

Valkyrie 4861

[Chapter 4861: The strongest in the universe](#)

This is because the current ancestor of the deep monster is just a soul mark, not the body, and there is no original existence, it is rootless duckweed.

How can it withstand the suppression of the sacred object of the Demon World, the Demon Tree of the Ten Thousand Worlds?

Combined with the incarnation of Qin Chen, Qin Mo has already controlled all the periphery of the Demon Soul Source Device, and he has not controlled the core. At this moment, Qin Chen suppressed it, and the Demon Soul Source Device kept roaring, actually trying to reach the ancestors of the Demon Soul Source. This soul breath is directly squeezed out.

With the Devil Tree of Ten Thousand Realms, it was as if Qin Chen was the real orthodox of the Demon Realm, and the ancestor of the Abyss Demon was just a usurper.

As long as the soul mark of the ancestor of the deep demon was destroyed, Qin Chen could truly and completely control the demon soul generator.

"Okay, okay, the Demon Tree of the Ten Thousand Realms. This thing is the treasure of my Demon Realm. I can't imagine that countless epochs have passed and my ancestor will see the Demon Tree of the Ten Thousand Realms one day."

The ancestor of the Yuanmo was suppressed to death, and he roared instead of surprise.

Suddenly, his soul brand burned directly, and his soul dissipated. It turned into an ancient black hole vortex and instantly formed at the core of the Demon Soul Source Device.

This is a black hole, extremely deep, once formed, a shocking breath will diffuse out of it, like an ancient predator, wanting to get out of it.

boom!

The breath of half-step detachment, madly dissipated from it.

This black vortex black hole leads to another piece of time and space.

"Hahaha, I really helped me. I didn't expect my ancestor to see the Demon Tree of the Ten Thousand Worlds. As long as I get this thing, my ancestor can get the mantle of the Demon God, truly control everything in the Demon World, and even hope to spy on the real detachment. "

A majestic sound that shook the world, rumbling from the whirlpool, shaking forever.

Then Qin Chen saw that in the depths of the black hole whirlpool, an ancient long river of space appeared. In that long river, a sky-reaching figure was about to straddle the endless void and directly descend on this world.

It is the ancestor of the deep demon.

He actually wanted to use the connection between the soul brand and the demon soul source device to make his body descend directly from the distant time and space into this void inside the world.

boom!

The ancestor of the Abyssal Demon stepped forward, and it was just a breath, which caused the entire body to shake violently, as if the end was coming.

Click!

The originally solid surrounding void made a violent blast, and couldn't bear the strength of the ancestor of the abyss demon. Under the aura of the ancestor of the abyss demon, the void shattered and instantly shattered, like a mirror that had been hit hard.

Strong, strong, strong!

The ancestor of the Abyssal Demon was too terrifying, it was just a soul mark on him before, but now his body descends, just a breath, it has already caused the broken army's internal world to collapse.

"Damn it, why is this deep ancestor so strong? Impossible."

The broken army was frightened and furious.

The opponent is just a half-step detachment in this universe, and even a breath makes his inner world almost collapsed. If the body of the ancestor of the deep demon arrives, it can definitely explode his inner world in an instant, and detach himself from it. .

Not only him, but the Great Ancestor Dragon and Blood River Saint Ancestor also have a solemn expression.

The ancestors of the deep demons, the top powerhouses of this cosmic age, are indeed extraordinary, and they are so powerful that they are comparable to their peak years.

Even among the three thousand Chaos Gods and Demons back then, they were also top-notch.

The master of an era is really not that simple.

And Qin Chen also sucked in air-conditioning.

"Woohoo!"

Ghosts were crying and howling, and the entire void world was so devilish. Even with the blessing of the Devil Tree of Ten Thousand Realms, Qin Chen felt that he was about to face a hurricane, hurricane, tsunami, and earthquake.

Not an opponent!

At this moment, Qin Chen's heart suddenly blessed his soul, and he felt that if the ancestor of the deep demon descended, even if he broke through the supreme realm, even if he possessed the Devil Tree of Ten Thousand Realms, he would definitely not be the opponent's opponent.

After all, the opponent can be called the strongest in the universe in this era, and there are only a handful of people that the entire universe can fight against.

"Stop it for me."

Qin Chen directly urged the Demon Tree of the Ten Thousand Realms, mobilizing the Demon Soul Source Device, to prevent the ancestors of the Abyss Demon from coming.

But it's useless.

Bang bang bang...

The strength Qin Chen displayed exploded layer by layer, and this void was fragmented, and it was impossible to prevent the ancestor of the deep demon from coming.

boom!

The boundless abyss demon aura was boiling, and the ancestor of the abyss demon was about to walk out of the endless void.

at this time-

"Hahaha, ancestor of the deep demon, have you forgotten this seat, under the nose of this seat, you actually want to cross time and space, who gives you the courage?"

suddenly.

From the long river of space deep in the black hole vortex, suddenly a domineering sound of laughter sounded. Qin Chen looked at it, and vaguely saw that behind the location of the long river of space deep demon ancestor, a towering figure struck forcefully. , Facing the ancestor of the deep demon, he threw a tower of gods.

boom!

The sacred tower surged and instantly turned into hundreds of thousands of miles, and it was severely suppressed against the ancestors of the deep demon, and a violent roar sounded, and the entire river of space was broken by the quaint pagoda. Flowing away, and the ancestor of the deep demon was smashed in the fierce river, rolling up countless spatial waves.

"It's Xiaoyao Supreme."

Qin Chen showed ecstasy in his heart.

The voice and figure were so familiar, Qin Chen recognized the person who shot it in an instant.

"Xiaoyao Supreme."

The ancestor of the deep demon let out an angry roar.

Being interrupted by Xiaoyao Supreme, the body of Yuanmo ancestor descended directly from the black hole whirlpool back to the long river of space.

Seizing the opportunity, Qin Chen suddenly shot out a divine rainbow in his pupils.

"Nothing Karma Fire!"

boom!

The Qinglian Karma fire in Qin Chen's mind was directly spurred, and instantly burned the soul of the ancestor of the Abyss. At the same time, the Demon Tree of the Ten Thousand Realms shook violently, and it was suppressed by the aura of the ancestor of the Abyss. It skyrocketed in an instant.

"Everyone, help me."

Qin Chen yelled sharply.

In the chaotic world, the master of the abyss, the supreme of all spirits, the supreme of skyfire, the supreme of the sky, and other powerful people roared together, integrating their own power into the devil tree of the ten thousand realms.

The Ten Thousand Worlds Demon Tree danced its vines, and it became extremely majestic in an instant, and the vines quickly penetrated into the Demon Soul Source Artifact.

then!

Qin Chen drew out the mysterious rust sword.

"Senior Sword Demon."

Qin Chen shouted sharply.

Oh oh oh!

The mysterious Rust Sword trembled violently, and the cold voice of ghost crying came out. Qin Chen urged all the power in his body, and the vortex of the soul of the ancestor of the deep demon was slashed with a fierce sword.

The countless avenues of swords were merged into the mysterious rust sword in an instant, and then under Qin Chen's six reincarnation sword tactics, they were cut out boldly.

At this moment, Qin Chen urged all the power in his body.

God Emperor Totem!

Dark Luotian rules!

The rule of death!

All the strengths are merged into one.

boom!

The pitch-black sword light was like a black beam of light, instantly cutting into the black whirlpool.

[Chapter 4862: Dead body](#)

Rumble!

The black vortex condensed by the ancestor of the deep demon continued to collapse, and the mysterious rust sword was billowing hot, madly slashing the soul mark of the ancestor of the deep demon.

"Do not!"

In the depths of the whirlpool, the anger of the ancestor of the deep demon came out, and a terrible breath surged from the whirlpool.

He will come by force.

"Hahaha, Yuanmo ancestor, why bother to leave and have fun with this seat."

But before he arrived, in the long river of space, Xiaoyao Supreme laughed and urged Huangtian Tower to be suppressed again, and instantly interrupted his coming, so that the ancestor of Abyss Demon had to resist with all his heart.

"Happy..."

He let out an angry roar, and fell directly into the rolling river of space.

In the end, with a bang, the soul imprint of the ancestor of the deep demons collapsed in an instant, and the black vortex was also wiped out in an instant.

The connection between the ancestor of the deep demon and this world was cut off at once, unable to descend across time and space.

boom!

The whole body world of Broken Army burst to pieces in an instant, like broken glass, extremely miserable.

Hum!

A strong swallowing force spread, and the mysterious rust sword glowed, swallowing part of the power in the soul imprint of the ancestor of the deep demon in an instant.

boom!

I saw the mysterious rust sword, a terrible aura was recovering, and it became stronger and deeper in an instant.

