

Valkyrie 4411

[Chapter 4411: Ten dead without life](#)

At this moment, Xiaoyao Supreme stands proudly and speaks indifferently.

Wan Lai was silent and silent in the entire city of the Alliance.

Everyone was shocked by the breath of Xiaoyao Supreme.

At the same time, their thinking has returned to that era, that era of excitement.

Xiaoyao is supreme, has great service to the human race.

No one dared to refute, no one dared to speak.

Because this is a fact.

In fact.

In the years before Xiaoyao Supreme soared up, although the Human Race had withstood the invasion of the Demon Race, it was always at a disadvantage and retreated frequently.

The territories of the human race are constantly shrinking.

Many of the top powers and top powers handed down from the ancient times have fallen one after another.

The supreme-level powerhouses have fallen a lot.

Even top powerhouses such as the Lord of Tianhe are also facing a crisis. Although the demons keep a low profile, they have been secretly targeting the top human powers and assassinating the supreme powerhouses.

Because the demons know very well that as long as the human race has many supreme powerhouses killed, the human race will no longer have the power to resist, and the human race will be defeated.

At that time, although there were not many wars, the human race lived extremely depressed and frightened.

On the battlefield of the Ten Thousand Races, the Human Race Alliance did not even dare to conduct a large-scale battle with the Demon Race Alliance, and has been giving way.

But after Xiaoyao Supreme arrived, everything changed.

Xiaoyao Supreme, with the strength of human respect, is unparalleled on the battlefield of ten thousand races.

He was like a catfish, instantly activating the entire ten thousand race battlefield. He took a group of people to represent the human race against the demons in the ten thousand race battlefield.

Song and cry!

At that time, Xiaoyao Supreme and his party were not strong yet, they encountered strong enemies repeatedly, and were not valued by the demons at all.

But in this case, Xiaoyao Supreme has fought a terrible reputation, with respect to the realm of human beings, and killing the earth, several large camps of the killed demons collapsed, and the prestige is beginning to appear.

Later, it attracted the attention of the demons and sent Tianzun powerhouses to besieged. As a result, Xiaoyao Supreme will use the forbidden area of the battlefield of ten thousand races to kill the Tianzun powerhouse, which is famous for a while. Afterwards, he knew that he had been paid attention and stared at by the demons, but did not return to the human race area. Instead, he unexpectedly entered the demons area headquarters. When the demons did not react, he directly beheaded several demons. Clan Tianzun, destroy one

Zuo Mozu's general camp, made great achievements.

The destruction of a demon clan headquarters instantly shakes the universe and all races.

After World War I, the Human Alliance retreats steadily, and the strong are constantly perishing. Although it has also resisted the attack of the demons, it has never had a hearty victory record.

Even the ten thousand races are desperate, thinking that as time goes by, the demons will inevitably conquer the human race and truly become the masters of this universe.

But the destruction of the Demon Clan's headquarters that time gave the Demon Clan a blow.

Daigo empowerment!

A sensation!

Xiaoyao Supreme also truly awakened as a result, entering the sight of the top powerhouse of the ten thousand races.

And he was attacked and killed by the Demon Clan supreme powerhouse, unruly.

Directly descended on the battlefield of ten thousand races.

Thinking of this, the hearts of many strong players present were low, because they once again recalled an extremely humiliating picture.

now.

Xiaoyao Zhizun stood proudly on the main hall, and his eyes were cold, and he looked up to the sky and laughed.

"Hahaha, back then, this seat entered the battlefield of ten thousand races, bravely killed the enemy, destroyed the demon regional headquarters, made great contributions to the human race, and strengthened the reputation of the human race."

"The Demon Race is furious. The Demon Race's supreme and powerful Huntian Demon Lord directly broke the rules and personally came to the battlefield of the ten thousand races to attack this seat."

"But the result?"

Xiaoyao Supreme sneered and looked at all the Supreme Powers present.

Suddenly, all the supreme powerhouses couldn't help but bow their heads.

No one dared to say anything.

Many Tianzun powerhouses also shook, and with the words of Xiaoyao Supreme, they all returned to that era.

But only a million years ago, many supreme and top celestial beings present have actually experienced that era and knew the tragedy of that one.

That is an extremely humiliating history.

Xiaoyao Supreme laughed and laughed sadly, "The Demon Supreme broke the rules and wanted to kill this seat. At that time, my human race did not have the Supreme, but has anyone come forward? Have you said a word for this seat?"

Asking like this, like a blow to the head, makes everyone ashamed, and bows their heads.

Those who knew that battle knew very well that back then, the Huntian Demon Lord broke the rules, but none of the Human Race powerhouses dared to disobey the Demon Race and stand up for Xiaoyao Supreme.

Watching Xiaoyao Supreme being chased by the Huntian Demon Lord.

Very miserable.

Xiaoyao Supreme was tall and angry. He looked at the ancestor **** and asked: "The ancestor god, you were the leader of the human race at the time, but where were you?"

"When the human race is in trouble, where are you?"

"Where were you when the human hero was hunted down by the demons?"

"When the demons unscrupulously slaughtered our human heroes, where were you?"

"Save the human strength?"

"ridiculous!"

"This is the most ridiculous thing I've heard in my life."

Xiaoyao Supreme laughed, shaking the heavens and the earth, and the universe trembling.

"What do you know?" There was supreme roaring, his expression angry, anger soaring, and the supreme breath shook the sky.

He yelled angrily: "His ancestors have difficulties. He is for my human race and for the overall situation, so he can't make a move."

"Do you know that in addition to the Huntian Demon Lord, the ancestors of the Demon Race Abyss Demon also descended into the void of the battlefield of ten thousand races. If my supreme human race takes a shot, it will inevitably trigger the second ten thousand race war. By then, blood will flow into a river and will die. how many people?"

"So what?" Xiaoyao supreme laughed wildly: "Because the ancestor of the deep demon descended, so my human race can only watch the demon supreme, chase and kill my human Tianjiao? Can my human race only swallow my breath?"

"Shit!"

"It's just to find excuses for my own cowardly behavior."

Many ancestral gods subordinate to the supreme furious, said: "You..."

"Xiaoyao Zhizun, later, won't you also be safe and sound?"

There is a supreme roar.

Xiaoyao Supreme looked at him, booming, and the cold killing intent bloomed in his eyes, which immediately made the Supreme's body tremble and his expression furious. "Yes, this seat is safe and sound, but it is a brother of this seat, a friend of this seat, risking his life, risking life and death, resisting with this seat, and escaping with this seat into the top forbidden area known as the battlefield of all races. , The wheel of ten dead and no life

Go back to the abyss to survive. "

"Our lives depend on me waiting for myself to fight, and I wait for my blood to get back."

Xiaoyao Supreme sneered coldly, angrily, "And what did you do? Watching me wait to leap into the abyss of reincarnation, have you ever said a word, have you acted out once?"

silence!

No one answered!

Because of that battle, it was extremely humiliating. The Mozu Supreme took action, but the Human Race did not come forward. Watching Xiaoyao Supreme and the Human Race Tianjiao, blood was spilled in the sky, and helpless to escape into the forbidden reincarnation abyss.

Ten dead but no life! How sad?

[Chapter 4412: Reincarnation Abyss](#)

"Reincarnation Abyss?!"

At this moment, in Qin Chen's chaotic world, Hong Huang Zulong also showed shock when he heard this word.

"The abyss of reincarnation is an extremely terrifying forbidden place in the ancient universe. Even the ancient demon gods dare not enter it easily. The supreme-level powerhouse, ten dead and no life, can't think that this Xiaoyao Supreme has actually entered the abyss of reincarnation?"

The wild ancestor dragon shook, and his eyes also showed shock and admiration.

Even in the age of chaos, the abyss of reincarnation is a Jedi that these three thousand gods and demons dare not enter.

The Supreme couldn't get out alive either.

"But you haven't died? You have made an amazing breakthrough because of this, and your subordinates have also reaped the same results." You Supreme snorted coldly.

"Hahaha."

Xiaoyao Supreme laughed, with sarcasm in his laughter, and looked at that Supreme coldly: "It's all up to you, is it related to you? Or, do you dare?"

Xiaoyao Supreme took a step forward, booming, the breath surged, covering the Supreme.

The supreme looked terrified, his body trembled, and he almost knelt down on the spot, firmly supporting him.

Xiaoyao supreme sneered and showed a divine rainbow in his eyes, "It is ridiculous to talk here. The reason why this seat is alive is because this seat has an unyielding will, relying on the brothers to fight all the way, and then walked out of the abyss of reincarnation alive. "

"In terms of cultivation, this seat was far inferior to your current sire, but now let you go to the abyss of reincarnation, do you dare?"

