### [Chapter 4731: Stone marks descend](#)

Immediately afterwards, the aura of the three dark swords skyrocketed, and a puff instantly pierced into the eyebrows of the three of them.

"I..."

The three commanders opened their eyes wide, and with a bang, the bodies of the three of them collapsed, leaving only their souls.

Moreover, the souls of the three are also dissipating at an astonishing speed.

The corners of the three people's mouths were drawn out of bitterness.

Thinking about how many years their four leaders have been in this Heiyu Continent, it is unexpected that they will fall here today.

And so vulnerable.

The three of them opened their mouths, as if they were about to say something, but the next moment, with a boom, the souls of the three of them were wiped out in ashes, and the pure origin power was instantly swallowed by Qin Chen.

"If you want to stop Ben Shao, you have to prepare for his fall."

Qin Chen smiled, and with a wave of his hand, he wiped away the three dark sword auras, his posture was as if he wiped off a dust on the glass.

Then, Qin Chen's gaze fell on Emperor Shihen not far away.

Emperor Shihen was stared at by Qin Chen's gaze, and he was full of spirits, unable to hold back anymore.

boom!

In his body, a golden rune emerged in an instant. As soon as this golden rune appeared, an aura that frightened the ages burst out instantly.

Rumble!

A terrifying supreme aura condenses in the heavens and the earth.

Vaguely, everyone seemed to see a majestic figure, standing between the sky and the earth, holding the sky.

With this kind of breath, Mo Lin and the others didn't even have the courage to look straight. They only felt an unrivaled force coming, and each body retreated violently, and there was an urge to kneel on the ground.

Supreme, is the real supreme breath.

At this moment, the real supreme power escaping from the Shihen emperor's body, suppressing the eternity, sweeping across the world, a single strand of hair can break the sun, moon and stars' top-level power aura.

"Stone Mark Supreme."

"It's Stone Mark Supreme."

At this moment, no one was not panicked, and they were all creeping in panic. Under such power, they did not dare to raise their heads.

Such a big boss is too bad, and they are definitely not comparable to them now.

"Old master."

Elder Yi said excitedly, crying silently.

This majestic figure towered over the world and stared coldly. Although it was just a phantom, it might be just a divine mind, but from the eyes of the other party, one could see that the dark stars were collapsing, and the reincarnation of the eternal life was in place. Which surged.

"Who is it, dare to kill me from the Stone Mark Emperor."

Boom!

There was a loud murmur sound, a word that could break all kinds of laws, the world of the dark ancestral land was rumbling and trembling, as if the heavens were shocked.

The Xuying lowered his head, his eyes were like divine rainbows, and instantly fell on Qin Chen and Sikong Anyun below.

boom!

An endless and terrible coercion was suppressed.

"Young Master, is Shihen Supreme, the world-famous master of Shihen Emperor Sect."

Feeling the gaze of this phantom, Sikong Anyun seemed to be suppressed by an ancient sacred mountain, showing shock.

"Oh, he is the Supreme Stone Mark?" Looking at the phantom in front of him, Qin Chen's mouth was smiling, but he did not have the slightest sense of awe: "It's just a phantom, it's just a rune of Divine Mind, and here it is. In the dark ancestral land, it has been suppressed to a certain extent, do you want to show off here?"

? "

Speaking of such words stunned everyone in the audience, without changing their color.

In front of a top powerhouse like Shihen Zhizun, he dared to say such words. Does this kid know what he is doing?

This is Shihen Supreme, the real power of Shihen Emperor in Heiyu Continent.

Perhaps in the Dark Continent, there will be a lot of stronger powers, but in Heiyu Continent, the three powers such as Shihen Supreme are the heavens and gods.

Everything here is under his control.

No one is left to reincarnation of life and death.

"Haha, interesting."

This phantom stared down, with a smile at the corner of his mouth, but in his eyes, there was endless killing intent boiling.

"Even if it is suppressed, how about? A phantom in this seat is enough to suppress the ages, boy, you angered this seat, no matter who you are in this seat, in this Heiyu Continent, no one can disobey this seat. The decree of death, death." A roar that pierced through the heavens and the earth resounded, and a terrifying supreme aura suddenly surged from the phantom body. With a bang, the phantom raised its giant hand, and in an instant, above the sky, there was a The terrifying towering palm appeared, as if it could explode ten thousand

ancient.

This is just a palm of nothingness, but for some reason, when the palm of the stone mark supreme is raised, the power that erupts is more powerful than that of the half-step peak supreme urging the dark star such a broken supreme treasure. Much terrible.

The supreme is the supreme, even if it's just a ghost phantom left behind, even in a place like the dark ancestral land, the will is greatly suppressed, but when it is really going to be shot, no one else can resist it.

Boom!

When this palm fell, the heavens and the earth collapsed, and the killing intent was violent in an instant, as if it could shatter everything in nine heavens and ten earths. Under such a terrifying killing intent, all the creatures of the heavens trembled and shook for it.

With a bang, the palm shattered the sky, one palm day by day, this palm fell, the world was pale, everything was blank, as if the entire sky was bursting, it can be said that the palm of the stone mark supreme is simply invincible.

I don't know how many people are stunned by such a palm, and even the half-step supreme powerhouse can't raise their heads just under the breath of this palm, and they want to lower their heads in horror.

"Haha, good time."

Qin Chen didn't even look at the giant palm that exploded. He smiled slightly and took a big hand. He also pointed out the palm of the sky.

With a bang, Qin Chen's big hand that went out shook, and the half-step supreme-level dark source within his body broke out instantly.

At this moment, Qin Chen's big hand was darkened to the sky, and at this moment, Qin Chen's big hand gushed out endless dark rays, like a giant sticking out the hand of the sky. With a bang, in the face of Shihen Supreme's suppression, Qin Chen still regretted with bare hands. Behind him, like an endless towering figure soaring into the sky, propped up ten thousand realms, propped up the sky, and propped up. Reincarnation for all eternity, propped up the cosmic era

.

Cang Dang! A terrifying roar resounded throughout the world. When Qin Chen and his palm collided with the palm of the stone-marked supreme hand, an explosion and roar like a world-destroying explosion broke out in an instant, a terrifying shock wave swept out, and countless strong people around No one can

To resist this power, one by one spurted blood violently, retreating in horror.

boom!

The terrible dark breath rushed straight into the sky, colliding wildly.

"Bang, bang, bang..." Immediately afterwards, there were bursts of crumbling sounds, and everyone hurriedly raised their heads to see that Qin Chen's body was under this terrible pressure, and he insisted on it, letting it go. The shadow was crushed heavily, but Qin Chen's body was always as solid as a rock, insisting on fiercely in the squally wind and sea.

Chapter 4732 Divine Sense Phantom

"Interestingly, with a half-step supreme cultivation base, it can actually block the attack of the divine mind of this seat, no wonder you have such confidence."

Seeing Qin Chen resisting his own blow, the towering figure let out a roar, and a strange color appeared in Qin Chen's gaze.

And such words caused an uproar among everyone present.

Half-step supreme?

This kid is only half-step supreme cultivation base?

In the distance, whether it was Emperor Shihen or Yi Lao, they all changed color and felt unbelievable.

Only a half-step supreme was able to defeat the joint attack of all of them and kill the four chiefs. Even a half-step peak supreme powerhouse like Elder Yi could not suppress the supreme treasure. I have to say that this result makes People were shocked and couldn't understand.

And what shocked everyone even more was that Qin Chen's half-step supreme cultivation base actually resisted the attack of Lord Shihen Supreme by a divine mind.

The Arabian Nights!

In the imagination of Elder Yi, Master Shihen Supreme is an invincible existence. With one palm down, let alone a half-step Supreme powerhouse, even a Supreme-level powerhouse is afraid of being seriously injured. It may even fall.

But Qin Chen?

A half-step supreme of a younger generation was resisted, what's the joke?

Earlier, Elder Yi and others were actually wondering whether Qin Chen's cultivation base was hidden.

But now Shihen Zhizun's words made them sober, Qin Chen did not hide any cultivation base, it was really just a half-step Supreme.

It's impossible for Master Shihen to be wrong at all.

Qin Chen smiled lightly when he heard the words, "What about a blow to block your divine mind? Even if your main body comes, this seat can directly kill your main body."

"Lunatic, this guy is a lunatic."

