

Valkyrie 4561

[Chapter 4561: Xuhai Huahai](#)

The words fell, faintly, everyone felt the sky in the distance, it seemed that there was a supreme aura, and it was approaching quickly.

There are also the supreme strong ones.

"It's the breath of Eclipse Supreme."

The Lord of the Abyss suddenly frowned as he spoke out.

"Zhu Yuan Zhizun, are you sure?" Mo Li and the others were startled, their expressions gloomy for an instant.

"Zhu Yuan Zhizun, he is very strong?" Qin Chen looked over and frowned. "What do you think?" Mo Li's face was ugly: "Zhu Yuan Zhizun, is the patriarch of the Yuan Demon Clan now, with a cultivation base that can reach the sky, at least he is also a powerful late-stage supreme level, and even stronger, if he is targeted by him. , Is worse than being stared at by the ancestor of the abyss

Too much. "

"Lu Yuan has become the patriarch of the Yuan Mo clan?" The Lord of Yuan Mo cried in astonishment.

Mo Li suddenly frowned and looked over: "You don't know? I forgot. You have been trapped for many years. It is normal not to know. The Supreme Eclipse is now the patriarch of the Abyss Demon Clan and is also regarded as the leader of the Demon Clan. Are you sure you are Is there no perception wrong?"

"It can't be wrong, I can't understand the aura of Eclipse Supreme. Back then, he was the right-hand man of the ancestor, but in terms of his status, he was a bit lower than me. I didn't expect that he has become the patriarch of the Yuanmo clan now. Up."

The Lord of Abyss Demon sighed.

Good luck!

Back then, if he wasn't in the lower realm, he was trapped in the Thunder Sea of Tianwu Continent, he would have been the patriarch of the Abyssal Demon Clan already.

"If it is the Supreme Eclipse, then it will be in trouble."

Everyone's complexion was suddenly ugly, and the demon clan's patriarch's strength was definitely not easy.

Sure enough, the ancestor of the deep monster would never let them leave safely.

In the back, there is a long river of abyss, and in front, there is a top-level supreme powerhouse like the Eclipse Abyss is approaching.

Although the ancestor of the Abyss Demon is gone, this is still a dead end. ,

"Li'er, where to go, maybe that place will have a ray of life."

Suddenly, Red Flame Demon Lord seemed to have thought of something, and said in a deep voice, with light blooming in his eyes.

"You mean, the camp of the Righteous Army?"

Mo Li's eyes flashed, and she also showed joy.

"Yes, why did I forget that place?"

Mo Li looked surprised.

"The righteous army station?" Qin Chen looked over immediately, frowning slightly. "Qin Chen, in this abyss, there is a mysterious place, and that mysterious place is exactly a resident of this Demon Realm Righteous Army." Mo Li's eyes flickered: "And that mysterious place is extremely dangerous. Even some supreme under the command of the demon ancestor,

Don't dare to enter rashly, as long as we can find the righteous army, they can lead us into some safe places in this abyss. "

"Yes, the righteous army is a group of demon rebels that are fighting against the ancestors of the deep demon. They can survive in the demon world and they must have their means and a place to hide."

The face of Demon Chiyen also showed ecstasy.

"As long as you can find the righteous army, you can hide in this demon world."

They almost forgot about it because the ancestors of the Abyssal Demon were pressing too tightly before, but now they came back to their senses, and they all saw the light of hope.

"The Righteous Army, it is rumored that the devil princess Lianxin Luo has something to do with Sisi?" Qin Chen muttered.

His eyes burst into cold light, and he said in a deep voice: "Then what are you waiting for, hurry up."

"Okay, let's set off right away, I remember that the righteous army person should be in the void of flowers." Mo Li said solemnly.

Whoosh whoosh!

The few people immediately left before Supreme Eclipse Yuan arrived.

But not long after Qin Chen and the others left quietly.

Boom!

Three terrifying auras came here instantly.

"Search the surrounding area immediately, and never let anyone leave here." Supreme Eclipse Yuan shouted sharply.

"Yes!"

The Flame Demon Supreme and the Black Tomb Supreme screamed coldly, and flew towards the sides, while the Eclipse Supreme was sitting in the center. With his strength, as long as he was not a strong person like Xiaoyao Supreme, no one else could escape him. Palm heart.

The Supreme Flame Demon and the Supreme Black Tomb continued to search under the leadership of Supreme Eclipse.

An hour.

Two hours!

It took a long time.

They only explored all the surrounding areas.

The Flame Demon Supreme and the Black Tomb Supreme Respect returned to the Lu Yuan Supreme, their faces were green, and they shook their heads.

"Master Eclipse, I haven't found any traces, there is no one here!"

The Flame Demon Supreme and the Black Tomb Supreme salute together.

"Empty?"

Eclipse Yuan Supreme frowned.

"Let's go, then go to the Void Flower Sea."

Supreme Eclipse Yuan's eyes flashed, a cold snort, rumbling, and the Supreme Flame Demon and the Supreme Black Tomb left instantly.

At this moment, somewhere in the mysterious void of another prescription in the abyss.

Countless flowers of the void bloom like the ocean.

Void Flower Sea!

One of the dangerous places in the abyss.

Here, as the name suggests, there are a lot of flowers.

There are countless magic flowers blooming.

However, these magic flowers are by no means ordinary magic flowers, but space flowers formed by countless abyssal space forces for countless years.

Every magic flower contains special space power. Anyone who enters rashly will inevitably be strangled to pieces by countless space flowers, leaving no bones.

Therefore, this is an extremely terrifying and dangerous place in the land of the abyss.

The land of the abyss itself is extremely dangerous. It is inaccessible all the year round, and if the strongest of the sky enters rashly, it is hard to escape. As for the supreme, you must be careful, not to mention this void of flowers.

Over time, this void of flowers has also become a place for everyone to hide. If it is not a last resort, most people will not come.

However, in this sea of spatial flowers, this group of special demons is hidden.

That is the righteous army.

The righteous army occupied this place, also because there was no way to go.

They were continuously chased by the demon ancestors, and they could only hide in some extremely dangerous places. The more dangerous the place, the more they went there to avoid some strong men from attacking and killing them.

In order to encircle the righteous army, many demon forces suffered heavy losses. Every large-scale encirclement and suppression will cause the demon forces to enter some dangerous places, triggering a special fatal crisis, causing many demon races to suffer heavy losses and have to retreat.

Of course, in spite of this, the Righteous Path Army is not easy to bear. Every time they encircle and suppress them, they will lose their troops. After countless years, the Right Path Army will have less and less room for survival.

At this moment, in the void of flowers.

Countless huge space flowers bloom and send terrible spatial ripples, these ripples linger in the void with deadly killing intent, and once they are induced, it will cause void killing intent.

These Void flowers vary in size, some are as big as a mountain, and some are as small as an ant, but no matter how big or small, they contain terrifying murderous intent, extremely terrifying. And somewhere in this void of flowers, there is a piece of space fragments, in this space fragments, there are many demons living in them, and this is where the righteous military clansmen led by Xuankong Supreme.

[Chapter 4562: Suspended Supreme](#)

Suspended Supreme is a Supreme that has been passed down from ancient times.

This person can also be regarded as a spiritual figure in the Demon Race Righteous Army, the patriarch of the Demon Clan Kong Demon Clan.

In those days, the ancestors of the deep demons attracted the Dark Clan, and many races among the demons fought against them. The Kong Mo race was one of them. In order to fight against the demons and extend the righteousness, the Kong Mo race moved to join the righteous army.

It's just that the Righteous Army has been chased and killed by the ancestors of the Abyssal Demon in recent years, causing heavy casualties. From the ancient times to the present, it is no longer known how many powerful men have fallen.

As the ancestors of the Abyssal Demon have become more and more powerful over the years, the living space of the Demon Race Righteous Army is getting smaller and smaller, and some strong men are scattered, with their own group of people, lurking everywhere in the Demon World.

In order to find a place to survive, the members of the Demon Race's righteous army explored everywhere in the many dangerous places of the Demon World, and the land of the abyss has naturally become one of their goals.

In order to explore this place that year, Suspense Supreme spent countless hours, using his talents of the empty demon clan, killing many people, and wounding himself several times, finally found a space fragment suitable for hiding in the sea of void flowers.

And found a suitable way to survive in the void of flowers.

This space debris is hidden in the void flower sea, very concealed, and if it is in danger, it can even urge the space debris into the countless flowers of the void, preventing the space debris from being noticed.