"Dare you?"

Xiaoyao Supreme followed step by step and asked sharply.

boom!

This supreme was covered in cold sweat, and could no longer hold it back. He actually knelt down with a bang, unable to resist under the breath of Xiaoyao supreme.

The will was completely defeated.

Because he dare not.

Even if he is supreme, he dare not.

The abyss of reincarnation, that is the Jedi, for hundreds of millions of years, apart from Xiaoyao Supreme, I have never heard of anyone walking out alive, and Supreme is not good.

"Hahaha!"

"waste!"

"Rubbish!"

Seeing the supreme who was kneeling in the void and shivering, Xiaoyao supreme laughed out loud, wantonly.

"Xiaoyao Supreme, enough." The ancestor **** yelled and banged, and a terrible breath bloomed. Suddenly, the invisible power enveloped the Supreme and comforted him, and the Supreme finally resisted the oppression of Xiaoyao Supreme's breath. , Stood up trembling, just watching

Xiaoyao Supreme's eyes were still horrified.

His guts have been shaken by Xiaoyao Supreme.

The ancestors looked at Xiaoyao Zhizun coldly, and said in a deep voice: "Xiaoyao Zhizun, you did a great job back then, but I also have difficulties in waiting, I think you will not understand."

"Distressed?"

"Hahaha!"

Xiaoyao Supreme laughed: "It's nothing more than for the whole human race, for the ten thousand races, for the peace of the universe."

"Okay, I admit it!"

"For a group of geniuses who have soared up from the lower planes, for a group of human beings who are not even the supreme, not to fight or be enemies with the demons, abandon the will of the human race and the spirit of the ancients, I admit!"

"But other than that, what have you done over the years?"

Xiaoyao Supreme walked forward step by step, trembling in the void, as if to explode.

"For hundreds of millions of years, the territories of the human race have been continuously reduced, and the status of the human race on the battlefield of the ten thousand races has become lower and lower. I am afraid that these are the credits of your ancestors?"

"Acknowledgement, there will never be peace in exchange for peace, only war can usher in peace, would you not understand as a human leader?"

"I don't think you don't understand, but you are selfish."

The words of Xiaoyao Supreme, like thunder, blew into everyone's mind.

Many powerful people are shocked.

"you....."

The ancestor **** under the command of the supreme, roared in anger and trembling.

"Is not it?"

Xiaoyao Supreme laughed.

"In the years when your ancestor **** was, the human race kept retreating and the territory was lost."

"But this seat is different."

"I don't know what Daquan is, what is patience, I only know how to fight!"

"He is so dizzy."

"So after walking out of the abyss of reincarnation alive, this seat didn't rest for a quarter of an hour, and directly killed the demon clan base camp and beheaded the demon supreme."

"You dare?"

Xiaoyao supreme roared.

At this moment, his figure seemed to be extremely majestic, like a god, high above, engraved in everyone's mind.

At this moment, all the powerhouses who have experienced that era seem to have returned to that era in their minds.

passionate!

Excited and trembling!

At that time, Xiaoyao Supreme and his party were persecuted by the Huntian Demon Lord, and no one of the human race came forward. They had no choice but to enter the abyss of reincarnation. Everyone believed that Xiaoyao Supreme would die.

However, the Mozu refused to give up.

Because of what Xiaoyao Supreme did and persecuted the human race, the human race powerhouses could only humiliate agree to some of the demands of the demons in order not to anger the demons and not trigger another war of all races.

shame!

Even in retrospect, everyone can recall the humiliation at that time.

The weak have no diplomacy!

On the surface, the Human Race resisted the invasion of the Demon Race, but in reality, the Human Race has been the oppressed party for hundreds of millions of years, and it has even lost its position as the leader of the Human Race Alliance.

Races such as Yaozu and Starry Sky didn't even convince Human Race.

It was a period of incomparable humiliation and darkness.

however.

From the moment Xiaoyao Supreme came out of the abyss of reincarnation alive, everything changed.

Xiaoyao Supreme led his people to directly kill the Demon Void Base Camp outside the Ten Thousand Race Battlefield, and fought against the Demon Supreme Huntian Demon Lord who was sitting in the Demon Clan base camp at that time.

The great battle at that time was earth-shattering and shocked all the races.

In the shocking eyes of everyone, Xiaoyao Supreme humiliated and swept away the humiliation, beheading the Demon Race Huntian Demon Lord in the void outside the domain, bleeding the starry sky.

Thousands of people sensation.

In addition, Xiaoyao Supreme is called the Demon Race, and he will never die.

That battle shocked everyone, and the many powerful humans were even dumbfounded. I can't believe that there is such a terrifying power in the human race?

The Demon Race was naturally furious, and many powerful men were dispatched, including the supreme races relying on the Demon Race, and they came one after another. Under the order of the ancestor of the deep demon, Xiaoyao Supremacy was wanted.

This battle lasted for thousands of years.

Under the chasing and killing of the ancestors of the deep demon, Xiaoyao Supreme kept moving. The demons who killed were terrified, and the races under the command of the demons were all like birds of fright.

That was the most proud period of Human Race.

However, in the end, Xiaoyao Supreme was still found by the ancestor of the Abyss Demon.

A great war broke out.

In this battle, Xiaoyao's supreme enemy was against the ancestor of the abyss, and in the end, he struggled with serious injuries and wounded the ancestor of the abyss, and the ancestor of the abyss had to retreat.

A complete sensation in the universe!

Looking back now, that battle seems to be still yesterday.

From that day on, the demons had no complete dominant position on the battlefield of ten thousand races.

Terran has risen.

And Xiaoyao Supreme therefore established his position as the top supreme and leader of the human race. Admired and respected by countless races in the Human Race.

[Chapter 4413: Chaos Supreme](#)

At this moment, when Xiaoyao Supreme said it again, the powerhouses of the top powers of all the people present could not help but boil with blood and itchy all over, with an inexplicable excitement, rushing straight to the top of the head, wishing to return to the year and fight.

Excited!

On the side of the ancestor god, many supreme beings were furious, their faces were gloomy, and they did not say a word.

Because this is a fact.

Credit that no one can refute.

It was the appearance of Xiaoyao Supreme that made the demons retreat.

Taking a deep breath, the Supreme said in a deep voice: "Xiaoyao Supreme, I will acknowledge your credit and dedication, but what about this? You have gained the respect of the human race, but you have also become the leader of the human race."

"But now, the people under your command are arrogant and domineering, bullying my human race, even killing the ancestors of the Xiao family, swallowing the origin of the ancient world, can't it be punished? Huh, who can guarantee that he didn't collude with the demons?"

This supreme angrily said.

"presumptuous!"

boom!

Xiaoyao Supreme yelled angrily, slapped it out with a bang, the Supreme was shot and flew out instantly, vomiting blood, lying in the void, looking at Xiaoyao Supreme in anger.

"Xiaoyao Supreme!"

Many people roared and roared.

"Xiaoyao Supreme, you are too much."

boom!

The ancestral **** also stood up, and Xiaoyao Zhizun made his hands on his people again and again. If he hasn't done anything yet, who would be willing to become an ally with him in the future?

Boom!

The breath of the Ancestral God and Xiaoyao Supreme collided, and the two terrifying forces clashed crazily. In an instant, everyone present had the illusion that the universe had shattered.

"So strong!"

At this moment, many people breathed in air-conditioning, and there was a look of shock in their hearts.

too strong.

Both are supreme, but they are too far apart in front of the ancestor **** and Xiaoyao supreme.

"Why, Patriarch, do you want to do it with me?"

Xiaoyao Zhizun looked at the ancestor god, sneered, and then laughed, "Arrogant and domineering, bullying the human race?"

His laughter rumbled and everyone was dizzy and shocked.

"Shit, a trash, what do you know? What qualifications do you have to say that God works to bully the human race?"

Xiaoyao Supreme stared at that Supreme, the look in his eyes, as if the other party dared to talk nonsense, he would kill him on the spot.

"Who is the divine work? You are not clear, the ancient craftsman is the disciple of the ancestor, how did the ancient craftsman kill? Do you need me to explain? Humph!"

Xiaoyao Supreme swept everyone present. "If anyone can take refuge in the Demon Race, but Shen Gong he definitely won't. Over the years, how many weapons has Tian Zuo provided to the Human Race and to the foreigners? The Demon Race has always wanted to capture Tian Zuo but has never succeeded. . This time, Mozu is even more

Secretly dispatched the Xugu Supreme from the Space Ancient Beast clan to come to work in heaven, with the intention of attacking heaven work. "

"However, Shen Gong has long been aware of it, and secretly informed me that we will join forces to capture this Void Ancient Supreme, and destroy the dojo of the Space Ancient Beast clan, and shock the universe."

