[Chapter 4771: Go to headquarters](#)

Protector Mikong has evolved many supernatural powers and rune laws, his face flushed, and a look of fear gradually appeared in his pupils.

When Naguro saw this scene, he almost fainted in fright, breathing heavily, with a smell of suffocation. "This is... the Qilin Qi, the magical powers of the Kylin ancestors of the Kylin God Kingdom. Rumor has it that there is a Tianjiao disciple under the Kylin ancestors, named Prince Qilin, who is the heir of the Kylin God Kingdom. The relationship with Sagong Holy Land is irreversible. Kirin too

son? "No, although it is rumored that Prince Qilin is capable of reaching the sky, he may become a half-step supreme, but he is only a junior, and it is by no means possible for him to be so powerful. The power in your body is very strong and pure, which is definitely not something a young man can possess , So much Qilin Qi can be controlled by hundreds of millions of years of painstaking practice. "

This Mikong guardian roared hysterically, unbelievable, he also never expected that Qin Chen's strength was so high that he could suppress himself unable to move.

He couldn't imagine.

As for Gu Luo on the side, he was almost fainted with fright. "Prince Kirin? It is ridiculous that you compare such waste with me. Prince Kirin was killed by Ben Shao a long time ago. As for the ancestor of Qilin, he has died because he did not respect his command. In the hands of this young man, these unicorns

Qi, it is Ben Shao to absorb and control. If you are not obedient, this young master will kill you too, and it will directly swallow your origins and save trouble. "

Qin Chen said casually.

"What? You killed the Kylin Ancestor? It's impossible. The relationship between the Kylin Ancestor and Sagong Holy Land is irreversible. How can you kill it?" Protector Mikong couldn't believe it.

"What's impossible, let alone the Qilin ancestors, it's because you don't know what is good or bad, the **** master of Linyuan Sacred Door, this young master killed him if he wanted to." Qin Chen said lightly.

"Well, if you want to die and live, just one sentence, if you want to die, then this young man will do it for you. At that time, this young man will directly find Linyuan Supreme, and I don't bother to ask. If this person is not obedient, kill them all. Yes."

Qin Chen said indifferently, his tone full of disdain.

"Gluck."

Protector Mikong made a sound of horror in his throat. At this moment, all his power was blocked by Qin Chen, and the life and death of his body was between Qin Chen's thoughts. At this moment, he felt Qin Chen's horror and also felt the supreme darkness in Qin Chen's body. Power, he absolutely can't

Contending.

It is by no means impossible for the other party to kill the Kylin ancestor.

What shocked him even more was Qin Chen's other words. This person was the murderer who killed Prince Qilin. It is rumored that the person who killed Prince Qilin was the same person who killed the Prince Shihen.

And Prince Kirin is rumored to be expected to enter the sacred place of Zuo Si Kong. If this person is really the murderer of Prince Kirin and the ancestor of Kirin, why is Sikong Zhen so respectful to him?

There is definitely something special about it that you don't know.

"Senior forgive me, I have something to say."

Protector Mikong said tremblingly.

In the face of death, he chose to surrender.

Qin Chen waved his hand and boomed, the huge unicorn shadow dissipated, and the oppressive force on the Dharma Mikong suddenly disappeared, and he saw Qin Chen sitting on the throne again, extremely casual, not worried about the Dharma Mikong meeting. Take the opportunity to leave.

It should be understood that this is the Linyuan Sacred Gate, the other side's posture, but it makes Protector Mikong's heart palpitations even more.

"Let's talk about it, why don't you Linyuan Sacred Gate want to see Sikong Zhen?"

Qin Chen said lightly.

"Guro, you go out first."

Protector Mikong waved his hand and sent Gu Luo out. Then, he pondered slightly, and said: "Why the master of the gate does not want to see Sagong Zhen, I don't know, but this thing is indeed a bit strange, what happened between the Stone Mark Emperor Sect and Sagong Holy Land in the Dark Ancestral Land, My Linyuan Sacred Gate

I knew it for a while. At that time, the master of the door meant that all parties should not be guilty and remain neutral. "

"But, just yesterday, it seemed that someone had visited the door master and had some discussions with the door owner, and then I received an order from anyone not to contact Sagong Holy Land."

"Oh, who is it?" Sikong Zhen frowned, "Could it be from the Shihen Emperor?"

"I don't know this either." Protector Mikong shook his head.

"You do not know?"

Sikong frowned slightly.

"It's okay, no matter who he is." Qin Chen sneered: "Why bother, now you take us to see Linyuan Supreme, as long as you see Linyuan Supreme, everything will be clear."

Protector Mikong just wanted to speak, suddenly, a stream of light broke through the air, with a strong aura, it was a rune, and instantly fell into the hands of Protector Mikong.

"Huh? It's a superb rune book!"

Qin Chen's heart moved, and he saw Protector Mikong grabbing his hand, took the rune and opened it slightly, his face changed, and he stood up.

"What happened?" Sikong Zhen asked.

"It's the rune book of Master Sect Master, don't the two want to see Sir Master Sect Master? Master Sect Master ordered me to go to a meeting and discuss the matter of Shihen Emperor Gate and your Sagong Holy Land." Protector Mikong said in a deep voice. . "Oh, it seems that it was caused by Sagong's screaming before. In that case, Sikongzhen, I will wait to go with the protector of Mikong to see what Linyuan Supreme wants to discuss, and why he treats Sagong Holy Land like this." Qin The dust is cold, open

Then stood up.

"You two..."

Mikong protector changed color.

If the master sect master knew that he was colluding with the people of Sagong Holy Land, I wouldn't know how he died.

"What are you afraid of?" Qin Chen said coldly: "You have also seen the strength of this young man. By doing this, you are helping the Linyuan Sacred Sect, rather than harming the Linyuan Sacred Sect. Do you want to watch you? Linyuan Sacred Gate, went astray and was wiped out by Ben Shao?"

"I..."

Protector Mikong wanted to say something, but he felt the murderous aura permeating Qin Chen, and he dared not speak.

"Okay! I'll take the two over, but please hide your breath and appearance for the two of you. Don't be noticed. After the meeting is over and the specific situation is known, let me discuss with the master of the door secretly." Protector Mikong looked at. Sikong Zhen.

Especially Sikongzhen, there are not a few people in Heiyu Mainland who know him.

"trouble."

Sikongzhen snorted coldly, glanced at Qin Chen, and saw that Qin Chen had no objection, he immediately changed his appearance and condensed his breath.

With Sikong Zhen's strength, after converging his aura, even a supreme powerhouse like Mikong Guardian could not feel a problem.

"Let's go."

Protector Mikong hesitated for a moment, and finally took the lead in flying. Qin Chen and Sikong Zhen followed closely. The three of them flickered, and after a while, they arrived at the core of the real Linyuan Sacred Gate.

Boom! The endless breath came, and the divine power was flooded everywhere.

Chapter 4772 Gu Xuye

This core place is very magnificent, it seems to be located in an independent void, there are no buildings, and some are just a bright void.

The light is soft, the law of dangling is misty, and there is a sacred atmosphere everywhere, as if you have come to a land of immortal family blessings, the treasures of the gods, which makes people feel very comfortable.

Very mysterious.

Qin Chen and Sikong Zhen followed Mikong's guardian, entered this void, and saw that there were huge thrones rising in this void.

Powerful auras came in volley and landed on the huge throne, revealing one after another great figures.

These big figures, each with extraordinary cultivation bases, are similar to the high-level meetings of the Sagong Holy Land, with various auras floating on their bodies, erupting a sense of terror.

In addition, after the big men on the huge throne sat down, some masters stood below the throne. They were the disciples of those big men or their subordinates. Among them, the lowest cultivation level was the half-step supreme.

It seemed that within half a step, the Supreme could not enter the void meeting hall of the Linyuan Sacred Gate.

As soon as Protector Mikong appeared in this core void, a huge throne rose up, as if it was specially prepared for him, but of course Qin Chen and Sikongzhen didn't have them, they could only serve as followers, standing quietly on him. Below the throne.

Of course Qin Chen and Sikongzhen didn't care about this, but quietly observed the surroundings.

A throne of venerable thrones rose up, and one by one big figures broke through the air. Qin Chen was also secretly shocked. He thought that the number of experts in the Linyuan Sacred Gate was about the same as that of Sikong Sacred Land. I saw no less than four or five supreme.

