

## Valkyrie 4801

### [Chapter 4801: Special ruins](#)

Shihen Zhizun looked around.

There was no one beside Linyuan Supreme except for the protector of Xiuyi and the elder Thousand Eyes.

Logically speaking, Zu Wufeng should come with him after completing the task. When Linyuan Supreme saw this, he suddenly smiled: "After the predecessor Zu Wufeng came to my Linyuan Sacred Sect to send a message, for fear that his whereabouts would be exposed, he had to stay at my Linyuan Sacred Sect and said that he wanted to follow my Linyuan Sacred Sect master. Ambush Sikong Holy Land together, but I can't persuade you no matter how much

, I also said that I was afraid that without my seat, I would fall into the siege of Sagong Holy Land, so I had to watch the powerhouse of Linyuan Holy Gate move together. "

Linyuan Supreme smiled bitterly and shook his head: "If I know what Senior Zu Wufeng is, I almost think that Senior Zu Wufeng is afraid that I will not believe in the words of the Linyuan Sacred Sect, and I have to monitor my Linyuan Sacred Sect."

As soon as this remark came out, everyone in the audience burst into laughter.

"Hahaha." Shihen Supreme laughed and said, "This is the style of the Zuwufeng Supreme Elder. Since Brother Linyuan has come personally, so, are you going to join forces with my Shihen Emperor?"

"This is nature." Linyuan Supreme nodded: "I have already known what happened. The Sagong Holy Land was arrogant and presumptuous. It shocked many ancestors in the dark ancestral land, and even destroyed the ancestors in the past. After the blood tomb. This time my dear

Since I came here, I wanted to find Brother Shihen. You know, I don't know what Brother Shihen wants to do? "

Speaking of this, a glimmer of cold light flashed in the depths of Linyuan Supreme's eyes: "As long as Brother Shihen gives an order, my Linyuan Sacred Gate will surely come out and kill Sagong Holy Land."

With that, Linyuan Supreme slowly approached Shihen Supreme.

In his body, the origin surging one after another will burst out with a thunderous blow at any time. However, beside the Shihen Supreme, the elders of the sword dragon and many other powerful people have always surrounded each other, and, all around, the dark avenue laws surging, confining the power between the heavens and the earth, so that the Linyuan Supreme has never been good. Out cell phone meeting.

This made Lin Yuan Zhizun anxious.

This stone-marked supreme, he was extremely guarded in his heart, seemingly unintentional, but in fact always kept a distance from him, and did not give him any chance to make a move.

"Hahaha, it's easy to say." Shihen Zhizun looked at Brother Linyuan with a big smile, with a look of excitement: "Since Brother Linyuan is so refreshing, then this seat is not hidden, you know, this seat Over the years, I have been absorbing the elements of the ancient demons in the void in this Infinite Demon Prison.

Power, hundreds of millions of years later, this seat also has some experience, but besides that, this seat is still in the void of this Infinite Demon Prison, and found an ancient relic. "

"Ancient ruins?"

Lin Yuan Zhizun was taken aback. "Not bad." Shihen Zhizun laughed: "Otherwise, why do you let Sagong shake wildly in the dark ancestral land for all these years? In fact, the ancient ruins found by this seat contain the treasures of the demon clan, and even There are top supreme treasures

. "

"Top supreme treasure?"

Lin Yuan Supreme was taken aback. The so-called top supreme treasure must at least resemble his Lin Yuan Stone Gate, or Sikong Zhen's Kun Demon Palace.

Shihen Zhizun nodded and said: "Exactly, as long as this treasure is refined, it is enough to allow me to wait above the magical perception of this universe, raise a level, and allow me to wait freely to walk in this universe."

"Originally, this top-level treasure was meant to be enjoyed alone, but Brother Linyuan, you are so righteous. For me, the Stone Mark Emperor was willing to tear his face with Sagong Holy Land. If this seat does not share this treasure, it is true in my heart. I'm sorry."

"This seat has already mobilized all the strength of my Shihen Emperor Sect. In less than half a day, all the powerful people of my Shihen Emperor Sect will gather. At that time, my whole army will be dispatched to encircle Sikong Holy Land." However, Na Sikongzhen is stationed in the dark ancestral land all year round. I am afraid that he has a deep sense of the power of this universe demon. In order to prevent accidents, this seat is willing to share this relic treasure with Linyuan brother, if Linyuan Brother can feel this treasure

, In terms of the Demon Clan's Heavenly Dao, there must be a new understanding, and an extra calmness to deal with. Please also invite Brother Linyuan to come with me. "

Shi Hen Zhizun's voice fell, and the whole person instantly rose into the sky.

"This..."

Lin Yuan Zhizun looked at the figure of Shihen Zhizun, couldn't help but frowned.

This guy doesn't follow the routine at all, and doesn't give him a chance to shoot at all.

"Sir, what shall we do now?" On the side, Xiuyi's guardian changed his color slightly, and Chuan Yin said.

He knew the purpose of the sect master. In the sect master, Sikong Zhen and that adult were hidden.

At this time, Shihen Zhizun and a group of Shihen Emperor Sect experts couldn't help turning around in mid-air, looking at Linyuan Zhizun below, and wondering: "Brother Linyuan, is there any problem?"

The elder Thousand Eyes heard the words, and even said: "Sir, why don't we follow up first and wait for an opportunity? Otherwise, I'm afraid it will cause the Stonemark Supreme to be suspicious."

"It can only be so." Lin Yuan Supreme nodded. Immediately, Linyuan Supreme laughed and rose to the sky, haha laughed: "It's nothing, it's just that I was very surprised. Brother Shi Hen was so bold. It really made me ashamed. Originally, I wanted to discuss with Brother Shi Hen. After destroying Sagong Holy Land

What's the allocation? Now, Brother Shi Hen, you have come up with such a thing, so it's hard to mention it as a brother. "

"Hahaha."

Shihen Zhizun suddenly laughed: "Brother Linyuan, you are too polite. If you can really destroy the Sagong Holy Land, I promise you that you will never be wronged by Brother Linyuan."

Both of them laughed and rose to the sky one after another.

Immediately, the two were constantly shuttled in the void.

Around, the formations surged, exuding a palpitating breath,

On the way, Linyuan Supreme always wanted to find a chance to make a sneak attack, but there was no good chance.

I don't know how long it has been flying.

Boom!

Everyone seemed to have come into a vast void, and as soon as they entered here, a unique atmosphere of the Infinite Demon Prison diffused out. In the vast ocean of void, many magic stars floated, exuding a surging aura.

In this void ocean, a series of runes forbidden formations surging, easily unable to approach, as if the world can be wiped out by tumbling.

Supreme Lin Yuan obviously felt these breaths too, and his face gradually became dignified.

"Brother Linyuan, that ruin is coming soon, just ahead."

Shihen Zhizun seemed to feel the solemn expression of Linyuan Zhizun's face, and he couldn't help laughing. He pointed forward, and as expected, in the vast void in front of him, vaguely, he conveyed a strange demon aura.

"Sure enough, it is the power of the ancient demons." Lin Yuan Zhizun's expression moved, and when he glanced over, he could see that a natural formation was vaguely formed in the depths of the vast sea of stars.

Chapter 4802 Ancient Magic Array

In the deepest core of that formation, it seems to be an ancient altar, showing the vicissitudes of history. There is a powerful forbidden method on the ancient altar. No one can approach it, but it can be felt that this ancient altar communicates with each other. A mysterious world, that strong demon aura is transmitted from the ancient mysterious world.

All this shows that it is this altar that communicates with a special relic. Now the seal is slightly loosened, allowing the ancient demon aura in the relic to permeate.

"This demon breath..."

Linyuan Supreme was shocked in his heart, "It's so ancient. Is there really a special ancient demon clan in the depths of the stone-marked emperor gate? Are you really refining the power of this ancient Demon Race?"

"Sir, it seems that there is such a demon clan ruin in this stone mark emperor gate, so we can post it."

On the side, the elder Thousand Eyes became excited: "If this can refine the power of the demons in this ancient ruin, it can save me hundreds of millions of years of hard work waiting to be integrated into this universe."

This is their most important purpose in guarding this place for hundreds of millions of years. How not to be excited at this moment.

"Is this Shihen Emperor Sect really so kind?!"

Linyuan Supreme is unbelievable.

Although on the surface he wanted to cooperate with the Shihen Emperor Sect, but if Shihen Supreme didn't say it, he didn't need to expose such treasures to him, he only needed to divide the treasures of Sagong Holy Land with him.

This kind of sincerity almost moved Linyuan Supreme.

