[Chapter 4871: Met the ancestor](#)

puff!

In an instant, this majestic and powerful man was crushed and exploded by the great hand of the ancestor of the deep demon, and directly turned into ashes.

A late supreme, just collapsed.

Below, countless tens of thousands of powerhouses are panicked, although they know that the monster powerhouse is not in a state of heyday, trapped for hundreds of millions of years, and his original origin has been greatly worn out, but no matter what, he is also a master of the late supreme level. So vulnerable.

Even this person is so invincible, so what about them?

Puff puff!

I saw the great hands of the ancestors of the deep demons crush down, and along the way, a number of powerful people of the ten thousand races exploded, just like eggs laid on a huge rock, no matter how they resisted, they could not resist, they exploded into masses of blood. fog.

boom!

The giant palm fell, and in an instant, countless tens of thousands of strong men were wiped out and fell on the spot.

In an instant, countless powerhouses were annihilated, and countless tens of thousands of powerhouses in the land of the abyss demons were all destroyed by the blow of the ancestor of the abyss.

boom!

The origin of the endless powers of the ten thousand races ascended, was instantly swallowed by the ancestors of the abyss, and merged into the entire abyss of the abyss, the billowing aura rushed into the sky, and the entire universe rumbling under this coercion.

The ancestor of Yuanmo walked out of the long river of space in an instant and came to this world.

"I have seen the ancestors!"

Countless strong people present knelt down one after another, with respectful expressions and excitement in their eyes.

When the ancestor returned, everyone's heart was at ease.

The Yuanmo Ancestral Land was finally saved.

"Hmph, a bunch of rubbish, the ancestor has only left for a moment, this abyss demon ancestor land has been tossed into this look by you."

The face of the ancestor of the abyss demon was ugly, and he glanced around, and he felt the change of the ancestor of the abyss in just a moment.

The world was gloomy, blood flowed into rivers, countless disciples of the Abyss Demon Race fell, and even the Infinite Demon Prison was completely destroyed. The heavens of the Demon Realm seemed to have been hit hard, forming a feeling of doomsday.

Supreme Eclipse and the others bowed their heads, but they did not dare to speak.

Because they did live up to the expectations of their ancestors.

"Ancestor, you don't know anything..."

Huanggu Supreme hurried forward to prepare to explain, but when the ancestor of the abyss raised his hand, he ignored him, but opened his eyes and instantly looked towards the endless sky in the distance.

"It's not the time to talk about this. These remnants of the ten thousand races dared to stray in the wild in my abyssal demon ancestor's land. It's really looking for death."

A divine rainbow burst out of the pupils of the ancestors of the deep demon, and a series of terrible divine lights bloomed, and you saw that in the sky of this demon world, a powerful man of ten thousand races was escaping frantically. Many of these people were in the deep. Before the demon ancestor descended, he sensed the danger, and the masters who left early fled the devil world madly.

The figure shuttled quickly in the void.

At this moment, endless fear emerged in their hearts, and their bodies were cold and sweaty.

It's too scary.

The previous blow of the ancestor of the abyss left an unforgettable mark on their hearts.

"Are you detached? The power of the ancestor of the abyssal demon has definitely exceeded the level of peak supremacy."

"There is such a strong man in this world, how can the ten thousand races fight against the demons?"

Endless fear emerged in each of them.

It was too horrible. The previous so many masters of the ten thousand races, each of which was the top powerhouse of this universe, fell under the blow of the ancestor of the abyss. Such a scene is really deep. Endless fear emerged everywhere.

"Open the killing ring in my abyssal demon territory, and still want to leave?"

The ancestor of the deep demon snorted coldly, his demon eyes opened, and hundreds of millions of miles of heaven and earth were enveloped by him. In the void, countless powerful figures appeared one after another, and he caught his eyes.

Then, he suddenly raised his hand, and with a bang, he saw that the entire Demon Realm was shaking violently, and the big hands exploded out of the sky, covering all directions of the Demon Realm, catching the countless tens of thousands of powerful people who fled.

"not good."

"Damn it, why is this ancestor of the deep demon so terrible?"

"Heaven, one thought, one world, one thought, an attack can traverse the infinite world, what level of power is this? Is it detached?"

A well-known 10,000-nation supreme screamed hysterically in his heart, as if he had seen something unbelievable.

"Block me."

They roared one after another, their bodies furiously shuttled in the void, trying to withstand the attack of the ancestor of the deep demon.

But it was useless, the great hand of the ancestor of the deep demon fell, and the entire void was imprisoned. These people seemed to be fish out of the water, struggling one by one, but even breathing became difficult.

Cracks appeared on each of them, and they were about to be exploded in an instant.

Such a scene made Deluiyuan Supreme and the others excited and shocked.

The ancestor is worthy of the ancestor, and the masters of the ten thousand races that they could not win before, in front of the ancestor, it is like an ant, vulnerable.

Seeing that countless tens of thousands of powerful people are about to die under the hands of the ancestor of the deep demon.

suddenly.

"Hahaha, ancestor of the deep demon, why do you run so fast? I haven't finished playing with you yet?"

A phantom suddenly appeared between the heavens and the earth, the phantom towering over the sky, like a god, towering above the emptiness of this endless demon world.

boom!

As soon as this figure appeared, a force that suppressed the ten thousand realms came down in an instant. Supreme Eclipse and the others only felt that their bodies sank, as if suppressed by an invisible force, and breathing became difficult.

"Xiaoyao Supreme."

Zhi Yuan Zhizun and the others raised their heads, and their pupils showed a look of anger.

They all recognized the person who was the leader of the Human Race, Xiaoyao Supreme, and the ancestor's biggest opponent.

"Well, the ancestor of the abyss, what happened to your ancestor of the abyss? How can you be so embarrassed? Hey, such a strong dark atmosphere..."

Xiaoyao Supreme suddenly shook his head and sighed: "Oh, I told you a long time ago that if you don't cooperate with the Dark Clan, the other party is very insidious and has ulterior motives at all. You don't listen. It's all right now. I'm going back, right? Help you."

When the voice fell, an ancient tower suddenly appeared in the hands of Xiaoyao Supreme.

boom!

The endless aura boiled, this barren sky tower never completely fell, the entire Abyss Demon Ancestor land boiled, the earth split, and countless people of the Abyss Demon clan knelt under this terrifying aura, and there was something about to explode on the spot. feel.

"Xiaoyao Supreme, you are looking for death!"

The ancestor of the deep demon was furious.

boom!

He soared into the sky, blasted out with a punch, and collided with the deserted tower. Amidst the sky-shaking roar, the deserted tower was blown out by the ancestor of the deep demon, and fell into the palm of Xiaoyao Supreme again. middle.

"Hey, the ancestor of the Abyss Demon, after returning to the Demon Realm, has your strength improved a lot?"

Xiaoyao Supreme said with a smile, his expression calm.

[Chapter 4872: Devil cage](#)

At this moment.

Xiaoyao Supreme was holding the Wild Sky Tower, standing on a long river of space above the endless void, and said with a smile, his expression flat.

He is like a god, high above the sky, and the burst of breath suppresses the nine heavens and ten earths. The entire Demon Realm is roaring and roaring, and the Demon Realm Tiandao seems to be trampled under his feet.

"Who is this person?"

"How can you withstand such a terrifying blow from the ancestor of the abyss? Looking at his appearance, is it a human race?"

"Didn't the many powerful people in the human race have been wiped out in ancient times? How could there be such a terrifying powerhouse?"

Because of Xiaoyao Supreme's attack, countless tens of thousands of realm experts escaped from the attack of the ancestors of the deep demon. The void that had originally imprisoned them dispersed in an instant. These people seemed to have returned to the fish in the water one after another. One speeds up and escapes.

At the same time, in the process of fleeing, they turned their heads one after another, looking at Xiaoyao Supreme on the endless river of space, one by one was shocked.

At this moment, the aura escaping from Xiaoyao Supreme really stood up in the sky like a god, giving them an uncontrollable shock.

"Who is this person? How dare you be rampant in this Demon Realm and Abyss Demon ancestor, aren't you afraid of death?"

"Listening to him, it seems that this person has fought against Yuanmo ancestor many times."

"Horror, horror!"

Every thought flickered, but their flying speed couldn't help but become faster.

However, their hearts were full of gratitude. If it hadn't been the blow of Xiaoyao Supreme, the blow of the previous Abyss Demon ancestor alone was enough to explode them on the spot and disappear into smoke.

The ancestor of the deep demon is too terrifying, and what is even more terrifying is that in this demon world, the ancestor of the deep demon can mobilize all the power of the demon world, and the demon gods follow his will and operate under his will.