And the number of supreme is still appearing constantly.

Qin Chen had only seen three supreme lords in Sagong Holy Land, including Sikong Zhen.

This Lin Yuan Sacred Gate is so much stronger than Sikong Sacred Land?

"Huh? Your lord, some of the old guys in the Linyuan Sacred Gate actually appeared. It's hard to believe. Didn't these guys have been seriously injured when they were fighting? Why are they still alive?"

Seeing these supreme, Si Kongzhen was also taken aback.

"Our Linyuan Sacred Gate, in addition to the sect master and the four great guardians, there are also three Supreme Elders who are closed to death. One of them was once the deputy sect master of our Linyuan Sacred Gate, a total of eight supreme elders." The air protector introduced to Qin Chen.

"Eight supreme? Sikong Zhen, in this way, wouldn't the Linyuan Sacred Gate be stronger than your Sagong Sacred Land?"

Qin Chen looked over.

"My lord, you don't know. Actually, there are three Supreme Elders who retreat in Sagong Holy Land, who are also supreme-level masters. They were all injured in the past and their lifespan was almost exhausted. Therefore, there is no special situation. They will never leave. Yes, so compared to the overall strength, our Sikong Holy Land is not inferior to the Linyuan Holy Sect."

Sikong Zhen said.

Qin Chen nodded.

It turns out that there are three other supreme masters in Sagong Holy Land, so it makes sense.

Boom!

Just as Qin Chen and the others were talking, two powerful men who exuded a suffocating ancient aura came.

The two thrones that flowed to the supreme law rose slowly, and then the two great figures, leading some masters, sat on the throne of the supreme law.

Including Mikong protector, there are a total of seven supreme, except for Linyuan supreme, everyone else has already arrived.

"That person is the deputy master of our Linyuan Sacred Sect back then, named Gu Xuye, who came with him is the guardian Huangdi among the four guardians." Protector Mikong said again.

Qin Chen glanced over and saw that Gu Xuye's face was unexpectedly young, with a baby-faced face, an old-fashioned face, and an ancient aura constantly surging around him.

However, his temples have some grayness, and the two feelings of old and young are combined, giving people a very strange feeling. His eyes are eternal and immovable, and his expression is always high, looking coldly at the clouds. He looked like, his sleeves were empty, his breath blended into his surroundings, and he didn't make any movements, but he gave a scent of earth-shaking and changing colors as soon as he moved.

This person is like an ancient god, guarding the heaven and the earth, and must not be angry. Once angry, the heaven and the earth will collapse and the feeling of eternal return to the ruins.

Moreover, this person's breath actually has a faint taste of returning to the original, as if he has stepped into the realm of mid-term supremacy, and it does not seem to be, very weird.

When this person arrived, he casually glanced at everyone present, naturally including Mikong's protector, and also found Qin Chen and Sikongzhen.

His eyes swept randomly, crackling, like thunder surging, Qin Chen felt a deep ancient power in Qin Chen's body, invading in, he must carefully probe every inch of flesh and blood and its origin.

However, Qin Chen didn't move at all, sneered in his heart, and directly used the dark secret technique, the power of the king's blood, completely latent his own power, and converged it into the body, leaving only a half step of the external power of the pinnacle.

The terrifying divine consciousness shot past, and Qin Chen's half-step peak supreme strength was seen 'clearly' by the opponent.

Finding that this was an ordinary half-step peak supreme, Gu Xuye's spiritual thought flashed past.

On the other side, Sikongzhen was also swept by this person, but he didn't see anything. The other party just frowned and then passed by again, obviously not discovering the true identity of Sikongzhen.

Qin Chen wasn't worried at all, if Sikong Zhen didn't even have this hidden means, he wouldn't be qualified to be the power of Sagong Holy Land.

After seeing this Gu Xuye sitting down, he said lightly: "Okay, since everyone is here, let's start the meeting."

The rumbling voice of Gu Xuye echoed in the void.

"Huh? What about the master of the sect? Why don't you come out?" Protector Mikong said solemnly.

Gu Xuye faintly glanced at the protector of Mikong, and the protector Huangdi who came with him immediately said coldly: "The master of the door has to wait for a while because of important things. For today's meeting, Gu Xuye Your lord is here to host."

"good."

Gu Xuye glanced at the crowd, and said lightly: "The master has something important, so I entrusted this seat to preside over the meeting. Today, we are convening everyone. The matter is also very simple, just to discuss the matter between Shihen Emperormen and Sikong Holy Land. , The former Sikong Zhen of the Sagong Holy Land seems to be still clamoring at the door of my Linyuan Holy Gate, the master of the gate also wants to know how you think about this matter."

Gu Xuye spoke, and his voice was like dragons and tigers, and there was a smell of wind from dragon and cloud from tiger. Every word was transformed into a supreme rune, and the words were faintly merged with the heavens, and roared.

"Master Gu Xuye, what is there to discuss? That Sagong Zhen doesn't know what is good or bad. Relying on his identity as the boss of Sagong Holy Land, he dares to challenge my Linyuan Sacred Gate, and he will not live or die. If it is not for the master of the sect, he will not be able to do it. I had already killed him before."

Xu Di protector sneered directly.

[Chapter 4773: Get angry](#)

"What do you think of Protector Mikong?"

After the guardian Huangdi finished speaking, he actually looked at the guardian Mikong and said with a sneer.

Protector Mikong frowned, and said in a deep voice, "Faculty Huangdi, what do you mean?"

The other party asked himself inexplicably, causing Mikong's protector who had ghosts in his heart to jump.

"What do you mean?" Protector Huangdi sneered: "What can I mean, I just heard that the relationship between Protector Mikong and Sagong Holy Land is good, and I have spoken for Sagong Sheng before, so I want to understand the idea of Protector Mikong!"

"Humph, guardian Huangdi, what do you mean by that?"

Protector Mikong's face sank. He was drawn to Sikong Zhen at the beginning, and he had indeed spoken for Sikongsheng several times.

On the side, Sikongzhen transmitted to Qin Chen: "My lord, the rumor that Xundi's guardian is in the Linyuan Sacred Gate and Mikong's guardian is very at odds with each other. Both of them are striving to become the deputy master of the Linyuan Sacred Gate."

Qin Chen felt stunned. No wonder this Huangdi's protector was directed at Mikong's protector as soon as he came up.

At this moment, Gu Xuye looked up and said indifferently: "Protector Mikong, since you have spoken, why don't you talk about it first, how should I get along with the Sacred Holy Land of Linyuan Sacred Gate."

Protector Mikong said in a deep voice: "Elder Gu Xuye, my idea is to have a good chat with the Sagong Holy Land. When things like this happen in the Dark Ancestral Land, there must be some conflict between the two sides. The Sagong shocked me before Linyuan. Sacred Sect, you can ask what happened. This person is also the Sacred Lord of Sagong Sacred Land. I am one of the three giants in Heiyu Continent. Regardless of my attitude of Linyuan Sacred Sect, talk to the other party. It's better than driving away directly. After all, one more friend is better than one more enemy, but I don't know why the master of the door didn't see him behind closed doors. If Master Gu Xuye knows, please let me know."

Mi Kong's protector arched his hands.

"Hahaha, Master Gu Xuye, as I said, this Mikong protector has an unusual relationship with Sagong Holy Land, and will definitely speak for the Sagong Holy Land. You see, it is true. I even suspect that this person has a relationship with Sagong Holy Land. Some shady deeds."

Xuandi's guardian sneered: "If you want me to say, I will kill the Sagong directly, as long as the deputy master gives an order, I will immediately take action to destroy the Sagong."

"Only you can kill Sikong Zhen? If you have this method, what kind of protector are you still in my Linyuan Sacred Sect? You can go to Sagong Holy Land as an ancestor."

Protector Mikong sneered coldly.

"Humph."

Protector Huangdi stood up all of a sudden, "Guardian Mikong, you really think that you are not able to move you?"

Boom!

A billowing force erupted from Huangdi's guardian body.

"This seat has long suspected that you are related to Sagong Holy Land, there is a kind, come out for a battle, dare you!"

Xu Di's protector shouted angrily.

"Okay, everyone is discussing how to get along with Sagong Holy Land, why bother with anger."

At this time, another supreme powerhouse spoke.

It is a supreme elder of Linyuan Sacred Gate, Elder Tianweng.

