

Valkyrie 4811

[Chapter 4811: Real back](#)

"Disappointment, what qualifications do you have to be disappointed."

An old voice passed, it was a towering phantom, towering over the sky, staring at him, he looked at Linyuan Supreme's expression, his eyes high.

This is a strong man, stepping forward, sweeping across the sky, coldly shouting: "I wait, all are people who sacrificed for the dark race. In the past, I waited for the **** battle and left fire for my dark race. This space is left."

"What is it for? Just for this habitat."

"Now, you are forcibly breaking into this dark forbidden land, behaving presumptuously, and daring to be disrespectful to me, let me ask, in your hearts, are there still ancestors who are waiting for these sacrifices? Huh? Supreme Linyuan, you are also the Holy Gate of Linyuan The master of, is also considered to be the best among the younger generations of my dark clan. That's how you talked to the ancestors?"

"Who gave you the courage? Give you the courage."

This majestic phantom, stepped forward, its breath soaring to the sky, shocking the world.

This momentum is amazing, with questioning, high above.

"Yes, we are all people who sacrificed for the race, but what about you? Living in the world, enjoying everything, but still arrogant here, who gave you the courage."

On the side, the rest of the strong phantoms are also cold-eyed.

In their opinion, whether it is Sikongzhen or Linyuan Supreme, no matter what their status in Heiyu Continent is and how strong they are, in the eyes of their group of powerhouses who once sacrificed for the dark race, they are all younger generations. .

Now, this group of younger generations dared to disobey them and confront them, which made their superiority feel a strong humiliation.

In their hearts, there has always been a high above, looking down on Linyuan Supreme and Sikong Zhen.

Feeling such an expression, Lin Yuan Supreme suddenly smiled.

It's a sneer.

Because of these people's eyes, Lin Yuan Supreme was unhappy.

Lin Yuan Supreme sneered and said: "Why? Just rely on me to guard this Heiyu Continent for countless years, rely on me to leave a way for my dark clan, rely on me to wait... hard work."

Hearing this, the ancestor of Dark Thunder suddenly ridiculed: "Guard the Heiyu Continent? Leave a way behind? Hahaha, ridiculous."

Surrounded by thunder light, his aura was like a rainbow: "Sadly, you don't know anything, do you really think you have contributed much to staying in this Heiyu Continent? Wrong... You don't know at all. In fact, my dark clan's true future, Yes..."

"Ancestor of Dark Thunder."

At this moment, the old phantom who was speaking on the side suddenly let out a cold cry and interrupted him.

The Ancestor Dark Thunder suddenly seemed to have realized something, and suddenly stopped talking.

Supreme Lin Yuan frowned, and said, "Dark Thunder Ancestor, what is the real back road for my dark clan you said?"

He stared at the dark thunder ancestor, his eyes were cold and severe, and his heart suddenly sank.

A magical rainbow burst out of Si Kongzhen's pupils.

Facing the many powerful ancestors in this dark forbidden ground, the two of them had sharp eyes and looked directly at the ancestor of Dark Thunder.

At this moment, they all thought of a truth they had obtained from Qin Chen.

That is, the Dark Forbidden Land is the real meaning of Heiyu Continent's existence, and everything they do is just a blindfold, a blindfold for the demons.

Originally, deep in their hearts, they were a little nervous and doubtful, but at the moment they heard the words of the dark thunder ancestor, but their hearts sank in an instant.

"boom!"

Sikong Zhen and Linyuan Supreme raised their heads and looked at the depths of the endless forbidden ground.

In the depths of the forbidden ground, there were faintly terrifying auras surging, and that was the treasure of this Infinite Demon Prison.

From Qin Chen's mouth, they already knew that as long as they took this treasure, they could control the entire Demon Race and let the Dark Race have an invading bridgehead.

This is the real plan of the dark race.

But is this all true?

Sikongzhen and Linyuan Supreme's hearts are cold.

Originally they still had some guesses, but now...Looking at the dark thunder ancestor who wanted to talk but stopped, their hearts sank.

If it is true, then what they have done for hundreds of millions of years is definitely a joke.

It's too sad.

For hundreds of millions of years, they have been assimilating this Infinite Demon Prison and establishing Heiyu Continent, but who ever thought that everything they did was just a backup plan.

Who can bear this?

They are not unable to accept all of this, but what they can't accept is that the upper ranks of the dark race play them like fools.

While convicting them, letting them replace the family as the atonement, and sticking to this continent seems to have given them an extremely important task.

But on the other side, there are other plans to keep them in the dark.

Who can bear such humiliation.

Sikong Zhenhan said: "Ancestor Dark Thunder, why don't you speak anymore?"

"What do you have to say with you two guys?" Ancestor Dark Lei sneered, his eyes disdainful.

He did not continue to say, because he also knew that everything they did was a secret and could not be told to outsiders.

Lin Yuan Supreme sneered: "I have heard that the ancestor of the dark thunder is not afraid of the sky, and the earth is not afraid. It turns out that he is so timid. Don't you dare?"

Sikongzhen continued: "Brother Linyuan, forget it, let's talk about it, this dark thunder ancestor is basically a strong outsider, he seems to be domineering, but he is really like a lady in his heart, how dare you say it."

"That's right." Linyuan Supreme nodded: "It's just a dead person, what can he know? Or, this dark thunder ancestor is just a little brother among the people present, how dare you to disobey the other people present, let us It's better not to force him."

"When you said that, I remembered it. Last time, this dark thunder ancestor was trained like something by other ancestors. It seems that he should be the gatekeeper with the lowest status among this group of people. That's all, it's no wonder that I will be so dazzling in front of you and me."

The corners of their mouths are sketching mockery and verbal blending.

"you..."

The ancestor of the dark thunder became angry in an instant. How could he still be able to hold on to it, and said coldly: "It's just two rubbish, what do you two know? You are still proud of it. Since you want to know, the ancestor will tell you, you two This is nothing but the watchdog of the Heiyu Continent. The real core is actually me waiting..."

"To shut up!"

Before the dark thunder ancestor finished speaking, suddenly a cold drink sounded.

Boom!

Between the heaven and the earth, a towering figure suddenly descended and projected, like an ancient demon god, descending on this heaven and earth.

The void instantly raged, and the void of the dark forbidden ground surged wildly!

Seeing the incoming person, the dark thunder ancestor's expression changed, and the other strong men also changed to death one after another.

"I've seen Master Throne."

Many ancestors present hurriedly saluted.

The visitor is the throne.

As soon as the throne came up, his eyes fell on Sikong Zhen and Linyuan Supreme, and the terrible murderous intent was instantly suppressed on them.

[Chapter 4812: Not willing?](#)

"Sikong Zhen, Supreme Linyuan, you two, you are really brave."

The Throne said coldly, as his words fell, the terrifying coercion, like a vast ocean, instantly suppressed them.

Boom!

The coercion swept over like a world of heaven and earth, causing Sikong Zhen and Lin Yuan Supreme to breathe suddenly.

Even Qin Chen narrowed his eyes.

Late supreme.

This throne was definitely a master of the late supreme level before his death, otherwise it would be impossible to release such a terrifying coercion.

When this coercion came out, as strong as Qin Chen, he felt a faint throbbing deep in his heart.

Is this the coercion of the late supreme?

Qin Chen murmured.

It should be understood that the throne today is not a real body, but just a projection of the condensed remnants of the fallen soul, but it is such a projection that such a breath erupts, so Qin Chen is not surprised.

Is the late supreme really that powerful? Or is it because the opponent is a master of the dark race and has special methods?

Qin Chen's heart was shaken, and he had the urge to fight.

Because so far, Qin Chen has fought against the mid-term supreme, and also killed the mid-term supreme, but although he has seen the late supreme, he has never fought against it.

In the later supreme realm, the perception of the supreme realm has reached the point where there will be some extraordinary changes.

At this moment, the blood was boiling in Qin Chen's heart.

However, Qin Chen held back.

It is not the time yet, the Demon Soul Source Device is the focus of this trip.

"Bold? How dare you say it? Is this dark forbidden land the private property of Er et al.?"

Qin Chen sneered, and suddenly stepped forward and came to the middle of Sikongzhen and Linyuan Supreme, his expression indifferent, high above.

"presumptuous!"

"Dare to talk to Lord Throne in this way, do you want to die?"

When other ancestors saw this, they were furious.

It's all about Linyuan Supreme and Sikong's arrogance, they are also masters from the two major forces, but Qin Chen is a junior, there is no place for him to interrupt here.

Even when they saw Qin Chen, they were puzzled. They didn't know why Linyuan Supreme and Sikongzhen brought Qin Chen a junior here.

