

Valkyrie 4611

[Chapter 4611: Infinite magic](#)

I have to say that this Infinite Demon Prison is extremely terrifying, and as soon as Qin Chen enters it, his whole person seems to be plunged into an abyss that cannot be extricated from it.

The power of the billowing demons rushed into Qin Chen's body frantically, and tried to repel Qin Chen's body.

"roll!"

Qin Chen shouted in a low voice, urging the death aura in his body, trying to repel the power of the demon clan, but the power of this Infinite Demon Prison was pervasive, even more terrifying than the power of the abyss in the land of the abyss.

"Master, are you okay?"

The Lord of Abyss Demon even looked over. All over his body, the billowing demon energy surged, and the power in this Infinite Demon Prison lingered around his physical body. You can see that the power in this Infinite Demon Prison did not harm him after approaching the Lord of Abyss Demon. , But by his physical body

Inhale it little by little.

call!

Suck!

The pores of the main body of the Abyssal Demon seemed to be constantly vomiting, visible to the naked eye, the power in the main body of the Abyssal Demon was slowly increasing at a rather alarming speed.

The Infinite Demon Prison is the forbidden land of the Abyss Demon Clan, and the Lord of the Abyss Demon Clan is the descendant of the Abyss Demon Clan. The power here has tremendous oppression on the other Demon Clan people, and even some of the Abyss Demon Clan people will be restrained.

But for the Lord of Abyss Demon, not only did he not oppress him at all, but he could continuously increase the strength in his body.

"I'm fine."

Qin Chen's eyes were cold, he didn't believe it anymore, he couldn't resist the power in this Infinite Demon Prison.

"Boom!" A terrible breath came out of Qin Chen's body, and the billowing breath of death lingered, trying to resist the power in the Infinite Demon Prison, booming, the power of death and the power in the Infinite Demon Prison were there. The void keeps colliding and rumbling

Naruto.

"Master, in fact, you don't have to resist the power in this Infinite Demon Prison."

At this moment, the Lord of the Abyss suddenly said.

Qin Chen looked over and frowned, "What do you mean?"

The Lord of Abyss Demon said solemnly: "Master, you may not know the formation of Infinite Demon Prison."

The Lord of the Abyssal Demon looked up at the sky, "The reason why the Infinite Demon Prison appears in my Demon Realm is all because of the Ten Thousand Realm Demon Tree."

"The Devil Tree of Ten Thousand Realms?" Qin Chen was puzzled.

"This is the secret of my Demon Race. It is rumored that in ancient times, the Demon God enlightened and created the Demon Race under the Demon Tree of the Ten Thousand Worlds. Therefore, the Demon Tree of the Ten Thousand Worlds is the sacred object of my Demon Clan."

"and then?"

"And the place where the Devil Tree of Ten Thousand Worlds was back then was this Infinite Demon Prison."

The Lord of Abyss Demon sighed: "It is precisely because of the disappearance of the Demon Tree of the Ten Thousand Realms that a void appeared in my Demon Realm, and that void became the location of the Infinite Demon Prison and became a forbidden place for my Abyss Demon Race."

"And the power in this Infinite Demon Prison is actually caused by the disappearance of the power of the Ten Thousand Realms Demon Tree. Master, you only need to release a bit of the power of the Ten Thousand Realms Demon Tree. The power in this Infinite Demon Prison is very likely to be gone again. It won't erode you anymore."

The Lord of Abyss Demon guessed.

"Is there anything else?"

Qin Chen was shocked.

In the chaotic world, Wanling Demon Sovereign and the others are also stunned.

They did not know this news.

After all, these secrets are probably only known to the Lord of the Abyss, the heir of the Abyss.

"This Infinite Demon Prison was formed after the disappearance of the Demon Tree of the Ten Thousand Realms!"

Qin Chen murmured.

In the next moment, Qin Chen directly let go of a trace of the chaos world, allowing a ray of breath in the Devil Tree of Ten Thousand Realms to be released quietly.

boom!

In the next moment, the power in the entire Infinite Demon Prison almost boiled, rumbling, Qin Chen clearly perceives with his naked eyes, the endless power of the Infinite Demon Prison around, at this moment, has madly poured into his chaotic world.

boom!

After entering the world of chaos, the billowing one rushed to the Demon Tree of the Ten Thousand Realms at the same time, constantly surrounding the Demon Tree of the Ten Thousand Realms, and then nourishing the Demon Tree of the Ten Thousand Realms.

Originally, it had just broken through the supreme-level Demon Tree of the Ten Thousand Worlds because it had swallowed the endless source of devil.

Although this improvement was extremely subtle, the Ten Thousand Realms Demon Tree was in the Chaos World, and Qin Chen, the owner of the Chaos World, clearly felt these slight changes.

hiss!

Qin Chen's eyes lit up suddenly.

Look at the boiling void all around.

He never expected that the power in this Infinite Demon Prison would be such an amazing improvement and help to the Ten Thousand World Demon Tree.

The Lord of Abyss Demon was dumbfounded, "Master, this..."

Although he guessed that the aura of the Ten Thousand Realms Demon Tree could make Qin Chen unaffected by the Infinite Demon Prison, he did not expect that it would not be affected. On the contrary, the Ten Thousand Realms Demon Tree had something to do with the power in this Infinite Demon Prison. The feeling of being swallowed completely.

It's just that the shock in his eyes has not yet subsided.

With a bang, the terrifying aura of Qin Chen's body disappeared in an instant, and the power of the Infinite Demon Prison that was boiling between the heavens and the earth, turned into a headless fly, and calmed down in an instant.

The Lord of Abyss Demon looked at Qin Chen in astonishment, and said in doubt: "Master, you... why don't you continue to absorb it?"

Qin Chen's eyes were serious, "Now is not the time to absorb the power of this Infinite Demon Prison."

"Go first!"

Qin Chen's voice fell, his figure shook, and he left abruptly. Upon seeing this, the Lord of Yuanmo quickly followed and left.

The previous fluctuations caused by the Devil Tree of the Ten Thousand Realms were too great, and Qin Chen knew very well that if he continued to absorb it, he would be easily discovered by the people of the Dark Clan, and by then, he would be in trouble.

Must leave.

But not long after Qin Chen and the others left.

Whizzing!

Two silhouettes exuding terrible dark aura suddenly appeared in this void.

"What happened here just now?"

One of them glanced like electricity and scanned the surroundings.

boom!

He leaned out his palm, and the rolling power condensed in his palm, instantly forming a terrifying breath, and perceiving it carefully.

The next moment, he frowned slightly.

"Strange, the magic power here seems to have been mobilized, but there is no trace left, weird?" "It should be an inexplicable riot of magic power." Another dark tribe member said lightly: "This magic prison is It is the forbidden area of this universe of Demon Race, the power contained in it is extremely terrifying, even the top powerhouse of the Abyss Demon Race cannot easily

Motivation, the previous wave, should just be the rhythm of this Infinite Demon Prison itself. "

"maybe."

"Well, don't waste time. The breath of Gu Yi suddenly disappeared at the entrance of the Infernal Demon Prison. Your lord asked us to hurry up and investigate."

"go."

The two dark tribe members looked at each other, the previous dark tribe member waved his hand, booming, the endless magical power quickly dissipated, and the two of them shook their bodies and suddenly disappeared between the sky and the earth.

After a while, the two had already arrived at the entrance of the Infinite Demon Prison.

"This breath..."

After sensing the aura at the entrance of the Infinite Demon Prison, the complexions of the two dark tribesmen suddenly changed.

boom! A terrible murderous aura shot up from the two men in black in an instant.

[Chapter 4612: Wait slowly](#)

At this moment, in the endless darkness, the two figures flashed with frightened eyes, their expressions furious.

Because, in the periphery of this Infinite Demon Prison, they felt a trace of their unique life breath of the Dark Clan. This is, the Dark Clan members were injured here before, and the injuries were not small.

"Where are the Yuanmo people? Get out of it for me."

boom!

The infinite dark aura rose, and the surrounding void began to burn, unable to withstand this power.

The two dark people roared outside the Infinite Demon Prison.

