

Valkyrie 4401

[Chapter 4401: Destroy the world](#)

As soon as this flame appeared, flames rose everywhere between the sky and the earth. This flame contained a terrifying aura, giving people the feeling that it could burn all things in the world.

"It's Supreme Fire!"

In the distance, many people were shocked, showing awe.

Facing Qin Chen, a Heavenly Venerable, the Divine Soul Pill Master actually displayed the Supreme Flame? Is this a bit too much.

Supreme Fire, the power is extremely terrifying, let alone a Heavenly Venerate, even if it is a supreme-level powerhouse, you must be jealous, once it is contaminated, it is extremely troublesome and inexhaustible.

"You asked for this."

boom!

A terrifying flame swept over the sky, covering the sky and the earth, like a fire that extinguished the world, swallowing everything, and instantly wrapped towards Qin Chen.

"Huh? Supreme Flame?"

Qin Chen felt the flame in front of him, his eyes condensed, but he sneered in his heart.

This Divine Soul Pill Lord is too idiotic, how ridiculous to use flames to corrode him?

Qin Chen was afraid of everything, the only thing he was not afraid of was the flame.

He possessed the chaotic green lotus fire formed by the fusion of the four great lotus fires of the fire world and the fire of disasters and other flames, and he was not afraid of any flames in the world.

Among other things, it is rumored that it is the flame possessed by the demon's disaster supreme. The disaster supreme is also the supreme powerhouse, and the disaster is no less inferior to the supreme flame in front of you. Up.

"Qin Chen, be careful!"

The Supreme Master of God's Work was nervous, and shouted.

He is a supreme-level refiner and possesses a supreme-level flame cosmic source fire. He naturally knows that the terrifying of the supreme-level flame is not something ordinary people can resist.

Divine Soul Pill Master snorted coldly, and sternly shouted: "It's too late. Under the fire of my world-destroying heart, the supreme will retreat. The only thing Tianzun, how to resist?"

"is it?"

On the opposite side, Qin Chen sneered, "Supreme Flame, it's a bit interesting, but this young man wants to see how powerful this so-called extinguishing heart source fire is, and whether it is like yours, it is also a generation of reputation."

When the words fell, Qin Chen stayed still, letting the billowing flames pouring out, and the corners of his mouth sneered.

Shen Gong Zhizun's face changed slightly.

This kid!

The others were all dumbfounded.

What did they see? This is a supreme-level flame, you are a god, don't you dodge?

Although the supreme-level flame is extremely difficult to evade, Qin Chen has the origin of time in his body, urging the time rule, not to mention that he can confine the flame, but it is no problem to dodge it.

But Qin Chen?

Turned out to be indifferent.

Arrogant!

It was the first time they saw such an arrogant Tianzun.

The Divine Soul Pill Lord was completely furious.

"Well, since you are looking for death, then this seat will fulfill you, Burn!"

The Divine Soul Pill Master roared, rumbling, and a terrifying flame poured out, instantly enveloping Qin Chen, sealing off the void of one party, and completely engulfing Qin Chen.

"not good!"

Shen Gong Zhizun squeezed his fists, his face sinking.

Qin Chen is too big.

but.

He couldn't say anything, he could only squint his eyes and stare at the flame, once Qin Chen was in danger of his life, even if he broke the rules, he would take action.

In the flames, Qin Chen didn't urge the Chaos Qinglian Fire at first, and even the Haotian Divine Armor had not urged it, but just used his flesh to resist.

Crackling!

A terrible burning breath lingered, Qin Chen immediately felt his flesh, emitting a burnt smell, as if it was about to be scorched.

"Awesome!"

Qin Chen exclaimed, this World Extinguishing Heart Source Fire is indeed terrifying, and that powerful burning power, fearing that the average peak Heavenly Venerable expert, will be burned into nothingness in an instant.

Even the supreme-level powerhouse must be jealous, because this power is enough to cause harm to the supreme-level powerhouse.

Sure enough, a supreme-level alchemist is not powerful, but fire.

"Six Reincarnation Sword Body!"

Qin Chen urged his physical sword to resist with all his might, but it was of no avail. This force continuously penetrated into his physical body.

Moreover, it is not only the power of the flame that has penetrated in, but also an inexplicable special power that charms his mind.

In Qin Chen's mind, there seemed to be an invisible force coming, turning into a world-destroying scene, trying to make him fall into endless decline.

This is the special heart source power that destroys the world's heart source fire.

"Sure enough, at the step of the Supreme Flame, what is powerful is not only the flame itself, but also the regular power contained in the flame."

Qin Chen whispered.

The next moment, his eyes suddenly condensed.

While this world-destroying force was about to swallow him completely, Boom, Qin Chen's mind, the chaotic green lotus fire burst out instantly.

boom! When the chaotic green lotus fire in Qin Chen's body dissipated, it was continuously pouring into Qin Chen's body before, and he wanted to burn Qin Chen into a nihilistic heart source fire. It suddenly appeared as if he had seen some natural enemy. With trembling strength

, Got out of Qin Chen's body like crazy, as if fleeing in embarrassment.

outside world.

When Mieshi Xinyuan Fire completely enveloped Qin Chen, the Divine Soul Pill Master's eyes were fierce, and he suddenly laughed.

"Make you crazy, under the fire of this world-destroying heart, you are a mere Tianzun..."

In general, the eyes of the Divine Soul Pill Master suddenly widened, staring at the endless flame in front of him in amazement, revealing an unbelievable look.

"what?"

He screamed in anger, as if he had seen something unbelievable.

Everyone followed his gaze, and the next moment, all the strong eyes in the hall suddenly became round.

That was...I saw the void surrounded by endless flames, a figure slowly appeared, Boom, his whole body, burning flames that can make the void tremble, but this flame that can make the void tremble But when he walks anywhere

When the time comes, they are like avoiding snakes and scorpions, and the panic is dispersed.

It was Qin Chen.

How can it be? At this moment, everyone was stunned. They saw that in the formation, Qin Chen slowly walked out of the vast supreme-level flame like the same fire god. No matter where he went, that world-killing heart source fire Then back away, like a courtier

Worship the emperor.

"impossible!"

The Spiritual Pill Master roared, constantly urging Mieshi Xinyuan Fire, trying to attack Qin Chen, but no matter how he urged Mieshi Xinyuan Fire, the monstrous flame would not move at all and would not listen to his orders.

How could this be?

He murmured, but he didn't understand what was going on, his mind was confused.

The Giant King, Feihong Supreme and other supreme-level powerhouses are all dumbfounded at this moment, their minds are a little confused, and they don't know what to say.

What a hell!

Only the Supreme Master, his eyes condensed, thoughtfully, he looked at Qin Chen and felt something vaguely. Because he was also the owner of the Supreme Flame Universe Source Fire. For some reason, when he looked at Qin Chen at this moment, the Universe Source Fire in his body also shuddered, as if he had encountered a natural enemy.

[Chapter 4402: All things square tripod](#)

"What power is there in this kid's body?"

The mumbling of the supreme divine worker can make him feel the aura of jealousy in the fire of the universe, which is definitely not an ordinary thing.

Under all eyes.

Qin Chen walked step by step in the void, with a sneer at the corner of his mouth, his steps fell in the void, and the flames of the Heart Source of Extinguishing the World evaded one after another, forming a path paved by flames, as if to welcome Its king.

"This is your strongest attack?" Qin Chen sneered. He raised his hand, and a piece of World-Extinguishing Heart Source Fire instantly appeared in his hand. He squeezed it lightly and squeezed it into nothingness.

"It's ridiculous, you want to defeat Ben Shao even at this point of breaking the flame? You are too underestimating Ben Shao? What kind of soul pill master, but so!"

He sneered.

High up, like a god, looking down, looking at the eyes of Divine Soul Pill Master, as if looking at an ant.

With a sudden burst, the face of the Divine Soul Pill Master instantly rose red, and he was extremely angry.

He is a dignified supreme and strong man, when has he suffered such abuse, and was he abused by a weak heavenly sovereign?

Majestic sweeping!

Faceless!

"you wanna die!"

boom!

The Divine Soul Pill Lord was completely furious, and a magnificent black shadow rushed out of his body, instantly suspending the world.

It is a simple furnace tripod!

This furnace tripod, with three legs and two ears, was bronze in color. As soon as it appeared, there was a terrible supreme aura that escaped. With a bang, the aura that shocked the void surged, and an invisible black hole appeared in the void.

Around the furnace, everything seemed to have been swallowed, light, flames, void, everything could not escape.

"This is... the treasure of the gate of the magic medicine gate-the Quartet of All Things!"

hiss!

