

Valkyrie 4621

[Chapter 4621: Young master](#)

At this moment, Feiye's face changed drastically.

He was still asking Qin Chen for instructions, but who had thought that he hadn't got the result yet, and the group of people who had just arrived didn't ask why, they just shot.

This made Fei Nausea frightened and pale.

Boom!

When I saw the void, the terrifying power of darkness was like a vast ocean, instantly enveloping Qin Chen.

In the vast ocean, there are black sun, moon and stars rising and falling, like the destruction of the last day, and the power that bursts out is incomparable.

"Hahaha."

The people of all races in the restaurant on the scene laughed hideously, especially the shopkeeper of the restaurant, with endless killing intent emerging from their eyes.

He stared at Qin Chen and Feiye, his pupils bursting out with a hideous smile.

They ran wild in their Dark Moon restaurant, did not see where it was, and even dared to protect the criminals, no matter how they came from, they would not escape death.

"Dare to run wild in front of Lord God, and die!"

The shopkeeper of the restaurant suddenly screamed, seeming to release the grievances in his heart.

After all, he was bombarded with two arms before. Although he can recover as long as he slowly nourishes, who will make up for the energy consumed?

Therefore, he must pass this battle to let his reputation of Dark Moon Restaurant spread throughout this city, and even this area near Heiyu Continent. No one will dare to mess with it in the future.

It's just that the hideousness and anger on his face haven't had time to fall.

With a bang, a wine glass suddenly appeared in the void and plunged into the endless ocean. In an instant, the ups and downs of stars and oceans, as well as the power of endless darkness exploded in an instant, as if it had never appeared before.

The wine glass moved forward and suddenly came to the dark tribe man who shot.

"court death!"

The dark tribe's complexion changed drastically, roared, and suddenly punched out, banged, blasted the wine glass instantly, and the void in front of him suddenly disappeared and turned into nothingness.

The wine glass was exploded, but the dark tribe who threw the punch also flew upside down in an instant with this force. The darkness on his body surged, making it extremely unstable, and a trace of blood slowly overflowed from the corner of his mouth.

"what?"

This scene stunned everyone present.

Lord God, lost?

And what defeated Lord God was only a wine glass that appeared suddenly.

who is it?

In an instant, everyone present turned their heads and looked at Qin Chen and Feiye.

At this glance, everyone was sluggish, and their heads seemed to have been struck by lightning, completely blank.

Because the wine glass that is still in Feiye's hands has disappeared.

Obviously, the wine glass just now was thrown out by Feiye.

Just relying on a wine glass broke the attack of Lord God, and even caused Lord God to be injured and regressed. Who dare to blaspheme Lord God before, who is it?

At this moment, everyone, including the middle-aged man, the shopkeeper of the restaurant, and the Terran Li Feng, looked a little sluggish.

"The emissary, the subordinates were too late to take action. They were shocked by the emissary, and asked the emissary to forgive him."

Feiye hurriedly communicated to Qin Chen, feeling anxious, with cold sweat on his forehead.

This group of dark people didn't know whose subordinates they belonged to, a group of idiots, who dared to do something in front of the emperor's lord.

Opposite, Qin Chen frowned slightly, and a dark surprise flashed in his pupils.

What shocked him was that it was not the strength of this Dark Clan member, but a venerable person. Qin Chen didn't pay attention to it at all. What shocked him was that when the Dark Clan member made a move, there was such a burst of power. The rules of the universe.

Although very shallow, how could Qin Chen fail to perceive a character.

Have these dark people mastered some of the rules of this universe?

Qin Chen's heart was heavy.

Seeing Qin Chen frown, there was a shudder from the bottom of his nausea.

When it's over, the emperor frowned. Is this dissatisfaction with yourself?

Was it angry that you didn't kill the other party before?

Feiye was a little flustered, cold sweat came out of her body.

Because the opponent is a member of the Dark Clan, he didn't kill him before, but only repelled the opponent, but if it caused the emperor's dissatisfaction, then he would die.

"You are looking for death."

The dark tribe member was repelled under the gaze of everyone's eyes, and instantly became angered, banged, and the terrible dark power surged on his body. The dark power contained the power of endless rules, and even had a slight fusion with this world.

Although this fusion was not deep, it made Qin Chen's heart a little gloomy.

Although the Heiyu Continent was transformed by the Dark Race people into a world suitable for their dark race, the depths of the Infinite Demon Prison are actually located in the universe, which contains the origin and rules of this universe.

In theory, even if the Dark Clan members can survive here, they would just forcefully stay as an outsider, but in the Dark Clan members, Qin Chen saw a tendency to occupy the magpie's nest.

The Heina people walked out step by step, trying to fight Feiye and Qin Chen again to find a place.

The other Dark Race people also all looked at them, and in their anger, there was a sense of killing intent.

It's just that he hasn't waited for this person to take action.

Huh!

The strong man who was clearly the leader of this group of dark people suddenly appeared, and reached out to stop the opponent.

boom!

The aura of this dark tribe member vanished in an instant under the leader's wave.

"Man Tian Young Master."

Many Dark Race people looked over and looked puzzled.

"Your Excellency started in my Xuantian City. You are so brave. I don't know where the two come from? Why do you want to protect this sinner?"

Known as the barbaric person, he stared at the bottom with vigilant eyes.

A terrible breath surged on his body.

Obviously the leaders of these men in black.

Moreover, his voice is extremely young, obviously much younger than other Dark Race people, so young, coupled with this level of cultivation, and the title of Young Master, it is very likely that he is a figure cultivated by a powerful force of the Dark Race.

His vision is extremely broad. He defeated his subordinates when he saw Feiye's understatement before, and his heart shook in an instant, and he wanted to figure out the identity of Qin Chen and the others.

Plan and move later, this is the quality of the big power.

Fei evil turned his head and looked at Qin Chen.

"What are you waiting for? How should you punish the emperor who offends you? Doesn't I need to remind you?" Qin Chen spoke lightly, with a cold tone in his tone.

His face suddenly changed.

boom!

As soon as he gritted his teeth, his complexion became hideous, and his figure suddenly flashed and disappeared. The complexion of the Young Master Mantian and several members of the Dark Tribe changed drastically. The next moment, they suddenly looked at the Dark Tribe who had previously shot. At this time, Fei Ei did not know when he had appeared in front of the Dark Tribe. Before he could react, a sharp claw appeared in his throat, pinching the throat of the Dark Race man.

[Chapter 4622: Don't move him](#)

Seeing that Fei evil instantly restrained the Dark Tribeman, the Young Master Mantian narrowed his eyes, "Don't move him!" The dark tribe man who was restrained slammed, and the terrifying aura burst out from his body, trying to break Feiyi. However, no matter how he moves, he can't break through the shackles of non-evil, his complexion suddenly changed, and his heart emerged

Horrified.

"Man Tian Young Master." He said in horror.

Huh!

Several Dark Clan people surrounded in an instant.

Na Mantian glanced at Qin Chen below his eyes, then glanced at his non-evil, and said coldly, "Who are you?"

He said indifferently: "If I were you, I wouldn't rush to make a move. This kid dares to make a move against an adult. Who gave you the courage?"

The sound fell, and his palm jerked away.

"what!"

A screaming scream suddenly resounded from the court!

Although this dark tribe was also a venerable person, his physical body instantly collapsed under the capture of non-evil, and he did not even have the power to resist. The flesh was already shattered, leaving only the soul.

There was endless fear in his eyes.

"Young Master Mantian, save me."

At this moment, he didn't have any arrogance, he just looked at that Man Tian in horror, and roared in horror.

He doesn't want to die.

On the court, everyone's expressions were dull, especially the shopkeeper of the restaurant, because of fear, the body shivered, and the crotch began to wet.

If because of him, a god-sir would fall to him, even if the murderer is punished, he is afraid that he will not escape to death.

At this moment, he was terrified.

The others were also dumbfounded, and there was endless horror in their hearts. They did not expect that someone would dare to attack the Lord God.

"Let go of the five."

Man Tian stepped forward and shouted coldly.

He looked alert and looked at Feiye full of jealousy, but his footsteps kept on because he couldn't let his subordinates be beheaded.

