

## Valkyrie 4531

### [Chapter 4531: Conspiracy plan](#)

"Predecessors calm down." At this time, the \*\*\*\* of chaos hurried forward, "My demon clan has absolutely no intention to tear up the agreement with predecessors. My demons are united, but I don't know when I have joined this piece

The human races in the universe have colluded, wanting to bet on both sides, and trying to sabotage the plans of my demons and seniors, and ask seniors to be aware of it. "

"and who are you?"

The strong underworld frowned.

He can only perceive the identity of the person opposite the whirlpool through his breath.

"Junior Chaos God Demon Lord, the guardian of the dark source pool of the gate of the reincarnation of life and death, Senior don't remember the junior?" The Chaos God Demon Lord hurriedly said, Boom, the breath of the Chaos God Demon Sea quickly dissipated.

"So it's you? Huh, the ancestor of the deep demon, the gate of reincarnation of life and death in this seat, was handed over to you to guard, but that's how you guarded it? A waste."

Perceiving the aura on the body of the chaos \*\*\*\* and demon master, the underworld expert became even more angry, and the terrifying breath of death rose to the sky.

He is angry.

Because his gate of reincarnation of life and death was supposed to be guarded by the gods of chaos, but now, it is actually invaded, and the person in front of him is the culprit.

How not angry in my heart.

boom!

The terrifying breath of death instantly blasted on the body of the chaos \*\*\*\* and demon master.

Ding Ding Ding!

The chaotic \*\*\*\* and demon lord backed a few steps, his face turned pale and his breath slightly changed.

"Ok?"

The strong man in the underworld frowned, how could the aura of this chaotic \*\*\*\* and demon master weaken so much?

Although his own strength can reach the sky, he can easily suppress Chaos God and Demon Lord, but there is not a breath between the yin and yang whirlpool, so let the Chaos God and Demon Lord be so embarrassed, right? I heard the Demon Lord of Chaos and said ashamed: "Senior is happy and angry. This time the territory of Senior was invaded by the people of the Dark Clan. It is indeed the younger

generation's responsibility. However, the younger generation did not expect the Dark Clan to be so despicable. The subordinates and the Supreme Lord Tianyuan Previously outside

, Was also trapped by the other members of the Dark Clan. In order to come to support the senior as soon as possible, the junior struggled with serious injuries, and the Supreme Master Tianyuan beheaded the master of the dark clan from the outside world, and it finally came. "

"Now, the old ancestors also know the news here, and they are coming as soon as possible. The juniors can guarantee that the cooperation between our clan and seniors will definitely not give up, and I hope that seniors can understand the sincerity of my demons."

Chaos God Demon Lord gritted his teeth and said with a respectful look.

The \*\*\*\* of chaos is seriously injured?

No wonder! The underworld powerhouse suddenly stunned, and when he had previously fought against the people of the dark clan, he did vaguely perceive that there seemed to be a wave of clashing fluctuations in the outside world. It seemed that it was the master of the heavenly abyss, the \*\*\*\* of chaos and the dark clan. Fight

Fluctuated.

"That dark race, so bold, dare to play this seat, this seat and his dark race will never die!"

boom!

The strong man in the underworld is so angry. "Senior, please rest assured that this matter is not just a matter of seniors. Since my demons cooperate with the underworld, naturally they will not sit idly by. The dark clan destroys our tripartite agreement. When the ancestors arrive, the juniors can Here to seniors

A guarantee, my demons and the dark clan will never give up. "

The Lord of Abyss Demon said angrily.

Seeing that the Lord of Abyss Demon made such a statement, the underworld powerhouse's anger seemed to relax a little.

But still coldly said: "Dark clan, huh, are you willing to draw a clear line between the demon clan? Without the dark clan, how would your demon clan unify the universe?" "What did the predecessors say?" The master of the abyss demon proudly , The terrifying way of the abyssal demon soared to the sky: "The dark clan dare to deceive my demon clan so, how can my demon clan contribute to his dark clan's prestige? Without his dark clan, could my demon clan just

Will be suppressed by the human race? "But..." The voice of the master of the abyss changed: "The ancestor said, although the dark race betrayed me, but the plan here still has to be carried out, don't the dark race want to enter this universe? Let them enter, the ancestors were actually quite sure

Prepared. "

"Oh?"

The underworld expert sneered.

"boom!"

A special power permeated the Lord of the Abyss. This power contained the power of darkness, but the power of darkness of the dark clan was not the same. On the contrary, there was a taste of the combination of the power of darkness and the power of the demon clan. .

This was the dark aura that the Lord of the Abyss felt from Shangguan Wan'er.

"This is..." The underworld expert who felt this power was startled. The Lord of Abyss Demon sneered: "Actually, my Demon Clan has long known that the Dark Clan cooperates with my Demon Clan, but they want to use my Demon Clan to invade this universe. If they do this, why can't my Demon Clan take the trick? Haven't been that black yet

The dark powers are completely integrated, but the ancestors already have the means. If the dark people dare to enter my demon world, it will be fine if they obey the orders of my demon clan. If they dare to turn back, my demon clan will definitely treat it as nourishment. , Let them go back and forth. "

The Lord of the Abyssal Demon is domineering and full of spirits.

"No wonder..." The underworld powerhouse sneered. "You demon clan knows that the dark clan is using your demon clan, and dare to continue planning to use the gate of life and death in this seat to weaken your demon heaven's way, so that the power of the dark clan can be Your devildom and heaven are merged to transform the devildom

For the dark realm, it becomes the bridgehead of the opponent, so that the detached power of the dark race can come to this universe, originally it was this idea. "

"Ancestor of the Abyss Demon, it's a deep calculation."

The underworld expert sneered.

In the distance, in the source pool of darkness.

Qin Chen was shocked in his heart, his eyes suddenly rounded, and the stormy sea rolled up in his heart.

This is the Mozu plan.

In an instant, Qin Chen burst into cold sweat, and his heart shook wildly. No wonder he feels that this dark source pool is not right, the gate of reincarnation of life and death, constantly depriving the fallen Demon Race's soul and origin, this is competing with the Demon Realm for power. If the Demon Race wants to be strong, it must expand the Demon Realm's Dao, which is totally inconsistent.

It makes sense.

But at this moment, Qin Chen woke up instantly and understood the purpose of the Demon Race.

Using the gate of life and death in the underworld to seize the power of the fallen strong in the devil world, this will weaken the power of the devil's heaven.

Once the demon world is weakened, it will give the dark clan an opportunity to use the power of darkness to assimilate the demon world. Once it succeeds, the devil world will turn into the dark world and lose its original oppression of the dark clan.

At that time, all the detached powers of the dark clan can come.

And once there is detachment, the confrontation between the two races of humans and demons is afraid that it will end soon...

Human race, there is no detachment strong at present, it is impossible to withstand the combination of the dark race detachment and the demon race, it will inevitably be defeated, the universe will fall, and become the opponent's bag.

The more Qin Chen thought about it, the more shocked his heart, the paler his face. The ancestor of the deep demon, such a ruthless method, in order to defeat the human race, it is no compromise.

[Chapter 4532: See through the conspiracy](#)

However, the ancestors of the deep demons dared to do this, there must be other reasons.

Because, once the Demon Realm turns into a dark realm, allowing the power of the Dark Race to come, then all the advantages of the Demon Race will disappear.

How can the ancestor of the deep demon ensure that he can maintain sufficient control in front of the dark clan?

Among them, there must be other plans and hidden secrets.

"This ancestor of the Abyss Demon is indeed cruel, and he can actually think of such a way."

Qin Chen took a deep breath, his eyes cold.

Fortunately, he discovered it.

Otherwise it will be troublesome.

At this moment, Qin Chen's eyes were cold.

No matter what, this news must be delivered to Xiaoyao Supreme, so that the people have been prepared, otherwise once the conspiracy of the ancestors of the abyssal demon is completed, then the universe is over, and the other party must be stopped.

Aside, Mo Li and Chi Yan Demon Lord looked at Qin Chen dumbfounded.

Fuck!

Did this deceive the other party's tactics?

With a few words to tease, the underworld powerhouse in the dark underworld revealed the conspiracy between himself and the demons. This... is too naive, isn't it?

Didn't he know that the two guys in front of him were Qin Chen's men?

The two were speechless.

However, when the two of them put themselves in the position of the underworld powerhouse, they couldn't help but suddenly.

No wonder the other party would believe in the Lord of Abyss Demon and the Lord of All Souls.

One is the supreme leader of this abyssal demons race, and the other is the 'demon lord' of the Chaos Demon Sea, guarding the existence of the dark underworld, and the strong underworld can only judge the identity of people outside by relying on some sense of breath.

Faced with these two, who can doubt?

In other words, if they are on the opposite side, I am afraid that Qin Chen will be deceived too, right?

"This demon..."