The origin of the ancestor of the deep demon is really strong, just a trace, it is enough to restore the amazing power of the mysterious rust sword. However, the mysterious rust sword only absorbed the power of the soul in the soul brand of the ancestors of the deep demon. The remaining power of the original source still dissipated in the void, exuding a palpitating breath, as if this piece of heaven and earth could not be Bear this share

The strength is average.

The power of this source is extremely powerful, and assimilation by anyone of the Demon Race, it is enough to make them undergo an astonishing transformation.

But for Qin Chen, the aura of the Abyss in the origin of the ancestor of the Abyss was too strong, causing Qin Chen to shook his head slightly.

After he merged with Qin Mo, he had no shortage of Yuan Mo's origin at all.

Qin Chen's heart moved, because besides him, there are people on his side who need these Abyssal Demon origins more.

Qin Chen waved his hand, and instantly, the body of the Lord of the Abyss appeared in this space.

"Lord of Abyss Demon, the origin of the ancestor of Yuan Demon is left to you." Qin Chen said lightly.

"Master, leave it to me?"

The Lord of Abyss Demon is excited.

"Yes, go ahead."

Qin Chen nodded. The Lord of the Abyssal Demon immediately did not hesitate. A swallowing force surged from his body. With a thud, he began to swallow the origin of the Abyssal Demon. With a thud, Qin Chen felt Yuan. The breath of the demon lord's body is actually

Amazing speed increase.

Rumble!

An aura that shook the heavens and the earth, rose from the body of the Lord of Abyss Demon to the sky, alarming the Quartet.

Swish.

Immediately afterwards, Skyfire Supreme, Demon Supreme, and Suspended Supreme also appeared one after another. They were also masters of the Demon Race, and the original power of the Yuanmo ancestors was also of great benefit to them.

After doing all this, Qin Chen's gaze instantly fell on the Demon Soul Source Tool.

"Refining!"

Qin Chen urged the Demon Tree of the Ten Thousand Realms with a bang. After losing the control of the ancestor of the Abyssal Demon, everyone saw that the Demon Soul Source Tool was shrinking at an unparalleled speed and instantly merged into Qin Chen's eyebrows.

boom!

The moment the Demon Soul Source Device entered Qin Chen's mind, a shocking Abyssal Demon aura rose from Qin Chen's body.

The Demon Soul Source Tool, the Demon Realm Divine Object, is the supreme treasure of the Demon Realm. Once refined, it can control the entire Demon Realm. Such a treasure was actually swallowed directly into the body by Qin Chen.

Rumble!

Terrible power agitated in Qin Chen's body, and it was this demon soul generator that was resisting Qin Chen's refining.

This is not that the ancestor of the deep monster is doing a ghost, but the divine tool is alive and naturally unwilling to be easily refined.

"Huh, it's just a dead thing, let this young man suppress it."

Qin Chen drank coldly, his face was indifferent, aloft, directly urging the Ten Thousand Realms Demon Tree, and suppressing it firmly on the Demon Soul Source Device.

In front of him, this Demon Soul Source Device was still showing up, Qin Chen not only urged the Ten Thousand Realms Demon Tree to suppress it, but also thunder light surged out, and the thunder light crashed on the Demon Soul Source Device.

Oh oh oh!

The Demon Soul Source Device immediately hummed like a whine, and it became obedient in an instant.

Under the suppression of the Demon Tree of the Ten Thousand Worlds and the power of Thunder, the Demon Soul Source Tool was refined by Qin Chen a little bit. Qin Chen clearly felt that a certain special connection was instantly established between himself and the Demon Soul Source Tool. .

boom!

In the next moment, an incomparably pure Demon Realm Origin began to pour into Qin Chen's body. It was a Demon Soul Source Device, thoroughly fusing Qin Chen and strengthening Qin Chen's power.

Under everyone's eyes.

Qin Chen's body began to transform, and the power contained in such a treasure was incomprehensible, mastering the true meaning of the devil world.

The aura on Qin Chen's body seemed to have doubled in an instant, and a reborn transformation occurred in his whole body.

At this time, the many forces in his body echoed each other, and the power of the Demon Soul Source Artifact was infinite, integrating many things like the Demon Hall of Life and Death in Qin Chen's body into his body.

Of course, there are some treasures that cannot be refined by the Demon Soul Source Tool.

Such as Qinglian Demon Fire.

The many gods in Qin Chen's body immediately resonated, as if forming a special big formation.

However, although the Demon Soul Source Artifact was collected, it was not completely refined. Once it was completely refined, Qin Chen's power was even stronger than it is now.

"Boy, did you actually refine the Demon Soul Source Device? You took away my treasure, ah, ah, billions of years of layout, damn, damn!"

Perceiving this scene, the broken army was so angry that he couldn't restrain himself, "Smelly boy, from now on, my broken army and you are truly immortal. No matter what your background, I will kill you from now on." "Don't die? Haha, the Demon Soul Generator has been collected by me. The world in

your body has no value. Do you really think I can't break the world in your body? A small dark royal family still wants to fight me? Look? You still don't understand

Your own situation, today, this young man will let you know about it, and fight against me. "

Qin Chen's expression was indifferent, and suddenly he let out a cold shout, his body soared into the sky, his hands were torn apart, and the entire body of the world was empty, torn apart out of thin air, a large number of laws and powers were broken, endless storms and space cracks poured into it frantically. .

With this shot, Qin Chen actually shattered the world in his body.

"Woo, this Dark King's blood is good, it has been refined for Ben Shao." Qin Chen reached out with a big hand, banging, and the endless boiling Dark King's blood that broke the army was swallowed and refined by Qin Chen powerfully.

[Chapter 4863: Desolate Sin](#)

Oh oh oh!

With the sound of ghost crying and howling, Bro Jun felt that his strength was constantly weakening, and the breath of the Dark King's blood was being madly swallowed by Qin Chen.

A special power of law rose from Qin Chen's body.

"Huh? What's the rule? The combination of the two powers of the Dark King's blood actually transformed my power of the Dark King's blood? Weird, weird!"

Qin Chen was surprised.

The power of the two king's blood merged, and Qin Chen immediately felt that the dark king's blood in his body had undergone an astonishing transformation. A dark aura that was ten times more terrifying and a hundred times more terrifying than the original, rose in his body.

"No, it's impossible, how can you refine my Dark King Blood, who are you?"

Breaking the army roared hysterically. Suddenly, he felt the strength of Qin Chen's rising body, and he couldn't help but shake his body, revealing an incredible color.

"No, this is the evil rule of the Dark God, the supreme rule of my dark clan, how can you condense the rules of the Dark God? Impossible, this is absolutely impossible?"

Breaking the army was unbelievable, the Dark King's blood in his body was quickly dissipating.

"Dark God's evil rules?"

Qin Chen murmured.

boom!

This force exploded frantically, quickly condensing in his body, madly impacting Qin Chen's body.

"what!"

Qin Chen snorted suddenly.

This Dark God's evil rules were too strong, and he was tearing apart his flesh madly. If Qin Chen had broken through the supreme realm, he would be torn apart by the power of this terrifying rule in an instant.

A cold and dark aura stirred in Qin Chen's body, destroying his physical body completely.

Qin Chen's eyes suddenly became pitch black, his expression savage and painful.

"Hahaha, you are looking for death. The Dark God's sin rule is the top rule of my dark clan. With your physical body, you can't bear it at all. The small initial peak is only supreme. I also want to condense the Dark God's sin rule. This is Seek a dead end."

Po Jun suddenly laughed: "Just wait for your physical body to collapse and turn into ashes."

Qin Chen's complexion changed slightly. At this time, his physical body really couldn't hold on.

Boom boom boom!

This force constantly impacted his physical body, carrying an endless cold breath, to refine him into a slave to sin.

If this power is allowed to expand like this, Qin Chen might be dangerous.

"Huh, what are the evil rules of the God of Darkness? In front of this young master, all get down on the ground for me."

In Qin Chen's body, bursts of thunder light suddenly burst out.

boom!

Qin Chen directly urged the blood of Thunder, and the sky was full of thunder, wrapped his body in an instant, and severely suppressed the evil rules of the Dark God.

He was in a frantic collision, trying to completely submerge Qin Chen and assimilate the evil power of the Dark God into a sin slave. At this moment, there was an aura of horror. He calmed down for an instant, and he didn't dare to go wild again.

This force was completely dormant by Qin Chen and merged into Qin Chen's body.

Feeling Qin Chen's calm aura, Po Jun suddenly widened his eyes.

"No, it's impossible, what kind of power is this? You are not from my dark clan, who are you on earth?"

Said Pojun angrily.

"Who am I, you are not qualified to know."

Qin Chen stepped out, like a **** or devil, at this moment, he felt full of power, and he would forcefully kill the broken army entangled with the prehistoric ancestor dragon.

"Your kid is looking for death."

Upon seeing this, he was overjoyed.

