[Chapter 4821: Enter the enchantment](#)

"Wrong?"

The ancestor of the deep demon shouted angrily: "Who else is there besides you?"

Having said that, doubts emerged in his heart. Isn't it true that Xiaoyao Supreme?

After all, when he was in Chaos God Demon Sea, he didn't capture the breath of human race at all.

Could it be that the Dark Clan cracked the devilish barrier?

Thinking of this, the ancestor of Yuanmo felt cold.

"Xiaoyao, I don't care if it's you, and dare to stop me, then I won't blame my ancestor for being impolite."

The ancestor of the deep demon roared and boomed, and the power of the billowing dark origin swept out of his body.

Rumble!

In the cosmic sky, countless dark thunder lights emerged, and the supreme rules emerged, madly suppressing the ancestors of the deep demon.

The origin of the universe sensed the invasion of dark forces and was preventing it.

However, the strength of the ancestor of the abyssal demon was so great that with a bang, he surrounded the light of darkness and merged with his own demon energy, and actually excluded the oppression of the supreme rule of the universe.

"Xiaoyao Supreme, get out of my ancestor!"

He shouted, rumbled, his voice was domineering, mighty and unparalleled, with a boom, the surrounding void burst into pieces, and countless substances turned into dust.

This kind of breath is too amazing. Within a radius of hundreds of thousands of miles, no one dared to approach him. Approaching is a death.

The power of the billowing darkness merges with the ancestors of the deep demon, and it is suppressed by aiming at the Xiaoyao Supreme.

"The ancestor of the deep demon, how many times has this seat been told to you, and it depends on you, also wants to suppress this seat? Deserted tower, come out!"

Xiaoyao Supreme sneered and pressed one hand out, a ray of light suddenly appeared in his body, and it turned into a simple high tower, blooming with a terrifying chaotic atmosphere, and bombarded towards the ancestor of the deep demon.

One after another ancient runes appeared on this high tower, which evolved the true meaning of the universe, above the highest rules.

Wild Tower!

The top treasure of Xiaoyao Supreme.

Cang Dang!

The power of darkness collided with the Wild Sky Tower, igniting hundreds of millions of divine light, and the world was torn apart by life, as if the end of the world was about to come, and the two retreated together amidst the fierce roar.

"Damn, my ancestor has no time to spend with you here."

When the ancestor of the Yuanmo retreats, his hands violently pulled, crashing, and the void in front of him was directly torn apart.

A breath of vast space surged out.

It's a long river of space.

"Whoo!"

The ancestor of the deep demon stepped straight into the long river of space, left the battlefield, and rushed toward the demon world.

"Huh? Want to use the long river of space to return to the demon world? Where to go."

Xiaoyao Supreme snorted coldly, and the Huangtian Tower blasted out, directly exploding time and space, and a long river exuding the atmosphere of rolling space appeared in front of Xiaoyao Supreme.

Xiaoyao Supreme stepped out and instantly entered the river.

Wow!

The river was surging, the waves splashed, Xiaoyao Supreme flew quickly in the river of space, chasing the ancestor of the deep demon.

boom! boom!

Xiaoyao Supreme kept moving forward, chasing the ancestor of Yuanmo, and blocking it.

But after Xiaoyao Supreme and Yuanmo ancestor disappeared, the void on the battlefield of ten thousand races instantly calmed down.

Whoosh whoosh!

A master of celebrities and demons flew out from the Supreme Hall one after another, confronting each other, and came to the place where Xiaoyao Supreme and Yuanmo ancestors fought.

Feeling the power of the space in front of me, I vaguely saw the long river phantom slowly dissipating in the void, Shen Gong Zhizun and others, all their pupils shrank.

Long space!

Master Xiaoyao and the ancestor of Yuanmo actually entered the long river of space, this is troublesome.

The long river of space is rumored to be the birthplace of this cosmic space. Through the long river of space, it can lead to any place in the universe without being restricted by any region.

And in this long river of space, you can go to any place you want at the fastest speed.

However, the long river of space is also extremely dangerous. It contains the power of the highest space. If someone breaks in rashly, a person who is not careful will be torn apart by the power of the terrible space and turned into dust.

Only the strong above the supreme rules can ignore the cutting of the power of space in the long river of space.

With the power of the Supreme Master of God, if they dare to break into it, they will be annihilated and become nothingness directly by the power of the vast space.

"Damn it, go."

Shengong Zhizun and the others coldly confronted the demon masters, and then dispersed from each other.

In the Supreme Hall, Jiuyao Supreme and others came to Shengong Supreme, and said in a deep voice: "Shengong, what should we do now?"

"Let a person guard the Supreme Palace of the Ten Thousand Races Battlefield, and at the same time, inform the major races of our Human Race Alliance, so that the top masters of all races can quickly approach the demon world." Shengong Supreme said solemnly.

"The Devil?"

Jiu Yao Zhizun and the others sucked in air-conditioning.

"good."

Shen Gong Zhizun squinted his eyes. Others didn't know, but he knew very well that the reason why the Yuanmo ancestor left was definitely something wrong with the devil world. Xiaoyao Supreme and the Yuanmo ancestor must have gone to the demon world.

"Qin Chen, what did you do? To make the ancestor of the deep demon so angry?" Shen Gong Zhizun looked at the distant sky and muttered to himself.

Devildom.

Abyss Demon Ancestral Land.

The enchantment of the dark forbidden area in the depths of the Infinite Demon Prison.

Boom!

Qin Chen and the others, each urging powerful forces, finally opened the entrance to the barrier, and a huge whirlpool appeared in front of everyone.

"Master, that is the time and space passage leading into the barrier, the demon soul source device must be in this demon energy barrier."

The Lord of Abyss Demon said excitedly.

And at the moment when the devilish vortex channel opened, the familiar feeling Qin Chen felt from the enchantment before instantly became clearer.

"What is it?"

Qin Chen was puzzled, but soon suppressed this doubt.

"go!"

He snorted, his figure shook, and he instantly entered the whirlpool.

Sikongzhen, Linyuan Zhizun and others hurriedly followed.

"Go, let's go in too."

The Throne and the others also hurriedly followed, directly into the whirlpool.

boom!

Entering the dark vortex, everyone felt a strong force and instantly suppressed them.

Fortunately, this process is not long.

boom!

With a roar in the ear, everyone appeared in the ruins. There is a dark world-like existence. There are ruins and broken walls everywhere. They are on the edge of this ruined world. In the center of that ruin, above the sky, a huge ball of darkness is suspended.

On the surface of the ball, waves of amazing deep magic power flowed.

A palpitating breath passed out from the dark ball.

"Devil Soul Source Device, Master, that is the Demon Soul Source Device."

The Lord of Abyss Demon said excitedly.

"Devil Soul Source Device."

On the other side, the throne and others also raised their heads, staring coldly at the dark ball, and there was a look of greed in their eyes.

Hundreds of millions of years, they finally came here, and as long as they took away the Demon Soul Generator, they could control the entire Demon Realm, and let the Demon Race of this universe completely become the vassal of their Dark Race and serve them. .

Whoosh! The ancestor of the dark thunder took the lead and couldn't help but rushed up frantically.

[Chapter 4822: Recovered](#)

He wants to be the first to plunder the Demon Soul Source Tool.

"grown ups."

Sikongzhen and Linyuan Supreme hurriedly looked at Qin Chen.

But Qin Chen didn't have any expression on his face, he was very plain, and he didn't care about the behavior of An Lei Ancestor at all.

Many of the other ancestors under Yuzuo's command also did not move, and their eyes showed expectation, looking at the dark thunder ancestor.

Seeing that the dark thunder ancestor is about to come before the magic soul generator...

Hum!

Suddenly, an invisible demon aura spread, and a figure shrouded in demon aura suddenly appeared in this void.

This figure bloomed with devilish energy, full of metal luster, eyes closed, like a sculpture, and stopped right in front of the dark thunder ancestor.

"Where's the guy, get out."

The ancestor of the dark thunder gave a low voice and suddenly blasted out with a fist. In the void, a black thunder gun suddenly appeared in the sky. It burst out instantly.

With a bang, the same surging where the thunder gun passed, tore the void directly along the way, and instantly came to this devilish figure.

"Dare to break into the forbidden land of my demons, Tianzhuzhi!" Seeing that the dark thunder gun was about to pierce the opponent, suddenly, the demon figure suddenly opened its pupils, booming, and there was a billowing devilish energy in the pupils. , The pupils of the eyes are like a kaleidoscope, spinning like a black hole,

Swallow everything in the world.