Mo Li's eyes flickered and glanced at Qin Chen, this guy is a pervert.

At this moment, the Lord of Abyss Demon and Wanling Demon Venerable are still searching for some information.

Because of the identity of the Lord of the Abyss, the opponent did not have any doubts.

And at this moment, suddenly, bang... a terrifying supreme flame aura suddenly swept over, causing the entire Chaos God Demon Island to vigorously shake.

Mo Li's expression changed, and he hurriedly said to Qin Chen: "Qin Chen, it's not good, another supreme has arrived. Lord Luohu, the demon ancestor, may be unable to hold on anymore."

At this moment, the flame demon supreme has arrived. He saw the demon ancestor Luohu who was fighting against the black tomb supreme, and immediately frowned: "Hei tomb supreme, what is going on? What about the \*\*\*\* of chaos?" Hei tomb supreme is exactly that. The towering Demon Supreme, who was fighting against the Luohu Demon Ancestor, shouted angrily at this moment and said in a cold voice: "The Supreme Flame Demon, how do I know where the God of Chaos and Demon Lord is? When this seat came, I saw this person. This person seems

Blocking this seat. This seat suspects that there must be something wrong with this chaotic island of Gods and Demon. He hasn't quickly suppressed this person to find out. Otherwise, as soon as the ancestor arrives, you will explain to the ancestor? "

The flame demon supreme body is majestic, reaching hundreds of millions of feet, with a boom, the whole body burst into a scorching flame, the entire chaos and demon sea is evaporating, rising, and countless water vapor soars into the sky.

"Hahaha, Black Tomb Supreme, that seat is here to help you, you are too useless, you can't take this person for a long time, look at this seat..."

The Flame Demon Supreme raised his hand, and suddenly the boundless magma power rolled, and lava whips appeared between the sky and the earth, and each lava whip was billions of meters, quickly winding toward the Demon Ancestor Rahu.

"roll!"

Demon ancestor Luohu shouted, his huge palm blasted out, like a mountain, with a bang, and quickly collided with the lava whip. Suddenly the endless terrifying lava gas was directly exploded by the demon qi of the chaos .

Chaos demon energy is the demon energy that was born when the world was opened up. Its essence is pure and terrible, and naturally it far exceeds some ordinary supreme demon energy.

"Huh? Actually broke the melting attack of this seat, haha, it's a bit interesting, but the attack of this seat is not that simple."

"go with!"

The Flame Demon Supreme sneered and sneered. The long whip that was smashed by the power of the lava was swiftly surrounded by the Demon Ancestor Rahu, and the whip surged like a chain, blocking the world. .

Hum!

When countless long whips were gathered together, Demon Ancestor Luo felt instantly that his whole body was plunged into a world of flames. The world of rolling flames, like the doomsday, imprisoned his physical body.

"Domain attack?"

Luohu Demon Ancestor snorted coldly, "Broken!"

Boom! The Demon Ancestor Luohu shot, and immediately above the molten long whip, the flames were exploded, but a red spar-like whip was exposed, and a strange wave surged above the crystal. The power of runes and laws, easily rooted

This could not explode.

"Supreme Treasure?"

Luohu Mozu's heart sank, and this is troublesome. He had never recovered from his original cultivation level. If he were to deal with a supreme, he could still fight, but facing two supreme-level powerhouses, he was immediately struggling. Now, the flame demon supreme still has the supreme treasure. The Demon Ancestor of Luohu has fallen into

In the wind.

"Chaos Demon Body!"

Roar!

Luohu Demon Ancestor's body suddenly became huge, and the body of Faxiang instantly turned into a sky-reaching existence, propped up the countless molten lashes, and stubbornly withstood it.

"Blocked again?"

The flame demon supreme gaze condensed, looked at the black tomb supreme on the side, and sternly shouted: "Black Tomb."

"Leave it to me, the black grave cage!"

The terrifying supreme aura swept out of the black grave supreme, and these supreme auras caused the demon realm and heaven to roar and swiftly closed towards the Luohu Demon Ancestor.

This is to join forces with the Flame Demon Supreme to trap the Demon Ancestor Luohu.

"Moli, are you doing well? Tell that kid that the ancestor will not be able to hold it anymore. If you insist on ten breaths at most, the ancestor will have to go. The ancestor of the abyss will be there soon."

The Demon Ancestor Luohu was anxious about the magical power, and a strong sense of crisis emerged in his soul, which meant that if he did not leave, his life would most likely be in danger. ,

The two people in front of him can't give him such a strong sense of crisis. This is bound to be a more terrifying power coming.

"Qin Chen, Master Luohu Demon Ancestor is going to be unable to hold on anymore." Mo Li said anxiously in the Dark Origin Pool.

His temples were throbbing, and the center of his heart throbbed with panic, and he felt a crisis coming.

"It seems that I can only get here today." Qin Chen took a deep breath: "The ancestor of Yuanmo is probably coming soon."

Qin Chen immediately looked towards the dark underworld and said through a voice transmission: "Mo Ye, Wan Ling, you can withdraw."

"Yes, master."

The Lord of the Abyss and the Lord of the Souls nodded their heads, and said to the underworld powerhouse: "My lord, there is a problem again, I am going to leave." At this moment, the powerhouse in the dark underworld also perceives the outside world. The coming flame breath, solemnly said: "What happened again?"

### [Chapter 4533: Immortal Emperor](#)

The Lord of the Abyssal Demon said in a deep voice: "That dark clan, it seems that there are strong people hiding here, destroying the supreme source formation of the Chaos God Demon Sea. This formation is the key to the nourishment of the seniors. I am waiting for it. Immediately send out, block the opponent, and decide

Don't let the other party destroy your foundation to the predecessors. "

"The Dark Clan is really \*\*\*\* it, you still want to target this seat at this time." The Yin and Yang whirlpool vibrated, and the underworld expert was furious, with a solemn voice in his voice, and said in a deep voice: "Do you need help from this seat? You maintain the passage of the door of reincarnation of life and death, and this seat can descend on a clone to kill the enemy for you.

"The Lord of Abyss Demon quickly said: "No, my lord!" The gate of reincarnation of life and death is extremely critical. Adults have already suffered some damage before. At this moment, you must not

spend any more energy to gather the clone, so as not to cause more damage to you, your lord, and affect our demons and the great

People your plan. ""Not bad. "The Wanling Demon Sovereign also said solemnly: "And now the situation is unknown, the ancestor is on the way to come, the other party knows this, and dare to continue to do it, under the suspicion that the dark race will have other conspiracies, in case it is deliberate. Yin adult

If you take the initiative to attack, you will fall into the trap of the opponent. Once you get hurt again, your lord, it will be a big loss to my demons. "

"So, my lord, you can't afford to lose."

"This matter, just leave it to me. Even if I wait for desperate death and pay the price of my life, I will never let the other party destroy your dark land again."

The Lord of Abyss Demon and the Venerable Spirit Demon were filled with indignation and impassioned.

Hearing this, the strong man in the underworld could not help but secretly moved, this Tianyuan Supreme and Chaos God Demon Lord are also too kind to himself.

"Oh." He sighed.

"Never mind!"

He had indeed suffered damage before. If he was forced to descend on a clone now, once the clone was destroyed, he would inevitably lose more. It was indeed the best way not to descend on the clone.

"Then you two must be careful. I have written this down. The dark clan... Let's walk and see, dare to move this seat. It's not that easy. When this seat can come, we must Calculate the general ledger with them." Speaking of this, the breath of death is even more surging. The underworld powerhouse once again looks at the master of the abyss through the yin and yang vortex, and said in a deep voice: "You tell the ancestor of the abyss, you must keep the demon world. Stability, let more power of life and death enter this yin and yang vortex, such as

Therefore, this seat can construct the gate of reincarnation of life and death more quickly, and compete with the demon realm for the power of the source, and finally completely suppress the demon realm and descend to this world. "

"This is the top priority."

The Lord of Abyss Demon hurriedly said: "You can rest assured, my ancestors. I will tell my ancestors about this matter. However, the dark clan outside is too strong. I am waiting to go out to meet the enemy now. I am uncertain about my life or death, and I don't know if I will see adults in the future. That day."

Wanling Demon Sovereign also sighed, "Yes, I have been seriously injured now, facing the dark clan... Alas, if there is a day when I can see you again in the future, I hope that the adults can give some advice to the juniors, and they are also considered juniors. Lucky for life."

The two said that they were extremely pessimistic, as if they were separated from life and death. The underworld expert hesitated for a moment and said: "You don't have to be so pessimistic, huh, you do

things for this seat, this seat will not let you risk your death, so, this seat has two weapons here, and I will give you now, which contains This seat's way of death

Some of the insights and some powers of the underworld, I believe it will help you to a certain extent, allowing you to fight against your opponents. "My lord, don't..." The Lord of Abyss Demon hurriedly said: "That is an adult's treasure, how can it be easily given to me? More importantly, if the adult transmits the treasure from the underworld, he will definitely lose a lot of power. , Now my lord, your strength is extremely important and

The key is not to be wasted on me. "

The underworld powerhouse suddenly laughed: "Tianyuan Supreme, right? You are very good. Teleportation weapons do consume the power of this seat, but it is not that serious. What's more, you two are fighting for me. How can this seat You don't care about your life and death."

