[Chapter 4431: Enter the blood pool](#)

In front of him, the vast pool of blood surged crazily, floating above the sky, covering the sky and the sun.

From a distance, this blood pool is like a **** sky suspended in the sky.

Boundless!

This shocked everyone.

"Shilong blood pool!" Qin Chen murmured, shocked in his heart. The blood pool was surging, just the breath that swept over, shaking the eternal sky, as if it could destroy the sky and the earth, giving him a strong heart palpitations. I feel like breaking in rashly, I'm afraid I will die

undoubtedly.

Even Xiaoyao Supreme was shocked, showing a look of wonder.

"Xiaoyao Supreme, how about it?" The ancestor of the true dragon sneered, and Ronglong looked at Xiaoyao Supreme, with a mocking smile outlined at the corner of his mouth.

"It's worthy of being the most terrifying secret realm of the true dragon clan. It's so powerful. It's not easy for me to suppress it!"

Xiaoyao Supreme sighed.

This he is not flattering each other, but he really sighs.

The breath emanating from the blood pond was not weaker than the one on his body, and the power contained in it had definitely reached a shocking level. "Hahaha, suppression?" The ancestor of the true dragon snorted coldly. "The first dragon blood pool was formed by the body of the first dragon of our clan. My true dragon, the founder of the clan, was only one step away. Transcend the realm, transcend this universe, become the supreme deity

, It's a pity that it ultimately failed, the soul collapsed, and the body turned into this beginning dragon blood pool. "For hundreds of millions of years, my true dragon clan and countless disciples have drew strength from it and tempered the flesh, but it only consumes a part of the power. If it hadn't been the first dragon body of my clan, it would be the strongest race in this universe. Not necessarily you

Clan and Demon Clan, I'm afraid it is my true dragon clan. "

Long Long, the ancestor of the real dragon said, domineering and majestic.

"Really?" Xiaoyao supreme looked over with a chuckle: "Your true dragon, the founder of the dragon, is indeed very powerful. However, if it were not for the demons and the dark clan to attack my human race, you thought that my human race would not be able to give birth to a transcendent power. ?"

Xiaoyao Supreme sneered.

Human race, once the strongest race in the universe, the sword ancestors of the Tongtian sword pavilion, the ancestors of the heavenly machine sect, and the craftsmen as ancestors. Which one is not a half-step transcendence and a stunning generation?

He is the strongest man in the universe for hundreds of millions of years.

If there is no disaster of the Demon Race, I am afraid that the human race may not be able to give birth to a transcendent strong person, how can it be weaker than the True Dragon race?

The ancestor of the true dragon snorted coldly, but said nothing.

Because it knows that what Xiaoyao Supreme said is indeed the truth. In terms of talents and the number of strong men, the human race and the demons have always been superior to the true dragon race, otherwise it would not be the two races claiming to be the first race in the universe.

Perhaps, the Monster Race of the ancient times is expected to compete with these two races. After all, the True Dragon Race at that time was only one of the Monster Races, but after the Monster Race split, it was far unable to compare with the Demons and Human Race.

"Xiaoyao Supreme, are you sure this kid of your human race will enter the Beginning Dragon's blood pool?"

The ancestor of the true dragon looked at Qin Chen, his eyes flickering coldly: "The ugly words are in front, don't blame me for not reminding you, non-true dragons, entering the blood pool of the first dragon, unable to withstand the power of the founder of my clan, will definitely die."

"Qin Chen, what do you say?"

Xiaoyao Zhizun looked at Qin Chen with a smile.

Qin Chen's heart shuddered, just looking at the ancestral dragon in the chaotic world.

But seeing that in the world of chaos, Honghuang Ancestral Dragon is already going crazy with excitement.

"Kid Qin Chen, promise him, promise him quickly, hahaha, Shilong breath, I feel it, chance, this is indeed a great chance."

Honghuang Ancestral Dragon's excitement cannot be added: "As long as you enter the Beginning Dragon's Blood Pond, the original ancestor will hope to regain his former strength. You must not miss it.

"you sure?"

Qin Chen said in a deep voice, "You are sure that you can control the power of Shilong. Don't do it when the time comes, you can't control it, that little can be troublesome." At this time, Qin Chen has felt it, this Shilong's blood pool The power of is by no means what he can bear now. If he is the supreme cultivation base at this moment, he may be able to resist it, but now, he is only the god, even if he has the strongest talent

, No doubt will die.

Therefore, all hope lies in the great ancestor dragon. "I am sure that although I don't know what this Beginning Dragon Blood Pond has to do with me, my ancestor is sure that you will never have anything to do. The power in this Beginning Dragon Blood Pond can resonate with me, as long as my ancestor Go in, you can definitely control it.

"

"Moreover, I suspect that this Beginning Dragon Blood Pool has a huge relationship with the original ancestor, but, before entering, I don't know what the relationship between this Beginning Dragon Blood Pool and me is for the time being."

"Quick, go in."

Honghuang Zulong was so excited, he was mad with constant twisting.

"it is good."

Qin Chen took a deep breath and said to Xiaoyao Supreme: "Senior Xiaoyao, Junior is willing to give it a try."

Xiaoyao Zhizun looked at the true dragon ancestor with a smile, and said with a smile, "You heard it."

"Huh, life and death."

The ancestor of the true dragon snorted coldly. Since this human kid is looking for death, it can't care about it.

It lifts its claws!

Hum!

Suddenly, an invisible passage appeared in the void, and that passage, like a whirlpool, directly led to the place where the beginning dragon blood pool was located.

The Beginning Dragon Blood Pond in front of him seemed to be right in front of him, floating in the sky, but in fact it was in another piece of void. Without the true dragon ancestor opening the passage, even Xiaoyao Supreme could not easily reach it. "Along the passage, you can enter the Beginning Dragon Blood Pool." The true dragon ancestor said solemnly: "Finally warn, if you are not from the true dragon clan, you will die if you enter it. At that time, even this seat will not save you, because The power of the founding dragon, this seat is

Uncontrollable, this is the last warning. "

Qin Chen said nothing, but just handed over to Xiaoyao Supreme and Shengong Supreme: "The juniors are in."

Whoosh!

He immediately stood up and entered the passage, buzzing, the passage flashing the light of space, the next moment, Qin Chen disappeared instantly, and he appeared in the sky above the beginning of the dragon's blood pool above his head, as small as an ant.

Above the first dragon blood pool, Qin Chen perceives the blood pool below, and a terrible coercion suppresses him. It is the coercion of the founder of the first dragon. The vast aura is more terrifying than the true dragon ancestor, directly suppressed He couldn't breathe.

"Little Qin Chen, quickly enter the blood pool."

In the chaotic world, the ancestor dragon was trembling with excitement.

Qin Chen didn't hesitate, and under the eyes of everyone, he threw himself into the Beginning Dragon's blood pool.

"Looking for a dead end."

The ancestor of the true dragon gave a cold snort and shook his head slightly. On the side, Jinfeng Supreme also changed their colors. They looked at Xiaoyao Supreme and Shengong Supreme in disbelief. These two human beings were really crazy. Beginning Dragon Blood Pond, even the Supreme of the True Dragon tribe, could not resist the power in it, a human race. Boy,

Dare to enter it?

What is it not to die? I'm afraid that the moment when the power of the first dragon enters the body, it has been directly broken into pieces and turned into powder.

[Chapter 4432: Nourish vitality](#)

"Master Xiaoyao!"

Shen Gong Zhizun also looked nervously at Xiaoyao Zhizun, secretly worrying about the sound transmission and said: "Qin Chen... will be fine, right?"

Xiaoyao Supreme's eyes were calm, he glanced at Shengong Supreme, and smiled: "Why, don't you worry about Qin Chen? Don't you know that there is an ancient chaos **** and demon in Qin Chen that has a close relationship with the true dragon clan?" Shen Gong Zhizun shook his head and said: "I naturally know that in the ancient world, I also saw the Chaos God and Demon, who claimed to be the Supreme Dragon Ancestor, deceived the ancients. However, there are many ancient Chaos God and Demon, all of them are primordial beings. I don't know the chaos gods and demons and the true dragons

, What is the relationship? In case there is little connection with the founding dragon of this true dragon clan, then..."

The worries of the supreme workmanship are not without reason.

There are a lot of ancient chaos gods and demons, especially some chaotic creatures, who like to claim to be what dragon or dragon.

If it doesn't have much to do with the real dragon Shilong, then Qin Chen is in trouble.

"Haha, don't need to be careful." Xiaoyao Supreme's eyes flashed, but he smiled: "Even if the Chaos God Demon in Qin Chen's body has little to do with the True Dragon Clan, Qin Chen will be fine."

"Oh?"

The Supreme Master of God Workers suddenly looked over in disbelief, thoughtful.

At this moment, on the other side, Jinfeng Supreme, Blue Vein Supreme, Zhentian Supreme, and Chiyao Supreme of the True Dragon Clan are all surrounded by the true dragon ancestor, all of them look nervous.

"Ancestor, why let that human disciple go in? If something happens, Xiaoyao Zhizun will definitely not let it go." Jin Feng Zhizun said nervously, he was afraid that Xiaoyao Zhizun would make trouble here.

"Hmph, why don't you let the Human Race kid in? That Xiaoyao Supreme insists to let the Other Race kid in, so why should we dissuade it? We want to die, who is the blame?"

The ancestor of the true dragon sneered, turning his head to look at the beginning of the dragon blood pond, but his eyes were solemn.

Xiaoyao Zhizun is not an idiot. What is the purpose he demanded so strongly?

Is that human kid alive?

When a group of people outside has their own minds.

Beginning in the dragon blood pool.

boom!

As soon as Qin Chen entered the Beginning Dragon's blood pool, an incomparably terrifying force of blood immediately madly entered Qin Chen's body.

"what!"

In an instant, Qin Chen let out a scream.

pain!

It hurts too much.

Unspeakable pain.

In just an instant, Qin Chen's flesh and blood became blurred, and blood was dripping everywhere. Moreover, after entering Qin Chen's body, this blood force quickly diffused into his internal organs, his bones, and the depths of his cells. In an instant, Qin Chen seemed to have become a blood man, his whole person Can't see any end

Good looks.

This is too scary and perverted.

Qin Chen frantically urged his six reincarnation swords and various terrifying forces.

But it was useless. Under the power of the blood of the first dragon, no force could resist the invasion of this tearing force, even the power of the **** emperor totem.

In an instant, Qin Chen was extremely miserable and extremely tragic.

It should be understood that today's Qin Chen, even an ordinary supreme-level powerhouse, can't easily hurt him, but the power of the blood of the first dragon can easily tear his cells and cannot resist it.

At this moment, Qin Chen thought of the blood spirit pool when he was baptized in the Five Kingdoms.

However, Qin Chen could easily resist the blood spirit pool at that time, but this beginning dragon blood pool was ten thousand times stronger than the original blood spirit pool.

That kind of power is quickly wiping out his physical body.

"Honghuang Zulong!"

Qin Chen yelled sharply.

He released the world of chaos.

Roar!