Many people recognized the terrifying furnace cauldron displayed by Divine Soul Pill Master, and they all sucked in air-conditioning at the moment, showing shocked faces.

The Quartet of All Things is the treasure of the gate of the Shenyao Clan, and it is a supreme treasure.

I heard that in this tripod, there are four directions of heaven and earth, the mother of all things, and it is infinitely powerful.

It is said that the reason why the gods and soul pill masters can rise is because of this cauldron, they have made rapid progress in the medicine cultivation base, and finally become the supreme grade medicine alchemist.

"Is the Spiritual Pill Lord using the Quartet Cauldron of All Things to suppress that Qin Chen?"

At this moment, many people are discolored.

Because this square tripod of all things is not only a supreme treasure for alchemy, but also a treasure of attack.

If the Spiritual Pill Lord used to display the World Extinguishing Heart Source Fire before, it was already a bit too much, then he now displays the Quartet of All Things, which is beyond the ordinary duel.

Even facing the supreme-level powerhouses, they already have enough advantages.

The power bursting out of the two supreme-level treasures is absolutely extraordinary.

"Town!" As soon as the Divine Soul Pill Master took out the Quartet Cauldron, his eyes exploded with cold murderous intent. He yelled and boomed. This huge furnace cauldron instantly floated in the sky, trembling and buzzing constantly, and the cauldron opened. , A dark black hole suddenly appeared

In the sight of everyone.

"Come!"

The Lord of Soul Pill roared.

All things in the square cauldron seemed to contain another world, and the mouth of the furnace cauldron was like a black hole, spewing out terrible swallowing power, swallowing it violently towards Qin Chen.

Hum!

The terrible swallowing power quickly and grandly held Qin Chen.

"not good."

Shen Gong Zhizun's eyes widened, and his heart sank suddenly.

He has also heard of this all things square tripod. Like his hidden treasure hall, it contains terrible space. Once it is included in it, even the supreme powerhouse will not easily get out of trouble, and will even be refined.

But Qin Chen, a little Tianzun, how could he resist?

"Qin Chen, be careful, if you lose, immediately surrender."

Shen Gong Zhizun said in anger, he was really worried.

But Qin Chen remained calm.

All things square tripod?

Good trip!

Qin Chen's eyes lit up suddenly, and his other treasures were basically indispensable. Even with the Chaos Qinglian Fire, he had no desire even for the Supreme-level Heart Source Fire of Extinguishing the World. It moved his heart.

Naturally, he also has the treasures of the furnace tripod, and that is the Heavenly Patching Tripod that was condensed by using the Zixiao Dousui Palace and the Ten Thousand Dao Qing Jin Dan furnace.

However, although the Bu Tian Ding was strong, it seemed to be inferior to this supreme-level Quartet Ding.

If he could get the Quartet of All Things, he would have gained a reward in this competition.

While he was meditating, the Lord of the Soul Pill became more and more angry.

"Boy, you dare to be distracted in front of the Quartet."

boom!

I saw a terrible swallowing force suddenly surging out from the Quartet Cauldron of all things, instantly blocking Qin Chen.

In an instant, Qin Chen felt his own emptiness, as if being imprisoned, and the rules of space could not be used. The whole person and even this piece of emptiness were directly swallowed toward the Quartet.

What a powerful devouring power.

Qin Chen changed color, urging the power of space.

But no matter how he urges the power of space, he can't escape the imprisonment.

"Time rules!"

Qin Chen urges the origin of time!

Hum!

The four weeks passed by, and there was a sudden sluggishness.

Qin Chen immediately seized the opportunity and fled directly with a swish, but what shocked Qin Chen was that the area he was in was suddenly absorbed.

Whoosh!

In the next moment, Qin Chen was already swallowed and entered the Quartet of All Things.

when!

The Sifang Ding of all things closed directly, wrapping Qin Chen in it.

"Hahaha!"

Pill Master Shenhun laughed and exhaled completely. "The origin of time is strong, but your cultivation is too weak. The origin of time you urge can only affect the flow of time, but my four-sided tripod can swallow a world, as long as time passes. Inside, you're still here

The emptiness, no matter where you move to, will be swallowed in, and there is no escape. "

The Spiritual Pill Master yelled, and there was an icy chill in his eyes: "Boy, obediently be in my Quartet Cauldron, and be refined into pus."

boom!

The Divine Soul Pill Lord sat cross-legged, urging the Extinguishing Heart Source Fire, and suddenly a billowing flame surging out, instantly licking on the Quartet Cauldron of All Things. On the Quartet Cauldron of All Things, the terrible forbidden formation patterns rose and bloom There was a bright light.

He was actually using the Quartet Tripod to refine Qin Chen.

"not good!"

Shen Gong Xing Zun's face completely changed, suddenly became ashen, and his heart sank suddenly.

Qin Chen!

It's dangerous!

This is not just like smelting with Desire Heart Source Fire. Desire Heart Source Fire is only an attack from the outside, but once it enters the Quartet of All Things, it immediately feels like being trapped in a vast field. Avoid. Unless you can use the terrible power to directly rush out, otherwise, you can only live and die in it.

[Chapter 4403: Too pitiful](#)

"This Divine Soul Pill Master is too cruel."

"Using the Quartet of All Things and the Heart Source Fire of Extinguishing the World to refine that Qin Chen, who can handle this...?"

"These two treasures are both supreme-level treasures, and even the supreme strong can't resist it. Qin Chen is no more than Tianzun, and this one is completely over."

In the distance, many people were discolored, showing awe.

One by one sighed endlessly.

Qin Chen, it's over.

This is the only thought in their minds.

In this quadrangular cauldron of all things, even the supreme-level powerhouse might be refined into slag, how could Qin Chen be able to resist it.

One by one, they all looked at the Supreme Master of God.

Exuding pity.

It has to be said that Qin Chen's previous strong performance has completely subdued the many neutral powerhouses present.

Taking the Tianzun cultivation base, fighting the supreme cultivation base, and making the Divine Soul Pill Master so embarrassed, in the history of the entire human race, it is also extremely rare, almost never heard of.

Counting it down carefully, it seems that only when Xiaoyao Supreme rises, he has used the Tianzun cultivation base to kill the Supreme-level powerhouse.

However, the Xiaoyao Supreme at that time was already the peak Tianzun powerhouse.

And Qin Chen?

Although I don't know what Qin Chen's specific cultivation base is, at least judging from the aura escaping from Qin Chen's body before, Qin Chen's cultivation base has definitely not reached the peak Tianzun cultivation base, and even the later Tianzun has not reached it.

But it's such a genius, it's over.

Many people feel sorry.

"Hahaha, the supreme workmanship, this is the genius of your daily work? It's ridiculous, I don't know how high the sky is, it's over."

The Giant King was shocked at first, but then he laughed loudly, looking at the Supreme Master, full of mockery.

carefree!

Let this supreme divine workman and that Qin Chen be mad, now it is fine, such a genius has fallen, I am afraid that the supreme divine workman will die.

In the Quartet of All Things, that kid didn't even have a chance to surrender.

For some reason, after hearing the mocking words of the Giant King, many people present felt very uncomfortable.

No matter what, Qin Chen is the arrogant of Human Race.

Even if it was from Heaven and didn't deal with the giants, but such a genius fell here, everyone was full of regrets.

If he is allowed to grow up, maybe the human race will have one more Xiaoyao Supreme, and his influence in the universe will be greatly enhanced.

Shen Gong Zhizun's face was blue, and he didn't say a word, he stared at the Quartet Tripod.

Boom!

Under the eyes of everyone, the Quartet made a small roar, seeming to be trembling.

"Hehe, I'm still rebelling, too, such a genius, naturally unwilling to fall, but unfortunately, in my Quartet Tripod, even supreme-level materials can be easily refined into a pill. How can you resist??"

The corner of Shenhun Danzhu's mouth was drawn with a sneer, and he sat cross-legged, closing his eyes.

Rumble! ‘

In his body, terrible flames spurted out, and the powerful supreme-level flame extinguished the world and burned the pill furnace continuously, as if refining alchemy to refine Qin Chen.

now.

Everything in the Quartet Tripod.

Qin Chen was in a deep black world.

call!

All kinds of terrible flame powers hit, Qin Chen immediately felt severe pain, and his body seemed to be cooked in an instant.

Ho Ho Ho Ho!

A series of flames, like a fire dragon, constantly swept towards Qin Chen.

"Kid Qin Chen, you are in trouble now."

In the chaotic world, Honghuang Zulong said in a deep voice.

