

## Valkyrie 4541

### [Chapter 4541: Lie to you](#)

"What did I lie to you."

The Immortal Emperor snorted coldly.

Zhiyuan Zhizun's face changed slightly, and he stepped forward and said, "My ancestor, the powerhouse of the Abyss Demon Clan, my subordinates are extremely clear that there is no one named Tianyuan Supreme."

"You mean I'm lying to you?"

boom!

The yin and yang whirlpool surging, and death is boiling, as if the end is coming.

The words of the Supreme Eclipse Yuan clearly do not believe in himself, so how can the Immortal Emperor not be angry? The ancestor of the Yuanmo squinted his eyes and said in a deep voice: "Immortal Emperor, this matter is full of doubts and weird. You should also have lost a lot of origin. Let's rest for a while, and wait for the ancestor to find out the truth. You are fair and hope that today

, Do not affect the cooperation between the two of us. "Hmph, the ancestor of the deep demon, if it weren't for what I've been working with for so many years, I would never let go of today's affairs, but since you said so, I'll sell you a face today. You don't have to kill these two boys. Do not

However, if you turn your head and don't give me an explanation, don't blame me for turning your face and not acknowledging people, I am not dead, it is not so fun. "

"Also, in this accident, this seat has lost a lot of origin. If you want this seat to continue to suppress this demon realm heavenly path for you, you need to provide this seat with more demon souls and vitality, otherwise, I will wait for a big deal. Shoot both parts."

boom!

The billowing dead air converged, and the yin and yang vortex was suddenly restrained, instantly closing the transmission channel.

The breath of the immortal emperor suddenly disappeared, obviously isolated from the connection with this place, and went to recuperate.

This dead earth has restored its calm, but it is much weaker than it was at the beginning, and the dark source pool is also empty, like a barren wilderness.

The ancestor of Yuanmo's face was blue, his eyes were uncertain.

"Ancestor."

Eclipse Yuan Zhizun connected to the front road.

"Old Ancestor, I really didn't see the Chaos God Demon Lord and that Heavenly Abyss Supreme..."

The Flame Demon Supreme and the Black Tomb Supreme also hurried forward.

The ancestor of Yuanmo raised his hand and his face was cold: "Don't say anything, follow me."

One step.

The ancestor of Yuanmo came to the sea of Chaos God and Demon instantly. Supreme Eclipse Yuan frowned slightly, and said: "Ancestor, what exactly happened before? Why didn't the emperor die say that he had seen the \*\*\*\* of chaos, but the \*\*\*\* of chaos was not here at all, there was no news, and The flame demon supreme what they saw, why and

Senior Immortal Emperor sees completely different? "

"You ask me, how do I know?" The ancestor of Yuanmo snorted coldly.

"However, the truth will soon become clear."

"boom!"

I saw the body of the ancestor of the abyssal demon suddenly towering, and in an instant, it was projected onto the entire sea of chaos and demon.

now.

The strong men in the entire Chaos Gods and Demon Sea all raised their heads in horror and saw a pair of icy eyes that appeared above the Chaos Gods and Demon Sea, staring at everyone in the Chaos Gods and Demon Sea.

A kind of fear that originated from the depths of the soul was instantly transmitted to everyone's heart, causing everyone present to kneel on the ground in horror, shivering.

"Where are the Eight Great Demon Kings of Chaos God Demon Sea?"

The ancestor of the abyss demon rumbling loudly: "My ancestor, ancestor of the abyss demon, today, there has been some accident in the Chaos Demon Sea, so my ancestor has something to ask you."

A magnificent and cold voice was instantly transmitted to the minds of every powerful Demon Race in the Chaos God Demon Sea, resounding like Hong Zhong Dalu, crazily.

"It's the ancestor."

"The ancestor has come."

In the chaotic sea of gods and demons, all the strong men raised their heads in horror.

Among them, the eight demon kings tremble even more.

Where the Eternal Demon Island is located, the Eternal Demon Lord, the Black Stone Demon Lord and others are also creeping on the ground in horror.

Under the majesty of the ancestors, what is the pinnacle of heaven, it is really like an ant, and it can be destroyed with a finger.

"Previously, there was a riot in the Chaos Demon Sea. Some strong people broke into the Chaos Demon Sea. You, etc., are there people who have dealt with the other party? Anyone who has dealt with, come forward."

The ancestor of Yuanmo said coldly, with a trace of bewitching power in his voice.

Hum!

Suddenly, under the gaze of everyone, the Black Eyed Demon King slowly walked out, his eyes dull, as if bewitched.

As for the other demon kings, they still knelt on the ground.

"Huh? Just the one who has dealt with?"

The ancestor of Yuanmo frowned, "However, that's enough."

boom!

The sky-opening eyes of the ancestor Yuanmo in the sky suddenly disappeared.

Everyone is awake. The eternal demon had a palpitating heart. Fortunately, when the master and the chaos demon master fought against each other, he never stepped forward, but just kept on his one-acre three-centred land and pretended to be, otherwise, under the magic words of the ancestors of the deep demon, Can't resist at all, must

Of course will come out.

Not to mention that he is a pinnacle of heaven, even the supreme powerhouse, can not resist the demon words of the ancestors.

Among all the strongest demon kings, only the Black Eyed Demon King was agitated and woke up.

Just now... was I bewitched by the ancestor?

It's just that his thought hasn't fallen yet. With a bang, the void in front of him suddenly shattered, and a huge palm came out in an instant, grabbed the Black Eyed Demon King, suddenly took it away, and disappeared.

Next to the Black Eyed Demon King, a group of demon monarchs who followed him, all looked frightened, but they didn't dare to say a word, they were so frightened that they were paralyzed.

At this moment, the Black Eyed Demon King was already taken by the ancestor of the Abyss Demon to the sky above the Island of Chaos God and Demon.

"Subordinate... met the ancestor..."

The Black Eyed Demon said tremblingly, his whole body weakened, and he couldn't stand straight anymore.

"Have you ever seen someone who fought against the Chaos God Demon Lord?" The ancestor of the deep demon squinted his eyes.

"Yes, the subordinates have seen it before, and even the two subordinates and the other party's subordinates have fought against each other..." The Black Eyed Demon hurriedly said, "The subordinates will tell the ancestor the whole story."

"No need." Yuan Mo ancestor said.

The Black Eye Demon was startled.

boom!

A big hand blasted directly above his head, and the whole person was picked up by the big hand in an instant.

"Ancestor...no..."

The Black Eyed Demon screamed in horror and looked terrified.

"You don't need to speak slowly, my ancestor will watch it by himself."

An icy voice sounded, and the ancestor of the abyss squeezed the body of the black pupil demon king, and the terrifying soul power instantly rushed into the opponent's body to search for the soul.

"what!"

The Black Eyed Demon screamed sternly, his eyes widened, blood was flowing out of his seven orifices, his appearance was stern, like a ghost.

On the side, the Flame Demon Supreme and the Black Tomb Supreme both looked horrified, bowed their heads, trembling, and their entire bodies erected with cold hair.

The Black Eye Demon King is one of the best among the eight great demon kings.

Although far inferior to them, such a strong person is so good at searching for souls. Unless they use some special cruel methods, it is impossible to fully detect the memory of the other party. But this kind of soul search method is extremely tragic, even if the soul search is successful, the soul will be scattered and cruel.

#### [Chapter 4542: Peeping into the sky](#)

The ancestor of the Abyssal Demon closed his eyes, and the terrifying soul power was in the mind of the Black Eyed Demon King, raiding unscrupulously.

The memories were clearly seen by him.

First of all, the Chaos God Demon Sea Demon Source Array was moved by people, causing the Chaos God Demon Lord to be angry, searching everywhere, and shocking the entire Chaos God Demon Sea.

Later, the Chaos God Demon Lord discovered that the Demon Ancestor Luohu and several people took a strong move to suppress and block them, and fight with them. As the closest Demon King, the Black Eyed Demon King arrived the fastest and fought against Demon Li and Chiyan Demon Lord.

Unexpectedly, the other party's methods are extraordinary, and it has been unable to win.

When the two sides were fighting fiercely, there was a change in the Demon Island of the Chaos God, and there was endless life away. Under the anger of the Demon God, the Demon Lord hurried back to rescue. The Black Eyed Demon King also rushed to the Demon Island of the Chaos. These scenes, Clearly presented.

However, because the Black Eyed Demon King didn't rush back in time, he didn't see the following scenes. Of course, he survived.

boom!

All the memories were spied by the ancestor of the abyss demon in an instant. In the end, the Black Eyed Demon screamed, unable to withstand the soul-searching power of the ancestor of the abyss, the soul flew away in an instant, and the body collapsed on the spot, turning into a blood mist.

This Black Eyed Demon King finally survived, but it was a pity that he died here in the end.

