

Valkyrie 4651

[Chapter 4651: No wonder i](#)

Elder Yin Yin narrowed his eyes slightly, and there was anger in his eyes.

Tianzun, is it awesome?

Who is not a god?

The elder Yinfei rushed forward, the source of darkness in his body surged, and infinite power instantly poured into the short spear in his hand, a spear pierced out, and a beast shadow suddenly appeared on the short spear.

boom!

This spear actually abruptly blocked the non-evil ocean-like attack, not only that, it also directly shattered the non-evil fist.

But with a bang, the short spear in his hand also burst to pieces.

The elder Yinfei flew upside down again.

boom!

The void behind him trembled directly, as if it were about to collapse. The Yin Deficiency Elder took a deep breath, and the original body surged, which stabilized the void.

"Who is your excellency?"

Elder Yin Defiance said in anger: "Since you are a strong Tianzun, why didn't you make it clear at the beginning, did you deliberately fish?"

fishing?

Feiye looked astonished, and said, "You should be the one who found the fault first, right?"

Others also looked dumbfounded.

Elder Yin Yin said angrily: "You have reduced your breath, how can I know that you are also a strong Tianzun, if you directly release the breath of Tianzun, how can I wait so recklessly."

All the people were dumbfounded, and even Qin Chen looked stunned.

Dare to love this or their fault?

"Yes, yes, my friends, if I know that you have this strength, I will definitely not rush to make a move."

Young Master Yin also said to Qin Chen in fear.

He couldn't help but fear, because his life was still completely pinched by Qin Chen?

Qin Chen smiled suddenly: "So, is it our fault?"

The elder Yinfei shouted angrily: "Otherwise? If you show your strength, how would I wait to target you like this? You know your strength is extraordinary, but you didn't say a word under my ridicule, pretending to be afraid, and your intentions are evil!"

Qin Chen was stunned, then smiled: "You two are really amazing."

puff!

At the next moment, Qin Chen suddenly used force and directly crushed Young Master Yin's throat.

boom!

The physical body of Young Master Yin directly began to collapse.

Qin Chen said coldly: "In other words, if I don't have this strength, do I deserve to be bullied?"

The origin within the main body of Yin Shao has been continuously refined by Qin Chen.

His soul collapsed little by little.

"Elder Yin Yin, save me."

"Little Lord."

Elder Yin Defiance roared, and there was a trace of ferocious eyes flashing in his eyes, "Do you really think the old man is afraid that you will not succeed?"

When the sound fell, his right foot suddenly stomped, his body leaned forward and roared, "Yin beast swallows the sky!"

boom!

An illusory animal shadow suddenly appeared behind the elder Yin Wan, and the next moment, the animal shadow roared fiercely.

boom!

There was a violent tremor in the surrounding space, rippling and undulating like water waves, and swiftly headed towards Qin Chen to rescue Young Master Yin!

Although the surrounding Divine Phoenix Fairy and others had never been front-scrolled, they all had the horrible illusion that their bodies were about to collapse.

terror!

so horrible.

"Huh, it's up to you?"

With a roar of non-evil, his figure disappeared into the void. Then, his figure suddenly appeared in front of the terrifying ripple, and on the right fist, there were a series of dark rules that quickly condensed.

"Destroy the world!"

Boom!

Feiye punched out, and the sky ripples were blocked again. Above the fist, a series of terrifying fist shadows surged out, and the next moment, the Yin Deficiency elder was instantly drowned.

Boom boom boom boom boom!

A roar suddenly sounded from the field, and then, under the gaze of everyone, the Yin Deficiency Elder directly retreated tens of thousands of meters away. As soon as he stopped, countless blood shot out from him!

At this moment, the Yin Deficiency Elder has fist marks all over his body!

Not evil, unscathed!

Seeing this scene, the faces of Tianhe Shengzi and the others couldn't help but become serious!

The combat power of Qin Chen's entourage is really strong!

On the other side, Young Master Yin's soul aura became more and more illusory.

In the distance, the elder Yin Yin wiped the blood from the corner of his mouth, and he looked at Qin Chen and Fei evilly, "Are you really going to die?"

Qin Chen said lightly: "It seems that you were looking for something first, right?"

Elder Yin Yin said angrily: "Young Master Yin just mocked you, and if you have a discussion with you, you are going to kill Young Master Yin, or are you not a human?"

Everyone was speechless.

Is there something wrong with this ill elder's brain?

Was that a discussion before? Young Master Yin is clearly slaying his hands.

Elder Yin Yin hurriedly said again: "If your Excellency is angry because of this, the old man can apologize on behalf of Young Master Yin and Xuan Yin Sect."

As he said, he clasped his fists, "My friend, I was a little offensive when I waited for words just now, and I also ask the two adults to do a lot, don't care, let go of the young master, this great kindness, I must be remembered by the Xuan Yin Sect.

Everyone was stunned. I saw Elder Yin Yi turned his head to look at the fairy phoenix and the others, and said in a deep voice: "Fairy phoenix, everyone, my young master and you are all good friends, don't you just die at all? If today's matter spreads out, you can be regarded as helping

One of the evils, if Young Master Yin dies, my Xuan Yin Sect will not let you go. I would also like to ask you to say a few words so as not to cause trouble to your upper body. My Xuanyin Sect is also grateful. "

Fairy Divine Phoenix and the others couldn't help changing their colors to be weird.

This Yin Deficiency Elder can really bend and stretch!

For a while, Fairy Divine Phoenix and others looked at Qin Chen one after another.

What they need is Qin Chen's attitude.

The reason why they came here was to curry favor with Qin Chen. Although Young Master knew them, he was only acquainted. How could he offend Qin Chen for the sake of a Young Master.

But Qin Chen smiled slightly: "If an apology is useful, there won't be so many disputes in this world. I have endured you for so long before, and I have given you a chance. It is you who are looking for death. No wonder I am."

boom!

When the words fell, Qin Chen ignored Young Master Yin's begging for mercy, and with a sudden force with his right hand, he directly crushed Young Master Yin's soul. A pure soul power was directly swallowed by Qin Chen.

The power of the dark clan still had some effect on Qin Chen.

Letting go of the other party, thinking too much.

Qin Chen's actions made Fairy Shenhuang and others quickly understand Qin Chen's attitude.

Whoosh whoosh!

I saw Saint Son of Tianhe and the others looking at each other, and suddenly his figure flickered, surrounding the elders of Yin Deficiency in the middle.

"Little Lord."

Elder Yin Deficiency let out a roar, looking at the surrounding Tianhe Saint Child and the others, with a ferocious expression: "Young Master is dead, all of you are going to die."

boom!

A violent power of darkness surged from the elder Yin Deficiency, and the whole person suddenly rose into the sky, rushing towards Qin Chen frantically.

The non-evil figure flickered, and instantly stopped to the elder Yin loss.

"roll!"

The elder Yinfei roared, and there was a palpitation aura permeating his body. That terrible dark aura directly blasted Feiye's body, blasting him back thousands of feet. Then the elder Yin Deficiency shook, and rushed directly to Qin Chen.

[Chapter 4652: Mobile palace](#)

The rest of the Tianjiao who surrounded him, under his breath, had no resistance at all, and they were all shaken off in an instant.

"Burning the source of darkness?"

Non-malignant discoloration.

"grown ups."

boom!

Fei evil rushed over.

Qin Chen smiled slightly: "Don't be nervous."

When the voice fell, he looked directly at the Yin Deficiency Elder, and the next moment, Qin Chen suddenly disappeared in place.

laugh!

A ray of dark sword light tore through the field!

In the distance, the murdered elder Yinfei suddenly changed his face, and a strong sense of crisis lingered in his heart. Moreover, he found that he had lost the trace of Qin Chen.

"impossible!"

He roared, before he had time to think, his hands folded in a hurry, and he muttered a spell silently. The next moment, a strange black vortex suddenly appeared in front of him. In the vortex, countless dark powers gathered, as if a fierce beast roared.

At this moment, a dark sword light suddenly appeared in front of him.

boom!

The black vortex trembled violently, and a wave of powerful power suddenly spread from the surroundings like a wave. In an instant, the surrounding void became illusory!

puff!

This dark vortex just persisted for a moment, and then it was torn apart in an instant, and the complexion of the elder Yinfei changed drastically. His figure trembled, and he retreated to escape from here, but the speed of the sword light was faster!

laugh!

Elder Yin Loss hadn't stopped yet, the space in front of him cracked directly, and the next moment, a sword light pierced out!

