

## Valkyrie 4671

### [Chapter 4671: Indiscriminate killing of innocents](#)

This shocked everyone, and everyone's eyes became round.

This is Tianzun Baobing.

Although it is only the most common Tianzun treasure soldier, but it is also a Tianzun level weapon, how could it be crushed?

However, under Qin Chen's unmatched power, what could a precious soldier of the mere Tianzun level count?

Countless precious soldier fragments shot, this Heavenly Sovereign Sword, instantly torn apart and shattered on the spot. With a "bang" sound, the Prince Ming Ye did not understand what was going on, he was slapped heavily on the ground by this huge invisible hand, and instantly it was as if the hundreds of millions of ancient sacred mountains were pressed against him. Like the body, take his bones

The pressure creaked, and blood spurted out on the spot, and his body was deformed.

"what!"

He screamed sternly, and his body was about to shatter. This scene is really shocking. From the beginning to the end, Qin Chen just waved his hand lightly. He didn't even stand up. He just sat there quietly, but instantly turned the king-level Tianjiao Mingye. Shizi defeated in an instant, terrible see.

Such a scene gave everyone an extremely huge impact.

The imperial arrogant.

This kid in front of him is definitely a royal arrogant.

Before, everyone thought that the reason why Qin Chen was so arrogant was because of the non-evil around him, such a heavenly master.

But now, everyone has come to understand that the reason why Qin Chen has such a strong confidence is not only because of the protection of Tianzun powerhouses around him, but also because he himself is also a royal-level Tianjiao, possessing Tianzun-level combat power.

Even Prince Qilin was taken aback. His strength was naturally extraordinary, but at this moment even he could not see Qin Chen's true strength.

Unexpectedly, this person is also an emperor's talent.

However, what puzzled Prince Qilin was that the emperor rank arrogance was extremely rare, at least in Heiyu Continent, it was not so easy to appear, but the person in front of him, he had never heard of it before, made him quite puzzled. .

What is the origin of this person?

Not only him, but the other Tianjiao powerhouses were also shocked and suspicious. The Emperor Tianjiao was not a Chinese cabbage. Basically, even if he had never seen it before, he had at least heard of it.

How could someone suddenly pop out that they don't know at all?

eccentric!

"Kacha, Kacha, Kacha..."

When everyone was puzzled, they heard the sound of broken bones. Under the crush of Qin Chen's invisible hand, the bones of Ming Ye Shizi's whole body were broken.

Suddenly, Ming Ye Shizi's blood stained the earth, and his body was disintegrating little by little. At this moment, Ming Ye Shizi felt that death was so close to him, and the \*\*\*\* of death was close at hand, right in front of him.

"His Royal Highness Prince Kirin, save me."

At this moment, Ming Ye Shizi finally panicked, no longer caring about his appearance and posture, and turned to Prince Qilin for help in horror.

Prince Kirin frowned.

He glanced at the lady Sikong and winked at the old Mo who was beside her.

After all, this Ming Ye Shizi was bewitched secretly by him, so he naturally couldn't help but save, otherwise in the eyes of Sikong Zun, he would lose a lot of points.

Mo Laoxin understood, and immediately took a step forward, and said solemnly: "Young people, you have to forgive and forgive others. Now the Royal Highness Sikong is present, this is not a place to kill, let the Ming Ye Shizi go."

He looked indifferent and said to Qin Chen with the attitude of a senior. "It's not the place of killing?" Qin Chen smiled and looked around: "How do you think this is a good place to bury bones? You see, this place can overlook the dark ancestral land and the scenery is excellent, if it is If you are interested, you can

How about satisfying his wish and letting him bury his bones here and enjoy the dignity? "

Qin Chen said with a smile.

Everyone was a little surprised.

Is this kid crazy?

This is Mo Lao, a veteran Tianzun powerhouse, with extraordinary cultivation.

Even if Qin Chen defeated Ming Ye Shizi before, Ming Ye Shizi was only the king's arrogance, burning his soul, and exploded with Tianzun level combat power.

In terms of strength, Elder Mo was more than ten times stronger than that of Ming Ye Shi Zi. Even if it was an ordinary Celestial Venerable, Elder Mo could kill him. This guy is so arrogant in front of Elder Mo, I'm afraid it's a bit too much.

"Your Excellency is a bit arrogant?" Old Mo frowned.

In his capacity, even Prince Qilin had to sell him face.

Of course, in fact, he has some origins with the Kylin God, so he will speak for the Kylin Prince over and over again and speak for the Kylin Prince. Everything is because he once received the favor of the ancestor of the Kylin God Kingdom.

"Arrogant, haven't you seen the truly arrogant?"

Qin Chen smiled, looking at Ming Ye Shizi casually.

With a click, bursts of bone fragmentation sounded. Under Qin Chen's gaze, Ming Ye Shizi's bones were constantly being crushed, and the whole person was like a pool of mud.

"His Royal Highness, Elder Mo, save me..."

At this moment, Ming Ye Shizi was really scared, life and death were between the thoughts of others, what a terrifying thing that was, he could not help screaming.

He is the king's Tianjiao, the eldest son of the Mingye family, and he has a good future and does not want to die. However, with a chuckle, Ming Ye Shizi just wanted to scream for help, but he didn't even have time to scream, and instantly turned into a blood mist. With a look in Qin Chen's eyes, he directly squeezed his body directly with an invisible big hand, and the whole person Squeezed into blood mist, corpse

There is no bone.

The body was shattered, and a soul of Ming Ye Shizi rose up.

"No... please let me go, I'm wrong..."

Ming Ye Shizi said in horror, but Qin Chen raised his hand and made a bang. He didn't give him a chance to speak at all, and directly destroyed his soul and disappeared in smoke.

When he raised his hand, the power of the billowing dark origin and soul was instantly converged by Qin Chen.

"you..."

Such a scene stunned everyone present.

Elder Mo who was on the side also opened his eyes wide, unbelievable, because he had never expected that Qin Chen would actually do it.

He didn't even have time to rescue him, Ming Ye Shizi had been pinched to death alive, and his soul was scattered. This made Mo Lao only watch Ming Ye Shizi die tragically on the spot.

And it's in front of the female Sikong.

"You... are so bold..."

Old Mo was furious.

Qin Chen's actions made his face dull, and Ming Ye Shizi asked him for help before he died, but he failed to save Ming Ye Shizi. This is equivalent to Qin Chen challenging his authority!

"Boy, you are so mad, you dare to kill innocent people in front of the female palace of Sikong Zun!"

Mo Lao was instantly gushing out of Heavenly Venerable Qi, his aura was overwhelming, his eyes screamed, revealing his murderous intent. To be provoked by Qin Chen's authority in front of everyone is unbearable for Mo Lao. What's more, he is a mid-term Tianzun, a veteran Tianzun master, who is in Heiyu Continent, who has he been afraid of!

### [Chapter 4672: Void God Run](#)

"Killing innocents indiscriminately? It's just a clown who wants to kill himself. How can I talk about killing innocents indiscriminately?"

Qin Chen brushed his hand, as if it was not a genius at all that had been killed, but an insignificant ordinary person, completely indifferent.

Qin Chen said faintly: "Furthermore, even if this young master is killing innocent people, what can you do to me?"

Mo Lao, who was full of anger, was so provoked by Qin Chen, his anger went up to the sky and his murderous intent was blazing.

"Good boy, arrogant, too arrogant, looking for death!"

Elder Mo couldn't hold back anymore, and he pointed directly at Qin Chen with his big hand.

Boom!

I saw in the void, a huge palm stunned the world. As soon as this palm appeared, the dark aura above the Heavenly Tongtian Peak was aroused, and even the power in this dark ancestral land was shocked and swept away. Come.

Hum!

Everyone just felt that countless dark auras exploded in front of them, as if they were in the abyss of purgatory.

Mo Lao is like the same demon god, standing proudly in the sky. At this moment, in the world, only Mo Lao is left, blooming with endless divine power.

This blow was terrible, the chaotic aura ups and downs, the eternal surging, and in one move, the world and the stars were trembling.

"too strong."

Countless people are shocked, and I have to say that Mo Lao is the top powerhouse among the many Tianjiao Tianzun present. Except for a few people like Prince Qilin and Zunzi Sikong who may be better than him, he is already among the many powerhouses present. The top one.

"stop."

