

Valkyrie 4381

[Chapter 4381: Gui Hong Tianzun](#)

"Because I am a member of the Heavenly Sword Pavilion, and the Heavenly Realm is Xiaoyao Supreme, Divine Work Supreme and they exhausted their efforts to reconcile, and with this Heavenly Realm, I waited for the Chendi Pavilion to spend countless hours to repair this point!"

Eternal Sword Master said coldly.

"Are you... from the Tongtian Sword Pavilion?"

Gui Hongtianzun's eyes condensed, and there was a hint of surprise in his eyes.

The other strong people around are discolored.

Tongtian sword pavilion, that is the top power in ancient times, and now, it can definitely become a human leader-level existence, but it's not that this Tongtian sword pavilion has been destroyed, how can anyone pass it down?

"No wonder!"

Gui Hong Tianzun said solemnly: "If you are really a disciple of the Heavenly Sword Pavilion, you are indeed qualified to say that."

Other forces may not understand, but Gui Hongtianzun, as the Patriarch of the Supreme-level forces, naturally knows many secrets.

In ancient times, if it hadn't been for the Heavenly Sword Pavilion and other forces, this celestial realm would have fallen into the hands of the demons long ago.

"However, even if you are a member of the Heavenly Sword Pavilion, this celestial realm is also the celestial realm of the human race, not your Heavenly Sword Pavilion.

Gui Hongtianzun stepped forward with a cold tone.

"Chang!"

The Eternal Sword Master directly erected a sharp sword, without any words, some, just the boundless and terrifying sharp sword intent, soaring into the sky.

What are you doing with so much nonsense?

In this world, heroes are never judged by reason, but by strength.

"Very well, let me learn from the legend that the top power in the ancient times is terrible, I hope you don't let me down."

When the voice fell, the distant Guihong Tianzun suddenly turned into a phantom and disappeared in place. In an instant, the entire sky was covered with the afterimages of Guihong Tianzun, blooming with divine light.

Upon seeing this, the main eyes of Eternal Sword were expressionless, and his eyes slowly closed. He slowly raised the sword in his right hand, and then shook slightly. In a flash, tens of thousands of illusory sword aura appeared behind him!

The Eternal Sword Master took a step forward and swung his sword down, "Cut!"

cut!

The sound fell, and the tens of thousands of Qi swords behind the Eternal Sword Master burst out suddenly.

Chi Chi Chi Chi Chi Chi...

In an instant, the entire void began to be shattered inch by inch, and countless sword lights sputtered around like fireworks.

At this moment, Tianzun Guihong suddenly appeared in front of the Eternal Sword Master, and the Eternal Sword Master drew his sword abruptly.

Gui Hong Tianzun pointed out, there was a bright river above his fingertips!

Long river bursting volume!

Boom!

The void instantly turned into nothingness, and the two retreated violently at the same time!

However, Tianzun Guihong stopped after taking dozens of steps. He looked at the Eternal Sword Master who was still retreating in the distance, took a step forward, and gently flipped his right hand, "Heaven and man are always separated!"

As soon as the sound fell, a strange scene appeared!

I saw that the eternal sword master who had retreated suddenly seemed to disappear into the void, cut off by an invisible force, shrouded in general, and became illusory.

In this illusion, Guihong Tianzun's figure swayed and appeared strangely in front of the Eternal Sword Master, as if entering another time and space. In another time and space, Gui Hong Tianzun pointed to the Eternal Sword Master between his brows.

Inevitable.

In this time and space, Tianzun Guihong looked like a god.

This is the natural and supernatural power of the Celestial Race.

Seeing that the Eternal Sword Master was about to be hit, at the critical moment, a terrifying sword power suddenly burst into the Eternal Sword Master's body.

Hum!

The sound of a sword sounded suddenly, and at the same time, a sword pierced directly on Guihong Tianzun's fingertips.

Boom!

The entire void trembled violently, and the state of 'Heaven and Human Being separated forever' was instantly torn apart, but the Eternal Sword Master still retreated quickly in the void, his body fluctuating continuously, and withdrew thousands of miles.

After stopping, the Eternal Sword Master looked at Guihong Tianzun far away, and the corners of Guihong Tianzun's mouth filled with disdain, "Is that all?" Below, Ji Ruyue's voice of the Holy Ancestor of the Blood River resounded in his mind: The talent and supernatural powers are very special. Under special conditions, they can weaken any power. No wonder the eternal sword master will be repelled. His sword intent is very strong, but in that special state

In the state, but can't display the real strength, so it will be repelled. "

"Of course, it is also related to the main cultivation base of the Eternal Sword. Although this person's cultivation base is a little higher than yours, it is comparable to the late Heavenly Venerable, but that day the Human Race's Guihong Tianzun was almost touching the threshold of the Supreme!

Touch the threshold of supreme? !

Ji Ruyue's face sank!

This guy from the Celestial Race is so terrifying, in a situation higher than the realm of the Eternal Sword Master, and has special magical powers, how should this be good? !

The Eternal Sword Master is already the strongest one of them on the scene, and although she and Wuxue have also broken through the Heavenly Sovereign, in terms of strength, they should be a bit weaker than the Eternal Sword Master.

After all, it didn't take long for them to break through the Celestial Venerable. If they were given enough time to consolidate their cultivation and break through to the later Celestial Venerable, they would not be afraid of each other at all. They were more talented and supernatural than their ancient tribe.

But now, their realm is still a little low, even if they break through the Heavenly Lord, they are still a little low.

In the sky, the Eternal Sword Master looked solemn, and suddenly walked slowly towards Guihong Tianzun, one step at a time!

boom!

A monstrous sword force swept towards Gui Hongtianzun's forehead like a flood, and in an instant, the entire void boiled again!

In the field, as this powerful sword appeared, everyone felt an invisible pressure!

Below, everyone looked at the Eternal Sword Master in the distance. Vaguely, everyone saw that in the Eternal Sword Master's body, there seemed to be an invisible sword body formed, exuding an aura that shocked the universe.

What power is this?

Everyone was amazed, and the Eternal Sword Master actually had to fight under this situation.

Are you afraid of death?

"Huh, Ming is stubborn."

Opposite the Eternal Sword Master, Gui Hong Tianzun waved his sleeves, and the powerful sword force released by the Eternal Sword Master was directly resisted by an invisible force.

The power vibrated violently, making a clicking sound.

At this time, the Eternal Sword Master suddenly became illusory!

laugh!

A sword suddenly came in front of Gui Hong Tianzun!

This sword contains an extremely domineering sword power.

However, this sword directly pierced the air!

The space where the tip of the sword fell was directly annihilated!

Tianzun Guihong has disappeared!

In the field, everyone was a little confused.

Ji Wuxue and Ji Ruyue also widened their eyes, where did this guy go?

At this time, the voice of the ancestor of the blood river rang from Ji Ruyue's mind again, "Heaven and Human Race, can enter another cosmic dimension, this eternal sword master is in trouble..."

At this moment, the eyes of the Lord of the Eternal Sword suddenly shrank, and he suddenly turned around with a sword.

laugh! Cut it down with a sword, and saw a sword light falling from the sky, fierce and domineering, as if to separate the world!

[Chapter 4382: Blood River shot](#)

puff!

However, this sword still cuts the air!

At this time, the Eternal Sword Master suddenly retreated violently, and in the process of retreating, the sword light all over his body disappeared little by little!

Seeing this scene, Ji Ruyue's face was difficult to look. At this time, the voice of the blood river ancestor sounded from her mind again, "The Eternal Sword Master has been suppressed, he... eh?"

At this time, the Eternal Sword Master suddenly screamed, and the nihilistic sword in his body merged with the treasure in his hand. The next moment, his body exuded a terrible kendo power, and he slammed in front of him. .

boom!

Where the sword fell, the entire void was directly dark, as if the sky was falling.

Boom!

A thunderous roar suddenly sounded from a distance. At this moment, a figure appeared in the field, and it was Tianzun Guihong!

Tianzun Guihong looked at the eternal sword master, with a solemn expression: "You can actually break through my barrier, what kind of power is this...?"

The Blood River Saint Ancestor was also surprised: "This power is powerful, can it be that this is the sword power that Jian Ancestor said?"

"Sword force?"

Ji Ruyue murmured, because she was also a kendo master with a natural sword body. At the moment that sword was cut out, she felt a terrible suppression force, and the treasures in her hand were roaring.

"No matter what power it is, it is enough to suppress you." Eternal Sword Master said coldly.

"Arrogant."

Gui Hong Tianzun drinks coldly.

The sword aura in the main body of Eternal Sword roared, he looked at Guihong Tianzun, "Come again!"

The voice fell, and he suddenly disappeared in place.

boom!

