### [Chapter 4481: Questioning identity](#)

what?

At this moment, everyone in the audience was shocked and looked at them in disbelief.

The eternal demon lord's blow failed to kill the magic dust unexpectedly.

Such a scene was even more shocking than Qin Chen killed the First Demon Lord.

"My Lord Eternal Demon, what are you doing?"

In the void, Qin Chen frowned and said in a deep voice.

Doubtful.

Of course, it was installed.

In the distance, the heart of the Black Stone Demon Lord was already completely clenched, his face turned pale, his hands clenched, anxiously nervous.

"do what?"

The Eternal Demon King stepped out in one step, and instantly descended on the \*\*\*\* battlefield. He was like a demon god, standing proud of the world, the breath of the peak heavenly powerhouse, and it was clear.

"You asked me what I did? The king still wants to ask what you are doing? The king asked you to stop, didn't you hear?"

The eternal demon said coldly, his eyes were cold, and the dark demon energy surged all over his body, like a \*\*\*\* or devil.

He raised his hand.

Boom boom boom...

From the eternal magic palace behind him, a series of terrifying auras rose to the sky, and in an instant, countless powerful men appeared, completely enveloping this \*\*\*\* battlefield.

These powerhouses, each wearing armor, turned out to be Tianzun powerhouses, encircling Qin Chen.

These are the demon guards on the Eternal Magic Island. In the waters of the Eternal Demon Island, many demon gods have been born in countless years. In addition to the top demon kings, there are also some demon generals who have served as the top demon kings. Many of the remaining demon gods have been taken by the eternal demon king. Incorporated and became

The demon guards under his command obeyed his orders.

At this moment, the Eternal Demon King made a move, and these demon guards immediately moved out, each of them filled with a terrible aura, surrounding Qin Chen.

boom!

The magic formation surging, these strong magic guards instantly merged with the aura of the great formation on the Eternal Magic Island. In an instant, countless magic formations rose up and directly blocked the square.

Suddenly, countless powerful demons on the field changed color.

This... Is something big going on?

Even the Eternal Magic Island Array has been urged, unprecedented.

Everyone looked at Qin Chen, shaking their faces.

This magic dust is indeed too crazy.

Even after Lord Eternal Demon Lord gave the order, he dared to take action against Lord First Demon Lord. Isn't this disobeying Lord Eternal Demon Lord's face?

With the temper of the eternal demon lord, how could he not be angry. Qin Chen frowned, but there was no panic on his face. He just said indifferently, "Master Eternal Demon King, this Demon Island Conference seems to be a duel between demon kings, right? Even though you are a demon king, you rashly intervened between the demon kings under your command. Duel, is it broken?

Moments? "

Everyone was dumbfounded when he said this.

One by one looked at Qin Chen in disbelief.

Is this kid arguing with Lord Eternal Demon Lord?

"..."

If you can follow the rules and principles in this world, what do you need to do with strength?

"Hahaha, are you reasoning with this king?"

The Eternal Demon King suddenly laughed and stared at Qin Chen with cold eyes: "Very well, you are reasonable, the king is not an unreasonable person, otherwise how to serve the public on this Eternal Demon Island in the future."

boom!

The eternal devil took a step forward, and the terrible devilish energy soared. "Devil's challenge is natural and fair. This king has no reason to stop it. However, if there are other powerful demon races who come to my Eternal Demon Island to go wild, this king will naturally take advantage of it, and you, it's not my chaos at all. People of the sea of gods and demons, I chaotic the sea of gods and demons

In the past few years, there has never been a master so respected as your Excellency. "

The eternal demon said coldly.

As soon as this statement came out, the audience shook, and everyone present looked at Qin Chen, and their hearts moved. What does the Eternal Demon Lord mean?

Could it be that this magic dust comes from some top demons?

Don't say, this is really possible.

Although Chaos God Mohai can often give birth to strong men, the birth of every strong man is traceable, and the appearance of magic dust is too abrupt and has to be doubted.

Qin Chen frowned, and said, "Master Eternal Demon King's words are bad. It can't be said that adults have never heard of his subordinates, so he thinks his subordinates are not from Chaos Gods and Demon Seas, right? Does the adults know every powerhouse of Chaos Gods and Demon Seas? ?"

"Hmph, that's natural." I heard the Eternal Demon King sneer and said: "The Chaos God Demon Sea is under the control of the Demon Lord. Every Demon Master master in my Chaos God Demon Sea, the Demon Lord understands, and, As long as the top masters in the sea of chaos, gods and demons, almost no one has never entered the black

The land of the dark pool will be registered by Lord Demon Lord. "

"This king is one of the eight great demon kings under the command of Lord Demon Lord. He also knows all the masters of the Demon Race in this Chaos God Demon Sea. However, Your Excellency is not any strong person born in my Chaos Demon Sea over the years. one."

The eternal demon stared at Qin Chen.

Qin Chen smiled and said: "This doesn't mean anything, right? After all, there are not only strong people from the Chaos God Demon Sea but also other masters of the Demon Race in the Chaos God Demon Sea. This is normal."

For example, Mei Yaoqing was a member of the fantasy race, and Qin Chen felt that this was not a problem.

"Indeed, it is possible, but your Excellency is too weird..."

The Eternal Demon King said coldly: "The rest of the demons came to my Chaos Demon Sea, it is also normal. My Chaos Demon Sea itself was a place of casual cultivation back then. There are many rivers and countless powers in the Demon Realm who have gathered here."

"With your strength, you can clearly become the top demon king, and even challenge the position of the demon king, but hide under the command of the sixteen demon kings in my Eternal Devil Island, and serve as a demon general."

"Is it too weird?"

The eternal demon sneered.

"This..." Qin Chen touched his nose, "Sir Eternal Demon Lord, you may not know, this is because the subordinates adore Lord Black Stone Demon Lord, so they serve as demon generals under Lord Black

Stone Demon Lord, gentle lady, gentleman. Good luck, his subordinates are pursuing the Blackrock Demon Lord

People, there seems to be nothing wrong, right? "

Suddenly!

The audience was shocked and looked at the Blackrock Demon.

This magic dust actually came to pursue the Blackrock Demon Lord.

Under the gaze of the crowd, the face of the Black Rock Demon suddenly turned red, and this demon dust actually said this in the public, which immediately made her ashamed.

But considering Qin Chen's situation, the Black Stone Demon Lord repeatedly said: "My Lord Eternal Demon King, that's the case. This Demon Chen has been pursuing his subordinates..."

"To shut up!"

The Eternal Demon coldly glanced at the Black Stone Demon Lord, and said solemnly, "I'm an idiot."

"Even if you are pursuing the Black Rock Demon Lord, you don't need to be a Demon General under the Black Rock Demon Lord."

Speaking of the Eternal Demon King taking a step forward, his eyes were cold, "With your strength, the entire Demon Realm can train you. The second-tier Demon Clan can't do it. Only the top-level Demon Clan can do it."

"And the top demons on the front line have had an agreement with my Chaos God Demon Sea. If you want to get experience, you can directly contact the Lord Demon Lord. There is no need to participate in any Demon Island Conference or Demon Lord Competition under the command of this king. "

This.....

Qin Chen suddenly changed color slightly.

He didn't even know that there was this one.

Any top-tier demon clan had an agreement with the demon lord of Chaos God Demon Sea. What's going on?

Qin Chen's heart moved and he immediately woke up, it must be because of the ancestor of the deep demon.

The first-line top demons are the top races in the demons excluding the abyss demons. Even if the demon master of the chaos demon sea is a supreme powerhouse, it is impossible for one person to sign agreements with many top demons.

Unless it is the ancestor of the deep demon to come forward.

This shows that the secret of this chaotic sea of gods and demons.

Absolutely not ordinary.

Qin Chen's scalp was numb at this moment.

He didn't expect that he came to the first stop of the Demon Realm, thinking that the Chaos God Demon Sea, which was just a land of loose repair demon clan, actually had an important position in the Demon Realm.

unwise!

Suddenly, Qin Chen's face was uncertain. The eternal demon king took a step forward and said coldly: "In this demon world, only the top demon clan can cultivate a character like yours. I don't know which top demon clan you are from... It's better to tell this king, this king can immediately Notify Lord Demon , Let the Lord of the Devil know your race and see what your identity is. "

boom!

Countless magic arrays surging, enveloped Qin Chen, and even Qin Chen vaguely felt that the supreme-level magic source array below this Eternal Demon Island was secretly activated, blocking this world.

This eternal demon, is he taking himself?

This is troublesome.

Qin Chen was depressed, and he never expected that this chaotic God and Demon Sea had such special characteristics.

Now how to do?

Just talk about a demons?

For example, the holy demons where Lingyuan is located, or the dead demons where Tu Moyu is located?

On the battlefield of Ten Thousand Races, Qin Chen can use their identities to disguise and pack himself up. That is because the news on the battlefield of Ten Thousand Races is blocked, and the status of the Demon Race Alliance on the Battlefield of Ten Thousand Races is not high and cannot contact the high level of Demon Race. .

But this eternal demon king, as the pinnacle god, can definitely directly contact the demon lord of the chaotic sea, and according to the eternal demon king, the chaos demon sea can directly contact other first-line top demon clan.

At that time, no matter whether you say the dead demon race or the holy demon race, the other party can definitely contact the ancestors of these two races. At that time, it will not be that Tu Moyu and Lingyuan can lie.

With the talents of Tu Moyu and Lingyuan, although they are the demon sons of the two demon races, they are at most the cultivation base of the Tianzun level, and they cannot control the will of the two top races.

"Why, can't you tell? Hmph, dare to come to my chaotic sea of demon, dare not to tell the demon clan you belong to? Are you afraid of punishment by the demon clan you belong to?"

The eternal demon took a step forward, his eyes cold.

boom!

The terrible breath surged. Qin Chen's previous actions were too weird, and he actually swallowed the origin of his demon king, and when the ancestors of the deep demon set the rules of the sea of chaos, the demon master and the first-line top demon clan ancestors had Go through the agreement, don't destroy the chaos

The plan of the sea.

This made the Eternal Demon King feel a little doubt about Qin Chen's identity.

As soon as Qin Chen tells his race, he will definitely verify Qin Chen, so that Lord Demon can deal with it, which top demon clan it is that dares to chaotic the sea of Gods and Demon and destroy Lord Demon's plan.

Regardless of which top demon clan the demon dust comes from, the demon master must punish it.

At this moment, the eyes of all the powerful demons on the field fell on Qin Chen.

Because they also wanted to know which top Demon Race powerhouse Qin Chen was.

"Hahaha, Lord Eternal Demon King, this time you guessed wrong."

Qin Chen smiled slightly: "In fact, his subordinates are not from the top Demon Race."

After listening for so long, Qin Chen also understood that, in fact, the Eternal Demon King did not suspect that he was a spy of the human race, but wanted to figure out his identity so that he could be punished.

"Not a member of the top demons?"

The eternal demon sneered: "Are you an idiot when you are the king? Not a top-level demon, can you give birth to a strong man like you?" Although some second-tier races may also give birth to strong men, they are all old antiques, old guys. However, Qin Chen's breath is extremely vigorous and young. This is at least one of the strongest men in his prime, unless the top race,

Otherwise, such a master cannot be born. Qin Chen laughed, "Master Eternal Demon King, what the subordinates said is true, and the subordinates have entered the Chaos Gods and Demon Sea for the first time, so they don't know the rules of the Chaos Gods and Demon Seas, and I hope Master Demon will forgive me. This strength, but there is another reason

..."

boom!

Speaking of Qin Chen's body, an invisible force surged out, instantly permeating the Eternal Demon King.

"This force is..."

Feel the breath released from Qin Chen's body. In an instant, the eyes of the Eternal Demon King suddenly rounded.

## [Chapter 4482: Supreme Descendant](#)

boom!

At this moment, a terrifying breath instantly enveloped the Eternal Demon King.

As soon as this breath came out, the Eternal Demon was shocked.

This power is very weak, but the essence is extremely terrifying. When this power fell on him, the Eternal Demon King instantly felt a strong shock, as if this power was still above his pinnacle Heavenly Sovereign.

Even the Demon Avenue in his body became obscure.

how can that be?

The Eternal Demon King suddenly looked at Qin Chen, his pupils contracted.

What power is this?

He carefully sensed this perception and couldn't help but breathe in cold air.

Because this is an aura of the Great Dao of the Demon Race that far surpasses him, and this breath of the Dao of the Demon Race is actually very similar to the aura of the deep demon ancestor.

"you....."

The eternal demon was shocked.