The ancestor of Dark Thunder shrank his pupils, and immediately took a step forward.

"Boy, it was you the last time, trespassing into the dark forbidden ground, Lord Throne thought that your cultivation is not easy, and gave you a chance. I didn't expect you to come here as arrogantly this time.

The last time it was Qin Chen, who absorbed his dark blood thunder, making him lose face, and seeing Qin Chen again this time, he was not angry in his heart.

boom!

A **** thunder light burst out from his body, and without a word, it blasted towards Qin Chen, a strong pressure descended, as if to tear Qin Chen in an instant.

It was a ruthless hand as soon as he came up.

He couldn't kill Sikongzhen and Linyuan Supreme, but he taught Qin Chen a lesson and said he was fine.

However, before his blood thunder came to Qin Chen, Supreme Linyuan had already taken a step forward. In his body, a portal soared into the sky. This portal contained terrifying void power. Bombing.

Lin Yuan Supreme looked furious, "Ancestor Dark Thunder, you dare to be so disrespectful to adults, should you be the presumptuous person?"

Sikong Zhen hurriedly looked at Qin Chen with a respectful expression, "My lord, are you okay?"
grown ups?

Such a scene caused the ancestors present to frown slightly.

"Hahaha, Sikong Zhen, Linyuan Supreme, you two guys are really getting better and better, and you call this kid an adult? It's ridiculous, what about the dignity of you two guys?"

Ancestor Dark Thunder sneered and said.

"Throne, is that how you discipline your subordinates?" Qin Chen said indifferently.

He didn't get angry, because it was not the time to get angry. He came here for the demon soul generator, not for destroying all the strong men of the dark clan. This is not what he should do now.

"Presumptuous, Lord Throne's name taboo, you can also call it?" The Ancestor Dark Thunder shouted angrily.

"To shut up."

The Throne raised his hand and glanced coldly at the ancestor Dark Lei: "Dan Lei, you are really talking more and more."

"My lord, the subordinate is convicted."

Ancestor Dark Thunder suddenly looked stiff when he heard the words, lowered his head and stopped speaking.

Then, the throne looked at Qin Chen and frowned, "Who are you?"

Qin Chen said indifferently: "It doesn't matter who I am. The important thing is that I have a dark token. Today, this young man wants to enter this dark forbidden area and take a good look. If you are really loyal to my dark clan, shouldn't you stop it? "

When the voice fell, Qin Chen took out three tokens in an instant.

boom!

The three dark tokens blasted out dazzling dark rays in the void, and quickly merged together, turning into a huge dark token. Under this dark token, the world was oppressed by the atmosphere of darkness and forbidden, and it instantly weakened. A lot.

"Dark token?"

The many ancestors present all breathed in air.

This guy actually collected three dark tokens.

The throne also shrank his pupils: "Darkness Order, three dark tokens, the one with the highest stone mark is also on you, how about others?"

"You don't have to worry about where the others are. Now that the Dark Tokens are gathered, according to the rules, I can enter the dark forbidden area to explore. Your Excellency won't disobey the orders of my dark people, right?"

Qin Chen said indifferently.

The court was quiet for an instant, and everyone looked at the throne.

Back then, the Dark Clan senior level indeed had such an order, that is, the three major forces such as Sagong Holy Land. If you want to enter the depths of the dark forbidden area, you can enter as long as you gather three dark tokens.

The reason for this is that in order to prevent any changes to the dark forbidden area, the three major forces located in the Heiyu Continent will be able to jointly investigate.

In order to prevent the task of destroying the Throne and the others, when selecting and guarding the three major forces, the high-level Dark Clan deliberately picked the three major forces of Sagong Holy Land and Shihen Emperormen.

Because these three forces themselves have enmities and grudges, it is impossible for them to join forces to enter the dark forbidden area without accidents. Only when there is a major change in the dark forbidden area can they jointly investigate.

It is based on this that such a rule is set.

But they never thought that someone would directly gather three tokens and want to enter forcibly in the dark forbidden area without any change.

For a moment, the throne's pupils shrank and fell silent for an instant.

According to the regulations, he did not have the qualifications to stop Qin Chen at all.

"Why? Your Excellency is not willing?"

Qin Chen smiled. "Master Throne, although this person has three dark orders on his body, Stone Mark Supreme did not follow him. It is very likely that this person has used despicable means to take away the dark order in the hands of Stone Mark Supreme. Therefore, Never let them into the forbidden land

deep. "Dark Thunder ancestor Shen said.

Chapter 4813-Purging Ancestral Land

Qin Chen frowned: "In that case, your Excellency is not going to recognize the rules set by the senior officials of the dark clan?"

The dark thunder ancestor sneered and said: "The rules are naturally recognized, but now my ancestor suspects that the dark token on your body was obtained through some despicable means, so I need to figure out the situation first."

Sikong shouted sternly: "Dark thunder ancestor, put your shit, your lord has the token, and I am the co-owner of the three major forces. What are you worthy of questioning the lord? Believe it or not, I will kill you today. !"

"boom!"

When the voice fell, Sikong shook one step forward, and suddenly exploded with utterly murderous intent all over his body.

at the same time.

Above the sky, with a bang, a quaint palace landed in an instant. It was Kun Demon Palace. Kun Demon Palace suspended the sky, surging endless murderous intent, suppressed in the dark forbidden area, turned into a terrible sky, covering everything.

The rolling supreme power suppressed it.

Upon seeing this, the other ancestors suddenly changed color.

What does this Sikongzhen want to do? Do you really want to fight them? What a courage.

Immediately, the ancestor shouted angrily: "Sikong Zhen, presumptuous, put away your Kun Devil Palace."

"Sikong Zhen, do you dare to wait for me to take action, do you really think I can't wait to take you?"

"Things who do not know whether they live or die, think that they have been in charge of Heiyu Continent for a period of time, will they be able to run wild on my head?"

The sound of anger resounded throughout the world.

I heard that many ancestors Qi Qi burst out with astonishing murderous intent, boom and boom, and for a while, the power of the entire dark forbidden ground rushed to the sky, murderous intent and madness were everywhere.

An instant impact on the Kun Demon Palace that covered the sky.

With a bang, Sagong Zhen's Kun Demon Palace was strong, but how could it have suppressed so many ancestor masters. Under the breath of many ancestors, Sagong Zhen's Kun Demon Palace was instantly retreated, shaking violently, in the sky. On, constantly trembling.

"Xiaoxiaokun's Demon Palace, just a supreme treasure, dare to be arrogant."

Some ancestors sneered.

However, his voice did not fall.

Sudden-

"Shimen repression, eternal years."

I heard the supreme Linyuan scream coldly. He waved his hands, and above the sky, numerous portal ghosts appeared. This portal, not knowing where to lead to the void, seemed to connect hundreds of millions of void channels, and the heavy cover was instantly pressed down.

These ancient stone gates were suddenly overwhelmed, and with a bang, they were combined with the Kun Demon Palace, and they blasted down towards the many ancestors below.

Boom!

The strong vigor roared, resounding through the world, like a mountain and a crack, it actually resisted the impact of the breath of many ancestors in a short time, making the many ancestors powerful below all change color.

There was a firm confrontation between the two sides in an instant.

At this moment, Qin Chen squinted at the throne.

Above his head, a token of darkness was floating, and he said coldly: "Throne, this is your answer? Tell me!"

With a sharp shout, like thunder, Qin Chen questioned the throne.

The Throne squinted his eyes, his eyes closed, as if the sun and the moon were rising, staring at Qin Chen as if he wanted to see him through.

Afterwards, he coldly said: "I waited for the high-level orders to follow naturally, but occasionally I have some doubts, which is normal. After all, Shihen Supreme is not there. As a high-level guarding the dark forbidden area, I naturally have the qualifications to review everything."

Qin Chen smiled, "Speaking of which, you really don't respect your orders."

Qin Chen glanced at the many ancestors present and said with a chuckle: "Originally, I still respected you a little bit. After all, you all fell for the sake of my dark clan. I never thought that hundreds of millions of years have passed. I was so faint, relying on the old to sell the old, look. There is no need for you to continue to exist."

"Hahaha, boy, what do you mean? Do you really want to wait for a war with me?" The dark thunder ancestor laughed loudly.

His eyes were full of disdain.

It should be known that the number of masters present there is at least dozens of them, and even in the depths of the dark forbidden ground, there are more ancestors' blood tombs silent.

Although Sikongzhen and Linyuan Supreme are strong, how can they be opponents to so many of them?

