[Chapter 4421: You are too weak](#)

Void.

Xiaoyao Supreme sat on Xugu Supreme and walked step by step.

It seems to be very slow, but every time the Xugu Supreme flies by, the endless space of the universe is compressed under their feet and passed by in an instant.

This is the space magical power of the space ancient beasts, and it is most suitable for driving.

Qin Chen and Shengong Zhizun quietly followed behind Xiaoyao Zhizun and sat on Xugu Zhizun's body.

Xu Gu Supreme is huge, once released, it is enough to be as majestic as a continent, possessing the power of destroying the world, but at the moment in front of Xiaoyao Supreme, he is extremely well-behaved, like a mount.

This shocked Qin Chen. With the strength of Xiaoyao Supreme, it is nothing to be able to kill Xugu Supreme, but it is more difficult to capture Xugu Supreme, the ancestor of the space ancient beast race, and be willing to become its mount. More than a hundred times, a thousand times

.

The supreme strong, who is not arrogant, afraid of willing to die, will not surrender under normal circumstances.

"Kid Qin Chen, this Xiaoyao Supreme, is you the strongest person in the human race today? Really amazing."

In the chaotic world, Honghuang Zulong said suddenly.

He also felt the breath of Xiaoyao Supreme, even if it was stronger than him, there was a hint of shock and amazement in his heart.

This Xiaoyao Supreme is very strong, even so strong that even he has some palpitations.

"Senior Honghuang Ancestral Dragon, you are one of the three thousand Chaos Gods and Demons. How much can this Xiaoyao Supreme rank in the ancient times?" Qin Chen asked curiously.

The era of chaos.

Three thousand gods and demons were born from chaos, each of them is incomparably powerful, but because of the restrictions of the rules of the universe, many chaotic gods and demons cannot enter the realm of transcendence at all.

Therefore, the strongest Chaos God and Demon is just the pinnacle supreme realm.

But Qin Chen had a feeling that the peak supreme realm in the ancient times was very strong, and it was definitely not comparable to the current peak supreme realm. Although the realm was the same, the strength should still be quite different.

For example, a person who can jump up to one meter under one weight of gravity, and another person who can jump up one meter under ten times of gravity, although the height of the jump is the same, there is bound to be a huge difference in strength.

"He?" Honghuang Zulong meditated: "Very strong, based on his previous shots, he definitely ranked in the forefront of the three thousand ancient Chaos Gods and Demons. Of course, he was still a little worse than the old ancestor."

Qin Chen: "..."

Will this great ancestor dragon die if he doesn't brag?

No matter what kind of strong man he met, he always said this sentence every time, a bit worse than him...

At this moment, everyone is quiet on the court.

I don't know how long it has been before, Shen Gong Zhizun finally couldn't help but speak: "Master Xiaoyao Supreme, why didn't you kill the ancestor **** before?"

Divine Work Supreme was surging in his heart, but he was also puzzled: "In the previous situation, if you forced an action from an adult, the ancestor **** would not be able to stop it, and the other supreme would be unable to stop it."

Previously, there were indeed many supreme beings present, but the vast majority of the strong were actually projected from the phantom of the human alliance city, and they had no ability to block them.

"Shen Gong, I can take action, but why should I take it?" Xiaoyao Zhizun turned his head and smiled at Shen Gong Zhizun.

The Supreme Master of Divine Workers was taken aback for a moment, and said in a deep voice: "Today the ancestor **** left, although he was planted by the adults to protect mankind's oath seal, but he will not be willing, if there is a chance in the future, he will definitely retaliate against you."

"Hahaha." Xiaoyao Zhizun laughed: "I'm afraid of him getting revenge? If he dares to take revenge, I will kill him."

"As for why I didn't kill him before, I didn't have much idea, but because he was unworthy." Xiaoyao Supreme smiled.

Qin Chen: "..."

Divine Work Supreme: "... "The ancestral god, although he claimed to be the leader of the human race, did indeed command the Human Race, but, as this seat said earlier, his is indeed a trash, a trash, why bother Killed him and angered all people

What? "

Xiaoyao Zhizun was very calm, and when he said that the ancestors were trash, there was no wave of trouble.

Shen Gong Zhizun was stunned. He thought that Xiaoyao Zhi used to call the ancestor **** a waste, just to anger the ancestor god, but he did not expect that Xiaoyao Zhizun really felt that the ancestor **** was a waste. As if knowing the doubts in Shen Gong Zhi Zun's heart, Xiao Yao Zhi looked at Shen Gong Zhi Zun and smiled: "In terms of strength, the ancestor **** is indeed not weak. He has touched a trace of detachment. In the entire universe today, it is enough to rank among the top powers. Ranks

. But in addition to his strength, he is really a waste. "

"Killing him, although no one in the Human League City can stop me, it is meaningless. It will only make the Human Race Council dissatisfied with me. Although I am shocked by my strength, it is not true obedience. I lost my heart for an ancestor god. Value." Xiaoyao Zhizun said: "Of course, the ancestor **** is actually not that easy to kill. If he knew he would die, resist desperately, and agitate his subordinates, although I will not be a hindrance, but that person is even present in the city. Many of the strong are afraid of

Injuries, and even fall a lot. "

"Even the entire human race will be divided by this."

"For a waste, why bother?" Xiaoyao Supreme chuckled.

"Such a person, why not take control and charge for my human race?"

Xiaoyao Supreme said with a faint smile, with a calm tone, completely treating the ancestor **** as an insignificant fellow.

"Got it."

The Supreme Master nodded.

As the words fell, Xiaoyao Supreme's gaze fell on Qin Chen.

"Are you little friend Qin Chen?"

Xiaoyao Supreme smiled.

"Junior Qin Chen, I have met Senior Xiaoyao."

Qin Chen hurried forward to salute.

It wasn't because of the other party's identity, but because of what the other party did. Everything was for the human race, just like the sword ancestor of the Tongtian sword pavilion, worthy of Qin Chen's gift.

Unexpectedly, Xiaoyao Zhizun saw this, but flashed away slightly and said with a smile: "I can't afford this gift!"

Divine Work Supreme was stunned.

Xiaoyao Supreme is the leader of the Human Race. Even a Supreme like him can bear the salute. Why is he so polite in front of Qin Chen?

No matter how genius Qin Chen was, he was nothing more than a heavenly master.

Others would be shocked by Qin Chen's talent, but a strong person like Xiaoyao Supreme would definitely not care.

Qin Chen was also a little stunned, but still said, "This is what it should be."

"you should not!"

Xiaoyao Supreme smiled and said: "There is no hidden feeling in this, forgive me for not being able to make it clear for the time being, if I accept your worship and bear your cause and effect, I am afraid of getting into trouble!"

Shen Gong Zhi Zun was astonished and said, "Is there such an exaggeration, Master Xiaoyao Zhizun? Qin Chen also called me an adult and saluted me when he was working in Heaven." Xiaoyao Zhi Zun looked at Shen Gong Zhi Zun, his eyes were very strange and endured. For a long time, he said: "That's because you are too weak, so it doesn't matter."

[Chapter 4422: True Dragon](#)

Supreme Mastery: "..."

Suddenly speechless.

What reason is this, because he is too weak to bear Qin Chen's gift, Xiaoyao Supreme is too strong, but can't?

Xiaoyao Supreme shook his head and said: "The cause and effect here are very complicated, and you don't understand it. In short, as long as you understand, anyone can bear Qin Chen's bow. I can't, it's fine."

Qin Chen was speechless on the side, so he had to clench his hands and said, "It's okay for the younger generation to clench their hands."

"can."

Xiaoyao Zhizun smiled and bowed his hands in return.

Qin Chen: "..."

Xiaoyao Supreme laughed, looked at Qin Chen carefully, and suddenly sighed, "The plan of those people back then is really amazing."

"Plan? What plan?"

Qin Chen frowned, he always felt that the plan Xiaoyao Supreme said had something to do with him.

"Haha, you don't need to know this. I think you seem to have a lot of doubts in your heart. You can directly ask questions. If you can answer, I can give you some answers."

Qin Chen suppressed the excitement in his heart and hurriedly said, "Senior... know my father and mother?"

Xiaoyao Supreme is silent.

After a while, he nodded and said: "Know."

"I don't know where my mother is now?" Qin Chen asked hurriedly, feeling excited.

Sure enough, Master Xiaoyao is in contact with his mother.

Xiaoyao Supreme was silent, and said after a long time: "I can't say this."

Qin Chen hurriedly said, "What about my father? Where is he?"

Xiaoyao Supreme shook his head and said, "I can't say this either..."

Qin Chen: "..."

This can't be said, that can't be said, so what can be said?

Qin Chen frowned and said solemnly: "Well, I just want to know, are my mother and father not in this universe?"

Xiaoyao Supreme glanced at Qin Chen, hesitated, finally nodded, and said, "Yes, they are not in this universe."

