[Chapter 4451: Horned Demon](#)

At this moment, there are already strong demons on the ring duel.

On the surrounding stands, there are densely crowded figures, like ants, shouting among each other, and the noise rushes into the sky, deafening.

"My lord, let's find a place to sit down."

Mei Yaoqing said, leading Ye Xuan to look for a vacancy outside the stands.

Suddenly, her face changed.

Not far away, a group of powerful shark demon clan wearing magic armor came with murderous aura.

"My lord, I belong to the Shark Demon Race."

Mei Yaoqing was shocked and her face suddenly turned pale.

This Shark Demon Race is such a powerful method. They were spotted as soon as they arrived on the Demon Heart Island. It can be seen how powerful they are as a local power and there are strong men serving as demon generals in this area.

"Wow!"

This group of masters of the Shark Demon Race came to Ye Xuan and Mei Yaoqing, and immediately surrounded the two of them.

"You two, really leisurely?"

The leader of the Shark Demon Clan said with a sneer, mocking the cold chill at the corner of his mouth.

Qin Chen frowned, "It's really lingering."

"Ok?"

The eyes of the leader of the Shark Demon Race instantly fell on Qin Chen, his pupils contracted, and stared at him: "I wonder who your Excellency is?"

"Who is this person, what to do with you?" Qin Chen said indifferently.

At this moment, everything that happened here also attracted the attention of other audiences around.

Isn't this a member of the Shark?

Actually confronted these two guys, who are these two guys?

Although the Shark Demon Clan is only a three-line demon clan, but in a place like the Chaos Demon Sea, it is not a small force, especially the Black Shark Demon General, the patriarch of the Shark Demon Clan, even more famous.

Now that Qin Chen dared to talk to people from the Shark Clan like this, many people around him suddenly changed their colors.

This kid is crazy.

"Boy, you are crazy." The master of the Shark Demon Race squinted his eyes and stared at Qin Chen coldly. Deep in his eyes, there was Ling Li's killing intent.

"This is a duel arena. If you have the ability, just do it directly. Don't be like a maiden. If you don't have the ability, just get out. Don't obstruct your eyes and block your way."

Qin Chen sneered.

"you....."

boom!

Suddenly, a master of the Shark Demon Race was furious, took a step forward, with a murderous aura, wishing to hack Qin Chen on the spot.

The other audiences around were also stunned.

Is this crazy?

Talking to people from the Shark Clan like this, although you can't do it in this duel, once you get out of the duel, the opponent has countless ways to kill you.

"Stop, this is the duel field, don't be reckless."

The strong leader of the Shark Demon Race instantly stopped the murderous man behind him.

Don't make trouble in the duel field, otherwise the consequences will be very serious, and the patriarch will not be able to protect them.

"Hehe, it turns out that the Shark Demon Clan guys are just a bunch of gangsters, go away, a bunch of waste."

Qin Chen scolded coldly, and slowly walked past the leader of the Shark Demon Clan with Mei Yaoqing, with a sneer at the corners of his mouth and provocation in his eyes.

"Elder."

A group of master shark demons trembled with anger, and they were about to rush up, but they were instantly stopped, angrily and frustrated.

"Boy, you have a kind, you wait. If you don't kill you today, my Shark Clan doesn't need to be in this chaotic sea of gods and demons."

The leader of the Shark Demon Race said with a cold voice, with terrifying eyes.

"Let's talk hard, who wouldn't say? Shark demon race? Oh, I think it will be renamed the 蛟 race. This seat is waiting for you."

Qin Chen's voice fell, too lazy to talk nonsense with the other party, and took Mei Yaoqing directly to find a vacant seat on the side.

There were still some Demon people sitting beside the empty seat. Seeing Qin Chen sitting down at the moment, he suddenly avoided a snake and scorpion, hiding from a distance, looking at Qin Chen as if looking at a dead person.

In their opinion, Qin Chen would definitely die if he offended the Shark Demon Race, so why sit next to him and look for bad luck.

In case of being implicated in the innocent by the Shark Demon Race, that would be unlucky.

"interesting."

Qin Chen smiled and looked at the bleachers filled with people, then glanced at some empty seats beside him, and stretched out some body comfortably.

Mei Yaoqing said anxiously: "My lord, you have offended the Shark Demon Clan so much before, and turned your head out of the duel arena, I'm afraid..."

"What are you afraid of."

Qin Chen said lightly: "Watching the show with peace of mind, it's fine if the Shark Demon Race doesn't look for their seat. If they dare to find it, this seat will destroy his family directly."

Mei Yaoqing looked at Qin Chen blankly.

She could see that Qin Chen was a lunatic.

If possible, she wouldn't follow Qin Chen if she was killed, but it was too late now.

Qin Chen leisurely watched the **** battle on the ring.

Not far away, a group of Demon Sharks also found a place to sit down. They were murderous and angry, so scared that many other Demons around did not dare to stay here. They left one after another. Go to another area.

Don't dare to touch the mold of the Shark Demon Race.

"Elder Loncin, why don't you let me abolish him."

The master Shark demon clan who was reprimanded by Qin Chen was trembling with anger, and the muscles on his face were shaking.

"Don't add chaos to the patriarch here. If you really want to cause trouble here, it's not just us who are unlucky. I am afraid that the patriarch will be implicated."

The leading Shark Demon Clan master said coldly.

The master of the Shark Demon Race angrily said: "Then let's just forget it?"

"Who said that's it?"

The leading demon clan master has a faint gaze: "The horse sent a message to mobilize all the masters of my demon clan to come to the duel. Today, my demon clan will never let this kid win the next duel."

"Elder Loncin, do you mean that the opponent will participate in the duel?" The master Shark clan stared at him.

"Otherwise?" Loncin elder of the Shark Demon Race sneered: "This person offends my Shark Demon Race in the Chaos Demon Sea. There is only one way to survive, and that is to win a hundred consecutive victories and become a Demon General. , There is no other way, all, he will definitely participate in the duel,

What we have to do is to make him unable to win a game. "

"There is no need to notify all the masters of the Shark Demon Race to come, right?"

"Huh, what do you know? This person is arrogant and dare to ignore my Shark Clan. If nothing else, he must be somewhat capable. I am afraid that Elder Rondo is very likely to be killed by this person."

hiss!

Around, there was a sound of inhaling air-conditioning, Elder Longduo, a master of the earthly respect, if he really died after this person, then...this one is really capable.

"Although I don't care about such a small role, I can't be too careless. Not only must I mobilize all the masters, but I also have to pass the news to the patriarch, so that the patriarch will sit down in person."

Elder Loncin's eyes burst into a fierce sharp light: "I want this kid to know how miserable the consequences of offending my Shark Clan will be."

The endless chill, rising from this elder Loncin, was creepy.

the other side.

Mei Yaoqing felt the killing intent passed by Elder Loncin, and her eyelids suddenly jumped.

"My lord!" she said with an ugly face, a little frightened.

"Don't talk nonsense, watch the duel."

Qin Chen said lightly, looking at the top of the ring.

At this time, on the ring, there are two strong demon masters fighting fiercely, and the dazzling demonic energy fluctuations are vented from time to time, stirring deep and deep ripples.

boom! The two figures were constantly clashing frantically, and saw the black figure suddenly rise into the air. A vague black magic fist flashed in the void, accompanied by a vague power of magic blood, which struck like lightning. The opposite is full of scales

Jia's demon master.

The demon master with scaly armor was directly bombarded and flew out, one arm was thrown into the sky in the splash of blood, and then he was stirred into powder by the terrifying torrent of magic light.

At the same time, the master demon with devil scales fell heavily on the ring.

The speed of the black figure did not decrease, and the demon fist rose, like a bolt of lightning blasted to the head of the strong demon with scales.

"I surrender."

At the moment when the black magic fist was about to hit the demon master with scales, the demon master with scales said loudly, and at the same time hurried down the ring, and the black figure stopped the attack.

"Roar!" The black figure showed his figure. It was a middle-aged demon man with a scar on his face and a black magic horn on his head. He raised his head, looked around the ring provocatively, and roared with excitement. The voice, and at the same time screamed around

He shouted: "Who is next? Who is next?"

The audience around the arena immediately burst into cheers.

At this time, an old man in black stood on the edge of the duel and said loudly: "The last battle was still the victory of the Horned Demon Venerable. Let's see what kind of strength the next opponent has and can we interrupt the Horned Demon Venerable. Winning record?" "So far, the Horned Demon has won seven games in a row. As long as he can defeat the Horned Demon, the next contestant will not only end his winning streak, but also get half of the accumulated victory of the Horned Demon. The number of games, and get the two demon saint veins accumulated before

This is a good opportunity to quickly get ten consecutive victories and get resources. "

"However, if no one can stop the Horned Demon Lord's winning streak, as long as the Horned Demon Lord wins three more games, he will get ten consecutive victories and become a demon guard on my Demon Heart Island. Magic Guard."

The black-clothed old man roared passionately: "My Devil Heart Island, it has been nearly a month, and no new ten-game winning streak has been born."

"Roar, winning streak."

"Kill him, who is going to kill him."

"Ten consecutive victories, we are optimistic about your ten consecutive victories."

Countless audiences roared, some cheering for the horned demon lord, and some wished the horned demon lord to roll down sooner, and countless roars went straight into the sky.

Qin Chen's eyes flashed, the atmosphere of this arena match was indeed very hot.

Moreover, defeating an opponent can accumulate half of the opponent's wins, which is a good way to attract people to the stage.

Otherwise, if they encounter some stronger Demon Venerable, even if they want to win the ten-game winning streak, most people will not dare to step forward and challenge this horned Demon Venerable, who is obviously the top demon.

"Then let my wind magic gun come and meet you!" At this moment, a sharp shout sounded, and a young demon strong with short black hair suddenly came up from the side of the ring. This person was holding a black magic gun. The black robes swayed with the wind, and there was a terrible demonic energy surging around him, turning into a whirlpool.

eddy.

This person looked at the Horned Demon Venerable in front of him with cold eyes, his whole body was undulating and agitating like a surging wave.

"Okay, it's the wind demon spear, the spear and the fist, this battle will be extremely exciting, everyone who wants to bet quickly, whether it is the Horned Demon Venerable to continue the winning streak, or the wind demon spear to interrupt the opponent's winning streak, everyone will wait and see. "

The old man shouted loudly, agitating the atmosphere.

In every game, the off-field spectators can place bets. Once the selected strong player wins, they will win certain rewards. This is also the reason why many demon masters on Demon Heart Island consume a Saint Lord Demon Vein into the duel every day. One.

That is to say, you can see the wonderful battle, feel something, and bet.

On the ring, the Horned Demon Venerable and the Wind Demon Spear looked at each other with cold eyes.

"Just because you want to interrupt my winning streak? Overpowered!"

The magic power of the Horned Demon Sovereign's hands was overwhelming, and he sneered. The two of them had not yet fought, and the magic power between each other had collided with each other, making a crackling sound.

"It's too early to say this now." Feng Mo spear said with a cold voice.

The breath of the two clashed wildly, bursting out with a terrifying roar.

"bored!"

On the ring, Qin Chen suddenly stood up.

Whoosh!

He flew straight to the ring.

"Huh? Suddenly, Qin Chen attracted everyone's eyes.

[Chapter 4452: Sword drop](#)

In the void, Qin Chen stepped forward and came straight to the arena.

This ring match is very boring.

Qin Chen's eyes were indifferent.

This scene shocked everyone.

"grown ups."

Mei Yaoqing stood up suddenly, her eyes vibrated, flickering incredibly light, and her heart surged with shock.

My lord...what are you going to do?

It's a capital crime to intervene in other people's arena duels.

The masters of the Shark Demon Race also stood up in disbelief.

Is this kid crazy?

In the pupils of the eyes, there was chill blooming, and at the same time joy.

They longed for Qin Chen to go crazy, and when the time came, they would naturally have a chance to attack Qin Chen without breaking the rules of the duel field.

Not only them, at this moment, all the warriors in the audience were inexplicably shocked and puzzled.

What do you want to do, this kid?

"Your Excellency, this is the Demon Heart Island duel field. We are now in a duel. Please retreat quickly. If there is no reason to rush into the duel field, you will kill it."

On the ring, an old man who presided over the battle said, his eyes were cold.

He has presided over a duel arena for millions of years. This is the first time I have seen someone rush to the arena when others are fighting.

"This seat is not rushing into the ring, this seat is here to challenge a hundred consecutive victories."

Qin Chen said lightly.

"challenge?"

"Hundred consecutive victories?!"

boom!

The whole audience burst out and laughed.

Is this kid idiot? Even if you want to challenge, you have to wait for other people to finish the challenge before you can come on stage, so you can come up rashly, huh, I'm afraid you won't be a brainless guy?

A lot of people laughed, and this guy wanted to participate in the 100-game winning streak. He really did not live or die.

On the stands around the duel arena, many people all shook their heads, and they didn't know where this kid came from. Hearing some news, it was like coming to a duel to become famous, but they didn't know whether they had this ability. .

The old man who presided over also sneered.

The kid who doesn't know the heights of the sky, and doesn't know where he heard the rules of Demon Heart Island, he wants to challenge a hundred consecutive victories and become a magic commander.

How easy is it to become a demon general?

To Qin Chen, he didn't have any killing intentions in his heart, just sneered. "Since it is a challenge, please follow the rules. Nowadays, there are already people on the field who are challenging. If you want to challenge, you must wait until the original challenge on the duel field is over before you come. If you do this, you are breaking the rules of the duel field. First offense,

The old man does not pursue it. "

The host said indifferently.

In everyone's eyes, the host had said so, and Qin Chen would definitely leave the duel arena.

Unexpectedly, after Qin Chen heard this, his figure remained unmoved.

"I first came to the Demon Sea of Chaos, and I heard about the duel of Demon Heart Island. It was wonderful and fierce, but I saw it before, but it was too boring. It's just that some weak people live here, so I can't wait. Come up and challenge."

"what did you say?"

It's okay not to say this. When I said that, on the ring, the faces of the Horned Demon Lord and the Wind Demon Spear changed, and then they went into a rage.

boom!

There is a terrible surge of murderous intent.

What did this kid say? Actually say they are like family? Too hateful.

Suddenly, the terrifying demon might and demon aura was like a vast ocean, engulfing the momentum that drowned everything, and swept out suddenly, suppressing Qin Chen.

