

Valkyrie 4691

[Chapter 4691: A slight improvement](#)

With a bang, the origin of this half-step supreme-level ruined blood tomb was directly and severely captured by Qin Chen in his hand.

Bang bang!

The origin of this ruined blood tomb was beating in Qin Chen's hands, exuding a majestic aura like a heart.

A large amount of dark origin power, like strips of blood-colored giant pythons, kept entwining out, enveloping Qin Chen, constantly tearing Qin Chen's body, as if to tear his body apart.

Bang bang bang!

The terrifying half-step supreme aura continued to dissipate, and the impact filled the world, like a wave of blood, spreading out, causing both the Sikong and the elderly to change their colors.

Such a scene stunned everyone present.

This...

It's incredible.

At this moment, Qin Chen was like a demon god, standing in the **** impact, no matter how terrifying the impact of this half-step supreme level was, he couldn't bring him the slightest harm.

The billowing blood-colored python-like aura continuously tore Qin Chen's body, but with Qin Chen's own defensive power, it could only continue to collapse.

"This guy..."

Not far away, Emperor Shihen inhaled air-conditioning, his face twitching.

Although, he also has the strength of Half-Step Supreme, he may not be afraid of this half-step Supreme Power.

However, the blood graves in this dark ancestral land are no small thing, and the buried ones are the top powerhouses of the dark clan back then.

Not afraid is not afraid. If he is Qin Chen, he will definitely not be able to sustain such a long time and calm in this terrifying impact.

"What the **** is this kid?"

Emperor Shihen was shocked and his face was ugly.

Aside, Sikong Zun and others were also quite shocked, Qin Chen's scene like a demon **** left an extremely strong impression in their hearts.

The dark clan, who admires the strong, and the towering figure of Qin Chen, gave the Sikong female a strong impact, and her whole body was indescribably hot.

"Half-step supreme source."

Facing the origin like a heart in his hand, Qin Chen's pupils contracted slightly. In this origin, he actually felt a faint vitality.

Could it be...

This dark tribe who once fell in ancient times has not fallen yet?

Such speculation made Qin Chen's heart suddenly startled.

Otherwise, how to explain that there is such a vitality in the origin of the Dark Race people who have been dead for hundreds of millions of years.

Although this vitality is extremely weak, Qin Chen controls the rules of death and can be regarded as half a person of the underworld. If such a vitality is allowed to survive, it will not be impossible to recover in the future.

And what shocked Qin Chen even more was that the origin of this fallen dark powerhouse also contained an extremely powerful force of heaven.

This power of the heavens, containing the slightest devilish energy, is obviously the power of the heavens of this demon world. In these hundreds of millions of years, it has been perfectly combined with the origin of this dark clan powerhouse, achieving the coexistence of the two, almost complete integration. To the point.

If this source is allowed to merge with heaven and earth, it will greatly improve the Heiyu Continent.

"What the **** do you want from this dark race?"

Qin Chen squinted his eyes.

Do you want to use this dark ancestral land to expand the Heiyu continent?

wrong.

Qin Chen shook his head. He vaguely felt that the intentions of the Dark Clan were not that simple.

At this moment, Qin Chen held this source of darkness, and a lot of things emerged in his heart.

next moment.

Qin Chen's face was cold, like an immortal rock, suddenly grasping the source of this darkness.

boom!

This dark origin, the size of a head, was squeezed and exploded by Qin Chen abruptly, and a **** origin aura splashed everywhere.

Close!

Qin Chen opened his mouth and breathed, like a long whale swallowing water, swallowing the power of the sky's origin crazily into his body.

"Mad, this guy is a mad."

Seeing Qin Chen devouring this blood-colored darkness source so directly, the senior female Sikong, the emperor Shihen and others not far away were going crazy.

Notice.

The origin of darkness is extremely bursting, especially the origin of this dark ancestral land powerhouse, although it has experienced countless years of ruining, it is still integrated with this heaven.

For countless years, all the masters of the Dark Clan have only dared to absorb a trace of the original insight while the blood graves are turning. No one has dared to swallow the entire source of darkness so directly.

Because once a strong person rushed into the ruins of the blood tomb, trying to directly swallow the origin of the ruins of the blood tomb, only a part of it was absorbed, and he burst and died on the spot.

Since then, no one has dared to swallow this source directly.

And now, Qin Chen broke the taboo and directly swallowed the source of darkness, and also directly swallowed the source of darkness in the blood tomb of the ruins. What is this not a lunatic?

With a bang, Qin Chen felt the power of the Dark Origin in his body soaring wildly. After entering Qin Chen's body, the Dark Origin raged wildly, still struggling desperately, and didn't want to be swallowed up by Qin Chen.

Qin Chen sneered at the corner of his mouth, his eyes were indifferent like an eagle, and the blood of the king of darkness in his body quietly circulated, and with a pop, this source of darkness that was still struggling in Qin Chen's body was directly refined.

The purest power among them was suddenly absorbed by Qin Chen, and then some of the remaining impurities were eliminated by Qin Chen.

The blood of the Dark King is unmatched.

boom!

In Qin Chen's body, a faint astonishing breath was slowly dissipating.

"This..."

Qin Chen was shocked. After absorbing this power, Qin Chen faintly felt that the power in his body had slowly increased.

How is this possible?

Qin Chen was excited.

Today, he has entered the realm of the Peak Heavenly Sovereign, faintly touching the Half-Step Sovereign, but he seems to be stuck in a bottleneck, and he has never been able to make this step.

If he can get a breakthrough with this, it will be a huge improvement for him.

Is it because of the half-step supreme source of this dark race?

He turned his head and suddenly looked at Emperor Shihen not far away.

Emperor Shihen and Yi Lao were stared at by Qin Chen, and their hearts were suddenly startled.

"No, let's go."

boom!

The two of them almost didn't hesitate, turned around and left, and disappeared in an instant.

by.

Such a lunatic directly swallowed the Half-Step Supreme Origin and succeeded.

Such a guy, how dare the two of them stay here more, they turned around in fright and ran away.

"Humph!"

Qin Chen smiled coldly, but did not take the initiative to take the initiative.

Although he is not afraid of the other party, he also knows that the Emperor Shihen is the descendant of the Emperor Shihen. The Qilin Supreme behind the Prince Qilin still has the means to stay. If he kills the Emperor Shihen, he will inevitably provoke the stone. The supreme powerhouse of Hendimen arrived. Before finding the Demon Soul Source Device, Qin Chen would naturally not expose himself easily.

[Chapter 4692: You swallow first](#)

Seeing the emperor Shihen and others leave, Qin Chen looked at the people of Divine Phoenix Fairy not far away.

Fairy Divine Phoenix and several people shone light all over, and obviously they have also benefited a lot from this half-step supreme breath.

However, in this place where the ruins of the **** graves, the cultivation base of the few people is still too weak.

"You guys, go back first." Qin Chen said lightly.

This ruined blood grave is not a place they can enter.

"Yes."

Fairy Divine Phoenix and the others hesitated, then said with a wry smile.

With their strength, if they are strong, they are afraid it will be dangerous.

just...

Fairy Divine Phoenix bit her lip lightly, her expression complicated.

At the beginning of the Dark Stone Terrace, she didn't even look at Qin Chen at all. If it were not for the dark sacred fruit in Qin Chen's hands, she would not choose to walk with Qin Chen.

Who ever thought that it didn't take long before Qin Chen had become an existence that she was far from able to climb.

"And you, go back too." Qin Chen turned and said to Feiye.

The strength of non-evil is still too weak.

Feiyao glanced at Qin Chen, then at the female Sikong, nodded.

Following Qin Chen's path, he had seen too much and felt deeply.

"My lord, I'll go back soon."

Nodded.

After speaking, a few people turned around and left.

"Not urgent."

Qin Chen stopped the Fei evil people suddenly.

Several people looked back.

"I have been with Ben Shao for so long, this is for you, you swallow it first."

Qin Chen raised his hand, swish, and the three dark sacred fruits instantly fell into the hands of the Divine Phoenix Fairy, Tianhe Saint Child, and Huaikong.

The trio showed a look of consternation, and then there was a hint of joy in their eyes. The next moment, the trio swallowed the dark sacred fruit without daring to hesitate.

boom!

