

Valkyrie 4721

[Chapter 4721: Dark Ancient Beast](#)

how can that be?

Can't this trap that Sagong Anyun?

Emperor Shihen was roaring in his heart.

If you don't die in a desperate situation, then it's Nirvana rebirth!

In the distance, the leader of Yu He looked furious. He found that his strength was being absorbed by Sikong Anyun little by little. Sikong Anyun was getting stronger, but he himself was getting weaker.

Oh shit!

Is this woman so perverted?

"You guys, what are you waiting for? Are you not doing anything?"

At this moment, the leader of Yuhe suddenly roared at the void.

Everyone was startled, "What?"

Who is this leader Yuhe talking to?

The thought hasn't fallen yet, at this moment...

boom!

Behind Sikong Anyun, a figure suddenly appeared. After this figure emerged, it directly slammed at Sikong Anyun who was absorbing the will power of the swallowing realm.

This figure directly ignored the limits of the Devouring Realm!

A blood-colored rainbow light slashed out violently. When this rainbow light diffused, the swallowing realm was trembling, as if it were about to be torn apart.

"An Ting Luo!"

Seeing this figure, many people present were shocked.

This is a middle-aged man wearing the same armor, but on the armor of this middle-aged man, it is not a brave, but a scorpion!

This person is the other leader of one of the leaders of the Shihen Dimen law enforcement team, An Dingluo.

This An Ting Luo didn't know when, he had already arrived here, and was already lurking around here.

As soon as this An Ting Luo shot, it was full.

The pupil of Sikong Anyun who was being swallowed suddenly shrank, and with a buzzing sound, a sword light appeared from her hand, slashing away at that An Ting Luo's punch.

boom!

A terrible roar resounded throughout the world.

Sikong Anyun retreated, and directly withdrew from the Devouring Realm, retreating thousands of feet in a row, wherever he passed, the void was directly burned and turned into nothingness.

Sikong Anyun looked ugly, just stabilized his figure, ready to speak.

Boom, boom!

At the same time, two figures suddenly appeared beside her. The two figures, one from the left and the other, appeared beside her, attacking her at the same time.

One slashed at the top of her head, while the other slashed directly at the back of her heart from behind her.

The two figures also wore black armor. One armor was engraved with gluttony and the other was stubborn. They also exuded a half-step supreme-level horror atmosphere. The two cooperated extremely skillfully, without any hesitation or pause.

They are also the commander-level powerhouses of the two dark law enforcement teams.

"hiss."

Everyone present sucked in air-conditioning, and all their hearts were raised in their throats.

They only then remembered that before the leader Yuhe said yes, "you"...In other words, the other three strong men of the law enforcement team had already been lurking nearby.

These two commanders deliberately waited for An Tingluo to make a move first, and waited until Sikong Anyun resisted and the moment when his old power was exhausted, he made a sudden move.

Cooperate to the extreme.

Boom, boom!

The two half-step Supremes made a sneak attack, causing Sikong Anyun's face to change slightly.

What made her angry is still behind.

At the moment when the two commanders shot, the remaining strong law enforcement teams who have not yet fallen, also quickly gathered.

boom!

A battle formation was formed, blocking the world, turning it into a terrifying formation world, and suppressing it.

Not only that, the two leaders Na Yuhe and An Ting Luo also killed again.

"rat."

Sikong Anyun roared, hum, a breath of sky rising from her body.

The world trembled instantly, and there was a faint supreme aura, pervading it.

At this moment, she completely released her own power, and the source burned.

A sharp sword that pierced the sky appeared in her hand, the light of the sword flickered, and the aura of supreme class exploded.

Jianguang cut down.

boom!

This side of the world, directly boiling, countless voids, directly annihilated.

Boom boom boom boom boom!

An unbelievable scene happened. Under Sikong Anyun's sword, the four-half-step Supreme Commander Qi Qi was shocked and flew out. They all flew upside down for tens of thousands of meters, and the void behind them was directly shattered.

Blood spilled from the corners of each mouth.

As for the other powerhouses of the law enforcement team, they all vomited a mouthful of blood. Some powerhouses with only the initial and mid-term Celestial level were destroyed in their bodies, leaving only an illusory soul.

With one sword, hundreds of powerful people were cut off.

Shocked everyone.

"Supreme Power..."

Someone trembled.

"No, she is still only Half-Step Supreme, the pinnacle of Half-Step Supreme, but she has exerted her supreme power."

Old Yi's pupils shrank.

Although Sikong Anyun is still only half of the supreme peak, in terms of strength, she has definitely reached the supreme level.

Emperor Shihen's eyes also showed surprise.

Half-step supreme peak?

How can it be.

Sikong An Yun was clearly at the same level as him, close to Half-Step Supreme, or, barely considered as Half-Step Supreme, how could he suddenly reach the pinnacle of Half-Step Supreme.

boom!

A frightening color flashed in the pupils of Emperor Shihen's eyes, and his figure suddenly disappeared.

"Emperor Son."

Old Yi's pupils shrank, and his figure suddenly disappeared.

"What are you still doing? Don't take this person."

The moment Yi Lao disappeared, he said angrily.

"kill!"

In the distance, the eyes of the four leaders flashed sternly.

Boom boom boom boom!

Their figures also disappeared suddenly, and then suddenly appeared beside Sikong Anyun, facing Sagong Anyun, making a strong shot.

Boom!

The four half-step supreme Qi Qi burst out his strongest attack, the origin burned.

In the distance, Mo Lin, an old man with white eyebrows, and others were shocked.

The group attack is actually a group attack.

The Shihen Emperor Sect was completely immoral, so many powerful people actually besieged Sikong Anyun alone.

Is this still the high stone mark emperor gate?

In the void, Sikong Anyun took a deep breath, his eyes became savage.

"roll!"

She shouted angrily.

Boom boom boom!

In the surroundings, countless sword lights emerged, turning into swords and shields, blocking them in front of him, and at the same time, a sword swept out.

At this moment, she finally understood what Qin Chen said before.

The strong should abide by the heart and be desperate.

Before, she didn't want to do anything with the Shihen Emperor Sect, she still had a hint of fantasy.

But the result?

This Shihen Emperor not only beat her cruelly, but also so many people joined forces to do such a despicable thing.

In comparison, she is too ridiculous to follow the rules.

mean.

boom!

Countless sword lights slashed out in an instant, and violently collided with the attacks of the four chiefs. Amid the earth-shaking roar, Sikong Anyun's figure suddenly retreated in the void.

Paled face.

Although the four leaders of the Shihen Dimen Dark Law Enforcement Team are only half-step Supreme cultivation base, their strength has definitely reached the high-end of the half-step Supreme Middle School. Moreover, they combined with the magical powers of the dark ancient beasts, and even the supreme powerhouses can fight against each other.

[Chapter 4722: Shame you](#)

Boom boom boom!

In the fierce roar, Sikong Anyun's figure kept retreating, and the sword and shield in front of him kept exploding, and she finally resisted the joint attack of the four chiefs.

However, in the process of her retreat.

boom!

Behind her, a black mark suddenly appeared. As soon as the black mark appeared, it instantly turned into a dark star, blooming with countless dark runes, and crazily suppressed towards Sikong Anyun.

The black seal of Zhou Shi!

It was the emperor Shihen who was attacking.

"roll!"

After Sikong Anyun retreated, he roared and cut away with a sword.

boom!

The black seal of Zhou Shi was cut and flew out by Sikong Anyun, and the emperor Shihen was also directly shocked and flew out by Sikong Anyun, with blood overflowing from the corner of his mouth, and his body showed signs of collapse.

Emperor Shihen's face showed a hideous look, and at the same time he was shocked.

This Sikong Anyun was so terrifying in strength, a sword almost shattered his body.

However, under this sword, Sikong Anyun's power was finally exhausted.

The corner of Emperor Shihen's mouth was icy and mocking.

Because a figure suddenly appeared beside Sikong Anyun.

It's Yi Lao.

"Women, can you be very good at hitting? But there are many people in this emperor." Shihen emperor said with a grinning smile: "Old Yi, kill her."

Old Yi appeared, and a terrible breath filled the world.

The matter in this void is actually burning directly.

Can't bear his power.

Half-step supreme peak.

This old man turned out to be a half-step supreme peak powerhouse.