"Old Ancestor, what's the matter?" Zhiyuan Supreme said nervously.

"See it for yourself."

The ancestor of Yuanmo opened his eyes, and a cold light flashed suddenly.

boom!

He raised his hand, and the terrifying devilish energy soared to the sky, and the scene in the mind of the Black Eyed Demon King instantly appeared in front of the Supreme Eclipse and the others.

"this is....."

Seeing the Luohu Demon Ancestor and others in that image, the pupils of the Supreme Master Luzhou suddenly shrank, revealing a look of shock.

"Old ancestor, this is the one who fought with me before."

The Flame Demon Supreme and the Black Tomb Supreme hurriedly shouted.

"There are also these two people, ancestors. These two guys have sneaked on their subordinates." Looking at Mo Li and Chiyan Demon Lord, Hei Tomb Supreme even changed his color: "It's the three of them."

"Sneak attack on you?"

The Supreme Eclipse looked at the Supreme Black Tomb suspiciously, "Black Tomb, these two guys look from the image, they are not even Half-Step Supreme, how can they sneak on you?"

Are you kidding me? The Supreme Black Tomb continued: "Master Luyuan Supreme, the cultivation bases of these two people are not that simple. When they attacked their subordinates, their cultivation bases were much stronger than in this picture. Although they were only close to the half-step Supreme, they were faint. Hurt the strength of the subordinates."

"

"Yes, there is another person whose cultivation base is not limited to the strength in the screen, but is much stronger." Flame Demon Supreme Lian said.

"Huh, how is it possible? When the Black Eyed Demon King fights against this person, and the time when you fight against this person is at most hours apart, how can there be such a big gap."

Eclipse Supreme snorted coldly, how could the strength of the strong have changed so much in a short period of time? Isn't it an excuse?

"My lord, what I said is true." The Flame Demon Supreme and the Black Tomb Supreme hurriedly changed their colors.

"Dark Origin Pool!"

The ancestor of the deep demon said coldly, and there was endless anger in his voice.

As soon as he said this, Supreme Eclipse suddenly changed color and looked towards the dark pool below.

"Ancestor, do you mean that the other party swallowed this dark pool?"

"Otherwise?" The ancestor of the deep demon said coldly: "Dare to destroy the ancestor's plan under the ancestor's eyelids, something that does not know life or death. By absorbing the power of the dark pool, this person can improve his cultivation in such a short time. , And possess such a terrible chaotic devilish energy, could it be

Those ancient guys? "

The ancestor of Yuanmo squinted his eyes and frowned in thought.

Hearing this, Supreme Eclipse hurriedly asked, "Ancestor, who exactly are you talking about? Why have you never seen this person? My demon, when did such a powerful person appear?"

"The origin of this person, my ancestor just has some speculations, I'm not sure for the time being." The ancestor of the deep demon looked at the flame demon supreme: "Besides the three of them, do you think there are other people who have worked with you? "

"Yes, the ancestor, there is also a strong underworld. The strong underworld contains death energy in his body, and his strength is not inferior to this supreme strong. Under this person's sneak attack, his subordinates did not notice for a while and were almost seriously injured. ."

Flame Demon Supreme hurriedly said.

"Oh?"

The ancestor of the deep demon suddenly raised his hand and banged, and a terrifying force immediately enveloped the flame demon supreme. Under the horrified gaze of the flame demon supreme, the flame demon supreme was instantly caught and captured, and a terrible demon gas was like the ocean. Crashed into his body.

Boom!

This force almost burst the Flame Demon Supreme, but he did not dare to move, only his eyes were scared.

Fortunately, the strength of the ancestor of the deep demon only swept away in his body, and then recovered in an instant, and then let him throw it out, the flame demon supreme hurriedly got up.

An invisible breath of death gathered in the palm of the ancestor of the deep demon, like a cloud of smoke, constantly circulating.

"Sure enough, it's death."

The ancestor of the deep demon looked at the trace of power captured from the body of the flame demon supreme, closed his eyes, and said in a deep voice: "However, this breath of death seems a little weird."

"Is it really a person from the underworld? The Immortal Emperor was deceiving me and waiting before?" Zhiyuan Supreme said solemnly. "It's not like." The ancestor of the deep demon shook his head, "The Immortal Emperor knows the methods of this seat, not to mention, he must cooperate with the ancestor to enter this universe. There is no reason to deceive me with such a bad reason, because This is too easy to see through,

It is not in his interest. "

"What's going on? Why don't Die Emperor and Flame Demon Supreme, what they said is completely different?"

"This ancestor hasn't figured it out yet, but there must be something strange and special in it, huh, how can it be so easy to escape from the ancestor."

The ancestor of Yuanmo suddenly sneered.

He suddenly sat cross-legged, and a trace of invisible power merged into the death aura in his hand. The next moment, a terrifying power fluctuation centered on the ancestor of the Abyssal Demon suddenly swept out.

Boom!

I saw that the ancestor of the deep demon seemed to be fused with the devil's heavenly way, the energy in the entire demon world was boiling, and the chaotic gods and demon sea instantly surged into the sky, like the end of the day.

I saw a dark whirlpool appeared on the head of the ancestor of the deep demon. This whirlpool was deep and terrifying, like a mirror, reflecting the entire demon world.

The ancestor of the deep demon is trying to perceive every corner of the demon world through the demon world.

In the sea of chaos, gods and demons.

The Eternal Demon King and others all raised their heads in horror, endless terrifying expressions in their eyes, all creeping on the ground, trembling.

This force makes them feel that they are being spied on, and their souls are trembling.

"It's the ancestor's peeping technique!"

Above the Chaos God and Demon Island, Eclipse Supreme and the others also had their eyes shocked and extremely excited. The art of peeping into the sky is a special snooping method of the ancestors of the deep demon. You can use the opportunity of merging the demon world to spy on all the abnormalities between the world and the earth.

#### [Chapter 4543: Moluo Void Array](#)

No matter where those guys ran to, as long as they were nearby, they would definitely be sensed by the ancestors of the deep demon.

These methods are more than a hundred times stronger than the soul-searching technique of the gods of chaos and demon masters.

Among the entire demon clan, the ancestor of the abyss demon can use the demon world's heavenly way to perform this sky-seeing technique.

"Boom!"

Endless and terrifying aura, instantly descended on this world, instantly covering the chaotic gods and demon sea, and even diffused out at an extremely alarming speed.

Although the technique of peeping the sky can spy on the entire demon world, it is actually just a statement. No matter how strong the ancestor of the deep demon is, it is impossible to detect the situation of the entire demon world in a single thought.

Instead, it was centered on the ancestor of the deep demon, the closer the place was, the more clearly the ancestor of the deep demon could perceive it with the power of heaven.

Whoosh!

The invisible power instantly filled the sea of chaos, gods and demons.

"No?"

"Hmph, these guys run quite fast, but my ancestor wants to see where these guys can go in this demon world."

The ancestor of Yuanmo snorted, and the power of invisible spying continued to spread.

now.

Somewhere in the void, hundreds of thousands of miles away from the Sea of Chaos Gods and Demon Seas.

Qin Chen and Luohu Demon Ancestor were flying madly.

Hurry up!

A strong sense of crisis has always lingered in their hearts, making them fly by like crazy.

However, no matter how Qin Chen and the others fly by, the sense of crisis is always floating in Qin Chen and their hearts.

and.

The Demon Realm Heavenly Dao above Qin Chen and their heads faintly fluctuated, as if the entire Demon Realm had fallen into a strange state.

"This is... the ancestor's technique of peeping into the sky? Master be careful." The master of the deep demon even changed color.

"The technique of glancing at the sky, what is that?" Qin Chen frowned. The Lord of Abyss Demon hurriedly said: "The technique of peeping into the sky is the special magical power of the ancestor. As the master of the demon world, the ancestor communicates with the demon world and the demon world all the time. Today's ancestors can already have a certain degree of suppression and control over the demon world. , As long as the ancestor is willing,

You can melt into the Demon Realm's Heavenly Way, and use the Demon Realm's Way to spy on the entire Demon Realm. "

"What? Spy on the entire Demon Realm through the Dao of Heaven?" Qin Chen changed his color, so he still had such supernatural powers?

But immediately, he couldn't help frowning and said: "No, if the ancestor of the deep demon had such supernatural powers, what else would he need the psychic demon stone to do? Wouldn't it be possible to sense the situation of the entire demon world in a single thought?"

