

Valkyrie 4631

[Chapter 4631: Dark God Tree](#)

Thinking of this, Qin Chen walked straight towards the top of this dark sacred mountain.

"My lord, what are you..."

Non-evil curious.

Is it possible that the emperor is also interested in this dark divine fruit?

As an emissary of the emperor, if you want the dark fruit, you only need a word. I am afraid that the adults such as Sagong and Shihen will be impatient to send it to the adults, right?

"Dark fruit, it's interesting, why, do you want to inquire about the actions of this seat?"

Qin Chen glanced lightly, not evil.

"It's the subordinate's nonsense."

Feiye was suddenly shocked.

Oh shit.

He wanted to slap himself.

What can I say if it's okay? Maybe it was the emperor who wanted to find out if there was any problem with the Heiyu continent controlled by Master Sikong and Master Shihen, I asked myself, if the emperor was more concerned, wouldn't you think he was inquiring about Master Sagong? situation

Newspaper?

Damn it.

Damn it.

Feiye didn't dare to speak immediately, and trembling, followed Qin Chen like a quail.

He made up his mind, as long as the emissary did not order, then he would do nothing, and the province would be misunderstood by the emperor.

Qin Chen walked towards the sacred mountain step by step.

He thought for a while, no matter whether this dark divine fruit had any effect on him, as long as he went up the mountain and became interested in the dark divine fruit, he would inevitably have a fight with the owner of the young man who rushed forward.

I heard that there are many arrogances of the Dark Clan on this sacred mountain, but I can use this opportunity to kill a few geniuses of the Dark Clan and weaken the power of the Dark Clan.

No matter how bad it is, you have to destroy the dark fruit on this dark mountain, so that the geniuses of this dark race can't realize the origin of this universe.

Of course, what Qin Chen hopes most is that this dark divine fruit will also have an effect on him.

In this way, he can completely hide into this dark clan, even if he meets the supreme of the dark clan, there is no need to worry about exposure.

Thinking of this, Qin Chen couldn't help but express the look of expectation in his heart.

He disguised himself as the Dark Clan not only to kill a few people from the Dark Clan, and not only for the disguise of walking on this continent, but also to sharpen himself stronger.

Today, his cultivation is stuck in the realm of the peak Heavenly Sovereign, and he is only one step away from the Supreme.

But at this step, Qin Chen could feel that it was not easy to make a breakthrough.

However, if he could control the rules of this dark clan, it would be of great help for Qin Chen to break through to the Supreme.

After all, the Dark Clan is a powerful force from the universe.

Qin Chen carefully compared the rules of this universe and the dark clan, the same rules, the dark clan is not weaker than this universe, and even stronger to some extent.

Because the history of the dark race is even longer, and there is more than one detached and strong among them, otherwise, would they be eligible to invade this universe?

Give a simple example.

Any strong person in this universe, as long as he has the power of darkness, can burst out at a critical moment with a strength far beyond his own cultivation base.

Doesn't this mean that the power of the dark race must be above this universe to some extent?

Of course, this is only Qin Chen's guess, and he still needs to use more examples to verify his guess.

Thinking in his mind, he walked slowly towards the mountain while striding.

Not arrogant or impetuous.

It seems freehand, but in fact, every step Qin Chen walks out, he is comprehending the way of this dark sacred mountain.

After entering this sacred mountain, he was already feeling it.

This dark mountain is not high, but it is very majestic and majestic, with an unspeakable atmosphere.

As Qin Chen walked, there was a strange feeling in his heart, as if a mysterious force wanted him to kneel down, and bow down sincerely, as if from the depths of his soul, he wanted to surrender.

Qin Chen snorted. He is a heavenly arrogant. He will be invincible in the future, and even the ancestor of the Abyss Demon will not be able to make him succumb.

However, Qin Chen saw a lot of creatures and really knelt down on the edge of the mountain road.

These creatures are all weird and weird. Among them, the black phoenix of the Divine Phoenix Fairy's Cha Luan, crawling on the ground, is feeling, full of piety, and even fanaticism.

Qin Chen understood in an instant that these kneelings should be the mounts or servants of the many arrogances on this sacred mountain.

This left Qin Chen speechless.

Here, the young man had already said that the Tianjiao of the non-dark race cannot enter, but their mounts can enjoy the opportunity here, and the ordinary dark race people are not even qualified to come.

The rank division of the dark clan seems to be extremely strict.

The sacred mountain is really not very high, but because of this pressure, Qin Chen walked extremely slowly. He felt this power a little bit, and he didn't reach the top of the mountain until half an hour later.

What appeared in front of Qin Chen was a huge platform, where many people had already been surrounded.

There are a lot of people on the outermost periphery, at least a few hundred, but there are fewer circles inside, only a dozen.

The whole platform is very simple and dark, giving people an uncomfortable and gloomy feeling.

And on the stone platform, there are weird black lines, the lines are simple and simple, exuding a palpitation breath.

As soon as Qin Chen saw this pattern, his eyes condensed.

Because of this pattern, it was actually a large forbidden formation, and the level was extremely terrifying, at least the supreme level.

The key is that even Qin Chen looks dizzy and unbearable.

"hiss."

This made Qin Chen's heart startled, and he took a breath of air-conditioning.

He had been outside of Heiyu Continent, and he had already gained a lot of insights into the bans of the Dark Clan. It stands to reason that ordinary supreme bans could not make him feel this way, but the bans in front of him turned out to be his Divine consciousness is also a little trance.

This shows that this forbidden formation is definitely not laid by ordinary people in the dark clan, at least it is also a supreme-level powerhouse.

Even, it is still the best in the supreme class.

Qin Chen settled down, and after looking at these patterns, he saw that there was a black old tree in the very center of the stone platform.

It is full of various fruits, showing various shapes, some are like a god-man sitting cross-legged, some are like a tiger crouching, and some are like a dragon soaring to the sky, and some fruits, like A sharp sword, a war sword.

No one is the same.

It is densely packed with hundreds of them.

Moreover, the aura of each of these fruits is different. For example, the sword-shaped ones have sword energy soaring to the sky.

The sword-shaped one is soaring to the sky.

The dragon-type is a dragon whose spirit is roaming, as if a real dragon has evolved.

Qin Chen counted, ninety-nine in total.

One hundred avenues, one heaven escape! Hundreds are the trees of perfection, and the ninety-nine fruits of this fruit are also in line with the movement of heaven and earth.

[Chapter 4632: Top ban](#)

At this moment, Qin Chen thought of the Heavenly Dao Divine Tree and the Chaos Tree in his chaotic world. This dark divine fruit was somewhat similar to the Heavenly Dao Divine Tree, containing the heaven and earth.

However, the Heavenly Path God Tree produced 108 fruits, while the Dark God Tree produced ninety-nine fruits. Sure enough, none of the Divine Fruits grew randomly.

What surprised Qin Chen even more. The power of darkness on the dark **** tree is very gloomy, but the dark **** fruit that it bears is full of fragrance, the surface of the fruit is brilliance, all the fruits are crystal clear, colorful, and scented, and they appear on it from time to time.

For birds and beasts, the pattern of each fruit is unique and looming. Qin Chen looked everywhere, and saw that the Divine Phoenix Fairy Luan car that he had seen before was parked somewhere in the open space below, and that Hei Ye was sitting in the outermost place now, staring at the god. The tree, sitting there, seems to be waiting for the fruit

It really falls off.

Not only him, but all the people on the scene were all close to the stone platform with their knees cross-legged. They were both far and near. They were all eagerly salivating at the dark divine fruit, but no one actually took the initiative directly.

Why not pick it?

Qin Chen was curious, and when he sensed the circulation of the forbidden formation under the Dark God Tree, he instantly understood.

This dark sacred tree was guarded by the forbidden formation pattern before it matured. Anyone who dared to step forward would inevitably induce this terrible forbidden formation pattern.

And this pattern is at least of the supreme level. With the strength of the arrogances present, I am afraid that if they dare to do it, they will be annihilated into ashes in an instant, with no bones left.

"Where's the guy, don't stand there stupidly, quickly find a place to sit down, don't you know this is a dark holy place? It disturbed everyone to attract the dark fruit, can you afford it?"