Although the space contained in this space fragment is not large, it is enough for a group of people under his command to survive. Because of countless years of fleeing and fighting, the number of people under his command has reached an extremely rare level.

And he has been hiding here for millions of years.

According to past practice, at most tens of thousands of years, they must change places to survive! Otherwise, tens of thousands of years, enough time for some powerful people under the devil ancestors to figure out their situation, under normal circumstances, it is best to change places every millions of years, but the devil clan has no way to change places every time , Is a huge loss

.

It can be dragged for thousands of years, that is the best.

At this moment, a small world has been opened up in the space debris, and there are still many people in the world.

There are old and young.

Having settled here for millions of years, the Kongmo tribe has given birth to some new generations of people, which makes Xuankongzhizun extremely happy, even more joyful than the appearance of Tianzun under his command.

Back then, the Kong Demon Race was also considered a top race in the Demon Race, with hundreds of millions of people.

However, after these countless tens of thousands of years, only these tens of thousands of people are left.

The casualties were heavy.

Countless people of the tribe died in the fight, died in the battle again and again, in the end, only these strong men survived.

Now, the most anxious thing is not that there are no strong people appearing. In the face of terrifying strong people like the ancestors of the deep demon, although one more supreme can give the empty

demon a lot of chances to survive, it can't be changed at all so that the empty demon is constantly being
The ending of the hunt.

The Supreme was nothing at all in front of the ancestor of the Abyss Demon.

Back then, when there were still millions of people under his command, he dared to compete with the
ancestors of the abyss demon, hunting down some of the ancestors of the abyss demon in collusion with
the dark clan.

But now, over the past few years, there are fewer and fewer members of the Hekong Mozu, and there
are only more than 100,000 people in front of him.

Now, the most anxious thing is not that there are no new powerhouses, but that there are fewer and
fewer new generations. In the last tens of thousands of years, only tens of thousands of people have
been born. This is where Hanging Supreme is worried.

If no new tribe is born, then their Kong Mozu will continue to fight. There may be a battle. After two
battles, the Kong Mozu will be completely erased from the Demon and become history.

Moreover, he didn't dare to change places at will, and if he changed places a few times, there might be
no one under his command.

Unless he can go to the base camp of the Righteous Dao Army, only in that base camp can they survive,
but for the time being, I don't have to worry about the chase of the ancestors of the Abyss Demon.

What worries Xuan Kong Supreme more is that recently, Void Flower Sea seems to be showing signs of
action under the ancestors of Abyss Demon, which makes him worried. If it continues, he will have to
find a way to change places.

But, where can he go?

Even if he went to the base camp of the Righteous Path Army, he would have to pass through the world.
With his current cultivation base, with so many people under his command, he didn't dare to take this
risk at all.

Because once he is discovered, it doesn't matter if he is dead, if all the people of the tribe die, then he
will become the sinner of the entire Kongmo tribe.

outside world.

Murderous intent surging in space.

Suspended Supreme converges his breath, walking among the fragments of space. On both sides, there
are some buildings that are not luxurious and very simple. They can only live in people, just to have a
habitat for cultivation and retreat.

There were several people behind Xuankong Zhizun, who accompanied him on inspections.

Inspection is a matter that must be persisted every day.

First, it can appease the tribe.

Second, it is also to count the number of people in the tribe.

Third, it proves that he is still alive.

Counting the number of people is an extremely important matter. Here, we need to be particularly vigilant. Be careful that some people cannot bear it and choose to betray in the end.

This is not the first time this happened.

Although the Righteous Path Army has faith in it, the years of being hunted and killed have caused many people in the Right Path Army to be unable to endure the fear and pressure.

There is also the state of hiding in Tibet for countless tens of thousands of years.

What makes them unbearable most is that they can't see hope, there is no hope, it's more terrible than anything.

And some tribesmen, it's okay to simply flee and stay anonymous, hoping to be ordinary tribesmen, that's all, they are most afraid that they will take refuge in the ancestors of the abyss demon, which will attract the ancestors of the ancestors of the abyss demon, leading to annihilation.

In the past, several branches of the Righteous Army were destroyed in this way. Even, in the earliest days, many races of the Righteous Army stayed together and supported each other, but after a few sieges and suppression, they had to separate the races, because once a traitor appeared, only those who were destroyed would be destroyed. One

It's just a branch.

This is an extremely tragic reality.

From the end of the space debris to the other, there are so many people, and all the clansmen are still there, which is not bad.

In fact, with the cultivation base of the Suspended Supreme, as long as a divine mind can perceive everything here, but he just wants to use this method to tell all the people that he is still there, he is still with everyone, giving them confidence.

Confidence is the most important thing for an ethnic group.

Suspense Supreme sighed, and whispered, "I don't know what happened to the Ten Thousand Clan today?"

Having been trapped for so many years, Suspension Supreme can only be in the Demon Realm, and they have long been ignorant of the current situation of the ten thousand races. Behind him, several similarly old existences are also worried at this moment. Upon hearing this, an old man with the breath of the peak of heaven exuding on his body whispered: "The patriarch, don't worry, since the ancestors of the deep demon are still hunting me in the demon world. , Obviously, the Ten Thousand Clan has not completely fallen!"

[Chapter 4563: Sky demons](#)

Xuankong Zhizun nodded slightly and walked towards his residence. An ancient dilapidated mountain with a space in it was his mansion. As he walked, Suspended Supreme said: "The human race is strong. A strong man like Xiaoyao Supreme appeared in the past, and destroyed the plan of the ancestor of the Abyssal Demon at a critical moment. Back then, my Righteous Dao Army also made a contribution, but now, My righteous army is weak

, Princess Lianxinluo's news is misty. Fortunately, I heard from the Righteous Dao Army that there was a princess descendant, but the princess is rumored to have a weak cultivation base. I don't know if I can inherit the princess's mantle, alas..."

He was a little sad, "That's all. Recently, there seems to be some fluctuations in my Void Flower Sea. A few days ago, it seemed that some demon masters approached..."

"This sea of void flowers, located in the abyss, is full of dangers, and most people will never approach it. Nowadays, there are demons approaching quietly. I'm afraid it is..."

Suspended Supreme shook his head slightly.

"If it doesn't work, you can only find a way to evacuate from here!"

There was a gleam of cold light in his eyes. Suspended Supreme's voice was helpless, and the powerful elder of the empty demon clan also said in a deep voice: "Patriarch, we are now evacuate and change places. We can only find another dangerous place. Every migration is a huge loss, this one hundred thousand. More people...wait until

How much can you live in the next dangerous place? "

It's not that simple to change danger.

If this were not the case, the place would have been changed long ago.

When the demon masters were approaching a few days ago, they should move away.

It was also out of helplessness that he did not move. If he moved again, if he was not careful, he was in danger of extermination.

Suspense Supreme looked bitter, "In the past, how brilliant I have waited for! Under the leadership of Lord Demon God, all tribes surrendered, all heavens worship, in the universe, the land of all worlds, I respect my demons!"

"Later, Lord Demon God transformed into Dao. I waited under the leadership of Lord Princess, and I was shocked and respected by the ten thousand races."

"but....."

Suspended Supreme's eyes were cold.

"Father, you said this again!" In the ancient sacred mountain, a demon girl walked out, with some helplessness, "We have never experienced this again, father, don't talk about it next time! Every time. Say, my ears can hear the cocoon coming, we are now besieged everywhere, I

Never out of the abyss. "

A touch of sadness appeared in the eyes of Xuankong Zhizun.

Yes, this is his daughter.

Born less than a million years old.

In order to continue the descendants and inherit the Kong Demon clan, after all relatives of Xuan Kong Zhizun himself died in the battle, he gave birth to another daughter during these years of living in the void flower sea. Because it is his daughter, he is naturally good.

Less than a million years old, and now it has reached the late Tianzun.

But... never out of the abyss.

Her heaven is only as big as the Void Flower Sea, and the only time she has left the Void Flower Sea several times, she only experienced in the abyss, and she had not even entered the Meteor Demon Realm!

She has only heard of the glory of the Demon Race in the ancient times, has not experienced it, has not seen it, she does not know how powerful the Demon Race was back then, and she does not know what Demon God Princess Lianxinluo, she only knows that in these years, they Have been hiding!

She doesn't care about the world, she just wants to look at the outside world, the human races that are fighting against the ancestors of the deep demons, and the ten thousand races with different postures, because she has never seen what ten thousand races look like.