"Trouble." Outside the Infinite Demon Prison, the ancient demon elder frowned as he looked at the two Dark Tribe members in the Infinite Demon Prison.

He didn't expect that the Dark Race people would come so soon.

Aside, Elder Moxin, Yan Gongzhi and others also changed color.

The people of the dark tribe are overbearing. If they knew that a strong man under their command had fallen here, it would be a big trouble.

"Elder Ancient Demon." Elder Demon Heart and the others looked at each other.

"Don't talk, leave it to me."

Elder Ancient Demon frowned, whispered, and then he shook his figure and went straight to the outside of the Infinite Demon Prison.

"I've seen two of you, I don't know what the two of you have ordered?"

Elder Ancient Demon smiled and arched his hands.

"Huh, what happened here just now? What about my dark race's Gu Yi? Why are the people missing? You guys, quickly hand them over!"

One of the Dark Clan members coldly said, his whole body boiling with murderous aura, just like the essence.

"Two, I don't understand what you mean."

Elder Ancient Demon frowned and said in doubt: "I have just arrived here. I haven't had time to investigate. I don't know what is going on here? If the two of you know, please let me know."

"You just got here?" The two dark people were startled.

Immediately, a terrible murderous intent suddenly swept out from one of the Dark Race members, booming, like a vast ocean, rushing out in an instant.

Boom boom boom!

Dark power surges, like the end is coming.

"When we are idiots? So many of you, will you just arrive here? Tell me, what is going on with my clan's Gu Yi? Dare to touch my dark clan people, you humble ants, do you want to die?"

"Ants?"

Elder Ancient Demon's eyes were cold, and he said coldly, "Friend, please respect yourself."

The Yuanmo tribe gave them a place to live, but they actually said they were ants? How not angry in the heart of the ancient demon elder.

Aside, Elder Moxin and others also had ugly faces, their fists clenched.

Aggrieved.

"Hahaha, self-respect? Are you not ants? If you don't have the help of my dark clan, your deep demons can occupy such a position in this universe?"

"boom."

The master of the dark clan snorted coldly, and the terrifying dark aura on his body even seeped out of the Infinite Demon Prison.

It's just that a trace of...

Cang Dang!

Between heaven and earth, a terrifying aura descended, and the heavenly path of the Eternal Dark Demon Realm seemed to be shocked, and a kind of heavenly punishment power would surge along with it.

This is the suppression of the origin of this universe.

Although the Heavenly Dao of the Eternal Dark Demon Realm has been controlled by the Abyss Demon Clan, it is because the Abyss Demon Clan is also a creature in this universe.

But this dark race can only stay in the Infinite Demon Prison. Once their aura penetrates beyond the Infinite Demon Prison, even in this Eternal Dark Demon Realm, they will be perceived by the universe and heaven, and will be directly suppressed.

"My friend, this is the Demon Realm, and I hope my friends will pay attention to their identity, and don't disturb the origin of the universe, so I can't keep you waiting."

Elder Gumo's tone is not so pleasant.

The dark tribe's face turned ugly, "You use the origin of the universe to oppress us?" Elder Ancient Demon said: "Friend, I didn't use the origin to oppress you, but this is a fact originally, I just advise you, as for What kind of Gu Yi the two said before, I really just arrived, so I am not very clear.

."

"I waited to come because I had previously sensed that there is a violent aura from the Infinite Demon Prison, so I came here to check it." "Although the words are not sound, I still want to warn that this Infinite Demon Prison is an ancestor. I've given you a place to live, but after all, it's the place of my Abyssal Demon Clan. Please also tell the other people of your clan, don't make too much noise.

."

The voice of the ancient demon elder fell, and he turned and left.

"Ant, look for death!"

The dark people were grumpy and booming, and the terrible dark air surged like a vast ocean, about to surging out.

But at a critical moment, he was stopped by another dark tribe.

"Don't do it here, once you are perceived by the origin of this universe, you will be in trouble." The Dark Race man said coldly.

"Damn it, this Abyssal Demon Clan is too arrogant, the ants are alone, and I don't know who gave them the courage. Do you really think you are the top existence in this world?"

He was angry, but when he thought of the origin of the universe, this person's face was pale, and his anger was suppressed.

"Okay, it doesn't make sense to say this. Gu Yi disappeared. There is something wrong with this matter. Go back and report it to the lord." "If you want me to say, it must be the hands of this deep demon clan. Gu Yi's breath does stay here. Yes, and there is still a dark aura that hasn't dissipated here. In this demon world, besides his deep demon clan, who else can come here to treat me the dark clan?"

Of people do it? "

"That's just your guess."

"Although it's a guess, but it's not far from ten, huh, if it weren't for me to invade this universe, I would have to use the hands of this deep demons clan people, how could I be so helpless."

"Well, no matter what, this matter is not for us to decide, let's go."

Whizzing.

The two figures instantly disappeared between heaven and earth.

Outside the Infinite Demon Prison, the Elders of the Ancient Demon stopped somewhere in the void, but they did not leave the Infinite Demon Prison.

"Elder Ancient Demon, these dark people are too arrogant."

Kupu Zhizun said angrily, his murderous aura surged.

"Hmph, those Dark Race people didn't put me in their eyes at all. It's ridiculous, this is the territory of my Abyss Demon Race, when will it be their Dark Race people to go wild."

Elder Yan Gong and they were furious one by one.

As a high-level member of the Abyssal Demon Clan, when has he suffered such shame? Elder Ancient Demon said coldly: "Don't worry, everyone, don't you think that the ancestors didn't know the wolf ambition of these guys? Although the Dark Clan people are now on the side of our Abyss Demon Clan, they are really waiting for them to come to this world. Once defeated

Clan, I'm afraid that it will turn face with my clan immediately, so I can bear with them for the time being. The ancestors have made their own arrangements. "

"Elder, then why didn't you tell that person from the underworld just now?"

Elder Moxin said in a puzzled manner.

As long as the people of the underworld are mentioned, their suspicion will naturally be alleviated. "This matter is not as simple as you think." Ancient Demon Elder raised his head and looked at the Infinite Demon Prison, and said in a deep voice, "Wait slowly."

[Chapter 4613: Mystery land](#)

In the Infinite Demon Prison, Qin Chen and the Lord of Yuanmo quickly walked in the void.

At this moment, Qin Chen, the power of the Infinite Demon Prison surging around him constantly, but he was a little bit of income into the chaotic world.

Keep a balance with yourself.

Not too much to arouse Infinite Magic Power, attract other people's attention, but also allow the Ten Thousand Realm Demon Tree to be promoted and absorbed.

In the Infinite Demon Prison, there are many dangers, and there are terrible auras everywhere, like ghosts, permeating their bodies from all directions.

The general supreme can't bear this power, but Qin Chen and the Lord of Yuanmo are not affected by this power at all.

boom!

In the chaotic world, the endless magic power was slowly swallowed by the Demon Tree of the Ten Thousand Realms, which continued to grow.

Qin Chen was advancing while improving himself.

This Infinite Demon Prison was extremely dangerous, and Qin Chen didn't think he was invincible. The reason why he was arrogant before was also to disturb this place, but it didn't mean that he could ignore the dark clan.

Therefore, he needs to continuously absorb the infinite magic power and enhance the power of the Ten Thousand World Demon Tree.

Qin Chen and the others continued to deepen along the tide of power in the Infinite Demon Prison.

There is the path of the Lord of Abyss Demon, Qin Chen and the others are familiar with the road, and finally, after a while, they came to the depths of the Infinite Demon Prison.

"This..."

Seeing the scene in front of them, Qin Chen and the Lord of Yuanmo were shocked.

Before entering the Infinite Demon Prison, Qin Chen had never imagined that it would be such a scene in the depths of the Infinite Demon Prison.

what is that?

Qin Chen's eyes widened, and he tried his best to look over.

Not only him, but the Lord of Abyss Demon on the side were a little astonished, and even the primordial Ancestral Dragon and others in the Chaos World all looked dull.

because...

At this moment, what appeared in front of them was a vast continent. This continent was extremely vast, like a floating island in the sky, suspended in this pitch-black Infinite Demon Prison.