A powerful dark rule permeated the three people's bodies. Under this dark sacred fruit, the power of the dark origin in the three people's body was slowly changing in an instant, as if there was a brand new transformation.

The Dark Sacred Fruit contains the Dark Clan and the rules of this universe, and absorbing the power in it is enough to give them a sense of the heavens of this universe.

At the same time, the Dark Sacred Fruit can also enhance their strength.

However, the origin contained in the Dark Sacred Fruit itself is not particularly powerful, it is just a kind of primer, a kind of primer that allows the Dark Race people to integrate this heaven, earth and heaven.

Therefore, although the aura on the bodies of Fairy Divine Phoenix has improved, the improvement is not that great.

"Thank you, sir."

Fairy Divine Phoenix saluted excitedly.

Just don't wait for their voice to fall.

The next moment, Qin Chen pointed out suddenly.

boom!

The four streams of light instantly entered the bodies of Fairy Divine Phoenix, Holy Child Tianhe, Huakong, and No Evil.

This is the half-step supreme source that Qin Chen got here. His dark king blood is very tricky and only swallows the purest part of the half-step supreme source.

As for the remaining dark source, it became an impurity and stayed in Qin Chen's body, and Qin Chen had a faint feeling for such a dark source if he absorbed it into his body, it would be harmful to his future practice.

Therefore, Qin Chen directly instilled this half-step supreme power into the bodies of the four Divine Phoenix Fairies.

There was a boom.

In the next moment, I felt the strength in the bodies of the three Divine Phoenix Fairies, suddenly rising, and a heart-palpitating breath burst out all over.

Seeing such a scene, the goddess Sikongzun looked shocked.

"Master, if you do this... it will make them unbearable. This is the origin of the half-step supreme level. A few of them, not even Tianzun..."

The expression on the female Sikong Zun was particularly shocked.

She could tell at a glance that Qin Chen was planning to infuse this half-step Supreme Origin directly into the bodies of the four Divine Phoenix Fairy, but how could this be possible?

How powerful is the half-step supreme source?

Not to mention that Fairy Divine Phoenix waited for a few ordinary arrogant talents, even she had to deal with it carefully, not dare to be careless, this kind of power even if it was one thousandth, it was enough to burst a few of Fairy Divine Phoenix instantly.

Sure enough, the faces of the people of Fairy Divine Phoenix were painful, and the terrifying half-step supreme power raged crazily in their bodies, as if they were about to explode.

"Stay steady!"

Qin Chen let out a low voice, his figure shook, and he suddenly appeared next to Fairy Divine Phoenix, raising his right hand, and a terrible dark aura was directly suppressed.

It is the power of the Dark King's blood.

However, now Qin Chen's control of the power of darkness has reached the point of being extremely thorough. This power of the blood of the Dark King has been very cleverly concealed by him, and it is as strong as the female Sikong, and cannot be perceived.

Under the suppression of the blood of the Dark King, the half-step supreme power of the riot in the four people was like a shivering ant, no longer daring to be presumptuous, and was quickly absorbed by the Fairy Divine Phoenix.

boom!

Just saw the power in the bodies of the people of the Divine Phoenix Fairy, madly skyrocketing.

The constant impact from the realm of Earthly Sovereign, after a short while, directly entered the realm of Heavenly Sovereign.

And, after entering the early stage of Tianzun, it is still improving.

Early peak.

Tianzun mid-term.

It has been close to the mid-term peak, and this has eased down.

But it was originally the non-evil of the Tianzun realm, and it improved even more.

boom!

The breath on his body was like a vast ocean, breaking through from the initial peak.

Mid-term.

Mid-term peak.

Late!

It wasn't until the later stage of Tianzun realm that this eased down, and it was only one step away from the later peak.

Wow!

The breath of the four of them calmed down, and an extremely terrifying breath surged.

Such a scene completely stunned the female Sikong.

How is this done?

In an instant, the Divine Phoenix Fairy had broken through several levels. This method was like turning his hands into clouds and covering his hands into rain, just like a god, stronger than a supreme like her father, I'm afraid it would be impossible to do it. ?

As for Fairy Divine Phoenix, they were even more shocked and unable to breathe.

Mid-term peak state.

hiss!

is this real?

Several people pinched themselves hard, as if dreaming.

At such an age, Qin Chen has raised their talents from ordinary Tianjiao to the imperial level in one fell swoop, saving them at least a thousand years of hard cultivation.

Not evil is also excited, the late Tianzun, with such strength, he is enough to serve as the captain of the sacred inspection envoy.

It's a change in the world and it's completely reborn. "Well, this young master has already raised the strength in your body to the extreme, and there is still part of the half-step supreme source remaining in your body. Next, you'd better seize the opportunity to consolidate your cultivation and fight for it. Will be left soon

The half-step supreme power refining, stepped into a new realm. "

Qin Chen said lightly.

"Thank you, my lord. From now on, I will look forward to it as an adult. As long as the adult gives an order, I will wait through the fire and water, and I will not hesitate."

Fairy Divine Phoenix trembled. At this moment, even if Qin Chen asked her directly, she was afraid that she would not refuse.

[Chapter 4693: Holy Land Gold Order](#)

"There is no need to go through fire and water, but I will also need some people to follow when I walk on the dark continent. If you achieve something in the future, you can follow me."

Qin Chen smiled.

Fairy Divine Phoenix and others suddenly showed excitement.

After so many experiences, they had already seen that Qin Chen's identity in the Dark Continent must be extraordinary.

With their talents, this will be the case in this life, but if they can follow Qin Chen, the future will definitely be no small thing.

Thinking of this, the people of Fairy Divine Phoenix couldn't help being excited.

"Of course, the premise is that you can achieve something, otherwise..."

Qin Chen smiled, then shook his head slightly.

Fairy Shenhuang and the others suddenly showed bitterness.

They already understood what Qin Chen meant.

That is, although they have now been promoted to the mid-term peak Tianzun realm, they are considered top masters in the family.

But for Qin Chen, they are still too weak, unless they can be promoted to a higher level, they are qualified to follow each other.

Think about it, even the Royal Highness Sikong Zun can only be the other's maid. Is there anything worth slackening in their cultivation?

For a time, several people could not help but gritted their teeth secretly. After returning, they immediately closed up and practiced. With their current cultivation base, combined with the half-step supreme source, if they concentrate on cultivation, they may not be unable to achieve success in the future.

Even becoming the supreme is not impossible.

The premise is sufficient resources.

Can their family...

Thinking of this, a few people couldn't help but feel bitter. Their family is not a top-notch big family in the Dark Continent. It is by no means an easy task to want enough resources for cultivation.

"My lord, goodbye!"

Fairy Shenhuang and the others arched their hands, turned around and left.

"Everyone, wait a minute."

At this moment, the lady Sikong suddenly spoke and stopped a few people.

But seeing the female Sikongzun smiled slightly, she suddenly raised her right hand, and a token quickly flew out of her hand and fell into Feiye's hand. "A few of them are all the proud and outstanding people of my Heiyu mainland. If you don't mind, it's not evil, you take this holy land golden order, and take a few to our Sagong Holy Land to entertain you as a top distinguished guest. I believe that Sagong Holy Land will never There will be the slightest negligence, I don't know

How many are you willing? "

The female Sikongzun smiled slightly.

Holy Land Gold Order? !

Fei evil looked at the token in his hand, showing a look of shock.

The Holy Land Golden Order is well-known. This order is the top token of Sagong Holy Land on the Heiyu Continent, issued by Lord Sagongzhen himself.

Anyone who possesses this order will become the worship of Sagong Holy Land and receive the highest level of cultivation.

Sikong respected woman, this is to help Fairy Divine Phoenix and others.

Fairy Divine Phoenix, aren't they worried about not having enough resources for cultivation?

As long as you enter the Sagong Holy Land with this token, you can enjoy the endless resource cultivation of Sagong Holy Land. What a temptation it is.

However, Facing the Holy Land Jinling, Fairy Divine Phoenix and the others were excited, but they did not agree to it for the first time, instead turning their heads to look at Qin Chen.

Without Qin Chen's order, would they dare to agree?

Seeing Fairy Divine Phoenix, the female Sikong looked hesitant, and couldn't help but smile at Qin Chen: "Master, you won't blame me for being reckless, right?"

