyes were indifferent, and the corners of his mouth were faintly mocking. As the master of Heavenly Work, how powerful he is in refining skills. Although Daewoo Mountain Master's Universe Wanzhong Mountain is powerful, after he breaks through the Supreme It is not extremely easy to suppress

thing.

boom!

Ten thousand mountains in the universe were instantly suppressed and disappeared.

Immediately after the next moment, Shen Gong Tianzun's figure moved and punched Daewoo Mountain Master.

"Do not!"

The Lord Daewoo roared frantically, the strength of the sacred mountain surging, and countless mountain patterns surging, gathered together, trying to resist the attack of the gods. He heard a bang, the heavens and the earth rumbling, the condensed hundreds of millions of mountain patterns on Daewoo Mountain Master's body, bursting into pieces, the next moment, his whole person was like a cannonball out of the chamber, and he was instantly blasted out with a bang , Plunged into the bottom of the ancient world

in.

Rumble!

Under the Ji family mansion, a big hole with a radius of thousands of miles suddenly appeared. The entire Ji family mansion shook under the impact, and the quaint buildings were shattered directly.

"Mount Daewoo?"

Upon seeing this, the Star God Palace Lord looked furious, and the 360 Zhoutianxing Sea God Orbs were crazily suppressed. At the same time, there was already a wave of cowardice in his heart.

escape!

As strong as the Daewoo Mountain Lord, he is not the enemy of Shen Gong Tianzun's one move. If he is replaced, he will not end well.

Therefore, while urging the heavens and stars, the figure of the Star God Palace Master suddenly retreated, turning around and running immediately.

Hum!

Hundreds of millions of stars bloomed, and the master of the Star God Palace suddenly became blurred and disappeared here.

"Huh, little skill for carving insects." Shengong Tianzun sneered, his eyes were like stars, and his big hands reached out. Suddenly, this enveloped the heavens, and the three hundred and sixty stars that he tried to suppress were caught by his big hands, one after another. Constantly roaring, trying to break through his shackles, but fundamentally

Unable to break free.

"Want to run, did you run?" Shen Gong Tianzun stared into the void, with a sneer at the corner of his mouth. He has been hiding his strength and performing so hard. Why? Naturally, it is all about Star God Palace and Dayu Shenshan. If the Lord of Star God Palace runs away today, that would be a laugh.

words.

"The rules come, I am the Supreme!"

A low groan resounded through the heavens and the earth. In an instant, everyone felt that the heavens and the earth of this ancient world suddenly became dark. The void within hundreds of millions of miles, all the rules and avenues, were completely controlled by the gods of heaven and earth. .

Divine Worker Tianzun is like a **** who has transformed into this world. In this respect, he is the only one, and he is invincible.

Boom! Tianzun Shengong poked out his big hand, and everyone was horrified to see the starlight condensed in the sky hundreds of thousands of miles away. The body of the Star God Palace Lord, who had fled before, suddenly appeared in the void, and then was caught by Tianzun's big hand. Catch it instantly,

He came back as if he was carrying a chicken.

"No, open it to me, I am the Palace Master of the Star God, the Star God is immortal, I am invincible."

The Star God Palace Master roared, billions of stars exploded in his body, and he still resisted.

Shen Gong Tianzun suddenly sneered, "Huh, you are invincible, then what am I?"

With a bang, Shen Gong Tianzun clenched his big hands, countless stars exploded, and the Palace Master of the Star God suddenly screamed, and the power of the stars in his body was firmly imprisoned.

His eruption, his resistance, did not harm the God-worker Tianzun at all, but instead bounced back into his body, exploding himself to bloody, bloody, and soul shock.

"what!"

The Star God Palace Master roared, despair emerged in his heart.

Strong, too strong! No matter how he resists, not only is he unable to bring harm to Tianzun Shengong, unable to break free from the **** of Tianzun Shengong, but also makes him feel his insignificance. In front of Tianzun Shengong, he is like an ant. The so-called struggle is basically

a joke.

"Suppress me!"

Rumble!

The rolling supreme power poured into the body of the Star God Palace Lord, the Star God Palace Lord screamed, his body burst and exploded, the origin of the Heavenly Lord in his body was instantly suppressed, and the Heavenly Master Shen Gong quietly urged the hidden treasure hall, a terrible wave The power of space swallowing is lost.

Bang, the Star God Palace Master directly exploded, and then disappeared.

Was swallowed into the treasure hall.

Suppressing the Star God Palace Lord, Shen Gong Tianzun looked at the exploded ground of Ji Family below, and the corners of his mouth sneered.