Someone perceives Qin Chen's presence behind him, and immediately turns his head and scolds Qin Chen, showing impatience.

This person is the closest to the edge, so Qin Chen is standing behind him, which makes this person an inexplicable irritability and a little impatient.

Fei'e looked cold, and just about to scold him, Qin Chen waved his hand to stop Fei'e from making a move.

He chuckled and didn't mind, he didn't bother to pay attention to these dark people before he figured out the situation.

The movement here immediately alarmed the others present, and everyone turned their heads back.

Under all eyes, Qin Chen walked towards the center of the stone platform.

"Bold, who are you, who allowed you to move forward."

Qin Chen's movement seemed to anger the anger of the people, and there were loud shouts around him instantly.

Qin Chen frowned, why, can't we move forward here?

"It's all quiet."

At this moment, in the center of the stone platform, the eyes of the dozen or so handsome men and beauties looked over, and their faces were unhappy.

All of these people exude an aura of horror, and their various cultivation bases are extraordinary, and they are obviously the arrogant figures of this dark clan.

Their eyes were haughty and high up, like a **** looking down on the ants, staring at them.

"Master Tianhe, it was this kid before, who hurt his subordinates."

At this moment, a sharp shout suddenly sounded.

Outside the crowd, a young man who lacked an arm suddenly stood up. It was the one whose arm had been cut off by Qin Chen before. At this moment, he said anxiously to one of the group of Tianjiao.

"Oh?"

That day arrogance suddenly looked over.

"Your Excellency, someone who has just moved this young man, you have a lot of courage."

boom!

His eyes seemed calm, but in an instant, it seemed as if a vast Tianhe rushed out from the heavens and the earth. This Tianhe contained the power of rolling rules, and the power of darkness soared into the sky, as if it could annihilate everything.

An invisible force instantly suppressed Qin Chen.

This is suppression on the soul level.

Qin Chen smiled slightly.

The body was shocked.

He heard a click, in the void, as if something had broken open. In an instant, the terrible pressure that had previously suppressed Qin Chen's body disappeared in an instant and disappeared.

That day, the arrogant pupils suddenly shrank.

Not only him, but the other Tianjiao around him also changed color slightly.

Tianhe Saint Child, but the best among them, is at the same level as them, the previous attack, ordinary Dark Race people can't resist at all.

This guy in front of him looks extremely strange, how can he have such strength and where did he come from?

"Master Tianhe, this person is arrogant and domineering, who dares to ignore the majesty of the adults, he should be cut!"

The broken-arm young man took a step forward, murderous, and immediately swept out a terrible dark atmosphere, surging near the stone platform.

This scene caused the other Tianjiao to frown slightly and look at the Son of Tianhe.

"To shut up."

That day, He Shengzi gave a cold drink, glanced at Qin Chen with deep eyes, and said to the young man with the broken arm: "Sit down for me."

"Master Tianhe." The young man wanted to say something, but when he saw that Shengzi He's eyes sank that day, he suddenly raised his hand and made a bang. The young man was blasted out and fell to the periphery of the stone platform, feeling a little dizzy. He spit out a mouthful of blood, his expression dumbfounded, both

I don't know what happened.

"If you don't shut up, don't blame Ben Shao for being polite."

Shengzi Tianhe said coldly: "What kind of occasion is this? I disturbed the dark sacred tree. You can't afford to borrow ten heads from you."

"Yes, my lord."

This young man then remembered what place it was, and suddenly a cold sweat broke out all over his body, trembling, and he didn't dare to speak any more.

The dark divine fruit requires an extremely quiet environment to be able to pull it. By doing so, he is tantamount to interfering with the laws of heaven and earth. Once it affects the other Tianjiao's plundering of the dark divine fruit, the Tianhe Son cannot protect him.

That day, He Shengzi looked at Qin Chen deeply, but did not continue to make a move. He just ignored Qin Chen and continued to look at the dark sacred tree.

This made Qin Chen a little surprised.

He thought there would be a battle. "My lord, this dark sacred tree is extremely special. If you want to get this fruit, you must wait for the fruit to mature and use its own rules to pull the fruit. Any fluctuations in the law will affect the pulling of the dark fruit. Therefore, according to the subordinates know

, Here is generally not allowed to fight. "

Seeing Qin Chen seemed a little confused, Fei evil hurriedly explained.

"Oh? There is such a saying, is it any wonder?"

Qin Chen suddenly.

I thought that the arrogances present were all civilized people, and it turned out to be because of this.

Qin Chen thought in his heart, but continued to move forward.

"Boy..."

The young man still wanted to scream at Qin Chen. Suddenly, he felt the sharp eyes of the Son of Tianhe, and he immediately shut up and did not dare to speak.

However, when Tianhe Shengzi and more than ten Tianjiao saw Qin Chen trying to go to the center of the stone platform, they only looked at Qin Chen coldly, and did not do anything. It seems that I didn't care about it.

[Chapter 4633: Kirin Prince](#)

This puzzled Qin Chen.

The other party didn't stop it?

Qin Chen's heart moved, as soon as he approached, suddenly, a terrible dark pressure instantly pressed on him.

Suddenly, the corners of their mouths were sneered at the corners of their mouths that day.

Do you really think this stone platform is easy to approach?

If you want to get close to the stone platform, you have to endure the coercive aura of the stone platform and the dark **** tree. This is not something that ordinary people can approach. Ordinary people of the dark tribe, as soon as they approach, they are instantly shocked by the terrifying pressure and cannot move .

This is also the reason why they did not stop Qin Chen, because this stone platform itself cannot be approached by anyone.

"interesting."

Qin Chen smiled.

Is darkness majestic?

Qin Chen smiled slightly, and the strength inside his body flashed, as if there was nothing, and he went straight forward.

Hum!

The coercion that suppressed him, like a breeze, could not affect him at all.

what?

Seeing this scene, Tianhe Shengzi and the others, who had faintly ridiculed smiles at the corners of their mouths before, suddenly solidified their expressions, as if they were a ghost.

How can it be?

The terrible coercion contained in the Dark God Tree, even for them, takes a certain amount of time and slowly realizes it before they can resist.

But the boy in front of him resisted this force for just a moment, which was incredible.

Qin Chen stepped forward, came to the stone platform, and sat down slowly.

In the rear, Fei Ye also followed Qin Chen closely, following Qin Chen, and coming to the front of the stone platform.

The terrible coercion suppressed him, and it did not cause any damage to him, as if there was nothing.

This makes everyone more speechless.

It's nothing more than a Qin Chen, why is the servant following this kid so terrible, able to withstand the coercion of the stone platform and the dark sacred tree?

This made the few people present couldn't help but look at Qin Chen a few more times, and there was a flicker of shock in their eyes.

And just when everyone was shocked.

suddenly!

"Hahaha! I hope this prince is not late."

A loud and conceited laughter resounded across the sky and saw an extremely luxurious car swiftly approaching in the sky.

Those who can drive here are definitely people with great backgrounds, otherwise, ordinary cars would not be able to withstand such pressure.

The coachman is a middle-aged man in armor with a towering body, like a **** or devil, while the mount is a dark unicorn with auspicious feet and walking on the clouds.

This is shocking.

The dark unicorn belongs to the sacred beast of the dark clan. It is extremely rare, even in the base camp of the dark clan, it is extremely difficult to see it. Someone brought it to this black jade continent.

"Look, the sign on that car wheel!"

Someone suddenly pointed to a graphic on the car wheel and said.

It was a flame-like rune, transformed into a unicorn, flying, bursting with dazzling black lights.

"Prince Kirin!"

Everyone exclaimed at the same time, their faces also showed awe, and they recognized the person.

The person here was actually the prince of the dark clan of Qilin Kingdom.

This rune is a unique symbol of Kylin Country.

The Kylin Nation, based on the sacred beast, the dark Kylin, is only strong or not weak compared to their aristocratic families.

Because, in order to establish a nation among the dark race, there must be a supreme powerhouse behind it, which shows that it is extraordinary.

