

Valkyrie 4571

[Chapter 4571: Too insidious](#)

In an instant, the entire void flower sea calmed down, the power of countless swept spaces suddenly disappeared, and the power of many violent demons instantly disappeared.

After killing the patriarch of the Void Demon Clan, Qin Chen was also afraid that something was left on the opponent's body, or some special power would be tracked by the ancestor of the Abyss Demon.

Normally, once anyone enters the chaotic world, all communication with the outside world will be blocked.

But this is the Demon Realm, the territory of the ancestor of the Abyssal Demon, and Qin Chen is still very vigilant and careful to a certain extent.

In addition, Qin Chen killed the patriarch of the Void Demon Clan to show the Xingkong Supreme, so that his mind was lost for a moment, so that he could pull the opponent into the chaotic world.

As soon as the Suspended Supreme disappeared, all the power dissipated, and the violent aura in this space fragment also calmed down for an instant.

"Chaos Qinglian fire, burn!"

Bringing all the powerful empty demons into his own chaotic world, Qin Chen immediately urged the chaotic green lotus fire in his body. In an instant, a monstrous flame appeared, burning the world.

Countless flames emerged from the entire void, burning the surrounding void continuously, and even burning the space fragments to burst apart.

That space debris. It was originally a special place of space formed by accident in this void flower sea after countless years of mutations. It has been survived by the people of the Kong Demon tribe for so many years. After experiencing the previous riots, coupled with the burning of Qin Chen After that, this space fragment momentarily

There is a feeling of collapse and explosion.

"Condensation!"

However, before the space debris exploded, Qin Chen had already urged the power of the space again to solidify it.

"Devil Li, Demon Lord Chiyan, what are you still doing, and don't help clean up the traces."

Seeing Mo Li and Chi Yan Demon Lord still a little stunned, Qin Chen immediately drank coldly.

When is it all, still in a daze.

"Hmph, the power of Devil Gu, swallow."

Mo Li snorted coldly, booming, the power of the terrible Demon Gu, and began to clean the surrounding area.

At this moment, Luohu Demon Ancestor suddenly appeared, the large formation contracted, and quickly said: "Go, it seems that someone has sensed the movement, there seems to be a powerful aura approaching outside the void of flowers!"

A hint of danger also emerged in Qin Chen's heart. He knew that there must be a top-tier power approaching.

"Don't worry, get rid of all traces first, and never leave any breath or trace."

Qin Chen snorted coldly.

Although anxious, but in an orderly manner, so as not to make mistakes while busy, this is the devil world, if there is something left behind, it will be troublesome for the other party to discover, perform, or follow up.

Soon, all traces were cleared, and all nearby spaces were burned. Whether it was Qin Chen's own breath, that of the Lord of the Abyss, or the breath of the Lord of Chaos, they were all cleaned up. .

"Okay." Qin Chen said in a low voice, "Leave immediately."

"Great!"

Demon Ancestor Luohu gave a low cry, and with a loud boom, he was about to put away the huge array of space. Upon seeing this, Qin Chen's eyes flashed, "Magic Ancestor Luohu, leave this space confined by a large formation, sealed in the space debris, we will keep some good things for those who follow up to play, maybe there will be unexpected surprises. , You hide this big array

, And merge with this space debris. "The eyeballs of Demon Ancestor Luohu suddenly rounded, and he continued: "How can this be done, it's simple to say, you know how long it took me to refine this supreme space array?" I don't know how long it takes just to collect the materials... After coming to this demon world,

Not much has been refined in total..."

"Don't talk nonsense, not hiding in the space debris." Qin Chen said coldly.

"You... OK, you're ruthless!"

Luohu Demon Ancestor was speechless, cursing, but still quickly converged the large array, instantly collecting an invisible light, and blending into the space debris that was about to explode with a thud.

Seeing this, Qin Chen also took action, helping Luohu Demon Ancestor to hide the formation together, quickly compressing his strength in the large formation.

The space fragments that were supposed to explode seemed to calm down all at once, and countless space forces were compressed by him, and they instantly condensed into a single point.

Then, Qin Chen raised his hand and quickly placed the broken body of the patriarch of the Void Demon clan in the void.

"hiss!"

Seeing this scene, Mo Li's eyes suddenly rounded, they sucked in air, and their expressions changed as they watched Qin Chen.

This guy is really a ruthless person.

It's so cruel. This is clearly intended to use the broken body of the patriarch of the Nether Demon as a bait. No matter who is here, you will definitely come up to check it when you see the broken body of the patriarch of the Nether Demon, but as long as you touch the space formation. Mechanism, it will detonate

Space debris. This space fragment can conceal the suspended supreme, and it contains terrifying space power, plus the supreme space array of Lord Luohu Demon Ancestor merged into it, once detonated, the burst of power is afraid that even a supreme can be seriously injured. ,very

To death on the spot.

After seeing Qin Chen hiding the body of the patriarch of the Void Demon clan, he quickly used the power of space to cover his body.

"He is..." Red Flame Demon Lord frowned.

But immediately after he understood Qin Chen's Mo Li and Chi Yan Demon Lord, his color suddenly changed.

Oh shit.

This is too cunning.

Qin Chen was obviously making it difficult for the opponent to find the flesh body of the patriarch of the Void Demon Clan.

If it is too easy to find, it will appear untrue, and the other party may be suspicious.

But if it is hidden, the other party will definitely believe it more, and it will be easier for the other party to lead the way.

This guy is so bad.

Even the Demon Ancestor Luohu frequently looked at Qin Chen, his whole body was hairy, it would be better not to offend this guy in the future, it was so insidious. "Have you seen it? Ever let you watch a good show, or let you know that we are our own people, don't struggle, don't resist, otherwise... I will kill you directly, if you cooperate obediently, don't say yes You, or your ethnic group, will have one

Life, I said. "

Qin Chen deliberately let the Suspended Supreme in the Chaos World see the outside scene, and then said with a sneer.

To subdue a guy like Xuankong Zhizun, it is definitely not enough to suppress it alone, and you have to attack your mind.

At this moment, in the chaotic world, the Suspended Supreme was severely suppressed, restrained, and blocked by the Demon Tree of the Ten Thousand Realms, but he could still see and feel it.

He looked at Qin Chen and others with some horror and some inexplicable colors.

The mysterious powerhouse! Assaulted him as soon as he appeared, and then...contained all the people of their empty demons, imprisoned them in this seemingly small world, and, in the process of subduing them just now, they directly killed and followed them. Nether Demons

Long, now seems to be counting other people. Moreover, the leader seems to be the human race, and everyone here seems to obey the human race's orders.

[Chapter 4572: How did you become the patriarch?](#)

But how can there be human races in the devil world?

Who are these guys?

At this time, the Xuankong Supreme didn't know what he should think about. He was very excited, confused, and a little scared.

Can anyone tell me what happened?

Has the human race entered the demon world?

Did the demons lose in the battle between humans and demons?

But if the demons were defeated, why did this human guy sneak attack on him?

Many doubts, many puzzles, echoed in his mind.

Confused, uneasy, and uneasy with a glimmer of hope.

He didn't dare to ask, he didn't dare to say, he could only wait silently.

At least, these few people have no intention of killing themselves.

"gone!"

Qin Chen yelled, and soon a few people converged.

The aura of Luohu Demon Ancestor fluctuates, forming an invisible space array, and the space is torn apart, Qin Chen urges the space rules to suppress the space fluctuations.

Om, a few people teleported away instantly.

In the blink of an eye, Qin Chen and his group appeared in a hidden place in the vast starry sky beyond the Void Flower Sea. This is the space transfer station that Qin Chen and the others had set up before they entered the Void Flower Sea.

Then, Qin Chen's gaze flashed, and the space array was spurred in an instant, with a boom, the space array surging again, at the moment the space teleportation array was spurred, Qin Chen sternly said to the demon, "Separate your Doppelganger go in."

The Chiyan Demon was startled, "Aren't we going in?"

"Of course not in." Qin Chen looked at Demon Lord Chiyan like an idiot.

Demon Li was much smarter than Chiyan Demon Lord. He took a deep look at Qin Chen, without saying a word, and snorted coldly, directly urging a Gu God clone to quickly enter the big space formation.

With a hum, the space fluctuated greatly, and his Gu God clone was directly teleported away.

And at the moment when the Moli clone was teleported away, with a boom, Qin Chen urged the power of the space to directly break the space formation.

"Separate another Gu God clone." Qin Chen said sharply at the demon.

Mo Li suddenly changed color: "Qin Chen, a Gu God clone has consumed a lot of my strength, and another one..."