This person is a taciturn, old-faced old man, this old man has a profound cultivation base, but has an old aura, and the dark aura on his body is no longer pure enough, fused with many impurities, and there is a decadent aura permeating.

Obviously, life is coming to an end, and there is not much time left to live.

"Elder Tianweng, wait a minute. Regarding the Sagong Holy Land, it should be the protection of Mikong to clarify the matter first." Xu Di sneered again and again: "He has nothing to do with the Sagong Holy Land. I suspect that he is related to the Sagong Holy Land. So today's Things, he should be expelled, he is not qualified to stay here."

"Huh! Protector Huangdi! I think you want to compete with me?" Protector Mikong stood up: "Others are afraid of you, I am not afraid of you. You said I was in collusion with Sagong Holy Land, but I heard that you I have a good relationship with the people of the Shihen Emperor Sect. I wonder if you are instigating discord and want to destroy the relationship between my Linyuan Sacred Sect and Sikong Sacred Land."

"Hahaha, to provoke the relationship, the Sagong Holy Land needs me to provoke. Sikong Zhen is making troubles everywhere in the Dark Ancestral Land. He hasn't encountered this seat, as long as he encounters this seat, let him look good." Laugh, "And you, Protector Mikong, you usually say how you are, it's better to do the last match between you and me, and see who is strong and who is weak between you and me? Losers will go around the other side in the future, how about ." Xu Di's protector stood up, aggressive.

This is to force Mikong protector to do it.

How could Protector Mikong stand up suddenly, and said coldly: "Guardian Huangdi, I really am afraid that you will not succeed?"

Rumbling, his body surged, but before he could take a shot, the silent Sikong Zhen aside, suddenly walked out from under the throne of Mikong's guardian.

"Protector Mikong, this person is too arrogant, to deal with such a guy, why use the Defender of Mikong to do it, let me come forward."

"Um?"

When he walked out, everyone present was taken aback.

Who is this person?

Because no one recognized Sikongzhen, it seemed that he was a disciple of the guardian of Mikong.

However, during the confrontation between the two great guardians, a disciple of this person dared to step forward. Isn't this going to die?

"Guardian Mikong, who is this person? Are your disciples so uneducated? Dare to yell at this guardian, not knowing whether to live or die."

Xu Di Hufa coldly said.

On the side, Protector Mi Kong's forehead was cold sweat.

My ancestor, how did this Sikongzhen come out?

Panic in his heart, he hurriedly transmitted his voice: "Sikong Zhen, give me this Huangdi guardian, you must not make a move, otherwise, once your identity is exposed, you will undoubtedly die."

The master of the dignified Sikong Holy Land sneaked into the high-level meeting of his Linyuan Sacred Gate. Once exposed, it would be difficult to tell. Not only was the danger of Sikong shocked, but his Mikong protector would also be unlucky.

"Hahaha, Protector of Mikong, what are you afraid of?" Sikong Zhen had a voice transmission: "These guys, so courageous, all of them are so arrogant, I want to know, what is this person capable of and dare to be so arrogant. "

When the voice fell, Si Kongzhen looked at Xundi's protector.

"Little law protector, dare to look down on the world's strong, knowing whether you live or die, I want to see what you are capable of, and your tone is so arrogant."

Wow!

From the top of Sikongzhen's head, a huge palm appeared. The palm covered the sky and the sky covered the earth. It broke through the sky and grabbed the place where Xu Di's guardian was.

Sikong Zhen's shot directly displayed supreme-level power and wanted to fight the opponent.

The huge palm of the hand shook the earth, and the void of the Linyuan Sacred Gate collapsed everywhere. At this moment, the heaven and the earth collapsed.

[Chapter 4774: Supreme Patriarch](#)

Boom!

At this moment, the entire void of Linyuan Sacred Gate was full of roars and surging power, and the void was directly squeezed and exploded, collapsing into a chaotic world of vitality.

In an instant, the huge throne under Mikong's guardian seat collapsed suddenly and exploded directly with a bang. It was impossible to hold on under this force.

"No, boy, you are crazy."

"What a fierce existence."

"Master, be careful."

Behind the guardian of Huangdi, several disciples and masters roared. These people were all followers of the guardian of Huangdi. At this moment, they all screamed in shock and tried to resist.

However, as soon as their power came into contact with each other, the whole person collapsed, and many powerful men retreated one by one, vomiting blood from the bombardment, and the robes on their bodies shattered, and there was no resistance at all.

Even the original power in their bodies was directly exploded, especially the disciple standing in the forefront, who had cultivated to a half-step supreme peak, and the aura in his body had already begun to transform towards the supreme realm.

He is a true master, second only to the existence of Huang Di's protector. But at this moment, the person slammed, blood spurted out again and again, Sikong Zhen's huge palm had not yet fallen, he was already vomiting blood and wounded, the source of darkness in the body suddenly shattered, and the whole breath dropped suddenly. Sikongzhen

He had knocked down a realm alive, and almost fell directly to the realm of the peak Tianzun from the half-step peak supreme realm, and his breath was empty.

What?

The guardian Huangdi was taken aback, not only him, but the other guardians and elders around him were also shocked.

When did Protector Mikong have such a supreme powerhouse, why did they never know?

"Where is the arrogant person, looking for death." Hundi guards facing the sky-shielding big hands, shaking his hands, punching out the supreme avenue in the body, mighty and unique, one after another, dark magical powers rose from his hands. Like the ancient magic wind, sweeping across the world, destroying billions of stars, and like the end

Sun storm, dominate one side.

"Darkness reincarnation, heaven and earth dying, sweeping across the world, supreme storm!" Huang Di's entire body rose up into the sky, and a burst of darkness burst forth, enveloping the disciples under his command, and the rolling power made him The disciples of screamed one by one, and the bodies that had been seriously injured quickly recovered

, One by one rise again.

Boom!

The power of these disciples fed back, and instantly entered the body of Xuandi's protector. The whole body of Xuandi's force was condensed, and he launched the most violent counterattack against Sikong Zhen.

With a bang, a huge dark fist soared into the sky, colliding with the big dark hand.

With a bang, it was as if the Tianzhu broke, the sky collapsed, and countless violent powers swept wildly. Many guardians and elders around them took action to resist this power, and their expressions changed one by one.

"Huh! Want to resist this seat? Thinking too much, the hand that covers the sky, sweeping through the ages, this seat is majestic and invincible, who can stop it?!"

Sikong stood awe-inspiringly in the air, with divine rainbows blooming in his pupils, and a series of dark auras emerged all over his body. These auras turned into a series of dark behemoth phantoms, with real dragons roaring to the sky, and unicorns rushing to the sun. The wing tiger roared.

Behind Sikongzhen, a heavy phantom appeared, as if the mighty beasts of the heavens and the earth all appeared behind him, revealing the vast mountains and rivers.

In every gesture, there is a fight against the devil and against any capital.

Swallowing mountains and rivers with anger, holding the sky with only one hand.

Boom boom boom!

Numerous loud noises exploded and shook out from the void, Sikong Zhen's palm fell, and the dark fist of Guardian Huangdi shook fiercely, and then cracks continued to appear, quickly disintegrating, and being completely shattered. .

That huge fist, under the cover of Sikong Zhen's big hand, kept burning and annihilating.

"This is your arrogant capital? Too weak?"

Sikong Zhen's entire body descended in front of Xuandi's guardian, like the ancient demon god, king of heaven and earth, his palms condensed, dragons and tigers roared, and he shot out against Xuandi's guardian.

boom! The power of the palm swept across, before it fell in front of Huangdi's guardian, ooh, the robes of Huangdi's body had already burned, as if it was about to be exploded on the spot. The original aura all around him exploded. Wearing a treasure, constantly

It made a tearing sound, as if directly disintegrating.

collapse!

That huge palm print, covering the sky and the sun, is really like a hand that destroys the world, covering a world, suppressing it, and directly suppressing Huangdi's guardian.

"impossible."

"Huangdi's guardian is actually at a disadvantage, my god, who is this person?"

"Huangdi guardian is one of the four great guardians of my Linyuan Sacred Gate, with supernatural powers and invincible overbearing power. How could he be oppressed by a disciple under Mikong's guardian?"

"Disciple? Where is this disciple? This is the ancestor, the supreme ancestor."

Around, many disciples in the Linyuan Sacred Gate shouted, one by one, hysterical and unbelievable, their eyes rounded.