A ray of sword light tore through the field!

In the distance, a touch of disdain appeared at the corner of Guihong Tianzun's mouth. He took a step forward, and the rays of light in his body condensed. It was the special magical power of their celestial race. This power quickly merged into his right hand.

On his right hand, a series of shields appeared, and he slammed forward with a punch.

boom!

The two forces collided, and suddenly a shocking roar was raised.

Boom!

The whole void directly boiled, and then annihilated little by little!

boom!

Tianzun Guihong and the Eternal Sword Master quit together, the sword light in the main body of the Eternal Sword trembled and fainted, and there was a feeling of shattering, but it soon reconsolidated, and Tianzun Guihong spit out blood. he is injured!

In the distance, many people sucked in air-conditioning.

Wonderful, wonderful.

Compared with the confrontation between other Tianzun powerhouses' origins and rules and supernatural powers, the confrontation between the Eternal Sword Master and Guihong Tianzun was too sharp. One move, one move, seemed ordinary, but it shocked the heavens.

How overbearing to cut through the ages with one sword.

However, the injury of Guihong Tianzun also changed everyone's color.

The two sides are evenly matched, and there is no way to see which one is strong or weak.

That Eternal Sword Master is actually equivalent to Guihong Tianzun's strength?

Many people secretly changed their hearts, but fortunately, they hadn't taken any action before, otherwise they would be finished, and would definitely be beheaded by the Eternal Sword Master.

Tianzun Gui Hong wiped the blood from the corner of his mouth, and he stared at the Eternal Sword Master, his eyes cold: "You actually hurt me."

He exploded with that sword, but the terrible sword power entered the body, and he was still injured. Fortunately, the main cultivation base of the Eternal Sword is not high. If the cultivation base is equal to him, I am afraid that this sword will be enough to cause him serious injury. , And even fall.

Is this guy so strong?

Awesome, worthy of being the descendant of the Heavenly Sword Pavilion.

Holding a sharp sword, the Eternal Sword Master said coldly: "What if I hurt you? If I break into the heaven without respecting the rules, what if I kill you?!"

Arrogant, domineering!

"Haha, just rely on you?" Gui Hongtianzun narrowed his eyes and sneered. The next moment, he turned his head, "Everyone, what are you waiting for? Do it together!"

Ok?

As soon as this statement came out, everyone present changed color.

Did they get it wrong? What are Guihong Tianzun talking about, let them take action together?

This... isn't it just a one-on-one match?

"People of the Celestial Race, let me take action. Those who don't take action today are not qualified to enter the heavens below."

When the voice fell, Tianzun Guihong suddenly moved. Boom, his figure shook, and he directly killed the Eternal Sword Master.

In the distance, Ji Ruyue and Ji Wuxue suddenly changed colors.

On this day, the human race returned to Hongtian respected the despicable means, first singled out, but failed, then swarmed up.

"on!"

As soon as Gui Hong Tianzun stepped onto it, other masters in the distance all shot one after another. The Holy Temple and other forces, who didn't want to take a share.

"Stop them."

Ji Wuxue and Ji Ruyue looked at each other, and moved together, banging, and the two shot out forcefully to stop everyone present.

However, the front is vast and there are too many strong people.

"Hahaha, this Chendi Pavilion still wants to stop me from waiting. If you don't understand it, cut it!"

The Vice-Master of the Holy Word shouted, arrogantly.

The Vice-Master of the Holy Word sneered in his heart, making you arrogant, you can deal with me, can you deal with everyone present? A dusty pavilion, does it want to be an enemy of the entire human race?

kill!

The vice-master of the Holy Word rushed to the forefront, murderous, and confronted Ji Wuxue, taking this opportunity to take back his own book of Holy Words.

"Block!"

Ji Wuxue and Ji Ruyue's faces changed slightly, but they did not back down.

Just when the two are about to make a move.

"Hahaha, mistress, let your subordinates take action!"

boom!

From Ji Wuxue's hands, a terrible blood swept away.

Wow!

The blood light turned into a terrifying river of blood, which spread out, and instantly enveloped the void.

"what is this?"

The face of the vice-master of the Holy Word and others changed drastically, shouted angrily, immediately punched out, and banged. The river of blood was instantly blasted away, but the river of blood continued to spread, like a sky, shrouded in it. The whole piece of void.

Including the Guhong Tianzun of the Celestial Race, it was the same, shrouded in this river of blood.

In an instant, hundreds of strong men surrendered in the river of blood.

"Ok?"

Gui Hong Tianzun frowned, ignoring a shot at the Eternal Sword Master, and suddenly punched the river of blood.

With a bang, the river of blood was surging and surging, but it did not retreat in the slightest. The power of the river of blood diffused and completely enveloped Guihong Tianzun.

At this moment, Gui Hong Tianzun felt completely trapped.

Whoosh!

He rose to the sky, trying to rush out of this river of blood, but no matter how he flashed, he couldn't rush out, as if he was completely trapped.

How can it be?

He changed color and was shocked.

"Hahaha, don't waste your time, in the realm of the blood ancestors, don't try to get out of trouble." A blood-colored figure emerged, standing proudly in the sky, like a god, looking down below.

hiss!

Everyone sucked in cold air, this power was too terrifying, although the blood shadow in front of me couldn't tell how powerful it was, but the breath was so shocking that even the pinnacle Tianzun also sucked in cold air, and the soul trembled.

Who is this?

"Huh, can't get out of it?"

Gui Hong Tianzun snorted coldly and shouted: "Heaven and man are forever separated!"

Hum! His body was illusory, as if he had entered another dimension, entered another void, and was about to leave the area covered by the blood river.

[Chapter 4383: Really not easy](#)

"It's ridiculous, what is the eternal separation of heaven and man, the stuff of children playing house."

The Blood River Saint Ancestor sneered, and the Blood River shook lightly. The next moment, with a bang, the void space shattered like glass, and a figure fell from it.

It is Gui Hong Tianzun.

"impossible!"

Gui Hong Tianzun's face was pale.

"Nothing is impossible. In the realm of the ancestors, your little pinnacle Heavenly Sovereign also wants to prestige? Go back."

boom!

A wave of blood blasted on Guihong Tianzun's body, and immediately blasted him out. The blood in his body surged, completely out of control, and he spouted blood.

This scene changed everyone's color.

Stronger than Guihong Tianzun, it is not an enemy of one move, what kind of ghost is this blood ancestor?

"Eternal Sword Master, who is this guy? Why have I never heard of it? Isn't it a member of the Demon Race? Could it be that your Chendi Pavilion and the Demon Race are united?" The Vice Master of the Holy Word shouted angrily, his eyes flashing.

This is to tag Ji Wuxue and the others.

"The ancestor is the supreme blood ancestor, the ancestor of the ancient clan, what demon clan is not a demon clan, the demon clan dare to come over, Lao Tzu killed him, as for you... Lao Tzu has long looked at you.

"dead!"

The Blood River Saint Ancestor gave a cold cry, and the Boundless Blood River instantly wrapped the Vice-Master of the Holy Word.

"Do not!"

The Vice-Master of the Holy Word let out a scream, his eyes were horrified, and he watched the blood in his body, splashing out all of a sudden, instantly collapsed, and his soul flew away.

"One by one little Tianzun, jumping up and down here, knowing whether to live or die." Blood River Saint Ancestor said coldly.

It's not pleasing to the other party.

"You... You killed the vice-master of the Holy Word of the Holy Temple?"

"Killing wantonly, aren't you afraid of being punished by the human race?"

Many people were inhaling air-conditioning, their eyes rounded, a late-stage Tianzun was killed just like that, and he was still a strong man in the holy temple, this...I dare not imagine.

The people in the Chendi Pavilion often kill people, and completely ignore the Human Race Council and the Hall of Law Enforcement.

"Punishment? Hahaha, if my ancestor wanted to kill, he would kill, but he was afraid of punishment?" The ancestor of the blood river snorted coldly. "

Suddenly, the court was silent.

Today, there is no supreme in this scene, I am afraid it can't be solved.

It's just that now they are in the hands of each other for life and death, can they wait for the supreme?

"I'll wait... agree!"

Finally, someone shouted.

He was scared.

Chendi Pavilion's requirements, three chapters of the law, are actually not very strict. In fact, there are some ordinary forces who don't want to disobey.

They are not interested in those top forbidden places, because they are not able to go.

Otherwise, before the heavens were opened, there were a lot of people who were sitting here, and these people would not just be monitoring.

The forbidden area is not accessible to anyone.

Now under the threat of life and death, someone suddenly compromised.

"I am willing to wait."

One person compromised, and immediately everyone else said.