The Demon Realm is the home ground of the ancestor of the Abyss Demon, where he is almost unmatched.

"It's Xiaoyao Supreme arrived."

In the Wusheng Demon Realm, Qin Chen also saw the terrifying figure towering between the heavens and the earth, and was very excited.

Xiaoyao Sovereign, a human god-like existence, unexpectedly smashed into the Demon Realm. This is an exciting thing.

At this moment, Qin Chen couldn't help even screaming, soaring into the sky, meeting with Xiaoyao Supreme, and fighting against the ancestor of the Abyssal Demon.

However, he abruptly held back.

He couldn't forget his mission in the demon world. Now, Sisi is still in this lifeless demon realm, and he must see Sisi.

In Qin Chen's body, the Demon Soul Source Device quietly operated, and under the blessing of the Ten Thousand Realms Demon Tree, it quietly penetrated into the twelve-day Capital Demon Formation.

Under Qin Chen's interference, Qin Chen quietly opened a gap in the twelve-day Dumosha array, and Qin Chen's figure flickered, quietly entering the twelve-day Dushasha array. At the beginning, Qin Chen was worried that the ancestor of Yuanmo would find himself, but now there is Xiaoyao Supreme. During the confrontation with Xiaoyao Supreme, the ancestor of Yuanmo would not easily perceive the fluctuations here. It happened to be him. Entering the Unborn Demon Realm

Best chance. Qin Chen's figure flew constantly in the twelve days of demonic evil formations. Around him, there was a wave of terrible demonic energy. These demonic energy were extremely astonishing, with a suffocating evil energy. Qin Chen, who is so strong, can't bear it.

live.

If he hadn't gotten the Demon Soul Source Device, he would definitely be trapped in this formation. Compared with the Great Demon Sealing Formation in the Yuan Demon Realm, these twelve days of the Demon Shaman Formation were not weaker at all.

Vaguely, Qin Chen even saw that there were corpses in the depths of the twelve capital heavenly evil spirit formations, towering in the formation, densely packed, endless evil spirits emanating from these corpses. .

And when Qin Chen continued to deepen the twelve days of the Great Demon Demon Formation and entered the Unborn Demon Realm.

outside world.

The ancestor of Yuanmo suddenly raised his head, his eyes cold.

"Xiaoyao Supreme?"

The ancestor of the deep demon snorted coldly, "Unexpectedly, you dare to chase the demon world, do you really think you are invincible?"

The body of the ancestor of the Abyssal Demon shook, and in an instant, the billowing devilish energy surged out of his body. With a bang, his body instantly became bigger and turned into billions of meters, like a giant god, standing in this demon world. Between the world.

"Since you are looking for death, that ancestor will fulfill you."

The eyes of the ancestor of the abyss demon opened, as if countless stars were spinning in his eyes, and the rainbows of darkness pierced into the sky, and they burst fiercely at the ancestor of the abyss.

boom!

The devilish energy is horizontal and horizontal, when the two divine rainbows blasted, the power of the entire demon world was gathered, and the heavens of the demon world were roaring, as if the power of the entire demon world was drained in an instant.

A series of ancient and profound powers escaped from the dark divine rainbow, and instantly came to Xiaoyao Supreme. Xiaoyao Supreme smiled and suddenly urged the Wild Heaven Tower with a bang, and the Wild Heaven Tower rushed out, instantly becoming bigger, like a big world emerging, this ancient pagoda, forming billions of meters, towering over the devil world, just Like another

The world has to collide with the devil world.

There was a boom.

The two terrifying forces collided, and the countless ancient runes on the Huangtian Tower exploded in an instant, and the entire Huangtian Tower was quickly shaken out, and fell into the hands of Xiaoyao Supreme in an instant.

However, a terrifying force was still transmitted from the Huangtian Pagoda, and it suddenly rushed into Xiaoyao Supreme's body.

boom!

The long river of space behind Xiaoyao Supreme collapsed in an instant, and the power of countless spaces surged and rolled up billions of treacherous waves.

"Um?"

Xiaoyao Supreme changed color, in this demon world, the strength of this deep demon ancestor increased by at least several percent in an instant, reaching an even more astonishing level.

The ancestor of Yuanmo struck out with a single blow, his expression unchanged, and his lofty body shot out again, rushing towards Xiaoyao Supreme.

"Xiaoyao Supreme, this is the Demon Realm of the ancestor, you still dare to enter, you really do not know whether to live or die, seal the realm, come!"

Boom boom boom boom boom!

The ancestors of the deep demon raised their hands high, and hundreds of millions of divine rainbows rose up in the entire demon world. Each of these divine rainbows exuded a palpable aura, and many divine rainbows turned into chains and quickly wrapped. To the Xiaoyao Supreme.

Hum!

The chains are surging all over the sky, and each chain contains the supreme Demon Realm Avenue, turning it into a cage that instantly envelops Xiaoyao Supreme.

"boom!"

Xiaoyao Supreme raised his hand, covering the sky with his big hand, but countless magic lights flickered on the cage, and Xiaoyao Supreme was forced back.

This makes Xiaoyao Supreme frown.

This chain, the demon world aura contained in it is extremely terrifying, and its confrontation is like a confrontation with the entire demon world.

"Hahaha, Xiaoyao Supreme, you made a mistake, dare to break into my demon world and find your own death." The ancestor of the deep demon sneered, stepping out, and countless demon world forces quickly gathered and integrated into this cage. .

[Chapter 4873: Dumbfounded for a moment](#)

Buzzing buzzing...

I saw the devilish energy in the sky, and the laws shining one after another, forming a boundary, which firmly bound Xiaoyao Supreme inside.

"Um?"

Xiaoyao Supreme frowned, punched out, and with a bang, his fist blasted above the barrier of this boundary, and the entire dark cage was shocked, revealing a small gap.

But soon, countless magical energy gathered, quickly integrated into the gap in front of him, and quickly repaired it.

"what!"

Xiaoyao Supreme frowned, the repair ability of this cage is so abnormal.

He jumped up, booming, blasting out a punch, and suddenly the terrifying fist light penetrated the sky and the earth, like stars exploding, constantly bombarding this barrier.

But no matter how Xiaoyao Supreme bombarded, although gaps appeared one after another, the barriers were quickly closed, and the real gap could not be broken at all.

The ancestor of the deep demon laughed loudly and said: "Xiaoyao Supreme, don't waste your efforts. Since you broke into my demon world, you can stay obediently, why bother to leave."

boom!

The ancestor of the deep demon made a seal on his hands, and in an instant, black streams of light emerged from countless places in the entire Demon Realm. This was the power of the entire Demon Realm, which was mobilized by him in an instant.

In this Demon Realm, the ancestor of the Abyss Demon is truly invincible.

At this moment, in the periphery of the Demon Realm, many masters of the ten thousand races fled the Demon Realm one after another, stopping one by one in the starry sky, staring here.

In their sight, the ancestors of the Abyssal Demon were murderous, engulfing the power of the entire Demon Realm, and blasting towards Xiaoyao Supreme, which meant to completely trap Xiaoyao Supreme in the Demon Realm.

"Everyone of the demons, follow me to suppress Xiaoyao Supreme."

The ancestor of the deep demon shouted loudly, and the sound was like thunder, spreading rapidly throughout the demon world, like a **** roaring.

In the next moment, from the heavens and the earth everywhere in the Demon Realm, in the void, a group of masters of the Demon Race rose to the sky one after another.

These demon masters come from many races in the demon world, including the heaven demon tribe, the holy demon tribe, the dead demon tribe, the sea demon tribe, the spirit demon tribe...

Countless masters of the demon race, under the orders of the ancestors of the deep demons, sang brahma one after another, their power will converge into terrible chains between heaven and earth, and they will be firmly bound to Xiaoyao Supreme.

The ancestor of the deep demon laughed wildly: "Xiaoyao Supreme, your biggest mistake is to follow your ancestor into the demon world. Today, your ancestor killed you here. My demon world is your graveyard."

The ancestor of the Yuanmo kills Xiaoyao Sovereign forcefully, invincible in the world.

Outside the devil.

At this moment, all the masters of the ten thousand races appeared, and even at the far end of the void, one of the terrifying pupils opened and stared here.

He is a master of all races in the universe.

These masters, already startled by the fluctuations in the Demon Realm, stared at them one after another. Seeing the scene here, they couldn't help but be shocked.

They couldn't imagine how Xiaoyao Supreme would be trapped in the Demon Realm by the ancestor of the Abyss Demon.

"It's over."

"Trouble now."

"The Demon Realm is the home ground of the ancestors of the Abyss Demon. In the Demon Realm, the ancestors of the Yuan Demon can adjust the power of the entire Demon Realm. Go in?"