Mo Li's face is ugly, Demon Gu is an extremely special existence in the Demon Realm. Demon Gu can be decomposed into many Gu clones. However, most of the Gu clones are illusory shadows. They are okay to deal with ordinary demons. It's impossible to deceive the top demons

.

In order to deceive the Supreme Eclipse and the others, Mo Li must separate True Gu clones.

A true Gu clone is no trivial matter, it needs to consume a lot of magic power of the source of the Gu God.

"Let you divide it, turn around, it will naturally benefit you." Qin Chen snorted coldly.

"Great."

Mo Li gritted his teeth.

boom!

There was another Gu God clone on him, and his flesh was in pain. The breath of the whole person dropped significantly, and he looked a little weak.

"In that direction."

Qin Chen pointed at a place far away from the void of flowers.

Mo Li didn't say anything, and directly urged the Gu clone to disappear into the sky with a thud.

"follow me!"

Qin Chen's figure shook, and then he took Luohu Demon Ancestor and Mo Li and swept towards the sea of void flowers in an instant.

"Qin Chen, you... how do you go back?" Demon Chiyan said in disbelief.

"Shut up, don't talk nonsense."

Chi Yan Demon Lord's face suddenly became a little ugly.

"Master Chi Yan, listen to Qin Chen."

Mo Li said in a deep voice, and Luohu Mozu's eyes flickered. At this moment, he already faintly knew what Qin Chen was going to do.

Whoosh whoosh!

Several figures flew across the void, and during the process of flying, Qin Chen quickly erased the traces of the void left behind, and the group of people went straight into the sea of void flowers.

"Magic Ancestor Luohu, hide with me."

Immediately afterwards, Qin Chen urged the power of space, and Luohu Demon Ancestor instantly hid in the void flower sea on the other side.

"There will be any movement in the future, you must not make any movement, whoever wants to make a movement, just wait for death."

Qin Chen snorted coldly.

Demon Chiyan had already understood at this moment, his eyes were round.

Qin Chen was actually...hidden under the eyelids of Supreme Lu Yuan.

hiss!

This is too courageous.

It was magical, his eyes flickering.

Although there are many risks in doing so, it is indeed an extremely effective method. With the strength of the Supreme Eclipse, once they find their tracks, they will face great danger no matter how they escape.

Only in this way can there be a ray of life, as long as you deceive the other party, you will have enough opportunity and time to leave.

And it didn't take long for them to hide in Qin Chen.

boom!

On the other side of the void flower sea, a terrifying supreme aura had already arrived.

Rumble!

A terrifying power of Abyssal Demon flooded the world, like a vast ocean, vast and mighty, not as cautious as when Qin Chen and the others came, but incomparably overbearing and arrogant, it came directly like this, without the slightest concealment.

"It's the Supreme Eclipse."

Feeling this breath, the Lord of Yuanmo said in a deep voice.

Qin Chen and the others held their breath for a moment, and did not dare to let out the atmosphere.

And behind Supreme Eclipse Yuan, two terrifying Supreme auras followed, the Supreme Black Tomb and Supreme Flame Demon.

The ancestor of Yuanmo is not there.

Qin Chen's heart moved.

It seems that the ancestor of the deep demon really left because of something.

Qin Chen couldn't help but breathe a sigh of relief. If the ancestor of Yuanmo was present, Qin Chen was really not sure that he could lie to the other party.

With the old ways of the ancestors of the Abyssal Demon, any fluke is all about death.

Boom!

Supreme Eclipse came to this world without any concealment, and directly entered into the void of flowers like this openly, without any concealment, even as if he was waiting for others to know that he was coming.

"This guy, isn't he an idiot?"

Qin Chen frowned, and said to the master of Yuanmo.

The Lord of Abyss Demon was also a little speechless.

Eclipse Yuan Supreme, some are too open and arrogant. Although his strength and identity make him invincible in this world, but... if there are people from the righteous army here, and perceive him such movement, such as the Suspense Supreme, I am afraid that it will be the first time to know that it is not good. Blew up, how can there be

A chance to capture the opponent and torture?

How did this Supreme Eclipse become the patriarch of the Abyss Demon Clan?

When Qin Chen felt distressed.

"Ok?"

Supreme Eclipse Yuan had already come to the hiding place of the Void Demon Race, and seeing the land turned into ruins and empty space, Supreme Eclipse Yuan's face changed slightly.

"Master Eclipse, there are traces of battle here."

The Supreme Black Tomb fell, and even said with a startled voice.

"There are indeed traces of fighting." The Flame Demon Supreme also changed color.

Here, isn't it that the Supreme Master Eclipse arranged a hidden place for the strong to stare at the righteous army? How can there be traces of battle?

Eclipse Yuan Zhizun's face is also extremely ugly.

boom! A terrifying aura burst out in his body instantly, directly permeating, and the terrifying power of the deep demon rushed across the void.

[Chapter 4573: There may be fraud](#)

After a while. Supreme Eclipse has already sensed some of the surroundings in an instant, and his expression is full of anger: "Damn, the guys of the Void Demon Race, they are all dead, this seat tells him not to rush and startle the snake, just stare here. Just fine, bastard

, An idiot, dare not to obey the orders of this seat. "

The Supreme Eclipse roared in anger.

None of the members of the Void Race were gone, and the Void still had the aura left by the Void Clan people after their fall.

This made Eclipse Supreme's look frightened.

He felt that it must be the Xu Demon tribe who stunned the snake and was discovered by the Xuankong Supreme!

Damn it!

Wouldn't all the people of the Nakong Demon Race escape?

Boom!

Zhiyuan Supreme stepped forward, his face was ugly, and in an instant, he came to the place where he was investigating the hiding of the Hollow Demon Race.

According to the message from the Void Demon tribe, the place where the Kong Demon tribe lived in seclusion is among the space debris in this void flower sea. The Supreme Eclipse moved forward, carefully avoiding the flowers of the void. With his cultivation, he might not be afraid of the power of the space contained in the flowers of the void, but if he breaks in recklessly, once the flowers of the void are detonated. Flowers are also troublesome

thing.

The figure is flying by, unscrupulous.

Suddenly, Supreme Eclipse Yuan came to the location of the space debris in the intelligence, and his face suddenly changed after entering.

"Master Eclipse, here...seems to have just experienced a battle."

The Flame Demon Supreme even changed his face slightly, and he checked the surroundings with the Black Tomb Supreme.

"Idiot, you need to say, can't you see it?"

Supreme Luyuan's face was blue, he could tell at a glance, this place had definitely just experienced a battle not long ago, and the surrounding void still left a kind of fluctuation after the war, and some spatial power surged. Moreover, it was cleaned up very clean here. Except for the remaining space

power, there were no other breath attributes left. Obviously, the other party was very careful and solved everything from beginning to end. The purpose was to prevent them from finding out. The other side's trace

trace.

"Damn it, Nakorn Demon Clan..."

Supreme Eclipse saw the location of the space debris instantly and stepped in suddenly.

In the space debris, nothing is left.

"The **** of the Void Demon Race."

Eclipse Yuan Supreme is angry.

In this case, the people of the Kong Demon race were actually allowed to run away. When I was inquiring about myself before, I vowed that I would be able to keep an eye on it?

At this time, the anger in the heart of Supreme Etching Yuan was just like a volcano.

The Kong Mozu was a member of the Righteous Army that he had been staring at for a long time. In order to find the trace of the opponent, he did not know how much energy he spent, even the ancestors knew this information.

Even in order to put a long line to catch a big fish and find other stationing points of the righteous army, he failed to close the line in the first time.

But now?

Empty!

The anger in his heart can be imagined.

"Xu Mozu, mistake me!" Lu Yuan Zhizun roared.

If it hadn't been for the Xu Mozu to say that he would be able to keep his eyes on, how could he have not done anything yet, **** things, in this way, those guys escaped and wanted to chase again, it would be difficult to chase.

"Master Eclipse, there seems to be room for fluctuations here."

At this moment, the Yan Demon Supreme and the Black Grave Supreme who were following the steps suddenly flashed their eyes, stepped forward, and looked at a certain void in front of them. There was a faint space in that void. The volatility passed out.

At this moment, Etching Yuan Zhizun also sensed it. Before, he was only furious and fluctuated in his mind. He was far superior to the Flame Demon Supreme and the Black Tomb Supreme, and he could not see it, but he couldn't see it. The truth.

"The aura here seems to fluctuate, not long after it disappeared. In theory, the people of the Kong Demon Race can't escape so fast. Could it be that they are still hiding here?"