"Here, it seems to be a special alien space. It is impossible to shuttle out. If you want to go out, you can only use far more than thorough strength to break the world to escape. Otherwise, it will be difficult..."

Honghuang Zulong said solemnly.

"is it?"

Qin Chen was floating in the void, without the slightest panic.

On his body, a dark armor suspended, it was the Haotian Divine Armor, which immediately blocked at least half of the attack.

"This Haotian Divine Armor is really powerful."

Qin Chen was also surprised.

It should be understood that he is only the Heavenly Sovereign now. Using the Heavenly Sovereign cultivation base to spur the Vast Sky Divine Armor, it can eliminate nearly half of the attack power. If he is the Supreme Cultivation Base, how terrible would this Vast Sky Divine Armor be?

unimaginable.

But now is not the time to think about this, the chaotic green lotus fire burst into Qin Chen's body.

Although the breath of the chaotic green lotus fire could not push away the world's heart source fire across the square cauldron of all things, but with the chaotic blue lotus fire protection body, the power of refining that had already been resisted by half was weakened again in an instant.

Suddenly, the power that even the Supreme could refine could not immediately cause much harm to Qin Chen.

On the contrary, this force began to gradually penetrate into Qin Chen's body, refining Qin Chen's physical body, so that Qin Chen's originally stagnant body refining cultivation was once again improved.

"interesting."

Qin Chen smiled.

In that case, this is really an excellent place for body training.

boom!

The four voids, with the power of space binding and the power of flames, kept entwining Qin Chen, but gradually made Qin Chen's physical body stronger.

Moreover, the terrifying power of space contained in this quadrangular cauldron of all things, and the aura of space continuously poured into Qin Chen's body.

At the same time, the origin of the chaos in Qin Chen's chaotic world was also surging, constantly entering Qin Chen's body to consolidate his cultivation.

In addition, Qin Chen directly took out the peak Heavenly Venerable Saint Veins obtained before, and swallowed them crazily into his body.

Klang Klang!

The terrifying aura surged in the entire Quartet Cauldron, and immediately burst out with a terrifying roar.

outside world.

Everyone sighed.

Hearing the roar from the square cauldron of all things, they all looked pity.

This should be the voice of Qin Chen struggling in it, too pitiful.

A Tianjiao whose ability rivals the supreme, was so refined, this kind of death is too cruel.

Even hostile forces like Feihong Supreme can't stand it.

This.....

Too bad.

Bang bang bang!

I heard the Quartet shaking everything, as if someone was struggling. It was miserable.

Pill Master Shenhun sneered.

Let this kid offend me, let's be dead now!

However, he asked for it.

There was endless chill in his eyes.

now!

Everything in the Quartet Ding.

Qin Chen has been cultivating, and the surging power has continuously poured into his body to expand his cultivation.

I don't know how long it has been!

Boom!

A terrible breath rose from Qin Chen's body.

Qin Chen's physical body began to become transparent, and before he knew it, his physical body had achieved a big breakthrough, reaching a new bottleneck. In addition, Qin Chen's cultivation level had also entered the realm of Heavenly Sovereign from the beginning, and suddenly entered the realm of Mid-term Heavenly Sovereign.

[Chapter 4404: Ten Thousand Souls Suppression](#)

Rumble!

In the pitch black space, Qin Chen suddenly opened his eyes, and a terrifying breath burst out from him.

Qin Chen stood proudly, his aura soaring into the sky, and the whole square cauldron roared, as if it was about to explode.

"Huh? This guy is still fighting?"

The outside Divine Soul Pill Master felt this breath, his face suddenly changed, bang bang bang, after a moment of calm, the Quartet Cauldron of all things shook again.

Isn't that kid still dead?

In the imagination of the Divine Soul Pill Master, under the ritual refining of his quartet cauldron of all things, such a Heavenly Venerable Qin Chen, not to mention has turned into pus, but it should have been refined, why can Resist?

This kid is really tenacious!

The Divine Soul Pill Master sat cross-legged, and the fire of the heart of the world was moved to the extreme, his eyes were cold.

He really didn't believe it anymore, what other tricks the kid could toss out in his four-sided cauldron.

"Refining God Fire Array!"

The Spiritual Pill Master screamed, and the extinguishing heart source fire quickly swept out, forming a vast flame array, frantically licking all things and square cauldrons, constantly refining.

In the Quartet of All Things, Qin Chen suddenly felt that the temperature around him was rising crazily.

Qin Chen frowned, looked at the surrounding void, a series of terrifying runes appeared, trying to melt him.

"ridiculous!"

Qin Chen blasted out with a punch, and with a bang, the many burning runes that swept through were instantly blasted by Qin Chen with a punch.

"It seems that my strength has improved a lot this time."

Qin Chen looked down.

Tianzun mid-term!

Unexpectedly, not long ago, he broke through the realm of Heavenly Sovereign in the Abyss of Burial Sword, but now he has broken through the mid-stage of Heavenly Sovereign.

He felt his flesh, the flesh was crystal clear, as clear as jade, and the luster walked around him, like sword energy, and in the flesh, there was a hint of red.

There is a terrible flame power lingering.

"boom!"

At the same time, Qin Chen opened his eyes, and a terrible rainbow burst into his pupils, bursting out.

Fiery eyes!

The power of countless flames condensed in Qin Chen's eyes, and some lines in the dark void were instantly captured by Qin Chen.

"I saw it!"

Qin Chen's eyes condensed, and a punch was blasted, booming, and the entire Quartet Cauldron shook violently.

outside world.

Divine Soul Pill Lord was frantically refined, and the Quartet Cauldron of all things was already somewhat calm.

But suddenly.

Cang Dang!

The Quartet Cauldron, which had already calmed down, shook again, and the entire furnace cauldron shook violently, causing the void to roar continuously.

"what?"

The face of the Shenhun Pill Master changed drastically, he pressed it down with a palm, and shouted: "Set!"

Boom!

All things Quartet Ding suddenly calmed down, but still trembling constantly in his hands.

Qin Chen kept punching in the quadrangular pot of all things.

Bang bang bang!

With every punch, it slammed vigorously, and with one punch, the world changed color, and countless flame runes burst to pieces.

He wants to blast away the square cauldron of all things and kill them out of it.

Ho Ho Ho!

The fists were full of strength, like real dragons, flying out of Qin Chen's fist, erupting with eternal power.

The entire quadrangular cauldron trembled violently, and the lid of the cauldron roared as if it was about to be detonated.

Divine Soul Pill Master's face completely changed.

Is this Qin Chen so tenacious?

Why does the Quartet Ding of all things vibrate so much?

In the distance, the originally nervous Shengongzhizun let out a sigh of relief, and his eyes flashed.

In fact, he had a vague feeling before that Qin Chen actually had a chance to escape when he was swallowed by the Quartet of All Things, but for some reason, Qin Chen didn't do it.

Now, seeing that Qin Chen is still so energetic, the heart of Shen Gong Zhizun has completely fallen for some reason.

"This little yin ratio..."

He whispered, his eyes flickering.

Since getting to know Qin Chen, he hasn't seen Qin Chen suffer. This little yin is more yin than him. He dares to accept the challenge of the Divine Soul Pill Lord and deliberately enters the Quartet Cauldron.

The others around were also shocked at the moment, looking at the banned Divine Soul Pill Master in disbelief. The Divine Soul Pill Master has been refining this for so long, hasn't Qin Chen been refined yet?

boom!

At this moment, the Quartet Cauldron violently shook, splitting the layers of the void.

"Set it to me!"

The Lord Shenhun Dan was furious, he was anxious, and became angry from anger.

"Ten thousand souls suppress!"

boom!

The heavy shadows in the main body of the Divine Soul Pill blasted into the Quartet Cauldron of all things, and each shadow seemed to be able to blast and kill a pinnacle of heaven.

"I don't believe it anymore. Can you escape from the square cauldron of all things in this seat?"

Pill Lord Divine Soul roared, murderous, and suppressed with all his strength.

With a bang, the terrifying soul talisman surged, and the violently roaring Quartet Cauldron finally stabilized again.

"God refining!"

The Divine Soul Pill Master squeezed his hand, and the supreme power accompanies the World Extinguishing Heart Source Fire to completely envelop the Quartet Cauldron in an instant, refining frantically.

Everything in the Quartet Ding.

Qin Chen finally stopped after blasting hundreds of punches in a row.

He watched the void regaining stability around him, frowning slightly.

The void of this all-things square cauldron is extremely hard. Before, he had already used all his strength to make a shot, but he still failed to blast his shackles and rush out of the cauldron.