"Trouble, Xiaoyao Supreme is the leader of the Human Race Alliance. Once Xiaoyao Supreme is imprisoned or beheaded by the Abyss Demon Ancestor, the Human Race Alliance will surely have no leader. By then, the Demon Realm will come back, and the entire universe will be captured by the Abyss Demon Ancestor. "

A series of horrified eyes condensed one after another, all kinds of thoughts agitated in this universe, unable to calm down for a long time.

The scene in front of me is too terrifying, and it can even determine the future of this universe.

"boom!"

Between the heavens and the earth, countless magic lights gathered together and turned into a magic pillar that pierced the sky, a total of seven or forty-nine magic pillars, representing the top forty-nine avenues of the devil world, and slaying fiercely towards Xiaoyao Supreme. Come.

With a bang, forty-nine avenues turned into cages of heaven and earth, trapping Xiaoyao Supreme.

"Humph!"

Suddenly, Xiaoyao Supreme snorted coldly, his eyes bursting out with divine rainbows, and he coldly shouted: "Yuan Mo ancestor, just with this Devil Cage, I want to trap this seat? It's too naive."

His body shook, he stepped forward, and three amazing martial arts powers appeared all over his body.

A series of terrible rock armors covered his body, the whole person was like a rock giant, and a strong breath burst out in an instant.

This is the Martial Soul of the Earth!

Immediately afterwards, in Xiaoyao Supreme's body, an ancient tree rose to the sky, haunting an astonishing breath of life.

This is the spirit of life!

Finally, on the top of Xiaoyao Supreme's head, a pitch-black black hole emerged, and the black hole emitted an amazing swallowing power that could contain the world of all worlds.

This is Devouring Martial Soul!

Under the impetus of Xiaoyao Supreme, the power of the three martial souls suddenly combined together.

boom!

A terrible swallowing vortex formed, and the surrounding demon world law aura was madly swallowed. Then, Xiaoyao Supreme suddenly urged the Wild Heaven Tower in his hand, and a detached breath instantly rose into the sky.

"Devil!"

Xiaoyao Supreme screamed, a tower blasted out, which could smash the Three Realms, and with a bang, the cage that the entire Demon Realm had turned into was smashed and exploded by Xiaoyao Supreme in an instant.

Puff puff!

In the Demon Realm, countless masters of the Demon Race vomited blood together, all of them pale, and they flew out one after another, and were seriously injured by the blow of Xiaoyao Supreme.

At this time, the attack of the ancestor of the deep demon had already fallen.

Xiaoyao supreme was not afraid, and went strong, with a bang, the ancestor of Yuanmo was shaken back instantly, and his expression was furious.

He never expected that his arrangement would be broken by Xiaoyao Supreme.

The ancestor of Yuanmo stared coldly at the Huangtian Pagoda in the hands of Xiaoyao Supreme. If it weren't for this Huangtian Pagoda, how could Xiaoyao Supreme be able to kill it so easily.

Thinking of this, the ancestor of Yuanmo's mouth sketched a sneer, "Xiaoyao Supreme, do you think that only you have the top treasure?"

When the voice fell, the ancestor of the deep demon suddenly looked at the location of the Infinite Demon Prison below, suddenly stretched out his right hand, and shouted: "Devil Soul Source Device, come!"

Below, there was silence.

There is no fluctuation.

The ancestor of Yuanmo was startled, his face changed slightly, and he shouted again: "Devil Soul Source Device, come!" He urged his inner strength to draw the Demon Soul Source Device in the Infinite Demon Prison, with the power of the Monster Soul Source Device. , Not weaker than Huangtian Pagoda, as long as you activate the Demon Soul Generator to suppress Xiaoyao Supreme's Huangtian Pagoda, then Xiaoyao Supreme's strength will rise

The code will be suppressed for a large part.

However, what changed the color of Yuanmo ancestors was that no matter how he urged them, the demon soul generator hadn't moved at all, as if the connection between him and the demon soul generator had disappeared.

No, it's not like, but, he really lost contact with the Demon Soul Generator.

Where did the Demon Soul Source Device go? The ancestor of Yuanmo was dumbfounded for a moment.

[Chapter 4874: Cold sweat](#)

Where is the Demon Soul Source Device?

Hasn't he been in the Infernal Demon Prison all the time?

The ancestor of Yuanmo was a little dazed.

boom!

At this time, a thunderous roar came, and Xiaoyao Supreme urged Huangtian Pagoda to rush out of this world in an instant.

The Wild Sky Tower in his hand burst out with a terrifying rainbow light, exploding the sky full of devil qi cage that enveloped him in an instant.

Whoosh whoosh!

Countless devilish cages swept in frantically, trying to wrap Xiaoyao Supreme, but Xiaoyao Supreme's body was shaken, and a river of space appeared behind him, and the whole person was instantly hidden into the river of space.

The countless arrays of light aura in the Demon Realm kept surging, but they couldn't penetrate into the long river of space.

This long river of space is the convergence of the spatial forces of this universe. There is no heaven and earth, but together with the universe, it is naturally impossible to be trapped.

"Hahaha, ancestor of the deep demon, this is your method? But that's it."

In the long river of space, Xiaoyao Supreme is holding the Wild Sky Tower, laughing loudly.

"Xiaoyao Supreme, there is a kind of battle with the ancestor."

The ancestor of the deep demon shouted angrily.

Xiaoyao Zhizun sneered: "If you are singled out, I am willing to accompany you, but now, are you really stupid?"

When the voice fell, Xiaoyao Supreme's figure shook, and suddenly disappeared into the long river of space.

"Ancestor."

Huanggu Zhizun and others stepped forward one after another: "Would you like to catch up?"

"Catch up? Can you kill him if you catch up?" The ancestor of Yuanmo cast a cold look at Huanggu Supreme.

Then his gaze instantly fell on the body of the broken army bound by countless beams of light in the Infinite Demon Prison below, and said coldly: "What happened here when I was away? Why is the breath of the Demon Soul Source Device missing?"

If it were not for the disappearance of the Demon Soul Source Device, Xiaoyao Supreme would not be so easy to leave just now.

"The magic soul source device is missing?" Huanggu Supreme was startled, his expression instantly panicked, "This is impossible!"

"Ancestor, the Demon Soul Source Device is still in the body world of this dark royal family, and the subordinates have seen it with their own eyes before, and the demon child is also in the body world of this dark royal family." Huanggu Zhizun said.

The magic soul source device is missing?

How is this possible?

"The world inside the dark royal family?"

The ancestor of the deep monster stared down, and an invisible force spread out, and then he instantly snorted: "This dark royal family has fallen, the world in the body has collapsed, and there is no one in the body."

When the voice fell, the ancestor of Yuanmo suddenly raised his hand.

Boom!

The huge palm directly suppressed it, and there was a bang. The army's physical body collapsed in an instant, and the world in his body was instantly exposed. Countless fragments in his body were scattered, but the world in his body was empty, and his soul was already there. Annihilated.

Only a broken void world is left.

Rumble!

This piece of void world merged with the void of the Infinite Demon Prison and vanished in an instant.

The ancestor of the deep demon gave a cold look at Huanggu Supreme, "Is this what you are talking about in the other party's body world?"

"No, this is absolutely impossible!"

Huanggu Zhizun widened his eyes, "Old Ancestor, I didn't see what happened here before, I didn't see it alone, but they also saw it with their own eyes."

He couldn't believe it, and was shocked in his heart.

How is this possible?

Where is the devil?

On the side, Eclipse Yuan Zhizun and others were also stunned.

"Hmph, tell me exactly what happened to the demon world after my ancestor left."

The ancestor of Yuanmo shouted angrily and looked at the Supreme Eclipse.

"Yes, ancestor."

Supreme Eclipse didn't dare to conceal it, and hurriedly said what had happened before.

"What? You mean, you saw the Lord of Abyss Demon?"

After hearing that the ancient demon elder saw the master of the abyss, the ancestor of the abyss demon suddenly changed his expression, and with a bang, he instantly came to the elder of the ancient demon and captured him.

He stared at the ancient demon elder with a pair of eyes, and the breath made the ancient demon elder cold and sweaty.

"Old Ancestor, I did meet the Lord of Abyss Demon. He used the alias Tian Yuan Zhizun. He said that he had been investigating the situation in my Abyss Demon Clan on your order. This time he entered the Infinite Demon Prison to investigate the betrayal of the Dark Clan. My deep demons, aiming at people in the underworld."

The ancient demon elder trembled and said, under the aura of the deep demon ancestor, he couldn't hold on at all.

"The Lord of Abyss Demon is not dead yet? Is he still alive?"

The ancestor of the deep demon muttered to himself, in disbelief: "But why did he say that? Is he controlled by other people, or is this person pretending to be another strong person?"