"Daewoo Mountain Lord, when do you want to hide? From the moment you shoot this seat, you should know your fate."

Shen Gong Tianzun sneered, and a hand directly stuck out into the ancient world. With a bang, countless earths were captured and photographed instantly. The entire ancient world was rumbling and trembling, and the Ji family's mansion did not know that it had collapsed. How many buildings.

In the hands of Shengong Tianzun, Daewoo Mountain Lord had already been captured and photographed, embarrassed, scarred, and blood splattered.

He looked horrified, frightened and trembling, completely stunned.

Previously, Daewoo Mountain Lord was blasted into the ground by Shen Gong Tianzun. In fact, he did not fall, but hibernated and tried to escape here.

How can a character like him not know the current affairs, know whether it is right, and think about running away for the first time, so that he can live long.

But he did not expect that Shen Gong Tianzun easily saw through his plan and captured him.

"No, Godgong Tianzun, I am the ancestor of the human Tianzun forces, you can't kill me..." Daewoo Mountain Master looked terrified and roared: "You kill me, the Human Race Council will definitely punish your work, why bother? It's because I don't know good or bad, I'm not used to seeing what you did to the Ji family, that's why I wanted to stop you. Today's things are all

My fault, Daewoo Shenshan is willing to apologize in exchange for Tianjiao's understanding. "

Daewoo Mountain Master shouted in horror.

At this time, he can't take care of face anymore. Only when he is alive, he has hope.

"Haha, can't you kill you? You Daewoo Shenshan repeatedly targeted my Tianzuo disciple? You even wanted to kill my Tianzuo's deputy master, and previously, under the pretense of being the Ji family's prominence, he wanted to let this fellow killer Forgive you?"

Shen Gong Tianzun sneered.

When is the time, this Daewoo Mountain Master still said that he was not used to seeing what he did to the Ji family when he did it himself, so he stopped himself, and regarded himself as an idiot?

Before he and the Star God Palace Master shot, it was clear that he wanted to put himself to death, really he couldn't tell? Daewoo Mountain Master's eyes were horrified, and he roared: "No, you are the peak of the human race, and I am also the peak of the human race. If you want to kill me, you must get the approval of the human council. Otherwise, you will rebel against the human council and you will not escape punishment. .

"If the plea fails, Daewoo Mountain Lord can only move out of the Human Race Council.

[Chapter 4307: Too shit](#)

In today's universe, ten thousand races are fighting, and within the human race, the human race council also has regulations that no top human race forces can easily fight.

The purpose is to prevent the human race's strength from being weakened, and then the demons can take advantage of it.

After all, for hundreds of millions of years, the demons have arranged many spies in the major forces of the human race. Many people, such as the holy demons, change their soul aura, change their physical state, and sneak into the major forces of the human race in a day or two.

Who knows if they will encourage their forces at some point and cause war in the human race.

Therefore, the purpose of this agreement is to prevent the major forces of the human race from being provoked and consumed by the demons.

Especially among the top heavenly powers, if they want to fight each other, they must go through the Human Race Council. If there is no reason to act wantonly, once the Human Race Council verifies that it is selfish behavior, the force will inevitably be severely punished.

Therefore, in the case of unsuccessful begging for mercy, Daewoo Mountain Lord can only move out of the Human Race Council in order to frighten the gods.

"Hahaha, it must be approved by the Human Race Council?" Hearing this, the god-worker Tianzun laughed up to the sky, and the laughter was agitated. "My god-worker, dedicated to the human race, and contributed a lot, the human alliance, I don't know how many treasures are my heaven. Work provided, but today, your Daewoo sacred mountain wants to kill me.

Must be approved by the Human Race Council? "Don't talk about you, not long ago, the ancestor of the ancient space beasts, Xu Gu Zhizun, broke into my heavenly work, and wanted to sneak into the core secret realm of my heavenly work. It is not inevitable to die, not only that Xu Gu Zhizun, the entire space ancient beast A family, now they have been

Mie, what is your Dayu Shenshan? "

"To kill you, in the eyes of this seat, it is like killing an ant."

The voice fell.

Boom!

Shen Gong Tianzun blasted out a punch, and immediately, Daewoo Mountain Master's face was desperate and horrified, and his whole person was exploded with a pop.

Rumble!

In the sky, the power of countless avenues and rules collapsed, and the entire ancient world seemed to explode with gorgeous fireworks.