A powerful ancestral dragon aura quickly lingered out, and it was the wild ancestral dragon, the terrifying ancestral dragon aura that immediately enveloped Qin Chen.

Immediately, Qin Chen felt a sharp pain in his body, which was light.

However, that force continued to enter his body, only the speed of annihilation slowed down.

"Kid Qin Chen, quickly evolve into a real dragon."

Honghuang Zulong shouted sharply.

Hum!

Qin Chen instantly urged the strength of the true dragon in his body, roaring, as if a true dragon figure flew out of that body, Qin Chen's body was covered with dragon scales, and the painful power weakened again.

But it was useless. After the dragon scales appeared on his body, they continued to collapse and reappear, still unable to prevent the invasion of this force.

"Kid Qin Chen, you have to rely on yourself now. Block it. I leave a force on you. If you can block it, you can absorb all the power of the first dragon that annihilated your physical body. But if you can't resist it, you'll be in trouble. ."

Honghuang Zulong said solemnly.

"how about you?"

Qin Chen said.

boom!

He felt that his body was burning, his internal organs were burning, even his bones were burning, and every cell was collapsing.

Quack quack.

The sound of collapse rose from his body, and the whole person was crazily collapsed.

"I went to absorb the power in the depths of the Beginning Dragon's Blood Pool, and I felt that this force has a great connection with me. As long as I absorb it, the entire Beginning Dragon's Blood Pool will be under my control!"

"Remember, your chaotic green lotus fire can nourish vitality and make you immortal temporarily."

"wait for me!"

When the voice fell, the ancestor of the great desolate bang slammed into the depths of the beginning dragon blood pool.

boom!

The entire Shilong blood pool surging instantly, surging blood waves.

puff!

Under this force, Qin Chen's body was torn apart in an instant, his muscles and skin seemed to disappear, his bones were burning, and his whole person turned into nothingness.

"Chaotic Qinglian Fire!"

"Haotian Divine Armor!"

Boom! With the release of the two powers, Qin Chen tried to rely on the Vast Sky Divine Armor to resist the power of the Beginning Dragon Blood Pond. However, under the power of this Beginning Dragon Blood Pond, the Vast Sky Divine Armor's isolation power was greatly weakened, and there was something inexplicable Strength, can penetrate Haotian

The **** armor continued to invade Qin Chen's body.

"The power of detachment?"

Qin Chen was shocked. At this moment, he finally understood why he couldn't resist this force, because the blood pool of the Beginning Dragon contained the detached force in the body of the Founding Dragon of the True Dragon clan. Although this force was extremely weak, It's definitely not him now

Resistible.

This force seems to be able to tell whether Qin Chen is a true dragon clan. Even if he possesses the soul of the true dragon, the blood of the true dragon, and the body of the true dragon, this detachment power can still damage his body. .

Hum!

At the critical moment, the chaotic green lotus fire suddenly surged and enveloped Qin Chen's body.

As a result, Qin Chen's physical body was stabilized at once, and coupled with the strength left by the prehistoric Ancestral Dragon, Qin Chen's physical body was between extinction and immortality.

"It's true as Hong Huang Zulong said, this chaotic green lotus fire can indeed keep my body, what level of flame is this?" Qin Chen was shocked.

[Chapter 4433: I am back](#)

In the Shilong's blood pool, Qin Chen was shocked.

It should be noted that this detachment of power is afraid that even the supreme can be annihilated. This is what the true dragon ancestor said before, except for the true dragon clan, even the supreme power can not resist the power of the first dragon blood pool.

But now, this chaotic green lotus fire can slow the erosion of this detachment force on him, making his body immortal, in a state of nothingness.

In this state, this detached force was actually combined with Qin Chen's physical body, and the two merged with each other.

Moreover, Qin Chen also felt that the Chaos Qinglian Fire was actually absorbing the detached power in the first dragon's blood pool.

It seems that the power of the first dragon in the blood pool of the first dragon, the chaotic green lotus fire, is simply insignificant, the only thing that can be seen is the power of detachment.

A trace of detachment was quickly absorbed by Chaos Qinglian Fire.

This not only relieved Qin Chen's pain, but also gave Qin Chen's physical body enough time and opportunity to merge with the power of detachment.

After all, Qin Chen's current cultivation base is too low, and he will be replaced by any other Heavenly Sovereign, not to mention absorbing the power of detachment, I am afraid that it will be wiped out under the power of detachment in an instant.

With the blessing of these multiple powers, Qin Chen's crisis was immediately relieved a lot, but the pain was not eliminated, on the contrary, the pain became more and more in the state of immortality.

"Hahaha, come on, it hurts, what's the point?"

Qin Chen has a hideous face, and the mere pain is nothing to him.

"Boss."

At this time, in the chaotic world, Xiaolong also felt the power of the outside world, and wandered excitedly.

"By the way, Xiaolong is also a true dragon."

Qin Chen's heart moved, and Xiaolong was released immediately.

Roar!

Xiaolong suddenly let out an excited voice, surrounded Qin Chen all of a sudden, and also absorbed the power in this chaotic world.

boom!

Originally, Xiaolong's cultivation was not very strong, and he could barely reach the level of earthly respect, but now, the aura on Xiaolong's body is increasing crazily, constantly rising.

Under Qin Chen's unscrupulous practice, the sky above Shilong's blood pool instantly rolled up a wave of blood.

Among the real dragon ancestors.

The ancestor of the true dragon sneered at the beginning of the dragon's blood pool at first. When he saw Qin Chen entering, there was no news. He could not help but sneered. Just as he was about to mock Xiaoyao Supreme, he saw the beginning of the dragon's blood pool. The waves suddenly surged.

"What? That kid is not dead yet?"

The ancestor of the true dragon suddenly felt shocked.

Not only him, but Jin Feng Zhizun and other real dragon clan powerhouses also changed color and were dumbfounded. How could this be possible?

A smile was drawn at the corner of Xiaoyao's mouth.

Sure enough, as he expected, that kid is never that easy to die.

"I don't believe it."

The ancestor of the true dragon opened his eyes wide and stared at the beginning of the dragon's blood pond, but even his cultivation level could not easily see through the beginning of the dragon's blood pond.

Moreover, he had already entered the Blood Pond of Beginning Dragon and received many baptisms. It was even because of the help of Beginning Dragon's Blood Pond that it could touch that trace of transcendence.

However, after so many times, even the current Beginning Dragon Blood Pond cannot be easily entered. Entering rashly will cause huge trouble.

"impossible!"

The ancestor of the true dragon was frightened, and he did not believe that Qin Chen, a human being, could be safe and sound after entering the blood pool of the first dragon.

"The human boy, even if he can persist, he won't last long."

The ancestor of the true dragon settled and calculated silently.

A stick of incense passed.

Two sticks of incense passed.

Three sticks of incense passed.

The Shilong Blood Pond was always turbulent, but there was no tendency to calm down.

This made the ancestor of the true dragon even more shocked. You must know that even if the Heavenly Lord of his true dragon clan enters the blood pool of the first dragon, he can only support a stick of incense.

If a stick of incense does not leave, the power of detachment in the blood pool of the beginning dragon will also annihilate the body.

But this human kid has insisted on three sticks of incense, and he is still alive?

What exactly is going on?

The ancestor of the true dragon is going crazy.

"Xiaoyao Supreme, what the **** is going on, how can your human kid live to this day?"

The ancestor of the true dragon looked at Xiaoyao Supreme in anger.

Xiaoyao Supreme was astonished and smiled and said: "True dragon ancestor, you ask me, who shall I ask? But I can guarantee that this is definitely a good thing for your true dragon clan."

"Good thing?"

The voice of the ancestor of the true dragon has not fallen.

boom!

In the Beginning Dragon's Blood Pool, suddenly there was a thunderous roar, rumbling, and the entire Beginning Dragon's Blood Pool was violently surging, as if a tsunami was set off.

Rumble!

The void on this side was shaking violently, and the entire True Dragon Ancestor Land was roaring.

The beginning of the dragon's blood pool seemed to burst, and the void in which it was located, trembling constantly, made a creaking sound, as if it might burst at any time.

"Xiaoyao Supreme, is this the good thing you said?"

The ancestor of the true dragon was furious.

If something happened to the Shilong Blood Pond, then the true dragon clan would be in trouble.

Xiaoyao Supreme frowned, "Don't be restless."

"Om!"

He raised his hand, and the Huangtian Pagoda flew out in an instant, immediately confining the void and stabilizing the boundary where the beginning dragon blood pool was located.

"Don't worry, I am here, and you won't be surprised by your true dragon ancestors." Xiaoyao Supreme smiled.

"You mean fellow."

The ancestor of the true dragon was so angry that it exploded, but at this time, it didn't dare to do anything to Xiaoyao Supreme, because once the two fight again, the blood pool of Shilong will burst open, and then his true dragon will be really finished.

At this moment, the ancestor of the true dragon can only madly mobilize the power of the true dragon to stabilize the entire real dragon family's boundary and prevent any accidents in the blood pool of the first dragon.

Beginning in the dragon blood pool.

Qin Chen's body, under the blessing of the Chaos Qinglian Fire, constantly became crystal clear.

After such a long time of sacrifice, the power of the Shilong Blood Pond could no longer cause damage to him, instead it was reshaping his body.

boom!

A flesh body containing the origin of the terrifying true dragon is gradually forming, exploding into the weather.

At the same time, Qin Chen stared at the place where the violent turbulence came from under the beginning of the dragon's blood pool.

What exactly is Honghuang Zulong doing?

Just when he doubted.

"Hahaha!"

A loud voice resounded across the world in an instant.

Boom!

From the depths of the dragon blood pool at that time, a towering shadow of a true dragon suddenly appeared, bursting out a terrifying force that frightened the ages.

That breath is extremely terrifying, not even weaker than the current ancestor of the true dragon.

"Honghuang Ancestral Dragon?"

Qin Chen said in disbelief.

"Quack, kid Qin Chen, his ancestor."

"Billions of years..."

"The ancestor..."

"Finally completely resurrected."

boom!

now.

In the chaotic world of Qin Chen, the soul lake of the wild ancestor dragon surged out in an instant, and instantly merged with the body of the majestic real dragon.

Cang Dang!

An aura that stunned the world, soaring into the sky.

"Hahaha!"

"The sky has eyes."

"My ancestor dragon, I am back!"

Roar!

Above the beginning of the dragon blood pool, an endless roar resounded, and the terrifying dragon aura swept across the real dragon ancestors. Alarming the world!

[Chapter 4434: Resurrected](#)

At this moment, this Beginning Dragon's Blood Pool exploded with a heavenly aura, booming, the entire Beginning Dragon's Blood Pool was roaring, as if shaking violently.

"Xiaoyao Supreme, if something happens to my true dragon first dragon blood pool, I will never end with you."

The ancestor of the true dragon was frightened, it was really angry.

At this moment, it clearly felt that the beginning of the dragon's blood pool was constantly shrinking, and the interior was constantly collapsing. In the center of that beginning of the dragon's blood pool, a **** whirlpool appeared instantly.

The vortex was spinning frantically, and a terrifying force of the first dragon blood pool was constantly being swallowed away by the vortex.

