

## Valkyrie 4501

### [Chapter 4501: Dare not be](#)

boom!

The terrible source of demon was quickly swallowed by the magic power, entered into his body, and strengthened his body.

These ordinary demon guards, but the realm of Tianzun, how can they withstand the magic power.

"You still dare to be fierce, surround them, don't let them run away, this demon master wants to see who it is, dare to be wild in my chaotic sea of gods and demons."

The demon master screamed coldly, and a divine rainbow bloomed in his eyes. His body instantly descended, spanning hundreds of millions of miles of void, and quickly flew in, and his big hand was already suppressing this world.

Hum!

The terrible devil energy is horizontal and horizontal, and above the chaotic gods and demon sea, the magic light rises up, sealing off a side of the world, and the entire chaotic gods and demon sea seems to be activated in an instant.

At this moment, above the sea of chaos and demon, the devilish energy is soaring into the sky, where it looks like a sea of magic, but like a sleeping beast, suddenly awakened, and hundreds of millions of murderous intent broke out. The demon lord's heart was full of anger, and it was already murderous, not only because the other party dared to run wild in his chaotic sea, but more importantly, the other side actually did not take the first place after plundering the power of his chaotic sea. Fleeing for a while, but instead

Continue to swallow in the periphery.

This shows what? It shows that the other party hasn't put his chaotic God Mohai in his eyes at all.

This filled his heart with anger.

Dare to underestimate his Chaos God Demon Sea, if he doesn't take the opponent down, how will he be mixed in the Demon Realm in the future.

Under the murderous intent, the demon master roared, and the devilish energy rushed into the sky, quickly swept in.

"Damn it, Master Luohu Demon Ancestor, what the \*\*\*\* is going on?"

Mo Li looked furious.

"My ancestor didn't know where the problem was, but was discovered by this demon lord, \*\*\*\* it, leave here first."

Luohu Mozu's face was also extremely ugly.

He has been very cautious. Before, even tried several times, he was not found. Why was he suddenly found this time?

He also thought about the abnormality of the magic source channel before, and couldn't help but his eyes flashed. Wouldn't he be so unlucky? Is there a problem with this magic source channel itself?

While cursing in his heart, Luohu Demon Ancestor blasted into the sky.

At this time, it is an idiot who stays and must be killed.

Although, he may not be afraid of this demon master, but in this chaotic sea of gods and demon, belonging to the opponent's home court, staying, is afraid it will be more dangerous, only by killing first, will there be a ray of life.

boom! On Luohu Demon Ancestor, the billowing demon energy surged, and a series of weird runes were suddenly released, and quickly blasted on the banned demon energy formation. Suddenly, the formation was quickly torn open a gap. , The originally banned sea

, There was an error immediately.

what?

In the distance, the demon's eyes condensed.

Who on earth is this guy who can break through his big formation so quickly, it seems that he has come prepared.

"Stop the other person for me, and leave this person to this demon master."

The demon master snorted coldly, booming, the towering figure instantly descended to this world, and directly blasted out the demon ancestor Luohu.

He heard a bang, the void exploded, and the billowing demon energy poured out like an ocean, and the big hand of the demon master instantly came to the demon ancestor Luohu.

He had already felt it. Among the three people in front of him, this strange black shadow had the strongest strength, so as soon as he came up, he met this person first. With a bang, Facing such a terrible punch, Demon Ancestor Luohu shouted angrily, and he could only counterattack. Suddenly, Demon Ancestor Luohu was enveloped by a demon armor that seemed to have come out of the ancient world. On top of this armor, a burst of blooming Ancient

The magic talisman, instantly resisted in front of the demon master.

With a bang.

Luohu Demon Ancestor's figure kept retreating, and the runes on his body flashed out, abruptly blocking the punch.

"Huh? Blocked?"

The demon lord's pupils shrank, his eyes narrowed: "Supreme-level powerhouse."

He snorted coldly, except for the supreme-level powerhouse, no one in the world can stop his punch.

It's just that the supreme aura of the person in front of him is very primitive, as if he had come out of ancient times alive, making him frown slightly.

Is there such a strong man in the Demon Realm? The Demon Lord looked indifferent, staring at the Demon Ancestor Luohu, and said sharply: "As the supreme powerhouse, you should know the importance of my chaotic God Demon Sea. This place is established by the Lord Demon Ancestor himself. As the supreme demon clan, How dare to disobey the orders of Lord Demon Ancestor , What should be the crime? "

"If you are obediently arrested and let the owner punish you, the owner may take your first offense and spare your life, otherwise, you can stop blaming the owner for being polite. If you let the owner know your identity, destroy your whole family."

The demon master sternly said.

"Hahaha, it's up to you to destroy the whole family of the ancestor?"

The Demon Ancestor Luohu was angry, and this person said so loudly. When he crossed the universe back then, this kid didn't know where he was.

I dare to say to destroy my whole family.

Not to mention spare one's life?

Luohu Mozu stared at the other's murderous eyes and sneered. This trick could deceive himself.

boom!

The Demon Ancestor Luohu directly soared into the sky, his figure shook, and he wanted to break out of the siege.

"Go back." The demon lord shouted angrily, stimulating the power of the entire chaos Demon Sea. In an instant, countless magic charms flickered and pressed down against the Luohu Demon Ancestor. His eyes were cold and said: "Your Excellency really thinks that the Demon Lord Can't take you down? You stole my chaotic gods and demons again and again

The dark source power of the sea allowed you to escape before. You don't know how to repent, but you are still stealing secretly. If the Lord doesn't take you down today, how will your face remain. "

With a bang, countless magic patterns were directly pressed down, wrapping Luohu Demon Ancestor.

These magic patterns bloomed with terrifying aura, suppressing the demon realm's heavenly path, blocking one side of the world, turning it into a chain, and binding the Rahu Demon Ancestor.

"Let me escape before?" Luohu Demon Ancestor was confused and sneered: "If you want to do it, do it again and again. This is the first time the ancestor has swallowed it for the first time. Hugh took a big hat and buckled it on his head.

As the Demon Ancestor Luohu spoke, Chaos Demon Qi burst into his body. After the power of those magic charms came into contact with the Chaos Demon Qi on his body, they immediately disintegrated and collapsed one after another.

In terms of cultivation, the Demon Ancestor of Luohu, who has not fully recovered his cultivation, is naturally inferior to this demon master, but in terms of the control of the devilish energy, the Demon Ancestor of Luohu, as a chaos god, is no less inferior to anyone.

"What kind of magic energy is this?" The demon master changed color, feeling the chaotic magic energy slightly moving.

The aura on the opponent's body was obviously not as good as his own, but the demon aura he displayed was extremely terrifying. It was only stronger or weaker than his own in terms of quality, and even far superior to himself, which shocked the demon master's heart.

In this demon world, when did such a supreme power appear? I was shocked, but the Demon Lord's expression remained unchanged, and he coldly snorted: "The first time? Huh, not long ago, you guys just swallowed the darkness of my Demon Sea at the intersection of my Chaos God Demon Sea Demon Origin Formation. Chi Zhili, this demon lord is looking for you everywhere, you

We still dare to commit crimes, why, your Excellency is also a supreme powerhouse, dare to do it or not?" The demon master took a step forward, the devilish energy soaring.

#### [Chapter 4502: Chi Yan Realm](#)

"I swallowed the power of the dark pool at the intersection of the big formation not long ago?" Demon Ancestor Luo frowned, why didn't he understand these words?

"It's ridiculous, my ancestor has just taken action before, when did you go to the intersection of your big formation to swallow the power of the dark pool?"

Luohu Demon Ancestor snorted coldly.

He also knew that the intersection of the big formations was the center where the power of the eight great Demon King Islands of the Chaos God Demon Sea gathered. The formations there were much more terrifying than the periphery, and he was not bold enough to go to such a place to swallow it.

Not far away, Mo Li and Chi Yan Demon Lord also frowned.

It didn't take long for me to come to this sea area, when did I go to the intersection of the formations again, and what dark pool power did it consume?

For some reason, at this moment, Mo Li had a faint feeling of uncomfortable feeling in his heart, as if he had been pitted.

"No way?"

Moreover, this feeling was extremely familiar, but it made him unable to figure out the specific situation for a while.

"Hmph, this time, is there still meaning to quibble?" The demon master sneered.

But he also frowned.

Based on the other party's cultivation base, normally there is no need to lie about this kind of thing.

Could it be someone else?

The demon's eyes flashed, then he shook his head.

impossible!

He is a place where ordinary people dare to move. It has been hundreds of millions of years, and there have been almost no accidents. How could there be two accidents at the same time? This is a bit of a coincidence.

Moreover, he had explored carefully before, and there was no one else in that sea area.

Whoosh!

now.

In the distant waters, a powerful Demon clan exuding a terrifying aura rushed over, and the billowing aura of the pinnacle Heavenly Sovereign quickly permeated, behind him with a group of top-level powerhouses.