"Master, it's like this. Although this prying technique can be used to spy on the entire demon world through the devil's heavenly path, it is also limited and cannot be infinitely peeped." The master of the abyss said: "For example, with the master, you With the current strength, if the ancestor is in the ancestral land of my Abyssal Demon Race, even if he uses the technique of peeping the sky, he can vaguely sense the changes in the atmosphere of the Chaos Gods and Demon Sea, but it is only a general perception and wants to be completely

To understand what happened, you still have to come in person. "

"Furthermore, at such a long distance, as long as the owner hides the chaos and the devil as before in the chaos and demon sea, the ancestor will not be able to perceive it." "However, now the ancestor is most likely to perform this The technique of prying eyes, in such a short period of time, I can't escape the core scope of the technique of prying sky in any case. At that time, no matter what methods are used, my ancestors may perceive it.

."

"Then is there any way to avoid the prying eyes of the peeping technique?" Qin Chen said solemnly.

"Unless you leave the core place of the ancestor's Peeping Sky, but the core of Peeping Sky is too vast. In any case, I won't be able to fly out."

The Lord of Abyss Demon is anxious.

"Leave this area?" Qin Chen frowned, looked at Moli, and shouted coldly: "Moli, how long do we have to reach your teleportation formation."

The sense of crisis in Qin Chen's heart was sharply increasing. Obviously, what the Lord of Abyss Demon said was very likely to be true.

"Soon."

Mo Li also said anxiously, he also felt a sense of imminent disaster in his heart.

boom!

A group of people flew like crazy.

"Arrived."

Finally, when Qin Chen was about to get goose bumps all over, the Demon Ancestor Luohu suddenly stopped in the void, walked out of the void with a bang, and came to a valley below in an instant.

Here, there is a barren force, everywhere is lifeless, devilish, decayed, and enveloped by a miasma all year round.

Qin Chen also immediately followed Luohu Demon Ancestor to this valley.

As soon as Demon Ancestor Luohu raised his hand, the miasma suddenly dispersed, and a hidden formation appeared.

This large formation is extremely hidden. If it weren't for Luohu Demon Ancestor to take the initiative to show it, even with Qin Chen's formation skills, it might not be easy to find out for a while.

"Go ahead!"

Demon Ancestor Luohu didn't care to explain, he gave a low voice, and instantly entered this great formation with Demon Li and Chiyan Demon Lord.

When Qin Chen saw this, he also shook his figure, and went straight into it, without any doubt, and was extremely decisive.

This posture made the three of Luohu Demon Ancestor look at each other with admiration, their eyes condensed.

As expected of Qin Chen, it is no wonder that such an achievement can be achieved. This move is too resolute and decisive.

Instead of them, they didn't dare to rush into the big formation that others had arranged long ago. Who knows what the big formation is.

"What are you still doing? Don't start the big array soon."

Seeing Luohu Demon Ancestor and they were a little startled, Qin Chen immediately shouted.

When are these idiots, what are they doing?

"Damn, turn it on."

Demon ancestor Luohu shouted angrily and directly spurred the big formation, banging, and he saw the billowing devil energy surging, the countless miasma around it was quickly swallowed, and then merged into the big formation, the next moment, in the void, an invisible line The space channel was born.

"Moluo Void Formation? It seems that Luohu Demon Ancestor's strength has recovered a lot?"  
Honghuang Zulong said suddenly.

In ancient times, the Demon Ancestor Luohu was not only a top-level chaos \*\*\*\* and demon, but also a master of ancient formations. His large formations such as the hundred demon formations were extremely terrifying.

And this Mo Luo Void Array is also a powerful teleportation array controlled by the Demon Ancestor Luo Hu.

"Instill strength, don't stop."

Demon Ancestor Luohu gave a low cry, everyone's expressions were extremely serious and solemn, and the powers quickly merged into the big formation without any hesitation.

Boom!

In that passage, a terrifying force of space was born and quickly enveloped the four of Qin Chen.  
next moment.

boom!

A powerful spatial fluctuation flashed, Qin Chen and the four of them suddenly disappeared and disappeared in the valley.

And the power of the rolling formation here quickly disappeared.

At the moment Qin Chen and the others disappeared, hum, an invisible heavenly power came, and instantly enveloped the world, and expanded at an astonishing speed. This speed was faster than Qin Chen and the others' flying by. More than a hundred times a thousand times. Fortunately, Qin Chen and the others had disappeared, otherwise there would be nowhere to hide.

#### [Chapter 4544: Sense of crisis](#)

"Ok?"

Where the Chaos God Demon Sea was, the ancestor of Yuanmo suddenly frowned.

Because he felt an extremely obscure sensation, it seemed to have disappeared under his peeping technique.

However, he didn't care, but continued to probe.

Hum!

The power of the terrifying Demon Realm's Heavenly Dao spread rapidly.

A quarter of an hour.

Half a stick of incense.

A stick of incense.

The ancestor of Yuanmo suddenly opened his eyes.

"interesting."

The ancestor of Yuanmo smiled.

In the time of a stick of incense, his peeping technique had covered a distance that he couldn't fly, but he still couldn't perceive the location of those people.

This is getting more and more interesting.

"Old Ancestor, did you find it?" Supreme Eclipse Yuan even stepped forward.

"No, these guys are gone." Yuanmo ancestor said with a light smile, but his smile was very cold.

what?

Supreme Eclipse opened his eyes wide.

The ancestor didn't find it.

how is this possible?

According to the speed of the ancestor's sky-seeing technique, the time of a stick of incense is enough to diffuse through the endless demon realm, as long as the opponent escapes from the chaotic demon sea, it should have been perceived long ago.

"Old ancestor...How can this be possible?" Zhiyuan Supreme said in disbelief.

"What's impossible? Although the ancestor did not perceive those people, it does not mean that the other party has escaped from the ancestor's control." The ancestor of the Yuanmo sneered, "Come with the ancestor."

boom!

The ancestor of the deep demon shook his body and rushed towards the outside of the sea of chaos and demon.

"go!"

Supreme Eclipse Yuan glanced at the Supreme Flame Demon and the Supreme Black Tomb, his figure shook, and disappeared suddenly, and the Supreme Flame Demon and the Supreme Black Tomb also quickly followed.

After a while, the ancestor of the Abyssal Demon led a few people quickly to an open space outside of the Chaos Demon.

boom!

The ancestor of the deep demon slammed into the void, and the void suddenly collapsed, and a secret realm space emerged.

The Supreme Eclipses suddenly showed their faces, and they didn't even perceive that there was a secret realm in the void before.

However, under the power of the ancestors, it appeared in an instant.

This is a dilapidated secret space that has been broken for tens of thousands of years and is rotten, but there is no vitality in it.

"not here."

The ancestor of Yuanmo said coldly, his figure shook, and he continued to fly forward.

After a while, the ancestor of Yuanmo had already arrived in another void.

"boom."

Another punch was blasted out, that piece of void surging, and a broken world emerged.

"Well, it's the inner space of an ancient fallen half-step supreme. It's interesting, it's actually merged with this piece of heaven and earth."

The ancestor of Yuanmo raised his brow.

No wonder he felt something was wrong.

The broken space in the body of the Half-Step Supreme is definitely a top treasure and relic for ordinary holy masters and venerables, but for the ancestor of the deep demon, it is not worth seeing.

"It's not here, go."

The ancestor of the deep demon continued to set off.

Along the way, the ancestors of Yuanmo kept making moves.

Supreme Eclipse and the others also noticed that the ancestors were exploring everything that was wrong in his previous perception of the sky-seeing technique.

After four or five shots in a row, nothing was wrong.

Finally, for the sixth time, the ancestors of the deep demons descended into a barren valley.

boom!

The ancestor of the deep demon blasted out with a punch, and immediately, the boundless miasma dissipated, and a simple formation emerged.

"Ancestor."

Supreme Eclipse Yuan said with excitement, Supreme Flame Demon and Supreme Black Tomb also stared.

"Teleport the Great Array?"

The ancestor of Yuanmo sneered, "Finally found it."

The ancestor of the deep demon immediately reached out his palm, and the devilish energy flew out in an instant, combined with that formation, immediately the many formation patterns of the entire formation clearly appeared in front of the ancestor of the deep demon.

"This formation..."

The three of Eclipse Yuan Zhizun took a breath of air. This simple magic array was too complicated, and he couldn't see it clearly because of his cultivation.

"Supreme Teleportation Array? Interesting, such an ancient aura, huh, is it really that group of ancient guys?"

With such an ancient teleportation formation, there are not many people that can be deployed in the Demon Realm today, or even almost none.

"Let my ancestor see where exactly this space array is positioned."

The ancestor of the deep demon sneered, boomed, and began to decipher the magical void array, with array patterns appearing in the void and analyzing the magical array.

now.

In a dark void beyond how many areas and how many spaces are from here.

In the void, there are many magic stars floating everywhere. Above these magic star meteorites, there is an aura of decay and simplicity, and the stars are like dead stars that have been extinguished for hundreds of millions of years, with a desolate and ruinous atmosphere.

