

Valkyrie 4551

[Chapter 4551: No way out](#)

At this moment, in this abyss.

Qin Chen and Mo Li were walking in the abyss. Surrounding them was the terrifying power of the abyss. These powers of the abyss were constantly dissipating the power in them.

This is why the land of the abyss is terrible.

In the land of the abyss, there are countless powers of the abyss, the power of the abyss always eliminates the breath of all the strong people who enter it, and it is impossible to resist. Some ordinary heavenly veterans are afraid that they will be annihilated in minutes.

With Qin Chen's strength, although they would not be annihilated in a short period of time, the aura on their bodies was still slowly dissipating. What's more terrifying was that this abyssal power was able to eliminate their original aura.

The origin is the core strength of a warrior. Once the origin is damaged, it will be a huge damage to a warrior.

"This power of the abyss is interesting."

Qin Chen stretched out his hand and touched the power of the abyss, this power constantly seeping into his body.

Qin Chen urged the source to resist this force, and the two forces collided, and the power of the abyss continued to enter his body as if it had not been blocked.

Moreover, this force has a strong annihilation force, which is almost irresistible.

boom!

Then, Qin Chen mobilized the power of the **** emperor totem, the **** emperor totem surged, and an invisible rune bloomed to resist the power of the abyss, but soon, the **** emperor totem was also invaded and continued to erode Qin Chen's body .

Qin Chen frowned, unable to think that even the **** emperor totem could not resist this force.

"Qin Chen, don't waste time, this power of the abyss cannot be resisted at all, let alone you, even senior Demon Ancestor Luo cannot be eliminated, you are not even the supreme, how can you resist the invasion of this force?"

Mo Li couldn't help snorting coldly when he saw Qin Chen's behavior.

He could naturally see what Qin Chen was doing.

Obviously, he wanted to resist this force of the abyss. In this Meteor Demon Realm, he had entered the land of the abyss many times, trying to eliminate this force, but failed.

Red Flame Demon Lord also sneered: "Qin Chen, you are powerful, but this abyssal land is rumored to be formed after the fall of a top power in the demon world. Even the ancestors of the abyssal demon cannot resist completely, don't waste time."

Qin Chen smiled, couldn't even the ancestor resist it?

The ancestor can't resist, is he definitely unable to resist? Not necessarily? Qin Chen didn't bother to pay attention to the magic power, and continued to run the power in his body. Various powers were tried one by one. The power of the human race, the power of the demons, the power of death, and even the power of the dark race, but no matter which power it is, Can't resist this deep

Yuan power.

Mo Li saw Qin Chen continue to try, but sneered, just too lazy to pay attention.

Qin Chen frowned. The power of the abyss is indeed terrifying, but is it really impossible to resist the power of the abyss?

Qin Chen looked up.

For some reason, the power of the abyss has always given him a rather familiar feeling. It seems that when he has felt the general, that familiar feeling, extremely weak, but there is indeed some familiarity.

boom!

Qin Chen used various powers.

"Kid Qin Chen, this abyssal power is indeed extremely terrifying. I am afraid that the ancestor will go out, and it may not be able to completely resist it. You can try the Chaos Qinglian Fire."

Honghuang Zulong said in a deep voice.

"Oh?"

Qin Chen's heart moved slightly.

Immediately, he urged the chaotic green lotus fire in his mind.

Boom!

When the chaotic green lotus fire was running, the power of the abyss that had originally entered Qin Chen's body was immediately blocked, and an invisible flame power enveloped Qin Chen's body, shielding this power from the outside.

The two forces collided with each other, and some were evenly matched.

However, because the Chaos Qinglian Fire was still quite weak, it was still unable to completely block the power of the abyss, but half of the power of the abyss had been blocked.

"what?"

Perceiving this scene, Moli and the others suddenly looked over in shock, and they all felt that the power of the abyss on Qin Chen seemed to be blocked a lot.

The Demon Ancestor Luohu also showed consternation, the power of the abyss, even he couldn't resist, how could this kid resist?

"Is this power..."

Demon Ancestor Luohu felt the chaotic green lotus fire in Qin Chen's body, his eyes suddenly became serious, and his brows wrinkled deeply.

However, even though he had withstood half of the power of the abyss, Qin Chen was still a little dissatisfied.

"Power of Thunder."

boom!

Finally, Qin Chen used his strongest thunder power.

Crackling!

The billowing thunder, like a vast ocean, burst out of Qin Chen's body.

I saw that the power of the abyss, which was still fighting against the Chaos Qinglian Fire, instantly retreated from Qin Chen's body like an enemy.

Actually retired completely.

Mo Li's eyes suddenly rounded.

"Kid Qin Chen, this force is..."

Luohu Demon Ancestor looked over with a deep voice.

There was a deep shock in his eyes, and the powerful thunder power made him instantly change color.

"Oh, this power is the power of this young man's bloodline."

Qin Chen said lightly.

Luohu Demon Ancestor: "..."

There was a momentary silence on the court.

Damn, it turned out to be a second generation.

Luohu Demon Ancestor looked speechless. He only now knows that Qin Chen is still a second generation, and he is also a top power in the second generation. The previous power, even he was extremely shocked, is actually the blood of this kid. .

No wonder this kid is so scary?

With such a strong blood, then who is the father of this person?

What made Luohu Demon Ancestor even more shocked was that Qin Chen was familiar with the successive powers in his body, and his heart was faintly throbbing.

After sensing the power of thunder on Qin Chen, even if Qin Chen later put away the power of thunder, the power of the abyss would no longer oppress Qin Chen, as if he regarded Qin Chen as nothing.

Oh shit.

Mo Li and Chi Yan Demon Lord looked at them, feeling depressed in their hearts.

Tomorrow morning, they came to this Meteorite Demon Realm for many years, and entered this abyss many times, but they could not resist the power of this abyss all the time, and regarded this abyss as a forbidden land.

But Qin Chen?

The power of the abyss was already avoided by him the first time he entered the land of the abyss.

How can there be such a big gap between people than people?

"Little friend Qin Chen."

At this moment, Demon Ancestor Luo Hu even looked over, just about to say something...

suddenly.

boom!

In the distance, a terrible breath faintly diffused.

The complexion of Luohu Demon Ancestor and their faces suddenly changed.

"It's the ancestor of the Abyss Demon."

"This ancestor of the abyss demon has actually found the land of the abyss, and he still refuses to give up, want to explore the land of the abyss?"

The demon ancestor Luohu and their expressions were a little frightened, and the ancestor of the deep demon didn't give them a way to live.

"Go!" No longer said, Qin Chen and the others quickly flew by, not daring to stay where they were.

[Chapter 4552: No longer an enemy of you](#)

Whoosh whoosh!

A group of people, constantly approaching the depths of the abyss.

However, no matter how deep they go, the terrifying force behind them is still closely following.

Luohu Demon Ancestor's face suddenly became extremely green.

"Lord Luohu Demon Ancestor, this Abyss Demon Ancestor doesn't give me a way to survive at all, he clearly wants to force me to wait."

Mo Li's face was ugly, and he gritted his teeth grimly.

Qin Chen also looked at the terrifying aura that kept hitting behind him.

Can not help changing color.

This ancestor of the Abyss Demon was really terrifying.

I tried my best, and it was only after displaying the power of Chaos Green Lotus Fire and Thunder, that I could resist the power of the abyss and not invade myself.

If he wanted to withstand the power of the abyss between heaven and earth, Qin Chen would naturally not be able to do it.

But the ancestor of the abyss demon not only resisted the power of the abyss, but also invaded his own power into the land of the abyss, and continued to spread in the process of confronting the power of the abyss.

Such a method is simply astonishing. Don't talk about Qin Chen, even Luohu Demon Ancestor and Honghuang Ancestral Dragon, they are also discolored. This force is far beyond their imagination. In their heyday, can they resist this abyssal force? It's possible, but it's only possible

.

Rumble!

I saw the power of the ancestor of the deep demon spreading wildly.

That terrifying demon energy was like dropping a drop of ink in a pool of water. The pitch-black demon energy dissipated in the abyss, spreading out, and violently collided with the power of the abyss, like stars colliding with the sun and the moon.

Boom boom boom! The power of the abyss constantly hits this terrifying demon energy, trying to stop the demon energy from invading, but the power of the abyss is nothing but an unowned thing, and the terrifying demon energy is controlled by the ancestors of the abyss demon, with a trace of the aura of the demon world. , The eruption of a terrifying god

Rainbow, crushed strongly.

"The power of heaven? This ancestor of the Abyss Demon is really despicable."

Qin Chen snorted coldly, and he finally saw how the ancestor of the abyss can resist the power of the abyss.

The ancestor of the deep demon relied on not only his own power, but also the power of the demon realm. This person colluded with the people of the underworld and used the power of the death underworld to weaken the power of the heavens, while at the same time borrowed the power of the heavens to strengthen himself .