Suddenly, Zhiyuan Supreme's eyes brightened, and he thought of a possibility.

boom!

He perceives and leaves, his expression suddenly changes, and there seems to be a breath of flesh and blood in this spatial fluctuation.

Could someone really hide it?

Supreme Luyuan shook his figure, went directly to the place where the space was, and slapped the void directly with a palm. At this moment, a broken body appeared in front of the three of them.

It is the broken body of the patriarch of the Xumo clan.

"It's the patriarch of Xuling!"

"Why is his body here?"

The faces of the three great powers changed slightly, and all their eyes moved slightly.

Could it be said that the Void Demon people discovered the abnormal movement of Xuankong Supreme, so they led their subordinates into this piece of space fragments, and were finally killed by Xuankong Supreme?

possible!

"If the Void Spirit Patriarch is really killed by the Suspense Supreme, there will be some clues and intelligence on his body."

Zhiyuan Supreme's gaze flashed, he couldn't care too much, he came directly to the head of the Xuling Patriarch, grabbed his body, and tried to snoop on some intelligence and clues from his body.

The Supreme Flame Demon and the Supreme Black Tomb also moved their hearts, and what Master Luyuan Supreme said might not be unreasonable.

However, the two of them did not know why, and a trace of doubt emerged inexplicably.

There seems to be something I can't figure out.

what is it then?

The Flame Demon Supreme and the Black Tomb Supreme looked at each other as they stepped forward, suddenly startled.

The patriarch of the virtual spirit, but half a step of the supreme cultivation base, if he was really killed by the suspension supreme, with the suspension of the supreme cultivation base, it is completely possible to completely destroy the corpse of the Xuling patriarch, why is there such a corpse left?

The person who can lead the Kong Demon Clan has fled in the Demon Realm for so many years without being caught by the Supreme Master Luzyuan. He is definitely not an idle person.

Such people are very cautious and vigilant, not to mention calculating everything, but they will not easily leave any clues.

But now, the surrounding void has been cleaned up, and instead the body of the Xu Ling Patriarch is left here, which inevitably makes people feel very weird.

Although there is still some space around the corpse of the Xuanling clan elder, there is still some space to cover, but this kind of cover is too crude, and it is impossible to hide them from these supreme powerhouses.

Could it be...

Among them is fraud?

As soon as this thought came out, the Flame Demon Supreme and the Black Tomb Supreme were shocked, their expressions all changed drastically, and they suddenly looked at the Erosion Abyss Supreme who was holding the body of the elder of the Void Spirit Clan with one hand.

"Extreme Master Luyuan, the body of the Xuling Patriarch is too weird, it may be deceitful..."

"Huh, what kind of tricks can there be? Even if the suspended supreme is right in front of this seat, this seat is not afraid, and what traps can it leave behind."

The Supreme Eclipse snorted coldly. Although he heard the exclams of the Supreme Flame Demon and the Supreme Black Tomb, his hand movement did not stop, and it directly caught the corpse of the Xu Ling clan elder.

And at this moment...

A spatial fluctuation on the body of the Xuling Patriarch flashed away. A strong crisis suddenly appeared in the hearts of the Supreme Flame Demon and the Supreme Black Tomb, their eyes changed, and they hurriedly shouted, "Master Eclipse, be careful."

[Chapter 4574: Clues](#)

"Huh, it's really fraudulent, the corpse is a mere corpse, what can there be any trouble, suppress this seat."

The Supreme Supreme Eclipse snorted coldly, and the cultivation base of the Supreme Supreme suddenly exploded with a bang, directly annihilating the body of the Xuling Patriarch, and at the same time suppressing this spatial fluctuation.

But the next moment, his face changed.

Because under the physical body of the Xu Ling Patriarch, it turned out to be a quaint space formation. At the same time that the physical body of the Xu Ling Patriarch was shattered, the space formation was shocked, causing it to explode in an instant.

boom!

A huge roar resounded throughout the world, and the entire space debris directly turned into a black hole.

Rumble!

How terrible the power formed by a supreme-level large array self-detonating, directly caused a shocking roar, the entire space debris was instantly detonated, and it turned into a black hole in an instant, and an astonishing spatial explosion wave broke apart in an instant.

boom!

The terrifying space cracks and space black holes bombarded the Supreme Eclipse in an instant.

"roll!"

The Supreme Eclipse roared, and the power of the supreme screamed out of his body, and unexpectedly forcibly held the power of the explosion of the black hole in this space.

However, his ability to hold it does not mean that everyone can hold it.

"not good!"

In the exclamation of the flame demon supreme and the black tomb supreme, the force of the explosion of the space swallowed the two in an instant.

Rumble! The detonation of this supreme array not only caused space fragments, but also shocked the entire void flower sea. In an instant, the entire void flower sea uttered a shocking sound, the void flower sea in the depths of the abyss. The mystery seems to have triggered

The chain reaction was instantly swallowed by the endless explosion of space.

In this group of people, except for the Supreme Eclipse, the Supreme Supreme, the other Supremes of the Flame Demon and the Supreme Black Tomb are just ordinary Supremes.

Moreover, they had been severely injured in the previous fight with Qin Chen. Although they had repaired a lot during this period, their injuries had not healed. Along with this loud noise, the Flame Demon Supreme and the Black Tomb Supreme were instantly enveloped by countless explosions in space, their bodies instantly tore open countless wounds, and blood spurted out of their mouths. Many flesh and blood were directly annihilated under the explosion of this space. ,flesh

Fuzzy, turned into two blood people.

The power of the supreme-level large array to explode is inherently terrible, and coupled with the explosion of space debris that has been in the void of the flower sea, it seems to have triggered an avalanche, causing a chain reaction.

Almost half of the void flower sea fell into the explosion and became a ruin.

"Damn it."

Supreme Eclipse only discovered the consequences at this moment. He could stop the explosion in this space, but the severely injured Supreme Flame Demon and Supreme Black Grave could not stop them?

With a roar, the shocking supreme power swept through the body of Supreme Eclipse, the power of most of the space explosion, instantly resisted, and saved the lives of Supreme Flame Demon and Supreme Black Tomb.

But even so, the Flame Demon Supreme and the Black Tomb Supreme were seriously injured, covered in blood, embarrassed, and their faces pale, and even half of their bodies were about to be blown to pieces, extremely miserable.

The eyes of these two supreme powerhouses were filled with endless fear at the moment.

They almost died like that!

The Void Flower Sea is the top forbidden land in the abyss. Once it falls into danger, the supreme may fall. If it is not for the erosion of the abyss, the two of them will definitely not be able to hold it, even if they are immortal, they are dying at this moment.

Looking at the embarrassed and severely injured Flame Demon Supreme and Black Grave Supreme, Supreme Eclipse suddenly roared, "Damn, who is it, who set the trap."

Not the Suspense Supreme. He can't create such a terrifying supreme array, nor can he produce such a powerful explosive power. This powerful space supreme array is not only connected to this space fragment, but also to the entire void of flowers. This is definitely a one. Top to

Honorable master of array magic.

"It's the guy who broke the plan of the ancestors, it really is them...they are members of the Righteous Army."

Eclipse Yuan Supreme has a hideous face.

Thinking of the other party's previous means of fleeing from the ancestors to chase and kill, the Supreme Eclipse instantly affirmed that the one who planted this murder must be the guy who caused countless disturbances in the sea of chaos and demon.

"hateful."

If you came here the first time, you might have already won the opponent, but unfortunately, a lot of time was wasted during the previous search.

"No, they definitely haven't been here long, that is, they are nearby."

Suddenly, Supreme Eclipse woke up in shock, startled and angry. He had already laid down this trap for sure. It was Qin Chen who had just left the sea of chaos and demon not long. Then, the other party apparently had not been here for a long time, and first solved the Void Demon master staring at the empty demon. Then I laid this here

What a trap.

The other party must have not gone far.

boom!

Eclipse Yuan Zhizun instantly soared into the sky, and the terrifying supreme power swept away in an instant.

He did not search in this void flower sea that was almost turned into ruins. Today's void flower sea, under the shocking roar and explosion, has completely turned into a black hole inside, and it is impossible to hide people.

On the outside, there are also rolling cracks and fluctuations in space. Obviously, it is almost impossible for Tibetans.

The most important thing is that the other party is not an idiot, it is impossible to stay in this void of flowers, and he must have left for the first time before he arrives.

But the distance they leave is absolutely unwilling.

boom!

The terrible top-level supreme aura spread out in an instant, not only.

After about a while, the pupils of the Supreme Lu Yuan suddenly contracted.

"found it!"

