### [Chapter 4361: Confront the Dark King](#)

The black tentacles quickly came to the front of Xiao Wudao and the others and collided with their bodies.

Bang bang bang!

The banned Xiao Wudao and others suddenly burst into a terrible original aura in their bodies, and they were bombarded out one by one, embarrassed.

What the \*\*\*\* is this?

They were all a little crazy, and they finally appeared in the void outside, and finally thought they had a way out, but as soon as they appeared, they encountered such a powerful enemy.

The terrifying power of darkness instantly penetrated into their bodies, corroding their bodies.

"what!"

Xiao Wujin and others screamed even more, and their bodies began to collapse.

The power of the dark royal family is incredible.

What the \*\*\*\* is this?

This group of people are going crazy.

However, Qin Chen has a large number of strong people, and the sky full of black tentacles attacked. Xiao Wudao, Ji Tianguang and others joined forces to resist the sky full of tentacles back.

Roar!

Void Tianzun roared, his towering body hovered in the sky, and the power of the space surged, making the dark tentacles like sinking into the mud.

"Huh, the trash of the mere dark clan, what power do you have to arrogant in front of Young Master? Give me a shot at him."

Qin Chen yelled sharply. The power of chaos in his body was surging, and he also shot, and the sword light poured down like a vast ocean, and the black tentacles kept backing away.

kill!

Xiao Wudao and Ji Tianguang were planning to find a chance to escape as soon as they came out, but at this moment, after the two of them had a breath, they were all confused.

Damn, here is...

Around, there is endless dark power surging, and the dark scene like the great abyss makes several people feel cold.

Below, is an ancient cemetery, where lonely figures sit together, like ascetics guarding the lonely universe, one by one like a corpse, but there is a terrible sword aura in the body.

Also, there are many bronze coffins here, arranged in a seven-star array, exuding a vast atmosphere.

In such a scene, even the two supreme powerhouses of them, their scalp numb, and they are terrified.

There are too many strong people.

Densely dense, extending into the depths of the endless void, I don't know how many there are, and the weakest is also the Venerable. Who are these people?

Where are they?

However, Qin Chen didn't give them any time to think about it at all, and shouted sharply, "What do you two mean? Do you want to die?"

boom!

There was a loud noise, and then another loud noise, and the Dark King was also furious, and the dark air above the tentacles surged, becoming more and more evil and terrifying, as if to pierce the day.

Because it also knows that if it can't get out of trouble this time, next time, it won't know when it will be, so it must work hard.

"Ancestor!"

Xiao Wujin and others shouted miserably.

They are all powerful heavenly masters, but at this moment, under the aura of the dark king, they are backing up frequently, which is extremely uncomfortable.

Because the power contained in the power of darkness seems to be able to corrode their origin.

However, Xiao Wudao and Ji Tianguang didn't want to fight each other at all, they just wanted to leave here.

"Huh, the great ancestor dragon, the ancestor of the blood river!"

Qin Chen drank low.

"Yes!"

As soon as Qin Chen's voice fell, Honghuang Ancestor Dragon and Blood River Saint Ancestor moved, "Go back."

A series of vast runes appeared in Xiao Wudao and Ji Tianguang.

boom! Xiao Wudao and Ji Tianguang were shocked and retreated. Immediately afterwards, their tentacles instantly wrapped them, trying to draw the power from their bodies.

what!

Xiao Wudao and Ji Tianguang moved suddenly, booming, heavy supreme aura surging out of their bodies.

Although their origins were confined by Shen Gong Zhizun and Qin Chen, at this time, the power in their bodies was naturally dissipated at the critical moment of life and death.

At this moment, they also figured out that the dark tentacles that enveloped them turned out to be the power of the dark royal family.

The dark royal family, the legendary leader of the dark clan, when the demons invaded the heavens and attacked the human race, it was precisely because of the help of the dark clan that they could win the war.

What exactly is this place? Suppress a master of the dark royal family? These powerful men were killed from the sea of cosmos, and their strength was far beyond their ability.

On the other side, Xiao Wujin took the Xiao Family Heavenly Venerable and Void Heavenly Venerable, and under the leadership of Ji Tianyao, kept backing away. "The Great Ancestor Dragon, Blood River Saint Ancestor, you two give the marks of these guys to Sword Ancestor, and you yourself will deal with this dark royal family. This guy is the dark family that invaded our universe back then. Let you see.

"Qin Chen shouted sharply.

"Haha, that's okay, what \*\*\*\* the dark people are, in my waiting universe, if the ancestor was alive, he would have killed him!"

The Honghuang Ancestral Dragon roared, and immediately a series of imprints fell into the body of the sword ancestor below, while he himself turned into a towering dragon figure, slammed directly to the dark race.

The same is true for the Blood River Saint Ancestor, a sea of blood swept like a vast ocean, crashing, and immediately wrapped in the power of the sky and black tentacles.

Bang bang bang!

There is constant power turbulence.

The primordial ancestor dragon and the blood river sacred ancestor suppressed the king of the dark clan for a short time. It is important to know that the Primordial Ancestor Dragon and Blood River Saint Ancestor are both ancient chaotic creatures. In ancient times, they were once the top powerhouses in the universe. Even if the cultivation base has not been fully restored, they are not weaker than the king of the dark race. How much

.

And this king of the dark clan has been suppressed for countless years, and it is not at its peak state, and the two sides are somewhat evenly matched in an instant.

"This dark clan is indeed a bit weird." The Honghuang Ancestral Dragon clashed with each other, roaring, one after another real dragon phantom swept through, and each real dragon faced a tentacle, and every blow shocked the sky.

"This kid..."

Jian Ancestor was shocked, feeling the power of the runes entering his body. It was the life mark of Xiao Wudao and others. With this life mark, his strength could easily control the other party.

But... how did Qin Chen surrender these guys?

The Eternal Sword Master on the side was already dumbfounded.

"good chance."

Seeing that the Primordial Ancestral Dragon and the Saint Ancestor of the Blood River actually blocked the king of the Dark Clan, Qin Chen immediately shouted: "Senior Sword Ancestor, what are you still waiting for? Let these people enter the bronze coffin and replace the seniors of Yeguang. ."

"En? So that's the idea?"

Jian An's heart suddenly moved.

At this moment, he already understood Qin Chen's purpose, which was to suppress these guys in the bronze coffin, burn their lives, and suppress the Dark King. Although these guys are not strong, they are far worse than Taiyin Liuli Supreme.

#### [Chapter 4362: Devour Tianyao](#)

However, there are also two Supreme Powers among these few people, and one of them, although not Supreme, is only one step away from Supreme, and the rest are also Heavenly Powers.

If these people unite, if they are willing to sacrifice their lives in the bronze coffin to suppress the king of the dark race, the effect is probably not much weaker than the remnant soul of Taiyin Liuli Supreme sacrificed himself.

In this way, it is really possible to suppress the opponent to death, and even cause huge damage to the opponent.

However, it is not easy for these guys to enter the bronze coffin to sacrifice their lives. The former Venerable Star Destroyer, Venerable Jiuyu, and Zhuge Rulong, he could suppress each other at will into the bronze coffin and burn his life. That was because they were only human beings, but the weakest of these people in front of them were Tianzun. , Want to make them heart

Sacrificing willingly is not easy.

Jian Ancestor raised his hand, and suddenly, the aura of these people surged towards the shining bronze coffins below to suppress them.

"You... are you the sword ancestor of the Tongtian sword pavilion?" Xiao Wudao and others have already felt the terrifying power of the sword ancestor at this moment, and they changed their colors one by one.

boom!

At the same time, countless bronze coffins below vibrated, and phantom shadows emerged.

It was Venerable Yeguang, Venerable Qingxue Guhua, Venerable Skyfire, Venerable Wanling Demon, and even the phantoms of Venerable Zhuge Rulong, Venerable Star Slayer, and Venerable Jiuyu appeared.

this is.....

As soon as these people appeared, they felt the abnormal changes in this place, and they all showed horror.

However, only ten years later, the aura of several people is much bleak, their souls are damaged, their lives are dissipated, and they are dying.

"Qin...Qin Chen..."

Qingxue Guhua's eyes fell on Qin Chen, and each one was shocked.

Only a few years later, Qin Chen actually appeared again.

"Several seniors, Senior Sword Ancestor will release you later, when you follow my power and enter my world, I will nourish your spirits and let the seniors recover again."

Qin Chen stood proudly in the sky and said in a deep voice.

As his voice fell, Xiao Wudao and the others were constantly suppressed.

"Do not!"