This demon yelled angrily and suddenly blasted out a punch.

Cang Dang.

With a fist, the world collapsed, and it suddenly collided with the black thunder gun, and there was a bang, and the thunder gun of the dark thunder ancestor instantly collapsed.

boom!

An astonishing roar exploded, and the void was directly shattered. Then, the dark figure shook and disappeared instantly.

"Dark Thunder, be careful."

Throne's pupils shrank.

laugh!

A black magic light flashed, and the magic shadow in the field tore through like thunder.

The speed of this punch directly caused the dark thunder ancestor to change his face, spreading his right hand, and a black thunder shield slammed in front of him.

"go!"

The black thunder shield burst into light, suppressing a world of heaven and earth.

Boom!

The black shadow hit directly, the black thunder shield trembled violently, and then burst directly, and the dark thunder ancestor behind the thunder shield was instantly shocked and flew away!

Seeing that black thunder shield shattered, the dark thunder ancestor was stunned, "This... how is this possible?"

In the distance, the black magic shadow did not have any nonsense, and fisted down.

boom!

A fist burst in front of the ancestor of Anlei, the ancestor of Anlei's eyes suddenly shrunk, a hideous flash flashed in his eyes, his right hand was suddenly clenched, and then a fist blasted out.

boom!

With this punch, a terrifying thunder light burst out like a torrent, directly covering the black shadow.

This black demon does not evade, letting countless thunder lights envelop him.

Boom boom boom!

Countless thunder lights wandered around the black magic shadow, and the surrounding void was blasted out of cracks, but the black magic shadow was safe and sound, and the power of the fist swept straight out.

boom!

In the next moment, the dark thunder ancestor was directly shocked to tens of thousands of feet away, and the space in front of him and the black magic shadow directly turned into a deep gully, which was terrifying.

After the dark thunder ancestor who was blasted back by the black magic shadow stopped, his face was full of anger, "You... how can you be so strong?"

I have to say that he is a little dazed at this moment!

Where does this guy come from, how is it so strong? Facing his attack, there was no harm in the slightest. Is this still a human being?

At this time, the dark pupils of the black magic shadow stared coldly at the ancestor of Dark Thunder, making him feel like a cold hair standing upright.

"Damn, what the hell?"

The ancestor of Dark Thunder yelled angrily.

At this moment, he felt a deep sense of powerlessness in front of the black magic shadow, especially the attack of the black magic shadow. The power was extremely terrifying. He didn't dare to resist hard.

The Black Demon was not afraid of his attack.

"Forbidden trespasser, die!" In the distance, the black magic shadow looked calm and booming. His figure suddenly disappeared in the same place. In the distance, the eyes of the ancestor of the dark thunder suddenly shrank, his hands suddenly folded, the next moment, A dark thunder light suddenly flew from his eyebrows, and the thunder light trembled violently.

A net of thunder came out.

At this time, the black magic shadow's fist arrived.

Boom!

As a fist burst out, the lightning burst instantly, and the next moment, the fist of the black magic shadow blasted directly on the thunder net.

boom!

The entire thunderset trembled violently. The next moment, the thunderset broke open. Upon seeing this scene, the eyes of the dark thunder ancestor after the thunderset instantly shrank into needle-like shapes. At this moment, the entire thunderset shattered. .

Boom!

In the eyes of countless powerhouses in the field, the dark thunder ancestor directly retreated tens of thousands of feet away, and as soon as he stopped, his hands exploded directly and turned into nothingness. At the same time, a fist flashed again. Boom in front of him.

Seeing this punch coming, the ancestor of Dark Thunder was shocked. At this moment, he was unable to resist this punch!

And at this critical moment, an old man suddenly appeared in front of the dark thunder ancestor, his eyes flashed a touch of hostility, a punch was blasted forward, and a fist print swept out.

Boom!

This fist seal abruptly forced the black magic shadow's fist to stop, but the next moment, the fist print was directly broken, and this fist rushed in and hit the old man.

Seeing this scene, the old man was also shocked, who is this? Why is it so invincible?

Faced with it, the black magic shadow will continue to take action.

The old man yelled coldly: "Wait."

However, the black magic shadow simply ignored him and blasted out a punch.

"Damn, I really thought the old man was afraid of you? He wanted to die."

The old man stepped out in one step, suddenly two dark double knives in his hand, the two knives crossed, and a cross knife light was cut out. Boom, the knife light directly cut the void and flew towards the black magic shadow.

when!

I don't know if the black magic shadow is too lazy to resist, or the old man's blade light is too fast, the cross blade light containing the terrifying murderousness accurately hit the shadow of the monster's chest, unexpectedly making a sound of gold and iron fighting.

puff!

The robes on the black magic shadow shattered, revealing the flesh, the whole body was pitch black, and the chest was torn out a cross wound. At the wound, the hazy magical energy was permeated, and no blood was splashed.

"Recovered!"

The old man's pupils contracted and said in shock.

Everyone looked at the wound on the chest of the Black Demon Shadow. There was a vague devilish qi surging, and the recovered wound could not be seen from the outside.

The Black Demon didn't even look at his chest. The countless injuries on his body seemed to wake him up with the attack of the old man. He roared up to the sky, and his fist blasted out again.

boom! The void collapsed, and the terrifying impact of this fist spread directly in all directions.

[Chapter 4823: Eighteen Puppets](#)

"not good."

The old man's face was startled, showing a look of anger, a sharp look flashed in his eyes, and the two knives in his hands suddenly turned into a shield.

The sword and shield guarded him, instantly forming a terrible defense.

In the next moment, the fist of this black magic shadow has already blasted on the shield of the old man.

With a click, the sword shield shattered directly, and the sky was full of sword qi to shatter, turning into dense blades and shooting in all directions, cutting the void into pieces.

But the demon's attack also directly fell on the old man.

boom!

The old man and the dark thunder ancestor Qi Qi were shaken out of tens of thousands of meters, their bodies flickered, and they almost collapsed on the spot.

They are all people who have already died, and what is left is nothing more than a body transformed into a powerful supreme source and remnant soul. Under this blow, their bodies shook directly.

So strong!

The old men raised their heads and looked at the black demon in anger. They had to say that the black demon was extremely powerful and had terrifying defenses. They were not afraid of their attacks at all.

With a punch, the black demon figure shook and appeared in front of the old man again.

"Damn it, look at this old man, the Dark Soul Knife!"

Stabilizing his figure in the void, the old man roared and slashed abruptly towards the black demon shadow. Above the blade's light, a terrible soul aura shot out, directly submerged in the black demon shadow's body. However, the black magic shadow remained unmoved, letting this soul blade light enter his body, and with a puff, the blade light sank into the opponent's body, like a stone sinking into the sea, the black magic shadow did not move at all, and immediately came to the old man with a punch.

.

"what?"

The old man was shocked, never expected that the other party would dare to ignore his soul attack.

It should be understood that the souls of his dark clan have a suppressive effect on the powerhouses of this universe.

What kind of monster is this?

boom!

In the rush, the old man only had time to put the war knife in front of him, and the whole person had already flew out again. This time, as soon as his figure stopped, the void behind him was shattered.

Unable to withstand this terrible shock.

Before the old man's figure stabilized, the black ghost suddenly appeared in front of the old man, and the devilish energy swept over and swallowed the old man.

There was horror in the old man's eyes, seeing that he was about to be overwhelmed by this monstrous devilish energy, suddenly...

boom!

In front of the old man, a figure appeared, violently waving at the black demon shadow.

boom!

How did the black demon figure fly out? The void behind him was exploded layer by layer, and his body was directly bent, like a twisted twist.

"Master Throne."

The old man was surprised.

The one who shot is the throne.

At this moment, the throne frowned and looked at the black shadow that was blasted out in front of him.

His eyes gradually became serious.

"grown ups."

Aside, where Qin Chen was, Si Kong Zhen and Lin Yuan Zhizun sucked in air-conditioning, their eyes palpitated.

Qin Chen's pupils also shrank. After seeing the black magic shadow flying out, the originally distorted body twisted and recovered a little bit. The broken arm and chest were surrounded by black magic energy, and it instantly turned into a safe and sound state. Looks like,

Unscathed.

"Devil puppet."

Yuza said coldly, with cold light blooming in his pupils.

Ancestor Dark Thunder and the others also inhaled air-conditioning, revealing solemn expressions.