The Supreme Eclipse roared in ecstasy and shook his figure, suddenly rushing to a void outside of the void flower.

The severely wounded Flame Demon Supreme and Black Tomb Supreme did not dare to neglect, and after taking out the magic pills and swallowing them, they healed their injuries and followed them in embarrassment.

After a while, the three great powers had already arrived before the ruins of the spatial teleportation formation where Qin Chen and the others had left.

"It's here, there was a space teleportation array here just now, but unfortunately, it was destroyed."

Eclipse Yuan Supreme was frightened and angry.

Although he found the space teleportation formation where Qin Chen and the others had left, this teleportation formation had already self-destructed after transmitting the opponent, how to find it?

"What a cunning method."

Eclipse Yuan Zhizun was annoyed, and the opponent's use of this method this time made him helpless.

However, he was not completely without tracking means. He closed his eyes, and an invisible force suddenly diffused. A dark circle appeared in the hands of Supreme Erosion Yuan, and the frightful atmosphere broke out from this circle, instantly locking the broken teleportation ruins.

"Found it, the other party seems...in which direction it is going."

Supreme Eclipse suddenly opened his eyes and looked at a certain position in the void. Although the teleportation formation has been destroyed, he can still feel a hint of clues from the destroyed formation.

[Chapter 4575: Eyeing someone else](#)

"wrong!"

Suddenly, the gaze of the supreme eclipse yuan condensed again, frowning slightly.

Because, in addition to the aura that escaped from the teleportation formation, he actually felt the aura of the opponent leaving in another direction.

There are actually two directions of leaving breath.

Is this the other side's suspicion, or is it really going in two directions?

"You two, in which direction to search, if there is any accident, I will inform this seat as soon as possible."

Supreme Eclipse Yuan pondered for a while, did not dare to delay too long, said to the Supreme Flame Demon and Supreme Black Grave for the first time, and pointed in the direction where Mo Li's real body had left.

The complexions of the Flame Demon Supreme and the Black Tomb Supreme suddenly changed slightly, and they hurriedly said, "Master Eclipse, the two of us are seriously injured now. If we really meet the previous few people, I am afraid..."

The Flame Demon Supreme and the Black Tomb Supreme were already frightened at the moment. Along the way, they were calculated by each other and continued to suffer.

The strong man who fought with them on the Chaos God Demon Island is not weaker than them. Later, the underworld strong man who sneaked on was not ordinary in strength. If you add this empty demon clan's suspended supreme...

If the two of them were in their heyday, they would naturally be fearless, but now they are seriously injured, once they meet each other, they are afraid...

Thinking of this, the two of them had goose bumps in their hearts.

To be honest, the two of them really didn't want to be separated from Supreme Eclipse.

By now, the two of them were already a little scared.

However, Supreme Eclipse completely ignored their thoughts and snorted coldly: "Extreme Flame Demon, Supreme Black Tomb, you two are also Supreme-level powerhouses anyhow, why, are you afraid of it? Let you follow each other. Don't dare?"

Supreme Eclipse Yuan's face was cold, and he said angrily.

After suffering such a big loss, the two supreme powerhouses under his command even dare not even follow each other. How can they not be angry?

Waste is a bunch of waste.

"Master Eclipse, it is not that I am afraid, but the other party is cunning, in case there is any conspiracy..."

"Conspiracy, huh, I really hope they have a conspiracy against me!"

Supreme Eclipse's eyes were cold, and this feeling of chasing the air made him too angry, and he wanted to have a confrontation with the opponent too much.

If the other party really has any conspiracy, he can't even wait.

"Okay, don't say anything." The Supreme Eclipse gave a cold glance at the Supreme Flame Demon and Supreme Black Grave, and said coldly: "This seat is just for you to track up, not for you to kill the enemy, you only need Find the trace of the other party, once confirmed, immediately send this seat, no need

You do it, if you can't even do this, what is the use of this seat for you. "

Supreme Eclipse Yuan said with his wrist, he immediately bothered to bother with the Supreme Flame Demon and the Supreme Black Tomb. With a bang, his figure instantly moved towards the direction of the void that the spatial teleportation array was sent to, and instantly rushed away, disappearing completely.

He knew that he would delay any longer, fearing that he would really be escaped by the other party. When that happens, let alone the ancestors will not forgive him, even he himself will not forgive himself.

Seeing the disappearance of the Supreme Devil, the Supreme Flame Demon and the Supreme Black Tomb had a stern face, and the Supreme Flame Demon said dissatisfied: "Why would the ancestor of the Abyss Demon find such a descendant? It's an idiot."

"Hush, are you going to die?" Black Tomb Supreme looked at Yan Demon Supreme in horror.

"Huh, isn't it?"

The Flame Demon Supreme yelled angrily, knowing that the opponent was not weak and the methods were terrifying, he actually divided his forces.

And the previous corpse, the idiot could tell at a glance that there was a strange situation, the Supreme Eclipse, relying on the high level of cultivation, actually dared to touch it directly, which led to the explosion of the void flower sea forbidden land in the abyss.

Both of them were seriously injured.

If it weren't for the idiot of Eclipse Yuan, how could the two of them fall to this level.

However, the Flame Demon Supreme also knew that the Supreme Eclipse was definitely not something he could easily criticize, but he didn't say anything anymore.

"Black Tomb, what shall we do now?"

"What can I do? I can't disobey the orders of Supreme Master Eclipse, I can only follow them up. However, you and I have not healed, but you can follow them while recovering from your injuries. As for whether we can keep up, it is not what we can do. It's decided."

The words of the Supreme Black Tomb made the eyes of the Supreme Flame Demon bright. This... is a good idea.

Whizzing.

The two instantly turned into two streams of light, and suddenly disappeared.

And everything that happened here was naturally seen by Qin Chen who was hidden in the sea of void flowers.

"This Supreme Eclipse is too idiotic, right? I'm leaving now..."

Chiyan Demon Lord looked astonished. Before, a few of them had been hiding here, fearing that they would be noticed by the Supreme Master of Erosion. But what he never expected was that after the explosion, Supreme Eclipse was absolutely sure that they would not stay here, and the remaining void flowers were not explored, so they followed the clues Qin Chen deliberately laid down. This makes the Chiyan Demon faster

Speechless.

This is too good to deceive.

Mo Li and Luo Hu Demon Ancestor looked at Qin Chen coldly, with solemn eyes. This kid did have two shots.

In the eyes of outsiders, Zhiyuan Supreme seemed to be an idiot, and he didn't even explore the void flower sea where they were. But Demon Ancestor Luohu knew that this was because he deliberately arranged the Supreme Supreme under Qin Chen's arrangement. Array of traps.

The riot in the Void Flower Sea had already bombed the entire Void Flower Sea seven or eighty-eight, and only a few dilapidated places remained intact, but they were also extremely messy, and it was almost impossible to hide people.

In the eyes of Supreme Eclipse, this is an extremely thoroughly destroyed area, and if someone hides here, it will definitely remain under the explosion.

This is the same as that a person hides in a haystack, and then deliberately lights the haystack from the outside before others arrive, and when a follower arrives, what he sees is a lit haystack, and even the haystack is The fire on the fire burned to myself.

Naturally, I subconsciously feel that there is no one among the haystacks that have been burned by the fire.

As a result, they turned to search for other directions, as everyone knows, Qin Chen and the others are hiding in this ignited haystack.

This is a kind of black under the light, also commonly known as the most dangerous place is the safest place, through subconscious control of other people's psychology, to achieve their own goals.

There are strong psychological requirements for people.

But Qin Chen did it.

"Kid Qin Chen, what shall we do next?" Luohu Demon Ancestor said in a deep voice.

Qin Chen's eyes flashed and did not answer, but looked at Moli: "Moli, what do you think?"

Mo Li was startled. Originally, he was planning to take advantage of this opportunity to flee here immediately, but seeing Qin Chen's gaze at this moment, Mo Li's heart moved, and the next moment, a fierce murderous intent disappeared from his eyes. Mo Li turned his eyes and frowned suddenly: "Qin Chen, wouldn't you be staring at those two supreme demons, right?"

[Chapter 4576: Win in danger](#)

"Haha." Qin Chen smiled suddenly, this magical, really clever, he discovered his purpose.

That's right, Qin Chen immediately moved his mind after discovering that Supreme Eclipse had divided his troops.

Now that the Flame Demon Supreme and the Black Grave Supreme are both seriously injured, if they can win these two people, I am afraid it will be a huge blow to the Demon Race...

"hiss!"

Seeing Qin Chen's expression, Moli suddenly gasped.