He stared at Feiye: "If you kill him, my barbarian family will destroy your nine races!"

Fei evil glanced at Man Tian, and in a flash, he shook his right hand.

boom!

The soul of this dark tribe burst into pieces in an instant.

Directly the soul is scattered, the soul is annihilated!

Seeing this scene, the faces of the other Dark Race people on the side became furious!

This guy really killed Man Wu!

Moreover, it was abruptly erased the five!

The most important thing is that the Venerable Man Wu didn't even have the power to fight back in front of this mysterious powerhouse!

Seeing that Feiye directly erased Man Wu, Man Tian's expression instantly became savage, and he cast a sharp wink at the other Dark Tribe members on the side.

Huh!

These dark people suddenly disappeared in place.

"court death!"

In the next moment, these dark people suddenly appeared on Fei'e's head.

With the sound of their anger falling, several Dark Race members shot together, suddenly shot out a series of dark streamers, these dark streamers gathered together and turned into a dark vortex, the dark vortex directly flooded the non-evil!

"Ugh!"

Before being enveloped, Fei E sighed slightly, and the next moment, he was swallowed by the endless dark vortex.

There was a hideous look in the eyes of Man Tian and several dark people.

This is their assassin, the dark magic array, once deployed, it can drag the opponent into the endless dark purgatory and endure endless torture.

Even if someone who is stronger than them is swallowed into it, it is impossible to escape death.

Seeing the dark vortex swallowing non-evil, everyone's eyes showed ecstasy.

This trace of ecstasy has not had time to fall.

boom!

A roar suddenly resounded from the black vortex, and the next moment, a black fist burst suddenly from the black vortex!

Boom!

The black vortex was immediately annihilated, and at the same time, several figures directly retreated violently.

It is a group of masters of the dark race!

When these dark people stopped, their bodies were completely broken, leaving only their souls!

Seeing this scene, the expressions of everyone in the field suddenly changed!

This mysterious man in black is too strong.

Na Mantian looked at Feiye, his face was dumbfounded, "You..."

Before he could finish his words, Feiya glanced at the few Dark Race people with only souls left, and said lightly: "You shouldn't have done it just now."

When the voice fell, Fei Ye suddenly disappeared in place.

"Be careful."

Man Tian even issued a furious reminder.

It's just that before the few dark people could react, a figure appeared directly in front of them, grabbing them with a palm.

Boom!

The pitch-black palm is like a cage of heaven and earth, engulfing everything in an instant.

The complexions of the dark people with only their soul bodies changed drastically, and they roared together, buzzing...The power of the dark souls suddenly gathered together.

For a moment, a powerful soul power surged from the heavens and the earth, turned into a terrible power, and resisted in front of him.

It's not evil!

boom!

The terrible coercion was suppressed, and in everyone's horrified eyes, the non-evil big hand directly smashed the joint blow of these dark people, and with a bang, the defense of the few people was shattered in an instant.

In the next moment, the big hand of non-evil has already enveloped these people.

These dark people were shocked instantly.

puff!

In the next moment, the few people were completely gone, and there was nothing left.

"you..."

Before dying, their eyes were wide open, and they screamed sternly, their eyes filled with disbelief.

They didn't expect that they would be killed by two tricks!

In the distance, Man Tian's eyes were also full of disbelief, and he had to say that he was a little panicked at this moment.

Several of his subordinates, although their cultivation bases were not as good as him, they were not easy to follow, and they were killed instantly.

And two tricks were killed.

Two tricks!

The most important thing is that he is a member of the Dark Clan. In this Heiyu Continent, who would dare to attack him from the Dark Clan?

Even if they are both members of the Dark Clan, at least they have to talk about love and give a chance. .

At this time, Fei evil turned his head and looked at that Man Tian.

At this moment, Man Tian looked jealous, did not dare to do anything, his expression was extremely frightened.

Fei Jian Man Tian didn't do anything, turned around, and was about to return to Qin Chen.

Upon seeing this, Man Tian suddenly flashed a ferocious gaze, glanced at Qin Chen not far away, and a trace of ferocity flashed across the depths of his eyes.

Huh!

His figure shook, and he swept towards Qin Chen abruptly.

He had already seen that Qin Chen and Feiye were in the same group, but the aura on Qin Chen's body was quite young. As long as he grasped Qin Chen, the crisis would naturally be solved.

Below, Qin Chen's brows frowned.

His face was unhappy.

The non-evil expression suddenly became hideous, and he suddenly turned his head to look at Man Tian.

Originally, he saw that the other party was the Young Master of the Man Family, and wanted to give him a chance, but he didn't expect that this Man Tian was looking for death, and he actually wanted to do something with the Lord Emperor.

boom!

The non-evil figure shook, and suddenly disappeared into the void. In the next moment, he already appeared in front of Man Tian, grabbing and photographing Man Tian.

[Chapter 4623: Call someone](#)

boom!

The terrible breath rose.

The Young Master of the Barbarian Family saw Fei'e's murderous eyes, his figure hurriedly backed away, and his face changed. He didn't expect Fei'e to be so fast. He stared at Fei'e and shouted angrily: "I am the Barbarian. Young Master, you..."

Before he could finish speaking, the palm of Feiye had already come to him.

Seeing that the sword was cut down, Man Tian's eyes suddenly shrank, and he suddenly spread his right hand, and a huge black shield appeared in his hand. The next moment, he held the shield and slammed forward.

boom! In everyone's eyes, the huge shield trembled violently. The next moment, the shield burst open, and Man Tian was shocked to a few thousand feet away in an instant, and as soon as he stopped, an afterimage of A flash in the field, boom, terrible breath town

Press it down.

In an instant, Man Tian's eyes were wide open, his body was stiff and motionless, his eyes were full of incredible color.

Because, at this moment, Feiye has appeared behind him, and Feiye's hand has already held his throat, just like holding the first Dark Race member before!

The battle ended in an instant.

Seeing this scene, the needle falling silently in the field can be heard!

This mysterious man in black can even hold the Young Master of the Barbarian Family in an instant?

When is the Lord God so weak?

Although everyone present knows that gods have strengths and weaknesses, every **** is extremely terrifying and is like a **** in this world.

But now, the deity who claimed to be the young master of the barbarian family was arrested in an instant. How could it not be shocking? Not surprised?

"You dare to move me, I'm the Young Master of the Man Family." Man Tian said in anger, with a frightened expression and a spiteful expression in his eyes.

Below, the eyes of Na Li Feng, the shopkeeper of the restaurant and others were full of horror.

At this moment, they were terrified.

The middle-aged man who was pierced by the chain also had his gaze dull. Obviously he didn't expect that Qin Chen and the others would really dare to kill the people of the Dark Race, and move the people of the Dark Race in the Heiyu Continent. Isn't this looking for death?

Moreover, the other party is still the young master of the Man family.

The Barbarian family, I heard that it is a rather powerful dark family in the Heiyu Continent. The dark families in the Heiyu Continent are all forces from the Dark Clan of the Universe Sea.

However, the current Heiyu Continent is in the wasteland reclamation stage, so the families that can come here are not top-notch families, they are all small forces that open up wasteland for the dark clan.

But because of the particularity of the Heiyu Continent, even the families who came to open up wasteland, in the Dark Clan, have some connections with some of these powerful forces, and they will certainly not be alone.

But the mysterious man in black moved his hands without blinking.

Who are these two guys?

At this moment, a member of the ten thousand races who had previously booed and insulted Qin Chen and the others no longer dared to stay here anymore. He turned around and was about to slip away, but just as he was about to slip away, Qin Chen turned his head and looked at each other.

Upon seeing this, his non-evil eyes flashed, and a black light directly penetrated between his brows.

Fei evil looked at the man of ten thousand races who was about to slip, "Did I let you go?"

When the voice fell, the person's eyes widened, his body and soul collapsed, everything about him was erased, as if he had never appeared before.

Completely disappeared in this world!

Seeing this scene, the faces of the remaining people of all races and others changed.

Feiye didn't take any more action. He carried Man Tian and came to Qin Chen instantly, and then respectfully saluted: "My lord, what should I do with this person?"

As soon as these words were made, the audience was silent for an instant, and everyone looked at Qin Chen in disbelief.

grown ups?

