

## Valkyrie 4831

### [Chapter 4831: Ancient Supreme](#)

At this moment, all the ancestors of the dark race were standing up, with cold sweat behind their backs, and the stormy sea rolled up in their hearts.

Pinnacle Supreme, where is the Pinnacle Supreme in this demon enchantment?

puff!

Before the panic in their hearts fell, they saw a black shadow suddenly flashed by, and a powerful dark clan closest to the Demon Soul Source Device suddenly screamed.

He lowered his head and was horrified to see that an arm of the majestic old man had penetrated his body at some point, nailing him to the void. This palm was very terrifying and terrifying, like sharp claws, but it burst out with endless terrifying power of the abyssal demon. With a thud, in an instant, the dark devilish energy burst out from the claws, and the old man Zu was wrapped in it in an instant

.

"Do not!"

The ancestor let out a scream, his body burned for an instant, he roared in horror, and the darkness in his body continued to erupt, trying to break free from the attack of this majestic ancestor.

But it's useless.

The pinnacle and powerhouse of this Abyss Demon Race is too terrifying. No matter how hard any member of the Dark Race struggles, it will be difficult to escape. In the end, with a puff, his whole person burned out, turned into ashes and dissipated, and disappeared into nothingness in an instant.

Such a scene made everyone's hair horrified, and their hearts trembled.

In an instant, a supreme-level ancestor fell, like an ant, giving a strong shock.

The ancestors of the other dark races all showed anger and looked at the towering figure of the Abyss Demon Race in amazement.

Not only were they shocked, even the Supreme Eclipse, the Elder of the Ancient Demon and others were also dumbfounded.

"Ancient Supreme Elder?"

"He is still alive? How could it be possible? Didn't Huanggu Supreme have fallen back then? How could it be?"

Elder Ancient Demon and the others screamed in astonishment, unbelievable.

Even the Supreme Lord of Erosion has widened his eyes, and he obviously recognized this figure. It is the former Supreme Elder of their Abyssal Demon Race, the Supreme Lord of the Ancients, but the Supreme Lord of the Ancients has fallen back then? how come...

Eclipse Yuan Zhizun and others were all dumbfounded.

On the other side, the Lord of the Abyssal Demon in the Chaos World also looked solemn, and said anxiously: "Master, be careful, this person is the ancient supreme of my Abyssal Demon Clan?"

"Wild ancient supreme?" "Exactly, Huang ancient supreme was once a supreme elder of my abyssal demon clan. He is extraordinary in strength and a master of the pinnacle supreme level. When he was young he was even qualified to compete with the ancestor for the clan leader of the abyssal demon clan. Position, but later lost by the ancestors

, When his subordinates went to the Tianwu Continent that year, this ridiculous ancient supreme had no longevity, and the retreat was comparable to sitting in a state of life, and he was still alive! "

The Lord of Abyss Demon has a heavy expression: "The strength of the Ancient Demon Sovereign reaches the sky, and is by no means weaker than the Supreme Sovereign Eclipse. You must be careful."

Qin Chen looked at the towering Wild Ancient Supreme, and his heart sank. The aura of this desolate ancient supreme is extremely surging, like waves, almost endless, a breath of peak supreme permeates, although it is decayed, it seems to fall at any time, but this is the true peak of supreme power.

, Qin Chen's heart was shocked, and his body was about to split on the spot.

Originally, the arrival of the Supreme Eclipse has made the situation extremely complicated, but now, there has been such a Supreme Supreme who is about to enter the woods, so that the situation of the Abyssal Demon Race has an advantage in an instant. "Huh, how many tens of thousands of years? The old man doesn't know how long he slept. The ancestor of the deep demon let this seat guard this place and seal the lifespan to prevent your dark people from harboring a sinister heart against my deep demon. Old man. I was almost sitting down, I didn't expect it, Yuan

The demon ancestor really did not expect it wrong, your dark people do have wolf ambitions. "

In the rumbling roar, Huanggu Supreme came step by step, and with each step, the world shook violently, as if it were about to collapse.

"Since you despicable white-eyed wolves want to die, the old man will do you well."

boom!

Thousands of devilish energy suddenly burst out of the ancient supreme, crazily entwining the many dark ancestors present.

"No, go back!"

The dark thunder ancestors and others retreated in anger.

Among them, there were three black magic qi, which burst at Qin Chen's trio.

"My lord, be careful."

Sikongzhen and Linyuan Supreme were shocked.

"Kun Demon Palace."

"Linyuan Stone Gate."

Sikongzhen and Supreme Linyuan roared together and appeared in front of Qin Chen for the first time, with amazed expressions, and hurriedly mobilized their strongest defense, the powerful supreme treasure weapon, came and resisted them in an instant. With a bang, I saw that demon energy blasted above Kun Demon Palace and Linyuan Stone Gate, and I heard a bang. There was a slight crack on the two supreme treasures. At the same time, a violent impact came,

Sikong Zhen and Lin Yuan Zhizun flew out in an instant.

At the same time, a breath rushed towards Qin Chen.

Qin Chen's pupils shrank.

The source of darkness within the body was urged to the extreme in an instant, and it slammed out of the demon energy in front of him.

boom! The fist light collided, and an astonishing roar resounded, Qin Chen's figure retreated, and this demon energy impacted along his body and entered his body instantly. If it were not for Qin Chen's body to be extremely strong, I am afraid that under this blow, His body will be crushed on the spot

.

Because of this, the internal organs in Qin Chen's body also vibrated, and there was a feeling of cracking.

too strong.

A peak supreme-level powerhouse, even if it was just a casual aura, was not something that Qin Chen could easily resist today. He snorted and swallowed the \*\*\*\* smell from his throat. When he turned his head, he saw that Sikongzhen and Linyuan Supreme were even more miserable. The two of them almost exploded, their auras scattered, and they were extremely embarrassed. Blood spilled from the corners of their mouths. Void, Qi

Qi burst.

Of course, Sikongzhen and Linyuan Supreme are not bad, after all, they have Supreme grade treasures to resist, and the worst is the ancestors of the dark race.

"what!"

There was a screaming scream, and in an instant, three ancestors died directly, and they were burned into ashes by this devilish energy.

The rest of the Dark Clan ancestors all looked terrified.

If they were in their heyday, it might still be possible to resist it, but it was only possible, but they were just a remnant soul, how could they withstand the attack of the ancient supreme.

Seeing Huanggu Zhizun's great power, Yaoyuan Zhizun and others were ecstatic, the big stone in their hearts fell instantly.

Unexpectedly, the ancestors had prepared for a long time and knew that the Dark Clan was not reliable. Therefore, the ancient Supreme Master was arranged here. As long as the ancient Supreme is there, then the guys of the Dark Clan would never want to seize the Demon Soul Source Tool.

However, what makes Luzyuan Supreme a little depressed is that the things of Huanggu Supreme, even he did not know it, was kept in the dark. Obviously, the ancestor did not tell him everything.

### [Chapter 4832: Royal Breakthrough](#)

This made Lu Yuan Zhizun's heart quite disappointed and depressed.

If he had known that Huanggu Supreme was here, how could he be so worried.

He was depressed, but the throne was horrified.

"boom!"

An earth-shattering power erupted from his body, layers of power soaring into the sky, and he bombarded out frantically, trying to retreat and rescue the Dark Thunder Ancestor and others.

But how could Lu Yuan Zhizun give him a chance?

"Hahaha, Throne, don't waste time, just play with me for a while."

Eclipse Yuan Zhizun laughed and suppressed it strongly.

This time, the positions of both of them were obviously changed. It was no longer the Supreme Eclipse that wanted to attack, but the Throne who wanted to attack.

The throne was furious, but under the attack of the Eclipse Supreme and other strong men, he couldn't break free at all.

the other side.

"Master Throne."

"what!"

"Fight with him."

The dark ancestors roared together, but to no avail, under the attack of the ancient supreme, they fell one after another, like fireworks blooming, extremely miserable.

boom!

The roar between the sky and the earth exploded, and the remnant souls dissipated, very stern and terrible.

"Hmph, just a bunch of ants, Yan can escape the old man's attack."

The ancient supreme sneered, stepping out step by step, murderously, and a respectable dark ancestor fell again and again under his attack.

Puff puff!

A powerful man fell, the heaven and earth of this heaven and earth shook, and the supreme rules emerged, throbbing.

Supreme!

What a terrifying existence, not to mention invincible, is also the existence of a giant, but at this moment, it has fallen again and again, and it is fragile and vulnerable.