He has been stopped by the primordial ancestor and has no temper, but Qin Chen is not the peak of the early stage, and wants to fight him? As long as he can slay the opponent and refine the Demon Soul Source Tool in Qin Chen's body, then the balance of victory will definitely lean towards him.

"kill!"

Po Jun was overjoyed, and Qin Chen fought together in an instant, and the strength of the two collided in an instant.

At this moment, Po Jun didn't have any hands left at all, what he wanted was to kill Qin Chen as quickly as possible, so as to take away the treasures from Qin Chen.

"Kid Qin Chen."

Not far away, Honghuang Zulong hurriedly spread the voice.

"Leave this person to me."

Qin Chen yelled, not afraid, and threw a punch.

With a bang, the power of the two collided, and they flew out together.

Among them, Qin Chen's body remained motionless, but Bro Jun was hit by Qin Chen's punch, directly blasting out a bit of blood.

What?

Breaking the army to stabilize the figure, unbelievable, almost crazy.

He, a late-stage supreme dark royal family, was actually injured by someone who had just broken through the supreme realm?

Qin Chen was delighted.

After breaking through the supreme realm, his physical strength, soul strength, and strength have all increased by more than a hundred times? Before breaking through, he was able to suppress the supreme of the mid-term peak level. After breaking through the supreme, the ordinary late supreme would no longer be his opponent. If it weren't for the imperial clan of the dark clan, he would be replaced by the ordinary late supreme. Yes

With a punch, he would be seriously injured.

"Come again."

Qin Chen laughed and rushed up again, he was practicing his hands.

It happened to break the army's internal world, very secretive, and gave him a chance to get acquainted with himself.

"Damn it, kill!"

Breaking the army roared, feeling that he was humiliated, and came out strong.

Boom boom boom!

Qin Chen and Po Jun were fighting together again.

Although Qin Chen was only the peak supreme cultivation base in the initial stage, he was not inferior to the opponent in terms of body, soul, or rule control.

Especially Qin Chen's Dark God's evil rules, surprisingly suppressed Po Jun.

In addition, the broken army had been seriously injured, and immediately fell into a disadvantage.

No matter how hysterical or howling the Broken Army was, Qin Chen was suppressed to death.

"almost."

Qin Chen didn't bother to continue fighting. At this moment, a faint crisis was rising in his mind again.

He knew that the ancestor of the deep demon was coming quickly.

"You must leave as soon as possible, otherwise, when the ancestor of the Abyss Demon returns, it will definitely change."

Qin Chen thought in his heart and threw a punch.

With a bang, the light of the fist was like a wave, and it came to Pojun in an instant, breaking him into pieces with a bang.

"Suppressed."

Immediately afterwards, Qin Chen urged the Demon Tree of the Ten Thousand Realms and the Demon Soul Source Device, and the cover fell directly, and the army broke out with a scream. His body instantly collapsed and was severely suppressed in the Demon Tree of the Thousand Realms.

And at the moment when the army was suppressed.

Rumble!

The entire body world was void, and instantly began to collapse, and void holes continued to appear, and a torrent of space fell from it.

"Perverted, really perverted."

Honghuang Zulong looked at this scene, dumbfounded.

The ancestor of the blood river also slapped his tongue.

It was the first time that they saw such a ferocious initial peak supreme, even in the ancient times, there was no such abnormal existence like Qin Chen.

"go!"

With a wave of his hand, Qin Chen immediately included the great ancestor dragon and others into the chaotic world. Then he waved his hand and exploded endless flames, burning all traces here. At the same time, his whole body rushed into the sky, and instantly rushed out of the world along a black hole.

[Chapter 4864: Fulfill you](#)

And the moment Qin Chen left Pojun's body, the world inside Pojun's body began to collapse, and countless broken stones and voids collapsed directly, as if one world was being destroyed.

now.

In the dark forbidden ground, Huanggu Zhizun and Luyuan Zhizun and others were palpating as they looked at the huge body of Broken Army below. They urged the origin of the Abyssal Demon in the body one after another. Breaking the army's body.

Although they didn't know what happened in the body of the broken army, they also knew that it would never be a good thing for the Demon Child to be swallowed by the opponent, especially the Demon Soul Source Tool must not fall into the hands of the Dark Clan, otherwise their Abyssal Demon Clan would be completely destroyed.

They all wanted to break through the body of the broken army as quickly as possible, especially the power of the previous terrifying thunder tribulation, which shocked them, not knowing what happened in the body of the broken army.

On the side, Wuji Supreme was worried, and stood aside carefully, trying not to attract the attention of Huanggu Supreme.

In fact, now is the best time for him to escape here, but Qin Chen is still in the body of the broken army, how can he leave alone?

Moreover, Huanggu Supreme and the others are now because they care about the demon, and they are too lazy to act on him, but once he tries to break out of this demon formation, then the abyss demon clan will definitely focus part of their attention on him and attack him.

Therefore, Wuji Supreme stood by, watching with cold eyes, while running the long river of fate, spying on Qin Chen's fate.

If Qin Chen was exactly the one that the Lord Sect Master said, he would definitely not believe that Qin Chen would just die in Po Jun's body.

But no matter how he calculated it, Qin Chen's fate seemed not to be accommodated by the long river of fate, and there was no clue to the calculation at all.

And just when Wuji Supreme was anxious.

boom!

Suddenly there was a roar in the body of Broken Army, a gap suddenly appeared on his hard body that even the Sealed Demon could not tear, and a figure quickly rushed out of it.

"Someone has come out." Huanggu Zhizun and others' eyes lit up.

At this time, the light of a great enclosing demon formation just landed, but was smashed to pieces by this silhouette.

"What? Is it him?"

"Why did this person's strength suddenly rise so much?"

After seeing the man who smashed the great array of light with his fists, Huanggu Supreme and Luyuan Supreme all showed shocked expressions, and their eyes condensed.

At this time, the breath radiating from Qin Chen's body was extremely deep and rich. As soon as he rushed out, everyone seemed to have seen an overwhelming demon kill out.

"Boy, what happened in the world inside the Breaching Army just now? Why did it trigger such a terrifying sky thunder, and the demon of my Abyss Demon Race, where did they go?"

As soon as Qin Chen appeared, Supreme Eclipse Yuan said sharply.

"The Supreme Eclipse?"

Qin Chen glanced at Supreme Eclipse, it was this guy who had been chasing and killing himself in the abyss, causing him to flee in embarrassment. At that time, the feeling that the Supreme Eclipse Yuan gave Qin Chen was like an unmatched demon head, but now, when Qin Chen sees the Supreme Eclipse Yuan again, the power of the Supreme circulates in his eye pupils, and the body of the Supreme Eclipse Yuan The origin of Yuanmos is circulating,

He was spied on by him for an instant.

A feeling of controlling everything rose from Qin Chen's body.

The other party was no longer a world-class powerhouse, but just an ordinary master in Qin Chen's eyes.

However, Qin Chen did not act on Supreme Eclipse, because he knew that the ancestor of the abyss demon was coming quickly, and everyone present should not be afraid, but once the ancestor of the abyss came, he was bound to be in danger.

"Huh, Demon? What is the relationship between your Demon Child of the Abyss Demon Race and this seat?"

Qin Chen snorted coldly, too lazy to pay attention to the other party.

Supreme Eclipse's face sank, and he said coldly: "You're looking for death."

boom!

The murderous intent surging on him, locked Qin Chen in an instant, and the terrifying power of the deep monster rushed like a wave.

"Fuck!" Qin Chen's aura shook, and the power of the Abyssal Demon hit the bombardment to pieces in an instant. At the same time, Qin Chen glanced around and immediately saw the Promise Supreme not far away, and he immediately laughed: "The Promise Supreme of the Human Race,

Why not kill with me? how? "

Wuji Supreme was startled, and immediately smiled: "Haha, good."

boom!

Wuji Supreme's figure soars into the sky, and the vast river of fate surrounds his body, side by side with Qin Chen.

"go!"

The two rose into the sky and rushed directly to the periphery of the dark forbidden area.

"Huh? Stop them."

Huanggu Supreme snorted coldly, and at this moment, he also felt that Qin Chen was wrong. He fiercely bombarded the broken army's flesh below, and at the same time uttered a loud shout at Luyuan Supreme and the others.

"Boom boom boom!"

Suddenly, Supreme Eclipse brought many masters of the Abyssal Demon Race to kill Qin Chen and Wuji Supreme. At this moment, many supreme masters of the Abyssal Demon Race have awakened one after another. A number of exalted masters quickly gathered here. The ordinary supreme can't approach here at all. Those who can join the battlefield are at least the mid-term supreme such as Demon Heart Elder and Ancient Demon Elder.

Level master.

Among them, there are even some ancient Abyssal Demons who are resurrecting.

Under the leadership of Supreme Eclipse, these masters came to a strong force.