What is the origin of this guy, such a powerful master, turned out to be his entourage?

incredible.

"You...who are you? I am a member of the Barbarian family. If you dare to move me, my Barbarian family will never let you go. My Barbarian family will definitely destroy your ten clans."

This pretty day said in horror.

At this moment, he was already a little panicked.

So powerful, calling the other person an adult, and still savage on this Heiyu continent, even if Man Tian is an idiot, he knows that the other person is not easy.

"Oh?"

"Destroy my ten clans?"

Qin Chen smiled.

"Give him some color quietly."

Qin Chen's voice fell indifferently.

boom!

Fei evil suddenly used force, and in an instant, this Man Tian's figure began to crack and his body began to collapse.

"what!"

In this Man Tian's body, a terrible bloodline power suddenly burned, this is the bloodline pressure burning.

"Huh, the power of blood?"

Qin Chen was surprised, but he did not expect that the dark clan still had the so-called bloodline power.

But obviously, even if this Mantian is the power to spur blood, it is far from a non-evil opponent. He only heard a bang, and this Mantian's physical body collapsed directly, leaving only the soul to be restrained by non-evil. .

call!

Qin Chen took a long breath, and the dark origin of the savage sky was instantly sucked into his body by Qin Chen.

This power was instantly refined by the power of the Dark King's blood in his body.

Suddenly, an inexplicable sense of rules haunted Qin Chen's heart.

"what."

Qin Chen raised his eyebrows.

He didn't expect that absorbing the origins of the people of the dark clan would enable him to realize the rules and power of the dark clan.

This made Qin Chen's heart moved, if he absorbed enough masters of the dark clan, would he be able to completely control the rules of the dark clan, and let him truly evolve the rules of the dark clan?

Thinking of this, Qin Chen's eyes brightened.

"My lord, what should I do with this person?"

Feiye asked respectfully, not caring about that Mantian at all.

The Barbarian family, he had also heard of it, was a small branch of Lord Sikong, but it was just a small family, let alone the Barbarian family, even the one above the Barbarian family, he was not afraid of it at all.

What's more, the person who offended the other party was the emissary. In front of the emperor, even Master Sikong would not dare to be wild, so he must be respectful.

Besides, the more you do for the emperor, the more you will be favored by the emperor in the future.

Thinking of this, Feiye even glanced at Man Tian with some gratitude, a little grateful to this person for giving him such a chance to perform.

Mantian was looked at by Feiye with such a look. Although it was only a soul body, his whole goose bumps came out.

What kind of look is this.

Are these two guys abnormal?

At this moment, Qin Chen had already stood up and walked to the front of Man Tian step by step. Everyone in this restaurant was silent, no one dared to speak, no one dared to act, just staring at Qin Chen in a daze.

Qin Chen stared at Man Tian, seeing that his whole body was hairy, and immediately, he heard Qin Chen lightly say: "Are you not convinced?"

Man Tian was stunned.

This...

How should I answer to live?

Qin Chen smiled, "I know you are not convinced, so let me give you a chance, can you call someone?"

Call someone?

Man Tian was startled, thinking he had heard it wrong. "Why, I didn't understand? Didn't you say that you want to destroy the ten clans in this seat? I will give you a chance now, you can call." Qin Chen's voice fell and returned to his seat.

[Chapter 4624: Man Gu](#)

Seeing Qin Chen's actions, Man Tian turned his head in disbelief and looked at Feiye.

"If you are an adult, you can be a good person. If you don't be a person, then die."

Non-evil and indifferent.

Although he doesn't know Qin Chen's purpose, he also knows that Qin Chen must be angry. As the emperor, how can he destroy more people?

It's okay if the Barbarian family doesn't come. If they really want to come, it's looking for death.

"You asked me to call this."

Seeing that Qin Chen didn't seem to lie to him, Man Tian's eyes suddenly surged with hideousness.

Qin Chen stretched out his right hand and motioned to the other party to scream.

"Then I just called."

Man Tian showed a hideous look, and suddenly a black jade pendant appeared on his body. As soon as this black jade pendant appeared, it instantly burned.

The next moment, a powerful breath suddenly swept from the sky in the distance.

Seeing this scene, everyone present suddenly breathed a sigh of relief!

The real boss is finally here!

The person here is obviously a master of the Man family.

Boom!

I saw the sky in the distance burning directly, and in the next moment, seven or eight figures appeared directly from the void, and instantly descended on this heaven and earth.

The leader was an old man, his length was quite similar to that of Man Tian, and the others were also full of terrible venerable auras, each with a murderous aura.

When the old man came to the city, his eyes instantly fell on the soul body of Man Tian, his face suddenly changed.

"father."

Seeing the old man, Man Tian immediately let out an excited voice. The person here was his father, the head of the Man family, Man Gu!

Man Gu glanced at the field, and suddenly Li Mang burst out from his eyes.

"Tian'er, what's going on?" "Father, Haier received the news from the shopkeeper of Zuiyue Restaurant, saying that someone dared to shelter criminals in Zuiyue Restaurant, so Haier rushed to the clan with the strong, wanting to deal with this. The two guys did it, but who knows that these two guys are extraordinary, first they killed the child's guard

Wei, even ruined the child's body, father, save the child. "

Man Tian shouted in horror.

"Drunken Moon Restaurant?"

Man Gu lowered his head, glanced at the middle-aged man in the restaurant, and then at the shopkeeper of the Drunken Moon Restaurant.

"You summoned my son?"

Man Gu said coldly.

The shopkeeper trembled, panicked, and hurriedly stepped forward: "My lord... your subordinate..."
puff!

Before his voice fell, Man Gu suddenly raised his hand, slammed it down, and with a bang, the body of the restaurant shopkeeper collapsed, and his soul instantly burned.

"My son's body is destroyed, why are you still alive?"

The ancient voice hadn't fallen yet, the shopkeeper of the restaurant was already in the horrified gaze, turned to ashes, his soul flew away, and nothing was left.

"Two, who are you?"

At this time, a master of the Man family slowly stepped forward and said sharply.

On this person, the billowing earth-sovereign aura surged, and he was obviously an earth-sovereign.

He never finished speaking, Man Gu suddenly raised his hand, stopped him, and at the same time, he appeared in the void, staring at Qin Chen with cold eyes, full of murderous intent.

"You ruined my son's body?"

Quite sternly.

Qin Chen said lightly: "So what? This seat will not only destroy your son's physical body, but also destroy your soul."

When the words fell, Qin Chen glanced lightly, not evil.

Feiye's eyes were cold, and his right hand squeezed sharply.

"Do not..."

Man Tian suddenly screamed in horror.

"court death."

Man Gu suddenly turned his head and looked at Feiye: "I want to kill the old man's son in front of the old man, and I will destroy your whole family."

When the voice fell, he rushed forward suddenly, and then blasted out with a strong punch.

boom!

A terrible fist power appeared instantaneously, suddenly surging towards non-evil.

Feiye sneered: "It's up to you?"

As he said, he struck forward and then burst out with a punch, and on top of his fist, a dark fist swept out!

Boom!

The two fist bursts shattered, and Man Gu suddenly retreated, and while Man Gu was in the process of retreating, he suddenly squeezed his tactics, snapped his hands together, and then roared, "Big Wild Hand!"

When the sound fell, his right hand suddenly struck forward, and then he snapped it!

boom!

The void in front of him cracked directly, and the next moment, a giant hand slammed out of the dark void, and then slammed it with a palm!

And at the moment he shot, the other masters of the Barbarian race also moved violently, swish, and instantly appeared beside Fei Ei, and attacked Fei Ei strongly.

His body was shocked.

boom!

The sky attack was directly shattered, and at the same time, Fei Ei's right hand slammed at the strong men of the barbarians, "Destroy!"

The voice fell, and the bodies of the few barbarians' masters actually burst apart and turned into dust, leaving only their souls, and they flew out with a look of horror.

These masters of the Barbarian family are all earth-sovereign cultivation bases, and they are not the enemy of non-evil tricks.

Man Gu's complexion changed drastically, and that Man Tian's complexion also changed.

Instantly knew the enemy's thorny.

And after the physical bodies of the few barbarians masters were annihilated, the origin of the billowing dark aura dissipated everywhere.