At this time, Shihen Zhizun stopped and said with a smile: "Brother Linyuan, the treasure is in the void of the ruins in front of you, please come with me."

Lin Yuan Zhizun's figure moved, just about to follow.

But suddenly.

For some reason, Linyuan Supreme seemed to feel an inexplicable sense of crisis, which lingered in his heart for an instant.

"what happened?"

The body of Linyuan Supreme was stagnant.

Shi Hen Supreme turned his head in doubt, "Brother Lin Yuan, what's the matter?"

Supreme Lin Yuan frowned and looked at the depths of the altar ruins. Although the ruins exuded the ancient demon aura, the surrounding forbidden formations had a faintly familiar feeling.

It was this feeling that made him feel something wrong.

"this is..."

Supreme Lin Yuan took a closer look, and his face suddenly changed slightly in the next moment.

Because he finally understood why he felt something was wrong.

Although the forbidden formation pattern in the ruins exudes a palpable ancient demon aura, there is actually a hint of dark power in that demon aura.

If this is the treasure of the relics of the Ancient Infinite Demon Prison, how could there be pure power of darkness? This relic altar is most likely to be fake.

There must be fraud.

Thinking of this, he was shocked, and he was about to retreat in a hurry.

"Swish swish!"

But without waiting for him to retreat, all of a sudden, a series of terrifying formation patterns rose instantly.

Rumble!

In the next moment, a fierce roar suddenly spread from the heavens and the earth, and beams of light of the formation skyrocketed into the sky, and instantly turned into a vast net of heaven and earth, covering the sky and the earth, and the void within a radius of tens of thousands of miles was instantly imprisoned. Turned into a cage.

Boom boom boom!

When I looked up, I saw that above the endless sky, huge magic stars floated up. There were ninety-nine thousand nine hundred and ninety-nine stars, each of which was extremely huge, turning into an array of eyes. Suspended in all directions.

Between each magic star, a dark magic light bursts out, and the magic light is intertwined with each other. The time and space of this square world are all blocked, and the center of the blocked time and space is the three of Linyuan Supreme.

"Brother Shihen, what do you mean..."

Lin Yuan Zhizun's face changed drastically, and he immediately shouted in a deep voice.

Shihen Zhizun turned around and suddenly laughed: "Hahaha, what do you mean? Brother Linyuan, what do you mean by me?"

The corner of Shihen Zhizun's mouth was drawn with a sneer, and he waved his hand abruptly.

Whoosh whoosh!

Many Supreme Experts from Shihen Emperor Gate flew out one after another to surround the three of Linyuan Supreme.

Both the elder Thousand Eyes and the Protector Xiuyi both showed horror. They looked at Linyuan Supreme, and said nervously: "Sir Master..."

"Brother Linyuan, I won't say much about anything else, just behave, and I can leave you a way out." Shihen Zhizun said coldly.

Linyuan Supreme said in a cold voice: "Brother Shihen, that's how you treat your friends? This seat has worked so hard and came from the Holy Sect to join forces with your Shihen Emperor Sect to fight against the Sacred Holy Land. I did not expect you to be like this. To this seat, are you going to use one person to fight against my two great forces, Linyuan Sacred Sect and Sagong Sacred Land?"

"Friend? Do you think of me as a friend? Linyuan Zhizun, do you think you don't know what you are doing?" The smile on Shihen Zhizun's mouth became colder and colder.

Supreme Master Linyuan frowned, "What do you mean? I don't understand it."

"do not understand?"

Shi Hen Zhizun sneered, but didn't explain, he just raised his hand suddenly, and said coldly: "Do it."  
boom!

In an instant, above the nine thousand nine hundred and ninety-nine magic stars, terrible runes bloomed at the same time, and the magic lights surged, and the terrible array patterns quickly descended. These magic lights turned out to belong to the ancient demons. The power was instantly suppressed on the three people of Linyuan Supreme.

In an instant, the aura on the three of Linyuan Supreme was instantly weakened by more than 30%.

"What? Ancient Demon Array, you...have already controlled the Demon Race to this level?"

Lin Yuan Supreme changed color, because these nine thousand nine hundred and ninety-nine magic stars are not stars from the Dark Continent, but the stars of the Demon Race that originally existed in this Infinite Demon Prison. The origin of these stars are all in the Infinite Demon Prison. The power of the ancient demon race was actually condensed into the core of the formation by the stone mark supreme. This means that the stone mark supreme has reached an extremely terrifying point in the demon's heavenly attainments, and has been able to control the realm of the demon treasure. .

"Lin Yuan Supreme, I don't need to say anything more, right? I'll catch it, there is still a way to survive, otherwise, I won't blame this seat for being unkind." Shihen Zhizun said coldly.

"Stone Mark Supreme, do you think you can stop me with this?"

Supreme Lin Yuan shouted angrily and raised his hand abruptly. A stone gate quickly appeared in front of him. Booming, a lot of void world phantoms penetrated through the stone gate, but there was no way to connect to the outside world.

Lin Yuan Zhizun's face changed slightly.

Shihen Supreme sneered, "Linyuan Supreme, don't waste your efforts, my Void Array, combined with my Shihen Emperor's own Supreme Guardian Array, even if it is Linyuan Stone Gate, I don't want to break open."

#### [Chapter 4803: How can I know if I don't try](#)

"Huh, how do you know if you don't try, you also want to stop this seat?"

Supreme Linyuan roared, and shouted at the elder Thousand Eyes and Protector Xiuyi: "All kill with me." As his voice fell, the origin of Linyuan Supreme roared crazily, with a boom, the towering Lin The Yuanshimen instantly turned into a tall portal, and a sky-reaching power burst out of it, colliding with the power of the sky full of stars in an instant.

Together.

boom!

He heard a thunderous roar resounding, and the whole world vibrated violently.

"The King of Pluto is not working." Shihen Supreme sneered, taking one step, hum, his palm burst into an astonishing rainbow light, like a \*\*\*\* protruding his palm above the sky, this palm fell, and the layers of the void exploded, frantically The air current seems to be able to destroy the world, and the sky

The ground is exploding.

"Kang Dang!"

The big hand of Shihen Supreme instantly pressed against the Linyuan stone gate, making a creaking sound.

"Break this seat."

Supreme Linyuan roared, and there were divine rainbows blooming in his eyes, as if the heavens and the earth were rotating, just when he was about to strike his own slaying blow...

Suddenly...

"Elder Thousand Eyes, what are you doing?"

Behind him, the protector of Xiuyi let out a frightened sound, and then roared: "Door, be careful."

When the voice fell, Lin Yuan Zhizun hurriedly turned around.

Hum! I saw Elder Thousand Eyes quietly come behind Linyuan Supreme without knowing when, his face was hideous, between the heaven and the earth, countless pupils appeared, bursting out of the rainbow, and they instantly gathered together to form a pupil that pierced the sky, ruthlessly Shot at Linyuan fiercely

Supreme body.

Supreme Linyuan never expected that Elder Thousand Eyes would launch such an attack on him. In a hurry, there was no time to resist. The whole person was blasted out in an instant, wow, a mouthful of blood spurted out on the spot, and he was seriously injured.

And when the elder Qianyan suddenly attacked Linyuan Supreme and flew out, Shihen Supreme seemed to have been prepared, haha smiled, his big hand fell, and the Linyuan Supreme urged Linyuan Shimen blasted out with a punch.

The strong counter-shock force struck, and Lin Yuan Supreme spit out a mouthful of blood again. This time, he was injured even more, and the source of his body almost collapsed.

At the critical moment, he tried his best to urge Linyuan Shimen to resist the attack of Shihen Supreme.

However, on the other side, Elder Thousand Eyes made a hit and stepped forward again.

"Sir, don't blame me, if you want to blame, blame you for choosing the wrong way."

The elder Thousand Eyes had a grim complexion, and his pupils gathered all over the sky, and once again burst out a terrible attack.

"My lord, be careful."

At the critical moment, Xiuyi's guardian roared, and instantly stood in front of Linyuan Supreme, blocking the blow, but his whole person was also blasted out, vomiting blood.

"Enclose them."

Shihen Zhizun made a hit, gave a cold smile, waved his hand, and many Shihen emperor sect powerhouses gathered around and laughed gloomily.

Elder Thousand Eyes also shook his figure and joined the powerhouse of the Shihen Emperor Sect.

In the void, Lin Yuan Supreme watched this scene in disbelief.

"Elder Thousand Eyes, you..."