"Arrogant, does he know what he's talking about?"

Qin Chen's words shocked everyone present and were speechless.

A half-step supreme young man provoked a mid-term supreme, and said that he would kill the other party. No matter how you look at it, such words are like crazy words like crazy.

"Young people, self-confidence is like, but too arrogant and a little arrogant."

Shihen Supreme Divine Mind Clone let out a cold snort, seeing that Qin Chen could still hold it under his own attack, he immediately shouted angrily.

boom!

I saw the endless power of darkness boiling between the heaven and the earth, and the billowing darkness aura instantly merged into the body of this divine consciousness phantom.

At this moment, for the Shihen Supreme, if he was provoked by such a young man, if he didn't beheaded, how could his Shihen Emperor Sect gain a foothold in Heiyu Continent.

"boom!"

The dark palm that Qin Chen protruded made a creaking sound, and it continued to crumble under the vast ocean aura of the stone mark supreme.

With the full force of this stone mark supreme divine mind phantom, Qin Chen felt an unrivaled force suppressed, as if thousands of ancient sacred mountains were suppressed on his body.

This is the magical blow of the mid-term supreme level Shihen supreme.

When Qin Chen first entered the Infinite Demon Prison, he fought with a strong man of the dark clan. Although the dark clan strong man Gu Yi was only a half-step supreme cultivation base, he had power no weaker than the supreme level.

This is because the Dark Clan has surpassed the cycle of the universe once, and the exercises and rules they have cultivated surpass some powerful men in this universe.

Now, although this stone mark supreme is only the mid-term supreme, but in terms of true strength, it is definitely not weaker than the mid-term peak supreme in this universe, and even more terrifying.

Even a phantom of this person's spirit is enough to suppress ordinary supreme-level powerhouses.

boom!

"Kacha..."

Along with the continuous suppression of the phantom of the gods, the great dark hand that Qin Chen displayed immediately uttered the sound of collapse, and the terrifying force was constantly crushing Qin Chen's body. Come.

Bang bang bang!

Qin Chen's body was constantly bursting with the sound of bones, and these bursts of sound continued to rang, causing everyone to shiver involuntarily.

At this time, many powerful people saw Qin Chen who was still domineering before, but at this moment he was firmly suppressed, trapped firmly under the power of that monstrous darkness, crushed by such suppression, and they couldn't help but feel chills.

It angered the Shihen Emperor, and the end was indeed terrible.

"Father, kill him."

Emperor Shihen let out a ferocious roar, his face ferocious.

Elder Yi was also very excited.

"Boy, today will be your death day next year!" The Stone Mark Supreme Divine Mind phantom said coldly.

"Really? It should be your death day."

Although there was a violent blast on his body, Qin Chen remained motionless, smiled, and said leisurely: "I hope you people from the Shihen Emperor Sect will not die, otherwise, wait until next year today. It's really a shame that no one will worship for you."

"act recklessly."

Hearing Qin Chen even dared to speak such arrogant language at this time, Shihen Supreme suddenly became more fierce and mighty.

Boom!

The dark energy that was mobilized in this dark ancestral land became more and more terrifying and powerful. With a bang, the astonishing power suppressed, Qin Chen's body crackled and bursts, and the dark power poured into his body, as if to It's just like tearing up his body directly.

With a click.

Everyone saw that the dark power of Qin Chen's physical evolution turned out to be like porcelain, with cracks appearing.

On the surface of Qin Chen's body at this time, a series of terrifying supreme dark auras crazily poured into his body, as if to destroy his body directly.

At this time, Qin Chen was like a broken porcelain. As long as it was touched lightly, it might shatter and his body would collapse on the spot.

"Master."

Under the protection of Qin Chen, Sikong Anyun looked anxious, and hurriedly urged the amulet in his body.

In her opinion, Qin Chen is in danger of collapse at any time.

Hum!

Sikong Anyun gritted his teeth, a rune suddenly lit up on her body, and a terrifying supreme power was about to explode.

This is a divine mind phantom left by her father Sikongzhen, once in danger, it can be urged.

Above the sky, Shihen Zhizun's eyes changed slightly, revealing coldness.

boom!

He increased the arrival of the power of darkness, rumbling, and terrifying power continued to pour into Qin Chen's body like an ocean.

He is hurrying to kill Qin Chen.

If Sikong Zhen's divine mind phantom also descends, then he wants to kill the kid in front of him, that would be troublesome.

However, before Sikong Anyun urged Sikongzhen's protective spirit, Qin Chen said coldly: "Put away your protective rune."

"Master."

Sikong Anyun was startled.

"Close it up, don't you think this young man can't deal with this person's phantom spirit?"

Qin Chen's eyes were calm, and although his body was torn apart, he did not seem to panic at all.

[Chapter 4733: To break through](#)

"but..."

Sikong Anyun is anxious.

"If you believe in me, put away the amulet, there is only a phantom of divine mind, this can be destroyed with a few fingers."

Qin Chen said calmly, his expression calm.

This makes everyone speechless, you are almost killed, and you still have such a confident appearance. Who gave you the courage?

boom!

At this moment, the terrifying power of Shihen Supreme rushed into Qin Chen's body madly.

With a bang, Qin Chen's body made a chucking sound, as if it might explode at any time.

"Right, that is it."

Although his body kept blasting, Qin Chen laughed loudly, "Is this really decent, Dignified Stone Mark Supreme, no more effort is needed. Does Shao Ben think you are a sissy? Come on, keep working hard."

Shihen Supreme Shennian Xuying's eyes were cold, and endless anger emerged.

The kid in front of him was still provoking him in this situation, and he really didn't know whether to live or die.

"Since you insist on doing this, then this seat will fulfill you."

Shi Hen Zhizun's eyes were cold, he saw that Qin Chen actually prevented Sikong Anyun from urging Sikongzhen's amulet, he couldn't help but be overjoyed, knowing that this was a golden opportunity.

boom!

At this moment, the phantom of Shihen Supreme's Divine Mind glowed, and a terrifying mid-term Supreme aura exploded directly.

"what!"

In the distance, the old man with white eyebrows, Mo Lin and others, could not bear this power at all. Although the aura of Shihen Supreme was not aimed at them, they knelt directly on the ground under the aura of Shihen Supreme, vomiting blood. , Unable to look at each other.

The mid-term supreme-level aura is too powerful, even if it is just a phantom divine mind of the stone-scared supreme, but one of its origins comes from the real stone-scared supreme, which can arouse the heavens and all things.

Boom boom boom!

At this moment, the entire dark ancestral land was roaring, and between the sky and the earth, strands of dark aura swarmed and gathered in the body of the stone mark supreme, and then, like the ocean, crushed Qin Chen's body and blasted into him. In the body.

Boom!

Dark cracks faintly appeared in Qin Chen's body, almost exploding on the spot.

"Hahaha, is that just a little bit of power? Come on, Dignified Stonemark Supreme, haven't you eaten?"

Qin Chen laughed. Although his body was crushed to split apart, he still enjoyed the appearance very much and laughed wildly.

"This man is definitely a lunatic."

Regardless of the powerhouse, seeing that Qin Chen's suppressed body was shattered under such circumstances, he was still laughing so much that he didn't even bend his body, protecting Sikong Anyun below.

The most unbelievable thing was that Sikong An Yun obviously had the means to counteract the other party, but Qin Chen refused to let the other party use it.

While this is admirable, my heart can't help but tremble.

This is definitely a madman who is not afraid of death.

At this moment, everyone knelt down on the ground and watched this scene with breathlessness. Under the suppression of Shihen Supreme, Qin Chen's body collapsed, and there was no resistance at all.

The dark power cracks on his body make people feel shocking. Although they are not real physical cracks, they can also make people feel the creeps, because this means that the dark power in Qin Chen's body is already disintegrating. , Can't hold on anymore.

But Qin Chen still had his back straight, standing upright, even with a calm smile at the corner of his mouth.

"A madman is a lunatic, and he can laugh like this, abnormal!"

Even if Elder Yi saw Qin Chen's appearance, he couldn't help being frightened.

"Young man, die to this seat!"

After such a long time, after a long time to kill Qin Chen, Shihen Supreme was finally angry.

If it continues to be consumed, even if he kills Qin Chen next, he is afraid that his reputation will be damaged.

boom!