Facing Mo Lao's attack, Fei yelled vigorously, and tried to stop Mo Lao's shot. However, Mo Lao ignored Fei Ei at all, just a shock, a bang, Fei Ei was shaken back, he was just a small team leader, compared to some kings and Tianjiao naturally belong to the strong, but in the face of old brands such as Mo Lao Heiyu Continent Tianzun

When the master is a master, it is naturally at a disadvantage.

"grown ups."

Fei Elian looked at Qin Chen anxiously.

If the emperor's envoy fell here, he would definitely bear the blame, for fear that the entire Sagong Holy Land would suffer disaster.

Therefore, after speaking anxiously to Qin Chen, Fei Ye hurriedly looked at the female Sikong Zun, because now only the female Sikong Zun could stop Mo.

Seeing Feiye's anxious, nervous and complicated eyes, Zun Sikong's heart moved, she stepped forward slightly, and was about to stand up and say please for Qin Chen.

But before she could speak, she suddenly caught a glimpse of Qin Chen, who had been sitting there calmly. Even at this time, Qin Chen still didn't stand up, just sat there lightly, the clouds were clear and clear.

This shocked her heart, thoughtfully, stopped her footsteps, and watched quietly.

With a bang, with such a pause, Mo Lao's palm has already fallen.

"Go to hell."

Old Mo roared, this palm seemed to be able to crush the sky and extinguish the eternity. In an instant, Qin Chen was held in the center, and even the Divine Phoenix Fairy, Tianhe Saint Child and others around Qin Chen were all enveloped. inside.

With a bang, an attack that was so tyrannical as to an ocean, annihilated everything in an instant.

"do you died?"

Everyone at the scene opened their eyes wide and looked nervously towards the cliff. The endless dark aura annihilated everything. The next moment, everyone's expressions were frozen, and the giant dark palm that Mo Lao transformed was imprisoned several meters away from Qin Chen, suspended in the air, as if by Some invisible force

Blocked the general, but did not crash down at all. And below, Fairy Divine Phoenix and others were shocked in cold sweats, and their faces turned pale, thinking that their souls were out of the sky, but

now when they raised their heads, they discovered that Mo Lao's attack was just floating above their heads, and they had never been right. They cause

The slightest harm.

All of them seemed to be imprisoned by a special spatial force, no matter how old Mo took his actions, they couldn't penetrate in.

"This is impossible!"

Old Mo looked furious and unbelievable.

The shock in his heart was almost ten times stronger than that of Fairy Divine Phoenix and the others.

He is a veteran Tianzun strong, even if the opponent is a royal-level Tianjiao, it is impossible to block his attack with such a big support. After all, Tianjiao is only a Tianjiao, and it takes time to grow up. How can he resist his attack?

However, the facts are the facts, everything in front of him indicated that his attack did not bring any damage to the opponent at all.

"Go to hell."

Old Mo yelled, hum, his body glowed, and mysterious runes bloomed, and the black runes formed a vast array, which instantly blessed him.

"This is... Void God Rune, the legendary top rune."

"Unexpectedly, Elder Mo has mastered part of the Void God Rune, which is amazing."

"This pattern is ubiquitous and pervasive. It can evolve into the void. It is an existence in ancient legends. However, the requirements for urging are very high. If you are not careful, it will lead to the collapse of the soul. This is a real anger. ."

Many Tianjiao powerhouses around saw the dark runes displayed by Moro, all of them were shocked.

This rune is very deep, very mysterious, and very famous.

"Boom!"

The billowing power, blessed on Mo Lao's body, is really soaring to the sky, as if to annihilate the heavens and the earth.

I heard a bang, when this rune blessed on the giant palm, a terrible impact swept out, and with a click, there was a faint cracking sound from the void, as if it was about to be hit by this blow. Generally collapsed.

Under this shock, many Tianjiao experts around him backed back again and again, unable to withstand such a force.

However, it was still useless. Mo Lao's attacks came down layer by layer, but it seemed that he was blocked by the sky and couldn't fall at all.

No matter how old Mo took his shots, Qin Chen sat there all the time, like an immobile \*\*\*\* king.

This time, everyone was completely shocked, and endless fear emerged in their hearts.

Terrible, terrible.

A strong man like Elder Mo can be considered top-notch among the many masters present, but as strong as Elder Mo, even Qin Chen's attack can't be blasted, so people are not shocked, and they are almost crazy.

"Void \*\*\*\* pattern, kind of interesting."

Qin Chen sat there in full view, with a smile on his mouth, very relaxed and freehand.

His gaze fell on the \*\*\*\* pattern, and it seemed that only the \*\*\*\* pattern rune could make him interested. As for Old Mo himself, he didn't even have the desire to look at it.

"Are you so supernatural and capable? It's too disappointing, right?" Qin Chen shook his head and sighed slightly.

His eyes seemed to be extremely disappointed. "You said you, a good Tianzun, but you are going to lick the \*\*\*\* of an animal offspring, you really lose your face, why bother." Qin Chen shook his head and said.

#### [Chapter 4673: Withered old man](#)

When such words came out, everyone was stunned.

Who is Qin Chen talking about?

Prince Kirin?

Comparing the Kylin prince of the Kylin Kingdom to the offspring of a beast, then he cursed, isn't it the founder of the Kylin Kingdom, the supreme master of the Kylin Kingdom?

hiss!

At this moment, everyone was going crazy, their bodies trembling involuntarily.

This kid is madly boundless.

Does he know what he is talking about? This is a serious crime to exterminate the race.

Prince Kirin's pupils shrank, and he could no longer remain calm. In the depths of his pupils, an astonishing killing intent passed by. However, Qin Chen didn't seem to care at all about the surrounding atmosphere. He just looked at the Void Divine Mark at random, and said indifferently as he felt: "Are you able to bear this? Is there any means to show it, or else you will have a meeting." But there is no chance

Up. "

Although Qin Chen was talking to Mo Lao, he didn't even look at Mo Lao, as if the place where Mo Lao was was just a cloud of air.

And it was this kind of ignorance and contempt that emanated from his bones that made Old Mo's more and more angry.

He is a strong, dark clan, when has he been insulted like this? Old Mo was pale with anger by these words. He shouted, and the billowing dark aura rushed into the sky. A broken sword stele appeared in his body. When the broken sword stele rose to the sky, it instantly turned into a giant mountain. Huge, this is mo

The strongest treasure of the old-Sword Devouring Stele!

This sword-devouring stele was obtained from a forbidden area in the Dark Ancestral Land. It was a divine weapon of a certain dark ancestor of the ancient dark clan, but it was broken and was soaked by the power of darkness to form a sword stele.

This is his real hole card.

With a loud "boom", I saw that the broken sword-biting stele actually appeared in the world, as if there were demon gods living in it, and the magic light appeared in the sword-biting stele!

"Sword Devouring Stele!" When a strong man saw Mo Lao Shi exhibiting the Sword Devouring Stele, he said with emotion: "Mo Lao unexpectedly displayed all the Sword Devouring Stele. Legend has it that this Sword Devouring Stele is a certain supreme. The ancestor's magical soldiers fought in this universe and swallowed many of them.

The life of a cosmic powerhouse, it is said that this sword-biting stele can suppress the supreme powerhouse, even if it is now broken, it is by no means an ordinary Tianzun can resist! "

Many people were shocked, but felt that their souls were severely suppressed.

Because the origin of this sword-biting stele is very large, it is really terrifying, and the world evolved from the sword stele can even vaguely see countless corpse mountains and blood seas.

Rumor has it that countless masters have been beheaded in this universe.

"Smelly boy, die!"

Elder Mo roared, his sword-devouring monument was like an ancient monument covering the entire Tongtian peak. With one shot of the sword-devouring monument, it turned out to be the roar of thousands of stars, and one monument was carrying the power of countless dark stars. , Smashed towards Qin Chen.

Such an overbearing treasure was photographed, and the roar continued, and the void was smashed into pieces. If the monument was photographed, if the Tongtian Peak had no power to protect it, it would be possible to smash the entire Tongtian Peak into pieces!

"Too strong!"

Seeing that Mo Lao's Sword Devouring Stele was photographed, many people were moved by it, and they all stepped back, away from Mo Lao, so as not to harm the pond fish.

I saw the soul and blood burning in Mo Lao's body, because this Sword Devouring Stele was too powerful. With Mo Lao's cultivation base, only by burning himself can it be activated.