It seemed that something was frantically devouring the power of the beginning dragon's blood pool.

"Ancestor, the power of Shilong's blood pool seems to be disappearing."

Not far away, Jinfeng Supreme and the other four supreme lords showed a look of horror on their faces. They were also the supreme lords of the true dragon clan, and they could naturally feel that the Beginning Dragon's blood pool was slowly disappearing.

This is the first time I feel the power of the Beginning Dragon's Blood Pond disappearing quickly, even after being baptized countless times by the True Dragon clan for hundreds of millions of years. What happened here? The ancestor of the true dragon looked at Jinfeng Supreme Jilong angrily, and roared: "Idiot, you can all see it, you can't see it for this seat? Why don't you hurry up to stabilize the void for me, do you want to watch the dragon blood pool? Burst? A group moron. "

The ancestor of the true dragon is so angry, how come his true dragon tribe is always a guy with a string? Have no eyesight?

Even Xiaoyao Supreme is taking a shot to stabilize the void, can't these idiots see that the beginning of the dragon's blood pool is about to burst? Have to remind yourself?

How angry is it!

"Divine work, you also come to help."

At this moment, Xiaoyao Supreme is urging Huangtian Tower to suppress this void with a solemn expression.

Rumble!

The entire True Dragon Ancestral Land was roaring, and the void trembled fiercely, as if it was about to burst open at any time. The power that burst out from the Dragon Blood Pond was too strong.

Even he was a little frightened and surprised.

"Master Xiaoyao..." The Supreme Master of Skills immediately flew forward and blew, the hidden treasure hall in his body was directly released by him, turned into a majestic palace suspended, boom boom boom, from the treasure palace, one by one, colorful and colorful The chains flew out, while suppressing this world and maintaining this

The stability of the void of the true dragon ancestors.

There must be no accidents in the real dragon ancestral land, once the real dragon ancestor land is destroyed, the true dragon clan must fight them desperately.

Xiaoyao Zhizun glanced at Shen Gong Zhizun, "I know what you are going to say, the Chaos God and Demon in Qin Chen's body, I am afraid that the strength is beyond my surprise, but for the time being, it is not time to settle the void first."

"understand!"

The Supreme Master nodded.

"boom!"

A series of terrifying **** patterns bloom, like a series of galaxies, blocking the void.

With the joint efforts of Xiaoyao Supreme, Shengong Supreme and True Dragon Ancestor, this piece of True Dragon Ancestor Land finally calmed down slowly. The ancestor of the true dragon looked at Xiaoyao Supreme and Shengong Supreme with an ugly expression. I have to say that these Xiaoyao Supreme and Shengong Supreme are indeed powerful. As human craftsmen, they are too strong in formation skills. If not for two of them, Today just rely on it and Jinfengzhi

Respect them, it may not be so easy to stabilize the void easily.

But it didn't feel the slightest gratitude in its heart, because this matter today was originally brought by Xiaoyao Supreme.

This bastard!

He also said that it was a chance of the True Dragon Clan, and he knew that there was absolutely no good thing to have a place of Xiaoyao Supreme.

boom!

With thoughts surging in his mind, the ancestor of the real dragon suddenly approached the blood pool of the first dragon.

"True Dragon Ancestor, what are you doing?"

Xiaoyao Supreme's look slightly changed.

"What are you doing? Xiaoyao Supreme, what do you have the face to say? Naturally, what happened to Shilong's Blood Pond? Naturally, Xiaoyao Supreme, if something happens to Shilong's Blood Pond, I will never finish with you today."

As the true dragon ancestor said, the void opened up and quickly approached the beginning of the dragon blood pool.

just!

Don't wait for it to get close!

With a bang, a terrible breath filled the Shilong Blood Pond, which directly shook it away.

what?

The true dragon ancestor suddenly changed color, and this Beginning Dragon Blood Pond couldn't even get close to it? How can it be?

At this moment, the beginning of the dragon's blood pool.

"Hahaha!"

A loud roar rose to the sky.

This voice, with desolation, aging, and the vicissitudes of years, spread throughout the real dragon ancestors in an instant.

"That is....."

The ancestor of the true dragon changed color and raised his head, and he saw a towering dragon shadow rising into the sky in the blood pool of the beginning dragon.

This dragon shadow is very illusory and not condensed, but the aura that it exudes shocked all the real dragon clan powerhouses in the entire True Dragon Ancestor Land, shivering, as if being stared at by some terrifying aura.

The power of the true dragon bloodline was quickly suppressed.

Beginning in the dragon's blood pool!

Qin Chen also looked at this figure in shock. The power of countless Beginning Dragon's blood pools crazily condensed on this figure, constantly building his flesh, blood, meridians, and scales.

But its bones existed originally.

Exudes the breath of ancient vicissitudes.

"Hahaha, kid Qin Chen, do you know, who is the founding dragon of the true dragon clan?"

The wild and wild Zulong laughed wildly and excitedly, resounding in Qin Chen's mind. "The founding dragon of this true dragon tribe is a clone inherited from the ancestor that year. Later, the deity of the ancestor fell, and the soul was sealed in Vientiane, sleeping for hundreds of millions of years. And this clone has an independent consciousness and has become The first dragon of the true dragon family, the original ancestor

Just say, this true dragon clan is my descendant..."

"Sure enough!"

"Hahaha!"

Hong Huang Zulong laughed, and his excitement was overwhelming.

"Kid Qin Chen, do you know why the original ancestor recovered so quickly?" "Because the original ancestor's clone fell and the body turned into a blood pool, but the body bones are still preserved. This is in the depths of the beginning dragon blood pool. The origin keel with a clone of the original ancestor, the origin dragon bone still has a trace of the original idea, and it will not let the original ancestor

The deity descended. "

"Hmph, the ancestor directly swallowed the breath of the origin dragon bone, then the soul merged, and finally, absorbed the power of the origin dragon blood pool to condense the flesh, then..."

"The ancestor can directly have the strength close to the previous life."

"Hahaha!"

boom!

The loud voice resonated in Qin Chen's mind, and he saw the beginning of the dragon's blood pool disappear quickly, and a large amount of water in the blood pool quickly condensed on the figure of the true dragon, forming a terrifying true dragon. Body.

Great ancestor dragon!

resurrection!

boom!

The real dragon ancestor shook the ground, and a majestic and wild ancestor dragon stood proudly in the sky, roaring up to the sky.

"what is that....."

Outside the beginning dragon blood pool.

The ancestor of the true dragon was stunned.

Xiaoyao Zhizun also looked up at the sky.

That breath is very strong! An ancient chaos **** and demon, rebirth has come.

[Chapter 4435: Tsundere Dragon](#)

"Hahahaha!"

"The ancestor descends, all the heavens and all realms will be subject to the feet of the ancestor."

The primordial ancestor dragon laughed and stepped forward, booming, and the entire real dragon ancestor land roared violently.

Above the real dragon continent.

All the real dragon clan powerhouses were shocked looking at the huge figure in the lofty sky, the terrifying ancestral dragon aura surged, and many real dragon clan powerhouses had difficulty breathing, and felt the oppression from the soul and bloodline.

"Xiaoyao Supreme, what is that?"

The ancestor of the true dragon said with anger.

Why, the first dragon blood pool of its true dragon clan has condensed into a terrifying true dragon clan powerhouse?

Even the breath of the real dragon clan powerhouse is shocked?

In front of him, although the Beginning Dragon's Blood Pool was still there, only one or two of the power in the Beginning Dragon's Blood Pool remained. The rest was swallowed and absorbed by the towering real dragon's body.

huge loss.

"Xiaoyao Supreme, what a good thing you did."

The ancestor of the true dragon was furious and quickly shot out.

Roar!

Between heaven and earth, I saw a majestic dragon appear, and the Ancestral Mountain in the distance quickly flew over and turned into a terrible giant seal, directly suppressing the majestic dragon figure.

Although I don't know where this terrifying real dragon powerhouse came from, the ancestor of the real dragon must never let the opponent leave, and must be controlled immediately.

"Huh? Little guy? Do you dare to do something to the ancestor?"

Honghuang Zulong snorted coldly.

He was so proud of himself, he didn't think that the ancestor of the true dragon would not sell any face, so he dared to be arrogant before him.

This...excessive.

"Don't think you are the mother dragon's original ancestor and won't teach you."

boom!

Honghuang Zulong gave a cold snort, and the dragon's claws came out quickly.

Suddenly, with a bang, the dragon claws of the Great Ancestor Dragon caught and photographed on the Ancestor Mountain. On the entire Ancestral Mountain, a series of terrifying divine rainbows exploded and trembled violently in the void.

"what?"

The ancestor of the true dragon was shocked.

At this moment, it felt that Ancestor Mountain was somewhat out of control under its own control.

What is the identity of the other party? Why can it control the ancestor mountain of its true dragon tribe?

Unprecedented.

"What kind of dragon are you..."

The ancestor of the true dragon was furious, and shouted sharply, his breath trembling.

Because it felt a true dragon origin above it, it was this true dragon origin that suppressed the Ancestral Mountain, and also caused the power of the true dragon in her body to tremble.

But how is this possible?

It is the ancestor of the True Dragon Clan, and the entire True Dragon Clan has no blood on it.

"Hahaha, my little sister, the ancestor, is the ancestor of the true dragon tribe. In other words, you should call me the ancestor."

The ancestor dragon laughed loudly, looked at the ancestor of the true dragon, and nodded.

Not bad!

This ancestor of the true dragon, tusk, has a hot body.

I just recovered my body and saw such a beautiful female dragon, in some places, I was a little bit ready to move.

"Ancestor your sister."

"Ancestor!"

"Let's start ancestor!"

Jinfeng Zhizun and other four supreme beings all changed color when they saw this.

One by one rose to the sky, roaring loudly.

Where did the **** dare to pretend to be the ancestor of his true dragon clan, the founder of his true dragon clan, the first dragon, has long since fallen, and the era of chaos has already died.

Moreover, this **** looked at the ancestor with squinted eyes.

unacceptable.

They will never allow each other to harm the ancestor.

Roar!

The four majestic dragons quickly emerged into the void, the dragon agitated, and the power of the dragon rose, and the four supreme sages all shot together to rescue the true dragon ancestor.

"Presumptuous, a group of little guys, dare to do something to the ancestor, can't it be done?"

Hong Huang Zulong suddenly became unhappy.

These juniors are too much.

I don't know how to respect the old and love the young.

Actually dared to do something to one's ancestor, is this... isn't it to deceive the master and destroy the ancestor?

"You are deceiving the master and destroying the ancestor, you know?!"

The wild ancestor dragon shouted angrily, with a boom, the ancestral dragon breath filled, and then, the dragon's tail flicked.

Bang bang bang!

Suddenly, Jinfeng Supreme and the four true dragons were blasted out, vomiting blood and embarrassed.

"Kneel down!"

The primordial ancestor dragon drank coldly, and the terrifying power of the true dragon spread out, and immediately suppressed the four true dragons including Jinfeng Supreme.