"really!"

Qin Chen's heart suddenly shocked.

There was a lot of thought in his mind. In fact, Qin Chen had already guessed some things before, and it was because his mother's strength was too strong.

When he was on the battlefield of tens of thousands of races, a clone of the mother-in-law smashed the ancestor of the abyss demon with one sword, and the ancestor of the abyss demon had to retreat. He was curious, how strong is the mother-in-law?

In retrospect, it didn't seem like a supreme could have.

Mother, is it detached and strong?

Qin Chen's heart suddenly shook.

Is this possible?

It is important to know that in this history of the universe, Qin Chen has never heard of any transcendent powerhouse. It is very likely that his previous realm was too low and he did not understand some of the secrets of the universe. But now, is he not qualified? ? Xiaoyao Supreme looked at Qin Chen, shook his head and said, "It's not that I didn't tell you about your mother and your father, but that there are some things you don't need to know for the time being. The two of them are indeed not in this universe. , But they also suffer

If it is not special, they cannot interfere with the situation here. "

"Perhaps, if this universe is no longer chaotic, and the war between humans and demons is completely over, you will have enough access to these. Then, even if I don't say it, you will know it yourself."

Xiaoyao Supreme sighed.

On the side, Shen Gong Zhizun's eyes widened and he looked at Qin Chen in astonishment.

He knew that Qin Chen's identity was special, but he didn't expect Qin Chen to be so special.

I'm afraid this kid is not a second generation.

Could it be that they are the strong in the universe?

After following Xiaoyao Zhizun for so many years, Shengong Zhizun naturally knew a lot about Xiaoyao Zhizun, and naturally knew some of the circumstances behind him.

Over the years, the ancestors of the Demon Clan Abyssal Demon have colluded with the dark forces. In fact, the senior Xiaoyao Supreme also had contact with the forces in the universe, and even had some cooperation.

Otherwise, Xiaoyao Supreme would not have grown to this level in just a few short years.

Could it be that Qin Chen has any connection with the forces overseas in the universe?

The Supreme Master Shen Gong was puzzled, because as far as he knew, Qin Chen was clearly from a source continent on the lower plane, and was born and grown in this universe. How could it be related to the forces in the universe?

When I was in doubt, I listened to Xiaoyao Supreme said: "Okay, don't think too much. You only need to improve your strength now. If I didn't guess wrong, you should have had a lot of adventures, and you should have ancient times. Chaos gods and demons follow."

"you....."

Qin Chen was shocked, Xiaoyao Supreme knew all this?

"Hehe, I not only know that you have Chaos Gods and Demons following you, but also that Chaos Gods and Demons are related to the True Dragon Clan. The place where I am going next is the True Dragon Clan." Xiaoyao Supreme smiled.

"True Dragon?"

"Yes!" Xiaoyao Zhizun glanced at Qin Chen, "You should have used the help of repairing the heavens to break through the realm of Tianzun, and now you have entered the realm of mid-term Tianzun, but your realm has improved too fast, in fact, Unstable."

Qin Chen felt his own incomparable physical body, wondering, is it unstable?

Xiaoyao Supreme smiled and said: "You shouldn't feel it yourself, but in fact, if you improve too quickly, there will be hidden dangers. Among the True Dragons, there is an Ancestral Dragon Secret Pool that can completely consolidate your cultivation."

"Furthermore, you should also cultivate the true dragon aura of the true dragon clan. The ancestral dragon secret pool of the true dragon clan can not only consolidate your cultivation, but also allow your body to get a new breakthrough."

"So our next step is to go to the ancestral land of the true dragon clan."

Xiaoyao Supreme said with a smile.

Qin Chen's heart shuddered. There are so many things that Xiaoyao Supreme knows.

But thinking that Xiaoyao Supreme had long known his identity as Long Chen on the battlefield of Ten Thousand Races, Qin Chen was stunned again.

I'm afraid it was my mother who had some kind of communication with him.

"Of course, this time going to the True Dragon Clan, in addition to improving your cultivation, is also to subdue the True Dragon Clan."

Xiaoyao Supreme's gaze is faint, "True Dragons, it's been too long since they have been separated from the Monsters, but they are a force that cannot be ignored in this universe. This trip is not only to improve you, but also to let the True Dragons return to my human race. In the alliance."

"Is it feasible to let the True Dragons return to the Human Alliance?" Shengong Supreme was taken aback.

True dragons, the top ten races in the universe.

It has been countless thousands of years since he had been separated from the Yaozu.

They are not many in number, and they are independent, but no one dares to despise such a race.

Because the true dragons are really powerful.

Now, Xiaoyao Supreme actually said that he would subdue the true dragon clan, which immediately shocked Shengong Supreme.

The true dragon clan and the space ancient beast clan are much stronger.

Xiaoyao Zhizun glanced at Qin Chen and smiled slightly: "If you rely on this seat alone, it will naturally not work, but if you take Qin Chen, plus the chaos **** and demon in Qin Chen's body, there should be no problem." Xiaoyao Zhizun Said with a chuckle.

[Chapter 4423: True Dragon Ancestral Land](#)

"Qin Chen, who is the chaos **** demon in your body?"

Shen Gong Zhizun looked at Qin Chen in astonishment.

Make Xiaoyao Supreme so confident.

It should be noted that if the True Dragons were really so easy to subdue, they would have already joined the Human Alliance and Demon Alliance, but in fact, the True Dragons have not made a decision for hundreds of millions of years.

All this is because the true dragon ancestor of the true dragon clan is extremely domineering, arrogant, and powerful.

Even the demons didn't dare to provoke them easily, so they were neutral until now.

Now, Xiaoyao Supreme actually said that there should be no problem, who is the chaotic **** and demon in Qin Chen?

In the consternation of the Supreme Master of God, in the chaotic world, Honghuang Zulong naturally heard Xiaoyao Supreme's words and couldn't help but triumphantly said: "Little Qin Chen, it seems that the leader of your human race still has some understanding of the original ancestor?"

"Then what true dragon clan, that is not the junior of the ancestor? As long as the ancestor goes, I am afraid that it will obey immediately."

Honghuang Zulong said arrogantly.

Qin Chen was speechless.

Will this ancestor dragon die if he is not arrogant?

However, he also saw that Xiaoyao Supreme should be aware of the existence of the great ancestor dragon, and think about it, at the beginning, on the battlefield of ten thousand races, he used the identity of the true dragon race.

And Xiaoyao Zhizun knew this, so naturally he should be able to guess some.

In terms of blood lineage, the Primordial Ancestral Dragon is indeed the ancestor of the true dragons today.

Although there is no direct connection between the two, no matter what, the true dragon tribe should be inherited from the blood of the ancestor dragon. It is not an exaggeration to say that it is an ancestor.

If you can have the great ancestor dragon as a lobbyist, maybe you can succeed.

"Let's go."

Xiaoyao Supreme chuckled, Xu Gu Supreme immediately took a few people and quickly swept into the depths of the endless universe.

Xu Gu Zhizun controlled the space avenue. The speed was so fast that it was no small thing. He shuttled through the void all the way, and after three full days, he came into a vast and endless void.

"Here is the real dragon ancestor land."

Stopped in this void, Xiaoyao Supreme smiled.

True Dragon Ancestral Land?

Qin Chen and Shen Gong Zhizun both opened their eyes and looked over. There was a vast starry sky in front of them, full of vitality, but they could not see any clues.

But now Qin Chen also knows that the ancestors of ordinary races are in the secret realm of the universe, unlike the heavens, which are directly located in the void of this universe.

"Master Xiaoyao, where is this true dragon ancestral land?"

Shen Gong supreme curiously said.

It should be noted that the true dragon ancestral land is very secret, and most people don't know it at all, and even the Supreme Master of God does not know it, and the strong like Xiaoyao Supreme may know a little.

"It depends on Qin Chen and his senior Chaos God and Demon."

Xiaoyao Supreme looked at Qin Chen.

Qin Chen was startled, looking at me?

He felt that he had penetrated into the chaotic world, and he saw Honghuang Ancestral Dragon look excited and said: "Qin Chen, there is indeed the blood of the ancestor here, you go to the upper left, I feel that breath is in that direction."

Whoosh!

Qin Chen flew towards the upper left corner immediately.

After a while, under the leadership of Honghuang Zulong, a star appeared in front of Qin Chen and the others. At this moment, the stars are very ordinary. Even if a powerhouse like the Supreme Master passes by, they don't care about it. But when everyone fell on this star, they felt it instantly. There is a gap

Vortex.

This spatial vortex is only tens of meters in diameter, but it has always existed steadily.

"The true dragon ancestral land should be in this whirlpool." Xiaoyao Supreme smiled, "By the way, Qin Chen, you'd better incarnate the body of a true dragon, just...my human race, give back to the real dragon race a lost strong In the name of the person, it's good to enter the real dragon ancestral land."