"I will go out!" Xuankong Supreme thought in his heart, with a smile on his face, "Yes! My righteous army will surely rise again! What we inherit is the will of Lord Demon God, Lord Demon God, is the creator of this Demon Race. It's the demon **** under the demon tree, the holy item of the demon clan

, I have some feelings, and we have reproduced our Demon Race, with the blessing of the Lord Demon God, I will wait for a line, and I will definitely grow again and rebaptize this now rotten Demon Race. "

"And Princess Princess, she will definitely come back. It is rumored that the princess's successor has inherited the will of Princess Princess, indicating that Princess Princess must still be alive."

Suspense Supreme whispered.

That's what I said, but there was a faint despair in my heart.

For tens of thousands of years, Lord Demon God has transformed into Dao and completely integrated with Demon Heaven and Dao, while Demon God Princess has sacrificed her life to prevent the invasion of the Dark Clan.

But he believed that the Demon God Princess was still alive, and he didn't believe that a existence as powerful as Princess Lianxinluo would really die.

This is also the belief in his heart.

In fact, he also had some faint guesses, Princess Princess she is back.

But whenever he had this idea, he would tell himself firmly that this is not true. If the princess can't come back, what's the point of their persistence over the years?

All beliefs will collapse.

Don't want to think, can't even think about it. The girl didn't take it seriously. For countless years, her father kept saying this. She also listened to the older generation of strong people in some tribes. At this moment, she did not break her father's illusion, and said with a smile: "Father, first Stop talking about it, you say the devil

The princess's heirs are back, do you think your daughter can see the princess's heirs? "

Demon Princess, what kind of character is that?

In his father's mouth, that is the supreme existence of the demons.

What kind of person is her descendant?

She must be beautiful, right?

"Yes, I will definitely." Xuankong Supreme murmured: "Come on, I'll tell you about the devil princess's strength against the dark clan back then..."

And just at the moment when Xuankong Zhizun talked about the Demon God Princess for his daughter.

Void spends overseas, the space fluctuates slightly.

"Here is it."

A few figures quietly appeared here, and it was Mo Li.

"Void Flower Sea?"

Qin Chen murmured slightly as he looked at the front.

He looked intently, countless flowers of space, densely covering the entire world, in the huge abyss of the world, the power of space, extremely beautiful.

However, it is also extremely dangerous!

However, what shocked Qin Chen was that although there was a terrifying spatial aura in the Void Flower Sea, which was dangerous, it did not have the power of the abyss.

On the contrary, it is like a piece of pure land.

"It's no wonder that the people of the Righteous Army can live here without the power of the abyss. Here, it is like a paradise in the land of the abyss."

"Let's go!"

Qin Chen's figure flickered, and an invisible space aura lingered on him, rushing towards the void of flowers.

"Be careful, in this sea of void flowers, there are space traps everywhere, extremely dangerous." Mo Li even whispered the sound transmission.

Although the Void Flower Sea does not have the power of the abyss, it is naturally not as simple as it seems to be the top forbidden land in the land of the abyss.

The power of terrible space is all over it, if you are not careful, it will be directly torn into pieces by the power of terrible space. However, Qin Chen ignored Mo Li's voice transmission, and his figure suddenly entered into the void of flowers.

[Chapter 4564: Was targeted](#)

Hum! An invisible power of space filled Qin Chen's body. It clearly contained terrifying murderous intent. Once shocked, the power of space would burst out of the killing power of the sky-shattering space. It turned out to be like passing over invisible things in an instant. To Qin Chen

Bring any harm.

what?

Mo Li's eyes suddenly rounded.

by!

How is this possible?

Several people's eyes widened.

What did they see? The spatial fluctuations in this sea of void flowers not only did not cause Qin Chen the slightest harm, but also failed to arouse even a little ripple. Such a method was simply amazing.

Even the Demon Ancestor Luohu shrank his pupils.

This level of spatial power, even if it was him, couldn't be so perfect.

Qin Chen smiled softly, his expression calm.

Space murder? The space power under the sky is exactly the same. Although the space power in this void flower sea is terrifying and terrifying, Qin Chen is the owner of the space **** body. The space power in this world is definitely not the empty demon, such as the ancient space. Beast one

The clan, in terms of status and strength, surpassed the empty demon clan, which was only a first-line race in the demon clan.

Although Qin Chen is not the supreme, but the space rules have always been his strong point, in this respect, he is no less inferior to any space powerhouse.

"Several people, what are you still doing?"

Qin Chen entered the void of flowers and stood there, then turned around, quietly glanced at Mo Li and the others, and frowned slightly.

They don't have much time, but not so much time to waste.

"go!"

Mo Li and several people looked at each other, a cold stern flashed in their eyes, and they quietly approached the Void Flower Sea. Before they could enter the Void Flower Sea, Qin Chen pointed out.

Hum!

The void flower sea in front of everyone suddenly rippled out an invisible ripple, the terrible space barrier was slightly loosened and weakened in an instant, and the Moli group immediately shook their bodies and immediately entered the void flower sea.

"Follow me, don't be stunned."

Qin Chen said softly, his eyes harsh.

There are many dangers in this sea of void flowers, and if one is not careful, it will alarm the flower of space. If this place is really a resident of the righteous army, there will be people patrolling and monitoring.

What Qin Chen wanted to do was to approach silently and act by goodby. Once discovered by the Righteous Army and treated as an enemy, fighting broke out, it would surely lead to a riot in the Void Flower Sea.

Once the terrible movement here is sensed by the Supreme Eclipse and the others, it will be troublesome.

Whoosh!

Under the leadership of Qin Chen, Mo Li and his team moved forward quickly.

Along the way, Qin Chen walked around at will, the vague spatial fluctuations on his body, and the space where a few people passed by, the space was not disturbed, and there was no ripple.

"This son, so profound spatial knowledge, and also seems to have a lot of knowledge in the formation."

Luohu Demon Ancestor looked at Qin Chen intently.

In fact, the power of space like Void Flower Sea, if he is given enough time, he can ignore it. With his knowledge of formation, he will definitely be able to set up a large space array, transform himself into a big array, and blend into this Void Flower Sea. In, you can go unimpeded.

But this takes time.

Moreover, the space power in this sea of void flowers changes all the time. If he wants to walk silently here, he must constantly change the space array. This is also a huge problem for him.

But Qin Chen is different.

With his spatial divine body, coupled with his top spatial attainments, as well as his understanding of the formation method, the combination of the three, in this void of flowers, it is like entering the land of no one.

Whoosh whoosh.

Under the leadership of Qin Chen, several people displayed their magical powers, hiding their bodies, and moving forward quietly under the leadership of Qin Chen.

Regarding concealment methods, whether it is Luohu Demon Ancestor, Demon Li, even the weakest Red Flame Demon Lord, they are all top-notch.

"Stop!"

The group of people walked for a while in the void of flowers. Suddenly, Qin Chen raised his hands, and several people stopped in an instant, hiding behind a flower of space.

"Someone ahead."

Mo Li said solemnly, and several people looked forward.

I saw a few vague auras hidden in the void in front of him.

"Is that the righteous army?"

Chi Yan Demon said in doubt.

"It's hard to say." Mo Li frowned.

"Just go straight up, no matter who it is." Luohu Demon Ancestor sneered.

"No need!"

Qin Chen shook his head and said in a deep voice: "Look at these guys' deeds, it's not like a righteous army, let me see first."

Qin Chen's voice fell, and an invisible force gathered at the center of his eyebrows. The next moment, with a buzzing sound, Qin Chen suddenly opened an eye in the center of his eyebrows.

"The power of creation."

Demon Ancestor Luohu suddenly sucked in air-conditioning and looked at Qin Chen in disbelief.

"No wonder...it's no wonder that the old thing of the Honghuang Ancestral Dragon can recover so quickly, it turned out to be the power of creation." Luohu Demon Ancestor was shocked.

"Master Luohu Demon Ancestor, what is the power of creation?" Mo Li doubted.

"The power of creation is the force that was born when the universe opened up. It is the most original force of the universe. It can shape any divine body and soul. With this power, even the power of chaos can evolve and condense."

Luohu Demon Ancestor's heart is dying of jealousy at this moment.

by.

If he had the power of creation, I am afraid that he would have already recovered a lot.

This wild ancestor dragon is really lucky.

