[Chapter 4751: Old waste](#)

"Boy, you killed the great-grandson of this ancestor? Well, I can feel it. It's this breath. You are so brave. You killed the great-grandson of this ancestor and even dared to appear in front of the ancestor."

The Qilin ancestor closed his eyes and felt it, his pupils suddenly opened, there was a terrible murderous intent, he took a step forward, and the surging Qilin Qi continued to surge.

"If you come in, you will kneel down on my ancestor and beg for mercy directly. The ancestor may make your death easier. But now, ancestor, I will not kill you, I will only make you suffer from the pain of the world. I will burn your soul bit by bit with the fire of darkness. Let you endure the pain of eternal life, even if the master behind you comes, it will not protect you!"

Qilin ancestor walked not far from Qin Chen and stopped.

"Just because of you old trash, I want Ben Shao to beg for mercy? Have you forgotten how Ben Shao killed your Divine Sense clone? If you stay in the Dark Continent, you may be able to live a little longer. Now I dare to come here specifically to die. Tsk tsk, it's really an old age to live on a dog."

Qin Chen sighed and shook his head.

Huh, cluck!

As soon as Qin Chen said these words, one of the experts in Sikong Holy Land suddenly turned his eyes white, his throat gurgled, and he almost didn't catch his breath.

"It's over. This kid is too rampant. He dares to talk to Qilin ancestor like this. With the temper of Qilin ancestor, he still has the skin of this person?"

A group of masters in Sagong Holy Land, no matter what their attitude towards Qin Chen, were all dumbfounded at this moment.

They have never seen such an arrogant person.

"Boy, you are looking for death."

The Qilin ancestor's face sank, he was furious, and with a boom, the Qilin Qi burst out, and the whole void was throbbing and shaking.

"Two, I have something to say."

At this moment, Sikong Zhen hurriedly shot, and with a bang, a mid-term supreme power instantly came and stopped the Qilin ancestor from doing it.

The ancestor of Qilin suddenly turned his head: "Sikong Zhen, you want to stop me? For this kid, you want to ignore the majesty of Sagong Holy Land?"

Sikongzhen's expression sank: "Kirin ancestor, this is the dense land of our Sagong Holy Land, please stay back."

Immediately afterwards, Sikongzhen looked at Qin Chen: "Little friend, the grudge between you and the ancestor of Qilin is purely a misunderstanding. Originally, the old man had no reason to intervene in the matter between you, but one of you was the ancestor of the year. One of my subordinates is a friend of our Sikong Holy Land. It's better to be a peacemaker here. If you have anything to do, just let us know."

"Kirin ancestor, little friend, he is very talented, your clone is destroyed by him, and everyone is not acquainted with each other. Such a person, in my Heiyu Continent, is also a supreme patriarch. The so-called enemies should be settled and not knotted, not as good as me. How about being a host and turning the fighting into jade?"

Sikong Zhen said with a smile.

As soon as this remark came out, the pupils of the Qilin ancestor shrank suddenly.

He already understood what Sikongzhen meant.

The Qin Chen in front of him is so young, he has such strength, even his own divine mind clone can be destroyed, even in Heiyu Continent, it is extremely rare, how can there be no strong and powerful behind such a character?

However, that Prince Kylin is his most beloved great-grandson, and even the heir of the Kylin Kingdom he cultivated. He put all his body and soul on his body, how could he just forget it.

The most important thing is that Qin Chen's attitude is too arrogant, and he can't give in.

The ancestor of Qilin stared at Qin Chen, swept the world for a while, saw all directions, a force of strength locked Qin Chen, this was spying on Qin Chen.

You must know that Qilin ancestor is the supreme and powerful, and he has been immersed in the supreme realm for many years. As the supreme ancestor, he must be like a torch. If Qin Chen wants to hide anything from him, it is very difficult things.

Some of the disciples of the top powers have their breaths that are unique to that power.

For example, Prince Kirin must have the spirit of a unicorn.

But no matter how he probed, Qin Chen's breath was extremely ordinary, and he couldn't see anything special at all.

From a realm point of view, Qin Chen's aura is not too strong, he is high, he is only a half-step supreme, such a strong person is a master, but in the Dark Continent, there are too many to count. .

How did this person crush his will? Could it be that behind this person, what masters are there to hide?

Thinking of this, Qilin ancestor's pupils shrank.

"Boy, let the master behind you come out and see you!"

At this time, the ancestor of Qilin looked down at Qin Chen and said coldly, he was immeasurable at this time, and he could burn the world with an anger.

No matter what Qin Chen came from, he couldn't give up easily.

"I'm the only one, no master." Qin Chen smiled and shook his head, and said: "It seems that you have lived a lot of years in vain, and you are all confused."

As soon as Qin Chen said this, the strong men present couldn't help being speechless.

All of them were dumbfounded.

Master Sikongzhen had obviously decided to ease the two of them, this kid actually dared to speak like that.

This is not giving face to Qilin ancestors at all.

Qin Chen's words were too arrogant and overbearing. Such words were simply cursing at the nose of the ancestor Qilin.

Even if the ancestors of Qilin had the intention to reconcile, they would not be able to hold back.

"presumptuous!"

When Qin Chen's words fell, the ancestor Qilin shouted and couldn't hold back anymore.

"Sikong Zhen, you don't have to worry about this. It's between me and this son. If you dare to intervene, don't blame my ancestor for turning his face with you."

With a loud noise of "boom", between this stone fire and electricity, thousands of waves beat the sky, the invincible light of a unicorn hits like a terrifying storm, and the impact of the divine might carries the power of destroying Willa. Instantly destroy many strong people in an instant.

It can be said that half-step supreme level masters will definitely be wiped out in an instant under the impact of this kind of supernatural power, and they can't stop this terrifying supernatural power at all.

Even the ordinary ancestors of the ordinary supreme realm would look shocked and trembled when facing such a supernatural power, and they had to take it seriously.

This is a strong man who has been immersed in the supreme realm for many years. When he is angry, he can burn the sky and boil the sea. The existence of stars like theirs that can be picked by their hands is broken.

"not good."

Upon seeing this, Sikong Anyun hurriedly stepped forward to stop him.

She must not let Qin Chen have an accident here.

However, before she could take action, Qin Chen had already stopped her.

"You step back."

Qin Chen stretched out his hand with a calm expression, "An old trash can't hurt me."

"Boom! Boom! Boom!"

The voice fell.

There were bursts of shocking sounds, even if it looked like a raging wave, the divine light that shot down the stars in the sky could be stronger, but it still stopped in front of Qin Chen, it was difficult to get more than half a step!

[Chapter 4752: Kingdom comes](#)

A terrible divine might shook the world, but stopped in front of Qin Chen.

Not to mention being able to impact Qin Chen, no matter how strong the power is, Qin Chen can't be hurt at all.

Qin Chen just stood here, letting the terrifying unicorn light hit, and he didn't move.

Long before he entered the Heiyu Continent, Qin Chen's physical strength was enough to fear the attack of the initial supreme. Now Qin Chen has astonishingly improved the power of darkness, and the coercive impact of the Qilin ancestor in this area can't hurt him at all.

"what?"

But for the many Sagong Holy Land powerhouses present, such a scene still seemed too terrifying.

The coercive impact of an veteran supreme-level powerhouse was unable to repel a young half-step supreme. If this were passed out, it would definitely cause a sensation.

Seeing this scene, the ancestor of Qilin also condensed his gaze, and his divine sense swept the world to check whether there was an expert around Qin Chen.

However, no matter how he searched, he didn't find any strong man secretly taking action, and no one blocked his power on behalf of Qin Chen.

"Humph!"

Seeing Qin Chen blocking the shock of the divine light, the ancestor Qilin couldn't help but snorted.

"Boy, there are two sons. No wonder it's so rampant. It's a pity that if you are able to do this, you can still die today." Qilin ancestor sneered: "Today, let you see the strength of the ancestor to create a great kingdom of God."

boom!

The ancestor Qilin screamed.

Although he didn't take the shot directly, he has already radiated the dazzling light of a unicorn, and burst out the supreme power of sweeping the world. At this moment, he is the god, the supreme existence that can dominate hundreds of millions of living beings. .

At this moment, the ancestor of Qilin was high above the sky for nine days, and he fell down on the laws of the gods like a waterfall, and there was a supreme divine word roaring.