I saw the body of Shihen Supreme, instantly burning.

This is the origin of his divine mind, burning directly, and a terrifying aura that shocks the ages suddenly descends, like a dark tide, pressing down towards Qin Chen madly.

There was a boom.

Just when everyone thought Qin Chen was dead this time.

Suddenly, a crisp roar resounded from Qin Chen's body.

This roar sounded, as if something had been cracked, as if a lock was suddenly opened.

"That's it!"

At this moment, Qin Chen laughed suddenly, and his whole body changed instantly.

boom!

Above his disintegrating body, a series of terrifying auras continued to condense, banging, representing the half-step peak of the supreme aura, all of a sudden, faintly, a supreme power, instantaneously from his body Rushed up.

With a bang, blood rushed into the sky, as if a flying dragon was in the sky, Qin Chen's breath rose several times in an instant, and his originally erected body straightened even more, like a \*\*\*\* who had erected his spine.

Boom!

The vast and endless dark atmosphere drowned everything in an instant.

With a loud bang, under Qin Chen's mighty power, the terrifying attack from the cover of the Shihen Supreme was instantly blocked, and a heavy supreme aura was suppressed, but Qin Chen did not move. Facing the sky, he suddenly stuck out his palm.

Boom!

As if the gods had reached out their gods' hands, they had swept the invincible, unrivaled stone-scarred Supreme Divine Mind phantom attack. At this moment, they were split into pieces instantly, and Qin Chen exploded with a punch.

With a bang, Shihen Supreme's towering body actually flew out directly under Qin Chen's fist, Supreme Qi collapsed, and faintly collapsed.

Such a reversal made people unbelievable, everyone was dumbfounded, and what was even more unbelievable was that Qin Chen's dark air was like a vast ocean, flooding the entire world!

Hum!

An aura that made everyone's heart palpitating came, and the white-browed old man Mo Lin and the others only felt that a terrifying aura was suppressed, and each of them crept deeper.

"Boy, you..."

Shi Hen Zhizun looked at Qin Chen in anger.

You can't believe everything in front of you.

Because at this moment, the aura on Qin Chen's body has reached the half-step supreme pinnacle realm, an astonishing breakthrough compared to before.

"I really have to thank you, the supreme aura is really strong, so that I can break the shackles in my body and understand what the real supreme power is."

Qin Chen stood upright. At this moment, his body was tall and straight, like a demon god.

Previously, it was not that he could not resist, but that he was making use of the origin of the mid-term supreme of Shihen supreme, he was practicing, relying on pressure, and breaking through.

Let a mid-term supreme source clone of the dark clan help him break through. Such an opportunity is extremely rare, and Qin Chen naturally wants to make good use of it.

"you..."

The stone mark is unbelievable.

"It's a pity, your strength is not that great. The power of the source is too weak. This young master still wants to hit the supreme realm. It seems that only your deity can come to satisfy this young man. Wish."

Qin Chen sighed and shook his head.

#### [Chapter 4734: Desperate Spiritual Mind](#)

Then, he looked up at the sky and said with a smile: "But it's okay. Kill your son, if it's your deity, it will come soon."

As Qin Chen said, his eyes suddenly fell on the emperor Shihen.

Emperor Shihen's face was suddenly white.

"No, let's go!"

Without any hesitation, Emperor Shihen turned around and ran. At this moment, endless fear emerged in his heart, and Qin Chen had completely frightened him.

"Since it's here, stay, why bother to leave."

Qin Chen smiled, his blood shook, and with a thud, a powerful dark aura swept wildly towards Emperor Shihen.

Boom boom boom!

Where this dark breath passed, the dark void continued to collapse.

"Boy, looking for death."

When Shihen Zhizun saw this, his face changed drastically, and he couldn't help being shocked. Knowing that something was wrong, he shouted at Emperor Shihen: "Run."

As the words fell, Shi Hen Supreme's original aura suddenly bombarded Qin Chen.

Boom!

In the void, the weak stone-scared supreme source that had been bombarded instantly turned into a huge palm, grabbed and photographed Qin Chen fiercely, squeezing Qin Chen's whole body directly, okay Give Shihen a chance to escape.

However, Qin Chen is fearless. He has a towering figure and chuckles softly: "You couldn't hurt Ben Shao in the heyday of this Dao Yuan Dao before. Now that Yuan Yuan is damaged, how can you stop Ben Shao?"

When the voice fell, Qin Chen raised his palm and blasted out, with a bang, the towering palm of the stone mark supreme, which fell to the ground, was instantly cracked by Qin Chen's bombardment, and instantly turned into dusty powder.

However, amidst the dust, there was an attack that quietly turned into a pitch-black sword and slammed down towards Qin Chen.

This is the mood of a dark sword.

"what."

Qin Chen chuckles, this Stone Mark Supreme still has such a method.

Although the corners of his mouth were surprised and suspicious, his face was calm, facing this sword, he didn't even dodge, just lifted it casually.

With a sound of "clang", this dark sword aura fell and fell on Qin Chen's big hand, sparks were flying everywhere, but Qin Chen was intact and had no scars.

When Qin Chen was still at the half-step supreme cultivation base, this stone-scared supreme source never wanted to hurt him, and now he used the opponent to break through to the half-step supreme peak through the darkness, how could a dark sword aura in this area hurt him? What is he?

It's like a tickle.

"But so."

Qin Chen smiled casually, blasted a punch, and with a bang, this dark sword aura was instantly exploded by Qin Chen.

At the same time, Qin Chen faced the front with his big hand directly out.

With a bang, I saw that the sky and the earth became dark in an instant. The terrifying dark aura Qin Chen displayed directly turned into a giant hand like the sky and the earth, covering it, and taking the stone mark emperor completely.

Under this breath, the Shihen Emperor, who was running at a fast speed, only felt that an endless and terrifying power was coming. His figure that kept flying away was completely imprisoned under this power. Generally, no matter how hard he uses, he can't escape this world.

"Damn it, go."

The Emperor Shihen was furious and boomed, a terrifying aura was released from his body, and when he turned around, a black streamer blasted out, which was the black seal of Zhou Shi.

With a bang, the black seal of Zhou Shi was shot out by the emperor Shihen, it became extremely huge in an instant, with the size of ten thousand meters, the whole body exudes a half-step peak supreme aura, like an ancient sacred mountain, it slammed into Qin. The giant dark hand that the dust protruded tried to knock it away.

"Haha, it's just a half-step supreme treasure."

Qin Chen smiled lightly, his eyes cold.

With a loud bang, the huge black seal of Zhoushi the size of ten thousand meters hit Qin Chen's dark giant hand, making an earth-shattering roar.

But the huge palm that Qin Chen protruded did not move at all. With a light claw, cracks suddenly appeared on the black seal of the ancient sacred mountain, which was instantly cracked by Qin Chen.

Immediately after—

Boom!

The huge black seal of Zhoushi burst open in an instant, and it was directly shattered, and the half-step Supreme Origin of it was instantly absorbed by Qin Chen and dissipated.

Qin Chen didn't even bother to take such a half-step supreme treasure, so he squeezed it and exploded, absorbing the essence of it.

"what?"

Seeing this scene, Emperor Shihen was terrified and trembled in his heart, but he could only watch Qin Chen's big hand fall.

"kill!"

At this moment, the Shihen Supreme screamed, his only remaining source roared, and instantly merged into the body of the Shihen Emperor.

boom!

The aura on Emperor Shihen's body suddenly soared, and in an instant, it faintly reached the supreme level.

This is Shihen Zhizun who has only the original source of his own way, directly integrated into the body of the Shihen Emperor.

The Shihen Supreme is the mid-term Supreme, even if it is one of his origins, it is no small matter.

The emperor Shihen, who has integrated into the origin of Shihen Supreme, is a majestic figure, strong shot, booming, and constantly attacking the dark giant hand displayed by Qin Chen, wanting to bring the emperor Shihen to kill. This world.

But when Qin Chen's big hands were closed, the world was dark, and the entire dark ancestral land was suppressed. This void was directly transformed into Qin Chen's domain, taking charge of everything.

Even if it was the invincible origin of the Shihen Supreme, he still couldn't get out of this world, and the power of suppression made the light on the Shihen Emperor's body unpredictable.