There was no expression on Old Yi's face, and his expression was indifferent. A palm came out like lightning and pressed directly towards Sikong Anyun's throat.

Sikong Anyun's face was savage, and the terrifying power burned in her body instantly, and she threw the sharp sword in her hand violently and slashed towards Yi Lao.

With a bang, Yi Lao's figure was stopped. Old Yi's eyes narrowed slightly, and he did not expect Sikong Anyun to have such a reaction at this time. His body suddenly became illusory. The next moment, countless afterimages suddenly appeared around them, and these afterimages punched at the same time. In an instant, tens of thousands of fist

Yin Hung to Sikong Anyun!

Seeing this scene, Sikong Anyun hurriedly stopped, and the sword light condensed into a sharp sword in front of him again, and then swept away suddenly!

With this sweep, a sword light shook away, and in an instant, the entire world began to be fragmented!

laugh!

All around, countless afterimages died!

However, Sikong Anyun was also shocked to retreat again and again. After retreating nearly ten thousand feet, she stopped. As soon as she stopped, a touch of blood appeared on the corner of her mouth!

Elder Yi's strength was much stronger than the four leaders, and under this circumstance, even Sikong Anyun couldn't hold on to it.

In the distance, Yi Lao's face was a bit ugly!

Sikong Anyun was able to persist even now under the siege of so many powerful men from their Shihen Emperor Sect.

What a monster!

The strength of this woman is definitely much more terrifying than that of the Emperor.

Can't let the other party live!

Otherwise, let her grow up, the emperor is afraid that this woman will always be suppressed in this life.

He is the subordinate of Shihen Supreme, his first task is to kill these super enchanting evildoers and geniuses who have surpassed the Shihen Emperor, even if it triggers the riots in Sagong Holy Land!

Because the other party grows up, he will definitely become a confidant of his Shihen Emperor!

"kill!"

Old Yi shouted angrily, suddenly raised his head to look at the distant sky, the next moment, he suddenly rushed forward, and a terrifying force swept across from the field!

In the distance, Sikong Anyun frowned slightly, and she stabs forward with the sword in her right hand. As the sword light passed, a bit of cold light appeared!

boom!

As soon as the power of the two touched, the sky and the earth broke, and the void shattered!

Boom!

A blade of sword light suddenly shattered, and the next moment Sikong Anyun retreated violently, but Elder Yi also retreated ten thousand meters away in an instant. Not only that, when he stopped, his right arm cracked slightly and blood spattered!

Yi Lao's face is extremely ugly!

Why can't even I have anything to do with this Sagong Anyun?

On the other side, Sikong Anyun's figure also receded.

At the moment when she retreated, Boom, a black seal was directly suppressed, and it was Emperor Shihen who was urging Zhou Shihei.

Sikong Anyun raised his sword, blasted, and shook the black mark flying away, but at the same time, four terrifying auras appeared in four directions around her, slashing at the same time.

It is the four commanders.

Sikong Anyun instantly swept across with his sword.

boom!

Sikong Anyun retreated violently again, blood overflowing from the corners of his mouth again.

But at this moment, the sudden change suddenly appeared, and a shadow suddenly appeared behind Sikong Anyun, it was Yi Lao, the next moment, Yi Lao punched directly at Sikong An Yun.

Sikong Anyun's eyes suddenly shrank, and he suddenly turned around to block his sword.

boom!

A terrifying attack suddenly sputtered from Sikong An Yun's sharp sword, and the Yi Lao in front of him was directly shattered under this force.

Just a clone.

At the same time, behind Sikong Anyun, Yi Lao's figure appeared again.

This is his ontology.

"Go to hell."

Old Yi sneered, and then slammed the heart of Sikong Anyun with a palm!

This palm directly shattered Sikong Anyun's defense.

The sudden change made Na Si Kong Anyun's expression drastically change in an instant, and the successive attacks of many half-step supreme powerhouses made her almost too late to defend.

At this time, she was already unable to mobilize more power, and could only withstand the attack by activating the life-saving rune left by her father.

But Sikong Anyun knew that the other party had always been waiting for this. As long as she activated her father's life-saving rune, then the Shihen Emperor would definitely spur the same attack left by Shihen Supreme.

If the power left by her father is trapped, then she will truly fall into distress and even die here.

In trouble.

There was endless anger in her heart, but she was helpless.

Seeing that she was about to urge her to use the last means of life-saving, and fight to the death, at this moment, a sword of light suddenly appeared in front of Sikong Anyun!

boom!

The roar sounded, and Elder Yi was instantly slashed out by this sword light, and backed away thousands of feet, his expression was a little surprised.

At the same time, Sikong Anyun only felt her body, being hugged by one arm, and a strong sense of security came. She raised her head and it was Qin Chen.

"Master."

Inexplicably, Sikong Anyun felt at ease, even if she was surrounded by so many Half-Step Supremes, she would no longer feel any danger.

She didn't know why, but as long as Qin Chen was there, she was extremely at ease.

Feeling the fiery breath of Qin Chen, Sikong Anyun's face flushed, and he hurriedly stood up and saluted Qin Chen: "Master, I'm sorry, An Yun is ashamed of you." Qin Chen glanced at Sikong Anyun and shook his head. : "You really didn't make me particularly satisfied. This group of **** actually made you almost into a crisis. If it wasn't for your cultivation base not long after your breakthrough, and your strength is not proficient, Ben Shao would almost be too lazy to take care of you."

[Chapter 4723: I'm afraid it's a hammer](#)

"Yes, I'm sorry, Master."

Sikong Anyun lowered his head, feeling guilty in his heart.

But for some reason, Qin Chen scolded her so, instead of feeling dissatisfied at all, she felt a little happy instead.

How can I have such a mentality?

Sikong Anyun himself felt a little weird.

"You, step back."

Qin Chen spoke lightly to Sikong An Yun, then turned around and looked at Elder Yi and others.

From a distance, I saw that Sikong Anyun was so behaved in front of Qin Chen, and the eyes of everyone present showed incredible expressions.

This is Sikong Anyun, the eldest lady of Sagong Holy Land, the future heir.

Why is it like a maid in front of this young man?

No dignity at all?

Elder Yi and others are also solemn in their hearts.

Qin Chen looked at Elder Yi and the others not far away, and then sarcastically said: "You said it's just a fair fight. A group of big men besieged a woman, don't you feel shameful?"

"Boy, what are you talking about?" Shi Hen said with an iron face, and took a step forward.

boom!

Above his head, Zhou Shi's black seal exploded with a terrible half-step supreme aura, firmly locked in Qin Chen, and was about to crash down.

He just didn't wait for him to make a move, but was stopped by Elder Yi.

Old Yi looked calm and looked at Qin Chen, "Shameful? My Shihen Dimen and Sikong Holy Land are opposed to each other. There is nothing shameful about it."

Qin Chen smiled and said, "This is the first time Ben Shao has seen someone with such a thick skin. As expected, the older the person, the thicker the skin."

Whoosh whoosh!

At this time, the four leaders flickered, and with many remaining dark law enforcement team powerhouses, they surrounded Qin Chen and Sikong Anyun.

Emperor Shihen said coldly: "Old Yi, talk nonsense with him, kill him."

Old Yi raised his hand and said, "My Lord, our Shihen Emperor is not the kind of force that can kill people indiscriminately." Then, Old Yi turned his head and stared at Qin Chen, and said coldly, "Your Excellency, today this Sikong is here. An Yun killed me many members of the dark law enforcement team at the Stone Mark Emperor's Gate, and this person will definitely be taken down today by my Stone Mark Emperor Gate.

If you are willing to leave, I am willing to let you live a life later, how about? "

When this remark came out, everyone was shocked.

This old man would have such a proposal.

Emperor Shihen suddenly became anxious, "Old Yi."

Let this kid go, what's a joke?

Elder Yi raised his hand and said, "My Lord Emperor, I only capture the culprit at the Imperial Gate of Shihen, and there is no need to hurt the innocent." While speaking, Old Elder Yi secretly transmitted a voice to Emperor Shihen: "My Lord Emperor, then The kid comes from an extraordinary background and his methods are weird. There is no need to conflict with him. The top priority is to first take down the Sagong Anyun, the Sagong Holy Land where Sagong Anyun is located.