"I....."

Qin Chen was speechless, Xiaoyao Supreme was going to pit a dragon, how could he be a real dragon?

However, since the other party said so, Qin Chen also understood that Xiaoyao Supreme must have his purpose, and immediately urge the true dragon energy in his body.

boom!

Suddenly, a terrifying true dragon appeared, and Qin Chen's body was instantly covered with true dragon scales, and a terrifying breath of true dragon rose into the sky.

Dragon soul, dragon body, dragon power, everything is there, it's not a different race at all.

I have to say that when Qin Chen turned into the body of a true dragon, the aura on his body immediately became extremely domineering, with a feeling of being in charge of the sky.

Xiaoyao Supreme's eyes brightened, but he was not too surprised, after all, he knew Qin Chen Long Chen's identity a long time ago.

"Let's go."

Xiaoyao Supreme urges Xugu Supreme to instantly fly into this spatial vortex.

In an instant, Qin Chen seemed to have entered a vast sea of stars.

This is a vast starry sky, with dense space vortices in the starry sky. Each space vortex is of different size, the small ones are only tens of meters in diameter, and the big ones are tens of thousands of kilometers!

And there are so many...

Densely densely packed, with no end in sight, it almost surrounds this starry sky, and in the center of this starry sky surrounded by countless spatial vortices are towering mountains.

In the vast starry sky, an ancient continent with no end in sight emerged, with peaks rising to the sky everywhere, and every peak exudes an amazing breath.

Qin Chen came out of a spatial vortex at the same time.

"This..." Qin Chen stared at the scene in shock. Numerous spatial vortices scattered in the starry sky, as if flowers were surrounding the huge continent.

The mainland is boundless, and it is not known how many light years it has spread. With Qin Chen's strength, he can't see the end at a glance.

What's more terrifying is that the mountains and peaks are all dark.

Each towering towering, domineering, looking up, as if supporting the entire world, people are shocked. Qin Chen has also seen many racial secrets, such as the secret realm of the Heavenly Work Headquarters, and the ancestral land of the Space Ancient Beast clan. However, compared with the ancestral land of the True Dragon clan, the ancestral land of the True Dragon clan is extremely monotonous, but even more domineering. Make people feel endless

Of insignificance.

At this moment, around the peaks of Tongtian Mountain on the vast and boundless continent, one can vaguely sense a powerful aura, and even occasionally see some true dragons flying among them.

"Who, trespass into my True Dragon Continent!" As soon as Qin Chen and others appeared, all of a sudden, terrifying true dragon auras lingered in the void, turning into terrifying rays of light that swept across and enveloped Qin Chen. A few people, at the same time, a group of terrifying true dragon masters, flying quickly

Came over. Among them, the real dragon masters who flew over are almost all of the venerable level, and even the number of the heavenly elders is quite large, vast and murderous.

[Chapter 4424: Human, you are so bold](#)

After entering the True Dragon Continent, Xiaoyao Zhizun and others instantly converged their auras, including the Xugu Zhizun of the Space Ancient Beast clan, also transformed into human forms, standing beside Xiaoyao Zhizun respectfully.

Whoosh whoosh!

Some real dragon powerhouses appeared in front of Xiaoyao Supreme and the others instantly. After seeing the appearance of Xiaoyao Supreme and Shengong Supreme Human Race, they couldn't help but stared.

"Humans, this is not where you should come, get out quickly."

A True Dragon Clan Tianzun said without waiting for Xiaoyao Supreme to speak.

The ancestral land of the True Dragons is a forbidden place for the True Dragons, and non-True Dragons are not eligible to enter.

Moreover, the True Dragon Continent is also an extremely secret place for the True Dragons. How did these humans know?

Xiaoyao Zhizun didn't care, just glanced at Shengong Zhizun, and Shengong Zhizun immediately took a step forward and said in a deep voice: "I am waiting to meet you, the ancestor of the true dragon clan. Please tell me."

"Huh, humans, I said that this place is not where you should come. If you don't get out, don't blame me for waiting."

The leading pinnacle Tianzun yelled and banged, grabbing and shooting directly at the front of Shengong Supreme.

Boom!

The void was suddenly torn apart. Under this claw, the heaven and the earth shattered. The true dragon race is worthy of being the top race in the universe. A true dragon of the pinnacle celestial superior level is shot with a single claw, and it has vast power.

Divine Work Supreme sighed, why can't this true dragon clan speak well?

boom!

He probed his hand, and immediately grabbed the sharp claws of the true dragon's peak celestial venerable, and then gently shook, with a bang, the pinnacle celestial venerable master was instantly shaken out, bleeding from his mouth.

"Everyone, when I come, I have important matters to discuss with your true dragon ancestors. I am not here to make trouble. I would like to ask you to have something to say, and you will be fair."

The supreme divine workman is speechless, this true dragon race is too grumpy, right? Just come up and do it, don't you give people a chance to speak well?

"court death!"

The peak of the true dragon clan, Tianzun, was furious, but he didn't pay attention to the words of the supreme divine workman. Boom, his body instantly became extremely majestic, Boom, killing again.

"Don't you really understand human words? Is that how you welcome friends?"

The Supreme Master Shen Gong frowned and snorted coldly. In his body, the terrifying Supreme Power instantly exploded, booming, the supreme aura surged, and the peak Heavenly Supreme blasted out again.

The prestige of the supreme quickly permeated.

"Supreme!"

"He is a human supreme powerhouse."

"So courageous, the Supreme Human Race dare to trespass into my true dragon ancestral land, do you really think Human Race is invincible in this universe?"

"Open the big array!"

Roar!

Upon seeing this, this pinnacle Heavenly Venerable looked furious, but he did not have the slightest sense of fear. He roared, and in an instant, a horrible array of light rose up, rumbling, and the light turned into an infinite **** toward Qin Chen. Waiting for someone to wrap up.

"Is it the Supreme Array?"

Qin Chen changed his color slightly as soon as this great formation appeared. The breath of this great formation was terrifying, as if it had completely sealed off this universe, making Qin Chen unable to perceive the breath of heaven.

If it weren't for the supreme-level big formation, there would be no such power at all.

Shengong supreme discoloration, supreme-level big array, not so easy to break.

A terrible supreme aura suddenly surged over him, urging the Treasure Hall to split this large array.

But seeing Xiaoyao Supreme smiled lightly, preventing Shengong Supreme from taking a shot, just stepped forward, and his body was slightly shaken.

Boom, between this step, in an instant, countless lingering real dragons roared and quickly tore apart.

With a bang, the supreme aura that swiftly surrounded it, split in an instant, how it came, how did it retreat, it didn't bring Qin Chen and the others the slightest obstruction.

At the same time, Xiaoyao Supreme stepped out, bringing Xugu Supreme, Qin Chen, and Shengong Supreme to the inner core of the True Dragon Race in an instant.

These countless real dragon formations could not stop his footsteps at all, and they continued to collapse by his side.

"What a powerful method!"

Qin Chen changed color and looked at Xiaoyao Supreme's feet excitedly. He is a master of formation, and he can tell in an instant that Xiaoyao Supreme seems to use his power to break this large array, but in fact, it is accompanied by his footsteps, and there are many Supremes in his body. The force is quickly analyzing here

The big array pattern.

This is ingenuity, not brute force.

Otherwise, it would never be so easy to feel like walking in the courtyard.

Xiaoyao Supreme, really well-deserved reputation.

Under the leadership of Xiaoyao Supreme, Qin Chen and the others walked towards the core area of the true dragon clan step by step, but the true dragon clan masters who quickly surrounded them changed their colors, revealing incredible colors.

How can it be?

The formation on the True Dragon Continent, the ancestor of the True Dragon clan, is sufficient to kill the Supreme-level powerhouse. Now, under the footsteps of this human powerhouse, they are constantly being destroyed and eliminated. What is this method?

Who is this strong human being?

"Stop!" On the True Dragon Continent, true dragon masters continued to come, and those who came to see the true dragon masters, their expressions were furious, and the real dragon masters manifested their body, and the void instantly A large number of huge figures appeared, all of them are real

The master of the dragon clan, covering the sky and the sun.

"Human, stop!"

A real dragon master roared and boomed, and a terrible attack quickly came down.

However, Xiaoyao Supreme's body was shaken, and these attacks were constantly being shaken out. In an instant, a real dragon powerhouse with a stature of tens of thousands of kilometers was shaken out one after another.

Many powerhouses can't stop Xiaoyao Supreme's footsteps at all.

Aside, Qin Chen was shocked.

In fact, when he was on the road, it was not that he had never thought of the means of Xiaoyao Supreme, and thought about how he would negotiate with the true dragon clan.

But I never expected that as soon as Xiaoyao Supreme came in, he would ignore the countless true dragon clan experts around him and break into the ancestral land of the true dragon clan so forcefully.