"But you said that the guild and the demons were in collusion? It's ridiculous!" "Hahaha, for countless years, you have killed countless demons, and even killed the most powerful demon, but you framed him for colluding with the demons. The seat is nothing, but now this seat is doubtful whether it is really colluding with the demons.

Are you guys? "

boom!

Xiaoyao Supreme took a step forward, murderously soaring, and the terrifying Supreme Qi surged. Suddenly, the several Supremes on the opposite side changed color, snorted, and their faces were pale, as if they had endured an endless terrible impact.

"Xiaoyao Supreme, you are too much."

boom!

The ancestor **** also took a step forward. In his body, there seemed to be a terrifying ancient power bursting out, colliding with the power of Xiaoyao Supreme.

Cack!

The harsh roar remembered that at this moment, the entire Alliance City was crunching, and on the main hall, countless prohibitions and formation patterns flickered, trembling crazily.

The collision between the two breaths seemed to directly explode the Alliance City.

"Two, don't do it in Renmeng City."

At this time, in the distance, a terrible breath descended, and instantly came to the hall.

Boom!

As soon as this person appeared, he burst out loudly, and the sound was thunderous.

"It's Chaos Supreme."

"Unexpectedly, Chaos Supreme also came forward?"

"Hey, he has been asleep for hundreds of thousands of years, right? Rumor has it that the chaos supreme is approaching, and he is still alive."

Many people were shocked when they saw the visitors.

This is also a top supreme powerhouse, chaos supreme.

Chaos Supreme is also an ancient human race powerhouse. He has a long history and is regarded as the top existence in the Human Race Council. In terms of strength, it is only so much worse than the Ancestral God and Xiaoyao Supreme.

But in terms of status and status, it is even older than the ancestral god.

Back then, Xiaoyao Supreme was chased and killed by the Demon Race. Human Race No Supreme dared to come forward. It was this Chaos Supreme who spoke for Xiaoyao Supreme and secretly gave some help.

At this moment he spoke, and a terrible breath broke out from his body, rushing between the two.

boom!

The breath bursts.

Upon seeing this, Xiaoyao Supreme condensed his breath slightly, and snorted coldly: "Looking at the face of Chaos Supreme, this seat will let you go first, and then dare to frame the person in this seat, this seat will kill you!"

This one, although he had never taken action for Xiaoyao Supreme and resisted the demons, at least he had said several times for Xiaoyao Supreme.

"By you?"

The ancestor god's eyes are like a black hole, with a heart-palpating aura sweeping, and killing intent.

Xiaoyao Supreme, too arrogant, really afraid of him?

Chaos Supreme's breath is ancient, and he said in a deep voice: "Both of them are leaders of our human race, and both are working hard for the human race. Why bother to do this? Shaking hands and making peace and fighting against the enemy is the truth."

"Exhausted?"

"Hahaha!"

Xiaoyao Supreme laughed.

"Chaos Supreme, you can be regarded as an old human race, I am free and unrestrained, there are few people who admire the human race, but you still have so much respect for this seat." "But I want this ancestor **** not to abandon the past, Ben The seat is really impossible. This ancestor god, the leader of the independent human race for so many years, has frequently lost the territory of my human race. Now, he dares to frame the person of this seat, a waste, and no use of eggs.

Also worthy to shake hands with this seat? "

Xiaoyao Supreme said with disdain.

"Xiaoyao, do you really think I dare not touch you?"

boom!

How did the ancestors stay with Nai, with murderous aura on his body, bursting with rainbows in his eyes, and madly attacking Xiaoyao Supreme.

"Dare to insult me. When this seat resisted the demons, you didn't know where you were. You were arrogant and domineering. Today, this seat lets you know that this day is the heaven of the human race, and you are not free."

boom!

The ancestors roared and roared, and suddenly put out his big hands, his breath surged, the whole alliance city roared, as if about to burst open, countless powerful people on the scene, all backed, their faces were shocked, and the corners of their mouths were bleeding. Everyone was injured just because the breath dissipated.

[Chapter 4414: Protoss](#)

"Hahaha, good coming, ancestor, dare to fight my universe!"

Xiaoyao Zhizun laughed, and when he saw the ancestor's move, his body suddenly rose to the sky.

"Why not dare!"

Two roars resounded through the world, and the two of them shook their bodies, disappeared suddenly, and entered the void outside the city of Renmeng.

Boom!

The war broke out!

I saw two towering figures emerging in the endless void above Renmeng City, independent of each other, both exploding with an aura against the sky. The two forces collided fiercely, and neither of them did it. Everyone seemed to feel that this universe suddenly became two pieces of heaven and earth, one with a deep and lofty aura, the other with an overbearing aura, and two. Breath, bump

hit.

Click!

Below, the human alliance city shivered.

Even if the two of them didn't fight directly in the human alliance city, they were in the endless void outside the human alliance city, and the aura that escaped from the void that didn't know how far away caused the universe to shake.

"Everyone, follow me to defend the Alliance City."

Chaos Supreme changed color, screamed, hum, his body, an immense power of Supreme instantly diffused out and entered the city of Renmeng.

Suddenly, various restrictions and formation patterns lit up in the human alliance city, and the vast divine light bloomed, and the originally trembling human alliance city had a trace of stability.

"Shoot."

"Guardian League City."

A supreme and powerful person screamed, and a terrible aura erupted from his body. The rules and avenues emerged in the void, and instantly merged into the human alliance city. For a while, the human alliance city was extremely strong and could be called a fortress.

Because they were really worried that if they didn't make a move, and let Xiaoyao Supreme and the Ancestor God make a move, they might be destroyed by accident.

Renmeng City is very strong, and it is made by the ancient craftsmen as ancestors and other top supreme powerful people. However, no matter how strong it is, Renmeng City is just like a pinnacle supreme treasure.

But Xiaoyao Supreme, the ancestor god, no matter who it is, has already reached the realm of peak supreme.

It may not be impossible to explode Renmeng City.

Many supreme screams together, each exuding a terrible aura, merged into the human alliance city, so that the human alliance city, which was still trembling and trembling violently, calmed down instantly.

At this time, everyone looked up at the sky.

In the majestic universe, the two powerhouses confront each other, the breath, like a vast ocean, surging violently, the universe can't suppress their power, and roars.

"Xiaoyao Supreme and the ancestors..."

"Hey, they are all leaders of my human race, why bother?"

"Hmph, Xiaoyao Supreme is too arrogant. As the front of my human race, Xiaoyao Supreme's move is too much. The Ancestor God can already bear it."

"Excessive? I don't think so, what Xiaoyao Supreme said before is good, if it were not for Xiaoyao Supreme, my human race would have today."

Many gods, supreme, secretly communicating, all have their own opinions.

The old and new forces are colliding.

Although the ancestor **** is a human leader-level figure, he also guarded the human race back then, but as Xiaoyao Supreme said before, under the ancestor god, he was too aggrieved.

The human race under the leadership of the ancestor gods continued to shrink and lost territory frequently.

It was the arrival of Xiaoyao Supreme, which made the human race once again become one of the two poles of the universe.

Both have credit!

However, there are also collisions.

"Ancestral gods, this seat has long seen you not pleasing to your eyes. What ancestral gods are people who are smashing reputations. Today, this seat is before the Human Race Council, letting you know that the era that belongs to you has passed."

Xiaoyao Supreme laughed and stepped out step by step.

"Don't be ashamed!"

The ancestor **** is cold, "the power of the ancestor god!"

boom!

In his body, the rolling colorful rays of light bloomed, and in an instant, the ancestor god's figure instantly became extremely majestic, and the whole person seemed to break through the universe, and grabbed it at Xiaoyao Supreme.

"captivity!"

Boom! What kind of big hand is this, towering through the sky, under a palm, everything in the universe is contained, like a huge black hole, and everything around it, the rules retreat, the heavens retreat, everything is gone between the sky and the earth, only what remains This one

A palm that is enough to catch the stars and the moon.

"this is....."

Qin Chen's eyes widened. This was the first time he had seen a strong man of this level do something, and he couldn't help but feel excited.

This palm is too terrifying. Qin Chen has a feeling that even if he has already broken through the realm of the Celestial Lord, if he really faces this palm, there will be no resistance to it. Obliterate.

Is this the real top powerhouse in the universe?

Big clan leader?

His eyes widened, and the palm of the ancestor **** contained the power of ten thousand ways. This is the real ten thousand ways. It is much stronger than the power of ten thousand ways of supreme before. Every great way has been cultivated to the extreme. Contains the power of destruction.

Can Xiaoyao Supreme stop it?

Qin Chen looked over suddenly.

boom!