When this force came down, Jinfeng Supreme and the four true dragon Supremes instantly felt the blood flow in their whole body, the dragon soul trembled, and there was an urge to kneel down.

"You...Xiaoyao Supreme, you do a good job, I need you to explain to me."

The ancestor of the true dragon roared.

Murderous.

Where did the guy dare to pretend to be the founder of the true dragon clan.

far away.

Xiaoyao Supreme and Shengong Supreme were also amazed.

The Chaos God and Demon in Qin Chen's body were really strong.

And in terms of blood, it was far superior to a group of powerful men of the true dragon clan.

Even the blood of the ancestor of the true dragon is not as powerful as this chaotic **** and demon.

The strength of Xiaoyao Supreme is naturally obvious at a glance. The reason why this majestic dragon exuding a wild aura can suppress the true dragon ancestor is not because of the realm, because of strength, but because of blood.

The true dragons are highly hierarchical.

There will always be Longwei suppression from superiors to subordinates, which can almost form absolute suppression to some extent.

Unless there is a huge difference in strength, the lower true dragons are far from being able to fight the upper true dragons.

Although he was amazed in his heart, Xiaoyao Supreme hurriedly took a step forward. Naturally, he couldn't let this chaotic **** and demon really conflict with the current true dragon clan.

If irreconcilable and contradictory arise, it will be troublesome.

"Hehe, this senior of the true dragon clan, everyone is friends, why not sit down and have a good chat, why are you so irritable?"

Xiaoyao Supreme said with a smile.

"Oh? Xiaoyao Supreme? The ancestor knows you... the top powerhouse of the human race, the ancestor also saw the big show of the human race council before, it is really wonderful."

"However, in my true dragon clan, it seems it is not your turn to speak alone, right?"

Honghuang Zulong gave a cold cry.

Humph!

The top powerhouse of the human race is indeed very powerful, but now that the ancestor has recovered, I am not afraid of you.

Hong Huang Zulong was also arrogant in his heart.

Xiaoyao Supreme frowned, this guy seems a bit arrogant?

Xiaoyao Supreme turned his head to look at Qin Chen in the blood pool of Shilong.

Hum!

now.

In the beginning of the dragon's blood pool, the boundless power of the blood pool quickly merged into Qin Chen's body, and a terrifying breath of true dragon rose rapidly from Qin Chen's body, condensing his brand new true dragon body.

powerful!

Invincible.

Hearing what Honghuang Zulong said, Qin Chen just raised his head and frowned.

This Tsundere Dragon is a bit arrogant after being resurrected.

"Honghuang Ancestral Dragon, how do you talk to Master Xiaoyao?" Qin Chen instantly rose into the sky from the Shilong's blood pool, frowning.

[Chapter 4436: Have no conscience](#)

Hearing Qin Chen's words, Honghuang Zulong suddenly vomited blood and couldn't help looking at Qin Chen.

by!

Boy Qin Chen, do you still have a conscience!

The ancestor of Hong Huang suddenly became furious, this... Not long ago, he was called Xiaolonglong. Now that he has a new backer, he will bully his old favorite and not take you like this!

boom!

On the prehistoric ancestor dragon, the boundless dragon might rise.

Murderous.

He is the chaos **** and demon, the primordial being, the supreme existence.

After finally recovering the physical body, can't you let him scream? Immediately, Honghuang Ancestral Dragon ignored Qin Chen, his huge eyes looked at Xiaoyao Zhizun coldly, and let out a shocking roar: "Xiaoyao Zhizun, they all say that you are the leader of the human race and the strongest person in this universe. Today, this group is actually the best. Want to learn something like

The strength of the strongest in the universe today. "

boom!

The primordial ancestor dragon stepped forward, and the lofty dragon body turned into a terrifying dragon winding for millions of kilometers.

Boom!

The world collapsed.

Under this claw, the void shattered directly, the eternal shattered, and the entire True Dragon Continent roared as if it was about to burst.

This dragon claw is extremely majestic, and the stars under the dragon claws are like fragile bubbles, shattering one after another, and the dragon claws carry the ancient aura of chaos, like gods and demons.

"Hahaha, it's good to be here, well, I also want to know the power of the ancient Chaos God and Demon."

Xiaoyao Zhizun smiled and stepped forward.

With a hum, a lot of power rose from his body, and the whole person quickly became extremely majestic.

It is the world of Dharma.

Instantly, like a god, colliding with the prehistoric ancestor dragon.

"Coming to fight!"

Boom!

The two sides fought, and in an instant, on the entire True Dragon Continent, one after another dragon peaks collapsed, as if the end was coming.

This scene is too scary.

"hateful!"

The ancestor of the true dragon was furious, and hurriedly urged the ancestor mountain, the towering mountains suppressed, stabilized the true dragon continent, and looked to the sky in anger.

I saw an astonishing roar resounding above the sky, and the entire dragon world shivered and roared violently.

Outside the Dragon Blood Pool.

Qin Chen frowned, his face ugly.

This wild ancestor dragon is floating.

I didn't even listen to my own words.

Is this okay?

"Humph!"

With a cold snort, Qin Chen quickly came to Shen Gong Zhizun's side, looked up at the sky, but did not act immediately, because he also wanted to know the true strength of the ancestral dragon.

Boom!

I saw the boundless sky above.

One claw of the ancestral dragon protruded, and that dragon claw covered the sky and sun, really like a curtain of sky, completely enveloped the stars of the ten thousand realms, and could easily be crushed.

The terrifying power is transmitted through the endless starry sky and space, even if it is separated by countless layers of space, the real dragon clan powerhouses on the entire True Dragon Continent are still trembling.

The suppression of the breath is too strong.

Even the ancestor of the true dragon had some palpitations.

But Xiaoyao Zhizun has an unmoving look. His body is majestic, in an illusory space, his mouth is smiling, his expression is indifferent, and he punches out.

Fist claws collided with a bang, and layers of space were constantly torn and shattered, and terrible power surging, as if the end of the universe is coming, and the supreme rules of the universe are evasive frantically.

Amidst the roar, Honghuang Zulong and Xiaoyao Zhizun met Yiquan face to face, and with the banging sound, Honghuang Zulong couldn't resist it, and his stature retreated.

what?

The great ancestor dragon changed color and barked his teeth.

This Human Race kid is a bit difficult.

The power is too strong.

The flesh is also terribly perverted.

"Hahaha, awesome, worthy of being the top powerhouse of the human race, come again."

Honghuang Zulong laughed and killed him again, but his face was even more arrogant.

Damn it!

He is the ancient Chaos God and Demon, if he loses, then he will be too lost.

"The chaos dragon body is like one forever."

Hum!

A special aura rose on the body of the great ancestor dragon, and the dragon's might, turning into a sharp blade, slashed down.

"Hahaha, good time."

Xiaoyao Supreme laughed, still not evasive, the power of the earth martial soul rose in his body, and his power took root in the universe.

He is like a towering ancient tree in the universe, no matter how the ancestor dragon makes a move, he stays still.

Bang bang bang!

The two sides fought wildly.

Hong Huang Zulong changed color again, shit, is this too abnormal? In his perception, Xiaoyao Supreme is like the same ancient tree that stood in the universe and existed in the Kaitian era, towering tall and immovable like a mountain.

This is too difficult to chew.

"Hi, it won't work if you continue to fight like this."

Hong Huang Zulong was depressed.

Because he absorbed the power of the blood pool of the first dragon, and after refining the dragon bones of the first source, he recovered part of the power of the previous life.

In fact, the Siyuan Dragon Bone was just a clone of him back then. Although relying on the things here has completely revived him, there is still some distance from the peak state of the previous life.

This doesn't... Gradually, he already feels powerless.

"The mountain comes."

The primordial ancestor dragon suddenly became anxious, looking towards the real dragon continent below, and violently shouting at the ancestor mountain.

Hum!

The Ancestral Mountain trembled rapidly, turned into a billion feet high, shook violently, and was attracted by the prehistoric Ancestral Dragon.

"Stop!" The ancestor of the true dragon was anxious, and he was furious, and kept pulling the ancestor mountain to prevent the ancestral ancestor mountain from taking control of it. But how could it stubbornly overtake the ancestral ancestor dragon, with a bang, the ancestor mountain was caught Take control quickly, a terrifying force,

Pour into the ancestor mountain.

Hum!

I saw hundreds of millions of divine rainbows exploded on the Ancestral Mountain, and the ancient mountain peaks seemed to have recovered in an instant, blooming with an aura of shock and eternity.

"Kakka!"

Under this breath, the entire dragon world rumbling loudly, as if about to burst.

This ancestor mountain was spurred, and it was several times stronger than when the true dragon ancestor was spurred, as if it had completely recovered, and that breath would burst the entire dragon world.

Opposite, Xiaoyao Supreme couldn't help but frown and change color.

The breath of the ancestor mountain was too strong, and he was not unable to resist this blow, but this dragon world was really going to be broken.

Xiaoyao Supreme raised his hand, hum, Huangtian Tower was moved by him instantly, hovering in front of him, and at the same time hurriedly looked at Qin Chen.

On the True Dragon Continent, the ancestor of the true dragon was also furious, his body surged crazily, and a vague detachment force spread out.

If the True Dragon Continent is really destroyed, then it will fight.

Below, Qin Chen's face was also extremely ugly.

This wild ancestral dragon is too much.

What's this happening?

"The ancestor of the true dragon, this matter is left to me."

Qin Chen said coldly.

"enough!"

boom! The next moment, without waiting for the Honghuang Ancestral Dragon to take action, Qin Chen instantly soared into the sky, and suddenly came between the Honghuang Ancestral Dragon and Xiaoyao Supreme, with an ugly expression on his face.

[Chapter 4437: Nostrils up to the sky](#)

"Qin Chen!"

Upon seeing this, Shen Gong Supreme suddenly changed color and hurriedly drank.

Isn't Qin Chen looking for death? In case that Ancestral Dragon makes a move, with Qin Chen's strength, he can't resist it at all, I'm afraid it will be exploded in an instant.

Too dangerous.

Below, countless real dragon clan powerhouses are also confused.

Isn't this Qin Chen of the human race? A Tianzun dare to go up, isn't he afraid of being blown into ashes?

"Kid Qin Chen, let me go."

Honghuang Zulong suddenly became anxious, and said to Qin Chen.

"Do you still want to turn the sky away?" Qin Chen's face fell gloomy, this great and desolate Ancestral Dragon was so floating, he didn't listen to what he said.

"Master Xiaoyao, don't do it. We came to the True Dragon Clan with sincerity, not for destruction."

Qin Chen said something to this Xiaoyao Supreme.

Xiaoyao Zhizun nodded, smiled and said, "Okay, leave it to you."

Put away the deserted tower, turned and fell down.

This.....

Below, the true dragon ancestor and many other true dragon clan powerhouses are stunned, Xiaoyao Supreme, really gone, where is the human clan left alone?

"Don't you go."

Hong Huang Zulong suddenly became anxious, "This fight hasn't finished yet!"

"What fight, you know fight?"

With a swish, Qin Chen came to the Honghuang Ancestral Dragon, hum, he urged the Ten Thousand Realms Demon Tree in the chaotic world, and a force of contract rose from Qin Chen and Honghuang Ancestral Dragon.