"Why is Prince Qilin here?" "Yes, it is said that this person has already obtained the dark fruit when the dark fruit matured last time. Now he has already integrated the origin of this world. This dark fruit is right. As far as he is concerned, there is no benefit anymore, and he has to come here to make this

Why are you busy? "

"Who knows, as the Qilin prince, he can't come to this alien world at all. It is weird to hear that he took the initiative to invite him." "Hmph, this person is very ambitious. In the Qilin country, he is a talent in itself. Excellent. Although he can get many resources, he has a very high spirit, and he wants to understand the origin power of other universes in the universe and perfect his cultivation system.

I wanted to be a king-level figure in my dark clan, so I took the initiative to come to this continent. "

"This person has a perverted temper, don't provoke him, otherwise there will be trouble. I have heard that many saints of the family have been repaired by him."

"It's not enough. I heard that this person has an elder brother who is the prince of Qilin Nation. He is stronger. Even among the arrogances of my dark race, he has a place and is a true king."

"Hmph, what about the king? When I come to this continent, I may not have no hope of becoming a king."

As soon as this person came, Qin Chen, who had made everyone look at him, no longer paid attention to him in an instant. That day, He Shengzi and others stared at the car wheel in front of him, with a very ugly face.

Tianjiao must be arrogant, no one wants to be crushed by another Tianjiao.

Therefore, this prince Qilin was not welcomed by everyone on the court, but the opponent was so strong that they didn't dare to show it. Everyone talked a lot, and while they were talking, the car wheel

opened, and a slender man, dressed in a brocade robe, was like a rich man, but his face was extremely pale, with only a pair of dark circles under his eyes, which was extremely obvious, as if he was excessive

There is a faint light blooming on his body, no matter where he goes, the laws of heaven and earth are surging.

Moreover, in his body, not only the original power of the dark race, but also the original power of this universe faintly, he truly understood part of the origin of this universe.

"This person has actually mastered part of the origin of the universe."

Qin Chen murmured, with a cold light in his eyes.

This made him vigilant. The Dark Clan's understanding of this universe had reached a heinous level.

This is not a good thing.

Prince Kirin swept his eyes and stopped at the beautiful woman in the middle of the stone platform who was held by the stars. His eyes lit up and said, "Fairy Divine Phoenix!"

He jumped out of the chariot and walked inward.

"roll!"

The people sitting around the periphery were all people. Because of the restriction, he could not go directly into the center of the stone platform, and could only walk from outside. Seeing that there were many Dark Race people around blocking the way, he suddenly snorted, waved his right hand, and suddenly banged. The few Dark Race people in front of him were blasted out in an instant, vomiting blood and fell to the ground. Receive

To the great trauma.

"Every trash wants to come here to absorb the dark divine fruit, I really don't know what it is."

Prince Qilin sneered, looking at the dark people who surrounded him, they were like ants at all, not worth mentioning.

Everyone was furious, especially the young masters of the dark tribesmen, all of them pale, and they wanted to take action immediately, but thinking of the identity of the other party, they could only force Nai to hold back the irritation in his heart.

Prince Qilin continued to move forward. This time, the person in front of him quickly moved away, for fear of being seriously injured. In this way, everyone in circles gave way, and they didn't dare to take advantage of it.

[Chapter 4634: Three Lives Fortune](#)

Prince Qilin was full of arrogance. It seemed to him that everyone's behavior like this was a matter of course. He strode forward, and there was only one person in his eyes, and that was the Divine Phoenix Fairy, a stunning beauty, and everyone else seemed to him. Just a chicken dog

"Prince Kylin!"

"Today I was fortunate to see Prince Qilin. It is really the fortunate for me to wait for three lives."

In the crowd where the Son of Tianhe was, a few Tianjiao immediately greeted him, with a low posture, bending over and saluting, as if the courtier had seen the emperor.

They held the moon with the stars, and surrounded the prince Qilin, each with a low posture, just like a follower.

Seeing these people are so acquainted, Prince Qilin also reduced his arrogance, he became more patient, and made an exception and nodded to these people.

After all, those who can be in this core area are also Tianjiao figures. Although they are not as good as him, they are not cats and dogs. Some of them may not be able to become king-level figures in the future.

Maybe in the future you can accept a few as your subordinates.

Under the stars holding the moon, Prince Qilin came to the side of Fairy Divine Phoenix, looked at him affectionately, and said proudly, "Divine Phoenix, I will help you pick the holy fruit."

Fairy Divine Phoenix didn't appreciate it very much, and said flatly: "Thank you Prince Qilin for your kindness, but I can do it myself." "Eh, why are you seeing the Divine Phoenix like this?" Prince Qilin touched a nail with a trace in his eyes The unhappiness flashed, but did not occur, but continued to smile and said: "This prince naturally knows that you can do it, but the dark sacred fruit, the more the better, who would think less, even if you are a Divine Phoenix, you can get what you want. You have to think about it for the people around you? For example, your relatives? Besides, the effect of absorbing one dark fruit is completely different from absorbing multiple dark fruits.

of. "

Prince Qilin said proudly: "If you like the Divine Phoenix, this prince will pick ten or eight for you to ensure that you will absorb the origin of this heaven and earth to the limit, so that you will never be oppressed by this origin of heaven and earth in the future, how about?"

Fairy Divine Phoenix couldn't help being weak.

Indeed, as the Prince Qilin said, although she is confident enough to provoke the dark sacred fruit, she is still limited in strength. Picking one or two is absolutely fine, but it is extremely difficult to get more. thing.

Not to mention whether she has this strength, there are only ninety-nine dark fruits in total with so many people on the scene. When she is attracted to the fruits in front, the rest will have been attracted by others.

She was extremely conceited. She came to this Heiyu Continent, and naturally she didn't come here in a muddle-headed way. Almost all the Dark Clan Tianjiao who came to this Heiyu Continent wanted to understand the origin of this universe as soon as possible.

Because, once they are not oppressed by the origin of this universe, they will be given extremely important characters. This is a great opportunity.

Therefore, this dark fruit can also be said to be related to their future.

In an instant, Fairy Divine Phoenix seemed to hesitate, and no longer resolutely refused.

"Since Prince Qilin is very kind, Fairy Divine Phoenix still agrees."

"That is, Prince Qilin has already absorbed enough dark sacred fruit, but he came here specifically, obviously for you, the Divine Phoenix Fairy. This kind of friendship can show heaven and earth!"

"A person with such a true temperament is envious of others."

The few Tianjiao who were cheating on the Qilin prince all started booing, secretly instigating and discouraging them.

This made Tianhe Shengzi and the others pale and looked extremely ugly.

Because the fairy Divine Phoenix is indeed amazingly beautiful, his skin is like white jade, crystal clear, and a pair of watery eyes make people indulge in it.

The appearance of Fairy Divine Phoenix is extraordinary in itself, coupled with the noble status of the Divine Phoenix family, and the temperament of Tianjiao, it is even more shocking. Even from Qin Chen's eyes, this person is indeed a man. A rare beauty.

The key is that this beauty also possesses amazing martial arts talents, and that naturally makes countless men rush to buy her.

"Thank you, Prince Kirin, then."

Fairy Divine Phoenix nodded. She couldn't refuse such a good intention, because the dark fruit was too important. This was a chance.

Although she still has a chance to come in the future, the maturity of the dark fruit is not so easy. The most important thing is that only once to the extreme can it be better integrated with the world and there will be no accidents. .

Although she agreed, she had already made up her mind. She would return a precious gift to the prince Qilin and repay the favor, because she knew very well that the favor of the prince Qilin would be troublesome. .

Prince Qilin smiled suddenly.

"Divine Phoenix, don't be polite, what is the relationship between you and me? Trivial matters are not enough."

With that said, he stepped forward and tried to hold Fairy Divine Phoenix's arm.

Fairy Divine Phoenix hurriedly turned around, avoided silently, and continued: "Prince Qilin, this dark sacred fruit is about to mature. Let's watch it carefully."

She was worried, this prince Qilin was really not a good person, and he had to act directly on herself.

This made her even more determined that she must pay off this favor as soon as possible.