This is the biggest enemy of my Shihen Emperor Gate. "Lao Yi squinted his eyes and continued to transmit his voice: "As for this kid, no matter what his status is and what he has to do with Sagong Holy Land, if this person really abandons Sagong Anyun and leaves alone, let Sikong Zhen old stuff from Sagong Holy Land. Know, what will happen?

"

The emperor Shihen's eyes lit up, and the voice transmission said: "The old Sikongzhen, who has lost his beloved daughter, will definitely not let this kid go."

Old Yi sneered: "That's it. Since we can let Sagong Zhen old stuff do something for us, why do we need to make extravagance here? First take Sagong Anyun, if this kid ran away, it's fine. I didn't run away. Keep on. It's not too late for him to start."

"Yi old wise."

Emperor Shihen sighed in his heart.

Ginger is still old and spicy.

"How is it? Have you thought about it?"

While explaining to Emperor Shihen, Elder Yi said lightly to Qin Chen: "There is only one opportunity, and I hope you don't miss it."

"Oh?" Qin Chen smiled: "Are you really willing to let go of your money?"

"That's natural." Elder Yi said: "The old man counts his words."

After the voice fell, Yi Lao waved his hand to the leaders of Yuhe and An Tingluo who were not far away.

Suddenly, the battle formation surrounding Qin Chen gave way to a passage.

"As long as your Excellency is willing to leave, you can leave now." Old Yi said lightly.

"Ben Shao is also a peace-loving person. In that case, Ben Shao will leave."

Qin Chen smiled, and he was about to leave here as he put his arms around Sikong Anyun.

"Hold on." Yi Lao's face sank, and he let out a sharp shout.

Qin Chen stopped and smiled lightly: "Why, your Excellency is going to regret it so soon?"

Old Yi's face was gloomy: "The old man said, only you are allowed to leave, but Sagong Anyun, you must stay, you are..."

Damn, I want to take Sagong Anyun away, who will let you go?

Qin Chen gave him a white look: "Are you an idiot? Sikong Anyun is the maid of this young man, and this young man is going to go, so he will naturally take the maid to go. How can there be a reason to leave the maid alone? You say yes or not? "

Qin Chen smiled and said to the people not far away.

In the distance, the white-browed old man Mo Lin and others frowned.

This kid, I'm afraid it's not a hammer, right?

Didn't he know that the purpose of Elder Yi and the others was to separate him from Sagong Anyun, leaving Sagong Anyun first?

With the strength that Sikong Anyun has shown now, the Shihen Emperor is afraid that his heart is extremely disturbed, so he must start!

"Boy, you dare to play with me..."

How old Yi didn't understand at this moment, Qin Chen was playing tricks on him at all.

Qin Chen smiled and said, "I just understand it now? It seems that you are getting older and your brain is really not good enough."

"Old Yi, talk nonsense with him, you guys, kill this kid, whoever killed it, Ben Shao mentions him as the leader."

Emperor Shihen could no longer hold back, shouting angrily at the surrounding dark law enforcement team powerhouses.

The strong eyes of many law enforcement teams are bright.

"kill!"

A large captain roared, and he was the first to pounce on Qin Chen. He wanted to win the first prize. It was best for him to kill Qin Chen, but he couldn't kill it. It was enough to make him famous in the world and make him show his face in front of Emperor Shihen. .

"Tear this kid apart."

Other strong law enforcement teams were unwilling to lag behind, and one after another shot, dozens of strong law enforcement teams immediately culled Xiang Qin Chen, trying to tear Qin Chen into pieces!

boom!

They are not idiots, they did not act alone, but formed a battle formation in an instant, turning into a terrifying ocean.

"Master."

When Sikong Anyun moved, he would shoot.

However, Qin Chen stopped him and said with a smile: "Just watch it."

Seeing dozens of powerful law enforcement teams culled, Qin Chen didn't even blink his eyelids, but stood there quietly. It seemed that at this moment, Qin Chen seemed to be frightened stupid.

"This kid?" Seeing Qin Chen's reaction like this, the four leaders and others frowned.

They didn't make the first move, just because they didn't know the depth of Qin Chen, they wanted the powerful under his command to test Qin Chen.

But Qin Chen's behavior made them feel puzzled.

This kid... is he going to die?

[Chapter 4724: Demon Blood Knife](#)

Seeing that the earth-shattering attack was about to fall on Qin Chen, right in the midst of this stone, Qin Chen suddenly raised his hand.

He raised his hand, and suddenly, he heard a "hum" sound, as if a piece of heaven and earth had been opened.

Just between this stone, fire and electricity, the world seemed to stop, the void was frozen, and all the law enforcement team powerhouses who had culled Xiang Qin Chen stopped at this instant.

however.

It didn't end like this, at the moment when the void stopped solidifying...

I heard the sound of "Boom, Boom, Boom", whether it was the dozens of law enforcement team powerhouses or the dark soldiers they killed, all of them collapsed in an instant.

In an instant, dozens of strong law enforcement teams turned into blood mist, dozens of powerful weapons fell to pieces, and there was no scum!

All this happened in an instant. It was so fast that it was so fast that people could not see clearly. Many people just saw Qin Chen raise their hands, and dozens of law enforcement teams turned into blood fog. The weapon fell to pieces in an instant!

For a while, there was silence. Everyone was dumbfounded. It could even be said that no one could see how Qin Chen made his move. Everyone only saw Qin Chen raise his hand. This was seckilled.

"It's too weak, I want to kill Ben Shao even with this strength? I'm afraid it's not here to die."

Seeing the blood mist drifting away, Qin Chen gently shook his head, and said with great regret.

The pupils of many strong men in the distance suddenly shrank, and they showed awe.

Because in the previous moment, they didn't see clearly what means Qin Chen used.

The dozens of strong law enforcement teams died in this way. Such a method is simply sensational.

Around, the rest of the law enforcement team powerhouses who were trying to rush up after hearing the command of Emperor Shihen were so frightened that they dared not move.

Before they were massacred by Sikong Anyun, they could still see how they died, but now in front of Qin Chen, they couldn't even see how they died.

Although the leader's position is good, he still has to sit down, right?

"It's the power of special rules." Yuhe commander's pupils shrank: "This person just waved his hand and drew the power of the special rules field between heaven and earth. This force suppressed many law enforcement team members and penetrated into it. Their bodies instantly crushed them into blood mist !"

"Yes, this child is a little bit evil, and it can actually arouse the power of such rules."

An Ting Luo also frowned and said.

Including Yi Lao, they all looked gloomy.

As for the other strong law enforcement teams around and people from other forces in the distance, they all couldn't help holding their breath.

Even if Yu He led them to explain the principle clearly, the previous scene was really shocking for them.

Instantly killed dozens of strong men, everyone didn't even see how Qin Chen made his move. Could this not shock them?

"By the way, is there anyone who wants to come up and shoot? The young master hasn't been active for a long time. It's not bad to move your muscles and bones occasionally."

After killing dozens of strong law enforcement teams, Qin Chen yawned as if he were all right.

His left hand was wrapped around Sikong Anyun's waist, and the heat from his palm pressed against the skin of Sikong Anyun's waist, making her face flushed like a ripe apple.

This posture was extremely ambiguous, but Sikong Anyun felt extremely relieved.

"Boy, I advise you not to be too rampant."

Emperor Shihen was furious.

Oh shit.

Son of a bitch.

The person who killed himself, put his arms around the woman he likes, not to mention, still this gesture.

Really...

Too irritating! Qin Chen smiled and said: "I am crazy? You are the ones who are crazy. The so-called good dog does not stand in the way. This young man is here well. You just blocked Ben Shao's way. Not only did you act on Ben Shao, but you also said that Ben Shao was crazy. , Tusk, unheard of!

"

Qin Chen glanced at a few people, "It's just a few dogs, and Young Master Ben will just slaughter them. If you don't let go, if you continue to stop them, Young Master Ben is afraid to kill you all too."

Qin Chen's provocative words suddenly caused Yu He to lead them to change their expressions, and their expressions became ugly.

The previous ones were all powerhouses of their Shihen Dimen law enforcement team, each of which was a strong Tianzun. Today, Qin Chen killed them and they are still so arrogant.

That's all right, dare to say that the people in their law enforcement team are all dogs, how arrogant.

This is challenging the supernatural power of their stone-marked emperor gate and despising their stone-marked emperor gate.