Way of the Abyssal Demon. No one is an idiot who can be the God of Chaos Demon Sea Demon. When the ancestors of the Abyss Demon came to the Sea of Chaos Demon Sea, he, as one of the top heavenly powers in the Sea of Chaos Demon Sea, had also observed it from a distance. The vastness of the breath, let him from within

I felt surrender deep in my heart.

now.

In front of the Demon Chen, there was a trace of the Tao of Abyss Demon. How could this be possible?

Is this Demon Dust from the Abyss Demon Race?

The shock in the heart of the Eternal Demon at this moment is as if the river is overwhelmed. Abyss Demon Race, that is now the ruler of the Demon Realm, the first race of the Demon Realm, the entire Demon Realm is under the rule of the Abyss Demon Race, and it is rampant in the Demon Realm, not to mention that he is a little chaotic God Demon Sea Demon King. , Even if it's the master demon see you

People who come to the Yuanmo clan must be respectful.

Even if the opponent is just a small person from the Yuanmo clan. Because, in the words of the human race, the deep demons today are like the royal family of an empire in the human race. No royal family member is the same. No matter how high the status is, the ministers in the empire will not dare to offend a royal family easily.

"Your Excellency..."

The Eternal Demon tremblingly said, his face pale.

And the actions of the Eternal Demon King also shocked the rest of the powerful Demon Race present, and looked at the Eternal Demon in disbelief.

"Master Demon King, what's wrong with him?"

The demon experts present were all confused, because they couldn't feel the aura of Qin Chen. They just saw what the Demon Chen seemed to say to Lord Demon, and then displayed something, Lord Demon was just like this. Up.

What is it that can make the demon lord who command this eternal magic island billions of seas show such a shock?

Really hell.

"Eternal Demon, do you still want to know the identity of this seat?"

Qin Chen said with a smile.

His avatar Qin Mo cultivated the Tao of the Abyss, and he was naturally quite familiar with the Tao of the Abyss. Now that he displayed it, he immediately stunned the Eternal Demon King.

However, this is very risky, because Qin Chen himself is not a member of the Yuanmo clan.

"Eternal I don't know if you come here..."

The Eternal Demon tremblingly said, hurriedly saluting, only halfway through, his face was suddenly startled.

"wrong....."

The Eternal Devil raised his head and looked at Qin Chen coldly.

boom!

A terrible breath suddenly burst out from the eternal demon king.

Rumble!

At the same time, all the big formations in this world were urged. The supreme demon source formation in the depths of the Eternal Devil Island was also surging, blocking everything, and the terrifying power of the supreme demon formation was instantly oppressed. On Qin Chen.

"My lord, what's wrong?"

The many demon powerhouses who were shocked by the attitude of the eternal demon before are all shocked at this moment, why suddenly, the eternal demon master changed another attitude?

"Your Excellency, are you not from the Abyss Demon Race?"

The Eternal Demon said solemnly.

Earlier, he was taken aback by the Great Dao of Abyssal Demon on Qin Chen, almost shocked, but now he stared carefully and found that although Qin Chen had the aura of the Great Dao of Abyssal Demon in his body, he did not look like the Dao of Abyssal Demon at all. people.

What's more, what did the Yuanmo tribe people rush to his Chaos Demon Sea? If it is the messenger sent by the ancestor of the abyss, he should first find the Lord of the Devil, rather than come to his Eternal Devil Island, or even pursue a Demon Lord under his Eternal Devil Island.

It's too unrealistic.

However, although he was skeptical in his heart, he was not sure.

Therefore, he asked Qin Chen through a voice transmission, and did not directly speak out in public, because he was still a little nervous and suspicious, but he was not sure.

Qin Chen frowned slightly.

The eternal demon reacted quite quickly.

Of course, he didn't think that he could deceive this eternal demon king by relying on the Abyssal Demon Avenue.

Seeing that Qin Chen's expression was not shocked, he smiled slightly and said, "Eternal Demon King, this seat didn't say that he was a member of the Abyss Demon Clan."

"Then you are..."

See Qin Chen admitted.

The Eternal Demon King did not breathe a sigh of relief, but became even more puzzled. What the hell, the other party is not a member of the Abyssal Demon Clan, but has the aura of the Abyss, what is the origin?

Faintly, the Eternal Demon King has already touched the treasure of the Lord Demon Lord, and is ready to inform Lord Lord Demon at any time. Qin Chen stood proudly in the void, glanced lightly at the other masters of the Demon Race, and smiled and said: "The Eternal Demon King does not need to be nervous. Although this seat is not a member of the Yuan Demon Clan, it is under the orders of the Master of the Yuan Demon Clan. Shenmohai performs a task,

This task is extremely secretive, and even the demon master of your chaotic God Demon Sea cannot easily tell it. Now that the identity of this seat has been seen through by the Lord, then this seat can only be said clearly. "

"Under the order of the Lord of the Abyss Demon Race, perform the task?"

The Eternal Demon looked at Qin Chen suspiciously.

Too strange.

What character needs to be concealed even by Lord Demon?

Seeing the eternal demon frowning, Qin Chen naturally knew that the eternal demon did not fully believe his words, and immediately smiled: "If you don't believe it, can you find a separate place and verify your identity again?"

"A place alone?"

The Eternal Demon frowned.

"What?" Qin Chen smiled: "Your Excellency is still afraid that this seat lie to you? The tasks performed by this seat are not trivial. If it is leaked out, can you, a little demon king, bear it?"

boom!

Qin Chen took a step forward.

At this moment, he quietly communicated with the Lord of the Abyssal Demon in the Chaos World, and suddenly an aura of the Abyssal Demon was once again suppressed on the Eternal Demon King.

The terrifying power of the abyssal demon came directly, and the eternal demon only felt breathless, and felt shock from the depths of his soul.

"you....."

This time, what Qin Chen showed was not only the way of the abyss, but also the power of the abyss.

Is this person really the messenger of the Abyssal Demon Race?

The Eternal Demon's complexion changed slightly, he pondered for a moment, then he pointed to his own magic palace behind him, and said, "Okay, please go to the next magic palace for a while."

Having said that, the Eternal Demon King secretly urged the Supreme Demon Source Great Formation with a careful look.

Although the Eternal Demon King was still extremely vigilant, Qin Chen clearly felt the eternal devil's respect for him from the words of the Eternal Demon King.

Qin Chen smiled slightly and said, "Let's go."

Immediately, Qin Chen's figure shook and swept directly towards the eternal devil's palace.

Before leaving, Qin Chen turned and smiled at the Black Stone Demon Lord and the others: "You will come here when you go, Master Black Stone Demon Lord, please wait a moment here."

"You..." The Black Stone Demon Lord took a step forward and looked at Qin Chen nervously, his eyes hesitated, and finally his red lips vomited lightly and said, "Be careful!"

Qin Chen smiled slightly and swept straight into the magic palace.

Upon seeing this, the Eternal Devil sighed in secret.

This Demon Palace is located in the center of the Eternal Demon Island. It is an eye of the Supreme Demon Origin Formation. As long as you enter the Demon Palace, no matter what Qin Chen's status is, he has enough time to notify Lord Demon Lord if there is any change. .

"Wait, wait here." The Eternal Demon King said in a deep voice to the other demon kings in the \*\*\*\* battle formation. With a wave of his hand, some of the many demon heavenly demon guards who were swept out of the \*\*\*\* battle formation were still suspended in this \*\*\*\* battle formation. Guard this place all around. The remaining group of demon clan Tianzun demon guards

, Followed the Eternal Demon King and returned to the demon palace.

Entering the Eternal Demon King's Demon Palace, the Demon Palace is extremely magnificent, with a pitch-black Demon Palace towering, blooming with a cold atmosphere, and extraordinary domineering.

The quaint magic temples bloomed with metallic luster, towering here.

Qin Chen glanced at the Demon Palace and narrowed his eyes slightly. He naturally felt the formation patterns hidden in the Demon Palace.

"It seems that this devil's palace should be a certain eye of the supreme demon source formation in the depths of the devil island. No wonder the eternal devil saw that I promised to enter the devil's palace, and it was a lot easier."

As Qin Chen meditated, he walked on the ground of the magic palace, perceiving the formations and veins in the ground.

"Eternal Demon, please also find a hidden place."

Qin Chen turned and smiled at the Eternal Demon King.

"My lord, please come with me!"

The Eternal Demon King took Qin Chen into the deepest Demon Temple, where the Eternal Demon King lived.

"You guys, stay outside and don't allow anyone to come in."

The Eternal Demon King said indifferently to the many Tianzun Demon Guards behind him, and then led Qin Chen into the Demon Temple.

The many remaining demon guards looked at each other and immediately guarded outside the demon temple.

"I don't know who your Excellency is? There is no one else here, can you talk to this king?"

The Eternal Demon King stood in the Demon Hall, facing Qin Chen.

He narrowed his eyes, secretly triggering a large formation, obviously he was still very vigilant towards Qin Chen.

Have to guard.

He can grow up in this chaotic sea of gods and demons, and serve as a demon king-level figure, relying on this vigilance.

In places like Chaoshen Mohai, the innocent people are already dead.

Qin Chen felt the eternal demon king's vigilance, his eyes fixed, this eternal demon king is not easy, in this case, he is still so vigilant.

If the powerful demons are in this state, it is no wonder that they can become a tyrant in the universe.

boom!

Qin Chen raised his hand, no nonsense, the chaotic green lotus fire in his mind quickly changed, turned into a dark demon fire, and floated in front of the eternal demon king.

The flame burned, and a supreme breath spread directly.

"Supreme power?"

The Eternal Demon King was shocked and blasted. On him, terrible magic lights burst into the sky. In the entire Demon Hall, the lights of the Supreme Demon Origin Array surged, and the lines of the magic array surging instantly and clearly reflected in the entire Demon Hall. Qin Chen's eyes. "Don't worry about the eternal demon king, don't you want to know the identity of this seat? This seat is the descendant of the disaster supreme. This fire, called the disaster and the dark fire, is the original flame of the disaster supreme of my demon race. The income from the seat can verify this seat's

Identity. "

Qin Chen said with a smile.

This demon fire hovered in the air, and although it exuded a faint supreme aura, it never broke out.

Moreover, this supreme aura is very weak, not a true supreme flame, it seems that only the peak heavenly rank, the eternal devil feels that he can resist it.

"The Supreme Descendant of Disaster?"

The eternal demon was slightly startled.

Disaster Supreme is a top supreme of the Demon Race in ancient times. The Eternal Demon King has naturally heard of it, but the Disaster Supreme has fallen in the ancient times. How could this guy be the descendant of the Disaster Supreme? As if knowing the doubts in the heart of the Eternal Demon King, Qin Chen smiled and said: "This seat is not a direct descendant of the Supreme Disaster, but accidentally entered the ruins of the Supreme Disaster, and thus obtained his inheritance. Adults look

In the middle, became the subordinate of Yuanmo clan. "

"If the Eternal Demon Lord doesn't believe it, you can perceive this fire, and you can know it."

Words finished.

The disaster and the fire hovered directly in front of the eternal demon king. The eternal demon felt that the flame was not so strong, and immediately stretched out his right hand to receive the suspended disaster.

[Chapter 4483: Mobile treasure](#)

Sure enough, a disaster of demon aura surged, it was indeed the rumored demon way of disaster.

"Is this person really the heir of the Supreme Disaster?"

The Eternal Demon frowned slightly.

In this way, it makes sense why Qin Chen did not come from a certain top demon clan, but possessed such terrifying strength.

It is normal for a supreme heir to possess such strength.

After all, the disaster supreme was not the weak among the many demons supreme in ancient times, and had a great reputation.

In addition, Qin Chen was so relieved of himself, and directly handed over the disaster of the supreme disaster to himself to perceive it. Inexplicably, the vigilant heart of the Eternal Demon couldn't help but relax a little.

However, the Eternal Demon King looked deep into Qin Chen's gaze, but a trace of greed flashed faintly.

Supreme Descendant?

This... is simply a treasure of movement?

The mind of the eternal demon turned, and there was a fiery light burning deep in his eyes.

It should be noted that although the Eternal Demon King is one of the eight great demon kings, it is only ranked in the middle or even the middle and lower reaches of the eight great demon kings.

Probably, it looks like ranked fifth and sixth.

As a strong man at the peak of the late stage, the biggest dream of the Eternal Demon King is to achieve supremacy.

Nothing is more important than this purpose, and it makes him fanatical.

Because any supreme has a pivotal position in the Demon Race, not only can control a huge power in the Demon Realm, but also can represent the Demon Race and control a top race that depends on the Demon Race.

What kind of authority is this?

Has the supreme authority.