With a "bang", the countless attacks that Stone Mark Supreme violently slashed in the end collapsed. At the last moment, even his own origin was not protected. Under the crush of Qin Chen's big hands, the origin collapsed and turned into a light rain. Shihen Emperor's son escaped from his body.

"Do not..."

At this moment, the Shihen Emperor felt the power in his body dissipate instantly, and he couldn't help but let out a stern roar, but it was no longer helpful.

Because even his father's original clone could not save him, it was even more impossible for him to withstand Qin Chen's attack.

Finally, when he heard the sound of "Boom", Emperor Shihen was directly pinched into a blood mist under Qin Chen's big hands. There was no bones left, and he died.

boom!

The billowing origin was directly swallowed by Qin Chen, especially the strength of the stone trace supreme origin, which was converged by Qin Chen and perceived carefully.

This is the power of the stone mark supreme being stronger than the asura supreme, a mid-level supreme source of the dark clan, it is not trivial.

From this, Qin Chen could feel a lot of things.

Hum!

Sure enough, after perceiving this power carefully, a faint dark light escaped from Qin Chen, and he learned a lot from it.

"Emperor Son."

In the distance, the old Yi who was nailed in the air let out a stern roar, and blood dripped directly from his eyes.

#### [Chapter 4735: One Sword Spike](#)

"Noisy."

Qin Chen glanced at Yi Lao, shook, a dark sword light suddenly appeared between the heaven and the earth, and fell towards Yi Lao.

"Do not!"

Yi Lao roared and banded, and a terrible breath suddenly rose from his body. On his hands, a dark rune appeared. This dark rune burst out with a terrible breath, and slammed into the sky. One block, trying to resist Qin Chen's attack.

However, with a bang, the dark sword light that Qin Chen had displayed fell, and instantly blasted the dark rune displayed by Elder Yi.

puff!

This dark sword light penetrated directly from the top of Old Yi's head, piercing his body and soul.

"I..."

There was a look of despair in the pupils of Yi Lao's eyes.

Spike.

At this moment, he deeply felt Qin Chen's power, which was a spike-level power.

There was a look of regret in his eyes.

When Qin Chen directly swallowed the half-step supreme source in the ruins of the blood tomb before, he already vaguely felt the terrifyingness of Qin Chen, so he directly took the Shihen Emperor and fled.

But later, Emperor Shihen sent a message to the old master and sent many strong men from the dark law enforcement team. In addition, Emperor Shihen had trouble finding Qin Chen, making him think that his side had the possibility of fighting Qin Chen.

What's more, there is an original rune left by the owner in the Shihen Emperor's body.

He felt that no matter how strong Qin Chen was, all this was enough, so he would come again!

But now...

regret!

Endless regrets.

If he had another choice, he would definitely not choose to bring Emperor Shihen to trouble Qin Chen, not only would he ruin the Lord, but also let his soul fly away.

Unfortunately, there is no regret medicine in this world.

boom!

The old Yi's soul immediately collapsed and turned into nothingness.

And when Shihen Emperor and Yi Lao died one after another.

In the Infinite Demon Prison, there is a dark void, with a vast tide of darkness.

In the dark tide, a towering figure who was in retreat suddenly shook his body, stood up all of a sudden, and yelled in amazement: "Lin'er..."

This strong man is Shihen Supreme, the father of Shihen Emperor's son, and the master of Shihen Emperor in this Heiyu Continent.

Rumble!

Accompanied by the roar of this dark powerhouse, the whole world boiled with terrible auras, and the endless supreme power will annihilate the world of this infinite demon hell, blasting, and blasting the dead dark stars all around. Opened, turned into powder.

"Master Stone Mark."

In the distance, a dark strong man was terrified and frightened.

What happened?

Why did Master Shihen suddenly wake up from the retreat, so angry.

It was the first time that he felt such a strong sense of anger from Shihen Supreme after coming to this Heiyu Continent for so many years.

Is something wrong with Emperor Shihen?

"Could it be that dark ancestral land..."

This person is the confidant of Shihen Supreme. He naturally knew that the Emperor Shihen had inquired about Shihen Supreme before, and could not help but trembled all over. If something really happened to the Emperor Shihen, then...

"Lin'er, I will definitely avenge you, no matter who that kid is and what origins he has, I must make him frustrate and ashes for the father!"

At this time, Shihen Supreme gritted his teeth, his fists were clenched tightly, and his nails were pierced into the palm of his flesh.

boom!

The endless breath is boiling, and the entire dark tide is violently surging.

Until now, he couldn't believe that as the son of his Shihen Supreme, someone actually dared to kill his son.

"Come here." Shi Hen Zhizun said coldly.

"Subordinates are here."

On the side, the Dark Race hurried forward.

"According to my order, from now on, summon all the people of the Shihen Emperor Sect in Heiyu Continent to return to the Emperor Sect, replenish their energy and prepare for war."

Shihen Supreme roared angrily.

"Yes, sir." The Dark Race man shivered.

Summon all the people of the Stone Mark Emperor Gate? This is... something big is going to happen.

"Master Shihen, Master Emperor..."

The dark tribe man was sweating, and asked with trepidation.

"I was killed." Shihen Supreme regained his calm and said coldly.

Although the Dark Clan member had long been guessing in his heart, when he really heard it, he still felt unbelievable and lost his voice: "What? How is this possible? In this Heiyu Continent, who would dare to touch Lord Emperor? Not to mention, Lord Emperor. I still have your amulet, my lord..."

"Sagong Holy Land!"

Shihen Zhizun said coldly.

The dark tribe was shocked.

If Sagong Holy Land makes a move, then... it may not be impossible.

But the general power of Sagong Holy Land can't kill the Emperor Emperor. After all, the Emperor Emperor has the amulet of Lord Stone Mark on his body. Could it be that the old fellow Sagong Zhen made the shot?

As if he knew the doubts of his subordinates, Shihen Zhizun said coldly: "It must be the conspiracy of the old fellow Sikongzhen."

"That kid must have been arranged by Sagong Sacred Land, otherwise, how dare you do something on this seat's Liner in this Heiyu Continent? That Sagong Anyun has never urged the amulet, I am afraid... is waiting for this seat's true body to come."

A cold light flashed in Shihen Supreme's eyes, as if he was telling someone under his command, but also as if he was affirming himself.

"Now, this seat is at the critical moment of refining the original power of this Infinite Demon Prison. If we can control and comprehend this infinite power, this seat will be able to advance by leaps and bounds on its original strength and achieve breakthroughs. Chen Lao'er fought and defeated him."

"That's why he deliberately designed to ambush this seat Lin'er. This is forcing this seat to take a shot..."

Shihen Zhizun raised his head, his eyes bloomed with cold light, and he looked in the direction of the distant dark ancestral land.

In fact, when his original phantom was activated before, he had the opportunity to use the original clone to directly descend to that dark ancestral land.

If it is the first time to go, he has a great probability of reaching the dark ancestral land before the original clone is destroyed.

But because Qin Chen was pressed by his clone phantom at the beginning, he thought that one of his original clones was enough to kill the opponent, and when Qin Chen reversed, he had already lost the best time.

Secondly, he was at a critical moment of retreat. Deep down in his heart, he extremely suspected that Qin Chen's appearance was an arrangement of Sagong Holy Land. He deliberately destroyed his retreat and wanted to attack him.

Therefore, he stayed alive and did not come.

Although a son died, although he was angry, the son is a son after all. If he comes by himself and destroys hundreds of millions of years of retreat and sentiment, that would be a huge loss.

"You immediately contact the Linyuan Sacred Sect, Sagong Sacred Land ambushes my son. I, Shihen Emperor Sect, will never give up. I invite Linyuan Sacred Sect to fight Sagong Sacred Land together and maintain the tranquility of this Heiyu continent."

Shihen Zhizun said with a cold voice: "The worst, I can't let the Linyuan Sacred Sect and Sagong Sacred Land unite."

## [Chapter 4736: Record crystal](#)

"Yes!"

The dark tribe man made a respectful voice, and then quickly turned and left.

Once the Shihen Emperormen and Sikong Holy Land go to war, the attitude of the Linyuan Holy Door will be extremely important and critical.

"Sikong Zhen, you should have been waiting for this seat to come, that dark ancestral land, but your base camp, hum, but this seat will never be what you want."