He stared at the three Qin Chen coldly, and sneered: "Only the three of you?"

The other ancestors also looked indifferent and slightly mocking.

How can people like them move in the dark forbidden land?

Qin Chen's eyes were cold, and he sneered, "Naturally not relying on us, but relying on the billions of dark people."

The voice fell.

Sikong Zhen and Linyuan Supreme roared together.

"All the Dark Clan people in Heiyu Continent obey orders, the Dark Forbidden Land does not obey orders, does not respect high-level rules, and disobeys the three major forces of mine. Now I have ordered the three major forces, everyone, punish them together!"

Totally punish it!

boom!

Sikongzhen and Linyuan Supreme roared at the sky together.

next moment.

Rumble!

Above the endless sky outside the Dark Ancestral Land, countless powerful people suddenly appeared, and these powerful people came in mighty powers, all of them were the many powerful people of Sagong Holy Land and Linyuan Holy Gate.

On the side of Sagong Holy Land, Sagong Anyun, Elder Luo Wen, Elder Furuhe and others led many masters.

On the side of the Linyuan Sacred Gate, there are Mikong Protector and others, leading many masters.

Not only the masters of these two powers, but also the many ordinary dark forces living in Heiyu Continent, including the Fairy Divine Phoenix, and even the masters of Heavenly Sovereign, Earthly Sovereign, and even Human Sovereign-level, have all arrived.

Hundreds of millions of army, gathered in the dark ancestral land.

boom!

The sky of the dark ancestral land boiled for an instant.

Countless masters gather, what kind of scene is this? The mighty, almost endless.

"Sikong Zhen, Linyuan Supreme, what are you doing?"

Many ancestors present changed their colors: "Are you trying to rebel?"

"rebel?"

Lin Yuan Supreme sneered: "You should be the one who wants to rebel? Violating the high-level orders, now this seat suspects that you have ulterior motives and secretly colluded with the demons. Today, we must eliminate this dark ancestral land."

"Do it!"

Lin Yuan Supreme gave an order.

"kill!"

"Purge the dark ancestral land."

Masters such as Mikong Law Protector yelled and banged together, and many supreme-level powerhouses began to forcefully enter the dark ancestral land.

In this dark ancestral land, there are many blood tombs. For the vast majority of dark race masters, it is a forbidden land, and there is a huge danger to their lives.

But today, under the leadership of the supreme masters of the two major forces, many blood tombs were instantly bombarded, rumbling, and the blood tombs were ruined, and the rolling power was swallowed by the many powerful people present.

Although the Dark Ancestor Land is dangerous, for the Supreme Master, just the periphery is not a big deal. In an instant, countless blood graves exploded, and these blood tombs are countless dark ancestors in this dark forbidden land. Nourishment.

Otherwise, there will be a mere remnant soul, how can they survive to this day.

Seeing countless blood graves being continuously destroyed, the dark thunder ancestors and their faces instantly changed.

[Chapter 4814: Let them continue](#)

"Sikong Zhen, Linyuan Supreme, what are you doing? Don't stop?"

Many ancestors were furious and roared loudly.

The dark ancestral land is the basis of their survival. Once destroyed, they will not be able to continue to survive here.

"stop?"

Lin Yuan Supreme sneered, "Er waits against the rules of the dark clan, what qualifications do I have to wait to stop?"

Linyuan Supreme stood still.

"All right."

At this moment, the throne snorted coldly, took a step forward, coldly staring at the three Qin Chen.

Boom!

When he took this step, the entire darkness of the forbidden area was violent, and it was vaguely visible that in the darkness of the forbidden area, astonishing restraints rose to the sky, blooming with dazzling brilliance.

The supreme coercion of the later stage was suppressed in an instant.

The expressions of Sikong Zhen and Linyuan Supreme changed slightly. Under this breath, the mid-term supreme power in the two of them was suppressed a lot, and their breathing was suffocated.

So strong!

And this power not only surging in this dark forbidden land, but also connected with the entire dark ancestral land outside. Boom, the entire dark ancestral land charged with terrifying supreme aura, and quickly sent Sikong Anyun and others. The Zhen quit.

The expressions of Sikong Anyun and the others changed slightly, staring at the power between the sky and the earth, their expressions were extremely alert.

"Prohibition of the Great Array?"

Qin Chen murmured, frowning slightly.

He could see that the Throne itself cannot control the entire Dark Ancestral Land, but there are countless restrictions in the depths of the Dark Forbidden Land, and through these powerful restrictions, the Throne has a certain degree of control over the dark Ancestral Land outside. Control.

Once these restrictions break out, the supreme-level powerhouses may be fine, but ordinary sages will definitely be difficult to resist and will suffer heavy losses.

Of course, the Throne may not be able to stop everyone.

"Huh, the ban on the big formation, is it strong?"

Qin Chen sneered, what he was most afraid of was that darkness was forbidden.

Just when his figure flickered, he was about to make a move to break these restrictions.

The aura on the throne suddenly converged in an instant, and with a bang, the darkness of the sky disappeared and calm was restored.

"Three, since you are going to enter the depths of the dark forbidden area, then come with me. They are all my dark clan. Why bother to lose?"

When the voice fell, the throne turned directly.

Linyuan Supreme and Sikong Zhen were taken aback, and instantly came to Qin Chen's side, and said in doubt: "My lord..."

Obviously, both sides are arguing, but the throne has directly condensed its breath, which is really weird.

The Ancestor Dark Thunder and the others were also stunned.

"Master Throne, why did you let them in again?"

An ancestor said solemnly.

"Yes, this Linyuan Supreme and the others are so arrogant, I can't take them down if I don't believe it."

The other ancestors also shouted.

Yuzuo coldly glanced at the Qin Chen trio, and said lightly to the many ancestors: "These trio have dark tokens. According to the rules, I really can't stop them from exploring the dark forbidden area. Not to mention continuing to fight. It will only cause loss to our dark clan. The purpose of my stay here is to strengthen my dark clan, not for infighting."

When the voice fell, the royal seat looked at the three Qin Chen coldly: "Don't you want to enter the dark forbidden land? Why, dare not to follow?"

"grown ups."

Linyuan Supreme and Si Kongzhen looked at Qin Chen one after another: "Be careful of fraud."

The depths of this dark forbidden area are obviously under the control of the Throne. If they enter the depths, once they are conspired by the Throne, there will be no way to mobilize external forces at that time.

"Hehe, what are you afraid of, follow."

Qin Chen chuckled lightly and followed up first.

Sikongzhen and Linyuan Supreme looked at each other, and hurriedly followed behind.

The throne sneered.

This kid is really courageous.

In fact, the fear of Linyuan Supreme and theirs is exactly the plan of the throne, and he can also see that if he forcibly obstructs it, violent conflict will surely erupt, and even if he stops Linyuan Supreme and the others, it will also lead to darkness. The ancestral land was devastated, and the gains outweighed the losses.

What's more, Linyuan Supreme and many other members of the Dark Clan are not what they can kill casually. Without them, guarding the Heiyu Continent, their plans against the Demon Clan will most likely be unstable and be attacked by the Demon Clan.

And as long as he enters the depths of the dark forbidden area, that is his territory. Once there, everything will be under his control, and even the life and death of Linyuan Supreme will be under his control.

"Humph."

Ancestor Dark Lei and the others snorted coldly, looked at Linyuan Supreme and the others dissatisfiedly, and followed them one after another.

"My lord, you must be careful when you enter the depths of the forbidden area."

On the way, Linyuan Supreme approached Qin Chen and said vigilantly.

Qin Chen said calmly, "Don't worry, I know it in my heart."

He naturally knew Linyuan Supreme and their worries. Perhaps in the depths of this dark forbidden area, the Throne and the others had laid some dark hands, and the deeper they were, the more dangerous it would be.

However, the purpose of his trip is the Demon Soul Source Device, so it is naturally impossible to give up going deep.

A group of people quickly moved in, and they could see the depths of the dark forbidden area, the terrifying power of the forbidden area was permeating, and powerful dark auras lingered all around. These dark auras were like a cold steel knife, constantly piercing the intruder's body. middle.

Qin Chen flew all the way and looked around. This place was extremely gloomy and terrifying, like purgatory, giving people a sense of horror.

But after reaching the depths, Yuzuo and others ignored Qin Chen and others, instead letting Qin Chen and the others wander around in the forbidden area. They just followed.

"My lord, are you sure that there is that thing here?" After searching around for a while, there was a strong dark aura everywhere, and the perception went deep into it, even unable to perceive it from the depths of ten thousand meters, causing Linyuan Supreme and Sikong Zhen to frown.