"Furthermore, these two weapons can be regarded as tokens of this seat. If you have the opportunity to enter the underworld in the future, you can use this token to find this seat. Remember, this seat is called the Immortal Emperor!"

The voice fell and boomed, two terrifying breaths of death suddenly passed from the yin and yang whirlpool.

"My lord, I'll wait... I'm ashamed, please take it back..." "Why, look down on this seat? Let you take it and accept it. There is no reason to take back the things that this seat gives out. It's a pity, you guys. I can't control the way of death in my underworld, and can only exert the power of part of these two weapons, but

That is enough. "

After all, there was a loud bang, and from seeing the yin and yang whirlpool, an extremely powerful black rod and a giant axe appeared in an instant, bursting downwards along the yin and yang whirlpool.

Between heaven and earth, the terrifying suppressing power of the Demon Realm's Heavenly Dao was born in an instant.

The underworld belongs to a foreign land, and the power of the underworld will naturally be suppressed by the devil's heavenly path.

Rumble!

The terrible suppression of the heavens turned into a dark thunder cover and fell, to prevent the arrival of two weapons. But the yin and yang whirlpool, a cold snort sounded, and I saw an extremely strong death air surging, flashing death luster, breaking the sameness, extremely powerful, and soon, the power of the demon heaven's thunder was beaten a little dim. But broke through

The force of suppression, the pitch-black big stick and death great axe rang, penetrated the yin and yang whirlpool, and fell from the sky.

Rumble!

As soon as these two weapons appeared, they exuded a terrifying breath of supremacy.

Turned out to be a supreme treasure soldier.

hiss!

The Moli in the distance was stunned, and immediately sent out two supreme treasure soldiers, who is the immortal emperor? This is too bold, right?

"This is the method of control, and this seat teaches you... well, this seat consumes a lot of power this time, you two, be careful."

A control message instantly entered the minds of the Lord of the Abyss and the Lord of All Souls.

"Thank you, sir."

The two held Baobing separately, looking excited.

Boom!

The auras of the two of them rose sharply, the power of death surged wildly, the combination of death aura and devil aura, the aura became more and more terrifying.

"My lord, please have a good rest. I'll leave it to us. I'll set up a big array outside this dark world. If someone rushes in, you can block the opponent for a while, so that you can give you enough time to react."

The chaos \*\*\*\* and demon lord said with a bang, and the billowing demon gas turned into a vast ocean, instantly enveloping the dark underworld, covering all perceptions.

Suddenly, the death air in the depths of this dark source pool suddenly converged, and the void calmed down. Only the Lord of Abyss Demon holding the treasure of the underworld and the Lord of All Souls were left.

#### [Chapter 4534: Son of luck](#)

Whoosh!

Qin Chen flew out from the dark source pool in an instant.

At this moment, the dark underworld has been covered, and the underworld powerhouse is separated from the yin and yang vortex, the dark underworld, and the big array of magic energy, it is impossible to perceive the scene here.

Mo Li and Chi Yan Demon Lord also flew by, looking at the two precious soldiers, their mouths opened wide!

Fuck!

This deceived two supreme treasure soldiers?

Is the immortal emperor an idiot?

Does this work?

Oh my God!

Both Demon Li and Chiyan Demon Lord are a little dumbfounded, they are the supreme treasure soldiers, you know, although the two of them killed secretly in the devil world, I don't know how many strong men and races have been slaughtered, and they did not say they got a supreme treasure soldier .

But what about Qin Chen?

The lips moved, not only fooled the other party to tell the secret, but also got two supreme weapons.

The two looked at Qin Chen stupidly, this... special!

The son of luck? Qin Chen was very calm, and said casually: "What does the undead emperor of the underworld know? I am afraid that he will pass this universe from the future? The news he knows is nothing but the ancestors of the deep demons. The news is blocked, afraid It may not be able to communicate for a million years

Once, what can I know. "

Right. Both Demon Li and Chiyan Demon Lord were speechless, what Qin Chen said was reasonable, but if he wanted to plan such a strategy, he had to be in harmony with the people at the right time and place. Without the Lord of Abyss Demon, the supreme of the Abyss Demon Clan, he did not win her home. I've lost the all-spirited demon lord of the \*\*\*\* of chaos, change him

We go up, no matter how high the tactics are, I am afraid that they may not be able to fool each other.

"the host."

At this moment, the Lord of Abyss Demon and Wanling Demon Sovereign flew up, smiling.

After getting two supreme treasures, both of them are in a good mood.

Qin Chen smiled.

Two supreme treasures, very good.

Moreover, there is a strong death aura on it, this death aura is extremely pure, if you absorb it at that time, you will have a lot of improvement in your cultivation base.

The immortal emperor really dared to give it to him, and he gave out two supreme treasures at hand, which is very big.

"This death supreme treasure, give it to Ben Shao first."

As soon as Qin Chen raised his hand, the dark long stick in the hands of the Lord of the Abyss suddenly fell into Qin Chen's hands.

The power of death surged, Qin Chen grinned, and the Death Avenue within his body spurred and banged, and directly suppressed the power of death. The terrifying rules of death were understood by Qin Chen, and he continued to strengthen his understanding of the rules of death.

With a bang, I saw the billowing death rules surging on Qin Chen's body, like a \*\*\*\* of death.

Immediately afterwards, Qin Chen also understood the death rules in the death battle axe.

"Okay, don't waste time, the ancestor of Yuanmo is about to come, let's leave." Qin Chen opened his eyes, and the rules of death flashed deep in his pupils, as if death had descended.

"Yes."

"You two, enter this young man's body first."

As soon as Qin Chen raised his hand, the Lord of the Abyss and the Venerable Demon of All Souls disappeared without aura.

Mo Li suddenly looked at Qin Chen with solemn eyes.

hiss!

The aura of the two supreme powerhouses disappeared when they said they disappeared, and the great ancestor dragon was also hidden in Qin Chen's body. It could be seen that Qin Chen's body was very likely to have an extremely terrifying small world.

Even, it is a treasure beyond the small world.

This made the two of them slurp their teeth straight.

Oh shit!

Compared with Qin Chen, why is he like a pauper?

"Should you two also enter this young man's body?"

Qin Chen now smiled and looked at Mo Li and Chi Yan Demon Lord.

The two were shocked suddenly, and hurriedly took a step back.

"The two go out like this, and they will surely be discovered by the two great demons from outside. By then, they may reveal their identity. If they enter this young man's body, it will be much safer, how about?"

Qin Chen smiled.

"Forget it." Mo Li waved his hand and shook his head.

Who knows what's in Qin Chen's body, if he gets in, he might be involuntary.

Qin Chen didn't force it either.

It's just a pity in my heart. This magical Li is really wary. If he really enters the chaotic world, wouldn't he let him knead it? But if the other party doesn't dare to go in, then forget it.

Qin Chen raised his hand, and the power of the Ten Thousand Worlds Demon Tree surged. In an instant, the power of the dark source pool below was instantly absorbed by Qin Chen and turned into a billowing river, swept away.

"ruthless!"

Mo Li sucked air-conditioning. The original power that the \*\*\*\* of chaos and demon master had collected for hundreds of millions of years was taken away by this kid. It is estimated that the ancestor of Yuanmo will vomit blood when he knows it.

"Okay, let's go."

Qin Chen's voice fell, with a smile at the corner of his mouth, and the rules of death in his body broke out completely. Holding a long stick of death, his body suddenly stood upright, and his face became fuzzy and deep, and his life was full of death.

In the blink of an eye, it was like turning into an underworld powerhouse.

"you....."

Mo Li was dumbfounded, Qin Chen disguised too much. If they hadn't seen Qin Chen transforming with their own eyes, they would even think that Qin Chen was really a strong man in the underworld and had come to this world.

"not bad."

Qin Chen grinned, "What are you two doing in a daze? Come with me."

Qin Chen disappeared suddenly when his figure shook.

now.

There was a bang on the outside world chaotic gods and demon islands, and Luohu Demon Ancestor retreated again and again under a violent roar.

"Oh shit."

Demon Ancestor Luohu was angry, if he hadn't recovered his cultivation, would he be afraid of these two guys in front of him?

However, the warning signs in his heart are getting stronger and stronger, knowing that the ancestor of the abyss demon is about to come, and if he does not leave, he is afraid that there will be no chance next.

"These guys, harp, don't you leave?"

Wow!

Suddenly, a series of terrifying lava whips quickly swept over, and combined with the black tomb cage of the supreme black tomb, he was heavily restrained.