This... is too arrogant, right?

This is the ancestral land of the top ten true dragons in the universe? No matter how strong Xiaoyao is, isn't it afraid of trouble?

When Qin Chen was shocked.

In the chaotic world, Honghuang Ancestral Dragon was also stunned, with a look of excitement and excitement.

"Wow, kid Qin Chen, look there, there are so many female dragons here, tusk tusk, look good."

"Hey, look at that female dragon, the fat on her body is so perfect, it's really beautiful."

"And that golden dragon, wow, streamlined curve, tusk, this must be a female dragon who loves fitness."

"And this one, hiss, this figure is simply perfect."

The great ancestor dragon kept yelling, tumbling in the chaotic world, his excitement could not be increased, and the hormones were about to be placed in countless numbers.

Qin Chen was speechless: "... You are also the ancestor of the true dragon clan, the ancestral ancestor dragon, can you be a bit prosperous? Can you keep your eyes on the female dragon?"

[Chapter 4425: I didn't say you were young](#)

Qin Chen was speechless, and said: "Honghuang Ancestral Dragon, just as you are now, are you embarrassed to be interested in the mother dragon?" Honghuang Ancestral Dragon was startled, "Damn, kid Qin Chen, what do you mean? Never fully recovered, but the blood of the ancestor dragon flows in the body, hum, as soon as the ancestor goes out, the little female dragons here don't cry and pounce on the ancestor

Come. "

Hong Huang Zulong was furious, did Qin Chen look down on his charm? Qin Chen touched his nose, looked up and down the great ancestor dragon, and said with a smile: "I don't doubt your charm, but your physical body has not recovered. After you have left my chaotic world, your current body shape is compared with the real ones present. Dragon, it's not that big,

Are you sure you can satisfy those beautiful female dragons? "

Suddenly!

Honghuang Zulong was dumbfounded.

I.....

He bowed his head and looked at his words, his face suddenly hard to look.

This... is too heartbreaking, right?

The originally excited ancestral dragon, suddenly face weeping. Today, his cultivation level has never been restored. In the ancient Yuta, he used the power of creation to restore only a part of his physical body. Although his physical body is extremely large compared to the human race, for the true dragon race, this... Indeed

Malnutrition.

"Hmph, what do you know." Honghuang Zulong became angry, as if he had been told that some secret had been broken, and said angrily: "Some activities rely on technology, not the bigger and better, heh, the human child who knows nothing. ."

"Hehe, I didn't say you are young, you admit it yourself."

Qin Chen laughed lightly.

Hong Huang Zulong stopped talking immediately, he closed himself.

Boom!

At this moment, while Qin Chen was joking with Honghuang Zulong, he also followed Xiaoyao Supreme to the real dragon continent.

"Boom!" Xiaoyao Supreme shot, and wherever he went, no one was his one-one enemy. As long as there was a true dragon coming up, he would be slapped and slapped, so afterwards, these true dragon masters were angry. Looked at Xiaoyao Supreme, but didn't dare

He moved closer, and watched Xiaoyao Supreme come to the real dragon continent.

The Supreme Master of God on the side was also very dumbfounded, and he did not expect that the Supreme Master Xiaoyao would fight when he came to the True Dragon Continent.

Didn't it say that it was good to subdue the true dragon clan?

"Who is your excellency?"

A well-known dragon clan couldn't approach Xiaoyao Supreme at all. They were all shocked and looked at Xiaoyao Supreme in amazement. At this moment, they all stepped back, looking frightened.

They also saw that Xiaoyao Supreme was not something they could handle.

"Who is this seat, you are not qualified to know, let the ancestor of your true dragon race come out and talk to this seat."

With a bang, Xiaoyao Supreme came directly to a lofty mountain peak in the center of True Dragon Continent. This mountain was the place where the True Dragon clan was discussed. Xiaoyao Supreme fell, crossing Erlang's legs, and said calmly.

"you....."

The countless true dragon masters looked furious.

"You... Are you Long Chen?"

At this moment, a shocked voice sounded, and he saw a huge golden dragon flying out of the true dragons, instantly transforming into a burly man, his face showing excitement.

It was really the Golden Dragon Tianzun who had rescued Qin Chen on the battlefield of ten thousand races.

"Brother Jinlong!"

Qin Chen also shouted excitedly.

In the ancient chin secret realm on the battlefield of ten thousand races, this Golden Dragon Tianzun, for his own sake, played against the Star God Palace, Dayu Mountain and the Tianzun of the Demon Race, and even scarred, he had a good relationship with him.

Seeing Jinlong Tianzun at this moment, Qin Chen was also quite excited.

"Golden Dragon Tianzun, do you know him?"

The other true dragon masters on the side condensed their eyes and said in a deep voice.

"Brothers, he is the famous Long Chen who broke into the Vientiane God Treasure on the battlefield of ten thousand races. The ancestors also ordered me to rescue him, but because of an accident, he was missing and I couldn't think of it..."

Jinlong Tianzun looked excited.

He and Qin Chen can be considered deadly friendship.

"what?"

"He is Long Chen?"

"The Long Chen who got the Chaos Treasure of the Vientiane God?"

"But why is he with Human Supreme?"

"Could it be that you have taken refuge in Human Race?"

In an instant, many true dragon tribes shook and talked. Qin Chen still has some fame in the True Dragon clan. After all, Qin Chen obtained the Chaos Supreme Treasure on the battlefield of the ten thousand clan and killed the ten thousand clan with fear. The True Dragon clan seldom walks in the universe now, and finally gave birth to a peerless genius. Natural suck

Attracted the attention of many people.

At that time, Jinlong Tianzun failed to bring Qin Chen back, and it also attracted the regrets of many real dragon experts.

Unexpectedly, Qin Chen was with Human Race now, and also broke into the True Dragon Continent with Human Race Supreme.

Shouldn't the other party take refuge in Human Race?

Thinking of this, many true dragon masters felt chills in their hearts, and they looked at Qin Chen's eyes with cold light.

"Brother Long Chen, what is going on? How can you be with the Supreme Human Race?"

Jinlong Tianzun also thought of this, and said hurriedly.

Moreover, he also thought of another possibility in his heart, that is, the reason why the human supreme can find this place, can it be Long Chen's secret? If so... then...

Jinlong Tianzun was anxious, if the patriarch and ancestors knew the human race that Long Chen trusted, they would definitely kill him.

True dragons will never be affiliated with other races.

This is the most arrogant place of the true dragons.

"It's a long story..." Qin Chen said with a wry smile. Seeing Jin Long Tianzun's sincere and worried eyes, Qin Chen didn't know how to explain it.

"Okay, Long Chen, there is no need to explain so much, let the ancestor of your true dragon clan come out to see me."

Xiaoyao Zhizun raised Erlang's legs and sat on the meeting hall of the true dragon clan, and said with a smile.

"Do you dare to be disrespectful to the ancestor, and die!"

Suddenly, a strong true dragon clan was angry, and booming, a strong true dragon clan furiously slammed up, even if the strength of Xiaoyao Supreme was strong before, they would never let the opponent trample on his true dragon clan dignity.

"Noisy!" Xiaoyao Supreme chuckled, waved, hum, and suddenly, an invisible force came from the heavens and the earth, and bound these real dragon clan heavenly experts in the void, no matter how hard they struggled, they couldn't get rid of them, one by one. Like a lamb to be slaughtered

.

at this time.....

"Xiaoyao Supreme, you are the leader of the human race, come to my True Dragon Continent to go wild, do you want to fight my True Dragon Clan?"

Boom!

Suddenly, in the distance in the void, a few terrifying true dragon powerhouses appeared. As soon as these powerhouses appeared, the heaven and the earth exuded the terrible true dragon energy.

Is the supreme level true dragon clan powerhouse.

boom! The infinite and terrifying supreme aura swept across the world like the ocean, and the leader of the true dragon clan took a step forward, bursting with golden lines all over his body, roaring, a golden dragon appeared in the void, this golden dragon, the figure is billions of feet, majestic and boundless, one The claw presses down toward the cover here.

[Chapter 4426: Founder Mountain](#)

Moreover, behind this golden dragon powerhouse, the other three true dragon supreme also roared, one cyan, one red, and one black. The three supreme powers were like a volcanic eruption, and like a galaxy star burst, crazily gathered together.

Cang Dang!

The world collapsed, and the entire True Dragon Continent roared and roared, as if about to explode, the attacks of the four supreme-level powerhouses gathered together, and instantly blasted towards Xiaoyao Supreme.

With this breath, Qin Chen and Shen Gong Zhizun both stared, the strength of this golden dragon is so strong! It's no wonder that True Dragons can be neutral in the universe. Once they appear, they are the Four Supreme Powers, and this leading golden true dragon expert gives Qin Chen the feeling that he is even close to the Chaos Supreme seen on the Human Race Council. This is definitely close. Peak to Respectful master.