The treasure of the Demon Race that the adults said is really here?

Qin Chen ignored it, but felt it with a frown.

The aura in the dark forbidden area is very rich, and it is extremely difficult to perceive the location of the Demon Soul Source Device.

Because here, Qin Chen could not fully release his own perception, otherwise it would be easy to be spotted by the throne. Fortunately, Qin Chen possessed the Ten Thousand Realm Demon Tree, and he was extremely sensitive to the aura of the Demon Realm, and could always perceive a trace of the depths. Devilishness.

After half an hour.

"A few, have you seen enough? This is the resting place for me. There is darkness and death everywhere, but nothing else."

Seeing Qin Chen and the three wandering around here, the royal seat couldn't help but say coldly.

Sikongzhen and Linyuan Supreme turned to look at Qin Chen.

Qin Chen said: "Where is this? Is there something shameful in it, let your Excellency stop me from waiting to see it?"

The ancestor of Dark Thunder shouted angrily: "Boy, what are you talking about?"

The Throne snorted coldly, "Let them continue."

[Chapter 4815: Shocked](#)

Qin Chen sneered and ignored it, just perceiving it carefully.

Along with his deepening, Qin Chen clearly felt that a faint devilish energy was slowly escaping from the depths of this forbidden area.

This devilish energy was extremely pure and contained the real devil's heavenly path, which caused the origin of the demon in Qin Chen's body to tremble a little.

The Demon Soul Source Device is definitely in the depths of this forbidden area.

Whoosh!

Qin Chen went all the way, while Sikongzhen and Linyuan Supreme followed Qin Chen vigilantly, always paying attention to their surroundings.

Seeing Qin Chen and the others all the way inward, an ancestor came to Yuzuo and said in a deep voice, "Master Yuzuo, if you go inside, that place is really exposed."

Yuzuo squinted at Qin Chen, and snorted coldly, "Just let them go. I haven't broken the place after so many years, so what else can they get out of it?!"

Along the way, he has been observing Qin Chen and guessing Qin Chen's identity.

Who is it? Can the two powerhouses, Sikongzhen and Linyuan Supreme, follow?

Could it be the heir of a certain top power in the Dark Continent?

But how can such a character and those forces easily let the opponent come to this Heiyu Continent?

eccentric?

Throne kept guessing.

And just after Qin Chen and the others went deep into it for an unknown amount of time.

suddenly.

Hum!

An invisible breath came from the void in the distance.

"Master, it's the breath of the Demon Soul Source Tool, it's the Demon Soul Source Tool."

In the chaotic world, the Lord of Abyssal Demon felt this power, suddenly raised his head, his expression became extremely excited.

"Master, the Demon Soul Source Device is definitely in front."

He said excitedly.

"Finally found it?"

Qin Chen murmured, and he moved forward slowly.

Ahead, countless dark auras dissipated, and finally, a huge barrier appeared in front of Qin Chen.

Above this barrier, there are countless magic lines lingering, exuding an aura that makes Qin Chen throb.

Danger.

A strong sense of danger haunted Qin Chen's heart.

This enchantment definitely has the possibility of harming Qin Chen.

And at the periphery of this pitch-black enchantment, a series of terrible dark restraints flickered, like chains, enveloping the entire enchantment, and from that enchantment, a terrifying dark aura escaped.

It's darkness prohibition.

This darkness prohibition is constantly consuming the demon energy in the enchantment, but the demon energy in the enchantment is still constantly being repaired, as if it is endless.

Sikong Zhen and Linyuan Supreme looked at the enchantment in front of them, and sucked in air.

In the depths of this dark forbidden area, there is such a treasure as the adult said.

Whoosh!

Qin Chen felt excited and flew towards the barrier instantly.

Suddenly an ancestor shook his body, and went straight to Qin Chen, and said coldly, "Your Excellency, stop!"

"What's the meaning?"

Qin Chen frowned.

"Huh, what do you mean, you want to enter the dark forbidden area, I have already let you in, but this place is very important, but it is the most critical place in the depths of our forbidden area, so it is better not to enter the dark forbidden area."

The ancestor snorted coldly.

"If Shao Ben has to go in!" Qin Chen sneered, hum, killing intent surged out of his body instantly.

The ancestor snorted coldly, "By you?"

boom!

A supreme coercion was suppressed in an instant.

"presumptuous."

Sikong Zhen and Linyuan Supreme approached, and the two of them exuded an astonishing aura at the same time and surrounded them.

Upon seeing this, the pupils of the dark thunder ancestors and others shrank, and they all approached.

The enchantment in front of them is the existence that these dark ancestors have spent hundreds of millions of years trying to crack, how can Qin Chen and the others enter it easily.

For a time, the two sides were at war.

At this time, the throne said solemnly: "Let him pass."

"Master Throne?" The ancestor looked over in disbelief.

"He wants to go, let him go, can he really break in?" Throne sneered: "Young man, the barrier is very dangerous. If you approach rashly, life and death will be unpredictable. Don't blame me for not knowing. remind you."

Many ancestors were startled, and instantly understood the meaning of the throne.

Could not help but laugh.

Yes.

They are too nervous.

This demon enchantment was established by the ancestors of the abyss demon back then. People like them have spent hundreds of millions of years, and they have never completely broken open. With these guys in front of them, how can they enter?

I'm afraid that as soon as he gets close, he will be instantly severely injured by the power above.

"Hahaha, your lord is right, you want to get closer, let's get closer over there."

"I'm afraid you can't stand close."

"Hmph, I'll wait to stop you, this is a kind of good intentions, for your kindness is a donkey liver and lungs."

A famous dark ancestor Qi Qi sneered, and at the same time gave way to a passage.

They all looked at Qin Chen in their spare time, and they all wanted to see Qin Chen and their jokes.

"Can't get close?"

Qin Chen looked indifferent, did not say much, just shook his figure and quickly swept towards the barrier.

boom!

As Qin Chen continued to approach, the demon aura exuding from the barrier became stronger and stronger. A terrifying demon aura impacted on Qin Chen, causing the blood in Qin Chen's body to continue to surge. move.

Aside, Sikong Zhen and Linyuan Supreme also changed their colors, their complexions turned pale, and they were somewhat difficult to support under this force.

This is the barrier set up by the ancestor of the abyss, who is the ancestor of the abyss? Although it's not a good thing, it's supernatural, and there is absolutely nothing to say in terms of strength.

Could it be that Sikong Zhen and Linyuan Supreme could resist it?

Seeing Si Kongzhen's look and staggering figure, the ridicule outlined by the corners of their mouths was even greater, as if they were looking at three clowns.

"My lord, this enchantment aura is too terrifying, if you approach it rashly, I'm afraid..."

After a short while, the three of them came to the front of the barrier, and Sikong zhenlian changed his color.

They felt a breath that was enough to suffocate them to suppress it, and breathing became difficult.

"It's okay."

Qin Chen squinted his eyes and looked at the enchantment in front of him. From that enchantment, Qin Chen felt a strong aura of the demon world, and at the same time he felt a familiar feeling.

This made Qin Chen wonder, could it be because of the Devil Tree of the Ten Thousand Realms, or how could there be such a familiar feeling?

His voice fell, and his palm had already touched the barrier.

boom!

The enchantment broke out in an instant, and a terrifying aura rushed in, pushing Sikong Zhen and Linyuan Supreme to stagger back, vomiting blood in their mouths, and their colors changed.

It was just a breath, and the two of them were injured.

"Hahaha."

On the side, many dark ancestors laughed.

Do these two idiots really think that the barrier is so close?

However, before their laughter fell, the atmosphere on the court suddenly became weird. The laughter gradually solidified, and everyone's eyes looked forward dull.

Everyone was shocked.

[Chapter 4816: Demon Enchantment](#)

I saw that Qin Chen, who was holding his hand above the barrier of the barrier, was not shaken by this shock. He was surrounded by black halos, which seemed to be immune to the impact of this devilish energy. , So that he resisted this demonic impulse

There was no injury.

At this moment, Qin Chen pressed his right hand on the enchantment in front of him, and the power of the enchantment crazily dissipated and circulated, bursting out with a palpitating breath.

Boom boom boom!

Layers of enchantment power surged, but Qin Chen remained motionless like a reef in the waves.

There is a layer of dark and strange film power flowing around him, like black black rays of light running around, resisting the invasion of this devilish enchantment.

In the distance, the dark thunder ancestors and others who saw this scene with their own eyes were all throbbing and shocked.

They can't understand how terrible this demon barrier is. Over the past hundreds of millions of years, they have exhausted their efforts to break through this demon barrier, and they have only gained a certain degree of immunity and understanding of the demon enchantment. That's it.