The elder Yin Yin was shocked, and his right hand suddenly flipped, then lifted upwards, "Xuan Yin's hand!"

When the voice fell, the endless dark power on his body was condensed and turned into a giant hand, and then came out. However, this giant hand was directly torn apart by the terrifying sword light as soon as it came out.

boom!

With a roar resounding, the Yin Deficiency Elder instantly retreated tens of thousands of feet away. Not only that, as soon as he stopped, his body was under the sword aura, and he immediately began to sub-destroy, leaving only a soul. !

Seeing this scene, the faces of the people like Divine Phoenix Fairy changed drastically.

Elder Yin Deficiency is an authentic Tianzun powerhouse, so his body was destroyed by such a sword?

At this moment, fear appeared on the face of the Yin Deficiency Elder, and he hurriedly shouted: "I am the elder of the Xuan Yin Sect, if you kill me..."

puff!

Before he finished speaking, the soul of Elder Yin Lose was directly exploded and completely disappeared in this world!

"Noisy!"

Qin Chen appeared where the elder Yin Lose was originally, raised his hand suddenly, and boomed, the original power that the Elder Yin Lose had dissipated before was instantly condensed in the palm of his hand, and then directly collected.

Such a shocking scene stunned everyone in the field.

Fei evil came to Qin Chen hurriedly: "My lord, are you okay? The subordinates are incompetent and fail to solve the problems for the adults. The sin deserves a thousand deaths."

"What can you do with Young Master Ben."

Qin Chen glanced at Feiye lightly, "Well, the matter here has nothing to do with you, let's go ahead."

Qin Chen's voice fell and continued to move forward.

At this moment, Fairy Divine Phoenix and others were already dull.

This is the Xuanyin Sect's Tianzun elder, who was so easily beheaded by Qin Chen. Such a method is simply creepy.

Who is this guy?

Heart palpitations, but ecstasy emerges from the hearts of Saint Son of Tianhe and others. Such a character is definitely the best in the king class. If he can befriend him, compared to the previous offense against Xuanyin Sect, everything becomes irrelevant. Up.

Behind a top king-level Tianjiao, there is definitely a huge power, otherwise it would be impossible for such a Tianjiao to be born for no reason.

Only non-disgusting can't help but sigh.

The ambassador is worthy of being the ambassador. Fortunately, the first time I saw the ambassador, he didn't rush to do it. Otherwise, with the strength of the ambassador, if he dared to do it with his subordinates at the time, I was afraid that he would die no matter what. do not know.

"What are you doing in a daze, let's go?"

Qin Chen glanced at the group of people behind him and frowned.

In fact, Qin Chen was also slightly excited.

Because of the previous shot, he did not use the blood of the Dark King, but only displayed the ordinary power of darkness, but there was no sign of exposure.

After taking the dark sacred fruit, after fusing the power of the dark origin.

Today's Qin Chen, even if he doesn't use the blood of the Dark King, can still use the power of the Dark Origin, just like the Dark Clan.

In other words, no matter from which point of view, Qin Chen is now a member of the Dark Clan, and there will be no risk of exposure.

Unless, he exposed his original strength.

But now, after he has absorbed so many dark sacred fruits and swallowed enough dark origin, as long as he doesn't encounter the supreme-level Dark Race people, he doesn't have to worry about exposing his original power.

A group of people slowly came to the blood river.

"This river of blood is an extremely dangerous forbidden area in the Dark Ancestral Land. It contains terrifying rules and is dangerous. I can't fly directly across it. Let's take a detour."

Fairy Divine Phoenix said to Qin Chen, with a hint of respect in his tone.

Prince Qilin, Young Master Yin, Qin Chen would kill as soon as he said, what right does she have to be arrogant in front of Qin Chen?

"Oh? Is this river of blood so dangerous?" Qin Chen frowned.

"Blood River is indeed very dangerous..."

Fairy Divine Phoenix spoke in a hurry, but she didn't finish her words, but she hurried forward when she saw that it was evil: "My lord, this river of blood is actually not dangerous. I can enter freely."

Everyone looked at him in astonishment. Qin Chen also looked over and heard the non-evil and respectful voice transmission: "Sir, in this dark ancestral land, there is a mobile palace of Lord Sikong, and this blood river is actually the outer guard of Lord Sikong's mobile palace. So for these people

, It is indeed an extremely dangerous forbidden place, but the subordinates are the inspectors under Lord Sagong. With subordinates leading the way, this river of blood will not attack us. "

"Moving the palace?" Qin Chen frowned.

"Correct."

Non-evil hurriedly explained: "Due to the special nature of the Dark Ancestral Land, Master Sagong established a mobile palace here in order to practice certain special techniques. Master Sagong would occasionally come here to retreat."

"But I also ask the emperor to reassure the adults that the special techniques cultivated by Master Sikong are created to integrate the origin of this universe. Master Sikong is also for my dark clan, and I hope the emperor will forgive you."

The non-evil student was afraid that Qin Chen would think about Lord Sikong, so he hurriedly explained.

"Fuse the origin of this universe?"

Qin Chen narrowed his eyes: "Oh? Interesting, what kind of special technique is it so effective?"

"This... the subordinates don't know it, but according to the news that the subordinates heard accidentally, it seems to be related to the remnants of the human race at that time. The subordinates don't know the specifics." Feiyilian said.

"Human remnants?"

Qin Chen's eyes narrowed.

But he didn't continue to inquire, but looked deeply into the depths of the Dark Ancestral Land.

"Let's go." Qin Chen said lightly.

[Chapter 4653: Supreme Blood](#)

Qin Chen flew up and flew quickly towards the river of blood in front of him.

But not evil walks in front of Qin Chen respectfully.

Seeing this scene, the expressions of Fairy Divine Phoenix and others instantly solidified, a little nervous.

They knew how terrible the river of blood was. This river of blood was one of the most mysterious places in the dark ancestral land. Once encountered, you must detour. If you rush into it, you will suffer blood. The river is killed, there is no bones left.

Once, a king-level Tianjiao, with a strong Tianzun under his command, saw a blood tomb on the opposite side of the blood river, trying to cut corners.

As a result, as soon as he entered the river of blood, he was directly annihilated by the terrifying river of blood.

Now Qin Chen and the others want to break into the blood river, so that everyone is not bitter and not surprised.

Although Qin Chen had a strong strength and an extraordinary identity, the blood river was rumored to be a special forbidden area left by a top power in the Dark Ancestral Land, and it was definitely not something they could easily break into.

Don't talk about them, even the ancestors of their forces did not dare to rush in for fear of offending each other.

"Your Excellency, do you think about it in the long term?"

Seeing that Qin Chen and the others were about to enter this river of blood, Fairy Divine Phoenix hurriedly stepped forward to discourage them.

When Qin Chen and the others approached the blood river, a terrifying halo of blood burst out in the blood river, and a palpitation aura filled the air.

The blood river, which was originally quiet, suddenly all awakened, releasing countless rich blood lights and giving out heart-palpating power.

"boom!"

There was blood light, and it swept directly to envelop Qin Chen and Feiye.

"It's over."

Fairy Divine Phoenix and the others were instantly ashamed.

Boom boom boom!

You could see the endless blood roar, the sky-shaking roar, the surging blood wave, like a boiling tsunami, directly enveloping Feiye and Qin Chen.

Blood River is the outer guard of Sikong Zhenxing Palace, in which the power is regularly injected by Sikongzhen himself, and its power can be imagined. Even if the pinnacle Tianzun stepped in rashly, once it broke out, it would definitely be injured.

Looking for death... As soon as two words flashed in the hearts of Fairy Divine Phoenix and others, their eyes suddenly enlarged.

Facing the river of blood that swept across the sky, Fei Ei stretched out his arms, and faintly pushed his palms to both sides.

Suddenly, the river of blood stopped boiling and roaring instantly, and even the palpating power and breath in it disappeared in an instant.

"!?" The eyes of Fairy Divine Phoenix, Saint Child of Tianhe, Huaikong and the others widened, the murmurs in their mouths stuck in their throats, and their hearts almost stopped beating.

Damn it.

"My lord, this blood river is the forbidden guardian left by Lord Sagong. The blood river is there, and the moving palace representing Lord Sagong is nearby, my lord, please."

Fei evil opened his arms, and the roaring blood river was instantly quiet, and at the same time, it opened an invisible passage, as if welcoming him.

Not evil, after doing this, immediately saluted Qin Chen respectfully.

"interesting."