He is the Black Eye Demon among the Eight Demon Kings!

"Black pupil, you came just right, you came to besiege the remaining two people, as for this person, hand it to me." The demon master coldly scanned the two Mo Li and Chiyen Demon Lord in the distance, too lazy to talk nonsense. , Boom, the chaotic gods, demon seas and seas below, rolled directly, and quickly gathered on him, forming an incomparably majestic demon giant, fighting with Luohu Demon Ancestor

Together.

boom!

The billowing supreme power surged, instantly covering the heavens.

boom!

The terrible impact swept out, stunned the heavens, and shook the countless demon masters around them one after another.

"Let the demon master deal with this person, we surround the other two."

Whoosh whoosh!

The many other powerful demon clan experts saw that the demon lord was dealing with the demon ancestor Luohu, and quickly surrounded Xiang Moli and the Chiyen Demon Lord.

"dead!"

There is a late-stage Tianzun powerhouse who besieged and killed Xiang Moli, one of the demon guard leaders. A magic ax appeared in his hand, the magic axe pierced the sky, and the magic axe fell down with a single axe.

"You are the one looking for death."

Magic light bloomed in the magical eyes, and the figure rose into the sky. Now that I can't leave, let's kill the ring. At this point in my mind, the magic li punched the strong demon guard directly. Suddenly, the fist erupted with terrible murderous intent and slammed the demon guard directly. Vomiting blood, the body quickly cracked, blood

The fog is permeated.

what?

Around, the other demon guards opened their eyes.

The demon guard commanded the lord, and was blasted back with one punch.

"boom!"

Demon Li, like the same \*\*\*\* and demon, flew out, and hit the demon guard commander again with a punch, and with a bang, the demon guard commander was torn apart on the spot, bleeding into the sky.

The blood was permeating, and a terrible whirlpool of magic energy appeared on Mo Li's body, which immediately swallowed all the essence and power in the body of that magic guard.

The aura on his body faintly improved again.

"Since you can't absorb the power of the magic source here, then it will devour you."

The eyes were terrifying, and the expression was cold.

In order to improve his strength, he can do everything. If these guys dare to stop him, then he will die.

At the same time that Mo Li shot, on the other side, Chiyan Demon Lord also shot.

"Red Flame Realm!" I saw the billowing demon fire, which quickly swept out from the body of Chi Yan Demon Lord, and instantly swept the entire world, surrounding many demon guards, some of which were weaker. Can't resist at all, one by one backed off in anger, trying to extinguish

The magic fire on his body.

However, at the same time they resisted the demon fire, Mo Li had already killed it, puff puff puff, and quickly beheaded a famous demon guard, swallowing and absorbing their power, like a demon god.

"Death!" At this moment, an angry roar sounded. It was the Black Eyed Demon King who had killed him. Boom, as the Demon King under the demon Lord, this Black Eyed Demon King had reached the peak of his cultivation, and had already reached the peak of Heavenly Sovereign. Realm, at this moment, be fierce to the magic, directly

It was a punch.

With a bang, the fist shook the sky, and the billowing magic fire was exploded in an instant between the Black Eyed Demon King's shots, splitting apart, the Chiyan Demon snorted, his body receded, and his eyes were shocked.

Devil-level powerhouse, really terrifying.

"Dare to hurt the Chi Yan of this seat, you are looking for death!"

When Mo Li saw Chi Yan's injury, his expression became more frightened, and his figure shook, like an electric flint, rushing towards the Black Eyed Demon King.

"You are the one who is looking for death. In my sea of chaos, gods and demons, no matter who your Excellency is, you can't escape death today."

The black pupil demon king has a majestic voice, stepping out, bringing many demon monarchs under his command, and instantly colliding with the magic.

Boom!

In an instant, there was a roar between the heavens and the earth, and the entire chaos and demon sea completely boiled, as if the end is coming.

"Kid Qin Chen, is the Demon Ancestor of Luohu."

In the distance, under the land of the Chaos Gods and Demons, the Primordial Ancestor Dragon and the Saint Ancestor of the Blood River felt the two terrifying magic powers above the sky at this moment, and they couldn't help being shocked.

Although the black demon shadow concealed his aura very well, they were both chaotic gods and demon. The Primordial Ancestor Dragon and the Holy Ancestor of the Blood River were too familiar with the chaotic aura on the Demon Ancestor Rahu, and instantly recognized Demon Rahu. Ancestor.

"Magic?"

At this moment, Qin Chen was also dumbfounded, a little unbelievable.

His face was stunned.

This, seeing that they were about to be exposed before, it was unexpected that at the last moment, Mo Li attracted the Demon Lord away.

This made Qin Chen look dull.

I have to say that this magical Li is really his lucky star, it seems that every time there is a magical Li, he can always take advantage of it.

How vast is the devil world?

Although Moli and the others were also members of the Demon Realm, it was a coincidence that they actually attracted away the Demon Lord of the Chaos God Demon Sea at their most critical juncture.

This had to make Qin Chen sigh, this Mo Li is really a good person.

"Master, what shall we do now?" The Lord of Abyss Demon asked in a deep voice.

Qin Chen narrowed his eyes.

If someone else attracted the Demon Lord away, Qin Chen might still be worried about fraud, but Qin Chen couldn't be more familiar with Demon Li, this person was so proud and disdainful to do such things.

At this moment, Qin Chen's eyes flickered as he watched Mo Li and the others fighting in a ball in the distance. I have to say that Moli is one of the most talented geniuses he has ever seen. When he was in Tianwu Continent, he had been against himself. Later he ascended to the heaven realm. With his own efforts, he gained opportunities step by step, although he experienced every time. Even Qin Chen was shocked by countless hardships, but the speed of growth was so fast.

### [Chapter 4503: Possibility of token](#)

Recalling that at the beginning of the Vientiane God Cang, the magic power was no more than the realm of the earthly respect. In such a short period of time, this kid had broken through to the realm of the peak heavenly respect. This speed was simply much faster than that of Ji Wuxue and the others.

He is indeed a ruthless person.

"the host."

Seeing that Qin Chen did not speak, the Lord of Yuanmo hurriedly asked again.

Now is a good opportunity to leave. The outside world is shaking up and down, and the fluctuations are huge. They can leave easily without being noticed at all.

But if the battle is over and everything is calm, Qin Chen and the others will leave again, it will inevitably not attract the attention of the demon lord. Hong Huang Zulong also smiled and licked his tongue, "Kid Qin Chen, since the Demon Ancestor Luohu has broken us, let's leave here, hehe, I don't think Demon Ancestor Luohu is here. It's not bad, then the devil should It's Ba Luo

The Demon Ancestor Hu is now us, hehehe. "

"My lord, Luohu Demon Ancestor's cultivation base shouldn't be fully recovered, and it may not be able to withstand that Demon Lord. I should hurry and leave." Blood River Saint Ancestor also said.

The Blood River Saint Ancestor was depressed, both of whom were the Chaos Gods and Demons, both the Primordial Ancestor Dragon and Luohu Demon Ancestor had restored the supreme realm. He alone was only half a step supreme. Thinking about it, they were a bit wronged and depressed.

Aggrieved.

"Go? Is it time to go?"

After a long silence, Qin Chen suddenly smiled.

"Wow!"

He instantly left the chaotic world, raised his hand to put the chaotic world into his body, and then quietly swept towards the deeper part of the Chaos God and Demon Sea.

"Kid Qin Chen, you are in the wrong direction." Upon seeing this, Honghuang Zulong said without a word: "You are now going to a more core place in the Chaos God Demon Sea. The Eternal Demon King is in the opposite direction."

This kid, won't you be scared to get confused about the north, south, east, and north sides, right?

But Qin Chen smiled coldly, "Who said I am going back to the Eternal Magic Island?"

"It won't be Eternal Magic Island, then where to go?" Honghuang Zulong was startled.

On the side, the Lord of the Abyss widened his eyes, "Master, shouldn't you be..." "Yes." Qin Chen smiled slightly, seeming to know the thoughts in the Lord of the Abyss, and immediately sneered: "This The dark pool of Chaos God Demon Sea is extremely secretive and dangerous. Normally, the Demon Lord will inevitably sit in the town himself. Moreover, it caused the incident just now, no

Regardless of whether the Luohu Demon Ancestor and the others can leave safely, the Demon Lord must not be careless. The next time I want to sneak into it, the difficulty is at least ten times greater than it is now. "

"Even, even if it takes the opportunity of following the Eternal Demon King and them to enter the Dark Pool, after today's incident, the Demon Lord is afraid that he will check carefully and be cautious."

"Only now..." Qin Chen's pupils burst out with a cold light: "The demon master is focusing all his power on the demon ancestor Luohu and the others. If he can take this opportunity to enter the dark pool and directly devour it. Power, the Devil Tree of the Ten Thousand Worlds and you are very likely to break

Breaking the supreme realm, by then, walking in this demon world, this seat will have another layer of protection. "

"So, now is the best opportunity."