Typically pick up the bowl to eat, put down the bowl and scold your mother. And because of the blessing of the power of the demon world, the power of the unowned abyss after bombarding the demon energy erupted from the ancestors of the abyss, it is like a huge wave crashing on the reef, although it can faintly prevent this terror The speed at which the magic energy advances, but

But it can't completely stop the invasion of this terrifying demonic energy.

boom!

The devilish energy continued to expand, deepening towards Qin Chen and the others, and although the speed was not fast, it was extremely stable.

"go!"

Qin Chen and the others can only go deeper.

However, no matter how deep they went, the ancestors of the abyssal demons always approached forward a little bit, did not speed up, nor did they rush forward, just a little bit, spreading to a deeper place in the abyss.

This made Qin Chen and the others look ugly.

"Damn it."

"Trouble now."

Mo Li and Chi Yan Demon Lord gritted their teeth.

The reason why they entered the land of the abyss was not only because the land of the abyss could obscure the perception of the ancestors of the abyss demon, but also because the ancestors of the abyss demon were strong, but in the land of the abyss, they would inevitably be suppressed.

The land of the abyss is extremely special, forcing it into exploration, I am afraid that even the ancestor of the abyss may be traumatized.

But now, the ancestors of the Abyssal Demon are going crazy and constantly exploring the abyssal land. This is obviously that they would rather spend a huge price to search for them.

This is a conspiracy, a conspiracy that they can only continue to see in depth.

boom!

The power of the billowing abyss eroded, and he saw the devilish substance radiating from the Red Flame Demon Lord.

"Red flame."

Mo Li changed color and grabbed Chi Yan Demon Lord's hand. At this moment, Chi Yan Demon Lord's face was pale, his body was weak, and he was almost unable to withstand the invasion of the power of the abyss.

"Li'er, I'm fine." Chiyan Demon Lord smiled bitterly, poofed, and vomited a mouthful of blood.

"Red flame."

Mo Li was horrified.

Qin Chen frowned, it was clear that the origin of the Red Flame Demon had begun to be damaged.

If you continue to go deeper, Chiyan Demon Lord may not escape to death.

In the rear, the aura of the ancestor of the deep demon continued to deepen.

"Li'er, I'm okay." Chi Yan Demon Lord laughed, and immediately continued to move forward, but only after flying by not far, he spit out another mouthful of blood, his face turned pale, and his body was shaky.

Mo Li even hugged Demon Lord Chiyan.

She can't hold it anymore.

"Idiot, do you want to die?"

Demon Ancestor Luohu stepped forward, booming, and the terrifying chaotic demon energy entered the Chiyan Demon Lord, slightly perceiving him, frowning and solemnly said: "The origin in your body has already begun to be damaged. If you forcibly move forward, you will only be immediately affected by the power of the abyss. Turned into powder."

"Master Luohu Demon Ancestor." Mo Li hurriedly looked at Luohu Demon Ancestor.

Luohu Demon Ancestor shook his head and sighed: "If the ancestor was in its heyday, maybe he could help resist it, but now the ancestor itself is hard to protect, I'm afraid..."

Luohu Demon Ancestor shook his head.

He has never recovered his cultivation base, and he can do nothing.

Mo Li's face suddenly turned gray.

"But..." Luohu Demon Ancestor looked at Qin Chen and said: "This person's power can cover the power of the abyss. If he makes a move, there may be hope."

Hearing this, Mo Li hurriedly turned his head.

"Qin Chen."

Mo Li nervously said.

Now only Qin Chen can help Red Flame Demon Lord, and the power in Qin Chen's body can prevent the invasion of the power of the abyss.

Qin Chen frowned slightly and asked himself to help Demon Chiyan?

"Help him, is there any benefit to Ben Shao?" Qin Chen said lightly.

This Red Flame Demon Lord had once targeted himself again and again and asked himself to help her, is it possible?

Mo Li's face became stiff, he naturally knew the grievances between Chiyan Demon Lord and Qin Chen.

"I..." Mo Li gritted his teeth.

"Li'er, don't beg him, don't beg this demon." With blood on the corner of his mouth, Demon Chiyan gritted his teeth, and even moved forward with difficulty, but he vomited blood again before he could go too far.

Hum!

The physical body of Red Flame Demon Lord began to vanish, to dissipate the void.

"Red flame."

Mo Li hugged Demon Sovereign Chiyan, looked at Demon Sovereign Chiyan in pain, and watched her gradually becoming nihilistic, her beautiful face, and her heart was as painful as a knife.

"Qin Chen, as long as you save Chi Yan, from now on, my devil will no longer be your enemy."

Mo Li roared, his expression resolute and painful.

For him, this is a huge promise. He is very powerful and does what he says. "No, Li'er, don't do this for me, don't you always want to surpass him? I believe you must be able to." Chiyan Demon Lord looked at Moli with pity, "For me to do this, you paid too much. I would rather die than you do."

"She knows Moli too much, and how arrogant Moli is in her heart. He has always wanted to surpass Qin Chen, and has always wanted to prove himself, and let Moli be willing to subdue Qin Chen for herself, how can she bear it in her heart?"

[Chapter 4553: Got the news](#)

"No, Master Chi Yan." Mo Li smiled, stroking Chi Yan's beautiful face of the red-faced Martial Emperor: "Without you, even if my Mo Li is invincible in the world, what can I do?"

After Mo Li finished speaking, he turned to look at Qin Chen, his expression became extremely calm, and said lightly: "Qin Chen, please save Chi Yan, as long as you can save Chi Yan, from now on, I will be Mo Li. Regarding you as the respect, no more trouble to you, how?"

"Respect me?"

Qin Chen smiled.

"Then what do you want?"

Mo Li's face was a bit ugly, and he planned to respect the other party, what else does Qin Chen want for himself?

But Qin Chen smiled.

"Just you? A fellow who is not even the Supreme, how many Supremes under this seat, what do I want you to do with me?"

Qin Chen snorted, swish, stepped forward and directly grabbed the hand of Chiyan Demon Lord.

"Don't waste time, go quickly!" Qin Chen said coldly.

"What are you doing... let go of me."

Red Flame Demon Lord was frightened, Hua Rong paled. "Idiot, shut up, just don't be there if you have no ability. Do you want to take you with me? You don't want to leave. I don't bother to take care of you,

but Moli will definitely die here with you, if it's not. Worried that you and Mo Li revealed Ben Shao's secret, Ben

How can you take care of you if you are young. "

Qin Chen snorted coldly, and looked at Chiyan Demon with disdain: "If you talk nonsense, you will die here, but before you are killed by the power of the abyss and the ancestor of the abyss, this young master will kill you first. "

Qin Chen drank coldly.

An invisible force enveloped her. Suddenly, the annihilation aura on Demon Chiyan's body was greatly reduced, and his physical body became solid again. "And you..." Qin Chen glanced at the magical Li: "Ben Shao doesn't need you to surrender, and you don't need you not to be an enemy to me. You are defeated. Even if you and Ben Shao are enemies, Ben Shao has nothing Fear. But this seldom has one requirement, that is, you must not be with the devil

If you can do it, this young master will save your friend. Otherwise, you will die here. You don't need to do anything by the ancestor of the deep demons. This young master will kill you first. "

"Can it be done?"

Qin Chen said coldly, with terrible murderous intent permeating his body.

On the side, Demon Zuo Luo frowned, stepped forward, just about to speak...

"It's nothing to do with you here, step back."

Qin Chen screamed at the Demon Ancestor Luohu. Demon ancestor Luohu suddenly condensed evil spirits between his eyebrows, and looked at Qin Chen angrily. His dignified chaotic **** and demon was actually scolded by a junior Qin Chen, how not angry in his heart, but he just hesitated, but he stopped, and did not rush. forward

.

"Huh, it's almost the same. Everyone is in this kind of environment now. If they are not united, then just wait for death." Qin Chen yelled, then looked at the magic: "Hurry up, mother-in-law, I The Demon Li you know is not such a person, as long as you promise not to be in the same way as the Demon Race, then I will take action to protect your friend, such a simple thing, can you still

Hesitate? "

Mo Li was startled.

He was willing to respect Qin Chen, but unexpectedly, Qin Chen refused.

He raised his head and looked at Qin Chen unexpectedly, only to find that Qin Chen's eyes were clear, which was obviously sincere.

Inexplicably, there was a feeling in his heart that he couldn't explain clearly.

"Okay, I promised."

Mo Li said solemnly.

The Red Flame Demon also looked at Qin Chen for the first time, and it seemed that he was not so unpleasant, and he didn't struggle anymore.

That is, this guy speaks too badly.

What do you not fear even if you are an enemy of him? Who do you look down on?

"Well, don't waste time. If you don't leave, you won't be able to leave."

Luohu Demon Ancestor frowned and said.

"Let's go."

Qin Chen said indifferently, and immediately took Chi Yan Demon Lord and Demon Li and continued to go deeper.

boom!