Among them, the ancient demon elder opened his mouth and spit out, a flag light galloping out, it was a pitch-black magic flag, this magic flag shook slightly, woo woo woo, countless demon qi soaring to the sky, covering the sky and covering the sun, sweeping the world, The cover pressed towards Qin Chen. Elder Demon Heart was also crazy. With a wave of his big hand, an ancient magic map appeared in the air. On the magic map was drawn an ancient demon god. His eyes were wide and rumbling. The endless demonic energy stirred the world and the mainland was shaken. , Suppressed, hit the black

The void of the dark forbidden ground was shaking violently, as if it was about to collapse, and even the strong laws of the dark forbidden ground began to shatter. The rest of the powerhouses, also under the leadership of Supreme Eclipse, displayed their killer magic. The world was vast, with nearly ten Supremes, and they joined forces to kill Qin Chen and Wuji Supreme, while Supreme Eclipse's target was locked. Wuji Supreme, Boom

, A Fang Demon Seal appeared in the world, and it fell down fiercely at Wuji Supreme.

Because Wuji Supreme has the highest cultivation base, it is natural that Supreme Eclipse will deal with it personally.

They want to kill both Qin Chen and Wuji Supreme here.

"Hmph, you still want to do something to this seat, not to live or die, since you want to die so, this seat will fulfill you." Qin Chen stepped out and roared, the world was broken, the mainland was broken, and the darkness was centered on him. All the laws of emptiness in the forbidden place that were hundreds of millions of miles away were all shattered and turned into nothingness.

[Chapter 4865: Who dare to stop me](#)

Qin Chen's body was towering, shouted angrily, and with one stroke of his hands, suddenly in this chaotic emptiness, a dark king blood aura spread, like a dark scorching sun, slowly rising, illuminating the world.

The immense power completely resolved the attacks of the ancient demon elders, demon elders and many other demon masters.

Among these many demon elders, most of them are mid-term supreme. Among them, the powerful ones are not the mid-term peak supreme. There are only some old antiques of the deep demon clan, and they are close to the late supreme.

If so many powerhouses join forces before the breakthrough, Qin Chen will definitely be in trouble, but now that he breaks through the Supreme, Qin Chen's strength has increased by more than a hundred times.

No matter how many Supremes of the Abyssal Demon Clan attacked, they couldn't blast down Qin Chen's body, but were directly blasted to pieces by the aura released by Qin Chen.

boom!

The ancient demon elder's demon flag flew out directly, hunting and hunting, making a tearing sound, as if to be torn directly by Qin Chen's energy.

The ancient magic map of the Demon Heart Elder also squeezed tightly. The devil **** pattern on it was violently distorted, and it was directly invaded by the dark aura released by Qin Chen, and the texture of the magic map was directly corrupted.

The attacks of many other demon masters also shattered.

"what?"

"How can this be?"

The ancient demon elder roared repeatedly: "My blood banner of ten thousand demons can set a boundary, and the power of the magic can be through the sky, and the bloodbaths of one continent, but why can't tear the protection of the dark power on the opponent's body, this person is a cultivator? What magical powers?" "My Inner Demon Atlas can instantly cover three thousand worlds, destroy ten thousand stars, and obscure one universe. Why can't it invade this person's body." Attack, also made a hysterical hiss

Roar, shocked.

Because of their attack, even Qin Chen's body protection could not be torn apart, which was simply sensational.

Huh!

When the two roared and shocked, Qin Chen moved and rushed over. He stepped out in one step and directly passed through the endless void, as if in an instant, he had already arrived in front of the two supreme masters of the Great Demon Race.

The concept of time and space has been distorted by him, and now Qin Chen stepped across time and space in a single step, so fast that the two of them couldn't react at all.

It can be said that the supreme rules of the universe cannot prevent Qin Chen from taking action.

With a bang, Qin Chen shot directly, thrusting out his hand, like a mountain, grabbing at the two of them, and he heard an astonishing roar resounding through the world, Qin Chen's big hand stuck out, and the power of darkness swept through, even more terrifying than the explosion of stars. Countless times.

Thunder, flames, all kinds of power burst out everywhere, simply unmatched.

"No, stop him."

The elders of the ancient demon and the demon heart were shocked, and roared together, hurriedly displaying their own blood banner of the ten thousand demon and the catalogue of the demon to resist Qin Chen's attack.

There was a bang, the two people vomited blood, the Ten Thousand Demon Blood Banner was torn apart, and the Inner Demon's catalogue was also broken to pieces. A heavy dark breath poured directly into the two of them, like an endless dark sacred fire, quickly Burn, invade the bodies of the two.

The power of the Dark King's blood burst out in an instant.

"what!"

In an instant, the elders of the ancient demon and the demon heart burned with pitch-black dark flames.

With a single move, Qin Chen severely wounded the two great Abyssal Demon Race powerhouses, and the billowing power of darkness bombarded into the bodies of the two great masters, deeply hurting their supreme source. Since breaking through the supreme realm, Qin Chen's strength has reached a level comparable to that of the peak supreme. Although this ancient demon elder, demon heart elder is powerful, he is in charge of the law enforcement hall of the abyss demon clan, and his cultivation level can reach the sky, but where will he be? Qin Chen this

An opponent of the world's giants.

"You two, die!" Qin Chen didn't care and didn't let it go with a punch. His eyes flickered, black light shot, five fingers opened, and he slammed forward, exploding vigorously, pressing down. The emptiness of the world collapsed directly twisted, facing the origin of the two of them.

To attack and kill, the two of them must be completely killed on the scene.

The power of billowing darkness surged and burned around Qin Chen, setting off Qin Chen's body like a dark giant who could never be knocked down.

His body grew taller and taller, defeating the Supreme, as simple as eating and drinking.

At this moment, many Yuanmo clan masters felt powerless to defeat.

"Damn it, Yuan Lin Ten Thousand Realms." Suddenly Lu Yuan, who had originally killed Wuji Supreme, immediately let out a roar. The moment Qin Chen made his move, he suddenly shifted his opponent and killed Qin Chen directly. The aura of the Abyssal Demon burst out, suddenly hitting a masterpiece Killer move.

The ways of the Abyssal Demon rose to the sky and turned into ten thousand rivers, evolving the true meaning of the Abyssal Demon Clan, a huge abyss suddenly flew out, resisting Qin Chen's big hand.

"Who dares to stop me?"

Qin Chen's body was shocked, his five fingers squeezed his fist, and he violently struck out of thin air.

Bom!

With a loud bang, the Tao of Yuanlin Ten Thousand Worlds of the Supreme Erosion Yuan was smashed, his body retreated again and again, and blood spurted out of his mouth.

What?

Such a scene shocked all the experts of the Abyssal Demon Race, and even the patriarch was repelled?

However, with this move by Supreme Eclipse, the elders of the ancient demons and the elders of Moxin took a sigh of relief.

The power of the Abyssal Demon spilt desperately from the heavens and the earth, and merged into the bodies of many powerful men.

With a bang, the many masters of the Yuanmo clan quickly merged with the Conquering Demon Array, and a vast aura permeated.

At this moment they also understood that it was extremely difficult to stop Qin Chen on their own, and only by merging the Demon Sealing Array would there be a ray of possibility.

After all, the Demon Sealing Array is the pinnacle Supreme Array that protects the entire Abyss Demon Ancestral Land.

"kill!"

"Stop them!" Many demon supreme screamed together. They seized the opportunity and came from the side. One of the supreme has many giant hands behind it, but the thousand hands supreme. In each palm, a demon soldier evolved. , Boom, thousands of demon soldiers turned into Qianbinghe

, Struck mightily, and shot Qin Chen down. And the other supreme has a dark spear in his hand. On the spear, countless resentful souls are crying. It is the resentful soul of a powerful man of ten thousand races, who once died on this spear, now they are gathered together. The yin is strong, rising like wolf smoke

, Rushed straight into the sky, and shot Qin Chen's heart with a shot.

A lot of supreme, combined with the demon-sealing great formation, the great formation rumbles, and join forces to attack and kill.

"Humph!"

Qin Chen snorted coldly, turned his body, stepped on all directions, looked up at the sky, and the power of the infinite array fell down, encircling them in an instant.

"Boy, be careful."

Not far away, Wuji Supreme looked solemn and reminded by voice transmission. The Demon Sealing Array is the pinnacle supreme array, extremely terrifying, as strong as him, and dare not careless, even if Qin Chen is strong, he has just broken through the Supreme, once surrounded by the demon sealing array, it will definitely be dangerous.

[Chapter 4866: Dark Hell](#)

"Devil Sealing Array?"

Qin Chen sneered, but he was not afraid.

Hum!

He stepped out one step at a time. In the void of this dark forbidden ground, a huge dark **** array appeared. His footsteps fell step by step on this **** array, and every step he stepped on, the **** array burst out with dazzling eyes. Light.