There is a vast continent in the depths of the most terrifying Infinite Demon Prison of the Abyssal Demon Race? That's all. What shocked Qin Chen even more was that there were horrible dark lights in the sky above this continent. The dark lights exuded an astonishing dark aura, like a huge shield, covering the entire continent. In it, no

Corroded by the magic of the Infinite Demon Prison.

Moreover, from a distance, the continent seemed like a small world, in which there seemed to be creatures living.

"Lord of Abyss Demon, this is..."

Qin Chen said with solemn eyes.

"This... Master, my subordinates don't know what's going on. Before the subordinates left the Eternal Dark Demon Realm that year, the depths of this Infinite Demon Prison was the forbidden place of my Abyss Demon Race, and it was an ancient ruin, but this continent ..."

The Lord of Abyss Demon was also a little confused.

He was also shocked by everything in front of him.

"Go, go and see."

Qin Chen's eyes flashed, and then quietly approached.

In this Infinite Demon Prison, there are deadly magic stars and meteorites floating, Qin Chen just approached, and suddenly felt the breath of a strong passing by.

"Someone is coming, be careful."

Qin Chen let out a low cry, and the Lord of He Yuanmo instantly hid behind a meteorite.

When I looked up, I saw a group of dark people exuding the power of darkness and covered in dark armor slowly passing by in the void in the distance.

Although the aura of this group of Dark Clan members is not weak, it is only at the level of Heavenly Sovereign, not as terrifying as the Half-Step Sovereign who was previously beheaded by Qin Chen.

This team is wearing armor, holding a black spear, and patrolling the surroundings, like a black substance, which is heart palpitating.

"Master, it's the Dark Guard!" The Lord of the Abyss Demon said solemnly, "These guys should be the guards of the Dark Race. They have seen them before."

"Dark Guard? Are they patrolling?"

Qin Chen frowned.

Seeing the other party approaching, Qin Chen carefully concealed behind the meteorite, completely converging his aura, using the aura of the Demon Tree of the Ten Thousand Realms to completely merge with this infinite demon prison.

The Lord of Abyss Demon was originally the descendant of the Abyss Demon Clan, and naturally also perfectly combined with the Infinite Demon Prison.

An invisible breath of darkness permeated by, and the other party didn't notice the two of them, and left straight away.

After the other party left, Qin Chen moved forward again.

In this Infinite Demon Prison, the deeper the guard, the more tightly guarded, Qin Chen and the others encountered the three dark guards within a short period of time.

Fortunately, there are no supreme-level masters in these dark guards, otherwise it would be difficult for Qin Chen and the two to remain undiscovered.

But also, the people of the Dark Race are regarded as foreign races in this world, and the real top masters are afraid that they will not be able to survive in this world.

"My lord, I can sense the Demon Soul Source Device, as if it's in the depths of that continent."

After flying along this Infinite Demon Prison for a while, the face of the Lord of the Abyss suddenly became hard to look.

Because, with his blood, he could vaguely feel the location of the Demon Soul Source Device, but the power of that Demon Soul Source Device was actually transmitted from that continent. In other words, they wanted to get the Demon Soul Source Device. Must enter that weird continent.

Qin Chen's face also became difficult to look.

"Go, try first!"

At this point, Qin Chen would naturally not give up easily. After avoiding a patrol guard, Qin Chen quietly came to the barrier above the mainland.

"There are prohibitions in this barrier."

Qin Chen wanted to enter this continent directly, but his consciousness swept slightly, and he immediately felt an invisible barrier.

If you break in rashly, it will inevitably trigger the prohibition in it and provoke the idea of the dark people.

"Damn it!"

Qin Chen's face was pale, and he hurriedly stared at the restriction for analysis.

At this look, Qin Chen couldn't help being taken aback.

"What a mysterious restriction." The restriction in front of him was even more terrifying than he had imagined. It was a kind of spatial restriction, and this kind of spatial restriction was very different from the general restriction in this universe. It can be seen only by scanning, and the pattern on it is complicated,

Qin Chen felt dizzy.

Is it a special restriction of the dark race?

Qin Chen's face was ugly.

Based on his understanding of prohibition, no prohibition in this world may be able to trap him, but if it exceeds the scope of this universe, it will cause him a headache.

"Master, this prohibition is not owned by my Abyssal Demon Clan, it seems that it should be the prohibition of the Dark Clan." The Master of the Abyssal Demon said, his face a little ugly.

The space restriction in front of him gave him the feeling that it was a copper wall and iron wall, as solid as gold, even if he tried his best, it would be difficult to break it. It can be seen that this restriction is by no means comparable to ordinary Abyssal Demon restriction.

"I can see that this prohibition should be the prohibition of the dark race. I will try it."

Qin Chen took a deep breath, his divine consciousness penetrated into it, and he began to perceive it slowly. Hard break is definitely not possible, it can only be cracked.

[Chapter 4614: Break the prohibition](#)

Qin Chen possessed the blood of the Dark King in his body, and cultivated various mysterious powers such as the totem of the **** emperor.

With Qin Chen's perception, the entire ban was also printed into his mind bit by bit. The dark ban in front of him is surrounded by rings, like an iron chain, connected to each other, wanting to solve it. Open, the difficulty is by no means ordinary.

The prohibition of the dark race is no small matter.

However, Qin Chen remembered the nirvana crystal stele that he had fished in the Nether Galaxy and the power of the dark sky in it.

The power of the dark sky is obviously not the power of this universe, but from the universe.

In addition, the mysterious totem forbidden power in the void tide sea also comes from the universe.

In fact, although Qin Chen has never left this universe, he already has a lot of understanding of the power in the universe. At this moment, he perceives such a terrible dark restraint power, but it arouses the pride in Qin Chen's heart.

Darkness prohibition, is it strong?

Qin Chen didn't realize it.

He can even control the king blood of the dark clan, and when his cultivation base is extremely low, he doesn't believe that he can't break the ban of the dark clan.

At this moment, his whole person was completely immersed in the feeling of prohibition, cracking it bit by bit.

On the side, the Lord of Abyss Demon was shocked and shocked when he saw this scene, but he said nothing, just watched it quietly.

In his eyes, what the master does is not worthy of surprise.

However, he is well aware of the horror of this dark prohibition. This is a force from outside the universe. Even the ancestors did not control it back then. Can the master crack it?

Although he has enough confidence in Qin Chen, he still has some worries in his heart.

Time goes by little by little.

An hour.

Two hours.

Three hours.

Six hours.

one day.

Among them, sometimes there will be dark guards patrolling by. When the opponent passes by, Qin Chen will hide it for the first time, and after the opponent leaves, Qin Chen stepped forward to crack it again.

At the beginning, Qin Chen was still competing with the dark restraint in front of him, but gradually, when he was completely immersed in it, he merged into the depth of the restraint, as if immersed in the sea of restraint.

After Qin Chen perceives some of the restricted structures, he did not break them in the outside world, but entered the chaotic world, and under the blessing of the power of the years, he made insights.

Qin Chen, who had already awakened the origin of time, made the flow in the chaotic world even more terrifying.

One day outside, one year inside.

With the passage of time, Qin Chen's understanding of this dark prohibition became more and more profound, and he combined it with the various prohibitions he had seen before and confirmed each other, and immediately felt a sense of sudden enlightenment.

After Qin Chen had been in the chaotic world for three full years, a hint of surprise suddenly appeared on his face, and there was a sudden feeling of enlightenment in his mind.

Huh!

At the next moment, Qin Chen suddenly appeared outside.

At the same time, his eyes glowed, and his hands moved quickly.

Hum!

I saw the invisible restriction in front, flowing strangely, and under Qin Chen's urging, a gap was quietly opened, revealing a large hole more than one meter high.

The Lord of the Abyss suddenly widened his shocked eyes: "It really broke open, Master, how did you do it?"

It's not that he didn't understand this dark restriction, it was a restriction that even the ancestors couldn't control back then.

Qin Chen smiled slightly: "Actually, it is not difficult to break this dark ban, but you must control the power of darkness, otherwise no matter how you break it, it will trigger the backlash of the ban and be spied on."

"Let's go!"

Whoosh!