A wave of supreme power merged into the world, rumbling, and the entire demon world was shaking. now.

In the vast void of the Demon Realm hundreds of thousands of miles away from the territory of the Abyssal Demon Race, there is nothingness everywhere, no emptiness, no life, no death, and no silence, just like dead silence.

And just in this void of nothingness, there is a dark abyss, and in this abyss, there are rows of dark space fragments, among these space fragments, there are even kingdoms.

And in this country, there are countless figures of people, these people, with ancient aura, all looked at the ancestral land of the Abyss Demon Clan with horror.

"This is..."

"What happened in the ancestral land of the Abyssal Demon Race? Why is there such an astonishing fluctuation?"

"That breath seems to be the power of darkness. Is it possible that the ancestors of the deep demons are uniting with the dark clan and entering my demon world?"

A shocking voice came out with a worried look.

"Go and inform the goddess."

Whoosh whoosh!

A few terrible breaths instantly rose into the sky and entered the depths of the endless abyss.

At this moment, the dark forbidden area is located.

Qin Chen looked solemn, his expression gloomy as he looked around.

The development of the matter has exceeded his expectations. Not only the Supreme Eclipse has arrived, but now even the Ancient Supreme of the Abyss Demon Race has also appeared.

Qin Chen looked at the demon soul source device, where the dark demon energy surged, Qin Chen clearly felt that he had left some marks on the demon soul source device, but he wanted to truly refine it, at least not it takes a lot of energy.

And now, with the guardian of the Desolate Ancient Supreme, there is no chance for him to make a move.

Once he changes, he will inevitably be targeted by Huanggu Zhizun.

"Kid Qin Chen, what else is he doing? It's better to let the ancestor go out and destroy the ridiculous ancient supreme directly."

In the chaotic world, Honghuang Zulong said excitedly.

He has been held here for too long, and he wanted to go out and fight for a long time.

Qin Chen looked solemnly: "It's not time yet."

He looked around, frowning.

"Now is not the time, when will we wait?"

Honghuang Zulong was speechless.

He didn't know what Qin Chen was waiting for.

But at this time, Qin Chen's gaze fell on the throne.

He didn't believe that the Dark Clan only had such a little hole card.

Sure enough, when the Throne saw the fall of countless dark ancestors and the dark aura returned to the Heavenly Dao of the Heiyu Continent, a sharp expression suddenly flashed in the depths of the Throne's eyes.

As soon as he gritted his teeth, a piece of black jade suddenly appeared in his hand. As soon as this piece of black jade appeared, a heart-palpitating breath spread out in an instant.

It was as if some kind of evil radiation source appeared in this space.

"This is..."

The gazes of the Supreme Eclipse and the Supreme Huanggu all condensed.

"Snapped!"

Under all eyes, the throne suddenly crushed the black jade.

boom!

I saw a sky-reaching devilish energy rising into the sky. After the black jade was shattered, a terrifying aura burst out in an instant, and it entered the dark forbidden ground in an instant.

next moment!

boom!

The entire dark forbidden area exploded in an instant, and countless blood tombs exploded. From the bottom of the forbidden area, a palpable breath suddenly rose.

"That is..."

In the next moment, everyone saw a dark, terrifying existence, rushing out of the ground.

"Woohoo!"

There was the sound of ghost crying and wolf howling, quickly sweeping, the pressure of the peak supreme class was released in an instant, and in the breath of this peak supreme, a force that suppressed the origin of all the dark races poured out.

It is the power of the dark royal family.

"Master Breaking Army."

"It's Master Breaking Army."

"Master Pojun is actually in Heiyu Continent?"

Feeling the breath of this powerful dark clan, the power that made them almost surrendered, Sikong Zhen and Linyuan Supreme hurriedly changed color, and the other Dark Thunder ancestors and others also said silently.

This person is an existence in the dark royal family.

Breaking the military!

As soon as this person appeared, the power of the dark royal family rushed to the sky, and the power of the Supreme Erosion Yuan to restrain the throne was shaken away for a moment, and the throne took the opportunity to retreat and came to Pojun's side.

"The dark royal family, there is a dark royal family in the Infinite Demon Prison?"

Zhu Yuan Zhizun's eyes widened, showing a look of anger.

Haven't all the top executives of the Dark Clan already left?

On the other side, Sikongzhen and Linyuan Supreme came quickly to Qin Chen's side, looking nervous.

"Breaking the military?"

Qin Chen whispered, his eyes cold.

The moment this person appeared, the Dark King's blood in his body felt like it was boiling, containing endless killing intent.

"My lord, this is Lord Pojun... This person and Lord Shitian are not in the same line. The invasion of this universe back then was presided over by Lord Shitian. Why is Lord Pojun here?"

The two opened their eyes wide in disbelief.

Under the billowing royal atmosphere, they were soft and hard to support.

"Isn't it the same vein?"

Qin Chen squinted his eyes, and he faintly had some guesses.

It should be noted that in those days, Di Shitian was trapped, not only because he was caught in the trap of the human race, but also because he was betrayed internally.

Could it be that this broke the army?

On the other side, the Throne suddenly fell by Pojun's side after breaking free from the shackles of the Supreme Eclipse Yuan.

"Meet the emperor."

The Throne respectfully said, his expression excited.

"Throne, what's the situation now?" The dark royal family looked at the throne with cold eyes, and looked around, there was cold light blooming.

### [Chapter 4833: Dark Royal](#)

Yuzualian respectfully said: "My lord, the demon clan's most treasured barrier has been opened by me, and the thing in front of me is the abyssal demon soul source device of the deep demon clan. As long as you control this devil soul source device, you can control the entire abyssal demon. Clan, let my dark clan enter this

Piece of the universe. "

Po Jun raised his head to look at the Demon Soul Source Device, and said faintly: "Oh, that's the Demon Soul Source Device?" Throne continued: "But we are also in trouble. The Eclipse Patriarch of the Yuan Demon Race has arrived, and, The Yuan Demon Race also hides a pinnacle supreme in this demon soul source device, which caused us to be unable to control the demon soul source device.

, So I can only let the adults take action. "

"Peak Supreme? Interesting."

This Pojun looked at the ancient supreme, "Is it him?" Speaking of this, the corner of Pojun's mouth was sketched with a hint of sarcasm: "It's nothing more than an old thing about to step into the coffin. The fire of life in his body is almost extinguished, and I don't know to go back to accompany him. Stay with your family, accompany your children, leave a last word, what can you do here,

act recklessly. "

Huanggu Supreme snorted coldly: "Arrogant fellow."

However, his eyes were frozen like never before.

The dark royal family, this is no ordinary person. They all have a position against the sky in the dark family. It is rumored that the dark royal family has extremely terrible blood, and it is easily impossible to kill.

Po Jun sneered, "Crazy is not arrogant. It's not that you have the final say. No matter, the throne, this ridiculous ancient supreme will be handed over to me. For the rest, you will solve it. By then, you will control the entire demon world and count you a great achievement."

"Thank you, Lord Pojun."

The throne looked ecstatic and excited.

Don't wait for his voice to fall, Pojun has already killed out. With a bang, an earth-shattering atmosphere of darkness erupted from his body, and the power of a dark king's blood erupted unscrupulously. With a wave of the army, the atmosphere of the sky was swept away in an instant, and he stood proudly. Master of heaven and earth, release

The breath that came even seemed to tremble with the heavens and the earth.

Qin Chen understood that it was not the world that feared him, but the dark rules in this world.

The Dark King's blood is extremely terrifying, surpassing most of the known powers, and it is extremely difficult to destroy, otherwise the sword ancestor of the Tongtian sword pavilion will not spend hundreds of millions of years, and it will not be able to kill Emperor Shitian.

And this breaking army, although the body breath is only the late supreme, but it is definitely not weaker than the ordinary peak supreme level master. "The Ancient Supreme, you should also be regarded as one of the most heaven-defying existences in this universe. You should know the origin and extraordinariness of this seat, and give you one last chance to surrender to this seat and become a dog of this seat. Can give you a glorious

path of. "

Po Jun stepped forward with a proud look.

"Hmph, the scum of the dark race, relying on their own blood, do they think they are invincible? They dare to be presumptuous in front of this seat!"

Huanggu Zhizun sneered, reached out his hand, and boomed, the power of heaven and earth was instigated, and the rules were simply not allowed to exist, and they scattered one after another.

This blow can destroy the world.

"It seems that you are obsessed with it."