At the moment when Daewoo Mountain Lord was bombarded, Shen Gong Tianzun urged the hidden treasure hall, and quickly collected the soul and remains of the Daewoo Mountain Lord into the hidden treasure hall.

Between the heavens and the earth, the original aura of the pinnacle Tianzun was surging, and the power of the great avenue swept across. The God-work Tianzun stood proudly in the sky like the same god. Between the three punches and the feet, he exploded and shocked the Lord of the Stars Everyone.

silence.

There was silence on the court.

Lifeless.

Everyone stared at the heavenly supernatural power in the sky with wide-eyed eyes, and their minds were dumbfounded, and no thoughts emerged except for shock.

terrible.

too terrifying.

At this moment, no one was not horrified, the hair was horrified, and he felt trembling and trembling from the depths of his soul.

This is the Star God Palace Lord and Dayu Mountain Lord, the ancestor of the pinnacle of the human race, who can enter the existence of the Human Race Council and have certain suggestions.

How rare are these strong people?

Not to mention rare in the ages, but there are indeed not many born in the past hundreds of millions of years. Each of them is a giant who is in charge of the great power of the human race.

If such a character is put on the battlefield of ten thousand races, he can preside over a ten thousand race-level battle and order hundreds of millions of troops to fight.

Now, it has fallen here.

At this moment, the avenue between heaven and earth is violent, and rules are dissipating.

Everyone was horrified and shocked, and endless fear emerged from the bottom of my heart.

Madman, this God-worked Tianzun is simply a lunatic. The Master of the Void God Temple looked at Shen Gong Tian Zun in shock, with a frightened expression. In the past, this was a powerful person at the same level as them, but now, the Master of the Void God Temple knew that they had already cut

People from two different worlds.

Even the Patriarch of the Xiao Family, Xiao Wuxi, was excited at this moment, unable to restrain it for a long time.

Because what shocked them even more was the words of Shengong Tianzun, the Xu Gu Zhizun of the Space Ancient Beast clan unexpectedly attacked the secret realm of Tiangong headquarters not long ago? The result fell? And the space ancient beast clan was actually destroyed by Heaven's work?

day!

It is definitely the big news among the ten thousand races.

At this moment, Shen Gong Tianzun stood proudly in the sky, and did not continue to take action, but stared coldly at the many powerhouses below, and said indifferently: "Who else wants to be fair for the Ji family?"

The audience was silent, and no one spoke.

Nonsense, with the miserable experience of the Star God Palace Lord and Dayu Mountain Lord, who dares to stand up for the Ji family now? Are you afraid that you will not die fast enough? The master of the virtual **** hall flashed his eyes, and he immediately stepped forward and said, "The master of the master craftsmanship is joking, the master of the star **** palace and the mountain master of Dayu, under the guise of the Ji family, want to take action against the master master of the master craftsmanship. , I waited, how can we get along with each other. Today, do you think

When the master of Shengong Hall actually broke through the supreme realm, this old man congratulated the master of Shengong Hall on behalf of the virtual temple, and hoped that the master of Shengong Hall could support my human race. "

The Master of the Void God Temple was respectful and bowed to salute.

Fuck!

This Void God Hall Master is too shit, right?

Many forces are dumbfounded and can't react to them for a while.

However, some forces responded in a timely manner and came forward to salute.

"Haha, the master of the Palace of Divine Art is superb, worthy of being the inheritor of ancient craftsmen, and now breaking through the supreme realm, it is worthy of the universal celebration of my human race."

"Heaven's work is the mainstay of my human race. I have made many contributions to the battle of my human race. The Lord of the Divine Work Hall can break through the supreme. It is gratifying and well deserved."

Suddenly, many ancestors of the forces clung their hands and smiled, with a gentle expression and flattering.

It seems that there hasn't been a big battle here before, but it has become a friendly exchange meeting.

This is natural. Tiangong itself is the top Celestial power of the Human Race, and it is also the core power provided by the major forces of the Human Race. However, because the God-worker Tianzun is only the peak Celestial Lord, although the status is transcendent, it is actually in the Human Race Council.

The decisive right to speak. But now, Godgong Tianzun has broken through the supreme realm and has truly become one of the top giants of the human race. Once the news comes out, after verification, he will inevitably become a member of the human race parliament with a great voice and even control them.

The life and death of ordinary top heavenly powers.

Don't fawn at this time, when will you wait? As for the beheading of the Star God Palace Lord and Dayu Mountain Lord by Shen Gong Tian Zun, everyone has long forgotten them, and how to deal with them when they turn around is discussed by the Human Race Council. If Shen Gong Tian Zun is only Tian Zun, it is hard to say, but now Shen Gong Tianzun is already the supreme strong

The relationship between Shen Gong Tianzun and the leader of the human race, Xiaoyao Zhizun, is irreversible.