Here, is the extremely dangerous Meteorite Demon Realm in the Demon Realm.

The Meteor Demon Realm is an extremely dangerous secret realm in the Demon Realm. Rumor has it that in the ancient times, the top deity of the Demon Realm fell here, so it was called the Meteor Demon Realm.

Compared to a place for casual cultivation like the Chaos God Demon Sea, this place is even more deserted and silent all year round. Only some of the most wanted demon people who dare to escape here will be here.

This place is like a prison, full of dangers, with dark starry beasts everywhere, fighting each other, the weak and the strong, and it is extremely brutal.

Normally, a demon race enters here, and it will not survive for three days at all. Those who can survive are some extremely cruel and fierce generations.

at this time.

In this desolate place in the Meteorite Demon Realm.

Hum!

In the void, a terrible magic array rose up, at the moment when the magic array rose.

With a bang, a terrifying spatial fluctuation flashed by, and four figures suddenly appeared here, it was Qin Chen.

Finally escaped.

There was excitement in the eyes of the Demon Ancestor Luohu.

One by one, all in a cold sweat, with lingering palpitations.

When they were in the teleportation formation before, their souls were all horrified, as if they were about to be exposed, and the power of the Demon Realm's Heavenly Dao also came, but fortunately, at the last juncture, they left in time.

Otherwise, I am afraid it has been exposed.

"Lord Luohu Demon Ancestor, the ancestor of the Abyss Demon shouldn't perceive us?" Chiyan Demon Lord said nervously, his chest rising and falling.

"Hmph, the ancestor's Mo Luo Void Array is extremely hidden. It is extremely difficult for the ancestor of the abyss demon to find it, so don't worry."

Luohu Demon Ancestor believes himself.

"wrong."

Qin Chen frowned, because the sense of crisis in his heart had not dissipated. Although it had dispersed a lot, there was still a faint sense of crisis.

"Do you feel that way too?" Mo Li hurriedly looked at Qin Chen, his eyes solemn, because he also had a faint sense of crisis.

It's just hazy and not strong.

"Magic, what's the matter?"

Luohu Mozu saw the two men with solemn expressions, and was suddenly slightly surprised.

"Senior Luohu Demon Ancestor, we have to continue to set off. This meteorite demon is not safe yet." Countless escapes made Mo Li feel extremely keen on crisis and absolutely vigilant.

[Chapter 4545: Not safe here](#)

what?

Not safe here?

Demon Ancestor Luohu's eyes condensed, they had already escaped to this meteorite demon realm in time, could they not escape the chase?

how is this possible?

However, even he admired Mo Li's perception of danger, and immediately, Demon Ancestor Luo Hu sat cross-legged and closed his eyes.

Hum!

On his body, terrible chaotic auras rose up, and in the body of Luohu Demon Ancestor, the power of formation patterns vaguely manifested. The power of the formation patterns continued to rotate, as if it were in the Meteor Demon Realm. Heaven and earth merge into one.

"Ok?"

Qin Chen looked up.

He could see that the Demon Ancestor Luo Hu had already used some method to combine with this world.

When a thought moves, the magic domain moves. "No wonder this Luohu Demon Ancestor recovers so quickly. This is the Luotian Great Formation. Once the heaven and the earth are integrated, they can draw the power between the heaven and the earth. That is to say, every time all the experts in the entire Meteorite Demon Realm practice, they will provide him with a certain strength, this

Only in this way can he be restored to the supreme realm in a short time. "

In the chaotic world, Honghuang Ancestral Dragon said in a deep voice, his eyes revealing a brilliant light.

This is similar to the dark pool of the sea of chaos and demon.

Luohu Demon Ancestor urged the great formation, and the void in front of him suddenly fluctuated. He was going back to the Demon Luo Void Formation to see if anything changed.

now.

In the void of unknown distance from here, the ancestor of the deep demon is quickly deducing the Mo Luo void array, countless primitive formation patterns are surging, and under the cleaning of the ancestor of the deep demon, a little bit of clarity.

But at this moment, a vague wave of fluctuations passed through the pattern.

This is an invisible force, slowly infiltrating from the other side of the formation, trying to spy on everything here.

"Huh? It's really here, dare to spy? I don't know how to live or die."

The ancestor of Yuanmo sneered. Suddenly, a big hand poked out, grabbing directly towards that cryptic force.

The faintly transmitted power sensed this power, and even tried to retreat, but the big hand of the ancestor of the deep demon seemed to penetrate the endless void, and immediately chased away, chasing into the endless void.

In a void of formation void, the big hand fell, covering the sky and the sun, instantly enveloping this concealed force.

"Hmph, since your Excellency is here, why don't you stay obediently? In the demon realm of the ancestor, who will give you the courage."

In the big hand, a cold and indifferent voice sounded, it was the ancestor of the deep demon, towering like a god, and at the same time, the big hand suddenly caught and photographed, suppressing everything.

"Damn it, burst."

Luohu Demon Ancestor's expression was frightened, his perception under this power, he actually felt endless oppression, as if he was out of breath from being suppressed.

Luohu Demon Ancestor knew not well, and immediately urged the Chaos Demon Qi to explode his own divine consciousness.

The terrifying devilish energy exploded, splitting into nothingness in an instant.

With a bang, the ancestor of the deep monster caught it with his big hand, and found nothing, and even the entire large formation was constantly disintegrating under this explosion of divine consciousness.

Outside the valley formation, the ancestor of Yuanmo opened his eyes.

Rumble!

I saw the large array in front of everyone, the constant roar, and it began to collapse.

"No, this big formation is going to be destroyed." Supreme Master Lu Yuan stepped forward and asked in anger, "Old Ancestor, did that guy catch it?"

The ancestor of the abyss squinted his eyes and looked at the destroying formation ahead, and said with a sneer: "Let that guy run away."

"What? Run away?"

Eclipse Yuan Supreme was taken aback.

"Ancestor, how is this possible, with your ancestor's strength, who can escape from your ancestor?" Lu Yuan Zhizun said in disbelief. "What's impossible?" The ancestor of the Abyssal Demon sneered: "The opponent is not originally coming from the body, but just a divine sense. Once you encounter danger, you can quickly cut the connection between yourself and the divine sense. A supreme,

It is so easy to capture the opponent with a single piece of divine sense. "

"But ancestor, this person has escaped, and now the formation is broken. I want to find the other party again, wouldn't it..."

"Hmph, you think the ancestor is such a trash you, this person wants to escape from the ancestor, it is not so easy."

The mouth of the ancestor of the deep demon lifted slightly, his eyes flashed with inexplicable spirits, and he sneered: "The previous blow of the ancestor contained the supreme coercion of my ancestor. This person can actually withstand the coercion of the ancestor. It's really interesting."

"Chaotic Demon Qi? If it were those guys, it would be a surprise." The ancestor of Yuanmo smiled, glanced at the destroyed Void Teleportation Formation, and boomed, his figure soared into the sky.

"Go with the ancestor."

The ancestor of Yuanmo coldly shouted.

"Old ancestor, where are we going?" Su Yuan Zhizun was puzzled.

"boom."

Before the words finished, the Supreme Eclipse was already blasted out in an instant, and smashed into the ground with a bang, embarrassed.

"Let you follow you just follow, what do you do with so much nonsense?" The ancestor of the deep demon said unhappily: "I haven't seen the flame demon and the black tomb have you so wordy."

The Supreme Flame Demon and the Supreme Black Tomb were so frightened that they flew forward, trembling, and dare not say a word.

Supreme Eclipse didn't dare to speak anymore, and a group of people followed the ancestor of the Abyss Demon and flew quickly towards the distance.

"This is... the direction of the Meteorite Demon Realm, are those guys in the Meteorite Demon Realm?"

As he flew across, Supreme Eclipse's eyes widened, but he didn't dare to ask.

Meteorite Demon Realm.

Luohu Demon Ancestor was retreating and perceiving, suddenly—

puff!

Demon Ancestor Luohu spouted blood, his face instantly pale as paper, his body floating.

"Master Luohu Demon Ancestor."

Mo Li suddenly changed color and hurried forward.

"The ancestor of the deep demon is really terrible, go and leave here quickly." Demon ancestor Luohu said with an ugly face.

"Ancestor, what happened just now?" "It's the ancestor of the abyss demon. He found the ancestor's demon void array and was cracking the big array. The ancestor went out and was almost caught by the ancestor of the abyss demon. Fortunately, the ancestor was decisive and directly destroyed his own spiritual consciousness and destroyed the teleportation array at the same time.

Was able to escape. "

Luohu Demon's ancestor has lingering fears.

"The teleportation formation was destroyed? The ancestor of the deep demon, wouldn't it be impossible to find that I was waiting?" Chiyan Demon Lord said excitedly.

