

Valkyrie 4591

[Chapter 4591: Abyss Demon Ancestral Land](#)

Qin Chen was not dazzled by the victory.

Because he knew that the Demon Ancestor Luo Hu was not easy to kill.

On the side, Honghuang Ancestral Dragon was silent. Indeed, Luohu Demon Ancestor's strength was very clear to him. In ancient times, he was a peak supreme existence, even half-step detachment.

However, the cultivation base of the strong in the ancient times, compared to the present, is only strong but not weak.

Although Luohu Demon Ancestor has never recovered his cultivation, but desperately to death, unless he makes a move, there may be some possibilities. Otherwise, it would be impossible for Qin Chen to solve the opponent silently with Qin Chen's current strength.

But once the prehistoric ancestor dragon is exposed, then Qin Chen and the others will be exposed too, but the gains outweigh the losses. Qin Chen smiled, "The Demon Ancestor Luohu is now a complete enemy of the Demon Race. The so-called enemy of the enemy is his own person. With Demon Ancestor Luohu's strength, he can still bring some trouble to the Ancestor of Abyss Demon, not to mention. He still stayed with Mo Li.

"

Qin Chen knew very well that Mo Li was not an officer, and it was still good to be a dung stick. "The most important thing is." Qin Chen narrowed his eyes: "Luohu Demon Ancestor and Mo Li both urgently need to improve their own strengths, especially the Luohu Demon Ancestor, whose cultivation level has not been fully restored now, and Mo Li has to break through the supreme realm. With the virtues of these two people,

Of course, it can draw the attention of Eclipse Supreme for us. "

"Drew the attention of Eclipse Yuan Supreme?"

Honghuang Zulong was shocked, and Qin Chen had this idea. "It's... impossible, right?" Wanling Demon Venerable frowned, "Little dust, that Demon Ancestor Luohu and Demon Li both know the terrible of Supreme Erosion Yuan. When leaving this trip, they must be cautious, hide their figure, and escape from the devil world. Quietly, how can it attract

Eclipse Supreme's attention? "

"Hahaha, don't you think they will really leave the Demon Realm obediently now, do you?" Qin Chen smiled.

"Isn't it?" Wanling Demon Venerable was confused.

It should be noted that today they have offended the ancestors of the Abyss Demon, and are still being chased by the Supreme Eclipse. As anyone, they can't wait to leave the Demon Realm and go to a safe place, right?

In the eyes of Wanling Demon Lord, Luohu Demon Ancestor and them must be like this too.

Qin Chen smiled, with a confident expression at the corner of his mouth, "I know that Moli guy is very clear. It is impossible for him to leave obediently. If I guess right, the two of them will definitely go to the Flame Demon Supreme next. And the supreme territory of the Black Tomb."

"This..."

Wan Ling Mo Zun and Tian Huo looked at each other, still unbelievable.

"Kid Qin Chen, I'm convinced you are."

At this time, Honghuang Ancestral Dragon suddenly said speechlessly: "No wonder you have mentioned the territory of the Flame Demon Race and the Supreme Black Tomb. Are you afraid that you deliberately reminded them?"

Both the Wanling Mozun and the Skyfire looked at him in doubt. Honghuang Ancestral Dragon said silently: "The fellow Luohu Demon Ancestor, I know very well, as Qin Chen said, he is not a man of peace. If the Abyss Demon Ancestor is there, he may still be a little jealous, and now there is only that Eclipse Yuan is one person, and he won't be killed

If he left like this, he wouldn't leave without killing one side of the Demon Realm to restore more of his cultivation base. "

"That's it."

Qin Chen smiled, "Let's go, Lord of Abyss Demon, lead the way to the Infinite Demon Prison."

"Master, do you really want to go?" The Lord of the Abyss became serious.

"Let you lead the way and lead the way. By the way, halfway down the road, secretly spread some news. There are strong people who are killing and plundering in the flame demon clan and the black tomb territory. The news is best passed to the ears of the Supreme Eclipse. "

Qin Chen said lightly.

As soon as these words came out, the Primordial Ancestor Dragon, the Saint Ancestor of the Blood River, and the Venerable Demon of All Souls became speechless.

This is so special, Shao Chen is really treacherous, this is directly using the Demon Ancestor Luohu and the others as bait.

"If you give them benefits, they have to pay something."

Qin Chen smiled, but he didn't care about it, and then he shook his figure and disappeared here.

Void.

The three of Luohu Demon Ancestor were flying quickly.

"Finally got rid of that guy."

Red Flame Demon Lord breathed a sigh of relief and followed Qin Chen all the time. He was always a little nervous, for fear that Qin Chen would cut him if he was not careful.

"Master Luohu Demon Ancestor, Li'er, if we want to leave the Demon Realm, it is best not to go in this direction. This area will pass through the territories of many top Demon Races. Once discovered, it will be troublesome."

"Who said we are leaving the Demon Realm?" Luohu Demon Ancestor said lightly.

"Don't leave the Demon Realm?" The Red Flame Demon Lord was stunned, "Now that the Demon Realm is in such a crisis, where shall we go without leaving the Demon Realm? In case the Supreme Eclipse is caused, wouldn't we..."

"What are you afraid of?"

Luohu Demon Ancestor gave her a white look: "Women have long hair and short knowledge. Now the ancestors of the Abyss Demon are not in the Demon Realm. It is precisely when we can slaughter in the Demon Realm. How can we waste such a rare opportunity?"

"But the Supreme Eclipse..." "What the Supreme Eclipse is afraid of, just like his idiot, are you still afraid of him? The ancestor of the abyss is the real trouble, and now the ancestor of the abyss is not there, it is the real gift of God Good opportunity, he is leaving at this time, it must be compelling

What you want to do is a great opportunity that is hard to find in a thousand years. If you don't want to do something big, when do you want to wait? "

Luohu Demon Ancestor said disdainfully.

The Red Flame Demon Lord was speechless. She glanced at Mo Li, but found that Mo Li was also very calm, apparently thinking the same as Demon Ancestor Luohu.

"Let's go."

Whoosh!

Mo Li's figure shook, and he swiftly moved towards the territory of the Flame Demon Race and the Black Grave in an instant.

The territory of the Abyss Demon Race is located in the central area of the Demon Realm, not too far away. With the Lord of the Abyss Demon leading the way, Qin Chen's speed has increased to the extreme along the way.

With Qin Chen's attainments in the way of space, the speed is not weaker than some top-level supreme powerhouses.

After half a day.

In the endless void, two figures suddenly appeared, suspended in this vast world.

It is the master of Qin Chen and Yuanmo. Before the two of them, there is a vast starry sky, with countless magic stars floating, and the dark magic energy surging, like a ghost, exuding a heart-palpating aura. Qin Chen has not yet entered, just approaching, there is a terrifying aura. In his body

On, my heart throbs.

This is the territory of the Abyssal Demon Race.

"Kid Qin Chen, are you really going to go in like this? The land of the Abyss Demon Race is no small thing. If you break in rashly, it will be extremely troublesome if you are discovered."

Honghuang Zulong said in a deep voice.

"Less dust, think twice."

Wanling Mozun and Skyfire Venerable also nervously discouraged them, their expressions worried. The ancestral land of the Deep Demon Race is the most terrifying place in the entire Demon Realm.

[Chapter 4592: It's you who is looking for death](#)

"If you don't enter the tiger's lair, you won't be a tiger." Qin Chen said lightly.

If he was afraid, he would not come to the Demon World.

In order to think, he can do everything.

Seeing that Qin Chen was so resolute, the others didn't dissuade him, because they all knew what Qin Chen decided, and no one could dissuade him.

"Lord of Abyss Demon, lead the way."

Qin Chen said lightly, the voice fell, and with a boom, the aura on his body began to be restrained instantly, the aura of countless human races dissipated, and the whole person became deep and gloomy.

A faint breath of death filled his body.

People of the underworld.

Yes, Qin Chen once again disguised himself as a person in the underworld. The rules of death linger on him. With the breath of death, even the Supreme Flame Demon and other Supreme-level forcibles can deceive, and most people can't see him at all. camouflage.

Immediately afterwards, in the depths of Qin Chen's right hand, between the heavens and the earth, a breath of death condensed into a death mask in his right hand.

The mask was black and white, with a crying face on the left and a smiling face on the right. It was so weird that it was creepy at first glance, as if being stared at by death.

Qin Chen put the mask on his face, and the mysterious rust sword suddenly appeared on his waist, turning into a swordsman, and said to the Lord of Abyss Demon: "Let's go."

The Lord of Abyss Demon nodded and made a bang, and his right hand also used the power of Abyss to condense a dark mask, put it on his face, and stepped out one step at a time.

Boom!

The two instantly entered the Eternal Dark Demon Realm of the Abyss Demon Race.