The breath of the other three true dragons supreme is also above the Divine Soul Pill Lord.

As soon as the four real dragon supreme shots, the heaven and the earth change color, as strong as the supernatural work supreme, and his face changes slightly.

"Hehe, it turned out to be the chief of Jinfeng. As the chief of the true dragon clan, why should he be so irritable?"

Facing the attack of the four true dragon supreme, Xiaoyao supreme gave a chuckle, stood up quickly, and then suddenly raised his hand.

Boom!

He reached out with his big hand, and the terrifying big hand directly squeezed the attack of the four real dragon supreme, violently colliding with each other, erupting a shocking impact, in the impact, it seemed that one universe was born and died.

With a bang, in full view, the attack of the four supreme experts of the true dragon clan was squeezed and exploded by Xiaoyao Supreme, as if a universe exploded in this world, and countless true dragon clan masters who were forcing them backed back one after another with a look of horror.

"Hahaha, the true dragons, really powerful, I admire it."

Xiaoyao Zhizun laughed and waved his hand. The true dragon masters who were imprisoned by him flew out one by one, and they quickly floated in the sky, looking at Xiaoyao Zhizun in horror.

Xiaoyao Supreme's shot instantly stunned all the real dragon powerhouses present.

With the strength of one person, resisting the attacks of his true dragon clan leader and the three supreme true dragon masters, the Xiaoyao Supreme of this human race is actually so terrible.

Jinfeng Zhizun also looked at Xiaoyao Zhizun solemnly, his eyes fierce.

"Xiaoyao Supreme, that is the Xiaoyao Supreme of Human Race."

"Human leader-level powerhouse."

Many strong real dragon clan screamed in shock, with solemn eyes.

The shadow of the famous tree!

Xiaoyao Supreme rises from the lower planes. In just a million years, the human race has been declining, and it is strong against the ancestors of the abyssal demons. Even if the true dragons do not participate in the battle of ten thousand races, they have heard of the name of Xiaoyao Supreme.

No wonder it's so scary.

This is the top powerhouse who can wrestle with the Abyssal Demon ancestor of the Abyssal Demon Race, and should not be ignored.

Jinfeng Supreme took a step forward, his eyes solemnly, and he said solemnly: "Xiaoyao Supreme, my true dragon, don't offend the river with your human well water. Today, you broke into my true dragon continent, is it a bit too much?"

boom!

The true dragon aura on Jinfeng Supreme's body soared to the sky, and the vast true dragon aura surged across the entire True Dragon Continent, as if some terrible aura was resurrecting. "Jinfeng Zhizun, I came to the true dragon clan today, not to cause trouble, but to bring your true dragon clan disciples to visit your true dragon ancestor, and to discuss matters." Xiaoyao Zhizun smiled and said: "It's you. Dragons, aggressive, how can I blame this seat

What? "

"True Dragon Disciple?"

Jinfeng Supreme looked at Qin Chen, his eyes condensed.

Jinlong Tianzun hurriedly stepped forward and said respectfully, "Patriarch, this is the Long Chen who used to promote my true dragon clan's reputation in the Vientiane God Treasure on the battlefield of ten thousand clan."

"Long Chen?"

Jin Feng Zhizun narrowed his eyes and said coldly: "Even so, it's not your reason to trespass into my True Dragon Continent."

boom!

Jinfeng Supreme was surging with golden light, and beside him, the other three Supremes also stared with cold light.

Xiaoyao Supreme broke into his true dragon clan ancestors so unscrupulously, too presumptuous, once he spreads out, how can his true dragon clan face?

"Oh, well-intentioned discussion, why do you have to go to war?"

Xiaoyao Supreme sighed and shook his head.

He looked up at the sky and said lightly: "True Dragon Ancestor, there is no need to go to the theater? Are you really afraid that this seat will demolish your true dragon ancestral land?"

The voice fell, Xiaoyao Supreme took a step forward.

Boom!

In an instant, a terrifying aura spread out, and the entire True Dragon Continent roared and roared, as if it were about to burst and destroy.

This force was extremely terrifying, as strong as Jinfeng Supreme and others, and their complexions changed drastically.

"The power of detachment, I don't expect to see you soon, Xiaoyao Supreme, you have made a breakthrough again, huh, you deserve to be the most powerful person in the human race."

A rumbling roar resounded like the sound of heaven.

Qin Chen raised his head and saw a pair of sun and moon rise in the endless sky. The sun and moon, blooming terrible light, are as strong as Qin Chen, and they can't look directly.

No, it is not the sun and the moon.

But the eyes!

A pair of extremely huge, star-like eyes, floating in the sky, staring at everyone below.

"Ancestor!"

Suddenly, countless real dragon clan powerhouses below saluted together, their expressions respectful.

"Jin Feng, please let all the people of my clan retreat and bring Xiaoyao Supreme and his party to my palace."

The rumbling roar resounded, and the towering eyes like the sun and the moon disappeared instantly and disappeared.

"Follow me."

Jin Feng Zhizun glanced at Xiaoyao Supreme, his expression was shocked.

The power of detachment, this Xiaoyao Supreme has the power of detachment, where is this person?

Whoosh whoosh!

Immediately, Qin Chen and his party moved forward quickly under the leadership of Jinfeng Supreme.

Flying, teleporting, flying...

Jin Feng Zhizun took Qin Chen and his party, and it took a full incense stick to reach the end of the True Dragon Continent.

At the end of that continent, there is an ancient starry sky sacred mountain, this sacred mountain, towering to the sky, towering straight into the endless starry sky.

At the top of this starry sky, there is a simple sacred mountain, like a shrine, standing in the starry sky, surrounded by billions of stars.

Qin Chen and his party flew up to the sacred mountain of the starry sky in an instant, and saw that there were countless weird patterns on the sacred mountain of the starry sky, exuding a breath of suffocation.

Under the leadership of Jinfeng Zhizun, Qin Chen and his party quickly came to the top of the mountain, in front of the quaint sacred mountain.

"Finally I saw Ancestral Mountain. It is rumored to be the highest treasure of the True Dragons. Among my ancient craftsmen's works, there is only Guyu Pagoda, which can surpass this treasure. No other treasure can match it!"

Shen Gong Zhizun said to Qin Chen in shock.

"Ancestral Mountain?"

Qin Chen looked at the Ancestor Mountain and felt terrible coercion. Now Qin Chen's strength, ordinary supreme treasures in front of him, could not give him a sense of shock, but in front of the Ancestor Mountain, Qin Chen felt it. A strong oppression.

That natural mighty power is indeed far more terrifying than the treasure hall of the Supreme Divine Workman. There is a terrifying power that can easily kill the Supreme.

"Ancestor!" Jinfeng Zhizun brought Qin Chen and his party here, and immediately saluted the Ancestor Mountain with a pious expression.

[Chapter 4427: True Dragon Origin](#)

Ancestor!

Jinfeng Zhizun and other four supreme beings all looked respectful and bowed to the front, as if they were worshiping their own gods.

This shocked Qin Chen.

Is this true dragon ancestor, so high in status? That Jinfeng Supreme could be considered a master of the Chaos Supreme level, but he was so respectful to the ancestor of the true dragon tribe, far beyond Qin Chen's expectations.

Qin Chen turned his head and looked at it intently. He also wanted to know the true face of the true dragon ancestor.

It's just that Qin Chen didn't see any figure on the Ancestor Mountain at all, but the next moment, Qin Chen saw that, in the void, from the depths of the Ancestor Mountain, a huge illusory body slowly appeared from the Ancestor Mountain. Came out.

At the same time, a huge head also protruded from the Ancestral Mountain. This was an extremely large dragon-shaped figure. The head was really big like a starry sky.

Especially on the head of this huge true dragon, there are nine sharp horns soaring into the sky.

The nine sharp horns present a variety of different colors, gold, silver, black, and purple. The nine sharp horns surround the top of the head, like a crown, and each sharp corner is open to the sky, enough to penetrate a star.

Towering, boundless.

The outstretched head alone is tens of thousands of kilometers, and at the same time, in the depths of the Ancestral Mountain, a part of the claws are faintly exposed.

Qin Chen saw clearly that the claws had nine claws.

Although the entire body of the ancestor can only see a scale and a half of claws, it can be inferred that the body of the ancestor is probably hundreds of thousands of kilometers long.

Exudes a breath of endless majesty.

This strong aura was suppressed, as strong as Qin Chen, and the breath of heart palpitations surged from the body of the real dragon, as if it was rumbling.

Hum!

Qin Chen hurriedly urged the power of the Chaos True Dragon in his body, and only then could this coercion be partially resisted, so that he could be calm.