This is the way of the ancestors of the unicorn, which created the law of the kingdom of the unicorn. As the founding **** of the kingdom of the unicorn, at this moment, the ancestors of the unicorn are in charge of everything in the world as if they have governed the world. The power of law.

The ancestor Qilin suddenly exploded with his supernatural power and was in charge of the avenue, which made all the powerhouses sitting on both sides of it shocked, even the elder Luo Wen and the elder Furukawa.

Because at this moment, they all clearly felt that their avenue was instantly suppressed by the Qilin ancestors, and their dark supreme law was suddenly suppressed.

Let it go.

The two supreme powerhouses stood up instantly.

The look was horrified.

Under the suppression of such divine might, the supreme power in their bodies was strongly suppressed. What does it mean?

This means that the two of them couldn't resist at all in front of the ancestor Qilin, and they were both left to slaughter in front of the ancestor Qilin.

"This breath is definitely the ultimate supreme realm in the initial stage."

"It's no wonder that you can have such confidence, you deserve to be the ancestor who created a great kingdom of God."

At this moment, many people breathed in air-conditioning and were shocked.

Even Sikong Zhen's expression condensed.

The initial peak is supreme.

I have to say that such strength is not weak even in the supreme.

This person was able to become the mount of the ancestors, and to create a great kingdom of God, there is still extraordinary.

"Boy."

The billowing power of the kingdom of God agitated on the Qilin ancestor. At this time, the Qilin ancestor was aloft, looking down at Qin Chen, his eyes were extremely deep, as if they were an abyss, shocking the soul.

He hadn't made a move, he was already shocking his soul, shaking his Dao, and suppressing Qin Chen with the supreme power.

This is a mental attack, like an emperor, looking down on his courtiers, making his mind shake, and surrendering him.

However, this set of mental attacks is useless to Qin Chen at all. On Dao Xin, Shen Consciousness, and Mind, Qin Chen feared anyone? He was a person killed from the sea of blood in the corpse mountain, how could he be intimidated by such coercion?

What's more, Qin Chen has the blood of the Dark King in his body, and that is the real royal family of the Dark Clan. How can he be frightened by the kings of the little kingdom of God like the ancestor of Qilin?

"It's just a little trick."

Qin Chen was unaffected by Qilin's ancestor's devastating mental attack, but just sneered casually.

To defeat him if you want to rely on this is too whimsical.

"Rampant, die for me!"

Finally, the ancestor of Qilin couldn't help it, and with a big hand, his five fingers were hooked, and he grabbed Qin Chen.

Qin Chen's always calm appearance finally angered the Qilin ancestor, so that he could no longer try.

boom! When this big hand came out, countless scenes of the development of the kingdom of God suddenly changed. Every scene was carved from the traces of the avenue. The violent air current shook the many masters of the Sagong Holy Land in defeat and retreated back. Go out and breathe

It becomes difficult.

However, no matter how violent the air current hits Qin Chen's body, it disappears invisibly.

"Desperate!"

The Kylin ancestor grabbed it with a big hand, with a fierce look in his eyes.

boom! Qin Chen raised his hand, and the dark roads in front of him were condensed, and the layers of roads quickly turned into spatial overlapping shadows. They just appeared in front of him, resisting the big hands of Qilin ancestors, no matter How did the ancestor Qilin catch and take photos

To Qin Chen's body.

"Void Dao Ze? Vientiane Labyrinth?!" The ancestor Qilin stared for a moment, and then a grinning smile appeared on his face: "Ha ha ha ha, boy, it's no wonder that you are so arrogant, you actually control the dark Void Dao, a little bit of Void Dao. That's it, dare to be arrogant to me, the difference between you and me is too big

Broke it for me! "He stepped out in one step, overwhelmingly overwhelmed by the mountains and the sea, the infinite energy rolled out, and behind him there was a phantom of a unicorn that could reach the sky. The phantom of the unicorn was pierced to the sky, with his feet on the stars, and the sky above his head. Even directly

Break this side of the empty dense land.

The power of the billowing unicorn is surging, and there is an unpredictable mystery.

"Sikong Zhen, this ancestor is going to kill this kid today. If you dare to stop, you will never die."

Qilin ancestor secretly reminded Sikong Zhen, and then looked at Qin Chen.

"Boy, you forced the ancestor to use this magical power, the way of the unicorn conquest, you can be proud of it, but the more you resist, the more miserable your end will be, and the miserable you can't imagine."

"The kingdom of God is coming."

Vaguely you can see that behind the Qilin phantom, a vast kingdom of God descends.

In one move, the entire void, in Sagong Holy Land, suddenly transformed into an ancient kingdom of gods, an endless extension. The Qilin ancestor was like a towering **** master, his eyes could see through the true meaning of the gods, and he wanted to extract Qin Chen's soul alive. .

Oh oh oh oh!

The world roars.

Elder Luo Wen and other strong men backed back again and again, for fear of being affected.

"Father." Sikong Anyun's expression changed drastically at this moment, as if she had difficulty breathing under this breath, and had the illusion that she would be blown up on the spot.

[Chapter 4753: Across the kingdom of God](#)

With her current strength, it is enough to fight against the general supreme, but facing the veteran ancestor of the Qilin, the early peak supreme is not enough, a little immature.

Therefore, she hurriedly looked at Si Kongzhen with a worried expression.

Master, can he withstand the attack of Qilin ancestors?

However, Si Kongzhen frowned slightly, but remained motionless.

"An Yun, this is a matter between the ancestor of Qilin and this son. Our Sagong Holy Land should not interfere."

When Elder Luo Wen saw this, he even whispered.

"you....."

Sikong Anyun was trembling with anger, the old guys in these tribes were simply stupid.

She gritted her teeth and turned around to shoot.

But at this moment, the momentum on the court suddenly changed.

"What kind of **** Qilin ancestor, bluffing for a long time is just this strength, I have waited for so long in vain, and I am very disappointed. If this is the case, Ben Shao can just kill with a punch, and don't bother to talk nonsense with you!"

Qin Chen stepped forward abruptly.

Boom!

A breath of heaven and earth exploded from his body.

Rumble!

At this moment, the many dark powers Qin Chen refined from the dark ancestral land were instantly released by him, and the terrifying dark power filled the sky in an instant.

The whole world trembled under his feet, and the ancient kingdom of God was suddenly suppressed one after another, and the dark air condensed, concentrated inward, and then collapsed piece by piece.

The entire Qilin Kingdom, with the momentum that Qin Chen stepped forward, collapsed at once.

After that, Qin Chen strode forward and reached the front of Qilin ancestor in one step, punching out.

Hum! What kind of punch is this? The void was in between this fist, and all was taken away. The laws of heaven and earth were shaking with this fist. Above that fist, countless laws of darkness flickered one after another, and darkness appeared everywhere.

Birth and death, the formation of the law.

This punch was no longer a simple punch, but a punch full of dark origins.

Confronting this fist is tantamount to antagonizing the entire dark continent, antagonizing the origin of the law, and antagonizing the power of darkness.

The face of Qilin ancestor changed.

He never expected that Qin Chen, a half-step supreme powerhouse, would have such a powerful punch!

His body instinctively backed away anxiously, trying to avoid this terrifying punch. But it was of no use. Qin Chen's fist completely locked his soul, origin, and various body changes, blocking the endless void, no matter how he dodges, the fist became faster and faster and chased more and more. Anxious, through the endless emptiness

Sora, with a last bang, hit his body.

Ah ah ah ah ah.....

The Qilin ancestor only felt pain, boundless pain, his whole body seemed to be torn apart, the Qilin divine light all over his body was broken, and the clothes all over his body were exploded by Qin Chen's punch.

With a bang, countless cracks appeared directly in his body, and blood, Qilin's blood, and countless supreme laws and supreme blood were splashed everywhere.

Under Qin Chen's fist, his body exploded every inch, his internal organs were blown up, his seven orifices were bleeding, his whole body was deformed, and he roared in pain and flew into the sky.

"No...impossible!"

The Kylin ancestor yelled in the air, his eyes were about to burst, and he roared in anger.

In the distance, Elder Luo Wen and the others were dumbfounded, as if they were stupid, giggling, there were sounds in their throats that could not be lifted in one breath, and they rolled their eyes, as if it was him who had been blown up.

"Nothing is impossible, what Qilin ancestor, in front of Ben Shao, that is a chicken and shingle dog. I really think that this young man will scare you without doing it? I just don't bother to kill you. Now you are looking for death by yourself, no wonder Ben Shao. ."