Boom!

The terrible devilish energy swept through, magnificent, but Qin Chen remained motionless in this devilish energy.

This scene condensed everyone's eyes.

This is interesting.

Even the host's eyes flashed.

Can hold the devilish coercion of the Horned Demon Venerable and the Wind Demon Spear, and stays still. Although it may not be that strong, at least, this person is also at least a Demon Master.

In the terrible devilish air, Qin Chen stayed still, and at the same time he ignored the Horned Demon Lord and the Wind Demon Spear. He just looked at the old man presiding over the duel indifferently, and said indifferently: "I wonder if one person has ever challenged this duel. Human precedent?"

"This..." the old man said: "Nothing."

"Very well, the purpose of this seat is not to make trouble, but to directly challenge many people."

Qin Chen said lightly.

boom!

Suddenly, there was an uproar on the court.

This kid is crazy, who does he think he is? Dare to challenge the two directly? And among them is the Horned Demon Lord who won seven consecutive victories.

Looking for death is not like this.

"Boy, you're looking for death." The Horned Demon Lord was completely furious, his body so powerful, but he didn't do anything, but looked at the old man who presided over. Without the old man's instructions, he didn't dare to do it rashly and rebelled against the rules of the duel. Demon Heart Island, disobey the Demon Lord, must

No doubt dead.

The host of the old man looked hesitant.

Because the duel field is always one-to-one, there is no one-to-many rule.

Qin Chen frowned and said faintly: "Your Excellency, what are you still hesitating? Or, if you are worried about breaking the rules, then I ask you, although there is no one-to-many rule in this duel, there are rules to prevent one-to-many?"

"This... nothing."

The old man said solemnly.

Although there is no express order to allow one-to-many in the duel, there is no express order to prohibit one-to-many.

"That's not enough, you can do without the law, why should you hesitate?"

Qin Chen said indifferently.

Challenges one by one were too troublesome. He wanted to complete a hundred consecutive victories, but he had to fight hundreds of games. How could Qin Chen have so much time to fight hundreds of games?

"grown ups."

On the duel field, the Horned Demon Venerable and the Wind Demon Spear looked at the old man, killing intent in their eyes, and he was actually underestimated.

At this moment, a majestic voice in the old man's mind quietly sounded: "Promise him, life and death."

Hearing this sound, the old man suddenly shook his body and looked respectful.

The old man raised his head and said solemnly: "Okay, since you want to be one-to-two, then I will fulfill you."

"However, one-to-many has violated the rules of the duel field. Therefore, you must fight life and death. You can't admit defeat in the middle. If you two agree to the rules, you will stay on the stage to fight this person."

When these words fell, the entire duel field was instantly in an uproar.

It turned out to be a life and death battle?

It should be noted that although the duel field is extremely **** and violent, once lost in the battle, as long as you admit defeat, you can survive. Therefore, the death rate of the general duel is only 20%, and the disability rate is about 40-50%.

In the battle of life and death, both sides have to divide birth and death.

"Hahaha, sir, life and death battle, I am waiting for agreement."

When the Horned Demon Lord heard the words, he suddenly roared, and his eyes showed killing intent. Boom, in his body, a terrible demonic energy rose to the sky, and his figure became extremely majestic in an instant.

"Zhen!" With a bang, the figure of this demon lord instantly became extremely burly, with devilish energy reaching the sky, exuding an aura of suppressing everything, his right hand was raised, and a terrifying magic fist light quickly gathered together, and then melted. Acting like a king, facing Qin

Dust came from crazy town.

"Boy, die to me!"

In the screaming roar, the demon horn directly slammed down.

He had long been displeased with Qin Chen, the kid who didn't know where he came from, he didn't know how to live or die, and today, let him know how powerful he is.

The moment the Horned Demon Sovereign shot, the Wind Demon Spear also snorted coldly.

"The Horned Demon Lord, you are not the only one on this ring, this kid is the deity's prey, wait for the deity to kill him, and then come to compete with you."

Feng Mo Qiang said, his figure shook suddenly.

Buzzing!

Suddenly, on the ring, dozens of wind magic spears appeared in an instant. Many wind magic spears raised the black magic spears in their hands together, with cold light blooming in their eyes, and then, in an instant, they faced Qin Chen. Fired a shot.

boom!

In an instant, the long spears fired by the silhouettes of more than ten Wind Demon Spears gathered together in an instant, and then formed an extremely terrifying spear shadow that burst toward Qin Chen.

This gun shadow, as if penetrating the void, came to Qin Chen in an instant.

The two were actually competing for the opportunity to attack Qin Chen, and both wanted to be the first to kill Qin Chen.

Suddenly, the fist shadows, gun shadows, and the terrifying coercion formed completely enveloped Qin Chen, but above the ring, Qin Chen seemed stupid, motionless, and had no idea of avoiding it.

This caused many spectators in the stands to shake their heads and sigh, sighing that Qin Chen was looking for his own death.

Everyone sighed, seeing that the shadow of the boxing and the shadow of the gun was about to hit Qin Chen, at this moment--

Qin Chen moved suddenly.

A black magic knife suddenly appeared in his hand.

Then slashed with a sharp knife.

Huh!

Knife out, knife down!

With a bang, Qin Chen took the knife and stood, as if he had never moved. Everyone's eyelids jumped, and they didn't realize what happened. The next moment, with a boom, the shadow of the fist and gun that blasted towards Qin Chen was suddenly shattered, a terrifying blade light, as if cut from the end of the world. , Appeared in the heaven and earth instantly,

Directly smashed the attack of Horn Demon Lord and Wind Demon Spear.

Immediately afterwards, that blade of light did not weaken. After smashing the shadow of the fist and the shadow of the gun, the violent slash stepped forward and directly slashed on the frightened face and the Horned Demon Venerable and did not know what happened. Wind magic gun silhouette.

With a puff, the figures of the Horned Demon Lord and the Wind Demon Spear retreat crazily under the light of the sword, the sword intent is permeated, the two of them stared with horrified eyes, the flesh under the light of the sword, a little bit broken, only left Up the soul.

Immediately afterwards, their souls were completely shattered and vanished under the light of this sword.

One knife!

Two masters, soul flies away

boom! The powerful origin of the demon race quickly diffused out, and the terrible origin of demon energy formed after the death of the Horned Demon Lord and the Wind Demon Spear turned into a vast ocean, and on this ring, a strange light was also lit up, like an abyss. The general ring will

This demon energy was all inhaled into it, and disappeared.

silence.

In the stands, everyone was stunned.

Horned Demon Lord and Wind Demon Spear are dead? Moreover, was still beheaded by one move?

Everyone's eyes were round, looking at Qin Chen in disbelief, his scalp was numb, and his whole body got goose bumps.

"This guy is so strong."

At first, everyone thought that Qin Chen came to die, but now they realized that the reason why Qin Chen dared to come to power was not an idiot, not to die, but that he did have this confidence.

Killing the top horned demon lord and wind demon spear with a single knife, this kid, at least the strength of his body has reached the peak of the demon lord, even close to the realm of the earth.

With such strength, winning ten consecutive victories and becoming a demon guard is almost a certainty.

No wonder you have the courage to challenge yourself.

In the stands, Elder Loncin of the Shark Clan also condensed his eyes.

"Elder, do you see anything?" A member of the Shark Demon tribe asked condensedly. Elder Loncin looked cold and stern, and said in a cold voice: "This son is very strong, and it should not be his full strength just now. The full strength of this son has at least reached the realm of Earthly Sovereign. Now I am a little sure. How elder, extremely

Maybe this person was killed. "

Endless killing intent appeared in the heart of Elder Loncin.

Killing the Horned Demon Venerable and the Wind Demon Spear with a single blow, Qin Chen looked calm, and said lightly: "Today, I have to challenge a hundred consecutive victories here. Anyone can take the stage as long as they want. Regardless of the number, this seat will take over. ."

Qin Chen said loudly to the audience.

Even if it is two challenges at once, it is too slow. If you want to come, just come together.

With a bang, in an instant, the entire duel field went crazy. This kid, not only wanted to challenge the Horned Demon Lord and the Wind Demon Spear, but also wanted to challenge everyone to complete a hundred consecutive victories.

Are you looking for death? Although he had directly killed the Horned Demon Sovereign and Wind Demon Spear before, he had extraordinary strength, but the situation was completely different when he played against two people and against ten people, or even dozens of people.

[Chapter 4453: Black Shark](#)

"grown ups."

In the stands, Mei Yaoqing's eyes were dull.

She naturally knew Qin Chen's strength, and she also knew that Qin Chen could slay the elder Rondo of the earth-senior level. There were more ordinary people, and she was not an adult's opponent at all.

But there are not only humans in this stand, but also masters of earthly respect. Once a few masters of earthly respect come up, it will be over.

In particular, there are shark demons staring at them.

The adults did this, obviously to give the Shark a chance.

Sure enough, upon hearing Qin Chen's words, Elder Loncin of the Shark Demon Race and the others, the corners of their mouths were sneered.

"Elder?"

Many masters of the Shark Clan came to see them.

"good chance."

Elder Loncin suddenly shot a cold light in his eyes, and sneered: "Since this kid is going to die, Zhengshou has no chance to attack him. Right now, just kill him."

"Hahaha."

When the voice fell, he laughed loudly and boomed, bringing many masters of the Shark Demon Race into the sky, and instantly fell on the ring.

"Since your Excellency wants to complete the 100-game winning streak so much, I have always liked the beauty of adults, so please satisfy your Excellency."

In an instant, more than ten masters of the Shark Demon Race, under the leadership of Elder Loncin, instantly appeared on the ring.

"It's from the Shark Demon Race."

"That is, Elder Longxin of the Shark Demon Race."

"Earth-sovereign master."

Many spectators in the stands were shocked when they saw this. Why did the Sharks come up?

It should be noted that as a third-line demon clan, it is already considered a not weak race in this chaotic sea. Nowadays, the elder of the demon clan Longxin brings more than ten masters of the demon clan to the stage. This is obviously to put this kid. To death?

Is there any hatred between the Shark Demon Race and this kid?

On the contrary, the people of the demon clan who saw Qin Chen and Loncin confronting each other before, were suddenly surprised. Qin Chen really wanted his own death. Didn't he know that as long as he initiates this challenge, the people of the demon clan will definitely come up. ?

If it is to challenge one by one and fight for a hundred consecutive battles, this child may still have some chances to win and become a magic commander, but if one person has to challenge multiple people arrogantly, this is a bright death.

Loncin came up with a master of the Shark Demon Clan, and a terrible magic power surged from his body. He sneered, "Go ahead."

It's just that Qin Chen smiled coldly before waiting for him to take action, and said, "Hold on!"

Elder Loncin sketched a mocking smile at the corner of his mouth and sneered: "Why, kid are you scared?"

He moved forward step by step, the devilish energy on his body became more and more concentrated, and finally gathered into a hurricane soaring into the sky, coldly said: "This ring is not what you want to go up, you want to retreat and retreat."

After all, there was an opportunity to directly attack Qin Chen with integrity, and he would naturally not miss this opportunity.

Moreover, it is an opportunity to fight each other in a group.

Qin Chen said lightly: "In my dictionary, there is no regret!"

"Then what do you mean? When seeing so many of us, I want to modify the rules of the duel?" Elder Loncin continued to sneer: "One-to-many is the rule you set before. You won't see me like this. Mozu, I want to change the rules again, right? This Demon Heart Island duel is not a playhouse. The rules are not that you can change if you want.

It can be determined. "

Qin Chen looked at Elder Loncin with the look of an idiot, "I didn't say that I want to change the rules."

"Then what do you mean?"

Elder Loncin frowned, he couldn't understand Qin Chen's purpose. Qin Chen said indifferently: "You have too few people, only a dozen, and you are not enough to kill. If you want to win a hundred consecutive victories, at least you have to fight a hundred games. I have to fight until when, so I hope you Shark

If there are more people in the clan, it is best to fill up all at once, otherwise one after another one after another, it will be too tired. "

Fuck!

Everyone on the court suddenly became confused.

They thought that Qin Chen would oppose the arrival of so many people from the Shark Demon Clan, because the Shark Demon Clan already has a Demon General-the Black Shark Demon General, and the Black Shark Demon General is still the next leader of the Black Rock Demon Lord.

People from the Shark Clan aimed at Qin Chen too much.

So Qin Chen wanted to appeal.

But no one expected that Qin Chen actually felt that too few people from the Shark Demon Race had come, and he needed to fight several games to win a hundred consecutive victories, so he hoped that more Shark Demon Race people would come.

At this moment, almost everyone wanted to smash Qin Chen's head open to see what was in his mind, why did he make such a request?

On the opposite side, the pupils of Elder Longxin of the Shark Demon Race suddenly shrank.

He glanced at Qin Chen deeply, he really didn't understand Qin Chen's purpose.

Want to catch it, or is this child really sure, not afraid of him?

At this moment, Elder Loncin felt a little regretful in his heart.

He shouldn't be so impulsive, he should observe for a while, and then come on stage after he really understands the strength of the guy in front of him, so that he can be more assured.

After all, judging from the strength Qin Chen had previously shown, this kid was afraid that he had at least the strength of the Earth Sovereign level, and someone who could cultivate to the Earth Sovereign realm in a place like the Demon Realm was afraid that none of them was an idiot.

It's just that from the moment he took the Shark Demon clan people onto the stage, he was no longer eligible to retreat.

The Shark Demon Race is a three-line demon race in this sea area, and the patriarch of their family is even the Black Shark Demon General under the command of the Black Rock Demon Lord. If he retreats, the patriarch's face will be completely lost, and the Black Rock Demon Lord will also be right. He was completely disappointed by the Shark Demon Race.

"Hurry up, continue to call people." Qin Chen waved his hand.

Elder Loncin's face was uncertain.

"Hmph, it's really courageous, Lord Blackstone Demon Lord appreciates courageous people the most."

At this moment, a cold voice suddenly sounded. Accompanied by this cold voice, a strong man came to this world.

Just saw outside the duel arena, a strong man with terrible magic power surging on his body, and with a group of masters, quickly flew into the duel arena.

It is a magic commander.

In the Demon Heart Island duel field, ordinary people can't fly over the duel field at all. Only the demon generals under the demon Lord have this qualification.

