### [Chapter 4371: A sword](#)

Between the heaven and the earth, an extremely terrifying source of power surged, exuding a heart-palpitating breath.

The mighty origin turned into a river that swept across, shocking the entire sword-burial abyss, shocking the eternal sword master and the sword ancestor.

Qin Chen said lightly: "Senior Sword Ancestor, don't live forever. A strong man like you has lived from ancient times to the present. He has never seen any big winds and waves. If you want to inspire juniors, you don't need such encouragement."

"Here, this is the source that the younger generation got in the Vientiane God Treasure. As long as the Sword Ancestor predecessor swallows it, although it does not say that the senior's injury can be completely restored, it is still possible for the senior to repair some."

Qin Chen said casually, this long river of origin, flowing slowly, came to Jian Ancestor in an instant.

"The origin of the chaos!" Jianzu gasped, his eyes widened.

He could see that this turned out to be the origin of chaos.

Such treasures, as Qin Chen said, can restore his injuries to a certain extent.

"This... is too precious?"

Jian Ancestor said solemnly.

Such a treasure would be moved by Supreme, so did Qin Chen take it out?

Qin Chen smiled and said, "Senior is joking. For the sake of senior, what if you lose your fortune? Let alone the origin of chaos, even if you let the younger generation forget their lives, the younger generation will never frown."

Qin Chen looked at the river that was about ten thousand feet long and said.

On the side, Honghuang Zulong's face was full of black lines, and couldn't help but voicelessly said: "Qin Chen, this seems to be a small section of the chaotic river that you collected? It's completely irrelevant to the bankruptcy of the Qing family, right?" In the long chaotic river of the Gods of Vientiane, a large amount of chaotic river water is collected, so much chaotic source river water is taken out in front of him, not even one percent of the chaotic galaxy in Qin Chen's chaotic world, and he actually said that he was going to be ruined.

Is it too shameless to give birth?

Qin Chen glanced at the Honghuang Ancestral Dragon, and said through the voice: "I ask you, the average Tianzun, can he come up with so many chaotic origins?"

Honghuang Zulong was startled: "No." The origin of chaos is very rare, not to mention Tianzun, and supreme may not be able to take it out. Qin Chen has so many chaos origins in his body, or it is because

he entered the Vientiane God Treasure and took the chaos jade from Chaos book born out of hundreds of millions of years from ancient times to the present

The source gave a handful of reasons.

If you really want other people to come up with so many sources of chaos, let alone Tianzun, even Supreme.

Qin Chen said in a voice transmission: "That's all right. Generally, the good things that the peak Tianzun can't get out of the bankruptcy, I took it out and sent it out, can you say that the bankruptcy is not excessive?"

"But!" Honghuang Zulong wanted to say something.

"Shut up." Qin Chen interrupted him directly, with a black line on his face: "Do you still want to come out? Do you want me to find the little dragon for you? Any more nonsense, I will make you unable to find a little dragon in your life. Believe it or not, mother dragon."

Honghuang Zulong: "..."

It is really shameless to show yourself such a guy.

However, Honghuang Ancestral Dragon felt distressed, but he dared not show the slightest expression on his face. If Qin Chen really didn't find him a mother dragon, wouldn't he want to die alone?

At this moment, Jian Ancestor took a deep breath and said, "Qin Chen, thank you very much."

boom!

He took a sharp breath, and immediately, the mighty long river of chaotic origins instantly entered Jian Zu's body.

I saw Jian Zu's chicken-skin and crane-skinned hair, his body was skinny, half of his foot was about to step into the coffin, and the death spirit dissipated in an instant.

Even his face became plumped, and his skin became slightly shiny.

"Master!"

The Eternal Sword Master was extremely excited.

"Hahaha, the ancestor has recovered a lot." Jianzu laughed wildly, and the entire sword burial abyss was roaring.

Qin Chen waited for Sword Ancestor to finish laughing, and then said, "Senior Sword Ancestor, I don't know if the chaotic origin of junior is useful to senior?"

Jianzu smiled and said, "Naturally useful."

Qin Chen sighed suddenly.

Jianzu was astonished, "You are..."

Good point, why did you sigh? Qin Chen looked sad, and said bitterly: "Oh, let's not hide from the seniors, in fact, this chaos origin is for the juniors to prepare for their own practice. Seniors also know that the chaos origins are extremely rare. Maybe the juniors will have to rely on the opportunity to break through the supreme in the future. This chaos

The origins are gone, I thought there would be some left over from the predecessors, who would have expected...oh...

Qin Chen sighed heavily.

Jian Zu was a little embarrassed suddenly, it turned out that this thing was used by Qin Chen to break through the Supreme Realm.

But all of a sudden, I was swallowed up by myself, how could this be good?

Jian An's heart was immediately embarrassed, there was no way, the source of chaos was too important to him, Qin Chen hadn't said before, so he swallowed it all at once, and now he can't vomit. When Honghuang Zulong saw this, his eyes turned suddenly, and he said, "Kid Qin Chen, don't talk about it. I don't think the sword ancestor did it intentionally. Otherwise, if he knows this is the treasure you want to use to break through, he will definitely keep it. Next. Now you lose the sudden

The chance of breaking the supreme, but saving the sword ancestor is also a great fortune for the human race. "

"Yes, let's not say it." Qin Chen waved his hand hurriedly, "I shouldn't say this in front of seniors. It is also a blessing for juniors to make contributions to seniors."

"Or else." Honghuang Ancestor Long said: "This sword ancestor is the ancient top powerhouse of the human race, the ancestor of the Tongtian sword pavilion, there must be some treasures on his body, it is better to let him give you some treasures, which can be regarded as some compensation for you. Right."

"Don't say it." Qin Chen suddenly interrupted Honghuang Ancestral Dragon, with an ugly expression, "How can you ask for the Supreme Treasure like Senior Sword Ancestor? Senior Sword Ancestor is Senior Human Race, so what is my Chaos Origin? Seniors have contributed so much to my human race, let alone something that makes the supreme jealous, even if it is a treasure that can make people detached, I am willing to take it out. "

Qin Chen was righteous and awe-inspiring. "Kid Qin Chen, I'm not asking you to ask for the supreme treasure from the Sword Ancestor, but the source of chaos is your trump card. Now many powerful humans in the human race are looking at you, don't you feel that there is already a supreme power outside the heavens? In case someone else wants

I shot you, but you didn't have anything to save your life..." Honghuang Zulong said again, with a sad expression on his face.

"Shut up." Qin Chen interrupted Honghuang Ancestral Dragon's words, and then said, "Senior Jian Ancestor, I will leave first."

Turn around and leave.

"Ahem!" Jianzu became even more embarrassed.

Damn it.

After all, he is the top powerhouse of the human race, if this matter is spread out, it will definitely not be guaranteed in the late festival.

"and many more!"

Jianzu stopped Qin Chen.

Qin Chen respectfully said, "I don't know what Sword Ancestor Senior has orders?"

"Ahem, I don't have anything good here, but I can melt a sword power into your body." "Sword power?" Qin Chen wondered.

### [Chapter 4372: Lord of Tianhe](#)

"Didn't you say that you have enemies outside?"

Jianzu raised his hand.

boom!

A terrifying sword light condensed from the hands of the sword ancestor. As soon as the sword light appeared, it immediately stunned the world, booming, and the void of the sword buried abyss, there was an illusion that it would collapse on the spot.

What a terrible sword spirit.

Qin Chen's pupils shrank.

He is also a kendo master. At this moment, he has a feeling that all the world is under the power of this sword light. If this sword light wants to destroy him, he has no resistance and is inevitable.

Not only Qin Chen, but the eyes of the Honghuang Ancestor Dragon and Blood River Saint Ancestor also became serious.

This sword ancestor is very strong.

This sword force can definitely hurt their bodies.

Worthy of being one of the top masters of the ancient human race.

The sword ancestor said solemnly: "This sword power is part of my understanding of the kendo avenue. Now, it turns into a kendo imprint and enters your body. You can understand the kendo and the sword power. If you encounter a strong enemy, you can also Block the enemy once for you."

The words fell, and this sword light instantly entered Qin Chen's eyebrows.

boom!

For an instant, Qin Chen's body trembled violently.

At that moment, he felt that a bright sword light appeared outside of his soul, protecting his soul and exuding a terrifying aura.

"So strong!"

Qin Chen sucked in air.

Jianzu's comprehension in kendo is too strong.

Originally, Qin Chen thought that his understanding of swordsmanship was already very powerful, after all, he could be regarded as mastering the great sword of swords.

But now it seems that he is still far away.

Qin Chen even felt that if he could comprehend this sword aura, he might even be able to slay the supreme powerhouse with the cultivation base of the Tianzun realm.

This is an intuition, a terrible perception.

Let Tianzun be able to kill the Supreme Master.