Not long after Qin Chen and the others left, their previous location was already flooded by a vast expanse of demonic energy, completely obscured.

That devilish energy continued to deepen.

Obviously, if they didn't find Qin Chen, they wouldn't give up at all.

This made Qin Chen's face ugly and his heart cold.

Because, with his entry, although he could block the power of the abyss from the outside world, gradually, the pressure on Qin Chen's body was getting heavier, because the power of the abyss inside was too terrifying.

boom! The force of the abyss is pressing on him, just like a supreme is constantly bombarding his body, such an impact, even if Qin Chen can ignore the power of the abyss, in the end, he will be directly oppressed by this terrible time and space. The town is here

in.

"Kid Qin Chen, the power of time and space in this is getting stronger and stronger. It's better to let the ancestor come out and fight the ancestor of the abyss." Honghuang Ancestral Dragon snorted coldly.

"No." Qin Chen shook his head and said through the sound transmission: "Senior, if you are exposed, then it is over. Now the ancestor of the Abyss should not know that I am here. Once you are exposed, the ancestor of the Abyss will determine my identity. Will kill me desperately, even if it's me

Being able to leave the Demon Realm alive, I'm afraid I won't find Sisi anymore. "

His purpose in coming to the Demon Realm was to find Sisi, and before he found Sisi, he definitely couldn't leave easily.

Therefore, he can only carry it on.

boom!

Qin Chen kept moving forward, resisting the oppressive force of the abyss, and working hard.

And when Qin Chen and the others were in the abyss, they kept escaping from the chase of the ancestors of the abyss demon.

On a vast sacred mountain in Terran Territory.

Boom!

A figure suddenly fell.

It is the Supreme Master of God, who respectfully salutes the mountain, "Master Xiaoyao, there is news from the devil world."

"Oh?"

boom!

Above the sacred mountain, a towering figure suddenly opened his eyes, and a terrifying rainbow bloomed, shaking the world.

It is Xiaoyao Supreme.

"Our spies discovered that the ancestor of Abyss Demon suddenly left his lair..."

Divine work is supreme and respectful.

"The ancestor of the abyss demon suddenly left his lair?" Xiaoyao Supreme stepped out, and instantly came to the supreme master of work, frowning and said: "The ancestor of the abyss fought with me and was hurt by that one. It's not so easy to recover, but now it's time to recover yourself, why is it sudden?"

But left his lair? "Shen Gong Zhizun said in a deep voice: "According to the reply from our spies, it seems that something happened in the Demon Sea of Chaos God, and news came out that the Demon Realm Chaos God Demon Sea had a riot, and there was a terrible death from the depths of the Demon Sea. The breath is rising, and there is a big battle

Zhiwei, afterwards, the ancestor of the deep demon descended into the sea of chaos and demon, seemingly searching for someone. "

"Chaos God Demon Sea?"

Xiaoyao Supreme's gaze condensed, and a brilliant light flashed: "The Chaos God Demon Sea was only a place for casual cultivation in the Demon Realm back then, but later, the ancestor of the abyss seems to have made some changes to it and dispatched the Chaos God Demon Lord. Sit down." "The spies I was waiting for couldn't get into the depths and spy out the purpose of the ancestor of the abyss demon. Therefore, they have never figured out the truth about the chaos of the gods and demon sea, only knowing that there must be a conspiracy of the demon ancestor. "

[Chapter 4554: Supreme Hall](#)

"In the past few years, I have tried my best to figure out the truth in the sea of chaos, gods and demons. I didn't expect that Qin Chen actually gained such a gain when he entered the demon world..." Xiaoyao Supreme said with a smile.

Shen Gong Zhizun was astonished: "Master Xiaoyao, you mean, Qin Chen is the reason why the chaos and Mohai are exposed?"

"Otherwise?" Xiaoyao Supreme said lightly, "The Demon Realm has always been a copper wall and an iron wall. Except for the seeming resistance within the Demon Realm itself, it is extremely difficult for the outside world to penetrate in, but the resistance within the Demon Realm has been suppressed by the Demon Ancestor for these years. , In ancient times

The era can also bring some trouble to the Demon Ancestor, but in recent years, it has disappeared, and there are countless deaths and injuries. Except for the kid Qin Chen who went in not long ago, this seat couldn't think of any other reasons that could cause an accident in the Chaos God Demon Sea. "

"You don't know the kid's ability to cause trouble." Xiaoyao Supreme even added.

Shen Gong Zhizun recalled it and couldn't help but nod his head.

Indeed, this kid Qin Chen can get into trouble too much, and wherever he goes, it is a disaster.

"My lord, isn't Qin Chen in danger..."

Immediately, Shengong Supreme couldn't help being shocked, and the ancestor of Yuanmo himself, how could Qin Chen resist it.

"That kid, it shouldn't be that simple to be suppressed by the Demon Ancestor." Xiaoyao Supreme squinted, "Otherwise the Demon Ancestor will not search everywhere, but what makes me care is the breath of death in the chaotic sea of gods and demons."

Xiaoyao Supreme frowned, his eyes suddenly flashed, and he whispered: "Could it be the underworld?"

"Underworld?" Shengong Supreme frowned: "The underworld is a force in the universe. Although I also have the underworld in the heavens, but I have never interfered in this universe, why would I appear in the chaos of the demon sea?" "This is what I want too. I know." Xiaoyao Supreme snorted: "Although the underworld is powerful, in ancient times, he has made a promise that he will never enter this universe, otherwise, this universe will not agree to let them establish the wheel of life and death.

Back, but now if there are people from the underworld in the sea of chaos, gods and demons, it is worth pondering. "

"The dark clan plus the underworld, what is the demon ancestor doing?" Xiaoyao Supreme's eyes were cold.

Divine Work Supreme also took a cold breath. If the Demon Race really has a relationship with the Underworld, then... the Human Race will face an extremely huge challenge. "Apart from the news about the Chaos God Demon Sea, is there any other news from the Demon Realm?" Xiaoyao Supreme looked over: "With the power of the Demon Ancestor, it must be extremely difficult for Qin Chen to escape, since the Demon Ancestor is in the Chaos Demon Sea. Search for other people everywhere, then, of course

There will be some other movements. "Shen Gong Zhizun said: "It is true. It is said that after the ancestors of the Abyssal Demon appeared in the Demon Sea of Chaos, great changes have taken place in the Demon Realm's Meteor Demon Realm. The entire Meteor Demon Realm seems to have turned into a purgatory, except for a few people who fled. Outside, Meteorite

The domain seems to have become a dead place. "

"Meteor Demon Realm?" Xiaoyao Supreme frowned: "Isn't that an abandoned place in the Demon Realm? Where did Qin Chen go and do?"

"No, the land of the abyss!"

Suddenly, Xiaoyao Supreme was shocked and blurted out.

"Master Xiaoyao, what is the place of the abyss?" Shengong Supreme said in astonishment.

"The land of the abyss is a dangerous place in the Meteorite Demon Realm. It is rumored that it was formed after the death of a top-level existence of the ancient demon clan. That place is not simple..."

"The land of the abyss is full of dangers, and with the strength of the ancestor of the abyss demon, it is impossible to sweep it wantonly, but if Qin Chen really enters the land of the abyss, it will be in trouble."

"Although the land of the abyss can cover the tracking of the ancestors of the abyss demon, unless Qin Chen enters the deepest place, he will still be found by the ancestors of the abyss demon, and once in the deepest place, with Qin Chen's current strength, I am afraid..."

Xiaoyao Zhizun suddenly looked at Shengong Zhizun, his eyes burst into Li Mang: "How long ago was this news?"

Shen Gong Zhizun even said: "Two days ago."

"Two days ago?"

Xiaoyao Zhizun's face changed, "It's not good, I don't know if it's too late."

"Shen Gong Zhizun." Xiaoyao Zhizun suddenly said solemnly.

"in."

"You immediately follow me to the Supreme Hall of the Ten Thousand Races Battlefield, and order the Ten Thousand Races Battlefield Human Race Alliance to launch a general attack against the Ten Thousand Race Battlefield Demon Race Alliance. You personally act, enter the Ten Thousand Race Battlefield, and hit the opponent by surprise."

Xiaoyao Supreme said solemnly.

"hiss!"

Shen Gong Zhizun breathed in the air, and directly launched a general attack on the Demon Alliance on the battlefield of ten thousand races? Is this...is to start another war?

However, although he was shocked in his heart, Shen Gong Zhizun's face was determined and respectfully said: "Yes."

"Come with me."

boom!

Xiaoyao Supreme immediately stepped out, taking Shengong Supreme towards the battlefield of ten thousand races, and flew away for the first time.

Outside the battlefield of the ten thousand races, a place of emptiness near the territories of the human race.

A magnificent building, suspended between the heaven and the earth, this building, as if in the void of an alien plane, stands majestic, with dazzling rays of light, and there are terrible arrays flickering everywhere on it.