Everyone looked up, their faces all slightly changed.

It turned out to be the Black Shark General.

"My patriarch."

"It's the Black Shark General."

"The Black Shark Demon General has actually come personally."

Many viewers took a breath.

Demon generals are quite powerful in an area of Chaos God Demon Sea, and all who can serve as demon generals are extremely terrifying powerhouses, and are the mainstay of Lord Demon Lord.

boom!

At this moment, the Black Shark Demon General came, and beside him was a group of master Shark Demon clan exuding a terrifying aura, all staring at Qin Chen on the ring with cold eyes.

"Black Shark General."

The old man who held the duel field bowed his hand to the black shark.

The Black Shark Demon General nodded, then looked at Qin Chen indifferently, and said coldly: "Boy, I heard that you killed my Shark Demon Clan and want to win a hundred consecutive victories in this duel and become the Black Rock Demon Lord. The demon commander of the lord?"

The black shark demon had small eyes, but the cold light bursting out made people horrified.

"What? Your Excellency is trying to avenge the people under his command?" Qin Chen glanced at the black demon general, and said lightly, "In that case, why don't you bring the people from the demon clan to come up together, here you are. All should be."

As soon as this statement came out, everyone on the court changed color.

This kid is crazy. Not only does he have to fight against everyone in the Shark Demon Clan, he dares to fight against the Black Shark Demon General.

The Black Shark Demon General is a half-step Tianzun level powerhouse, even under the command of the Black Rock Demon Lord, he is also the top master.

"Hahaha, depending on you, you are not qualified for this seat to play."

The Black Shark will sneer, how could he be on the court himself.

Winning a hundred consecutive victories in the duel field can become a demon general. If he, a strong man who can be ranked among the top demon generals, personally plays and spreads out, who would dare to come to the Demon Heart Island of the Blackrock Demon Lord?

"Boy, if you are so rampant, that seat will satisfy you." The Black Shark will snorted coldly at a group of powerful men around him: "You all go up and learn about this person's brilliant tricks."

"Yes."

Behind the Black Shark General, a group of masters from the Shark Race came forward and fell on the ring, mocking Qin Chen.

No more, no less, exactly one hundred people.

But among them, there are nearly a dozen elders at the Earth-sovereign level, and the rest are all powerhouses at the pinnacle level.

Such a lineup, even some of the magic generals at the bottom of the ranking, cannot match.

The Black Shark General shook his body and landed directly on the stands on the edge of the ring. The audience around here had dispersed, and they did not dare to sit around the Black Shark General.

The Black Shark looked at Qin Chen with a sneer at the corner of his mouth.

"Everyone, let's get started."

Qin Chen gave a faint smile, not caring. If it weren't for a little bit of in-depth understanding of this Demon Realm and this Chaos God Demon Sea, so as not to directly confront the Supreme Demon masters, if there is an accident and cause the suspicion of the ancestors of the Abyss, how could he come to this Demon Island The duel arena, come and this group

The demon venerable of the human and the earthly sovereign come to fight?

However, after going through these, Qin Chen already had some general understanding of this chaotic **** and demon sea.

This chaotic god, demon sea, and demon guard are generally at the pinnacle level of human respect.

And the magic commander is at least the earth respect, even the outstanding one among the earth respect, some top magic generals can even reach the half-step Tianzun level.

This can be seen from the fact that the Black Shark will be a half-step Tianzun.

In that case, the devil should be a strong Tianzun?

What about the devil above the devil?

Late Tianzun? It is very likely that if the demon king is supreme, then this demon clan is too strong, the chaotic **** Mohai is just a chaotic force in the demon world, but there is more than one demon king in it, there are still some demon kings, if the demon kings are all supreme , Then no

The law is played.

After all, there is a demon lord above the devil.

The demon king is supreme, how many supreme the whole demon race will have? The Human Race Alliance was afraid that it would have been destroyed long ago.

But if the demon king is around the late Tianzun, the demon master who controls the Chaos God Demon Sea is the demon supreme.

Then everything makes sense.

This sea of chaos, gods and demons is extremely vast and endless, and it is not even weaker than the ancient human race and the ancient space beasts. It is normal to have a supreme.

Since then, Qin Chen has already had some understanding in his heart, knowing how he should integrate into this demon world next.

"kill!"

"Kill this kid!"

When Qin Chen thought about it, a cold shout suddenly sounded in this duel arena.

Whoosh whoosh!

Suddenly, hundreds of masters of the Shark Demon Clan, led by more than a dozen elders, all shot together and madly killed Qin Chen.

These elders had cold eyes and didn't keep the slightest hand. When they said, they did their best, with many masters of the Shark Demon Race, without any slack.

They not only want to win, but also to kill Qin Chen, but also to win beautiful.

Boom!

I saw the magical energy in the sky boiling, and countless magical energy was like the ocean, condensing extremely terrifying power, and quickly converged into a terrifying magic shark. These magic sharks ran across the sky and pounced against Qin Chen. Come.

Hundreds of masters of the Shark and Demon clan shrouded almost every inch of space and every corner of the ring.

It is inevitable for Qin Chen to avoid it.

"Boy, die!"

The icy voice of the Shark Demon Race echoed between the heaven and the earth.

however.

Just as their attack was about to hit Qin Chen, Qin Chen moved.

Whoosh!

Qin Chen's figure shook and disappeared directly above the ring, as if he had escaped into another void, and suddenly appeared behind a master Shark Demon Race.

"what?"

The shark demon master looked surprised, and before he could react, he saw a flash of blade.

puff! His head flew instantly.

[Chapter 4454: Knife killed](#)

Boom!

Only then did the demon shark's sky attack finally come down, and the vast demon shark with a monstrous aura completely enveloped Qin Chen's previous location.

However, Qin Chen was no longer here at all, and had already avoided.

On the contrary, it was a master of the Shark Demon Clan, his head flew up, his eyes frightened, and the head and body were instantly annihilated under the terrifying demonic energy.

At the same time, his body was annihilated.

"Damn it!"

The leader of the Shark Demon Clan was too furious, and their combined blow failed to catch the guy, and he killed one of their Shark Demon Clan masters.

It's a shame.

"Stop him!"

The Supreme Elder of the Shark Demon Race was furious and furious, and brought many elders together to trap Qin Chen.

This super elder of the Shark Demon Race is himself a pinnacle earth-sovereign master, and with many earth-sovereign elders, the world changes color in one shot.

Whoosh whoosh!

More than a dozen magic lights blasted towards Qin Chen quickly, enclosing Qin Chen's front, back, left, and right directions.

"Now let's see where you are running." This too elder, his eyes were cold. He is a master of the pinnacle, with superior strength. He is second only to the patriarch Black Shark in the Shark Demon Clan. If only one demon general is allowed to be born in a race, he may not be unable to win a hundred consecutive victories with his strength. , Become a ranking bottom

The devil of the tail.

Therefore, he has confidence in himself.

Seeing the black devilish energy in the sky, he suddenly came to Qin Chen, the speed was incredible.

It's over.

On the ring, Mei Yaoqing's heart sank, completely desperate. She knew that Qin Chen was very strong, but she did not expect that Qin Chen would be so dying. He would challenge the master of the Shark Demon Clan alone. Otherwise, with Qin Chen's strength, he might be able to win a hundred consecutive. Win, become a demon, win

Come to life.

But now, everything is over.

Her life and death had been controlled by Qin Chen, and if Qin Chen died, she could not escape the chase of the Demon Shark.

Unexpectedly, she was just unwilling to stay in the Illusory Demon Clan, she wanted to come to this chaotic sea of gods and demons, and would die here soon, her heart was full of bitterness.

But seeing those black streamers about to hit Qin Chen.

suddenly.

Qin Chen's figure shook.

Hum!

The surrounding space unexpectedly flashed, and Qin Chen suddenly escaped the sky streamer attack and appeared outside the attack.

Boom!

Countless attacks fell, and the ring was roaring, but Qin Chen was safe.

what?

This scene stunned everyone in an instant.

How did this kid escape the attack of the Demon Shark?

More than a dozen Earth-sovereign elders of the Shark Demon Clan made a shot, but they were not able to trap him, causing everyone to change color.

Even the black shark demon general on the stand had his eyes fixed.

Qin Chen's strength somewhat exceeded his expectations.

The Supreme Elder of the Shark Demon Race was also furious, and he made a mistake.

"kill!"

He shouted angrily and continued to attack, besieging Qin Chen.

Whoosh whoosh!

More than a dozen Earth-sovereign elders also followed closely, extremely fast, and the killing was so powerful, and the remaining 80-odd celebrity-level masters of the Shark Demon Race also turned around and made a strong shot toward Qin Chen's location.

Boom!

The monstrous killing intent was like the ocean, turning into a tsunami, sweeping towards Qin Chen.

Qin Chen grinned, his figure flashed, and he had once again appeared behind a master Shark.

Puff!

The knife flashed.

The head of this shark demon clan master instantly soared into the sky, and then the body and soul were shattered and turned into powder.

An invisible force entered Qin Chen's chaotic world, nourishing the Devil Tree of Ten Thousand Realms. Because Qin Chen could see that after coming to the Demon Realm, the Demon Tree of the Ten Thousand Realms resumed its rapid growth. The origin of the master Shark Demon Clan that was killed before was instilled into the Demon Tree of the Ten Thousand Realms and immediately turned into a rich nourishment. Nourish the devil tree

long.

Originally, with the improvement of Qin Chen's strength, the demand for the Ten Thousand Realm Demon Tree has become smaller and smaller, but when he came to the Demon Realm, Qin Chen's need for the Ten Thousand Realm Demon Tree increased again, and naturally he needed to accelerate the promotion of the Ten Thousand Realm Demon Tree. The growth of the tree.

The origin of the master of the demon clan is the best nourishment for the Demon Tree of the Ten Thousand Worlds.

If it continues to be nourished in this way, maybe the Ten Thousand Worlds Demon Tree can grow to an extremely astonishing level, exerting the terrifying effect of the Demon Race's holy artifact.

Killing the master of the Demon Shark with a single blow, Qin Chen's figure shook, and constantly appeared behind many masters of the Demon Shark.

Puff puff!

The knife flickered.

Every time the sword light passed, the head of a master Shark demon clan flew up and was instantly beheaded. Whether it was the soul or the body, it was difficult to resist Qin Chen's enemy.

In an instant, more than a dozen masters of the Shark Demon Race died in Qin Chen's hands, and part of their origin was also instantly collected by Qin Chen and turned into the nourishment of the Demon Tree of Ten Thousand Worlds.

As for the remaining origin, Qin Chen didn't move at all.

Because, Qin Chen secretly discovered that this duel field itself was a magic cave, as if secretly absorbing all the origins of the demons that fell here.

In this magic cave-like duel arena, there seemed to be a terrible restriction, devouring a lot of power.

This discovery made Qin Chen frightened.

The duel on the Demon Heart Island, where duels are born every day, and many demon races fall every day, so where will the prohibition on the Demon Heart Island duel field absorb the origin of so many demon masters?

In Qin Chen's thoughts.

The entire duel field was completely messed up.

Everyone looked at the duel field in disbelief, and watched Qin Chen's figure constantly appearing behind a master shark demon clan master, swinging the magic knife, harvesting their lives like a **** of death.

And it is surrounded by many masters of the Shark Demon Race.

Such a scene stunned everyone.

"This guy is so strong."

"No wonder you have such confidence."

"There are so many masters of the Shark Demon Race, they can't surround him, but he keeps harvesting people."

All kinds of discussions echoed everywhere in the stands.

"Damn it, everyone shrinks and waits close to me."

The elder Shark demon clan commanding the battle was furious, screamed and gathered the team.

Because he discovered that Qin Chen's speed was too fast, so fast that they couldn't capture the figure at all. Even if they joined hands, Qin Chen had a way to escape, and could only watch the death of a famous Shark Demon clan master.

Whoosh whoosh!

Hearing the anger of the Supreme Elder, the remaining masters of the Shark Demon Race quickly gathered and gathered together.

However, in the process of their gathering, some people also fell.

When they finally gathered together, there were only close to 70 of the original one hundred strong.

In a short period of time, nearly thirty masters of the Shark Demon Race had fallen, their bones disappeared, and their origins disappeared.

boom!

On the arena, I saw the origins of the dead Shark Demon clan masters constantly surging, dispersing on the magic cave-like arena, and then disappeared without knowing where to go.

"Damn it!"

The Supreme Elder of the Shark Demon clan uttered a terrifying roar.

Shame, great shame.

Under his command and control, there are still so many masters who have fallen, not to mention that the patriarch will punish him after he goes out, he can't forgive himself.

Boom boom boom!

He kept making moves, but Qin Chen's figure not only flickered, but no matter how the Shark Demon Clan master made his moves, he could escape safely without any damage.

"Kid Qin Chen, why bother? With your strength, these ants can just slap them to death."

In the chaotic world, Honghuang Zulong was a little speechless.

"What do you know?"

Qin Chen rolled his eyes.

If it is purely to kill people, these Shark Demons really can't bring him any danger.

But he came here not simply to kill, but to find Sisi.

He must hide first before he has a future.

If he showed his terrifying strength as soon as he came up, and he could control the entire chaotic sea of gods and demons instantly, if he couldn't, once the news leaked out and attracted the attention of the ancestors of the abyss, then he would be finished.

It should be noted that this demon world is a place where even the Supreme Master Xiaoyao dare not easily set foot, and even said that if you rush in, you will die.

Qin Chen naturally wouldn't be too high-profile recklessly.

Everything has to go according to plan.

Boom boom boom!

Above the conversation, a series of terrible streams of light fell, and Qin Chen kept evading.

"Boy, can you only hide?"

The elder Shark Demon Clan roared.

He was angry with Qiqiao producing smoke.

Qin Chen was too able to evade, so that his numerical advantage turned into a disadvantage in an instant, and he was constantly broken by Qin Chen.

"Layout!"

The elder Shark demon clan shouted angrily, and finally couldn't hold back.

Hum!

I saw the many remaining masters of Demon Sharks on the field, all glowing and booming, the aura of these masters of Sharks quickly merged together, forming a terrifying Demon Sea, which swept out.

Wow!

The magic sea surging, covering the entire ring, and in that magic sea, a series of terrifying magic sharks surging, these magic sharks exude a breath of heaven, opened their mouths in the blood basin, and swallowed them crazy towards Qin Chen. Come.