Qin Chen's voice fell, his figure shook, and he suddenly disappeared in the entrance of the cave. The Lord of Yuanmo also hurriedly rushed into it, following him.

A wave of invisible dark aura swept through the bodies of Qin Chen and the Lord of Yuanmo, but they did not cause a wave of restraint. Seeing that they were about to penetrate the restraint and enter the mainland...

Suddenly, Qin Chen's face changed suddenly.

Because outside of this restriction, a few shadows appeared vaguely, and there were people after this restriction?

"not good!"

Qin Chen was shocked immediately. He didn't understand what was going on on this continent. If there were people from the Dark Clan after this prohibition, they would immediately become a net of heaven and earth as soon as they entered.

This is the base camp of the Dark Clan in the Demon Realm.

"the host..."

The voice of the Lord of the Abyss is also a bit nervous. Among the Abyss, he is fearless, because his identity is extraordinary, but this dark family will never sell him the face of the heir of the Abyss, even knowing He doesn't have many people.

Qin Chen hurriedly turned his head and looked around. He wanted to go back the same way and leave here first. No matter what, he must not meet the people of the Dark Race directly.

But as soon as he turned his head, he saw the restriction gap opened behind him, which was slowly closing at this moment.

But if you want to open it again, the time required is too late.

"Damn it."

Qin Chen's face was ugly, and his mind turned anxiously.

And the strong killing intent on the Lord of the Abyss has been permeated, and he is obviously ready to do it at any time: "Master, if there will be a battle afterwards, your subordinate will take your place, you leave as soon as possible."

The eyes of the Lord of Abyss Demon were determined, bold and not afraid of death.

"Kid Qin Chen, what are you afraid of? Isn't the ancestor of the deep demon not in the demon world? By then you will let the ancestor out and kill this dark clan directly, and then kill it." Honghuang Ancestral Dragon said proudly.

"Not yet that point, Lord of Abyss Demon, you return to the Chaos World."

Qin Chen's eyes flashed and he had already made a decision. With a wave of his big hand, the power of the chaotic world directly enveloped the Lord of the Abyss. The Lord of the Abyss was just about to say something. Seeing that Qin Chen was so decisive, he knew that the matter was urgent. Disappear.

At the moment when the Lord of Abyss Demon was put away, the billowing dark aura permeated Qin Chen's body, and his temperament instantly began to change. A black cloak covered his whole body, covering his face.

The power of the law of death on his body also quickly converged and disappeared.

boom!

In the next moment, Qin Chen's figure directly passed the restriction and appeared outside the restriction.

"who?"

Before Qin Chen had time to watch the surroundings, a few sharp shouts were heard.

Whoosh whoosh!

Several figures quickly approached and wrapped him.

boom!

The terrifying dark aura instantly enveloped Qin Chen.

These were a few dark tribesmen wearing armors, their auras were not too strong, they were just ordinary Tianzun, but their eyes were sharp, each holding a spear, staring at Qin Chen murderously. Seeing that Qin Chen had entered directly from the restriction, all his expressions were a little shocked, as if he had seen something unbelievable.

[Chapter 4615: I am honored](#)

"Dark people!"

Being stared at by several Dark Clan people, Qin Chen's heart immediately surged with murderous intent, his eyes flashed, and a terrible aura surged out of his body.

boom!

The astonishing dark aura is already like the ocean, covering these dark tribesmen.

At this moment, Qin Chen had a murderous intent in his heart.

In the territory of the Dark Clan, Qin Chen dared not use other powers, for fear of spurring the strong of the Dark Clan, he could only use the power of darkness.

I saw the palpitating power of darkness, and instantly shrouded these dark people like Wang Yang.

Murderous!

The cultivation bases of these dark tribesmen were only ordinary Heavenly Sovereigns, and Qin Chen knew that if he shot directly, he was afraid that he would be able to kill these people with 90% certainty, and would not cause any fluctuations.

Of course, Qin Chen was also worried about whether there were any restrictions on these people. If a few people were killed, if the dark race masters in the depths of the world could perceive it, it would be troublesome.

But at this time, Qin Chen had no other way, because he couldn't stand the inquiry of these people at all.

Once exposed.

Not only can I not get the Demon Soul Source Device, I'm afraid that I will have to run away in the first place.

Seeing that Qin Chen's attack was about to fall on several people.

I saw these dark tribe members kneel down in front of Qin Chen respectfully and tremblingly said: "Subordinate Heiyu Continent Inspection Envoy Fei E has seen the emperor, and I hope the lord will calm down."

The dark tribesmen looked terrified and trembled, their eyes were extremely respectful, as if a courtier had seen the emperor, and Qin Chen had no courage to resist even though Qin Chen's big hand slammed it down.

It was actually letting Qin Chen kill him.

Qin Chen's heart shook, and the huge dark palm converged its strength, and instantly sent several dark guards out, lying in the void and vomiting blood one by one.

But these few people did not even dare to resist. They still bowed their heads in horror and knelt down there!

Looks like Ren Zai is killing him!

This is definitely a problem.

Qin Chen's eyes flashed, he had already seen that these people had a very strange attitude towards themselves, as if they recognized themselves as others.

Qin Chen's heart moved and coldly snorted: "Huh, you are so brave, even the emperor dare to stop it?!"

With his hands on his back, Qin Chen stood proudly in the void, with a breath like a god, directly suppressing these dark people.

Several dark people knelt down lower, and tremblingly said: "My lord, I have no eyes to know the dark mountain. I have angered the adults, and the adults will kill Renyan. I will never complain." "However, I am. Waiting for a few people are patrol agents under Lord Sagong. The reason for offending adults is that one of our clan guards the entrance to the Infernal Demon Prison, who suddenly disappeared mysteriously for some reason. It seems that the people of the Abyssal Demon tribe have used methods to darken it.

Harm, so the lord ordered me to wait for the patrol to strictly patrol the Infernal Demon Prison and Heiyu Continent during this time, so as to avoid any mistakes. "

"Before, I waited to see the forbidden fluctuations, and there was no power to get in and out of the token. I thought it was something weird. It happened to see the emperor walk out of it. This is the crime. I hope the emperor will forgive me and forgive me. Life."

These dark people were extremely frightened, trembling and begging for mercy.

"Gu Yi, is it the dark clan powerhouse I killed in the Infinite Demon Prison?"

Qin Chen's heart moved slightly.

However, his expression was very calm, unmoving, and coldly said: "Oh, according to what you said, you didn't intend to offend the emperor, just a misunderstanding?"

"Yes Yes Yes!"

"The emperor's status is noble. Even if the emperor Sigong sees the emperor, he must be respectful. How dare I offend him."

"Yeah, this is just a misunderstanding. If you know that the emissary is here for a private visit, give me ten more courage to wait, and dare not act against the emperor."

"I also ask the emperor to forgive me."

The dark tribe people of these heavenly ranks looked terrified, as if ants were begging.

"Since you know that I'm visiting privately in Weifu, how did you recognize it?" Qin Chen said lightly.

The leader smiled bitterly, and said: "My lord, you are joking, the power of the royal blood in the lord, I and the despicable people are not blind, how can I not recognize it?" "Moreover, covering the black Yu Continent's is the extremely terrifying banned formation of our clan. Without an access token, ordinary

people cannot enter and exit at all. But you can easily enter and exit this banned formation, and you have never even forcibly attacked, unless the emissary,

I can't wait to think of other possibilities. "

Several dark guards nodded.

The power of royal blood?

Qin Chen's heart moved, could it be the power of the Dark King's blood? When Qin Chen took the shot before, in order not to give the opponent a chance to react, while displaying the power of darkness, he quietly revealed a trace of the power of the Dark King's blood. Could it be that the opponent mistakenly believed that he was because of the power of the Dark King's blood. what's it

What is the emperor?

Probably!

Qin Chen's thoughts turned sharply, and he instantly understood two things.

First, the power of the Dark King's blood is not trivial. Even the slightest amount can be easily perceived by the Dark Clan people, so you must be careful not to expose it easily.

Second, the blood of the Dark King is of extraordinary origin, and what the Sword Ancestor predecessors suppressed is definitely the top powerhouse of the Dark Clan, and it is by no means ordinary.