The eye of creation opened, and the world in front of Qin Chen's eyes immediately became unusual.

In the faint void ahead, a few terrifying demon auras rushed into the sky. In this demon aura, there are also hidden and cold powers, which are dark powers.

He combined the power of the dark king's blood with the eye of creation, and he could easily perceive the other dark powers here.

"Not a righteous army."

Qin Chen squinted his eyes, his face difficult to look.

Righteous army, it is rumored that the devil princess Lianxin Luo is fighting against the forces of the dark clan, and it is impossible to have a dark atmosphere.

Qin Chen opened his eyes wide and continued to stare at the past, vaguely, he saw that in the direction surrounded by the strong, there seemed to be a faint power dissipating.

"That is... the Righteous Army, it seems to be in a certain space debris, so the dissipation of power is not obvious."

Qin Chen closed his eyes, and if he guessed right, the hidden power was where the real righteous army was.

"How?"

At this time, Demon Ancestor Luo Hu stepped forward and asked in a deep voice.

"I have discovered the position of the Righteous Army, but they seem to have been targeted by the people of the Demon Ancestor." Qin Chen frowned and said.

"What? Was it targeted by the Demon Ancestor?"

Luohu Demon Ancestor's face suddenly became difficult to look, "Then why are we hesitating? Hurry up!"

Demon Ancestor Luohu said, turning around to leave. However, Qin Chen didn't move, and just said lightly: "Who said we are going to withdraw?"

[Chapter 4565: Void](#)

"If you don't withdraw, what do you still stay here for?"

Luohu Demon Ancestor was startled.

The purpose of their coming to find the Righteous Dao Army is to use the power of the Righteous Dao Army to hide their whereabouts.

But now, the righteous army has been exposed, if they also lie in this void of flowers, they will definitely be discovered by the people of the demon ancestors, and they will find their own way of death by that time.

"Ben Shao has his own plan."

Qin Chen glanced at Demon Ancestor Luohu lightly, "If you want to leave, you can leave by yourself. Qin will not send it. However, if Qin's position is exposed, Ben Shao will take your head."

"you....."

The Demon Ancestor Luo Hu was angry.

"If you want to follow Ben Shao, you have to follow Ben Shao's orders. Ben Shao doesn't want to make any decisions in the future. You have to doubt it. If you can't make it, then say it as soon as possible." Qin Chen said coldly with a flash of eyes. .

"Master Luohu Demon Ancestor, for today's plan, we still have to unite together, otherwise, once dispersed, the degree of danger will inevitably increase..."

Mo Li hurriedly said, reconciling.

"Yeah, Master Luohu Demon Ancestor, I am in such a dangerous situation now. If you divide it, you will be harmed. If you are together, you will benefit. Why should I be unhappy because of this little thing?"

The Red Flame Demon also said.

At this time, everyone must be united, otherwise it will be even more dangerous.

Although Mo Li didn't know what Qin Chen wanted to stay here, he knew very well that Qin Chen would never aimlessly, there must be his reasons.

This guy is the most cunning.

The depressed in the heart of Demon Ancestor Luohu, an ancient chaos **** and demon himself, was taught by a young man and spread it out. It was too embarrassing. "Magic Ancestor Luohu, what are you still stunned for? After leaving Qin Chen kid, my ancestor can guarantee that your kid will die, cut, it's not your ancient times anymore, obediently follow the news of my ancestor and Qin Chen, maybe There is still a silver lining, no

Then, haha, basically none of those who sang the opposite scene with Qin Chen had a good ending..."

At this time, Honghuang Zulong also sneered again and again.

"Brother Honghuang Ancestor Dragon, what are you talking about? My ancestor always admires little friend Qin Chen, how can he sing on stage with little friend Qin Chen? I think you think too much." Luohu Demon Ancestor thought of Qin Chen's previous creation eye , Smiled immediately, and said, "Haha, little friend Qin Chen, my ancestor was reckless before, now that my ancestor has come here, my ancestor naturally takes little friend Qin Chen as the core, what will the little friend ask me to do?"

What did the original ancestor do, after all, the benefits promised by the little friends in Chaos Demon Island have not yet been fully realized, right? "The Demon Ancestor Luo Hu said with a smile: "In the Demon Island of Chaos God, the ancestor was able to obey the orders of the little friend Qin Chen to stop the Supreme Black Tomb and the Supreme Flame Demon. Now in this abyss, the ancestor will naturally not Against little friend Qin Chen, no matter what little friend has

Need, as long as one command, the ancestor will do his best to do it. "

Luohu Mozu laughed, with an easy-going expression on his face.

"Little Qin Chen, this Demon Ancestor Luohu can bend and stretch."

In the chaotic world, Honghuang Zulong suddenly said silently.

The top powerhouse among the dignified chaos gods and demons, this style has changed too quickly.

"If this is the case, the young man can rest assured."

Qin Chen glanced at Demon Ancestor Luohu and nodded.

When Mo Li saw this, his expression relaxed, as long as everyone didn't cause conflicts.

At this time, conflicts really shouldn't occur. At this moment Mo Li turned his head and looked at the middle of the void flower sea, frowned, and said with a slight concentration: "Qin Chen, judging from this breath, there are indeed several masters of the demon race here, but they are only half a step in the supreme realm. There is not one Supreme, it seems that the devil

The clan is just staring at the people of the Righteous Army, and is not ready to do it yet. "

Mo Li was very sure.

Really hands-on, it is definitely not enough to rely on the half-step supreme.

Such a righteous army station located in the Void Flower Sea Secret Realm of the Abyss, if you say that there is no supreme idiot, you don't believe it.

Without the supreme, I am afraid that even the power of the abyss cannot be resisted, and it is even more impossible to come to this place.

It can be seen that the people of the demons are only monitoring, and have not planned to do anything.

However, since someone has been in ambush here to monitor, it is likely that the position of the Righteous Army is locked, and it is very likely to launch an attack at any time.

These people, guarding outside the void of flowers, should be in order not to give the righteous army a chance to evacuate.

Red Flame Demon Lord also said solemnly: "So, if we don't come, this righteous army is dangerous? It's very likely to fall? We came, but saved them? Qin Chen, do you want to save this righteous army? ?"

"Master Chi Yan, don't ask. Since Qin Chen did this, he must have his deep meaning. I only need to follow the orders." Mo Li said, looking at Qin Chen, and said in a deep voice: "Qin Chen You said, what should we do next? If we do it, it's best not to disturb the righteous army in the space debris, otherwise it will cause misunderstandings. Once a huge movement erupts,

The Supreme Eclipse and others are nearby. "

"Besides, if you meet with the righteous army after a meeting, regardless of whether the other party trusts us, it is best to stop the other party first, so that we can take the initiative, otherwise, if there is any misunderstanding, it will be troublesome and it will be easy to get rid of it. "

Qin Chen glanced at him magically, this kid was indeed clever. Qin Chen smiled and said, "I will listen to my orders and take them first. These guys are only on the periphery, and their cultivation base is not high. They are only half-step supreme. They are very cautious in order to hide their deeds. They are indeed very good. Deal with it, just a few ants

."

Rubbish!

Half-step supreme is in the outside world, it is extremely terrifying existence.

But it's nothing here.

Among those present, the weakest Red Flame Demon Lord was much stronger than the opponent, not to mention Qin Chen and others.

The trouble is the Supreme from the Righteous Army in the space debris. "Devil Ancestor Luohu, you, Mo Li, and Demon Lord Chiyan will do it for the first time. I will swoop on the sidelines. I must win the opponent in an instant without making any movement, so as not to disturb the right path in the space debris ahead. Army, it's up to you later

."

Luohu Mozu smiled and said: "Just a few ants, just leave it to me, it doesn't take so many people."

"It's better to be cautious." Qin Chen said solemnly, "Those demon guys shouldn't worry, even the supreme in the righteous army shouldn't worry about them. The trouble is the supreme eclipse Yuan and them, don't advance in advance. Alarmed them."

All the breath converges.

It's better to be careful when you first arrive.

Beyond the space debris. A powerful demon clan looked far away and frowned slightly. Behind him, the other two half-step supreme powers and several peak heavenly figures also looked at the leader of the demon clan master. Someone frowned and said: "My lord, there is Change? Could it be that someone in this space debris found us?"