It seems that the cultivation base of the mid-term Tianzun is not enough.

Qin Chen frowned, what should I do?

He sighed.

"The furnace cauldron of the Divine Soul Pill Master is a bit weak. It only allowed me to break through the mid-term Celestial Venerable. It would be better if I could break through the mid-term Celestial Venerable realm. If I could break through the late Celestial Venerable realm, maybe I would be able to kill it directly."

Qin Chen murmured.

Really depressed!

by! If the God Soul Pill Master knows Qin Chen's current thoughts, he will definitely vomit blood. He is clearly prepared to kill Refining Qin Chen. Not only has he failed to refine him, but Qin Chen has achieved a breakthrough. I don't think I can break enough

,This.....

Are there such shameless guys in this world?

"Kid Qin Chen, you're too cheap and you sell well, right?"

Hong Huang Zulong was also speechless.

What kind of kid Qin Chen belongs to? In this supreme-level treasure, it was refined by a supreme-level powerhouse with a supreme flame. Even a supreme-level powerhouse might be dangerous, but Qin Chen...

Not only is it not dangerous, but also thinks that the opponent's refining is not strong enough, it is really a **** operation.

"Kid Qin Chen, this space is very special. It seems to be an independent space. If you want to kill it, I'm afraid it will not be easy, unless you have the strength above that Divine Soul Pill Master."

Honghuang Zulong said. What a glance he had already seen, the space in this cauldron was somewhat similar to the chaotic world of Qin Chen, and he wanted to rush out forcibly unless he had the strength above the Divine Soul Pill Lord.

[Chapter 4405: Derefining](#)

"Forcibly rush out, don't think about it."

Qin Chen looked up at the sky, smiled and shook his head.

He is a top crafting master, and he naturally knows how difficult it is. Although he has achieved breakthroughs in strength, he still wants to rush out forcibly.

"In addition to forcibly rushing out, there is actually another way."

Qin Chen's eyes brightened.

"The Eye of Creation!"

In the center of his eyebrows, an eye pupil suddenly appeared, rumbling, and immediately, a series of invisible lines appeared in the void. This was the power of refining in the square cauldron of all things.

Moreover, in the eyes of Qin Chen's creation, some furnace walls faintly appeared in this pitch-black space at the same time, and on the furnace walls, there were also array patterns.

This is the supreme-level array pattern of the square tripod of all things.

In the eyes of Qin Chen's creation, all the restraining power of the Quartet Ding of all things was spied on by Qin Chen.

"well!"

Seeing these patterns, Qin Chen's eyes lit up, and a smile appeared on the corner of his mouth.

"boom!"

At the next moment, a furnace cauldron flew out of Qin Chen's body in an instant.

This furnace cauldron exudes a magnificent aura, and it is made from the Zixiao Dousizong and Wandao Qingjin Pill furnace.

"Kid Qin Chen, what are you..."

Honghuang Zulong was puzzled and didn't understand what Qin Chen was planning to do.

Is it ready to use the furnace tripod against the furnace tripod?

Not like it!

Not to mention that Qin Chen's furnace tripod itself is not as good as the other party. On the other hand, Qin Chen is now in this quadrangular tripod, which is tantamount to being controlled by the other party.

If you want to use treasures to fight, unless you come out with a furnace that surpasses the supreme level, or come out with a supreme treasure similar to the level of the treasure hall of the master of the gods, it is impossible to fight.

Honghuang Ancestral Dragon was in doubt, and saw Qin Chen's figure flashing, and instantly entered the Heavenly Patching Cauldron.

Hum!

From Qin Chen, a wave of invisible power escaped, and was continuously integrated into the Heaven Patching Cauldron.

"Kid Qin Chen, what are you doing? Do you use this Mending Heavenly Cauldron to fight the Sifang Cauldron? This... doesn't seem to work well?"

Honghuang Zulong wondered.

At the level of the Tianding Ding, this will only be refined by the Divine Soul Pill Master.

"Who said I would use the Butianding Ding to fight against the Sifang Ding of All Things?"

Qin Chen smiled, "I think this Quartet Ding is not very strong, so I will add some ingredients to him."

"Add some stuff?"

Honghuang Zulong was even more puzzled.

What kind of medicine does this kid gourd sell?

In doubt!

Click!

It was seen that under the refining of the Quartet Cauldron of all things, cracks suddenly appeared.

Honghuang Zulong's face changed slightly, "Little Qin Chen, you are going to be refined."

"Hahaha, just want it to be refined."

"The Art of Patching the Sky!"

Qin Chen sneered, and saw the Tianding Ding bang with a bang, and it broke directly, and the fragments quickly merged into the Quartet.

Qin Chen urged the technique of patching the sky, and the Quartet Cauldron of all things glowed continuously and quickly strengthened. The formation patterns merged with the fragments of Qin Chen's Patching Heaven.

Not to mention, Qin Chen threw out the treasures piece by piece.

Inside, there are some supreme-level materials, which Qin Chen has incorporated into the power of patching the sky, and then refined by the Quartet.

"You are..."

Hong Huang Zulong widened his eyes and finally understood Qin Chen's purpose.

I'm 轰轰轰!

Qin Chen, this kid, is going to refining the Butian Ding into the Quartet Ding of All Things, oppose the guest, and control the Quartet of All Things in his own hands?

hiss!

If this succeeds, I am afraid it will be a classic case of small swallowing.

outside world.

The Spiritual Pill Master suddenly frowned, wondering why the Quartet Cauldron suddenly became a little stronger.

Could it be that the kid was refined?

But even if it is refined, the Quartet Cauldron itself will not become stronger?

strange!

He also wondered, somewhat inexplicable.

However, no matter what, it is a good thing for the Quartet to become stronger. The most likely reason is that the kid was refined.

Thinking like this in his heart, the Master of Soul Pill increased the refining speed.

He clearly felt that his Quartet Cauldron was slowly becoming stronger, and he didn't know how long it took.

Om, on the square tripod of all things, the rays of the sun are shining, and a series of terrible auras rise to the sky, blooming with the supreme power of the sky.

what happened?

In the distance, many people looked over.

The Divine Soul Pill Lord himself was dumbfounded.

Damn it!

what happened?

Has your own Quartet Tripod from the ordinary supreme treasure to the mid-term supreme treasure?

This this this...

The Lord Shenhun Dan was stunned, and he didn't do anything?

Just between his consternation.

boom!

suddenly.

A terrifying force soared into the sky in the Quartet of all things, and the furnace lid vibrated, unexpectedly breaking a gap.

"not good!"

Pill Master Divine Soul changes color, then Qin Chen hasn't died yet?

He hurriedly urged the Sifang Ding of all things, trying to suppress the Sifang Ding of all things, but for some reason, he vaguely felt that he had lost control of the Sifang Ding of all things.

Is it because the Quartet tripod broke through. While in doubt, he saw a figure swiftly out of the Quartet Cauldron. When he wanted to suppress it, it was too late. With a bang, the lid of the Quartet Cauldron was opened in full view. A magnificent

The figure rose to the sky.

Boom!

That figure, towering and powerful, was Qin Chen.

"You... are not dead?" The Divine Soul Pill Master was furious.

The others were also shocked and sluggish. After refining for so long, not only did Qin Chen not be refined, but I don't know why when everyone saw Qin Chen, they felt that his aura became stronger than before?

This won't... break through, right?

Everyone is incredible.

Make a breakthrough in the process of refining the Supreme Pill Furnace? Don't say I haven't seen it before, I don't even dare to think so.

"Hmph, Master Divine Soul Pill, you also want to trap Ben Shao." Qin Chen sneered as soon as he appeared, and suddenly slammed into the Pill Master Divine Soul with a fist.

Boom!

The void cracked and the energy rushed into the sky, a force that was several times more terrifying than before, suddenly descended in front of the Divine Soul Pill Master.

"what?"

The spirit pill master was shocked and hurriedly resisted. With a bang, the void exploded. Under this punch, the spirit pill master violently withdrew from the range of hundreds of meters, his face suddenly turned pale, and his right hand faintly trembled. .

With a punch, he was actually injured.

what?

In the distance, everyone froze.

Qin Chen has been refined by the Quartet Cauldron for so long, and instead of being refined to death, why has it become stronger instead?

With a punch, even the Soul Pill Lord was blasted back.

"You are looking for death." The Divine Soul Pill Master was frightened and angry, his eyes were cold, an invisible force merged into the Quartet of All Things, and it blasted towards Qin Chen.

[Chapter 4406: Leader-level powerhouse](#)

The Quartet Cauldron of all things was blasted out, a series of terrible formation patterns agitated, the supreme aura rose to the sky, and the power of the mid-term supreme treasure suddenly fully bloomed.