"If you pretend, this person has the power of Abyssal Demon, how can you explain it?"

The ancestor of the deep demon rolled up the stormy sea.

Although the ancient demon elder is only the supreme mid-term peak, he is a master of the Enforcement Hall of the Abyssal Demon Clan, and most people will never deceive him easily.

And it is to pretend that he is a member of the Abyssal Demon Clan.

Immediately afterwards, the ancestor of Yuanmo heard about the cooperation between Wuji Supreme and Qin Chen.

"wrong."

"Very wrong."

The ancestor of Yuanmo frowned.

"The hatred between the human race and the dark race is extremely deep. The Promise Supreme is the top elder of the ancient Tianji Sect. Back then, the Tianji Sect and the Tongtian Sword Pavilion were willing to sacrifice their lives for righteousness in order to kill the Dark Clan. The dark clan unites, and is it still with the dark clan royal family?"

"The people of the dark clan definitely have a problem."

The ancestor of the Abyssal Demon suddenly looked at Huanggu Supreme, "You mean, after the demon entered the body of the broken army, the other dark royal family also entered with it, and the dark royal family later came out alive and left with Wuji Supreme. Here?"

"Yes."

Huanggu Supreme hurriedly answered.

"This person should be the Dark Clan person I felt trying to seize the Demon Soul Source Device in the long river of space. I didn't expect that the Demon Soul Source Device was actually taken away by him?"

The ancestor of Yuanmo narrowed his eyes: "It was Xiaoyao Supreme who broke my shot at the time. Could it be that there is some connection between this person and Xiaoyao Supreme?"

"Among the Dark Clan, has a certain force united with the Human Race?"

The ancestors of the deep demons had various thoughts in their minds, constantly guessing.

Huanggu Zhizun couldn't help but ask from the side, "Ancestor, we next..."

"Hmph, no matter who it is, the Demon Soul Source Tool is a treasure of my Demon Race, do you really think it is so easy to take away?"

The ancestor of Yuanmo coldly snorted and sat down in the void instantly.

Hum!

In his body, an invisible force permeated out.

boom!

This power spreads at an astonishing speed and continues to permeate the entire demon world.

In an instant, it filled most of the Demon Realm, including the Inanimate Demon Realm.

now.

Qin Chen suddenly felt an inexplicable breath in the twelve days of the evil spirit formation. The Devil Soul Generator in his body throbbed slightly.

"Um?"

Qin Chen's face changed suddenly.

[Chapter 4875: The magic source of guidance](#)

At this time, an invisible force was permeating, passing through the entire demon world at an extremely fast speed.

Qin Chen felt the attack of this force in an instant. Under this force, Qin Chen immediately felt that the Demon Soul Generator in his body seemed to throb.

"not good."

Qin Chen's heart suddenly shuddered. Could it be that the power of the soul of the deep demon ancestor in the demon soul source tool has not been completely eliminated?

In the entire Demon Realm, only the ancestors of the Abyss Demon could activate the Demon Soul Source Device.

Qin Chen hurriedly settled and felt carefully.

With this perception, he immediately breathed a sigh of relief.

It's not that the soul power of the Yuanmo ancestors in the demon soul generator has never completely dissipated, but this invisible force is a kind of motivating technique, as long as the demon soul generator is still in the demon world, it will be continuously Motivated, there will inevitably be a reaction.

At this time, the master of the deep demon also spoke: "Master, this should be the magic source guiding technique of my deep demon clan."

"The magic source guiding technique?" Qin Chen frowned. "Yes, the magic source guiding technique is the special power that was researched by the ancestors of my deep demon clan to induce the origin of the demon world. The technique of Yuan Daoyin keeps stimulating,

There will be a reaction, and it will even be directly urged. "

"Is there anything else?"

Qin Chen's eyes were awe-inspiring, this ancestor of the deep demon really was lingering.

"Hmph, this young man doesn't believe it. With this young man already refining the magic soul source device, this magic source guiding technique can still provoke the magic soul source device."

When the words fell, Qin Chen quietly urged the power in his body, trying to shield this special motivating force.

However, the effect was not good, and this force continued to penetrate.

This made Qin Chen frowned. At this time, the Lord of Abyssal Demon continued: "Master, it is extremely difficult to shield the demon source in the demon world, because the power of the demon origin is everywhere in the demon world, but the power of the demon tree in the ten thousand worlds can be short-lived. The power of shielding the magic source of guidance

. "

"Oh? The Ten Thousand Worlds Demon Tree?"

Qin Chen thoughtfully.

With a bang, he directly urged the Devil Tree of Ten Thousand Realms in the Chaos World.

The Ten Thousand Realms Demon Tree immediately began to dance, and a special infinite magic power slowly dissipated, directly covering the demon soul source device in Qin Chen's body.

Hum!

Qin Chen was surrounded by a special infinite force.

Suddenly, the special force produced by this magic source guidance technique weakened the power of the demon soul source device by at least several times.

However, this special force still faintly penetrated in, and has not been completely eliminated, but has weakened a lot, but if given enough time, it may not be able to re-activate the Demon Soul Source Device. The Lord of Abyssal Demon continued: "Master, the ancestor's strength has reached the sky, and he has already spied the threshold of transcendence. Therefore, the power of the Demon Tree of Ten Thousand Realms should only be able to shield part of the magic source guidance technique, unless it can enter the inanimate. In the Demon Realm, with nothing

The special power in the birth demon realm should be able to shield all the power of the ancestors. "

Qin Chen nodded.

Although the Ten Thousand Worlds Demon Tree can only temporarily shield part of the power of the magic source guidance technique, this is enough.

As long as he is given time, he will be able to break through the twelve days of the evil demon formation and enter the inanimate demon realm. In fact, the reason why Qin Chen is not in a hurry to enter the inanimate demon realm is because he wants to figure out the twelve days of evil demon. The structure of the Great Array.

But when Qin Chen was in the twelve days of the Great Demon Formation, he was passing quickly.

now.

The place where the ancestor of the abyssal demon is located.

The ancestors of the deep demons sat cross-legged in the void, and the terrifying invisible forces continued to dissipate.

boom!

In an instant, the entire demon world was filled.

In this demon world, the ancestor of the deep demon is like a **** here.

"It's the magic source guiding technique."

"With this magical technique, as long as that guy is still in the Demon Realm, he will definitely not be able to escape the palm of the ancestor."

"Just wait for the good news from the ancestors."

Huang Gu Zhizun and others looked excited.

In their minds, the ancestors of the deep demons were invincible at all.

However, in the void, the brows of the ancestor of the deep demon frowned slightly.

Because his magic source guiding technique has spread to every corner of the entire demon world, but he has not been able to sense the existence of the magic soul source device.

"impossible!"

The ancestor of Yuanmo frowned.

Even if the dark royal family killed its own soul mark and obtained the demon soul generator, as the dark royal family, it was impossible to refine the demon soul generator, and he would definitely be able to sense it.

Could it be that the demon he made by himself hasn't died yet?

At the beginning, the ancestor of Yuanmo himself had some doubts about the origin of Qin Mo.

Thinking of this, the ancestor of Yuanmo sneered.

Hum!

In the magic source guiding technique, another invisible special power quietly diffused out.

Hum!

While this power was permeating, all the fluctuations in the entire Demon Realm were clearly under his perception.

This is his special god-searching technique. Using the combination of the god-searching technique and the magic source guidance technique, he has full certainty, as long as the guy is still in the devil world, he will definitely be able to discover it.

Under his two great secret techniques, I am afraid that no one can escape his search.

Twelve days are in the big array of evil spirits.

Qin Chen constantly cracked the formation.

"Little Qin Chen, a special force is coming quickly."

At this time, the great ancestor dragon in the chaotic world suddenly reminded.

"I feel it now."

Qin Chen said in a deep voice, and at this time he also felt that an invisible force entered the twelve days of the evil evil formation.

"The master is the original ancestor's technique of searching for the gods."

The master of the deep demon even changed his color and said: "The original source search technique is extremely special. If it is integrated with the magic source guidance technique, I am afraid that all fluctuations will not escape the ancestor's perception."

"I know."

Qin Chen's face was solemn, and he also felt the seriousness.

He quickly broke through the twelve days of Demon Demon Formation, and finally broke through the formation at the moment when this force enveloped him, and entered the Inanimate Demon Realm.

Hum!

Whether it is the magic source guiding technique or the original source search technique, the moment it touches the inanimate demon realm, they are instantly annihilated and turned into nothingness.

"so close."

Qin Chen turned his head and looked behind him, feeling lingering in his heart.

Finally escaped the prying eyes of the ancestors of the Abyss Demon.