They tried their best to resist and prevent themselves from entering the bronze coffin, because they felt that the bronze coffin contained a terrible aura. As long as they entered, there would be no possibility of escape in this life.

Not only because of the breath of the bronze coffins, but because countless bronze coffins have formed a large array, this large array is used to seal the existence of the dark king in the underground. "Xiao Wudao, everyone, I must never be banned into the bronze coffin. This is a life sacrifice array. Then kid Qin Chen wants me to replace these people. As long as we enter it, we will have to guard this place forever. , Suppress the black below

The dark clan, until the soul flies away, at that time, we will never live beyond life. "

Ji Tianguang is also a top-level formation master, he naturally saw some clues and roared in anger.

what?

Hearing this, Xiao Wudao, Ji Tianyao, Xiao Wujin and others were all frightened, and even Void Tianzun was shocked.

Immortality can't be superborn, this is too cruel.

Looking around, there are plenty of bronze coffins here. How many people were buried here?

They resisted one by one, but under the suppression of Jian Ancestor, they were suppressed little by little, unable to resist.

Jianzu frowned.

These people resisted too fiercely. If the Tianzun-level powerhouses did not voluntarily, even if they were suppressed and entered the bronze coffin, they would not be able to exert enough power.

Qin Chen turned his head and saw this scene as well, and suddenly he was angry.

He flew over and said coldly: "Void Tianzun, do you still want your race to survive?"

Void Tianzun's expression was suffocated. He wanted his own race to survive, but if he were suppressed in the bronze coffin, he would never be able to survive forever. It was definitely not what he wanted.

Qin Chen scanned the crowd with cold eyes, and said coldly: "Everyone, you have seen it, and you probably guessed it too. That's right, this place is the forbidden area of the Tongtian Sword Pavilion, and below this forbidden area, the king of the dark race was suppressed. Back then, All of the Heavenly Sword Pavilion

Many ancestors, in order to protect the heavens, are willing to guard this place with their bodies and suppress the king of the dark race for hundreds of millions of years. "

"Now that the seal is loose, the king of the dark race is about to get out of trouble. This is an opportunity that Ben Shao gives you to redeem your sins. If you don't seize it, when will you wait?"

Qin Chen sneered.

A chance to atone for sin?

"Shit!"

Ji Tianguang roared, "You want me to be your dog and guard the dark abyss for your eternal life." "Don't listen to him, now the Dark King wants to get out of trouble. Without us, he can't suppress it at all. On the other side, once the Dark King gets out of trouble, then I will be free." Ji Tianyao roared, "He dare not kill us, kill us, he will

He couldn't suppress the other party, so even if he trapped me, he could only ask us. "

What a vision Ji Tianyao, who set up such a game back then, was also a hero, and he could see Qin Chen's condition at a glance.

"moron!"

Qin Chen's eyes were cold. Indeed, the purpose of Shengong Supreme's giving them to himself was to let them come to this Sword Burying Abyss forbidden ground to suppress the dark royal family, but where did Ji Tianyao's self-confidence come from, he didn't dare to kill him?

boom!

Qin Chen turned around, no longer attacking the Great Dark Abyss, instead, a mysterious rust sword appeared in his hand. The rust sword bloomed with weird black lights. He snorted and directly penetrated Ji Tianyao.

"Sword Demon, this young man rewarded you, don't you eat?"

Qin Chen said coldly to the mysterious Rust Sword.

Hum! On the mysterious rust sword, a gloomy power suddenly filled out. Jie Jie Jie, quack, a suffocating force instantly enveloping Ji Tianyao. Under the eyes of everyone, you can see that Ji Tianyao is so close to the supreme. of

The strong, the flesh and blood disappeared in an instant, and the soul was also enveloped by this cold and cold atmosphere, swallowed a little bit.

"Do not!"

Under the power of the mysterious Rust Sword, Ji Tianyao, who was suppressed and unable to exert his strength, suddenly let out a scream.

With a touch of unwillingness and despair in his eyes, he roared: "No... why... it's me?"

why!

I don't want to die!

I am the Supreme!

Don't you want to suppress this dark king? Why did I just say a few words and killed me directly? This is not in line with common sense?

boom!

A vast and incomparable supreme source appeared, but at this moment, it was swallowed and broken in an instant, with a click, the source directly split!

Ji Tianyao still has a touch of will, with unwillingness, but was directly swallowed by the cold power in the rust sword!

Did not give the other party any chance!

It's rare to be swallowed by the supreme powerhouse, to make up for it, this kid is showing kindness this time.

"I...not reconciled..." Ji Tianyao's desperate will spread throughout the world, I am not reconciled!

[Chapter 4363: Hope of life](#)

boom!

The last touch of willpower exploded in an instant, and even the soul was swallowed. There was nothing left. It is better to reincarnate, and you can never live forever!

"Who else thinks I'm afraid to kill? I want someone who can't be superborn? Just speak."

Qin Chen looked down with an indifferent expression.

The supreme, who has been in the world for hundreds of millions of years, almost killed his Ji family ancestor Ji Tianguang, this day, he was completely beheaded here, his soul is broken, and he will not enter the cycle!

The Quartet is silent!

Too shocking!

Ji Tianyao...fallen!

Ji Tianyao is dead.

The rabbit is dead and the fox is sad.

Ji Tianyao, who has been fighting with him for immortality from countless years ago, has been leading the Ji family against the Xiao family in the ancient world, and a top-level powerhouse has died like this.

Whether it is Ji Tianguang or Xiao Wudao, they are all chilling.

This kid is a lunatic.

At this moment, Xiao Wudao and the others finally remembered the scene in the ancient world not long ago. They all forgot that Qin Chen is indeed a lunatic. For a woman, he dared to turn the ancient world upside down. Be crazy with him.

Killing everyone is a fart to him.

"Jie Jie Jie, kid, there are still a few guys here who are not weak in cultivation. It's better to let me swallow them."

Hum!

In the mysterious rust sword, a cold black shadow slowly emerged, exuding an amazing aura. As soon as this aura appeared, both Xiao Wudao and Ji Tianguang felt a terrible oppressive power, as if being stared at by some terrifying monster Live like.

That feeling, as if facing the ancestor of the demon clan.

hiss!

There is still such a strong person lurking in this guy? In the ancient world, none of them knew.

What trump card does Qin Chen have? In shock, I saw Qin Chen suddenly slapped the terrifying black shadow, slapped him into the sword, and said coldly, "What nonsense? Remember, you are now under my captivity. What do i say, what do you listen to, what do i let you swallow

, You swallow whatever, I won't let you swallow it, you have to spit it out to me if you swallow it. "

Made! The dark shadow was photographed in the mysterious rust sword, and suddenly an unwilling anger came out. Is this kid looking for death? It's a pity that this voice couldn't be transmitted at all. Everyone could only see Qin Chen directly slap the powerful man who had swallowed Ji Tianyao into the sword.

, Like shooting an ant.

Xiao Wudao, Ji Tianguang and others suddenly had a numb scalp.

Everyone was terrified.

Qin Chen walked out step by step, looked at the Void Tianzun and others below, and scanned the aisle:  
"Who else wants to die now? I don't mind fulfilling him."

"Humph."

"Ben Shao gave you such a good opportunity to make up for your merits and redeem your sins. If you don't seize it, you have to seek death. Why is it so cheap?"

Qin Chen looked disdainful.

"To make up for it? To pay for the sin? What do you mean?"

Void Tianzun said solemnly.

Qin Chen said coldly: "Everyone has seen what the situation here is like. Let's not hide it from everyone, this young man, I do have the idea of letting you guard this place."

"However, this is not for me, nor for the work of heaven, but for the heaven and for my human race."

"As long as you can stay here and guard this place for my human race for ten thousand years, this young man can guarantee that after ten thousand years, as long as you can be a good person, this young man can give you a free body."

"Let you be free again."

As soon as this remark came out, the audience was shocked.

"You... are you telling the truth?"

Xiao Wudao and Ji Tianguang both shocked.

"Hmph, it's true naturally, is it necessary for Ben Shao to lie to you?"

Qin Chen stood proudly in the sky. "Ben Shao came to the heavens in less than a hundred years. From an ordinary sage, he is now a half-step heavenly figure, ten thousand years? Huh, let alone ten thousand years, thousand years, or even a hundred years, this young man may be the king of darkness. Kill, by then, if you are good

Be obedient, what can you do if you leave it alone? After all, you all have some strengths, and they can be used to make some contributions to our human race. "

Qin Chen said with a sneer.

"This....."

Xiao Wudao, Ji Tianguang and others were all moved and excited.

Ten thousand years, regain freedom.

If it is true, it may not be impossible to try.