"Little beast, the emperor will cut you a thousand swords to kill him and kill him."

Emperor Shihen couldn't hold back anymore, and shouted frantically at Qin Chen.

Old Yi's face also darkened, and he screamed, "Do it."

There is no need to talk nonsense, he can see that Qin Chen has no intention of talking to them at all, just playing them like monkeys.

"kill!"

A commander roared wildly, "cang", and a blood-colored long knife appeared in his hand. This **** knife was extremely ferocious, and there seemed to be countless ghosts and grievances roaring on the blade.

Long sword Yinkong, with a single blade blasted out, blocking all directions.

The next moment, the blood of the devil was surging, and when the blade of the sword passed by, the torrent of demon blood shot straight at the sky, trying to shoot down all the stars on the sky of the dark ancestral land.

This is one of the four chiefs, the **** commander, who is superb with a single hand, slaying the gods and killing the demons.

He wanted to do it a long time ago, but due to Elder Yi's order, he didn't take it the first time.

boom! I saw the mighty blood knives rolling out, in this sea of blood, as if there was a demon's hand about to stretch out, such a demon's hand could hold the sky and squeeze the stars without power. Horse, enough to kill all lives

.

And this big hand directly attacked Qin Chen and sealed off everything about Qin Chen, leaving Qin Chen nowhere to escape, as if he would be killed no matter where he flees.

Not only that.

"The World of Devouring!"

At this moment, the leader of Na Yuhe roared, and an invisible magical power spread.

boom!

The void where Qin Chen's body was, directly turned into an endless abyss.

It was Yuhe leader who trapped him in the terrible swallowing realm in an instant.

"kill!"

At the same time, a terrifying rainbow light appeared from behind Qin Chen. It was that An Ting Luo, who appeared behind Qin Chen at some unknown time, and showed his powerful blow to Qin Chen.

On the other side, the last leader, bursts of dark chains in his hand.

On this chain, there were a series of pitch-black runes, like a chain protruding from the purgatory, bound to Qin Chen.

In an instant, the four law enforcement teams led them together to attack Qin Chen.

"It's over, this kid is over."

"It's a magic blood knife, a half-step supreme-level magic knife."

"And the chain of magic chains, these are the top treasures of the law enforcement team of the Shihen Dimen." Someone saw the magic blood knife soaring into the sky from a distance, and the dark chain covered the sun, moon and stars. It suddenly made people shudder, and their backs were all cold. Whoosh.

[Chapter 4725: No Light](#)

"Master."

Sikong Anyun looked solemn, and hurriedly broke free from Qin Chen's arms and counterattacked.

Four and a half-step supreme leading the strong, while performing their own unique tricks, how terrible is this?

The sky is dim and the world is dark.

Sikong Anyun knew that the strength of these four chiefs was the true master of the Shihen Emperor Sect, and the existence of the prospect of sprinting into the supreme realm in the future could not be easily resisted.

If you are not careful, you may fall into a deep abyss.

But Qin Chen stopped her.

Hold her waist firmly so that she can't move.

"No need to panic."

Qin Chen said with a smile, standing still, allowing the monstrous attack to come instantly.

boom!

Countless terrible attacks on Hongguang instantly enveloped Qin Chen.

Wow!

The sky is full of darkness and chains, imprisoning this side of the void.

The terrible rainbow light blasted Qin Chen, and the huge blood knife also slashed down fiercely.

With a "clang-" sound, the sound of the knives sounded, and at this moment, everyone was shocked, and the **** commander's demon blood knife had definitely smashed Qin Chen.

"Elder Yi, I thought this kid had what he could do. It seems that he is bound to die."

The corner of Emperor Shihen's mouth outlines a grinning smile, and he laughs loudly.

Old Yi frowned.

This kid was beheaded so easily?

He always felt a little skeptical in his heart, but he stared at the battlefield to death, and he was certain that no one could escape from the swallowing realm at the moment when the previous four commanders attacked.

In other words, that kid must have been hit by the four leaders.

do you died?

At this moment, everyone looked at the sky in disbelief.

"what?"

The next moment, an exclamation sounded.

Everyone's eyes were frozen, and their expressions were dull, as if they had seen something unbelievable.

I saw that the roar of the sky disappeared, the boundless aura disappeared, and the devilishness disappeared. I saw Qin Chen still standing there, standing still, it seemed that he didn't even move his fingers.

Chains entangled close to Qin Chen's body, like a cold and poisonous python, no matter how the Fengtian commander is constantly pushing, the magic chain is constantly twisting, but it is impossible to get close to Qin Chen. Skin.

It seemed that there was a gap between that magic chain and Qin Chen that could never be crossed.

At the same time, everyone saw that the Demon Blood Knife that was smashed by the evil leader was clamped by Qin Chen with two fingers, just like that easily caught in the void.

The magic blood knife that could split the sky and explode the dark magic star was immobile on Qin Chen's two fingers.

It seems that Qin Chen's **** are the **** pillars that prop up the sky and the earth, with the mighty power of hundreds of millions of sacred mountains. Once clamped, even the gods and demons cannot break free, let alone a mere magic knife. At this time, the **** leader's face flushed, because Qin Chen held his Demon Blood Knife so easily, but he couldn't move the Demon Blood Knife at all. It seemed that his knife had been integrated with the opponent, even if He used all his strength

He couldn't pull the Demon Blood Knife even a little bit.

"impossible!"

At this time, the four leaders were all horrified and shocked.

The full blow of the four of them couldn't hurt Qin Chen at all?

What kind of monster is this?

At this moment, an uncontrollable fear emerged in the hearts of the four leaders.

Before Sikong Anyun made a full shot, he also resisted the four of them, and even injured them.

But it was a block anyway, and they were quite acceptable.

But just now, when their attack faced Qin Chen, it was like a stone sinking into the sea. The opponent stood there so easily, all their attacks were empty. How could such a result be acceptable to them? "I've already said that Young Master Ben doesn't have any thoughts on you at all, but you have to do it with Young Master. Alas, at your level? Young Master Ben doesn't even have the desire to make a move. It's too weak. I'm afraid I can kill you with one blow

killed. "

Qin Chen said casually and leisurely.

With such a posture and words in other places, everyone would only think that this person was arrogant, but at the moment Qin Chen said it, everyone was only shocked.

Sikong Anyun also looked up in shock, and looked at Qin Chen's flawless face, and his heart throbbed inexplicably.

Such a man is so attractive.

"You... arrogant, kill him for the emperor."

The emperor Shihen roared hysterically: "The emperor doesn't believe me. With so many of us, we can't kill him."

"Boy, Hugh is so presumptuous and die!"

Although the rest of the Shihen Dimen law enforcement team powerhouses were shocked in their hearts, under the orders of the Shihen Emperor Zi, they couldn't help but screamed, and they all sacrificed their treasures and blasted towards him with the most powerful posture. Qin Chen.

"Come to die again."

Qin Chen smiled, and a killing intent quietly flashed across his pupils.

Then, he didn't even glance at the group of strong law enforcement teams, but just waved casually.

Shoo!

In the void, a dark sword light suddenly appeared in the sky. These dark sword lights were only the thickness of a thumb, but they exuded a terrifying murderous intent that even this void could not bear.

"No, go back."

The blood leader and the few people all changed color and screamed at their subordinates.

But it was too late.

Shoo!

With a wave of Qin Chen's hand, the sky full of dark sword aura suddenly slashed towards the sky full of law enforcement team powerhouse like a violent storm.

"Puff puff..."

Before everyone knew what was going on, a corpse fell, and countless law enforcement team powerhouses who had killed Qin Chen were killed instantly by Qin Chen's hand!

It was too fast. No one could see how Qin Chen made his move. In an instant, with a snap of his finger, the remaining hundreds of powerful members of the law enforcement team were all slaughtered, leaving a shocking blood hole in the center of their brows.

There is no doubt that Qin Chen pierced their heads with a sword in his hand, and their eyes opened wide, and they didn't understand how they died to death.

Now that Qin Chen has swallowed up enough dark sources, his cultivation on the dark side has reached the half-step supreme realm, and he can destroy the gods and kill the demons with one finger.

Such a casual blow, a small group of powerful law enforcement teams at the Tianzun level could not resist at all.

"too frightening."