Qin Chen felt incredible even after thinking about it. Don't look at him now breaking through to the realm of Heavenly Sovereign, but Qin Chen had never thought that he could rival the Sovereign at present, but it would be different if he could comprehend this sword power.

"Thank you, senior." Qin Chen saluted, with a sincere tone.

After releasing this sword power, Jian Ancestor was also a little out of breath, obviously the origin has suffered some loss.

"Okay, you kid, go quickly."

Jian Zu waved his hand.

"go!"

Qin Chen was not polite, and immediately put away the trio of Honghuang Zulong, and then left with the Eternal Sword Master.

The Eternal Sword Lord reluctantly left, turning his head one step at a time, until he completely disappeared into the abyss, and then resolutely left.

"This kid." Jianzu looked at Qin Chen's departure, and shook his head speechlessly.

In fact, he couldn't see Qin Chen's previous purpose.

It's nothing more than wanting treasures.

It's a pity that in order to suppress the Lord of Darkness over the years, he really has no treasures in his body. Any good things have almost been exhausted.

"In terms of talent, eternity is strong, but it can't be compared with Qin Chen. If he can really comprehend this sword power, then my swordsmanship will surely rise again and shock the universe." Jian Ancestor muttered.

boom!

In the Southern Heaven Realm, two sword qi broke through the air at this moment, and two figures flew out from the forbidden area of the sword grave.

"Senior Eternal, where are you going next?" Qin Chen turned his head and asked.

The Eternal Sword Master handed over and said: "Brother Qin, don't call my predecessor. I can't afford it. You can save the lives of me and Qiongxian. Without you, there would be no eternity for me. In the future, I will also and Qiongxian I call you too little dust."

"That's not possible." Qin Chen shook his head: "Although I have saved you, seniors have also saved me and Sisi..."

"In this way, I will call you Brother Qin from now on, you just call me eternal." Eternal Sword Master said.

"Okay, then I also call you Brother Eternal."

Qin Chen didn't want to waste too much energy in this aspect, just a title.

The Eternal Sword Master nodded: "Brother Qin, when I left the Abyss of Burial Sword, the ancestor once told me to follow your orders in the future. I will listen to Brother Qin where I should go next."

"listen to me?"

Qin Chen glanced at the Eternal Sword Master. After regaining his body, the Eternal Sword Master had already stepped into the realm of Heavenly Sovereign. Coupled with his supreme sword heart, he had the inheritance of the Heavenly Sword Pavilion. .

Qin Chen's heart moved: "In this way, you follow me first, and turn around, I may need you to stay in the heaven."

Heaven is repaired, Tianzun can enter. Looking back, the major forces of the human race will definitely send Tianzun strong to enter. Chendi Pavilion naturally needs strong to sit in the heaven.

With Ji Ruyue, Ji Wuxue, and the Eternal Sword Master, no matter what masters sent by the top human race forces, Qin Chen would have no worries.

"Okay." The Eternal Sword Master nodded: "Although the master let me leave the heaven to break through to the supreme, but I still have a lot of feelings at the moment, and I can stay in the heaven temporarily, but..."

The Eternal Sword Master hesitated and said, "Please also ask Brother Qin to tell me where Qiongxian is currently, what am I..."

"Talk as you walk."

Qin Chen looked out of the heavens, he could perceive that a supreme-level powerhouse had come, and immediately flickered and flew straight to the outside of the heavens, and the Eternal Sword Master followed closely.

On the way, Qin Chen told him that Qingqiu Ziyi had gone to the demon clan nine-tailed fairy fox.

The Eternal Sword Master heard that Qingqiu Ziyi had gone to the Nine-Tailed Fairy Fox family, he couldn't help feeling that, hundreds of millions of years later, he returned to the Tongtian Sword Pavilion, but Qiongxian also returned to the Nine-Tailed Fairy Fox family. The root of everyone.

Rumble!

At this moment, the entire heaven realm suddenly shook, and Qin Chen raised his head, and saw a towering figure descending in the void beyond the distant heaven.

"What a strong breath."

Qin Chen flew by while staring out of the heavens.

There, an extremely terrifying supreme aura came, and it seemed even stronger than the Giant King Qin Chen had felt before.

Just a breath came, it shocked the whole heaven.

"Senior Master, can you hold it?"

Qin Chen had a trace of worry in his heart, and he flew quickly.

And at the moment.

Beyond the heavens.

boom!

In the endless void, a long river-like figure strode from a distance, shocking the universe.

Feeling the arrival of the strong breath, a group of people from the Human Race Council Law Enforcement Team suddenly showed ecstasy.

The rescue is finally here.

The expression in Shen Gong Xing Zun's eyes also became serious.

"Lord of Tianhe?" Shengong Supreme said.

"Holy Master of God's Work." The tall and mighty figure made a voice, "You and I, shouldn't I have seen you for tens of thousands of years? Unexpectedly, when we met this time, you turned out to be a supreme master, gratifying."

Wow... Suddenly, the endless power of darkness and emptiness instantly enveloped the entire void outside the heavenly realm, and powerful restraints enveloped everywhere. It was the supernatural power of the top domain that blocked the world and all surrounding voids.

[Chapter 4373: Three ways to pick me up](#)

"However, as the supreme human beings, you are acting in the ancient and celestial realms, and even the person who repelled the law enforcement team of the Human Race Council. I didn't want to do anything with you, but you have violated the Human Race Council's Rules, the owner also

I had no choice but to make a move and grabbed you. "The tall and mighty figure made a sound.

"As long as you are obediently obedient, go to the Human Race Council with me, this lord can guarantee that if you don't attack you, how about?"

The Lord of Tianhe Rumble said, very casual.

He doesn't think that the Supreme Master has the qualifications to fight against himself.

He is a veteran supreme, and although Shengong supreme is famous, he was only Tianzun after all. It hasn't been long since the breakthrough, how can he compare with him?

Shen Gong Zhizun looked at it from a distance, and did not dare to be careless.

because.....

The fame of the Lord of Tianhe is outside, and in terms of strength, status, and fame, they are far more terrifying than the giant king, and they are the backbone of the human council.

Absolutely belong to the top powerhouse in this universe. Once, the Lord of Tianhe walked outside the territory and was besieged by the three great aliens who found traces, but failed to do anything about it. It was all this that created his endless prestige.

"It just so happens that I have concentrated on retreating for so many years, and I really want to know how far I am from such a powerful person as the Lord of Tianhe."

The spirit of war was also burning in the heart of Shen Gong Zhizun, staring at the vast river in the distance, surging with war.

"Huh? You still want to fight with me?!" The Lord of Tianhe said. "Why, can't it?" Shen Gong Zhizun stared at his opponent and smiled slightly: "It is said that the Lord of Tianhe is capable of reaching the sky, and he is extremely strong among the members of my human race. Back then, this seat wanted to learn about the strength of the Lord of Tianhe. It's a pity that the realm gap is too big, now

Since this seat breaks through the supreme, naturally I want to see the prestige of the Lord of Tianhe. "

"Hahaha..." Changhe's figure made a shocking laugh, "Interesting, the master of the master craftsman, you are worthy of being an ancient craftsman, like the master who works today, in the ancient world, dare to do something to the ancestors of the Xiao family, sure enough , You are very bold and arrogant."

"But, are you really sure you want to do this? I have already given you decentness. I will be able to catch my hand and call myself the strength. I will go back with me. I won't do anything to you. But if you want to fight with me, I won't be able to give it. You are decent."

The Lord of Tianhe's eyes sank and boomed, and his body suddenly bloomed with overwhelming power. now.

Within the heavens, a group of figures appeared.

It is the many powerhouses in the heavens, and Qin Chen and the Eternal Sword Master have also arrived, besides them, Ji Wuxue, Ji Ruyue and others have also approached.

Feeling the aura on the Lord of Tianhe, Qin Chen condensed his eyes and took a deep breath.

The Lord of Tianhe had a terrifying aura, even more terrifying than Xiao Wujin, Ji Tianguang, and even the Giant King.

Can the Supreme Master of God work resist it?

"Master of Divine Work."

If Qin Chen went out, if he really wanted to fight, even if he was lost, Qin Chen would fight desperately and would not let the Supreme Master of God work alone. At least, he still has a sword power of the Sword Ancestor. Once released, the Lord of Tianhe may not be able to resist it. After all, the Sword Ancestor is the ancestor of the Ancient Tongtian Sword Pavilion. In terms of strength and status, at least it is also the ancestor of the Yuanmo Powerhouse

. Shen Gong Zhizun also felt Qin Chen's breath, and immediately transmitted the voice: "Stay in the heavens, don't come out, rest and rest, the Lord of the river dare not enter the heavens that day, it will cause the heavens to collapse and break, as for me, Haha, a Lord of Tianhe,

It won't make me flinch. "

The voice of Shen Gong Zhizun fell, he smiled suddenly, looked at the Lord of Tianhe, and said coldly: "If you want to fight, don't talk nonsense, my time is precious."