Many rays of light merged and gathered in Qin Chen's body, and Qin Chen's body was shaken, and the attack on the sky suddenly blasted out with a punch.

In an instant, countless dark thunders spewed, and the dark wind thunder swept across the air. This is not an ordinary wind thunder, but a terrifying wind thunder from the Dark Nine Netherlands. This thunder does not exist in the mortal world, but only exists in the myth.

Qin Chen's attack suddenly surged with an ancient, magnificent, vast, and invincible temperament.

"Hmph, the law of eternal darkness, give this seat an annihilation."

Qin Chen shouted sharply, his body was even taller and majestic, and the laws of the whole world seemed to have been stepped on by him and suppressed fiercely.

The fist wind oscillated.

Boom!

The peerless long spear that Yuanmozu supreme blasted out was snapped by Qin Chen with a punch, the terrifying spear exploded, and an earth-shattering roar erupted. At the same time, Qin Chen's body was shocked and another punch was made.

Boom!

The vast Qianbing River was exploded in an instant, and countless weapon fragments were torn apart and shot in all directions. Each fragment was enough to explode a star.

The two supreme lords flew upside down together, and were blown head-on by a blow.

Qin Chen stepped up, punched out, and with a bang, one of the supreme beings was directly torn apart and exploded on the spot.

Oh oh oh!

In Qin Chen's body, the billowing power surged, and a powerful swallowing force surged, swallowing the origin of the sky full of monsters crazily.

"Naughty animal, look for death." The Supreme Eclipse roared, seized the opportunity, and suddenly made a strong move. A black conch appeared in his hand. As soon as the conch appeared, it made a whining sound, and suddenly a billowing demon surged out between the heaven and the earth. Qi, countless ghost ghosts appeared in

Out of the air, the ghost cried out and swept towards Qin Chen.

These ghost ghost shadows, with a suffocating aura, directly affect people's minds, and make people's souls plunge into an endless abyss for an instant, a ghostly devil's cave.

In an instant, the countless ghost shadows in front of Qin Chen seemed to disappear, escaped into the invisible, sneaked into Qin Chen's soul, and directly attacked his spirit essence.

"Huh, get an axe from the class door, a chicken dog!" Qin Chen snorted, the blood of the Dark King in his body agitated, and in his eyes, there was a terrible rainbow blooming, scanning out, countless disappearing ghost shadows, Suddenly appeared, and then exploded directly under Qin Chen's gaze, with blood-colored pupils shining horizontally.

Sweep, all the breath of the Wraith Soul Demon Shadow has been transformed into Rolling Purgatory.

"Dark Hell!"

Qin Chen stepped out again, with a raging dark flame behind, burning outwards, seeming to ignite a whole sea of darkness, turning the dark forbidden land into boundless purgatory.

He refines everything with the dark and sacred fire.

At this moment, Qin Chen seemed to have become a dark fire god.

In the dark flames, the eclipse Yuan Supreme looked frightened, showing shocks.

He never expected that Qin Chen would crack his attack so easily.

Swishwwwwwwwwwwwwwwwwwwwwwwwwww! In the darkness of the Dark Prison that Qin Chen's dark **** fire turned into, many primordial lords of the abyssal demon race joined together, and these princes roared together, spurring the enveloping demon formation. Among them, the aura of a few powerhouses was close to that of the eclipsed abyss. It's actually some late-stage supreme

Grade antique, awakened from the retreat at this moment, wanted to launch a lore on Qin Chen.

"The Enchanted Demon Array, seal the heavens!"

There are quite a few Supreme Masters of the Abyss, who have united the countless masters of the Abyss Demon Clan in the entire Abyss Demon Ancestral Land, roaring together, urging the Demon Sealing Array to completely kill Qin Chen. Now they are real shots. Everyone, without reservation, directly burns the origin, and wants to strike the most tragic and powerful blow to Qin Chen. They found that relying on their personal strength to fight each other, it is not Qin Chen at all.

Opponent.

Boom!

The terrible power came, and before it fell, there was already a fierce roar between the heavens and the earth, and the heavens and the earth seemed to be shattered on the spot.

"careful."

Wuji Supreme roared, and the river of fate swept out, appearing between heaven and earth.

However, as soon as his long river of destiny appeared, with a bang, he was directly bombarded by the power of the terrifying Demon Sealing Array and rolled up the stormy waves, as if a tsunami was coming, and would be destroyed on the spot.

This made him change color, and the power of the Sealing Demon Array at this moment was so powerful that even he could hardly resist it.

This was a blow that condensed the power of countless powerhouses in the entire Abyss Demon Ancestor Land.

Although the Promise Supreme is now resurrected, but has not returned to the peak, how can it be blocked? This is also the reason that Huanggu Zhizun went straight to break through the army's flesh and did not intervene here, because he knows that although the cultivation base of the Eclipse Supreme and the others is not as good as the Wuji Supreme, once they are combined with the Demon Sealing Array, even he must be careful. Promise Supreme Wanna

The other dark royal family couldn't escape at all.

What Huanggu Supreme has to do now is to defeat Pojun, find the Demon Child, and retrieve the Demon Soul Source Device.

"Wuji Supreme, you don't want to be mad."

There was a rumbling, and the Eclipse Supreme and the others roared together, spurring the great array, and directly blasting the river of fate of the Wuji Supreme.

With a bang, Wuji Supreme flew out, and the power of fate in his body was scattered.

The long river of destiny he condensed is after all just a tributary of the long river of destiny, not the real long river of destiny, how can it withstand the cooperation of the entire Abyss Demon Ancestor Earth Demon Master.

boom!

The terrifying power of the vast ocean poured directly down and blasted towards Qin Chen in an instant.

"die!"

The Eclipse Supreme roared and roared.

Facing this terrible blow, Qin Chen didn't change his expression.

"What kind of enchanting demon formation, in front of this seat, but the chicken and dog, the pearl of rice, also shine?"

Qin Chen's body suddenly turned into an overwhelming demon god, an ancient dark world surrounded him, and all the dark powers condensed into one, rising from Qin Chen's body.

At this moment, Qin Chen stepped out, even directly resisting the great demon formation.

Others are afraid of this great demon formation, but he is not at all afraid.

Because no one knew that he had refined the Demon Soul Source Device, and coupled with his combination with Qin Demon, he could incarnate into the Yuan Demon Clan by himself, and this Demon Sealing Array could not stop him at all.

Boom!

Qin Chen stood proudly in the center of the big formation. Deep in his body, the power of a demon soul generator surged out, quietly blending into his palm, quietly.

All the power gathered by the masters of the Abyssal Demon Race was instantly suppressed at this moment.

Qin Chen was not afraid, and his hands pointed outwards, like a great ancient god, tearing the sky with a chuck, and the entire formation was torn apart out of thin air. Many of the world's supreme, have been shaken to fly out.

[Chapter 4867: Ancient prison](#)

"Wuji Supreme, go!"

Qin Chen laughed loudly and rose to the sky. "How could this be? Our Demon Sealing Array could not suppress this person, how is this possible? The Demon Sealing Array is the Pinnacle Supreme Array personally arranged by the ancestors. Even if the Pinnacle Supreme is here, it will be suppressed. , But was torn by this person in an instant

,What exactly is going on? How could this person be so tyrannical? "

Elder Ancient Demon and the others were terrified, all in a cold sweat, and they screamed hysterically.

With their supreme bodies, it was almost a disaster that did not bless them. At this moment, they suddenly broke out in a cold sweat. It can be seen how shocked it is!

"Stop him."

Supreme Eclipse also looked furious, and the formation was torn apart. He waited and retreated, but he hurriedly let out a loud roar.

"boom!"

At this moment, from behind Supreme Lu Yuan, an ancient figure rushed out. This was an old man with a single horn and a majestic body. His big hand pressed directly towards Qin Chen cover, and he wanted Qin Chen to re-enter the seal. In the big array.

This is an old ancestor, with a breath of heaven, and even the power of the late supreme emerges, but at the same time there is also a decadent aura.

Obviously, this was a master of the Abyssal Demon Clan who had been shut down. At this moment, when the Abyssal Demon Clan was in crisis, he immediately awakened and delivered a powerful blow to Qin Chen.

"Hmph, the Demon Sealing Array has broken down, and you dare to stop me, if you don't know whether you live or die, then you will die!"

Qin Chen tore through the large formation and walked out of the billowing devilish energy, his towering and undefeated body, whose breath stunned nine heavens and ten earth.

Qin Chen yelled coldly, his big hand directly condensed invisible power, and he threw a punch without reservation.

The ancestor of the Yuanmo was about to arrive, so Qin Chen naturally couldn't waste too much time here.

Boom! He heard a terrifying roar, Qin Chen's fist and the opponent's big hand bombarded together, the endless devilish energy swept through, the other party immediately let out a stern howl, his palm was hit directly by Qin Chen's fist. Cross wear, huge hands

A big hole appeared in the palm for an instant.