While talking, Qin Chen flew quickly towards the dark place.

"This....."

Hearing Qin Chen's words, the Lord of the Abyss was stunned.

The eyes of the Honghuang Ancestor's dragon were also rounded.

This kid is crazy, right?

Taking advantage of the opportunity of the Demon Lord and Luohu Demon Ancestor to fight, directly rush into the opponent's home and take away the opponent's treasures, what a... robber behavior.

Although dangerous, just thinking about it makes people feel excited.

"Hahaha, kid Qin Chen, I support you."

Honghuang Zulong said excitedly.

Qin Chen did not speak, but was in the shape of electricity.

fast!

fast!

fast!

He must hurry up. No one knows when the battle will end. He must complete the devouring of the dark pool before the battle is over. Otherwise, he will invite the king into the urn and the sheep into the tiger's mouth.

I have to say that Qin Chen is extremely bold, and under this circumstance, he has made such a decision.

Because Qin Chen understood that this would be his last opportunity, and if he missed this time, it would be extremely difficult for him to enter the dark pool again, and no matter what opportunity he took to enter it, he would have a great possibility of exposure.

Qin Chen urged the power of space to the extreme, his figure transformed into lightning, and in a moment, he had arrived at the core Demon Island where the Chaos God Demon Sea was located.

At this moment, on the Demon Island, many strong demon guards have chased and killed Demon Li and others, leaving only the demon guards who had not reached one-third of them.

These demon guards all focused their attention on the battle between the Demon Lord of the Far Sky and the Demon Ancestor Luohu. They didn't pay attention to a figure at all, and they had quietly sneaked into their core place.

"Here is the Dark Pool?"

From the Eternal Demon King, Qin Chen had already obtained a lot of information about the dark pool, and at this moment, he entered the periphery of the dark pool.

Hum!

At the periphery of the dark pool, a series of formations surged, blooming with a terrifying aura.

It is the Supreme Demon Formation.

Qin Chen squeezed his hand, and powers poured into the formation in an instant. The Supreme Demon Origin Array instantly rippled with ripples, and then, a gap slowly bloomed out.

If the demon master was not outside, but guarded in this dark pool, Qin Chen urged the dark pool in this way, it would surely alarm the demon master.

But now, the demon lord is fighting against Luohu Demon Ancestor, under the agitation of the supreme-level power, it is impossible to detect the subtle changes in the large formation of the dark pool in the distance.

The gap opened, and a strong dark aura suddenly diffused, and the only aura that escaped made the Lord of the Ten Thousand Realms Demon Tree and the Abyssal Demon eager to move.

"go!"

At the next moment, Qin Chen's figure shook, and he already entered it.

As soon as he entered the formation, Qin Chen saw a vast dark pool, where the terrifying dark aura agitated, which was more than ten times stronger than the place where the formation met?

"who!"

As soon as Qin Chen entered here, there was a cold shout in the surrounding area, and several demon guards rushed over.

boom!

These demon guards exuded a terrifying aura of heavenly venerables, and they turned out to be several late-stage heavenly venerables.

Qin Chen's face suddenly changed slightly.

There are still people in this dark pool?

But think about it, the dark pool is extremely important. Naturally, it is impossible for all the demon guards to be taken away, and the strong will inevitably stay guarded.

"This seat is sent by Lord Demon Lord to inspect this place. Now Lord Lord Demon is facing the enemy outside, you must guard the dark pool with extreme caution."

Qin Chen said coldly, exuding a dark aura, and slowly moved forward and said coldly.

"Master Demon Lord sent to inspect? Is there a token?"

Several demon guards frowned, the leading demon guard looked alert, and said coldly, the terrifying late-stage Heavenly Venerable aura instantly diffused from him and enveloped Qin Chen.

Because Qin Chen also exudes a dark aura, but his voice makes him feel extremely strange.

"Naturally!"

Qin Chen smiled slightly, and suddenly punched out.

puff! The leading demon guard was instantly exploded with a punch and turned into powder.

#### [Chapter 4504: Devouring the Dark Pool](#)

Qin Chen directly blasted the leading demon guard with a fist, releasing his terrifying power without concealment.

Boom!

At the same time, a terrifying force quickly spread out, sealing the entire void.

"You... are not the one of my chaotic God and Demon Sea."

Seeing Qin Chen blasting the leader of the demon guard with a punch, the other demon guards on the scene all showed shocked faces, and all of them screamed and raised their weapons one after another, slashing towards Qin Chen frantically.

At the same time, they took out the transmission tokens one after another, wanting to transmit to the demon lord.

"Quickly send the message to Lord Demon, someone broke into the dark pool."

"Damn, this person dared to attack the Demon Island of Chaos God while Lord Demon was away, and he must be stopped."

"Magic source array, open it!"

Boom!

Several demon guards, not afraid of death, roared together, shaking the sky, a series of terrible streamer attacks, and quickly came to Qin Chen.

Although Qin Chen's strength made them feel palpitations, as long as they pass the news and attract Lord Demon, they will be able to kill this person. Once they retreat and fall into the dark pool, once they are known by Lord Demon Lord, it will be difficult for them. Run away to death.

Therefore, even if they were aware of danger, they did not retreat in the slightest.

"Time rules."

Hum!

But at the moment they took action, Qin Chen's eyes flashed, and the time rule suddenly appeared. In an instant, the flow of time between heaven and earth stagnated quickly, and everyone's movements stopped here.

"The Devil Tree of Ten Thousand Realms, swallow it!"

boom! The tentacles of the Ten Thousand Worlds Demon Tree quickly protruded, crashing, the demon branches and leaves are like spirit snakes, and they immediately entangled these demon guards, and the eyes of these demon guards showed a frightening color. With a puff, even to the demon master's machine

If there was no meeting, it was completely swallowed by the Demon Tree of the Ten Thousand Realms, turning into powder and nothingness.

Killing these demon guards with one move, Qin Chen entered this dark pool without staying in his figure.

boom!

As soon as he entered this dark pool, a terrifying force of darkness and the power of the magic source swept over, rushing into Qin Chen's body like a wild ocean.

What a strong magic source power.

Qin Chen sucked in air-conditioning.

This vast ocean of power poured out, even if it was stronger than him, there was a feeling of heart palpitations, and the physical body seemed to be burst.

This made him extremely shocked.

What kind of dark magic is this, with his cultivation base, he can't bear it?

It should be known that with Qin Chen's current strength, even some ordinary supreme can't easily hurt him seriously, but the power of this dark pool makes Qin Chen a little unbearable, which can be seen as terrifying.

"The Blood of the Dark King."

boom! In Qin Chen's body, the power of the Dark King's blood quickly diffused out, directly suppressing the dark aura here. At the same time, the power of the Dark King's blood swallowed the dark aura here, and Qin Chen even vaguely felt that the cultivation level in his body was actually slow

Slowly improve.

Opportunity, great opportunity!

Qin Chen was extremely excited.

Such a strong dark air and demon source power, this is definitely a great opportunity, and even an ordinary demon race can step into the supreme realm in one fell swoop.

"Where is my clone? What a pity."

Qin Chen sighed. It would be fine if Qin Mo was here. With the richness of the dark pool, I was afraid that his clone could directly enter the Supreme Realm. Unfortunately, after entering the Heaven Realm, Qin Chen felt it many times, and there was only one in the dark. Kind of weak induction,

It can be seen that Qin Mo must have entered a special secret realm.

Otherwise, it would have been sensed long ago.

However, Qin Mo is not here, it does not mean that the power of this dark pool is wasted.

"The Devil Tree of Ten Thousand Realms!"

boom!

In the chaotic world, the Devil Tree of Ten Thousand Worlds skyrocketed directly, and its roots quickly penetrated into this dark pool, and began to swallow the power in this dark pool.

I saw the dazzling dark light shining above the Ten Thousand Realms Demon Tree, and the billowing devil energy surged, and the Ten Thousand Realms Demon Tree, which had been stagnant in the half-step supreme realm, rose again crazily.

A supreme breath quickly diffused from the Devil Tree of the Ten Thousand Realms.

"Great!"

Qin Chen was excited, and if he could completely swallow the power in this dark pool, the Ten Thousand Realms Demon Tree stepped into the supreme realm, and would be stable.

"Magic Ye."

Qin Chen gave a low voice.

"the host."

The Lord of Yuanmo shook his body and suddenly appeared in front of Qin Chen, saluting Qin Chen respectfully.

"You stay here to guard the Devil Tree of the Ten Thousand Realms, and at the same time, swallow the power in this dark pool, and let your strength break through to the Supreme Realm as soon as possible. Remember, don't come to see me if you don't break through to the Supreme."

Qin Chen said coldly.

Although there is no one in the dark pool now, Qin Chen knows very well that this supreme demon source array is under the control of the demon master, and once the changes in the dark pool are too great, the demon master will definitely feel it.