"This is... the combined skill of the Shark Demon Race!"

In the stands, many masters of the demon clan inhaled air-conditioning and looked solemnly.

"almost."

Qin Chen saw the turbulent demon shark coming from the sky, and an indifferent sneer appeared at the corner of his mouth.

"Om!"

The magic knife in his hand was raised high, his figure flashed, suddenly disappeared, and he slashed away at the magic shark.

boom!

The demon shark was shattered in an instant, and then, with a flash of void, Qin Chen's figure unexpectedly entered the crowd of the demon shark.

"Enclose him."

The elder of the Shark Demon Race was surprised and delighted.

To his surprise, Qin Chen's speed was too fast, but what was happy was that Qin Chen dared to break into their team, really seeking his own way.

Between raising his hands, the infinite magic power condensed in his right hand and pressed it against Qin Chen.

On the side, more than a dozen elders of the Shark Demon Clan also shouted together, with a terrifying aura swept down, and instantly suppressed them, their eyes were ferocious and crazy.

The power of many master Sharks was suppressed on Qin Chen in an instant.

"Successful."

Many powerful people in the Shark Clan have their eyes glowing.

However, before the surprise in their hearts fell, they saw that Qin Chen's body was instantly covered with a layer of devilish armor. Boom, the terrifying devilish might suppressed Qin Chen's figure still.

He abruptly withstood the attacks of many masters of the Shark Demon Race, but the magic knife in Qin Chen's hand suddenly waved.

boom!

A horrible light of the sword blasted into the sky, the magic sword blasted into the sky, and the sword energy swept like a horse.

Puff puff puff!

The next moment, on the ring, the remaining heads of the remaining powerful Shark demon tribes all soared into the sky.

One knife.

More than fifty masters of the Shark Demon Race, instantly died.

"what?"

Above the stands, the Black Shark Demon General of the Shark Demon Race suddenly stood up, banging, and the seat under his **** was crushed, his expression extremely furious.

"Damn it."

Endless anger rose from his heart.

With one stab, fifty strong men fell, that is, so far, more than 80 demon lords of the shark demon clan have fallen on the ring. Such consequences caused his heart to twitch and severe pain.

These are the core outstanding figures of his Shark Clan.

They all died here.

"you....."

Above the ring, the elder Shark Demon Clan was also furious, looking at the demon blood flowing around in disbelief.

Except for the elder-level masters, all of his Shark Demons fell here.

In front of the elder of the Shark Demon Clan, it suddenly went dark and almost fainted.

"Don't worry, I won't let you wait for a long time." Qin Chen sneered.

[Chapter 4455: First demon](#)

On the ring, Qin Chen gave a sneer, and swiftly killed the remaining Shark Demon Clan elders.

The remaining elders of the Shark Demon Clan had their scalps numb, and they retreated quickly one by one.

However, no matter how fast they were, how could they escape Qin Chen's speed.

Puff puff!

Qin Chen kept throwing swords, and with every sword falling, one of the elders of the Shark Demon Clan must have fallen.

For a time, the demon blood was everywhere on the duel field, and the origin was scattered.

The billowing origin was secretly swallowed by Qin Chen and entered the chaotic world, nourishing the magic tree of the ten thousand realms.

A strong man fell, and soon, only a few elders and the Supreme Elder of the Shark Clan were left on the ring.

"hateful."

The Black Shark will roar and can't help it anymore.

Booming, he shook his figure and rushed straight toward the ring, trying to enter the ring.

Upon seeing this, the face of the old man presiding over the ring changed slightly, and he quickly urged the formation, hum, an invisible burst of light enveloped the ring.

With a bang.

The Black Shark will slam into the ring, and the whole person will be shaken out in an instant, and there will be a cold killing intent in his eyes.

"Open the ring quickly."

He shouted angrily.

The old man presiding over the duel arched his hand at the Black Shark General, his face was a little dignified and said: "Black Shark General, duel in the ring, the generals must not interfere. This is the rule."

"I want you to open the ring."

The Black Shark looked at the host old man with cold eyes, his expression furious.

If he drags on, the master of the Shark Demon Race is about to die.

"Master Black Shark, please don't embarrass the old man. This is an order from Master Demon Lord. If you disobey, I will not end well." The old man said with an ugly expression.

A guy like the Black Shark General is lawless. To be honest, the old man is indeed worried that he will be retaliated by the Black Shark General.

However, he is the host of the duel, and if he dares to disobey Lord Demon's orders, it is not as simple as revenge.

With the character of the Black Rock Demon Lord, I am afraid that he will be killed directly without any bones.

How dare he disobey.

"you....."

The black shark will tremble with anger.

However, there was nothing to do, so he could only sternly shouted at Qin Chen in the duel field: "Boy, stop quickly, this demon general can keep you a whole corpse, otherwise, today I will definitely crush your corpse. Ashes!"

On the ring, Qin Chen was stunned.

Will this black shark threaten everyone with such a personality?

Is it his kindness to leave a whole body?

With a sneer, Qin Chen ignored the Black Shark Demon General, snorted, and beheaded the last elder. On the ring, he and the Supreme Elder of the Shark Demon Clan were the only ones left.

"Patriarch!"

The Supreme Elder of the Shark Demon Race looked furious and looked at Qin Chen in horror.

Devil, this guy is a devil.

Although, he was a pinnacle earth-sovereign master, and his strength far surpassed the other elders, and Qin Chen did not show an astonishing cultivation level.

However, many of the Shark Demon Clan elders present were all masters of the Earth Sovereign level. Even if they were stronger than him, they could not be able to kill everyone so easily.

But Qin Chen did it.

This made it clear to the elder Shark Demon Race that the strength of this guy in front of him must definitely be higher than himself.

Before so many people could not win Qin Chen, can you rely on him alone?

"Boy, stop quickly."

Above the ring, the Black Shark Demon General said furiously, booming, the terrifying magic power soared to the sky, and the half-step Tianzun's breath suppressed everything, making the void tremble.

But Qin Chen remained indifferent and directly killed the Shark Demon Clan Supreme Elder.

"I....."

The Supreme Elder of the Shark Demon Race hurriedly backed away, his figure violently retreated, and at the same time, a terrifying force bloomed from his body, evolving a terrible magic shark phantom.

He is burning the origin.

The origin burned, and the aura of this Shark Demon Clan Supreme Elder instantly soared.

This person was originally the strongest person in the pinnacle, and when the source was burning, a terrible force suddenly burst from his body, like a vast ocean, swallowing everything.

In an instant, the improvement of the cultivation base is more than that?

"too weak."

However, Qin Chen sneered at the corner of his mouth, his figure resembling lightning, bursting out without any hesitation.

In his hand, the magic knife was lifted, and a series of magic patterns bloomed on the magic knife, and the powerful demon energy instantly rose up, like a vast ocean sweeping, turning into a terrible magic power to sweep the world.

It can be seen in the void that a sword shadow that reaches the sky emerged between the heavens and the earth, and then slashed and slashed at the Supreme Elder of the Shark Demon Race.

boom!

The devil qi was boiling, visible to the naked eye, and the boundless devil qi in this world was condensed and condensed in this knife.

The Shark Demon Clan Supreme Elder had a look of anger in his pupils, and his figure retreated madly, trying to avoid the knife, but no matter how he avoided it, the knife still locked him.

At the critical moment, a black magic shield suddenly appeared in front of him. The magic shield burst into magic light, with countless magic patterns rising on it, and suddenly stood in front of him, trying to resist Qin Chen's attack.

With a loud boom, the magic sword fell, and this magic shield burst open instantly under Qin Chen's sword aura, and instantly fell apart.

Immediately afterwards, Dao Qi continued to cut down, strong and unmatched.

"Patriarch."

The Shark Demon Clan Supreme Elder uttered a scream, exhausted all the strength of his body, tried to resist Qin Chen's knife, his eyes showed endless regret and fear.

But in the end, with a puff, his head rose to the sky, unable to resist Qin Chen's attack at all, and fell instantly.

Boom!

The sky and the earth shook, and a master of the pinnacle earthly respect level fell, causing the surrounding sky and earth to slightly shake.

But this time, Qin Chen clearly felt that the origin of the Shark Demon Clan Supreme Elder was indeed, and it was absorbed by this ring, and the invisible power quickly entered the depths of the ring and disappeared.

Is completely absorbed.

Qin Chen's eyes condensed, where did these demons go?

Was it swallowed by the Black Stone Demon Lord of Demon Heart Island?

Or did you go somewhere else?

Qin Chen guessed in his heart, but calmly, he killed the last elder of the Shark Demon Clan with a single knife, but stood here quietly, with indifferent eyes, and sneered.

"Heh, this is the Shark Demon Clan known as the Third-line Demon Clan in this Chaos God Demon Sea? It's too weak and not enough for this seat to kill."

Qin Chen mocked, like a mountain standing on the ring, his eyes squinting, like a king looking down on the people.

boom!

There was an uproar in the entire duel field, and the sound of discussion rushed into the sky.

Qin Chen won.

With the power of one person, he battled hundreds of top masters of the Shark Demon Race, but the result is that the Shark Demon Race, including many powerful elders, have fallen.

Such a record made everyone feel palpitations.

This is more shocking than winning a hundred consecutive victories.

Hundred consecutive victories are one against one, and a total of 100 games are won.

And Qin Chen in front of him was one person fighting against a hundred people, beheading the opponent.

This difficulty is not above one level at all.

If the Horned Demon Sovereign and Wind Demon Spear that Qin Chen killed before adding, Qin Chen's true record might have won more than 100 games.

"Your Excellency, is this a hundred-game winning streak? Can I get the status of a demon?"

On the arena, Qin Chen looked indifferent and looked directly at the old man presiding over the duel. silence.

The old man's eyes were dull and stunned, and he didn't know what to say.

Today's ending is no longer for him.

"Boy, I want you to die."

boom!

Above the ring, the black shark will roar, and endless magic power will erupt from his body, like a ghost. died.

Hundreds of masters from his Shark Demon Clan, including more than a dozen elders, and one Supreme Elder, have all fallen.

For the Shark Demon Race, it is no less than the loss of annihilation.

Although he still had many subordinates, and his strongest patriarch, Qin Chen in today's battle was equivalent to killing all the backbone of his Shark.

The control of his Shark Demon Race will plummet.

The endless anger exploded instantly in the mind of the Black Shark General.

"Open the big formation, now that the duel is over, this demon will crush this kid into thousands of pieces." The black shark demon will be full of murderous aura, and said to the old man who presides over.

"Black Shark General." The old man frowned.

"Open, otherwise, this seat will challenge you life and death on this arena. How many times can you resist the target of the demon general?" The black demon general said angrily, and a Fang Tian painted halberd appeared in his hand, pointing angrily at the host of the old man.

The magic will challenge.

As a demon general, the black shark demon general is not unable to participate in the arena duel, but he cannot invite ordinary demon martial artists to fight, but if he challenges the demon general of the same level, there are rules to be found.

Of course, this old man is not a demon general, but he is also a high-level figure in the demon guards under the command of the Blackrock Demon Lord. If he is targeted by a demon general, it will naturally cause a lot of trouble.

"Black Shark Demon General, this is a duel field, please don't run wild." The old man held back his anger.

Qin Chen glanced at the host elder, then at the Black Shark Demon General, mockingly said: "Why, this challenge has succeeded in a hundred consecutive victories, can't he become a Demon General?"

"And this Black Shark Demon General, as a Demon General, is it possible to challenge anyone at will in this duel? If you can, then you have nothing to say in this seat."

Qin Chen mocked.

"Boy, you shut up."

The Black Shark Demon will roar, and there is a terrible magic light blooming in his eyes, which is out of anger.

"Black Shark Demon General, stop making trouble here, it provokes the anger of Lord Black Shark Demon Lord, can you afford it?"

At this moment, a cold voice came, and in the distance, a figure swept into the duel arena.

"Shut up, who is scolding this magic general here, isn't he afraid of death?"

The black shark will turn his head and shout.

What's going on today, how can anyone dare to disobey themselves?

"Black Shark General, are you looking for death?"

The visitor wore a magic armor, with a majestic imposing manner, cold light in his eyes, like a **** of death, exuding endless killing intent.

These are a few powerful demons with terrifying auras on their bodies, walking in the void, their auras are like the ocean, drowning everything, as soon as they enter, they seem to have become the core of this duel.

Seeing the incoming person, the Black Shark suddenly shrank his pupils.

Because these people are not other people, and they are all magical generals under the command of Blackrock Demon Lord.

"Is the number one magic commander."

"There is a fifth, eighth, and ninth magic general."

"Hi, so many magic generals have come."

In the stands, seeing the visitors, many people were shocked, unbelievable.

Among these people, the leader is the first demon general, and next to the first demon general are several other demon generals who are famous in this area, each with extraordinary identities.

"Black Shark Demon General, dare to scold the First Demon General like this, you are so bold."

"This place is a duel field. According to the rules, the magic commander, the innocent must not attack other people. As a magic commander, do you want to break the law with your body?"

Beside the first demon general, the eighth and ninth demon generals, Qi Qi yelled.

"hateful."

The black shark demon general gritted his teeth and had to hand over to the first demon general, and said in a deep voice: "Black shark, I have seen the first demon general."

The first demon commander is a supreme glory, not something ordinary people can get, it must be the person closest to Lord Blackrock Demon Lord, and the person with the strongest strength can serve.

His Black Shark Demon General ranks extremely high among the many demon generals under the Black Rock Demon Lord, but only ranks seventh.

Those who can rank above him are not easy to follow.

"Humph."

The first demon general snorted coldly, his eyes were cold, he ignored the black shark demon general, and went straight to the sky above the ring, looking at Qin Chen.

"It's you, won a hundred consecutive victories?" The first demon general said coldly, his eyes flickering.

[Chapter 4456: Devil challenge](#)

On the ring, the first demon commander looked at Qin Chen, his eyes flickered, and he couldn't tell what it meant.

"The first demon commander is this person." The host veteran hurriedly said: "This person, with the strength of one person, has successively challenged the Horned Demon Lord, the Wind Demon Spear,

and the hundred powerful Shark Demon Clan. Among them, there is a shark. There is one Demon Supreme elder, seventeen elders of the Earth Sovereign, and eighty-two demon-level powerhouses, All wins. "

"Oh?"