No wonder this black shadow can ignore their attacks and turned out to be a puppet. "Master, this is the Abyssal Demon Corpse Puppet. The Abyssal Demon Corpse Puppet is a puppet refined by the Demon Soul Source Device. They are not invaded by all means. They were at least the Supreme Masters before they were alive. Only after being immersed in devilish energy for at least one hundred thousand years

Successful refining. "

In the chaotic world, the Lord of Abyss Demon hurriedly said in a deep voice.

"Is it a corpse puppet?"

Qin Chen nodded, and he glanced around, his eyes dignified.

So, this is the defensive measure that the ancestor of the deep demon laid here?

At this moment, this magic puppet is looking at everyone with cold eyes.

"Huh, just a dead puppet."

The Throne snorted coldly, boomed, and reached out with his big hand, directly grabbing the demon puppet.

There was a boom.

The huge palm turned into a cage of heaven and earth, directly imprisoning the puppet in the void. The puppet kept making moves, but was unable to break free from the throne's shackles.

"go."

The Throne gave a low cry, and with many dark ancestors, he rushed towards the Demon Soul Source Device.

The most important thing now is the Demon Soul Source Device, not the Demon Golem in front of you. There is no need to waste too much time on this Demon Golem.

Sikong Zhen even looked at Qin Chen anxiously: "My lord."

"Don't worry, but we will also pass."

Qin Chen let out a low cry, soared straight into the sky, and flew towards the demon soul generator.

He looked alert, scanned the surroundings, not in a hurry.

He believes that since the ancestor of the deep demon is prepared here, there is no more than this method at all.

Sure enough, when the Throne and the others were about to approach the Demon Soul Source Tool.

Roar!

The black demon couldn't break free of the restraints, and suddenly let out a loud roar.

Click!

The roar fell, the sky quaked, the ground cracked, and bang, and a dozen coffins suddenly rushed out from the dark ground.

These coffins exploded all at once.

Seventeen black magic shadows instantly floated between the heavens and the earth, and at the same time opened their blood-colored eyes.

Seventeen magic puppets.

"boom!"

These seventeen magic puppets shot together, instantly attacking the cage displayed by the throne.

With a bang, the cage displayed by the Throne was instantly shattered by the combined attack of 18 puppets.

"It's the eighteen demon puppet formation." The master of the deep demon said in a deep voice: "Be careful, master, this eighteen demon puppet formation, every demon puppet's body, must be a mid-level peak supreme master to withstand the refining. The destruction of the system, and once combined, the power that bursts out is enough to tear

The defense of the supreme in the late cracking stage. "

"Late supreme defense?"

Qin Chen's pupils shrank and stared at the past.

I saw the eighteen demon puppets flying towards the throne.

"My lord, leave it to us here."

An ancestor roared and rushed up first.

boom!

A long black stick appeared in his hand and swept out with one stick.

But the eighteen demon puppets didn't move at all. They just blasted out with one punch, and the black long stick was directly shattered, and this ancestor also burst into pieces directly under this force. The soul is ruined, slowly dissipating.

"Wind Evil Ancestor!"

The other ancestors roared.

However, they were also overwhelmed, and before they were sad, the eighteen demon puppets turned into a large formation at the same time and quickly enveloped them.

Boom! Between the heaven and the earth, a terrible demonic energy was suppressed, and for an instant, everyone was trapped inside.

[Chapter 4824: Don't trust yourself](#)

"I'll block these guys, and you will plunder the Demon Soul Source Tool."

The Throne gave a cold cry, stepped forward, and boomed. On his body, a late-stage supreme aura suddenly exploded. In an instant, countless dark divine rainbows burst out of his hand and swept straight towards the eighteen demon puppets.

Boom boom boom!

The strength of the two sides collided instantly.

"cut!"

The eighteen demon puppets lit up with dazzling runes, pressing them down with both hands at the same time.

boom!

Eighteen energies, like a pillar of heaven, slashed down crazily and annihilated everything.

Throne's face changed, and under the attack of these eighteen demon puppets, he felt that he could not bear it.

The power formed by the combination of the eighteen magic puppets is beyond the comprehensibility of ordinary people, making him a little unbearable for the late supreme.

However, the throne had cold eyes, his hands were sealed, and a terrible source of darkness rose into the sky, turning into a world barrier, preventing the suppression of the eighteen powerful golems.

For a time, the two sides instantly stalemate together.

And when the battle started in the depths of the dark forbidden area.

Outside the Infinite Devil Prison.

Elder Ancient Demon and others were all horrified feeling the terrifying power born in the Infinite Demon Prison ahead, and there was a look of horror in their eyes.

Looking from a distance, you can see that the entire demon realm and heaven are shaking in this distant world, and under this force, it is surging crazily.

"Elder Ancient Demon, what should I do now?"

Elder Moxin and others lost their voices.

This kind of scene has spread to the entire Abyss Demon Ancestor Land, and they know that something big has definitely happened in the Infinite Demon Prison.

Just when they were extremely anxious.

In the distance, the sky of the Abyss Demon Ancestral Land suddenly surged with a shocking roar.

Elder Ancient Demon and the others turned their heads and looked, and they saw that in the distance above the sky, countless demon qi surging rapidly, surrounded by a terrifying figure, were quickly flying by.

Seeing this figure appeared, ecstasy emerged in the hearts of Elder Ancient Demon and others.

"The patriarch is the patriarch."

Elder Moxin and the others yelled in excitement.

The person here is the patriarch of the Yuanmo clan, the supreme eclipse of the Yuan.

As soon as this person came to this sky, his pupils suddenly shrank.

Because he clearly felt that the void of the Abyssal Demon Ancestral Land was shaking violently, and a destructive force was escaping crazily.

The devil's way of heaven is turbulent.

"Elder Ancient Demon, Elder Demon Heart, what happened?"

With a bang, as soon as the Supreme Eclipse fell, countless demonic energy gathered in the heavens and the earth, his cold eyes stared at the ancient demon elders firmly, and at the same time, he looked into the depths of the infinite demon prison. .

It is the magic soul source device.

It really was a problem with the Demon Soul Source Device.

At this moment, Supreme Erosion Yuan's heart was filled with fright and anger, and if something went wrong with the Demon Soul Source Device, then his entire Yuan Demon Race would suffer a huge disaster.

"My lord, we don't know what happened. Before, an adult from my abyssal demon clan brought people from the underworld to my abyssal demon ancestor land. He wanted to enter the Infinite Demon Prison. After the elder of the ancient demon verified the identity of the opponent, he let the other party in, but who knew that such turbulence had happened in the Infernal Demon Prison."

Elder Moxin said anxiously.

"People of the Underworld?"

Supreme Eclipse's pupils shrank, and said angrily: "Why do you let people from the underworld enter the Infinite Demon Prison?"

boom!

Supreme Eclipse turned around and raised his right hand. The Elder Moxin was pinched by Supreme Eclipse in an instant, and the whole person was carried in the void, unable to move.

"Sovereign Eclipse Yuan, the person in the underworld is following an adult of my Abyss Demon Clan, and finally after that adult talked with the elder of the ancient demon, he let the other person in."

"An adult of my Abyss Demon Race?"

"Yes, this person claims to be the Supreme Heavenly Abyss, and is indeed a strong person of my Abyss Demon Race."

Elder Demon Heart said with trepidation.

"Tian Yuan supreme? When did my Abyss Demon Race have such a supreme? Why haven't you heard of it before?"

Eclipse Yuan Supreme is murderous.

Elder Demon Heart hurriedly said: "Patriarch, I have never seen it before, but after talking to the other party, Elder Ancient Demon agreed to the other party's request and said that all responsibilities will be borne by him. We believe in Elder Ancient Demon, so..."

The other supreme faces are panicked.

At this time, they dare not conceal anything.

"Ancient Demon, what the **** is going on?"

Supreme Eclipse turned his head and suddenly looked at the elder of the ancient demon.

Gudong.

Elder Ancient Demon swallowed, looking panic and uneasy.

"At this time, what are you still hiding? Or, you have betrayed my Abyssal Demon Race?"

The Supreme Eclipse Yuan's figure shook, and he suddenly came in front of the ancient demon elder, banging, his right hand directly captured him, and the rolling power of the late supreme exploded, puff, the ancient demon elder directly spouted blood.

The elder of the ancient demon said solemnly: "The patriarch, not deliberately concealed by his subordinates, but because this person has a special identity. Strictly inform his subordinates and cannot easily tell anyone, so..."

"Don't tell anyone? This seat is the patriarch of the Abyssal Demon Clan, is this also included?"

The eclipse Yuan supreme became angry from embarrassment, his palms pressed hard, and the ancient demon elder suddenly broke out with a roaring sound, and blood from the corners of his mouth overflowed immediately.