In other words, they don't actually have much time.

Must hurry up.

"Yes, master."

The Lord of Abyss Demon said respectfully, his figure shook, and he suddenly hovered above the Demon Tree of Ten Thousand Realms. Not only the Lord of Abyss Demon, but the souls of Lord of All Souls and Lord Skyfire also appeared directly, and began to devour the dark pool in a frenzy. power.

boom!

The entire dark pool quickly boiled, and the rolling power poured into the bodies of several powerful men, quickly improving their strength.

In just a moment, a supreme breath was faintly released from the body of the Lord of the Abyss. The Lord of Abyss Demon was a powerhouse of the peak Heavenly Sovereign level before the Lower Realm, and was suppressed in the Tianwu Continent for countless thousands of years. Under the bombardment of the Thunder Sea of Thunder, although his cultivation level has not been improved, his soul will and the Dao Dao. But

There was a terrible improvement.

It can be said that the Lord of Abyss Demon is only stronger than some supreme powerhouses in realm perception.

How hard was it to be suppressed in the sea of thunder for hundreds of millions of years?

For the Mozu, although this is a painful experience, it is also the most powerful training.

And as the Lord of Abyss Demon was released by Qin Chen, his power was infinitely close to the supreme level.

It just lacks the original strength.

The power of breaking through the source of the supreme level is too great, even the Xiaoyao supreme has spent hundreds of millions of years, relying on the help of repairing the heavens and the source of the heavens, to break through the supreme.

If the Lord of Abyss Demon didn't have any special adventures, it would take at least tens of thousands of years to cultivate on his own, even with the help of the Demon Tree of the Ten Thousand Realms.

But the power of this dark pool can save him thousands of years of hard work.

boom!

The billowing power crazily poured into the body of the Lord of the Abyss, and the Lord of the Abyss greedily swallowed, his power continued to increase, and the supreme aura continued to permeate.

"Not bad."

Qin Chen smiled.

If this continues, the Lord of the Ten Thousand Realms Demon Tree and the Abyss Demon will be able to break through the supreme realm this time. By then, he will have two more supreme-level powerhouses under his command, and the safety factor in the demon world will be greatly improved.

#### [Chapter 4505: Come back from the dead](#)

"My lord, what about me?"

Seeing that Qin Chen had given the Lord of Abyss Demon a chance to absorb, the Blood River Saint Ancestor in the Chaos World suddenly became anxious.

If this continues, the Lord of Abyss Demon will become supreme, it is only half a step supreme, this...too pitiful.

"you?"

Qin Chen looked at the Saint Ancestor of the Blood River suspiciously, "You are not a member of the Demon Race, can the power of this dark pool also improve you?"

"Of course." The Blood River Saint Ancestor hurriedly said: "Although there is a dark aura and the power of the demon source in this dark pool, the so-called power of the demon source actually contains the origin, soul, avenue, and power of the demon clan. , Although these forces are perfectly integrated, the average person

It can't be decomposed at all. But my subordinate is the Holy Ancestor of the Blood River, the Chaos God and Demon, and I can easily decompose the power of essence and blood in it to strengthen myself. "

Qin Chen looked at Saint Ancestor of Blood River in astonishment.

This... also works?

"Then you come out too."

Qin Chen thought for a while and said.

"Yes!"

boom!

In an instant, a blood-colored ocean suddenly appeared from the chaotic world, and the river of blood rolled and merged with the dark pool, frantically continuing the power of the blood in the dark pool.

"Kid Qin Chen, there is still me."

Honghuang Zulong was also anxious.

Everyone went out to play, it would be boring to leave it alone.

"You..." Qin Chen frowned and looked at Honghuang Ancestral Dragon: "You just stay in the chaotic world. You are the pinnacle supreme, not to mention the demon clan. Once it appears, the demon world will inevitably oscillate. It's not this chaotic god, demon and sea demon lord who came here.

It's the ancestor of the deep demon. "

"I..." Honghuang Zulong was depressed.

"Well, you guys speed up, I'll take a deep look."

Qin Chen gave a low yell, boomed, and shook his figure as he swept straight towards the depths of the dark pool.

For some reason, Qin Chen always felt that the depths of this dark pool were a bit weird.

As Qin Chen continued to deepen, the power in this dark pool became more and more terrifying. I don't know how long it took before Qin Chen swept across a space barrier and suddenly appeared in a new space.

In this space, there is a dark magic pond.

However, in this magic pond, in addition to the billowing dark aura, there was also a strong death aura.

Billowing death rushes to the sky.

He was about to invade Qin Chen's body instantly.

"Huh, swallow!"

Qin Chen's eyes flashed, and the road of death revolved, absorbing all the death energy.

"Here...is it the source of darkness that the Eternal Demon King said?"

Feeling the terrible death aura in this magic pond, Qin Chen couldn't help but condensed slightly.

A strong warning sign emerged in his heart.

And at this moment...

"Whoever dares to break into this place."

"Audacious, dare to break into the pool of origin."

"What kind of person is your excellency, so bold."

Boom boom boom!

Several powerful auras were born here, and quickly rose to the sky from the dark source pool.

These are several Demon Race powerhouses, all of them have extremely terrifying auras, their bodies glow, and they are all powerhouses of the pinnacle Tianzun level.

These powerhouses exuded the terrifying aura of the pinnacle Heavenly Sovereign, their figures were illusory, and they were obviously just soul bodies, glaring at Qin Chen.

Qin Chen's eyes narrowed.

These should be the resurgent Demon powerhouses that the Eternal Demon King said. But Qin Chen felt that the soul aura on these guys was not perfect. He said that they were resurrected from the dead. In fact, all their souls are incomplete. They can't survive by staying in this dark source pool to nourish them. It's just a temporary storage. of

status.

Over time, their souls will also merge into this dark source pool and become the nourishment in this dark source pool.

In other words, it is not the dark source pool that nourishes their souls and resurrects them, but the power of their souls is nourishing and growing this dark source pool.

These guys were simply deceived by the demon master.

However, even though their soul aura is not perfect, Qin Chen still has a strong curiosity in his heart.

If what the Eternal Demon King said is true, then these guys should have fallen with their souls scattered. In that case, the soul can actually be reborn in this dark source pool, which makes Qin Chen's heart full of curiosity. .

Whoosh!

Qin Chen immediately swept toward the deeper depths of this dark source pool.

"Boy, we are talking to you."

The expressions of these few peak Tianzun Demon Race powerhouses sank.

Whoosh!

Several people quickly surrounded Qin Chen, grabbing and photographing Qin Chen directly with their big hands.

"court death."

Qin Chen was too lazy to talk nonsense with them, his mind was surging, just about to kill these guys, suddenly, sensing the slightly hot body rust sword in the chaotic world, his heart suddenly moved.

Huh, the mysterious Rust Sword suddenly appeared in his hand, directly slashing away at these peak Demon Race powerhouses.

puff!

The mysterious rust sword slashed directly on the eyebrows of one of the peak celestial beings, and a terrible swallowing force swept out of the mysterious rust sword, and instantly swallowed the peak celestial being completely, absorbed into the body of the sword. in.

"you....."

The remaining few Demon Clan Peak Heavenly Sovereigns looked at Qin Chen with a look of horror in their eyes, turning around to flee here.

They were terrified in their hearts, God, how could this kid be so terrible in front of them, he even beheaded one of them with a single sword.

"Want to go?"

Qin Chen chuckled, he obviously felt that after devouring the incomplete soul of this peak Heavenly Venerate powerhouse, the aura on the mysterious rust sword slightly improved.

After all, he is the pinnacle Tianzun powerhouse, even if it is the mysterious Rust Sword, it is of great benefit.

Upon seeing this, Qin Chen expressed a lot of excitement. The strength of the Sword Demon Senior in the mysterious Rust Sword, Qin Chen couldn't be clearer, it was an existence comparable to the Heavenly Sword Pavilion Sword Ancestor, and it was at least a pinnacle supreme level. can.

If the sword demon can recover its strength, it will be a big help on his side by then.

boom!

Qin Chen's figure flew over and quickly slashed over with a sword. He heard a puff sound. A powerful demon clan of the pinnacle Tianzun level showed a look of horror. He was swallowed by the mysterious rust sword and turned into nothingness.

The mysterious rust sword glowed, exuding an icy breath.

After that, Qin Chen continued to walk forward.

"Whoever dares to break into this place."

After advancing for a long time, there were a few more angry shouts, and Qin Chen saw that a few more powerful demon clan experts of the peak Heavenly Sovereign level appeared, and they were also soul bodies, but their soul bodies were obviously much weaker.

Qin Chen swung his sword, and the souls of these few demon peak heavenly masters were instantly swallowed by the mysterious rust sword.

However, Qin Chen frowned deeply. Because, so far, he has killed eight or nine peak celestials, a small chaotic \*\*\*\* Mohai, actually resurrected so many peak celestials?