I saw the huge palm of my hand and came to Xiaoyao Supreme in an instant. This space of the universe was imprisoned, and all kinds of spaces were frozen in an instant, even the power of time.

With one palm, the world is in the palm.

Not only was Qin Chen shocked, but the powers such as Supreme Master of God, Supreme Master of Ten Thousand Magicians, and Supreme Supreme Chaos had their eyes wide open. A battle of this level was too rare.

Everyone wants to know, in the face of such a terrible blow, can Xiaoyao Supreme stop it?

"Hahaha, the power of the ancestors? It is laughable and generous, what ancestral gods, ridiculous, in front of this seat, you are nothing but an ancestor!"

"The power of the earth!"

boom!

On Xiaoyao Supreme, a vast aura rose up. At this moment, Xiaoyao Supreme seemed to have turned into a majestic world, a majestic continent.

The endless earth aura condensed on him, and then blasted out with a punch!

boom!

a bolt from the blue. With this punch, the heavens and the earth shook, and the universe directly seemed to have been blasted through a big hole. The power of a large amount of rules dissipated. The punch that contained the power of the endless earth took the palm of the hand that contained the breath of ten thousand auras. Exploded, instant fan

broken.

With a bang, the sky and the earth shook, and the huge palms of ten thousand hands shattered. The power of countless great avenues in the universe flooded like a flood, and the stars within hundreds of millions of miles in the distance were directly shattered.

Cang Dang.

The Human League City was also violently shaken by this terrifying force, making a creaking noise.

what?

Everyone struggled to maintain the Human League City, all of them changed color in amazement, their eyes widened, and they looked at the endless void in shock.

With one punch, Xiaoyao Supreme's punch containing the power of the earth actually broke through the power of the ancestor god, which contains all things.

How can it be?

One is just the way of the earth.

One is ten thousand ways.

With the cultivation of Xiaoyao Supreme and the ancestor gods, they have cultivated this great way to the extreme, and even the highest of the universe can't suppress it. Why can the power of Xiaoyao Supreme's earth be able to break through the power of all ways? Everyone can't understand.

[Chapter 4415: Earth Wuhun](#)

"It's the Martial Spirit of the Earth."

At this moment, the supreme strong said in a deep voice.

Shen Gong Zhizun also blinked.

"Earth Martial Spirit?"

Qin Chen looked at Divine Work Supreme, because he had not been able to understand it before.

"Before the ascent of Xiaoyao Supreme, he once possessed three martial souls, one of which was the earth martial soul."

Shen Gong Zhizun explained.

"The power of Wuhun?"

Qin Chen blinked, and when he reached the realm of heaven, he naturally understood a lot, knowing that the so-called martial soul is actually a manifestation of power, like the blood of the Tianwu Continent.

It's just a title.

Just because Xiaoyao Supreme once possessed an earth martial soul, he was able to use the power of the earth to defeat the power of the ancestor god. It was a little unbelievable to think about it.

It should be understood that Qin Chen also has a strong man who cultivates the power of martial soul in the Chendi Pavilion of the heaven realm. That is Xingtianya. He still claims to be the ancestor of the martial soul in the eastern world, and he has not been subdued by Qin Chen.

As if knowing Qin Chen's thoughts, Shen Gong Zhizun glanced at him and said lightly: "I know what you are thinking, the power of martial arts is not so good, but it depends on whose martial arts it is." "For example. Bloodline, there are many people with bloodline, and various bloodline attributes are also countless, but your Thunder bloodline is different. The thunder power in your body, you are sure that when you break through to the peak, you will not be able to defeat that Wan

Power of Tao? "

Qin Chen was startled.

This.....

It really is.

The power of his thunder is extremely special in Tianwu Continent, and after coming to the heavens, it is still terrifying, not only has restraint against the demons, but also has strong restraint against the dark power of the dark people.

But how can normal thunder power have such effects?

Although Qin Chen didn't know much, he also knew that the power of thunder, which is called the power of adjudication, was definitely not. It seemed to be a power that surpassed ordinary thunder, even the thunder of universe and heaven. The robbery must retreat.

Could it be that Xiaoyao's power of the earth is also a power similar to his power of thunder?

At this moment, Qin Chen thought about it.

Void.

Xiaoyao Supreme blasted the ancestral god's power of ten thousand ways with a punch, and couldn't help laughing, "Hahaha, what power of ten thousand ways, this seat will drop ten guilds with one force, what's the ability, even if you take it out, this seat, don't cut the nameless Generation."

"furious!"

The ancestor **** yelled, his heart frightened and furious.

"Om!"

On his body, the colorful power bloomed again, rumbling, a special chaotic aura, soaring into the sky.

"The ancestral spirit descends!"

Hum!

From this cosmic void, suddenly a mysterious power came and turned into an invisible energy body covering the ancestor god.

"seal!"

The ancestor **** yelled and boomed, this universe suddenly dimmed, the sky and the earth became pitch black, and everything was invisible.

On the ancestral god, an inexplicable aura rose, high above it, like a god.

The various perceptions of heaven and earth disappeared.

At this moment, the countless powerhouses in the lower alliance city were shocked, because they all lost their perception of the universe and heaven, as if they were stripped from the universe and came to another universe.

"This is... the breath of the ancestor spirit!"

In the chaotic world, Honghuang Zulong was surprised.

"Ancestral spirit? Qin Chen wondered.

"Yes, ancestral spirit, that was the era of chaos, an extremely terrifying strong man who was rumored to be able to communicate with the universe and heaven. Later, some descendants were born, proclaiming themselves the ancestral spirits, huh, no wonder this guy called himself a god, he turned out to be an ancestral spirit Offspring."

Honghuang Zulong sneered.

"Ancestral Spirit Protoss?"

Qin Chen was shocked.

There is still such a race?

At this moment, Qin Chen understood that the ancestor **** should be like the ancient world, not only with the blood of the human race, but also with the blood of the chaos.

No wonder the breath on his body is so special.

"Xiaoyao, under the power of the ancestor spirit, I can communicate with the universe and heaven, how do you fight against me."

The ancestor **** yelled, folded his hands, rumbling, in this emptiness, a series of terrifying colorful forces descended, like the ocean, quickly descending, turning into a path of heavenly power.

"The power of the supreme rule of the universe?"

Many people are discolored.

They all saw that this colorful power turned out to be the power of the supreme rule of the universe.

Rumor has it that the ancestral gods have the bloodline of some kind of top powerhouse in ancient times. This bloodline is extremely terrifying. It can communicate with the universe and be blessed by the universe. He claims to be a god. Today, everyone finally sees it.

The supreme-level powerhouse should have been oppressed by the universe and heaven, but at this moment, the ancestor **** is actually blessed by the supreme rule of the universe. In his unique world, the supreme rule of the universe is helping him.

"Hahaha, what about the universe and heaven?"

"broken!"

Xiaoyao Zhizun sneered and threw a punch.

Boom!

The fist swept away, with one punch, the highest rules of the universe evaded one after another, and all of a sudden disappeared.

"how?"

The ancestor **** was furious, he saw this punch and came to him in an instant.

"Axe!"

Hum!

In the hands of the ancestors, a battle axe that pierced the sky appeared.

Boom!

The universe was directly chopped with a huge gap, like a black hole, swallowing everything.

The terrifying giant axe, with the power of black destruction, struck this punch of Xiaoyao Supreme.

Bang bang bang!

The ancestor **** snorted and flew out directly, wherever he passed, the universe collapsed, and countless dark holes appeared, which was shocking.

"Impossible, why can you evade the supreme rule of the universe!"

The ancestors roared, his face pale. "Hahaha, ancestor god? It's ridiculous, why the supreme rule of the universe will help you, nothing more, your ancestors have paid a little to maintain the operation of the supreme rule of the universe, and, to some extent, have maintained it, so the supreme rule of the universe

Then, there will be some pro-favors for you. "

"But, it's just a touch of favor, supreme. You have disobeyed the supreme rules of the universe. If you really think you can control the supreme rules of the universe, you are an idiot."

Xiaoyao Supreme laughed, disdainful.

At this moment, many people were shocked, and they were all shocked.

Including Chaos Supreme, all eyes are shining.

At their level, everyone actually knows a lot and knows far more than anyone, but it has never been clear that the ancestors dare to proclaim themselves as gods and get the favor of the universe and heaven.

Why can the ancestor **** proclaim himself a god?

It is because he represents the operation of the universe and heaven in ordinary times. This is his most unique method, which many supreme beings cannot do.

In the past, Chaos Supreme had thought that this might be due to the special ancient blood of the ancestor gods. For example, their ancestors were born in the origin of the universe, and they were born in chaos, so they can be favored by the universe. Or maybe it's some other reason, such as fusion of some kind of cosmic origin, etc.