Shen Gong Zhizun shouted directly, his eyes burst out with a substantive light visible to the naked eye, booming, domineering, and arrogant, soaring into the sky.

"Worthy of being the master of the divine work hall."

Suddenly a warhammer-like weapon appeared in Changhe's hand, and the same warhammer-like weapon appeared in the other hand. Both warhammers were bronze in color, with a golden halo flowing inside.

"My pair of supreme treasures, named 'Heaven and Earth', are supreme treasures. Among the supreme treasures, they are considered strong." said the Lord of Tianhe.

"The supreme treasure among the supreme treasures?" Shengong supreme is a craftsman, and he naturally understands that there are also high and low levels of treasures of the same level. The supreme supreme treasure used by the Lord of Tianhe... is considered a middle-level supreme treasure.

The general supreme may not have the supreme treasure, but the Lord of Tianhe not only possesses the supreme treasure, but also possesses the strongest among the supreme treasures, which shows his status and strength.

In the distance, the people of the other law enforcement teams on the scene, as well as many Heavenly Sovereigns, quickly scattered around, watching from a distance, they did not make a sound and did not mix.

The battle of the supreme is extremely rare, and it is of great benefit to them.

The people of the law enforcement team were excited, clasping their hands, they extremely believed in the strength of the Lord of Tianhe!

"Take me three moves, catch it, and I won't capture you. Presumably, the Master of Divine Work is not going to betray my human race. He will definitely go to the human race council when he turns around. If you can stop it, I will give you this opportunity."

"The first trick..."

As soon as the voice of the Lord of Tianhe sounded, he moved in an instant. Originally, the Lord of Tianhe was still in the distant universe, projecting toweringly, but at this moment he moved...

Boom, I saw a scene of a vast river crossing the sky instantly, directly forcing the Supreme Master of God.

"come on."

The hidden treasure hall in the body of Shengong Supreme was suddenly displayed, and his Supreme Supreme Treasure was displayed for the first time, and it turned into a streamer to rush away.

"lock!"

The Supreme Master screamed and banged, and his physical body skyrocketed to tens of thousands of kilometers. This is the magical powers that the Supreme Origin evolved. He immediately used his strongest trick, and the burning Supreme's power surged into the top of his head. Treasure Hall.

Wow...

The vast hidden treasure hall suddenly glowed, and a chain of colorful chains swept out in an instant, the chains pierced through, and the powerful and terrible, directly turned into a dense skynet, sealed off to the Lord of Tianhe.

The sky full of chains produced a twisted vortex, shattering the surrounding space.

From the beginning, the supreme workmanship is the strongest trick.

Because the Lord of Tianhe is different from the other supreme, he has a great military exploits and has this qualification.

Rumble!

The treasure hall rumbled, and the power that bloomed out made everyone present change their colors.

But the warhammer held by the Lord of the River that day seemed like a thunderbolt.

Boom!

The two bronze streamers swiftly swiftly, bombarding the numerous chains between the heaven and the earth at the same time, and the powerful power collides...The Lord of the Tianhe holding the two warhammers directly flies backwards, and the Supreme Master of God also retreats continuously. Take a few steps.

"Great."

Divine light burst into the eyes of the Lord of Tianhe, "It can actually block my move, hahaha, no wonder it is so overbearing and arrogant." The Lord of Tianhe presides over a pair of warhammers, and the

coercion spreads, "This Lord looks down on you. , The long river field blockade of the owner alone is obviously not enough to suppress you. On the contrary, it puts me at a disadvantage. This hand alone...you are enough to be ranked as the supreme powerhouse

Column. "

"Come on to pick up my second move. This move is a supreme supernatural power I created."

The voice pierced directly into Shengong Supreme's mind.

boom! Soul riot.

#### [Chapter 4374: Outside the law](#)

The Lord of Tianhe moved again.

Quietly, the majestic shadow of the big river rushed directly to the Supreme Master of God.

"Boom!"

Together with the warhammer, the surrounding world suddenly became dark, forming a dark world, as if inside a big river.

"Huh? What kind of domain method is this, the famous Tianhe domain, the lord of Tianhe?" Shengong Supreme was surprised.

The Lord of Tianhe is very strong. He is most famous for his Tianhe realm, which forms the terrible Tianhe land, besieging the enemy. In this Tianhe realm, the enemy's power will be weakened, but his own power is not. Get promoted.

"boom!"

Carrying the monstrous power of the endless Tianhe, the warhammer is like two worlds, directly smashing at the Supreme Master of God. "Break it for me!" The Supreme Master of God Worker gritted his teeth and greeted him directly. The Treasure Hall floated above his head, blooming with rainbows, countless runes flickering, and the sky full of chains quickly merged and swept out, and his whole person, like the same \*\*\*\* of war, Strong out

hit.

Bang! Shengong Zhizun felt his whole body shook. The strong impact force hit the chain of the treasure hall, and then passed to the treasure hall through the chain. However, after two layers of weakening, there was no threat anymore, but the impact still made Shengong. Extreme facing directly backwards

Fang retreated, banging and banging, and the void behind him shattered.

However, Shen Gong Zhizun still resisted, and his body was as majestic as a god.

"Huh? Resisted again?"

The Lord of Tianhe stared at Shengong Supreme, his eyes were solemn, and the power of Shengong Supreme was beyond his expectation.

Didn't it take long for the opponent to break through to the Supreme?

"It seems that the palace above your head should also be a non-weak existence in the supreme treasure. Otherwise, it would be impossible to resist my attack."

The Lord of Tianhe stared at the palace above Shengong Supreme's head. This palace exuded a terrifying aura. He could clearly feel that his strength was being weakened very much when he passed through this palace.

"Isn't there a weak existence in the supreme treasure?"

The Supreme Master also looked at the Lord of Tianhe.

Sneered in his heart.

What are you kidding about, this is the top supreme treasure handed down by ancient craftsmen, but it is the best of the supreme treasures. How can the warhammer of the Lord of Tianhe compare?

When it comes to treasures, he has no fear of anyone.

"Two moves have passed, is there a third one?"

Divine Work Supreme proudly said.

Lord of Tianhe's two ultimate moves failed to win him, it only injured him, and the injury was still very slight. At his level, such injuries were nothing at all.

It can be said that the previous attack by the Lord of Tianhe has not threatened him.

hiss!

Many people watching in the distance all sucked in air-conditioning.

Two tricks.

The Lord of Tianhe hasn't even won the Supreme Mastery.

Doesn't it mean that Shen Gong Zhizun was just a Tianzun not long ago? How could it be so strong?

There is only a remnant soul left in the \*\*\*\* battle Tianzun, but he is shaking at the moment, because he feels that he seems to have kicked an iron plate.

Tianyuan Sect is also a top power of the Human Race. The boss of their Tianyuan Sect is also a veteran Tianzun who is not weaker than the Giant King, and even close to the Lord of Tianhe.

That's why he was so arrogant and so arrogant before.

The people of Tianyuan Sect have arrogant capital.

But now, he was scared.

If Divine Work Supreme can really withstand the attack of the Lord of Tianhe, doesn't it mean that it can also stop the attack of the leader of his Tianyuan Sect? If this is the case, then he was arrogant before, like a clown at all.

"Very well, you can stop me with two moves, you are enough to make me take it seriously, but this third move is not as easy to resist as before."

"boom!"

On the Lord of Tianhe, a terrible aura rose up, and vaguely, behind the towering figure of the Lord of Tianhe, a vast Tianhe emerged. This Tianhe, vast and boundless, seemed to cover the entire universe.

The vastness in an absolute sense.

As soon as this heavenly river came out, it shook forever, and the universe roared.

"This guy, it doesn't seem to be weak, he has actually cultivated a body outside the law, Blood River, with some methods similar to yours."

In the chaotic world, the ancestor dragon said with a smile.

"It does have some meaning, to merge the physical body with the treasures of the law to form a body outside the law. The Tianhe is immortal, and the flesh is immortal, but compared to my blood river, it is still far behind, not on the same level.

Holy Ancestor Blood River smiled disdainfully: "As long as I restore one percent of my strength, I can swallow him in one bite, believe it or not."

"The body outside the law?" Qin Chen wondered.

"My lord." The ancestor of the blood river smiled and said: "The body outside the law uses special treasures to carry the soul and integrate the soul into the treasure. If the treasure is immortal, the soul will not die."

"There is such a method?" Qin Chen was stunned.

"This is just because the flesh bodies of some races are not strong enough, so the method that I came up with is too far behind when the subordinates were born in the chaos of the blood river to appear spiritually." The blood river ancestor said proudly.

On the other side, the breath of the Lord of Tianhe had completely locked in the Supreme Master of God.