"Not to mention, I killed you."

Supreme Lu Yuan stared at the ancient demon elder, murderously.

Elder Ancient Demon's complexion was tangled, and in the end, he could only grit his teeth, "It's the Lord of Abyss Demon."

After saying this, Elder Ancient Demon breathed a sigh of relief, and a big rock fell to the ground in his heart.

"what?"

"Lord of Abyss Demon?"

"Hasn't he been dead for many years?"

"How can it be?"

Elder Moxin and others all exclaimed.

If it hadn't been for the elder of the ancient demon to come up with this name, they would have forgotten the Lord of the Abyss.

This was the heir of the ancestors back then, and it was determined to be the heir of the Abyssal Demon Clan, but later, because of an accidental fall, the position of the chief of the Abyssal Demon Clan finally fell on the Supreme Lord of the Abyss.

"Lord of Abyss Demon, impossible? He has already fallen to the lower realm. The ancestor spent many years of energy and never found him back. How could he be still alive."

Eclipse Yuan Zhizun was also surprised.

The elder ancient demon said bitterly: "The subordinates thought it was impossible, but the subordinates can still recognize it if it is not the master of the abyss. He said that he has been lurking in the dark under the order of the ancestor to monitor this abyss. Moreover, he also said that the Dark Clan has always had ulterior motives for my Abyssal Demon Race, and even destroyed the relationship between my Abyssal Demon Race and the Underworld. This time, he and the people of the Underworld were searching for evidence of the Dark Clan before entering In the Infinite Demon Prison."

"Could it be true?"

Seeing the expression and narration of the ancient demon elder, Supreme Eclipse was shocked.

It should be known that when he was in the Chaos God Demon Sea, he also learned some news from the undead emperor. The person who had transformed the big formation in the Chaos God Demon Sea was the Dark Clan.

Could it be that the Lord of Abyss Demon is really still alive, and he was ordered by the ancestor?

The supreme Eclipse's heart sank suddenly.

Did the ancestor distrust himself?

[Chapter 4825: He is still alive](#)

At this moment, what emerged in the heart of Supreme Eclipse Yuan was not the suspicion of the elders of the ancient demon, but the distrust of himself.

Because he deeply knows the status of the Lord of Abyss Demon.

That was the true descendant of the ancestor. If it was not the Lord of Abyss Demon who entered the lower realm and fell for some reason, then he would never be the patriarch of the Abyss Demon clan.

Even when the Lord of the Abyss was still young, the ancestors had already informed the other side of many inside stories of the Abyss.

But later, the Lord of the Abyss fell due to an accident, and the ancestor passed him the position of the patriarch.

However, in the clan, there will still be some rumours, and some even say that the fall of the Lord of the Abyss was his work.

"Lord of Abyss Demon, is he still alive?"

Eclipse Yuan Supreme's heart throbs.

Suddenly, Zhi Yuan Zhizun suddenly had a strong suspicion of himself in his heart.

On the side, I felt the fluctuating aura on the body of Supreme Eclipse, but the elders of the ancient demon and others were fearful, but they didn't say a word.

Because they are also the high-level members of the Yuanmo clan and know some internal things, so naturally they shouldn't publish anything at this time.

"boom!"

But at this moment, in the depths of the Infinite Demon Prison in front, a violent roar sounded again, instantly awakening the ancient demon elders and others from their contemplation and anxiety.

"My patriarch."

Elder Gu Mo hurriedly spoke.

Zhi Yuan Zhizun glanced at the void in the distance, and his pupils suddenly shrank.

I saw the sky above the Infinite Demon Prison, and the heavens of the entire Demon Realm were drawn, and a wave of terrible demonic energy escaped from the heavens and the earth, and crazily gathered here.

In the sky above the ancestral land of the Abyss Demon, a feeling of doomsday destruction was born.

Eclipse Yuan Zhizun instantly woke up from his contemplation.

This is not the time to consider these at all.

"I can't control that much, you guys follow me in first."

The Supreme Eclipse Yuan said in a deep voice, the voice fell, and the figure rumbling, he had entered the Infinite Demon Prison.

Elder Ancient Demon, Elder Demon Heart and others also followed into the Infinite Demon Prison.

Before they dared to enter it, they were worried that they would be suppressed by the power of darkness in the territory of the dark clan in the Infinite Demon Prison, but with the Eclipse Supreme, they were naturally relieved a lot.

boom!

As soon as the ancient demon elders and many other powerful men entered it, a terrifying indistinct power permeated and suppressed everyone, causing the ancient demon elders and others to sink.

"Humph!"

Hearing a cold snort from the Eclipse Supreme, a terrifying force of the late Supreme instantly dispersed in his body, forming a defensive shield, and with a bang, all the infinite power within the radius of his body was completely repelled.

Infinite power is the power left over from the demon clan's holy relics. With the identity and cultivation of the Supreme Erosion Yuan, it can naturally be ignored.

"go!"

Under the leadership of Supreme Eclipse, the group quickly went deep and rushed directly to the continent of Heiyu.

Only a moment later, Supreme Eclipse and the others had already arrived outside the Heiyu Continent.

A series of terrible dark restrictions constantly surging outside the Heiyu Continent, becoming an independent world.

An aura that made the ancient demon elders and the others palpitations escaped.

Through the restrictions outside the Heiyu Continent, we can see that the entire Heiyu Continent is dark and brilliant, and the terrible dark rules merge and surge. Looking towards the depths of the Heiyu Continent, the entire Heiyu Continent is vast and endless, and the sky is endless. The above heavens flowed, forming a vast picture.

"What is that? A continent? A continent of the Dark Clan?"

"There are countless cities and countless secret realms in the continent, this..."

"Unexpectedly, the Infinite Demon Prison has been transformed into such a look by the Dark Clan over the past few years? Is this directly relocating a certain world of the Dark Continent? But why is it not rejected by my Demon World?"

Seeing such a shocking scene, the Elder Ancient Demon and others all sucked in air-conditioning.

Since the ancestors gave this Infinite Demon Prison to the Dark Clan to inhabit, the Deep Demon Clan has not entered the Infinite Demon Prison for many years. No one knows that the Dark Clan has actually established in the depths of this Infinite Demon Prison. A continent, and it has grown into this look.

Boom!

At this moment, everyone vaguely felt that the aura that collided with the Demon Realm's Heavenly Dao came from the depths of this dark continent.

"Heiyu Continent, this dark race is developing really fast."

Eclipse Yuan Zhizun squinted his eyes.

As the patriarch of the Abyssal Demon Clan, he naturally knows a lot more about the movement of the Dark Clan than the members of the Abyssal Demon Clan, and he naturally knows some secrets.

"I don't care what you do, go ahead and talk about it."

Elder Moxin gave a cold cry and rushed forward, but before he entered the Heiyu Continent, hum, above the Heiyu Continent, a series of terrible darkness restrictions rose up, and the terrible dark runes soared into the sky, each as large as a mountain. , Blooming magic rainbow.

An astonishing force of darkness crashed on the Elder Demon Heart, knocking him out heavily.

Elder Moxin stabilized his figure, his face turned pale, and his body was originally agitated.

"It's the prohibition of the dark race."

Elder Ancient Demon and the others sucked in air-conditioning.

This restriction made it shocking that even a master like Elder Moxin couldn't break in.

"Master Patriarch?"

Elder Ancient Demon and others hurriedly looked at the Supreme Eclipse.

"Hmph, it's just a supreme ban, see if this seat breaks him."

Supreme Eclipse Yuan knew that the time was urgent, so he screamed and pressed it down with a palm.

boom!

A sky-reaching palm emerged from the sky and the earth, and the entire palm was the size of a star. The whole body was hundreds of thousands of kilometers long. It was crushed by the rumbling, and the void was compressed and exploded under this force, and then directly turned into void powder.

That huge palm, like a comet hitting the planet, slammed into the restriction of Heiyu Continent.

Bom!

At the place where the palm of the hand collided with the forbidden barrier, a piercing roar was transmitted, followed by a violent shock wave, like a sonic boom, directly shattering the void.

Boom boom boom!

Under the bombardment of the Supreme Eclipse, the dark runes continued to explode, and the entire Heiyu continent was roaring, trembling violently, and breaking open little by little.

The dark forbidden area is located.

The Throne did his best to withstand the Eighteen Golems.

Boom boom boom!

A breath of breath collided wildly.

"You guys, hurry up to refine that demon treasure."

The throne screamed while fighting.