There are two factors, I am afraid that there will be some wrangling in the Human Race Council.

"These powerful humans from the top human race are too shit, right?"

On the side, Xiao Jia Xiao Wu Endless and others were a little confused.

As for the Ji family, they looked terrified, nervous, and horrified in their eyes. Although Shen Gong Tianzun did not kill them, the fear in their hearts was no weaker than the Star God Palace Master who had been beheaded before.

[Chapter 4308: Xiao Family Patriarch](#)

Regret, endless regrets.

At this moment, Ji Tianyao's heart continued to emerge with fear, if he had known that the God-worker Tianzun was already the supreme powerhouse, why would their Ji family do so much.

However, after seeing that Shen Gong Tianzun did not kill himself, Ji Tianyao suddenly had hope.

Perhaps, their Ji family still had a chance to reconcile with Tian Zuo, otherwise, why did Shen Gong Tian Zun only kill the Star God Palace Master and Dayu Mountain Master, but did not kill his Ji Family?

Thinking of this, Ji Tianyao's eyes flashed, and he stepped forward and said, "Master of the Palace of Gods and Crafts..."

As soon as he spoke, Xiao Jiaxiao's endless eyes flashed not far away.

He also hurried forward, just about to speak.

suddenly.

boom!

In this ancient world, a terrible aura rose up, and when you looked at it from a distance, in another world of this ancient world, a dark as ink, as deep as an ocean, swept across.

This momentum swept through, and many powerful people present felt a strong shock, and felt fear in the depths of their souls.

Supreme.

Another supreme.

"Hahaha, I don't know which friend came to my ancient world as a guest. I'm really sorry that I've missed the host."

A loud sound of laughter sounded, and along with the sound of laughter, a magnificent figure swept across the sky. This figure stepped out a few steps before coming to this place from the endless sky, and the magical work in the sky Tianzun is far away.

"Ancestor!"

Below Xiao Wujin saw the visitor and hurried forward, saluting respectfully.

"I have seen the ancestor." The many strong Xiao family behind Xiao Wujin also knelt on one knee with respectful expressions.

The person here is not someone else, but the ancestor of the Xiao family, Xiao Wudao.

Seeing Xiao Wudao, the Ye Family Patriarch, Jiang Family Patriarch, and Ji Tianyao's complexion all changed slightly. The Xiao Family, because of the existence of Xiao Wudao, was able to control this ancient world and become a powerful party.

In fact, when the Ji family and the Xiao family were fighting for the top, Xiao Wudao was still not the supreme powerhouse, he could only be regarded as the half-step supreme, and the Ji family also had a half-step supreme power back then. The Ji family's half-step supreme theory is no weaker than the Xiao family's half-step supreme. It's a pity that the Ji family was divided into two factions that consumed each

other and lacked cohesion, which led to the Ji family's half-step supreme being besieged by the Xiao family. , Ji family powerhouse and

Did not move out of the nest, and eventually the original source was damaged.

And the Ji family also completely lost the qualification to fight for the hero of the ancient world.

"It turned out to be the ancestor of Xiao Wudao. He has long heard of Xiao Wudao in the Xiao family. He inherited the blood of the ancient chaos. In the battle for hegemony in the ancient world, he became the supreme. When I saw it today, it was indeed well-deserved."

Shen Gong Tianzun looked at the people coming, smiled, and said, "This man, God work, I took the liberty to make a move in the ancient world today. It alarmed Old Ancestor Xiao, and I hope that Old Ancestor Xiao will not be offended."

At this time, Xiao Wujin was also a little closer, knowing that the ancestor must have felt the supreme aura of Shen Gong Tianzun before he left the customs and even transmitted the previous cause and effect to the ancestor Xiao Wudao. "Hahaha, it turned out to be the master of the divine work of heaven. It is said that the master of divine work of the divine work is inherited from ancient craftsmen. He is the disciple of the ancient artisans who are the ancestors of the ancestors. Against the demons

I have given a lot of credit, and when I see it today, it is really a young talent, and the next generation is awesome. "

Xiao Wudao also folded his hands and said, his face was peaceful.

God's closed disciple.

At the scene, many powerful people looked weird, and the information circulating in the human race was that Tianzhuo founder Shen Gong Tianzun was an ancient craftsman and ancestor of the fire-burning boy. In the blink of an eye, he became a closed disciple.