Qin Chen smiled slightly and said, "Since it was the Sikong family's kindness, you can accept it."

How could he fail to see the purpose of Sigong Zun's daughter.

One is because the Divine Phoenix Fairy and several of them are their own followers, so that they can sell their own face. At the same time, they also want Sikong Holy Land to make friends with them through the Divine Phoenix Fairy.

Secondly, it was also because after the Divine Phoenix Fairy had improved their talents and cultivation base, they had already reached the level of the emperor, and even the top existence among the emperor's arrogance.

The future achievements of a few people to become a half-step supreme are certain. If they have enough resources, they can even enter a higher level.

If such a character can recruit for Sagong Holy Land, it can be regarded as a win over a few masters.

"Yes, my lord."

With Qin Chen's instructions, Fairy Divine Phoenix and the others agreed.

Immediately, several people shook their bodies and left the depths of the Xuhua Blood Tomb in an instant.

"Let's go."

After Fairy Divine Phoenix and the others left.

Qin Chen stepped forward and walked forward.

"Where shall we go?"

The female Sikong was puzzled.

"Follow Ben Shao you will know."

Qin Chen said with a faint smile, Boom, he blasted out a punch, and he suddenly blasted a punch toward the core vortex of this ruins of blood tomb.

With a boom, a dark whirlpool appeared in front of the two of them.

Qin Chen stepped out in one step, and instantly entered the whirlpool, disappearing.

When the female Sikong saw this scene, her face was shocked: "This..."

Qin Chen actually wanted to enter the depths of the Xuhua Blood Tomb, isn't this looking for death?

The depths of this ruined blood tomb is the most dangerous place in the dark ancestral land. Rumor has it that there is a certain connection between the ruined blood tombs. Once it enters its depths, it will disturb countless sleeping ancestors and suffer the dark ancestral land. In the attack of all the ruined blood graves.

This was her father personally told him.

Now, seeing that Qin Chen actually broke into the depths of this **** ruins, this made her change color in an instant.

"Fine, I can only keep up."

After hesitating, the female Sikong stomped her feet, without stopping too much, her figure shook, and after Qin Chen disappeared, she also slammed into the vortex of the Xuhua Blood Tomb.

boom!

The next moment, the figures of Sikong Zunnu and Qin Chen suddenly disappeared.

Xunhua blood tomb outside.

boom!

The endless aura burst out, and after Qin Chen swallowed the power of the half-step supreme source, the blood tomb that originally exuded the half-step supreme source aura of terror calmed down suddenly, and no energy escaped.

This caused everyone to stop and feel puzzled.

And when they doubted.

Whizzing.

The two figures suddenly flew out from the ruins of the blood tomb.

"It's Emperor Shihen and Elder Yi."

The appearance of the two immediately caused everyone to exclaim.

After Shihen Emperor and Yi Lao came out, they didn't stay in the slightest figure. Under a sway, they had dissipated into the void, as if there was something chasing them behind, extremely embarrassed, making everyone confused.

And a moment after the two left.

Whoosh whoosh...

Several figures appeared again.

"Aren't those Sikong Zunzi and the Divine Phoenix Fairy around that guy?"

The crowd exclaimed, and after feeling the breath of several people, their colors changed one by one.

Because Fairy Divine Phoenix and the others hadn't been in for a long time, they all became masters of the Heavenly Sovereign level, and they were also masters of the Heavenly Sovereign.

How can they not be shocked by such changes?

"go!"

Fairy Fei E and Divine Phoenix also ignored the people below, and suddenly disappeared with a sway.

Only a bunch of stunned Tianjiao and masters were left. Not long after Shihen Emperor and Yi Lao left here, Shihen Emperor suddenly punched out, with a bang, the void in front of them collapsed and turned into ashes.

[Chapter 4694: Interconnected](#)

The emperor Shihen angrily said: "The emperor has died of anger. This is the first time that the emperor has suffered such humiliation in so many years. If you kill him, the emperor must kill the boy."

Elder Yi hurriedly said, "My lord, don't act rashly. This person has extraordinary strength and mysterious identity. I am afraid it has some origins."

"Huh, what?"

Emperor Shihen squinted his eyes, and his whole body was murderous, "I am the Emperor Shihendimen, am I afraid of a kid from unknown origin?"

The emperor Shihen said coldly: "In the Dark Continent, the emperor would have to be afraid of the other party, but in this Heiyu Continent, this place is the territory of my Shihen emperor gate, how can you let the emperor swallow this breath? Go down."

The emperor Shihen suddenly turned his head: "Old Yi, you immediately notify all the strong in the emperor door and follow the orders of the emperor."

Old Yi's expression changed drastically, and he said anxiously, "Emperor, please stay calm and move afterwards."

This is the rhythm of big events.

"Don't worry, this emperor will not act rashly. I will personally inform my father about this matter. If there is any problem, I will ask my father to come forward in person."

"Notify the emperor?"

Old Yi's eyelids jumped wildly, "I will tell my father about these trivial things, isn't it..."

"Little things?"

Emperor Shihen sneered and looked at Elder Yi: "Do you think this is a trivial matter?"

Emperor Shihen squinted his eyes: "Don't forget, this time the Dark Ancestral Land and his party, my father had already ordered to investigate the truth of the Ancestral Land's changes and pay attention to the behavior of Sagong Holy Land. If there is any action, it will be reported as soon as possible. ."

"Nowadays, there is such a mysterious kid beside Sikong Zun. He has an extraordinary background and amazing strength. Don't you think you should tell your father?"

Elder Yi was taken aback: "Lord Emperor, do you mean that this dark ancestral land has something to do with that kid?"

"It's just a guess, but no matter what, Sagong Holy Land actually colluded with such a guy. How can you not tell your father about this kind of thing?"

Emperor Shihen's eyes were gloomy: "Heiyu Continent is related to the future of my Shihen Emperor. If I were to be ascended by Sagong Holy Land quickly, then I am afraid I will be a sinner."

"Subordinate, I understand."

Old Yi bowed in salute, his expression trembling.

The concealment of Lord Shihen Dizi is really deep, he looks like a dude on the surface, but he is deeply thinking about all the previous actions, I am afraid that he is testing the other party.

No wonder it is hailed as a Tianjiao who is expected to inherit the inheritance of the Emperor.

Thinking of this, Old Yi shook his body and immediately went to inform him.

The emperor Shihen turned his head to look at the place where the **** tomb was before, and said coldly: "Huh, kid, no matter who you are, the emperor dares to be arrogant in front of the emperor, then be prepared to wait for death."

After the words fell, Emperor Shihen's figure was suddenly hidden in the void.

At this moment, at the end of the **** grave.

There was a boom.

Qin Chen suddenly came to a place with a **** aura.

Behind him, a figure flashed by and fell down. It was the female Sikong.

"here it is..."

The female Sikong looked around in surprise.

What appeared before her eyes turned out to be a cave-like place. Around the cave, there were protruding red flesh walls, which made people feel very disgusting.

"where is this place?"

The female Sikong Zun sucked in a cold air.

Although her Sagong Holy Land is one of the masters of Heiyu Continent, it is the first time that she has come to the interior of this **** grave, and it is also the first time she has seen such a mysterious sight.

"You ask me, I want to ask you."

Qin Chen smiled and looked forward.

On the side of this flesh wall cave, there is a passage. This passage is not large, and can accommodate three people through, but I don't know where it leads to.

When Qin Chen plundered the dark origin of the half-step Supreme Blood Grave, he had sensed a special pulling force from the **** vortex, and seemed to be angry with Qin Chen swallowing the origin of the ruins of the blood tomb.

This led Qin Chen to take the initiative to come in.

"call out!"

Qin Chen's figure flickered, and she entered the passage first, and the female Sikong hurriedly followed.

This passage is extremely deep. After flying by for a while, Qin Chen once again entered a blood-colored cave with a swish.

"here it is?"

The blood-colored cave in front of us is very similar to the half-step supreme cave where they had swallowed the origin before. The only difference is that there is a blood-colored origin suspended in this cave. This blood-colored origin is exuding majestic breath.

"It's another half-step supreme blood grave origin."

Zun Sikong glanced at the familiar scene and was taken aback.