Prince Qilin's hand just touched the gauze of the Divine Phoenix Fairy, and saw that the Divine Phoenix Fairy was hiding. He didn't care, but raised his hand, smelled his fingers and closed his eyes, as if he was intoxicated. Said: "Well, Divine Phoenix, you are so fragrant!"

metamorphosis!

When the others around saw this scene, they all cursed secretly in their hearts. There were a few people who admired the Divine Phoenix Fairy, and their eyes were about to burst into flames.

"Divine Phoenix doesn't need to worry. With the prince, it is not easy to get this dark sacred fruit."

He chuckled lightly, very confident, and his face was full of arrogance.

After all, his cultivation base is extraordinary, and he has absorbed the Dark Sacred Fruit and has rich experience.

Furthermore, he only needs to compete with the people present. Which of these people is comparable to him? He has enough moments to attract the holy fruit.

Therefore, he is extremely confident, that kind of arrogance, so many women around him also see beautiful eyes.

The arrogance of Prince Kirin was uncomfortable in the eyes of the same man. For women, such an arrogant man with noble status and intelligent talents, who would not admire him?

Ever since, many women present looked at him enviously, and their saliva was almost flowing down.

A few of them have beautiful eyes and peach blossoms on their faces. As long as Prince Qilin hooks his fingers, he can't wait for him to have a earth-shattering "war" on the spot on this platform.

This makes many men present envy and hate. But what can be done, this is Prince Qilin, a man destined to become a king.

[Chapter 4635: Sacred fruit ripening](#)

Prince Qilin himself was intoxicated in the feeling of holding the moon among the stars, and he was very happy.

Among the crowd, only Qin Chen didn't care, just staring at each other.

The breath of heaven and earth in the other party made him frown.

at this time.

Hum!

Suddenly, an invisible wave descended, and countless rays of sunlight appeared on the entire stone platform.

"That is..."

Everyone turned their heads.

"The dark fruit is almost ripe."

I don't know who screamed. Suddenly, all the people who had surrounded Prince Qilin cast their eyes on the dark sacred tree, as if Prince Qilin instantly lost its attraction.

In contrast, what is more important than your own strength?

Qin Chen also turned his head and looked.

Just seeing the front, the blue light rushed into the sky, and the ninety-nine fruits on the whole ancient tree swayed together, and the rich fragrance came out, refreshing and relaxing, and it was so comfortable.

The power of strong rules dissipates, as if this place has become the core of heaven and earth.

At this moment, the dark power in Qin Chen's body spurted out at this moment, surging fiercely, as if he felt a kind of power to activate it.

Moreover, on the surrounding stone platform, the forbidden formations surging, and the force of various rules soared into the sky in an instant, transforming into an astonishing scene.

This scene set off the dark sacred tree at the center, more and more super and sacred. "My ambassador, the dark sacred fruit is about to mature. Soon, the first time to pick it will have the most advantage.

Otherwise, if you don't pick it within an hour, the dark fruit will dry up, and all the essence will flow back and be absorbed by the dark tree. clean

, Will not be left to outsiders. "

Feiye, who has never spoken, hurriedly said.

"There is such a thing?" Qin Chen was surprised. Non-evil Dao: "It is true. Although the subordinates have never absorbed this dark sacred fruit, this fruit is watered by the essence of the ten thousand races on this Heiyu continent, and its nourishment is the people of many ten thousand races. Essence and blood, that's why I have this world

The origin. "However, the origin of this piece of heaven and earth cannot be preserved for a long time. It will dissipate the heaven and the earth. Therefore, before dissipating, this stone platform will be combined with the Dark God Tree, and the remaining dark fruits that have not been picked will be absorbed and reintegrated into the Dark God Tree. To speed up

The next time the results are ripe. "

Qin Chen frowned: "Nourish with essence and blood?" Non-evil voice transmission: "Yes, otherwise, how can this dark **** tree contain the origin of this land is because it has absorbed the essence and blood of countless people from the Heiyu Continent? , Their essence and blood contains the origin of this universe, so that the dark sacred fruit

Contains such a strong source. "

"This is also the reason why you sirs, who have captured countless people of all races from all over the universe, and let them live here."

Qin Chen's face was ugly.

This dark clan is too cruel.

The people of all races on this continent are all the nourishment they raise, just like livestock. "The emperor does not need to care. Although this dark tree is watered by the essence and blood of the people of all races, it only absorbs the essence of these ants, not the essence and blood." No evil said: "After all, the emperor. How can you make an adult noble

Let the blood of these ten thousand races of ants contaminate the noble blood of the emperor. "

And at the time of non-evil explanation.

Boom boom boom boom!

I saw the countless Tianjiao on the field, no one paid attention to the Prince Qilin, all of them urged their own strength to attract this dark sacred tree, and in an instant, countless rules rose to the sky, and the dark atmosphere was unobstructed.

"Huh, these guys."

Seeing that Tianjiao, who had flattered himself before, turned his head and ignored him, Prince Qilin couldn't help but look upset.

However, he obviously also knew that it was not the time to care about these at this moment, it was important to attract dark fruits.

boom!

In his body, a terrible light wheel rose up, and a terrible dark rule surged, directly permeating, and began to arouse the mature dark fruit on the dark **** tree.

It should be noted that the rules of each dark fruit on this dark **** tree are different, and different rules have different attractiveness to different fruits.

Although his strength is superb, he is by no means unique. If he lets other people spur some fruits first, then he will be in trouble.

The prince Qilin lifted the dark rules and began to arouse the dark sacred fruit.

Just a moment, he locked a holy fruit, which belonged to the rules of the gold system, and slightly reacted under his rules.

He immediately went all out to infuse all the source of the rules in his body.

Buzzing, this fruit trembled slightly, and its surface bloomed with golden light, beautiful and dangerous. This golden light had the power of killing and killing, as if it were invincible.

This is a kind of fruit that contains the rules of the dark gold system.

Once taken, not only can it absorb and feel a trace of the origin of this world, but also make the gold rules in his body have a special sublimation, which is extremely precious.

"Haha, come to this prince."

The prince Kirin was full of experience, laughed loudly, waved his big hand, and saw the golden fruit trembling constantly, making the sound of gold and iron.

This scene instantly attracted the attention of others.

Because, Prince Qilin deserves to be Prince Qilin. So far, no one else has been able to attract the Dark Fruit. He is the first one.

The prince Qilin laughed. He was very experienced and naturally knew how to arouse.

As long as he obtains this dark fruit, he will be able to attract Fairy Divine Phoenix's favor.

He constantly promoted the rules, and the resonance between the two became stronger and stronger.

The prince Qilin couldn't help showing a touch of pride. When he mobilized, it took two hours to mobilize the first dark sacred fruit, but now, but only for a moment, he can already mobilize one.

"what?"

"Look at it, someone has spurred the dark sacred fruit."

"So fast?"

But at this moment, suddenly, there was an exclamation and commotion.

The prince Qilin couldn't help being stunned.

What's the matter, he doesn't seem to have triggered this golden fruit yet?

He even turned his head to look, and suddenly his eyes became round.

I saw not far away, sitting next to a figure, this person raised his palm slightly, and suddenly there was a dark sacred fruit swaying, slowly flying towards him.

Moreover, there are still three.

by!

How can it be?

Prince Qilin almost vomited blood.

Even if he has never mobilized a single fruit, how could someone be faster than him, and still directly mobilized three of them.

Are you kidding me?

Huh.

Three fruits fell into the man's hands.

No one else, it was Qin Chen.

"This dark sacred fruit is somewhat similar to Tiandao Yuanguo."

Qin Chen murmured.

This is not the first time he has experienced this kind of experience, he is naturally familiar with the road, but this dark sacred fruit not only contains the origin of this universe, but also contains the origin of darkness.

But this couldn't trouble Qin Chen at all.

Obtaining the fruit, Qin Chen's perception instantly entered the dark sacred fruit.

At this look, Qin Chen's eyes suddenly condensed.

what? He was surprised.

[Chapter 4636: Yin and Yang balance](#)

These three dark fruits all exude a palpable breath, containing extremely terrifying power.

boom!

When there is a terrible Dao, the aura surges, transforming a dazzling scene between heaven and earth.