"Isn't it alright to agree early?" Blood River Saint Ancestor curled his lips, "Who disagrees? If you disagree, say it earlier, otherwise you won't have such a good opportunity to discuss it. Whoever violates it will die."

The ancestor of the blood river stared at everyone.

Everyone shook their heads.

In the end, the ancestor of the blood river fell on Guihong Tianzun: "Little guy, what about you? If you disagree, the ancestor will kill you now."

Tianzun Guihong's face was pale, gritted his teeth for a long time, and finally said in a deep voice: "I agree."

He is also afraid of dying here.

The other party is so domineering and doesn't care about his background at all.

"That's good."

boom!

The boundless river of blood dispersed and fell into Ji Ruyue's hands again, turning into a blood-learning bracelet.

"Mother, these people have agreed, go, and return to the heavens. Whoever violates it will be handed over to his subordinates. The subordinates just swallowed his blood and origin, repaired the heavens, and promoted themselves by the way."

Blood River Saint Ancestor smacked his lips.

He longed for someone to disobey, just as he needed a lot of blood to supplement himself.

Many people breathed a sigh of relief, but their hearts were still palpitating.

"grown ups....."

A master of the Celestial Race approached and said in a deep voice. Tianzun Guihong's eyes flashed, and said: "Go into the heaven first, look back, huh, that guy, so powerful, it is very likely that he is a supreme-level powerhouse, the supreme-level, can't enter the heaven at all, as long as I'm in the heaven I'm still afraid of Chendi Pavilion

Those guys? "

As he was talking, he saw Ji Ruyue, Eternal Sword Master and others, directly retreating back to the heaven.

Gui Hong Tianzun was immediately dumbfounded, and he was unbelievable.

How can this be?

How could that guy be able to enter the heaven without causing rejection from the heaven?

Isn't he the supreme?

However, if the other party is not supreme, where does that terrifying coercion come from? And how can you easily defeat yourself?

Gui Hong Tianzun couldn't believe it.

The other strong men also saw this scene. Originally, they had the same mindset as Guihong Tianzun, and they were all dumbfounded.

It seems that if you don't want to die, you really have to abide by the three chapters of Chendi Pavilion's covenant.

And when it came to an end here in Heaven.

The endless void.

Shen Gong Zhizun took Qin Chen quickly and flew to the Human Race Council.

In the treasure hall.

Qin Chen seized every opportunity to improve himself.

He was sitting cross-legged in the starry sky of the Treasure Hall, with his hands on his knees and knees, his eyes slightly closed, and his whole person was like an old monk entering concentration!

Feeling!

Jian Ancestor planted a sword power in his mind. This sword power was terrifying enough to slay the gods and kill the demons. As long as he fully grasped it, he would surely change his strength to earthshaking changes.

His perception lingers on the sword power. In an instant, various sword intents flickered, and there was a lot of sentiment in an instant.

Awesome!

Worthy of being the ancestor of Tongtian Sword Pavilion.

Just touching this sword power, Qin Chen felt the vastness of the sword, as if it opened a new world for him!

Not only power, but this sword power also contains many kendo concepts and ideas of the sword ancestor of the Heavenly Sword Pavilion.

I have to say that Jian Ancestor is really not easy!

Even now, Qin Chen has seen many powerful people, even the ancestor of the deep demon has felt it, but he still feels that the sword ancestor is not easy!

Is half-step detachment power?

Qin Chen murmured.

But such a strong man, in the ancient times, almost fell, and now he can only guard in the abyss of the buried sword, how terrible is the dark race?

Qin Chen couldn't imagine.

If it were not for the invasion of the dark and demons, with the strength of the sword ancestor, would it reach the legendary transcendence realm, leave this universe and enter the universe sea?

Qin Chen was thinking there.

he does not know.

Because, he is just a heavenly respect now, detached, too far away from him.

By the way, is your mother detached?

At this moment, Qin Chen thought of his mother Qin Yuechi again.

At the beginning, Niangqin cut back the Yuanmo ancestor with a sword. Although Qin Chen had never seen it, he had some vague feelings, which made him have more guesses about Niangqin's strength.

It should be...no?

If the mother is a detached and powerful person, I am afraid that it can directly solve the ancestor of the abyss, or is there any other reason?

Various thoughts and guesses flashed in Qin Chen's mind, and at the same time he was immersed in the sentimental sword power.

I don't know how long it took.

Boom!

Suddenly there was a shock from the outside world.

"Here!" The voice of Shengong Supreme entered Qin Chen's mind.

[Chapter 4384: League City](#)

Arrived?

Qin Chen appeared to the outside world instantly from the hidden treasure hall.

He looked towards the sky in the distance.

Here, it is a land of nothingness, and there is a breath of silence everywhere, as if it has been abandoned for a long time, and there is nothing special.

If he usually passes by, I'm afraid he won't care about this world at all.

"Here... is where the Human Race Council is?"

Qin Chen said in astonishment.

"Hehe, this is just an entrance. The Human Race Council is not here, but in the depths of this void, come with me."

Shen Gong Zhizun stepped out, swish, and the whole person led Qin Chen to the front, and immediately, an invisible force enveloped Qin Chen.

Qin Chen suddenly felt that the time and space of this world was changing.

Awesome.

Qin Chen exclaimed.

He is also the top power in the universe. When he came here just now, he didn't even feel the existence of such a space-time transformation in this world, so he was not surprised.

Sure enough, the human background is still very strong.

The void in front of him was constantly intertwined, and Qin Chen's divine consciousness spread out, and the terrible strangling power spread around it, which immediately shattered Qin Chen's divine consciousness directly.

However, Qin Chen's spirit sense also felt that he seemed to be entering a place similar to a dark universe.

Similar to the dark universe, but not the dark universe.

In the next moment, Qin Chen's eyes suddenly lit up, and a simple palace appeared in front of him instantly.

No, this is not even a palace, but a continent, floating in the depths of this universe, exuding a magnificent breath.

"Here...is it the location of the Human Race Council?"

Qin Chen sucked in air.

"Yes, this is the Human Race Council. Have you seen that palace? It is the place of the Human Race Council. It is called the Human League Hall. Many major resolutions in our Human Race League are issued here."

Shen Gong Zhizun smiled and said while leading Qin Chen to the front hall.

"The comer stops."

Suddenly, when Shen Gong Zhizun brought Qin Chen to the land where the main hall was, he swish, and a powerful man with a terrifying aura immediately surrounded him.

These powerhouses looked like guards, but the breath radiating from their bodies was all of the Celestial Level.

Hey, even the guards are Heavenly Lords, this...Is the Human Alliance so strong?

Qin Chen frowned. At this moment, he felt as if he had returned to the ancient chin secret realm on the battlefield of the ten thousand races. When he transformed into the body of a true dragon, the gods of the ten thousand races were buried in the secret realm of the ancient chin when Qin Chen was outside the ancient secret secret realm. In the emptiness of

There were countless breaths of Tianzun.

But now, in this alliance city, Qin Chen once again had the same feeling back then. Of course, at that time, Qin Chen had just broken through the earth-zun. Although he could kill the general heaven-zun, he still had to flee in embarrassment in the face of the powers of the later level of the heaven-zun. Will emerge naturally

Coming out nervous and nervous.

Now, Qin Chen himself has already broken through the realm of Heavenly Sovereign. As for the strength, to be honest, before doing it, Qin Chen didn't know what level his strength had reached.

In the face of these powerful heavenly masters, Qin Chen would naturally not have the slightest timidity, and some were surprised and curious.

Tianzun, is it so worthless?

Actually come to this alliance city as a guard? "Hehe." As if knowing the doubts in Qin Chen's heart, Shen Gong Zhizun suddenly smiled: "These guys, who seem to be guards, are actually from some top powers. The rule of the Human League City is to send the major human race alliances. Before the powerful

It's a tradition to come as a guard, and each force takes turns. "

"For example, the deputy hall master who works for me will actually come here as a guard, but it is not yet his turn."

"So that's it." Qin Chen nodded. These guys in front of him turned out to be the top powers of the human race.

This is pretty much the same, Qin Chen thought that any guard here would be a strong Tianzun.

After all, Tianzun can start a large-scale war on the battlefield of ten thousand races.

"Moreover, these guys are not only from the forces of the Human Race, but also many from other races of the Human Race." Shen Gong Xing said again.

Qin Chen nodded, and he could also see that in this team of guards, there were not only human races, but also other races, such as monsters and wing human races.

Seeing that Qin Chen and Shengong Zhizun were stopped by them, they didn't even feel nervous, but made comments on the situation over there. The faces of this team of guards suddenly looked a little ugly.

"What's the purpose of the two people coming to Mengcheng? Do you have any instructions?"

One of the leading guards said coldly.