But despite the vastness of the Demon Realm, it is too difficult to achieve the Supreme. The entire Chaos God and Demon Sea is vast, and the strong are like clouds, but the Supreme-level strong is only the Lord of the Demon.

Even hundreds of millions of years ago, there was not even a supreme in this Chaos Gods and Demon Sea. It was because the Demon Ancestor needed to arrange special methods in the Chaos Gods and Demon Seas, so there was the guard of the Demon Lord.

There are very few who have ever been born in the Demon Realm who have been able to become the supreme.

But now...

The Eternal Demon King looked at Qin Chen with a fiery light in his heart.

A descendant of the Supreme, and because he broke into the ruins left by the Supreme Disaster, he became a descendant. This Demon Chen must have many treasures left by the Supreme Disaster.

If you can kill him and take away the chance from him, then...

The breath of the eternal demon suddenly rose.

This is the supreme inheritance. With his cultivation base, if he can get the inheritance of the disaster supreme, not to mention that he will definitely be able to step into the supreme realm, but his strength will definitely have an astonishing improvement.

Half-step supreme?

Or is it stronger?

In any case, it is absolutely no problem to become the first demon king under the command of this chaotic god, demon, sea and demon master by then.

Huh!

The breathing of the Eternal Demon gradually became rush. He held the calamity fire that Qin Chen had verified for him, and did not return it to Qin Chen. He even looked into the depths of Qin Chen's gaze, faintly greedy and unable to restrain it.

On the opposite side, Qin Chen didn't seem to feel the change in the Eternal Demon at all, but smiled at the Eternal Demon and said: "How? Your Excellency now believes in this seat?" The Eternal Demon took a deep breath and held back his heart. He frowned and said with a deep frown: "This thing can indeed prove the reason for your strength, but you said that he was following the orders of the Abyss Demon Clan and came to the Chaos Demon Sea to investigate secretly. What proof is there?

according to? "

This is the reason why the eternal devil dare not rush into action.

Killing the opponent is simple. In this magic palace, he prides himself on being invincible, even if the opponent is the descendant of the supreme disaster, he has this confidence.

But if after killing the opponent, the opponent is really a member of the Abyssal Demon Race, then it will be troublesome.

At that time, the members of the Yuanmo clan came to the door, and even Lord Demon couldn't save him.

Therefore, he is still weighing.

Weigh whether to do it.

Qin Chen smiled, "This... also very simple."

boom!

Qin Chen raised his hand, and suddenly, a terrifying Abyssal Demon aura suddenly spread out in this Demon Hall, rumbling, the terrifying Abyssal Way surged, and a towering figure suddenly appeared in this great hall.

As soon as this figure appeared, the Eternal Demon King instantly felt a terrifying force suppressed on him, and he felt fear from the depths of his soul.

"this is....."

His pupils suddenly rounded.

"Subordinates, I have seen Master of Abyss Demon!"

Qin Chen respectfully saluted the figure.

"Lord of Abyss Demon?"

The eternal devil gasped.

"Isn't he already..."

The eternal demon looked at the figure in front of him, with endless horror and fear in his pupils.

"Your Excellency didn't kneel when I saw this Lord, Eternal Demon King, are you trying to disobey the authority of my Abyss Demon Race?"

The Lord of the Abyss snorted, and there was a terrible magic light blooming in his eyes, and the endless magic power suddenly enveloped the Eternal Demon King, and stepped to him.

"Subordinates, I have seen Master of Abyss Demon!"

Under such terrible magic power, the Eternal Demon King could no longer hold back his inner fear, and instantly knelt on one knee with a look of horror.

It turned out to be the Lord of Abyss Demon, God, isn't it rumored that he is already dead?

The Lord of Abyss Demon is the descendant and heir of the ancestor of Abyss Demon, and the prince of the Abyss Demon clan at that time has a prominent reputation.

At the same time, it is also the arrogant of the Yuanmo clan who has the most hope to become supreme and succeeds to the ancestor of the Yuanmo.

Only billions of years ago, the Lord of the Abyss mysteriously disappeared. Rumor has it that he was going to perform a special mission of the ancestor of the Abyss, and he fell away. Who would have thought that he appeared in front of him today.

"I don't know if the Lord of the Abyss Demon is coming here, how offended the subordinates are, but I hope the Lord of the Abyss will forgive you!" The Eternal Demon's tone trembled.

Although he had never seen the Lord of the Abyss, the coercion and aura on the Lord of the Abyss were from other demons and could not be disguised at all.

The oppression from the blood, the soul, and the spiritual level caused the Eternal Demon King's heart to throb and beat wildly, and he did not dare to look up at the Lord of the Abyss.

This is a real big man, who has angered the other person. As long as this person says a word, even Lord Demon Lord will kill himself with his own hands, and there will be no other results.

At this moment, the Eternal Demon King completely believed Qin Chen's words.

just!

Where is the Lord of Abyss Demon hiding before? Why didn't he have any perception, and even this supreme-level magic source array didn't even notice the slightest?

Although he was puzzled in his mind, the Eternal Demon didn't dare to have the slightest doubt.

This is the absolute authority formed by the Demon Realm under the Yuan Demon Clan's billions of years of rule.

"It was you before, who had been skeptical of the magic dust under this seat?"

The Lord of the Abyss said with a cold snort.

boom!

The terrible magic power was suppressed on the Eternal Demon Lord, and the Lord of the Abyss was far superior to the Eternal Demon Lord. Coupled with the unique pressure of his Abyss Demon Clan, the Eternal Demon immediately trembled and the soul felt fear. .

"Subordinates dare not."

The eternal demon said in horror.

"Humph." The Lord of the Abyss snorted, and immediately said: "As this Chaos God Demon Sea Demon King, you should have a treasure to contact the Demon Lord, right? Hand over this thing."

"This..." The Eternal Demon tremblingly said.

"Ok?"

Binghan, the Lord of Abyss Demon, said.

The Eternal Demon King immediately panicked, humming, and a black jade slip appeared in his hand. This jade slip, blooming with an obscure luster, was faintly connected with the supreme demon source array in the depths of the magic temple.

"My lord, it is this thing. As long as you urge this thing, you can contact Lord Demon Lord."

The eternal demon said in horror.

The Lord of Abyss Demon took this thing, felt it for a moment, and his eyes flashed.

"Very well, you didn't notify the demon master about this master's affairs, right?" the master of the deep demon continued.

"Subordinates don't dare." The Eternal Devil's heart throbbed and hurriedly said.

The Lord of Yuanmo immediately glanced at Qin Chen.

In Qin Chen's eyes, a sharp light flashed, and said coldly: "Eternal Demon King, you look up."

The eternal demon raised his head in fear.

"boom!"

On Qin Chen, a terrible soul power suddenly swept toward the eternal demon king, this soul power, like a vast ocean, poured directly into the eternal demon king's mind, rumbling, and instantly came to the eternal demon king's soul sea .

A series of terrifying soul charms appeared, and instantly invaded the mind of the eternal demon king, leaving the charm of enslavement in the mind of the eternal demon king.

"You are..."

The eternal devil was suddenly shocked and felt the crisis for the first time.

What is magic dust going to do?

"boom!"

The soul of the eternal demon king suddenly surged, and the monstrous devilish energy rose to the sky.

After feeling the breath of the soul, the face of the eternal devil suddenly changed.

"You are not a demon..."

He was frightened and stood up suddenly, a terrifying magical might surged crazily from his body, and a billowing dark aura rose to the sky.

This dark aura would instantly resist Qin Chen's soul attack.

At the same time, the eternal demon hurriedly urged the supreme demon source array in this palace, and a series of terrifying demon source auras instantly rose into the sky.

"The power of the deep demon, suppress!"

At the moment when the Eternal Demon Lord resisted, the Lord of the Abyss displayed the Avenue of the Abyss, suppressing the Eternal Demon King and this supreme demon source array.

"Heaven Soul Forbidden Technique!"

At the same time, Qin Chen suddenly shot an invisible soul power impact in his pupils.

The terrifying power of the soul is like a sharp arrow that pierced into the mind of the eternal demon instantly, and the eternal demon's angry eyes immediately choked and became confused.

This Eternal Demon King was just a late peak Heavenly Sovereign, who was rushed by Qin Chen's Heavenly Soul Forbidden Technique and suppressed by the power of the Abyssal Demon Lord, and immediately fell into confusion.

And this time.

Buzzing...

Qin Chen quickly threw out the formation discs in his hand. As soon as these formation discs fell, they transformed into a misty barrier, enclosing the entire Demon Temple in it, sealing off all the aura inside.

Blocks of formations directly resist the siege of this supreme demon source formation. This is the only thing that can pose a threat to Qin Chen. At the same time, Qin Chen's soul power directly dived into the eternal demon king's soul sea under the blessing of the power of the Ten Thousand Realms Demon Tree, and wanted to control his soul.

#### [Chapter 4484: Immortal Pond](#)

Originally, Qin Chen wanted to become the eternal demon lord under the command of the eternal demon king, go to the dark pool of the demon lord, and then act.

But since the Eternal Demon King had discovered the clue, Qin Chen immediately changed his mind and decided to enslave the Eternal Demon King.

Hum!

Under the frenzied invasion of Qin Chen and the power of the Ten Thousand Realms Demon Tree, an obscure and primitive rune appeared in the soul of the Eternal Demon King's mind. This rune was rotating and was about to be printed into the Eternal Demon King's soul.

It is not easy to enslave the Eternal Demon King with Qin Chen's soul power alone, because the soul of the Demon Race is so powerful that it is extremely difficult to enslave.

But with the Devil Tree of Ten Thousand Realms, Qin Chen was quite sure in his heart.

Seeing that this dazzling and obscure primitive rune continues to fall, it must slowly blend into the soul of the Eternal Demon King, but just when this rune is about to be fully blended-

Hum!

In the soul of the eternal demon king, a dark light suddenly rose up, a cold and terrible force, suddenly bursting the soul talisman into ashes.

"Dark people, no blasphemy!"

boom!

A rumbling roar with terrifying majesty, surging from that pitch black power instantly, resounded in Qin Chen's mind.

At the same time, after the power of darkness blasted the soul talisman, it immediately followed Qin Chen's soul power trajectory and blasted into Qin Chen's soul at once, to punish it.

A power that made Qin Chen feel palpitation, madness raged in Qin Chen's mind.

"what?"

Qin Chen was suddenly shocked, what kind of power is this.

And at the moment when this power emerged, the Eternal Demon King also came over in an instant, looking at Qin Chen and the Lord of Abyss Demon in anger.

"Who are you guys anyway?"

The Eternal Demon King was furious, he was almost enslaved by Qin Chen.

At this moment, he looked at Qin Chen, and looked at the Lord of the Abyss. Even if the identity of the Lord of the Abyss made his heart palpitations, but at the critical moment of life and death, he didn't care so much. Boom, he directly urged this Supreme Demon. Yuanda was in an array and wanted to rush out.

Boom!

The entire Eternal Magic Island trembles violently at this moment, and a large, shocking atmosphere instantly rises into the sky.

The supreme majesty blooms crazily. The eternal demon is fighting, because the treasure he used to communicate with the demon has been taken away by the master of the abyss, the only thing that allows him to contact the master of the demon is this great demon formation, as long as the master of the demon senses the supreme demon The fluctuations in the Yuanda Array will definitely be

Come to investigate as soon as possible.

"not good!"

At the moment the Eternal Demon King aroused the Supreme Demon Origin Array, Qin Chen's expression suddenly changed. He never imagined that there was this special dark power in the mind of the eternal demon. This dark aura was extremely strange, very different from the ordinary power of darkness, and even completely the same as that of the eternal demon. Soul union

We were together, so that Qin Chen couldn't notice it for a while.

After the Eternal Demon King urged the Supreme Demon Source Array, his figure shook, there was no resistance, and he wanted to flee here for the first time.

"Damn it!"

Qin Chen's expression changed. If he let this eternal demon king escape, it would be over.

Don't even say let him escape, as long as the Eternal Demon King ran out of the Demon Temple and roared and was seen by other Demon Race experts, unless Qin Chen killed all Demon Race experts on the Demon Island, the news would also be the same. Leak.

It fell short.

"Leave it to me."

Qin Chen's eyes were cold and he couldn't hide it anymore. With a boom, the power of the magic tree of ten thousand realms swept out of his body in an instant, and he saw the sky tentacles flying away frantically, like a chain, eternal The devil directly wraps.

boom!

At the same time, the disaster and underworld fire around the Eternal Demon King also broke out in an instant, and the billowing flames filled the atmosphere, resisting the Supreme Demon Source Formation and suppressing the Eternal Demon King.