As if there were dragons and phoenix flying, different fruits bloomed in different scenes.

At this moment, everyone around was shocked, and there was a fiery color in his eyes.

This is the dark sacred fruit that can make them feel the origin of this universe.

Non-evil's eyes were cold, just a light glance around his eyes, and the corners of his mouth sneered.

Although he didn't know the purpose of the emperor's lord to attract the dark sacred fruit, if someone dared to plunder the emperor's fruit, he wouldn't mind letting the other party know what it meant to regret.

However, the surrounding Tianhe Shengzi and others just glanced at Qin Chen in shock, but did not really make a move.

One is because although Qin Chen didn't show his strength, the scene where he entered the core area at will and was not pressured by the restricted formation was too scary.

How could this kind of character be the kind of easy generation?

Second, because the number of dark sacred fruits on the dark sacred tree is not a small number, there is no need to move the sword because of the three dark sacred fruits obtained by Qin Chen, there is no need for this.

boom!

Immediately, they turned their heads one after another, urging the rules in their bodies to attract this dark sacred fruit.

On the other side, Qin Chen naturally ignored the fiery gazes of those around him.

He lowered his head to perceive.

Visible to the naked eye, you can see that above these three dark fruits, there is a circulation of yin and yang.

These two auras are very different. Obviously, they are two completely different forces, but they present an extremely perfect balance.

The origin of the universe and the origin of darkness.

This changed Qin Chen's color and his heart was shaken. The power in this dark fruit actually contained two completely different powers, the origin of the universe and the origin of darkness.

Moreover, the two are very balanced and blended with each other, and there is no sense of disharmony at all.

But how is this possible?

One is the origin of the universe and the other is the origin of darkness. The two are incompatible with each other and belong to different forces in the two worlds.

But at this moment, it is such a perfect fusion.

This is really surprising.

There is really nothing strange in the big world.

With a move in Qin Chen's heart, he immediately picked up a dark fruit and swallowed it directly.

boom!

Suddenly, the sound of thunder surging, this fruit entered into the abdomen, and an extremely pure source of darkness and the origin of the universe poured into Qin Chen's body.

Qin Chen glowed all over his body, and there was an astonishing light of heart palpitations blooming in his pores, and each of them showed a terrifying aura of Taoism, turning into a glow in Qin Chen.

"This guy is refining the dark sacred fruit?"

The news here spread out, and instantly attracted the attention of many people, one by one was extremely jealous.

boom!

Qin Chen's body, the cosmic origin surging, Qin Chen is the powerhouse of this world, and naturally absorbs it easily.

On the contrary, it was the source of darkness surging in Qin Chen's body.

I saw Qin Chen's body, the dark aura constantly circulating, as if he had transformed into a dark tribe.

Such a scene fell in the eyes of many dark people around, thinking that Qin Chen was urging the power of darkness and refining the power of the universe's origin in the dark sacred fruit.

As everyone knows, what Qin Chen refines is actually the source of darkness. Powerful Dao circulates in Qin Chen's body. Although this dark origin is completely different from this world, after the transformation of the dark sacred fruit, coupled with the power of the Dark King's blood in Qin Chen's body, this The source of darkness was instantly

Qin Chen slowly refining.

There was a boom.

In Qin Chen's body, the power of the Dark King's blood could not help but bloom, but it did not escape, but surged in Qin Chen's body, as if activated by the source of the dark sacred fruit.

At this moment, inexplicably, there was a chill on the back of the necks of all the Dark Race people present, and they felt as if they were being stared at by a giant beast.

what happened?

Many people changed color and looked around inexplicably.

what happens?

Why do they all have a feeling of being suppressed on the soul level?

Even Fairy Divine Phoenix and others, even the Prince Qilin changed color, and couldn't help looking around. What kind of power was that?

However, no matter how much he searches, he can't find the source of the breath. He can only locate this power on the dark sacred tree in front of him.

boom!

Under the impetus of the blood of the Dark King, this dark fruit was instantly swallowed by Qin Chen, and countless dark sources instantly merged into all parts of Qin Chen's body, as if it had become his original power.

"hiss."

This made Qin Chen **** in the air.

This dark sacred fruit is indeed somewhat miraculous.

Qin Chen could feel that even if he did not urge the power of the Dark King's blood, he could still release the dark aura. To a certain extent, he was already part of the Han nationality, and he would not be afraid of being recognized as a human race. , See the clues.

However, the dark origin of a dark sacred fruit is not strong enough, if it is absorbed by a dark clan powerhouse like Tianhe Shengzi, it may be almost the same.

But with Qin Chen's strength, the dark origin power contained in a dark fruit is still too scarce.

Not enough.

"Then continue."

In Qin Chen's pupils, there was a flickering light. The next moment, he picked up the second dark fruit and swallowed it into his belly.

boom!

The second dark fruit entered his abdomen, and Qin Chen immediately had a billowing dark flame and heaven and earth flames rising up.

This dark fruit is a dark sacred fruit with fire attributes.

The two strong flames of the original source of power were instantly instilled into all parts of Qin Chen's body.

Soon, this second dark sacred fruit was also swallowed and absorbed by Qin Chen.

The dark origin power in Qin Chen's body has once again improved.

However, this is not enough.

With two dark sacred fruits in his stomach, Qin Chen felt that the source of darkness in his body had only filled about one-thirtieth.

There is still a lot of space to absorb.

Immediately, Qin Chen swallowed the third dark fruit.

boom!

Another terrible source of dark power permeated, this time the dark fruit power turned into an invisible sword energy and shot out.

This is a sword-shaped dark sacred fruit that contains the artistic conception of a sword.

The third dark sacred fruit entered, and Fairy Divine Phoenix and others couldn't help but look at it, each one was dumbfounded.

This is only a few minutes.

It even absorbed the third dark sacred fruit.

Is this kid crazy?

Didn't he know that the power of the cosmic origin contained in a dark fruit often takes at least a few hours to absorb, if it is swallowing dates, there will be hidden dangers instead.

Once the cosmic origin contained in the dark sacred fruit has not been completely absorbed, looking back, it will have an impact on the original power in the swallower's body.

But now, how long is this? This kid had swallowed three dark sacred fruits in front of him. Isn't it just looking for death?

[Chapter 4637: Return my holy fruit](#)

Everyone looked at Qin Chen, with speechless expressions in their eyes.

This kid, looking for death.

I thought this guy was a person, who knows, is an idiot.

boom!

Inside Qin Chen, the terrifying sword energy surged, and the sword energy was vertically and horizontally transformed into an endless rainbow that cuts the sky straight through the sky and the earth, making people discolored.

Xianguang is hundreds of millions of times, and the sword spirit is high.

Such a scene is terrible.

Everyone looked over, one by one, feeling that it was worthy of the dark sacred fruit, and it was really terrifying. Even if the rules of this sword did not contain the origin of this universe, it was enough to raise everyone present to a level.

Unfortunately, these dark sacred fruits are not theirs.

What's more unfortunate is that this kid is going to be unlucky.

Swallow three dark sacred fruit in a row. If you can't absorb all the power in the dark sacred fruit, then there will be only one result, which is that you can't withstand the power in the dark sacred fruit. .

This kid, who didn't know where he came from, was so stupid.

The corner of Prince Kirin's mouth was drawn with a hint of sarcasm.

A trace of greed flashed in his eyes.

In his opinion, Qin Chen is already a dead person.

"When this kid can't bear to become a useless person, I can kill him. By then, the unrefined dark origin and this cosmic origin in his body will escape and can be directly used by me."

Prince Kirin sneered in his heart.

He has absorbed enough dark sacred fruit and can no longer continue to absorb the dark sacred fruit, but if someone else has absorbed the dark sacred fruit and fails to refining it in time, the original source power that has escaped can be used by him.

Because of this, the original strength here has been refined by the other party and has become different.

This is his unique method of the Kylin Kingdom, the effect brought by the Qilin Heaven Swallowing Art.

The Qilin Swallowing Sky Art is the most terrifying technique of his Qilin Kingdom, which can swallow all the power of the heavens and the earth.