He turned his head and looked forward.

Here... Is it the Unborn Demon Realm?

And when Qin Chen avoided the prying eyes of the ancestors of the Abyss Demon.

now!

In the secret area of the Demon Soul Demon Race-Demon Soul Purgatory.

"Ah!" A stern roar resounded through the world, and the three souls exuding the power of the terrifying supreme power screamed in anger, their bodies were a little bit collapsed, and the amazing power of the supreme turned into one. The soul light of Tao has continuously entered

In a whirlpool in front of him. Not only these three people, but in the entire dense land, thousands of powerful people are densely suspended in the void. These masters, the weakest are the cultivation bases of the late Tianzun level, many of which are the peak Tianzun, half Step to the supreme level master.

[Chapter 4876: Totally useless](#)

At this moment, these demon masters also burned their soul light all over, were swallowed a little bit, one by one screamed sternly.

These people are not others, they are the many masters of the Soul Demon Race.

And in front of these powerful soul demon clan, standing two men wearing cloaks, these two men exude a terrible supreme aura, one of them looks quite young, the other exudes ancient The chaotic aura, like the gods and demons who came out of ancient times, makes one look at it, and it makes the heart palpitations.

And these two people are madly devouring the power of the entire soul demon master at this moment, no matter how the soul demon master resists, they can't resist the swallowing power of the other party.

The astonishing power of the soul was integrated into the two of them, making the aura of the two of them more terrifying and terrifying.

"Who on earth are you guys who dare to deal with my soul demon clan so badly, aren't you afraid of sanctions from the ancestors?"

In the hands of the three soul demon supreme masters, one of the leaders said in anger, angrily rushing into the crown.

boom!

The aura on his body is extremely terrifying, and even exudes a breath that is close to the late supreme level.

If such a scene is seen by other demons, it will definitely be shocked.

The Soul Demon Race is one of the top first-line Demon Races in the Demon Realm, with extremely terrifying strength and a long history.

But even the strongest person of the Soul Demon Race, the ancestor of the Soul Demon Race, is only the supreme of the initial peak level.

But now, three Supremes actually appeared in the Soul Demon Race, and one of them even exuded a power close to the late Supreme Rank, how not surprising.

When is there such a strong in the soul demon clan?

"Hahaha, are you talking about the ancestor of the deep demon? Now your demon world is in chaos, where can the ancestor of the deep demon come to trouble with the ancestor?"

The strong man who exuded the terrible chaotic aura laughed grimly, his demon power was amazing, far surpassing the late supreme of the soul demon clan, so that the aura of the late supreme was madly suppressed.

"Well, I didn't expect your Soul Demon Race to have such two hidden supreme-level masters, and there is also a late-stage supreme, which really made my ancestors unexpected. Quack, as long as you swallow you, the ancestor's cultivation is fixed. To be able to return to the peak state, and then to see the ancestors of the great ancestor dragon and the blood river saint ancestor again, the ancestor must teach them well."

This chaotic master of God and Demon quacked and laughed.

If Qin Chen were here, he would be surprised. This person is not someone else, but the Demon Ancestor Luohu who was separated from Qin Chen and the others.

And beside Luohu Demon Ancestor is Moli.

At this moment, the aura on Mo Li's body had actually broken through to the supreme level, and even close to the mid-term supreme, it was not weaker than Qin Chen.

As for the Demon Ancestor Luohu, the aura on his body is even more terrifying, extremely thick, and the billowing Chaos Demon Qi has reached the peak supreme level.

Obviously, most of the power that was once restored has been restored.

"boom!"

Luohu Demon Ancestor exudes a terrifying aura, and the terrifying Chaos Demon Qi turns into a whirlpool, frantically devouring the countless masters of the Soul Demon Race in front of him.

The aura on him and Mo Li was rising rapidly.

"Boy Moli, how, under the leadership of the ancestor, your cultivation level will improve very quickly."

Luohu Demon Ancestor quacked with a weird smile: "When you swallow the soul power of these soul demon people, your soul power will definitely break through the mid-term supreme. Then you will meet the kid named Qin Chen again, I am afraid that the kid will be You can't teach it hard."

Luohu Mozu looked excited.

When Qin Chen tried to obtain the Demon Soul Source Tool in the Abyss Demon Ancestor Land, Luohu Demon Ancestor and Mo Li did not stop at all. They secretly killed and swallowed many demon masters, and they had already restored their strength to an extremely astonishing level. Point.

And because the ancestor of the abyss was not in the demon world before, the eclipse of the abyss also rushed back to the land of the ancestor of the abyss demon, resulting in the entire demon world has become the back garden of the demon ancestor Luohu and the magic.

The adults slaughtered, swallowed the masters of the demons, and plundered the treasures of the demons, no one could stop them.

Seeing that Luohu Demon Ancestor and Mo Li were really not afraid of Abyss Demon Ancestor, the three leading Soul Demon Masters were finally terrified.

"Don't kill us, I am willing to surrender to your Excellency. As long as your Excellency is willing to let me go, I am willing to leave a soul mark and become your servant."

"Yes, as long as your Excellency is willing to let me wait, even if it is for me to wait to deal with the Abyss Demon Race, I will try my best."

"My lord, senior, in fact, we have been dissatisfied with the ancestor of the abyss demon for a long time. I waited to hide in the dark just to resist the ancestor of the abyss demon. Please be merciful."

The three Soul Mozu Supremes all roared in horror.

They are not talking nonsense.

In the long history of the Demon Race, the Soul Demon Race was even a race that could compete with the Abyss Demon Race in ancient times.

Only in the final battle for the leader of the Demon Realm, he was suppressed by the Abyss Demon Clan and became a vassal of the Abyss Demon Clan.

In order to weaken the power of the Soul Demons, the ancestor of the Abyss deliberately dispatched many masters of the Soul Demons and the Supreme Fight of the Human Alliance in the battle between the ancient times and the Human Race Alliance.

In the end, many powerful men of the Soul Demon Race fell, but the ancestor of the Soul Demon Race and another supreme master at the time used the secret method of the race to save their souls at the dying moment.

For hundreds of millions of years, the two supreme-level powerhouses of the Soul Demon Race have been hiding in the forbidden area of the Soul Demon Race.

But he didn't expect to be found out by Luohu Demon Ancestor and Mo Li, and became the fish on the chopping board.

"Surrender me to wait?" Luohu Demon Ancestor grinned.

"Yeah."

The leader of the Soul Demon Race hurriedly nodded: "I've seen the ancestors of the Abyss Demon be dissatisfied a long time ago, and I am willing to be your master and fight for the dominance of the Demon Realm."

"The Devildom Ruler?"

Luohu Mozu sneered: "Does my ancestor need this stuff?"

The voice fell.

An astonishing power suddenly burst out of Luohu Demon Ancestor's body, swallowing many masters of the Soul Demon Race in an instant, and the astonishing soul power instantly poured into his and Moli's bodies.

boom!

The aura on him and Mo Li once again improved.

"Well, comfortable!"

The Demon Ancestor Luohu let out a long sigh of relief, showing a very satisfied expression.

"Senior Demon Ancestor Luohu, should we leave the Demon Realm, right?"

Mo Li also opened his eyes, and the shocking magic wave on his body flashed: "The ancestor of the abyssal demon has returned to the demon world, and it seems that he has performed some kind of secret technique. If he finds the traces of us, I am afraid... "

For some reason, Mo Li felt a sense of tension in his heart at this moment.

It seems that there is a crisis to come.

"What are you afraid of."

Luohu Demon Ancestor sneered. He sensed the magic source guidance technique and sneered: "This should be some kind of special secret technique to provoke the origin of the devil world, but this secret technique is completely useless to the original ancestor."

[Chapter 4877: What anxious](#)

Luohu Demon Ancestor sneered and said: "This special magical source guidance technique generally has some kind of activating effect on things like the supreme treasure. The strong, but not very effective."

Luohu Mozu is very confident.

As one of the top powerhouses among the three thousand ancient Chaos Gods and Demons, Luohu Demon Ancestor's control of magic power has reached the point of transformation.

Although the ancestor of the deep demon is strong, he is the leader of the demon clan today, but to the demon ancestor Luohu, he is only his junior, how can he care about it.

"However, what you said is not bad."

Luohu Demon Ancestor's eyes flashed: "The previous ancestor of the abyss demon and the leader of the human race, the ancestor also saw that this person is indeed extraordinary in strength, and even reached a half-step detachment."

Speaking of this, Luohu Mozu's expression suddenly became excited.

"Half a step beyond the realm, it is a realm that was impossible to be born in the ancient times. In the ancient times, this universe has just been opened up. The power of chaos is extremely strong, and there is a scent of majesty everywhere, so we three thousand chaotic gods and demons, At most, you have cultivated to the pinnacle supreme realm. It is as difficult as climbing to the sky if you want to go further."