"Asshole!"

Luohu Demon Ancestor gritted his teeth.

Can't wait anymore.

Going on, he himself was afraid that he would really be trapped.

At this moment, a voice suddenly came into his ears: "Luohu Demon Ancestor, ready to get out of trouble."

Fuck!

"You guys are finally over."

Demon ancestor Luohu scolded, if he drags on, he will really run away alone.

"burst!"

Boom boom boom boom boom!

After hearing the sound transmission, Luohu Demon Ancestor saw a terrifying chaotic shock wave suddenly swept across his body, and deep runes flickered, shaking the molten flame whip and the black tomb cage violently.

"Ten thousand demons dynasty, respect me!"

The Demon Ancestor Luohu folded his hands together, and inside his body, there seemed to be a great world of demons formed, transformed into a world of magic, with three heads and six arms, the huge magic hand slammed into the fetters of that domain, and tore it forcefully.

Boom!

The large array shook violently, countless demon energy burst into volume, and a huge wave was rolled up under the sea of chaos and demon, with a bang, all the creatures within a radius of thousands of miles were turned into powder.

"Damn it, he wants to run and stop him." The Flame Demon Supreme yelled, his eyes rising like two rounds of hot magic stars, melting flames boundlessly, crisscrossing for hundreds of thousands of miles, turning the dark sky into a red world, in his hands The molten flaming whip came to the Demon Ancestor Luohu desperately, trying to confine his hands and feet.

#### [Chapter 4535: Molten Armor](#)

The Black Tomb Supreme also roared and stepped forward. A black tombstone appeared in his hand. In the tombstone, the sound of prayer of death sounded. Looking through the tombstone, it seemed to see a cemetery where countless powerful demons were buried. , Desperate

The breath surging, instantly disturbed Luohu's demon ancestor's mind.

It is a soul attack.

One soul, one substance, two major attacks once again swept towards the Demon Ancestor Luohu.

If the Demon Ancestor Luohu was surrounded by the two of them and escaped, and Master Demon Ancestor descended, they would definitely be unable to escape punishment.

Seeing, Luohu Demon Ancestor was about to be restrained again.

But suddenly.

boom!

The void exploded, and the void at the feet of the Black Tomb Supreme blasted directly, and two figures suddenly rushed out of it. It was Mo Li and the Chiyan Demon Lord, who attacked the Black Tomb Supreme with a shocking blow.

"what?"

The sudden appearance of the two made Black Tomb Supreme suddenly shocked. When did he hide these two under him?

Amidst the anger, he did not care about continuing to attack Luohu Demon Ancestor, but instead he slammed at Moli and Chiyan Demon Lord with a punch.

"The Black Demon is killed!"

The Supreme Black Tomb roared, and the power of the terrifying Black Demon in his body soared into the sky. Under this blow, the world lost its glory, condensing the absolute blow of the Supreme Black Tomb.

Because he didn't know who was the one who attacked him. At this time, he didn't dare to have any reservations.

"not good!"

With this punch, Mo Li and Chi Yan Demon Lord were suddenly shocked. Originally, the two of them were sneak attackers. They should have been by surprise and had the upper hand, but facing the blow of the Supreme Black Tomb, Mo Li and Red Flame Demon Lord seemed to fall into the dark world in an instant, their souls All have to burst

The illusion that came out, the rules of rolling devilish energy, would tear their bodies apart.

"Roar!"

The two roared together, urging the power in the body to the extreme, a breath of supremeness, faintly permeating.

There was a bang, Mo Li and Chi Yan Demon Lord instantly flew out, snorted, bleeding from the corners of their mouths, and their bodies were almost beaten to annihilation.

"The power of the magic gu, swallow it."

Demon Li roared and roared, his eyes were fierce, the whole figure resembled a demon gu, swallowing the demonic energy crazily in his body, but even so, he was seriously injured, with a click, his body almost split apart. On the other side, Chiyan Demon Lord was even more uncomfortable. With a bang, the flame aura on his body exploded directly, revealing a graceful and moving figure. Although there is still demon energy surging, but the plump and straight body is rolling in the demon. Under the anger, but Ruoyin

If it appears, it cannot be concealed.

"Huh? Two little things that are not even the supreme, looking for death."

The Black Tomb Supreme looked angry. At this moment, he sensed that although the auras on Moli and Chiyen Demon Lord were powerful, they were not Supreme, but two Peak Heavenly Lords, at most they were close to Half Step Supreme.

But these two guys were so scared that they stopped restraining the supreme powerhouse in front of them.

"Damn it, flame demon supreme, be careful, their purpose is to rescue the guy in front of them, and quickly prevent this person from getting out of trouble!"

The Black Tomb Supreme changed color, ignoring the attack on Mo Li and Chi Yan Demon Lord, and immediately furious at the Flame Demon Supreme.

"Hahaha."

He heard a sound of laughter, and without the assistance of the Supreme Black Tomb, Luohu Demon Ancestor turned into three heads and six arms, suddenly tearing the cage that bound him, and his body soared into the sky.

"Stay."

When the flame demon supreme saw this, he looked furious and yelled, rumbling, and countless molten flame whips exploded and shot away.

But at this moment, with a bang, the Chaos God Demon Sea at the feet of the Flame Demon Supreme burst directly, and a figure suddenly appeared from it, and it suddenly blasted towards the Flame Demon Supreme.

It was Qin Chen. I saw the towering figure, like the \*\*\*\* of death coming, the rules of death surging throughout the body, and in an instant, the world seemed to be transformed into a land of death, transformed into a piece of underworld, surrounded by the void, the rules of death were entangled, and suddenly enveloped the flame demon. to

Respect.

what?

Both the Flame Demon Supreme and the Black Grave Supreme were shocked, and there were even strong people lurking.

A terrible breath of death suddenly appeared in the hearts of the two of them, and they looked at them in horror.

I saw the lifeless long stick blasting, and the world collapsed, like a magic star burst, and the eternal shattered, a long stick that reached the sky violently blasted down, and instantly came to the front of the flame demon supreme.

"Molten Demon Armor!" The Flame Demon Supreme roared. At the moment of crisis, his body was suddenly covered with a layer of hot armor. At the same time, his hands crossed his chest, and he heard a boom, the Flame Demon Supreme was instantly blasted out. , The horror of death is like a magic mountain

On him.

Klang Klang!

A heavy flame of molten flame blasted madly on the body of the Flame Demon Supreme, and the flame armor on the body of the Flame Demon Supreme suddenly burst, and the whole person spouted blood from the sky.

Blood is like a cloud of fire, burning the void out of huge black holes.

With one blow, the Flame Demon Supreme was injured.

"Flame!"

Upon seeing this, the Black Tomb Supreme changed his face greatly, and with a bang, raised his hand a black tombstone instantly blasted, shattering the void.

"Huh! Get out!"

Qin Chen snorted coldly and swept it out with a stick. The black long stick collided with the black tombstone, and it burst out with a shocking roar, and the world was wiped out. The black tombstone was blown upside down in an instant, bursting in layers of void where it passed.

"hiss!"

In the distance, Mo Li and Chi Yan Demon Lord breathed in air-conditioning.

Qin Chen is too strong.

The two of them are already extremely terrifying, and ordinary supreme can fight one or two, but they were still injured by the previous blow from the black tomb supreme.

But what about Qin Chen?

They actually blasted the Black Tomb Supreme head-on, so the two of them couldn't help but change their colors and sucked in air-conditioning.

There were also Black Tomb Supreme and Flame Demon Supreme who were breathing air-conditioning. The two looked at Qin Chen in anger and felt the power of the rules of death rolling on Qin Chen's body, both of them were discolored.

"The rule of death, you...are you from the underworld."

"Presumptuous, people in the underworld, dare to intervene in my demon world and seek death!"

The eyes of the Supreme Black Tomb and the Supreme Flame Demon were fierce, and both roared, with unprecedented anger in their eyes.

They were all shocked in their hearts, why did the people of the underworld appear in their demon world? No wonder that in the depths of the previous chaotic God and Demon Island, there seemed to be a terrible source of death surging.

Could it be that the underworld wants to do something against his demon world?

For an instant, both of them were startled and backed away again and again.

"Ok?"

Qin Chen's eyes flashed. The two of them didn't seem to know about the darkness and the earth? Otherwise, how can it show such a surprise?

"Huh, demons? It's ridiculous, a small universe race, and dare to be an enemy of my underworld. Today, I will spare you for the time being. Wait, my underworld will dominate this universe one day, hahaha!"

"go!"

boom! Qin Chen repelled the Flame Demon Supreme with a single blow, but did not continue to make a move.

### [Chapter 4536: Unbearable](#)

At this moment, Qin Chen felt a terrible crisis in his mind. It was obvious that if he didn't leave, he would be in danger.

"Let's go too."