Shihen Zhizun looked at the dark ancestral land, his eyes burst out with endless killing intent.

An outsider who suddenly appeared, dared to do something to his Shihen Emperor Gate? What's the joke? It's not a trap set by the old Sagong Zhen deliberately.

boom!

His figure dived directly into the dark tides, and a series of uninterrupted power quickly surrounded his body, being controlled by a trace of him.

When he can control the power of indistinct power, this Heiyu Continent will completely become his world.

At that time, he will uproot the whole Sagong Holy Land.

Dark Ancestral Land.

boom!

After Qin Chen killed the Shihen Supreme Divine Sense clone, as if nothing had happened before, with a wave of his hand, his figure fell on the ground of this dark ancestral land.

"Master."

The female Sikong looked at Qin Chen in disbelief, and rushed up, her expression excited.

She didn't expect that Qin Chen actually killed Shihen Supreme's Divine Sense clone.

Although she had many speculations about Qin Chen's strength and origins, and knew that Qin Chen's strength was definitely extraordinary, she couldn't believe that even Shihen Supreme's Divine Sense clone could not win Qin Chen.

Especially before, Qin Chen always stood in front of her, which moved her very deeply.

"Ben Shao said, it's just a divine mind clone, there's nothing to care about." Qin Chen said with a light smile, while looking at other people in the distance: "Are you also here to trouble Ben Shao?"

Suddenly, the white-browed elder Mo Lin and the others of the Linyuan Sacred Gate were all full of agitation, stiff and trembling faintly, and they didn't dare to move.

Mo Lin hurriedly said: "Friend...no, you have misunderstood it, my lord, here is the person of the Linyuan Sacred Sect, who has nothing to do with the Shihen Emperor Sect, nor is it coming to see you, the lord, passing by, we are just passing by."

"Yes, we are all passing by." The middle-aged man Junxie and the others also hurriedly said respectfully: "My lord, you are supernatural and invincible. You must be the proud pride of my dark clan. How dare I come before my inner worship is too late. Please trouble me, my lord."

A group of people said one after another, looking terrified.

Oh shit.

This kid dared to destroy the Divine Sense clone of the Shihen Supreme, and killed all the dark law enforcement team of the Shihen Emperor. Even if they joined hands, they were afraid that it would not be enough for the opponent to destroy it with one hand.

When you meet such a lunatic, you shouldn't...should be such a powerful evildoer, bow your head and not be ashamed.

They live outside all year round and naturally know how to live long.

"Sacred Sect of Linyuan?" Qin Chen said lightly: "I heard that your Sacred Sect of Linyuan is also one of the three major forces in the Heiyu Continent. After being empty, it will be destroyed. Will your Linyuan Sacred Gate have anything to do with the Shihen Emperor Sect, will you join forces to target Ben Shao?"

"This..."

Mo Lin, the old man with white eyebrows, collapsed in his heart.

Whether Linyuan Supreme Master will join forces with Shihen Emperor Sect, this is a high-level matter. Although he is also a half-step supreme powerhouse of Linyuan Sacred Gate, his status is at most similar to that of Elder Yi. Door decision?

However, feeling Qin Chen's gaze, Mo Lin felt a spirit in his heart.

"Cough, sir, you laughed, this time it is the stone-marked emperor gate who came to see you for your troubles. The sin deserves ten thousand deaths, and the sin is unforgivable. You should kill them, sir. I am Linyuan Holy Sect Stand with such a despicable person."

The old man with white eyebrows, Mo Lin hurriedly said with a flattering smile.

As soon as he said this, everyone looked at Mo Lin in disbelief.

by!

Is this Mo Lin eating the courage of the bear heart and leopard? Dare to say that about the Shihen Emperor Gate?

It's just, but after they were caught by Qin Chen's gaze, they trembled one by one.

"What about you guys?" Qin Chen said lightly while looking at the others.

The tone was very calm, but it made everyone on the scene fidgeting like needles.

"Yes, yes, yes, that Shihen Emperor's door dare to ask you trouble for you, you deserve it."

"The sin deserves death, this kind of force should have been taught a lesson long ago."

"What stone-marked emperor gate, bullying the small with the big, it should be a lesson."

Everyone said one after another, like a chicken pecking at rice, nodding again and again.

Qin Chen nodded and said faintly: "That's good, Ben Shao believes that the Linyuan Sacred Sect and the forces where you belong are also reasonable. After all, my dark race can travel in this universe and rely solely on domineering, yes. Those who don't live long depend on convincing others with virtue."

"Yes, convince people with virtue."

Everyone nodded again and again.

Go to your uncle to convince people with virtue.

Everyone was about to cry, and now I regret not leaving here in time before. The feeling that life and death cannot be controlled by myself is very bad.

But Qin Chen wouldn't let them go, and no one dared to go.

"What are you doing?" At this moment, Qin Chen suddenly turned his head and looked at Sikong An Yun.

I saw a dark crystal in her hand, recording something.

"Master, this is the record crystal. We have killed so many people at the Shihen Emperor Sect, and even the Shihen Emperor has killed him. The Stone Mark Supreme must be extremely furious, and he will definitely come to the trouble of our Sagong Holy Land when he turns his head. This record crystal It is the evidence that all this is actually the trouble that the Shihen Emperor asked for first."

Sikong Anyun said.

"I..."

In the distance, Mo Lin, the old man with white eyebrows, and the others heard this, and almost no blood spurted out, each of them turned pale.

This is so despicable.

At this moment, everyone's faces were ashen.

They had scolded Shihen Emperor Sect a lot of bad things before. If these words were spread, how could they have a way to survive in this Heiyu Continent?

Shi Hen Zhizun died of his son and was in a state of anger. After knowing that they had said these words, I was afraid that they would be directly obliterated.

"His Royal Highness, is this record crystal..."

Mo Lin, the old man with white eyebrows, trembled.

Is this a big killer? If it doesn't, it will kill them.

"Don't worry, you guys, this record crystal only records the evil deeds of the Shihen Emperor Sect, and it won't involve you." Sikong Anyun smiled.

"but..."

The old man with white eyebrows, Mo Lin, wanted to say, and Qin Chen frowned and looked at Sikong Anyun: "Is there any evidence needed to deal with the Shihen Emperor? If the Shihen Emperor is still ignorant, I will destroy him. , One by one small emperor gate, I want to destroy it, I still need evidence."

"Yes, my lord, you are right." Mo Lin hurriedly looked at Sikong Anyun: "His Royal Highness, you also heard what the lord said..."

"but."

At this time, Qin Chen continued: "It is not bad to let others know the despicability of the Shihen Emperor."

"I..."

The old man with white eyebrows, Mo Lin and the others, were immediately forced.

#### [Chapter 4737: Death forbidden](#)

In the end, Mo Lin, the old man with white eyebrows, both had bitter faces and dare not say any more.

They also saw that Sikong Anyun deliberately dragged their major forces into the water, with a simple purpose, which was to threaten their major forces not to join forces with the Shihen Emperor.

The Shihen Emperor Sect suffered such a big loss, and then, it will inevitably counterattack Sagong Holy Land. This is inevitable.

However, the Shihen Emperormen and Sikong Holy Land have always been evenly matched, and no one can do anything about it. Here, whoever can win over more forces will naturally have more advantages.

Although these people cannot decide the real decisions of their forces, as long as they can say a few words, they can sometimes change something.

at this time.

Qin Chen stood between the vast world of this dark ancestral land, looking at the sky.

He just kept silent.

He didn't speak, and other people naturally didn't dare to leave, they could only stay here nervously.

I don't know what Qin Chen is waiting for.

After a while, Qin Chen shook his head: "It seems that the Stone Mark Supreme will not come, let's go."

After that, Qin Chen took Sikong Anyun straight towards the depths of the Dark Ancestral Land.

At this time, everyone on the court knew what Qin Chen was waiting for.

Are you waiting for the arrival of the stone mark supreme?

hiss!

Everyone looked at each other and sucked in air-conditioning.

Indeed, with the strength of the stone trace supreme, as long as you wish, no matter where it is in the Heiyu Continent, you can descend within a stick of incense.

But they never expected that after Qin Chen killed the Emperor Shihen, instead of fleeing, he stayed here and waited for the arrival of the Shihen Supreme.

This lunatic!

However, everyone is also suspicious, what kind of confidence does this person have, how dare he not put the stone mark supreme in his eyes?

strength?