This is also one of the reasons why this prince Qilin came here again. His target was the Divine Phoenix Fairy, and he was also the many arrogant talents present.

No matter which Tianjiao obtains the dark sacred fruit, he will refine it, and if he has the opportunity, he will secretly behead it and swallow the source of the opponent's body.

Therefore, the current Qin Chen is not worth his shot for the time being.

boom!

Thinking of this, Prince Qilin no longer paid attention to Qin Chen, but once again urged the power of the law to attract the dark sacred fruit in front of him.

boom!

The dark sacred fruit containing the laws of the gold system was finally attracted by him, with golden light shining, and the breath of the gold system constantly surging, rising into the sky, forming a terrible scene.

Click.

I saw this golden dark sacred fruit quickly levitating, flying towards the prince Qilin.

"Prince Qilin drew the Dark Sacred Fruit."

Someone exclaimed and looked over.

The prince Qilin is proud, his expression is high, and he is extremely confident.

Isn't it normal for him to provoke the golden black sacred fruit?

With a smile at the corner of his mouth, in full view, his posture was calm, leading this dark sacred fruit to himself, cool and calm.

However, the next moment, his expression changed.

Because this golden dark sacred fruit turned around, swept away in the other direction, and instantly fell into Qin Chen's hands.

"what?"

Everyone was dumbfounded.

What's the matter, this dark sacred fruit was obviously inspired by Prince Qilin, so why was it suddenly given to him by that kid?

Fairy Divine Phoenix, Shengzi Tianhe and the others were shocked.

Prince Qilin also stared at Qin Chen and shouted angrily: "Boy, bold, you have just taken away this prince's dark sacred fruit."

"Your dark sacred fruit? Is your name written on it?"

Qin Chen glanced at Prince Qilin lightly, swallowed the dark sacred fruit in one bite, and the golden light in his body bloomed, and the terrifying darkness continued to dissipate.

Many dark sources have been continuously absorbed by him.

Qin Chen needs too many dark origins, and needs to absorb as many dark sacred fruits as possible.

"you..."

Prince Qilin was furious, his eyes cold.

But he didn't do anything, but looked at the dark sacred tree, and once again attracted other dark sacred fruits.

"The more the dark sacred fruit that this child swallows, the more the origin of the body is condensed. By that time, sooner or later, it will not be the nourishment for the prince."

Prince Kirin sneered in his heart.

Other Tianjiao also began to arouse.

at last!

boom!

Someone once again awakened the Dark Sacred Fruit.

It is the fairy phoenix.

A dark sacred fruit with terrifying and brilliant glow, swaying on the branch, seems to be flying over.

Fairy Divine Phoenix was excited, she was about to succeed.

Puff, the dark sacred fruit trembles, violently breaks away from the fruit tree, and shoots out.

Fairy Divine Phoenix suddenly changed color, because this dark saint fruit was not flying towards her, but in another direction.

How can it be!

She was shocked and inexplicable, because she discovered at the last moment that when this dark sacred fruit was mobilized, another force invaded and occupied her control of the dark sacred fruit, and then attracted the sacred fruit away.

This feeling is really unpleasant.

Fairy Divine Phoenix followed the flight of the dark sacred fruit, and saw that this fruit instantly fell into the hands of another person.

It's Qin Chen.

"you..."

Fairy Divine Phoenix had an ugly face. Before he could make a move, he saw Qin Chen picking up the dark sacred fruit and swallowing it in one gulp.

boom!

The billowing rules and the dissipated origin are very magnificent and terrifying.

But Fairy Divine Phoenix's face was blue, because this should belong to her, this feeling was very uncomfortable, as if the thing she loved had been taken away.

At this moment, the origin of darkness in Qin Chen's body was violent, which made him extremely excited, because he discovered that this dark sacred fruit could not only condense the pure origin of darkness in his body, but also enhance the power of his dark bloodline.

This fruit is extraordinary.

boom!

At this time, the dark sacred tree shook again, and another dark sacred fruit was attracted.

It is the Son of Tianhe.

There was excitement on his face.

But before he was happy to fall, this dark sacred fruit was attracted by other forces, and instantly flew into Qin Chen's hands.

what?

Everyone was dumbfounded.

Was it successful again by this kid?

How many dark sacred fruits are these? Six, right?

Is this Tamad a monster? Even the king can only mobilize one or two. This girl not only mobilized several of them, but also snatched their dark sacred fruit from the hands of several other tianjiaos. What are you doing? Did it?

Simply speechless.

At this moment, everyone stared at Qin Chen like a monster, as if he had seen a ghost.

"Boy, return my dark sacred fruit."

The son of Tianhe roared with murderous aura.

Qin Chen ignored it, too lazy to bother.

The son of Tianhe was murderous and wanted to move forward.

And at this moment.

Hum! There was another fluctuation. It was Prince Qilin who had already triggered the second dark sacred fruit.

[Chapter 4638: Hand over the holy fruit](#)

Prince Qilin had previously snatched a dark sacred fruit by Qin Chen, and he ignored Qin Chen, but continued to provoke the dark sacred fruit. At this moment, he had already attracted the second dark sacred fruit.

This sacred fruit bloomed with a terrifying divine rainbow, and what was shocking was that at this moment, there were nearly thirty dark sacred fruits glowing together.

boom!

The rules appeared, and the rainbow of various rules broke out with a shocking roar, and the sky was shining brightly.

The entire dark tree is glowing.

Not only that, the stone platform under the dark **** tree is also glowing, prohibiting the light from shooting into the sky, and a series of terrible runes flashing, which represents the origin of the supreme level, but at this moment, it is flashing together.

what?

Such a scene stunned everyone.

The Dark God Tree has stood here for hundreds of millions of years, and this is the first time such a sight has occurred.

Boom boom boom!

Suddenly, these thirty dark sacred fruits glowed, the branches and leaves swayed, and the dark sacred fruits broke away from the sacred tree at the same time and rose into the sky.

"Hahaha."

The prince Qilin was overjoyed. He felt that his power had already been integrated into one of the dark sacred fruit and resonated with it.

The dark sacred fruit glowed, and the power of the rules resonated with the aura on his body, shaking.

From the outside, it was as if Prince Qilin had triggered such a vision and directly attracted thirty dark sacred fruits.

Such a scene is shocking, and Prince Qilin himself is also astonished. Could it be that he has caused so many dark sacred fruits.

"hiss."

"Prince Qilin deserves to be Prince Qilin."

"Too abnormal."

Many people were shocked, their eyes widened, in disbelief.

Even Fairy Divine Phoenix also changed color, with beautiful eyes coming again and again. Such a scene was really shocking.

boom!

The sacred fruit bloomed in the dark sky and flew towards this place.

Prince Qilin was excited, his breathing was almost frozen, and his body trembled.

Thirty dark sacred fruits are simply against the sky.

However, the following scene changed everyone's color.

However, seeing these thirty dark sacred fruits floating in the sky, flying past Prince Qilin, they flew towards Qin Chen's place.

This...

Prince Qilin's face turned green for an instant.

Damn, it's this kid.

Made!

Moreover, these thirty dark sacred fruits resonated in unison, attracting the dark sacred fruits that he had attracted.

Damn it, it's just too disgusting.

Prince Qilin went from heaven to **** with a heart.

boom!

Prince Kirin stood up suddenly, murderous.

The terrifying divine light of the unicorn pierced through the heavens and the earth, bursting out a shocking divine rainbow, like a **** descending.

"Boy, hand over the dark sacred fruit, otherwise I won't blame the prince for being polite."

Prince Qilin shouted angrily.

He originally wanted to keep Qin Chen, and waited until Qin Chen couldn't absorb the power of the dark sacred fruit, and then acted to reap the benefits of the fisherman.

But now, he couldn't hold back anymore, because if he didn't make a move, it would become a laughing stock for all the Tianjiao present.

The dark sacred fruit was taken away by them one after another, and his face was so good.

Moreover, that kid was too hateful. He drew thirty of them at once, attracting almost all the sacred fruits on the Dark God Tree that were currently triggered by the rules.

The rest of the dark sacred fruit, he couldn't provoke him, how he didn't get angry.

boom!