"what!"

How the Eternal Demon King can withstand such a terrifying aura, even if the dark aura in his body is extremely special, he can't resist the \*\*\*\* of the Ten Thousand Realms Demon Tree at all, and he is immediately bound.

But Qin Chen didn't have the slightest ease on his face. If he couldn't enslave the Eternal Demon King, he could only be killed. In this way, he would surely disturb the Chaos God Demon Sea Demon Lord, and at the same time the Abyss Demon ancestor.

Move the whole body by pulling a hair.

He must be enslaved.

"Swallowing the Ten Thousand Realms!"

Qin Chen's eyes were cold, urging the Demon Tree of the Ten Thousand Realms, and terrifying power poured directly into the body of the Eternal Demon King.

Rumble!

The power of the Demon Tree of the Ten Thousand Worlds quickly collided with this dark atmosphere.

At this time, the movement in the palace also attracted the attention of many powerful demon guards under the command of the eternal demon outside the palace.

"What's the matter? Why is there such a violent aura in the Demon King's palace?"

"Could it be that something accident happened?"

"Go in and take a look."

In an instant, countless demon guards in the entire Demon Hall changed their colors, one after another, they burst into the Demon Hall with the power of the vast Heavenly Venerable.

"Master, be quick!"

The Lord of the Abyssal Demon sensed the vibration of the Supreme Demon Source's great array and the many powerful people rushing from the outside world, and hurriedly spread the word.

"Hmph, the blood of the Dark King!" At the critical moment, Qin Chen urged the power of the blood of the Dark King, and the terrible King's blood quickly poured onto the Demon Tree of the Ten Thousand Worlds. Boom, combined with the power of the Demon Tree of the Ten Thousand Worlds, a terrifying wave The dark soul aura rushed into the soul of the eternal demon once again

Among.

boom!

This time, the dark aura in the soul of the Eternal Demon King finally couldn't resist Qin Chen's oppression. Under the blood of the Dark King, it was constantly worn away, and the worn-out dark breath was instantly swallowed by the Ten Thousand Realms Demon Tree.

boom!

This special dark air was finally unable to resist, it was completely shattered, and was swallowed by the Demon Tree of the Ten Thousand Realms. At the same time, Qin Chen's soul power was finally engraved into the depths of the Eternal Demon King's mind.

boom!

After absorbing this dark air, the Ten Thousand Realms Demon Tree instantly experienced a noticeable improvement.

"call!"

At the same time, Qin Chen felt that he and the Eternal Demon King had already formed a connection in the dark. The life and death of the Eternal Demon King was already under his control and enslaved by him.

The Eternal Demon King was originally angry, his hideous eyes suddenly softened, his breath instantly converged, his eyes were pious, and he respectfully said to Qin Chen: "Master."

"Success!"

Seeing this, the Lord of Abyss Demon couldn't help but heaved a sigh of relief.

Whoosh!

He shook his body, disappeared suddenly, and returned to Qin Chen's chaotic world.

boom!

At this moment, the gate of the palace where the Eternal Demon King was located was directly pierced by many demon guards, and many demon guards forcibly broke into the demon hall.

"Eternal Demon Lord!"

The leading Demon Guard even looked over anxiously and said sharply. However, before he could speak, Boom, a terrible murderous intent surged out of the Eternal Demon King's body. The Eternal Devil's eyes were cold, and he slapped it directly at the Demon Guard, and he heard a pop, the Demon Guard Flew upside down directly by the eternal demon

Going out, spouting blood with a panic expression on his face.

"Without this king's order, who made you rush in?"

The Eternal Demon said with a cold voice, with a murderous look on his body.

Suddenly.

There was no sound.

The audience was silent.

Many demon guards looked at the eternal demon in horror, and no one expected such a result.

"Gudong."

The strong demon guard did not even dare to wipe the blood from the corner of his mouth, hurriedly knelt on one knee, and said with a trembling, "Master Demon King, there was movement in the Demon Hall just now, and the subordinates thought..."

"For why?"

The Eternal Demon King's face was cold and murderous: "This king has just communicated with Demon Dust about the speciality of the Demon Source Formation, and you are impatiently shocked. Don't you forget, no one can't do without this king's order? Break into the magic temple?"

"My lord, we..."

Many demon guards trembled.

"What are you guys?" The Eternal Demon frowned, "Hurry up!"

"Yes Yes!"

These demon guards saw that the Eternal Demon King was okay, but became furious, all of them panicked, and they ran away in an instant.

After all the demons left, the Eternal Demon King once again came to Qin Chen and said respectfully: "Master, the subordinates you ordered have been done."

He looked respectful, his eyes pious, and he had completely regarded Qin Chen as his master.

Qin Chen breathed a sigh of relief when he saw this.

so close!

Just a little bit, there was an accident.

"Eternal, what was the mysterious power in your soul just now?"

Qin Chen said solemnly.

When he first came to Chaos God Demon Sea, Qin Chen even considered looking for the Demon Lord directly to suppress or enslave him.

Now that he has experienced the eternal devil, he has lingering fears.

There is such a special power in the mind of this eternal devil, what about the devil?

If there is such a power in this demon's main body, he can't enslave the other party for the first time, and once the other party is given the opportunity to inform the ancestor of the deep demon, then it will be completely over.

Once the ancestor of the abyssal demon is eyeing, let alone looking for Sisi, it is a question of whether he can even escape from this demon world.

Therefore, Qin Chen was extremely curious about the power in the mind of the Eternal Demon King and the special majestic voice.

This dark aura, unlike other dark powers, has exceeded the scope that the eternal demon should have, and is definitely of the supreme level. "Back to the master, what you are talking about should be the power of the dark origin. The strong people of my chaotic demon sea need to enter the dark pool for baptism, and the subordinates, as the demon king-level strong, need to enter the deepest source of the dark pool. Salute in the pool, any passing

After being baptized in the source pool, the devil's soul will be promoted to become a dark citizen, and can even resist the soul attack of the supreme-level powerhouse. "

"The Origin of Darkness?"

"Yes, that source of darkness, rumored to be the powerhouse of the dark clan and Lord Demon Ancestor himself, is the core of the dark pool and possesses unpredictable divine power."

"Then you know, why did the ancestors of the deep demons and the dark people set up this dark pool?" Qin Chen asked.

"This... the subordinates don't know it, but what they know is that as long as the strong who has entered the dark pool, once they fall, their soul will return to the dark pool and gain the power of immortality."

"eternal life?"

Qin Chen frowned, how could it be possible? However, the Eternal Demon King looked serious and said: "Master, this is true."

#### [Chapter 4485: Dark Origin Pool](#)

The eternal demon looked serious, "The subordinates have seen with their own eyes that there was once a demon who had been baptized by the power of the source of darkness. After the accidental fall, his soul was resurrected in the pool of the source of darkness."

"The soul is resurrected?"

Qin Chen frowned and said, "Are you sure it wasn't that the other party had never lost his soul, but just reunited the power of the soul?"

"The subordinates are sure, because the demon king's soul was scattered on the spot, and his soul was reborn in the dark source pool through a special method, and it was definitely not reunited and restored."

"Moreover, for countless years, not only one of the strong men who have been resurrected in the Dark Origin Pool has fallen under various circumstances, but in the end they have all been resurrected, without exception."

The Eternal Demon is very sure.

"Hiss!" Qin Chen couldn't help taking a breath, his eyes condensed, what's the matter?

Originally, the soul was scattered, but then the soul was reborn. No matter how you look at it, it feels like a fantasy.

"What about those strong demon clan later?" Qin Chen frowned and asked, "Anyone who continues to serve as a demon king?"

If so, Qin Chen would like to see what is going on?

This is a bit too weird. In fact, if it weren't for the Eternal Demon King to be a powerhouse at the zenith stage, with extraordinary vision, Qin Chen only thinks that the other party is crazy when most people say that, but the Eternal Demon King is so sure that the words are so sure that Qin Chen's heart is contemplated, could it be,

What's the secret in this?

"After the demon king's soul is reborn, it will remain in the dark origin pool." The eternal demon continued: "According to Lord Demon Lord's explanation, this is because the rebirth of the soul needs to consume the huge energy of the dark origin pool, and the souls of these powerful men are still in the dark origin pool. Rebirth in the dark source pool, but still lacks a true soul source

Power can only slowly recover in the dark source pool. If you leave rashly, the condensed soul will be scattered again. "The Lord of the Demon once said that the Dark Origin Pool has not been completely perfected yet, and we still need to wait for us to continue to work. Once it is completely perfected, all the resurrected powerhouses can leave and reconsolidate their bodies and even their souls. Amazing slough

Change is expected to impact the supreme realm. "

Is there such a great thing?

Qin Chen was shocked. After his death, not only could his soul be reborn, but he could also be transformed, even assaulting the supreme realm. How did he listen to it, why didn't he feel unreliable?

"What you said requires you to continue to work, is it the power to swallow countless demon powers in the Sea of Gods and Demon Sea?"

Qin Chen frowned and asked. "Yes, master." The Eternal Demon King respectfully said: "Master Demon Lord said that the Dark Pool was set up by the great power of the dark clan and the ancestors personally. The purpose is to make me and the strong demon clan immortal, but I want Complete the construction of the dark pool,

You need to swallow the lives and power of countless demons. "

"The reason why Lord Demon Ancestor built this thing in the Chaos God Demon Sea is because the Chaos God Demon Sea is a place of casual cultivation. There are countless demon races fighting and fighting. This is the most suitable for building a dark immortal pool. Place." "And in order to attract more demon cultivators, the demon ancestor let the demon master sit here, let me and the eight demon kings each guard a demon island, control a sea area, use resources, etc. Things to attract countless demons

Acting as a demon king and a demon commander, so as to achieve the opportunity to continuously sacrifice the lives of our demon powerhouses. "Whether it's the Demon Lord's duel field or the Demon Island Conference, the origins, demon avenues and life forces in all the fallen powerhouses will be absorbed by the supreme demon source array that spreads across the entire Chaos God Demon Sea, and then converge to the dark and immortal life. Pool, nourishing black

The growth of the Dark Eternal Life Pool. "

"The reason why the subordinates suspected the master before was because the master absorbed the power of those fallen demon monarchs. This is absolutely forbidden in my chaos and demon sea."

"The power of the Fallen Demon Race can only be absorbed by the Supreme Demon Origin Array, otherwise, it will be a rebellion against the Demon Lord."

Following the explanation of the Eternal Demon King, Qin Chen finally understood the role of this chaotic God and Demon Sea.

Using the gimmick to become stronger, it attracted countless demon powerhouses to compete and fight to become demon generals and demon kings. However, they are actually just the nourishment of this dark eternal life pool.

This chaotic sea of gods and demons is actually a huge strangulation field, which does not strangle many profligate masters of the demon clan at all times.

It is no wonder that the Eternal Demon King said before that any disciple of the top Demon Race will notify the Demon Lord if they want to come to the Demon Sea of Chaos to experience. It is very likely that the Demon Sea of Chaos is only aimed at the weak and small Demon Races and the casual cultivation of the Demon Race.

"The loose repair demons of the Chaos God Demon Sea, haven't they doubted?"

Qin Chen frowned.

"Perhaps?" The Eternal Demon King said: "But in my demon clan, as long as it can become stronger, how about death? Death is not terrible. The terrible thing is weakness. Weakness is the original sin. It is the most impossible in my demon world. Things to endure."

"Master Demon Lord gave them these casual practitioners the opportunity to become stronger, even if there are holes, there are still people who are willing to jump down, because in my Chaos God Demon Sea, they can indeed become stronger."

"For an opportunity to become stronger, how about even paying the price of life?"

Qin Chen couldn't help being silent when the words of the Eternal Demon fell.

The Demon Realm is a world where the weak and the strong eat the strong. In order to become stronger, countless demon strongmen do not compromise, even if it is possible to lose their lives.

"Interestingly, after the fall, the soul can actually be resurrected again in the dark source pool? It seems that this chaotic sea of gods and demons is even more special than I imagined."

Qin Chen's gaze flashed, looking back, it seemed that he had to inquire about this supreme demon source array again.

However, the top priority is to finish the Magic Island conference first.

Whoosh!

Immediately, Qin Chen flew out again following the Eternal Demon King.

Seeing that Qin Chen was safe and sound, Black Stone Demon Lord breathed a sigh of relief, his expression excited.

"From today, Demon Dust will be the first Demon Lord under this king, and the Black Rock Demon Lord will be the second Demon Lord under this king. Now, the Demon Island Conference continues.

The Eternal Demon shouted loudly.

boom!

The whole audience was agitated.