Breaking the army sighed and shook his head, not afraid of this blow, and blasted out the same punch, with a bang, the world collapsed, and a monstrous dark breath instantly poured out like the ocean, like a tsunami gushing out.

Bang!

Under this blow, the world collapsed, and the entire Dark Ancestral Forbidden Land was about to explode, and even the Heiyu Continent was roaring like an earthquake. Many masters of the dark race looked far from shocked, and the soul seemed to be bursting. Like.

With a bang, Po Jun was shocked and flew out, and was directly blown away by tens of thousands of meters. In terms of cultivation base, he is not as good as the Ancient Supreme, his body smashed into the void, and then stopped, but as soon as he stopped, his physical body erupted with an astonishing roar, and a burst of darkness escaped from it. As if to burst

.

Breaking the army snorted coldly, and the dark aura that was rolling out was instantly sucked into his body by him, and his calm was restored, but his face was a little gloomy.

"Huh, the dark royal family, but so."

The ancient supreme sneered.

The Dark Clan is strong, but he is not an ordinary person, but the dominant-level clan among the top-level demon clan of the ten thousand clan, the supreme elder of the deep demon clan.

In terms of blood, he is also the top of the universe, not inferior to anyone.

"grown ups!"

Throne and the others watched nervously, but before he could come, a figure suddenly stopped him.

It is the Supreme Eclipse.

Eclipse Yuan Zhizun shot, bringing the ancient demon elder and others to stop the throne directly.

This is not to give them a chance to interfere.

Not far away, Po Jun frowned and said coldly: "Because I just woke up, my strength hasn't been restored to its peak. What's so good about it."

Huanggu Zhizun sneered: "No matter what the reason, if you lose it, you lose it. Give me death."

The voice fell, boom, he suddenly raised his hand to Po Jun, and a more terrifying Abyss Demon Clan aura rose to the sky, and went straight to Po Jun.

Po Jun snorted and stepped forward again.

Bang!

Under this blow, he was once again blown away by tens of thousands of meters, and he fell asleep for too long, and his strength has not been restored to its peak.

But this time, although he was blasted out, his physical body did not have much injury, and the dark aura flowing above the physical body resisted almost all the attacks.

"kill!"

Po Jun's face was ugly, and he did not hesitate to fight again. If it were not for some reason, he would not have been knocked into the air so easily.

Boom boom boom!

The two fought, and the terrifying dark aura on Brojun's body soared into the sky, and the whole figure turned into a dark dragon, soaring for nine days, fighting together with the ancient supreme.

Although the theory of breaking the army is not as good as the ancient supreme, but he is fearless.

"Looking for death!" Huang Gu Zhizun was furious, and patted Po Jun with his hands again.

Bang bang bang, every time he slapped the army, he was shot into the air without any suspense, but he would immediately come back every time, with almost no injuries on his body, as if he was an unkillable monster.

The dark clan, the physical defense is extremely terrifying.

The Abyssal Demon Race is already considered a sky-defying existence in this universe, but compared to the Dark Race, it is still far from enough.

This is a powerful group that has survived the end of the universe. However, being suppressed in this way made Po Jun's heart extremely angry. Finally, he was really angry. He kept a part of his power to suppress a certain existence, so that he could not exert his real power. Unexpectedly, he was caught The Demon Race

Zun directly oppressed him and made him unable to bear it.

Boom, he blasted another punch, and his power suddenly soared tenfold or even a hundredfold, and it was terrifying to the extreme.

This time, he really made a shot with all his strength. With a punch, the void collapsed. With such a powerful force, even the Heavenly Dao of Heiyu Continent was jealous. In an instant, there was a kind of heaven that would be directly crushed under this punch. illusion. Too powerful, the world can be destroyed.

#### [Chapter 4834: Don't act rashly](#)

Bang, this time, the broken army was not retreated, his power collided with the power of the ancient supreme, the power of darkness and the power of the deep demon collided with each other, evenly matched, but suddenly, from the power of the broken army, emerged An extremely weird force came out. As soon as this force appeared, Pojun immediately gained the upper hand in the confrontation.

boom!

This time, it was the turn of Huanggu Zhizun to be shaken off, and his breath fluctuated.

What?

The eclipsed Supreme Master looked furious today, and the Huanggu Supreme Elder was actually repulsed.

"Human power, how can you have such a powerful human power in your body?"

Huanggu Supreme said in anger.

Just now, he was actually able to suppress Pojun, but an extremely powerful human force suddenly emerged from Pojun's body, which made him fall short.

"You demons can blend into the power of my dark clan, why can't you blend into the power of the human race?"

Po Jun sneered.

"Could it be that you have been staying in this Heiyu Continent all these years to comprehend the power of the human race in this universe?"

Huang Gu Zhizun frowned, and breathed in air.

If this is the case, then the other party is too terrible.

"wrong."

But soon, Huanggu Zhizun shook his head and felt something was wrong.

How can the power of the human race be so easy to perceive? What's more, the opponent is a person of the dark race, not a strong man in this universe. If it is so easy to perceive the power of such a powerful human race, the opponent would have controlled the entire universe long ago. There are other reasons.

Huang Gu Zhizun squinted, what is the reason?

When he was puzzled, Bro Jun gave a sneer and killed him again. He burst out with a shocking dark aura, and in this dark aura was accompanied by the power of the human origin.

The combination of the two instantly formed an extremely terrifying state.

Boom boom boom!

The attacks were madly suppressed.

Moreover, from the body of the broken army, an astonishing power of the Dark King's blood was permeated. Boom, in his body, a series of terrifying dark tentacles appeared. These were not real tentacles, but an astonishing concentration of dark origins. Covering the sky and the sun, covering almost the entire sky.

The strong blood aura of the Dark King directly enveloped the entire dark forbidden area. Under this pressure, Linyuan Supreme and Sikong Zhen retreated together, their minds trembled.

The blood of the Dark King is too terrifying. For the powerhouses of the Dark Clan, this is a force that cannot be resisted at all, and they feel the pressure from the soul level.

Boom boom boom!

In the fierce battle between Pojun and Huanggu Supreme, the two sides are evenly matched. Although Huanggu Supreme wants to surpass the Pojun, he does not have much lifespan after all, and his blood is not so strong. For the Pojun with the blood of the Dark King, Not enough suppression.

"You guys, go take this demon soul generator."

While fighting against Huanggu Supreme, Po Jun shouted at the Dark Thunder Ancestor and others.

"Yes!" The dark thunder ancestor and others looked excited, and rushed directly to the demon soul generator without hesitation, and then one after another shot, the black origin aura like tentacles, one after another on top of the demon soul generator , The source of darkness merged into it, and began to control the magic soul generator.

boom!

Above the entire Demon Soul Source Device, there was a burst of aura suddenly surging, surrounded by astonishing demon aura, it seemed to be frantically resisting the plunder of the Dark Thunder ancestors.

At this moment, the throne was in control of the Demon Soul Source Tool against the Anti-Corrosion Yuan Supreme, the Broken Army vs. the Wild Ancient Supreme, the Dark Thunder Ancestor, and others. The two sides immediately fell into a balance, and the three Qin Chen present immediately became eye-catching. stand up.

"Huh? Why don't you three control the Demon Soul Generator?"

Po Jun looked over attentively, Boom, his eyes, as if they could penetrate the world, fell on the three Qin Chen in an instant.

Suddenly, Sikong Zhen and Linyuan Supreme trembled. Such a look was too terrifying. Fortunately, they were both mid-term supreme masters. Under such a look, their minds trembled, and their bodies seemed to collapse.

Especially the power of the Dark King's blood in Pojun's body, even at the soul level, caused an astonishing suppression on them.

This is a strong suppression of the superiors on the inferior.

Sikongzhen and Linyuan Supreme hurriedly looked at Qin Chen.

Especially Sikong Zhen, who faintly knows Qin Chen's identity, naturally depends on his decision.

"Don't move rashly."

Qin Chen transmitted the sound to the two of them, and the Dark King's blood in his body was dormant to the extreme, and then he looked at Pojun respectfully, "The subordinates were dormant in the majesty of the adults, so they were a little lost for a while, please forgive me, I will pass now. ."

When the voice fell, Qin Chen brought Sikongzhen and Linyuan Supreme to the front of the Demon Soul Generator in an instant, urging the Dark Origin together to invade the Demon Soul Generator.

Po Jun glanced at Qin Chen, frowned, vaguely felt something wrong, but couldn't figure out what was wrong.

At this time, the attacks of Huanggu Zhizun kept coming, making him distracted.