In the formation pattern, there is a vast space, like a small world, located in the void continent.

If someone comes here and sees such a scene, they will be surprised.

This turned out to be a supreme-level big formation.

This place is the headquarters of Human Race on the battlefield of Ten Thousand Races, where the Supreme Palace is located.

In the battlefield of ten thousand races, the supreme-level powerhouses should not enter rashly. Once they enter, they will truly tear their skin and trigger ethnic-level battles.

However, in order to prevent accidents, all the powerful clans will send supreme powerhouses to guard outside the void of the ten thousand clan battlefield, so as to avoid accidents, they can be rescued in time.

At this moment, in the Supreme Palace outside this human race.

A strong man, sitting cross-legged, the supreme aura rolling on his body, along with his swallowing, a terrifying supreme aura circulating around him, the power of the law, all surrendered under his feet.

In addition to him, in this supreme palace, there are also some powerful humans of the human race. Some of these heavenly masters have retired from the battlefield of the ten thousand races, and some will go to the battlefield of the ten thousand races to serve.

The countless Heavenly Venerables on the battlefield of the Ten Thousand Races are all from the major forces of the Human Race. When the exchange is carried out, whether it is taking office or retiring, it needs to be appointed by the Supreme Palace.

In addition, the Supreme Palace has nothing to do with it.

Therefore, although the Supreme Palace sits in the void outside the battlefield of ten thousand races, it is very calm. Except for the war between humans and demons, there has been almost no battle in the Supreme Hall for countless thousands of years. The Supreme Hall master who sits on the battlefield of the ten thousand races is actually just a different place to practice. Under normal circumstances, There is no need for them to act.

[Chapter 4555: Jiuyao Supreme](#)

Because according to the rules, supreme-level powerhouses cannot come to the battlefield of ten thousand races. Once they come, it will be a race-level battle, so both sides are extremely restrained.

And the strong human race who sits in the Supreme Hall this time is named Jiuyao Supreme.

In the endless void in the Supreme Palace, Jiuyao Supreme is practicing cross-legged.

suddenly.

Jiuyao Supreme seemed to feel something, suddenly opened his eyes and looked up at the sky.

With a bang, I saw the infinite void above the Supreme Hall, suddenly bursting open, and then, two terrifying supreme aura suddenly appeared, and it instantly descended to the Supreme Hall.

The entire Supreme Hall was completely flooded by this terrifying power.

"what happens?"

"this is....."

At this moment, all the Heavenly Venerables of the Human Race who were reporting in the Supreme Hall, all raised their heads in horror and looked at the sky in amazement. Under this breath, their souls trembled, as if they were about to explode on the spot.

"Who, come to the Supreme Palace of My Human Race?"

Huh!

A supreme aura flashed across the void, and the next moment, the supreme Jiuyao appeared in the void, staring at the sky with a horrified expression.

Because this breath that descended far surpassed him, he couldn't even breathe when he was suppressed.

Who on earth is this?

The power of the supreme source in Jiuyao Supreme's body urged to the extreme, and his expression was solemn.

"Jiu Yao, why don't you pay respect to seeing Master Xiaoyao?"

An indifferent voice resounded through the world, and with a bang, I saw the Supreme Master of Void Work stepping out, behind him, the Supreme Master of Xiaoyao followed closely, and the aura soared to the sky.

"Xiaoyao Supreme?"

"Holy craftsmanship?"

Seeing the two of them, all the strong people present were discolored, and the heavenly masters were all shocked.

Why are they here? After the first battle in the League of Humans, Xiaoyao Supreme defeated the ancestral gods and has become the leader of the Human Alliance. Such a character has an extraordinary

identity. Any action can trigger the speculation of foreigners. Now, there will be major events in the Supreme Palace.

occur.

"I'm waiting, I have seen Xiaoyao Supreme, Divine Work Supreme." In an instant, all Tianzun saluted, and did not dare to look up at Xiaoyao Supreme, because some people looked at Xiaoyao Supreme, but they saw a deep cosmic starry sky, as Tianzun. They are like a grain of dust in this cosmic starry sky, Insignificance is not to mention.

And Jiuyao Supreme also hurriedly bowed his hands.

He naturally heard of Xiaoyao's supreme divine might, even the ancestor **** would dare to beat him, if he was disrespectful, the consequences would be unpredictable.

"Jiu Yao, you are now in charge of this Supreme Hall?"

Xiaoyao Supreme glanced at Jiuyao Supreme.

"It's under."

Jiuyao Supreme Linked Road, without the majesty of the Supreme Strong.

"Very good." Xiaoyao Supreme said, then looked down, and said lightly: "Jiu Yao Supreme, you follow Divine Work Supreme, with the people of Supreme Hall, directly descend on the battlefield of Ten Thousand Races, against the many big camps of the Demon Alliance Launch an attack."

"Be sure to destroy the many big camps of the Demon Alliance in a short time. You...maybe?"

Coming to the battlefield of ten thousand races and destroying many camps of the demons.

Jiuyao Supreme suddenly changed its color: "Master Xiaoyao Supreme, according to the rules of the ten thousand races, the supreme-level strong cannot come to the battlefield of ten thousand races, if I wait for it to come by force, I am afraid it will..."

"Ok?"

The Supreme Divine Workman snorted coldly, boom, a terrifying aura suddenly descended, and Supreme Supreme Jiuyao suddenly changed color.

"Xiaoyao Zhizun is now the leader of my human race. Do you dare not listen to his words?" Shengong Zhizun said coldly.

Jiuyao Supreme was in cold sweat, and hurriedly looked towards Xiaoyao Supreme, and saw Xiaoyao Supreme's eyes look at him indifferently, their eyes were deep, like an invisible deep pool, as if to breathe his mind into it.

"The subordinate dare not, the subordinate will execute it immediately!"

Jiu Yao Zhizun hurriedly said: "However, when I attack the battlefield of ten thousand races, do I have to notify the human camp on the battlefield of ten thousand races to let them respond?"

"No need."

Xiaoyao Zhizun said, "Once you are notified, the wind will inevitably leak. What this seat wants you to do is the thunder, but the other party has no possibility of reacting at all."

"Yes!"

Jiu Yao Zhizun connected, then looked down: "Everyone, follow this seat."

"Yes!"

There are countless deities below, saluting respectfully.

Boom boom boom!

In the next moment, countless strong men immediately followed behind Jiu Yao Zhizun and quickly swept towards the ten thousand race battlefield below.

Over the battlefield of ten thousand races.

The power of the rolling array enveloped.

In order to prevent the supreme-level powerhouse from breaking into the ten thousand clan battlefield, the ten thousand clan set up a barrier on the ten-thousand-clan battlefield to prevent the supreme level powerhouse from entering.

As soon as Jiuyao Supreme and Shengong Supreme approached, countless rules surged above the huge array that suddenly rolled, and the terrifying aura of the battlefield of ten thousand races rose to the sky.

"Jiu Yao Zhizun, I'll break the formation, and you will move first."

The Supreme Master of God screamed, bang, the hidden treasure hall rushed out of his body, from the hidden treasure hall, countless chains burst out in an instant, huh, the chains turned into a large formation of locks, and the battlefield with the ten thousand races The big array on the crash crashed.

Boom!

The two sides broke out with a terrifying roar.

In an instant, in the camp on the battlefield of ten thousand races, countless strong men were awakened, and one by one looked up at the sky in amazement.

Among them, many strong men who were even fighting, stopped one after another, looking towards the sky in horror.

Just saw the endless void in the battlefield of ten thousand races, the roaring roar, the origin of the universe was alarmed, the power of the large array swept through, and in a vaguely, it seemed to see the terrible supreme figure emerging.

This shocked many people.

Hiss, is there a supreme powerhouse who wants to forcibly break into the battlefield of ten thousand races?

However, according to the rules of the ten thousand races, the supreme and the strong should not intervene in the battlefield of the ten thousand races. Where did the supreme come from breaking the rules set by the two races of humans and demons?

Could it be that the Demon Race is about to attack the Human Race again?

At this moment, all kinds of information are transmitted in an instant, inquiring everywhere.

The battlefield of ten thousand races is empty.

Shengong Supreme urged the hidden treasure hall crazily, rumbling, and the billowing breath of the hidden treasure hall surged, and that great burst of breath continued to surge in, and the shocking Shengong Supreme's face turned pale.

However, the supreme divine workman remained unmoved, with a ferocious expression, directly burning the original source, and the billowing supreme aura skyrocketed into the sky. This caused Jiu Yao Zhizun to breathe in the air. Is Shen Gong Zhizun crazy? He even tried to burn the origin, so that he could break the seal of the battlefield of ten thousand races and let himself enter into it to kill. What happened, made Shen Gong Zhizun so anxious.