"what!"

A lot of discussions came to the ears of Huangdi's guardian, Huangdi's face turned red and roared.

"Little disciple, I also want to go against the sky, fight to the death, the emperor's supernatural powers, the law of darkness, and the gods come."

The protector of Huangdi was shaken by Sikong to break the dark atmosphere of the protective body. The top treasure clothes could not stand upright under pressure. If he knew it was not good, he immediately launched a desperate method.

The source of darkness in his body was constantly urged, and the essence and blood in his body burned all at once, and a heavy force burst out of his body, successive explosions, to explode the oppression of Sikong Zhen.

At the same time, his body stood upright, and above his head, a dark breath surged and turned into the shadow of a supreme god. "Huh, this is the time. I don't know if you pretend to be dead, and you want to resist? It seems that you are not only weak in strength, but also not good in vision. Not to mention, if this is the case, this seat has completely destroyed your thoughts and let you know that before you How arrogant is

Ridiculous. "

Si Kongzhen saw this scene, sneered, and took a violent step forward, a heavy dark halo in his body condensed, blessed on the huge palm, and then punched out abruptly.

Boom!

With this punch, the **** phantom condensed by the guardian of Huangdi directly exploded, and the weather exploded and turned into a billowing storm.

Sikongzhen shook his body and didn't stay there. He instantly came to the front of Xuandi's guardian and punched him.

Protector Xuandi's eyes were blood-red, and he also blasted a punch. The fist slammed into the air and rumbling. All of Xuandi's arm was exploded, **** and bloody. The whole person flew upside down and was beaten by Sikong Zhen. hurt.

Although he is the supreme powerhouse, but he can't resist the power of Sikong Zhen. If it wasn't for Si Kongzhen who didn't want to kill the opponent, he might be able to defeat him with just one punch, so why bother to spend so much effort.

[Chapter 4775: Reveal one's identity](#)

Boom!

Hit a punch.

Sikongzhen stood firm, motionless, like a demon **** standing upright, standing proudly in the void, with contempt in his eyes.

On the opposite side, the guardian Huangdi kicked backwards, his eyes horrified.

incredible.

He was actually defeated.

"Huang Di protects the law, but so."

Sikong Zhen sneered, staying still, as steady as a sacred mountain.

Protector Mikong only felt that his scalp was numb, and he was sweating all over.

Sikongzhen's performance in this way will definitely attract the attention of countless people and directly become the target of public criticism.

Sure enough, his words just fell.

Behind Xu Di's guardian, an elder suddenly stood up.

"Hmph, your arrogant tone, Protector Mikong, where did you find the guy? Why have you never seen it before? I have a big word at the Linyuan Sacred Sect, who is my disciple of the Linyuan Sacred Sect. ."

This is a majestic middle-aged man, with eyebrows like swords, tall and straight, like a spear like a pillar of heaven, and his spine soaring into the sky like a dragon, standing proudly and coldly said.

"Yes, Protector Mikong, who is this person? When did my Linyuan Sacred Gate appear such a supreme master? And I have never seen it before, it is really suspicious."

"Guardian Mikong, let's talk, who is this person?"

A famous elder frowned and said in a deep voice.

It is true that Sikongzhen's strength is too strong. The strength of repelling Huangdi's guardian is already a master of the supreme. Such a character appeared in his Linyuan Sacred Gate. He has never seen it before. How can these guys fail? Confuse.

Even some elders who were not hostile to Protector Mikong frowned and looked at it solemnly.

"This this..."

Protector Mikong concealed: "This person is a good friend of this seat. He has a good relationship with this seat. I just joined the Linyuan Sacred Gate not long ago. It is normal for you to not know."

"A good friend of yours?"

Many strong people have doubts.

"Huh, this is Heiyu Continent, but it's not the Dark Continent. There are only so many supreme-level masters. I have almost heard of this person. I don't know how famous this person is. If I report my name, I'm afraid I should have heard of it. ."

The middle-aged elder said in a deep voice.

"This..."

Protector Mikong frowned, and his heart became tense.

If it is in the Dark Continent, he will explain it at will, and he will naturally be confused. After all, there are countless supreme masters on the Dark Continent, and no one knows all the supreme powers in the world.

But here is the Heiyu Continent, and supreme masters are extremely rare. As long as he says any name, the guardians and elders present can inquire about how to cover up.

For a while, the back of Mi Kong's protector was sweating coldly. Upon seeing this, the guardian Huangdi's gaze condensed, and he suddenly said grimly: "Gu Xuye deputy sect master, everyone, the guardian of Mikong is really suspicious. I have many supreme masters in Heiyu Continent, no one knows, but this person I have waited before. Never seen before, so suddenly

At my Linyuan Sacred Gate, it is really weird. I want to say that it is better for you to shoot together, take this person, and see if this person has ulterior motives. "

As soon as this statement came out, for a while, countless lights fell on Sikong Zhen one after another, his expression alert.

Protector Mikong's face was ugly, and his heart was anxious. He even transmitted the voice to Sikongzhen and Qin Chen, "Hey, you...let me say something good, let you stop your head, but you have to take action, now like this, let the old man be good. "

Qin Chen stood aside, but chuckled lightly: "What is good, Sikong Zhen, as I am waiting, why hide it."

"Yes, my lord."

Hearing Qin Chen's words, Sikong Zhen nodded immediately.

Then, he stepped forward one step at a time.

"Hahaha, don't you want to know the identity of this seat? Well, you can change your name or your surname, this seat is Sikong Zhen, there should be many of you who know this seat."

Boom!

After the words fell, Si Kong Zhen was so energetic, his face suddenly changed, revealing his original face.

At the same time, behind him, a throne appeared, and he proudly stepped forward, sat down, and looked like a tyrant.

He is the holy master of the dignified Sikong Holy Land, and naturally he is not afraid of anyone present.

"what?"

"Sikong Zhen!"

"Holy Lord Sagong Holy Land, how could this person be here?"

In an instant, many powerful people in the entire void were shocked, and each one was shocked, and a terrible aura broke out in the body, extremely vigilant.

"It's over, it's over."

Protector Mikong only felt that his scalp was numb, and goose bumps appeared all over his body, and he felt like he was going to faint on the spot.

reckless.

Too reckless.

Why did this Sikongzhen reveal his identity? Isn't this a court death? Although he is the holy master of Sagong Holy Land, he has great strength and extraordinary methods.

But this is the Linyuan Sacred Gate. Isn't this person afraid of being seized by the guardian of Huangdi and others, besieged on the spot, and fell here?

Protector Mikong just felt that he couldn't understand, and his heart was cold. Sure enough, the frightened eyes of the guardian Huangdi showed shock and resentment, and he yelled hysterically: "Sikong Zhen, it turned out to be you, everyone, you have seen it. I have already said that the guardian Mikong collided. Sagong Holy Land, now all

Do you still have doubts? "

He took a step forward and screamed at Protector Mikong: "Guardian Mikong, you are so courageous, as the protector of the Sacred Gate of Linyuan, you have colluded with Sagong Holy Land, you guys, it's better to join forces today and take these two people down. , Punish well."

boom!

There was another murderous intent on Xu Di's body.

"Take this seat? It's up to you?"

Sikong Zhen laughed, his eyes flashed with cold light.

Boom!

He stood up proudly, his body was full of mighty power.

"This seat has given you a chance before, but I didn't expect you to live and die, and would like to do something to this seat. If you dare to move, believe it or not, this seat will directly kill you."

In the words, Sikong Zhen moved forward step by step, murderous.

"Huh, presumptuous, Sikong Zhen, this is my Linyuan Sacred Gate. Although your Excellency is the Holy Master of Sagong Sacred Land, you are so arrogant at my Linyuan Sacred Gate, do you really think you are invincible."

Suddenly, the middle-aged elder next to Huangdi's guardian took a step forward, his eyes were cold and stern, and there was a thud, and his body burst out with a terrifying murderous intent.

His body slammed, punched out, the sky broke and the earth cracked, as if there were stars exploding in the sky.

"The stars are dead!"

This punch is another great magical power.

He was not afraid, and directly shook his hand at Sikong.

Although Sikongzhen's reputation is great, this is the Linyuan Sacred Gate. As the elder of the Linyuan Sacred Gate, this person is naturally not afraid of Sikong shock in his base camp, and even takes this opportunity to shake his hand against Sikong.