He was bleeding from the corners of his mouth and looked furious. "My lord, this is what you forced me. Originally, Master Zu Wufeng invited me to cooperate with the Linyuan Sacred Gate. Why do you have to be an enemy of the Shihen Emperor? Do you know that these years, Shihen How much help did the emperor give to his subordinates? You

What to do, it really makes the subordinates feel heartbroken. "

Elder Thousand Eyes said grimly.

puff!

Lin Yuan Zhizun was so angry that he spit out blood again.

"Haha, hahaha, supreme Linyuan, can't you think of it, the elder Qianyan has actually cooperated with my Shihen Emperor for many years, and every move of your Linyuan Holy Gate is actually under the control of my Shihen Emperor. Among them!"

The corner of Shihen Supreme's mouth outlines a mocking smile: "If you cooperate with my Shihen Emperor Sect, perhaps after defeating Sagong Holy Land, this seat will share your share of the pie, but you have to embark on the path of being an enemy of this seat. That's no wonder I'm here." Shihen Supreme is as tall as a god, high above, coldly staring at Linyuan Supreme, with a look of alert, and he

said in a deep voice: "Now, Sagong Zhen lurking on you and the one that killed my son Let's let go of the kid, I have to see what it is

People, dare to oppose my Shihen Emperor Gate. "

boom!

The demon star in the sky ka ka ka ka ka ka ka ka ka ka ka khaka, the sky broke out, a terrifying force suppressed it, solidifying the void.

Linyuan Supreme's expression changed drastically, and he said in anger, "What?"

He never expected that Shihen Supreme knew everything, how did he know?

Suddenly, Linyuan Supreme turned his head to look at Elder Thousand Eyes, and said coldly: "You..." Elder Thousand Eyes said coldly: "My lord, don't blame me, blame yourself if you don't know the current affairs. For those who don't know the current affairs are handsome. An outsider, you turned out to be an enemy of the Shihen Emperor Sect, and you even killed Gu Xuye's deputy sect master and Huangdi's guardian, both of them

They are all high-ranking members of my Linyuan Sacred Sect, but you killed them for an outsider, that's no wonder I am. "Elder Thousand Eyes said grimly: "Under your leadership, the Sacred Gate of Linyuan will surely enter the end, my lord, now you hand over those two people, Master Stone Mark has promised that you can give us a way out for the Sacred Gate of Linyuan. , But in the future, I am afraid I

Come to lead the Holy Gate, because only I can revive the whole Holy Gate. "

"Hahaha."

Lin Yuan Zhizun looked up to the sky and laughed: "Thousand eyes, I didn't expect you to be such a person. Let me hand over the Lord and Sikong Zhen, don't think about it."

Shihen Zhizun's eyes were cold, "In that case, you are trying to find death and kill them."

When the voice fell, Shihen Supreme took the lead and led many powerful men to fight against Linyuan Supreme.

"Huh, it depends on you."

The supreme Linyuan roared and urged the stone gate of Linyuan, a heavy phantom engulfed him, setting him off like a demon god, fighting wildly with the opponent.

However, although Linyuan Supreme is strong, how he is the opponent of so many people of Shihen Supreme, and under the suppression of the big formation, he could not help but retreat again and again during the battle, and the corners of his mouth were bleeding.

"Master of the door."

On the other side, Xiuyi's guardian was also wounded and shouted anxiously.

The two confronted again and again, but kept backing away.

However, Linyuan Supreme never released Qin Chen, Sikongzhen and others.

Shihen Zhizun frowned, vaguely feeling something was wrong.

He had already learned the information from the elder Qianyan, he knew some news, and knew that Qin Chen and Sikongzhen who killed his son and Zu Wufeng were lurking on Linyuan Supreme.

According to the truth, since their tactics have been exposed, they should have been killed long ago, but why there is still no movement at all?

"Linyuan Supreme, do you have to protect them? Hand over the sinner who killed my son, and I will spare you not to die." Shihen Supreme yelled.

#### [Chapter 4804: Head down](#)

"Hahaha, you are not thinking about it."

Lin Yuan Supreme laughed wildly, but he did not retreat in the slightest.

"Damn, don't blame me for being rude."

Shihen Supreme yelled, buzzing, above the sky, the sky full of stars whirled frantically, and a magical energy lingering in the sky, a large array of demonic energy, shot down at the Linyuan Supreme and Xiuyi protector below.

"Master of the door."

Protector Xiuyi yelled in anger, he didn't understand why Linyuan Supreme hadn't let the people out, and if this continued, they would all die.

However, Linyuan Supreme clenched his teeth and remained motionless.

Boom boom boom!

Seeing the endless array will overwhelm them.

Suddenly.

After the sky full of magic stars, a violent roar came. Then, the entire magic star array trembled violently, as if it had suffered an unprecedented attack, and a majestic force came down.

"Who?"

Shihen Zhizun's expression changed drastically, and he turned around hurriedly.

"Stone Mark Supreme, haven't you been looking for Ben Shao? Now Ben Shao is here, why, are you surprised?" A voice from the sky resounded through the sky, and then, a golden luster descended on the whole world, booming. With a bang, this force instantly tore the magic star formation that besieged Linyuan Supreme and the others, and two towering figures came from it.

Time came.

It was Qin Chen.

But Sikong Zhen stood behind him respectfully, like a servant.

"How are you..."

Seeing the person coming, the elder Qianyan was shocked, and hurriedly roared: "Master Shihen, it is him, this young man who killed the emperor and the master Zu Wufeng..."

The elder Thousand Eyes roared hysterically, with an unbelievable expression on his face.

Qin Chen and Sikongzhen were not clearly lurking on Linyuan Supreme, how could they appear from the outside world?

"Elder Thousand Eyes, you are the traitor?"

With cold eyes, Qin Chen stepped forward, booming, and everywhere he passed, the endless demonic energy evaded, as if the tide was receding.

"My lord."

Supreme Lin Yuan said excitedly, wiping the blood from the corners of his mouth, and booming, a powerful aura burst out of his body, and his previously embarrassed figure suddenly became straight, as if he had regained his bravery in an instant.

"Sect Master Linyuan, you are not..."

"Gluck!"

Elder Thousand Eyes made a sound of horror in his throat, unable to believe his eyes.

At this moment, the Linyuan Supreme, there was not the slightest sluggishness in his body, as if he had recovered to the peak in an instant. Supreme Linyuan sneered and looked at Elder Thousand Eyes: "I'm already badly injured, am I? Elder Thousand Eyes, you look at yourself too highly, you think it's ridiculous that you can hurt this seat, you don't know. I have long suspected that you have a problem, so

It means being seriously injured by you, just acting. "

"No, it's impossible!"

The elder Thousand Eyes roared hysterically.

Not only him, Shihen Zhizun also had a frightened expression, and the Xiuyi protector on the side also had a dull expression.

Because even he had no idea what happened.

But I saw Linyuan Supreme respectfully arched his hands at Qin Chen: "My lord is really wise. I never thought that there was such a traitor in my Linyuan Sacred Gate. Thank you, Sir, for helping me Linyuan Sacred Gate."

"You are not bad, you did not live up to my expectations."

Qin Chen glanced at Linyuan Supreme and nodded slightly.

"You..." Elder Thousand Eyes looked furious.

"Thousand Eyes, are you surprised? Hmph, I'm afraid you don't know, what you do is under the arrangement of the adults, and you think that you are doing it very secretly and ridiculously." Lin Yuan supreme sneered.

"How did you know?"

The elder Thousand Eyes said hysterically, he boasted that what he did was very secretive, and there could be no flaws.

Lin Yuan Supreme looked at Qin Chen.

Qin Chen sneered and said: "This is too simple. From the first time this young man came to the Shihen Emperor Gate, he found that the Shihen Emperor Gate was very weird. Ready."

Before, outside the Shihen Emperor's Gate, Qin Chen urged the Eye of Creation, and instantly saw that the Shihen Emperor's gate was heavily guarded, and the various arrangements were very strange. He seemed to have known that they would come over and prevent them from entering.

"Young Master Ben immediately noticed something was wrong. After all, I blocked the news a long time ago. Why did this Shihen Emperor know that I will come later."

"So, Ben Shao had long suspected that there were traitors among us."

"And you and the protector of Xiuyi, who defended the protector of Gu Xuyue and Huangdi, and moved closer to the Shihen Emperor, are the two most suspected."

"Therefore, this young man deliberately said such a plan to let you and the protector of Xiuyi go to knock on the door, but we did not lurch on Linyuan Supreme, but followed Linyuan Supreme and quietly entered this stone mark. Emperor Gate."

"Unexpectedly, Ben Shao didn't guess wrong, you are a traitor with Qianyan."

Aside, the elder Thousand Eyes had a gray face.

And Xiuyi protector also showed a bitter smile.