Qin Chen raised his head, looked at the blood river, stepped into it.

In an instant, Qin Chen felt an invisible force enveloping him, but because of evil, this force did not cause him the slightest harm.

"My lord, please."

Feiye raised his hand and motioned Qin Chen to walk towards the other end of the blood river.

But Qin Chen did not act in a hurry, but reached out his hand and reached into this river of blood.

"My lord, be careful." Fei evil hurriedly said: "This blood river is arranged by Lord Sagong himself. The reason why the subordinates can walk safely is because the subordinates are the inspectors under Lord Sagong. This blood river can sense the subordinates. The breath of the inspector on the lower body, this will not affect the subordinate

Launch an attack, but if you rashly touch the inside of the blood river, I'm afraid..."

No evil is nervous.

He can walk safely in the river of blood, and even bring Qin Chen, but it doesn't mean that he can control the river of blood.

"It's okay."

Qin Chen said lightly, the palm of his hand had penetrated into the river of blood.

boom!

In an instant, a terrifying force rushed into Qin Chen's mind from the river of blood along Qin Chen's arm.

Boom boom boom! In Qin Chen's mind, there seemed to be thunder resounding, and a terrible breath of will descended on Qin Chen's soul sea. If Qin Chen's soul were not incomparably strong, he would be instantly lost if he was replaced by an ordinary powerhouse. The terrible in this river of blood

The will is instantly annihilated.

"this is..."

Qin Chen felt it carefully, and his color instantly changed.

"My lord, this is the blood of the supreme."

In the chaotic world, the Blood River Saint Ancestor was also excited at this moment, and his eyes seemed to see some delicious food, and his eyes were round.

"Blood of the Supreme!"

Qin Chen raised his head, his pupils suddenly shrank, frowning slightly.

At this moment, after perceiving the river of blood, he finally understood.

This sky full of blood turned out to be formed by the supreme blood.

Such a river of blood, could it be that the Sikong Zhen of the Heiyu Continent directly killed a supreme powerhouse?

Qin Chen looked around in shock.

No wonder even the pinnacle Tianzun would fall into it.

The blood of the supreme, containing the will of the supreme, is as strong as the pinnacle of heaven, it cannot resist and will be affected.

"My lord, in this supreme blood, there is an extremely pure universe and heavenly power, and at the same time, it also contains a certain special dark atmosphere, which is very strange."

At this time, the Blood River Saint Ancestor said again.

"You feel it too?"

Qin Chen said solemnly, he felt it as soon as he came in, this river of blood is very special, not only has the original breath of this universe, but also the dark breath.

The ancestor of the blood river smiled and said: "My lord, the subordinate is the ancient blood ancestor, the chaos **** and demon, if this thing can't be sensed, then it would be too ashamed of the subordinate's name."

He smashed his mouth and said, "If the subordinates are right, this should be some kind of blood from this universe supreme that has been soaked in darkness for a long time."

"Oh?" Qin Chen frowned.

The ancestor of the blood river immediately explained: "Since this blood river is the blood of the supreme, then it is not left by the supreme of this universe, it is the supreme of the dark race." "Sir, you carefully perceive the origin of the universe in this blood river. Power, you will find that it is extremely pure, but the dark origin aura is a little mixed, it is obvious that the supreme creature of this universe can have such a pure universe origin aura.

"

"If the people of the Dark Clan can really cultivate such a pure cosmic origin power, there is no need to worry about the suppression of this cosmic origin. I am afraid that a large army has already entered."

"So it can only be the blood of the supreme universe."

Qin Chen nodded, there is indeed some truth in what the Blood River Saint Ancestor said.

"The supreme blood of this universe?"

Qin Chen whispered in his heart, is this left by the supreme who was killed by the dark clan back then?

"Blood River Saint Ancestor, this Blood River, can you absorb it?"

"Hey, my lord, to me, this is completely trivial." Blood River Saint Ancestor said with a smile.

[Chapter 4654: Absorb the blood river](#)

"So absorb it."

Qin Chen said solemnly, since it is the supreme blood of this universe, there is no reason for him to stay on this alien continent.

"Yes, my lord."

The voice of Blood River Saint Ancestor fell.

boom!

In the chaotic world, a terrible swallowing force was suddenly born, and you saw this vast river of blood. With Qin Chen's palm as the center, a terrible vortex was formed, and the river of blood crazily gathered into Qin Chen's right hand. Among.

The entire Blood River roared instantly, and the billowing power was instantly swallowed by the Blood River Saint Ancestor in Qin Chen's Chaos World.

boom!

He saw the blood erupting from the **** ancestor of the blood river, and the aura of the whole person rose at an astonishing speed.

After swallowing the supreme essence and blood of the black grave supreme, the blood river saint ancestor has restored the supreme cultivation base, and now absorbing this supreme blood, naturally it couldn't be easier.

This supreme blood is not as good as the blood river saint ancestor instead of staying here as a guard for the palace of the Sagong Master.

In an instant, the sky of blood swept away, and suddenly disappeared between the sky and the earth.

"Hahaha, it's really a supplement."

The Blood River Saint Zu laughed loudly, his body was full of blood, his aura suddenly increased a lot, and there was still a faint dark aura permeating.

"This..."

On the side, everyone was dumbfounded.

Where is the blood river?

Why is the blood river that was there just now gone?

Even Feiye looked at Qin Chen in astonishment.

Incredible.

Fei E is an inspector under Sikong Zhen and has experienced countless methods in his life.

But it was the first time I saw that someone could swallow the Blood River Alert set by Lord Sikong in an instant.

No, it should be said... he knew for the first time that the power of this river of blood could be absorbed and swallowed.

The sky of blood disappeared in Qin Chen's body, but there was no wave of fluctuations, and Qin Chen's image was infinitely tall in non-disgusting.

Is this the emperor?

Rumor has it that Lord Sagong personally arranged this river of blood, and Lord Sagong is a true supreme powerhouse. Even the powerhouse of the same level, even the powerhouse of the same level, could not easily absorb the blood river.

The aura on Qin Chen's body was obviously much weaker than Master Sikong.

But it was such a guy who instantly swallowed the river of blood arranged by Lord Sikong. Is the royal bloodline so terrifying?

At this moment, Fei E was completely convinced by Qin Chen.

As for the fairy phoenix and holy son of Tianhe, they were completely stupid.

"This river of blood is good."

Qin Chen praised, raising his footsteps and continuing to go deeper.

"..."

Fairy Divine Phoenix and others stayed in place for a long time before they trembled and moved quickly to follow.

As she passed through the land of the blood river, her figure slowed down, and suddenly she stretched out her hand to sense the power of this void.

But then, her face suddenly changed.

Just perceiving the remaining breath in the void where the blood river was previously made her feel a little tremble and tremble.

But Qin Chen actually swallowed this vast river of blood completely before, what a way to reach the sky.

When she turned her eyes and looked at Qin Chen's back again, her eyes were already shaking violently involuntarily, as if countless violent winds raged in her heart, she was panicked.

How could there be such a power in the world, such a person...

Is this person really the king's arrogant?

Fairy Divine Phoenix shook his head and quickly followed Qin Chen.

Is Qin Chen the king's Tianjiao, this time, is there any point in entanglement?

No matter who the other party is, he can't provoke him.

"Your Excellency, I will lead the way."

Fairy Divine Phoenix rushed to Qin Chen in an instant, began to lead the way, and became extremely active, while Shengzi Tianhe and others were also very respectful, as if they were servants.

Qin Chen smiled and didn't say much.

At this moment, deep in the Dark Ancestral Land. There are many Dark Tianjiao and strong people who have entered the Dark Ancestral Land. Most of the strong people who come here are the top power

masters and disciples in the Heiyu Continent. After they came to the Dark Ancestral Land, they all searched for the Dark Ancestral Land. Want to be in this dark ancestor

To get the legendary treasure, or get a great opportunity.

It's just that in the dark ancestral land, there is nothing but dead silence, and there is no treasure or romance that they imagined. There are also many strong Tianjiao who are not reconciled. They want to enter the deeper part of the Dark Ancestral Land, but in the deeper part of the Dark Ancestral Land, there is a black mist like ink, which is full of crises, and the power of corruption is particularly powerful. Can't bear it, so

Many strong Tianjiao can only taste a little, and dare not go deeper.

Of course, there are also powerful King Tianjiao who are arrogant and powerful, adventurous deep, they finally entered the depths of the dark ancestral land.