Qin Chen said coldly, taking another step, pressing with a big hand, as if the ancient dark king protruding out his palm, the endless darkness gas turned into heavy mountains, and heavy pressure came down.

At this moment, Qin Chen no longer concealed his strength, anyway, he had completely integrated the power of darkness, and there was no need to worry about being seen.

Under this punch, the entire Sagong Holy Land was roaring, and he could see the dense void surrounding the dense void directly exploding.

The dark giant hand came to the head of the Qilin ancestor in an instant.

"I don't believe it, the kingdom of God comes and gives me body."

The ancestor of the unicorn roared. At the critical moment, his body shook. He turned into a dark unicorn with a dark divine light on his feet. A terrifying beam of light rushed straight into the sky and the earth, as if connected with a certain world in the dark. Together.

boom!

Just above the endless void of Sagong Holy Land, a kingdom of God appeared.

This kingdom of God is several times more powerful than the breath of the kingdom of God evolved from the ancestors of the Qilin. It is a truly vast kingdom of God, with an infinite territory, stretching for hundreds of millions of miles.

It is the kingdom of Kylin in the Dark Continent.

now.

The Kylin Kingdom on the Dark Continent.

boom!

The entire Kylin Kingdom was shocked. Vaguely, a vain unicorn shadow appeared in the sky above the Kylin Kingdom, roaring and borrowing power.

This unicorn phantom is incomparably nothingness, and may collapse at any time, but the crisis passed on is present in everyone's mind.

"It's the ancestor."

"The ancestors are fighting people."

"The ancestors are in danger."

A strong man named Qilin God Kingdom soared into the sky, and the Qilin Emperor's breath was surging, and he couldn't help but look terrified.

"Everyone listens to the order and helps the ancestors."

The Qilin Emperor roared, opened the sky with his hands, and boomed, a source of power instantly rose into the sky from his body and merged into the void and dark unicorn above the unicorn kingdom.

Under his orders, the entire Qilin Divine Kingdom powerhouse all raised their hands.

Boom boom boom!

A stream of light from the origin soared into the sky, blending into the unicorn phantom desperately.

Because everyone knows that this is the danger that the ancestor encountered, that's why he displayed such magical powers.

Heiyu mainland.

Over the Sagong Holy Land Midi.

Buzzing buzzing...

Vaguely, an invisible source of power was transmitted, and it was instantly integrated into the Qilin ancestor. The original vain aura of the Qilin ancestor, suddenly solidified and became extremely terrifying.

boom!

The terrifying force of the unicorn swept across the sky and the earth, shocking the presence of many Sagong Holy Land powerhouses backwards, unable to stand firm.

Elder Luo Wen took a deep breath and yelled hysterically: "Kirin God Kingdom, this ancestor of Qilin is actually connected with the Kylin God Kingdom in the Dark Continent, and is borrowing the power of the power of God Kingdom power.

Everyone went crazy and couldn't believe their eyes.

In this other universe, on the Heiyu Continent, but being able to connect with the Kylin Divine Kingdom on the Dark Continent, it is unbelievable to think about it. This is a connection that crosses the universe, how is it possible?

[Chapter 4754: Blood Vessel Projection](#)

It should be understood that Heiyu Continent and Dark Continent are two completely different universes.

Located in two different places in the universe.

A strong person as strong as the pinnacle supreme is afraid that he will not be able to cross the universe and absorb the power of different universes. How did this Kylin ancestor do it?

Is this Kylin ancestor a superpower?

boom!

Above the sky, a heavy force descended upon layers.

The phantom of the kingdom of God is becoming more and more condensed, and everyone can even see that in the endless kingdom of gods, there are faintly looming figures, and the powerful people in the sky are like stars, towering the kingdom of God, burning and offering sacrifices.

Is the many strong people in the Kylin Kingdom.

With the power of one person, carrying the power of the entire kingdom of God, this is a vast and amazing scene. Sikongzhen's pupils shrank, and he sucked in a cold breath: "It is the innate magical powers of the ancestors of the unicorns, the bloodline projection, the unicorns are the most supreme beings in the world, the peak race in the universe, the innate magical abilities are extremely terrifying. Although this ancestor of the unicorns is extremely scary.

Although there is only a trace of unicorn blood, and a true unicorn beast, after all, it is considered a unicorn hybrid, possessing a trace of unicorn magical powers, but he did not expect that this person actually gave all the innate and magical powers of the unicorn clan. "

At this moment, Sikong Zhen was shocked, and finally understood why the ancestor of Qilin was only under the command of his Sikong family, but the ancestor was quite fond of him.

The ancestor did not immediately refuse even the other party's proposal to let Prince Qilin enter the sacred place of Zuosikong.

Kirin supernatural powers, this is a supernatural power coveted by many forces in the universe, think about it, how attractive is it to be able to borrow the power of the dark continent in Heiyu Continent?

"Talented supernatural powers? Turned out to be the talented supernatural powers of the unicorn family?"

"The bloodline projection is too strong."

"Hey, this is an innate supernatural power."

In the void, many powerful people in Sagong Holy Land screamed, hysterical, and all showed envy.

Innate supernatural powers, this is definitely not something acquired by cultivation, everything depends on blood inheritance.

"Well, unicorn innate supernatural powers?"

In the chaotic world, the great ancestor dragon was also taken aback, and said eagerly: "Qin Chen, after this ancestor of Qilin is killed, his blood must be given to the ancestor, a lot of supplements, this is a lot of supplements."

His eyes were glistening and glistening, and he seemed to see a naked beautiful naked dragon, and the halazi was almost flowing down!

Qilin is a beast of heaven and earth with amazing supernatural powers, not under the dragon clan.

The primordial ancestor dragon was born when the universe opened up. He naturally looks down on ordinary unicorns, but the trace of blood in the ancestor of unicorns can evolve the innate magical powers of the unicorn clan, which immediately made him interested. .

Qin Chen: "..."

boom!

Opposite the moment, the aura of the Qilin ancestor grew stronger and stronger. At the end, with a bang, his somewhat broken body was combined with the phantom of the kingdom of God. The sky-shattering Qilin's divine light soared into the sky, rushing into the heavens, like all of them. God twilight.

"Father."

Sikong Anyun hurriedly communicated to Sikongzhen. At this moment, the aura on the Qilin ancestor has already shook out the many Sagong Holy Land powerhouses present, and each of them has difficulty breathing and cannot get close. Even the two supreme elders Luo Wen and Furukawa are the same, and their aura is strong

suppress.

Only Sikongzhen was safe and sound.

His eyes were uncertain, hesitated for a moment, and finally said in a deep voice: "An Yun, it is inconvenient for our Sikong Holy Land to intervene in this matter. Whether it is the victory of the Qilin ancestor or the kid, I will wait for the result."

Not participating is Sikong Zhen's final decision.

Sikong Anyun sighed.

However, she couldn't change her father's decision. Father was sent here back then. It was the conclusion after internal discussions in the Holy Land. It was not only a test of her father, but also a suppression of her father.

The ancestor of the Kylin is under the command of the ancestor. If the father stands on the opposite side of the opponent, he will inevitably fall into passivity if he is used by the holy land.

These Sikong Anyun could understand, but her father's behavior still disappointed her.

Whoosh!

Sikong Anyun wanted to turn around and shoot, but the terrifying aura of Qilin ancestor made her tremble and couldn't make an inch.

"Hahaha, boy, it's time to end, let you have the magical powers and suffer death for your ancestor."

boom!

The ancestor Qilin roared and roared up to the sky, the mighty power of the kingdom of the world blasted down at Qin Chen in an instant.

Cang Dang!

The emptiness of a radius of ten thousand meters is all annihilated.

"It's indeed time to end."

Qin Chen looked up, his eyes cold.

boom!

Suddenly, endless dark auras surged out of his body, and countless dark auras turned into heads of dark giant pythons, blending into the dark giants in front of him.

The dark giant hand evolves countless dark rules, like a hand that opens the sky, and the sound of layers of whining is like howling ghosts, howling between the heaven and the earth.

"The kingdom of God is coming? What kind of shit, a group of chickens and dogs, also worthy of being called the kingdom of God? See how Ben Shao blasts you ants."

Above that dark giant hand, countless dark laws emerged, which were the origin laws and powers of many dark powerhouses that Qin Chen had swallowed.

In an instant, it was like the Lord of Darkness descending, unmatched.