Suddenly, everyone held their breath.

Because they can all tell that Tianhe's main move is the ultimate move.

"How strong will the master of Tianhe's trick be?"

"I don't know, I only know that the last time, I heard that the three great nobles of foreign races sneaked into the Lord of Tianhe, and the Lord of Tianhe turned into Tianhe, blocked the attack, and then performed a trick, directly causing one of the three great nobles to be seriously injured and near death."

"I heard that if there were two other Supremes on the sidelines that time, that one would be killed directly by the Lord of Tianhe."

Everyone talked a lot and looked forward to it.

In the past, these rumors were only heard in legends, but now, they will see with their own eyes, how not excited.

The Lord of Tianhe retreated and directly merged into the vast Tianhe.

boom!

The whole Tianhe turned into a giant like a giant, billions of feet tall, towering in this world, a pair of huge warhammers, bursting with dazzling light, dazzling bronze light, shrouded everything.

More powerful than the brightness of billions of stars.

Rumble! The power on the two warhammers skyrocketed, and suddenly fell down. The warhammers instantly became blurred. An extremely dazzling river runs through the universe. The bright and dazzling river flows, seemingly slow, but it has already reached its magic Supreme Noodle

before.

"Boom!"

The seemingly slow and shining river makes Shengong Supreme as if facing the tsunami of the universe.

"broken!"

The Supreme Master of God Works even felt desperate when he faced it. He strongly expelled this negative emotion. This was not a soul attack, but an attack that was perfect to a certain degree, which made people feel hopeless and hopeless. Of course, Divine Work Supreme is extremely determined, instantly expelling negative emotions, and fully promoting the hidden treasure hall above his head.

#### [Chapter 4375: Really broke](#)

Hum!

The Tibetan Treasure Hall trembles violently, blasts, and the world shakes, covering the Supreme Master of God.

"Kang-bang-bang!"

The bright river crazily impacted on the treasure hall, countless runes flickered on the treasure hall, and on the chains, the rays of light bloomed, extremely firm, and he just resisted the impact of the river.

The treasure hall is as stable as Mount Tai.

The Divine Work Supreme, who can motivate the Treasure Hall, was weakened countless by that monstrous impact by the Treasure Hall, and every bit of the power of the Supreme Body still trembled...

The violent impact caused the Supreme Master to fly directly backwards, as if being ravaged, knocked into the air fiercely, and stopped in mid-air in the distance.

Everything disappeared...still a peaceful universe, everything peaceful.

"My supreme source has lost one percent?" Shengong supreme has a huge wave in his heart, he is really shocked, but he uses the hidden treasure hall to resist this move first, and then relies on his physical body to resist. Lose one percent of the original source!

If there is no Treasure Hall to resist, but with ordinary supreme treasures to resist, I am afraid the impact will increase by another level.

One move can absolutely destroy one-tenth of his origin?

Regardless of the fact that there are not many sources of one-tenth, it is absolutely a terrifying thing for a supreme to lose one-tenth of the source.

It is equivalent to saying that one move can seriously hurt him.

A few tricks can make him fall and let others kill him.

He was shocked, he didn't know, the Lord of Tianhe was even more shocked.

"What!" The Lord of Tianhe, who had been very calm, was truly shocked. He is now standing on a high place among the supreme.

The first one, he is considered the supreme who became famous very early.

Second, he has cultivated a body outside the law, a special supreme supernatural power, in terms of combat power, it is extremely terrifying to be called among the supreme.

And these two great tricks merged together, seemingly simple, but in fact the two terrifying magical powers are simultaneously used, and the power is converged on one trick, how hard it is.

This trick!

It made him truly powerful in the universe and made him a special position in the law enforcement team. He is a leader in the law enforcement team of the Human Council.

Because he has the means and threats to truly let the Supreme fall.

But now, with his strongest move, he failed to seriously hurt the Supreme Mastery, even the breath of Supreme Mastery only weakened a little bit, only one percent, not even weakened too much.

How can he not be shocked?

"My move consumes a huge amount of origin, but his origin does not seem to have lost much?" The Lord of Tianhe was shocked.

He didn't know.

Shengong Supreme has a top-level Supreme Treasure Treasure Hall, and there are many treasures on his body, plus as a refiner, the body of Shengong Supreme is definitely the terrifying category of the Supreme.

Several factors were superimposed. If he knew that he was defeated by the top supreme treasure, the Lord of Tianhe would be relieved, but... he didn't know that the godgong supreme opposite was holding the top supreme treasure.

"What's the name of this trick?" Shen Gong Zhizun in the distance made a voice.

"Annihilation under the river." The Lord of Tianhe said.

"Awesome, very powerful, admire it." Shengong Supreme said solemnly. Shengong Zhizun really admires him. He took three moves. The first and second moves, he can use the top supreme treasure to block the palace, but this third move, even if there is a top supreme treasure, he can get injured and lost one percent of the book

source.

If it were not for the Treasure Hall, he would be really dangerous this time.

"As expected to be the Lord of Tianhe." Shengong Supreme sighed secretly.

"Block my tricks, the injuries are very minor, you go to the Human Race Council, my law enforcement team will not attack you again!" said the Lord of Tianhe.

"I have notified the news, but if you don't go to the Human Race Council, the next time my law enforcement team will take action, I am afraid that I will never die. When the time comes, I will not be as good as today."

The Lord of Tianhe stared at Shengong Supreme: "The previous move is not my strongest trick. Once my strongest trick is performed, my own origin will also be damaged. Then, you will not be so lucky. "

"Also." The Lord of Tianhe suddenly passed over: "The action of the law enforcement team was ordered by the ancestor. When you go to the Human Race Council, pay attention. The ancestor is not as easy to talk as I am."

At the same time, he put away the endless endless Tianhe, and at the same time turned into a streamer and flew away directly.

"Thank you." Shengong Supreme handed his hands.

The Lord of Tianhe obviously didn't want to become a mortal enemy with himself, and finally reminded himself that he was the order of the ancestor god.

The ancestor god, the true leader-level figure of the ancient humans, there were many powerful people of this level in the ancient human race.

It is a pity that during the First Battle of the Ancients, the ancient human race was suddenly caught off guard by the demons who practiced with the dark race. In addition, the strong people in the human race did not have time to react, which directly caused many strong people to fall.

The human race retreats steadily and keeps sticking to it.

In this process, the ancestor \*\*\*\* became a leader-level existence of the human race, but later, the rise of Xiaoyao Supreme made the existence of the ancestor \*\*\*\* be questioned.

"Lord of Tianhe."

"Lord of Tianhe."

Tianzun from other law enforcement teams hurriedly shouted.

"Why, do you still want to stay here?" The Lord of Tianhe turned his head and looked at them.

"we....."

The strong men of many law enforcement teams looked bitter.

He shook his head helplessly, unwilling to look at Shen Gong Zhizun, but he could only leave quickly with the Lord of Tianhe.

Several of them are very clear... able to resist the legendary trick of the Lord of Tianhe, this supernatural workman has become an extremely top powerhouse in the Human Race Council.

If the Lord of Tianhe didn't do anything, they wouldn't be able to take the other side at all, they could only take their own humiliation.

"Lord of Tianhe." Shengong Zhizun muttered silently, and he understood the gap between himself and the supreme mid-power.

At least, a powerhouse at the level of Lord Tianhe could not embarrass him for the time being.

Whoosh!

Shen Gong Zhizun turned around and flew straight towards Qin Chen.

"Master of the Palace of Gods."

Qin Chen flew out and saluted.

"Did you get things done in the heavens?"

Shen Gong Zhizun looked at Qin Chen with a smile, looked around for a few times, felt the aura on Qin Chen's body, and suddenly smiled: "You, really broke through!"

"Thanks to the Master of Divine Work." Qin Chen also smiled.

"You two have also made a breakthrough, not bad." The master of Shengong looked at Ji Wuxue and Ji Ruyue again, "It just so happens that I have two less deputy masters in my daily work. If you two are willing, you can take the post. "

Deputy Hall Master?

Ji Wuxue and Ji Ruyue are both stunned, can they?

"I said you can do it, you can do it." As if knowing the doubts in their hearts, Divine Worker Supreme smiled, and then looked at the Eternal Sword Master: "This is... from the Heavenly Sword Pavilion?"

"Junior is eternal, I have seen the Master of Shengong Hall." The Eternal Sword Master hurriedly saluted.

"The supreme treasure melts into the body, and it is also the path of the body outside the law? It seems that there are people succeeding in the Tongtian sword pavilion." Shengong supreme smiled, and at a glance it was obvious that the eternal sword master's body was a supreme supreme treasure. The

Tongtian sword pavilion was not weaker than the existence of craftsmen in ancient times, and the treasure of the Tongtian sword pavilion was extraordinary.