But he would still be injured by the shock of this devilish energy.

But where is the boy in front of you? How can they not be surprised by such a scene?

"This is... the power of the demons?"

In the distance, the Throne thoughtfully said: "This is the power of the Demon Race. This person has amazing control over the Demon Race Heavenly Way of this universe, and can offset the impact of the demon energy on the Demon Race barrier. But what is it? Did it?"

They have also been comprehending the demon gods of this universe.

Even Shihen Supreme, Linyuan Supreme, Sikong Zhen and others have a certain origin of the devil in their bodies.

However, these origins are after all external powers, cultivated the day after tomorrow, and may be able to deceive the heavens of this universe, but they can't play a lot of role in front of the demon knots refined by the ancestors of the deep demon.

The methods of the ancestors of the deep demons can almost reach the sky.

But the boy in front of him did it.

"This person, is it that he has already realized the demon's heavenly way from the beginning of the fight?"

Some ancestors frowned and saw the clues.

If it wasn't for the incomparably pure dark origin in Qin Chen, they would even think that Qin Chen was a member of the Demon Race in this universe.

Before the devilish enchantment, Qin Chen's right hand was on the enchantment.

Boom boom boom!

A torrent of forces impacted.

At the center of Qin Chen's eyebrows, the eye of creation opened.

boom!

In an instant, a magnificent restriction appeared in front of Qin Chen's eyes. This restriction was extremely complicated, and it seemed to have a dazzling feeling.

"go."

Qin Chen's heart moved, and waves of demonic energy shot out, trying to break this restriction, but this restriction was very complicated, even with Qin Chen's accomplishments in restriction, he couldn't discern the idea of this restriction in a short time.

In the distance, when the throne and others saw this scene, their eyes flashed.

"Master Throne, what is this kid doing? Isn't it just trying to break the restrictions in front of you?"

The ancestor said in doubt.

"This prohibition, I haven't broken it after so many years, how can this kid break it?"

"Huh, self-righteous."

A famous ancestor sneered with disdain.

Throne squinted: "Let him try, there will be no loss anyway."

"Just him?"

The others sneered, obviously not believing that Qin Chen could break the restriction, but since Lord Throne said that, they would naturally not stop it.

This is a ban they have spent hundreds of millions of years without breaking. Does this kid think he can break it casually?

Before the prohibition of enchantment. Qin Chen moved the eye of creation, constantly stimulating the devilish energy, booming and booming, the power of this devilish energy madly impacted on the barrier in front of him, trying to find the flaws in this barrier, but let Qin Chen leave it alone. How to search, this enchantment is always over

Beauty, almost no flaws can be found.

Qin Chen immediately spread his voice to the Chaos World, "Hong Huang Ancestral Dragon, Blood River Saint Ancestor, can you see any clues?"

Honghuang Ancestral Dragon said in a deep voice: "Qin Chen, this barrier is extremely powerful, it should be the peak of the Supreme-level barrier, even if I want to break through in the heyday, it will not be easy, it will take some time."

Holy Ancestor Blood River nodded: "This enchantment should incorporate part of the origins of the ancestor of the Abyss Demon. If you want to break it open, it is absolutely impossible to use external force."

Qin Chen couldn't help frowning.

This is troublesome. At this time, the Lord of Yuanmo hurriedly said: "Master, this is the special origin restriction set by the ancestor. If you want to break it, there is only one way other than using external force, and that is to use the true origin power of the Yuanmo clan. , To grow this enchantment, to grow

In the process, secretly invade this enchantment again, looking for a breakthrough. "

"Strengthen the enchantment?" "Yes, these enchantments are self-growth enchantments. Once they come into contact with the purest origin of the abyssal demon, they can automatically grow this enchantment, and even this enchantment does not absorb the devil's heavenly path in the void all the time. The power of the source, and in the process of growing

, The core of the enchantment will naturally appear in front of you, the master. At that time, you only need to use the power of the magic tree of the world to leave a mark in it, and you can completely figure out the structure of the enchantment and crack it. "

The Lord of Abyss Demon explained in detail.

Qin Chen's eyes brightened instantly.

this...

Maybe it is a way.

"In that case, you urged the Yuan Mo Yuan Yuan to help me break this prohibition."

Hum!

Qin Chen's right hand touched it directly, and at the same time, he quietly moved the Ten Thousand Worlds Demon Tree. In the chaotic world, the pure Yuan Demon origin of the Lord of the Yuan Demon, along Qin Chen's arm, instantly entered the forbidden enchantment in front of him. Among.

When this pure Abyssal Demon Origin came into contact with the Demon Qi barrier in front of him, with a bang, the barrier quickly absorbed the origin power that Qin Chen had instilled.

Qin Chen immediately integrated the power of the Devil Tree of Ten Thousand Worlds into this stock source.

Hum!

Qin Chen felt the power of the Ten Thousand Realms Demon Tree accompanied by this deep demon origin, quickly entered the demon qi barrier, and merged with this demon qi barrier.

Immediately, all the forbidden structures of this devilish enchantment instantly appeared in Qin Chen's mind.

found it!

Excitement suddenly appeared in Qin Chen's pupils.

When the power of the Demon Tree of the Ten Thousand Worlds and this Demon Qi Enchantment were completely integrated.

"break!"

Qin Chen spurred the power of the Demon Tree of Ten Thousand Realms abruptly.

Rumble!

The entire devilish enchantment shook suddenly, and the brilliant rays of light rushed to the sky in an instant.

Numerous tedious runes and demon energy burst out from above the demon energy barrier in an instant.

"That is..."

In the distance, the throne and others suddenly opened their eyes, revealing an unbelievable look of shock.

Boom boom boom!

Between the heaven and the earth, a series of terrifying magic energy beams soared into the sky, and the entire dark forbidden land was rumbled. The Throne and the others were completely dumbfounded, the Ancestor Dark Lei and others were trembling in disbelief.

[Chapter 4817: problem occurs](#)

The ancestors of Dark Thunder showed a look of horror: "This is..."

The demon qi barrier in front of him was surging, everything was changing, as if to tear the world apart, this demon qi barrier was slowly torn open by Qin Chen.

Boom boom boom!

From the gap, a wave of devilish energy surged towards Qin Chen frantically, and a wave of power within it quickly entangled Qin Chen, as if it were about to swallow it completely.

This devilish energy was extremely powerful, once it escaped, it seemed to corrode the world.

boom!

At the same time, the gap opened by Qin Chen was slowly closed under the nourishment of this devilish energy.

The throne showed a shocked expression: "This kid, actually broke the devilish barrier, how is it possible?"

"Damn, what are you guys doing in a daze? Are you ready to stop this devilish energy?" Qin Chen couldn't help frowning and shouting when seeing everyone who had been sluggish. At the same time, Qin Chen kept squeezing his hands together, The simple and complex magic talisman suddenly poured into the magic barrier, turning into chains to stop the magic

The closing of the Qi barrier.

Seeing this, Sikong Zhen and Linyuan Supreme hurried forward, Linyuan Stone Gate and Kun Demon Palace quickly flew out, the two supreme treasures, instantly turned into shadows, and violently blocked the demon energy barrier.

Rumbling.

A wave of demonic energy slammed on the Kun Demon Palace and the Linyuan Stone Gate, causing Sikong Zhen and Linyuan Supreme to retreat again and again, and blood overflowed from the corners of their mouths. Qin Chen turned his head, looked at the throne, and said coldly: "Throne, you guys don't make any moves yet? Do you want to watch this demon qi barrier close? You people have been trying to open this devil qi barrier for many years. , There should be many layouts, right? This

Waiting for the opportunity, what are you still hesitating? "

The throne's pupils shrank, and he said in a deep voice: "Do it!" When the voice fell, he took the lead and saw that above the sky of this dark forbidden ground, black chains appeared suddenly, booming, chain after chain. Burning dark flames, bursting out of the dark forbidden ground, instantly and

The terrible restrictions on the devilish enchantment were entwined.

"Master Throne?!"

Ancestor Dark Thunder said in astonishment.

"What are you doing in a daze? Still not doing it?"

Yuzuohan said: "Can you not see such a good opportunity?"

He was shocked and looked at Qin Chen.

For hundreds of millions of years, these people have stayed here just to open this demon energy barrier, but they have not been able to succeed, but now, Qin Chen did it all at once, so they were not shocked.

He was shocked, but he knew very well that he couldn't miss such an opportunity.

This is his once-in-a-lifetime opportunity.

So, in an instant, he displayed the strongest restraint he had laid down here for hundreds of millions of years.

