Chapter 4741 Kun Demon Palace

Because it didn't take long to see him, Sikong Anyun actually improved his cultivation base more than when he left the holy land, and his cultivation base had reached the half-step peak supreme realm.

This kind of growth shocked even him.

Is this still your own daughter?

"This one should be the young master in your mouth, right?" Sikong Zhen turned his head and looked at Qin Chen.

Sikong Anyun's face suddenly showed embarrassment.

Sikong Zhen said calmly: "Our Sagong Holy Land is in the Dark Clan. Although it is not a top-notch power, it is not a force that can ride on our Sikong Holy Land. You, as the heir of our Sikong Holy Land, are outside. I don't want to lose my face in Sagong Holy Land if I recognize the young master so randomly?"

Sikong Anyun flushed, and hurriedly explained: "Father... things are not what you think, Master He does..."

"Okay, you don't need to explain more."

Sikongzhen turned his head and looked at Qin Chen, "Young man, I heard that you want my daughter to be your maid?"

boom!

A terrifying gaze instantly fell on Qin Chen, faintly attacking with astonishing coercion.

Qin Chen looked calm and looked at Sikong Zhen.

This person is Sikong Zhen, the ruler of the Sagong Holy Land in the Heiyu Continent?

In the face of the coercion from Sikong Zhen's suppression, Qin Chen remained unmoved, his expression not fluctuating at all.

Who hasn't Qin Chen seen before?

Sword Ancestor, Xiaoyao Supreme, Yuanmo Ancestor, which one is not really scary?

A mid-term supreme of the Dark Clan, and it is only the coercion of a clone, how can it be able to suppress him?

Qin Chen calmly said: "Yes, this is indeed what Ben Shao said, but it's not that I want to let him, but Ben Shao sees Sagong An Yun's talents. If she is willing to serve Ben Shao, Ben Shao can barely accept her. Maid. But if she is unwilling, this young man will not force it."

After saying this, Qin Chen looked at Sikong Zhen.

"And you..."

Qin Chen nodded slightly and said: "A mid-term supreme, barely strong enough, for the sake of Sikong Anyun, if you want, you can come to Ben Shao to serve as a guard, Ben Shao can protect your future in Sikong Holy Land."

This statement came out.

Both Sikongzhen and Sikong Anyun were dumbfounded.

Even the towering phantom showed a look of astonishment.

Who is this kid?

Isn't this so arrogant?

"Let me be your guard? Hahaha."

Sikongzhen suddenly laughed.

How dare to say such a thing.

Although he is not the top powerhouse in Sagong Holy Land, he is also the most outstanding figure in the middle generation, the supreme powerhouse in the mid-term.

Let yourself be such a strong man to be his guard for such a young man.

Really dare to say.

Qin Chen said lightly: "Why, unwilling? You have to think carefully. If you lose this opportunity, you may not be willing to do so in the future. This will be the loss of your Sagong Holy Land. I am afraid that your Sagong Holy Land will regret your whole life in the future. ."

Si Kongzhen's face gradually became serious.

Because when Qin Chen said this, his expression was extremely calm and he didn't mean to be joking at all.

That kind of calmness is definitely not something ordinary people can pretend.

"Hahaha, let's talk about it, let's talk about it."

Sikong Zhen laughed, his gaze shifted, but he didn't refuse directly.

Then, he turned his head to look at the towering phantom.

"Old Ancestor Dark Thunder, I am offended by the people of Sagong Holy Land today. I am here to apologize for them. I also ask Old Ancestor Dark Thunder to give me a lot of face. I will immediately bring my little girl back and take a good lesson."

Sikong Zhen said with his hands.

The towering phantom's eyes were gloomy and coldly said: "Sikong Zhen, for the sake of your guarding the Heiyu Continent for so many years, my ancestor gave you such a face, your daughter, my ancestor didn't plan to do anything, it was her. Don't want to leave, but that kid..."

The ancestor of the dark thunder looked at Qin Chen, with blood in his pupils skyrocketing: "This person can ignore the ancestor's dark blood thunder, I am afraid it will not be so easy to leave."

Ignore the dark blood and tears?

Sikongzhen glanced at Qin Chen in shock, but smiled and said, "The dark thunder ancestor said and laughed. This person is a guest of our Sagong Holy Land. Since this seat is here, he naturally wants to take it away with him."

Qin Chen's face was calm, but he was surprised that Sikong Zhen would actually refute the other party's conditions for himself.

Sikong Anyun shook his body and went straight to Qin Chen, whispering quietly: "Master, don't worry, father will never leave us alone."

The dark ancestor's complexion instantly turned gloomy: "Sikong Zhen, are you going to defy the ancestor?"

Sikong Zhen smiled slightly: "Dark Thunder ancestor laughed, ancestor you are the top powerhouse of my dark clan. Back then, I was the vanguard of my dark clan invading this universe, outstanding. How dare you defy the dark ancestor."

"However, this person is indeed a guest of our Sagong Sacred Land. Our Sikong Zhenyan can have a reason to leave the guests here regardless, so please forgive me, An Lei Ancestor."

The ancestor of the dark thunder snorted coldly: "If the ancestor insists on leaving him?"

boom!

Above the sky, a series of terrible clouds surged, and at the same time, a series of thunder lights appeared between the sky and the earth, wandering frantically.

Sikongzhen still smiled and said: "Then I am afraid that I will have to compete with the Ancestor Dark Thunder."

"Only you?"

The dark ancestor snorted and banded. There was endless aura blooming on his body. He sneered and said: "Sikong Zhen, you are just a ghost shadow. In this dark ancestral land, even if your body arrives, it will take a while, you Don't you believe that this ancestor can destroy you in this moment?"

Rumble!

There was thunder roaring in the sky, and a terrible breath suppressed it.

"Hahaha."

Sikong Zhen laughed, but just smiled, and a breath of heaven on his body also instantly surged.

Sikongzhen smiled and looked at the lofty phantom, "Ancestor Dark Thunder, this is indeed just a clone of this seat, but this seat has been operating in this dark ancestral land for so many years. Although it is

to redeem merits, it is also regarded as a dark ancestor. I have made great contributions to the establishment of the earth, not to mention that this seat is not unprepared in the Dark Ancestral Land."

Boom!

The voice fell.

Suddenly, the entire dark ancestral land suddenly vibrated at this moment.

Outside the dark forbidden area, many powerful men are staring into the forbidden area. I don't know how Qin Chen and the others live or die. Suddenly, they saw that in another depth of the Dark Ancestral Land, with a bang, a towering palace suspended and turned into A meteor suddenly hovered outside this dark forbidden area.

This palace is magnificent and vast, towering majestically, like a magic palace, suspended above this dark forbidden area, bursting out endless magic light.

"Kun Demon Palace!"

"It's Master Sikongzhen's Kun Demon Palace."

"It is rumored that Master Sikongzhen has a palace in this dark ancestral land. He has been guarding this dark ancestral land for hundreds of millions of years. It is a supreme treasure that has never appeared before. Why is it suddenly dispatched today?"

At this moment, all the strong men in the distance who saw this scene showed shocked expressions, their expressions were extremely shocked.

[Chapter 4742: Ancestors](#)

boom!

Kun Demon Palace descended directly on the restricted area of the Dark Ancestral Land.

This palace, as high as hundreds of millions of meters, bloomed with endless terrifying aura, and the magic light was shining brightly.

Rumbling.

The billowing dark magic pouring down, like a heavy waterfall, actually broke through the forbidden area of the dark ancestral land, directly fell on the body of Sikong Zhen Zhizun in the forbidden area, and merged into his body.

outside world.

Everyone looked at this scene in shock.

"This...what the **** is going on?"

"Master Sikongzhen's supreme treasure was actually activated, heaven, is it because the Shihen Emperormen and Sikong Holy Land are about to go to war?"

"But in this dark forbidden ground, there is no strong man from the Stone Mark Emperor Sect, right?"

Everyone was shocked, their expressions were shocked.

There has never been such a scene in the history of the Dark Ancestral Land for hundreds of millions of years.

"No, just now, after Her Royal Highness Sikongzun entered the forbidden area, Master Sikongzhen's Supreme Treasure Kun Devil Palace was activated. Could it be that Her Royal Highness Sikongzun encountered any danger?"

Suddenly, someone said.

Everyone was shocked when he said this, and they looked at each other with horror on their faces.