He also understood that he really guessed Qin Chen's mind.

"Focus on those two demon supreme? Boy Qin Chen, aren't you looking for death?" Luohu Demon ancestor was furious and looked at Qin Chen incredulously, as if he was looking at a madman: "The flame demon supreme and Black Tomb Supreme is also a Supreme-level powerhouse anyway, even though he is seriously injured, how can he easily deal with it? Although these two people are not enough to prove

, But once we persist and wait for the arrival of Supreme Eclipse, then we will be in danger. Do you really think the patriarch of the Demon Clan is a waste..."

The Flame Demon Supreme and the Black Tomb Supreme are not enough to prove, but the Eclipse Supreme is by no means idle figures, the top supreme powerhouse is definitely not something they can deal with now.

The key is in this demon world, the opponent can easily bring in many powerful people.

Qin Chen smiled coldly, his eyes stern and said: "What are you afraid of."

Seeking wealth and insurance.

I'm afraid I won't come here.

"Mo Ye, if only the Supreme Eclipse is left, can you be sure to let me avoid the other party's tracking?" Qin Chen asked the Lord of the Abyss. "Master, as long as you don't meet face to face and give your subordinates a chance, there is no problem." The master of Yuanmo affirmed: "If the ancestor makes a move, the subordinates are afraid that they will be powerless, but this Eclipse Yuan Supreme is not that the subordinates look down on him. If it weren't for the subordinates to be trapped, this deep

The position of the head of the demon clan was not his turn. "

"In that case, what are you waiting for, let's go."

Qin Chen sneered, swish, and immediately followed the disappearance of the Supreme Flame Demon and the Supreme Black Tomb.

"Li'er, Master Luohu Demon Ancestor." Chiyan Demon Lord even looked at Mo Li and Luohu Demon Ancestor.

"go."

Mo Li and Luo Hu Mozu looked at each other, and there was a flash of Li in their eyes, following them closely.

The two of them are not afraid of things.

Demon Lord Chiyan sighed helplessly, and had to follow her. She could see that Demon Ancestor Luohu and Demon Li had been completely agitated by Qin Chen now.

However, the Chiyan Demon also knew that wealth and wealth are in danger, and they have all walked out of the killing these years, naturally knowing that the fear of the wolf and the tiger can't do anything at all.

Seeing Mo Li and the others following, Qin Chen's mouth curled up with a smile.

In the chaotic world.

The scalp that Xuankong Zhizun looked at was numb. Although he was trapped in this mysterious space, Qin Chen deliberately let go of some restrictions, allowing him to observe some of the outside world.

Seeing that Qin Chen dared to keep up with the Supreme Flame Demon and Supreme Black Tomb, he was a little frightened, wondering what Qin Chen was going to do.

At the same time as shocked, an invisible force of space also escaped from his body, trying to analyze the emptiness of the small world he was in, trying to escape from here.

Although he could also see that Qin Chen and the others did not seem to be members of the Demon Race, but they could have a chance to escape, and no one wanted to be restricted in their freedom.

It's just that he just moved.

"Humph."

An icy power of Abyssal Demon lingered down, and instantly imprisoned the Xuankong Supreme. It is the Lord of Abyss Demon, appearing in front of Xuankong Supreme, and coldly snorted: "Xuankong Supreme, this seat advises you not to make small moves, otherwise, although you are a member of the righteous army, don't blame this seat for being polite, let alone , Even if you really run, you can run again

Where to go? Don't forget, all the members of your empty demons are still under the control of the master. "

"you....."

Xuankong Supreme was shocked. Just now, he only slightly analyzed the void around him, and he was discovered by the Lord of the Abyss. This person's perception was so keen?

Suddenly, Suspense Supreme didn't dare to act rashly. Now that I am a sword and I am a fish, he naturally dare not offend the Lord of the Abyssal Demon. What's more, his daughter and all the clansmen are indeed still in the hands of the other party. As the other party said, even if he escapes, can he abandon everything? A member of the tribe

Run away?

Since the opponent does not kill him, it is of course useful, but it can anger the opponent, fearing that it will bring disaster to the entire ethnic group. The only thing that makes Xuankong Supreme fail to understand is that his spatial attainments are extremely top-notch. Although Mo Ye is a member of the Yuanmo clan, the opponent is absolutely inferior to him in terms of spatial attainments, but the opponent instantly perceives his actions. Surprised him

.

What Xuankong Supreme didn't know was that the void he was in was not a small world, but Qin Chen's chaotic world. No matter what he did here, Qin Chen would instantly perceive it.

Just when the Lord of Abyss Demon was about to leave, suddenly, his ears moved.

The Lord of Abyss Demon looked at Xuankong Supreme again and said: "Xuankong Supreme, do you know that there is anything around here that can conceal the aura, and fight, is there a forbidden area that will not cause the aura to dissipate too much?"

"Forbidden area?"

Suspended supreme for a moment?

"Yes, especially the kind of dangerous place, even if it is the supreme perception, the kind that can't easily inquire into the surrounding environment."

The main way of the deep demon.

Suspense Supreme's eyes flashed, what is the other party doing? As he rolled his eyes, he considered the other party's purpose, and wondered whether there was any way to get him out, he saw the corner of the Lord of the Abyss sneered with a sneer at the corner of his mouth and said: "Supreme Supreme, I advise you Don't talk about moths,

You empty demon clan are now in our hands, dare to do anything, this seat can guarantee that you empty demon clan will not see tomorrow's magic day. "

Suspense Supreme smiled bitterly.

Before, he really had this plan, but after listening to this, he didn't dare to play any more scheming. Now in the hands of the other party, he has no resistance, it is better to be obedient.

The other party didn't seem to have any plans to kill them.

"I do know one." Xuan Kong Supreme nodded.

"speak out."

Immediately, Xuankong Supreme spoke the place to the Lord of Abyss Demon.

outside world.

In the depths of the abyss.

Whoosh!

Qin Chen and several people were flying by quickly.

With Qin Chen's ability to ignore the power of the abyss, a few people are like a fish in the water in this abyss.

"Kid Qin Chen, where are we going? The breath of Flame Demon Supreme and Black Tomb Supreme does not seem to be in this direction. Let's go astray." Luohu Demon Ancestor suddenly frowned.

In his perception, the Flame Demon Supreme and the Black Tomb Supreme seemed to be on the left, but Qin Chen led them to the right. Qin Chen coldly snorted, "Who said that we should always follow the Flame Demon Supreme and the Black Grave Supreme. It would be a waste of time to follow up like this. When should we follow?"

[Chapter 4577: Meteorite zone](#)

Luohu Demon Ancestor and Chiyan Demon Lord were startled.

"Didn't you say that you want to strike at the two? If you don't follow the Flame Demon Supreme and the Black Tomb Supreme, how can we start?" Chiyan Demon Lord and Luohu Demon Ancestor were both stunned, frowning and said.

"Two idiots, you just follow me. If you don't understand, ask the magic."

Qin Chen snorted coldly, too lazy to explain.

"Ask Mo Li?"

Luohu Demon Ancestor and Chiyan Demon Lord both looked at the magic.

What does this have to do with Mo Li?

Mo Li felt the two people's doubts and was a little speechless, but he couldn't avoid it, and even explained: "Qin Chen is right, but there is not much time for explanation for the time being, you just follow."

Listening to Mo Li also say the same, Luohu Demon Ancestor and Chiyan Demon Lord can only suppress their doubts and follow them closely.

Whoosh!

After about half of the incense, Qin Chen and the others had already arrived at a meteorite spot.

In the void, countless meteorites are floating there, densely packed, without seeing the end at a glance, they are all the meteorite belts left after the destruction of each magic star.

Each of these demon meteorites exudes a heart-palpitating aura, with an aura of destruction, which makes people feel extremely dangerous.

"That's it."

Qin Chen's eyes flashed, and he quickly flew into the meteorite zone, and continued to search in this void meteorite zone.

After a moment, Qin Chen stopped in a place with countless huge meteorites, and then quickly threw out formation flags in Qin Chen's hand, and these formation flags instantly disappeared into the void.

Seeing that Demon Ancestor Luohu was still a little dazed, Qin Chen immediately coldly snorted: "Devil Ancestor Luohu, what are you still doing in a daze? Don't hurry up.

Luohu Mozu's face was ugly, but he arranged it on the sidelines.

He could see that Qin Chen obviously wanted to ambush the Supreme Flame Demon and Supreme Black Tomb here, but how could he be sure that these two people would definitely come here?

As soon as this thought came out, Demon Ancestor Luohu was stunned. He suddenly glanced at the Mo Li on the side, and his mind instantly understood.