He soared into the sky, swept through the evil spirits, and the power of the supreme in the later stage, a dark light formed around his body, lasing out, and shrouded the void of a million miles.

Within these million miles, he seemed to have become the master, in charge of all the laws, and resisted the attack of the Eighteen Golems.

[Chapter 4826: Musu ancestor](#)

And this also gave them the opportunity of the dark thunder ancestors.

Seizing the opportunity, the dark thunder ancestors came to the demon soul generator in an instant, and at the same time they slammed up.

boom! Just when they were in contact with the Demon Soul Source Device, a terrible impact force burst out directly from the Demon Soul Source Device, booming, and from the Demon Soul Source Device, countless dark shadows appeared in an instant. , These magic shadows turned into streamers

, Rushed to the dark thunder ancestor and others in an instant.

One of the ancestors rushed to the forefront, and one did not notice, and in an instant, a magical shadow rushed into his body.

"what!"

The ancestor suddenly screamed, and his body was quickly covered with dark lines, and his appearance became extremely miserable.

call!

On his body, the dark demon fire burned directly, and the dark demon energy was dissipating.

"Damn it, ancestor Mushu!"

The ancestor shouted angrily next to him, a palm blasted out, and an invisible dark force spread out, trying to suppress the dark magic fire on the ancestor Mushu.

However, without waiting for the ancestor Musu to repel this force, whoosh, a few black magical shadows instantly entered the body of the ancestor Musu.

A total of seven or eight magic shadows penetrated into Musu's ancestor. This time, the whole body of the ancestor Mushu burned directly, his arms turned into ashes a little bit, and a stream of pure dark origins escaped from his body. These dark origins followed the invisible dark devil energy, unexpectedly Return to the devil

In the black sphere where the soul generator was, it was directly swallowed by the black enchantment.

"boom!"

The ancestor Musu burned directly, and in the screams, the whole person was instantly wiped out. In the end, all the source of darkness was directly swallowed by the cocoon-like ball where the magic soul source device was located.

Hum!

Where the orb of the Demon Soul Source Device was, a strange dark power permeated out.

"Musu ancestor?"

"What the **** is this dark shadow?"

"This thing can actually absorb the source of darkness?"

In an instant, everyone was shocked, and the pupils of the dark thunder ancestors and others contracted and sucked in air-conditioning. The ancestor Mushu, like them, are the supreme ancestors of the Dark Clan, but unexpectedly, just in an instant, he was directly burned to ashes by the sudden appearance of the demon shadow, and was directly swallowed by the entire demon soul generator. , Such a scene,

How not frightening?

"boom!"

I saw a series of black magic shadows, after burning the ancestor Musu, they rushed towards everyone.

"roll!"

The dark thunder ancestor erupted with thunder, boundless thunder surging, frantically blocking the invasion of these black ghosts.

The other ancestors also backed back again and again, looking frightened and resisted.

On the other side, dozens of magic lights flew towards Qin Chen and the three.

"Kun Demon Palace, suppress!"

Sikong Zhen directly urged Kun Demon Palace, a magnificent palace cover was pressed down, and the power of the void shook, directly covering these demon shadows.

But what is strange is that facing the shackles of Kun Demon Palace, this demon shadow completely ignored it, and instantly penetrated the void restraints of Kun Demon Palace and appeared in front of Si Kong Zhen.

"Linyuan Shimen!"

Lin Yuan Supreme screamed, and the power of the stone gates was released layer by layer, banging banging, tens of thousands of stone gates, directly shrouded these black magic lights. This stone gate contains astonishing space power, and it turns out a lot of portal phantoms, like a cage, trapping these black magic lights, and what is shocking is that these black magic lights also ignore the constraints of the Linyuan Supreme stone gate. Whoosh whoosh, in an instant

He came to Linyuan Supreme.

"not good."

Lin Yuan Zhizun was shocked and backed away frantically. But the speed of these black magic lights was too fast, like thunder, they followed closely, and he was about to be rushed into his body by a magic light. Suddenly, with a boom, a sword light flashed and slammed on the black magic light. Light body, flash this black magic light for a moment

Zhan flew out.

The next moment, a figure appeared in front of Lin Yuan Supreme, a sword of darkness gathered in his hand, violently cutting out billions of sword lights.

Puff puff!

The sword light exploded, and all the black magic lights flew out.

It was Qin Chen.

"grown ups."

Sikongzhen and Linyuan Supreme looked over in surprise, their faces pale.

These black magic lights are really terrifying, they can ignore any space constraints, even their most precious treasures can't be trapped, but fortunately, Master Qin Chen can cut back. After Qin Chen cut back these black magic lights, they continued to be distorted, but soon, they all turned into emptiness human figures, obviously without eyes, but Qin Chen felt that these magic lights actually seemed to be with him. Contact the same, give him a kind of mo

The familiarity of the name.

Moreover, after these black magic lights were cut into the air by him, each of them stayed in the air, not daring to move, giving Qin Chen the feeling that he was afraid of him.

"Does this black magic light have something to do with me?"

Qin Chen couldn't help but a guess.

Otherwise, I have never seen these black magic lights, why would I feel familiar?

But no matter how much Qin Chen pondered, he couldn't figure out what these black magic lights had to do with him.

"Lord of Abyss Demon, do you know what these black magic lights are?"

Qin Chen frowned and asked.

"Going back to the master, this subordinate doesn't know. Even though his subordinate is a descendant of the Abyssal Demon clan, his cultivation base was relatively weak back then, so the ancestor never let his subordinate control the Demon Soul Generator."

The Lord of the Abyss said with a bitter smile.

"Don't you know?"

Qin Chen frowned. At this time, the voice of the great ancestor dragon rang: "Qin Chen, what do you care about this thing? This thing should be something like an external evil spirit, intangible and intangible, like a virtual spirit, existing in nothingness. In the middle, so before your two hands

The supreme treasures you lay down can't restrain them, but the power in your body can restrain them, so you don't need to care at all. "

"The most important thing now is to hurry up."

Honghuang Zulong said: "I feel that a strong person is coming."

"The strong?"

Qin Chen frowned.

As soon as the voice fell, with a sudden bang, the entire Heiyu Continent suddenly shook, and the sky in the distance could be felt, a terrifying aura was crashing wildly, shaking Heiyu Continent.

Boom boom boom!

A terrifying force madly impacted the barrier of Heiyu Continent, and it was vaguely visible that outside that barrier, a series of figures exuding a frightening atmosphere, the majestic world, covering everything.

"The power of the Abyss? A master of the Abyss!"

Sikong Zhen and Lin Yuan Zhizun said in shock.

"Master, it is Supreme Eclipse."

The Lord of Abyss Demon said in shock at this moment.

"It's him?"

Qin Chen's pupils shrank.

Did this person come back from the land of the abyss?

"Follow me."

Qin Chen couldn't care too much, and rushed straight to the Demon Soul Source Device.

The Supreme Eclipse is the patriarch of the Yuanmo clan, and he is capable of reaching the sky. If he is allowed to come here, it will be troublesome.

"Swish swish!" Qin Chen's speed rose to the extreme in an instant.

[Chapter 4827: A guess](#)

When Qin Chen rushed towards the Demon Soul Source Tool, the Dark Thunder Ancestor and others also looked over.

"No, that kid rushed over."

The Ancestor Dark Thunder said in anger.

This Demon Soul Source Tool is the treasure of the Yuan Demon Race, how can it fall into the hands of others.

"Stop them." An old ancestor yelled, with a bang, and instantly appeared in front of Qin Chen's three people. After Qin Chen was in front of him, his body burst into the sky instantly

Dark starlight.

These dark starlights were constantly surging, and instantly enveloped the world in front of them. Qin Chen and the others instantly felt as if they were being suppressed by a huge force, and the surrounding void became thick.

Sikong Zhen was furious: "Dark Moon Old Ancestor, you dare to block the path of the adults, what are you doing? Do you want to rebel?"

The Dark Moon ancestor looked calm, "Rebellion? Sikongzhen, are you kidding?" After saying that, he glanced at Qin Chen and Sikongzhen, and said coldly: "This thing is what I am waiting for. My life is dedicated here to sacrifice and refine the treasure for hundreds of millions of years. I waited for you to come in before, it was already merciful, but you still want to take this thing.

. It's ridiculous, I advise you to hurry up. If you don't let go, stop blaming the old man for being rude. "

boom!

On this person, a terrible murderous aura instantly rose to the sky.

Upon hearing this, Sikongzhen and Linyuan Supreme were furious, but at this moment, Qin Chen suddenly whispered: "Sikong, Linyuan, don't be angry."