In front of the Demon Soul Source Device, Qin Chen instilled the power in his body into the Demon Soul Source Device, while transmitting a voice to remind Sikong Zhen and Linyuan Supreme.

"You two should be careful. If there is an accident, you should leave here as soon as possible, and leave this universe with your subordinates and return to the dark continent."

"My lord, you..."

Sikongzhen and Linyuan Supreme both looked over in astonishment.

"Don't ask why."

Qin Chen's eyes were sharp, his hands were placed on the two of them, and a terrifying breath of Dark King's blood poured into the two of them instantly, and flashed away in the two of them.

boom!

Sikong Zhen and Linyuan Supreme only felt that the blood in their bodies was about to boil, and the source was all cheering for joy.

It is the power of the Dark King's blood.

Qin Chen instilled a trace of the power of the Dark King's blood in his body into the two of them, which not only activated the original activity in their bodies, but also left a mark in their bodies.

At this moment, whether it was Sikong Zhen, who had already known Qin Chen's identity, or Linyuan Supreme, who had guessed, his heart was shocked and excited, and he couldn't believe it.

The blood of the Dark King is an incomparably noble existence, and Qin Chen's doing so is equivalent to giving a surname to a slave by his master, which is an incomparably glorious thing.

Was he recognized by the royal family?

Sikongzhen and Linyuan Supreme were both excited and puzzled.

If Lord An is a member of the royal family, then why should he be so humble in front of Lord Pojun?

Qin Chen seemed to know the doubts in their hearts, and said in a deep voice: "I know the doubts in your hearts. Yes, this young master is also a member of the Dark Royal family, but he is not in the same line with Pojun. My purpose in coming to Heiyu Continent this time. One is to try to control the treasure of this demons, and the other is to investigate the cause of Di Shitian's death that year."

"The cause of Lord Di Shitian's death?"

Sikongzhen and Linyuan Supreme were shocked.

Could it be that...

At this moment, the two suddenly thought of a rumor that had been circulating among the dark people for many years.

#### [Chapter 4835: Also royalty](#)

There are rumors that the death of Lord Shitian was not just a trap of the human race, but also because he was framed by another dark royal family.

Could it be that this sound transmission turned out to be really unsuccessful?

Sikong Zhen and Linyuan Supreme shook in their hearts.

At this time, Qin Chen's voice came again, "I think you should have guessed it, yes, the death of Di Shitian back then was not an accident, but someone colluded with the human race in this universe, and reported to the human race. In the location of Di Shitian, a trap was specially arranged for Di Shitian, which led to the fall of Di Shitian, and I came here to investigate the truth of this."

"Now, I have investigated the truth clearly, this murderer is not someone else, it is this army breaker."

boom!

Qin Chen's words fell in the ears of Sikongzhen and Linyuan Supreme, which was like a bolt from the blue.

incredible.

Lord Shitian was actually killed by Lord Pojun. How could this be possible?

At this moment, Sikongzhen and Linyuan Supreme were shaking their hearts, and their eyes were horrified.

This secret is too terrifying, it is related to the internal fighting of the dark people, and it makes the two of them panic.

Regardless of the fact that Sagong Holy Land and Linyuan Holy Gate are extremely powerful, they are not weak in the Dark Continent, but compared with the royal family, they are really like ants.

Once involved in such a conspiracy, I am afraid that it will be able to wipe out their family in the blink of an eye.

Sikongzhen and Linyuan Supreme felt the panic in their hearts, unprecedented, they suddenly raised their heads and looked at Qin Chen.

Why do adults tell them such a secret?

Qin Chen's face was solemn, "The reason I told you is to let you know that breaking the army is against the purpose of my dark clan, colluding with foreigners, murdering the same clan, and the crime is unforgivable. I hope you will be able to return to the Dark Continent alive. Tell the world about this conspiracy so that everyone in the dark clan can see their wickedness."

"Don't worry that no one believes what you said. As long as you return to the Dark Continent, the power of the Dark King's blood in your body can prove the truth of what you said. My dark clan clears away the wickedness."

Qin Chen's expression was determined.

"But what about you, sir?"

Sikongzhen and Linyuan Supreme looked at Qin Chen again.

Qin Chen told them this secret and wanted them to reveal the truth after returning to the Dark Continent.

But what about Qin Chen himself?

Qin Chen glanced at Pojun coldly: "The Pojun is afraid that he has already seen through the identity of the young master. With his cruelty and collusion with this world and human race, he will definitely not let me leave easily."

Sikong Zhen and Lin Yuan Zhizun were shocked.

My lord means that those who break the army will do something with him?

When this thought came out, both of them were shocked.

And at this moment, with a bang, Po Jun and Huanggu Supreme flew upside down suddenly in the void, standing volleyed against each other.

Both of them were scarred, their breaths were empty, their breaths antagonized and suppressed each other, but no one could do anything about it.

The blood of the Dark King is indeed powerful, but the blood of the Abyssal Demon Race is by no means ordinary. Moreover, the previous attacks of the Ancient Supreme also contained infinite magic power, which made the blood of the Dark King failed to crush it.

"Damn it, if it weren't for the blood of this seat to be fully displayed in this world, how could it be so embarrassing."

Po Jun was annoyed, and in this world, his Dark King's Blood and Divine Might couldn't exert its full power at all.

As soon as this thought came out, Po Jun was startled, his eyes suddenly turned towards Qin Chen.

At this moment, he suddenly understood why he was absolutely wrong with Qin Chen before.

Because before Qin Chen was under his gaze, it turned out to be very natural, and he was not shocked at all.

Moreover, Qin Chen had an aura that made him faintly jealous.

How is this possible?

With the horror of his Dark King's blood, the Dark Clan people should not be able to look directly at him, and would be shocked by his breath.

"Who are you?"

Po Jun frowned, looked at Qin Chen, and asked sharply.

At the same time, Po Jun looked at the Throne and said coldly: "Throne, who is this person?"

The throne was stunned, "Sir, this person is a member of my dark clan, but I don't know the specific origin. This person came with the people from Sagong Holy Land and Linyuan Holy Sect."

"Sikong Holy Land and Linyuan Holy Gate?"

Po Jun looked at Sikong Zhen and Linyuan Supreme, and the two of them instantly felt a trace of terror suppressing them, making their faces pale, their expressions slightly changed, and their hearts panic.

"Who is this person?"

Bro Jun shouted sharply.

Sikongzhen and Linyuan Supreme looked at Qin Chen, their hearts were raised instantly, and they dared not speak.

This made Po Jun's gaze cold. How dare the people of these two major forces not answer him and look for death?

"Sikong Zhen, Supreme Linyuan, don't reply to Lord Pojun's words."

Ancestor Dark Thunder drank coldly, arrogantly.

boom!

Many of their dark ancestors have completely enveloped the Demon Soul Source Device at this moment, and the billowing darkness originated crazily into the Demon Soul Source Device, already wanting to completely control the Demon Soul Source Device.

"Huh? Not talking?"

Po Jun stared at Qin Chen with sharp eyes. Suddenly, his brow furrowed and he slapped Qin Chen abruptly.

Boom!

A terrifying force blasted towards Qin Chen in an instant, and a towering force descended, covering the world, and descending on Qin Chen's head.

Ancestor Anlei's eyes lit up in an instant. He had long seen Qin Chen displeased. It just so happened that this person dared to offend Lord Pojun and seek death.

With this power coming, Qin Chen felt that his soul collapsed instantly and his body was about to be shattered on the spot.

The power of the dark royal family at the supreme level in the later stage was too strong. Under this attack, Qin Chen even felt that it was difficult for him to breathe, and he was about to suffocate on the spot.

"Hmph, can you manage Ben Shao's identity?"

Qin Chen yelled sharply, and a trace of hostility flashed in his eyes, and a mysterious ancient sword suddenly appeared in his hand, which was the mysterious rust sword.

boom!

A terrible dark aura surged out of Qin Chen's body, and the endless source of darkness madly dissipated. At the same time, the power of the Dark King's blood in Qin Chen's body was also inspired by him in an instant.

puff!

A sword light appeared between the world and the earth, and the sword light slashed out violently, like lightning, crashing into the palm of the fallen hand of the broken army.

boom!

The sword light shattered, and Qin Chen flew out swiftly, and the void behind him shattered on the spot and was directly annihilated.

However, Qin Chen's power was also split in half by Qin Chen, bursting to pieces in an instant.

The billowing Dark King blood divine might, madly dissipating from Qin Chen's body, sweeping the world.