It turned out to be so, he was also suspected.

Fortunately, he is not a traitor.

At this time, Shihen Supreme couldn't help but frown and shouted coldly, "Impossible, my Shihen Emperor Sect Supreme Array is open, how do you see that our emperor gate is heavily guarded."

"There is nothing impossible, it's just a mere supreme array, how can it conceal Ben Shao's perception." Qin Chen sneered.

"Well, even if you notice the clues, how did you enter my Stone Mark Emperor Gate? My Stone Mark Emperor Gate formation is fully opened, and you can't follow in silently."

Shi Hen Supreme said in a deep voice, if Qin Chen followed them in, it would be impossible not to perceive it with his intuition.

"Ignorance, it's just a triumphant formation. Is it strong? In the eyes of Ben Shao, it's nothing but Er."

Qin Chen sneered, too lazy to explain.

With the king's blood in his body and the powerful darkness forbidden, how could this supreme array be able to stop him?

"Since you know that I am prepared long ago, why did you put Linyuan Supreme into a crisis? No, what did you do just now?" Shihen Supreme seemed to have thought of something, and suddenly his complexion changed drastically.

"What do you say?"

Qin Chen smiled slightly.

As his voice fell, suddenly, roaring, behind Qin Chen behind the inside of the Shihen Emperor Gate, the roars continued to resound. At the same time, the screams and roars resounded one after another. .

It was the many powerhouses of the Shihen Emperor Gate who were slaughtered frantically by the Mikong Guardian of the Linyuan Sacred Gate and others.

"You..."

Shi Hen Zhizun's face changed suddenly. In order to besiege Linyuan Supreme, he mobilized most of the Supreme Powers in the Emperor Sect, and now there are only a few powers in the Emperor Sect.

"Despicable villain, this is my Shihen Emperor Gate. Since you have noticed something wrong, you dare to come in. That's death."

The Stone Mark Supreme couldn't hold back anymore, he roared and boomed, the magic star in the sky revolved in an instant, and moved around, forming a terrifying array.

"Everyone, kill with me." Shihen Supreme roared, banging, and the billowing magic star array slammed down against Qin Chen.

#### [Chapter 4805: Really big head](#)

Feeling the sounds of fighting from behind Qin Chen, Shi Hen Zhizun felt anxious in an instant, and immediately fought against Qin Chen angrily.

He must kill as soon as possible, otherwise even if he wins the battle here, his Stone Mark Emperor Gate will suffer heavy casualties.

At this moment, nine thousand nine hundred and ninety-nine magic stars in the sky and the earth were simultaneously bursting out with dazzling magic lights, and on top of the magic stars, the dark runes of the heavens appeared, shocking the Quartet.

Boom!

It could be vaguely seen that the entire world seemed to have entered an infinite world of darkness, with a series of magic powers lingering, and these magic powers were not just the power of the dark clan, but also the power of the abyssal demon clan's infinite demon prison.

"The Demon Race's Heavenly Dao, Stone Mark Supreme, you actually realized this level on the Demon Race's Heavenly Dao?"

Lin Yuan Zhizun was taken aback and his face was shocked.

The power displayed by the Stone Mark Supreme at this moment actually contains the extremely astonishing power of the Demon Race's Heavenly Dao, and his realm on the Demon Race's Heavenly Dao has reached an extremely astonishing level.

Shihen Zhizun roared, swung his hands down vigorously, and roared, "Exit!"

Boom boom boom boom!

In an instant, countless roars resounded through the world, and nine thousand nine hundred and ninety-nine magic stars burst out of dazzling magic light from the sky above the sky, blasting them down towards Qin Chen.

"Kill!"

At the same time, the elders of the Sword Dragon and other Shihen Emperor Sect also moved and killed them.

The elder Thousand Eyes also shouted angrily, urging his own supernatural powers, the sky full of eye pupils floating in the sky, among these eye pupils, all opened together, weird and crippled, the sky full of pupils gathered together and directed at Qin Chen.

Elder Thousand Eyes is very clear that now he can only walk one way to the black, and stand completely with the Shihen Emperor. If the Shihen Emperor is born, he can live, and if the Shihen Emperor is dead, he will definitely die.

Seeing countless attacks coming towards Qin Chen, Linyuan Supreme's complexion suddenly changed, and he rushed up and shouted angrily: "My lord, be careful."

Upon seeing this, Shihen Supreme roared: "Stop him!" Without Shihen Supreme's command, the elders of the sword dragon and others have already killed Linyuan Supreme, because they know very well that they must create opportunities for Shihen Supreme, one by one. Breakthrough, if you can kill one first, then only Linyuan Supreme will be shocked

Can't afford the slightest disturbance.

At this moment, Shihen Zhizun even had a hint of excitement in his heart. Because the Sikong Zhen of Sagong Holy Land did not follow Qin Chen to kill, but led the Linyuan Sacred Sect to besiege and killed his other masters in the Stone Mark Emperor Sect. Many powerhouses suffered heavy losses, but at the same time,

It also separated Sikongzhen, Linyuan Zhizun and others, and gave him the opportunity to make breakthroughs one by one.

If the three powerhouses gather together, he would really have a big head.

Thinking of this, Shihen Zhizun's body shook, and the breath of the whole person was like a mountain, and the decisive majesty of killing and felling instantly emerged from him, like a world-class demon, powerful and invincible.

This is the supreme aura of the slaughtered by the Supreme Stone Mark in the dark continent, in this universe, like a sea of corpses and blood, after a hundred battles, invincible, I don't know how many powerful beings have been destroyed and naturally regained their majesty.

At this moment, the origin in his body broke out in an instant, slammed out forcefully, without leaving any remaining hands, just to be able to slay Qin Chen in an instant.

Boom!

Under everyone's eyes, the terrifying magic star's rays fell, as if a piece of the big world had fallen away, a mess of mighty power.

However, under such a terrifying attack, Qin Chen did not move his expression, as if he did not move Ming Wang, just taking a step forward at the moment that the infinite attack fell.

Boom!

With the fall of his step, the void under Qin Chen's feet shattered, and a rune that seemed to be the highest rose.

This supreme rune contains a powerful dark origin, which is the mid-term supreme origin refined by Qin Chen. At this moment, all of it has been integrated into his body and was slammed out by him.

With a bang, the endless attack was like a vast ocean, colliding with Qin Chen, and the power of the demons kept rushing into Qin Chen's body.

This force was so powerful that it was enough to shake a mid-term supreme and seriously injured, but Qin Chen didn't move at all in the face of such a force, but kept moving forward instead.

Boom boom boom!

Every step Qin Chen fell, a cloud of runes rose from the ground, and these runes continued to rise to the sky, and then suddenly combined with the magic star in the sky.

"Impossible."

Shihen Zhizun made a sound of fright and anger. He couldn't imagine that with his full blow, he couldn't repel the young man in front of him.

This person looks extremely young, but why is there such a terrifying strength?

While Shihen Supreme was frightened, the elder thousand eyes attack had already rushed into Qin Chen's body.

Boom!

A terrifying force of pupil technique instantly entered Qin Chen's body, trying to invade Qin Chen's soul.

"Huh!"

Qin Chen snorted coldly, and the thunder bloodline in his body only shook slightly, and instantly defeated the power of the pupil technique. Then, Qin Chen turned to look at the elder Qianyan, and opened a void eye at the center of his eyebrows. Hitomi.

Boom!

An invisible force swept out and swept across the sky.

"Ah!"

I saw Elder Thousand Eyes let out a scream, in the world, his countless pupils split open, bleeding out, and they were all shattered in an instant.

He covered his eyes, blood running across his fingers, extremely miserable.

Boom, Elder Thousand Eyes flew out all over, vomiting blood backwards, embarrassed.

With one look, the elder Thousand Eyes, who is the supreme powerhouse, vomited blood and flew upside down, shocking the world.

Immediately afterwards, Qin Chen no longer paid attention to the elder Thousand Eyes who was like a dead dog, but continued to move forward.

One step!

Ten steps!

Thirty steps!

Every step down, there are terrible dark runes soaring into the sky.

When Qin Chen took seven forty-nine steps.

Rumble!

The runes that rose into the heavens and the earth suddenly bloomed with divine rainbows, and they merged with the nine thousand nine hundred and ninety-nine dark stars in an instant.

At the next moment, the nine hundred and ninety-nine magic stars shook together, and they were combined with Qin Chen's spiritual power.

"What?"

Shi Hen Zhizun was shocked in his heart, and he clearly felt that his control of the magic star formation between the heavens and the earth was much weaker, and Qin Chen was looting his control power.

How is this possible?