[Chapter 4416: Detachment](#)

Many of the Supremes present have guessed many times, but have never known the truth.

Who doesn't want to be favored by the supreme rules of the universe?

Now everyone understands it.

It turned out to be because of this.

"Simply maintaining the operation of the universe, can the Supreme also be favored by the supreme rules of the universe?"

Many sages murmured, with doubts and excitement.

They don't know the truth or not, because they have never taken the initiative to do such a thing. When they reach their realm, they will be suppressed by the supreme rules of the universe all the time.

Everyone thinks about how to transcend the supreme rules of the universe and how to break free from the constraints of the universe, but no one has ever thought about whether it can help the universe to maintain its operation.

Today, the words of Xiaoyao Supreme have given everyone the initiation and excitement.

It seems to have opened an unprecedented new door for everyone.

Excited, unable to restrain.

Xiaoyao Supreme didn't care whether everything he said would reveal any secrets. He stepped forward with a sneer at the corner of his mouth, looking at the ancestor **** as if looking down at an ant.

"The so-called gods are ridiculous. They are just self-proclaimed for self-entertainment. Do you really think you are a god?"

"On the help to the universe, this seat has repaired the heavens and maintained the peace of the universe. How can the cosmos's favor of this seat be weaker than you? It is ridiculous to suppress me with the supreme rules of the universe."

Xiaoyao Supreme laughed and killed again.

boom!

A punch came out.

This time, it was Xiaoyao Supreme's turn to shoot.

This punch condensed into one point in an instant, and then burst out suddenly. Bang, the ancestor **** was blown out in an instant, and his body was bursting. If it weren't for the battle axe in his hand, it belonged to the peak supreme treasure, otherwise he would Seriously injured.

"Do you think you are determined to win?"

The ancestors yelled.

"Delicate!"

boom!

Suddenly, a mysterious aura rose from the ancestor god.

Rumble!

When this breath rose, the entire universe was rumbling, and countless cosmic forces crazily suppressed to stop the ancestor god.

It is the power of detachment.

Rejected by the universe!

"Delicate!"

"The power of detachment!"

"This is impossible!"

At this moment, everyone looked at the ancestor **** in amazement, and suddenly stood up, staring one by one.

It turned out to be the power of detachment, how is this possible?

At this moment, the ancestor **** was full of terrible aura, and his body was surging with rolling power, like a **** and demon.

Cang Dang!

There are terrible thunders in the sky, and countless supreme rules of the universe have appeared, but this time the supreme rules of the universe are not helping the ancestor gods as before, but suppressing the ancestors.

Between the heaven and the earth, the terrifying power of the highest punishment came, forming a terrible black hole around the ancestor god.

Transcendence is incompatible with the origin of the universe.

Once a warrior achieves detachment, it is equivalent to breaking away from this universe, which is equivalent to swallowing a piece of the power of this universe directly, and being suppressed by the universe.

Klang Klang!

A series of terrible rules and punishment powers came, but the ancestors shot, bang, and directly blasted the power of many supreme rules. He held a black giant axe, like a giant that reached the sky, staring at Xiaoyao Supreme.

"Xiaoyao, today, this seat will win!"

The ancestral gods are as majestic as gods, and the breath is too terrifying, swallowing everything, making everyone present feel as if the person in front of them is not a person at all, but a god.

He stepped out step by step, the void collapsed, and the universe couldn't bear his strength. Wherever he went, the void collapsed.

The ancestors actually broke through to detachment?

At this moment, many people are horrified.

Detached, can be called the strongest in the universe!

In ancient times, I had heard that a strong person became transcendence, but in the past hundreds of millions of years, it has never been heard that a strong person can enter the realm of transcendence. The ancestor **** held a giant axe and said coldly: "Xiaoyao Supreme, you are the leader of my human race, and you have made a great contribution to my human race. Originally, this seat should not do anything to you, but today you are arrogant and domineering. Don't do it to you

Pressure. "

The voice fell.

The giant axe in the hands of the ancestors suddenly bloomed with misty light.

"Open the sky with one stroke!"

The ancestors roar! With a bang, the aura that caused the collapse of the universe quickly rose from his body, and finally formed an unmatched terrible black light. I saw that the black light formed a terrible secret pattern and finally gathered on the battle axe. Xiaoyao Supreme

He slashed hard.

The Quartet is silent.

At this moment, everything in the world seemed to disappear. With this axe, all perceptions disappeared in everyone's eyes, leaving only this terrifying thing, as if it could split the world with an axe.

Standing in this void, the law of operation has long since receded, and the coercion is stronger than every supreme present.

silence!

Silence!

All the Supremes were quiet, there was no comment, just staring at the two figures in the sky in a daze, their minds were completely shocked.

"Xiaoyao Supreme!"

Qin Chen changed color, anxious in his heart.

This blow is terrible, I'm afraid it can kill the Supreme in a second, can Xiaoyao Supreme be able to stop it?

Qin Chen hurriedly looked at the supernatural workman who was aside.

It was just the expression of the supreme workmanship that made Qin Chen startled. I saw that the supreme divine workman was calm and looked at the scene in the sky with shock. It was just the corner

of his mouth, but there was a faint ridiculous smile, as if he did not take the ancestor god's power of detachment into his heart. Qin Chen couldn't help it

Startled.

"Is this..."

He hurriedly turned his head.

"Hahaha!"

He heard a hearty, loud laugh between the world and the earth, and then, Xiaoyao Supreme, who had not moved, moved again.

boom!

Xiaoyao Supreme stepped out step by step, the heavens and the earth shook, and the cosmic supreme laws evaded, and he couldn't get close to his body at all, and there was also a power that seemed to completely override the universe dissipated from him.

"Transcendence? It's ridiculous, Ancestral God, you just touched the threshold of transcendence, do you think you are invincible?"

Xiaoyao Supreme laughed and said, his eyes like rainbows.

"Wow!"

He raised his fist.

Suddenly, weird powers appeared in the time and space around them, and these powers turned into black avenues and rivers, and the phantom of each avenue of rivers was like a vast expanse of hundreds of millions of kilometers, like a world!

I saw a full 36 avenues of long river phantom, scattered in various directions, such as up, down, left, right, front and back. Under these 36 avenues of long river phantom, every place where the extremely condensed universe was oppressed began to snap. Cracked open.

The supreme rule of the universe evaded quickly and did not dare to approach.

Detached!

It is the power of detachment again.

now! The thirty-six avenues of phantoms, each phantom is hundreds of millions of kilometers away, for a time, in the endless space, the Xiaoyao Supreme who raised his fist is like the core of the universe, and then his powerful right fist is facing forward Blasted out!

[Chapter 4417: Half-step detachment](#)

With a punch, the world collapsed.

Suddenly, the 36 avenues of phantom merged into his body, and the entire right fist burst out with extremely dazzling light.

At this moment, the great axe of the ancestor **** also blasted down.

"boom!"

Time and space tremors.

The two terrible forces collided, everything in front of them disappeared, and the terrible impact force impacted the continuous shaking of the human alliance city, like a flat boat on the sea in the storm.

Click!

The bans in Renmeng City were shattered, and there was a shocking sound of cracking.

With one blow, the human alliance city seemed to be shattered.

Chaos Supreme and the others frantically urged their own power to resist this terrible impact. In the human alliance city, countless forbidden lights bloomed, and the array surging, finally stabilized.

In the next moment, everyone recovered before their eyes again, and they could see everything in front of them clearly. In the void, time and space have collapsed, and the land of collision has turned into nothingness, and the forces of the universe cannot penetrate and form a black hole of energy. It may take countless years for the power of the universe to refill this black hole.

.

And on both sides of this energy black hole.

The arm of the ancestor **** holding the battle axe was trembling. He was embarrassed and dripping with blood, his breath became apparently vain, and he fell to the pinnacle supreme realm all of a sudden, as if the source was traumatized.

On the opposite side, Xiaoyao Supreme looked indifferent, still standing proudly in the void, and independent.

It was quiet.

All the strong people of the human race were shocked, and the people like Wanfa Zhizun couldn't believe it.

All were shocked.

The ancestors were defeated.

How can it be?

The ancestors' trouble this time was because he had already controlled a trace of detachment, and he thought it was enough to be above Xiaoyao Supreme.

Moreover, the great axe in the hands of the ancestors is also the pinnacle supreme treasure.

The combination of the two makes the ancestor **** fearless of anyone in this universe. Therefore, he will attack and attack the Supreme Master of Divine Work. In fact, his goal is Xiaoyao Supreme, and he will accumulate millions of years of Xiaoyao Supreme. The reputation is defeated.

This human alliance should only have a human leader, and his ancestor **** is enough.