Dark royalty?

Feeling this breath, the dark thunder ancestor and others were all dumbfounded.

That kid is also a dark royal?

[Chapter 4836: Royal majesty](#)

boom!

At this moment, Qin Chen's body was filled with a terrible breath of the dark king's blood, and the ocean-like king's blood swept across, staining the world with blood.

In his hand, the mysterious rust sword trembles, astonishing blood bursts into the sky, and it is evenly matched with the broken army.

This is the unique ability brought to him by the Blood of the Dark King.

Originally, with Qin Chen's strength and ability against the mid-term peak supreme, but facing the late supreme powerhouse, it would definitely be dangerous.

After all, Qin Chen today is not even Supreme.

But because of the dark king's blood in his body and the endless dark origin that he absorbed, combined with the mysterious rust sword, he was able to persevere under the attack of the army.

Even so, his physical body was still trembling, and he felt like he was going to be crushed on the spot.

Qin Chen held back the \*\*\*\* smell in his throat, his eyes were cold, and the source of darkness surged all over his body, like a dark \*\*\*\* descending, staring coldly at breaking the army.

"Are you also a dark royal?"

Po Jun stared at Qin Chen with cold eyes.

"So what? Break the army, don't you want to kill me?"

Qin Chen snorted coldly, and stood up step by step, surrounded by the blood of the Dark King, from an ordinary Dark Clan member to a top dark powerhouse in an instant.

The violent breath swept through, making the dark thunder ancestor and the others pale.

They never expected that Qin Chen was also the Dark Royal Family.

Completely unexpected!

But looking back, it made sense.

If they weren't from the Dark Royal Family, how could Sikongzhen and Linyuan Supreme follow him so loyally?

And Qin Chen's appearance made the hearts of Yuanmo people such as Huanggu Zhizun condensed.

Is it a dark royalty again?

This makes their hearts cold and their eyes cold.

The only thing that made them breathe a sigh of relief was that Qin Chen's cultivation base aura was not strong, and he was definitely not a giant-level figure.

And when they frowned and watched, an unexpected scene happened.

He saw Po Jun's gaze on Qin Chen, constantly inquiring, even ignoring the Huanggu Supreme, but walking towards Qin Chen step by step.

boom!

A magical rainbow bloomed in Bro Jun's eyes, staring at Qin Chen.

"Hmph, this is the blood of the king, are you from that line? However, why have you never seen you before? Who are you?"

At this moment, he finally understood why he felt a little uncomfortable when he first saw Qin Chen.

Because the blood aura of the Dark King on Qin Chen came from the line of Emperor Shitian, and was born hostile to himself.

What made Pojun even more puzzled was that the Dark King's blood on Qin Chen's body did not seem to be pure, slightly mixed, as if it had been tanned by some means, and there was an aura completely different from the Dark Clan in his body.

boom!

During the harsh drink, he shot directly, and the terrifying murderous aura pouring out like the ocean, rushing directly towards Qin Chen.

"Tell me, your origin!"

He drank coldly, with murderous aura, and did not care about Qin Chen's identity as the dark royal family, and his murderous aura was not concealed in his eyes.

Other dark royals appeared here, anyway, it was a huge threat to him.

The expressions of Sikongzhen and Linyuan Supreme changed drastically, and they hurriedly stepped forward and said eagerly: "Master Pojun, everyone is a dark clan, why not..."

"roll!"

Po Jun ignored the two of them and suppressed them with big hands. With a puff, Sikong Zhen and Lin Yuan Supreme were flying out by Qi Qi Zhen, vomiting blood, and their expressions were frightened.

At the critical moment, a black sword aura suddenly appeared.

boom!

It's Qin Chen.

He suddenly appeared in front of Sikongzhen and Linyuan Supreme, his sword aura soaring into the sky, like a ten thousand-foot-thousand-thousand-throwing sword pillar, stubbornly carrying the blow of the broken army.

Boom!

With an astonishing roar, Qin Chen trembled under the blow of the broken army, his sword agitated, and his whole body was about to burst on the spot.

There was even a crackling sound from his body, his skin was cracked, the terrifying aura vibrated, and the void around Qin Chen collapsed.

But he didn't move, and he didn't retreat. He stared at the attack of the broken army abruptly, and shouted at Sikongzhen and Linyuan Supreme: "You two don't care about that much, go, follow Ben Shao's instructions, leave here, and return. The dark continent."

"grown ups."

Sikongzhen and Linyuan Supreme looked at Qin Chen in disbelief, their expressions excited, and their hearts moved.

At this moment, they were really moved.

Regardless of how majestic and prestigious their Sagong Sacred Land and Linyuan Sacred Gate are in Heiyu Continent, they are the three top powers, but in the Dark Continent, in front of the royal family, they are really like ants, and they are not worth mentioning.

The importance of a member of the royal family absolutely surpassed their entire family and the entire force.

Now, as a royal family, Qin Chen actually used flesh and blood to smash the army's attack for the two of them. Such a scene deeply touched their hearts and made them want to do something. Qin Chen's urge to break his bones.

But when this thought came out, it was interrupted by Qin Chen, "What are you two doing in a daze? Aren't you leaving?"

Qin Chen yelled sharply.

"But..."

"It's nothing, get out."

A terrible shock rushed out of Qin Chen's body, and Sikong Zhen and Linyuan Supreme Zhen flew out suddenly.

boom!

The two were directly shocked and flew out of this area, and Qin Chen opened his mouth to spit out a mouthful of blood because of this, and was invaded by the force of the army, and was injured on the spot.

Sikongzhen and Linyuan Supreme looked at Qin Chen moved, tears even rolled in their eyes. They were a giant who had been guarding here for hundreds of millions of years, and they couldn't help but be shocked.

In the end, they glanced at each other, looked at Qin Chen's determined expression, gritted their teeth and banged, and the two of them instantly turned around and rushed straight out of the dark forbidden area.

"Want to go, can you go?!"

Upon seeing this, Bro Jun's eyes flashed, his aura shook, and a terrifying aura rushed towards Sikong Zhen and Linyuan Supreme.

A terrifying breath instantly fell on the two of them.

Sikongzhen and Linyuan Supreme were all erected with cold hair, and a breath of death instantly descended on them.

Unstoppable!

Feeling the attack from the broken army, both of them had such an idea.

This blow, the other party was extremely fierce, absolutely to kill them completely, without leaving the slightest hand.

Too vicious!

The two were furious, and madly released Kun Demon Palace and Lin Yuan Shimen to resist the blow of the broken army.

What about the dark royal family?

As the mid-term supreme masters, they are also considered the powerhouses on the dark continent, how could they be willing to be killed so easily and slaughtered.

One by one crazy resistance.

It's just that they just released their defenses when they heard a click, the Linyuan Stone Gate and Kun Demon Palace were suppressed by the aura of the broken army, and they instantly cracked micro cracks.

The power of the royal family is unstoppable.

"No!" the two screamed in anger.

### [Chapter 4837: Flesh and Blood](#)

In terms of cultivation base, they are only mid-term supreme, much worse than the broken army. In terms of status, the aura of the broken army's dark royal family can completely suppress them.

No matter from which angle, it is impossible to resist.

The terrifying power rumbling down, as if the world collapsed, it would directly annihilate the two of them.

At this critical moment, a loud shout suddenly sounded.

"Broken the army, your opponent is me."

In the crisis, a figure suddenly appeared.

It's Qin Chen.

He stopped the attack before breaking the army's attack all his life.

With a bang, Qin Chen was directly blown out, and his body was almost exploded. There were wounds everywhere, and his breath was empty, almost exploding on the spot.

It was visible to the naked eye that countless cracks appeared on Qin Chen's body, and there was blood lasing, which was extremely miserable.

"grown ups."

Sikong Zhen and Lin Yuan Supreme looked shocked and exclaimed in exclamation.

The adults were so badly injured for them?

The dark thunder ancestor and the others were also dumbfounded.

incredible.

How could there be such a stupid royal person in this world? Willing to resist attacks for your subordinates?

this-

Too stupid?

It is simply unimaginable.

It should be noted that the Dark Continent is a surviving cycle from the destruction of the universe. In the continent, the strong are like clouds, and the power is everywhere, but everyone thinks about how to protect themselves.

This is a ruthless continent.

The world is not benevolent, and everything is a dog.

Heaven is the most ruthless, but it will not spare your life because you are compassionate, and it will not punish you because of your ruthlessness.

Heaven has no emotions, it represents the movement of heaven and earth, the birth and death of matter.