This is an evil weapon that can devour the blood and soul of the user.

With a loud "bang", the huge sword-devouring monument slammed Qin Chen, and the moment the huge sword-devouring monument was about to be photographed on Qin Chen...

With a buzzing sound, suddenly a black light flashed, and a Heavenly Venerable suddenly appeared beside Qin Chen, with a pitch-black withered staff in his right hand, blasting towards Qin Chen violently.

"Withered old man!"

"How did he do it."

The crowd exclaimed again, their eyes widening.

Withered Old Man is a well-known master in Heiyu Continent. He has always been based on sneak attacks. There are countless masters who have died under his sneak attacks.

In terms of strength, this old man is weaker than Mo, but in terms of fame, he is much stronger than Mo.

Because, the old man behaved perversely, has always been extremely arrogant, notorious, and the masters he has sneaked on are countless, it can be regarded as a piece of stinky shit, and many people don't bother to get along with him.

Moreover, there has always been no connection between Old Mo and the old man. Why did the old man suddenly make a move when Mr. Mo made a move?

Many people moved in their hearts, seeing Prince Kylin thoughtfully.

It is rumored that there are some connections between the old man and the Kylin Kingdom. Could it be that they were also instigated by the Prince Kylin?

This is not impossible!

Prince Kirin must this kid die?

Originally, when Elder Mo showed the sword-devouring stele, everyone was already very shocked. Unexpectedly, even the old man had also shot at this time. Isn't the Prince Qilin afraid of being rejected by the female Sikong?

After all, the two masters sneaked into a young junior, and they were not very glorious when they said it.

However, everyone's heart moved, and it was astonishing. As long as Prince Kirin did not admit that the other party had a relationship with him, then who could be sure that this old man and Elder Mo had been instigated by Prince Kirin to attack that kid?

Between everyone's thoughts and reveries.

The withered old man appeared behind Qin Chen, and on the pitch-black withered staff in his hand, a pitch-black rune emerged, and it slammed into Qin Chen's back.

"Be careful." Feiye was shocked, and hurriedly exclaimed.

Fairy Divine Phoenix was also scared to death, screaming, but the opponent's speed was too fast, and the aura was too terrifying, they couldn't help Qin Chen even if they wanted to help Qin Chen.

If they dare to step forward to stop them, even a breath escaping from the other party can easily annihilate them.

However, at the critical moment, Fairy Divine Phoenix gritted his teeth and rushed up and stopped at Withered Staff.

Because she knew that once Qin Chen died, she would not be able to escape death, and if she could stop Qin Chen with that little bit, maybe Qin Chen would be able to withstand it.

But when she just approached the withered stick, the terrifying aura on the withered stick had already blasted her away, and with her cultivation base, she could not even get close to the withered stick to resist Qin Chen.

"This kid is dead!"

Seeing that Old Mo's sword-chewing stele was photographed on Qin Chen's head, and a dead old man suddenly attacked and killed him behind him, everyone thought that Qin Chen was dead.

With a "bang", at this moment, the Sword Devouring Stele was photographed, and the withered staff of the old man pierced Qin Chen's vest, which made the old man ecstatic in his heart.

Everyone thought that this time Qin Chen was dead, and Fairy Divine Phoenix was so scared that their faces turned pale and almost fainted. However, at this time, it was extremely silent. When everyone saw the scene in front of them clearly, their eyes opened wide, and they couldn't believe their eyes.

#### [Chapter 4674: Sword Devourer](#)

At this moment, I saw Qin Chen holding the Divine Phoenix Fairy in one hand, and with the other hand he took the Sword Devouring Stele easily. The heavy sword Devouring Stele was easily held by Qin Chen, and the old man was dead. The stick pierced him, he didn't even frown

a bit.

"Did you make dry stick tofu? Why don't you have any strength?" Qin Chen turned around, glanced at the dry old man, and said with a smile. The withered old man who was ecstatic was immediately frightened by Qin Chen. At this time, he realized that his withered staff hadn't pierced Qin Chen's body at all. When he was a little bit away from Qin Chen's body, he was completely invisible. Blocked

, it is impossible to make any progress at all.

How can it be?

At this moment, the old man finally experienced the panic that only Elder Mo could experience before.

On the other side, Elder Mo was also dumbfounded. He tried his best to hit the sword-devouring monument, but it was still blocked by Qin Chen.

This is the fame that the dark ancestors used to use, a treasure that can only be activated by burning himself?

It was so easily detained by the other party.

"Well, this treasure is a bit interesting."

Qin Chen held the Sword Devouring Tablet in one hand, and said with a chuckle.

It's just that no one can see the chill deep in Qin Chen's eyes, because Qin Chen felt the blood of the human race from this sword-biting stele, and the remnant thoughts of countless human races being suppressed. This sword-biting stele is indeed the dark treasure of a certain ancient powerful man of the Dark Clan, and the other party used this dark treasure to kill many human masters, so that hundreds of millions of years have passed, and the idea of the human strong is still the same. Not scattered, even turned into

Resentment.

This made Qin Chen's heart cold, and he looked at the old man coldly.

At this moment, the old man felt like he was being stared at by a giant beast, and from the depths of his soul, he felt endless horror.

"Damn it!"

The old man was so frightened that he was so scared that he turned around and wanted to escape.

"Want to go?"

Qin Chen sneered. At this moment, Qin Chen dragged the right hand of the Sword Devouring Tablet and started abruptly. With a buzzing sound, he stole Mo Lao's Sword Devouring Tablet over, as if he had lifted a door panel. The ground drew towards the withered old man who wanted to escape.

With a "bang", the old man was slapped like a fly by the huge sword-biting stele. The blood stained the ground, and the old man was shot on the ground.

"Sword Devouring Monument, come back!"

Old Mo screamed in anger, burning himself constantly, urging the dark aura, and wanted to recall his sword-devouring monument.

However, the Sword Devouring Stele in Qin Chen's hand only trembled, and then, a special aura burst out of Qin Chen's body. With a thud, it directly shredded the connection between Old Mo and the Sword Devouring Stele. .

"impossible!"

Old Mo was so frightened that his soul flew up. The Sword Devouring Stele is his life weapon. He has been refined with blood and nourished by life. It is impossible for outsiders to take it away, otherwise he

would not be able to use the current one. The cultivation base has urged the Sword Devouring Monument.

But now, his Sword Devouring Stele was taken away by the opponent at once. Could it be that the cultivation base of the person in front of him is more terrifying than him?

How is this possible?

"Is this your hole card? It disappoints me too much."

Qin Chenfeng lightly glanced at Mo Lao, seeming to be very disappointed with Mo Lao's attack.

"Since you have all your hole cards out, it's Ben's turn to make less shots."

Qin Chen chuckled lightly, and saw that he lifted the Sword Devouring Tablet in his hand and slapped it at that old Mo.

boom! Qin Chen just made such a random one, but when the Sword Devouring Stele was smashed out, the heavens and the earth shook, and the avenue roared, and countless Dao laws rushed up on the Tongtian Peak. The breath seemed to give the entire dark ancestral land. It's so explosive, it's too much Got.

At this moment, in the Dark Ancestral Land, a series of terrible laws were surging, covering the Tongtian Peak. This is the self-protection ability of the Dark Ancestral Land, and no one is allowed to destroy the environment here.

However, the power in this Sword Devouring Stele is still extremely terrifying.

When a monument hit, Old Mo felt the power of the sky and the earth. The power of this sword-biting monument can definitely crush the earth. It is many times stronger than the power that the sword-biting monument was in his hands before, and his life-burning eruption erupted. .

Qin Chen fanned the sword-splitting stele, as if hundreds of millions of dark stars were suppressed and could suppress the dead demon god, and the old man frightened his soul to fly.

Old Mo roared wildly, and countless weapons suddenly appeared in his body. These weapons were available at all levels and were his last treasure.

In the face of life and death, he didn't care so much, and sacrificed all his treasures in one breath, trying to be able to withstand Qin Chen's attack and protect himself. He heard a loud "bang", and the dark stars above the nine heavens swayed for it. Under this blow, it seemed that even the heavens were shaken. Under the blow of the sword monument, all of Mo Lao's was shattered. Treasure, such a terrifyingly powerful sword-biting monument, collapsed

After all, even if Mr. Mo had activated all of his own treasures, he couldn't stand a blow at all.