In the depths of the dark ancestral land, they saw a ruined blood grave, and saw a terrifying blood that was so strong that it could not be transformed, with a supreme aura dissipating.

"What's that? A blood tomb in the ruins, and with supreme aura dissipating, is it the tomb of the supreme ancestor of the dark clan?"

Seeing this blood tomb exuding a frightening atmosphere, this shocked the heavenly kings who risked entering the dark ancestral land.

Although ruined blood tombs are rare in the depths of the Dark Ancestral Land, they are by no means uncommon to see.

However, it was the first time that the blood tomb of a supreme-level powerhouse was ruined.

"No, it's not a supreme-level blood grave, it's not strong enough, it should be a half-step supreme-level."

A strong person came, opened his eyes wide, and burst out a magical rainbow.

This is a magical power that can see through everything and distinguish the level of the blood grave.

Half-step supreme class.

Although it is not supreme, it is also the top blood grave of the Dark Ancestral Land in the past few years.

boom!

The blood qi broke out, and many people couldn't get close and could only wait and see from afar.

Attracted countless people to come.

A blood tomb of this level is ruined, and the original aura that escapes is enough to make the many heavenly arrogances and powerhouses present have an amazing improvement. Even the king-level tianjiao can use this to step into the emperor's level in one fell swoop. for sure.

but.

Around this blood tomb, there was a terrible surging of restraints, the blood tomb was ruined, and the aura that erupted was extremely shocking, and ordinary Tianjiao couldn't approach it at all.

The Geshitianjiao who can enter the edge of the blood tomb is a young man, wearing an imperial robe with a golden dragon embroidered on his robe, and his expression is flying.

When he entered the vicinity of the blood tomb, it was the source of darkness surging, and the supreme law lingered, like the singing of the supreme.

This young man relied on his tyrannical strength to reach the edge of the ruined blood tomb, and he also tried to get the inheritance in this blood tomb. However, this blood tomb aura is too terrifying, even if it is stronger than him, it can't be completely close to the blood tomb, taking the lead in getting the chance.

[Chapter 4655: Kylin Supreme](#)

"Prince Qilin, really powerful, he is indeed a descendant from the Supreme Kingdom of God, he will become a great weapon in the future, I am afraid he will be a figure of the royal class."

Seeing this young man in a golden robe singly into the depths of the blood tomb of the ruins, this made many Tianjiao experts who could see this scene be amazed. "Prince Qilin has entered the realm of Tianzun. It is said that he has only a thousand years of Taoism and has such a good fortune. He can definitely be called an emperor-level celestial arrogant. Compared with peerless evildoers,

However, among the younger generation, he can be regarded as an imperial-level powerhouse, and he has great hopes of entering the supreme realm in the future, and may even hit a stronger realm. "

The veteran dark clan powerhouse came, and when he saw the aura of Prince Qilin, he couldn't help but secretly marvel.

These veteran dark clan powerhouses are all of the Celestial Lord level, and some of them are even the best among the Celestial Lords, but facing the momentum of Prince Qilin, they still can't help but change their colors.

Although Prince Kirin was young, he was no weaker than their old-brand powerhouses and attitude, and in terms of true strength, he was no weaker than them.

Although the other party is only a junior, he must not save it as a junior, otherwise, it will be dangerous. "The Kylin Kingdom can be considered as a successor. It is said that with the identity and strength of the Prince Kirin, he is not allowed to enter the Heiyu Continent. In the dark place, this person can get enough resources, but he is unwilling to follow the established path. , Want to break here

A real sky came out. "

"This is a real hero, and the future is limitless."

Many people sigh with emotion. The descendant of the Qilin Kingdom and the prince of the Qilin Kingdom, he can be said to be a prestigious generation in the Heiyu Continent. Some people even say that he is among the younger generations on the Heiyu Continent, except for the Sikong Zunzi and the Shihen Emperor. Waiting for a few people away, just

He is the strongest.

The Kylin Kingdom was created by the Kylin Supreme. It is rumored that the Kylin Supreme was transformed by a dark unicorn. It swallowed a strange treasure in the universe and became the Supreme Being.

But this is only a rumor, but no one knows the true or false. Moreover, there is another rumor in the Dark Territory, that is, the founding supreme of the Kylin Kingdom of the Kylin Supreme, who used to be the mount of the ancestor of the Sagong Holy Land in his youth.

It is also for this reason that although the Qilin Kingdom is the Supreme Kingdom, he is still under the jurisdiction of Sagong Holy Land, but Sagong Holy Land has never interfered in any affairs of the Qilin Kingdom.

The Kylin Kingdom is a supreme Kingdom with supreme-level powerhouses. Its ancestors have been cultivated to reach the sky, and they have obtained foreign treasures. Although they are not the top powerhouses in the supreme, it is rumored that they are related to the Holy Land of Sikong. The ancestors' background is extremely extraordinary.

Moreover, the Kylin Kingdom has experienced generation after generation of management, and it is still very powerful.

Such a force may not be considered top-notch in the Dark Territory, but in this Heiyu Continent, it is definitely not an ordinary force that can provoke it.

Except for the three major forces of Sagong Holy Land, Shihen Emperor Gate and Linyuan Holy Gate, the general forces did not dare to offend this person at all.

Seeing that Prince Qilin can step into the deepest part of the blood tomb that no one else can step into, this has shocked and admired many Tianjiao experts. If Prince Qilin can get the inheritance of this blood tomb, it will be enough to make his perception in the Tianzun realm reach an extremely astonishing level. Maybe in thousands of years, he can reach the peak of the Tianzun realm, hit the supreme realm, and save money. Endless

Hard work.

However, the power of this blood tomb, which is close to the supreme level, is too strong, and Prince Qilin can't stay for a long time. In the end, he could not locate the real entrance of the blood tomb. He had to withdraw from the depths of the blood tomb. Wait outside.

In fact, it was far more than Prince Qilin who had withdrawn from the blood tomb. Many Tianjiao experts could not bear the terrifying power of the blood tomb, and they all retreated one after another, waiting for the opportunity outside, watching from afar.

Because they all understand that if the ruined blood grave is truly ruined, and when the origin of heaven and earth is merged, there will be a terrible origin burst out, and then all the strong around around will be able to benefit and be promoted.

Although it cannot be enjoyed alone, it is still an extremely huge gluttonous feast for everyone present.

Therefore, they only need to stay in the ruins of the blood tomb. This time the ruin of the blood tomb is too powerful. The half-step supreme level of the blood tomb is not something they can swallow alone, but can only be shared together.

Therefore, many strong people have found the most favorable terrain outside the ruins of the blood tomb to wait and see.

And thousands of miles away from this blood tomb, there happened to be a simple dark sacred mountain, towering all over, straight into the sky, like a sharp sword, piercing into the sky, majestic and boundless.

This dark mountain is called Tongtian Peak. In the dark ancestral land, not all the dark sacred mountains have names, often those with names are some extremely top and special peaks, and the special feature of this Tongtian Peak is that it is extremely majestic and can be observed in the dark ancestral land. Deep prescription circle

The world within tens of millions of miles.

This is a place to look at. It is rumored that standing on the top of Tongtian Peak, you can see the veins of the entire dark ancestral land, and be able to locate the tripod and find the most terrifying and most powerful ancestral blood grave position in this dark ancestral land.

There are even rumors that at the top of the Tongtian Peak, it can be calculated to the depths of the Dark Ancestral Land, where the sacred artifact of the Abyss Demon Race is located. Some powerful Dark Race people are very clear that the Heiyu Continent where they are located is actually the Infinite Demon Prison of the Abyssal Demon Race in this universe. The reason why this place can provide for the Dark Race to survive is precisely because of this Infinite Demon Race. In the magic prison,

There is a top holy artifact of the Abyss Demon Race.

This sacred object can cover the universe and heaven, and combined with the aura of their dark ancestors, formed an area where they can survive.

If they can find this holy object and get baptized by this holy object, they can fully integrate into this universe.

Of course, this is just a legend. Countless powerful people of the Dark Clan have come to the place of Tongtian Peak, trying to find the holy artifact of the Abyss Demon Clan and the blood tomb of their Dark Clan ancestors, but they have never heard of Someone succeeded.

Except for Master Sikong, Master Shihen, and Master Lin Yuan who are in charge of this Black Jade Continent, knowing the location of the Abyssal Demon Clan's sacred object, the location of the sacred object has always been a secret.

At this moment, a group of Tianjiao experts have boarded this Tongtian Peak.