In the distance, the powerhouses of other forces, even those powerhouses like Mo Lin, the old man with white eyebrows, couldn't help being horrified at seeing such a scene.

Qin Chen's attack was too terrifying, so fast that even Half Step Supreme was jealous of it.

"There are no moves, no magical powers, no rules. It is purely the power of darkness and sword energy. It can instantly kill the peak Tianzun level powerhouse. Is this guy the supreme?" There are some veteran powerhouses trembling. Inhale the air-conditioner.

Chapter 4726 Heaven Sealing Demon Seal

I am afraid that only supreme has such great power.

At this moment, Qin Chen smiled and looked at the four leaders who trapped him.

At this moment, the pupils of the four rulers shrank suddenly, their complexions changed drastically, and endless crises and fears emerged in their hearts.

After being so casually glanced at by Qin Chen, they instantly felt as if they were being stared at by the behemoth.

"kill him."

The leader of Yu He roared.

They all know that at this time, they have no other choice, only if Qin Chen is killed, they will have a ray of life.

boom!

In an instant, the four commanders all broke out a shocking attack.

Roar!

I saw that a series of terrifying strong wills were born in the boundless dark swallowing realm, and they rushed towards Qin Chen like a howling ghost, trying to swallow his will.

On the Demon Blood Knife, a killing intent that reached the sky also emerged, and a series of terrible magic patterns bloomed, the blood river was born, and the surging blood energy seemed to engulf the entire dark ancestral land.

And the dark chain that filled the sky also made a clattering sound, and a series of terrible runes bloomed on it. The runes shocked the ages and contained indestructible power, strangling towards Qin Chen.

And Na An Ting Luo, a dark spear condensed in his hand.

boom!

The dark spear burned in the void, and the aura that erupted directly shattered this void.

The four commanders all shot wildly and displayed their strongest tricks.

However, Qin Chen still had that indifferent appearance, with a smile at the corner of his mouth, just so softly.

boom!

The will of the strong man who rushed all over the sky uttered a scream, and at the same time, the surrounding void directly burned, and the entire swallowing world began to collapse.

Yu He commanded the most terrifying Devouring Realm supernatural power, in front of Qin Chen, it was almost like a chicken dog.

puff!

Yu He led a spout of blood, looking at Qin Chen in horror.

At the same time, Qin Chen stepped out again.

boom!

The chain that was wrapped around him suddenly collapsed, and the terrible magic chain that could seal the heavens and the world was torn by Qin Chen instantly, and Feng Tian commander's figure instantly vomited blood and flew upside down.

Go in again.

boom!

The dark gun that An Tingluo displayed made a click, and before it banged in front of Qin Chen, it fell apart and turned into dust.

This method made everyone completely stunned.

In the end, Qin Chen's gaze fell on the **** leader.

"Not good, retire!"

The **** commander roared in anger, and he couldn't help but retreat quickly.

At this moment, the Bloody Commander retreated quickly, he was so scared that he even gave up the Demon Blood Blade, and instantly distanced himself from Qin Chen!

"Want to retire now? It's too late!"

Qin Chen chuckled and stepped out.

He had just taken this step, booming, and the square of the void seemed to shrink suddenly, becoming infinitely close.

The **** leader had clearly moved away from Qin Chen, but as soon as he stood firm, he felt a chill in his neck, and an extremely sharp long knife was already hanging on his neck.

This feeling is so familiar, the blood leader doesn't need to look at it to know that it is the magic blood knife hanging on his neck!

Such a scene is so fast, it is too fast for people to see clearly. Seeing such a scene, many powerful people from other forces in the distance could not help but hold their breath.

The **** leader stood there, not daring to move, even holding his breath, the magic blood knife accompanied him for decades, can he not know how sharp and terrifying this knife is?

Now, as long as he moved a little bit, it would be the end of his head falling and his soul scattered.

"It's really a pity, it must be very miserable to die by your own knife?"

Qin Chen held the Demon Blood Knife in his hand, shook his head gently, and said with a smile.

The **** commander's face was ugly to the extreme. For a long time, only when he used the Devil Blood Knife to cut down someone's head, he never thought that one day the Devil Blood Knife would hang on his neck!

This magic blood knife that had followed him for decades has now become a weapon to kill him.

"As long as I use a little bit of force, your dog's head will fall to the ground." Qin Chen used the demon blood knife to hold the **** leader's neck, and said with a leisurely smile.

And at this moment.

"The kid is looking for death!"

Hum!

Behind Qin Chen, a figure suddenly appeared, it was Elder Yi.

boom!

As soon as Yi Lao appeared, without any nonsense, he shot at an unparalleled speed, and his hands were sealed. In an instant, all his power turned into a black mark.

Under this move, a towering demon phantom appeared, holding a huge black seal, directly suppressing towards Qin Chen.

This black seal was sealed down, and the world was full of rumbling roars, and even the laws between the world and the earth were instantly depressed, and the power of the avenue was instantly suppressed.

Under the suppression of such a trick, even the powerhouses who watched from other places changed their colors, felt the divine power from the ancient era of the Dark Race, and couldn't help but retreat one after another.

"Fengtian Demon Seal! The lore magic of the Shihen Emperor Sect!"

When this seal was suppressed, many strong people around could not help but lose their voices.

However, in the face of the black mark attack that suppressed the gods and demons, Qin Chen didn't even lift his eyelids. He just smashed it out with a punch. With this punch, there was no change in movement, no laws emerged, and no dark power gushing out. .

This punch, in the eyes of people, is extremely ordinary, just like a normal punch made by a child.

With a "bang!", but just under a punch, the suppressed black mark instantly shattered, flesh and blood spattered, and the sound of broken bones sounded so harsh.

puff!

Under this fist, even if Elder Yi had already used the magical skill of the Stone Mark Emperor Sect, he was still unable to escape the fate of miserable defeat. His figure retreated violently, blasting, wherever he passed along the way, The void collapsed directly, and at last there was a wow, and a blood spurted wildly!

boom!

Cracks appeared in his body, like porcelain, as if it was about to break.

Such a scene caused many people to take a breath of air when they watched it. No one thought that as one of the top powerhouses of the Shihen Emperor in this Heiyu Continent, Yi Lao, the existence of the half-step supreme pinnacle, even Qin Chen Did not take a punch.

"This is terrible. What is the origin of this kid? Such a means may not be able to be cultivated in the Holy Land, right?"

The white-browed old man Mo Lin took a cold breath. He was a master of the Linyuan Sacred Sect.

But Qin Chen's strength still shocked him, and he couldn't help feeling chilled.

"Old thing, actually want to sneak attack."

Looking at the injured Elder Yi, Qin Chen smiled and shook his head, and said, "What do you want Ben Shao to say? Ben Shao clearly said, I'm too lazy to fight with you, but you have to die, alas..."

Qin Chen's words made Old Yi's face pale, he had already expected that Qin Chen's strength was terrible, but when he did it, Qin Chen's strength was even more terrifying than he thought!

[Chapter 4727: Hero who died in battle](#)

In the void, Yi Lao looked ugly.

Such a arrogant man made him feel horrified and cold all over his body.

If he could do it again, he would definitely not choose to fight Qin Chen directly, but to look for a more powerful helper in the emperor door before he could do it again.

Because he knew that if a Tianjiao like Qin Chen was offended, if he couldn't get rid of it, it would become a powerful threat to his Shihen Emperor Sect.

"It seems that this old man can't save you."

Qin Chen held the Demon Blood Knife, looked at the evil leader not far away with a smile, and said with a light smile.

"Do not..."

The **** commander uttered an unwilling scream, but it was too late. The blood flashed and his head flew high. When the head was cut off, he could still see blood pouring from his neck. Out.

In the end, the head of the **** leader flew far away in the void, and then with a bang, it burned directly and turned into dust.

Not only his head, but his body also burned directly with a thud.

The soul flew away directly, without giving him a chance to come back, a series of terrifying half-step supreme origins, madly dissipating between the heaven and the earth, motivating the heavens of the dark ancestral land.

The fall of a half-step supreme is also extremely beneficial to the heavens of this dark ancestral land.

However, before the power of these origins was swallowed by the Heavenly Dao of the Dark Ancestral Land, Qin Chen raised his hand, and completely converged the Origin of the Blood Evil Commander's body, otherwise the Dark Ancestral Land Heavenly Dao would absorb a tiny bit.