Prince Kirin stepped forward, his murderous aura boiled over him.

"Yes, hand over the dark sacred fruit!" The son of Tianhe was also excited at the moment, shouting one after another.

"How can you absorb so many dark sacred fruit, this dark sacred fruit is the opportunity for me to wait for everyone to hand it over quickly."

One after another yelled, shaking the world.

Thirty dark sacred fruits, how terrible this is, making all of them green in their eyes.

If it can be captured, not to mention understanding the origin of this universe, at the very least, let them upgrade to a level of cultivation.

One dark sacred fruit can cause them to plunder such Tianjiao, let alone thirty.

For a time, countless murderous auras surged crazily.

Qin Chen glanced over, then sneered: "Why? This capable person knows that you want to attract it yourself."

There were only thirty dark sacred fruits, and all of the dark sources were absorbed, and Qin Chen did not dare to be sure that he would reach the limit.

What's more, this kind of thing is left to the dark geniuses present, doesn't it cause trouble to the human race?

Therefore, even if he is thrown away, he will not be left to the dark clan. Besides, this dark sacred fruit contains two powers, the origin of the universe and the origin of darkness, which will greatly help Qin Chen break through the supreme.

Every time a dark sacred fruit was refined, Qin Chen could feel a slight improvement in himself.

Not to mention more than thirty, that is, ninety-nine dark sacred fruits are all given to him, and Qin Chen won't be too many.

"No, die!" Prince Qilin said sharply, with the divine light of Qilin blooming on his body, as sacred.

"Dead!" Others shouted one after another, and Tianhe Shengzi and others were also shouting angrily.

Although the dark clan is a clan, it is actually like the human race and the alien demons. It is a whole clan. Among them, there are too many disputes over interests. Are there still few human races who have killed each other for hundreds of millions of years?

In the Dark Clan, there are also many forces, fighting each other for profit, and too many people fall each year.

Qin Chen looked indifferently, and said, "Just rely on you? Ben Shaonian is the genius of my dark clan, and I don't want to kill you. You know, get out, don't anger Ben Shao."

When Feiye heard Qin Chen's words, he couldn't help but sigh.

The ambassador is worthy of being an ambassador, a genius of a dark clan.

Otherwise, with the status of the envoy of the emperor, in a word, I am afraid that Lord Sikong and others will take the initiative, can't wait to give this dark sacred fruit to the lord of the emperor?

Moreover, the status of the dark clan is strict. If in the clan, these guys would have dared to speak to the emperor in this way, they would have been beheaded long ago, how could they talk to these guys in such a good voice.

The envoy of the emperor is worthy of being an envoy.

Mind the world.

However, how could Prince Qilin be persuaded by Qin Chen to leave.

"Looking for death!" Prince Qilin made a bold move, and an incomparably vast and incomparable dark power surged and turned into a sky-shattering divine rainbow, blasting towards Qin Chen.

Although Qin Chen had dealt with the Dark Clan for a long time, he still wanted to know what the origin of darkness in his body was after he absorbed the Dark Sacred Fruit. Therefore, he also wanted to see the effect of his absorption of the Dark Sacred Fruit.

Therefore, he stopped the non-evil who wanted to make a move, and directly raised his hand.

boom!

A source of darkness was directly hit by Qin Chen.

This dark origin was condensed after Qin Chen's smelting and the dark sacred fruit. It was not the Dark King's blood in Qin Chen's body. It was shot at this moment, but it was extremely pure and directly collided with Prince Qilin's attack. With a bang, the two forces collided, and Prince Qilin's power actually tore through Qin Chen's attack and directly suppressed it.

[Chapter 4639: Dark Knife](#)

boom!

At this moment, the origin between the heaven and the earth is boiling, and the light of darkness annihilates the heaven and the earth, as if the end is coming.

This is terrible.

Prince Qilin, with an extraordinary status, has reached an extremely terrifying level of cultivation, and is a true king-level genius.

Such a character, as long as there are enough resources, it is a certainty that he will become the pinnacle of heaven in the future.

Even becoming the supreme is not without hope.

Therefore, after he took the shot, the terrifying unicorn light soared into the sky, as if there was a discolored light blooming, to crush the world, the world trembling under his breath.

This makes people discolored, terrible to heart palpitations.

"Huh, kid, I thought you were capable, but that's it."

Prince Kirin sneered. He thought this guy was so arrogant and terrifying. Now with a blow, Prince Kirin instantly gained confidence.

On the other side, although Qin Chen's attack was shattered by a single blow, there was a flash of joy in his eyes.

Because he had never urged the blood of the King of Darkness before, but only urged the source of darkness in his body, and he had displayed extremely pure power of darkness.

This made Qin Chen delighted.

This dark sacred fruit is indeed miraculous, and after absorbing it, it can make him contain the source of darkness in his body without being seen through by others.

The only trouble is that the source of darkness in his body is still too scarce. If he only displays the cultivation base of the Celestial Rank, it can be concealed, but if he displays the power of the Supreme Rank, such a thin source of darkness will inevitably expose him. .

In addition, today's Qin Chen is not proficient in the control of the source of darkness, and needs more practice and experimentation.

Therefore, Qin Chen couldn't help being a little more interested when he looked at Prince Qilin in front of him.

This is an excellent subject for practice and experimentation.

Therefore, he didn't use any power to play with the prince Qilin at will.

Now Qin Chen is too strong and too strong, even if it is an ordinary supreme, he is not his opponent, how can the so-called king genius like Prince Qilin, who has never grown up, be able to enter his Dharma vision.

The reason why his previous attack was exploded was purely Qin Chen deliberately.

He wants to know, what exactly is the attack of the power of darkness?

boom!

The terrible power of darkness poured down like a vast ocean, down 90,000 li from the sky.

It fell on Qin Chen instantly.

The boundless power of darkness annihilated it instantly.

"Is that kid dead?"

Everyone looked at them one after another, their eyes widened.

"what?"

However, in the next moment, everyone's eyes widened, and Prince Qilin's eyes condensed.

In the power of that boundless darkness, Qin Chen looked calm, the power of the vast darkness bombarded him, but it never caused him the slightest harm, just like a rock in the torrent, staying still.

"Is the power of darkness operating here?"

Qin Chen murmured, with some feelings and some comprehensions.

Prince Qilin is a king-level genius of the dark clan, and his attacks can naturally represent some of the dark clan's characteristics, which made him feel a lot.

There was even excitement flashing in his eyes.

"boom!"

Qin Chen stood up, laughed, and then rose into the sky.

"Good, continue."

Qin Chen laughed, his expression proud.

"Too much deception."

The prince Qilin roared, his mighty power, the rules of darkness flow all over his body, as if he had become a dark **** of war, and he madly shot Qin Chen.

Endless attacks swept in layer upon layer like a vast ocean, endless waves, and wave after wave.

This power was so shocking that it instantly suppressed Qin Chen, and kept backing away, completely suppressing Qin Chen's fight.

Prince Qilin was full of pride. He really was the strongest king. The boy in front of him was not his opponent at all, but the opponent was so weird for some reason, and his physical defense was extremely strong. In a short period of time, he had not been bombarded by himself.

Moreover, this person seemed to have mastered a certain special method, and unexpectedly attracted thirty dark sacred fruits at once.

He naturally didn't think it was because Qin Chen controlled the countless rules. In his opinion, how could a guy like Qin Chen master so many rules, he should know that even he only mastered a few.

Therefore, he couldn't wait to know how Qin Chen sucked the dark sacred fruit.

Boom boom boom!

He kept attacking, trying to explode Qin Chen in a short time.

However, no matter how he shoots, Qin Chen has been invincible, but he has persisted and has not been completely defeated.

After a long time, he was immediately a little anxious, because no matter how he took the upper hand, he could not completely suppress Qin Chen and win in one fell swoop.

How can this guy's resilience be so strong?

He was speechless, but from a defense point of view, Qin Chen was at least a king. It was a little surprised to think of Prince Qilin here. Since he was both a king, it was reasonable that he was not defeated immediately.

The others were also shocked. They didn't expect that Qin Chen was so strong, he was actually a king.