The reason why they rebelled frantically was because they knew that they were going to die, so who was willing to catch it? But if there is hope of living, who wants to die.

"Don't mother-in-law, enter the bronze coffin if you like, and suppress the dark race, if you don't, just shoot directly. This young master just lacks some supreme origins, and doesn't mind drawing your power to nourish others."

"Then... why can we believe you?"

Xiao Wudao said.

What if Qin Chen is just slanderous?

"Do you have a choice?" Qin Chen sneered, "Furthermore, is it necessary for this young man to deceive you? Do what you like, or die if you don't, don't talk nonsense, and enter the bronze coffin."

boom!

Qin Chen urged a terrifying aura, and the mysterious rust sword in his hand shone coldly. As long as they said nothing, he would immediately slash his hand.

Upon seeing this, Xiao Wudao and Ji Tianguang showed hesitation on their faces.

Void Tianzun gritted his teeth and said: "If I do this, ten thousand years later, I will regain my freedom, and the rest of my space ancient beast clan..."

"Other people belong to other people, that is the matter of the supreme divine work, I can't control it, I can guarantee it is your freedom. However, if you are obedient, I can intercede to the supreme divine work for you." Qin Chen Coldly.

These guys are really long-winded.

"Hurry in, Young Master Ben has no patience anymore."

Qin Chen moved forward step by step, his eyes cold, because he felt that the Honghuang Zulong and the others were almost unable to hold on.

After all, the ancestral dragons and their bodies have not yet fully condensed, and their cultivation bases have not been fully restored.

"Okay, I believe you."

Void Tianzun gritted his teeth, swish, and flew straight down.

Xiao Wudao and Ji Tianguang looked at each other and said, "We will believe you too."

Swish, fly down one by one.

If Qin Chen spoke well, they might not believe it, but Qin Chen's current attitude made them determined instead.

Anyway, it's all dead, one has a way to survive, and the other doesn't. Why not try?

"Open the coffin and let them get away."

Xiao Wudao drinks coldly.

"Senior Jianzu, open the coffin."

Qin Chen yelled sharply.

Jianzu lied to urge the bronze coffin, and suddenly the lid of the coffin opened, banging banging, and several people from Qingxue Guhua flew out from it.

next moment.

Several people from Xiao Wudao chose several coffins to enter.

Several of them chose the coffin of Zhuge Rulong.

Qin Chen frowned and said, "Choose another coffin. These guys belong to the Star God Palace and Dayu Mountain. Even the Star Lord and Dayu Mountain Lord are dead. What are these guys still doing?"

Those people were stunned. These guys actually belonged to the Star God Palace and Dayu Mountain. No wonder the Star Lord and Dayu Mountain Lord were so hostile to Qin Chen.

"Qin Chen, don't forget your promise."

boom! Several people entered the bronze coffin, and within a short time, the entire forbidden area erupted with a shocking roar, and the terrifying force of suppression quickly spread.

[Chapter 4364: Men can't say no](#)

Boom boom boom!

As soon as Xiao Wudao and several people entered the bronze coffin, the bronze coffin glowed, and runes bloomed out, engraving the power of the avenue and the reincarnation of the Sanskrit avenue.

Rumble!

Numerous runes, blooming divine rainbows, evolving the color of gold, overbearing, the sky full of \*\*\*\* patterns instantly turned into chains, bursting out, and swiftly suppressing the king of the dark clan.

This breath is too amazing, the golden chains are pierced through, and on each chain, there are Dao runes, which contain the power of the Dao, which turns into the rules of the Dao.

Wow!

The chain surged, enveloping the king of the dark clan in an instant, and the power of the vast avenue bloomed with colorful glow, suppressing the king of the dark clan little by little.

"Do not!"

The king of the dark clan sneered coldly, how would he be willing to be suppressed, if he was suppressed, then this time, he might be suppressed for countless years. He also felt the strength of Xiao Wudao and theirs. The supreme-level powerhouses were already the top figures in this universe. Although he was fearless in his heyday, he could easily suppress them. But now, after all, he has been suppressed for countless years, Xiu

Because it was less than one or two of that year, it was impossible to show how much.

The bronze coffins glowed all together and turned into eyes.

"Qin Chen, don't forget your promise."

In the coffin, Xiao Wudao and the others roared, sacrificed their lives, sitting here, using their bodies as the front to fill the vacancy in the coffin, forming a terrifying array.

"Ah, let us out."

"Qin Chen, let me wait out, I will never dare to be your enemy again after waiting."

"Please, let us go, I'm just a person who respects the martial artist, and these seniors suppressed it, it is no longer necessary for me to wait."

Venerable Xingxing, Venerable Zhuge Rulong, and Venerable Jiuyu all begged for mercy in horror.

They have been suppressed here for ten years, and they have suffered tremendously. Everyone suffers every day, and life is worse than death.

Moreover, they had also heard an astonishing news before, that is, the star master and mountain master of their Star God Palace and Dayu Shenshan had all fallen, and it was still related to Qin Chen.

If someone else told the news, they would naturally not believe it, but the many masters Qin Chen released now were all heavenly figures and even supreme-level powerhouses.

This is a strong man far above their star master and mountain master, and one of them seems to be a strong man in the Xiao family of the ancient world, how can he speak nonsense.

At this moment, Venerable Star Destroyer was desperate. As long as they got out of trouble, they would no longer dare to be an enemy of Qin Chen, shouting for mercy.

"Well, this reminds me, you guys, it's really useless..." Qin Chen nodded with his chin.

With the few ordinary people like Xiao Wudao and Zhuge Rulong, and those who have consumed a lot of origin in these ten years, they really don't have much effect.

"Yes, yes, we are no longer useful, there are seniors and strong people here, it is a waste to stay here with my cultivation base, it is better to let me go out, I am willing to serve you Qin Chen."

"Yes, Qin Chen, no, little dust, no no no, Lord Chen, as long as you let me go out, I am willing to saddle up for you and be your servant." Venerable Xingxing flattered.

"I am like a dragon, and I have some accomplishments in destiny. As long as there is less dust, you can let me out, and I am willing to be your dog and fortunetelling for you."

Zhuce Rulong three people, one is lower than the other, and the other is more flattering.

Qin Chen sneered: "Being my dog? Who do you think you are? How is my Qin Chen's dog so good?"

"Senior Sword Ancestor, let's do it, and directly wipe out a few of them, just as it can be used as the nourishment of this big formation." Qin Chen said indifferently.

Let them out?

What a joke, the waste can be reused. Although these guys have little effect, they have obliterated them. The avenues, rules, and origins of the whole body can also be repaired.

After the words fell, Jian Ancestor's eyes condensed. Indeed, today's Great Formation is a bit damaged. If a few venerables can be sacrificed completely, no matter how strong or weak the source is, the great formation can at least be repaired.

For the large array that has been in operation for hundreds of millions of years, this thread is already very important.

Immediately, Jianzu urged the great formation.

Puff puff!

The bronze coffin glowed like a grinding disc, and began to vibrate, grinding the Zhuge like a dragon into the source.

"Do not!"

Venerable Star Destroyer screamed in pain, and watched their bodies turn into powder and origin, and then entered into every corner of the big formation. This scene was too scary and too scary.

Treating people as fertilizer and watering the big array is something that a demon can do.

However, Jianzu did it casually.

what is this?

In ancient times, the demons invaded, the heavens were full of large arrays, the creatures were smeared, blood flowed into rivers, and more than one or two races were destroyed.

He is the Heavenly Sword Pavilion, how many strong people come out to fight for the human race? There were countless dead and wounded, and that scene was a thousand times more terrifying than today, ten thousand times.

He didn't even frown, what is this now?

puff!

The Venerable Star Destroyer smashed together, completely dispelled by the screams.

"Senior Jianzu, join forces to suppress this dark race, don't let him run out."

Seeing the great formation gradually stabilized, Qin Chen relaxed his mind and raised his hand. Suddenly, Venerable Skyfire was instantly taken into the chaotic world by him, and they were nourished by the chaotic origin.

Immediately afterwards, Qin Chen directly killed the dark clan. "Honghuang Ancestral Dragon, Blood River Saint Ancestor, didn't you two have a meal? That's not enough? Still claiming to be the best among the chaos gods and demons in the ancient era? Now it seems that it is very ordinary? Can you dignified true dragon ancestor? Huh?" Qin Chen flew over

, Spit out.

"Fuck, what do you know, brat? My ancestor, I have never fully recovered from my physical body. If my ancestor was in his heyday, I would suppress such waste in minutes."

Honghuang Ancestor Dragon was anxious and furious, and said angrily: "Well, my ancestor will let you see, my confidence in the universe back then."