He stared at the eagle bird, Qin Chen and Shen Gong Zhizun.

Qin Chen frowned, looked at the speaker suddenly, and said displeased: "I'm talking to Lord Hall, what are you talking about?"

The guards were shocked.

What are you talking about?

This is too arrogant, right?

The guard leader had an ugly face and frowned slightly, "This is the Human League City, and we are the guards of the Human League City."

Qin Chen said indifferently: "I see, you don't need to emphasize the identity of your guards. I don't think you are the masters here anyway."

"You..." The leading guard was almost mad, staring at Qin Chen angrily, his eyes turned green and extremely depressed.

Why doesn't this guy play cards according to common sense.

"I said, this is the Human League City." The guard leader said word by word, emphasizing where it was.

Human League City, the seat of the Human Race Council, where the real bosses are discussing matters. Qin Chen took out his ears, flicked the earwax, and said lightly: "I am not deaf. I have heard it just now. There is no need to emphasize twice that this is a human alliance city. I am a human warrior. This is my job. The Lord of the Palace is also the Human Race Alliance

The strong of the alliance. So isn't it normal to come here? You emphasize so much. Are you from the Demon Race? "

The leading guard was choked immediately, and he didn't know what to say. After a long time, he took a deep breath and said to the Supreme Master of God: "It turned out to be the master of the Holy Work of Heavenly Work. Your Excellency is a member of the City of My People. It is natural to come here, but who is this one? Tianzun dare to enter Renmeng City at will?

Has the master of the Palace of Shengong ever notified the Human Race Council? If not, I'm afraid it is wrong. "

"You are so arrogant, how do you know that I didn't report?" Qin Chen said suddenly.

The leading guard was taken aback again, frowned and said, "Do you have one?"

"Really not." Qin Chen said again.

The lead guard was speechless, without you saying a hammer. A gleam of cold flashed in his eyes, and he shouted: "What a courage, your Excellency is teasing me? Without the approval of the Human Race Council, entering the Human League City without authorization, what should I do!"

[Chapter 4385: He let me fight](#)

Wow!

His voice fell, and a group of surrounding Tianzun guards instantly stepped forward and surrounded Qin Chen.

Qin Chen looked at Divine Worker Supreme: "Hall Master, do things like this often happen in Renmeng City?"

Shen Gong Zhizun shook his head, "No, it rarely happens, at least this is the first time I have seen it."

Qin Chen smiled, "That's interesting."

He turned his head to look at the guards around him, and said with a faint smile: "Everyone, everyone is from the Human Alliance, why bother?"

The leading guard waved his sleeves, a trace of disdain flashed in his eyes, "Who is in the Human Alliance with you?"

Qin Chen suddenly asked, "The Tianzuo disciple is not from the Human League? What is it? Is it because of the failure of other races?"

Hearing this, the leading guard's expression froze.

Qin Chen said seriously: "My friend, your thoughts are very dangerous. You don't even admit that Heavenly Work belongs to the Human Alliance. Do you want to push Heavenly Work to other forces?" The lead guard's expression changed several times. , Suddenly coldly snorted: "The work of heaven is naturally my human force, but your origin is unknown, and you have not notified you. Who knows if the spies of the demons came to my human alliance city to inquire about intelligence? I heard that,

There are demon spies everywhere in the day's work, and they are almost becoming the nest of the demon. "

Qin Chen smiled: "Oh, how come your Excellency knows so much about the spies of the Demon Race? Is there any connection with the Demon Race?"

The leading guard had an ugly face and snorted coldly: "Hall Master, do you guys who work forever know the benefits of your tongue?"

After finishing speaking, he took a step forward and shouted coldly: "Hall of Divine Work, you are a member of the Human Alliance City. You can enter the Human Alliance City, but this person has never been registered in the Human Alliance."

"Of course, we actually believe in the master of the divine work hall, and believe in the work of heaven, but due to the rules, this person must first restrain himself to cultivate himself if he wants to enter the human alliance city, and we will **** to enter. The Lord can understand."

As soon as he finished speaking, Qin Chen said: "Sorry, I don't understand!"

The lead guard took a deep breath and said coldly: "Boy, are you going to rebel against the will of the Alliance City? If you don't cooperate, I will take you down now."

"It's up to you?" Qin Chen sneered, "You guys go together, and it's not enough to watch. Believe it or not, if you dare to move, this young master will directly hurt you."

The Supreme Master just smiled and watched. "Hahaha." The guard laughed up to the sky, and then looked at Qin Chen with cold eyes, "Boy, do you know what is this place? Destroy me? If you have a kind, let me see, come on. , I am here, do you dare to do it? Come on

Hand! "

His voice was not over.

Whoosh!

Qin Chen suddenly disappeared in place.

boom!

In the next moment, Qin Chen suddenly appeared in front of the person, and blasted the guard with a fist like lightning, before the opponent even had time to react.

Only a black shadow flashed in his eyes.

Boom!

Before everyone could react, they saw that the guard was blasted off by Qin Chen. His eyes were round and he showed an unbelievable look. His body was in the air, disintegrating a little bit.

"you....."

Puff!

He spoke in anger. Before he finished speaking, the whole person was already shattered, his body burst into pieces, and the rules collapsed, forming a terrible breath storm. An imaginary figure flew out of the storm in terror.

It is the soul of the guard.

Cang Dang!

The heavens and the earth surging, the body of the guardian of that day collapsed, the original source dissipated, and the aura formed instantly attracted the vibration of the universe, and the invisible force dissipated the void of the universe.

Everyone in the field was stunned!

Qin Chen has done it!

It turned out to be a direct action on the guards of Renmeng City outside Renmeng City!

You know, although there is no explicit order in this Renmeng City that it is forbidden to use hands, but in countless years, no one has ever done anything. This is the unspoken rule of Renmeng City.

But now, it was destroyed by Qin Chen.

In fact, the reason why the guard deliberately said those words just now was actually to deliberately provoke Qin Chen to do something, very scheming!

But they never expected that Qin Chen would really dare to do it!

What they did not expect was that Qin Chen directly exploded the body of the guard with a punch!

That leading guard is a strong Tianzun!

And still a not weak Tianzun.

Was it just like that?

Although, the leading guard is not dead, and the soul is still there, in the future, he can reconsolidate his body, or be reborn.

However, no matter which method, his physical body exploded and the original rules dissipated, it was a huge loss for him, requiring huge resources and energy to reconsolidate.

Moreover, if you want to return to the previous peak state, you don't know how much treasure and time it will consume.

In the field, some other guards looked at Qin Chen's gaze, suddenly a lot of fear!

At this moment, the leading guard looked at Qin Chen in anger, and shouted sharply, "Qin Chen, dare you do something to me."

boom!

The soul breath is surging.

"Hey, I haven't introduced myself yet, you actually know my name?" Qin Chen asked in surprise: "Are you wondering about the prophet? But you didn't think I would really do it?"

"you....."

The soul's breath trembled, trembling with anger.

Of course he knew Qin Chen's name, and even if he came to find something this time, someone could arrange it, otherwise, would he target Qin Chen for no reason? Qin Chen smiled and looked at each other: "I'm very serious, saying that if you crippled you, you will definitely be crippled. Moreover, I am also very enthusiastic. If you let me do it, I will definitely do it. Or, Say if I dare to kill you, see if I dare to connect

Your soul is gone. "

A terrifying aura escaped from Qin Chen's body, instantly locking the person's soul.

Suddenly, this person's eyes were full of horror, his soul was trembling, and there was an illusion of facing death, as if the next moment, he would fall into endless purgatory and completely die.

In fact, he had already prepared Qin Chen to do it before, but the moment Qin Chen took it, he still couldn't prevent it!

He didn't take a punch!

Therefore, he did not dare to speak at all now, because he was afraid, afraid that Qin Chen would really explode his soul with a punch, and that would be the end.

At this moment, a guard on the side suddenly said: "Qin Chen, you are too amazing to start!"

Qin Chen looked at the guard with some doubts, "He made me fight! Did you hear that? He asked me to fight!"

Everyone: "..."

Qin Chen said earnestly: "I've grown up this way, and this is the first time someone begged me to beat him...Really, so cheap, how come there are such cheap people in this world? Are all the guards of the Alliance City? Is it so cheap?!"

"you!"

The guard glared at Qin Chen, "You..."

Qin Chen suddenly looked at the Tianzun guard, "Do you want me to beat you?"

Upon hearing this, the guard's face suddenly changed. Damn, nobody told him that Qin Chen is so shameless!

[Chapter 4386: Lone Eagle Tianzun](#)

Suddenly, the guard stopped talking.

He didn't have the courage to speak, he was afraid that after he had said it, Qin Chen suddenly blasted him with a punch.