Seeing this, Qin Chen suddenly raised his hand, booming, the billowing dark source was instantly absorbed by Qin Chen, and began to slowly refine.

boom!

As Qin Chen perceives, his understanding of the dark clan's rules has become more profound.

On the other side, Fei'e squeezed his right hand and made a pop, Man Tian's soul had collapsed, and his soul was scattered.

"father."

Before he died, Man Tian let out a stern cry.

"you wanna die."

Mangu was frightened and furious. The huge wild black hand was urged to the extreme by him and suppressed towards non-evil madness.

In an instant, the power of endless darkness surged in the void, and the terrifying giant dark hand urged by Man Gu slammed towards the suppression of non-evil, wherever it passed, the void was directly broken and annihilated, extremely terrifying.

In the distance, without a disgusting thought, countless powers turned into a dark shield and stood in front of him.

boom!

That giant hand slapped directly on the black shield, the black shield trembled violently, and countless voids all around shattered directly, but the black shield did nothing!

This black shield abruptly blocked all the power of this palm!

Seeing this scene, Man Gu narrowed his eyes slightly and was a little shocked in his heart. He didn't expect that the black shield formed by Feiye would be so hard that it could block his palm!

At this moment, the black shield suddenly turned into a growth spear. The next moment, the spear turned into a black spear light and cut the man Gu, a flash of cold light flashed in Man Gu's eyes, and he pointed forward.

boom!

This finger pointed directly on the black spear light, and when his finger first touched the black spear light, his face changed drastically. He wanted to stop his hand, but it was too late!

boom! In everyone's eyes, his entire fist was directly exploded, and the black spear drove straight in, directly to his eyebrows, and at this critical moment, a black ancient mirror suddenly appeared in front of Man Gu's body.

[Chapter 4625: It's yours](#)

With a click of the black ancient mirror, the black spear was directly blocked, and the black ancient mirror was also directly shattered and turned into dust under the non-evil blow.

At this moment, a black token appeared in Man Gu's hand.

Click.

He directly crushed the black token, and the black token turned into a black streamer, rising directly into the sky and disappearing into the sky.

Call someone!

In this simple fight between the ancients and the non-evil, he already sensed the crisis, and immediately began to call the forces behind him.

Because he knew that if he continued to fight, he would die.

On the opposite side, Feiye actually has a chance to stop it.

But Qin Chen raised his hand to stop him.

"Let him call."

Qin Chen said indifferently: "I don't want people to think that I am bullying the small with a big deal, so that they won't give me the opportunity to make others."

Not disgusting and startled, he knew that the emperor's lord was still angry and wanted to expand the matter.

However, there is not the slightest dissatisfaction in non-disgusting.

Although this barbaric family can be regarded as a dark clan force on the Heiyu Continent, it is not a strong one, and what kind of force can be called. Even if Lord Sikong comes in person, the emperor is here, and I am afraid that he will sell the emperor. A face.

Seeing Qin Chen taking the initiative to let him call someone, Man Gu couldn't help but sink.

The opponent is so calm, does it have any hole cards?

Although he was puzzled, Man Gu had no other way to go at this time.

After seeing the black token soaring into the sky, it disappeared in an instant.

Man Gu stared at Qin Chen with a ferocious gaze: "I don't care who you are, if you dare to kill my son, your family will never stop."

At this moment, the space above Mangu's head suddenly trembled violently, and everyone looked up, revealing awe.

Here comes the master again.

Soon, the space turned into a whirlpool, and inside the whirlpool, a middle-aged man wearing armor came out first.

The middle-aged man's armor was completely black, and there was terrible power permeating him.

When he saw someone coming, Man Gu's eyes suddenly showed excitement, and his heart was extremely mad. He stepped forward and hurriedly saluted the middle-aged man in armor: "Man Gu has seen an adult."

Seeing the person coming, Qin Chen and Feiye's brows both wrinkled slightly, a little dumbfounded.

Because the middle-aged man in armor in front of him was a member of the No. 5 Team, his subordinate.

After the middle-aged man came out, he glanced around, and soon his eyes fell on Qin Chen and Fei. When he saw Qin Chen and Fei, the inspector softened his legs and almost knelt down.

At this moment, the middle-aged man was horrified to the extreme!

Why are the non-evil captain and the emperor here? At this time, Man Gu quickly came to the middle-aged man and saluted respectfully, and the soul bodies of the other elders of the Barbarian family behind him all came forward, looking angry, hurriedly saluting, and respectfully said: "My lord inspector, In Xuantian City, there are

The gangster protected the criminals and killed the descendants of my Man family. He also hoped that the inspectors would make the adults take action to seek justice for my Man family. "

Inspector?

As soon as this remark came out, everyone in the field was confused!

Is this person an inspector in the gods?

The people of the 10,000 races present had also heard of the name of the inspector. It is rumored that the inspector is the top powerhouse of the gods who specializes in patrolling the Heiyu Continent, each with extraordinary identities.

Because every inspector can freely enter and exit the sacred land at the core of Heiyu Continent, he has a noble status and is a high-ranking **** among the gods.

The inspector, patrolling the world, all the cities and forces in the entire Heiyu Continent, the inspector can inspect, and the power is overwhelming.

The middle-aged man didn't care about Man Gu, he suddenly appeared in front of Fei E, and hurriedly saluted him, "The subordinates have seen the adults, but I don't know if the adults are here... the subordinates deserve to die."

grown ups?

As soon as this statement came out, everyone on the court was a little confused.

The many elders of that Mangu and the Man family are directly petrified in place!

grown ups?

what happened?

Fei Ei looked at the middle-aged man, frowned slightly, and said coldly, "What's the matter?"

After doing it for a long time, the day after this Barbarian family turned out to be his own subordinate.

For a while, it was so bad that he was about to have a cerebral hemorrhage.

Oh shit.

I worked so hard, and finally tried my best in front of the emperor, thinking that I could win some good impressions, who knows how to do such a thing.

Is this really special...

If the emperor's lord misunderstands that he deliberately set up the game, and wants to win the favor of the adults, he would simply jump into the dark holy river.

At this moment, Na Man Gu suddenly appeared in front of the middle-aged man, and he quickly said: "Sir, inspector, do you know these two people?"

The middle-aged man suddenly turned around and slapped.

boom!

That Man Gu hadn't reacted yet, his entire physical body collapsed directly, the physical body collapsed and turned into a soul body!

Everyone looked at this scene with horror, their expressions stunned.

what happened?

Why did the inspector who Mangu summoned him, actually did it on Mangu?

Damn it!

The middle-aged man coldly glanced at the somewhat stunned Man Gu, his voice was angry and horrified, "What two people? Called adults!"

He glanced at Feiye on the side, and saw Feiye's eyes were cold and murderous, knowing that the captain was already angry with him, and he even had a heart that had smashed Man Gu.

grown ups?

At this moment, Man Gu's head was blank, and the expressions of those strong in the Man family were instantly pale!

The middle-aged man bowed to Qin Chen, then said with a trembling voice to Fei: "My lord, this is...what happened?"

"What happened?" The non-evil voice was cold, and said coldly: "This man is yours?"

The voice was cold and filled with endless anger. The middle-aged man trembled and said: "That's right, this barbaric family was sent to the Heiyu Continent to open up wasteland, because there was no backstage, and the life was very miserable. Later, when he came down to the Heiyu Continent, the barbarian family came to the door. , Took refuge in subordinates, often

As a tribute to his subordinates, he also dedicated the first beauty of this man's family to his subordinates, so..."

Speaking of this, he seemed to have thought of something, and his pupils suddenly shrank, "My lord, did they shoot you?"

The non-evil face was green: "It's nothing more than a shot at me, the key is that he still wants to shot at adults, and he said he wants to destroy the ten clan of adults, why? You are his backstage, do you want to help him?"

The middle-aged man was stunned, and then quickly said: "Captain, the emperor...No, my lord, I have nothing to do with this barbarian family, I don't know him at all!"

When he said this, his voice was already trembling.

Because he can feel the anger in the captain's heart. At this moment, he also understood that this is the emperor, who can destroy their family's existence in one word, and the captain can indulge in each other, which is a blessing that can not be found in eight lifetimes, but now, he has been ruined by himself.