"You're gutted, right? Just regained strength, so arrogant? Don't even listen to Ben Shao's words?"

Qin Chen said with a gloomy expression.

Feeling the power of Qin Chen's contract, Honghuang Zulong's face suddenly collapsed.

It is the power of the Devil Tree of Ten Thousand Realms.

"Ahem, kid Qin Chen..."

"What do you call me?" Qin Chen said coldly.

"Ahem, that little dust, this is a misunderstanding, don't I want to discuss with the Xiaoyao Supreme of your human race?" Honghuang Zulong hurriedly said.

His eyes flickered.

This Lord is not easy to provoke.

In fact, with the current strength of the prehistoric Ancestral Dragon, even if Qin Chen used the Ten Thousand Realms Demon Tree, he might not be able to fully control him.

After all, the Ten Thousand Realms Demon Tree is strong, but he is the top existence among the ancient Chaos Gods and Demons.

But when he thought of the ancient book he saw in his soul lake, Hong Huang Zulong shuddered.

Thinking of Qin Chen's ruling **** thunder, this leg is a bit soft.

"Old ancestor, I think you are really floating."

At this moment, a small dragon at the peak of the late stage flew from the beginning dragon's blood pool in an instant, and suddenly came to the Honghuang Ancestral Dragon, and couldn't help but say.

It is the Nether Giant Claw Red Dragon.

However, today's Nether Giant Claw Red Dragon has turned into a full-body red dragon, full of nether cold air, exuding the power of the frozen void.

"You little guy, step aside, go and go, and join in the fun."

Honghuang Zulong was speechless.

This little guy, what are you doing.

If it weren't for the fact that in the chaotic world before, you accompany you wonderfully to relieve boredom, does this also have your voice?

"Honghuang Zulong, why are you talking to Xiaolong?" Qin Chen's face sank.

"Old ancestors, those who know the current affairs are handsome, cough cough, this is Xiaolong's advice to you." Xiaolong said, and smiled flatly at Qin Chen: "Little lord, do you think it is."

Nima!

It's an entire minister.

Honghuang Zulong glanced at Xiaolong depressedly, but he didn't dare to be arrogant anymore, and smiled at Qin Chen: "Little Chen, didn't I just regain some strength and have some itchy hands? Yes, it's itchy hands. If you don't learn from each other, can you?"

Honghuang Zulong also said flatly.

The previous overbearing arrogance was swept away.

Below.

The real dragon ancestor and others looked at the sky in astonishment.

Although they didn't know what Qin Chen and Honghuang Zulong were talking about, they could still feel the changes in the breath of Honghuang Zulong.

Can not help but dumbfounded one by one.

Who is this Human Race kid? Even this terrifying chaotic powerhouse is trembling in front of this human race boy?

Then the next moment, they were even more dumbfounded.

He saw Honghuang Zulong suddenly shrinking in size, then Qin Chen held his ears and quickly fell down.

"Hey, lighten it, Shao Chen, don't you make it lightly? In front of our younger generation, you should give me some face to Lao Long anyway."

Honghuang Zulong hurriedly shouted.

This... ashamed.

In front of so many beautiful female dragons, it was too shameful to be held by Qin Chen's ears.

"Huh, do you know you need face at this time?"

With a cold snort, Qin Chen also let go of the ears of the great dragon ancestor, and went straight to the real dragon ancestor and Jinfeng Zhizun and other powerful real dragons. He immediately arched his hands and said: "True dragon ancestor, true dragon patriarch, previously Offend, please Haihan."

"This...you're polite."

The ancestor of the true dragon suddenly became a little confused.

After Qin Chen's baptism in the Beginning Dragon's Blood Pond, the aura on his body became deeper and stronger, but in front of a strong person like the True Dragon Ancestor, he was still very weak.

But at this time, the ancestor of the true dragon didn't dare to put on the slightest air, and hurriedly gave up.

"I wonder if this is..."

"This one is called the ancestor."

Honghuang Zulong snorted coldly.

In front of Qin Chen, he was respectful, but in front of the true dragon ancestor, he instantly put on the air, but he put it on, his eyes narrowed again.

The ancestor of the real dragon really looks more and more beautiful.

Gee!

This hot body.

"you....."

boom!

The ancestor of the true dragon became angry again, this guy is too hateful.

Qin Chen glanced at the Honghuang Ancestral Dragon speechlessly. Before this guy said that the true dragon ancestor had a good figure, and he actually set up his profile in front of the beautiful...

No wonder being single for a lifetime.

This is not going to pick up girls at all.

"Qin Chen, it's better to introduce."

Xiaoyao Supreme smiled.

"Well, let me introduce..."

Qin Chen pointed to the wild ancestral dragon and said: "This is the wild ancestral dragon, the ancient chaos **** and demon, the original creature!"

"what?"

"Chaos God Demon?"

"Once upon a time?"

"Honghuang Ancestral Dragon?"

The true dragon ancestors, Jinfeng Zhizun and other strong real dragons changed their colors.

how can that be?

"What you said is true?" The voice of the ancestor of the true dragon trembled a little, looking at Qin Chen in disbelief, "Is he really an ancient ancestor dragon?"

The ancestor of the true dragon was shocked.

If what Qin Chen said is true, then this primordial ancestor dragon might have some origins with their true dragon ancestors.

"Naturally, it is true, can it be faked?" Honghuang Zulong raised his head proudly, "The founding dragon of your true dragon clan is actually a clone of the original ancestor."

"My ancestor was trapped in the Vientiane God on the battlefield of ten thousand races for hundreds of millions of years. I couldn't think of a clone that my ancestor was given out back then, and such a huge race was born in this universe. It's not bad, not bad, not losing my ancestor. face."

Honghuang Zulong raised his head proudly, his nostrils turned upright.

Everyone around was shocked, and even Xiaoyao Supreme looked over in surprise.

This true dragon clan turned out to be a clone of this wild ancestral dragon. Is it true?

The true dragon ancestor's face sank, and he said solemnly: "Your Excellency, please don't slander our ancestors, otherwise, even if you are not your opponent, you will never stop."

boom!

Terrible murderous intent broke out on the true dragon ancestor.

"You still don't believe me." Honghuang Zulong said lightly, and suddenly a terrible breath filled his body.

It is the breath of Zulong.

Suddenly, the blood in the bodies of all the real dragon experts present surging, was strongly suppressed, as if they were suppressed by craziness, even if it was the ancestor of the real dragon, the blood of the real dragon in the body was somewhat stagnant.

This makes it suddenly change color.

"This... how could this be?"

It horrified.

Could it be that the dragon in front of me was really their ancestor, it was incredible.

"You still don't believe it?"

Honghuang Ancestral Dragon chuckled. When he raised his hand, four drops of essence and blood suddenly entered the body of the four true dragons including Jinfeng Supreme.

The four supreme true dragons could not resist at all, and could only watch the blood of this true dragon enter their bodies.

next moment.

Boom!

A terrible breath burst out from the bodies of the four.

"Roar!"

The four true dragon supreme, the aura on the body instantly became more terrifying, directly evolving the true dragon body, even the human body could not hold it, a kind of wild and chaotic power, quietly surging out.

"This....."

"What happened?" The four true dragon supreme looked down at their bodies, shocked. On their bodies, the dragon scales became more fierce, and there were terrible lines on the dragon scales, and the whole body became Even more terrifying, a wild atmosphere,

Directly diffuse out.

Sharp claws are fierce, dragon teeth are fierce!

This breath, as if they had walked out of the ancient chaos era, gave them an inexplicable transformation from the inside to the outside.

It comes from the transformation of blood.

After absorbing this drop of essence and blood of the Primordial Ancestral Dragon, although the cultivation base of the four true dragon supreme remains unchanged, their temperament has undergone earth-shaking changes, as if they were completely reborn.

"This is... the ancestor!"

Xiaoyao Supreme said in a deep voice, looking at Honghuang Zulong's face in shock.

The supreme divine work was also shocked.

Xu Gu Zhizun is also regarded as a clan of space ancient beasts, and understands the phenomenon of returning to ancestors, and can't help but be shocked.

This phenomenon can only be explained by one situation, that is...returning to ancestors.

The so-called return to ancestors is the blessing of the power of the ancestors, which makes the power of a certain race more inclined to the power of the ancestors. This can only be done by the powers of the same blood and the same race.

But now a drop of blood of the Primordial Ancestral Dragon can make such a change in the temperament of the four supreme powers of the True Dragon Clan, which shows that the bloodline of the Primordial Ancestral Dragon is exactly the same as that of the four supreme powers of the True Dragon.

Otherwise there will be no such change at all.

At this moment, the ancestor of the true dragon was also shocked, looking at the prehistoric ancestor dragon in disbelief.

This powerhouse, who is a little frivolous, but exuding a breath of palpitations, is really the ancestor of its true dragon clan?

Honghuang Zulong said proudly: "Humph, do you believe it now?"

"wrong!"

The ancestor of the true dragon shook his head.

"What's wrong?" "Your Excellency previously swallowed the first dragon blood pool of my true dragon clan. The first dragon blood pool was the flesh of the founding ancestor of my true dragon clan. In other words, your Excellency condensed the first dragon blood pool, which naturally contains me. The power of the bloodline of the clan Shilong, activate Jinfeng and their blood

Pulse is not impossible. "

The ancestor of the true dragon said solemnly. It has to be cautious because of the origin of their true dragons.

[Chapter 4438: Some promise](#)

This...really so.

Xiaoyao Supreme and they all came to see that the Primordial Ancestral Dragon was indeed a flesh body that had swallowed the power in the blood pool of the First Dragon. Even if it could activate the blood of Jinfeng Supreme, it could not be the ancestor of the True Dragon.

"I fuck..."

Hong Huang Zulong is speechless, are you too caressing about this?

He turned his eyes, pondered for a moment, and said, "The ancestor has other ways to prove it."

"boom!"

A terrifying dragon soul power surged out of the body of the primordial ancestor dragon, and an invisible dragon soul power filled the world in an instant.

What a terrible dragon soul breath.

The true dragon ancestor changed color and raised his head in amazement. This dragon soul was so powerful that it exerted tremendous pressure on it from the root of the soul.

In fact, in terms of cultivation, it has already touched a trace of detachment. It is not weaker than the ancient dragon. But when the power of the dragon soul of the ancient dragon is released, the ancestor of the real dragon suddenly stands at the foot of the mountain and looks up. The feeling of god.

This kind of soul suppression made it impossible to show the courage to resist.

"Horrible soul power."

Xiaoyao Zhizun and Shengong Zhizun looked at each other with solemn expressions.

I have to say that the soul of Honghuang Zulong is too strong, even Xiaoyao Supreme is a little dignified.

Only Qin Chen had no accidents.

The ancestral dragon was trapped in the Vientiane God for hundreds of millions of years. Without a physical body, it could only cultivate the power of the dragon soul for hundreds of millions of years. This also caused its soul to become a vast lake of souls.