This... is really possible.

Combining with the previous Sagong Anyun entering the dark forbidden area, everyone suddenly felt that it was very likely that Sagong Anyun encountered some danger that caused Sagong Zhen's palace to be activated and guarded.

hiss...

But this Sagong Holy Land is too bold. It is rumored that in the depths of the Dark Forbidden Land, the corpses of countless dark ancestors were buried. Is this Sagong Holy Land to be disrespectful to the dark ancestors of the year?

"Look carefully, if Sikong Holy Land really fights certain dangers in the dark forbidden zone, this is probably a major event."

Everyone held their breath and stared at them for a moment.

In the dark forbidden area.

Beyond the mystery of the forbidden area, terrible dark powers descended. Looking up, you could see a huge, star-like dark palace covering the sky and the sun, standing outside the dark forbidden area, blooming with endless black light.

These dark powers continued to descend on Sikong Zhen's body, and the darkness of Sikong Zhen's whole body bloomed, and the whole person seemed to have become a dark demon god.

The aura on his body is extremely solid, not like a divine mind clone at all, but like the main body descending.

Sikongzhen looked calmly at the towering phantom: "Now I don't know whether the dark thunder ancestor can kill this clone before this seat's real body arrives."

The corners of his mouth were smiling, and although his tone was gentle and not harsh, the threat and arrogance contained in it were creepy.

This... is where his confidence lies in Sikongzhen.

How many years did he manage this dark ancestral land? There is even one of his supreme treasures here. With these cards, he hardly fears anyone.

This is also the reason why Shihen Supreme didn't dare to rush to the Dark Ancestral Land.

If it is a trap of Sikong Zhen, then he will definitely be dangerous.

"you..."

boom!

The dark thunder surging, like the catastrophe of the doomsday.

The Dark Thunder Ancestor stared at the Kun Demon Palace outside the dark forbidden area, and under the blessing of the Kun Demon Palace, the avatar of Sikong Zhen Shen Nian, whose breath had soared several times, his face was pale.

Shivering with anger.

If it was just a divine mind clone of Sikong Zhen, he would be able to kill it easily with his full force.

But now...

Under the blessing of Kun Demon Palace, Sikong Zhen's divine mind clone has become a fake, and its strength has been increased by more than several times, plus the blessing of Kun Demon Palace, the supreme treasure.

He wanted to kill this divine mind clone in a short period of time, it was almost impossible.

"Sikong Zhen, what on earth are you going to do?" Old Ancestor Dark Lei squinted and shouted, "Don't forget, your Sagong Holy Land is a sinner. Stay here to redeem your sins. If you destroy the plan above, Can you...can afford it?"

Ancestor Dark Thunder said with a cold voice.

The three major forces like Sagong Holy Land are sinners, and ordinary people outside don't know it, but how can the supreme powerhouse who had personally experienced the coming of darkness know that.

"Thank you for the reminder of the ancestors of Dark Thunder, but you know whether our Sagong Holy Land is a sinner or not, you know best that our Sagong Holy Land was framed by others, not to mention that no matter what our Sagong Holy Land is now, I am afraid that you will not be needed. A dead person to remind you?"

Sikong Zhen said lightly.

"Sikong Zhen, you are too presumptuous."

Boom!

The ancestor of the dark thunder can no longer hold back. Above the sky, the boundless cloud is constantly surging, and the blood-colored thunder light flickers, and the Sikong Zhen below is about to be suppressed.

Anger, immense anger.

Just as Si Kongzhen said, his dark thunder ancestor had actually fallen back then, but he only survived by using the special techniques of the dark clan.

It can be said that the current dark thunder ancestor is actually a dead man.

However, if the dead belong to the dead, this is not something Si Kongzhen can say.

This is an insult.

Facing the anger of the dark thunder ancestors, Si Kongzhen's face was calm, and his eyes suddenly looked into the depths of the forbidden area. "My ancestors, no matter what, Sikongzhen is also one of the three powerhouses guarding the Heiyu Continent. Will you let the dark thunder ancestor do something to this seat, right?"

"Ok?"

Upon hearing this, Sikong Anyun suddenly looked up.

Patriarchs?

Isn't it the only person around Dark Thunder Ancestor?

Aside, Qin Chen's eyes flickered, suddenly raising his head.

It was seen that Sikong Zhen's voice just fell, and suddenly, booming, booming, booming, in the forbidden ground in the distance, a breath of sky suddenly rose into the sky.

In the depths of the forbidden ground, a series of terrifying figures appeared faintly, and each of these figures bloomed with a breath to the sky, as if they were combined with this dark ancestral land.

A series of terrible breaths stared at him and fell on Sikong Zhen and the others.

These phantoms are exactly the many ancestors of the Dark Clan who fell down that year and were finally buried in the depths of this Dark Ancestral Land.

"Dark Thunder, stop."

As soon as these phantoms appeared, they said coldly to the dark thunder ancestor.

"Everyone, this Sikong is bold and reckless, and doesn't put me in his eyes at all, my ancestor..." The dark thunder ancestor looked furious.

"Let you stop, didn't you hear?"

Suddenly, a cold snort sounded.

Among the many phantoms, a misty figure came out, completely dark, like an ancient demon god, staring from a distance.

As soon as this person spoke, Ancestor Dark Thunder's expression suddenly changed, and he dared not say a word.

"Sikongzhen has seen Lord Throne!"

Seeing this phantom, Si Kongzhen's face also changed slightly, and he bowed his hands in a respectful manner.

"Master Throne?"

Sikong Anyun's eyes widened, and he inhaled air-conditioning.

Qin Chen frowned slightly.

From this throne, Qin Chen felt an extremely terrifying breath, that was billowing death.

And this throne has obviously been dead for hundreds of millions of years, but the death aura on his body is still so terrible, which makes Qin Chen's heart sink. It can be seen that this throne was definitely a top powerhouse before his life, and his cultivation level was still far away from Sikong. Above the earthquake.

Chapter 4743 Lord Throne

And Sikong Zhenben is the mid-term supreme powerhouse.

That is, this Lord Throne, most likely a late-stage supreme.

Thinking of this, Qin Chen's heart instantly condensed.

The late supreme, among the human race or the demons, may not be a big deal.

Among other things, in the ancient times, there were many late supreme in a Tongtian sword pavilion.

In that era, the truly powerful was Pinnacle Supreme, and even half-step detachment.

Even now, in the Human League City Council of the Human Race, there are also late supreme powerhouses, such as the chaos supreme.

And the ancestor god, even a pinnacle supreme.

Among this demon clan, like the patriarch of the abyss demon clan, the eclipse yuan supreme, his cultivation has also reached the late supreme, even close to the peak supreme.

But that is because it is the native creatures of this universe.

The Dark Clan is the forces in the universe, among which the strong are generally more terrifying than the strong in this universe.

In addition, the Dark Clan came here back then and invaded this universe. It would be suppressed by the origin of the universe. Not to mention detachment, even half a step of detachment would not be able to enter. Therefore, the Supreme Supreme is already the limit for this dark clan to come to the strong.

In this way, at least the late supreme throne would surprise Qin Chen so much.

This person is definitely the leader of the dark race that invaded this universe.

"Master, Lord Throne is one of the four generals who invaded this universe. He is in charge of many armies of my dark clan, and is the true powerhouse of my dark clan."

Sikong Anyun even transmitted to Qin Chen.

"Oh? One of the four generals?" Qin Chen looked cold.

"Yes, when he invaded this universe, Lord Shitian was the commander on the bright side, and under Lord Shitian, there were four generals who commanded the four great dark armies, because Lord Shitian was the royal clan. , Seldom participates in real fights, so the four generals, including the Throne-sama, are the real powers of my dark clan who invade this universe."

Sikong Anyun hurriedly explained.

"Oh?"

Qin Chen squinted his eyes.

Are the four generals?

The majestic figure appeared. After scolding the ancestor of Dark Lei, he coldly looked at Sikongzhen and snorted coldly: "Sikongzhen, you all say you are arrogant in Sagong Holy Land. Now when you see it, you really deserve it."

Sikong Zhen changed his color slightly, and said, "Don't dare. Today, the people of Sagong Sacred Land accidentally broke into the dark restricted area. It is indeed the responsibility of our Sagong Sacred Land. However, the people of Sikong Sacred Land did break in accidentally. It was not intentional. The ancestor clung to it, and didn't give us Sikong Sheng ground in the slightest."