[Chapter 4566: For you](#)

"It's okay." The leader of the Demon Race has an illusory figure, as if it is not shaped like a current, but still frowns: "It is not in the space fragments, but there seems to be some spatial fluctuations just now, maybe it is just the peanuts in the space in the void of flowers Extinction

The space of the hair fluctuates. "

The leader carefully surveyed the surroundings again, but didn't notice anything abnormal.

He is a master of the Xumo race, the Xumo race is only a second-tier race, but he has amazing accomplishments in space. In ancient times, he was a strong race not weaker than the Kongmo race.

And behind him is also a strong man in his line.

The biggest specialty of the Void people is to hide the void. If the power of the Void is in the control of space, then the Void is the integration of the space.

They are born with the body of space and can blend into the void at will, even if they are strong people whose cultivation base surpasses them, they can't easily perceive their tracks.

It is the most suitable for being an assassin.

It's a pity that the Nether Demons have suffered heavy losses in the battlefield between humans and demons over the years. As assassins, they have been sent to execute various characters and have lost many masters over the years.

However, Lord Mozu said that as long as they can complete this single task, then they will find a way to break through the supreme and regain the glory of the ancient times.

Therefore, this master of the Xu Mozu is very cautious.

This task is even related to the future of their ethnic group.

"I will continue patrolling again. If the Suspense Supreme finds me waiting, it will be troublesome."

The leader of the Xu Demon clan said in a deep voice.

He is not afraid of being discovered by the Void Supreme, because the other party has discovered some clues about himself, and he is afraid that he does not dare to do it with himself, and escape is more likely.

"You are also optimistic about your surroundings. If you find something abnormal, the horse will send a message and encircle the opponent. Our task is not to fight, but to stalk, and we don't let them escape silently."

His purpose is to act as an eyeliner.

"understand!"

The few remaining people nodded, they didn't want to fight with these desperadoes, as long as the Suspended Supreme dared to come out, they would be able to send out the message immediately, and countless demon masters would quickly come to siege.

As they were talking, a chuckle suddenly came from a few people's ears: "Don't be nervous, you guys, the Nakong Demon Clan will not find us."

"Correct."

Several people nodded.

But for a moment, I felt something was wrong.

This voice does not seem to belong to them...

Who?

The face of the Xumozu master instantly changed wildly, and his body was about to explode with terrifying power in a hurry.

"I told you not to be nervous, why bother?"

Another chuckle came, and a figure enveloped in dark devilish energy suddenly appeared.

It's magic.

But seeing Mo Li chuckled and said something, with the palms of his hands, he already touched the bodies of two of them.

boom! Two invisible swallowing powers erupted from the body of the magic li, and the power of Gu God instantly urged them to the extreme. These two half-step supreme powerhouses looked terrified one by one. Can't send a word

, Just opened his mouth, his pupils contracted, and there was endless fear.

The power in their bodies is madly dissipating outside, and they can't control it anyway. Everything in their bodies seems to be out of control.

The other half-step supreme master was spotted by the Chiyan Demon Lord.

Red Flame Demon Lord turned into an enchanting woman, chuckling lightly, extremely charming, and a burst of seductive power quietly diffused.

"Little brother, let's play!"

The Red Flame Demon Lord is the appearance of the Hongyan Wuhuang. The Hongyan Wuhuang was one of the most mature women in the Misty Palace that year. Above the pure charm, she is definitely the best in the world, the level of stunner.

Now that the spell of charm was being displayed, the half-step supreme of the Void Demon Race was in a trance, as if plunged into a gentle town.

It's just that this scene fell in Qin Chen's eyes, but the goose bumps were all up.

The whole process is long speaking, but in a flash, the three and a half-step supreme masters of the Xu Mo clan were instantly restrained.

Only the leading half-step supreme, with the strongest cultivation base, was frightened at this moment, exclaiming: "You..."

At the same time, it is necessary to activate the communication mark in the body.

It's just that he hadn't even had time to speak with these two words, and a terrifying formation power instantly came down, shielding the Quartet.

A tall and majestic black shadow suddenly appeared behind the leader of the Xu Mo Clan, and suddenly stopped him: "Hush, be quiet."

Luohu Demon Ancestor chuckled lightly, the chaotic demon energy on his body was like a vast ocean, instantly enveloping the opponent and annihilating him.

In an instant, the four and a half-step supreme masters of the Xumo clan were instantly subdued, and there was no room for resistance. However, there are still a few remaining peak heavenly masters, who were shocked by the terrifying aura at first, but only recovered after a while, each of them showed fright, and they were about to send out a long scream, urging the imprint of transmission. , And at the same time the figure soars into the sky, to

Escape here.

Terrible, terrible.

The patriarch was actually subdued in an instant, and there was no resistance. What use could they have these heavenly lords.

Only by fleeing, fleeing from here, and sending out the information, can there be life.

However, before they rushed out, a terrifying breath fell instantly, confining them to death and unable to move.

Qin Chen slowly walked down from the void.

The gap is too big.

Qin Chen made a move instantly, and all the powerhouses of the Void Demon Race were subdued almost in an instant, and there was no resistance at all.

The eyes of the leader of the Void Demon Race violently struggled, but they couldn't break free from Qin Chen's shackles at all.

"Let's say, you stay here, whose order are you on earth, and what is the purpose of being here?"

Qin Chen stepped down and said lightly, the terrible aura surging on his body, making everyone unable to move.

"Who are you? If you dare to do something with us, do you know who we are?"

A master of the Void Demon clan roared and scolded Qin Chen and others.

However, before his voice fell, he heard a chuckle, and the person was directly exploded by Qin Chen.

The blood surging, the soul dissipated, and the Blood River Saint Ancestor, All Souls Demon Venerable and Sky Fire Venerable in the chaotic world in Qin Chen's body suddenly took a breath, and the blood and soul power were swallowed by them in an instant.

boom!

In the chaotic world, the aura of the blood river ancestor faintly improved, and the soul aura of the Wanling Demon Venerable and the Skyfire Venerable also faintly improved. The blood qi and soul were absorbed, the source of the strong imaginary demon clan was still there, and the billowing devil qi was surging, but Qin Chen didn't care. He just said to the Chiyan Demon Lord and the demon, "It's given to you. "

[Chapter 4567: alert](#)

"Thank you."

Chiyen Demon Lord's eyes lit up, and he shouted, a terrifying force of charm escaped from his body, and instantly swallowed the origin of the peak heavenly master who had been killed by the Void Demon Race.

The aura on his body suddenly became a little lifted.

The origin of the demon clan at the pinnacle Tianzun level is still a great tonic for Demon Li and Demon Lord Chiyen, but for Demon Ancestor Luohu and Qin Chen, it is a lot worse. Masters of this level can easily Can't help them anymore.

Be regarded as each take what they need.

"you guys....."

Seeing that his tribe members were so easily beheaded and swallowed directly, the hearts of this group of masters of the Void Demon Clan instantly became cold, and their anger could not be suppressed one by one.

What kind of experience is it to watch the souls of your own people fly away and be swallowed alive?

"It seems that you still don't want to say?" Qin Chen smiled, "It's okay, it's seldom time."

Puff puff!

Qin Chen moved forward step by step. Along the way, the heavenly masters of the Void Demon Race around him exploded one by one, without the ability to resist.

boom!

Among them, the power of essence and blood is absorbed by the ancestors of the blood river, the power of the soul is absorbed by the demon Lord and Skyfire, and the power of the demon source is absorbed by the demon Li and the red flame demon.

No matter who it is, it has been improved a lot.

Mo Li and Chi Yan Demon Lord even lit their eyes.

Big make up.

Sure enough, there was meat to eat.

In an instant, the peak heavenly masters of the Void Demon Race were completely dead, leaving only four and a half-step supreme masters.

"I know... you definitely don't want to say it."

Chiyen Demon Lord chuckled lightly, with an enchanting posture, and directly swallowed the Half-Step Supreme of the Void Demon Race in front of him with flames. The billowing flames burned him, and the Half-Step Supreme screamed for an instant. Turned into nothingness,

The billowing demon source was directly swallowed by the Chiyen Demon Lord.

"Qin Chen, here you are."

However, he was also very interesting, only swallowing the opponent's magic source, as for the power of essence, blood and soul, it was left to Qin Chen.

Qin Chen is not polite, and directly enters the Chaos World.

boom!

At the same time, Qin Chen absorbed the special spatial force of the opponent, and a special spatial rule haunted Qin Chen.

"Well, the power of the rules of this space is really special. Is the body melted into the void? It's different from the ordinary body melted into the void, it's interesting and interesting."