#### [Chapter 4376: Inseparable](#)

"Senior, how this body outside the law should cultivate, the junior hasn't fully understood yet, I don't know if Senior..."

Eternal Sword Master hurriedly asked.

The Supreme Divine Workman in front of him is a big man. If he didn't seize such a good opportunity, it would be too bad.

"Ask me?" Shen Gong Zhizun rolled his eyes: "Didn't Senior Sword Ancestor teach you?"

That's right, Shen Gong Zhizun called Jian Zu a senior.

Not to mention that he is already the supreme powerhouse, even if he becomes the pinnacle supreme powerhouse, when he sees the sword ancestor, he must be called a senior.

In ancient times, the sword ancestor was a powerful man at the same level as the craftsman ancestor. At that time, the Supreme Master of God was only a fire-burning boy. Of course, the more important thing was the contribution of the Tongtian Sword Pavilion to the human race.

With the strength of the sword ancestor, he was actually bent on running back then, fearing that no one could stop him, but for the sake of the human race, he was willing to die with the demons and the dark race, and suppressed the dark king by himself for hundreds of millions of years, enough to be admired by anyone.

"This..." The Eternal Sword Master was embarrassed: "Master, he told me to realize it by myself."

"Oh." Shen Gong Zhizun nodded, "I understand, because Senior Sword Ancestor walks not outside the law, so he can't teach you, so you can ask me. It's very simple..."

"The body outside the law is actually a process of fusing the body and the treasure. Do you think the human body or the treasure is more suitable for the fusion of the soul?" Shen Gong Zhizun asked.

Aside, Qin Chen and the others also looked over.

This question is interesting.

"Nature is the human body." Eternal Sword Master said.

Is this still necessary? The human body is suitable for the soul to live in. If the treasures are so integrated, then after the physical bodies of some strong people are annihilated, what else do they need to take away? Just occupy a treasure.

The Supreme Divine Workman smiled suddenly, with an expression that you would answer like this.

"Did the junior say wrong?" The Eternal Sword Master was stunned.

Shen Gong Zhizun smiled and said: "Then I ask you, why a corpse will not give birth to a soul after it has been stored for hundreds of millions of years, but a treasure that you have stored for hundreds of thousands of years can easily give birth to a spirit?"

Hey, this is really a problem.

Ji Ruyue and Ji Wuxue also frowned.

Indeed, when treasures are conceived, it is easy to give birth to souls. Some heaven and earth treasures, such as heaven and fire, naturally give birth to spiritual wisdom, and even treasures refined by the day after tomorrow will also give birth to instrument spirits.

But no matter how the corpse is raised, it is impossible to give birth to a new spiritual intelligence.

This is why?

Divine Work Supreme smiled and looked at Qin Chen, "Qin Chen, should you know?" Qin Chen said, "Treasures can give birth to spiritual wisdom. In fact, it is because of pregnancy. The strong always use the soul and power to nurture it, naturally. Transformation occurs, and the spirits of heaven and earth such as Tianhuo are the same. Although there has never been a strong man who conceived them, heaven and earth will

Breed them. Therefore, the birth of spiritual wisdom from treasures has a certain relationship with them, and it is also related to the powerful who nourish them. "

"As for the corpse...Who will conceive a corpse? If it is conceived for hundreds of millions of years, it may not be able to become a corpse puppet and give birth to its own consciousness."

Qin Chen said lightly.

Huh, really!

The Eternal Sword Master stared their eyes wide, thinking about it, it really was such a thing.

"Haha, yes, it's worthy of being the next appointed master of the heavenly work of my divine work." Divine work supreme smiled: "Qin Chen said that the treasures give birth to wisdom, the key is not the treasure, but the treasure that breeds it. The strong."

"For example, if a mortal craftsman builds a wooden horse, even if it takes a lifetime, it is impossible for the wooden horse to give birth to spiritual wisdom, but if it is this seat, a wooden horse can be carved out of it, and it can manifest living creatures. Believe it or not?"

The Eternal Sword Master nodded their heads, using the supreme refining skills, let alone a wooden horse, even a grass or a flower can be refined into heaven-defying treasures.

"Actually, treasures and physical bodies are both substances, and when refining the body outside the law, you should not stick to whether it is a treasure or a physical body. In fact, whether it is a physical body or a treasure, it is all substances in this universe. energy."

"Energy is conserved. The reason why the strong are strong is because they have been cultivating. The flesh absorbs countless energy and grows the flesh infinitely."

"The same is true for treasures. What you have to do is to continuously nurture and grow treasures."

"In the process of pregnancy, let the soul and the treasure completely merge, so that the treasure is you, and you are the treasure."

"Like the Lord of the Tianhe River." "His body outside the law is the terrifying Tianhe. This Tianhe was not refined by the Lord of Tianhe himself. It is rumored to be a starry river born when the universe was opened up. It has grown slowly for hundreds of millions of years. , Was finally refined by him, became his own body, trained

Become the supernatural power of this side. "He is the Tianhe, he is the Tianhe, and if the Tianhe is not destroyed, he will not be destroyed. And that Tianhe contains the energy that the universe has nurtured for hundreds of millions of years, and naturally cannot be easily destroyed. This also makes it extremely difficult for the Lord of Tianhe to be destroyed. Killed and became a giant in the human race

Break the characters. "

"In fact, the Lord of Tianhe is not himself powerful, but the Tianhe."

"Similarly, what you have to do is to continuously increase the power of your body outside the law."

"But unlike the physical body, the physical body has limitations. It is more difficult to conceive, but it is easier to conceive treasures, such as you..."

Shen Gong Zhizun opened his eyes and stared at the Eternal Sword Master.

In an instant, the Eternal Sword Master felt like being seen through by the other party.

"Awesome, with supreme sword intent. Your physical body should be a kind of swordsmanship essence, and it is a top treasure of the Tongtian sword pavilion. It has been nurtured by countless swordsman powers."

"In fact, your extra-legal body is not weaker than the Lord of Tianhe's Tianhe, but the Lord of Tianhe's Tianhe itself is very powerful, and it becomes extremely terrifying instantly after merging with him."

"And your body outside the law still needs you to gradually refine and exert its power..."

With eloquence, Shen Gong Zhizun said a lot.

The Eternal Sword Master was ecstatic to hear.

Although Shen Gong Zhizun didn't understand kendo, he explained in detail some techniques related to the body outside the law from the perspective of refining tools. Even Ji Wuxue and Ji Ruyue were also intoxicated.

Every way is inseparable.

Refining tools is actually a journey of practice.

"Okay, I should go now, next, Qin Chen, where are you going?" Shen Gong Zhizun asked.

"Hall Master, are you going?" Qin Chen's expression changed.

"Hehe, naturally it is the Human Race Council. Didn't the Ancestor God always want me to go to the Human Race Council? It just so happened that this seat has broken through to the Human Race Council, and it is time to go to the Human Race Council to award honors." Shengong Zhizun said very relaxed, with a smile on his mouth. But it fell into Qin Chen's ears, but his expression changed.

#### [Chapter 4377: Meet up](#)

"Hall Master, the Human Race Council is so dangerous, if you go, you are afraid..."

Qin Chen even said that he knew very well what the Divine Worker Supreme would face when he went to the Human Race Council, and he was afraid that he would encounter troubles from other Human Race Supreme.

The previous arrival of the law enforcement team and the Lord of Tianhe is enough to explain everything.

"It's okay, isn't it the Human Race Council? Actually, it's not a big deal. I've been repelled by me without seeing the Lord of Tianhe." Shen Gong Zhizun laughed, "If the ancestor \*\*\*\* dares to embarrass me, see how this seat teaches him."

Qin Chen frowned: "The ancestor \*\*\*\* is..." "Oh, forget you don't know, the ancestor \*\*\*\* is the former leader of our human race, one of the top powers who led the human race against the demons in ancient times, but well, you too I see, under his leadership, my human race was suppressed by the demons with shit

Same, cough cough, praise him for shit. "

Shengong Zhizun chuckles: "Later, Xiaoyao Zhizun made a move, so that our human race had room to breathe. Because Xiaoyao Zhizun's reputation was too high, the ancestors were always upset with Xiaoyao Zhizun."

"No, it should be prepared to take my surgery, but it is actually aimed at Master Xiaoyao."

Qin Chen: "..."

He felt that Shengong Supreme was a little swollen. The ancestor \*\*\*\* was a guy who could wrestle with Xiaoyao Supreme, but Shengong Supreme didn't even pay attention to the ancestor god. What is this expansion?

"The junior, then go with you." Qin Chen said solemnly.

"Qin Chen!" Ji Ruyue's people suddenly changed color.

It's also dangerous to go with the supreme divine work, isn't it even more dangerous when Qin Chen goes?

"Oh, are you sure?" Shen Gong Zhizun laughed.