The dark aura here, the underworld is many times richer than all the places in the demon world. Once this happens, the people of the deep demon clan are far superior to all other demon clan in the innate conditions of cultivation.

One year of practicing here is equivalent to ten years of practicing in the top places of other demon worlds.

"The power of the origin of the entire Demon Realm is condensed to this Eternal Dark Demon Realm, and the old thing like the ancestor of the Yuan Demon can really enjoy it." Qin Chen realized in an instant that the reason why the demon energy in the territory of the Yuan Demon tribe is so strong, It is completely because of absorbing the top source power of the entire demon world. The ancestors of the deep demon used special supernatural powers to gather all the power of the entire demon world.

In the territory of the Abyssal Demon Race.

People equivalent to the entire Demon Realm are serving the Abyss Demon Race.

Boom! And when Qin Chen and the others rushed into the Eternal Dark Demon Realm, countless demon qi seemed to perceive anomalies between the heavens and the earth, and they condensed crazily. Array, come down

.

Eternal Dark Array, the top supreme array covering the entire Eternal Dark Demon Realm.

The base camp of the Yuanmo clan will naturally have a top-notch team.

The Lord of Abyss Demon raised his hand.

Boom boom boom!

Streams of light diffused out of his hand, and the power representing the Abyssal Demon Clan gathered in his right hand, and he felt the original power of the Abyssal Demon in his right hand. The eternal dark formation instantly calmed down and restored its calm. "Master, this is the Eternal Dark Array that protects my Abyssal Demon Race. Once you enter, you will be attacked by the Eternal Dark Array. The initial attack will not be very large, but once outsiders block it, it will gradually provoke the entire Eternal Darkness. The power of the demon world, by then, even if it is

The supreme strong will also be turned into ashes. "

The Lord of Abyss Demon explained.

He was born here, grew up here, and he is very familiar with it naturally, and he comes back here again, as if a world away.

"Don't call me master here."

Qin Chen said lightly.

"Yes, master!" The master of the deep demon nodded.

Qin Chen: "..."

The two continued to move forward silently and silently through the realm of the Abyss Demon, passing a piece of darkness after another. This is the periphery of the Eternal Dark Demon Realm, a dark area.

After flying for a certain distance, the aura in front suddenly changed slightly.

The surrounding area is no longer a floating magic star, but an incomparably vast continent. After passing through the layers of the magic star zone, Qin Chen and the others have truly reached the core area of the Abyss Demon Ancestral Land.

Qin Chen and the Lord of Yuanmo fell from the void and walked slowly forward.

It's extremely quiet here, extremely depressed, no people are seen, no sounds are heard. If someone steps in, a deep sense of fear will quickly grow in the heart, and every step forward, this fear will sharply increase by a few points.

Qin Chen squinted his eyes slightly, and he felt that the world in front seemed to be enveloped in a layer of invisible demon energy.

Staring at it, as far as the divine consciousness reaches, every part of the ground by his feet is rising with wisps of gray devilish energy.

In front of them are vast mountains. Above the sky, countless magic stars are floating, and black magic veins are undulating. The people of the Yuanmo tribe will survive on this vast continent.

Step... step... step...

The heavy footsteps of Qin Chen and the Lord of Abyss Demon were exceptionally clear in the gloomy silence. As they continued to step forward, suddenly, several figures suddenly appeared in front of the Lord of Qin Chen and Abyss Demon. .

"Who would dare to trespass into the ancestral land of my Abyss Demon Race."

These people all exudes a terrible aura, wearing a pitch black magic armor, they are obviously guards patrolling this abyss demon ancestor land, and their cultivation is actually in Tianzun.

As soon as they appeared, the eyes of these people fell coldly on the Lord of Abyss Demon and Qin Chen. After seeing the masks of the two and the unfamiliar aura, one of the guards immediately drew out the magic knife from his waist.

"Those who trespass into the ancestors of my Abyssal Demon clan, looking for death..."

boom!

A terrifying demon energy knife light violently slashed, booming and booming. This knife light seemed ordinary, but in fact it triggered the power of the magic way of the whole world in an instant. The light of the knife contained a terrifying aura that made the heart palpitating.

With this sword, the world and everything seemed to be merged in this sword.

The Yuan Demon Race is worthy of the leader race of the Demon Realm, and even a random attack by a Tianzun guard is no weaker than the Ling Demon Clan chief Demon Tianzun who killed Qin Chen on the battlefield of ten thousand races.

"boom!"

Daoguang violently slashed, and instantly came to Qin Chen.

"You are the one looking for death."

Qin Chen raised his head suddenly, a cold light flashed in his pupils, his right thumb was placed on the scabbard of his left waist, and he flicked his thumb lightly.

boom!

A sword light suddenly slashed out of the scabbard around Qin Chen's waist, and instantly blasted on the sword energy that the guard had slashed out.

With a bang, the sword energy split by the guard burst into pieces in an instant, and this terrifying sword aura suddenly appeared in front of the guard.

There was a trace of astonishment in the look of the guard, apparently he didn't expect Qin Chen to blast his attack with a single sword. He gritted his teeth abruptly and slammed his sword in front of him in the crisis.

With a bang, the sword light slashed on the blade, and the sword light burst into pieces, and the magic knife guard was also shaken out with a bang, spouting a mouthful of blood.

"you..."

The magic knife guard looked at Qin Chen angrily, apparently he didn't expect that Qin Chen would dare to do something in his Abyss Demon Ancestor Land, and what he wanted to say with his mouth open. But without saying anything, he spit out a mouthful of blood again.

[Chapter 4593: Magic Eye Supreme](#)

Click.

The magic armor on the magic knife guard split in an instant, torn apart under Qin Chen's attack.

The opponent was seriously injured with a single knife.

"Bold."

"presumptuous."

"Your Excellency, who is it? Dare to be presumptuous in my Abyss Demon Race."

The remaining magic knife guards were furious upon seeing this, and roared one by one, killing them from all directions in an instant.

boom!

In the void, countless knives appeared.

These swords turned into a monstrous river of sword air, rushing towards Qin Chen frantically, stimulating the power of heaven and earth in the whole world.

The rules appear!

On top of each sword aura, there was the power of terrifying rules of the Demon Race, and the power of thousands of rules turned into a big net, which fell towards Qin Chengai.

In the ear-piercing and soul-cracking sound, a series of dark condensed black sword energy burst into the air, carrying a thick and incomparable dark devil energy.

In the Abyss Demon Ancestral Land, even the outermost patrol guards have quite terrifying strength.

The oncoming dark sword aura carried the power of the demon's heavenly path, and the sharp piercing sound was as terrifying as the scream of an evil ghost.

Qin Chen's eyes were indifferent, facing the skynet filled with sword energy, his expression was calm, the dark sword energy quickly enlarged in his pupils...then hit his body.

boom!

Qin Chen's body burst into endless death instantly, and the scabbard around his waist was pushed away again.

Shoo!

In an instant, thousands of sword auras appeared in the void. Each of these sword auras contained the aura of ruining the world and destroying the earth. In a thousandth of an instant, they blasted each of the dense web of swords. Above a knife light.

In a flash.

Qin Chen cut out tens of thousands of swords!

The power of tens of thousands of swords is superimposed together in an instant. How terrible is this? With a bang, the fierce sword aura that was slashed across the sky instantly tore, countless sword auras shot in all directions, booming, and the sword aura fell on the ground, and immediately burst out with a roar and roar, the entire abyss demon. The ancestral land is trembling violently,

Numerous dark potholes were blasted out.

After these sword qi blasted the Tongtian Sword Net, they did not break, but stood on the guards in front of them.

boom!

Several guards were blasted out directly, and they smashed onto the ground one by one, vomiting blood.

After hitting the ground, these guards looked at Qin Chen in horror. One of them was shocked by Qin Chen's strength, and with one person's strength, they instantly repelled all of them, and the second was shock and Qin Chen's boldness.

In their Eternal Dark Demon Realm, they actually dared to do something against the people of their Abyss Demon Race.

"Kid Qin Chen, what are you doing?"

In the chaotic world, Honghuang Zulong and others are already stupid.

They thought that Qin Chen and the Lord of Abyss Demon were preparing to use means to sneak into the Infinite Demon Prison and find the source of the Demon Soul.

But who would have thought that Qin Chen and the Lord of the Abyssal Demon walked into it in such a high-sounding manner, and even directly fought against the guards of the Abyssal Demon Clan, and seriously injured each other. Such a scene made the Hongkong Zulong and others completely speechless and could see it. Dumbfounded.

Didn't he know that doing so in the Abyss Demon Ancestor Land would attract countless powerful people in the Abyss Demon Ancestor Land?