Shihen Zhizun's heart was filled with fright and anger, and he continued to display his maneuvers, and the runes soared to the sky, trying to mobilize the power of the nine thousand nine hundred and ninety-nine magic stars.

But it was useless, his control of the magic star was dissipating a little bit.

"Is this stone-scared supreme an idiot? I actually used my demon star to deal with the master, I am afraid it is not a great mallet." In the chaotic world, the Lord of the Deep Demon, the Primordial Ancestral Dragon, and the Saint Ancestor of the Blood River gathered together. Together, staring at the fighting outside, one by one was speechless.

#### [Chapter 4806: Strike the Stone Mark](#)

Qin Chen's understanding of the Demon Race's Heavenly Way is not weaker than some masters of the Demon Race. The Shihen Supreme wants to use the power of the Demon Race against Qin Chen, which is really boring.

Qin Chen squeezed the Jue Seal with both hands, and the nine thousand nine hundred and ninety-nine magic stars above the sky shook together. In an instant, the connection between the many magic stars and the Stone Mark Supreme was instantly cut off, and Qin Chen controlled it for an instant.

"Impossible, how can you have such a powerful control over the demon clan's heavenly way."

Shihen Supreme roared.

This was his constant refining of the stars in the void of the Infinite Demon Prison, and it took hundreds of millions of years to refine all the nine thousand nine hundred and ninety-nine stars.

But now, Qin Chen took away his control right in just a moment.

Let him not be frightened in his heart.

"Dead!"

With a flicker, Shihen Supreme suddenly appeared in front of Qin Chen and blasted out a punch.

The origin of billowing darkness poured out, and the void in front suddenly burst under this punch.

Boom boom boom!

Along the way, the void is like layers of glass, broken layer by layer, and there is no resistance under the fist of the stone trace supreme.

Quan Wei, came to Qin Chen in an instant.

"Small bugs."

Qin Chen snorted, his eyes flashing coldly, facing this punch, he didn't dodge or avoid, and he blasted out the same punch.

Fist to fist.

He wants to verify his current strength.

There is no bells and whistles, or even the power of urging the heavens and stars between the heavens and the earth, only relying on the dark origin absorbed in his body, and head-to-head with a mid-term supreme such as Stone Mark Supreme.

Boom!

The fists collided, and there was a piercing roar between the heavens and the earth. Qin Chen and Shihen Supreme retreated at the same time, and the void in front of them was instantly destroyed, and a huge black hole appeared, devouring all the energy around them.

Void, could not bear the bombardment of the two of them.

In the distance, Elder Sword Dragon and others were shocked, that kid actually blocked the blow of Lord Stone Mark?

How to do it

In the void, Qin Chen glanced at his fist, frowned slightly, and shook his head gently.

Under this punch, it was only evenly matched with Shihen Supreme.

Qin Chen was slightly dissatisfied, he couldn't help sighing.

It was because the realm restricted his strength.

After all, the source of darkness in his body now has been plundered by powerful people such as Zu Wufeng and Gu Xuye, plus the source of darkness in the core land of Sagong Holy Land and Linyuan Holy Gate.

Rather than cultivating by oneself, it is an external force.

If he can break through the Supreme Realm, and then deal with this Stone Mark Supreme, I am afraid that this will not be the result.

Of course, with the previous punch, Qin Chen did not reveal his other trump cards and strengths. If Qin Chen directly used the Blood of the Dark King, the result would definitely be different.

Qin Chen shook his head and sighed. On the other side, Shihen Zhizun was frightened.

"You little ant, how is this possible?"

Shi Hen Zhizun couldn't believe it, his punch was actually blocked by such a young guy like Qin Chen.

"I don't believe it."

Boom!

A terrifying aura rushed out of Shihen Supreme's body instantly, and a heavy force was constantly exploding and climbing.

He actually started to burn his origin directly.

Because he knew that if he couldn't kill Qin Chen in a short time, once Sikong shocked, the strength of the two sides would tilt again, and by then, it would be more difficult for him to kill Qin Chen.

And when the stone trace supreme was madly burning its origin.

Qin Chen smiled slightly.

Just now, this was using the power of the physical body to urge the source of darkness, so now, try the power of the dark sword aura.

Thinking of this, Qin Chen slowly closed his eyes.

Seeing Qin Chen closing his eyes in front of him, Shi Hen Zhizun felt even more angry.

"Too much deception."

Shihen Supreme roared, just about to take action.

Suddenly...

Shit!

A ray of sword light suddenly appeared!

"Sword Qi?"

In the distance, Shihen Zhizun's eyes narrowed slightly, and a strong sense of crisis came, and his right arm suddenly moved across.

Boom!

The sword light shattered, and the stone mark supreme retreated thousands of feet, all around, the void collapsed, and a shallow blood stain appeared on his right arm!

Got hurt!

He was frightened and was about to fight back, but as soon as he stopped, another sword light slashed.

"Go away!"

Suddenly, Shihen Zhizun's right hand blasted out!

Boom!

The sword light was shattered, and a terrifying fist force directly drove Qin Chenzhen out. Boom and boom, Qin Chen's figure retreated, and all the voids along the way collapsed. It was not until a thousand feet later that Qin Chen stabilized his figure.

Qin Chen frowned slightly, after burning the origin, the strength of Shihen Supreme was obviously improved.

No wonder he can block his sword attack.

Shihen Supreme looked at Qin Chen with a furious expression, "Are you a swordsman?!" Qin Chen smiled slightly, his palms spread out, and countless dark forces around him suddenly condensed into a dark sword. He did not urge the mysterious Rusty Sword. Because this is too bullying, the next moment, this sword condensed by the power of darkness will not disappear.

See.

Puff!

There was a flash of sword light in the void, and the space was directly torn apart by a paper knife.

The sword light flashes, attacking!

In the distance, Shihen Supreme frowned, and he punched again, and with this punch, a terrifying fist burst directly from his fist. The next moment, this fist abruptly blocked Qin Chen's position. One sword!

Boom!

The fist light disappeared in an instant, but the sword light did not dissipate, but the surrounding void was disappearing bit by bit.

This piece of heaven and earth can't stand the strength of the two people at all!

Shit!

Sword Qi billowed.

At this time, Shihen Zhizun punched again.

This time, he blasted out hundreds of punches in an instant, and each punch contained the power to destroy the world.

Cang Dang!

The void in front of him collapsed in an instant, and Shihen Supreme's face was unprecedentedly hideous.

With a chuckle, Qin Chen's sword qi was finally shattered this time, and it was shattered by the fist of the stone mark supreme.

Shihen Zhizun's figure shook, and he suddenly disappeared into the void. The next moment, he suddenly appeared in a place less than a hundred feet away from Qin Chen, his expression savage, and he punched again.

"Huh!"

Qin Chen sneered and opened his eyes suddenly.

Puff puff puff!

Suddenly, in the void, hundreds of swords appeared directly, slashing all at once.

With sharp swords all over the sky, madly slashing towards Shihen Zhizun, Shihen Zhizun's face changed drastically, and he hurriedly crossed his arms in front of him.

Boom!

In the next moment, the stone mark supreme flew out directly, and instantly there were countless sword marks on his body, and he vomited blood and flew upside down.

"Ah!"

He screamed, dripping with blood, like a blood man.

"Master Stone Mark..."

In the distance, Elder Sword Dragon and the others were stunned.

"Hahaha, don't worry, it's your turn right away." Linyuan Supreme chuckled, buzzing, Linyuan Stone Gate suddenly urged, a heavy stone gate phantom rushed out, directly enveloping Elder Blade Dragon Et al.

#### [Chapter 4807: Infinite Spear](#)

"Ah!"

Elder Sword Dragon and the others let out a roar, and they all stopped, but they couldn't resist it at all. They were blasted out by the phantom of the heavens and stone gates, vomiting blood one by one.

In front of the mid-term supreme Linyuan supreme, they couldn't resist at all, and in just a moment, all of them were seriously injured.

At this moment, there was a dead silence on the court, and the powerhouse of the Shihen Emperor Sect was completely plunged into crisis.

The elder Thousand Eyes' eyes were bleeding, his heart was filled with despair, and his figure was shaken, he was about to leave here.

It's just that he just moved.

Boom!

A terrible breath stopped him, it was Xiuyi's protector.

"Xiuyi, do you want to stop me?"

Elder Thousand Eyes' \*\*\*\* eyes looked at this once-close friend in front of him, and roared angrily.

Protector Xiuyi sighed: "Thousand Eyes, why did you betray the Holy Gate? Since you have made this decision, you should know that I will never let you leave."

"Why betray the Holy Gate? Why do you ask? Hahaha."