When Demon Ancestor Luohu saw this, he even transmitted a sound to Demon Li and Demon Chiyan, waved his hand, swish, and followed Qin Chen away.

Not to mention Mo Li and Chi Yan Demon Lord, they ran faster than anyone else.

"No, they are leaving."

"Stop them."

The Black Tomb Supreme and the Flame Demon Supreme changed their colors together, and even blocked Qin Chen and Luohu Demon Ancestor.

"Humph!"

Qin Chen snorted coldly, and his backhand was slammed with a stick, banging, the death gust in this stick swept directly towards the Supreme Flame Demon. And the Demon Ancestor Luohu also roared, laughed, and the devilish energy rushed into the sky, as if there was a magic sun exploding in his body, the chaos and devilish energy exploded and gathered in his right hand, the right hand was as big as a star, and hit the flame with a punch. Demon supreme, like a big world

The impact is moving forward, shaking the sky and the earth.

Boom!

The two forces had a tacit understanding, and at the same time they blasted towards the already injured Balrog Supreme.

"Damn it."

The Flame Demon Supreme was shocked, the two of them were so despicable that they were all aimed at themselves.

It should be understood that the Flame Demon Supreme was already injured under Qin Chen's sneak attack. At this moment, facing the full blow of the two powerful men, his heart was frightened, and a strong sense of crisis rose from his mind, and he shouted: "Black Tomb, hurry up and help me."

Hearing this, Hei Tomb Supreme hurried to block it.

Boom! The terrifying demonic energy collided crazily, and instantly erupted into a terrifying roar, as if a piece of heaven and earth exploded directly, and the chaotic gods and demon sea directly burst and turned into powder, and countless blood surged out, and I did not know that it was in the chaotic demon sea. What

So the monster was directly killed by the shock wave, and the corpses were everywhere. The devil energy dissipated, and the Flame Demon Supreme and the Black Tomb Supreme rose into the sky from the magic light. Both of them looked a little embarrassed. Their robes were agitated. Sen Han's eyes looked far away, but they found nothing and could no longer perceive them. To Qin Chen and Luohu Demon Ancestor's Silk

Millitrack.

In terms of the ability to escape, Qin Chen and Luohu Demon Ancestor are definitely at the master level.

"Damn, let them escape!"

Both the Flame Demon Supreme and the Black Tomb Supreme changed their colors, their faces were blue, and a heart sank suddenly.

If the ancestors knew that they had let each other go, it would be hard to escape punishment. In an instant, cold sweat broke out on the foreheads of the two supreme powerhouses, and their backs were soaked with cold sweat.

"You must find each other."

The two looked at each other, their expressions furious, but above the vast ocean, where did they look for each other's trace? Just when the two of them shook their bodies and were about to search for the traces of Qin Chen and Luohu Demon Ancestor, suddenly on the Chaos God Demon Island in the distance, because of the previous bombardment, half of the island was instantly collapsed, and a deep demon aura faded. Diffused out, it seemed

What kind of formation it is almost.

"what is that?"

The two looked at each other, their bodies flickered, and they landed on the Demon Island of Chaos God in an instant. They saw the dark pool that originally gathered here, some thin pools of water surging, and the power of the source of the devil energy had already been absorbed. net.

"It's over..."

The two people were desperate, and the dark pool of the chaotic gods and demon sea turned out to be like this.

This is the painstaking effort of my ancestors for countless years.

"No, look."

The two suddenly sensed the magic formation that Qin Chen had placed before leaving the dark source pool in the dark pool, and their expressions suddenly changed slightly.

"what is that?"

The two looked at each other, their pupils contracted, and there was a huge array in the depths of this dark pool.

"Could it be that there is anything else in this dark pool?"

An idea came to both of them.

Although both of them are supreme and powerful, they know that there is a major deployment of the ancestor in this chaotic sea of gods and demons, but they don't know about the dark and underworld. After all, the less people know about this kind of news, the better.

So the two people suddenly felt suspicious.

Immediately afterwards.

The two looked at each other, with a trace of determination in their eyes, and then raised their hands.

boom!

The two of them blasted on the magic formation under Qin Chen's cloth, and the whole magic formation suddenly burst open, and a piece of dark underworld containing endless aura of death appeared in front of them.

The eyes of the two of them went round suddenly, and said in amazement: "That's..."

The terrible breath of death escaping from the dark earth stunned the two in an instant.

However, before the two of them could distinguish exactly what was in the dark underworld, in the yin and yang whirlpool, a chill of death suddenly swept out.

"Who is it? It destroyed the great formation, Tianyuan Supreme, are you back?"

boom!

The billowing breath of death soared into the sky, sweeping towards the Supreme Flame Demon and Supreme Black Tomb in an instant.

"No, it's from the underworld."

"Unexpectedly, the two people left behind here."

"What a courage!" The Flame Demon Supreme and the Black Tomb Supreme looked furious, roared, and banged, facing such a terrifying breath of death, their strongest power burst out instantly, without thinking about it, two waves The terrible supreme aura swept out suddenly, to the town

Suppress each other.

In addition, the black tombstones and the fusion whip are like prison cages to seal off the world.

"Huh? Not Tianyuan Supreme? He also forcibly broke through the large array to interfere with the recovery of this seat."

"Damn it, it seems to be from the Dark Clan, looking for death!"

The Immortal Emperor was furious. He originally thought that the Demon Array was broken and it was Tianyuan Supreme and Chaos Demon Lord who had returned, but he never thought that it turned out to be two strange Supreme auras, and as soon as he came up he tried to block him.

How does this make the Immortal Emperor not angry?

Does this dark race really regard themselves as a soft persimmon? Send out two supreme arbitrarily and want to deal with himself.

Is it tolerable or unbearable!

"kill!"

The Immortal Emperor roared, completely furious, and instantly displayed his pinnacle method. I saw a terrible breath of death sweeping across the yin and yang vortex, faintly visible, a lifeless world seemed to appear on the opposite side of the yin and yang vortex.

Terrible rainbow light.

With a bang, the two rainbow lights burst out like sharp blades.

The two rainbow rays lased, penetrating the yin and yang vortex, and turned into two spears containing endless life, tearing open the attacks of the Black Tomb Supreme and the Flame Demon Supreme with a bang, and they came in front of them in an instant. .

This was a blow that contained the rage of the Immortal Emperor.

The void was directly torn apart.

what?

The Flame Demon Supreme and the Black Tomb Supreme looked frightened, their figures hurriedly backed away, and in a hurry, they could only hold their two supreme treasures in front of them. With a bang, the two death spears crashed against the sound of the two supreme treasures, and you heard a bang. The terrible breath of death was everywhere, and the black stone tablet of the black tomb supreme actually emitted a small crack. On the other side, the flame whip blasted by the Flame Demon Supreme also cracked directly. With a bang, the two of them were blasted out in an instant, their bodies split, and blood mist continued to spray.

[Chapter 4537: Demon ancestor descends](#)

"Ah!" The blood mist filled, and the two screamed in pain, and spewed blood from their sky. The two death spears blasted the black tombstone and the molten whip directly on their bodies, and the terrifying death air would Their demonic bodies pierced through and almost collapsed

Come.

Fortunately, after the death spear penetrated the yin and yang vortex, the power has been greatly reduced. The two roared, urging the original magic power, abruptly resisting the death spear's bombardment, and this prevented the head of the body from being out of place. End.

puff! It's just that half of their bodies have been exploded with a huge gap, and a series of terrible death auras are still eroding their bodies.

The Flame Demon Supreme and the Black Tomb Supreme escaped from the moment of death, so scared to stay here, they left here in an instant, suddenly appeared in the sky above the sea of chaos, gods and demons, and another blood spurted out, and the eyes below looked unprecedented. Of anger.

Which strong man in the underworld is this? It was horrible, and it hurt them badly with just one blow.

At this moment, there was endless panic in the hearts of the two of them, and goose bumps appeared all over, as if they had walked through the gate of a ghost.

Almost, the two of them fell. As the supreme powerhouses, the Black Tomb Supreme and the Flame Demon Supreme are not idiots. Naturally, they can see that the yin and yang vortex between each other has a strong blocking effect. The person on the opposite side of the yin and yang vortex can exert the strength through the yin and yang vortex. Is only

A fraction of the real strength, or even a fraction of it.

But even so, the opponent seriously injured them in an instant. What strength would it be if the underworld expert actually descended on this demon world?

It is simply unimaginable.

"Get trapped."

The Flame Demon Supreme and the Black Tomb Supreme looked at each other, roared together, and the power of the Supreme filled out, and instantly formed an invisible demon gas array outside the dark underworld, blocking the breath of the dark underworld. inside.

In a short moment, they also saw that the other party seemed to be unable to exert their true strength through the yin and yang vortex, and as long as they set up a large formation outside the dark underworld, the other party seemed to be unable to kill it.