Now Qin Chen knows that the Dark Clan is using this Heiyu Continent to cultivate the powers of the Dark Clan, and to nourish the world of the Dark Ancestral Land, it is cultivating the Heavenly Dao of the Heiyu Continent. How did Qin Chen make such resources? What about the enemy?

"The **** commander is dead. This is a half-step supreme-level powerhouse, who was killed in this way? And in front of so many powerhouses at the Stone Mark Emperor Sect? This Stone Mark Emperor Sect, wouldn't it be necessary Provoked the enemy, is it going to fall?"

Seeing Qin Chen slaying the evil leader with a single blow, the strong men of many forces in the distance were extremely chilled, and one of them trembled, and even said with a trembling voice.

Bloody commander.

The law enforcement team of Shihen Emperor Gate is the real half-step supreme powerhouse.

Today, the Heiyu Continent is controlled by the three major forces. Although there are some conflicts with each other, and occasional casualties, they are only between some juniors, at most between Tianzun.

But now, a half-step supreme-level powerhouse has fallen, and he is still in front of the other powerhouses of the stone-marked emperor sect. This has to make people wonder whether the stone-marked emperor's gate, one of the three powers, must Declined.

As strong people, they are used to seeing too much rise and fall and reincarnation, knowing that the decline and fall of a top power are often developed from small things.

However, as soon as this person's voice fell, a few murderous eyes stared at him. It was Yu He who led the others and stared at him coldly.

Being stared at by these people, that person's body shuddered, and he felt a chill from his back. He was startled, and he couldn't help but shrink his neck. He didn't dare to say more than a word.

Fortunately, the few people led by Yuhe now had no intention of doing anything to other people. They just looked at Qin Chen in anger, chilling all over.

On the side, Emperor Shihen also had a pale face, his heart was frightened, and his hands trembled.

boom!

Old Yi wiped a trace of blood from the corner of his mouth, and an extremely terrifying aura burst out instantly from his body.

"Kill me, the leader of the Stone Mark Emperor Sect, it seems that your Excellency has made up his mind to be an enemy of my Stone Mark Emperor Sect."

Old Yi said with a cold voice.

On his body, the breath that represents the peak of Half-Step Supreme, continuously condenses, forming a terrifying Half-Step Supreme Storm.

The entire sky of the dark ancestral land rumbling and trembling under this breath.

Although he was injured earlier, the aura exuding from Yi Lao's body at this moment became more and more terrifying.

"Old Yi!"

Emperor Shihen showed excitement.

But immediately in his mind, the voice of Elder Yi rang: "My Lord Emperor, after a meeting, once you start fighting, you should leave as soon as possible. Don't stay."

The emperor Shihen looked startled. He just wanted to speak, but was interrupted by Elder Yi: "My lord, don't say anything. Although you have the amulet left by your master, there is Sikong Anyun from Sagong Holy Land, master. The amulet left may not be able to trap them."

"The ultimate goal is that with such a person's strength, he may not have the means to save his life. Therefore, as soon as the battle begins, the emperor, you will leave as soon as possible. Go back to the emperor gate, and don't look back."

Old Yi's voice was extremely serious, causing the heart of Emperor Shihen to sink completely.

Let him escape?

Are you kidding me?

If his Emperor Shihen really did such a thing, how could he gain a foothold in this Heiyu Continent?

If he returned to the Dark Continent, I was afraid that he would lose face.

"Remember."

Old Yi's voice fell, booming, a terrible breath rose into the sky on him, instantly turning into a vast ocean, gathering on him.

Old Yi's eyes stared at Qin Chen coldly, and walked towards Qin Chen step by step.

"Boy, the person who killed me at the Shihen Emperor Sect, this seat will let you pay for your blood debts today." Yi Lao said with a cold voice, and there was a terrible blood lingering around him between heaving and vomiting.

"You haven't escaped yet, I really admire your courage." Qin Chen took the Demon Blood Knife away and said with a smile while looking at Elder Yi.

Old Yi took a deep breath, the blood flow turned, and with the sound of pops, the aura on his body increased in layers!

"I have only the heroes who died in the battle at the gate of the stone-marked emperor, and no cowards who flinched!"

Old Yi took a deep breath, thinking of his trump cards, his chest was puffed up, his vigor was like a rainbow, and his spirit was flying again!

"Well, this is Elder Yi!"

Seeing that the old man Yi regained his confidence, he was still full of energy, the leader of Yuhe and the others couldn't help but be shocked, revealing confidence.

Elder Yi is the guardian arranged by the master for the emperor, and his strength is by no means as simple as previously shown.

Qin Chen looked at the regaining confidence and the glorious old man, couldn't help but smile, and slowly said: "No matter if you are really not afraid of death, or have other cards, no matter how you say it, you still dare to be here. It is worthy of admiration to let the words go in front of you."

"Since you said that the Shihen Emperor Gate only has heroes who died in battle, let this young master fulfill you."

Qin Chen said with a smile: "Let's do it, don't hesitate to use any means, let alone this young man never gave you a chance."

Old Yi took a deep breath, he stared at Qin Chen, and finally, he gritted his teeth, blood surged, and roared: "Kill..."

"Boom!" There was a loud noise.

The moment Yi Lao roared, the wind and clouds changed color and the sky quashed. Between the fire and electricity, he suddenly raised his hand, and a dark star blew out in an instant.

[Chapter 4728: Star Treasure](#)

When this star appeared in this world, there was a rumbling, and the entire dark ancestral land was shaking, and the countless dark auras around it seemed to be boiling.

This is an incomparably huge star, billions of feet tall, towering majestically, once it appeared, it obscured the entire sky and suppressed the nine heavens and ten earth.

Above the dark stars, a series of terrifying runes rose up, and these dark runes continued to rotate, unexpectedly blooming with a supreme-level aura.

The supreme aura permeated, shocking the heavens, traversing the ages, and suppressing Qin Chen with an invincible posture, obliterating everything in the world.

"Boom! Boom! Boom!"

Amidst the roars, the terrifying stars blocked Qin Chen's whole person, and the stars roared and rolled, trying to grind Qin Chen into blood mist.

"Supreme Treasure!"

Such a mighty power. Many people were shocked, and some even couldn't help but scream!

The sudden mutation really frightened many people. It was completely out of many people's expectations. Many people did not expect that Elder Yi's assassin was a supreme treasure!

The heaven-shattering supreme aura erupted from this dark star, what could it be if it is not a supreme treasure?

"It's terrible, it's only a supreme treasure. With the strength of Yi Lao's half-step to the supreme peak, plus a supreme treasure, I am afraid that it will be able to compete with the supreme."

"Now that kid is going to be in trouble, supreme treasure, contains supreme divine power, how can you resist it if you don't reach the supreme?"

In the distance, many people couldn't help yelling.

The supreme treasure, this is the top magic weapon that can only be possessed by the supreme powerhouse.

It should be noted that before, whether it was Prince Qilin, Sikong Anyun, or Emperor Shihen, the most powerful thing in them was the divine consciousness left by their ancestors, and there was no supreme treasure.

Because the supreme treasure is really too precious and too powerful, and the average junior can't give it, otherwise it will be easy to be targeted by the strong.

So at this moment, when Elder Yi displayed the supreme treasure, he shocked all the strong people present.

Even some half-step supreme powerhouses are trembling.

If such a dark star blasted down against them, they were afraid that they would not even be able to resist, and would be blasted into blood mist in an instant, with no bones left.

"No, this supreme treasure should be broken, lacking some charm."

At this moment, Mo Lin, an old man with white eyebrows at the Linyuan Sacred Gate, suddenly frowned.

Everyone was stunned by the terrifying and supreme aura of the dark star, and only a strong man like him could see some clues. The runes on the dark star were not complete, but few. sheet.

But even so, it is enough to make people feel scared, even if it is a broken supreme treasure, it is enough to kill any half-step supreme peak powerhouse.

"This person was too arrogant before and completely angered the Shihen Emperor. What a pity, if he doesn't have the same treasure to resist, then the overall situation has been decided, this son will die!"

Seeing the supreme treasure blasted out, many experts on the scene couldn't help but sighed, looking at Qin Chen's eyes with regret.

Such a goddess is about to die here, it has to be said that it is a pity.

There was also panic.