"grown ups?"

Sikongzhen and Linyuan Supreme both looked over in amazement, but they still stepped aside.

Qin Chen looked at the ancestor of Dark Moon, his eyes were calm, and there was disdain in his eyes.

Qin Chen said lightly: "Let me guess, the reason why you are here to sacrifice the enchantment of this abyssal demon race is to break into this place, obtain this treasure, and then use the treasure of the abyssal demon race to control this demon world. ,is not it?"

Darkyue ancestor frowned: "What about this?" Qin Chen said lightly: "This young master is also a member of the Dark Race. Now that the Throne is trapped, the other ancestors can't get rid of it. Outside, the masters of the Yuanmo Race are on the move. Pushing harder, we are all members of the dark race, no matter who controls this thing, it is a blessing for the dark race

, So, I am helping you. I will do things for you that you can't do. "

"Hahaha, do I need your help?"

The Dark Moon ancestor laughed loudly.

"Do you think I was lying to you?" Qin Chen frowned.

The Dark Moon ancestor snorted, his eyes like a knife, "Young man, get out of the way, otherwise I want you to be straight, don't blame me for not reminding you."

"Oh, I'm obsessed with it."

Qin Chen sighed, and the voice fell, and the astonishing dark origin in Qin Chen suddenly surged, a trace of terrifying power instantly converged on his right hand, and then slammed out with a fist.

With a bang, this terrifying force instantly enveloped the Dark Moon Ancestor in front of him.

Ancestor Darkyue's face changed, his arms slammed across his chest, but the next moment, his body was directly shattered, leaving only a remnant soul.

"you....."

The dark moon ancestor showed a look of anger, and at the same time, his remnant soul was slowly disappearing.

"It's just a dead person, dare to disobey Ben Shao, Ben Shao doesn't kill you, but he doesn't bother to kill you, is he really afraid of you?"

Qin Chen sneered.

Seeing this scene, the dark thunder ancestor and others were all angry and shocked at the same time.

This is horrible.

The ancestor of Dark Moon was also the ancestor of their dark clan anyway, and he was killed in an instant.

What kind of monster is this kid?

The key spike is not terrible, it's so easy to make a spike so terrible, there is really no resistance at all.

This is simply outrageous.

"Boy, you are looking for death."

The Dark Thunder ancestor and the others roared in anger, and they were about to rush over in a hurry.

But as soon as they moved, the black magic light around them was also attracted, swish, and quickly approached, making it impossible for them to get close at all.

"Damn it."

The dark thunder ancestor and the others roared, murderous at Qin Chen, but helpless. Instead, an ancestor was caught off guard, was rushed into his body by a few black magic lights, and his flesh directly burned.

"what!"

It was another ancestor, who burned directly, turned into ashes and dissipated.

The throne, who was fighting against the Eighteen Demon Puppets, looked furious, "What are you guys doing, don't you want to solve these things."

"My lord, this kid killed the ancestor of Dark Thunder, and he wants to occupy this thing. I have to stop him." The ancestor of Dark Thunder said in anger.

"Stop him? Is it necessary?"

Throne's face was ugly, "This thing has a lot of magic light guards, do you think this person can get close to that magic soul generator?"

The dark thunder ancestor and the others were startled, turned their heads, and saw that from within the orb, there was another black magic light emerging from it. There were so many of them that they were all guarded outside the Demon Soul Source Device, not at all. Get people close.

These black magic lights are like ghosts, floating outside the sphere, making it impossible for people to approach.

If Qin Chen dared to approach, he would definitely become the target of these black magic lights.

"Hmph, let him go, he will come closer if there is a kind of."

Many ancestors were speechless.

Dare to love yourself and blocked it in vain.

At this moment, Qin Chen shook his body and rushed straight to the Demon Soul Source Device.

"grown ups."

Sikong Zhen and Lin Yuan Zhizun changed their colors and hurriedly followed.

Qin Chen glanced at the two of them, "You two, step back."

This is not allowing them to keep up.

"My lord, this is too dangerous. I can stop these black magic lights for you."

Sikong Zhen and Linyuan Supreme hurriedly said.

"Need not."

Qin Chen squinted his eyes.

He could feel the faint connection between himself and these magic lights, which gave Qin Chen a faint feeling that these black magic lights might not attack him.

In the next moment, Qin Chen approached.

In an instant, all these black magic lights moved, swish, swish, and quickly approached Qin Chen, making whining sounds one by one.

Sikongzhen and the others all looked nervous, and the ancestor Dark Lei even sneered.

Is this guy looking for death?

The number of black magic lights around the sphere is extremely terrifying, at least dozens or hundreds, surrounded by so many magic lights, stronger than them, and sure to die, how can this kid resist?

I saw Qin Chen, who was facing the impact of many black magic lights, slowly moved forward, and a special breath escaped from his body.

There is a guess in his mind.

The next moment, a scene that surprised everyone happened.

When these black magic lights were about to rush to Qin Chen's side, they all seemed to be shocked.

How can this be?

Ancestor Dark Thunder's eyes were almost bursting. These incomparably weird black magic lights would actually be afraid of the young man in front of him, what the **** is this?

[Chapter 4828: Is it important?](#)

Qin Chen's heart was shocked. He did not expect that his guess was true, and these black magic lights did not actually attack him.

"Could it be..."

Qin Chen's heart moved, and in the shock of the dark thunder ancestor and others, he had already reached the black ball and touched it with his right hand.

boom!

A terrible breath was released from Qin Chen's body and entered the black sphere in an instant.

Boom boom boom!

A series of terrible counter-forces oscillated from the black sphere to shake Qin Chen back.

At the same time, a strong swallowing force was born, trying to swallow the source of darkness in Qin Chen's body.

"boom!"

The source of darkness in Qin Chen's body was like a tide, and was quickly swallowed by this black ball.

Qin Chen was shocked: "This Demon Soul Source Device has a strong suppressive effect on the source of darkness? What's the matter?"

Qin Chen was surprised.

The origin of darkness is the power of the dark people outside the universe. To a certain extent, it is the power that surpasses this cosmic level, and it will be suppressed by the power of this demon soul generator.

This made Qin Chen not surprised.

And this time.

boom!

There was a sudden violent roar in the distance, and the sky of the entire Heiyu Continent broke open, and a series of magnificent figures rushed over from the Infinite Demon Prison outside the Heiyu Continent, and the whole body was diffused. Amazing breath.

The breath is like the ocean, sweeping like waves.

Under the powerful shot of the Supreme Eclipse, many powerful people of the Abyssal Demon Race finally tore open the barrier of the Heiyu Continent and rushed to the Dark Ancestral Land.

"The Dark Clan, are you going to violate my previous agreement? You dare to plunder my Abyssal Demon Clan's treasure, you are so bold."

Rumble!

A series of towering bodies, like stars descending, straddling the distant void, rushing towards the dark forbidden land, with murderous aura.

The leader of the Supreme Eclipse Yuan saw Qin Chen touching the Demon Soul Source Device in the distance, his expression was furious, his entire body exploded, and he hit with a punch directly. With a bang, the void exploded, and the Supreme Eclipse blasted out with a punch, the world broke, and a terrible gully swept across the void, directly descending on the dark forbidden land, shattering everything in the world, and a group of people directly broke into the dark forbidden land, as if no one had entered. Realm

.

The strength of the supreme in the later period was revealed in an instant.

"No, stop them."

"Don't let the people of the Abyssal Demon Race into the forbidden land."

Outside the Dark Ancestral Land, the three major forces and many Dark Clan people looked upset one by one, and one after another, Sikong Anyun also brought many Sagong Sacred Land masters and others to try to stop the Supreme Master Lui Yuan.

A series of terrible dark attacks, instantly soared into the sky.

"roll!"

An angry voice sounded, and it was the Elder Ancient Demon and the others. With a stern shout, they blasted down directly at the people in the dark ancestral land below.

boom!

As if the sky and the earth had collapsed, the powerhouses of the many forces below were all shaken back. In an instant, hundreds of thousands of people collapsed and disappeared, turning into ashes under the attack of the ancient demon elder.

puff!

Sikong Anyun and Sikong Holy Land and the Supreme Elder of Linyuan Supreme also flew out with this blow, each of them pale, frightened, and bleeding from the corners of their mouths.

too strong.

There is no resistance at all.

It should be noted that the people who followed the Supreme Eclipse to the Heiyu Continent this time were all top masters in the Abyss Demon clan, such as the powerful elders of the Ancient Demon of the Penalty Palace, these were all mid-term supreme masters.