At the same time, Qin Chen stood up, and his big hand squeezed him down. The ancient supreme of the Abyss Demon Clan uttered a miserable scream, and when he saw it, he fought back desperately, but to no avail, Qin Chen grabbed it with one hand, lifted it up high in the air, and Qin Chen urged the power of darkness for an instant. Into the opponent's body

, The Dark King's blood wrapped it, and at the same time, Qin Chen quietly activated the Demon Soul Generator in his body.

I saw the body of this ancient supreme swelling directly, there were countless cracks in the body, and the origin of the body began to collapse.

"Do not!"

Supreme Eclipse, Elder Ancient Demon... The other Supremes all saw this scene and roared, trying to come up to help, trying to save the ancient Supreme.

But it's too late! Qin Chen's gaze shot, and the infinite power blasted into the opponent's body. With a bang, the ancient supreme being lifted up instantly exploded and uttered the final scream. The power of the billowing darkness that Qin Chen poured into his body finally Blow him up

It became fragments of the sky, the essence exploded, and the tyrannical late-stage supreme origins all entered Qin Chen's body, and the power of the essence and blood in it was penetrated into the chaotic world by Qin Chen, and he was regarded as the ancestor of the blood river. nourishment.

"Quack!"

The Blood River Saint Ancestor was extremely excited, a late-stage supreme, even if it was decayed and declining, it was a great tonic for him, and his blood river suddenly swelled and instantly improved.

And at the origin of the ancient supreme, Qin Chen's strength was also increasing. Today's Qin Chen is only the early peak supreme. To break through the mid-term supremacy, he needs to absorb a lot of power. After entering Qin Chen's body, the origin of this ancient late supreme is quickly refined by the demon soul generator and turned into the most Pure

The power of the demons strengthened Qin Chen's power.

Boom boom boom!

Qin Chen's aura surged, and it seemed to become much stronger in an instant.

A late supreme, fallen.

Even the corpse was not preserved, and it was directly refined by Qin Chen. Such a scene was too horrifying and inhumane.

"Damn it!"

"Did you kill the Supreme Lord?"

"You, you, you, you... actually dare to kill the ancient supremacy of our Abyss Demon Race, the sin deserves ten thousand deaths."

The rest of the supreme princes were going crazy, seeing Qin Chen's cruel methods, all of them fell into a state of madness, wishing to swallow Qin Chen alive.

Such an ancient supreme, even in the Yuanmo clan, is a huge treasure.

But there was also horror that emerged, and even the late supreme could not stop the dark tribe in front of him, so who else could stop him?

This is the late-stage supreme, I am afraid that even the ancient supreme elder, too, may not be able to kill a late-stage supreme with a single move.

"Hahaha, Yuanmo clan is a waste, I don't have time to play with you and leave."

Qin Chen laughed loudly, stepped out, fleeing directly into the void, staying away from here. He could feel that the ancestor of the deep demon was approaching. Don't watch him kill an ancient late-stage supreme in one move, but it was also because of the use of the demon soul generator. Once the ancestor of the deep demon came, Qin Chen would now 'S cultivation base, even if it is to activate the magic soul generator

It is also impossible to resist the supernatural powers of the ancestors of the Abyss Demon.

"Stop him for me."

At this time, Huanggu Supreme was launching the final attack on Pojun's physical body. In order to regain the Demon Soul Source Tool, he couldn't spare his hand to target Qin Chen, and could only give instructions to Luyuan Supreme and the others.

Zhi Yuan Zhizun and others soared to the sky, trying to stop Qin Chen, and at the same time pinched their hands.

Boom boom boom!

A terrifying array of lights rose up, it was a great array of demons, and they wanted to condense again.

They knew Qin Chen's horror well, and they couldn't resist Qin Chen at all with their strength. Only by urging the Demon Sealing Array, could there be a glimmer of hope.

At this moment, Qin Chen had already entered the endless void of the Infinite Demon Prison, ooh, countless infinite magic powers gathered crazily, continuously condensing in his body.

At the same time, Qin Chen looked up and seemed to see the depths of the Infinite Demon Prison, which seemed to have a mysterious space.

"Well, you still want to stop me? Let me see, what is that? A cage? You Yuanmo tribe actually imprisoned so many masters of ten thousand races, just so, this seat will open this cage and let you Yuanmo The clan becomes a purgatory on earth."

Qin Chen saw through the mysterious space. In the space deep in this Infinite Demon Prison, there were a series of ancient auras, and he was a master of ten thousand races.

And these masters seem to be imprisoned here.

In fact, Qin Chen had long known from the Lord of the Abyss that the reason why this Infinite Demon Prison had this name was that it was the prison of the Yuanmo clan in the ancient times.

In this cage, many masters of the ten thousand races were imprisoned, all of them from the ancient times, and were suppressed here by the Abyssal Demon Race.

The ancestor of the Yuanmo was ambitious, and he tried to condense a peerless supernatural power through these people of all races to detach from this universe.

But this just gave Qin Chen a chance.

Qin Chen gathered infinite strength in his hands, secretly urging the Devil Tree of Ten Thousand Realms, and hit the ancient space with a fierce punch.

boom! With this punch, the void was directly shattered, and a huge black hole was formed in an instant, and from that black hole, a series of ancient and powerful auras were exuded.

[Chapter 4868: Hell open](#)

Rumble!

The void in front of Qin Chen burst suddenly, and a terrifying ancient aura permeated from it. From the endless void, it was as if they saw a piece of figure shaking.

Each of these figures exudes a shocking aura, just like the Primordial Demon God, the spirit of God spied out all of a sudden.

"Do not..."

"Boy, you are looking for death."

"You actually opened the Ten Thousand Clan Demon Prison, ah, ah, the crime deserves death."

Supreme Master Lu Yuan and others saw such a scene, changing hysterics one by one, their hearts were furious, and their bodies were trembling.

Once the ancient powerhouse in the purgatory of ten thousand races is released, the Demon Realm will definitely fall into a disaster.

These are some of the top masters of the Ten Thousand Clan in ancient times.

It's just that, how the Dark Race people broke the barrier of the Ten Thousand Races Demon Prison, you must know that it was arranged by the ancestor himself.

"Boy stop."

The Supreme Eclipse roared to the sky, urging the Demon Sealing Array, and directly approached Qin Chen to suppress it again.

"Hmph, since you are obsessed with not understanding, then this seat will bring you a disaster to the Demon Realm and make your Demon Realm completely lead to a **** on earth. This is also a punishment for your Demon Realm's violation of the supreme will of my Dark Clan."

Qin Chen stood tall and stood upright at once. In his body, the power of the Ten Thousand Realms Demon Tree quietly surged and merged into his Dark King's blood, almost silently.

After that, Qin Chen directly raised his hand again, tore, his hands tore apart forcefully, and immediately the sky in front of him was directly torn open a larger gap. Qin Chen faced the depths of the gap, and countless shadowy figures laughed and said: "What are you people of all races doing in a daze? This seat has broken the shackles, don't you want to go out? Killing, this demon world, is

The source of sin that has sealed you for hundreds of millions of years, you are not quick to come out and vent it. "

Qin Chen's voice spread across every void in an instant, and the cage void deep in the Infinite Demon Prison instantly became excited with many ancient thoughts.

"Quack... it's the outside atmosphere, we are finally out of trouble."

"Devil, this is the breath of the devil, who is it, who opened the demon prison of the ten thousand races and gave us our freedom."

"Kill! Kill! Kill... This deep demon ancestor actually dared to imprison me, and I will turn his demon world upside down."

"The Abyssal Demon clan, who has trapped us for so long, must retaliate, and all the members of the Abyssal Demon clan must die!"

The roar of roars and roars continuously passed out from the endless void.

"The dark clan? Humph, although this kid is the dark clan, but for the sake of liberating me, he won't be an enemy first and destroy the Abyss Demon Clan."

"Quack, I want to kill the Quartet."

Countless ancient thoughts, one after another, went out from the cracks of time and space broken by Qin Chen, descended into the world of Infinite Demon Prison, swept toward the entire Abyss Demon Ancestor, and immediately caused a great chaos!

In the ancestral land of the Abyssal Demon Race, there were originally countless demon stars floating, and ancient demon cities stood tall, very noble and lofty, controlling the operation of the entire demon world for hundreds of millions of years, giving it a sense of magnificence. But at this moment, from the Infinite Demon Prison in the depths of the Abyss Demon Ancestor Land, bursts of Changhong suddenly burst out. Each of these Changhong has a palpable aura, like a dam bursting its dyke, all of a sudden. Released like stars in the Milky Way

A strong man with average sand count.

After that, countless strong breaths instantly enveloped the countless magic cities and magic mountain caves in the entire Abyss Demon Ancestral Land.