"We Sikongzhen, guarding this Heiyu Continent for hundreds of millions of years, have also done many things for your ancestors, no matter the credit, there are hard work, I believe in your ancestors, there is a mirror in my heart."

The ancestor of Dark Thunder snorted coldly: "Inadvertently? You..."

"To shut up!"

The Throne coldly rebuked the ancestor of Dark Thunder, and the ancestor of Dark Thunder suddenly stopped talking.

"Since your Excellency said it was a mistake, I believe it was a mistake. If so, Sikong Zhen, you can take your people and leave. However, this ancestor doesn't want this kind of thing to happen again."

On the throne, a terrible breath suddenly rose to the sky.

"You, Sikong Zhen, are the master of Sagong Holy Land in this Heiyu Continent. Naturally, you know what conditions are needed to enter the depths of the restricted area. I hope that next time, you won't make such a mistake again."

boom!

That terrible aura suddenly impacted Sikong Zhen's body.

"Om!"

Sikong Zhen's condensed divine mind clone under the blessing of Kun Demon Palace instantly became illusory, almost exploding because of it.

Aside, Qin Chen's pupils also shrank.

"What a weird attack."

Qin Chen squinted his eyes. The hit just now contained not only the power of darkness and the breath of death, but also a terrifying soul power, which almost shook the soul of Sagong's divine mind clone. Just erase it directly.

If this soul aura is directly erased, then Sikong Zhen's divine mind clone will also instantly dissipate and turn into nothingness.

The Throne was warning Sikong Zhen, he had the ability to directly destroy Sikong Zhen this divine mind clone, even under the blessing of Kun Demon Palace.

Sikongzhen stabilized his figure, his face was ugly, and he said, "Junior remember it."

He knew that this was the Throne warning him.

"An Yun, you leave with me. From now on, if you dare to run around, you will not blame your father for your kindness."

"and also..."

Sikong Zhen looked at Qin Chen and said, "This friend, since I'm here, it's better to follow him and leave, and visit our Sagong Holy Land as a guest, so that the friendship of the landlord can be fulfilled."

Qin Chen glanced at the depths of the forbidden ground, and knew in his heart that he wanted to directly enter the location of the Demon Soul Source Device this time, fearing that it would be impossible.

These ancestors of the Dark Clan would never allow him to approach the Demon Soul Source Device so easily.

Unless, he displays the blood of the Dark King.

However, the royal seat and others, who had personally followed the Emperor Shitian, had an extraordinary relationship with Emperor Shitian. Qin Chen could not guarantee that if he displayed the blood of the King of Darkness, would this Emperor Shitian watch it? Out of the clues.

Therefore, he moved in his heart and immediately nodded and said, "It's okay."

"In that case, please follow me."

Sikong Zhen raised his hand and said to Yuzuo and others, "Farewell, ancestors."

When the voice fell, he shook his body and swept straight towards Kun Demon Palace.

"Master, follow me."

Sikong Anyun spoke to Qin Chen, and then flew straight to the Kun Demon Palace in the sky.

Qin Chen's eyes flickered, and followed him.

Whoosh whoosh.

The three figures entered the Kun Demon Palace, bang, and the next moment, the Kun Demon Palace shook and disappeared in an instant.

Apparently left.

After Qin Chen and the others disappeared, the dark thunder ancestor immediately turned to the Throne with an ugly expression: "My lord Throne, that Sagong Zhen is too presumptuous. These two guys did not accidentally break into this place. It was deliberate, why did you let Sagong Zhen and the others leave, Lord Throne."

"Hmph, that Sagong Zhen is just a mid-term supreme, and Sagong Holy Land is not a top power in the Dark Continent. It dares to be so arrogant in front of you, Lord Throne. If this was the year, the ancestor would have ordered it, Let the subordinates cut this person to eight pieces."

"The two under Sikongzhen did not break in accidentally, but deliberately. Do you think the old man doesn't know?"

The Throne squinted his eyes and said coldly.

The dark thunder ancestor looked startled, "The Lord Throne, you..."

The Throne said coldly: "You know, the remnant soul of Asura Seventeen has completely disappeared before?"

"what?"

The ancestor of Dark Thunder was taken aback: "How come?"

[Chapter 4744: The death of that one](#)

Not only the dark thunder ancestor, but the surrounding phantoms also showed shock.

They naturally knew who the Asura Seventeen was mentioned by Lord Throne, who was the Seventeenth Asura Prisoner that year.

Such a character, at least a good player in the supreme back then, would be so easy to lose his soul?

The ancestor of Dark Thunder said in shock: "Master Throne, what you said is true? This...isn't it impossible?"

A supreme-level ancestor, even if it was just a remnant soul, would it easily fall?

Others don't know it, maybe they think that these top powerhouses have completely fallen back then.

However, as the parties involved, the ancestors of Dark Thunder knew very well that their group of people were not completely lost.

Instead, a certain high-level person in the past cooperated with the underworld, and used a special secret method to survive in a special way.

They all have missions and tasks.

As long as they can complete the task they carry, they can be resurrected again, and even to the next level.

But now, that Asura Seventeen has completely disappeared. How can they not be shocked?

"The ancestor also finds it strange." The throne squinted his eyes: "The Asura Seventeen had always stayed outside the dark ancestral land for resurrection, swallowing a lot of life force for us, but not long ago, the ancestor felt this. The human soul disappeared completely in an instant, a trace of life

Never stayed behind, something must have happened! ""hiss! "The dark thunder ancestor instantly widened his eyes: "Master Throne, this Heiyu Continent is the territory of my dark clan. Asura Seventeen, before his fall, was also a supreme of the initial peak. Even if he fell, his strength is definitely not. general

How can people be hurt..."

"That's what I suspect." Throne squinted: "The death of Asura is by no means that simple. The entire Heiyu Continent can kill his people, no more than five fingers, and that Sikongzhen has been sitting in the Dark Ancestor all year round. If you say that this matter has nothing to do with him, I'm afraid it's fundamental

impossible. "

The ancestor of the dark thunder was taken aback: "My lord, you mean, that Asura Seventeen was killed by Sikong Zhen?"

"It's just that it's possible, but even if the Asura Seventeen was not killed by Sikong Zhen, it must have something to do with him."

"The Lord Throne, why did you hesitate just now? You should have taken down the divine spirit clone of Sagong Zhen, and tortured it." The ancestor Dark Lei said angrily.

The other phantoms also bloomed with cold aura.

The Throne's face sank, and he looked at An Lei Ancestor and the others coldly, his face was gloomy and said, "This is what I want to warn you."

The throne raised his head and looked at the void, "You said, what shall I do when I take down that Sagong Zhen? Is it to avenge Asura Seventeen? It's ridiculous."

Everyone was startled.

The Throne shook his head, "The Asura Seventeen is just a prisoner. It was only because of waiting for me to be granted such a chance to recover. But after all, he was just a prisoner. How can he compare with me? "

"The most important thing I have to do now is to complete the mission, get the treasure of the Demon Race, and truly remove the obstacles for that adult and take control of this universe."

"And that Sikongzhen, anyway, is one of the three powers who left behind to guard the Heiyu Continent. Wouldn't it be boring if I waited for him to have trouble with him? Is there any benefit to me and you?"

Hearing this, everyone was silent. The throne looked at the direction Qin Chen and the others were leaving, and there was a sharp glow in their eyes: "What's more, don't forget that the death of that one back then has something to do with me. Today I am waiting. , Can only hold that thigh tightly, otherwise in the future

Even if it is resurrected, it will be difficult to move in the Dark Continent. "

Hearing what the throne said, all the surrounding shadows fell silent, and there was a panic in their expressions.

Hundreds of millions of years have passed.

They almost forgot, what they did.

If that incident were to be spread out, I am afraid that all of them will endure endless torture, and life is worse than death.

The ancestor of Dark Thunder gritted his teeth and said: "Master Throne, we all understand what you said, but what about Sagong shock just now, but dare to be so arrogant in front of me... If this matter is forgotten, even if I am resurrected, I am afraid... "

"moron."

The Throne directly interrupted the Ancestor of Dark Thunder, and the Ancestor of Dark Thunder was startled. "Things that have no brains, what is Sagong Zhen's stuff? It's just a mid-term supreme, why bother with him so much? Waiting for me to complete the task, once resurrected, wouldn't it be easy to kill this person, why bother with him now? One break

Broken that adult's plan, can you...can afford it? "

The throne looked at the eyes of the dark thunder ancestor and at an idiot.