Seeing that the Flame Demon Supreme and the Black Tomb Supreme had deployed the magic array, opposite the Yin and Yang vortex, the Immortal Emperor frowned slightly.

What are these two guys doing?

Didn't you do it yourself? Instead, he trapped himself here.

It's ridiculous, how can I be so sleepy?

However, the Immortal Emperor didn't do it either, because he had consumed a lot of origin in the previous few battles. If he wanted to forcefully kill him, he would consume more power, which would definitely outweigh the gains.

Anyway, he and the ancestor of the Abyssal Demon had made a decision, but they didn't worry that there would be problems in their dark underworld. As long as the other party didn't do anything, he was happy to recuperate.

"Hmph, when this seat assimilates this demon world, opens the door of reincarnation of life and death, and can completely descend into this universe, it will be the days of those damned deaths."

The immortal emperor snorted coldly. If it weren't for the power of the origin of this universe to suppress him from the underworld, how could he be trapped by these two supreme beings?

"Unfortunately, that day Yuan Zhizun and Chaoshen Demon Lord didn't know what was going on, why didn't they see their trail? Could it be that they were killed by the two supreme outsiders?" The Immortal Emperor frowned. Immediately he shook his head again: "No, first of all, there was no breath of the supreme falling out before. Secondly, although the strength of the two supreme outsiders is not weak, they are not the top powers of the supreme, Tianyuan Supreme and Chaos God Demon Lord. There is the best from this seat

The precious treasure will not fall so easily. "

"I can only wish them two little guys good luck."

The Immortal Emperor's eyes flickered, and he recovered cross-legged.

Above the Chaos God and Demon Island, the Flame Demon Supreme and the Black Tomb Supreme were also sitting cross-legged, their bodies surging with demon energy, and began to heal their injuries.

"Blazing Demon, I'll wait to let those previous people escape, and the ancestors will come, will they punish me for waiting?" Hei Tomb Supreme frowned. When the Flame Demon Supreme heard the words, he shook his head helplessly: "Even if the ancestor wants to punish me for waiting, I can only recognize it. Fortunately, although I let go of those people, I found the underworld in this dark source pool. The strong, the dark underworld is very likely to be separated from before

The few people who drove are related, as long as they stay here, the ancestors will not say anything if they want to come. "

In this way, the two sides had their own minds, and they did not do anything, but rested with each other.

Just when the Balrog Supreme and their injuries have not healed.

suddenly--

boom!

The sky of the Chaos Gods and Demon Sea suddenly darkened, rumbling, and the endless Demon Realm and Heaven shook violently between the heavens and the earth, and the entire Chaos Gods and Demon Sea tsunami soared into the sky, as if the end is coming.

A suffocating breath suddenly descended.

In an instant, all the strong in the entire Chaos Gods and Demon Sea seemed to have their necks strangled, and their breathing became difficult, as if they had fallen into infernal purgatory, life and death could not be controlled by themselves.

what happened? In the sea of chaos and demon, countless demon masters raised their heads in horror, and the eternal demon king, as well as many other demon masters who had never rushed to the island of chaos and demon, and many top demon monarchs under his command, all raised their heads in horror, and they couldn't help but crawl. Hurriedly

trembling.

now.

In the turbulent flow outside the Sea of Chaos Gods and Demons, Qin Chen, Mo Li and the others all looked at the sky above the Sea of Chaos Gods and Demons in amazement.

The dark power of destruction, even if it was separated by hundreds of millions of miles, made Qin Chen and the others feel boundless heart palpitations.

"Ancestor of Abyss Demon!"

Qin Chen murmured, his eyes sharp.

At the same time, a strong astonishment emerged from my heart.

This ancestor of the Abyss Demon had such a terrifying strength. Just the aura that had escaped, almost suppressed them a little throbbing. How terrible would it be if it descended in front of them?

Although Qin Chen was confident, but never arrogant, feeling such a terrifying aura at this moment made Qin Chen instantly understand that he was still too far away from the realm of the Yuanmo ancestor.

It is worthy of being the top powerhouse in this universe, the power of the demon world.

"Go, go quickly."

Both Mo Li and Chi Yan Demon Lord looked a little horrified and urged again and again.

Although they left the Chaos God Demon Sea in time, the opponent is the ancestor of the Abyss Demon, so they really want to explore with their current strength. Can they escape?

Originally, Qin Chen still had a lot of self-confidence in their hearts, and felt that there should be nothing wrong with leaving in time.

But at this moment, after truly feeling the boundless power of the ancestors of the Abyss, everyone became anxious.

"Kid Qin Chen, be careful. The aura of that ancestor of the abyss demon is very strong. Although the ancestor has restored most of his cultivation level now, he really wants to fight. In this demon world, I

am afraid it will be extremely difficult to resist the opponent. You must Can't be discovered by the other party."

In the chaotic world, Honghuang Zulong said with a serious expression. He also felt this terrifying power, and he couldn't help but change his color. He, who had always been careless in the past, was now more serious than ever.

#### [Chapter 4538: Angry ancestor](#)

"Master, the ancestor has come, it is not a way to escape directly like this, you must think of an idea, otherwise no matter where you escape, it is impossible to escape the ancestor's tracking."

The Lord of Abyss Demon hurriedly said.

He is the descendant of the ancestor of the deep demon, and he naturally knows the methods of the ancestor, as long as the ancestor is serious, he can hardly escape.

"Magic Ancestor Luohu, Mo Li, where can I hide here?"

Qin Chen took a deep breath and said with a cold voice, squinting his eyes.

Can't continue to escape, at the speed of the ancestor of the abyss, no matter how far they leave in advance, the other party is afraid that they will have the means to find them.

Must find a hidden place.

"Go to the Meteorite Demon Realm."

Luohu Demon Ancestor said solemnly.

Mo Li glanced at Qin Chen, and gritted his teeth: "Meteor Demon Realm is our base camp. There is a land of Demon Abyss, which may be able to cover the perception of the ancestor of the Abyss Demon."

Mo Li was also a little panicked at this moment, with a strong feeling of palpitations in his heart, as if a catastrophe was imminent.

"Mo Ye, what about the Meteorite Demon Realm?" Qin Chen asked the Lord of Yuan Mo.

He is the person who knows the ancestor of the Abyss Demon best. "Master, the Meteor Demon Realm is a dangerous place in my Demon Realm, and it is also a land of ruins. Only those who are abandoned by my Demon Race will enter it. However, there is indeed an abyss in the Meteor Demon Realm. Place, very much

Profound, in which the devilish energy is chaotic, it may be able to escape the perception of the ancestors, but it is only possible. "

The Lord of Abyss Demon was also not sure, because even though the Meteorite Demon Realm was special, he could face the ancestor of the Abyss Demon, so he did not dare to pack a ticket.

"Then... go to the Meteorite Demon Realm first."

Qin Chen's eyes flashed and said decisively.

Since there is no other place to hide for the time being, you can only go to the Meteorite Demon Realm first.

"You guys, lead the way." Qin Chen said to Luohu Demon Ancestor and Mo Li.

"Asshole, it can only be so." Mo Li glanced at Qin Chen uncomfortably. The Meteorite Demon Realm was considered their base camp. From the beginning, they ascended to the Heaven Realm. After entering the Demon Realm, they descended into the Meteorite Demon Realm. Years have passed, I have already had a great grasp of the Meteor Demon Realm.

Control, naturally do not want such a place to be exposed to other people.

Especially in front of Qin Chen.

But at this time, there is no other way.

"Follow us."

Mo Li gritted his teeth and said: "We are not far from here, and there is a teleportation channel that can go directly to the Meteorite Demon Realm."

"Be banned."

The Demon Ancestor Luohu took the magic power and the Demon Lord Chiyan, and at the same time shouted at Qin Chen, with a loud boom, hiding in the void, rushing towards the location of the transmission channel.

At this moment, even Luohu Demon Ancestor did not have the arrogant posture before, but frowned and rushed.

The chaotic gods and demons are above the sea, and the terrifying demonic storm at this moment obscures the sky and the sun, covering the entire chaotic gods and demons sea.

"Ancestor."

"It's the ancestor here!"

The Flame Demon Supreme and the Black Tomb Supreme stood up suddenly and looked at the sky in the distance, their expressions reverent and respectful, and their bodies trembling.

At the end of the endless horizon of Chaos God Demon Sea, a vague figure appeared from a distance.

This figure is extremely vague, as if at the end of the endless horizon, but in the blink of an eye, it has already come to the sky above the chaotic demon sea, and the whole person stands proudly in the world, like a demon god, patrolling his territory and wandering in the void.

It is the ancestor of the Abyss Demon.

Boom!

The ancestor of the deep demon strode, and the void exploded wherever he went. The sea of chaos gods and demons was boundless and extremely vast, and even the supreme powerhouse would not be able to get through it in a moment.