The first demon general, as well as the fifth, eighth, ninth and other demon generals, all glanced at Qin Chen thoughtfully.

No wonder the Black Shark will be so angry. It turns out that the people of his Shark Clan were beheaded by this kid. Who can change? Who can not be angry?

But the rules are the rules. If the rules are broken, what justice can be said about the most famous Demon Heart Island duel in the Demon Sea of Chaos, will anyone come to the duel in the future?

Breaking the rules of the Demon Heart Island duel, this is the biggest trouble.

Not only are the demon generals under the command of the Black Rock Demon Lord unlucky, even the Lord Black Rock Demon Lord will also be punished from above.

Rules, not to be broken.

"Kill the many clansmen of the Black Shark Demon General, you kid, you are really bold, you know, what does this mean?" The First Demon General looked at Qin Chen coldly.

"What does it mean?" Qin Chen sneered, "It means that this chaotic sea of gods and demon seas is missing a little bit of majestic power and a little bit of ants. What else does it mean?"

This.....

In the stands, many people were dumbfounded, and the stormy sea was rolled up in their hearts.

This guy is really crazy.

He even called the people of the Black Shark Demon General the Ant, and in the presence of the first Demon General, he was really not afraid of death.

Don't he know that even if he becomes a demon general, he is only one of the demon generals under the command of the demon king. As the seventh-ranked demon general among many demon generals, the black shark demon general has enough time and opportunity to target him, Kill him?

Unless he can take refuge in the first demon general, even if he becomes a demon general, he will not escape death.

But at this time, Qin Chen was so arrogant in front of the first demon commander, which shocked everyone, beyond words.

Even the first demon commander, staring at Qin Chen's gaze, suddenly shrank, with an inexplicable cold light blooming.

This person is crazy.

Crazy people are always not too flattering. But Qin Chen continued: "I heard that according to the rules of Demon Heart Island, as long as you win a hundred consecutive victories in this duel, you can unconditionally become a demon general. I don't know if it is true? Now this seat has been killed before. Hundreds of ants can be considered

After a hundred consecutive victories, I don't know whether this Demon Heart Island is as fair as the rumors. "

Qin Chen looked at the first demon general with a calm expression.

"Hahaha, so courageous."

The first demon general laughed suddenly, but laughed, but it was very cold.

"My Devil's Heart Island, naturally, is a place of rules. You have won a hundred consecutive victories, and you can naturally become a magician."

The voice fell.

"Huh!"

In his hand, a token suddenly appeared.

This token shot towards Qin Chen in an instant, Qin Chen raised his hand, banged, and caught the token, his body remained motionless.

The pupils of the first demon commander shrank slightly. This token contained part of his power. He wanted to give this arrogant fellow a little bit of prestige, but Qin Chen didn't even move.

The strength of this kid in front of him was more terrifying than he thought. "This is a demon commander's order. Starting today, you will become the twenty-ninth demon general under the command of Lord Blackrock Demon Lord. Looking back, you can report to the Demon Lord's mansion in the center of Demon Heart Island, and you will get your demon general armor and know what some magic generals should perform

Responsibility. "

The first demon said coldly.

Seeing the demon commander in Qin Chen's hand, the black shark demon general focused his eyes, looking at the first demon general with a solemn expression.

Although the first demon general is the strongest among the demon generals and the most trusted by the demon lord, it is only a demon general. The first demon general is the demon commander himself, how can he be qualified to give others a magic command?

It can be seen that the first demon commander must have come by the order of Lord Demon Lord, so that he can possess the command of the demon commander.

Lord Blackrock Demon is also paying attention to this place.

Thinking of this, the Black Shark General felt a cold heart.

After receiving the demon command, Qin Chen nodded slightly. He carefully sensed it, but found that the demon command contained a special restriction, and this restriction contained a trace of darkness.

Darkness prohibition?

Qin Chen's eyes flashed.

The invasion of the dark forces into the Demon Realm far exceeded Qin Chen's expectations, and it was unexpected that all the demon generals in this chaotic sea of gods and demons had a trace of dark forces.

"Sir, do it for yourself."

After the first demon commander finished speaking, he turned around to leave.

"The first demon, wait a minute."

At this moment, the Black Shark will suddenly give a low cry.

"Huh?" The first demon general turned around and looked at the black shark demon general, with cold light in his eyes, what did the black demon general want?

"Please testify to the first demon general that since this person has become a demon general, then the demon will challenge him, it does not break the rules of the duel field, so the demon general request, challenge this person, a life and death duel."

The Black Shark pointed at Qin Chen and said sharply.

"This is, the demon general challenge?"

Many people exclaimed in the stands.

Lord Blackrock Demon Lord, although there are a lot of magic generals, but these magic generals are not all monolithic, in fact, the competition between the magic generals is extremely great, and some clues can be seen from the ranking.

Moreover, there are private enmities among many demon generals.

Therefore, the magic general was born to challenge this thing.

Challenges can also be made between magic generals.

In the stands, because Qin Chen had become a demon commander, Mei Yaoqing, who had a surprise on his face, was suddenly pale at the moment.

"You know, what are you doing?" The first demon general looked at the black shark demon general with cold eyes: "You are the seventh demon general, this person is newly promoted, so it is only listed as the twenty-nine demon general, the demon general challenges. Generally, it can only be played in a specific magic generals qualifying. In addition, normal magic generals choose

In battle, generally only low-level magic generals are allowed to challenge high-level magic generals. And if you, a high-ranking magic general, want to challenge a low-ranking magic general, you can only allow it unless you use a chance to enter the dark pool, do you know? "

In Chaos Gods and Demon Sea, the rules that the demon generals challenge are not complicated.

Every once in a while, there will be magic generals qualifying. This is after a long period of time, the magic generals will be re-qualified, all the magic generals must participate, and the ranking will be reset.

In this qualifying match, there is no difference between high and low magic generals, all can be challenged. In addition, under normal circumstances, if the low-ranking generals are fancying the position of the high-ranking generals, they can directly challenge them without any conditions. However, once such a challenge fails, the end will inevitably be very miserable, even if the high-ranking generals do not Kill low

A demon commander, but will make the opponent worse than death, the devil world is so cruel.

If you want to challenge the strong, the weak must be prepared for sacrifice.

In addition, the high-level magic generals are also qualified to challenge the low-level magic generals.

However, under normal circumstances, the strength of the high-level magic general will be stronger than the low-level magic general, so the high-level magic general will challenge the low-level magic general to lose an extremely precious noble opportunity to enter the dark pool.

That dark pool is the Holy Land of Chaos God Demon Sea located in the seat of Lord Demon Lord.

Once in the dark pool, it can absorb the power of darkness, which will be an unprecedented improvement for the magic general.

This kind of opportunity is extremely rare and hard to change.

If the first demon commander remembers correctly, the black shark demon will be a demon commander until now, and he has only obtained two chances to enter the dark pool in total.

Once, he had used it ten thousand years ago.

Now if he wants to challenge Qin Chen again, then he will lose the second chance to enter the dark pool.

Is it worth it to kill a newly promoted status monster?

"I know it, black shark, but I still want the magic general to challenge this person."

The Black Shark said coldly.

The pupils of the eyes bloomed with endless cold light.

If he doesn't report the revenge of the genocide, how can he stay face-to-face in this monster.

The First Demon General stared at the Black Shark Demon General for a long time, his eyes puzzled.

No one who can become a demon commander is an idiot. Although the enemy of genocide is great, it is far from the chance of entering the dark pool.

Because entering the dark pool will get a huge improvement, people like the Black Shark will not lose a chance to become stronger because of revenge.

In the Demon Realm, the strong are respected. As long as there is a chance to become stronger, let alone annihilate the clan, how can you become a slave and become a servant?

Unless, this black shark will know that the challenge will not succeed.

Thinking of this, suddenly, the First Demon was thoughtful.

He understood the intention of the Black Shark General.

The Shark Demon Race was killed by the kid in front of everyone in full view. If the Black Shark Demon didn't act at all, it would inevitably be ridiculed by countless people on Demon Heart Island and looked down upon by countless demon generals.

But if he tried to pay a huge price to kill the opponent, regardless of success or failure, at least his reputation as the Black Shark General would not be compromised.

If the challenge is unsuccessful, the dark pool opportunity of the Black Shark will naturally not disappear.

It's really good calculation.

"I understand."

The first demon commander sneered in his heart, too lazy to pay attention to the black shark demon general, immediately looked at Qin Chen, and said coldly: "Twenty-nine demon generals, the seventh demon commander, the black shark demon general, now officially challenges you."

"You are a newcomer, so you don't know the rules. Let me tell you that the Black Shark will challenge you as a high-level demon. You can agree to it or you can choose to refuse it."

"Now, you can make a choice, agree or refuse?"

The first demon general looked at Qin Chen indifferently.

He didn't even need to guess, he could know Qin Chen's decision.

Facing the challenge of a high-level magic general, few low-level magic generals will accept it.

After hearing this, Mei Yaoqing was relieved.

It turns out that adults still have a chance to refuse.

She was scared to death, thinking that she was going to die just as she became a magic commander.

Above the ring, the Black Shark General looked at Qin Chen coldly.

He could also guess Qin Chen's decision. He had already decided in his heart. Next, let's see if he could find any chance. It would not be so easy to stop Qin Chen from killing his Shark Demon Clan.

"Challenge me?"

Qin Chen looked at the Black Shark General with a smile.

This guy is really anxious to find death.

"The twenty-ninth demon general, what's your answer?"

The first demon will frown, his tone is not good.

Qin Chen, wasted his time.

"I promise."

Qin Chen said indifferently, with a sneer in his eyes.

"Very well, since you refused... what?"

The first demon commander, hearing Qin Chen speak, instinctively wanted to say something about the scene, but after he reacted, he was stunned.

What did he hear?

Qin Chen, agreed?

In the stands, many other Demon masters were also sluggish.

Rubbing his ears one by one.

Thought I heard it wrong.

Not only him, but the Black Shark Demon General was about to turn around and leave. Now, his feet stopped.

"I promised. Please also ask the Black Shark to come down quickly. I'm in a hurry."

Qin Chen said lightly, looking up at the sky.

boom!

Suddenly, the audience was boiling.

The Black Shark was dumbfounded, and this guy actually agreed.

The Black Shark General didn't know what kind of mood he was in. He only knew that one chance to enter the Dark Pool was gone.

This kid, looking for death!

boom!

The terrifying demon energy on the black shark demon commander boiled instantly.

"Are you so anxious to find death?" The Black Shark walked down the Dark Eye like a bottomless abyss, with endless killing intent surging through his body.

He really admired Qin Chen's courage, a newly promoted magic general, dare to agree to his challenge.

The anger in the black shark's heart rose more and more.

"Who is looking for the death? Only after trying to find out." Qin Chen raised his head and looked at the Black Shark General.

Cang!

The magic knife is in hand.

"Don't waste time, let's get started." Qin Chen said directly, rising into the sky.

[Chapter 4457: Meet the Demon General](#)

boom!

At this moment, the magic knife in Qin Chen's hand suddenly exploded with endless murderous intent, slashing madly at the black shark demon general.

Boom!

Along with Qin Chen's soaring into the sky, the heaven and the earth roared, surrounded by countless demon qi, and the mighty power shook the heaven and the earth, and the countless demon powerhouses in the entire stand trembled.

This son is so strong.

"Black Shark General, die!"

Qin Chen yelled, his figure resembling a demon god, towering majestic and overbearing, above the magic knife in his hand, the terrifying divine light bloomed, launching a fatal blow against the black shark demon general.

Between the sky and the earth, a terrifying blade light appeared, and the blade light surged, turning into an astonishing force like slashing the sky and destroying the earth, tearing the sky and the earth, and rushing towards the black shark demon general.

At this moment, the seventh demon commander Black Shark turned his face pale, and he felt an irresistible force coming.

"Boy, looking for death."

Roar!

The black shark demon will roar, and the power of Tianzun rises into the sky for half a step.

A series of terrible demonic energy gathered on his body, and in his hand, a scimitar like a shark fin appeared. The scimitar condensed the terrible power and collided with the light of the knife cut by Qin Chen.

boom!

When the two forces collided, the Black Shark General felt only a force with endless coercion, and instantly suppressed it.

His face suddenly changed slightly, and under this coercion, he even felt an irresistible feeling.

Not long ago, he thought that Qin Chen had agreed to his challenge to die, but when the opponent's sword light really came, he actually felt a pressure from his soul.

At this moment, he finally understood why the powerhouses of his Shark Clan couldn't resist the blow of the guy in front of him.

The fighting power of this son was too terrifying, so terrible that he could not resist this half-step Tianzun.

With a roar, the black shark demon will burst into the strongest state, but saw that terrible sword light descend, and with a bang, the black shark demon split the scimitar in his hand instantly, and Qin Chen slashed out the light of the knife. , In the next moment, swallow everything and completely swallow the Black Shark.

Boom!

In the stands, as well as the first Demon General present, they were all shocked to see that the Black Shark Demon General, who was ranked in the forefront of the Black Rock Demon Lord and the seventh Demon General, was directly hit by the terrifying attack by Qin Chen. Engulfed, the fragile seemed vulnerable, and the entire figure was completely shrouded by endless swords.

"Rumble..."

The deafening roar resounded, the blade light that raged like a storm annihilated everything, the force of destruction destroyed all existence, the void vibrated, and the countless blade light gradually dissipated in the rumbling roar.

The battle on the duel field came to an abrupt end.

Whoosh!

Qin Chen's figure fell, standing on the arena with a calm expression, retracting his sword into its sheath.

Cang!

The blade made a crisp low groan, awakening everyone from the shock. Everyone looked at the location where the Black Shark Demon General was previously, and looked at the gradual calming void.

When everything became calm and clear, there was no longer a figure of the seventh demon commander, the black shark demon commander, in the duel field. Only when there was a cry, a piece of the demon commander's armor fragments fell down, and a clear sound was emitted on the ring.

The audience was silent for an instant, and there was no sound.

Is the seventh demon strong?

Of course strong, otherwise, he would not be able to sit in the position of the seventh magic commander.

However, with only one blow, the fly ash was annihilated. The powerful seventh demon commander, the patriarch of the Shark demon clan, and a half-step Tianzun level powerhouse, has always been cruel, high above, and in this area is like a demon.