"Which green onion are you again? Dare to do something to this seat? The majesty of this seat is not to be desecrated!" Facing the punch of this majestic middle-aged man, Si Kongzhen looked cold and indifferent. Thunder!

[Chapter 4776: Corpse here](#)

Boom!

This punch of Sikong Zhen contained his mid-term supreme power, and with one punch, the attack of the middle-aged elder was smashed, and the remaining power remained strong, killing the middle-aged man directly in front of him.

The middle-aged man's complexion changed, his body changed again and again, he blasted countless punches in a row, and his fists lighted like a stormy sea, constantly bombarding the punch of Sikong Zhen, and this attack shattered Sikong Zhen's attack.

However, the middle-aged man retreated violently, and his eyes were shocked. He hurriedly stabilized his figure, and his figure had just stabilized, and Sikongzhen's big hands had already suppressed it again. This Linyuan Sacred Gate, I want to destroy you

, Is also easy and unmatched. "

With a bang, Sikong Zhen's big hand directly pressed down, and he wanted to shoot this middle-aged man directly into the void.

"Sikong Zhen, you are too rampant, this is my Linyuan Sacred Gate, not your Sagong Sacred Land."

Sikong Zhen's behavior at this moment finally angered some other experts of the Linyuan Sacred Sect, and in the anger, another guardian flew up.

This is a young man, dressed in white, with a beautiful figure, but he is obviously an old monster who has cultivated for countless years. The breath in his body is surging, like a volcano before the eruption, containing terrible power that makes the heart palpitating.

This person roared, his eyes seemed to be spinning like a scorching sun, the sun and the moon reincarnated, the world was dying, and between his backhands, he played a dark magical power.

In an instant, it was like a scorching sun falling, the stars burst, and the dark flames billowing in the void burned, sweeping towards Sikong.

"Hahaha, good coming." Sikong Zhen was not afraid, laughing, facing the attack and killing of another supreme master, he did not evade, stepped forward again, his hands turned into sword fingers, volleyed. Chop, a dark sword aura containing the brilliance of heavenly power soars into the sky, unmatched,

The momentum is like a broken bamboo.

puff!

The dark sword energy that pierced the sky cut into the billowing flames, wherever it went, the flames collapsed and extinguished.

Boom boom boom! Sikongzhen's footsteps are like urging notes, like death coming. At this moment, facing the three supreme powers of Linyuan Sacred Gate, he walks step by step, and with each step, the void will follow. Shock, as if to collapse one

Like.

Even this world has a taste of complete destruction.

Suddenly, the three supreme masters such as Huangdi's guardian all had a feeling of facing Sikongzhen alone, as if facing a **** of death, they had terror in their hearts and backed away, especially the guardian's Huangdi, whose arm was broken, and he had not had time to repair it.

"Stop it, Sikong Zhen!" Just when Sikongzhen stepped forward and was about to launch a thunder attack again, Mikong's guardian hurriedly said, "This is the Linyuan Sacred Gate headquarters. You can't be too arrogant and domineering. Just accept it when you see it. You supreme have already seen your supreme strength, enough

Kill the supreme, if you kill the supreme of my Linyuan sacred gate here, you will be completely enmity with my Linyuan sacred gate, and you will not be able to escape death at that time. "

The remaining supreme, facing the outside world, couldn't help but want to take action at this moment, but when he heard the words of Protector Mikong killing the supreme, he was shocked.

This Sikong Zhen can take charge of Sikong Sacred Land, and he is definitely not a person who is waiting for a moment. If they fight to death, even if they shoot together, it is not impossible to kill one and two supreme before death.

These big people, who usually claim to be invincible, felt a chill in their hearts at this moment. "Huh, it doesn't matter, it seems that you are saving the face of the law, this seat will spare the three of them once today, and this seat will come to you Linyuan Sacred Gate today to have a good discussion with you Linyuan Sacred Gate, and there is no murder. Planning. But, you Lin Yuan Sheng

If the door persecutes this seat, then this seat will not be stingy with the thunder method, the majesty of the holy land, and fight with you. Who dares to desecrate this seat, this seat will kill him. "

Sikong Zhen's body shook, and the origin shrank, and immediately the Huangdi guardian, the middle-aged majestic man elder, and the young guardian all had a taste of being shocked, and they all gasped and retreated.

Sikong Zhen retreated to the front of Mikong's guardian. In an instant, his body aura was much higher than Mikong's guardian. He sat down on a throne with his butt, and his stature was majestic, like a god. Domineering unparalleled.

He stopped this time, the wind was calm and the waves were calm, and there was no murderous intent, but the shocking methods had been deeply imprinted in the minds of everyone present. At this moment, the many powerhouses present are all big figures in the Linyuan Sacred Gate. The existence of Heiyu Continent covering the sky with only one hand does not know how many tens of thousands of years have been lived, but Sikong Zhen's work, It still made them feel shocked, one

All shocked. Sikong Zhen made three blows between his two feet, and the defender Huangdi was seriously injured. He pushed back the Elder Star Annihilation and the Protector Xiuyi. He was able to walk like a leisurely court. If it weren't for the Protector of Mikong, he would call out in time. The sky is falling apart and the blood is flowing into a river

.

"As expected to be the Holy Master of Sagong Holy Land, domineering and unstoppable, his strength is simply unstoppable. Several supreme powerhouses, such as the guardian of Huangdi, are not the enemy of several tricks. How can he be so strong?"

"Mid-term supreme, is this the power of mid-term supreme? It's no wonder that dare to enter my Linyuan Sacred Gate alone, it is really domineering. If I wait for such strength, then it will be fine."

"Huh, Sagong Holy Land and my Linyuan Sacred Gate are both one of the three top powers. It is normal for this Sagong Zhen to have this ability. However, this person is too rampant and dare to trespass into my Linyuan Sacred Gate headquarters. I don't know. Life and death, the corpse will be here sooner or later."

Divine thoughts were transmitted to each other one after another, the masters of the Linyuan Sacred Sect in this void were all talking, their eyes flickering, and their thoughts constantly surging.

Only the former deputy master Gu Xuye, staring at Sikong Zhen with a pair of eyes, showed dignity and cruelty, and didn't know what he was thinking. "The few moments just now are just a warm-up for this seat. I have heard what you said before. It is to discuss how you will get along with our Sagong Holy Land and the Stone Mark Emperor Sect. Since this seat is here, so big

Let's discuss it carefully. "

Sikong Zhen didn't care about the eyes of many powerful people in Linyuan Sacred Gate at all, standing proudly here, making a loud voice, spreading out, like Hong Zhong Dalu, shaking in the hearts of many powerful people. Although there are many strong players in the field, they can't steadily suppress him. To suppress Sikong Zhen, at least a mid-term supreme-level figure, unless the master is here, there is a means to completely suppress the opponent.

[Chapter 4777: Elder Thousand Eyes](#)

"Sikong Zhen, the master of this generation of Sikong Holy Land?"

Suddenly, Gu Xuye, who had never spoken, spoke.

"Not bad." Sikong Zhen smiled softly and looked at this deputy master. Gu Xuye solemnly said: "As a person from the Sacred Holy Land, you rushed into my Linyuan Sacred Gate. Such behavior really does not conform to your identity and strength? What's more, we are Linyuan today. The Sacred Gate discusses the Shihen Emperormen and Sikong

Don't you think it's impolite to listen to things about the Holy Land? "

Sikong Zhen laughed. "Polite? What is polite? Your Excellency still has the courage to say these two words, huh, you also know that this seat is the master of Sagong Holy Land? But when this seat came to you, Linyuan Holy Sect was shut down, this is you The way of hospitality at Linyuan Holy Gate

reason? Besides, you are talking about the treatment of our Sagong Holy Land. As the master of Sagong Holy Land, I naturally want to listen here to see how you really think about our Sagong Holy Land. "

Sikongzhen glanced at him with disdain, and said lightly: "You are still polite with this forum, are you qualified? Or, are you worthy?"

"you....."

Gu Xuye's face showed a majestic anger.

No matter how good the cultivation base is, the person who hears Sikongzhen's words will probably be irritated.

Too arrogant, too domineering, too defiant, and too tyrannical.

However, many disciples of the Linyuan Sacred Sect, not only did not feel angry, but felt a strong shock, such words, such arrogance, if they could become such a person, how unrestrained they would be.