Faced with the explosion of the Quartet of All Things, Qin Chen suddenly smiled.

"The Art of Patching the Sky!"

Qin Chen raised his hand and did not resist at all. Instead, a series of invisible forces quickly lingered out, slamming around the Quartet.

I saw the dazzling divine pattern suddenly appearing on the Quartet of All Things. This divine pattern quickly combined with the breath on Qin Chen's body, complemented each other, and quickly resonated.

Suddenly, the Divine Soul Pill Master was horrified to find that his control of the Quartet Cauldron of all things was actually weakening.

"What's going on!" He was full of trepidation. This is his most important treasure, and it broke through the mid-term supreme treasure not long ago, enough to give him a rapid increase in strength. Why is he in control of the Sifang Ding

Is slowly weakening?

Once he loses this thing, his strength will definitely be greatly weakened, and even the supreme pill cannot be refined.

"come back!"

He didn't care about using it to kill Qin Chen, and hurriedly took back the Quartet Ding.

But Qin Chen smiled coldly and stepped forward with a big hand, quickly pressing down on the Quartet Cover of All Things.

In his big hand, a dazzling rune bloomed and roared with the Quartet Cauldron of All Things. The Quartet Cauldron of All Things seemed to be attracted, and quickly flew towards Qin Chen.

At this time, even idiots and others could see that Qin Chen was actually capturing the Quartet Cauldron of Soul Pill Lord?

"You...what demon technique did you use?"

Divine Soul Pill Lord looked frightened, roared, and madly killed him.

He must not let the Quartet Ding of All Things fall into Qin Chen's hands.

Qin Chen remained silent, the technique of patching the sky constantly urged, and the power of patching the sky quickly merged into the square cauldron of all things, and at the same time, a sharp sword suddenly appeared in Qin Chen's hand.

This sharp sword was completely dark, and when it appeared, it exuded a chilly breath that shook the sky.

Mysterious Rust Sword!

Qin Chen finally displayed his strongest method.

"cut!"

The power of a soul merged into the mysterious rust sword, with a boom, the black light on the mysterious rust sword flourished, and a dark sword light appeared suddenly, aiming at the Soul Pill Master suddenly slashing out.

The Lord of Soul Pill snarled angrily, "Get away!"

At the same time, he punched out.

next moment.

With a bang, the Divine Soul Pill Master was blasted out in embarrassment, and was chopped out thousands of feet at once, and a dark sword mark appeared on his chest, blood flying across.

One sword!

he is injured!

In the distance, everyone looked dumbfounded and couldn't believe their eyes.

Qin Chen actually smashed the Soul Pill Master with a sword, and the Master of the Void God Hall frantically rubbed their eyes, almost thinking that they had made a mistake. A sword smashed the flying spirit pill master, but Qin Chen did not have the slightest expression of surprise on his face. In his body, the power of chaos was surging, merged into the power of patching the sky, and quickly entered the square cauldron of all things, and, Qin Chen's soul power is also accompanied

The power of replenishing the sky also enters the Quartet of All Things, gradually refining the prohibitions in it.

Do not! The Spiritual Pill Master roared in anger, trying to rush forward, but on the sword mark on his chest, a cold power penetrated, this power band penetrated the power of the soul, and the ears actually heard Jie Jie vaguely. Jie's yin laugh,

As long as he can't resist this force, his soul will be completely swallowed by this cold force, making him have to stop his figure and resist it.

With a bang, Divine Soul Pill Lord's body suddenly surging from the World Extinguishing Heart Source Fire, the flame burned, and the cold power was cleared away little by little, but when he finished all this. collapse!

The Spiritual Pill Master clearly felt that a certain connection between himself and the Quartet of All Things was suddenly broken.

I... lost all things Quartet.

He raised his head and saw Qin Chen stroked the Quartet Ding with one hand, and lightly retracted it, and the Quartet Ding of all things disappeared and was taken into the storage space by Qin Chen.

"Give me back the Quartet Ding."

The Spiritual Pill Lord slayed Qin Chen like crazy. Qin Chen took a deep breath, his eyes were cold and blasted, and the chaotic aura surging in his body, the mysterious rust sword exuded a cold force again, facing the spirit The pill master cut down with a full sword.

This time, Qin Chen no longer needed a clone to refine the square cauldron of all things, and the cold power in the mysterious rust sword was urged to the extreme in an instant.

boom!

A jet of dark sword light suddenly rushed out and slammed the Divine Soul Pill Master.

There was a bang, and the World Extinguishing Heart Source Fire on the main surface of the Divine Soul Pill was violently smashed, a huge crack was opened in the void, and the Divine Soul Pill Master flew out instantly.

Puff!

In the void, blood flew horizontally, and the Divine Soul Pill Master was covered with blood. Under a sword, a sword mark with deep bones appeared on his chest, and the blood quickly shot out from it, bleeding into the sky.

With one sword, the soul pill master defeated!

"You lost."

Holding a mysterious rust sword, Qin Chen stood proudly in the void, looking indifferently at the Divine Soul Pill Lord, like a god, high above.

Quiet!

Silence!

On the court, everyone watched this scene in horror, speechless.

Divine Soul Pill Lord actually defeated?

"You...return my all things Quartet!"

The Lord of the Soul Pill gritted his teeth and roared with a hideous face.

This is his most powerful treasure. Once lost, he will be over. I don't know how much strength will fall.

"What is the Quartet Ding of all things?" Qin Chen sneered: "I wish to accept defeat. In this world, there will be no Quartet of all things for you. Some are just the temple of Wandao Refining Temple!"

Qin Chen said calmly.

This is the treasure that he spent to make up the Tianding and many supreme-level materials to refine successfully, how could it be exchanged?

"you....."

Pill Master Shenhun gritted his teeth and looked at Qin Chen in anger.

But he knew that he couldn't take back the quartet tripod by himself. He quickly turned his head and looked into the depths of the hall.

"Huh, arrogant and arrogant, the Master of Divine Work, look at the good disciple you taught. In the main hall of my Human Race Council, he even dared to rob him by accident. Do you really think my Human Race Council will not punish him severely?"

Boom!

At this moment, in the depths of the hall, several faint figures slowly appeared.

When these figures flashed, they had already disappeared. In the next moment, on the throne of the hall, one after another appeared.

There are five or six figures.

boom!

As soon as these figures appeared, a shocking atmosphere poured out, as if to destroy the universe in an instant.

Supreme!

Feeling the breath of these powerful men, Qin Chen's pupils suddenly shrank.

These figures are all Supreme-level powerhouses. Especially the one in the middle, there is no face at all, only one can see that this is an incomparably towering man, with a tall figure, like an ancient god, only the breath that radiates, suppresses Qin Chen who has just broken through the mid-term heavenly. ,

Difficulty breathing, the power of Tianzun in the body is crazily compressed and uncontrollable. A true leader-level powerhouse!

[Chapter 4407: Wanfa Supreme](#)

As soon as this leader-level powerhouse appeared, an endless terrifying aura suddenly surged in the entire hall, and Qin Chen snorted suddenly as the breath of the ocean was suppressed.

He looked up in disbelief.

His eyes narrowed.

On the throne of this hall, a number of silhouettes suddenly appeared. Each of these silhouettes exudes a terrifying aura, towering like a god, looking down at Qin Chen.

Five or six!

How could the human race have so many supreme?

Qin Chen couldn't believe it.

Supreme, shouldn't it be extremely rare?

Qin Chen frowned, somewhat puzzled.

It should be known that in addition to these six people on the field, there are also Giant King, Divine Worker Supreme, Feihong Supreme, Divine Soul Pill Lord, all Supreme-level powerhouses.

In this way, the supreme powerhouse is fully ten.

The point is, these are only the supreme human beings, how many supreme there are in the entire universe?

This was completely inconsistent with Qin Chen's initial cognition.

For example, the patriarch of the demon clan, Demon Tianzun, is only a peak Tianzun powerhouse, while the demon clan is already known as the second-line demon clan of the demon clan, second only to the abyss demon clan.

Even for such a strong clan, its patriarch, Demon Heavenly Venerable, is only the Peak Heavenly Venerable. Although it is very strong, it is the head of the Peak Heavenly Venerable, but it is only Heavenly Venerable.

Now, ten Supremes suddenly appeared, and Qin Chen was stunned.

Is there so much supremacy of the human race?

"Ancestral God!"

Seeing the god-like figure among the many supreme sacreds, the Hallmaster of the Void God and others present, all the eyes were shocked and respectful, and they saluted.