Absolutely not.

Even if Qin Chen smashed the divine mind clone of Shihen Supreme, it was only a divine consciousness clone. With the invincible posture of Master Shihen Supreme, as long as he came, he would crush this kid to death. Like bed bugs.

But Qin Chen remained unmoved.

What is he relying on?

After going through such a storm, the powerhouses in the Dark Ancestral Land were much less, especially the monks of the Shihen Emperor Sect, not even a single one could be seen.

Prior to this, the Shihen Emperormen was one of the three powers, and there were many strong people here. However, Qin Chen and Sikong Anyun killed the entire law enforcement team of the Shihen Emperor in one go. Killing Yi Lao and Emperor Shihen, such news swept the entire dark ancestral land like the wind in an instant.

This frightened many Shihen Emperormen powerhouses one after another evacuated, and the warriors of the Shihen Emperormen did not dare to stay for a moment.

Now, there are strong people who stay in the dark ancestral land from various forces, but there is absolutely no stone trace emperor gate.

However, many people were also full of curiosity about Qin Chen, and they were shocked to see Qin Chen continuing to the depths of the Dark Ancestral Land.

Outside the Dark Ancestral Land, people like them can still get close, but the depths of the Dark Ancestral Land are absolutely forbidden. It is rumored that even the ancestors of the three major forces dare not easily set foot.

Especially in the deepest part of the Dark Ancestral Land, there is a forbidden area, where the terrifying power of ruining is shrouded all year round, blocking everything, that is an absolute forbidden area.

At this moment, someone secretly looked at Qin Chen to see where he went.

Qin Chen continued to deepen, making everyone more and more frightened.

"This person is actually going to the ancestral restricted area?"

Everyone couldn't help holding their breath, and couldn't help but say nervously.

At this time, everyone in the Dark Ancestral Land was paying attention to Qin Chen's every move, waiting for the result to happen, and they all wanted to see Qin Chen enter the first restricted zone with their own eyes.

Because, for so many years, no one except the ancestors of the three major forces has entered that area, and all those who tried to enter it have died.

After the ancestors of the three major forces entered, they also laid down rules that no one should enter easily. It is a death penalty zone. Those who dare to enter will live and die.

In the early years, some people tried to enter it, because some people were sure that there were the secrets and treasures of the dark race, and even the treasures left by the top royal family who invaded this universe.

This kind of treasure is enough to make any dark people crazy and make people take risks.

But over the past hundreds of millions of years, when all the people who entered it have fallen, and no one can come out alive, everyone has gradually given up entering this place.

Moreover, as time passed, that area became special, even if outsiders wanted to enter, they couldn't do it.

Now, Qin Chen actually wants to enter such a restricted area, which makes people not surprised.

"impossible."

Many people are inhaling air-conditioning, not only because of the horror of the forbidden area, but also because of the fact that they have not been able to enter that area for hundreds of millions of years.

There, it has become a real death penalty zone.

"This person, I'm afraid I'm just here to try it. Since the ancestors of the three major powers entered the area and then exited, even the most stunning and stunning people will not be able to enter, let alone this person. , Although this person is extraordinary in strength and young, he is already a strong person at the top of the half-step peak. But there, it is the forbidden place of the supreme."

Many people talked secretly.

On the road, Sikong Anyun was also preventing Qin Chen from entering.

She told Qin Chen that her father had told her that there were the remains of many fallen ancestors who invaded the universe in that forbidden area. Those ancestors are all supreme cultivation bases. Compared with the Asura supreme, each of them is not self-improving. weak.

They fell there. For hundreds of millions of years, the terrifying blood grave formed a terrible prohibition, preventing anyone from entering.

Anyone who enters, even the people of the dark race, will be attacked by them and turned into dust if they disturb their sleep.

However, Sikong Anyun's words did not stop Qin Chen.

Qin Chen is extremely firm, because he knows where the Demon Soul Source Device is located, and the remains of those Dark Race powerhouses are not sleeping there, but are constantly trying to crack the Demon Soul Source left by the ancestors of the deep demon. Device prohibition, in a vain attempt to obtain the magic soul source device.

Once you get the Demon Soul Source Device, you can control the entire Demon Realm.

I don't know how long it took before Qin Chen finally came outside the forbidden area. He walked in with Sikong Anyun, who must follow him.

When Qin Chen and the others took this first step, they didn't know how many people had a heartbeat, and they couldn't help but become nervous.

"impossible!"

The next scene shocked countless people in an instant. Seeing such a scene, even some people couldn't help but yelled out in shock.

At this time, countless pairs of eyes saw an incredible scene, Qin Chen and Sikong An Yun stepped into the restricted area, and step by step to the depth of the entry.

"This... this is impossible."

Someone took a breath and exclaimed in exclamation.

#### [Chapter 4738: Body collapse](#)

In the history of the Dark Ancestral Land, no one has been able to break into it for many years, but now, Qin Chen and Sikong Anyun have stepped to the deepest part of the forbidden land. How such a scene is not surprising.

Under all eyes, the two slowly walked towards the depths of the forbidden ground.

boom!

In the dark forbidden ground, the sky was trembling, and the billowing dark aura continued to surge, impacting on the two of them like a vast ocean.

These powers contained terrifying killing intent, constantly infiltrating the bodies of the two of them.

puff!

Sikong Anyun's face turned pale, and blood spurted out immediately.

She is as strong as the half-step pinnacle supreme level, but she has no way to resist the invasion of this dark air.

Not only her, but Qin Chen also felt a faint tingling sensation.

"This power..."

Qin Chen condensed his eyes and waved casually.

boom!

An invisible barrier formed, protecting Sikong Anyun, making her feel relieved instantly.

Sikong Anyun's face turned ruddy, and he said gratefully, "Thank you, Master."

"Let you not follow, look at you..." Qin Chen shook his head slightly.

Sikong Anyun hurriedly said: "But how can I let Young Master you take the risk alone, and, one more person, one more helper, not to mention..."

Sikong Anyun gritted his teeth, "Father has a palace here. He once told me that if you encounter danger in the Dark Ancestral Land, no matter where you are, you can directly report his name, so I thought..."

Qin Chen smiled and said, "Well, I don't mean to blame you, just follow me, but you have to follow me closely, otherwise I can't guarantee your safety."

Sikong Anyun held Qin Chen's robe with snow-white hands, his face ruddy and said, "Thank you, Master."

"This little Nizi, don't you like you?" At this time, in the chaotic world, Honghuang Zulong looked weird and said: "It's really unreasonable, your kid is not how I am compared to Long Ye? I am not as handsome as Long Ye, and I am not as strong as my Long Ye. How come a woman is as good as Long Ye? Even this Yu

Xiao Nizi of the dark clan in Zhouhai are all attracted by you, you are no taboo, all clan eats all! "

Qin Chen said silently: "Shut up."

This old thing didn't move at other times, and was so enthusiastic when it came to women.

Qin Chen even wondered if this old dragon died in the hands of a woman.

Too lazy to pay attention to the great ancestor dragon, Qin Chen raised his head to feel the impact.

"Top dark power."

Qin Chen murmured.

The power of darkness that hit him was extremely terrifying, extremely condensed, and close to the supreme level, which made Heavenly arrogance like Sikong Anyun also instantly injured.

And this kind of dark power is constantly impacting, and you can feel that the further you go in, the stronger this impact.

It is no wonder that almost no one can break into this dark forbidden ground, and even he feels a tingling sensation, fearing that the general supreme breaks in and will easily get hurt.

Hum!

In front, an invisible restriction pervaded, preventing Qin Chen from entering.

"This prohibition..."

Qin Chen raised his hand and immediately felt a terrifying supreme aura, permeating it.

Sikong Anyun sucked in air, "It's a supreme prohibition."

She was surprised.

No wonder that in the past hundred million years, almost no one has been able to break into this forbidden land. With this supreme-level restriction alone, it is by no means an ordinary powerhouse that can break through, except for the supreme, who can break through?

"Master, this supreme prohibition, only the supreme-level powerhouse can break through, we..."

Before Sikong Anyun's words fell, he saw that Qin Chen had stretched out his hand to directly touch the supreme restraint. Boom, the entire restraint, bursting with light in an instant, countless restraints circulated rapidly, and they gathered towards Qin Chen, seemingly about to launch violently. attack.