But now, the Supreme Master of Wanfa and them are all dumbfounded.

The ancestor was defeated.

The plan is completely messed up.

What was even more shocking was the ancestral **** himself. "Half-step transcendence...Xiaoyao Supreme, you have already stepped into the half-step transcendence realm, this is impossible!" The ancestors suddenly roared in disbelief, "When did you enter this realm, this universe? , Already impossible

The half-step transcendence is born. "Huh, nothing is impossible. "Xiaoyao Supreme stood in the void, black hair flying, with an absolute dominance: "You don't know how big this world is, Ancestor God, you claim to be the leader of the human race, but in fact, you are just a well.

The bottom frog is nothing. "

Frog at the bottom of the well?

Everyone was dumbfounded. A dignified human leader, one of the strongest players in this universe, has been scolded as a frog at the bottom of the well?

"Alright!"

The ancestors yelled, hysterical.

Xiaoyao Supreme sneered and said coldly: "You are a trash who has spent hundreds of millions of years before touching a trace of detachment. Does this seat need to be alarmist in front of you?"

At this time, Xiaoyao Supreme suddenly glanced in the direction of Qin Chen, and sneered at the ancestor god: "From the people you tried to attack me and picked, I can see that you... don't know anything about this world. ."

What do you mean?

Everyone turned their heads and looked in the direction that Xiaoyao Supreme was glimpsing.

I saw Qin Chen and Shen Gong Zhizun.

Is it the supreme divine work?

They were shocked.

It is true that the ancestral gods started from trying to work with the Supreme, and wanted to launch suppression against the Xiaoyao Supreme, but does it have anything to do with the ignorance of the world?

Or is it referring to Qin Chen?

Qin Chen, is there anything special?

Is there any secret in this?

Various thoughts flickered, with doubts.

"No! I haven't lost yet."

The ancestors roared, and the rolling power in his body instantly rose again, with a boom, the battle axe in his hand, with a misty light blooming.

The dark axe light quickly condensed, and began to turn into a dark secret pattern.

On the secret pattern map, the power of chaos is surging, and the ancestor **** still wants to struggle.

His body changed rapidly.

With a bang, the palpitating breath rose again.

"Needless resistance."

Xiaoyao Supreme snorted coldly, raised his hand abruptly, and in an instant, a primitive pagoda appeared between the heaven and the earth.

As soon as this pagoda appeared, the universe and heaven quickly calmed down, and the power of the supreme rule suddenly seemed to be calm again.

"Huangtian Tower!"

Chaos Supreme exclaimed.

This is the top treasure of Xiaoyao Supreme.

Rumor has it that the celestial realm contained in the Wild Heaven Pagoda is formed by the ancient celestial realm. It is extremely terrifying and the highest treasure in the universe.

At this moment, Huangtian Tower came out.

Xiaoyao Supreme urged the ancient tower abruptly and blasted towards the ancestor god.

He didn't give him a chance to stimulate magical powers again.

Block it!

The ancestors were furious and roared. However, the Wild Sky Tower blasted out with a bang, and the ancestor **** was blasted out in an instant. Without a sound, the power of the ancestor god's body was declining. The power of the ancestral spirit that originally condensed on him, the power of detachment, All of a sudden, quickly

Of ablation.

After tens of thousands of feet, the ancestor **** stopped his figure with difficulty, puff, he spewed out a mouthful of blood, and his body like a **** and demon was trembling and disintegrating.

His body is shattering.

With a bang, the body of the ancestor **** shattered.

But immediately, the ancestor god's physical body condensed again, looking at Xiaoyao Supreme in horror.

He was defeated.

The defeat was devastated.

"Ancestral God!"

The ancestor god's group of people of Wanfa supreme made a sound of anger and the ancestor **** was defeated.

They are done.

"Xiaoyao Supreme, you are so cruel, since there is such a cultivation base, why not kill the demon ancestor, what to pretend in my human race?" The ancestor **** roared ferociously.

"Mo zu?" Xiaoyao Supreme sneered, "So I said you don't know anything about this world."

Xiaoyao Supreme stepped out step by step, becoming more and more vigorous.

"go!"

The ancestor **** shook his body and turned to leave.

But Xiaoyao Supreme Wild Heaven Tower was shaken, and it came down instantly, blocking the void.

The ancestral **** looked at Xiaoyao Supreme in anger, and roared: "Xiaoyao Supreme, I am defeated, do you have to kill all? I am also a strong human race. Are you trying to betray the human race?"

Xiaoyao Supreme looked at the ancestor **** with disdain, "Only you can represent the human race?"

Hum!

The deserted tower shakes.

But at this moment...

"stop!"

"Master Xiaoyao, please stop."

"Let go of the ancestors."

Below, in the human alliance city, the Primordial Primordial Chaos with many primordial princes, instantly rose into the sky, looking anxious.

Ancestral God, after all, is also a human race, the conflict between him and Xiaoyao Supreme is just a conflict of ideas, which can be divided into victory and defeat, but should not be divided into birth and death. Once the ancestor **** dies, the human race will fall apart, and the power of the human race will be greatly weakened.

[Chapter 4418: The ancestors cannot die](#)

At this moment, a strong person, standing proudly in the void, Chaos Supreme, together with many Supremes, looked nervously at Xiaoyao Supreme.

Patriarch, can't die!

This is the only thought in their minds.

Today's ancestor gods have been defeated, but no matter what, the ancestor gods are the top leaders of the human race, and the ancestor gods have touched a realm of detachment.

In particular, the ancestor **** is the leader of the human race, a leader that has gradually emerged from the human race for hundreds of millions of years after the ancient war.

In the years when Xiaoyao Supreme never appeared, the ancestor **** had vaguely controlled the great voice of the Human Race Council. Many powerful people in the Human Race Council followed his orders.

For example, the Supreme Lord, such as the King of Giants.

Xiaoyao Supreme can kill the ancestor god, but once the ancestor **** is dead, what about the other supreme beings? Will it fall apart?

By then, the human race will be completely divided.

This is something no one wants to see.

At this moment, the ancestor **** also looked at Xiaoyao Supreme in anger, angry and unwilling.

"The ancestor **** knows that he is wrong, so please keep Xiaoyao Supreme to save my human fire."

"Yes, the ancestors are not bad, but they can't understand some of the actions of the Supreme Master of Gods, but also to maintain the order of our human race."

"The ancestor **** has done hard work over the years, even if he has no credit, please let Xiaoyao supreme respect everyone's face and spare the ancestor **** this time."

Many Supreme, Tianzun, all hurriedly spoke.

Wanfa Supreme, their faces were ugly, but they didn't say a word, they just looked terrified.

Expectations were dissipated in his eyes.

The ancestors are dead, and they are also in trouble.

The Giant King was even more horrified, his body trembling, because this time the incident was caused by him, and it was his suggestion to the Human Race Council, aimed at the Supreme God.

Although he is just a chess piece, only to cater to the expectations of the ancestor god, in fact all this is the behavior of the ancestor god, but no matter what, he is the initiator.

Fear emerged in his heart.

"Haha, in the face of everyone?"

Xiaoyao Supreme chuckled, his eyes swept across Chaos Supreme, Lord of Tianhe and others coldly, a sneer was suddenly outlined between the corners of his mouth, and finally, his eyes fell on the ancestor god.

"Ancestral God, what do you have to say?"

Xiaoyao Supreme smiled. The ancestor god's body was weak and his origin was damaged, but he was furious to see this Xiaoyao Supreme, took a deep breath, and said in a deep voice: "Xiaoyao Supreme, this time, I lost to you, but that's because my strength is not as good as you, but Ben I did this for the human race,

You work in the heavens to behave in the ancient world, and you also blocked the heavens, so that all the strong who enter the heavens must obey the orders of your heavens. "The heaven is the heaven of the human race. As the leader of the human race council, you will naturally come forward when you encounter this kind of thing. You can't blame me for this matter today. You can't use this to kill me, otherwise the human race will not accept you, human race The alliance will not convince you,

Because I am also for the human race! "

The ancestors roared.

He knew that he must occupy the righteousness and entrap the public opinion in order to make Xiaoyao Supreme cast a rat.

"Hahaha, for the human race?" Xiaoyao Zhizun laughed, and he looked at everyone present indifferently: "Is what Shengong Zhizun did in the ancient world for his own benefit?"

"Who said Xiao Wudao of the Xiao family, and ancestor Ji Tianguang, all fell? Was killed by the Supreme Master of God?"

Xiaoyao Supreme sneered.

"Is not it?"

Many people looked over in amazement. "Ancient Realm, Xiao Wudao, Ji Tianguang, as a subordinate of my human race, these years, they have been only operating in the ancient realm, blessed by my human race, but never paid half for my human race, although the two of them were captured by the supreme divine work, But it didn't fall, only

It's in the heavens, repairing the heavens and suppressing alien races. "

"Anything?"