In ancient times, the barriers between heaven and earth were extremely strong. Although the origin of the universe was just born, it was at its strongest time. In that era, the peak of supremacy was already the limit, and no one could break through to the realm of transcendence.

"But now, this piece of heaven and earth has reached the end of the decay period of the cosmic era. The origin of the universe is no longer able to support and block the entire universe. Although the origin of the universe is thin, the probability of the birth of the strong is reduced, but in the same way, this era is the last of some top strong If we can grasp the decay period in the era of China, maybe we will be able to break through the realm of transcendence."

Luohu Demon Ancestor became more excited as he thought about it.

To achieve detachment, timing is important.

Like the early days of the birth of the universe, it is impossible to achieve detachment, but once the universe enters the maturity period, the origin of the universe becomes more and more magnificent, the universe field becomes larger and larger, and the entire universe can accommodate enough powerful people. All things are flourishing, and all races are fighting for the front.

The probability of the birth of the detached strong will continue to increase.

In other words, the maturity of the universe is the best period for birth and detachment.

After passing the maturity period, the universe will enter a period of decline. At that time, the origin between heaven and earth will gradually become thinner.

At this stage, the chance of achieving detachment will gradually decrease.

Because the origin of heaven and earth is becoming scarcer.

The whole process will continue to the end of the universe.

And after the universe enters the final stage, because the origin of the universe will restrain the strong between heaven and earth will become smaller and smaller, at a certain moment, it will also form a short rebirth period of the birth of the super strong.

"Today, the origin of this universe has been extremely decayed, and that's why it led to the invasion of forces in the universe. This is an extremely difficult era for the tens of thousands of people in this universe, but for the peak powers of this universe. In other words, it is the best time to achieve detachment."

"During this period, the probability of achieving detachment will increase infinitely."

Luohu Mozu looked excited.

This is also the most important reason why Yuanmo ancestor and Xiaoyao Supreme can become half-step detachment.

"As long as the original ancestor has enough resources and the original ancestor has accumulated hundreds of millions of years of experience, the probability of achieving detachment will be extremely great."

Luohu Demon Ancestor was excited.

This is a crisis and an opportunity.

"However, the ancestor is already one step behind for the time being, and the ancestor of the abyssal demon has already broken through to the half-step transcendence realm, so now the ancestor has to avoid the edge for the time being, leave here first, and wait for the complete restoration of the previous life to find a way to rebuild Go back to this demon world and devour the origin of this demon world and achieve transcendence."

Speaking of this, Luohu Demon Ancestor looked at Moli in an instant, "Go."

When the words fell, Luohu Demon Ancestor rushed out of the secret land of the soul demon clan with magic li, and flew towards the outside of the demon world.

now.

Where the Infinite Demon Prison is located.

The eyes of the ancestor of Yuanmo were cold.

No.

still none.

He urged two great magic arts, madly dissipating, and any abnormal movement in the devil world could not escape his perception.

However, he never felt abnormal.

This made him wonder, could it be that the kid of the dark royal family has left the demon world?

"impossible!"

The ancestor of Yuanmo shook his head.

As the opponent's dark royal family, it's okay to be in the demon world. After all, the dark clan has been operating in the demon world for many years and can blind the devil's heavenly way.

But once you leave the demon world and enter outside the demon world, it will definitely attract the perception of the origin of the universe and suppress it.

Even if the opponent has integrated the origin of the demon world, after entering the universe for the first time, it will definitely attract the special changes of the universe and heaven.

But at present, there hasn't been any changes outside the Devildom.

In other words, the opponent's extremely high probability is still in the demon world.

"Could it be in the Inanimate Demon Realm? Or, the abyss?"

The ancestor of Yuanmo murmured.

In the entire Demon Realm, only the abyss of the Inanimate Demon Realm and the Meteorite Demon Realm could conceal his perception.

"Let's talk about the entire demon world first. If you can't find anomalies, you can only go to those two places to explore."

The ancestor of Yuanmo looked cold.

Hum!

His original technique of searching for the gods is madly dissipating, combined with the technique of magic source guidance, constantly permeating every corner of the devil world.

at this time. In the devil.

Luohu Demon Ancestor was flying by with the magic li, leaving the devil world.

However, the ancestor of the deep demon was not so anxious, but while flying by, while constantly absorbing the power of the origin of the demon world.

He is still constantly recovering his cultivation base.

After all, in this Demon Realm, his cultivation base recovered the fastest.

At this moment, in Mo Li's mind, a strong sense of crisis suddenly surged out, as if there was a crisis approaching quickly.

This made Mo Li discolored.

"Senior Demon Ancestor Luohu, shall we go faster? In case this ancestor of the Abyss Demon finds out, then..."

Mo Li couldn't help saying.

Over the years, it was relying on his intuition to live with Chiyan Demon until now.

Huh!

On the side, Chiyan Demon also appeared.

Red Flame Demon Lord also said: "Senior Demon Ancestor Luohu, I always feel a little palpitating."

At this moment, Red Flame Demon Lord also exudes an astonishing supreme aura, apparently breaking through to the supreme realm.

However, the supreme aura on the Red Flame Demon Lord was very vain, obviously not long after the breakthrough, and still in the consolidation stage, much worse than the demon.

These days, he has been cultivating and consolidating in Moli's Meteorite Demon Hall Supreme Treasure.

Demon Ancestor Luohu was a little displeased: "What are you two afraid of? My ancestor has already said, this deep demon ancestor's guiding technique will never find traces of me waiting. What are you worried about..."

Chapter 4878 Chaos God Demon Technique

Mo Li hurriedly said: "I'm just worried, the ancestor of Yuanmo has other means, in case..."

"What if," Luohu Demon Ancestor said with disdain, "Now I finally know why your kid has been bullied by that Qin Chen because you are too timid..."

Sudden.

Hum!

Halfway through, an invisible force instantly filled the bodies of Demon Ancestor Luohu, Demon Li and Demon Chiyan.

"This is..."

The eyes of the three people suddenly rounded.

"The art of searching for gods? Damn, are you crow's mouth?"

Luohu Mozu's face changed instantly.

Rely on!

He was shocked. This technique was the same as the guiding technique. If it was performed alone, Demon Ancestor Luo Hu didn't worry, he could completely hide himself with his cultivation base.

But if the two magic arts were used together and combined with each other, then all the abnormal movements within the magic arts could be locked in an instant.

Even he could not escape the perception of these two divine arts together.

"Damn it."

Demon Ancestor Luohu shouted angrily, and did not care about absorbing the original breath of the Demon Realm. As soon as he raised his hand, Mo Li and Demon Lord Chiyan were instantly taken up. At the same time, Demon Ancestor Luo Hu's bang turned into a stream of light and directed towards the Demon Realm. Frantically looting outside.

And at the moment.

Infinite Demon Prison.

Just when the ancestor of the deep demon was about to give up and continue searching, suddenly three auras appeared in his perception.

"Peak Supreme..."

The eyes of the ancestor of Yuanmo instantly became cold.

The pinnacle supreme, in his demon world, there are even pinnacle supreme level masters.

In addition, the supreme aura of Demon Lord Chiyan and Moli was also instantly captured by him.

As the top power in this universe, other races may only have very few supreme masters, but there are still some supreme masters in the demons, but he has never heard of the three supreme masters before him. pass.

In the Demon Realm, there are even supreme masters he doesn't know, and he feels that something is wrong no matter what he thinks.

"Sure enough, there is a big fish. These three people are very likely to be in the same group as the dark royal family. It is unexpected that under the eyes of the ancestors, such a group of masters was hidden."

boom!

The ancestor of the deep demon stepped forward, and his figure suddenly disappeared into the void. Under his feet, the river of space was constantly surging, and quickly pulled the distance between him and the demon ancestor Luohu.

"Damn, damn."

At this time, the Demon Ancestor Luohu was frightened and fleeing like lightning.

Mo Li and Chi Yan Demon Lord also had pale faces, and the things that worried them the most finally happened.

The Demon Ancestor Luohu left the Demon Realm at an astonishing speed. Under his feet, the endless space seemed to be folded. In an instant, hundreds of millions of miles were spanned by him.

"Huh? So fast."

The ancestor of Yuanmo perceives the speed of Demon Luohu, his face changes slightly, and the corners of his mouth show a sneer: "Unexpectedly, there is such a big fish hidden in my Demon Realm. If I want to go, how can it be so easy."

"rise!"

The ancestor of the deep demon ran rampantly in the void and suddenly shouted.

boom!