Otherwise, if it is an ordinary Tianzun-level true dragon master, it is afraid that under the power of this naturally dissipated true dragon, they will kneel directly on the ground, shivering.

"Meet the ancestor!"

Jinfeng Zhizun and other real dragon clan powerhouses present hurriedly knelt down on the ground, looking respectful.

"hiss!"

"Superb!"

But in the shock of Qin Chen, in the chaotic world, the eyes of the Honghuang Ancestor's Dragon suddenly rounded, revealing an expression of excitement.

"Wow, kid Qin Chen, the ancestor of the true dragon clan, tusk, it's really the best."

Honghuang Zulong roared excitedly.

Qin Chen frowned, "Extreme? Honghuang Ancestral Dragon, what are you talking about?" "Did you not see?" Honghuang Ancestral Dragon was speechless, looking at Qin Chen incredulously, "I said you kid, what kind of eyes are you? Didn't you see? The figure and skin of the ancestor of the true dragon clan... it's perfect... it's really round and round, sheep

Zhiyu is average! "

figure?

skin?

Beaded round jade, suet jade?

Qin Chen looked at the true dragon ancestor in amazement, that towering body like a star, and the pits and pits that looked like meteorites hit, like the undulating scales of a mountain...

This is too heavy, right?

Perfect skin, round and smooth, suet jade?

Is this word used here?

"Honghuang Ancestral Dragon? You shouldn't have been trapped for hundreds of millions of years. Anyone from the true dragon tribe that you see is so beautiful, right?"

Qin Chen was shocked and speechless, and suddenly seemed to have thought of something, and was stunned.

"No...this true dragon ancestor...is it a female?"

He turned his head to look at the ancestor of the true dragon, the majestic figure hidden in the endless void inside the ancestor mountain turned out to be a female dragon?

"Can't you see it?" Honghuang Zulong looked speechless: "Look at this figure, this appearance...this curve...this is a beautiful dragon!"

Qin Chen had a black line on his face, he really didn't see it.

now.

After the ancestor of the true dragon appeared, his gaze first passed Qin Chen and Shen Gong Zhizun, Qin Chen instantly felt as if he had been seen through all of his body, and he felt that there was no secret.

Finally, the gaze of the ancestor of the true dragon fell on Xiaoyao Supreme's body quickly. "Xiaoyao Supreme, you are so courageous, last time, this seat tolerated you, so that the existence of the monster race under your command got the opportunity to break through the Supreme, taking advantage of this seat. This time, you dare to break into my true dragon ancestors, it is true

Can't Zu kill you? "

boom! As soon as the ancestor of the true dragon saw Xiaoyao Supreme, he burst out of murderous intent, and rumbling, he saw this ancestor mountain rapidly growing, and the terrifying aura of the treasure was surging. Boundary, no

Broken trembling.

In the ancestor mountain, a towering existence rises to the sky, floating in the sky.

This time, Qin Chen finally saw the body of the ancestor of the true dragon. It was majestic and huge. Compared with the ancient supreme of the ancient space beasts, it was more than a star and a half stronger?

boom!

That invincible aura permeated, and the power of the entire True Dragon Ancestor Land quickly gathered on this towering figure, suppressing everything.

And at the moment when the ancestor of the true dragon appeared, Jinfeng Supreme and the four true dragon Supremes, their expressions changed drastically, and all of them exploded with a terrible supreme aura, surrounding the Xiaoyao Supreme.

They were horrified, the ancestor is...do you want to do something with that Xiaoyao Supreme?

Previously, Xiaoyao Supreme showed a trace of detachment, making Jinfeng Supreme and other powerful people very shocked. Now, if the ancestor really wants to do something with that Xiaoyao Supreme, are you sure?

Jinfeng Zhizun and other real dragon powerhouses are beating wildly.

Shen Gong Zhizun and Qin Chen also looked solemn, and suddenly became nervous.

This real dragon ancestor doesn't seem to be very talkative?

Also, Xiaoyao Supreme had an intersection with this true dragon ancestor before? It seems that they have taken advantage of the true dragon ancestor, and let the monsters under his command break through the supreme? What is the situation? When Qin Chen and the others were shocked, Xiaoyao Supreme looked calm and calmly said: "Okay, true dragon ancestor, you and I are also old friends, why are you so arrogant? Look at you, Scared those strong men under your command,

How bad! "Xiaoyao Zhizun looked at Jinfeng Zhizun with a smile, and waved his hand: "Patriarch Jinfeng, don't be so nervous, this seat and your true dragon ancestor are also old friends, and they have dealt with them not long ago. The ancestor of your true dragon clan, gave me a true dragon

Yuan, let a strong man under this seat break through the supreme. Today, this seat is here to discuss the transaction, don't be suspicious. "

"True dragon origin?"

Jinfeng Supreme looked at the ancestor in astonishment. Not long ago, their ancestor had indeed taken the origin of a true dragon. Did they actually make some kind of transaction with this Human Race Xiaoyao Supreme?

"Boom!" The ancestor of the true dragon was murderous, "Xiaoyao Supreme, who is a friend with you, the origin of the true dragon last time, it was this seat that looked at the golden scales under your command and had a connection with my true dragon clan ancestor before agreeing to You, what's the matter if you come to my true dragon ancestral land this time?"

[Chapter 4428: He is human](#)

Is there such a thing?

Jinfeng Supreme and they all looked over in amazement.

Last time the ancestor took a true dragon's origin and thought it had any purpose, but unexpectedly, it was actually a deal with the human race.

Qin Chen was also startled, "Master Jinlin broke through to the Supreme?"

He didn't know this matter, but he thought of what the Supreme Master of God said, at the beginning, Lord Jinlin went to repair the heavens, he was afraid that he had the purpose of trying to break through the Supreme.

Unexpectedly, it really broke through. "The ancestor of the true dragon, you are too unsympathetic." Xiaoyao Supreme smiled, his expression calm, "Your true dragon family has developed secretly in the universe these years. On the surface, there are not many strong ones, but in fact, the Supreme-level strong ones There are four statues, if this seat

The news tells the Mozu that you are afraid that your true dragon will never have Aning. "

"You threaten my true dragon clan?"

boom!

The ancestor of the true dragon was murderous.

"Of course not. I came here this time because I sincerely want to cooperate with your true dragon clan." Xiaoyao Supreme smiled.

"What kind of cooperation? It's nothing more than wanting my true dragons to join your human alliance, Xiaoyao Supreme. If you think carefully, don't you know?" The true dragon ancestor coldly snorted, "I tell you, I want me to be true dragons. Joining your Human Race Alliance, that's nothing, this seat will never agree with you. Thinking that you are the human race leader, quickly get out of my true dragon ancestral land, otherwise, don't blame this seat.

polite. "

The boundless stars of the true dragon ancestor bloomed, and the entire true dragon continent was blooming with terrifying true dragon aura.

"Don't rush to refuse!"

Xiaoyao Zhizun smiled and looked at Qin Chen: "In order to show my sincerity, this time, I will bring you a genius, Long Chen, come up."

Qin Chen stepped forward immediately.

But in my heart, it is the purpose of doubting Xiaoyao Supreme. Is it because he wants to let the true dragon ancestor agree to join the Human Race Alliance?

It's not that simple, right?

Who is the ancestor of the true dragon? Let the true dragon tribe independent of the universe for hundreds of millions of years, let alone a small true dragon genius, even the patriarch of the true dragon tribe like Jinfeng Zhizun can easily change her mind.

Xiaoyao Zhizun, as the leader of the human race, wouldn't have thought of this?

What is the reason?

Is it because of the predecessors of the ancient dragon? If it were the predecessors of the predecessor Ancestral Dragon, it might be possible, but Qin Chen knew very well that the strong in this world are respected. Although the true dragons today are most likely descendants of the predecessor Ancestral Dragon, they are separated by countless years. True Dragon

The ancestor and the predecessor of the predecessor Zulong are afraid that there is no real relationship.

If the predecessor of the ancient dragon has the cultivation base of the ancient times, can suppress the ancestor of the true dragon clan, and perhaps persuade the ancestor of the true dragon clan, but the current strength of the ancestor dragon is close to the supreme, and the true dragon ancestor will listen?

Is it impossible?

This is also the reason why Qin Chen didn't dare to come to the True Dragon Clan rashly.

In any big family, a person suddenly appeared, saying that he was your ancestor, but his strength was far inferior to you for the time being. Even if he had blood connections, he would not be willing to surrender to the other party.

This world respects the strong and is extremely cruel.

For example, in the ancient Ji family, Ji Tianguang and Ji Tianyao came from the same source. For the supreme chance, the two sides turned against each other and became enemies. How could such a huge family of the True Dragon Clan be obediently surrendered because of the appearance of the Primordial Ancestral Dragon?

All kinds of doubts surged in Qin Chen's heart, but Qin Chen remained silent, just standing aside respectfully.