## [Chapter 4506: Cycle of Life and Death](#)

This is very strange. The curiosity in Qin Chen's heart has not yet fallen. Suddenly, a few soul auras have risen in the dark origin pool, but this time, the soul aura is weaker and hazy, wandering in the depths of this dark origin pool, can only At this

Wandering within the film, unable to enter the outer area.

It seems that these souls have not yet awakened consciousness.

It is also the top Tianzun powerhouse of the Demon Race.

Qin Chen sucked in air-conditioning, this amount was a little astonishing.

Qin Chen stepped forward, and without a word, he shot directly and swallowed these crippled souls directly.

These mutilated souls are muddled and unconscious, like walking corpses, without awakening consciousness at all, and are being swallowed up by the Dark Origin Pool a little bit.

What exactly are the demons doing?

Qin Chen frowned.

Here, it's a bit weird.

Originally, Qin Chen thought that the dark pool of the Chaos God Demon Sea was used to absorb power and cultivate more powerful demon clan experts, but at this moment, Qin Chen was suspicious again.

Because it was so different here, it was a bit weird, which made Qin Chen's heart palpitations.

boom!

Qin Chen continued to move forward.

The deeper Qin Chen felt, the more terrifying the death air in this dark source pool.

Moreover, there are more broken souls of strong men appearing, but the deeper the depth, the more muddled the souls of these strong men, it's just that the nourishment of this dark source pool is average.

Only the outermost souls are truly conscious, but they cannot really be resurrected. Moreover, this dark source pool is divided into multiple areas. The souls in the outer area cannot enter the inner area at all, because the strong breath of death here can instantly obliterate them, which also caused the external demon powerhouses to think

I will really be resurrected.

Including the eternal demon, what he saw was only the outermost scene.

If they can go deeper, they will understand that the so-called resurrection is nothing more than adding nourishment to this dark source pool.

They were all kept in the dark.

Qin Chen urged the mysterious rust sword, constantly devouring the power of the soul in the dark source pool, buzzing, the mysterious rust sword glowed, exuding a terrifying aura, and got a huge improvement.

And as Qin Chen deepened, Qin Chen soon came to the deepest part of this dark source pool.

When he got here, the death aura was even so strong that he felt the slightest palpitations.

Moze, what are they doing here?

boom!

When the powerful death air struck, Qin Chen snorted coldly, and the Death Avenue drove to the extreme. He vaguely saw that there seemed to be something vaguely in the depths of this dark source pool.

what is that?

Qin Chen was startled.

He slowly approached, looking at it with his eyes wide open.

Suddenly, Qin Chen's eyes widened.

I saw that at the end of the darkness, there was a strange space, and in the space was a piece of deadly underworld.

This underworld, suspended at the end of this dark source pool, is ancient and huge, exuding a terrible breath of death, and releasing a strong beam of energy.

And what shocked Qin Chen even more was a yin and yang whirlpool above this underworld.

The dead earth, the yin and yang whirlpool, instantly formed a sharp contrast.

The pitch-black space is vast and vast, and the earth is lifeless and silent, like a desolate Gobi Desert, with no fingers in sight in other areas.

Only the sky above, like a place where yin and yang meet, the yin and yang whirlpool bursts with terrible light, and in it, there seems to be the mystery of life and death surging.

Qin Chen wondered, what exactly is this place?

He did not approach rashly, but carefully observed from a distance. Just looking from a distance, Qin Chen felt a strong heart palpitations, as if it was a place of death, as long as he stepped in, he would fall instantly.

Could it be that that is the gateway to the underworld?

Qin Chen frowned. However, compared to the Bone River that I had seen in Death Canyon at the beginning, it is not the same. Although both have the aura of death, in this yin and yang whirlpool, there is not only the aura of death, but also a strong breath of life. , The cycle of life and death

In addition, a strong dark breath was also released.

The combination of the three powers gave Qin Chen a strong sense of violation.

"Kid Qin Chen, this place is weird, be careful."

At this time, Honghuang Zulong was also alarmed, showing a shocked face, and said in a deep voice.

His face is rarely serious.

Qin Chen didn't say a word, he naturally knew the danger, but he still urged Death Avenue, weakened the terrifying aura that was oppressing him, and slowly approached.

Then, he saw some scenes on the underworld.

Suddenly inhaled cold air, his pupils contracted.

What did he see?

I saw that on the underworld, there was scarlet everywhere, countless corpses, and broken limbs everywhere on the ground.

So many creatures died? !

These are the corpses of the Demon Race, but they all come from various races of the Demon Race, with huge bones, like a mountain-like Bone Demon Race.

There are winged demons with black wings on their backs that cover the earth.

There are also holy demons who have stood upright after the fall, and the black light is surging, like a holy demon.

There are also many corpses of powerful demons that Qin Chen has never heard of.

These days, all piled on this underworld, blood flowed into rivers.

what happened?

Why are there so many demon corpses here?

Qin Chen was shocked. Some of these corpses were fresh, and it seemed that they hadn't been long since they died. Some of them looked like they were left over hundreds of millions of years ago, but they still didn't rot, they were bleeding, and they still had lustrous corpses. countless.

How did these corpses get here?

Qin Chen was shocked.

suddenly.

Wow!

This yin and yang whirlpool was constantly surging, and from the yin and yang whirlpool, one after another huge corpses unexpectedly fell. These corpses were actually some powerful demon guards of the chaotic gods and demon sea.

"It's the strong demon clan who is fighting against the Demon Ancestor Luohu in the sea of chaos and demon."

Qin Chen seemed to have thought of something, shocked in his heart.

After the fall of these powerful demons, their bodies will appear in the yin and yang whirlpool deep in this dark source pool?

Incredible.

Qin Chen stared at it with wide eyes.

I saw a wave of death air escaping from these corpses, along with the air of death escaping, there was also the air of soul.

Under the power of the yin and yang whirlpool, these soul qi tried to condense, but in the end they only condensed into some broken souls, and could not condense a complete soul.

And these broken souls slowly drifted away, and finally entered the dark source pool.

"The cycle of life and death."

Hong Huang Zulong suddenly said in a deep voice.

"What do you mean?"

Qin Chen frowned and looked over.

"This demons, with such a big ambition, actually wants to build a piece of land of their own here?"

Honghuang Ancestral Dragon said in a deep voice: "Did you see the yin and yang vortex? That is the reincarnation vortex of life and death. As long as the people of the demon race under the induction of this reincarnation vortex, once they fall, they will be attracted here and reincarnated. ""Mozu, this is equivalent to wanting to establish an underworld here."

[Chapter 4507: Eventually become supreme](#)

Qin Chen sucked in air-conditioning.

The Demon Race, is actually going to recreate an underworld in this Demon Realm?

This...what a big ambition.

"Can this succeed?"

Qin Chen concentrated, and when he looked carefully, he saw the billowing death air surging in the underworld. The corpses of those strong men who had fallen from the yin and yang whirlpool were constantly being shredded, and then the breath of death and soul in it was crushed. That whirlpool swallowed, strengthening his own power.

"I'm afraid it's difficult..."

Honghuang Zulong sneered and said: "If the underworld is so easy to make, it is not the underworld. The reincarnation of life and death is a matter of heaven. What the demons do is against the heavens. How can they easily succeed."

"Didn't the Demon Race have been fighting against the Heavenly Dao?" Qin Chen snorted coldly: "Since they colluded with the Dark Race and invaded this universe, they have violated the original will of the universe and are fighting against the original universe."

"It's not the same."

Honghuang Ancestral Dragon shook his head, "Collaborating with the dark forces and invading the universe is a confrontation with the original will of the universe, but to create a brand new underworld, not only against the origin of the universe, but also against the devil's heavenly path."

"Fight against Demon Realm Heavenly Dao?"

"Yes, look carefully, this yin and yang vortex is constantly absorbing the power of the demon clan, and at the same time it is devouring the power of this world? And this power is actually the power of this demon world."

Honghuang Zulong sneered, "Because, if you want to form a piece of underworld in this world, you need the origin. The origin of the universe is extremely difficult to swallow, so you can only swallow the origin of the demon world. Therefore, the demons want to form a new piece of land here. Underworld can only continuously weaken the heavenly path of this demon world. When the underworld truly forms, this demon world will also disappear."

"You mean, the Demon Race wants to transform the Demon Realm into the Underworld?"

Qin Chen took a deep breath, his eyes shocked.

This shocked him.

He had already understood what the great ancestor dragon had just said. This demon world is equivalent to the heavens. To evolve the underworld, the power of the origin is needed, and the origin of the universe cannot be absorbed, so he can only learn the origin of the demon world.

"But, in this case, is there any benefit to the Demon Race?" Qin Chen asked in disbelief.