When Prince Kirin came to the top of Tongtian Peak, a group of powerful men had already gathered on top of Tongtian Peak. With the passage of time and time, there are more and more Tianjiao powerhouses who have ascended Tianjiao Peak. Everyone wants to find a best place to watch the ruins

of the blood tomb. For many Tianjiao powerhouses who are familiar with the terrain in this area , Tongtianfeng is undoubtedly the best choice.

[Chapter 4656: Ming Ye Shi Zi](#)

The Tianjiao powerhouses who have ascended Tianjiao Peak are all from the top powers, and ordinary people cannot come here at all, let alone ascend this peak. Therefore, it can be said that the people here are all famous people in Heiyu Continent.

At this moment, several young people came to the top of this mountain.

Although these young people are all Tianjiao-level figures, they are the weakest existence on the mountain. Before these young Tianjiao, he was an extraordinary young man, wearing a black robe and holding an iron fan. The Qilin Emperor killed by Qin Chen

child.

And these young Tianjiao all followed this person to Tongtian Peak.

"Thank you Ming Ye Shizi for taking me here, and I will be grateful for it."

You Tianjiao looked flattering and respectfully said to the leader of the iron fan.

And the other people around him also salute respectfully and respectfully.

If Fairy Divine Phoenix and Holy Child Tianhe were here, they would immediately be able to recognize them. These people were just the other Tianjiao who had previously competed with them for the Holy Fruit of Darkness in front of the Divine Tree of Darkness.

They didn't know what method they had used, but they were favored by the descendants of the Ming Ye family, and followed them to the depths of the Dark Ancestral Land, and came to Tongtian Peak.

In fact, with their talents that are not at the King level, they are generally not qualified to come here.

To come here, you must rely on some big people, at least you must be a king-level Tianjiao to be qualified to do so.

"Hehe, you don't need to care, everyone is the arrogant of my dark clan, and should help each other." Ming Ye Shizi fanned the iron fan and said with a smile, handsomely: "However, when this dark ancestor is up, you have to bring it. Ben Shizi went to see the Tianjiao who alone took away most of the dark sacred fruit from the Dark God Tree. Such a character, Ben

Shi Zi is also very interested and wants to make friends. "

Ming Ye Shizi squinted his eyes, and a sharp light flashed through the depths of his pupils.

These Tianjiao hurriedly saluted, repeatedly saying yes.

They knew very well that the so-called friendship of Ming Ye Shizi was afraid that he had already focused on the large number of dark sacred fruits on the other party.

"Well, this Tongtian Peak is full of great figures from the Heiyu Continent. You'd better stand on the sidelines. If you offend others, this world can't speak for you."

Ming Ye Shizi warned.

"Yes, I will understand."

These Tianjiao nodded again and again.

Although they also belong to the Tianjiao figures in Heiyu Continent, they are just small figures. How dare they walk around here wanton and offend others?

These lives are afraid of causing trouble, so a few people stood in an inconspicuous corner, cautiously, avoiding the crowd far away, and did not dare to compete with some of the talents present.

On the dark sacred tree stone platform, they are the top tianjiao standing inside, but here, they are just a few unknown people hiding in the corner.

Ming Ye Shizi nodded slightly, these guys also went on the way, and it was worthwhile for him to bring these people up.

Anyway, with the cultivation base and background of these people, I am afraid that it is impossible to get any treasures. If they can absorb such a trace of the supreme source at the moment of half a step of the blood tomb of the supreme, it is already a shocking good for them. Harvested.

And when Ming Ye Shizi smiled and nodded, he suddenly saw a figure at the core of the mountain, and even his eyes brightened, he walked up quickly.

"His Royal Highness Prince Qilin, it is an honor for my generation to see His Royal Highness in Xia Mingye Shizi."

When Ming Ye Shizi came to the top of Tongtian Peak, his originally proud figure was instantly put down, and he looked respectfully as a follower, bowing his hands to Prince Qilin with excitement.

The Mingye family is considered a top family in Heiyu Continent, and Mingye Shizi is also considered a king-level arrogant, but whether it is compared with the Qilin Kingdom or the emperor Tianjiao like Prince Qilin, he is far behind.

Naturally did not dare to neglect.

"The Mingye family, this prince has heard of it." Prince Qilin smiled slightly.

A king-level Tianjiao was barely enough for him to take a look.

"It is an honor to be remembered by Prince Kirin."

This Ming Ye Shi Zi said excitedly.

Not only this Ming Ye Shizi, but the other Tianjiao experts around saw Prince Qilin, and they all came forward to talk, very enthusiastic, and set up friendship with Prince Qilin.

Prince Qilin was originally a dragon and phoenix among the people, and he was born in the Supreme Kingdom of God, which made him even more noble, and many Tianjiao strong people were willing to associate with him.

And the few Tianjiao who came to Tongtian Peak with Ming Ye Shizi, while hiding in the corner, were also attracted by the movement above, and saw Prince Qilin who was located at the core of the mountain.

"It turned out to be Prince Qilin."

Hearing that it was Prince Kirin, the hearts of these people were instantly lifted, and they couldn't help but utter a shock.

Because they all knew about the fall of Prince Qilin. Not long ago, Prince Qilin of the Kingdom of Qilin was just under the dark tree and was killed by Qin Chen. Before he died, Prince Kirin threatened him as the younger brother of Prince Kirin, trying to get forgiveness from the other party, but was killed by the other party without hesitation. Unexpectedly, they saw Prince Kirin before he died, which made them feel that

Frightened and unexpected.

"If Prince Qilin is to know about Prince Qilin, I am afraid..."

Someone lost their voice and their bodies trembled. Although the death of Prince Kirin had nothing to do with them, after all, they were at the scene at the time. If the Prince Qilin had said, the relationship between him and Prince Kirin was irreversible. Once Prince Kirin learned of the death of Prince Kirin, several of them were on the scene.

Avoid trouble.

"Quiet."

People around changed color and hurriedly scolded.

Who is Prince Kirin?

That's a royal arrogant, if such a person is talking behind his back, now the other party is on this Tongtian Peak, using the other's sense of consciousness to discuss this person here, it is very likely to be caught by this person's sense of consciousness. Arrived, causing trouble.

However, this person's scolding is still too late.

As soon as this person's voice fell, they felt an aura that made their hearts palpitating, and it suddenly enveloped them, as if a needle fell on their backs, and the hair was horrified.

"What happened to Prince Qilin?"

A high indifferent voice came, and it instantly fell into the ears of everyone present.

Several people hurriedly turned their heads and saw Prince Qilin's cold and indifferent gaze coming over. The gaze was very calm, but like a sharp blade, it instantly pierced everyone's heart, making them like an ice cellar, and they were all cold.

At this moment, there was an illusion of disintegration of the physical body and the dispersal of souls.

At this moment, Ming Ye Shizi also saw several people being stared at by Prince Qilin, and it seemed that it was the few Tianjiao that he had brought up, and Ming Ye Shizi's face suddenly changed.

He was frightened and angry.

These guys have long been warned not to cause trouble here, but I can't think of how long it will take before they directly provoke Prince Kirin.

Are you looking for death? He was shocked and angry in his heart.

[Chapter 4657: Emperor Tianjiao](#)

Those few Tianjiao who were talking about have been completely stunned, trembling, and full of fear, all of them trembling, unable to speak.

This is the Prince Qilin, a figure of the world's arrogant rank, if they are willing, they are afraid that they can be crushed with a finger, and they are definitely not easy to provoke.

It's over, now they are all over.

Several people turned pale with fright and were completely speechless.

Ming Ye Shizi looked furious, "Prince Qilin asked, you guys don't want to say it? Do you want to die?"

boom!

The terrible murderous opportunity came, like a sacred mountain, instantly suppressed on the bodies of several people, murderous, and can't wait to shatter the corpses of several people. At this moment, Ming Ye Shizi is terrified. Although he is a king-level arrogant, he is still far behind a king such as Prince Qilin. The other party is a descendant of the Supreme Kingdom of God and will be in charge of a **** in the future. Country, powerful

day.

And these guys, he brought up earlier, if Prince Qilin thought that the actions of these guys were related to him, then he would simply jump into the dark holy river and couldn't wash himself.

Therefore, he expressed anxiously that he did not want Prince Kirin to think that the other party's actions were related to him.

These guys, don't bother him if you want to die.

"Ok?"

At this moment, Prince Kirin also frowned, with murderous intent surging in his eyes.

These people seemed to be staring at death, and felt trembling from the depths of their souls.