"The ancestor of the true dragon, this person, but you are the top genius of the true dragon clan, how about you, is this sincere?" Seeing Qin Chen coming up, Xiaoyao Supreme couldn't help but chuckle.

On the side, Jinfeng Supreme looked stunned, this Xiaoyao Supreme wanted to make a deal with Long Chen and the ancestor, right?

Even though Long Chen is the powerhouse of his true dragon clan, but, after all, he is only a junior, an outsider, how could the ancestors have any agreement with the human clan because of Long Chen? Sure enough, I saw the real dragon ancestor's eyelids lifted slightly, his gaze seemed to penetrate everything, and he could see Qin Chen completely inside and out. The next moment, a voice that seemed to surge from the endless void sounded: " This is me you sent me

A true dragon genius? "

"Yes, how?" Xiaoyao Supreme smiled: "Don't look at Long Chen's cultivation base, but his talent is not trivial. Once he grows up, he will definitely become the core figure of the true dragon clan."

The ancestor of the true dragon ignored Xiaoyao Supreme, and just looked at Jinfeng Supreme Jilong: "Have you verified the identity of this person? Is it the San Xiu Longchen who was on the battlefield of the Ten Thousand Races who had raised the power for my true dragon family?"

"The ancestor, it is him." Jinfeng Zhizun respectfully said: "Jinlong Tianzun has confirmed the identity of the other party."

"Oh?"

The ancestor of the true dragon turned his head, his gaze fell on Qin Chen again, and the next moment, an extremely cold snort suddenly came from her mouth.

"Humph!"

Leng hum fell, and suddenly the world changed color, booming, and the terrifying breath boiled.

The entire True Dragon Continent was roaring, and the starry sky seemed to burst.

What happened to the ancestor?

Jinfeng Zhizun and other strong men changed their colors and flowed out of shock.

I saw the ancestor of the true dragon looking at Qin Chen coldly, and said coldly: "Boy, so bold."

When the voice fell, endless killing intent burst out of the real dragon ancestor, and an invisible dragon claw appeared in the void instantly, confining the void, and grabbed Qin Chen.

Immediately, Qin Chen felt that his own void seemed to be completely imprisoned, as strong as him, unable to move at all.

boom!

The dragon claw caught it.

Suddenly, Xiaoyao Supreme took a step forward and patted it with a light palm.

With a bang, there was a detachment of power between heaven and earth, and the dragon claws that mimicked the real dragon ancestors were instantly shattered.

"The ancestor of the true dragon, I kindly come to help you the true dragon clan, why bother to fight?" Xiaoyao Supreme chuckled.

Jinfeng Supreme and they were also shocked, what happened to the ancestor? It was okay before, why is it so angry all of a sudden?

The ancestor of the true dragon said coldly: "Xiaoyao Supreme, you brought a human being, pretending to be a member of my true dragon clan, and want to penetrate into my true dragon clan, do you really think you can't see it for this seat?"

The ancestor of the true dragon roared and shook the sky, and she was so tall that she appeared to obscure the sky and obliterate everything.

"What, this Long Chen is human?"

Jinfeng Zhizun and the others looked at Qin Chen in astonishment, with a look of disbelief.

Whether it is Qin Chen's body, soul, or even the true dragon's aura, they are all from his true dragon clan, completely different from the human clan.

Rumor has it that there is a race among the demon race called the holy demon race, which can rob the soul and impersonate various races, but it is stronger than the holy demon race and can impersonate a common race, but it can't fake his true dragon race.

Dragon Soul, Longwei, this is only owned by the true dragon race, and it is impossible for a foreign race to own it.

However, Jinfeng Supreme and the others couldn't believe it. "Hahaha." At this moment, Xiaoyao Supreme suddenly laughed.

[Chapter 4429: Still smile](#)

"Xiaoyao Supreme, do you still have a smile on your face?" The ancestor of the real dragon was furious, and what Xiaoyao Supreme had done completely exceeded its endurance limit. "The ancestor of the true dragon, how can I deceive you?" Xiaoyao looked at the ancestor of the true dragon with a smile: "I will bring him here for his own purpose. You will not think that it will be true. The power of the ancestor of the dragon, will not see this person and

Isn't it a true dragon? "

"Xiaoyao Supreme, what do you mean?" The ancestor of the true dragon frowned.

Jinfeng Supreme and the others also looked over in astonishment.

hiss!

Their hearts are shaking violently.

This Long Chen is really not a real dragon.

Incredible.

Jinfeng Supreme looked at them carefully, but no matter how they observed, Qin Chen looked like a true dragon clan, not like other clan at all.

"Qin Chen, restore your true colors and let the true dragon ancestor take a good look."

Xiaoyao Supreme said with a smile.

This...fuck!

Qin Chen was speechless. One would make him a true dragon, and one would make him a human. Does he think he is acrobatic?

However, Qin Chen also knew that Xiaoyao Supreme must have his own intentions, and immediately converged the aura of the true dragon, and the dragon scales on his body instantly converged, turning into a human appearance.

hiss!

Jinfeng Supreme and the others sucked in air again.

Aside, Qin Chen glanced at a few people and made a fuss.

How about the dragon patriarch? How come you are like a guy who has never seen the world? However, Qin Chen was also awe-inspiring, and secretly transmitted a voice to the great ancestor dragon, saying: "The great ancestor dragon, why can this true dragon ancestor see through my identity? It stands to reason that I become a true dragon and have the body of a true dragon. Dragon Qi, True Dragon Power, True Dragon Blood

The veins and the soul of the true dragon are exactly the same as those of the true dragon in theory, why are they still identified? "This is normal. This is because the opponent is the ancestor of the true dragon, the ancestor of the true dragon, who controls the true dragon family, can see through the cause and effect of the true dragon, and with the power of the cause and effect destiny, you can know that your destiny and cause and effect are connected with the true dragon clan , But it is rootless duckweed, since

Of course you can see the clues. "

Honghuang Ancestor Long said solemnly: "However, it is generally impossible to see the true dragon ancestor easily. The current generation of true dragon ancestors are not ordinary."

Honghuang Zulong's expression became solemn.

In theory, the other party can indeed see through Qin Chen's disguise, but the theory is the theory, and now that Qin Chen is seen through in an instant, Honghuang Zulong is still shocked.

The ancestor of this generation of true dragons is not easy to deal with!

"The power of cause and effect?"

Qin Chen felt awe-inspiring. At this moment, he thought of Qin Mo.

Qin Mo, regarded as his clone, has now entered the Demon Realm and entered the Demon Race.

As the ancestor of the deep demon, can you tell that Qin Mo is not actually a member of his demon clan?

Qin Chen's heart sank.

If Qin Mo was identified by the ancestor of the Yuan Mo, it would be troublesome.

"However, Qin Mo is different from the current situation. He himself is transformed by the spiritual seed of a different demon. It can be said that he is actually a demon in essence, and it should be different."

Qin Chen thought secretly.

At this moment, the eyes of the ancestor of the true dragon had also fallen on Qin Chen.

"Qin Chen?" It muttered rumblingly, this name was somewhat familiar. "That's right." Xiaoyao Supreme chuckled: "Qin Chen, this person is a disciple of my human race. He was chased and killed by the demon master of the ancestor of the abyss in the realm of the holy master. Now, he is a craftsman of my human race. As the acting host, I will even become my person in the future

Acting leader of the clan alliance. "

Qin Chen looked over, when did it happen? Why don't I know?

"What does this have to do with my true dragon clan?" The ancestor of the true dragon snorted coldly, looking at Qin Chen with a cold look: "Moreover, why does this person have the power of my true dragon clan's dragon soul?"

"If you want to pretend to be my true dragon clan, the body of the true dragon is easy, seizing the house and refining my true dragon clan can be formed."

"The aura of a true dragon is also simple. Just condense the blood of a true dragon to release the aura of a true dragon and the might of a true dragon."

"As for the blood of the true dragon, it must be resolved. Among the ten thousand races, there are other dragons who condense their blood, or get the blood left by my ancient true dragons, condense in the body, and evolve." "But the soul of the true dragon, is the real core place of my true dragon clan, even if it kills my true dragon clan and devours my true dragon clan's soul, it can only strengthen itself and cannot evolve the power of the dragon soul. This son, how the dragon soul was formed Power?"

"

The ancestor of the true dragon looked at Qin Chen coldly with a sharp look.

If it doesn't figure this out, it feels restless.

Xiaoyao Zhizun chuckled: "This is a secret, so I can't tell you easily."

"Xiaoyao Supreme, do you have to be an enemy of my true dragon clan?"

boom!

The true dragon ancestor was furious, and in the world, a series of terrible dragon patterns appeared and asked, and the entire true dragon ancestor land began to be closed.

Jinfeng Zhizun and other powerhouses changed their colors. Was the ancestor in the sealed world?

Do you really want to die with Xiaoyao Supreme?