[Chapter 4626: I will believe you](#)

How can the captain spare himself?

What's more terrifying is that if the emperor caused the emperor to anger him because of the barbarian family, it would be over.

Everyone on the court was a little dazed, a little dazed, and didn't know what was going on.

Hearing the words of the middle-aged man, the faces of Man Gu and others on the side were ugly to the extreme, of course, they were also terrified to the extreme!

What are the identities of these two people? Let the inspectors be so humble!
team leader?

Is it the immediate boss of the inspector? But who is the adult that the supervisor will call?

Even though Man Gu was only a soul body at this moment, he was about to faint and couldn't breathe.

"My lord, please tell me what to do with this barbarian family."

Fei evil hurriedly turned his head, looked at Qin Chen, anxious.

Qin Chen glanced at him coldly: "What should I do, do I still need to tell you?"

Feiye's face turned pale in an instant, and the emperor's lord was irritated.

I'm also an idiot, and I actually ask such a question, do I need to ask?

"Xue Zhan."

Fei Yin turned his head and shouted.

Xue Zhan is the name of the middle-aged man under his command.

The middle-aged man came to the front in a hurry.

"My lord, please tell me more."

Fei Ein coldly glanced at several people from the Barbarians, and said grimly: "Kill all the people from the Barbarian family."

Hearing non-evil words, Xue Zhan's eyes suddenly showed a hint of killing intent.

On the side, Man Gu's face changed drastically, and he quickly said: "Inspector, please also look at Man Fei's sake, let me..."

Na Man Fei is the beauty that the Man family dedicated to this person.

Xue Zhan suddenly yelled, "Shut up! I Xue Zhan has nothing to do with your Man family!"

Man Gu: "..."

The next moment, Man Gu looked horrified, and at this moment he couldn't care about anything else, he turned around and was about to run.

Xue Zhan's eyes were cold, and he suddenly shook his hand.

Man Gu's throat was directly held by an invisible hand, unable to speak anymore!

Xue Zhan looked at Man Gu coldly, "I repeat, I Xue Zhan has nothing to do with your Man family!"

Man Gu's face instantly turned pale, and at this moment, Xue Zhan shook his hand suddenly, and Man Gu's soul had already started to burn.

Man Gu's eyes were desperate. He knew that he would not be able to survive, but he said in horror: "Master Xue Zhan, it's not a disaster for his family. Please also Master Xue Zhan to see my Man's house..."

Before he could finish his words, Xue Zhan's eyes flashed a trace of cruelty, and with a pop, his soul was directly annihilated and turned into nothingness.

Seeing this scene, the other elders were panicked and their souls fell to the ground.

The Barbarian House is gone!

Without waiting for them to leave in horror, Xue Zhan made another move, with a bang, directly beheading all the members of the barbarian family, and the billowing soul breath instantly merged into the heaven and the earth, turning it into the power between the heaven and the earth.

"The subordinate has made a mistake, please punish your lord."

After doing all this, Xue Zhan instantly came to Qin Chen, knelt on one knee, and said respectfully.

This scene instantly shocked everyone present.

Barbarian family, that formerly majestic deity sir, unexpectedly died.

They are in Heiyu Continent, and they have never seen anything like this before. The gods should be high above them. How could they fall like mortals?

Such a scene gave them a great shock, and they couldn't calm down for a long time.

"My lord, please tell me what Xue Zhan will do."

Fei evil came to Qin Chen and said respectfully.

He looked unhappy, although he didn't want to do anything to Xue Zhan, but if he angered the emperor, he had to take responsibility.

Xue Zhan was shocked and panicked. He knew his destiny in Qin Chen's thoughts.

Qin Chen glanced around and did not speak.

A trace of cruelty flashed in the non-evil eyes, boom, he turned his back and banged directly on Xue Zhan's body, with a boom, Xue Zhan's body directly began to crack, and it seemed to be shattered.

puff!

A mouthful of blood spurted from Xue Zhan's mouth, and his expression suddenly became extremely embarrassed and weak.

However, Xue Zhan's whole person was motionless, letting a slap of non-evil bang on him, and he did not resist at all.

Because he knows that the adults are helping himself.

If the emperor did not speak, it proved that he was still dissatisfied with himself.

And the emperor's lord is dissatisfied, it is mortal.

With a palm that shattered Xue Zhan's body, Fei Ye turned his head and looked at Qin Chen. Seeing that Qin Chen hadn't spoken, his heart sank. He gritted his teeth and looked at Xue Zhan. Boom, lifted his right hand, and the terrible aura condensed. Bombarded out.

And Xue Zhan remained motionless, just knelt on one knee and did not resist.

Seeing that it was not evil, he would make a move, and once again blasted that Xue Zhan.

At this moment, Qin Chen laughed suddenly: "It's not evil, you are too irritable, this person is your subordinate, what are you doing? The previous thing was not done by Xue Zhan deliberately, what sin is it there?"

Qin Chen raised his hand and said lightly: "Let him get up."

Is this not punishing yourself?

Xue Zhan was originally in a panic, a little trance.

Feiyao glanced at Qin Chen and found that Qin Chen was not a liar, but his heart was relaxed.

No way, after all, Xue Zhan followed his brother and asked him to kill his brother himself. It was very difficult for him to do it in his heart.

Fortunately, the emperor gave himself a lot of face.

"My lord asked you to get up, didn't you hear?" Fei evil glanced at Xue Zhan and snorted coldly.

Xue Zhan hurriedly said tremblingly: "Subordinates thank you for your forgiveness."

"Well, I'll leave the rest of the matter to you to deal with, I hope you don't let me down."

Qin Chen glanced at Xue Zhan lightly and stood up straight.

"Bring this sinner to this seat."

Qin Chen glanced at the middle-aged man, then shook his figure and left the city.

"For adults, you must not let people pass it on."

Feiye grabbed the middle-aged man and warned to Xue Zhan before leaving.

"Captain, don't worry, I will take care of the matter here."

"That's good, this time, it is the emperor's kindness, next time, don't make trouble for me again."

Feiye gave a cold snort, carried the middle-aged man, and instantly followed Qin Chen, disappearing into the sky, leaving only Xue Zhan and a group of frightened people from all races.

After a while.

Qin Chen left the city and came to a high mountain outside the city.

He asked Fei to bring the middle-aged man to him, and then asked Fei to leave temporarily.

Although he didn't understand why the emperor was so interested in the sinner, Feiye didn't dare to ask. After dropping the middle-aged man, he turned and left.

After staying away, Qin Chen looked at the middle-aged man and said lightly: "What's your name?"

"I, bah, you are also from the Dark Clan, a beast."

The middle-aged man said arrogantly, spitting out, "If there is a kind, you will kill me. Who do you pretend to be?"

Qin Chen was speechless, it seemed that this guy completely regarded himself as a member of the Dark Clan.

"If I say that I am a human race, do you believe it?"

"Human race?"

"Hahaha." The middle-aged man sneered: "Do you think I will believe you?"

[Chapter 4627: Inferred identity](#)

In his opinion, the dark race does not have a good thing.

"Just know you don't believe it."

Qin Chen smiled, too lazy to explain.

Raising his hand directly, booming, a terrifying force instantly poured into the middle-aged man's body, and the terrible power began to penetrate towards the black chain on the middle-aged man's body.

Qin Chen was startled by this penetration.

Because he discovered that there is a special dark origin in this dark chain, which is always eroding the middle-aged man's body.

This middle-aged man is clearly a human race, but at this moment, his body has already integrated a special dark origin, and half of the rules in the body have been assimilated by this dark origin.

"The dark race, this is assimilating this world all the time, turning this world into its own territory."

Qin Chen looked up, his face was gloomy, and his heart was heavy.

boom!

He shot directly, trying to unchain the middle-aged man, but as soon as he moved, the middle-aged man let out a painful roar.

This black chain has been completely integrated with his physical body, and cannot be removed at all. Once it is released hastily, the middle-aged man's physical body will inevitably collapse.

"trouble."

Qin Chen frowned.

The middle-aged man looked at Qin Chen suspiciously, because he could feel that Qin Chen was actually lifting the chains for himself.

Isn't he really a member of the Dark Race?