At this moment, the atmosphere in the field suddenly became a bit awkward. Qin Chen said lightly: "Everyone, since it's okay, I'll go in later. As for whether I am qualified to come to Renmeng City, everyone will know by my strength. All of you trash can stay in Renmeng City. Why can't i stay here in? "

"you....."

The guards trembled with anger.

At this time, Qin Chen was still hurting others.

"Hehe, and you, you are really cheap. If you don't have the ability, don't be arrogant. You have to let me hit you. Now it's all right, you will be blown up directly, really..." Qin Chen looked at the guard leader Shook his head.

The soul of the guard leader almost went crazy.

"Hmph, your Excellency is so brave, the workmanship is supreme, is this the quality of your daily work?"

Boom!

At this moment, an icy voice came, and a towering figure quickly descended from where the human alliance city was, and appeared in this world.

This is a strong man with a fierce aura exuding his body, a double-eyed eagle bird, silver hair, and a terrifying heavenly aura on his body soaring to the sky, obviously a peak Tianzun strong.

As soon as he walked over, many of the guards present seemed to have the backbone and saluted.

At the same time, the soul of the guard leader came to the person and said: "Deacon...this Qin Chen..."

"I already know about you, and this seat will take care of it."

The strong man with silver-white hair snorted coldly and waved his hand: "Retreat."

"Yes!"

The leading guard glanced at Qin Chen resentfully, and then stepped aside.

The strong man with silver-white hair looked at Qin Chen and said, "Are you Qin Chen?"

Qin Chen said lightly: "Who are you?"

The silver-haired strong man said coldly: "Old man Lone Eagle Tianzun, deacon of Renmengcheng."

"Oh." Qin Chen nodded, "Is there anything wrong with you? If there is nothing to do, get out of the way, we are going in!"

Everyone: "..."

Lone Eagle Tianzun's eyes were cold: "You kill the strong man in the alliance city, do you plan to just leave like this?"

Qin Chen said, "He asked me to fight just now."

Everyone: "..."

Lone Eagle Tianzun angrily shouted: "Presumptuous."

boom!

A terrible aura broke out and suppressed Qin Chen. This Lone Eagle Heavenly Sovereign had reached the peak Heavenly Sovereign realm in his entire body. In fact, he was also a top powerhouse of the Supreme-level forces, and his violent energy hit Qin Chen like a colossal ocean.

But Qin Chen didn't move.

What's up?

Frighten people?

Want to be scary with such a little momentum? Can you figure out the situation?

If it were before breaking through the Heavenly Venerable, although Qin Chen was confident, he would still be a little afraid of facing the powerhouse of the Peak Heavenly Venerable, but now that Qin Chen broke through the Heavenly Venerable, the aura of the Peak Heavenly Venerable, Qin Chen completely ignored it. .

Is the pinnacle **** strong?

Isn't the ancient Ji Tianyao also the pinnacle of heaven? Wasn't it easily suppressed by him?

Of course, Qin Chen remained motionless, but there was still a trace of 'dread' in his expression.

Lone Eagle Tianzun was shocked when he saw Qin Chen still unmoved, but after feeling Qin Chen's jealousy, he smiled coldly in his heart. This guy thought how abnormal he was. When he met himself, he was not stubborn and a little embarrassed. Up?

"Alright." Just as Heavenly Venerable Lone Eagle was about to move forward, the Supreme Master finally spoke: "Lonely Eagle Heavenly Venerable, I am called by the Enforcement Team of the Human Race Council. There is also the reason why this seat breaks through the supreme, quickly retreats

Well, there is no need to waste time here. "

"The supreme workmanship, this is not a waste of time, but Qin Chen before..."

boom!

Lone Eagle Tianzun didn't say anything, Shen Gong Zhizun suddenly snorted, and suddenly, a terrible supreme power swept out, like a vast ocean, and slammed into Lone Eagle Tianzun's body.

Pedal!

Lonely Eagle Tianzun suddenly backed up a few steps, a look of horror appeared on his face, and blood surged in his body.

"Supernatural workmanship, you..." Lone Eagle Tianzun said in anger. Shen Gong Zhizun's eyes were cold: "Don't engage with these vain heads. The reason why you and these guards are here is that you and I know very well, I have already said, don't waste time here, there is something that is directed at me Come on, do my job

A disciple, ha ha, is this the structure of the Human Race Council? "

Lonely Eagle Tianzun's expression changed: "Supernatural workmanship, you have misunderstood..."

"misunderstanding?"

boom!

Lonely Eagle Tianzun was enveloped by a terrifying aura, and his whole body suddenly creaked, with an illusion of bursting.

It is the power of supreme. "There is no need to play so many things that are vain and dazzling. When you break through the supreme, speak in front of me, now...you are not qualified." Shengong supreme said indifferently: "Now, take us in immediately, otherwise, I will shoot you to death before entering go with. "

Lonely Eagle Tianzun's face turned red and white, and he was extremely ashamed.

His dignified pinnacle Heavenly Sovereign, he can be regarded as one of the top powerhouses in the human race, and he was so humiliated by others, it is a shame.

"Huh?" Shen Gong Zhizun narrowed his eyes and saw that Lone Eagle Tianzun hadn't moved yet, and suddenly there was a murderous surge in his body.

"Lone Eagle, take him in."

Suddenly, an ice-cold voice came from Renmeng City, with majesty and domineering.

"Two, please."

Lone Eagle Tianzun gritted his teeth and immediately led the way.

Shen Gong Zhizun sneered and took Qin Chen into Renmeng City.

It is said to be a city, but in fact it is like a vast hall, an old castle.

Among them, the space cutting is intricate and extremely cumbersome, and there are folding spaces everywhere.

Awesome!

Qin Chen entered this ancient palace, and while exploring the surroundings, he nodded in shock, his eyes glowing, mesmerized.

The construction of this ancient palace was very powerful, and even Qin Chen felt extremely shocked by the use of various spaces. It was definitely refined by a top master of formation.

Shen Gong Zhizun smiled faintly and said: "Qin Chen, this is a good alliance city, in fact, its refining also has the power of my craftsman as an ancestor."

Craftsmen as ancestors?

Qin Chen was suspicious.

As far as he knows, the craftsman as the ancestor is the strongest power of the human race. However, at the beginning of the invasion of the demon, the craftsman was invaded by the demon for the first time, and the craftsman as the ancestor also fell.

Later, the war between humans and demons broke out.

Human League City, a city built by the Human Alliance, wasn't it built after the war between humans and demons?

As if knowing Qin Chen's doubts, Shen Gong Zhizun smiled and said, "Human League City was not built after the war between humans and demons, but before the war between humans and demons."

"Before the demons attacked the ten thousand races, our human race already had such a rudimentary alliance, and we are ready to establish a good relationship with the human race."

[Chapter 4387: Feihong Supreme](#)

"This is the embryonic form of the Human Race Council."

"It's just that before the ancestor's vision can be fully realized, the demons invaded."

"However, the embryonic form of this people's alliance city has already been determined accordingly."

"In fact, a large part of this human alliance city was arranged by my craftsman as an ancestor."

Shen Gong Zhizun said.

Qin Chen couldn't help but stunned when he heard the words: "The Lord of the Hall means that the people of the Human Race Council want to impose sanctions on us in the Human League City arranged by our ancestors?"

Supreme Mastery: "..."

Qin Chen frowned, "Shameless enough."

Under the leadership of Lone Eagle Tianzun, the two quickly came to a hall.

In this large hall, the magnificent domineering aura surged, it was an independent top-secret space, surrounded by endless rules of power, with Qin Chen's strength, it was impossible to penetrate this place of rules.

This shows the strength of this place.

As soon as Qin Chen and Shengong Supreme came in, they saw that there were magnificent thrones above the hall, but above the thrones, they were still empty.

And under the main hall, many people have gathered, and everyone exudes a terrible aura, at least it is Tianzun, even most of them are pinnacle Tianzun.

Among them, Qin Chen also saw many acquaintances, such as the Lord of the Void God Hall, the Lord of Kunpeng Valley, the Lord of Tongtian City, etc...

They are the ancestors of many top forces in the Human Race.

Divine Worker Supreme frowned, is this Human Race Council preparing to hold a trial meeting? Tell so many masters to come all at once?

And around this hall, there are a group of strong men in armor, who are strong in the law enforcement team. Among them, there are some old acquaintances who are glaring at Qin Chen and Shengong Zhizun. It is the group who went to the heaven before. Master of law enforcement team.

However, what puzzled Qin Chen was that there was no Supreme here.

impossible!

Qin Chen shook his head. The person who had asked Lone Eagle Tianzun to let them in before had a terrifying aura and must be a supreme powerhouse. Qin Chen was sure of this.