Sure enough, after the strength and status are up, the bad can be said to be good, and the black can be said to be white.

Shen Gong Tianzun's eyes flashed and smiled slightly. What others heard was Xiao Wudao calling him the closed-door disciple of the craftsman and ancestor, and what he heard was Xiao Wudao calling him a young talent, who was terrifying.

This is pretending to be an elder.

Shengong Tianzun smiled, and said: "Old Ancestor Xiao laughed, I just do what I should do, which is nothing." Xiao Wudao smiled and said: "The Lord of Shengong is humble, right, My ancestor heard that the reason why the master of the divine work hall fought here is because my ancient Ji family framed the elders of Tianzuo. Although this Ji family is not a member of my Xiao family, my Xiao family's work

As the leader of the ancient world, he also has the responsibility of not being strict with the subordinates. Just rest assured, the master of the master of magic work, my Xiao family will definitely give you an explanation for this matter. "

After speaking, Xiao Wudao looked at Ji Tianyao and others suddenly.

Suddenly, Ji Tianyao's cold hair stood up, and there was panic in his heart. Just listen to Xiao Wudao squinting his eyes and faintly said: "Ji Tianyao, your Ji family is one of the four great families in the ancient world, but you are relying on one acre and three quarters of land to do evil. Today, my ancestor ordered you to handle the matter of heaven. , Otherwise, my Xiao family is the leader of the ancient world

, Never allow your Ji family to act recklessly and undermine the unity of the human race. "

Ji Tianyao's face suddenly turned pale, but he didn't dare to say a word when he wanted to argue.

He knew that the Ji family's previous affairs had given the Xiao family a reason to take action. If they didn't deal with it properly, he was afraid that the Xiao family might really take action against his Ji family. Once so, his Ji family would be completely finished.

Aside, the Ye Family and Jiang Family also changed color.

The Xiao family is too powerful. Under all eyes, they scolded the Ji family and treated them like writers. Although the Ye family and the Jiang family are better than the Ji family, they are actually half a catty.

Shen Gong Tianzun naturally knew the little Jiujiu in Xiao Wudao's heart, but his trip was only for Qin Chen and his disciple, so he didn't bother to intervene in disputes in the ancient world. Immediately looked at Ji Tianyao coldly, and said lightly: "Ji Tianyao, I didn't kill you before. It was not merciful, just because I don't know the life or death of my Tianzuo disciple. Today, if your Ji family can release my Tianzuo disciple safely, this seat may Can spare you one,

Otherwise, your Ji family does not need to exist in this world. "

Shen Gong Tianzun's tone was very light, but he fell into the ears of many powerful people in the Ji family, but it was like thunder, and each was frightened.

"Ji Tianyao, why are you hesitating? Haven't released the subordinates of the master of the divine work?" Xiao Wudao said coldly, murderously.

"I....."

Ji Tianyao gritted his teeth and was angry, but he also knew that the situation was better than others. With the current situation of the Ji family, if the Ji family insisted on holding on, it would be really in danger of extinction.

"The master of the divine work hall, that Ji Ruyue and Ji Wuxue are currently in the prison mountain. Ji Mou doesn't know what is good or bad. He detains the elder Tiangong, knowing that he is guilty, and will release Ji Ruyue and Ji Wuxue immediately for forgiveness."

Ji Tianyao gritted his teeth, suffocated and said, feeling bitter inside.

Around, the other strong Ji family also didn't say a word, humiliated inside.

If he had known this a long time ago, he would not imprison Ji Ruyue and Ji Wuxue if he was killed, so why is this?

Whoosh!

Right now, Ji Tianyao flew up and took the Ji family to Hell Mountain.

Shen Gong Tianzun's expression was indifferent, and he followed close behind, while the Xiao family, Ye family, Jiang family and other strong men also caught up.

"go!"

The master of the Void God Hall and many other forces also flew up, following closely behind. A group of people immediately went to Hell Mountain.

[Chapter 4309: Normal](#)

The group of them was extremely fast, and quickly flew towards Hell Mountain.

"Ancestor, can our Ji family only be bullied like this?"

On the way, Ji Tianqi was angry in his heart, said through the voice transmission, with a hideous expression.

He was unwilling. For so many years, his Ji family has been suppressed, but he has been trying to find a way to become the top power of the ancient world again. The reason why he promised to give the saint to the Xiao family first was to paralyze the Xiao family.