This place is obviously the core of another half-step Supreme Blood Tomb, and the floating blood color origin is exactly where the half-step Supreme Blood Grave originated.

What even shocked the female Sikong was that the blood-colored origin of this half-step supreme, like a heart, hung on the red flesh wall, beating.

Such a scene was so weird that the female Sikong was a little astonished.

Unexpectedly, the blood tombs in this dark ancestral land are actually connected underground.

"Half-step supreme source."

Seeing this origin, Qin Chen's eyes flashed, boom, and without a word, he grabbed the past with a palm.

"Master, this source hasn't been destroyed yet, you are like this..."

The female Sikong hurriedly spoke, and before she could finish her words, Qin Chen had already firmly grasped the source of darkness in his hands.

boom!

A powerful half-step supreme aura rushed out from it, surging fiercely towards Qin Chen.

Obviously he wanted to resist Qin Chen's capture.

But Qin Chen squeezed and banged his right hand. This half-step supreme source had already been squeezed directly by Qin Chen, and the power of the rolling source was instantly swallowed by Qin Chen.

Boom boom boom!

In Qin Chen's body, the billowing Half-Step Supreme Origin kept resisting.

But Qin Chen violently urged the Dark King's Blood in his body, and severely suppressed the surging Half-Step Supreme Origin, turning it into the power of the pure origin, which was directly refined by Qin Chen.

Hum!

Qin Chen instantly felt that the power of the dark origin in his body had improved a little, and even the aura of the blood of the dark king became more profound.

Although this source of darkness did not come from the Dark Royal Family, it could also improve the blood of the Dark King in Qin Chen's body.

However, Qin Chen did not swallow it alone either, he shed a trace of the original power, and instantly penetrated into the female Sikongzun.

The female Sikong Zun made a cry, and quickly pinched the formula with both hands to suppress this source of darkness and refine it into her body.

"how are you feeling?"

Qin Chen smiled and looked at the female Sikong.

The female Sikongzun was surprised, and she clearly felt that the origin in her body had improved a little.

Originally, she was already a half-step supreme level cultivation base, after absorbing this source, her half-step supreme cultivation base actually improved slightly. This was a huge surprise for her.

[Chapter 4695: not that simple](#)

It should be understood that it is extremely difficult to improve one's cultivation level at the level of Sikong Zunnu.

At the peak of Heavenly Sovereign, Half-Step Sovereign's cultivation base, it is difficult to truly break through simply using some geniuses.

It is necessary to realize some top-level origins.

And things like Half-Step Supreme Origin are the core strength of a Half-Step Supreme, even if the female Sagong comes from the Sagong Holy Land, it is by no means easy to obtain.

Therefore, she will come to this dark ancestral land.

The purpose is also to comprehend this ruined blood grave.

In the entire Heiyu Continent, only in this dark ancestral land can there be enough dark origins for them to perceive and absorb.

and.

The most important thing is that the dark origin in this dark ancestral land has already merged with the heavens of this heaven and earth. If they can absorb enough blood grave origin, they can easily perceive the origin of this universe and walk this universe.

However, the ruined blood tomb in the dark ancestral land is by no means so easy to absorb. It is as strong as the female Sikong who dare not rush into the depths of the blood tomb and directly devour the source.

But Qin Chen?

Not only did he directly break into the depths of the virtual blood grave and absorb the source of the blood tomb that had been ruined, but now he also swallowed the original source that has not yet been ruined.

Such a scene made Sikong Zunni not shocked.

"Master, you... how did you do this?"

Venerable Sikong looked at Qin Chen's eyes flashing, and she was a little surprised, "There are rumors that in the dark ancestral land, only the blood tomb of the ruins can dissipate power and be absorbed by everyone, but just now..."

She couldn't understand.

"Hehe, you said it too, it's just a rumor."

Qin Chen smiled and said: "All the blood tombs here are the strong men of my dark clan who have fallen, and their bodies are buried here. Over the years, they have transformed into pure origins in this dark ancestral land. Finally melted into the world."

"If I am not mistaken, the ruining of the blood grave is a process of power returning to heaven and earth."

Qin Chen looked up.

Although it was deep underground, Qin Chen's gaze seemed to see through the entire ground and saw the sky outside. Qin Chen said lightly: "The power returns to heaven and earth, it will become the original essence, so it can make the many dark people who guarded the blood tomb feel and absorb it, but it does not mean that the original source that has not been ruined cannot be absorbed. Anymore, as long as you can town

By suppressing the power in this source, it will naturally be refined. "

"Suppress the power in the source? Is it that simple?"

The female Sikong Zun whispered.

But soon, her eyes condensed and she shook her head slightly.

Do not!

It can never be that simple.

If it were that simple, then father would have done it a long time ago.

But even if his father had a palace in this dark ancestral land, he didn't do this. Obviously, it was definitely not as simple as Qin Chen said, and there was something she didn't know about it.

"Of course it's not that simple. Suppressing the source of darkness here is not something ordinary people can do. You have absorbed the power before, and you should understand the power of this source."

Qin Chen smiled and looked at the female Sikong Zun: "If I am not mistaken, your cultivation base should have just broken through from the pinnacle heaven to the half step supreme?"

His eyes were like two fiery rays of light, sweeping over the female Sikong.

For some reason, being watched by Qin Chen's gaze, the female Sikong was inexplicably agitated, as if she was being watched naked by the other party, and she had no secrets.

This feeling made her very unnatural, her skin was hot and her face flushed.

Qin Chen smiled: "Your current state is between the pinnacle of heaven and the half-step supreme. It is fine to call you the pinnacle of heaven, but it is not wrong to call the half-step supreme."

"You came to this dark ancestral land to consolidate your cultivation base, and the power of the source here can make your body's cultivation base consolidate at the fastest speed, and even step into a higher realm."

With a glance, Qin Chen could see the state of Sikong Zun's body.

The female Sikongzun was shaking in her heart, and she immediately bowed to Qin Chen: "Young Master really has a good eye."

As Qin Chen said, she is now between the pinnacle Heavenly Sovereign and Half-Step Sovereign, and she has entered the realm of Half-Step Sovereign, but her cultivation has not been fully consolidated.

And the origin in this dark ancestral land is the best way to consolidate her cultivation.

This is also the reason why she came here as Sagong Holy Land Honored Lady.

Now, after receiving the moisturization of Qin Chen's half-step Supreme Origin, the cultivation of the female Sikong has already been consolidated.

boom!

The temperament on her body is detached, and compared to before, there is obviously a slight change.

"Let's go, follow Ben Shao, Ben Shao promises not only to thoroughly consolidate your cultivation, but also to save years of hard cultivation."

Qin Chen smiled, his voice fell, and his figure continued to move forward.

The female Sikong Zun hurriedly followed.

After a while, the two of them had arrived in the third cave.

boom!

In this cave, there is another half-step supreme original heart.

At this moment, the supreme source of half a step, floating here, throbbing.

Before Qin Chen did it, Sikongzun first stepped up, "Master, can you let me try it?"

Zun Sikong looked at Qin Chen with her eyes open, her eyes pure.

Qin Chen smiled slightly, "Of course it can."

He took a step back.

The female Sikongzun stepped forward, fluttering and booming. A long sword suddenly appeared in her hand. The long sword was red, and there was an astonishing circulation of molten flame, emitting an astonishing breath.

Half-step supreme treasure, but also a pinnacle half-step supreme treasure.

Venerable Sikong obviously didn't dare to be careless, her eyes were sharp, and she urged the half-step Supreme Sharp Sword to slash towards the half-step Supreme Origin in front of her.

With a bang, this flame sword soared sharply, and slammed into the heart of the half-step Supreme Origin.

Seeing this half-step, the Supreme Origin suddenly shrank, and the next moment, an extremely terrifying force swept out.

boom!

In an instant, the half-step supreme divine sword produced by the female priest of Sikong was shocked and flew out, and the void was annihilated wherever it passed.

That force of rebound is even more fiercely attacking the female Sikong Zun.

In the distance, Sikong Zun's face changed drastically, her slender hand hurriedly waved forward, and with a bang, a simple red shield suddenly appeared in front of her.

Strange red lines suddenly appeared on this simple red shield, and the sky full of runes suddenly bloomed, bursting out with a half-step supreme aura.