At this moment, no one can describe the destruction caused by Qin Chen's blow.

boom!

The huge dark hand fell directly.

The divine kingdom of the ancestor of the unicorn descended, and an inch of explosion, the power of darkness was blasted backwards, turning into masses of chaos, the scales on the body were all turned into ashes, energetic swept into the dark giant hand.

Before Qin Chen's power bombarded his body, his aura evaporated his fleshly scales to the world.

Cang Dang!

In the sky, that huge kingdom of God, was hit and exploded at once, and countless human figures exploded one after another.

now.

Qilin in the kingdom of God on the dark continent.

The countless powerhouses under the leadership of the Qilin Emperor all screamed, all backed up, blood was splashed on their bodies, and they were seriously injured, incomparably miserable.

Qin Chen's power directly fell on them through the bloodline projection of Qilin's supernatural power.

"What kind of terrifying power is this!"

Qilin ancestor, a world-famous figure, finally showed fear. His body, during the back shock of the power of darkness, began to explode. Even the texture of the law on his skin had collapsed, and his seven orifices had bleed out of shape.

boom!

The body of the unicorn burst directly, splashing blood everywhere.

"Die me!"

Qin Chen's fist finally landed on him.

There is no word that can describe the power of this blow, and the Qilin ancestor has no assassin that can withstand Qin Chen's blow.

With a puff, the Qilin ancestor's body was directly cracked, and his internal organs were shattered everywhere, instantly resembling a half-dead person, embarrassed.

Just a punch! Qin Chen used the dark power of the peak supreme for half a step, and attacked the law of darkness over the sky, turning the elder Qilin who had been immersed in the early supreme realm for an unknown number of years into a dead dog.

[Chapter 4755: Devour blood](#)

No one can imagine how tragic this scene is. The many Sagong Holy Land masters present were stunned, unable to believe their eyes. They knew the horror of the Kylin ancestors, the pioneers of the Kylin Kingdom, and the Kylin bloodline, which was almost the peak of the initial supreme combat power.

Ancestors of the world.

The ancestor of Qilin is a strong man who has really fought for many years in the dark continent. The mount of the ancestor of that year has absolutely rich combat experience.

However, in front of Qin Chen, he was defeated by such a powerful blow, and even the aftermath was not left.

The Sagong Sacred Land masters present were shocked and stunned at first, and in the next moment, all of them looked terrified, as if they were **** of a ghost, completely devoid of the demeanor of a holy land master.

Also, facing a punch can severely wound the Qilin ancestors, the pinnacle supreme in the early stage, their so-called identity and strength are not enough to mention.

At this moment, Sikong Anyun was under the protection of Sikongzhen, staring blankly at everything in front of her, the aftermath of the fight did not involve her, because her whole body had been protected by Sikongzhen.

Although Sikong Anyun had known the power of Qin Chen a long time ago, at this moment, the shock in his heart was still unprecedented.

Not to mention her, even Si Kongzhen was shocked and his eyes changed again and again.

"Boy, what kind of supernatural powers are you! I'm not reconciled! Absolutely not reconciled! The unicorn appears, the kingdom of God is merged, the sacrifice of life, the world's best blow!"

The Qilin ancestor, who was severely injured and almost exploded in his body, let out an unwilling roar, roaring and roaring. At the same time, booming, above the sky, the kingdom of God appeared again. This time, the power of life was instilled. In the kingdom of God, countless people of the kingdom of God were offering their lives to sacrifice their life force. Burn, offer to the old Kylin

Ancestor.

boom!

The endless Qilin Qi made the body of the Qilin ancestor quickly merge, trying to launch a fierce counterattack again.

"Hmph, in front of the young master, I still want to fight back. It's a whimsical thing."

When Qin Chen saw it, he couldn't help but sneered. Since he decided not to hide anymore, he was going to kill the chicken and the monkey at this time, how could he give this Qilin ancestor a chance to resist.

When the voice fell, Qin Chen stepped out again, pressing with a big hand, as if the ancient **** king suppressed the **** general, the darkness between the five fingers turned into the heaven and the earth, and it was heavily suppressed.

Boom!

The Qilin ancestor's body was directly pressed on the ground, unable to move, and struggling desperately was of no avail.

Cang Dang!

In the sky, the condensed kingdom of God once again collapsed and exploded, turning into ashes and dissipating. Everyone could see the countless figures in the kingdom of God screaming horribly.

"Ahhhhh..."

Under Qin Chen's big hand suppression, the Qilin ancestors roared again and again, but it was useless. The billowing Qilin's energy was shaking, but Qin Chen was firmly suppressed and could not move.

"this is..."

At this moment, Elder Luo Wen and other strong men all roared hysterically: "This, this...what is going on? Is it my dizziness, or the rules of this world no longer exist?"

"What's going on?" Elder Furukawa was shocked and backtracked again and again: "This is simply impossible? The ancestor Qilin was directly suppressed, and the power is being swallowed. What is going on in all this?"

"This..."

The presence of many strong people was shocked, all began to tremble, there was no way to believe their eyes.

"Ancestor Qilin, right? You angered me, don't know how I should punish you?"

Qin Chen collapsed with a palm, pressing the Qilin ancestor under his palm, and the opponent struggled desperately, unable to move at all.

"How is it possible, how can I be suppressed by a small half-step supreme? I cannot, can't be defeated by a small half-step supreme, I am the ancestor of the world, the pioneer of the kingdom of God!"

After Qilin ancestor was suppressed, he tried his best to struggle, but Qin Chen's power was not something he could resist.

Not to mention him, even if he is the mid-term supreme, Qin Chen is not afraid.

What's more, after devouring so many powers of the dark clan, Qin Chen has realized a new realm of the dark clan's power, and he can't expose himself at all.

The Qilin ancestor was shivering all over, and endless shame and anger exploded from him. He was so angry that he even vomited blood and suffered a humiliation that he had never suffered in his life.

"Ahhhhh..."

He kept roaring, the divine light of the unicorn in his body kept flashing, and he was still resisting, trying to break away from Qin Chen's control.

"Boy, let me go, otherwise no one can tolerate you in the sky or the earth, you will be chased to death, and you will never live forever."

Qilin ancestor roared.

"Don't resist, in front of the young master, you have no power to resist."

Qin Chen's expression was indifferent: "At this time, I dare to threaten Ben Shao. It seems that you are begging for death. It doesn't matter whether you are the true unicorn beast or the Dark King. Since you have offended Ben Shao, then go and die."

boom!

Qin Chen's voice fell, and a terrifying force directly penetrated into the body of the ancestor Qilin.

Rumble!

Everyone saw that the origin and strength of Qilin ancestors was being swallowed frantically by Qin Chen.

This ancestor of the unicorn was the supreme ancestor of the early peak, and he possessed a trace of mixed blood of the unicorn in his body, which was a great tonic for Qin Chen.

This is definitely a guy with a treasure all over.

"No, you want to swallow me, it's not that easy, Qilin's blood!"

The ancestor Qilin panicked, and he roared. At this time, he had already sensed the danger, and endless fear was surging in his heart, and he wanted to make the final resistance. Suddenly, a terrifying dark aura rose from the Qilin ancestor. This was the dark oppressive power of the Qilin's blood. As soon as this aura appeared, countless powerhouses in the entire Sikong Holy Land trembled. There was a kind of on-the-spot. Kneeling

impulse.

Each of them looked upset and furious, and raised their heads one after another, resisting this force, their foreheads were covered with cold sweat.

This is the blood of the unicorn.

Although they are the powerhouses of Sagong Holy Land, the unicorn is one of the most powerful beasts in this world. How can they be swallowed by others? The blood of the true unicorn burst out, which can destroy the world.

boom!

The supreme breath fascinated, even Sikong Zhen changed color.

Although this ancestor Qilin was the ancestor's sitting up, to a certain extent, or from a certain angle, the blood of the ancestor Qilin was far more terrifying than most of the people in their Sagong Holy Land.

The blood of a unicorn can not be desecrated or swallowed.

boom!

A terrible force wanted to stop Qin Chen.

However, Qin Chen's expression remained unchanged, just sneered.

Is the blood of a unicorn very powerful?

"Om!"

In Qin Chen's body, an invisible power was born. This power was extremely obscure, but as soon as it appeared, it immediately suppressed the power in the Qilin ancestor and dissipated the invisible power.

boom! The billowing power was instantly swallowed by Qin Chen.