But who would have thought that it was so. "Ji Tianqi, you still have the face to say that it is not because of you. I have said that since Ruyue already has a husband and is a man of heaven, there is no need to dedicate it to the Xiao family. Why did my Ji family make it? This kind of fast thing that relatives hate their enemies can be

You just didn't listen! "

"It's okay now, look. If it weren't for Ruyue and Wuxue, why did my Ji family get to this level?"

Ji Tiandao felt sad.

At the beginning, he tried his best to prevent Ruyue from offering to the Xiao family, not to say how much he cared about Ruyue and Wuxue, but because Ruyue and Wuxue came from the lower realm, but they were extraordinary talents.

His Ji family wants to rise, Tianjiao is the most core resource, without Tianjiao, how to transcend, who would not understand this truth?

What's more, Ruyue and Wuxue are still Tianworkers, and Ruyue already has a husband, and is the son of Tianwork.

All the factors added up, Ji Tiandao tried his best to stop it.

But Ji Tianqi, because Ruyue and Wuxue came from the lower realm, came from that line, so he tried his best to stop it, ridiculous, sad, and sigh.

If he had agreed to his original request, and now he has won Ji Ruyue and can marry Tianzuo, why does his Ji family need to reach such a point? Even, it is enough to develop without fear of the Xiao family.

But now, everything is ruined.

"Okay, shut up!" Ji Tianyao was annoyed and shy, with a grim expression, and annoyance and regret in his heart.

But what is the use of regret now?

Rumble!

A group of people moved forward and soon came to the prison mountain.

Feeling the breath at the gate of Prison Mountain, Ji Tianyao's face suddenly became very ugly.

Here, there is the scent of the fall of the Ji family powerhouse. Obviously, Ji Xin, who guards the prison mountain in his Ji family, and the two elders of the earth are afraid that they have died here. However, at this moment, it is not a time of grief. Ji Tianyao's expression is ugly and said: "Old Ancestor Xiao, Master of the Divine Workers Palace, this is the forbidden mountain of my Ji family. This place contains a special atmosphere of fire and fire. Burn the soul, Ji Ruyue and Ji

Wu Xue was imprisoned here, and Ji went to release them. "

Ji Tianyao said, stepping into the prison mountain.

"Ji Family Forbidden Land?"

The eyes of the ancient tribes including Patriarch Xiao Wujin, Patriarch Ye, Patriarch Jiang, etc. were all blinking.

As the ancients, they have naturally heard of Ji's Hell Mountain Forbidden Land. Rumors of this forbidden land have a terrible burning effect on the blood and soul of the ancients. It is extremely mysterious, but they have never seen it before.

Coming here at this moment, how willing Xiao Wujin and others would give up, stepped forward into the prison mountain.

"Everyone." Ji Tianyao's face changed slightly, stopped, and continued: "This place is the forbidden land of my Ji family. My ancestors of the Ji family left hundreds of millions of years ago. Are you..."

How can you allow others to enter the Ji family forbidden land? Xiao Wudao flashed his eyes and sneered: "Ji Tianyao, your Ji family has caused disasters for the ancient world, causing the fall of the top celestial venerable. Today, it is your Ji family's opportunity to redeem sins. What forbidden ground is just a dungeon for criminals. , Go quickly

Release Ji Ruyue and Ji Wuxue, your Ji family still has a way to survive, otherwise, if you are afraid that your ancestor will not punish you, the master of the divine work hall will also level your Ji family. "

"Old Ancestor Ji, don't lead the way yet."

"Don't waste time."

Xiao Wujin and other people from the Xiao family also sternly screamed, and the Ye family and Jiang family were also frequently approaching.

Shen Gong Tianzun glanced at these three ancient tribes thoughtfully.

This Ji family forbidden land, for the ancients, should be a bit special.

"You..." Ji Tianyao still wanted to speak.

Boom!

Suddenly, a terrible breath was suppressed, it was Xiao Wudao, the rolling supreme might linger, and the entire range of the prison mountain was rumbled and trembling.

"Ji Tianyao, don't lead the way yet."

He shouted sharply, his eyes cold and murderous.

"Damn it." Ji Tianyao gritted his teeth, how much his Ji family has endured such humiliation.

But helplessly, facing so many powerful men, Ji Tianyao could only lead the way obediently.

Everyone followed suit one after another.

Sure enough, as soon as they entered, everyone felt a unique breath that haunted their bodies.

Suddenly, many people's bodies were chilled, and their souls felt trembling.

"here....."