It is another half-step supreme treasure.

But the next moment, with a bang, the scarlet primitive shield presented by the female Sikong Zun was directly blown up by the terrifying power that erupted from the half-step supreme source, and that force slammed towards the female Sikong Zun.

It seems that you don't give up if you don't kill the female Sikong Zun. In a crisis, the female Sikong Zun could only put her hands across her chest.

[Chapter 4696: No wisps](#)

boom!

In the next moment, the female Sikong Zun was shocked and flew out instantly under this terrifying force.

The robes on her body shattered, revealing the snow-white lotus arms and body, and the graceful figure was extremely hot, and it appeared in front of Qin Chen without any strands.

And under this force, her body seemed to be imaginary, and cracks appeared on her body like suet jade.

"not good!"

The female Sikong Zun was taken aback, she never expected that this half-step Supreme Origin's counterattack would be so terrible.

Seeing her body was about to fall apart.

at this time-

Whoosh!

Qin Chen suddenly appeared behind Sikong Venerable Woman, supported her smooth back with one hand, and at the same time blasted out a punch, directly exploding the half-step power of the Supreme Origin.

With a scream, the female Sagong who was covered in no strands fell directly into Qin Chen's arms, like a lamb waiting to be slaughtered, with a frightened expression on her face.

"Are you OK?"

Qin Chen held her arm and said intently.

"I'm fine, thank you, Young Master, for taking the shot." Sikongzun female even saluted.

Immediately, she suddenly felt that she was not wearing any clothes, and her expression suddenly became embarrassed. She hurriedly raised her hand and put on a coat of Xia Yi, her face flushed like an apple.

Qin Chen did not continue to look at the female Sikong, but squinted at the source of darkness in front of him.

This dark origin heart actually seems to have life.

"It seems that the origin in this dark ancestral land is by no means as simple as imagined."

Qin Chen smiled coldly.

boom!

After Qin Chen blasted away the half-step Tianzun's origin, the Qilin Divine Sword suddenly appeared in his hand, and the Qilin Divine Sword slashed out.

puff!

The void in front of him collapsed directly.

Under a sword, the horror is like this.

The source of darkness seemed to be able to perceive the horror of Qin Chen's attack, and an invisible force suddenly spread out, instantly resisting Qin Chen's face.

Half-step the power of the supreme source.

But it's useless.

He heard a chuckle, and immediately saw this force, which was instantly split apart by Qin Chen, and the Qilin Divine Sword instantly slashed above the source of darkness.

With a bang, this source of darkness was directly torn apart.

"Huh, the woman who just hurt Ben Shao is looking for death."

Qin Chen snorted coldly, reached out with his big hand, and directly grasped the source of darkness in his hand, and saw the constant surging of the source of darkness, trying to break free from Qin Chen's restraint.

Moreover, from the source of darkness, a breath of life was born, conveying a consciousness of begging for mercy to Qin Chen.

A sharp look flashed in Qin Chen's eyes, he squeezed out a palm, and snorted. This source of darkness was instantly swallowed by him and turned into nothingness.

Hum!

The dark aura in Qin Chen's body suddenly soared, and the Dark King's Blood in Qin Chen's body also got a slight improvement.

It's stronger again.

Qin Chen smiled slightly. If he continued to kill like this, he was afraid that it would not take long before he could break through the power of darkness to the half-step supreme realm.

It seems that it is worthwhile to come to this dark ancestral land.

After swallowing the purest origin power among the blood of King of Darkness, Qin Chen condensed the remaining power of darkness directly into his hands, and then penetrated into the body of the female Sikong.

With a bang, the aura within Sikong Zun's female body soared, and in an instant she truly stepped into the half-step supreme realm.

The powerful half-step supreme prestige bursts instantly.

puff!

Qin Chen penetrated into the source so fast that the female Sikong did not react at all, and the robes on her body were directly shattered once again under this terrible impact.

"Fuck, fuck, fuck."

In the chaotic world, Honghuang Zulong said a few words in a row, and before Sikong Zun's clothes dissipated, he had shut down his spiritual consciousness.

See no evil!

"I said kid Qin Chen, did you deliberately explode other people's clothes?"

Honghuang Zulong was speechless.

Twice, it's too much.

In the cave, Qin Chen looked at the female Sikong with a daze.

To be honest, he didn't expect Sikong Zun's clothes to be so unexplainable.

Zun Sikong herself was sluggish, and hurriedly took out another dress and put it on her body.

"Master, you..."

Her face was blushing and she couldn't say a word. She used to be arrogant, no matter how powerful a genius, she couldn't even see her lotus arm, but now, it was so cool in front of Qin Chen twice.

Even if the female Sikongzun has a strong temperament, her face is a little unsustainable, it is like something red.

"How do you feel?"

Qin Chen smiled.

"Thank you, Master, for allowing me to completely break through the half-step supreme realm and consolidate my cultivation."

The female Sikongzun blushed and said, "Master, you said that I was your woman..."

Speaking of this, the female Sikong Zun lowered her head, and she was silent for a moment.

Qin Chen smiled and said, "Yes, I have said this before."

The female Sikongzun's face turned redder, "Master, what do you mean by this..."

Qin Chen smiled and said, "You are my maid, aren't you my woman?"

"Huh? Does that mean?"

The female Sikongzun was stunned.

Qin Chen smiled and said, "Otherwise? What do you think you mean?"

"No, An Yun didn't know why." The female Sikong Zun lowered her head, her face blushing and she could hardly lift it up.

She is so dignified and respectable, when has she been so embarrassed.

"Okay, let's go."

Qin Chen said with a smile, and continued to move forward.

The female Sikong looked at Qin Chen's leaving back, her face flushed, but she could only hurriedly followed.

Next.

Qin Chen kept searching for blood tombs under the dark ancestral land.

The blood tombs appeared in front of Qin Chen one after another, and they all contained a powerful source of darkness.

However, these dark origins were all directly captured by Qin Chen, and then directly swallowed by the blood of the Dark King.

Boom boom boom!

As Qin Chen continued to devour the power of the origin in the blood tomb, the outside world, in the dark ancestral land, bursts of aura into the sky.

The entire dark ancestral land seemed to be rioting.

Many strong men were attracted by this abnormal movement, and looked at the riots in the dark ancestral land in amazement.

What happened in the Dark Ancestral Land?

The news here also spread out across the entire Heiyu Continent at an astonishing speed.

In the depths of the Dark Ancestral Land, Qin Chen kept going deep.

"Fast Ancestral Dragon, Lord of Abyss Demon, do you feel it?"

As Qin Chen continued to deepen, the aura in his body became stronger and stronger.

The faint, half-step supreme breath, lingering out constantly.

That terrifying and dissipating dark aura, now that anyone is afraid to come over, will not believe that Qin Chen will be a human race in this universe.

"Kid Qin Chen, we all feel that this dark ancestral land is not simple."

As Qin Chen swallowed dozens of blood tomb origins, Honghuang Zulong and others also looked solemn. It was as strong as they felt that there was a life force in these origins, and that life force continued to converge toward the depths of the dark ancestral land.

[Chapter 4697: Road to the supreme](#)

What exactly does the Dark Clan want to do?

Qin Chen's eyes also became serious.

With so much life force, Qin Chen instantly understood that this dark clan must have a big secret here.

This place is by no means as simple as the burial place of the ancient powers of the dark clan.

Even the ruining of these blood graves is definitely not due to the integration of the origin into the world under the passage of time, but a certain specific purpose.

Whoosh whoosh!

Qin Chen continued to plunder in this dark ancestral land. At this moment, the aura in his body became stronger and stronger, and the power of darkness had already reached the level of half-step supremacy.

Rumble!

A terrifying supreme aura filled Qin Chen's body.

This is because a large amount of dark origin has condensed, so that Qin Chen has already condensed the power of the dark supreme.

However, it was Qin Chen's dark power that escaped this breath.

Qin Chen's body still stayed at the pinnacle of heaven.

Although Qin Chen had faintly touched the Half-Step Supreme, he hadn't really stepped into the realm of Half-Step Supreme, and the distance to the Supreme felt that he couldn't break through.

why?

Qin Chen frowned.

His breakthrough was too difficult.