[Chapter 4756: Must be like this](#)

At this moment, when Elder Luo Wen and others saw this scene, their expressions changed drastically.

"Master Sikongzhen, I am waiting to stop this person."

"He is devouring the ancestor of the unicorn. The ancestor of the unicorn is the mount of the ancestor. If the ancestor knows that the ancestor of the unicorn was swallowed in front of me, then..."

"Yeah, I might as well take the shot and save the Qilin ancestors, so that the two sides will turn fighting into jade."

Elder Luo Wen and many powerful men looked at Sikong Zhen one after another.

Even Elder Furukawa, who was not inclined to the ancestor of Qilin before that, was pleading for the ancestor of Qilin.

Without him.

It's just because the ancestors of the unicorns were the mounts of the ancestors back then, so they were his own people.

However, as soon as they turned their heads, they saw Sikong's eyes widened, and his pupils were full of shock, as if he were hell.

"This...this...this..."

Sikong tremblingly stepped back, looking at Qin Chen's eyes, full of horror and horror.

impossible.

how is this possible?

Sikong Zhen at this moment was horrified to the extreme.

Because in the breath that Qin Chen released, he felt a force that completely suppressed him from the soul level.

The power of king blood!

That kid is the dark royal family?

How is this possible?

Sikongzhen's inner shock was indescribable with violent waves.

Why would he be punished by the Dark Clan back then, sitting in this Heiyu Continent, and making up for it?

That's because he followed the emperor Shitian and was a pioneer by his side.

Later, Di Shitian was framed by people, broke into the trap of the human race, and fell into this universe, leading to the defeat of the dark race in this universe.

As the vanguard general of Emperor Shitian and a member of the guards, he was seriously dereliction of duty and would naturally be severely punished.

Now, he actually felt a breath of blood from Qin Chen that was similar to Lord Shitian.

Could it be that this person... is from the royal family where Lord Shitian is located?

As soon as this thought came out, Sikongzhen's heart shook wildly.

Yes, it must be so.

Combining everything Qin Chen did on Heiyu Continent, his talent and strength, coupled with the attitude of non-evil and others, Sikong Zhen only felt dizzy in his head, dry mouth, and heart about to explode.

It's not evil, but the inspector under his command. Under his command, would he not tell him the identity of the person in front of him?

Even at the risk of being thrown into prison, risking his life.

This is totally unreasonable.

There is no interest that an inspector like Feiye would hide something from him.

But if Qin Chen was the Dark Royal Family, then everything would make sense.

The dark royal family is the true leader of the dark family, and under the entire dark continent, no one is not a citizen of the royal family.

Because there is no dark royal family, their dark continent may have been turned into ashes after the final disaster era, just like some other universes, how can it become a transcendent force in the universe?

Therefore, the dark royal family is the true **** of the dark family.

If the person in front of you is a member of the royal family, then it is normal for the other party to conceal it without the other party's instructions.

"grown ups?"

Aside, Elder Luo Wen and others couldn't help but speak.

"Shut up."

Sikong shouted in anger, and immediately startled Elder Luo Wen and the others.

"Stop this person? Huh, what do you think of our Sagong Holy Land? What do you think of our Sagong Zhen?"

Sikongzhen showed anger on his face, "Our Sikongzhen can become the master of the Holy Land. The most important thing is integrity. The grievances between the Kylin ancestors and the little friends. I said before that I will not interfere, so I must not interfere."

"Do you want this seat to break your promise?"

Aside.

Elder Luo Wen and others were dumbfounded.

Sir, what's wrong with him?

Why is this character different from the previous adults?

Even Sikong Anyun couldn't help turning his head and looking over, always feeling that his father was weird.

Elder Luo Wen and the others did not dare to refute, and continued: "Yes, since the adults said not to intervene, then I will not intervene."

at this time.

"Do not!"

The ancestor of Qilin finally couldn't resist Qin Chen's power.

Boom!

A loud roar sounded, and the ancestor of the Qilin was hit by Qin Chen directly under the eyes of everyone, and countless blood splashed, the origin was wanton, and the blood pulsed the sky.

"what!"

The dignified ancestor of the unicorn was beaten to pieces with a single punch, and his death was extremely miserable.

boom!

Qin Chen urged the dark air, and the billowing power directly lingered, swallowing the Qilin ancestor little by little.

He was afraid of being noticed by Sikongzhen and others, so he didn't urge the chaos world, so he could only swallow it a little bit, otherwise, with the power of the chaos world, he was afraid that the Qilin ancestor could be completely swallowed in a flash.

"Crazy man, this kid really killed the ancestor of Qilin."

"Proper madman."

Elder Luo Wen and the others sucked in air-conditioning, and backed back again and again, only to find it unbelievable.

"Shut up."

At this moment, I heard Sikong Zhen yelled coldly and waved his hand: "Everyone, listen to my order and immediately block this world. You can't let the slightest breath of Qilin ancestor escape and pass away elsewhere."

When the voice fell, Si Kongzhen shot directly, crashing, and he saw the golden light blooming on his body, evolving the law of darkness, and turning into a golden net of heaven and earth, completely covering the void.

The sky and the earth blocked the void, and the strength of the Qilin ancestor was trapped layer by layer, and could not escape at all.

When Elder Luo Wen and others saw this, their eyes were excited, and one by one was ecstatic.

They 'understood' in an instant, the adults are trying to plunder the other side's victory.

No wonder they will let the other party kill the Qilin ancestors.

high!

It's really high!

There are a lot of good things in the Kylin ancestors, not to mention, the Kylin bloodline alone is enough to make Elder Luo Wen and others covet it.

But the ancestors of the Qilin are the ancestors' mounts after all, and their relationship with the Sagong Holy Land is not small, even if they covet them, they can't do it.

But the kid in front of him is different.

If this person killed the ancestor of the unicorn, they would plunder the blood of the unicorn directly from the opponent and absorb it, wouldn't they be punished by the ancestor?

"Hehehehe."

Elder Luo Wen laughed secretly in their hearts one by one, Lord Sikongzhen was simply too shrewd.

Think about it, too, if the fat and water don't flow into the outsiders' fields, how can such good things as Qilin blood fall into the hands of outsiders.

For an instant, Elder Luo Wen and the others thought that they understood what Sikongzhen meant, and they even shook their power and swallowed them.

only.

Before they took the initiative to plunder the power of the unicorn, they saw that after a large amount of the power of the unicorn was blocked by Sikong Zhen, Sikongzhen did not swallow it, but directly sent the power of the unicorn to Qin Chen's front. swallow.

"Little friend, this is your trophy, please keep it away, but don't let it escape." Sikongzhen said, and shot again and again, continuing to send the power of the unicorn to Qin Chen, diligent and diligent. Sincere, without greed.

[Chapter 4757: What operation](#)

Suddenly.

All the strong in Sagong Holy Land were stunned.

Sir, what is this operation?

Everyone was a little confused.

I thought that the adults would take the opportunity to plunder the power of the unicorn, but who would have thought that instead of swallowing him, Lord Sikongzhen was gathering for the other party, living like an assistant.

What's the situation? Seeing everyone else stunned there, Si Kongzhen's face suddenly sank, and he scolded: "What are you guys doing in a daze? Don't hurry up to condense the strength of the unicorns for the little friends. Remember, if you let me see anything People dare to steal a wisp of unicorn from the little friend

With this strength, if you lose the face of our Sagong Holy Land, you can no longer blame this seat for being polite. "

Sikong trembling in the cold light wanton, murderous awe-inspiring.

He was warning.

no way.

At this moment, Si Kongzhen couldn't help feeling weak, and his clothes were soaked in cold sweat.

He has completely recognized the identity of Emperor Qin Chen's clan.

This is a master.

In the entire Dark Continent, who wouldn't want to have a relationship with the royal family? Become a vassal of the royal family?

However, looking at the entire Dark Continent, the forces that can truly be accepted by the royal family are extremely rare and can be called rare.

It was him, even though he was the vanguard general under Emperor Shitian, he was only guarding him from afar, and he was not qualified to have too much communication with Emperor Shitian.

Today, such a big man has come to Heiyu Continent. Not only did he not know the rareness before, but he also...

Thinking of what he had done before, Si Kongzhen wanted to shoot himself to death on the spot.

Idiot, I'm really an idiot.

"Little friend, come... I will help you converge."