If it weren't because this was the dark ancestral land, they were suppressed by the power of darkness. I am afraid that under this blow, these people would be seriously injured or even fall. The gap would be too big.

Boom!

A series of terrifying auras traversed the world and directly broke into the dark forbidden land, as if into the realm of no one.

As soon as they entered the dark forbidden ground, the power of strong dark rules came down in an instant, suppressing the Supreme Erosion Yuan and others.

"Um?"

Supreme Lu Yuan frowned and snorted coldly. This suppression was quite powerful, making the power of the Abyss Demon in his body stagnate, and the power of darkness was suppressing him.

Zhi Yuan Zhizun ignored these suppressions and directly slapped Qin Chen in the distance.

I saw a giant hand that looked like a star, rumblingly suppressed, and directly pressed towards Qin Chen.

"My lord, be careful." Sikong Zhen and Linyuan Supreme roared, roaring and banging together, and the two of them burned the source of darkness at the same time, and the billowing dark aura rose to the sky. At the same time, Kun Demon Palace and Linyuan Stone Gate were horizontal at the same time. In front of you, it turned into a lot of obstacles,

Resist the attack of the Supreme Eclipse.

Under the eyes of the crowd, the palm of the Heavenly Erosion Supreme Heavenly Sovereign was directly crushed down, and the shot fell on the Kun Demon Palace and the Linyuan Stone Gate.

With a bang, the world collapsed, and the void exploded. Sikong Zhen and Linyuan Supreme spit out a mouthful of blood. At the same time, their Kun Demon Palace and Linyuan Stone Gate made a squeak sound, and they were crushed by the palm of Erosion Supreme's hand. The constant retreat.

"Ah!" The two roared, snarled, and burned the source of darkness frantically, trying to block the attack of Supreme Eclipse, but it was useless. No matter how hard they tried, Supreme Eclipse's big hand still crushed down, and it sounded like a boom. With a cry, Sikongzhen and Linyuan Supreme

They all flew out, splashing blood all over.

Although both of them are masters of the mid-term supreme level, and they are also the powerhouses of the dark clan, the eclipse abyss is not an ordinary late supreme, and even the patriarch of the abyssal demon clan.

Such a strong person is definitely not something ordinary people can resist.

Seeing that the attack of Lu Yuan Zhizun was about to hit Qin Chen.

Sudden.

"Kill!" Throne roared, pressing his hands on the ground, booming, and he saw the entire dark forbidden area vibrate. From below the dark forbidden area, huge arrays rose up, and from the ground, there was a shock. The source of darkness soars to the sky, instantaneous

Eclipse Yuan Zhizun was blocked in time.

boom!

The source of darkness collided with the big hand of the Supreme Eclipse, and turned into ashes at the same time.

"Um?"

Sikongzhen and Linyuan Supreme both looked over in shock.

"Everyone listens to the order, opens the forbidden area, and blocks the members of the Abyssal Demon Clan."

Throne shouted sharply.

"My lord, you..."

Ancestor Dark Lei and the others showed incredible expressions, all raised their heads in amazement, obviously also surprised that the throne would actually block the supreme Erosion Yuan for Qin Chen.

You know, Qin Chen just killed the Dark Moon Ancestor.

"What are you doing in a daze?"

The Throne snorted coldly, with a cold expression: "This place is forbidden by my dark clan. How can the Yuanmo clan be arrogant? No matter how you say this, it is also my dark clan. Even if the treasure is obtained by him, what can he do?"

The throne looked firm.

Yes, he wants to open it too. Since Qin Chen can ignore these black magic lights, he is the best person to refine the Demon Soul Source Device. Once the Demon Soul Source Device can be refined by Qin Chen, then the other party can control the entire Demon Realm. By then, it will be him. The Dark Clan completely invaded this place

Great opportunity. As for who refining it, does it matter?

[Chapter 4829: All gone](#)

"Throne, are you sure you want to be an enemy of my Abyssal Demon Race? Back then, your Dark Clan cooperated with my Abyssal Demon Race, but you said that you would never attack my Abyssal Demon Race. Now, you actually want to refine my Abyssal Demon Race. Arcana, you are going to do it thoroughly with my Abyssal Demon Race

right? "

In the void, Eclipse Supreme stood proudly in the void, his face was cold, his eyes like the sun and the moon stared coldly at the throne, murderously soaring into the sky.

This throne, he naturally knew, was one of the commanders of the imperial family of the Dark Clan. He fell alive during the war, and he did not expect to be alive.

"It's right? Supreme Eclipse, how can you not understand what you said?" The Throne snorted coldly: "Back then, your Abyss Demon Clan had promised to give this world to my Dark Clan for survival, which means that everything here should be All belong to my dark clan, but now you forcibly break into the Heiyu continent of my dark clan and fight

Breaking the barrier of Heiyu Continent caused the Dark Origin and your Demon Realm Origin to become entangled, and you should be the ones who violated the contract. "

now.

Above the Infinite Demon Prison, the billowing dark origin dissipated, and quickly merged with the Heavenly Dao above the Abyssal Demon Race, and also clashed with the Heavenly Dao of the entire Demon Realm. The entire Demon Realm was roaring and roaring, as if the end was coming.

The royal seat said coldly: "Extreme Eclipse, if you are still willing to abide by the agreement of the year, you should leave now, repair the world of the Infinite Demon Prison, and prevent the dissipation of my dark origin. This is true cooperation."

"It seems that you are obsessed with not comprehending." The Supreme Eclipse drew coldly, a fierce light flashed in the depths of his eyes. The next moment, the power of the abyss in his body suddenly exploded, and his body quickly became extremely majestic, like a giant with a thousand feet. , Facing the dark forbidden ground below, it hits down with a punch

.

"Since you have to fight against my Abyss Demon Race, that seat will be annihilated today. You have fallen back then. You are just a remnant soul, so you are not worthy to live in this world."

The huge fist fell, like a meteorite blasting down, with a bang, the world collapsed, hitting heavily on the rising prohibition of the dark forbidden land, causing the entire dark ancestral land to shake, about to collapse.

"Everyone listens, let me block the enemy."

The throne yelled and pressed his hands on the ground. The next moment, the entire dark forbidden area exploded directly, and the blood tombs lit up in an instant. In every blood tomb, at least half a step of the supreme aura rose up, and there were many more. The breath of supreme class.

This is the power of countless dark people who fell in this universe back then, at this moment, it exploded directly.

"Boy, hurry up and refine the Demon Soul Source Device."

The Throne sternly said to Qin Chen, the whole person rose up into the sky, and a series of supreme aura blessed him, and the big array of eighteen demon puppets broke directly, and the eighteen demon puppets flew out by him.

With the blessing of the supreme aura, the throne's body at this moment is getting more and more solid, stepping out of the void step by step, and firmly confronting the supreme Eclipse Yuan.

"My patriarch."

Elder Ancient Demon and others looked at the Supreme Eclipse.

Supreme Eclipse snorted, "Since the Dark Race people are going to fight, kill them all. The key is, where is the Lord of the Abyss?"

The ancient demon elder glanced around and frowned, "Master Eclipse, the Lord of the Abyss and the people of the underworld at that time indeed entered the Infinite Demon Prison, but there seems to be no trace of them here."

Now the aura on Qin Chen's body is completely the appearance of a member of the dark tribe, the elder of the ancient demon did not recognize it at all, Qin Chen is the person in the underworld next to the Lord of the Abyss.

"It doesn't matter, everything is destroyed."

Supreme Eclipse snorted coldly, he stepped out one step, and the magical rainbow bloomed on his body, the power of the Yuanmo boiled, and he killed it strongly.

boom!

Suddenly, the two sides were madly confronting each other, and the two madly fought each other, and they were evenly matched. In a short time, no one could do anything about it.

In terms of strength, the Supreme Eclipse is actually far away from the Throne, not to mention that the Throne today is just a remnant soul.

but...

In this dark forbidden ground, Supreme Eclipse's own power will be strongly suppressed by the power of darkness, and his strength can only be used by 70% or 80%. On the other side, the Throne blessed the power of countless fallen strongmen in the entire dark forbidden ground. The blood tombs turned into a simple and simple array, and all the power gathered on the Throne, which made the power in his body. , For a moment

Raised to the extreme.

Boom!

The two played against each other, and the earth-shattering breath pierced through the heavens and the earth, almost tearing apart the heavens of the demon world, and a magnificent breath rushed straight into the sky.

At this time, before the Demon Soul Source Device, Qin Chen did not expect that the Throne would actually resist the Supreme Eclipse for himself, and his body and mind were all immersed in the Demon Soul Source Device in front of him.