The Emperor Tianjiao is too powerful.

"Prince Qilin, he...he..."

Some people trembled, but couldn't tell.

Ming Ye Shizi was in a hurry and came to this person in an instant, slapped him away, then picked it up again, and said viciously, "Hurry up."

Mother-in-law, I'm so anxious.

The man trembled and said, "Prince Qilin, he...dead!"

what?

As soon as this statement was made, the audience was silent, and everyone was dumbfounded and dumbfounded.

"Dead? Impossible." Ming Ye Shizi was also sluggish, his face turned pale, and then he slapped him fiercely, and snarled fiercely: "The eighteenth prince is the king's arrogant, noble status, how can it be? Fallen?"

Ming Ye Shizi's heart also trembled.

Kylin Divine Kingdom, as a supreme divine kingdom with a long heritage, has many princes, more than one hundred.

But Ming Ye Shizi knew very well that the Qilin prince these people were talking about at this moment must be the eighteenth prince, and it could not be anyone else. Because this Heiyu Continent is the land of the outer universe, the real Tianjiao characters rarely come in person, only the 18th prince, because he has an excellent relationship with the Qilin prince, and in order to break through himself, get more respect and peace. Chance, this is

Accompany Prince Kirin to Heiyu Continent.

Therefore, the prince Qilin mentioned by these people can only be the 18th prince.

"Brother 18, how did he die?"

An icy voice came. I don't know when Prince Qilin had already arrived in front of the person, Ming Ye Shizi hurriedly backed away, and Prince Qilin's cold eyes had already fallen on those people.

Like the eye of death.

A few people shivered, not daring to neglect, and even General said what had happened in the Dark God Tree before.

Hearing that Prince Qilin was actually killed by a Tianjiao character, aroused many people's shock instantly.

Who dared to kill the prince Qilin? Doesn't the other party know the power of the kingdom of Qilin?

What shocked everyone even more was what these people said, that Tianjiao, who killed the Qilin Prince, took away eighty-one dark sacred fruits from the Dark God Tree with one person's power.

how can that be?

Everyone was shocked.

They all know the dark sacred tree. It is extremely special. A dark sacred fruit represents a kind of avenue law. Only when the avenue law of the same attribute is induced, can the dark sacred fruit belonging to this rule be attracted.

This person mobilized eighty-one dark sacred fruits with one person. Could it be said that he has mastered eighty-one top-level rules?

The rules of the top avenues are not trivial. The average Tianjiao can control three, five, seven or eight, which is already the ultimate. How can anyone control eighty-one.

This makes everyone suspicious.

Seeing the suspicion of everyone, all these Tianjiao were panicked and hurriedly explained that they were not a lie. The people they saw at that time, and many others, if everyone encountered them, they could confidently ask.

Everyone's eyes narrowed slightly.

The vows of the few people made them faintly understood that they were afraid that they were true. Otherwise, they only need to inquire a little and their lies will be exposed.

What's this...

Ming Ye Shizi couldn't help but look shocked at the moment. He wanted to wait until the Dark Ancestral Land matter was over before looking for Qin Chen and snatching the Dark Sacred Fruit from him, but who had thought that the other party had killed even Prince Qilin.

He couldn't help but fear in his heart. Fortunately, he didn't rush to find Qin Chen, otherwise he would be in danger as well.

"His Royal Highness Prince Kirin, this person is too cruel, and because of a small conflict, the eighteenth prince was attacked by this assassin. I am waiting to take action for Prince Kirin and kill these traitors."

"Huh, this Heiyu Continent was set up by the ancestors to strengthen my dark clan. This person is perverse and deserves death."

"I also ask Prince Kirin to give an order to take action quickly and kill this dog. I am waiting to do my best for the Prince Kirin."

"There are also these few people who are greedy for life and fear of death, and they are not saved when they see death. They let Prince Qilin be beheaded. I next propose that these people be stripped of skin and cramped, and their bones will be thwarted and ashes, so as to comfort Prince Qilin's spirit in the sky."

There are many Tianjiao powerhouses around who are excited in their hearts. This is a great opportunity to make friends with Prince Qilin.

Some people even suggested that these Tianjiao should be killed together.

The dark clan, fighting abnormally, each heart is cruel, it is normal to kill each other, it is not a big deal to kill a Tianjiao.

Even in this Heiyu Continent, the dark races have been fighting for many years. Not to mention, the three top forces above also often fight, which is commonplace.

"His Royal Highness."

"Spare."

These Tianjiao shivered, all knelt on the ground, screaming in horror.

"You bunch of trash."

Ming Ye Shizi walked forward slowly with a hideous expression. He raised his palm and was about to kill the person in front of him in order to clear the relationship and win the favor of Prince Qilin.

Although these people are Tianjiao, their power is much worse than his Mingye family. Even if they are killed, the other party will not dare to trouble him, not to mention that he is still working for the Qilin Prince.

Seeing that Ming Ye Shizi was about to hurt his killer, suddenly, Prince Qilin said lightly: "Stop it."

As soon as this remark came out, everyone was shocked and looked at Prince Kirin in amazement. Prince Kirin, isn't he a kind person?

[Chapter 4658: Sikong Zun](#)

"His Royal Highness is about to visit Tongtian Peak, so this place should not be contaminated with blood. Everyone is ready to welcome you. Other things should be considered in the long term."

Prince Kirin said coldly, bringing everyone a very shocking news.

"The respected girl is here!"

Hearing this, many Tianjiao experts present were shocked.

In the Heiyu Continent, there is only one person who dares to call the "respected girl" and can be called "His Royal Highness" by a royal-level figure like Prince Qilin, and that is the descendant of the Sagong Holy Land-the respected girl Sagong!

Sagong respected girl, this face has a unique charm in Heiyu Continent. This name not only represents the superior power, but also represents the peerless beauty.

Who in the Heiyu Continent doesn't know about the female Sikong?

As the "daughter" of Lord Sikong, one of the powers in Heiyu Continent, as the heir to Sagong Holy Land, she has an aura and popularity that no one can compare with in Heiyu Continent!

He is a world-renowned figure.

The female Sagong is rumored to have been born in the Sagong Holy Land, and she has a noble status, but she was specially cultivated by the Sagong Holy Land since she was a child. She was not the kind of vase that was born only with a golden key.

Venerable Sikong's talent is extremely high, and her strength is extremely powerful, even surpassing the emperor's rank. There are rumors that the bloodline of Venerable Sikong is very powerful and full of mystery.

Speaking of talent, such a royal-level figure like Prince Qilin is already unparalleled in the Heiyu Continent, and is expected to become the supreme in the future, become the true supreme ancestor, and inherit the kingdom of the unicorn.

However, compared with the female Sikong Zun, Prince Qilin was far behind.

Not to mention that Qilin Supreme, the founder of the Kylin Kingdom, was a mount under the command of the ancestor of Sagong Holy Land. There was a huge gap in status and status.

In terms of talent, Prince Kirin is far inferior to Sikong Zun.

Prince Kirin's talent is to aspire to the realm of the supreme ancestor in the future, and take charge of a divine kingdom.

The Sagong female is a figure who can surely become a supreme level. It is rumored that her bloodline is extraordinary, and she is the heir of Sagong Holy Land. Sagong Holy Land has high hopes for her and has even greater requirements.

The Supreme is just the starting point for her future. Her future is to become the leader among the Supremes, the most top-level existence. Even Sagong Holy Land has greater requirements for her, that is, to advance to a higher level and touch that realm. .

That is detachment!

If it can really cultivate a transcendence, then the status of Sagong Holy Land in the Dark Clan will be greatly improved and enter a higher level.

Therefore, Sagong Holy Land can be said to be fully cultivated for Sagong Venerable Girl.

Sagong Sovereign Girl did not live up to the high hopes of Sagong Sacred Land. In these short years of Heiyu Mainland, she became famous, and her cultivation base was advancing so hard that no one could match it. Rumor has it that she has broken through the realm of Heavenly Sovereign many years ago.

So Sikong Zun is not only known as the number one beauty in Heiyu Mainland by many people, but also as the leader of the younger generation in Heiyu Mainland by everyone!

Within the Dark Clan, there are many fights, and they, the arrogances of the Black Jade Continent, will be regarded as one faction when they return to the Dark Clan in the future, and Sikong Venerable Girl will be the leader of their faction.

Whether Sikong Zun is the number one beauty in Heiyu Continent is still debatable, but in Heiyu Continent, in terms of beauty, talent, and cultivation level, there is no one in the younger generation that can match it.