Sikongzhen opened his mouth while pretending to be calm, as if he hadn't recognized Qin Chen, and kept converging Qilin Qi for Qin Chen.

The Qilin Qi was directly swallowed by Qin Chen.

boom!

I have to say that the origin of Qilin ancestor is indeed extraordinary. As a veteran of the early peak supreme, in terms of the power of origin, he is more than ten times stronger than the previous Asura supreme!

Although the Asura Supreme was also the Early Peak Supreme, he had been dead for many years after all, and the Qilin Patriarch, that was the true early peak Supreme Patriarch, possessed Qilin's essence and blood.

The billowing force entered Qin Chen's body, and part of it was sent directly into the chaotic world by Qin Chen.

This trace of Qilin Qi was directly swallowed by the prehistoric ancestor dragon.

Hum!

I saw the golden light on the body of the prehistoric Ancestral Dragon, as if auspicious aura was surging, shocking nine heavens and ten earth, making the entire chaotic world roar and roar.

The primordial ancestor dragon, once physically destroyed, relied on the clone blood pool left by himself in the true dragon clan to restore the peak cultivation level.

However, the so-called restoration is only the restoration of the pinnacle supreme level. Compared with his strength in the previous life, he is naturally still much worse.

After all, just a mere avatar, how can the body return to its heyday? But now, after absorbing this ray of Qilin's true blood, booming, the grand avenue roars in the body of the ancestor dragon, vaguely, as if hearing some kind of Sanskrit singing, there are countless gods chanting, making the ancestor dragon body Brilliant aura, golden light

Diffuse.

"Kirin blood, hahaha, it is indeed a strand of blood of the most supreme beast in the universe. Even if it is only mixed blood, it is not trivial. It is too good to supplement."

In the chaotic world, the ancestor dragon laughed loudly, devouring the talent of the ancestor of the unicorn, and comprehending the bloodline magical powers in it.

On his body, a series of terrible auras rose, and the power of the true dragon seemed to have been transformed.

It should be noted that as the original primordial being, the great ancestor dragon's accomplishments in the chaos are absolutely earth-shattering. In ancient times, he has reached the extreme of his own cultivation.

Want to break through, unless you achieve detachment.

But how difficult is it to achieve detachment? It's not simple!

As strong as the ancestral dragon, in ancient times, because of the suppression of the chaotic universe, he could not do it. In this life, he has exhausted his potential and it is difficult to make progress.

But now, this unicorn blood from the universe has given him a lot of inspiration, making him seem to have seen a brand new road.

A vast road in the universe, a road leading to detachment of the strong.

Rumble!

The primordial ancestor dragon is full of chaos and dragon energy, and he understands various powers.

"Blood River Saint Ancestor, old fellow, from now on, when you see your ancestor, I'm afraid you will have to call you father, hehehe, quack, or I will kill you."

Honghuang Zulong said arrogantly while ascending.

"Damn it, do you think you get the benefit?"

The Blood River Saint Ancestor looked disdainful, because at this moment, an astonishing force of essence and blood swept over and appeared in front of him.

It is the essence of Qilin's ancestors.

Qin Chen felt enough about the essence and blood. It really made him swallow it, and he always felt a little sick.

But Blood River Saint Ancestor is the true blood ancestor, the stronger the essence and blood, the more benefits he absorbs.

boom!

The Qilin ancestor's essence and blood was swallowed suddenly by him. In an instant, the vast blood river body of the ancestor of the blood river roared and burned, and the blood billowed to the sky, as if the sky broke and the earth broke.

"Awesome, is the kylin beast of the dark clan? It turns out that it has such a blood structure, and it is really different from the blood of the ten thousand races in this universe."

The Blood River Saint Ancestor is the true originator of blood. He knows the essence and blood of all races in this universe, but he has never swallowed the supreme essence and blood of other races in the universe.

Some of the powerhouses of the Dark Clan that had been swallowed before were all under the supreme, their essence and blood had never been transformed, and for him it was only better than nothing.

Now the strength of the Qilin ancestor's blood has given him a lot of insights in an instant.

Boom!

The surging river of blood boils directly, and there is even more divine light blooming in it. "Kirin essence blood, is this the power of the unicorn in the universe? It really is just a wisp of blood, with too many impurities in it. However, even with many impurities, the essence of the unicorn blood is still extraordinary, and the ancestor of the unicorn is too weak. , Did not take oneself at all

The power of the inner Qilin bloodline is brought into play. "

boom!

Above the blood river, the figure of the blood river saint ancestor appeared, laughing, and very happy.

Although it was only the essence and blood of the peak supreme in the early stage, it was nothing at all to the ancient peak supreme of the blood river ancestor.

But what is important is that the blood of the Qilin ancestor contains the blood of the Qilin, and it also has the supreme blood structure of the Dark Clan, allowing the blood river ancestors to have a new understanding of the power structure of the Dark Clan.

The original ancestral dragon, who was laughing out loud, was suddenly upset when he saw this.

This is so special, how do you feel that the old blood of the blood river saint ancestor has benefited more than him? Not only the ancestor of the blood river, but also the Lord of the Abyss, the Venerable Skyfire, and the Venerable Spirit Demon, each received incredible benefits.

[Chapter 4758: The Fall of the Kingdom of God](#)

Even the Devil Tree of Ten Thousand Worlds was nourished by the soul of the Qilin ancestor.

Of course, it was Qin Chen who got the most benefit.

boom!

Qin Chen's body, the surging power, the essence, soul, and blood of the Qilin ancestor, he just realized it, and what he really refined was the origin of the Qilin ancestor.

It represents the origin of his cultivation.

call!

A large amount of origin was converged by Qin Chen into his body, and the aura on Qin Chen's body rose crazily like a vast ocean.

However, Qin Chen didn't completely swallow these origins. After all, the origin of an early peak supreme needs to be carefully refined, and understand the supreme origins and become his own power. How can he swallow the date like this?

What's more, it is the supreme source of the dark race.

Only by knowing yourself and the enemy can you survive all battles, and Qin Chen needs to study carefully.

In an instant, the origin of the Qilin ancestor was instantly converged into his body by Qin Chen and sealed.

At this moment, above the dark continent.

Kylin Kingdom of God.

Under the leadership of the Qilin Emperor, countless strong men of the Kylin Kingdom, covered in blood, looked at the sky in horror.

Above the sky, the huge phantom of the Qilin ancestor has completely disappeared.

Before the collapse, they only had time to hear the scream of the ancestor, and then each one was seriously injured and vomited blood, and they didn't know anything.

At this moment, everyone was panicked and horrified. What happened to the ancestor?

not...

A bad idea came to their minds.

Cang Dang!

In the next moment, above the endless sky, blood clouds condensed, and the rain of blood fell, and the world was in sorrow.

The rain of blood is pouring down, this is a vision of heaven and earth only in the fall of the ancestors.

"Do not!"

Countless screams resounded throughout the world, and everyone looked at the sky in disbelief.

The ancestor they had always regarded as a god, has fallen?

how is this possible?

Didn't the ancestor go to Sagong Holy Land?

In an instant, the entire Qilin Kingdom was plunged into endless sadness and fear.

However, after a while, no one cared about fear. The Kylin ancestor fell, and the entire Kylin Kingdom began to collapse. Peaks collapsed, the world was torn apart, the earth spewed magma, and the sky rained blood.

A scene of the doomsday coming.

The Qilin Emperor, who hovered above the sky, looked dead, looking desperately at the collapsed Qilin Kingdom.

he knows...

The Kylin Kingdom is over.

Heiyu mainland.

Sikong Holy Land Void Midland.

boom!

Qin Chen converged to his origin and gently fell on the ground, his expression indifferent.

quiet!

Deathly quiet.

In the field, everyone was horrified and looked at Qin Chen.

In front of them, Qin Chen forcibly killed a supreme ancestor, such a scene is really shocking.

"Master."

Sikong Anyun looked excited, with shock and joy in his heart.

Elder Luo Wen, Elder Guhe and others all turned to look at Sikong Zhen.

"Hahaha, congratulations to the little friend for beating the ancestor of the unicorn. It is gratifying and worth celebrating."

At this moment, Sikong tremblingly laughed, and even walked up to laugh.

What?

Elder Luo Wen and others looked at Sikongzhen in a daze. Is this your lord taking the wrong medicine? This kid killed the ancestor of Qilin, what's to be congratulated? Looking back, the ancestor must be furious, and the punishment will definitely not escape.