Shen Gong Tianzun stretched out his hand, felt the breath of the world, and frowned slightly. This soul-scorching yin and cold aura is terrifying in level, and even his supreme can feel the slightest oppression. Of course, with the strength of the god-worker Tianzun, this yin and fire aura cannot harm his soul at all. Shake, then

This yin-fire atmosphere repelled it.

"Is there some kind of treasure here?"

God works Tianzun's heart is moved.

The Jijia Prison Mountain Forbidden Land, although it is not known how long it has been, the rumors have existed in ancient times. Under normal circumstances, after hundreds of millions of years of dissipation, the breath of the general strong should have dissipated long ago.

But the yin and fire aura of this prison mountain is very obvious. It is very likely that there is some special treasure in this prison mountain, or there are some special arrangements that will last so long.

However, this yin-fire aura, which gives the feeling of God Worker Tianzun, is somewhat similar to the chaotic aura on the ancient race of the ancient world, and it should be from the same source.

"go!"

A group of people, fast forward.

Even these forces such as the Void God Temple and Tongtian City entered the Hell Mountain with curiosity.

Among the prison mountains, it is extremely desolate, and there is a cold atmosphere everywhere, the more you enter, the more gloomy and terrifying people feel.

And the force of that yin fire is stronger.

Fortunately, at this moment, no matter how weak it is, the great powers respect the arrogance. As long as they don't enter the core area, they can persist.

After a while, everyone has arrived in the cage of this prison mountain.

Suddenly, some bones all over the floor appeared in front of everyone.

"hiss!"

Many people took a cold breath and looked at Ji Tianyao. They all saw that some of these skeletons were clearly not from the Ji family, and there were even corpses of ten thousand and powerful humans.

This Ji family was secretly imprisoned here because he didn't know how many people had been killed.

"Humph."

Xiao Wujin snorted coldly, sketching mockery at the corner of his mouth.

"Ancestor Ji Tianyao, these corpses seem to come from ten thousand races, what is going on?"

His eyes were cold and his tone was cold.

The faces of the Ji family present were all pale. Ji Tianyao looked ugly, and said coldly: "These are all hostile forces of my human race. Although my Ji family is an ancient race, it is also a member of the human race. Sometimes it will fight the battlefield of ten thousand races. Is it normal?"

[Chapter 4310: Corpses](#)

"Oh? What about these human corpses?" Xiao Wujin sneered.

When everyone is an idiot?

It is indeed possible to conquer the battlefield of ten thousand races. However, many of these corpses are clearly human corpses. Could it be that the strong of the human race was also the one you fought in the battlefield of ten thousand races? Ji Tianyao changed slightly, and said in a deep voice: "There are indeed some people from the human race, but they are all people who have secretly taken refuge in the demons, and even have been enslaved by the demons. Now the human race is full of defects and all major forces have There are spies, including my ancient world,

The Demon Race has always wanted to invade. The corpses of many people in it seem to be Human Race, but in fact some of them were taken away by the Demon Race powerhouse, while some have taken refuge in the Demon Race. "

"My Ji family is a human force, how could it be possible to kill the human race? I want to condemn my Ji family such a crime, I am afraid it is a bit too much?"

Ji Tianyao said solemnly.

"Why ancestor Ji is nervous? The old man is just asking." Xiao Wusuan sneered.

ridiculous.

They are all spies of the Demon Race, as well as those who were taken away by the Demon Race. Don't you think it is too ridiculous?

How did this Ji family find so many demon spies on the battlefield of ten thousand races?

What's more, assuming that these people are really spies of the demons, and the Ji family directly killed them on the battlefield of the ten thousand races, why did they move to their own family forbidden ground and imprison them?

This is obviously illogical.

Of course, at this time, Xiao Wujin didn't bother to continue arguing with Ji Tianyao, just looking at the depths of the prison mountain.

This prison mountain is extremely weird and contains a special atmosphere of chaos. To these ancient people, there is an inexplicable feeling. Moreover, in the deepest part of this prison mountain, there seems to be a powerful force that makes him curious.

A group of people, continue to inside.

Along the way, everyone also saw that more and more corpses appeared in this prison mountain cage.

These corpses, some of them are very recent, although they have been turned into bones, but from the perspective of their breath, they are most likely the people who have fallen for nearly ten thousand years.

And some, the breath of time is extremely old, rough perception, even has a history of millions of years, even tens of millions of years.

There are also some corpses that are extremely old and riddled with holes. They only turn into some bone slag, and they can't even distinguish the years. They may come from ancient times.

Many corpses are scattered all over this prison mountain cage, making many people's hair horrified.