"Two of you, the sages have not come yet, please wait for a while."

Lonely Eagle Tianzun said coldly, turned and left.

He immediately threw Shen Gong Zhizun and Qin Chen in the center of this hall, and at this moment, many ancestors of the heavenly powers in the distance, the strong, looked from a distance, they were talking about each other, and they seemed to be pointing.

"Hehe, is this leaving us here?"

Shen Gong Zhizun smiled.

Interesting, call yourself over, just hang on, and stay with a group of people from the heavenly powers. Is this one of your own?

Let yourself be a supreme, with the person of heaven? Is it a loss of face?

ridiculous!

"The master of the divine work hall, Qin Chen... Don't come here unharmed."

At this time, someone came far away.

It was the master of the Void God Hall and the masters of Kunpeng Valley. They hesitated, but they still came over, arched their hands, and greeted them.

"Everyone, don't come to nothing."

Qin Chen said with a smile, while Shen Gong Zhizun just nodded slightly.

No way, supreme-level boss, there is still this card.

The Void God Hall Master and the others didn't take it seriously. They just arched their hands and had a brief conversation with Qin Chen, only to feel the aura on Qin Chen's body, but each one changed color.

hiss!

what happened?

How do you feel that this guy seems to be much stronger again?

Too abnormal, right?

They looked at Qin Chen deeply, and they felt an extremely terrifying breath from Qin Chen. This breath is generally not felt by the Supreme Heavenly Sovereign, because Qin Chen's cultivation is only at the level of the Heavenly Sovereign, which is much worse than the Void God Hall Master and others. Only the Void God Hall Master and others who have seen Qin Chen take action before in the ancient world To have a clear sense

The aura on Qin Chen's body seemed to be much higher than when he was in the ancient world.

This is... a breakthrough in Heaven?

Looking carefully, the Master of the Void God Temple suddenly felt the clues.

This made them **** in air.

It should be noted that not long ago, Qin Chen seemed to be the pinnacle earth-zun. How long did he not see him before breaking through the heaven-zun?

Is Tianzun Realm so easy to break through?

Regardless of how many Tianzuns seem to be here, but those who can come here are the top powerhouses accumulated by the Human Race over hundreds of millions of years. It took hundreds of millions of years to accumulate so many Tianzun powers.

In fact, when placed in a single power, such as the Void God Temple, Kunpeng Valley, and even such powers as Heavenly Work, the appearance of any Celestial Venerable is something worth celebrating.

What makes them more frightened is...

When Qin Chen was in the Ancient Realm, he was able to compete against the power of the late Heavenly Sovereign, and even dared to confront the Supreme Heavenly Sovereign like the Star God Palace Master. Now that he has broken through the Heavenly Sovereign, how strong will he be?

Isn't it comparable to us?

The Void God Hall Master glanced at each other, their eyes were shocked. Just as they were about to talk to Qin Chen for a few more words, suddenly, a cold and stern breath passed, the Void God Hall Master and the others turned their heads and saw a group of law enforcement team masters in the distant People League City, looking coldly. Keep them apart

Besides, the deacon of Lonely Eagle Tianzun and the others in Mengcheng also looked unhappy.

"Hall Master, Qin Chen, turn around and talk again, I'll retire first."

The Void God Hall Master and the Kunpeng Valley Master looked at each other, hurriedly arched their hands, and then turned and left.

Although they really want to deal with Heavenly Work, there are too many strong people here, and they belong to the land of the human alliance. If they offend a big boss, even their top heavenly powers will have trouble.

At this time, one after another, the strong arrived.

The weakest is also the ancestor of the Celestial-level forces.

It's just that every person will stare at Shen Gong Zhizun and Qin Chen, whispering to each other secretly.

Qin Chen vaguely heard a few words from the ancient people, the ancient world, and the heavens.

Obviously, they all know what the purpose of the Human Race Council calling them this time, most likely, is to impose sanctions on Heavenly Work.

Among them, the news that the Master of the Holy Works of God broke through to the Supreme was even more exciting. This must be a major event in the Human Race Council, and I am afraid that there will be a good show.

Moreover, there are well-informed people who have also learned some news about what happened in the heavens, knowing that the Chendi Pavilion is blocking the major forces in the heavens, and their faces are unhappy.

"Honorable workmanship, did you think you still have the courage to come here?"

Just between everyone's discussion.

suddenly!

Boom!

An overbearing breath came, swept in with terrifying and suffocating power, and instantly enveloped everyone.

Is the king of giants.

Behind the Giant King, there are several powerful men exuding the terrifying breath of heaven, all of which are the top masters of the giant race.

A group of people stepped in mightily and murderously.

Immediately attracted everyone's attention.

"Giant King, why, haven't you been taught enough by this seat in the ancient world?" Shen Gong Zhizun looked at each other, sneered, his tone of disdain.

"you....."

The giant king stared.

"Hall Master of Divine Work, you just broke through the Supreme, so arrogant, isn't it?"

Immediately afterwards, another terrible breath came, and a group of strong men glowed and walked coldly. The leader also exudes a domineering aura, the ancestor of the Celestial Race, Feihong Supreme!

[Chapter 4388: Where's the courage](#)

Behind Feihong Zhizun, followed by other strong men of the Celestial Race, these two forces came over and looked at Qin Chen and Shengong Zhizun with cold eyes.

Qin Chen glanced at these two powers, his heart was cold, these two powers are going to do something!

Shen Gong Zhizun looked at Feihong Zhizun of the Celestial Race with disdain, and sneered: "Feihong Zhizun, this seat is not arrogant, does it have anything to do with you? Didn't kill your father or **** your woman? It's your turn to speak? "

hiss!

Everyone was shocked. The Supreme Master of God's Work was too arrogant. If you talk like this, those who had no grudges have become grudges.

Sure enough, Feihong Supreme heard a sudden burst of cold light in his eyes, and a peak Tianzun expert beside him was even more furious, and shouted: "Holy Master, is this the quality of your daily work?" What are you? Which guy didn't tighten his crotch and showed you?" Shen Gong Zhizun glanced at him lightly, disdainfully said: "A Peak Heavenly Venerate, what right does it have to speak here? Feihong Supreme, you **** What do humans do

Not sensible? If such a guy was working in heaven, he would have been slapped to death by Lao Tzu a long time ago, a shameful thing. "

"you....."

Zun was trembling with anger that day.

Feihong Supreme?

Qin Chen was startled. He had heard of the name of the Celestial Race, which was an extremely powerful race in the Human Race, not weaker than the Giant Race.

However, there seems to be a Holy Master Feihong in the Eastern Celestial Realm. It is unexpected that the ancestor of the human race of this day is called Feihong Supreme. If the Holy Master Feihong knew about this, I am afraid that he will change his name immediately. .

Divine Work Supreme sneered, "What are you? Isn't it, a waste, this strength is also embarrassing?"

Tianzun, the pinnacle of the human race, was trembling with anger, but he didn't dare to say a word.

The Supreme Master of God's Work is reasonable and unforgiving. He sneered and said: "Sovereign Feihong, your Celestial race is not pleasing to your eyes? Not pleasing to your eyes, even if you take the shot, if you say nothing, you win, if you dare not, Just don't chirp there."

Feihong Zhizun's face was extremely ugly, and he glanced at the King of Giants, but he didn't move.

They had already obtained the intelligence of the heavens, and naturally learned that the lord of the human race council Tianhe had not been able to win the supreme divine work, and naturally did not dare to easily fight the supreme divine work.

Although Shen Gong Zhi Zun is a newly promoted Supreme, but his strength is extremely evil.

"Huh, Tianzuo is so prestigious. I don't know. I thought that you are the chairman of my Human Council. I heard that Tianzuo has a new acting palace master named Qin Chen. It should be right in front of you. Is this one?"

At this moment, a strong man from the giant clan walked out with a burly figure, gleaming golden light, and a terrifying aura of heaven dissipating all over his body, shocking everyone present with dignified eyes.

Giant Tianzun.

It is rumored that the current deputy chief of the giants has already broken through the pinnacle of the Heavenly Sovereign realm, and is one of the top powerhouses of the giants most hopeful to enter the supreme realm.

Hearing the words of the giant Tianzun, everyone in the field looked at Qin Chen!

At this moment, Qin Chen became the focus of the audience!

Qin Chen sneered, but calmly.

The giant Tianzun looked at Qin Chen, his eyes were sneered, "Why, dare you dare not recognize it? I heard that you are the one who killed the ancient people in the ancient world, right, acting palace lord? Humph, what? thing."

Everyone's eyes moved, this is... are you going to attack this Qin Chen?