Patriarch!

Strong as the supreme divine workman, there is also a dignified look in his eyes.

This is a gangster-level figure, the leader of the human race in ancient times, with a great reputation, even when the master of craftsmanship was still a fire-burning boy under the ancestor of a craftsman, the ancestor **** was already a top power in the human race. Up.

"Master of the Holy Work, your disciple who works forever, is really arrogant, exactly like you."

The ancestor **** sat in the center of the towering throne and said calmly.

His tone was very casual, but every word fell, the void was trembling, and the universe and heaven shook under his breath, as if he couldn't control it, and spoke the law.

boom!

The terrible breath rushed out, the sky and the earth roared, and everyone was trembling.

Shen Gong Zhizun's complexion changed, and the hidden treasure hall above his head suddenly moved, resisting this terrible breath, and then sneered: "Ancestral God, I don't understand what you mean?"

"Divine work, you are still the same as before, breaking through the supreme and not changing." The ancestor **** laughed loudly, "Whether you admit it or not, today, I am waiting for only one purpose, and that is to judge what you have done in the ancient world. for."

"Open the Terran Council."

Ancestral God Rumble said.

boom!

Suddenly, the figures of the ancestor gods were all lit up with terrible divine rainbows, bursts of divine rainbows shot out, and quickly merged with the hall of this man's alliance city.

Hum!

The entire human alliance city was a violent sensation, exuding a unique force, this force, centered on the human alliance city, merged with the universe and heaven, and quickly passed out.

"Open the Terran Council!"

"Open the Terran Council!"

"Open the Terran Council!"

A roar of rumbling sounds resounded throughout the world, and there seemed to be a magnificent voice spreading throughout the territories of the human race.

At this moment, the ancestral land of the top human race forces all received this message.

One by one changed color.

The Human Race Council was actually opened?

They changed color, and their spiritual power quickly merged into this special power.

Hum!

Suddenly, their consciousness instantly entered a special state.

The Great Hall of the People League City suddenly expanded, as if a small world had formed. Above this small world, there were magnificent thrones, and above the throne, a series of figures exuding a majestic atmosphere appeared. Moreover, under the throne, Qin Chen and his main hall behind the center, a piece of chairs also appeared, above these chairs, there also appeared a figure, each figure exudes an extremely powerful aura, all of them are Heavenly Sovereigns. Strong

However, the figures that appeared later, although they exuded terrifying aura, they seemed to be just shadows of spiritual power, without actual source power.

"Ancestral God!"

"Ancestral God!"

"I have seen the ancestors!"

"It was the Ancestor God who convened the Human Race Council."

"What's the matter?"

"That's... the master of the divine work of heaven, I heard it, it seems that it is because the master of divine work of the ancient world made a lot of trouble."

After these mental power figures appeared, I saw the scene in the hall, and they changed color one after another, discussing with each other and communicating with each other.

Virtual mental power!

Qin Chen changed color.

This man's alliance city has such a special ability. He saw that these figures are actually lifelike and exude a terrifying aura, but in fact they are not the main body, not even the clone, but a series of mental power projections.

It was a projection drawn from the special power of Renmeng City. As long as the top powers of the major forces of the Human Race are in the Human Race Realm, once the Human Race Council is opened, the Human League City will release a special power that can cover the entire Human Race Territory, and then the top powers of the major forces in the Territory, Just pick

With this force, the mental power can be projected quickly to this hall.

Participate in the Human Race Council.

Such a method shocked Qin Chen. This man's alliance city was really special and tough.

"Since you are here, everything is quiet over there."

Beside the ancestor god, a magnificent voice spoke, exuding a terrifying breath.

"The Supreme One!"

The strong said in a deep voice.

The supreme of Wanfa, the ancestor of the Temple of Wanfa, has a good relationship with the ancestor god. He is a supreme supreme of the human race, capable of reaching the sky, and even the Lord of Tianhe.

As soon as he spoke, everyone was silent.

"Master of the Holy Work, are you convicted?!"

Wanfa Zhizun stared at Shen Gong Zhizun, sternly shouted, and boomed, the terrifying breath of Wanfa directly stirred out.

Suddenly, everyone changed color.

Is it so direct?

The strong under the ancestors of the gods directly attacked the Supreme Master of God.

"Convicted?"

Shen Gong Zhizun smiled. He stood up, tall and sneered, "What a crime."

"presumptuous!"

Boom! Wanfa Supreme yelled, exuding a surging breath of weather on his body, looked at the Giant King, and said coldly: "The Giant King, according to the actions of the master of the Holy Work, to be honest, our Human Race Council is a council that safeguards the interests of the Human Race. Never allow any bad group

The horse is wild in my human race. "

"Yes, ancestral gods, fellow councillors..." The giant king gritted his teeth and walked out immediately. When he reached this point, he naturally couldn't shrink back and said coldly: "The Lord of Heavenly Work and Divine Works, relying on himself to break through the supreme realm, reverse behavior and behave nonsense , I also ask the ancestral gods and the councillors, as well as the top powers of our human race, to be the masters of our human race."

[Chapter 4408: Who gave you the courage](#)

The giant Wang Hongsheng said, accusing the Supreme Master.

"You will elaborate."

Wanfa Supreme drank coldly.

"Yes, Member of Wanfa." The Giant King took a step forward and said immediately: "The Lord of the Palace of Gods is lawless. Not long ago, he went to the ancient world for his own selfish desire, and powerfully destroyed the two ancient worlds of the Xiao family and the Ji family, and Kill Xiao Wudao and Ji Tianyao, two ancient families

Ancestor, devour half of the original power of the ancient world..."

Following the opening of the Giant King, one message after another quickly passed through the human alliance city to the mental power of all the strong men present. Although many powerhouses have heard of this before, they are not clear about the ins and outs of the matter. At this moment, with the narration of the Giant King, the arrogant and domineering behavior of Shen Gong Xing Zun is immediately reflected in everyone present. Mind

in.

"Holy Master, what do you have to say?"

Wanfa Zhizun said solemnly.

"Hahaha." Shen Gong Zhizun laughed, his body standing proudly, facing the eyes of everyone, just sneered again and again. "If you want to add a crime, there is nothing wrong with it. The specific situation of the matter was clear to all the major forces present at the time. The Jiang family and the Ye family of the ancient world also knew the situation. You can know the answer after asking. You are also a supreme powerhouse anyway, and now this seat is also supreme. According to the regulations of the human race council, you can become a member of the human race council if you break through the supreme council. If you want to accuse a member of the council, you have to produce some evidence. Why, let the giant king be here Want to sanction me after a few words?"

Is the Human Race Council your one-word hall? "

Shen Gong Zhizun sneered.

Immediately, everyone on the court looked over in astonishment.

This superb workmanship is so arrogant. In fact, everyone present also understood that the people behind the Supreme Master of Divine Work and the Supreme Master of Ten Thousand Dharma, including the Lord of Tianhe, all knew that the ancestors of the Supreme Master were not only targeting the Supreme Master Against him

The other person behind.

"evidence?"

Wanfa Zhizun sneered and his eyes were cold: "Not to mention who is right or wrong in the Xiao family and the Ji family. You have rashly killed Xiao Wudao, the ancestor of the Xiao family in the ancient world, and you have violated the rules of our Human Race Council. You should be taken down and severely punished. "

"In addition, there is this Qin Chen..."

Wanfa Zhizun looked at Qin Chen in the hall: "As a human god, I don't know how high the earth is. He is arrogant and domineering in the main hall of the human alliance city. He wantonly insulted the deacon of the human alliance city. ."

"I heard that this son also established a Chendi Pavilion in the heavens, occupying the heavens privately, doing evil, and taking them all together."

Wan Fa Zhizun said, his big hand suddenly pressed towards Qin Chen cover.

Boom!

The power of the terrifying Ten Thousand Ways of Heaven came down in an instant, and the terrifying Heavenly Dao aura intertwined in the sky, forming a suffocating domain of Ten Thousand Ways, which instantly confined Qin Chen.

not good!

At this moment, Qin Chen was shocked. In his perception, his sense of the universe and heaven disappeared in an instant, as if he had entered a closed world.

"The realm of law."

"It's the realm of all laws."

"This field is the innate and supernatural power of the Supreme of Ten Thousand Dharma. Once it is used, even the Supreme can't get rid of it. He actually used the Tianzun disciple who worked that day?"

Many of the heavens and the supreme who came were shocked. They thought it would be a arrogant argument. After all, both sides are powerful, supreme-level powerhouses.

But no one thought that the two sides didn't say a few more words at all, and the party of Wanfa Zhizun actually started directly.