Sure enough, the words of Honghuang Zulong just fell.

woo woo woo woo! The guard leader of the Abyssal Demon Race who had been shaken out before had already taken out a pitch-black Demon Race horn for the first time. This Demon Race horn stood up to the sky like a rhino's horn, and blew it lightly, with a thunderous roar. Sound, spread instantly

Handed it out.

Obviously it was calling for salvation.

"Dare to call someone?"

Qin Chen's eyes flashed, the corner of his mouth was drawn with an indifferent arc, and the fingers of his right hand flicked the scabbard in his hand.

boom!

The sword light flickered and suddenly appeared in front of the demon guard. This sword light contained endless terrible death. The demon guard was furious and hurriedly resisted.

With a bang, the light of the knife shattered, and the demon guard retreated dozens of steps to stabilize his figure, but just as he stabilized his figure, the vast void behind this person was directly shattered with a bang. For nothingness.

He resisted the attack of Qin Chen Jianguang, but the void behind him could not resist.

Immediately afterwards, the body of the guard of the Abyssal Demon clan burst into pieces and turned into dust. The sword light Qin Chen displayed was directly placed on the center of this person's eyebrows. With a light stabbing, the opponent's The soul penetrates and makes its soul fly away.

The leader of this demon guard was frightened and stunned, and the other deep demon guards around were also afraid to move, with a frightened expression on their faces.

"Necromancer, enough."

At this moment, the Lord of Abyss Demon beside Qin Chen suddenly said something coldly.

"Necromancer?"

The brows of the several Yuan Demon Clan guards present frowned, and they couldn't help thinking. Is there a strong man named this in the Demon Realm? Why they have never heard of it.

When they were wondering and contemplating, Qin Chen also turned his head and glanced at the Lord of Abyss Demon, just about to speak, suddenly...

"Stop!" A cold shout sounded, followed by a rumbling, and I saw a terrifying aura suddenly descending from outside the void of this pitch-black world, rumbling, the entire Abyss Demon Ancestor land rioted, and a sky-like figure appeared. , Appeared in this world of heaven and earth

Outside, come step by step. This person carries the supremely high power, every step of the fall, the void is burning. This is the power that Heaven cannot bear. He is being severely suppressed, and the power of Heaven is constantly burning, and the whole Heaven seems to want Burst, the sun, moon and stars are here

destroy.

Supreme!

Yuanmozu supreme has arrived.

This is an old man with a third eye at the center of his eyebrows. This third eye rotates like a kaleidoscope, like a deep pool of dark magic spring, which makes people look at it as if they are about to fall into it.

boom!

As soon as this person appeared, a magic light burst out of his eyes, directly blasting on the sword light in front of the eyebrows of the Yuan Mozu guard.

With a bang, the sword light Qin Chen displayed was directly annihilated and burned, turning into nothingness.

"Master Magic Eye!"

Seeing this person coming, the eyes of the Yuanmozu guards present all showed excitement, shouting loudly and hurriedly saluting respectfully.

All of them looked excited, as if they had found the backbone.

"Yeah!" As soon as the old man fell, he nodded slightly, and at the same time looked at Qin Chen and the master of Yuanmo quickly, hum, in an instant, Qin Chen seemed to feel an invisible force permeating over, surrounding people The power of rules is in this pupil power

Slowly twisted down.

This is the special magic pupil power of the old man.

"Humph."

Qin Chen snorted coldly, and the rules of death in his body quietly operated.

With a bang, the surrounding void returned to calm again, and the power of the old man's magic pupil was directly repelled, and this void was once again controlled by Qin Chen.

"It's interesting." The pupils of the Demon Eye Supreme shrank suddenly, because he realized that he could not penetrate the aura of Qin Chen and the Lord of Yuan Demon.

[Chapter 4594: Reverse the Way of Heaven](#)

boom!

Without waiting for Demon Eye Supreme to speak, two more terrible breaths descended in the void, and two figures suddenly appeared beside Demon Eye Supreme.

Boom, the supreme breath like a vast ocean, instantly diffused and enveloped the world.

There are two Supremes again.

Qin Chen's pupils shrank slightly, this Abyss Demon Clan was really powerful, just from the periphery, three Supremes appeared in an instant? Changing to another race, I am afraid that the entire race may not be able to gather the three supreme powers.

"Magic Eye Supreme, what is going on?"

These two supreme beings fell, their gazes fell on Qin Chen and the master of Yuanmo, their gazes were also the supreme, they could naturally see the extraordinariness of Qin Chen and the master of Yuanmo, and their expressions couldn't help but become vigilant for a while, Yuan The Demon Race hasn't encountered such a thing for many years. Someone dared to break into their Abyss Demon Race to go wild.

?

"I just arrived..."

Demon Eye Supreme glanced at the Yuan Mozu guards around his eyes, and said coldly, his eyes fell on the Demon Guard leader, and when he saw that there was only one soul left, he suddenly raised his hand.

Boom!

A terrifying force between heaven and earth suddenly condensed, and countless demon energy gathered on the demon leader. In an instant, the body of the demon leader quickly condensed, and in a moment, it had already condensed the body again.

Although his body is much weaker than the original state, he has recovered about seven to eight.

"Reverse the Way of Heaven!"

Qin Chen's pupils shrank suddenly.

He could see that the previous blow of the Demon Eye Supreme had actually reversed the heavenly path between the heaven and the earth, causing the demon head to lead the power that the former body collapsed and dispersed into the heaven and earth, and returned again.

Of course, the lost power cannot be completely recovered, but as long as part of it is recovered, coupled with the condensed demon energy between the world and the earth, the body of the leader of the demon guard who was defeated by Qin Chen's body will be restored in an instant. .

Qin Chen looked up.

The heart is a little dignified, although the supreme powerhouse can surpass the heavenly way, but it is only above the heavenly way, and the previous demon pupil supreme has done to reverse the heavenly way, the two are not the same thing.

A mere supreme being able to reverse the power of Heavenly Dao, this shows one thing, that is, the Demon Realm Heavenly Dao in the Eternal Dark Demon Realm is completely under the control of the Abyss Demon Clan.

This is the way of heaven, I am afraid it is already a puppet of the Abyssal Demon Race.

"Thank you, Master Demon Eye Supreme."

The head of the demon guard recovered physically, instantly excited, and looked respectful and grateful.

"Let's talk about it, what the **** is going on."

Mo Tong Zhizun coldly said to him. "Master Demon Eye Supreme is like this. These two people trespassed into my abyss demon ancestor land, and they fought hard against me. Three adults, you just came here. The two are bold and guilty, and they deserve to die. Please three adults to take action. , Punish the other party, in order to behave like you."

Chief Wei shouted sharply, looking at Qin Chen's eyes full of anger and resentment.

Demon Eye Supreme turned to look at Qin Chen and the Lord of Abyss Demon, coldly said: "Two, is that so? The two trespassed into my Abyss Demon ancestor land, don't know what they intended?"

The Demon Eye Supreme didn't make a move rashly, but said in a deep voice.

"Broken?"

The Lord of the Abyssal Demon laughed, "This seat is also a member of the Abyssal Demon Clan, so how can you say that it is trespassing."

"Are you from the Deep Demon Clan?"

Everyone present was shocked. The eyes of the three people such as Demon Eye Supreme fell on the Lord of the Abyss, and they found the aura of the Lord of the Abyss, giving them a very familiar feeling. It seemed that they were also members of the Abyss demon clan, and the breath of the opponent's body aroused The devil world keeps retreating

San, obviously also a supreme powerhouse.

And it's not just why, after feeling the aura of the master of the abyss, there was a faint sense of fear in the hearts of the three of them, as if the power of the opponent's abyss was far above them.

How can it be?

They only felt this kind of feeling in their ancestors, and even the Supreme Patriarch of Eclipse gave them only strength suppression, not this kind of oppression from soul and blood.

"Who is the other party?"

The three people of Demon Eye Supreme were secretly startled, their brows furrowed, if the other party was really a strong master of the Abyssal Demon Clan, why hadn't the three of them heard of it before.

Demon Eye Supreme frowned, and said in a deep voice: "It's ridiculous, I'm the Supreme Demon Race, I've heard all about it, why have I never heard of you."

"You are so courageous, you dare to pretend to be the Supreme Lord of the Abyss Demon Race, three adults. Please also kill these two people and find out their true identities. Your subordinates suspect that these two people are most likely the righteous army..."

The guard of the Abyss Demon Race immediately yelled.

"Noisy!"

Qin Chen frowned suddenly, and a cold light flashed in his pupils.

Cang!

Qin Chen grasped the hilt of the sword with his right hand and suddenly flicked his thumb.

call out!

An invisible sword light flashed across the sky and the earth.

"You..." The Demon Eye Supreme was furious, and he never thought that Qin Chen would dare to make a move in this situation, but it was too late to make a move.