Oh shit. He gave himself a hammer, damn, he forgot that the Flame Demon Supreme and the Black Tomb Supreme were tracking the real Gu clones of Demon Li, and the True Gu clones were controlled by Demon Li, as long as Mo Li was willing. , It is possible to transfer the Balrog Supreme and the Black Tomb

The supreme draws over.

Thinking of his previous idiot behavior, Luohu Mozu suddenly became a little speechless.

An excitement surged in his heart immediately, and he began to quickly set up a large array.

At this time, Red Flame Demon also understood the reason.

A group of people quickly arranged.

"Moli, the rest is up to you." Qin Chen gave a low voice to Moli when he was making arrangements.

Mo Li nodded immediately, sitting cross-legged, an invisible force surged out of his body, seeming to be motivating something.

After a while, Qin Chen had already concealed many formation flags into the void, and Mo Li suddenly opened his eyes and said in a deep voice, "Be careful, everyone."

Everyone was shocked, and quickly hid and lurked.

Whoosh.

I saw a black shadow rushing in quickly. It was the real Gu clone of Moli. This real Gu clone entered Moli's body in an instant.

With a bang, Mo Li felt that he had weakened a lot just now, and once again returned to his peak state.

His face suddenly showed ecstasy.

In the distance, two faintly terrifying auras were coming quickly.

"Everyone, be careful, hide it first."

There is no need for Qin Chen to speak, everyone is already ambushing behind a few meteorites.

The meteorite area, which was quite lively just now, instantly recovered its calm.

Whizzing!

At this time, two figures with terrifying aura on their bodies suddenly came to the outside of the meteorite zone. It was the Flame Demon Supreme and the Black Tomb Supreme.

Seeing the meteorite area in front of them, the eyes of the Supreme Flame Demon and the Supreme Black Tomb suddenly condensed.

"The breath seems to have entered here, what should I do?" Hei Tomb Supreme said, his expression dignified.

The meteorite zone in front of me covered the sky and the sun, and I knew it was extremely dangerous just by looking at it.

"What can I do, I can only follow the orders given by the Supreme Master Eclipse. What's more, the ancestors are also concerned about this matter. If the ancestor returns and learns that I did not give all of my efforts, it will be dangerous."

"But this..." "Hmph, go in and take a look, be more cautious, check the opponent, don't attack rashly, that is, the previous aura does not seem to be strong, it is most likely to deliberately lead me away. , The one tracked by Supreme Master Eclipse should be the real one

Those guys. "

"possible."

The Flame Demon Supreme and the Black Tomb Supreme communicate with each other.

At this moment, their injuries have recovered some, and they have also discovered the aura they were tracking during the tracking process, which is not too strong.

Therefore, seeing the meteorite zone in front of them, they had just entered.

After all, if the Supreme Master Eclipse knew that they were not working hard, it would be troublesome.

Whizzing. The two entered this meteorite zone, and at the same time held out their respective weapons, one is a fiery red long whip, the other is a dark stone stele, held in their hands, watching the surroundings vigilantly, along the magical real Gu clone left. Breath

Approach inward.

Not long after the two went deep, they suddenly frowned, "Well, the breath just now seems to have disappeared."

Click!

At this moment, a huge meteorite suddenly made a small sound.

"who."

The Flame Demon Sovereign roared and lashed over with a violent whip. With a bang, the meteorite burst into pieces directly, and a dark shadow was directly split out from the void behind the meteorite, and frightened towards the area outside the meteorite .

It is Mo Li.

"It's that kid."

Hei Tomb Supreme recognized it at a glance, and the person in front of him was the guy who tried to attack him in the Chaos Demon Island before.

"Just this guy alone."

"Catch up and take him down."

Seeing Moli, the Flame Demon Supreme and the Black Tomb Supreme screamed together. The Moli's cultivation base was the weakest one at the time. It was only half a step, and the two were naturally fearless.

Booming, a huge stone tablet crashed down from the sky. The billowing stone tablet with a terrifying aura instantly sealed off the endless void, and fell violently against the magic.

He wants to trap Mo Li.

"Damn it."

Mo Li looked frightened and hurried out with a punch, and immediately the endless magic power poured out. It collided with the vast ancient monument, and when he heard a bang, Mo Li was shocked and flew out in an instant, opening his mouth. Spit out a mouthful of blood.

This is not a pretense, Mo Li was injured in one blow.

hateful.

Mo Li's heart was hideous. Although his talent was amazing, he was a realm behind the supreme. I really don't know how Qin Chen's abnormality used the cultivation base of the peak heaven to confront the supreme. Thinking in his heart, Mo Li didn't understand his figure, and hurriedly rushed towards the outside of the meteorite zone.

[Chapter 4578: Quick fix](#)

"he is hurt."

"Catch up."

The Flame Demon Supreme and the Black Tomb Supreme screamed together.

Boom boom. The two Supremes hurriedly chased them, and saw the fire-red long whip in the hands of the Balrog Supreme suddenly surging. With a bang, the long whip danced. This world instantly turned into a sea of flames, and the long whip instantly melted. Made a giant flame

The dragon, the giant flame dragon condensed by the rules of flame, instantly entangled towards the magical power.

"Wow."

The flame whip danced, sealing off all heaven and earth.

"Boy, grab it with your hands, dare to destroy the master demon's plan and look for death."

The Black Tomb Supreme also snorted coldly, and the black stone tablet crashed down, trapping Mo Li together with the flame whip.

"Ah!" Demon Li roared, the power of the two supreme powerhouses was terrifying. No matter how talented he was, he couldn't resist for a while. He just madly urged the power of the Gu God in his body to try to block the opponent's attack. Crazy devouring the power in it

.

Hum!

The power of the Flame Demon Supreme and the Black Tomb Supreme was madly swallowed into their bodies by Mo Li.

The power of the billowing flames and the power of the black stele were slowly refined by the power of Gu God and turned into the power of magic.

"What? Can this child swallow my strength?"

The colors of the Flame Demon Supreme and the Black Tomb Supreme changed, and their expressions were shocked.

They are all supreme powerhouses, and they are still attacking power, and they will be swallowed by someone who is not even supreme, how can they believe it.

Immediately, the expressions of the two changed slightly, and they looked at each other, and suddenly there was a tacit roar and boom, an endless source of power surged out of their bodies.

It was actually the origin of burning.

The two supreme powerhouses, facing the half-step supreme, actually want to burn the origin and spread it out, fearing that it will shock the entire universe.

However, there is nothing unnatural for the Supreme Flame Demon and Supreme Black Tomb.

Now, both of them have injuries on their bodies, so naturally they dare not care about it. If you take this person first, you will be able to explain to your ancestors, and you may even get awards from your ancestors.

With a bang, the magic power that was devouring the power of the two men madly, suddenly unable to withstand such a terrifying power, immediately spouted a mouthful of blood, and threw it out heavily, covered in blood.

"Lier."

Not far away, Chi Yan Demon Lord looked furious, and wanted to kill him, but was directly stopped by Qin Chen.

"Qin Chen." Chiyan Demon Lord roared through voice transmission.

"Don't worry, it's not the time yet, Moli didn't say anything by himself, why are you anxious?" Qin Chen said coldly, now is not the best time to take action.

"what!"

At this moment, Mo Li was covered in blood, roared, turned and ran.

"Huh, still want to escape?"

Upon seeing this, the Flame Demon Supreme and the Black Tomb Supreme completely let go of their hearts. They can see that there is no ambush here, and the person in front of them is indeed the one who separated in order to divert them.

Otherwise, if there is an ambush, how could the other party be seriously injured to such an extent and no one will take action?

After all, these guys have never seen the scene of Void Huahai and the others being seriously injured, so how dare they take such a risk and are not afraid that they will be killed by them on the spot?

So the heart of the two people is completely relaxed.

Regardless of how relaxed the two were before, they were actually highly concentrated, because they were almost assassinated on the Island of Chaos God, so how dare to be careless.

With a bang, the magical Li turned into a streamer and flew like crazy.

"Huh, you alone, do you still want to resist?" The Flame Demon Supreme and the Black Tomb Supreme sneered, and suddenly chased them. The next moment, they saw it, on a meteorite in the distance, they had fled madly before. The person who stopped suddenly, looked at them with cold eyes, and the corners of his mouth

sketched out a mocking smile.

"Ok?"

Inexplicably, the hearts of the Supreme Flame Demon and the Supreme Black Tomb suddenly felt a strong sense of crisis.

"not good!"

The hearts of the two of them rushed into a strong crisis, and their entire bodies stood up.