"not that simple?"

Demon Ancestor Luohu shook his head, his eyes solemn: "I suspect that this person has found us, go, leave this place quickly and go to the abyss."

Boom boom boom!

A group of people flew by quickly, and after a short while, they came to a deadly magic star.

On this magic star, there were a series of magnificent palaces, exuding a palpable atmosphere, towering in this dark demon realm, with a unique style. Moreover, in that palace, a terrible breath escaped, and there were many powerful people lurking.

#### [Chapter 4546: Meteorite Palace](#)

As soon as Mo Li and the others approached, a group of powerful demons exuding a terrifying aura suddenly flew out.

Extremely organized and disciplined.

This is obviously the residence of a top power in the Meteorite Demon Realm.

The Lord of the Abyssal Demon suddenly stunned: "How can there be such a power in this Meteor Demon Realm? Isn't the Meteor Demon Realm extremely chaotic?"

Qin Chen's eyes condensed, and he found that Mo Li and the others were extremely calm, their expressions and expressions were not moved, and his heart suddenly felt stunned.

"grown ups."

Seeing this group of powerful men came to the front, they immediately saluted Luohu Demon Ancestor and others, knelt on the ground together, with respectful expressions one by one.

Obviously, these people are all under Moli.

Qin Chen couldn't help but glanced at Moli and Luohu Demon Ancestor, and saw that Moli was also looking at him, his expression seemed to say: Don't think that only you can receive a group of subordinates in the heavens, and so can we.

Qin Chen touched his nose, as for?

How much hatred and grievance?

A group of people, surrounded by Qin Chen and others, quickly entered the palace.

On both sides of the palace, there are already a group of strong men standing on both sides with respectful expressions. These strong men have extremely strong auras, and each of them is a strong man of the venerable level. Among them, the strong men of the celestial level are not a minority, and their expressions are respectful. .

In addition, there are a group of demon women with different looks, some are full of charm, some are ugly as ghosts, looking at the demon's expressions, they are extremely respectful and full of admiration.

"Mo Li, didn't you think you had a good time in this Meteorite Demon Realm? There are still such a group of subordinates?" Qin Chen said with a smile.

"Hmph, Demon Qin, that's natural. You are only allowed to develop power in the heavens, and we are not allowed to develop power in the heavens?" Chiyan Demon Lord said uncomfortably, "And our Lier is different from you, you build I don't know what your thoughts are, I just want to build a harem so that someone can provide for you.

Kinky. But Li Er is different. He established his power just to take in these hard-working people in the Meteorite Demon Realm, which is much more noble than you! "I heard that you took the daughter of Shangguan Xier, Murong Bingyun, under your command. That Murong Bingyun is the daughter of your enemy in the Tianwu Continent. You have a murderous vengeance. You dare to take such a woman. Humph, you can see how licentious you are in your heart

Evil person. "

Chi Yan Demon said coldly.

"Ok?"

Qin Chen's eyes were cold, and he looked at Demon Lord Chiyan suddenly.

boom!

A terrifying coercion was severely suppressed on Demon Chiyan. Demon Chiyan snorted, his face turned pale, and he stepped back a few steps.

"Stop." When Mo Li saw this, his face changed slightly, and he waved his hand, and tried to resist Qin Chen's coercion, but how could Qin Chen's breath be resisted by Mo Li? Under the impact of the terrifying aura, Mo Li Suddenly, his body was like a flat boat on the sea, shaking constantly

.

"Bold."

"Let go of our Lord of the Meteorite Palace."

Many powerful demons on the side suddenly changed their colors, smashed, and quickly flew up one by one, murderous, and the terrifying Venerable aura was like a vast ocean, instantly suppressing Qin Chen.

"Humph."

Qin Chen snorted coldly, swept his eyes lightly, and these Demon Race powerhouses snorted together, but none of them gave up. They all looked at Qin Chen angrily, one by one with murderous expressions and fierce expressions.

"Well, when is this, you are still in the mood to engage in infighting."

Luohu Mozu said with an ugly face.

Now that the disaster is approaching, his heart is extremely heavy.

Mo Li also said solemnly: "Qin Chen, put away your breath, don't do anything with Chi Yan and the others."

"Red Flame Demon Lord, don't think that you have become a woman, I will not dare to move you. If you dare to run wild in front of this young master, it won't be that simple next time." Qin Chen said coldly to Chi Yan Demon Lord. After a sentence, only then did he converge his breath.

The Red Flame Demon Lord and the many venerables of the Meteorite Demon Realm present suddenly felt relieved.

"Everyone in the Meteor God Demon Palace listened to the order." Mo Li walked into the Demon Palace, and in an instant, all the strong men in the Demon Palace knelt down on one knee respectfully, with a respectful look.

"From this moment on, the Meteorite Demon Palace is disbanded, and everyone is anonymous and scattered to every corner of the Meteorite Demon Realm. Nothing about the Demon Palace is allowed to be mentioned to the outside world." Mo Lihong said.

"My lord, what happened?"

"what is happening?"

"Well, why disband the Meteorite Demon Palace?"

"Yes, Palace Master, have you encountered any difficulties? I am waiting for you, the Lord Palace Master, to save you, and I am willing to live and die with you."

All the demon sages present were in an uproar, one by one raised their heads to look at the demon, with puzzled expressions in their eyes.

"The specific reason, you will naturally know when you look back, don't ask now, hurry up and leave, even if you don't leave, the Meteorite Demon Palace will be destroyed by my own hands."

Mo Li's voice fell, and he quickly turned and left.

"grown ups!"

Countless powerful people around all looked at Moli, but Moli didn't look back. They entered the palace together with Qin Chen, their eyes were determined.

Below, countless strong men looked at each other, and then, a trace of determination flashed in their eyes, bang bang bang, all knelt on the ground one after another.

"My lord, the Meteor Demon Realm is dangerous. It has been a deserted place for the Demon Realm for countless tens of thousands of years. There has never been a normal Demon Clan willing to enter the Meteor Demon Realm. Therefore, the Meteor Demon Realm has been an extremely chaotic place over the years."

"It wasn't until you came, my lord, that the Meteor Demon Realm changed. I will wait for your call to join the Meteor Demon Palace voluntarily. And now the Meteorite Demon Palace has become the most harmonious and safest Meteorite Demon Realm. Place." "My lord, everything you have done for the

Meteorite Demon Realm is well known to me, and I can see it in my eyes. We don't know what you have done, sir? What difficulties have you encountered, but since I have joined Once in the Meteorite Devil's Palace, he has already become the Meteorite

A member of the Demon Palace, is willing to live and die with the Meteorite Demon Palace. "

"My lord, don't give up on waiting."

A strong person raised their heads one after another, their eyes determined.

Seeing this group of masters of the Demon Race, Qin Chen's heart moved slightly, and he couldn't help but glance at the Demon Li. Unexpectedly, the ruthless Demon Li above the Tianwu Continent found such a group of people willing to follow him in the Meteorite Demon Realm.

But it made Qin Chen quite surprised. Mo Li looked at the countless powerful demons kneeling outside the palace, and was slightly moved in his heart. However, he did not show mercy, but said in a deep voice: "Everyone, it is not the main palace that abandons you, but the main palace lord. I must give up because of certain things

Meteorite Demon Palace, and this matter must not be told to you, once told to you, it will bring you endless crises. "

"My lord, we are not afraid."

"Yes, we are not afraid." Many powerful demons roared.

#### [Chapter 4547: The land of the abyss](#)

Mo Li shook his head: "This is not a question of whether you are afraid or not. It is that even if you know the whole story, you can't solve it. On the contrary, it will bring a murderous disaster out of thin air. It has no meaning."

"I personally established the Meteor Demon Palace, and it has also condensed my hard work. To dismiss you today is not because of the end of fate with you, but a brief separation, so that our Meteor Demon Palace will become stronger in the future." "So, everyone should leave, and the sooner you leave, the better, and the farther the better. If possible, leave places like Meteorite Demon's Domain and go to the outside world as much as possible. I will leave as soon as possible, specifically where I go. Sorry can't tell the big

Home now. "

"I hope that I will meet again in the future, and when that day comes, I hope you can return to the Meteorite Demon Palace, and everyone will once again establish such a beautiful place without intrigue."

The voice fell, rumbling, and the gate of the Meteorite Demon Palace closed directly.

"grown ups."

All the powerful demons kneeling there in the void watched this scene with tears in their eyes.

In the end, these people stood up one after another, their eyes gleaming with determination.

"My lord must have his difficulties in doing this. If this is the case, then I will obey the lord's order and leave here."

"Yes, leave the Meteorite Demon Realm and work hard to cultivate and fight for the future encounter."

"go!"

Whoosh whoosh!