What is it to destroy you?

This is the way of heaven.

Therefore, in the Dark Continent, everyone is extremely ruthless, experienced the cycle of era destruction, and are used to seeing the destruction of each world. In order to pursue a higher peak, they abandon all emotions that can be discarded.

Family, love, friendship.

All of these can be dispensed with.

Just to reach the pinnacle of martial arts.

As for the subordinates, they are simply sacrifices.

But now Qin Chen's actions have deeply shocked them, causing them to suffer an unprecedented shock in their hearts.

"What are you doing in a daze? Why don't you leave?"

Stopping the attack of Pojun, Qin Chen wiped the blood from the corner of his mouth, and roared at Sikong Zhen and Linyuan Supreme.

"Remember to me, if you are alive, you must go back alive."

Qin Chen said sharply, but he turned around and faced the breaking army resolutely. His body was towering, like a high mountain, firmly guarding Sikongzhen and Linyuan Supreme, unyielding and resolute.

Sikongzhen and Linyuan Supreme had tears in their eyes. The two looked at Qin Chen's back. Although his body was not majestic, it was like a pillar of heaven, which was firmly engraved in their minds and never faded away.

"I'll wait and follow your orders."

When the voice fell, the two of them burned their origins frantically, banging, and without looking back, they rushed directly outside the dark forbidden area.

For adults, they have to live and leave alive.

"court death."

Breaking the army screamed, and shot again, with a boom, endless murderous aura, the rules were evading, and they were directly suppressed.

"Broken the army, your opponent is me."

Qin Chen gave a long whistle, his sword aura soaring into the sky, at this moment, his whole person seemed to be fused with the mysterious rust sword, the human sword merged into one, bursting out.

boom!

Sword Qi Lingxiao, traversed nine days, Qin Chen burned the blood of the Dark King, resisting the attack of the broken army, preventing him from attacking Sikongzhen and others.

Sikongzhen and Linyuan Supreme must live.

It was not that Qin Chen had moved his emotions towards the Dark Clan, but only when Sikong Zhen and Linyuan Supreme were alive, could the Di Shitian's secrets be leaked out and the Dark Clan would be completely disturbed.

In the final analysis, it is for the human race and for this universe.

The dark clan is too powerful, especially when they are united in their will, only if they make their internal chaos first, can they have the opportunity to take advantage of it.

Under Qin Chen's obstruction, Sikong Zhen and Linyuan Supreme rushed out in an instant, and they had already reached the periphery of the dark forbidden area.

"Damn it, throne, stop them."

Po Jun changed color and shouted loudly.

No matter what, he couldn't let Sikongzhen and Linyuan Supreme leave.

Although he didn't know what Qin Chen's identity was, he didn't know why Qin Chen, a dark imperial clan, would willingly resist Sikongzhen and Linyuan's respect injury.

But what Qin Chen did was extremely strange, so Po Jun faintly felt that there must be some conspiracy in it.

Never let anyone leave here.

"Yes."

When the throne heard Po Jun's instructions, he immediately shouted, shaking his figure, and directly killed Sikong Zhen and Linyuan Supreme.

boom!

For an instant.

In the later stage, the breath of the supreme class burst out instantly and crushed.

"Sovereign Eclipse, stop him."

But before the Throne's attack came, Huanggu Supreme suddenly shouted.

His eyes flickered, and something was vaguely noticed. The two royal clans of the dark clan in front of him seemed not right.

So, it just messed up the muddy water.

"Yes, Huanggu Supreme Elder."

Eclipse Yuan Zhizun was taken aback, reacted instantly, and smiled sternly.

He shook his figure, and stepped across, with a bang, and he slammed down on the throne. The power of the abyssal demon soared to the sky, and the void below exploded, killing Sikongzhen and the supreme throne of Linyuan. Fall directly into an abyss of space.

"Throne, your opponent is me."

Eclipse Supreme laughed and said, the killer came over.

"you..."

Throne became angry, but facing the attack of the Supreme Eclipse, he did not dare to be careless and could only resist strongly.

Boom boom boom.

The two sides instantly smashed into a ball.

Seizing the opportunity, Sikong Zhen and Linyuan Supreme shook their bodies, suddenly rushed out of the dark forbidden area, and disappeared here.

"hateful."

The broken army gritted his teeth and roared.

In this case, Sikong Zhen and Linyuan Supreme actually escaped.

Damn it!

He looked at Qin Chen, killing intent boiled, his right hand gathered terrible power, and with a boom, a terrible late-stage supreme power instantly gathered on his right fist. On top of his fist, a series of simple dark runes appeared. .

Every rune contains the power of the supreme rule. As soon as it appears, the void around the rune collapses.

"Boy, since you are looking for death, then I will fulfill you."

With a roar, the broken army suddenly blasted out with a punch, and the void in front was agitated like a big earthquake, and the power of the space was like a fragile soap bubble, and it collapsed directly.

boom!

A terrible fist bombarded Qin Chen, slamming Qin Chen away fiercely, and with a bang, Qin Chen heard a roar from his body, and his internal organs almost exploded on the spot.

puff!

Blood spurted wildly, and Qin Chen was shaken out, and his flesh and blood flew wildly.

too strong.

With such a mighty power, with just one blow, he almost killed Qin Chen, with no bones left. The void in Qin Chen's body retreated violently, and wherever he passed, layers of void shattered, revealing a hideous void gully.

### [Chapter 4838: As difficult as the sky](#)

Heavy darkness and destructive power swept through Qin Chen's body unscrupulously, to completely destroy him.

"Huh? How could your cultivation base be so low?"

Po Jun frowned and looked at Qin Chen. With this blow, he vaguely felt Qin Chen's cultivation level, as if he had never reached the Supreme Realm.

How is this possible?

Qin Chen's strength is extremely terrifying now, and it has far surpassed some supreme mid-term peaks. How could he not even break through?

Suspicious in his heart, the corner of Pojun's mouth was sketched with a sneer.

He had to bear this punch abruptly, and even the late supreme would be seriously injured, or even fall, how could Qin Chen, a young man, even a member of the royal family, be able to resist it.

The people of the royal family have the blood of the dark king, and they may have an absolute advantage in the face of other dark people, but in the face of themselves, the opponent's advantage is gone.

boom!

In Qin Chen's body, terrible power surged.

Puff puff!

His flesh and blood was madly invaded by the blood power of the Dark King who broke through the army, and it was impossible to stop it.

At this moment, Qin Chen looked at Sikongzhen and Linyuan Supreme who had left, and suddenly grinned.

Is the power of the Dark King's blood very strong?

At this moment, Qin Chen quietly used the terrifying thunder bloodline power in his body.

boom!

Shocking thunder rays swayed in his body, and the infinite thunder and lightning power shot, and instantly enveloped the blood of the dark king that broke into his body.

Thunder bloodline is unmatched, like roaring thunder dragons sweeping through Qin Chen's body.

The blood power of the Dark King, which was originally unscrupulous in Qin Chen's body and could not be blocked at all, was quickly wrapped up at this moment, and then quickly refined by the power of thunder.

"Swallow."

In the chaotic world, the Ten Thousand Realms Demon Tree mobilized at the same time, combined with the power of thunder, directly swallowed the force of the Dark King's blood that broke the army, and then merged into Qin Chen's body.

Boom! Qin Chen's almost shattered body once again condensed, the terrifying power of the king's blood in his body violently agitated, and the billowing blood of the king of darkness surged. After swallowing this force of breaking the army, he The blood of the dark king in the body

The interest skyrocketed instantly.

Not weak but strong.

now.

Qin Chen's black hair was stirring, like a god, standing proudly, sweeping everything.

"How can this be."

Po Jun showed a look of anger.

The blow that contained his terrifying Dark King's blood, not only had no effect, but on the contrary caused Qin Chen's aura to skyrocket in an instant.

"Who on earth are you?"

Po Jun stared at Qin Chen and roared. "Who am I? I'm just an ordinary member of the dark royal family, breaking the army, you violated the will of my dark family, and perversely, framed Di Shitian, today, I want to ruin you and become an existence despised by thousands of people. , For the emperor

Shi Tian takes revenge and hates. "

Qin Chen said coldly.

As soon as this remark came out, the world was shaken.

Throne and others were furious.

Is this person here to avenge Emperor Shitian?

Could it be possible that the senior members of the Dark Clan already know what they are doing?

In an instant, the throne and others were almost frightened.