In exchange for anyone who has absorbed so much power of the origin, I am afraid that he has already stepped into the half-step supreme, even the supreme realm.

But Qin Chen was stuck here, not even close.

"Boy Qin Chen, the power in your body is too complicated and too strong. Too much power. Although you could have a strong person beyond others in the early days, it will become incomparable when you break through. difficult."

At this time, Honghuang Zulong said suddenly.

"Yes, my lord, the supreme, is a strong man who can resist the highest heavenly laws of the universe. To transcend the supreme realm is detachment, which belongs to the universe of detachment."

The Blood River Saint Ancestor also said solemnly: "Normal people, if you want to break through the Supreme, you must cultivate to the extreme the power you control." "Because, once anyone breaks through the realm of the Lord, they will be suppressed by the rules of the universe. At the beginning, it was just a rule. As your strength increases, the will of heaven will also suppress you, and when you reach the supreme realm, even the original will of the universe will prevent you from abruptly.

broken. "

"Therefore, it is so difficult to break through to the Supreme Realm."

"It needs to follow the rules it has cultivated, and not be oppressed by the origin of the universe. Many people, with all their efforts, can only break through the supreme realm in a certain way."

"But you..."

Speaking of this, the ancestor of the blood river smiled bitterly: "My lord, you control too much power. There are human races, demons, and death rules from the underworld..."

"Now, you are in control of the source of darkness... In addition, if your subordinates are right, there are other powers in your body. These powers are very mysterious and extremely powerful..."

Speaking of this, the Blood River Saint Ancestor couldn't help but shook his head with a wry smile.

Honghuang Zulong also sighed: "Little Qin Chen, even if any of these powers in your body break through the supreme, it is extremely difficult, let alone the combination of so many powers."

"Every additional power stack is not a simple one plus one problem. The difficulty will increase by geometric multiples..."

"That's why it led to this situation now!"

The Primordial Ancestor Dragon and the Saint Ancestor of the Blood River are both the top powerhouses in the Chaos Era, and the pinnacle supreme masters.

If it weren't for the incomparably powerful cosmic barrier and origin in the Chaos Age, they might even have a chance to break through the realm of transcendence with their talents and strength.

The vision of the two of them is naturally very strong, and they can see the problem with Qin Chen at a glance.

Every time Qin Chen controls a power, it is equivalent to adding a layer of obstacles on top of the original supreme barrier, combining layers of layers, to reach the terrible level now.

"Is that so?"

Qin Chen murmured.

In fact, he had already thought of this question.

"In that case, it is better to break the power of darkness to the supreme realm first."

Qin Chen felt the power of darkness within half a step of the supreme level in his body.

Other powers are limited by this world, which makes it impossible to break through.

On the contrary, it was the power of darkness, because it came from the power in the universe, but it became independent.

In fact, the power of the **** emperor's totem in Qin Chen's body, the Dark Luotian rules obtained in the Nether Galaxy, and even the Death Avenue in the underworld are all overseas forces in this universe.

However, these forces Qin Chen can only rely on his own breakthrough, unlike the power of darkness, above the Black Jade Continent, he can continuously devour the power of the ancient dark clan in this dark ancestral land to improve himself.

"As long as I continue to absorb the source of darkness in this piece of heaven and earth, I will surely be able to step into the realm of supreme."

"By then, as long as the darkness breaks through the supreme realm together, then the way of darkness can be used to feed back other forces and make a breakthrough in one fell swoop."

Qin Chen's eyes became brighter and brighter.

This has to be said to be a curve to save the country.

"In that case, what are you waiting for?"

Qin Chen looked into the depths of the endless cave.

In the deep cave, Qin Chen faintly felt an extremely powerful aura. This aura occupies the depths of the dark cave like a giant beast, making Qin Chen afraid to go deep.

Qin Chen had been reluctant to enter before, but Qin Chen understood that the real core of this dark ancestral land was in the depths of the cave.

I have been plundering some half-step supreme origins all the time. No matter how much he plundered, he can only make his dark cultivation infinitely close to the supreme realm, and cannot truly enter the supreme.

Sikong Anyun has already demonstrated this very clearly.

Following Qin Chen, she also absorbed countless half-step supreme origins of the Dark Clan. With her original cultivation base, she had absorbed so many origins, and it was logically time to break through the supreme realm long ago.

But until now, Sikong Anyun has always stayed in the half-step Supreme pinnacle realm, and the distance from the Supreme is always so short.

Moreover, she had already reached the pinnacle of the half-step supreme before absorbing many of the previous half-step supreme origins.

But still unable to break through.

Therefore, Qin Chen is very clear that the half-step supreme source, no matter how much you absorb, can only be half-step supreme realm, and cannot enter the supreme realm.

Between the two, there seems to be an insurmountable gap that cannot be crossed.

Therefore, if you want to break through the supreme, you must absorb the origin of the supreme dark clan powerhouse.

And Qin Chen felt that in the depths of this cave, there was definitely a supreme source of darkness.

Without waiting for Qin Chen to move forward, Sikong Anyun suddenly stopped Qin Chen: "Master, are you sure you want to go deeper?"

Her expression was a little nervous.

Qin Chen stopped and turned to look at her: "Why, you don't want to go in?" Sikong Anyun shook his head and said solemnly: "Master, it's not that I don't want to go in, but that my father once said, the depths of the Dark Ancestral Land It's extremely dangerous. Let me go and don't break in rashly. Once I break in, my father may not be able to save me."

[Chapter 4698: Dao Zheng Feng](#)

Qin Chen narrowed his eyes.

The depths of the Dark Ancestral Land are very dangerous. Even Sikong Anyun's father, Sikongzhen, can't save her?

What is the danger?

Can Sikong Anyun's father say the same?

Now Qin Chen knew very well that Sikong Anyun's father, Sikong Zhen, was a strong man in the Sagong Holy Land, and also the master of the Sikong Holy Land in the Heiyu Continent, a true supreme-level strong man.

Moreover, this person is not an ordinary supreme, but a mid-term supreme.

Qin Chen has fought against the powerhouses of the Dark Clan, and the powerhouses of the Dark Clan are a bit stronger in general than the powerhouses of their universe.

Half-step supreme, can be equivalent to the general human supreme master.

If even a mid-term supreme like Sikong Zhen feels that the dark ancestors are deeply dangerous, it can be seen how strong the danger is.

However, Qin Chen only paused for a while and immediately laughed.

Qin Chen looked at Sikong Anyun and said lightly: "Are you scared?"

Sikong Anyun shook his head and said, "An Yun is not afraid. An Yun is just worried about your safety, Young Master. As Young Master, there are many ways to improve your strength. There is no need to take risks."

Sikong Anyun is not an idiot. Seeing Qin Chen constantly absorbing the dark origin in this dark ancestral land, she understood what Qin Chen's purpose was.

It's just that she didn't think it was dangerous before, so she didn't stop it. "Furthermore, An Yun once heard his father say that there is a huge secret in this dark ancestral land, and this secret is related to a key to our dark clan's invasion of this universe. Now the young master is constantly making moves in this dark ancestral land. An Yun is afraid of less

Lord, after you return to the Dark Continent..."

Although Sikong Anyun did not go on, she understood what she meant.

No matter what Qin Chen's status is, the Dark Ancestral Land is the key to the Dark Clan's invasion of this universe. If Qin Chen destroys the plan, he will definitely be targeted by other powerful people in the clan.

No matter how high Qin Chen's background is, it will inevitably not be troublesome.

"Risk?"

Qin Chen smiled slightly, his smile was very casual, and his posture was very free and easy, "In this Heiyu Continent, there is nothing to make me feel dangerous. Secondly, no matter what Ben Shao did here, no one in the clan is qualified. The penalty is low."

Qin Chen said lightly.

This sentence is very simple.

But falling into Sikong Anyun's ears shocked her whole body, because the meaning contained in this sentence was too much, and she thought of a lot at a time.

Qin Chen raised his head and looked into the depths of the Dark Ancestral Land.

After listening to Sikong Anyun's words, Qin Chen knew that he had to go to the depths of the cave. "No matter what the mission originally carried by this dark ancestral land, as long as he can improve Ben Shao's strength a little bit, then the existence of this place will have a new meaning. This new meaning is even greater than the original attack. This universe

It has to be more meaningful. "

Qin Chen said lightly.