It is precisely because of this that the name Sikong Zunnan is full of infinite charm here.

She doesn't know how many young generations of Tianjiao powerhouses think they are the dream lovers, and she doesn't know how many women are longing for idols.

So when Prince Kirin brought such news, the entire Tongtian Peak was about to explode in an instant. When many people heard the news, they were all overjoyed, almost crazy and excited.

"The respected girl is here, and finally I can see the respected girl."

There are some young Tianjiao who have never seen a female Sikong before. When they heard the news, their eyes were suddenly blurred, and they couldn't help but shake their minds for a while.

"The respected girl is like a holy. If you can meet again, there will be no regrets in this life."

There are also Tianjiao who have seen the female Sikong before, and when they hear such news, they are also extremely ecstatic.

Any man who has seen the female Sagong is not fascinated by the female Sikong. It is all love at first sight. Such a woman shouldn't appear in the mortal world and be obsessed with it day and night.

This is a woman who has been remembered by countless people in the dreams, holy and noble, and is eye-catching.

Not only some young talents, but also some veteran powerhouses are also swaying and obsessed with them.

"The female Sikong is here, and it is not suitable to kill evil here. For anything, wait for the female Sikong to arrive." Prince Qilin said.

Suddenly everyone nodded.

The respected woman is extraordinary, if the killing here is too heavy, after the respected woman comes, it will definitely cause the respected woman to be dissatisfied, which is unacceptable to everyone.

The actions of Prince Kirin also shocked everyone.

It seemed that Prince Qilin had some reveries about the female Sikong, and he was willing not to take revenge for Prince Qilin. Rumor has it that the relationship between the eighteenth princes of Kylin and the princes of Kylin is irreversible. They were born of the same mother. Under normal circumstances, he would not do anything when he learned that his brother was killed. But now, he can't even see the anger in his body, so he is immersed in it. Welcoming the honorable girl

In, let people see the decisiveness of Prince Kirin.

Although the Kylin Kingdom is strong, it is only a subordinate of the Sagong Saint. But if the Prince Kirin can be favored by the Sagong female, not only will the Kylin Prince be distinguished from now on, but even the status of the Kylin Kingdom will be highly regarded.

"His Royal Highness Prince Kirin said that since His Royal Highness has not yet arrived, I might as well arrange this Tongtian Peak and hold a grand welcome ceremony."

"Yes, as Her Royal Highness Sikongzun, even in this wilderness, she must be greeted with the most solemn ceremony."

A strong Tianjiao said, very much wanting to express himself.

Because, Sagong Holy Land is one of the controlling forces in Heiyu Continent, if you can make friends with the respected female Sagong, even if it just leaves a good impression on the female, it will be enough to make everyone's heart moved.

Therefore, as soon as this proposal came out, it immediately attracted the approval and conformity of many people.

There are not a few people who want to take this opportunity to perform well.

"Then everyone, let's start decorating."

In the end, Prince Kirin made a decision, and many Tianjiao responded, and the entire Tongtian Peak instantly became lively.

"You guys, clean up every broken stone and every dust on this Tongtian Peak, and make up for it, otherwise, you will have to be careful." When many Tianjiao experts set up the top of Tongtian Peak, Ming Ye Shizi's eyes were cold, and he said harshly to the few Tianjiao, because of these guys, he almost lost his face in front of Prince Qilin.

[Chapter 4659: Qilin Shengguang](#)

These Tianjiao were bitter in their hearts, but they dared to resist, and immediately packed them up, just praying in their hearts. After they behaved better, Ming Ye Shizi turned around and stopped making trouble for him.

They just want to survive.

Many Tianjiao powerhouses have taken action to display their magical powers, and all kinds of rare and exotic treasures have been placed up, beautifully arranged. This Tongtian Peak was originally a mountain in the depths of the Dark Ancestral Land. Because most of the Dark Ancestral Land can be seen, people often come, but it also forms a platform area. Now everyone has their own unique treasures. Bao, but this

The mountain peaks are dressed like a holy place.

All kinds of sacred breaths skyrocketed.

Even a pavilion was built, the materials of which were all the golden and immortal stones carried by these Tianjiao powerhouses. Originally, these were all top-notch refining tools and cultivation materials.

But because she wanted to welcome the female Sikong, she was regarded as the most common cornerstone of the pavilion, and she had to be embarrassed and sighed.

Prince Kirin even waved his hand casually, showing a series of colorful glow and mist, dressing the Tongtian Peak like a fairy family.

And this unicorn light is a special divine object of the unicorn kingdom. The unicorn is a colorful auspicious. This mist is spit out by the ancestors of the unicorn. It contains the supreme rules and can be perceived by people.

It can be regarded as a top treasure when it is obtained from the outside world, but Prince Kirin regards it as the dress of Tongtianfeng, which can be said to have lost its blood.

In the direction of Tongtian Peak looking towards the ruins of the blood tomb, there was even a black jade table on which was placed some sacred fruit and fairy flowers, all extraordinary things, top-level materials.

Even in the process of decorating, Ming Ye Shizi also specially placed a special waiting position for Prince Qilin by the chair of Sigong Zun's daughter.

"With a goddess like Sikong Zunnan, only Prince Qilin can accompany her." Ming Ye Shizi said flatly while posing.

Ming Ye Shizi's deliberate infatuation caused many other kings Tianjiao and big figures to look at each other secretly, their expressions were a little unpleasant, but they did not speak out.

Although Ming Ye Shizi's move seems too flattering, you, a kingly arrogant, should be more reserved, don't you need to be so excessive?

Although they were dissatisfied in their hearts, everyone did not feel that Ming Ye Shizi's actions were too excessive.

After all, although the people present are not ordinary, among the Tianjiao, as far as they are qualified, it is indeed the emperor Tianjiao Qilin Prince who is most qualified to be by the side of Sikong Venerable. What's more, the Kylin Kingdom is the vassal state of Sagong Holy Land. Naturally there are strong figures present who argue that the cultivation base is not weaker than the Kylin Prince, but the Kylin Prince even took out the light of the unicorn. It can be seen that he must have won the Kylin Kingdom by this action. Ancestor's head

Ken.

Many people have also heard a rumor that the Kylin God State intends to marry the Sagong Holy Land, and the Kylin God State wants to dedicate the Prince Kylin to the Sagong Venerable Woman and be the person of the Sagon Holy Land.

This incident came from nowhere, but there was a reason for it, because there were rumors in the Sagong Holy Land that they wanted to pass on the orthodoxy of Sagong Holy Land to the woman Sagong. This means that the female Sagong will not marry and will inherit the mantle of the Sagong Holy Land. This has led many people to speculate that in the future, the female Sagong will find a young talent from the side branch of the Sagong Holy Land or the forces under the jurisdiction of the Sagong Holy Land As a companion

companion. After all, powers of the same level such as the Stone Mark Emperor Sect and the Linyuan Sacred Sect will not transfer their top celestial arrogance to Sagong Sacred Land. Only the next-level top powers, in order to curry favor with Sagong Sacred Land. To continue his subordinates

Here is the inheritance.

Although the Prince Kylin wants to inherit the inheritance of the Kylin Kingdom, if he can be enrolled in the patriarch of Sikong, the strategic significance to the Kylin Kingdom will be even higher.

As a result, everyone speculated that Qilin God State intends to let Prince Qilin be the daughter of Sikong Zun.

In fact, this is not a guess.

Only Prince Qilin knew that for this matter, the ancestor even took him to the headquarters of Sagong Holy Land and mentioned this incident to the high-level staff of Sagong Holy Land.

And Prince Qilin himself was obsessed with the beauty of Sikongzun at that time.

At that time, the senior officials of Sagong Sacred Land did not make a statement, because Prince Kirin was indeed a good target, and Prince Kirin was also a good seedling. If he could be cultivated by Sagong Sacred Land, his future achievements would definitely be considered extraordinary.

But Sikong Zunnu directly refused. She bluntly said that her future is to reach the pinnacle of martial arts, and she doesn't care about children's affair, nor will she marry.

The Sagong Holy Land naturally respects the request of the female Sagong, after all, she is the descendant of the ancestor.

However, Prince Qilin was not discouraged after being rejected. He felt that the female Sikong did not understand him. If there is a better time, he can perform well in front of the female Sikong, and he will definitely wait for the female Sikong. Female pro-gaze.

Because he is the prince of Qilin, a truly outstanding person, a world-famous arrogant man.