Many people are discolored?

"Chaos supreme, you are the top supreme of the human race, you can control the way of chaos, you can communicate the luck of the ancient world, and calculate it, isn't it a big deal?" Xiaoyao supreme sneered.

Everyone's eyes instantly fell on Chaos Supreme.

boom!

Chaos Supreme immediately communicated with the ancient world's fortunes, and the power of Chaos was surging and calculated carefully.

The ancient clan of the ancient world is actually a branch of the Chaos Clan and the Human Race. Your Chaos Supreme's strength can naturally be calculated easily. After a long time, his face suddenly changed slightly.

In the ancient world's air transport, the two forces representing the Xiao family and the Ji family have not broken.

This shows that Xiao Wudao and Ji Tianguang have not fallen yet.

"Xiao Wudao and Ji Tianguang are not dead."

Chaos Supreme Changed Color Road.

what?

As soon as this statement came out, many people changed their colors and showed surprise.

One after another looked at the Giant King.

Because the cause of this incident was largely due to the Giant King's complaint that the Supreme Master of God's Work had done wrong in the ancient world and beheaded Xiao Wudao and other top powerhouses.

If Xiao Wudao and the others really did not die, then the sin of the supreme divine work would not be convicted at all.

The giant king's face turned pale, and he hurriedly argued: "I did see the treasure hall of the Supreme Master of God swallowing Xiao Wudao, and the Supreme of God also took away half of the origin of the ancient world."

This is also one of the sins of the supreme divine work.

Capture the origin of human power.

"Hahaha."

Xiaoyao Supreme laughed again.

"The Supreme Master, you tell them the truth." Xiaoyao Supreme said to the Supreme Master. "Yes." Shen Gong Zhizun took a step forward and said coldly: "The main hall master has captured half of the origin of the ancient world, but the main hall owner did not take any of the origins of the ancient world as his own, but used it to repair it. Heaven is not just the origin of the ancient world, including

The ancestral land of the space ancient beasts was also destroyed by the main hall owner, and the origin of the space ancient beasts was also used by the main hall owner to repair the heavens, resulting in the restoration of most of the heavens. "

"Otherwise, how can the heavens be able to allow the heavens to enter?" "As for the Chendi Pavilion to block the heavens?" Shengong Supreme sneered: "As far as the master of the palace knows, the Chendi

Pavilion under Qin Chen's command does not block the heavens. Any force can do it. Entering the heavens, it's just that the heavenly superiors are not allowed to occupy the territories of other forces in the heavens, and

Don't do anything wantonly in the heavens. "Because the restoration of the heavens is not easy, and we are still in an extremely fragile state. I have worked so hard to restore the heavens, and naturally, no one is allowed to destroy it easily. If this is all reckless and reckless, then the Lord of the Palace is very hopeful

I hope you all will act recklessly, take out the origin of the universe that you have, and restore the heavens. "

As soon as this remark came out, the audience shook.

The origin of the ancient world and the origin of the space clan were all used to repair the heavens.

The words of the supreme divine work are still very convincing. Because, many high-level sages present know that if you want to repair the heavens, you must rely on the power of the origin of the universe, which is simply impossible to do.

[Chapter 4419: A word](#)

Many people have ugly faces.

If what the supreme divine workman said is true, then Tianjiao and Chendige will have merit instead.

"Everyone, you say that the supreme work of God is reckless and reckless, then I will ask you, are you willing to pay the origin of the universe of your own power?"

"As far as this seat knows, there is more than one supreme force with the origin of the universe as half of the ancient world, right?"

"How precious is the origin of the universe? I won't say much about its benefits, but are you willing?"

Xiaoyao Supreme yelled sharply, his eyes indifferent.

Suddenly, many people bowed their heads.

No one speaks.

Because they don't want to.

Everyone has selfish motives. The origin of the universe is too precious. Although everyone wants to contribute some strength to the human race, they can't use their own power to nourish the entire human race.

However, the Supreme Master did it.

"The Giant King, as the patriarch of the Giant Clan, I heard that the origin of your giant world also contains the power of the origin of the universe, which can repair the heavens. Are you...willing to give it up?"

Xiaoyao Supreme looked at the Giant King.

Suddenly, the giant king shivered, his expression frightened, and the supreme and powerful man dare not even lift his head.

"Hahaha."

Xiaoyao Supreme laughed and looked at the ancestral god: "Ancestral god, this is the reason for your sanctions? As a human leader-level powerhouse, how do you control the human council?"

"Ok?"

boom!

On Xiaoyao Supreme's body, a terrifying aura soared to the sky, murderous.

I saw Xiaoyao Supreme's face cold and arrogant, like a god, towering high in the sky, walking step by step, the breath suppressing the ages.

"Ancestral God, what else do you have to say now?"

Xiaoyao Supreme's eyes were cold and harsh.

"I....."

The Ancestral God's face is ugly.

He just wanted to say, careless.

When he was careless, he was instantly occupied by Xiaoyao Supreme.

In his heart, sad not want.

In fact, is he really ignorant?

Do not!

He knows.

As a leader of the human race, would he not know that Xiao Wudao was not dead? Would he not know that only the origin of the universe can repair the heavens?

He knows it all.

However, after hearing the complaint from the Giant King, he immediately understood that this was an opportunity.

As for the truth.

unimportant!

It really doesn't matter.

In fact, if this time, he won, then Xiaoyao Supreme said nothing is useless, righteousness, but a tool used by the strong.

However, he lost.

"The Giant King!"

The ancestors roared, looked at the giant king suddenly, and then slashed out with an axe.

boom!

Suddenly, the monstrous axe light condensed, and instantly slashed on the giant king. The blow was so sudden that everyone could not react. They watched the ancestor **** smash the head of the Giant King with an axe, and with a bang, the Giant King's entire body burst in an instant, the supreme source of power in his body, Dissipating in madness

.

"Ancestral God... You..."

The giant king looked at the ancestor **** in anger.

boom!

In the next moment, the body of the Giant King quietly annihilated, including the Supreme Origin, suddenly collapsed.

Cang Dang!

In the void, a giant avenue was directly broken, and the whole universe was roaring.

As if cheering, jumping for joy.

The fall of the Supreme is a happy event for the universe. A large amount of Supreme Power returns to the origin of the universe, forming a terrifying scene.

A series of thunders were surging.

Everyone was dumbfounded, shocked, and unbelievable, looking at the ancestor god.

The ancestor god... actually killed the Giant King directly.

"The Giant King, blinded this seat, caused this seat to conflict with Xiaoyao Supreme, and also caused this seat to misunderstand the Shengong Supreme and the little friend Qin Chen of Chendi Pavilion. The crime deserves a million deaths and deserves to be blamed, and this seat, Also guilty of not being aware of."

The ancestor **** said coldly, looking cold.

Many people were stunned, looking at the ancestor **** in disbelief.

Because of this, the ancestors killed the Giant King directly.

"Ancestor!"

At this moment, the giant clan followed the giant king who came with the giant king, and suddenly issued a terrifying roar and roar, looking at the ancestor **** in anger.

His ancestor Giant King was killed by the ancestor god, and it was so sudden that the ancestor could not even react.

"Ancestral God, you are so cruel, my giant clan, obviously obey you..."

The giant Tianzun roared and rose into the sky.

The voice did not fall.

puff!

As soon as the ancestor **** pointed it out, the giant Tianzun also instantly shattered on the spot, leaving no bones.

Cang Dang!

The universe vibrated and surged again.

A pinnacle deity is also a great supplement to the origin of the universe.

"The giant Tianzun of the giant clan is acting nonchalantly. He is still challenging the little friend Qin Chen of the Chendi Pavilion in the Human League City, deliberately inciting conflicts between the top human clan forces. He has ulterior motives and should be blamed!"

The ancestor **** said in a cold voice again.

hiss!

Everyone's eyes looking at the ancestor **** changed.

Patriarch, so cruel.

Especially some of the Supremes under the ancestral gods, their hearts are cold, and they feel the boundless coldness.

The ancestors are too cruel, in order to get away, they actually put all the blame on the giants.

However, even if this proposal was raised by the Giant King, what does it have to do with the Giant King?

It was the ancestor **** who had not found out, and convened a human race assembly to target the supreme divine work.

All this is basically the order of the ancestor god.

However, for his own sake, the ancestor **** easily killed the giant king, and even Qin Chen of Chendi Pavilion was called a little friend by the ancestor god.

Too humble.

Is this still the leader of our human race?

At this moment, everyone had a chill in their hearts, full of dissatisfaction with the ancestor god, and the eyes of the ancestor **** were full of anger.