The ancestor of the dark thunder replied: "I..."

"Don't say that Sagong shook, just say that the kid just now had an extremely terrifying force in his body, that force, even this person was a little shocked, this person is absolutely extraordinary."

The ancestor of the dark thunder inhaled air-conditioning, and his eyes rounded: "This...impossible."
"Impossible?" The throne looked at the ancestor of the dark thunder coldly: "This son is so young that he can ignore your dark thunder. Even Sikong Zhen faintly cares a little, huh, but you idiot can't see it? If you want to die, you can die by yourself.

, Don't trouble us. "

boom!

When the voice fell, the throne phantom disappeared directly.

The other phantoms also looked at the dark thunder ancestor speechlessly, and all of them disappeared.

Ancestor Dark Lei scratched his head: "That kid, is that awesome? That Sikongzhen cares a little about that kid? Why didn't I see it?"

In the muttering to himself, with a boom, the figure disappeared.

In the endless void outside the Dark Ancestral Land.

boom!

A terrible streamer flew crazily in this void.

It is the Kun Devil Palace.

Although Kun Demon Palace is only a treasure, it is extremely magnificent, with layers of voids in it, like a great world.

Form a small world.

"What a powerful and subtle spatial technique."

In the world of Kun Devil Palace, Qin Chen looked around.

When most people come here, they are afraid that all they can see is a void world, but for Qin Chen, who owns the chaotic world and is a refiner, he sees the cascading restrictions in this endless void at a glance.

This Kun Devil Palace seems to use many restrictions to superimpose a heavy world of power together, making this void become extremely stable, and the supreme-level powerhouse can't easily blast through it.

Moreover, these special spaces have been divided into many areas, one layer of space, each with different purposes.

Some can be used to store treasures, some can be used to imprison enemies, and some can even be used as a spiritual practice site. There are so many different things.

[Chapter 4745: More than one person](#)

"The dark people still have something to learn from in some places."

Qin Chen nodded.

As a force in the universe, the Dark Clan is naturally extraordinary, and many places have given Qin Chen a lot of inspiration.

Of course, this doesn't necessarily mean something from the dark race, it's good.

At least in Qin Chen's opinion, although this Kun Demon Palace is powerful, it is far worse than the treasure hall of Heavenly Work and Divine Work.

As for its own chaotic world, it is even more incomparable.

On the side, Sikong Anyun stood respectfully beside Qin Chen.

"Master, this is Kun Demon Palace, but it is my father's supreme treasure. It is absolutely safe here. Don't worry." Sikong Anyun said with a smile.

"Ben Shao naturally rest assured."

Qin Chen smiled slightly, walking slowly in the void, perceiving the surroundings and analyzing the internal structure of the Kun Demon Palace.

The look is natural, like walking in a leisurely courtyard.

It seems to be walking in his own home.

boom!

At this moment, a loud voice suddenly sounded.

"Hahaha, the little friend is really kind, and he is so comfortable in the old man's Kun Devil Palace, so I am not afraid that the old man has ulterior motives and traps you here?"

Amidst the laughter, a magnificent figure suddenly appeared in the void, it was Sikong Zhen.

"father."

Sikong Anyun hurriedly saluted.

Qin Chen smiled and said, "Your Excellency is An Yun's father, how can you do such things? What's more, if this young man really wants to leave in this area, how can he stop him. "

"Oh?"

Sikong Zhen showed a hint of surprise.

Qin Chen smiled faintly, and suddenly raised his hand a little.

"Boom!" The place where Qin Chen's finger touched, there was a trace of terrible fluctuations in an instant, rumbling, this side of the void, rolling and trembling, you can vaguely see that a series of terrible rune chains appear outside the void, constantly Bright and flickering, whole

The emptiness is shaking.

These rune chains are just the dark restraints that solidify this void.

But at this moment, under Qin Chen's finger, this darkness control felt a little unsteady.

Sikong Zhen was immediately shocked: "This..."

Kun Demon Palace is a supreme treasure, and a space-level supreme treasure, Sikong Zhen's supreme treasure. Only with this treasure can he be incomparable in the Dark Ancestral Land.

But now, his most precious space has such fluctuations under Qin Chen's finger.

He even felt that as long as the kid in front of him was willing, he could easily penetrate his precious space and leave directly.

How can this not shock him?

In his Kun Demon Palace, even if the general supreme-level powerhouse enters, he can only be immobile and let it be slaughtered.

Qin Chen retracted his palm, his expression was calm and breezy: "A good space restriction, but unfortunately, there are still some that are not perfect."

In the previous moment, Qin Chen had already used the Heaven Patching Technique and the power of the Dark King's blood to break part of the Kun Demon Palace's prohibition. If this Sikong Zhen was malicious to him, he would come and go freely.

What's more, if you really are in danger, with the Chaos World and the Primordial Ancestral Dragon, as long as Qin Chen reveals his identity, he can protect himself without fear.

"call."

Exhaling heavily, Si Kongzhen's expression became extremely shocked and serious.

"The little friend's method really reaches the sky, I admire it."

Sikong Zhen sighed, seeing Qin Chen's eyes differently.

"Little friends, please rest at ease. Our Sikong Holy Land will be here soon."

boom!

Outside Kun Demon Palace, countless voids passed by.

After a while, Kun Demon Palace suddenly stopped in an extremely silent void.

Qin Chen's perception passed out, and he saw that in this starry sky, there were dark planets, especially magnificent, and some huge dark stars were shining.

The air current in the void, this is an obvious light spirit, permeating the surroundings.

And among the infinite dark stars, there are sacred mountains of ancient times floating, each of them is extremely magnificent, like a continent.

These ancient sacred mountains just floated in the air, following a certain trajectory, and countless people of the dark race lived on these sacred mountains.

In addition to these sacred mountains, there is a huge dark formation, guarding this place, it is a supreme-level formation.

Qin Chen looked around. In the depths of the sacred mountain, there was the most magnificent sacred mountain.

This is where Sagong Holy Land is.

boom!

This Kun Demon Palace arrived here, and the large formation covering the ancient sacred mountain spread directly, allowing the Kun Demon Palace to enter.

In the end, Kun Demon Palace fell down on the deepest ancient sacred mountain.

Kun Demon Palace shook.

Qin Chen and Sikong Anyun appeared in front of a magnificent hall.

"It's Master Sikongzhen's Kun Demon Palace."

"How did Master Sikong's Kun Demon Palace come back from the Dark Ancestral Land? Didn't it always guard the Dark Ancestral Land?"

"Look at it, it's Her Royal Highness, and... who is this kid?" "I heard that not long ago, the Queen's Palace went down to the Dark Ancestral Land and made a world-famous arrogant man who killed the Prince Qilin of the Kingdom of Qilin. , Caused the Qilin ancestors to be furious, and went directly to the headquarters of the Holy Land to make a fuss. Now the news has been passed on.

After coming, the master will punish our Sikong Holy Land. "Your news is behind. I heard that the Geshi Tianjiao couldn't help beheading Prince Qilin. Even the Shihen Emperor of the Shihen Emperor Gate also died in the hands of that person. The Shihen Emperor Gate suffered a heavy loss this time, and the law enforcement team had nothing to do. Surviving, it's so happy, shouldn't it?

Is this this kid? "

"Impossible, this kid is so young, how can he slay so many powerful people at the Shihen Emperor?"

The movement here instantly alarmed the masters of Sagong Holy Land present, one by one, they waited and talked.

All kinds of auras passed out from the surrounding sacred mountains of the ancient times.

Among these auras, the weakest is the Tianzun level, and there are even many half-step supreme level masters.

Vaguely, Qin Chen even felt two extremely terrifying auras.

That is... the supreme breath.

"The supremacy of this Sagong Holy Land should be more than Sikong Zhen alone."

Qin Chen's eyes narrowed.

But also, Sikong Zhen is the mid-term supreme and belongs to the master of Sagong Holy Land. Many things are not directly involved. There are other supreme beings here, but they are also talking about the past.

Sikong Zhen's voice came from the Kun Demon Palace, "Hehe, my little friend, this is our Sagong Holy Land, but this time my divine mind clone is activated, the old man still has some head and tail to deal with, old man..."