Qin Chen said he could do everything, but he couldn't say he couldn't.

It's a male dragon, how can it be said to be bad?

"boom!"

The void exploded, chaos pierced through the sky, and the wild ancestor dragon roared. In the body, the real dragon gas surged, and countless dragon shadows appeared instantly.

These dragons, even if only one appeared, were enough to disturb the world and turmoil the world.

Now the innocent real dragons emerged, instantly transforming into a great array of real dragons. Each real dragon was cast like divine gold, with powerful and powerful bodies shining brightly, and the chaotic aura blooming around them, which was really shocking.

On the other side, the Blood River Saint Ancestor also roared.

Roar! The \*\*\*\* shadow topped the sky, as if it could prop up the heaven and the earth, penetrate through the 33rd heaven, shock people's soul, heavy blood, turned into a vast ocean, and suppressed instantly.

#### [Chapter 4365: Lunatic act](#)

The sky full of dragon shadows floats and sinks on the sea of blood, forming an astonishing picture of a real dragon making trouble in the sea.

The sky and the earth are shaking, centered on two chaotic creatures, where Dao patterns arise and die, and order is intertwined. Every inch of space carries billions of avenues, converging into the cracks, and suppressed.

Puff puff!

I saw the tentacles composed of dark energy, instantly disintegrating and continuously breaking.

The dark breath continued to escape.

"Kid Qin Chen, how is it?"

Honghuang Ancestral Dragon roared and said, with murderous aura and full combat power.

"Well, it's okay, barely, not bad!" Qin Chen nodded and commented.

puff! Hong Huang Zulong almost vomited blood, damn, he's pretty ordinary, what is strong?

However, the great ancestor dragon also felt at this moment that the king of the dark clan was indeed terrifying, especially its dark power, which could hardly be obliterated, and it contained a power that was familiar to them and extremely terrifying.

Is it the power of detachment?

Hong Huang Zulong and Blood River Saint Ancestor are both heartbeats.

Because they have roughly felt it, the foreign race that can make them feel a little shocked and break into this universe, the ordinary dark race is okay, and the king of the dark race, maybe it is a transcendent power?

However, because the opponent came from the universe, the Primordial Ancestor Dragon and Blood River Saint Ancestor did not fully understand for the time being, whether this special force was a force of detachment or a special force unique to this dark race.

If the two of them are in their heyday, they can also study it, maybe they can master something, and it may not necessarily be a state of detachment.

After all, in ancient times, chaos was powerful. Although their chaos gods and demons were the highest and only peak supreme, their peak supreme was far more powerful than the peak supreme of this era.

It can be said that in their heyday, they were the powerhouses closest to the realm of detachment among the pinnacle supreme.

"Get off!"

The two chaotic powerhouses roared, and the huge chaotic power suppressed them, pressing the dark power like a black ocean into the crack.

boom!

The boundless darkness is boiling, and the power is pouring out, and the king of darkness is still struggling.

When Qin Chen saw it, his face changed drastically.

"Honghuang Ancestral Dragon, Blood River Saint Ancestor, stop, you two take a moment."

While talking, Qin Chen came down quickly.

This.....

how?

Everyone was startled.

Sword Ancestor and Eternal Sword Master were also stunned.

What's wrong with Qin Chen?

The king who suppresses the dark clan still wants to shout?

Did they hear me right?

I saw Qin Chen come to the sky above the crack in an instant, raised his hand, booming in the void, black branches and leaves flew out instantly, like tentacles.

It is the Devil Tree of Ten Thousand Realms.

How could Qin Chen waste such a good opportunity.

Back then, Qin Chen had absorbed the blood of the Dark King to obtain many benefits. Now that the King of the Dark Clan is once again out of trouble, isn't it just the perfect opportunity for Qin Chen to absorb the power of darkness?

If you don't seize the opportunity at this time, when will you have to?

"Lord of Abyss Demon, come out to work."

As soon as Qin Chen raised his hand, the Lord of Yuanmo suddenly appeared and saluted Qin Chen respectfully, "Master."

Hum!

He exuded the power of the abyss, and then the whole person united with the Demon Tree of the Ten Thousand Realms, and began to arrange a large formation to absorb the dark sea below.

Wow!

A wave of dark power was instantly swallowed by the Demon Tree of the Ten Thousand Realms.

"This....."

Jian Zu was dumbfounded, and Qin Chen was too... unscrupulous.

hiss!

He still remembered that ten years ago, under the blood of the Dark King, Qin Chen almost lost his soul and walked six reincarnation sword paths before reuniting his physical body.

But ten years later, Qin Chen's control of the power of darkness has reached an astonishing level. Coupled with the improvement of his cultivation level, he has swallowed up the power of the Dark Clan in such a high-sounding manner.

"Xiao Yi and Xiao Huo have also worked."

It is not just Qin Chen who is absorbing it, but even the gas-eater ants and fire-refining insects are released by him. After the Vientiane God Cang has swallowed enough of the source of chaos, the little ants and the little fire have grown to look extremely strange, just like Return to ancestors in general.

As soon as they came out, they bite everywhere, devouring the darkness of the Dark King.

In the end, Qin Chen's figure flashed, sank into the sea of darkness, and began to swallow wildly. He sacrificed the mysterious rust sword, and said coldly: "Sword Demon, you also protect the law for me, Senior Sword Ancestor, don't let the king of the dark clan run away, the Primordial Ancestor Dragon, Blood River Saint Ancestor, you divide the power of darkness, Don't let the dark power around me too much, protect

Hold a certain amount. "

Qin Chen divides the work and lets several top powerhouses work for him.

The Eternal Sword Master looked dumbfounded and completely stupid.

What did he hear?

Qin Chen told Jian Ancestor not to let this dark king escape?

Damn!

They have worked so hard with Jian Ancestor over the years to prevent the King of Darkness from being born. Qin Chen is good when he comes. Otherwise, don't stop it, don't let the other party escape. Is there such an arrogant one?

Don't say he can't stand it, neither can the king of the dark race.

"Boy, I want you to die!"

The king of the dark clan roared, rumbling, and the power of darkness swept over, completely enveloping Qin Chen, and the richness could hardly dissolve.

"It's just right."

Qin Chen sneered, the origin urged to the extreme, whoever refused, the \*\*\*\* emperor totem bloomed, the nine-star \*\*\*\* emperor tactics revolved, and the billowing dark power entered his body like a king ocean and was refined by him.

If Qin Chen was alone, he would naturally not dare to be so arrogant.

But now, there is Xiao Wudao and other supreme powerhouses sitting in the bronze coffin, urging the great formation, there are also the predecessors of the sword ancestors who suppressed the dark king for hundreds of millions of years, presiding over the overall situation, and the magic tree of the ten thousand worlds, the lord of the abyss The power, guard him.

In addition, the two ancient chaos gods and demons of the ancient ancestor dragon and the blood river sacred ancestor, and the strong sword demon among the mysterious rust swords that were hardly weaker than the sword ancestors in the ancient times.

What's more, Qin Chen himself had already stepped into the realm of Heavenly Sovereign for half a step under the power of the origin of the heavens.

With such strength, if he was still afraid of a Dark King who had been suppressed for hundreds of millions of years and whose strength had been weakened by many times, then Qin Chen would just hit him to death.

No matter how much power came from the Dark King, Qin Chen couldn't swallow it.

Hum!

At this moment, Qin Chen's body was faintly filled with the real Tianzun breath.

His cultivation is advancing by leaps and bounds.

Beyond the heavens.

Shen Gong Zhizun suddenly turned his head and looked into the depths of the heavens.

"Qin Chen..."

Divine Worker Supreme smiled, because he vaguely sensed something.

And just now.

Void in the distance.

Suddenly, terrible auras surged, booming, and a strong man with a terrible punishment aura came here.

It is the law enforcement team of the Human Council.

"Supernatural workmanship!" As soon as the leader of the law enforcement team arrived, he said with a cold voice in a cold tone.

### [Chapter 4366: Destroyer Chain](#)

As soon as the strong of the human law enforcement team appeared, the faces of everyone present showed ecstasy.

Finally someone can control the supreme divine work.

The Human Race Law Enforcement Hall represents the majesty of the Human Race Council. Once it is dispatched, it must be a Human Race event. The universe shakes. Even if the Supreme Master is arrogant, he will definitely not dare to challenge the Human Race Council's law enforcement team. Among them, the \*\*\*\* battle Tianzun is even more vicious. Before the Supreme Master of Divine Workers could speak, he couldn't wait to say to the masters of the law enforcement team: "Several adults, here is the Heavenly Master.