The ancestral **** was cold in his heart, how he didn't know the consequences of the shot, but he had to do this, otherwise, Xiaoyao Supreme would not let him go, and no one could stop Xiaoyao Supreme.

"Hahaha, Patriarch, is this your answer?"

Xiaoyao Supreme laughed coldly and stepped forward step by step.

"The crime of not detecting?"

Xiaoyao Supreme sneered, ancestors, really just committed such a small crime?

"Humph."

Xiaoyao Supreme snorted coldly.

The ancestor **** had cold eyes and said coldly: "Xiaoyao Supreme, what else do you want?"

"What do you want?"

Xiaoyao Supreme sneered.

"For hundreds of millions of years, what use is your so-called human leader?"

"Did you resist the Demon Race's invasion and caused the Demon Race to stop attacking?"

"Did you kill the Supreme Demon Race? Repelling the ancestors of the Abyss Demon Race, did you make the Demon Race throw a mouse?"

"Did you defend the territories of the human race and expand the territory of the human race?"

"Or, did you repair the heavens? Recovered the homeland of our human race?"

"No, you haven't done anything."

"For hundreds of millions of years, you were a trash, but occupying the position of leader of the human race, you should retire."

Xiaoyao Supreme snorted coldly.

As soon as this statement was made, the face of the ancestor **** suddenly changed.

"Xiaoyao Supreme, don't think about it." The ancestors roared, Xiaoyao Supreme wanted to make the Human Race Council his own words.

Chapter 4420 Human Race Event

"Don't think about it? So today, you can't escape death!"

Xiaoyao Supreme stepped forward and shouted angrily.

"A waste like you, staying in the position of the leader of the human race is a dragging human race."

"You will only bring the human race into the abyss of destruction."

"Today, this seat will not kill you, but this seat will plant an oath seal in your body, so that you will sit on the battlefield of ten thousand races and take your subordinates to fight for my human race to redeem your sins."

"Otherwise, whoever speaks will not be able to save you. Whoever speaks is the enemy of this seat!"

Xiaoyao supreme drink sharply.

boom!

Arrogant.

Suddenly, the chaotic supreme on the side suddenly changed color, Xiaoyao supreme, this was warning him.

To stop Xiaoyao Supreme is to be an enemy of him.

"Everyone..." Chaos Supreme looked around and wanted to speak.

However, no one answered him.

The Lord of Tianhe, Feihong Supreme and other supreme-level powerhouses, looked cold.

The ancestor **** is really chilling.

The death of the Giant King was the biggest failure of the ancestor god. Everyone knew that the Giant King was actually under the command of the ancestor **** and obeyed the orders of the ancestor god.

But when in trouble, the ancestors not only did not stand up for the Giant King, but even directly attacked the Giant King. Who was convinced that such a leader of the human race?

And the previous question of Xiaoyao Supreme, and his previous self-reported experience, also shocked everyone.

indeed.

Now that Human Race has this status, whose credit is it?

The ancestor?

No, it is Xiaoyao Supreme.

It is Xiaoyao Supreme, who pulls the human race back from the abyss of constant retreat, it is Xiaoyao Supreme, who consumes the source to repair the heavens, and even heard that Xiaoyao Supreme suffered a lot of losses and was seriously injured in order to repair the heavens.

It is also Xiaoyao supreme, shocking the powerful demon clan such as the ancestor of the deep demon.

But just now, the ancestors and the others grasped the problem of the supreme divine work, and immediately attacked the supreme Xiaoyao.

What is right and wrong is clear at a glance.

Chaos Supreme didn't speak anymore, because he knew that the ancestor **** had already moved the anger of the people. As long as Xiaoyao Supreme did not kill the ancestor god, then others would never say a word for the ancestor god.

"Xiaoyao Supreme, don't think about it."

The ancestor **** roared, boomed, and shook his figure before turning around to escape the void.

It is not impossible for him to guard the battlefield of ten thousand races. It is not impossible to deprive him of his leader-level status, but he cannot do it if he wants to plant an oath seal in his body.

Doing so, then, he will be restricted, and there will be no chance to compete with Xiaoyao Supreme.

"Want to go?"

Xiaoyao Supreme sneered.

boom!

The Wild Sky Tower above his head shook suddenly.

Suddenly, the Wild Sky Pagoda flew out, and the vast Wild Sky Pagoda was like a Tongtian Pagoda in a virtual space with dazzling light. Following this dazzling light pagoda, it was directly suppressed, silently, and blocked the area. Void.

"Boom!"

This side was vanity and was directly imprisoned.

"Damn it, go!"

The ancestor **** roared, and above the giant axe in his hand, a bright light bloomed, and the dark light of the battle axe was like a heavenly axe, slashing fiercely at the front.

Boom!

The space in front was trembling violently, but it couldn't break open at all.

In the next moment, the ancient pagoda was directly suppressed.

"Do not!"

The ancestors roared sternly, and his figure was immediately imprisoned.

"You guys, don't do anything yet, and follow me to suppress the ancestral gods, do you still want to help the tyrant be abused?"

Xiaoyao Supreme looked at the others present.

Others suddenly changed color, this is, let them all team.

The Lord of Tianhe's eyes flashed, and he was the first to walk out.

"I, Tianhe, admire Xiaoyao Supreme as a human being, and would like to follow Xiaoyao Supreme and fight for my human race. As long as Xiaoyao Supreme does not kill the ancestors, I am Tianhe, willing to give a share of strength."

The voice of the Lord of Tianhe fell, booming, and the Tianhe realm broke out, coming out, strengthening the seal.

"My Feihong Supreme is also willing to take action."

"My Shengguang Supreme is also willing to take action."

A famous name, one after another, stood up, released a terrifying aura and strengthened the seal.

Seeing this scene, the Chaos Supreme also changed color, and hurriedly stepped up, booming, the Chaos power was released and suppressed.

In the end, only the powerhouses under the command of the ancestor gods such as Wanfa Zhizun did not stand up.

It's just that their faces are also very ugly.

"Om!"

The terrible force suppressed, and the force imprisoned the ancestor god.

A series of runes were released from the Wild Sky Tower and entered the body of the ancestor god.

"You... this free and unrestrained supreme must have collusion with people in the outer universe, otherwise, it is impossible to achieve half a step beyond. He has ulterior motives, and you should not be deceived by him."

The ancestors roared and wanted to struggle.

However, no one listened to him, a series of runes descended into the body of the ancestor god, forming a heavenly oath.

"Ancestral God, I will not kill you, or even control you, but let you fight for the human race. It is kind enough. Otherwise, based on what you did today, I will kill you."

Xiaoyao Supreme snorted coldly.

As soon as he raised his hand, Huangtian Tower re-entered his body.

At this moment, the ancestor god, a stream of light bloomed, embedded in his body.

It is an oath, an oath to guard the human race.

When you reach the realm of the ancestor god, you can't easily suppress it, let alone control it, even if it is Xiaoyao Supreme.

Unless he is determined to kill the ancestor god, therefore, Xiaoyao Supreme only imprisoned the ancestor god.

"Xiaoyao Supreme, wait and see!"

The ancestor **** roared, his figure shook, and suddenly disappeared.

The audience was silent, and everyone looked towards Xiaoyao Supreme.

Once the ancestor **** is no longer the leader of the human race, then today's leader of the human race will only be left with Xiaoyao Supreme.

"I'll wait, and see Master Xiaoyao."

A respectable figure, saluted one after another, looks respectful, and soaring.

"It doesn't have to be."

As soon as Xiaoyao Supreme raised his hand, all the people present immediately felt a terrible force coming and held them up.

"Everyone has a lot of thoughts now. Three months later, this seat will hold the first meeting of the real human race. My human race has been defended for countless years. It is time to change our strategy. By then, we will discuss the future of our human race. Event."

Xiaoyao Supreme Indifferent Road.

boom!

Suddenly, the audience shook.

What does Xiaoyao Supreme mean?

Is it about to start with the Demon League?

In an instant, many people changed color.

This will be an extremely huge event for Human Race.

"Everyone, see you in three months."

When the words fell, Xiaoyao Zhizun looked at Shengong Zhizun and Qin Chen, and said with a faint smile: "Shengong, bring your Tiangong disciples with me."

Immediately, Xiaoyao Supreme stepped forward and disappeared.

Shen Gong Zhizun glanced at Qin Chen, and both of them followed closely.

Qin Chen carried a hint of excitement in his heart.

Happy supreme.

The mother said that this person is worthy of trust. Is this person in contact with her mother and father?

From Xiaoyao Supreme, perhaps we can know some news about my mother and father.

Qin Chen kept up with the excitement in his heart and quickly followed.