With a bang, Mo Lao's whole body was shocked, he spouted blood, and fell heavily to the ground.

His face was pale. Under this blow, if there were not so many treasures to protect and defend, I am afraid that he had been photographed into a blood mist.

Elder Mo was frightened and frightened at this time. He understood that he had provoked a master. He didn't dare to think too much, turned around and fled, trying to flee here.

Mo Laogang fled, Qin Chen lifted his right hand in an instant, Mo Lao only felt the void in front of him suddenly solidified, and with a bang, he hit the void heavily, instantly dizzy, and fell heavily to the ground again.

"Want to leave, have you ever asked Ben Shao?"

Qin Chen said lightly, "Didn't you still want to kill me just now? Where is your prestige?"

Qin Chen said slowly, but his voice was very cold, as if death was coming. "

Old Mo's face was pale, and he yelled anxiously, "This friend, listen to me..."

However, Qin Chen didn't bother to listen to his long-winded words. The sword-devouring monument in his hand was photographed directly again, and the huge sword-devouring monument turned into a stream of light and fell fiercely.

Old Mo's face was pale, he turned around and fled. He did not hesitate to burn his life to speed up and escape, but his speed couldn't be faster than Qin Chen's shot.

"His Royal Highness, save me..."

Old Mo shouted in horror at the Prince Qilin in the distance.

With a "pop", but only half of what he said, the Sword Devouring Tablet had already slapped him severely. Old Mo's end was worse than that of the withered old man. Such a terrifying sword-devouring monument slammed on him solidly, smashing him directly into blood mist, without even the bones falling.

#### [Chapter 4675: Qilin Divine Blood](#)

With a buzzing sound, an inexplicable force surged in the Sword Devouring Stele, and at the same time, Mo Lao's soul was directly swallowed, turned into a ghost and dissipated.

This scene made everyone look pale, and almost everyone on the court looked terrified.

In terms of strength, almost 90% of the Tianjiao masters present at the scene were not as powerful as Old Old Man and Old Mo. Now even Old Old Man and Mo Old have fallen to such an end, Qin Chen's fierceness can be imagined.

As for the remaining powers and masters at the same level as Mo Lao, although their strength is not weaker than Mo Lao, some are even higher than Mo Lao.

However, you must know that with Mo Lao's strength, it was almost like an ant in Qin Chen's hands, and he was wiped out all at once.

Even if they are stronger than Mo Lao, they are still limited, so how can they be Qin Chen's opponent?

This group of people all gasped with fright, their backs couldn't help but get chills, and the guy in front of him was a bit too fierce, slapped Mo Lao to death like slapped a fly, how cruel it is.

"What on earth is he coming from? Was he born in a certain supreme divine kingdom, a great sect? Or, he came from a sacred place in Heiyu Continent?"

Someone couldn't help but tremblingly said.

Such a young, powerful but so fierce top tianjiao should not be unknown in this Heiyu Continent.

A strong man who is very familiar with Heiyu Continent shook his head and said: "The Sigong Holy Land is the Sigong Sovereign Female. The Linyuan Saint Son of the Linyuan Sacred Gate is not in Heiyu Continent. As for the Shimark Emperor's Son of the Shihen Emperor, everyone I've heard it, not the one in front of me."

At this time, Qin Chenfeng lightly put the sword-chewing stele horizontally in front of him, and said coldly: "You dare to do something with this kind of trash. Are you tired of your life?"

His gaze glanced at everyone present, and every Tianjiao powerhouse he was watching couldn't help turning his head, as if shocked by Qin Chen's eyes, he didn't dare to look closely.

In the end, Qin Chen's eyes fell on Prince Qilin: "You, get out."

Qin Chen said calmly, his tone indifferent, but with unquestionable authority.

Hearing this, everyone present couldn't help but suddenly startled, and suddenly looked towards Prince Qilin.

Is this guy going to use His Royal Highness Prince Kirin to have an operation?

He saw Prince Qilin squinting his eyes, his face was gloomy, but he didn't say a word.

Qin Chen squinted his eyes and said faintly: "Is it not clear to this young master? The previous two shots were instigated by your Excellency. Why, if you have the guts to do it, you have the guts to admit it?"

"Get out, kneel and kowtow in front of the young master to admit your mistakes. Under the great compassion of this young man, you may be able to spare your life. Otherwise, this young man will destroy your three souls and seven souls, so that you will never live beyond your life."

Qin Chen spoke indifferently, without anger.

Looking at Prince Qilin's eyes was like looking at a dead person.

boom!

Everyone was shaking in their hearts, and they looked at Prince Kirin.

This is directly called the Prince Kirin.

Will Prince Kirin challenge?

In fact, who is an idiot who can come here?

Naturally, I know that the previous shots by Ming Ye Shizi and Mo Lao must not be able to get rid of the relationship with Prince Qilin, and even the two shots are most likely directly instigated by Prince Qilin.

Qin Chen's approach to Prince Qilin was not a false accusation.

Aside, the female Sikongzun frowned slightly, but she did not speak, but looked at Prince Qilin.

Facing Prince Qilin, she naturally had some impressions that the ancestor of the kingdom of God where this person lived had come to Sagong Holy Land to make a marriage but was rejected by herself.

She yearned for the pinnacle of the avenue with all her heart, and could not tolerate the love of her children.

The eyes of the crowd were full, and under the gaze of the lady Sikong, Prince Qilin looked gloomy, walked out slowly, and coldly said: "Your Excellency is killing in front of the lady, arrogant and domineering, do you really think that no one can cure you?"

boom!

When the voice fell, the Qilin prince was filled with the divine light of the unicorn, and a terrifying aura burst out in an instant.

At this moment, between the heaven and the earth, a series of colorful divine lights surged, as if there were beasts roaring, immortal birds croaked, an emperor's coercion spread, and everyone present became short and it was difficult to breathe.

This caused many Tianjiao experts present to be slightly discolored, and their hearts palpitations.

Emperor Tianjiao, is this the Emperor Tianjiao?

Although everyone had predicted the strength of Prince Kirin for a long time, when Prince Kirin really bloomed his breath, everyone changed their colors.

"Just rely on you?" Qin Chen smiled lightly, his eyes were indifferent: "The most annoying young man in this life is that you are the insidious people who are obviously hostile to Ben young, but he does not act, but secretly encourages others to die. I want to find out the identity of Ben Shao through others, so why ridiculous. "

"Hmph, ranting, regardless of your Royal Highness, you kill Ming Ye Shizi, Old Man and Old Mo, and you can't escape the death penalty."

Prince Kirin's eyes were cold, and when the words fell, the divine light covered the sky, and the endless divine light instantly flooded the heavens and the earth. The rings of his gods opened, and each ring of the gods soared like a waterfall of stars, hanging down for nine days.

At this time, Prince Qilin was like a \*\*\*\* king above the nine heavens, stepping on auspicious feet, and the divine light of the unicorn blooming, and every ray of his breath seemed to crush the stars.

Ding Ding Ding!

The mere blooming of the breath caused many Tianjiao powerhouses present to retreat again and again.

"Is this the strength of the Emperor Tianjiao?"

"Hey, Prince Qilin is so young that he has already reached the realm of the mid-term peak Heavenly Venerable. I am afraid that he is only one step away from the late-term Heavenly Venerable, right?"

"It's worthy of being the emperor of the world. With the talent and cultivation of the Prince Qilin, I am afraid that within ten thousand years, the Kingdom of Qilin will have another supreme and powerful person."

After sensing the Qilin Prince's cultivation level, many people inhaled and were dumbfounded.

Although everyone respected Prince Qilin, it was only because he was a descendant of the Supreme Kingdom of God. In many people's minds, the true cultivation status is true. As a younger generation, Prince Qilin should not be as good as Mo Lao. of.

But when Prince Kirin really bloomed his breath, everyone could not help being shocked. At the age of Prince Kirin, he was already the peak of the mid-term Heavenly Sovereign.

this is too scary. It's no wonder that Prince Kylin can become the heir of the Kingdom of Kylin, and the Supreme Kylin of the Kingdom of Kylin will dare to go to Sagong Holy Land to propose marriage. With the cultivation of Prince Kylin as his accomplishments, he hopes to break through to the Supreme in the future is great, even almost certain.

thing.

And if he can enter the sacred place of Zuo Sikong and be cultivated by the sacred place of Sikong, his future will even have infinite possibilities.

boom!