In that Demon Soul Source Device, a terrible devouring force surging continuously, swallowing the source of darkness in his body, it seems that this Demon Soul Source Device has a strong suppression of the power of darkness.

The power of darkness that Qin Chen has continuously exerted is unable to suppress the devouring of this Demon Soul Source Artifact.

Even Qin Chen felt that even if he spurred the blood of the Dark King, he couldn't suppress the Demon Soul Source Artifact.

"Master, refining the demon soul source device, it is absolutely impossible to use external force, you must use the power of the deep demon."

At this time, the voice of the Lord of the Abyss rushed.

Without being reminded by the Lord of Abyss Demon, Qin Chen suddenly converged the source of darkness in his body, and a trace of Abyss Demon's power was quietly released from Qin Chen's body, and in this Abyss Demon's power, Qin Chen also incorporated a trace of the aura of the Demon Tree of Ten Thousand Realms.

The Demon Soul Source Artifact that had strongly resisted and suppressed Qin Chen before, at this moment, the strong suppression and swallowing power instantly weakened more than ten times.

Click!

He heard a piercing roar, and the magic energy around the black sphere instantly dissipated, exposing the magic soul generator inside.

The demon soul source device was like an armillary sphere. The whole body was pitch black, with magic lights surging around the demon soul source device. In the depths of the magic light, there seemed to be something vaguely.

This thing gave Qin Chen a strong sense of familiarity.

boom!

From the demon soul source device, a breath that penetrates the supreme rules of the demon clan escaped in an instant.

Under this breath, Qin Chen seemed to feel the supreme power and rules of the Demon Realm, as if he had seen the scene opened up by the Demon Realm.

"what?"

"The prohibition on the Demon Soul Source Device has actually been opened."

"How can it be?"

In the distance, Supreme Eclipse, who was fighting against the throne, felt this breath, was shocked instantly, and looked shocked. The Throne also looked over in shock, his face showing ecstasy.

[Chapter 4830: Pinnacle Supreme](#)

Who is this person?

Rushing waves emerged in the heart of Supreme Eclipse Yuan. At this moment, he couldn't care too much, and a terrible Yuan Demon aura in his body directly rose.

boom!

Supreme Eclipse Yuan's body seemed to be burning with a sky-reaching flame.

He started to burn the origin.

If the Dark Clan were to take away the treasure of the Abyssal Demon Clan, then the ancestor would return, and he would definitely be unable to escape punishment.

He didn't care about it before, because he didn't believe that the Dark Clan could control the Demon Soul Generator, but at this moment, after Qin Chen directly broke the external restriction of the Demon Soul Generator, he immediately became nervous.

The power of the heavy abyssal demon burst out from his body. The next moment, the entire world of the abyssal demon was moved by him.

"With my strength, gather the power of the Supreme Abyss Demon, town."

The Supreme Eclipse looked up to the sky and roared, and the power of a heavy abyss quickly poured into his body, but he suppressed it severely.

With a bang, the dark forbidden ground defense condensed by the throne was shaken for an instant, making a clicking sound, as if it was about to be broken at any time.

"Ancient Demon, you pass on your power to me."

The Eclipse Supreme roared, the expressions of the ancient demon elders and others also became nervous, one after another, they urged the origin of the Abyss in the body, and quickly instilled them into the body of the Eclipse Supreme.

In an instant, the Supreme Eclipse is like a giant that pierced the sky, unparalleled in the world, bombarding wildly, and in an instant, there were thousands of blows, and the void exploded, like a stormy sea.

"Sovereign Eclipse, with my throne, don't want to break into my dark forbidden area." The throne roared and boomed. He knew that Supreme Eclipse was desperate, and the source of darkness in his body was directly burned. In an instant, the entire darkness of the forbidden land The blood tombs are burning. For hundreds of millions of years, countless fallen powerhouses of the dark race have been like

The tide was generally instilled into his body, blocking the attack of the Supreme Eclipse.

At the same time, the throne looked at the dark thunder ancestors and others, and shouted: "You guys, go and control the magic soul generator with that kid."

boom!

The throne roared, and from his body, hundreds of dark tentacles were shot out in an instant, and each tentacled gleamed with bright dark runes, containing supreme power.

Each of these tentacles was a gathering of strong men from the dark clan that year. Countless tentacles waved, blocking the Eclipse Supreme and the Eighteen Demon Golems from the dark forbidden area.

Upon seeing this, the dark thunder ancestors and others flashed their eyes and swept toward the demon soul source device, and then showed their dark origin to the demon soul source device.

Before the demon soul generator, Qin Chen stood there. In front of him, the demon soul generator kept surging, and the black demon energy continued to flow. From the demon soul generator, a powerful aura permeated. Out.

Qin Chen urged the power of Yuan Mo and quickly merged into the Demon Soul Source Device in front of him.

Above the Demon Soul Source Device, a dazzling light shined brightly.

At the same time, a vague shadow appeared from the demon soul source device, and there seemed to be something in the demon soul source device.

Boom boom boom!

And while Qin Chen was preparing to refine the Demon Soul Source Device, the Dark Thunder Ancestor and the others all shot together, bursting from the roots of the Dark Origin, and quickly docked on the Demon Soul Source Device.

The source of darkness was quickly integrated into the Demon Soul Source Device, and it was forcibly refined.

Seeing this scene, Sikongzhen and Linyuan Supreme's face changed drastically, and they shouted together: "Ancestor Dark Thunder, what are you doing?"

"What do you do? Naturally it is to refine this demon soul source device. This thing is the treasure of the Yuanmo clan. It is extremely difficult to refine it. It is extremely difficult to refine it by this person alone. I

am afraid it is extremely difficult to do it. With help, the speed of refining can be increased by several times at least."

Ancestor Dark Thunder said with a sneer.

"you..."

Sikongzhen and Linyuan Supreme were frightened.

What helped Qin Chen refine the Demon Soul Source Tool? The actions of the Dark Thunder ancestors clearly wanted to refine the Demon Soul Source Tool before Qin Chen.

It's too despicable.

boom!

A series of terrifying sources of darkness poured into the demon soul source device, and the demon soul source device was quickly invaded by the power of darkness, contaminated with a hint of darkness.

"This is..."

Qin Chen frowned, and immediately felt something was wrong.

For some reason, a strong sense of crisis rose in his heart.

This Demon Soul Source Device had obviously been able to absorb a large amount of dark origin before, but why, now that it is corroded by this dark origin, it seems that there is no resistance at all?

This is weird. The dark thunder ancestors felt ecstasy when they felt the change of the magic soul generator. They could feel that this magic soul generator could not stop their invasion of the dark source at all, under their invasion of the dark source. , This magic soul source

The device is being quickly controlled by them.

10%.

30%.

50%.

80%!

Seeing it will reach ten percent.

Suddenly, Qin Chen's heart suddenly surged with a hint of horror.

"not good."

His pupils shrank and his figure retreated violently.

"retreat!"

While retreating, Qin Chen shouted at Sikongzhen and Linyuan Supreme.

The two of them were startled, and subconsciously followed Qin Chen back.

The Dark Thunder ancestor and others looked puzzled, and didn't wait for the doubts in their hearts to rise.

Bang!

A terrible breath suddenly burst out of the huge Demon Soul Source Device.

At the moment when the Dark Thunder ancestors and their dark origins were about to take control of this demon soul generator, the entire demon soul generator shook violently.

Om, a terrible divine will spread, full of ancient and sang sang, as if a beast from endless years has awakened, full of anger, to destroy the world.

From the demon soul source device, suddenly condensed a towering figure that reached the sky.

This is an ancient figure, with a breath that is extremely old and decayed, but it exploded with terrible power that shattered the world. His figure condensed, trembling in the void, and a breath of peak supremacy, madly dissipating.

This is a pinnacle supreme.

boom!

As soon as this figure appeared, the entire dark forbidden area trembled and trembled, as if it was about to burst. This majestic figure, the eyes instantly gathered on the bodies of the dark thunder ancestors and others. In an instant, the dark thunder ancestors and their bodies were all erected, as if they were being stared at by a wild ancient beast, there is a kind of from the heart Emerging from the depths fear.

"No, get out quickly."

Subconsciously, the dark thunder ancestor and others let out a frightened sound, and their stature hurriedly backed away. But it was too late. When they tried to retreat, they were horrified to find that their figure had been completely imprisoned in the void, and the power escaping from the demon soul generator had completely confined the darkness they drove out. Origin, they are firmly nailed here.