Qin Chen closed his eyes and said with a light smile.

Then he opened his eyes and stepped out.

"Not yet?"

Qin Chen smiled and looked at the other two Half Step Supremes.

"I said, I said..."

The two Half-Step Supreme couldn't hold back anymore and spoke directly.

It was really because Qin Chen felt too cruel to them, and also too cruel. It was obviously to torture them, but it seemed that they didn't want to hear their answers at all. They didn't give them a chance to speak at all. They just killed them one by one. When it was their turn to react, their Void Demon Race had already been killed. Seven or eight

Eight, only three of them are left.

They knew that if they didn't say anything, the other party might actually kill them directly.

Immediately, why they stayed here, and the information of the Kong Demon Clan Suspended Supreme they guarded, said in a fifteen to ten.

"Can you let us go?"

Having said all this, there was still fantasy in the half-step supreme eyes of the Xu Mozu.

however.

With a bang, Moli's hands instantly penetrated their bodies, and with a bang, they directly began to swallow the magic source in their bodies.

"you guys....."

The two half-step supreme roars of fright and anger, and with a bang, they shattered directly, and the magic source was instantly swallowed by the magic.

Hum!

I felt Moli's body, the half-step supreme aura became more and more intense, faintly, there was already a feeling of stepping into the half-step supreme.

The remaining power was swallowed by the Blood River Saint Ancestor.

As for the patriarch of the Void Demon Clan controlled by Luohu Demon Ancestor, he was not directly killed, but was captured by Qin Chen instantly, then immediately **** and collected into the Chaos World.

This person is still useful.

In an instant, all the other magic sources, essence, blood, rules, and souls here were all swallowed by each other.

All power was blocked, no fluctuations were transmitted, and no fluctuations were caused at all.

"Luohu Demon Ancestor, there are no fluctuations, right?" Qin Chen looked over.

Demon Ancestor Luohu grinned: "Kid Qin Chen, don't worry, my ancestor makes a move. You still don't worry. It's just a few and a half steps, and you can fly to the sky?" Demon Ancestor Luohu said casually, but immediately, his gaze became solemn, and he said solemnly: "It's the suspended supreme of the empty demon race. It's a bit troublesome. The opponent is the supreme strong, even the weakest supreme, it's not like these guys.

Good suppression. "

Qin Chen said indifferently, "Don't worry about it, the Xuankong Supreme will turn your head and give it to me." "Speed, take the Xuankong Supreme, the guys said before, they are ordered by the Yuanmozu's Eclipse Supreme. Watching the people of the Kong Demon Race, now the Supreme Eclipse is nearby, if they disappear for too long, it will attract the Supreme Eclipse

Attention is troublesome. "

Several people nodded and disappeared instantly.

Now that it's done, it's a quick fight.

In order to prevent these people from disappearing, if Supreme Eclipse contacts them, they will easily make mistakes if they are not contacted.

In that hidden space debris.

Suddenly, Suddenly Xuankong Zhizun felt a little heart palpitations. He glanced towards the sky, and stopped as he was talking, his eyes solemn.

Just... Did something happen?

"Patriarch?"

"father?"

At this moment, the old man of the Kong Demon Race and the daughter of Xuan Kong Supreme are a little confused, what's wrong?

Suspense Supreme was silent, but he got up quickly, his eyes a little solemn.

Countless life and death crises gave him a sense of danger, as if something happened just now.

There may be something wrong.

"Could it be that the Demon Ancestor found us?"

Suspended Supreme's heart is awe-inspiring.

Don't underestimate any crisis warning!

In this Demon Realm, the Righteous Dao Army is different from the Demon Ancestor's command. Many Demon Races under the Demon Ancestor's command can be careless, but his Righteous Dao Army cannot.

A general idea is the end of the fall!

Are there few righteous army groups that have been wiped out for carelessness in recent years?

Any clues cannot be easily let go.

"alert!"

Suspense Supreme gave a soft drink, and the sound radiated among the space debris. For an instant, all the empty demons in this space debris were all startled.

Tens of thousands of people quickly formed a team.

According to the daily fighting, the old and the strong are on the outside, and the younger geniuses are in the middle. As for the weakest, the weakest, the sick, and the children who are just born.

He was quickly entered into a flower.

This is actually a small world.

In the universe, only a small world can be entered, and the general storage space is simply not suitable for living beings.

The flower of this space is the treasure of the empty demons. Supreme treasure.

[Chapter 4568: Scatter](#)

There is a special small world that is not big, which can temporarily accommodate the people of the empty demon race with spatial talents. However, in this small world, the time cannot be too long, otherwise even if it is the empty demon people, Will fall directly on it

in.

But this small world must be carried by people.

Once the person carrying the small world falls, it means that many people in this small world will completely fall into the palm of others, and there will be no chance.

now.

Suspense Supreme screamed, all the masters of the Kong Demon Race were vigilant, and they appeared one after another. The speed was so fast that they were forbidden.

Moreover, everyone is in order, and no one acts hastily.

It's just that in the eyes of everyone, you can see many expressions, such as vigilance, anxiety, despair, but also a trace of daze and at a loss.

Hidden for too many years.

As a righteous army, many people have been hiding in Tibet since the day they were born. They don't know what the outside world looks like or what it feels like to live and work in peace.

Some are just panic and fleeing in panic.

This kind of day has accompanied many people for a lifetime, and everyone has become accustomed to this kind of day. In the face of death, they will still be afraid, but they will not panic too much.

Because, they have seen too much, in these years, almost no one has fallen, and even every process of escape is a process of confronting the **** of death.

No one knows when their empty demons will be completely annihilated and completely disappear from this universe.

"Come on, just come on."

Someone murmured, with a touch of relief and free and easy.

For them, death may not be the end, but a beginning, a beginning that no longer flees in a hurry.

For countless tens of thousands of years, their empty demons left only a few hundred thousand people from the original huge ethnic group. Sometimes, death is really a relief for them.

Of course, this kind of alert has been repeated many times.

Will come last time almost every now and then.

But not every time an enemy appears.

Most of the time, there are actually no enemies.

But the patriarch was not at ease. Every time there was a turmoil, he would assemble with all his strength, so some people didn't take it too seriously.

It's really here, it's a big deal, just die.

After so many years of fighting to death, they are not afraid of death at all.

Suspended by the Supreme, several half-step Supreme peak powerhouses quickly gathered.

The old man who followed the Xuankong Supreme was also a strong man at the peak of the half-step Supreme Realm.

There are no ordinary people who can survive the battle for so many years. If it is not for the lack of resources and sufficient cultivation opportunities, he may not be able to break through the Supreme Realm, but now, he has no hope.

Years of battles have completely exhausted his future, even though he has reached the peak of the half-step supreme realm, it is almost impossible to break through the supreme realm in this life.

and so.

He focused on it.

Very vigilant.

He is a person with no future, but the Kokong Demon Race still has a future. At a critical moment, he can even blow up to injure the enemy, just in exchange for a ray of life for the race.

"Patriarch, is the enemy coming?" The old man asked in a deep voice, looking around, but he didn't feel any movement.

Suspended Supreme holding a battle knife, looked sideways at his daughter, and warned in a deep voice: "Be careful, follow me, don't act rashly!"

His daughter has not entered the small world, because her daughter is now in the later stage of Tianzun realm.

He is the first person in the young generation of the empty demons.

This level of cultivation is already regarded as one of the strongest in the Kong Demon Clan, how can you be a tortoise when you encounter a strong enemy.

At this moment, everyone raised their heads and stared into the sky. A group of people was restless and restless.

Is there a strong enemy?

At this moment, Qin Chen was surprised.

"It seems... was discovered!"

Qin Chen took some surprises and didn't need him to look for them one by one. He saw the space debris where the Suspended Supreme was, because at this moment, some different spatial rules were vaguely presented.

Most people can't see it, but they can't stop Qin Chen's eye of creation.

"Kid Qin Chen, the space debris is fluctuating, could it be that we...were discovered?"

Demon Ancestor Luohu also noticed the movement and couldn't help but say.

Mo Li also said solemnly: "After all, he is a veteran of the Righteous Army. The ancestors of Bie Yuan Mo have been chasing and killing for many years. The sense of crisis must be extremely keen! It may not be that we have been discovered, but there must be some sense of crisis!"

Qin Chen nodded.