Sikong Anyun exclaimed: "Master, be careful."

She squeezed the amulet left by her father. However, before these bans launched their attacks, the many bans in front of him suddenly and slowly glowed, and I saw Qin Chen's right hand tapping lightly, a special flavor blooming, and the bans in front of him were urged by Qin Chen to slow down Slowly revealed

A gap.

Sikong Anyun's red lips suddenly became rounded, "This..."

"Let's go." Qin Chen smiled, his expression calm, and stepped into it.

During this period of time, he was not just wandering around in the Heiyu Continent, but was learning a little bit about the power of the Dark Clan.

Master the barbarians' skills to control the barbarians!

If you don't understand the dark race, how can you defeat the dark race?

He was able to break the restriction before breaking through and break into this Heiyu Continent, and now his understanding of the power of darkness has advanced by leaps and bounds. How could this mere supreme restriction be able to stop him.

Hum!

The two of them shook their bodies and suddenly disappeared outside the penalty area.

now.

The outside world has already caused an uproar.

"This kid and the female Sikong have disappeared?"

"Really entering the forbidden land? How is it possible?"

"Hiss, terrible? How many thousands of years? No one has ever entered the ancestral area. I didn't expect to see it again."

A series of shocked sounds sounded, and many people were shocked and couldn't believe their eyes.

Restricted area.

As soon as Qin Chen entered, his face suddenly changed.

"boom!"

A terrifying force invaded in an instant.

Rumble!

I saw the endless black clouds shrouded in the sky in front of me, and huge blood tombs stood between the sky and the earth, blooming with a shocking breath.

At the same time, the power of darkness in these surroundings seemed to perceive the invasion of outsiders, and the dark blood light instantly turned into a blood-colored spear that penetrated the sky, and shot out at Qin Chen and Sikong Anyun below.

boom!

The void in front burst directly, and there was endless stream of light on the blood-colored spear, suppressing Qin Chen and Sikong Anyun, and falling straight down.

When the gun fell, Sikong Anyun had a strong sense of crisis in his mind, as if facing the \*\*\*\* of death, there was an illusion that he would be wiped out in an instant.

"Master, be careful."

Sikong Anyun exclaimed, gritted his teeth and roared, half a step of the power of the peak supreme rushed from her body, the strength in her body was condensed, and it instantly turned into a sharp sword to the sky, and the blood-colored spear was cut with a sword.

boom!

The spear fell, the sword light shattered, and Sikong Anyun was blown upside down in an instant.

When her figure fell, her physical body had already begun to collapse, and the light of the soul had dimmed.

One sword.

The body collapsed!

The soul is wounded.

Sikong Anyun was stunned.

"I..."

At any rate, she is also a half-step peak supreme-level Tianjiao. In terms of true strength, even close to the supreme, she was shot in seconds?

Qin Chen's pupils also shrank, and this shot was so powerful.

Supreme-level attack.

Qin Chen raised his head and saw that after a shot of the blood-colored spear, they gathered again and blasted towards Qin Chen. Qin Chen's eyes were indifferent, the power of infinite darkness instantly gathered in his right hand, and then burst out with a punch.

#### [Chapter 4739: Dark Blood Thunder](#)

boom!

A terrifying dark fist swept out, where the fist swept through, and the void collapsed.

Hard and scarlet spear.

Boom!

Qin Chen's black fist might collide with the blood-colored spear in the void, and an earth-shaking roar was heard in an instant, and a huge spatial vortex appeared in the place where the two sides attacked and collided.

This space couldn't bear their strength, and it collapsed directly.

Boom!

This blood-colored spear was directly destroyed by Qin Chen's blow, and Qin Chen's fist power was also directly shattered, turning into a dark atmosphere and scattered everywhere.

Qin Chen's eyes narrowed slightly.

The power of this scarlet spear was more powerful than he had imagined.

"what."

A soft voice suddenly sounded between heaven and earth.

The voice was extremely low, old, and simple, and at the same time deadly, as if an old antique that had slept for hundreds of millions of years crawled out of the tomb and spoke coldly.

"Interestingly, it was able to block the blow of the ancestor, but unfortunately, those who trespass in the dark forbidden land, die!"

The voice fell, and another blood spear condensed in the void.

Boom!

This blood-colored long spear had just condensed, and blood-colored thunders suddenly appeared between the world and the earth, and the blood-colored thunder lights burst and fell, like blood-colored thunder snakes winding in the void.

These blood-colored thunder lights were blessed on the blood-colored spears, and an aura of destruction that collapsed the heavens and the earth spread instantly.

"Dark Blood Thunder!"

Sikong Anyun exclaimed.

This is a terrorist attack that can only be performed by the strong who control the extremely powerful law of darkness.

"Yes, it is the dark blood thunder, the little girl has a good knowledge."

boom!

In the exclamation of Sikong Anyun, this scarlet spear containing a terrifying thunder light suddenly burst out.

Where the blood-colored spear passed, the void was instantly compressed into a point, and the blood-colored spear suddenly disappeared.

No, it's not that it disappears, but the speed is too fast, so fast that it is invisible.

next moment.

boom!

This blood-colored spear suddenly appeared again, and at this time, the tip of the spear had already arrived in front of Qin Chen, only one meter away from Qin Chen's body.

A sharp look flashed across Qin Chen's eyes.

The dark breath on his body instantly boiled, and then blasted out with a punch.

boom!

With the same punch, this punch blasted out, and all the power of the void in front of Qin Chen instantly condensed on his fist, as if condensed into a single point, and then collided with the blood-colored spear suddenly.

Boom!

An indescribable roar resounded.

The void on this side collapsed directly, and all matter was annihilated in an instant.

Amid the violent roar, a terrifying impact instantly blasted into his body, turning the river into the sea in his body.

With a bang, Qin Chen's figure retreated frantically, and under this shot, he was directly shocked and flew tens of thousands of meters away.

As soon as Qin Chen stopped his figure, the void behind him shattered directly, unable to withstand the impact.

"Master!"

Sikong Anyun exclaimed, his expression nervous.

"Huh, it's blocked again? But it's not over yet."

The ancient voice said coldly.

Sure enough, as soon as his words fell, there was a thunderous sound, and suddenly there were horrible \*\*\*\* thunder lights in the void of Qin Chen's body.

Although the blood-colored spear was extinguished, these dark blood thunders had never been wiped out, and at some point, they had already come to Qin Chen's body, crackling, and countless blood-colored thunder lights instantly covered Qin Chen.

boom!

The billowing \*\*\*\* thunder light crazily poured into Qin Chen's body.

Qin Chen's face changed slightly.

This \*\*\*\* thunder light contained terrifying destructive power, which was much more terrifying than the previous attacks of the Stone Mark Supreme's Divine Sense clone.

Qin Chen felt that if he allowed these \*\*\*\* thunder lights to wreak havoc in his body, he would most likely be injured.

Qin Chen's eyes condensed, just about to spur the blood of the Dark King.

suddenly.

puff!

These dark blood thunders entered his body, like a stone sinking into the sea, and disappeared in an instant.

No, it's not disappeared, but as if absorbed by his body.

Qin Chen stretched out his hand.

Crackling!

A \*\*\*\* thunder light instantly condensed and formed in the heart of his palm, constantly flickering.

Qin Chen's face suddenly became weird.

Not only did his body absorb these dark blood mines, but it was also able to condense these dark blood mines again.

"Could it be my Thunderblood?"

Qin Chen's heart moved?

Except for this possibility, Qin Chen couldn't think of other possibilities.

But can his own thunder bloodline be able to absorb the regular blood thunder of this dark clan?

And when Qin Chen doubted.

"The ruling \*\*\*\* thunder is really powerful. This old thing of the dark clan dares that dark blood thunder to deal with you, not knowing whether to live or die." Honghuang Zulong suddenly sneered.

"Judgment God Thunder? Aristocratic Ancestral Dragon, do you know the power of thunder in my body?"

Qin Chen questioned.

At this time, he suddenly remembered that when she first met the ancestral dragon, the ancestral dragon had also said that the thunder in his body was the \*\*\*\* of ruling thunder. "Ahem, I can't count as an acquaintance, I can only be regarded as having heard some legends. This ruling divine thunder is the highest divine thunder in the universe, and it is invaded by ten thousand thunders. As for its origin, the original ancestor is actually not very clear, anyway. , The thunder on you is really awesome

Yes, the other ancestors don't know. "

Honghuang Zulong hurriedly said.