Otherwise, the other party would never be grateful for the trace of the Dark King's blood power on him.

"interesting."

Qin Chen smiled: "You fellow, you have some brains."

"Thank you, the emperor for the praise." This non-evil face suddenly showed excitement, as if it was an extremely honorable thing to be praised by Qin Chen. He moved in his heart and said, "The emperor, the subordinate is Sigongzhen. The eighth patrol squadron, the captain of the fifth squadron, the emperor

The adult's private visit on the WeChat account must be to secretly investigate the situation in the Heiyu Mainland. If I don't dislike it, I'm willing to follow the emperor's side and do the same for the emperor's adult. "

This non-evil voice was agitated and glanced at Qin Chen secretly, with hope in his eyes.

Does this work?

In the chaotic world, he was very nervous before, and the Honghuang Zulong and others who were ready to take action at any time were completely dumbfounded.

Are these dark people mindless?

"Oh?"

Qin Chen's heart flashed, his eyes flickered, and then he smiled softly: "You are Sagong's subordinate, are you afraid that Sagong will punish you after knowing it?" This non-evil suddenly became serious:

"The emperor's lord, you are talking and laughing. The imperial land and the shore of the land are all imperial officials. Although I have been sent to this Heiyu Continent to shoulder the important task of invading this universe, we are always the emperor's subjects, even Master Sikong. The emperor serves you, and it is not only my honor to wait for you to serve you, Lord Royal, but also Lord Sikong's honor."

[Chapter 4616: Heiyu Mainland](#)

"Hahaha, interesting."

Qin Chen smiled: "You are very interesting."

"Okay, it's not evil, right? Just follow me." Qin Chen said with a smile.

This continent, Qin Chen felt an extremely strange feeling as soon as he entered. He slowly investigated, and I don't know how much time would be wasted. Since someone takes the initiative to come here now, Qin Chen is naturally not welcome.

"Thank you, sir."

Na Fei said excitedly.

"I also want to follow the emperor and serve you."

The other guards also hurriedly said, all hoping to look at Qin Chen.

"You guys will continue to patrol. Since our clan has some accidents, you must not forget your responsibilities." Qin Chen said lightly.

Suddenly, the eyes of these guards showed an extremely disappointed look.

"What do you do one by one? The emperor has issued the order, so don't you go back soon." Upon seeing the evil, he immediately stepped forward and yelled, looking like a hatred of iron but not steel, and even said, "A group of idiots," How can you easily accept your refuge? Captain, I also seized the opportunity of the emperor to make a private visit.

, Can follow the adults before and after the saddle, don't be foolish, and patrol well. Since the captain of this team has taken refuge in the emissary, it naturally means that you are all of the emissary. Are you stupid? "

No evil face is ugly.

These guys, why are they not so on?

Several guards also reacted instantly.

Indeed, what is the status of the emperor? How can you accept their refuge?

Hastily!

With the captain, they only need to follow the captain's orders from the rear and serve the adults well.

"Yes!"

"My ambassador, captain, I will wait for the patrol."

Several guards hurriedly saluted, turned and left.

"Remember, don't tell anyone about the matter here. Except for the few of us present, if the identity of this seat is known in advance by others, you know the end."

Qin Chen snorted coldly, and the invisible Dark King blood aura quietly revealed, suppressing it.

Flop!

Several guards knelt down immediately and respectfully said: "The emperor reassures the adults. I will never dare to spread the news of the adults."

"That's good, you go, if you have any news, remember to notify this seat as soon as possible." Qin Chen said lightly.

"Yes."

Several guards looked excited and stood up one by one.

"Let's go."

Qin Chen glanced at No Evil, No Evil immediately followed Qin Chen, and the two of them left instantly.

Looking at the two people who left, the eyes of the remaining guards were filled with excitement.

"Unexpectedly, our brothers actually fell in love with the ambassador this time."

"The emperor has such a breath, it is definitely the royal family of my dark clan, we are afraid this time we are going to rise to the top."

"Shhh, low-key, we also have an effective opportunity because the emperor's envoy micro-services private visits. If you don't do things well, you must not let the emperor disappoint the adults."

"go!"

Several dark guards, all excited, left one after another.

On the other side, Qin Chen took the captain of the guard and flew across this boundless dark continent, shuttled through the vast world of foreign land, enjoying the customs and customs of this world.

The continent on this side is extremely mysterious. The black forbidden circulation above the sky has concealed the power in the Infinite Demon Prison, so that the circulation on this continent has an extremely peculiar power of rules.

The power of this kind of rules is very weird, it seems to be a hodgepodge, with the power of the devil's heavenly way, and there is also a dark aura, even Qin Chen faintly felt the power of a kind of rules similar to the heavenly way.

strange.

Why is there such a strange continent in this Infinite Demon Prison?

Qin Chen glanced at Feiye on the side. If he wanted to know the answer, he might learn something from Feiye.

Seeing Qin Chen look over, that non-evil expression instantly became respectful, and he carefully served Qin Chen, and respectfully said, "My lord, what do you want?"

He has a respectful look, which is a big deal.

Qin Chen frowned, "Change your clothes, you are like this, it's too obvious, how can you tell me to make a private visit?"

"Yes, yes, look at the head of the villain, it's the pot of the villain."

Feiye slapped his head, his armor disappeared instantly, and a black robe covered him, becoming a little unpretentious.

"Your face, you should know a lot of people? It's so obvious, and it's a bit too public."

Qin Chen said again.

"Yes, the subordinate understands, your sir, wait a moment, and the subordinate will change it immediately."

Na Fei Hehe smiled, his face changed, and soon became an old servant, combined with his clothes, that dogleg temperament suddenly appeared.

"Master, what else do you want?"

Feiye said flatly, making Qin Chen a little speechless.

Is this still the color-changing dark people in the universe? A real shit.

"There are no other orders, just tell me the origin of the Heiyu Continent and some of the current situation!"

Qin Chen said lightly.

"The origin of Heiyu Continent?" Fei Evil was startled.

Qin Chen swept over coldly: "Why? Not willing?"

"No, no, the villain just thinks that the adult should know more than the villain, but since you want to hear it, the villain will talk about it again."

This is not evil, but there is doubt in his heart. The request of the emperor's lord is too weird.

Is it because the emperor wants to test his understanding of Heiyu Mainland and his ability to analyze high-level strategies?

Thinking of this, Fei evil suddenly became energetic.

Immediately, he explained the origins of the Heiyu Continent exactly.

Along with the non-evil narration, Qin Chen's heart became more and more shocked. Not only him, but the Lord of the Abyssal Demon and others in the Chaos World also showed shock.

Because this Heiyu Continent was actually a bridgehead specially used by the Dark Clan to invade this heaven and earth.

Because of the special nature of the Infernal Demon Prison, when the Dark Clan got it from the deep demon ancestors, it immediately became the gathering place of their Dark Clan.

However, although the Infernal Demon Prison can shield the prying eyes of the origin of the universe, it still cannot allow the top masters of the dark race to sneak in. Once the top aura invades, the world of this universe will still be perceived and suppressed.

In order to figure out a way to invade this universe, the Dark Race people racked their brains and finally came up with a method like Heiyu Continent.

The so-called Heiyu Continent is a boundary formed by the Dark Clan using the rules of their Dark Clan, plus the rules of the Demon Realm, and other rules in this universe. In this continent, there are various rules, and what the Dark Race people have to do is to use this continent to fully integrate themselves into this universe.

[Chapter 4617: Criminal](#)

Because of the various rules contained in this world, the dark people who entered this world can slowly realize the power in this world.

Although in theory, the Dark Race people from the universe cannot perceive the heavens of this universe, when they survive in this universe for a long time, as time goes by, there will naturally be people who will slowly merge with this universe?

At that time, the Dark Race people will not be afraid of the suppression of this original rule.

Hearing this, Qin Chen couldn't help changing his color. This Dark Clan member was really a good method.

Let the people of your own people enter this world and adapt to the rules of this world. If you can really do this, the people of the dark people will enter unscrupulously, and then the creatures of this universe will suffer a huge blow.