"Sikong Zhen, you are really lawless, and you don't put my Linyuan Sacred Door in your eyes."

Gu Xu Yehan said angrily.

The obvious killing intent exploded from the body, and the dark origins on the top of the head appeared, and there was a series of magnificent auras on it, and it was not known what peerless supernatural power was brewing in the body.

"What? Gu Xuye? Do you want to do something with this seat too?" Sikong shook his body, domineering and sneered again and again, "You are just a deputy master of the Linyuan Sacred Gate, and you are still

a retired person. Deputy Sect Master, say something nice, call you the Deputy Sect Master, say something ugly, what are you

What kind of thing, it's just a retired person, I don't know to stay in the depths of time and space, and run out to be embarrassed. Isn't it ridiculous? "

With a bang, Si Kongzhen stood up directly, and the source of darkness within his body burst out again.

"Even if the sect master of your Linyuan Sacred Gate is in front of this seat, you still have to speak well, which green onion do you count?"

Si Kongzhen spoke directly, showing no mercy.

With a glance of his character, you will know who among the people present has what kind of thoughts. Judging from the previous attitude, this Gu Xuye and Na Huangdi are obviously in the same group. Aiming at Mikong's protector, he embarrassed himself. Sagong Holy Land.

For this person, Sikongzhen would naturally not be polite, and directly attacked this person's prestige in the Linyuan Sacred Gate. Sikong Zhen said indifferently: "Gu Xuye, this seat will give you a piece of advice. Since you have retired, don't jump up and down. It's good to take care of your life. Otherwise, if one accidentally breaks the precepts, you will be half-footed. The man in the coffin, why bother

What a hurry to find death. "Presumptuous, Sikong Zhen, although you are the master of Sagong Holy Land, with a noble status, but here is my Linyuan Sacred Gate, how dare you speak to Gu Xuye's Deputy Sect Master like this." You are alone, no matter how strong you are, I don't know how to converge in Linyuan Sacred Gate, so

Haughtiness is undoubtedly mortal. "

Suddenly, under Gu Xuye, a master on the throne stood up, his body was like an iron tower, with circles of double shadows in his pupils, layered on top of each other, and his body moved, it seemed that the sky and the earth were filled with dark eyes. See through all falsehoods. "Elder Thousand Eyes!" Protector Mikong immediately conveyed his spiritual thoughts to Sikongzhen: "This is one of our elders of the Supreme Sect of Linyuan, Qianyan elder, very powerful. And the relationship with Gu Xuye deputy sect master is irreversible. His son, he repaired under the gate of Gu Xuye back then

Row. "Elder Thousand Eyes?" Humph, how about being alone? Can any of you still stay here? As for arrogance, that's your own feeling. Ants will only think that Shenlong is innocent, but in fact, Shenlong and Ants are people in two worlds, so how can they be disdainful of Ants. It's extremely ridiculous. I want to see how this seat is here. Is it you? Can you make this seat sure to die? Then try and see how you make this seat die, yes

I die, or you die! "

Sikong Zhen laughed long, his heroic spirit disappeared with a swish of his body.

Immediately, with a bang, the throne of the thousand-eyed elder began to collapse, and there was only a figure of Sikongzhen left in the world, towering in the world, domineering and rolling toward him.

Under this blow, the world exploded, everything returned to nothingness, the origin of darkness collapsed, and the aura of collapse everywhere, giving him the illusion that he would be blown up on the spot in an instant.

This is Sikong Zhen's supernatural power, and the void is destroyed.

Elder Thousand Eyes was so sad that he wanted to vomit blood, his body was strongly suppressed, and he wanted to escape from here, but he couldn't move anyway, and it was extremely difficult to even lift a finger.

He roared, and tried his best to raise his arm, and bombarded with magical powers, but when he encountered Sikong Zhen's attacks, he collapsed.

"Thousands of eyes!"

The elder Thousand Eyes suddenly gritted his teeth and the origin burned, and the infinite origin was burning rapidly, one in ten thousand, one thousand, one hundred, one tenth...

The billowing origin burns and exhausts the origin that he has cultivated for hundreds of millions of years. At this time, the elder Thousand Eyes can no longer take care of too much. He can only exert his strongest power. As for the loss of origin, he has thoroughly managed Not anymore.

The pupils of the eyes hovered between the sky and the earth, densely packed and overwhelming the sky. This kind of aura was too magnificent and too domineering, as if the billions of dark beasts stared at Sikong Zhen, it was creepy.

"Everything is dead!"

The thousand-eyed elder roared, and the pupils burst out, and any pupil was enough to plow the void into a long ravine.

Boom! The elder Thousand Eyes blasted out at any cost, and the body's original burning burned and collided with Sikong Zhen's attack. An astonishing explosion sounded. Some of the surroundings were directly extinguished, and even the void was wiped out, forming A weird

Of nihility.

"It is actually a thousand-eyed elder, the supreme supernatural power of the thousand-eyed elder, and the strongest attack is erupted by burning the essence of the body. Such a blow is enough to destroy the heavens and the earth, and explode a kingdom of God." "Elder Thousand Eyes' Among the thousand eyes and 10,000 pupils supernatural powers, there are tens of thousands of principles. This is a supernatural power that can only be displayed when the way of darkness has been controlled to the extreme. Once this trick is released, the world will die, who can stop it?"

[Chapter 4778: Thousand Eyes](#)

"This Sikong Zhen is going to be unlucky. This attack from the thousand-eyed elder not only contains the dark origin and the attack of the Tao, but also has a terrible soul attack, even if the cultivation base of this Sikong Zhen is higher than the elder thousand-eyes, Under this blow, it will definitely be difficult

With resistance, the soul is wounded. "

"Elder Thousand Eyes is also desperate. One-fifth of the essence in his body is directly burned, and at least the essence of tens of thousands of years of cultivation and condensing has disappeared."

"Now it depends on how Sikong Zhen responds."

Between heaven and earth, the whispers of whispers continued to sound, densely and continuously transmitted. "Hahaha, thousands of eyes and eyes, and ten thousand ways are extinguished? This is what supernatural powers are, and there is nothing remarkable. The so-called ten thousand ways are just a few trails. Not to mention, they can't shake the power of this seat at all. Let it be today. You see what

It is the real avenue. "

Suddenly, Sikongzhen's voice came out again: "Battered for me!"

A vast avenue of magical powers soaring to the sky swept out and swept around. Sikong Zhen's body was shocked. In his body, a dark ancient beast phantom reappeared, and immediately blasted the eyes of the sky.

Each eye pupil is like a dark star, containing an astonishing source of darkness, but under the blow of Sikong Zhen, it is directly shattered and turned into powder. Sikong Zhen strode forward, shaking the sky and the earth with every step, and the void was constantly cracking under his feet like glass, unable to bear his strength. Sikong Zhen's hand shakes back, like a hand of a **** covering the sky, he directly captures Qianyanlong

old.

Under the palm of his hand, the many eye pupils of Elder Thousand Eyes collapsed one after another and completely collapsed.

He bullied himself closer and attacked forcefully.

The moves of the thousand-eyed elder were all broken, the eyes burst all over the sky, and the countless sources of darkness on his body were also shattered. The whole person seemed to be in a storm, shaking constantly.

With a bang, in the end, Sikong Zhen's big hand cover was pressed down, and the dark source of his body was suddenly penetrated, including the treasures on his body, under the blow of Sikong Zhen, it could not be supported for an instant.

"It's defeated, the elder Thousand Eyes was actually defeated, and was defeated by this Sagong shock?"

"Impossible, the thousand-eyed elder's soul attack on the thousand-eyed and ten-thousand-eyes, unexpectedly did not harm Sikong Zhen at all, how could it be so strong?"

"Thousands of nirvana, the great supernatural power displayed by a supreme, can't hurt Sikong even a bit, what kind of strength is this?"

Many people screamed hysterically.

Because, among the elders, the strength of the thousand-eyed elders is also at the top, but now they are not even Sikongzhen's momentary enemies. Such a scene is really too scary.

At any rate, it is also the Supreme Elder, how could this be the result.

"What Elder Thousand Eyes is vulnerable?" After defeating Elder Thousand Eyes, Sikong Zhen stood in the air, "Everyone of the Linyuan Sacred Sect, who else is not convinced, come out. If you dare to be here today, you are not afraid. anyone!"