. I seriously suspect that he has ulterior motives for the heavens, and hope that several adults can understand the truth and restore peace to my heavens. "

Shen Gong Zhizun glanced at the Heavenly Sovereign of Bloody Battle, hehe and smiled, is he really not afraid of death?

Really think you dare not touch him?

Jump out in such a hurry to find death? In his mind, Shen Gong Zhizun looked at the Human Race Law Enforcement Team with a smile, and said with a smile: "It turned out to be a few members of the Law Enforcement Team, don't come here unscathed, why? You don't patrol in the Terran Territory looking for the guys who destroy the peace of my Human Race , Came to heaven to do

what? "

Shen Gong Zhizun said with a smile, and there was no respect because the opponent was a member of the law enforcement team. "Shen Gong, you are so bold." In the law enforcement team, one of the strong men took a step forward and banged, with an icy breath appearing on his body, and coldly said:

"Shen Gong, I will receive the order from the Human Race Council, you Behave in the ancient world and destroy the ancient Ji family

The Xiao family has seriously violated our human agreement. Now, the Human Race Council has ordered me to wait to bring you back to the Council, and if I don't want to catch you, let us go with us obediently? "

"The supreme workmanship, as a strong human race, you should know that the orders of the human race council cannot be violated, and you still want to leave with me?"

Wow!

Several law enforcement team masters took a step forward, each body was cold and majestic, and dark chains appeared in their hands one after another. Above these chains, an extremely cold aura exuded.

"God Destruction Chain!"

Seeing this black chain, all the masters present changed color.

Destroying the God Chain, the Human Race Council has specially researched a treasure to lock the human race powerhouse. Once trapped by this chain, even the supreme powerhouse cannot easily escape.

This is also the reason why the law enforcement team is walking outside and can represent the Human Race Council. As soon as the Chain of Despair comes out, it is unstoppable.

"God Destruction Chain?" Shen Gong Zhizun squinted at the black chains and laughed.

He is the master of Heavenly Work, and he has reached the top of the refining tool, but this God Destruction Chain is really not made by his daily work. It is made by ancient craftsmen and the top powers of the human race. It is a very special difference. treasure.

The leader of the law enforcement team said coldly: "Since I have recognized the Destroyer Chain, why not leave with me? You are the top powerhouse of my human race. If you are willing to follow me to the Human Race Council, I can't wait. "

In the face of a supreme, they are not willing to do it easily, and those who can use text will definitely not use martial arts.

Divine Worker Supreme smiled and said: "What if I say no?"

The strong man frowned: "Do you really want to defy the Human Race Council?"

"Haha, just you? Also worthy to represent the Human Race Council?" The Supreme Master suddenly laughed.

"you....."

A group of law enforcement team masters suddenly changed color, their bodies surged, and cold light burst into their eyes.

Shen Gong Xing Zun is too arrogant, this posture simply did not put them in the law enforcement team's eyes.

How can you not be angry in your heart?

"The Supreme Master, do you have to fight against the Human Race Council?" The leader shouted, blasting, murderously.

The powerhouses of the other forces around them also looked weird and surprised.

The supreme divine work is so arrogant, he doesn't even follow the orders of the Human Race Council? Shen Gong Zhizun smiled and said lightly: "Who said that this seat is going to fight against the Human Race Council? The Human Race Council, this seat will naturally go. This seat has just broken through the Supreme, and has not had time to award honors in the past. I'm going to the Human Race Council,

Take the title of a member of Parliament and experience the feeling of the future of the human race. "

A group of people were dumbfounded.

What?

What does the Supreme Master say?

Isn't he hard of ears? People's law enforcement team clearly said that because Shengong Supreme was acting in the ancient world, he had to go to the Human Race Council to accept sanctions. When it came to Shengong Supreme's mouth, it actually went to the Human Race Council to accept the title of member.

This... there are too many brain supplements.

The \*\*\*\* battle Tianzun finally couldn't help himself, stepped forward, banged, and raged, and said furiously: "The supreme workman, you are also the senior of my human race, so mad and innocent, what qualifications do you have to serve as my human councillor." My lord, please take a shot and grab this dog. I suspected that this person was in the heaven and had other conspiracies, so I deliberately prevented me from entering, because I had felt that there seemed to be a dark atmosphere in the heaven. Linger out,

There must be something serious inside. "

Bloody Battle Tianzun hurriedly bowed his hands to the master of the law enforcement team.

"Boy, are you looking for death?" Shengong Supreme's eyes were cold, and his face finally sank. Boom, he raised his hand, and a terrible Supreme Power lingered out in an instant, wrapping it towards the Bloody Battle Tianzun.

The face of Xuezhao Tianzun changed drastically, and a terrifying force of blood suddenly burst out of his body.

He saw the Supreme Master of God snorting coldly, the power of the Supreme flashed by, and with a bang, it easily smashed the power of the Heavenly Bloody Battle, and grabbed the Heavenly Bloody Battle by the neck.

The dignified Tianzun powerhouse is like a chicken, imprisoned in the air by the Supreme Master of God.

"Insult to the Supreme Human Race, knowing whether to live or die."

Shen Gong Zhizun's eyes froze, and a terrifying murderous intent suddenly enveloped the Bloody Battle Tianzun.

puff!

Xie Zhan Tianzun's eyes widened in horror, blood suddenly shot out from his body, and he let out a miserable scream, and his body was rapidly eroding.

In this scene, the scalp numb of the Tianzuns who were watching from other forces on the scene, a chill rushed directly from the soles of their feet to the top of their heads, and goose bumps all came out.

Under the gaze of everyone's eyes, the Supreme Master of Divine Workers actually directly obliterated the body of the Tianzun Tianyuanjiao. Such a brutal method was unheard of and unseen.

Is this supreme divine work really not afraid of sanctions?

"Supernatural workmanship, stop!"

When the strong man of the law enforcement team met, his expression changed drastically. The leader's eyes were cold, and he suddenly shouted, "Do it!"

Wow!

The sky full of black chains with a weird aura burst out in an instant, and suddenly twisted towards the Supreme Master of God.

These chains pierced through the air, exuding a breath of horror. Wherever they went, the space was quickly imprisoned, as if it became a dead silence, unable to mobilize any cosmic energy. Numerous chains directly envelop the Supreme Master of God, tightening constantly.

[Chapter 4367: Kicked by a donkey](#)

Shen Gong Zhizun laughed, facing the many chains, suddenly punched out.

boom!

Hard anti-chain.

With this punch, the world moved, and the eternal silence, as if an extremely huge fist appeared in the world, the fist was so big and mighty that it rushed out.

However, when this fist blasted out, the power of this square of heaven and earth was suddenly imprisoned, and the supreme power on the palm of the supreme divine workman seemed to be infinitely suppressed.

On the black chain, black runes flashed, and the power of the runes flashed, pulling away all the rules between the world and the earth.

Many people around them changed their colors when they saw it. Is this the chain of destruction of the law enforcement team?

It's too tough.

Extracting the rules and taking away the source is tantamount to exile one side of the world, so that even the strongest people can't exert their true strength. How abnormal?

Cang Dang! I saw Shengong Supreme's fist banging on the sky full of chains, constantly making ear-sounding roars, some chains were blasted by Shengong Supreme, but the black light flashed in the void, and there were still a few chains emerging from the void. , Directly wound up

Respect.

"roll!"

Shen Gong Zhizun spit out softly. He who had been sitting there for a long time finally moved. He stood up, dodged suddenly, escaped from the chains, and then kicked out.

boom!

The chains were kicked out by him, but after the chains were kicked, they immediately continued to entangle around like a snake, forcing the Supreme Master to retreat again and again.

A supreme, under these chains, as if unable to parry at all, can only evade constantly.

In the distance, the strong men took in air-conditioning after seeing this scene.

Although they were prepared, they were still shocked when they saw this scene with their own eyes.

Shengong Zhizun is the real supreme strong, and although the people of the law enforcement team are tough, except for the leader who is close to the half-step supreme, the others are all late-stage Tianzun strong.

Such a character is the top master among the major forces of the human race, but if it is in front of the supreme, it is not enough.

But now, several of them rely on the Destroyer Chain, and actually trapped the Supreme Master, how can such a method not shock people?

"The supernatural workmanship is supreme, and you will be obedient to catch it, otherwise you will not blame me for waiting."

The strong man in the law enforcement team was murderous while taking action.

The law enforcement team enforces the law of the Human Race Council, who dares to rebel?

Supreme is not good either.

"Hehe, do you think you are determined to win?"