Abyss Demon Ancestor Land is the core place of the Abyss Demon Clan. In these devil cities, there are countless descendants of the Abyss Demon Clan, masters lurking and prosperous, and it is the most prosperous place in the entire Demon Realm.

Countless demon geniuses have been gathered here to learn, brainwash, and in the future, the deep demon clan will throw their heads and sprinkle their blood.

Compared to the heavens and other places, this place houses the entire Demon Race's elite, and countless genius figures live and practice here, which is the future of the entire Demon Race.

It is also the essence of the entire demons.

But now, countless tens of thousands of powerhouses suddenly come, like a **** of murder, raging in the countless demon cities of the Abyss Demon Race.

What a tragic look is this?

miserable.

Very miserable.

Suddenly, countless masters of the Demon Race, Tianjiao, and strong men were slaughtered, the storm of blood, blood bursts, and countless ancient auras, the entire Abyss Demon Race seemed to have entered purgatory for an instant.

After coming out of the Infinite Demon Prison, one by one ancient masters of the Ten Thousand Races carried out a crazy slaughter in the Yuan Demon Ancestor Land.

Even among these ancient powerhouses, there are many demon masters.

In order to unify the entire Demon Realm, the Abyss Demon Race also forcibly suppressed many of the top masters of other Demon Races. Now these ancient masters have been liberated in an instant, and they are slaughtering unscrupulously everywhere.

Who are the people who can be sealed by the ancestors of the deep demons for hundreds of millions of years? Some of the top masters of the ten thousand races, each of them are fierce and evil, at least they are also supreme-level powerhouses.

Otherwise, it would have disappeared in these hundreds of millions of years of suppression.

"I have been trapped by the Yuan Mozu for hundreds of millions of years. Today, I will destroy his world." The cold shouts soared to the sky. The most ruthless shots on the scene turned out to be the other ancient Demon masters. They used to fight against the Yuan Mo elders. The ancestor, or he was carrying a lot of treasure and was targeted by the ancestor of the abyss demon, should be the person who hates the ancestor of the abyss demon most

One out.

They all acted unscrupulously, leaving nothing to the Abyss Demon Race, and even more brutal than some other powerful men of the Ten Thousand Races.

If there is still a great demon sealing formation blocking it, it would be okay, but now that the great demon sealing formation has been broken by Qin Chen, these masters of the ten thousand races are simply rampant in the deep demon ancestor land.

How could those ordinary Yuanmo people be their opponents, beheaded one after another, blood flowed into rivers.

"..."

Supreme Eclipse, Elder Ancient Demon, Elder Demon Heart, and others flew out from the dark forbidden ground one by one. Seeing such a tragic scene, their eyes were red.

Everyone has gone crazy, this is a catastrophe, a catastrophe that the Abyssal Demon Race has never experienced.

Every member of the Yuanmo tribe is the most precious property of the Yuanmo tribe, but now, they are being wildly slaughtered by these powerful people.

"Hahahahaha! Kill everyone. After you finish killing, remember to leave the Demon Realm. You are all free." Qin Chen laughed, and without him speaking, countless ancient powerful men of the Ten Thousand Clan had already launched the Yuan Demon Ancestor Land. Fierce attack, because they have

been suppressed for hundreds of millions of years, their bodies have long been broken, their souls have also been greatly traumatized, and they want to recover.

It is impossible for a period of time. But as long as they swallow the power of the deep demons, they can quickly improve their cultivation base, which is why they took the initiative to kill and did not leave immediately after freedom.

[Chapter 4869: wait for me](#)

Seeing this apocalyptic scene, Qin Chen didn't move his expression.

He was mingled among many masters, and began to secretly devour the magic power of the Infinite Demon Prison.

boom!

Countless infinite magic power was absorbed by Qin Chen and suddenly entered the world of chaos, strengthening the magic tree of ten thousand realms.

Infinite magic power was born from the Demon Tree of the Ten Thousand Worlds in the ancient times, and it was a great supplement to the Demon Tree of the Ten Thousand Worlds, and Qin Chen naturally did not want to miss it.

With the current level of the Demon Tree of the Ten Thousand Realms, it is extremely difficult to increase it, and this infinite magic power just happens to be of great benefit to the Demon Tree of the Thousand Realms.

Oh oh oh!

I saw countless infinite magic powers crazily entering Qin Chen's body and being swallowed by Qin Chen abruptly.

In the world of chaos, everyone saw the magic tree of the ten thousand realms grow crazily, rumbling, and the magic tree reached the sky, as if it had opened up a new world, and with the promotion of the magic tree of the ten thousand worlds, Qin Chen's chaotic world was also A little bit more solidified, the world nurtured in it also became more solid.

The origin of the world is improving.

However, it is only a superficial improvement at the moment. To truly raise the Ten Thousand Realm Demon Tree to a higher level, Qin Chen needs to spend a lot of energy to consolidate it.

Qin Chen does not have this energy yet.

On the land of Abyss Demon Ancestor, the miserable fight continued.

"Damn it, kid, you're looking for death."

At this time, Huanggu Supreme didn't care about continuing to attack the broken army. His body shook, and he waved his hands. Suddenly thousands of magic palms appeared on his body. On each of the magic palms, there were horrible magic patterns that faced Qin Chen. Suppressed severely.

He was using the most terrifying means to kill Qin Chen in an instant.

"Huh, want to kill this seat?"

Qin Chen came to the world, his body shook, and the power of the infinite Dark King's blood spread out. With a palm of his hand, he shook back the ancient supreme, booming, and the terrible power collision, facing the peak of the ancient supreme, unexpectedly Not letting down the wind at all.

Then Qin Chen ascended to the sky, and a mouthful of dark sacred fire spewed out and landed in the Abyss Demon Ancestor Land. Right away, the universe, the ground, and even the void all burned, and countless Abyss Demon Clan imperial cities turned into one piece. Sea of fire.

The entire Abyss Demon Ancestral Land seemed to have become a purgatory.

And in the sea of fire, Qin Chen disappeared without a trace. He did not fight with the ancient supreme, but left a series of voices: "The ancient supreme, you Yuanmo clan dare to calculate my dark royal family and use my royal family , I don't know how to live or die. Originally, you Yuanmozu had the opportunity to become a dog of my dark clan. Now, you don't even have the chance to become a dog. It's a pity that God's iniquity is especially true, and it does not survive. You wait. , In a few days, my dark clan will come to your demon world and kill all of your deep demon clan. At that time, my clan will rule the demon world!"

Qin Chen's voice disappeared, and Wuji Supreme also took advantage of the chaos to leave here.

Under the wrath of the ancient supreme, he was just about to chase after him.

Just listen to the anxious voice of Zheyuan Supreme: "Huanggu Supreme, come and help."

"hateful."

Originally, Huanggu Supreme wanted to leave Qin Chen, but after turning his head, he was extremely frightened. Countless tens of thousands of powerful people were slaughtering wildly in the deep demon ancestor land, blood flowing into rivers.

"You all have to die."

The ancient supreme roared, his body shook, and he instantly entered the battlefield.

boom!

The origin of the pinnacle supreme in his body ascended, and quickly repaired the magic sealing formation, and saw countless arrays of light rising up, quickly becoming stronger, and suppressing the countless tens of thousands of powerful people below.

"No, hurry up."

"The ancient supreme has been killed, this person is the veteran pinnacle supreme."

"There is also this Great Demon Sealing Formation, which is the top great formation of the Abyss Demon Clan. The kid of the Dark Clan has already left. If we continue to stay, it might be dangerous."

"Kill out."

Countless masters of the ten thousand races rose to the sky and fought out one after another.

At this time, Qin Chen quickly shuttled through the void of the Demon Realm.

His body flickered, and in an instant, he had already left the territory of the Abyssal Demon Race and rushed toward the place of the Inanimate Demon Realm.

The reason why Qin Chen didn't fight the Desolate Ancient Supreme was because he knew that the ancestor of the abyss demon was about to come, and once the ancestor of the abyss demon rushed back to the demon world, he would be in danger.

His top priority now is to find Sisi in the Wusheng Demon Realm.

Although he appeared in the face of the Dark Clan, he couldn't guarantee that the ancestor of the deep demon would not be aware of anything. If he knew that he had taken the demon soul generator, he would definitely attack Sisi.

Because from Qin Mo's memory, he discovered an astonishing news that Wan'er was actually in the Inanimate Demon Realm and was arranged by the ancestor of the Abyss Demon.

The ancestor of the Abyssal Demon had already known the headquarters of the Righteous Dao Army. Over the years, many powerful men had been secretly lurking into the Inanimate Demon Realm, but he did not launch an attack on the Righteous Dao Army. Instead, he sent his subordinates to join in secretly to seek A big plan.

Sisi now, even in the non-life demon realm, is not absolutely safe.

Qin Chen shuttled quickly.