But this class of powerhouses, in front of Qin Chen, also only used a single knife. He has a reputation in this sea area and is a black shark demon general who is the head of the three-line demon clan. Punish.

Such an impact made the duel are silent for an instant, only staring at that direction.

Seeing there, Qin Chen stood quietly on the duel field, his expression indifferent and extremely calm, as if he had just killed a trivial existence at random, without paying attention.

He didn't move or say anything. He just stood there, and the powerful aura on his body faded away, but just standing there was enough majesty.

There was a very strong wave in Mei Yaoqing's heart. She thought that Qin Chen might be very strong, otherwise she would not dare to be so arrogant in this duel, nor offend the Seventh Demon General Black Shark.

But she didn't dare to imagine that Qin Chen would be strong enough to kill all the Black Shark Demon Generals in seconds. In this way, the strength of this person might be infinitely close to Tianzun, or even the position of the first Demon General. You can fight for it.

The first demon general is strong, but can it be possible to kill the seventh demon general, the black shark demon general?

Not sure.

Before the fight against life and death, no one knew what the outcome would be.

At this moment, not only was Mei Yaoqing thinking so in her heart, but on the field, the fifth, eighth, and ninth demon generals were all shocked.

They were all wondering, if they were standing in the position of the Black Shark General, could they stop Qin Chen's previous knife?

the answer is negative.

Can't!

Even if it was the fifth demon general, at the moment Qin Chen took the sword, he was shocked, as if that sword could wipe him out instantly, whether it was soul or body.

Earlier, he thought this was an illusion, but now, the fate of the Black Shark Demon General made him fully understand that this was not an illusion.

Let alone him, even if it is the third demon general, the second demon general, I am afraid it may not be able to block the previous one.

Under the command of Lord Blackrock Demon Lord, I'm afraid that only Lord Demon Commander will be able to confront the opponent, right?

Inexplicably, the eyes of the strong like the Fifth Demon General all gathered on the first Demon General.

The first demon commander looked at Qin Chen with amazement in his heart, and his pupils shrank slightly.

He didn't think it before.

I only think that although Qin Chen is strong, it is nothing but that.

But when he looked at Qin Chen again at this time, he realized that the guy who couldn't see through the cultivation base was not a beast at all, but a giant dragon, a giant dragon that could swallow everything.

"I wonder if my challenge is over?"

Qin Chen suddenly said lightly at this moment.

The old man who presided over the duel came back to his senses and said in shock: "It's over naturally, Lord Demon, please feel free to..."

In his capacity, there is actually no need to call the demon an adult, but for some reason, at this moment, he dare not show the slightest prestige in front of Qin Chen.

The first demon commander looked at Qin Chen and suddenly waved, a jade slip flew out and fell into Qin Chen's hands.

"The seventh demon commander, the Shark demon clan, challenged your lord and was killed on the spot. According to the rule of the demon general challenge, from this moment on, you will be the seventh demon general under the command of Lord Blackrock Demon Lord. This jade slip is the seventh demon general black. The Shark Demon will be in the Demon General's mansion on Demon Heart Island. The Black Demon will die. All the things in his mansion will naturally belong to Your Excellency. I hope you will receive it in time."

"Also, the eighth demon commander, the ninth demon commander." The first demon commander looked at the two.

"Yes!" The two demon generals handed over.

"The Demon Sharks are arrogant and domineering in the Sea of Demon Gods and Devils, and they will break the rules of the duel. You two will immediately go to the Demon Shark Clan and kill all the members of the Demon Shark Clan. The new seventh demon general can be regarded as some compensation for the new seventh demon general."

"Yes!"

Eighth and ninth demon generals, shouted together.

On the duel field, there was an instant sorrow.

Everyone knows that the Shark Demon Race is over.

In the years when the Black Shark Demon General was the seventh demon general, the Shark Demon Race recklessly acted in this sea area and offended many demon masters and forces.

If the Black Shark General is still there, that's all right. Now that the Black Shark General is dead, it will naturally fall apart and be swallowed instantly.

Devildom is so cruel.

This is not surprising. What everyone is surprised is the attitude of the first magic commander.

Normally, the first demon general does not need to take care of the seventh demon general's face at all. The black shark demon general's mansion and ethnic treasures can be swallowed by the first demon general by himself, but he does not take anything and pays everything. To the new seventh demon general.

Others may not know the reason, but the fifth, eighth, and ninth demon generals who have a good relationship with the first demon general know that this is the first demon general's favor.

This means that the first demon general is also quite afraid of this new seventh demon general.

Qin Chen took the jade slip, felt it slightly, and knew the message in it. Then, he slightly bowed his hand to the first demon commander, but didn't say anything, but went straight to Mei Yaoqing and said lightly: "Go Right."

Whoosh!

Qin Chen rose into the sky and left the duel arena.

And Mei Yaoqing was still a little dizzy at the moment, in a trance, hurriedly soared into the sky, closely following Qin Chen's figure.

"My lord, where are we going now?"

Leaving the duel arena and following Qin Chen's side, Mei Yaoqing was still a little dizzy at the moment.

"Go to the Demon Lord's Mansion first."

Qin Chen came to the center of Demon Heart Island, and suddenly, a magnificent building appeared before his eyes.

The vast mansion stands above the Devil Heart Island, like a palace.

Here is the Demon Lord's Mansion and the most authoritative place in this sea area.

After Qin Chen came to the Demon Lord's Mansion, he immediately had his entourage to lead Qin Chen to perform his duties.

The new demon generals will have such duties.

The people in the Demon Sovereign Mansion seem to have already known what happened on the duel, and their attitude towards Qin Chen is not very overbearing, and the eyes that look at Qin Chen are full of jealousy.

As a demon king's mansion, naturally there is no need to respect a demon general.

However, that is just an ordinary magic commander.

Even if Qin Chen is only the seventh demon commander, they don't need to be so careful.

But if it is a demon general who has to show even the first demon general, it will have to be memorable and thoughtful.

Soon, all the formalities of Qin Chen were completed.

Qin Chen's demon commander was also replaced with the new seventh demon commander. As for Qin Chen's mansion, it was arranged in the seventh demon commander's residence where the black shark demon general was originally located.

"Magic?"

Qin Chen murmured, looking at the Demon Lord's Mansion thoughtfully.

He originally thought that the Black Rock Demon Lord would summon himself, but he did not expect to be so calm that he did not summon himself.

"Then... wait?"

A smile was drawn at the corner of Qin Chen's mouth, and he turned to leave the mansion of the demon king and head to the mansion of the seventh demon general.

The Mansion of the Seventh Demon Commander, located in a rather central location of Demon Heart Island, occupies a vast area, and can be regarded as an extremely magnificent place on Demon Heart Island.

Of course, as the patriarch of the Shark Demon Clan, the Black Shark Demon General does not usually live in the mansion of the seventh Demon General, but the guards here and all kinds of things are readily available.

As soon as Qin Chen arrived at the Mansion of the Seventh Demon General, there were already a group of masters standing at the gate of the mansion, kneeling together on one knee.

"Meet the demon general."

The leader of the Demon General's Mansion Demon Guard said with a trembling voice.

They are not members of the Shark Demon Clan, but the demon guards on this Demon Heart Island. They were arranged to serve the Black Shark Demon General at the seventh demon general's residence. Now that the Black Shark Demon will fall, they are naturally still sitting in this seventh demon general. Mansion.

They also knew everything about what happened in the previous duel, and they were very worried about the character of the newcomer.

Qin Chen stood still at the gate of the demon general's mansion, looking at these demon guards with indifferent eyes.

He came here, but he was not really a magic general.

Mei Yaoqing stood behind Qin Chen, his heart beating wildly, but at a loss.

Seeing that Qin Chen didn't have any words, the leader of the demon guard was even more courageous, and his heart was like a drum.

[Chapter 4458: Darkness prohibition](#)

"Meet the devil!"

A group of magic guards spoke again, their voices loud and sincere.

Gradually, these voices converged into a torrent, resounding throughout the mansion of the demon commander, with a mighty momentum, and terrible waves of sound swayed up and passed away in the distance.

At this moment, everyone bowed and bowed, staring at the young figure standing proudly at the gate of the seventh demon general's mansion like a pilgrimage.

From then on, he is the seventh magic general.

Qin Chen looked around, even the extremely calm eyes, the majesty in everyone's eyes at this moment, no one dared to look at him.

Because they had all heard of Qin Chen's deeds and challenged hundreds of powerful Shark Demon Clan with one person, and none of them survived.

Moreover, a move to kill the patriarch of the Shark Demon Clan, the original seventh Demon General Black Shark Demon General.

With such a method, everyone did not hesitate. As long as Qin Chen was dissatisfied and waved his big hand, the current Seventh Demon General's Mansion would flow in blood.

"Mei Yaoqing." Qin Chen didn't look at everyone, but looked towards Mei Yaoqing.

"Yes." Mei Yaoqing said loudly. She has completely entered the role. Although she is not a demon general, she is now the maid of the seventh demon general Qin Chen, and can be regarded as the guardian of the seventh demon general's mansion.

"All the people in the Seventh Demon Commander's Mansion will be handed over to you to handle and manage. Everyone, follow your orders, and I have to take a rest."

Qin Chen said lightly.

"Yes, sir." Mei Yaoqing nodded, and then saw Qin Chen turning around and walking towards the tall Demon Commander's Mansion. There was still a figure standing next to him, where Qin Chen passed by was silent. Only awe.

The new seventh demon commander Qin Chen smashed the incumbent seventh demon commander Black Shark demon commander with a single blow. It was obvious that his strength was stronger than one level.

Rumor has it that even the lord of the first demon commander has a gentle attitude towards the current seventh demon commander, which shows that this seventh demon commander is extraordinary.

Qin Chen stepped into the majestic Demon Commander's Mansion. There were powerful demon soldiers on both sides of this demon commander's mansion. They were placed there. These were belonging to the seventh demon commander, the Black Shark Demon Commander, and now they are all considered Qin Chen. Personal belongings.

Qin Chen glanced, but they were just some ordinary Venerable Demon Soldiers.

Think about it, too, the real top demon soldier, how can the black shark demon general be placed in this demon general's mansion instead of carrying it with him?

These magic soldiers, Qin Chen naturally did not pay attention to them, and did not even have any interest in collecting them.

Qin Chen just went straight forward and stepped into the depths of the Demon General's Mansion.

In the innermost part of this Demon General's Mansion, is the former seventh Demon General Black Shark's Demon Hall room. No one has set foot in it before. After the Black Shark General's death, the demon guards here naturally dare not trespass. So it remains the same. Qin Chen opened the gate of the Demon Hall and stepped into it. Then he saw a lot of collections inside. There were some personal belongings of the Black Shark Demon General, but many of them belonged to the Demon General's inheritance, such as some powerful Demon Races. As long as you are a demon general

Position, you can look at the practice at will. Qin Chen flipped through it. Although he was a human martial artist, he also knew a lot about the demon clan's techniques. It can be said that since the Tianwu Continent, Qin Chen has been dealing with the demon clan and has even practiced the demon clan. Dadao, split the demon clone

.

Otherwise, how could he pretend that the demons are so alike.

Therefore, he looked at the magical powers of these demons, still very relaxed, to see if there was anything worth learning from.

As for cultivating these demon clan techniques, it's not necessary. The nine-star divine emperor art that Qin Chen himself has cultivated is extremely vast and mysterious, and coupled with the various avenues provided by the gods, how about the magical powers of a demon general in this chaotic sea of gods and monsters? Comparable.

However, Qin Chen still took quite seriously, the way of the demon race and the way of the human race, mutually confirmed, still able to understand.

Moreover, through this demon clan's exercises, Qin Chen can also understand what level the demon clan's venerable is above.

There was footsteps outside, and Mei Yaoqing arranged the outside affairs and walked in and stood in front of the magic hall.

"Come in, you don't have to be so polite." Qin Chen's voice came out, and Mei Yaoqing lifted up his steps and crossed the hall door to Qin Chen's side.

"The magical powers here should give you some reference and insights, right?" Qin Chen raised his head and asked Mei Yaoqing. "Although my magic demon clan is a second-line demon clan, and this shark demon clan is only a third-line demon clan, but the third demon general, the black shark demon general, is under the command of the black stone demon lord. The collection in this demon hall is better than me. 'S magic power is weaker, but there are also some, down

Can give a lot of help to subordinates. Mei Yaoqing nodded, her expression respectful.

"Here will be yours from now on, you don't need to get my consent, just come by yourself at will." Qin Chen said lightly to Mei Yaoqing.

He flipped through these magic skills and communicated with the master of the Abyssal Demon in the Chaos World. These magical skills were nothing surprising, at least they were worse than the skills of his Abyssal Demon Race by more than ten thousand miles.

Qin Chen's words caused Mei Yaoqing's heart to tremble, showing joy, and even respectfully said: "Yes, sir."

What she was excited about was not these exercises, but Qin Chen's attitude towards herself. Without the consent of an adult, she could come by herself at will. This meant that the adult did not regard herself as an outsider at all.

Could it be...

Do adults think of yourself like that?

Mei Yaoqing suddenly felt hot on her cheeks, and her whole body became a little hot. She boasted that her appearance was pretty good. She used to be in the Chaos Demon Sea. Maybe the adults were not stable, so she was not tempted by herself. Now she has become a demon general and settled down on the Demon Heart Island of the Black Stone Demon Lord. Lust, desire, or

It's not necessarily true that Master Xu is tempted to himself again.

If an adult suddenly uses himself strong, how can he resist?

Do you take the initiative to meet, or...

Mei Yaoqing was in love for a while.

After all, although she is a member of the Illusory Demon tribe, she is naturally charming, but she is still a virgin.

However, even if they are virgins, they naturally know how to meet men. This seems to be imprinted in their genes, and it is the reason why countless demon bosses are very fond of the women of the magic clan.

"What are you thinking about?"

Suddenly, Qin Chen frowned.

"what!"

Mei Yaoqing suddenly woke up from the reverie.

"Although I am a demon general, you will be responsible for everything in this demon general's residence in the future." Qin Chen said.

"Yes." Mei Yaoqing hurriedly bowed.

"Okay, you can go out." Qin Chen said lightly.

"what?"

Mei Yaoqing was startled, my lord, he... didn't even ask himself to stay and wait for the bed?