"Naturally determined." Qin Chen also smiled: "The Human Race Council, the disciple wants to see what place it is. Moreover, the disciple is already a powerful Tianzun now, should he be qualified to go to the Human Race Council to take a look?"

"Qualified, naturally qualified."

Divine Worker Supreme smiled, "If you want to go, you can go naturally."

"Then we have to go too."

Ji Ruyue, Ji Wuxue, and Eternal Sword Master all spoke together.

"Never mind the three of you." Shengong Supreme shook his head.

Ji Ruyue's three people suddenly changed their colors, especially Ruyue. She just met Qin Chen, is she going to be separated?

In the heavens, the black slaves and others also quickly approached, with a worried expression on their faces.

"It's not that you are not allowed to go, but there are more important tasks left to you." Shengong said.

"A more important task!" Ji Wuxue was puzzled.

"This is the heaven!"

Shen Gong Zhizun raised his head and looked at the heavens, "Today's heavens have been repaired very strong enough to allow the powers of the heavens to enter. Once I wait to leave, I am afraid that it will not be long before all major forces will have heavenly masters."

"At that time, the heavens will not talk about chaos, but conflicts will inevitably occur, because the heavens are a treasure house for this group of people."

"I remember that you have established a power in this celestial realm. What is it called Chendi Pavilion?"

"If these powerhouses enter, you Chendi Pavilion, I am afraid that you will suffer first."

Suddenly, the black slaves and others in the rear changed color.

"Therefore, you need to stay. With the strength of the three of you, it is enough to guard this heavenly realm, and I hope that we will also formulate the rules of this heavenly realm."

The supreme divine workmanship reveals the essence.

Ji Wuxue was stunned, "Shall we make the rules?" Shen Gong Zhizun laughed: "Is there anything wrong? Heaven, we repaired it. In terms of strength, are you guys still afraid of other Tianzun strong? And you Eternal Sword Master, right? The forbidden area of Tongtian Sword Pavilion will inevitably be coveted by other strengths.

If you don't guard, who will guard? "

Eternal Sword Master's eyes sank.

If there is a strong person who dared to break into the forbidden area of his Tongtian Sword Pavilion, he would dare to desperately.

"So you must stay."

"but....."

"It's nothing." Shengong said.

At this time Qin Chen smiled and said, "Master Shen Gong, since you let Wuxue and the others stay and guard the heavens, you can see that Wuxue and the others don't even have any treasures on them, do you think..."

Shen Gong Zhizun looked at Qin Chen speechlessly, this kid was pitting himself again.

Whoosh! Whoosh! Whoosh!

As soon as the Supreme Divine Workman raised his hand, three treasures exuding a terrifying aura flew out from the hidden treasure hall.

It is two sharp swords and a long whip.

These three treasures all exude a terrifying aura, and they are all the pinnacle heavenly treasures.

"Okay, these three treasures were given to you by me. With this treasure, your strength should be improved a lot."

Among them, two sharp swords, one is like moonlight, the other is sharp and sharp, respectively given to Ji Ruyue and the Eternal Sword Master, while the other black whip is given to Ji Wuxue.

This long whip was lifeless and contained the breath of death, but it was similar to Ji Wuxue's power.

Suddenly getting the three Peak Heavenly Sovereign Treasures, Ji Wuxue and the others were a little confused.

This is the pinnacle heavenly treasure that some top heavenly powers covet, so just give it to them? When Qin Chen saw this, he smiled at the Supreme Master of Divine Work and said, "Master of the Divine Work Hall, the three of them have it. You see, there are still many venerables in the Chendi Pavilion. They have also done something to restore the heaven. Contribute less, many of them are also venerables, you work as a god

Lord, do you think there must be some meeting ceremony or something? "

Qin Chen looked at Chaos Duzun and others not far away.

"You kid..."

The supreme divine work is speechless.

"Master of the Palace of Divine Work, you see that you are also a supreme powerhouse. Those ordinary treasures of the venerable are actually useless for you. Why are they so stingy?" Qin Chen smiled.

Shen Gong Zhizun was too lazy to talk nonsense, and raised his hand.

Wow!

In the Treasure Treasure Hall, pieces of treasures flew like a long river into the hands of black slaves and others.

hiss!

The black slaves felt the treasures in their hands, and each took a breath, which was too strong.

Qin Chen frowned, "Master Shengong Hall, you are the Hallmaster of Heavenly Work, do you think it's too shabby? The treasures that are given away are all earthly treasures? Heavenly treasures are all treasures. Not one?"

"Fuck off."

Shen Gong Zhizun directly scolded: "I want to give it to you. It's really... you don't feel bad about spending other people's things, right."

"Hey, how come?" Qin Chen saw that the Supreme Master of God did not take it out, and said with a smile: "Don't thank the Master of Master of God."

"Thanks to the Master of God's Work."

The black slaves said excitedly.

"Okay, don't come to this set, let's go."

Shen Gong Zhizun faced Qin Chen.

"Master of the Holy Work Hall, please wait a moment."

Qin Chen flickered, came to Ru Yue, and took Ru Yue's hand.

"dust!"

Kisaragi worried.

"Don't worry, I won't be okay. Who is the Supreme Master? Lao Yin is better than one, he dares to go, he must be fine, but you are here, I am a little worried." Qin Chen raised his hand, a blood The light suddenly appeared, turned into a blood bracelet and fell on Ji Ruyue's hand.

### [Chapter 4378: Covenant three](#)

"Sacred Ancestor of the Blood River, you stay in the heavens to protect Ruyue and them, and I will come back and take you away." Qin Chen said in a deep voice.

"Yes, sir." The Blood River Saint Ancestor who turned into a blood bracelet said respectfully.

Qin Chen felt much more relieved with the Blood River Saint Ancestor here.

In the heavens, the Supreme cannot enter, not to mention the Supreme, the half-step Supreme cannot enter either. Since the blood river ancestor has not fully recovered and his body is mutilated, he can survive in the heavens. Unless there is a supreme powerhouse who is willing to explode his body and enter in a spirit state, he can threaten Ruyue and the others. Otherwise, the blood river ancestor is here.  
Days

Respect, Qin Chen is not worried.

"Dust, you must be careful." Ji Ruyue hugged Qin Chen, tears fell, and suddenly kissed Qin Chen.

Feeling the strong love on Ruyue's body, Qin Chen also kissed Ji Ruyue abruptly.

boom!

The breath of the two erupted and merged together to form a picture derived from chaos.

hiss!

In the distance, many strong men sucked in air-conditioning and kissed them. This movement is too loud, right?

The Supreme Master also showed a hint of consternation: "Soul resonance? The souls of these two guys fit together well?!"

He couldn't help looking at Ji Ruyue, and muttered: "This guy has a future."

"Huh, it's time to show affection!"

Not far away, Murong Bingyun pursed his mouth and said uncomfortably. While talking, he couldn't help licking his tongue.

"Kiritsu, I am leaving, be careful and rest assured, I will be back soon."

Whoosh!

Immediately, Qin Chen shook his figure and entered the treasure hall, while Shengong Supreme shook his figure with the treasure hall, and suddenly disappeared into the void without a trace.

"Qin Chen, you must be careful."

Ruyue looked at the direction Qin Chen was leaving and shouted, tears streaming down her face.

The Human Race Council, that is the highest place of the Human Race Alliance, if Qin Chen and the others go there, even if there is a supreme divine workmanship, they will definitely be targeted.

"Mother, don't worry, your lord must be fine." Saint Ancestor of Blood River glanced at his mouth and said.

"Go... gone?"

In the distance, many Heavenly Venerables of the major forces saw Qin Chen and Shengong Zhizun leaving directly, all of them were shocked. Before the matter of the heavens was settled, Shengong Zhizun left?

Are you afraid of being entered by them?

Could it be that the Supreme Master of God's Work was really just preventing them from entering the heaven, causing the heaven to be destroyed, and

The powerful Tianzun of many forces glanced at each other, and there was enthusiasm in their eyes.

"Hahaha, since the Supreme Master of Craftsman has left, let's go, it is better for me to wait to enter this heavenly realm."

"For so many years, the heavens cannot be entered, and I did not expect this seat to become one of the first heavenly beings to enter the heavens today."

"Hahaha, go!"

Whoosh whoosh!

A strong man of the top celebrity power, with many strong men, rushed to the heaven.

However, they haven't completely entered yet.

boom!

Several figures appeared and stopped them instantly.

The expressions of many Tianzun powerhouses present changed: "Huh? What are you doing?"

"Several people, such as the restoration of the world today, all major forces can enter the heavenly world, but to enter the world, three chapters must be agreed."

Ji Wuxue stepped forward and said coldly.

"Three chapters?"

"Hahaha, why?"

"Who will make three chapters with us, are you?"

A group of strong people present burst into laughter.

Are these guys in the heavens, idiots?