The Demon Realm is the foundation of the Demon Race. Once the Demon Realm is destroyed, the Demon Race will have nowhere to rely and can only wander away. So what is the significance of the formation of the Demon Race?

"not to mention....."

Qin Chen carefully looked at the underworld in front of him. In the underworld, the rolling power surged, and the bodies of countless demons fell from it. The original power and souls in the bodies of these powerful men were swallowed by this yin and yang whirlpool, leaving nothing but the yin and yang vortex. The next group of fragments of the remnant soul wandered aimlessly.

This is tantamount to using the powerhouses of the entire demon world to nourish the underworld.

It should be understood that the reincarnation of the heavenly path actually needs to enter and exit.

For example, the strong can absorb the power between the heavens and the earth to make themselves stronger, and once the Venerable-level strongmen fall, their roots will return to the heavens and the earth to strengthen the heavens and the earth.

Such a cycle, between heaven and earth, there will be a steady stream of strong births, and in the devil world, there will also be a steady stream of strong births.

But now, if the demon ancestor is to create a piece of underworld, so that all the fallen powerhouses in the sea of chaotic gods and demons will not return to the world, but be absorbed by this underworld. If this happens, the demon world will not be able to absorb power, and there will be only one result in the end.

That is the devil withered.

Moreover, in the future, it will be more and more difficult for the Demon Realm to create a strong, until the entire Demon Realm will no longer be born.

"What is the ancestor of the deep monster doing?"

Qin Chen squinted his eyes, thinking in his heart.

Establish countless Devil Heart Island in the Chaos Gods and Demon Seas, so that almost all the powerful people of Chaos Gods and Demon Seas absorb the dark power of the dark pool and leave a mark in this dark pool.

Regardless of whether these powerhouses fall in the duel field or not, as long as they have the mark of the dark air in the dark pool, once they fall, their origin and soul will be absorbed by the dark soil and absorbed by the dark pool.

Moreover, after the fame of being able to give birth to strong men in Chaos God Demon Sea was passed on, it even continuously attracted the strong men in the entire Demon Realm.

If things go on like this, one day, there will be no strong people born in the devil world.

As the ancestor of the demon clan, how could the ancestor of the deep demon do such a thing?

Is it really to give birth to a piece of underworld in this space, so that the strong of the demon world will never fall, and be able to resurrect from death?

Do not!

Qin Chen shook his head.

He looked up, his eyes sharp.

He knows the ancestor of the Abyss Demon very well.

He did it.

It's definitely for yourself.

There must be secrets in it that I don't know.

boom!

Qin Chen moved forward, the billowing death air surging, trying to figure out the truth in this dead land.

But at this moment.

Boom!

The entire dark source pool suddenly surged at this moment, and a terrible breath rose to the sky, sweeping in all directions.

At this moment, the entire Chaos God and Demon Island shook violently, and a terrifying supreme aura rose to the sky, shocking the world.

Feeling this breath, Qin Chen's face was suddenly overjoyed, and he looked at the periphery of the dark pool.

When this supreme aura permeated, Qin Chen clearly felt that his chaotic world had risen astonishingly, and a terrible power of darkness filled the chaotic world.

"The Devil Tree of Ten Thousand Realms has broken through the supreme realm!"

Qin Chen was immediately ecstatic.

Boom!

I saw that terrible roots spread out in the dark pool. The strength of these roots madly pierced every corner of the dark pool, even spreading to the dark source pool.

The power of the billowing darkness was swallowed at a hundred times more crazy and a thousand times faster than before, and the roots of the roots even came to Qin Chen's place, banging directly into the dark underworld in front of them.

Boom!

A terrible breath erupted from the dark underworld, and the air of death soared to the sky, resisting the invasion of the Demon Tree of the Ten Thousand Worlds.

However, even Qin Chen was shocked by the aura erupting from the Demon Tree of the Ten Thousand Realms. Cracks quickly appeared on the dark underworld, and the Demon Tree of the Ten Thousand Realms pierced directly into it.

The breath of countless death gushes out directly.

"Kid Qin Chen, what exactly is this Ten Thousand Realm Demon Tree? This is... terrible, right?"

now.

The Honghuang Ancestral Dragon looked at the Devil Tree of Ten Thousand Realms that was arrogant in the dark pool, and his eyes suddenly became round.

He can also be regarded as the unborn spirit born in the ancient chaos, the chaos \*\*\*\* and demon, and he has seen countless treasures, but it is the first time that he has seen such a treasure as the Demon Tree of the Ten Thousand Worlds. It is only a breakthrough in the supreme realm, and it burst out so terrible. breath.

This... incredible!

Even if it is to encounter a pinnacle supreme, the great ancestor dragon will not be so shocked.

"This is the Devil Tree of the Ten Thousand Realms, the origin of the Devil Realm."

Qin Chen whispered.

#### [Chapter 4508: Which bastard](#)

Although Qin Chen had already prepared in his heart, at this moment, he looked at the Devil Tree of Ten Thousand Realms, and his heart was shocked.

The Demon Tree of Ten Thousand Worlds, which had just broken through the supreme, gave him a strong feeling of palpitations, as if facing some top supreme powerhouses.

terrible!

This is the only thought in Qin Chen's mind.

It is indeed the tree of origin of the demons.

Rumor has it that the Demon Realm was born because of the existence of the Demon Tree of the Ten Thousand Realms, and even the Demon God, the founder of the Demon Race, also enlightened the Dao under this tree, and thus formed such a vast race of the Demon Race.

But when Qin Chen was shocked and excited.

boom!

Another terrifying supreme aura soared into the sky, rumbling, and the heavens of the entire demon world rumbling rumblingly.

"It's Mo Ye."

Feeling this breath, Qin Chen felt excited again.

After the Ten Thousand Realm Demon Tree broke through the Supreme Realm, the Lord of the Abyss also broke through to the Supreme Realm.

Under his command, two supreme combat powers were added in an instant.

An unprecedented gain.

"Supreme!"

In the dark pool, the Lord of the Abyss was full of terrifying power of the Abyss, looking at his hands excitedly, rumbling, the Demon Realm Tiandao was crazily suppressed, and did not allow the birth of a supreme powerhouse.

However, the Lord of Abyss Demon didn't move.

Just look up at the sky.

weak!

too weak.

Back then, he was suppressed by the Sea of Thunder for hundreds of millions of years, and that feeling was simply desperate.

Now, after feeling the suppression of the Demon Realm Heavenly Dao, the Lord of the Abyss had only one feeling in his heart, and that was weakness.

Compared with the despair that the Sea of Thunder suppressed, the suppression of the Demon Realm Heaven's Path was too weak.

"broken!"

boom!

The Lord of Abyss Demon blasted out with a punch, booming, the suppressing power of the Demon Realm Heavenly Dao was directly exploded, and the billowing power instantly split into pieces and burst into pieces.

"Is this... the Supreme?"

The Lord of the Abyss was excited, and a divine rainbow burst out of his pupils.

The terrifying power shook the world, like a \*\*\*\* and demon descending into the world, invincible.

At this moment, the entire chaotic \*\*\*\* and demon island was roaring and shaking violently, and all the strongmen on the island showed palpitations and looked towards the dark pool in amazement, not knowing what happened.

And above the Sea of Chaos, which is hundreds of thousands of miles away from Chaos God and Demon Island.

The Demon Lord, who was suppressing the Demon Ancestor Luohu, turned his head in anger and looked at the Chaos God Demon Island at the far end, his eyes widened suddenly.

Not only him, but Luohu Demon Ancestor, Demon Li, Chiyan Demon Lord, as well as the many powerful demon guards present, and the Black Eye Demon King, all looked towards Chaos God Demon Island in amazement.

That terrible supreme aura soared to the sky, making everyone feel a strong sense of oppression.

☹!

There is even a strong dark atmosphere soaring into the sky, dyeing the entire Chaos Gods and Demon Sea into pitch black.

what happened?

Many people breathed in air-conditioning. This dark atmosphere was so terrible that everyone felt a little palpitations.

"Do not!"

Feeling this dark aura, the demon lord suddenly uttered a roar of fright, his expression furious and fierce.

Dark pool.

There is a problem with the dark pool.

who is it?

This supreme aura is that there are other supreme powerhouses on the island of chaos and demon, in the pool of darkness.

Damn, this is a conspiracy.

this moment.

The demon master only felt a chill from the top of his head to the soles of his feet, and he looked at Demon Ancestor Luohu suddenly.

"Asshole, you \*\*\*\* bugs, \*\*\*\* assholes."

The demon lord looked up to the sky and roared, "You dare to collude, you dare to move the tiger away from the mountain, and you dare to attack the chaotic island of the gods and demons. You deserve death."

The Demon Lord's heart was cold and frightened. If something went wrong in the Dark Pool, killing him would not be able to calm the anger of Lord Demon Ancestor.

"dead!"