This is because I don't want to argue with the other party at all, I just want to capture the Supreme Master of God's Work in the first place.

And what shocked them even more was that the person who shot at Wanfa Zhizun turned out to be a Tianzun.

This.....

Is it too bullying?

Shocked in his heart, he saw the attack from the Supreme Being of Ten Thousand Fas, which had already come to Qin Chen's head.

"Sovereign Wanfa, do you still have a face when you attack a junior?"

The Supreme Divine Workman was also furious. He never thought that Wanfa Supreme would be so unruly. In his anger, he directly urged the hidden treasure hall above his head and fiercely bombarded Wanfa Supreme.

Wow!

Chains flew out all over the sky, facing a powerful person like Wanfa Zhizun, Shen Gong Zhizun did not dare to be careless, and the power of the treasure hall was urged to the maximum by him in an instant.

With a bang, I saw the countless chains exploded from the Supreme Treasure Hall of Shengong and instantly collided with the realm of Wanfa Supreme. Suddenly, two terrifying forces vibrated and burst into a shocking roar.

Moreover, chain after chain, swiftly swept towards the Supreme of Ten Thousand Fas.

Wanfa Zhizun changed his color. He didn't expect that Shengong Zhizun would dare to do anything against him, and his strength was so terrifying, it was no wonder that the Lord of Tianhe could not win.

However, after all, he is a top-level supreme powerhouse, and he has no fear of the supreme divine workmanship. He sneered and was just about to shoot.

Seeing a towering figure beside him, he stood up instantly.

Is the ancestor!

As soon as this figure stood up, everyone present changed color.

The ancestors are... do you want to do it yourself?

Just as shocked, I heard the ancestor god's icy eyes and rumblingly said: "The supreme divine workman, you are so brave, it is not your turn to be wild in the land of the Human Race Council."

boom!

A terrifying palm suddenly descended from the sky.

This palm was extremely magnificent, covering the sky and the sun. At the same time as it blasted out, all the strong on the field, including the supreme strong, felt it was difficult to breathe, as if the universe was about to collapse and the end was about to come.

With a bang, the treasure hall above Shengong Supreme's head roared violently, and the chains were instantly collapsed and flew out. Shengong Supreme himself also turned pale, and was blown out with a bang, his body trembling, fragile and vulnerable. .

Even the Lord of Tianhe could not easily capture Divine Work Supreme, but under the blow of the ancestor god, he was directly blown out.

Strong!

too strong!

Everyone changes color.

The ancestor **** blasted back the supreme divine workmanship, and the power of the supreme domain of ten thousand laws also completely descended on Qin Chen's head.

Qin Chen roared, the mysterious rust sword in his hand appeared, and with a roar, he slashed out at the ten thousand magic domain.

boom!

The sword light is dazzling, and the volume is crazy.

But under the realm of ten thousand faculties, there was no way to cause too much movement at all, the supreme ten thousand faculties sneered, and the big hand directly covered it.

puff!

Qin Chen's face turned pale, and even the Haotian Divine Armor couldn't resist this power, and he spouted blood.

It's too strong, it's unmatched.

"District Tianzun, I don't know how high the sky is, and I want to resist. Today, you are arrogant in the Great Hall of the Human League City. As a member of the Human Race Council, I will definitely take you down and enter the Human Race Sky Prison."

Wanfa Zhizun sneered, showing a light of disdain, and sneered directly down with his big hands.

Seeing that Qin Chen was about to be captured completely.

boom!

Suddenly, the entire Hall of the Alliance City shook violently.

"Huh, the Supreme Lord, who gave you the courage to represent the Human Race Council? You can also represent the Human Race?"

A rumbling roar instantly resounded through the world.

Immediately afterwards, a figure that reached the sky and the earth, projected from the distant void in an instant, taking control of the sky! Someone has arrived.

[Chapter 4409: Happy arrival](#)

boom!

This towering figure, like a god, suddenly projected from the distant sky, and quickly descended on this place.

What a sky-reaching figure, just a breath, it shocked the entire universe to shake, the human alliance city, everywhere is suffocating breath, everyone is difficult to breathe, as if about to burst.

Even a supreme-level powerhouse like Divine Soul Pill Lord felt the stagnation of supreme power in his body, his expression furious.

This is a leader-level powerhouse!

boom!

This figure sneered and said, rushing from the void, under his feet, stepped on a huge behemoth, this behemoth, surrounded by the power of space, exudes a majestic breath, as if it can be swallowed under one mouth A piece of galaxy.

This is a supreme behemoth.

However, he was stepped on by this figure as a mount.

"Xiaoyao Supreme!"

Seeing this figure, everyone present was shocked and stood up one by one, unsteady.

Wanfa Zhizun also changed his color, and his expression showed amazement. It was Xiaoyao Supreme. Why did Xiaoyao Supreme come? In horror, he saw the distant sky, Xiaoyao Supreme suddenly pointed over, and with a bang, he saw a huge finger appear in the void, and on this finger, there was a terrible rule rune flowing. As if between one finger,

It can pierce the heaven and the earth, and instantly come to the body of Wanfa Supreme.

Wanfa Supreme roared, "The Domain of Wanfa!"

boom!

On his body, the rolling ten thousand law domain swept out, and he could no longer care about the surging of the ten thousand law rules against Qin Chen, forming a domain space that could not be shaken at all, protecting this world.

Such a strong atmosphere! Everyone present changed color, including the Lord of Tianhe, he could feel that the realm of ten thousand faculties formed by the supreme of ten thousand faculties at this moment has reached an extremely terrifying situation, it seems that the rules of this universe are completely removed. ,form

A unique world of its own.

Stronger than him, to perform tricks, want to break open, I am afraid that may not be possible.

However, Xiaoyao Supreme's face was always with an indifferent smile. That finger, the light flowed, and fingerprints appeared, and it pressed on the realm of ten thousand faculties in an instant, and heard a puff, the realm of ten thousand faculties burst open like a soap bubble, like a man's arm as a car, and then fiercely Press on

The body of Wanfa Supreme.

"Impossible!" Wanfa Supreme roared, bang, his robe burst instantly, and the whole person was directly exploded by this finger, banging, his body slammed into the void behind him, his mouth spurted blood, the whole person Suddenly fell down, and suffered on the spot

Seriously injured.

The source of the supreme of all laws is all damaged, the breath is greatly reduced, and it is embarrassed.

The realm of all laws was completely broken.

"you....."

Wanfa Zhizun was furious, raised his head and looked at Xiaoyao Zhizun who came so majestic. He opened his mouth to say something, but couldn't say a word, just spouted another mouthful of blood.

hiss!

The audience was shaking.

One finger, the human race's top supreme powerhouse will respect the injury.

This scene changed the color of everyone present and made their hair horrified.

Xiaoyao Supreme, is it so strong?

Although everyone knows that Xiaoyao Supreme is like the ancestral gods, both the top powerhouses and leaders in the Human Race Council, but it is impossible to imagine that the cultivation base of Wanfa Supreme will be defeated by one move.

Even, judging from the state of Xiaoyao Supreme, it is not at all that Xiaoyao Supreme makes a full shot. What will be the result if it is full shot? Do you want to kill the supreme one?

"Ant, also want to block this seat?"

Xiaoyao Supreme snorted, and then without even looking at Wanfa Supreme, he just stepped forward and descended on the throne of the hall.

"Xiaoyao Supreme!"

Shen Gong Zhizun looked excited and saluted respectfully, and everyone else stood up with a shocked look.

At the same time, they also saw the terrifying beast at the feet of Xiaoyao Supreme.

hiss!

Suddenly they all sucked in air-conditioning.

What did they see? That is... Xu Gu Supreme?

Many strong men couldn't believe what they saw, rubbing their eyes vigorously, thinking they had seen them wrong.

It is indeed Xu Gu Supreme!

Oh my God!

When did Xugu Supreme become Xiaoyao Supreme's mount?

Crazy, crazy!

Everyone was dumbfounded, their minds were shaken, and everyone was almost shocked.

That is the ancestor of the space ancient beast clan, the ancestor of the top 100 races on the list of the universe ten thousand clan, the supreme powerhouse.

Put it in the universe, it is also the existence of the famous, megatron universe, and can destroy the top powerhouse of a star field with a finger.

But now, he is as cleverly as a quail, being controlled by Xiaoyao Supreme, this posture is unimaginable.

"Everyone, why, is everyone here convening a Human Race Assembly?"

Xiaoyao Supreme landed on a throne, sat down with an air of arrogance, and sneered: "However, if you don't have this seat, you can call it the Human Assembly? I'm afraid it's not just a few little kids there. Play house, right?"