Although they didn't know what happened between the Eternal Demon King and Qin Chen, it was clear that the Eternal Demon Lord had forgiven the result of Demon Chen beheading the original First Demon Lord.

Seeing Qin Chen succeeded in assuming the position of the first demon king, the whole scene was immediately excited and excited.

With Qin Chen's strength, serving as the No. 1 Demon Lord is naturally worthy of his name, and Qin Chen's previous strength has completely subdued everyone present.

Next, the Magic Island Conference continues.

There was a fierce battle between a famous demon king.

However, no one challenged Qin Chen, not even the Black Stone Demon, who ranked second. Because everyone knows that no matter who dares to challenge the Blackrock Demon Lord, the end will be extremely bleak.

#### [Chapter 4486: Horny dragon](#)

In the end, after a fierce battle, a new demon ranking was born.

The first Demon Lord is naturally Qin Chen, the second Demon Lord is the Black Stone Demon Lord, and the third Demon Lord is still a violent demon Lord.

In addition, from the fourth to the eighteenth Demon Lord, the ranking also has some changes.

"After ten days, the newly promoted demon king will follow this seat to the dark pool for baptism. At the same time, other demon generals who have performed well in this magic island conference will also get the opportunity to enter the dark pool for baptism."

The Eternal Demon King Hong Sheng said, the sound was thunderous, which naturally drew cheers from the audience again.

After the Demon Island Conference, it was a carnival day. Numerous demon powerhouses came here. After such a fierce battle, they naturally had other needs.

Eternal Magic Island will carry out a three-day and three-night carnival, which is also a must item after each Magic Island conference.

Naturally, Qin Chen would not participate in this carnival meeting, and now, he couldn't wait to figure out the situation of this supreme demon source array, and immediately followed the eternal demon king into the eternal demon palace.

"Magic dust."

However, outside the Eternal Demon Palace, Qin Chen was stopped by the Black Stone Demon Lord.

"Master Blackrock Demon, something is wrong?"

Qin Chen turned and smiled at the Black Stone Demon Lord.

Seeing this, the other demon guards around turned around and left, not daring to stay here any longer.

Because they had seen Qin Chen's position in the eyes of Lord Eternal Demon before, and Qin Chen is now the first demon king, and he is already the first person under the eternal demon king. Who dares to offend him?

Behind the Black Rock Demon Lord, the Black Wind Demon General and the others had originally followed the Black Rock Demon Lord, and when they saw this, they secretly stepped back a bit.

Cough!

It is better to listen less to private conversations between adults.

"Aren't you...returning to the station with me?"

Black Stone Demon Lord looked at Qin Chen, his face flushed slightly, hesitated for a moment, and whispered.

She was flushed and worried.

"Why, Lord Blackrock Demon Lord can't bear to subordinate?"

Qin Chen smiled.

"you....."

Blackrock Demon Lord stomped anxiously, this guy, it's uncomfortable not to talk about it, isn't it?

"I mean it, you... don't you plan to go back?"

The Black Stone Demon bit his lip and said, her flaming red lips, coupled with her noble and cold temperament, made her pitiful.

"Look, Lord Blackrock Demon Lord blushed, what do you say Lord Blackrock Demon Lord and Lord Demon Chen are talking about?"

In the distance, the Black Wind Demon General and others who walked far away said that don't be rude, but curiously aiming here frequently, his heart is like a cat scratching.

"How do you know? Blackrock Demon Lord, aren't you confessing to Lord Demon Chen?"

"Go, go, how is it possible, Lord Blackrock Demon Lord has always been arrogant and noble as an iceberg, I have never seen a man who can enter her eyes."

"Hmph, that's an ordinary man. Now Lord Demon Chen is superb, and he is so considerate to Lord Demon Lord Blackrock. If I were a woman, I would be moved by Lord Demon Chen."

"Fuck, just like you, even if you become a woman, Lord Demon Chen will not look at you."

The Black Wind Demon made them tickle, and the heart of gossip was burning.

However, Qin Chen was also full of respect and admiration. If it weren't for Qin Chen, they would have died here long ago, and how could they have their current status? Even if they were just a demon general and their strength was not that amazing, but at this moment, no matter where they go, they are treated respectfully, even , Even some magic

Lord Jun, dare not look down on them.

Without him, everything is because of Qin Chen, the first demon king, and he still powerfully beheaded the original first demon king, and under the eternal demon king's rage, he was safe and sound.

No one who can become the Demon Lord is an idiot. Even if the Eternal Demon King is now very harmonious with Qin Chen, but the previous confrontations between the two and the fluctuations after entering the Eternal Demon Palace, everyone can vaguely guess something.

I just didn't talk about it.

This First Demon Lord Demon Dust is definitely not easy to provoke, and even more terrifying than the original First Demon Lord.

Even, everyone had to doubt that if it was the next Demon King Competition, the first Demon King would become one of the new Eight Demon Kings, and everyone would not be surprised.

Qin Chen looked at the blushing face of the Black Stone Demon Lord, with stubborn and persistent eyes, and couldn't help but smile, "The subordinates still have important matters to discuss with Lord Demon, so I won't return to the station for the time being."

The black stone demon's face turned pale, his figure was a little shaky, and he nodded and said, "I...understand."

"The subordinates say goodbye first."

Qin Chen smiled and turned to enter the magic palace.

"Magic dust!"

Suddenly, the Black Stone Demon screamed to Qin Chen.

Qin Chen turned his head and said in doubt: "Is there anything else, your lord?"

"You... be careful." Black Rock Demon Lord said softly, with a serious expression: "Although I don't know...who you are, Chaos God Demon Sea is not that simple place, there is also that dark pool..."

Black Rock Demon Lord hesitated and said, "It's best not to enter. Although this pool can improve your cultivation level, it is not a good thing. Once you enter the dark pool, you will be involuntarily from now on."

The Black Stone Demon Lord's expression is extremely serious, with tension and warning.

Qin Chen was startled slightly, looking at the Black Stone Demon Lord, he couldn't think that the Black Stone Demon Lord would say such things to him. Could it be that she also saw something?

Right.

He was an outsider who came to the Demon Sea of Chaos and could feel it not long after. As the Demon Lord, the Black Stone Demon Lord has a decisive battle platform under his command, and he sits in the duel arena all year round. How can he not discover some of the clues.

Qin Chen smiled: "Subordinates know, thank you Lord Demon for reminding me."

"and also....."

Seeing Qin Chen turned around and was about to leave, Black Stone Demon Lord suddenly stopped him again.

She looked at Qin Chen, her face flushed and said: "I... no matter who you are, no matter what your purpose is to come to Chaos God Demon Sea, Black Rock Devil Heart Island will always be your home and the place where you started, I... ..Will always be waiting for you, waiting for you to come back."

After saying this, the Black Rock Demon Lord blushed and turned and left.

"It's over, another little girl has been harmed by you." In the chaotic world, the voiceless voice of the great ancestor dragon came: "Little Qin Chen, ancestor, I found that you are a killer of thousands of people, wherever you go, There will be little girls who are fascinated by you. Tsk tsk, my ancestors don't think you look good. We are so charming.

? "

Qin Chen had a black line.

"Shut up!" he said silently.

There was no good thing in the mouth of this great ancestor. "Hey, don't worry, I won't tell other people about things here, ancestors, such as your wives, confidantes, ancestors, I promise not to say any of them, but, kid Qin Chen, people tell you So friendly, you can't

If you play with other people's hearts, just abandon them, right? This is too shameless, right? "

"My ancestor said, you should at least have a spring night with others, come to a dewy couple, so that others will miss you a little bit, hehe."

Qin Chen had a black line on his face. This primordial ancestor dragon had only left the true dragon clan for a few days, so what was in his mind?

"Do you think I'm your color dragon?" Qin Chen said in a bad mood. "Ahem, what is Selong? This is called rain and dew, what do you know? Think of it in ancient times, when the ancestor was young, it was called romantic and suave, Yushu was near the wind, countless beauties wanted to get on the bed of the ancestor, Gee, that's jolly,

You ascetic monk don't understand. "

"Fresh old things, the ancient times you are in and my ancient times are not the same era? Why didn't this saint ancestor know that you were so popular back then?"

The ancestor of the blood river suddenly rolled his eyes and said. "Bah, a guy who has no strength at all, go away, there is no place for you to speak here now." Honghuang Zulong looked at the blood river saint ancestor with disdain: "If you don't have any strength, don't come out ashamed, continue to be your head. The tortoise is hiding in the chaotic galaxy, dare to come out

Come, I will blow you up. "

"you....."

boom!

The Blood River Saint Ancestor was trembling with anger, and the blood sea surged.

Damn, this great old thing is too arrogant, since it regained its strength, it has become more and more arrogant.

"You wait!"

Saint Blood River screamed angrily, too lazy to say any more.

Now that his strength hasn't recovered, he will endure the opponent first, and wait for his strength to recover someday, sooner or later, he will find a place to go back. Seeing that the ancestor of the blood river did not dare to argue with himself, the great ancestor dragon laughed weirdly, and then said: "Kid Qin Chen, ancestor, I am very serious about talking to you. I am the ancestor, hehe, this Black Rock Demon Lord Although it is a demons, the figure is a little thinner, not as good as

The ancestor of the true dragon is so strong, with a thick waist and fat buttocks, but she can barely be regarded as a beauty. In this demon world, there is nothing wrong with a dewy mandarin duck. "

"And the Mei Yaoqing from the Illusory Demon Race before? Well, you can also bring it with you. It's good to warm the bed when you need it."

"If you are afraid of your women knowing, don't worry, as long as the ancestors don't tell me, who else dares to say? The old fellow in Blood River dares to say that I will break his leg."

"But..."

Honghuang Zulong smiled wickedly, "My ancestor keeps secrets for you, do you also use something good to plug my ancestor's mouth? Hehehe!"

Honghuang Ancestral Dragon smiled treacherously: "For example, how many female Demon dragons of the demon clan for my original ancestor?"

by!

Qin Chen couldn't help being speechless, this primordial ancestor dragon had recovered a lot of strength, and it was so cheap.

No wonder he is so strong, he almost fell in the ancient times, I am afraid it is not a cheap death, right?

"Want the beauty of the female dragon? Your body is restored? Now it is worthwhile? You forgot how you ran out of the real dragon clan? Can you do it?"

Qin Chen glanced at Honghuang Ancestral Dragon twice, as if he was looking at a little quail.

"Damn, haven't you heard the term "Long Jinghu Meng", the kid Qin Chen? Long Jing, Long Jing, do you understand the ancestor?"

Seeing that he was suspected, Hong Huang Zulong jumped up.

"It's okay if you want a female Devil Dragon." Qin Chen smiled, "But are you sure?"

"Of course, you don't know, ancestors, I stayed in this chaotic world, and the birds were fading out of my mouth, and I couldn't go out. There was nowhere to vent my energy." Honghuang Zulong became hot with a look of lewdness. laugh.

#### [Chapter 4487: Rune of Yuantian Cursed Soul](#)

"Row."

Qin Chen nodded.

Hum!

I saw a jade slip suddenly appeared in the chaotic world, and it landed directly in front of the Honghuang Ancestral Dragon.

"what is this?"

Honghuang Zulong is curious. "I have recorded all your previous performances. Don't worry, when you return to the true dragon clan, I will give these jade slips to the true dragon ancestors. If the true dragon ancestors know your thoughts, you should be happy. Entrusted a good

the man. "

Qin Chen said calmly.

"Don't, kid Qin Chen..."

"No, Brother Qin Chen."

"Less dust!"

Honghuang Zulong's eyes widened suddenly, "You are a dead dragon."

The Honghuang Zulong suddenly trembled, thinking of the fierceness of the true dragon ancestor, the third leg of the Honghuang Zulong was a little trembling.

I really want to let the true dragon ancestor know whether he will die or not, but his third leg will definitely be cut off.

"Hahaha!"

Seeing the frightened and guilty-hearted appearance of the great ancestor dragon, the blood river ancestor suddenly laughed.

Let this guy be arrogant in front of Chen Shao, thinking that if he recovers a little bit of strength, he won't know the heights of the sky, it should be!

"Senior Honghuang Ancestral Dragon, you still want to dew mandarin ducks, don't you couple overnight?"

Qin Chen sneered.

"No, no, hehe, Shao Chen, the old man just said that, he just wanted to liven up the atmosphere, make a joke, hehe, it's really a joke, don't take it seriously."

Honghuang Zulong smiled flatly, and then said righteously: "The original ancestor is a very dedicated dragon, with beauty in the front and not changing color."

Qin Chen sneered from the bottom of his heart, and saw that this primordial ancestor dragon was no longer a demon, so he didn't bother to pay attention to him immediately.