"What's more, the heavens do not take it, but take the blame."

Qin Chen looked into the distance, very deep, his voice whispered, containing the voice of Tao, "A great way is fighting for the front, like a hundred horses fighting for the flow, a thousand sails racing, sometimes, you hesitate, you missed, then, your future It will be completely different."

"If I'm not mistaken, the reason why your Sagong Holy Land guards this Heiyu Continent must have your purpose for the Holy Land. This purpose is even enough to make you give up a lot and willingly come to this universe to open up wasteland."

"No matter what your pursuit is, what your purpose is, if you just want to follow the steps, then I can only say that you will never make this step."

"If you don't advance, you will retreat. The road to the road is to fight for, not to let it out."

boom!

Qin Chen just said casually, but it was like a thunderstorm, echoing in Sikong Anyun's heart continuously.

At this moment, there was a sacred light blooming on Sikong Anyun's body, her glow was bright, the holy blood boiled in her body, and the divine light was radiant.

The avenue roared, echoing in her body.

Qin Chen's words were very ordinary, but like the highest divine words in the world, they shocked people's hearts.

"A big way fights for the front, do you retreat if you don't advance?"

Sikong Anyun murmured.

At this moment, her whole person seemed to be different, her divine temperament bloomed, and she respectfully saluted Qin Chen.

"Thank you, Master, An Yun has been taught."

Sikong Anyun's heart was agitated.

Yup.

What is the purpose of her Sagong family coming to this continent?

It is not to find an opportunity to detach and become the real top power in the Dark Continent, dominating one side, and shaking the world.

The family pinned their hopes on her.

Although she was confident, she was under such tremendous pressure.

For countless years, even children have never experienced personal love.

Isn't it just for continuous breakthroughs and continuous improvement.

Now, with the young master, she has a chance to make a breakthrough before her eyes, but she hesitated.

How ridiculous.

sad?

She boasted that she could reach the ultimate realm sooner or later, but, as the young master said, cultivation is like retrograde killing of immortals, and the results of the early and late moments may be very different.

Although there is danger ahead and the dark ancestral land is of great importance, at least at this moment, this place has become her chance.

If she still hesitated.

What qualifications do you have to climb to the pinnacle of that avenue and achieve detachment?

Sikong Anyun was full of admiration and admiration for Qin Chen at this moment.

On the body, there is spiritual brilliance blooming.

Qin Chen glanced at Sikong Anyun unexpectedly. He didn't expect that a word of his own could make the other party feel this way.

The talent of this woman is indeed extraordinary.

Having been in this Heiyu Continent for so long, Qin Chen has also inquired that on the Dark Continent, the Holy Land can only be regarded as a medium power, not really a top power.

This made Qin Chen's heart heavy, only a descendant of the Holy Land in the Heiyu Continent had such a talent, so what about the entire Dark Continent?

"If you want, you can go in with the young man, if you don't want to, you can leave by yourself."

Feeling down, Qin Chen smiled slightly and stepped forward.

"An Yun came to serve the young master."

Sikong Anyun stepped forward, and in an instant, he came to Qin Chen and opened the way for Qin Chen on his own initiative.

"This little girl is really good."

In the chaotic world, Honghuang Zulong sighed, "If this little Nizi is not from the Dark Clan, my ancestor would want to persuade you to accept her."

Qin Chen didn't bother to pay attention to the great ancestor dragon, but moved forward slowly.

I don't know how long Qin Chen has deeply penetrated into the Dark Ancestral Land. Suddenly, in front of him, a huge underground cave appeared in front of Qin Chen and Sikong Anyun.

"That is..."

I saw a huge statue in the cave ahead. Around this huge statue, there were hundreds of half-step supreme dark origins suspended above the statue, which were extremely strange.

In addition to these dark origins, there is a supreme-level origin that exudes an extremely terrifying aura on top of this statue.

"Human Race Supreme Origin." Qin Chen's pupils shrank suddenly.

[Chapter 4699: Asura](#)

At this moment, above that supreme-level origin, Qin Chen felt a strong human aura.

This is the origin of the human race.

Although above this source, there is a faint dark aura lingering, and the power of darkness diffuses, if it is another person, maybe this source is the source of the dark race.

But Qin Chen was a human being, and he clearly felt that the original core that was enveloped by the dark aura actually came from the human race.

Why does the origin of the human race appear here, and it is still a supreme origin?

"Kid Qin Chen, it seems that there is a problem here." At this moment, Honghuang Ancestral Dragon couldn't help but said in a deep voice: "This should be a great formation of sacrifices, do you see that these floating origins here are not simple Arrangement, but presenting a special forbidden pattern. If the original ancestor read it correctly, this

These origins should have been raised here. "

"Not bad." The Blood River Saint Ancestor also nodded: "The Array of Life, reshaping the soul of life, this big array is not simple, it is interesting, and it is indeed a force in the universe."

Both the Honghuang Ancestor Dragon and the Blood River Saint Ancestor said, seeing some clues.

With their strength and knowledge, they have never seen any scenes, and they can see the extraordinary here at a glance.

"It's Asura, this is the Asura of the Dark Clan, this guy is not dead yet?"

At this moment, a shocked voice sounded in the Chaos World, and everyone turned their heads and saw that it was Wu Di of the Heavenly Secret Sect who had been subdued by Qin Chen. At this moment, he was looking at the statue of the outside world in surprise, and said in shock.

"Asura? Do you know the origin of this guy?" Qin Chen's voice sounded in Wu Di's ears.

"My lord, what is this place?"

Wu Di looked around in surprise. He was in the chaotic world. Although he could see the scene outside the chaotic world, he couldn't know where he was.

"You don't need to know where this is, just tell Ben Shao what is the origin of the statue in front of you." Qin Chen said lightly.

He deliberately unlocked Wu Di's perception of closure, just guessing that the other party might know the origin of the dark powerhouse in front of him. Unexpectedly, he actually knew it. "My lord, Asura, was the first supreme powerhouse who attacked the dark race of our universe. They were called 108 prisoners. There were a total of 108 people. Although they were the supreme powerhouse, they were just like the dead. The methods are extremely cruel, war

Fighting is extremely crazy, almost lifeless. "

"And this Asura, ranked 17th out of 108 prisoners, is an early peak supreme, but his combat power is not weaker than our human race's mid-term supreme."

"But it's not the most terrifying thing. The most terrifying thing is that they fight for their lives. They are like death squads, and they even blew themselves to achieve the goal of killing us, as if their lives were not worth money." Speaking of this, Wu Di's eyes were full of horror, "Back then, my human race was considered to be of extraordinary strength. The moment the Yuanmo race teamed up with the Dark race to attack, I had already noticed something was wrong. The ancestors and other top forces had to urge them immediately.

Actively guard the big array, guard the starry sky of the human race. "

"But as soon as that formation was activated, the ten Dark Supremes who rushed to the front exploded directly." "Ten Supremes who were at least the initial peak level? They blew themselves up with special battle formations, which made the people of my human race formation. The closure was suspended for a moment, and only then did the ancestors of the Abyssal Demon and the other top powerhouses of the Dark Race have a chance to take action, causing our human race to fall into crisis

."

"Just this self-detonation, at least reduced the astonishing losses of the demons and the dark clan, and also caused my human race to lose the best chance of defensive at the beginning." "It was not only the first attack, but later, I The Tianji Sect, together with the many top forces of the Human Race, fights against the army of the Demon Race and the Dark Race. It is still the so-called one hundred and eight prisoners, fighting desperately. Before they die, they will directly explode.

, Has dragged many strong people in my human race. "

"This is a bunch of lunatics. I don't think this guy is still alive?"

Wu Di looked at the hideous statue in front of him, with hatred and anger and amazement in his eyes.

Although hundreds of millions of years have passed, even seeing such a statue still makes Wu Di's heart surging. It can be seen how much shadow the other party gave him back then.

"A supreme powerhouse directly blew himself up?"

In the chaotic world, the Lord of the Primordial Ancestral Dragon, the Saint Ancestor of the Blood River, and the Abyssal Demon were all surprised.

With the strength of the ancestral ancestors, they naturally wouldn't care about some of the powerhouses of the early peak supreme level. For them, the early peak supreme was nothing, and could easily be killed.