Xiaoyao Zhizun looked at the ancestor **** with disdain.

Domineering, arrogant, dismissive.

This was Qin Chen's first impression of Xiaoyao Supreme, ignoring everyone present.

"Xiaoyao Supreme, you are presumptuous, this is the Human Race Council, not the place where you run wild."

The ancestor **** did not speak, but a supreme standing next to the ancestor **** suddenly stood up, blasted angrily, his expression was angry and booming, the supreme power surged.

Xiaoyao Supreme gave him a light look.

Suddenly a palm shot!

Boom!

A towering palm appeared in the void and patted the Supreme directly.

"Xiaoyao Supreme, you are presumptuous!"

The supreme roared, furious.

boom!

In his body, a terrifying supreme aura appeared, to resist Xiaoyao supreme's attack, but his aura had just risen.

With a puff, the supreme aura on his body was instantly dissipated. This supreme expert spouted out a mouthful of blood, and was instantly shaken out, his body trembled and almost split apart.

"you....."

This supreme roared, and as soon as Xiaoyao supreme came up, he was seriously injured, and he was not given a chance to speak.

"Shut up, here, there is no place for you to speak."

Xiaoyao Zhizun glanced at him with contempt.

Those eyes were sharp and unmatched. In the heart of this supreme, it seemed to feel a force of death coming, as if the next moment, his whole person was about to be in purgatory, suddenly frightened.

But he dared not speak any more.

He has a feeling that if he talks nonsense, he might really die.

"Xiaoyao Supreme, you are too presumptuous."

"This is the Human Race Council, not where you go wild."

"Presumptuous." In the presence, a famous supreme all stood up, furious, and shouted.

[Chapter 4410: Unbeatable](#)

Excessive.

unacceptable.

As soon as Xiaoyao Supreme came up, he shot directly and severely injured the two Supremes. Such behavior made them extremely angry.

Stand up.

Supreme spirit!

boom!

The entire human alliance city is roaring.

The Heavenly Venerable forces on the field were silent, shut up one by one, without saying a word.

This level of confrontation is no longer what they can participate in. If the supreme-level forces rush into the struggle between the ancestor **** and the Xiaoyao supreme, I don't know how they died.

"Hahaha?"

"presumptuous!"

"act wildly?"

Xiaoyao Supreme coldly stared at the group of people in front of him, with a relaxed posture, his eyes dismissive, with ridicule and coldness.

"Just relying on you group, what right do you have to speak in front of this seat?" Xiaoyao Supreme sneered.

"you....."

"Is it wrong?"

Xiaoyao Supreme stood up and stood tall in the world, staring coldly at the group of people in front of him.

"Legacy, waste!"

Xiaoyao Supreme sneered.

"you....."

Several ancestral gods under the supreme, trembling with anger, walked out instantly, booming, the supreme aura erupted, and the world shook.

They are all angry, Xiaoyao Supreme is too arrogant, do you really think you are invincible?

"Oh? I dare to stand up, hahaha, isn't it right?"

Xiaoyao Supreme stepped out, with a compelling momentum: "Who lost this world?"

silence!

The audience is silent!

Yes, who lost it?

Everyone looked at the ancestor god.

Xiaoyao Supreme sneered: "In ancient times, the dark forces infiltrated and colluded with the Yuan Demon Clan, and suddenly attacked the Ten Thousand Clan."

"In that battle, the Demon Race was well prepared, and the only human race that was able to fight against the Demon Race, many of the top forces, were immediately attacked."

"The heavens were exploded, the craftsmen's work fell, and countless top powers were destroyed. However, although the human race is in a rush, but at a critical moment, many top strong humans of the human race fought against the demons and slashed the power of the dark race."

"Tongtian sword pavilion, craftsmanship, and heavenly machine sect, all forces have fallen one after another."

"It is the craftsman as the ancestor, the ancestor of the Tianjizong, the sword ancestor of the Tongtian sword pavilion, and other top humans who have dedicated themselves for the future of the universe, prevented the invasion of the demons and the dark race, and defeated their attack."

"In fact, with the strength of these forces, it is completely possible to retreat safely. If they want to escape, how can the demons destroy them? But they resolutely go to death, save the fire for our human race, for the ten thousand races, for the universe, and save the fire."

"What a song and tear this is!"

Xiaoyao Supreme said in a deep voice, not loud, but like a war drum, it rang in everyone's mind, rumbling, and shocking everyone present.

It seems to have returned to that period of magnificent years.

The Supreme Master of God was silent. He thought of the demons suddenly taking out their hands, and the craftsmen as the ancestors resolutely confronted and fought hard, in order to preserve the viable strength of the human race, and eventually died in battle, **** sky.

He thought of countless masters made by craftsmen who formed a human wall and fought to the death.

During that battle, the starry sky was dyed red.

One by one, the big powers died under the sudden attack of the demons, but they did not retreat. How miserable.

"But what about you?"

Xiaoyao Supreme looked at the ancestor god.

The ancestor god's eyes were gloomy and he couldn't see the expression, while the other supreme faces changed.

Xiaoyao Supreme sneered, "Many top human forces have fallen, and the ancestor **** you were barely considered the top human power back then, so what did you do?"

The supreme changed his color and shouted sharply: "My ancestors are strong enough to block the demon attack, isn't it normal?"

"Hahaha, blocking the demon attack? That's right!"

Xiaoyao Supreme laughed: "So many human forces have fallen, your ancestors will not fall, this seat should not say anything, can't curse you to die? After all, there are some other top human forces that have not fallen at the time." At that time, the dark forces cooperated with the Demon Race to make a sudden move. Under the dying of many top powerhouses, our Human Race was defeated steadily, but it was not necessarily without the power of a battle. At that time, the heavens collapsed, and the major forces of the Human Race joined forces to resist the Demon Race. Carried on for long

Countless years of resistance. "

"Many powerful people in the Human Alliance took action to resist the Demon Alliance and the dark forces. Countless years of wars, blood flowed in rivers, until the Demon finally admitted that the war was defeated, and kept a low profile." "That long dark era collapsed in despair. In the confrontation of the demons, countless powerful men fell to resist the demons. On the battlefield of the ten thousand races, corpses were everywhere. And your ancestor god, at first, was only a medium-to-higher power in the human race

, But when the war is over, your ancestor **** has already become the leader of the human race, a good method. "

Xiaoyao Supreme laughed.

The ancestor god, who had never spoken, had a cold glow in his eyes, and said coldly: "Xiaoyao Supreme, what are you going to say?"

"Hahaha, I don't want to say anything, I just want to say, ancestor god, you call yourself a leader of the human race, from this seat, you are a trash." Xiaoyao Supreme sneered.

"You... what do you know, the ancestor **** is for my human race to preserve strength."

The ancestors under the command of the supreme yelled.

"The combination of the demons and the dark forces, with the strength of the ancestor god, can save so much power of my human race, it is already extremely rare. You, a guy who has soared up from the lower plane, has never participated in the ancient battle. What is there to say."

"Hmph, Xiaoyao Supreme, when you come, it is the era of peace. Why can our Human Race Alliance and the Demon Race Alliance be evenly matched to maintain the peace of the universe? It is not the ancestral god."

A famous name is supreme, roaring and screaming.

"Save strength? Hahaha!" Xiaoyao Supreme laughed, "This is the most ridiculous sentence I heard today."

His gaze swept over everyone present.

"Yes, this seat has ascended from the lower planes to the heavens, but for a million years, there is no right to say anything about the ancient war. All this seat can say is the one million years that this seat has ascended."

"Millions of years ago, when this seat first came to this world, the Human Race Alliance was still guarding and retreating steadily. Who was it that resisted the demon's continued invasion?"

"Who is it? The demons killed on the battlefield of ten thousand races are terrified!"

"Who is it? Being chased by the Demon Clan, but causing the Demon Clan to lose his army and lose his command?"

"Who is it? The battle with the ancestors of the deep demons has set the peace of all races today?"

Xiaoyao Supreme looked at this group of people.

"It's this seat, it's my free and easy supreme!"

"And at that time, what was this ancestor **** doing?"

"Please tell me."

Xiaoyao Supreme said sharply.

Suddenly, the great princes under the command of the ancestor **** all changed color.

The other gods present were also concentrating.

Indeed, all of this is Xiaoyao Supreme.

It was the arrival of Xiaoyao Supreme, which liberated the human race from the process of retreating, and even began to counterattack the demons. The demons killed were terrified and had to abide by the agreement and confront each other.