Shen Gong Zhizun sneered, shaking his body, suddenly shot, pointed forward, and shouted: "Ning!"

boom!

In the distant void, there was a tremor, and countless runes appeared, evolving into pieces of light of the array, and many runes instantly turned into a vast array of patterns and swept out.

"Point your finger in an array."

Many people opened their eyes wide and breathed in air.

The formation formed by these many runes is extremely terrifying, at least it is also the peak Tianzun-level formation, and even faintly carries the supreme aura.

If Divine Work Supreme worked hard to make arrangements, everyone would not realize it. After all, Divine Work Supreme's status and status were there, but he just pointed it out at will, that would be an exaggeration.

You can easily create a peak Tianzun-level formation, no wonder the Xiao Family of the Ancient Realm has fallen in the hands of Shengong Supreme.

Is the refiner breaking through the supreme all so perverted?

In the shock of everyone, they saw the vast array, making a squeaking sound, and the golden light was shining, instantly trapping the black chains in the large array, unable to move.

Moreover, the golden runes in that formation are constantly entwined with the black god-destroying chain, which must penetrate in and merge with the runes in the god-destroying chain to control the god-destroying chain.

"Huh?" The law enforcement team changed color.

Because they felt their chain of destruction of the gods, it seemed that they were being invaded by some power.

Secretly startled, but his gaze remained unchanged, the leader yelled: "Finalize, unblock!"

boom!

Above the black chains, a terrible aura suddenly bloomed. Under this aura, the god-destroying chain broke free from its shackles, once again transformed into a spirit snake, and wandered away, several of which flew toward the heavy golden array. Slapped away.

Klang Klang Klang...

The huge arrays of seats were constantly exploded like fragile glass, and all the golden arrays were swept away in an instant, eliminating the void.

"Awesome!" Shengong supreme applauded, his expression admiring.

"Get it with your hands." The leader of the law enforcement team roared, their hands condensed the tactics, and suddenly they clicked on the black chain, and the sky over the chain formed a net like a galaxy chain, completely sealing the void where the Supreme Master of God was located.

Each chain skyrocketed rapidly and wandered continuously. This scene is too horrible. The sky full of chains turned into a large dark array, and the powerful force swept down, as if to crush the world, it was terrifying. !

"Hahaha, good time."

The Supreme Master of God Workers laughed and rose to the sky, trying to avoid these chains, but there were too many of these chains, and there were one after the other, densely packed, as if they were endless.

Shen Gong Zhizun is like a fly trapped in a glass room, no matter how it is left and right, it cannot rush out of the blockade.

Other strong people in the distance were shocked.

This is a supreme powerhouse. Under the law enforcement team's God Destruction Chain, they are all tied up. The law enforcement team of the Human Race Council is indeed not in vain.

"Wow!"

When everyone was shocked, they saw the chains directly entwined with the Supreme Master of God, hum, and the black runes on the chains glowed, and the Supreme Master of God was completely bound.

It's over.

The Supreme Master of God was trapped.

The people of the law enforcement team have cold eyes and have to look for death. Who is to blame?

Shame on the face, what about the supreme, is it still captured?

While sneering, Shen Gong Zhizun suddenly laughed.

"Interesting, it turns out that this chain of God Destruction uses this technique."

Hum!

The Supreme Master Shen Gong suddenly shined light, a trace of special power lingered away, and the whole person broke away from the shackles of the God Destruction Chain in an instant, and rushed out.

what?

The members of the law enforcement team were stunned.

The Supreme Master of God's work has been restrained, and can he break free?

"go with!"

They gritted their teeth and screamed, and the chains burst out again.

"Hahaha, come over to me!" Shen Gong Xia laughed, his hands lighted up, and in his palms, there seemed to be many runes flashing, and he grabbed these chains in his hand. Those chains seemed to be pinched. The seven-inch poisonous snake, constantly struggling, but unable to break free from the supreme divine work

Of bondage.

How can it be?

The strong from the law enforcement team exclaimed, and the other strong around were also dumbfounded. "Hmph, this chain of extinguishing gods, it was my craftsman who led the refining back then. Although there are other top powers to help, the core refining is my craftsman. The treasures made by the craftsman are used to lock the heirs of my craftsman. Your brains are kicked by donkeys ? "Shengong Supreme shook the chain, bang bang bang, bang bang bang, a strong law enforcement team was shocked to fly out, vomiting blood, his face pale.

#### [Chapter 4368: Abyssal Demon Breakthrough](#)

Everyone on the law enforcement team looked at Shen Gong Xun in anger, while everyone else around was dumbfounded.

The law enforcement team's supreme chain of extinguishing gods was broken by the supreme master of work?

Incredible.

Shen Gong Zhi Zun deserves to be the Lord of Heavenly Work. It is terrible. For countless years, the Human Race Council's law enforcement team has traveled, how many strong people have resisted, and many of them are Supreme Masters.

But as soon as the God Destruction Chain came out, almost no one could withstand the blockade of this thing, but now, the Supreme Master of Divine Work had blocked it, and the Deity Destruction Chain was truly controlled, enough to shock everyone.

Especially in the minds of many masters in the law enforcement team, there are even more mixed flavors, which is indescribable.

The Destroying Chain had no effect, and their strongest method disappeared.

"Go away, I will go to the Human Race Council when I turn around, but now I forgive me for not being able to move forward."

Shen Gong Zhizun sat down directly after speaking, but no one dared to step forward anymore.

"What...what do we do?" A law enforcement team member said pale.

Without the special power of the Destroyer Chain, they are just like the ants in front of the powerhouse, the Supreme Master of God.

"Ma sent the message to the ancestor god, I don't believe in this supernatural work supreme, a newly promoted supreme, dare to oppose the entire Human Race Council." The law enforcement team said with gritted teeth.

Shengong Zhizun turned his head and looked into the heavens. He could already feel that the dark power was slowly disappearing. Obviously, Qin Chen had suppressed the dark kings in the Forbidden Land of Tongtian Sword Pavilion.

"Qin Chen, I will wipe your \*\*\*\* here, don't drop the chain on your side."

Divine Work Supreme murmured.

In the burial sword abyss, the power of billowing darkness surged.

boom!

The power of the king of the dark clan was madly suppressed, and the power in Qin Chen's body was madly increasing.

The Lord of the Ten Thousand Realm Demon Tree and the Abyssal Demon were frantically devouring the power of the Dark Clan, blending it into their body, and strengthening their aura.

Hum!

There was even a supreme aura permeating the Lord of the Abyss.

Supreme?

Qin Chen looked at the Lord of the Abyss, he did not expect that the Lord of the Abyss was going to break through to the Supreme?

Even faster than breaking through Tianzun himself.

But think about it, when the Lord of Abyss Demon entered the lower plane Tianwu Continent, he was already a powerhouse of the pinnacle of heaven, and was suppressed for countless years. Although the body collapsed, its soul has actually been growing. The Lord of the Deep Demon has not been wiped out for countless years, and his soul will indeed be weak, but his soul origin is constantly strengthening, especially the power of the sea of thunder. Although the suppression of him is extremely painful, it has also given him a lot of inspiration and Sentiment, soul

The origin is constantly baptized under the power of thunder, and naturally there will be many improvements.

Now, the Lord of Abyss Demon came out of trouble. In fact, his perception of the realm had reached an extremely terrifying state, and it was not difficult to step into the supreme. It's just that because he has always been in the state of soul, although he has swallowed the bodies of several demon veterans, he has never returned to the peak of the previous life, so he can't break through. But now after consuming the power of the dark king, even the flesh

He hasn't fully recovered, but the supreme power still escapes from his soul aura.

Rumble!

In this burial sword abyss, the rolling force surged, and the heavens and heavens were shaking.

Boom!

I saw the surging origin of the heavenly path above the heavens, and the Lord of the Abyss, as the demon clan, was secretly fusing the power of darkness. If the heavenly path couldn't perceive it, he would naturally ignore it.

But now, he actually wants to break through the supreme realm in his celestial realm. How can this be allowed? Suddenly, the power of the roaring heavens is surging, and it needs to be suppressed and blasted down.

"What the \*\*\*\* is that kid Qin Chen doing? How does this breath feel like the origin of the heavens has realized the feeling that a different kind of power will destroy it?"

Shen Gong Zhizun frowned, wondering in his heart. In the Abyss of Burial Sword, Jian Ancestor was also shocked, and said: "Kid Qin Chen, this demon clan under your command is about to break through the supreme realm. You can't let him break through. Otherwise, once he breaks through the supreme, it will definitely cause the attention of the heaven and the heaven. Time, the origin of heaven

It will cause huge damage to the forbidden area. "

Jianzu hurriedly yelled, looking anxious.