"what!"

I heard a screaming scream suddenly resounding from the court!

The body of the demon leader who had just condensed burst into pieces again, and the sword energy that Qin Chen condensed had already pierced the demon leader's throat.

laugh!

A burst of blood shot out!

Demon Eye Supreme stared at Qin Chen, "If you kill him, you dare not who your Excellency is, I will definitely never die!"

The other two supreme powerhouses also took a step forward, their expressions furious, and a terrible breath exploded.

Qin Chen turned his head and glanced at the three magic pupils, his right hand twisted suddenly.

laugh!

The head of the demon guard flew out directly, and with a bang, his soul was also annihilated directly under Qin Chen's sword light, and was directly shattered and absorbed by the mysterious rust sword in Qin Chen's hand.

Suddenly the souls are gone!

Seeing this scene, the faces of the other demon guards on the side became horrified, one by one in disbelief!

This guy really killed the leader!

Moreover, the leader was wiped out abruptly! The most important thing is that the three Supreme Masters such as Magic Eye Supreme did not even have time to react in front of this person. Although it is said that there is a reason for the rush of the Magic Eye Supreme, but the three adults of the Magic Eye Supreme can not react. The man in front of you

Definitely has reached the supreme strength.

Qin Chen killed the leader of the demon guard with a sword, and immediately took the sword and stood up coldly: "Things that do not live or die, noisy, this seat has spared your life before. Since you have to die, this seat can only fulfill you."

Qin Chen's eyes were disdainful, as if he had killed an ant.

Seeing Qin Chen directly erased the leader of the Demon Guard, the expressions of that Demon Eye Supreme and the other two Supremes instantly became ugly, and at this time, Qin Chen suddenly disappeared in place.

Demon Eye Supreme said grimly: "Looking for death!" The voice fell, and he suddenly rushed forward, and a terrible magic light burst out in his pupils, turning into a black vortex and directly drowning Qin Chen!

[Chapter 4595: Zhanyuan Demon Supreme](#)

boom!

The endless black vortex was like a vast ocean, instantly enveloping Qin Chen and swallowing it.

"do you died?"

The eyes of the surrounding Abyss Demon Clan demon guards all showed excitement. At the same time, in the surrounding void, a number of powerful Abyss Demon Clan experts appeared one after another, staring at them.

These powerhouses, all located on the periphery of the Abyss Demon Ancestral Land, were alarmed by the movement here, and rushed to them in the first place.

At this moment, seeing Qin Chen being swallowed by the Demon Eye Supreme Demon Light Vortex, mocking smiles appeared from the corners of his mouth. "I don't know where the guys come from, they don't know how to live and die, and dare to be wild in my Abyssal Demon Race. The dark magic pupils of the Supreme Master Demon Race contain the ultimate and pure power of the Abyssal Demon. Don't

even talk about the ordinary Demon Race Supreme against the Master Demon Master. , It's only in the eyes of Lord Motou

I'm afraid that I can't move even under the pressure of the Abyssal Demon. "

"Hmph, but this person is not weak, and I don't know where he came from. Did you hear that? The people around him said that he is also a member of the Abyssal Demon Clan. Why have I never seen it before?"

"Who knows? Now that the ancestors and patriarchs are absent, any cat and dog dare to come to my Abyssal Demon Clan."

The eyes of many members of the Abyssal Demon Race flickered, and thoughts came up in their minds, whispering to each other secretly.

While they were talking to each other, the other two Supremes of the Abyssal Demon Race turned their heads to look at the Lord of the Abyssal Demon, and were alert to the action of the Lord of the Abyssal Demon, but their expressions were all stunned.

Because they discovered that after Qin Chen had been swallowed by the magic light vortex of the Supreme Demon Eye, the body of the master of the deep demon who came with Qin Chen did not move at all, as if he didn't care about Qin Chen being wrapped in the magic light vortex.

"Something's wrong."

The hearts of these two Yuanmozu Supremes suddenly sank, and they turned their heads abruptly.

boom!

Immediately they saw a sword sound suddenly resounding from the black vortex, the dark vortex that enveloped Qin Chen suddenly surging, and a terrifying sword light suddenly erupted from the black vortex. Come on!

Boom!

The black vortex was directly annihilated, and at the same time, a figure flew out of the dark vortex with a sharp sword, and suddenly slashed down at the Demon Light Supreme in front of him.

A sword light that pierced the sky appeared between the heavens and the earth, and this sword light carried a boundless breath of death, like the sickle of the **** of death, instantly came to the front of the magic pupil supreme.

A hint of anger flashed through the pupils of the Supreme Demon Eye, and his hands slammed across his chest. A terrible magic light burst out of his body, forming a black magic shield in front of him.

There are primitive runes flowing on this pitch black magic shield, with terrifying power of formation, and it has faintly attracted the heavenly path of the entire abyss demon ancestor's Eternal Dark Demon Realm. It has been blessed by the heavenly path, and it glows with the luster of the avenue. It is extremely strong.

However, the next moment, everyone's eyes were round.

With a bang, when that terrifying death sword qi slashed on the black magic shield, the entire magic shield suddenly made a creaking sound, followed by a click sound, and the magic shield instantly climbed up. Full of countless cracks.

Immediately afterwards, with a bang, the entire magic shield burst to pieces in an instant, turning into dust and dissipating.

The shield is broken.

A hint of horror flashed through the pupils of the Demon Eye Supreme.

It was just that he hadn't waited for him to come and react. With a snorting, another sword light flickered, and it suddenly appeared in front of the eyes of the magic pupil supreme again, the speed of which caused the magic pupil supreme's entire body to stand up in an instant.

"Roar!"

The Demon Eye Supreme roared, his eyes were ferocious, his hands were horizontally in front of him again, and magic patterns appeared on his arms, and his hands seemed to be transformed into wild beasts, with countless blue veins violently bursting out with a terrifying wild aura. With a bang, Qin Chen's sword light slashed on the arm of the Demon Eye Supreme, and instantly drew a dazzling fire light, and with a pop, blood spattered on the arm of the Demon Eye Supreme, and his figure retreated violently. Thousands of feet, then stabilize

Stature.

It's just that a deep sword mark has appeared on his arm.

Seeing this scene, Qin Chen's eyes narrowed slightly, the defensive power of this magic pupil supreme was so terrible, a wild aura was diffused in an instant, his arms seemed to be alienated, and his defenses increased several times in an instant.

Otherwise, although Qin Chen didn't use his full strength with the previous sword, it was enough to seriously injure an ordinary supreme like the Giant King.

However, in the end, it only brought some slight damage to Demon Eye Supreme.

"Your Excellency, you succeeded in angering me..."

Demon Eye Supreme looked terrifying and let out an angry roar.

boom!

An endless and terrifying devilish energy rose from his body, like a wolf smoke of spirit, rushing straight into the clouds, and it seemed to merge with the heavens of this heaven and earth, and the whole person was like a **** and demon descending into the world.

He was the supreme of the Yuan Demon Clan, and he was smashed into the air by Qin Chen with such a sword in full view, and he was injured. His complexion disappeared instantly, and his heart was extremely angry.

Only the words in his mouth just fell.

"Noisy!"

A sneer was drawn at the corner of Qin Chen's mouth, his thumb was picked up again, and with a thud, the sharp sword in his hand had already flew out again.

What do you do with so many words?

Qin Chen didn't give the other party a chance to breathe at all, and he had already started again, and he also wanted to know the difference between the supreme of the Abyss Demon Race and the supreme of other races.

"you..."

The Demon Eye Supreme is going crazy, Qin Chen, this fellow, is too shameful for him. However, at this moment he didn't care about so much. The sword light flashed in the void, and in an instant, it had appeared in front of him. The sharp breath of death, like the spear of death, if he couldn't be in time. Reaction, I'm afraid it will

Was pierced through the heart instantly.

"court death!"

This time, Magic Eye Supreme didn't use his crossarm to block it, but made a fist with his right hand and slammed a punch.

With a bang, the fist and sword collided, and the Supreme Demon Qi shield above the right fist of the Demon Eye Supreme was instantly smashed, a burst of blood shot out, and Qin Chen's sword light was also instantly exploded.

But before Demon Eye Supreme came back to his senses, the second sword light had already shot again.

"I fuck..."

Mo Tong Supreme was gloomy and was about to vomit blood, Qin Chen's sword was too fast, just burst a sword light, and the second sword light came again.

He didn't even have time to vomit, and he didn't have time to prepare for anything. He threw a punch again.

boom!

Jianguang and Quanguang broke again.

Demon Eye Supreme was about to take a breath, and the third sword light appeared in front of him again.

"Damn..." The Demon Eye Supreme was going crazy, he could only take a breath, his complexion flushed, and he could only blow out another punch.