Therefore, he made a special trip to this Heiyu Continent. On the surface, it was to improve himself and open up territory for the Dark Clan, but in reality, he came for the respected female Sikong.

Therefore, he can calm down quickly after learning about the death of Prince Qilin, because he knows that the arrival of Sigong Zunzi is what he needs to care about most, and Prince Qilin's revenge will be a chance to avenge in the future.

If he can leave a deep impression on the female Sagong this time, and even be favored by the female Sagong, then he will have an opportunity to enter the Zun Sikong Holy Land in the future.

Although this news is secret, in the eyes of some forces, it is actually considered semi-public.

Therefore, Prince Kirin's performance at Tongtian Peak at this moment will naturally not surprise everyone.

Of course, although everyone had heard of these secrets, the people present, such as Ming Ye Shi Zi and others, were actually eager to try them, wondering if Sikong Zun Nv would like to see herself.

Just imagine, if someone marries a female Sikong Zun, this is more than a glorious ancestor.

Of course, everyone knows that ordinary Tianjiao is simply hard to get into the eyes of Siko Zun, and it is impossible to get the favor of Siko Zun, but there are still many young talents who do not give up.

What if?

They are so active, on the one hand, they are selling the face of Prince Kirin, on the other hand, they are also in order to make a good impression on the female Sagong. Maybe, the female Sikong is attracted to them.

Prince Kirin didn't understand these guys' thoughts, but he gave a big smile.

This guy, also wants to be favored by Sagong's daughter? He doesn't take any photos with soaking urine, he Qilin Prince, is also a real dragon and phoenix, a handsome figure among people. Therefore, he didn't feel the challenge at all, just thinking about how to make himself leave a strong impression in the heart of the female Sikong.

[Chapter 4660: Coincidence?](#)

Everyone dispatched one after another. In a short period of time, Tongtian Peak was already beautifully arranged, and now everything is ready, only waiting for the Sigong Sovereign Daughter to arrive.

And while everyone was waiting, Qin Chen and his entourage finally came to the location of the Xuhua Blood Tomb.

"this is..."

Feeling the ruined blood tomb in the distance, Fairy Divine Phoenix and others couldn't help being shocked secretly, and their expressions were excited.

Because they felt the breath of the supreme class.

"Has a half-step supreme-level dark powerhouse ruined?"

Qin Chen's eyes were golden, and he could see the futility of the blood grave in front of him at a glance.

The dark clan has extraordinary strength. The dark clan person Gu Yi who Qin Chen killed at the entrance of the Infinite Demon Prison was half a step in the supreme realm, but possessed the supreme level of strength.

The Dark Race people are generally more terrifying than the Human Race and Demon Race.

However, the half-step supreme level is nothing to Qin Chen, the only thing that Qin Chen can see is the origin of darkness in those dark race people.

However, when Qin Chen looked at the ruined blood tomb, Qin Chen's expression changed slightly.

"This is..." The strength of the ruins, constantly escaping into the void, is much more weird than the aura of the half-step supreme he had previously killed. The strength of the ruins is in addition to the source of darkness. , There is actually a faint other force

The amount escapes.

This changed Qin Chen's color.

Because this force is extremely special, it faintly merges with the heavens of this world.

"No, the blood tomb in this dark ancestral land is not natural ruining."

Qin Chen looked at it intently, and vaguely, he saw that in this blood grave, there seemed to be a vague power surge, which was a series of terrible restrictions, accelerating the blood tomb's destruction.

This shocked Qin Chen, because it was learned from Divine Phoenix Fairy and others that the ruins of the blood tomb was a natural phenomenon. It was a process by which the dark clan powerhouses who fell in those years had been in the dark ancestral land, and their bodies naturally merged with the heavens and the earth.

But now, Qin Chen vaguely saw a terrible restriction in the depths of the blood grave. This was not a natural phenomenon at all, but was deliberately done by the strong.

who is it?

Qin Chen's eyes flashed, and there was a hint of speculation in an instant.

The ability to place such a restriction in this dark ancestral land is definitely not something ordinary people can do, only the few major controllers of this Heiyu Continent can do it.

"Sikong Zhen?"

Qin Chen turned his head and looked at Fairy Divine Phoenix, "You said before that when blood tombs are ruined, there will be blood rivers around them?"

Fairy Divine Phoenix was taken aback, then nodded and said: "It can't be said that there will be a river of blood, but in many cases, once the blood tomb has disappeared, the probability that a river of blood will appear around will increase."

Qin Chen's eyes flashed.

That's it.

Sagong Holy Land has a palace in this dark ancestral land, and every time Sagong shakes the palace, there will be the Supreme Blood River, and inside the blood river, there will be blood tombs. Is this a coincidence?

Obviously impossible.

It seems that this blood tomb ruining is related to the so-called Lord Sagong, but what is his purpose?

Qin Chen vaguely felt that he seemed to have touched something.

"That is..."

Qin Chen turned his head and saw Tongtian Peak in the distance. "My lord, that is Tongtian Peak. Above the Tongtian Peak, you can see most of the depths of the Dark Ancestral Land. Many times, some of our dark people will rest on the Dark Ancestral Land after they come to the Dark Ancestral Land. , Because once the blood tomb is completely

There is a great probability that the bottom of the ruins can be seen on the Tongtian Peak. "

Fairy Shenhuang explained.

"Go, go to Tongtian Peak."

Originally, Qin Chen wanted to break into this ruined blood tomb directly, to take a good look at the so-called ruined blood tomb, what is going on.

That terrifying blood tomb aura could stop the gods like God Phoenix Fairy, but how could it stop him.

However, after seeing the terrible restriction in the depths of the blood tomb, Qin Chen changed his mind. The blood tomb was ruined. It was obvious that the Sagong Holy Land deliberately did it. If he rushed in, he would be controlled by the Sagong Holy Land. It's troublesome if you notice it.

Before finding the Demon Soul Source Device, Qin Chen didn't want to expose himself, and was in conflict with the controlling forces of the Black Jade Continent.

After seeing that the blood tomb was actually made by someone deliberately, Qin Chen didn't even have much interest in the ruining of the blood tomb. The most important thing for him now was to find the source of the devil soul.

And this Tongtian Peak could perceive most of the dark ancestral land, and Qin Chen would naturally not miss it.

Whoosh whoosh.

The group of people immediately stepped forward, and after a while, they had already arrived at the foot of Tongtian Peak.

"Are we going to the wrong place?"

After Qin Chen and others came to the foot of Tongtian Peak, they frowned and said.

Fairy Divine Phoenix and the others were stunned for an instant, even stunned by non-evil. Tongtian Peak, located in the dark ancestral land, should be very desolate, but now, the whole mountain is shining brightly, with colorful divine fog, and even chaos lingering. People who don't know think that they have come to some fairy mountain blessed land. A certain

The ancestral land of this sect.

"No, sir, we didn't go wrong. This is Tongtian Peak, but it seems to have changed a little bit."

Tianhe Shengzi and others said sluggishly.

"Just go wrong, go, go up."

Qin Chen said lightly, as for why these changes occurred, he naturally wouldn't care.

Fairy Divine Phoenix and others were also curious, and they stepped forward. After a while, everyone came to the mountainside and saw a few Tianjiao holding brooms and cleaning on this Tongtian Peak, seeming to be removing dust.

"You guys..."

Seeing these people, Tianhe Shengzi, Huaikong and the others were stunned, because these people, they knew, were just the few Tianjiao who had absorbed the Dark Sacred Fruit on the stone platform of the Dark God Tree not long ago.

After seeing Qin Chen and his party, those Tianjiao were even more sluggish.

"You... are the guy who killed Prince Qilin."

"It was him, it was he who killed Prince Qilin."

These people turned pale in an instant, and said in fear.

Seeing the expressions of these people, Tianhe Shengzi frowned, and immediately questioned the one who remained: "Brother Shen, what is going on? Why are you here?"

That person is the eldest son of the Shen family, and he is also a Tianjiao, how can he clean on this Tongtian Peak? "Holy Son of Tianhe...you, how do you stay with this guy?" The man called Brother Shen said in horror: "This person is the one who killed Prince Qilin. Not only do you not have a relationship with this person, but Still walking together, do you want to die?"

"

"Brother Shen, what happened?" Tianhe Shengzi wondered. "Who is your brother Shen, Tianhe Shengzi, I warn you, you and I don't know each other, don't get involved." The man said in fear, making Tianhe Shengzi and the others more confused, vaguely feeling what should have happened here.