Qin Chen looked at the Lord of Yuanmo, frowning slightly.

The Lord of the Abyss has been planted by him, and his soul has been thoroughly penetrated by him. Once he breaks through, then he will truly have a supreme powerhouse under his command.

Moreover, this supreme is the supreme of the demon race. Although the supreme of the demon race cannot appear in the human race, once it enters the demon world, it has an incomparable effect.

In an instant, Qin Chen thought of a lot in his mind.

Let the Lord of Abyss Demon break through, the advantages outweigh the disadvantages.

No matter what, Qin Chen will definitely enter the Demon Realm. As long as the Lord of Abyss Demon can break through the Supreme, the arrangement in the Demon Realm will be more secure.

Thinking of this, Qin Chen's eyes flashed, and he shouted: "Senior Sword Ancestor, you come to shield the perception of the origin of the heavenly realm and let the Lord of Yuanmo break through."

Jian Zulian anxiously said: "Impossible, no matter how I shield it, if the Lord of Abyss Demon breaks through the Supreme in the heavens, he will definitely be perceived by the heavens."

"Don't worry, I have my own way."

Qin Chen's body was surging, his eyes burst into the rainbow, booming, at this moment, his original aura rose to the sky, swept into the heavenly power in the sky.

Hum!

Qin Chen's power is once again linked to the origin of the heavens, but this time, without the restoration of the origin of the universe, the link between Qin Chen and the origin of the heavens is not deep, but this is enough.

"The origin of the heavens, this person is my slave, and my servant is your servant. If the servant is strong, the master will naturally be strong. Although he has the power of a foreign race, he will strengthen the origin of you and me."

Qin Chen continuously released a series of messages, flooding into the origin of the heavens.

Under the interference of Qin Chen's original source, the terrible thunder tribulation rule punishment aura in the sky began to slowly weaken, as if the hostility to the Lord of the Abyss had become less profound.

"Senior Sword Ancestor, don't make a move yet? Lord of Abyss Demon, quickly break through." Qin Chen said to Sword Ancestor while shouting to Lord of Abyss Demon.

"Thank you, Master."

The Lord of the Abyss said respectfully, and the way of the Abyss was instantly displayed by him, rumbling and frantically devouring the power of the dark royal family below, and the power of darkness poured into his body.

"That's okay?" Jianzu was dumbfounded. He clearly felt that the hostility of the Heavenly Origin to the Lord of the Abyss had disappeared a lot in an instant, and immediately urged the big formation to block the forbidden area.

boom!

The Lord of the Abyss came in suspension, and countless dark powers condensed. Under the blessing of the Demon Tree of the Ten Thousand Realms, his breath continued to surge and boom. Finally, his soul suddenly seemed to have been transformed, and he entered a brand new Realm. At this moment, the soul of the Lord of the Abyss exudes an aura of suppression of eternity.

#### [Chapter 4369: Breakthrough Tianzun](#)

Supreme.

His soul has completely entered the realm of supreme.

"Mad, the kid of the Demon Race, it's really lucky that he actually took this opportunity to break through the supreme, the two of us have all become part-time jobs."

Hong Huang Zulong and Blood River Saint Ancestor cursed, feeling depressed in their hearts.

Hitting workers, working spirit!

Dignified ancient gods and demons, how sad to be a part-time worker? The two worked hard to suppress the dark royal family, but they all gained the advantage of the Lord of Abyss Demon.

They are depressed, and even more depressed is the Dark King.

Roar!

In the ground, there seemed to be horrible dark monsters surging, and the Dark King was completely angry.

What does this guy think of himself?

Boom boom boom!

The terrible dark atmosphere rioted, and he struggled frantically, but no matter how he critically strikes, he could not cause any harm to Qin Chen and others outside, and he was about to vomit blood in an aggrieved state.

He is the ancient dark king, let alone in this universe, he is not weak in the universe, he is so bullied today.

Angry!

The power of the sky was surging, but was suppressed by the Lord of Abyss Demon.

"Supreme?"

Qin Chen looked at the Lord of the Abyss, excited, and under his command, is there a supreme power?

Only after carefully looking at it, his gaze was slightly condensed, because although the soul of the Lord of the Abyss exuded an aura that suppressed the eternity, his physical body never broke through with it, and it still felt like the pinnacle of heaven.

Moreover, the heavens and ways of the heavens began to condense once again, after the soul of the Lord of the Abyss broke through the supreme, even Qin Chen could not comfort the origin of the heavens.

How is this going? At this moment, Jian Ancestor also looked over and said in a condensed voice: "Qin Chen, although this person has broken through to the supreme realm through the power of the dark royal family, he cannot absorb enough devil energy in my closed abyss of the funeral sword. So his physical body can only

Retaining in the realm of the pinnacle Tianzun, if you want to break through, you must absorb enough magic energy. "

"Devil energy? Is it feasible for him to absorb the power of the Ten Thousand Realms Demon Tree?" Qin Chen frowned.

Breaking halfway through, half-hearted, what is it? "I'm afraid it won't work." Jian Ancestor shook his head, "Your Demon Tree of Ten Thousand Worlds is not in its peak state. If it is swallowed by him, it may not necessarily be impossible, but even if this person can really break through the Supreme, your Demon Tree of Ten Thousand Worlds will be completely abandoned. , Exhaustion of power, complete death

."

"Furthermore, even if the world is repaired today, it can't contain the supreme power after all. Even if my Tongtian sword pavilion forbidden ground can block enough power, but his physical body breaks through the supreme, it will inevitably lead to riots in the heavens, and even cause the heavens to break again."

Sword Ancestor is the old supreme, and has the forbidden atmosphere of the Tongtian Sword Pavilion, so in this celestial realm, it will not interfere with the origin of the celestial realm, causing turbulence in the celestial realm.

But the Lord of Abyss Demon couldn't. If his physical body really stepped into the supreme, the resulting power would dissipate, and the heavens that had just been repaired would be turbulent and even broken again.

Two reasons eventually led to the Lord of Abyss Demon but never completely stepped into the Supreme Realm.

Qin Chen's face was ugly.

The Ten Thousand World Demon Tree is still extremely important, and naturally cannot be absorbed by the Lord of Abyss Demon.

As for the heavens, not to mention.

"No matter, half a step is supreme, that's fine."

Qin Chen sighed.

Although it is only half a step to the Supreme, the cultivation base of the Lord of the Abyss has already arrived. If he returns to the Demon Realm in the future and absorbs enough demon energy, it will be natural to enter the Supreme Realm completely without any obstacles.

"Lord of the deep demon, restrain your breath, and don't cause a riot in the heavens."

Qin Chen said.

"Yes, master."

The Lord of the Deep Demon bowed and bowed, condensing the dark aura, and the power of darkness was restrained, instantly returning to the state of the original peak deity.

On his body, only the devilish energy surged, and the devilish energy, which is also the power in this universe, would not cause the riots of the heavenly origin.

Cannot feel the supreme aura and dark aura on the Lord of Abyss, the terrible pressure between the heavens and the earth suddenly disappeared, and the heavens of the heavens also slowly receded.

"This Dark King is really a treasure."

Qin Chen beamed his eyes and rushed straight into the dark sea below.

boom!

The power of the billowing darkness was continuously being sucked into Qin Chen's body.

"you....."

The Dark King was suddenly frightened, and had just taken away an Abyssal Demon Lord, and now Qin Chen continued to devour it.

Do you really think of him as fat?

"Die to me!"

Suddenly, a terrible sense of crisis rose from the hearts of everyone present.

In the abyss below, a dark source aura flashed away, and the next moment, a black source flashed, suddenly entered Qin Chen's body.

"Blast me."

This is the source of darkness of the Dark King, and it is also his final hole card.

It is true that Qin Chen can absorb the aura of darkness, but the origin of darkness is another power that is very different from this universe. As long as Qin Chen dares to swallow his origin of darkness, it will surely make his origin unable to bear it and burst open instantly.

"not good!"

Jianzu was shocked when he saw this.

As soon as he was about to take action to rescue Qin Chen, he felt a terrible thunder light burst into Qin Chen's body.

boom!

After the thunder light, two terrifying auras rose up, one was the power of the \*\*\*\* emperor totem, and the other was the power cultivated by Qin Chen from the dark stone stele fished from the Nether Star River.

These two forces are completely different from this world. Now that they appeared, they immediately confined this source of darkness together with the power of thunder, and then completely integrated this source of darkness into one's body.

Rumble!

The earth shook.

The Celestial Realm, which had just calmed down before, was surging again this time, but this time, it was not the punishment from the Celestial Realm, but the Celestial Realm cheering.