[Chapter 4596: Frequently parry](#)

Boom boom boom boom...

I saw Qin Chen constantly flicking and pointing the sword, and a sword light slashed out with the sword light.

The Demon Eye Supreme retreated frequently and kept parrying. After going back hundreds of steps, he flashed a hostile breath in his eyes, roared, and his right hand exploded with earth-shaking power to completely explode Qin Chen's sword light.

However, Qin Chen's sword light seemed to be endless, layers of sword light continued, and Qin Chen's sword was outrageously fast. The Magic Eye Supreme could only parry frequently, and could not charge up to perform real killings. trick.

He can only passively defend, constantly punching, and even if he punches, it is only to prevent the sword light from approaching his body, and cannot perform real tricks. Qin Chen has rich combat experience. At the moment of the confrontation, he already had the absolute upper hand. He took advantage of the timing of the sword to force the magic pupil to the disadvantage, and it was this disadvantage that allowed Qin Chen to seize the opportunity to hold the magic pupil. Directly forced into it

Desperate.

If you are not careful, you will lose all the games!

In a short period of time, Black Eye Supreme has retreated thousands of miles, not only that, but countless sword marks have appeared on his body, and his whole person is extremely embarrassed, dyed like a blood man.

His heart was filled with fright and anger, but he did not dare to show any slack or carelessness, because Qin Chen's sword was really fast and strong. If he was not careful, the light of the sword Qin Chen displayed would directly penetrate the center of his forehead.

In this way, the Demon Eye Supreme retreated again and again, and at this time, his right fist was already scarred, and the wound was deeply visible.

Such a scene made the surrounding people of the Demon Clan in the Void amazed. The Supreme Master Demon Eye is actually being pressed against him? How can it be?

On the other side, the other two Supremes of the Abyssal Demon Clan also looked solemn, their eyes blooming with surprise, but they did not rashly take action, but their eyes were fixed on the Lord of Abyssal Demon, seeming to ponder something.

However, as the two of them were meditating, they frequently looked at Qin Chen's death sword spirit, their eyes flickering, thoughtfully.

At this moment, the right fist of Demon Eye Supreme in the distance was suddenly chopped with a click, and it was torn apart. In almost an instant, a sword came to his eyes!

At this moment of life and death, the eyes of Magic Eye Supreme slowly closed, but the third eye between his brows suddenly lit up with a terrible black light, and the next moment, his third eye suddenly shot out. Horror magic light.

There is a terrible atmosphere of darkness in this magic light.

It is the power of darkness.

The aura of Demon Eye Supreme soared in an instant.

boom!

The moment the dark magic light burst out, Qin Chen's sword light shattered directly!

Seeing this scene, Qin Chen frowned slightly in the distance, because that magic light not only pierced the sword light in front of Mo Tong Supreme, but also pierced the sword light that was slashed from behind.

All of a sudden, he was freed from the situation of frequent parrying.

Qin Chen frowned slightly, did not continue to make a move, but frowned in thought.

He found that Demon Eye Supreme had perfectly combined his magic light power and dark power, and the two were very harmonious.

What made Qin Chen even more concerned was that when the Demon Eye Supreme displayed the power of darkness, the Heavenly Dao in the Abyss Demon Ancestor did not punish him.

Qin Chen looked up at the sky with an ugly expression.

The power of darkness is a different kind of power outside this universe. Normally, no matter where it is displayed in this universe, it will be oppressed and condemned by the heavens of this universe.

However, when the Demon Eye Supreme used it before, the Heavenly Dao in the Eternal Dark Demon Realm did not punish him, and there was a lot of meaning in it.

puff! While Qin Chen was contemplating, after blasting Qin Chen's attack, the Demon Eye Supreme finally got a chance to breathe. His flushed face became extremely uncomfortable, and he opened his mouth and spouted blood, his figure was difficult to stop. , Seems to hit the one behind

A barrier of nothingness is general.

boom!

The vast void behind Demon Eye Supreme was directly shattered and turned into the abyss of void. Although his physical body carried Qin Chen's sword light, the void behind him couldn't hold it at all.

In addition, the right hand of Magic Eye Supreme was trembling at this moment, a drop of blood dripped from the right hand into the void, and the entire right arm was already **** and extremely embarrassed.

"This is your arrogant capital in front of this seat?"

Qin Chen looked at Demon Eye Supreme mockingly, with disdain and contempt in his eyes.

"you..."

Demon Eye Supreme's complexion was ugly, but just as he spoke a word, another mouthful of blood was spit out after opening his mouth. The blood was sprayed into the void, and the void burned directly.

Although Demon Eye Supreme broke through Qin Chen's attack, he had been suppressed by Qin Chen for so long, and he had already hurt his heart and lungs. If he did not perform the conditioning, he was afraid that the source would be damaged.

"Your Excellency, it's too arrogant, I am so arrogant in the Abyss Demon Race, are you not afraid of looking for death?"

At this moment, the two Yuanmozu Supremes who had not spoken stepped forward, and one of them narrowed his eyes and said in a deep voice.

"court death?"

Qin Chen sneered, "The arrogance with no strength is called death, and the arrogance with strength is just righteous."

"It's a big tone."

The Supreme Demon Clan snorted coldly, "Your Excellency, who is it? In my Demon Clan, I dare to go wild like this. Believe it or not, as long as my Demon Clan gives an order, you can destroy your clan.

Qin Chen's eyes suddenly burst into a cold light, "Exterminate the clan? Huh, the one with a big tone is your Excellency? Although the Yuan Demon Race is strong, but it is only in this universe, it really wants to be placed in the universe, but a drop in the ocean, nothing more than an ant. ."

These two supreme pupils shrank, "What do you mean by your excellency?" Qin Chen continued to sneer: "What do you mean? Literally, a force that has no detachment is also arrogant in front of my clan. Tell you the truth, Ben If you come to your Abyssal Demon Clan today, you are here to seek justice. If your Abyssal Demon Clan doesn't give it today

If this seat is fair, this seat will destroy your Abyssal Demon Race. "

"Presumptuous!" The Demon Eye Supreme roared. After this moment of conditioning, the aura on his body has recovered seven or seven eighty-eight. He was extremely annoyed by Qin Chen's pressure before, and now he heard Qin Chen doing this. Arrogant and arrogant, finally no longer press

Living.

"boom!"

A blast of dark air from the body of Demon Eye Supreme rushed into the sky, and the power of darkness was permeated, making his power more than doubled in an instant, and suddenly punched Qin Chen.

Boom!

With a punch, the sky fell apart and the earth broke.

The void in front of Demon Eye Supreme couldn't bear his power at all, and it shattered directly. He was completely angry, burning with the source, combined with the power of darkness, to launch a lore on Qin Chen.

The terrifying fist turned into a vast ocean, completely covering Qin Chen. Qin Chen's tone instantly became cold: "The power of darkness, the power of darkness that I hate most in my life is the power of darkness."

[Chapter 4597: Elder Demon Heart](#)

"roll!"

Qin Chen roared. This time, he didn't just use his left hand to open the scabbard, but put his right hand on the scabbard and slammed out the sword.

Thousands of swords are sent together! The sword was pulled out, booming, and there were countless sword lights in the void ahead for an instant. The dense sword lights carried the breath of death, oooooooooo, ghostly spirit, and all the members of the Abyssal Demon clan in the room were affected by this. The terrible breath of death was shocked

Going in, as if to see a kingdom of death.

What power is this?

Many experts of the Abyssal Demon Race widened their eyes, their minds were sucked in, and they were chilled, as if they had entered into endless purgatory in an instant.

boom!

The sword energy of death exploded, and the dark fist light blasted by the magic pupil supreme was pierced by thousands of sword qi in an instant, and the cutting was fragmented, and countless sword lights were like a long river, and instantly smashed the magic pupil supreme body.

Boom boom boom boom...

A figure in the void directly retreated violently.

This figure is the Supreme Demon Eye!

When Demon Eye Supreme stopped, his robes had become tattered.

laugh!

A trace of blood also escaped from the magic pupil at the center of the eyebrows, and the physical body was disintegrating at a speed visible to the naked eye, a little bit of collapse, and finally, with a bang, it was completely shattered.

His body is broken, only his soul is left!

Seeing this scene, the expressions of everyone in the field suddenly changed!

Demon Eye Supreme was also dumbfounded, looking at Qin Chen incredulously: "You..."

Before he finished speaking, Qin Chen suddenly disappeared where he was. The next moment, Qin Chen's figure appeared in front of Demon Eye Supreme, and a sharp sword appeared directly in front of Demon Eye Supreme.

The face of the Demon Eye Supreme, who was already a soul body, changed drastically. He peeked forward with his right hand, and then grabbed it suddenly. For a while, a powerful soul force gushed out of his palm!