"Any thing else?"

Qin Chen frowned and looked at Mei Yaoqing, the suffocating majesty filled once again.

"No, the subordinate retires."

Mei Yaoqing hurriedly saluted, stepped back and left the magic hall, looking at the towering figure of Qin Chen, she didn't know what it was like, she was a little relieved, and some, feeling lost.

Mei Yaoqing left, Qin Chen immediately closed the Demon Temple and appeared in the Chaos World at the same time. "Kid Qin Chen, after you came to this Demon Realm, what time did you waste, with your strength, wanting to inquire about intelligence, why waste time on this Demon Heart Island and directly look for the Demon Lord of the Chaos God Demon Sea? That guy is the supreme powerhouse,

With the ancestor, it is not easy to win him. "

Honghuang Zulong said proudly, the dragon head high.

Qin Chen gave Honghuang Zulong a white look, and didn't bother to pay attention to this guy.

This old thing has been arrogantly lawless since regaining most of his strength.

Of course, with its strength, it does have the qualifications of being proud, and the whole Demon Realm can threaten him, which is probably one of the few. But this is not what Qin Chen wants, because although the Primordial Ancestral Dragon is powerful, it is not invincible. In the Devil Realm, even Xiaoyao Supreme dare not enter easily. Once the whereabouts of the Primordial Ancestral Dragon is discovered, the ancestor of the abyss will lead the strong. Shot, it must only

It can be a fleeing in embarrassment.

At that time, Qin Chen's plan to rescue Sisi would be completely scrapped.

Qin Chen came to the Lord of the Abyss, raised his hand, and the Demon Commander instantly appeared in his hand and threw it to the Lord of the Abyss.

"Master, you are..." The Lord of the Abyss frowned.

"Look carefully at this magic command!"

Qin Chen said.

The Lord of Abyss Demon frowned, a trace of magic power entered the Demon Commander's order, and suddenly his pupils shrank: "Is it the darkness restriction?"

"That's right." Qin Chen nodded.

"Strange, why is there a ban on the power of darkness in a demon general's token?" the master of the deep demon doubted.

Qin Chen said solemnly: "This is also strange to me, and I discovered that the darkness restriction in this demon command is actually a devouring restriction."

"Swallow prohibition?"

The eyes of the Lord of the Deep Demon became solemn. Qin Chen nodded: "Once this magic command erupts, no matter where the magic command is, the storage ring, or other space, as long as it is not in this chaotic world, the person holding the magic command can be swallowed instantly and turned into This magic command

power. "

"Master, do you mean that all the demon generals of this chaotic God and Demon Sea are raised by others?"

The Lord of the Abyss and the others took a breath.

"It's possible." Qin Chen looked at the Lord of Abyss Demon, Wanling Demon Venerable and others, "Are you sure, in your age, there is no such prohibition token?" "No." The Lord of Abyss Demon shook his head. Wanling Demon Sovereign also shook his head and said: "When I was waiting, the dark forces just invaded. Under the leadership of the deep demon clan, many demon clan directly took refuge in the dark forces, but some demon clan is also carrying out countermeasures.

Resistance, however, has never seen this kind of magic command with darkness prohibition. "The Wanling Demon Lord has an ugly face: "If this Demon Command contains the restrictions of the Dark Clan, it can swallow the demon source and power of my Demon Clan people. This is likely to show that the Demon Realm is under the leadership of the deep demon ancestor. Has completely taken refuge in the dark clan, become

For the vassals of the dark race. "

This method of raising demon generals is simply to secretly raise the demon people as nourishment.

Qin Chen was also thoughtful, his face very gloomy.

Because he participated in a duel, became a demon commander, and after understanding the rules of the chaos and demon sea, he also faintly discovered this problem.

Chaos God Mohai was originally an extremely chaotic place, but now it has strict rules, especially some rules on the duel arena, which is simply to constantly select the strong for the Demon Race.

After these powerhouses become magic generals, they can obtain magic general orders and continue to improve and grow, but no one knows that this magic general order is actually a time bomb that can swallow the essence and blood and origin of all magic generals at any time.

As the Chaos God Mohai is a top power of the Demon Race, the ancestors of the Abyss Demon will not be ignorant of the situation here.

If everything here was arranged by the ancestor of the deep demon, then the matter would be serious.

This shows that the ancestor of the deep demon has no bottom line at all, allowing the dark forces to act recklessly in the demon world, using the entire life of the demon clan as a kind of transaction between him and the dark forces.

"impossible."

But at this moment, the Lord of the Abyss suddenly said in a deep voice.

Qin Chen looked over immediately. "Ancestor, he will not completely take refuge in the dark forces and become a vassal of the dark forces." The master of the deep demon frowned, "As far as I know, the reason why the old Ancestor cooperates with the dark forces is just using each other. The purpose is to achieve detachment,

Leaving the shackles of this universe, that's why it will cooperate with the dark forces. "

"There must be some reason for this."

The main way of the abyss demon, it knows the ancestor of the abyss demon best.

"It seems that we have to investigate carefully, no matter what, there must be something strange in this."

Qin Chen murmured. The most urgent task is to see the higher level of the Chaos God Demon Sea through the Black Rock Demon Lord and learn more about the situation.

[Chapter 4459: Clean up the portal](#)

Qin Chen left the chaotic world and continued to stay in the seventh demon general's mansion, practicing silently.

He believed that the Black Rock Demon Lord would act soon.

After all, his own affairs were raging on Demon Heart Island, and when he was in the duel, Qin Chen clearly felt a breath, had come to the duel, and even gave instructions to the old man who presided over the duel.

He didn't believe that the Black Rock Demon Lord could calm down.

really.

the next day.

A group of powerful demon guards instantly descended to the seventh demon general's mansion.

"Master Demon has an order, call the seventh demon general to attend."

A loud voice resounded through the world.

"finally come."

Qin Chen smiled slightly at the Demon General's Mansion.

He thought that Black Rock Demon Lord was so calm, but he didn't expect that he would just endure it for a day.

"boom!"

Qin Chen soared into the sky. This time, he didn't take anyone, but went to the Demon Sovereign Mansion alone.

The demon guard who came to declare the order glanced at Qin Chen, then turned and left, leading the way.

After a while, Qin Chen came to the Demon Lord's Mansion again.

This time, the Demon Lord's Mansion seemed to be a little different from yesterday, and everyone's expression was quite serious.

When these demon guards brought Qin Chen to the Demon Lord's Mansion, a group of powerful men came up and stopped Qin Chen and his party.

"Stop."

The strong leader who led the team said coldly, it was a woman, and it was crucial that the two demon guards behind her were also women.

"I have seen Lord Demon Attendant." The demon guard who led the team hurriedly bowed and saluted the woman with a respectful look.

Magic servant!

Qin Chen's eyes flashed.

It is said that the Black Rock Demon Lord of Demon Heart Island is extremely mysterious and rarely appears in the outside world. Except for a few people who have the opportunity to see it, even some demon generals may not be able to see each other's face.

And this demon guard is the person who serves the black stone demon lord, and is considered the closest person to the black stone demon lord, no wonder these demon guards are respectful.

Not to mention the demon guards, even the ordinary demon generals must respect the devil when they see the devil. After all, the devil is a close friend who serves the demon king.

This woman looked proud and ignored the demon guard who led the way. She just looked at Qin Chen with cold eyes and said coldly: "This person is the new seventh demon general?"

"Exactly." The demon guard hurriedly saluted.

"Humph, why don't you salute when you see this demon servant?"

The magic servant said coldly, his eyes cold.

Qin Chen said indifferently: "You are the demon attendant, and I am the demon general. Why do you have to bow to you?"

"Bold!"

The two demon women behind this demon waiter screamed, taking a step forward, murderous intent surged.

Qin Chen glanced at the two of them and said faintly: "Isn't it?" "The Demon Attendant is just a guard under the demon Lord's command. It sounds nice. It's a guard. If you say it badly, with the strength of Lord Demon Lord, how do you need it? She is a guard, the so-called demon servant is just a maid under the demon lord, and a servant who serves the demon lord.

"

"Although the magic servant sounds prestigious, in fact, there is no specific position, just a servant."

"The demon general is the executor who is in charge of this chaotic sea and the Demon Heart Island for Lord Demon Lord. He has specific powers. In terms of identity and status, this seat must be higher than you. Why Want to salute you?"

Qin Chen sneered.

As soon as these words came out, the surrounding demon guards were all dumbfounded, looking at Qin Chen in amazement one by one, backing one after another, expressions of fright, and hurriedly crawled to the ground.

Is this kid crazy?

In fact, the Demon Attendant was indeed just like Qin Chen said, she was just a maid under Lord Demon Lord, but no matter what, she was after all Lord Demon Lord's servant.

Seven-rank official in front of the prime minister.

Lord Demon's maid, although she has no real power, who dares to be disrespectful when she sees it? After all, Lord Blackrock Demon Lord has always been a simple one, and even the demon generals are not qualified to be seen, let alone these Demon Guards. Some Demon Guards have been in this Demon Lord's Mansion for many thousands of years and have never seen Lord Demon Lord. Even these monsters

There are not a few who have never seen the devil.

But the demon servant has always served the demon lord.

Therefore, under normal circumstances, even if the demon general sees the demon servant, he must respectfully salute.

But the seventh demon commander in front of him dared to fight the demon servant here, really...

Rumor has it that the newly appointed Seventh Demon will be a madman. Anyone who dares to offend him will cause him to fight to the death. It seems that he is indeed a lunatic, and he is right.

"you....."

The witch behind the magic attendant was cold and murderous.

And the demon servant also contracted his pupils, which is crazy.

This is the first time they have seen such a arrogant general.

Even the first demon commander did not dare to be so arrogant towards them. But Qin Chen continued to say lightly: "If I guessed correctly, how many people are here to wait for me and lead me to see Lord Demon? In that case, don't lead the way? It is just here that the fox is pretending to be a tiger, showing off his power. It's very fun

? "

Fox fake tiger power?

Oh my God?

The demon guards next to him were too scared to listen, all squatting on the ground, motionless.

"Didn't you hear?"

Seeing that the other party didn't move, Qin Chen said coldly, a little impatient.

An extremely sharp look flashed in the eyes of the demon attendant standing in front of Qin Chen. She had heard Qin Chen's words before, so why repeat.

She was annoyed in her heart, had anyone ever given her such a face, even if she wanted to attack Qin Chen.

He gritted his teeth for a while, and finally held back.

She saw her eyes cold, gritted her teeth, and said coldly: "The seventh demon general obeys the order, Lord Demon has the order, let you go and meet me, come with me."

Words fall.

She rushed forward and quickly entered the depths of the Demon Lord's Mansion.

The demon guards hurried away, no one dared to touch her.

Qin Chen sneered and immediately followed.

Going deeper, in the Demon Lord's Mansion, there are magic formations lingering everywhere, extremely deep.

After walking for a long time, Qin Chen finally came to the depths of the mansion of the Black Stone Demon Lord.

The depths of the mansion of the demon king is quite different from the style of the mansion of the demon generals. After reaching the depths, not only does the breath of majesty disappear, but there is a sense of beauty.

It made Qin Chen quite surprised.

After a while, Qin Chen came to a pond in the depths of the Demon Lord's Mansion.

On the edge of the pond, there is a pavilion and pavilion. At this moment, outside the pavilion and pavilion, there are a group of powerful men with extraordinary aura, most of whom are stronger than the original seventh general, the Black Shark. Will only be strong and not weak.

Seeing the leader, Qin Chen's eyes flashed, and he was actually the number one magic commander.

Behind the first demon general, there are the fifth demon general, the eighth demon general, the ninth demon general and so on that have already been seen before.

There are nine people in total.

"This is, are all the top ten magic generals here?"

Qin Chen's eyes flashed, thoughtful.

Immediately afterwards, Qin Chen's gaze fell on the pavilion again.

I saw a serpentine body in the pavilion, turned out to be a beautiful figure in a magic robe, with his back facing everyone, slender hands, white and delicate, as if coming out of a painting, gently sprinkling some food into the pond.

In the pond, many fish are vying for food, colorful, colorful, and extremely beautiful.

"This is..." This Qianying exudes an inexplicable aura, which doesn't seem to be very powerful, but under this aura, all the demon generals present, including the first demon general, have expressions. Respect, no one dared to raise their heads, no respect

.

"Could it be..."

Qin Chen had a vague guess in his heart.

"Master Demon Lord, this seventh demon general has been brought here."

The leading magic servant bowed and saluted with a respectful look.

really!

Qin Chen was stunned. This Black Stone Demon Lord turned out to be a woman, which was beyond his expectation.

Moreover, the aura on this Black Stone Demon Lord was also detected by Qin Chen at once.

Tianzun!

Qin Chen's previous guess was indeed correct, and this demon king was a master at the Tianzun level.

"Oh?"

The enchanting Qianying threw all the bait in her hands into the pond, gave a faint smile, and then turned, her beautiful eyes suddenly fell on Qin Chen's body.

In an instant, everyone felt their eyes shine.

Just like Qin Chen, he also felt relaxed and happy.

This Black Rock Demon Lord actually had more charm than the Mei Yaoqing of the Illusory Demon Race.

"Don't pay homage to Lord Blackrock Demon Lord!"

Seeing that Qin Chen hadn't moved, the demon servant suddenly shouted, his expression angry.

The Black Rock Demon Lord raised his hand and said with a smile: "Are you the new seventh Demon General who killed the Black Shark Demon General?"

Qin Chen folded his hands, his expression was neither overbearing nor overbearing, and said, "Exactly, I have seen Demon Lord."

He looked proud and calm, not arrogant, but not respectful.

This changed the color of everyone present, whether it was the first demon commander waiting for the demon commander or the demon servant, their complexion changed.

This new seventh demon general is so mad that he dares to have such an attitude in front of Lord Demon Lord.

"you wanna die....."

boom!

This demon servant finally couldn't hold back, and instantly slapped Qin Chen with a palm.

Before Qin Chen's disrespect to her caused her heart to accumulate anger, now Qin Chen's attitude in front of Lord Demon immediately gave her a reason to act.

With a bang, I saw the demon attendant taking a palm shot, and the terrifying magic power suddenly turned into a vast ocean, covering Qin Chen instantly, and the layers of magic power were like waves, drowning everything.