At the beginning, Qin Chen was almost captured by the power of the dragon soul of the prehistoric ancestor dragon. If it hadn't been used for the ancient book, Qin Chen would have been swallowed by the dragon soul of the prehistoric ancestor dragon.

It can be said that the dragon soul of the prehistoric ancestor dragon is so strong that it has been shining through the past.

At this moment, on the True Dragon Continent, countless true dragons raised their heads in horror and knelt down on the ground, shivering under the mighty dragon.

"Well, you can be regarded as members of the original ancestor. The original ancestor is resurrected today. It should be celebrated in the whole world." Longhong said the original ancestor.

"boom!"

An ocean-like soul lake rose to the sky. On this real dragon continent, it exploded violently. The power of the soul filled the sky, turned into drops of water, and quickly integrated into the body of every real dragon expert present. in.

"Hohoho!"

Suddenly, the endless roar sounded, and many true dragons of the true dragon clan after obtaining the dragon soul of the ancestor dragon, all of them bloomed with terrible dragon power.

In an instant, the dragon might soar into the sky on the entire True Dragon Continent, and the aura of true dragons turned into terrible dragon auras, permeating the entire dragon world.

And, bang bang bang, the terrifying cosmic supremacy between heaven and earth was suppressed. At this moment, I don't know how many true dragons directly broke through to the realm, becoming the earthly respect, the heavenly respect, as for crossing the small realm, let alone Up!

Even some true dragons who have not made a breakthrough will be greatly benefited in the future under the blessing of the dragon soul aura of the ancestral dragon, and will have a breakthrough sooner or later.

It can be said that this time the rain and the rain of the great ancestral dragon is an extremely huge gift for the true dragons.

"how?"

The Honghuang Ancestral Dragon looked at the true dragon ancestor, "Even though the original ancestor's body was rebuilt in the blood pool of the original ancestor, the dragon soul of the ancestor was cultivated by himself. Is it the same origin as your true dragon?"

Honghuang Zulong said proudly.

"Junior, I have seen the ancestors!"

The ancestor of the true dragon completely admired and saluted immediately.

This drop of dragon soul made the true dragon ancestor instantly understand that the primordial soul in front of him was indeed the inheritance of its true dragon clan in ancient times.

"do not!"

Honghuang Zulong hurriedly helped the ancestor of the true dragon: "What ancestor, although the true dragon clan is inherited from the original ancestor, in fact, hundreds of millions of years have passed. Er et al. has no direct blood connection with the original ancestor. See you."

"This..." The real dragon ancestor blinked his eyes: "Then what should I call you?"

"It's fine to call me an ancestor of the great ancestor dragon, or ancestors, cough, don't call the ancestors so alien, as if there is a direct blood connection." Honghuang Zulong coughed, looking at the true ancestor of the dragon. His eyes were a little straight.

"Yes, Master Ancestral Dragon."

The ancestor of the true dragon was a little uncomfortable with the eyes of the ancestor dragon, and his body was a little hot.

"Come and come, don't talk here, let's go to the Real Dragon Hall, set up a banquet, and celebrate the rebirth of the ancestor and the restoration of the flesh." Honghuang Zulong smiled.

"Yes!"

Knowing the identity of the ancestor dragon, the ancestor of the true dragon naturally didn't dare to put on any airs, and immediately ordered a banquet.

"Little Chen, go. When you arrive at this True Dragon Ancestral Land, you will be like yourself from now on." Honghuang Ancestral Dragon said with a grin, looking like a master, pulling Qin Chen and flying away.

"Let's go."

Xiaoyao Zhizun and Shengong Zhizun looked at each other and laughed, and the group headed to the True Dragon Hall.

Real Dragon Hall.

The real dragon clan masters have arranged the banquet for a long time, and all kinds of rare and exotic animal shops are everywhere, and the fragrance is fragrant.

"Come, come, less dust, come here!"

Hong Huang Zulong pulled Qin Chen towards the upper seat.

At this time, all the real dragons present have turned into human forms, but there are still dragon horns, dragon claws, and dragon scales possessed.

Qin Chen looked at Xiaoyao Supreme, Xiaoyao Supreme suddenly smiled and said: "Qin Chen, since Senior Ancestral Dragon has let you sit, you are ready to sit."

Xiaoyao Zhizun didn't care, and found a place to sit down at will, and Shengong Zhizun and Xugu Zhizun also sat beside him.

On the side, Jin Feng Zhizun, the patriarch of the True Dragon tribe, was a little speechless.

Originally, the true dragons were the ancestors of the true dragons, but when the ancestors of the real dragon came, they regarded themselves as their masters, but the ancestors of the ancestors were still their ancestors, and they were suppressed by blood and dragon souls. Jinfeng Supreme and they also smiled bitterly.

Sitting down on the banquet, Hong Huang Zulong directly picked up a thick barren animal leg and bit it. While eating, his mouth filled with oil and he showed a satisfied expression.

That's so cool.

This is enjoyment.

Hehe!

In the main hall, some maids of the true dragon clan brought a variety of delicious food. The Honghuang Zulong watched these maids while eating, their eyes straightened, and they kept shining.

So many female dragons!

The gaze of Honghuang Zulong was like seeing a wild dog with fleshy bones, causing Qin Chen to tremble and get goose bumps.

"By the way, where is the ancestor of the true dragon?" Honghuang Zulong suddenly wondered.

"Master Ancestor will come soon."

Jinfeng Supreme connected, and as soon as his voice fell, he saw the ancestor of the true dragon appear in the hall.

Suddenly, everyone's eyes became round.

Is this still the ancestor of the majestic and boundless true dragon that flooded the endless sky?

The ancestor of the true dragon that appeared in front of everyone, wearing a veil-like silk, appeared in a misty posture, like a fairy dragon, descending in the hall.

Then the money came over.

"You..." Honghuang Ancestor Long's eyes widened, the dragon's mouth opened, and the halazi was almost flowing down.

"Ahem."

Qin Chen coughed hurriedly, secretly transmitting, "Image, pay attention to image."

"Oh, oh!" Honghuang Zulong just reacted and hurriedly recovered, wiped the corners of his mouth, and suddenly a lot of water dripped down.

"Come, come, sit here."

The great ancestor dragon hurriedly turned sideways to let the true dragon ancestor come up.

"Ao Ling has met Senior Ancestral Dragon Honghuang."

The ancestor of the real dragon smiled.

"Ancestor, you..."

Jinfeng Zhizun was also dumbfounded, the ancestor also recovered his human form, and was he so amazing? He even used his young name.

It should be understood that when they reach their level, their appearance and skin are just a matter of thought, but the general strong will still become more solemn according to their age and status.

Jinfeng Supreme and the others have never seen the appearance of the ancestor.

The ancestor of the true dragon immediately sat down next to the prehistoric ancestor dragon. After all, it was the ancestor of the true dragon clan. Then he raised his glasses to Xiaoyao Zhizun, Qin Chen and others: "Several people, there are many offenses today, please forgive me. ."

"Where!"

Qin Chen hurriedly picked up the cup.

Xiaoyao Supreme is also a little dazed.

"Let me introduce them. These are the four supreme lords of my True Dragon Clan, the patriarch Jinfeng Supreme, Blue Pattern Supreme, Zhentian Supreme and Chi Yao Supreme. They are all the mainstays of my True Dragon Clan."

Ao Ling, the ancestor of the true dragon, smiled.

"I've seen Xiaoyao Supreme, Qin... Shao Chen... and Shen Gong Supreme, Xu Gu Supreme."

Jinfeng Supreme and they all toasted one after another.

It's just that the look is a bit dreamy.

Not long ago, they were still eyeing each other. How come they all sat on a table in the blink of an eye, and they were so friendly?

"Come, come, come."

However, since the first ancestors did this, Jinfeng Zhizun naturally understood etiquette and began to toast frequently.

After three rounds of wine and five flavors of food, under the enthusiasm of Jinfeng Supreme and their enthusiasm, the atmosphere instantly became eager.

"This... Mr. Chen, right? I don't know why your Excellency is with the ancestors of the great and wild Ancestral Dragon of my clan? Ao Ling is very curious. My ancestor of the True Dragon clan seems to be quite respectful to Shao Chen.

The ancestor of the true dragon looked at Qin Chen with a smile while holding up the wine glass, his eyes flickering.

This is the doubt that it has been unable to understand.

Qin Chen couldn't help feeling a little in a daze when he saw the dignified true dragon ancestor actually raise a glass to toast to himself.

This is... a strong man who is close to detachment?

"Haha, the ancestor of the true dragon ancestor, there is indeed some relationship between me and the great ancestor dragon." Qin Chen said with a smile.

"Little dust, let me talk about it." Honghuang Zulong hurriedly said: "Ao Ling, Shao Chen is the ancestor's lifesaver. Back then, the ancestor was trapped in Vientiane, but if it were not for the dust, the ancestor would not be able to escape. It's impossible to come to this real dragon ancestor land to re-condense the flesh, so the ancestor will be right

Shao Chen is so polite, the original ancestor Hong Huang Zulong, the original creature at the time, and the top powerhouse in the universe at the time, naturally knows the report of Zhien. Shao Chen, don't you think? "

Qin Chen smiled and said, "It is true, but at first, Honghuang Zulong was unwilling to agree to Ben Shao's request. It was because Ben Shao gave him some promises that he finally agreed to follow me and leave Wanxiang Shenzang."

"Promise?"

Ao Ling, the ancestor of the true dragon, was surprised. I don't know what promise he could make the ancestor of the real dragon change his mind at once?

"Oh, it's nothing, it's not a bad thing, it's nothing more than because the ancestral ancestor dragon has been trapped in the Vientiane God for hundreds of millions of years, and is very lonely, so Ben Shao promised that he would find some female dragons for him."

Qin Chen said with a smile.

"Little dust, don't..." Honghuang Zulong suddenly howled like a pig.

[Chapter 4439: Sincere](#)

"Little dragon?"

Everyone looked at the Great Ancestral Dragon in disbelief, and their eyes became very strange for a while.

Is what Qin Chen said true?

The dignified ancient Chaos God and Demon, the primordial soul, the ancestor of the true dragon clan, was brought out by Qin Chen who asked him to find a few female dragons for him?

This...Is this prehistoric ancestor dragon too luscious, or is the opponent too foolish?

"Ahem, everyone, this is a misunderstanding."

Honghuang Zulong's face was green, and he screamed and hurriedly explained.

What's this... I'm so embarrassed, can Young Chen not be so honest? Qin Chen looked curiously at the great and wild Ancestral Dragon, "What's the matter with you? Finding a few female dragons for you is not a damaging thing, right? After all, you have been trapped in the Vientiane God for hundreds of millions of years. After so long, accumulated for tens of thousands of years,

It must have suffocated you. "

"What I promised you back then, I must do it for you, how can it be unbelievable? Now that I have finally come to the true dragon ancestor land, I naturally have to fulfill my original promise."

"However, you've been holding back for hundreds of millions of years. I'm afraid that a little female dragon will not be able to bear it. Why don't you find a few more for you?" Qin Chen said with a smile while looking at the many true dragon maids present, smiling. : "If you are interested in Senior Ancestral Dragon, you can think about Senior Ancestral Dragon. Although this guy has a bad temper, he is still very good.

of. "

"Don't, Little Chen, no, Brother Chen, Lord Chen, can't I make a mistake?"