The thousand-eyed elder roared sadly, "Naturally, I am not willing to be someone else's running dog for my holy gate. Look at the current gatekeeper, do you still have the slightest appearance of the gatekeeper? I am willing to be this kid's running dog, but even this kid's identity I don't know, why?"

"Following the Sect Master, our Linyuan Sacred Sect will only go astray and follow the wrong principles. Only I can lead the Sacred Sect to the peak."

The elder Thousand Eyes roared hysterically.

"Lead the Holy Gate to the peak?" Xiuyi's protector sighed and looked around, "This is what you call the peak?"

In the surroundings, countless powerhouses from the Shihen Emperor's Clan showed horror on their faces.

But seeing Shihen Zhizun slowly stood up and wiped the blood from the corners of his mouth, his eyes instantly became cold.

"Boy, do you think you are determined to win?"

Boom!

At this moment, a terrifying aura rose in the body of the Shihen Supreme. For a moment, everyone felt a chill in the whole body, and even Linyuan Supreme was shocked to look at it.

Above the body surface of the Shihen Supreme, a series of strange powers are rising, these powers contain terrifying aura, just a trace, makes Linyuan Supreme feel a kind of creepy feeling.

Shihen Supreme looked at Qin Chen grimly, his hands were raised high, and he said coldly: "Boy, you forced me."

At this moment, the stone trace supreme seemed to be completely fused with the world, a force that penetrated from his body dissipated, forming a terrible black whirlpool above the sky.

"Uninterrupted power."

"It's the power of the Infinite Demon Prison."

"Impossible, how could the Supreme Stone Mark control this power."

Linyuan Supreme and Xiuyi Protector felt this power, and they all changed color, showing shock.

Because what Shihen Zhizun displayed turned out to be indistinguishable power.

The power of Infinite Demon Prison is a force left over from the ancient times. It is terrifying as strong as Linyuan Supreme and dare not lightly tamper with it. Under the erosion of the Power of Infinite for a long time, his origin is also It will collapse, and the whole person will undoubtedly die.

But now, the power of the infinite has escaped from the body of the stone trace supreme, and the power of the infinite has quickly formed a terrifying infinite vortex between the sky and the earth, and a power that destroys the sky and the earth instantly dissipates.

"Immortal power?"

Qin Chen frowned, showing a look of surprise.

The Stone Mark Supreme had a hideous face, and he laughed and roared: "Hahaha, yes, it is the power of Infinity. Over the past hundreds of millions of years, this seat has spent countless efforts to refine the magic star in this Infinite Demon Prison in the void. Take a little bit of uninterrupted power."

"It took me hundreds of millions of years to draw these infinite powers from the endless void and store them. Originally, this power was prepared by me to wait until I return to the Dark Continent in the future and then shock the whole world. Now it can only be used on you."

Accompanied by the strong scream of the Stone Mark Supreme, the infinite power of each road quickly condensed, and the terrifying infinite vortex continued to converge, and finally turned into a dark spear of darkness.

Boom!

The spear was formed, and the void around the spear was directly shattered, and it couldn't bear this force at all.

The power of the infinite is rumored to be the top treasure of the ancient demon race. The power born from the demon tree of the ten thousand worlds is also the highest power in this infinite demon prison, capable of destroying everything.

"Fucky boy, die for me."

With a roar, Shihen Supreme waved his hand abruptly, and this spear shot out directly, penetrating the void, and came to Qin Chen in an instant.

"My lord, be careful, get away."

Lin Yuan Supreme screamed in anger, with a frightened expression and a vertical figure, instantly rushing to Qin Chen, trying to help resist.

It only takes Qin Chen to resist for a moment, and he will be able to arrive and join forces with Qin Chen to resist.

After all, this indispensable power is extremely terrifying, as strong as him, and he does not dare to carry it directly. If he is not careful, the origin may collapse and disappear.

However, the moment Linyuan Supreme rushed out, his expression froze.

Because Qin Chen didn't evade in the face of Shihen Supreme's attack, as if he was sluggish, letting the black long spear come to him quickly.

"No!"

Supreme Linyuan roared in anger and hurriedly urged Supreme Linyuan Shimen to try to resist.

But it was too late.

With a puff, this infinite spear containing the strength of the Stone Mark Supreme drew hundreds of millions of years, is invincible, like a rotten rotten, pierced into the center of Qin Chen's eyebrows in an instant, and pierced Qin Chen into the void.

For a moment, the audience was silent, and everyone was stunned.

Previously, Qin Chen, who had repeatedly repelled the Supreme Stone Mark, was so fragile and instantly penetrated. Such a scene was too shocking and surprising.

The many powerhouses of Shihen Zhizun, ecstasy emerged in their hearts.

But Linyuan Supreme stopped his figure, but despair emerged in his heart.

"Haha, hahaha."

Shi Hen Zhizun looked up to the sky and laughed, couldn't help being extremely excited.

Although this blow consumed his inexhaustible power that he had gathered for hundreds of millions of years, as long as he killed Qin Chen, he would have hope at the Shihen Emperor Sect.

"Smelly boy, let you pass the sky, today, it's not dead in my hands."

Shihen Zhizun said savagely and proudly.

"Really?"

At this moment, a chuckle sounded through the world, and everyone was shocked to look at the place where the sound came from, and saw that after being pierced into the void by the infinite spear, Qin Chen never fell. Instead, he looked at with a smile. He pierced his spear through this hole.

"You..."

Shihen Zhizun's eyes suddenly rounded.

Qin Chen chuckled lightly, looked at the long spear that penetrated him, and smiled: "This spear is good, Ben Shao accepted it with laughter."

#### [Chapter 4808: Infinite Sword Qi](#)

The voice fell.

Boom!

The uninterrupted power that burst out from this long spear rushed into Qin Chen's body madly, and at the same time, the aura on Qin Chen's body was actually increasing at an astonishing speed.

Boom boom boom!

A heavy breath exploded from Qin Chen.

At this moment, Qin Chen's whole person was like a god, and a breath of air exploded from his body, and his aura was rising at an astonishing speed.

Infinite power!

That is the terrible power born in this Infernal Demon Prison, and it is one of the most powerful forces in this heaven and earth. For any strong man, Infernal Power is an extremely terrifying force, capable of destroying everything.

But now...

Qin Chen was directly pierced by the long spear condensed by the strength of this infinite spear, and he had nothing to do with his whole person. Instead, he seemed to be devouring the strength of the spear of infinite spear. How could this be possible?

At this moment, no one was not shocked, not shocked, endless panic emerged in his heart.

"What is this kid doing?"

"Swallowing Infinite Power? How is this possible?"

"How did he do it? Devil, this guy is a devil."

The many powerhouses of the Shihen Emperor Sect yelled hysterically, and their hearts were filled with endless horror.

"I do not believe."

"An illusion, this must be an illusion."

Shihen Zhizun also widened his eyes and roared frantically.

Boom, in his body, an infinite force surged again, rumbling, as soon as this force appeared, the whole world seemed to be plunged into apocalypse, and a force that destroyed the world was formed.

Between the heaven and the earth, a huge infinite vortex, with a radius of tens of millions of miles, flooded everything in the heaven and earth, and appeared above the Shihen Emperor Gate.

At this time, the Shihen Supreme had already urged all the indistinct power in his body, and hundreds of millions of years of painstaking practice were displayed today.

When this power was exerted, his whole person quickly wilted, like a balloon full of air, suddenly deflated.

He put all his hopes on this hit.

"Die me!"

Shihen Zhizun looked up to the sky and roared, raising his hands high, and then swiping it down fiercely.

There was a boom.

The terrifying power of intermittent pouring down crazily, the world shook, everything shattered, everything along the way, all turned into powder.

This force is so terrible that it is as strong as Linyuan Supreme and cannot be approached at all. He has a feeling that if he approaches rashly, it will definitely end in a broken body. Under the eyes of everyone, that terrifying infinite magic power suddenly merged into the spear that pierced Qin Chen's body. The black spear continued to erupt with an astonishing aura, and the terrible power destroyed everything, and Qin Chen was blown away in an instant.

lofty.

When Qin Chen stopped, with a bang, the millions of miles of void in Qin Chen's body were annihilated and directly erased.

Infinite power, invincible, extremely terrifying, and even the void of the Heiyu Continent could not bear this power.

Everyone's eyes widened, staring at it.

One by one was stunned.

Safe and sound.

In the midst of the annihilated void, Qin Chen stood proudly there, still unharmed, letting the long spear gathered by the terrifying force penetrate through him, but his body showed no sign of collapse.