Qin Chen's heart is heavy, once he succeeds, there is not much time left for the human race.

I just don't know where the Dark Race people have progressed.

Qin Chen flew by, generally inquiring about the situation here, but in order to prevent Feiye from having doubts, Qin Chen couldn't directly ask some questions, which could only be regarded as a smattering.

If you want to know the specific situation of the Dark Race people, you must go deep into this continent to understand.

Whoosh!

Qin Chen flew all the way, and soon, an ancient city in the distance appeared in front of Qin Chen.

Many creatures live on this continent, which is equivalent to a normal world.

Qin Chen's figure shook, and he entered the city directly.

Entering the city, Qin Chen actually saw the bustling crowd here, and countless creatures were walking here, living, and lively.

There are races with weird shapes, and some demons with terrible demonic energy on their bodies. Moreover, the auras of these demons are different, and they seem to come from various races in the demon world, not from the deep demon tribe.

"Dead demons, blood demons, spirit demons, bone demons, and beast demons..."

Along the way, the Lord of Abyss Demon looked shocked and saw countless races.

Qin Chen also changed color. He saw some races with wings on their backs. They were the Wing races, and some races with blood marks on their bodies. They were blood races. In addition, such as the huge giant races, they were all over. Rock clan shrouded in rocks.

There are even bone races whose whole body is bones.

There are even more monster races with all kinds of strange shapes.

Even Qin Chen saw Human Race here.

Human ethnic warriors walked on the street and talked with people of other races.

What shocked Qin Chen even more was that the tens of thousands of people here did not have any hostility, and there was no magical difference between them.

However, the martial artists here are not very high, and there are many people who are not venerable, and there are many martial artists at the Saint Master level and the Heavenly Saint level.

"boom!"

Qin Chen saw in a restaurant in the distance, a demon martial artist flew out and fell heavily on the street. The next moment, a demon expert rushed out and stepped on him.

Roar!

This monster roared and instantly turned into a fierce beast. The blood and aura on his body were surging, trying to resist. Before he could do anything, a flash of sword light flashed, and the next moment, the head of the beast was directly cut off. , The blood spilled all over the place.

Qin Chen's pupils shrank.

This turned out to be a human race, and at this moment, the war knife in the hand of this celebrity race directly picked up the head of the monster race.

"Brother Mokui, go, let's continue drinking."

This human race expert put on the shoulders of the demon race, laughed loudly, and the two entered the restaurant together.

Human race, helping the Demon Race to kill the Demon Race?

This shocked Qin Chen's heart.

what's the situation? Fei Evil sneered: "You have also seen the emperor. The creatures in this universe are actually incredibly ugly. Outside, they are divided into the Human Race Alliance and the Demon Race Alliance, fighting each other, but as long as you change to a brand new environment, you don't know. Each other

In the case of mutual grievances, they will lose the ability to distinguish between enemy and friend. "Of course, this is also thanks to the means of your imperial family, the emperor, the idea of letting the demons capture all the races in this universe, erase their memories, and multiply for thousands of years, allowing them to be free here. Living in the world, forgetting each other

The grievances between them, in this way, their breath will be completely integrated with this small continent created by our race, and become our test product. "

Non-evil flattering respectfully.

Are these tens of thousands of races actually plundered from the universe of tens of thousands of races?

Qin Chen squinted his eyes and walked into the restaurant. In the restaurant, he was the one who could learn the information best, and he was the one who could inquire the news best.

He was not surprised, but he followed closely.

"My lord, please come to your seat."

"No, just here."

The two entered the restaurant, Fei Ye hurriedly greeted Qin Chen to the private room on the third floor, but Qin Chen sat down in the lobby on the second floor.

The lobby is extremely noisy.

The entire restaurant, although not so magnificent, has an atmosphere of its own.

The human warrior and a group of demon warriors sat on a table and talked with each other, very lively.

"Little Er, I'm not going to get a good drink soon."

This human race warrior shouted loudly: "Why, the shopkeeper, is your second child dead? How does your restaurant do business?"

"The guest officer calms down and the wine comes up immediately."

The shopkeeper explained that after a while, he saw an old man coming over with a wine jar.

Qin Chen looked shocked. It's not how this old man looks amazing, or his cultivation base is too high, but this person is actually a human race, and he has the word "sin" on the center of his eyebrows, and his hands and feet are bound by a chain of gods, just like Prisoner average, penetrating shoulders

The scapula blocks the power in the body.

This middle-aged man who didn't seem to be too big had a pair of very energetic eyes, and what shocked Qin Chen even more was that he turned out to be a venerable one.

The Venerable may not be so strong for Qin Chen today, but this Venerable is only a shop assistant, and a shop assistant tied with an iron chain, and Qin Chen's heart is tightened immediately after sleeping.

"Hey, unexpectedly, there is actually a human criminal in this restaurant!"

No evil aside suddenly said.

Sinner?

Qin Chen wanted to ask, but after this shop's second child came out, no one in the restaurant was surprised at all. At this moment, Qin Chen realized that the identity of the "criminal" was definitely the master of the Heiyu Mainland. Well-known things.

If you ask indiscriminately, you will surely be aware of the clues.

"Everyone, this is your wine!"

The middle-aged man brought the wine jar up.

Cang Dang!

But seeing the demon clan demon leader suddenly blasted out, exploding the wine jar directly, and countless drinks instantly spilled onto the ground.

The sky full of drinks completely soaked the middle-aged man's robe, extremely embarrassed.

But the middle-aged man remained motionless, letting the drink drip from his body.

Qin Chen frowned slightly. "Treasurer, how come you have criminals here?" The Mo Kui slapped the table and shouted harshly.

[Chapter 4618: All killed](#)

"Unlucky, it simply swept our interest!"

"Huh, shopkeeper, what did you do? Let these sinners who have rebelled against the gods here, and let us not consume."

"I heard that these sinners dared to rebel against the majesty of Lord God, let me see, kill them all, and stay here simply tarnished our eyes."

The other demons also screamed, each of them looked disdainful.

"Criminal?"

Qin Chen said lightly, looking at Feiye.

On the one hand, he was really curious, on the other hand, he deliberately spoke like this to see how Feiye answered.

"My lord, you don't know anything. Back then, our race invaded this universe, and together with the demons killed countless human race powerhouses, and at the same time captured some of them back. These are the descendants of those human race powerhouses." "Many of them. The descendants of the human race have forgotten the things of the year and merged into the Heiyu Continent, becoming the creatures of my dark clan, but there are still some humans who have been deceived and have been trying to fight against my dark clan. These

Once the guy is discovered, he will be branded as a criminal, banned his cultivation, and become a slave to the bullying of all races. "

"It's also Lord Sagong who is kind and wants to use these human criminals to do research. Maybe they can make us fearless from the suppression of this world. Otherwise, they would have killed them all."

Fei evil grinned, showing a cruel expression.

In his opinion, the sinners of these human races are only worthy of being untouchables, ants.

On the other side, those demons were extremely angry.

"Li Feng, this is a sinner of your human race."

Mo Kui glanced at the human race on the side: "Li Feng, although we have a good relationship, the criminals are blasphemy adults. Shouldn't you sympathize with them?"

"Mokui, you and I are brothers, don't you know who I am?"

boom!

Before the voice of the demon clan fell, the young man called Li Feng had already walked out.

Snapped!

He raised his right hand and directly fanned the middle-aged man out, and fell to the ground with a bang.

Immediately after that, the human race warrior had a hideous face, an angry face, and one foot stepped on the middle-aged man.

"Criminal!"

He yelled.

With a loud sound, he drew the sword from his waist and raised it high.

"You sinners, blasphemy, so much discrimination has caused us Human Race, you are not worthy of Human Race."

Li Feng roared.

"Not worthy of being Human?" The middle-aged man raised his head, his eyes were silent, and he sneered, "Sad, you don't understand. It is you who are really not worthy of being Human. As Human, you are really lost with the demons. With the face of the human race, you can know what your ancestors really

How did he die? "

The middle-aged man said coldly, although his cultivation was banned, his eyes were extremely proud, showing pity.

"Ancestors, what ancestors, are talking nonsense here again, go to death."