, Boom, I saw Shen Gong Zhi Zun's body boil, and at the same time he spit out a mouthful of blood, pouch, blood splashed on the treasure hall, a series of terrible runes skyrocketed, the hidden treasure hall was soaring, and finally the ten thousand races The void of the battlefield tears apart one

Road subtle opening.

"Jiu Yao Zhizun, don't leave yet." Shengong Zhizun roared.

[Chapter 4556: Blood Moon Supreme](#)

"go!"

Jiu Yao Zhizun's gaze was cold, with many heavenly beings, instantly descended on the battlefield of ten thousand races.

"That is....."

Below, on the battlefield of ten thousand races, countless strong men raised their heads and saw a towering figure descending in the endless sky.

boom!

The endless supreme breath surged instantly.

"It's Human Race."

"The Nine Lights Supreme of the Human Race."

"The guardian of the Supreme Palace of Human Race this time."

"Why did he suddenly descend on the battlefield of ten thousand races?"

The appearance of Jiuyao Supreme has made all the strong on the battlefield of ten thousand races become discolored. Among them, the place of the Demon Race Alliance is even more crazy.

"Quickly, send a message to Blood Moon Supreme!"

"Human race has supreme descending, **** it, let the blood moon supreme descend on the battlefield of ten thousand races."

In the Demon League, many strong men saw this scene, their expressions changed wildly, and they let out a stern roar.

Immediately afterwards, they saw a scene that suffocated them.

Jiuyao Supreme descended on the battlefield of the ten thousand races, and instantly came to a big camp of the demon clan below, this is the camp of the demon clan of the sun, with countless army of the demon clan. Jiu Yao supreme raised his hand, and boomed, a terrifying supreme palm appeared. This supreme palm was towering for thousands of miles, like a sky curtain, rumbling down, and the lines on the palm were clear. It turned into a rule to suppress it, and directly bombed the demon camp on that day drop

Come down.

"Do not!"

"Jiu Yao Supreme, you, as the Supreme Human Race, broke the rules of all races, are you not afraid of revenge by my demons?"

"Hurry up!" A master of the Japanese demon clan rose to the sky one after another. The leader was a Tianzun of the Japanese demon clan. Looking at the great hand of the sky Jiuyao, the expression of fright and anger appeared. The roaring sound, at the same time the whole person soars into the sky,

With countless days of the Demon Race powerhouse quickly formed a large array.

The majestic demon array soared into the sky, countless runes bloomed, and instantly guarded the Japanese demon camp. The masters of the Japanese demon clan burned their origins frantically, desperately trying to resist the attack of Jiu Yao Supreme.

But it's useless.

With a bang, Jiuyao Supreme's big hands fell, and the rolling power of the Supreme was pouring out. The huge array formed by countless powerful Japanese demon tribes burst into pieces in an instant, and a famous Japanese demon tribe powerhouse never even screamed. , Directly crushed and turned into powder.

Rumbled and roared, the sky collapsed and the earth cracked, and a strong man with Tianzun was sitting in town, which was regarded as the core camp of the Japanese demons. It was directly turned into nothingness and erased from the battlefield of ten thousand races.

Hundreds of thousands of powerful Japanese demon tribes fell tragically, and even if the remaining members of the Japanese demon tribe did not fall, they were dying, roaring in pain, and miserable.

"Leave the respect for one day, this day the Demon Clan Camp will be handed over to this person, and the rest will go with me."

Jiuyao Supreme is also a decisive person. He has a fierce gaze, coldly sweeping the large camp that has been turned into ruins below his eyes, and with a cold snort, he rises directly into the sky without turning his head towards the next large camp.

Now that he has obeyed the orders of Xiaoyao Supreme, Jiuyao Supreme has also spared it. As a human race, since it has started, the more people from the Demon Alliance will naturally kill the better.

Immediately, one Tianzun stayed behind and began to harvest the remaining strong Japanese demons who were still surviving, cleaning the battlefield, and the others immediately followed Jiu Yao Zhizun to set off again.

"The Japanese Demon Race, have been destroyed?"

"God, is the Terran crazy?"

"The Supreme Palace is coming, is the Human Race going to start the third war between humans and demons?"

On the battlefield of Ten Thousand Races, everyone was stunned by Jiuyao Supreme's actions, dumbfounded.

Shock, indescribable shock.

Even the strong in the Human Alliance were shocked, because they had not received this news at all.

boom!

The Jiuyao Supreme was flying through the void. For a Supreme like him, the distance of a million miles was just a few seconds away. After a while, he had already rushed to the vicinity of another big camp.

This large camp is full of bones, and many bones have built a stronghold that can reach the sky.

This is a camp of bone clan.

And these white bones are of normal size, they are human bones, and the big ones are like mountains. They are the bones of the strong monsters in the human alliance.

This is a camp built with the bones of strong human alliances, full of blood.

Today, it bears the brunt.

Bone Race, one of the several major races in the Demon Race Alliance, the Bone Race is one of the backbone forces of the Demon Race Alliance, and naturally it is also the target of Jiu Yao Supreme.

boom!

The terrible breath swept through, suppressed instantly.

"Jiu Yao Zhizun, you dare to do something to my bone clan, my bone clan will definitely not let you go."

"stop."

"Quickly, stop him."

In the Bone Race Camp, countless Bone Race powerhouses were alarmed by the aura of Jiuyao Supreme, and all of them showed horror and uttered angry voices.

Boom! At the same time, a series of terrifying bones filled the sky, and a strong bone clan rose into the sky. Numerous skeletons gathered together and turned into a sky-reaching white bone giant, swinging a bone knife and slashing at the Jiuyao Supreme. Come, to break

Open Jiuyao Supreme's attack. However, Jiuyao Supreme had an indifferent expression, ignoring the bone knives in front of him, and directly shot, the momentum was like a rainbow, with a boom, a huge palm grabbed the camera, and he heard a click, the huge gathering of countless strong bones. Bone knife, instantly

He was crushed into bones and turned into bone meal.

Immediately afterwards, the big hand of Jiuyao Supreme squeezed directly down, squeezing the bone giant directly into the air with a bang.

"what!"

The screams of screams resounded throughout the world, and countless skeletons burst open and torn apart. A strong bone clan fell on the spot, and his bones were rolling in the hands of Jiuyao Supreme.

With a bang, a huge palm fell, and the entire bone clan camp was directly destroyed and razed to the ground.

Those bone mountains and other things formed by the corpses of countless strong men in the Human Race, drifted away in the wind, and disappeared in smoke.

This scene caused countless strong men who saw this scene from a distance to breathe in air-conditioning, and their hearts were shocked.

A big camp of the Bone Race, don't die again.

In a moment, the two major camps of the Demon Alliance were already destroyed, which was extremely tragic.

"Leave one person, clean the battlefield, and the rest, come with me."

Jiu Yao Supreme snorted coldly, and continued to move out, wantonly shot on this ten thousand race battlefield.

With the supreme power of Jiuyao Supreme, how can these Demon Alliance powerhouses on the battlefield of ten thousand races resist? After all, the strongest person who stays here is not at the later stage of Tianzun level, and is not an opponent of Jiuyao Supreme.

As long as you encounter, you will die.

For a time, blood flowed into a river on the entire battlefield of ten thousand races, and there was a sea of dead mountains and blood everywhere.

And some other strong people in the Demon League have also learned well. After receiving the news, they quickly ordered the members of their camp to leave quickly, and at the same time madly sent a message to the Supreme Palace of the Demon Race.

Now in this situation, only the Blood Moon Supreme of the Demon Race Supreme Hall can stop the Jiuyao Supreme, a message after another, sending out messages like crazy. In the entire battlefield of ten thousand races, including the Demon Realm, it spread rapidly.

[Chapter 4557: Wei Wei and Zhao Zhao](#)

now.

Over the battlefield of ten thousand races.

Close to the Demon Race Supreme Hall where the Demon Realm is located.

A supreme powerhouse surrounded by endless blood and light is swallowing a terrifying supreme demon energy. With his breathing, countless supreme demon energy rises and falls, like a sea of blood.

This person is the Blood Moon Supreme, who is sitting in the Supreme Hall of the Demon Race.

"My lord, it's not good."

Suddenly, a frightened voice came, and with a bang, the gate of the training hall where this person was located was directly broken open, and several demon gods rushed in in horror.

"Trash, do you want to die? Dare to disturb the practice of this seat?"

Xueyue Zhizun opened his eyes, the blood in his pupils bloomed, and he was furious.

boom! He reached out with a big hand, and directly caught a demon goddess. The demon goddess struggled in horror and shouted for mercy. However, with a puff, he was instantly squeezed and exploded. The billowing blood of the goddess and the origin of the gods Swallowed by Blood Moon Supreme

In, swallowed on the spot.

call!

A **** qi was spit out slowly by him.

Upon seeing this, the other demon gods all knelt on the ground in horror, shaking.

"Huh, what's the matter, yelling?"