On the contrary, under the blessing of this uninterrupted force, in Qin Chen's body, it seemed that there was a world in the circle, khaka ka, the heavy confinement in his body was broken, and his cultivation seemed to be madly improving.

"No...no...no..."

On the opposite side, Shihen Zhizun seemed to be billions of years old in an instant, and his body was trembling.

Such a terrifying power can't help this guy. How could it be possible?

This is the power of perfection?

Such terrifying power, let alone a young man, even the supreme of the mid-term peak, I am afraid that it has been wiped out.

This is his capital based on Heiyu Continent. It is a killer that he has spent hundreds of millions of years to condense. Now it is the first time to use it, but it has no effect at all.

a bolt from the blue.

This blow had already broken Shihen Supreme's spirit and energy, and a crack appeared in his Dao Heart. In his mind, Qin Chen had become an invincible existence, a fundamentally invincible existence.

On the other side, Linyuan Supreme also widened his eyes. He opened his mouth wide and murmured: "Fuck... awesome..."

Big brother!

At this moment, Linyuan Supreme's inner excitement was beyond words.

This is infinite power. He had never expected that Shihen Supreme would have spent hundreds of millions of years to come up with such an assassin. If he had been replaced by him before, it would be gone in minutes.

But Qin Chen was unscathed.

My goodness, what kind of thigh I hugged.

Void.

Qin Chen stood there, and the infinite power continuously poured into his body, but was madly swallowed and absorbed by Qin Chen.

The so-called power of the infinite is the power that the Ten Thousand Realms Demon Tree left when it was stationed in the infinite demon prison. This power is indeed extremely terrifying and indestructible.

But that is for other people.

But now the Ten Thousand Worlds Demon Tree is in Qin Chen's body, this infinite power is a terrible attack on others, but for Qin Chen, it is an absolute power to supplement.

After the billowing indistinct power entered Qin Chen's body, it was directly introduced into the chaotic world by Qin Chen, and then absorbed by the Ten Thousand Realm Demon Tree, and then turned into extremely pure power to feed Qin Chen back.

At this moment, the aura on Qin Chen's body was frantically rising.

Boom!

Qin Chen is like the same god, blooming with billions of rays of light, towering over the heavens and the earth.

In full view, he opened his eyes.

What kind of eyes are these, like gods, dominating the life and death of the heavens and the earth, and at the first glance, there is a sense of fear transmitted from the depths of the soul.

"Almost there, it's time to end."

Qin Chen chuckled lightly.

call out!

In front of him, a sword aura suddenly appeared, violently cut out.

"Back, fast back!"

Shihen Supreme roared, at this moment, he was completely timid, turned around and ran.

But how could he escape.

Before he could turn around, the sword light Qin Chen slashed out had already appeared in front of him, and above that sword light, there was still a hint of uninterrupted power.

Infinite sword spirit!

"You..." In a hurry, Stone Mark Supreme had no time to put his hands in front of him. In his body, an invisible dark bell-shaped phantom appeared. It was a treasure of defense. At the moment when the bell-shaped phantom was formed, With a bang, Wujian Jianqi has been cut there

Above the bell-shaped phantom, a harsh cracking sound rang, and the entire bell-shaped phantom suddenly shattered.

In the next moment, Shihen Zhizun had been directly blasted hundreds of thousands of feet away by this sword aura, and when he stopped, the surrounding void had been wiped out. The body of Shihen Supreme also collapsed.

[Chapter 4809: is it hard](#)

One sword!

Shihen Zhizun's body collapsed silently.

Qin Chen was stunned, and he couldn't think that a sword that contained infinite sword energy was so strong.

He looked up and saw that Shihen Supreme's body was so illusory that it had almost become a remnant soul.

"grown ups."

Elder Daolong and the others surrounded them in horror, surrounding Shihen Supreme, their bodies trembling.

The dignified supreme-level powerhouse was trembling because of fear.

At this time, the outside world, the sound of fighting in the Shihen Emperor's Gate gradually calmed down.

Whoosh whoosh!

In the next moment, Sikong Zhen appeared with countless strong men. After seeing the scene, he was first startled, and then he glanced at Shihen Supreme, whose soul was only left. He glanced at Qin Chen, with a trace of fear and amazement in his eyes, and then respectfully saluted: "My lord, Shihen The strong in the emperor gate are already

solved. "

Elder Daolong and the others shook their bodies, and all clenched their fists.

It's over.

They knew that their Shihen Emperor Gate was over.

Unexpectedly, Shihen Zhizun's emotions calmed down at this time. He stared at Qin Chen, and said with a tremble: "You...Who are you?"

Qin Chen said lightly: "You don't deserve to know."

When the words fell, Qin Chen suddenly grabbed the past with a palm, and with a bang, the huge palm directly grabbed the Shihen Zhizun, and then he snorted and squeezed it directly.

The master of the dignified stone mark emperor gate, a mid-term supreme master, one of the three giants of the Heiyu Continent, died in Qin Chen's hands.

boom!

A strong mid-term supreme source rose.

Qin Chen felt this mid-term supreme origin, and nodded slightly: "As expected, the master of the Shihen emperor gate, this mid-term supreme origin is good."

Compared with Zu Wufeng and Gu Xuye, the mid-term supreme origin in Shihen supreme body is much stronger.

This force was instantly converged by Qin Chen, and the origin of a powerful mid-term supreme was definitely a great tonic for him.

Seeing Qin Chen beheading Shihen Supreme in this way, Linyuan Supreme and Si Kongzhen both trembled, and there was a sense of sadness.

Although they have fought with Shihen Supreme for countless years, they still have deep emotions when they see the powerhouse who crossed the Heiyu Continent like themselves feel like this.

Fortunately, I made the right decision and held the right thigh.

Hum!

Qin Chen's storage ring was instantly taken into his hand by the stone mark supreme, and Qin Chen's dark power penetrated through, and the storage ring instantly lit up with rays of light.

It is prohibition.

Shihen Zhizun placed a ban on this storage ring, even if the storage ring was taken away, others would never want to get his treasure.

Upon seeing this, the pupils of Linyuan Zhizun and others shrank.

Shihen Zhizun unexpectedly left such a backhand.

This kind of prohibition, I am afraid that they will not be able to break it easily. Forcibly breaking it will only cause the prohibition to erupt, cause the storage ring to collapse, and the contents in it will also dissipate.

"This is the restriction left by Master Sect Master. It is a restriction unique to my Shihen Emperor Sect. As long as you are willing to let me wait to leave, I am willing to break this restriction for you and get the treasure of Master Sect Master."

Not far away, Elder Daolong and others trembled.

The sect masters are dead, and they have completely lost the idea of resisting, and they just want to survive.

Only if you survive, there is hope.

"Let you leave?"

Qin Chen sneered. Is it difficult to crack the ban?

The Dark King's Blood in his body quietly urged, with a puff, the restriction was broken in an instant, and Qin Chen showed a smile when he glanced at the storage ring.

At the next moment, a black token appeared in Qin Chen's hand, it was the dark token.

Since then, all three dark tokens have fallen into Qin Chen's hands.

"Gluck!"

Seeing that Qin Chen broke the restriction on the storage ring so easily, everyone was shocked, and they had a deeper understanding of Qin Chen's horror.

"My lord, what should I do with these people from the Stone Mark Emperor Sect?" Lin Yuan Zhizun hurriedly stepped forward.

"Kill, don't keep one."

The voice fell, Qin Chen turned and left.

"what!"

The next moment, in the void behind, there was a sorrowful scream of fighting and screaming.

Qin Chen directly ignored it and came to this endless void. Here, there was a surging of infinite power, and the stars were floating, and the demonic energy lingered.

This is a special place in the Infinite Demon Prison, where you can feel the demon's heavenly way. At the same time, in the ocean in front of us, the billowing dark origin is surging, it is the origin power brought back from the dark continent by the Shihen Emperor, but the origin here has completely integrated with the demon aura of this world. Together, actually

Of course, they are totally indifferent to each other.

On the fusion of the power of the two worlds, Shihen Supreme has reached an extremely astonishing level.

"Little Qin Chen, this stone-marked supreme is indeed somewhat capable. He has felt in this ocean of devilish energy for hundreds of millions of years. If he is given enough time, it will definitely become a major disaster in this universe." Honghuang Ancestral Dragon's pupils shrank.

Qin Chen nodded.

It has to be said that this stone mark supreme still has some means, for hundreds of millions of years, he has understood the demon's heavenly way to an astonishing level, and even mastered part of the power of infinity.

This is a strong man with great perseverance and great perseverance.

Once the two worlds go to war again, Shihen Supreme will be able to enter the rear base camp of the ten thousand races without worrying about the oppression of the origin of the universe.