The human warrior roared and slashed down with a sharp knife.

"when!"

At this moment, a wine glass suddenly appeared, directly hitting the long knife held high in the hand of the human race warrior, and directly shook the long knife out.

"who?"

Li Feng was furious and suddenly turned his head.

Uproar.

All the demons and people of other races also turned their heads and looked over.

It was Qin Chen.

"grown ups?"

Looking at Qin Chen in dismay, although he did not understand why Qin Chen prevented the human race from beheading the criminal, he quickly calmed down.

No matter why the adult does this, he only needs to serve the adult well.

"Dare to act for the criminals."

"court death."

Upon seeing this, several demons stood up one after another, shouted angrily, and suddenly attacked and killed Qin Chen.

There was a boom.

Between the heaven and the earth, the billowing magic energy surged, and countless magic power swept away, instantly turning into a sky curtain, wrapping Qin Chen inside.

However, before those attacks fell on Qin Chen.

Fei evil suddenly raised his hand.

boom!

The demon clan members were instantly shocked and flew out, lying on the ground vomiting blood one by one.

This scene stunned everyone present.

"grown ups?"

Fei evil looked at Qin Chen.

"All killed."

Qin Chen said coldly: "Don't reveal your identity."

"Yes!"

No evil raises his hand.

Hum!

A black streamer suddenly appeared, shooting towards the leading demon chief.

Seeing the black streamer, the expressions of those demons changed drastically!

A look of hideousness flashed in the eyes of the leader Mo Kui, his right hand suddenly clenched into a fist, the next moment, his right foot slammed, and the whole person rose to the sky. When approaching the falling black streamer, he suddenly slammed into the sky. Fist collapsed!

At the moment when the punch was punched, the surrounding void directly boiled!

However, when Mokui's punch just touched the black streamer—

laugh!

The black streamer plunged straight into it, pierced Mokui's fist directly, and then plunged into his body along his fist.

boom!

In an instant, Mo Kui was like a deflated ball, countless forces swept out of him, and then annihilated!

Spike!

In the field, the needle fell silently in an instant and could be heard!

Mo Kui was second!

Aside, the rest of the demons and all the powerhouses of the ten thousand races are completely stunned!

one strike!

This demon leader was killed in a single blow?

Everyone's heads are blank at this moment!

On the side, the eyes of the Mo Kui who had not completely dissipated were filled with confusion. He opened his mouth and wanted to say something, but he couldn't say anything!

In this way, his soul disappeared little by little.

At this moment, the black streamer floated out of his soul, and the next moment, the black streamer slashed directly towards the other master of the demon clan.

The demon master's face changed drastically in an instant, he did not retreat, because he knew that he could not retreat at all!

The speed of this sword is already abnormal, and he can't hide it at all!

The master of the demon race took a step forward, and when he took this step, the black streamer was directly covered by a magic light!

Magic world!

However, the black streamer had just entered the magic world, and the magic world that condensed all his power was instantly annihilated!

Seeing this scene, the demon master was ashamed, and at this moment there was only one thought in his mind: it's over!

laugh!

As soon as the thought appeared, the black streamer had already submerged between his eyebrows!

boom!

The demon master's body trembled violently, and then his body and soul began to annihilate rapidly.

Was seckilled again!

The demon master looked at Feiye sitting there, his eyes were full of disbelief, "You..."

Before he finished speaking, the black streamer flew out suddenly, and his body and soul disappeared.

"Who are you?"

When the other masters of the demons saw this, they all looked terrified and roared.

Boom boom boom!

Moreover, they are soaring into the sky, and they are about to flee here in an instant.

It's just that, before they leave this restaurant, the black streamer is already chasing up in the void.

I heard the puff puff sound.

in a blink. The dozens of demons who were present were all beheaded, and none were left.

[Chapter 4619: come here](#)

At this moment, the black streamer converged instantly and returned to Feiye's hands.

Feiye picked up the glass again, took a sip, and looked calm.

silence.

The entire field was silent for a moment.

Everyone looked at Feiye in horror, their eyes revealed incredible expressions, and even some people's bodies were already shaking violently.

Dozens of masters of the Demon Race were killed by all non-evil in this instant.

"Who is your Excellency? Why did you start your hands in my Dark Moon Restaurant."

At this moment, the shopkeeper suddenly walked up and said to Fei evil in a bit of horror.

Feiyao glanced at Qin Chen and saw that Qin Chen didn't say anything, and immediately said lightly:

"Why, you are not convinced? If you are not convinced, do it!"

The shopkeeper naturally didn't dare to do anything, but said in a deep voice, "We are also people with backgrounds in the Dark Moon Restaurant."

"Background, if you call someone, I won't stop you."

No evil sneer.

In Heiyu Continent, no matter who the other party shouts, he can suppress it, it's just a small city.

It is easy to see that this city is not the core city of his Heiyu Continent. I am afraid that there are very few members of their dark clan here. As a patrol officer, he is not afraid of anyone at all.

What's more, there is Qin Chen behind him.

To serve the emperor, you must do your best, although he doesn't know the purpose of the emperor to let him take action.

But he didn't need to know the purpose of the emissary.

Idiots need to know the purpose.

He only needs to act for the emperor.

Seeing Feiye's posture, all the eyes at the scene were condensed, and the restaurant shopkeeper was also a little stunned.

Everyone knows that it is definitely not an ordinary person who can open a restaurant in this city, and it is impossible for a person who has nothing to do with such a large restaurant.

But the other party has no fear at all, and dared to say such a thing.

What does this show?

It shows that either the opponent is strong and fearless, or there is someone behind the opponent.

After hesitating for a moment, the shopkeeper didn't say anything after all and turned and left.

It's not worth offending such a mysterious master for a few demons.

At the moment he turned and left, the shopkeeper's gaze had already fallen on the middle-aged man lying there, and a violent color suddenly flashed in his eyes.

Blame this person.

If it weren't for this person, how could he cause such a big trouble in the restaurant?

"boom!"

The shopkeeper suddenly raised his hand, and slapped it down at the middle-aged human man.

Dead hand.

This shopkeeper actually wanted to kill the middle-aged human man.

Facing the shopkeeper's shot, the human middle-aged man didn't even evade or fear at all. Instead, a faint smile was drawn at the corner of his mouth, which was a smile of relief.

At this time, Qin Chen's brows suddenly frowned.

The non-evil seeing Qin Chen's heart jumped after he had been watching Qin Chen, and suddenly shot at the shopkeeper.

boom!

A black streamer burst out violently, and instantly appeared in front of the shopkeeper.

boom!

At the critical moment, the shopkeeper hurriedly returned his hand to the black streamer, and the sound of an astonishing explosion burst directly. The shopkeeper's figure flew upside down in an instant, but one of his arms had instantly become void and was directly exploded.

"you..."

The shopkeeper looked at Fei evil in anger.

The middle-aged man also looked over in confusion.

With this idea, someone would actually do it for him.

"Are you saving this sinner? Are you in a group?"

Suddenly, there was a stern look in the shopkeeper's eyes.

This statement came out.

Suddenly, the court instantly became quiet.

Everyone looked at Feiyi with horror.

Someone dared to help the criminal?

This is a genocidal criminal.

He said indifferently, "I have nothing to do with him!"

"It doesn't matter? Then why did you take the shot? When Li Feng of the human race was about to kill the criminals, the people around you blocked the opponent. Now, you want to stop me from taking the shot, saying, what is the relationship between you?" Ferocious road.

Everyone's eyes condensed, and they sucked in air-conditioning.

The other party won't really have anything to do with the criminal.

Wow!

In an instant, almost all the people present stood up one after another, and backed away in panic, as if there was a plague on him, and he dared not get too close to him.

Indeed, when Li Feng took the initiative to kill the criminal, Qin Chen saved the opponent. Just now, when the shopkeeper was about to kill the criminal, it was the man in black who stopped the shopkeeper. It's okay, no one believes it when killed.

And on this Heiyu Continent, everyone who has a relationship with criminals must die.

For a while, everyone looked at Fei E and Qin Chen's eyes, full of hostility.

Fei's face was speechless.

I am a member of the Dark Race, so would it have something to do with the sinner of the Human Race?