The Supreme Master of God Workers is gone, they are not obediently obedient, or just hide, and they dare to stop their three chapters of the arrogant contract, which is ridiculous and makes people laugh.

These guys, why, what qualifications do they have to make three chapters with them?

"Go away!"

You Tianzun coldly shouted: "Seeing that you are people who work in heaven. I heard that you have also contributed some to the restoration of the heavens. Quickly let go. I won't be held accountable. Otherwise, I won't blame me for waiting."

This Heavenly Lord exudes a terrifying aura, rumbling, and suddenly, the terrifying power of Heavenly Lord diffuses out like a vast ocean.

If the supreme divine workman is there, they naturally dare not be arrogant, but the supreme divine workman is not here, these guys also want to stop them, isn't this asking for their own death?

"Wow!"

While talking, this Tianzun took the people under his command and flew straight towards the heaven.

However, Ji Wuxue stopped him and said coldly: "It's not three chapters of the law, the heaven is not like this."

"court death."

Zun was angry this day, and he didn't know where the guy who ran out dare to stop him like this.

Hum!

In his hand, a battle axe suddenly appeared in his hand. Boom and swing the battle axe, directly erupting the heavenly killing intent. The vast battle axe turned into a ten thousand-foot-sized pillar, and the bad weather broke out in an instant, attacking Ji Wuxue boldly. Falling.

I don't know the guy who is tall and thick, looking for death!

However, Ji Wuxue moved before the battle axe was smashed down. Om, in his hand, the black battle whip appeared, filled with death, turned into a death domain, and slashed directly at Tianzun with a whip.

With a puff, the shadow of the sky axe was instantly smashed and shattered, and then the black death whip severely slammed on the body of the \*\*\*\* of the day, turning the body of the person who had been directly drawn back, and his body armor was instantly shattered.

One hit, a second kill!

That day, Zun flew out, vomiting blood violently, the breath on his body continued to fall, his eyes were frightened, and endless fear was revealed.

It was too strong, and it defeated him with just one blow.

hiss!

In the distance, the other Tianzun also changed color, staring at the black long whip in Ji Wuxue's hand.

"Peak Heavenly Sovereign Treasure?"

At the moment Ji Wuxue took the shot, they felt a terrifying breath of Heavenly Venerable Treasures permeating out, which instantly shocked everyone's hearts.

Pinnacle Heavenly Sovereign Treasure, this is a treasure coveted by the ancestors of the human race's top Heavenly Sovereign forces.

"Arrogant, take him down!"

The injured Tianzun master's eyes were frightened, and he roared and roared.

"Young man, you are too crazy, maybe, the restoration of the heavens is related to you, but the heavens belong to the whole human race, not just to you."

An old voice sounded, and an old man walked out from the crowd, with a terrible sacred breath surging from his body.

"Vice-master of the Holy Word of the Holy Temple!"

Some strong people sucked in air-conditioning.

The holy temple, the top level of the human race, is not weaker than the existence of forces such as the Star God Palace. Its elders are generally the strong of the sky, and the deputy leader level is even the strong of the late sky, and the strength is extremely terrible.

As soon as this person came out, the court suddenly became silent.

The deputy leader of the Holy Word is definitely the many deities present, the top ones.

"The heaven does not belong to us, but it is not yours either. It's the same sentence. If you want to enter the heaven, you need three chapters." Ji Wuxue said indifferently, not because the opponent is a late-stage Tianzun, but he doesn't shrink in the slightest.

"Haha." The vice-master of the Holy Word smiled angrily: "Young man, then tell me how to make three chapters." "It's very simple." Ji Wuxue said: "First, after entering the heavens, try to keep peace as much as possible. The requirements of Tianzun-level powerhouses are not allowed."

#### [Chapter 4379: Book of the Holy Word](#)

"Hahaha!"

Everyone laughed.

Tianzun strong, can't do it? Who does he think he is? Take care of all Tianzun?

Even if the general Tianzun is in charge of him? Where is the top heavenly power? Where is the Heavenly Sovereign of the Supreme Force? Can he manage it too?

Ji Wuxue ignored the laughter of the people and continued: "Second, you must not arbitrarily deal with the people of the heavens. Unless the other party actively provokes them, you should not slaughter the people of the heavens at will."

"Hahaha!"

Everyone continued to laugh. The heavens are nothing more than the back garden of the human race. They are not murderous madmen, and naturally they will not kill people easily. However, in order to compete for some resources, get some treasures, or in order to make the thoughts more accessible, how can you kill some people casually?

How?

ridiculous.

"Third, you must not wantonly destroy the original ecological environment of the heavens, you can explore the relics, but you must not break into the forbidden area of the Tongtian sword pavilion and other areas where you belong."

"Hahaha!"

Everyone continued to laugh.

Can't break into the forbidden area of Tongtian Sword Pavilion?

What they want to enter is nothing more than some top-level relics, and relics like the Tongtian Sword Pavilion Forbidden Land are naturally what they look forward to most. If they must enter it, how can they easily agree not to enter.

The vice-master of the Holy Word sneered and boomed. He walked out with a terrible aura blooming on his body, "Funny, the heavens are the human heavens, not your family, who can you represent?"

"I represent Chendi Pavilion!" Ji Wuxue said coldly.

"Chendi Pavilion, never heard of it!"

The Vice-Master of the Holy Word sipped coldly, "Go away!"

The power of sacred light burst into his body, and a terrifying sacred power surged out, and suddenly, the terrifying aura soared to the sky, instantly enveloping Ji Wuxue.

Heavenly power.

And it is the power of the late Tianzun.

Strong and terrible.

The deputy head of the Holy Words of the Holy Temple asked before, and just wanted to hear how Ji Wuxue would answer. Unexpectedly, the other party was so arrogant that he actually made three agreements, which is ridiculous.

Who does he think he is?

The power of the holy words lingered one after another, and instantly swept across to Ji Wuxue, carrying the terrifying power of the late Heavenly Lord, enough to suppress everything.

"Hmph, if you don't obey the agreement, you can't enter the heaven."

Ji Wuxue's eyes were cold and did not retreat. The long whip in his hand swept away suddenly, banging, and the terrible power suddenly blasted towards the vice-master of the word, and the air of death was filled.

"My palm is dead."

Ji Wuxue drank coldly, the death aura, the power of the sacred light released from the deputy leader of the Holy Words, all drew away.

Upon seeing this, the vice-master of the divine words changed his complexion slightly, but he kept moving forward, coldly said: "Do you think that only you have the treasure of heaven? The book of divine words!"

A book exuding sacred light appeared in the hands of the Vice-Master of the Holy Word. The book of the Holy Word exuded a terrible body breath, forcing away the breath of death.

"It's the late Heavenly Sovereign Treasure-Book of Holy Words!"

Many people are excited.

The Book of the Holy Word, the top treasure of the Holy Temple, is infinitely powerful, and it is also the famous treasure of the vice-master of the Holy Word.

According to rumors, the vice-master of the Holy Words was able to break through the later stage of the Celestial Realm by comprehending the profound meaning of the book of the Holy Words. Now it is displayed, and the power is immediately amazing.

"Young man, you are still too young. Relying on the weapon of God, you think that everything is omnipotent. Today, this seat will teach you how to behave! The book of sacred words, teaches the savages, drink hair and blood, and belongs to me. teach."

"Bring it to me!"

boom!

The Book of Sacred Words bloomed with a sacred breath, turned into a series of runes, covering a world, wrapping the death whip in Ji Wuxue's hand, actually wanted to take this death whip and take it into his own hand. .

Although this long whip contains the aura of death, it is completely different from the aura of their holy temple, but no one will think that the treasure is too small. As long as it can be obtained, there are naturally countless forces in the human race that covet it and can easily exchange for other top treasures.

"Ji Wuxue!"

When the Eternal Sword Master and the black slaves behind Ji Wuxue saw this, their expressions changed, and they were just about to step forward to assist. Suddenly, the Eternal Sword Master stopped everyone: "You return to the heavens, just a few clowns, Brother Wuxue himself Can be resolved."

As he was talking, he saw a terrible aura rising from Ji Wuxue.

"Hahaha, to teach the wilds, you are the only one who is worthy to teach others? I am an ancient race, and chaos is me!"

boom!

Ji Wuxue suddenly yelled, and in his body, a billowing breath of death filled his body, and accompanied by the breath of death, there was also a terrible chaotic breath.

Roar!

Vaguely, everyone seemed to hear the sound of a dragon chant, and a dragon shadow exuding a cold air appeared on Ji Wuxue's head.

It is a black candle dragon beast.

As soon as the shadow of the black candle dragon beast appeared, the atmosphere of the world and the earth changed drastically. The dragon shadow in the void opened its huge mouth and sucked violently.

The sacred power that was suddenly rolled was sucked into the body by the dragon shadow, and it disappeared instantly. Two nets.