At this moment, the divine light is blooming, and the blood is soaring.

The blood of the unicorn covers the sky and the sun.

"Pretending to be Xuanxu, just ants." Facing the pressure of Prince Qilin's breath, Qin Chen's eyes were indifferent. He just took the teacup in the hands of Fairy Divine Phoenix and took a sigh of relief.

#### [Chapter 4676: Sinful](#)

The defiant attitude made Prince Qilin's eyes cold.

"The presumptuous, sinful person, don't hesitate to confess the crime to Her Royal Highness Sikong Zun."

Although Prince Kylin looked gloomy, he did not lose his mind.

"Boom!" He shouted sharply, stepped forward, and the sky was shaken, followed by a roar. The whole world turned into a sea of flames, and the sacred mountains of flames erupted in the sky, spewing endless magma. This is simply a ruinous scene

Elephant.

Suddenly, the sky changed, an endless mountain of flames erupted, and the sky fire burned millions of miles of void, making people look at it.

"Oh my God, what is this jerk!"

"Is the unicorn sacred fire?"

Prince Kirin shocked the Quartet when he shot, and even many veteran powerhouses failed to recognize how unfamiliar he was. Such power shocked many people in their hearts.

boom!

Endless flames spewed towards Qin Chen.

"Kirin divine fire, refining sins."

Prince Kirin screamed, his pupils burst into flames, and the sky was annihilated, trying to devour Qin Chen.

"It's ridiculous, drive me!"

When the endless flame mountain erupted, Qin Chen gave a chuckle, and suddenly waved the Sword Devouring Tablet on the side. With a loud "boom", the void collapsed, and the overbearing sword energy overturned everything like a storm.

I saw that the sacred mountains of flames were overturned by the sword gas like a pillar of heaven, and the mountains of sacred flames were blown to pieces, and the scene was magnificent.

Especially when the sacred mountains of flames burst, it feels like the end is coming, and people can't help but feel embarrassed, almost thinking that the dark ancestral land will be destroyed under such a breath.

"Kill!" When the sacred mountains of flames exploded, the figure of Prince Qilin appeared from the endless flames, and he let out a long roar, like a long hiss of a unicorn, he stepped out in an instant, every step driving the avenue. The rhythm, it seems that heaven and earth are his

Every step beats mediocre.

Prince Kirin stepped out step by step, and the Great Avenue of Heaven and Earth surged with his rhythm, and the void was distorted like a wave.

Swish, Prince Kirin disappeared into the void, and his body blended into the avenue.

The next moment, Prince Kirin appeared, a unicorn rushed out, the unicorn stepped on all directions, and rushed in with a blazing divine light. The momentum was like a rainbow, and no one could stop it. It could smash the world and destroy the sun and moon.

The unicorn rushed, the divine light bloomed, and he stepped on all fours to Qin Chen, his prestige was shocked, even more frightening than the pressure of the sky above the nine heavens. Under the unicorn's feet, Qin Chen would be crushed at any time.

boom!

In the next moment, the Qilin's limbs stepped on Qin Chen's body instantly.

Kakaka, the void exploded, but Qin Chen's figure remained motionless, no matter how hard the Qilin Faxiang was, he couldn't step on it.

"This is impossible?"

Seeing this scene, everyone inhaled air-conditioning, and even Sikong Zun's pupils shrank. How terrible is the blow of the Qilin method evolved by the Prince Qilin? Under the blessing of Qilin Divine Light, although his cultivation is only the mid-term peak Celestial Venerable, the power of this blow has definitely surpassed the level of Prince Qilin and reached the late stage.

The realm of Tianzun.

This blow is enough to destroy the world and annihilate the eternity.

However, when facing Qin Chen, he couldn't step on it.

Such a scene completely shocked everyone.

"But so."

Qin Chen glanced at the Prince Qilin above, and suddenly swung the sword-biting monument in his hand, and he saw a terrifying sword light rising from the sky and the earth.

This sword light, completely black, containing hundreds of millions of kendo rules, directly destroyed the void and smashed the Prince Kirin severely.

Puffed out.

This huge unicorn that was enough to crush the mountains and rivers was directly torn apart under this sword, bursting with energy, and flew out in an instant.

boom!

The Qilin's form immediately collapsed. Amidst the endless roar, Prince Qilin appeared and looked at Qin Chen in disbelief.

"Kirin divine light."

Prince Qilin roared, and a thousand colorful lights wrapped around him.

This unicorn light was given to him by the unicorn supreme who created the unicorn kingdom, and contains unpredictable divine power.

The reason why Prince Qilin was able to block Qin Chen's attack before was also because of the divine light of Qilin.

The Qilin was surrounded by divine light, and the aura on the Qilin Prince's body skyrocketed several times in an instant.

Boom boom boom!

Prince Kirin stepped on his footsteps, and when his steps sounded, it was like the sound of a great road, affecting countless forces between heaven and earth.

In an instant, the world trembled, and countless people changed their colors.

However, Qin Chen's expression was still indifferent, as if from the beginning to the end, he had the calm appearance, and at the moment when Prince Qilin blasted him, he slammed the Sword Devouring Stele.

With a bang, he was still tall and tall, like the Prince Qilin of the God King, but he was stunned and flew out, opening his mouth to spout blood.

what?

Everyone present is going crazy.

Who is this kid? Strong as Prince Qilin, didn't even have the power to resist in Qin Chen's hands?

This...

It's surprising.

"What is the origin of this son?"

Many people looked at each other and could hardly believe their eyes.

"you..."

Prince Kirin was also furious, and hurriedly stood up.

However, with a wave of Qin Chen's big hand, the Sword Devouring Stele instantly turned into a heaven and earth mountain, which was suddenly suppressed on Prince Qilin.

"what!"

A series of profound and mysterious runes surged on the Sword Devouring Stele, firmly suppressing Prince Qilin. In this sword Devouring Stele, there was an inexplicable aura surging, and a phantom of the great world was looming.

In that big world, a sea of corpses appeared, and countless corpses of ten thousand races were piled up, extremely tragic.

With a strong killing intent, many Tianjiao strong faces turned pale and almost didn't vomit blood on the spot.

"Impossible, how could I fail? Beast, I want you to \*\*\*\* power."

At this time, Prince Qilin's complexion turned red, and when he was so suppressed in front of Sigong's daughter, the shame in his heart could no longer be suppressed, and he roared and shouted.

With an instant bang, at this moment, Prince Qilin released his blood, burning his own Qilin blood.

The billowing Qilin blood spewed out, and the Qilin blood spewed out by Prince Qilin rushed up into the sky like a waterfall.

Under such turbulent Qilin blood, the entire Tongtian Peak was roaring and roaring, as if it was about to explode.

"Boy, die!"

At this moment, Prince Kirin roared wildly, and a divine sword rushed out from the center of his eyebrows. With a clanging sound, in an instant, he shook the Sword Devouring Stele that suppressed him.

At the same time, he slashed out with a sword, and the divine sword sprayed a thin glow, slashing towards Qin Chen violently, slashing Qin Chen's killing with a single sword.

"Huh? Half-step supreme treasure?" Qin Chen just smiled when he saw the divine sword behind the endless Qilin's blood.

#### [Chapter 4677: Kylin Protector](#)

boom!

This divine sword contains supreme coercion, and under the urging of Prince Qilin, it blooms with an astonishing breath.

One sword cuts the sky, ten thousand swords destroy the universe.

This sword contained an extremely angry blow from Prince Qilin. He wanted to find his place and killed Qin Chen on the spot.

At this moment, Prince Kirin slashed out with a sword, and it was really a divine light, just like a divine spirit shot, and the breath was too terrifying.

You know, this divine sword in the hands of Prince Qilin is the ancestor of the kingdom of Qilin. It was personally given by Qilin Supreme. It carries the supreme power and is a half-step supreme treasure soldier. This kind of artifact is in the realm of Tianzun. , Is absolutely invincible.

The sword light gleamed, as if it had turned into a divine dragon, it could instantly smash everything in front of me, even the strongest thing would be shattered in front of this divine sword.

Therefore, seeing the divine power that this sword bloomed, many Tianjiao experts on the scene changed their faces. Under such divine power, few Tianjiao supreme present could afford it.

They couldn't help their legs become weak, and in an instant it seemed that their minds were about to be taken away by this sword, and they were torn to pieces.