But this figure seemed to straddle the endless void. In an instant, it had already arrived at the location of the Chaos God and Demon Island, and the terrible aura was permeated, and the entire Chaos God and Demon Island was roaring violently, as if it was about to explode.

"Flame!"

"Black Tomb!"

"I have seen Master Demon Ancestor!"

Both the Flame Demon Supreme and the Black Tomb Supreme bow their heads. These two supreme powerhouses can be called the indomitable figures of the Demon Realm. With a word, the ethnic group shook, and the Demon Realm was surging.

But in front of the ancestor of the deep demon, it was like two quails, afraid to move, trembling and looking terrified.

"Flame Demon, Black Tomb, you two are injured? What happened to the Chaos God Demon Sea? What about the Chaos God Demon Lord?"

The ancestor of the Abyssal Demon descended into the Sea of Chaos Gods and Demon, his eyes sank suddenly with just a sweep of his eyes. The injuries on the body of the Flame Demon Supreme and the Black Tomb Supreme were quite serious. Each body was seriously injured and was very embarrassed. This made him change color. In this demon world, it is not that there are stronger than the Flame Demon Supreme and the Black Grave Supreme, but these two People come by their own orders , In the Demon Realm, who else would dare to disobey his majesty? Injured two people seriously?

"Back to the ancestor... I'll wait..."

The Flame Demon Supreme hurriedly spoke in panic, trembling.

It's just that he hadn't finished speaking yet, the ancestor of the Yuanmog stared at the wounds of the two, and his complexion suddenly changed.

"The breath of death?"

The ancestor of the deep demon shouted angrily.

He raised his hand abruptly with a bang. As the supreme Flame Demon Supreme and Black Tomb Supreme had no resistance, they were instantly captured by the ancestors of the Abyss Demon on their hands, looking like a duck with a stuck neck. Frightened, unable to move.

"Ancestor, you..."

The two looked horrified.

"Sure enough, it is the power of the rule of death, how is it possible? What is going on in the end?"

The ancestor of Yuanmo changed his color and couldn't help snarling.

The rule of death is a rule that can only be controlled by the people of the underworld, and he and the people of the underworld have agreed and strategized, why would the Balrog Supreme and the Black Tomb Supreme hurt above the death rule?

"Back to my ancestors, it is the rule of death. Previously, someone in the underworld severely injured me. I suspect that the abnormal changes in the chaos and demon sea are all done by people in the underworld. The underworld will invade my demon world." Hei Tomb The Supreme hurriedly took a breath and said in horror.

"The underworld is going to invade my demon world? How is it possible?"

The ancestor of the deep demon yelled, banged, and threw them out in an instant, and then ignored the Supreme Flame Demon and the Supreme Black Grave, and instantly landed on the Island of Chaos God and Demon and entered the dark pool.

As soon as he entered the dark pool, the face of the ancestor of Yuanmo suddenly changed.

Originally, in the dark pool containing the power of the Dark Demon Source of the Chaos God Demon Sea for hundreds of millions of years, the devil energy was thin, as if the treasure house was swept away.

"Dark Pool, how could it become like this?"

The ancestor of Yuanmo was frightened, roared, and continued to go deep into the dark source pool, and he also saw the empty dark source pool.

The ancestor of Yuanmo turned pale, and his body was trembling slightly.

"The ancestor is going to kill him for that trash, God and Demon Lord."

A terrible devilish energy on the ancestor of the deep demon rose into the sky, banging, and the entire chaotic \*\*\*\* and demon island roared violently, bursting open, and half of the demon island was instantly shattered.

Anger was in his heart.

The ancestor of the deep demon looked furious, he didn't want to stay, and continued to move forward, and instantly saw the devilish formation arranged by the Supreme Flame Demon and the Supreme Black Tomb.

"Where did the devilish energy formation come from!" The ancestor of the deep demons changed color. When did there be a great array of devil energy here?

[Chapter 4539: So angry](#)

what the hell?

At this time, the anger in the heart of the Yuanmo ancestor was unprecedented.

Although he received a message from the Chaos God Demon Lord, he didn't know what happened to the Chaos Demon Sea. He thought it was only a sneak attack by some righteous army.

But who would have thought that after coming to Chaos God Demon Sea, what he saw was such a scene.

boom!

The ancestor of the deep demon roared, and the terrible magic power suddenly burst out from him, like stars exploding and the magic sun destroyed.

At this moment, no one can describe the horror of this power. The Flame Demon Supreme and the Black Grave Supreme not far away showed horror. With a bang, they were bombarded by this force and flew out directly, looking terrified one by one. , Bleeding from the corners of the mouth.

"Ancestor!"

And at this moment, there was a bang, and a terrible supreme aura came from a distance. When the Flame Demon Supreme and the Black Tomb Supreme looked up, they saw a towering figure straddling the endless sky, and it also instantly descended on the Island of Chaos Gods and Demon. .

This towering figure, like a god, is the current patriarch of the Yuanmo clan, the Supreme Erosion Yuan.

"Have seen Supreme Master Eclipse!"

Seeing the visitors, the Flame Demon Supreme and the Black Tomb Supreme changed their colors and hurriedly saluted them respectfully.

"Ancestor, what's wrong with him?"

Supreme Eclipse was too lazy to pay attention to the two of them, but looked at the ancestor of the abyss demon in amazement. The ancestor was so angry. Could it be that there was an accident in Death Underworld?

Zhu Yuan Zhizun was shocked, his figure shook, and he hurriedly came to the ancestor.

At this moment, the ancestor of the deep demon looked at the devilish formation in front of him in anger, feeling anxious, and suddenly raised his hand to explode the devilish formation in front of him in an instant.

"Ancestor, no!"

When the Flame Demon Supreme and the Black Tomb Supreme saw this, they were shocked and hurried forward.

"Ancestor, there is a strong underworld in this formation, this person is capable of reaching the sky, and you must not be careless."

The Flame Demon Supreme and the Black Tomb Supreme said anxiously.

"A strong underworld?"

The ancestor of the deep demon gave a cold snort, and the big hand fell directly, when he heard a boom, the demon energy in front of him burst out, and a deep breath of death was suddenly transmitted from it.

"Damn, it's endless, isn't it? Who is it again, dare to disturb this seat and seek death!"

The moment the devilish gas array broke open, a roar of fright was transmitted from the large array.

I saw the yin and yang whirlpool in the dead earth in the depths of the formation, a roaring roar rising to the sky.

Boom!

A force of death origin swept through, instantly turned into a death spear, and burst out of that yin and yang whirlpool.

This death spear was completely dark, and it exuded a cruel luster. The death rules and runes flashed on it, and the burst of breath instantly shocked the world, and it rushed toward the ancestor of the abyss.

With a bang, when the spear appeared, the Demon Realm Heavenly Dao was throbbing, seeming to be disturbed by this death rule. The terrifying Demon Realm's origin was crazily suppressed and wanted to suppress this death spear.

The Immortal Emperor is really angry.

The people of the dark clan come to make trouble for themselves over and over again. They really think they have a good temper and won't get angry, don't they?

"Go to hell!"

The terrifying death spear contains the violent will of the undead emperor, and slashes forward. Boom, the world is boiling, and I feel the terrifying breath of death on the death spear. The goose bumps on the flames and the black tomb are all coming out. For a moment, it is like falling into an ice cave, and the soul seems to be frozen. This hit was instantly

Hole through, crushed to pieces.

The breath of death was too terrifying, and the mere breath that escaped made it difficult for them to breathe and it was difficult to resist.

If it hits them, it will be severely injured instantly, and even kill them. However, the ancestor of the Abyssal Demon remained unmoved. He was tall and tall, with big hands protruding out, and with a bang, his palms turned into the sky. In the vast palms of his hands, a great world of demons emerged. Time, life and death, yin and yang, great world

The breath rises to the sky.

With a bang, the eyes of everyone saw that the ancestor of the deep demon slammed the death spear in his hand, booming, and the breath of death that was terrible to kill the supreme strong continued to impact, and violently bombarded the elder of the deep demon. On the palm of the ancestor. The death spear turned crazily and came assassinated, and you saw the death rules at the tip of the spear. It was necessary to pierce the palm of the ancestor of the abyss demon, but the magic talisman in the palm of the ancestor of the abyss flickered. The magic talisman is so majestic and huge, like

The sacred mountains of the ancient times blocked the heavy death aura strongly, unable to invade the slightest. In the end, with a bang, this death spear was directly squeezed and exploded by the ancestor of the deep demon, and the terrifying death breath burst out all at once. The Flame Demon Supreme and the Black Tomb Supreme were all bombarded under this breath of death. Flying out thousands of feet, his face is uncertain

, The body's breath fluctuated, and finally he wowed and vomited a mouthful of blood.

This changed the color of the two of them. The underworld powerhouse in this yin and yang vortex was too terrifying. The mere breath of death that escaped wounded them. If it hits them, the two of them will be dissipated in an instant, and their bodies will be different. Place.