At his current speed, almost one step at a time, even in the distant non-life Demon Realm, he can arrive at an extremely fast speed.

Within a few hours, Qin Chen had crossed the boundless distance of the distant Demon Realm, came to a place close to the Inanimate Demon Realm, and saw that boundless, supremely insurgent zone.

The inanimate zone is a natural danger, guarding the inanimate demon realm, and is not invaded by outsiders. It is rumored that this is the place where the demon **** sits and transforms in the past. It is extremely dangerous and even the ancestors of the abyssal demons can't easily enter it.

However, the ancestor of the deep demon had arranged a large formation of the twelve days of the evil demon on the periphery of this non-life demon realm to prevent any foreign characters from entering.

Oh oh oh!

At this moment, Qin Chen came to the periphery of the Inanimate Demon Realm, and saw that the power of the terrifying Abyssal Demon rises between the heaven and the earth, imprisoning the Inanimate Demon Realm in the big formation.

"Is this the twelve days of all evil spirits?"

Before Qin Chen came to the Twelve-Day Dumosha Great Formation, his gaze condensed. This formation was indeed terrifying, even Qin Chen now felt a palpitation.

No wonder the Lord of Abyss Demon said that the Demon Soul Source Device must be used to overcome the twelve days of the Great Demon Formation.

"This formation was arranged by the ancestor of the abyss demon, and I don't know if the ancestor of the abyss will perceive this formation?"

Qin Chen murmured.

But at this time, he couldn't take care of that much. This was the best opportunity. After losing this opportunity, he was afraid it would be difficult for him to find the opportunity of the absence of the ancestor of the abyss.

boom!

Qin Chen quietly urged the Demon Soul Source Device, quickly infiltrated the twelve-day Capital Demon Formation, and began to try to crack this formation.

"Sisi, waiting for me."

Qin Chen's eyes were firm.

And when Qin Chen tried to crack the big formation.

At this time, the deep demon ancestor was in the land.

Countless masters of ten thousand races are rushing everywhere, blood is flowing into rivers.

There are too many masters of the Ten Thousand Races who have been liberated.

[Chapter 4870: Double-corner collapse](#)

At this moment, a majestic body wreaked havoc in the territory of the Abyss Demon Race.

"kill!"

A supreme powerhouse laughed fiercely, suppressed with his big hands, like a sky curtain, capturing thousands of Yuanmo people, and forcibly squeezing them.

"boom!"

These members of the Abyssal Demon clan resisted frantically, each with a sorrowful look, but to no avail, too many powerful people of the ten thousand clan were liberated. Although the members of the Abyssal Demon tribe are powerful, not all members of the tribe are powerful. There are also ordinary sages, such as earth and heaven, and even weaker saints. How can they withstand the slaughter of these supreme-level masters? Explode

For blood fog.

"Quack!"

The ancient powerful people of the Ten Thousand Races who had been sealed for hundreds of millions of years laughed grinningly, opened their mouths, and frantically swallowed the power of these Abyssal Demon Race people.

For them, killing the members of the Abyssal Demon tribe was not only to revenge the ancestors of the Abyssal Demon who trapped them for hundreds of millions of years, but also to restore themselves.

In the entire Demon Realm, there is nothing that can restore their cultivation as soon as possible than swallowing the Abyss Demon Clan people.

"You guys, look for death."

Huanggu Supreme was furious, and brought a respectable Abyssal Demon Clan Supreme into the sky, some ancient masters also awakened, and the tyrannical aura rose up everywhere in the Abyssal Demon Ancestral Land.

It has to be said that the Deep Demon Race has a profound background. There are strong people throughout the entire territory of the Abyss Demon Race.

but. The territory of the Abyssal Demon Race is too vast. Even though there are countless powerful men who have awakened from their deep sleep, the powerful masters of the Ten Thousand Races who were released at this moment are too proficient, and they can be imprisoned by the Abyssal Demon ancestors. Years, each is COSCO Wanzu

The outstanding people in ancient times have extraordinary strengths.

Can't stop it at all.

Strong as the Ancient Supreme Being, even when Qin Chen destroyed the Demon Sealing Array, he couldn't stop all these people of all races.

Suddenly, blood was flowing everywhere in the entire Yuan Demon Clan's territory, and a member of the Yuan Demon Clan exploded one after another, very miserable.

"Damn it!" Huanggu Supreme roared, murderous, and booming, his figure was like an electric black long electric, traversing the sky, and directly squeezed a 10,000-race Supreme to explode, but the rest of the 10,000-race Supreme Like him as a guerrilla, plus his efforts to suppress the broken army

The physical body makes it impossible to clone.

"The ancient elders, this..."

The Supreme Eclipse was frightened, and his canthus was cracked.

In just a moment, their territory of the Abyssal Demon Race has become a purgatory on earth, and in an instant, nearly one-fifth of the Abyssal Demon Race people have fallen, with stumps and arms everywhere.

"Hahaha, kill, kill all these Abyssal Demon people."

A well-known master of the ten thousand clan slaughtered wantonly, of course, some people followed Qin Chen away, but there were some masters who were unwilling to give up such an opportunity to make up for it and swallow them wantonly here.

A member of the Demon Clan named Yuanyuan continued to fall.

Seeing that the entire Abyss Demon Race was about to fall into disintegration completely.

at this time...

Hum!

The sky in the entire territory of the Abyssal Demon Race suddenly became dark, as if it had suddenly reached night from day to night.

Not only the Abyss Demon Clan, but even the sky of the entire Demon Realm was roaring violently, and the sky suddenly became gloomy.

"That is..."

Outside the Wusheng Demon Realm, Qin Chen raised his head to look at the sky, and felt this terrifying aura, and his face changed a little for an instant.

Because he could feel that a breath of horror that made his heart palpitations was coming.

Is the ancestor of the abyss demon.

"boom!"

The demon world roared, and a vast river appeared between the world and the earth. The river was rushing and full of space power.

It is the long river of space.

And in the long river, a towering figure stepped out.

咚咚咚...

This figure walked slowly, but every step it fell, it was like a sky collapse, the sky of the demon world suddenly exploded, unable to withstand the opponent's strength.

"The ancestor, the ancestor is back."

"The ancestor is finally back."

In the territory of the Yuanmo tribe, countless members of the Yuanmo tribe showed ecstasy, weeping with joy, and their expressions excited.

Many of the Yuanmo people who were evading and fleeing in embarrassment stopped running for an instant, saluting the sky respectfully, with endless piety in their eyes.

The ancestor of the deep demon is the **** of the deep demon clan.

In the hearts of everyone in the Yuanmo tribe, as long as the ancestor returns, they will not be afraid of any difficulties.

"No, the ancestor of the deep demon is back, hurry up."

"Run, run away!"

A powerful man of ten thousand races, his expression was furious, and he could no longer take care of the Yuanmo tribe people. One by one, they rose up and displayed all kinds of magical powers. Escape here.

The ancestor of the Abyssal Demon appeared in the world, his eyes were like two blood-colored stars, instantly falling into the purgatory-like territory of the Abyssal Demon, and endless anger suddenly spurted out of his eyes.

"You group of ants, how dare you stray in the wild in my abyssal demon territory, looking for death."

The rumbling roar resounded like heaven's wrath.

boom!

The heavens and the earth exploded, and the supreme rules of the universe were suppressed by this force. With the attack of the rolling force, the ancestor of the deep demon suddenly pointed out him against the countless ant-like powerhouses below. Huge palm.

boom!

When the palm of this hand fell, it was almost as if the sky was covered by a dark sky. The whole world suddenly became dark, and the void of the sky and the earth solidified in an instant.

Space and time have all stagnated at this moment.

Countless rules of the void collapsed directly. The unrivaled tens of thousands of powerhouses who were still slaughtering in the territory of the Abyssal Demon Race before, are now like flies frozen in the ice, their bodies are firmly imprisoned in the void, they can't move at all, they can only watch. With that majestic and majestic

His big hand pressed the cover down fiercely.

"Do not!"

The stern roar roared the world, and there was a strong man whose body was shocked.

This is a strong man with first-born feet and full of scales. He burned with pitch black flames all over, shaking away the power of the law of space that imprisoned himself, and instantly transformed into a magic phase in the void like a swamp.

boom!

His body is hundreds of millions of feet, extremely majestic, and the double horns above his head are like two Primordial Sky Pillars, slamming against the big hand of the ancestor of the deep demon.

He wants to smash away the big hand like a sky.

This is a top powerhouse with a late-stage supreme aura surging from his body. The aura is very ancient and majestic. The ancient aura on the two horns surges, enough to pierce the sky and the earth, and hit the big hand of the ancestor of the abyss.

There was a boom.

The next moment, his horns broke apart in an instant.

"Ah!" He screamed sternly, watching the great hands of the ancestor of the deep demon, crushing the towering horns of his head a little bit, then the head, then the body, and finally the double leg.