For some reason, Qin Chen seemed to feel that this great ancestor dragon was hiding something.

However, at this time, he didn't care about asking so many questions.

"You are not afraid of the dark blood thunder of the ancestor? How is it possible?" The ancient voice said shockedly.

There was shock in this voice, but also in disbelief.

"My ancestor's dark blood thunder is a rule. How can you stop it? My ancestor doesn't believe it."

Accompanied by the roar of this ancient voice.

boom!

Between the heaven and the earth, a series of terrifying auras gathered again in an instant, banging, a huge dark blood thunder condensed in the void.

In an instant, an aura of ruining the world filled the air and locked Qin Chen.

Before this \*\*\*\* \*\*\*\* thunder fell, Sikong Anyun's wounded soul had already begun to tremble.

She hurriedly said: "Senior, we are from Sagong Holy Land. The younger Sagong Zhen's daughter, Sikong Anyun, has met Senior."

Sikong Anyun hurriedly came to Qin Chen and said loudly.

"Sikong Holy Land? Sikong Zhen?"

There was a hint of doubt in this ancient voice, and then it seemed to remember something.

"It's the guys who made mistakes and stayed to guard this continent!"

There was a cold voice in this ancient voice: "For the sake of you are the daughter of Sikongzhen, if you go away, the ancestor will not kill you, but this kid...the ancestor can't stay."

The Scarlet God Thunder made a rumbling roar and exploded with terrible power. Sikong Anyun hurriedly said: "Senior, this person is also from our Sagong Holy Land, please also senior..."

#### [Chapter 4740: Si airborne](#)

Before Sikong Anyun finished speaking, the other party had already interrupted him.

"Sikong Holy Land, huh, is it amazing?"

The quaint old voice hummed coldly: "For your father's sake, my ancestor has already saved you. If you don't leave, you are still talking nonsense, do you want to die? Don't you go!"

"As for this kid, he can actually ignore the ancestor's \*\*\*\* \*thunder, how can the ancestor let him go, the ancestor will have to see what is special about this person."

The voice falls!

With a bang, the terrifying dark aura condensed between the heaven and the earth, and continuously blessed on the dark blood thunder. In an instant, the endless thunder light burst out from the dark blood thunder, turning into a thundering star.

boom!

The scarlet thunder shook and fell down instantly.

"Be careful."

Sikong Anyun's expression changed, and he hurriedly stood in front of Qin Chen, trying to resist for Qin Chen.

But Qin Chen's figure shook, and he had already come before the Scarlet Thunder.

"It's just a mere dark blood mine, don't worry!"

Qin Chen sneered, a sharp look flashed in his eyes, and he didn't avoid it. He just snapped the dark star that fell down like a blood moon.

Boom!

A thunderous roar resounded throughout the world, and this \*\*\*\* \*thunder continued to explode and roar in Qin Chen's palm.

Boom boom boom...

Qin Chen's entire body, blood-colored thunders continued to spread, and these \*\*\*\* thunders continued to explode, constantly retreating Qin Chen's impact. Wherever he passed, the void was exploded by Qin Chen's body into a dark ravine. .

But in the process of flying backwards, the star-like blood-stained thunder constantly tried to explode Qin Chen, and the terrifying thunder light, like dense hail, madly bombarded Qin Chen.

But it was like falling to the sea, and the smoke disappeared.

puff!

Finally, Qin Chen stopped, his right hand squeezed suddenly, and the last trace of \*\*\*\* thunder was instantly squeezed by him.

Crackling!

On Qin Chen, blood-colored thunder lights wandered around, but this thunder light was like a blood-colored armor forming on him, becoming his own strength.

"Dark blood thunder, it's kind of interesting."

Qin Chen narrowed his eyes and said.

The previous huge \*\*\*\* thunder light has been completely swallowed by him and turned into his own power.

"Smelly boy, it's impossible!"

In the restricted area, an angry roar sounded.

Hum!

Looking with the naked eye, one could see that in the depths of the forbidden ground in the distance, a huge blood grave burst into the sky in an instant, and the breath rushed straight into the sky, as if to blast down the stars above the sky.

The infinite aura instantly condensed into a towering phantom tens of thousands of feet high, and the phantom had double horns on his head, forming a crown on the top of his head.

This phantom burst into a palpable breath, but Qin Chen's brows wrinkled slightly.

Death!

In this lofty and tall phantom, he felt a strong breath of death.

The phantom in front of him was like the Asura Supreme before that, it was a dead person.

However, it lives in a special way.

Extremely weird.

But Qin Chen's gaze converged directly in the depths of this restricted area.

In addition to the big tomb under this phantom, in the depths of the restricted area, in a vague way, there are many big tombs towering.

And at the core of this restricted area, there is a towering dark sphere, like a star.

Around the sphere, there were a series of terrible restrictions, and in a vague way, one could even see each other colliding and confronting each other.

"There, it should be the location of the Demon Soul Source Device."

Qin Chen narrowed his eyes.

If you want to enter the location of the Demon Soul Source Device, you have to pass through the tombs, and the difficulty is by no means ordinary.

But at this moment, Qin Chen didn't have much energy on the big grave.

Because of that towering phantom, after towering in the sky, it directly opened a pair of blood pupils that looked like blood eyes, and there was a terrible breath blooming in the blood pupils.

Rumble!

Above the sky, a dark cloud formed, and within the dark cloud, the billowing thunder light flashed out, as if a god's punishment came to the world, locking Qin Chen below.

boom!

In the boundless thundercloud, a black lightning spear condenses and suppresses the Quartet.

"Boy, even if you are a legendary dark thunder body, can you fear any thunder? My ancestor will definitely suppress you."

The towering phantom made a sound of fright and anger, and the blood-colored pupils locked Qin Chen firmly.

boom!

The terrifying breath surged above the thunder spear.

Seeing that the thunder spear was about to blast down towards Qin Chen.

at this time.

Hum!

In Sikong Anyun's body, a terrifying aura burst out, and with a bang, he saw a golden rune bursting into the sky from within Sikong Anyun's body for an instant, and then, a terrifying supreme aura formed between the heaven and the earth.

Vaguely, one could see that a towering figure suddenly rose to the sky from the golden rune that appeared on Sikong Anyun's body.

This is a middle-aged man in a white robe, his head is in a bun, and there is a dark mark on his eyebrows, and his face is quite handsome.

No wonder it was possible to give birth to such a beautiful woman as Sikong Anyun.

As soon as this person appeared, a terrifying supreme aura gathered and stopped in front of Sikong Anyun.

"father."

Sikong Anyun hurriedly shouted.

At the moment of the crisis, she worried that Qin Chen had an accident, and she still urged the amulet left by her father.

This powerful white robe was Sikong Zhen, the master of Sagong Holy Land in the Heiyu Continent.

"Master, this is my father, he will be fine with him."

Sikong Anyun said hurriedly.

She was too worried about Qin Chen, so she had to summon her father at the moment of crisis.

"Humph."

As soon as Sikong Zhen appeared, he coldly snorted at Sikong An Yun, and then silently glanced at Qin Chen.

boom!

There seemed to be a sharp blade piercing Qin Chen directly.

This look was extremely sharp, as if to see through Qin Chen's heart.

"Father, this is..." Sikong Anyun wanted to introduce Qin Chen to Sikongzhen, but at this point, she didn't know how to introduce Qin Chen.

Because she didn't know Qin Chen's true identity, she only knew Qin Chen, who was extremely unusual.

"The good thing you have done is known to my father." Sikong Zhen looked at Sikong Anyun with an ugly expression, "The person who killed the Shihen Emperor Sect, you still dare to roam in this dark ancestral land without coming back. , Even breaking into this dark forbidden zone, you are going to

Are you mad as a father? "

The noise Qin Chen and the others made in the Dark Ancestral Land was too great.

Now, the news of the death of Emperor Shihen, Yi Lao and others has long been transmitted to the many forces in Heiyu Continent like a gust of wind. With Sikongzhen's identity and status, wouldn't he know it? However, when Sikong Zhen saw Sikong Anyun, his heart shook suddenly.