Boom boom boom!

A series of terrible darkness bans descended in an instant to stop the devilish enchantment.

The dark thunder ancestor and the others were also awake at this moment, knew the crux of the matter, and hurriedly took action one by one.

In an instant, the chain of darkness penetrated through the sky, turning into a dense net of heaven and earth, constantly blocking the closure of the devilish enchantment.

"good chance."

"Broken!" Qin Chen's eye pupils bloomed with a divine rainbow, and the eye of creation suddenly moved at the center of his eyebrows, hum, all the scenes in front of him appeared in his mind, including the structure of the devilish enchantment. , And many dark prohibitions and chains, all one

All are under his complete control.

"Go!" Qin Chen screamed, the source of darkness in his body suddenly burst out, and it rushed straight into the dark chains. On these dark chains, a dazzling rune glow broke out in an instant. Amidst the harsh roar, the magic The qi barrier opened up a little bit

.

Click, click, click.

It can be seen that the entrance of the demon qi barrier is completely opened, and a dark whirlpool appears in front of everyone, leading directly to the depths of the demon qi barrier.

The entrance to the barrier was finally completely opened.

And at the moment when the entrance to the barrier opens...

The land of the abyss.

The patriarch of the Abyssal Demon Clan, Supreme Eclipse, is leading many masters, constantly searching everywhere in the abyss.

A master of the demon race gathered here, each of whom was the supreme powerhouse, it was the many supreme masters of the upper demon race who followed the orders of the supreme demon clan to come here.

"Look, look for me inch by inch. This clan leader doesn't believe it. If these guys can fly, you must find out the clan leader."

Supreme Lu Yuan's eyes were cold, and he sternly said to these demons masters.

He was ordered by his ancestors to search for the righteous army that undermined the Chaos God Demon Sea plan, but he did not expect that no one would catch it. Instead, he lost the Flame Demon Supreme and others one after another. How could this make Lu Yuan Supreme not angry?

Once he waited for the ancestor to return, he would definitely be unable to escape punishment.

boom!

The terrifying top-level supreme aura, frantically, searching everywhere in this abyss.

But suddenly.

Hum!

The Demon Race's Heavenly Dao shook slightly, and an invisible force dissipated through the entire Demon Realm, and was instantly sensed by Erosion Abyss Supreme.

"This is..."

The Supreme Eclipse's expression changed, and he looked at the distant sky in amazement, where the wave came from, and it was also the territory of their Abyssal Demon Race.

"Infinite Demon Prison!" The Supreme Eclipse lowered his head, and a black spar suddenly appeared in his hand. On top of this black restriction, there were complicated patterns, which were constantly bright and flickering, and you could see the inside of the black spar. Movement, the spar actually started to appear

There were cracks.

"It was the barrier set by the ancestor in the Infinite Demon Prison. It was destroyed by someone. It is impossible. Who can actually destroy the barrier set by the ancestor? This is absolutely impossible!"

Eclipse Yuan Supreme looked terrified.

The black magic crystal in his hand is exactly a piece of magic crystal along with the enchantment of the ancestor of the Infinite Demon Prison. As long as something happened in the Infinite Demon Prison, he will immediately notice it.

"Could it be that the Dark Clan people broke the ancestor's barriers? How could it be? The ancestors said that no matter how long it took the Dark Clan people in Heiyu Continent, it was impossible to break his restrictions."

Supreme Eclipse's voice was trembling.

Things are in trouble.

As the patriarch of the Deep Demon Clan, he naturally knows the layout of the ancestors. In order to win the trust of the Dark Clan, the ancestors specially transformed the Infernal Demon Prison into the Heiyu Continent where the Dark Clan people can survive. The core of the transformation of the Heiyu Continent is Demon soul source device.

With the Demon Soul Source Tool, they will never have to worry that the Dark Race people will turn against the guest.

But now, the barrier of the Guardian Demon Soul Source Device in the Infinite Demon Prison was broken open, which made the Supreme Eclipse not shocked and angry.

"Master Eclipse, I haven't found the trace of those guys you mentioned." At this moment, a supreme of the sea demon came and said respectfully in front of Eclipse.

[Chapter 4818: Something really big](#)

"What are you looking for? Something happened, it's over, this time something really happened."

Zhi Yuan Zhizun's face turned blue, and his body trembled.

The next moment, he banged, stepped into the void, and instantly burned the origin.

The billowing origin burned, and the body of Supreme Eclipse Yuan suddenly disappeared between the heavens and the earth, leaving only an afterimage, slowly dissipating.

He wants to rush to the Abyss Demon Ancestor Land as quickly as possible. If it's too late, it's over.

In the void, the master of the Demon Race looked at the departed Supreme Lu Yuan with a dull expression, completely unaware of what happened.

Just a hint of inexplicable anxiety emerged in my heart.

The Supreme Eclipse is the patriarch of the Abyss Demon Clan, the top figure under the Demon Demon Clan Chuan Demon ancestor of the entire Demon Realm, just now showed such a shocked expression, what happened? Could it be that Human Race attacked the Demon World?

But when Supreme Eclipse sensed something was wrong, he hurried back to the ancestral land of the Abyss Demon the first time.

Outside the Infinite Demon Prison.

Whoosh whoosh!

Several supreme powerhouses with terrifying aura on their bodies also quickly appeared outside the Infinite Demon Prison, one by one looked at the Infinite Demon Prison not far away in amazement.

At this moment, in the sky above the Infinite Demon Prison, the billowing demon aura and the dark aura are constantly colliding, as if the two big worlds are violently impacting.

"Elder Ancient Demon, how could there be such a change in the Infinite Demon Prison? Couldn't it be the Heavenly Abyss Supreme and the Necromancer Supreme that we put in that had something wrong with it?"

Elder Moxin's eyes fluctuated and his expression was nervous.

It was the ancient demon elders of the Yuanmo clan punishment hall and other people.

Since the Lord of Abyss Demon and Qin Chen entered the Infinite Demon Prison, these days, the elders of the ancient demon and others have been worried, and now they feel the movement in the Infinite Demon Prison, their hearts are extremely frightened.

It's a big mess!

Although I don't know what Qin Chen and the Lord of Yuanmo have done inside, but the movement alone makes people know that the noise inside is definitely not small.

These guys will not destroy the core place of the dark race in the Infinite Demon Prison, will they?

How else could there be such a big noise?

perturbed!

disturbed!

Various emotions are constantly surging in their hearts, but they have no choice but to watch.

The Infernal Demon Prison is the territory of the Dark Clan. Once they enter it, they will not only endure the erosion of Infernal Power, but also be suppressed by the Dark Force. If the Dark Clan has any evil intentions, they will inevitably get into trouble.

wait!

Only wait for now!

at this time.

The endless void above the battlefield of ten thousand races.

The guardian palace of the human race and demons is suspended.

Above the palace, the runes against the sky flashed out with a shocking breath and roar.

"Hahaha, Yuanmo ancestor, come out and play."

Above the endless sky, the void is deep, and countless meteorites are suspended, withered and desolate.

Here is the dark void above the battlefield of ten thousand races, which has gone through many battles and has long been rotten.

At this moment, a figure rose into the sky from the palace guarded by the human race, and said with a big laugh.

When he speaks the law, every word falls, and time and space are violently turbulent, as if they are about to collapse.

It is Xiaoyao Supreme. He looked indifferently at the demon guarding palace below, sketching a mocking smile at the corner of his mouth, raising his palm, and he heard a thud. A huge palm appeared out of the void, and the golden iron light flashed on the palm, and it was shot. Downward Demon

Clan palace.

Just at the moment when the palm of the hand is about to shoot the Demon Palace.

"Xiaoyao Supreme, are you here again?!"

An angry shout rang through the world, and from the guardian palace of the demon race, a huge fist that seemed to be able to explode the world and the earth blasted out, colliding with the earth-shaking giant palm.

With a bang, the void vibrated, and the entire ten thousand race battlefield was shaken violently under this wave, as if an earthquake.

On the battlefield of ten thousand races, the strong of ten thousand races looked terrified and hid in their respective camps.

How many days have it been?

Are these two ancestors fighting again?

"Xiaoyao Supreme, have you had enough trouble."

A figure soared into the sky from the Demon Palace, shouting angrily with cold eyes.

He stepped out one step, and all the light around him was swallowed by him, like a black hole. No matter in this universe could escape the gravitational breath of this person.

It is the ancestor of the deep demon.

Xiaoyao Supreme laughed and said, "Enough trouble? Ancestor of Yuanmo, how can this be called trouble? You and I guard this place, and you are boring when you are idle. How about a discussion?"