However, when this sword came, Qin Chen had a calm expression, just picked up the sword-chewing tablet casually, and slapped it towards the divine sword.

In fact, this sword-splitting stele is the magic weapon of the supreme ancestor of the dark race who invaded this universe, and it is definitely a supreme-level treasure.

However, because too many masters of the ten thousand races were slaughtered, they were spotted by the top powerhouses of the ten thousand races, and the sword monument was broken with one blow, leaving only half of the sword monument.

And the owner of this sword monument fell to this dark ancestral land because of serious injuries, and turned into a supreme blood grave.

Therefore, when Qin Chen waved the Supreme Sword Devouring Stele, although it seemed light and flirty, it actually contained endless divine might.

With a loud boom, the divine sword spurred by Prince Kirin instantly slashed on the sword stele that Qin Chen had swung out. With a bang, the spark splashed, and Prince Kirin's divine sword seemed to have been cut the most in the world. The same above hard things.

Immediately after a bang, a terrible impact swept away, and the Prince Kirin flew out.

"hateful."

The Prince Kirin was furious, his eyes were red, and a mouthful of blood spurted out of his mouth, which spit out on the divine sword in front of him.

Roar!

The divine sword made a sound of dragon chants, really turned into a divine dragon, and rushed towards Qin Chen again.

"roll!"

When the dragon hit, Qin Chen didn't even look at it, but just waved it again. With a loud "bang", at this moment, the Sword Devouring Monument looked like an invisible ancient sacred mountain, and it was smashed out. The terrible runes and aura on the Sword Devouring Monument revived. It turned into the size of a star in an instant, and smashed it fiercely

At that time, it can destroy everything that is in front of it.

With a loud bang, I heard the scream of the dragon, and the spark splashed, and the dragon formed by the \*\*\*\* sword was instantly smashed to pieces by the stars formed by the sword stele.

With a sound of "clang", this divine sword was instantly smashed out by the invisible giant force from the control of Prince Kirin, and then nailed through the stone wall of Tongtian Peak, inserted into it, trembling violently, and uttered an astonishing whine. .

"you..."

Prince Qilin's body shook violently. With this blow, his body cracked through countless cracks, and blood rushed out, making a sound of anger. At the same time, there was also horror and amazement in his eyes.

However, before he could finish speaking, there was a loud "bang", and Prince Qilin was suddenly hit on the ground by an invisible force. Hearing the sound of "click", the ground sank and appeared. There were cracks.

An invisible giant hand did not know when to appear, and squeezed Prince Qilin on the ground fiercely.

With a "poof", Prince Kirin spewed blood, and at the same time heard the sound of "click" of broken bones, the whole person was stained red with blood, and the ground was also stained red.

"Stop, let go of His Royal Highness Prince Qilin." At this moment, an old deep cry sounded, with a thumping roar. I don't know when, an old man in a black robe appeared on this Tongtian Peak, this old man. Holding a sledgehammer in his hand, his cultivation is in the later stage of Tianzun realm.

"Your Excellency, you have to be forgiving and forgiving. There is no enemy of life and death. Why is the hostility so heavy? It is better to take a step back." As the black-robed old man spoke, the cultivation of the late Tianzun broke out in an instant, and all the late Tianzuns All the energy gathered on his hammer, and with one hammer, the galaxy burst into pieces, like a vast ocean pouring down, directly blasting towards the one who was still sitting there.

Qin Chen obviously wanted to save Prince Qilin from Qin Chen's hands by killing Qin Chen.

Prince Qilin, the descendant of the kingdom of Qilin, must not lose.

"Kirin Divine Kingdom and Divine Beast Protector!"

Seeing this old man who came in a sudden attack, many people took a breath and recognized the person.

This is a guardian of the Qilin Kingdom, a real powerhouse at the late Tianzun level.

Prince Qilin obviously didn't come alone, there was a strong man with a late-stage Tianzun realm cultivation beside him who was protecting him!

"Take a step back each? It's up to you?"

Qin Chen's eyes condensed, ridiculous, if he couldn't beat him, he would take a step back?

Moreover, the other party said to take a step back, but he made a crazy move towards him, wishing to kill him on the spot, how ridiculous.

"My lord, be careful, this person is the protector of the Qilin Kingdom of God."

But at this moment, Feiye on the side couldn't help but scream out in anger, and jumped up to resist Qin Chen.

He knows that he is not the opponent of the Qilin Divine Kingdom's protector, and even the opponent can kill him with a single blow. However, he must not watch the emperor's lord being seriously injured here, otherwise, the entire Sagong Holy Land is afraid that it will be destroyed. Suffer.

However, he hadn't waited for him to make a move.

With a "bang" sound, on the Sword Devouring Stele, a sky-shattering divine rainbow suddenly bloomed, and the heavenly sword aura suddenly slashed out, with a bang, the Sword Devouring Stele slashed out like a sacred mountain. The sledgehammer in the hands of this old man.

Then there was a "bang" sound, and the Sword Devouring Stele quickly expanded and turned into a mountain covering the sky, pulling the old man to the ground, instantly spraying blood everywhere.

"Bang, bang, bang!"

Before everyone had time to come back to their senses, Qin Chen controlled the Sword Devouring Tablet and smashed it down continuously, only to hear the sound of "clicks, clicks" of broken bones.

The guardian of the divine beast of the Kylin Kingdom didn't even have time to scream, so he was smashed to death. His whole person was smashed into a meatloaf, no, he was smashed into a pool of sludge. The stone wall was stained red.

With a bang, Qin Chen raised his hand from the origin and soul of the billowing late-stage Tianzun, directly converged, and disappeared. Suddenly, all the Tianjiao experts present opened their mouths wide, and they couldn't close together for a long time, and they were all shocked for a long time and couldn't recover.

#### [Chapter 4678: Turning the fighting into jade silk](#)

Is this a late-stage Tianzun powerhouse?

It was directly smashed into mud, this kind of scene made everyone's heart tremble and shocked.

Moreover, while killing the Kylin God Country Guardian, Qin Chen also suppressed such a worldly arrogant Qilin Prince.

Although Prince Kirin is only the Heavenly Venerable in the mid-term peak realm, in fact, with the strength of Prince Kirin, I am afraid that even the late Heavenly Venerable can fight.

What's more important is that the divine sword he just cast is a half-step supreme-level precious soldier.

But even so, the two masters combined, they were still vulnerable in front of Qin Chen, and the guardian of the Kingdom of God who came to rescue was suddenly shattered, without the power to resist, and was suddenly smashed into pieces. The meat mash.

This made everyone understand that, I was afraid that I had missed it. The guy in front of him was definitely not a \*\*\*\* of the emperor, but a monster of evildoers.

At this moment, many Tianjiao powerhouses present were all weakened, and the scene in front of them was really terrifying, and made people feel embarrassed!

Especially the master guardian of the Kylin Kingdom of God, a late-stage Tianzun-level expert died so unclearly, it was simply too wrong.

"you..."

Prince Qilin looked furious, gritted his teeth and roared, and tried to stand up at the same time. But before he bent up, he heard a "bang" sound. Prince Kirin was hit on the ground again by an invisible big hand, instantly as if thousands of stars were pressing on him. So he spit out again

blood.

But Qin Chen just glanced at Prince Qilin lightly.

This scene was really shocking. From the beginning to the end, Qin Chen didn't even move a finger. He just sat there quietly, but he instantly suppressed Prince Qilin unable to move.

Is this really the hand of the guy in front of you, not some peerless expert who is secretly helping to suppress it?

Many people are puzzled and frightened.

At this time, no matter it was, anyone wondered if Qin Chen in front of him was making a move, because such a method was too terrifying. At Qin Chen's age, it should be impossible to do such a thing.

No matter how enchanting it is.

Or, in this guy, there is actually a great ancestor living in his body, and he has taken him away?

What is shown to outsiders is just a body?

When everyone was thinking about it, even the female Sikong was surprised secretly, her beautiful eyes twinkling.

Because even with her identity and cultivation level, Qin Chen's true cultivation level was not seen, which simply broke her cognition.

"I am the prince of the unicorn. If you kill my people from the kingdom of the unicorn, will you not be afraid that my unicorn kingdom will wash away the frontiers in my anger?"

At this time, the suppressed Prince Kirin tried to struggle, but with a "bang", the invisible big hand easily suppressed him again, and could no longer move at all.