Huh!

Suddenly, a figure appeared on the main hall of the square.

He is an old man with a rickety figure, but the aura on his body is quite powerful. It is obviously only the half-step peak supreme realm, but the aura that exudes is much more terrifying than the average half-step supreme, and has a faint supreme power. surge. And it is the true supreme power.

Chapter 4746 Old Master

what happened?

Qin Chen frowned slightly. This person was obviously only half-step to the peak of supreme, but he actually possesses supreme power?

eccentric!

An invisible wave in Qin Chen passed over the other party, slightly perceiving the supreme changes in this person.

Suddenly, Qin Chen was stunned, a little startled.

This person does have supreme power in his body, and it is true supreme power, but it is not complete, as if the breakthrough is halfway through, and it seems that it is about to succeed, and it suddenly stopped.

A supreme who broke through and failed?

Seeing Qin Chen's gaze, Na Sikong Zhen smiled and said: "Little friend, the old man is the chief steward of our Sagong Holy Land, and manages many affairs of our Sagong Holy Land. The old man is at a critical moment of retreat and practice, and he will stop practicing now. Come to meet the little friends, but the old man's practice is very special. Even if you stop practicing immediately, it will take a while, so let the old man come to receive the little friends first."

Sikongzhen continued to smile and said: "The old man was also a supreme in the past. Later, when he broke through, he was attacked and killed by opponents, causing the breakthrough to fail and the realm to fall. Therefore, the old man has a very thorough understanding of the supreme realm. Friends can understand."

When the voice fell, Sikong Zhen looked at Mr. Jun, "Old Mr. Jun, immediately take the little friends to the most grand VIP room in our Sagong Holy Land. You must treat them well and don't neglect, I will come right away."

"Yes, my lord."

Elder Jun came to Qin Chen and respectfully said, "Please."

Are you in the process of practicing?

Qin Chen glanced at Sikong Zhen, and said with a smile: "If this is the case, then Ben Xiao will just wait for a while."

"Hahaha, please wait for a while."

boom!

Kun Demon Palace shook, instantly wrapped the cheese Sikong Anyun, plunged into the depths of this ancient sacred mountain, and disappeared.

Qin Chen looked at Sikong Zhen who was leaving, and a smile appeared at the corner of his mouth.

Whatever is at the critical moment of cultivation, pure nonsense, even if it takes time to leave the customs, let Sagong Anyun accompany him, no need to arrange other people to take Sagong Anyun away.

I'm afraid I went to investigate my identity.

Qin Chen didn't say anything bad, and followed the old man directly into the depths of the Primordial Sacred Mountain.

As soon as I entered this ancient sacred mountain, there was a lot of void surging inside. Looking up, you can see the depths of time and space, countless bans flashing, and various mysterious and powerful auras surging.

Such a scene, I have to say, is very shocking.

But Qin Chen's expression was calm, even frowned slightly, as if he disliked that this place was a bit ordinary.

The old man has a deep calculation and always pays attention to Qin Chen. At this moment, he humbly said: "My lord, please come with me."

Elder Jun took Qin Chen through the layers of time and space, and after a while, he came to the VIP room deep down.

As soon as I entered this VIP room, I saw an amazing scene.

The VIP room is a huge empty place. Inside it is carved with columns and paintings, as if carved with gold and jade. They are some of the top dark materials, exuding a strong dark atmosphere.

And outside the VIP room, there is a vast void, in that vast void, there are countless huge dark stars floating, just like a universe.

These dark stars are much larger than the dark stars in the ordinary world, obviously not derived from nature, but shaped by human power.

On those dark stars, many dark beasts and dark elixir have been raised, and they look like a huge medicine garden at a glance.

In this void, countless dark auras surging. This is not the power of darkness that has been fused with this square of the universe, but the power of pure darkness. It should be brought from the dark continent. It is really a masterpiece.

At a glance, the dark stars are endless, and there is a vague smell of the Creator.

"This is... a way to pick up the stars and get the moon, move mountains and fill the sea, and evolve the universe."

In the chaotic world, Honghuang Zulong gave a tut.

"The people in this Sagong Holy Land are really big-handed. They actually created such a place in the void of the Black Yu continent. This should be the appearance of the dark continent where they are located. They are imitated by their great supernatural powers for viewing, Cultivation is also shown to outsiders."

The great ancestors are amazed.

Where is the VIP room?

That's a place for hospitality. If you see yourself in a place like a VIP room, it's obvious that this is a place to receive some of the top powerhouses who came to Heiyu Continent, as well as high-level personalities.

And these scenes outside are obviously for guests to see, in order to show their own means.

Otherwise, why should it be exposed to the guests in the VIP room if there is a mere emptiness that can be concealed by prohibition?

Qin Chen looked at the void in front of him and couldn't help but nodded, as if he saw something that made him sigh, his expression was a little relieved, and he looked like a big boss patrolling.

His current identity is a member of the royal family, and every move must match himself.

"Interestingly, I didn't think that your Sagong Holy Land has such an elegant atmosphere, and actually created such a dark void, but it is a pity that the result is fake after all, and there is no real charm."

"Furthermore, this universe has been shaped a little smaller, and the mastery of some dark origins is still not so profound. Some auras of this dark universe are also incompatible with the rules of this universe. If someone destroys it, it can be destroyed immediately."

Qin Chen shook his head.

The old man's expression was shocked.

This guy has a big tone.

What's the origin?

However, he didn't refute it. After all, the person in front of him was the one that Master Sikongzhen asked him to entertain him, and Master Sikongzhen also secretly explained something else.

"My lord, you laughed." The old man lowered his head, looked humble, and said with a flattering smile: "The reason why Lord Sikongzhen has evolved his supernatural powers and created such a place is because he misses the Dark Continent and his hometown. After all, our Sagong Holy Land is a sinner. I must be forgiven here, Master Sikongzhen has not returned to the Dark Continent for hundreds of millions of years."

"Sinner?!" Qin Chen shook his head, but didn't say much.

"My lord, you have tea."

Mr. Jun respectfully said, hurriedly serving tea and water.

The tea water came, the aroma was tangy, booming, there was a terrible dark breath rising into the sky, it was the dark dream tea.

Qin Chen sipped his tea with a happy expression. Putting down the teacup, Qin Chen looked at this person: "I heard that you failed to break through to the supreme, causing your realm to fall, what's the matter?"

The state of the old man is very special.

It made Qin Chen a little curious.

The old man smiled bitterly: "Master, you should know the essence of the supreme cultivation base. The supreme is a person who has transcended the rules and needs to nourish his body by extracting the power of the essence of the heaven and the earth to achieve the purpose of improving himself. And the power of the supreme It is the essence of heaven and earth combining with its own origin and turning it into a source of power, rather than simply invoking the rules of heaven and earth."

[Chapter 4747: Really miserable](#)

Qin Chen nodded.

He naturally knows this.

This is also the reason why any universe will reject the Supreme.

When you arrive at the Venerable Realm, it will already put pressure on the development of the universe. Therefore, the Venerable is the outcast of the heavens and will be suppressed by the origin of the heavens and the earth.

But because the Venerable has not yet reached the point of extracting the essence of heaven and earth, the suppression is not too strong.

But the Supreme is different.

The Supreme can already extract the essence of heaven and earth, which will cause the universe to oppress the Supreme, which will be many times that of the Supreme.

But at the same time, the supreme being able to absorb the essence of heaven and earth and turn it into its own origin, leading to the supreme's control of the rules of the heavens, will be far above the noble one.

This is the terrible supreme.

Elder Jun continued: "And Tianzun's rush to the Supreme Realm is actually equivalent to a process of confronting the essence of heaven and earth. The origin of the universe will prevent Tianzun's breakthrough. This also makes the Supreme's breakthrough extremely difficult and impossible."

Qin Chen nodded.

This is also the reason why he is stuck in the Supreme Realm. His origin is too strong. If he wants to break through the Supreme, the cosmic origin oppression he will encounter will be extremely huge, so he will not be able to break through.

The old man shook his head bitterly: "The opportunity for Tianzun to sprint to the Supreme is extremely rare. Once a failure, the source of heaven and earth will have a certain understanding and resistance to the sprinter. And I was hitting the realm of the Supreme. Was ambushed and attacked by opponents..."