The ancestor of the Yuanmog looked gloomy: "Xiaoyao Supreme, what the **** are you doing?"

His gaze was ferocious. At the beginning, he received the news that Xiaoyao Supreme had killed Blood Moon Supreme on the battlefield of ten thousand races, and he rushed over as soon as possible.

But who knows, after arriving at the battlefield of ten thousand races, the human army led by Xiaoyao Supreme did not act on the battlefield of ten thousand races, but seemed to be waiting for him to come over.

The furious ancestor of the Abyssal Demon immediately fought against Xiaoyao Supreme, but no one could do anything about it.

The ancestor of the deep demon could only retreat back to the Supreme Palace of the Demon Race.

Before he came, the Demon God Mohai was in turmoil. He wanted to find out where the murderer was, but because Xiaoyao Supreme was sitting here, he couldn't leave. Who knows how much Human Race will do once he leaves. What's coming?

Therefore, he can only stay here and feel aggrieved in his heart.

"Xiaoyao Supreme, what on earth do you want to do? Talk to your ancestors for three days and two, you should be to keep me here, is the chaos of my demon world related to you?"

The ancestor of Yuanmo looked at Xiaoyao and said coldly.

The ancestor of Yuanmo is not an idiot, he had this guess a few days before he was trapped by Xiaoyao Supreme.

It is true that the timing of Xiaoyao Supreme's shot was too precise. There was a turmoil in the Demon Sea of Chaos God in his Demon Realm. When he was searching for the truth, he was forced to leave the Demon Realm. Combined with Xiaoyao Supreme's actions these days, it was difficult for him not to doubt it. .

"What chaotic God and Demon Sea is turbulent, ancestor Yuanmo, don't pour all **** basins on this supreme." Xiaoyao supreme sneered: "Don't talk so much nonsense, come to fight, you won't be afraid, are you? ?"

boom!

Xiaoyao Supreme shot, the billowing martial soul soared into the sky, he blasted out with a punch, the void collapsed, and instantly covered the body of the ancestor of the abyss.

"Will my ancestor be afraid of you?"

The ancestor of the deep demon became angry and killed him instantly.

Boom!

The terrible impact swept out in an instant, bursting out with an earth-shattering roar.

Boom boom boom!

Seeing the astonishing auras colliding with each other, the entire universe was about to collapse, and the universe's heavenly paths were rumbling and roaring. As for the ten thousand clan powerhouses on the ten thousand clan battlefield, they were trembling even more.

too frightening. Since Xiaoyao Supreme and Abyssal Demon ancestors came to the battlefield of the ten thousand races, the ten thousand races battlefield that would have been fighting every day seems to have fallen into a period of silence.

Afraid of being affected.

Above the sky, the two had a great battle, the sun and the moon were dark, and no one could do anything about it.

"Hahaha, come here today." Xiaoyao Supreme slammed his fist and left the battlefield. With a laugh, he instantly returned to the Supreme Palace of his own human race and went directly to rest.

[Chapter 4819: What exactly is it](#)

"This hateful fellow, Xiaoyao Supreme, one day, my ancestor will thwart you."

The ancestor of the deep demon roared and roared to the sky, and the rolling void was bombarded with shocking fluctuations. The emptiness around the ancestor of the deep demon collapsed in an instant, unable to withstand his power.

The half-step detachment force, even the void of this universe, can't bear this force.

And while the ancestor of the deep demon was furious and released half a step of detachment.

Above the sky between the heavens and the earth, there was a thundering, and a series of terrible thunder lights formed, and the thunder lights turned into the origin thunder dragon, and blasted down towards the ancestor of the deep demon fiercely.

It's the robbery of heaven and earth.

This is the power of the origin of this universe that has sensed the half-step detachment power of the ancestor of the deep demon, and directly punishes him.

The detached and the strong, the heavenly forsaken.

The origin of the universe can't accommodate him, he must be punished.

"Huh, the origin of the universe, how can you get the ancestor? Hundreds of millions of years, the ancestor will one day achieve transcendence, then, will be transcended this universe, how can you do anything to me!"

The ancestor of the deep demon roared, banged, and punched to the sky.

Cang Dang!

The origin of the thunder calamity formed in the earth that day was destroyed by a fist and disappeared in smoke.

"Humph."

With a cold snort, the ancestor of the deep demon went straight back to his demon palace, leaving a domineering and extraordinary figure in the hearts of countless powerhouses on the battlefield of ten thousand races.

The Supreme Palace of Human Race. Shengong Supreme came to Xiaoyao Supreme, and said with a smile: "Xiaoyao Supreme, it seems that the ancestor of the Abyssal Demon is really anxious. After being harassed by you for so many days, I am a little upset, I am afraid I will go back. After that, you would vomit blood out of anger, right?"

"

"Hahaha."

Aside, the other strong human races also laughed.

Xiaoyao Zhizun glanced at Shen Gong Zhizun, "Do you really think that the ancestor of the Abyss Demon is anxious?"

The supreme divine work was startled.

What's the meaning? Xiaoyao Zhizun's eyes were deep, "Divine work, never underestimate your opponent, who is the ancestor of the Abyss Demon Clan, the leader of the Demon Clan Alliance, the top character in this universe, etc. Character, you think he is like a

People without brains? "

He froze for a moment: "My lord, you mean... he is pretending?" Xiaoyao supreme smiled: "Of course, I played against him and didn't exert all his strength. He didn't even exert all his strength against me, because we We all know that for the time being, no one can do anything about it. If we lose both, the cheapest will only be the dark one.

Family. "

"The Dark Clan?" Shengong Supreme frowned: "But the ancestor of the Abyssal Demon has already cooperated with the Dark Clan?" Xiaoyao Supreme chuckled: "Cooperation does not mean intimacy. How can such characters as the ancestor of the Abyss? Pinning his hopes on the dark clan, he must have other means to check and balance the dark clan, the so-called cooperation is nothing more than using each other.

"

Shengong Zhizun was taken aback: "So, has the ancestor of Yuanmo already guessed our purpose? Isn't Qin Chen dangerous?" Xiaoyao Zhizun's eyes narrowed: "Is it already guessed? It's hard to tell, but He never feels it at all. Qin Chen has already penetrated into the Demon Realm. I have no news of him for the time being. The only thing he can do is to hold down the ancestor of the Abyss Demon. As for

The rest is up to him. "Xiaoyao Supreme murmured: "But fortunately, this ancestor of the Abyssal Demon hasn't moved yet. From this point of view, there must be nothing particularly important in the Demon Realm. In other words, Qin Chen should still be safe, otherwise the Abyssal Demon The temper of the ancestors,

Will not be so calm. "

Xiaoyao supreme has his hands on his back, his eyes are deep, and he firmly locks in the Mozu Supreme Hall.

now.

The Supreme Palace of the Demon Race.

"Whoo!"

The ancestor of the deep demon instantly descended into the Supreme Hall with a terrifying aura. Just as Xiaoyao Supreme guessed, when the ancestor of Yuanmo returned to the Supreme Hall, his original

angry expression became calm in an instant, and his expression of lofty height was restored. All the anger vanished in an instant.

He was completely restrained.

"Ancestor."

A strong demon came forward and saluted respectfully.

"How is the Ten Thousand Race Battlefield?"

The ancestor of the deep demon nodded, sat on the throne of the Supreme Hall of the Demon Race, and asked in a deep voice, "Is there any change in it?" The Alliance's army hasn't changed much recently, and they have all stayed in their respective camps. Except for the ancestors, you have attacked and killed many of the Demon Alliance camps before you came.

Besides, so far, nothing has happened. "

"Where are the boundaries of the various races in the Human Race Alliance?" The ancestor of the Yuanmo asked again.

A strong man hurriedly knelt down on one knee and respectfully said: "Back to the ancestors, where the various races of the Human Race Alliance are located, there is still no movement, no abnormalities can be seen."

"Oh?" The ancestor of Yuanmo snorted coldly, squinting his eyes, "What the **** is this Xiaoyao Supreme doing? It makes such a big noise, but the thunder is loud and the rain is small? What kind of medicine is sold in the gourd? He costs. So much energy to attract this ancestor from the land of the abyss demon ancestor

, Is it just a joke? "

The ancestor of Yuanmo had deep eyes, and his eyes flickered.

Suddenly, he seemed to have thought of something, his heart sank, and he muttered: "Could it be that the abnormal movement in the sea of chaotic gods and monsters in my Demon Realm was really related to this Xiaoyao Supreme?"

The ancestor of Yuanmo stood up suddenly, his eyes became serious in an instant.