In the next moment, Qin Chen had already entered the eternal magic palace.

"Eternal Devil." Qin Chen said.

"the host."

The eternal demon immediately saluted Qin Chen respectfully: "Subordinates are here."

"Take this seat to the place of this supreme demon source array." Qin Chen ordered.

"Yes!"

boom!

Immediately, the Eternal Demon King was in front, leading Qin Chen into the bottom of the Eternal Demon Island, and dived into the deep sea.

After a while, Qin Chen had once again arrived in front of this supreme demon source array.

"big boss."

As soon as the Eternal Demon King appeared, suddenly, some strong demon guards guarding the surroundings of the great formation appeared one after another, saluting respectfully.

At the same time, they all looked at Qin Chen with curious eyes.

Who is this, Lord Eternal Demon King unexpectedly brought the other party to this supreme demon source array?

"This, is the new first demon lord of my eternal demon king, Demon Lord Demon Dust, from now on, on my Eternal Demon Island, the will of Demon Lord Demon Dust will be the will of this king." The eternal demon king said. .

"The new first demon?"

The many Tianzun Demon Guards present, breathed in air-conditioning, and were shocked.

They all know that today is the day of the Eternal Magic Island Magic Island Conference and the day to determine the ranking of the new Demon Lord, but no one had expected that a new First Demon Lord would be born.

"Why, didn't you hear?"

The eternal demon frowned.

"I'll wait, I've seen Master No.1 Demon Lord."

These demon guards hurriedly saluted respectfully and did not dare to neglect.

They all know that if they want to become the new First Demon Lord, they must defeat the original First Demon Lord, and the original First Demon Lord has been sitting on the Eternal Demon Island for countless tens of thousands of years, and has long established Absolute Authority.

Can defeat him, the first demon in front of him, the strength is absolutely extraordinary.

"Okay, you can withdraw first and go back to the Eternal Demon Island to rest." The Eternal Demon King ordered.

Qin Chen wanted to do things, so naturally he didn't like other people staying here.

"This....."

The demon guards present were all startled. The Supreme Demon Source Formation is extremely important. It is the most important thing in any Demon King's Demon Island. As the Heavenly Demon Guards, they have been sitting here and have never left, even if there is a major accident, their mission is always Hold on to

Zun Moyuan large array.

Therefore, at this moment, the Eternal Demon actually let them go, and immediately filled their hearts with surprises.

"Why, don't you all listen to this king's order?"

The eternal demon king's face sank and boomed, and the devilish energy in his body swept out, suppressing the bodies of these demon guards.

"Subordinates dare not."

These demon guards trembled, and one by one turned around and left here.

Immediately, there was nothing around this supreme demon source array.

Then, the Eternal Demon King personally brought Qin Chen to the core of the big formation.

"Master, this is the place where this Supreme Demon Origin Array is at the core of my Eternal Demon Island." The Eternal Demon King respectfully said.

Qin Chen looked at this big formation, booming, in front of him, a vast magic source aura, surging forward, containing a terrifying aura.

At the same time, the formation patterns of the eighteen demon source formations spread in all directions, leading to the Demon Heart Island of the Eighteen Demon Lords, and continuously absorbed the strength of the strong men who were constantly falling in the duel field, and strengthened oneself.

Then, this magic source array led this force into the more distant deep sea.

"This great array of demon source is connected, is it the place of the demon lord of the chaos demon sea?"

Qin Chen asked. "My lord, that's right. Every demon source formation under our Eight Demon Kings Island is connected to the Eighteen Demon Heart Island, which continuously sends the power of the entire chaos and demon sea to the strong man to the darkness where the demon lord is. Pool, strengthen the power of the dark pool.

"Eternal Demon King said.

Qin Chen nodded: "You can control this demon source formation, then can you open this great formation and let this seat enter into it to spy?"

This dark pool could bring the fallen Demon King-level power back to life, which made Qin Chen extremely puzzled. If the Demon Clan really had such a method, he would have unified the universe long ago, there must be something tricky in it.

However, Qin Chen didn't dare to break into the Dark Pool at the core of the Demon Sea of Chaos, but from the demon source formation on Demon King Island, he should also be able to peek out the clues.

"Back to the master, although the subordinates can control this demon source formation, it is only a simple control. This formation was built by the masters of the demon ancestor and the masters of the dark clan. The demon master controls the subordinates only. Can mobilize some of the power

, As for wanting to open the big formation, I'm afraid... it's possible for the demon master. "

"Is that so?"

Qin Chen frowned slightly, and his right hand caught the magic source array.

boom!

Suddenly, a terrifying dark aura swept out from the magic source array, rumbling, and the power of terror instantly swallowed the world and annihilated everything. Obviously, it felt that someone was touching it and immediately had some reactions.

"set!"

The Eternal Demon Lord drank low and manipulated the large array, causing the large array of demon source to converge slightly, but the dark aura in it was still extremely sensitive and could violently strike at any time.

"Master, your subordinates can only simply control this formation. If the adults forcibly attack this formation, it will surely trigger an active counterattack from this formation. By then, even the subordinates will not be able to settle down, and they will inevitably be discovered by Lord Demon Lord."

The Eternal Demon hurriedly said.

"I understand, don't worry, this seat will not attack by force."

Qin Chen retracted his right hand, and he also saw that this formation was extraordinary and extremely powerful, and it could not be broken by a strong attack.

Huh!

Qin Chen raised his hand, and immediately, the Lord of Yuanmo appeared beside him.

"Master." The Lord of Yuanmo saluted respectfully.

"You come and see this array."

"Yes."

The Lord of Yuanmo stepped forward and stared carefully. After a while, he couldn't help but breathe in a cold breath, his eyes solemn. "Master, this formation, at least the Supreme Formation, is extremely powerful, and it carries the power of my Abyssal Demon Clan. If the subordinates are right, this formation should be built by the ancestors, and it should be a fusion of my Abyssal Demon. The power of the Yuntian curse soul rune of the clan.

"

"In addition to the power of the abyss, it also contains a special dark power. This dark power is extremely extraordinary. It is definitely not the dark power bestowed by the ancestors on ordinary demons, but a higher rank. "

The Lord of the Abyss quickly saw something.

At any rate, he was also a descendant of the Abyssal Demon Clan, and what he knew was naturally extraordinary.

"But the strange thing is that in addition to the two forces, there seems to be another force in it, but this force is very hidden, located in the depths of the big formation, and the subordinates have never discerned what it is."

The Lord of Abyss Demon said solemnly.

"You feel it too?"

Qin Chen's eyes flashed and sneered.

Because, he also felt that special power, located in the power of the deep demon and the power of darkness, very hidden, and, for some reason, he vaguely felt this power, quite familiar, as if he had seen it before. Too average.

"What power is it? Why is there a familiar feeling?"

Qin Chen frowned.

He controls the way of destiny, and he has a faint feeling that the Demon King-level powerhouse that the Eternal Demon King said before can come back from the dead, which is most likely related to this power.

What is the power?

Qin Chen perceives carefully, but is still unable to snoop out the slightest.

"It seems that I can only crack open this big array."

Qin Chen made up his mind.

"Mo Ye, come and help me."

Qin Chen said solemnly.

"Yes, master."

Immediately, Qin Chen sat here cross-legged, his perception diffused, and he immediately contacted the demon source array, and began to analyze the prohibition above.

If the strong one is not enough, then the soft one.

Although Qin Chen was only a late-stage Heavenly Sovereign, his attainments in the formation had definitely reached the supreme level.

In addition, there are treasures such as the Lord of the Abyss and the Demon Tree of the Ten Thousand Realms, and it may not be impossible to break the formation.

boom!

Qin Chen's perception was completely integrated with this formation, and he began to analyze the restrictions and formation patterns in it.

Although Qin Chen had already prepared, but when he truly sensed this great formation.

Still taken aback.

The level of restriction of the Supreme Demon Origin Formation in front of him was terrifying, more terrifying than he thought. The restriction in front of him not only needs to be seen through a soul scan, but also the pattern on it is complicated, which makes Qin Chen feel dizzy. The sense of.

How can it be?

Qin Chen was shocked, and he had seen so many restrictions and formations, and his understanding of formations had reached an extremely high level.

Even, Qin Chen must be able to see some clues and heads and tails of the general supreme-level formations.

But the big array in front of him made his mind dizzy, and he couldn't see clearly. Could it be said that this formation has exceeded the supreme level?

### [Chapter 4488: The third force](#)

Desolate Grand Formation?

Qin Chen was shocked.

"wrong."

But soon, he frowned again.

This big formation in front of you is absolutely impossible to be a detachment-level big formation.

First of all, with the strength of the ancestor of the abyss, it is impossible to successfully deploy a large detachment formation.

Secondly, although the Dark Clan might have transcendent powers, Qin Chen learned from Xiaoyao Supreme Senior that transcendent powers could not enter this universe for the time being.

Otherwise, this universe would have been taken by the opponent long ago, and the human race would not be able to resist it.

In other words, this big array in front of you can never be a detached one.

What's more, if it is really detached from the big formation, it is impossible for Qin Chen to resist the breath of this riot with Qin Chen's current strength.

"interesting."

Qin Chen smiled, his eyes filled with fighting spirit.

It's not a detached array, but it can make him feel deep, obscure, and terrifying. It can be seen that this array, even in the supreme-level array, is not simple.

"Fortunately, this formation, the real core, should be in the dark source pool deep in the dark pool. If you guess right, this place should be just one of the eight eyes of this top-level formation."

Qin Chen murmured.

Generally, the key points of the big array, such as the center of the array, the eye of the array, and so on.

Among them, the center of the formation is the real core of the big formation, which is easily impossible to expose. Once discovered, it is very likely to shake the foundation of the whole big formation. At the same time, the center of the formation is also the most terrifying and strongest place of the whole big formation.

The Eternal Devil Island is only one of the eight great Devil Islands, and it is impossible to be the center of the battle.

In addition to this, there is also an eye in addition to the heart.

The so-called array eye is the key point of a large array.

Normal large arrays generally have only one center, and some complex large arrays, at most, will not exceed two or three.

However, there can be multiple fronts, and they are the hub of each big front.

The line eye is also very strong, but compared to the line heart, it is much weaker and easier to break.

As for the places where the other Eighteen Demon Lords Demon Heart Island are located, they should be just nodes of the formation. Compared with the formation eyes, these nodes are actually more and easier to crack.

However, a large formation has too many nodes, densely packed, and is not the key to the formation, so even if it is broken, it is impossible to find the true key of the large formation.

And this moment is the most suitable place for cracking.

boom!

The power of Qin Chen's soul suddenly diffused out, contacting this supreme demon source array.

Hum!

At the moment of his contact, the big formation suddenly reacted slightly, and there was a dark atmosphere, exuding a terrible aura.

In this large array, there is amazing power, and any fluctuations will trigger a reaction.

Extremely troublesome.

"set!"

The eternal demon hurriedly manipulated to appease the great formation.

However, Qin Chen's soul forcibly spied on the array pattern restriction, and simple manipulation could not comfort this large array at all.

There is still a terrible atmosphere of darkness, permeating out, looking for the target of the attack.

"The Devil Tree of Ten Thousand Worlds, come out!"

now!

Above Qin Chen's head, a vast magic tree phantom appeared. Boom, as soon as the magic tree phantom appeared, the heavens of the entire demon world seemed to be suppressed, and a terrifying force spread out, directly covering the darkness.

call!

Tentacles surged in the Ten Thousand Realm Demon Tree, and suddenly, the strands of darkness were slowly swallowed by the Ten Thousand Realm Demon Tree.

On the side, the Lord of the Abyss also shot.

"Deep Demon Avenue!"

boom!

The Lord of Abyss Demon is the top descendant of the Abyss Demon Clan. On his body, the power of the deep Demon swept out, and suddenly on this great formation, a strange and terrifying rune appeared.

It is exactly the power of the rune of the soul of the deep sky curse that he said before, and after his power touched the power of the rune of the soul of the deep sky, this power unexpectedly entered his body one by one, and was affected by his body. Slowly swallowed. Ordinary members of the Abyssal Demon Clan are naturally unable to suppress the power of this Abyssal Curse of Soul Rune, but the Lord of the Abyssal Demon Clan is the descendant of the Abyssal Demon Clan, and at this moment, he has already entered the half-step supreme realm. The power of the rune of Yuantian curse soul is pressured for production.

The billowing power was swallowed by him, but it was fueling his power and became a tonic.