And at this moment.

"Do it!"

An icy cold drink sounded, and with a bang, you could see the entire meteorite area, a terrible burst of light, suddenly rising.

Boom!

The terrifying chaotic array wrapped the two in an instant.

Whoosh!

A figure exuding this terrifying and supreme aura suddenly rushed out.

"Damn it, it's a hit, run away."

The Flame Demon Supreme and the Black Grave Supreme roared, their figures suddenly retreated, before they saw the enemy's figure, they had already retreated.

However, as soon as they retreated, a strong sense of crisis passed behind them.

There is someone behind.

The two hurriedly turned their heads,

Vaguely, he looked at a void ahead, and the faint sense of crisis came from that void.

"roll!"

Boom!

Without even thinking about it, the two supreme powerhouses subconsciously blasted their punches towards the void, with a bang, and the waves of fists were like oceans, with a terrifying supreme aura, covering the void.

"Jie Jie Jie, did you think that your reaction was so sharp that you could perceive the existence of the original ancestor?"

Boom!

When the void exploded, a figure suddenly flew out from that void. It was the Demon Ancestor Luohu. He turned devilish, like a god, instantly descended and killed him.

Boom, flying by, his body suddenly became huge, like a demon god, majestic world.

"Suppression!"

Boom! Luohu Demon Ancestor urged a large array. At the same time, the power of Chaos surged, and the heavy power of the bombardment broke the attacks of the Flame Demon Supreme and the Black Grave Supreme in an instant, and the attacks of the two fell on him. On the body, it is like the ocean hitting the reef

Above the stone, it fell apart all at once.

If it were the two supreme and prosperous times, Luohu Demon Ancestor would naturally not dare to fight against two of them alone, but now the two are seriously injured and still under their own great formation, Luohu Demon Ancestor is naturally fearless.

His task is to stop them.

"Damn it, it's him, it's not good, quickly send the information to Supreme Master Eclipse."

The hearts of the two shook wildly, and they felt bad for an instant, and they sent a message in the first place.

However, their subpoenas just fell.

Hum!

A terrifying power of the demon came suddenly, and it was the lord of the deep demon.

Appeared in an instant.

boom!

The terrifying power of the abyss, overwhelming the sky, a terrifying aura of magic power, immediately wrapped the two of them.

The two supreme beings suddenly felt their hearts sink, and breathing became difficult.

This is the suppression of the top demons.

"This is... the power of the Abyssal Demon Race..."

"you are....."

When the two supreme sages saw the Lord of the Abyss, there was an endless look of horror in their eyes, and their expressions even froze for a moment.

And it's between this strand of stagnation.

"The Devil Tree of Ten Thousand Realms!"

boom!

In Qin Chen's body, the power of the ten thousand worlds demon tree rushed out frantically, and countless black tentacles were like oceans, instantly enveloping the world, sealing off all auras. Imprison everything.

[Chapter 4579: Take down both of them](#)

The terrifying power of the Demon Tree of the Ten Thousand Worlds burst out in an instant, blocking all the power between the heavens and the earth, and even the power of transmission was blocked, making the two people no longer able to transmit to the outside world.

"you guys....."

Between the heaven and the earth, the billowing demon energy surged. At this moment, this abyssal land was like a world transformed into a demon realm, with countless tentacles dancing everything.

Even the power of the abyss was temporarily blocked.

Qin Chen is like a **** and demon, standing proudly above the sky full of tentacles. In front of him, is the lord of the abyss, with a respectful look, and the power of the abyss is surging, suppressing everything.

Whoosh!

Immediately afterwards, the Demon Lord of Chaos also appeared, appearing behind the Flame Demon Supreme and the Black Grave Supreme in an instant.

Mo Li and Chi Yan Demon Lord also appeared on the other side, surrounding them.

"The Lord of the Abyssal Demon...the Demon Lord of the Chaos God, how could it be you...impossible, aren't you already dead?"

In the encirclement, the flame demon supreme and the black grave supreme were completely shocked, their expressions were terrified, and they couldn't believe their eyes.

What did they see?

The person in front of him was surging with the power of the Abyssal Demon, wasn't he the prince of the Abyssal Demon clan back then?

It's just that, not to mention that Lord Mo Ye, the heir of the ancestor of the deep demon, has fallen, why is he still alive and still appearing here?

At the same time, what scared them was the Chaos God and Demon Lord.

The Chaos God Demon Lord of the Chaos God Demon Sea is still alive, and he is still entangled with the people of the Demon Race who destroyed the plan of the deep demon ancestors. What is going on?

The minds of the two of them were completely stunned, and they couldn't believe their eyes at all.

Could it be that these two people have joined the righteous army?

"The flame demon supreme, the black grave supreme, you help you to be a tormentor, and you have a way to survive, otherwise, you will die today." The master of the deep demon said coldly.

boom!

He stepped forward, and the power of the billowing Abyss was like a vast ocean, instantly suppressed. The complexion of the Supreme Flame Demon changed drastically, and he was anxiously frightened: "Master of the Abyss, I am waiting to follow the orders of the ancestors and the Supreme Lord of Erosion, and come here to arrest anyone who violates the orders of the Abyss. Your Excellency is an Abyss Demon. Clan people, do you want to disobey the ancestor of the abyss demon?"

person? "The ancestor of the deep demon?" "The Lord of the Deep Demon sneered, with a look of disdain: "The old thing colluded with the dark clan and turned my demon world upside down. He also

wanted to collude with the underworld and destroy the foundation of my demon world. The crime deserves a million deaths. You waited for the two to follow the deep demon ancestor , Is

It's my demon sinner. "

Boom!

The Lord of Abyss Demon was murderous, righteous and righteous.

"Mo Ye, stop talking nonsense, take the two of them." Qin Chen said coldly.

"Yes, Master." The Lord of the Abyss said respectfully.

"the host?"

The Supreme Flame Demon and Supreme Black Tomb looked at Qin Chen with wide-eyed eyes. Who is this person, so that the Lord of the Abyss can call the Master.

At this look, the pupils of the Flame Demon Supreme shrank, showing a look of horror: "You...Aren't you the person who attacked the underworld on the island of the gods and demon?"

Although Qin Chen's aura has changed, his posture and temperament are extremely similar to those of the underworld who sneaked on him. How could he not be shocked in his heart?

"People of the Underworld?"

Qin Chen sneered, did not explain at all, and was too lazy to explain, not to mention that there was no time to explain at all.

"kill!"

boom!

The tentacles of the Ten Thousand Worlds Demon Tree danced frantically, and fell down towards the two in an instant.

"Damn it!"

The Flame Demon Supreme and the Black Tomb Supreme looked furious. They knew that they were bound to be dangerous this time, and the flame whip in their hands danced violently, blasting down towards the Devil Tree of Ten Thousand Realms. With a bang, the long whip of Flame Avenue collided with the tentacle of the Ten Thousand Worlds Demon Tree, and a puff sounded. The long flame whip could not blast away the Ten Thousand Worlds Demon Tree at all, but a wave surged in the Ten Thousand World Demon Tree The extremely terrifying aura of the demon source, will he

The flame whip suddenly retreated.

"This is..." There was endless horror in the eyes of the flame demon supreme, crashing, countless tentacles surging crazily, entangled in the flame demon supreme and the black grave supreme, the two supreme powers madly resisted, but it was of no avail. , The suppression of the Devil Tree in the Ten Thousand Worlds

Under the circumstances, he could only retreat frequently, his expression frightened. The Ten Thousand Realm Demon Tree, that is the sacred tree of the Demon Race. After breaking through the Supreme Realm, it completely suppressed the Balrog Supreme and the Black Grave Supreme in terms of power level. Although they could not be killed quickly, they suppressed it. They only felt that The power in the body is

Unlimited restraint, even breathing becomes difficult.

"this is....."

The two looked furious.

What kind of treasure is this, and why it has such a strong suppressing effect on them? Before the sky full of tentacles, their supreme source seems to be the courtier who met the emperor, and the ant met the dragon, and felt that he could not breathe at all.

While suppressing the two of them, Qin Chen said coldly to Demon Li, "Devil Li, the Flame Demon Supreme will give me, and the Black Tomb Supreme, give it to you, how about?"

There was a fanatical expression in the eyes of Mo Li, and he said sharply: "Okay."

He naturally knew that Qin Chen meant to distribute the harvest.

"Senior Demon Ancestor Luohu, Master Chi Yan, follow me."

Mo Li screamed, and instantly killed the Black Tomb Supreme.

"Just rely on you..."