The person under Tianhe Shengzi's attack on Qin Chen before was even more frightened. He had already understood at this moment that he was alive because of Qin Chen's kindness, otherwise he would have been cut off by the opponent.

Thinking of this, he was in a cold sweat.

"Kirin nine days, transforming the **** sword, cut down evil enemies!"

The prince of the unicorn roared, the Qilin in the sky filled the sky with invigoration, instantly transformed into a magic sword to the sky, the magic sword cut down, as if it could collapse the heaven and the earth, the whole body bloomed with countless magic lights, as if purely composed of dark rules, very magical.

Prince Qilin brandished the magic knife and slashed towards Qin Chen.

Boom, darkness blooms, just like night.

A weird feeling rose in Qin Chen's heart, as if countless worlds were being destroyed, the sky was falling, and the era had come to an end, making him sink into this purgatory and follow this world to annihilate.

interesting.

Qin Chen's eyes suddenly opened, and an astonishing cold glow flashed out. This dark rule and darkness are so prestigious that they actually have a deceptive effect.

boom!

The Dark Demon Knife was cut down, but Qin Chen directly closed his hands together, no matter how hard the Prince Qilin was, he couldn't continue to cut it down.

Qin Chen's body was shocked, and the dark magic knife was actually taken away by him, only to see that the material was very special, and it was actually formed by pure rules and had no substance.

"Special dark rule evolution method." Qin Chen said in his heart, carefully watching the magic knife and analyzing the structure of the rules.

Being able to directly turn the dark rules into substance gave Qin Chen a whole new understanding of the dark rules.

In this universe, although the laws between the heavens and the earth can also be turned into chains of laws, in most cases, they only evolve into a state of blockade, like this dark magic knife that is directly transformed into substance, but it is extremely rare. Does it take shape?

[Chapter 4640: Dark Decree](#)

Qin Chen murmured and raised his head.

But seeing everyone around them opened their mouths wide, their eyes widened, and their brains seemed to be down.

Of course the others were shocked. Damn, is there anyone like you? They looked like they were invincible just now, but they grabbed them and took the rule of the magical soldiers. I didn't see Prince Qilin who is still embarrassed. Looks like? Qin Chen smiled and said lightly: "I'm sorry, I scared everyone, I said, I don't have the idea of being an enemy of everyone, in fact, you are all the pillars of my dark clan, if you are strong, my dark clan will be strong. .However, although Ben Shao

There is no hostility to everyone, but if you want the Dark Sacred Fruit, it is better to attract it yourself. Before, who said that he would kill Ben Shao and take away the dark sacred fruit from Ben Shao, please take a step forward. "

Huh!

Almost everyone was hell, taking a step back in unison, revealing a few guys who had reacted a step slower.

Qin Chen's gaze suddenly looked over.

"It's not me, it's not me."

Upon seeing this, the man shook his head hurriedly, anxiously defended, and hurriedly backed away.

The other ones who reacted slowly also backed away again and again.

Mad, a guy who can plunder even Prince Qilin's rules and magical soldiers, didn't they go up and look for death?

Although the Dark Sacred Fruit is good, it is not as important as life.

Prince Qilin suppressed his anger and said: "Sell me a dark sacred fruit, so what about this matter?"

At this moment, he also felt that Qin Chen was wrong, and he was vaguely worried, but he had previously promised to get a dark sacred fruit for the Divine Phoenix Fairy, but now he definitely couldn't pick it by himself, so he had to buy it from Qin Chen.

Qin Chen has more than 30 dark sacred fruit, sell him one, he should be very talkative.

Qin Chen was surprised and said, "Aren't you going to kill me?"

If Prince Qilin avoids answering, if he can kill Qin Chen, of course he is too lazy to talk nonsense, but who can't kill him?

He snorted and said, "Make a price."

Qin Chen shook his head and said, "Don't think about selling you, but I have a better idea. You do it and kill me, so that everything on me will become yours?"

"Huh, it's just a dark sacred fruit. This young man is the prince Qilin. Doesn't it give me any face?"

Prince Qilin shouted: "Although your strength is extraordinary, my Qilin Kingdom is not an unnamed person. For a dark sacred fruit to offend my Qilin Kingdom, are you ready?"

"You know, in the kingdom of my Qilin **** in the dark world, all those who have offended this prince, the grass on their graves is one foot tall?"

Qin Chen smiled: "Are you threatening me?"

Prince Kirin sneered: "Is it necessary for Ben Shao to threaten you? It's just a statement of fact. Ben Shao hopes you don't make mistakes."

"Then beg to kill."

Qin Chen hooked the prince Qilin: "Come and kill me now, I can't wait."

"You..." Prince Qilin's face turned green.

Is this a lunatic?

The others looked at Qin Chen like a ghost.

It was the first time they saw such an arrogant person, begging to die in front of Prince Qilin.

"Why, don't you do it?" Qin Chen smiled, "It's best if you don't do it. Everyone is from the Dark Clan, and harmony is the kingly way."

When the words fell, Qin Chen returned directly to the stone platform, booming, the forbidden formation pattern glowed, and many dark sacred fruits appeared in Qin Chen's hand, which he swallowed one by one, swallowing a dozen in a row.

In an instant, the dark origin of Qin Chen's body rushed to the sky, and all kinds of regular aura swept through, and the power was simply too amazing.

After fighting with Prince Kirin, Qin Chen has a better understanding of the origin of the dark clan and has a new control.

Countless sources of darkness and origins of the universe circulated around him, controlled by him one by one.

The terrifying power contained in a dozen dark sacred fruits is enough to burst a Tianzun, and a king's arrogant like Prince Qilin can only absorb three or five at most.

But now, Qin Chen swallowed more than a dozen dark sacred fruits at once, plus the previous six, which is more than twenty, and everyone around him was almost frightened.

"court death."

Prince Qilin was completely angry, this person didn't take him seriously.

"boom!"

The law of darkness condensed in the hands of Prince Qilin, and a terrifying sword appeared.

This time, the sharp sword was sharper, the whole body was pitch black, and the terrifying dark rules bloomed, and it slashed towards Qin Chen who was cultivating.

This sword is enough to smash a top genius directly, and the power is too amazing.

"court death!"

Fei evil was completely angry.

The emperor was so kind and hearted that he had already let this person go so many times, but who knew that this person was so unaware that he still secretly attacked the master.

boom!

No evil rushed to the sky, his big hand stuck out, and in an instant, a pitch-black big hand flew out and grabbed the black sharp sword.

He squeezed it with a big hand, and on the black ruled sword, a dense spider web-like crack broke out in an instant, and then there was a bang, and the black sword was wiped out.

The prince Qilin retreated and flew out thousands of feet upside down, with blood overflowing from the corners of his mouth.

what?

Everyone was dumbfounded in shock.

No one thought that the servant-like fellow who followed Qin Chen was so strong.

No wonder this person could easily enter the core area before.

"My lord has forgiven you many times. It is already extremely benevolent. Your Excellency is still attacking secretly. It is too despicable. I will teach you for my lord."

He turned into anger from non-evil irritation. He kept shooting, slapped, slapped Prince Qilin several times in the face, slapped him, his face was swollen.

"Ahhhh..."

"Do you really think you are invincible?"

The prince Qilin went mad, and in his anger, his right hand shook, and there was an extra scroll in his hand. This is the treasure of protection given to him by the protector of the kingdom of God. It is a dark decree made by the protector of the Kylin kingdom. Above the average

Above heaven.

The guardian of the Kingdom of God once told him that this decree can strangle the heavenly figures.

Because of this dark method, Prince Qilin dare not fear anyone.

Tianzun, no matter where it is, can be regarded as a top powerhouse.

Of course, he also wants to have a stronger magic weapon, but he is just one of the many princes of the Kylin Kingdom.

There are more than one hundred princes in the Kylin Kingdom. His status is only one of many princes. It is already very good to be able to give him this dark decree.

Unless it is his elder brother, Prince Qilin, the prince of the kingdom of Qilin, the treasures on his body are far above him.

boom!

As soon as this dark decree appeared, a terrifying aura rose to the sky, causing everyone present to be discolored. This thing is extraordinary.