Indeed, I heard that the Supreme Master of Divine Work has an extraordinary cultivation base, and even the Lord of Tianhe could not easily win it. Even if the Giant King and the Supreme Feihong joined forces, they dare not say that they can capture the Supreme of Divine Work.

So the two clans quickly turned their attention to Qin Chen, the acting palace master of Tiangong, and wanted to pass Qin Chen and then target the Supreme Master of God.

Suddenly, Qin Chen smiled.

Is this... a soft pinch?

Qin Chen smiled, and he looked at the giant Tianzun, "I said the old thing, are you sick? What can you do if you are full of shit? Do you have to trouble me?"

Suddenly, the audience was silent.

All dumbfounded.

Hiss, what did they hear?

Qin Chen's words were so crude and messy that everyone couldn't react to them for a while.

Do you have nothing to do when you are full?

Is this what Tianwork's acting palace master can say? Oh my God!

"You...what did you say?" The giant Tianzun was also very angry, his face flushed instantly.

"Are you deaf? I said you have nothing to do with your shit, do you hear it now? I can say it again if I didn't hear it." Qin Chen said lightly.

"You dare to insult me! You..."

Juba Tianzun was trembling with anger, and a terrible breath suddenly burst out of him.

"Why, still want to do it?" Qin Chen sneered.

The giant tyrant Tianzun angrily shouted: "Boy, don't take advantage of your tongue, you are the agent of Heavenly Work, can you dare to fight with me?"

coming!

Everyone looked at Qin Chen one after another.

This should be the intention of the Giants. By teaching that Qin Chen, should he target the Supreme Master of God?

Sure enough, although the giants seem to be clumsy, they are not actually idiots. Knowing that the supremacy of divine work is not easy, they immediately shifted their targets to break their faces.

In full view, Qin Chen shook his head, "Sorry, you are too weak, I am not interested."

Qin Chen disdain.

Everyone was stunned.

This Qin Chen is too arrogant, right? Juba Tianzun is the deputy head of the giants. He has been the peak heaven master of the giants many years ago. Among the peak heavens of the human race, he is better than him. I am afraid that they are only a handful. You a junior who speaks like this, thinking you are Is it supreme

?

Sure enough, all the guys who work hard are so crazy.

"Hahaha, don't you dare?"

The giant Tianzun was murderous and took a step forward.

"Is the dignified Heavenly Work Acting Hall Master actually a scumbag? But yes, the Heavenly Work Hall Master is a scumbag that destroys the human race, so the acting Palace Master that is cultivated will naturally be a scumbag, hahaha."

The giant Tianzun laughed.

Qin Chen's eyes suddenly chilled, and the corners of his mouth sneered, "Don't dare? I just don't think it makes much sense to compete in this way, why don't we place a bet?"

Place a bet!

Giant Ba Tianzun looked at Qin Chen, "Huh, I wonder what bet you want to place?"

Qin Chen smiled and said, "Well, how about betting?!"

Gamble?

Hearing that, the faces of all the forces in the field have changed!

Gambling, is this a life and death battle?

Whether it is Qin Chen or the giant Tianzun, they are both the top powerhouses under the supreme-level forces, and they can't easily be lost. Once they fall, they will even cause the entire force to anger and cause a fight involving the big family.

Now, above this Human Race Council, Qin Chen actually wants to bet against the giant Tianzun? Regardless of what the consequences will be afterwards, the key is his courage?

[Chapter 4389: Gamble](#)

At this moment, Juba Tianzun's pupils suddenly shrank.

Gamble?

He looked at Qin Chen solemnly, with a terrifying spirit in his eyes.

Where did Qin Chen have the courage to say that?

Not only him, but also Feihong Supreme and Giant King stared at him instantly with cold eyes.

What an arrogant kid.

Gamble at every turn.

Guying Tianzun, the deacon of Mengcheng, flashed his eyes, and he was ecstatic.

With such a good opportunity, Juba Tianzun should seize the opportunity, right? With the strength of the giant Tianzun, it must be easy to kill Qin Chen. If it is him, I am afraid that I can't wait to agree.

However, the answer of the giant tyrant Tianzun stunned the lone eagle tyrant, and the giant tyrant Tianzun didn't even agree immediately.

"Gamble, are you gambled?"

The giant Tianzun shouted angrily, booming, the terrible Tianzun's breath rioted, he stared at Qin Chen, looked carefully, and continuously analyzed.

Tianzun!

No matter how he looked at it, he could only tell that Qin Chen was just a Tianzun, and the Tianzun aura on his body was not so strong. No matter how he looked at it, he was just an ordinary Tianzun-level warrior, and he didn't even reach the late Tianzun.

Such a guy, where does the confidence come from betting his life?

Obstacle, or... lust?

On the one hand, the Giant King frowned. He had also inquired about Qin Chen's information.

Countless information about Qin Chen echoed in his mind. Qin Chen is a genius who has ascended to the heavens from a lower plane, but he is very talented. When he was in the heavens, he was hunted down by the ancestors of the demon corpse sent by the demons. The ancestor of the demon corpse was trapped and killed in the void of heaven

In the tidal sea.

This was the first thing Qin Chen spread to the ears of the major forces after his appearance. Later, Qin Chen broke into the forbidden area of the Tongtian Sword Pavilion and was the only master who came out of the Abyss of Burial Sword alive.

After receiving the attention of the major forces, people from the Void God Temple, Star God Palace and other forces immediately sent the venerable to the Eastern Heaven Realm to try to figure out the origin and specialness of Qin Chen.

Later, with the appearance of Jin Lin under the command of the Supreme Master Xiaoyao and the Venerable Mantra of Heavenly Work, everyone instantly understood that Qin Chen turned out to be a man of Heavenly Work.

Later, Qin Chen disappeared.

Until not long ago, Qin Chen appeared in Tianzuo and was given the post of acting deputy hall master. It is said that he saw through the demon clan's conspiracy against Tianzuo on the battlefield of ten thousand races.

In the work of heaven, many demon spies were discovered, and they were given the title of acting palace master.

And not long ago, in the ancient world, the Tianjiao who killed the Star God Palace and the Dayu Shenshan was launched in the ancient world. It was designed to kill the Thunder God Sect's Kuang Lei Tianzun. He is a genius who looks ordinary but is actually extremely against the sky. Very perineal person.

Now Qin Chen directly opened his mouth to bet his life, causing King Giant to also frown. Where did Qin Chen come from?

Not only the Giant King, Feihong Supreme and other powerful people in the distance, they also frowned and wondered.

If something goes wrong, there must be a demon.

"Hahaha." Qin Chen smiled, "You care whether I can afford to gamble or not. If you want to challenge me, yes, bet your life, do you agree? The dignified giant Tianzun, the deputy chief of the giant clan, won't even do this little thing. Can't make a decision?"

Qin Chen was also surprised that the giant Tianzun didn't agree immediately, but it was beyond his expectation.

It seems that none of the guys who can cultivate to this level are idiots, and not everyone is as idiots as the Star God Palace Master and Dayu Mountain Master.

Star God Palace Lord: "..."

Daewoo Mountain Master: "..."

In the distance, some people were stunned.

Little thing!

Gambling is a trivial matter?

What makes them wonder is that the look in the eyes of the giant Tianzun is actually getting more and more serious?

"Huh, you gamble your life at every turn, the supreme workmanship, are you a demon or a human, so fierce and domineering? I don't think this is a demon, right?" Giant Wang Han said.

Shen Gong Zhizun laughed: "The Giant King, it's obviously the trash of your giant clan that caused trouble. My disciple who worked for a long time was forced to fight back. Why is it wrong to become a disciple of mine for work now?"

"Hmph, you know that in the Human Race Council, you can't fight for your life without trial, and you also offered to bet your life, for fear that you wouldn't dare to agree to the duel, so you can make the best move, it's ridiculous." The giant king snorted coldly, squinting his eyes.

This is the Human Race Council. It is the place where the Human Race discusses major issues and conducts trials. It stands to reason that it cannot be killed. Otherwise, what is the majesty of the Human Race Council?

Of course, there are no actual regulations, just a hidden rule. "It's okay if you don't bet on your fate." Shengong Zhizun laughed: "Qin Chen, here is the Human Race Council. It is indeed a bit exaggerated to bet on fate at every turn. The most important thing is to ignore the giants of the Giants. In fact, they are not brave. Let them bet their lives, it would be like killing him

They. "

"You..." The giant tyrant Tianzun flushed, just about to speak, his heart was cold and he wanted to promise his life, but the giant king suddenly held his shoulders.

"Shaoan, don't be impatient, listen to what he says." Giant King said coldly. "But, I want to challenge my daily work disciples and don't come up with some practical good things. Why do my daily work disciples accompany you? Your daily work is not as pitiful as your giants. We spend a little time and can refine it casually. Out the treasure, and you

People? Apart from strength, what else?" Shen Gong Zhizun ridiculed.