Defend with powerful soul power.

Sword to!

laugh! In the horrified eyes of everyone, that sword directly penetrated the palm of Motou Supreme. The next moment, the sharp sword in Qin Chen's hand had already locked the soul origin at the center of Motou Supreme's eyebrows, as long as he gently sent it away. , Can make the magic pupil supreme

His soul was instantly annihilated.

Everyone is shocked!

The eyes of Demon Eye Supreme opened wide, and his eyes were full of disbelief, "This..."

He did not expect that he would be defeated by Qin Chen's two swords. No, it should be said that the two swords killed him in a second. If Qin Chen is willing now, he can be directly beheaded as long as he is sent it lightly!

How could this be possible, obviously this guy was not much stronger than him before.

In the distance, the eyes of the other two Abyss Demon Race Supremes were also full of disbelief. I have to say that the two of them were also a little panicked at this moment. They were at the same level as the Demon Eye Supreme, and the Demon Eye Supreme was almost killed by two swords!

Two swords!

"stop!"

At this time, no matter how nervous and shocked the two supreme hearts were, they must not let the magic pupil supreme be beheaded by Qin Chen. The two supreme screamed and hurriedly stepped forward to stop Qin Chen.

But they just moved.

boom!

Suddenly a terrible Abyssal Demon was suppressed here, and the Lord of the Abyssal Demon on the side shot.

He suddenly raised his hand, and between the world and the earth, countless abyssal powers crazily converged towards his right hand, and the terrifying abyssal powers turned into a black cage, and instantly suppressed them towards the two supreme monsters.

what?

The two Yuanmozu supreme expressions were furious, raised their hands, and violently resisted. With a bang, the three terrifying powers of the Abyssal Demon clash, and the two Extreme Abyssal Demon Clan

supreme felt as if they had blasted hundreds of millions of Primordial Demon Stars. What they faced was not an attack at all, but a whole sky. A piece of this abyssal demons

day.

Puff!

The two Great Abyss Demon Clan Supremes were blasted off instantly by this force, spouting a mouthful of blood, his face pale, and his breath wilted.

One by one looked at the Lord of Abyss Demon in horror.

The body is always dark!

A thought came out of the two of them, their expressions were extremely shocked. Because they could see, the reason the Lord of the Abyss was able to suppress them with one move was not his own strength, but the other party mobilized the heavenly path of the Abyss Demon Ancestral Land and combined this Abyss Demon Ancestral Land with Heaven. Completely unite themselves,

Melt into your own strength.

They could do it in the first place.

But in front of this person, when the power of this person diffuses out, they will be instantly repelled by the Heavenly Dao of the Abyss Demon Ancestral Land, as if the other party is a member of the Abyss Demon Clan, and they are just outsiders.

"Who on earth are you? Why can I provoke the way of my Abyssal Demon Race."

The two Great Abyss Demon Race Supreme said silently.

This kind of feeling, except for the old ancestor, has never felt this way by other members of the Abyssal Demon tribe.

"I already said that I am also a member of the Abyssal Demon clan, you don't believe it yourself."

The Lord of the Abyss snorted coldly.

And at this moment...

"Your Excellency is my Abyssal Demon Clan? Why have you never heard of it?"

boom!

In the endless void, a cold voice suddenly sounded, and a figure slowly walked out from among the countless magic stars in the depths of the abyss demon ancestor land.

This figure is as majestic as a **** and demon. With every step it falls, the power of the entire Abyss Demon Ancestral Land is drawn by him, and the void is trembling violently under his footsteps.

"Elder Devil Heart!"

Seeing this person, the two Yuanmozu supreme on the field hurriedly saluted respectfully.

boom!

The terrifying supreme aura permeated, as soon as this person appeared, it was as if he had become the only one in this world, suppressing the power of all the strong men present.

Mid-term supreme.

Qin Chen narrowed his eyes.

The supreme aura on this person is extremely rich, almost indestructible, much more terrifying than ordinary supreme, clearly a mid-term supreme.

These powerful people are by no means the supreme ones who have broken through in recent years. They must have been the supreme powerful people in ancient times. They have been practicing for hundreds of millions of years and have already raised their cultivation to an extremely terrifying level. The veteran powerhouse.

"Elder Devil Heart?"

Seeing the visitor, a slight meaning flashed in the eyes of the Lord of the Abyss: "Unexpectedly, the elder Moxin has reached this level in his own cultivation. It seems that the elder Moxin has received a lot of resources over the years." "It is a pity. , If this constellation remembers correctly, the demon heart elder breakthrough supreme should be the breakthrough when he obtained the ancient demon store while experiencing in the demon cave star before the demon god's original calendar! So many years have passed, my abyssal demon clan fought the ten thousand clan, Endless resources

, But Elder Moxin has never broken through the late-stage supreme realm. It seems that the potential of Elder Moxin in this life is exhausted, and I am afraid that it can only stop like this. "

The Lord of Abyss Demon said lightly.

As soon as this remark came out, Elder Moxin's pupils shrank, and his pupils suddenly burst into light.

The three great masters, including the magic pupil supreme, were also taken aback. How did the other party know how the Demon Heart Elder broke through? When did it break through?

[Chapter 4598: Necromancer](#)

"Who are you? Why do you know this secret?"

Elder Demon Heart looked at the Lord of Abyss Demon with a shocked expression, a deep light burst out of his eyes, alarming the surroundings.

Because his opportunity to break through the supreme is a secret.

In ancient times, the Yuanmo clan was not as strong as it is now, being able to control half of the universe. It is no easy task for the disciples of the clan to break through the realm of the supreme, because a supreme needs to consume too many resources.

And his demon heart was one of the many half-step supreme of the Yuanmo clan back then, and because of his talent, he did not receive strong support from the high-level of the Yuanmo clan, so it was extremely difficult to break through the supreme, and he had to wait. Resources are queued to him.

But how difficult is it to rank him?

At that time, the Yuanmo clan developed secretly, with the intention of destroying the human clan, and has been constantly cultivating the top arrogant. If he waits for the resources to reach him with his talent, he is afraid that the day will be cold.

Therefore, he used the relationship to obtain an opportunity, an opportunity to enter the magic cave star. The Demon Cave Star is a top secret realm in the Demon Realm. It is dangerous, nine deaths, but contains many ancient treasures of the Demon Realm, and he accidentally broke into an ancient Demon Vault of the Demon Realm, and obtained the ancient Demon Vault.

Inheritance, broke through the supreme realm in one fell swoop.

In this way, he became a high-ranking member of the Abyssal Demon Race, surpassing many Demon Race Tianjiao whose talents are still above him. This matter has always been his pride, but it is also a secret in the Abyssal Demon Clan. Except for the high-level members of the Abyssal Demon Clan and Tianjiao, most people don't know this secret at all. Unexpectedly, the Lord of the Abyssal Demon has now revealed it to him. How not shocked in my heart

. "What kind of secret is this?" The Lord of the Deep Demon laughed. "Not only do you know that you are the supreme who broke through with the Ancient Demon Treasure, but also that what is contained in the Ancient Demon Treasure is a top power in my Demon Realm. The Demon Heart Sutra of the old man of the heart demon and

His original power, you use the other's original power to temper your body and step into the supreme in one fell swoop. "

As soon as this statement came out, the three Supremes, including the Demon Eye Supreme on the field, each showed a shocked expression, and each of their pupils suddenly shrank.

Because they only knew that Elder Moxin broke through the Supreme to obtain the treasure in the Demon Cavern Star, but they didn't know the details. How did the person in front of him know?

As for the other powerful members of the Abyssal Demon Clan, they also looked shocked.

Elder Demon Heart squinted his eyes, and his heart shook violently, "This secret is only known to the top high-level members of the Yuan Demon Clan back then. How did this guy know?"

"Who is your Excellency?"

The Demon Heart elder screamed and stepped forward, booming, a terrifying breath swept across the world, and the heavens of the entire Abyss Demon Realm were instantly attracted and crushed down rumblingly.

boom!

I saw the countless laws of heaven, like a long river, surging and surging crazily between the heaven and the earth, and instantly came to the Lord of the Abyss.

This is trying to use the power of heaven to test the Lord of Abyss Demon. The Lord of the Abyssal Demon looked calm and didn't care about it. In his body, only a stream of pure Abyssal Demon origin

rose to the sky. This pure Abyssal Demon's power permeated the Heavenly Dao of the Abyssal Demon Clan that suppressed him. The power is like spring breeze and rain in an instant,

Disappeared in an instant.

"Don't try, I said that I am a member of the Abyssal Demon Clan, and I will lie to you." The Lord of the Abyssal Demon sneered: "In this Eternal Dark Demon Realm, who dares to pretend to be a member of the Abyssal Demon Clan, isn't it just looking for death??"