No, it's impossible!

The middle-aged man's heart is cold.

What a joke.

Not a member of the dark race, how could the inspector of the dark race obey this person's orders?

The dark people are extremely despicable. They have not used any means in these years, and they must not be deceived by the other party.

And when he snorted coldly in his heart.

After observing the dark chains for a while, Qin Chen, who was thinking, suddenly moved in his heart. Then, when he lifted his right hand, the next moment, an invisible dark force surged out and merged into the dark chains.

The power of the Dark King's blood exploded in an instant.

Since ordinary power cannot break the chain of darkness, what about the power of the king's blood of the dark clan?

Wow!

I saw this dark chain, under the power of Qin Chen's Dark King's blood, instantly glowing, the sky full of runes flickered, and the black runes continued to circulate, being eroded by Qin Chen a little bit.

The next moment, with a bang, this dark chain was pulled out a little bit from the middle-aged man's body, and finally rose to the sky and instantly fell into Qin Chen's hands.

"This chain is amazing."

Qin Chen stared at the dark chain in his hand with a slight wonder in his heart.

I have to say that this dark clan has a lot of things that are worth learning by myself, such as this dark chain, which contains extremely terrifying restrictions and power, and I don't know what materials are used to refine it.

This chain can block the origin of the warrior, and can integrate the power in the chain into the body of the blocked person at all times, assimilating the power of the blocked person.

This is why the middle-aged man has the origin of darkness in his body.

Perhaps, in another million years, this middle-aged human race man in front of him, under the assimilation of the dark chains, will completely become a dark race member.

And while Qin Chen carefully looked at the dark chain.

Suddenly, a terrifying breath of venerable erupted, and Qin Chen looked up and saw the middle-aged human man slamming a punch at himself.

"kill!"

boom!

On his body, the surging blood surging, burst out suddenly, this blood qi contained unyielding will, and even burned his own soul, wanting to release a killer blow to Qin Chen. This person has been sealed for countless tens of thousands of years, and he has long been weak. He has just been unsealed at this moment. Under extremely weak conditions, he directly burns his blood and soul. This blow is out. No matter what the opponent is, he will be because of the soul and the soul. Blood consumption

Empty, and directly exploded and died.

This is a punch of death.

Roar!

With a punch, a terrifying coercion with endless murderous aura, instantly fell on Qin Chen's head.

"Ugh."

Qin Chen sighed

Why is this?

boom!

He raised his hand, and the terrifying power poured out, like a vast ocean, instantly sealing the middle-aged man. The power in the middle-aged man's body was instantly suppressed, and there was no ability to resist at all.

With a bang.

This person fell heavily to the ground.

He looked at Qin Chen in anger, but he didn't expect that with a full blow, he couldn't hurt Dao Qin Chen at all.

"It seems that you still don't believe me."

Qin Chen sighed and shook his head.

Make people believe, why is it so difficult?

"Let this seat believe you, that's no idea." The middle-aged man gritted his teeth.

"Om!"

"Don't you believe it?"

Qin Chen raised his hand. Suddenly, an invisible force surged. This was the power of the heavens.

At the same time, the aura on Qin Chen's body instantly became mild, and directly transformed into the appearance of a human race.

This celestial power directly poured into the middle-aged man's body, and instantly merged with the power in his body.

Suddenly, the part of the middle-aged man's body that had been eroded by the Dark Clan began to slowly repair.

"You are..."

The middle-aged man was shocked.

"The power of the six reincarnations."

Immediately afterwards, Qin Chen urged the power of the Tongtian sword pavilion, booming, endless sword aura surging, and forced the dark power in the middle-aged man back one after another. In the end, this dark power was used by Qin Chen to use the Dark King. The power of blood swallowed instantly.

"The power of the heavens, and... the power of the Heavenly Sword Pavilion? Who are you?"

The middle-aged man was shocked, and there was endless horror in his eyes when he looked at Qin Chen.

"Oh? Do you know these two forces?"

Qin Chen smiled and squinted at each other.

In the heavens, it is not ordinary people who can recognize these two forces.

"Are you...really human?"

This person looked at Qin Chen suspiciously, his eyes were solemn, because he found that the aura on Qin Chen's body was indeed exactly the same as that of the other races. This kind of aura could not be disguised by the people of the dark race.

Qin Chen said indifferently: "If this seat is really a member of the Dark Race, what is the point of pretending to be a Human Race in front of you? In other words, you are just a person imprisoned by the Dark Race. What is there to be coveted by this seat?"

This...

The middle-aged man was suddenly stunned.

Indeed, he is nothing more than a sinner, a prisoner in the Heiyu Continent, and what is on his body that is worth coveting by the people of the dark race?

Suddenly, the middle-aged man closed his eyes.

I saw the power of a mighty power rise in his body.

"what!"

Qin Chen was surprised that this force turned out to be the force of destiny. This force quietly enveloped Qin Chen. It was this middle-aged man who tried to calculate Qin Chen's identity through his destiny.

[Chapter 4628: Heavenly Journeyman](#)

It's just that he just calculated it.

puff!

His face flushed suddenly, and he spouted a mouthful of blood, then looked at Qin Chen in disbelief.

The fate of the person in front of him seemed to be shrouded in a hazy mist, and he couldn't tell at all.

Moreover, he sensed an inexplicable force of destiny from Qin Chen's body at the same time, even above him.

how can that be?

This power is clearly unique to his forces.

Perceiving this power of destiny, Qin Chen also shot a sharp light in his pupils: "Power of destiny, you...are a member of the Heavenly Ji Sect?"

Hearing the words, the middle-aged man bowed his head in silence and said nothing.

Originally, Qin Chen was still a little skeptical, but when he saw this, he was immediately determined.

Unexpectedly, on this Heiyu Continent, he could still meet the guy from the Heavenly Secret Sect.

"If you are a member of the Tianji Sect, you shouldn't doubt me anymore."

Qin Chen smiled.

Hum!

In his hand, a token appeared.

As soon as this token appeared, the middle-aged man's expression in front of him was instantly dull.

Secret order.

The Heavenly Secret Order is the token of his Heavenly Secret Sect. It is extremely rare, so how could it appear on this guy in front of her.

"Who on earth are you?"

The middle-aged man was shocked.

"It doesn't matter who I am. What is important is that you have no use value to me, so I don't have to lie to you at all."

Qin Chen said lightly.

The words are very direct and realistic.

The middle-aged man was silent.

The moment he saw Tianji Ling, he believed Qin Chen's words by 80%. Because the secret order is different from others, the most powerful thing of his secret secret sect is to obey fate and maintain the operation of this universe. Although this secret order may flow to other places, it will never be easily harmed by others. Urged

move.

He is very confident about this.

Now, under the urging of Qin Chen, this heavenly order is suspended in front of his eyes, shocking the middle-aged man. No matter who the person in front of him is, he can never be a member of the dark clan.

"What do you want to know?" The middle-aged man murmured after a moment of silence.

Qin Chen smiled, the middle-aged man finally believed in himself.

"I want to learn from you some of the arrangements of the Dark Clan in the Heiyu Continent. I believe you will know a lot of things in this Heiyu Continent for so many years and have been fighting against the Dark Clan."

Qin Chen said lightly.

Hearing this, the middle-aged man was startled.

He thought that Qin Chen wanted to know something, it turned out to be just this.

At this moment, he completely believed that Qin Chen was not a member of the dark clan.

Because this question is too idiotic, even if the other party is disguised by the dark race, in order to win the trust of oneself, they will definitely ask other questions, and it is impossible to ask such idiotic questions at once.

And this kind of question is like someone who just came to Heiyu Continent, but asked about the dark people of Heiyu Continent.

Thinking of this, the middle-aged man immediately explained.

It turned out that he was indeed a member of the Tianji Sect, but only an ordinary disciple of the Tianji Sect.

During the cosmic war, the Tianji Sect was destroyed by the Abyssal Demon Clan and the Dark Clan. In that battle, the sky and the earth were torn apart, and the ancestors didn't know their life or death.

And some of their ordinary disciples were taken captive by the Dark Clan to this Infinite Demon Prison, and their cultivation bases were sealed.