Back then, they obeyed Pojun's instructions and set a trap for Di Shitian, which led to the fall of Di Shitian, although there was also news that returned to the Dark Continent, provoking the wrath of the Di Shitian clan.

However, the other party had no evidence at all back then, and in the end it had no choice but to stop.

The appearance of Qin Chen immediately shocked Yuzuo and others.

Could it be that what they did back then has been completely exposed?

"grown ups."

The throne looked furious, and even looked at Pojun.

"What is it?"

Po Jun snorted and looked at Qin Chen.

"Only by you? I don't know where the sky is, and a kid who doesn't know where he came from can dare to be rampant in front of this seat. If this seat doesn't kill you today, it won't be called Pojun."

boom!

Breaking the army stepped out, murderous recklessly.

What if Qin Chen resisted his punch? As long as he truly displayed his ultimate move, with the cultivation base of the kid in front of him, he could escape his own ultimate move, and he could only go on the road obediently.

boom!

The blood of the Dark King on his body burned.

For an instant.

woo woo woo woo.

The ghost is crying and howling.

Between the sky and the earth, the terrible rules of darkness rolled down, as if entering purgatory in an instant, and the rules of darkness filled the sky everywhere.

Rumble!

Above the sky in the distance, the heavens rolled, and the heavens of the demon world were alarmed, and even outside the demon world, an aura of the origin of the universe rose.

Originally, under the cover of the Infinite Demon Prison, the breath of Heiyu Continent could not be transmitted at all, and it was already extremely integrated with the devil world, and would not attract the aim of the universe's origin heaven.

But at this moment, the blood aura of the King of Darkness released by Breaking Army is too rich. This is the most supreme blood of the Dark Clan. The terrifying aura of King's blood surging between the heaven and the earth, instantly attracts the aim of the universe and heaven.

Boom!

There is a series of Supreme Rule Thunder appearing to suppress the broken army.

However, in Po Jun's body, a source of human and demonic aura rose, and these two forces instantly merged into his dark source, causing the dark aura on him to be greatly reduced in an instant.

Above the sky, the origin of the universe, Heaven and Dao, seemed to have lost its goal. The Supreme Rule just kept roaring, but it never blasted Pojun.

"The two origins of demons and humans? How did this happen?"

Huang Gu Zhizun breathed in air, his expression shocked.

Supreme Eclipse Yuan also looked furious. They all know that after occupying the Infernal Demon Prison, the Dark Clan established the Heiyu Continent and captured the powers of the ten thousand races in this universe. The purpose is to fuse the heavens of this universe and make the heavens of this universe. No more needles

To them.

However, this is just a thought of the dark race.

It is extremely difficult to really want to do this.

Perhaps people such as the Divine Phoenix Fairy, the Qilin Prince and others can still do this, just by swallowing the dark sacred fruit refined by the essence and blood of the ten thousand races.

This is because their cultivation bases are not high. They are only at the venerable level, and the probability of being locked by the universe's origin heaven is inherently low. Coupled with the fusion of the dark sacred fruit, the power of this universe can naturally evolve in the body.

But breaking the army is different. He is the supreme powerhouse in the late stage, and he is also the dark royal family, with a cultivation base that can reach the sky.

With his cultivation base, in order not to be targeted by this world, the power of the human race and the power of the demon race that need to be gathered will reach an extremely terrifying point.

This world simply cannot provide them with enough nutrients.

Aside from other things, the clues can be seen from the bodies of Shihen Zhizun and Linyuan Zhizun. With the strength of their two mid-level supreme levels, it is extremely difficult to achieve this, almost as difficult as the sky.

#### [Chapter 4839: Still have the face to ask me](#)

Stone Mark Supreme is sitting in the void outside the Infinite Demon Prison for hundreds of millions of years, constantly devouring the magic stars in the Infinite Demon Prison, and refining the infinite power in it.

Sikongzhen stayed in the dark ancestral land all year round. In this dark ancestral land, there are the powerful men who fell from the Abyss Demon Clan back then, as well as the power of the Infinite Demon Prison itself.

He has worked for hundreds of millions of years to prevent himself from being suppressed by this heavenly path.

And what about this broken army?

The cultivation base is far from Sikong Zhen and Shihen Zhizun, how did he do it?

"Boy, die."

Po Jun ignored the shock of the people around him, and directly shot Qin Chen with his palm, without giving Qin Chen any extra opportunities at all.

"Hahaha."

Facing this attack from Po Jun, Qin Chen's eyes were cold, he stood proudly in the void, and suddenly laughed. Then, he ignored the attack of the broken army, holding the sword in both hands, and with a thud, in the mysterious rust sword, a shocking aura revived. In that breath, the power of the Dark King's blood was surging, and then in full view, Qin Chen faced the one below

The dark forbidden ground slammed down with a sharp sword.

boom!

The sword light skyrocketed and turned into a dark sword pillar that penetrated the sky, and plunged into the ground in an instant.

The blood of the Dark King instantly rushed into the dark forbidden ground.

Rumble!

The entire dark forbidden area was torn apart in an instant, as if a major earthquake had occurred, and a violent explosion roared.

This side of the world is shaking violently, the sky is breaking and the earth is cracking, and the dark forbidden land directly tore through countless gaps and cracks, as if the end is coming.

"What is this kid doing?"

Huanggu Zhizun and the others looked over in disbelief.

At this juncture of life and death, instead of resisting the attack of the breaking army, Qin Chen actually attacked the dark forbidden area below. Did he know he was defeated and was waiting to die?

Just when they were puzzled and worried.

"you wanna die..."

Breaking the army, who had a calm look, suddenly changed his expression. He didn't care about continuing to attack Qin Chen. His hands instantly gathered into a series of terrible dark runes, and he suppressed the dark forbidden ground below.

But it's too late!

"Ha ha ha ha ha ha ha!"

The sound of rumbling laughter suddenly resounded through the world, reverberating crazily in the void, and the sound was thunderous. This sound seemed to penetrate the barrier of fate and came in an instant.

boom!

In the dark forbidden ground below, dazzling white lights burst out suddenly, and these white lights burst out with an extremely deep and terrifying aura, manifesting a human figure.

As soon as this person appeared, a breath of suppression of the heavens swept across in an instant.

"How many years? The old man is finally out of trouble."

This is an old man with gray beard and hair in a bun. He is handsome, dressed in a white coat, and appears from the ground, condensing the void.

boom!

As soon as he appeared, the breath of destiny faintly emerged between the heaven and the earth, a long river of emptiness of fate appeared between the heaven and the earth, and landed on the dark forbidden ground, forming a dazzling rune.

Boom!

This rune collided with the dark rune cast by the broken army, and the world suddenly collapsed, both of them extinguished in the void, turning into nothingness and dissipating.

"This is..."

Seeing this sudden appearance of the old man, the pupils of the strong men of the Abyssal Demon Race, such as Huanggu Supreme and Luyuan Supreme, suddenly shrank, and they all showed shock.

Because they all know the person in front of them.

This person is no one else, but one of the top giants of the human race at the time. The Heavenly Machine Sect is only the powerhouse of the Heavenly Machine Sect Master Tianji Old Man, the Supreme Elder Wuji Supreme.

At that time, the Wuji Supreme had a huge reputation in this universe, and he was a master of the pinnacle supreme level, which shocked the universe.

It's just that, when the Wuji Supreme invaded the Dark Clan, and the Human Race and the Demon Race were fighting, he already fell. For this reason, his Abyss Demon Clan also fell to the top supreme masters, but why the Wuji Supreme appeared here?

"The ancient supreme, don't be safe!"

The Promise Supreme appeared, the aura of fate surged, he glanced around, saw Huanggu Supreme, and suddenly smiled.

"Wuji Supreme, why are you still alive."

The ancient supreme was frightened.

He had fought against Wuji Supreme in the past. This is a strong man who is not inferior to him, and is considered an old opponent.

"You old thing is not dead, how could I die?"

Wuji Zhizun looked at Huanggu Zhizun with a smile. After hundreds of millions of years, he was naturally very happy when he saw the sky again.

Then, Wuji Supreme looked at Po Jun and smiled: "Bao Jun, you didn't expect the old man to get out of trouble, right?"

Po Jun looked at Wuji Supreme with cold eyes, then suddenly turned his head to look at Qin Chen, "Boy, how dare you break the seal of this seat and seek death."

boom!

He was furious, with awe-inspiring killing intent, and directly punched Qin Chen.

With one punch, the world collapsed, and wherever the fist passed, the void exploded directly, as if a chain explosion had occurred.