Many powerful men respectfully saluted the Meteorite Demon Palace, and then turned and left with tears.

In the Meteorite Demon Palace, Mo Li looked at the demon powerhouses who had left, and his expression also fluctuated.

"Well, don't waste a moment, let's go."

Demon Ancestor Luohu gave a low cry, and a group of people immediately walked towards the depths of the Demon Temple.

After a while, everyone had arrived at a hall in the depths of the Meteorite Demon Art.

In this hall, powerful array patterns surged, seeming to lead to a mysterious place.

"What is this formation?"

Qin Chen frowned.

"This formation leads to the abyss of the Meteorite Demon Realm. Through this formation, you can directly enter the abyss. In this way, it can also conceal our whereabouts."

Luohu Demon Ancestor said solemnly: "But before leaving..."

Demon Ancestor Luohu glanced at the Meteorite Demon Palace behind him, and a terrible shock of devilish energy suddenly released from his body.

With a bang, the entire Meteorite Demon Palace shook suddenly, and the formations fluctuated violently, and the entire Demon Palace seemed to be plunged into apocalypse.

"Go ahead!"

Demon Ancestor Luohu hurriedly screamed, and directly entered the large formation, Qin Chen and the three immediately followed.

"boom!"

The formation was activated, and a terrifying spatial fluctuation enveloped Qin Chen and the others. The next moment, Qin Chen suddenly disappeared. At the moment when Qin Chen and others disappeared, with a bang, the Demon Ancestor Luo Hui learned the lessons from before. The large space array they were riding in burst directly. As the supreme-level large array, it split into pieces in an instant. Untie it, terrible

The formation impacted, and it immediately rushed out.

Rumbled, I saw the terrible impact of the devilish energy like an ocean, rushing in all directions, the next moment, it suddenly passed to the entire meteorite demon palace, and the original guardian array in the meteorite demon palace had a resonance reaction.

With a bang, the entire Demon Palace collapsed, and countless formations were suddenly shattered, and in this vast ocean of magic stars, it was directly turned into ruins and dust. In the distance, the powerful demon clan experts who left the Meteorite Demon's Palace and swiftly quickly stopped and looked at the ashes of the Meteorite Demon's Palace. Tears shed from the corners of their eyes, but the next moment, they The tears in the corners of the eyes evaporate instantly, turn around

go away.

It's just the look in the eyes, and each one becomes more determined.

The originally extremely magnificent area was once again transformed into a place of death, lifeless, with no vitality. Qin Chen only felt that a strong devilish energy enveloped him. When he recovered, he had already appeared in a deadly starry sky. In front of him, there was a deep and dark place, profound and boundless. Consciousness enters it as if

Entering a black hole, there is no feedback at all.

This is the extremely terrifying forbidden land in the Meteorite Demon Realm, the land of the abyss.

The land of the abyss is the top dangerous place in the Meteorite Demon Realm.

This place, as the name suggests, is a dark abyss. Here, there is a terrible whirlpool of magic energy that can swallow everything.

But this is not the most terrifying. The most terrifying thing is that in this abyss, there are countless abyss cracks. Once a strong man falls into it, even a master of the Tianzun level will be directly swallowed and annihilated by this abyss.

Moreover, these abyss cracks are almost imperceptible, let alone the strong Tianzun, even the soul of the strong can not perceive the specific situation around, and will be strongly restrained and weak.

Therefore, almost no one wants to enter this abyssal land.

Because some small abyss cracks are okay, once the supreme-level powerhouses fall into them, there is still the possibility of escape, but some top-level huge abyssal cracks, as strong as the supreme-level powerhouses, will also annihilate them and be completely swallowed.

Rumor has it that in ancient times, there was a supreme powerhouse who rushed into it, and then there was no news and never came out again.

Over time, the land of the abyss became an extremely terrifying forbidden place in the demon world.

The Meteorite Demon Territory was originally a place that ordinary Demon Races did not want to enter at all, and the abyss in the Meteorite Demon Territory was a place that the Demon Race powerhouses would be unwilling to touch and enter for a lifetime.

Hum!

But at this moment, in the periphery of the abyss, a violent formation wave spread out, and several figures suddenly appeared here.

It was Qin Chen.

"Let's go, into the land of the abyss."

Luohu Demon Ancestor said in a deep voice.

Mo Li couldn't help but glanced at Qin Chen, Qin Chen's eyes wrinkled, he was carefully perceiving it.

At this moment, the sense of crisis in his heart has weakened a lot, but the sense of crisis is still there, and, with the passage of time, after weakening, it is slowly strengthening.

crisis.....

Still still.

"Go, enter."

Qin Chen said in a deep voice, his heart gloomy, and he didn't expect him to get out of the crisis even when he ran here.

In this way, you can only enter this abyssal land.

Unfortunately, although he saw through the plan of the ancestor of the Abyss Demon, he could not pass it on to Xiaoyao Supreme.

"The ancestor of the abyssal demon is dispatched. Even if Master Xiaoyao can't leave a powerful dark child in the demon world for such a big thing, this kind of movement should be alarmed, right?"

Qin Chen murmured.

He didn't believe that Xiaoyao Supreme would have no hidden hands on the situation in the Demon Realm.

As long as you know the movement in the demon world, perhaps, Master Xiaoyao will be able to guess what, so as to relieve yourself some pressure.

Thinking of this in his heart, Qin Chen's figure suddenly shook, and even Luohu Demon Ancestor and the others entered into the abyss.

Although dangerous, it can only be so.

But not long after Qin Chen and the others entered the teleportation formation and left.

Outside of the Meteorite Demon Realm.

A magnificent figure appeared directly outside the Meteorite Demon Realm. It is the ancestor of the Abyss Demon.

[Chapter 4548: Really come](#)

"Ancestor, why do I want to come to this Meteor Demon Territory? Did those guys come to this Meteor Demon Demon Territory?" Zhiyuan Supreme frowned slightly, and said with some doubts: "Isn't it possible? Meteorite Demon Territory is my Demon Race In a barren land, there are very few strong people willing to stay here. I know that the supreme of my demon world does not live in the meteorite demon at all.

In the domain, how can those strong people be here? "

The Supreme Eclipse is confused, how did the ancestor bring them to the Meteor Demon Realm?

The ancestor of Yuanmo looked at the Supreme Eclipse Yuan, and said coldly: "Idiot, don't talk if you don't have a brain."

"Brainless?"

Supreme Eclipse touched his head, is he very mindless?

The ancestor of the Yuanmog gave him a blank look, and his heart burned with anger.

"You two talk about it, where is your head out of mind?" Supreme Lu Yuan suddenly looked at the Supreme Flame Demon and Supreme Black Grave, and snorted coldly.

Are you really clueless?

"My lord is wise and martial, naturally very intelligent, I can't wait, how can I be brainless!"

The Flame Demon Supreme and the Black Tomb Supreme shivered and said in horror.

How dare they say that Supreme Eclipse has no brains and doesn't want to live anymore?

"Hmph, are you mocking this seat? If you tell me, just say it." Supreme Eclipse said angrily.

At this time, the ancestor of the deep demon suddenly snorted, "Since this idiot wants to know, you can tell him."

"This..." Flame Demon Supreme and Black Tomb Supreme wiped cold sweat. After hesitating for a while, the Supreme Black Tomb said: "Master Eclipse Supreme, although the guy previously destroyed the teleportation formation, before the destruction, the ancestor had almost cracked the opponent's formation, plus The breath of the other party,

There will be a direction. Although it is not clear where it is, combined with the cracking of the big formation, the ancestors can already be sure of the opponent's location. "

"That's why the ancestor will bring us to this meteorite demon realm. If the subordinate's guess is correct, the ancestor must have calculated the opponent's location, which is near this meteorite demon realm." "My lord, you have also previously. Having said that, you know almost all of the supreme powerhouses in the Demon Realm, and they are scattered all over the Demon Realm, but you have never heard of this person as an adult. In other words, this person must be anonymous in the Demon Realm these years.

, Extremely hidden. "But the supreme-level powerhouse is by no means so concealed. If you walk outside, you will be easily noticed by us. Then this person will definitely only be in some special forbidden and dangerous places in my demon world. It's easier to hide

shield. "Meteor Demon Realm, it happens to meet these conditions, and the opponent's previous formation and aura all point to this direction, so even if the ancestors did not fully perceive the opponent's position, they can guess that the opponent is most likely to be based on these approximations. Lurking

In the Meteor Demon Realm. "

After Black Tomb Supreme finished speaking, he stood aside, not daring to say more.

The Flame Demon Supreme also nodded, obviously, he had the same idea.

"is that so?"

Supreme Eclipse has a blank face. With these things, can he analyze that the other party is hiding in this Meteor Demon Realm?

Is he really such an idiot?