The entire Demon Realm boiled again, and a terrifying array of lights rose up, madly suppressing the Luohu Demon Ancestor.

And the actions here also instantly shocked many powerhouses outside the Demon Realm, and their eyes gathered again one by one.

"What's the matter with the ancestor of the deep demon? He actually started the Demon Realm Array again?"

"Xiaoyao Supreme has already entered the long river of space and left, who is the ancestor of Yuanmo doing it to?"

"Is he crazy?"

The sound of communication continued to pass through the universe, staring one after another.

Void.

Chiyen Demon Lord and Mo Li looked horrified, looking at the terrifying magic formation that crazily descended, they even anxiously shouted, "Master Luohu Demon Ancestor."

If it hadn't been for Luohu Demon Ancestor before, maybe they had left the Demon Realm now.

"Don't be long-winded."

Luohu Demon Ancestor's eyes were cold, looking at the suppressed large array, in his body, an ancient chaotic demon energy instantly rose into the sky.

"open!"

Boom!

He opened his big hand, and a terrifying magic light soared into the sky, and instantly turned into a heavenly **** and demon giant, actually carrying the vast magic formation abruptly in the void.

"what?"

Seeing such a scene, many powerhouses outside the Demon Realm were shocked.

Who is this?

How could such a master suddenly appear in the Devildom?

Moreover, looking at the aura on his body, it seems that he is still a member of the Demon Race?

"Hmph, Chaos God and Demon Art!"

Luohu Demon Ancestor roared sharply in his heart. Under the eyes of everyone, the chaotic devil qi in his body actually pushed the suppressed Demon Realm array a little bit.

Such a scene shocked countless people in an instant.

It should be noted that the former Xiaoyao Supreme was struggling to resist under the attack of the Demon Realm. This mysterious powerhouse suddenly appeared to bear the Demon Realm Array displayed by the ancestors of the Abyss Demon, and it will also force the great array. How can people not be shocked by such a scene?

"Hmph, using the demon clan's great formation against the ancestor is whimsical."

Luohu Demon Ancestor sneered in his heart. He was an ancient chaos **** and demon, and he was least afraid of the demon formation. In terms of the demon formation, he was no worse than anyone in the demon world today.

What's more, what he possessed in his body was the ancient Chaos Demon Qi, and it was impossible for the heavenly path of this demon world to suppress him.

With a bang, Luohu Demon Ancestor opened the magic array instantly, and his whole person swept away from the demon world again.

The pupils of the ancestor of the deep demon shrank: "This person actually resisted my demon formation. Could it be that he possesses the demon soul generator?"

In the Demon Realm today, except for him, who can withstand the entire Demon Realm formation, even the Ancient Supreme can't do it. Of course, there is another possibility, that is, the opponent possesses the Demon Soul Source Device.

The Demon Soul Source Artifact is the treasure of the Demon Realm, and it can also ignore the Demon Realm Great Formation.

"Huh, where's the scumbag, who was strayed in the demon world of the ancestor. As a person of the demon clan, he dare to be arrogant in front of the ancestor. It is ridiculous. The ancestor is the master of the demon clan and suppressed the ancestor. ."

The old man of the Abyssal Demon gave a cold cry, suddenly reached out with his big hand, and with a bang, he saw a vast and huge palm appeared in the void of the endless demon world. The entire palm of the hand was hundreds of millions of miles in radius, covering the sky and the sun, gathering countless people in the demon world. The magic power, shot down at Luohu Demon Ancestor fiercely.

That posture was invincible, as if he was about to slap a fly.

In the Demon Realm, his ancestor of the Abyssal Demon is the absolute authority, and no one can provoke his authority.

"Lord of the Demon Race? It's ridiculous, who gave you the courage to call yourself the Master of the Demon Race."

Luohu Mozu sneered.

If his cultivation level has not been restored, he may not dare to challenge the ancestors of the Abyssal Demon, but now, his strength has been restored seven or eighty-eight. As the ancient Chaos God and Demon, he naturally has his own arrogance.

"Go away."

Demon Ancestor Luohu roared, raised his hands high, and with a thud, penetrated the void, and violently collided with the huge palm of the ancestor of the deep demon.

[Chapter 4879: Where's the monster](#)

There was a boom.

The world was trembling, and the entire Demon Clan was roaring, causing a huge explosion in an instant.

The terrible impact swept away, with a click, the ground of the demon world below directly collapsed, and the terrible demon fire rose into the sky from the ground.

The demon fire swept through, and the people of the Demon Race within a radius of hundreds of thousands of miles made a stern roar, and they burned one by one in an instant.

This is the Demon Fire of the Earth, it is the terrifying Demon Fire that has been nurtured for hundreds of millions of years in the Demon Realm Continent. It contains the most terrifying power of the Demon in the Demon Realm. Gushing out in an instant, straight up to Jiuxiao.

Boom boom boom!

The demon fires are like fire dragons, dyeing the sky of the demon world crimson.

At this moment, Luohu Demon Ancestor is like a demon god, towering in the endless demon fire, he is billions of meters tall, his pupils are like magic stars twinkling, his hands are raised high, and billions of rainbow light burst out.

boom!

He collided with the big hand of the ancestor of the deep demon, bang bang bang, an endless stream of power blasted into his body.

This kind of power is too terrifying, and it can instantly smash the late-stage supreme-level masters with a single blow, not to mention such an endless attack.

But Luohu Demon Ancestor's body showed a series of primitive runes, and the runes flashed with the ancient chaotic aura, and they shocked the great hand of the Abyss Demon Ancestor, firmly resisting the outside world.

"open!"

Demon ancestor Luohu roared, his body slammed, banged, and the sky-shaking roar immediately rang through the world, pushing the big hands of the ancestors of the deep demon fiercely, and his whole body also fell into the demon world fiercely, with his feet stomping on Above the ground, the ground split in an instant, and a major earthquake occurred in the territory of the Demon Realm covering hundreds of millions of miles.

And Luohu Demon Ancestor's body also appeared cracks.

"what?"

"This person actually blocked the ancestor's blow?"

"How could it be so strong?"

"Where did the monster come from?"

Shocked voices resounded across the world. In the distance, Huanggu Zhizun and the others all saw such a scene, with their expressions horrified and unbelievable.

The ancestors of the Abyss Demon were the gods of their Abyss Demon Clan. In today's universe, apart from the Human Race's Xiaoyao Supreme, almost no one could easily withstand the blow of the Abyss Demon ancestors, and now, this guy in front of them actually resisted it.

Moreover, they didn't see any obvious injuries. How could they not be shocked?

the other side.

Demon Ancestor Luohu looked at the cracks on his body and couldn't help frowning, "Is this half a step beyond?"

Demon Ancestor Luohu can clearly feel the special power displayed by the Ancestor of Abyss Demon.

In terms of the control of demon energy, Demon Ancestor Luohu is no less inferior to anyone, but in the realm, he is only the pinnacle supreme after all, and the ancestor of the deep demon is half-step detachment, even if he has Chaos Demon Qi, he cannot make up for the realm. difference.

"However, my chaos **** and demon, the most powerful is the physical body, what's the point of this injury?"

Demon Ancestor Luohu grinned and sneered. The origin of the chaos in his body was surging, and the black magic light permeated. In an instant, the cracks on his body healed, exuding an amazing luster, and even became more terrifying.

"Huh? This guy? Amazing repair speed."

In the distance, the ancestor of the deep demon kept flying by, and stared at the changes in the body of the ancestor Luohu.

Not only did the other party persevere under his own attack, but he recovered from his injuries in the blink of an eye, and he was not afraid of the terrifying will of the Abyssal Demon in his attack. It was really interesting.

"Moreover, the aura on this person has ancient meanings, as if walking out of chaos. Could it be that the other party is..."

In the eyes of the ancestor of the deep demon, a stern light suddenly burst out.

Vaguely, he had already guessed the identity of Luohu Demon Ancestor.

"well!"

At this moment, the ancestor of Yuanmo was extremely excited.

"If my guess is true, then the opponent's body should have the purest source of chaos. This thing is also a great supplement to me. In that case, first suppress the opponent."

The ancestor of the deep demon was excited, he snorted coldly and screamed, the infinite demon world aura once again condensed and turned into a terrifying cage of heaven and earth, suppressing the demon ancestor Luohu.

Buzzing!

The magic light, which turned into a magic pillar to reach the sky, descended instantly.

These magic pillars are like prison cages, blocking the four directions. At the same time, crashing, the chains in the magic pillars burst out, shooting towards the Luohu Demon Ancestor.

Obviously to block him here.

At the same time, the ancestor of the deep demon stepped forward, with a bang, and instantly traversed the infinite distance, coldly said: "No matter who you are, since you dare to be wild in my demon world, then I don't want to leave this place today, let you see it. The strength of the ancestor as the master of the demon world lies."