Is there anything to be happy about?

However, he saw Sikongzhen step forward and smiled and said: "I have heard An Yun say that you are so powerful and invincible, and you can kill the Qilin ancestor. When I saw it today, it was indeed well-deserved. Admire, admire."

Sikong Anyun looked dumbfounded.

Have you ever said something like this to your father?

Turning his head, he saw his father's pleading look, Sikong Anyun sighed in his heart, but after all, he didn't say anything.

Based on her knowledge of her father, she knew what his father should have discovered.

Qin Chen expressionlessly: "Really?"

"Exactly."

Sikong Zhen nodded repeatedly.

"Um?"

For some reason, Elder Luo Wen and the others always felt that Lord Sikongzhen's attitude was a little flattering.

"Come on, my little friend came to our Sagong Holy Land today. It is the honor of our Sagong Holy Land. Please also come to your seat." Sikong Zhen stepped forward and waved his hand hurriedly, his posture was a little low, he wanted to welcome Qin Chen to take the lead.

He dare not go low.

Ever since he felt the faint aura on Qin Chen's body, he has already looked like a frightened bird.

No wonder Qin Chen dared to kill the Emperor Shihen at will, and the clone of Shihen Supreme dared to destroy, let alone the Shihen Supreme. I am afraid that the birth and death of the entire Shihen Emperor was just a matter of a word from the other party.

Thinking that he had almost offended such a big man before, Sikong was shocked. "You don't have to sit here. I don't think Sagong Holy Land looks like you want to invite Ben Shao. So why should Ben Shao stay here more, but before you leave, please bring Feiye and others. They are recommended by Ben Shao. This young man should have come to Sagong Holy Land

Reason, take them away. "

Qin Chen said indifferently.

Not evil?

Si Kongzhen felt a little in his heart.

Because he knew that they were in prison in Sagong Holy Land. Elder Luo Wen saw that Qin Chen's attitude was so arrogant, and finally couldn't help but sneered again and again: "You recommended it? Ridiculous, that is clearly the inspector of our Sagong Holy Land, how can it be yours, let alone," That Fei evil violates my holy land rules

,already..."

boom!

Before he finished speaking, Elder Luo Wen was suddenly hit by a huge force, and the whole figure flew out like a rag bag. One face quickly swelled up, and half of his body was almost blown.

"who is it..."

He roared and turned his head, and saw Sikong Zhenzheng looking at him coldly, his eyes full of murderous aura.

"Elder Luo Wen, when is it your turn to take charge of Sagong Holy Land? I don't know what to do and dare to be so disrespectful to the little friend, so I don't have to apologize quickly, otherwise I will kill you alive." Sikong shouted angrily.

Everyone present was stunned.

This...what happened?

Lord Sikongzhen actually did something to Elder Luo Wen, just because the other party refuted the young man in front of him.

Even if the young man killed the Qilin ancestor, with the strength of Lord Sikongzhen, there is no need to be so afraid, right?

Seeing everyone's dumbfounded look, Sikong Zhen was almost crazy.

Damn, a bunch of mindless things.

Sagong Holy Land is about to be killed by you.

"boom!"

With a strong murderous intent, Si Kongzhen walked towards Elder Luo Wen and said coldly: "Elder Luo Wen, do you really think this seat will not kill you? I apologize to this seat."

The murderous intent on his body seemed to be real, and the cold gaze made Elder Luo Wen tremble. He knew that Sikong Zhen was really angry.

"Little friend, yes, I'm sorry... the old man was reckless before..." Not daring to argue, Elder Luo Wen hurriedly struggled to apologize to Qin Chen. "Kneel down and kowtow to apologize, what are you doing?" Sikong shouted angrily.

[Chapter 4759: You know](#)

Elder Luo Wen suddenly changed color.

Kneel down and kowtow?

This is really...a bit insulting.

Elder Furukawa couldn't help but stepped forward to intercede: "My lord..."

"Shut up!"

Sikong Zhen fiercely yelled at Elder Furukawa, choking him to stop speaking.

He has never seen Lord Sikongzhen make such a fire.

"I will just ask, this Sagong Holy Land, is it still the master of this seat?"

Sikong shouted angrily.

He has never been so angry. At this moment, he wants to die, and he wants to die more easily.

Elder Luo Wen's heart trembled. He is not an idiot. At this moment, he glanced at Qin Chen, who was expressionless, and vaguely understood what the lord had discovered.

Otherwise, with an adult dedicated to defending the temper of Sikong Holy Land, how could he kneel down in front of an outsider.

"Little friend, sorry."

Flop.

Elder Luo Wen knelt on the spot, then he gritted his teeth, bang bang bang, and started to kowtow.

In an instant, blood oozes from his forehead.

Qin Chen was expressionless.

Elder Luo Wen just kept silent and kowtow frantically.

Seeing this scene, everyone present was silent, heartbroken, but also fearful.

Fear of the unknown.

They don't know why Lord Sikongzhen would do this, but they know that there must be a reason for this.

If Master Sikongzhen can let Elder Luo Wen do this, the chill hidden behind it makes people feel creepy.

Until Elder Luo Wen knocked his forehead almost deformed.

Qin Chen said indifferently: "Let Feiying them come to see me."

After speaking, he turned and walked onto the front seat, and then sat down directly.

Everyone was shocked, and they couldn't help turning their heads.

This chair belongs to Lord Sikongzhen.

However, Sikongzhen didn't seem to have seen it, but he said to Elder Furukawa and the others: "What are you guys doing in a daze? Why don't you give me a good life and invite them to come over. If there is a slight difference, I will ask you. "

"Yes!"

Elder Furukawa was frightened and turned around and left. Then, Sikong Zhen turned around and said to Qin Chen, "I hope the little friend forgive me for the poor reception just now, but I also ask the little friend to know that the Qilin ancestor was the mount of the ancestor of our Sagong Holy Land. My ancestor has something to do

Husband..."

Speaking of this, Sikong Zhen smiled bitterly and shook his head, as if there was something unspeakable.

Seeing Sikongzhen's appearance, everyone was stunned and their minds trembled.

The more respectful Si Kongzhen's attitude was, the more they felt lost and fearful.

Those who can come here for a meeting are all high-level officials under the command of Sikong Holy Land on the Heiyu Continent. Which one is an idiot? I'm an idiot, and I don't have the right to stay here.

Such an attitude can already explain many problems.

On top.

Qin Chen listened, but did not speak.

The trace of the blood of the king that suppressed the Qilin ancestors was deliberately escaped by him, and the purpose was to make Sikongzhen feel it.

Sure enough, Sikongzhen's performance made him fairly satisfied.

Since it is the royal family, it naturally has the attitude of the royal family. The more you understand the dark family, the more Qin Chen understands the status of the dark royal family in the eyes of these forces.

Next head.

Although Elder Luo Wen did not continue to kowtow, he still knelt there, uneasy.

After a while, the void in front of him shook, and several figures appeared in the void. It was Elder Furukawa who came with Feiye and others.

Few evil people, all of them looked very haggard. They were just brought out of the prison. Although Sagong Holy Land didn't torture them, they were still exhausted.

At this moment, there was excitement in Feiye's heart. At first, when Elder Furukawa brought them out, they were still a little worried, but later, Elder Furukawa treated them extremely kindly. Not only did they put on brand-new clothes, but they also spoke kindly and looked nice.

Xu, let Fei Yin faintly guess what.

Sure enough, as soon as he entered this void, Feiye several people saw Qin Chen sitting high in the first place.

"grown ups."

The expressions of the non-evil people suddenly became excited, and one by one hurried forward, knelt down on one knee, and saluted respectfully.

Fairy Divine Phoenix looked at Qin Chen with excitement, her heart was filled with incomparable shock.

Although Fei Ye always told them that as long as the adults came, they would be safe, but they would inevitably still feel a little nervous. After all, this is the Sagong Holy Land, which is not a weak existence in the Dark Continent.

Now that they saw Qin Chen sitting high, the excitement and excitement in their hearts could not be suppressed.

"Get up all."

Qin Chen waved his hand, and Fei Eun was lifted up instantly.

Then Qin Chen looked at Si Kongzhen coldly, "What's the matter with them?"

Although he had changed his clothes and had some cleaning up, Qin Chen could still feel some of the injuries on a few people.

"I..." Sikongzhen was panicked.

Sikong Zhen never thought that Qin Chen would blame him on behalf of them.