In the Abyss of Burial Sword, a terrible breath rose from Qin Chen.

Tianzun.

After experiencing countless dangers and absorbing countless strengths, Qin Chen finally truly broke through to the realm of Heavenly Sovereign.

Geshitianzun!

The entire celestial realm was shaking, cheering and leaping, and the power of the rolling celestial realm, like a vast ocean, swarmed from the four great celestial realms, gathered in the Tiandang Mountains, and completely instilled into Qin Chen's body.

In the great abyss, Qin Chen was floating, and an endless terrifying aura bloomed all over his body.

He opened his eyes, there was a flash of thunder, and the whole heaven was shaking, as if the thunder \*\*\*\* was furious.

"What a strong breath."

Jianzu gasped in air.

Is this still Tianzun?

How did he feel that the Lord of Abyss Demon broke through to the supreme, and he didn't give too much?

At this moment, the heavens roared and the heavens descended on a vision.

"Tianzun? I finally broke through Tianzun?"

The billowing power entered Qin Chen's body, and Qin Chen laughed. He walked in the void and looked at his hands, feeling an indescribable force surging.

"Cut!" Qin Chen lowered his head and looked towards the abyss below. Suddenly, a mysterious rust sword appeared in his hand. A sword aura that penetrated the world suddenly slashed down and plunged into the abyss below!

Roar!

Below, the King of Darkness let out a stern roar, which seemed to have been traumatized. He couldn't bear it anymore. With a boom, he sank directly and dived deep into the crack.

He was scared.

"Want to go? Where to go!"

Qin Chen shouted coldly, and cut it off again with a sword.

boom!

Rumbled, the sky broke and the earth cracked, but the dark king didn't look back, crazily descended, and finally sank into the boundless darkness and disappeared completely.

Qin Chen's eyes flashed, there was an urge to rush into the abyss below, but he hesitated for a while, and stopped.

Don't look at his two swords hurting the King of Darkness, but that was covered by this formation, with the sword ancestors and the others helping to suppress the sword burial abyss. If you enter the underground seal, you may not be able to hurt the other party so easily. .

"What kind of dark king is this? Is it a rabbit? Running so fast?"

Qin Chen curled his lips.

Jian Zu was stunned.

This kid not only drove the Dark King down, but also swallowed up the Dark King's many powers.

Jian Ancestor could clearly feel that the Dark King who had dived into the depths of the abyss was greatly injured, and for at least a period of time, he could not have the strength to rush out again.

And without the threat of the Dark King, the pressure on Jian Ancestor was also very light.

How many years has it been?

It was the first time he felt so relaxed.

Heaven, there are successors.

"Qin Chen, don't forget your promise." The Dark King dived into the Great Abyss, the entire sword-burial abyss, and countless bronze coffins burst into light. Among them, Xiao Wudao and Ji Tianguang roared instantly from two bronze coffins. Then after a flash of light, these two forces were completely silent

Go down.

The bronze coffin has also restored its quaint color, and no more light blooms.

Whoosh!

Qin Chen put away the mysterious rust sword, put away the Ten Thousand Realm Demon Tree and Little Ant, and then landed directly in front of Jian Ancestor.

"Junior Qin Chen has seen Jian Ancestor."

Qin Chen saluted.

"Hahaha, young people have something to do, really young people have something to do."

Jian Ancestor was still a little dazed, and immediately laughed, his expression excited.

"Sword Ancestor?"

The Primordial Ancestor Dragon and the Saint Ancestor of the Blood River also stepped forward. Boom, one turned into a real dragon phantom, the other turned into a blood shadow to reach the sky, and came directly to the front, and the Lord of the Abyss also stepped forward.

"What are these three?"

Jian Zu asked. Qin Chen smiled and said, "One of these three is the Great Ancestor Dragon, and the other is the Holy Ancestor of the Blood River. They are all juniors brought out from the Ten Thousand Races Battlefield Vientiane God Store to help them. Hearing from them, they are all chaotic creatures. Ancient Chaos God and Demon, and still the top

The batch, but I think it's just average. "Kid Qin Chen, what are you talking nonsense?" "The great ancestor dragon suddenly flew into a rage: "Old guy, don't listen to this kid's nonsense. I am only waiting because the body is destroyed, leaving only the soul. Now the condensed body can only show a thousandth of ours.

One, no, one in ten thousand, no, a little bit of power anyway. "

The Honghuang Ancestral Dragon used his dragon's claws to make a little bit of meaning, and then said: "If it is the heyday of the original ancestor, it will be easy to destroy the dark king, it will be a simple slap."

"Really?" Qin Chen said torturously: "You can slap a strong man from the universe to death with one slap?"

"Cough cough, metaphor, don't you understand the metaphor?" Honghuang Zulong said in a whisper: "One slap is indeed a bit exaggerated. Two slaps can't be more."

Qin Chen didn't bother to pay attention to him, and continued to introduce the Lord of the Abyss: "This one is the Lord of the Abyss, the descendant of the ancestor of the Abyss."

"what?"

boom!

On the side of the Eternal Sword Master, a sky-reaching sword aura suddenly emerged from the body, murderous.

On the contrary, Jian Ancestor's eyes condensed, just looking at the Lord of Abyss Demon, a little dumbfounded.

Because he could feel that although the Lord of the Abyss was a demon clan, he obeyed Qin Chen's orders.

"You don't need to be nervous, the Lord of the Abyss is already my servant, heed my orders." Qin Chen smiled.

"Master." The Lord of Abyss Demon said respectfully.

"This....."

The Eternal Sword Master was dumbfounded.

The descendant of the ancestor of the deep demon turned out to be the descendant of Qin Chen. If the ancestor of the deep demon knew, how much blood would he vomit?

"This person, could it be that one..."

Jian Zu's eyes flashed and thought of something.

"Senior Jianzu, what do you know?" Qin Chen said hurriedly.

"Ahem, don't ask me, I don't know anything." Jian Zu hurriedly said.

Qin Chen curled his lips.

I believe you, bad old man.

He believed that this sword ancestor definitely knew something.

Because Qin Chen had already vaguely noticed that these ancient powerhouses seemed to have had some layout.

This time, the Supreme Master of Skills took the initiative to hand over Xiao Wudao and others to him, so that he came to the forbidden area of the Tongtian Sword Pavilion to help Jian Ancestor suppress the Dark King.

Maybe there must be some connection between Shengong Supreme and Xiaoyao Supreme and this sword ancestor.

However, since the other party was unwilling to say, Qin Chen would not force it.

"In that case, Senior Sword Ancestor, then I will leave soon."

Qin Chen said with his hands.

It's not that he doesn't want to stay, but when he merges with the heavenly realm, he feels that there are countless powerful people gathered outside the heavens.

Moreover, at this moment, outside of the heavens, a terrible aura was surging, this is because other supreme powers have descended.

He must support the supreme divine work. "Never mind." Sword Ancestor nodded and said to the Eternal Sword Master: "Eternal, you are now breaking through the Heavenly Sovereign. Although you are not the top power in the universe, you have the supreme sword heart, and you are also considered the top one in the Heavenly Sovereign. Once approved, you will follow Qin Chen Shaoxia

Go with it. "

"Master, I..." The Eternal Sword Master showed dismay, tears in his eyes. "Needless to say." Jian Ancestor sighed, "If you stay here, you won't be able to break through the supreme realm in this life. Although the heavens have been repaired a lot, the supreme cannot enter, let alone nurture a new heaven. Up, your future,

Beyond the heavens. "

"Remember, after going out, you will be the direct descendant of my Heavenly Sword Pavilion. Don't lose my face."

"But the wound on your body, Master." Eternal Sword Master said anxiously.

Sword Ancestor has suppressed the Dark King for hundreds of millions of years, and the original source has consumed seven or eighty-eight, but in fact, there is not much life left.

"Hahaha, people are mortal. Now that Qin Chen has consumed so much power of the Dark King, I am also a lot easier. If nothing else, it will be completely fine to suppress the Dark King for thousands of years."

Jianzu is very free and easy.

But only after death, did many of the strong men of their era have fallen?

Not to mention Taiyin Liuli Supreme, even if he was the powerhouse of the Heaven-Through Sword Pavilion, he was the only one who survived that year. Survival and death are nothing to the sword ancestor.

At this moment, Qin Chen said silently, "As for this? It's just that the body is exhausted and there is no supplement."

Qin Chen's voice fell, and suddenly raised his hand, booming, a terrifying source aura suddenly swelled across the world.

This is... the eyes of the Eternal Sword Master suddenly went round.