The ancestor of the true dragon, with a cold face and cold eyes.

If at the beginning, Xiaoyao Supreme was willing to retreat, it might not be able to stop it, but now, seeing that Qin Chen can simulate the True Dragon tribe at will, it will never let Qin Chen go without knowing this secret.

Xiaoyao Supreme felt the closure of the realm, but he didn't take it seriously. He just chuckled: "The ancestor of the true dragon, why bother to move the sword and the gun? This seat came here with sincerity."

"What sincerity?" The ancestor of the true dragon snorted coldly.

"If this seat tells you, this Qin Chen is indeed from the True Dragon Clan, do you believe it?"

"Are you blind?"

The ancestor of the true dragon was furious, at this time, Xiaoyao Supreme even dared to deceive himself. Seeing that Xiaoyao Supreme looked serious, he said lightly: "Although it is unbelievable, it is true. This seat knows that you are identifying Qin Chen's identity by the way of causal destiny. Now, Qin Chen has recovered his true body, you can be calculated again,

What is the relationship between this son and your true dragon clan? ! "

"What do you mean?"

The ancestor of the true dragon looked at Qin Chen again, sensing the power of fate in him.

This perception.

The ancestor of the real dragon suddenly changed color.

strange. Although the Qin Chen in front of him turned into a human form, for some reason, the true dragon ancestor still felt that this person still has a great connection with his true dragon clan. His causal destiny is combined with the true dragon clan. The power of causality huge,

It can even affect the future of his true dragons.

Even Jinfeng Zhizun, the true dragon clan chief, had less influence on the destiny of the true dragon clan than Qin Chen did.

How is this possible?

This son is obviously a human race, why can it affect the fate of his true dragon race?

The ancestor of the true dragon is unbelievable. Xiaoyao Supreme chuckled and said: "The ancestor of the true dragon, you should have seen that this person has a great relationship with your true dragon clan, and can even affect the destiny of your true dragon clan. In fact, the great gift that this seat said earlier is really true. This person."

The real dragon ancestor erupted with a strong breath, and there was definitely a big secret in his body, which was related to the big secret of his real dragon clan.

Thinking of this, the ancestor of the true dragon suddenly grabbed and photographed Qin Chen with one claw.

This time, the true dragon ancestor directly displayed the body.

With a bang, a huge dragon claw that looked like a star madly snapped at Qin Chen.

The terrifying aura directly stunned Qin Chen.

And in that breath, there is also a breath that surpasses this world.

Qin Chen's discoloration, this is the power of detachment!

The ancestor of the true dragon actually touched that realm.

At the critical moment, Xiaoyao Supreme stepped out, and suddenly an ancient tower appeared in front of him. It was a deserted tower, which instantly resisted the claws of the true dragon ancestor.

With a bang, the entire True Dragon Continent shook violently, and above the sacred mountain in the starry sky, the void oscillated, as if the end was coming.

Click!

When I saw the True Dragon Continent below, cracks appeared in an instant, as if about to burst open. Under the impact, countless True Dragon tribesmen vomited blood one after another, almost exploding to death.

"not good!"

The ancestor of the true dragon changed color, pressed his claw sharply, and buzzed...The air of the true dragon went out vertically and horizontally, turned into billions of rainbow lights, and fell into the true dragon continent below, almost because of it before. The real dragon continent that exploded, stabilized again.

Above the mainland, countless people from the True Dragon tribe looked over in horror.

What happened on the Mount of Stars?

The ancestor of the true dragon looked at Xiaoyao Supreme with cold eyes, and said angrily: "Xiaoyao Supreme!"

Xiaoyao Zhizun chuckled, disregarding it, and said with a smile: "True dragon ancestor, don't get excited, do it here, unfortunately you are true dragons, you don't want to see your true dragons fall here, right??"

"You..." The ancestor of the true dragon stared coldly: "So what? The people you brought will also die here."

"Really?" Xiaoyao Supreme chuckled: "This seat can completely collect them into the Wild Sky Tower. By then, are you sure you can stop me? Although in this true dragon ancestor land, this seat will suffer some losses, but it is true If you want to fight, I'm afraid your entire true dragon clan

Delisted from the universe. "

A lofty aura rose from Xiaoyao Supreme, confident and invincible.

boom!

Xiaoyao Supreme is like a god, standing proudly here, facing the true dragon ancestor far away, and the terrifying aura burst out, shocking Jinfeng Supreme and other powerful people to change color in amazement.

"Ancestor!"

The strong like Jinfeng Zhizun hurriedly shouted.

If the true dragon ancestor Zhen and Xiaoyao Supreme played against each other, they might not have anything to do, and they might have a chance to escape, but this true dragon ancestor land would be completely finished. By then, his true dragon tribe would surely suffer heavy casualties and losses. countless.

The ancestor of the true dragon naturally knew this, and said angrily: "Xiaoyao Supreme, what do you want to do?" "It's very simple!" Xiaoyao Supreme looked at the ancestor of the true dragon, "I came here with sincerity. Yes, I heard that your true dragon clan has a forbidden area, the first dragon blood pool, which was left by your true dragon clan founder ancestor back then, and is also the root of your true dragon clan.

"

"Any member of the True Dragon tribe can enter the True Dragon Blood Pool for baptism once they reach adulthood. I hope you can let Qin Chen enter the Beginning Dragon Blood Pool for baptism."

Xiaoyao Supreme said.

"Enter the first dragon blood pool for baptism? Are you crazy?" The true dragon ancestor looked at Xiaoyao in disbelief: "Do you know that only my true dragon family can enter this beginning dragon blood pool, even if you brought it last time. That guy has some origins with my clan, has some dragon bloodlines, and can't enter it.

In the middle, because once you enter it, the non-self true dragon clan will undoubtedly die, you are sure to let this kid enter the beginning dragon blood pool. "

"You have to know that if you are not my true dragon clan, even if the supreme enters, he will be refined by the beginning dragon blood pool. There is no doubt that he will die. This humanoid kid called Qin Chen is only Tianzun. Do you want him to go in and die?"

The ancestor of the true dragon is unbelievable.

The Beginning Dragon Blood Pond is the most terrifying and powerful secret realm of the True Dragons.

Once the true dragons reach adulthood, they can enter into it for baptism, and there will be great luck.

This is also the reason why there are not many true dragon races, but they can become the top ten races in the universe.

Relying on the first dragon blood pool, any true dragon tribe can hope to become a venerable.

But in the same way, the Beginning Dragon Blood Pool is extremely dangerous. Non-True Dragons will die if they enter it. How could Xiaoyao Supreme make such a request?

"You don't need to worry about his life and death. I only ask you, do you agree or not?" Xiaoyao Supreme said lightly.

"What if you say no?" The ancestor of the true dragon snorted coldly.

"You won't fail to agree, because you know, what I want to do, no one can stop." Xiaoyao supreme domineeringly.

"You..." The true dragon ancestor was angry.

Xiaoyao Supreme smiled and said: "Moreover, if you agree, you can know why this person can possess the power of your true dragon soul, and even for your true dragon, it will be a huge opportunity."

"Chance?"

The ancestor of the real dragon sneered.

Does his true dragon need a human youth to bring opportunity?

However, after listening to Xiaoyao Supreme's words, the ancestor of the true dragon couldn't help but move.

It is very curious, how confident did Xiaoyao Supreme bring a human into the blood pool of the beginning dragon?

Not to mention a human heavenly sovereign, it is the supreme one, and if you dare to enter its first dragon blood pool, you will undoubtedly die.

Such a human genius, Xiaoyao Supreme will not let the other party die, right?

Among them, is there really any secret?

"Okay, I agree."

Thinking of this, the ancestor of the true dragon immediately snorted, "Xiaoyao Supreme, you bring this kid with me."

boom!

The voice of the ancestor of the true dragon fell, and instantly rose up into the sky, sweeping towards the depths of the void.

"go!"

Xiaoyao Supreme took Qin Chen and a few people, and immediately followed.

"Xiaoyao Supreme Senior."

Qin Chen secretly transmitted the voice.

Why doesn't this beginning dragon blood pool sound so reliable? "Don't worry, I will pit you out. The beginning dragon blood pool is the most powerful treasure of the true dragon clan. Among them, the true dragon clan contains countless powers for hundreds of millions of years. The most important thing is that the beginning dragon blood pond In, with the power of the true dragon first dragon, you

Xiaoyao Supreme chuckled.

"what do you mean....."

Qin Chen understood it instantly.

The purpose of Xiaoyao Supreme was actually for the great ancestor dragon.

"Arrived!"

"This is the Shilong Blood Pond."

After a while, the ancestor of the true dragon gave a cold snort, and led everyone to the depths of the starry sky of the land of the true dragon ancestor.

In front of him, a vast blood pool appeared in front of Qin Chen and his group.