"Is the Kylin Kingdom very strong? You are the first to provoke me today. This young man just wants to sit here for a while, but you provoke Ben young again and again. Do you think you are seeking your own death?"

Qin Chen drank the tea in the cup in one sip and motioned to Fairy Divine Phoenix to fill up the tea.

Fairy Divine Phoenix was already shocked and couldn't describe her heart, her legs were soft, and at this moment, if Qin Chen opened her mouth to manipulate her at will, she would never dare to have any thoughts of resistance.

"You..." Prince Qilin took a deep breath, and after a long time, he vomited heavily: "Your Excellency, today, there was just a misunderstanding between you and me. This prince just wanted to seek justice for Mingye Shizi and others. Between you and me, I haven't settled yet

How about the death feuds that have turned around, how about stopping each other and turning the fighting into jade? "

At this moment, he became extremely calm in an instant. "With your strength, I am also a wise man. There is no need to completely tear my face with my Qilin Kingdom for the so-called indulgence. If you kill me, my Qilin Kingdom will never give up, and the ancestors will also be alarmed by then. , Even if you have

The strength to be able to fight against my Kylin Kingdom, but there is no need to die and break the net, right? "

Facing death, this Prince Kirin calmed down unexpectedly, talked freely, and analyzed for Qin Chen.

Although he was a prisoner, he actually recovered the demeanor he had lost before.

This made everyone present couldn't help but breathe in air-conditioning secretly.

Prince Kirin deserves to be Prince Kirin, and he is truly extraordinary.

In the face of crisis and death, it is impossible for ordinary people to quickly recognize the status quo and carry out self-help. Reconciliation and threats proceed at the same time.

Moreover, what Prince Kirin said is indeed reasonable.

With the strength displayed by Qin Chen now, no one believes that there is no powerful force behind him.

However, no matter how strong the forces behind Qin Chen are, Qilin Divine Kingdom is also the Supreme Divine Kingdom, which is no small matter.

Under the circumstances that can be reconciled, it is indeed irrational to confront a supreme kingdom for selfish desires.

"Oh, is it so?"

Qin Chen smiled: "Did you kill a guardian of the Kylin Kingdom before this young man?" "Ah." Prince Qilin sighed, "That was because he was reckless. Although it was to save me, he didn't speak properly. , But attacked and killed your lord and was defeated by your hand. That is also his fate. My Qilin Kingdom will definitely return to its glory.

burial. "

"However, since the prince has said that he wants to turn fighting into jade, he won't bother you for this matter."

"There are so many Tianjiao experts on this Tianjiao Peak. If you want to come, you don't have to worry that this prince will speak nothing."

"Moreover, even if the ancestor knew about this, since you let the prince go, the ancestor will not continue to trouble you because of the death of the protector."

Prince Kirin with blood on the corner of his mouth, lying on the ground, but trying to maintain his demeanor, became very calm.

"What do you think of this prince's proposal? Can you let the prince get up?"

Prince Kirin said in a deep voice, his eyes calm.

Many people are impressed by this attitude and attitude. Moreover, everyone believed in everything that Prince Qilin said. Even if the Supreme Qilin Kingdom learned about this, since Prince Qilin made a promise in front of everyone, and even his Royal Highness Sikong Zun is here, I am afraid that it must not be Will tear

committed to.

Although a later Tianzun protector is rare, it is still inferior to the reputation and majesty of Prince Qilin, the heir to the kingdom of Qilin.

"Well, it's a good proposal."

Qin Chen smiled and drank the tea in the cup.

"But, Ben Shao sees you a little upset. If you offend the Kylin Kingdom of God, you will be offended. Even if the so-called ancestor of the unicorn came to trouble Ben Shao, Ben Shao killed him, so why not worry."

As the voice fell, Qin Chen's eyes narrowed.

"what!"

It was seen that the prince Qilin who was lying there suddenly increased his pressure. Bang, blood was sprayed everywhere on his body, and the whole person screamed in pain. This scene stunned everyone present.

#### [Chapter 4679: Not to be violated](#)

Is this guy crazy? Prince Kirin had already talked about this, but he still refused to give up.

Is this going to kill Prince Kirin?

At this moment, everyone on the court was shocked, shocked, and horrified at the same time.

"You..." Prince Kirin's complexion instantly turned ugly, and he shouted sharply: "Stop, you dare to kill me, the ancestor will never let you go. In the future, he will return to slaughter your forces, and there will be no grass. ."

"Hehe, the young man is waiting for him."

Qin Chen chuckled lightly.

Hearing the sound of cracking bones, the bones of Prince Kirin shattered under the crush of the invisible big hand.

All of a sudden, Prince Kirin's blood stained the earth. In this instant, Prince Kirin felt that death was so close to him.

Seeing such a scene, Sikong Zun's face also changed.

She looked hesitant.

After all, the Kylin Kingdom where Prince Qilin is located can be regarded as the power of her Sagong Holy Land. At this time, as the heir of Sagong Holy Land, respected daughter, she needs to speak for Prince Qilin.

Not only she herself thought so, the eyes of all the Tianjiao powerhouses present also fell on Sikong Zun's body.

Because, at this moment, only Sikong Zunzi has such an identity and strength to stand up for Prince Qilin.

It's just that she didn't wait for the female Sikong to speak.

suddenly-

With a sound of "Boom!", at the critical moment of life and death, suddenly a wave of magic power raged, and a rune appeared in Prince Qilin's body. This rune appeared like a demon god.

The terrifying and incomparable magic power instantly crushed all directions, causing many powerhouses to tremble, and they suddenly understood that this was the supreme power!

Undoubtedly, this is the supreme ancestor of Qilin Divine Kingdom who planted a rune in his body in order to protect him, which could save his life in times of danger.

"Boom, boom, boom..."

A roar sounded, the sky shook, and the entire Tongtian Peak shook. At this moment, it was like a demon \*\*\*\* holding up the invisible big hand that suppressed Prince Qilin.

"Kirin Supreme!"

At this moment, everyone knew what this was all about, and they all understood that this was the way the ancestors of the Kylin Kingdom left him to protect him. Feeling the power of the Supreme, many Tianjiao powerhouses are in awe of it. This is the power of the Supreme, even if the Supreme does not come, but as a power in the dark clan, even a rune power of the Supreme can be easily done. Ground Crush them these arrogant powerhouses!

"Boy, die for me." Seeing that the power of the ancestor resisted Qin Chen's suppression for an instant, Prince Qilin roared, thinking that the opportunity was coming, he suddenly screamed, jumped up, boomed, and probed with his right hand. Out, the unicorn light blooms on his body, and the one and a half far away in an instant

The Bu Zhi Zun Divine Sword instantly fell into his hand and slashed out at Qin Chen.

At this moment, Prince Qilin was so powerful that he was so hideous, he did not retain his strength, his body with broken bones was burning, and he wanted to kill Qin Chen with a single blow.

He retrieved his own dignity, and only by killing Qin Chen could he regain his majesty and restore his image in the eyes of the female Sikong.

At this moment, he was burning his body, blood, and even soul. Under his hideous face, he buzzed with a sword sound, and the divine sword was like a dragon. He took Qin Chen with a sword and pierced Qin Chen's throat.

Prince Qilin fought to death with a sword, it was a supreme magical power. The terrifying power tore through all defenses and penetrated all obstacles, as fast as lightning, appeared in front of Qin Chen's throat without warning.

The previous reconciliation and the transformation of fighting into jade were all nonsense. With a "bang", Prince Kirin's spear was immediately blocked before it pierced Qin Chen's throat. Qin Chen stuck out his right hand, very casually, just grabbing the sword of Prince Kirin, letting Prince Kirin How to use force, that sword body

As if stuck, he didn't move.

"That's it?"

Qin Chen sneered, his eyes froze, his right hand slammed hard, and with a click, Prince Kirin's divine sword was so shocked that it screamed and flew out instantly, then Qin Chen's right hand volleyed into the air.

"Uh..."

Prince Qilin hadn't reacted yet, his neck had been stuck tightly by Qin Chen, and his whole body was suspended in the air by an invisible force.

Prince Kirin thought he could kill Qin Chen with a sneak attack, but he didn't expect that it wouldn't work at all. Now he was stuck in his neck, as if he was picking up a half-dead chicken, struggling with pain, and he would be pinched to death at any time. .