As soon as these words came out, the countless masters of the demons in the entire Demon Realm were all excited.

They understand that the ancestor said this obviously and decided to completely kill the other party, and would not leave the slightest hand.

"Humble fellow, I will show you how stupid it is to provoke your ancestor!"

The ancestor of the deep demon roared, his billion-dollar and towering palm turned into a huge dark sky pillar, directly hitting the Luohu Demon ancestor below, with great power, wherever he went, and the space was everywhere. Shattered.

At the same time, the chains of magic energy instantly entangled the Demon Ancestor Luo Hu, and trapped him firmly.

"The ancestor of the deep demon is crazy."

"I don't care about the Demon Race within the tens of millions of miles in the world. This has attacked countless Demon Race people."

Outside the Demon Realm, the powerful men of the ten thousand races were all horrified and inexplicably shocked, and the countless other masters of the demon race who were hundreds of millions of miles away were also shocked and retreated one after another, looking frightened.

Because once the volatility of the two sides fights over, it will be dangerous if it is stronger than them.

At this moment, the ancestor of the deep demon was completely furious, and when the shot fell, countless people of the demons within a radius of hundreds of thousands of miles screamed and turned into powder. It was obvious that the ancestor of the deep monster didn't care about the life and death of these ordinary demons.

The huge dark pillar that destroyed the sky and the earth directly bombarded the position of Luohu Demon Ancestor.

boom! !

Devilish energy billowed.

"Roar!"

Under the bombardment of the devilish energy, the firmly bound Demon Ancestor Luohu suddenly roared and looked up at the sky. How capable is the strongest member of the clan."

Luohu Demon Ancestor's body shook, and his figure became extremely arrogant. With a boom, the devilish energy surged, Luohu Demon Ancestor's body grew taller and taller, and it became several times taller in an instant.

"Transformed into a demon?" The ancestor of the deep monster looked down and sneered.

[Chapter 4880: With a miraculous effect](#)

boom!

I saw that the palm of the ancestor of the deep demon had already fallen down, colliding with the body of the ancestor of Luohu.

In the distance, countless powerful people stared at the past with eyes wide open.

boom!

The body of Demon Ancestor Luohu was suppressed all at once, and his whole person was crushed into the ground. Moreover, the chains of darkness were entangled crazily, and Demon Ancestor Luohu was completely sealed off.

Many Demon Realm powerhouses showed excitement one after another.

The ancestor is really tough.

Although this mysterious demon master is abnormal in strength, under the suppression of the ancestors, he has no resistance at all and is directly crushed.

But at this moment.

"Hahaha!"

"Ancestor of Abyss Demon, this is your true strength? But so."

A thunderous roar spread out from the ground. The next moment, a god-like body rose into the sky. It was the Demon Ancestor of Luohu. At this moment, the Demon Ancestor of Luohu turned into three heads and six arms.

I saw his six arms crazily entangled countless dark chain laws, and then violently pulled, with a bounce, countless dark chains broke apart all at once. Immediately afterwards, Demon Ancestor Luohu immediately took a step. Suddenly, six arms were closed and raised high. Many arms were closed, and countless Chaos Demon Qi entangled. Then he closed and raised his arms and shouted directly at the Abyss Demon. Patriarch's Attack

Smashed out.

It's as if the universe is split.

"boom!"

The ancestor of the Yuanmo screamed coldly, and his big hand continued to press it down.

"Boom!"

The towering big hand quickly pressed the cover down, and the countless magic patterns on it revolved, as if seeing a heavy world circulating, arising and passing away, directly hitting the arm of the Demon Ancestor Rahu.

"Six arms of the gods and demons, break!"

The six arms of Luohu Demon Ancestor turned into different appearances, with fists, clapping hands, and knot marks, which bombarded the palms of the deep demon ancestors like squally storms.

"Boom boom..." With heavy power collisions, the devilish palms shot by the ancestor of the deep demon still persisted at first, but under the bombardment of the endless arms, cracks began to appear, followed by booms. With a sound, the demonic hands gathered by the ancestors of the deep demon

The palm suddenly collapsed and disappeared in smoke.

"The ancestor's attack was shattered."

Huanggu Zhizun and others looked at Luohu Demon Ancestor in shock.

How can this be?

At the same time, they also saw the lofty appearance of Demon Ancestor Luohu. At this time Demon Ancestor Luohu was incarnate with three heads and six arms. The key point is that this is not a simple Dharma avatar. Each arm contains amazing power, which is enough to destroy the world. .

And the chaotic aura exuding from Luohu Demon Ancestor's body also caused Huanggu Zhizun and others to wake up instantly.

"Chaos God and Demon, this guy is Chaos God and Demon." "It is rumored that a group of Chaos God and Demon was born between the world and the earth. Every one is extremely terrifying, especially the most powerful three thousand Chaos God and Demon. Almost every one has He is a master of the pinnacle supreme level, the most defying existence of that era

, These chaotic gods and demons can incarnate three heads and six arms, with soaring strength. Is this the guy in front of you? "

"The chaos **** and demon was born when the universe opened up, and there are not many reincarnations and epochs from here. How can people survive to the present?"

"Unbelievable."

A series of frightened and shocked voices echoed between the heaven and the earth.

Not only Huanggu Zhizun and others, but also countless tens of thousands of powerhouses outside the Demon Realm, they also saw the three heads and six arms of Luohu Demon Ancestor at this moment, as well as the terrifying chaotic aura, and they guessed the identity of the other party in an instant.

"Chaos God Demon?"

The ancestor of Yuanmo said coldly.

"Yes, now you know that your grandfather is great? When your grandpa crossed the universe, you didn't know where it was!"

Luohu Mozu sneered and said, his body was majestic.

"Senior Demon Ancestor Luohu, shall we leave this demon world quickly?"

At this time, in the small world condensed by Luohu Demon Ancestor, Mo Li said anxiously.

What are you waiting for if you don't run at this time?

"Huh, run? In front of this ancestor of the deep demon, the ancestor still needs to run?"

Luohu Demon Ancestor said with disdain.

Of course, with that said, his figure is rising to the sky, obviously, he wants to leave here.

"Oh? Want to go, pick me up."

The ancestor of the Yuanmo sneered and clattered. On his body, there were countless arms, a total of 18 arms, floating around.

"Comparing arms, my ancestor of the abyss demon is not inferior to you." The ancestor of the abyss demon sneered, waving his eighteen arms, and a special power permeated out. His arms were all condensed by special power, and The physical body of the Demon Ancestor Rahu is different. Each arm represents a kind of demon world.

High rules.

On the terrifying arm condensed by eighteen kinds of supreme rules, a shocking wave of laws burst out at the same time.

"Suppression!"

Luohu Mozu sneered.

These 18 supreme rules of the Demon Realm were completely controlled by him after hundreds of millions of years of practice in the Demon Realm.

"Roar, come on." Luohu Demon Ancestor roared to greet him again.

boom! boom! boom! boom! boom! boom!

The eighteen supreme rules gathered together, forming a terrible rule punishment in an instant.

And Luohu Demon Ancestor's six arms also blasted out wantonly, and that amazing chaotic aura also swept away!

Silent!

The Supreme Rule Punishment and the power of the Chaos Gods and Demons silently collided, followed by annihilation at the same time, and this powerful aftermath swept the surroundings.

"go!"

A black magic spear suddenly appeared next to the ancestor of the abyss, and the magic spear swept out at the same time.

The magic spear circumscribes the rules and grows rapidly.

Luohu Demon Ancestor also roared and charged up again.

Go straight out.

Start head-to-head!

"boom!"

A dark magic spear was like a sharp mountain, and it blasted directly on the body of the demon ancestor Luohu who hadn't avoided it at all.

In addition, there was a puff of magic spear, penetrating the body of Luohu Demon Ancestor.

"The power of darkness and detachment!" Luohu Mozu raised his head in shock: "This is not the power of this universe."

These black magic spears seem to be the power of the demon world on the surface, but in fact they contain the power of astonishing darkness, and there are also powers that are close to the detachment of the dark race.

Immediately let Luohu Demon Ancestor suffer a big loss.

"Blocked!" The ancestor of the deep demon snorted coldly, and once again triggered the entire demon formation. Is quickly wrapped around the body of the Demon Ancestor of Luohu

Above the black magic spear of the body.

Wow!

The dark chains were straightened, and a special dark cage was formed, blocking the Demon Ancestor Rahu.

The ancestor of the deep demon has learned the lesson and no longer uses the power of the rules of the demon clan to suppress the demon ancestor Luohu, but uses the power of the dark clan. There was a miraculous effect immediately.