Even if such a guy has a low cultivation base, he will definitely become a time bomb in the future.

Fortunately, it was solved in advance by myself.

"Who!"

Qin Chen entered this ocean of dark origin and demon energy fusion, and began to cultivate.

boom!

The billowing power was madly swallowed by him.

Now, Qin Chen is not cultivating alone, and these dark origins have also been sent into the chaotic world by him, allowing the Lord of Abyss Demon and others to realize the power of this dark clan at the same time.

Suspended in the void, Qin Chen felt carefully and constantly improved himself.

This battle gave him a lot of inspiration and benefited him a lot.

A quarter of an hour later, the sound of fighting from behind disappeared, and Si Kongzhen and Linyuan Supreme came to Qin Chen at the same time.

The two looked at Qin Chen who was cultivating in the endless ocean, motionless and respectful.

I saw that the billowing dark origin was madly swallowed by Qin Chen, and the speed was as fast as a tide.

There was panic in the hearts of the two of them.

After a stick of incense.

All the dark origins of the Dark Clan were swallowed by Qin Chen.

Hum!

Qin Chen opened his eyes, and in the depths of his pupils, an astonishing light flashed away.

Sikongzhen and Linyuan Supreme hurried forward.

"My lord, all the powerhouses of the Shihen Emperor Sect have been resolved. This is a treasure found from the Stone Mark Emperor Sect. Moreover, this is the origin of the many powerhouses of the Stone Mark Emperor Sect." Sikong Zhen raised his hand, a wave of power. The power of lingering here is some supreme source.

#### [Chapter 4810: Somewhat disappointed](#)

Qin Chen nodded and put it away directly.

"My lord, the subordinates are not strict in controlling them. If you have a traitor like the elder Thousand Eyes, you still hope that you will punish you."

Lin Yuan Supreme knelt down on one knee, lowered his head, and said with a trembling voice.

Qin Chen glanced at him and raised his hand to hold him up: "It's not your fault that the elder Qianyan has done, get up."

Lin Yuan Supreme breathed a sigh of relief and wiped the cold sweat from his forehead.

After experiencing this time, he was completely impressed by Qin Chen, and he didn't dare to have two hearts again.

"My lord, what do we do next?" Sikong Zhen arched his hands.

Qin Chen looked up and got three dark tokens. Qin Chen looked at the dark ancestral land, where his ultimate goal was.

"Let's go, start the dark ancestral land, you all know the purpose of this young man, as for this stone-marked emperor gate..."

Qin Chen glanced at the Shihen Emperor Gate behind him: "You two send someone to accept it."

"Thank you, sir."

Sikong Zhen and Linyuan Supreme looked at each other, both showing excitement.

The dark ancestral land is very dangerous. This time Qin Chen except Linyuan Supreme and Sikong Zhen, everyone else stayed in the territory of Heiyu Continent to accept the Shihen Emperor gate. Only Qin Chen and the three rose into the sky and swept into the darkness. Ancestral land.

With the strength of the three Qin Chen, they are now on the road with all their strength, and after a while, they have once again come to the dark ancestral land.

Although it hasn't been a long time since he came to the Dark Ancestral Land last time, Qin Chen's feeling has become completely different when he comes to the Dark Ancestral Land again.

After entering the dark ancestral land, Qin Chen went straight to the depths of the dark ancestral land.

Boom boom boom!

Three powerful breaths traverse the void of the dark ancestral land.

"what is that?"

"What a powerful breath."

"That's... the ancestor Sikongzhen of Sagong Holy Land, and the Supreme Master Linyuan of Linyuan Sacred Gate?"

"Why are they here?"

"Who else is that young man? Why are you so familiar? No, isn't this person the guy who killed the Emperor Shihen in the Dark Ancestral Land? How could he be with Master Sikongzhen and Master Linyuan."

In the Dark Ancestral Land, there are many strong people all year round. At this moment, some strong people feel the breath of the sky, and they look up, all of them are shocked.

Each look was shocked.

The ancestors of the two top powers appeared together in the Dark Ancestral Land. This is definitely a big event.

The most important thing is that Sikongzhen and Linyuan Supreme appeared together, combined with Qin Chen and Sikong Anyun before to kill the Shihen Emperor, Shihen Emperormen has already gone all out and is ready to do it, everyone Shocked one after another, is it possible that Sikong Holy Land and Linyuan Holy Sect have joined forces?

All of a sudden, all kinds of discussions arose.

People from these ordinary forces would never have thought that the Shihen Emperor Gate, one of the three major forces on the Heiyu Continent, had already been wiped out not long ago.

All the way through the heavy blood grave area, this time, Qin Chen and the three people barely concealed anything, and rushed straight into the deepest part of the dark ancestral land.

"Who is it, dare to trespass into the dark forbidden land."

boom!

As soon as Qin Chen and the others entered the depths of the Dark Ancestral Land, an astonishing dark aura rose directly into the sky, accompanied by the roar of anger, a phantom instantly appeared in front of Qin Chen and them.

It is the ancestor of the dark thunder.

"It's your kid again, and you, Sikong Zhen, you actually broke into the dark forbidden area again and again, who gave you the courage, this seat said, if you dare to break in again, you will definitely want you to look good."

Seeing Qin Chen and the others break into the dark forbidden land again, the Ancestor Dark Thunder was furious.

"boom!"

A terrifying dark thunder light formed between the sky and the earth, turned into a thunder and lightning spear, and suddenly burst towards Qin Chen.

Powerful.

"presumptuous."

However, before the blood thunder spear arrived in front of Qin Chen, Sikong shouted angrily, and directly exploded with a punch, and with a thunder, the blood thunder spear directly exploded, and the ashes were wiped out.

"Sikong Zhen, you are so brave. Last time, you rushed into the dark forbidden area. For the sake of Lord Throne, I have spared you my life. I never thought you would never regret it. I really thought you were the black. Can one of the rulers of Yu Continent ignore the rules of the Dark Forbidden Land? Today, this seat will let you know who is the true king of the Black Yu Continent."

Accompanied by the roar and boom of the dark thunder ancestor, his figure suddenly rose, endless blood thunder formed in the heaven and the earth, and the blood thunder poured down frantically, and went straight to Sikong shock.

"Ancestor Dark Thunder, you a dead person dare to be rude to adults, whoever gives you the courage, get out of here."

Sikong Zhen's body shook, and Kun Demon Palace instantly appeared between the heavens and the earth, with a bang, and the breath of the supreme-level palace broke out in an instant, blasting directly toward the endless blood thunder like a meteor.

There was a boom, the blood thunder in the sky was directly exploded by Kun Demon Palace, and at the same time, the Kun Demon Palace instantly fell on top of the dark thunder ancestor's head, and it was severely suppressed.

With a bang, the dark thunder ancestor was directly shocked and flew out thousands of feet, and the thunder light wandered around. Under this blow, he staggered back.

"Trash, don't forget, you are just a dead person, don't show off money and yell in this seat."

Sikong Zhen said coldly.

"presumptuous."

"Sikong Zhen, you are too much."

"It's a big tone. I waited until I died for the sake of the Dark Clan, but when I reached your mouth, I became a dead man. Humph, Sikong Zhen, your Sagong Holy Land is a sinner of the Dark Clan. Who gave you the confidence to speak like this."

As Sikong Zhen's voice fell, icy breaths rose from the sky to the earth.

From the depths of the dark forbidden ground, a towering figure emerged, each figure exuding a breath of shock for eternity, with a bang, everyone stepped together, a shocking breath suppressed and sealed the world.

"Everyone, call you seniors respectfully. That's because you have made contributions to my dark clan, but so many of you have targeted Sikong Zhen, too much, right?"

When Linyuan Supreme saw this, he chuckled. In his body, a stone gate suddenly appeared, and on the Linyuan stone gate, a phantom of tens of thousands of stone gates instantly appeared.

boom!

The phantom of Shimen rose into the sky, as if connecting hundreds of millions of worlds, directly shattering the power of the sky's imprisonment.

"Linyuan Stone Gate? It's you...Linyuan Supreme."

"Sovereign Linyuan, do you want to learn from this Sikong Zhen, defying me and waiting?"

"So courageous, you are still not a member of the Dark Clan, do you want to betray the highest Dark Clan?"

Many figures looked at Linyuan Supreme, one by one, they uttered a terrifying anger, and their sharp eyes stared at them, as if they could penetrate the void.

"Everyone is joking, this seat is not trying to betray the dark race, but your actions made this seat a little disappointed."

Lin Yuan Zhizun sneered and towered into the sky.