The great ancestor dragon wants to cry without tears.

He wanted to find the little dragon, but it was too embarrassing to say it in this grand-sounding hall. Where should he put his dragon face in the future?

Next to Qin Chen, Xiaolong was eating something, and almost didn't laugh when he heard this.

I made you float in front of Shao Chen just now, now it's all right, you got retribution, right?

now.

The atmosphere of the entire True Dragon Hall became extremely weird, and all the servants of the True Dragon clan looked at the ancestral dragon with shame.

No wonder this ancestor, who always stared at them before, turned out to have that kind of thought, which is really shameful.

It's not serious!

These true dragon maids were shy.

And Xiaoyao Supreme and Shengong Supreme were also a little dazed. I didn't expect that the predecessors of Honghuang Zulong would actually make such a request. This is too trivial, weird.

"Ahem, everyone, listen to my explanation, it's really not like that." Honghuang Zulong explained hurriedly.

Without explaining, he is afraid that he will die. "The reason why I agreed to this request was that Shao Chen took the initiative. As for me, I have a good heart. Actually, I had made up my mind to come out with Shao Chen. I took advantage of this excuse to agree to it. Will cause this

A misunderstanding. "

Hong Huang Zulong looked upright and said, "Everyone doesn't want to think about it. How can I make such a trivial request? This is impossible? Everyone says yes."

While talking, Honghuang Ancestral Dragon took the hand of the true dragon ancestor and looked at each other sincerely: "Ao Ling, and everyone, you must trust me."

On the side, Jinfeng Zhizun and the other four true dragons saw that the ancestor dragon was still holding the hand of the true dragon ancestor, his eyes were green.

This.....

Xiaoyao Zhizun smiled and said: "Hong Huang Zulong, I will believe you, but you explain to explain, can you let go of the hand of the real dragon ancestor first? Cough cough, I haven't drunk much, I should pay it back Isn't it high?"

"what?"

Honghuang Zulong hurriedly let go of the hand of the ancestor of the real dragon: "Ahem, this... Don't get me wrong, I was too excited before, so accidentally, Ao Ling, don't get me wrong, I'm not the kind that will occupy others. Cheap people."

Honghuang Zulong hurriedly said.

"I know that Senior is the founding ancestor of my True Dragon Clan, how could he do such a thing to me."

The ancestor of the real dragon flushed and said.

"Ahem, although I am the founding ancestor of the True Dragon tribe, in fact, there is no blood relationship between you and me. Don't get me wrong." Honghuang Zulong said.

Qin Chen smiled and said: "The real dragon ancestor, the reason why the great ancestor dragon said this, in fact, means that you are not blood related and can love freely, which does not violate ethics."

"By the way, I don't know the true dragon. Does the ancestor have a marriage? If not, you can consider the ancestors of the ancestors. It is a good story. Although the ancestors of the ancestors are not serious, they are really good dragons. I can guarantee this.

certificate. "

"Little dust..."

On the side, Jinfeng Zhizun and other True Dragon Supreme's faces changed.

Is the opponent teasing the ancestor of his true dragon clan?

The face of the ancestor of the true dragon changed slightly.

"Kid Qin Chen, don't talk nonsense." Honghuang Zulong also hurriedly said, "Ao Ling is the ancestor of the true dragon. You are like this. The beautiful lady knows that if you don't know, how can the ancestor do anything to bully others."

Xiaoyao Supreme and Shengong Supreme also sweated on their foreheads.

They found out that Qin Chen was a lawless guy.

Actually in the True Dragon Hall of the True Dragon Ancestor Land, speaking for the true dragon ancestor of the True Dragon clan, such a thing could only be done by Qin Chen. Qin Chen didn't care, and smiled: "Senior Ancestral Dragon, don't argue, I'm also doing this for your own good. When you first saw the Ancestor of the True Dragon, you didn't even say that the Ancestor of the True Dragon was beautiful, Great figure, your favorite type

? "

"Now that you have finally gotten out of trouble, you still let go of your face and pursue a beautiful woman, what else is there. For hundreds of millions of years, you have been single for long enough." Qin Chen suddenly came out of this sentence, and he felt a little bit It's funny, think about the color dragon that has been trapped in Vientiane for so many years. How lonely, I'm probably going crazy. Before he looked at the real dragon ancestor's eyes, those eyes were fast.

Straight.

Be serious now!

It's simply a guy with a color heart and a bold color.

"I, cough cough..." Hong Huang Zulong was about to vomit blood in depression.

Qin Chen was too shameless.

He has a bitter face.

But my heart is also emotional.

What Qin Chen said was not that he was bitter, and he couldn't help tearing up when he thought of the tragic days in the Vientiane God Treasure. "So, I'm serious. The ancestors of the great ancestor dragon have extraordinary strength, supernatural powers, and being able to be his partner. That is not what ordinary dragons can do, and the ancestor of the true dragon is the power of the true dragon family today. Tongtian is a true dragon

, Work hard, worthy of admiration. "

Speaking of this, Qin Chen sighed and looked at the ancestor of the true dragon, Jinfeng Supreme. "Now the undercurrent of the universe is surging, and the tens of thousands of races are vying for the front, and the demons are colluding with the dark forces to annex all the races and take control of the

universe. Although the true dragon race is in a neutral position, can it really be completely neutral and never mix with the two races of humans and demons? Conflict?

? "

"With the ambition of the demons, we will definitely not give up. In the future, there will be a war of all races. The neutral true dragons will definitely be targeted by the demons and be in danger."

"By then, with the strength of the true dragon ancestor, you can really protect the true dragon clan from being invaded by the demon clan? Don't you stand in line? If this young man guessed correctly, the demon clan should have found you the true dragon ancestor many times, right?"

The face of the ancestor of the true dragon changed slightly.

indeed.

These years, the true dragons have been neutral, how can they be completely neutral?

Even if the true dragon clan gave up control of some areas of the universe, it just lived in this true dragon ancestor land, and did not even set foot on the battlefield of the ten thousand clan at will, but the demon clan still found it many times in secret.

Not to mention the Mozu, the Xiaoyao Supreme in front of you has also been here several times.

Over the years, the ancestor of the true dragon has been trembling and guarding the true dragon clan. Has he ever truly felt relieved?

absolutely not.

At this moment, it could not help being silent.

On the side, Jinfeng Zhizun and the other four Supremes were also silent.

They are also the rulers of the True Dragons, and they naturally understand the difficulty of the True Dragons wanting to be neutral in the universe today.

"Oh, it's difficult." Qin Chen sighed, "True Dragons are the top ten big clans of the universe. No one is afraid and no one cares. There really is a day when the two races of humans and demons will fight again, like the true dragons. Of neutral races, I'm afraid it will be the first to suffer.

Before the war, it will definitely be dealt with. "

"Although the cultivation base is not high at the bottom, I can also experience the trembling of the true dragon ancestor, walking on thin ice."

Listening to Qin Chen's words, the heart of the ancestor of the true dragon trembled, and an inexplicable tremor appeared.

Qin Chen said these words directly to his heart.

To outsiders, it is the ancestor of the True Dragon Clan, with great power, superior strength, and independence.

But why doesn't it know that although the true dragon clan is strong, there is still a big gap compared to the human and demons.

In order to make the true dragon tribe settle down in this chaotic situation, how trembling it was, walking on thin ice, for fear that it would make a mistake and bring the true dragon tribe into the abyss. "The ancestor of the true dragon is too difficult." Qin Chen deeply felt: "Now, the predecessor of the ancient dragon is resurrected. As the founder of the true dragon tribe, the predecessor of the real dragon should have the responsibility to guard the real dragon. There are some heavy burdens, which should not be. It's all under the real dragon

Your body, ancestor, should be pressed on the body of the great ancestral dragon, on the Jinfeng Supreme Patriarch and every true dragon clan in the entire true dragon ancestral land. "

"It is not the responsibility of one person to guard the race, but the responsibility of a race."

After listening to Qin Chen's words, Jinfeng Supreme and the others looked at Qin Chen, and suddenly felt that Qin Chen's words had come to their hearts.

Over the years, seeing Master Ancestor guarding the true dragon clan alone, they felt very uncomfortable in their hearts and felt distressed for Master Ancestor.

It's just a woman!

How many years has it been? Everyone has almost forgotten. The true dragon tribe took office as the ancestor, and Ao Ling's father fell unexpectedly. At that time, Ao Ling was the only true dragon tribe who could inherit one of the ancestors, and he resolutely assumed the responsibility left by the ancestor.

Silently guarding the true dragons to this day.

Who can tell the suffering in its heart?

If Zhen was able to marry the Great Ancestor Dragon, the True Dragon tribe would have another patron, and the Ancestor of the True Dragon would finally be able to rest.

"Ancestor, you..."

Jinfeng Supreme and the others, all looked at the ancestor, a little moved, and wanted to dissuade them, but did not dare to speak. "Senior Ancestral Dragon, although he looks bad-tempered and not serious, but he has to say that he has a good blood and a long...reluctantly handsome and handsome, mighty, there are some, and it is the most noble in ancient times. The primordial soul,

Chaos God and Demon. "

Qin Chen said.

Hong Huang Zulong was immediately dissatisfied, "Kid Qin Chen, am I barely handsome?"

"To shut up!"

Qin Chen charged him angrily, didn't he see that he was playing matchmaking for you?

Hong Huang Zulong stopped talking immediately.

Qin Chen continued: "To be honest, if Senior Ancestral Dragon does not stay in the True Dragon clan, and goes to those Yalong tribes of the Demon Race, I am afraid that there are countless little dragons who want to enjoy the grace and rain of Senior Ancestral Dragon. Right."

The ancestor of the true dragon and the many female dragons present suddenly changed their colors.

Not to mention, what Qin Chen said is not rough.

Not to mention the identity, just the strength of the prehistoric ancestor dragon, go to the monster clan, fearing that countless monster clan little fairies, all pounced like the crazy bee wave butterfly.

"However, Senior Ancestral Dragon has a true dragon clan in his heart, and he must come to see the true dragon ancestor land. I think he is most concerned about the true dragon clan."

Qin Chen looked at the ancestor of the true dragon: "The most important thing is that I think he is sincere to you, the ancestor of the true dragon. If you can, I also hope that you can give the ancestor of the true dragon an opportunity." Qin Chen is sincere.

[Chapter 4440: A big gift](#)

At this moment, Qin Chen was full of emotion and expression, and his expression was sincere.

He looked at the ancestor of the true dragon and said affectionately: "Even if you don't give the predecessor of the great dragon ancestor a chance to pursue you, please give him a chance to protect the true dragon clan."

"An opportunity to protect you."

"This is what he, as the founder of the true dragon clan, should do."

"Senior Honghuang Zulong, what do you think?"

Qin Chen looked at Honghuang Zulong.

The Honghuang Zulong was stunned by Qin Chen's words.

This.....

Is he so noble?