The Black Tomb Supreme roared, and the black tombstone in his hand was already severely suppressed by the magical power. A small half-step Supreme dared to be so mad at him, and the anger in his heart could not be contained.

But along with anger, there was also fear.

Because he knew that he was in trouble today and actually fell into the other party's trap. For the sake of this plan, only by persisting and persisting until the arrival of the Supreme Lord Eclipse can they have a chance.

When the time comes, these guys will all die, otherwise, they will die.

"The flame demon supreme, fight it, hold on, otherwise I will die."

The Black Tomb Supreme roars through the sound channel. Although their order for interrogation has been blocked, they had already sent out a distress signal before being blocked. He believed that Master Eclipse would definitely receive it, and at the speed of Master Eclipse, as long as he persisted,

He will be there soon.

"Quick fight and quick decision."

Qin Chen snorted coldly and waved his hand, and the Lord of Chaos God and Demon of Abyss had already been killed.

On the other side, Luohu Demon Ancestor also madly killed the three Moli together.

With a bang, the black stone tablet and Moli crashed into each other, and a terrible blast sounded, and the Moli was smashed into the air in an instant, but this time, Moli didn't have much injury on his body, just the corners of his mouth. Bloody, hideous.

At the moment when Mo Li was blown out, the Demon Ancestor Luo Hu had already descended.

"Jie Jie Jie, under the big formation of this seat, still want to resist? It's really looking for death." Luohu Demon Ancestor grinned, the formation fell, and shot with all his strength.

[Chapter 4580: Still want to resist](#)

Hum!

His supreme array combined with his own strength, coupled with the suppression of the Ten Thousand Realms Demon Tree, caused the black tomb supreme to be directly shaken out, spouting a mouthful of blood.

"Black Tomb."

The Flame Demon Supreme was shocked, his expression furious, roared and boomed, and the flames on his body instantly burned.

"Hmph, I still have the mood to care about others."

Qin Chen sneered and glanced at the Lord of Abyss Demon.

The Lord of Abyss Demon had already killed him, his eyes were cold, and a black flag suddenly appeared in his hand. As soon as this flag appeared, countless Yin Feng Demon Qi surged around in an instant, and the demon power on the Lord of Abyss Demon was great. Sheng.

"Chew the sky and capture the magic flag!"

Yan Demon Supreme's complexion changed drastically, his expression frightened. It turned out to be the Devourer of the Sky and the Demon Flag. This flag is surprisingly powerful. It is a treasure of the Abyssal Demon Race. Once activated, it will have a strong deterrent effect on the rest of the Demon Race. As long as it is the Demon Race under the Abyssal Demon Race, Under the flag of Devouring the Sky, the soul will

Was suppressed.

This flag was originally bestowed by the ancestors of the Abyssal Demon to the God of Chaos, but now it has fallen into the hands of the Lord of the Abyss.

The billowing magic power was prosperous, suppressed, and with a bang, the billowing magic power swept through everything and swallowed the flame demon supreme completely.

"Damn it, no!"

The flame demon supreme roared, the fiery red whip in his hand danced violently, and the billowing whip turned into a dense chain of nebula, wrapping himself up, forming a terrifying fire cloud array.

In the big formation, with a bang, the body of the Flame Demon Supreme suddenly swelled, like a towering flame demon, roaring up to the sky.

"Huh, I want to resist."

Qin Chen frowned slightly and looked at the Wanling Demon Sovereign. A battle axe suddenly appeared in the Wanling Demon Lord's hand. On top of the battle axe, the billowing death spirit surged, it was a death battle axe.

This death battle axe turned into a sky-reaching general, enough to cut the galaxy, bursting out with a terrifying breath of death, and smashed down at the flame demon supreme.

Cang Dang! With a deadly spirit, the huge battle axe fell down and slashed fiercely on the huge flame nebula array. With a bang, the flame nebula array collapsed and disintegrated, and the flame demon supreme was instantly smashed out. , Bloody sky, scarred tired.

With one blow, he was injured.

"what!"

He looked up to the sky and roared.

With his cultivation base, he wouldn't be so embarrassed, but when he was in the Chaos God Demon Island before, he had already been attacked and injured by Qin Chen, and the death spear turned into by the immortal emperor almost exploded his body.

Although some injuries have been recovered during the tracking process, how can the Supreme's injury be so easily and completely repaired. That's all, and what makes him speechless is that because of the arrogance of the Supreme Eclipse, they add injuries to the sea of void flowers. Now he is scarred by himself. How can he resist the monster of the abyss now? Of the two great powers of the Lord and Wanling Mozun

Joint attack.

Boom boom boom!

The Flame Demon Supreme retreated again and again, vomiting blood, and shooting flames all over his body. Each flame seemed to be able to burn through the void, and it was painful.

"This Flame Demon Supreme does have some means. In this case, how can he persist?"

Qin Chen sneered, looking at the flame demon supreme who backed back again and again, suddenly, his body suddenly moved.

Wow!

With the movement of Qin Chen's figure, countless Ten Thousand Realms Demon Tree vines rushed out in an instant, encircling Xiangyan Demon Supreme.

"Damn it, the devil world, the origin of the flame, respect me, burn the world."

The Flame Demon Supreme roared, and the sky burst into flames, bursting out from his body for an instant.

It can be seen that in the body of the flame demon supreme, a flame demon kingdom has appeared, and countless flame people have evolved various flame rules, as if they have become a flame god.

The flame kingdom evolves to resist the entanglement of the magic tree of the ten thousand worlds.

"Huh, the origin of time!"

Qin Chen snorted coldly, how could he let the Flame Demon Supreme continue to resist. Although the two great Supremes are now surrounded, the crisis has not been resolved. Once the Supreme Supreme Eclipse arrives, if they have not been able to solve the other party, they will fall short.

A quick fight must be made.

So when he came up, Qin Chen displayed a powerful time rule.

Hum!

Between the heaven and the earth, the invisible breath of time surged, and the entire void seemed to have stagnated at this moment, and the body of the flame demon supreme was also choked by the rules of time.

"The time rule?"

The Flame Demon Supreme looked frightened and furious, just being imprisoned for an instant, he had already broken free from the shackles of time.

However, the master showdown, a moment of imprisonment, can already change the situation of the battle.

Wow!

The tentacles of the countless Ten Thousand Realms Demon Tree enveloped the Flame Demon Supreme in an instant.

boom!

Immediately behind the Flame Demon Supreme, a figure suddenly appeared, as if appearing out of thin air, a right hand slammed on the top of the Flame Demon Supreme's head.

It was Qin Chen.

"Do not!"

The Flame Demon Supreme looked horrified. He did not expect that Qin Chen could actually activate the time rule, and the flames in his body burst out in an instant, trying to break free from the shackles of the Ten Thousand Realms Demon Tree.

This flame, with the supreme aura, can burn everything in the world, but falling on the Demon Tree of the Ten Thousand Realms, it cannot burn the Demon Tree of the Ten Thousand Realms at all.

"impossible!"

The flame demon supreme looked furious, what kind of ghost is this, ignoring the burning of his original fire?

However, after all, the Flame Demon Supreme has rich combat experience, and a trace of cold killing intent bloomed in his eyes, and he saw the sky full of flames, enveloping Qin Chen in an instant.

He could feel Qin Chen's cultivation base, not even Supreme, and he believed that Qin Chen would definitely not be able to withstand his original flame attack.

However, Qin Chen sketched a mocking smile at the corner of his mouth. Facing the billowing flames, he was indifferent, letting the monstrous flames envelop him.

boom!

In Qin Chen's body, a flame aura that was more terrifying than the flames of the Flame Demon Supreme's original flame, instantly soared into the sky.

It's Chaos Qinglian Fire!

The chaotic green lotus fire is a fusion of many of the most terrifying flames in the world. Apart from anything else, the calamity and underworld fire in it is extraordinary, but it was the original flame of the disaster supreme of the ancient demon world. Disaster Supreme was the top supreme of the Demon Realm back then. He has cultivated to reach the sky and far surpasses the Flame Demon Supreme. This Flame Demon Supreme's original fire is incomparable to disasters and evils. How can it be comparable to Chaos Qinglian Fire? , Directly by the Chaos Qinglian Fire

suppress.

"you....."

The Flame Demon Supreme looked at Qin Chen in horror.

What kind of perversion is this son?

Qin Chen ignored the shock of the Flame Demon Supreme. In his right hand, the terrifying soul power rushed into the Flame Demon Supreme's mind in an instant, madly impacting his soul. The terrifying soul power was suppressed, and there was also the faint sound of thunder, which directly bombarded the soul of the flame demon supreme.