The demon lord roared and blasted out a crazy punch at Luohu Demon Ancestor, banging, this world seemed to burst open, in this punch, a kingdom of demon clan emerged, and hundreds of millions of demon clan creatures were roaring, it was a demon. The Lord's must-slay punch, madly slamming towards Luohu Demon Ancestor, desperately.

"what?"

The Demon Ancestor Luo Hu was a little confused, what did he do?

What collusion? What tunes the tiger away from the mountain?

He looked dumbfounded.

However, at this time, but not when he was dazed, the demon lord's rage punched, powerful and terrifying, and the Demon Ancestor Luo Hu hurriedly mobilized the strength in his body to resist.

boom!

He was blasted out directly, the chaos and demonic energy on his body soared into the sky, suddenly exploded, and his whole body was almost exploded.

"Ancient Demon Art!"

Demon Ancestor Luohu roared, booming, his body retreated madly, but he abruptly held the punch.

"go!"

The demon master failed to explode Luohu Demon Ancestor with a punch. His eyes were angry, but he did not continue to entangle with Luohu Demon Ancestor. Instead, he roared and took the powerful under his subordinates to madly kill the Demon Island of Chaos God.

Compared to Luohu Demon Ancestor, the Dark Pool is his fundamental place. .

"go!"

"Back to Chaos God and Demon Island."

Boom boom boom!

Around, countless powerful demon clan experts surrounded by Demon Li and Chiyen Demon Lord also flickered and suddenly disappeared into the sky.

In a moment, the sea area where the devilish energy had soared into the sky instantly recovered calm, leaving only the somewhat dazed Demon Ancestor Luo and Demon Li.

"Master Luohu Demon Ancestor, what happened?"

Mo Li and Chi Yan Demon Lord were covered in blood, suddenly came to Luohu Demon Ancestor, and asked in doubt.

How did this group of demon masters suddenly leave.

The Demon Ancestor Luohu took a deep breath and allowed the spirit to condense for a moment. Then he looked at the Chaos God and Demon Island with an ugly face and said: "Damn, we have become a scapegoat!"

"scapegoat?"

The demon ancestor Luohu had an ugly face, and his gaze was grim: "I said how I just started to devour the devil energy, and I was discovered. Now my ancestor understands that someone before us is also devouring the power in the dark pool, the devil Actually think of me as that person, so that's why I said the previous remarks."

"And that guy, brave enough, actually sneaked into the Demon Island of Chaos God while I was being chased by the demon lord, and entered the dark pool to plunder."

Luohu Demon Ancestor looked at the dark atmosphere between the heavens and the earth in the distance, "Have you seen it, the rich dark aura is the movement caused by that guy after swallowing the dark pool."

"My ancestor is \*\*\*\* off."

boom!

Luohu Demon Ancestor roared, and suddenly, the demon wave below surged and rushed into the sky.

"I fuck!"

The faces of Mo Li and Chi Yan Demon Lord were also extremely ugly.

What? Someone has planted them and framed them, but they are absorbing the dark pool on the Island of Chaos and Demon?

"Damn it!"

Mo Li spit out a mouthful of blood.

Although he had previously withstood the attacks of the Black Eyed Demon King and many other powerful demon guards, he was still injured under the supreme demon source array. Thinking of the previous suffocation, his depression was almost nowhere to vent?

"Which \*\*\*\* is it?"

Red Flame Demon Lord also roared, except for the kid of the human race, they have always been the only ones who framed others, and no one else had the right to frame them.

Unexpectedly, here, I stumbled.

[Chapter 4509: century](#)

"Master Luohu Demon Ancestor, what shall we do now?"

Mo Li squinted his eyes and said coldly. He is also an extremely proud and crazy person. How could he be so willing to be framed by others.

Luohu Demon Ancestor understood Mo Li's meaning in an instant, and said coldly: "Naturally, I went to that chaotic island of Gods and Demon. My ancestor has to see who is so bold and dare to make calculations."

boom!

At the moment, Luohu Mozu and others in the rage did not take this opportunity to leave the Chaos Demon Island, but flew towards the place of the Chaos Demon Island.

In addition to seeing who is so daring, they also want to see if they can seize the opportunity to take advantage of the chaos and get some benefits.

Chaos God and Demon Island.

Deep in the dark pool.

boom!

The terrifying supreme demon energy surged, and Qin Chen looked at the roots of the Demon Tree of the Ten Thousand Realms. After digging into the dark source pool to draw power, he madly rushed into the underworld of death, as if he still wanted to swallow death. The power in the underworld.

The breath was terrifying, even Qin Chen was amazed.

But at this moment, Qin Chen didn't have much time to marvel.

I saw the Demon Tree of the Ten Thousand Realms pierce directly into the dark underworld, booming, thousands of black rays of light bloomed, and countless terrifying auras of the Demon Race in the dark underworld were madly swallowed by the Demon Tree of the Ten Thousand Realms, forcibly plundered.

Suddenly, the yin and yang vortex burst out with a dazzling light, and a terrible death gas gushed, and the road of death was crisscrossed, trying to prevent the magic tree of the ten thousand world from plundering its power.

The two terrifying forces collided, and instantly confronted each other.

"Damn, this Demon Tree of Ten Thousand Worlds is too extraordinary, right? You still want to plunder the power of death reincarnation in the dark underworld?"

Honghuang Zulong was speechless, his eyes widened.

Crazy, crazy.

"Kid Qin Chen, what he is still stunned to do, he doesn't help yet."

While shocked, the great ancestor dragon hurriedly said, devouring the power of the dark underworld. It's exciting to think about it. This dark underworld is probably the demon race that took hundreds of millions of years to build up, and it was formed on such a scale. If it is destroyed. In addition to being able to strengthen himself, the leader of the demons would even vomit blood.

"I still use you to say it."

Qin Chen sneered, without needing a reminder from the great ancestor dragon, he had already arrived in front of the dark underworld in an instant.

boom!

The terrible breath of death greeted the impact instantly.

Qin Chen snorted coldly, and the Death Avenue in his body instantly spurred to the extreme. At the same time, the mysterious rust sword in his hand poked out and cut it madly at the dark underworld.

"Jie Jie Jie, what a strong soul breath, boy, you are good."

The mysterious rust sword radiated cold and cold light, and a harsh cold voice sounded in Qin Chen's mind.

The soul aura in the dark underworld is too attractive to the sword demon, as long as he has enough soul power, he can return to the peak state.

And the richness of the soul aura in this dark underworld is simply tonic.

However, before the mysterious rust sword pierced into the dark underworld, Qin Chen stopped and shot.

The mysterious Rusty Sword suddenly became anxious, "Boy, what are you doing?"

"If you want Ben Shao to strengthen you, you will have to follow Ben Shao's orders and let Shao Ben drive you." Qin Chen said coldly.

"Do you want to enslave this seat? Impossible!"

The Sword Demon screamed.

"Enslave you?"

Qin Chen snorted coldly, "Senior Sword Demon, I call you Senior because you made a shot in the Abyss of Burial Sword, but it doesn't mean that this young man respects you."

"You also know that Ben Shao is not afraid of you, and now you can say that freedom is in the hands of Ben Shao. If Ben Shao allows you to be free, you have the opportunity to be free. Otherwise, you will be imprisoned in this mysterious rust sword for the rest of your life. In."

"So, this condition does not suffer."

"Surrender this young man and obey the young man's orders. Then, in the future, this young man will surely let you be free, otherwise, Ben young won't mind sealing senior, such a big enemy."

"Whether to surrender and get freedom, or to resist and reject Ben Shao, everything is in the predecessor's mind, senior chooses it."

Qin Chen said coldly.

This sword demon is determined to take away from himself, and if he wants to grow him by himself, he naturally has to make an agreement.

"you....."

Sword and devilish energy exploded, how could one of his own dignified ancient powerhouses obey the orders of a kid.

He shouted angrily: "Boy, do you think this seat will really be controlled by you? Let an ancient strongman in this seat surrender to you, don't you think about it."

After Honghuang Zulong heard it, he immediately cursed: "Kid Qin Chen, what a tattered sword is there, and there is a soul in it? Do you dare to rebel against you? You throw it in and let the ancestor kill him, what is it? "

Hong Huang Zulong cursed.

What kind of ancient powerhouse, his own dignified and unborn spirit, the chaotic \*\*\*\* and demon, has not the same surrendered Qin Chen kid, this broken sword or something.

What kind of garlic!

"you....."

Hearing what Honghuang Zulong said, the Sword Demon also exploded with anger, but he was also shocked.

He probably also knew the strength of the great ancestor dragon. If he was in his heyday, he would naturally not be afraid, and would do it directly, who would be afraid of whom.

But now, the opponent has almost recovered most of his cultivation base, but he is still trapped in this sword body, resisting it, the Sword Demon suddenly feels a little frightened.

boom!

And at this moment.

A terrifying aura suddenly appeared beside Qin Chen.

Is the Lord of Abyss Demon.

"the host."