However, no matter how you say it, a supreme master is a supreme master. In this universe, any supreme master is a giant and can sit on the side.

Even a tribe like the Space Ancient Beast tribe that can be ranked on the Ten Thousand Clan List, the entire tribe has only one supreme.

This shows the scarcity of the Supreme.

But according to Wu Di, in order to invade this universe, more than a dozen Dark Supremes directly blew themselves up in an instant, just to prevent the formation of the human race from opening.

This makes everyone not surprised.

No matter how strong the Dark Clan is, it will not treat the Supreme Master as a one-time dead man to die, right?

What's more, although the Dark Clan is strong, there are not many top powerhouses who may enter this universe. The Supreme is definitely an extremely top combat power.

"This is normal."

At this moment, another voice suddenly sounded.

It is Suspended Supreme.

At this moment, he also saw the outside scene, and heard the conversation, his face became very serious.

Seeing the Xuankong Supreme speak, everyone couldn't help but look over.

Suspense Supreme, a member of the Demon Race, and under the command of Demon God Princess Lian Xin Luo, perhaps he knows something. Suspended Supreme said in a deep voice: "The title of Asura represents prisoners. There are a total of 108 Supreme Powers. The first eight powers are all Mid-term Supremes, and the rest are the Early and Early Peak Supremes, just like them. The name is average, this

One hundred and eight Dark Supreme, among the Dark Clan, are prisoners who have committed the death penalty. "

"prisoner?"

Everyone was surprised.

The supreme strong, turned out to be a prisoner?

Suspended Supreme said solemnly: "The Dark Clan, the ranks are extremely strict. As far as I know, the highest rank among the Dark Clan is the Royal Family."

"The royal family is the master of the dark family, and it is the existence of the true pyramid tip. However, the dark family has a long history. The royal family inherited from the ancient era. It has branches and leaves, and is divided into many factions. I don't know the specifics." I only know that there is also competition among the dark clan and the royal clan. When the dark clan invaded this universe, a royal clan led the team."

[Chapter 4700: Atonement](#)

"Later, this royal clan went deep into the human race because of underestimating the enemy, and was killed by the top powerhouse of the human race, which caused a shock to the entire dark race, thus changing the situation of the war."

"Under the imperial family, there are some top dark forces that truly control power. These dark forces are the mainstay of the dark race in the universe. It is rumored that each has a superpower."

"As for the Sikong Holy Land, the Shihen Emperor Gate, and the Linyuan Holy Gate in the Heiyu Continent today, they all belong to the middle stream in the Dark Continent, and even the middle and lower forces are not the top ones." The Xuankong Supreme seemed to be lost in thought. , Slowly telling what he knew: "As far as I know, these so-called 108 prisoners are the supreme who offended the top dark forces back then, and the emperor who is attacking this universe

Under the leadership of the clan, he was sent to this universe to atone for his sins. "

"The one in the Dark Royal family once stated that as long as these Asura prisoners can make a great battle in this universe, they will have a chance to forgive their sins."

"Therefore, these sages will fight desperately, not afraid of death."

"Because they are death row prisoners themselves, knowing that only by fighting to death can they have a chance of life, otherwise, even if they return to the Dark Continent, they will definitely die."

The voice of Xuankong Supreme fell, everyone was shocked, and there was a trace of shock in his eyes.

The supreme-level powerhouse turned out to be only death row prisoners. If such news spreads, it will surely cause an astonishing sensation in this universe.

"No wonder."

Qin Chen whispered.

If it is a death row prisoner, everything is explained clearly.

Only the dark clan and other cosmic forces are qualified to have so many Supreme Prisoners, right?

What kind of place will the universe be?

this moment.

Qin Chen had a new vision for the universe, and his blood was boiling in his body.

However, at this moment, Qin Chen focused his attention on the other news that Xuankong Supreme said before.

"You just said that the leader of the dark clan, the royal clan, was killed by the strong man of my human clan?"

Qin Chen frowned and asked.

He thought of the Dark King in the Abyss of Burial Sword.

Could it be the one suppressed by the predecessors of Jian Ancestor?

"Yes, I don't know the specific situation. I only know that this royal family was the leader of all the dark races who attacked this universe back then. He has cultivated as much as half a step of detachment."

"The reason why he will lead the team is because the faction he belongs to is trying to add a touch of glory to his resume. After all, it is difficult for the royal family to be in position. It needs to make great achievements in order to convince the crowd."

"In addition, if he can swallow the origin of this universe, he will surely be able to achieve detachment and return to the Dark Clan to be able to hold power, but who ever thought...this person has actually entered the trap set by the strong human race." Suspense Supreme shook his head and exclaimed, "I have to say that in ancient times, those strong human races were real heroes. In order to trap this person, they used their bodies as bait. If they fail, the human race will be destroyed. Fortunately, eventually, Human Race succeeded

."

"In the end, it was precisely because of the fall of this emperor that the entire battle was changed. This person's fall caused a huge sensation in the Dark Race, which eventually led to the retreat of the Dark Race."

"Otherwise, if the Dark Clan takes full action, relying on the powerful humans, monsters and other allied forces that have suffered heavy losses in the past, it will not be able to resist the invasion of the Dark Clan. This universe, I am afraid that it has already fallen."

Suspense Supreme recalled some scenes back then, even now, there is still a shock in his heart.

Qin Chen said in a voice transmission: "Then you know, which forces of the human race are the ones that killed that royal family?"

Xuankong Supreme smiled bitterly and shook his head: "I don't know the specifics. After all, that is a matter of the human race."

"And the previous ones were all I heard accidentally when discussing from the high-level of the Righteous Dao Army. The rumors were the news that Princess Lianxinluo inquired, and even the specific truth and the real situation, I am not sure."

Speaking of this, Xuankong Supreme thought for a while and said: "Of course, there were only a few top human forces back then, such as Tongtian Sword Pavilion, Tianjizong, craftsmanship, etc. They must be designed by them."

In the cave, Qin Chen was silent.

At this moment, he already understood that the Dark Race emperor that Xuankong Supreme said was definitely the one suppressed by the Sword Ancestor Senior.

When he broke into the Heiyu Continent, Fei E directly called himself the Emperor's Envoy, and coupled with the Dark King's blood that the other party had, if what Xuankong Supreme said was true, then there would be almost no other situation.

"Senior Jianzu."

Qin Chen murmured.

At this moment, his mind was agitated, and he thought a lot.

He knew very well how the Tongtian Sword Pavilion suppressed the opponent, and the Tongtian Sword Pavilion almost used the means of destroying the sect, turning countless sword pavilion powerhouses into corpses, suppressing the eternal, and trapping the dark king.

Even a half-step transcendence powerhouse like Jian Zu, hundreds of millions of years later, is still suppressing the opponent.

For hundreds of millions of years to only do such a thing without asking for anything in return, what kind of spirit is this.

It is the great fortune of the human race to have predecessors.

The only thing that puzzled Qin Chen was that the dark emperor hadn't fallen yet, but was suppressed, why would the Xuankong Supreme say that the other party had fallen?

And at the moment.

Sikong Anyun stood on the side, and looked at the scene in front of him in shock, with endless horror in his eyes.

As if seeing something unbelievable.

Her body even trembled slightly.

"An Yun, do you see anything?"

At this time, Qin Chen turned his head, he had already understood a lot of things, and said lightly to Sikong An Yun.

"Master...this...this should be the place for my supreme ancestor of the dark clan to rest and rehabilitate..."

Sikong Anyun said hurriedly.

She looked at the scene before her in shock, the origin of hundreds of stars, just towering here, such a scene is really shocking.

"A retreat for the Supreme Patriarch?!"

Qin Chen smiled slightly: "What else? Can you see this?"

If it was just these, this Sagong Anyun would show such a surprised and shocked expression?

Qin Chen didn't believe it.

Obviously, Sikong Anyun saw the origin of the statue in front of him, and even saw the origin of this large formation, that's why the moment he entered here, he was so excited and shocked.

"I..." Sikong Anyun hesitated for a while, gritted his teeth, and said: "If Anyun is right, these half-step supreme origins should be guarding the body of the fallen dark ancestor. That statue is The body of the ancestor before his death, and these half-step supreme origins are his obedience."