"At that time, my original power had already transformed into the supreme. It can be said that I have achieved the supreme. However, the original source was damaged by the opponent's attack and almost fell. Later, although I escaped from the dead, the original source was damaged and suffered from the heaven and earth original source. It's almost impossible to return to the supreme realm after the realm has fallen."

The old man smiled bitterly.

In the chaotic world, Honghuang Zulong was speechless after hearing this: "This guy... is really miserable."

Honghuang Zulong sighed: "It is extremely difficult to sprint to the Supreme, and it will be suppressed by the origin of the universe. After this person broke through, he was ambushed by the enemy, causing the origin to be damaged and the realm to fall. Hehe, although he already has the sprint supreme In the same way, the source of heaven and earth also has experience for him. With the source of heaven and earth being prepared, how can this person fight against the source of heaven and earth, I am afraid that in this life, he will not be able to return to the supreme."

Elder Jun continued: "Fortunately, I had successfully broken through at the beginning, and the source of my body has been transformed into the power of the supreme, so now I still have the power of the supreme level and can fight the supreme."

"However, if I can't return to the realm of supremacy, I am afraid that this is the only way in this life, so I followed Master Sikongzhen to this universe, looking for a way to become supreme again."

Qin Chen was startled.

What does this mean?

Elder Jun explained with a smile: "Sir, you also know that this universe is a universe completely different from the Dark Continent. Although I failed when I broke through the Dark Continent and was suppressed by the origin of heaven and earth, in this universe, The origin of the heaven and earth here has never suppressed me. If I can control the power of this heaven and earth, without being targeted by this heaven and earth, I will naturally be able to attack the supreme realm again here."

"And once I break through here, my original supreme realm will naturally recover."

Boom!

As soon as this remark came out, Qin Chen's mind instantly rang.

Break through the supreme here?

This... really may not be impossible.

The purpose of the Dark Clan establishing the Heiyu Continent here is to understand the origin of the universe where Qin Chen is located, and to be able to enter this universe freely without being rejected by the origin of the universe.

If the elder in front of him can really succeed, he is very likely to be able to use the characteristics of this universe not to be suppressed by the source to break through the supreme realm again.

And this person can do this, what about himself?

At this moment, Qin Chen's heart was instantly excited, and faintly, he clearly realized a way.

I have been unable to break through the supreme realm in this universe, because the strength in my body is too strong, and the suppression he has been subjected to is too strong.

But if you use the power of the dark continent, can you take this opportunity to step into the supreme?

It may not be impossible!

Thinking of this, Qin Chen felt a little moved in his heart.

If there is no alternative, this is most likely a good method.

However, Qin Chen didn't want to do this yet.

Because if you want to use the power of darkness to break through the supreme realm, you need at least the power of top darkness to support yourself.

But the power of darkness here is not strong enough at all.

unless...

Qin Chen looked at the void outside the VIP room. There was a terrifying dark aura in that dark universe, which should maintain the existence of the core of this dark universe.

If you can absorb this thing, you may be able to have a deeper understanding of yourself above the darkness.

Qin Chen stood up and walked there.

"My lord, please stop."

Seeing that Qin Chen was about to leave the VIP room, the old man hurriedly spoke aside.

"Oh? Isn't it okay for Ben Shao to go out for a walk?" Qin Chen said lightly.

"This..."

Mr. Jun said with a flattering smile: "Sir, Mr. Sikongzhen said earlier, let your subordinates entertain you in this VIP room, so..."

"That's okay, Master Ben remembers that there is a non-evil inspector in Sagong Holy Land. It's you. He just returned to the Holy Land not long ago. Call him over. Master Ben just happened to have a chat with him."

Qin Chen said indifferently.

"This..." Elder Jun hesitated and said, "Feiye, he is not in the Holy Land now!"

"Not in the Holy Land? Where did you go?"

"I don't know this anymore." Elder Jun said with a wry smile: "Inspectors have always been uncertain, and it is difficult to find a specific location."

"is it?"

Qin Chen smiled, looking at Elder Jun with a smile.

It's fine if ordinary people can't find no evil, but Sikong Zhen also said before, he is the chief steward of Sikong Holy Land. In terms of status, compared to the Yi Lao who is next to the Shihen Emperor at the Shihen Emperor's Gate. The status is even higher.

This Sagong Holy Land master steward could not find an inspector under Sagong Holy Land?

Are you kidding me?

Qin Chen's heart moved, and he smiled and said, "It's okay if you don't have evil. When he came back not long ago, he should have brought a few Tianjiao with him, so let's call them over."

Elder Jun said with a smile: "My lord, I don't know who those Tianjiao you mentioned are! Feiye came back not long ago, but he is alone, and there is no Tianjiao with him at all."

"All alone?"

Qin Chen frowned.

Before in the Dark Ancestral Land, Sikong An Yun clearly gave the Divine Phoenix Fairy and their holy land golden order, and asked them to come to this Sagong holy land to cultivate together, how could they not be here?

Hearing this, Qin Chen looked at Elder Jun with a weird smile.

[Chapter 4748: Alarmist](#)

Walk without letting oneself go, seeing others without letting oneself see others.

What does this Sagong Holy Land mean? Are you trying to imprison yourself?

This is interesting.

Qin Chen laughed suddenly.

"Kid Qin Chen, something is wrong, isn't this Sagong Holy Land trying to keep you here, right?"

Honghuang Zulong said.

"Hehe, keep me? It depends on whether he has this ability."

Qin Chen's eyes were cold, and a sneer was already outlined at the corner of his mouth.

His purpose in coming to this Infinite Demon Prison was to find the Demon Soul Source Device, and if he wanted to get the Demon Soul Source Device, he had to use the top forces stationed here such as Sagong Holy Land.

Now, it has been a while since he came to this Heiyu Continent. Using the power of this dark clan, Qin Chen has already gained a lot of improvement in the darkness.

The blood of the Dark King had also completely merged with him.

"Next, there should be no need to continue to converge like this, otherwise, once the Supreme Eclipse returns to the Abyss, or even the ancestor of the Abyss, it will be in trouble."

"It seems that it must be as soon as possible."

As soon as his eyes turned, many thoughts flowed in his mind.

boom!

Above his eyebrows, an invisible force condensed, forming an empty pupil.

The eye of creation!

The pupils opened, and the void in front of him suddenly became completely different. In the endless void, a series of special forces condensed, and everything appeared in Qin Chen's eyes.

Qin Chen's eyes turned.

Vaguely, he seemed to see a certain void in the distance, and a few breaths of terrifying power rushed straight into the sky.

Supreme power?

"Interestingly, the sacred princes who were outside before the Sagong Holy Land have gathered together, and they are in the depths of this void."

"and..."

Qin Chen felt an extremely familiar supreme power in the depths of the void.

"It's him?"

Qin Chen smiled.

"This person is actually in this Sagong Holy Land, no wonder..."

Qin Chen sketched a smile at the corner of his mouth: "This is interesting."

When Qin Chen made up his mind.

In a mysterious space in the depths of this Sagong Holy Land, several terrifying figures were sitting together.

If Qin Chen is here, he can see at a glance that the one sitting at the top is Sikong Zhen.

Below him, there are several old men who exude a frightening aura, each with extraordinary aura, and the two leading old men are actually flowing with supreme power.

These are the two supreme elders stationed here in Sagong Holy Land, following the dispatch of Sagong Zhen.

Sikong Anyun was also here, standing beside Sikongzhen.

As Qin Chen had expected, this Sikongzhen was not practicing in retreat at all, but was holding a holy land conference here.

"Father, what are you doing? Why did you bring me here? Since your father is not cultivating, that's right. Master is in the VIP room, so it's better to go to see Master. There are also two elders, who happened to follow his father. See you together."

Sikong Anyun hurriedly said, she was confused and didn't understand why her father didn't go to see Qin Chen, obviously he was not practicing.

As soon as she said this, the two elders below couldn't help but frown.

"An Yun, you are the honorable lady of our Sagong Holy Land, the future heir to Sagong Holy Land, the young master is long, the young master is short, how decent you are."

The two elders stared with a beard, and their expressions were unhappy.

Sagong Anyun is the heir of Sagong Holy Land, how can he call others young master so casually?

"Two elders, you don't know how extraordinary the young master is, this person is absolutely extraordinary." Sikong Anyun hurriedly said.