The Giant King snorted coldly, squinting his eyes, "Huh, what do you want to bet on? Treasure?"

"Treasures?" Shengong Supreme laughed: "Treasures are **** for my daily work, and my daily work is worthy of your giant clan's broken iron?"

This is too domineering.

The giant king's face was blue, and he was almost out of anger.

However, what the Supreme Master of God said is also true. Treasures are really nothing to Heavenly Work. At least 30% of the treasures of the Human Race's many forces are from Heavenly Work.

"Then what do you want to bet on?"

"Or the Holy Vessel of the Venerable, it can be regarded as the hard currency in the universe. With the five celestial veins of the Heavenly Venerable, my daily disciple will accompany you to the Giant King's person for fun!" Shen Gong Zhizun laughed.

As soon as this remark came out, the audience shook.

Five pinnacle heavenly veins? Hiss, this is a big number!

For the general Celestial powers, even the top Celestial Powers like the Void God Temple, there will not be too many Pinnacle Venerable sacred veins. The few are just a few, and the more are just seven or eight. Do not exceed the power.

A general Heavenly Venerable power like Tongtian City has only one peak Heavenly Venerable Saint Vein in total.

In other words, the five pinnacle heavenly sacred veins are enough to cultivate five top celestial powers similar to the sky-passing city, or to cultivate a peak celestial power similar to the Star God Palace and the Void God Temple. Of course, the establishment of a pinnacle celestial power is definitely not enough to rely solely on the pinnacle's sacred vein. It also requires foundation and countless years of development. However, the pinnacle of the sacred vein is the foundation.

[Chapter 4390: as you wish](#)

Nowadays, Tianjiao has to bet on the five pinnacle Heavenly Sovereign Saint Veins at once, so how can the powerhouses of other forces around them not be shocked?

The Lord of the Void God Hall and others are dumbfounded, this is equivalent to taking a power like their Void God Hall as a bet.

"Qin Chen, what do you think of the five pinnacle Heavenly Sovereign Sacred Veins making a bet?" Shen Gong Zhizun looked at Qin Chen and asked in his tone.

Qin Chen said: "So-so, it's so normal, but the master of the Palace of God Skills, how can I not give face as a disciple, five points, five points, it is better than nothing."

In fact, Qin Chen still needs a lot of the pinnacle heavenly veins, whether he wants to supplement the source of the heavenly sovereign or for Ru Yue Wuxue and the others to improve his cultivation, he needs a large amount of the peak heavenly veins.

Compared to simply killing the giant Tianzun, the five pinnacle heavenly veins are much more cost-effective.

However, Qin Chen's words left many people speechless.

So-so!

so so?

This tone is too big!

"The Giant King, what do you say?" Shen Gong Zhizun smiled.

"Wang, I agreed."

boom!

Before the Giant King could speak, the giant Tianzun couldn't help but roared and took a step forward with murderous aura.

This time, the Giant King did not stop.

Although the Five Pinnacle Heavenly Sovereign Sacred Veins are precious, their giants are also a supreme power anyway, and they have come out.

"Come, we will fight here."

The giant tyrant Tianzun said with a cold voice, walking towards Qin Chen, booming, his body was filled with a billowing aura, and in an instant, the aura of the pinnacle Heavenly Lord swept out like a vast ocean, pouring out.

In an instant, the entire hall was filled with terrible auras.

In the distance, the Lord of the Void God Hall and the others all looked dignified and backed away and looked here.

Hum!

In this hall, a series of terrible formation patterns flowed, countless runes and prohibitions continued to flicker, and finally, a series of terrible prohibitions swept through, covering the void where Qin Chen and the giant Tianzun were.

Qin Chen frowned. Someone was urging the formation.

The entire human alliance city actually contains countless formations and restrictions, which are controlled by the human alliance and can easily divide the space.

The Supreme Master Shen Gong looked at the depths of the main hall with a smile but a smile, and said lightly: "Qin Chen, you can fight here, this place is very stable, the Supreme is unbreakable, you can rest assured to take action."

"Yes, the Lord."

Qin Chen took a step forward, a faint sword spirit haunting him.

"Kill!" The giant tyrant roared, his figure suddenly became extremely large, like a towering god, and then, he strode forward, booming, shaking the sky and the earth, a terrible giant's power burst out, if not This is the Human League City, the land of the Human Race Council

, In exchange, it is a void, afraid that every star will be trampled on.

Invisible power was condensed in his right hand, and his fist instantly became extremely large, bursting with a terrible golden light, bright as a star, and blasted out with one punch.

Boom!

The sky broke and the earth broke, a terrifying golden fist light swept everything, swept straight towards Qin Chen, as if to smash everything.

"Good to come."

Qin Chen laughed and rose into the sky.

Om, a golden sword suddenly appeared in front of him, Wan Jianhe. Under the urge of Qin Chen, the vast golden sword river swept out and instantly turned into a vast ocean. In that golden sword river, nine strange beasts instantly merged together under the leadership of a huge sword beast. Make a great sword to the sky, cut it there

Above the fist of the giant Tianzun.

Cang Dang!

The terrible roar resounded, the energy exploded, and the golden sword energy shattered, but the huge fist was also shattered in an instant. In the void, Qin Chen kicked and kicked back thousands of feet, and the giant Tianzun also flew out for a long time Stop the pace.

"blocked?"

In the distance, countless strong men sucked in air-conditioning.

Qin Chen actually blocked the attack of the giant Tianzun?

Although Qin Chen's identity was the deputy head of the heavenly work, he was no weaker than the deputy head of the giant clan of the giant Tianzun, but in terms of fame and the time of the Megatron Universe, Qin Chen could not be compared with the giant Tianzun.

Even before, no one had thought that Qin Chen could block the giant Tianzun. His betting on his life was nothing more than an aggressive strategy, he was looking for death.

But now, everyone understands that this Qin Chen is so arrogant, he does have the qualifications to fight the giant Tianzun, and just blocking such a powerful blow from the giant Tianzun is enough to climb into the ranks of the top heavenly strong.

"You... actually blocked it?"

The giant tyrant Tianzun's face was ugly, he roared and killed again.

Boom boom boom!

The terrible fist swept across, the giant Tianzun, the whole person became more and more majestic, his eyes widened, and the rainbow bloomed, like stars.

As he raised his hands and feet, a terrifying aura bloomed, bursting out incomparably powerful power, as if it could destroy a star field.

This momentum is too terrifying, even if it is separated by countless restrictions and countless formations, everyone can feel the power of the Juba Tianzun.

"This giant Tianzun is indeed very strong."

The Master of the Void God Hall squinted and said, shocked in his heart, and sighed.

The supreme-level forces are indeed terrifying. If a strong person is drawn out at random, he will not be under them. The gap is too big.

"But Qin Chen seems to be even more terrifying."

The Lord of the Void God Hall looked at Qin Chen at the same time.

Compared to the time when he was in the ancient world, Qin Chen seemed to have become stronger, and he saw a vast golden sword river surging in front of Qin Chen, continuously smashing the attacks that the giant Tianzun displayed.

The two fought into a ball, seemingly evenly matched.

Such a scene is shocking, because it is said that Qin Chen was only a Holy Lord not long ago? This kind of improvement is too amazing, just like a myth.

Originally, the Master of the Void God Hall didn't believe it, but they felt that Qin Chen was more and more terrible after seeing Qin Chen taking action in the ancient world.

Because Qin Chen is much stronger than when he was in the Ancient Realm, how long is this?

"Qin Chen, you are also Tianwork's acting palace master anyway, can you just fight it honestly, what is the treasure?"

The giant Tianzun roared.

He kept making shots, but every time he shot, Qin Chen's Wan Jianhe resisted and killed him.

After breaking through Tianzun, under the urge of Qin Chen, Wan Jianhe was really like a fish in water, with vast power, and completely blocked the giant Tianzun. Every time his attack reached Qin Chen, he was weakened. How much is left.

The giant Tianzun was very aggrieved.

"Hahaha, treasure, isn't it also a part of strength?" Qin Chen sneered.

The others nodded immediately, and the Lord of the Void God Temple was also speechless.

Treasures are indeed part of their strength. At their level, below the same level, it is often that someone has more treasures, and whoever has powerful magical powers can gain the upper hand. It is normal.

"However, as you wish."

Under the gaze of everyone, Qin Chen converged abruptly, and instantly put away the Wanjian River.

boom! Immediately afterwards, his body glowed, exploding with a terrifying aura of chaos, and hitting the giant Tianzun with a fist, like a falling star.