Blood Moon Supreme snorted coldly, his towering body stood up and walked in front of these people, his eyes bloodthirsty and cold.

If these people are nothing serious and dare to disturb him, no wonder he eats them all.

"Returning Blood Moon Supreme Lord, you are... the battlefield of ten thousand races..."

A demon Tianzun said tremblingly.

"Battlefield of Ten Thousand Races? What happened to the Battlefield of Ten Thousand Races?" Blood Moon Supreme frowned. "The Jiuyao Supreme of the Human Race Supreme Hall didn't know what was going on suddenly, and forcibly descended on the battlefield of ten thousand races, and is now slaughtering in our Demon League camp. Up to now... My Demon Race Alliance has dozens of camps. Covered by that Jiuyao Supreme

Went out. "

"what?"

Blood Moon Supreme yelled, incredible in his eyes.

Boom, a terrible blood rushed into the sky from his body.

Jiu Yao supreme, slaughtered in his demon alliance camp, is this... looking for death?

He quickly took out the messaging jade slip on his body, only to discover that there were countless messages flickering in the messaging jade slip, and with a slight perception, the face of Blood Moon Supreme suddenly changed.

"Jiu Yao Zhizun, you are looking for death!"

boom!

The endless blood boiled, the blood moon supreme furiously uttered, the whole person soared into the sky, frantically looting towards the battlefield of ten thousand races, and at the same time angrily shouted: "The horse sends a message to the devil world, tell the ancestors of this place, and the others will kill with me. enemy."

Rumble!

The billowing blood suddenly swept towards the battlefield of the ten thousand races like a tsunami.

After a while, a **** sky appeared over the battlefield of ten thousand races.

"Nine Yaos Supreme."

The scream of anger, like a sky thunder, echoed over the battlefield of ten thousand races, the sky and the earth shook, the supreme aura surged, and the source of the sky and the earth was suppressed, like thunder.

A towering blood-colored figure appeared in the sky above the ten thousand race battlefield, and the blood-colored pupils stared frantically, covering the sky and the sun.

boom!

Bleeding, desperately pouring down.

This aura appeared, and the many powerhouses of the Demon Race all showed ecstasy.

"Blood Moon Supreme, it is the Blood Moon Supreme Lord coming."

"Jiu Yao Supreme, your doomsday has arrived, and the arrival of the Supreme Lord of the Blood Moon of our race, you will undoubtedly die."

"Human race, too despicable, looking for death."

A powerful demon clan, all showed ecstasy, and his voice resounded like thunder in the heavens and the earth.

But the strong of the Human Alliance, his gaze was condensed.

The Blood Moon Supreme is here, and Jiuyao Supreme is afraid it will be in trouble.

Blood Moon Supreme is a veteran supreme-level powerhouse of the Demon Race. He is extremely cruel, and the human alliance powerhouses who have died in his hands are countless. The most important thing is that Blood Moon Supreme's Blood Moon method is extremely terrifying. Once it is used, even if Jiu Yao Supreme can resist it, other powerful people in the Human Race Alliance will definitely not be able to resist it. At that time, for many powerful people in the Human Race Alliance, it will be one

Disaster.

Compared to the means of killing, the Blood Moon Supreme was more brutal than the Jiuyao Supreme.

And this Bloody Moon Supreme was also extremely intelligent. He didn't directly kill the Jiuyao Supreme, who was slaughtering in the Demon Alliance, but turned into a **** ocean, covering the place of the Human Alliance's camp in an instant.

"Jiu Yao Zhizun, if you kill my people from the Demon League, this seat will kill your people from the Human League. Let's see who kills more people, Jie Jie Jie, hahaha."

boom!

The cold voice resounded throughout the world, and the **** waves shook the sky.

This is the strategy of encircling Wei and saving Zhao.

Blood Moon Supreme knew that if he went to chase and kill Jiuyao Supreme, a lot of time would be wasted, and by then, many members of the Demon Clan would inevitably fall.

But if he kills to the Human Race Alliance, then Jiuyao Supreme will definitely not be willing to watch the people of the Human Race Alliance being slaughtered, but will turn around to stop him.

After this, he could not only devour the blood of countless human alliance powerhouses, but also blocked the crazy killing of Jiu Yao Supreme, and rescued many people in the demons alliance camp.

Kill two birds with one stone!

However, what made Blood Moon Supreme puzzled was that when he killed the Human Race Alliance, Jiuyao Supreme did not move and continued to kill the demons.

This.....

what happened?

Blood Moon Supreme was shocked, why is this different from the script he expected?

Jiuyao Supreme allowed him to kill the people of the Human Alliance without coming back to rescue?

Human Race Supreme, when was it so cruel?

Not only the Blood Moon Supreme was shocked, but people of other races were also shocked.

Jiuyao's actions completely exceeded everyone's expectations.

Is this Jiuyao Supreme Crazy?

These people were horrified, and the human race camp that was enveloped by the blood moon supreme was full of panic. Countless human race powerhouses looked up and looked at the vast **** ocean that covered everything, all of them showing horror.

"Jiu Yao Supreme?!"

Someone roared and looked at Jiuyao Supreme in anger.

"kill!"

Someone roared into the sky, fighting desperately.

However, they are all too small. Under the supreme power, even the late Tianzun is like an ant. Even if they desperately, they are afraid that they can't shake the blood moon supreme. They can only watch their souls fly away. "Jiu Yao Supreme, you are ruthless, this seat does not believe it, you will watch your human race fall, compare ruthless, you can compare to my blood moon supreme? Hahaha, even if you kill all the people of my demon camp What about it, as long as this seat swallows your family union

The strong of the alliance, that seat is earned. "

Blood Moon Supreme looked up to the sky and roared with a ferocious look.

He really did this thing, the demons, one by one, were frantic, and there was no such thing as a conscience.

"Do not!"

Under the gaze of the crowd, the boundless blood flowed out, and it was seen that many powerful human races were about to be beheaded by the blood moon supreme.

suddenly!

boom! From the endless void of the battlefield of ten thousand races, a towering palm suddenly came out, unmatched.

[Chapter 4558: Deep river](#)

The palm of his hand, like the sky, rumbling, descending in an instant, and in an instant, it firmly solidified the blood moon supreme in the void.

"what?"

When this huge palm appeared, everyone in the audience was dumbfounded, and their eyes were full of horror.

There are still supreme powerhouses in the human race?

And Blood Moon Supreme also looked frightened.

"Do not!"

At this moment, endless fear emerged in the heart of Blood Moon Supreme, and the expression in his eyes was full of panic.

Boom boom boom!

With his blood rushing to the sky, he struggled frantically, trying to break through the capture of this huge palm, but no matter how he impacted, the palm remained motionless, confining him to the void.

The void solidified, he was as strong as the Supreme, under this huge palm, like a chicken, was instantly caught and captured.

This scene deeply shocked everyone present.

day!

Did they see it?

The Blood Moon Supreme in the Supreme Palace of the Demon Race was caught by a giant hand like a chicken, and there was no resistance. How could this be possible?

This is the supreme powerhouse? The pinnacle that can be swept on the battlefield of ten thousand races?

Suddenly, whether it was the Demon Race, the Human Race, or the strong people of other races, they were deeply shocked, unable to restrain their inner shock.

In the next moment, everyone saw it, and a towering figure appeared in the void, like a god, towering in the outer void above the endless battlefield of ten thousand races.

"Xiaoyao Supreme!"

Seeing this figure, the pupils of the Supreme Blood Moon suddenly shrank, his whole body trembled, and his cold hair stood up, as if he was staring at death.

Wow!

Bloody Moon Supreme, a supreme-level powerhouse, had his lower body wet in an instant, and he was scared to urinate.

It should be noted that the supreme-level powerhouse has no leakage in the flesh, and there is no need for excretion a long time ago.

Although their structure is still the same as normal, they hardly need to eat any so-called food. Instead, they control the laws. They can ingest the essence of essence, and impurities will be excreted from the body during the ingestion, and there is no excretion function at all.

But now, a supreme-level powerhouse is actually scared to pee, and it makes people unable to believe his eyes.

Without him, just because the shadow of Xiaoyao Supreme in the eyes of the demon powerhouse is too terrifying.

"Xiaoyao Supreme, forgive me..."

Blood Moon Supreme looked horrified, and shouted in horror at the towering figure in the sky.

The voice did not fall.

The huge palm was directly grabbed and photographed, with a puff, the master of the Hall of the Supreme Demon Race, Blood Moon Supreme, was squeezed and exploded on the spot, instantly turning into powder.

Countless blood mist surged, it was the soul of Blood Moon Supreme, struggling violently, trying to escape.

However, Xiaoyao Supreme had indifferent eyes and a sneer at the corner of his mouth, just a soft snort.

With a puff, the boundless blood mist burst again, and the spirits in it were all strangled, and the soul flew away in an instant.

Boom!

Between the heaven and the earth, a rolling roar resounded.