Sikong Zhen defeated the elder Thousand Eyes once again. All of the guardians and elders of the Linyuan Sacred Gate were supreme and powerful, but one-on-one, none of them could help him.

Everyone has already seen that Sikong Zhen's divine power must be suppressed by the mid-term supreme, otherwise even if the three or four supreme are shot together, it will not be able to suppress him. "Sikong Zhen, don't be arrogant! This time you broke into the headquarters of my Linyuan Sacred Sect. Did you deceive me that there is no one in Linyuan Sacred Sect? We have so many elders and law protectors here today. Take action together, even you No matter how powerful it is, I have to beat you properly

Begging for mercy, there is no chance of surviving. "

The elder Thousand Eyes was defeated, and the young Xiuyi protector took a step forward, and said with a cold voice, with a cold expression in his eyes. "That's right." The guardian Huangdi also roared hysterically, with a hideous look in his eyes: "Everyone, what are you waiting for, this person broke into the headquarters of my Linyuan Sacred Gate and injured several people. This is my Linyuan Sacred Sect. Unprecedented shame, everyone join hands,

Suppress him to death, as well as that Mikong protector, colluding with foreign enemies, should be put to death! "

boom!

Thousands of waves were set off with one stone.

The atmosphere on the court instantly became dignified, and the eyes of many strong and masters flickered, showing fierce brilliance.

At this moment, all the strong guys on the scene looked at Sikong Zhen, but no one took the lead. Many supreme-level masters just passed on their spiritual thoughts to each other.

"This Sikongzhen is so arrogant and too presumptuous. I think that if I was intruded by one person like this, if I was intruded in by one person, such as in the land of no one, I am afraid that my reputation would fall sharply. How to get a foothold?"

"Or, immediately notify the sect master and let the sect master solve this person?"

"It's not right, the sect master is seeing the distinguished guest at this moment, and deal with this person. Why should we bother the sect master, it is better to join forces and jointly suppress this person!"

"Yes, join forces to suppress him! I don't believe him. He is so arrogant that one person can't deal with him. We are all on it. Can't we suppress him?"

"All shots, he will definitely die, but I don't know what this person has to do with Protector Mikong. If Protector Mikong also shoots together, there will be some trouble."

"What are you afraid of? As the guardian of my Linyuan Sacred Gate, this Mikong Dharma dare to collude with foreign enemies and have to kill them too." "I think you should be careful. If you see, this person seems to be confident, as stable as Mount Tai. There will be no hole cards, and even if there is Mikong's protector for internal response, the supreme array of my Linyuan Sacred Gate cannot be done by Mikong's protector alone.

After breaking open, this person entered silently, maybe there was another internal response. "

"The sect master must be summoned to let the sect master decide."

The spiritual thoughts of many masters are intertwined with each other, discussing methods to deal with Sikong Zhen.

On the other side, Mi Kong's protector was anxious.

"Oh, you are too reckless, let you don't do it, don't do it, you have to do it, this is my Linyuan Sacred Gate, if you join hands with the elders, you will have a way of life, and you will also hurt me."

Protector Mikong sighed again and again, feeling helpless.

Aside, Qin Chen frowned.

Because, after such a big trouble, the master of Linyuan Sacred Gate hasn't come yet, what is this person doing?

When he comes to the Sacred Gate of Linyuan, Qin Chen doesn't do anything else. The dark token is the most important thing. If he doesn't get the token of darkness, then it means abandoning his previous efforts, and the token of darkness can only be at the Sacred Gate of Linyuan. Lord.

"Sikong Zhen, continue to make trouble, this young master doesn't believe that the master of the Linyuan Sacred Gate can stand his temper and will never come out."

Qin Chen sneered again and again.

"Yes, my lord." Sikong Zhen nodded immediately after receiving Qin Chen's order. His breath was surging, and countless divine thoughts around him were faintly spied on. He sneered, his breath surged, and he took a step forward. .

[Chapter 4779: Void God invincible](#)

boom!

Suddenly, everyone present felt the terrifying killing thought passed from him, like a **** of death, making everyone more jealous. "You are indeed a master at the Linyuan Sacred Gate. Our Sikong Zhen is alone, not without enemies, and without an indestructible body. If you join forces to attack this seat, it will bring some trouble to this seat. However, If you want to kill me,

It is not an easy task. If this constellation does not kill you blood-stained starry sky, it is not Sikong Zhen. Come, let this constellation see, who will do it first, and who will do it, this constellation must be the first to do it. Beheaded, blood stained the sky! "Sikong Zhenchang laughed and said, domineering, his eyes closed, and threatened to protect Xuandi: "Huangdi protector, did you say you want to besiege this seat together?" I want to see, do you dare to be the first one? If you are the first to make a move, I will kill you

! Do you believe it or not? If you don't believe it, you can give it a try? Come, do it! "

Sikong Zhen was arrogant and domineering, and his sound was thunderous, threatening Huangdi's guardian.

This Huangdi guardian's face was pale, and his injury had not been healed. At this moment, his complexion was flushed, and he seemed to want to make a move, but he didn't dare. A supreme and powerful person was completely taken by the breath of Sikong Zhen.

For a time, many strong players present were extremely jealous, and no one dared to take the lead, all with a vigilant look.

Seeing this, Qin Chen shook his head slightly.

This dark clan has been at ease here for too many years, and has no blood, so many supreme surrounded Sikong Zhen, and no one dared to do it first, for fear of being killed by Sikong Zhen on the spot.

However, such a thing is a good thing for Human Race.

"Huh, arrogant." At this moment, Gu Xuye's face was cold, and he walked over: "Sikong Zhen, you are too arrogant. This is not your Sagong Holy Land. You think your arrogant words can scare me into Linyuan. Everyone of the Holy Gate? You say whoever makes the first move will do whatever it takes

Who will kill. The old man wants to see, what on earth do you have, dare to say such arrogant words. Today, the old man will first suppress you and see how you can kill the old man! Everyone, listen to the orders of the old man and take this person. "

Boom!

Step by step, Gu Xuye walked towards Sikong Zhen, sending out a wave of dark origin energy. These origin energy were extremely domineering, invisible and invisible, surging and turbulent, and actually began to dissolve the aura of Sikong Zhen. Suddenly, all the supreme and powerful people looked at Gu Xuye. As long as Gu Xuye could entangle Sikongzhen, many people would immediately take action and directly suppress it. After all, Sikongzhen was really too arrogant, here in Linyuan. The headquarters of the holy gate is wild

, People are extremely dissatisfied. When Gu Xuye walked step by step, behind him, the phantoms of dark kings appeared one after another. The shape of each king was different, lifelike, and the majesty of controlling one world after another. Heaven and earth

Zi Hei came down, as if he had come to a world of nothingness and darkness.

A faint mid-term supreme power began to be released.

When this trick was brewing, his breath rose steadily, which was equivalent to the union of many supreme ones.

"Mid-term supreme, did Gu Xuye's deputy sect master break through to the mid-term supreme realm?"

"It doesn't seem to be the same, but in his body, he does have the power of the mid-term supreme, such a powerful supernatural power, is there another mid-term supreme in my Linyuan Sacred Gate?"

"Look, the deputy master Gu Xuye used his fame and supernatural powers. When the night falls, it can drag people into the endless night without feeling everything between the world and the earth. This trick makes the world silent. Go out."

"Gu Xuye, the deputy sect master, actually cultivated this trick. Is this invincible?"

Many strong men were shocked when they saw the vision of Gu Xuye brewing this trick.

Because they all know how terrible this trick is.

"Everyone pays attention. As long as there is any unstoppable posture of Sagong Zhen's origin, we will immediately take action and suppress him so that he will never turn over."

"Good! The majesty of our Linyuan Sacred Gate is not to be desecrated!"

The guardian Huangdi looked excited and secretly transmitted his voice. In the presence of many powerful people, all began to brew silently.

Sikong Zhen still stood on the spot, motionless, and coldly watched this ancient Xuye brewing and stimulating the big killer move of the night, his temperament was extremely calm, as if the other party did not exist at all.

"Sikong Zhen, you are calm enough, but with my move, the night will come. The energy of the world and the night will evolve into the endless night space, and there is no way to resist it!"

Gu Xuye stepped forward step by step, the night fell, countless forces suppressed, and immediately Sikong Zhen's robe was sucked into hunting noise.