The Eternal Demon King, the Lord of Abyss Demon, the Demon Tree of the Ten Thousand Realms, and the blood of the Dark King in Qin Chen's body also quietly urged, and suddenly this supreme demon source formation was strongly suppressed.

Suddenly, a series of runes, prohibitions, and formation patterns were clearly presented in front of Qin Chen's eyes.

"Great."

Qin Chen was excited.

Facing and observing this big formation so clearly, it immediately gave him a new understanding of this big formation.

In the world, only Qin Chen could gather so many conditions to break this formation, and if he was replaced by someone else, even the supreme powerhouse would not be able to do this at all.

Immediately, Qin Chen lowered his heart, took a deep breath, his soul went deep into it, and began to slowly perceive it.

As he perceives, the entire large array of bans has also been printed into his mind bit by bit. The large array of bans in front of him is surrounded by rings, like an iron chain, connected to each other, thinking To unlock, the difficulty is by no means ordinary.

But this instead aroused the arrogance in Qin Chen's heart. He was immersed in the feeling of formation pattern and began to slowly crack it.

Time goes by little by little.

An hour.

Two hours.

Three hours.

At the beginning, Qin Chen was still competing with the big ban in front of him, but gradually, when he was completely immersed in it, he was integrated into the depth of the ban, as if immersed in the ocean of knowledge. .

Gradually, Qin Chen could already perceive some clues about this restriction.

When he saw some clues, his heart was suddenly slightly shocked.

Because some of the bans in this big formation are similar to the totem bans of the \*\*\*\* emperor who saw the mysterious strong man in the Void Sea. This is a big formation that is very different from today's universe.

It is also similar to the Dark Luotian rule prohibition contained in the Nirvana Crystal Stele that he fished in the Nether Galaxy at the beginning.

"Among them, there are restraining techniques outside of this universe."

Qin Chen suddenly woke up.

It's no wonder that it is so complicated, it is obviously only the supreme level, but it gives him a feeling of surpassing the supreme level. Because the rules of this universe are the rules of this universe, and the formation methods and restraining methods in the universe will obviously be completely different from this universe. This also leads to the fact that it is impossible for ordinary formation masters to crack the present. This big array

.

Even the supreme-level array mage is the same. Therefore, at this moment, Qin Chen couldn't help but feel quite excited. Although he had never seen a strong man from outside the universe, whether it was the \*\*\*\* emperor totem of the mysterious strong man in the virtual sea, or the dark sky in the nirvana crystal tablet. Rules, even when he saw

The special power of the dark royal family.

All made him have some special understanding of some forces in the universe outside the universe, and it also made it possible for him to crack this formation.

"In that case, is it... that the mysterious strong man imprisoned in the virtual sea actually comes from the universe sea?"

Thinking of a possibility, Qin Chen couldn't help but breathe in air-conditioning.

A strong man in the universe would be locked in the imaginary sea of the heavens. I felt a little unbelievable no matter how I thought about it.

Qin Chen was a little shocked just thinking about the power of the universe, who could reach the sky.

Of course, this is just his random guess, not true. And with the passage of time, Qin Chen's understanding of this prohibition has become more and more profound, and combined it with the \*\*\*\* emperor totem, the rules of the dark sky, and the power of the dark clan, etc., mutually confirming, and there will be immediately A sudden enlightenment

a feeling of.

boom!

When the third day came, Qin Chen immediately urged his hands, banging, and being beaten by Qin Chen into this big formation.

Suddenly, the formation pattern in front of his eyes lit up instantly, clattering, and the runes flickered. The key is that this time Qin Chen made such a move in this formation, this formation did not actually have the slightest counterattack.

This made Qin Chen ecstatic.

On the side, the Eternal Devil looked dumbfounded.

Master, too strong.

This is the big formation arranged by the ancestors of the deep demons and the dark clan powerhouses, and it is actually being cracked by the master.

"Yes, it seems that I am taking the right route."

Qin Chen showed joy, and immediately continued to crack.

Every time he cracks a piece of it, he will try it, as long as he finds that the cracking process is correct, he will continue, and if there is a problem, he will make adjustments.

Along with Qin Chen's cracking of the pattern, Qin Chen's speed against the texture is getting faster and faster.

This is like solving a problem. When there is no clue at first, it is naturally the most difficult. But once you find a way to understand the body, you start the process of understanding the body. The more you solve the problem, the faster and faster the natural speed. .

This is a process of geometric increase.

Finally, it was the fifth day.

Hum!

Qin Chen opened his eyes suddenly, and there was a hint of surprise in the depths of his eyes. At the same time, there was a feeling of enlightenment in his mind.

His hands moved quickly.

Hum!

The invisible formation pattern in front, along with the entrance of Qin Chen's power, quietly opened a gap, revealing a large hole more than one meter high.

A force that made Qin Chen's heart palpitations spread out from it.

"Success!"

"go!"

Qin Chen said in surprise, put away the Devil Tree of Ten Thousand Realms, took the Eternal Demon King and the Lord of Abyss Demon, and instantly rushed into this demon source array.

boom!

Qin Chen felt that there was a terrible power flowing all over his body, and all the absorbed power in the entire Eternal Demon Island sea area quickly spread along this passage to the depths of the Chaos God Demon Sea.

The billowing force, like the ocean, is extremely large.

"Wow."

The power of these tumbling origins flowed and impacted on Qin Chen, splashing waves of waves. At the same time, Qin Chen felt another breath from these powers.

"Master!" On the side, the Eternal Demon King gave out a look of horror, because Qin Chen and the Lord of Yuan Demon were unharmed in this demon source channel, but when the Eternal Demon King was here, after that breath bombarded him, The vitality in the eternal demon is unexpectedly

Slowly passing by.

It's like being deprived.

"The breath of death." Qin Chen's eyes suddenly burst into a sharp light.

#### [Chapter 4489: Chaos Secret](#)

"Master...I..."

The eternal demon looked terrified, his body began to slowly become illusory, and the breath of life was passing and dissipating.

This passing and dissipating was not because he was severely injured, nor was the essence and origin in his body dying, or even his soul was dissipating.

It comes from the life force in his body, and the life force in his body is slowly passing away.

Deprived of life!

Death is coming!

A pinnacle Heavenly Sovereign who is as strong as the Eternal Demon King can't resist either.

Even the Lord of the Abyssal Demon had some impact on his body, and the life force was slowly dissipating, but the Lord of the Abyss was much stronger than the Eternal Demon King, so it didn't feel obvious.

However, when he stayed a little longer, he immediately felt the change.

"The power of death."

A cold light flashed across Qin Chen's pupils.

At this moment, he finally understood what another breath that familiar to him was in this magic source formation. It was nothing else, it was the power of Death Avenue.

Moreover, the power of the Death Avenue is extremely pure, and it can directly deprive the eternal demon of the power of life in the body of the peak heavenly master like the eternal demon, and pull him into death, which shows its power.

However, in this great formation of the Demon Realm, why does the power of the death road exist?

Could it be that the underworld and this demon world are united?

Qin Chen's eyes were gloomy.

The last time Qin Chen saw such pure power of death, it was when he was in the Styx River in the Death Canyon of the Tianwu Continent. The Styx that Qin Chen saw led to the endless depths of the Netherworld. After the Styx was rumored to be, This is where the underworld is.

However, the Styx at the time was only at the level of the Holy Master, much weaker than the power of the Death Avenue in front of him.

The power of the Death Avenue flowing in front of him can deprive even the eternal demon king of the life of a pinnacle Heavenly Venerable powerhouse, which shows its power.

"boom!"

Qin Chen raised his hand, and the road of death suddenly surging from his body, covering the Eternal Demon in an instant.

Unfortunately, Qin Chen on the Avenue of Death would also do it.

Hum!

I saw that the life force of the Eternal Demon King's original body was gradually disappearing, and was instantly pulled back by Qin Chen, and the illusory body of the Eternal Demon King became solid again, panting heavily, and there was a look of horror in his expression.

At that moment, he even had a feeling of dying, as if he had seen death come.

"You go out first, monitor the big formation, don't let this seat be disturbed by others."

Qin Chen narrowed his eyes and said.

Although the strength of the Eternal Demon King was very strong, it didn't help to stay here, so Qin Chen directly let him leave here.

"Yes, master."

The eternal demon immediately shook his figure, left along the entrance, and returned to the outside of the big formation.

"Mo Ye, do you have a union between the Demon Race and the Underworld?" Qin Chen asked in a deep voice.

He now faintly understands why the eternal devil said that those demon kings will be reborn after their fall. There is such a strong death air here, so what about the dark pool? It must be stronger.

Rumor has it that the underworld is an extremely mysterious realm.

Unlike the human heaven, the demon world, the demon world, etc., the underworld is extremely transcendent in the universe.

No one knows where the underworld is?

It's not like the Devildom, it's a fixed geographic location.

The underworld is everywhere, no one knows his specific location, just like a long river of years.

Moreover, there is a rumor in the universe that after the death of all strong men, their souls will enter the underworld and reincarnate in the six reincarnations. No matter which race of the ten thousand races, it cannot be avoided.

Just like all the people on the lower planes will eventually ascend to the heavens, all the strong in this universe will also enter the underworld after they fall.

This is an extremely mysterious place and force.

Although it is just a rumor, it is groundless and there are reasons for it. Since all races in the universe have this rumor, it is very likely that this rumor is true.

It's just that the underworld has never participated in the struggle of ten thousand races in the universe for hundreds of millions of years.

This has also led to many strong people who even suspected the existence of the underworld.

But when Qin Chen was on the Tianwu Continent, he had seen the location of the Styx with his own eyes, had also seen the guardian of the underworld, and knew that the underworld did exist.

So now, after feeling the breath of Death Avenue here, Qin Chen's heart is instantly shocked. Could it be that the underworld, which has been rumored to be extremely mysterious, has actually united with the devil world?

Qin Chen's face instantly became extremely ugly.

If so, it would be troublesome.

The underworld is definitely an extremely terrifying place.

The Lord of Abyss Demon shook his head, his face also solemn: "Master, before the subordinates left, I have never heard of any connection between the Underworld and my Demon World."

"Ok?"

Qin Chen frowned.

are not there?

Could it be that the Demon Realm and the Underworld became connected after the Lord of Abyss Demon left?

"Kid Qin Chen...The Underworld is a very special place."

at this time.....

Hong Huang Zulong suddenly said in a deep voice.

"Honghuang Ancestral Dragon, have you heard of this underworld?"

Qin Chen looked over immediately and said again.

He suddenly reacted that the primordial ancestor dragon was an ancient top powerhouse, a chaotic creature, and perhaps knew some news about the underworld.

"Of course I've heard of it." Honghuang Zulong looked solemn, "This force is terrifying."

"Ok?"

Qin Chen was frightened, showing horror, even the prehistoric Ancestral Dragon felt terrible?

Didn't he get it wrong?

The primordial ancestor Long Tian is not afraid, even Xiaoyao Supreme Senior and Demon ancestor dare to disdain, actually say that the underworld is terrible?

This was the first time he heard the word terrible from the other party.

"Do you think that the underworld is a local force in my universe?"

Honghuang Zulong said solemnly.

"Is not it?"

Qin Chen was shocked.

What do you mean?

Isn't the underworld a force in the universe? Just listen to Honghuang Zulong said in a deep voice: "I wait, it is the chaotic creature born in the chaos, and the chaos is the state before the opening of the universe. After the opening of the chaos, the universe was born, and countless creatures appeared, gradually Showing a big world. "

"This era is called the era of chaos. It can be said that all the creatures born in this era can be called the creatures of chaos."

"The era of chaos is an extremely powerful era, and countless gods and demons were born."

"The universe at that time was very wild. Although there were many gods and demons vying for battle, in fact, there was no division of power, no race, and no division of the demon world, the heavenly world, or the demon world."

"However, the underworld has appeared in the universe in the era of chaos."

Honghuang Zulong said solemnly.

"what?"

Qin Chen was shocked, the underworld was born in the Chaos Age?

After becoming a top powerhouse, Qin Chen also has some understanding of the universe, and there is no racial distinction in the Chaos Age.

For example, the monster race may be some chaotic gods and monsters and chaotic creatures gradually multiplying over time, and then transforming into a monster race.

Another example is the True Dragon Clan. The Primordial Ancestral Dragon is actually the ancestor of this True Dragon. The True Dragon clan is the bloodline of the Primordial Ancestral Dragon. The bloodline of the Primordial Ancestral Dragon was gradually born and formed the True Dragon. of.

As for the Blood River Saint Ancestor, it is very likely that the blood races in today's world are the descendants of the Blood River Saint Ancestor.

At least there is blood relationship, which is hard to tell.