The Supreme Eclipse could not help looking at the ancestor of the Abyss Demon.

Seeing Lu Yuan Zhizun's blank face, the ancestor of Yuan Mo didn't fight.

There is no successor.

Damn, such a simple truth, even the Supreme Flame Demon and the Supreme Black Grave could understand, the ancestor of the Abyss Demon Clan, the Supreme Luz Yuan under his command, could not even think of it as an idiot.

The ancestor of the deep demon was immediately mad with anger.

It would be fine if Mo Ye was still there, I had already sent this guy out to fight, fight and kill, and still need to suffer from this bird's air.

"go!"

The ancestor of the Abyssal Demon snorted coldly, and immediately led a few people from the Supreme Abyss into the Meteorite Demon Realm.

"The three of you, go to seal the other three directions of the Meteorite Demon Realm, and be sure not to let anyone escape."

The ancestor of Yuanmo said coldly.

"Yes, ancestor!"

Boom boom boom!

The three figures flew out quickly, heading to the four corners of the Meteorite Demon Realm.

Although the Meteorite Demon Territory is very famous, it is very special, like a cloth bag. You only need to hold the entrance position to block the opponent's entry and exit position.

After a while, the three supreme powerhouses sealed off all areas.

The ancestor of Yuanmo sat cross-legged, booming, a terrifying breath instantly diffused from him.

Boom!

I saw that above the sky of the Meteorite Demon Territory, a towering figure appeared. This figure, like a demon god, towered between the heavens and the earth, with a pair of blood-colored eyes staring at the Meteorite Demon Territory below.

Like a blood moon, with a cold and suffocating breath.

What is that? At this moment, everywhere in the Meteor Demon Territory, there is a demon clan who is in tatters like walking corpses. He raised his head in astonishment and looked at the towering figure covering almost the entire Meteor Demon Territory above the endless sky.

Shocked.

"Ancestor."

"Is it the ancestor of the Abyss Demon?"

"Why did the ancestors come to our Meteorite Demon Realm?"

All the powerful demons in the Meteor Demon Realm are unbelievable. The ancestor of the abyss demon, that is the ancestor of the entire demon clan, the existence that can only be seen in the rumors, this existence has always been high above, and the meteorite demon domain is regarded as the abandoned land of the devil, such as Why does existence come to the Meteorite

This kind of abandoned land.

Everyone couldn't believe it.

Can't wait for the astonishment on everyone's faces to fall.

boom!

A rumbling and terrifying aura was directly suppressed, and it crazily dissipated to every corner of the Meteorite Demon Realm.

"not good!"

This power just escaped, and countless demon experts in the Meteorite Demon Realm changed their expressions wildly.

What kind of cultivation level the ancestors of the deep demons, just the aura that escapes, is enough to make these powerful people unable to bear it.

boom!

The terrifying demon aura, accompanied by the power of heaven i, instantly flooded the entire Meteorite Demon Realm, and quickly dissipated to every corner of the Meteorite Demon Realm.

At this moment, the place of the abyss.

Not long after Qin Chen entered the land of the abyss, they saw the towering pair of blood pupils floating in the sky outside the forbidden area, and their expressions suddenly changed.

Unexpectedly, the ancestor of the deep demon actually came over.

Almost, if it weren't for perceiving the danger and entering the abyss in time, at this moment, I'm afraid it has been discovered.

boom! In the distance, that terrifying magical aura fills every corner of the Meteorite Demon Realm. There are almost no corners that can escape the impact of the magical aura, but when this force hits the abyss before it, it is like Hit an invisible

The barriers are average, and are kept out. The power as strong as the ancestor of the abyss demon can not easily enter the forbidden area of the abyss.

#### [Chapter 4549: Sacrifice Demon Realm](#)

It is rumored that the abyss of the Meteorite Demon Realm was transformed by a fallen true \*\*\*\* in the Meteorite Demon Realm, and even the power of the ancestor of the Demon Demon could not invade.

boom!

The billowing power instantly permeated every corner of the Meteorite Demon Realm. "Unexpectedly, in the countless years that the ancestors did not pay attention to, the Meteor God Demon Territory has born so many Demon Race powerhouses, huh, a place that hides dirt and dirt, for so many years, countless Demon Race sinners have entered the Meteor God Demon Territory. It seems that the ancestor is too kind.

"

The ancestor of Yuanmo shook his head slightly.

In his perception, he clearly perceives the aura of many powerful demons in the Meteorite Demon Realm, all of which are quite astonishing.

However, many of these people are sinners of his Demon Race, and some are even wanted people of many of his Demon Race's top powers. They are lurking in this Meteor Demon Realm. They have not been chased by others for hundreds of millions of years. Growing up.

In the Demon Realm under his control, how can there be such a forbidden place where sinners can live in peace?

"Humph!"

The ancestor of the Abyssal Demon snorted, and the entire Demon's Demon Realm of Meteorite immediately soared to the sky, and the terrifying Demon aura swept through, and instantly blasted on

the body of many powerful Demon Races in the Meteor Demon Realm. Muffled, each of them turned pale.

"The ancestor of the deep demon... is this the danger that the Lord Palace Master said?"

At this moment, in the Meteorite Demon Territory, several meteorite demon palace experts who have not left the Meteorite Demon Territory, all looked at the blood-colored pupils in the sky with horror, and felt the terrifying aura of the ancestors of the Abyssal Demon. Violently shocked.

"Interesting, I found it."

Suddenly, two divine rainbows burst out of the eyes of the ancestor of Yuanmo.

With a bang, the next moment, the ancestor of the Yuanmo shook his body and suddenly appeared in the place where the Meteorite Demon Palace was originally destroyed.

"Ancestor!"

Supreme Eclipse Yuan happened to be nearby, and he hurriedly flew over.

"this is....."

Supreme Eclipse sucked in air, and although everything in front of him turned into ruins, from the ruins, Supreme Eclipse felt a terrifying magic power and the power of the magic formation.

"Could it be..."

Supreme Eclipse looked at the ancestor of the Abyss Demon, was it true that the ancestor found the enemy's lair?

Supreme Eclipse Yuan stepped forward and quickly searched. After a while, his face was pale and returned to the ancestor of the Abyss: "Old ancestor, this place has been turned into ruins, and nothing is left." The ancestor of Yuanmo looked cold and came quickly. Before Qin Chen and the others left the teleportation formation, they felt a little, then opened their eyes, and sneered: "It is the teleportation formation again. As expected, my ancestor was right. These guys are indeed from the Meteorite Demon Realm.

."

"However, the other party is shrewd and left in time before the ancestor arrived. Is this person too cautious?"

The ancestor of Yuanmo frowned.

It's fine if you fail to stop the opponent once, the opponent may have good luck, and perhaps, there will be some special circumstances.

But after being escaped by the opponent five times, the ancestor of Yuanmo suddenly became serious.

Could it be... the other party did it intentionally?

If that is the case, then those old things in the ancient times are really capable.

"Old ancestor, what shall we do next?" Su Yuan Zhizun said in a deep voice.

boom!

The ancestor of the deep demon sneered, and directly raised his hand to grab it. Suddenly, a trillion of miles away from this place, a powerful demon clan was captured and photographed in horror, looking at the ancestor in fear.

"Go ahead, where is this place?"

The ancestor of the deep demon said lightly.

"Ancestor, my subordinates don't know."

boom!

Before he finished his words, his body was directly caught and exploded by the ancestor of the deep demon. At the same time, his soul was captured by the ancestor of the deep demon. In an instant, a terrible soul storm rushed into the opponent's mind for an instant. The soul of the other party.

"Do not!"

The powerful demon roared, and the soul burst into pieces and turned into nothingness. "Hmph, I can't think of this guy in the Meteorite Demon Realm, so decisive, he actually blew his soul directly." The ancestor of the Yuanmo looked at the opponent unexpectedly, and when he was about to search for the other party, the other party directly detonated his own soul and jumped off. Ancestor of Abyss Demon

The soul plundered.

"Then the next one."

The ancestor of the abyss demon sneered, raised his hand and boomed, and suddenly another master of the demon race was captured and photographed by the ancestor of the abyss. 齏粉.

"Are all the people in the Meteorite Demon Realm so strong?"

The ancestor of the deep demon snorted coldly and continued to capture the new demons.

This time, the demon clan was directly imprisoned under the deliberate blockade of the ancestor of the deep demon, and was taken over.

The terrifying soul power directly enters the opponent's mind.

However, in the next moment, the soul of this powerful demon clan immediately banged and turned directly into powder, and at the same time the body was annihilated on the spot.

"Dead again?"

The ancestor of the Deep Demon snorted coldly. He discovered that the souls of the powerful demons in the Meteor Demon Realm could not forcefully search for the soul. As long as the soul is searched, it will be blocked by a special force, and the soul will be scattered on the spot.