I am a fool!

Sikongzhen wanted to kill himself at this moment.

Ever since Feiye has been refusing to tell Qin Chen's identity, he should have guessed it.

He is his own subordinate, it is obviously a good thing, but the elder Luo Wen has made it a bad thing.

Sikongzhen looked at Elder Luo Wen angrily, wishing to slap Elder Luo Wen to death on the spot.

However, he hesitated, and still did not shirk the responsibility on Elder Luo Wen. As the master of Sagong Holy Land, he must have his own responsibility.

"Little friends, a few of them were an accident. Everything was wrong. Please punish them."

Sikong trembled.

Although the address for Qin Chen is still a little friend, his attitude is the same as that of his subordinates.

Hearing this, Elder Luo Wen's expression changed, and he raised his head, looking at Sikong Zhen in disbelief.

What is the identity of the boy in front of him? Why is Lord Sikongzhen so scared.

He hurriedly said: "No, everything is Xia Xia's fault. Xia detained several of them. If you want to punish, please punish me."

Elder Luo Wen gritted his teeth.

He knew that it was dangerous, but he couldn't let Sikongzhen bear this responsibility.

Qin Chen didn't say much, just looked at Feiye, and said, "Feiye, just tell me, how do you want to deal with it?"

"I..." Fei evil glanced at Elder Luo Wen and Sikong Zhen, and wanted to intercede for the two. After all, Sagong Holy Land is his natal family, but after hesitating, he said, "Everything is subject to the arrangements of the adults."

Qin Chen nodded, and suddenly said, "Elder Luo Wen, isn't it? You are very courageous."

Elder Luo Wen hurriedly squatted his head in panic: "Don't dare to go down." Qin Chen glanced at Sikong Zhen, and said lightly: "Sikong Zhen, a person like him, becoming an elder of Sikong Holy Land will only bring disaster to the Holy Land of Sikong, you know?"

[Chapter 4760: Holy Land Origin](#)

Sikong Zhen leaned forward and said: "The old man understands that it is the old man's confusion. From now on, Luo Wenzhi will no longer be the elder of our Sikong Holy Land."

The expressions of everyone present were terrible.

Sir Sikongzhen, what's wrong?

Qin Chen glanced at him and said with a smile: "This person is not bad, and you are not a talented person at Sagong Holy Land."

Sikong Zhen hurriedly said: "From now on, Feiye is the core elder of our Sagong Holy Land, in charge of the Holy Land inspector."

Core elders? !

Everyone was stunned.

Is the core elder of Sagong Holy Land so good to be? The weakest who can come here are the half-step supreme strong ones? The core elders are generally held by the supreme.

This is not evil, but only the pinnacle of heaven.

And before this was not evil, it was just the captain of the inspector's law enforcement team, but now he has been appointed to take charge of the holy land inspector at once. Does he have this ability?

It is important to know that the leaders of the inspectors are all half-step supreme masters.

Feiye was startled, and even nervously said: "My lord, I..."

Qin Chen waved his hand and patted him on the shoulder, "Don't be nervous, trust me, you can do well this elder."

After speaking, Qin Chen turned his head and looked at Luo Wen, "I don't know what this person was in charge of in the first place? I usually wait for the inspectors, maybe I know how to be a person in the future."

There is no need for Qin Chen to say more, Si Kongzhen understood in an instant, and quickly said, "From now on, Elder Luo Wen is the deputy inspector in charge and assists the elders who are not evil."

Deputy Chief?

Qin Chen said lightly: "Your Excellency, don't commit the following crimes again in the future."

Elder Luo Wen was still kneeling, and said nervously, "No, I dare not."

Qin Chen looked at Fairy Divine Phoenix, "You guys, follow Fei E in the inspection envoy."

"Yes!"

Fairy Divine Phoenix was excited.

Sikong Zhen said quickly: "From now on, the three of you will be the deputy commander of the inspection envoy of our Sikong Holy Land."

The deputy commander of the patrol envoy, this at least requires the pinnacle Heavenly Sovereign to take up the position, the Divine Phoenix Fairy and the others are almost the same.

Qin Chen didn't say much. With the strength of Fairy Divine Phoenix and the others, it was more appropriate to serve as a deputy commander. He could get a lot of experience. No matter how high the position, it would be easy to help him.

"I don't know what else the little friend has ordered." Sikong Zhen said again.

"Ben Shao does have an important matter to discuss with you, but let me find a place to practice for Ben Shao first. After the training is over, I will discuss it. Ben Shao needs a source, a lot of dark sources, understand?" Qin Chen looked at it. Sikong shocked his eyes.

"Yes, I'll arrange it right away, and ask the little friend to come with me."

When the voice fell, Si Kongzhen turned around and took Qin Chen flying forward in person.

Qin Chen said to Fei E and the others: "You can settle down here."

Sikong Anyun replied: "Master, I will arrange for them if they are not evil hands."

Qin Chen nodded, and then followed Sikong Zhen to leave.

A heavy void was quickly passed by the two of them. After a while, Sikong Zhen took Qin Chen to an extremely dark place.

boom!

There was a billowing dark atmosphere in the emptiness, which was much stronger than the dark universe that had evolved out of the VIP room before. "My little friend, this is the source of the holy land of our Sagong Holy Land, and it is also the core of our Sagong holy land on this Heiyu Continent. The endless dark power of our Sagong Holy Land is provided by this holy land source, which implies that my holy land comes from the dark continent. Coming black

Dark source, after the little friend enters, he can find a place to practice. If there is any need, as long as the little friend calls, I will come over immediately. "

Qin Chen calmly entered into the source of darkness in front of him.

After seeing Qin Chen entering the depths of the Dark Origin, Si Kongzhen slowly retreated, his eyes flashing with strange brilliance, as if he was quietly relieved.

"Qin Chen, the source of darkness here is indeed rich."

After entering here, Honghuang Zulong and others were all amazed.

Here, the pure darkness of the origin aura is everywhere, and the power of the origin is scattered everywhere, as if you are in the dark continent.

It was the first time that Qin Chen and the others had seen such a rich source of darkness. This was the true source of power brought back from the Dark Continent.

After Qin Chen entered the origin of this holy land, he immediately sat cross-legged.

boom!

A terrifying source of power instantly entered his body, and the billowing dark aura quickly merged with Qin Chen himself, causing countless dazzling dark runes to flash out of him.

The dark runes filled the sky like a net of heaven and earth, densely packed, flooding the world.

Every rune contains an original rule of the Dark Continent.

At the same time, the origin of Qilin Supreme in Qin Chen's body was once again refined by him, integrating the power of darkness between the heavens and the earth, quickly refining, and becoming the power in his own body.

"Qin Chen, don't you really want to break through the supreme realm on this dark side?"

Honghuang Zulong said in shock: "The power of darkness is very different from this world. If you break through the supreme on the dark side, you will definitely be suppressed by the origin of this universe. By then, if you want to break through the supreme, the difficulty will be even more difficult. Big improvement..."

Qin Chen's eyes flickered: "So what? The power between heaven and earth is the same in different ways. As long as it can be used by me, what is the difference? Is there a difference between the power of darkness and the power of human race?"

"In this universe, it may be completely different, but what if you zoom in and take a long view?"

Qin Chen looked towards the end of the source of darkness, his eyes flickering.

Take a long-term view?

Honghuang Zulong was startled.

He suddenly realized.

indeed.

If you are standing at the level of the universe, is there a difference between these two forces?

In this universe, the power of the human race, the power of the demons, the power of the demons, and the power of the ancient races are all different, and they cannot communicate with each other.

However, this is viewed from the perspective of a race.

But if you stand in the entire universe and look at it, is there a difference between the power of these ten thousand races?

Isn't it all the forces in this universe? The so-called differences are just some attributes and some ways.

In the same way, the power of the universe and the power of darkness are two completely different forces. From the perspective of this universe, this view is correct.

But what if you look at it from the perspective of the universe?

Many forces in the universe are all forces between the heavens and the earth, so what's the difference?

At this moment, raging waves emerged in the hearts of Honghuang Zulong and others.

Highly built!

They didn't expect that Qin Chen, a person who was not even the Supreme, would be able to say such an opinion.

But these old antiques, who have lived for hundreds of millions of years, have been complacent and immersed in traditional thinking.

"wrong."

Suddenly, Honghuang Zulong reacted.

"Qin Chen, you are secretly changing the concept." He said silently.