The black candle dragon beast was a creature that came out of the chaos when the universe was opened up. It is one of the ancient chaos gods and demons. Unless detached, who is qualified to teach these ancient chaos gods and demons?

"what?"

The vice-master of the Holy Words stepped back again and again, and his sacred power of the Book of Holy Words was broken. How could it be possible?

"What book of holy words, get out."

With a move to clear all the sacred light, Ji Wuxue stepped forward and shouted coldly. The black whip slammed into the scroll, banging, directly into the scroll of the holy words, swish the holy words The book was looted from the hands of the deputy leader of the Holy Word.

"Return my treasure."

The Vice-Master of the Holy Word rushed over like crazy. This was his famous treasure. After losing the Book of the Holy Word, his combat power had dropped by at least 50%.

However, the black candle dragon beast phantom vibrated lightly and shook him out. With a bang, the vice-master of the Holy Word was blasted out, and blood overflowed from the corner of his mouth. The power of the black candle dragon beast can make Ji Tianguang and other powerful people break through the supreme realm of the top source power. The vice-master of the Holy Words was not an opponent in the heyday of the Book of the Holy Words. Now that the Book of the Holy Words is lost, naturally Was easily shaken out,

Not an opponent at all.

"Associate Master!"

A group of people behind the vice-master of the Holy Word rushed up and supported him. They were other strong men in the holy temple.

However, the vice-master of the Holy Word was defeated, how dare they do it.

"The holy temple disobeys the rules of the Chendi Pavilion and deprives it of the right to enter the heaven."

Ji Wuxue put away the Book of Holy Words and said coldly.

"you....."

The vice-master of the Holy Word was furious.

"Everyone, what are you waiting for? This celestial realm is not the celestial realm of his Chendi Pavilion, but all of our human race. What qualifications do they have to occupy the celestial realm, let me wait to obey the rules." The vice master of Shengyan suddenly shouted sharply. , Shouted loudly at the human heavenly experts who were successively present.

## [Chapter 4380: Heavenly people](#)

"Yes, kill them and enter the heaven."

"Hmph, there are many treasures in the heavens. These guys have occupied the heavens for so many years, and there must be many treasures on them. As long as I kill them, I can get many treasures from the heavens and strengthen myself."

A famous master screamed.

This is agitating.

Although many people know the command of the Vice-Master of the Holy Word, there are still some powerful people who secretly shouted and shouted.

Because even the deputy leader of the Holy Word is not an opponent, obviously, they can't be an opponent either.

But no one of them wants to follow the rules, so as long as they get confused, they don't believe that the Chendi Pavilion can block so many of them. When the time comes, they will naturally be able to fish in troubled waters.

"kill!"

Even the Vice-Master of the Holy Word rushed up first and took the lead, because he knew that if he didn't do it, others might not be encouraged to do it first.

Sure enough, as soon as the deputy leader of the Holy Word took the people from the holy temple, all the other powerful people on the scene moved, banging, and killing them quickly.

It is most appropriate to take advantage of the chaos.

In an instant, dozens of powerful people came to kill. Among these powerful people, there were Tianzun, Earthzun, and others, but there were very few people. Earthzun accounted for the majority. Tianzun was the leading group, and there were seven. Eight people.

This group of people shot together, and the power caused by them was simply shocking.

Among these people, a flash of soul power suddenly spread quietly, and with blood, the message swept to Ji Wuxue. It was the Heavenly Sovereign of Bloody Battle of Yuanjiao that day, and only one soul remained in the vicinity that had been bombarded and killed. He wanted to reconcile a physical body. He had seen Ji Wuxue's terrifying power before, and he suddenly moved in his heart, waiting to seize the opportunity.

Seize Sheji without snow.

"not good."

The black slaves and others in the distance suddenly showed their worries, and they wanted to kill them one by one.

"Don't move, just leave it to me."

Suddenly, the Eternal Sword Master gave a cold snort and stepped forward.

When the voice fell, he suddenly drew his sword.

Hum!

The sound of a sword blasted into the sky, and the figure was like a sword light, straight into the crowd!

"who?"

In the crowd, someone screamed.

boom!

A piece of sword light suddenly erupted from the void, and in an instant, the entire void directly turned into ashes, and all the strong in the field retreated violently.

At this moment, countless sword lights suddenly burst from the field. In an instant, the space of tens of thousands of miles was directly cut into countless pieces!

All the strong are horrified and retreat again!

The Vice-Master of the Holy Word in the crowd also retreated violently. At this moment, he was shocked!

boom!

Among them, a sword light slashed directly and directly slashed on his body along the path of his retreat.

puff!

A sword mark appeared directly on his chest, blood spurted out of his mouth, and he retreated in embarrassment.

One sword!

He was seriously injured.

Even if he lost the Book of Heavenly Sovereign Treasures and Holy Words, he was still a late-stage Heavenly Sovereign level powerhouse, and was seriously injured by Yijian?

Who is the other party?

The other powerhouses also retreated crazily at this moment, vomiting blood one by one and retreated under the full sky of sword aura.

One sword!

Repulsed dozens of powerhouses, among them there were seven or eight Tianzun powerhouses, which made the other powerhouses who hadn't moved change their colors, revealing amazement.

This person is so strong!

Is it the pinnacle of heaven?

The Eternal Sword Master slashed back many strong men with a single sword, and suddenly pierced out with a sword.

He had already felt the danger and stepped back for the first time, but he did not expect that he was caught by the other party, and he cut a terrible sword aura on his soul body, which was to put him to death.

"Stop, I'm the person of Tianyuan Sect..."

Bloody Battle Tianzun let out a sharp roar.

However, he was just a remnant soul, how could he withstand the sword light attack of the Eternal Sword Master, with a snorted sound, the Eternal Sword Master's sword light fell, and the \*\*\*\* battle Tianzun directly annihilated his soul and turned into nothingness.

Cang Dang!

A strong Heavenly Venerable fell, and the heavens and earth rumbling loudly, everyone felt an aura emanating from the heavens, instantly absorbing the power of the Heavenly Venerable Bloody Battle Heaven and integrating them into the rules of the heavens.

This celestial realm is actually absorbing the power of the powerful dead around and strengthening itself.

This is natural, Venerable, originally for the universe, heaven and earth will not tolerate, and when Venerable falls, the universe will be replenished.

However, this move shocked the others around.

Bloody Battle Tianzun, dead!

He is a member of the Supreme Force Tianyuan Sect.

Previously, the \*\*\*\* battle Tianzun provokes the Supreme Master, and the Supreme Master only annihilates his physical body, leaving his soul to be blasted to a remnant soul. At first, everyone thought that it was because the law enforcement team took action that the Supreme Master of God did not have the opportunity to kill the \*\*\*\* battle Tianzun. Later, when the Supreme Master of God and the Lord of Tianhe fought against each other, everyone understood that it was not that the Supreme Master could not, but He doesn't want to stop

Up.

After all, the Bloody Battle Tianzun is a person of the Tianyuan Sect.

But now, this remnant soul of Bloody Battle Tianzun was actually beheaded by the person in front of him.

This.....

are you crazy?

"Your Excellency, what a cruel heart, actually beheaded my human Tianzun, do you know what a crime this is?"

At this time, a cold voice sounded, booming, and a towering figure came in the distance.

This person exudes a terrible aura, giving people an extremely oppressive feeling. There is a special force in his body that dissipates, as if it is a god.

"Heaven and Human Race!"

The strong are horrified.

The Celestial Race is a branch of the Human Race, just like the Ancient Race and Giant Race, it is a supreme power.

The person of the heavenly human race in front of him, with a strong aura, is the patriarch of the heavenly human race, the powerhouse of the pinnacle of heaven, and he belongs to Hong Tianzun!

It is rumored that this belongs to Hong Tianzun. He has reached the peak of Tianzun realm with his cultivation base. He has been working hard to move towards the Supreme realm. It is similar to the existence of the Star God Palace Lord and the Void God Temple Lord.

As soon as Gui Hong Tianzun came, everyone on the court retreated, including the late Tianzun such as the Vice-Master of the Holy Words, and gave way.

"This person, if he wants to take away my friends and me, isn't he also trying to kill my strong human race?"

The Eternal Sword Master snorted coldly: "I have always had only one purpose. People don't offend me, I don't offend people. If people offend me, they will be returned a hundred times."

"It's a hundred times back." Gui Hong Tianzun walked slowly and said lightly: "But many people present have never offended you? What is your reason for making the move?"

"To enter the heavens, you must have three chapters, and you must not enter the three chapters." Eternal Sword Master said coldly.

"Hahaha, arrogant." Guihong Tianzun suddenly sneered: "Heaven is the heaven of the human race, even the heaven of the ten thousand races, you tell me-why?" One of them sounded like thunder.