The supreme strong fell, with a bang, and the billowing supreme source soared into the sky, attracting the cheers of the universe and heaven.

Klang Klang!

Over the battlefield of ten thousand races, it was suddenly thunderous, and countless laws of heaven were surging violently, absorbing supreme power.

"I can't help myself."

Xiaoyao Sovereign sneered, and the rumbling roar resounded across the world, like thunder, lightly glanced at the many large camps where the Demon League was located.

In an instant, all the strong men in the Demon League camp stopped beating their hearts and their breathing stopped, as if they were being stared at by death. A boundless fear grabbed them, as if to pinch them. Explosive.

fear!

Spread boundlessly.

However, Xiaoyao Supreme didn't do anything to these demons. He just glanced coldly at the bottom, and his figure slowly dissipated.

When these Demon League powerhouses came back to their senses, their backs were all soaked in cold sweat.

The fear of death fills everyone's mind and heart.

That's it!

On the battlefield of ten thousand races, the Demon League is about to end.

At this moment, a wave of despair filled the hearts of all the Demon Alliance powerhouses.

No one expected that the leader of the dignified Human Race Alliance, Xiaoyao Supreme, would personally descend on the battlefield of all races.

"Quickly, notify the ancestors."

"Heaven, the battlefield of ten thousand races is going to change."

"Let the ancestors come, hurry!"

A powerful demon clan said in horror, he madly entered the countless forbidden areas on the battlefield of ten thousand races, trying to find a ray of life. At the same time, various messages were passed on to the devil world like crazy.

In the endless void outside the battlefield of ten thousand races.

"Xiaoyao Supreme Master."

The supreme divine work came quietly, respectfully saluting.

Xiaoyao Supreme smiled slightly: "Okay, the news has spread. Now, just wait for the ancestor of the abyss demon to come, you guard here, and I will meet the ancestor of the abyss demon."

Xiaoyao Supreme chuckled, stepped into the void, and suddenly disappeared.

Devildom.

In the land of the abyss.

Qin Chen took Demon Li, Red Flame Demon Lord, and Luohu Demon Ancestor into deep.

The power of the terrifying abyss is constantly eroding, and reaching such a deep place, as strong as Qin Chen, is already somewhat unable to hold it.

And while Qin Chen was flying hard, a vast and dark river in front of him suddenly appeared in front of Qin Chen.

This dark long river blocked the way, exuding an endless and terrifying aura of the abyss, just by approaching, Qin Chen's physical body felt like he was about to collapse.

"It's the abyss."

In the chaotic world, the Lord of Abyssal Demon suddenly shocked.

"The abyss?"

Qin Chen frowned.

Mo Li, Luo Hu Mozu and others also sucked in air-conditioning. From this long river, they all felt an endless terrifying aura. Just perceiving this aura, there was a feeling that they were going to die on the spot.

"Master, the long river of the abyss is the most terrifying forbidden place in the abyss. It is very weird. It is not fixed in one position. It can appear anywhere in the abyss, but its power is extremely terrifying."

"It is rumored that if the supreme-level powerhouse enters it, it will be instantly annihilated and it will be impossible to escape death."

"This is not the most terrifying thing. The most terrifying thing is that I heard that the ancient ancestors also entered the abyss in order to explore the abyss. As a result, he encountered the abyss and was almost trapped in it. When he escaped, he was already seriously injured. "

"Although the ancestors of the year were not as good as they are now, they are also the powerhouses of the pinnacle supreme level, but were seriously injured by the abyss."

"This is also the reason why no one dares to enter the abyss. This long river of abyss is a place of death, no one dares to enter."

The Lord of the Abyssal Demon had a solemn voice, and his voice spread out, and it was in the ears of everyone present.

hiss!

Suddenly, everyone present inhaled air-conditioning, and their expressions were shocked.

Even the ancestors of the Abyssal Demon at the highest level were seriously injured when they entered it. This...

Everyone looked at each other, even Qin Chen was solemn.

In the front, is the mortal deep abyss river, behind, is the vast demon energy billowing from the ancestors of the abyss demon. This is almost a mortal situation.

[Chapter 4559: Something big](#)

How to do?

At this moment, everyone's hearts are extremely heavy, and their faces are cold.

That's it!

Is it really necessary to fight?

Mo Li's face turned pale.

Qin Chen was also cold in his heart, and his eyes were cold and stern. The abyss was extremely terrifying. Once in, there would be death or death, but the ancestor of the Abyss Demon was the same. This was a dilemma.

"Little Qin Chen, it's a big deal."

Honghuang Zulong said solemnly.

Did you fight it?

Qin Chen shook his head, squinted at the long river of abyss, and said solemnly: "I'll try it."

Qin Chen approached the deep river slightly, and suddenly a terrifying force of the abyss swept out from it, khaka, and in an instant, the skin on Qin Chen's body began to crack, as if it was about to crack!

This caused Qin Chen to change color, and his figure hurriedly backed away. He was just shrouded in the power of the abyss, and his body was about to burst. The power of the abyss was too terrifying, no wonder even the ancestors of the abyss demon couldn't withstand.

Moreover, the power in this abyss is not only the power of the abyss before, but also a very special power that can destroy his physical body.

If it is only the power of the abyss that Qin Chen still hopes to resist, then with this special power of the abyss river, with Qin Chen's current cultivation base, it is absolutely impossible to resist.

If you enter rashly, you will undoubtedly die, and the flesh will collapse directly and turn into powder.

Aside, Mo Li and the others couldn't help being disappointed when they saw that Qin Chen couldn't get close to the abyss river.

I thought that Qin Chen could withstand the power of the abyss before, and perhaps could also withstand the power in the abyss, now it seems that the abyss is indeed the abyss, and it is definitely not easy to enter.

"The cultivation base is still too low."

Qin Chen's face was ugly. If he is the Supreme cultivation base now, he might still have a try, but now he is only at the pinnacle Tianzun realm, not reaching the Supreme, which is too far away.

It's just that for some reason, when Qin Chen approached the abyss and long river before, he seemed to feel a very familiar feeling from the long river, as if something deep in the long river was calling himself.

"Honghuang Ancestral Dragon, did you perceive anything before?" Qin Chen frowned.

"No." Honghuang Zulong looked at Qin Chen questioningly: "Did you perceive something?"

Qin Chen looked at the Blood River Saint Ancestor, the Lord of Abyss Demon and others in the Chaos World, their faces were also puzzled, obviously they didn't sense anything.

"In the long river of abyss, something seems to be calling me."

Qin Chen frowned.

"Summon you?"

Honghuang Zulong and others were shocked.

The Lord of Abyss Demon frowned and said: "Master, it is said that there is endless power of the abyss in this long river of abyss. There is nothing, and there is nothing that can survive in it. How can there be something in it to summon you?"

"Could it be my illusion?"

Qin Chen frowned.

He moved forward again.

boom!

Suddenly, a terrifying force of the abyss enveloped him again.

puff!

This time, Qin Chen's physical body split open, and a mouthful of blood spurted out. The power of the abyss was so incredible that Qin Chen couldn't get close at all.

When Mo Li and others saw this, they were moved.

"Qin Chen, don't try again, it's a big deal."

Mo Lihan said.

Qin Chen glanced at it magically, did not speak, but frowned slightly.

Because this time, the summoning power was gone again, as if it had never appeared before.

Is it just an illusion?

Qin Chen was puzzled, but at this moment, he couldn't think about it too much, the power of the deep magic swept over him, and he could approach them at any time.

At this moment, far away from Qin Chen and the others, there is not much emptiness.

The ancestor of the abyss is like a towering demon god, towering in the abyss. The terrifying power of the demon world is surging around him, and the countless laws of the sky are all around him, so that the power in the abyss cannot approach him at all.

The terrifying power of the deep demon continued to spread and continue to expand under his urging.

"Ok?"

"That is....."

Suddenly, the ancestor of the abyss frowned, and in the deepest part of this abyss, he vaguely felt a terrible atmosphere of the abyss.

"The abyss?"

The ancestor of the Abyssal Demon condensed his eyes: "Unexpectedly, this abyssal river is in such a peripheral place."

"But this is also just right. Even the ancestors dare not easily enter this long river of abyss, and it is impossible for the supreme powerhouse to escape. In other words, it is impossible for those guys to enter this long river of abyss."

"As long as the ancestor explores beyond the abyss, you can know whether those nasty guys are in this abyss."

The corner of Yuanmo's ancestor's mouth sketched a sneer.

boom!

A terrifying breath burst out from his body again, and the terrifying power was like the ocean, covering the sky and the sun in an instant, pouring out.

And just when the power of the deep demon ancestor was about to fill the entire abyss.

"Ancestor, it's not good."

Boom!

From the sky in the distance, three streams of light suddenly flew over, and quickly fell behind the ancestor of Yuanmo.

It is the Supreme Eclipse, the Supreme Flame Demon, and the Supreme Black Tomb.