Upon seeing this, Elder Moxin's pupils shrank, and he had already felt it. The power of the Abyss Demon Lord's body was extremely pure, even higher than his.

Even the Heavenly Dao of the Eternal Dark Devil Realm could not suppress him.

If it weren't for the members of the Yuanmo clan, this would have been impossible.

Elder Demon Heart frowned and snorted coldly, "Since I belong to the Deep Demon Clan, why did your Excellency slaughter in my Eternal Dark Demon Realm?"

The Lord of Abyss Demon shook his head and said lightly: "First of all, it is not me who kills in the Eternal Dark Demon Realm, but this necromantic brother."

"Secondly, Brother Necromancer did not commit a big killing. It was our people who first attacked Brother Necromancer and were arrogant. This provokes Brother Necromancer to fight back. Moreover, it was only the death of a peak deity. Nothing."

Elder Moxin's eyes condensed.

Just died a pinnacle deity?

It's ridiculous, any one of the powerhouses of his Abyssal Demon Clan is a daughter of gold, how could he die here for no reason?

The Demon Heart Elder snorted coldly, glanced at the emptiness of the soul, and Qin Chen pointed at the Demon Eye Supreme with a sharp sword, and said coldly: "What about the Demon Eye Supreme?"

"He?" The Lord of Abyss Demon glanced at Demon Tong Zhizun, and said coldly: "I'm an idiot, I'm not sorry to die."

"you..."

Demon Eye Supreme became angry from embarrassment, and just wanted to move, but at this moment, the power of his soul was instantly annihilated under the aura of Qin Chen's sharp sword, and he was so scared that he didn't dare to move. The Lord of Abyss Demon said: "What am I? Isn't your Excellency an idiot? I have said that he is his own person, and he has to go to death, provoke the necromancer, and display the power of darkness. You know that the necromancer has just experienced What happened? What he hates most now is

The dark tribe. "

There are many meanings in the words of the Lord of the Abyss, causing Elder Demon Heart to suddenly shrink his pupils.

"Brother Necromancer?" Elder Moxin glanced at the Lord of Abyss Demon coldly: "Who is this person?"

The Lord of Abyss Demon said lightly: "The identity of Brother Necromancer is not trivial. Does Elder Demon Heart want to ask questions here?"

Elder Demon Heart couldn't help but glanced around, and saw that in the surrounding void, many members of the Abyssal Demon Clan had already come and watched secretly.

He suddenly said in a deep voice: "Then come with me, it's just that the magic pupil is supreme..."

The Lord of the Abyssal Demon immediately said to Qin Chen: "Brother Necromancer, if you are betraying me, please let this person go."

Cang! Qin Chen stood up with his sword, eyes indifferent, and instantly returned to the Lord of the Abyss, and said coldly: "Since Brother Tianyuan has spoken, this seat will give Brother Tianyuan a face, but if this person dares to offend this seat any more. No matter who comes to intercede, this seat will kill him.

"

Demon Eye Supreme became angry and said: "Hmph, if it weren't for this seat's carelessness before, how could it..."

"To shut up!"

The elder Demon Heart yelled at Mo Tong Zhizun angrily: "The shameful things are still being uttered here, you two, don't bring Mo Tong Zhi to go to recuperate."

"Elder, you..." The remaining two supreme expressions were a little worried, for fear that Elder Moxin would be surprised by himself.

"Don't worry, this is the ancestral land of my Abyssal Demon Clan, huh, this elder will be fine, don't hurry up."

"Yes." The two supreme swiftly left with the emptiness of the magic pupil supreme soul.

[Chapter 4599: Penal Palace](#)

Elder Moxin said to Qin Chen and the master of Yuanmo: "You two, please come with me."

Elder Moxin didn't look at the two of them, and led the way by himself.

"Brother Necromancer, let's go."

The Lord of Yuanmo said to Qin Chen, Qin Chen nodded, and the two immediately followed the Elder Moxin and left instantly.

The other members of the Yuanmo tribe on the field were talking and dispersed.

Whoosh!

In the sky, three streams of light shuttle among the magic stars.

It can be seen that the three of them are constantly approaching the core area of the ancestral land of the Abyssal Demon Race.

The deeper you go, the more you can feel the terrifying power of the Abyssal Demon contained in the heavens and the earth, like a big mountain, pressing on Qin Chen fiercely.

"There is little dust, you must be careful."

In the chaotic world, Wanling Mozun and others all said nervously.

This is the ancestral land of the Abyss Demon Race, the most terrifying and core place in the entire Demon Realm.

"What are you afraid of? If you really want to do something, my ancestor will take you out directly." Honghuang Zulong pouted.

Before coming in, he always reminded Qin Chen, but after entering the deep demon ancestor land, he was relieved, and it was a big deal to kill him.

"A few rest assured, in this Abyss Demon Ancestor Land, I will not let the master suffer any harm." The master of the Abyss Demon said through a voice transmission.

"Hmph, little devil, if you dare to let little Qin Chen do something, the ancestor will kill you." Honghuang Zulong snorted coldly.

While talking, the two had already arrived in front of a magnificent hall.

This is a large hall suspended among the magic stars. The whole body is pitch black. It is made of a special kind of magic stone. When it comes close, it exudes endless terrible magic energy.

"Two, here."

At the gate of this hall, Elder Moxin stood and said lightly.

"Elder Demon Heart, what are you doing with me waiting to come to this penalty hall? Why, do you want to come to an inter-clan trial?" The Lord of the Abyss suddenly said lightly.

Elder Moxin suddenly shrank his pupils, and looked deeply at the Lord of Abyss Demon.

Can this person actually recognize the punishment hall of his Abyssal Demon Race?

I am afraid that it is indeed the same as the Yuanmo people.

It's just that, why is such a strong person, he has never heard of it in the clan?

With doubts in his mind, Elder Moxin said indifferently: "The two came to my Abyssal Demon Clan, wearing masks, and not showing their true colors. Naturally, they have to come to my Abyssal Demon Clan Penalty Hall to verify it. Why, are the two afraid?" The Lord of the Abyssal Demon said indifferently? "Afraid? Elder Demon Heart, don't use the violent general method. I will tell you the identity of this seat later. What's more, the penalty hall is in charge of the punishment of my Abyssal Demon Clan. Can be verified by the Penal Hall, and can dispel demons by itself

Elder Xin, your doubts, if this seat is not wrong, the several prison elders of our clan have already arrived, so let's lead the way earlier. "

Elder Moxin's eyes condensed, he had already seen that the person in front of him really knew the situation of his Abyss Demon Clan very well.

"Since your Excellency is going to say something sooner or later, why not tell this elder here, so that this elder may be mentally prepared? In my Abyss Demon Clan, I have never heard of such a character as yours. Could it be that the two of you have something shameless s reason?"

Elder Moxin's words were provocative in temptation.

Elder Moxin said for a long time, but he didn't get a word of response.

He turned his gaze sideways, but found that the faces and eyes of the Lord of Abyss Demon and Qin Chen were as cold as ice, their dark eyes looked forward, and they didn't turn a half towards him... completely ignored what he said.

He seemed to be telling him that he didn't deserve to let them respond.

The elder of the Yuanmo clan, the high-level in the clan, the mid-term supreme, the real person with real power, is not worthy?

Elder Moxin turned his eyes back, no anger, and stopped talking, but a cold light flashed in his eyes.

Since he broke through the supreme, how has he been so ignored!

"Here." After a long and suppressed silence, Elder Moxin stopped before a huge magic gate. He didn't turn around and turned his back to the Lord of Abyss Demon and Qin Chen and said: "After this gate, it is the penalty hall. Several penalty elders of my deep demons are already waiting inside,

Two please. "

Saying "please" in his mouth, there was a rune sheen on his body, and he took the first step and stepped into the magic door.

The Lord of the Abyssal Demon stepped and just approached, suddenly black light shot from above the Demon Gate, forming a dark barrier, and the dark breath released from the barrier was so tyrannical that it made people desperate.

In front is the penalty hall, the place where the Yuanmo tribe's punishment is in charge, it can be regarded as a core place of the Yuanmo tribe. All the people who are punished in the tribe will be kept here. The strong barrier can be imagined.

Even if it is the top supreme, it is impossible to break through in a short time.

"Oh?" Inside the Demon Sect, Elder Demon Heart turned his eyes, as if he was just thinking of something. He smiled and said: "Almost forgot, the penalty hall can only be entered by the high-level people who have the power of my deep demon clan. Otherwise, Will be blocked by barriers."

"However, since your Excellency is a member of my Abyssal Demon Clan, and his identity is so mysterious, he must have the original power of my Abyssal Demon Clan. I must not need me to open this barrier for you at all."