I have to say that this Demon Servant's cultivation base is extraordinary, and he is also a half-step Tianzun master. Although his murderous aura is weaker than the Black Shark Demon General, his cultivation base is not bad at all.

Facing the sudden move of the demon attendant, Qin Chen's expression remained unchanged, but he suddenly raised his hand, turned his palm into a knife, and slashed it out.

boom! Just like the birth of a heavenly sword, the power of the demon servant's palm split instantly, and the terrifying power of the sword pours out in an instant, crashing on the demon servant, smashing her out instantly, vomiting blood, and immediately one knee Kneeling on the ground, embarrassed

.

"You dare to do it to me... You are so brave, but also ask Master Demon to order this person to be killed by his subordinates, in order to behave like you."

This magic servant was furious and screamed bitterly.

Qin Chen dared to move her in front of Lord Demon, so courageous.

The first demon commander and the others looked stupid.

Qin Chen, are you crazy? But seeing Qin Chen's expression calm, he faintly said: "You are a demon servant, who provokes this demon again and again, do you really mean that the demon will not kill you? Today, for the sake of Lord Blackrock Demon Lord, I will keep you alive. The next time, the soul flies away and the bones are gone.

"

"you....."

This demon servant was furious, and Qin Chen was too arrogant to threaten her.

"Master Demon Lord." She looked at the Demon Lord Blackrock aggrievedly.

Seeing the black stone demon king stepping forward, his magic skirt fluttered, and he could faintly see the slender legs and soft figure, his body was excellent, just like willow branches.

The Black Stone Demon Lord has red lips, and his eyes seem to be able to speak. Although Mei Yaoqing is a member of the Illusory Demon Race, she is far inferior to this Black Stone Demon Lord compared to her charm.

The Black Rock Demon Lord not only makes people feel like they want strong care, but also reveals a masculine aura, like a heroine, with a wisp of the mighty aura of a strong Tianzun, which makes people feel a little distance. sense.

The Black Rock Demon Lord stepped forward two steps, sat down on a stone chair, with red lips lightly opened, staring at Qin Chen with bright eyes, and said with a light smile: "In front of this Demon Lord, you Aren't you afraid of offending the demon?" Qin Chen said indifferently, "I came to this chaotic sea of gods and demon seas because I heard that the chaotic gods and demon seas have strict rules. As long as you have the strength, you can get ahead and see many things. The strong. And this person, as the demon servant, is fake, provoking the demon general twice,

This seat teaches her, but also cleans up the door. "

"Moreover, this seat has already given the demon lord's face enough, and has not killed her, it is already merciful." Qin Chen said lightly.

[Chapter 4460: Storm of Destruction](#)

On the side, the first demon general and others were suddenly sweating.

This Qin Chen is too crazy.

They have been here for so many years as a demon commander, and it is the first time that they have seen a demon commander who dares to talk to Master Demon Lord.

Is he really afraid of death?

"Chuck, interesting!" The Black Stone Demon chuckled lightly, with a quiet laugh, but with inexplicable temptation.

It's just that, the first demon general and others on the scene, but no one felt relaxed, but chills emerged in their hearts.

"You shouldn't be a member of the Chaos God Demon Sea, right?" Black Rock Demon Lord chuckled lightly.

Qin Chen said indifferently: "Is it a person of the Chaos God Demon Sea, does it have any meaning? At least for now, this seat is the seventh Demon General under the command of Lord Demon Lord, and that is enough."

Speechless.

The first demon was speechless again.

They found that the seventh demon commander was really bold, and even claimed to be his seat in front of Lord Demon Lord.

What's your identity? Dare to call yourself this seat in front of the devil?

"Are you crazy?" Blackrock Demon Lord smiled slightly, but his smile was a little cold.

"Just tell the truth." Qin Chen said: "What's more, if this seat is not wrong, although the chaos and demon sea is peaceful, the competition is bound to be fierce. Every demon ruler has a powerful demon general who can give it. The demon Lord brings a lot of benefits, and this seat comes to the Lord Blackrock Demon Lord

Your subordinates are your luck, Lord Blackrock Demon Lord. "

On the field, the magic servant was already dumbfounded.

Madman, this guy is a madman.

People who are too mad will not end well.

"Hahaha." Sure enough, the Black Rock Demon Lord burst into laughter, booming, a terrifying aura suddenly swept out of her body, and the Heavenly Venerable aura was like a vast ocean, instantly covering the entire space.

A terrible coercion instantly weighed on everyone present, and Qin Chen was the top priority among these people.

The Black Stone Demon looked at Qin Chen with cold eyes. Originally, Qin Chen's performance yesterday had indeed won her some appreciation. On this Demon Heart Island, everything could not escape her eyes.

But Qin Chen's arrogance at the moment greatly reduced her impression of Qin Chen.

"Do you think you are strong? Can you help the devil?"

Blackrock Demon said coldly.

Qin Chen was right. Although the Chaos God Demon Sea seemed to be rigorously ranked and extremely peaceful, in fact the competition between the demon kings was extremely fierce.

The birth of a powerful demon general can indeed bring a lot of benefits to the demon ruler, but this does not mean that she can tolerate a demon general who is so crazy in front of her.

"It's not very strong, but among the demon generals, invincibility is still fine." Qin Chen smiled.

boom!

Suddenly aroused countless resentment.

At this time, let alone the Black Rock Demon Lord, even the other nine demon generals who were present looked angrily.

Invincible among demon generals? Qin Chen is saying that they are not as strong as him?

It's crazy.

"Invincible?"

The Black Stone Demon sneered: "Ridiculous."

In this world, who dares to speak invincible, who dares to speak invincible?

The guy who doesn't know how high the sky is.

Suddenly, the terrifying coercion on Black Rock Demon Lord suddenly disappeared, a smile was drawn at the corner of her mouth, but there was a penetrating chill in her eyes.

"Hey, everyone, this person says he is invincible among the demon generals!" Blackrock Demon Lord laughed.

Immediately, the eyes of the nine magic generals stared.

The name of a demon commander cannot be insulted.

Moreover, everyone also understood the meaning of Lord Demon Lord. "Devil dust, you became the seventh demon general yesterday. This demon admiral really admires you. Unexpectedly, you dare to be so arrogant in front of the demon lord. You claim to be invincible among the demon generals. A magic commander, but to learn about your high

trick. "

The first demon general stepped out, and his killing intent rose to the sky.

boom!

The terrible murderous aura is like a pillar of heaven, which lasts for a long time.

"Why don't the first demon commander take action, I can kill him after waiting."

"let me do it."

"Arrogant, but the seventh demon commander, dare to claim to be invincible, first step over my sixth demon commander."

A famous demon general stepped out one after another, murderously, and said sharply.

They all heard what the Black Stone Demon Lord meant, and they wanted to show it in front of the Black Stone Demon Lord.

Black Rock Demon Lord smiled and looked at Qin Chen, and said, "You pretend that you are invincible among demon generals, but dare you to fight the other demon generals?"

Qin Chen faintly glanced at the First Demon General and the others, and smiled slightly: "If you want to see it, please feel free."

"However, it's a waste of time to challenge one by one. It's better to take action with the nine magic generals, so as to save time."

Qin Chen narrowed his eyes and said.

As soon as this statement came out, the many demon generals present could no longer hold on to them, and Qin Chen was too arrogant, and simply ignored them.

"Master Demon, please also let your subordinates play, let this person know that the sky is high and the earth is thick."

The first demon general shouted angrily, and there was invisible magic light surging on his body, like a tide, surging and surging.

He was really angry.

"Master Demon, please let your subordinates play."

The other demon generals also shouted sharply, with angry faces on their faces.

The Black Rock Demon Lord smiled slightly, "Since the seventh demon commander is full of confidence and wants to challenge you, why don't you satisfy the seventh demon commander's wish?"

Many magicians were startled.

Lord Mojun mean, let them join hands?

"Huh, you guys, if you take this person, you just need one."

The first demon general shouted angrily, took a step forward, and stared at Qin Chen's eyes.

"Boom!" The first demon commander was full of terrifying magical power. He seemed to have turned into a rule, covering this space. He raised his hand and shot a finger at Qin Chen. At this moment, the power was full of power. , To smash everything that exists, there is a hidden power

, Crush all the existence ahead. Qin Chen felt the coercion of the vastness of the void. The first demon general's control and understanding of the power of the Heavenly Lord had reached a super level. Although it was only half a step away from the Heavenly Lord, it was actually only one step away from the Heavenly Lord. Far away the black shark

Above.

But for Qin Chen, this first demon general was still too weak.

Weak to no interest at all.

But at this moment, Qin Chen naturally wouldn't show too amazing power. At the moment when the attack of the first demon commander struck, Qin Chen also lit up a terrible magic light. He raised his hand with a finger, the sword intent transformed by the rules annihilated the void, the world whizzed, a horrible sword Wang Yang appeared, cut everything, boom

On top of the power of the first demon commander, he actually shredded it.

boom!

The endless demon energy exploded, and the first demon commander retreated and snorted.

This made the other demons present all discoloration.

Is this seventh demon commander so strong?

Everyone knows the strength of the first demon commander. He has been in the position of the first demon commander for many years. No one has been able to shake his position. He is the first demon commander and the eternal first demon commander.

Once, someone asserted that the first demon under the Black Rock Demon Lord will not be out of a hundred years, and it is expected to enter the realm of Heavenly Sovereign, challenge the position of the new eighteenth demon under the Eternal Demon Lord, and become a Demon Lord.

But now, the blow of the first demon general was easily cracked by the newly promoted seventh demon general, which was shocking.

"interesting."

The Black Rock Demon also frowned thoughtfully.

boom! On the battlefield, the first demon general was shocked by Qin Chen's finger, his expression was furious, his eyes were faint, a magic armor suddenly appeared on his body, wearing a pitch black armor, like an invincible general, commanding hundreds of millions of magic soldiers, he bathed all over his body The rules of the magic way, as if

Shaking the sky, he is the commander-in-chief of this world.

"Destroy the storm!"

The first demon general shouted angrily and swiped his palm towards the void. At this moment, countless storms of demon energy appeared between the heaven and the earth, and the storm of the entire heaven and earth strangled all existence. That space was his regular area, his meaning, It is the will of the magic way.

At this moment, the devilish energy storm rumbled past, all violently blasting towards Qin Chen, the dazzling black light made people unable to open their eyes.

It was terrible. Such an attack was simply invincible. The crowd narrowed their eyes and looked in the direction of Qin Chen. Can this attack be blocked by the Seventh Demon?

"Boom." On Qin Chen's body, the endless demonic energy made no secret of the crazy outbreak.

His demon body glowed with a perfect dark luster, like an iron building, unable to break through at all. Facing the attack of the first demon commander, he did not evade in the slightest, but headed up, freehand and easy-going.

It's like walking in the garden.

boom!

A terrible storm came in an instant, blasting on Qin Chen's body. Qin Chen's body was shining with pitch black magic light, and the sky full of magical energy storms were all frantically bursting into pieces, bursting out with an incomparably vast magic light.

"It's too weak. Your attack can't even break my body. How can you qualify as the first demon general? And you, it's better to shoot together, and let me see if you all have false names, But you."

Qin Chen looked at the other demon generals and said with disdain.

His towering world, endless magic light blooms on the demon body, and the magic light is turned into a magic talisman rule, among which, there is a palpitation breath that escapes.

The Dao of the Demon Race that Qin Chen cultivated was already far above the stray demons of the Chaos God Demon Sea, and the aura that was occasionally revealed at this time was even more earth-shattering.

"This person's demon body is so strong, and its defensive power is simply horrible." Many demon generals are not weak, they are all shocked. They are the first time they have seen someone who can ignore the first demon general's attack.

"you....."

The first demon general was furious, soaring into the sky, killing intent boiled, and completely enraged.

"Kill." The first demon general roared, and a dark magic spear suddenly appeared in his hand. The magic spear burst out with terrible magic light and assassinated it forward.

With this blow, the extremely sharp huge magic spear burst into the sky, directly pierced through the void, through the power of space, and suddenly came to Qin Chen, an endless destructive force burst out in an instant, to completely crush Qin Chen.

"The first demon commander, powerful, raises his hand with a blow, the magical power is overwhelming, it is a half-step Tianzun magic weapon, which is enough to kill the strong at the same level, instantly penetrates, and turns into powder." Many demon generals trembled, this blow The mighty power made them tremble.

The first demon commander is well-deserved.

However, Qin Chen sneered, his demon body bloomed with magic, and his right hand suddenly protruded.

Boom!

That half-step Tianzun weapon level pitch black magic spear was actually caught by him. The magic spear exploded with terrible magic power, but it was unable to break free from Qin Chen's restraint.

"what?"

Many demon generals were shocked.

"Back to you!"

Qin Chen smiled faintly, raised his hand and flicked, booming, the magic spear rolled back, rushed out, and instantly blasted on the body of the first magic commander.

Amid the sonorous piercing sound of gold and iron, countless cracks appeared in the magic armor of the first demon commander, and the whole person flew out, spouting a mouthful of demon blood, his hair scattered, and he was embarrassed.

"That's it?"

Qin Chen walked out of the void step by step, his expression very calm, he didn't seem to use any force at all, he was very easy-going, just sketching mockery at the corner of his mouth.

"What are you waiting for?"

At this moment, the Black Rock Demon suddenly frowned and screamed.

Suddenly, the bodies of the other demon generals shook. In the next moment, many demon generals who understood the meaning of the black stone demon lord rose to the sky, the magic armor appeared, and they slew to Qin Chen.

The billowing magic power was overwhelming, like a vast ocean, various magic soldiers appeared in it, pressing down against Qin Chengai.

Boom!

The sky quashed.

All the magic generals present were the top ten magic generals, and there were eight other than Qin Chen, all of them attacked together, and the eruption of power caused the world to change and the void oscillated.

If this place is not for the Demon Lord's Mansion, there is a terrible Demon Dao forbidden and guarded, otherwise the attacks of these Demon Generals would be able to explode the void and turn the fields into ruins.

Moreover, the first demon commander rose to the sky again. "Roar." A loud roar came out. The first demon commander roared, and the endless magic light burst out on his body. How terrible is the power

and power. It seems that there is a billowing momentum between the world and the earth, blending into the attacks of the other demon generals, pouring out Come, even more cheer.