If this is the case, then the problem is big. "My demon world, the copper wall and the iron wall, the masters of the Human Alliance cannot break in at all. Once in, they will inevitably be sensed by the ancestors. What's more, the situation in the sea of chaos, gods and demons is almost unknown except for me. Even if you need a needle

For me, how could it happen to enter the Chaos God Demon Sea so coincidentally? "

The ancestor of Yuanmo was pacing back and forth, his mind surged.

With his strength, wouldn't he be able to see the weirdness of sudden changes on the battlefield of ten thousand races?

Xiaoyao Supreme attracted him to come, there must be some reason, it can never be a meaningless disturbance.

"What exactly is it?"

Just when the ancestor of the Abyssal Demon was suspicious, suddenly, he seemed to sense something, and his face changed slightly.

At the next moment, a simple treasure suddenly appeared in his hand. This treasure was pitch-black, like an armillary sphere, and contained Zhou Tianxing, like a wonderful world, constantly circulating in it.

Moreover, at the core of this treasure, there is actually a strong source of darkness.

And at this moment, above the dark source in the middle of this treasure, strange runes suddenly appeared, and the whole treasure trembling violently.

"Boom!" A terrifying aura rushed out from the ancestor of the deep demon, spitting blood out of the many powerful demons present.

[Chapter 4820: Confused](#)

"what?"

The ancestor of the Yuanmo looked furious and paled with shock.

At this moment, the ancestor of the deep demon lost his attitude, and his whole body broke out with shocking weather.

Many powerful men climbed up one after another, looking at the ancestor of the deep demon with horror, and said in horror: "Old ancestor, what's the matter?" The ancestor of the deep demon didn't pay any attention to them at all, but stared at the treasure in his hand in anger and said in a cold voice. "The Infernal Demon Prison, it's the Infernal Demon Prison that something happened. Someone broke the barrier of the ancestor in the Infinite Demon Prison? Who is it? Is this the Xiaoyao Supreme the goal of? "

"Damn it."

The voice of the ancestor of the Yuanmo fell, with a rumbling, and the whole person rose up into the sky suddenly.

"You guys, stay here, you must not fight against that Xiaoyao Supreme, you only need to guard this place."

The rumbling roar sounded, and the ancestors of the deep demon directly tore the void and rushed towards the demon world.

Anxious.

The Supreme Palace of Human Race.

Xiaoyao Zhizun felt the changes in the Mozu Supreme Hall, and his pupils suddenly shrank.

"You stay here." He left a word to Shen Gong Zhizun and the others, his figure shook suddenly, and he disappeared into the void.

Boom!

next moment.

The void on the battlefield of Ten Thousand Races exploded directly, and two figures collided out of it.

It is the ancestor of Xiaoyao Supreme and Yuanmo.

"The ancestor of the deep demon, where are you going? Why don't you say a lot of greetings?"

Xiaoyao Supreme chuckled.

"Xiaoyao Supreme, get out of here."

The ancestor of the Abyssal Demon roared, he slapped it with one palm, and slapped out a huge palm with the size of a million feet instantly. The edge of the palm burned with billowing devil energy, and the void burst directly as he passed by. Can't help this power.

"The ancestor of the deep demon, are you really moving?"

Xiaoyao Zhizun frowned, and raised his hand with a punch.

With this punch, a terrifying force suddenly swept from his fist like a torrent.

In an instant, the entire time and space around him boiled and twisted.

With a punch, the sky fell apart and the earth cracked.

boom!

A palm print burst, and the two attacks continued to collide and annihilate each other. It seemed that a big bang was born in the universe, just like the rebirth of an era.

Bang bang.

Under the breath of Xiaoyao Supreme and Yuanmo Old Ancestor, they backed two steps together, and as soon as they stopped, Yuanmo Old Ancestor had already blasted towards Xiaoyao Supreme, as fast as lightning.

boom!

With this punch, the void burned directly, and a force above this piece of heaven and earth instantly dissipated, causing the entire universe to roar violently.

"The power of detachment? Ancient Demon Ancestor, are you desperate?"

Xiaoyao Supreme frowned.

Something's wrong.

They had just fought each other before, and under normal circumstances, the ancestor of the Yuanmo would not take the initiative to take the initiative, let alone display the power of detachment.

Because, in their realm, although they are not afraid of the oppression of the origin of the universe, they also do not think about fighting against the origin of the universe. But now, the ancestors of the Yuanmos have directly displayed the power of detachment, and it is obvious that the other party is going to come out. Full of effort.

Cang Dang.

As soon as the power of detachment from the ancestor of the Yuanmo was displayed, the origin of the sky and the earth condensed in an instant, and Tiangong was furious, and a terrifying coercion was instantly suppressed on the ancestor of the Yuanmo, and the space instantly solidified.

It is the space-time suppression of the origin of the universe!

"roll."

The ancestor of the deep demon roared and heard a click. Under his punch, the solidified time and space around him shattered directly, and the power of the fist was like a mighty torrent, and he came to Qin Chen in an instant.

"The ancestor of the deep demon, do you really think I'm afraid of you?"

There was a cold and stern flash in Xiaoyao Supreme's eyes, and his body was filled with a strong martial arts power, which contained the depth of the earth, which was the original power of his earth martial arts.

In an instant, Xiaoyao Supreme was as majestic as a Pangu continent, unmatched, and blasted out with one punch.

Boom.

The power of detachment broke out in an instant.

At the moment when Xiaoyao Supreme exerted the power of detachment, banging bang, above the sky, the billowing dark clouds of the origin condensed, and terrible tribulations blasted down, continuously smashing Xiaoyao Supreme.

The origin of the heaven and the earth, regardless of each other, as long as the strong man controls the power of detachment, he will be suppressed by the heaven and the earth.

The two detached forces collided like a meteorite in an instant.

Boom!

With this blow, a terrifying force swept across like a volcanic eruption!

Boom!

The force of the rolling impact swept out, and the entire battlefield of ten thousand races roared violently. On the battlefield of ten thousand races, countless ancient sacred mountains burst directly under this force, and even the large formation could not withstand the impact, as if the end is coming. .

"Hold it!"

Over the battlefield, the masters of the Supreme Hall of the Human Race and the Supreme Hall of the Demon Race screamed together, urging the large array to resist this terrible impact. The two supreme palaces roared, and there were even cracks on them.

"Desperately." Shengong Supreme's pupils shrank. Except for the first day the Yuanmo ancestor came to the battlefield of Ten Thousand Races, he had a battle with Xiaoyao Supreme. This was the first time the two had fought so fiercely. , Even the half-step detachment power is displayed, very

Obviously, both sides are beginning to exert their strength.

"Something happened, it was definitely something wrong with the Demon Realm, could it be Qin Chen?"

Shen Gong Zhizun's heart was pounding, his eyes vibrated, what happened to Qin Chen?

In the vast void, Shengong Supreme and Xiaoyao Supreme constantly shot, boom and boom, both of them were half-step beyond the realm, and for a while, no one could do anything.

"The ancestor of the deep demon, why is it so angry?"

While fighting, Xiaoyao Supreme chuckled. The ancestor of the deep demon became angry: "Xiaoyao is supreme, I can't think of your dignified human race. It is so despicable. While attracting the attention of this ancestor, while secretly destroying the Infinite Demon Prison of my Demon Realm, you know that once the Infinite Demon Prison is broken, it will be dark. A family

The whole clan will surely attack, you are damaging the entire universe, do you know? "

The ancestor of the deep demon roared. "The Infernal Demon Prison?" Xiaoyao Supreme asked doubtfully: "What are you talking about, this seat will send someone to destroy the Infernal Demon Prison? You think too much, the devil world is heavily guarded, and the strong are like clouds. Even this seat does not dare to rashly I'm afraid you made a mistake when you broke into the demon world.

? "

Xiaoyao Supreme was confused.

I was surprised.

Infinite Hell?

He has fought with the demons for so many years, and he naturally knows a lot of information about the demons. The Infinite Demon Prison was the place where the sacred objects of the demons grew up, and it is also one of the most terrifying forbidden places for the demons.

Rumor has it that when the Dark Clan invaded, it was placed in this Infinite Demon Prison by the ancestor of the Abyss Demon, but just now, the ancestor of the Abyss actually said that someone was destroying the Infinite Demon Hell?

Could it be Qin Chen? Xiaoyao Supreme's heart was shaken, and Qin Chen's strength was naturally clear to him, but he was not strong enough to forcibly break into the Infinite Demon Prison of the Demon Realm and destroy the Infinite Demon Prison, right?