The Dark Clan tried to use the original power in their bodies to fuse this heaven and earth so that the Dark Clan could enter it.

In fact, the Infinite Demon Prison at the beginning of the year could not allow the dark race to survive. The dark people first assimilated their origins of the powerful in this universe, and used these assimilated origins to integrate into the heavens of this heaven and earth, so that the heavens of this world contain the origin of darkness. Finally, their dark people again

Slowly enter this world.

Adapt a little bit.

For countless tens of thousands of years, this piece of heaven and earth has allowed the ordinary dark people to survive freely.

It can be said that the plan of the dark race has been half successful.

Fortunately, the top dark clan powerhouse cannot enter this world yet.

Otherwise, when they can also enter and realize the origin of this piece of heaven and earth, when they can survive in the universe, it will be the end of the universe.

"In order to let the heaven and earth of this piece of heaven and earth blend into the origin of darkness, the dark race nurtures us like Gu, and it wants to nourish this world with us people who contain the origin of darkness."

"There are also the people of all races, the dark races have taken captives from everywhere in the universe. Those idiots don't know what they are doing."

"In order to stop their conspiracy, we once thought of death, but under the seal of the dark race, we can't even die, and live a life that is worse than death."

The middle-aged man gritted his teeth, his eyes bursting with hatred.

What a painful blockade of hundreds of millions of years.

Qin Chen looked at each other with emotion, and had to say that this person is indeed a human being, and he has not wiped out his heart against the dark race for hundreds of millions of years.

It's no wonder that when the Abyssal Demon Clan suddenly attacked, the human race's many forces were instantly blown up, and even the heavens were destroyed, the human race could actually persist.

There are so many people who are dedicated to the future of the human race, so why not worry about the human race.

"Then do you know how many masters are there in this world and the Dark Clan?" Qin Chen asked.

"I don't know this." The middle-aged man shook his head: "But it is certain that the Dark Clan definitely has a supreme, but there is no top supreme."

Speaking of this, he looked at Qin Chen: "If you are really a human race, leave here quickly and inform the masters of the human race outside that you must not let the dark race's conspiracy succeed, otherwise there will be no life in this universe."

"Not in a hurry."

Qin Chen shook his head, and now is not the time to leave.

Moreover, without the top-level supreme Qin Chen, I can rest assured, with Qin Chen's current strength, the average mid-term supreme may not be able to win him.

The only trouble is that this is the Infinite Demon Prison, which cannot be easily exposed.

"Then besides you, how many people like you are in this world?" Qin Chen asked again.

"Are you talking about sinners?" The middle-aged man shook his head: "I don't know the details, but there shouldn't be much left, because in order to give this world the power of the origin of darkness, the dark race slaughtered many of us. People who have evolved from the origin of darkness use death

The method of returning to the world after the origin is nourishing this world. "Later, after the number of people of all races was taken into captivity, they could use the blood of the people of all races who understood the origin of darkness to water the dark holy land and nourish the dark fruits. Those who took the dark fruits Can accelerate the integration of black

The dark origin and the cosmic origin, so that they can not be targeted by the cosmic origin. "

"The reason why I can live to the present is also because my cultivation level was low back then, and the speed of gathering the dark origin in my body was slow, so I escaped a catastrophe. Otherwise, I am afraid that I would have already been sacrificed." The middle-aged man was bitter.

[Chapter 4629: Dark Holy Land](#)

"Dark Holy Land? Dark Fruit?"

Qin Chen frowned.

"Yes, that dark sacred land is the core place of this Heiyu Continent, and it is also a place where the heavens and the dark origins of this heaven and earth blend together. It is an open place." "And the dark fruit is the dark sacred land. Unique treasures can only be nourished by the dark holy land. It not only possesses the laws of the origin of darkness, but also integrates the heavens of this universe. Once taken, you can perfectly master the power of the origins of the two parties.

It is the most enthusiastic place of many geniuses of the dark clan on this continent. "

"Ordinary people of the Dark Clan can only perceive the universe and the heavens by themselves, and integrate this world. Only the genius-level figures in the Dark Clan are eligible to receive the dark fruits."

"As long as the dark fruits are taken, the people of the dark race can easily enter our universe and will not be suppressed by any heaven."

Upon hearing this, Qin Chen's eyes changed.

Unexpectedly, the Dark Clan had managed to reach this level in this Infinite Demon Prison.

Next, Qin Chen asked some more questions, all of which were relatively basic.

After answering Qin Chen's question, this middle-aged man completely believed in Qin Chen's identity.

Because what Qin Chen asked were questions that ordinary dark people knew.

"Well, do you have any other questions? If not, you can kill me."

The middle-aged man looked up with a firm expression.

"Kill you?" "Although I don't know who your Excellency is, why can I enter this Heiyu Continent, but I am a sinner. You have lifted my seal. If you let the dark people find out, it will be detrimental to you, only by killing me can you continue

Continue to hide. "

When the middle-aged man said this, his expression was calm, as if it was someone else who had caused Qin Chen to kill.

"By the way, I forgot to say, my name is Wu Di!"

The middle-aged man raised his head and said.

A very common name, but it gave Qin Chen a rather shocking feeling.

With such a group of people, human race, why not worry about it?

"kill you?"

Immediately, Qin Chen smiled.

"Not needed yet."

"However, it is inevitable that you have to suffer. If you believe me, don't resist."

Qin Chen lifted his hand and knocked Wu Di unconscious with a bang.

This Wu Di actually did not resist at all.

In the next moment, this person was directly admitted into the Chaos World by Qin Chen.

"Honghuang Zulong, take care of this person."

Qin Chen said lightly.

The chaotic world is too special after all, and Qin Chen does not want to expose it to this person for the time being.

After doing all this, Qin Chen put away the restraints he had arranged around him, and said lightly: "It's not evil."

"Subordinates are here."

Huh!

Not long after Qin Chen's words fell, a figure quietly emerged, appeared here, and saluted Qin Chen respectfully.

It is not evil.

Seeing that the middle-aged man was not here, a trace of doubt suddenly flashed in his eyes.

As if knowing the doubts in non-disgusting, Qin Chen said lightly: "The criminal has already been killed by this seat."

killed?

It's not evil, no wonder I didn't see a figure.

Although he was curious, he didn't think deeply about it, a criminal, even if the emperor let him go, he was not qualified to question it.

"No evil, do you know the Dark Holy Land?"

"The emperor said and laughed, the dark holy land is a special place for my dark clan on this continent, a place that nourishes the heavens, how would my subordinates know it?"

"In that case, you take me over."

"Yes."

Non-evil suspicion glanced at Qin Chen, your lord, what are you going to do in the dark holy place?

Could it be, what's wrong with the Dark Holy Land?

There was doubt in his heart, but he was not evil but didn't dare to have the slightest doubt, and immediately led Qin Chen to go quickly.

The dark sacred land is located in the center of the Heiyu continent.

Along the way, Qin Chen passed many cities and gained a new understanding of Heiyu Continent.

As Wu Di said, this continent has completely become a test site for the dark race. The people of all races here have the power of darkness that has been cultivated in many people because they have been nurtured under the origin of darkness all the year round.

More or less, almost there are some.

Qin Chen walked for a while, and suddenly saw a black divine light rising into the sky in front of him, and a vast expanse of heaven and earth appeared in front of Qin Chen.

This piece of heaven and earth was in pitch black, and on the ground were pitch-black rocks, exuding the power of the origin of darkness. Besides, Qin Chen also sensed the power of the origin of the universe from it.

hiss.

As Wu Di said, this dark sacred place is very weird, and it contains two completely different powers.

"My lord, this is the Dark Holy Land."

Non-evil and respectful.

"who?"

When Qin Chen and the others approached, suddenly, there was a loud shout.

Just seeing this black world, suddenly a few ghostly figures appeared, several venerables of the dark clan, with murderous aura, staring at Qin Chen and Fei evil.

"My lord, this is the guardian of the Dark Holy Land. The Dark Holy Land is extremely special. Except for the Dark Clan, the ants of the other ten thousand races on this continent are not qualified to enter."

As Feiye spoke, he took out a black token.

"It turned out to be the inspector."

Seeing this token, these guards were shocked and hurriedly saluted respectfully.