Red Flame Demon Sovereign said in a deep voice: "Then what should I do now, force the attack?"

In the case of a strong attack, the movement will be too great.

Moreover, this is a sea of void flowers. Once the spatial flowers here are disturbed, it will definitely cause spatial fluctuations. By then, the Supreme Eclipse will definitely find anomalies.

Once the Supreme Eclipse arrives, then they are finished.

Moreover, this space flower is extremely terrifying, and Demon Ancestor Luohu and Qin Chen may not be afraid, but if Demon Li and Demon Lord Chiyan are not careful, they are afraid that they will be in danger. Qin Chen glanced at the space debris below his eyes, and said in a deep voice: "You can't drag, the Supreme Eclipse may arrive at any time, we have to do it, we must do it as soon as possible. I'm waiting for a direct shot,

The possibility of suppressing the opponent is very high. "

"Great!"

Luohu Demon Ancestor and they all nodded.

It is not a big problem to win the Suspended Supreme, the key is that the movement can not be big.

"Kid Qin Chen, shouldn't the two of you help out?"

Luohu Demon Ancestor looked at Qin Chen.

He was talking about the Lord of Abyss Demon and the Lord of All Souls.

Both of them are now supreme cultivation bases, which have a great effect.

"natural."

Qin Chen calmly said.

Whizzing!

Two supreme auras suddenly appeared beside Qin Chen.

It is the Lord of Abyss Demon and the Lord of All Souls.

Equivalent to the four supreme-level powerhouses, Qin Chen didn't believe that the four of them took action, and could not hold an empty demon clan with only one supreme.

"Listen to my orders and do it."

An order was given, and in an instant, a large array emerged.

Void imprisoned great array!

This was the joint display of Qin Chen and Luohu Demon Ancestor. In an instant, the spatial fluctuations in this void became stagnant.

The terrifying array instantly wrapped the space debris while confining the rest of the surrounding void.

The purpose is not to expose any fluctuations.

At this moment, a terrifying war knife pierced the sky, and the billowing supreme aura rose to the sky, blasting out of the space debris, with an indomitable momentum and a sense of decisiveness!

Suspense Supreme roared: "Disperse and escape!"

That's it!

When the Void Imprisonment Array was covered, he knew that it might be finished.

The space formation that can affect this void flower sea is at least the supreme-level big formation. In other words, there is a top-level supreme powerhouse on the opposite side who is presiding over the big formation, and he is definitely a master of formation.

[Chapter 4569: Direct self-destruction](#)

There are not many masters of the supreme-level formation master, the entire demons, this is the real top powerhouse.

But now, there is a Supreme Master Array in the main array alone, let alone the others?

"kill!"

Suspended Supreme roared into the sky.

The terrible saber swept out like a vast ocean, flooding the world.

At the same time, he sternly shouted at the countless empty demons behind him: "Flee, scatter and flee."

At this moment, there is no fluke in Xuankong Supreme's heart. Just a master of formation is enough to change his color, and the Demon Race really shot them, it is definitely not just this person.

The billowing murderous aura rushed to the sky, and the Xuankong Supreme made a desperate move, not to kill the enemy, but to give some hope to the clansmen under his command.

"trouble."

Seeing this, Qin Chen frowned slightly.

This suspended supreme is too troublesome, as soon as it came up, it burst out with endless supreme power, desperately.

Obviously, it was desperate to get out.

Originally, Qin Chen wanted to talk to the other party to see if he could have a chance to convince the other party, but now it seems that it is almost impossible to convince the other party.

Can only catch the opponent first.

"Mo Ye!"

Qin Chen said something to the Lord of Abyss Demon. Fortunately, he and Luohu Demon Ancestor arranged a large array outside, otherwise, if they were killed by the Suspended Supreme, it would be completely exposed.

The Lord of Abyss Demon said respectfully: "Yes, Master."

The voice fell.

boom!

The Lord of the Abyss suddenly swept out, and the terrifying aura of the Abyss filled the world in an instant.

The power of the Lord of the Deep Demon instantly suppressed the suspended supreme body, directly confining his power and suppressing the supreme power in his body.

The Demon Race is now the leader of the Demon Race, and the power of the Demon Race has tremendous suppression on any Demon Race.

With a bang, it was seen that the supreme aura on the suspended supreme body was suddenly strongly suppressed.

With infinite vibration, Suspense Supreme exclaimed: "Yuan Mozu?"

"Suspended Supreme, put down your weapons, this seat is not here to kill you, but to discuss cooperation with you on the orders of the master, why not sit down and have a good talk."

The Lord of Abyss Demon said indifferently, just as he said, the power of Abyss in the body did not stop at all, and still suppressed the Xuankong Supreme fiercely.

boom!

The terrible aura permeated, and Xuankong Supreme felt endless oppression, and a terrifying power of the abyss rushed into his mind instantly, to affect his mind.

At the same time, on the other side, with a bang, Wanling Demon Sovereign appeared, and the terrible demon aura came and turned into a chain of avenues, to restrain the Suspense Supreme.

Under the influence of the power of the soul of the Lord of Abyss, Venerable Suspended his eyes slightly in a trance, but instantly got rid of the influence of the power of Mo Ye's soul!

I saw a chain of chains with a terrifying aura, already surrounding my body.

I was shocked again!

Who?

Another supreme powerhouse!

Damn, how many top powerhouses came to kill yourself?

"you are....."

"Chaos God Demon Lord?"

Suspense Supreme saw the breath and face of Wanling Mozun at this moment, suddenly showing a look of anger.

Chaos God and Demon Lord, although a rising star, because of guarding the Chaos God and Demon Sea, the Xuankong Supreme actually knew the other party's intelligence. Because the righteous army once suspected that the ancestors of the deep demon had any special means in the chaos and demon sea, but because of the guard of the chaos and the demon, the righteous army was unable to lurk in, and some people from the righteous army tried to sneak into the chaos before. Gods and demons

Hai, several times have been identified by the God of Chaos and the Demon Lord, directly captured, and had no choice but to explode and die.

In the Righteous Army, there is a lot of information about the Gods of Chaos and the Demon Lord.

Therefore, seeing the appearance of the **** of chaos and demon at this moment, Suspended Supreme was suddenly shocked.

this is.....

Did the ancestor of the deep demon personally do it on himself?

boom!

The terrifying power of the deep monster combined with the power of the soul bewitched down, while the master of the chaotic **** suppressed it to the suspended supreme.

Immediately made the Xuankong Supreme into a passive state.

However, the Suspense Supreme has experienced hundreds of battles, but he wakes up in an instant. However, there is nothing wrong with him, but the countless empty demons behind him are instantly confused, standing still, with some pain and struggling, knowing what is going on, wanting to run, but they are whispering. The voice of the Lord of the Demon

sound.

All stay!

Don't resist everyone, I'll be a companion, sit down and talk!

This terrible soul bewildered, under Heavenly Lord, there is no power to resist, even Heavenly Lord, he can only struggle to walk a few steps, but once wanted to lay down his weapons and didn't want to fight.

Do not!

They were desperate, and they knew that they had encountered a peerless powerhouse.

More than one!

"kill!"

Suspense Supreme roared again, booming, and the sword qi rushed into the sky, and the Supreme sword qi turned into a terrifying river of sword qi, trying to cut the world.

No, even if you know that you are invincible, you can't give up.

kill!

You must kill you desperately, even if you can't kill, you must kill a supreme, even borrow the power of the void flower sea, break the formation, alarm the space flower in the entire void flower sea, use the space riot to bring trouble to the opponent, cut Kill each other.

Just when he slashed out and was about to blast away the restraints of the Wanling Demon Venerable, suddenly, a figure appeared.

"Suspended Supreme, don't stop!"

With a low drink, shaking the avenue, hanging in a trance in front of the supreme, saw the sky full of black tentacles, like a cage covering the sky and the sun, bound towards him.

"blockade!"

Qin Chen shouted, and the Ten Thousand Realms Demon Tree shot.

His Ten Thousand Worlds Demon Tree is a sacred item of the Demon Race, with infinite power, and it is most capable of suppressing the strong.

In fact, relying on the strength of Qin Chen and the others, there is no problem at all to win the Suspense Supreme alone, even if they don't use the Ten Thousand Realm Demon Tree, they can do it.

However, Qin Chen had already noticed after a short period of time that this Suspended Supreme was definitely a man of incomparably stout personality, fighting desperately at every turn.