Fortunately, the ancestor is here. "Huh? With such a breath, is there a big person from the dark clan? Huh, it seems that the dark clan is going to fight against my underworld. Okay, very good, you dark clan, so bold, my underworld is across the universe. It's the first time I met

Dare to fight against my underworld! "

Boom!

The icy murderous aura was permeated, and the Immortal Emperor felt his own blow, but he was actually blocked, and endless murderous intent swelled in his voice.

The dark race must have a big man, otherwise it would be impossible to stop his own blow.

Although one's own attacks will be infinitely weakened when they pass through the gate of reincarnation, but it is not something ordinary supreme can resist.

Thinking of this, the Immortal Emperor was completely furious.

The yin and yang vortex swelled violently, and it turned out to be an even more violent attack.

The ancestor of the deep demon strongly blocked the undead emperor's attack. Before he spoke, he saw the immortal emperor still wanting to take action. He suddenly changed his color and hurriedly shouted: "The immortal emperor, stop, it's the ancestor, why are you crazy? ."

The ancestor of the deep demon screamed out, but his heart was Yisong. He was cooperating with the undead emperor, trying to weaken the power of the demon world. Now the gate of life and death is still there, and the immortal emperor is still there. That is not the case. Serious enough to be irreparable.

But, what is the other party going crazy? Even do it yourself?

"you are?"

The Immortal Emperor frowned, how could this voice be so familiar.

"It's me, the ancestor of the abyss demon." The ancestor of the abyss demon said coldly, his face blue.

"Ancestor of Abyss Demon, is it you?" Hearing this, the horror aura that erupted from the yin and yang whirlpool suddenly converged, and then, an angry consciousness spread out, angrily said: "Ancestor of Abyss, you finally rushed Here, look at your good deeds, let this seat cooperate with that kind of dark race, a group of guys who eat inside and out, you deserve to die."

## Chapter 4540: Outside

"Eat inside and out? Immortal Emperor, what is going on?"

The ancestor of the deep demon was shocked, could it be that what happened today was the hand of the dark clan. The Immortal Emperor snorted coldly: "Huh, what's going on? Back then, you and I agreed that you and I would unite the dark clan and weaken the heavenly path of the universe demon world, so that the dark clan and my underworld can descend into this universe. , But, not long ago,

The dark race betrayed us and directly attacked the dead land of this seat, and competed for the power of life and death of the soul of this seat to weaken the devil's Tiandao. Isn't this what it is to eat inside and out? "

"What? The Dark Clan who attacked your Death Underworld? Immortal Emperor, are you sure it was the Dark Clan who did it?" The ancestor of the deep demon said in a deep voice, with a hint of doubt in his heart.

how can that be?

He said in a deep voice: "Immortal Emperor, the dark race is afraid that they would like to cooperate with you, so that they can come to this universe and prevent you from doing so for them?"

The ancestor of Yuanmo was puzzled. "How do I know..." The Immortal Emperor snorted: "Before, it was indeed the hands of the dark clan, that the dark aura can still perceive the wrong? If it were not for the Tianyuan Supreme and the Chaos God Demon Lord under your command to drive away Because of the opponent, this seat might have to consume more of the source. That day, Yuan Zhizun and the Chaos God Demon Lord told this seat that the reason why the Dark Clan acted on this seat is because the Dark Clan not only cooperates with your demons, but also cooperates with you. Other races and human races in this universe also cooperate

. "

"fart."

The ancestor of the deep demon directly yelled, the dark race and the human race cooperate? Are you kidding me? "At that time, the many top forces of the ancient war I human race were precisely this dark race trying to destroy them. For example, the Heavenly Sword Pavilion, the Heavenly Secret Sect and other forces. That destruction has nothing to do with the dark race. Under this world, all races may be related to the dark race.

Cooperation is impossible only with the human race. "

The ancestor of the deep demon affirmed.

The human race and the dark race have a sea of blood and deep feud, killing them, it is impossible for each other to cooperate. "This seat still lied to you. If you don't believe it, just ask the Heavenly Abyss Supreme of your clan, and that chaotic \*\*\*\* and demon master. Back then, you arranged for him to guard the dead earth of this seat, right? He was also there before. , This is what they told me, if

It's not them, this seat is afraid that the clone has come, and the origin is greatly depleted. This dead land may no longer exist. Are they all deceiving this seat? "

The Immortal Emperor sneered again and again. This ancestor of the Abyssal Demon is too naive, thinking that it is impossible to cooperate if there is blood and deep hatred? Between heaven and earth, there are benefits and benefits, not to mention the deep hatred, no matter how great the hatred is, what can it be? Immortal Emperor sees a lot of things like this

Up.

"Sovereign Tianyuan? Who is that?" The ancestor of Yuanmo condensed his eyes, finally caught the point, and squinted his eyes: "Also have you seen the God of Chaos?"

The undead emperor said: "The Supreme Heavenly Abyss is the supreme of your Abyss Demon Clan, why, don't you know? And that chaotic \*\*\*\* and demon Lord, I did see it.

"Where are they now?"

"They killed out in order to defend this seat against the attack of the Dark Clan. You came here earlier, didn't you see them?" The Immortal Emperor snorted coldly.

"The Flame Demon Supreme, the Black Tomb Supreme, come here."

The ancestor of the deep demon turned around and shouted coldly, immediately the Flame Demon Supreme and the Black Tomb Supreme rushed over, and even respectfully saluted: "Old ancestor!"

"Are they two beasts?"

Feeling the breath of the two, the aura of the Immortal Emperor suddenly surged with murderous intent, and the killing intent was boiling: "The ancestor of the deep demon, these two are the remnants of the dark clan, and I will not kill them for this seat!"

"The remnants of the dark clan? What mess, these two people are from my demon clan, one is the flame demon supreme of the flame demon clan, and the other is the black tomb supreme."

The ancestor of Yuanmo frowned.

"You members of the Demon Race? Why did these two people act on this seat before, the ancestor of the deep demon, you have to give this seat an answer."

boom!

The undead emperor's body was billowing dead, like a sea of blood shaking the sky.

"Senior, in the outside world, people from the underworld were attacking, so I mistakenly thought that Senior was also the enemy of my demons, so..."

The Flame Demon Supreme and the Black Tomb Supreme hurriedly explained.

They are not idiots, and they all understand instantly that the terrifying underworld existence in this dead land is actually a person on the side of their demons, who have known their ancestors for a long time, and even the other party that his ancestors have drawn in.

"Nonsense, here, just this place, how can anyone from the underworld sneak attack you, the ancestors of the deep demon, these two are definitely spies of the dark clan, and they should not quickly kill them." The undead emperor roared.

"People from the underworld attacked you? What the \*\*\*\* is going on?"

The ancestor of the Yuanmo squinted his eyes, with doubts in his heart. For a moment, he thought of a lot of things that were wrong, and he even yelled: "After you two came here, what did you see? Did you see the gods and demons? From the beginning to the end, everything you did was truthful. Tell, one by one,

Do not miss any points. "Yes, ancestors, after I received the call from the Supreme Master Eclipse, I rushed to the Chaos God Demon Sea as soon as possible, but I did not see the Chaos God Demon Lord. When I arrived, There is a demon supreme who is slaughtering here, blocking us from waiting ..."

The Flame Demon Supreme and the Black Tomb Supreme did not dare to be careless, and even told the ins and outs of the matter, they did not dare to neglect the slightest.

For example, it was blocked by Luohu Demon Ancestor, and later attacked by Mo Li and Chi Yan Demon Lord. In the end, Qin Chen who was applying the death rule was sneaked into and was seriously injured. It was originally told.

During the entire process, the two did not see the Chaos God Demon Lord and Tianyuan Supreme mentioned by the Immortal Emperor.

"Nonsense, that day Yuan Zhizun and Chaos God Demon Lord clearly left from this seat. The time is extremely consistent with what you said. How can they not see it? It is clearly a deliberate concealment, with ulterior motives."

The Immortal Emperor snorted coldly.

"Immortal Emperor, don't rush to conclusions, what's the situation on your side?" The ancestor of Yuanmo narrowed his eyes and said.

"Well, I will talk about the ins and outs of the matter."

Although the Immortal Emperor was furious, in front of the ancestor of the Abyss Demon, he did not continue to harass him, because deep in his heart, he also vaguely felt something wrong.

If these two are really members of the Dark Clan, how could they stay here so idiot? This lie is too easy to expose.

It's just that what I have seen is extremely real, and there can be no falsehoods.

Immediately, the Immortal Emperor also informed the ancestor of the Abyss Demon one by one. When I heard that someone possessed the power of the abyss and was able to use the path of the abyss, he suddenly changed color and his pupils shrank: "Immortal Emperor, are you sure you are not mistaken? The other party can really use the path of the abyss?"