Obviously, it's just that some places are a little eager to move, how come to Shao Chen's mouth, he has become so great? Listening to me, I feel a little excited.

"Ahem, indeed, Shao Chen is right, the true dragon clan can also be regarded as the descendants of the ancestor, and the origin of the ancestor."

"If the ancestor is still in Vientiane, I don't know it, so I can just ignore it."

"But now that it is here, naturally you must not let the heavy responsibility of protecting the ethnic group fall on you alone."

"Women should be used to pet, not to suffer."

The great ancestor dragon took the hand of the ancestor of the true dragon, raised his head and said righteously: "It is incumbent on the ancestor to protect the true dragon clan. As for the marriage and partner mentioned by Chen Shao, these are not forced, everything is required. See fate..."

Jinfeng Zhizun frowned when he saw this scene.

This predecessor of the great ancestor dragon said, why did he pull the hand of the ancestor again?

Is it too much?

He coughed and was just about to speak. On the side, Qingwen Zhizun suddenly stabbed him in the waist, motioned to the true dragon ancestor with his eyes, and said through the voice: "The ancestor did not resist, what are you talking about."

Uh!

Jinfeng Zhizun looked at the ancestor of the true dragon, and sure enough, the ancestor of the true dragon seemed... did not resist!

This.....

The atmosphere suddenly became more subtle. When Qin Chen saw this, his heart moved, he glanced at the predecessor Ancestral Dragon, and said with disdain: "Senior Predecessor Ancestral Dragon, I really don't understand your true dragons. They all say that we humans are hypocritical, and your true dragons are even more hypocritical than us. Some Long Mingmingxin

I really wanted to, but didn't dare to say it, pretending to be a gentleman. "What's the embarrassment? Pursuing a partner is the nature of all races. To be frank, how happy mating is, it is the process of beings seeking the truth. You obviously love the ancestor of the true dragon, why don't you express it directly

What? There are a lot of reasons to have to be high-sounding! "

"It's better to be straightforward and show our love for the true dragon ancestor. Instead, we admire your courage."

"Of course, if the true ancestor of the dragon has no feeling for you, and you have to mess around and forcefully ask for love, the young master will definitely not agree."

Qin Chen said directly.

Xiaoyao Supreme and Shengong Supreme have looked silly.

In terms of strength, they are strong.

Speaking of flickering, this Qin Chen realm is not beyond the realm...

No one can resist at all, describing that kind of thing as a process of beings pursuing the truth, high, high in reality.

"Master Ancestral Dragon, I think that the little lord is right. I am also a true dragon clan, and I want to see Master Zulong and you and Master Ancestor True Dragon can be happy."

At this time, the little dragon who had been immersed in the bitterness suddenly raised his head, his mouth filled with delicious food, and said vaguely.

go with!

What are you mingling with.

Honghuang Zulong looked speechless.

but.

What Qin Chen and Xiaolong said was in his heart.

He looked at the ancestor of the true dragon, the other party was now bowing his head, not knowing what he was thinking, and said nothing.

"Honghuang Zulong, what are you doing in a daze? Why don't you start pursuing it? Ben Shao has helped you get here." Qin Chen's voice sounded in Honghuang Zulong's mind: "You are a fool, you are not yet at this time. If you dare to pursue it, I despise you."

Qin Chen's face was speechless, he was too scared, right?

Qin Chen had to wonder, in the ancient times, did this great and wild ancestor dragon also have no object, and was always single?

Isn't it a virgin dragon?

Qin Chen's eyes were round.

"Ahem."

The atmosphere was so high that Honghuang Zulong couldn't help it. He gritted his teeth and laughed loudly.

"Hahaha, little dust, I can't think of my dignified chaos **** and demon, the ancestor dragon, and I still want to listen to your teachings, but you are right, my true dragon clan, acting recklessly, how can I be in the unexpected world."

The ancient dragon turned his head and looked at the ancestor of the real dragon.

"Aoling!"

He clenched the hands of the ancestor of the real dragon, the body of the ancestor of the real dragon couldn't help shaking, but his hands remained motionless, allowing him to be held tightly by the ancestor of the great dragon. Hong Huang Zulong looked at the true dragon ancestor affectionately, and his eyes were affectionate: "Shao Chen is right. There is something that has been hidden in my heart. I have never dared to say it before. I am afraid that it will be abrupt. Now since Chen Shao Say it, then I will just say it.

"In fact, from the first moment I saw you, I was completely moved by you. Your temperament, your figure, your appearance, everything about you, all moved me deeply and made me feel , You are the one I will look for in my life

."

"However, I am afraid, afraid of being rejected. After all, I am also the ancestor of the true dragon clan, and face is always needed." "But Xiao Chen's words are like a blow, he is right, pursuing a partner, It's the process of beings pursuing the truth. There is nothing to be embarrassed about. Our generation walks against the sky and enjoys the world. What we seek is the understanding of our thoughts, and what we seek is the pursuit of our heart.

Recklessly. "

Hong Huang Zulong firmly held the hand of the real dragon ancestor, and said affectionately: "Here, I want to tell you, in fact, from the first sight of you, I have fallen in love with you."

The ancestor of the true dragon trembled slightly.

"Don't rush to refuse first."

Hong Huang Zulong hurriedly said, with a sincere tone: "No matter whether you accept me or not, I want to say that you are the one I have identified in this life."

"I fell in love with you not because of your appearance, not because of your body, and not because of your appearance, but because of your heart."

"For the true dragon clan, you are a woman who has been supporting the true dragon clan silently for so many years. I know how bitter your heart is, but you have never said anything about it."

"In today's chaotic universe, what pressure you have to face, my ancestor knows very well."

"But you just took it abruptly."

"It's too difficult. You are the dragon girl with the strongest heart but the weakest in my ancestor's life."

Hong Huang Zulong is deeply affectionate, and his eyes are full of compassion. "The universe is very big, but it is very small. Thank God for allowing me to meet you at this time. I was born before I was born, and when I was born, I am old, but God, let us meet you in such a way, I think this should be the legendary fate, right?!"

"

"Between you and me, it's destined by heaven."

"Regardless of whether you agree to me in the end, this true dragon clan, the ancestor will guard it."

Hong Huang Zulong stood up, domineering.

"From now on, the true dragons will be covered by my ancestral dragon. With me, no one can bully you to Ling'er. Whoever wants to bully you should step over the corpse of the original ancestor."

boom!

The arrogance of the prehistoric ancestor dragon is above the clouds, and the aura of the dragon soul on his body shocks the world and sensation forever.

On the side, both Xiaoyao Supreme and Shengong Supreme looked dumbfounded.

The barren beast's legs in Xiaolong's mouth also fell.

Everyone got goose bumps all over.

This is too numb.

A good banquet has become a blind date meeting?

Happiness!

In the silent hall, there was a burst of applause.

It's Qin Chen.

He picked up the tablecloth on the table and wiped his eyes.

"It's touching, it's so touching."

Qin Chen's eyes were full of tears. "Senior Ancestral Dragon, I didn't think you were such a loving and righteous dragon. I thought that your love for the true dragon ancestor was just the pursuit of a gentle lady and gentleman. But now, I feel extremely ashamed. To the true dragon ancestor

Love is too sacred, I think it is too dirty, sorry. "

Qin Chen stood up and bowed deeply.

On the side, Xiaoyao Supreme and Shengong Supreme were already dumbfounded, and Jinfeng Supreme and Qingwen Supreme were all dull.

The ancestor of the true dragon didn't say a word, just let the wild ancestor dragon pull with both hands.

The scene was a little embarrassing and silent for a while.

Oh shit.

What is this great ancestor dragon doing?

Qin Chen couldn't help being speechless when he saw this.

"Honghuang Zulong, I have set the atmosphere to this point, why don't you take the initiative?"

"Little dust, how can I take the initiative? This true dragon ancestor didn't agree?"

Honghuang Zulong responded with a guilty conscience.

Qin Chen: "..."

He really wondered if this great ancestral dragon was really a virgin dragon, he didn't understand it?

"Fuck, the ancestor of the true dragon is a dragon girl. You have already said this. If they wanted to refuse, they would have refused. Now they don't say anything. You are still holding your hand. Don't you understand?"

Honghuang Zulong said stupidly: "What do you understand?"

Qin Chen was going crazy.

Is this great ancestor dragon stupid? You have to teach it yourself? Wouldn't you have to teach yourself even when you go to bed?

"Naturally, he hugged them directly, they have already tacitly agreed."

"what?"

Honghuang Zulong was stunned.

Is this the default?

Bang bang bang!

His heart was beating wildly, excited.

"Ao Ling, don't worry, I will treat you well in the future."

Honghuang Zulong stammered at the true dragon ancestor.

Oh my God!

Qin Chen helped his forehead, and he really lost to the predecessor of Ancestral Dragon.

He could see it, this great ancestor dragon said at the beginning, and countless little dragons have embraced him. It turns out that all of them are **** mouths.

The Honghuang Ancestral Dragon is strong, but in terms of emotions, this is really a diaosilong.

"Come, come, come, let us have an extra strong for the true dragon clan, and an extra partner for the true dragon ancestor, cheers."

Qin Chen picked up the wine glass and stood up abruptly, said Hong Sheng.

Suddenly, everyone on the court stood up.

The ancestor of the true dragon, who had been holding his hand, blushed and raised his glass.

Jinfeng Supreme and several Supremes also stood up stupidly.

"dry!"

Qin Chen drank it in one gulp.

Everyone also drank the wine, but their eyes were a little confused and their brains were a little silly.

In particular, the ancestors of the true dragons, the chief patriarch of Jinfeng, haven't reacted yet.

How could he have an extra powerhouse in the real dragon clan after a dinner party, and an extra companion for the ancestor of the real dragon?

"In order to celebrate today's big day, this young man is going to present a big gift to the true dragon clan."

Qin Chen stood up and said proudly.

Big gift?

Everyone looked over.

Qin Chen is a Tianzun, what kind of gift can Qin Chen offer?

But seeing Qin Chen whizzing, the whole person quickly flew up and hovered over the real dragon hall.

Whoosh whoosh!

Xiaoyao Zhizun, Shengong Zhizun, the ancestor of the true dragon, and the great ancestor dragon followed.

Suddenly, all the real dragon clan powerhouses on the entire True Dragon Continent looked over.

Seeing that the ancestor of the real dragon actually hugged the waist of the ancestor of the real dragon, many of the real dragon clan experts were dumbfounded, and they all talked a lot and were shocked.

However, before their astonishment fell, they saw Qin Chen suddenly raising his hand.

Boom!

The next moment, a thunderous roar resounded throughout the world.

Between heaven and earth, a magnificent dragon's nest quickly appeared, and instantly stood over the entire real dragon continent.

"That is....."

"Shen Mulong!"

"It's the breath of Shenlongmu."

Below, all the real dragon experts were stunned.

Not only them, but also the supreme powerhouses such as the ancestor of the true dragon and the supreme Jinfeng were also shocked.

This turned out to be Shenlong Wood, and it was also a dragon nest constructed by Shenlong Wood.

day! At this moment, the entire True Dragon Race was in an uproar.