Everyone knew that if this shot fell, the Shihen Emperormen and Sagong Holy Land were completely torn apart, and a supreme-level battle would inevitably erupt.

This Heiyu Continent, I am afraid it will be turbulent.

"kill!"

At the moment when the dark stars were completely killed, Commander Yuhe, Commander An Tingluo, and Commander Fengtian also moved together, attacking Qin Chen at the same time. The emperor Shihen wanted to escape for the first time, but when he saw such a scene at this moment, he suddenly laughed and said: "Boy, offend my Shihen emperor, you will definitely die today. Hmph, a kid with a shallow foundation, too. Dare to challenge me the Stone Mark Emperor Gate,

Things that are beyond your ability, my Shihen Emperor Gate has been standing in this Heiyu Continent for hundreds of millions of years. How can you be a junior to provoke? "

Emperor Shihen's complexion looked terrifying, and he wanted to cramp Qin Chen's skin.

"Master."

Sikong Anyun was shocked, and hurriedly urged the amulet left by his father.

But Qin Chen smiled faintly and stopped him.

"It's just a mere foreign object, how can it hurt Ben Shao?"

Qin Chen chuckled, but he didn't move.

"boom!"

I saw the terrifying supreme aura pouring down frantically over Qin Chen's head, submerging Qin Chen like a tsunami. In the vast supreme aura, Qin Chen appeared so small.

Seeing that the huge star like the sky and the earth was about to hit Qin Chen.

At this moment, Qin Chen slammed a punch.

"Boom!" With a shocking sound, under the dark stars that obscure the world, Qin Chen directly blasted out with a punch. There was no skill at all in this punch. It was extremely ordinary, without any magical powers, just a straight bang. past.

This fist of Qin Chen bombarded the dark stars, as if the demon **** had reached out his divine fist. It didn't seem to be that great, but in an instant, it abruptly blocked the falling from the sky. Dark stars.

boom!

An extremely terrifying shock wave swept out, like a tsunami.

Everyone's eyes widened, and they clearly saw that Qin Chen put his arms around the senior female Sikong, just like that, and hit the dark star directly with that terrifying supreme treasure.

"Crazy, right? This kid is actually holding the supreme treasure with his bare hands?"

"Oh my God!"

When Qin Chen blasted the supreme treasure with a punch, the many powerful people who watched from a distance were all dumbfounded. This was simply the craziest thing they had ever seen!

"The ignorant boy, he actually regrets the treasure with his bare hands, he is seeking his own death!"

Someone sighed and shook his head, as if he had seen the tragedy of Qin Chen.

Elder Yi was still a little worried at first, because Qin Chen's background was too weird and the methods were too terrifying.

Even with a killer such as the Supreme Treasure Tool, he was not sure that he would be able to kill the opponent, so he would let the Shihen Emperor directly leave.

But when he saw that Qin Chen actually used his bare hands to forcefully regret the supreme treasure he displayed, his heart suddenly showed ecstasy and hideousness.

To dare to resist his strongest attack like this is to seek death.

He has a hideous face, and he does his best to spur the dark stars.

"boom!"

With a loud bang, everyone's eyes widened.

However, in the next moment, all human expressions were frozen, and there was no scene in which Qin Chen turned directly into powder under the supreme treasure, but an incredible thing happened.

With a bang, Qin Chen's seemingly ordinary punch actually blocked the dark stars. Under the dark stars, Qin Chen was safe and sound, even if it was a supreme treasure, he still did not harm him in the slightest. The rolling supreme coercion was suppressed, but Qin Chen remained motionless, like a rock.

[Chapter 4729: Late](#)

"Break it for me!"

Elder Yi couldn't believe it, he had never seen such a domineering scene before, taking the supreme treasure with his bare hands!

If in the past, he would never believe it, but today he has encountered it.

"impossible!"

At this moment, the old man Yi did not hesitate, and opened his mouth to spout a lot of essence and blood. He had a hideous face and directly began to burn his own origin.

boom!

A large amount of essence and blood sprayed on the dark stars, trying to use his own essence and blood to spur the supreme treasure to exert a more powerful supreme power.

However, no matter how Yi Lao urged the Supreme Treasure Tool, he still couldn't kill Qin Chen. Qin Chen struck the sky with a punch. No matter how the Supreme Treasure Tool suppressed him, he couldn't shake his punch.

Boom boom boom!

A heavy weight of supreme might impacted Qin Chen's body, as if it had impacted an immortal eternal sacred mountain, standing still.

How powerful is Qin Chen's body?

It was an immortal existence. Under the baptism of the Dark King's blood and the supreme source, all laws would not invade, not to mention just such a half-hanging half-step peak supreme urging a broken supreme treasure.

It is a true supreme urging the supreme treasure, and I don't want to kill him easily.

"This, it's impossible..."

Countless people saw such a scene, it was completely shocked, and even screamed hysterically, how could they dare not believe their eyes.

Hard-handling the supreme treasure with bare hands, this is something that no one can imagine, but today it appeared in front of everyone.

Emperor Shihen also opened his mouth wide, his body trembling faintly, and fear emerged in his heart.

Even if Qin Chen killed the evil leader before, he didn't take Qin Chen too seriously, but at this moment, he was really scared, afraid.

Such a blow would be him. If there were no foreign objects, he would be unable to resist it at all, and would have been seriously injured or killed long ago.

But Qin Chen just went straight ahead, but he was still arrogantly threatening that Qin Chen would die, but the reality was that he slapped him severely.

"Hold the supreme treasure with bare hands, is this kid still a human?"

"Monster, it's a monster."

Seeing such a scene, even strong men like Mo Lin, the old man with white eyebrows, were all terrified. This was really terrifying.

Boom boom boom!

At this moment, three attacks suddenly appeared beside Qin Chen.

It was Yuhe who led the three men and launched the most violent attack in secret.

In fact, they were also stunned by the scene in front of them, but at this moment, they had no other choice, knowing that only by killing Qin Chen could they have a way out.

"dead!"

The three screamed at the same time, and slayed at Qin Chen fiercely.

Three attacks approaching the peak of the half-step Supreme came at the same time.

At this moment, the three of them burned their own blood and wanted to directly obliterate Qin Chen.

"it is good."

Emperor Shihen clenched his fists, and wished to rush forward to take a shot, but there was fear in his heart and he didn't dare to move forward at all.

"not good!"

But Mo Lin and the others were shocked and couldn't help being nervous.

Qin Chen was directly suppressed by Yi Lao's supreme treasure. Although he had resisted the attack of this supreme treasure with his bare hands, he was afraid that he could only support it hard now, without the power to counterattack.

At this time, if the leader Yuhe and the others secretly launched a killer move, they would probably injure him seriously. At that time, they would no longer be able to withstand the supreme treasure weapon's attack and killing.

boom!

Three streams of light came to Qin Chen's vital point in an instant.

"Master, be careful."

Seeing this scene, Sikong Anyun immediately changed his expression and wanted to make a move.

"Haha, don't worry."

However, Qin Chen chuckled lightly, not caring at all, but saw him hold Sikong Anyun's palm and gently lift it up.

boom!

In the void, Yu He commanded the attack of the three people, as if being dragged by an invisible force, solidified in mid-air, unable to penetrate any inch.

what?

Such a scene shocked the rest of the people present again.

No one could believe that Qin Chen was not only unharmed under the suppression of Elder Yi's Supreme Treasure, but he also had such room to withstand the attack of the three and a half steps of the Supreme Commander in an instant.

"roll!"

Qin Chen lightly scolded, and suddenly the attack of the three people under the command of Yuhe burst into pieces. The next moment, with a bang, the three of them were directly bombed out, spouting a mouthful of blood.

boom!

The flesh of the three rulers shattered directly, which was horrible.

"impossible!"

Everyone showed incredible expressions. "Nothing is impossible, you are too weak. In the Dark Ancestral Land, your cultivation base itself has been suppressed a bit, plus this supreme treasure is originally broken, and your strength is probably one-tenth of the power. Can't show it, such a little strength

Want to kill me too? "

Qin Chen shook the supreme treasure with one hand, glanced at Yi Lao, and said with a smile.

Old Yi's face was pale at this time, as if he had seen a ghost!

Hard-wired the supreme treasure weapon with bare hands, this is something he never dreamed of, but today it happened to him.