"Old Ancestor." The Supreme Master Lu survived in astonishment.

"Hmph, interesting, Meteor Demon Realm? You old thing, after so many years of death, is still affecting the people in this world, it's ridiculous."

The ancestor of Yuanmo sneered, his eyes cold.

"Since you don't want your ancestors to search for souls, then, you, the Meteorite Demon Realm, there is no need to continue to exist."

With a bang, I saw the body of the ancestor of the abyss demon, quickly rising up, a \*\*\*\* aura suddenly diffused from the ancestor of the abyss, and instantly enveloped the entire meteorite demon realm.

"what!"

I saw the countless powerhouses in the Meteorite Demon Realm, all uttering painful roars. Under this breath, the bodies of the countless powerhouses of the Demon Race were instantly distorted, struggling one by one, roaring painful.

Bang bang bang!

Some strong demons with weaker cultivation bases exploded on the spot under this aura, directly turning into nothingness, the origin of the billowing demonic energy, turning into black mist, quickly rising into the sky, and then Was swallowed and absorbed.

"Meteor Demon Realm, huh, the sordid place of the Demon Realm, such a place, the ancestor was too lazy to destroy before, now, there is no need to exist."

The ancestor of the Abyssal Demon roared up to the sky, and the rolling power was permeating. Suddenly, all the strongmen in the entire Meteorite Demon Realm screamed and turned into blood fog, like a ghost, in a miserable and inexplicable state.

"Do not!"

Some demon masters in the Meteorite Demon Realm wanted to escape from here, but before they left, they were directly swallowed by the terrifying \*\*\*\* aura, and their souls were scattered on the spot. Even if there are some strong demons with a strong cultivation base, they are about to escape from the Meteorite Demon Realm, but they are immediately killed by the Flame Demon Supreme and the Black Tomb Supreme, and they are turned into powder.

#### [Chapter 4550: Power of the Abyss](#)

In an instant, the entire Meteorite Demon Realm turned into a Demon Realm Purgatory.

A powerful demon clan fell one after another, screaming and turning into blood mist, looking extremely miserable.

"The ancestor of the abyss..."

In the land of the abyss, Mo Li looked terrifying, his eyes were blood red, and he roared angrily.

In front of his eyes, outside the abyss, the entire Meteorite Demon Realm had turned into purgatory.

If the former Meteor Demon Realm was the exile place of the Demon Realm, it was the place where countless demon sinners lived. Although desolate, there is still hope for survival.

So today's Meteorite Demon Realm really seems to have turned into a piece of Nine Nether Hell, a \*\*\*\* ocean.

Mo Li's heart was angry. Everything he had worked so hard to build over the past countless years was now destroyed in an instant. The anger in his heart can be imagined. It was not only him who was angry, but also outside the Meteorite Demon Realm, some of the strong men in the Meteorite Demon's Palace who left in time because of obeyed the orders of the Demon Li, looked at the Meteor Demon Realm turned into Bloody Purgatory from a distance. Endless anger emerged in my heart

angry.

"The ancestor of the deep demon." These powerful demon clan gnash their teeth, each with a hideous look. Although they have already left, those who have not left the Meteorite Palace, and countless friends of the Meteorite Demon Realm, Even the enemy, now watching them die

, The feeling of anger cannot be concealed.

"go!"

These people snorted coldly, then resolutely turned and left, disappearing instantly.

"Let's go too. Since the ancestor of the abyss has descended on the abyss, then this abyss is no longer safe, so let's leave as soon as possible."

Luohu Demon Ancestor gave a cold cry, and a group of people immediately swept toward the depths of the abyss.

And the Meteor Demon Realm has really turned into a land of purgatory. There are corpses of dead demon powerhouses everywhere. The power of blood, blood, and soul, as well as the power of the soul, are directly absorbed by the ancestors of the deep demon. in vivo.

Countless powerful demons fell on the spot under the attack of the ancestors of the deep demons, and directly exterminated the family.

"Ancestor!"

Supreme Eclipse Yuan stepped forward, looking at the ancestor of Yuanmo in amazement.

The ancestor of Yuanmo opened his eyes, and in front of him, a black origin ball was suspended. In this origin ball, the power of the horrible demon energy was dissipating. "Hmph, the origin and blood of countless powerhouses in the Meteorite Demon Realm should be enough to recover a lot of the death soil of the Immortal Emperor. Since a certain strong person in the Meteorite Demon Realm dares to target the dark pool laid by the ancestor, Then, the Meteor Demon Realm he is in,

It will directly become the sacrifice of the dead land, striving for the early formation of the gate of life and death of the immortal emperor. "

The ancestor of the deep demon snorted coldly, watching countless collapses in the distance, the painful and savage demon powerhouse who turned to the origin and blood, his eyes were indifferent, and he looked at it as if it was not the powerhouse of their demon race at all, but A group of pigs and dogs.

In the end, I don't know how long it has passed, and all the powerful demons in the entire Meteorite Demon Realm have fallen, and they have been killed directly under the billowing heaven.

A huge primordial ball was taken into the body by the ancestor of the deep demon.

Supreme Eclipse Yuan looked nervous, and said nervously: "Ancestor, hasn't that guy been found yet? What shall we do next?"

"Come with me!"

The ancestor of Yuanmo snorted coldly and stepped forward.

"This is...where to go?"

The Supreme Eclipse was shocked, but he didn't dare to ask, but was anxious to keep up.

After a while, the Supreme Flame Demon and the Supreme Black Tomb also followed closely, following the ancestor of the Abyss Demon.

Today's Meteor Demon Realm has turned into a dead ruin, and the realm of all the people of the Demon Race has been obliterated and swallowed by the ancestors of the Abyss Demon.

After a while, the ancestor of Yuanmo stopped in front of a void.

"The land of the abyss? Is the guy the ancestors looking for in this land of the abyss?"

Eclipse Yuan Supreme was astonished.

How did the ancestor know that the other party was in the abyss. The ancestor of the deep demon was extremely indifferent. Although he didn't know if the opponent was in this abyss, unless the opponent had already left, as long as the opponent was still in this meteorite demon realm, then the only thing the entire meteorite demon realm could Avoid his perception

Yes, there is only one place in the land of the abyss.

"The flame demon, the black tomb, you stay here, and you must not let people leave."

When the voice fell, the ancestor of the abyssal demon stepped out and instantly entered the abyss. With a bang, a terrifying magical might permeated this abyssal land, but the more you went in, the more the ancestors of the abyss demon felt the more suppressed, after only spreading out for a million miles, the ancestors of the abyss Perceived, it is no longer able to continue to make progress

Up.

"Just a million miles?"

The ancestor of the deep demon frowned, he didn't know the terrible place of the abyss, but he didn't expect that even his perception could only fill a million miles away.

Now that the vast expanse of forbidden land is explored by him alone, even if he explodes his power and expands his perception tenfold, he does not know that he will explore the year of the monkey.

"Huh, how about a million miles? The abyss is extremely dangerous. Even if it is the Supreme, it will be annihilated by the power of the abyss if it is too deep. If the ancestor continues to explore in depth, those few people will There are only two options."

"One, annihilated by the power of the abyss."

"The other one was found by the ancestor."

"There is no third possibility."

Thinking of this, the ancestor of the Abyssal Demon sneered, squinted and banged, and an endless and terrifying force surged out of his body instantly. The billowing force was like the ocean, and it swept toward the depths of the abyss in an instant.

With a bang, the sky quaked.

Ten Thousand Worlds.

The eyes of the Eclipse Supremes suddenly widened, and the ancestors actually shot in the abyss.

The land of the abyss has an extremely special status in the devil world. If the ancestors did this, I am afraid it would be dangerous!

Several people opened their eyes wide and stared at the abyss.

After seeing the power in the body of the ancestor of the abyss, it immediately seemed to hit an invisible wall, and the special force in the ancestor of the abyss immediately oppressed the ancestor of the abyss.

Click! Click!

The devil energy released by the ancestor of the deep demon was constantly oppressed and annihilated under this power.

"Huh, the power of the abyss?"

The ancestor of Yuanmo coldly snorted, and a cold light flashed in his eyes, and his body instantly became extremely magnificent. His whole figure was like a demon \*\*\*\* standing proud of the world, and his eyes were like a demon sun, blooming with billions of divine rainbows. With a bang, the ancestor of the deep demon raised his hand, stimulating the power of the endless demon realm heaven, and he saw the law of the heaven converging in his palm, as if he became a supreme god, facing the endless void of the abyss. Poked out from

Raised his hand. With a bang, at this moment, the power of the abyss was quickly oppressed and repelled, and the power of the endless demon ancestor swept toward the depths of the abyss.