Bang!

But at a critical moment, his fist was stopped.

The person who blocked it was Wuji Supreme.

"Breaking the army, killing the old man's lifesaver in front of the old man, isn't it a bit too much?"

Wuji Supreme laughed and said, a long river of emptiness surrounding him, the whole person seemed to be beyond the shackles of fate and not controlled by fate.

Of course, this is not the real river of fate, but a projection, or a branch, of the river of fate, but it is already extremely terrifying.

"You two are actually united?"

Po Jun's pupils burst out and Li Mang shot out. At this moment, he finally understood Qin Chen's purpose of fighting against himself.

"It turns out that your kid and I did it to get the deity to do its best to release the power of the Dark King's blood, so as to give the Promise Supreme a chance to get out of trouble."

Po Jun immediately understood, and immediately, flames spurted out of his nostrils, angrily rushing into the crown.

Annoyed him.

It should be understood that in order to suppress Wuji Supreme, how much energy he spent, he concentrated on refining it, and he was about to succeed at this critical moment.

"Boy, you, as my dark clan, actually colluded with the human clan, what should be the sin?"

He roared, full of anger, and violent madness. Qin Chen sneered: "Breaking the army, what should be the crime you should be? You used to cooperate with the Yuanmo clan and win the throne and others for your own selfish desires, and then pass on to the human race. News, deliberately framed

Di Shitian, so that Di Shitian will fall, so that you have the opportunity to invade this universe. "

"Even after I exposed my royal identity, I just wanted to kill Ben Shao, destroy the corpse, kill the people and kill the mouth, regardless of the indiscriminateness."

"You do such a despicable thing, and still have the face to ask me?"

Boom! Qin Chen shouted angrily, his voice billowed, and justice reverberated throughout Heiyu Continent.

#### [Chapter 4840: Embarrassed](#)

"You can collude with the demons, collude with the human race, and kill the same race. Why can't I win over the human race of this world and the Promise Supreme? Today, I want to expose the truth about your betrayal of the race and the killing of your compatriots, so that thousands of thousands The people of the dark race know what kind of face you are, and how despicable your line is."

Qin Chen roared up to the sky, really righteous words, the world was shaking.

His voice reverberated crazily in Heiyu Continent, and passed to the ears of every member of the Dark Clan in Heiyu Continent.

He wants to reveal the truth of the year.

"Father, it's an adult."

"It's Master An."

now.

Outside the Dark Ancestral Land, Sikong Zhen and Linyuan Supreme had already gathered with the masters of the two major forces. They were discussing how to retreat, and they heard such a shocking voice.

Everyone was shocked.

It turned out that Lord Pojun actually did so many despicable things in this Heiyu Continent.

Man and God are angry.

"you..."

The broken army roared in anger.

"What am I? Do you think I don't know your purpose?"

Qin's expression was fierce: "You stay in this Heiyu Continent and win over the Throne and the others. On the surface, you have given them a bright future. In fact, you are just using them."

"Your goal is to achieve yourself."

Qin Chen shot the divine rainbow in his eyes, stepping forward, with a sharp voice, spreading wildly throughout Heiyu Continent.

Everywhere in Heiyu Continent, countless members of the Dark Clan stopped and looked up at the sky, all with amazement.

Qin Chen said coldly: "You used the Yuanmo tribe to attack the Heavenly Secret Sect and besiege Wuji Supreme. When Wuji respects the injury, you suppress it, and at the same time, you secretly attacked the many Yuanmo tribes that besieged Wuji Supreme. The strong fell and were taken into your body."

"Your purpose is to swallow the origin of the demons in them, so that you are not afraid of the suppression of this world."

"You are ruthless and unrighteous, what else can't you do in order to become stronger?"

"Even the countless dark tribesmen on the Heiyu Continent were deliberately cultivated by you. You deliberately let everyone grow up and let the Heiyu Continent merge with the devil's heaven. Thoroughly refine and swallow, so that you can become yourself."

"Including the throne and others, you deliberately let them die, and then gave them the opportunity to resurrect, just to completely control them. Sadly, they don't know that this entire Heiyu Continent is your sacrifice for breaking the army alone. In the refining field, every member of the clan is your nourishment and food. In order to become stronger, you have to swallow so many compatriots. Are you still not a human?"

boom!

Qin Chen moved forward, angrily soaring into the sky.

The sound of billowing thunder, spread all over the world, like a bolt from the blue sky.

boom!

One stone stirred up a thousand waves.

All the members of the Dark Clan who heard Qin Chen's words changed their colors and were panicked in their hearts.

They turned out to be the nourishment raised by Master Pojun. Is this true?

But thinking back to the ruthlessness of the dark royal family, they faintly believed in such a fact in their hearts.

In front of the royal family, they are as strong as Sagong Holy Land and Linyuan Holy Gate, and they are afraid that they are also ant-like existences. What are they ordinary people?

"My lord, this..."

Even the throne and others all looked at it, their eyes flickering, and their expressions were shocked.

Po Jun's expression changed, and he shouted sharply: "Don't listen to this person's nonsense, this person is trying to disturb the military's mind and deliberately separate me from waiting."

"Separation?"

At this time, Huanggu Supreme took a step forward, looking at the broken army with cold eyes: "Baojun, tell me, where did the source of such a strong Abyssal Demon in your body come from? My Abyssal Demon clan besieged and killed. How did the giants of Wuji Supreme die in battle?"

boom!

Huanggu Supreme screamed, murderous.

In fact, from the very beginning, the Demon Race and the Dark Race did not cooperate thoroughly, and they just used each other.

But Huanggu Supreme did not expect that the first cooperation between the Dark Clan and the Demon Clan, the other party would implement such a treacherous move.

In the past, in order to destroy the top powers of the human race, the Demon Realm suffered heavy losses, and many strong men fell one after another. Looking back, how many of the fallen strong men really died at the hands of the human race?

In retrospect, there were too many doubts.

Back then, the Yuanmo clan and the dark clan cooperated, and it can be said that Thunder made a move. It caught the ten thousand clan by surprise and achieved amazing results. Several top human clan forces collapsed at the same time.

But in the same way, the demons suffered heavy losses and had to recuperate, otherwise they would have occupied the entire universe, and how could it give the leader of the human race a chance to rise up.

In retrospect, there are too many tricks.

"Broken the army, your dark race is too despicable."

Huanggu Supreme yelled directly.

"Break the army and grab it with your hands. Although I am not the dark emperor, but in order to avenge the Emperor Shitian, even if I unite the human clan and the deep demon clan, I will take you down today, representing my dark clan to comfort the emperor's spirit in the sky. , To wash your dirty soul."

Qin Chen also stepped forward and shouted sharply.

"Broken the army, you suppressed the old man for hundreds of millions of years. This account, the old man will settle with you a little bit."

Wuji Supreme suspended the sky, said coldly.

Breaking the army instantly fell into embarrassment on all sides.

"Hahaha."

At this time, Po Jun laughed frantically.

"Despicable? Dirty?"

Breaking the army sneered: "Is the Abyssal Demon Clan good? It's not to take advantage of my dark clan. As for you, a guy from nowhere, you are also worthy to represent my dark clan? Winner and loser, winner is king, all of this If there is anything to say, whoever has the last laugh is the real king."

"And today, the one who had the last laugh must be me breaking the army."

boom!

Breaking the army looked hideous, and ignored Qin Chen and Wuji Supreme. The king blood on his body instantly burned, rumbling, and a terrible restriction rose up under the entire Heiyu Continent.

The prohibition is like the sky, covering everything, and enveloping the entire Heiyu Continent.

"This is..."

At this moment, in the entire Heiyu Continent, countless members of the Dark Race raised their heads in horror, and were instantly enveloped by this terrifying restriction.

"not good."

Sikongzhen and Linyuan Supreme changed their colors. At this moment, they felt a crisis deep in their souls, as if death were about to come.

"Didn't you say that I treat the countless tribesmen of Heiyu Continent as nourishment? Originally, I didn't want to do this, but now that you have said it, I have done this, so what can I do?"

boom!

The blood of the broken army burned crazily.

"As long as this seat controls the demon world of this universe, swallows the origin of this universe, and achieves transcendence, who can say anything to me on the dark continent by then?"

The voice fell.

There was a boom.

The entire Heiyu Continent had countless prohibitions and ascended, and all the Dark Clan people on the Heiyu Continent suddenly roared in pain, burning all over their bodies, turning their entire bodies into the origin, and was devoured by the breaking army frantically.