The Lord of the Abyssal Demon hurriedly saluted Qin Chen. He who broke through to the Supreme was excited, but his face was serious, and he said solemnly: "Master, the movement here has already disturbed the Demon Lord of the Chaos God Demon Sea. This person is quickly rushing. Come, the master, please make a decision quickly."

At the speed of the demon master, I am afraid that I will be able to arrive in a moment, and it is necessary to decide whether to go or fight as soon as possible.

Qin Chen nodded and looked at the mysterious Rust Sword coldly: "Senior Sword Demon, I will give you some time to think about it last."

"century."

The Sword Demon roared: "This seat can surrender you for a hundred years, and listen to your orders within a hundred years."

He only promised a hundred years.

The Lord of the Abyss looked at the mysterious Rust Sword coldly.

For a hundred years, for a strong man like him, it was almost fleeting.

This condition is a bit excessive.

"Great!"

But Qin Chen directly agreed, with a cold tone.

A hundred years, for many venerables, is too short, it seems to be a moment, but for Qin Chen, it is extremely long.

He has grown up to the present, and there is not much time.

One hundred years is enough.

boom!

After the words fell, Qin Chen immediately blasted the mysterious rust sword into the dark underworld.

Boom!

In the darkness and underworld, countless soul powers flew everywhere in horror, as if they had seen something terrifyingly terrifying.

"Jie Jie Jie."

A terrible devouring force bloomed from the mysterious rust sword, and the power of the billowing soul was madly swallowed by the mysterious rust sword.

boom!

The yin and yang whirlpool exploded with a terrifying breath of death to stop the mysterious Rust Sword, but how could it stop the suppression of the mysterious Rust Sword, the Ten Thousand Realm Demon Tree, and the three powerhouses of Qin Chen. Suddenly, the power in it was suppressed by the Ten Thousand Demon Tree, Qin Chen, The mysterious rust sword swallowed frantically.

The terrible breath of death quickly dissipated.

At the same time, while Qin Chen swallowed, he spread the Avenue of Death into the Yin and Yang whirlpool.

He wanted to directly control the core of this yin and yang vortex.

However, when Qin Chen's power just penetrated the Yin and Yang whirlpool, his face changed.

boom!

A strong sense of crisis rose instantly from his mind.

[Chapter 4510: Deadly strong](#)

Boom!

When Qin Chen's power penetrated into the yin and yang whirlpool, suddenly, a terrifying breath of death swept out of it.

This breath of death was extremely terrifying, as if swept out of endless purgatory, just perceiving it, gave Qin Chen a terrible feeling of facing endless purgatory, as if he was trapped in the terrible underworld.

this is.....

Qin Chen had goose bumps all over his body, and his hair was horrified for a moment, and even a sense of crisis in the face of death emerged in his mind.

"not good."

Qin Chen took a deep breath, knowing the danger, and the mysterious rust sword in his hand was urged to the extreme. Boom, a terrible sword aura soared into the sky, and he violently slashed away at the terrible death aura.

Boom! The mysterious rust sword slashed on the death aura, and suddenly erupted with a shocking roar, and the terrifying sword aura continued to crisscross, but this death aura remained unmoved, and there was no shocking force of death in it. Enter Qin Chen

In the body.

"Roar!"

In Qin Chen's body, rolling power poured out, and his figure retreated wildly.

Boom boom boom!

There was a huge explosion in Qin Chen's body, and that death force was absent countless, trying to penetrate every corner of Qin Chen's body.

Qin Chen snorted, his figure suddenly retreated, his eyes were filled with amazement, what kind of power was this?

"The Avenue of Swords."

boom! The horrible sword aura is vertical and horizontal. In Qin Chen's body, the sword aura of the Tongtian sword pavilion surges, and countless avenues of swords are running and slashing on these death auras. At the same time, Qin Chen himself has a horrible death road surge,

Immediately resisted this gas of death.

Rumble!

Two forces of death collide wildly.

"The Devil Tree of Ten Thousand Realms!"

Qin Chen roared.

Suddenly, the power of the Ten Thousand Worlds Demon Tree poured into Qin Chen's body, booming, and the demon energy surged. With the addition of the power of the Dark King's blood in Qin Chen's body, this breath of death was completely removed. Block.

But Qin Chen's whole body was still blown out, and he snorted on the spot, and his body almost split.

What a terrible power?

Qin Chen was shocked.

With one blow, he was almost injured. Who is the opponent?

This strength is simply against the sky.

It should be noted that with current strength, although it is in a hurry, but the general supreme can not easily hurt him, but this breath of death, just through this yin and yang whirlpool, almost hurt him, if it is facing directly , Then myself...

Thinking of this, Qin Chen felt his scalp numb.

In this yin and yang whirlpool, there is a top powerhouse, and with such a strong breath of death, is it a top master in the underworld?

"Huh? Death Avenue, who is the outside world who can withstand the blow of this seat, huh, dare to destroy the life and death vortex of this seat, and look for death?"

In the yin and yang whirlpool, there was a cold snort, booming, a terrible death surge.

In the yin and yang whirlpool, a dark as ink, like a purgatory death breath surging, instantly turned into a huge palm, and it was coldly grabbed at Qin Chen.

Above this palm, an astonishing breath of death surged, and the road of death shook one after another, and even the heavens of the demon world were roaring, shaking, and resisting this foreign power.

There are traces of terrifying avenues all over the sea of chaos, gods and demons.

Because the breath of death is a foreign power, and the Great Dao of the Devil is suppressing it.

"No, that's..."

In the distance, the demon master flew frantically, feeling this terrible breath of death, his eyes suddenly rounded.

Such a terrifying breath of death, could it be... that the adult's death soil was discovered?

Damn it.

"Who is it?"

The demon lord roared, and he was sweating coldly. At this moment, he was terrified in his heart, and he knew deeply that today's affairs could no longer be concealed.

With such a movement, Lord Demon Ancestor must be able to know the information. Thinking of the fierceness of Demon Ancestor, the Demon Lord trembled.

"You must stop the opponent and catch the culprit, otherwise...I will not escape punishment."

The devil's heart is split, fearful and frightened.

In the source pool of darkness.

Facing the dark palm of death, Qin Chen burst into a cold light in his eyes.

"God Emperor Totem."

boom!

In Qin Chen's body, the \*\*\*\* emperor totem bloomed, and the power of the nine-star \*\*\*\* emperor tactic was mobilized to the extreme by him, and the power in the flesh also urged to the extreme.

"cut!"

The mysterious rust sword slashed again.

Cang Dang!

With a deafening roar resounding, Qin Chen retreated again and let out a muffled snort.

The power of the palm of death is too terrifying, the breath of death, even the road of death in his body can't easily resist.

The terrible breath of death surged in his body to invade his body.

"Kid Qin Chen, use the chaotic green lotus fire."

At this time, in the chaotic world, Honghuang Zulong suddenly said in a deep voice.

"Chaotic Qinglian Fire?"

Qin Chen's heart moved.

boom!

The chaotic green lotus fire bloomed, and suddenly, the breath of death that could not be suppressed before, was slowly dissolving unexpectedly.

"This....."

Qin Chen was shocked that his chaotic green lotus fire had such a powerful effect on this death air.

"Hmph, the one you got the Chaos Qinglianhuo, but the one who specifically killed the death clan."

Honghuang Zulong smiled coldly: "Back then, the underworld also wanted to develop in the Chaos Age. It was that one who directly suppressed the underworld. Giants, make the underworld in me

Waiting for this universe, it can only develop in secret, and cannot come forward directly. "

Is there such a thing?

Qin Chen's heart moved, but he didn't know that.

boom!

The chaotic green lotus fire eroded, and immediately, the death air was quickly eliminated.

"Huh? It was blocked again?"

"Who is your excellency?"

In the yin and yang whirlpool, that cold voice revealed a trace of doubt.

Because, even if he was suppressed by the Demon Realm Heavenly Dao after a boundary, his strength was enough to hurt the general respect, but the guy on the other side seemed to suppress his power by special means.

What is that method?

He was vague and unrealistic.

This puzzled him, because ordinary power couldn't resist the erosion of his death air.

"Master, the devil is coming soon."

At this moment, the Lord of Yuanmo quickly appeared here and spoke to Qin Chen.

"Would you like to go down and block it?" The Master of Yuanmo said condensedly.

That Demon Lord, although extraordinary, the Lord of the Abyss, but a descendant of the Yuan Demon Clan, now breaks through to the Supreme, is naturally arrogant and fearless.

"The demon is here?!"

Qin Chen narrowed his eyes, staring at the yin and yang whirlpool, and said coldly: "No need."

The Lord of Abyss Demon cannot be exposed yet. Once exposed, the ancestor of Abyss Demon will surely discover some clues. Originally, Qin Chen was still planning to completely swallow the power in this dark underworld before the demon master had time to come back, but he didn't expect that there would be such a strong person in this yin and yang whirlpool.