"It's over!"

Qin Chen smiled, and the fist blocking the supreme treasure suddenly burst, and with a thud, Qin Chen blasted out with a punch, and hit the dark stars with unstoppable power.

"Bang!" There was a loud noise. At this time, the dark stars were like a big mountain that was fisted by Qin Chen. Amidst a roar, the dark stars were blown upside down and struck towards Yi Lao.

"Block me."

Yi Lao roared, his expression frightened, the half-step peak supreme aura in his body burst out, gritted his teeth forcibly to withstand the impact of the dark stars.

There was a boom.

However, he was still flew out, opened his mouth to spit out a mouthful of blood, and his flesh began to crack directly, unable to withstand this mighty force. Everyone was silly at this scene. It flew into the supreme treasure with one punch, and also shocked the owner of the supreme treasure. Such a scene is more dreamy than a miracle. The people in the past were afraid that they didn't even listen to it. Said it, not to mention seeing it in person

Up!

"I must be dreaming, hell."

"This kid is too evil."

Many people can't believe their eyes, they are crazy.

"This...is this kid still a human?"

The old man with white eyebrows, Mo Lin, and other veteran powerhouses in Heiyu Continent, couldn't help but feel chills in his back and his hair was horrified. He knocked the supreme treasure into the air with one punch and severely inflicted its owner. Is this still a human?

boom!

In the void, Elder Yi tried his best to stabilize his figure. At this moment, his face was pale, as if he had a ghost.

"go!"

He let out a frightened roar, and no longer had the courage to face Qin Chen. He was so scared that he turned around and fled.

"Fleeing at this time, is it late?" Qin Chen said with a smile, and stepped forward.

[Chapter 4730: Spike](#)

At this point, how could Qin Chen let Elder Yi and the others leave.

boom!

A horrible dark sword light suddenly condensed in Qin Chen's hand. As soon as this dark sword light appeared, it burst out with infinite darkness, like a dark spear, rushing towards Yi Lao violently.

boom!

Wherever the dark sword light passed, layers of the void burned and shattered continuously, unable to withstand this mighty force at all, and came behind Yi Lao like lightning.

Yi Lao changed color, turned around hurriedly, and with a bang, the power of darkness that he drew around him, the infinite source of darkness suddenly condensed a dark shield in front of him.

With a bang, the dark sword light slashed down, and the dark shield burst instantly, turning into ashes.

"how?"

Old Yi's eyes widened, revealing an incredible color.

"puff!"

Under the gaze of everyone, they saw this dark sword light, which instantly penetrated Yi Lao's body, firmly nailed into the void, unable to move.

The blood flew across, the origin dissipated, and the half-step peak supreme powerhouse of the dignified stone mark emperor gate was pierced in the void, the blood was thrown, and the appearance was miserable, like a dead dog.

This kind of scene is really scary, and everyone takes a breath.

"Old Yi!"

In the distance, Emperor Shihen let out a cry of exclamation, unable to believe his eyes.

Not only him, but Yuhe, who leads the three people, is also trembling.

Elder Yi was defeated, and he was so nailed in the air like a dead dog. Such a scene made people not change their color or frighten them.

In the distance, the old man with white eyebrows, Mo Lin and others, also looked terrified and eclipsed.

Because, Yi Lao is the real powerhouse of Heiyu Continent, and can be sent by the Shihen Supreme to guard the Shihen Emperor, what kind of trust is this, this is a real strong, famous in this world.

There are even rumors that the reason why Yi Lao will serve as the guardian of the Shihen Emperor is because he is at a critical moment, and now he is comprehending the world and rushing to the supreme realm.

He is following his heart and practicing.

This is a top powerhouse who is expected to sprint to the supreme realm.

It is such a strong man who is so nailed in the air, wailing and miserable like a dead dog, it is inevitable that a sense of sadness will emerge in people's hearts.

However, no matter how sadly everyone present had to talk about Yi Lao, no one was willing to jump out to save Yi Lao.

Today, Qin Chen has long been recognized as a killer **** in everyone's minds. Such a strong man can fly with the supreme treasure, so what else can't he do?

To this day, the two sides have an endless ending. If anyone dares to come forward to beg for mercy, then it is a real self-seeking dead end.

Qin Chen looked at the struggling Elder Yi, shook his head gently, and said, "To be honest, I am a little disappointed. You were so domineering before, making Ben Young think that you have something to do, but who has Thinking, it's so vulnerable."

Qin Chen shook his head and said, his eyes were very disappointed.

"Smelly boy, kill me if you have a seed."

Old Yi roared angrily.

He did not beg for mercy, because he knew that begging for mercy would not help. Qin Chen smiled: "It is natural to kill you, but now that you are a dying person, this young master doesn't have to kill you in such a hurry, but this kid is the emperor of your Shihen Emperor. Did he instigate him to do something with Ben Shao before?"

Ben Shao really wanted to see how strong this Shihen Emperor Sect's emperor, known as the Heavenly Jiao, could withstand Ben Shao's blow. "

Qin Chen turned his head and didn't look at Yi Lao at all, but instead cast his gaze on Emperor Shihen's body.

"Do not..."

Yi Lao's face changed suddenly, and he roared, "Smelly boy, there is a kind, you kill me, dare the emperor son, the old master will definitely break your body into pieces, and you will never turn over forever."

"Old master, do you mean Shihen Supreme?" Qin Chen said casually: "Such a strong man is famous for this Heiyu Continent, but this young man really wants to see and see."

All the people present were shocked and dumbfounded when such words were said.

Arrogant.

Too arrogant.

Does this kid know what he's talking about?

That is Shihen Supreme Master, the real master of Shihen Emperor Sect, the existence of Supreme Grade.

Moreover, Lord Shihen Supreme is not an ordinary Supreme, and can be sent to Heiyu Continent by the Shihen Emperor Sect to fight against Sikong Holy Land. The strength of this person is not weaker than Sikong Zhen, but a mid-term Supreme.

Such a strong person, even if placed on the Dark Continent, can't be regarded as ordinary.

Now, Qin Chen actually said that he wanted to see Shihen Supreme, such arrogant words made everyone present with shock and horror.

Too rebellious.

Even the female Sikong Zun was discolored.

Regardless of whether she will inherit the mantle of Sagong Sacred Land in the future, she may become the heir of Sagong Sacred Land, but in the face of a powerful person like Shihen Supreme, even she dare not be too presumptuous.

Regardless of her future, in front of a strong like Shihen Zhizun, she can only be regarded as a junior, and she has no qualifications to challenge the old strong like Shihen Zhizun at all.

Seeing Qin Chen walking towards Emperor Shihen step by step, Yi Lao suddenly changed his color, "Master Emperor, go, go quickly."

He looked terrified, if Emperor Shihen fell here, he would really die.

Emperor Shihen gritted his teeth, and under Qin Chen's gaze, with a frightened expression, he suddenly smashed the black seal of Zhou Shi towards Qin Chen. At the same time, the whole person swooped into the void and was about to flee. Here.

At this time, he didn't want any dignity or reputation. His legs trembled, and there was only one thought, that is, escape.

Escape here alive.

But how could Qin Chen let him leave so easily?

boom!

Qin Chen waved his hand, and the black seal of Zhou Shi that was pressed down by the cover was blasted away by Qin Chen in an instant.

The dignified half-step supreme treasure can't stop Qin Chen at all.

Then Qin Chen slapped his hand and grabbed the camera directly into the void.

With a bang, the void in front of him was directly caught and exploded by Qin Chen. The Emperor Shihen was like a quail, dancing with his limbs, and was directly captured by Qin Chen from the void, fighting in horror. Old Yi looked frightened. He was nailed in the void. He couldn't move at all. He could only shout at the three leaders of Yuhe: "The three of you don't stop this person. If something happens to the Lord, your family will Disperse the soul, leaving no one behind.

"

When Yu He commanded the three people heard the words, there was a trace of hideousness flashing in their expressions. The next moment, the three of them instantly appeared in front of Qin Chen, rumbling, and attacked Qin Chen again.

"Hey, you guys have to die, no wonder Ben Xiao." Qin Chen sighed, three sharp swords suddenly appeared in front of him, and with a boom, the three sharp swords instantly pierced out, piercing the void, and joined Yu together. The attack of the commanding three exploded in an instant.