The robe on Sikong Zhen's body was a supreme magic weapon, a magic weapon for protecting the body.

If it is an ordinary supreme, under this terrible oppression, the oppressed body will immediately collapse.

It can be seen how fierce Gu Xuye's trick Xuye is.

"Xu Ye is here, Void God is invincible!" Finally, Gu Xuye shot, patted it with a palm, and with a bang, his body disappeared, as if turned into a full-body Void God, revealing an ancient god, this An imaginary god, which represents the emptiness in the heavens and the earth, punched out

, Chao Sikong Zhen shot out not knowing how many supernatural powers.

Buzzing...

The power of darkness converged into a long river, completely engulfing Sikong in it.

"So many magical powers! King phantom! This trick came in the night, and it was really invincible. I don't know if this Sikong Zhen can withstand it. The average supreme encounters this trick, and I am afraid that it will be blown instantly. Die from the body."

"Attention, as long as this Sagong shock shows signs of decline, we will kill! You block Mikong protector!" The elder Qianyan paled and said to Xiuyi protector.

"With so many supernatural powers, Void God descends, it really is extraordinary."

Sikongzhen also felt tremendous pressure at this moment, but his body still remained motionless, like a reef under the stormy waves, despite the impact of supernatural powers, he remained immobile.

Countless magical powers bombarded him, exploding one after another, and vaguely saw that there were some slight cracks on his supreme magical instruments.

"Sikong Zhen, suffer death, Void Heaven Dafa, Void God is invincible!"

Suddenly, Gu Xuye fell from the sky. As soon as it fell, the big hand turned into a sky, and it was directly pressed down towards Sikongzhen. With a boom, the source of darkness around Sikongzhen was evaporated, and all the dark auras burst into Chaos.

boom! The void in Sikong Zhen's body was constantly bursting, and he was under extremely terrible pressure.

[Chapter 4780: Peerless Array](#)

At this moment, Sikong Zhen was swept by such a violent force, and the whole person had the illusion of being bombarded on the spot.

But when everyone thought that Sikong Zhen would be unable to resist it, suddenly Sikong raised his head violently, his eyes were facing upwards, his pupils glowed with cold light, he saw through Gu Xuye at a glance, and suddenly shot. "What the Void Heaven Dafa, the Void God is invincible, in front of this seat, you, an ant who has never broken through even the mid-term supreme, have any qualifications to claim to be invincible? I can see that you have the mid-term supreme power in your body, but it is just swallowed. The power of others

, In front of this seat, not worth mentioning. "

Sikong Zhen sneered, the sound was not loud at first, but in a blink of an eye, the mighty roar seemed to shake the world.

At the same time, Si Kongzhen shook his body, and blasted out a punch at Gu Xuye.

With a bang, this punch was immediately extinguished in the world, and storms rose to the sky, as if the end was coming.

The storm that soared into the sky constantly collided with the phantom of the king displayed by the ancient Xuye in the sky, and it seemed to be destroyed.

With a bang, everyone squinted their eyes, and saw that in the endless void, the shadow of the king displayed by Gu Xuye was continuously exploded by bombardment, and Gu Xuye's whole person continued to retreat.

However, his eyes were shining, and his mind remained unmoved.

"Hmph, it's good to be here, your supernatural powers are indeed powerful, but this is my Linyuan Sacred Gate, and this is my home court. You, an outsider, have any qualifications to be rampant."

"The power of Lin Yuan, melts into my body, a peerless array, and kills the enemy."

Gu Xuye stepped back step by step, but the aura on his body became stronger and stronger. Suddenly, he roared, his hands squeezed his fingerprints, and the aura on his body suddenly soared.

Buzzing...

At the same time, there was a lot of light and shadow around him, and a magnificent formation rose up and turned into dark runes, covering the sky and the sun.

There is a big formation in the void on this side.

Boom!

At this moment, in the process of retreating that Gu Xuye was bombarded by Sikong shock, a strong and powerful aura burst out of his body, combining with the great formation between heaven and earth.

Uuuuu...The sound of ghost crying and God's howling resounded through the world, and the big formation and Gu Xuye combined, suppressed, and enveloped Sikong Zhen, with a lot of supreme textures appearing on it. Rotation, to obliterate Sikong Zhen

的体体。 The body.

The night is coming!

Peerless array!

When the two big killer moves were displayed at the same time, Gu Xuye was standing at a new height. The aura of the aura, even if the many Supreme Guardians on the scene combined, it might not be his opponent.

"It's so strong, Gu Xuye's deputy sect master actually raised his cultivation base to this level, and Sikong Zhen can hardly contend this time."

"Use the mid-term supreme source to integrate into the great formation, enough to trap Sikong Zhen, everyone is ready to take action at any time." It's hard to be the opponent of Gu Xuye's deputy sect master. Unless the sect master comes in person, even the mid-term supreme can't fight against it. I don't believe it.

Why not that Sikong Zhen. "

A famous protector and elder roared in their hearts and must die to communicate.

"Oops." Protector Mikong was also pale, with anxious and anxious heart, and hurriedly looked at Qin Chen: "Young man, I don't care who you are, if you want to survive, you will listen to my orders later, and you need to act together as soon as possible. Save Sagong and kill him, otherwise if it is

Sikongzhen is trapped, and I will definitely die. "

At this moment, Mi Kong Protector's cold hair stood up, and the origin inside his body secretly urged.

If Sikongzhen was suppressed, he, the person who brought Sikongzhen, would never have a good fruit to eat. When the time comes, he will never know his life or death.

For this plan, he must rescue Sikong Zhen and explain clearly to the master at that time, otherwise he will not be able to clear his troubles even if he jumps into the dark holy river.

"Kill out?"

However, Qin Chen smiled softly: "Protector Mikong, you are too nervous, watch it carefully, Sikong Zhen is not so easy to lose, and there is no one in Heiyu Continent who can let Ben Shao fall into the wild. escape."

When he heard the words, Protector Mikong was anxious and said hurriedly, "You..."

But Qin Chen suddenly interrupted: "Okay, don't say any more, just watch the play well."

"I..." Protector Mikong was about to collapse, he looked at Qin Chen in disbelief, completely speechless.

When is this, this guy is still so arrogant?

I really don't know what the sky and the earth are, I really lost my mind and brought the two of them here. And when Protector Mikong was anxious and frightened, suddenly, a cold snort came from a distance. It was Protector Huangdi. He looked at Protector Mikong coldly, and the corner of his mouth sneered: "Guardian Mikong, you are now Are you in a hurry, trying to escape

The way here? Humph, it's not in vain, you, as the guardian of my Linyuan Sacred Gate, are colluding with outsiders. Today, I don't want to live in peace. "

Xu Di's guardian sneered again and again. At this moment, the many supreme and elders present are all nervous, waiting for Sikong Zhen to fight, will he be trapped by Gu Xuye's deputy sect master and unable to get out of this peerless array, then these supreme powerhouses Don't mind teaming up, will

Sikong Zhen directly suppressed the seal and even killed it on the spot.

As long as Sikong Zhen died, the Sagong Holy Land in Heiyu Continent would have the dragons headless and become his possession of the Linyuan Sacred Gate.

"Peerless array? Hahaha, Gu Xuye, is this your confidence? Not enough? Sinister to join in? It's ridiculous. If this is your trump card, then you will be disappointed, Kun Devil Palace! "

Sikongzhen suddenly roared and rumbling, and an ancient palace burst out of his body.

It is Kun Demon Palace.

It is also the most terrifying treasure of Sikong Zhen! This Kun Demon Palace is the residence of Sikong Zhen in the Dark Ancestral Land. It absorbs the power of infinite darkness and possesses unpredictable power. This thing is not only a flying treasure, but also a top attacking treasure, which contains Terrible power attack

.

Hum!

In Sikong Zhen's body, the ancient palace burst out suddenly, towering over the sky, and suddenly becoming extremely huge.

"what is that?"

"Kun Demon Palace is Sikong Zhen's supreme treasure, Kun Demon Palace."

"It is rumored that this palace is very powerful. It was the palace of a dark giant in ancient times. It was later acquired by Sikong Holy Land. Now it fell into the hands of Sikong Zhen and was brought out by him."

"Not good!" Feeling the aura erupting from Kun Demon Palace, the many law protectors and elders who were planning to suppress Sikong Zhen made a sound of horror.