Elder Moxin's mouth outlines a mocking smile, and his eyes are full of undisguised provocation and a touch of irony.

Or, it's revenge for his previous ignorance... After all, no one has ever dared to despise the Elder Demon Heart!

However, the face of the Lord of the Abyss did not show the anger or gloom that he expected, and even the eyes and eyebrows were not turbulent at all.

He stepped forward, raised his palm, and extended a finger at random, making an understatement forward.

puff! With a soft sound, the fingers of the Lord of the Abyss directly touched the dark gloss barrier, and an invisible force spread out. The fingers of the Lord of the Abyss seemed to be unobstructed and plunged into the dark barrier in an instant. Pass through, like wear

Blank paper.

"what?"

At that moment, the pupils of Elder Moxin seemed to be pierced suddenly by a poisonous thorn, and they shrank to the size of a needle eye in an instant.

The mid-term supreme, the elder of the Yuanmo clan, in this world, there are too few things that can make him slightly move, but at this moment, he clearly feels the shock of his heart and soul at the same time.

Click!

An incomparably ear-piercing, almost groaning sound of hiss sounded, and an invisible force spread out above the Lord of the Abyss, and I saw that the dark barrier radiated countless cracks centered on the Lord of the Abyss, and then collapsed suddenly. .

boom! This is a barrier built by the power of the powerful Abyssal Demon Race's punishment. The power contained in it is huge enough to destroy the sky and the earth. When it collapses, the surrounding space crazily collapses in the violent dark vortex, and the sound of the terrifying formation is shaking. It lasted for a few breaths before it ended

Yu scattered.

In the dark storm that lasted for a long time, the Lord of Abyss Demon was spotless, not even the tip of his hair was raised at all.

"Brother Necromancer, let's go." In the elder Demon Heart's completely frozen expression, the Lord of the Yuan Demon retracted his fingers lightly, with a very faint ironic smile on his face, and said with a light smile to Qin Chen. It's very pleasant to step into it.

[Chapter 4600: Ten Thousand Demons](#)

Qin Chen smiled slightly and followed the Lord of Abyss Demon into the penalty hall.

Both of them were very tall and straight, like a javelin, and their momentum went straight into the sky, as if the barrier before it had not damaged their mood in the slightest.

After the two entered the penalty hall, the Lord of the Abyss condensed his breath and banged, and the originally broken dark barrier was once again condensed into an invisible film above the gate of the penalty hall.

If it is a barrier converged with the same supreme power in other realms, the Lord of the Abyss will not be able to break it unless he uses his full force. The barrier of the penalty hall is even the mid-term supreme elder of the Abyss. Can stop.

But in this demon world, the barrier of the penalty hall was a joke to him.

Because he used to be the heir of the Yuanmo clan, in human terms, he is the Prince of the East Palace.

Although he has not returned to the Demon Realm for many years, it is impossible for all the forces in the Eternal Dark Demon Realm to stop him.

In terms of blood lineage and source purity, the Lord of the Abyss is even above the Supreme Eclipse.

It's just that everything that the Lord of the Demon Heart did, fell in the eyes of the elder Demon Heart, but it was like thunder. He squinted his eyes, and his heart was throbbing: "How is it possible?"

However, the elder Demon Heart is also the top level of the Demon Clan. The strong, soon, the stiff color on his face was quickly wiped away by him, his eyes changed slightly, and a smile appeared at the corner of his mouth: "So I said it a long time ago, you two must not need me to fight for you.

Open the barrier, after all, your Excellency is a member of my Abyssal Demon Clan, it is impossible for this barrier to stop you. "

He looked calm, but when he spoke, the arc of his mouth that held up a faint smile trembled slightly, which seemed to be twitching.

How terrible the strength of this barrier is, Elder Moxin couldn't be more clear in his heart.

Don't talk about him, even the penalty elders and others who have a higher status than him, it is difficult to break through in a short time.

Unless, there is a later supreme level of cultivation.

And the mysterious person in front of him... just poke with his finger! ?

Moreover, his fingers, his whole body, could hardly feel any demon source fluctuations.

The vigilance, speculation, and ridicule in Elder Moxin's heart were shocked and disintegrated in an instant, only the shock and horror that he had never experienced in his life.

One finger broke the guardian barrier of the penalty hall, this is a power that shouldn't exist at all.

Coupled with the previous move of the Lord of Abyss Demon to inspire Heavenly Dao in the Eternal Dark Demon Realm, the Elder Demon Heart trembles.

Is the person in front of him... really the core figure of his Abyssal Demon Race?

It's not just him that is shocked.

At this moment, in the depths of the penalty hall, in a dark void, on the surrounding starry throne, several figures slowly emerged.

These people all exude terrible heart palpitations, and they are obviously all supreme-level powerhouses. It is the punishment elder of the Abyss Demon Race who is in charge of many of the punishment laws of the Abyss Demon Race.

Terran, there are allied city law enforcement teams!

As for the Demon Race, there is the Yuan Demon Race Penalty Hall. Its power is so great that it can handle the punishment of many races under the Demon Race. It has a reputation in the entire universe.

At this moment, the extreme penalty elders of this penalty hall, after seeing the actions of the Lord of Abyss, stood up in shock one by one, and their figures were shocked.

"This...unbelievable." An old man said in a deep voice, his eyes rounded.

"The elder Demon Heart sent a message that a stranger broke into my Eternal Dark Demon Realm, but it strangely carried the original power of my Abyss Demon Clan. I thought someone pretended to be a member of my Abyss Demon Clan. Now it seems, This person is afraid to be extraordinary."

"One finger broke through the guardian barrier of the penalty hall, Yan Xing, I'm afraid you can't do it, right?"

"I? Punishment, you look too high at me, let alone me, in my clan, except for the ancestors, even the patriarch, I am afraid that I can't do it."

"Who is this person? Why have I never seen this in the clan before? That's fine, I never even heard of it? Weird, it's really weird."

"Would you like to call the ancestors? And the patriarch?"

"Don't worry, let's take a look. If I rashly disturb the ancestor, I am afraid that I will not escape punishment, and although these two people are special, their aura does not seem strong. When they come here, I will naturally know. Their identity."

"Then keep watching and let Elder Moxin take them away from the Great Demon Array."

"What? Going to the Ten Thousand Demons Array?"

"The Ten Thousand Demon Array is specially used by my penalty hall to punish the supreme powerful. In case this person is indeed an important figure of my Abyssal Demon Clan, what damage will be caused to him, I am afraid..."

"Don't worry, there is nothing wrong with the Elder Demon Heart leading the way, and the Ten Thousand Demon Array can also test this person again."

Shocking sounds echoed in this starry sky hall for a long time.

In the penalty hall at this moment, the Elder Moxin took Qin Chen and the Lord of Yuanmo to move forward.

The three of them moved forward slowly, heading directly to the depths of the huge palace in front of them that released the power of the heavens.

After passing through the great hall, a pitch-black void appeared in front of the three of them, and in that pitch-black void, there were countless extremely terrifying magic stars suspended.

These magic stars all exude the power of the deep demon that is heart-pounding, symbolizing the power of the deep demon with many different rules in the Eternal Dark Demon Realm. When the Lord of Abyssal Demon approached, all the silent demon stars suddenly awakened, releasing the rich black glow of their debut, and emitting bursts of terrifying demon light aura, instantly combined together, the whole void looked like an instant. Fell into

The boundless purgatory.

"This is the great array of demons in my penalty hall."

Behind him, Elder Moxin said indifferently: "If there is no high-level leadership from the Punishment Hall, anyone who tries to enter the big battle without permission will suffer..."

Before he finished his words, he saw that the Lord of Abyss Demon had directly stepped up and stepped into the Ten Thousand Demon Formation.

"Boom boom boom!"

The sound of boundless demon anger rang into the sky, and all the black lights of the demon stars in the sky flashed, and the surging dark magic power was like boiling black molten flame. The power of the Ten Thousand Demon Great Array is the gathering of the original forces of countless demon races in the entire Demon Realm. It is then personally arranged by the ancestors. It is the core formation of the Penalty Hall, which envelops the entire Penalty Hall. Demon's top

The strong.

And the role of this great array of demons is to make it impossible for the strongest masters of the demons to escape the shackles of the penalty hall, and its power can be imagined, even if the late supreme of other demons stepped in rashly, once it broke out, it will definitely be hurt.

Looking for death... As soon as two words flashed in the heart of Elder Moxin, his eyes suddenly enlarged.

Suddenly, all the magic light released by the magic star in the sky stopped boiling, and even the sky-shaking roar completely disappeared.

"what?"

Elder Moxin's eyes widened, his pupils contracted, and the words he was about to export were stuck in his throat. And an even more terrifying scene followed...