The inspector, who can inspect everything in Heiyu Continent, is the personal guard of a few supreme adults, and these guards naturally dare not offend.

"Hurry up!"

Feiye snorted, these guards did not dare to stay, and disappeared instantly.

"My lord, please."

Non-evil and respectful.

Whoosh!

Qin Chen flew into this dark holy land.

As soon as he entered here, Qin Chen immediately felt the extraordinariness of this piece of heaven and earth, the origin between the heaven and the earth was extremely rich, and it was almost impossible to dissolve it.

"My lord, the origins of the ten thousand races who fall every year on the Heiyu Continent will return to the heavens and the earth, and part of their power will enter the Dark Holy Land and become the nourishment of the Dark Holy Land."

Non-evil and respectful explanation.

In the dark sacred place, mountains and rivers have everything, like a very special secret.

After walking for a while, suddenly, there was a strong fragrance in the air. In the distance, a dark divine light bloomed, causing Qin Chen's pores to open, and the origin in his body was about to move, as if it was about to boil.

"Top Dao Fruit."

Qin Chen's heart moved, this fragrance, this is a top-level Tao fruit about to be born.

"My lord, this scent should be ripe with top dark fruits."

Non-evil link said.

"Go, go over and take a look."

Qin Chen's eyes flashed, and he immediately swept towards the place where the fragrance came from.

Soon, a mountain appeared in front of it. It was not very high. You could see the peak when you looked at it, and the dark divine light bloomed from the mountainside. "Stop!" Qin Chen was about to go up the mountain, but was blocked by people.

[Chapter 4630: Dark Fruit](#)

He looked over and found that it was a young man with a source of darkness on his body. He was obviously a member of the dark tribe, guarding the only way to go up the mountain.

At this moment, he raised his head arrogantly, looking at Qin Chen's face full of disdain: "Everyone is tasting tea on the sacred mountain, watching the sacred fruit, and those who are acquainted, hurry up and get out. This is not your right place to come. local."

"grown ups."

Feiye's face changed, and he wanted to make a move immediately, but Qin Chen reached out his hand to stop him.

The young man in front of him was extremely young in years, yet his cultivation base was extraordinary, so he was naturally extremely arrogant. However, it was the first time that Qin Chen saw the existence of such dumb Dark Clan people, which made his heart move slightly. It seemed that this Dark Clan was no different from Human Race, Demon Race and other races. Apart from being from the Universe Sea, they tended to be inflamed, etc. Wait

Human nature is almost the same.

By observing these people, Qin Chen can also understand some of the characteristics of the people in the Dark Clan. Upon seeing this, the corner of the young man's mouth suddenly sneered: "Why, still want to make a move? I don't know where the hillbilly came from, pretending to be an uncle here? Do you know who are the adults on this mountain? Hurry up, don't you? Want me out

hand. "

After finishing speaking, the faint breath of venerable from his body quietly diffused, majestic and domineering extraordinary.

Qin Chen couldn't help but laugh, allowing him to have a deeper understanding of the dark people.

Although the Dark Clan is opposed to this universe, in fact there is really no difference between the creatures in the two worlds. Everyone is just a little different in appearance, and the rules they cultivate are a little different. Human hearts and human natures are really similar.

"Do you still dare to laugh?" the young man shouted: "If you dare to take a step forward, it doesn't matter if you kill him."

"What can I do if I have to come forward?"

A sneer sounded, and a dark Luan car came quickly, and then stopped abruptly. The driver in front of the Luan car was also an extremely young middle-aged man, who was quite handsome and exuded. The power of the source of darkness.

And the one pulling Luan's cart in front was a phoenix exuding darkness.

On this phoenix, the breath of the venerable is permeated, obviously from the place of the dark race.

However, Qin Chen felt some breath of the origin of the universe from this phoenix.

This changed Qin Chen's color.

No matter how you look at it, this dark phoenix is a creature from the dark clan, but it can also survive in this world. It seems that the dark clan's strategy has already made great progress.

"Black Leaf!"

Seeing this young man, the person who was blocking Qin Chen's face suddenly showed a trace of jealousy: "It turns out that it was the Divine Phoenix Fairy who came here, disrespectful, disrespectful!"

"Get out of here if you know it."

The young man called Heiye said with disdain.

"Hei Ye, what I respect is the Divine Phoenix Fairy and the Divine Emperor Family, but not you." The young man said with a green face: "My Lord Tianhe comes from the Tianhe family, and the Divine Phoenix Fairy is equally famous, you What's so arrogant?"

Hei Ye smiled proudly: "How can Saint Son of Tianhe be side by side with my fairy? I really put gold on my face!"

"Proud!" The young man before was furious, shouted angrily, and immediately shot, rumbling, a terrifying breath of the venerable was filled, and it attacked the Luan car strongly.

"Bold!" Boom, a palm was taken out of Luan's car. The slender hand, like mutton jade, was as gentle as jade, but with terrifying power. Boom, the young man was immediately shaken out of his body. The robe was shattered directly, with blood stains on the corners of the mouth

, Fell heavily to the ground.

"Heiye, go up the mountain, the dark fruit is almost ripe, don't miss the opportunity."

There was a clear voice from Luan's car, which was very pleasant, but also with endless arrogance, as cold as an iceberg.

"Yes!" Heiye replied respectfully. He glanced at the young man on the ground with a scornful smile on his face, and then urged the Luan car. Suddenly, the dark phoenix screamed for a long time, soaring up again, and heading up the mountain. .

"My lord, the Tianhe family and the Shenhuang family are the families of Lord Sikong and Lord Shihen respectively."

Non-evil secretly transmits, these two great families are much stronger than the previous barbarians.

Of course, in front of the ambassador, they were all ants. At this moment, the young man who had been shaken off by the Divine Phoenix Fairy stood up embarrassedly, wiped the blood from the corner of his mouth, and his face was sullen. He glanced over, and when he saw Qin Chen and Feiye, he couldn't help showing an angry face and shouted: "You two look

What look, are you impatient? "

He felt angry, but knew that it was impossible to avenge the "Fairy Divine Phoenix", which made him even more uncomfortable, and wanted to find someone to sigh.

Qin Chen glanced at it and said lightly: "This seat seems to be okay with you, right?"

"You are getting in the way of me. If it weren't for you, how could I have been hurt before."

This young man apparently cast his anger on Qin Chen, yelled, rumbling, and directly grabbed Qin Chen with a palm.

Om, his five fingers turned into a blade, and this blow was not to take Qin Chen down, but to kill someone.

Qin Chen sneered when he saw it, and waved it straight away. With a boom, a terrifying dark streamer burst out, and he heard a chuckle, and a black light flashed. ,

The young man suddenly uttered a scream of "Ah". The next moment, his right hand protruding out was directly cut off by Qi Gen, and his right hand was directly shaken into powder.

"you..."

The young man screamed, his expression was painful, and at the same time he was full of disbelief. He didn't expect this shameless guy in front of him to be so terrifying in strength.

Qin Chen stared at the young man and sneered: "If you dare to move a finger on this seat, this seat will kill you."

The young man stared at Qin Chen fiercely, and suddenly said, "You wait."

Huh!

When the voice fell, the person suddenly turned into a streamer, disappeared at the foot of the mountain, and swept directly toward the mountain.

"My lord, why do you need to do it yourself?" Fei evil said hurriedly: "This person dares to offend the lord and just kill him."

"Hey, after all, I belong to the family of the dark clan, so just a lesson is enough, why bother to fight and kill."

Qin Chen waved and said lightly.

"My lord is kind."

If it is not evil to salute again, it is beyond touching.

Worthy of being an emissary, this realm is high.

"Let's go."

Qin Chen dusted his sleeves and walked straight up the mountain.

This dark fruit, he was also quite curious.

It must be known that after taking this dark divine fruit, the dark clan can fuse the heavens of this universe.

What Qin Chen wondered was whether he could evolve a true source of darkness after taking it.

After all, the dark aura on his body now evolved from the power of the blood of the Dark King.

However, the power of the Dark King's blood is too special and too conspicuous.

I can't always use the power of the Dark King's blood every time, right? But if you take this dark divine fruit, you can evolve other dark sources, but it's a way to hide yourself from the dark clan.