"Huh, what's so very human? I heard that you and this person killed the emperor of the Stone Mark Emperor in the Dark Ancestral Land. Do you know how much trouble this will cause to the Holy Land?"

One of the elders looked unhappy and was so angry. "I heard that the stone mark supreme of the stone mark emperor gate was furious, and has urgently retrieved all the many powerhouses of the stone mark emperor gate in the Heiyu continent, and I am afraid that it will launch an attack on our Sagong Holy Land soon. You are going to inherit the inheritance of our Sagong Holy Land in the future

People, how can they be so reckless. "

The other elder knocked on the ground with a cane, his expression unhappy.

"Okay, I don't say anything now. It's done. It's useless to say more. Let's just say what you came from that kid, why you met him, and whether this person has ulterior motives."

The elder said lightly.

Sikong Anyun's eyes widened, looking at Sikongzhen in disbelief, "Father..."

"An Yun, the two elders are also thinking about our Sagong Holy Land. If you know the origin of this person's identity and tell you directly, the two elders will also ask about it, nothing will happen." Sikong tremblingly said.

"Yes, this is also for when the master family turned to ask questions. We have a remark, otherwise your father is the person in charge of the Holy Land. If the master family blames him, Master Sikongzhen will definitely be blamed."

Both elders said. Sikong Anyun shook his head, "I don't know the identity of the young master. If you want to know, ask him yourself. But I can warn you, the young master is extraordinary. It is my holy land that I can get acquainted with this person in Sagong Holy Land. Fortunately, such a machine

Fate, if you miss it, then you are the sinners of my holy land. "

"Opportunity?"

One of the two elders, the gray-haired elder Luo Wen, sneered: "Although our Sagong Holy Land is not a big power, it is not a small family. What opportunity can this person and a young man miss? Alarmism."

"This person." The origin of your identity is strange, maybe you are a spy, don't be deceived." Another elder also shook his head and said, "I really don't know what kind of ecstasy you have been poured into. It was not evil before, as an inspector of our Sagong Holy Land. Make

Speaking to outsiders, he will not open his mouth. "

"What did you do to Feiye?"

Sikong Anyun's eyes widened. "I didn't do anything. Didn't you let Na Fei evil come back with a golden order? I asked him immediately when I heard about the dark ancestral land. Who knows if this person keeps silent and what he brought back? A young man who didn't say anything, I just waited

It's easy to use some methods, but these guys don't know what's good or bad, and they don't say anything. Now even you are like this. They are really ignorant. "

"you..."

Sikong Anyun's expression trembled, and his face suddenly became extremely ugly: "No, where are they now?"

"I have been detained, don't worry, I didn't wait for their lives, just let them suffer a bit." Elder Luo Wen shook his head and said.

"father!"

Sikong Anyun looked at his father and suddenly sighed, "You really are..."

Halfway through the conversation, she stomped her foot and turned to leave here.

At this moment, an invisible barrier stopped her, and it was Elder Luo Wen who shot and stopped her.

"Why, Elder Luo Wen still wants to keep me?"

Sikong Anyun's face sank and said. "I won't stop you, but there is another thing you need to explain, and that is the death of Prince Qilin." Elder Luo Wen shook his head.

[Chapter 4749: Came in person](#)

"Prince Qilin? This person is arrogant and domineering. It is he himself who offended the young master and is looking for death. What can be explained."

Sikong Anyun raised his brows, "Why, do the two elders still want to stand up for the Prince Qilin?"

Elder Luo Wen breathed a sigh of relief, "So, the death of Prince Qilin has nothing to do with you, it was the hand of that kid."

The other elder also smiled and nodded: "It seems to be the same as the information we got."

When the voice fell, the elder turned his head to look at the void outside the meeting room, and said lightly: "Kirin ancestor, you have also heard it. We have already said that An Yun will never be a murderer."

Kylin ancestor?

Sikong Anyun was shocked.

"boom!"

She turned her head and saw that terrible auspicious auras descended in the endless void in front of her. With a rumbling, a heaven-shattering supreme aura appeared, and then from the void, a figure appeared in an instant.

This was an old man, with a terrible rainbow surging from his body, and his breath rolled like waves, surging and surging.

Walked over step by step and came into the void.

It is the Kylin ancestor of the Kylin Kingdom.

How could Kylin ancestors be here?

Sikong Anyun's heart shuddered. I saw the Qilin ancestor walking step by step, exuding an endless terrible aura, and coldly snorted: "Huh, everyone, although this Sagong Anyun is not the murderer who killed my prince Qilin, my great grandson is dead. At that time, this Sikong Anyun was also present

Field, if it has nothing to do with Sagong Holy Land, it is impossible. "What's more, my great-grandson still has an irreversible relationship with Sagong Holy Land, and it is the future of my Kylin Kingdom. Back then, the old man took him to Sagong Holy Land to meet the ancestors of the Holy Land, and the ancestors of the Holy Land were interested in matching him with Sagong Anyun , Sikongzhen, this matter you

Also clear. "

"Even if An Yun is not interested in my great-grandson, she can't just watch him die in that dark ancestral land."

The ancestor of the unicorn rumbling loudly, his body surging with a shocking roar, the whole person is like a god, bursting out endless glow.

Boom!

In the entire mysterious space, the breath of this person is everywhere, like raging waves.

"All right."

Sikong Zhen waved his hand, and instantly the breath of Qilin ancestor was swept away, like the sun melted into snow, disappeared without a trace. "Kirin ancestor, although I am able to understand your feelings, this is our Sagong Holy Land. From the perspective of the ancestor, I have already investigated An Yun in front of you. Since the death of Prince Qilin has nothing to do with An Yun, This matter is not the responsibility of our Sikong Holy Land

appoint. "

Sikong Zhen coldly snorted.

Although Qilin ancestor is a veteran supreme, but his cultivation is only in the initial peak supreme realm, and it can't be compared with it at all.

If it weren't for the ancestor's sake, how could he let this Qilin ancestor run wild here.

However, the Kylin ancestor was also the ancestor's mount back then, and naturally needed to give the ancestor some face.

"Father, you..."

Sikong Anyun looked at his father in disbelief, and then at the ancestor Qilin.

She never expected that Qilin ancestor would come to this Heiyu Continent.

It should be understood that coming from the Dark Continent to the Heiyu Continent requires a lot of resources, and it is a distribution. Any supreme who comes here must guard the Dark Clan for at least a million years before he can leave.

The ancestors of the Kirin dignified the ancestors of the Kingdom of God who came here at a huge cost, and he must be to avenge the Prince Kirin.

It is said that the ancestors of Kirin loved Prince Kirin very much, but Sikong Anyun never expected that the other party would do such a thing for Prince Kirin.

The key is that his father's attitude was ambiguous, which made Sikong Anyun's heart sink.

"The Kylin ancestor, the death of Prince Kylin, he took the blame, no one can blame it." Sikong Anyun even said.

"An Yun, shut up."

Elder Luo Wen's face sank, and he finally dismissed the relationship between Prince Kirin's fall and his Sagong Holy Land. Sagong Anyun did this to drag the Holy Land into the water.

"Come to blame, hahaha, what a blame for yourself?"

The old ancestor Qilin snorted coldly, and among the giant lantern-like eyes, the murderous spirit was raging, and the rainbow surged: "What the old man regrets most now is to introduce his grandson to you, and you killed him."

"Kirin ancestor." Sikong frowned.

"Sikong Zhen, don't worry, I know that Sikong Anyun is the heir of your Sagong Holy Land, and will not do anything to her, but I heard that the kid who killed my grandson is also here. Today, my ancestor will definitely not spare him. ."

boom!

On the Kylin ancestor, endless murderous aura was boiling.

Sikong Anyun's expression changed, and he hurriedly stopped in front of the ancestor Qilin.

"An Yun, get out of the way." Elder Luo Wen shouted coldly.

"Father..." Sikong Anyun looked at Sikong Zhen anxiously.

What a pair of frightened and nervous eyes, the worry that came out of those eyes made Sikong Zhen's whole body shake involuntarily.

For many years, he had never seen such a worried expression in his daughter's eyes.

That kid, what kind of fascination soup did An Yun pour?

"Sikong Zhen, what do you say? You haven't told the ancestor of that kid's location?" Qilin ancestor said coldly. Sikong Zhen glanced at Sikong Anyun, and then said lightly: "Kirin ancestor, this place is the residence of our Sagong Holy Land. Now that person is a guest of our Sagong Holy Land. If you want to do something, this seat will not stop you, but if you want to Let our Sikong Holy Land cooperate with you,

That is just not to imagine. "

"Hahaha."