At the moment, the eyes of the three of them were full of anxiety.

"What happened?"

Seeing the expressions of the three, the ancestor of Yuanmo suddenly sank.

"Back to the ancestors, a major event has happened in the battlefield of Ten Thousand Races." Xi Yuan Zhizun said anxiously.

"Battlefield of Ten Thousand Races?"

The ancestor of the deep demon was startled and frowned: "What can happen there?" "I don't know why the Supreme Hall of Human Race Jiuyao Supreme suddenly made a move and forcibly descended on the battlefield of ten thousand races. He was launching a sneak attack on the army of my Demon League, causing me. The countless large camps of the Mozu Alliance were destroyed on the spot and suffered heavy casualties. So far,

Hundreds of large camps have been destroyed by Jiuyao Supreme, and the rest of our demonic alliance barracks have been scattered to many dangerous secret realms in the battlefield of ten thousand races, and they dare not make heads. "

Eclipse Yuan Zhizun said in anger.

"What? The Supreme Palace of Human Race Nine Lights Supreme descended on the battlefield of ten thousand races? Slaughter my strong demon race?"

boom!

A billowing murderous intent surged out of the ancestor of the deep demon, and the endless killing intent poured out like a vast ocean.

"Human race is so brave, dare to break the agreement between our two races."

There was a cold light in the eyes of the ancestor of the deep demon, and the murderous aura was boiling, "Where is the person who sits in the Supreme Palace of my Demon Race? Where? Why don't you stop it at this time?"

The ancestor of Yuanmo looked furious.

"Back to the ancestor..." There was a tremor in the voice of Supreme Eclipse: "The Supreme Blood Moon was dispatched for the first time after learning the news, but...but..."

Speaking of which, he couldn't even go on.

"One waste, but what is it?"

boom! The ancestor of the Yuanmo kick kicked him and kicked him out immediately, turning his anger into anger. How serious is it that he was scared like this?

[Chapter 4560: Mozu Wrath](#)

Supreme Eclipse's breath floated, his face was pale, and he returned to his senses, and said in horror: "However, Human Race Xiaoyao Supreme was ambushed in the void outside the battlefield of ten thousand races, and when Blood Moon Supreme left the Supreme Palace, he suddenly made a move. Blood Moon Supreme

...He fell on the spot, with no bones left. "

"And because of Xiaoyao Supreme, the other nearby Supremes in my Demon League, although they have been there for the first time, don't dare to show up at all, for fear of being given by Xiaoyao Supreme..."

Speaking of this, Supreme Eclipse was trembling, unable to say a word.

"What? Xiaoyao Supreme?"

boom!

On the ancestor of the abyss, endless terrible murderous aura rose to the sky, and immediately the entire abyss was surging, like the end of the day.

A series of void cracks, madly dissipating between heaven and earth.

"Xiaoyao Supreme."

The ancestor of the deep demon popped out word by word, and the sound resounded like thunder, echoing throughout the abyss.

However, after the anger, the ancestor of the deep demon quickly came back to his senses.

"Xiaoyao Supreme, what does he want to do?"

In the mind of the ancestor of the deep demon, endless doubts suddenly emerged.

Xiaoyao Zhizun actually took the initiative to act on the people of his Demon League. Isn't it afraid that he will launch the third war between humans and demons? Or is there other hidden facts in this one?

No matter what, Xiaoyao Supreme's move made the ancestor of the Abyss Demon must leave this abyss as soon as possible.

Because in the entire demons, apart from him, everyone else can't stop the opponent at all.

"Damn it!"

The ancestor of the deep demon looked at the depths of the abyss.

Seeing, it was time to explore the entire abyss, but who knew that such a thing happened.

If it were later, he might have already explored the entire abyss.

But now...

There is no time.

"boom!"

The ancestor of the Yuanmo instantly condensed the aura on his body, and then looked towards the Supreme Eclipse. "Sovereign Eclipse, the three of you continue to explore the land of the abyss. My ancestor has already explored the land of the abyss seven or eighty-eight. Only the last point is left unexplored. Be sure to figure out that it will destroy me. The people of the sea of gods and demons, after all

Is it here? "

"Besides, the ancestor remembers that there seems to be a righteous army station in this abyss, right?" The ancestor of the deep demon suddenly frowned. "The ancestor is right. This abyss is connected to the many forbidden areas of my demons. In the depths of this place, there is indeed a camp for the Righteous Dao Army, and the righteous Dao Army in those camps has been secretly stared at by its subordinates. , As long as the ancestor gives an order,

The subordinates can capture the opponent at any time and go straight to Huanglong. "

Eclipse Yuan Zhizun hurriedly said.

The Righteous Army has been secretly fighting against the ancestors of the Abyssal Demon.

And in this abyss, there is a resident of the Righteous Dao Army, but it is located on the other side of the abyss, and the general location of the opponent's resident has already been discovered by the Erosion Abyss Supreme.

The reason why it has not been worthy of suppressing the opponent is to try to find the base camp of the righteous army through this station, follow the vines and peel off the cocoon.

The ancestor of the Abyssal Demon flashed his eyes: "Could it be that the Chaos God Demon Sea is really what the Righteous Army did?"

"do not care."

"Sovereign Eclipse, you take the Supreme Flame Demon and the Supreme Black Tomb. After exploring this abyss, immediately go to the camp of the righteous army. Be sure to take down everyone in the station, find out the situation, and see if it's true. It's related to the Chaos God Demon Sea." The ancestor of the Abyssal Demon squinted his eyes: "If the opponent really enters the Abyss, then since the opponent dares to enter here, there must be a way to survive. Ordinary people cannot enter this place at all. The camp of the Righteous Army is the best place

Fang, the other party is likely to be lurking in that resident. "

"Be sure to take down the resident and investigate it clearly." The ancestor of the deep demons had cold eyes and frowned, "Although I don't know what the purpose of Xiaoyao Supreme is, the original ancestor has a feeling that the ten thousand races will no longer be peaceful in the future. Before the human race actually fights, the hidden dangers of the Righteous Army must be directly wiped out, never

It is allowed that there is such a hidden rebellious force within my Demon Realm. "

"Yes, ancestor."

The three of Eclipse Yuan Zhizun immediately knelt on one knee.

"The ancestor, leave first."

"Xiaoyao Supreme!"

The ancestor of the deep demon yelled angrily, ignoring to say too much, and stepped out in an instant, disappeared at the end of the sky with a bang, and disappeared.

Don't want to waste even a little time.

"You two, follow me, and be sure to explore the last area that our ancestors never explored."

The Eclipse Supreme said with a cold voice, taking the Flame Demon Supreme and the Black Tomb Supreme, and quickly swept forward.

In front of the abyss.

Seeing that the vast demon energy was about to spread to their place, suddenly, a faint roar was heard, and then the endless demon energy suddenly disappeared completely.

Only Qin Chen's group of people who looked at each other were left.

"The ancestor of the deep demon is gone... gone?"

Mo Li and the others were shocked and dumbfounded.

Seeing that they are about to be exposed, but who knows the last moment, the ancestor of the deep demon actually left directly.

This.....

Surprise joy.

"Isn't it because the ancestor of the deep demon has some conspiracy?"

Chiyen Demon frowned and said in doubt.

"This...it doesn't look like."

Luohu Demon Ancestor said solemnly: "With the strength of the Yuan Demon Ancestor, this is the time, there is no need to engage in any conspiracy."

"That's..." Red Flame Demon Lord frowned.

"Didn't you hear what the other person seems to be yelling just now?"

Mo Li said solemnly.

"I heard it, it seems to be... What is the supreme?" Luohu Demon Ancestor frowned.

At this moment, Qin Chen on the side suddenly said, "It's Xiaoyao Supreme."

"Xiaoyao Supreme, who is that?" Luohu Demon Ancestor frowned.

"Xiaoyao Supreme is the leader of the Human Race. It seems to be the top powerhouse who led the Human Race against the ancestors of the Abyssal Demon. At least, it is also the peak power."

Mo Li frowned and looked at Qin Chen: "This person, isn't he who has entered the Demon Realm, is he here to help you?"

Qin Chen frowned, and he also heard the roar of the ancestor of the abyss, and instantly understood that it should be that Xiaoyao Supreme felt something, so he took action, and the ancestor of the abyss had to go and support it.

However, Qin Chen was curious about what Xiaoyao Supreme had done, so that the ancestor of De Yuanmo had to leave.

"Regardless of other things, the top priority, we have to leave here as soon as possible. You don't think that the ancestor of Yuanmo is leaving, are we safe?" Qin Chen said solemnly.

Everyone condensed in their hearts.

Indeed, although the ancestors of the deep demons have left, their crisis has not yet been resolved. If the ancestor of the abyss demon really doubts them, in this demon world, even if others are not there, there is enough strength to target them, the power that the ancestor of the abyss demon can mobilize in the demon world is too terrifying.