It doesn't matter if it is an ordinary fight to the death, it is fine, but if it is not captured and suppressed in the first time, the Hanging Supreme will directly blew himself in trouble.

With this dangling supreme temperament, it may not be impossible to do it.

It was really going to explode, a supreme self-explosive aura, Qin Chen and the others would be injured even if they could stop it, and Luohu Demon Ancestor's great formation might not really be able to stop it completely. When the time comes, it will cause the void of flowers, and everything will be over.

What Qin Chen wanted was not to kill the opponent, but to capture the opponent and ask for the information he wanted.

If the Ten Thousand Worlds Demon Tree takes action, then everything will be stable.

really!

Om...the sky full of tentacles swept across, crashing, and instantly wrapped up the Suspended Supreme. The supreme power of the suspended Supreme's body was instantly suppressed, and the whole person's avenue was shaken. Under the joint hands of Qin Chen, the body was affected by the magic tree of the ten thousand worlds. Countless tentacles, wrapped and entangled in an instant.

[Chapter 4570: who are you](#)

The supreme-level Demon Tree of Ten Thousand Realms, what kind of power is this?

boom!

The Ten Thousand Worlds Demon Tree squirmed, and the power of the suspended supreme was instantly suppressed. For a moment, it seemed to be completely imprisoned. The supreme power in the body was suppressed extremely fine, and it could not burst out at all.

"how is this possible?"

He burst into anger, and he was a supreme powerhouse, but he was suppressed for an instant.

What kind of treasure is this dark tentacles?

"what!"

He roared, directly mobilizing his supreme source, booming, the power in his body was like a volcanic eruption, which would burst out in an instant.

"father!"

"Patriarch!"

In the space debris behind him, many masters of the Kong Demon clan screamed sternly, waking up from the confusion, one by one, they made a sound of anger.

They all knew what their patriarch was going to do, and each of them was broken and frightened.

"Sure enough... troublesome."

When Qin Chen saw this, his face was cold, and he knew that this guy had a strong temper.

Blew up at every turn.

Qin Chen snorted coldly. Fortunately, he was already prepared.

"Confinement!"

boom!

In the Ten Thousand Realms Demon Tree, terrible power swept out, and the Ten Thousand Realms Demon Tree glowed, suppressing the self-destructive power in the suspended Supreme's body at once.

puff!

A mouthful of blood spewed out, and the expression of Xuan Kong Supreme was frightened, suddenly lost, and there was despair in his eyes.

Can't even blew himself up if he wanted to blew himself up?

What the **** is this black tentacle?

At this moment, what the Void Lord has in his heart is endless despair.

boom!

He just wanted to provoke the origin in the body again and explode himself.

However, at this moment, a figure fell, and a huge palm directly grabbed and shot at him.

Moreover, the Lord of the Abyssal Demon stepped forward, and the terrifying power of the Abyssal Demon directly poured into his body, suppressing everything about him.

"You... Mo Ye, how could it be possible?"

At this moment, the Suspense Supreme finally saw the face of the Lord of Abyss Demon, and instantly revealed a face of horror.

The powerhouse of the Abyssal Demon Clan in front of him was Mo Ye, the ancestor of the Abyssal Demon Clan who had disappeared for thousands of years since ancient times? how is this possible? This Mo Ye is not dead yet?

"Hmph, Suspense Supreme, dare to resist seeing the master? Are you looking for death?"

The Lord of the Abyss screamed coldly, his eyes were cold, and the power of the Abyss was constantly released, combined with the Demon Tree of the Ten Thousand Realms, to completely block the power of the Suspended Supreme.

"the host?"

Suspended Supreme's heart was shocked, what?

What kind of joke is the Lord of the Abyss calling the opponent's owner?

At this time, Xuan Kong Supreme raised his head and saw Qin Chen slowly walking down, his body shook wildly.

"Human race?"

Why is the breath of the person in front of you so human?

Qin Chen did not pretend to be a demon at this moment, but displayed it in front of Xuankong Supreme as a human.

This made Xuankong Supreme's mind violent, unable to restrain himself.

"Huh, I said that the young master didn't come to kill you, and he resisted so fiercely. Did he think he died fast enough? You didn't want to be obedient and get rid of it."

Qin Chen snorted coldly and urged the Ten Thousand Realms Demon Tree to suppress him more and more.

But Suspended Supreme, but subconsciously withdrew some of the power of struggle.

With dazedness, shock, and disbelief.

who are you?

"who are you!"

He let out a low growl, who are you anyway?

Each of the three supreme-level powerhouses is so terrifying.

There is also a supreme guarding the big formation, four powerhouses. Among them are not only Moye who has disappeared in the demon world for hundreds of millions of years, but also people from the human race. Where did this human race emerge from?

Qin Chen was too lazy to say, first take it down and talk about it. The power of sealing came from the Demon Tree of the Ten Thousand Realms. In the blink of an eye, Qin Chen immediately blocked his avenue when the Lord of the Abyss was sealed first. At the same time, Qin Chen raised his hand, booming, terrifying. Wang Yang swept and blocked the other empty demons people.

Mo Li and Chi Yan Demon Lord also appeared, suppressing them together.

The Lord of Abyss Demon, Wanling Demon Sovereign, fully suppressed the Suspended Supreme.

"Let go of them."

Suspense Supreme changed color when he saw it, and roared loudly.

But Qin Chen remained indifferent, and in an instant, he grabbed many masters of the Kong Demon Race into his own chaotic world, and the opponent hardly had the slightest resistance.

Under the suppression of this formation and the suppression of the Ten Thousand Realms Demon Tree, how could the Tianzun-level Demon Race be able to withstand Qin Chen?

These people are all conscious, but they can't resist, and they all show unwillingness, anger, and fear.

Who the **** is this seemingly young overkill?

Their eyes were not dangling, they only knew that the strong men who came to attack were all powerful and terrifying, and they were all of the supreme class.

Even the Patriarch Suspension Supreme is so powerful, but he was instantly taken down by the opponent!

Suspended Supreme is actually invincible!

This is impossible!

Suspended Supreme is not weak among Supremes, not to mention the top Supreme Strong, but it is not too weak, although because of these years of battle, the body is extremely injured, and it is no longer the strength of the peak period of the year.

However, if you really want to fight, it will definitely not be easy to suppress.

But now, in front of the sudden appearance of the strong, the Suspended Supreme couldn't even blow himself up.

At this time, all Kongmo people are desperate.

But Qin Chen frowned slightly, looked into the distance, and stared at the eyebrows: "No, the movement is a bit big, trouble!"

With that, he glanced at the still sluggish Suspension Supreme, frowning, "Mo Ye, Senior Wanling Demon Sovereign, you trap him and enter my world together! Suspension Supreme, give me a stop!"

After finishing speaking, suddenly waved, a figure appeared.

Suspense Supreme took a look and was stunned. This...

"The patriarch of the Xumo clan?"

He knows this guy, the patriarch of the Void Demon Clan, a powerful group of the same level as his Kong Demon Clan in ancient times, and has been following the orders of the Abyss Demon ancestors to follow them secretly, causing them to frequently switch battlefields.

Otherwise, relying on other demons alone would not be able to capture the traces of the empty demons who control the power of space.

In his accident, Qin Chen threw a punch, boom! With a loud noise, the patriarch of the Void Demon clan that just appeared was torn apart by Qin Chen's fist. Qin Chen waved his hand and swallowed the blood and soul of the clan leader of the Void Demon directly, but his broken flesh Did not continue to explode, still decayed

Leave empty.

With a punch, Qin Chen killed the opponent directly!

"Come!"

boom!

Immediately afterwards, Qin Chen looked at the Xuankong Supreme, and suddenly gathered it, a terrifying space power filled, the Xuankong Supreme expression was furious, almost unable to resist, together with the Ten Thousand Realm Demon Tree, Qin Chen was brought into the Chaos World in an instant. in.

The Lord of Abyss Demon and the Lord of Chaos Demon also entered the Chaos World together.

Otherwise, with the supreme-level cultivation base of the suspended supreme, Qin Chen would never be able to easily enter it into the Chaos World.

"father!"

The daughter of Xuankong Supreme, her eyes widened suddenly, her expression furious.

"kill!"

boom!

She took the rest of the empty demons and wanted to kill them frantically.

"Noisy." However, Qin Chen snorted coldly, directly raised his hand, and with a bang, she and other Kong Demon Clan members were also included in the Chaos World and disappeared.