He frowned and said coldly: "Say, I have nothing to do with the criminal?"

"It's okay? Okay." The shopkeeper said coldly, "Everyone should be blamed. It's okay if I kill him?"

boom!

When the voice fell, the shopkeeper suddenly made a move, and the other hand fell towards the middle-aged human man again.

Qin Chen frowned slightly.

Seeing this, he raised his hand again, and boomed, a black streamer flashed out, suddenly appeared in front of the shopkeeper, and crashed on the palm of the shopkeeper's other hand.

With a puff, the palm of the shopkeeper also burst open and turned into powder.

The shopkeeper backtracked again and again, his expression frightened, and annoyed into anger: "You still dare to say it has nothing to do with this criminal?"

Fei's face was speechless.

He really has nothing to do with the other party.

But who caused the emperor to frown?

The emperor frowned, indicating that he was dissatisfied with this place, and he must not let the emperor be dissatisfied at all.

"Okay, you wait."

At this time, the shopkeeper didn't dare to do anything anymore, put down a cruel word, turned and left.

Seeing that Qin Chen didn't frown, he didn't stop him from being evil.

now.

Na Li Feng stood there shivering, the demons next to him were dead, and he was either going or not going.

Huh!

Suddenly, he shook his body and swept straight out of the building.

boom!

He had just left, and a barrier suddenly appeared in front of this person, blasting him back abruptly.

Terran Li Feng looked at Fei evil in horror: "This lord, I don't know what I need to do?"

"you come up!"

Qin Chen said lightly to Li Feng, and at the same time looked at the middle-aged man, "You, come here too."

The middle-aged man frowned slightly and stepped forward.

And that Li Feng also tremblingly came to Qin Chen: "My lord, I don't know what to order?"

He could see that among Qin Chen and Fei evil, it seemed that Qin Chen was the main one.

"As a human race, why do you kill each other?"

Qin Chen said lightly.

"My lord, this person is a sinner who has offended a god, not a member of my human race." Li Feng hurriedly said in horror, not daring to talk to the middle-aged man.

[Chapter 4620: God descends](#)

"Oh, isn't he a human race?" Qin Chen said lightly. "Of course he is not." Li Feng shook his head desperately, as if the middle-aged man was a plague, "This world was created by the gods, and the gods created the world, so that we have such a safe and warm place to stay. I'm all gods

Servant of only adults. "

"But this sinner dared to disobey the gods and them, which shows how despicable they are."

Li Feng looked angry, "The key is that because these sinners are close to the human races like us, our human race has received a lot of attention in this world. Only a small number of people can gain the approval of the gods."

Speaking of this, Li Feng's face was full of pride: "I have passed the tests before I can gain the trust of the Lord God, and I am qualified to be a believer of Lord God. How can I let God because of such sinners? My lord is dissatisfied with me." Li Feng replied, then looked at Qin Chen and warned: "Although you don't know who your Excellency is, you dare to kill the demon clan and move the dark moon because of this sinner. The shopkeeper of the restaurant, unless you kneel down to confess to an adult, the **** is great

When people get angry, your soul will suffer eternal life and eternal life, because you have failed the expectations of the Lord God. "

There was a fanatical color on Li Feng's face.

"Snapped!"

Fei Ye suddenly raised his hand, and suddenly a slap appeared, and Li Feng flew out, his left face quickly became red and swollen.

"Pay attention to your attitude." Feiyao said coldly.

Li Feng shivered, he didn't dare to talk nonsense anymore, he just looked over in horror.

Sadness arose in Qin Chen's heart. He already understood that this so-called **** should be a member of the Dark Clan.

The Dark Clan regards this continent as its place of faith. The thousands of races taken from this universe believe in them, and the descendants of the strong human race who fought against the Dark Clan are regarded as sinners. , This is so sad.

The most important thing is that the person in front of him is obviously a human race, and the sense of superiority that he still makes when he is a slave of the dark race is obviously brainwashed for generations.

"Do you know where Human Race's ancestors came from?" Qin Chen asked. "You know, in a place full of evil, everyone deserves death. Legend has it that it is a place of evil outside of Heiyu Continent. Have you sensed the evil power outside Heiyu Continent? The gods said, That's where our ancestors are , Because when our ancestors committed unforgivable sins, the power of sin was everywhere in the world. "

"The reason why we can survive is because our ancestors were brought to this world by the gods, so we have to believe in the gods for generations to repay." Li Feng said piously. Qin Chen shook his head. He was in no mood to ask any more. The human races living in this world have been completely brainwashed. They don't know what the outside world is like. They just live in this world. Another lie
Blinded by words.

Outside of Heiyu Continent, it was obviously the infinite magic power of the Infinite Demon Prison of the Abyssal Demon Race, but the opponent said it was caused by the sins of the Human Race, which was ridiculous and sad.

Qin Chen didn't bother to pay attention to the other party, waved his hand to let the other party leave.

Na Li Feng was a little dazed, a little surprised, obviously he didn't expect that Qin Chen would invite himself to ask so many weird questions, and he would just let him go.

At this moment, he was a little at a loss, who is this guy in front of him?

Qin Chen looked at the middle-aged man who was bound by the chain, penetrated his body, and imprisoned his cultivation base, and said lightly: "What do you think?"

"Hahaha, what god, that is the dark race, this dark race invaded my homeland, destroyed our hometown, and occupied our homeland. They are the sinners. What do these idiots know?"

The middle-aged man was not afraid of death, and said coldly to Qin Chen.

He didn't know who Qin Chen was, but he was not afraid of death or fear.

Feiye changed his color slightly, but seeing that Qin Chen didn't act, he immediately pressed himself down. Instead, the countless people of the ten thousand races present, and Na Li Feng, had a look of horror.

"Lunatic, these sinners are all lunatics, and they are saying blasphemous sir."

"The Lord God gave us our homeland and gave us the hope of life. Why do we occupy our homeland? Nonsense!"

"Bold sinners, sin deserves a million deaths."

The other people of all races in the restaurant all burst into anger and looked angry. It seemed that middle-aged men insulted their gods, even worse than insulting themselves or their relatives.

Qin Chen sighed slightly as he looked at the expressions of disgust and excitement on these people.

These guys, from generation to generation, have been thoroughly brainwashed, and they have no reason at all.

"Kill, kill this criminal."

People of all races shouted angrily and roared.

However, they did not dare to step forward. The people of the Demon Race who died before were a lesson for the past.

"Who is going wild here!"

Suddenly, a cold anger passed, rumbling, and a terrifying aura was suddenly suppressed. Accompanied by this terrifying aura were several figures in black robes.

Several terrifying dark auras were suppressed in an instant, and the entire Dark Moon restaurant burst open, and the upper part instantly annihilated into nothingness. Those dark figures stood high above, like gods, staring coldly below.

"Master God."

"It's the Lord God who has come."

In the restaurant, countless tribesmen shivered and knelt down in an instant, all of them raised their heads in horror, with endless piety and respect in their eyes.

"The Dark Clan!"

An icy murderous intent bloomed in the middle-aged man's eyes, staring at the figure in the sky, the hatred deep in the eyes could not be suppressed.

"My lord, these two guys speak for the criminals!"

The shopkeeper of the restaurant appeared instantly, came to the group of people in black, and said excitedly.

"The emissary is a member of my dark clan, do you want to let them go?"

Non-evil transmission to Qin Chen.

The other party's breath is nothing more than a venerable person. It should be just an ordinary powerhouse of their dark clan on the Heiyu Continent, which is used to monitor the cities of the entire Heiyu Continent.

As a patrol officer, Wuyou is naturally extraordinary, and you don't need to pay attention to the city masters of these dark races.

"It's them?" It's just that before Qin Chen could speak, the dark tribesmen lowered their heads and glanced at the middle-aged man on the ground, a look of disgust flashed in their eyes.

"dead!"

An icy voice came from his mouth. The next moment, one of the Dark Clan members suddenly shot and banged, and the void in front of Qin Chen collapsed. The power of the terrifying space was like the ocean, and instantly annihilated everything and attacked Qin Chen. . No evil's face suddenly changed.