Because, to the present, the corpse that has not been decayed and turned into ashes, is at least a person of the venerable level in front of him, even the holy lord, in this **** mountain, is afraid that it has already been turned to ashes.

How many people did this Ji family imprison and die?

Shen Gong Tianzun's dignified eyes, carefully distinguished, trying to see some clues from these corpses.

Because there are too many corpses here, beyond the dungeons of normal families, and there are many corpses of ten thousand races, as well as birds the size of hills, and bones like giants.

Although the race is not clear, it is definitely not a human race. It can only be hunted on the battlefield of ten thousand races.

This Ji family doesn't directly kill people on the battlefield of ten thousand races, what do they have to bring back to this prison mountain and imprisoned?

It's really just because of certain hobbies of the Ji family.

Or are there some other reasons?

During meditation, Tianzun Shengong frowned and analyzed and distinguished, but in this prison mountain, the aura was extremely obscure and cold, and the power of the fire was constantly eroding, and it was as strong as Tianzun Shengong, and there was no clue.

The group went on.

After a while, everyone had arrived in the depths of this imprisoned place.

When they got here, everyone felt a gloomy breath lingering on their bodies, giving people an extremely uncomfortable feeling, and their souls were trembling.

Ji Tianyao glanced around, his face suddenly changed: "The master of the divine work hall, Old Ancestor Xiao, Ji Ruyue was imprisoned here before, but now the people are gone?"

"People are gone?"

Shen Gong Tianzun coldly drank, murderous intent surged in his body. Ji Tianyao hurriedly said: "Yes, Ji Ruyue is indeed imprisoned here. The strong of my Ji family can testify. Because Ruyue was given the title of saint, she would also dedicate it to Xiao Wujin's Patriarch. Impede, therefore imprisoned

Here, it's just doing something..."

"Could it be that Qin Chen took it away?"

"Yes, that Qin Chen should have broken into Prison Mountain before, and it is very likely that Qin Chen has already taken him away."

On the side, Ji Tianqi and others spoke one after another.

Shen Gong Tianzun coldly yelled: "Impossible. If Qin Chen has found Ji Ruyue and Ji Wuxue, he will definitely come back to me. How can he leave without asking? They must still be here."

Tianzun is sure of God's work. He knows Qin Chen very well. If he finds Ruyue and Wuxue, he will definitely not leave without authorization. After all, Qin Chen knows his cultivation level and knows that he will be fine.

"Ancestor, look, my Ji family's ban has been broken here."

Suddenly, Ji Tianqi came to the depths with a normal face, and even shouted.

"Wow."

A group of people passed by.

I saw somewhere inside, the power of Yinhuo was even greater, but nothing could be seen.

"Boom!"

Shen Gong Tianzun raised his hand, and a terrifying supreme power spread out. Suddenly, a terrible halo appeared in which heaven and earth lingered, and then, a series of cryptic prohibitions spread out.

This restriction is extremely deep, vast, and complex, spreading throughout the entire cage area.

In this place, the restriction obviously broke through a gap, and from that gap, bursts of yin and fire aura spread out.

"This prohibition..." Shengong Tianzun frowned. He is the master of the heavenly work, the pinnacle Tianzun craftsman, and the cultivation level of the prohibition is also the top of the human race. At a glance, he found that the prohibition is complicated, even him This supreme can't see clearly, and suddenly

Surprised.

This prohibition is definitely not arranged by the ancestors of the Ji family today. Perhaps it has a long history and even goes back to ancient times, and it is most likely arranged by the ancestors of the Ji family.

And Xiao Wudao also flashed his eyes. From this restriction, he felt the unique tactics of their ancient clan and the vicissitudes of history.

"This is... arranged by the ancestors of the Ji family. There must be something extremely important from the Ji family in this prison mountain."

Xiao Wudao's eyes flickered, thoughtful. Although the Ji family has been suppressed by him for countless years, the Ji family was not inferior to his Xiao family in the ancient times. It was just a momentary loss in the battle of the ancient world and was defeated by his Xiao family. Nothing more

Suppressed for countless years.

"What's in this restriction?" Shen Gong Tianzun frowned. Ji Tianyao Lian explained: "This prohibition is the core area of my Ji Family Prison Mountain Forbidden Land, and it is also the source of this Yinhuo power. Only the most sinful people will be imprisoned inside. The Yinhuo power is extremely terrifying. , For a long time, even

The strong Tianzun, fearing that they might fall into it, Ji Wuxue...he was imprisoned inside. "Speaking of this, Ji Tianyao is cautious, for fear that it will arouse the anger of Tianzun Shen Gong.