But in the Chaos Era, there was an underworld, which surprised Qin Chen and was extremely shocked.

"The old man from Hong Huang is right. The Underworld did appear in the Chaos Age, but at that time, the Underworld did not dare to appear in a high-sounding manner."

At this time, the Blood River Saint Ancestor also said solemnly.

"Why is this?"

Qin Chen looked over.

"Because the underworld looks back now, it is likely to be an external force in the universe."

Honghuang Zulong Road.

Qin Chen's heart was shaken.

Is the underworld an external force in the universe?

"How is this possible?" Qin Chen was incredulous, then frowned: "Isn't it said that the forces in the universe cannot enter the universe?"

For example, the dark race is extremely difficult to invade the universe.

The Dark Clan is a force in the universe. It is rumored that there are strong people who transcend the realm. However, they are suppressed by the origin of the universe and cannot directly enter the universe. Otherwise, it is afraid that the universe would have been unified long ago.

How did the underworld enter the universe?

What's more, according to Qin Chen's understanding, the universe in the ancient times was stronger than it is today, with many chaotic gods and demons, and countless supreme-level powerhouses.

"It is true that the forces in the universe cannot easily enter the universe, but this is not absolute." Honghuang Zulong shook his head: "I once told you that in the age of chaos, our countless creatures of chaos and chaos gods and demons all think. Become detached, leave the universe, and enter the universe, but because the universe is too strong in the era of chaos, we cannot detach at all.

."

"Yes."

Qin Chen nodded.

Honghuang Zulong did say so.

"Then have you ever thought that since I waited for the first batch of chaotic creatures, almost no one can achieve detachment, leave the universe and enter the universe sea, then why, I will know the existence of the universe sea?"

"This....."

Qin Chen was shocked.

Indeed, why is this?

"Because, back then, there were indeed strong people from outside the universe who entered this universe."

"such as....."

Honghuang Ancestral Dragon looked at Qin Chen, his eyes flickering, "The power of judgment in your body, haha, do you think it is the power in this universe?"

"What do you mean?"

Qin Chen frowned and looked at Honghuang Ancestral Dragon, with a startled look in his eyes, "You mean my father is also from outside the Universe Sea, and is a strong man from outside the Universe?"

Thinking of this possibility, Qin Chen's eyes suddenly rounded.

This... won't it?

Father, will he be a strong man in the universe?

Qin Chen couldn't accept it for a while.

"Whether your father is an overseas powerhouse in the universe, my ancestor does not know, but the owner of the ruling \*\*\*\* thunder in the past is indeed the existence of our countless chaotic gods and demons and chaotic creatures, so we all have this doubt. ."

"Later, the emergence of the underworld aggravated this guess."

"The underworld is definitely not a local force in this universe." Honghuang Zulong affirmed: "This is for sure, because as far as I know, in addition to our universe, the rest of the universe and the universe In the power, there is also the existence of the underworld."

[Chapter 4490: Devour the magic source](#)

"Although I have never entered the cosmic sea, I have heard and understood about the cosmic sea. There are rumors that there are many powerful forces in the cosmic sea."

"Among these forces, there are many races, and there may not be demons, demons and other races, but there is one in common, and that is the underworld."

"Almost all the forces in the universe have such a legend that after the death of living beings, they will enter the underworld."

"Of course, some names are not called the underworld, but the underworld, or the ghost world, or purgatory, etc..."

"Although the names are different, the statements are very similar. Therefore, I suspect that the underworld is most likely an overseas force in the universe."

"Of course, this is just a guess. As for whether it is true, the ancestor is not clear."

Honghuang Zulong shook his head.

Qin Chen's eyes flashed, underworld, could it be the forces of the universe?

is it possible?

What made Qin Chen even more shocked was that his father could also be a strong man in the universe?

is this real?

For a time, Qin Chen's heart was full of chaos.

Aside, the Lord of Abyss Demon was also shocked.

Because although he is the descendant of the Abyssal Demon Clan, he still doesn't know the information of the underworld.

"The great ancestor dragon, if the underworld is so strong, wouldn't it be able to unify the universe?"

After a moment of contemplation, Qin Chen frowned again.

If the underworld is such a terrifying force that can control the life and death of the entire universe, wouldn't it be invincible long ago? After all, it is rumored that all the strong will enter the underworld after they fall.

Think about it, how many strong people have fallen for hundreds of millions of years?

Just this universe, I don't know how many powerful people have fallen.

"Hahaha."

Hearing what Qin Chen said, Honghuang Zulong laughed. "The ancestor only said that the underworld may be a force in the universe. As for whether it is a force in the universe, it is hard to say. In addition, the ancestor said that the underworld is terrible, but it does not mean that the underworld is invincible. At least in the ancient chaos era, those top chaos God and Demon Fall

Falling will not resurrect in the underworld. "

"My ancestor has seen that there are chaotic gods and demons who fall behind, and there are strong men in the underworld who try to attract the other's spirits, but they are blocked. The strong ones directly return to the heavens and the earth, and return to the origin of the universe."

"If you think about it, if the underworld is so terrifying, you can directly reincarnate the soul of the strong, why do you need to attract the soul?"

Honghuang Zulong sneered and said: "The purpose of those little cubs in the underworld back then was probably to attract the powerful souls of my chaotic creatures. If the ancestor had guessed correctly, this is also a way for the underworld to strengthen itself."

"possible."

Qin Chen nodded.

He is also the master of the way of death. He knows very well that although the way of death is powerful, it is also controlled by the cosmos's highest source of origin.

"do not care."

At this moment, Qin Chen thought for a while, and finally his eyes flashed. "I now roughly understand the way those strong demon kings can be reborn. The way of death, huh, the strong will fall, and the way of death can condense their souls and resurrect them in the underworld. In other words, the darkness of this supreme source array In the source pool,

There must be a convergence of the Avenue of Death. "Under normal circumstances, the souls of the strong should not be able to resurrect, but the strong demon kings, who have entered the dark source

pool before them, must also be baptized by the air of death, which also leads to death after their fall. The way can be easily

Reconsolidate their spirits. "

"Thinking about it, this should also be the reason why the eternal demon will be so restrained by the air of death after entering this passage, because in addition to the air of darkness, they also have the imprint of the way of death in their bodies."

Qin Chen's eyes flickered.

Although he had never entered the dark source pool, he had already guessed something.

"Master, if what you guess is true, there is indeed a way of death in the dark source pool. In other words, there must be a strong underworld united with my demons. What is their purpose?" Doubted.

"It's very simple."

Qin Chen sneered: "Don't think that the underworld is so lofty, just think of him as a force like my human race or your demon race. The underworld attracts the souls of countless powerful people, and the purpose is to strengthen yourself."

"For example, the cosmic heavenly path, in fact, wished the exalted realm power to fall, so the heavenly path suppressed and ruled suppression, because the venerable is above the ordinary avenue, and will compete with the origin of the universe for the power in this universe." In the same way, the underworld attracts the soul of the strong, and it should be able to strengthen itself, so it will cooperate with the ancestors of the deep demon. It should also be a big supplement

Things. "Look at the death air in this passage. They were not born naturally, but were born after the fall of countless strong men on the Demon Heart Island of the Chaos God Demon Sea. This is an incomparably huge force. This is a kind of extreme for people in the underworld.

Its great power to complement. "

Qin Chen squinted his eyes.

"Master, do you mean that there are strong underworld men, ancestors, and dark forces to cooperate to strengthen yourself?"

The Lord of Abyss Demon said solemnly.

"It's possible, but it's just the handwriting of the entire underworld, or is it just the private behavior of some underworld powerhouses, it's hard to say for the time being."

Qin Chen murmured.

"do not care."

"You enter the chaotic world first."

boom!

Qin Chen raised his hand, and immediately, the Lord of the Abyss was admitted to the Chaos World, because staying here for a long time would have a lot of damage to the Lord of the Abyss.

The previous ones are just speculations, and they are meaningless without knowing the specific circumstances.

The top priority is to improve one's own strength first.

"The breath of death?"

Qin Chen sneered.

Hum!

On his body, there is a faint way of death surging.

Suddenly, when these death breaths approached Qin Chen, that trace of death breath was instantly absorbed by Qin Chen into his body.

Gradually strengthening Qin Chen's great power.

Others are afraid of this road of death, but Qin Chen is not afraid at all, and even this death aura can not bring him harm, but can improve his cultivation.

He came back alive from the edge of death, the man who owned the road of death.

At the same time, Qin Chen urged the Ten Thousand Realm Demon Tree to absorb the origin of the Demon Realm and the dark aura in this formation channel. Suddenly, the Ten Thousand Realm Demon Tree surged, glowing slightly, and its aura slowly became stronger. .

It really worked.

Qin Chen's eyes flashed, revealing the color of surprise.

He has always been distressed by the power that the Ten Thousand Realms Demon Tree needs to absorb. It is not enough to kill all the Demon Lords on the Eternal Demon Island by killing all the Demon Lords. It is not enough for the Ten Thousand Realms Demon Tree to break through to the Supreme Level. .

Unless you enter the dark pool where all the power of the entire Chaos God Demon Sea is gathered.

But the dark pool is the territory of the demon master, and now that Qin Chen also knows the terrifying of this supreme source formation, once he reveals some flaws in the dark pool, the demon master will find it inevitable danger.

Now, since Qin Chen came directly to the outer passage of this magic source array, he was immediately pleasantly surprised.

As long as it is swallowed silently here, the Demon Tree of the Ten Thousand Worlds can be upgraded without disturbing the Demon Lord of the Sea of Gods and Demon.

boom!

Immediately, Qin Chen began to spur the Demon Tree of the Ten Thousand Realms, constantly devouring the power in this passage.

The billowing power surged, visible to the naked eye, and the source of darkness and darkness that were continuously used in this passage were slowly diminishing.

If the original power of the soul in this formation channel is pitch black as ink at the beginning, then this color is slowly fading.

"Ok?"

It consumes so fast.

Qin Chen frowned.

This Ten Thousand Realm Demon Tree needs to absorb too much power to break through. Fortunately, he did not intend to use the method of killing the demon to make it breakthrough, otherwise Qin Chen is afraid that the entire demon of the chaos and demon sea will be killed possible.

"However, it has been absorbing here, and the impact on this channel is too great."

Qin Chen swallowed, flew by, and pondered.

The power in this channel will be continuously instilled into the dark pool. If the demon master has any monitoring facilities in the center of the formation, once the Ten Thousand Worlds Demon Tree swallows too much, it will inevitably cause an abnormality, and it will definitely be The devil noticed.

At that time, if you snooped along the formation channel, you can directly find that there is a problem in the area of the eternal devil.

"It looks like it has to be swallowed and transferred."

As a result, Qin Chen swallowed, while quickly moving forward along the passage. He has already seen that the formation channel of this supreme demon source formation connects the entire bottom of the chaotic gods and demon sea. From here, you can go to the channels of other demon kings. As long as all the power in the eight great demon king channels is swallowed, even if it is magic

The Lord discovered that it would not expose the Eternal Magic Island.

Whoosh!

Qin Chen flew quickly, his figure resembling lightning.

Along the way, countless original powers in the channel were quickly absorbed by him, rumbling, and the magic tree of the ten thousand realms was constantly surging.

After a while, Qin Chen had already arrived at the very depths of the Chaos Gods and Demon Sea.

What appeared in front of Qin Chen's eyes was a vast array of passages intersecting each other. These passages spread in all directions, leading to eight different Demon King Islands.

"This is... the intersection of formations."

Qin Chen showed surprise.

"Good place!"

Hum!

Qin Chen sat cross-legged.

boom! I saw that in the chaotic world, the roots of the Ten Thousand Realm Demon Trees pierced out, and they penetrated directly into the Supreme Demon Source Formation. The roots spread to one channel one after another, and began to swallow the entire chaos gods and demons. All the energy in the sea formation

.

The power of the demon source in the entire chaotic sea of gods and demon crazily poured into the demon tree of the ten thousand worlds, strengthening the power of the demon tree of the ten thousand worlds.

at the same time.

Boom!

In the chaotic world, the Devil Tree of Ten Thousand Realms glowed, and a vast and supreme aura slowly permeated out, shocking the eternity.

"this is....."

In the chaotic world, the Lord of Yuanmo's eyes widened and his expression was excited.

This is obviously that the Ten Thousand Realms Demon Tree is about to break through the Supreme Level.

Not only was the Lord of Abyssal Demon excited, even the Primordial Ancestor Dragon and Blood River Saint Ancestor couldn't help but breathe a cold breath. The shadows of the devil trees of the ten thousand realms were so majestic, and the aura that radiated from them made them all tremble with horror.