"His Royal Highness, save me..."

At this juncture of life and death, Prince Qilin couldn't help but yelled out of breath, and asked for help from the nearest female Sikong.

At this time, the female Sagong could not sit idly by. After all, Prince Qilin belonged to the subordinate force of Sagong Holy Land, and she could not die.

But when the female Sikong Zun wanted to speak, Qin Chen just looked at it with a faint look.

With such a faint look, Sikong Zun's heart trembled. This faint look represented absolute authority, and this look represented irreversibility!

Sigong Zun Nu was someone who had met a truly powerful man. When she saw this look, she knew what it meant.

She suddenly felt cold all over her body, and her whole person was like a falling ice cellar. This kind of look can only be possessed by a truly supreme being!

Not to be violated.

She has a feeling, if she speaks, then she might even die next.

A "click" sounded, and at this moment, Qin Chen gave a look, and Prince Qilin's neck was instantly pinched, and he cried out in despair.

He didn't even have a chance to resist, he was pinched to death like a bug!

With a bang, Prince Kirin's body instantly exploded, and the whole person's soul flew away, directly turning into smoke and dust.

"Who dares to kill my descendants."

An invisible roar suddenly resounded through the world, and it was the suspended rune, from which erupted endless anger and murderous intent.

This is beyond the far and endless void, Qilin Supreme sensed the fall of Prince Qilin and issued a terrifying roar.

"Kirin Supreme? Humph!"

Qin Chen sneered, looking at the power of the supreme rune that prevented his suppression, an invisible force crushed away again.

Boom boom boom!

There was a burst of noise, and the rune floating in the void trembled violently, unable to withstand Qin Chen's suppression.

With Qin Chen's current strength, even a dark supreme being right in front of him would have the power to fight, just a divine mind rune, how could he be able to withstand his divine might.

With a "pop", this rune shattered on the spot under Qin Chen's suppression, and the shattered rune emitted light, and a tall and supreme figure emerged in the light.

"Boom!" A shocking breath filled the sky instantly.

#### [Chapter 4680: Divine avatar](#)

At this moment, a terrifying supreme breath was dissipating madly.

A majestic and boundless tall figure, suspended in the sky and earth, bursting out of endless coercion from the body.

When this very tall figure emerged, there was a loud "bang", and the invincible divine might surged wildly, flooding the world like a vast ocean.

With a "bang", this towering figure directly supported the suppression of Qin Chen's invisible big hand.

"Kirin Supreme!"

"It's the idea of Qilin supreme coming."

Seeing this tall and supreme figure, everyone present screamed in horror and trembled all over.

Everyone knows that this is the supreme spirit of Qilin Supreme personally coming.

Although the deity of Qilin Supreme did not come in person, as the Supreme, a divine thought descends, such a power is so terrifying that it is indescribable.

This was the mount under the ancestors of the sacred land of Sikong, the pioneer of the Kylin Kingdom, and the powerhouse who opened up a piece of the Supreme Kingdom of God.

It is not an exaggeration to describe it as the world without boundaries.

It's not shocking how such a goddess came.

Suddenly, a supreme power that suffocated everyone filled the heavens and the earth, and the countless Tianjiao experts who were present in shock were unable to straighten their waists, and their bodies were frightened.

Such a strong person, even if it is just a thought clone, can suppress everyone in their presence.

"It's you, killing the descendants of this seat, and looking for death!"

boom!

Qilin supreme roared, this tall figure surging with endless divine light, like a demon \*\*\*\* descending majestically.

Boom boom boom.

The void of the entire Dark Ancestral Land is shaking, about to explode.

Beside Qin Chen, the three people, Fairy Divine Phoenix, Holy Child Tianhe, and Huaikong were already shaking in horror. They couldn't even stand firmly, their legs were weak, and endless fear emerged from their hearts.

"The supreme is a clone of himself, and he is also presumptuous in front of this young man."

Qin Chen didn't take it seriously. Facing the avatar of Qilin Supreme, he just smiled faintly and stared sharply.

Hum!

Qin Chen grabbed the Sword Devouring Tablet aside, and slammed it towards Qilin Supreme.

"boom!"

On the Sword Devouring Tablet, the terrifying aura soared, and instantly turned into a huge monument that stretched to the sky, like an invisible Primordial Demon Mountain slammed down, blasting down towards the Qilin Supreme.

"presumptuous."

Qilin Supreme roared, he never thought that when the boy in front of him faced him, he would dare to do something, regardless of his identity.

boom!

He slammed a punch, and the world suddenly changed color, as if the end was coming.

The terrifying storm swept away, causing countless Tianjiao powerhouses around to retreat one after another, showing shock and amazement.

Qilin Supreme's towering fist instantly slammed on the sword-biting monument.

There was a bang, and an unbelievable scene happened. Qilin Supreme's terrifying fist that could explode the dark stars unexpectedly exploded under the Heavenly Devouring Sword Stele that Qin Chen wielded. Shattered.

Clang.

In the next moment, everyone saw the boundless sword-devouring monument crashing down, instantly smashing the extremely tall figure of Qilin Supreme to the ground.

"Bang, bang, bang!"

In the blink of an eye, the huge Sword Devouring Monument resembled the Primordial Demon Mountain, smashed down fiercely again and again, and smashed into the Qilin Supreme figure frantically!

"Roar!"

When the tall and supreme figure of Qilin Supreme was smashed to the ground by the heavenly sword-devouring monument, Qilin Supreme was also angry.

"This is impossible?"

He was frightened, his eyes bursting with endless anger, a huge roar, booming, and the billowing unicorn in his body soared to the sky, roaring the stars in the endless void, trembling, as if about to fall. Down in general.

This huge roar is enough to roar the world and destroy the stars.

Imagine a supreme roar, what a terrifying thing this is, a roar can slaughter hundreds of millions of living beings, this is to make the warriors of nine days and ten places tremble.

When such a roar sounded, all the Tianjiao experts present turned pale, even those who were Tianzun experts trembled directly and couldn't stand still.

Bang bang bang!

Some Tianjiao who were not capable of Tianzun even knelt down on the spot, their bodies trembling.

The Qilin Supreme roared, the fierce Supreme power soared, and a roar sounded, the world shook, and the terrible power formed a storm, rushing to the sky, to bomb the sky of this dark ancestral land.

"too frightening."

"Is this the supreme power?"

"Just a mind clone can possess such magical powers. How strong is that Qilin Supreme Deity?"

"Kirin Supreme, the pioneer of the Kylin Kingdom, really extraordinary."

Seeing that such a terrifying power swept across, the Tianjiao experts and even the Tianzun masters present had the urge to escape. Such power was really terrifying.

"It's nothing more than the supreme divine mind, even the body clone is not counted, but a mind projection, I also want to fight against Ben Shao, I don't know whether to live or die!"

However, in the horror of the crowd, Qin Chen sitting there just sneered, hum, the light of his right hand bloomed, and the power of darkness burst out instantly.

He didn't use the power of the Dark King's blood, just the power of darkness transformed in his body, and the power surging out also suppressed the eternal sky.

With a loud bang, the overbearing and invincible power raged in an instant, as if a supreme demon made a shot himself.

The runes bloomed on the Sword Devouring Tablet, and the billowing sword aura soared into the sky, as if it had been completely revived.

Only heard a bang, under this sword, Qilin Supreme's body was directly split apart, and the supreme aura was like a bursting bank and flooding, dissipating crazily.

"what?"

Such a terrifying scene stunned everyone present.

"Bang, bang, bang..."

He heard roars, the Qilin Supreme roared frantically, trying to resist, but Qin Chen's Sword Devouring Tablet filled the world, like an instant recovery, as if an ancient dark ancestor was taking action.

This kind of power was too terrifying, Qilin Supreme couldn't resist it at all, and had no power to resist, and was knocked down on the Tongtian Peak in an instant.

A mind clone that is as strong as Qilin Supreme can only be beaten under Qin Chen's strength.

"boom..."

Finally, there was a loud noise, and then the sound of crushing was heard, and the body of Qilin Supreme was slashed down continuously on the sword-devouring monument, and finally shattered inch by inch, the whole figure shattered, and then turned into light and dissipated in the wind. .

"No!" In the cosmic sea far away from countless spaces, in a suspended dark world with no end, in a divine kingdom in the corner of that dark world, suddenly a retreat supreme rushed out.