Qilin ancestor suddenly laughed.

"Sikong Zhen, you have a good wishful thinking, you don't have to tell me, and my ancestor will find it by himself."

"Do you think that without you, my ancestor can't find that kid?"

When the voice fell, the Qilin ancestor's body was shaken, and he was about to leave this place, looking for Qin Chen's trace in this vast void.

"Don't use it to find me, don't you want to avenge your ruined great-grandson? The young master came personally, I'm afraid you don't have this strength."

A loud voice suddenly sounded in the void, misty and faint, and I didn't know where it came from.

next moment.

Qin Chen's body suddenly appeared in this void, standing proudly here.

"Master."

Sikong Anyun lost his voice and said in surprise.

Other people also looked at them, one by one shocked.

Qin Chen, didn't Master Sikongzhen arrange to go to the VIP room for Mr. Jun to entertain him? How would it appear here?

When Qin Chen appeared, a frightened figure followed Qin Chen, and it was the old man.

As soon as Elder Jun appeared, he knelt down at Sikong in panic and said, "My lord, this person is desperately trying to come to an adult, and his subordinates can't stop him... so... I ask the lord to punish him."

His face was full of fear and trembling.

"Sikong Zhen, didn't you mean that you are practicing in retreat? Your retreat is really special." Qin Chen glanced around and finally landed on Sikong Zhen's face, unable to help but mockingly said.

[Chapter 4750: One head two big](#)

As soon as this remark came out, the faces of many Sagong Holy Land experts present suddenly sank.

Everyone's gaze fell on Qin Chen, and the eyes of some other high-level people present were incredulous.

"This kid, how could he break in here?"

"Impossible, the secret of our Sagong Holy Land is so secret, how can ordinary people find it here?"

The many strong men present were taken aback and almost jumped up, their eyes widened, as if they had never seen such a scene before.

"Elder Jun, how did this person come in, why didn't I receive the notification?"

A supreme elder suddenly became dignified, and outsiders broke into the secret ground of their Sagong Holy Land silently. They didn't know at all. This was nothing short of trivial.

Elder Luo Wen also stood up all of a sudden and pointed at Qin Chen coldly: "Boy, this is our Sagong Sacred Land. You broke in without permission, and you dare to speak to Master Sikongzhen like this. Who gave you the courage? ?"

With a bang, a terrifying aura surged from Elder Luo Wen's body, and the entire void was rumbling and trembling.

His body shook, and the supreme hand suddenly turned out, and he was about to land, and he wanted to catch Qin Chen. This matter involves the security and confidentiality of Sagong Holy Land, so you must not be careless.

The strong supreme aura came to Qin Chen in an instant, and when the supreme hand was covering Qin Chen, it evolved terrifying supreme rules, sealing off everything in the world.

"Does Sagong Holy Land treat guests like this?"

Qin Chen's eyes flashed, his body exploded, and a mighty and domineering aura was about to burst out.

"Master, you don't need to make a move."

Just when Qin Chen sneered and was about to take action, suddenly, a voice sounded, and a figure suddenly appeared in front of Qin Chen.

It is Sikong Anyun.

She looked cold and indifferent, with a billowing flame burning on her body, with a bang, a sword of flame that reached the sky condensing the void, and the supreme hand that fell on the cover was cut with a sword.

Boom!

The earth-shaking roar resounded, and the great flame sword that could burn the rules of the world slashed on the supreme hand, and the supreme hand was immediately shattered by the flame sword.

Pedal!

Sikong Anyun stepped back two steps, and Elder Luo Wen also shook his body slightly.

"what?"

When everyone saw this, their eyes widened.

Although Sikong Anyun is talented and amazing, he is expected to inherit the Sagong Holy Land in the future, but after all, he is only a junior, and his cultivation level is only a half-step supreme. Can he withstand the blow of Elder Luo Wen?

Elder Luo Wen is a real supreme master.

"An Yun, what are you doing? You didn't swiftly step away and let this elder take down the spy who trespassed in our Sagong Holy Land secret."

Elder Luo Wen's face sank, his anger was soaring, and with a bang, a more terrifying aura rose up.

Sikong Anyun stayed still, staring at Elder Luo Wen, and resolutely said, "Elder Luo Wen, the young master is a guest of our Sagong Holy Land, not a spy."

After speaking, Sikong Anyun turned to look at Qin Chen, and said in a panic, "Master, I didn't know about this until after I came here. I definitely didn't deliberately deceive the master..."

Qin Chen waved his hand to stop Sikong Anyun from speaking, and ignored the elder Luo Wen, his eyes only fell on Sikongzhen, "Sikongzhen, is this the attitude of your Sikong Holy Land towards Ben Shao?"

Elder Luo Wen's face sank, and he said coldly: "Boy, don't hide behind An Yun if you have a kind, and be upright with this building..."

"Shut up."

At this moment, Sikong Zhen stood up suddenly and interrupted Elder Luo Wen's words.

"Hahaha, my little friend misunderstood, this seat was indeed closed before, and later because there were some important things to deal with in the Holy Land, I was delayed for a while, please don't take offense. Didn't I let the old man come to entertain you? Is it because Mr. Jun doesn't entertain him well?"

Speaking of this, Sikongzhen suddenly looked at Elder Jun, and said coldly: "Junyi, what's the matter? How did this seat order you..."

With a bang, a terrible breath instantly pressed down on Elder Jun. Elder Jun stepped back, bleeding from the corners of his mouth, and knelt down instantly, and said in horror: "My lord, your subordinate..."

"Okay, don't say anything."

Sikong zhen waved his hand, his face unhappy, "This little thing can't be done well, it arouses the anger of the little friend, what do I want you to do, turn around and punish yourself with a million-year salary, and reflect on it."

After speaking, Sikongzhen smiled at Qin Chen and said, "My little friend, if there is anything wrong with our hospitality at Sagong Holy Land, please forgive me. There may have been some misunderstandings before, don't worry, I really want my little friend. Make friends, never deliberately neglect."

Qin Chen: "..."

This Sikong Zhen is really a fried dough stick.

Qin Chen smiled slightly: "Misunderstanding, isn't it? Then this ancestor of the unicorn had trouble finding Ben Shao before, is it also a misunderstanding? Sikongzhen, should you give me an explanation for this matter?"

Qin Chen turned to look at the ancestor of Qilin.

The scalp of everyone present went numb for an instant.

Is this kid crazy? Actually dared to take the initiative to provoke the Kylin ancestors.

Si Kongzhen's face was ugly.

Originally, he was planning to separate Qilin ancestor and Qin Chen, and the two sides had better not meet.

The Kylin ancestor here represents the relationship between the ancestors of the holy land. Although the ancestor of the Kylin is an outsider to Sagong Holy Land, he is a subordinate, but after all, the relationship with the ancestor is irresistible, and it is not easy for him to directly reject it.

As for Qin Chen's side, he had an extraordinary background, and even the Emperor Shihen dared to kill him, and all the signs made him feel that this person was extraordinary.

So what he thought was to separate the two and wait for him to figure out Qin Chen's true identity and purpose before making a decision.

But who would have thought that Qin Chen actually broke into the secret area of his Sagong Holy Land.

In this way, he had no room for turning around in an instant.

Suddenly one head, two big.

"Hahaha, Sagong Zhen, this is the kid you are going to protect. This boy is so disrespectful to you, I'm afraid it doesn't put you and Sagong Holy Land in his eyes. You, the person in charge of Sagong Holy Land here, really is The more I live, the more I go back. After my ancestor returns to the Dark Continent, I will tell the ancestors of the Holy Land to know the situation. This is how you have gained the power and prestige of the Sagong Holy Land here."

The ancestor of Qilin said coldly to Sikong.

As soon as this statement came out, everyone present changed their colors.

As the masters stationed in the Heiyu Continent of Sagong Sacred Land, they represent the face of Sagong Sacred Land. Now that Lord Sagong Zhen treats that kid like this, coupled with Sagong Anyun's actions, it does damage the reputation of Sagong Sacred Land. In the ears of the ancestors, these people will inevitably not be punished.

After the ancestor Qilin finished speaking, a pair of pupils suddenly fell on Qin Chen, with a murderous intent.
